1  
00:00:07,160 --> 00:00:04,039  
hello it's Wednesday September 20th 2017

2  
00:00:09,650 --> 00:00:07,170  
if you are listening to inception radio

3  
00:00:16,160 --> 00:00:09,660  
network voice of the fringe majority

4  
00:00:18,830 --> 00:00:16,170  
this is Carol Carl's planet Earth is

5  
00:00:20,630 --> 00:00:18,840  
wending its way toward that incredible

6  
00:00:26,120 --> 00:00:20,640  
equinox to take place on Friday

7  
00:00:29,300 --> 00:00:26,130  
September 22nd the time will be 2002 UTC

8  
00:00:31,849 --> 00:00:29,310  
at that exact special moment the instant

9  
00:00:33,889 --> 00:00:31,859  
of the September equinox the Sun is at

10  
00:00:36,410 --> 00:00:33,899  
zenith in other words straight overhead

11  
00:00:38,959 --> 00:00:36,420  
as seen from earth's equator and that's

12  
00:00:41,510 --> 00:00:38,969  
the meaning of equinox the September

13  
00:00:43,520 --> 00:00:41,520

equinox Sun crosses the sky's equator

14

00:00:45,610 --> 00:00:43,530

going from north to south

15

00:00:49,340 --> 00:00:45,620

Bruce McClure who wrote this article

16

00:00:51,830 --> 00:00:49,350

asks then who will see the Sun overhead

17

00:00:55,010 --> 00:00:51,840

at the moment of this year's Equinox if

18

00:00:58,849 --> 00:00:55,020

you were on the Sun on September 22nd at

19

00:01:00,979 --> 00:00:58,859

2002 UTC you would see the hemisphere of

20

00:01:03,709 --> 00:01:00,989

Earth and there's a chart you can check

21

00:01:06,469 --> 00:01:03,719

out later at UFO headline news calm that

22

00:01:08,450 --> 00:01:06,479

shows you just that it looks like you'd

23

00:01:11,149 --> 00:01:08,460

have to be on a ship in the Pacific

24

00:01:13,490 --> 00:01:11,159

Ocean some 38 degrees south of San

25

00:01:16,700 --> 00:01:13,500

Francisco California to see the Sun

26

00:01:19,660 --> 00:01:16,710

directly exactly directly overhead at

27

00:01:22,670 --> 00:01:19,670

noon at the exact moment of the equinox

28

00:01:24,770 --> 00:01:22,680

but no matter everyone along Earth's

29

00:01:27,499 --> 00:01:24,780

equator on the day of the equinox and

30

00:01:30,710 --> 00:01:27,509

for a day or two before and after it

31

00:01:32,179 --> 00:01:30,720

will experience that noonday Sun more or

32

00:01:34,130 --> 00:01:32,189

less right overhead

33

00:01:37,460 --> 00:01:34,140

although the equinox happens at the same

34

00:01:40,010 --> 00:01:37,470

instant for everyone worldwide the clock

35

00:01:42,649 --> 00:01:40,020

time for the equinoxes by your timezone

36

00:01:45,230 --> 00:01:42,659

of course in the United States the local

37

00:01:48,710 --> 00:01:45,240

time for the September 22nd equinox will

38

00:01:51,350 --> 00:01:48,720

be 4 o 2 p.m. Eastern Daylight Time and

39

00:01:54,350 --> 00:01:51,360

the rest you can check out later at UFO

40

00:01:57,530 --> 00:01:54,360

headline news calm on the day of the

41

00:01:59,719 --> 00:01:57,540

equinox the Sun rises due east and sets

42

00:02:01,880 --> 00:01:59,729

due west all over the world with

43

00:02:04,160 --> 00:02:01,890

everyone worldwide receiving

44

00:02:07,039 --> 00:02:04,170

approximately equal portions of day and

45

00:02:10,219 --> 00:02:07,049

night when October comes rolling around

46

00:02:12,949 --> 00:02:10,229

things will change dramatically by then

47

00:02:13,880 --> 00:02:12,959

the Sun will rise noticeably south of

48

00:02:16,130 --> 00:02:13,890

Dewey

49

00:02:18,770 --> 00:02:16,140

and we'll set noticeably south of due

50

00:02:20,360 --> 00:02:18,780

west that will mean shorter days and

51  
00:02:22,940 --> 00:02:20,370  
longer nights for the northern

52  
00:02:25,550 --> 00:02:22,950  
hemisphere and just the reverse longer

53  
00:02:26,930 --> 00:02:25,560  
days and shorter nights for all of you

54  
00:02:29,870 --> 00:02:26,940  
in the southern hemisphere

55  
00:02:32,750 --> 00:02:29,880  
after the equinox the Sun and those

56  
00:02:35,600 --> 00:02:32,760  
migrating birds will continue to travel

57  
00:02:38,660 --> 00:02:35,610  
southward to the southern climes Arctic

58  
00:02:41,150 --> 00:02:38,670  
sea ice will begin to freeze aunt Arctic

59  
00:02:44,360 --> 00:02:41,160  
ice will start melting the Great Wheel

60  
00:02:47,690 --> 00:02:44,370  
of the seasons will continue to turn how

61  
00:02:50,360 --> 00:02:47,700  
to celebrate try to watch as the Sun

62  
00:02:53,270 --> 00:02:50,370  
rises due east and sets do you west on

63  
00:02:55,760 --> 00:02:53,280

the day of the equinox if you do that

64

00:02:58,250 --> 00:02:55,770

from your backyard your deck a local

65

00:03:00,680 --> 00:02:58,260

park somewhere that you have familiar

66

00:03:03,950 --> 00:03:00,690

landmarks around you you'll gain a handy

67

00:03:07,850 --> 00:03:03,960

tool for astronomy that is the tool of

68

00:03:10,460 --> 00:03:07,860

knowing that direction due east so here

69

00:03:13,520 --> 00:03:10,470

comes the bottom line around the equinox

70

00:03:16,700 --> 00:03:13,530

time the Sun is overhead at noon for

71

00:03:20,000 --> 00:03:16,710

people at earth's equator here's a bit

72

00:03:22,940 --> 00:03:20,010

more from Cassini headline NASA's

73

00:03:26,600 --> 00:03:22,950

Cassini captured an unexplained Saturn

74

00:03:30,680 --> 00:03:26,610

glitch before its fateful dive Mike

75

00:03:32,390 --> 00:03:30,690

Waner writes this for BGR news NASA's

76

00:03:34,700 --> 00:03:32,400

Cassini spacecraft completed its

77

00:03:37,880 --> 00:03:34,710

incredibly successful extended mission

78

00:03:40,190 --> 00:03:37,890

last week punctuated by a fiery death at

79

00:03:43,880 --> 00:03:40,200

the hands of Saturn's upper atmosphere

80

00:03:46,670 --> 00:03:43,890

but just before the orbiter bid farewell

81

00:03:48,590 --> 00:03:46,680

it captured an image of an area of

82

00:03:51,200 --> 00:03:48,600

Saturn's rings that scientists still

83

00:03:52,790 --> 00:03:51,210

can't fully explain and it's a

84

00:03:55,220 --> 00:03:52,800

tantalizing glimpse at one of the

85

00:03:58,310 --> 00:03:55,230

planet's most puzzling features they're

86

00:04:00,080 --> 00:03:58,320

calling it Peggy and she's a shifting

87

00:04:02,600 --> 00:04:00,090

spot on the edge of one of Saturn's

88

00:04:05,360 --> 00:04:02,610

rings a spot that breaks up its

89

00:04:06,320 --> 00:04:05,370

otherwise perfect appearance in photos

90

00:04:08,840 --> 00:04:06,330

Peggy

91

00:04:10,850 --> 00:04:08,850

appears as a bright bump causing a

92

00:04:13,280 --> 00:04:10,860

disturbance in the smooth ringed edge

93

00:04:15,949 --> 00:04:13,290

but researchers still haven't agreed on

94

00:04:19,610 --> 00:04:15,959

an actual explanation for what Peggy is

95

00:04:21,500 --> 00:04:19,620

or why she's there the feature was named

96

00:04:24,140 --> 00:04:21,510

for the mother-in-law of Cassini team

97

00:04:26,150 --> 00:04:24,150

member Carl Murray due to its initial

98

00:04:27,060 --> 00:04:26,160

discovery landing on Peggy's birthday

99

00:04:29,820 --> 00:04:27,070

back

100

00:04:32,310 --> 00:04:29,830

in 2013 speaking with the publication

101  
00:04:33,990 --> 00:04:32,320  
Gizmodo Marie explained the team's

102  
00:04:37,260 --> 00:04:34,000  
fascination with the odd disturbance

103  
00:04:38,970 --> 00:04:37,270  
quote what is it where did it come from

104  
00:04:41,100 --> 00:04:38,980  
where is it going

105  
00:04:43,800 --> 00:04:41,110  
we've been tracking it almost ever since

106  
00:04:45,600 --> 00:04:43,810  
and quotes Marie said he adds quote

107  
00:04:48,150 --> 00:04:45,610  
we've never actually resolved this

108  
00:04:50,910 --> 00:04:48,160  
subject all we can do is track the

109  
00:04:52,620 --> 00:04:50,920  
glitch and quotes one of the many

110  
00:04:54,750 --> 00:04:52,630  
guesses was that the bumps could be the

111  
00:04:57,090 --> 00:04:54,760  
result of a moon or some other large

112  
00:05:00,210 --> 00:04:57,100  
object messing with the materials in the

113  
00:05:01,590 --> 00:05:00,220

ring but that theory was abandoned due

114

00:05:04,290 --> 00:05:01,600

to the fact that the object would have

115

00:05:07,650 --> 00:05:04,300

to be so large it would have caused even

116

00:05:10,020 --> 00:05:07,660

more chaos at the moment the most likely

117

00:05:13,020 --> 00:05:10,030

alternative is that this disturbance

118

00:05:15,750 --> 00:05:13,030

PEGI is a result of a chunk of debris a

119

00:05:17,990 --> 00:05:15,760

debris traveling through the ring

120

00:05:20,670 --> 00:05:18,000

messing up its perfect appearance

121

00:05:23,340 --> 00:05:20,680

messing that's a technical term we

122

00:05:25,620 --> 00:05:23,350

assume a Cassini's final snapshot of the

123

00:05:28,050 --> 00:05:25,630

feature is the best look scientists have

124

00:05:31,110 --> 00:05:28,060

ever had at the glitch and it will

125

00:05:33,840 --> 00:05:31,120

remain so for some time for now the

126

00:05:38,310 --> 00:05:33,850

mystery will have to remain unsolved

127

00:05:41,130 --> 00:05:38,320

oh those unsolved mysteries in space we

128

00:05:43,320 --> 00:05:41,140

could use the word plethora here it is

129

00:05:46,710 --> 00:05:43,330

way back Wednesday we're going to tease

130

00:05:50,430 --> 00:05:46,720

you with this we can't stop our focus on

131

00:05:53,310 --> 00:05:50,440

the Hudson Valley UFOs so there's more

132

00:05:56,360 --> 00:05:53,320

stay tuned here's a headline for now

133

00:06:00,960 --> 00:05:56,370

from the Baltimore post examiner.com

134

00:06:03,360 --> 00:06:00,970

UFO reported near Augusta Georgia two

135

00:06:05,760 --> 00:06:03,370

weeks ago a resident of Grovetown

136

00:06:07,920 --> 00:06:05,770

Georgia took a brief look skyward during

137

00:06:10,290 --> 00:06:07,930

a Friday night football game again

138

00:06:13,800 --> 00:06:10,300

between Grove town Warriors and the

139

00:06:16,200 --> 00:06:13,810

Lincoln County Red Devils what he saw in

140

00:06:19,040 --> 00:06:16,210

the sky that night immediately arrested

141

00:06:21,960 --> 00:06:19,050

his attention Grove town is situated

142

00:06:24,870 --> 00:06:21,970

vaguely around the area of Harlem

143

00:06:27,450 --> 00:06:24,880

Appling Evans Martinez and North Augusta

144

00:06:30,630 --> 00:06:27,460

Georgia it's sort of in the center of

145

00:06:33,960 --> 00:06:30,640

those into the south and this object was

146

00:06:36,990 --> 00:06:33,970

moving west to east at a slow rate of

147

00:06:39,180 --> 00:06:37,000

speed it was a wedge-shaped object it's

148

00:06:40,950 --> 00:06:39,190

triangular light configuration clearly

149

00:06:43,080 --> 00:06:40,960

visible from the football stand

150

00:06:45,360 --> 00:06:43,090

the witness who wants to remain

151

00:06:48,000 --> 00:06:45,370

anonymous first tried to use his cell

152

00:06:49,560 --> 00:06:48,010

phone to record this aberration when his

153

00:06:51,240 --> 00:06:49,570

phone malfunctioned that he borrowed the

154

00:06:53,520 --> 00:06:51,250

phone of a friend who joined him for the

155

00:06:55,830 --> 00:06:53,530

game that evening the witness later

156

00:06:58,200 --> 00:06:55,840

texted the picture to Donny

157

00:06:59,250 --> 00:06:58,210

Brook and nope we don't think that's a

158

00:07:01,830 --> 00:06:59,260

pseudonym Donny

159

00:07:05,370 --> 00:07:01,840

Brook is a member of the Georgia chapter

160

00:07:06,810 --> 00:07:05,380

of MUFON the mutual UFO network he said

161

00:07:09,720 --> 00:07:06,820

quote I received the picture on

162

00:07:11,550 --> 00:07:09,730

September 1st about 10:30 p.m. the

163

00:07:13,560 --> 00:07:11,560

witness knows me personally so he was

164

00:07:15,810 --> 00:07:13,570

aware of my association with MUFON and

165

00:07:17,310 --> 00:07:15,820

quotes a Donnybrook said the witness

166

00:07:19,530 --> 00:07:17,320

told him over the phone that he had

167

00:07:23,910 --> 00:07:19,540

leaned back in his seat looked skyward

168

00:07:25,140 --> 00:07:23,920

saw a humongous object and thought that

169

00:07:27,690 --> 00:07:25,150

doesn't look right

170

00:07:29,610 --> 00:07:27,700

and quotes after taking the picture and

171

00:07:31,980 --> 00:07:29,620

asking his friend to forward it for him

172

00:07:34,950 --> 00:07:31,990

the witness ascertained that the UFO was

173

00:07:35,460 --> 00:07:34,960

moving eastward toward Fort Gordon army

174

00:07:38,010 --> 00:07:35,470

base

175

00:07:39,540 --> 00:07:38,020

Brooke continues quote as soon as I

176

00:07:42,300 --> 00:07:39,550

received the text I found the witness

177

00:07:44,700 --> 00:07:42,310

the image closely resembled a

178

00:07:47,340 --> 00:07:44,710

triangle-shaped object I saw about eight

179

00:07:49,560 --> 00:07:47,350

months ago I already knew the object I'd

180

00:07:51,990 --> 00:07:49,570

seen was heading toward Fort Gordon so

181

00:07:54,530 --> 00:07:52,000

when he told me his story that somewhat

182

00:07:57,030 --> 00:07:54,540

confirmed my own encounter and quotes

183

00:07:59,700 --> 00:07:57,040

that base which is located just a few

184

00:08:02,160 --> 00:07:59,710

miles southwest of Augusta Georgia sits

185

00:08:04,260 --> 00:08:02,170

less than nine miles away from Grovetown

186

00:08:07,290 --> 00:08:04,270

High School where that football game

187

00:08:09,090 --> 00:08:07,300

apparently was being played Donnybrook

188

00:08:10,800 --> 00:08:09,100

said it would be impossible to make a

189

00:08:13,170 --> 00:08:10,810

direct connection between the Grovetown

190

00:08:15,840 --> 00:08:13,180

sighting and the army base but he did

191

00:08:18,930 --> 00:08:15,850

note that Fort Gordon Army base is home

192

00:08:22,620 --> 00:08:18,940

to the United States Army cyber center

193

00:08:25,620 --> 00:08:22,630

of excellence Maryland readers may

194

00:08:27,810 --> 00:08:25,630

recall that in 2013 Fort Gordon won out

195

00:08:30,420 --> 00:08:27,820

over Fort Meade in a bid to become the

196

00:08:34,290 --> 00:08:30,430

location of this futuristic United

197

00:08:36,300 --> 00:08:34,300

States Army Cyber Command as the Cyber

198

00:08:38,460 --> 00:08:36,310

Command Center Fort Gordon hosts

199

00:08:40,650 --> 00:08:38,470

intelligence personnel from all service

200

00:08:43,590 --> 00:08:40,660

branches as well as civilians from the

201  
00:08:44,220 --> 00:08:43,600  
National Security Agency enter eight mr.

202  
00:08:46,020 --> 00:08:44,230  
Haynes

203  
00:08:48,750 --> 00:08:46,030  
he's the Grovetown Department of Public

204  
00:08:50,670 --> 00:08:48,760  
Safety official he told the Baltimore

205  
00:08:54,300 --> 00:08:50,680  
Post examiner that he could find quote

206  
00:08:54,900 --> 00:08:54,310  
nothing in the system and quotes related

207  
00:08:56,910 --> 00:08:54,910  
to call

208  
00:08:59,630 --> 00:08:56,920  
about strange lights in the sky around

209  
00:09:02,400 --> 00:08:59,640  
that night of September 1st 2017

210  
00:09:04,440 --> 00:09:02,410  
likewise a quick search of reported

211  
00:09:07,110 --> 00:09:04,450  
sightings in Georgia to the national UFO

212  
00:09:09,830 --> 00:09:07,120  
Reporting Center new Fork yielded

213  
00:09:12,630 --> 00:09:09,840

nothing from the night of September 1st

214

00:09:15,570 --> 00:09:12,640

however another witness reported seeing

215

00:09:18,270 --> 00:09:15,580

a diamond-shaped object in the sky over

216

00:09:21,360 --> 00:09:18,280

nearby lyndale in Georgia just two days

217

00:09:23,760 --> 00:09:21,370

later Paul Jones chief investigator for

218

00:09:25,590 --> 00:09:23,770

the Georgia chapter of MUFON told the

219

00:09:27,690 --> 00:09:25,600

Baltimore post examiner he's not

220

00:09:30,630 --> 00:09:27,700

surprised to hear of a possible sighting

221

00:09:33,600 --> 00:09:30,640

in Grovetown he said quote the Augusta

222

00:09:36,360 --> 00:09:33,610

area is chock full of interesting cases

223

00:09:38,160 --> 00:09:36,370

and quotes Donnybrook said it's not

224

00:09:40,680 --> 00:09:38,170

unusual for people to see strange

225

00:09:42,840 --> 00:09:40,690

objects in the sky and then failed to

226

00:09:45,420 --> 00:09:42,850

report them to local authorities or to

227

00:09:47,700 --> 00:09:45,430

any UFO agency he said quote these

228

00:09:49,560 --> 00:09:47,710

things are seen all the time

229

00:09:51,180 --> 00:09:49,570

but a lot of people don't want to report

230

00:09:54,330 --> 00:09:51,190

them because they're scared of what

231

00:09:56,310 --> 00:09:54,340

others will think my acquaintances said

232

00:09:58,170 --> 00:09:56,320

he was certain of what he witnessed but

233

00:10:01,590 --> 00:09:58,180

he just doesn't want his name in the

234

00:10:03,420 --> 00:10:01,600

press and quotes Georgia MUFON director

235

00:10:05,040 --> 00:10:03,430

Ralph Oh Howard said he hopes the

236

00:10:08,130 --> 00:10:05,050

witnesses and he's told there may be

237

00:10:10,260 --> 00:10:08,140

several will eventually step forward he

238

00:10:12,840 --> 00:10:10,270

says quote the picture that Donnybrook

239

00:10:14,700 --> 00:10:12,850

has is compelling we're still hoping the

240

00:10:16,440 --> 00:10:14,710

witness who provided the picture logs

241

00:10:18,420 --> 00:10:16,450

into our site and files an official

242

00:10:21,330 --> 00:10:18,430

report without having that information

243

00:10:23,400 --> 00:10:21,340

we can't launch an investigation to try

244

00:10:25,860 --> 00:10:23,410

to establish that the actual event is

245

00:10:28,410 --> 00:10:25,870

what the witness believes he saw and

246

00:10:30,270 --> 00:10:28,420

quotes the witness told Brooke he could

247

00:10:33,120 --> 00:10:30,280

not say how fast the object was going

248

00:10:35,970 --> 00:10:33,130

but it was definitely quote moving slow

249

00:10:38,670 --> 00:10:35,980

end quote when asked if it was possible

250

00:10:41,250 --> 00:10:38,680

that the witness saw a b-52 stealth

251  
00:10:43,740 --> 00:10:41,260  
bomber Brooke said he didn't believe

252  
00:10:46,530 --> 00:10:43,750  
that was the case he said quote there

253  
00:10:48,450 --> 00:10:46,540  
was absolutely no sound associated with

254  
00:10:50,850 --> 00:10:48,460  
this object and once a stealth bomber

255  
00:10:53,370 --> 00:10:50,860  
passes overhead it makes a whole lot of

256  
00:10:54,960 --> 00:10:53,380  
noise and quotes Brooke said adding

257  
00:10:57,270 --> 00:10:54,970  
quote it doesn't appear any other

258  
00:10:59,780 --> 00:10:57,280  
unusual phenomena was connected with

259  
00:11:02,520 --> 00:10:59,790  
this particular event and quotes and

260  
00:11:05,070 --> 00:11:02,530  
Donnybrook urges anyone else in the

261  
00:11:07,320 --> 00:11:05,080  
grove town Augusta Georgia area who saw

262  
00:11:08,879 --> 00:11:07,330  
this object that the witness reported

263  
00:11:11,340 --> 00:11:08,889

that night to get in touch with

264

00:11:13,619 --> 00:11:11,350

the Georgia chapter of MUFON there will

265

00:11:16,710 --> 00:11:13,629

be a link later at UFO headline news

266

00:11:18,720 --> 00:11:16,720

calm I guess it's a spin on the if you

267

00:11:22,109 --> 00:11:18,730

see something say something

268

00:11:24,689 --> 00:11:22,119

meme speaking of memes we're right back

269

00:11:25,889 --> 00:11:24,699

in the Hudson Valley the flap that just

270

00:11:28,289 --> 00:11:25,899

doesn't stop

271

00:11:31,499 --> 00:11:28,299

here's a sighting from Clinton corners

272

00:11:34,259 --> 00:11:31,509

New York it's MUFON Case eight six seven

273

00:11:37,829 --> 00:11:34,269

eight zero the date of the sighting is

274

00:11:41,419 --> 00:11:37,839

nine eighteen 2017 it was reported the

275

00:11:45,749 --> 00:11:41,429

next day here's the summary saw a flat

276

00:11:47,549 --> 00:11:45,759

hexagon shape with an orange glow here's

277

00:11:50,579 --> 00:11:47,559

what our witness says regarding sighting

278

00:11:53,970 --> 00:11:50,589

specifics the viewing distance 501 feet

279

00:11:56,669 --> 00:11:53,980

to one mile the altitude was 500 feet or

280

00:12:00,059 --> 00:11:56,679

less sighting duration three minutes

281

00:12:02,970 --> 00:12:00,069

object features unknown object flight

282

00:12:05,519 --> 00:12:02,980

path stationary and this object was

283

00:12:07,679 --> 00:12:05,529

shaped other here's what was going on

284

00:12:11,090 --> 00:12:07,689

weather-wise the maximum temperature was

285

00:12:15,239 --> 00:12:11,100

79 degrees Fahrenheit 26 degrees Celsius

286

00:12:17,999 --> 00:12:15,249

minimum 61 degrees Fahrenheit 16 degrees

287

00:12:20,549 --> 00:12:18,009

Celsius the visibility factors were

288

00:12:23,609 --> 00:12:20,559

interesting maximum 10 miles 16

289

00:12:26,850 --> 00:12:23,619

kilometers mean visibility dropping down

290

00:12:30,059 --> 00:12:26,860

to 7 miles 11 kilometers and the minimum

291

00:12:32,269 --> 00:12:30,069

1 mile 1 kilometer it's noted the

292

00:12:35,369 --> 00:12:32,279

weather conditions were nothing abnormal

293

00:12:38,729 --> 00:12:35,379

here's the account first person in the

294

00:12:41,069 --> 00:12:38,739

raw unedited words of the witness I was

295

00:12:43,319 --> 00:12:41,079

coming home taking my normal route from

296

00:12:44,960 --> 00:12:43,329

work the salt point Turnpike in

297

00:12:48,600 --> 00:12:44,970

Stanford's Ville in Dutchess County

298

00:12:52,379 --> 00:12:48,610

which is in the mid Hudson Valley it was

299

00:12:55,409 --> 00:12:52,389

approximately 20 145 to 2150 I was near

300

00:12:58,199 --> 00:12:55,419

the intersection of Market Lane which is

301  
00:13:01,679 --> 00:12:58,209  
on a curve in the roadway I noticed a

302  
00:13:03,359 --> 00:13:01,689  
sort of orange glow in the sky maybe 30

303  
00:13:06,179 --> 00:13:03,369  
degrees above the horizon in the

304  
00:13:09,210 --> 00:13:06,189  
southeast I couldn't be sure whether it

305  
00:13:11,669 --> 00:13:09,220  
was a planet or a plane but as I rounded

306  
00:13:13,889 --> 00:13:11,679  
the corner and moved toward it I could

307  
00:13:17,549 --> 00:13:13,899  
see it was neither as it appeared to be

308  
00:13:19,710 --> 00:13:17,559  
moving toward me as I moved toward it it

309  
00:13:21,600 --> 00:13:19,720  
appeared to be hovering but it was hard

310  
00:13:22,860 --> 00:13:21,610  
to tell its movements other than it

311  
00:13:25,560 --> 00:13:22,870  
looked larger as

312  
00:13:27,360 --> 00:13:25,570  
I got closer by this time I was on a

313  
00:13:30,570 --> 00:13:27,370

straightaway and because of numerous

314

00:13:32,850 --> 00:13:30,580

deer in the area I slowed down so I was

315

00:13:35,640 --> 00:13:32,860

able to keep an eye on the object as I

316

00:13:38,070 --> 00:13:35,650

traveled this road I took notice of the

317

00:13:41,310 --> 00:13:38,080

fact that it appeared to be a glowing

318

00:13:44,220 --> 00:13:41,320

flattish hexagon shape that looked to me

319

00:13:47,610 --> 00:13:44,230

for lack of a better description on fire

320

00:13:49,829 --> 00:13:47,620

and it was quite large I was able to

321

00:13:52,920 --> 00:13:49,839

keep it in sight until I hit a tree line

322

00:13:55,079 --> 00:13:52,930

and could no longer see it as I cleared

323

00:13:57,420 --> 00:13:55,089

the treeline possibly no more than five

324

00:13:59,400 --> 00:13:57,430

to ten seconds later I looked to where

325

00:14:03,210 --> 00:13:59,410

this object should have been and could

326

00:14:05,670 --> 00:14:03,220

not find it I slowed and scanned the

327

00:14:08,160 --> 00:14:05,680

whole area in every direction and there

328

00:14:11,070 --> 00:14:08,170

was nothing to be found it seemed to

329

00:14:12,900 --> 00:14:11,080

have vanished completely I have had

330

00:14:16,230 --> 00:14:12,910

previous sightings of unexplained craft

331

00:14:19,200 --> 00:14:16,240

before and I guess I live in an area

332

00:14:22,530 --> 00:14:19,210

that is prone to unexplained craft being

333

00:14:24,510 --> 00:14:22,540

spotted the mid-hudson Valley I've

334

00:14:27,480 --> 00:14:24,520

always been more curious than afraid and

335

00:14:32,579 --> 00:14:27,490

I felt that way when I saw this craft no

336

00:14:34,650 --> 00:14:32,589

fear just curiosity curiosity which is

337

00:14:38,910 --> 00:14:34,660

what takes us back time and time again

338

00:14:41,790 --> 00:14:38,920

to the Hudson Valley UFO sightings so

339

00:14:43,890 --> 00:14:41,800

here we go it's way back Wednesday leave

340

00:14:46,440 --> 00:14:43,900

it to the man in the high castle from

341

00:14:48,780 --> 00:14:46,450

his very secured very undisclosed

342

00:14:51,269 --> 00:14:48,790

location he's done it again it's a

343

00:14:53,630 --> 00:14:51,279

nugget found in the work of author and

344

00:14:57,060 --> 00:14:53,640

historian and researcher Richard Dolan

345

00:15:00,060 --> 00:14:57,070

specifically his book UFOs and the

346

00:15:03,870 --> 00:15:00,070

national security state a chronology of

347

00:15:05,940 --> 00:15:03,880

a cover-up it was published in 2002 with

348

00:15:08,310 --> 00:15:05,950

an intro by none other than Jacques

349

00:15:10,170 --> 00:15:08,320

Vallee this event you are about to hear

350

00:15:12,240 --> 00:15:10,180

occurred in the month of October in the

351  
00:15:15,630 --> 00:15:12,250  
year 1988

352  
00:15:18,420 --> 00:15:15,640  
let's read in the middle of October 1988

353  
00:15:20,730 --> 00:15:18,430  
an interesting multiple witness sighting

354  
00:15:22,620 --> 00:15:20,740  
took place in the Hudson Valley this was

355  
00:15:24,930 --> 00:15:22,630  
in Candlewood Lake in western

356  
00:15:28,170 --> 00:15:24,940  
Connecticut a region with a history of

357  
00:15:30,449 --> 00:15:28,180  
UFO sightings during the 1980s according

358  
00:15:32,940 --> 00:15:30,459  
to one witness around 6 p.m. he was

359  
00:15:35,220 --> 00:15:32,950  
driving home from work and saw what

360  
00:15:36,630 --> 00:15:35,230  
looked like a low-flying aircraft pass

361  
00:15:39,930 --> 00:15:36,640  
over trees to his left

362  
00:15:43,980 --> 00:15:39,940  
he heard no sound and saw no crash and

363  
00:15:46,680 --> 00:15:43,990

so remained unconcerned after making a

364

00:15:48,750 --> 00:15:46,690

turn he noticed four cars stopped with

365

00:15:52,740 --> 00:15:48,760

no lights on mostly on the side of the

366

00:15:56,340 --> 00:15:52,750

road and then his car just died he had

367

00:15:58,170 --> 00:15:56,350

no electrical power at all he got out of

368

00:16:00,690 --> 00:15:58,180

his car and approached the other drivers

369

00:16:01,770 --> 00:16:00,700

who were out of their cars as well they

370

00:16:04,140 --> 00:16:01,780

said excitedly

371

00:16:06,000 --> 00:16:04,150

that a very large and bright aircraft

372

00:16:08,880 --> 00:16:06,010

flew over and seemed to have gone down

373

00:16:11,690 --> 00:16:08,890

over the hill to the west the aircraft

374

00:16:14,580 --> 00:16:11,700

they said was very large white in color

375

00:16:17,010 --> 00:16:14,590

triangular in shape and had amber

376

00:16:19,980 --> 00:16:17,020

colored lights they added that it was

377

00:16:23,220 --> 00:16:19,990

also silent it was getting dark and the

378

00:16:24,630 --> 00:16:23,230

witness saw a glow in the woods thinking

379

00:16:27,030 --> 00:16:24,640

there might have been a plane crash he

380

00:16:30,210 --> 00:16:27,040

took his flashlight and went in alone as

381

00:16:32,160 --> 00:16:30,220

no one wished to accompany him he went

382

00:16:35,250 --> 00:16:32,170

about a quarter of a mile and came to a

383

00:16:37,920 --> 00:16:35,260

hill the glow on the other side of the

384

00:16:40,740 --> 00:16:37,930

hill was getting brighter as he reached

385

00:16:43,320 --> 00:16:40,750

the top he saw a lighted object through

386

00:16:45,750 --> 00:16:43,330

the trees he climbed down and came to a

387

00:16:48,990 --> 00:16:45,760

clearing to his shock he saw what looked

388

00:16:51,900 --> 00:16:49,000

like a dark triangle hovering in the

389

00:16:55,770 --> 00:16:51,910

trees the object he later emphasized was

390

00:16:58,890 --> 00:16:55,780

not above the trees but in them like a

391

00:17:01,230 --> 00:16:58,900

ghost he said and he continued quote I

392

00:17:03,660 --> 00:17:01,240

mean an object that size should have

393

00:17:04,680 --> 00:17:03,670

broken tree branches and its engines

394

00:17:07,230 --> 00:17:04,690

should have been blowing the trees

395

00:17:10,350 --> 00:17:07,240

around but there was nothing just

396

00:17:13,260 --> 00:17:10,360

silence and quotes he moved closer and

397

00:17:16,110 --> 00:17:13,270

heard a noise coming from this object he

398

00:17:19,500 --> 00:17:16,120

then saw a figure wearing some kind of

399

00:17:21,480 --> 00:17:19,510

suit approaching the object the witness

400

00:17:24,510 --> 00:17:21,490

hid behind a bush and watched quote the

401  
00:17:27,120 --> 00:17:24,520  
man or whatever it was and quotes get

402  
00:17:30,690 --> 00:17:27,130  
into the object and look in his

403  
00:17:32,970 --> 00:17:30,700  
direction the witness heard thoughts in

404  
00:17:35,760 --> 00:17:32,980  
his head saying he should not come

405  
00:17:39,000 --> 00:17:35,770  
closer he was quote more than willing to

406  
00:17:41,220 --> 00:17:39,010  
obey and quotes the figure raised his

407  
00:17:44,100 --> 00:17:41,230  
hand and vanished in a flash of red

408  
00:17:46,380 --> 00:17:44,110  
light quote the object itself then

409  
00:17:49,290 --> 00:17:46,390  
vanished like someone had just turned it

410  
00:17:50,460 --> 00:17:49,300  
off and quotes he ran back to the road

411  
00:17:52,950 --> 00:17:50,470  
and saw only

412  
00:17:55,799 --> 00:17:52,960  
motorists remained he decided not to

413  
00:17:58,020 --> 00:17:55,809

discuss his experience but he did

414

00:18:00,899 --> 00:17:58,030

however later discussed the case with

415

00:18:04,140 --> 00:18:00,909

UFO researcher and author Phillip Umbro

416

00:18:06,690 --> 00:18:04,150

no that's a key name here gentle

417

00:18:09,600 --> 00:18:06,700

listeners because Philip J Umbra neo is

418

00:18:12,390 --> 00:18:09,610

the fellow who wrote this next part of

419

00:18:16,049 --> 00:18:12,400

way back Wednesday we'll go back three

420

00:18:18,960 --> 00:18:16,059

years now to 1985 a close encounter on

421

00:18:21,930 --> 00:18:18,970

Interstate 80 for Connecticut right at

422

00:18:23,580 --> 00:18:21,940

the edge of the Hudson Valley in the

423

00:18:27,060 --> 00:18:23,590

past the state of Connecticut has always

424

00:18:30,539 --> 00:18:27,070

been an area of few UFO reports but

425

00:18:32,700 --> 00:18:30,549

since 1985 the counties of Fairfield and

426

00:18:34,950 --> 00:18:32,710

Litchfield and Hartford has seen

427

00:18:38,130 --> 00:18:34,960

dramatic rise in the number of UFO

428

00:18:40,260 --> 00:18:38,140

reports and the UFO described here is a

429

00:18:43,200 --> 00:18:40,270

semicircle or a boomerang with

430

00:18:45,450 --> 00:18:43,210

multicolored lights even more incredible

431

00:18:48,029 --> 00:18:45,460

the size of this UFO has been reported

432

00:18:50,490 --> 00:18:48,039

to be the length of a football field

433

00:18:52,770 --> 00:18:50,500

mr. imbrogio believes that the

434

00:18:54,899 --> 00:18:52,780

Connecticut sightings are without a

435

00:18:56,940 --> 00:18:54,909

doubt the Hudson Valley UFO sightings

436

00:19:00,210 --> 00:18:56,950

described in a book he wrote called

437

00:19:03,810 --> 00:19:00,220

night siege the Hudson Valley UFO

438

00:19:06,330 --> 00:19:03,820

sightings that was published in 1987 for

439

00:19:08,970 --> 00:19:06,340

some reason unknown to the researcher

440

00:19:11,970 --> 00:19:08,980

who wrote this mr. Philip J M Bruno the

441

00:19:14,010 --> 00:19:11,980

giant boomerang UFO has shifted its

442

00:19:18,720 --> 00:19:14,020

activities from new york to nearby

443

00:19:19,409 --> 00:19:18,730

connecticut in 1985 in may may 26th to

444

00:19:22,110 --> 00:19:19,419

be exact

445

00:19:23,789 --> 00:19:22,120

around interstate 84 at one of the most

446

00:19:26,580 --> 00:19:23,799

heavily traveled highways in the

447

00:19:30,120 --> 00:19:26,590

northeast here's what happened between

448

00:19:32,640 --> 00:19:30,130

9:30 and 10:15 p.m. more than 200 people

449

00:19:35,460 --> 00:19:32,650

phoned local and state police to report

450

00:19:37,620 --> 00:19:35,470

a huge object with bright lights flying

451  
00:19:39,960 --> 00:19:37,630  
low over the highway near the towns of

452  
00:19:42,570 --> 00:19:39,970  
Newtown and Southbury in Connecticut

453  
00:19:44,549 --> 00:19:42,580  
those witnesses that called State Police

454  
00:19:46,649 --> 00:19:44,559  
in Southbury were told that it was

455  
00:19:49,680 --> 00:19:46,659  
nothing more than a group of ultralight

456  
00:19:51,630 --> 00:19:49,690  
aircraft from Candlewood Airport lying

457  
00:19:53,460 --> 00:19:51,640  
in close formation and hanging colored

458  
00:19:56,340 --> 00:19:53,470  
lanterns from the bottom of the plane

459  
00:19:58,980 --> 00:19:56,350  
the police also told witnesses that this

460  
00:20:01,649 --> 00:19:58,990  
aircraft was painted black so that all

461  
00:20:03,330 --> 00:20:01,659  
that could be seen was those lights many

462  
00:20:04,450 --> 00:20:03,340  
of the witnesses to the phenomenon found

463  
00:20:07,810 --> 00:20:04,460

it very hard to

464

00:20:09,940 --> 00:20:07,820

believe this official explanation one of

465

00:20:12,520 --> 00:20:09,950

those witnesses to the UFO was mrs.

466

00:20:15,070 --> 00:20:12,530

Betty Prue of Middlebury she said the

467

00:20:18,100 --> 00:20:15,080

object hovered over her house without a

468

00:20:19,540 --> 00:20:18,110

sound for over two minutes there was no

469

00:20:23,620 --> 00:20:19,550

doubt in her mind that what she was

470

00:20:25,540 --> 00:20:23,630

looking at was one solid object when mr.

471

00:20:27,550 --> 00:20:25,550

Prue heard about the explanation he

472

00:20:29,050 --> 00:20:27,560

could not accept it since he was in the

473

00:20:31,540 --> 00:20:29,060

Air Division of the Navy

474

00:20:33,580 --> 00:20:31,550

quote it was one craft and like no

475

00:20:34,030 --> 00:20:33,590

aircraft that I have ever seen in my

476  
00:20:37,270 --> 00:20:34,040  
life

477  
00:20:39,820 --> 00:20:37,280  
and quotes another witness was mr. Randy

478  
00:20:43,000 --> 00:20:39,830  
adding a commercial airline pilot with

479  
00:20:45,190 --> 00:20:43,010  
over 30 years of experience mr. Eddings

480  
00:20:47,770 --> 00:20:45,200  
said the idea of the ultralight theory

481  
00:20:50,200 --> 00:20:47,780  
quote is the prattling of the idiots end

482  
00:20:51,400 --> 00:20:50,210  
quotes mister adding observed the lights

483  
00:20:54,910 --> 00:20:51,410  
from his home in Newtown Connecticut

484  
00:20:57,100 --> 00:20:54,920  
about 9:45 p.m. he said there were at

485  
00:20:59,800 --> 00:20:57,110  
least eight lights of different colors

486  
00:21:02,530 --> 00:20:59,810  
flying very close together and without a

487  
00:21:04,270 --> 00:21:02,540  
sound as the object passed his home he

488  
00:21:06,670 --> 00:21:04,280

observed it in a pair of seven by

489

00:21:09,520 --> 00:21:06,680

thirty-five binoculars mr. Eddings said

490

00:21:12,010 --> 00:21:09,530

the UFO was one object and he saw some

491

00:21:14,800 --> 00:21:12,020

type of heat waves coming from the

492

00:21:17,890 --> 00:21:14,810

object which distorted the area around

493

00:21:19,780 --> 00:21:17,900

the lights mr. Randy eddying watched the

494

00:21:22,510 --> 00:21:19,790

object with neighbors and his son for

495

00:21:24,940 --> 00:21:22,520

over ten minutes as it slowly drifted to

496

00:21:28,090 --> 00:21:24,950

the northwest all the witnesses agree

497

00:21:31,330 --> 00:21:28,100

that the UFO was one solid object and it

498

00:21:34,030 --> 00:21:31,340

was round in appearance the etting party

499

00:21:37,570 --> 00:21:34,040

was observing the UFO as it passed close

500

00:21:40,600 --> 00:21:37,580

to the i-84 at this time over a dozen

501  
00:21:43,360 --> 00:21:40,610  
cars had pulled over to view the UFO as

502  
00:21:45,850 --> 00:21:43,370  
it passed overhead and except for the

503  
00:21:48,400 --> 00:21:45,860  
fact that there is a name that is used

504  
00:21:50,350 --> 00:21:48,410  
as a witness name in this event we're

505  
00:21:52,840 --> 00:21:50,360  
pretty much thinking this is the event

506  
00:21:55,600 --> 00:21:52,850  
we opened way back Wednesday with this

507  
00:21:58,300 --> 00:21:55,610  
sighting that was told to Philip J in

508  
00:22:00,460 --> 00:21:58,310  
brownie oh and this witness is named

509  
00:22:01,420 --> 00:22:00,470  
Charlie tupperman he described what

510  
00:22:04,900 --> 00:22:01,430  
happened that night

511  
00:22:07,420 --> 00:22:04,910  
quote it was about 9:30 or so and I was

512  
00:22:09,640 --> 00:22:07,430  
driving east on the 84 around the South

513  
00:22:12,700 --> 00:22:09,650

berry area when I noticed these lights

514

00:22:15,970 --> 00:22:12,710

ahead of me they were low it looked like

515

00:22:17,710 --> 00:22:15,980

a 747 was going to land on the highway

516

00:22:20,380 --> 00:22:17,720

this thing had about

517

00:22:22,780 --> 00:22:20,390

ten lights in kind of a half-circle the

518

00:22:25,990 --> 00:22:22,790

lights were yellow green blue white and

519

00:22:29,110 --> 00:22:26,000

red this thing was going very slow

520

00:22:31,330 --> 00:22:29,120

moving from the east to the west all of

521

00:22:33,100 --> 00:22:31,340

a sudden everyone on both sides of the

522

00:22:35,020 --> 00:22:33,110

road began slamming on their brakes and

523

00:22:36,550 --> 00:22:35,030

pulling over to the side this was a

524

00:22:38,650 --> 00:22:36,560

dangerous thing to do since there were

525

00:22:41,410 --> 00:22:38,660

several trucks apparently trying to do

526

00:22:44,500 --> 00:22:41,420

the same thing I pulled over and watched

527

00:22:48,070 --> 00:22:44,510

this thing passed directly over the

528

00:22:51,010 --> 00:22:48,080

westbound lanes I saw a dark mass behind

529

00:22:52,780 --> 00:22:51,020

the lights there was no sound I saw the

530

00:22:54,670 --> 00:22:52,790

lights of a state trooper just ahead of

531

00:22:57,760 --> 00:22:54,680

me and I figured he was called out to

532

00:22:59,920 --> 00:22:57,770

see what was going on and then all of a

533

00:23:02,560 --> 00:22:59,930

sudden this thing gets real bright I

534

00:23:05,320 --> 00:23:02,570

mean all the lights just got ten times

535

00:23:07,360 --> 00:23:05,330

brighter for about ten seconds or so and

536

00:23:09,670 --> 00:23:07,370

then they faded to where they were

537

00:23:12,880 --> 00:23:09,680

before and that's about as bright as a

538

00:23:15,130 --> 00:23:12,890

plane wing lights that really scared me

539

00:23:17,410 --> 00:23:15,140

I wanted to get going because I thought

540

00:23:20,320 --> 00:23:17,420

this was some type of invasion or

541

00:23:23,050 --> 00:23:20,330

something I just wanted to get home plus

542

00:23:25,750 --> 00:23:23,060

I was afraid of some trucker plowing

543

00:23:28,930 --> 00:23:25,760

into my car I then watched this object

544

00:23:30,790 --> 00:23:28,940

head west and lost sight of it I turned

545

00:23:33,520 --> 00:23:30,800

on the radio for news but didn't hear

546

00:23:36,550 --> 00:23:33,530

anything about UFOs on any of the local

547

00:23:38,920 --> 00:23:36,560

stations and quotes this UFO was so

548

00:23:40,510 --> 00:23:38,930

bright and so large that it seemed to be

549

00:23:43,480 --> 00:23:40,520

only a matter of time before someone

550

00:23:45,580 --> 00:23:43,490

would come forward with a photograph to

551  
00:23:47,530 --> 00:23:45,590  
the surprise of our writer he was

552  
00:23:49,990 --> 00:23:47,540  
contacted by a person of high standing

553  
00:23:52,000 --> 00:23:50,000  
in the South berry area who took a

554  
00:23:54,940 --> 00:23:52,010  
picture of the object as it moved very

555  
00:23:57,940 --> 00:23:54,950  
slowly over the i-80 for about 9:30 p.m.

556  
00:24:00,040 --> 00:23:57,950  
this photographer wishes to also remain

557  
00:24:02,800 --> 00:24:00,050  
anonymous since his position is very

558  
00:24:05,170 --> 00:24:02,810  
sensitive he's described as a very

559  
00:24:07,570 --> 00:24:05,180  
highly trained college-educated man who

560  
00:24:09,940 --> 00:24:07,580  
fears that the publicity surrounding the

561  
00:24:11,950 --> 00:24:09,950  
photograph could hurt his career he gave

562  
00:24:14,710 --> 00:24:11,960  
full rights to the photograph and his

563  
00:24:16,890 --> 00:24:14,720

sighting account to Philip J and Bruno

564

00:24:20,080 --> 00:24:16,900

providing they don't use his real name

565

00:24:22,510 --> 00:24:20,090

the camera used was a 35 millimeter with

566

00:24:26,350 --> 00:24:22,520

a 50 millimeter lens at one point eight

567

00:24:28,390 --> 00:24:26,360

film type kodacolor a si 400 the

568

00:24:31,420 --> 00:24:28,400

exposure was one sixtieth of a second or

569

00:24:32,920 --> 00:24:31,430

one 125th he

570

00:24:35,650 --> 00:24:32,930

wasn't sure of the setting but he feels

571

00:24:37,150 --> 00:24:35,660

it was the one sixtieth of a second the

572

00:24:40,300 --> 00:24:37,160

object then moved toward the east

573

00:24:43,120 --> 00:24:40,310

without a sound he said when the object

574

00:24:45,790 --> 00:24:43,130

turned it looked like lights on the side

575

00:24:47,890 --> 00:24:45,800

were pulling out from the main mass of

576

00:24:49,870 --> 00:24:47,900

the object but he realized this effect

577

00:24:52,690 --> 00:24:49,880

was due to the object changing position

578

00:24:54,700 --> 00:24:52,700

from his point of view several photo

579

00:24:56,830 --> 00:24:54,710

analysis experts have looked at this

580

00:24:59,020 --> 00:24:56,840

photograph the study shows it's without

581

00:25:00,520 --> 00:24:59,030

a doubt an object hanging in the sky

582

00:25:03,100 --> 00:25:00,530

above the ground

583

00:25:05,470 --> 00:25:03,110

at some point the author of this story

584

00:25:07,330 --> 00:25:05,480

Philip J and bro neo made contact with

585

00:25:09,400 --> 00:25:07,340

Bradley International Airport in

586

00:25:12,430 --> 00:25:09,410

Connecticut to find out if they had any

587

00:25:14,680 --> 00:25:12,440

information about those sightings he was

588

00:25:17,770 --> 00:25:14,690

informed by air traffic control that no

589

00:25:20,650 --> 00:25:17,780

formations no large aircraft were ever

590

00:25:23,950 --> 00:25:20,660

tracked on radar at that location at

591

00:25:26,590 --> 00:25:23,960

that time thank you again man in the

592
