

Dr. Richard Boylan | Joining an Intergalactic Star Nations of Alien Races

California Radio
MUJFON
LORIE FENTON

WEDNESDAY 11PM EASTERN
8PM PACIFIC

Listen on

inceptionradionetwork.com

1
00:00:05,059 --> 00:00:02,840
welcome everyone to the California MUFON

2
00:00:07,099 --> 00:00:05,069
radio show I'm your host Lori and Fenton

3
00:00:10,100 --> 00:00:07,109
gosh I'm glad you guys are with me here

4
00:00:12,490 --> 00:00:10,110
today and I well first off I want to

5
00:00:16,490 --> 00:00:12,500
thank Betty for emailing me yesterday

6
00:00:16,910 --> 00:00:16,500
when asking how I was she's a fan of the

7
00:00:19,160 --> 00:00:16,920
show

8
00:00:21,200 --> 00:00:19,170
she said she listens all the time and I

9
00:00:23,060 --> 00:00:21,210
just really appreciated her concern I

10
00:00:24,920 --> 00:00:23,070
was I'll tell you guys a little story

11
00:00:27,769 --> 00:00:24,930
and I'll tell tell you what I told her

12
00:00:30,230 --> 00:00:27,779
and in a response by email Sunday night

13
00:00:32,900 --> 00:00:30,240

I was sitting here in my place in

14

00:00:34,459 --> 00:00:32,910

Petaluma California I was feeling very

15

00:00:37,750 --> 00:00:34,469

sorry for myself

16

00:00:40,569 --> 00:00:37,760

of fact I was making one of those

17

00:00:43,010 --> 00:00:40,579

life-changing decisions in the moment

18

00:00:44,569 --> 00:00:43,020

which I thought I was gonna stick to I

19

00:00:46,910 --> 00:00:44,579

thought I was gonna quit all my radio

20

00:00:50,450 --> 00:00:46,920

shows quit doing the MUFON meetings

21

00:00:53,270 --> 00:00:50,460

anymore quit everything I do get a real

22

00:00:55,040 --> 00:00:53,280

job and make some money I mean that was

23

00:00:56,900 --> 00:00:55,050

my thought I was laid in bed I was in

24

00:00:59,630 --> 00:00:56,910

tears by the way and I was holding both

25

00:01:01,520 --> 00:00:59,640

cats and we just scraped enough money

26
00:01:03,950 --> 00:01:01,530
together for kitty litter I mean it's

27
00:01:05,840 --> 00:01:03,960
like you guys you know I'm gonna go a

28
00:01:09,620 --> 00:01:05,850
little sidetrack before I go on to the

29
00:01:11,390 --> 00:01:09,630
complete rant here tonight I live in the

30
00:01:14,420 --> 00:01:11,400
most expensive place in the freaking

31
00:01:16,280 --> 00:01:14,430
world I swear to God I live right north

32
00:01:18,320 --> 00:01:16,290
of Marin County when I lived in Marin

33
00:01:20,179 --> 00:01:18,330
County that was the most expensive place

34
00:01:21,740 --> 00:01:20,189
in the world but now I live in the next

35
00:01:26,060 --> 00:01:21,750
most expensive place in the world that

36
00:01:28,280 --> 00:01:26,070
Sonoma and you know I make good money if

37
00:01:30,530 --> 00:01:28,290
I lived anywhere else in the United

38
00:01:33,350 --> 00:01:30,540

States I live in a mansion I swear to

39

00:01:36,050 --> 00:01:33,360

God but I live in a mobile home park and

40

00:01:38,120 --> 00:01:36,060

as senior senior mobile home park in a

41

00:01:43,010 --> 00:01:38,130

manufactured home that's the size of the

42

00:01:45,770 --> 00:01:43,020

closet anywhere else in the world and it

43

00:01:48,350 --> 00:01:45,780

blows my mind how much money I spend per

44

00:01:50,780 --> 00:01:48,360

month just to stay in this place it's

45

00:01:53,020 --> 00:01:50,790

mind-boggling but that's my decision and

46

00:01:55,819 --> 00:01:53,030

I made it and now I gotta suffer with it

47

00:01:58,609 --> 00:01:55,829

and I keep asking my Angels I keep

48

00:01:59,600 --> 00:01:58,619

saying why do I have to stay here can't

49

00:02:01,999 --> 00:01:59,610

I go north

50

00:02:03,740 --> 00:02:02,009

I want a farm you know I'm like can I go

51
00:02:05,480 --> 00:02:03,750
back to Oregon you know I'm just like

52
00:02:08,059 --> 00:02:05,490
please let me out of this I feel like

53
00:02:10,070 --> 00:02:08,069
I'm in prison Hill right and they keep

54
00:02:12,320 --> 00:02:10,080
saying nope nope this is where you gotta

55
00:02:13,700 --> 00:02:12,330
be and I'm like and then okay so I'm

56
00:02:16,190 --> 00:02:13,710
Lane two beds Sunday night

57
00:02:18,140 --> 00:02:16,200
and I'm complaining to my angels like or

58
00:02:21,230 --> 00:02:18,150
aliens or whoever they are that said I

59
00:02:23,270 --> 00:02:21,240
got to be here for this community I'm

60
00:02:24,560 --> 00:02:23,280
supposed to build and I'm like oh I

61
00:02:26,390 --> 00:02:24,570
supposed to build that how come it ain't

62
00:02:28,550 --> 00:02:26,400
happened yet you know I'm like I'm just

63
00:02:30,530 --> 00:02:28,560

freaking out about the whole thing and

64

00:02:32,960 --> 00:02:30,540

I'm ready to give it all up right I'm

65

00:02:35,810 --> 00:02:32,970

ready to just you know sell the place go

66

00:02:37,670 --> 00:02:35,820

buy a mansion somewhere else but the

67

00:02:40,040 --> 00:02:37,680

trouble is I will never get paid what I

68

00:02:43,100 --> 00:02:40,050

get paid now to go live anywhere else so

69

00:02:45,290 --> 00:02:43,110

there's that problem too so anyhow I'm

70

00:02:47,090 --> 00:02:45,300

laying here feeling really bad and you

71

00:02:49,220 --> 00:02:47,100

know just like oh I'm gonna give it all

72

00:02:53,180 --> 00:02:49,230

up you know a whole bit I fall asleep

73

00:02:55,400 --> 00:02:53,190

and I wake up to the smell of a fire

74

00:02:58,460 --> 00:02:55,410

burning and I'm like what is going on

75

00:03:01,850 --> 00:02:58,470

and I I just look out the back door and

76

00:03:04,100 --> 00:03:01,860

there's it's just a fog of smoke and

77

00:03:07,100 --> 00:03:04,110

ashes falling and I'm like into the

78

00:03:10,520 --> 00:03:07,110

volcano go off because now I I digress

79

00:03:12,380 --> 00:03:10,530

again back when I was in my early 20s I

80

00:03:15,110 --> 00:03:12,390

was living in Portland Oregon when Mount

81

00:03:17,120 --> 00:03:15,120

st. Helens went off and that was a wild

82

00:03:18,680 --> 00:03:17,130

experience so I've lived through a

83

00:03:20,990 --> 00:03:18,690

volcano now I've lived through a

84

00:03:22,880 --> 00:03:21,000

firestorm because what's happened is I'm

85

00:03:26,330 --> 00:03:22,890

in Petaluma and right north of me is

86

00:03:26,930 --> 00:03:26,340

Santa Rosa and Santa Rosa was hit really

87

00:03:29,870 --> 00:03:26,940

hard

88

00:03:33,800 --> 00:03:29,880

many of not many not see how many

89

00:03:37,280 --> 00:03:33,810

friends one two a client a friend

90

00:03:39,770 --> 00:03:37,290

another friend and another guy right now

91

00:03:41,300 --> 00:03:39,780

that is a colleague is his house is

92

00:03:45,890 --> 00:03:41,310

being threatened right now as we speak

93

00:03:49,190 --> 00:03:45,900

any long story short people have lost

94

00:03:52,490 --> 00:03:49,200

much much much stuff since the last few

95

00:03:54,830 --> 00:03:52,500

hours over here we've had it's the wine

96

00:03:57,470 --> 00:03:54,840

country we've lost some wineries we've

97

00:04:00,350 --> 00:03:57,480

lost tons of neighborhoods I mean it's

98

00:04:01,910 --> 00:04:00,360

just it's absolutely amazing what this

99

00:04:05,510 --> 00:04:01,920

fire has done if you don't know anything

100

00:04:09,710 --> 00:04:05,520

about it just look up Santa Rosa si n ta

101
00:04:10,850 --> 00:04:09,720
Rosa ro sa fires and it'll just tell you

102
00:04:14,150 --> 00:04:10,860
what's going on out here we've got

103
00:04:15,500 --> 00:04:14,160
wildfire after wildfire so anyhow Sunday

104
00:04:16,970 --> 00:04:15,510
night and I'm sitting there feeling

105
00:04:19,160 --> 00:04:16,980
sorry for myself I wake up to all this

106
00:04:20,750 --> 00:04:19,170
ash and everything going I can't breathe

107
00:04:24,220 --> 00:04:20,760
it's just terrible

108
00:04:26,610 --> 00:04:24,230
and then I've go something's going on

109
00:04:28,850 --> 00:04:26,620
like duh because

110
00:04:32,189 --> 00:04:28,860
don't watch the news you know I'm not a

111
00:04:34,920 --> 00:04:32,199
24/7 FoxNews person like my parents so

112
00:04:37,170 --> 00:04:34,930
I'm sitting here and I turn on the news

113
00:04:40,260 --> 00:04:37,180

all of a sudden it's like oh my god I'm

114

00:04:41,670 --> 00:04:40,270

surrounded by fire and and people were

115

00:04:42,990 --> 00:04:41,680

calling me and they were saying hey

116

00:04:44,790 --> 00:04:43,000

we're at Walmart you want a fire

117

00:04:46,830 --> 00:04:44,800

extinguisher I didn't know what they

118

00:04:49,409 --> 00:04:46,840

were talking about you know and it was

119

00:04:52,800 --> 00:04:49,419

my friends joking with me but still I

120

00:04:54,870 --> 00:04:52,810

was like what the heck so bottom line to

121

00:04:55,500 --> 00:04:54,880

all this I quickly snapped out of my

122

00:04:57,689 --> 00:04:55,510

funk

123

00:05:00,210 --> 00:04:57,699

and then I I just thought you know

124

00:05:03,090 --> 00:05:00,220

there's no reason for me to be you know

125

00:05:05,100 --> 00:05:03,100

feeling bad for myself so so I got out

126

00:05:07,560 --> 00:05:05,110

of that and I want to thank Betty for

127

00:05:10,110 --> 00:05:07,570

emailing me and helping me get out of it

128

00:05:11,610 --> 00:05:10,120

and I just you know it's you know people

129

00:05:13,050 --> 00:05:11,620

have lost everything and I'm sitting

130

00:05:15,779 --> 00:05:13,060

here complaining about the fact that I

131

00:05:18,540 --> 00:05:15,789

have a great job I can afford to pay for

132

00:05:21,689 --> 00:05:18,550

a kitty litter at least once a month and

133

00:05:23,370 --> 00:05:21,699

I can feed myself you know so that's

134

00:05:25,560 --> 00:05:23,380

more than a lot of people can do so I do

135

00:05:28,500 --> 00:05:25,570

have to thank my aliens for that because

136

00:05:30,360 --> 00:05:28,510

my angel aliens because the bottom line

137

00:05:31,860 --> 00:05:30,370

is folks I would not even be in this

138

00:05:34,500 --> 00:05:31,870

house right now if it wasn't for them

139

00:05:37,469 --> 00:05:34,510

this place that I'm in was a once in a

140

00:05:40,200 --> 00:05:37,479

million opportunity and I got it and

141

00:05:42,120 --> 00:05:40,210

that is that's the honest truth and some

142

00:05:44,670 --> 00:05:42,130

day I'll explain it all to you guys but

143

00:05:46,440 --> 00:05:44,680

I mean it's a long story but man twenty

144

00:05:48,270 --> 00:05:46,450

three and a half years into place I

145

00:05:50,430 --> 00:05:48,280

hardly had to pay anything for and then

146

00:05:52,379 --> 00:05:50,440

I end up being booted out because the

147

00:05:54,900 --> 00:05:52,389

landlord dies the kids want to sell the

148

00:05:55,820 --> 00:05:54,910

house for almost a million dollars and I

149

00:05:59,960 --> 00:05:55,830

couldn't afford it

150

00:06:03,839 --> 00:05:59,970

so you know the whole bit it just got

151
00:06:05,700 --> 00:06:03,849
crazy crazy so anyhow I'm just lucky to

152
00:06:10,800 --> 00:06:05,710
have what I have and not have had to

153
00:06:12,330 --> 00:06:10,810
live in Kentucky airs so anyhow well now

154
00:06:14,640 --> 00:06:12,340
what I really wanted to rant about

155
00:06:16,589 --> 00:06:14,650
tonight was not the fact that it took me

156
00:06:18,089 --> 00:06:16,599
over an hour and 15 minutes get up the

157
00:06:20,850 --> 00:06:18,099
freeway which usually takes me 15

158
00:06:23,939 --> 00:06:20,860
because of the traffic the police I mean

159
00:06:27,180 --> 00:06:23,949
I was passed by about ten police cars

160
00:06:28,950 --> 00:06:27,190
two fire trucks and ambulances what's

161
00:06:31,800 --> 00:06:28,960
going on it was crazy out there tonight

162
00:06:34,050 --> 00:06:31,810
so the fires must have turned the wind

163
00:06:35,909 --> 00:06:34,060

is whipping up again so I think there's

164

00:06:37,709 --> 00:06:35,919

a lot of towns in danger Cal stove

165

00:06:39,719 --> 00:06:37,719

there's probably going up in flames and

166

00:06:40,470 --> 00:06:39,729

you know having a look at the news all

167

00:06:42,270 --> 00:06:40,480

day it's like just

168

00:06:45,240 --> 00:06:42,280

want to know about it I'm at that point

169

00:06:47,640 --> 00:06:45,250

where you know I just don't want to know

170

00:06:49,410 --> 00:06:47,650

so you know I'm trying to avoid it at

171

00:06:52,320 --> 00:06:49,420

all cost but after the radio shows over

172

00:06:54,300 --> 00:06:52,330

tonight so let's move on to the topic

173

00:06:56,250 --> 00:06:54,310

that I really wanted to talk about let's

174

00:06:59,910 --> 00:06:56,260

talk about this whole Tom DeLonge thing

175

00:07:02,040 --> 00:06:59,920

oh my god okay I have so many views on

176

00:07:03,840 --> 00:07:02,050

this I didn't get a chance to listen to

177

00:07:05,610 --> 00:07:03,850

his field this morning because I had

178

00:07:08,400 --> 00:07:05,620

other things to do that were much more

179

00:07:10,650 --> 00:07:08,410

important but I did see the website and

180

00:07:12,330 --> 00:07:10,660

I did read assets take on it I read

181

00:07:14,880 --> 00:07:12,340

Leslie Kings take on it

182

00:07:17,610 --> 00:07:14,890

I read the website I read the prospectus

183

00:07:21,960 --> 00:07:17,620

about to the fifth page of you know

184

00:07:23,910 --> 00:07:21,970

don't you know invest in our company I I

185

00:07:25,410 --> 00:07:23,920

did as much research as I couldn't last

186

00:07:27,930 --> 00:07:25,420

night before he went to bed and I just

187

00:07:31,260 --> 00:07:27,940

you guys I don't know I don't know what

188

00:07:33,330 --> 00:07:31,270

he said today I heard it wasn't

189

00:07:34,950 --> 00:07:33,340

disclosure I did check Facebook to see

190

00:07:36,780 --> 00:07:34,960

if grant Cameron and a few of my other

191

00:07:38,190 --> 00:07:36,790

buddies that I rely on for information

192

00:07:41,550 --> 00:07:38,200

had anything to say about it and they

193

00:07:44,970 --> 00:07:41,560

all did and even kritis but Zoe's

194

00:07:46,590 --> 00:07:44,980

another contact II said oh you know I'm

195

00:07:47,850 --> 00:07:46,600

kind of I'm kind of happy about the

196

00:07:50,910 --> 00:07:47,860

whole thing and I'm just like you know

197

00:07:53,580 --> 00:07:50,920

you guys I'm not impressed I'm not

198

00:07:56,280 --> 00:07:53,590

impressed I'll tell you what how many

199

00:07:58,920 --> 00:07:56,290

other people have done have created

200

00:08:02,550 --> 00:07:58,930

organizations like this we've had nycap

201
00:08:04,980 --> 00:08:02,560
mufon outros i mean the list goes on and

202
00:08:07,020 --> 00:08:04,990
on we got free right now doing all the

203
00:08:10,020 --> 00:08:07,030
research on the the contact these

204
00:08:11,820 --> 00:08:10,030
stories we've got oh my god there are so

205
00:08:14,100 --> 00:08:11,830
many organizations that have popped up

206
00:08:15,930 --> 00:08:14,110
and yes this one at the helm has a guy

207
00:08:20,460 --> 00:08:15,940
who has some money okay that's great but

208
00:08:22,050 --> 00:08:20,470
so did oh my god Bob Bigelow he had

209
00:08:25,710 --> 00:08:22,060
money he had enough money to buy all of

210
00:08:27,840 --> 00:08:25,720
the mids the to create the knids ranch

211
00:08:30,030 --> 00:08:27,850
thing and do all the research into that

212
00:08:31,620 --> 00:08:30,040
and I noticed very interestingly enough

213
00:08:33,870 --> 00:08:31,630

two of the people that I think you're

214

00:08:36,330 --> 00:08:33,880

probably the best in the know about

215

00:08:39,900 --> 00:08:36,340

what's going on actually in the whole

216

00:08:42,060 --> 00:08:39,910

alien UFO community and the secret space

217

00:08:45,270 --> 00:08:42,070

program and everything are on their team

218

00:08:48,090 --> 00:08:45,280

and that is call them Kelleher and Hal

219

00:08:49,920 --> 00:08:48,100

put off the rest of them need you know I

220

00:08:54,150 --> 00:08:49,930

don't even know if their contact piece I

221

00:08:56,820 --> 00:08:54,160

don't even know if put off is or if

222

00:08:58,530 --> 00:08:56,830

kill her is for that matter that was the

223

00:09:01,440 --> 00:08:58,540

part that really bothered me about the

224

00:09:03,930 --> 00:09:01,450

whole team thing all these scientists

225

00:09:05,640 --> 00:09:03,940

all these remote viewers all these you

226

00:09:06,930 --> 00:09:05,650

know quantum physicists you know

227

00:09:08,730 --> 00:09:06,940

everything's great

228

00:09:10,740 --> 00:09:08,740

how many contact these were on that

229

00:09:14,160 --> 00:09:10,750

panel why wasn't whitley strieber on

230

00:09:14,910 --> 00:09:14,170

that on the team why isn't Travis Walton

231

00:09:19,080 --> 00:09:14,920

on the team

232

00:09:21,210 --> 00:09:19,090

why isn't um oh my god Cynthia Crawford

233

00:09:22,800 --> 00:09:21,220

oh by the way she's she's passed on but

234

00:09:25,410 --> 00:09:22,810

if she was alive she should have been on

235

00:09:27,540 --> 00:09:25,420

that team I mean I'm telling ya I don't

236

00:09:29,760 --> 00:09:27,550

I don't get this you know this is just

237

00:09:32,070 --> 00:09:29,770

another group of people trying to

238

00:09:33,960 --> 00:09:32,080

control the narrative about what we're

239

00:09:35,760 --> 00:09:33,970

allowed to know they're gonna make

240

00:09:37,620 --> 00:09:35,770

movies and books and they're gonna do

241

00:09:39,090 --> 00:09:37,630

this whole thing that's wonderful and

242

00:09:40,860 --> 00:09:39,100

then you're gonna sit there and we're

243

00:09:42,000 --> 00:09:40,870

gonna do scientific research and we're

244

00:09:44,490 --> 00:09:42,010

gonna have you know we're gonna fund

245

00:09:46,890 --> 00:09:44,500

people's projects well who decides what

246

00:09:49,970 --> 00:09:46,900

front projects get funded you know hey

247

00:09:52,410 --> 00:09:49,980

Tom why don't you fund my community of

248

00:09:55,890 --> 00:09:52,420

telepathic contact these why don't you

249

00:09:58,890 --> 00:09:55,900

fund that community you know really I

250

00:10:01,380 --> 00:09:58,900

I'm getting the more I think about it

251
00:10:03,480 --> 00:10:01,390
the angrier I get there are people out

252
00:10:05,940 --> 00:10:03,490
there that are doing amazing like

253
00:10:07,980 --> 00:10:05,950
research it isn't scientific research

254
00:10:10,680 --> 00:10:07,990
they don't have th DS and they certainly

255
00:10:12,330 --> 00:10:10,690
aren't you know they don't have a what

256
00:10:15,210 --> 00:10:12,340
should we call it up their rear end to

257
00:10:19,410 --> 00:10:15,220
make them so scientific that nothing can

258
00:10:21,210 --> 00:10:19,420
be true you know oh god okay I better I

259
00:10:23,520 --> 00:10:21,220
better calm down because I knew I was

260
00:10:26,430 --> 00:10:23,530
gonna get this angry tonight you know

261
00:10:28,940 --> 00:10:26,440
I've been struggling I know about 20

262
00:10:33,450 --> 00:10:28,950
other people that are really you know

263
00:10:35,460 --> 00:10:33,460

really good I would say we sit on the

264

00:10:37,500 --> 00:10:35,470

fence we don't jump over to the

265

00:10:39,840 --> 00:10:37,510

contactees and say okay you guys you're

266

00:10:41,670 --> 00:10:39,850

the only cats me out that's going on and

267

00:10:45,090 --> 00:10:41,680

we don't jump over to the scientific

268

00:10:47,370 --> 00:10:45,100

community and say oh yeah yeah the you

269

00:10:49,110 --> 00:10:47,380

know the UFOs and the hard-nosed science

270

00:10:51,510 --> 00:10:49,120

and the propulsion systems and all

271

00:10:54,300 --> 00:10:51,520

that's the only thing going on you know

272

00:10:56,970 --> 00:10:54,310

I sit on the fence and I talk to

273

00:10:59,160 --> 00:10:56,980

everybody and that's how I make my

274

00:11:01,290 --> 00:10:59,170

conclusions I mean I've got friends you

275

00:11:03,570 --> 00:11:01,300

guys know this Patronus is a very good

276

00:11:07,079 --> 00:11:03,580

friend he is a very adept scientist as a

277

00:11:07,530 --> 00:11:07,089

matter of fact he is probably he should

278

00:11:09,120 --> 00:11:07,540

have been

279

00:11:10,590 --> 00:11:09,130

that panel you know if we're gonna mix

280

00:11:14,629 --> 00:11:10,600

science here's what I would have picked

281

00:11:20,819 --> 00:11:14,639

for that panel Steven Bassett Blut Ronis

282

00:11:24,120 --> 00:11:20,829

Whitley Strieber Travis Walton here's

283

00:11:27,030 --> 00:11:24,130

another good female contactee that's out

284

00:11:29,189 --> 00:11:27,040

there right now Oh Melinda Leslie how

285

00:11:30,660 --> 00:11:29,199

about Melinda how about get some mylabs

286

00:11:33,990 --> 00:11:30,670

people in there to tell you what's

287

00:11:35,850 --> 00:11:34,000

really going on and Misha Johnston there

288

00:11:37,650 --> 00:11:35,860

you go there's a panel for you there's

289

00:11:40,499 --> 00:11:37,660

people that could do some amazing

290

00:11:43,410 --> 00:11:40,509

Monisha has been trying to start a

291

00:11:45,990 --> 00:11:43,420

school for star seed children in Vegas

292

00:11:50,400 --> 00:11:46,000

now for five years can't get the funding

293

00:11:52,800 --> 00:11:50,410

you know we're so bring you how put-off

294

00:11:54,870 --> 00:11:52,810

that's great Lynn Buchanan instead of

295

00:11:57,180 --> 00:11:54,880

help foot off sorry Lynn Buchanan's a

296

00:12:00,389 --> 00:11:57,190

contact be I don't know that how put off

297

00:12:02,670 --> 00:12:00,399

is okay sorry sorry I'm starting to get

298

00:12:05,189 --> 00:12:02,680

really really angry I mean I know people

299

00:12:07,259 --> 00:12:05,199

that can that have amazing projects in

300

00:12:09,240 --> 00:12:07,269

the works that are contact these that

301
00:12:11,550 --> 00:12:09,250
should be having Tom DeLonge knocking on

302
00:12:13,559 --> 00:12:11,560
their door begging them to let him fund

303
00:12:15,240 --> 00:12:13,569
what they're doing that's exactly how I

304
00:12:17,579 --> 00:12:15,250
feel bad he should be knocking on my

305
00:12:21,750 --> 00:12:17,589
door saying hey I heard you're trying to

306
00:12:23,850 --> 00:12:21,760
give Steven Bassett at home and all the

307
00:12:25,500 --> 00:12:23,860
other guys that have been here for 40

308
00:12:27,689 --> 00:12:25,510
years breaking their neck and have

309
00:12:30,180 --> 00:12:27,699
nothing to show for it and are homeless

310
00:12:32,670 --> 00:12:30,190
and you're you're trying to build them a

311
00:12:34,050 --> 00:12:32,680
place to live I heard that's great idea

312
00:12:36,680 --> 00:12:34,060
I want to help you do that

313
00:12:39,540 --> 00:12:36,690

that's what should be happening okay

314

00:12:42,809 --> 00:12:39,550

told you guys I'm really pissed and I'm

315

00:12:45,059 --> 00:12:42,819

eating rocks mellow cream almond mix

316

00:12:49,829 --> 00:12:45,069

made with real honey trying to keep

317

00:12:52,230 --> 00:12:49,839

myself okay well I better stop now

318

00:12:54,269 --> 00:12:52,240

because like if I keep yelling about

319

00:12:55,889 --> 00:12:54,279

this I'm just gonna break a blood vessel

320

00:12:57,629 --> 00:12:55,899

or something or maybe my blood pressure

321

00:13:00,059 --> 00:12:57,639

is gonna go up I don't know

322

00:13:02,519 --> 00:13:00,069

anyhow so it's been a it's been a tough

323

00:13:04,590 --> 00:13:02,529

couple days since Sunday night when I

324

00:13:06,269 --> 00:13:04,600

found out Monday that a lot of my

325

00:13:08,639 --> 00:13:06,279

friends have lost everything I have a

326

00:13:10,620 --> 00:13:08,649

friend named Cole he's a WordPress guy

327

00:13:12,509 --> 00:13:10,630

that I work with and you know I haven't

328

00:13:13,829 --> 00:13:12,519

seen him for a while but he his wife and

329

00:13:15,829 --> 00:13:13,839

he are having their first kid and they

330

00:13:18,569 --> 00:13:15,839

lost a complete house I mean it's just

331

00:13:20,740 --> 00:13:18,579

it's unbelievable what's been happening

332

00:13:22,330 --> 00:13:20,750

up here it's really it's scary for

333

00:13:25,810 --> 00:13:22,340

I've never been anything like this in my

334

00:13:28,930 --> 00:13:25,820

entire life this firestorm and it's just

335

00:13:31,600 --> 00:13:28,940

been a real eye-opener for me and I

336

00:13:33,940 --> 00:13:31,610

thank God I just you know blessed I wake

337

00:13:36,070 --> 00:13:33,950

up every day now since Monday and I

338

00:13:38,230 --> 00:13:36,080

thank him for keeping us safe right in

339

00:13:39,820 --> 00:13:38,240

the middle of it and somehow it hasn't

340

00:13:42,030 --> 00:13:39,830

touched us and I'm just thank you for

341

00:13:44,260 --> 00:13:42,040

keeping us safe though it's amazing oh

342

00:13:45,910 --> 00:13:44,270

here's one other quick thing

343

00:13:48,370 --> 00:13:45,920

there was a mobile home park up in

344

00:13:50,470 --> 00:13:48,380

Bennett Valley and Santa Rosa that I was

345

00:13:52,870 --> 00:13:50,480

thinking about moving into but it was

346

00:13:54,580 --> 00:13:52,880

just too far of a drive and guess what

347

00:13:58,690 --> 00:13:54,590

the whole thing's total I mean there

348

00:14:00,640 --> 00:13:58,700

were there were God there's a hundred

349

00:14:02,560 --> 00:14:00,650

mobile homes there and I think all of

350

00:14:06,280 --> 00:14:02,570

them burned and only six were left

351

00:14:08,440 --> 00:14:06,290

standing so I'm just I thank God I did

352

00:14:11,290 --> 00:14:08,450

move into that place that was my second

353

00:14:13,180 --> 00:14:11,300

choice so oh my god guys really

354

00:14:16,570 --> 00:14:13,190

seriously God was looking out for me and

355

00:14:19,630 --> 00:14:16,580

oh one other thing three years ago four

356

00:14:21,580 --> 00:14:19,640

years ago I was thinking about buying in

357

00:14:23,890 --> 00:14:21,590

the coffee area the code the coffee

358

00:14:27,030 --> 00:14:23,900

community they call it and that

359

00:14:29,560 --> 00:14:27,040

completely burned to the ground too so

360

00:14:31,360 --> 00:14:29,570

yeah I'm really glad that didn't pan out

361

00:14:33,070 --> 00:14:31,370

I was still under the impression that my

362

00:14:36,130 --> 00:14:33,080

landlords gonna sell to me at the time

363

00:14:39,100 --> 00:14:36,140

so when I and when that opportunity came

364

00:14:40,780 --> 00:14:39,110

by I let it go and something just told

365

00:14:44,020 --> 00:14:40,790

me not to do it it was a great

366

00:14:46,090 --> 00:14:44,030

opportunity and I said no and here I sit

367

00:14:46,420 --> 00:14:46,100

so you know God has been looking out for

368

00:14:48,790 --> 00:14:46,430

me

369

00:14:50,470 --> 00:14:48,800

I just thank him thank him thank him and

370

00:14:52,210 --> 00:14:50,480

I think all you guys were praying for me

371

00:14:55,450 --> 00:14:52,220

that knew about what was happening so

372

00:14:57,430 --> 00:14:55,460

thank you so much okay so let's get to

373

00:15:01,329 --> 00:14:57,440

our guest tonight we have dr. Richard

374

00:15:03,430 --> 00:15:01,339

Boyland with us and Richard I I'm being

375

00:15:06,280 --> 00:15:03,440

a really bad host tonight flying in the

376

00:15:11,280 --> 00:15:06,290

door one minute before this show starts

377

00:15:14,680 --> 00:15:11,290

and I've got to go find your bio here

378

00:15:17,200 --> 00:15:14,690

and I had it all queued up but then my

379

00:15:19,510 --> 00:15:17,210

computer system shut down I was at work

380

00:15:22,060 --> 00:15:19,520

so I came home and I'm sitting here and

381

00:15:25,450 --> 00:15:22,070

Skype was off everything was off like oh

382

00:15:26,980 --> 00:15:25,460

no so I had to boot up real quick and so

383

00:15:28,930 --> 00:15:26,990

I'm gonna go looking for it but in the

384

00:15:31,270 --> 00:15:28,940

meantime why don't you tell people a

385

00:15:34,180 --> 00:15:31,280

little bit about who you are how you got

386

00:15:36,190 --> 00:15:34,190

into the UFO game as I call it

387

00:15:38,020 --> 00:15:36,200

what you've been doing lately and forget

388

00:15:39,730 --> 00:15:38,030

any programs that are coming up or

389

00:15:46,230 --> 00:15:39,740

anything exciting that you're just kind

390

00:15:52,330 --> 00:15:46,240

of digging into right now well I'm a

391

00:15:55,000 --> 00:15:52,340

retired psychologist and it would say

392

00:15:57,730 --> 00:15:55,010

speaking to the UFO phenomenon since I

393

00:16:00,820 --> 00:15:57,740

was a small boy I'm old enough to

394

00:16:07,690 --> 00:16:00,830

remember before there was a UFO cover-up

395

00:16:13,990 --> 00:16:07,700

I remember when it was announced in the

396

00:16:17,590 --> 00:16:14,000

paper on radio that hmm army had

397

00:16:20,530 --> 00:16:17,600

recovered a flying saucer I said oh meet

398

00:16:28,980 --> 00:16:20,540

its other people in the universe besides

399

00:16:40,000 --> 00:16:28,990

us and then when I was in eighth grade

400

00:16:44,230 --> 00:16:40,010

in 52 the subject was such that they

401
00:16:46,140 --> 00:16:44,240
were flying saucer plugs in in mic me

402
00:16:49,030 --> 00:16:46,150
and and all across the United States

403
00:16:51,550 --> 00:16:49,040
where people would like sitting there

404
00:16:55,780 --> 00:16:51,560
lawn chairs in the front yard after

405
00:16:59,410 --> 00:16:55,790
dinner and watch for UFOs come over the

406
00:17:03,970 --> 00:16:59,420
subject was totally legit then but then

407
00:17:06,939 --> 00:17:03,980
then the UFO cover-up came when it was

408
00:17:09,250 --> 00:17:06,949
determined that people getting a little

409
00:17:11,829 --> 00:17:09,260
too excited about this and the

410
00:17:16,590 --> 00:17:11,839
government didn't like that so they they

411
00:17:20,590 --> 00:17:16,600
started to hire scientists to speak

412
00:17:22,689 --> 00:17:20,600
discouragingly and sarcastically about

413
00:17:26,199 --> 00:17:22,699

the subject and anybody included

414

00:17:30,370 --> 00:17:26,209

seriously so it's kind of went

415

00:17:32,680 --> 00:17:30,380

underground for a long time and that

416

00:17:38,160 --> 00:17:32,690

basic effort to cover-up has been going

417

00:17:42,180 --> 00:17:38,170

on ever since I've worked with

418

00:17:48,170 --> 00:17:42,190

experiences of extraterrestrial contact

419

00:17:56,930 --> 00:17:51,530

talk to I'm sure over a thousand people

420

00:18:01,190 --> 00:17:56,940

and used the tools I have including uh

421

00:18:04,080 --> 00:18:01,200

hypnosis to help people recall

422

00:18:08,850 --> 00:18:04,090

encounters that were suppressed from

423

00:18:14,340 --> 00:18:08,860

active memory and piece together what

424

00:18:18,930 --> 00:18:14,350

was really going on and this got me in a

425

00:18:21,330 --> 00:18:18,940

lot of hot water and I was just gonna

426

00:18:30,050 --> 00:18:21,340

say now how long did you practice go

427

00:18:35,100 --> 00:18:30,060

with that going on well it went on for

428

00:18:39,630 --> 00:18:35,110

about eight years and they dropped the

429

00:18:46,760 --> 00:18:39,640

safe on me and the Commission in charge

430

00:18:52,580 --> 00:18:49,740

they did it in a very public way that

431

00:18:55,650 --> 00:18:52,590

was designed to intimidate any other

432

00:18:58,050 --> 00:18:55,660

psychotherapists from similarly going

433

00:19:00,920 --> 00:18:58,060

public with what they had they were I

434

00:19:04,710 --> 00:19:00,930

know there are a lot of colleagues I had

435

00:19:07,050 --> 00:19:04,720

still have I would say there I've talked

436

00:19:09,300 --> 00:19:07,060

to over a hundred people therapists who

437

00:19:11,730 --> 00:19:09,310

work with people inside close encounters

438

00:19:15,030 --> 00:19:11,740

and the vast majority of these

439

00:19:18,450 --> 00:19:15,040

encounters are real they're not made-up

440

00:19:22,890 --> 00:19:18,460

they're not the product of the mentally

441

00:19:28,950 --> 00:19:22,900

disordered mind absolutely like telling

442

00:19:30,870 --> 00:19:28,960

the 3d have and but this the authorities

443

00:19:33,050 --> 00:19:30,880

lied on me really hard and doesn't

444

00:19:35,550 --> 00:19:33,060

prejudice courage other people but

445

00:19:37,200 --> 00:19:35,560

therapists I know just got a little more

446

00:19:40,290 --> 00:19:37,210

quiet about if the still continue to

447

00:19:42,090 --> 00:19:40,300

talk to people and be available so that

448

00:19:43,640 --> 00:19:42,100

is the situation for the longest time

449

00:19:49,740 --> 00:19:43,650

mm-hmm

450

00:19:54,180 --> 00:19:49,750

the I had dealings with a lot of star

451
00:19:56,670 --> 00:19:54,190
visitors as I call them and a lot of

452
00:19:59,220 --> 00:19:56,680
information I've gotten and I'm going to

453
00:20:01,260 --> 00:19:59,230
jump right to the punchline of what's

454
00:20:04,000 --> 00:20:01,270
coming up in the very near future

455
00:20:07,120 --> 00:20:04,010
because I think your listeners will find

456
00:20:11,200 --> 00:20:07,130
it very interesting and that's that the

457
00:20:15,220 --> 00:20:11,210
for long there's going to be a public

458
00:20:19,299 --> 00:20:15,230
demonstration of start visitors presence

459
00:20:23,640 --> 00:20:19,309
in the skies over five major cities this

460
00:20:26,440 --> 00:20:23,650
will end the UFO cover-up I wonderful

461
00:20:29,950 --> 00:20:26,450
I'm in communication with some of the

462
00:20:33,720 --> 00:20:29,960
star visitors and they said per your

463
00:20:38,020 --> 00:20:33,730

request we're going to get a number of

464

00:20:40,570 --> 00:20:38,030

large space ships and blanket the skies

465

00:20:43,930 --> 00:20:40,580

over five cities all at the same time

466

00:20:48,970 --> 00:20:43,940

and we'll do it for almost a whole

467

00:20:50,980 --> 00:20:48,980

24-hour period and after that people

468

00:20:54,340 --> 00:20:50,990

will not be able to say there's no such

469

00:20:59,100 --> 00:20:54,350

things as UFOs the cities picked are

470

00:21:05,520 --> 00:20:59,110

these five Los Angeles Minneapolis

471

00:21:10,029 --> 00:21:05,530

Nashville Tennessee Monterey Mexico and

472

00:21:12,760 --> 00:21:10,039

London England Wow you can met the skies

473

00:21:14,919 --> 00:21:12,770

over these five cities just blanketed

474

00:21:16,750 --> 00:21:14,929

with beautiful than them staying there

475

00:21:19,180 --> 00:21:16,760

and not just zipping overhead but just

476

00:21:24,669 --> 00:21:19,190

staying there bobbing in the air if you

477

00:21:26,020 --> 00:21:24,679

will for maybe 20 hours after that the

478

00:21:29,919 --> 00:21:26,030

government's not gonna be able to say

479

00:21:34,510 --> 00:21:29,929

there ain't no such thing anymore yeah

480

00:21:36,130 --> 00:21:34,520

yeah hey I got did something okay sorry

481

00:21:38,590 --> 00:21:36,140

MJ I was looking at something just

482

00:21:42,730 --> 00:21:38,600

popped up and I'm not even sure whether

483

00:21:46,419 --> 00:21:42,740

it said Oh brick okay thank you

484

00:21:48,159 --> 00:21:46,429

MJ sorry Richard I I am so

485

00:21:50,430 --> 00:21:48,169

discombobulated tonight I didn't even

486

00:21:52,840 --> 00:21:50,440

have my I am open up so I can tell my

487

00:21:55,539 --> 00:21:52,850

producer was stayin to be so there we

488

00:21:56,830 --> 00:21:55,549

are okay so we're gonna skip our bottom

489

00:21:58,480 --> 00:21:56,840

of the hour break because you know

490

00:22:00,940 --> 00:21:58,490

you've just brought up a whole bunch of

491

00:22:03,850 --> 00:22:00,950

really amazing things to me first off I

492

00:22:05,380 --> 00:22:03,860

want to talk about what they did to you

493

00:22:07,390 --> 00:22:05,390

and I'm gonna have to go into detail

494

00:22:09,010 --> 00:22:07,400

because I've already done my research on

495

00:22:10,299 --> 00:22:09,020

you and I know what they did to you but

496

00:22:13,330 --> 00:22:10,309

I want you to know something

497

00:22:14,890 --> 00:22:13,340

I was the administrative director of

498

00:22:19,090 --> 00:22:14,900

Marin camp

499

00:22:21,310 --> 00:22:19,100

EAM ft and I know all about camp and I

500

00:22:25,390 --> 00:22:21,320

know all about these organizations since

501
00:22:28,510 --> 00:22:25,400
I was in charge of 450 m ft s in Marin

502
00:22:30,400 --> 00:22:28,520
County and I know the psychotherapy

503
00:22:32,200 --> 00:22:30,410
world really well because I work for one

504
00:22:35,650 --> 00:22:32,210
of the top psychotherapists in the

505
00:22:39,850 --> 00:22:35,660
country right now she's a PhD she's an

506
00:22:42,490 --> 00:22:39,860
amazing woman and I have conversations

507
00:22:44,800 --> 00:22:42,500
with these people all the time about and

508
00:22:46,960 --> 00:22:44,810
I casually bring it up to them at all

509
00:22:49,420 --> 00:22:46,970
the events I go to with all the MFT s

510
00:22:51,970 --> 00:22:49,430
and all the PhDs and psychologists and I

511
00:22:53,950 --> 00:22:51,980
say to them just casually hey by the way

512
00:22:55,360 --> 00:22:53,960
how do you treat your patients who come

513
00:22:58,780 --> 00:22:55,370

in to you and say they've had alien

514

00:23:01,240 --> 00:22:58,790

contact and to a tee they've all told me

515

00:23:02,800 --> 00:23:01,250

and nothing against them this is just

516

00:23:05,980 --> 00:23:02,810

what they've been trained to believe

517

00:23:10,540 --> 00:23:05,990

they to a tee tell me that they're all

518

00:23:12,400 --> 00:23:10,550

schizophrenic and I to a tee tell each

519

00:23:15,240 --> 00:23:12,410

one of them that maybe there's more to

520

00:23:17,590 --> 00:23:15,250

it than you think and then I walk away

521

00:23:20,800 --> 00:23:17,600

because I don't want to get myself in

522

00:23:22,810 --> 00:23:20,810

trouble too but I know how ruthless

523

00:23:24,910 --> 00:23:22,820

these organizations can be the board of

524

00:23:27,250 --> 00:23:24,920

Behavioral Sciences in California is a

525

00:23:29,410 --> 00:23:27,260

bear I mean if you do one little tiny

526
00:23:30,940 --> 00:23:29,420
thing wrong or theme and perceived that

527
00:23:33,130 --> 00:23:30,950
yours you're talking out of turn

528
00:23:35,860 --> 00:23:33,140
according to how their guidelines are

529
00:23:38,040 --> 00:23:35,870
supposed to be you are squashed and I

530
00:23:41,020 --> 00:23:38,050
was around for the Wendell Stevens

531
00:23:43,270 --> 00:23:41,030
fiasco I was around for all the Fiasco's

532
00:23:45,610 --> 00:23:43,280
I'm currently around for the Stan Roman

533
00:23:47,530 --> 00:23:45,620
Act Fiasco and I know with these

534
00:23:49,630 --> 00:23:47,540
organizations as well as the federal

535
00:23:51,610 --> 00:23:49,640
government in the deep dark recesses of

536
00:23:55,000 --> 00:23:51,620
their bowels will do to people like you

537
00:23:57,700 --> 00:23:55,010
so I just want to let you know whatever

538
00:24:00,010 --> 00:23:57,710

happened I don't care because I know

539

00:24:02,050 --> 00:24:00,020

that just talking to you and hearing

540

00:24:03,910 --> 00:24:02,060

your voice I know that you were not the

541

00:24:06,670 --> 00:24:03,920

instigator of anything that they tell

542

00:24:09,190 --> 00:24:06,680

you or anybody reads about that that

543

00:24:11,320 --> 00:24:09,200

they might have happened so any I just

544

00:24:14,050 --> 00:24:11,330

want you to know that because these guys

545

00:24:15,670 --> 00:24:14,060

are ruthless and people don't understand

546

00:24:17,710 --> 00:24:15,680

that dude they Richard how ruthless

547

00:24:20,830 --> 00:24:17,720

these organizations that want to keep

548

00:24:22,600 --> 00:24:20,840

people quiet like yourself quiet I mean

549

00:24:28,300 --> 00:24:22,610

I'm surprised they didn't kill you to be

550

00:24:30,100 --> 00:24:28,310

honest with you probably bored

551
00:24:33,640 --> 00:24:30,110
I hope you didn't kill me that has

552
00:24:34,600 --> 00:24:33,650
killed my reputation in my career that's

553
00:24:38,770 --> 00:24:34,610
right

554
00:24:42,340 --> 00:24:38,780
other people behind the UFO cover-up

555
00:24:45,730 --> 00:24:42,350
I mean people working for what we might

556
00:24:48,910 --> 00:24:45,740
call a shadow government who have done

557
00:24:52,080 --> 00:24:48,920
things taking shots at me that run me

558
00:25:03,670 --> 00:24:56,920
and all manner of harm trying to induce

559
00:25:06,870 --> 00:25:03,680
illness or injury these people are very

560
00:25:09,040 --> 00:25:06,880
well vicious is the correct word yes

561
00:25:10,900 --> 00:25:09,050
absolutely they're vicious they're

562
00:25:12,850 --> 00:25:10,910
horrible they're abominable I mean

563
00:25:18,220 --> 00:25:12,860

they're they're they're satanic let's

564

00:25:22,680 --> 00:25:18,230

just put it that way so the but they're

565

00:25:25,300 --> 00:25:22,690

there game is up very soon when this

566

00:25:28,810 --> 00:25:25,310

aerial display over five major

567

00:25:30,520 --> 00:25:28,820

metropolitan areas happens that's going

568

00:25:33,550 --> 00:25:30,530

to be the end of it they can't say

569

00:25:35,290 --> 00:25:33,560

there's no UFOs anymore and then we're

570

00:25:38,770 --> 00:25:35,300

going to have to come to terms and this

571

00:25:40,780 --> 00:25:38,780

is what I think is exciting we as a bird

572

00:25:43,600 --> 00:25:40,790

society going to have to come to terms

573

00:25:47,430 --> 00:25:43,610

with the fact that we're not alone that

574

00:25:52,540 --> 00:25:47,440

there's people from other star systems

575

00:25:57,070 --> 00:25:52,550

aplenty in the billions that a number of

576

00:26:02,950 --> 00:25:57,080

them have come to visit earth and in

577

00:26:05,770 --> 00:26:02,960

fact we even have two settlements of

578

00:26:10,990 --> 00:26:05,780

people from the stars on earth keeping a

579

00:26:13,330 --> 00:26:11,000

low profile but they're here and our

580

00:26:18,520 --> 00:26:13,340

government and other government nature

581

00:26:22,450 --> 00:26:18,530

powers have known this for decades a lot

582

00:26:28,320 --> 00:26:22,460

of people don't know that in 1964 there

583

00:26:35,290 --> 00:26:28,330

was a gathering of the four major powers

584

00:26:42,240 --> 00:26:35,300

to form an agreement with the star

585

00:26:47,560 --> 00:26:45,160

I'll tell you the fourth the four

586

00:26:49,960 --> 00:26:47,570

governments involved the United States

587

00:26:53,260 --> 00:26:49,970

the Soviet Union at the time the

588

00:26:55,060 --> 00:26:53,270

People's Republic of China and what was

589

00:26:58,720 --> 00:26:55,070

then called the Council of Europe which

590

00:27:00,820 --> 00:26:58,730

is roughly equivalent to the European

591

00:27:06,640 --> 00:27:00,830

Union today you know yeah

592

00:27:08,620 --> 00:27:06,650

they met in underneath the mountain in

593

00:27:16,510 --> 00:27:08,630

the Guadalupe Mountains of North West

594

00:27:21,310 --> 00:27:16,520

Texas and the deal an agreement was

595

00:27:27,070 --> 00:27:21,320

signed basically to cut to the chase the

596

00:27:28,750 --> 00:27:27,080

agreement was that the major powers

597

00:27:35,100 --> 00:27:28,760

would stop trying to shoot down UFOs

598

00:27:38,290 --> 00:27:35,110

they came to visit and in exchange the

599

00:27:41,740 --> 00:27:38,300

star visitors would let them have

600

00:27:44,110 --> 00:27:41,750

knowledge and and some understanding of

601
00:27:47,800 --> 00:27:44,120
some of the advanced technology that the

602
00:27:52,230 --> 00:27:47,810
star visitors have which these countries

603
00:27:57,400 --> 00:27:52,240
and they kept and the corporation's they

604
00:27:59,200 --> 00:27:57,410
represent very much wanted to have so

605
00:28:02,380 --> 00:27:59,210
this agreement was signed and of course

606
00:28:05,080 --> 00:28:02,390
tink was hardly dry when the first

607
00:28:08,170 --> 00:28:05,090
governments promptly ignored it and went

608
00:28:09,970 --> 00:28:08,180
back to trying to sneakily shoot down

609
00:28:13,000 --> 00:28:09,980
UFOs whenever they thought they could

610
00:28:16,060 --> 00:28:13,010
get away with it right that's right well

611
00:28:18,270 --> 00:28:16,070
that's 53 years ago that these major

612
00:28:21,690 --> 00:28:18,280
power is signed an agreement with the

613
00:28:27,250 --> 00:28:21,700

representatives on star and agents and

614

00:28:29,560 --> 00:28:27,260

you think he's going which not to

615

00:28:31,330 --> 00:28:29,570

interrupt this part of this story but I

616

00:28:32,920 --> 00:28:31,340

do need to know a couple quick things

617

00:28:36,460 --> 00:28:32,930

before we finish it

618

00:28:41,020 --> 00:28:36,470

who are the two species that are here

619

00:28:44,500 --> 00:28:41,030

now and who was the president that was

620

00:28:46,870 --> 00:28:44,510

in charge of that contract in 64 or

621

00:28:47,320 --> 00:28:46,880

wasn't even the president knowing about

622

00:28:51,220 --> 00:28:47,330

it

623

00:28:52,960 --> 00:28:51,230

so yeah those are my two questions all

624

00:28:55,360 --> 00:28:52,970

right well I'm here the second one first

625

00:28:57,670 --> 00:28:55,370

year sure I'll do with the preliminary

626
00:29:01,570 --> 00:28:57,680
meeting in 60 in late eisenhower was the

627
00:29:05,770 --> 00:29:01,580
president at that time since then he was

628
00:29:09,220 --> 00:29:05,780
out of office by the time of 64 Kennedy

629
00:29:11,920 --> 00:29:09,230
was the president but he was not at this

630
00:29:13,630 --> 00:29:11,930
meeting because warrants rockefeller

631
00:29:16,180 --> 00:29:13,640
edged him out of the way which shows you

632
00:29:18,970 --> 00:29:16,190
who really runs the country people think

633
00:29:24,450 --> 00:29:18,980
is wells in it but it's the Rockefellers

634
00:29:28,360 --> 00:29:24,460
and other big things in and Sears and he

635
00:29:30,790 --> 00:29:28,370
appointed himself to represent the u.s.

636
00:29:33,880 --> 00:29:30,800
at this meeting now they're talking

637
00:29:38,950 --> 00:29:33,890
about 1960 though right not to 64

638
00:29:47,230 --> 00:29:38,960

Kennedy's dead so right right okay

639

00:29:50,169 --> 00:29:47,240

gotcha yeah he was assassinated 63 but

640

00:29:55,710 --> 00:29:50,179

the Senate had already gone under way

641

00:29:58,810 --> 00:29:55,720

but I think the people behind the cover

642

00:30:01,690 --> 00:29:58,820

are behind the assassination him as well

643

00:30:05,799 --> 00:30:01,700

but they they put their own person in

644

00:30:08,919 --> 00:30:05,809

instead to represent the US and this

645

00:30:13,900 --> 00:30:08,929

four party a meeting and agreement with

646

00:30:14,790 --> 00:30:13,910

the star visitors so they that went

647

00:30:20,710 --> 00:30:14,800

forward

648

00:30:23,620 --> 00:30:20,720

now the there's two groups that are in

649

00:30:26,740 --> 00:30:23,630

long term residents on earth do start

650

00:30:34,830 --> 00:30:26,750

nations two stars visitor species if you

651

00:30:40,570 --> 00:30:34,840

will the first is well it's actually

652

00:30:46,110 --> 00:30:40,580

three one just arrived the the one

653

00:30:50,290 --> 00:30:46,120

that's been around the longest was media

654

00:30:53,049 --> 00:30:50,300

what we call Asami these are people from

655

00:30:55,210 --> 00:30:53,059

Barnard star you look perfectly human

656

00:31:01,030 --> 00:30:55,220

the only difference between them and us

657

00:31:04,360 --> 00:31:01,040

is we we have I think it's 32 teeth and

658

00:31:09,060 --> 00:31:04,370

they had 26 but other than that you

659

00:31:12,490 --> 00:31:09,070

couldn't tell them apart they

660

00:31:15,310 --> 00:31:12,500

because they came from a weekend star

661

00:31:18,340 --> 00:31:15,320

they wear their world was cold when they

662

00:31:20,500 --> 00:31:18,350

came to the earth they wanted to live in

663

00:31:24,220 --> 00:31:20,510

the northern climates because they're

664

00:31:27,640 --> 00:31:24,230

used to cold living and so they lived

665

00:31:33,250 --> 00:31:27,650

above the Arctic Circle we we call them

666

00:31:35,020 --> 00:31:33,260

Laplanders or Sami these days they've

667

00:31:38,470 --> 00:31:35,030

done a little bit of intermarriage with

668

00:31:41,830 --> 00:31:38,480

Europeans but the original ones still

669

00:31:44,320 --> 00:31:41,840

have that condition of fewer teeth than

670

00:31:46,030 --> 00:31:44,330

humans that gives have some dentists

671

00:31:49,090 --> 00:31:46,040

scratching their heads when they deal

672

00:31:50,740 --> 00:31:49,100

with them now that's very interesting I

673

00:31:52,540 --> 00:31:50,750

never knew this this is really

674

00:31:54,190 --> 00:31:52,550

interesting stuff do they have a

675

00:31:58,330 --> 00:31:54,200

different blood type as well like the

676

00:32:03,490 --> 00:31:58,340

Basque people do I don't know that

677

00:32:05,680 --> 00:32:03,500

detail okay the other group that's been

678

00:32:08,049 --> 00:32:05,690

around for a while is its hallways that

679

00:32:11,230 --> 00:32:08,059

are in residence and what we call in a

680

00:32:18,430 --> 00:32:11,240

vet a test site Nevada National Security

681

00:32:23,560 --> 00:32:18,440

site in Nevada and they live near Indian

682

00:32:27,700 --> 00:32:23,570

Springs which is a in a valley with

683

00:32:31,480 --> 00:32:27,710

surrounded by mountains in I would say

684

00:32:34,180 --> 00:32:31,490

it's about 15 miles southwest of area 51

685

00:32:39,250 --> 00:32:34,190

on the other side of the range posted on

686

00:32:41,169 --> 00:32:39,260

US Highway 295 and they've lived there

687

00:32:43,870 --> 00:32:41,179

for a long time and they kind of mind

688

00:32:47,049 --> 00:32:43,880

their own business and they the

689

00:32:50,049 --> 00:32:47,059

government is aware of them and leaves

690

00:32:55,090 --> 00:32:50,059

them alone there's been some contacts in

691

00:32:59,290 --> 00:32:55,100

fact Charles Hall who was an Air Force

692

00:33:02,590 --> 00:32:59,300

man some decades ago and was assigned to

693

00:33:04,270 --> 00:33:02,600

the range talks about seeing some Air

694

00:33:06,490 --> 00:33:04,280

Force generals get aboard one of their

695

00:33:08,710 --> 00:33:06,500

craft and go for what we might call a

696

00:33:15,340 --> 00:33:08,720

joint over right out past the moon and

697

00:33:18,100 --> 00:33:15,350

so forth and they come back and so and

698

00:33:19,990 --> 00:33:18,110

there's been some exchange of technical

699

00:33:24,200 --> 00:33:20,000

information on the part of the star

700

00:33:30,990 --> 00:33:26,790

the American government giving them

701
00:33:33,930 --> 00:33:31,000
supplies because it's a long flight back

702
00:33:37,890 --> 00:33:33,940
to their homeworld so that they're in

703
00:33:43,740 --> 00:33:37,900
the Nevada desert then the group that

704
00:33:44,700 --> 00:33:43,750
just arrived here most recently are the

705
00:33:51,680 --> 00:33:44,710
Alta Marian's

706
00:33:54,750 --> 00:33:51,690
they come from a dying star and they

707
00:33:57,030 --> 00:33:54,760
this is going to go supernova

708
00:33:59,280 --> 00:33:57,040
pretty pretty soon so they had to get

709
00:34:05,910 --> 00:33:59,290
off there and they asked for it got

710
00:34:11,190 --> 00:34:05,920
permission to come take up residence in

711
00:34:15,660 --> 00:34:11,200
the US and so they have done that last

712
00:34:18,780 --> 00:34:15,670
year to be specific and they're in

713
00:34:28,910 --> 00:34:18,790

residence in a very remote location in

714

00:34:33,210 --> 00:34:28,920

the desert part of Utah southeast Utah

715

00:34:44,340 --> 00:34:33,220

so you're basically saying they're up

716

00:34:48,110 --> 00:34:44,350

near skinwalker ranch no no okay Mexico

717

00:34:52,830 --> 00:34:48,120

lined oh I gotcha

718

00:34:53,580 --> 00:34:52,840

so those are three groups of Esther

719

00:34:56,160 --> 00:34:53,590

crystals

720

00:34:58,350 --> 00:34:56,170

you will start visitors at home who are

721

00:35:02,940 --> 00:34:58,360

in residence on earth finding their own

722

00:35:05,190 --> 00:35:02,950

manners and and quietly present here and

723

00:35:07,290 --> 00:35:05,200

it you know everything has ended

724

00:35:10,470 --> 00:35:07,300

so everything hasn't fallen apart all

725

00:35:12,960 --> 00:35:10,480

the horror stories about evil aliens

726

00:35:17,220 --> 00:35:12,970

that the propaganda meals can counter

727

00:35:20,460 --> 00:35:17,230

are false and in addition to these

728

00:35:25,280 --> 00:35:20,470

groups that are quietly here enjoying

729

00:35:28,980 --> 00:35:25,290

life on a stable planet and star system

730

00:35:32,490 --> 00:35:28,990

we have many other races coming in and

731

00:35:35,340 --> 00:35:32,500

out all the time as the people you and

732

00:35:40,230 --> 00:35:35,350

other researchers have talked

733

00:35:42,690 --> 00:35:40,240

two visits can tell that there are

734

00:35:48,900 --> 00:35:42,700

different kinds of folks that people

735

00:35:51,150 --> 00:35:48,910

describe as making a visit to them it's

736

00:35:55,410 --> 00:35:51,160

hard to tell how many different races

737

00:35:57,930 --> 00:35:55,420

are involved but certainly in the dozens

738

00:35:58,440 --> 00:35:57,940

many does oh yeah at least I would think

739

00:36:04,110 --> 00:35:58,450

so

740

00:36:06,690 --> 00:36:04,120

many of these those three beans that are

741

00:36:10,620 --> 00:36:06,700

here that you know of have you been in

742

00:36:14,310 --> 00:36:10,630

contact with any or all of them I met a

743

00:36:19,770 --> 00:36:14,320

sami woman black wonder whatever you

744

00:36:24,860 --> 00:36:19,780

will of all things our UFO conference

745

00:36:31,710 --> 00:36:24,870

and of all places in Hawaii that where

746

00:36:36,020 --> 00:36:31,720

she was present and she the dirt lovely

747

00:36:39,830 --> 00:36:36,030

lady and she knew I knew a lot about

748

00:36:44,400 --> 00:36:39,840

contact with star visitors and so she

749

00:36:48,630 --> 00:36:44,410

she quietly acknowledged that yes

750

00:36:56,070 --> 00:36:48,640

they're here and she was very nice about

751

00:36:59,340 --> 00:36:56,080

it the tall whites I have not well I'll

752

00:37:01,620 --> 00:36:59,350

take that back Oh Eddie there was an

753

00:37:06,440 --> 00:37:01,630

international symposium on star nations

754

00:37:09,090 --> 00:37:06,450

in Rome Italy in 2008 and one of the top

755

00:37:12,120 --> 00:37:09,100

again the tall wife's look just like us

756

00:37:15,240 --> 00:37:12,130

except where there's in our eyes where

757

00:37:20,460 --> 00:37:15,250

there's a white field in our eyes it's

758

00:37:21,870 --> 00:37:20,470

black in their eyes so because but yeah

759

00:37:23,760 --> 00:37:21,880

but other than that it lets out

760

00:37:28,950 --> 00:37:23,770

whoever's take humans so this guy was

761

00:37:30,720 --> 00:37:28,960

wearing sunglasses so nobody could tell

762

00:37:32,970 --> 00:37:30,730

what was behind the glasses what his

763

00:37:35,940 --> 00:37:32,980

eyes look like and he was sitting in the

764

00:37:40,050 --> 00:37:35,950

audience towards the back and I spotted

765

00:37:43,650 --> 00:37:40,060

him and I think he had a woman companion

766

00:37:46,680 --> 00:37:43,660

to there and I when I was giving my talk

767

00:37:49,210 --> 00:37:46,690

I know is that the star visitor starts

768

00:37:51,760 --> 00:37:49,220

you some theoretical eye

769

00:37:53,470 --> 00:37:51,770

gyah we actually have a couple in our

770

00:37:56,020 --> 00:37:53,480

audience here and I didn't quite about I

771

00:38:00,070 --> 00:37:56,030

didn't want people that mob them or but

772

00:38:03,849 --> 00:38:00,080

go nuts or whatever so I played it cool

773

00:38:06,640 --> 00:38:03,859

and he played it cool and it was quite

774

00:38:08,530 --> 00:38:06,650

an experience to have a supposing

775

00:38:13,530 --> 00:38:08,540

amongst our visitors and who should sit

776

00:38:17,970 --> 00:38:16,570

this guy we see seven feet eight feet

777

00:38:23,020 --> 00:38:17,980

tall

778

00:38:25,540 --> 00:38:23,030

no he will he was sitting so it's hard

779

00:38:28,000 --> 00:38:25,550

to estimate I think he was certainly

780

00:38:34,990 --> 00:38:28,010

under seven feet probably six foot

781

00:38:37,030 --> 00:38:35,000

something yeah I never ease yeah all

782

00:38:39,280 --> 00:38:37,040

right and the sámi

783

00:38:44,830 --> 00:38:39,290

and then the third group all Temari ins

784

00:38:46,710 --> 00:38:44,840

well I had contact with one of the

785

00:38:51,700 --> 00:38:46,720

leaders of the out Sumerians

786

00:38:55,329 --> 00:38:51,710

however she chase your appearance they

787

00:38:57,640 --> 00:38:55,339

don't look at all human and his shoes

788

00:39:01,120 --> 00:38:57,650

around with me and anybody else's around

789

00:39:05,380 --> 00:39:01,130

they go eight about it so she chase your

790

00:39:08,109 --> 00:39:05,390

appearance to look like a human okay to

791

00:39:10,470 --> 00:39:08,119

tell from her energy and the

792

00:39:13,870 --> 00:39:10,480

circumstances of I knew she was coming

793

00:39:17,770 --> 00:39:13,880

that it was it was heard and she wasn't

794

00:39:22,050 --> 00:39:17,780

all tomoron but anyone looking on would

795

00:39:26,500 --> 00:39:22,060

say it's just a human woman

796

00:39:28,510 --> 00:39:26,510

so that appearance changing can happen

797

00:39:33,390 --> 00:39:28,520

if it needs to be for their protection

798

00:39:36,849 --> 00:39:33,400

and safety right so I would say I've met

799

00:39:39,849 --> 00:39:36,859

one or more of each of these resident

800

00:39:44,050 --> 00:39:39,859

groups of course some others to evade

801
00:39:48,070 --> 00:39:44,060
area51 I had some help from my data

802
00:39:50,800 --> 00:39:48,080
friends but uh so now well then tell us

803
00:39:52,540 --> 00:39:50,810
a little bit about your zeta friends

804
00:39:55,420 --> 00:39:52,550
that sounds very intriguing we're

805
00:40:01,960 --> 00:39:55,430
talking about the greys now right well

806
00:40:06,480 --> 00:40:03,670
well they were doing a little favor of

807
00:40:10,950 --> 00:40:06,490
me I was doing some research back before

808
00:40:17,020 --> 00:40:10,960
anybody else was about what was going on

809
00:40:19,270 --> 00:40:17,030
area 51 in terms of UFOs and human

810
00:40:23,920 --> 00:40:19,280
manufacturing of anti-gravity craft

811
00:40:29,250 --> 00:40:23,930
using technologies borrowed from UFOs

812
00:40:47,349 --> 00:40:29,260
and this was very dangerous work and

813
00:40:49,930 --> 00:40:47,359

this was 1995 and what was going on this

814

00:40:52,329 --> 00:40:49,940

is before anybody else knew about area

815

00:40:56,050 --> 00:40:52,339

51 that's having you little connections

816

00:41:00,430 --> 00:40:56,060

and they thought it was a high secret

817

00:41:03,640 --> 00:41:00,440

advanced airplane testing base which is

818

00:41:08,250 --> 00:41:03,650

right is fun degree but that's all sir

819

00:41:12,099 --> 00:41:08,260

hovers for the real stuff going on but

820

00:41:16,620 --> 00:41:12,109

one night I was out there and the people

821

00:41:22,839 --> 00:41:16,630

from the security company those nice

822

00:41:31,030 --> 00:41:22,849

rugged individuals well the black water

823

00:41:35,079 --> 00:41:31,040

types yeah yeah yeah I went in to on

824

00:41:38,140 --> 00:41:35,089

that green lake road dirt road towards

825

00:41:43,300 --> 00:41:38,150

the base trying to see how far I could

826

00:41:44,260 --> 00:41:43,310

get and I we did see some us and a

827

00:41:48,609 --> 00:41:44,270

gravity craft

828

00:41:51,849 --> 00:41:48,619

lift off and fly along the ridgeline so

829

00:41:54,069 --> 00:41:51,859

I did succeed in that whoo it's very

830

00:41:57,069 --> 00:41:54,079

dangerous oh there's a three of high

831

00:42:00,550 --> 00:41:57,079

security and in one of my quarries in

832

00:42:03,819 --> 00:42:00,560

there they took a shot at my tire and I

833

00:42:05,920 --> 00:42:03,829

had to live all the way to Las Vegas and

834

00:42:10,780 --> 00:42:05,930

get a new tire which is a very long

835

00:42:14,109 --> 00:42:10,790

drive I've done that drive I know it is

836

00:42:15,130 --> 00:42:14,119

a long drive so I came back at night

837

00:42:17,740 --> 00:42:15,140

under cover

838

00:42:21,520 --> 00:42:17,750

darkness and turn my headlights out of

839

00:42:25,300 --> 00:42:21,530

it and kind of crept along the roadways

840

00:42:32,410 --> 00:42:25,310

to watch some more and the Zetas helped

841

00:42:35,200 --> 00:42:32,420

me out by as they do they turn their

842

00:42:36,900 --> 00:42:35,210

craft into the appearance of a car came

843

00:42:40,780 --> 00:42:36,910

along the road with big bright

844

00:42:45,280 --> 00:42:40,790

headlights but following behind where I

845

00:42:51,660 --> 00:42:45,290

come and turned into area 51 and human

846

00:42:54,280 --> 00:42:51,670

Lake Road there and the guard people

847

00:42:56,710 --> 00:42:54,290

were keeping an eye on the whole thing I

848

00:42:59,740 --> 00:42:56,720

turned my lights out and all I could see

849

00:43:05,230 --> 00:42:59,750

was this other car quote-unquote come

850

00:43:07,270 --> 00:43:05,240

along pull in stop a little bit and then

851
00:43:10,450 --> 00:43:07,280
turn around and go away which provided

852
00:43:12,850 --> 00:43:10,460
to cover it they figured didn't have to

853
00:43:14,710 --> 00:43:12,860
worry about anything because wherever it

854
00:43:21,970 --> 00:43:14,720
was they'd gone on their merry way down

855
00:43:23,770 --> 00:43:21,980
us 93 back to Vegas so that was one way

856
00:43:26,940 --> 00:43:23,780
those Zetas helped me by providing a

857
00:43:29,620 --> 00:43:26,950
little cover for my presence

858
00:43:33,700 --> 00:43:29,630
Nick come by another time when I was at

859
00:43:38,560 --> 00:43:33,710
Rachel one night and put on a little

860
00:43:41,740 --> 00:43:38,570
show for me they trimmed their new

861
00:43:44,860 --> 00:43:41,750
vehicle into the appearance of a giant

862
00:43:47,110 --> 00:43:44,870
semi truck with all people wearing

863
00:43:49,810 --> 00:43:47,120

headlights and overhead lights on the

864

00:43:51,970 --> 00:43:49,820

top of the cab and all that the only

865

00:43:54,460 --> 00:43:51,980

thing is right behind the cab there is

866

00:43:57,610 --> 00:43:54,470

nothing else there was no milk trailer

867

00:44:01,270 --> 00:43:57,620

it wasn't even the back hitch so very

868

00:44:03,130 --> 00:44:01,280

strange appearance yeah you know what I

869

00:44:05,290 --> 00:44:03,140

gotta interrupt you for one second

870

00:44:08,200 --> 00:44:05,300

audience is kind of gone yeah right you

871

00:44:10,240 --> 00:44:08,210

know I got a few of those always and I

872

00:44:12,220 --> 00:44:10,250

gotta tell them you know this isn't the

873

00:44:15,490 --> 00:44:12,230

first time I've heard this folks I heard

874

00:44:17,800 --> 00:44:15,500

about a guy that he thought well his

875

00:44:20,500 --> 00:44:17,810

guys came to him in the guise of a

876

00:44:23,230 --> 00:44:20,510

Lincoln another Lincoln Continental with

877

00:44:25,180 --> 00:44:23,240

the doors that open you know the suicide

878

00:44:26,950 --> 00:44:25,190

doors I thought that was the most

879

00:44:28,770 --> 00:44:26,960

amazing story I've ever heard and he

880

00:44:32,100 --> 00:44:28,780

swears to this day that's what they

881

00:44:34,380 --> 00:44:32,110

came in and they basically were

882

00:44:37,260 --> 00:44:34,390

surrounding this car but it was really a

883

00:44:40,050 --> 00:44:37,270

spacecraft and I'm telling you folks a

884

00:44:44,160 --> 00:44:40,060

semi doesn't surprise me at all Richard

885

00:44:44,940 --> 00:44:44,170

at all this is how they showed me how

886

00:44:48,300 --> 00:44:44,950

they did it

887

00:44:52,530 --> 00:44:48,310

I'm good at later on I'm going down us

888

00:44:58,220 --> 00:44:52,540

93 going back towards Las Vegas at night

889

00:45:06,090 --> 00:45:01,980

row maybe two three miles east of the

890

00:45:08,790 --> 00:45:06,100

highway up near almost where there would

891

00:45:12,230 --> 00:45:08,800

be some hills and this very bright light

892

00:45:17,550 --> 00:45:12,240

sitting there I'm maybe ten miles off

893

00:45:20,840 --> 00:45:17,560

tooling down highway 93 and I watch it

894

00:45:23,460 --> 00:45:20,850

and then it starts to slowly ascend I

895

00:45:27,390 --> 00:45:23,470

said oh my god the seal closed on the

896

00:45:29,850 --> 00:45:27,400

land they got down to the sagebrush

897

00:45:34,980 --> 00:45:29,860

level and then it started to come

898

00:45:36,360 --> 00:45:34,990

sideways towards us highway I figured

899

00:45:38,130 --> 00:45:36,370

that the rate of speed I'm going the

900

00:45:48,660 --> 00:45:38,140

rate of speed is going we're going to

901
00:45:52,890 --> 00:45:48,670
converge just about jackie down that

902
00:45:54,350 --> 00:45:52,900
tree and this bright light that just

903
00:45:56,900 --> 00:45:54,360
finished coming out of the sky

904
00:45:58,920 --> 00:45:56,910
vertically slow descent and then

905
00:46:03,120 --> 00:45:58,930
horizontally and along the top of the

906
00:46:06,510 --> 00:46:03,130
sagebrush towards us 93 gets out to the

907
00:46:10,590 --> 00:46:06,520
road and and turns it starts to come

908
00:46:13,140 --> 00:46:10,600
towards me and the oncoming leg and it's

909
00:46:15,150 --> 00:46:13,150
really bright so you know like I'm

910
00:46:17,160 --> 00:46:15,160
coming headlights I'm high and even

911
00:46:18,750 --> 00:46:17,170
brighter than that so it's really hard

912
00:46:21,030 --> 00:46:18,760
to see what it was until they got very

913
00:46:24,800 --> 00:46:21,040

close and when we got very close there

914

00:46:28,080 --> 00:46:24,810

was a late-model Ford or passenger car

915

00:46:30,420 --> 00:46:28,090

okay all the world Ordinaries anything

916

00:46:33,510 --> 00:46:30,430

else the only thing I know is that

917

00:46:35,880 --> 00:46:33,520

passenger cars don't hover up in the air

918

00:46:39,210 --> 00:46:35,890

and drop slowly to the ground and come

919

00:46:43,009 --> 00:46:39,220

across at stage West level for a couple

920

00:46:49,250 --> 00:46:43,019

miles and then get onto a highway

921

00:46:53,700 --> 00:46:49,260

so Wow how they do shape-shifting to

922

00:46:57,660 --> 00:46:53,710

move from Starcraft 2 what looks like a

923

00:47:02,670 --> 00:46:57,670

regular US issue car you would look

924

00:47:05,130 --> 00:47:02,680

twice at isn't that amazing and I'm

925

00:47:07,620 --> 00:47:05,140

telling you Richard you know people

926

00:47:09,870 --> 00:47:07,630

don't get it one of the things that is

927

00:47:14,160 --> 00:47:09,880

so amazing about how they control our

928

00:47:17,549 --> 00:47:14,170

minds is that possibly you were you know

929

00:47:19,319 --> 00:47:17,559

you saw that right yeah maybe if

930

00:47:21,750 --> 00:47:19,329

somebody else was with you they might

931

00:47:24,150 --> 00:47:21,760

have seen a different car or maybe they

932

00:47:26,370 --> 00:47:24,160

would have seen the UFO you know it just

933

00:47:28,799 --> 00:47:26,380

depends on how they're controlling your

934

00:47:31,410 --> 00:47:28,809

mind at the time you see what they

935

00:47:33,089 --> 00:47:31,420

project for you to see you hallucinate

936

00:47:37,380 --> 00:47:33,099

but they decide you're going to

937

00:47:41,759 --> 00:47:37,390

elucidate and it's mind-boggling to me

938

00:47:44,640 --> 00:47:41,769

how it happens you know as a PhD do you

939

00:47:46,710 --> 00:47:44,650

have any idea how they're doing this I

940

00:47:49,410 --> 00:47:46,720

have some ideas and I want to hear what

941

00:47:52,470 --> 00:47:49,420

you think is the process for them being

942

00:47:54,329 --> 00:47:52,480

able to take over our visual cortex and

943

00:47:57,620 --> 00:47:54,339

how we actually perceive everything

944

00:48:00,450 --> 00:47:57,630

they're throwing at us what do you think

945

00:48:01,740 --> 00:48:00,460

well I know that's a loaded question by

946

00:48:08,130 --> 00:48:01,750

the way so if you don't want to answer

947

00:48:10,559 --> 00:48:08,140

you definitely have to I don't know if

948

00:48:13,410 --> 00:48:10,569

there's some crystal technology I'm

949

00:48:15,480 --> 00:48:13,420

certainly not an expert in that the

950

00:48:20,190 --> 00:48:15,490

simplest explanation is I think a very

951
00:48:23,549 --> 00:48:20,200
powerful mental telepathy and mental

952
00:48:27,059 --> 00:48:23,559
telepathy when it's cranked up dis

953
00:48:30,569 --> 00:48:27,069
capable of being hypnotic and it's very

954
00:48:36,329 --> 00:48:30,579
possible that they men we hope as we

955
00:48:39,930 --> 00:48:36,339
communicated the the message that you

956
00:48:43,859 --> 00:48:39,940
will see a conventional quarter or

957
00:48:48,180 --> 00:48:43,869
fourth dragon down the road and if it's

958
00:48:54,299 --> 00:48:48,190
transmitted strongly enough and there's

959
00:48:56,170 --> 00:48:54,309
a kind of a hypnotic energy company a

960
00:48:59,109 --> 00:48:56,180
person can go

961
00:49:04,329 --> 00:48:59,119
to mark a stage and see what they tell

962
00:49:06,640 --> 00:49:04,339
you you're gonna be seen mm-hmm well I'm

963
00:49:09,730 --> 00:49:06,650

gonna take it one step beyond that I'm

964

00:49:12,309 --> 00:49:09,740

gonna take it into the fact that I think

965

00:49:15,430 --> 00:49:12,319

they can through telepathy as you're

966

00:49:18,130 --> 00:49:15,440

saying also tweak the frequency patterns

967

00:49:20,770 --> 00:49:18,140

of how our neurotransmitters fire and I

968

00:49:23,740 --> 00:49:20,780

also think that the main way into our

969

00:49:26,109 --> 00:49:23,750

skull for them is through our optic

970

00:49:28,750 --> 00:49:26,119

nerve because one of the things I've

971

00:49:33,910 --> 00:49:28,760

been studying is the fact that I don't

972

00:49:35,890 --> 00:49:33,920

know any blind contact these if you've

973

00:49:38,079 --> 00:49:35,900

ever run across one please let me know

974

00:49:40,599 --> 00:49:38,089

but I'm trying to find one I'm trying to

975

00:49:43,089 --> 00:49:40,609

find somebody who is blind their entire

976
00:49:51,370 --> 00:49:43,099
life that is a contactee and I can't

977
00:49:53,680 --> 00:49:51,380
find one well I know it's interesting

978
00:49:56,319 --> 00:49:53,690
I've asked I've asked a ton of people

979
00:49:58,150 --> 00:49:56,329
I'm going to be asking it on all my

980
00:50:00,460 --> 00:49:58,160
radio shows here going pretty quickly

981
00:50:02,250 --> 00:50:00,470
forward and all my websites because I

982
00:50:05,020 --> 00:50:02,260
think it's a very interesting

983
00:50:07,329 --> 00:50:05,030
proposition that if they can't look you

984
00:50:09,849 --> 00:50:07,339
in the eye every contactee I've ever met

985
00:50:11,620 --> 00:50:09,859
said no matter what they do with the

986
00:50:16,859 --> 00:50:11,630
time they controlled me they were

987
00:50:21,640 --> 00:50:16,869
looking me dead in the eye so

988
00:50:24,280 --> 00:50:21,650

interesting thought huh yeah that may be

989

00:50:26,950 --> 00:50:24,290

a technique but I do believe that they

990

00:50:29,170 --> 00:50:26,960

are capable of transmitting

991

00:50:32,589 --> 00:50:29,180

telepathically without being even in

992

00:50:37,000 --> 00:50:32,599

your physical presences I agree I agree

993

00:50:38,559 --> 00:50:37,010

I think that is a Zadeh thing I think

994

00:50:40,390 --> 00:50:38,569

it's a great thing because everybody

995

00:50:43,089 --> 00:50:40,400

that I've talked to that's had that kind

996

00:50:44,740 --> 00:50:43,099

of contact has said they have to look me

997

00:50:46,089 --> 00:50:44,750

in the eye it's funny or they say to me

998

00:50:48,400 --> 00:50:46,099

it's funny they always seem to be

999

00:50:51,160 --> 00:50:48,410

looking me in the eye you know when they

1000

00:50:54,099 --> 00:50:51,170

control me and I talked to people that

1001
00:50:56,650 --> 00:50:54,109
have contact with angels and aliens and

1002
00:50:58,450 --> 00:50:56,660
different frequency reptilians that

1003
00:51:00,849 --> 00:50:58,460
don't appear to them but just talk to

1004
00:51:03,450 --> 00:51:00,859
them and they say that they can make

1005
00:51:06,339 --> 00:51:03,460
them see things and do things just by

1006
00:51:08,530 --> 00:51:06,349
their telepathic communication and they

1007
00:51:10,090 --> 00:51:08,540
don't you have to be physically there so

1008
00:51:13,660 --> 00:51:10,100
you know

1009
00:51:15,460 --> 00:51:13,670
there's many ways this happens but I

1010
00:51:16,890 --> 00:51:15,470
think you're right I do agree with you

1011
00:51:20,110 --> 00:51:16,900
on that I think that they can just

1012
00:51:22,120 --> 00:51:20,120
telepathically talk to you I mean I tell

1013
00:51:23,800 --> 00:51:22,130

them telepathically talk to me and say

1014

00:51:27,700 --> 00:51:23,810

you know pull over and get in the right

1015

00:51:31,330 --> 00:51:27,710

lane and keep me from dying so you know

1016

00:51:35,500 --> 00:51:31,340

so there you go yeah they were very

1017

00:51:37,510 --> 00:51:35,510

helpful that day yeah I wish they could

1018

00:51:45,160 --> 00:51:37,520

conjure up cat litter that would make

1019

00:51:48,700 --> 00:51:45,170

things a lot easier for me I'm telling

1020

00:51:51,400 --> 00:51:48,710

ya life is funny isn't it so okay so now

1021

00:51:53,530 --> 00:51:51,410

you've you've dealt with these guys now

1022

00:51:55,600 --> 00:51:53,540

on that trip home was that the last

1023

00:52:00,190 --> 00:51:55,610

incident or at that point where you

1024

00:52:03,370 --> 00:52:00,200

taken or what happened well in the area

1025

00:52:09,040 --> 00:52:03,380

51 many times and I've had missing time

1026

00:52:11,650 --> 00:52:09,050

a couple of times at least once I took a

1027

00:52:14,110 --> 00:52:11,660

carload of people from a UFO convention

1028

00:52:15,850 --> 00:52:14,120

in Vegas up there because they were all

1029

00:52:18,160 --> 00:52:15,860

hot to see what there is if you want to

1030

00:52:20,250 --> 00:52:18,170

look like of course all you can do is go

1031

00:52:23,320 --> 00:52:20,260

down the road a ways and take it to the

1032

00:52:27,120 --> 00:52:23,330

warning signs and the guys sitting in

1033

00:52:29,830 --> 00:52:27,130

pickup trucks above you on the hill

1034

00:52:32,800 --> 00:52:29,840

that's right and they've done that to

1035

00:52:34,480 --> 00:52:32,810

several of my friends I I have I have

1036

00:52:36,580 --> 00:52:34,490

friends to prove it that they got

1037

00:52:38,590 --> 00:52:36,590

pounced on and got sat in the hot Sun

1038

00:52:40,570 --> 00:52:38,600

for four hours waiting for the sheriff

1039

00:52:45,490 --> 00:52:40,580

to come pick him up it was ugly

1040

00:52:51,460 --> 00:52:45,500

yeah go ahead so we had a missing time

1041

00:52:54,820 --> 00:52:51,470

episode because when we got to really

1042

00:52:57,190 --> 00:52:54,830

throw the entrance area 51 looked at our

1043

00:53:00,130 --> 00:52:57,200

watches and I know how long that that

1044

00:53:04,510 --> 00:53:00,140

drive takes it it was different it was

1045

00:53:06,960 --> 00:53:04,520

much longer so citrus each other boy

1046

00:53:10,060 --> 00:53:06,970

we've had a missing time episode here

1047

00:53:12,580 --> 00:53:10,070

wasn't clear at the time what happened

1048

00:53:15,520 --> 00:53:12,590

on that missing episode from feeding

1049

00:53:17,230 --> 00:53:15,530

with other ones and from dealing with

1050

00:53:20,530 --> 00:53:17,240

people who had them in their own

1051
00:53:22,780 --> 00:53:20,540
encounters I have a rough idea is it one

1052
00:53:23,800 --> 00:53:22,790
or more people in that car were taken up

1053
00:53:26,830 --> 00:53:23,810
into a crowd

1054
00:53:31,450 --> 00:53:26,840
talk to you for a while

1055
00:53:34,090 --> 00:53:31,460
but that's a conjecture the memory of

1056
00:53:35,980 --> 00:53:34,100
what happened on that during that

1057
00:53:40,630 --> 00:53:35,990
missing time was not available to any of

1058
00:53:44,490 --> 00:53:40,640
us oh dear you won't be you weren't able

1059
00:53:47,080 --> 00:53:44,500
to take them and hypnotize anybody well

1060
00:53:49,780 --> 00:53:47,090
the condition didn't lend itself to that

1061
00:53:52,660 --> 00:53:49,790
they look down oh you know same trip

1062
00:53:54,940 --> 00:53:52,670
time he got back at the end of very late

1063
00:53:58,810 --> 00:53:54,950

evening you know into the wee hours we

1064

00:54:01,930 --> 00:53:58,820

had a conference the next day nobody

1065

00:54:03,640 --> 00:54:01,940

would want to spend any more time up try

1066

00:54:07,150 --> 00:54:03,650

to get a little sleep they could before

1067

00:54:14,830 --> 00:54:07,160

next day's conference but that didn't

1068

00:54:17,380 --> 00:54:14,840

work to do that yeah interesting oh you

1069

00:54:21,540 --> 00:54:17,390

know what did I got a question for you

1070

00:54:32,890 --> 00:54:30,790

yeah okay or 7:45 tonight my time that

1071

00:54:38,760 --> 00:54:32,900

was you that called cuz I was stuck in

1072

00:54:43,000 --> 00:54:38,770

traffic and I could get my phone me too

1073

00:54:45,760 --> 00:54:43,010

yep yep there we are okay good I don't

1074

00:54:48,070 --> 00:54:45,770

worry that it's my sister looking for me

1075

00:54:51,130 --> 00:54:48,080

to make sure I'm okay still hey by the

1076
00:54:52,750 --> 00:54:51,140
way just off on a crazy subject are you

1077
00:54:58,540 --> 00:54:52,760
surrounded by any of the fires that are

1078
00:55:02,320 --> 00:54:58,550
going on up in your area not really no

1079
00:55:05,500 --> 00:55:02,330
the other County and up above this near

1080
00:55:07,420 --> 00:55:05,510
the crest of the Sierras there's a high

1081
00:55:12,190 --> 00:55:07,430
mountain lake and there's a fire near

1082
00:55:14,980 --> 00:55:12,200
there okay it's National Forest it's not

1083
00:55:17,980 --> 00:55:14,990
a town like that I wrote it and it's

1084
00:55:21,730 --> 00:55:17,990
it's of moderate size I assume the fire

1085
00:55:24,100 --> 00:55:21,740
people are getting on top of it but so I

1086
00:55:27,160 --> 00:55:24,110
tell you what we're reading the smoke

1087
00:55:28,849 --> 00:55:27,170
downwind from all the fires and Sonoma

1088
00:55:32,690 --> 00:55:28,859

County and

1089

00:55:34,819 --> 00:55:32,700

and the other cavities Wow

1090

00:55:36,440 --> 00:55:34,829

yes it's pretty bad I've been trying to

1091

00:55:39,519 --> 00:55:36,450

tell people how bad it is they don't get

1092

00:55:44,089 --> 00:55:42,199

welcome back everyone to the California

1093

00:55:46,609 --> 00:55:44,099

MUFON radio show I'm your host Lori

1094

00:55:48,859 --> 00:55:46,619

inventin and you know we're here on

1095

00:55:50,719 --> 00:55:48,869

inception radio network the home of the

1096

00:55:52,699 --> 00:55:50,729

most amazing app I hope you guys have

1097

00:55:54,410 --> 00:55:52,709

gotten it I hope it's installed on your

1098

00:55:57,440 --> 00:55:54,420

phone whether it's an iPhone or an

1099

00:55:59,209 --> 00:55:57,450

Android it will go on either one and it

1100

00:56:00,890 --> 00:55:59,219

will remind you that you need to be here

1101
00:56:03,049 --> 00:56:00,900
for all the shows on inception radio

1102
00:56:05,390 --> 00:56:03,059
network not just mine there's many other

1103
00:56:07,999 --> 00:56:05,400
great shows dr. real Louise and Heidi's

1104
00:56:09,559 --> 00:56:08,009
here and and MJ's here on Sunday on

1105
00:56:11,420 --> 00:56:09,569
paying radio we've got all kinds of

1106
00:56:13,819 --> 00:56:11,430
great shows for you so don't miss them

1107
00:56:16,489 --> 00:56:13,829
and even Jerry Pippins here in Cross

1108
00:56:18,979 --> 00:56:16,499
therapy I can never say that work right

1109
00:56:20,539 --> 00:56:18,989
maybe how he's here still so we love

1110
00:56:22,339 --> 00:56:20,549
Jerry and he's still hanging with us

1111
00:56:23,989 --> 00:56:22,349
here on the inception radio network it's

1112
00:56:26,089 --> 00:56:23,999
kind of cool every once in a while I

1113
00:56:27,469 --> 00:56:26,099

catch his voice like a god Jerry what

1114

00:56:33,289 --> 00:56:27,479

you do and you know and I'll start

1115

00:56:35,569 --> 00:56:33,299

talking to keep playing the show so

1116

00:56:37,939 --> 00:56:35,579

that's great and let's see what else is

1117

00:56:39,589 --> 00:56:37,949

gonna oh and become an Insider become a

1118

00:56:41,599 --> 00:56:39,599

member of the insider club it's only

1119

00:56:43,670 --> 00:56:41,609

five bucks a month you can join us and

1120

00:56:46,160 --> 00:56:43,680

hang out and support us and it'd be

1121

00:56:48,289 --> 00:56:46,170

really wonderful if you did so please do

1122

00:56:50,269 --> 00:56:48,299

that if you can and I want to thank Mike

1123

00:56:52,939 --> 00:56:50,279

vara over at late night in the Midlands

1124

00:56:56,199 --> 00:56:52,949

and I think even Jean chip-chip Tatum is

1125

00:56:58,759 --> 00:56:56,209

still trying to play my show over on

1126
00:57:01,279 --> 00:56:58,769
Veterans Truth Network and I do hope he

1127
00:57:02,689 --> 00:57:01,289
is and if he is wonderful if he isn't

1128
00:57:05,839 --> 00:57:02,699
well you guys should listen to it anyhow

1129
00:57:08,779 --> 00:57:05,849
it's a great radio network too so there

1130
00:57:10,579 --> 00:57:08,789
you are so thanks everybody who replays

1131
00:57:12,949 --> 00:57:10,589
my show and thank inception radio

1132
00:57:14,479 --> 00:57:12,959
network for letting them do it because

1133
00:57:16,309 --> 00:57:14,489
there's a lot of places out there that

1134
00:57:18,170 --> 00:57:16,319
won't let you by the way I don't know if

1135
00:57:19,999 --> 00:57:18,180
anybody knows that and I want to thank

1136
00:57:22,009 --> 00:57:20,009
MUFON I just want to thank them and

1137
00:57:24,469 --> 00:57:22,019
thank them for being around in spite of

1138
00:57:26,479 --> 00:57:24,479

all the craziness I still think MUFON is

1139

00:57:28,099 --> 00:57:26,489

one of the best games in town so yeah

1140

00:57:29,779 --> 00:57:28,109

here's what we're gonna do I'm gonna say

1141

00:57:32,989 --> 00:57:29,789

it like I say every week when I can

1142

00:57:34,999 --> 00:57:32,999

remember to do it don't forget to get to

1143

00:57:38,749 --> 00:57:35,009

a MUFON meeting near you

1144

00:57:40,579 --> 00:57:38,759

we had an amazing meeting last Saturday

1145

00:57:42,589 --> 00:57:40,589

it was our first Saturday of the month

1146

00:57:42,710 --> 00:57:42,599

and if you're in Northern California for

1147

00:57:47,150 --> 00:57:42,720

the

1148

00:57:49,370 --> 00:57:47,160

to make it to our MUFON meeting I always

1149

00:57:51,920 --> 00:57:49,380

have somebody interesting speaking I

1150

00:57:54,140 --> 00:57:51,930

think next month I'm not quite sure who

1151

00:57:57,170 --> 00:57:54,150

it's gonna be I've got some people I'm

1152

00:57:59,930 --> 00:57:57,180

asking we'll feel it out it's gonna be a

1153

00:58:01,730 --> 00:57:59,940

very good good good event you know make

1154

00:58:04,370 --> 00:58:01,740

it a day if you need to come on down

1155

00:58:07,130 --> 00:58:04,380

spend the night at the motel 6 down the

1156

00:58:08,839 --> 00:58:07,140

street and just hang out with us and you

1157

00:58:10,940 --> 00:58:08,849

know just have a great old time I mean

1158

00:58:12,380 --> 00:58:10,950

people just turn it into a whole day and

1159

00:58:14,390 --> 00:58:12,390

then they get up and they have a great

1160

00:58:16,880 --> 00:58:14,400

brunch and one of the great restaurants

1161

00:58:18,770 --> 00:58:16,890

in town then head on home on Sunday and

1162

00:58:21,109 --> 00:58:18,780

take their time and enjoy themselves I

1163

00:58:22,640 --> 00:58:21,119

would say go to one of the wineries on

1164

00:58:25,640 --> 00:58:22,650

your way home but I'm a little concerned

1165

00:58:28,280 --> 00:58:25,650

that a lot of them burned up so you know

1166

00:58:30,260 --> 00:58:28,290

I also keep saying it because they're

1167

00:58:32,030 --> 00:58:30,270

not all gone I mean only a few of them

1168

00:58:34,670 --> 00:58:32,040

are gone but got a couple of my favorite

1169

00:58:38,300 --> 00:58:34,680

ones are gone it's just so sad but

1170

00:58:40,070 --> 00:58:38,310

anyhow point to all this is get to a

1171

00:58:41,960 --> 00:58:40,080

MUFON meeting please share your

1172

00:58:44,060 --> 00:58:41,970

experiences with other people of like

1173

00:58:46,400 --> 00:58:44,070

mine it's very important and MUFON is a

1174

00:58:48,290 --> 00:58:46,410

great way to do it and that's by joining

1175

00:58:50,329 --> 00:58:48,300

a group near you you're making

1176

00:58:52,970 --> 00:58:50,339

everything that we talked about on a

1177

00:58:54,710 --> 00:58:52,980

radio show stronger and you're helping

1178

00:58:57,079 --> 00:58:54,720

you know just get the word out there

1179

00:58:59,089 --> 00:58:57,089

people are waking up disclosure has

1180

00:59:01,339 --> 00:58:59,099

already happened folks it's just that

1181

00:59:01,609 --> 00:59:01,349

some people just don't want to believe

1182

00:59:04,550 --> 00:59:01,619

it

1183

00:59:06,410 --> 00:59:04,560

trust me I know because my family my dad

1184

00:59:08,000 --> 00:59:06,420

finally admitted to me in the car

1185

00:59:10,280 --> 00:59:08,010

driving home from the airport one

1186

00:59:12,109 --> 00:59:10,290

afternoon oh yeah I think there's aliens

1187

00:59:14,030 --> 00:59:12,119

and I think there's UFOs

1188

00:59:15,920 --> 00:59:14,040

I said well after all these years of

1189

00:59:18,500 --> 00:59:15,930

pooh-poohing me whenever I bring it up

1190

00:59:20,480 --> 00:59:18,510

he goes yeah but it's nothing to really

1191

00:59:22,880 --> 00:59:20,490

we can really talk about you know he's

1192

00:59:25,190 --> 00:59:22,890

right there's nothing for people who

1193

00:59:28,160 --> 00:59:25,200

aren't contact these that know it to

1194

00:59:30,290 --> 00:59:28,170

talk about it so it's it's hard on them

1195

00:59:32,960 --> 00:59:30,300

to relate to us and it's hard on us to

1196

00:59:35,030 --> 00:59:32,970

relate to them so I want you guys to get

1197

00:59:36,950 --> 00:59:35,040

to the MUFON meeting near you talk to

1198

00:59:38,960 --> 00:59:36,960

people that experiences like yourself

1199

00:59:42,070 --> 00:59:38,970

and share share share that's what it's

1200

00:59:44,329 --> 00:59:42,080

really all about now is sharing also

1201
00:59:46,640 --> 00:59:44,339
hopefully my website's gonna be done

1202
00:59:48,380 --> 00:59:46,650
soon I really hope so you guys I'm so

1203
00:59:50,630 --> 00:59:48,390
busy I never have time to work on it but

1204
00:59:52,490 --> 00:59:50,640
if I do get some time this month I'm

1205
00:59:54,620 --> 00:59:52,500
gonna be putting up some new groups that

1206
00:59:56,380 --> 00:59:54,630
are starting not the Tom DeLonge group

1207
00:59:57,700 --> 00:59:56,390
but new groups

1208
00:59:59,319 --> 00:59:57,710
I think you're very important that I

1209
01:00:00,940 --> 00:59:59,329
think you guys should be joining that

1210
01:00:03,059 --> 01:00:00,950
and you could be a member of MUFON and

1211
01:00:06,339 --> 01:00:03,069
join them too so that's that's wonderful

1212
01:00:06,970 --> 01:00:06,349
so for that on my website in the next

1213
01:00:09,069 --> 01:00:06,980

month or so

1214

01:00:11,349 --> 01:00:09,079

let's let's shoot for November first to

1215

01:00:12,849 --> 01:00:11,359

get my site up and see if I can make it

1216

01:00:15,490 --> 01:00:12,859

how's that sound if I tell everybody I

1217

01:00:18,670 --> 01:00:15,500

kind of have to do it so that's my

1218

01:00:24,549 --> 01:00:18,680

website is Laurie and Fenton comm lor I

1219

01:00:29,380 --> 01:00:24,559

ian fenton fe nto end comm and also get

1220

01:00:31,690 --> 01:00:29,390

to MUFON this mu Fon comm find out by

1221

01:00:34,509 --> 01:00:31,700

clicking on get involved I think it is

1222

01:00:37,269 --> 01:00:34,519

or find a chapter and see if there's a

1223

01:00:39,670 --> 01:00:37,279

chapter near you if there is not my

1224

01:00:42,309 --> 01:00:39,680

final part to this whole spiel is this

1225

01:00:44,410 --> 01:00:42,319

if there's not a chapter near you offer

1226

01:00:46,120 --> 01:00:44,420

to create one it'll change your life

1227

01:00:47,500 --> 01:00:46,130

that's all I can tell you it'll just

1228

01:00:49,480 --> 01:00:47,510

totally change your life

1229

01:00:52,480 --> 01:00:49,490

ok you guys thanks a lot for listening

1230

01:00:55,890 --> 01:00:52,490

ok enough of the commercial break so

1231

01:00:59,650 --> 01:00:55,900

Richard are you still with me oh yes

1232

01:01:01,779 --> 01:00:59,660

wonderful so so so far we've talked

1233

01:01:04,569 --> 01:01:01,789

about the different species that are

1234

01:01:07,930 --> 01:01:04,579

here we've talked about the tall whites

1235

01:01:10,210 --> 01:01:07,940

living in area 51 talk a little bit

1236

01:01:12,279 --> 01:01:10,220

about your experience with the semi that

1237

01:01:15,430 --> 01:01:12,289

you know was a bright light that turned

1238

01:01:18,640 --> 01:01:15,440

into a semi and missing time out of area

1239

01:01:20,799 --> 01:01:18,650

51 so what I really really want to get

1240

01:01:24,370 --> 01:01:20,809

out of you tonight if possible in the

1241

01:01:26,769 --> 01:01:24,380

next hour is what is your communication

1242

01:01:28,089 --> 01:01:26,779

with these guys I know they told you

1243

01:01:31,029 --> 01:01:28,099

that they're going to be over these

1244

01:01:33,220 --> 01:01:31,039

cities soon but how you know how long of

1245

01:01:36,009 --> 01:01:33,230

a relationship you had with them what

1246

01:01:37,870 --> 01:01:36,019

kind of relationship if you had is it

1247

01:01:40,120 --> 01:01:37,880

more of a wit least repr type of

1248

01:01:42,910 --> 01:01:40,130

relationship or is it more a little more

1249

01:01:44,769 --> 01:01:42,920

you know just ordinary you know what's

1250

01:01:46,839 --> 01:01:44,779

ordinary in a relationship with an alien

1251

01:01:49,029 --> 01:01:46,849

but you get my point I mean is it

1252

01:01:51,490 --> 01:01:49,039

complex does it ruined your life has a

1253

01:01:53,289 --> 01:01:51,500

major life better I know I could tell

1254

01:01:56,440 --> 01:01:53,299

you stories about what it's ruined my

1255

01:01:58,870 --> 01:01:56,450

life but Alice has made it better at the

1256

01:02:01,630 --> 01:01:58,880

same time so it's it's just it's so

1257

01:02:05,230 --> 01:02:01,640

bizarre to even sit here and think about

1258

01:02:06,670 --> 01:02:05,240

it and you being a PhD and you do all

1259

01:02:09,460 --> 01:02:06,680

the things that you've done in the past

1260

01:02:10,150 --> 01:02:09,470

and your accreditation and everything

1261

01:02:12,009 --> 01:02:10,160

you know

1262

01:02:14,799 --> 01:02:12,019

you must have it down to a science how

1263

01:02:17,259 --> 01:02:14,809

this is relating to your life so can you

1264

01:02:20,279 --> 01:02:17,269

explain that to us or is that too much

1265

01:02:23,970 --> 01:02:20,289

to ask it might be too much to ask

1266

01:02:27,579 --> 01:02:23,980

no that's fine I'll just give you a

1267

01:02:35,589 --> 01:02:27,589

quick history of my experience with UFOs

1268

01:02:39,220 --> 01:02:35,599

and start visitors cool ok I told you

1269

01:02:43,870 --> 01:02:39,230

about how the beginning of the modern

1270

01:02:48,819 --> 01:02:43,880

UFO era the cover-up end and invented

1271

01:02:51,249 --> 01:02:48,829

yet so bright I might be open but

1272

01:02:53,410 --> 01:02:51,259

everybody else who came after me the

1273

01:02:55,289 --> 01:02:53,420

door is shut because the official

1274

01:03:04,599 --> 01:02:55,299

government says there's no such thing

1275

01:03:06,930 --> 01:03:04,609

well fast forward to about 1975 I was

1276

01:03:10,660 --> 01:03:06,940

living in Marin County at the time

1277

01:03:14,410 --> 01:03:10,670

hiking and one of the hills there with a

1278

01:03:17,289 --> 01:03:14,420

friend and this little silver disc

1279

01:03:20,049 --> 01:03:17,299

wasn't so little but it there's a couple

1280

01:03:23,799 --> 01:03:20,059

thousand feet above us just sailing

1281

01:03:26,289 --> 01:03:23,809

along silently and slowly very clear it

1282

01:03:31,029 --> 01:03:26,299

was an airplane you could see it was

1283

01:03:33,190 --> 01:03:31,039

round and is moving too slow to be an

1284

01:03:36,309 --> 01:03:33,200

airplane didn't have any wings and if

1285

01:03:38,289 --> 01:03:36,319

it'd going that slow what it dropped out

1286

01:03:40,150 --> 01:03:38,299

was sky because you gotta have a certain

1287

01:03:43,480 --> 01:03:40,160

minimum speed to keep going as an

1288

01:03:46,569 --> 01:03:43,490

airplane so it's clearly a UFO and I

1289

01:03:52,359 --> 01:03:46,579

said to my friend well by golly we my

1290

01:03:58,299 --> 01:03:52,369

first actual UFO sighting okay well fast

1291

01:04:02,799 --> 01:03:58,309

forwarding from there I was a

1292

01:04:08,559 --> 01:04:02,809

mild-mannered psychologist in private

1293

01:04:13,180 --> 01:04:08,569

practice in in San Rafael California for

1294

01:04:15,789 --> 01:04:13,190

a number of years and one day a person

1295

01:04:18,069 --> 01:04:15,799

came to me he said you're probably gonna

1296

01:04:20,740 --> 01:04:18,079

lock me up in the loony bin when I could

1297

01:04:26,190 --> 01:04:20,750

dump you doctor but I gotta tell you I

1298

01:04:37,230 --> 01:04:29,760

close encounter with this star visited

1299

01:04:41,650 --> 01:04:37,240

and I had studied ecology for many years

1300

01:04:44,830 --> 01:04:41,660

followed it in magazines and and heard

1301

01:04:47,050 --> 01:04:44,840

people lecture about it and all that so

1302

01:04:53,580 --> 01:04:47,060

I was open-minded and of course I seen

1303

01:04:58,180 --> 01:04:53,590

my own UFO and I I was aware that the

1304

01:04:59,950 --> 01:04:58,190

Roswell UFO crashed Sydney and they made

1305

01:05:06,820 --> 01:04:59,960

the papers before the government hushed

1306

01:05:12,100 --> 01:05:06,830

it up so I was open-minded and he spun a

1307

01:05:15,460 --> 01:05:12,110

very interesting story and he was a kind

1308

01:05:17,290 --> 01:05:15,470

of a notable person in Republican

1309

01:05:19,120 --> 01:05:17,300

politics in California and so this

1310

01:05:23,590 --> 01:05:19,130

wasn't so he fell off a cracker bear

1311

01:05:25,480 --> 01:05:23,600

always a very sober citizen and so I

1312

01:05:27,940 --> 01:05:25,490

decided well if there's one there may be

1313

01:05:32,790 --> 01:05:27,950

more so I put a little notice from the

1314

01:05:35,410 --> 01:05:32,800

local staff amount of paper that I was

1315

01:05:38,410 --> 01:05:35,420

you know psychologists willing to talk

1316

01:05:41,140 --> 01:05:38,420

to people who at closing Congress with

1317

01:05:44,140 --> 01:05:41,150

started visiting and people started

1318

01:05:46,600 --> 01:05:44,150

coming out of the woodwork and all saw

1319

01:05:49,720 --> 01:05:46,610

them were very sincere and many of them

1320

01:05:52,450 --> 01:05:49,730

very nervous figuring talking to a

1321

01:05:55,150 --> 01:05:52,460

psychologist is a sure ticket to go to

1322

01:05:55,510 --> 01:05:55,160

the State Hospital but that didn't

1323

01:05:59,560 --> 01:05:55,520

happen

1324

01:06:02,410 --> 01:05:59,570

I heard him out and almost all of them

1325

01:06:05,200 --> 01:06:02,420

were of sound mind and quite sincere and

1326

01:06:10,720 --> 01:06:05,210

I learned a lot about encounters from

1327

01:06:12,280 --> 01:06:10,730

talking to these well at the time I'd

1328

01:06:14,230 --> 01:06:12,290

looked to be about a hundred and more

1329

01:06:20,650 --> 01:06:14,240

later as I went on the lecture circuit

1330

01:06:29,440 --> 01:06:20,660

with UFO conferences but uh so that went

1331

01:06:29,980 --> 01:06:29,450

on they went involved with a Native

1332

01:06:34,210 --> 01:06:29,990

American

1333

01:06:36,910 --> 01:06:34,220

elder standing out from the South Dakota

1334

01:06:37,810 --> 01:06:36,920

Sioux who held a star knowledge

1335

01:06:42,610 --> 01:06:37,820

conference

1336

01:06:45,730 --> 01:06:42,620

and shared knowledge of the star

1337

01:06:51,520 --> 01:06:45,740

visitors in there are many centuries of

1338

01:06:54,310 --> 01:06:51,530

contact with Indian people and so that

1339

01:07:00,870 --> 01:06:54,320

gave another dimension to things that

1340

01:07:06,370 --> 01:07:00,880

some of these conferences there were

1341

01:07:10,480 --> 01:07:06,380

served as it hurts they're trying to

1342

01:07:12,820 --> 01:07:10,490

look like humans but you can just pick

1343

01:07:19,270 --> 01:07:12,830

up the energy coming off a person you

1344

01:07:21,670 --> 01:07:19,280

know they're just not partisan human I'm

1345

01:07:23,950 --> 01:07:21,680

telling ya I totally agree with you and

1346

01:07:26,140 --> 01:07:23,960

I'll tell you why I was at a conference

1347

01:07:29,680 --> 01:07:26,150

and a woman came in the bathroom with

1348

01:07:32,170 --> 01:07:29,690

her dog and the dog had blue piercing

1349

01:07:35,920 --> 01:07:32,180

blue eyes this woman had piercing blue

1350

01:07:38,590 --> 01:07:35,930

eyes and I got this this hit from her

1351
01:07:41,170 --> 01:07:38,600
that was like hello how are you I'm not

1352
01:07:42,880 --> 01:07:41,180
from here kind of thing and I'm freaking

1353
01:07:45,220 --> 01:07:42,890
out because I'm going I'm hearing this

1354
01:07:47,620 --> 01:07:45,230
lady's voice in my head and she's just

1355
01:07:56,800 --> 01:07:47,630
smiling at me washing her hands looking

1356
01:07:58,650 --> 01:07:56,810
dead at me the conference so but yes

1357
01:08:03,610 --> 01:07:58,660
that what happened to you

1358
01:08:07,240 --> 01:08:03,620
yeah yeah more than one but yeah little

1359
01:08:09,520 --> 01:08:07,250
experience to this we all have an energy

1360
01:08:12,790 --> 01:08:09,530
field around us humans you know like a

1361
01:08:14,680 --> 01:08:12,800
magnetic arrest but the services have a

1362
01:08:16,990 --> 01:08:14,690
one that's much bigger and more powerful

1363
01:08:20,769 --> 01:08:17,000

when they walk in the room if you're

1364

01:08:23,099 --> 01:08:20,779

dialed into that that energy level you

1365

01:08:26,309 --> 01:08:23,109

say whoa you know that's not just

1366

01:08:29,260 --> 01:08:26,319

regular folk over there that's right

1367

01:08:33,490 --> 01:08:29,270

absolutely absolutely

1368

01:08:35,499 --> 01:08:33,500

yep so anyhow so you're on the that's a

1369

01:08:37,930 --> 01:08:35,509

circuit you're meeting these star beings

1370

01:08:47,099 --> 01:08:37,940

at these events were they there just to

1371

01:08:49,570 --> 01:08:47,109

see you I wouldn't say that clearly the

1372

01:08:52,089 --> 01:08:49,580

tall white though is that the Roman

1373

01:08:59,260 --> 01:08:52,099

conference was their day here what I had

1374

01:09:01,959 --> 01:08:59,270

say no the various other you know the

1375

01:09:06,910 --> 01:09:01,969

experiences people who've had close

1376

01:09:10,050 --> 01:09:06,920

encounters and have kind of developed

1377

01:09:14,129 --> 01:09:10,060

their understanding of Star visitors

1378

01:09:19,089 --> 01:09:14,139

tend to have these repeat contacts and

1379

01:09:24,339 --> 01:09:19,099

at some of these UFO conferences the

1380

01:09:26,680 --> 01:09:24,349

energy of all those experiences in one

1381

01:09:30,189 --> 01:09:26,690

place I think draws in the star visitors

1382

01:09:32,979 --> 01:09:30,199

because it's kind of very compatible

1383

01:09:36,280 --> 01:09:32,989

energy with them and people are on the

1384

01:09:39,039 --> 01:09:36,290

mentally same frequency that they are so

1385

01:09:41,200 --> 01:09:39,049

that tends to happen more I'll tell you

1386

01:09:43,589 --> 01:09:41,210

one little funny thing at the second

1387

01:09:47,649 --> 01:09:43,599

star knowledge conference in mm-hmm

1388

01:09:50,109 --> 01:09:47,659

Dakota I went out to get some fresh air

1389

01:09:52,030 --> 01:09:50,119

during the conference it was getting

1390

01:09:54,129 --> 01:09:52,040

growing very dark out there

1391

01:09:56,859 --> 01:09:54,139

I just walking around just a little bit

1392

01:10:00,479 --> 01:09:56,869

getting some air and then all of a

1393

01:10:03,430 --> 01:10:00,489

sudden there's I looked up from my sky

1394

01:10:06,970 --> 01:10:03,440

looking down at the ground watching my

1395

01:10:09,790 --> 01:10:06,980

step in the in the deep dusk and looked

1396

01:10:14,129 --> 01:10:09,800

up and right at the edge of a very large

1397

01:10:16,470 --> 01:10:14,139

herd of elk these are very you know tall

1398

01:10:22,620 --> 01:10:16,480

deer

1399

01:10:26,379 --> 01:10:22,630

they're taller than human oh yeah yeah

1400

01:10:29,830 --> 01:10:26,389

yeah I'm six foot in there

1401

01:10:31,629 --> 01:10:29,840

I'm higher than that hey whoa I hope

1402

01:10:33,490 --> 01:10:31,639

they don't spook and trample me because

1403

01:10:41,560 --> 01:10:33,500

there were many many and you know I

1404

01:10:44,050 --> 01:10:41,570

would say 30 or 40 and the and I didn't

1405

01:10:48,250 --> 01:10:44,060

know I didn't want to turn on run that

1406

01:10:51,310 --> 01:10:48,260

would be right in my suit so I just kept

1407

01:10:53,770 --> 01:10:51,320

going at the slopes even pace that I had

1408

01:10:57,040 --> 01:10:53,780

been going at and they just parted like

1409

01:11:01,479 --> 01:10:57,050

and you know the Red Sea parting before

1410

01:11:03,910 --> 01:11:01,489

Moses you know just each side and I just

1411

01:11:05,530 --> 01:11:03,920

kept walking through the group then when

1412

01:11:10,150 --> 01:11:05,540

I got past the Reform

1413

01:11:12,100 --> 01:11:10,160

behind me now yes that and then I went

1414

01:11:13,990 --> 01:11:12,110

back to the conference in that series I

1415

01:11:15,700 --> 01:11:14,000

told somebody that and said you're no

1416

01:11:20,530 --> 01:11:15,710

help like that around here

1417

01:11:24,100 --> 01:11:20,540

so I thought haha if those ATIS who are

1418

01:11:27,480 --> 01:11:24,110

very funny jokesters when they get in

1419

01:11:29,560 --> 01:11:27,490

the mood and since standing elk was the

1420

01:11:33,160 --> 01:11:29,570

Indian chief in charge of this

1421

01:11:35,890 --> 01:11:33,170

conference to say well it Richard up you

1422

01:11:39,900 --> 01:11:35,900

know a real big dose of elk here they

1423

01:11:43,540 --> 01:11:39,910

train themselves into a whole herd of

1424

01:11:47,650 --> 01:11:43,550

all the world like Oh give me a little

1425

01:11:50,110 --> 01:11:47,660

experience that now let me out I just

1426

01:11:51,730 --> 01:11:50,120

want people are going well maybe dr.

1427

01:11:55,030 --> 01:11:51,740

Boylan can't tell the difference between

1428

01:11:56,980 --> 01:11:55,040

a real elk and and an alien elk and I'm

1429

01:11:58,660 --> 01:11:56,990

telling you folks this is the funniest

1430

01:12:01,720 --> 01:11:58,670

thing that he's bringing these stories

1431

01:12:04,180 --> 01:12:01,730

up tonight because over the years I had

1432

01:12:06,490 --> 01:12:04,190

a lady come up to oh and it's on people

1433

01:12:07,840 --> 01:12:06,500

of Earth to you guys okay this is so

1434

01:12:11,140 --> 01:12:07,850

interesting you're bringing this up

1435

01:12:13,090 --> 01:12:11,150

Richard because I had a friend who came

1436

01:12:15,190 --> 01:12:13,100

up to me and said I swear to god there's

1437

01:12:15,880 --> 01:12:15,200

a whole family of deer out front of my

1438

01:12:18,340 --> 01:12:15,890

house

1439

01:12:20,470 --> 01:12:18,350

when I pulled in the driveway and they

1440

01:12:23,680 --> 01:12:20,480

all just stood there and stared at me

1441

01:12:26,470 --> 01:12:23,690

with these big eyes and I said to her I

1442

01:12:31,240 --> 01:12:26,480

said a whole family of deer hashas yeah

1443

01:12:34,540 --> 01:12:31,250

a to a buck a female a female deer and a

1444

01:12:36,310 --> 01:12:34,550

baby deer and I said really three she

1445

01:12:38,950 --> 01:12:36,320

goes yeah and they had these big eyes

1446

01:12:42,400 --> 01:12:38,960

and the eyes weren't quite normal and

1447

01:12:44,650 --> 01:12:42,410

I'm like oh really and then a few months

1448

01:12:47,200 --> 01:12:44,660

later I ran into her again and she goes

1449

01:12:49,960 --> 01:12:47,210

Laurie and I think I was abducted that

1450

01:12:51,640 --> 01:12:49,970

night or she goes took me forever to get

1451

01:12:54,160 --> 01:12:51,650

in the house it took me almost an hour

1452

01:12:56,200 --> 01:12:54,170

to get in the house and I said what

1453

01:12:57,700 --> 01:12:56,210

happened yeah I said what happened to

1454

01:13:01,930 --> 01:12:57,710

the deer she goes you know I can't

1455

01:13:04,630 --> 01:13:01,940

remember so yeah so did

1456

01:13:06,850 --> 01:13:04,640

now just four yaks did your elk have

1457

01:13:10,930 --> 01:13:06,860

strange eyes or did they look normal or

1458

01:13:14,530 --> 01:13:10,940

could you even tell I've seen real out

1459

01:13:16,480 --> 01:13:14,540

in the wild and zooty so I know real elk

1460

01:13:18,580 --> 01:13:16,490

and these look all the world like real

1461

01:13:21,370 --> 01:13:18,590

out but they were different for

1462

01:13:24,339 --> 01:13:21,380

thing they didn't spook heard with

1463

01:13:25,419 --> 01:13:24,349

spooky if I got if a human got close to

1464

01:13:28,930 --> 01:13:25,429

them the way I did

1465

01:13:31,209 --> 01:13:28,940

oh and absolutely yeah number these and

1466

01:13:32,919 --> 01:13:31,219

what they write you yeah they've tried

1467

01:13:39,970 --> 01:13:32,929

to kill you dude that's the other thing

1468

01:13:41,530 --> 01:13:39,980

they do well I was worried about a

1469

01:13:45,390 --> 01:13:41,540

certain kind of energy is a very

1470

01:13:48,430 --> 01:13:45,400

peaceful powerful energy and I wouldn't

1471

01:13:52,870 --> 01:13:48,440

normally get off a wild animal you havin

1472

01:13:54,970 --> 01:13:52,880

to get near yeah you know so why did the

1473

01:13:58,359 --> 01:13:54,980

retrospect I said by god that was uh

1474

01:14:00,580 --> 01:13:58,369

that was my old Xena buddies pulling a

1475

01:14:04,209 --> 01:14:00,590

fast one on me they're having a little

1476

01:14:07,660 --> 01:14:04,219

humorous prank on me because that energy

1477

01:14:11,879 --> 01:14:07,670

that they sent off was that wild animal

1478

01:14:16,959 --> 01:14:11,889

energy it was star visitor energy wow

1479

01:14:21,010 --> 01:14:19,419

litmus test about what you know if

1480

01:14:23,649 --> 01:14:21,020

you're not sure whether it's something

1481

01:14:25,780 --> 01:14:23,659

that's really odd is it's just an odd

1482

01:14:28,359 --> 01:14:25,790

thing or whether it's a star visitor

1483

01:14:32,080 --> 01:14:28,369

setup situation to see if you're paying

1484

01:14:34,810 --> 01:14:32,090

attention check the energy field yeah

1485

01:14:38,919 --> 01:14:34,820

yep any experience working with either

1486

01:14:42,240 --> 01:14:38,929

very strong earth star seeds like you

1487

01:14:45,370 --> 01:14:42,250

like me and some other folks or

1488

01:14:47,109 --> 01:14:45,380

extraterrestrials star visitors once you

1489

01:14:48,669 --> 01:14:47,119

once you get a hit on that energy you

1490

01:14:51,930 --> 01:14:48,679

feel you know what it feels like and

1491

01:14:54,520 --> 01:14:51,940

when you're near it again you can tell

1492

01:14:56,830 --> 01:14:54,530

absolutely absolutely and I think

1493

01:14:59,109 --> 01:14:56,840

everybody that listens to my show let

1494

01:15:00,729 --> 01:14:59,119

everybody but there's a good portion of

1495

01:15:02,709 --> 01:15:00,739

people that listen to my show that are

1496

01:15:05,709 --> 01:15:02,719

contactees I can guarantee you that I

1497

01:15:07,419 --> 01:15:05,719

hear from them very often and they

1498

01:15:09,250 --> 01:15:07,429

always say God Laurie and thank god

1499

01:15:12,280 --> 01:15:09,260

you're there for us because you know one

1500

01:15:14,890 --> 01:15:12,290

of the things Richard is as you know the

1501
01:15:16,959 --> 01:15:14,900
biggest problem is you say something

1502
01:15:20,260 --> 01:15:16,969
like you know I ran into a bunch of elk

1503
01:15:22,300 --> 01:15:20,270
and they were star seed 90% of the

1504
01:15:23,950 --> 01:15:22,310
people you would tell that to on a rate

1505
01:15:25,600 --> 01:15:23,960
you know if you were at lunch in a

1506
01:15:27,220 --> 01:15:25,610
restaurant somewhere they'd all listen

1507
01:15:31,540 --> 01:15:27,230
to you and think you were crackpot right

1508
01:15:32,300 --> 01:15:31,550
so the problem we've got is that people

1509
01:15:34,250 --> 01:15:32,310
aren't will

1510
01:15:37,700 --> 01:15:34,260
lene unless they've had some kind of

1511
01:15:39,800 --> 01:15:37,710
strange experience themselves to just

1512
01:15:42,590 --> 01:15:39,810
sit and listen to something and take it

1513
01:15:44,720 --> 01:15:42,600

in as you know maybe it could be real

1514

01:15:47,840 --> 01:15:44,730

maybe it isn't I don't know but it's a

1515

01:15:50,900 --> 01:15:47,850

very amazing thing if it's real and then

1516

01:15:53,270 --> 01:15:50,910

to be open to it to happen to them and I

1517

01:15:55,310 --> 01:15:53,280

think that's 90% of the problem we've

1518

01:15:56,720 --> 01:15:55,320

got with the the kids growing up right

1519

01:15:58,940 --> 01:15:56,730

now you know people always talk about

1520

01:16:01,490 --> 01:15:58,950

how open-minded and Starseed they are

1521

01:16:03,260 --> 01:16:01,500

well I'm not seeing that Richard I'm

1522

01:16:05,900 --> 01:16:03,270

seeing a bunch of kids that are being

1523

01:16:08,060 --> 01:16:05,910

really manipulated by the system and

1524

01:16:10,610 --> 01:16:08,070

they're getting vaccines and they're

1525

01:16:13,510 --> 01:16:10,620

they're falling into the money trap and

1526

01:16:16,190 --> 01:16:13,520

there's you know they are so

1527

01:16:18,580 --> 01:16:16,200

close-minded to anything new that it's

1528

01:16:22,700 --> 01:16:18,590

even showing up in the social media

1529

01:16:25,580 --> 01:16:22,710

where I mean for example there was a TV

1530

01:16:28,670 --> 01:16:25,590

commercial where a guy says ok we gotta

1531

01:16:32,930 --> 01:16:28,680

go see your aunt and the younger his

1532

01:16:35,120 --> 01:16:32,940

child gets he's what 10 15 or 13 or

1533

01:16:38,060 --> 01:16:35,130

something and he's getting in the car he

1534

01:16:40,880 --> 01:16:38,070

goes yeah my crazy aunt who you know if

1535

01:16:42,200 --> 01:16:40,890

he's you know sees aliens or something

1536

01:16:44,270 --> 01:16:42,210

like that to that effect

1537

01:16:46,760 --> 01:16:44,280

and he goes yeah we just have to humor

1538

01:16:49,550 --> 01:16:46,770

her you know and then they all get in

1539

01:16:54,500 --> 01:16:49,560

the car to go see her you know and I'm

1540

01:16:56,840 --> 01:16:54,510

the crazy aunt you know and so I go this

1541

01:17:01,220 --> 01:16:56,850

is like really so bizarre to me when I

1542

01:17:05,630 --> 01:17:01,230

was a child growing up even the nuns in

1543

01:17:08,750 --> 01:17:05,640

my in my Catholic school even though I

1544

01:17:12,230 --> 01:17:08,760

don't have describe it everybody wanted

1545

01:17:14,180 --> 01:17:12,240

knowledge and they didn't judge where

1546

01:17:16,760 --> 01:17:14,190

the knowledge came from people were

1547

01:17:19,610 --> 01:17:16,770

eccentric back then you could be a crazy

1548

01:17:22,310 --> 01:17:19,620

old professor running around the street

1549

01:17:25,130 --> 01:17:22,320

screaming the sky is falling and people

1550

01:17:27,620 --> 01:17:25,140

would go okay mister you know Smith

1551

01:17:29,720 --> 01:17:27,630

where is this guy falling and they you

1552

01:17:31,880 --> 01:17:29,730

know they would humor but also at the

1553

01:17:34,100 --> 01:17:31,890

same time take him seriously because

1554

01:17:37,340 --> 01:17:34,110

they had respect for the fact that maybe

1555

01:17:40,460 --> 01:17:37,350

he knew what he was talking about you

1556

01:17:44,330 --> 01:17:40,470

know and I people have lost that they've

1557

01:17:45,890 --> 01:17:44,340

lost that whole inner child like okay

1558

01:17:48,709 --> 01:17:45,900

maybe it's real maybe I should pay

1559

01:17:50,630 --> 01:17:48,719

tension if they just poopoo everything

1560

01:17:52,790 --> 01:17:50,640

and it's not real anymore have you

1561

01:17:55,729 --> 01:17:52,800

noticed this or am I just kind of like

1562

01:18:01,209 --> 01:17:55,739

crazy here sitting in this little mobile

1563

01:18:05,660 --> 01:18:01,219

home in Petaluma California you know the

1564

01:18:08,419 --> 01:18:05,670

the incessant hostile propaganda against

1565

01:18:12,590 --> 01:18:08,429

youthful reality is certain you're not

1566

01:18:16,310 --> 01:18:12,600

imagining that going on continues and it

1567

01:18:19,280 --> 01:18:16,320

really is annoying it is annoying it is

1568

01:18:22,250 --> 01:18:19,290

serious ended [h__h] the truth and I

1569

01:18:25,370 --> 01:18:22,260

cannot buy crusade that people have a

1570

01:18:27,439 --> 01:18:25,380

right to the truth and goddamn

1571

01:18:30,200 --> 01:18:27,449

government and the other people behind

1572

01:18:32,800 --> 01:18:30,210

the beautiful Cobra are denying people

1573

01:18:35,660 --> 01:18:32,810

their constitutional rights to the truth

1574

01:18:41,200 --> 01:18:35,670

that's right absolutely

1575

01:18:43,220 --> 01:18:41,210

thank you yeah than people who had

1576

01:18:47,380 --> 01:18:43,230

extraterrestrial encounters they're

1577

01:18:50,479 --> 01:18:47,390

turning them into these pariahs these

1578

01:18:53,930 --> 01:18:50,489

crazy people that are to be looked down

1579

01:18:56,110 --> 01:18:53,940

on in you know we're mad at hell we're

1580

01:18:58,220 --> 01:18:56,120

not going to take it anymore

1581

01:19:01,970 --> 01:18:58,230

absolutely now if you've been following

1582

01:19:06,140 --> 01:19:01,980

the stand romanette case at all why men

1583

01:19:06,800 --> 01:19:06,150

standing in Reichle yeah he's the real

1584

01:19:09,620 --> 01:19:06,810

deal

1585

01:19:11,450 --> 01:19:09,630

Oh tell me about it you know I just I

1586

01:19:15,280 --> 01:19:11,460

still to this day you know this whole

1587

01:19:18,020 --> 01:19:15,290

pornography charges like the whatever Oh

1588

01:19:20,240 --> 01:19:18,030

take that up when they can't find

1589

01:19:24,110 --> 01:19:20,250

anything else I gotta make something up

1590

01:19:26,660 --> 01:19:24,120

just to discredit him because he's he

1591

01:19:29,540 --> 01:19:26,670

greedy talks very convincing me of his

1592

01:19:32,689 --> 01:19:29,550

encounters well that's true

1593

01:19:35,390 --> 01:19:32,699

he does and and and so have all of my

1594

01:19:37,280 --> 01:19:35,400

other friends I don't know if you

1595

01:19:41,030 --> 01:19:37,290

remember a woman by the name of Misha

1596

01:19:44,180 --> 01:19:41,040

Johnston you may may not I don't know

1597

01:19:46,820 --> 01:19:44,190

she's very active in Southern California

1598

01:19:48,740 --> 01:19:46,830

for a long time and then they tried to

1599

01:19:51,740 --> 01:19:48,750

kill her like three times and she left

1600

01:19:54,050 --> 01:19:51,750

the community for 15 years she's been

1601

01:19:56,540 --> 01:19:54,060

back now for about four or five years

1602

01:19:59,189 --> 01:19:56,550

thanks to I would say me and my her

1603

01:20:02,399 --> 01:19:59,199

friend Melinda Leslie

1604

01:20:04,889 --> 01:20:02,409

duh she's back talking again and thank

1605

01:20:06,270 --> 01:20:04,899

God she is because you know seriously

1606

01:20:08,100 --> 01:20:06,280

they tried to kill her but no one knows

1607

01:20:10,859 --> 01:20:08,110

about that no one believes that no one

1608

01:20:14,580 --> 01:20:10,869

cares you know it just it blows my mind

1609

01:20:17,839 --> 01:20:14,590

that people have you no idea how how

1610

01:20:21,359 --> 01:20:17,849

scary being in this community can be and

1611

01:20:22,560 --> 01:20:21,369

you know they laugh at us and I don't

1612

01:20:24,949 --> 01:20:22,570

understand it

1613

01:20:27,989 --> 01:20:24,959

I really don't why do they have such

1614

01:20:29,969 --> 01:20:27,999

cognitive dissonance against people like

1615

01:20:32,939 --> 01:20:29,979

yourself from Melinda or Misha or

1616

01:20:37,679 --> 01:20:32,949

anybody that's being targeted basically

1617

01:20:40,350 --> 01:20:37,689

I don't get it you know you're

1618

01:20:43,679 --> 01:20:40,360

questioning why this campaign is going

1619

01:20:46,770 --> 01:20:43,689

on against people who've had encounters

1620

01:20:48,600 --> 01:20:46,780

well yeah I'm questioning that but more

1621

01:20:49,979 --> 01:20:48,610

than that why don't people believe us

1622

01:20:57,089 --> 01:20:49,989

when we tell them these things are

1623

01:21:03,989 --> 01:20:57,099

happening the short answer is in capital

1624

01:21:09,589 --> 01:21:03,999

S with two vertical bars amounts of

1625

01:21:11,819 --> 01:21:09,599

money to it has been made by the

1626

01:21:16,219 --> 01:21:11,829

confiscation of extraterrestrial

1627

01:21:19,109 --> 01:21:16,229

technology it shoot down UFOs figure out

1628

01:21:23,969 --> 01:21:19,119

gradually how some of their stuff works

1629

01:21:27,169 --> 01:21:23,979

and then so it had to turn it into

1630

01:21:31,859 --> 01:21:27,179

advanced weapon systems or best

1631

01:21:34,080 --> 01:21:31,869

Aeronautics systems and billions and

1632

01:21:39,080 --> 01:21:34,090

billions of tens and hundreds of

1633

01:21:51,899 --> 01:21:44,040

advances going back to things like the

1634

01:21:53,819 --> 01:21:51,909

computer chip and just one example no

1635

01:21:56,429 --> 01:21:53,829

Bell Laboratories didn't invented

1636

01:22:01,439 --> 01:21:56,439

computer chip Bell Laboratories back in

1637

01:22:07,409 --> 01:22:01,449

engineered extraterrestrial material

1638

01:22:09,659 --> 01:22:07,419

from crashed UFOs and developed a copy

1639

01:22:13,290 --> 01:22:09,669

of that figured out enough of how it

1640

01:22:20,150 --> 01:22:13,300

works to develop a copy of this or

1641

01:22:26,820 --> 01:22:20,160

a device that made the old tube radio

1642

01:22:32,190 --> 01:22:26,830

obsolete the new circuitry of these

1643

01:22:35,760 --> 01:22:32,200

silicon chips just completely

1644

01:22:40,500 --> 01:22:35,770

revolutionized our world that's just one

1645

01:22:45,720 --> 01:22:40,510

example and lasers is another and on and

1646

01:22:47,790 --> 01:22:45,730

on yeah and the people button behind the

1647

01:22:51,720 --> 01:22:47,800

scenes who are keeping the UFO cover-up

1648

01:22:58,400 --> 01:22:51,730

going in the denial of UFO reality and

1649

01:23:03,170 --> 01:22:58,410

et reality are making mega bucks by the

1650

01:23:06,690 --> 01:23:03,180

little game they have a city on UFOs and

1651
01:23:09,720 --> 01:23:06,700
plundering what they can find to get

1652
01:23:12,180 --> 01:23:09,730
live extraterrestrials torture them for

1653
01:23:14,490 --> 01:23:12,190
their technical knowledge and then

1654
01:23:16,470 --> 01:23:14,500
making billions off of that it's quite a

1655
01:23:24,360 --> 01:23:16,480
little game and then I want you to give

1656
01:23:27,720 --> 01:23:24,370
it up when I talk about people this this

1657
01:23:30,830 --> 01:23:27,730
racket is what's made Lockheed Martin

1658
01:23:33,780 --> 01:23:30,840
and Boeing and McDonnell Douglas and

1659
01:23:37,590 --> 01:23:33,790
Raytheon and a lot of the big

1660
01:23:42,810 --> 01:23:37,600
corporations that have just mushroomed

1661
01:23:44,820 --> 01:23:42,820
over the last 40 50 years they don't

1662
01:23:47,550 --> 01:23:44,830
have just the great people working for

1663
01:23:49,830 --> 01:23:47,560

him they had the pleasure eyes

1664

01:23:52,640 --> 01:23:49,840

extraterrestrial technology pretended it

1665

01:23:56,850 --> 01:23:52,650

was human and made billions of dollars

1666

01:23:59,360 --> 01:23:56,860

peddling it be able to give and if you

1667

01:24:02,490 --> 01:23:59,370

know reality comes out in the open and

1668

01:24:04,740 --> 01:24:02,500

the story comes out of all the

1669

01:24:06,870 --> 01:24:04,750

plundering and shooting down they've

1670

01:24:11,070 --> 01:24:06,880

done in the dirty deals they've done the

1671

01:24:14,010 --> 01:24:11,080

torturing of visitors somebody's gonna

1672

01:24:15,900 --> 01:24:14,020

pay and they so these are very anxious

1673

01:24:20,370 --> 01:24:15,910

to keep the UFO cover-up and now you

1674

01:24:22,200 --> 01:24:20,380

know at the very very bottom what what

1675

01:24:24,540 --> 01:24:22,210

is behind the UFO cover-up and who's

1676

01:24:26,109 --> 01:24:24,550

profiting from it and why they won't

1677

01:24:29,859 --> 01:24:26,119

stop it

1678

01:24:31,780 --> 01:24:29,869

well um and absolutely I totally agree

1679

01:24:33,850 --> 01:24:31,790

with you on this but what I want to know

1680

01:24:35,649 --> 01:24:33,860

is I mean this I don't know you didn't

1681

01:24:39,160 --> 01:24:35,659

follow the Tom DeLonge thing that's

1682

01:24:42,070 --> 01:24:39,170

going on right now you told me but he's

1683

01:24:45,669 --> 01:24:42,080

starting an organization that is going

1684

01:24:47,350 --> 01:24:45,679

to be looking into all of this and he

1685

01:24:49,120 --> 01:24:47,360

says they're gonna be looking into all

1686

01:24:51,339 --> 01:24:49,130

this he says he's also starting an

1687

01:24:55,290 --> 01:24:51,349

entertainment company along with it

1688

01:24:58,990 --> 01:24:55,300

that's going to make movies and and

1689

01:25:02,140 --> 01:24:59,000

books and God knows what to go along

1690

01:25:05,200 --> 01:25:02,150

with disclosure and he also says that

1691

01:25:07,930 --> 01:25:05,210

he's gonna fund projects that he and his

1692

01:25:10,930 --> 01:25:07,940

team of scientists think are worthy of

1693

01:25:13,899 --> 01:25:10,940

the you know digging into the whole UFO

1694

01:25:14,620 --> 01:25:13,909

community and free energy and that type

1695

01:25:20,979 --> 01:25:14,630

of thing

1696

01:25:23,379 --> 01:25:20,989

so yeah go ahead no I don't know mister

1697

01:25:25,209 --> 01:25:23,389

too long personally I just seen on the

1698

01:25:28,570 --> 01:25:25,219

internet that you know he's an

1699

01:25:31,330 --> 01:25:28,580

entertainer who is it's not afraid to

1700

01:25:34,750 --> 01:25:31,340

speak out about UFO reality and I say

1701
01:25:37,180 --> 01:25:34,760
more power to him yeah no I agree but

1702
01:25:40,510 --> 01:25:37,190
what I'm a little concerned about maybe

1703
01:25:43,899 --> 01:25:40,520
this might you know pull your chain too

1704
01:25:47,260 --> 01:25:43,909
is the fact that he's suddenly deciding

1705
01:25:49,330 --> 01:25:47,270
what and who and how the narrative is

1706
01:25:50,140 --> 01:25:49,340
going to be given and spoon-fed to us

1707
01:25:52,510 --> 01:25:50,150
again

1708
01:25:54,970 --> 01:25:52,520
you know I mean every time I turn around

1709
01:25:57,100 --> 01:25:54,980
there's an organization deciding what we

1710
01:25:59,770 --> 01:25:57,110
can and cannot know what we can and

1711
01:26:02,229 --> 01:25:59,780
cannot fund and what we can and cannot

1712
01:26:04,830 --> 01:26:02,239
understand and and I got these

1713
01:26:07,930 --> 01:26:04,840

scientists to prove all this right and

1714

01:26:10,120 --> 01:26:07,940

what bothers me and like I said this at

1715

01:26:13,439 --> 01:26:10,130

the beginning of the show is this it's

1716

01:26:15,970 --> 01:26:13,449

very simple why aren't these guys

1717

01:26:19,270 --> 01:26:15,980

funding instead of a whole board a

1718

01:26:21,939 --> 01:26:19,280

scientist why aren't you on that team

1719

01:26:24,640 --> 01:26:21,949

because you're a contact B why aren't

1720

01:26:27,669 --> 01:26:24,650

you on that team you're closer to the

1721

01:26:30,459 --> 01:26:27,679

aliens then then that science you know

1722

01:26:33,339 --> 01:26:30,469

five of their scientists are you know

1723

01:26:37,390 --> 01:26:33,349

you can talk to them why is it when

1724

01:26:39,640 --> 01:26:37,400

buchanan who did talk to him for the

1725

01:26:42,250 --> 01:26:39,650

government sitting on that board

1726

01:26:44,140 --> 01:26:42,260

that's what I want to know you know I

1727

01:26:46,810 --> 01:26:44,150

mean what how did they pick these people

1728

01:26:48,040 --> 01:26:46,820

they picked them because they they

1729

01:26:55,960 --> 01:26:48,050

wanted to be on the board

1730

01:26:58,570 --> 01:26:55,970

I mean qualified scientists but exactly

1731

01:27:04,530 --> 01:26:58,580

but they're safe because they won't give

1732

01:27:06,970 --> 01:27:04,540

away the real UFO reality you know

1733

01:27:09,040 --> 01:27:06,980

another organization that's going to

1734

01:27:10,810 --> 01:27:09,050

keep a real truth from us that's what

1735

01:27:18,250 --> 01:27:10,820

it's basically going to turn out to be I

1736

01:27:21,550 --> 01:27:18,260

hate to say it well I hope I know that I

1737

01:27:24,010 --> 01:27:21,560

see I'm I'm old and you're old and we've

1738

01:27:26,290 --> 01:27:24,020

seen it come and go and come and go and

1739

01:27:28,120 --> 01:27:26,300

I'm just you know the younger people are

1740

01:27:30,490 --> 01:27:28,130

kinda like oh Tom DeLonge great he's

1741

01:27:32,200 --> 01:27:30,500

gonna do he's gonna change the world and

1742

01:27:36,640 --> 01:27:32,210

I'm thinking well isn't that what they

1743

01:27:40,060 --> 01:27:36,650

said in 1964 with my arcturion guys or

1744

01:27:47,050 --> 01:27:40,070

what about Ed danske said that from the

1745

01:27:49,360 --> 01:27:47,060

space brothers in 1956 even well God who

1746

01:27:50,980 --> 01:27:49,370

else's there every one of them has said

1747

01:27:53,200 --> 01:27:50,990

this type of thing and I'm just like

1748

01:27:55,720 --> 01:27:53,210

okay I'm just you know I guess I'm too

1749

01:27:58,990 --> 01:27:55,730

old and too too much dirts been thrown

1750

01:28:01,450 --> 01:27:59,000

on me already I guess I don't know but I

1751

01:28:02,920 --> 01:28:01,460

do wish him well I really do I mean it's

1752

01:28:04,660 --> 01:28:02,930

like you know this there's a whole guy

1753

01:28:07,030 --> 01:28:04,670

out there by the name of Corey Goode

1754

01:28:11,080 --> 01:28:07,040

which you may or may not know about dr.

1755

01:28:13,420 --> 01:28:11,090

olin but you know I what was that I

1756

01:28:16,180 --> 01:28:13,430

heard a little bit you heard a little

1757

01:28:18,670 --> 01:28:16,190

bit okay well I I seem to be one of the

1758

01:28:20,860 --> 01:28:18,680

ones that got a bad rap because I said

1759

01:28:22,960 --> 01:28:20,870

some bad you know not bad things about

1760

01:28:24,820 --> 01:28:22,970

just not I think what they're what they

1761

01:28:26,830 --> 01:28:24,830

are were truthful things about him and

1762

01:28:30,550 --> 01:28:26,840

so now I'm a horrible human being

1763

01:28:32,200 --> 01:28:30,560

because I opened my mouth right and but

1764

01:28:34,390 --> 01:28:32,210

you know he's doing the same thing it's

1765

01:28:36,370 --> 01:28:34,400

like he's the savior of us all now in

1766

01:28:38,790 --> 01:28:36,380

the UFO community and what these guys

1767

01:28:41,260 --> 01:28:38,800

don't understand that you and I know

1768

01:28:44,170 --> 01:28:41,270

everybody's been a savior for the UFO

1769

01:28:47,170 --> 01:28:44,180

community but nobody's done the job you

1770

01:28:49,030 --> 01:28:47,180

know so we're all still sitting here

1771

01:28:52,630 --> 01:28:49,040

waiting for the real truth to come out

1772

01:28:53,379 --> 01:28:52,640

and it's just not happening you know no

1773

01:28:55,479 --> 01:28:53,389

matter how far

1774

01:28:56,830 --> 01:28:55,489

they get it just never happens and and

1775

01:28:59,739 --> 01:28:56,840

and for my money

1776

01:29:03,069 --> 01:28:59,749

dr. Boyland it should be people like you

1777

01:29:06,069 --> 01:29:03,079

and people like Lynn Buchanan and people

1778

01:29:08,199 --> 01:29:06,079

that I know do the real have done the

1779

01:29:09,850 --> 01:29:08,209

real work with the aliens you know we

1780

01:29:12,060 --> 01:29:09,860

you sat and talked to him about it

1781

01:29:14,500 --> 01:29:12,070

what's going on Whitley Strieber

1782

01:29:17,159 --> 01:29:14,510

definitely you know people like that

1783

01:29:21,750 --> 01:29:17,169

people have had contact on an ongoing

1784

01:29:25,169 --> 01:29:21,760

basis should be the head of all of these

1785

01:29:28,060 --> 01:29:25,179

organizations but what's funny about it

1786

01:29:31,000 --> 01:29:28,070

and you and I probably both know this as

1787

01:29:33,279 --> 01:29:31,010

well as Whitley is that there really

1788

01:29:37,659 --> 01:29:33,289

isn't an answer that anybody's gonna

1789

01:29:38,979 --> 01:29:37,669

like when the truth is told and because

1790

01:29:41,080 --> 01:29:38,989

it's very personal

1791

01:29:42,759 --> 01:29:41,090

everybody that is a contact II in my

1792

01:29:45,819 --> 01:29:42,769

opinion has a very personal relationship

1793

01:29:48,310 --> 01:29:45,829

with their ETS or they're extra or their

1794

01:29:50,649 --> 01:29:48,320

inner dimensionals or whatever it is

1795

01:29:52,060 --> 01:29:50,659

they're in contact with and it's very

1796

01:29:58,109 --> 01:29:52,070

different for everyone

1797

01:30:00,819 --> 01:29:58,119

isn't it yes yes I think however once

1798

01:30:02,799 --> 01:30:00,829

beautiful cover comes apart and that's

1799

01:30:05,259 --> 01:30:02,809

why I'm very much looking forward to

1800

01:30:07,719 --> 01:30:05,269

this aerial display the star nations are

1801
01:30:11,379 --> 01:30:07,729
going to do very soon once that comes

1802
01:30:14,290 --> 01:30:11,389
apart then all the experiences all the

1803
01:30:15,580 --> 01:30:14,300
people who know UFOs are real are going

1804
01:30:17,589 --> 01:30:15,590
to be able to come together because

1805
01:30:19,270 --> 01:30:17,599
suddenly it's going to be legitimate to

1806
01:30:21,129 --> 01:30:19,280
talk about this stuff suddenly it's

1807
01:30:24,850 --> 01:30:21,139
going to be legitimate to admit to you

1808
01:30:28,449 --> 01:30:24,860
that an encounter and people return from

1809
01:30:32,620 --> 01:30:28,459
throwing spitballs you catch you too in

1810
01:30:34,479 --> 01:30:32,630
Cid's right as well so you you've met

1811
01:30:39,189 --> 01:30:34,489
one of them tell me you tell me more I

1812
01:30:41,919 --> 01:30:39,199
want to know about it yeah it's gonna be

1813
01:30:43,689 --> 01:30:41,929

a big revolution that is it's gonna be

1814

01:30:46,239 --> 01:30:43,699

wonderful you know what I considered

1815

01:30:49,899 --> 01:30:46,249

that when that day happens I consider

1816

01:30:52,359 --> 01:30:49,909

that my retirement because that's the

1817

01:30:54,129 --> 01:30:52,369

day I get to stop doing the battle and

1818

01:30:55,870 --> 01:30:54,139

you know basically that's what they told

1819

01:30:57,459 --> 01:30:55,880

me when they spit me back here when I

1820

01:30:59,589 --> 01:30:57,469

was about 30 years old and said you've

1821

01:31:02,979 --> 01:30:59,599

got work to do you can't go yet you know

1822

01:31:05,500 --> 01:31:02,989

I was like now and so they let me slide

1823

01:31:06,850 --> 01:31:05,510

so I was 53 years old and then they said

1824

01:31:10,570 --> 01:31:06,860

to me well your vacation

1825

01:31:13,030 --> 01:31:10,580

is over guess what so here I sit and if

1826
01:31:14,740 --> 01:31:13,040
you've had the calling I'm pretty sure I

1827
01:31:18,669 --> 01:31:14,750
had the calling there's a lot of people

1828
01:31:20,080 --> 01:31:18,679
out there who have and the problem is

1829
01:31:23,140 --> 01:31:20,090
you just can't get it you can't just

1830
01:31:25,450 --> 01:31:23,150
walk away because it's not time yet it's

1831
01:31:28,300 --> 01:31:25,460
you and I both know and so I'm very

1832
01:31:29,979 --> 01:31:28,310
excited about these five city landings

1833
01:31:32,620 --> 01:31:29,989
or sightings or whatever you want to

1834
01:31:37,800 --> 01:31:32,630
call them or disclose your sightings I

1835
01:31:39,570 --> 01:31:37,810
think it's really cool now so what

1836
01:31:45,100 --> 01:31:39,580
happen Richard

1837
01:31:46,930 --> 01:31:45,110
well they said soon of course when an

1838
01:31:49,120 --> 01:31:46,940

extraterrestrial says soon you don't

1839

01:31:51,220 --> 01:31:49,130

know which timeframe they were working

1840

01:31:59,160 --> 01:31:51,230

in but I think it isn't going to be very

1841

01:32:03,220 --> 01:31:59,170

long but considered once these fleets of

1842

01:32:08,169 --> 01:32:03,230

spaceships hover over these five cities

1843

01:32:10,180 --> 01:32:08,179

for a day and you know that'll be

1844

01:32:13,359 --> 01:32:10,190

covered on national international

1845

01:32:14,590 --> 01:32:13,369

television then if they try and stop

1846

01:32:16,570 --> 01:32:14,600

that

1847

01:32:20,109 --> 01:32:16,580

everybody's got a cell phone they can

1848

01:32:24,570 --> 01:32:20,119

take video and and in live transmit to

1849

01:32:28,750 --> 01:32:24,580

their friends and and to friendly

1850

01:32:31,260 --> 01:32:28,760

networks you can't be kept secret and

1851

01:32:35,200 --> 01:32:31,270

what that happens we're going to have a

1852

01:32:40,419 --> 01:32:35,210

cultural revolution in this world of

1853

01:32:43,180 --> 01:32:40,429

ours because all of a sudden the world

1854

01:32:46,090 --> 01:32:43,190

is doesn't stop at the edge of planet

1855

01:32:48,850 --> 01:32:46,100

Earth the world is the cosmos full of

1856

01:32:51,850 --> 01:32:48,860

many many peoples some of whom have come

1857

01:32:54,160 --> 01:32:51,860

to visit and we're going to go out there

1858

01:32:59,590 --> 01:32:54,170

one of these days ourselves some of us

1859

01:33:01,570 --> 01:32:59,600

and visit them and the world stops being

1860

01:33:09,120 --> 01:33:01,580

planet Earth and the world starts to be

1861

01:33:11,919 --> 01:33:09,130

a highly populated galaxy full of people

1862

01:33:14,850 --> 01:33:11,929

that in some ways are just like you and

1863

01:33:19,450 --> 01:33:14,860

me they have feelings thoughts and

1864

01:33:22,169 --> 01:33:19,460

families and aspirations and that's

1865

01:33:24,970 --> 01:33:22,179

going to be a revolution

1866

01:33:29,649 --> 01:33:24,980

and I think we're it's going to help us

1867

01:33:33,280 --> 01:33:29,659

move beyond the petty fights we get into

1868

01:33:33,459 --> 01:33:33,290

over this or that piece of territory you

1869

01:33:36,340 --> 01:33:33,469

know

1870

01:33:42,189 --> 01:33:36,350

so I kids in a sandbox fighting over

1871

01:33:46,810 --> 01:33:42,199

who's uh who's pail of sand is going to

1872

01:33:52,360 --> 01:33:46,820

be on top the reality is much bigger and

1873

01:33:56,620 --> 01:33:52,370

wider than that and a lot of the petty

1874

01:33:58,930 --> 01:33:56,630

skirmishes we've been embroiled in it

1875

01:34:01,540 --> 01:33:58,940

are going to seem just that heavy and

1876

01:34:04,930 --> 01:34:01,550

pointless when we realized it's really

1877

01:34:08,530 --> 01:34:04,940

important new horizons developing now

1878

01:34:10,899 --> 01:34:08,540

we've got a whole new interplanetary

1879

01:34:13,240 --> 01:34:10,909

reality to start to wrap our minds

1880

01:34:17,560 --> 01:34:13,250

around and lots of people to meet and

1881

01:34:19,990 --> 01:34:17,570

learn things from them well now you know

1882

01:34:23,040 --> 01:34:20,000

what I forgot to ask you is when these

1883

01:34:26,640 --> 01:34:23,050

five ships are over the cities are the

1884

01:34:29,169 --> 01:34:26,650

aliens inside of them or the ETS or the

1885

01:34:31,330 --> 01:34:29,179

Nordics or you know whatever there are

1886

01:34:33,370 --> 01:34:31,340

going to be piloting them are they going

1887

01:34:38,800 --> 01:34:33,380

to come down and say hello to or this

1888

01:34:45,370 --> 01:34:38,810

going to hang out well these are fleets

1889

01:34:49,540 --> 01:34:45,380
of craft this first aerial sighting is

1890

01:34:52,120 --> 01:34:49,550
designed to end the UFO cover-up I do

1891

01:34:53,620 --> 01:34:52,130
not have any information that the people

1892

01:34:56,200 --> 01:34:53,630
inside are going to come down to the

1893

01:34:58,390 --> 01:34:56,210
ground and walk around well it may

1894

01:35:01,120 --> 01:34:58,400
probably in mice my suggestion is

1895

01:35:06,790 --> 01:35:01,130
telling Richard not to because I'll just

1896

01:35:11,649 --> 01:35:06,800
get shot at for at least the first time

1897

01:35:14,169 --> 01:35:11,659
right well here's how I understand it's

1898

01:35:17,160 --> 01:35:14,179
going to go first of all the five cities

1899

01:35:22,180 --> 01:35:17,170
that I have their fleets of large

1900

01:35:24,189 --> 01:35:22,190
spaceships over them and then a really

1901

01:35:26,770 --> 01:35:24,199

large mothership it's fun to come over

1902

01:35:30,910 --> 01:35:26,780

the United Nations headquarters in New

1903

01:35:34,600 --> 01:35:30,920

York City and hover very low like round

1904

01:35:40,720 --> 01:35:34,610

four thousand feet above for a day

1905

01:35:45,450 --> 01:35:40,730

and out of that will come a star visitor

1906

01:35:49,420 --> 01:35:45,460

at least one maybe two or more and

1907

01:35:51,730 --> 01:35:49,430

dialogue with the president at the end

1908

01:35:56,440 --> 01:35:51,740

of the United Nations and eventually

1909

01:35:58,720 --> 01:35:56,450

with all the delegates and that will be

1910

01:36:00,730 --> 01:35:58,730

televised or at least people will get it

1911

01:36:05,830 --> 01:36:00,740

on their cell phones and squirt it out

1912

01:36:08,500 --> 01:36:05,840

to the world and after a Treaty of peace

1913

01:36:10,660 --> 01:36:08,510

and friendship is developed with the UN

1914

01:36:16,810 --> 01:36:10,670

which is the point of this mothership

1915

01:36:20,500 --> 01:36:16,820

coming then arrangements will be set up

1916

01:36:23,410 --> 01:36:20,510

for people of goodwill and start

1917

01:36:27,040 --> 01:36:23,420

visitors to get together and meet each

1918

01:36:29,620 --> 01:36:27,050

other and start to get really acquainted

1919

01:36:33,490 --> 01:36:29,630

getting so that becomes an experience

1920

01:36:36,850 --> 01:36:33,500

for the human race yeah yeah absolutely

1921

01:36:40,330 --> 01:36:36,860

well you know I I say to myself on a

1922

01:36:42,820 --> 01:36:40,340

daily basis being here as a human that I

1923

01:36:45,010 --> 01:36:42,830

must be an extraterrestrial that got

1924

01:36:47,680 --> 01:36:45,020

shoved down here to have a human

1925

01:36:49,900 --> 01:36:47,690

experience because I'm telling you I do

1926

01:36:53,500 --> 01:36:49,910

not understand how they can kill each

1927

01:36:58,540 --> 01:36:53,510

other like this it's just amazing you

1928

01:37:00,910 --> 01:36:58,550

know it just blows my mind i I can't I

1929

01:37:03,370 --> 01:37:00,920

since I've been a child I cannot

1930

01:37:05,920 --> 01:37:03,380

understand it it's like my heart doesn't

1931

01:37:07,840 --> 01:37:05,930

get it I mean I get angry don't get me

1932

01:37:10,720 --> 01:37:07,850

wrong Richard I get angry and I get

1933

01:37:13,060 --> 01:37:10,730

pissed and I mean I'm whatever but it I

1934

01:37:14,830 --> 01:37:13,070

guess I'm a just a true Italian because

1935

01:37:17,740 --> 01:37:14,840

all I do is kind of just kind of explode

1936

01:37:20,770 --> 01:37:17,750

on the spot energetically and then it's

1937

01:37:25,150 --> 01:37:20,780

all gone you know so I don't understand

1938

01:37:26,320 --> 01:37:25,160

the whole like killing people I don't I

1939

01:37:28,630 --> 01:37:26,330

don't even understand how you can go

1940

01:37:32,890 --> 01:37:28,640

into the army and then do it and then

1941

01:37:34,870 --> 01:37:32,900

think it's okay you know I just it

1942

01:37:38,260 --> 01:37:34,880

doesn't make any sense to me I've been

1943

01:37:40,870 --> 01:37:38,270

trying to wrap my head around it for 60

1944

01:37:48,370 --> 01:37:40,880

years I swear to you I don't understand

1945

01:37:53,439 --> 01:37:51,370

star visitor a star person and a

1946

01:37:56,260 --> 01:37:53,449

previous incarnation one of the things

1947

01:37:59,169 --> 01:37:56,270

that's always start people agree on is

1948

01:38:01,390 --> 01:37:59,179

that reincarnation is a reality the idea

1949

01:38:04,780 --> 01:38:01,400

that you live one life on earth and you

1950

01:38:07,890 --> 01:38:04,790

die and that's it that's not true no not

1951

01:38:11,589 --> 01:38:07,900

true at all yep that's that's it yeah

1952

01:38:14,649 --> 01:38:11,599

spirit in the core of what makes us who

1953

01:38:16,870 --> 01:38:14,659

we are doesn't die with the body and can

1954

01:38:19,240 --> 01:38:16,880

go on and come back and have another

1955

01:38:27,250 --> 01:38:19,250

life and another body at another time

1956

01:38:29,979 --> 01:38:27,260

and we got a lot to learn as a human

1957

01:38:34,209 --> 01:38:29,989

race about the real reality of what it

1958

01:38:37,260 --> 01:38:34,219

what it is how it is out there and what

1959

01:38:41,020 --> 01:38:37,270

life is like and these people are not

1960

01:38:45,129 --> 01:38:41,030

who are visiting us are not bothered by

1961

01:38:48,600 --> 01:38:45,139

all the superstition and bad propaganda

1962

01:38:52,510 --> 01:38:48,610

and lies that have been fed to the human

1963

01:38:56,589 --> 01:38:52,520

population and they can share with us

1964

01:39:03,280 --> 01:38:56,599

the way it really is to be a lot of in

1965

01:39:05,379 --> 01:39:03,290

growing and in peaceful societies so we

1966

01:39:08,500 --> 01:39:05,389

will really benefit from those dialogues

1967

01:39:12,790 --> 01:39:08,510

once it becomes legal to believe in UFOs

1968

01:39:15,729 --> 01:39:12,800

once it becomes legal to accept that

1969

01:39:18,069 --> 01:39:15,739

there are serve is ITER's and and to be

1970

01:39:22,060 --> 01:39:18,079

interested in actually meeting and

1971

01:39:24,850 --> 01:39:22,070

talking to one yeah yeah absolutely

1972

01:39:26,740 --> 01:39:24,860

Hey so that's a great you know we got

1973

01:39:28,839 --> 01:39:26,750

about 12 minutes left in the show that's

1974

01:39:31,780 --> 01:39:28,849

a great place to talk about here near

1975

01:39:33,430 --> 01:39:31,790

the end of the show and that is what do

1976

01:39:35,050 --> 01:39:33,440

you think it's going to be like when

1977

01:39:37,209 --> 01:39:35,060

they come down here and start hanging

1978

01:39:39,490 --> 01:39:37,219

out with us do you think they are

1979

01:39:41,290 --> 01:39:39,500

actually going to give us the technology

1980

01:39:44,140 --> 01:39:41,300

we need to turn this place into a

1981

01:39:45,760 --> 01:39:44,150

beautiful amazing planet because right

1982

01:39:47,319 --> 01:39:45,770

now Richard I got to tell you some

1983

01:39:49,810 --> 01:39:47,329

tonight drive down the streets of

1984

01:39:52,810 --> 01:39:49,820

Oakland or San Francisco or even San

1985

01:39:55,569 --> 01:39:52,820

Rafael and I look around me and I see an

1986

01:40:00,180 --> 01:39:55,579

infrastructure that was built in the 50s

1987

01:40:02,020 --> 01:40:00,190

that is almost you know it's it's almost

1988

01:40:04,690 --> 01:40:02,030

55 years old

1989

01:40:08,440 --> 01:40:04,700

going on 60 and some of it a lot older

1990

01:40:12,790 --> 01:40:08,450

and I don't see us getting any cleaner

1991

01:40:15,160 --> 01:40:12,800

nicer better or advanced in the way we

1992

01:40:18,520 --> 01:40:15,170

think about communities living together

1993

01:40:20,200 --> 01:40:18,530

and people living in proximity to each

1994

01:40:22,870 --> 01:40:20,210

other and we're still in this old

1995

01:40:25,450 --> 01:40:22,880

mundane thing of tract housing and you

1996

01:40:27,640 --> 01:40:25,460

know what have you and that is not

1997

01:40:30,760 --> 01:40:27,650

conducive to health I mean it's just not

1998

01:40:33,280 --> 01:40:30,770

and I don't get why we have these cities

1999

01:40:35,140 --> 01:40:33,290

with 3 million 6 million 10 million

2000

01:40:37,290 --> 01:40:35,150

people living in them that is not the

2001

01:40:40,240 --> 01:40:37,300

way that should be on this planet at all

2002

01:40:42,040 --> 01:40:40,250

so I'm still trying to figure this out

2003

01:40:43,960 --> 01:40:42,050

and if this space people can help us

2004

01:40:45,820 --> 01:40:43,970

with that man I'm ready for it you know

2005

01:40:49,900 --> 01:40:45,830

the space brothers I call him that it's

2006

01:40:52,660 --> 01:40:49,910

my favorite words for and one of the

2007

01:40:54,820 --> 01:40:52,670

reasons why I say that is because back

2008

01:40:57,910 --> 01:40:54,830

in the day I heard about one of these

2009

01:41:01,480 --> 01:40:57,920

tall White's taking one of the engineers

2010

01:41:05,770 --> 01:41:01,490

from area 51 out to a Cameron where it

2011

01:41:09,030 --> 01:41:05,780

was and he said he gave him this brick a

2012

01:41:12,130 --> 01:41:09,040

brick of this like a live metal and

2013

01:41:14,170 --> 01:41:12,140

called you metal or something like that

2014

01:41:16,210 --> 01:41:14,180

I came or what they all called it and he

2015

01:41:19,390 --> 01:41:16,220

put it on the ground walked away from it

2016

01:41:22,210 --> 01:41:19,400

and he thought it into a spaceship and

2017

01:41:24,580 --> 01:41:22,220

then he out and then he let it go back

2018

01:41:27,280 --> 01:41:24,590

to what it was and then he let the

2019

01:41:30,910 --> 01:41:27,290

scientists figure out how to use his

2020

01:41:34,420 --> 01:41:30,920

mind to take that piece of organic alive

2021

01:41:37,810 --> 01:41:34,430

material and turn it into something else

2022

01:41:41,620 --> 01:41:37,820

and they had the capability to do that

2023

01:41:44,410 --> 01:41:41,630

so you know here we sit we sit in a

2024

01:41:48,220 --> 01:41:44,420

world that is hard-edged and unbeautiful

2025

01:41:51,580 --> 01:41:48,230

and these guys are able to create you

2026

01:41:53,800 --> 01:41:51,590

know beauty out of a molecule and we

2027

01:41:57,160 --> 01:41:53,810

can't do that yet and I wish they'd come

2028

01:42:00,750 --> 01:41:57,170

here and help us they will does any

2029

01:42:06,310 --> 01:42:03,970

do you know that there's 12

2030

01:42:10,420 --> 01:42:06,320

environmental scientists from the planet

2031

01:42:14,320 --> 01:42:10,430

altamar that came here the earth and

2032

01:42:15,339 --> 01:42:14,330

2008 and are pulling around to different

2033

01:42:17,379 --> 01:42:15,349

places on their

2034

01:42:22,270 --> 01:42:17,389

trying to undo the environmental damage

2035

01:42:23,139 --> 01:42:22,280

and get things restored oh my god isn't

2036

01:42:29,310 --> 01:42:23,149

that amazing

2037

01:42:32,409 --> 01:42:29,320

I sure why are they fixing Fukushima I

2038

01:42:37,509 --> 01:42:32,419

don't know which projects they're

2039

01:42:42,339 --> 01:42:37,519

working on they did I was there when

2040

01:42:44,409 --> 01:42:42,349

they landed but the is dispersed to

2041

01:42:47,709 --> 01:42:44,419

various places to do each have different

2042

01:42:49,989 --> 01:42:47,719

technical specialties and they're trying

2043

01:42:52,629 --> 01:42:49,999

to reverse some of the environmental

2044

01:42:56,169 --> 01:42:52,639

damage but of course humans are pumping

2045

01:42:59,529 --> 01:42:56,179

as much garbage and filth and pollution

2046

01:43:03,279 --> 01:42:59,539

as fascist these guys can try and clean

2047

01:43:06,009 --> 01:43:03,289

it I know I know we got to get the

2048

01:43:08,580 --> 01:43:06,019

partner with them and get with the

2049

01:43:11,409 --> 01:43:08,590

program to turn the world around

2050

01:43:13,479 --> 01:43:11,419

environmentally and with some

2051
01:43:21,179 --> 01:43:13,489
sensitivity and caring for Mother Earth

2052
01:43:24,969 --> 01:43:21,189
or else we'll be our own doom on that

2053
01:43:29,259 --> 01:43:24,979
small project of 12 scientists it's nice

2054
01:43:31,719 --> 01:43:29,269
that once the UFO cover-up and a lot

2055
01:43:33,639 --> 01:43:31,729
more can come here and feel safe to

2056
01:43:35,859 --> 01:43:33,649
operate out in the open and work with

2057
01:43:38,949 --> 01:43:35,869
teams of human volunteers to do

2058
01:43:43,719 --> 01:43:38,959
environmental remediation projects they

2059
01:43:47,409 --> 01:43:43,729
have to really do it well and much more

2060
01:43:51,219 --> 01:43:47,419
rapidly and thoroughly than we know how

2061
01:43:53,080 --> 01:43:51,229
to so I'm sure lots of environmentalists

2062
01:43:55,629 --> 01:43:53,090
on earth will volunteer to join those

2063
01:43:58,449 --> 01:43:55,639

teams and work so we have to create a

2064

01:44:03,599 --> 01:43:58,459

climate where it's first of all legal to

2065

01:44:10,799 --> 01:44:07,449

they help us that we ought to look to

2066

01:44:13,689 --> 01:44:10,809

work with and try to improve our world

2067

01:44:15,669 --> 01:44:13,699

so we have an exciting possibility out

2068

01:44:20,919 --> 01:44:15,679

there we just need to move from here to

2069

01:44:23,919 --> 01:44:20,929

there and work you're doing a spreading

2070

01:44:26,439 --> 01:44:23,929

consciousness and what I've tried to do

2071

01:44:27,520 --> 01:44:26,449

and anybody else who's had a UFO

2072

01:44:28,959 --> 01:44:27,530

sighting or an extraterrestrial

2073

01:44:31,839 --> 01:44:28,969

encounter

2074

01:44:33,759 --> 01:44:31,849

it helps but I do think it's going to

2075

01:44:38,919 --> 01:44:33,769

take something dramatic like that five

2076

01:44:40,899 --> 01:44:38,929

city city and by spacious too well to

2077

01:44:44,589 --> 01:44:40,909

take the lid off and then we can get

2078

01:44:47,109 --> 01:44:44,599

down to some very serious good work yeah

2079

01:44:50,109 --> 01:44:47,119

yeah now is do you have direct

2080

01:44:51,879 --> 01:44:50,119

communication with the five the people

2081

01:45:01,239 --> 01:44:51,889

that are Manning the five ships that are

2082

01:45:04,180 --> 01:45:01,249

coming in well I mean it I used to let

2083

01:45:09,209 --> 01:45:04,190

this be like anybody else but I know

2084

01:45:13,299 --> 01:45:09,219

who's on board if that's what you mean

2085

01:45:15,370 --> 01:45:13,309

and I think this will be the final

2086

01:45:17,500 --> 01:45:15,380

mind-blown evening are you ready for

2087

01:45:24,009 --> 01:45:17,510

this one yeah I'm ready we got six

2088

01:45:26,649 --> 01:45:24,019

minutes blow my mind well let me back up

2089

01:45:29,219 --> 01:45:26,659

one Square and say that one of the

2090

01:45:33,729 --> 01:45:29,229

things one of the major important things

2091

01:45:38,290 --> 01:45:33,739

if fresh girls are coming here to with a

2092

01:45:41,830 --> 01:45:38,300

knowledge of this that is like a correct

2093

01:45:45,700 --> 01:45:41,840

spirituality and they would like us to

2094

01:45:48,549 --> 01:45:45,710

correct the distortions that we call

2095

01:45:51,969 --> 01:45:48,559

religions and get down to a genuine

2096

01:45:53,890 --> 01:45:51,979

simple pure spirituality because we are

2097

01:46:00,609 --> 01:45:53,900

spiritual beings as well as physical

2098

01:46:03,399 --> 01:46:00,619

beings and if we operate on good

2099

01:46:10,479 --> 01:46:03,409

principles we can be highly spiritually

2100

01:46:13,419 --> 01:46:10,489

developed and morally develop the star

2101
01:46:19,810 --> 01:46:13,429
visitors have been here before one and

2102
01:46:23,830 --> 01:46:19,820
then another and some of the master

2103
01:46:26,709 --> 01:46:23,840
teachers they've sent among us looking

2104
01:46:29,290 --> 01:46:26,719
like humans and trying to teach people

2105
01:46:32,589 --> 01:46:29,300
to live higher and better lives more

2106
01:46:37,020 --> 01:46:32,599
moral lives they rid of superstition

2107
01:46:40,239 --> 01:46:37,030
identify high principles we know them as

2108
01:46:42,310 --> 01:46:40,249
what we've been taught to say are the

2109
01:46:42,640 --> 01:46:42,320
founders of various religions but they

2110
01:46:45,220 --> 01:46:42,650
can

2111
01:46:47,500 --> 01:46:45,230
come here to find found any religion and

2112
01:46:49,500 --> 01:46:47,510
any religions that are going on or

2113
01:46:53,200 --> 01:46:49,510

corruptions of what they tried to teach

2114

01:46:55,240 --> 01:46:53,210

but on that large mothership that's

2115

01:46:58,240 --> 01:46:55,250

going to help her over the UN and later

2116

01:47:00,990 --> 01:46:58,250

on the people inside are going to come

2117

01:47:06,300 --> 01:47:01,000

down to the ground and talk to people

2118

01:47:11,530 --> 01:47:06,310

are the people we have known as

2119

01:47:11,979 --> 01:47:11,540

Zoroaster Krishna Buddha Jesus are they

2120

01:47:17,380 --> 01:47:11,989

married

2121

01:47:27,610 --> 01:47:17,390

Isis sex met in other words some of

2122

01:47:30,760 --> 01:47:27,620

these spiritual yeah these words Jarvis

2123

01:47:34,689 --> 01:47:30,770

is trying to teach gentle simple high

2124

01:47:37,060 --> 01:47:34,699

high principles to live by and and to

2125

01:47:44,280 --> 01:47:37,070

understand one's relationship with God

2126

01:47:46,899 --> 01:47:44,290

and as soon as they went away humans did

2127

01:47:49,510 --> 01:47:46,909

to the act and turn it into a lot of

2128

01:47:52,840 --> 01:47:49,520

elaborate rules and organizations and

2129

01:47:54,880 --> 01:47:52,850

real estate and all that but their

2130

01:47:57,160 --> 01:47:54,890

comeback to try and clean that mess up

2131

01:47:59,979 --> 01:47:57,170

and say no you got it wrong let's say it

2132

01:48:07,300 --> 01:47:59,989

once again what we really came here to

2133

01:48:09,250 --> 01:48:07,310

teach they have 11 universal principles

2134

01:48:14,590 --> 01:48:09,260

and living spiritual principles that all

2135

01:48:17,410 --> 01:48:14,600

the peoples of the cosmos agree are the

2136

01:48:19,240 --> 01:48:17,420

high core high principles one should pay

2137

01:48:21,700 --> 01:48:19,250

attention to and printed live a good

2138

01:48:30,090 --> 01:48:21,710

life and they will come back and repeat

2139

01:48:37,479 --> 01:48:34,630

really try and bring us to a our full

2140

01:48:39,610 --> 01:48:37,489

potential of full spiritual development

2141

01:48:43,419 --> 01:48:39,620

without being bogged down by man-made

2142

01:48:46,209 --> 01:48:43,429

religions yeah oh absolutely

2143

01:48:48,640 --> 01:48:46,219

man-made religions will go out the the

2144

01:48:51,060 --> 01:48:48,650

second there over those five cities and

2145

01:48:53,320 --> 01:48:51,070

and your guys show up eventually

2146

01:48:54,189 --> 01:48:53,330

religion is going to be gone on this

2147

01:48:56,639 --> 01:48:54,199

planet

2148

01:49:01,299 --> 01:48:56,649

it'll we will become a one

2149

01:49:03,699 --> 01:49:01,309

consciousness type of human if we're

2150

01:49:05,529 --> 01:49:03,709

still considered human at that point

2151
01:49:09,369 --> 01:49:05,539
because I think once our consciousness

2152
01:49:12,189 --> 01:49:09,379
evolves to the state of you know we get

2153
01:49:15,399 --> 01:49:12,199
rid of the the anger the violence the

2154
01:49:17,709 --> 01:49:15,409
the genetic problems I mean I'm sure

2155
01:49:19,629 --> 01:49:17,719
that they'll fix our genetics so that we

2156
01:49:22,899 --> 01:49:19,639
don't have these tendencies to want to

2157
01:49:24,279 --> 01:49:22,909
you know cannibalize each other and you

2158
01:49:26,949 --> 01:49:24,289
know once that happens I think it's

2159
01:49:28,839 --> 01:49:26,959
gonna be you know smooth sailing for the

2160
01:49:31,989 --> 01:49:28,849
humans I really do hope so

2161
01:49:33,579 --> 01:49:31,999
and just one last question for you here

2162
01:49:35,709 --> 01:49:33,589
we got about two minutes left in the

2163
01:49:39,909 --> 01:49:35,719

show and I'm in the chat room right now

2164

01:49:42,309 --> 01:49:39,919

Richard and Neutron he says he has one

2165

01:49:44,889 --> 01:49:42,319

burning question for you he wants to

2166

01:49:47,709 --> 01:49:44,899

know if the entities that you're in

2167

01:49:51,159 --> 01:49:47,719

contact with have helped any other

2168

01:49:59,559 --> 01:49:51,169

planets before helping us and he wants

2169

01:50:01,779 --> 01:49:59,569

to know and if not why us first yeah

2170

01:50:05,789 --> 01:50:01,789

it's a good question we're always so

2171

01:50:09,789 --> 01:50:05,799

Earth centered know the star visitors

2172

01:50:14,769 --> 01:50:09,799

don't just sit at home playing chess

2173

01:50:18,699 --> 01:50:14,779

many of the star peoples have roamed the

2174

01:50:21,159 --> 01:50:18,709

universe and when they come across a

2175

01:50:23,319 --> 01:50:21,169

world that's developing intelligent life

2176
01:50:26,589 --> 01:50:23,329
they try to help it along as they did

2177
01:50:30,639 --> 01:50:26,599
many thousands of years earlier on earth

2178
01:50:33,069 --> 01:50:30,649
and we're still an ongoing project but

2179
01:50:35,829 --> 01:50:33,079
we're not hardly the first there been

2180
01:50:38,319 --> 01:50:35,839
many thousands of intelligent life

2181
01:50:42,159 --> 01:50:38,329
planet civilizations that have been

2182
01:50:45,789 --> 01:50:42,169
nurtured along by the star visitors when

2183
01:50:48,339 --> 01:50:45,799
they come in and make contact it's sort

2184
01:50:53,709 --> 01:50:48,349
of like a peace corps a spiritual peace

2185
01:50:57,159 --> 01:50:53,719
court so that's a good question Neutron

2186
01:51:01,029 --> 01:50:57,169
and and that's the that's the facts of

2187
01:51:03,549 --> 01:51:01,039
that yeah great that's wonderful

2188
01:51:05,829 --> 01:51:03,559

well you know Richard it's been an

2189

01:51:07,839 --> 01:51:05,839

absolutely blessing to have you on the

2190

01:51:10,359 --> 01:51:07,849

show tonight because it's been a wild

2191

01:51:13,119 --> 01:51:10,369

white ride for me this week with the Phi

2192

01:51:15,250 --> 01:51:13,129

here in our area no and you look close

2193

01:51:18,060 --> 01:51:15,260

enough by that you get what's going on

2194

01:51:21,069 --> 01:51:18,070

for me and I really do appreciate that

2195

01:51:24,330 --> 01:51:21,079

yeah my heart's to all the people who

2196

01:51:28,719 --> 01:51:24,340

are facing those fires it feel good

2197

01:51:30,759 --> 01:51:28,729

strength yes we are and used to live in

2198

01:51:32,379 --> 01:51:30,769

Marin when I was living in San Rafael

2199

01:51:34,089 --> 01:51:32,389

you were living in San Rafael I'm

2200

01:51:37,779 --> 01:51:34,099

surprised we never met did you ever go

2201

01:51:40,929 --> 01:51:37,789

to the the bookstore on Luton Street the

2202

01:51:43,389 --> 01:51:40,939

metaphysical bookstore oh I'm sure I did

2203

01:51:45,189 --> 01:51:43,399

oh I'm sure you were there probably the

2204

01:51:46,600 --> 01:51:45,199

same time I was we're all doing our

2205

01:51:48,129 --> 01:51:46,610

shopping back then because that's the

2206

01:51:51,399 --> 01:51:48,139

only place we could go to get any

2207

01:51:54,040 --> 01:51:51,409

information on UFOs or anything so but

2208

01:51:55,330 --> 01:51:54,050

anyhow so Richard thank you thank you so

2209

01:51:57,699 --> 01:51:55,340

much for being honest you've been a

2210

01:51:59,889 --> 01:51:57,709

wonderful guest and everybody out there

2211

01:52:02,020 --> 01:51:59,899

thank you for listening tonight I want

2212

01:52:04,899 --> 01:52:02,030

to thank MJ for being at the helm as

2213

01:52:06,939 --> 01:52:04,909

usual and im for all the great work

2214

01:52:08,529 --> 01:52:06,949

they do and getting my word out there

2215

01:52:10,750 --> 01:52:08,539

and getting my show out there I do

2216

01:52:13,299 --> 01:52:10,760

appreciate it so you guys have a great
