1
00:00:05,190 --> 00:00:02,070
hello it's the weekend of saturday

2
00:00:07,990 --> 00:00:05,200
september 30th and sunday october 1st

3
00:00:09,990 --> 00:00:08,000
2017. you are listening to inception

4
00:00:12,870 --> 00:00:10,000
radio network voice of the fringe

5
00:00:14,549 --> 00:00:12,880
majority this is carol carl with off the

6
00:00:16,950 --> 00:00:14,559
beaten path

7
00:00:19,349 --> 00:00:16,960
but before we take those footsteps off

8
00:00:22,310 --> 00:00:19,359
the beaten path of the tried and true

9
00:00:25,349 --> 00:00:22,320
ufo headline news for the week let's

10
00:00:27,750 --> 00:00:25,359
just meander over to our usual source of

11
00:00:29,269 --> 00:00:27,760
what we can watch in our night sky

12
00:00:31,750 --> 00:00:29,279
earthsky.org

13
00:00:35,670 --> 00:00:31,760

here's what they offer for the weekend

14

00:00:37,830 --> 00:00:35,680

the moon's near side is its dark side

15

00:00:40,389 --> 00:00:37,840

tonight september 30th see if you can

16

00:00:42,630 --> 00:00:40,399

make out the dark areas on tonight's

17

00:00:45,110 --> 00:00:42,640

waxing gibbous moon

18

00:00:48,950 --> 00:00:45,120

these smooth low-lying lunar planes are

19

00:00:52,150 --> 00:00:48,960

called mare spelled m-a-r-e it's latin

20

00:00:54,950 --> 00:00:52,160

of course or maria which is the plural

21

00:00:57,110 --> 00:00:54,960

the latin word for sea or seas

22

00:00:59,990 --> 00:00:57,120

you should be able to see the darkened

23

00:01:02,310 --> 00:01:00,000

portions on the moon with the eye alone

24

00:01:05,189 --> 00:01:02,320

this collection of lunar planes the

25

00:01:06,789 --> 00:01:05,199

solidified remnants of ancient seas of

26

00:01:08,630 --> 00:01:06,799

molten magma

27

00:01:10,950 --> 00:01:08,640

actually make the near side of the moon

28

00:01:14,390 --> 00:01:10,960

reflect less light than does the far

29

00:01:17,350 --> 00:01:14,400

side which lacks those maria so in terms

30

00:01:19,510 --> 00:01:17,360

of reflectivity the moon's nearside is

31

00:01:21,590 --> 00:01:19,520

its darker side

32

00:01:24,469 --> 00:01:21,600

if you'd like to scrutinize the maria

33

00:01:27,030 --> 00:01:24,479

more closely use binoculars or if you've

34

00:01:29,190 --> 00:01:27,040

got it a telescope remember the view

35

00:01:31,510 --> 00:01:29,200

will be better around the time of sunset

36

00:01:34,390 --> 00:01:31,520

or early dusk before the dark of night

37

00:01:36,870 --> 00:01:34,400

accentuates the glare of that moon

38

00:01:38,789 --> 00:01:36,880

in times past astronomers really thought

39

00:01:41,030 --> 00:01:38,799

the dark areas contrasting with the

40

00:01:42,870 --> 00:01:41,040

light-colored heavily cratered highlands

41

00:01:45,429 --> 00:01:42,880

were lunar seas

42

00:01:48,069 --> 00:01:45,439

in some ways they were correct except

43

00:01:49,109 --> 00:01:48,079

that these seas were molten magma not

44

00:01:51,429 --> 00:01:49,119

water

45

00:01:53,670 --> 00:01:51,439

now solidified this molten rock came

46

00:01:57,350 --> 00:01:53,680

from volcanic eruptions that flooded the

47

00:02:00,069 --> 00:01:57,360

lunar lowlands however volcanic activity

48

00:02:02,149 --> 00:02:00,079

at least from basaltic volcanoes is now

49

00:02:04,389 --> 00:02:02,159

a thing of the moon's past

50

00:02:06,630 --> 00:02:04,399

for the most part lunar maria are found

51
00:02:08,949 --> 00:02:06,640
on the near side of the moon in this

52
00:02:12,550 --> 00:02:08,959
respect that makes the near side and not

53
00:02:15,030 --> 00:02:12,560
the far side that dark side of the moon

54
00:02:18,390 --> 00:02:15,040
maria covers almost 30 percent of the

55
00:02:20,150 --> 00:02:18,400
near side only 2 percent of the far side

56
00:02:22,309 --> 00:02:20,160
the reason for this is not well

57
00:02:24,470 --> 00:02:22,319
understood but it's been suggested that

58
00:02:26,070 --> 00:02:24,480
the crust on the moon's far side is

59
00:02:28,949 --> 00:02:26,080
thicker which would make it more

60
00:02:30,869 --> 00:02:28,959
difficult for magma to reach the surface

61
00:02:33,270 --> 00:02:30,879
the lighter colored highland regions of

62
00:02:34,550 --> 00:02:33,280
the moon are composed of and north of

63
00:02:38,070 --> 00:02:34,560

site that's spelled a n

64

00:02:43,750 --> 00:02:40,630

it's a certain kind of igneous rock on

65

00:02:45,830 --> 00:02:43,760

earth anorthocyte is uncommon except for

66

00:02:48,630 --> 00:02:45,840

the adirondack mountains and the

67

00:02:50,710 --> 00:02:48,640

canadian shield for this reason people

68

00:02:53,589 --> 00:02:50,720

in this part of the world like to fancy

69

00:02:54,470 --> 00:02:53,599

that the moon originated from their home

70

00:02:57,030 --> 00:02:54,480

turf

71

00:02:59,990 --> 00:02:57,040

the prevailing theory it states that the

72

00:03:02,630 --> 00:03:00,000

moon was formed when a mars-sized object

73

00:03:04,949 --> 00:03:02,640

crashed into the earth creating a ring

74

00:03:06,390 --> 00:03:04,959

of debris that eventually condensed to

75

00:03:08,350 --> 00:03:06,400

form the moon

76

00:03:11,270 --> 00:03:08,360

bruce mcclure who wrote this article for

77

00:03:13,110 --> 00:03:11,280

earthsky.org says i suppose time will

78

00:03:16,390 --> 00:03:13,120

tell whether this explanation for the

79

00:03:19,430 --> 00:03:16,400

moon's origin is true or false here's

80

00:03:22,470 --> 00:03:19,440

the bottom line strange as it may seem

81

00:03:23,430 --> 00:03:22,480

the moon's near side is really its dark

82

00:03:28,309 --> 00:03:23,440

side

83

00:03:30,789 --> 00:03:28,319

of the moon reflects less light due to

84

00:03:33,670 --> 00:03:30,799

its collection of dark low-lying lunar

85

00:03:37,350 --> 00:03:33,680

planes that are the solidified remnants

86

00:03:39,670 --> 00:03:37,360

of ancient seas of molten magma which at

87

00:03:43,430 --> 00:03:39,680

one point of course was hot here's

88

00:03:47,190 --> 00:03:43,440

something hot headline elon musk updates

89

00:03:49,430 --> 00:03:47,200

spacex's mars colony plan we grabbed

90

00:03:51,589 --> 00:03:49,440

this headline from space.com it's

91

00:03:55,190 --> 00:03:51,599

written by staff

92

00:03:57,670 --> 00:03:55,200

now we know how elon musk plans to get 1

93

00:03:59,990 --> 00:03:57,680

million people to mars

94

00:04:04,149 --> 00:04:00,000

at a conference in mexico on september

95

00:04:07,350 --> 00:04:04,159

27th the spacex founder and ceo unveiled

96

00:04:09,670 --> 00:04:07,360

the company's interplanetary transport

97

00:04:11,429 --> 00:04:09,680

system its

98

00:04:14,229 --> 00:04:11,439

which will combine the most powerful

99

00:04:16,949 --> 00:04:14,239

rocket ever built with a spaceship

100

00:04:20,629 --> 00:04:16,959

designed to carry at least 100 people to

101
00:04:22,710 --> 00:04:20,639
the red planet 100 people per flight

102
00:04:26,150 --> 00:04:22,720
if all goes according to plan the

103
00:04:28,469 --> 00:04:26,160
reusable its will help humanity

104
00:04:31,590 --> 00:04:28,479
establish a permanent self-sustaining

105
00:04:33,909 --> 00:04:31,600
colony on the red planet within the next

106
00:04:36,310 --> 00:04:33,919
50 to 100 years

107
00:04:38,550 --> 00:04:36,320
yup that's what mr musk said at the

108
00:04:40,629 --> 00:04:38,560
international astronautical congress

109
00:04:43,110 --> 00:04:40,639
held in guadalajara

110
00:04:45,830 --> 00:04:43,120
quote what i really want to do here is

111
00:04:47,350 --> 00:04:45,840
to make mars seem possible make it seem

112
00:04:50,950 --> 00:04:47,360
as though it's something that we could

113
00:04:53,110 --> 00:04:50,960

do in our lifetimes and that you can go

114

00:04:55,990 --> 00:04:53,120

end quotes he said

115

00:04:58,710 --> 00:04:56,000

the its rocket will be more or less a

116

00:05:02,230 --> 00:04:58,720

scaled up version of the first stage of

117

00:05:05,150 --> 00:05:02,240

spacex's falcon 9 booster musk said

118

00:05:10,950 --> 00:05:05,160

but the 254 foot tall

119

00:05:14,070 --> 00:05:10,960

77.5 meters its booster will feature 42

120

00:05:17,270 --> 00:05:14,080

raptor engines whereas the falcon 9 is

121

00:05:19,029 --> 00:05:17,280

powered by nine merlins when combined

122

00:05:23,749 --> 00:05:19,039

with the spaceship which will carry a

123

00:05:26,629 --> 00:05:23,759

crew the its will stand a full 400 feet

124

00:05:29,670 --> 00:05:26,639

that's 122 meters high

125

00:05:32,550 --> 00:05:29,680

and that is musk's info input for

126
00:05:35,270 --> 00:05:32,560
twitter that would make it the largest

127
00:05:38,550 --> 00:05:35,280
space flight system ever built taller

128
00:05:39,670 --> 00:05:38,560
even than nasa's legendary saturn v moon

129
00:05:42,070 --> 00:05:39,680
rocket

130
00:05:44,390 --> 00:05:42,080
the raptor engine which spacex recently

131
00:05:47,430 --> 00:05:44,400
test-fired for the first time is about

132
00:05:50,550 --> 00:05:47,440
the same size as merlin but three times

133
00:05:53,430 --> 00:05:50,560
more powerful its will therefore be an

134
00:05:57,350 --> 00:05:53,440
incredibly potent machine capable of

135
00:05:59,430 --> 00:05:57,360
lofting 300 tons to low earth orbit more

136
00:06:00,950 --> 00:05:59,440
than two times more than a saturn v

137
00:06:02,710 --> 00:06:00,960
could lift

138
00:06:07,270 --> 00:06:02,720

the spaceship which sits atop the

139

00:06:11,350 --> 00:06:07,280

booster will be 162 feet or 49.5 meters

140

00:06:14,710 --> 00:06:11,360

tall 56 feet 17 meters wide and will

141

00:06:16,550 --> 00:06:14,720

have nine raptors of its own

142

00:06:18,950 --> 00:06:16,560

the booster will launch the spaceship to

143

00:06:21,670 --> 00:06:18,960

earth orbit and then return to make a

144

00:06:23,830 --> 00:06:21,680

soft landing at its launch site which is

145

00:06:26,710 --> 00:06:23,840

currently envisioned to be launch pad

146

00:06:28,469 --> 00:06:26,720

number 39a at nasa's kennedy space

147

00:06:30,950 --> 00:06:28,479

center in florida

148

00:06:34,070 --> 00:06:30,960

the spaceship will lift off with little

149

00:06:37,749 --> 00:06:34,080

if any fuel on board to maximize the

150

00:06:40,230 --> 00:06:37,759

payload people cargo or a combination of

151
00:06:41,189 --> 00:06:40,240
both that the craft is able to carry to

152
00:06:43,909 --> 00:06:41,199
orbit

153
00:06:46,469 --> 00:06:43,919
an its booster will therefore launch

154
00:06:48,550 --> 00:06:46,479
again topped with a tanker and

155
00:06:51,189 --> 00:06:48,560
rendezvous with the orbiting spaceship

156
00:06:54,150 --> 00:06:51,199
to fill its tank and then when the

157
00:06:56,710 --> 00:06:54,160
timing is just right mind you earth and

158
00:07:00,150 --> 00:06:56,720
mars align favorably for interplanetary

159
00:07:02,550 --> 00:07:00,160
missions just once every 26 months

160
00:07:05,589 --> 00:07:02,560
the spaceship portion of the its will

161
00:07:08,390 --> 00:07:05,599
turn its engines on and blast from earth

162
00:07:10,950 --> 00:07:08,400
orbit toward the red planet

163
00:07:13,430 --> 00:07:10,960

according to elon musk this spaceship

164

00:07:17,350 --> 00:07:13,440

will be capable of transporting at least

165

00:07:21,029 --> 00:07:17,360

100 perhaps as many as 200 people

166

00:07:23,670 --> 00:07:21,039

and it will also feature movie theaters

167

00:07:25,909 --> 00:07:23,680

lecture halls a restaurant giving the

168

00:07:28,230 --> 00:07:25,919

red planet pioneers a far different

169

00:07:31,189 --> 00:07:28,240

experience than that enjoyed by nasa's

170

00:07:33,909 --> 00:07:31,199

apollo astronauts who were crammed into

171

00:07:37,830 --> 00:07:33,919

a tiny capsule on the way to the moon

172

00:07:40,070 --> 00:07:37,840

quote it'll be like really fun to go and

173

00:07:43,110 --> 00:07:40,080

quotes musk said quote you'll have a

174

00:07:45,510 --> 00:07:43,120

great time end quotes

175

00:07:48,230 --> 00:07:45,520

but if you've got that mars hankering

176

00:07:51,909 --> 00:07:48,240

and you just can't wait well here's this

177

00:07:53,110 --> 00:07:51,919

headline from yahoo.com the finance

178

00:07:58,390 --> 00:07:53,120

section

179

00:08:00,550 --> 00:07:58,400

dubai is building a mock martian city

180

00:08:02,309 --> 00:08:00,560

there is no byline for this but we'll

181

00:08:05,270 --> 00:08:02,319

read it anyway

182

00:08:08,230 --> 00:08:05,280

someday you could take a flying taxi

183

00:08:11,270 --> 00:08:08,240

from dubai to a martian city in the

184

00:08:12,869 --> 00:08:11,280

middle of the desert right here on earth

185

00:08:15,749 --> 00:08:12,879

in preparation for its plans to

186

00:08:18,390 --> 00:08:15,759

establish a settlement on the red planet

187

00:08:21,749 --> 00:08:18,400

the united arab emirates has announced

188

00:08:25,110 --> 00:08:21,759

that it's building a 1.9 million square

189

00:08:28,150 --> 00:08:25,120

foot simulated mars settlement

190

00:08:30,550 --> 00:08:28,160

it would be called mars a science city

191

00:08:33,750 --> 00:08:30,560

it will serve as home for interconnected

192

00:08:36,630 --> 00:08:33,760

domes domes housing various laboratories

193

00:08:38,630 --> 00:08:36,640

which simulate the planet's terrain

194

00:08:41,670 --> 00:08:38,640

the team building the structure plans to

195

00:08:44,790 --> 00:08:41,680

use advanced 3d printing techniques and

196

00:08:47,750 --> 00:08:44,800

heat and radiation insulation to mimic

197

00:08:49,030 --> 00:08:47,760

the harsh environment of our neighbor

198

00:08:51,110 --> 00:08:49,040

mars

199

00:08:53,269 --> 00:08:51,120

scientists will use those tabs to

200

00:08:56,389 --> 00:08:53,279

develop technologies that can provide

201
00:08:57,829 --> 00:08:56,399
future martian colonies with food water

202
00:09:00,150 --> 00:08:57,839
and energy

203
00:09:03,269 --> 00:09:00,160
that way settlers wouldn't have to spend

204
00:09:04,150 --> 00:09:03,279
years eating only potatoes in their new

205
00:09:06,630 --> 00:09:04,160
home

206
00:09:08,870 --> 00:09:06,640
in addition to laboratories the man-made

207
00:09:11,750 --> 00:09:08,880
city will house a museum showcasing

208
00:09:14,310 --> 00:09:11,760
humanity's greatest space achievements

209
00:09:17,590 --> 00:09:14,320
which will boast 3d printed walls made

210
00:09:20,389 --> 00:09:17,600
of sand sand from that country's desert

211
00:09:22,230 --> 00:09:20,399
there will be areas meant to engage kids

212
00:09:23,030 --> 00:09:22,240
and ignite their interest in space as

213
00:09:25,590 --> 00:09:23,040

well

214

00:09:27,190 --> 00:09:25,600

once that city is up the united arab

215

00:09:30,150 --> 00:09:27,200

emirates intends to conduct an

216

00:09:34,070 --> 00:09:30,160

experiment involving a group of people

217

00:09:35,990 --> 00:09:34,080

living within those confines for a year

218

00:09:38,230 --> 00:09:36,000

the united arab emirates seeks to

219

00:09:40,230 --> 00:09:38,240

establish international efforts to

220

00:09:42,470 --> 00:09:40,240

develop technologies that benefit

221

00:09:45,110 --> 00:09:42,480

humankind and that establish the

222

00:09:46,790 --> 00:09:45,120

foundation of a better future for more

223

00:09:49,030 --> 00:09:46,800

generations to come

224

00:09:51,670 --> 00:09:49,040

they also want to consolidate quote the

225

00:09:54,230 --> 00:09:51,680

passion for leadership in science in the

226

00:09:56,310 --> 00:09:54,240

united arab emirates contributing to

227

00:09:58,949 --> 00:09:56,320

improving life on earth and to

228

00:10:02,230 --> 00:09:58,959

developing innovative solutions to many

229

00:10:04,310 --> 00:10:02,240

of our global challenges end quotes

230

00:10:05,910 --> 00:10:04,320

the country hasn't revealed a timeline

231

00:10:08,150 --> 00:10:05,920

for the project yet

232

00:10:11,269 --> 00:10:08,160

but whoever wrote this says we'd sure

233

00:10:15,030 --> 00:10:11,279

love to see matt damon grace the city's

234

00:10:17,110 --> 00:10:15,040

ribbon-cutting ceremony oh yeah

235

00:10:20,790 --> 00:10:17,120

a shift now from the united arab

236

00:10:22,870 --> 00:10:20,800

emirates to the 37th parallel

237

00:10:23,790 --> 00:10:22,880

we grabbed this story believe it or not

238

00:10:27,030 --> 00:10:23,800

from

239

00:10:30,870 --> 00:10:27,040

foxnews.com the science division here's

240

00:10:34,389 --> 00:10:30,880

the headline alien hunters discover ufo

241

00:10:37,350 --> 00:10:34,399

highway across america

242

00:10:40,470 --> 00:10:37,360

a brother and sister alien hunting team

243

00:10:43,110 --> 00:10:40,480

have discovered a ufo highway across

244

00:10:45,430 --> 00:10:43,120

america along which hundreds of

245

00:10:47,990 --> 00:10:45,440

unexplained events have taken place

246

00:10:49,350 --> 00:10:48,000

events from cattle mutilations to alien

247

00:10:51,829 --> 00:10:49,360

abductions

248

00:10:54,710 --> 00:10:51,839

this particular team of siblings chuck

249

00:10:57,190 --> 00:10:54,720

zuckowski and debbie zieglemeyer has

250

00:10:59,910 --> 00:10:57,200

spent years traveling across the united

251
00:11:01,030 --> 00:10:59,920
states investigating hundreds of ufo

252
00:11:03,590 --> 00:11:01,040
sightings

253
00:11:05,910 --> 00:11:03,600
it was during one cattle mutilation

254
00:11:07,590 --> 00:11:05,920
investigation that chuck realized that

255
00:11:11,350 --> 00:11:07,600
many of the unexplained events he'd

256
00:11:12,790 --> 00:11:11,360
looked into had taken place on the 37th

257
00:11:14,870 --> 00:11:12,800
latitude

258
00:11:17,670 --> 00:11:14,880
he called his sister who noticed the

259
00:11:20,230 --> 00:11:17,680
same with her investigations in missouri

260
00:11:22,630 --> 00:11:20,240
and the pair then began researching the

261
00:11:24,949 --> 00:11:22,640
phenomenon discovering that there are

262
00:11:28,389 --> 00:11:24,959
clusters of unexplained events taking

263
00:11:31,590 --> 00:11:28,399

place across the same latitude line the

264

00:11:35,430 --> 00:11:31,600

pair believes the 37th latitude line is

265

00:11:38,310 --> 00:11:35,440

a kind of ufo or paranormal highway

266

00:11:40,470 --> 00:11:38,320

along which extraterrestrial craft enter

267

00:11:42,150 --> 00:11:40,480

and exit the earth

268

00:11:45,269 --> 00:11:42,160

their theory is now the subject of a

269

00:11:47,030 --> 00:11:45,279

book called the 37th parallel and it's

270

00:11:49,829 --> 00:11:47,040

about to be made into a hollywood

271

00:11:52,870 --> 00:11:49,839

blockbuster in the next few months

272

00:11:55,350 --> 00:11:52,880

chuck told the sun online quote back in

273

00:11:57,670 --> 00:11:55,360

2006 i was looking at my cattle

274

00:12:00,949 --> 00:11:57,680

mutilation investigations there were

275

00:12:02,710 --> 00:12:00,959

huge similarities between all of them

276

00:12:05,750 --> 00:12:02,720

most of the cattle were laying on their

277

00:12:06,949 --> 00:12:05,760

right side they're laying east to west

278

00:12:09,829 --> 00:12:06,959

and then

279

00:12:12,389 --> 00:12:09,839

i noticed that lots of them were on the

280

00:12:15,030 --> 00:12:12,399

37 degree latitude

281

00:12:17,990 --> 00:12:15,040

so i called my sister at midnight and i

282

00:12:20,790 --> 00:12:18,000

said didn't you have cattle mutilations

283

00:12:22,790 --> 00:12:20,800

on the 37 degree latitude in missouri

284

00:12:25,670 --> 00:12:22,800

and she said yes

285

00:12:28,069 --> 00:12:25,680

and we started looking into it more we

286

00:12:30,310 --> 00:12:28,079

soon realized it wasn't just cattle

287

00:12:31,269 --> 00:12:30,320

mutilations there were all kinds of

288

00:12:33,750 --> 00:12:31,279

events

289

00:12:35,910 --> 00:12:33,760

so we're up till 2 30 in the morning

290

00:12:38,870 --> 00:12:35,920

going through all these cases and

291

00:12:40,150 --> 00:12:38,880

starting to see these amazing patterns

292

00:12:43,670 --> 00:12:40,160

and quotes

293

00:12:46,710 --> 00:12:43,680

now the 37th latitude line runs from

294

00:12:49,750 --> 00:12:46,720

california through nevada colorado

295

00:12:52,150 --> 00:12:49,760

kansas missouri illinois kentucky and

296

00:12:54,470 --> 00:12:52,160

across to virginia

297

00:12:56,870 --> 00:12:54,480

examples of cases along this line

298

00:12:59,269 --> 00:12:56,880

include the joplin spook lights

299

00:13:01,350 --> 00:12:59,279

unexplained balls of light that have

300

00:13:04,069 --> 00:13:01,360

been appearing in hornet missouri since

301
00:13:07,190 --> 00:13:04,079
the 19th century and then the famous

302
00:13:09,910 --> 00:13:07,200
aztec nevada incident 1948

303
00:13:13,110 --> 00:13:09,920
when a flying saucer allegedly crashed

304
00:13:16,550 --> 00:13:13,120
and piedmont missouri where 500 people

305
00:13:19,030 --> 00:13:16,560
reported ufo sightings in 1973.

306
00:13:22,710 --> 00:13:19,040
it doesn't stop there the infamous area

307
00:13:25,670 --> 00:13:22,720
51 in nevada and the dulce bass an

308
00:13:28,230 --> 00:13:25,680
alleged underground alien base are also

309
00:13:31,030 --> 00:13:28,240
located on that line

310
00:13:33,430 --> 00:13:31,040
quote so for the next month or so i

311
00:13:36,310 --> 00:13:33,440
started looking at all these cases and i

312
00:13:37,509 --> 00:13:36,320
had all this data and quotes chuck

313
00:13:40,150 --> 00:13:37,519

explained

314

00:13:42,710 --> 00:13:40,160

he said quote all the gps coordinates

315

00:13:44,629 --> 00:13:42,720

everything from native american sites to

316

00:13:48,230 --> 00:13:44,639

underwater caves

317

00:13:49,910 --> 00:13:48,240

so i released it all on my website and i

318

00:13:52,629 --> 00:13:49,920

mentioned it during an appearance on the

319

00:13:54,150 --> 00:13:52,639

science channel's unexplained files

320

00:13:56,550 --> 00:13:54,160

and then for the next season of that

321

00:13:59,350 --> 00:13:56,560

show they asked me to expand on my

322

00:14:02,790 --> 00:13:59,360

theory so i did a whole episode on this

323

00:14:06,949 --> 00:14:02,800

for them the bottom line is this 37th

324

00:14:09,829 --> 00:14:06,959

latitude is like a ufo or paranormal

325

00:14:11,990 --> 00:14:09,839

highway across the continent

326

00:14:14,550 --> 00:14:12,000

we seem to think this highway is a major

327

00:14:17,990 --> 00:14:14,560

highway that these crafts use they seem

328

00:14:19,750 --> 00:14:18,000

to exit and enter here end quotes

329

00:14:22,470 --> 00:14:19,760

after his appearance on the science

330

00:14:24,870 --> 00:14:22,480

channel a hollywood producer got in

331

00:14:28,150 --> 00:14:24,880

touch and told chuck his theory would be

332

00:14:31,350 --> 00:14:28,160

a great idea for a book and a movie

333

00:14:33,750 --> 00:14:31,360

enter ben mesrick this broadcaster had

334

00:14:36,710 --> 00:14:33,760

pictures it got picked up by new line

359

00:15:40,230 --> 00:15:36,880

cinema warner brothers before the book

360

00:15:41,829 --> 00:15:40,240

was even written just on the idea end

361

00:15:43,990 --> 00:15:41,839

quote said chuck

362

00:15:45,829 --> 00:15:44,000

the book he continues quote came out

363

00:15:47,750 --> 00:15:45,839

last year the screenplay is being

364

00:15:50,310 --> 00:15:47,760

written by a hollywood screenwriter who

365

00:15:53,430 --> 00:15:50,320

has written movies for matt damon robert

366

00:15:56,069 --> 00:15:53,440

de niro robert downey jr the screenplay

367

00:15:58,870 --> 00:15:56,079

ought to be ready in the next month end

368

00:16:01,910 --> 00:15:58,880

quotes chuck zukowski says quote we'll

369

00:16:04,310 --> 00:16:01,920

know in october if the movie is going

370

00:16:06,550 --> 00:16:04,320

ahead but they already have some big

371

00:16:08,790 --> 00:16:06,560

name actors following the project end

372

00:16:11,670 --> 00:16:08,800

quotes and chuck's sister debbie

373

00:16:14,310 --> 00:16:11,680

ziegelmeyer says she's now investigating

374

00:16:17,670 --> 00:16:14,320

what incidents have occurred on the 37th

375

00:16:19,910 --> 00:16:17,680

parallel around the world specifically

376

00:16:21,110 --> 00:16:19,920

incidents that have taken place over

377

00:16:22,389 --> 00:16:21,120

water

378

00:16:24,550 --> 00:16:22,399

athens greece

379

00:16:26,470 --> 00:16:24,560

that sits on the line and it's also the

380

00:16:27,749 --> 00:16:26,480

dividing line between north and south

381

00:16:30,470 --> 00:16:27,759

korea

382

00:16:33,509 --> 00:16:30,480

debbie's even witnessed ufos herself on

383

00:16:35,350 --> 00:16:33,519

the 37th latitude once after a party at

384

00:16:38,389 --> 00:16:35,360

her family's lake house near farmington

385

00:16:41,509 --> 00:16:38,399

missouri which lies on the line and that

386

00:16:43,829 --> 00:16:41,519

happened last year she said quote i have

387

00:16:46,230 --> 00:16:43,839

an app on my phone that you can use to

388

00:16:48,710 --> 00:16:46,240

look up and it tells you what planets

389

00:16:51,910 --> 00:16:48,720

and constellations are visible

390

00:16:54,949 --> 00:16:51,920

and then all of a sudden we saw four

391

00:16:57,430 --> 00:16:54,959

stars in a formation they were small

392

00:16:59,990 --> 00:16:57,440

stars which kept getting higher and

393

00:17:03,110 --> 00:17:00,000

brighter so apparently whatever it was

394

00:17:05,189 --> 00:17:03,120

was coming into the atmosphere and then

395

00:17:08,870 --> 00:17:05,199

the one of these objects on the top left

396

00:17:11,669 --> 00:17:08,880

hand corner shot fast straight up and

397

00:17:13,590 --> 00:17:11,679

the top right and bottom did the same

398

00:17:15,909 --> 00:17:13,600

and then the bottom right one went

399

00:17:17,669 --> 00:17:15,919

across the horizon

400

00:17:20,309 --> 00:17:17,679

debbie zieglemeyer said she spoke to

401
00:17:22,390 --> 00:17:20,319
other experts to see if there are any

402
00:17:25,429 --> 00:17:22,400
military or government projects that

403
00:17:28,870 --> 00:17:25,439
could do that and those experts said no

404
00:17:30,150 --> 00:17:28,880
they had no idea what this could be end

405
00:17:31,430 --> 00:17:30,160
quotes

406
00:17:33,590 --> 00:17:31,440
the chuck and debbie say they have

407
00:17:36,789 --> 00:17:33,600
investigated hundreds and hundreds of

408
00:17:39,830 --> 00:17:36,799
paranormal cases it's not just ufos the

409
00:17:42,230 --> 00:17:39,840
pair also investigate ghost and bigfoot

410
00:17:44,070 --> 00:17:42,240
sightings quote i get three or four

411
00:17:46,390 --> 00:17:44,080
people a week getting in touch with me

412
00:17:49,190 --> 00:17:46,400
through my website sightings photos

413
00:17:50,470 --> 00:17:49,200

videos i always have a backlog and quote

414

00:17:53,029 --> 00:17:50,480

said chuck

415

00:17:55,669 --> 00:17:53,039

he continues quote we started off as

416

00:17:58,230 --> 00:17:55,679

crash retrieval investigators but then

417

00:18:00,789 --> 00:17:58,240

you gather all this equipment the geiger

418

00:18:03,270 --> 00:18:00,799

counters the electromagnetic field

419

00:18:05,990 --> 00:18:03,280

instruments night vision goggles and

420

00:18:07,909 --> 00:18:06,000

then people get in touch

421

00:18:10,230 --> 00:18:07,919

lots of bigfoot sightings are associated

422

00:18:12,390 --> 00:18:10,240

with ufo sightings and ghost

423

00:18:15,590 --> 00:18:12,400

investigations started coming up because

424

00:18:17,909 --> 00:18:15,600

i had all this equipment we use emf

425

00:18:20,549 --> 00:18:17,919

instruments to look for trace evidence

426

00:18:23,350 --> 00:18:20,559

to look for crafts or entities because

427

00:18:25,029 --> 00:18:23,360

they leave electronic signatures

428

00:18:28,549 --> 00:18:25,039

well it turns out ghosts leave

429

00:18:31,110 --> 00:18:28,559

electronic signatures too end quotes

430

00:18:33,990 --> 00:18:31,120

and then chuck zukowski says this very

431

00:18:37,029 --> 00:18:34,000

interesting thing quote sometimes where

432

00:18:40,870 --> 00:18:37,039

we have had ghost sightings the orbs

433

00:18:44,070 --> 00:18:40,880

they see might not be ghosts but ufos

434

00:18:47,350 --> 00:18:44,080

end quotes and then he adds i like to

435

00:18:48,230 --> 00:18:47,360

look at my work as community service end

436

00:18:49,669 --> 00:18:48,240

quote

437

00:18:52,230 --> 00:18:49,679

that's cool

438

00:18:53,830 --> 00:18:52,240

what we think of as the anomalous

439

00:18:55,750 --> 00:18:53,840

community

440

00:18:59,110 --> 00:18:55,760

well there's lots going on in the

441

00:19:01,990 --> 00:18:59,120

anomalous community area of chicago

442

00:19:04,710 --> 00:19:02,000

illinois lon strickler's excellent site

443

00:19:06,789 --> 00:19:04,720

phantomsandmonsters.com

444

00:19:09,070 --> 00:19:06,799

brings us this sighting it took place

445

00:19:13,029 --> 00:19:09,080

tuesday september 19

446

00:19:16,310 --> 00:19:13,039

2017 just another entry in the curious

447

00:19:17,990 --> 00:19:16,320

chronicling of the chicago phantom the

448

00:19:19,909 --> 00:19:18,000

owl man

449

00:19:21,669 --> 00:19:19,919

here's the story

450

00:19:23,990 --> 00:19:21,679

says lon strickler i received the

451
00:19:26,549 --> 00:19:24,000
following account on tuesday september

452
00:19:29,029 --> 00:19:26,559
19th 2017.

453
00:19:30,950 --> 00:19:29,039
here's the account first person in the

454
00:19:33,190 --> 00:19:30,960
words of the witness

455
00:19:35,669 --> 00:19:33,200
i'm a former chicagoan and i was on a

456
00:19:38,070 --> 00:19:35,679
visit last week i stayed a night

457
00:19:41,590 --> 00:19:38,080
downtown at the sofitel chicago

458
00:19:43,430 --> 00:19:41,600
magnificent mile it's located at 20 east

459
00:19:46,070 --> 00:19:43,440
chestnut street

460
00:19:49,110 --> 00:19:46,080
during the early evening i looked out

461
00:19:51,110 --> 00:19:49,120
our window from the 30th floor and saw

462
00:19:53,590 --> 00:19:51,120
what i at the time

463
00:19:55,830 --> 00:19:53,600

assumed was a maintenance man something

464

00:19:57,990 --> 00:19:55,840
on the roof of a shorter building a

465

00:20:00,310 --> 00:19:58,000
building below ours

466

00:20:03,029 --> 00:20:00,320
but it moved too fluidly and it

467

00:20:05,990 --> 00:20:03,039
disappeared too quickly for a man

468

00:20:09,029 --> 00:20:06,000
it was gray in color and the shape i

469

00:20:10,710 --> 00:20:09,039
would definitely describe as a male with

470

00:20:12,870 --> 00:20:10,720
no clothes

471

00:20:15,830 --> 00:20:12,880
i would say it was about six feet tall

472

00:20:18,710 --> 00:20:15,840
there were no unfurled wings

473

00:20:21,110 --> 00:20:18,720
this occurred sunday september 10 2017

474

00:20:24,070 --> 00:20:21,120
at approximately 7 pm

475

00:20:26,710 --> 00:20:24,080
the thought of it hasn't left me

476

00:20:28,630 --> 00:20:26,720

i couldn't see a door or anything that

477

00:20:29,669 --> 00:20:28,640

would allow a person to slip out of

478

00:20:33,110 --> 00:20:29,679

sight

479

00:20:36,549 --> 00:20:33,120

it was odd to see someone something on a

480

00:20:39,110 --> 00:20:36,559

roof this was a roof with no rooftop

481

00:20:41,990 --> 00:20:39,120

features such as a swimming pool no

482

00:20:43,830 --> 00:20:42,000

outdoor seating and it didn't look like

483

00:20:46,310 --> 00:20:43,840

there was any window washing no

484

00:20:49,750 --> 00:20:46,320

construction etc that would easily

485

00:20:50,549 --> 00:20:49,760

explain why a person was on a high-rise

486

00:20:52,710 --> 00:20:50,559

roof

487

00:20:53,909 --> 00:20:52,720

and then a person disappearing so

488

00:20:55,909 --> 00:20:53,919

quickly

489

00:20:57,430 --> 00:20:55,919

i told myself it was nothing and i

490

00:21:00,070 --> 00:20:57,440

forgot about it

491

00:21:03,190 --> 00:21:00,080

but on a whim i called my friend who'd

492

00:21:06,549 --> 00:21:03,200

been with me he told me there were many

493

00:21:08,710 --> 00:21:06,559

sightings of humanoids in chicago

494

00:21:11,270 --> 00:21:08,720

i immediately panicked a bit and i have

495

00:21:12,549 --> 00:21:11,280

to tell you i'm very scared of things

496

00:21:14,310 --> 00:21:12,559

like these

497

00:21:17,590 --> 00:21:14,320

i hope it doesn't mean any harm towards

498

00:21:18,950 --> 00:21:17,600

me or anyone else luckily i live in

499

00:21:21,830 --> 00:21:18,960

nashville

500

00:21:24,870 --> 00:21:21,840

are these things vindictive

501
00:21:27,350 --> 00:21:24,880
i'm also a humble tarot reader but i

502
00:21:28,830 --> 00:21:27,360
don't want to cause trouble

503
00:21:32,470 --> 00:21:28,840
and this is signed

504
00:21:34,549 --> 00:21:32,480
al we're trying to figure how the tarot

505
00:21:35,830 --> 00:21:34,559
could play a part in this

506
00:21:38,310 --> 00:21:35,840
not sure

507
00:21:40,710 --> 00:21:38,320
somehow however we've got a sense that

508
00:21:42,870 --> 00:21:40,720
it's all connected

509
00:21:46,149 --> 00:21:42,880
layers of mystery

510
00:21:48,430 --> 00:21:46,159
here's a mystery of a ufo kind from

511
00:21:51,510 --> 00:21:48,440
higginsville missouri

512
00:21:53,750 --> 00:21:51,520
ufostalker.com brings us this sighting

513
00:21:55,990 --> 00:21:53,760

it's been given a mufon case number for

514

00:22:00,390 --> 00:21:56,000

purposes of tracking and hopefully

515

00:22:02,950 --> 00:22:00,400

identification it's 8693

516

00:22:06,630 --> 00:22:02,960

the date of the sighting is september 27

517

00:22:08,870 --> 00:22:06,640

2017 it got a next day report

518

00:22:13,750 --> 00:22:08,880

here's what our witness offers by way of

519

00:22:15,990 --> 00:22:13,760

summary flashing lights in night sky

520

00:22:19,110 --> 00:22:16,000

citing specifics viewing distance over

521

00:22:22,149 --> 00:22:19,120

one mile and eventually unknown

522

00:22:24,070 --> 00:22:22,159

the altitude was over 500 feet and there

523

00:22:27,590 --> 00:22:24,080

wasn't any cloud cover

524

00:22:30,149 --> 00:22:27,600

the sighting duration was 45 minutes

525

00:22:32,630 --> 00:22:30,159

but in spite of that chunk of time our

526

00:22:34,310 --> 00:22:32,640

witnesses still list the object features

527

00:22:37,029 --> 00:22:34,320

as unknown

528

00:22:39,270 --> 00:22:37,039

the flight path was a straight line path

529

00:22:43,110 --> 00:22:39,280

a path with directional change and

530

00:22:44,789 --> 00:22:43,120

ultimately a path that included hovering

531

00:22:48,230 --> 00:22:44,799

the object's shape according to the

532

00:22:50,549 --> 00:22:48,240

witnesses does not apply there isn't any

533

00:22:53,750 --> 00:22:50,559

meteorology so we'll just have to wing

534

00:22:56,390 --> 00:22:53,760

it here's the event itself first person

535

00:22:57,669 --> 00:22:56,400

in the raw unedited words of the

536

00:23:03,110 --> 00:22:57,679

witnesses

537

00:23:05,830 --> 00:23:03,120

on 9 27 17 approximately 10 15 pm i had

538

00:23:07,110 --> 00:23:05,840

taken my dog outside so she could use

539

00:23:09,110 --> 00:23:07,120

the restroom

540

00:23:10,630 --> 00:23:09,120

i've gotten into the habit of looking up

541

00:23:12,630 --> 00:23:10,640

at the night sky

542

00:23:15,190 --> 00:23:12,640

which is what i did

543

00:23:16,789 --> 00:23:15,200

and i noticed what at first i thought to

544

00:23:19,830 --> 00:23:16,799

be a plane

545

00:23:22,549 --> 00:23:19,840

but this object was blinking red blue

546

00:23:24,950 --> 00:23:22,559

green and white lights

547

00:23:27,270 --> 00:23:24,960

the object also seemed to have a smooth

548

00:23:29,830 --> 00:23:27,280

coasting feel to it

549

00:23:33,110 --> 00:23:29,840

maybe due to the fact that this object

550

00:23:35,029 --> 00:23:33,120

didn't seem to be producing any noise

551
00:23:37,750 --> 00:23:35,039
for the steady pace it was moving and

552
00:23:40,310 --> 00:23:37,760
for the night sky being so clear

553
00:23:42,470 --> 00:23:40,320
i was surprised there wasn't any noise

554
00:23:44,549 --> 00:23:42,480
coming from this object

555
00:23:46,789 --> 00:23:44,559
i ran the dog back inside and had my

556
00:23:48,710 --> 00:23:46,799
wife come outside with me so she could

557
00:23:52,710 --> 00:23:48,720
also see this

558
00:23:55,430 --> 00:23:52,720
we observed this flying object and

559
00:23:57,430 --> 00:23:55,440
another one appeared from nowhere right

560
00:23:58,390 --> 00:23:57,440
next to the first object we were

561
00:24:00,630 --> 00:23:58,400
watching

562
00:24:04,390 --> 00:24:00,640
now there were two

563
00:24:06,710 --> 00:24:04,400

and then i see a third flashing object

564

00:24:08,870 --> 00:24:06,720

flying from the opposite direction

565

00:24:11,350 --> 00:24:08,880

heading towards the other two

566

00:24:14,149 --> 00:24:11,360

at some point there was a fourth object

567

00:24:16,789 --> 00:24:14,159

flying in another direction

568

00:24:18,789 --> 00:24:16,799

we watched these objects fly in their

569

00:24:21,269 --> 00:24:18,799

different directions until they were out

570

00:24:23,590 --> 00:24:21,279

of visibility but then they'd quickly

571

00:24:25,510 --> 00:24:23,600

head back towards the object they were

572

00:24:27,590 --> 00:24:25,520

originally spotted in

573

00:24:29,110 --> 00:24:27,600

one of these objects then became

574

00:24:31,029 --> 00:24:29,120

stationary

575

00:24:33,750 --> 00:24:31,039

approximately two to three miles away

576
00:24:36,630 --> 00:24:33,760
from where my wife and i stood and two

577
00:24:39,750 --> 00:24:36,640
of the other objects seemed to fly close

578
00:24:43,430 --> 00:24:39,760
to this stationary object and then fly

579
00:24:45,750 --> 00:24:43,440
out of sight but eventually fly back

580
00:24:48,149 --> 00:24:45,760
the entire time i was taking pictures

581
00:24:50,549 --> 00:24:48,159
and videos with my phone

582
00:24:52,710 --> 00:24:50,559
aside from a couple of random blinks

583
00:24:56,230 --> 00:24:52,720
that i captured on video the rest of my

584
00:24:58,310 --> 00:24:56,240
pictures and videos were completely dark

585
00:25:00,390 --> 00:24:58,320
not even the bright stars could be seen

586
00:25:02,630 --> 00:25:00,400
in these videos

587
00:25:05,269 --> 00:25:02,640
these lights we watched were at times

588
00:25:07,590 --> 00:25:05,279

pulsating rapidly at other times they

589

00:25:10,470 --> 00:25:07,600

would have a steady continuous flash

590

00:25:12,630 --> 00:25:10,480

that alternated in colors

591

00:25:16,470 --> 00:25:12,640

one of the objects even put out a bright

592

00:25:18,149 --> 00:25:16,480

flash once a flash like a camera flash

593

00:25:19,190 --> 00:25:18,159

my wife had to go inside and attend to

594

00:25:21,350 --> 00:25:19,200

the kids

595

00:25:24,470 --> 00:25:21,360

and after a couple of minutes i also

596

00:25:26,789 --> 00:25:24,480

went inside so i could download a camera

597

00:25:29,190 --> 00:25:26,799

app that might be able to capture what

598

00:25:31,909 --> 00:25:29,200

it was my wife and i were looking at

599

00:25:34,470 --> 00:25:31,919

i came back outside around 11 pm

600

00:25:37,669 --> 00:25:34,480

but these objects were gone

601
00:25:40,390 --> 00:25:37,679
the sky seemed to be darker the stars

602
00:25:43,269 --> 00:25:40,400
didn't seem as bright as they had been

603
00:25:45,909 --> 00:25:43,279
i've seen planes in the sky at night

604
00:25:49,110 --> 00:25:45,919
whatever i saw this night in the sky was

605
00:25:51,110 --> 00:25:49,120
unlike any plane i've ever seen

606
00:25:54,149 --> 00:25:51,120
this was my first time seeing anything

607
00:25:57,110 --> 00:25:54,159
like this i'm still a bit weirded out

608
00:25:59,909 --> 00:25:57,120
over what this could have been

609
00:26:02,549 --> 00:25:59,919
indeed first sighting can apparently

610
00:26:05,430 --> 00:26:02,559
leave one feeling like that great news

611
00:26:08,830 --> 00:26:05,440
here a confirmation another brain

612
00:26:12,149 --> 00:26:08,840
another set of eyes a wife into the

613
00:26:14,470 --> 00:26:12,159

bargain let's hear it for spousal

614

00:26:17,350 --> 00:26:14,480

sighting support shall we

615

00:26:19,750 --> 00:26:17,360

we sense that music rolling under which

616

00:26:21,510 --> 00:26:19,760

supports the fact we gotta fly out of

617

00:26:23,990 --> 00:26:21,520

here because

618

00:26:26,230 --> 00:26:24,000

that's a wrap thank you for listening to

619

00:26:29,789 --> 00:26:26,240

00:27:05,269 --> 00:27:02,559

by switching to geico those oysters
