started taking some personal video for

56

my cell phone when I was looking through

57  
00:03:09,089 --> 00:03:06,910  
the back side of my phone taking these

58  
00:03:12,330 --> 00:03:09,099

get down to sinner of light radio

76  
00:03:51,780 --> 00:03:48,879  
business I met this gentleman some time

77  
00:03:53,069 --> 00:03:51,790  
back when I was doing a spiritual fair

78  
00:03:55,860 --> 00:03:53,079  
here in Memphis Tennessee my guest

79  
00:03:59,420 --> 00:03:55,870  
tonight is mr. Titus Joseph and we will

80  
00:04:02,460 --> 00:03:59,430  
be discussing the beginning is near

81  
00:04:04,460 --> 00:04:02,470  
introducing a holistic new concept that

82  
00:04:07,319 --> 00:04:04,470  
reconciles science to spirituality

83  
00:04:09,690 --> 00:04:07,329  
explains how things come into being

84  
00:04:12,629 --> 00:04:09,700  
Titus Joseph is an author of two books

85  
00:04:15,659 --> 00:04:12,639  
on metaphysics entitled our curious

86  
00:04:18,479 --> 00:04:15,669  
world of mirror images and I am mind I

87  
00:04:21,680 --> 00:04:18,489  
am consciousness these books introduce a

88  
00:04:25,140 --> 00:04:21,690

new idea to us called positional

89

00:04:31,290 --> 00:04:25,150

symmetry requisite mirror image

90

00:04:33,240 --> 00:04:31,300

aka PSR M I is conceived as the ark a 30

91

00:04:35,250 --> 00:04:33,250

mental principle that explains how

92

00:04:37,920 --> 00:04:35,260

existing things come into being as

93

00:04:40,860 --> 00:04:37,930

evidenced by the curious symmetries we

94

00:04:43,320 --> 00:04:40,870

see throughout nature in mirrored in the

95

00:04:45,750 --> 00:04:43,330

laws of science mr. Joseph has a

96

00:04:48,390 --> 00:04:45,760

bachelor's degree in philosophy with a

97

00:04:50,430 --> 00:04:48,400

minor in religious studies and a

98

00:04:52,909 --> 00:04:50,440

master's degree in counseling you can

99

00:04:54,899 --> 00:04:52,919

find more about my guest tonight at WWE

100

00:04:59,610 --> 00:04:54,909

Titus Joseph calm

101  
00:05:01,620 --> 00:04:59,620  
that's Titus Joseph dot-com mr. Titus

102  
00:05:04,409 --> 00:05:01,630  
welcome soon of light radio sir Thank

103  
00:05:07,680 --> 00:05:04,419  
You Keith I appreciate your invitation I

104  
00:05:09,930 --> 00:05:07,690  
look forward to the program tonight my

105  
00:05:11,339 --> 00:05:09,940  
name is Titus Joseph I am as Keith said

106  
00:05:14,159 --> 00:05:11,349  
I'm an author of two books on

107  
00:05:16,589 --> 00:05:14,169  
metaphysics and spirituality that offer

108  
00:05:20,629 --> 00:05:16,599  
a profound and meaningful new paradigm

109  
00:05:23,820 --> 00:05:20,639  
on reality called positional symmetry

110  
00:05:26,760 --> 00:05:23,830  
requisite mirror image this new paradigm

111  
00:05:28,620 --> 00:05:26,770  
on reality assimilates our deepest

112  
00:05:30,900 --> 00:05:28,630  
scientific laws use

113  
00:05:34,140 --> 00:05:30,910

them as the foundation the skeleton so

114

00:05:37,230 --> 00:05:34,150

to speak to confirm itself as a

115

00:05:41,100 --> 00:05:37,240

candidate for the corrective lens we

116

00:05:43,800 --> 00:05:41,110

need to bridge dualism separation and

117

00:05:46,260 --> 00:05:43,810

the polarity we are all experiencing

118

00:05:49,290 --> 00:05:46,270

everywhere the innovation of this

119

00:05:51,810 --> 00:05:49,300

fundamental idea blends science and by

120

00:05:56,130 --> 00:05:51,820

virtue of the mirror image polls you

121

00:05:59,160 --> 00:05:56,140

choose spirituality into one beautiful

122

00:06:01,260 --> 00:05:59,170

new paradigm that anyone can see is true

123

00:06:03,780 --> 00:06:01,270

there is a true reflection on reality I

124

00:06:06,270 --> 00:06:03,790

hope you stay tuned because as we finish

125

00:06:07,770 --> 00:06:06,280

this program if you grasp this you will

126

00:06:10,500 --> 00:06:07,780

have a truly clear and beautiful

127

00:06:13,200 --> 00:06:10,510

understanding of wha how our world is

128

00:06:15,300 --> 00:06:13,210

how we're able is conscious means walk

129

00:06:18,270 --> 00:06:15,310

around planet Earth and and imagine

130

00:06:20,280 --> 00:06:18,280

ideas of God and science so I will

131

00:06:22,020 --> 00:06:20,290

discuss the problem of duality duality

132

00:06:23,520 --> 00:06:22,030

as it applies in science and

133

00:06:26,070 --> 00:06:23,530

spirituality and demonstrate the

134

00:06:28,740 --> 00:06:26,080

importance of resolving the binding

135

00:06:31,980 --> 00:06:28,750

paradox by pointing to the negative

136

00:06:34,830 --> 00:06:31,990

consequences of the separation and the

137

00:06:37,590 --> 00:06:34,840

anxiety that comes with that that is

138

00:06:40,080 --> 00:06:37,600

implicit in dualism that that reality

139

00:06:42,720 --> 00:06:40,090

that really affects us in our ordinary

140

00:06:44,520 --> 00:06:42,730

lives so I will then introduce listeners

141

00:06:46,440 --> 00:06:44,530

to a new concept that's positional

142

00:06:48,180 --> 00:06:46,450

symmetry requisite memory that is

143

00:06:51,210 --> 00:06:48,190

proposed to bridge the divide and

144

00:06:53,130 --> 00:06:51,220

provide us a pair of corrective lens so

145

00:06:55,890 --> 00:06:53,140

that we may see and understand our

146

00:06:57,570 --> 00:06:55,900

reality more clearly the beauty that

147

00:07:01,190 --> 00:06:57,580

comes out of this however is how the

148

00:07:05,250 --> 00:07:01,200

science and spirituality become one

149

00:07:08,220 --> 00:07:05,260

again the the books are called my books

150

00:07:10,560 --> 00:07:08,230

are entitled our curious world of mirror

151

00:07:15,050 --> 00:07:10,570

image is which is more science-based

152

00:07:17,810 --> 00:07:15,060

reading Savion to philosophy and and

153

00:07:19,950 --> 00:07:17,820

goes back through history and looks at

154

00:07:22,140 --> 00:07:19,960

developments over time and I show how

155

00:07:25,020 --> 00:07:22,150

ancient philosophers before the time of

156

00:07:26,490 --> 00:07:25,030

Socrates their paradigms and how they at

157

00:07:30,390 --> 00:07:26,500

all really were all looking at the same

158

00:07:31,950 --> 00:07:30,400

thing so you mr. chai there's something

159

00:07:39,000 --> 00:07:31,960

you just said just a minute ago a lot of

160

00:07:41,100 --> 00:07:39,010

that is a little scientific but it's

161

00:07:42,300 --> 00:07:41,110

it's it's it's its philosophy really

162

00:07:44,490 --> 00:07:42,310

your concern

163

00:07:50,550 --> 00:07:44,500

see I see the light behind me there

164

00:07:52,560 --> 00:07:50,560

that's the magical is you know all of

165

00:07:54,180 --> 00:07:52,570

our life we you know we're looking at

166

00:07:56,070 --> 00:07:54,190

the world like this and we think this is

167

00:07:58,320 --> 00:07:56,080

seen right until something comes along

168

00:08:00,390 --> 00:07:58,330

and does this and you go wow this is

169

00:08:02,220 --> 00:08:00,400

what seeing really is so if you would

170

00:08:02,940 --> 00:08:02,230

give me an example of what you're

171

00:08:04,350 --> 00:08:02,950

talking about

172

00:08:06,630 --> 00:08:04,360

and the first question actually want to

173

00:08:08,400 --> 00:08:06,640

ask you is how did you get into all this

174

00:08:10,080 --> 00:08:08,410

because it's very important for the

175

00:08:13,200 --> 00:08:10,090

listening audience finished reviewing

176

00:08:15,660 --> 00:08:13,210

our audio here's how am I guess come on

177

00:08:18,000 --> 00:08:15,670

to the show what brought you into was as

178

00:08:20,610 --> 00:08:18,010

burning yearning or I mean how did you

179

00:08:22,860 --> 00:08:20,620

get into this way in life right it's a

180

00:08:25,440 --> 00:08:22,870

good question because by then by now the

181

00:08:28,560 --> 00:08:25,450

my theories are well developed and I'll

182

00:08:30,750 --> 00:08:28,570

be in just as an ad I'll be headed to

183

00:08:33,150 --> 00:08:30,760

San Jose at the end of this week to the

184

00:08:35,040 --> 00:08:33,160

science of science and non-duality it's

185

00:08:36,240 --> 00:08:35,050

a conference on being and I'll be

186

00:08:37,950 --> 00:08:36,250

presenting I'm doing what's called a

187

00:08:39,750 --> 00:08:37,960

poster presentation for the leader

188

00:08:41,220 --> 00:08:39,760

thinkers unconsciousness but the

189

00:08:45,060 --> 00:08:41,230

question is how did I get to this point

190

00:08:49,230 --> 00:08:45,070

you know it came to me quite suddenly in

191

00:08:51,690 --> 00:08:49,240

life I was you know this is going back

192

00:08:54,690 --> 00:08:51,700

to Chicago I'm out of college I was in

193

00:08:57,000 --> 00:08:54,700

royal university for for for med school

194

00:09:00,750 --> 00:08:57,010

for for biology was a biology student

195

00:09:02,520 --> 00:09:00,760

and I had heard you know a very hard

196

00:09:04,080 --> 00:09:02,530

time dealing with social issues the same

197

00:09:06,510 --> 00:09:04,090

social issues you see out there today

198

00:09:09,450 --> 00:09:06,520

and I you know racism and all these

199

00:09:12,510 --> 00:09:09,460

issues and you know by the time I got

200

00:09:14,700 --> 00:09:12,520

out of college it the ideas literally

201  
00:09:16,440 --> 00:09:14,710  
just fell right into my head and in a

202  
00:09:18,990 --> 00:09:16,450  
sense I think that subconsciously I

203  
00:09:21,990 --> 00:09:19,000  
processed all the symmetry you see a lot

204  
00:09:22,880 --> 00:09:22,000  
of mirror image symmetry in biology in

205  
00:09:25,530 --> 00:09:22,890  
fact it's called

206  
00:09:26,940 --> 00:09:25,540  
bilateral symmetry where you put a line

207  
00:09:29,490 --> 00:09:26,950  
right down the middle and that's like a

208  
00:09:33,870 --> 00:09:29,500  
characteristic of most organisms I think

209  
00:09:36,600 --> 00:09:33,880  
I processed all that to to this

210  
00:09:38,700 --> 00:09:36,610  
fundamental concept which came which

211  
00:09:43,500 --> 00:09:38,710  
came to me in the form of positional

212  
00:09:46,110 --> 00:09:43,510  
symmetry requisite mirror image and that

213  
00:09:48,900 --> 00:09:46,120

was like a huge eye opening experience

214

00:09:49,560 --> 00:09:48,910

for me because it showed how things come

215

00:09:52,740 --> 00:09:49,570

into being

216

00:09:55,110 --> 00:09:52,750

and that was really exciting but what

217

00:09:56,130 --> 00:09:55,120

really took me off and made me like it

218

00:09:57,660 --> 00:09:56,140

really almost

219

00:10:00,390 --> 00:09:57,670

really caught up in this thought concept

220

00:10:02,100 --> 00:10:00,400

was when I saw the polls like the

221

00:10:04,020 --> 00:10:02,110

concept is based on mirror image polls

222

00:10:05,730 --> 00:10:04,030

and we see mirrors pull out in aging you

223

00:10:07,710 --> 00:10:05,740

know North and South Poles you know

224

00:10:10,110 --> 00:10:07,720

electricity got positive a negative a

225

00:10:12,780 --> 00:10:10,120

tree's branch and wrote you know we see

226

00:10:14,310 --> 00:10:12,790

throughout nature but when I once I

227

00:10:16,260 --> 00:10:14,320

understood the concept positional

228

00:10:19,890 --> 00:10:16,270

symmetry requisite mirror image then I

229

00:10:22,350 --> 00:10:19,900

saw the words Alpha and Omega written

230

00:10:23,520 --> 00:10:22,360

somewhere and I immediately knew they

231

00:10:25,260 --> 00:10:23,530

were marrying and I recognized the

232

00:10:27,480 --> 00:10:25,270

mirror image polls and my mind just

233

00:10:31,800 --> 00:10:27,490

assimilated it into the concepts that I

234

00:10:33,210 --> 00:10:31,810

had and I saw space and time the the

235

00:10:35,160 --> 00:10:33,220

what's going to come out of this is I'm

236

00:10:37,170 --> 00:10:35,170

gonna we're going to show you how if you

237

00:10:43,200 --> 00:10:37,180

take the concept the beginning and the

238

00:10:46,110 --> 00:10:43,210

end and if you take the beginning and

239

00:10:47,810 --> 00:10:46,120

the end together as one the intervening

240

00:10:50,220 --> 00:10:47,820

connection that holds the two together

241

00:10:51,900 --> 00:10:50,230

that's I'm gonna show you that literally

242

00:10:54,000 --> 00:10:51,910

that's what space your time is it

243

00:10:58,560 --> 00:10:54,010

literally exists inside the meaning of

244

00:11:00,090 --> 00:10:58,570

that word so that takes our discussion

245

00:11:03,540 --> 00:11:00,100

away from you know positive negative

246

00:11:04,830 --> 00:11:03,550

North Pole South Pole to when you go to

247

00:11:08,550 --> 00:11:04,840

Alpha and Omega then it becomes a

248

00:11:11,430 --> 00:11:08,560

spiritual thing and now we see suddenly

249

00:11:14,370 --> 00:11:11,440

ideas of God come out of the paradigm

250

00:11:17,490 --> 00:11:14,380

and so that was very exciting to me and

251

00:11:20,940 --> 00:11:17,500

so that kept my interest and kept me

252

00:11:22,680 --> 00:11:20,950

going over the years I love the analogy

253

00:11:25,380 --> 00:11:22,690

you just drawn we got that you have the

254

00:11:27,960 --> 00:11:25,390

Alpha let's put a dot you have the Omega

255

00:11:30,330 --> 00:11:27,970

let's put a dot right God is the ant

256

00:11:32,550 --> 00:11:30,340

beginning in the end right and you draw

257

00:11:37,560 --> 00:11:32,560

a line between those two dots right what

258

00:11:41,400 --> 00:11:37,570

do you have existing thing that's the

259

00:11:43,260 --> 00:11:41,410

story humans are have a beginning an end

260

00:11:46,140 --> 00:11:43,270

it's called a birthday and a death thing

261

00:11:48,930 --> 00:11:46,150

right so the beginning the part in the

262

00:11:50,910 --> 00:11:48,940

middle is your life story and that's the

263

00:11:52,860 --> 00:11:50,920

reality and that's we're gonna work

264

00:11:54,840 --> 00:11:52,870

we're gonna see tonight that the reality

265

00:11:57,390 --> 00:11:54,850

comes from the union of the marriage

266

00:11:59,790 --> 00:11:57,400

poles and I'm sure and I'll show how

267

00:12:01,590 --> 00:11:59,800

those marriage poles are united because

268

00:12:03,750 --> 00:12:01,600

one of the problems we have one of the

269

00:12:05,970 --> 00:12:03,760

big the big problem the number one

270

00:12:08,790 --> 00:12:05,980

problem we have in reality Kant Immanuel

271

00:12:09,990 --> 00:12:08,800

Kant refer to it as the antinomy and

272

00:12:12,860 --> 00:12:10,000

tyranny means new to

273

00:12:16,380 --> 00:12:12,870

incompatibility is this idea of two

274

00:12:18,870 --> 00:12:16,390

separate things right versus one right

275

00:12:20,970 --> 00:12:18,880

dualism means there are two versus one

276

00:12:22,800 --> 00:12:20,980

now if there's two then you got to

277

00:12:24,780 --> 00:12:22,810

figure out how the two fit together and

278

00:12:27,210 --> 00:12:24,790

how does it work to make it one what

279

00:12:30,930 --> 00:12:27,220

exists in reality and you asked for an

280

00:12:33,300 --> 00:12:30,940

example a good example of dualism or and

281

00:12:35,220 --> 00:12:33,310

the antenna mean philosophy is in

282

00:12:37,710 --> 00:12:35,230

science in the world of science sciences

283

00:12:40,350 --> 00:12:37,720

you know may most amazing knowledge we

284

00:12:42,840 --> 00:12:40,360

have right and we've discovered you know

285

00:12:46,410 --> 00:12:42,850

two basic we're down to two basic laws

286

00:12:46,980 --> 00:12:46,420

now relativity and quantum mechanics

287

00:12:49,470 --> 00:12:46,990

right

288

00:12:51,750 --> 00:12:49,480

these laws according to the science

289

00:12:53,370 --> 00:12:51,760

they're the eggs they are true they've

290

00:12:56,250 --> 00:12:53,380

been tested and tried over and over and

291

00:12:58,640 --> 00:12:56,260

they have worked but the funny thing is

292

00:13:02,430 --> 00:12:58,650

you can't put them together to make one

293

00:13:04,470 --> 00:13:02,440

story that explains reality for the

294

00:13:06,210 --> 00:13:04,480

scientists you know and we could go into

295

00:13:07,860 --> 00:13:06,220

how that works but for the sign know how

296

00:13:09,950 --> 00:13:07,870

it works is that for the scientists when

297

00:13:12,510 --> 00:13:09,960

they do the math and and put quantum

298

00:13:14,550 --> 00:13:12,520

mechanics and relativity equations

299

00:13:16,710 --> 00:13:14,560

together the answer turns out to be

300

00:13:19,100 --> 00:13:16,720

every time no matter where you start it

301

00:13:22,560 --> 00:13:19,110

turns out to be infinite probabilities

302

00:13:24,090 --> 00:13:22,570

okay which makes a lot of we can make

303

00:13:27,150 --> 00:13:24,100

sense of infinite probabilities that

304

00:13:29,340 --> 00:13:27,160

okay use it but to the scientists they

305

00:13:31,620 --> 00:13:29,350

can't make sense of that they need 0 to

306

00:13:34,320 --> 00:13:31,630

100 if it's like 99 they go they can go

307

00:13:36,360 --> 00:13:34,330

on that's deterring 99 we can deal with

308

00:13:38,670 --> 00:13:36,370

that but anything over 100 they can't

309

00:13:40,710 --> 00:13:38,680

even comprehend so but it's infinite

310

00:13:43,290 --> 00:13:40,720

probabilities is what turns out to be

311

00:13:48,000 --> 00:13:43,300

the answer when you put quantum

312

00:13:50,010 --> 00:13:48,010

mechanics and relativity together so so

313

00:13:54,000 --> 00:13:50,020

in science you have a dualism then you

314

00:13:55,320 --> 00:13:54,010

have this two fields that you can't you

315

00:13:57,570 --> 00:13:55,330

can't seem to put them together so you

316

00:14:00,660 --> 00:13:57,580

have two instead of one yet we know we

317

00:14:03,329 --> 00:14:00,670

have to be able to do that oh so my

318

00:14:07,200 --> 00:14:03,339

concept I'm I'm proposing bridges that

319

00:14:10,290 --> 00:14:07,210

divide and and shows how to can be one

320

00:14:13,230 --> 00:14:10,300

and the way that is is because I'm

321

00:14:14,670 --> 00:14:13,240

arguing that fundamentally if the mirror

322

00:14:17,280 --> 00:14:14,680

image poles if you use mirror image

323

00:14:20,730 --> 00:14:17,290

poles their nature is that they come in

324

00:14:23,580 --> 00:14:20,740

pairs right mirror image poles come in

325

00:14:25,170 --> 00:14:23,590

pairs right so you have to automatically

326

00:14:27,870 --> 00:14:25,180

there's no such thing as the North Pole

327

00:14:31,769 --> 00:14:27,880

without the South Pole right can you can

328

00:14:33,330 --> 00:14:31,779

you now in science you know a scientists

329

00:14:35,670 --> 00:14:33,340

have been looking for what they call the

330

00:14:37,980 --> 00:14:35,680

monopole for over 50 years and I've not

331

00:14:39,630 --> 00:14:37,990

been able to find it okay so I'm

332

00:14:41,610 --> 00:14:39,640

proposing that there's and there's there

333

00:14:44,970 --> 00:14:41,620

are laws in science that that that

334

00:14:47,640 --> 00:14:44,980

stipulate that that poles come in pairs

335

00:14:51,570 --> 00:14:47,650

they're actually involved so I'm arguing

336

00:14:53,880 --> 00:14:51,580

that the mirror image posed by using

337

00:14:58,320 --> 00:14:53,890

mirror image poles we now have a system

338

00:15:01,650 --> 00:14:58,330

that has two in it but yet we know that

339

00:15:04,320 --> 00:15:01,660

the two are one okay and so I'm gonna

340

00:15:05,730 --> 00:15:04,330

show how mirror image poles as we

341

00:15:07,530 --> 00:15:05,740

developed our discussion like to show

342

00:15:11,190 --> 00:15:07,540

how Marilyn which posed create different

343

00:15:15,570 --> 00:15:11,200

objects and how how those objects can

344

00:15:17,370 --> 00:15:15,580

exist there's one being inside mirror

345

00:15:18,630 --> 00:15:17,380

image poles and we see that easily like

346

00:15:20,220 --> 00:15:18,640

with the earth you know just as I'm

347

00:15:23,420 --> 00:15:20,230

getting from the chat room I don't know

348

00:15:26,900 --> 00:15:23,430

if this is applicable but Carroll says

349

00:15:30,510 --> 00:15:26,910

hmm what poles not hearing the word

350

00:15:35,310 --> 00:15:30,520

marriage mirror image poles like for

351

00:15:37,560 --> 00:15:35,320

example in true some sort of scientific

352

00:15:39,270 --> 00:15:37,570

formula so if you would would you give

353

00:15:43,110 --> 00:15:39,280

me an idea you said you're gonna discuss

354

00:15:44,700 --> 00:15:43,120

how things come into being let's talk a

355

00:15:46,050 --> 00:15:44,710

little bit about how things come into

356

00:15:48,060 --> 00:15:46,060

being because center of light radio is

357

00:15:49,680 --> 00:15:48,070

all about helping people manifest their

358

00:15:52,290 --> 00:15:49,690

lives not only personally but on a

359

00:15:54,480 --> 00:15:52,300

collective scale exactly and that's what

360

00:15:57,090 --> 00:15:54,490

all existence is about it's about being

361

00:15:58,500 --> 00:15:57,100

and how how how its empowered so in a

362

00:16:01,440 --> 00:15:58,510

sense is the fundamental I think a

363

00:16:03,720 --> 00:16:01,450

fundamental discussion on that well the

364

00:16:05,790 --> 00:16:03,730

what I've developed it in my book here

365

00:16:08,070 --> 00:16:05,800

are curious world of mirror images this

366

00:16:10,770 --> 00:16:08,080

book right here which can get a TARDIS

367

00:16:13,440 --> 00:16:10,780

Joseph calm and it's a full laid out

368

00:16:20,010 --> 00:16:13,450

argument that explains how mirror image

369

00:16:22,019 --> 00:16:20,020

poles create create things specifically

370

00:16:24,750 --> 00:16:22,029

if we're gonna get into it basically you

371

00:16:28,230 --> 00:16:24,760

have to get to the quantum level which

372

00:16:32,160 --> 00:16:28,240

is the Tiny's level that can go in

373

00:16:35,520 --> 00:16:32,170

reality okay going to the science you

374

00:16:37,620 --> 00:16:35,530

have relativity relativity control is

375

00:16:40,290 --> 00:16:37,630

the law that controls essentially

376

00:16:43,070 --> 00:16:40,300

our space and time works okay so you've

377

00:16:46,140 --> 00:16:43,080

got volume you've got space you've got

378

00:16:48,720 --> 00:16:46,150

you know a huge and it can be very

379

00:16:51,420 --> 00:16:48,730

expansive even going on to infinity and

380

00:16:54,090 --> 00:16:51,430

relativity controls that that the laws

381

00:16:56,400 --> 00:16:54,100

there but you cannot as it turns out you

382

00:16:58,440 --> 00:16:56,410

can't go down deep deep deep like you

383

00:17:00,420 --> 00:16:58,450

can if you took something if something

384

00:17:03,180 --> 00:17:00,430

cut it in half and then cut that in half

385

00:17:04,949 --> 00:17:03,190

and then cut that in half you were

386

00:17:08,160 --> 00:17:04,959

thinking you going forever but it turns

387

00:17:11,130 --> 00:17:08,170

out at some point you can't it stops it

388

00:17:12,930 --> 00:17:11,140

stops and the scientists say it's have a

389

00:17:16,530 --> 00:17:12,940

name for it ever it's called Planck's

390

00:17:18,840 --> 00:17:16,540

constant at that point it's like really

391

00:17:22,800 --> 00:17:18,850

tiny space at that point space

392

00:17:28,560 --> 00:17:22,810

essentially ends and all you have is is

393

00:17:29,460 --> 00:17:28,570

is is is as quantum is a it's a world of

394

00:17:32,520 --> 00:17:29,470

probabilities

395

00:17:34,710 --> 00:17:32,530

it's basically linear is what you said

396

00:17:37,230 --> 00:17:34,720

it really triggered something in me when

397

00:17:39,990 --> 00:17:37,240

you said it's you can do that to a point

398

00:17:44,100 --> 00:17:40,000

right when we get to that point is it a

399

00:17:45,300 --> 00:17:44,110

matter of physics that you can't any

400

00:17:47,670 --> 00:17:45,310

longer or is it a matter of

401  
00:17:51,360 --> 00:17:47,680  
consciousness that you can't anymore

402  
00:17:54,300 --> 00:17:51,370  
well that's a great question my my

403  
00:17:57,360 --> 00:17:54,310  
reconciliation to that question is that

404  
00:17:59,190 --> 00:17:57,370  
is both you know because you can't

405  
00:18:02,730 --> 00:17:59,200  
really separate science from

406  
00:18:04,440 --> 00:18:02,740  
consciousness right because all we are

407  
00:18:07,830 --> 00:18:04,450  
observers all scientists are observers

408  
00:18:10,590 --> 00:18:07,840  
and so any actually a physical it's a

409  
00:18:12,480 --> 00:18:10,600  
minute so it's a quantum law I guess I

410  
00:18:14,670 --> 00:18:12,490  
should rephrase that question is it a

411  
00:18:16,680 --> 00:18:14,680  
matter of when you get to that point you

412  
00:18:18,360 --> 00:18:16,690  
just physically metaphysically can't do

413  
00:18:20,970 --> 00:18:18,370

it anymore or is it because of one's

414

00:18:22,950 --> 00:18:20,980

conscious awareness that they don't have

415

00:18:24,600 --> 00:18:22,960

the faculties and the awareness to

416

00:18:29,850 --> 00:18:24,610

actually continue the splitting and

417

00:18:32,490 --> 00:18:29,860

breaking down what I would refer them to

418

00:18:37,650 --> 00:18:32,500

the science on that because according to

419

00:18:40,680 --> 00:18:37,660

the science you can go only so far and

420

00:18:42,990 --> 00:18:40,690

then once you hit Planck's constant the

421

00:18:44,880 --> 00:18:43,000

laws change you can still go there

422

00:18:46,350 --> 00:18:44,890

because scientists go there they do go

423

00:18:49,140 --> 00:18:46,360

in the quantum world which is pretty

424

00:18:51,360 --> 00:18:49,150

freakin amazing but but the law changes

425

00:18:53,549 --> 00:18:51,370

there's no longer relativity it's now

426

00:18:56,640 --> 00:18:53,559

quantum mechanics and quantum mechanics

427

00:19:00,210 --> 00:18:56,650

is all probabilities it's just it's a

428

00:19:03,650 --> 00:19:00,220

fabric of probabilities meaning the

429

00:19:06,390 --> 00:19:03,660

things that can be probabilities or

430

00:19:08,520 --> 00:19:06,400

possibilities but for scientists they

431

00:19:12,780 --> 00:19:08,530

use Mathematica math equations it's

432

00:19:15,630 --> 00:19:12,790

probabilities and and at that level of

433

00:19:17,940 --> 00:19:15,640

probabilities how it works is that all

434

00:19:23,130 --> 00:19:17,950

that's necessary for the probability to

435

00:19:25,680 --> 00:19:23,140

pop and manifest is consciousness so in

436

00:19:28,290 --> 00:19:25,690

the presence of consciousness any

437

00:19:30,630 --> 00:19:28,300

probability can manifest and that's

438

00:19:32,490 --> 00:19:30,640

automatic there's no need for cause for

439

00:19:34,530 --> 00:19:32,500

that you don't have to push a button for

440

00:19:37,049 --> 00:19:34,540

that it just happens automatically so a

441

00:19:38,940 --> 00:19:37,059

probability can just pop in the presence

442

00:19:43,020 --> 00:19:38,950

of consciousness and that's the science

443

00:19:45,870 --> 00:19:43,030

part so say we were to peer down at the

444

00:19:50,310 --> 00:19:45,880

quantum level okay a probability would

445

00:19:52,169 --> 00:19:50,320

just pop and once it pops then because

446

00:19:54,180 --> 00:19:52,179

we're coming from space and time we're

447

00:19:56,760 --> 00:19:54,190

scientists we live on a huge scale

448

00:19:58,260 --> 00:19:56,770

relative to the quantum level right so

449

00:20:01,530 --> 00:19:58,270

there's a lot of space and time between

450

00:20:03,660 --> 00:20:01,540

us and the quantum scale so all that

451  
00:20:06,030 --> 00:20:03,670  
space and time has to be filled in with

452  
00:20:08,220 --> 00:20:06,040  
information from the quantum level and

453  
00:20:09,810 --> 00:20:08,230  
that when that space and time is filled

454  
00:20:12,660 --> 00:20:09,820  
in with information from the quantum

455  
00:20:14,760 --> 00:20:12,670  
level we begin to see the object in

456  
00:20:17,070 --> 00:20:14,770  
space and time manifest and they then it

457  
00:20:19,020 --> 00:20:17,080  
then takes on a kind of local locality

458  
00:20:23,010 --> 00:20:19,030  
at the quantum level there's no space

459  
00:20:24,660 --> 00:20:23,020  
and time so there's no location you

460  
00:20:27,810 --> 00:20:24,670  
can't say the quantum level is here or

461  
00:20:31,380 --> 00:20:27,820  
there it's not oh it's everywhere it's

462  
00:20:35,240 --> 00:20:31,390  
everywhere okay but once a probability

463  
00:20:41,490 --> 00:20:35,250

hits the space and time field the field

464

00:20:43,980 --> 00:20:41,500

then it becomes localized okay it's here

465

00:20:46,620 --> 00:20:43,990

in the field and once it becomes

466

00:20:49,169 --> 00:20:46,630

localized in consciousness it can take

467

00:20:51,150 --> 00:20:49,179

on being it can take on substance and

468

00:20:52,950 --> 00:20:51,160

how it takes on substance we talk about

469

00:20:55,320 --> 00:20:52,960

all that in the book and we can get into

470

00:20:57,690 --> 00:20:55,330

that and a discussion if you want to but

471

00:21:00,630 --> 00:20:57,700

it becomes a kind of it becomes them to

472

00:21:05,190 --> 00:21:00,640

materialize as a being and we begin to

473

00:21:07,710 --> 00:21:05,200

see it okay so that's why when

474

00:21:11,610 --> 00:21:07,720

at that level we see two things we see a

475

00:21:13,230 --> 00:21:11,620

wave or particle okay remember at that

476

00:21:16,100 --> 00:21:13,240

level it's is it a wave or is it a

477

00:21:18,450 --> 00:21:16,110

particle it's both at the quantum level

478

00:21:21,060 --> 00:21:18,460

it's it's it's like a wave of

479

00:21:24,299 --> 00:21:21,070

probabilities there but when it hits

480

00:21:26,129 --> 00:21:24,309

space and time it's localized it's

481

00:21:29,190 --> 00:21:26,139

specific to this region and now it

482

00:21:31,470 --> 00:21:29,200

becomes a particle and that's why and so

483

00:21:36,659 --> 00:21:31,480

it's really existent things are wavicles

484

00:21:39,060 --> 00:21:36,669

their wave and and we have we have we

485

00:21:40,710 --> 00:21:39,070

are the influence over on the

486

00:21:42,419 --> 00:21:40,720

determining factor of whether we could

487

00:21:44,730 --> 00:21:42,429

can continue to experience this

488

00:21:47,460 --> 00:21:44,740

subatomic particle as a wave or a

489

00:21:50,039 --> 00:21:47,470

particle right consciousness is primary

490

00:21:51,840 --> 00:21:50,049

it is the main thing

491

00:21:54,480 --> 00:21:51,850

but what's mine what's profound about

492

00:21:56,159 --> 00:21:54,490

that level of cut it it seems to behave

493

00:21:58,529 --> 00:21:56,169

like it's conscious down there though

494

00:22:02,539 --> 00:21:58,539

according to the science you know

495

00:22:05,610 --> 00:22:02,549

particles seem to be aware of the host

496

00:22:07,080 --> 00:22:05,620

scientific setup and behave as though

497

00:22:09,029 --> 00:22:07,090

they're conscious I can provide quotes

498

00:22:10,919 --> 00:22:09,039

from many many different scientists

499

00:22:14,070 --> 00:22:10,929

should they be able so they're conscious

500

00:22:16,590 --> 00:22:14,080

of the whole situation so consciousness

501  
00:22:19,019 --> 00:22:16,600  
is primary as it turns out we're going

502  
00:22:22,230 --> 00:22:19,029  
to consciousness appears to be the major

503  
00:22:25,080 --> 00:22:22,240  
building the major primary agent of all

504  
00:22:27,210 --> 00:22:25,090  
things it creates things it creates

505  
00:22:30,870 --> 00:22:27,220  
things in space and time plus the

506  
00:22:33,090 --> 00:22:30,880  
experience and I'm arguing it ultimately

507  
00:22:36,960 --> 00:22:33,100  
in my work that consciousness itself is

508  
00:22:43,590 --> 00:22:36,970  
God and this is the meaning of God's

509  
00:22:47,100 --> 00:22:43,600  
name I am I am implies awareness it

510  
00:22:48,750 --> 00:22:47,110  
implies presence and awareness and I'm

511  
00:22:50,909 --> 00:22:48,760  
arguing that this is the name of

512  
00:22:53,549 --> 00:22:50,919  
consciousness which created all of us

513  
00:22:57,659 --> 00:22:53,559

and created the planet bodies that's

514

00:22:58,919 --> 00:22:57,669

named it gave itself got a message from

515

00:23:01,019 --> 00:22:58,929

the chat room someone asked a question

516

00:23:06,659 --> 00:23:01,029

do you ever get challenged by members of

517

00:23:08,070 --> 00:23:06,669

the scientific community all the time

518

00:23:10,230 --> 00:23:08,080

and they beat you up a lot it's

519

00:23:11,970 --> 00:23:10,240

sometimes it's it's not you know it's

520

00:23:13,980 --> 00:23:11,980

it's unfair because they beat you oh

521

00:23:16,139 --> 00:23:13,990

you're not a scientist instead of

522

00:23:18,960 --> 00:23:16,149

dealing with the substance of what

523

00:23:20,370 --> 00:23:18,970

you're saying and you know it's a long

524

00:23:22,470 --> 00:23:20,380

argument between scientists and

525

00:23:25,500 --> 00:23:22,480

philosophers that's been ongoing but I

526

00:23:27,390 --> 00:23:25,510

am arguing that my concept is a

527

00:23:29,399 --> 00:23:27,400

meaningful contribution it's a

528

00:23:30,990 --> 00:23:29,409

meaningful concept and I'm hoping at

529

00:23:32,909 --> 00:23:31,000

some point they decide scientists will

530

00:23:35,279 --> 00:23:32,919

take it seriously that's why I'm going

531

00:23:37,020 --> 00:23:35,289

to San Jose in a couple days and I'll be

532

00:23:40,080 --> 00:23:37,030

doing a big poster presentation eight

533

00:23:44,850 --> 00:23:40,090

feet by four feet showing developing

534

00:23:46,649 --> 00:23:44,860

this argument real solid you were going

535

00:23:48,570 --> 00:23:46,659

to share with us how the two different

536

00:23:51,029 --> 00:23:48,580

polls or did you because this is not my

537

00:23:52,890 --> 00:23:51,039

field speaker right how the two mirror

538

00:23:54,149 --> 00:23:52,900

polls begin the process of bringing

539

00:23:56,220 --> 00:23:54,159

things about because we're talking about

540

00:24:00,029 --> 00:23:56,230

the Alpha and the Omega in the process

541

00:24:02,640 --> 00:24:00,039

in between Fri right so I'm arguing that

542

00:24:05,100 --> 00:24:02,650

there's a pop one it's Mary Mitchell so

543

00:24:08,970 --> 00:24:05,110

the Mary Mutual's pop okay from the

544

00:24:11,570 --> 00:24:08,980

probability field okay now once they pop

545

00:24:14,730 --> 00:24:11,580

and if you have an observer

546

00:24:16,260 --> 00:24:14,740

consciousness is present then space and

547

00:24:18,500 --> 00:24:16,270

time is present right because if the

548

00:24:19,770 --> 00:24:18,510

server's come from Mars decouple yeah

549

00:24:22,140 --> 00:24:19,780

right

550

00:24:24,240 --> 00:24:22,150

so they come from the earth so once you

551  
00:24:27,299 --> 00:24:24,250  
have an observer you have to yeah you

552  
00:24:29,909 --> 00:24:27,309  
have a field in a plane now between you

553  
00:24:33,390 --> 00:24:29,919  
and the quantum level okay so one that

554  
00:24:36,000 --> 00:24:33,400  
thing once that quantum thing pops then

555  
00:24:38,310 --> 00:24:36,010  
suddenly it is in the field it's in the

556  
00:24:40,950 --> 00:24:38,320  
field because we're in the field okay I

557  
00:24:44,750 --> 00:24:40,960  
got I've been quite 8 the field into the

558  
00:24:48,330 --> 00:24:44,760  
formulation right and once you do then

559  
00:24:49,440 --> 00:24:48,340  
there are basically the quantum MA

560  
00:24:51,960 --> 00:24:49,450  
there's a thing in quantum mechanics

561  
00:24:54,539 --> 00:24:51,970  
call our quantum entanglement which is

562  
00:24:56,669 --> 00:24:54,549  
an instantaneous communication between

563  
00:24:57,840 --> 00:24:56,679

mirror and properties and that's

564

00:24:59,430 --> 00:24:57,850

important to understand that it's

565

00:25:01,860 --> 00:24:59,440

mirroring properties and it's

566

00:25:05,070 --> 00:25:01,870

instantaneous okay it's faster than

567

00:25:06,060 --> 00:25:05,080

light so essentially the marriage hold

568

00:25:07,980 --> 00:25:06,070

on right there that that's very

569

00:25:08,460 --> 00:25:07,990

important for me you said faster than

570

00:25:09,960 --> 00:25:08,470

light

571

00:25:12,390 --> 00:25:09,970

yes it's faster always heard that

572

00:25:14,220 --> 00:25:12,400

nothing can accelerate this there's a

573

00:25:15,810 --> 00:25:14,230

plasterer speed of light right in my

574

00:25:17,430 --> 00:25:15,820

work I don't know if that's the same

575

00:25:19,700 --> 00:25:17,440

thing that you're speaking of and it's

576

00:25:23,190 --> 00:25:19,710

just a different word is thought is

577

00:25:24,630 --> 00:25:23,200

faster than light well how would that be

578

00:25:26,760 --> 00:25:24,640

what dial of what you were describing

579

00:25:28,500 --> 00:25:26,770

sir I wouldn't doubt it the other

580

00:25:30,210 --> 00:25:28,510

thought is faster than light

581

00:25:32,700 --> 00:25:30,220

I'm asked from the chat room real

582

00:25:35,940 --> 00:25:32,710

quickly built from velvet mastic

583

00:25:37,590 --> 00:25:35,950

what is positional symmetry okay I'm not

584

00:25:39,210 --> 00:25:37,600

sure Lee we hear symmetry well when you

585

00:25:42,270 --> 00:25:39,220

say positional there's a sense of space

586

00:25:44,160 --> 00:25:42,280

and time right and and so positional

587

00:25:47,550 --> 00:25:44,170

symmetry is essentially mirror image

588

00:25:51,510 --> 00:25:47,560

symmetry like if you look at a tree you

589

00:25:54,510 --> 00:25:51,520

would see the the branch pole up in the

590

00:25:54,990 --> 00:25:54,520

air and the root pole embedded in the

591

00:25:57,300 --> 00:25:55,000

ground

592

00:26:01,650 --> 00:25:57,310

excuse me Alicia I am and radio and if

593

00:26:06,800 --> 00:26:01,660

you please take that upstairs so you

594

00:26:11,520 --> 00:26:06,810

would see the branch pull up and ear and

595

00:26:14,880 --> 00:26:11,530

root pole bedded in the ground right so

596

00:26:18,810 --> 00:26:14,890

you have positional symmetry okay yeah

597

00:26:21,630 --> 00:26:18,820

one is up the other is down okay if you

598

00:26:23,700 --> 00:26:21,640

have a fruit you would have the stem of

599

00:26:25,320 --> 00:26:23,710

the fruit the stem of the fruit and then

600

00:26:27,120 --> 00:26:25,330

the bottom if you look at the bottom of

601  
00:26:30,210 --> 00:26:27,130  
the fruit there's a reflection of the

602  
00:26:33,360 --> 00:26:30,220  
stem it's called the blossom end okay

603  
00:26:36,750 --> 00:26:33,370  
and that's the other side okay so the

604  
00:26:39,300 --> 00:26:36,760  
stem flows outward and then it's tied to

605  
00:26:43,530 --> 00:26:39,310  
the blossom end so it's a circuit is one

606  
00:26:45,900 --> 00:26:43,540  
essentially a circuit is formed via

607  
00:26:48,360 --> 00:26:45,910  
quantum entanglement that instantaneous

608  
00:26:50,670 --> 00:26:48,370  
connection between Marian properties so

609  
00:26:51,180 --> 00:26:50,680  
should the memories post pop in space

610  
00:26:53,550 --> 00:26:51,190  
and time

611  
00:26:55,470 --> 00:26:53,560  
then eight there's they'll be separated

612  
00:26:58,470 --> 00:26:55,480  
because because you're in space and time

613  
00:27:00,810 --> 00:26:58,480

now in your head location and but if

614

00:27:03,750 --> 00:27:00,820

they're separated but they are one then

615

00:27:06,390 --> 00:27:03,760

by necessity information from both

616

00:27:08,880 --> 00:27:06,400

mirror-image poles must be transferred

617

00:27:12,750 --> 00:27:08,890

between the two to connect them and

618

00:27:14,070 --> 00:27:12,760

unite them as one okay so that occurs at

619

00:27:16,680 --> 00:27:14,080

the quantum level and that's true

620

00:27:20,610 --> 00:27:16,690

quantum entanglement once that occurs

621

00:27:24,270 --> 00:27:20,620

then basically circuits are created

622

00:27:27,630 --> 00:27:24,280

bridges are created that that unites the

623

00:27:29,400 --> 00:27:27,640

two as one and those circuits are going

624

00:27:32,130 --> 00:27:29,410

to be material circuits because they're

625

00:27:34,290 --> 00:27:32,140

in space and time and and and it's gonna

626

00:27:37,740 --> 00:27:34,300

create these material circuits that

627

00:27:42,210 --> 00:27:37,750

units. living creatures are systems

628

00:27:45,810 --> 00:27:42,220

of circuits you know you see the the the

629

00:27:46,260 --> 00:27:45,820

the circuit the the nervous system for

630

00:27:48,570 --> 00:27:46,270

example

631

00:27:50,419 --> 00:27:48,580

you know it's a huge circuit and you've

632

00:27:53,400 --> 00:27:50,429

got the circulatory system you've got

633

00:27:57,260 --> 00:27:53,410

arteries going outward to feed the body

634

00:28:00,210 --> 00:27:57,270

and you've got veins coming inward to

635

00:28:03,150 --> 00:28:00,220

come back to the beginning and cycle

636

00:28:04,919 --> 00:28:03,160

back out again right so those circuits

637

00:28:07,400 --> 00:28:04,929

are the material circuits that are

638

00:28:11,040 --> 00:28:07,410

created in the case of living beings

639

00:28:15,210 --> 00:28:11,050

when the poles mind I believe mind and

640

00:28:18,030 --> 00:28:15,220

body likely mind and heart are united as

641

00:28:19,350 --> 00:28:18,040

one Center of like radio the bottom of

642

00:28:21,210 --> 00:28:19,360

the hour my name is Keith Blanchard your

643

00:28:23,820 --> 00:28:21,220

host with my guest today mr. Titus

644

00:28:26,790 --> 00:28:23,830

Joseph we're speaking about lots of

645

00:28:29,490 --> 00:28:26,800

really cool quantum stuff which I just

646

00:28:30,960 --> 00:28:29,500

love the quantum soup it makes me people

647

00:28:32,610 --> 00:28:30,970

I have the video right now you can see a

648

00:28:35,190 --> 00:28:32,620

picture of the cover here there's actual

649

00:28:37,380 --> 00:28:35,200

book there I am mind I am consciousness

650

00:28:41,700 --> 00:28:37,390

you can find more about my guests at

651  
00:28:43,230 --> 00:28:41,710  
Titus Joseph dot-com someone from the

652  
00:28:54,299 --> 00:28:43,240  
chat room asked the question how would

653  
00:28:56,160 --> 00:28:54,309  
you define metaphysics metaphysics comes

654  
00:29:00,210 --> 00:28:56,170  
from the expression a Greek expression

655  
00:29:02,910 --> 00:29:00,220  
cameto dafu Sica which was what the

656  
00:29:05,250 --> 00:29:02,920  
editors of Aristotle's works after he

657  
00:29:07,530 --> 00:29:05,260  
passed they put all his works together

658  
00:29:10,740 --> 00:29:07,540  
and categorized them right and they

659  
00:29:12,510 --> 00:29:10,750  
wrote cameto - lusaka for the mean and

660  
00:29:15,150 --> 00:29:12,520  
the ones that come after the ones about

661  
00:29:17,730 --> 00:29:15,160  
nature the word physics is means nature

662  
00:29:19,860 --> 00:29:17,740  
so they were saying these are the books

663  
00:29:22,560 --> 00:29:19,870

that the Aristotle wrote after he wrote

664

00:29:25,740 --> 00:29:22,570

the ones about science essentially okay

665

00:29:27,440 --> 00:29:25,750

so tomato - physica the ones that come

666

00:29:30,180 --> 00:29:27,450

up the ones about physics but Aristotle

667

00:29:33,480 --> 00:29:30,190

he thought of metaphysics he called it

668

00:29:36,810 --> 00:29:33,490

first philosophy meaning the philosophy

669

00:29:37,830 --> 00:29:36,820

dealing with the very first cause of all

670

00:29:42,660 --> 00:29:37,840

existing things

671

00:29:48,150 --> 00:29:42,670

okay so metaphysics means is is is using

672

00:29:50,280 --> 00:29:48,160

reason to determine the first principle

673

00:29:53,520 --> 00:29:50,290

of all existing things that's what

674

00:29:55,620 --> 00:29:53,530

metaphysics is and I am arguing that

675

00:29:58,260 --> 00:29:55,630

this concept positional symmetry

676

00:29:59,520 --> 00:29:58,270

requisite mirror image is the first

677

00:30:01,620 --> 00:29:59,530

principle you

678

00:30:05,550 --> 00:30:01,630

mentioned the ark in the in the the

679

00:30:07,650 --> 00:30:05,560

actual pronunciation is RK RK is a word

680

00:30:09,360 --> 00:30:07,660

and philosophy that refers to the first

681

00:30:12,480 --> 00:30:09,370

principle the original principle from

682

00:30:14,010 --> 00:30:12,490

which all things come into being so

683

00:30:17,600 --> 00:30:14,020

that's what metaphysics is the search

684

00:30:20,460 --> 00:30:17,610

using reason to determine the first

685

00:30:23,640 --> 00:30:20,470

principle from which all existing things

686

00:30:28,020 --> 00:30:23,650

flourish I have a full chatroom and I

687

00:30:30,240 --> 00:30:28,030

have questions coming out of question is

688

00:30:32,730 --> 00:30:30,250

that's being posed from furious alors I

689

00:30:34,530 --> 00:30:32,740

guess I pronouncing Euler I would like

690

00:30:36,900 --> 00:30:34,540

to know about the possibility of a life

691

00:30:38,400 --> 00:30:36,910

force outside of our galaxy are we able

692

00:30:40,290 --> 00:30:38,410

to connect with them through thought I

693

00:30:42,780 --> 00:30:40,300

can at least give you might with my spin

694

00:30:44,760 --> 00:30:42,790

on my two cents on that well that is an

695

00:30:46,500 --> 00:30:44,770

absolute fact I connect with nucleus

696

00:30:48,270 --> 00:30:46,510

eight my alien-human hybrid friend that

697

00:30:51,330 --> 00:30:48,280

I've been knowing for many years through

698

00:30:54,360 --> 00:30:51,340

thought I do this with other galactic

699

00:30:56,640 --> 00:30:54,370

beings during sleep escapes of awareness

700

00:30:58,410 --> 00:30:56,650

so what is your thought your answer to

701  
00:31:00,060 --> 00:30:58,420  
that question and questioning is I would

702  
00:31:02,580 --> 00:31:00,070  
like to know about the possibility of a

703  
00:31:04,230 --> 00:31:02,590  
life force outside of our galaxy are we

704  
00:31:07,830 --> 00:31:04,240  
able to connect with them through

705  
00:31:12,200 --> 00:31:07,840  
thought I believe absolutely certainly I

706  
00:31:16,590 --> 00:31:14,520  
consciousness when you say thought we

707  
00:31:18,780 --> 00:31:16,600  
really think tin consciousness right

708  
00:31:21,060 --> 00:31:18,790  
because the tools of consciousness is

709  
00:31:25,500 --> 00:31:21,070  
our thoughts consciousness works using

710  
00:31:27,780 --> 00:31:25,510  
thoughts so consciousness seems to be

711  
00:31:29,730 --> 00:31:27,790  
the primary source of all things it may

712  
00:31:33,420 --> 00:31:29,740  
be that the entire universe is conscious

713  
00:31:36,750 --> 00:31:33,430

in fact it it is universe is a big brain

714

00:31:38,190 --> 00:31:36,760

definitely it's even got two lobes you

715

00:31:40,260 --> 00:31:38,200

guys I can show I'll show you have two

716

00:31:42,000 --> 00:31:40,270

so di had some pictures I'm gonna send

717

00:31:43,650 --> 00:31:42,010

you yeah of course even as you lose

718

00:31:45,570 --> 00:31:43,660

consciousness because if the whole is

719

00:31:50,180 --> 00:31:45,580

embodied in everything everything is

720

00:31:52,410 --> 00:31:50,190

alive right right exactly so the you are

721

00:31:55,050 --> 00:31:52,420

absolute so you're talking about really

722

00:31:57,530 --> 00:31:55,060

can consciousness what you're really

723

00:31:59,610 --> 00:31:57,540

asking is can my immediate consciousness

724

00:32:01,830 --> 00:31:59,620

transcend the limits of my immediate

725

00:32:04,520 --> 00:32:01,840

space and access consciousness beyond

726

00:32:06,570 --> 00:32:04,530

the space and I think it's absolutely

727

00:32:09,030 --> 00:32:06,580

definitely possible

728

00:32:10,620 --> 00:32:09,040

true it's true and and we live that way

729

00:32:12,120 --> 00:32:10,630

really how many times have you thought

730

00:32:13,230 --> 00:32:12,130

of something and they call the person

731

00:32:15,570 --> 00:32:13,240

calls right away

732

00:32:17,280 --> 00:32:15,580

or you know you know how many times have

733

00:32:19,530 --> 00:32:17,290

you thought something popped in your

734

00:32:23,340 --> 00:32:19,540

mind and two minutes later you know it

735

00:32:25,410 --> 00:32:23,350

manifest so yes absolutely

736

00:32:26,790 --> 00:32:25,420

consciousness is God and there are no

737

00:32:28,170 --> 00:32:26,800

limits well there you have it because

738

00:32:31,940 --> 00:32:28,180

the next question I was going to pose to

739

00:32:34,200 --> 00:32:31,950

you from Kelly was how do you define God

740

00:32:36,750 --> 00:32:34,210

nicely yeah you know if we look to

741

00:32:38,610 --> 00:32:36,760

scripture any scripture they speak about

742

00:32:41,340 --> 00:32:38,620

they I'm the presence of God and I'm all

743

00:32:43,920 --> 00:32:41,350

really big about definitions well if we

744

00:32:46,590 --> 00:32:43,930

agree that the definition any dictionary

745

00:32:48,120 --> 00:32:46,600

is our resourceful language it takes the

746

00:32:52,110 --> 00:32:48,130

argument out because we collectively

747

00:32:54,060 --> 00:32:52,120

agree through a word that this is our

748

00:32:55,650 --> 00:32:54,070

telepathic message that I'm conveying so

749

00:32:57,870 --> 00:32:55,660

we can all understand each other and

750

00:32:59,190 --> 00:32:57,880

concepts and so forth or so on so the

751

00:33:00,960 --> 00:32:59,200

definition if I'm the president is

752

00:33:03,150 --> 00:33:00,970

present in all places at all times it

753

00:33:04,770 --> 00:33:03,160

goes on further to say there is no place

754

00:33:06,630 --> 00:33:04,780

that is not in the only place that is

755

00:33:09,180 --> 00:33:06,640

not is in fear because it's a self

756

00:33:11,310 --> 00:33:09,190

created illusion so if God is everywhere

757

00:33:16,070 --> 00:33:11,320

and everything the whole universe is

758

00:33:19,290 --> 00:33:16,080

breathing it's just a lot is a vibrant

759

00:33:20,670 --> 00:33:19,300

organic a conscious ball of

760

00:33:25,740 --> 00:33:20,680

consciousness it loves everything

761

00:33:28,260 --> 00:33:25,750

because if it's consciousness you know

762

00:33:29,820 --> 00:33:28,270

one you mentioned God is everywhere

763

00:33:31,520 --> 00:33:29,830

omnipresence so we're gonna go through

764

00:33:35,220 --> 00:33:31,530

its science the science route on this

765

00:33:37,160 --> 00:33:35,230

what is everywhere and present that we

766

00:33:40,230 --> 00:33:37,170

can think of in our ordinary reality

767

00:33:43,080 --> 00:33:40,240

well as it turns out if there's a where

768

00:33:45,180 --> 00:33:43,090

there's space and time right right if

769

00:33:49,440 --> 00:33:45,190

there's if there's a where there's space

770

00:33:53,670 --> 00:33:49,450

right so when we look at the universe

771

00:33:56,370 --> 00:33:53,680

this huge blob of space and time okay I

772

00:33:57,750 --> 00:33:56,380

think and this is where beginners the

773

00:33:59,910 --> 00:33:57,760

metaphysics where it's no longer science

774

00:34:04,230 --> 00:33:59,920

you can't really prove it I think space

775

00:34:07,530 --> 00:34:04,240

and time is in a sense the the substance

776

00:34:11,610 --> 00:34:07,540

of consciousness that space and time is

777

00:34:14,520 --> 00:34:11,620

all conscious all of it and it's what

778

00:34:16,770 --> 00:34:14,530

creates things right because all things

779

00:34:18,780 --> 00:34:16,780

exist in space and time right

780

00:34:20,910 --> 00:34:18,790

there's the planet over there it's in

781

00:34:23,550 --> 00:34:20,920

space of time there's the galaxy over

782

00:34:25,560 --> 00:34:23,560

there it's a space of time you know so

783

00:34:26,490 --> 00:34:25,570

and and here's the beauty of this work

784

00:34:28,919 --> 00:34:26,500

now

785

00:34:31,800 --> 00:34:28,929

able to show with this work that space

786

00:34:33,810 --> 00:34:31,810

and time exist in the meaning inside the

787

00:34:36,810 --> 00:34:33,820

words Alpha and Omega the beginning and

788

00:34:38,790 --> 00:34:36,820

the end now let's break that down so

789

00:34:41,520 --> 00:34:38,800

people can see that when we see the

790

00:34:44,159 --> 00:34:41,530

beginning okay there's a thing in

791

00:34:47,280 --> 00:34:44,169

science called dark energy dark energy

792

00:34:49,619 --> 00:34:47,290

is this expansive force that a

793

00:34:51,600 --> 00:34:49,629

space-time seems to have it goes outward

794

00:34:53,730 --> 00:34:51,610

and upward and it gets bigger and bigger

795

00:34:55,050 --> 00:34:53,740

and that seems to be its very nature so

796

00:34:56,430 --> 00:34:55,060

you know people ask how does it do that

797

00:34:59,310 --> 00:34:56,440

that's its nature

798

00:35:01,530 --> 00:34:59,320

that's dark energy and space-time it

799

00:35:03,960 --> 00:35:01,540

infuses space-time into the universe

800

00:35:06,930 --> 00:35:03,970

okay so that's one pole that's like the

801  
00:35:09,420 --> 00:35:06,940  
stem going outward and upward and then

802  
00:35:11,040 --> 00:35:09,430  
you know it infuses its space and time

803  
00:35:13,140 --> 00:35:11,050  
out into the universe and blows the

804  
00:35:15,630 --> 00:35:13,150  
universe up so Titus if you would help

805  
00:35:17,490 --> 00:35:15,640  
me to understand what is the difference

806  
00:35:19,380 --> 00:35:17,500  
is there a difference between dark

807  
00:35:21,060 --> 00:35:19,390  
matter and just an empty space say for

808  
00:35:22,410 --> 00:35:21,070  
example in the room that you're in huge

809  
00:35:24,390 --> 00:35:22,420  
difference huge difference please

810  
00:35:27,540 --> 00:35:24,400  
explain achar yes

811  
00:35:29,850 --> 00:35:27,550  
so matter is the opposite is the

812  
00:35:31,710 --> 00:35:29,860  
opposite side of dark energy dark energy

813  
00:35:33,420 --> 00:35:31,720

is expensive and it goes outward and

814

00:35:35,640 --> 00:35:33,430

gets bigger and bigger and the

815

00:35:37,830 --> 00:35:35,650

scientists see that 73% of the universe

816

00:35:40,710 --> 00:35:37,840

the other side is dark matter dark

817

00:35:43,560 --> 00:35:40,720

matter matter is a constricted space and

818

00:35:46,830 --> 00:35:43,570

it's where galaxies are now in the heart

819

00:35:50,640 --> 00:35:46,840

of every galaxy there is a supermassive

820

00:35:52,050 --> 00:35:50,650

black hole okay and at that I have a

821

00:35:55,290 --> 00:35:52,060

picture of that too by the way it's a

822

00:35:58,050 --> 00:35:55,300

lot if you that supermassive black hole

823

00:36:00,450 --> 00:35:58,060

that is the end there is no space and

824

00:36:03,030 --> 00:36:00,460

time in there okay you've reached the

825

00:36:05,700 --> 00:36:03,040

end and the end is a constricted thing

826

00:36:08,040 --> 00:36:05,710

it you know you you it's no longer

827

00:36:11,190 --> 00:36:08,050

expansive now constricted so like in

828

00:36:13,140 --> 00:36:11,200

galaxies if you're inside a galaxy they

829

00:36:15,330 --> 00:36:13,150

scientists say there's a million times

830

00:36:17,280 --> 00:36:15,340

more dark matter in the middle of the

831

00:36:19,170 --> 00:36:17,290

galaxy like where the earth is then at

832

00:36:21,390 --> 00:36:19,180

the periphery so the closer you get

833

00:36:23,550 --> 00:36:21,400

towards the supermassive black hole it

834

00:36:26,430 --> 00:36:23,560

gets denser and denser and more

835

00:36:28,620 --> 00:36:26,440

constricted and more pressure okay and

836

00:36:32,150 --> 00:36:28,630

and it's because of that dense thing

837

00:36:34,920 --> 00:36:32,160

it's able to create matter because it

838

00:36:37,230 --> 00:36:34,930

concentrates whatever's going on into

839

00:36:39,870 --> 00:36:37,240

space and time and and so matter falls

840

00:36:42,599 --> 00:36:39,880

out according to the science and

841

00:36:44,460 --> 00:36:42,609

formed in the context of galaxies so

842

00:36:46,079 --> 00:36:44,470

galaxies are very important you can't

843

00:36:47,490 --> 00:36:46,089

just have the expansive nature of the

844

00:36:50,339 --> 00:36:47,500

universe you have to have the

845

00:36:50,730 --> 00:36:50,349

constricted nature that constricted dark

846

00:36:54,269 --> 00:36:50,740

matter

847

00:36:56,880 --> 00:36:54,279

it creates physical objects it creates

848

00:36:59,370 --> 00:36:56,890

galaxies and in that galaxy you know you

849

00:37:01,529 --> 00:36:59,380

have planet bodies and you have water

850

00:37:02,210 --> 00:37:01,539

and sand and living creatures and all

851  
00:37:05,190 --> 00:37:02,220  
these things

852  
00:37:09,960 --> 00:37:05,200  
so the constricted miniature is

853  
00:37:12,779 --> 00:37:09,970  
necessary okay to create things and once

854  
00:37:14,670 --> 00:37:12,789  
you you have a created thing it comes

855  
00:37:16,710 --> 00:37:14,680  
from the beginning but here's the

856  
00:37:19,410 --> 00:37:16,720  
problem the end is right there because

857  
00:37:20,999 --> 00:37:19,420  
we're in a galaxy and the Dark Matters

858  
00:37:23,130 --> 00:37:21,009  
right there and it's very powerful it's

859  
00:37:24,450 --> 00:37:23,140  
23 percent of the universe the end is

860  
00:37:26,870 --> 00:37:24,460  
right there so we come into existence

861  
00:37:35,249 --> 00:37:26,880  
and then suddenly the end is right there

862  
00:37:37,470 --> 00:37:35,259  
and that's what am I gonna do right and

863  
00:37:39,029 --> 00:37:37,480

that so this one I'm arguing this is

864

00:37:41,039 --> 00:37:39,039

where I'm at right now in my metaphysics

865

00:37:43,019 --> 00:37:41,049

it's the beginning that we're looking

866

00:37:44,700 --> 00:37:43,029

forward to the alpha pole that we're

867

00:37:46,680 --> 00:37:44,710

looking for and that's why in the

868

00:37:49,249 --> 00:37:46,690

spirituality says you must be born again

869

00:37:51,779 --> 00:37:49,259

you have to go back to the beginning

870

00:37:53,190 --> 00:37:51,789

from the chat room someone is asking the

871

00:37:54,870 --> 00:37:53,200

question would you please hold up people

872

00:37:56,609 --> 00:37:54,880

again and while you do that I'm gonna

873

00:37:59,099 --> 00:37:56,619

run a question by you from Camille the

874

00:38:02,029 --> 00:37:59,109

question is how much of your research do

875

00:38:03,599 --> 00:38:02,039

you go back through and try to rework

876

00:38:09,150 --> 00:38:03,609

all the time

877

00:38:10,589 --> 00:38:09,160

started when is there a curious world of

878

00:38:12,660 --> 00:38:10,599

mirror images that's the number one one

879

00:38:15,120 --> 00:38:12,670

it's uh it's science and it's a solid

880

00:38:16,680 --> 00:38:15,130

argument using nature you know it

881

00:38:18,890 --> 00:38:16,690

doesn't get spiritually it doesn't get

882

00:38:21,990 --> 00:38:18,900

metaphysical but this one is all

883

00:38:24,299 --> 00:38:22,000

spirituality and you know that we make

884

00:38:27,150 --> 00:38:24,309

an issue have spiritual have science or

885

00:38:28,829 --> 00:38:27,160

however you want to float that it's

886

00:38:32,579 --> 00:38:28,839

turning to an actually an amalgamation

887

00:38:35,549 --> 00:38:32,589

about those in a because someone is

888

00:38:36,990 --> 00:38:35,559

asking the question what happens to our

889

00:38:39,630 --> 00:38:37,000

consciousness when we die so that's

890

00:38:42,210 --> 00:38:39,640

definitely in the spiritual pop so what

891

00:38:44,490 --> 00:38:42,220

would be your scientific answer to such

892

00:38:45,920 --> 00:38:44,500

a such a question that is a tough

893

00:38:48,539 --> 00:38:45,930

question that is a tough question

894

00:38:50,789 --> 00:38:48,549

there's new science out that suggests

895

00:38:53,309 --> 00:38:50,799

and I haven't read it much to know its

896

00:38:58,049 --> 00:38:53,319

veracity but they're suggesting that

897

00:38:59,400 --> 00:38:58,059

just goes goes on I believe it okay my

898

00:39:00,299 --> 00:38:59,410

understand is the consciousness is

899

00:39:03,660 --> 00:39:00,309

eternal

900

00:39:05,699 --> 00:39:03,670

it's from the I am consciousness comes

901  
00:39:07,620 --> 00:39:05,709  
from the beginning and it's from the I

902  
00:39:08,309 --> 00:39:07,630  
am which is eternal so it cannot really

903  
00:39:11,309 --> 00:39:08,319  
die

904  
00:39:15,689 --> 00:39:11,319  
so what happens is that this conscious

905  
00:39:19,890 --> 00:39:15,699  
thing is born and that the end is a god

906  
00:39:22,890 --> 00:39:19,900  
to its death and if you're living being

907  
00:39:24,660 --> 00:39:22,900  
and come on you guys can you just do

908  
00:39:36,900 --> 00:39:24,670  
this another time you see I'm gonna save

909  
00:39:40,469 --> 00:39:36,910  
you so so I so so we come from the

910  
00:39:43,319 --> 00:39:40,479  
beginning and consciousness is from the

911  
00:39:46,349 --> 00:39:43,329  
I am it cannot die but the end is right

912  
00:39:49,140 --> 00:39:46,359  
there and it is a potent force it's 23

913  
00:39:51,449 --> 00:39:49,150

percent of the universe's of God okay so

914

00:39:52,859 --> 00:39:51,459

that consciousness in the is born in the

915

00:39:54,809 --> 00:39:52,869

context if it's a living creature a

916

00:39:57,390 --> 00:39:54,819

physical beam like us it's born in the

917

00:39:59,279 --> 00:39:57,400

context of a galaxy system that that

918

00:40:02,819 --> 00:39:59,289

black hole is right there it's about to

919

00:40:06,569 --> 00:40:02,829

die any minute the living organism

920

00:40:09,499 --> 00:40:06,579

eventually dies and then what happens

921

00:40:12,769 --> 00:40:09,509

so basically cut I think death is is

922

00:40:15,509 --> 00:40:12,779

polarity instead of mind and body

923

00:40:19,439 --> 00:40:15,519

you now have because the body is gone

924

00:40:21,779 --> 00:40:19,449

you just have mind okay you just have

925

00:40:23,609 --> 00:40:21,789

the consciousness so what happens the

926

00:40:26,459 --> 00:40:23,619

conscious I think my theory my

927

00:40:28,439 --> 00:40:26,469

understanding is that everything travels

928

00:40:29,939 --> 00:40:28,449

through time okay one year once if you

929

00:40:31,979 --> 00:40:29,949

were in the galaxy system everything is

930

00:40:34,709 --> 00:40:31,989

moving towards the black hole period

931

00:40:36,150 --> 00:40:34,719

it's like it's like if you have a you're

932

00:40:37,559 --> 00:40:36,160

on a planet body and you have the North

933

00:40:40,319 --> 00:40:37,569

Pole and South Pole and you point the

934

00:40:42,509 --> 00:40:40,329

arrow on the magnet it's pointing due

935

00:40:46,109 --> 00:40:42,519

north right it's the same thing

936

00:40:48,239 --> 00:40:46,119

everything is pointing due north which

937

00:40:49,680 --> 00:40:48,249

is in this case straight to that galaxy

938

00:40:53,069 --> 00:40:49,690

to the supermassive black hole in the

939

00:40:58,920 --> 00:40:53,079

galaxy so what happens after we die is

940

00:41:00,620 --> 00:40:58,930

we go six feet under we transcend we're

941

00:41:03,660 --> 00:41:00,630

no longer in four-dimensional space-time

942

00:41:05,309 --> 00:41:03,670

okay you get forty space-time and you're

943

00:41:06,360 --> 00:41:05,319

a living breathing organism interacting

944

00:41:08,490 --> 00:41:06,370

with everyone

945

00:41:10,470 --> 00:41:08,500

then now you're in a plane you have to

946

00:41:13,410 --> 00:41:10,480

cut up the 40 now your plane which is

947

00:41:17,520 --> 00:41:13,420

three dimensions its length width and

948

00:41:19,320 --> 00:41:17,530

time okay yes sir now you're in a plane

949

00:41:20,460 --> 00:41:19,330

and then according to the scientists

950

00:41:23,160 --> 00:41:20,470

eventually become it becomes

951  
00:41:25,440 --> 00:41:23,170  
spaghettified was just the line just

952  
00:41:27,750 --> 00:41:25,450  
linear just a lime a dot going through

953  
00:41:30,210 --> 00:41:27,760  
time so that's linear sit becomes

954  
00:41:32,160 --> 00:41:30,220  
spaghettified so consciousness goes

955  
00:41:33,450 --> 00:41:32,170  
through from this high wonderful plane

956  
00:41:35,250 --> 00:41:33,460  
where you could experience all these

957  
00:41:38,130 --> 00:41:35,260  
wonderful things like ice cream and all

958  
00:41:40,860 --> 00:41:38,140  
the good things we have in life to six

959  
00:41:42,360 --> 00:41:40,870  
feet under which is your you know you

960  
00:41:46,020 --> 00:41:42,370  
know you're now in a plane it's no

961  
00:41:47,820 --> 00:41:46,030  
longer forty you're in a plane and and

962  
00:41:50,880 --> 00:41:47,830  
it's just three dimensions length width

963  
00:41:53,070 --> 00:41:50,890

and time and then it goes even time and

964

00:41:58,350 --> 00:41:53,080

more compressed and it heads towards

965

00:41:59,940 --> 00:41:58,360

that black hole which is the end so some

966

00:42:01,920 --> 00:41:59,950

the idea is that somewhere along that

967

00:42:04,140 --> 00:42:01,930

journey for the black hole for example

968

00:42:06,660 --> 00:42:04,150

in our galaxy aside to say 25,000

969

00:42:11,340 --> 00:42:06,670

light-years away so it's a huge distance

970

00:42:12,900 --> 00:42:11,350

to that final end so it may be that will

971

00:42:14,760 --> 00:42:12,910

be pulled out for those who have died

972

00:42:17,370 --> 00:42:14,770

along the way will be pulled out of that

973

00:42:20,550 --> 00:42:17,380

trap and we can live again in a four

974

00:42:23,910 --> 00:42:20,560

dimensional plane we might have a bunch

975

00:42:25,740 --> 00:42:23,920

of questions come in confined so you can

976  
00:42:27,930 --> 00:42:25,750  
give us as thorough as possible but also

977  
00:42:30,090 --> 00:42:27,940  
small only the question and it's now

978  
00:42:32,340 --> 00:42:30,100  
come up is how big do you believe the

979  
00:42:34,530 --> 00:42:32,350  
universe is I've heard do a lot of my

980  
00:42:35,940 --> 00:42:34,540  
research at the universe's actually can

981  
00:42:37,410 --> 00:42:35,950  
fit on the head of a pin what are your

982  
00:42:38,760 --> 00:42:37,420  
thoughts about that from all the

983  
00:42:46,050 --> 00:42:38,770  
information and knowledge you've gleaned

984  
00:42:49,230 --> 00:42:46,060  
sir well I mean it's it's to go back to

985  
00:42:52,110 --> 00:42:49,240  
the beginning would take 13.8 billion

986  
00:42:54,930 --> 00:42:52,120  
years at the speed of light you know and

987  
00:42:57,270 --> 00:42:54,940  
it's constantly expanding so there is a

988  
00:42:59,280 --> 00:42:57,280

thing there are some dimensions and I'm

989

00:43:00,840 --> 00:42:59,290

sure you guys are not aware of this but

990

00:43:02,190 --> 00:43:00,850

there's a dimension in cosmology the

991

00:43:04,950 --> 00:43:02,200

science of cosmology called the

992

00:43:08,490 --> 00:43:04,960

elsewhere it's space-time that is so far

993

00:43:08,730 --> 00:43:08,500

away that it does not affect us in any

994

00:43:10,410 --> 00:43:08,740

way

995

00:43:13,710 --> 00:43:10,420

there's no interactions with us no

996

00:43:16,500 --> 00:43:13,720

communications nothing it's elsewhere ok

997

00:43:18,450 --> 00:43:16,510

and aside to say that it's not including

998

00:43:19,990 --> 00:43:18,460

our time line it's not of the past is

999

00:43:23,350 --> 00:43:20,000

not of the future it's

1000

00:43:26,050 --> 00:43:23,360

elsewhere so the space/time so far away

1001  
00:43:28,780 --> 00:43:26,060  
that because the light hasn't reached us

1002  
00:43:30,940 --> 00:43:28,790  
yet it cannot interact with us in any

1003  
00:43:34,210 --> 00:43:30,950  
way so there's a thing called the cosmic

1004  
00:43:35,440 --> 00:43:34,220  
horizon as the universe expands the only

1005  
00:43:36,940 --> 00:43:35,450  
there are only two things that are

1006  
00:43:39,100 --> 00:43:36,950  
faster than the speed of light we talked

1007  
00:43:41,470 --> 00:43:39,110  
about one quantum entanglement which is

1008  
00:43:43,330 --> 00:43:41,480  
instantaneous but also the expansion of

1009  
00:43:46,150 --> 00:43:43,340  
space space can speed faster than the

1010  
00:43:48,100 --> 00:43:46,160  
speed of light going to the science so

1011  
00:43:50,980 --> 00:43:48,110  
at the edge of the universe the

1012  
00:43:55,060 --> 00:43:50,990  
space-time is expanding so fast that the

1013  
00:43:56,890 --> 00:43:55,070

light cannot reach us okay so really the

1014

00:43:59,380 --> 00:43:56,900

light is receding so it's getting darker

1015

00:44:01,900 --> 00:43:59,390

so that's called the cosmic horizon okay

1016

00:44:04,690 --> 00:44:01,910

and I understand in my understanding

1017

00:44:07,980 --> 00:44:04,700

that the correct the cosmic horizon must

1018

00:44:11,880 --> 00:44:07,990

be expanding into the elsewhere okay

1019

00:44:15,700 --> 00:44:11,890

which is cannot interact with us and so

1020

00:44:20,020 --> 00:44:15,710

the universe is infinite

1021

00:44:22,660 --> 00:44:20,030

there is no despite the science says for

1022

00:44:24,850 --> 00:44:22,670

example that the dark energy which

1023

00:44:26,200 --> 00:44:24,860

expands the universe is 73% of the

1024

00:44:29,800 --> 00:44:26,210

universe but the dark matter which

1025

00:44:31,390 --> 00:44:29,810

constricts the universe is only 23% so

1026

00:44:34,570 --> 00:44:31,400

the universe will expand on forever

1027

00:44:36,520 --> 00:44:34,580

essentially question from patron he

1028

00:44:40,060 --> 00:44:36,530

would like to know if our consciousness

1029

00:44:42,490 --> 00:44:40,070

is connected to our awareness if so will

1030

00:44:44,290 --> 00:44:42,500

we ever evolve to the point where we can

1031

00:44:47,830 --> 00:44:44,300

answer all the questions about life

1032

00:44:50,050 --> 00:44:47,840

eventually I absolutely believe so I

1033

00:44:53,050 --> 00:44:50,060

think consciousness there's we can speak

1034

00:44:55,360 --> 00:44:53,060

of individual consciousness is in a each

1035

00:44:59,170 --> 00:44:55,370

individual soul my little cat over there

1036

00:45:03,100 --> 00:44:59,180

a bird over there but each individual

1037

00:45:06,520 --> 00:45:03,110

soul is birthed into a universe that is

1038

00:45:07,990 --> 00:45:06,530

able to create consciousness right able

1039

00:45:12,430 --> 00:45:08,000

to create conscious beings so that

1040

00:45:15,580 --> 00:45:12,440

universe itself is conscious and so we

1041

00:45:17,560 --> 00:45:15,590

have to transcend our individual

1042

00:45:21,010 --> 00:45:17,570

consciousness which is just like a one's

1043

00:45:22,780 --> 00:45:21,020

personal reality tunnel and access

1044

00:45:26,140 --> 00:45:22,790

universal consciousness which is

1045

00:45:28,300 --> 00:45:26,150

infinite and if we are to do so we would

1046

00:45:31,620 --> 00:45:28,310

be born again and become enlightened

1047

00:45:34,330 --> 00:45:31,630

beings we would be gods

1048

00:45:35,740 --> 00:45:34,340

quite a few people are asking if you can

1049

00:45:37,600 --> 00:45:35,750

give them some pointers or point them in

1050

00:45:40,540 --> 00:45:37,610

the direction to where they can learn

1051  
00:45:42,280 --> 00:45:40,550  
more of course your books duh

1052  
00:45:44,560 --> 00:45:42,290  
they want to know what would you suggest

1053  
00:45:46,840 --> 00:45:44,570  
if they want to continue go down a path

1054  
00:45:49,840 --> 00:45:46,850  
sort of what you're doing of course read

1055  
00:45:54,520 --> 00:45:49,850  
you work that which is the manual so to

1056  
00:45:57,700 --> 00:45:54,530  
speak well of the man what would you say

1057  
00:46:00,130 --> 00:45:57,710  
offer them to do to find more about this

1058  
00:46:02,500 --> 00:46:00,140  
kind of thought mentality well you know

1059  
00:46:03,970 --> 00:46:02,510  
there's there's there are when I blow

1060  
00:46:06,460 --> 00:46:03,980  
out the book I had to figure out where I

1061  
00:46:08,380 --> 00:46:06,470  
fit into you know where do I fit in as

1062  
00:46:10,780 --> 00:46:08,390  
it signs is it philosophy is it

1063  
00:46:13,150 --> 00:46:10,790

metaphysics there are a lot of thinkers

1064

00:46:15,100 --> 00:46:13,160

there are some thinkers out there like

1065

00:46:19,060 --> 00:46:15,110

this you know Eckhart Tolle people are

1066

00:46:22,510 --> 00:46:19,070

familiar with very metaphysical you know

1067

00:46:26,950 --> 00:46:22,520

Deepak Chopra of course

1068

00:46:29,620 --> 00:46:26,960

the conferences I go to I've gone to two

1069

00:46:31,060 --> 00:46:29,630

major conferences on this the science of

1070

00:46:32,980 --> 00:46:31,070

consciousness convention at the

1071

00:46:36,090 --> 00:46:32,990

University of Arizona where you see the

1072

00:46:38,770 --> 00:46:36,100

leading thinkers in this field and

1073

00:46:40,630 --> 00:46:38,780

science and non-duality stand the

1074

00:46:41,620 --> 00:46:40,640

science and non-duality that's the one

1075

00:46:45,070 --> 00:46:41,630

I'll be headed to at the end of this

1076

00:46:47,620 --> 00:46:45,080

week and and so there are a lot of

1077

00:46:48,910 --> 00:46:47,630

people who are actively on this in fact

1078

00:46:52,090 --> 00:46:48,920

it amazes me when I go to these

1079

00:46:53,830 --> 00:46:52,100

conferences because everyone is clearly

1080

00:46:54,520 --> 00:46:53,840

thinking about the same thing they're on

1081

00:46:55,900 --> 00:46:54,530

the same page

1082

00:46:59,890 --> 00:46:55,910

except you know we have different

1083

00:47:01,090 --> 00:46:59,900

languages right so I would argue from my

1084

00:47:06,220 --> 00:47:01,100

experience because I tend to see in

1085

00:47:08,890 --> 00:47:06,230

patterns that 70% of what you meet what

1086

00:47:10,900 --> 00:47:08,900

I hear at these conferences is all isn't

1087

00:47:16,210 --> 00:47:10,910

really different it's the same it's just

1088

00:47:18,400 --> 00:47:16,220

different words you know so yeah I this

1089

00:47:21,010 --> 00:47:18,410

does new thought this is very new

1090

00:47:23,170 --> 00:47:21,020

thought this is a original concept and

1091

00:47:25,450 --> 00:47:23,180

so I definitely would recommend you guys

1092

00:47:27,790 --> 00:47:25,460

if you're interested to go to my website

1093

00:47:31,270 --> 00:47:27,800

and read the books the first one are

1094

00:47:34,600 --> 00:47:31,280

curious world of mirror images is the

1095

00:47:39,070 --> 00:47:34,610

most basic one it's solid and then if

1096

00:47:41,500 --> 00:47:39,080

you if you are already say believer and

1097

00:47:43,630 --> 00:47:41,510

you already Christian oh so you might

1098

00:47:44,950 --> 00:47:43,640

like our mind I am consciousness because

1099

00:47:46,810 --> 00:47:44,960

then I go back

1100

00:47:49,060 --> 00:47:46,820

and I look at the Bible and I

1101  
00:47:52,390 --> 00:47:49,070  
interpreted from a metaphysical point of

1102  
00:47:53,109 --> 00:47:52,400  
view and it's pretty mind-blowing you'd

1103  
00:47:56,920 --> 00:47:53,119  
be amazed

1104  
00:47:58,540 --> 00:47:56,930  
what's Titus are you aware of the

1105  
00:48:01,180 --> 00:47:58,550  
redshift controversy which infers

1106  
00:48:04,660 --> 00:48:01,190  
galaxies or giving birth to new galaxies

1107  
00:48:08,170 --> 00:48:04,670  
ejecting quasars and making the galaxy

1108  
00:48:10,329 --> 00:48:08,180  
have two or more red shifts

1109  
00:48:12,520 --> 00:48:10,339  
I mean I'm familiar with the concept of

1110  
00:48:16,960 --> 00:48:12,530  
redshift you know as it expands outward

1111  
00:48:20,260 --> 00:48:16,970  
you know the light shifts and and it's

1112  
00:48:22,329 --> 00:48:20,270  
like the Doppler effect but I know that

1113  
00:48:25,690 --> 00:48:22,339

specifically doesn't interest me too

1114

00:48:29,140 --> 00:48:25,700

much how I see that information is in

1115

00:48:32,230 --> 00:48:29,150

this light all of the all phenomena all

1116

00:48:35,020 --> 00:48:32,240

of the the galaxies are united into one

1117

00:48:37,210 --> 00:48:35,030

huge structure called the cosmic web and

1118

00:48:39,430 --> 00:48:37,220

the cosmic web is the biggest structure

1119

00:48:41,920 --> 00:48:39,440

in the universe and what's interesting

1120

00:48:43,540 --> 00:48:41,930

about the cosmic web is that information

1121

00:48:45,970 --> 00:48:43,550

is shared through it information is

1122

00:48:48,160 --> 00:48:45,980

translated from galaxy to galaxy here

1123

00:48:50,890 --> 00:48:48,170

this cosmic web and if you look at a

1124

00:48:52,720 --> 00:48:50,900

picture of the cosmic web it is exactly

1125

00:48:54,220 --> 00:48:52,730

as a picture of the human brain the

1126

00:48:55,960 --> 00:48:54,230

neurons in the brain that's if you put

1127

00:48:58,210 --> 00:48:55,970

the two pictures together they match and

1128

00:49:00,099 --> 00:48:58,220

then in biology there's a thing form is

1129

00:49:01,960 --> 00:49:00,109

equal to function if you see the same

1130

00:49:04,359 --> 00:49:01,970

form it probably has the same function

1131

00:49:07,030 --> 00:49:04,369

I'm fairly certain that the cosmic web

1132

00:49:10,000 --> 00:49:07,040

are the neurons that that create

1133

00:49:11,230 --> 00:49:10,010

consciousness in all the universe the

1134

00:49:12,460 --> 00:49:11,240

center of light radio I'm your host keep

1135

00:49:15,370 --> 00:49:12,470

Anthony Blanche and my guest today is

1136

00:49:17,109 --> 00:49:15,380

mr. Titus Titus Joseph a question from

1137

00:49:19,210 --> 00:49:17,119

the chat room let me see if I can find

1138

00:49:21,970 --> 00:49:19,220

it here we go preacher would like to

1139

00:49:24,579 --> 00:49:21,980

know if our continent that's the one I

1140

00:49:26,920 --> 00:49:24,589

read oh I see why the feet had moved on

1141

00:49:29,910 --> 00:49:26,930

me someone is asking the question here

1142

00:49:31,990 --> 00:49:29,920

it comes here it comes I'm bidding time

1143

00:49:35,650 --> 00:49:32,000

one moments pretty powerful question

1144

00:49:39,040 --> 00:49:35,660

actually based on what you said so far

1145

00:49:42,010 --> 00:49:39,050

do you believe we live in a space that

1146

00:49:45,220 --> 00:49:42,020

neither had a beginning nor an inn or

1147

00:49:47,620 --> 00:49:45,230

finality excellent question you see

1148

00:49:50,260 --> 00:49:47,630

here's the thing once you're in a system

1149

00:49:51,790 --> 00:49:50,270

okay say this is the mirror say say it's

1150

00:49:53,890 --> 00:49:51,800

a fruit let's say the universe were

1151

00:49:57,190 --> 00:49:53,900

fruit and so you have the stem pole and

1152

00:49:58,850 --> 00:49:57,200

you have the blossom and pole right okay

1153

00:50:01,220 --> 00:49:58,860

but you're inside the

1154

00:50:03,890 --> 00:50:01,230

rude are you gonna see that do you see

1155

00:50:06,620 --> 00:50:03,900

the beginning poll you see the Anto or

1156

00:50:09,200 --> 00:50:06,630

you sees fruit it's like if you if you

1157

00:50:11,660 --> 00:50:09,210

take a cucumber or anything any fruit

1158

00:50:13,580 --> 00:50:11,670

you chop off the ends first right you

1159

00:50:15,740 --> 00:50:13,590

chop off the very much post was chopped

1160

00:50:17,830 --> 00:50:15,750

off the stem you chop off the blossom

1161

00:50:20,360 --> 00:50:17,840

end and it's the fruit that you're using

1162

00:50:22,310 --> 00:50:20,370

okay that's what's real

1163

00:50:24,140 --> 00:50:22,320

it's the fruit so it's the instant

1164

00:50:26,720 --> 00:50:24,150

communication between the poles that is

1165

00:50:28,820 --> 00:50:26,730

real it is not the poles themselves the

1166

00:50:31,340 --> 00:50:28,830

poles themselves are real but what is

1167

00:50:33,080 --> 00:50:31,350

created and manifested in reality is

1168

00:50:34,280 --> 00:50:33,090

that part that is the instant

1169

00:50:38,180 --> 00:50:34,290

communication between it's like

1170

00:50:40,180 --> 00:50:38,190

electricity the poles are not separate

1171

00:50:46,940 --> 00:50:40,190

from with that which is in the middle

1172

00:50:48,380 --> 00:50:46,950

right right right right so so let me get

1173

00:50:51,440 --> 00:50:48,390

a little confused now

1174

00:50:53,600 --> 00:50:51,450

so one here it is once you're inside the

1175

00:50:56,240 --> 00:50:53,610

system like once you're in the universe

1176  
00:50:59,300 --> 00:50:56,250  
you you can't go back to the beginning

1177  
00:51:02,210 --> 00:50:59,310  
like for the scientists the beginning

1178  
00:51:05,810 --> 00:51:02,220  
they can go to split second before the

1179  
00:51:09,170 --> 00:51:05,820  
beginning but at twenty times zero is

1180  
00:51:11,750 --> 00:51:09,180  
veiled it is veiled they cannot get any

1181  
00:51:14,390 --> 00:51:11,760  
further by the laws of physics they

1182  
00:51:17,090 --> 00:51:14,400  
can't get any further so there is no

1183  
00:51:23,000 --> 00:51:17,100  
beginning in the sense though you space

1184  
00:51:25,580 --> 00:51:23,010  
the time right so yeah so once you're

1185  
00:51:28,730 --> 00:51:25,590  
inside the system you cannot there is no

1186  
00:51:30,470 --> 00:51:28,740  
beginning but you know what's bad there

1187  
00:51:33,050 --> 00:51:30,480  
is still an end you can still see the

1188  
00:51:35,480 --> 00:51:33,060

end and that's the polarity part okay

1189

00:51:36,950 --> 00:51:35,490

but the end if you have an end that

1190

00:51:39,080 --> 00:51:36,960

points to the beginning because you're

1191

00:51:42,080 --> 00:51:39,090

at the end of something it must have

1192

00:51:44,390 --> 00:51:42,090

come from something so by a necessity if

1193

00:51:47,660 --> 00:51:44,400

you have the end it points back to the

1194

00:51:51,020 --> 00:51:47,670

beginning and so you know conceptually

1195

00:51:52,790 --> 00:51:51,030

you can you can look at it preachers

1196

00:51:54,830 --> 00:51:52,800

have that's clear but yeah and it

1197

00:51:57,260 --> 00:51:54,840

actually it is preacher says thanks this

1198

00:51:59,450 --> 00:51:57,270

is this this information is more

1199

00:52:04,010 --> 00:51:59,460

valuable than what I would have learned

1200

00:52:05,390 --> 00:52:04,020

at my local car yes this is thirty years

1201  
00:52:06,920 --> 00:52:05,400  
of thought came to me after college

1202  
00:52:08,840 --> 00:52:06,930  
thirty years ago and I've been thinking

1203  
00:52:11,500 --> 00:52:08,850  
about it intently all this time so kind

1204  
00:52:12,980 --> 00:52:11,510  
of digested it and laid it out in simple

1205  
00:52:15,170 --> 00:52:12,990  
discussion

1206  
00:52:17,660 --> 00:52:15,180  
and it's it's really a beautiful concept

1207  
00:52:20,870 --> 00:52:17,670  
it's such a beautiful here's I'm arguing

1208  
00:52:23,599 --> 00:52:20,880  
that this this image you see here that

1209  
00:52:26,720 --> 00:52:23,609  
right there is the main template the

1210  
00:52:29,690 --> 00:52:26,730  
main paradigm these are the poles here

1211  
00:52:32,390 --> 00:52:29,700  
and this is the zone of intersection if

1212  
00:52:33,920 --> 00:52:32,400  
this were fruit this is the stem this is

1213  
00:52:35,390 --> 00:52:33,930

the blossom end and this is the

1214

00:52:38,120 --> 00:52:35,400

substance of the fruit that would be the

1215

00:52:40,579 --> 00:52:38,130

apple this is the core in the case of

1216

00:52:42,980 --> 00:52:40,589

the universe this is space and time and

1217

00:52:44,900 --> 00:52:42,990

this is the cosmic equator which the

1218

00:52:46,430 --> 00:52:44,910

scientist just came out as I'm looking

1219

00:52:48,349 --> 00:52:46,440

at this picture though it's not the

1220

00:52:55,940 --> 00:52:48,359

exact form it looks like I'm looking at

1221

00:52:57,800 --> 00:52:55,950

a torus it is it's a torus it curves

1222

00:53:00,079 --> 00:52:57,810

back within itself it's constantly

1223

00:53:02,540 --> 00:53:00,089

curving back within itself via the point

1224

00:53:05,440 --> 00:53:02,550

of spiritual awakening the universe

1225

00:53:11,329 --> 00:53:05,450

wants to know itself through our

1226

00:53:13,220 --> 00:53:11,339

experience so that's a big circuit and

1227

00:53:15,200 --> 00:53:13,230

the problem what's in the way is the end

1228

00:53:16,880 --> 00:53:15,210

which is a powerful that pole is in the

1229

00:53:20,950 --> 00:53:16,890

way it's a powerful force so we tend to

1230

00:53:23,420 --> 00:53:20,960

move towards that so for us to really

1231

00:53:25,339 --> 00:53:23,430

learn of the universe we have to go back

1232

00:53:27,260 --> 00:53:25,349

to the expansive nature of it you know

1233

00:53:30,140 --> 00:53:27,270

the space-time emitted outward like a

1234

00:53:32,089 --> 00:53:30,150

fountain that that is dark energy that

1235

00:53:34,849 --> 00:53:32,099

is that is the beginning and it's the

1236

00:53:36,410 --> 00:53:34,859

beginning you know it's the Bible says

1237

00:53:40,250 --> 00:53:36,420

Jesus is the beginning the firstborn

1238

00:53:42,710 --> 00:53:40,260

from the dead you know literally when we

1239

00:53:45,320 --> 00:53:42,720

when we speak of spirituality we're

1240

00:53:49,970 --> 00:53:45,330

looking we want we are searching for the

1241

00:53:52,640 --> 00:53:49,980

beginning again and that is why we have

1242

00:53:55,550 --> 00:53:52,650

to be born again we have to go back to

1243

00:53:57,230 --> 00:53:55,560

the beginning let me ask you this are we

1244

00:53:58,820 --> 00:53:57,240

talking about the Taurus just a moment

1245

00:54:00,320 --> 00:53:58,830

ago let me throw in a musical element as

1246

00:54:02,240 --> 00:54:00,330

where as a spiritual element and you can

1247

00:54:04,310 --> 00:54:02,250

tell me how this possibly fits into the

1248

00:54:06,349 --> 00:54:04,320

tourist if I was if the musical element

1249

00:54:08,000 --> 00:54:06,359

but I also take a microphone and put it

1250

00:54:09,320 --> 00:54:08,010

in front of a speaker the sound that

1251  
00:54:10,400 --> 00:54:09,330  
comes out of the speaker that goes into

1252  
00:54:11,660 --> 00:54:10,410  
the microphone that goes into the

1253  
00:54:14,089 --> 00:54:11,670  
speaker doesn't that microphone he

1254  
00:54:16,220 --> 00:54:14,099  
creates this feedback loop yes we cannot

1255  
00:54:19,370 --> 00:54:16,230  
deny that there's some sort of expansion

1256  
00:54:21,349 --> 00:54:19,380  
that happens via the information curving

1257  
00:54:24,230 --> 00:54:21,359  
back within itself the spiritual element

1258  
00:54:26,240 --> 00:54:24,240  
is as we learn to go within ourselves we

1259  
00:54:27,800 --> 00:54:26,250  
begin to regenerate and expand

1260  
00:54:30,950 --> 00:54:27,810  
you know that what the tourists would be

1261  
00:54:32,600 --> 00:54:30,960  
yes a scientific level that it continues

1262  
00:54:35,030 --> 00:54:32,610  
to curve back within itself and with

1263  
00:54:37,820 --> 00:54:35,040

each revolution or each passage through

1264

00:54:40,670 --> 00:54:37,830

itself it expands it expands it expands

1265

00:54:44,150 --> 00:54:40,680

expands more and more learns more and it

1266

00:54:46,670 --> 00:54:44,160

creates a cosmic feedback loop and I

1267

00:54:49,100 --> 00:54:46,680

believe in living creatures the the

1268

00:54:55,870 --> 00:54:49,110

poles our mind and body you know the

1269

00:55:00,080 --> 00:54:55,880

mind takes in information and the body

1270

00:55:02,480 --> 00:55:00,090

extends out into space and those are the

1271

00:55:03,920 --> 00:55:02,490

two poles and they united as one via

1272

00:55:06,250 --> 00:55:03,930

quantum entanglement which is an

1273

00:55:08,840 --> 00:55:06,260

instantaneous thing and that that

1274

00:55:11,240 --> 00:55:08,850

instantaneous process in space and time

1275

00:55:13,160 --> 00:55:11,250

forms all the systems of the body a

1276

00:55:16,970 --> 00:55:13,170

circulatory system the nervous system

1277

00:55:18,980 --> 00:55:16,980

and it forms this being that is composed

1278

00:55:21,430 --> 00:55:18,990

of mind and body and then that creature

1279

00:55:23,870 --> 00:55:21,440

gets to interact with others creatures

1280

00:55:25,700 --> 00:55:23,880

they think about God here's the thing

1281

00:55:27,650 --> 00:55:25,710

about that is you're the ocean if you're

1282

00:55:29,720 --> 00:55:27,660

the ocean and you got it fishes and you

1283

00:55:32,870 --> 00:55:29,730

got clams and all these creatures they

1284

00:55:34,640 --> 00:55:32,880

may not realize the water right but the

1285

00:55:36,650 --> 00:55:34,650

water is always present and it's holiday

1286

00:55:38,720 --> 00:55:36,660

it all came into being God was like the

1287

00:55:41,840 --> 00:55:38,730

water God is the space and time of the

1288

00:55:44,600 --> 00:55:41,850

universe and all of it is consciousness

1289

00:55:48,710 --> 00:55:44,610

itself all these things are created by

1290

00:55:52,040 --> 00:55:48,720

consciousness by its own power of

1291

00:55:54,440 --> 00:55:52,050

consciousness to create things you know

1292

00:56:03,530 --> 00:55:54,450

consciousness is able to create the big

1293

00:56:05,210 --> 00:56:03,540

to see things it does from the chat room

1294

00:56:06,800 --> 00:56:05,220

I think you having a standing ovation

1295

00:56:08,000 --> 00:56:06,810

here tonight so I'm getting calm enough

1296

00:56:10,340 --> 00:56:08,010

to comment thank you Keith for a

1297

00:56:11,900 --> 00:56:10,350

fantastic show take it brother

1298

00:56:13,670 --> 00:56:11,910

if you would give out your contact

1299

00:56:15,380 --> 00:56:13,680

information any of a short blurb you

1300

00:56:18,320 --> 00:56:15,390

might have to close up the show with a

1301

00:56:19,730 --> 00:56:18,330

final thought my friend thank you so

1302

00:56:21,890 --> 00:56:19,740

much Keith I appreciate the positive

1303

00:56:23,360 --> 00:56:21,900

energy it feels good again everyone the

1304

00:56:25,400 --> 00:56:23,370

books are very important because it's a

1305

00:56:27,790 --> 00:56:25,410

base of knowledge okay

1306

00:56:31,430 --> 00:56:27,800

our curious world of mirror images

1307

00:56:33,550 --> 00:56:31,440

that's the natural argument and once you

1308

00:56:36,500 --> 00:56:33,560

read it your mind will be utterly blown

1309

00:56:39,770 --> 00:56:36,510

they all of it is available Titus Joseph

1310

00:56:42,770 --> 00:56:39,780

calm and the second book is I am mind I

1311

00:56:46,060 --> 00:56:42,780

consciousness you know where I'm arguing

1312

00:56:50,330 --> 00:56:46,070

that we go back to the God of Abraham

1313

00:56:51,740 --> 00:56:50,340

whose name is i am that i am so that's

1314

00:56:54,410 --> 00:56:51,750

the kind of mirror image symmetry right

1315

00:56:55,910 --> 00:56:54,420

there and then I am Alpha and Omega the

1316

00:56:58,910 --> 00:56:55,920

you have been mirror image polls right

1317

00:57:00,770 --> 00:56:58,920

there and I show how those polls mirror

1318

00:57:03,200 --> 00:57:00,780

image those neurons polls create space

1319

00:57:05,360 --> 00:57:03,210

and time which is the universe and space

1320

00:57:08,230 --> 00:57:05,370

and time is invisible and omnipresent

1321

00:57:10,850 --> 00:57:08,240

everywhere at once this is God and

1322

00:57:15,320 --> 00:57:10,860

ultimately I'm arguing this whole torus

1323

00:57:16,400 --> 00:57:15,330

shaped system is conscious and that's

1324

00:57:18,680 --> 00:57:16,410

how it creates things through

1325

00:57:20,030 --> 00:57:18,690

consciousness Titus Joseph thank you for

1326

00:57:21,680 --> 00:57:20,040
