00:00:06,110 --> 00:00:03,860
4/18 2017 you are listening to inception

2
00:00:13,700 --> 00:00:06,120
radio network voice of the fringe

3
00:00:17,000 --> 00:00:13,710
majority who's up for a little star

4
00:00:18,260 --> 00:00:17,010
transit well tonight according to earth

5
00:00:20,510 --> 00:00:18,270
sky org

6
00:00:23,750 --> 00:00:20,520
we can watch that bright star Deneb

7
00:00:26,890 --> 00:00:23,760
transit at nightfall tonight the

8
00:00:30,890 --> 00:00:26,900
northernmost star of the summer triangle

9
00:00:34,130 --> 00:00:30,900
asterism Deneb and that spelled een EB

10
00:00:37,790 --> 00:00:34,140
transits or climbs to its highest point

11
00:00:40,400 --> 00:00:37,800
in the sky at or near 7 p.m. in your

12
00:00:42,920 --> 00:00:40,410
local time that's 8 p.m. if you're in

13
00:00:46,369 --> 00:00:42,930

daylight saving time what does this mean

14

00:00:49,490 --> 00:00:46,379

for us sky watchers well only that this

15

00:00:52,400 --> 00:00:49,500

noteworthy star this beloved member of

16

00:00:54,950 --> 00:00:52,410

the summer triangle is shifting ever

17

00:00:57,319 --> 00:00:54,960

westward in our sky as earth travels

18

00:00:59,720 --> 00:00:57,329

around the Sun it's transit at nightfall

19

00:01:02,060 --> 00:00:59,730

might be considered a kind of hallmark

20

00:01:05,390 --> 00:01:02,070

of the year marking a shift toward

21

00:01:07,910 --> 00:01:05,400

winter or summer depending on which part

22

00:01:10,820 --> 00:01:07,920

of the hemisphere you reside in northern

23

00:01:11,719 --> 00:01:10,830

or southern when the Sun or a star

24

00:01:14,510 --> 00:01:11,729

transits

25

00:01:17,960 --> 00:01:14,520

it resides at one of three places at

26
00:01:21,950 --> 00:01:17,970
Zenith straight overhead north of Zenith

27
00:01:24,140 --> 00:01:21,960
or south of Zenith for instance at 45

28
00:01:27,530 --> 00:01:24,150
degrees north latitude which would be

29
00:01:29,960 --> 00:01:27,540
st. Paul Minnesota or Turin Italy the

30
00:01:32,539 --> 00:01:29,970
net shine straight overhead when it

31
00:01:35,149 --> 00:01:32,549
transits at 40 degrees north latitude

32
00:01:37,219 --> 00:01:35,159
and that would be by example the

33
00:01:40,100 --> 00:01:37,229
latitude of Denver Colorado or

34
00:01:42,499 --> 00:01:40,110
Philadelphia Pennsylvania Deneb soars to

35
00:01:45,889 --> 00:01:42,509
its highest point about 1 and 1/2 hours

36
00:01:48,319 --> 00:01:45,899
after sunset or as evening dusk gives

37
00:01:50,480 --> 00:01:48,329
way to nightfall at temperate latitudes

38
00:01:53,749 --> 00:01:50,490

in the southern hemisphere

39

00:01:56,120 --> 00:01:53,759

you folks have springtime Deneb transits

40

00:01:59,480 --> 00:01:56,130

at or near the same hour by the clock

41

00:02:02,389 --> 00:01:59,490

near 7:00 p.m. your local time and yet

42

00:02:05,149 --> 00:02:02,399

the Sun sets later by the clock at more

43

00:02:07,730 --> 00:02:05,159

southerly latitudes so in that southern

44

00:02:10,550 --> 00:02:07,740

hemisphere you folks see Deneb this time

45

00:02:13,400 --> 00:02:10,560

of year actually transit at evening dusk

46

00:02:15,950 --> 00:02:13,410

instead of nightfall at morn

47

00:02:17,750 --> 00:02:15,960

Northerly or southerly latitudes Deneb

48

00:02:20,870 --> 00:02:17,760

either transits to the north or the

49

00:02:23,930 --> 00:02:20,880

south of that Zenith point appreciably

50

00:02:26,450 --> 00:02:23,940

south of 45 degrees north latitude for

51
00:02:29,150 --> 00:02:26,460
instance Deneb lies to the north of the

52
00:02:31,370 --> 00:02:29,160
zenith point as it transits conversely

53
00:02:34,520 --> 00:02:31,380
when Deneb transits at latitudes

54
00:02:37,460 --> 00:02:34,530
appreciably north of 45 degrees north

55
00:02:40,880 --> 00:02:37,470
latitude Deneb then is viewed in the

56
00:02:43,670 --> 00:02:40,890
southern sky yep it's complicated

57
00:02:46,910 --> 00:02:43,680
Deneb has a bit of an entourage two

58
00:02:48,700 --> 00:02:46,920
brilliant stars Vega and Altair they

59
00:02:52,220 --> 00:02:48,710
team up within hep to complete that

60
00:02:54,440 --> 00:02:52,230
humungous a summer triangle the luminous

61
00:02:57,500 --> 00:02:54,450
summer triangle asterism or star

62
00:03:00,470 --> 00:02:57,510
formation not truly a constellation can

63
00:03:02,540 --> 00:03:00,480

often be seen in a twilight sky even if

64

00:03:05,390 --> 00:03:02,550

you're in a light polluted environment

65

00:03:08,450 --> 00:03:05,400

from mid northern latitudes the far

66

00:03:11,180 --> 00:03:08,460

northern stars Deneb in Vega are seen at

67

00:03:13,640 --> 00:03:11,190

the top of that summer triangle whereas

68

00:03:16,460 --> 00:03:13,650

the southernmost star Altair will be

69

00:03:18,590 --> 00:03:16,470

located at the bottom on the southern

70

00:03:21,770 --> 00:03:18,600

hemisphere it's the other way around but

71

00:03:24,199 --> 00:03:21,780

of course Altair rains at the top den

72

00:03:27,140 --> 00:03:24,209

Ave is at the bottom it's all a matter

73

00:03:30,020 --> 00:03:27,150

of perspective they gather summer

74

00:03:31,760 --> 00:03:30,030

triangles westernmost star is seen on

75

00:03:34,460 --> 00:03:31,770

the right side of Deneb from mid

76

00:03:36,830 --> 00:03:34,470

northern latitudes on the other hand

77

00:03:39,920 --> 00:03:36,840

from the southern hemisphere Vega lies

78

00:03:42,290 --> 00:03:39,930

to the left of Deneb around the world

79

00:03:44,180 --> 00:03:42,300

the stars of the summer triangle transit

80

00:03:47,060 --> 00:03:44,190

some four minutes earlier with each

81

00:03:48,380 --> 00:03:47,070

following day or two hours earlier with

82

00:03:51,080 --> 00:03:48,390

each following month

83

00:03:53,660 --> 00:03:51,090

so from northerly latitudes the summer

84

00:03:56,630 --> 00:03:53,670

triangle is destined to shift over into

85

00:03:59,540 --> 00:03:56,640

the western sky at nightfall as autumn

86

00:04:01,820 --> 00:03:59,550

herbs toward winter or for those in the

87

00:04:05,720 --> 00:04:01,830

southern hemisphere as spring blooms

88

00:04:07,820 --> 00:04:05,730

into summer Oh such astronomical poetry

89

00:04:10,520 --> 00:04:07,830

thank you Bruce McClure here's the

90

00:04:13,820 --> 00:04:10,530

bottom line as darkness falls on October

91

00:04:17,000 --> 00:04:13,830

18th the star Deneb shines at the apex

92

00:04:21,320 --> 00:04:17,010

of the sky at mid northern latitudes get

93

00:04:24,210 --> 00:04:21,330

out look up and joy drones drones in the

94

00:04:26,220 --> 00:04:24,220

news drones hitting planes and here

95

00:04:29,070 --> 00:04:26,230

is another complication resulting from

96

00:04:32,040 --> 00:04:29,080

drones headline drones flying over

97

00:04:34,800 --> 00:04:32,050

California wildfires hurt firefighting

98

00:04:37,710 --> 00:04:34,810

efforts say officials we pick this up

99

00:04:40,290 --> 00:04:37,720

from Fox News but the story runs the

100

00:04:42,750 --> 00:04:40,300

same just about everywhere concerning

101
00:04:44,610 --> 00:04:42,760
this drones attempting to capture

102
00:04:46,770 --> 00:04:44,620
footage of the widespread devastation

103
00:04:49,260 --> 00:04:46,780
from the California wildfires are

104
00:04:51,300 --> 00:04:49,270
impeding efforts to contain the blaze

105
00:04:53,130 --> 00:04:51,310
and posing a serious threat to the

106
00:04:55,620 --> 00:04:53,140
firefighters attempting to smother the

107
00:04:57,680 --> 00:04:55,630
flames according to officials the

108
00:05:00,840 --> 00:04:57,690
California Highway Patrol in Santa Rosa

109
00:05:03,030 --> 00:05:00,850
issued the warning to drone operators on

110
00:05:05,400 --> 00:05:03,040
Sunday after several of these devices

111
00:05:09,510 --> 00:05:05,410
were seen flying over the burnt land

112
00:05:13,140 --> 00:05:09,520
quote cAL FIRE is reporting drones in

113
00:05:16,380 --> 00:05:13,150

the Petaluma area all caps firefighting

114

00:05:20,070 --> 00:05:16,390

planes cannot fly if your drone is in

115

00:05:22,320 --> 00:05:20,080

the air exclamation mark land them if

116

00:05:24,060 --> 00:05:22,330

you want these fires out it continues

117

00:05:25,980 --> 00:05:24,070

that's what the California Highway

118

00:05:29,220 --> 00:05:25,990

Patrol officials wrote in their Santa

119

00:05:31,620 --> 00:05:29,230

Rosa Facebook page a 24 year old man in

120

00:05:34,350 --> 00:05:31,630

fact was arrested on Sunday he was

121

00:05:36,780 --> 00:05:34,360

flying his drone over a Petaluma Airport

122

00:05:39,390 --> 00:05:36,790

the mercury news publication reports

123

00:05:41,400 --> 00:05:39,400

this a firefighting helicopters were

124

00:05:43,860 --> 00:05:41,410

forced to remain on ground for 10

125

00:05:46,170 --> 00:05:43,870

minutes while his device was flying

126

00:05:49,350 --> 00:05:46,180

around he was cited for impeding

127

00:05:51,420 --> 00:05:49,360

emergency personnel those wildfires

128

00:05:53,730 --> 00:05:51,430

ravaging Northern California's wine

129

00:05:56,250 --> 00:05:53,740

country for more than a week have killed

130

00:05:58,530 --> 00:05:56,260

at least 40 people destroyed thousands

131

00:06:01,050 --> 00:05:58,540

of homes and businesses most of the

132

00:06:03,240 --> 00:06:01,060

deaths were reported in Sonoma again

133

00:06:05,640 --> 00:06:03,250

gentle listeners we asked you to join us

134

00:06:08,190 --> 00:06:05,650

as we send all of the loving healing

135

00:06:10,740 --> 00:06:08,200

energy we can to the areas around the

136

00:06:13,290 --> 00:06:10,750

world afflicted by all of these

137

00:06:15,750 --> 00:06:13,300

tragedies hang on we're going to shift

138

00:06:19,409 --> 00:06:15,760

now from California to Dubai in the

139

00:06:22,650 --> 00:06:19,419

United Arab Emirates headline mysterious

140

00:06:26,550 --> 00:06:22,660

flash of fire was actually Russian

141

00:06:29,280 --> 00:06:26,560

rocket breaking up Dubai United Arab

142

00:06:32,130 --> 00:06:29,290

Emirates in fact Abu Dhabi is the

143

00:06:35,040 --> 00:06:32,140

specific location a discarded Russian

144

00:06:38,010 --> 00:06:35,050

cargo spaceship burned across the night

145

00:06:41,070 --> 00:06:38,020

sky of the Arabian Peninsula drawing gas

146

00:06:43,409 --> 00:06:41,080

from Dubai to Riyadh before breaking up

147

00:06:46,140 --> 00:06:43,419

in the Earth's atmosphere and scattering

148

00:06:49,580 --> 00:06:46,150

over the Indian Ocean the fiery end

149

00:06:53,270 --> 00:06:49,590

Monday night of the unmanned progress MS

150

00:06:56,879 --> 00:06:53,280

0-7 came as planned after it delivered

151
00:06:58,860 --> 00:06:56,889
2.75 tons of water food and scientific

152
00:07:02,430 --> 00:06:58,870
equipment to the astronauts aboard the

153
00:07:04,860 --> 00:07:02,440
International Space Station but its 82nd

154
00:07:07,589 --> 00:07:04,870
appearance in the skies of the United

155
00:07:10,140 --> 00:07:07,599
Emirates stunned onlookers in a region

156
00:07:12,570 --> 00:07:10,150
where Iran regularly test fires

157
00:07:14,670 --> 00:07:12,580
ballistic missiles and Shiite rebels in

158
00:07:17,879 --> 00:07:14,680
Yemen are threatening to use them

159
00:07:19,680 --> 00:07:17,889
against Abu Dhabi even a day after this

160
00:07:21,210 --> 00:07:19,690
incident government officials still

161
00:07:23,730 --> 00:07:21,220
hadn't corrected their earlier

162
00:07:26,790 --> 00:07:23,740
statements statements which identify

163
00:07:29,279 --> 00:07:26,800

this object as a meteor the disposable

164

00:07:31,290 --> 00:07:29,289

aircraft blasted off Saturday from the

165

00:07:34,050 --> 00:07:31,300

Russian leased Baikonur launch complex

166

00:07:36,540 --> 00:07:34,060

in Kazakhstan it's rockets and stages

167

00:07:39,029 --> 00:07:36,550

earlier fell harmlessly and largely

168

00:07:42,089 --> 00:07:39,039

unnoticed into the atmosphere said

169

00:07:45,120 --> 00:07:42,099

husana amid al-hariri he's the CEO of

170

00:07:46,980 --> 00:07:45,130

the Dubai astronomy group after

171

00:07:49,409 --> 00:07:46,990

unloading it at the space station

172

00:07:53,070 --> 00:07:49,419

astronauts sent the spaceship to its

173

00:07:55,350 --> 00:07:53,080

death as planned its path down was timed

174

00:07:58,860 --> 00:07:55,360

perfectly for it to be seen beginning

175

00:08:01,740 --> 00:07:58,870

from 7:35 p.m. Monday said al-hariri it

176
00:08:03,749 --> 00:08:01,750
streaked across the dubai skyline beyond

177
00:08:06,300 --> 00:08:03,759
the Burj Khalifa the world's tallest

178
00:08:08,640 --> 00:08:06,310
building drawing both stunned and

179
00:08:11,339 --> 00:08:08,650
anxious reaction from those watching

180
00:08:13,290 --> 00:08:11,349
quote it was quite visible for the

181
00:08:15,540 --> 00:08:13,300
public end quotes al-hariri told The

182
00:08:17,850 --> 00:08:15,550
Associated Press quote it's not

183
00:08:20,760 --> 00:08:17,860
something you see every day it was

184
00:08:23,459 --> 00:08:20,770
beautiful to see that thing up in the

185
00:08:26,249 --> 00:08:23,469
sky disintegrating into pieces and

186
00:08:29,219 --> 00:08:26,259
quotes soon he said quote people were

187
00:08:31,740 --> 00:08:29,229
banging me with calls and quotes the

188
00:08:34,319 --> 00:08:31,750

government Dubai media office citing the

189

00:08:36,300 --> 00:08:34,329

Sheik James Mohammed bin Rashid Space

190

00:08:39,779 --> 00:08:36,310

Center quickly described the aerial

191

00:08:41,399 --> 00:08:39,789

display as a quote meteorite the United

192

00:08:44,100 --> 00:08:41,409

Arab Emirates general Civil Aviation

193

00:08:46,260 --> 00:08:44,110

Authority said in a statement quote the

194

00:08:48,750 --> 00:08:46,270

meteor was a natural and regular

195

00:08:51,750 --> 00:08:48,760

phenomena at this time of the year and

196

00:08:54,890 --> 00:08:51,760

quotes but it wasn't a meteor

197

00:08:58,740 --> 00:08:54,900

instead it was the 21 point 3 foot long

198

00:09:01,320 --> 00:08:58,750

spaceship breaking up some 87 miles in

199

00:09:04,200 --> 00:09:01,330

the sky the Space Center which hopes to

200

00:09:06,150 --> 00:09:04,210

launch a probe to Mars in 2020 did not

201
00:09:08,760 --> 00:09:06,160
respond to a request for comment on

202
00:09:11,070 --> 00:09:08,770
Tuesday the united arab emirate

203
00:09:15,590 --> 00:09:11,080
announced in february that it wants to

204
00:09:18,990 --> 00:09:15,600
build the first city on mars by 21 17

205
00:09:21,780 --> 00:09:19,000
for al-hariri whose semi governmental

206
00:09:24,900 --> 00:09:21,790
organization hopes to soon open its all

207
00:09:26,670 --> 00:09:24,910
to raya astronomy center along the

208
00:09:28,950 --> 00:09:26,680
flight path of the Dubai International

209
00:09:31,410 --> 00:09:28,960
Airport the incident on Monday night

210
00:09:34,170 --> 00:09:31,420
shows the importance of educating the

211
00:09:36,450 --> 00:09:34,180
public about the wonders of space he

212
00:09:38,760 --> 00:09:36,460
noted that despite the UAE s rapid

213
00:09:40,790 --> 00:09:38,770

development its empty deserts offer

214

00:09:43,560 --> 00:09:40,800

beautiful viewing of the stars at night

215

00:09:46,380 --> 00:09:43,570

including glimpses of the Milky Way

216

00:09:48,930 --> 00:09:46,390

here's a final quote from Hassan Amidala

217

00:09:52,020 --> 00:09:48,940

Hariri quote it was something that was

218

00:09:54,270 --> 00:09:52,030

really worth looking at it was beautiful

219

00:09:56,850 --> 00:09:54,280

to see and quotes and you can see it

220

00:10:00,450 --> 00:09:56,860

we'll put up a link at UFO headline news

221

00:10:03,210 --> 00:10:00,460

com later it is astonishing footage hard

222

00:10:04,740 --> 00:10:03,220

to believe it's space junk here's a

223

00:10:08,550 --> 00:10:04,750

headline that really tugged at our

224

00:10:12,560 --> 00:10:08,560

imagination aliens are actually immortal

225

00:10:16,350 --> 00:10:12,570

robots and their billions of years old

226

00:10:19,830 --> 00:10:16,360

researcher claims Rob wah writes this

227

00:10:22,980 --> 00:10:19,840

for Yahoo News United Kingdom will

228

00:10:26,160 --> 00:10:22,990

aliens be delicate hairless creatures

229

00:10:29,760 --> 00:10:26,170

with big almond eyes as some UFO

230

00:10:33,170 --> 00:10:29,770

believers think or big slimy green blobs

231

00:10:36,210 --> 00:10:33,180

with eyes on stalks probably neither

232

00:10:38,400 --> 00:10:36,220

scientists say the first aliens we

233

00:10:42,170 --> 00:10:38,410

encounter are likely to be machines and

234

00:10:44,880 --> 00:10:42,180

there will be almost unimaginably old

235

00:10:46,560 --> 00:10:44,890

Susan Schneider of the University of

236

00:10:49,230 --> 00:10:46,570

Connecticut and the Institute for

237

00:10:52,740 --> 00:10:49,240

Advanced Studies at Princeton says that

238

00:10:56,040 --> 00:10:52,750

alien a I may already be out there and

239

00:10:58,350 --> 00:10:56,050

it could be billions of years old Susan

240

00:11:00,750 --> 00:10:58,360

Schneider says quote I do not believe

241

00:11:03,090 --> 00:11:00,760

that most advanced alien civilizations

242

00:11:05,580 --> 00:11:03,100

will be biological the most

243

00:11:07,590 --> 00:11:05,590

sophisticated civilizations will be post

244

00:11:10,980 --> 00:11:07,600

biological forms of artificial

245

00:11:14,670 --> 00:11:10,990

intelligence or alien super intelligence

246

00:11:16,770 --> 00:11:14,680

and quotes Snyder said in a daily galaxy

247

00:11:19,380 --> 00:11:16,780

report quote all lines of evidence

248

00:11:21,660 --> 00:11:19,390

converge on the conclusion that the

249

00:11:23,720 --> 00:11:21,670

maximum age of extraterrestrial

250

00:11:27,030 --> 00:11:23,730

intelligence would be billions of years

251
00:11:30,360 --> 00:11:27,040
specifically the ranges from 1.7 billion

252
00:11:32,070 --> 00:11:30,370
to 8 billion years and quotes many

253
00:11:34,440 --> 00:11:32,080
researchers believe that the first

254
00:11:37,320 --> 00:11:34,450
aliens we encounter will be robots

255
00:11:39,750 --> 00:11:37,330
the reason it's all about the

256
00:11:41,790 --> 00:11:39,760
probability and how long it takes

257
00:11:44,100 --> 00:11:41,800
alien civilizations to evolve from

258
00:11:47,190 --> 00:11:44,110
developing radio communications to

259
00:11:49,050 --> 00:11:47,200
becoming immortal cyborgs many

260
00:11:51,300 --> 00:11:49,060
scientists believe that the period from

261
00:11:53,220 --> 00:11:51,310
the discovery of radio waves to

262
00:11:56,900 --> 00:11:53,230
organisms turning themselves into

263
00:11:59,490 --> 00:11:56,910

immortal robots will be relatively brief

264

00:12:01,020 --> 00:11:59,500

Google's reycarts file in fact has

265

00:12:04,260 --> 00:12:01,030

predicted that man will merge with

266

00:12:07,200 --> 00:12:04,270

machine here on earth in the year 2050

267

00:12:10,350 --> 00:12:07,210

the upshot of this is that it's far far

268

00:12:13,080 --> 00:12:10,360

more likely that we'll meet aliens after

269

00:12:15,630 --> 00:12:13,090

they've turned into machines according

270

00:12:17,280 --> 00:12:15,640

to some experts Seth Shostak of the

271

00:12:20,490 --> 00:12:17,290

search for extraterrestrial intelligence

272

00:12:23,040 --> 00:12:20,500

says quote consider the fact that any

273

00:12:25,590 --> 00:12:23,050

signal we pick up has to come from a

274

00:12:28,650 --> 00:12:25,600

civilization at least as advanced as we

275

00:12:31,140 --> 00:12:28,660

are now let's say conservatively the

276

00:12:34,050 --> 00:12:31,150

average civilization will use radio for

277

00:12:36,630 --> 00:12:34,060

10,000 years so from a purely

278

00:12:39,240 --> 00:12:36,640

probabilistic point of view the chance

279

00:12:42,000 --> 00:12:39,250

of encountering a society far older than

280

00:12:44,280 --> 00:12:42,010

ourselves is quite high and quotes

281

00:12:46,980 --> 00:12:44,290

alrighty then it's way back Wednesday

282

00:12:49,980 --> 00:12:46,990

we're going to recap the Manhattan

283

00:12:52,740 --> 00:12:49,990

Transfer abduction as it's called the

284

00:12:55,100 --> 00:12:52,750

story of Linda Cortile and then we'll

285

00:12:57,870 --> 00:12:55,110

move forward with this incredible tale

286

00:13:00,710 --> 00:12:57,880

this is written by les Hewitt for

287

00:13:04,050 --> 00:13:00,720

paranormal phenomena and he writes

288

00:13:06,480 --> 00:13:04,060

bordering on paranormal the phenomenon

289

00:13:09,120 --> 00:13:06,490

of alien abduction has polarized the

290

00:13:10,040 --> 00:13:09,130

world in opinions and conclusions the

291

00:13:12,090 --> 00:13:10,050

truth of whether or not

292

00:13:14,220 --> 00:13:12,100

extraterrestrials are somehow finding

293

00:13:16,590 --> 00:13:14,230

their way to our planet to perform

294

00:13:18,870 --> 00:13:16,600

strange experiments on hapless victims

295

00:13:20,340 --> 00:13:18,880

is possibly secondary

296

00:13:23,580 --> 00:13:20,350

to the mystery of the widespread

297

00:13:25,830 --> 00:13:23,590

accounts of such visitations how can so

298

00:13:28,860 --> 00:13:25,840

many people have had encounters and yet

299

00:13:31,320 --> 00:13:28,870

there's so little concrete evidence so

300

00:13:33,480 --> 00:13:31,330

let's talk about Linda Cortile she

301
00:13:36,720 --> 00:13:33,490
claimed gray aliens abducted her from

302
00:13:39,150 --> 00:13:36,730
her apartment in Manhattan and as is the

303
00:13:42,720 --> 00:13:39,160
case with all abduction stories skeptics

304
00:13:45,060 --> 00:13:42,730
were quick to cry hoax she originally

305
00:13:46,740 --> 00:13:45,070
called herself Linda Cortile but she

306
00:13:50,460 --> 00:13:46,750
later changed her name to Linda

307
00:13:54,660 --> 00:13:50,470
Napolitano around 3:00 a.m. November

308
00:13:57,450 --> 00:13:54,670
30th 1989 Linda supposedly had an

309
00:13:59,940 --> 00:13:57,460
experience with several gray aliens at

310
00:14:02,850 --> 00:13:59,950
the time she could only recall fragments

311
00:14:05,280 --> 00:14:02,860
but she remembered enough to claim that

312
00:14:07,500 --> 00:14:05,290
she floated out of her clothes bedroom

313
00:14:11,580 --> 00:14:07,510

window on her 12th floor apartment and

314

00:14:13,590 --> 00:14:11,590

into a hovering UFO once on board the

315

00:14:16,500 --> 00:14:13,600

beings escorted her to a room that was

316

00:14:20,010 --> 00:14:16,510

likely a medical bay there she underwent

317

00:14:22,740 --> 00:14:20,020

some examination with selected parts of

318

00:14:24,840 --> 00:14:22,750

the event not immediately available to

319

00:14:27,510 --> 00:14:24,850

her she sought out the help of Budd

320

00:14:30,510 --> 00:14:27,520

Hopkins who ultimately decided to try

321

00:14:32,100 --> 00:14:30,520

hypnotic regression these sessions took

322

00:14:34,380 --> 00:14:32,110

place over the course of much of the

323

00:14:37,140 --> 00:14:34,390

following year along with her original

324

00:14:39,390 --> 00:14:37,150

memories these sessions filled in many

325

00:14:42,270 --> 00:14:39,400

blanks of a standard abduction

326

00:14:44,850 --> 00:14:42,280

experience what makes this Manhattan

327

00:14:47,880 --> 00:14:44,860

Transfer abduction experience stand out

328

00:14:50,790 --> 00:14:47,890

from almost every other one was what

329

00:14:53,910 --> 00:14:50,800

happened just over a year after her

330

00:14:57,090 --> 00:14:53,920

abduction the late Budd Hopkins artist

331

00:14:58,830 --> 00:14:57,100

UFO researcher and author and hypnotist

332

00:15:01,560 --> 00:14:58,840

I just saved hundreds of dollars by

333

00:15:04,050 --> 00:15:01,570

switching to Geico I'm so happy I feel

334

00:15:05,250 --> 00:15:04,060

like I can fly disclaimer you will not

335

00:15:06,870 --> 00:15:05,260

be able to fly by switching to Geico

336

00:15:08,250 --> 00:15:06,880

this is against the laws of physics and

337

00:15:09,630 --> 00:15:08,260

nature if you find yourself lying please

338

00:15:11,100 --> 00:15:09,640

seek professional and/or medical help

339

00:15:12,480 --> 00:15:11,110

immediately in the unlikely event you

340

00:15:14,250 --> 00:15:12,490

find yourself lying you might be a

341

00:15:16,080 --> 00:15:14,260

superhero or a pigeon or a superhero

342

00:15:17,850 --> 00:15:16,090

named Pitt woman who was bitten by a

343

00:15:19,350 --> 00:15:17,860

radioactive pigeon if you are indeed bid

344

00:15:20,460 --> 00:15:19,360

woman keiko retains all licensing

345

00:15:21,960 --> 00:15:20,470

publishing rights in the event Pitts

346

00:15:24,060 --> 00:15:21,970

woman the movie becomes a top grossing

347

00:15:27,750 --> 00:15:24,070

Hollywood blockbuster Geico 15 minutes

348

00:15:29,810 --> 00:15:27,760

could save you 15% or more received

349

00:15:31,430 --> 00:15:29,820

apparent confirmation from two

350

00:15:34,730 --> 00:15:31,440

additional

351

00:15:36,860 --> 00:15:34,740

a letter arrived in the post from two

352

00:15:39,620 --> 00:15:36,870

men men who called themselves Richard

353

00:15:41,600 --> 00:15:39,630

and Dan even though the letter

354

00:15:44,240 --> 00:15:41,610

corroborated the reports Linda had made

355

00:15:46,760 --> 00:15:44,250

but Hopkins did have some doubts over

356

00:15:48,860 --> 00:15:46,770

this pair wanting to learn more about

357

00:15:51,170 --> 00:15:48,870

them but Hopkins conducted background

358

00:15:54,310 --> 00:15:51,180

checks on them and it turned out both

359

00:15:57,380 --> 00:15:54,320

men had the same career close-quarters

360

00:16:00,020 --> 00:15:57,390

bodyguards here's the interesting

361

00:16:02,270 --> 00:16:00,030

element additionally on the 30th of

362

00:16:04,460 --> 00:16:02,280

November the evening of this incident

363

00:16:07,730 --> 00:16:04,470

this abduction both of these men were

364

00:16:10,670 --> 00:16:07,740

guarding the same man some people

365

00:16:13,550 --> 00:16:10,680

believe that man was the United Nations

366

00:16:16,310 --> 00:16:13,560

secretary-general Javier Perez de

367

00:16:17,810 --> 00:16:16,320

Cuellar all three of these men were in a

368

00:16:19,970 --> 00:16:17,820

limousine they were crossing the

369

00:16:22,700 --> 00:16:19,980

Brooklyn Bridge when they saw something

370

00:16:25,580 --> 00:16:22,710

that shocked them both bodyguards

371

00:16:28,340 --> 00:16:25,590

insisted that they saw a woman floating

372

00:16:31,580 --> 00:16:28,350

way above the ground and towards a

373

00:16:33,530 --> 00:16:31,590

massive craft ultimately Hopkins was to

374

00:16:36,080 --> 00:16:33,540

receive another letter in the mail a

375

00:16:38,750 --> 00:16:36,090

letter from a woman known as Janet

376

00:16:40,670 --> 00:16:38,760

Trimble she revealed that she too was

377

00:16:43,820 --> 00:16:40,680

driving across the Brooklyn Bridge at

378

00:16:46,040 --> 00:16:43,830

the time of the original abduction she

379

00:16:48,470 --> 00:16:46,050

was a retired telephone operator she

380

00:16:50,600 --> 00:16:48,480

assumed the event she was seeing was

381

00:16:53,240 --> 00:16:50,610

nothing more than a scene some sort of

382

00:16:55,640 --> 00:16:53,250

film shoot for an upcoming science

383

00:16:57,800 --> 00:16:55,650

fiction film with the addition of a

384

00:17:00,500 --> 00:16:57,810

fourth witness but Hawkins made the

385

00:17:03,290 --> 00:17:00,510

decision to go public and revealed some

386

00:17:06,860 --> 00:17:03,300

of the details of this entire event if

387

00:17:09,170 --> 00:17:06,870

indeed that third man in the limo was

388

00:17:11,300 --> 00:17:09,180

that then current United Nations

389

00:17:13,850 --> 00:17:11,310

secretary-general Javier Perez de

390

00:17:17,210 --> 00:17:13,860

Cuellar you can imagine gentle listeners

391

00:17:19,100 --> 00:17:17,220

the ramifications of that if Cuellar had

392

00:17:21,500 --> 00:17:19,110

come forward publicly he could have

393

00:17:24,319 --> 00:17:21,510

propelled the Cortile abduction into the

394

00:17:27,050 --> 00:17:24,329

stratosphere of UFO cases with credible

395

00:17:29,270 --> 00:17:27,060

documentation but Hopkins and Cuellar

396

00:17:32,540 --> 00:17:29,280

corresponded on a regular basis and

397

00:17:35,540 --> 00:17:32,550

while he did confirm details ultimately

398

00:17:37,430 --> 00:17:35,550

Cuellar refused to go public he was

399

00:17:39,980 --> 00:17:37,440

however willing to meet with Budd

400

00:17:42,500 --> 00:17:39,990

Hopkins behind closed doors on the

401
00:17:44,690 --> 00:17:42,510
condition that Hopkins never disclosed

402
00:17:46,580 --> 00:17:44,700
his name to the public

403
00:17:49,600 --> 00:17:46,590
we're going to be jumping back and forth

404
00:17:52,820 --> 00:17:49,610
in time let's go slightly forward to

405
00:17:55,039 --> 00:17:52,830
2003 Linda Cortile agreed to a sit-down

406
00:17:58,130 --> 00:17:55,049
interview with French magazine La

407
00:18:00,350 --> 00:17:58,140
Gazzetta Yann during this interview she

408
00:18:02,690 --> 00:18:00,360
added several new facts to her account

409
00:18:05,299 --> 00:18:02,700
the main addition to the original report

410
00:18:07,909 --> 00:18:05,309
was information of an undisclosed

411
00:18:10,190 --> 00:18:07,919
witness to that abduction all the

412
00:18:12,830 --> 00:18:10,200
Cortile revealed was that a witness a

413
00:18:15,860 --> 00:18:12,840

truck driver for the New York Post was

414

00:18:19,640 --> 00:18:15,870

there saw it had an ideal vantage point

415

00:18:22,460 --> 00:18:19,650

from said Brooklyn Bridge now let's jump

416

00:18:27,020 --> 00:18:22,470

to content provided by Philip Coppins he

417

00:18:29,720 --> 00:18:27,030

spells that Co PP ENS he says the case

418

00:18:32,180 --> 00:18:29,730

dramatically changed scope once Budd

419

00:18:34,220 --> 00:18:32,190

Hopkins received that letter from the

420

00:18:37,159 --> 00:18:34,230

two policemen they sent him a letter

421

00:18:39,649 --> 00:18:37,169

very long and involved it's an account

422

00:18:43,669 --> 00:18:39,659

of that evening an account of what they

423

00:18:46,250 --> 00:18:43,679

saw in February of 1991 15 months after

424

00:18:48,560 --> 00:18:46,260

the abduction Hopkins realized their

425

00:18:52,310 --> 00:18:48,570

account matched the place and time of

426

00:18:54,350 --> 00:18:52,320

Linda Napolitano 'z experience further

427

00:18:56,299 --> 00:18:54,360

investigation convinced him that this

428

00:18:58,970 --> 00:18:56,309

was the first independent corroboration

429

00:19:00,440 --> 00:18:58,980

of an abduction furthermore the

430

00:19:04,039 --> 00:19:00,450

witnesses seem to have impeccable

431

00:19:07,100 --> 00:19:04,049

credentials policemen rather than normal

432

00:19:09,890 --> 00:19:07,110

members of the public however as soon as

433

00:19:12,320 --> 00:19:09,900

the experiences were built they began to

434

00:19:15,380 --> 00:19:12,330

crumble but Hopkins soon discovered that

435

00:19:19,760 --> 00:19:15,390

the two policemen were in fact members

436

00:19:21,980 --> 00:19:19,770

of the CIA these policemen had claimed

437

00:19:24,169 --> 00:19:21,990

they contacted Hopkins as ever since

438

00:19:26,720 --> 00:19:24,179

they witnessed the abduction they simply

439

00:19:29,270 --> 00:19:26,730

could not get that image out of their

440

00:19:31,399 --> 00:19:29,280

heads as to the reasons why they stayed

441

00:19:33,320 --> 00:19:31,409

out of reach Hopkins learned that they

442

00:19:37,010 --> 00:19:33,330

were acting as security guards for a

443

00:19:39,320 --> 00:19:37,020

famous political figure the two men

444

00:19:41,779 --> 00:19:39,330

along with the then anonymous political

445

00:19:44,000 --> 00:19:41,789

figure were heading towards the New York

446

00:19:47,330 --> 00:19:44,010

heliport when the car had stopped

447

00:19:49,760 --> 00:19:47,340

mysteriously on its own the two

448

00:19:52,700 --> 00:19:49,770

bodyguards and the politician then

449

00:19:54,260 --> 00:19:52,710

witnessed that abduction it almost

450

00:19:57,500 --> 00:19:54,270

seemed as if the abduction had been

451
00:20:00,350 --> 00:19:57,510
staged so that one of the most influent

452
00:20:02,810 --> 00:20:00,360
man in the world the then Secretary

453
00:20:05,780 --> 00:20:02,820
General of the United Nations Javier

454
00:20:08,960 --> 00:20:05,790
Perez de Cuellar would see the alien

455
00:20:11,180 --> 00:20:08,970
reality for himself here's more about

456
00:20:14,840 --> 00:20:11,190
the other witness the woman named

457
00:20:16,550 --> 00:20:14,850
nicknamed Janet Trimble she was saying

458
00:20:18,470 --> 00:20:16,560
that while she was passing over the

459
00:20:22,910 --> 00:20:18,480
Brooklyn Bridge at 3:00 a.m. November

460
00:20:25,430 --> 00:20:22,920
30th 1989 somehow all of the cars lights

461
00:20:28,730 --> 00:20:25,440
and engines everybody on the bridge

462
00:20:31,610 --> 00:20:28,740
everything failed including the street

463
00:20:32,960 --> 00:20:31,620

lights on the bridge she therefore got

464

00:20:36,680 --> 00:20:32,970

out of her car to see what had happened

465

00:20:40,250 --> 00:20:36,690

and saw with other drivers a woman

466

00:20:43,640 --> 00:20:40,260

floating 12 stories high into a hovering

467

00:20:45,920 --> 00:20:43,650

UFO above her apartment building now at

468

00:20:47,930 --> 00:20:45,930

this point but Hopkins must have felt

469

00:20:48,500 --> 00:20:47,940

this case was becoming too good to be

470

00:20:51,710 --> 00:20:48,510

true

471

00:20:54,590 --> 00:20:51,720

during a routine examination a metallic

472

00:20:57,380 --> 00:20:54,600

object was discovered inside Linda's

473

00:21:00,230 --> 00:20:57,390

nasal cavity which suggested that it

474

00:21:01,850 --> 00:21:00,240

might have been an alien implant two

475

00:21:04,220 --> 00:21:01,860

weeks after the x-ray she suffered a

476

00:21:06,320 --> 00:21:04,230

serious nosebleed during the night in

477

00:21:09,290 --> 00:21:06,330

the morning she found extensive

478

00:21:11,990 --> 00:21:09,300

bloodstains on her face and pillow later

479

00:21:15,020 --> 00:21:12,000

x-ray revealed that this metallic object

480

00:21:17,180 --> 00:21:15,030

was no longer present in her nostril

481

00:21:19,610 --> 00:21:17,190

though a conspicuous Ridge of built-up

482

00:21:23,120 --> 00:21:19,620

cartilage showed there had once been

483

00:21:25,730 --> 00:21:23,130

something there the suspicion was that

484

00:21:28,070 --> 00:21:25,740

the aliens had implanted her but after

485

00:21:30,770 --> 00:21:28,080

the implant having been discovered it

486

00:21:32,960 --> 00:21:30,780

was removed so that this quote alien

487

00:21:35,900 --> 00:21:32,970

technology and quotes would not fall

488

00:21:38,150 --> 00:21:35,910

into human hands still it meant that the

489

00:21:40,910 --> 00:21:38,160

case remained just like all the others a

490

00:21:43,460 --> 00:21:40,920

case of reports but without any hard

491

00:21:45,980 --> 00:21:43,470

evidence although the case remained much

492

00:21:50,330 --> 00:21:45,990

better than all the others much more

493

00:21:52,790 --> 00:21:50,340

substance by 1993 the Linda Napolitano

494

00:21:55,520 --> 00:21:52,800

Linda Cortile case had generated

495

00:21:57,350 --> 00:21:55,530

enormous interest and international

496

00:22:00,770 --> 00:21:57,360

attention being discussed in the wall

497

00:22:03,050 --> 00:22:00,780

street journal by Omni Paris Match and

498

00:22:04,670 --> 00:22:03,060

the New York Times Hopkins and

499

00:22:07,670 --> 00:22:04,680

Napolitano had appeared on television

500

00:22:11,090 --> 00:22:07,680

shows shows such as Inside Edition

501
00:22:13,400 --> 00:22:11,100
but Hopkins also realized that it

502
00:22:16,100 --> 00:22:13,410
he could convince de cuéllar to publicly

503
00:22:19,100 --> 00:22:16,110
corroborate the story then it would be

504
00:22:21,440 --> 00:22:19,110
sensational if something else was

505
00:22:23,390 --> 00:22:21,450
sensational that was the reaction the

506
00:22:26,990 --> 00:22:23,400
subsequent behavior of these two

507
00:22:30,289 --> 00:22:27,000
individuals Richard and Dan they became

508
00:22:32,630 --> 00:22:30,299
so transfixed so obsessed with Linda was

509
00:22:36,529 --> 00:22:32,640
she alright did she in fact possess

510
00:22:39,020 --> 00:22:36,539
supernatural powers alien powers perhaps

511
00:22:41,990 --> 00:22:39,030
and in the months and years that

512
00:22:45,230 --> 00:22:42,000
followed Linda Cortile Linda Napolitano

513
00:22:47,750 --> 00:22:45,240

was to be abducted again in broad

514

00:22:50,419 --> 00:22:47,760

daylight with no witnesses and the

515

00:22:53,450 --> 00:22:50,429

abduction this time by Richard and Dan

516

00:22:55,669 --> 00:22:53,460

it's very complex very convoluted there

517

00:22:58,490 --> 00:22:55,679

is something here we just can't look

518

00:23:01,430 --> 00:22:58,500

away from we'll get into the rest of it

519

00:23:03,740 --> 00:23:01,440

and there is a lot next week on way back

520

00:23:05,930 --> 00:23:03,750

Wednesday meanwhile if you just can't

521

00:23:09,169 --> 00:23:05,940

wait we are sure you can find a plethora

522

00:23:11,840 --> 00:23:09,179

of info on ye olde Internet concerning

523

00:23:14,330 --> 00:23:11,850

this case again we toss a tip of the hat

524

00:23:17,990 --> 00:23:14,340

to our man in the high castle in his

525

00:23:20,090 --> 00:23:18,000

secure and undisclosed location oh it

526
00:23:22,610 --> 00:23:20,100
seems we're about to be abducted by that

527
00:23:25,970 --> 00:23:22,620
old thing called time we've got to fly

528
00:23:27,890 --> 00:23:25,980
out of here because that's a wrap thank

529
00:23:42,890 --> 00:23:27,900
