[Music]

9  
00:01:16,520 --> 00:01:14,850

well good evening welcome to Mack

10  
00:01:18,710 --> 00:01:16,530

mommy's mill tracks I'll show here on

11  
00:01:21,560 --> 00:01:18,720

the distant Thunder radio network this

12  
00:01:23,150 --> 00:01:21,570

is in that moment we have very

13  
00:01:27,530 --> 00:01:23,160

interesting shoes for you tonight but

14

00:01:30,290 --> 00:01:27,540

before that let's introduce the Posse

15

00:01:32,120 --> 00:01:30,300

with a capital P he's in the studio with

16

00:01:34,870 --> 00:01:32,130

us tonight he's working on his fifth

17

00:01:37,760 --> 00:01:34,880

straight appearance after a string of 18

18

00:01:40,520 --> 00:01:37,770

the very famous Juan Juan is here hello

19

00:01:44,450 --> 00:01:40,530

Mac how's it going tonight it's going

20

00:01:46,640 --> 00:01:44,460

working on the streak and five I didn't

21

00:01:49,340 --> 00:01:46,650

know that the Patriots actually dealt

22

00:01:50,570 --> 00:01:49,350

morning clothes but you look like you're

23

00:01:55,160 --> 00:01:50,580

been to a funeral

24

00:01:55,790 --> 00:01:55,170

I feel really somber after really skiing

25

00:01:58,730 --> 00:01:55,800

yes I do

26

00:02:00,800 --> 00:01:58,740

all right I don't know what to say okay

27

00:02:02,980 --> 00:02:00,810

there - and - but you never know right

28

00:02:04,790 --> 00:02:02,990

that's right I mean you can't blame

29

00:02:07,430 --> 00:02:04,800

Brady for this one

30

00:02:11,150 --> 00:02:07,440

yeah sure yeah why do we have to blame

31

00:02:13,700 --> 00:02:11,160

Brady for anything but you know okay

32

00:02:14,960 --> 00:02:13,710

yeah it's all I want it up with you know

33

00:02:17,540 --> 00:02:14,970

they get the worth defense in the league

34

00:02:19,580 --> 00:02:17,550

so you can only go up my friend it's

35

00:02:20,780 --> 00:02:19,590

unbelievable it is unbelievable after

36

00:02:23,840 --> 00:02:20,790

having the best defense in the league

37

00:02:24,170 --> 00:02:23,850

just a few months ago sudden they do the

38

00:02:29,180 --> 00:02:24,180

worst

39

00:02:30,800 --> 00:02:29,190  
so they'll figure it out also on the

40

00:02:32,930 --> 00:02:30,810  
line with us are you in the disclosed

41

00:02:34,729 --> 00:02:32,940  
location it's a it's they call them

42

00:02:36,920 --> 00:02:34,739  
cocoa on the streets but we know him as

43

00:02:38,630 --> 00:02:36,930  
commander Cobra where are you Cobra I'm

44

00:02:40,520 --> 00:02:38,640  
in the northern command bunker

45

00:02:43,550 --> 00:02:40,530  
all right Dee at the compound Oh

46

00:02:45,380 --> 00:02:43,560  
interesting okay that's all the flags in

47

00:02:49,160 --> 00:02:45,390  
the background there is it snowing up

48

00:02:51,830 --> 00:02:49,170  
there you know but it's frosting is that

49

00:02:53,090 --> 00:02:51,840  
an inside joke no no no no I literally

50

00:02:54,740 --> 00:02:53,100  
is frosting in the mornings we're

51  
00:02:56,800 --> 00:02:54,750  
getting processed or is it filling if I

52  
00:03:01,610 --> 00:02:56,810  
do it kid

53  
00:03:06,199 --> 00:03:01,620  
probably this cold up there okay it's

54  
00:03:07,460 --> 00:03:06,209  
been 40s around here in the morning I'm

55  
00:03:11,050 --> 00:03:07,470  
a little bit higher on the elevation

56  
00:03:17,700 --> 00:03:12,920  
[Laughter]

57  
00:03:19,740 --> 00:03:17,710  
plot is legal in Maine well this is

58  
00:03:21,900 --> 00:03:19,750  
interesting because this is that first

59  
00:03:25,350 --> 00:03:21,910  
show since the live audience shows which

60  
00:03:28,710 --> 00:03:25,360  
were broken into two pots so we had four

61  
00:03:30,780 --> 00:03:28,720  
hours of fun four hours of fun and it's

62  
00:03:33,030 --> 00:03:30,790  
taken us that long the great hover to

63  
00:03:36,660 --> 00:03:33,040

recover it was a great time you're

64

00:03:39,600 --> 00:03:36,670

getting cut that running so anyway what

65

00:03:42,750 --> 00:03:39,610

was interesting was I heard from a lot

66

00:03:44,850 --> 00:03:42,760

of people who heard the first segment it

67

00:03:46,650 --> 00:03:44,860

was amazing how many yes we had on we

68

00:03:49,470 --> 00:03:46,660

have like more than 20 yes on which is

69

00:03:52,110 --> 00:03:49,480

amazing I don't know her kept it all

70

00:03:53,880 --> 00:03:52,120

squared away there howdy how did the

71

00:03:55,979 --> 00:03:53,890

exorcism at the station go for getting

72

00:03:57,449 --> 00:03:55,989

the ghosts of JFK to leave yeah it's

73

00:04:01,890 --> 00:03:57,459

gone I was up there today believing

74

00:04:03,510 --> 00:04:01,900

everything's you are anyway that's real

75

00:04:05,640 --> 00:04:03,520

insight type of what I think was

76

00:04:08,190 --> 00:04:05,650

interesting was that one of the funniest

77

00:04:10,979 --> 00:04:08,200

part was as you said Cobra when we had

78

00:04:11,850 --> 00:04:10,989

the ghost of JFK came in and bit his

79

00:04:16,020 --> 00:04:11,860

signature

80

00:04:19,650 --> 00:04:16,030

you know phrase we're almost trademarks

81

00:04:21,690 --> 00:04:19,660

almost we're all the bride's okay and

82

00:04:23,340 --> 00:04:21,700

everybody is laughing it's a moment of

83

00:04:24,930 --> 00:04:23,350

hilarity but we didn't explain to the

84

00:04:26,969 --> 00:04:24,940

listening audience that he would stand

85

00:04:29,100 --> 00:04:26,979

him in in a bedsheet as if he was a

86

00:04:30,270 --> 00:04:29,110

ghost because he won well yeah that's

87

00:04:32,400 --> 00:04:30,280

the only we could see him because he

88

00:04:35,640 --> 00:04:32,410

doesn't make full apparition that's

89

00:04:38,310 --> 00:04:35,650

reason why we got you see she so if you

90

00:04:39,960 --> 00:04:38,320

know if you're wondering why we were all

91

00:04:41,820 --> 00:04:39,970

kind of laughing like crazy that's why

92

00:04:44,130 --> 00:04:41,830

because the ghost of JFK came in wearing

93

00:04:47,430 --> 00:04:44,140

a sheet and this movie out these days

94

00:04:50,460 --> 00:04:47,440

right right now it's called ghost and it

95

00:04:52,590 --> 00:04:50,470

has that Casey Affleck one of the worst

96

00:04:54,330 --> 00:04:52,600

actors in the world he's in it and he

97

00:04:56,330 --> 00:04:54,340

appears in the entire movie with with a

98

00:04:58,710 --> 00:04:56,340

sheet on him he's a ghost that actually

99

00:05:03,360 --> 00:04:58,720

looks like a ghost in a sheet like

100

00:05:06,270 --> 00:05:03,370

Casper so that's where we got the that's

101  
00:05:07,740 --> 00:05:06,280  
where we get the idea but for the radio

102  
00:05:09,240 --> 00:05:07,750  
one is we should have mentioned that the

103  
00:05:10,590 --> 00:05:09,250  
ghost JFK was actually wearing a sheet

104  
00:05:11,790 --> 00:05:10,600  
that's why we're laughing but other than

105  
00:05:16,650 --> 00:05:11,800  
that but we're left because there are

106  
00:05:19,230 --> 00:05:16,660  
three sheets to the wind anyway one one

107  
00:05:22,140 --> 00:05:19,240  
puts the Navy terms in each metaphors

108  
00:05:23,620 --> 00:05:22,150  
right into a play that's good that's

109  
00:05:25,780 --> 00:05:23,630  
good that shows he's trying

110  
00:05:27,400 --> 00:05:25,790  
shining wanna show some initiative did

111  
00:05:30,490 --> 00:05:27,410  
you guys see mrs. Kolber just a sec ya

112  
00:05:33,700 --> 00:05:30,500  
know what using a delivery oh he's

113  
00:05:36,480 --> 00:05:33,710

getting a breather kay rats or something

114

00:05:39,760 --> 00:05:36,490

can you bring her back this is Cobra

115

00:05:41,740 --> 00:05:39,770

this is Cobra it's been a year like that

116

00:05:45,400 --> 00:05:41,750

comes back the boys would like you to

117

00:05:48,030 --> 00:05:45,410

say hello this is an event folks I think

118

00:05:51,630 --> 00:05:48,040

she's just delivered an MRE ok alright

119

00:05:54,220 --> 00:05:51,640

it's been since we've seen you

120

00:05:58,630 --> 00:05:54,230

mrs. Cobra you have to speak into the

121

00:06:00,610 --> 00:05:58,640

mic in UI hi boys hello mrs. Cobra

122

00:06:01,960 --> 00:06:00,620

because the last time we saw you you

123

00:06:03,430 --> 00:06:01,970

were in the you're up here at the

124

00:06:05,560 --> 00:06:03,440

station and we were talking about the

125

00:06:06,910 --> 00:06:05,570

clowns and that was last October right

126

00:06:10,360 --> 00:06:06,920

Cobra that's correct

127

00:06:12,130 --> 00:06:10,370

all right so you've lived another year

128

00:06:18,040 --> 00:06:12,140

with them you've made it through another

129

00:06:19,720 --> 00:06:18,050

year with Cobra putting your ear up the

130

00:06:22,960 --> 00:06:19,730

microphone Cobra must have taught how to

131

00:06:26,380 --> 00:06:22,970

do that well you can wave to the

132

00:06:29,320 --> 00:06:26,390

audience yes thank you rubbin noses like

133

00:06:42,180 --> 00:06:29,330

Eskimos yes right oh we see that do we

134

00:06:46,990 --> 00:06:42,190

want to see that before we go okay yes

135

00:06:49,860 --> 00:06:47,000

Wow we gotta do whole shoulder let's use

136

00:06:53,230 --> 00:06:49,870

again next time

137

00:06:58,480 --> 00:06:53,240

all right where the nose goes here on in

138

00:06:59,290 --> 00:06:58,490

China when a trip to Cuba right so

139

00:07:03,430 --> 00:06:59,300

anyway okay

140

00:07:06,310 --> 00:07:03,440

is marijuana legal in Cuba mmm

141

00:07:09,670 --> 00:07:06,320

good question I don't know Juan one was

142

00:07:13,000 --> 00:07:09,680

down there one one is it wasn't in the

143

00:07:14,470 --> 00:07:13,010

part that one one and I wrote the 1969 I

144

00:07:16,390 --> 00:07:14,480

guess it was legal and everything was

145

00:07:19,600 --> 00:07:16,400

legal down there it seemed really yeah

146

00:07:21,610 --> 00:07:19,610

thank you yeah I never thought about was

147

00:07:23,500 --> 00:07:21,620

pretty loosey-goosey when I was down

148

00:07:25,060 --> 00:07:23,510

there but you're doing you never hear

149

00:07:27,390 --> 00:07:25,070

anyone saying hey I got some real good

150

00:07:29,980 --> 00:07:27,400

Cuban pot you know I mean you know

151  
00:07:32,500 --> 00:07:29,990  
Panama and Jamaica every place around

152  
00:07:35,110 --> 00:07:32,510  
that but apparently not Cuba so a lot of

153  
00:07:37,550 --> 00:07:35,120  
the Cubans you know worked in the base

154  
00:07:41,330 --> 00:07:37,560  
areas worked in the mess hall and worked

155  
00:07:42,800 --> 00:07:41,340  
but Jamaicans - they came back and forth

156  
00:07:45,040 --> 00:07:42,810  
over the border and who knows what

157  
00:07:47,480 --> 00:07:45,050  
they're carrying with them right

158  
00:07:51,050 --> 00:07:47,490  
when you were there the border was open

159  
00:07:52,850 --> 00:07:51,060  
we had workers coming well the workers

160  
00:07:55,250 --> 00:07:52,860  
lived there they shares like barracks

161  
00:07:56,690 --> 00:07:55,260  
they go in and out you should you should

162  
00:07:59,390 --> 00:07:56,700  
explain to people that were talking

163  
00:08:01,040 --> 00:07:59,400

about Guantanamo Bay in Cuba it's a u.s.

164

00:08:03,050 --> 00:08:01,050

Navy base believe it or not at the

165

00:08:06,110 --> 00:08:03,060

bottom - Cuba has been there by treaty

166

00:08:08,600 --> 00:08:06,120

and right and one one was I'm renting

167

00:08:10,040 --> 00:08:08,610

the place for a time right back in the

168

00:08:16,820 --> 00:08:10,050

70s yeah

169

00:08:19,010 --> 00:08:16,830

Juan and the iguana's the iguanas

170

00:08:22,010 --> 00:08:19,020

iguanas why that comes right off your

171

00:08:23,990 --> 00:08:22,020

time so anyway tonight we're going to be

172

00:08:26,810 --> 00:08:24,000

I just want to thank everyone for from

173

00:08:29,570 --> 00:08:26,820

you know write in to us and telling us

174

00:08:32,570 --> 00:08:29,580

that you enjoyed the live audience show

175

00:08:35,360 --> 00:08:32,580

we had a lot of fun and I think there's

176

00:08:38,060 --> 00:08:35,370

just a ground level and then the station

177

00:08:39,620 --> 00:08:38,070

kicked us out and closed so yeah we'll

178

00:08:43,399 --> 00:08:39,630

have to keep working that venue right a

179

00:08:44,870 --> 00:08:43,409

tow station now and a new location but I

180

00:08:48,020 --> 00:08:44,880

think there's a groundswell to do it

181

00:08:51,140 --> 00:08:48,030

again maybe around Christmas time to

182

00:08:52,820 --> 00:08:51,150

have a bunch of people in and then one

183

00:08:55,040 --> 00:08:52,830

of us could be Santa Claus in the hub of

184

00:08:57,410 --> 00:08:55,050

them we might have to youtube that one

185

00:08:59,450 --> 00:08:57,420

that could be worth you today I did a

186

00:09:01,250 --> 00:08:59,460

drive-by to the new location than I did

187

00:09:02,990 --> 00:09:01,260

a drive-by to where we could have

188

00:09:05,630 --> 00:09:03,000

refreshment afterwards so I can talk

189

00:09:08,420 --> 00:09:05,640

about an order all right okay get back

190

00:09:09,950 --> 00:09:08,430

today but you see one one obviously I

191

00:09:11,920 --> 00:09:09,960

didn't get the memo theoretically we're

192

00:09:17,079 --> 00:09:11,930

in the new location

193

00:09:20,060 --> 00:09:17,089

what okay we love a briefing afterwards

194

00:09:21,320 --> 00:09:20,070

so all right so anyway so what we're

195

00:09:22,670 --> 00:09:21,330

gonna do we're gonna be talking to rub

196

00:09:25,190 --> 00:09:22,680

back housing tonight and we're also

197

00:09:27,590 --> 00:09:25,200

gonna have two reports from switcher

198

00:09:29,600 --> 00:09:27,600

Reno switchblade Steve Ward who is

199

00:09:32,120 --> 00:09:29,610

suddenly you know vaulted to stud them

200

00:09:35,449 --> 00:09:32,130

himself he's getting my office to be on

201  
00:09:36,920 --> 00:09:35,459  
shows and you know give speeches and so

202  
00:09:38,030 --> 00:09:36,930  
on and so forth you know we gave this

203  
00:09:40,010 --> 00:09:38,040  
guy his big break

204  
00:09:42,680 --> 00:09:40,020  
yes I say I hope you remember so yeah

205  
00:09:44,449 --> 00:09:42,690  
you bet him anyway well we'll be

206  
00:09:46,130 --> 00:09:44,459  
listening to him tonight in two segments

207  
00:09:49,400 --> 00:09:46,140  
so when we take a commercial break down

208  
00:09:50,840 --> 00:09:49,410  
and we'll be right back after this you

209  
00:09:52,579 --> 00:09:50,850  
listening to that Melones no tracks

210  
00:09:56,900 --> 00:09:52,589  
so here on the distant Thunder radio

211  
00:09:59,600 --> 00:09:56,910  
network stay tuned after the events of

212  
00:10:02,569 --> 00:09:59,610  
9/11 we thought America would never be

213  
00:10:05,269 --> 00:10:02,579

the same our homeland was attacked our

214

00:10:09,199 --> 00:10:05,279

fellow Americans killed by terrorists it

215

00:10:11,120 --> 00:10:09,209

seemed like all hope was lost until a

216

00:10:13,939 --> 00:10:11,130

special group of Patriots came together

217

00:10:17,780 --> 00:10:13,949

and defied the Pentagon and vowed to

218

00:10:19,309 --> 00:10:17,790

take revenge but in their own way they

219

00:10:21,319 --> 00:10:19,319

took the battle to the terrorists

220

00:10:24,199 --> 00:10:21,329

doorstep turning the tables on the

221

00:10:26,120 --> 00:10:24,209

murderers fighting with no rules taking

222

00:10:28,970 --> 00:10:26,130

no prisoners until they became

223

00:10:31,999 --> 00:10:28,980

terrorists themselves this is the story

224

00:10:33,530 --> 00:10:32,009

of the super Hawks soldiers so secret

225

00:10:34,280 --> 00:10:33,540

even the president didn't know they

226

00:10:37,100 --> 00:10:34,290

existed

227

00:10:38,749 --> 00:10:37,110

their mission was to kill bin Laden but

228

00:10:41,870 --> 00:10:38,759

realize I am in a lot of horrible pain

288

00:14:30,070 --> 00:14:26,810

I have mersa and my left leg is being

289

00:14:32,950 --> 00:14:30,080

eaten apart so if I moaned or ice-cream

290

00:14:36,430 --> 00:14:32,960

292

00:14:42,760 --> 00:14:39,110

supposed to take them well so I may fall

293

00:14:45,910 --> 00:14:42,770

asleep or die on the phone well we had a

294

00:14:48,580 --> 00:14:45,920

very interesting YouTube video this was

295

00:14:51,310 --> 00:14:48,590

at a turkey there was a guy his he's in

296

00:14:52,840 --> 00:14:51,320

his fourth floor apartment flying a

297

00:14:55,330 --> 00:14:52,850

drone out of the window down to the

298

00:14:57,940 --> 00:14:55,340

corner store and actually buying a pack

299

00:15:00,040 --> 00:14:57,950

of cigarettes with the drone and then

300

00:15:02,260 --> 00:15:00,050

his cigarettes being flown back into his

301  
00:15:04,300 --> 00:15:02,270  
window of his apartment oh man that's

302  
00:15:06,730 --> 00:15:04,310  
funny that is where did that take place

303  
00:15:09,970 --> 00:15:06,740  
in Turkey in Turkey yeah well what else

304  
00:15:11,650 --> 00:15:09,980  
do you have to do there your first ghost

305  
00:15:13,510 --> 00:15:11,660  
hunting experience was actually an

306  
00:15:15,700 --> 00:15:13,520  
anniversary date you and Keith went away

307  
00:15:16,570 --> 00:15:15,710

308  
00:15:19,450 --> 00:15:16,580  
haunted correct

309  
00:15:21,040 --> 00:15:19,460

310  
00:15:23,590 --> 00:15:21,050

311  
00:15:26,500 --> 00:15:23,600  
out we went to a haunted hotel once you

312  
00:15:27,790 --> 00:15:26,510  
just tell audience exactly how you went

313  
00:15:32,830 --> 00:15:27,800

314

00:15:35,050 --> 00:15:32,840

358  
00:17:17,500 --> 00:17:14,860  
I hope you're lying a two engine jet

359  
00:17:19,210 --> 00:17:17,510  
yeah oh yeah we had a kid who is a true

360  
00:17:21,130 --> 00:17:19,220  
story he spilled a hot cup of coffee on

361  
00:17:26,260 --> 00:17:21,140  
his crotch and he spent the his his

362  
00:17:28,270 --> 00:17:26,270  
career known as hazelnuts how do i how

363  
00:17:29,919 --> 00:17:28,280

do people you know how do beans you know

364

00:17:32,200 --> 00:17:29,929

kind of let's say get together on his

365

00:17:34,570 --> 00:17:32,210

planet can he explain that to us in ways

366

00:17:40,180 --> 00:17:34,580

that we can understand and then we won't

367

00:17:42,970 --> 00:17:40,190

get thrown off the year okay keep it

368

00:17:46,899 --> 00:17:42,980

clean now trousers let's hear well

369

00:17:52,029 --> 00:17:46,909

basically when they're I'm gonna give

370

00:17:55,070 --> 00:17:52,039

you an example say you have a female

371

00:17:59,389 --> 00:17:55,080

walking by and then

372

00:18:00,710 --> 00:17:59,399

a male walking by somewhere and then the

373

00:18:03,769 --> 00:18:00,720

male looks at the female and the female

374

00:18:08,360 --> 00:18:03,779

looks back to him and then the the eyes

375

00:18:10,669 --> 00:18:08,370

connect therefore they are a couple in

376

00:18:19,279 --> 00:18:10,679

the sense and once once they are a

377

00:18:24,919 --> 00:18:19,289

couple the couple will never i'll get

378

00:18:27,680 --> 00:18:24,929

worked up already I am too he's kind of

379

00:18:30,200 --> 00:18:27,690

a personality in the military back he's

380

00:18:32,629 --> 00:18:30,210

kind of a kind of personality in the

381

00:18:34,879 --> 00:18:32,639

military blackops world this is the

382

00:18:41,960 --> 00:18:34,889

world of the CIA the NSA you know places

383

00:18:43,159 --> 00:18:41,970

like that he'll I'll be Phil I don't

384

00:18:44,629 --> 00:18:43,169

care all right

385

00:18:48,130 --> 00:18:44,639

all right let's just try it again all

386

00:18:58,340 --> 00:18:56,510

[Music]

387

00:19:00,080 --> 00:18:58,350

hey welcome back everyone tonight monies

388

00:19:02,180 --> 00:19:00,090

mill textiles show here on the distant

389

00:19:05,299 --> 00:19:02,190

Thunder radio never in it is mecklen in

390

00:19:05,900 --> 00:19:05,309

the studio us tonight he has just read

391

00:19:08,240 --> 00:19:05,910

the memo

392

00:19:11,480 --> 00:19:08,250

apparently the very famous wine one

393

00:19:15,049 --> 00:19:11,490

Cenac how are you sitting three feet

394

00:19:19,580 --> 00:19:15,059

across from me in black morning patriots

395

00:19:23,120 --> 00:19:19,590

a year yes right I don't know if I still

396

00:19:25,669 --> 00:19:23,130

carry my T b12 performance guide I'm

397

00:19:27,590 --> 00:19:25,679

really arm you know it's amazing the

398

00:19:29,419 --> 00:19:27,600

clothing he's wearing because it's for

399

00:19:30,890 --> 00:19:29,429

years been in the closet how good a

400

00:19:33,980 --> 00:19:30,900

shape that it's in yeah right

401  
00:19:35,660 --> 00:19:33,990  
back to me um yeah ban I meant nothing

402  
00:19:36,860 --> 00:19:35,670  
by something being in the closet let's

403  
00:19:40,850 --> 00:19:36,870  
not even go I know you didn't I didn't

404  
00:19:43,040 --> 00:19:40,860  
go there what was the I can't remember

405  
00:19:45,799 --> 00:19:43,050  
the guy the quarterbacks name that whose

406  
00:19:48,860 --> 00:19:45,809  
place Brady took it's been so long you

407  
00:19:51,620 --> 00:19:48,870  
know yeah guy good look at her and

408  
00:19:54,110 --> 00:19:51,630  
anyway it's been in there since he was

409  
00:19:55,910 --> 00:19:54,120  
the quarterback one right I can't

410  
00:19:59,840 --> 00:19:55,920  
remember his name either wow that's

411  
00:20:04,490 --> 00:19:59,850  
insane I can see him but yeah it was

412  
00:20:06,980 --> 00:20:04,500  
2001 man I was like 17 so anyway yeah

413  
00:20:08,990 --> 00:20:06,990

though right now I can see your face

414

00:20:09,920 --> 00:20:09,000

you're smiling 1-1 but all I can see is

415

00:20:19,500 --> 00:20:09,930

two into

416

00:20:19,510 --> 00:20:54,230

you

417

00:20:59,570 --> 00:20:56,989

I'm not the least me in the book Kansas

418

00:21:03,320 --> 00:20:59,580

City for and oh okay last night that was

419

00:21:07,009 --> 00:21:03,330

a that was the seventh worry dinner yeah

420

00:21:09,590 --> 00:21:07,019

and also we're joining us is the cope or

421

00:21:11,840 --> 00:21:09,600

at a at the northern location we just

422

00:21:14,239 --> 00:21:11,850

had a treat of seeing his lovely wife on

423

00:21:15,799 --> 00:21:14,249

camera for a brief moment three words I

424

00:21:18,080 --> 00:21:15,809

have for you three words you're ready

425

00:21:18,830 --> 00:21:18,090

yeah ready ready yeah everybody ready

426

00:21:25,549 --> 00:21:18,840

yes

427

00:21:28,279 --> 00:21:25,559

rude McQueen Bledsoe oh that's the

428

00:21:31,629 --> 00:21:28,289

pro-bowl rider assuming the quarterback

429

00:21:35,169 --> 00:21:31,639

I'll quickly forget it's true Wow

430

00:21:40,789 --> 00:21:35,179

you have to look it up Cobra this is why

431

00:21:43,720 --> 00:21:40,799

only this my wife knew yeah so anyways

432

00:21:49,549 --> 00:21:43,730

so hey listen also on the fault that's

433

00:21:51,590 --> 00:21:49,559

talked about football his he's from the

434

00:21:53,810 --> 00:21:51,600

see where what is it 1-1 it's been so

435

00:21:58,549 --> 00:21:56,269

murder capital of the world you get a

436

00:22:00,980 --> 00:21:58,559

present like a graveyard of below

437

00:22:01,609 --> 00:22:00,990

presidents but great cheerleaders on the

438

00:22:04,039 --> 00:22:01,619

football team

439

00:22:08,659 --> 00:22:04,049

great cheerleaders no yeah the Bennett

440

00:22:10,639 --> 00:22:08,669

and oddly maim cats its Dallas and Rob

441

00:22:14,119 --> 00:22:10,649

Beck housing from why was boring was

442

00:22:16,279 --> 00:22:14,129

boring calm the best military warning on

443

00:22:18,769 --> 00:22:16,289

the internet how you doing tonight there

444

00:22:21,710 --> 00:22:18,779

Rob I'm pretty good how are you okay

445

00:22:29,930 --> 00:22:21,720

alright we're like we always kind of you

446

00:22:33,259 --> 00:22:29,940

know hi but I mean alright and so anyway

447

00:22:35,600 --> 00:22:33,269

well listen we have a bit of an extended

448

00:22:38,869 --> 00:22:35,610

segment tonight but I have to report

449

00:22:41,539 --> 00:22:38,879

that when you're on the show last week's

450

00:22:43,879 --> 00:22:41,549

show which was live what he'd show pot -

451  
00:22:45,769 --> 00:22:43,889  
hmm we talked about it might have been

452  
00:22:50,769 --> 00:22:45,779  
pot one they kind of run together to me

453  
00:22:56,779 --> 00:22:50,779  
now but we had a relationship expert on

454  
00:22:59,239 --> 00:22:56,789  
dr. Brennan and yep she was really good

455  
00:23:01,930 --> 00:22:59,249  
and she really kind of really you know

456  
00:23:04,190 --> 00:23:01,940  
hit the target with you and you cat and

457  
00:23:07,770 --> 00:23:04,200  
having no one watching the dishes for

458  
00:23:09,299 --> 00:23:07,780  
almost a year okay yeah she nailed you

459  
00:23:18,340 --> 00:23:09,309  
[Music]

460  
00:23:20,230 --> 00:23:18,350  
did you feel better yeah yeah you did

461  
00:23:20,710 --> 00:23:20,240  
you felt better so this doctor makes a

462  
00:23:23,919 --> 00:23:20,720  
house call

463  
00:23:24,549 --> 00:23:23,929

that's what so big let go and I let it

464

00:23:33,100 --> 00:23:24,559

go

465

00:23:35,860 --> 00:23:33,110

advice I think oh really okay did you

466

00:23:37,659 --> 00:23:35,870

take any of it well I was just doing

467

00:23:39,899 --> 00:23:37,669

what I was I'm still doing what I was

468

00:23:42,159 --> 00:23:39,909

talking about last time into it you're

469

00:23:46,419 --> 00:23:42,169

hanging out with people going out you

470

00:23:55,710 --> 00:23:46,429

know really yeah well you gonna say one

471

00:24:00,730 --> 00:23:55,720

thing is that we not yeah yeah like yeah

472

00:24:04,359 --> 00:24:00,740

couple people but time to get to that

473

00:24:08,109 --> 00:24:04,369

and what did they think of the cat oh I

474

00:24:15,220 --> 00:24:08,119

didn't even brought the cat with me that

475

00:24:18,070 --> 00:24:15,230

out with you Hughes Rob of khatyn around

476

00:24:19,659 --> 00:24:18,080

with your Mac I would say like bringing

477

00:24:22,029 --> 00:24:19,669

the cat with them to nightclubs and

478

00:24:24,340 --> 00:24:22,039

stuff that's anybody else showing you

479

00:24:27,909 --> 00:24:24,350

their cat yeah oh wait a minute hold on

480

00:24:29,710 --> 00:24:27,919

there's always appropriate probably it's

481

00:24:34,269 --> 00:24:29,720

a little dr. evil kind of you know have

482

00:24:36,190 --> 00:24:34,279

the cat out with me so no I'm no

483

00:24:37,960 --> 00:24:36,200

relationship expert I can say something

484

00:24:38,769 --> 00:24:37,970

like dumping a cat out to the clubs with

485

00:24:40,600 --> 00:24:38,779

you okay

486

00:24:43,239 --> 00:24:40,610

I think only inviting trouble frankly

487

00:24:45,609 --> 00:24:43,249

yeah I'm not to mention the 9,000 dogs

488

00:24:49,480 --> 00:24:45,619

on there who could eat sit yeah but

489

00:24:52,389 --> 00:24:49,490

anyway we did make an appeal to our

490

00:24:53,080 --> 00:24:52,399

listeners to help you name your cat do

491

00:24:55,840 --> 00:24:53,090

you remember that

492

00:24:58,989 --> 00:24:55,850

for what corralling that weren't you the

493

00:25:01,419 --> 00:24:58,999

honcho on that I am okay well we got

494

00:25:03,220 --> 00:25:01,429

several responses only one of which we

495

00:25:06,909 --> 00:25:03,230

can say on the air right yes

496

00:25:09,609 --> 00:25:06,919

unfortunately okay and I think it's cute

497

00:25:12,460 --> 00:25:09,619

okay for me that's just me I think it's

498

00:25:14,499 --> 00:25:12,470

good you know one here it is okay yeah

499

00:25:16,379 --> 00:25:14,509

let's go one can you guess say you want

500

00:25:19,880 --> 00:25:16,389

to just throw it against there JJ

501  
00:25:21,410 --> 00:25:19,890  
Katrina now let's see that's wrong

502  
00:25:28,280 --> 00:25:21,420  
so that's important taste away it's a

503  
00:25:29,990 --> 00:25:28,290  
male cat right well okay Cobra I still

504  
00:25:34,340 --> 00:25:30,000  
AM hanging forgot though because I

505  
00:25:37,630 --> 00:25:34,350  
thought God though was the way oh yeah

506  
00:25:40,520 --> 00:25:37,640  
you don't like Felix Felix is great okay

507  
00:25:42,350 --> 00:25:40,530  
okay well our the person who wrote in

508  
00:25:45,050 --> 00:25:42,360  
asked to remain anonymous but their

509  
00:25:46,730 --> 00:25:45,060  
choice for I think like I say I think

510  
00:26:01,910 --> 00:25:46,740  
it's cute I think it's precious okay

511  
00:26:03,740 --> 00:26:01,920  
ready anyway so and when is that meeting

512  
00:26:06,200 --> 00:26:03,750  
what was that the name suppose a

513  
00:26:08,720 --> 00:26:06,210

positive piece or something Cobra is

514

00:26:11,060 --> 00:26:08,730

that some Starbucks in Dallas I did make

515

00:26:12,530 --> 00:26:11,070

the letter I don't know we I showed you

516

00:26:15,070 --> 00:26:12,540

the site you saw the website when we

517

00:26:16,820 --> 00:26:15,080

brought it over so no it's real rob was

518

00:26:18,950 --> 00:26:16,830

investigating that actually you have to

519

00:26:26,200 --> 00:26:18,960

direct that to rob all right Rob have

520

00:26:30,440 --> 00:26:26,210

you gone to this type of mistake no no

521

00:26:33,080 --> 00:26:30,450

anyway I have a feeling that pause for

522

00:26:35,110 --> 00:26:33,090

peace it's gonna kind of go like when we

523

00:26:37,550 --> 00:26:35,120

talked about him going to the arranged

524

00:26:39,860 --> 00:26:37,560

mm-hmm I think I have a feeling that you

525

00:26:41,330 --> 00:26:39,870

know he's maybe possibly shining it on

526

00:26:42,800 --> 00:26:41,340

here just a little bit yeah I don't like

527

00:26:44,900 --> 00:26:42,810

it too much into the street you know

528

00:26:47,240 --> 00:26:44,910

talk the whole Coco thing is out of

529

00:26:48,800 --> 00:26:47,250

control as it is you know we can tell

530

00:26:51,500 --> 00:26:48,810

you can see right there on the screen

531

00:26:54,830 --> 00:26:51,510

you know so I you know given given the

532

00:26:57,530 --> 00:26:54,840

given the gang signs you know this is a

533

00:27:00,260 --> 00:26:57,540

lot of 50-plus gang members up here in

534

00:27:03,530 --> 00:27:00,270

Maine so don't you know never know ever

535

00:27:08,600 --> 00:27:03,540

he knows all the gang signs fee that's

536

00:27:11,360 --> 00:27:08,610

been studying up as what did you point

537

00:27:11,780 --> 00:27:11,370

there Cobra I don't think we can trust

538

00:27:13,550 --> 00:27:11,790

him

539

00:27:15,860 --> 00:27:13,560

that he's going to do it I think are

540

00:27:17,570 --> 00:27:15,870

going to have to go dr. evil on him and

541

00:27:19,730 --> 00:27:17,580

maybe arrange something

542

00:27:22,760 --> 00:27:19,740

he's like the nuns used to say he's

543

00:27:25,670 --> 00:27:22,770

hearing us to death you know enemy yeah

544

00:27:27,650 --> 00:27:25,680

yeah yeah okay Rob well you know the

545

00:27:35,680 --> 00:27:27,660

balls in your court

546

00:27:41,180 --> 00:27:35,690

okay okay yeah yeah yeah I've gotta just

547

00:27:42,920 --> 00:27:41,190

yeah yeah yeah well it's not the yeah

548

00:27:45,680 --> 00:27:42,930

yeah decisive about her they could tell

549

00:27:47,510 --> 00:27:45,690

you have a well worked up plan so what

550

00:27:49,820 --> 00:27:47,520

what we should do is get one of your

551  
00:27:53,570 --> 00:27:49,830  
friends on is there some mutual friend

552  
00:27:56,240 --> 00:27:53,580  
that um do you in your circle of friends

553  
00:27:58,340 --> 00:27:56,250  
is there a married couple yes sir yeah

554  
00:28:01,340 --> 00:27:58,350  
okay we talked to the wife see she's the

555  
00:28:04,580 --> 00:28:01,350  
one you know she's an intervention by

556  
00:28:06,050 --> 00:28:04,590  
proxy and virtually yeah that's good

557  
00:28:08,090 --> 00:28:06,060  
that's should be very successful

558  
00:28:15,110 --> 00:28:08,100  
okay how about that we can we set that

559  
00:28:17,330 --> 00:28:15,120  
up okay hey while you're at it

560  
00:28:23,480 --> 00:28:17,340  
that's when why was boring into a story

561  
00:28:25,460 --> 00:28:23,490  
on us that's been about about doing

562  
00:28:33,530 --> 00:28:25,470  
stories about radio shows you appear on

563  
00:28:36,860 --> 00:28:33,540

them every week I would have to copy on

564

00:28:39,410 --> 00:28:36,870

it heavily so promotion we've been

565

00:28:42,980 --> 00:28:39,420

promoting um you know why was boring for

566

00:28:45,880 --> 00:28:42,990

two years every week okay that would be

567

00:28:48,710 --> 00:28:45,890

loading it right now by bringing it up

568

00:28:52,970 --> 00:28:48,720

in this set right I didn't get my

569

00:28:59,360 --> 00:28:52,980

freaking t-shirt man do they have a

570

00:29:02,120 --> 00:28:59,370

t-shirt yeah yes anyway alright let's

571

00:29:04,280 --> 00:29:02,130

just get to the biz here I did sign a

572

00:29:06,710 --> 00:29:04,290

picture of the airplane to you Mac if

573

00:29:08,720 --> 00:29:06,720

you okay saw that yeah now what we're

574

00:29:11,450 --> 00:29:08,730

talking about tonight is a lot of people

575

00:29:14,240 --> 00:29:11,460

out there probably know the SS 71 is the

576

00:29:17,510 --> 00:29:14,250

Blackbird it's the fastest highest

577

00:29:19,790 --> 00:29:17,520

flying aircraft like ever built and I

578

00:29:21,380 --> 00:29:19,800

think a lot of people are any you know

579

00:29:23,840 --> 00:29:21,390

they know what it might look like it's a

580

00:29:25,490 --> 00:29:23,850

spy plane it was it's been around for a

581

00:29:27,860 --> 00:29:25,500

long time and the stuff that they can do

582

00:29:30,770 --> 00:29:27,870

is just amazing consumptives been around

583

00:29:32,900 --> 00:29:30,780

for about 40 years or more but it's no

584

00:29:34,490 --> 00:29:32,910

longer flying well out there three or

585

00:29:36,440 --> 00:29:34,500

four them still flying fan ass or

586

00:29:37,880 --> 00:29:36,450

something they granted them all today I

587

00:29:40,850 --> 00:29:37,890

believe that they are no longer flying

588

00:29:41,450 --> 00:29:40,860

any variant of it right now okay so and

589

00:29:43,010 --> 00:29:41,460

one of the reasons

590

00:29:46,669 --> 00:29:43,020

might be is that now they have known

591

00:29:48,289 --> 00:29:46,679

somehow cobra right that this si 72 its

592

00:29:50,630 --> 00:29:48,299

replacement is basically in the air

593

00:29:52,760 --> 00:29:50,640

right it's kind of interesting raw l

594

00:29:54,230 --> 00:29:52,770

don't take from rub but this thing's

595

00:29:57,350 --> 00:29:54,240

been kicked around and talked about but

596

00:29:59,690 --> 00:29:57,360

Rob found in an open sources wow that's

597

00:30:02,840 --> 00:29:59,700

interesting so at what stage is that

598

00:30:05,139 --> 00:30:02,850

people have seen it flying well what

599

00:30:08,120 --> 00:30:05,149

people have seen on the ground is a

600

00:30:11,930 --> 00:30:08,130

smaller demonstrator aircraft for the

601  
00:30:16,880 --> 00:30:11,940  
semi to and that came out just recently

602  
00:30:18,680 --> 00:30:16,890  
was at the it was a you know spotted

603  
00:30:20,210 --> 00:30:18,690  
with skunk works which is lucky you know

604  
00:30:23,299 --> 00:30:20,220  
everyone we know Lockheed's advanced

605  
00:30:25,100 --> 00:30:23,309  
development program so and it was a they

606  
00:30:28,220 --> 00:30:25,110  
have a big very secretive facility in

607  
00:30:31,159 --> 00:30:28,230  
Palmdale California where there's also a

608  
00:30:34,789 --> 00:30:31,169  
lot of interesting bomber stuff going on

609  
00:30:37,010 --> 00:30:34,799  
with the new b21 Raider but yeah so

610  
00:30:39,139 --> 00:30:37,020  
there was a em it was a source actually

611  
00:30:42,529 --> 00:30:39,149  
told Aviation Week about the

612  
00:30:44,419 --> 00:30:42,539  
demonstrator aircraft landing there so

613  
00:30:48,799 --> 00:30:44,429

this is a you know getting the actual

614

00:30:51,380 --> 00:30:48,809

full-scale aircraft is not do probably

615

00:30:53,330 --> 00:30:51,390

do until not out you know not bill yet

616

00:30:57,080 --> 00:30:53,340

so they're gonna in this the development

617

00:31:02,570 --> 00:30:57,090

process goes on for years and and then

618

00:31:03,889 --> 00:31:02,580

uh in the late 2020s is the is when you

619

00:31:05,950 --> 00:31:03,899

know what I what I've seen when people

620

00:31:10,279 --> 00:31:05,960

expect it to start flying the full-scale

621

00:31:11,360 --> 00:31:10,289

spy plane all right but as cobra said

622

00:31:12,740 --> 00:31:11,370

this thing's been around for a while

623

00:31:15,289 --> 00:31:12,750

people have been kind of seeing this

624

00:31:17,240 --> 00:31:15,299

kind of it's it's triangle-shaped in a

625

00:31:18,529 --> 00:31:17,250

way it's you know it's I don't know how

626

00:31:20,840 --> 00:31:18,539

to describe it it's it's definitely

627

00:31:22,850 --> 00:31:20,850

triangle-shaped yeah it looks like a

628

00:31:26,320 --> 00:31:22,860

like a really you know it's like a paper

629

00:31:31,310 --> 00:31:26,330

airplane like a really long very thin

630

00:31:33,320 --> 00:31:31,320

highly angular you know there but look

631

00:31:36,019 --> 00:31:33,330

at the concept images because again the

632

00:31:38,049 --> 00:31:36,029

you know Lockheed you know has to come

633

00:31:41,870 --> 00:31:38,059

out with the program it's not it's not a

634

00:31:44,600 --> 00:31:41,880

it's not a totally black project grab

635

00:31:49,850 --> 00:31:44,610

and you know there was there's aviation

636

00:31:52,430 --> 00:31:49,860

buffs remember have looked back at this

637

00:31:55,240 --> 00:31:52,440

mythical plane called the Aurora which

638

00:31:58,060 --> 00:31:55,250

was you know flying around

639

00:32:00,190 --> 00:31:58,070

and creating these mysterious reports of

640

00:32:03,430 --> 00:32:00,200

sonic booms and but nobody ever knew

641

00:32:06,750 --> 00:32:03,440

what it was and you know even back to

642

00:32:09,720 --> 00:32:06,760

the late 80s we heard that there was a

643

00:32:12,700 --> 00:32:09,730

successor to the sr-71 being developed

644

00:32:14,830 --> 00:32:12,710

so you know actually I picked myself let

645

00:32:16,659 --> 00:32:14,840

me go back and what I said a minute ago

646

00:32:19,390 --> 00:32:16,669

is this but this thing might not be

647

00:32:23,799 --> 00:32:19,400

built on a full scale yet actually I

648

00:32:25,120 --> 00:32:23,809

don't know that okay but people have

649

00:32:25,930 --> 00:32:25,130

been seeing something so what was saying

650

00:32:28,779 --> 00:32:25,940

his people have been seeing the

651  
00:32:30,490 --> 00:32:28,789  
demonstrator all these years no I don't

652  
00:32:31,409 --> 00:32:30,500  
think he's saying that right yeah I

653  
00:32:34,539 --> 00:32:31,419  
agree

654  
00:32:35,740 --> 00:32:34,549  
I this may have been another black

655  
00:32:41,950 --> 00:32:35,750  
project that we're seeing with the

656  
00:32:44,169 --> 00:32:41,960  
Aurora the the SR 72 is you know it's

657  
00:32:47,590 --> 00:32:44,179  
it's I don't think it resembles the

658  
00:32:51,940 --> 00:32:47,600  
triangular-shaped Aurora this is a you

659  
00:32:54,100 --> 00:32:51,950  
know a much longer much you know like I

660  
00:32:59,020 --> 00:32:54,110  
said bums me like a long thin paper

661  
00:33:03,880 --> 00:32:59,030  
airplane and that were that was spotted

662  
00:33:05,980 --> 00:33:03,890  
at Palmdale just this month okay now and

663  
00:33:09,190 --> 00:33:05,990

you see that this kind of quote-unquote

664

00:33:11,710 --> 00:33:09,200

leak came through Aviation Week that's

665

00:33:14,909 --> 00:33:11,720

right okay well Aviation Week B is

666

00:33:17,260 --> 00:33:14,919

that's been the Pentagon's go-to

667

00:33:20,049 --> 00:33:17,270

publication if they want stuff to leak

668

00:33:23,320 --> 00:33:20,059

out you know that's that's the way if I

669

00:33:26,409 --> 00:33:23,330

want restriction you know so the

670

00:33:28,299 --> 00:33:26,419

question is is why why now is this to

671

00:33:31,120 --> 00:33:28,309

scare the North Koreans or something

672

00:33:33,940 --> 00:33:31,130

ah yeah could be I mean I I don't know

673

00:33:36,700 --> 00:33:33,950

the answer that I needed we do you know

674

00:33:38,680 --> 00:33:36,710

when the military wants you to you know

675

00:33:40,960 --> 00:33:38,690

wants to send a signal I mean they this

676

00:33:44,320 --> 00:33:40,970

is they have done this in the past so

677

00:33:45,610 --> 00:33:44,330

it's consistent with it and interesting

678

00:33:47,230 --> 00:33:45,620

ones a site when you've got when you

679

00:33:49,210 --> 00:33:47,240

talk about Aviation Week and the

680

00:33:52,080 --> 00:33:49,220

relationship is to go back and look at

681

00:33:54,070 --> 00:33:52,090

what they did during the b-2 bomber

682

00:33:55,680 --> 00:33:54,080

unveiling and what they did with the

683

00:33:59,740 --> 00:33:55,690

f-117 nighthawk

684

00:34:02,409 --> 00:33:59,750

they played both sides of it very well

685

00:34:03,760 --> 00:34:02,419

not no way that I can prove it but some

686

00:34:05,020 --> 00:34:03,770

of the things and some of the access

687

00:34:07,389 --> 00:34:05,030

they got with the claims that they were

688

00:34:08,680 --> 00:34:07,399

taking those pictures from the ridge

689

00:34:11,409 --> 00:34:08,690

lines that when

690

00:34:13,960 --> 00:34:11,419

were closer to area 51 and the other

691

00:34:18,099 --> 00:34:13,970

spots just never panned out they were

692

00:34:23,740 --> 00:34:18,109

getting some I think some inside tell

693

00:34:25,750 --> 00:34:23,750

from DoD to push certain other events

694

00:34:29,500 --> 00:34:25,760

around in a certain direction meaning

695

00:34:31,540 --> 00:34:29,510

continue funding make enemies go and put

696

00:34:32,800 --> 00:34:31,550

funding in a different direction so I

697

00:34:34,450 --> 00:34:32,810

think that they've done this for a long

698

00:34:36,579 --> 00:34:34,460

time I think they've lost a lot of their

699

00:34:41,649 --> 00:34:36,589

cachet though in the last few years as

700

00:34:42,930 --> 00:34:41,659

the Internet has exploded yeah I bought

701  
00:34:47,040 --> 00:34:42,940  
them yeah

702  
00:34:50,139 --> 00:34:47,050  
you have funding battles like that's

703  
00:34:51,399 --> 00:34:50,149  
especially whence the sense that the

704  
00:34:56,530 --> 00:34:51,409  
Pentagon's budget is being negotiated

705  
00:34:58,690 --> 00:34:56,540  
right now I can see that so what's also

706  
00:35:03,940 --> 00:34:58,700  
interesting well who's the maker of the

707  
00:35:05,890 --> 00:35:03,950  
f-35 right Lockheed Martin and you know

708  
00:35:07,569 --> 00:35:05,900  
is there any possibility that this is

709  
00:35:09,670 --> 00:35:07,579  
why you know they need to get some

710  
00:35:11,230 --> 00:35:09,680  
favorable press of the breakthroughs

711  
00:35:12,609 --> 00:35:11,240  
that they're doing so that they make the

712  
00:35:14,200 --> 00:35:12,619  
promise of what they're promising on the

713  
00:35:20,260 --> 00:35:14,210

f-35 is gonna go the way it's supposed

714

00:35:22,089 --> 00:35:20,270

to go that's a good theory it's I think

715

00:35:24,609 --> 00:35:22,099

how they keep the funding going right oh

716

00:35:27,160 --> 00:35:24,619

yeah and with rough right out rough

717

00:35:30,609 --> 00:35:27,170

waters I did want to make one quick note

718

00:35:33,309 --> 00:35:30,619

Mac talked about the sr-71 being the

719

00:35:35,440 --> 00:35:33,319

fastest airplane and that is correct and

720

00:35:37,839 --> 00:35:35,450

I know we're going to get the email so

721

00:35:43,240 --> 00:35:37,849

I'm going to just set this up the xv-15

722

00:35:45,910 --> 00:35:43,250

was correction the x-15 was faster but

723

00:35:48,670 --> 00:35:45,920

it was a rocket point it took its own

724

00:35:51,040 --> 00:35:48,680

internal fuel supply it did not air

725

00:35:53,980 --> 00:35:51,050

breathe so we're going to put that in a

726

00:35:55,750 --> 00:35:53,990

separate category okay I just I already

727

00:35:58,200 --> 00:35:55,760

know where this is gonna go I already

728

00:36:02,290 --> 00:35:58,210

know the D that the mail drop will have

729

00:36:05,920 --> 00:36:02,300

Mac was wrong and he's not does that

730

00:36:06,760 --> 00:36:05,930

happen often back no Brooke no it

731

00:36:12,250 --> 00:36:06,770

doesn't happen often

732

00:36:13,510 --> 00:36:12,260

okay their replication what I would want

733

00:36:15,730 --> 00:36:13,520

to talk about this a little bit what's

734

00:36:20,079 --> 00:36:15,740

really interesting about these 7s are 72

735

00:36:22,510 --> 00:36:20,089

is the how they're powering it so and I

736

00:36:25,930 --> 00:36:22,520

have a hard time wrapping my head around

737

00:36:30,400 --> 00:36:25,940

jet engines but I you know they're very

738

00:36:32,440 --> 00:36:30,410

complicated to me but it's actually more

739

00:36:38,320 --> 00:36:32,450

simple than than organic internal

740

00:36:40,120 --> 00:36:38,330

combustion engine Cobra like to ask you

741

00:36:42,160 --> 00:36:40,130

about these scramjet that's supposed to

742

00:36:43,810 --> 00:36:42,170

be aboard this thing right so from what

743

00:36:46,870 --> 00:36:43,820

I understand is you know this thing is

744

00:36:48,190 --> 00:36:46,880

designed to travel extremely fast and if

745

00:36:53,410 --> 00:36:48,200

I get a mock phone yeah

746

00:36:58,300 --> 00:36:53,420

Mach 5 plus so you know they use as a

747

00:37:01,600 --> 00:36:58,310

conventional turbine to accelerate

748

00:37:03,340 --> 00:37:01,610

after-prom Mach 3 yep which is very

749

00:37:07,930 --> 00:37:03,350

similar what they probably did with the

750

00:37:10,990 --> 00:37:07,940

sr-71 alright and then the scramjet

751  
00:37:13,770 --> 00:37:11,000  
takes over and it propels it past Mach 5

752  
00:37:16,540 --> 00:37:13,780  
what's interesting about the scramjet is

753  
00:37:20,170 --> 00:37:16,550  
that it doesn't work until you're going

754  
00:37:22,750 --> 00:37:20,180  
really fast right the end the reason for

755  
00:37:26,080 --> 00:37:22,760  
that and correct me if I'm wrong but the

756  
00:37:32,590 --> 00:37:26,090  
way it compresses the air flow through

757  
00:37:35,200 --> 00:37:32,600  
the engine requires it the physics of it

758  
00:37:39,220 --> 00:37:35,210  
is that you need a large air block of

759  
00:37:42,670 --> 00:37:39,230  
air coming in it uses very few moving

760  
00:37:44,920 --> 00:37:42,680  
parts internally no you're not spinning

761  
00:37:47,109 --> 00:37:44,930  
turbines and to do that you use those

762  
00:37:50,320 --> 00:37:47,119  
other engines to do that and then when

763  
00:37:51,730 --> 00:37:50,330

you induce your fuel air your fuel

764

00:37:53,740 --> 00:37:51,740

mixture in with that air and that

765

00:37:56,460 --> 00:37:53,750

compressed air as it goes through the

766

00:37:59,980 --> 00:37:56,470

chambers and squeezes it down with that

767

00:38:01,660 --> 00:37:59,990

explosion that's occurring that's what's

768

00:38:04,090 --> 00:38:01,670

causing your propellant as it goes out

769

00:38:06,849 --> 00:38:04,100

the back end of the of the engine but

770

00:38:09,790 --> 00:38:06,859

you can't get it to work unless you are

771

00:38:12,820 --> 00:38:09,800

able to get it going sufficiently fast

772

00:38:20,280 --> 00:38:12,830

enough the buzz bombs of world war ii

773

00:38:22,840 --> 00:38:20,290

used a version of a ramjet so another

774

00:38:27,010 --> 00:38:22,850

you know as also the design of the shape

775

00:38:29,380 --> 00:38:27,020

of the aircraft so you're going so fast

776

00:38:31,660 --> 00:38:29,390

and you've got a I mean this engineering

777

00:38:34,120 --> 00:38:31,670

challenges on this have to be I mean it

778

00:38:35,290 --> 00:38:34,130

sounds simple somewhat little too simple

779

00:38:36,370 --> 00:38:35,300

it's like well you have to be removing

780

00:38:37,960 --> 00:38:36,380

parts and

781

00:38:41,349 --> 00:38:37,970

it's you've also have probably fewer

782

00:38:44,549 --> 00:38:41,359

fewer moving parts you have fewer

783

00:38:48,519 --> 00:38:44,559

possibilities that something goes wrong

784

00:38:51,969 --> 00:38:48,529

however you're going at you know your

785

00:38:56,859 --> 00:38:51,979

can the equipment survive in the extreme

786

00:39:00,160 --> 00:38:56,869

conditions that a scramjet it's gonna be

787

00:39:03,460 --> 00:39:00,170

Houston well I mean you you have missile

788

00:39:07,210 --> 00:39:03,470

technology rocket technology low Earth

789

00:39:08,589 --> 00:39:07,220

orbit technology that has been the

790

00:39:11,620 --> 00:39:08,599

foundation for a lot of things that

791

00:39:17,019 --> 00:39:11,630

they've achieved here the computer

792

00:39:19,359 --> 00:39:17,029

technology is so evolved that it's going

793

00:39:22,719 --> 00:39:19,369

to provide you know I remember the first

794

00:39:25,599 --> 00:39:22,729

time they talked about what they carried

795

00:39:28,329 --> 00:39:25,609

four computers and how many that they

796

00:39:29,979 --> 00:39:28,339

carried now what used to be the size of

797

00:39:33,009 --> 00:39:29,989

a shoebox and they would carry three on

798

00:39:36,849 --> 00:39:33,019

an aircraft is down to something the

799

00:39:48,339 --> 00:39:36,859

size of your cell phone and you can

800

00:39:49,569 --> 00:39:48,349

carry any idea how much this one of

801  
00:39:57,009 --> 00:39:49,579  
these things cost

802  
00:40:01,749 --> 00:39:57,019  
I do not know I'd say a lot yeah I mean

803  
00:40:04,209 --> 00:40:01,759  
if a b-1 you know b2 plus they cost what

804  
00:40:06,219 --> 00:40:04,219  
a half a billion each oh god no you get

805  
00:40:08,049 --> 00:40:06,229  
over half a million bye-bye for now

806  
00:40:09,759 --> 00:40:08,059  
there are about two billion dollars are

807  
00:40:11,979 --> 00:40:09,769  
they really yeah well okay that makes

808  
00:40:13,690 --> 00:40:11,989  
sense right so they want that the Air

809  
00:40:16,690 --> 00:40:13,700  
Force wants the b21 don't cost that much

810  
00:40:18,910 --> 00:40:16,700  
which will be the B twos successor of

811  
00:40:20,410 --> 00:40:18,920  
sorts when they said coming down the

812  
00:40:24,209 --> 00:40:20,420  
line when is the what's it gonna be

813  
00:40:32,259 --> 00:40:30,579

yeah but yeah so the problem I just

814

00:40:35,140 --> 00:40:32,269

saved hundreds of dollars by switching

815

00:40:37,420 --> 00:40:35,150

to Geico I'm so happy I feel like I can

816

00:40:38,799 --> 00:40:37,430

fly disclaimer you will not be able to

817

00:40:40,089 --> 00:40:38,809

fly by switching to Geico this is

818

00:40:41,469 --> 00:40:40,099

against the laws of physics and nature

819

00:40:42,609 --> 00:40:41,479

if you find yourself flying please seek

820

00:40:44,079 --> 00:40:42,619

professional and/or medical help

821

00:40:45,459 --> 00:40:44,089

immediately in the unlikely event you

822

00:40:47,410 --> 00:40:45,469

find yourself lying you might be a

823

00:40:48,740 --> 00:40:47,420

superhero or a pigeon or a superhero

824

00:40:50,210 --> 00:40:48,750

named Paige woman who was

825

00:40:51,890 --> 00:40:50,220

bitten by a radioactive pigeon if you

826  
00:40:53,090 --> 00:40:51,900  
are indeed bid woman keiko retains all

827  
00:40:54,740 --> 00:40:53,100  
licensing publishing rights in the event

828  
00:40:56,810 --> 00:40:54,750  
pits woman the movie becomes a top

829  
00:40:59,410 --> 00:40:56,820  
grossing Hollywood blockbuster Geico 15

830  
00:41:02,990 --> 00:40:59,420  
minutes could save you 15% or more I

831  
00:41:06,710 --> 00:41:03,000  
would say that the b2 you know it had a

832  
00:41:08,660 --> 00:41:06,720  
lot of uh there were you know costs rose

833  
00:41:11,480 --> 00:41:08,670  
in during the engineering and

834  
00:41:12,620 --> 00:41:11,490  
development phase and so the Air Force

835  
00:41:15,260 --> 00:41:12,630  
originally wanted to buy more than a

836  
00:41:18,470 --> 00:41:15,270  
hundred of them right uh what's the cost

837  
00:41:20,420 --> 00:41:18,480  
accelerated you know it became a lot

838  
00:41:22,160 --> 00:41:20,430

heavier than they expected you know

839

00:41:24,980 --> 00:41:22,170

originally when you add weight to

840

00:41:26,420 --> 00:41:24,990

aircraft you know that degrades

841

00:41:28,250 --> 00:41:26,430

performance everywhere else you have to

842

00:41:30,770 --> 00:41:28,260

compensate it it's very confused and

843

00:41:32,900 --> 00:41:30,780

very complicated but you know what's

844

00:41:35,120 --> 00:41:32,910

that that happened the the number of

845

00:41:37,820 --> 00:41:35,130

aircraft that they ordered you know or

846

00:41:39,320 --> 00:41:37,830

they wanted fell so they want to avoid

847

00:41:41,450 --> 00:41:39,330

repeating those mistakes in them with

848

00:41:42,950 --> 00:41:41,460

the b21 and that's the general idea it's

849

00:41:44,660 --> 00:41:42,960

gonna look a lot like the b2 you know

850

00:41:49,910 --> 00:41:44,670

the big you know batwing shape stealth

851  
00:41:52,820 --> 00:41:49,920  
bomber and you know I mean I think costs

852  
00:41:55,760 --> 00:41:52,830  
will probably rise as they do in you

853  
00:41:56,990 --> 00:41:55,770  
know most aircraft projects you know

854  
00:41:59,450 --> 00:41:57,000  
they've built something like this before

855  
00:42:03,710 --> 00:41:59,460  
and there you know production processes

856  
00:42:07,790 --> 00:42:03,720  
have changed so yeah so they have a you

857  
00:42:09,800 --> 00:42:07,800  
know they they could they have a I don't

858  
00:42:11,030 --> 00:42:09,810  
expect them to you know for this to be

859  
00:42:13,570 --> 00:42:11,040  
another b2

860  
00:42:15,650 --> 00:42:13,580  
you know will only ever get 20 of them

861  
00:42:18,080 --> 00:42:15,660  
you know I think you're right there this

862  
00:42:19,640 --> 00:42:18,090  
is gonna replace the b1 fleet and it's

863  
00:42:23,510 --> 00:42:19,650

gonna start taking out a number of the

864

00:42:26,180 --> 00:42:23,520

b-52 fleet yeah yeah it's gonna and the

865

00:42:27,200 --> 00:42:26,190

beaches will complement them so the

866

00:42:30,200 --> 00:42:27,210

beaches will still be fine for a while

867

00:42:32,060 --> 00:42:30,210

um can I ask a question will there be

868

00:42:35,720 --> 00:42:32,070

MIT will there be a crew in it it'll be

869

00:42:40,250 --> 00:42:35,730

two guys flying it like the B - yeah so

870

00:42:41,900 --> 00:42:40,260

yes but you know they've I've heard you

871

00:42:43,610 --> 00:42:41,910

know possibility it could be optionally

872

00:42:44,240 --> 00:42:43,620

man so you know they could fly it isn't

873

00:42:49,370 --> 00:42:44,250

as a drone

874

00:42:51,080 --> 00:42:49,380

all right maybe so they could I know but

875

00:42:52,670 --> 00:42:51,090

you know we don't know yet all right I

876

00:42:54,470 --> 00:42:52,680

think the big thing back on this

877

00:42:57,050 --> 00:42:54,480

optionally man capability is allow you

878

00:42:58,880 --> 00:42:57,060

to moving around if you don't have crews

879

00:43:01,760 --> 00:42:58,890

or if there's a critical mission to go

880

00:43:02,599 --> 00:43:01,770

do that but I believe it's also going to

881

00:43:08,390 --> 00:43:02,609

allow them

882

00:43:11,210 --> 00:43:08,400

to have even more pervasive abilities to

883

00:43:13,039 --> 00:43:11,220

let the crew stay up in the air longer I

884

00:43:15,470 --> 00:43:13,049

mean these guys whole thing's incredibly

885

00:43:18,620 --> 00:43:15,480

long missions now so if you augment that

886

00:43:20,450 --> 00:43:18,630

or if you have some kind of setback with

887

00:43:22,579 --> 00:43:20,460

the crew now you can turn it over and

888

00:43:25,549 --> 00:43:22,589

it's it's still gonna continue to

889

00:43:27,289 --> 00:43:25,559

mission hey one one yes sir

890

00:43:29,539 --> 00:43:27,299

when you were down at Gitmo did you ever

891

00:43:33,079 --> 00:43:29,549

see any kind of any kind of secret stuff

892

00:43:34,489 --> 00:43:33,089

ever come into that place I mean if

893

00:43:37,910 --> 00:43:34,499

there's a nipple there right there's a

894

00:43:41,690 --> 00:43:37,920

nail file you will see one strip no no

895

00:43:43,160 --> 00:43:41,700

it's a runway it's on the cliff yeah I

896

00:43:47,809 --> 00:43:43,170

don't know if there's anything secret

897

00:43:49,609 --> 00:43:47,819

coming in that our mission was to look

898

00:43:52,339 --> 00:43:49,619

for submarines who are looking for you

899

00:43:54,200 --> 00:43:52,349

know secret submarines that was a time

900

00:43:55,789 --> 00:43:54,210

when they told you to you know green

901  
00:43:57,650 --> 00:43:55,799  
your barracks and stay there or whatever

902  
00:43:59,690 --> 00:43:57,660  
no that didn't happen okay

903  
00:44:02,029 --> 00:43:59,700  
afraid not I'll tell you Mac I think

904  
00:44:04,069 --> 00:44:02,039  
most secret stuff came in to Gitmo and

905  
00:44:07,430 --> 00:44:04,079  
transport aircraft and I think most of

906  
00:44:09,229 --> 00:44:07,440  
those were contract mm-hmm when I was

907  
00:44:11,870 --> 00:44:09,239  
there it was still very popular see an

908  
00:44:13,579 --> 00:44:11,880  
outfit that flew dc-8 that would come in

909  
00:44:15,499 --> 00:44:13,589  
it was the most amazing thing to watch

910  
00:44:20,269 --> 00:44:15,509  
these guys come in because of the way

911  
00:44:21,950 --> 00:44:20,279  
the Cuban territorial line they would

912  
00:44:23,569 --> 00:44:21,960  
come in on basically on the base leg

913  
00:44:26,089 --> 00:44:23,579

that's the 90 degrees coming in for a

914

00:44:29,690 --> 00:44:26,099

landing it would roll that airplane up

915

00:44:31,549 --> 00:44:29,700

at 3045 degrees sometimes swing it

916

00:44:34,009 --> 00:44:31,559

around on to final not going to Cuban

917

00:44:36,579 --> 00:44:34,019

airspace and then drop that really big

918

00:44:40,309 --> 00:44:36,589

airplane on the runway it was amazing

919

00:44:41,900 --> 00:44:40,319

really badass voice I mean so so that

920

00:44:43,729 --> 00:44:41,910

was it you hit there was only a certain

921

00:44:45,349 --> 00:44:43,739

amount of US airspace you could fly in

922

00:44:48,499 --> 00:44:45,359

over clear right yeah it kind of like

923

00:44:51,019 --> 00:44:48,509

opened out like a bee shape from the the

924

00:44:54,170 --> 00:44:51,029

base and there was a bombing range right

925

00:44:56,900 --> 00:44:54,180

alongside the Cuban and every day when

926  
00:44:58,759 --> 00:44:56,910  
the a4 units was there was a VC e10 I

927  
00:45:00,140 --> 00:44:58,769  
believe was the the designation of the

928  
00:45:01,940 --> 00:45:00,150  
unify remember correctly they had a

929  
00:45:03,440 --> 00:45:01,950  
force and a couple helicopters they

930  
00:45:05,239 --> 00:45:03,450  
would take off in the morning to would

931  
00:45:07,460 --> 00:45:05,249  
go out they'd fly out they would do

932  
00:45:10,249 --> 00:45:07,470  
their stuff out over the water come back

933  
00:45:12,440 --> 00:45:10,259  
into the range drop two bombs each come

934  
00:45:14,599 --> 00:45:12,450  
in land and then have lunch and go up do

935  
00:45:16,280 --> 00:45:14,609  
it again and they did this almost every

936  
00:45:17,900 --> 00:45:16,290  
day that's just a kid

937  
00:45:19,460 --> 00:45:17,910  
the cubits on the toes and onto me I

938  
00:45:21,740 --> 00:45:19,470

just keep letting him know that we were

939

00:45:24,320 --> 00:45:21,750

here and it the the lease was still in

940

00:45:26,060 --> 00:45:24,330

effect and we can book drop by we called

941

00:45:29,690 --> 00:45:26,070

I think it was rent control at its best

942

00:45:31,280 --> 00:45:29,700

myself if you look like I'm right okay

943

00:45:33,350 --> 00:45:31,290

there was a good deal also to keep the

944

00:45:35,780 --> 00:45:33,360

beer flowing to her I could imagine

945

00:45:37,700 --> 00:45:35,790

the Quonset had full of beer and the pub

946

00:45:38,990 --> 00:45:37,710

we look we had there had to be supplied

947

00:45:40,130 --> 00:45:39,000

so I think youbut one of the most

948

00:45:45,170 --> 00:45:40,140

beautiful places I've been

949

00:45:46,310 --> 00:45:45,180

it was awesome the Cuban island itself

950

00:45:48,800 --> 00:45:46,320

gorgeous

951

00:45:50,510 --> 00:45:48,810

you know it's ironically too is people

952

00:45:53,600 --> 00:45:50,520

say Vietnam is one the most beautiful

953

00:45:57,230 --> 00:45:53,610

place yes you can go you know but anyway

954

00:45:59,480 --> 00:45:57,240

let me just I wanted to say one more

955

00:46:01,430 --> 00:45:59,490

thing about this whole secrecy bomb

956

00:46:03,410 --> 00:46:01,440

earth you know and reconnaissance my

957

00:46:07,130 --> 00:46:03,420

plane thank him but go ahead a few I

958

00:46:12,770 --> 00:46:07,140

want to get that in though I wanted to

959

00:46:16,070 --> 00:46:12,780

talk about the why the you know the the

960

00:46:20,750 --> 00:46:16,080

air force and lock he wants is telling

961

00:46:24,050 --> 00:46:20,760

us about this this SR 72 if you go back

962

00:46:28,010 --> 00:46:24,060

to the 80s so you remember this aircraft

963

00:46:30,890 --> 00:46:28,020

called the a12 Avenger yes yeah so this

964

00:46:33,680 --> 00:46:30,900

was a Sofia an all-weather carrier

965

00:46:37,430 --> 00:46:33,690

launched a stealth attack plane right

966

00:46:40,630 --> 00:46:37,440

shape is a triangular doing here craft

967

00:46:43,130 --> 00:46:40,640

looks like a the flying of jury tow and

968

00:46:44,450 --> 00:46:43,140

it was a Donald dog with Douglas

969

00:46:46,460 --> 00:46:44,460

internal dynamics

970

00:46:49,160 --> 00:46:46,470

developed it the idea was it was they're

971

00:46:53,510 --> 00:46:49,170

gonna play city an old um hey six

972

00:46:56,720 --> 00:46:53,520

intruders that were in service I had it

973

00:47:02,620 --> 00:46:56,730

was so secret and this was a black as

974

00:47:06,200 --> 00:47:02,630

the darkest black project and the the

975

00:47:08,480 --> 00:47:06,210

why interviewed you know you know

976  
00:47:11,450 --> 00:47:08,490  
defense editor who wrote the book on the

977  
00:47:13,660 --> 00:47:11,460  
program and he said that mmm developed

978  
00:47:16,820 --> 00:47:13,670  
designers have recalled to him that

979  
00:47:19,400 --> 00:47:16,830  
Donald Louis didn't even want them

980  
00:47:21,590 --> 00:47:19,410  
eating around Doritos chips right in

981  
00:47:24,320 --> 00:47:21,600  
public in case you know what's fine

982  
00:47:26,120 --> 00:47:24,330  
Wow picture of them and saying what are

983  
00:47:29,720 --> 00:47:26,130  
they eating these triangular chips maybe

984  
00:47:37,130 --> 00:47:36,260  
Fritos what would then what's the end of

985  
00:47:39,950 --> 00:47:37,140  
the Cold War

986  
00:47:42,650 --> 00:47:39,960  
so the maybe wanted hundreds of these

987  
00:47:45,680 --> 00:47:42,660  
and so what's the but they didn't expect

988  
00:47:48,800 --> 00:47:45,690

the Cold War to end and then the Persian

989

00:47:52,010 --> 00:47:48,810

Gulf or to occur so you know only you

990

00:47:53,150 --> 00:47:52,020

know you have all this now be versus we

991

00:47:54,859 --> 00:47:53,160

leave with a small to call the peace

992

00:47:56,900 --> 00:47:54,869

dividend and whatnot so we're gonna you

993

00:47:58,430 --> 00:47:56,910

know we don't need these big right one

994

00:48:00,380 --> 00:47:58,440

of the biggest mistakes they ever made

995

00:48:03,680 --> 00:48:00,390

yeah didn't Cheney wasn't changing the

996

00:48:04,640 --> 00:48:03,690

guy who was all under the Clinton

997

00:48:07,010 --> 00:48:04,650

administration

998

00:48:09,380 --> 00:48:07,020

yeah we don't go there but I'm saying

999

00:48:10,880 --> 00:48:09,390

didn't they do didn't didn't Cheney say

1000

00:48:13,040 --> 00:48:10,890

okay when he was the Secretary of

1001

00:48:14,270 --> 00:48:13,050

Defense didn't he say all right this

1002

00:48:16,040 --> 00:48:14,280

isn't gonna work and they had spent

1003

00:48:17,930 --> 00:48:16,050

fourteen billion dollars or something

1004

00:48:19,460 --> 00:48:17,940

and they never literally go off the

1005

00:48:22,130 --> 00:48:19,470

drawings board and I know we've talked

1006

00:48:24,710 --> 00:48:22,140

about I'm at this well I think it myself

1007

00:48:27,590 --> 00:48:24,720

I actually played it was just a do they

1008

00:48:28,970 --> 00:48:27,600

canceled it haha and then took what

1009

00:48:29,990 --> 00:48:28,980

maybe they learned from that because

1010

00:48:32,060 --> 00:48:30,000

they must have learned something for

1011

00:48:33,440 --> 00:48:32,070

fourteen billion dollars and transformed

1012

00:48:37,220 --> 00:48:33,450

it into something maybe this thing we're

1013

00:48:38,780 --> 00:48:37,230

talking about tonight right I wasn't

1014

00:48:40,820 --> 00:48:38,790

that stealth though the Dorito is

1015

00:48:42,620 --> 00:48:40,830

stealth yeah yeah it wasn't high-speed

1016

00:48:46,070 --> 00:48:42,630

high-altitude and I think when you look

1017

00:48:48,470 --> 00:48:46,080

at some of the later when it made it up

1018

00:48:50,840 --> 00:48:48,480

with things like tacit blue results that

1019

00:48:52,550 --> 00:48:50,850

came out I think some of the UAVs are

1020

00:48:55,099 --> 00:48:52,560

out there flying and some of the

1021

00:48:57,500 --> 00:48:55,109

triangle airplanes that you hear and see

1022

00:49:01,300 --> 00:48:57,510

pictures of from time to time that

1023

00:49:03,980 --> 00:49:01,310

appear to be smaller in size our are the

1024

00:49:05,510 --> 00:49:03,990

legacy of that project I don't think

1025

00:49:07,430 --> 00:49:05,520

that project went quite as dead as they

1026  
00:49:09,020 --> 00:49:07,440  
as everyone claimed it right just to end

1027  
00:49:12,380 --> 00:49:09,030  
up with a carrier well just the point

1028  
00:49:14,300 --> 00:49:12,390  
point being though that at the same time

1029  
00:49:18,730 --> 00:49:14,310  
to pay you know this was competing with

1030  
00:49:21,770 --> 00:49:18,740  
thee and what became the f-22 four

1031  
00:49:24,020 --> 00:49:21,780  
dollars from Congress my privacy and

1032  
00:49:26,840 --> 00:49:24,030  
primacy in the and the capability that's

1033  
00:49:28,670 --> 00:49:26,850  
that's right sure yep well you know and

1034  
00:49:30,349 --> 00:49:28,680  
well the difference also important

1035  
00:49:33,020 --> 00:49:30,359  
difference with the f-22 it was a great

1036  
00:49:34,820 --> 00:49:33,030  
program so you know at the time people

1037  
00:49:37,840 --> 00:49:34,830  
knew a lot about it you know they didn't

1038  
00:49:41,060 --> 00:49:37,850

know everything and where the Avenger

1039

00:49:43,570 --> 00:49:41,070

was secret so when you but have to go to

1040

00:49:45,490 --> 00:49:43,580

Congress to justify your program

1041

00:49:47,580 --> 00:49:45,500

it's you can justify a great program

1042

00:49:49,480 --> 00:49:47,590

more than a black program absolutely

1043

00:49:52,330 --> 00:49:49,490

especially when you look at the point

1044

00:49:55,350 --> 00:49:52,340

that the flying Dorito a 12 is going to

1045

00:49:58,540 --> 00:49:55,360

be an attack aircraft much like the 117

1046

00:50:00,850 --> 00:49:58,550

117 absolutely cleaned his clock because

1047

00:50:02,590 --> 00:50:00,860

it had been flying and had gone and done

1048

00:50:04,210 --> 00:50:02,600

what it did and no one wanted to

1049

00:50:05,920 --> 00:50:04,220

completely duplicate that for a

1050

00:50:07,930 --> 00:50:05,930

carrier-based aircraft and I think

1051  
00:50:10,450 --> 00:50:07,940  
there's some politics behind that right

1052  
00:50:11,860 --> 00:50:10,460  
right when the f-22 was threatened and

1053  
00:50:14,410 --> 00:50:11,870  
there was a time when it's threatened

1054  
00:50:16,420 --> 00:50:14,420  
there's a very very small window but

1055  
00:50:19,960 --> 00:50:16,430  
there are still some collectors pieces

1056  
00:50:21,400 --> 00:50:19,970  
out there that say F / a22 and they

1057  
00:50:23,380 --> 00:50:21,410  
tried to say that they were going to

1058  
00:50:25,210 --> 00:50:23,390  
have an attack capability that the plane

1059  
00:50:28,330 --> 00:50:25,220  
could be used as a cocky ability the

1060  
00:50:31,570 --> 00:50:28,340  
f-22 was built to go so far past the

1061  
00:50:35,740 --> 00:50:31,580  
f-15 and every other type of generation

1062  
00:50:38,410 --> 00:50:35,750  
3 even nudging to generation 4 fighter

1063  
00:50:41,020 --> 00:50:38,420

aircraft out there and they were

1064

00:50:42,520 --> 00:50:41,030

supposed to build hundreds of them there

1065

00:50:45,220 --> 00:50:42,530

was supposed to be over 700 those

1066

00:50:49,500 --> 00:50:45,230

aircraft built and even that took the

1067

00:50:53,170 --> 00:50:51,550

listen let me have some other question

1068

00:50:55,690 --> 00:50:53,180

right well we still got a I have one

1069

00:50:59,680 --> 00:50:55,700

more sir 71 yes i won

1070

00:51:02,830 --> 00:50:59,690

okay so there was Air Force chief of

1071

00:51:04,540 --> 00:51:02,840

staff curse domain preferred SR for

1072

00:51:06,940 --> 00:51:04,550

strategic reconnaissance but most

1073

00:51:08,590 --> 00:51:06,950

aircraft would be named reconnaissance

1074

00:51:10,840 --> 00:51:08,600

strategic it really should have been RS

1075

00:51:13,900 --> 00:51:10,850

71 and it was originally designated RS

1076

00:51:17,530 --> 00:51:13,910

71 before the speech was given by

1077

00:51:20,670 --> 00:51:17,540

President Johnson LeMay Lobby modify

1078

00:51:23,320 --> 00:51:20,680

that speech each to have it read sr-71

1079

00:51:27,670 --> 00:51:23,330

the media transcript that the press had

1080

00:51:30,700 --> 00:51:27,680

the time still refers to RS 71 it as a

1081

00:51:32,350 --> 00:51:30,710

designation and then they created the

1082

00:51:35,560 --> 00:51:32,360

story that the president misread the

1083

00:51:38,350 --> 00:51:35,570

aircraft's designation to make it sr-71

1084

00:51:40,480 --> 00:51:38,360

he did he read what was corrected by

1085

00:51:41,890 --> 00:51:40,490

then chief of staff general image what

1086

00:51:44,230 --> 00:51:41,900

was the big deal why did he want it to

1087

00:51:45,520 --> 00:51:44,240

be si he thought it sounded better and

1088

00:51:46,720 --> 00:51:45,530

he thought it better reflected the

1089

00:51:49,570 --> 00:51:46,730

mission instead of reconnaissance

1090

00:51:50,430 --> 00:51:49,580

strategic he wanted it strategic

1091

00:51:53,500 --> 00:51:50,440

reconnaissance

1092

00:51:55,540 --> 00:51:53,510

didn't follow the mythology of that with

1093

00:51:57,339 --> 00:51:55,550

the first the letter closest to the

1094

00:52:01,359 --> 00:51:57,349

number the letter closest to

1095

00:52:03,519 --> 00:52:01,369

- designates the primary mission the

1096

00:52:05,890 --> 00:52:03,529

letter closest to the second well the

1097

00:52:08,109 --> 00:52:05,900

latter but before the day I got

1098

00:52:11,140 --> 00:52:08,119

completely screwed that up the first

1099

00:52:13,299 --> 00:52:11,150

letter right generally is the letter

1100

00:52:15,940 --> 00:52:13,309

that designates the primary mission of

1101

00:52:18,460 --> 00:52:15,950

the aircraft like f-18 fighter attack

1102

00:52:20,739 --> 00:52:18,470

right and it's know why it's no.1 refers

1103

00:52:24,400 --> 00:52:20,749

to the f-18 that died a long time ago so

1104

00:52:27,489 --> 00:52:24,410

an a-10 gets the letter all put in front

1105

00:52:29,079 --> 00:52:27,499

of when it's a observation a track take

1106

00:52:30,849 --> 00:52:29,089

when they modify some of the gear and

1107

00:52:34,059 --> 00:52:30,859

some of the mission capable ok let me

1108

00:52:36,910 --> 00:52:34,069

ask you this question both you guys in

1109

00:52:41,769 --> 00:52:36,920

one one - if he knows I was watching a

1110

00:52:45,880 --> 00:52:41,779

lot of tapes today of f-35s ok thunder

1111

00:52:50,229 --> 00:52:45,890

bolt - that's right and this is this

1112

00:52:52,989 --> 00:52:50,239

controversial airplane that is good a

1113

00:52:54,609 --> 00:52:52,999

certain design of it is going to the Air

1114

00:52:56,380 --> 00:52:54,619

Force a certain design is going to the

1115

00:52:58,839 --> 00:52:56,390

Navy a certain design is going to the

1116

00:53:00,430 --> 00:52:58,849

Marines and the ones that the Marines

1117

00:53:02,319 --> 00:53:00,440

are going to get are going to be able to

1118

00:53:04,450 --> 00:53:02,329

take off vertically take off and land

1119

00:53:06,249 --> 00:53:04,460

vertically like a Harrier but if you

1120

00:53:08,079 --> 00:53:06,259

watch these things do it you just say

1121

00:53:10,239 --> 00:53:08,089

wow this is it's almost like you're

1122

00:53:12,009 --> 00:53:10,249

watching a science-fiction movie because

1123

00:53:14,289 --> 00:53:12,019

it's green it's just so strange to watch

1124

00:53:18,039 --> 00:53:14,299

this thing come in it it's so futuristic

1125

00:53:19,719 --> 00:53:18,049

it's just crazy now this thing has got a

1126  
00:53:21,459 --> 00:53:19,729  
bad rep but I know that that happens a

1127  
00:53:23,589 --> 00:53:21,469  
lot of times when planes first come out

1128  
00:53:25,299 --> 00:53:23,599  
people give them a bad rep and then you

1129  
00:53:27,670 --> 00:53:25,309  
know suddenly their reputation improves

1130  
00:53:29,829 --> 00:53:27,680  
as they fly them more and they work up

1131  
00:53:31,870 --> 00:53:29,839  
the kinks or whatever f-22 people

1132  
00:53:33,219 --> 00:53:31,880  
condemn that - and you know look at it's

1133  
00:53:35,170 --> 00:53:33,229  
probably the most unbelievable plane

1134  
00:53:37,450 --> 00:53:35,180  
that will ever be built but anyway so

1135  
00:53:39,190 --> 00:53:37,460  
much of these f-35s come in and it's

1136  
00:53:41,680 --> 00:53:39,200  
really kind of a thing of beauty you

1137  
00:53:43,029 --> 00:53:41,690  
know but then I thought well these are

1138  
00:53:46,359 --> 00:53:43,039

the Marines and the Marines are gonna be

1139

00:53:48,099 --> 00:53:46,369

in forward positions right and it takes

1140

00:53:50,049 --> 00:53:48,109

about a minute for one of these things

1141

00:53:53,259 --> 00:53:50,059

to transition correctly and then come

1142

00:53:55,390 --> 00:53:53,269

down and land for that minute aren't you

1143

00:53:57,279 --> 00:53:55,400

just like a sitting duck if you're like

1144

00:53:59,170 --> 00:53:57,289

up on the line you know what I mean you

1145

00:54:00,940 --> 00:53:59,180

are you're not gonna those planes are

1146

00:54:02,349 --> 00:54:00,950

not going to be up on the line and that

1147

00:54:04,569 --> 00:54:02,359

I don't think that's any more than any

1148

00:54:06,640 --> 00:54:04,579

helicopter is a helicopter transitions

1149

00:54:09,370 --> 00:54:06,650

the same way right so I don't think you

1150

00:54:10,809 --> 00:54:09,380

see much more yep I think unless these

1151

00:54:12,519 --> 00:54:10,819

guys are doing and

1152

00:54:14,529 --> 00:54:12,529

slowly you know because they just still

1153

00:54:16,479 --> 00:54:14,539

working the kinks out it took a long

1154

00:54:17,829 --> 00:54:16,489

time a helicopter could land and take

1155

00:54:19,539 --> 00:54:17,839

off in the time it took for one of these

1156

00:54:20,709 --> 00:54:19,549

things to come down and and I was

1157

00:54:23,349 --> 00:54:20,719

thinking too let's say you're in the

1158

00:54:24,909 --> 00:54:23,359

environment like Vietnam okay you're

1159

00:54:27,009 --> 00:54:24,919

arena you're the jungle environment

1160

00:54:29,140 --> 00:54:27,019

you're in a valley there's mountains all

1161

00:54:31,359 --> 00:54:29,150

around you you have shoulder-launched

1162

00:54:33,429 --> 00:54:31,369

you know surface-to-air missiles now

1163

00:54:35,589 --> 00:54:33,439

that go quite a distance and you have

1164

00:54:36,779 --> 00:54:35,599

just this thing just kind of hang in the

1165

00:54:39,699 --> 00:54:36,789

air you know how they used to shoot down

1166

00:54:41,589 --> 00:54:39,709

me-262 the German jets they would shoot

1167

00:54:44,109 --> 00:54:41,599

them they'd shoot them down on takeoff

1168

00:54:48,669 --> 00:54:44,119

and on landing right right wouldn't it

1169

00:54:52,380 --> 00:54:48,679

be the same thing Rob you wanna go first

1170

00:54:57,039 --> 00:54:52,390

well I I would say that I think about

1171

00:55:01,779 --> 00:54:57,049

one of the shortcomings of the f-35 is

1172

00:55:03,969 --> 00:55:01,789

range so I mean it's a you know so if

1173

00:55:07,059 --> 00:55:03,979

you could out range the bases that are

1174

00:55:10,329 --> 00:55:07,069

going to be launching these with

1175

00:55:11,739 --> 00:55:10,339

ballistic missiles in the Pacific right

1176

00:55:16,449 --> 00:55:11,749

that's the scenario that we're that

1177

00:55:18,909 --> 00:55:16,459

worries me and but I think that applies

1178

00:55:20,739 --> 00:55:18,919

to any aircraft that's true that's true

1179

00:55:23,319 --> 00:55:20,749

I think if you can have something that

1180

00:55:26,199 --> 00:55:23,329

can take off on land on a small ship I

1181

00:55:28,689 --> 00:55:26,209

think you have an incredible moving

1182

00:55:32,529 --> 00:55:28,699

piece on the chessboard that you can't

1183

00:55:35,559 --> 00:55:32,539

easily correct yeah and you have now you

1184

00:55:39,449 --> 00:55:35,569

have a whole series of ships that are

1185

00:55:42,189 --> 00:55:39,459

going to allow it to be able to maneuver

1186

00:55:45,699 --> 00:55:42,199

yeah I mean I would really like the Navy

1187

00:55:47,279 --> 00:55:45,709

to and put the vent also you know

1188

00:55:50,829 --> 00:55:47,289

because they're gonna be supporting them

1189

00:55:55,539 --> 00:55:50,839

the Marines vertical takeoff landing

1190

00:55:57,999 --> 00:55:55,549

version of this claim is - and we've

1191

00:56:00,309 --> 00:55:58,009

talked about this before but to have

1192

00:56:02,019 --> 00:56:00,319

more diversity in the types of ships

1193

00:56:03,699 --> 00:56:02,029

that they launch aircraft from so

1194

00:56:07,390 --> 00:56:03,709

instead of being Phineas assault ships

1195

00:56:09,669 --> 00:56:07,400

and the big flat flattop carrier I see

1196

00:56:12,549 --> 00:56:09,679

you you brought a very interesting point

1197

00:56:14,769 --> 00:56:12,559

Robby reason i interrupting as Mac talked

1198

00:56:17,620 --> 00:56:14,779

about how it bursts the Harrier the

1199

00:56:18,969 --> 00:56:17,630

Harry used hot gas that came out of the

1200

00:56:21,939 --> 00:56:18,979

back of the engine and directed through

1201  
00:56:24,550 --> 00:56:21,949  
nozzles right when the f-35 does what

1202  
00:56:27,310 --> 00:56:24,560  
it's doing it's actually driving a thing

1203  
00:56:30,040 --> 00:56:27,320  
and rat is directing the air down so

1204  
00:56:32,770 --> 00:56:30,050  
it's basically cold it's it's moving

1205  
00:56:35,710 --> 00:56:32,780  
this air get it's real now so also

1206  
00:56:37,780 --> 00:56:35,720  
sprite and yet it adds a little bit to

1207  
00:56:39,040 --> 00:56:37,790  
it and that rear nozzle is what when I

1208  
00:56:40,480 --> 00:56:39,050  
think you see them get more comfortable

1209  
00:56:43,120 --> 00:56:40,490  
with it you're gonna see a much more

1210  
00:56:45,490 --> 00:56:43,130  
rapid transition as they go from that

1211  
00:56:47,560 --> 00:56:45,500  
hovering flight when they do the hop and

1212  
00:56:49,570 --> 00:56:47,570  
of course the other part is most times

1213  
00:56:51,910 --> 00:56:49,580

they would never take off vertically

1214

00:56:55,060 --> 00:56:51,920

right they're going to take off usually

1215

00:56:57,460 --> 00:56:55,070

use some kind of an incline the infamous

1216

00:57:00,120 --> 00:56:57,470

ski jump as some people refer to it do

1217

00:57:02,770 --> 00:57:00,130

you make those transitions quicker right

1218

00:57:04,780 --> 00:57:02,780

well yeah it's an interesting implant

1219

00:57:06,040 --> 00:57:04,790

and like I say you know there's you know

1220

00:57:07,240 --> 00:57:06,050

I read some of the literature and

1221

00:57:08,440 --> 00:57:07,250

there's a lot of people out there that

1222

00:57:09,550 --> 00:57:08,450

don't like it but there are a lot of

1223

00:57:12,070 --> 00:57:09,560

people out there who didn't like the

1224

00:57:14,470 --> 00:57:12,080

f-16 they didn't like bf4 they didn't

1225

00:57:16,750 --> 00:57:14,480

like the f-111 and then suddenly these

1226

00:57:18,250 --> 00:57:16,760

things kind of grow into the FA Crusader

1227

00:57:20,170 --> 00:57:18,260

people hated that when I first come on

1228

00:57:21,880 --> 00:57:20,180

now yeah you watch people interviewing

1229

00:57:23,530 --> 00:57:21,890

this is the best day of plan a of a flu

1230

00:57:25,300 --> 00:57:23,540

I would never throw anything else you

1231

00:57:28,240 --> 00:57:25,310

know so maybe this will happen to the

1232

00:57:29,830 --> 00:57:28,250

f-35 well I all say it but the lift fan

1233

00:57:31,300 --> 00:57:29,840

I mean why I don't like the f-35 is

1234

00:57:32,470 --> 00:57:31,310

because when they do stick the lift fan

1235

00:57:34,090 --> 00:57:32,480

in the center of it well you're also

1236

00:57:37,420 --> 00:57:34,100

building a version for the Air Force

1237

00:57:41,260 --> 00:57:37,430

that doesn't have a live fan right sir

1238

00:57:43,390 --> 00:57:41,270

no you wanna they wanna the Air Force or

1239

00:57:45,370 --> 00:57:43,400

the Pentagon wants to have commonality

1240

00:57:48,310 --> 00:57:45,380

across all the Ryker Force Navy and

1241

00:57:50,200 --> 00:57:48,320

Marine versions and so you have a plane

1242

00:57:52,330 --> 00:57:50,210

that's designed to accommodate LIF in it

1243

00:57:56,710 --> 00:57:52,340

does not have a lift fan so let me give

1244

00:57:59,080 --> 00:57:56,720

my craft the great's performance and and

1245

00:58:00,270 --> 00:57:59,090

you know f-35 pilot come tell me you

1246

00:58:02,860 --> 00:58:00,280

know I'm totally wrong about this and

1247

00:58:05,050 --> 00:58:02,870

I'm you know the politics of that is

1248

00:58:07,780 --> 00:58:05,060

that is to protect the marine course

1249

00:58:10,570 --> 00:58:07,790

aviation piece if they if the Air Force

1250

00:58:12,760 --> 00:58:10,580

starts to fly a true V stall fighter

1251

00:58:14,290 --> 00:58:12,770

aircraft like that then what's the

1252

00:58:16,140 --> 00:58:14,300

reason for the Marines to be flying that

1253

00:58:19,630 --> 00:58:16,150

they're gonna have a more difficult time

1254

00:58:22,110 --> 00:58:19,640

being able to was make the argument the

1255

00:58:24,670 --> 00:58:22,120

Air Force will once again start to

1256

00:58:26,620 --> 00:58:24,680

spread across they're saying that this

1257

00:58:31,680 --> 00:58:26,630

should be one service that's flying all

1258

00:58:35,710 --> 00:58:31,690

the aircraft right okay makes sense

1259

00:58:37,780 --> 00:58:35,720

one more question before you go what's

1260

00:58:41,230 --> 00:58:37,790

the cat's name this week

1261

00:58:42,790 --> 00:58:41,240

I actually still just cat at the moment

1262

00:58:47,530 --> 00:58:42,800

yes Kant went the minimal wrote

1263

00:58:49,240 --> 00:58:47,540

interesting okay yeah just so I can you

1264

00:58:51,820 --> 00:58:49,250

know we can respond back to our listener

1265

00:58:56,260 --> 00:58:51,830

any chance you could do you with Colin

1266

00:59:01,390 --> 00:58:56,270

puddles um yeah maybe possibly well I

1267

00:59:03,940 --> 00:59:01,400

got a mole it over first but uh okay see

1268

00:59:06,040 --> 00:59:03,950

if your response to okay all right can

1269

00:59:07,330 --> 00:59:06,050

we call them puddles how about that just

1270

00:59:12,400 --> 00:59:07,340

know and I don't

1271

00:59:14,790 --> 00:59:12,410

okay you like the word like the name

1272

00:59:16,330 --> 00:59:14,800

puddles or not you don't know I know

1273

00:59:18,190 --> 00:59:16,340

work with the women

1274

00:59:24,190 --> 00:59:18,200

I think puddles will work with the

1275

00:59:27,750 --> 00:59:24,200

possible why I like animals name with

1276

00:59:30,010 --> 00:59:27,760

real names real people names oh really

1277

00:59:32,650 --> 00:59:30,020

you don't know anyone named puddles is

1278

00:59:35,860 --> 00:59:32,660

that your problem that's little puddles

1279

00:59:38,530 --> 00:59:35,870

the clown he's a good sounds like

1280

00:59:44,160 --> 00:59:38,540

dribbles triple its tribbles cousin is

1281

00:59:47,350 --> 00:59:44,170

actually a poor animal a good name that

1282

00:59:50,560 --> 00:59:47,360

represents this prisoner personalities a

1283

00:59:51,940 --> 00:59:50,570

male cat right yeah yeah there's no

1284

00:59:54,070 --> 00:59:51,950

leaving puddles around the house if you

1285

00:59:58,330 --> 00:59:54,080

did it would be a perfect like Brady or

1286

01:00:01,540 --> 00:59:58,340

something fortunately not yeah let's

1287

01:00:03,340 --> 01:00:01,550

come Z I think it's I think it's pretty

1288

01:00:11,580 --> 01:00:03,350

funny become Brady and then you use a

1289

01:00:17,770 --> 01:00:15,010

yeah thanks Mac thanks for being there

1290

01:00:20,200 --> 01:00:17,780

thanks for getting me the you know was

1291

01:00:21,790 --> 01:00:20,210

EQ we can you can calm Zeke and then you

1292

01:00:23,800 --> 01:00:21,800

can you know in about six months in

1293

01:00:24,340 --> 01:00:23,810

column four one one five four three two

1294

01:00:29,470 --> 01:00:24,350

right

1295

01:00:35,110 --> 01:00:29,480

isn't that was eeks going that's good

1296

01:00:36,190 --> 01:00:35,120

that was a good anyway but I don't know

1297

01:00:38,020 --> 01:00:36,200

I don't know if I told you this last

1298

01:00:39,820 --> 01:00:38,030

week maybe I did but I said I made a

1299

01:00:42,460 --> 01:00:39,830

confession last week that I don't hate

1300

01:00:49,540 --> 01:00:42,470

Tony Romo that I said one one are they

1301

01:00:51,190 --> 01:00:49,550

dream it do you remember okay didn't

1302

01:00:52,569 --> 01:00:51,200

seem like a compliment because

1303

01:01:00,620 --> 01:00:52,579

expect that they hate up you kidding me

1304

01:01:00,630 --> 01:01:29,670

you

1305

01:01:35,250 --> 01:01:32,040

I really heard from the quarterback's

1306

01:01:36,839 --> 01:01:35,260

point of view every play and what they

1307

01:01:39,150 --> 01:01:36,849

should do before he took the ball it's

1308

01:01:41,220 --> 01:01:39,160

great heat it really tells you you know

1309

01:01:42,990 --> 01:01:41,230

I football was like crazy anyway someone

1310

01:01:45,299 --> 01:01:43,000

said they went to they tried out to be

1311

01:01:46,740 --> 01:01:45,309

it was like George Plimpton remember he

1312

01:01:49,440 --> 01:01:46,750

used to do all those different things he

1313

01:01:50,880 --> 01:01:49,450

tried a little Detroit Tigers and it's

1314

01:01:53,010 --> 01:01:50,890

probably yeah and I'm skewing name but

1315

01:01:54,870 --> 01:01:53,020

he he did a movie called paper lion

1316

01:01:58,079 --> 01:01:54,880

where he actually played for the Detroit

1317

01:02:00,210 --> 01:01:58,089

Lions years ago he's an author and he

1318

01:02:02,099 --> 01:02:00,220

said when they gave me the offensive

1319

01:02:05,010 --> 01:02:02,109

plays to read it was just it was like a

1320

01:02:06,150 --> 01:02:05,020

thin sink three-ring binder that's the

1321

01:02:08,569 --> 01:02:06,160

offense all right

1322

01:02:12,930 --> 01:02:08,579

given the defense he says it was six

1323

01:02:15,569 --> 01:02:12,940

three-ring binders and that was back

1324

01:02:18,329 --> 01:02:15,579

then that's how it if NFL football

1325

01:02:20,040 --> 01:02:18,339

defenses are you know but somehow Tony

1326

01:02:21,960 --> 01:02:20,050

Romo said okay they're gonna do watch

1327

01:02:23,250 --> 01:02:21,970

this though these run these two guys in

1328

01:02:25,170 --> 01:02:23,260

from the side then they'll fake and will

1329

01:02:28,079 --> 01:02:25,180

come in and he's usually right you know

1330

01:02:29,819 --> 01:02:28,089

so if he does bring another you know

1331

01:02:34,380 --> 01:02:29,829

kind of angle to the game I kind of like

1332

01:02:36,059 --> 01:02:34,390

him but now we'll see yeah no I saw that

1333

01:02:38,910 --> 01:02:36,069

I was I was impressed I want to watch

1334

01:02:40,589 --> 01:02:38,920

okay and I was a kind of a Romo fan and

1335

01:02:42,150 --> 01:02:40,599

I he was a great scrambler there's my

1336

01:02:44,430 --> 01:02:42,160

favorite thanks to watching the scramble

1337

01:02:46,620 --> 01:02:44,440

well the pocket was collapsing around it

1338

01:02:48,240 --> 01:02:46,630

yeah well okay well you know when the

1339

01:02:49,770 --> 01:02:48,250

pocket is collapsing around you I mean

1340

01:02:51,809 --> 01:02:49,780

you want to be on a team that you don't

1341

01:02:54,240 --> 01:02:51,819

have to scramble okay it's good that you

1342

01:02:55,950 --> 01:02:54,250

can but you know it's good that you've

1343

01:02:57,930 --> 01:02:55,960

you just you know stand there and do it

1344

01:02:59,880 --> 01:02:57,940

Plus talk about scrambling didn't he

1345

01:03:02,640 --> 01:02:59,890

like go away with Jennifer Simpson or

1346

01:03:04,829 --> 01:03:02,650

something the week before the Super Bowl

1347

01:03:10,289 --> 01:03:04,839

or something wasn't he like never do

1348

01:03:13,500 --> 01:03:10,299

that that's not good preparation right

1349

01:03:16,260 --> 01:03:13,510

and it looks bad it just looks bad get

1350

01:03:20,760 --> 01:03:16,270

weak legs after that you know right yeah

1351

01:03:22,920 --> 01:03:20,770

you ain't it boys all right

1352

01:03:25,890 --> 01:03:22,930

you know oh I can't believe you guys

1353

01:03:28,740 --> 01:03:25,900

would jangle that the NFL has weak legs

1354

01:03:32,190 --> 01:03:28,750

maybe that's why they're never mind I

1355

01:03:35,579 --> 01:03:32,200

won't go there that's good okay that

1356

01:03:37,859 --> 01:03:35,589

one's for restraint code anyway Robins

1357

01:03:39,630 --> 01:03:37,869

like their medal for restraint thank you

1358

01:03:41,039 --> 01:03:39,640

I always wanted I was so glad I wasn't

1359

01:03:41,280 --> 01:03:41,049

in the military to get one of those yeah

1360

01:03:51,150 --> 01:03:41,290

we

1361

01:03:53,460 --> 01:03:51,160

okay it's over it's over so yeah so I

1362

01:03:55,920 --> 01:03:53,470

will I will keep monitoring the SR 72

1363

01:03:58,470 --> 01:03:55,930

and maybe we can talk about nuking

1364

01:04:00,570 --> 01:03:58,480

hurricanes oh yeah get to that we're

1365

01:04:07,280 --> 01:04:00,580

going to talk about that okay all right

1366

01:04:13,740 --> 01:04:11,370

okay bye Rob stays down there by puddles

1367

01:04:19,230 --> 01:04:13,750

and we want to talk to your married

1368

01:04:20,640 --> 01:04:19,240

friends wife okay okay thirty six step

1369

01:04:22,620 --> 01:04:20,650

process they'll be the next step book

1370

01:04:25,020 --> 01:04:22,630

this is like their weekly therapeutic

1371

01:04:26,730 --> 01:04:25,030

sessions okay all right you know I mean

1372

01:04:28,860 --> 01:04:26,740

I do have one in mind you have a wife in

1373

01:04:30,840 --> 01:04:28,870

mind there is somebody in mind I was

1374

01:04:34,080 --> 01:04:30,850

someone came to mind okay all right now

1375

01:04:35,670 --> 01:04:34,090

I just but just tell us what she looked

1376

01:04:41,970 --> 01:04:35,680

like is she is she attractive

1377

01:04:44,610 --> 01:04:41,980

yeah yeah okay how old was she what's

1378

01:04:49,050 --> 01:04:44,620

her name there are 30 so oh yeah nice

1379

01:04:51,660 --> 01:04:49,060

1426

01:08:03,420 --> 01:08:00,610

on ancient coins and etched on cave

1427

01:08:06,660 --> 01:08:03,430

walls they are even reported in the

1428

01:08:10,310 --> 01:08:06,670

Bible but more surprising is when UFOs

1429

01:08:12,990 --> 01:08:10,320

have seen the most in times of war

1430

01:08:14,460 --> 01:08:13,000

through centuries thousands of UFO

1431

01:08:17,160 --> 01:08:14,470

sightings have been made by high-ranking

1432

01:08:19,830 --> 01:08:17,170

officials military pilots in ordinary

1433

01:08:21,810 --> 01:08:19,840

soldiers often these fantastic

1434

01:08:25,230 --> 01:08:21,820

appearances occur at the height of great

1435

01:08:27,990 --> 01:08:25,240

battles from World War 1 to d-day to

1436

01:08:30,900 --> 01:08:28,000

Korea Vietnam and beyond military

1437

01:08:32,700 --> 01:08:30,910

investigators are baffled why do UFO

1438

01:08:33,270 --> 01:08:32,710

sighting spikes so drastically during

1439

01:08:36,510 --> 01:08:33,280

wartime

1440

01:08:40,710 --> 01:08:36,520

could it be mistaken aircraft or someone

1441

01:08:42,930 --> 01:08:40,720

or some thing looking in on us in UFOs

1442

01:08:45,030 --> 01:08:42,940

in wartime what they didn't want you to

1443

01:08:46,710 --> 01:08:45,040

know Mac Malone II chronicles centuries

1444

01:08:49,020 --> 01:08:46,720

of these incredible sightings and tries

1445

01:08:52,349 --> 01:08:49,030

to solve the puzzle of why so many UFOs

1446

01:08:54,390 --> 01:08:52,359

are seen while Humanity is at war read

1447

01:08:57,360 --> 01:08:54,400

1448

01:09:00,300 --> 01:08:57,370

and the ghost rockets alien Giants in

many startling photographs

1454

01:09:17,490 --> 01:09:14,800

as I get over them getting over it

1484

01:13:20,380 --> 01:13:18,440

solely because the Patriots lost - Wow

1485

01:13:23,140 --> 01:13:20,390

1486

01:13:24,910 --> 01:13:23,150

he's a field goal the last seconds and

1487

01:13:28,360 --> 01:13:24,920

well totally unnecessary

1488

01:13:30,460 --> 01:13:28,370

1517

01:14:52,080 --> 01:14:49,310

that would be Charlie Oscar Charlie

1518

01:15:06,910 --> 01:14:52,090

Oscar oh I like that even better okay

1519

01:15:08,320 --> 01:15:06,920

also joining the military Ron short way

1520

01:15:10,840 --> 01:15:08,330

when the Russians word like trying to

1521

01:15:14,339 --> 01:15:10,850

contact their agent now this country

1522

01:15:17,280 --> 01:15:14,349

October I'm thinking about famous book

1523

01:15:20,580 --> 01:15:17,290

right badly that's my excuse I'm stick

1524

01:15:23,010 --> 01:15:20,590

with it also on the line with this is up

1525

01:15:26,250 --> 01:15:23,020

there in Battle Creek where they make

1526

01:15:30,030 --> 01:15:26,260

all those lovely serials switcher me

1527

01:15:31,770 --> 01:15:30,040

know from Steve one from Balki Michigan

1528

01:15:34,140 --> 01:15:31,780

how you doing this Richie I'm doing

1529

01:15:35,910 --> 01:15:34,150

really good okay all right now this is

1530

01:15:37,709 --> 01:15:35,920

gonna be a double switch so tonight I

1531

01:15:40,500 --> 01:15:37,719

just made that up on one but we should

1532

01:15:42,419 --> 01:15:40,510

copyright that double switch switch show

1533

01:15:44,310 --> 01:15:42,429

because we're doing this segment and

1534

01:15:47,010 --> 01:15:44,320

then he's so good he's going to be doing

1535

01:15:52,620 --> 01:15:47,020

a segment after this segment if we do

1536

01:15:55,410 --> 01:15:52,630

our math right you tell us you went

1537

01:15:58,379 --> 01:15:55,420

someplace interesting in the past right

1538

01:16:02,760 --> 01:15:58,389

I did I've been intrigued by a book

1539

01:16:05,250 --> 01:16:02,770

called the Van Meter visitor Van Meter

1540

01:16:09,089 --> 01:16:05,260

is a very small town west of Des Moines

1541

01:16:10,709 --> 01:16:09,099

Iowa and back in 1903 there was a series

1542

01:16:13,680 --> 01:16:10,719

of really bizarre events that took place

1543

01:16:17,220 --> 01:16:13,690

with a somewhat Mothman like creature a

1544

01:16:19,229 --> 01:16:17,230

sort of a humanoid shape with wings

1545

01:16:23,430 --> 01:16:19,239

but but there was some quite a few

1546

01:16:25,770 --> 01:16:23,440

differences Chad Lewis Kevin Nelson and

1547

01:16:28,020 --> 01:16:25,780

Noah was the three researchers on that

1548

01:16:30,270 --> 01:16:28,030

book now I got to meet Chad Lewis and

1549

01:16:32,520 --> 01:16:30,280

Kevin Nelson at the van Meter visitor

1550

01:16:36,060 --> 01:16:32,530

festival this past weekend which they

1551

01:16:38,280 --> 01:16:36,070

have at the end of September and have

1552

01:16:39,600 --> 01:16:38,290

for five years and this is the it kind

1553

01:16:42,089 --> 01:16:39,610

of the anniversary of when this all

1554

01:16:45,359 --> 01:16:42,099

these events happened in 1903 late

1555

01:16:47,580 --> 01:16:45,369

September early October and what they

1556

01:16:49,560 --> 01:16:47,590

had done was when they they were they've

1557

01:16:50,550 --> 01:16:49,570

a chant has written several books and he

1558

01:16:53,899 --> 01:16:50,560

was you know doing a lot of research

1559

01:16:57,089 --> 01:16:53,909

into just oddities in different states

1560

01:16:59,250 --> 01:16:57,099

Wisconsin Minnesota Iowa and so forth

1561

01:17:01,379 --> 01:16:59,260

and he came across as one about some

1562

01:17:02,700 --> 01:17:01,389

kind of a creature that was supposed to

1563

01:17:05,819 --> 01:17:02,710

been seen in this town his first

1564

01:17:07,890 --> 01:17:05,829

reaction was that this was a hoax but

1565

01:17:10,589 --> 01:17:07,900

the more they dug into it they found

1566

01:17:12,720 --> 01:17:10,599

that the several townspeople that saw

1567

01:17:14,609 --> 01:17:12,730

this thing were very prominent you would

1568

01:17:17,790 --> 01:17:14,619

have had a banker and so forth yeah

1569

01:17:19,740 --> 01:17:17,800

these are people that wouldn't be likely

1570

01:17:21,000 --> 01:17:19,750

to create a hoax I mean do you want to

1571

01:17:24,089 --> 01:17:21,010

say you saw some kind of a winged

1572

01:17:25,740 --> 01:17:24,099

creature and have your clientele say I

1573

01:17:27,669 --> 01:17:25,750

think I'm gonna put my deposit somewhere

1574

01:17:30,880 --> 01:17:27,679

else right so what

1575

01:17:33,939 --> 01:17:30,890

I mean we can just grab it yeah I sent a

1576

01:17:35,140 --> 01:17:33,949

picture up to you Mac yeah that's uh it

1577

01:17:39,430 --> 01:17:35,150

was

1578

01:17:40,810 --> 01:17:39,440

reminisce about the Jersey Devil if

1579

01:17:43,120 --> 01:17:40,820

you've ever ever seen illustrations of

1580

01:17:45,070 --> 01:17:43,130

that it had kind of a beak that was a

1581

01:17:47,200 --> 01:17:45,080

little bit different than the Mothman it

1582

01:17:49,000 --> 01:17:47,210

one thing that was very strange about it

1583

01:17:52,330 --> 01:17:49,010

it seemed to emanate some kind of a

1584

01:17:55,149 --> 01:17:52,340

light from a horn that was on the beak

1585

01:17:57,550 --> 01:17:55,159

yeah and and like the first first night

1586

01:18:00,160 --> 01:17:57,560

it was seen by a man named Griffin VG

1587

01:18:02,169 --> 01:18:00,170

Griffin he saw some light up on top of a

1588

01:18:03,610 --> 01:18:02,179

building thought two-story building in

1589

01:18:05,470 --> 01:18:03,620

town thought it was some kind of a

1590

01:18:07,419 --> 01:18:05,480

burglar then he sees the light across

1591

01:18:09,610 --> 01:18:07,429

the street in another building couldn't

1592

01:18:13,720 --> 01:18:09,620

figure that one out and then dr.

1593

01:18:16,899 --> 01:18:13,730

Ellicott he he this is very dark night

1594

01:18:18,850 --> 01:18:16,909

this is uh on a Wednesday early early

1595

01:18:20,470 --> 01:18:18,860

morning he wakes up there's a bright

1596

01:18:22,419 --> 01:18:20,480

light shining through the window in his

1597

01:18:25,570 --> 01:18:22,429

face he can't figure out what the source

1598

01:18:28,720 --> 01:18:25,580

is he keeps his eyes adjust somewhat and

1599

01:18:31,060 --> 01:18:28,730

he sees kind of a vaguely human you know

1600

01:18:35,439 --> 01:18:31,070

cross between a human and animal form

1601

01:18:38,560 --> 01:18:35,449

with large bat-like wings he blasted

1602

01:18:40,899 --> 01:18:38,570

with his gun yeah

1603

01:18:42,910 --> 01:18:40,909

the creature either vanishes or takes

1604

01:18:45,250 --> 01:18:42,920

off but he doesn't you know there's no

1605

01:18:47,200 --> 01:18:45,260

evidence that he actually hit it and

1606

01:18:49,240 --> 01:18:47,210

this went on for several nights there

1607

01:18:55,240 --> 01:18:49,250

they called it a week the week of terror

1608

01:18:58,090 --> 01:18:55,250

yes and there were some really both Chad

1609

01:19:00,430 --> 01:18:58,100

Lewis and Kevin Nelson did presentations

1610

01:19:03,070 --> 01:19:00,440

one of the interesting things about this

1611

01:19:04,810 --> 01:19:03,080

thing was you know how River how John

1612

01:19:07,600 --> 01:19:04,820

keel we talked about him a lot yeah he

1613

01:19:09,100 --> 01:19:07,610

believed that the the the manifestation

1614

01:19:11,680 --> 01:19:09,110

the the way that these things look

1615

01:19:13,810 --> 01:19:11,690

wasn't quite that important he was

1616

01:19:15,880 --> 01:19:13,820

looking for he said the cosmic mechanism

1617

01:19:17,890 --> 01:19:15,890

behind these things when you look at

1618

01:19:21,430 --> 01:19:17,900

this and some of these new sightings you

1619

01:19:23,860 --> 01:19:21,440

have this kind of a very similar to some

1620

01:19:25,750 --> 01:19:23,870

of the so called et Encounters although

1621

01:19:28,720 --> 01:19:25,760

nobody ever thought this was an et but

1622

01:19:31,630 --> 01:19:28,730

you have the light you have you had one

1623

01:19:33,820 --> 01:19:31,640

case where a mr. white and saw this

1624

01:19:35,140 --> 01:19:33,830

thing he saw this thing he heard some

1625

01:19:37,540 --> 01:19:35,150

kind of a strange noise looks out his

1626

01:19:41,169 --> 01:19:37,550

window sees it sitting on top of the

1627

01:19:50,280 --> 01:19:41,179

crossbar a telephone pole

1628

01:19:50,290 --> 01:19:55,260

you

1629

01:19:59,490 --> 01:19:57,090

up to its full height it's about eight

1630

01:20:03,930 --> 01:19:59,500

feet tall okay starts first it starts

1631

01:20:08,690 --> 01:20:03,940

leaping like a kangaroo and then

1632

01:20:11,400 --> 01:20:08,700

he shoots at it again it takes off and

1633

01:20:13,890 --> 01:20:11,410

well no it takes off on a first on all

1634

01:20:16,290 --> 01:20:13,900

fours and then spreads its wings and

1635

01:20:18,270 --> 01:20:16,300

takes off now about this time he smells

1636

01:20:19,890 --> 01:20:18,280

some kind of a horrible odor which is

1637

01:20:21,870 --> 01:20:19,900

another thing that shows up in these and

1638

01:20:23,760 --> 01:20:21,880

right after that he can't remember

1639

01:20:25,950 --> 01:20:23,770

anything else that happened the rest of

1640

01:20:28,710 --> 01:20:25,960

the night so you have the amnesia factor

1641

01:20:30,720 --> 01:20:28,720

as well right but let me just tell you

1642

01:20:32,520 --> 01:20:30,730

oh go ahead no it's just conceited see

1643

01:20:34,800 --> 01:20:32,530

that's weird is that you know we haven't

1644

01:20:36,930 --> 01:20:34,810

really kind of you know put it that way

1645

01:20:40,770 --> 01:20:36,940

before but that's another idea that we

1646

01:20:43,740 --> 01:20:40,780

talked about a lot the you know theory

1647

01:20:46,350 --> 01:20:43,750

that all this stuff is you know it's

1648

01:20:48,660 --> 01:20:46,360

from the same thing UFOs Bigfoot who

1649

01:20:51,630 --> 01:20:48,670

knows this was that but it is strange

1650

01:20:53,430 --> 01:20:51,640

that people have these reactions when

1651  
01:20:55,350 --> 01:20:53,440  
they see as you say aliens but they also

1652  
01:20:57,120 --> 01:20:55,360  
have these kind of same reactions when

1653  
01:20:59,490 --> 01:20:57,130  
they see creatures like this is gonna be

1654  
01:21:02,490 --> 01:20:59,500  
some connection you know it has to be

1655  
01:21:03,870 --> 01:21:02,500  
they they think it was butts associated

1656  
01:21:06,630 --> 01:21:03,880  
with some kind of it was a mind they're

1657  
01:21:08,220 --> 01:21:06,640  
an old clothes down coal mine and one of

1658  
01:21:09,990 --> 01:21:08,230  
them was seen there along with another

1659  
01:21:13,170 --> 01:21:10,000  
one which was what was about half its

1660  
01:21:14,850 --> 01:21:13,180  
size they even got a posse out toward

1661  
01:21:17,340 --> 01:21:14,860  
the end of the week with her guns

1662  
01:21:18,570 --> 01:21:17,350  
looking for this thing but this this

1663  
01:21:20,760 --> 01:21:18,580

festival is they've been doing this

1664

01:21:22,710 --> 01:21:20,770

about five years it's has had some very

1665

01:21:30,270 --> 01:21:22,720

humble beginnings just like the Mothman

1666

01:21:30,280 --> 01:22:00,100

you

1667

01:22:04,990 --> 01:22:02,979

it is to work by the festive Mothman

1668

01:22:06,669 --> 01:22:05,000

festival these days but you know you got

1669

01:22:09,280 --> 01:22:06,679

a look at the the Mothman festivals had

1670

01:22:11,500 --> 01:22:09,290

a whole series of serendipitous events

1671

01:22:14,439 --> 01:22:11,510

to kind of you know give it its its

1672

01:22:16,780 --> 01:22:14,449

thousands of attendees right in 2003

1673

01:22:18,520 --> 01:22:16,790

they had a piece on CBS Sunday morning

1674

01:22:20,169 --> 01:22:18,530

they had the film with Richard Gere

1675

01:22:22,120 --> 01:22:20,179

they've had a whole series of great

1676

01:22:24,520 --> 01:22:22,130

documentaries so you know little by

1677

01:22:27,669 --> 01:22:24,530

little it's grown I really expect this

1678

01:22:30,970 --> 01:22:27,679

will too but it was great to talk to the

1679

01:22:33,729 --> 01:22:30,980

authors of the book the they told me

1680

01:22:36,820 --> 01:22:33,739

that you know while the festival has

1681

01:22:38,859 --> 01:22:36,830

grown a little bit every year this year

1682

01:22:40,870 --> 01:22:38,869

there was just a great deal of

1683

01:22:43,330 --> 01:22:40,880

enthusiasm people are really really

1684

01:22:46,240 --> 01:22:43,340

enjoying this and I I talked to some

1685

01:22:49,629 --> 01:22:46,250

people I talked to a lady that you know

1686

01:22:52,000 --> 01:22:49,639

nobody in her family co-workers friends

1687

01:22:53,500 --> 01:22:52,010

nobody is interested in this stuff so

1688

01:22:55,330 --> 01:22:53,510

when she comes to an event like this

1689

01:22:58,720 --> 01:22:55,340

it's like oh my god I can talk to people

1690

01:22:59,470 --> 01:22:58,730

about this stuff right and I enjoy right

1691

01:23:01,300 --> 01:22:59,480

yeah cool

1692

01:23:03,070 --> 01:23:01,310

so how many how many people were there

1693

01:23:06,040 --> 01:23:03,080

the desert but they asked me to about

1694

01:23:08,740 --> 01:23:06,050

350 and what was very very cool is Chad

1695

01:23:10,300 --> 01:23:08,750

Lewis he did this walking tour and he

1696

01:23:12,160 --> 01:23:10,310

did it both in the daytime and at night

1697

01:23:14,140 --> 01:23:12,170

time you know he hooks up with a with a

1698

01:23:17,740 --> 01:23:14,150

microphone and a little little speaker

1699

01:23:19,510 --> 01:23:17,750

and you could go on a bus if you you

1700

01:23:21,760 --> 01:23:19,520

know had trouble walking or whatever or

1701

01:23:23,530 --> 01:23:21,770

just the walking tour and what he does

1702

01:23:25,060 --> 01:23:23,540

is he goes through town and he points at

1703

01:23:26,740 --> 01:23:25,070

all the buildings where you know when

1704

01:23:28,209 --> 01:23:26,750

the first that's light was seen he

1705

01:23:30,520 --> 01:23:28,219

points to where the thing was seen on

1706

01:23:32,500 --> 01:23:30,530

the telephone pole the doctor's office

1707

01:23:34,419 --> 01:23:32,510

that was disturbed and so you go through

1708

01:23:36,790 --> 01:23:34,429

town and then you make a 90-degree angle

1709

01:23:39,220 --> 01:23:36,800

and you go out to where the old mine was

1710

01:23:41,350 --> 01:23:39,230

so it's not really very far at all then

1711

01:23:43,149 --> 01:23:41,360

you can see where the there was another

1712

01:23:44,740 --> 01:23:43,159

trend remember there's another factory

1713

01:23:46,899 --> 01:23:44,750

out there left of the mine closed down

1714

01:23:48,910 --> 01:23:46,909

and that's where they they saw the two

1715

01:23:51,910 --> 01:23:48,920

of them together so you get the whole

1716

01:23:53,859 --> 01:23:51,920

you know the whole I mean you can kind

1717

01:23:55,359 --> 01:23:53,869

of visualize what's going on and he's

1718

01:23:58,209 --> 01:23:55,369

telling you you know what these people

1719

01:24:01,120 --> 01:23:58,219

had seen right and another thing he

1720

01:24:02,800 --> 01:24:01,130

revealed was there was actually a more

1721

01:24:05,800 --> 01:24:02,810

recent sighting in some time in the

1722

01:24:07,419 --> 01:24:05,810

1980s now this this this set these this

1723

01:24:10,660 --> 01:24:07,429

incidents these these were just buried

1724

01:24:12,970 --> 01:24:10,670

nobody remembered about the VanMeter

1725

01:24:13,839 --> 01:24:12,980

creature you know it was just gone right

1726

01:24:15,040 --> 01:24:13,849

and

1727

01:24:17,020 --> 01:24:15,050

until they started digging into old

1728

01:24:18,879 --> 01:24:17,030

newspapers well there was some guy out

1729

01:24:21,100 --> 01:24:18,889

there and in the 1980s just walking his

1730

01:24:23,470 --> 01:24:21,110

dog there's a nice long dirt road that

1731

01:24:26,140 --> 01:24:23,480

goes adjacent to where the mine was and

1732

01:24:28,930 --> 01:24:26,150

this thing that that's sound exactly

1733

01:24:32,500 --> 01:24:28,940

like the the Van Meter visitor the van

1734

01:24:33,910 --> 01:24:32,510

Meter creature swooped down and just

1735

01:24:37,089 --> 01:24:33,920

kind of buzzed over them and then took

1736

01:24:39,189 --> 01:24:37,099

off totally freaked him out he had no no

1737

01:24:41,589 --> 01:24:39,199

conception that it was something out of

1738

01:24:43,330 --> 01:24:41,599

the past right yeah wow that's wild man

1739

01:24:47,560 --> 01:24:43,340

that's crazy

1740

01:24:51,430 --> 01:24:47,570

so I just I don't know I got a bunch of

1741

01:24:54,250 --> 01:24:51,440

questions but you know why why do people

1742

01:24:55,689 --> 01:24:54,260

see this thing and not Mothman if you

1743

01:24:58,300 --> 01:24:55,699

know what I mean you know why

1744

01:25:01,770 --> 01:24:58,310

if why is there another winged creature

1745

01:25:05,050 --> 01:25:01,780

out there you know you don't I mean why

1746

01:25:08,950 --> 01:25:05,060

why would you have yes creatures well

1747

01:25:10,780 --> 01:25:08,960

it's that goes into a Kevin Nelson when

1748

01:25:12,640 --> 01:25:10,790

he gave his talk he talked about all

1749

01:25:15,760 --> 01:25:12,650

kinds of other winged creatures

1750

01:25:18,129 --> 01:25:15,770

including Mothman and also focus on the

1751

01:25:20,589 --> 01:25:18,139

what they're calling the Chicago phantom

1752

01:25:23,800 --> 01:25:20,599

the the winged humanoids that they're

1753

01:25:26,530 --> 01:25:23,810

seeing around North Chicago nice right

1754

01:25:27,640 --> 01:25:26,540

well I also rosemary ellen guiley the

1755

01:25:30,760 --> 01:25:27,650

lady that had me on her show a little

1756

01:25:32,520 --> 01:25:30,770

while ago she did a presentation on that

1757

01:25:34,629 --> 01:25:32,530

at the Mothman festival

1758

01:25:36,609 --> 01:25:34,639

yeah that's good switch remain oh you

1759

01:25:41,709 --> 01:25:36,619

lose you leavin yeah you learn in the

1760

01:25:43,390 --> 01:25:41,719

business yes so yeah it's well I mean he

1761

01:25:46,209 --> 01:25:43,400

actually brought up John keel himself

1762

01:25:48,399 --> 01:25:46,219

you know about how a keel you used the

1763

01:25:50,740 --> 01:25:48,409

term altered terrestrial as some kind of

1764

01:25:52,930 --> 01:25:50,750

a literary device to kind of try to

1765

01:25:56,080 --> 01:25:52,940

explain the that these strange

1766

01:25:57,189 --> 01:25:56,090

manifestations that show up it's it's

1767

01:25:58,660 --> 01:25:57,199

probably a lot of people were saying

1768

01:26:02,080 --> 01:25:58,670

well you know we're seeing the Mothman

1769

01:26:04,060 --> 01:26:02,090

over a cago or you know Mothman was seen

1770

01:26:07,060 --> 01:26:04,070

before Chernobyl

1771

01:26:08,439 --> 01:26:07,070

blew its top but they're not quite the

1772

01:26:10,629 --> 01:26:08,449

same you know even if some of these

1773

01:26:13,180 --> 01:26:10,639

reports are accurate they're never quite

1774

01:26:14,890 --> 01:26:13,190

the same not you know you're there just

1775

01:26:18,160 --> 01:26:14,900

just like you know when you go back and

1776

01:26:20,649 --> 01:26:18,170

look at the well the UFO reports

1777

01:26:23,140 --> 01:26:20,659

themselves the the saucers the cigar

1778

01:26:25,299 --> 01:26:23,150

shape-shifts eyes the car shape-shift

1779

01:26:27,550 --> 01:26:25,309

ships okay Oh

1780

01:26:29,920 --> 01:26:27,560

almost almost difficult to say okay

1781

01:26:32,230 --> 01:26:29,930

and and even the the occupants these

1782

01:26:34,150 --> 01:26:32,240

there's many reports where people claim

1783

01:26:36,250 --> 01:26:34,160

to see the occupants if you look at the

1784

01:26:40,260 --> 01:26:36,260

general categories just like if you look

1785

01:26:42,910 --> 01:26:40,270

at these sort of winged creatures

1786

01:26:44,860 --> 01:26:42,920

generally they fall into categories you

1787

01:26:46,930 --> 01:26:44,870

start to get down into specifics and

1788

01:26:50,380 --> 01:26:46,940

there's all kinds of differences that

1789

01:26:52,810 --> 01:26:50,390

seem to go beyond just perception I mean

1790

01:26:55,930 --> 01:26:52,820

there's if you go back into I'm trying

1791

01:26:58,120 --> 01:26:55,940

to think is it South America the he

1792

01:27:00,310 --> 01:26:58,130

calls or whatever there's the the belief

1793

01:27:02,530 --> 01:27:00,320

of these little winged creatures that

1794

01:27:04,270 --> 01:27:02,540

have some kind of a like a jet pack or

1795

01:27:06,130 --> 01:27:04,280

something on their back that oh they

1796

01:27:08,980 --> 01:27:06,140

grab children and so forth I mean

1797

01:27:11,710 --> 01:27:08,990

there's all kinds of these these legends

1798

01:27:14,230 --> 01:27:11,720

and beliefs of some kind of a winged

1799

01:27:15,790 --> 01:27:14,240

humanoid let me let me ask you this in

1800

01:27:19,060 --> 01:27:15,800

the two minutes we have left before the

1801  
01:27:20,650 --> 01:27:19,070  
double switch is upon us now these this

1802  
01:27:21,700 --> 01:27:20,660  
guy like the one guy who looked at his

1803  
01:27:23,620 --> 01:27:21,710  
window and the thing that's kind of

1804  
01:27:24,070 --> 01:27:23,630  
perched on a telephone pole right right

1805  
01:27:27,280 --> 01:27:24,080  
right

1806  
01:27:30,640 --> 01:27:27,290  
and he's shot at it yes okay and then

1807  
01:27:32,260 --> 01:27:30,650  
you climb down and bound it away well my

1808  
01:27:34,090 --> 01:27:32,270  
question is is this and I know there's

1809  
01:27:36,220 --> 01:27:34,100  
no good answer to this but I always

1810  
01:27:37,060 --> 01:27:36,230  
think what was he doing up there in the

1811  
01:27:40,660 --> 01:27:37,070  
first place

1812  
01:27:44,590 --> 01:27:40,670  
okay and he was okay I have an answer

1813  
01:27:47,110 --> 01:27:44,600

and when did he go okay so you know so

1814

01:27:49,090 --> 01:27:47,120

why do you I mean if these people if

1815

01:27:50,980 --> 01:27:49,100

these beings come from let's say another

1816

01:27:53,230 --> 01:27:50,990

universe or someplace we don't know that

1817

01:27:55,270 --> 01:27:53,240

kind of overlaps into eyes till they

1818

01:27:57,310 --> 01:27:55,280

feel lost you know what I mean are they

1819

01:28:00,490 --> 01:27:57,320

lost and then somehow they get back to

1820

01:28:02,260 --> 01:28:00,500

their own universe or kicked out of

1821

01:28:03,670 --> 01:28:02,270

their tribe or something all right well

1822

01:28:04,510 --> 01:28:03,680

they were only here temporarily if you

1823

01:28:07,300 --> 01:28:04,520

know what I mean they show up

1824

01:28:08,290 --> 01:28:07,310

sporadically like that yeah yeah even if

1825

01:28:10,980 --> 01:28:08,300

there's something from the so-called

1826

01:28:14,110 --> 01:28:10,990

super spectrum you know from the their

1827

01:28:16,810 --> 01:28:14,120

transmogrification zuv energy that are

1828

01:28:18,430 --> 01:28:16,820

temporary constructs or whatever or if

1829

01:28:20,560 --> 01:28:18,440

they're actually physically real and

1830

01:28:22,630 --> 01:28:20,570

they pop in from somewhere else yeah it

1831

01:28:24,700 --> 01:28:22,640

does it seems like they're out of place

1832

01:28:26,650 --> 01:28:24,710

it's right you know why the hell is

1833

01:28:28,630 --> 01:28:26,660

everybody shooting at me you know and

1834

01:28:30,580 --> 01:28:28,640

this thing was shot at a lot of times

1835

01:28:32,080 --> 01:28:30,590

that's another thing that's funny people

1836

01:28:33,910 --> 01:28:32,090

shoot at these things and nothing

1837

01:28:35,920 --> 01:28:33,920

happens oh by the way what they did but

1838

01:28:39,130 --> 01:28:35,930

it was physical enough that the the one

1839

01:28:41,300 --> 01:28:39,140

doctor he made a cast of a three-toed

1840

01:28:46,370 --> 01:28:41,310

print oh wow

1841

01:28:50,330 --> 01:28:46,380

yeah interesting so the thing any I see

1842

01:28:54,110 --> 01:28:50,340

any photographs at all I know there was

1843

01:28:55,850 --> 01:28:54,120

just right there was nothing ever ever

1844

01:28:58,550 --> 01:28:55,860

back then I don't know what kind what

1845

01:29:01,100 --> 01:28:58,560

state photography was in in 1903 but it

1846

01:29:03,260 --> 01:29:01,110

probably would have been much harder to

1847

01:29:05,270 --> 01:29:03,270

run after something hey switch real

1848

01:29:09,140 --> 01:29:05,280

quick what is the topic of a double

1849

01:29:11,360 --> 01:29:09,150

switch the topic of double switch yeah

1850

01:29:19,760 --> 01:29:11,370

the next segment coming up the next

1851  
01:29:22,490 --> 01:29:19,770  
segment coming up is I forget we're

1852  
01:29:24,260 --> 01:29:22,500  
going to what we should do though is

1853  
01:29:27,230 --> 01:29:24,270  
before we go up to this commercial break

1854  
01:29:28,640 --> 01:29:27,240  
I can't let this go by I mean we're

1855  
01:29:30,410 --> 01:29:28,650  
talking to people in the future but

1856  
01:29:32,030 --> 01:29:30,420  
yesterday one of the greatest musicians

1857  
01:29:35,840 --> 01:29:32,040  
I might have been in rock and roll

1858  
01:29:38,720 --> 01:29:35,850  
passed away Tom Petty is someone you

1859  
01:29:42,410 --> 01:29:38,730  
know more one more crappy thing on a

1860  
01:29:45,110 --> 01:29:42,420  
tragic tragic we I mean you ain't can

1861  
01:29:47,780 --> 01:29:45,120  
but the thing is is that you know

1862  
01:29:49,490 --> 01:29:47,790  
someone actually you know game a little

1863  
01:29:51,290 --> 01:29:49,500

bit of a eulogy last night while I was

1864

01:29:54,170 --> 01:29:51,300

driving home and I had heard that you

1865

01:29:56,090 --> 01:29:54,180

know things might have you know not been

1866

01:29:58,190 --> 01:29:56,100

too good to him and then you know that's

1867

01:30:00,080 --> 01:29:58,200

turned out no but they said you know

1868

01:30:01,520 --> 01:30:00,090

when you saw those guys play they

1869

01:30:02,360 --> 01:30:01,530

weren't jumping around the stage you

1870

01:30:04,070 --> 01:30:02,370

know what I mean they weren't running

1871

01:30:05,660 --> 01:30:04,080

back and forth that making idiots

1872

01:30:07,760 --> 01:30:05,670

themselves they used to just stand there

1873

01:30:10,970 --> 01:30:07,770

and play and was talk about a tight band

1874

01:30:13,190 --> 01:30:10,980

Wow and he preserved a lot of music he's

1875

01:30:14,810 --> 01:30:13,200

reserved that kind of jangly 12 string

1876  
01:30:15,800 --> 01:30:14,820  
guitar stuff one you know what I mean

1877  
01:30:19,040 --> 01:30:15,810  
yeah I do

1878  
01:30:21,080 --> 01:30:19,050  
I left him in all his incarnations with

1879  
01:30:24,170 --> 01:30:21,090  
the band solo with the Traveling

1880  
01:30:25,760 --> 01:30:24,180  
Wilburys yeah yeah and I think if you

1881  
01:30:29,120 --> 01:30:25,770  
really want to have a special moment

1882  
01:30:30,170 --> 01:30:29,130  
with him go on YouTube they did I can't

1883  
01:30:32,000 --> 01:30:30,180  
remember the other artists that were

1884  
01:30:33,530 --> 01:30:32,010  
with him because frankly I'm a little

1885  
01:30:38,570 --> 01:30:33,540  
bit upset with everything that's gone on

1886  
01:30:40,640 --> 01:30:38,580  
you get a gray one - Roy yep it was just

1887  
01:30:43,520 --> 01:30:40,650  
great they did a great thing on stage

1888  
01:30:47,390 --> 01:30:43,530

and that should be planned for him yeah

1889

01:30:51,860 --> 01:30:47,400

he opens with Bob Dylan - 12 x 8 or

1890

01:30:54,160 --> 01:30:51,870

above Dylan and and there was a time you

1891

01:30:55,689 --> 01:30:54,170

know when he you know was around for

1892

01:30:57,340 --> 01:30:55,699

ideas that they were like the only rock

1893

01:30:59,169 --> 01:30:57,350

band on the radio you know what I mean

1894

01:31:00,820 --> 01:30:59,179

they were like they kind of kept the

1895

01:31:04,090 --> 01:31:00,830

going until Rock kinda came back in

1896

01:31:05,709 --> 01:31:04,100

fashion so too bad Tom Petty I always

1897

01:31:07,000 --> 01:31:05,719

wanted to see them but I'll have the

1898

01:31:07,600 --> 01:31:07,010

opportunity now that's why you get me go

1899

01:31:08,950 --> 01:31:07,610

see them

1900

01:31:11,229 --> 01:31:08,960

you know while they're still around

1901

01:31:15,640 --> 01:31:11,239

because these guys are you know he got

1902

01:31:17,500 --> 01:31:15,650

crap for that song lost deejay yes he

1903

01:31:22,950 --> 01:31:17,510

gave him a hard time on that side not

1904

01:31:26,169 --> 01:31:22,960

dessert anyway to fly to fly was good

1905

01:31:27,970 --> 01:31:26,179

last dance last dance for Mary Jane was

1906

01:31:30,250 --> 01:31:27,980

one of the best songs ever man that's

1907

01:31:30,760 --> 01:31:30,260

one of the best rides duet with Stevie

1908

01:31:35,459 --> 01:31:30,770

Nicks

1909

01:31:39,130 --> 01:31:35,469

yeah stop this time around what was it

1910

01:31:41,169 --> 01:31:39,140

draggin my heart around okay all right

1911

01:31:43,150 --> 01:31:41,179

so listen what we're going to do is take

1912

01:31:47,709 --> 01:31:43,160

a commercial break here and then the

1913

01:31:50,890 --> 01:31:47,719

devil switch will be on mellow mystery

1914

01:31:52,450 --> 01:31:50,900

yes so why don't we take an end now and

1915

01:31:54,130 --> 01:31:52,460

you're listening to Mack Moniz

1916

01:31:55,720 --> 01:31:54,140

military-style show here on the distant

1917

01:32:01,030 --> 01:31:55,730

Thunder radio network we will be right

1918

01:32:03,760 --> 01:32:01,040

back after this America has lost world

1919

01:32:06,900 --> 01:32:03,770

war three terrorists control the

1920

01:32:13,069 --> 01:32:06,910

countryside air pirates rule our skies

1921

01:32:18,569 --> 01:32:15,930

but just when it seems like freedom is a

1922

01:32:21,060 --> 01:32:18,579

thing of the past a new hero emerges

1923

01:32:23,370 --> 01:32:21,070

from the ashes a true American who

1924

01:32:26,040 --> 01:32:23,380

stands up for what's right a fighter

1925

01:32:27,149 --> 01:32:26,050

pilot who could defeat any fault anytime

1926

01:32:35,220 --> 01:32:27,159

anywhere

1927

01:32:40,500 --> 01:32:37,710

follow the adventures of hawk hunter the

1928

01:32:43,140 --> 01:32:40,510

wingman as he fights to revive the idea

1929

01:32:45,540 --> 01:32:43,150

of america through 17 action-packed

1930

01:32:48,600 --> 01:32:45,550

books hunter battles all those who would

1931

01:32:51,120 --> 01:32:48,610

tread on Old Glory in the air on the sea

1932

01:32:53,250 --> 01:32:51,130

or on the ground his dream is to put the

1933

01:32:56,730 --> 01:32:53,260

United States back together again and

1934

[Music]

1939

01:33:20,760 --> 01:33:18,699

after the events of 9/11 we thought

1940

01:33:23,370 --> 01:33:20,770

America would never be the same

1941

01:33:26,070 --> 01:33:23,380

our homeland was attacked our fellow

1942

01:33:30,270 --> 01:33:26,080

Americans killed by terrorists it seemed

1943

01:33:31,950 --> 01:33:30,280

like all hope was lost until a special

1944

01:33:34,680 --> 01:33:31,960

group of Patriots came together and

1945

01:33:38,459 --> 01:33:34,690

defied the Pentagon and vowed to take

1946

01:33:40,350 --> 01:33:38,469

revenge but in their own way they took

1947

01:33:42,180 --> 01:33:40,360

the battle to the terrorists doorstep

1948

01:33:44,820 --> 01:33:42,190

turning the tables on the murderers

1949

01:33:47,280 --> 01:33:44,830

fighting with no rules taking no

1950

01:33:49,919 --> 01:33:47,290

prisoners until they became terrorists

1951

01:33:52,890 --> 01:33:49,929

themselves this is the story of the

1952

01:33:55,530 --> 01:33:52,900

president didn't know they existed their

1954

01:33:59,310 --> 01:33:57,699

mission was to kill bin Laden but they

1955

01:34:02,339 --> 01:33:59,320

1956

01:34:04,740 --> 01:34:02,349

welcome back everyone to Mack Morgan's

1987

01:40:08,330 --> 01:40:05,970

little track style show here on the

1988

01:40:11,480 --> 01:40:08,340

distant Thunder radio network this is

1989

01:40:13,610 --> 01:40:11,490

back in the studio with us tonight the

1990

01:40:16,310 --> 01:40:13,620

very famous one is here yes sir how you

1991

01:40:19,640 --> 01:40:16,320

doing tonight Mack he has the Tom Brady

1992

01:40:21,920 --> 01:40:19,650

book that he bought quite a while just

1993

01:40:23,980 --> 01:40:21,930

clutch to his breast and it's heavy -

1994

01:40:26,840 --> 01:40:23,990

it's hard to clutch it - your breast can

1995

01:40:30,080 --> 01:40:26,850

cover okay kind of a large format not

1996

01:40:32,810 --> 01:40:30,090

quite the the coffee table sighs smells

1997

01:40:35,150 --> 01:40:32,820

kinda big all right so it's big like he

1998

01:40:36,590 --> 01:40:35,160

is I don't want to get into any stray

1999

01:40:38,840 --> 01:40:36,600

territory here but what's it gonna be

2000

01:40:40,700 --> 01:40:38,850

like reading it in the bed if you know I

2001

01:40:42,350 --> 01:40:40,710

mean oh man is it bad like kind of

2002

01:40:45,260 --> 01:40:42,360

everything I did is look at the pictures

2003

01:40:46,830 --> 01:40:45,270

yeah okay all right Oh some good bunch

2004

01:40:56,680 --> 01:40:46,840

of box of Kleenex that's what it sounds

2005

01:41:05,930 --> 01:40:59,180

down so then we have a computer glitch

2006

01:41:10,520 --> 01:41:05,940

in the rimshot so just imagine close

2007

01:41:12,740 --> 01:41:10,530

that's another show there my friend Coco

2008

01:41:15,200 --> 01:41:12,750

is gonna be joining us later on from a

2009

01:41:17,780 --> 01:41:15,210

undisclosed location he's remote tonight

2010

01:41:20,000 --> 01:41:17,790

and he likes to sing but he'll be on the

2011

01:41:22,100 --> 01:41:20,010

wing with us soon another thing that he

2012

01:41:24,290 --> 01:41:22,110

likes to say so what we're gonna do

2013

01:41:27,710 --> 01:41:24,300

though on the phone with us though is

2014

01:41:30,560 --> 01:41:27,720

oh I should introduce the guest in our

2015

01:41:32,600 --> 01:41:30,570

studio sitting in with us tonight this

2016

01:41:38,920 --> 01:41:32,610

is due to popular demand believe it or

2017

01:41:43,640 --> 01:41:41,570

the kid is a glutton for punishment yeah

2018

01:41:49,220 --> 01:41:43,650

sure something here that or he's hungry

2019

01:41:56,750 --> 01:41:49,230

2020

01:41:59,270 --> 01:41:56,760

disclaimer you will not be able to fly

2026

01:42:10,040 --> 01:42:08,790

by switching to Geico

2027

01:42:11,210 --> 01:42:10,050

this is against the laws of physics and

2028

01:42:12,500 --> 01:42:11,220

nature if you find yourself flying

2029

01:42:14,090 --> 01:42:12,510

please seek professional and/or medical

2030

01:42:15,650 --> 01:42:14,100

help immediately in the unlikely event

2031

01:42:16,879 --> 01:42:15,660

you find yourself lying you might be a

2032

01:42:18,890 --> 01:42:16,889

superhero or

2033

01:42:20,419 --> 01:42:18,900

or a superhero named Paige woman who was

2034

01:42:22,100 --> 01:42:20,429

bitten by a radioactive pigeon if you

2035

01:42:23,300 --> 01:42:22,110

are indeed bid woman Geico retains all

2036

01:42:24,979 --> 01:42:23,310

licensing publishing rights in the event

2037

01:42:27,020 --> 01:42:24,989

pits woman the movie becomes a top

2038

01:42:30,379 --> 01:42:27,030

grossing Hollywood blockbuster Geico 15

2039

01:42:32,060 --> 01:42:30,389

minutes could save you 15% or more but

2040

01:42:34,490 --> 01:42:32,070

up there in the bowl of flakes Battle

2041

01:42:36,560 --> 01:42:34,500

Creek Michigan how you doing miss ritchi

2042

01:42:38,450 --> 01:42:36,570

well you know I'm doing so good that

2043

01:42:39,700 --> 01:42:38,460

they actually had to blood test me to

2044

01:42:42,020 --> 01:42:39,710

make sure that I didn't have any

2045

01:42:43,939 --> 01:42:42,030

substances in my bloodstream before you

2046

01:42:45,350 --> 01:42:43,949

know illegal illegal one why I'm gonna

2047

01:42:50,060 --> 01:42:45,360

have to talk to my gotta go get the rim

2048

01:42:53,780 --> 01:42:50,070

shot that's good huh we're not talking

2049

01:42:55,550 --> 01:42:53,790

about substances are not quite legal yet

2050

01:42:57,260 --> 01:42:55,560

but I'm pretty close to him there you go

2051

01:43:00,500 --> 01:42:57,270

no they were just suspicious that's all

2052

01:43:02,629 --> 01:43:00,510

because I was doing so good good so

2053

01:43:05,000 --> 01:43:02,639

would he get going for us tonight well

2054

01:43:08,990 --> 01:43:05,010

tonight now this is a really bizarre

2055

01:43:10,700 --> 01:43:09,000

case in the annals of UFO literature and

2056

01:43:14,030 --> 01:43:10,710

the first part of this the source is

2057

01:43:18,890 --> 01:43:14,040

from the flying saucer review April 67

2058

01:43:22,879 --> 01:43:18,900

now the flying saucer review review oh

2059

01:43:24,290 --> 01:43:22,889

yes I started written the drive and went

2060

01:43:27,080 --> 01:43:24,300

for decades it was actually a very

2061

01:43:29,180 --> 01:43:27,090

excellent Journal and the good news is

2062

01:43:32,600 --> 01:43:29,190

that you can get these now for a lot

2063

01:43:34,910 --> 01:43:32,610

\$2.99 each on Kindle Amanda Ashe Stanton

2064

01:43:38,080 --> 01:43:34,920

has made them available through Amazon

2065

01:43:40,520 --> 01:43:38,090

so it's a phenomenal resource of

2066

01:43:43,100 --> 01:43:40,530

information from way back but anyway

2067

01:43:49,189 --> 01:43:43,110

this is a really bizarre case and it was

2068

01:43:52,939 --> 01:43:49,199

August 20th 1966 on a hill called Morrow

2069

01:43:53,660 --> 01:43:52,949

- victim at Nita Roy near Rio de Janeiro

2070

01:43:55,419 --> 01:43:53,670

uh-huh

2071

01:44:00,709 --> 01:43:55,429

as close as I can get to some of these

2072

01:44:03,290 --> 01:44:00,719

Portuguese associations okay a boy named

2073

01:44:05,270 --> 01:44:03,300

Manuel was looking for his kite and on

2074

01:44:07,879 --> 01:44:05,280

this hill he discovers the bodies of two

2075

01:44:10,129 --> 01:44:07,889

men lying on their back as if they're

2076

01:44:12,530 --> 01:44:10,139

kind of stretched out as if asleep but

2077

01:44:14,720 --> 01:44:12,540

they're very dead and there's no sign of

2078

01:44:17,240 --> 01:44:14,730

a struggle and the strange thing was

2079

01:44:21,550 --> 01:44:17,250

this it was that each one had a lead

2080

01:44:25,339 --> 01:44:21,560

mask laying next to their heads so and

2081

01:44:27,320 --> 01:44:25,349

of course he gets the local police they

2082

01:44:28,970 --> 01:44:27,330

found pollute monody preliminary

2083

01:44:29,990 --> 01:44:28,980

investigation didn't reveal much there

2084

01:44:33,950 --> 01:44:30,000

was some

2085

01:44:36,200 --> 01:44:33,960

it including there was like some simple

2086

01:44:38,120 --> 01:44:36,210

electrical formulas the instructions

2087

01:44:41,630 --> 01:44:38,130

said something like take one capsule

2088

01:44:44,450 --> 01:44:41,640

after lunch Sunday now Wednesday take

2089

01:44:45,770 --> 01:44:44,460

one after bedtime be at arranged place

2090

01:44:49,760 --> 01:44:45,780

at 16:30

2091

01:44:51,770 --> 01:44:49,770

take capsules at 18:30 so the police

2092

01:44:54,200 --> 01:44:51,780

come involved maybe they identify the

2093

01:44:56,750 --> 01:44:54,210

bodies and begin to piece together some

2094

01:45:01,010 --> 01:44:56,760

of the some of their movements that was

2095

01:45:03,200 --> 01:45:01,020

Miguel Jose Vianna 32 and Manuel Tierra

2096

01:45:06,470 --> 01:45:03,210

de Cruz 34

2097

01:45:08,330 --> 01:45:06,480

both men were married had families they

2098

01:45:11,420 --> 01:45:08,340

were both Electronics Technicians from

2099

01:45:13,250 --> 01:45:11,430

the town of Campos now the story they

2100

01:45:15,350 --> 01:45:13,260

told they took off they took a bus to

2101  
01:45:17,330 --> 01:45:15,360  
this area from Campos the story they

2102  
01:45:21,470 --> 01:45:17,340  
told their friends and family was that

2103  
01:45:25,070 --> 01:45:21,480  
they were going off to saw Paulo to buy

2104  
01:45:26,330 --> 01:45:25,080  
a car and electronics equipment okay so

2105  
01:45:29,330 --> 01:45:26,340  
they arrived at their destination on

2106  
01:45:30,800 --> 01:45:29,340  
August 17th there was no record of them

2107  
01:45:33,560 --> 01:45:30,810  
buying a car or any kind of equipment

2108  
01:45:36,320 --> 01:45:33,570  
after the investigation now after the

2109  
01:45:38,120 --> 01:45:36,330  
bodies were examined they found no if

2110  
01:45:41,450 --> 01:45:38,130  
they again found no evidence of violence

2111  
01:45:43,340 --> 01:45:41,460  
and a check for poison they couldn't

2112  
01:45:45,190 --> 01:45:43,350  
find anything there either they

2113  
01:45:47,810 --> 01:45:45,200

considered other possibilities like

2114

01:45:49,820 --> 01:45:47,820

smuggling as some kind of smuggling

2115

01:45:51,890 --> 01:45:49,830

operation or drug transaction gone bad

2116

01:45:55,070 --> 01:45:51,900

they couldn't couldn't find any evidence

2117

01:45:57,200 --> 01:45:55,080

of either and as they as the

2118

01:45:59,090 --> 01:45:57,210

investigation continues they find out

2119

01:46:00,770 --> 01:45:59,100

there was a third man involved with a

2120

01:46:04,450 --> 01:46:00,780

dead man he was kind of an assistant

2121

01:46:07,210 --> 01:46:04,460

mm-hmm LC Gomez was their assistance and

2122

01:46:11,510 --> 01:46:07,220

he said that these two men were

2123

01:46:15,110 --> 01:46:11,520

spiritual scientists now at this point

2124

01:46:17,630 --> 01:46:15,120

in time I guess spiritualism was kind of

2125

01:46:20,840 --> 01:46:17,640

a big thing in Brazil and a lot of these

2126

01:46:23,750 --> 01:46:20,850

technicians were a part of it these guys

2127

01:46:26,390 --> 01:46:23,760

attended many seances they were part of

2128

01:46:29,240 --> 01:46:26,400

he said some secret society with unknown

2129

01:46:37,150 --> 01:46:29,250

aims mm-hmm now can you remind us what

2130

01:46:42,740 --> 01:46:37,160

year this is again 66 okay okay now the

2131

01:46:43,970 --> 01:46:42,750

according to to LC the the goal of these

2132

01:46:46,580 --> 01:46:43,980

two guys was to commune

2133

01:46:49,400 --> 01:46:46,590

with people from Mars okay all right now

2134

01:46:51,140 --> 01:46:49,410

Elsie had had helped the two men with

2135

01:46:53,540 --> 01:46:51,150

some of their experiments including one

2136

01:46:57,230 --> 01:46:53,550

that resulted in an explosion on June

2137

01:46:59,120 --> 01:46:57,240

13th at a de fauna beach okay okay when

2138

01:47:01,130 --> 01:46:59,130

when he arrived on the scene these guys

2139

01:47:03,140 --> 01:47:01,140

were already doing their experiment he

2140

01:47:05,510 --> 01:47:03,150

said he saw an intensely luminous object

2141

01:47:07,370 --> 01:47:05,520

come down close to the shoreline then it

2142

01:47:09,610 --> 01:47:07,380

began to rise and in a blinding flash

2143

01:47:11,780 --> 01:47:09,620

Fudd was followed by an explosion and

2144

01:47:14,200 --> 01:47:11,790

some of the witnesses there claimed they

2145

01:47:17,840 --> 01:47:14,210

saw a flying saucer fall into the sea

2146

01:47:20,600 --> 01:47:17,850

this is when the the Brazilian naval and

2147

01:47:22,010 --> 01:47:20,610

Air Force intelligence services began to

2148

01:47:24,260 --> 01:47:22,020

take an interest like what the heck is

2149

01:47:25,730 --> 01:47:24,270

going on okay now it comes out it's very

2150

01:47:27,770 --> 01:47:25,740

very confusing because it comes out

2151  
01:47:30,200 --> 01:47:27,780  
later according to relatives their

2152  
01:47:32,630 --> 01:47:30,210  
relatives that the the the explosions on

2153  
01:47:34,550 --> 01:47:32,640  
the beach were just pipe bombs so how

2154  
01:47:36,940 --> 01:47:34,560  
they got all the drama of a flying

2155  
01:47:39,500 --> 01:47:36,950  
saucer and these big flashes of light

2156  
01:47:43,190 --> 01:47:39,510  
falling into the sea we don't really

2157  
01:47:45,530 --> 01:47:43,200  
know the day before on June 12th

2158  
01:47:47,480 --> 01:47:45,540  
the Navy monitoring service had

2159  
01:47:49,510 --> 01:47:47,490  
intercepted a strange conversation

2160  
01:47:52,790 --> 01:47:49,520  
between three ham operators

2161  
01:47:54,680 --> 01:47:52,800  
unfortunately the conversation was was

2162  
01:47:58,970 --> 01:47:54,690  
secret but they said they were using

2163  
01:48:01,610 --> 01:47:58,980

false identifications like a CK j22 CK

2164

01:48:03,890 --> 01:48:01,620

j21 and so forth which is completely

2165

01:48:05,780 --> 01:48:03,900

bogus those guys yes now they

2166

01:48:07,940 --> 01:48:05,790

investigated Miguel's workshop at his

2167

01:48:10,130 --> 01:48:07,950

house and they found out that these lead

2168

01:48:12,650 --> 01:48:10,140

masks were apparently homemade they

2169

01:48:14,750 --> 01:48:12,660

found fragments of lead that matched the

2170

01:48:16,640 --> 01:48:14,760

masks that where they found the dead

2171

01:48:18,740 --> 01:48:16,650

bodies mm-hmm they also found a book on

2172

01:48:20,990 --> 01:48:18,750

what that was called scientific

2173

01:48:23,000 --> 01:48:21,000

spiritualism and I wish they had you

2174

01:48:24,710 --> 01:48:23,010

know listed the source so that to see if

2175

01:48:26,750 --> 01:48:24,720

I could have found it in English but no

2176

01:48:28,580 --> 01:48:26,760

luck there right they discovered some

2177

01:48:31,040 --> 01:48:28,590

passages in this book marked in the book

2178

01:48:33,320 --> 01:48:31,050

that mentions using lead masks when

2179

01:48:37,100 --> 01:48:33,330

spirits appear to protect against

2180

01:48:38,690 --> 01:48:37,110

intense luminosity Wow yeah now

2181

01:48:40,340 --> 01:48:38,700

unfortunately how about a lid pair of

2182

01:48:42,530 --> 01:48:40,350

shorts still fits that's right you might

2183

01:48:44,120 --> 01:48:42,540

want to protect lead protect possibly

2184

01:48:46,370 --> 01:48:44,130

they had led shorts they wouldn't still

2185

01:48:47,630 --> 01:48:46,380

be alive today I gotta say switch let me

2186

01:48:50,810 --> 01:48:47,640

just interrupt you for a second because

2187

01:48:52,430 --> 01:48:50,820

I want to get the guests take on this

2188

01:48:56,120 --> 01:48:52,440

what do you think's going on here around

2189

01:49:04,679 --> 01:48:56,130

little blind kid basically I did a great

2190

01:49:19,259 --> 01:49:06,569

well how about the led mass what was

2191

01:49:20,969 --> 01:49:19,269

that about any idea there's an

2192

01:49:23,040 --> 01:49:20,979

explanation for everything the kid went

2193

01:49:27,929 --> 01:49:23,050

on to write the Opera you know - right -

2194

01:49:29,429 --> 01:49:27,939

probably okay I just try to give the kid

2195

01:49:30,869 --> 01:49:29,439

whatever he wants you'd only mean for

2196

01:49:32,520 --> 01:49:30,879

busy you know frankly it kind of creeps

2197

01:49:34,679 --> 01:49:32,530

me out the guy was getting a let out a

2198

01:49:36,209 --> 01:49:34,689

long time ago mr. first mistake is you

2199

01:49:39,839 --> 01:49:36,219

don't invite him in the door you know

2200

01:49:41,159 --> 01:49:39,849

well you know it kind of forces way okay

2201

01:49:43,290 --> 01:49:41,169

the plot thickens

2202

01:49:46,199 --> 01:49:43,300

August 25th at the Brazilian Journal

2203

01:49:48,089 --> 01:49:46,209

there's a report of a Senora gross in de

2204

01:49:51,869 --> 01:49:48,099

barber Barbosa

2205

01:49:53,310 --> 01:49:51,879

oh mama no Eugene oh yes Sosa the lady

2206

01:49:55,349 --> 01:49:53,320

with the longest name Wow

2207

01:49:58,139 --> 01:49:55,359

she was a lady of high stature and high

2208

01:50:01,080 --> 01:49:58,149

credibility she saw a UFO over that hill

2209

01:50:02,250 --> 01:50:01,090

the same night that these men were

2210

01:50:04,739 --> 01:50:02,260

supposed to been there the first night

2211

01:50:07,080 --> 01:50:04,749

they were there others confirmed UFO

2212

01:50:09,270 --> 01:50:07,090

sightings in the same area by the way

2213

01:50:11,429 --> 01:50:09,280

the the handwriting on these these notes

2214

01:50:13,949 --> 01:50:11,439

that they found were determined not to

2215

01:50:17,909 --> 01:50:13,959

be then that of the men a third party

2216

01:50:20,759 --> 01:50:17,919

had written those notes okay okay okay

2217

01:50:22,529 --> 01:50:20,769

the plot thickens more okay good the

2218

01:50:24,750 --> 01:50:22,539

investigation uncovered another

2219

01:50:27,330 --> 01:50:24,760

mysterious death back in 1962 another

2220

01:50:29,609 --> 01:50:27,340

man dies of unknown causes with a lead

2221

01:50:33,089 --> 01:50:29,619

mask by his head at a different Hill

2222

01:50:35,099 --> 01:50:33,099

nearby so that's they you know they

2223

01:50:36,509 --> 01:50:35,109

couldn't find out on that and then you

2224

01:50:38,250 --> 01:50:36,519

might have think you have a question but

2225

01:50:40,709 --> 01:50:38,260

it's gonna plotz gonna really thicken

2226

01:50:43,319 --> 01:50:40,719

when Jacques de Molay intercede oh yeah

2227

01:50:45,959 --> 01:50:43,329

go ahead now he's a really good you know

2228

01:50:47,189 --> 01:50:45,969

author writer looks into a lot of these

2229

01:50:49,889 --> 01:50:47,199

things come up with a lot of really good

2230

01:50:53,009 --> 01:50:49,899

theories that actually tested by him

2231

01:50:54,419 --> 01:50:53,019

well in his book confrontations which

2232

01:50:57,419 --> 01:50:54,429

came out we know quite a bit late after

2233

01:50:59,939 --> 01:50:57,429

his first few books this is in 1980

2234

01:51:02,250 --> 01:50:59,949

there's 24 years after the original

2235

01:51:04,949 --> 01:51:02,260

event he he went there himself with his

2236

01:51:07,080 --> 01:51:04,959

wife there was a police detective with

2237

01:51:09,299 --> 01:51:07,090

them that specialized in unsolved cases

2238

01:51:11,020 --> 01:51:09,309

there was a local journalist and the

2239

01:51:13,209 --> 01:51:11,030

first adult to find the body

2240

01:51:15,879 --> 01:51:13,219

so they you know they just kind of

2241

01:51:18,129 --> 01:51:15,889

rehash some of the some of the same

2242

01:51:19,270 --> 01:51:18,139

evidence I guess the the body is this a

2243

01:51:21,850 --> 01:51:19,280

little gruesome we're a little bit

2244

01:51:23,410 --> 01:51:21,860

pinkish pods possibly burned but they

2245

01:51:25,839 --> 01:51:23,420

had been decomposing so they couldn't

2246

01:51:28,649 --> 01:51:25,849

really tell much they even they even

2247

01:51:30,760 --> 01:51:28,659

really after this Pat happened they

2248

01:51:32,770 --> 01:51:30,770

reexamine to see if they could find

2249

01:51:36,640 --> 01:51:32,780

anything because of so mysterious but

2250

01:51:39,550 --> 01:51:36,650

they didn't find anything else now these

2251

01:51:41,379 --> 01:51:39,560

guys were like I say technicians you

2252

01:51:44,169 --> 01:51:41,389

know just basically they put up TV

2253

01:51:45,760 --> 01:51:44,179

antennas and repeaters and but they kept

2254

01:51:48,399 --> 01:51:45,770

talking to everybody about this great

2255

01:51:50,649 --> 01:51:48,409

experiment this final great experiment

2256

01:51:53,709 --> 01:51:50,659

they were going to do and here's here's

2257

01:51:56,350 --> 01:51:53,719

more of this note jockle a reveals this

2258

01:51:59,649 --> 01:51:56,360

when the note said meet me at the

2259

01:52:01,959 --> 01:51:59,659

designated spot at 4:30 p.m. and just

2260

01:52:05,589 --> 01:52:01,969

the capsule after desired effect is

2261

01:52:07,930 --> 01:52:05,599

produced protect half your face with the

2262

01:52:10,450 --> 01:52:07,940

lead masks wait for the pre-arranged

2263

01:52:12,310 --> 01:52:10,460

signal now what the heck does that mean

2264

01:52:14,530 --> 01:52:12,320

well a couple of witnesses came forward

2265

01:52:16,870 --> 01:52:14,540

so they saw thought they saw two men

2266

01:52:18,490 --> 01:52:16,880

accompanying them in a jeep to the foot

2267

01:52:20,620 --> 01:52:18,500

of the hill that night but that was

2268

01:52:23,020 --> 01:52:20,630

never confirmed another group of

2269

01:52:25,629 --> 01:52:23,030

Brazilians spiritualists claimed to be

2270

01:52:27,520 --> 01:52:25,639

in contact with beings from Jupiter and

2271

01:52:30,300 --> 01:52:27,530

they claimed from their channeling that

2272

01:52:33,520 --> 01:52:30,310

what happened was when the UFO came down

2273

01:52:36,310 --> 01:52:33,530

Manuela Miguel ran toward the object and

2274

01:52:38,530 --> 01:52:36,320

we're we're zapped by the I don't know

2275

01:52:39,910 --> 01:52:38,540

the aura of the UFO or whatever but of

2276  
01:52:41,530 --> 01:52:39,920  
course there's absolutely no evidence

2277  
01:52:45,149 --> 01:52:41,540  
that they were running they were just

2278  
01:52:47,319 --> 01:52:45,159  
lying peacefully on the hill dead then

2279  
01:52:48,280 --> 01:52:47,329  
Jacques Vallee brought I'll go ahead you

2280  
01:52:49,780 --> 01:52:48,290  
want to say something no I was just

2281  
01:52:51,760 --> 01:52:49,790  
gonna say you know I wondered if they

2282  
01:52:54,520 --> 01:52:51,770  
were in the ever see the movie Eyes Wide

2283  
01:52:56,890 --> 01:52:54,530  
Shut yep and they come into that body at

2284  
01:53:01,510 --> 01:52:56,900  
the ending I'll have iron mask on like I

2285  
01:53:06,350 --> 01:53:01,520  
kid you've seen that movie Nicole Kidman

2286  
01:53:11,360 --> 01:53:08,420  
you know into her character please

2287  
01:53:12,980 --> 01:53:11,370  
stanley kubrick yeah he finally like

2288  
01:53:15,440 --> 01:53:12,990

lost his mind and made that movie

2289

01:53:17,360 --> 01:53:15,450

because you know he made so many great

2290

01:53:19,460 --> 01:53:17,370

movies I mean really great movies and

2291

01:53:20,150 --> 01:53:19,470

then I watched that yeah it wasn't

2292

01:53:22,400 --> 01:53:20,160

well-received

2293

01:53:25,430 --> 01:53:22,410

what the heck is this and in fact in it

2294

01:53:27,380 --> 01:53:25,440

Tom Cruise he must say at least two

2295

01:53:29,780 --> 01:53:27,390

dozen times which is why the movie he

2296

01:53:31,520 --> 01:53:29,790

says I'm a doctor I'm a doctor so the

2297

01:53:34,070 --> 01:53:31,530

cab driver the Craig you know everyone

2298

01:53:36,110 --> 01:53:34,080

he runs into it's like everyone thinks

2299

01:53:37,550 --> 01:53:36,120

that Tom Cruise is just such a [h\_\_h] you

2300

01:53:40,070 --> 01:53:37,560

know that they have to put that line in

2301  
01:53:41,690 --> 01:53:40,080  
there 20 times I'm a doctor I'm a doctor

2302  
01:53:44,150 --> 01:53:41,700  
you know like he's trying to convince

2303  
01:53:46,280 --> 01:53:44,160  
the audience but that that the reason

2304  
01:53:49,250 --> 01:53:46,290  
I'm just recently thinking about it was

2305  
01:53:50,600 --> 01:53:49,260  
on YouTube there was a clip with some of

2306  
01:53:52,130 --> 01:53:50,610  
the things that one of the people were

2307  
01:53:54,140 --> 01:53:52,140  
walking there's a party at the end where

2308  
01:53:59,000 --> 01:53:54,150  
it's like a swingers party I'm assuming

2309  
01:54:01,220 --> 01:53:59,010  
right like I could yeah I was invited

2310  
01:54:03,710 --> 01:54:01,230  
and one of the mass looks just like Bob

2311  
01:54:05,690 --> 01:54:03,720  
Hope someone said Bob Hope was part of

2312  
01:54:08,300 --> 01:54:05,700  
the Illuminati and this is Kubrick's way

2313  
01:54:10,130 --> 01:54:08,310

of getting to them and so it's crazy so

2314

01:54:12,710 --> 01:54:10,140

anyway any evidence that these guys are

2315

01:54:17,000 --> 01:54:12,720

actually going through they're extras in

2316

01:54:19,760 --> 01:54:17,010

the movie or something well maybe when

2317

01:54:21,650 --> 01:54:19,770

they when they go up to the shock file

2318

01:54:23,420 --> 01:54:21,660

and this new party goes up there things

2319

01:54:24,830 --> 01:54:23,430

are growing over quite a bit so he's

2320

01:54:26,510 --> 01:54:24,840

asking a lot of questions about how

2321

01:54:29,150 --> 01:54:26,520

things were there's that was an old

2322

01:54:31,460 --> 01:54:29,160

steak there which I gave him a reference

2323

01:54:35,630 --> 01:54:31,470

point to where the bodies had been

2324

01:54:37,250 --> 01:54:35,640

laying if and 24 years later nothing is

2325

01:54:39,200 --> 01:54:37,260

growing in that same spot and where they

2326

01:54:41,660 --> 01:54:39,210

found the bodies Wow hmm

2327

01:54:44,030 --> 01:54:41,670

that's really so real mystery I think

2328

01:54:46,070 --> 01:54:44,040

they had something to do with you know

2329

01:54:48,230 --> 01:54:46,080

if you talk about spiritualism and in

2330

01:54:50,120 --> 01:54:48,240

seances and so forth I think probably

2331

01:54:51,350 --> 01:54:50,130

there was some channeling involved they

2332

01:54:53,450 --> 01:54:51,360

were probably getting messages from

2333

01:54:55,310 --> 01:54:53,460

somewhere now when you when you do that

2334

01:54:58,190 --> 01:54:55,320

when you get chant you you do channeling

2335

01:55:01,490 --> 01:54:58,200

from the space brothers or these things

2336

01:55:03,740 --> 01:55:01,500

whatever entities beware because yeah

2337

01:55:06,350 --> 01:55:03,750

the information may not be all that

2338

01:55:07,940 --> 01:55:06,360

sound what did they die of what was they

2339

01:55:09,410 --> 01:55:07,950

never they never even when they

2340

01:55:10,340 --> 01:55:09,420

reexamine they never could if they

2341

01:55:11,900 --> 01:55:10,350

couldn't find any

2342

01:55:14,960 --> 01:55:11,910

they just said a heart attack they

2343

01:55:16,310 --> 01:55:14,970

couldn't find any anything like they

2344

01:55:18,290 --> 01:55:16,320

check for poison you know all the

2345

01:55:20,360 --> 01:55:18,300

obvious stuff and they couldn't find

2346

01:55:22,730 --> 01:55:20,370

nothing even after the second

2347

01:55:24,290 --> 01:55:22,740

time of going through examined the body

2348

01:55:25,730 --> 01:55:24,300

I think they died a fright they ever up

2349

01:55:42,670 --> 01:55:25,740

like that kid what are you saying that

2350

01:55:42,680 --> 01:55:54,810

you

2351  
01:55:58,080 --> 01:55:56,370  
matters even talked about on the show

2352  
01:56:00,840 --> 01:55:58,090  
where they just found this guy in this

2353  
01:56:03,000 --> 01:56:00,850  
English town and he's on the top on the

2354  
01:56:05,580 --> 01:56:03,010  
heap of junk in a junk guy like it's

2355  
01:56:07,890 --> 01:56:05,590  
just scraps about but way way way up

2356  
01:56:09,420 --> 01:56:07,900  
high okay and you know he's in a

2357  
01:56:11,250 --> 01:56:09,430  
business suit and stuff but he was dead

2358  
01:56:11,790 --> 01:56:11,260  
and he was just laying at the top of

2359  
01:56:13,890 --> 01:56:11,800  
this hill

2360  
01:56:16,020 --> 01:56:13,900  
you think he was put up there well they

2361  
01:56:18,360 --> 01:56:16,030  
said if he was [h\_\_h] he was dragged up

2362  
01:56:20,670 --> 01:56:18,370  
there okay because there was always shop

2363  
01:56:22,080 --> 01:56:20,680

edges and stuff you know his the suit

2364

01:56:23,580 --> 01:56:22,090

would have been in bad shape he would

2365

01:56:24,810 --> 01:56:23,590

have been bleeding or whatever but it

2366

01:56:26,790 --> 01:56:24,820

looked like someone just like plugging

2367

01:56:28,350 --> 01:56:26,800

him down there you know and and they

2368

01:56:29,520 --> 01:56:28,360

didn't even know who he was I think you

2369

01:56:32,220 --> 01:56:29,530

know he was like a man without a country

2370

01:56:53,880 --> 01:56:32,230

for a while so are you involved in that

2371

01:56:57,030 --> 01:56:53,890

there okay Wow recycled I guess so right

2372

01:56:59,370 --> 01:56:57,040

let this be a lesson children don't let

2373

01:57:01,320 --> 01:56:59,380

the black-eyed children in you have any

2374

01:57:04,170 --> 01:57:01,330

questions Steve for the young black eyed

2375

01:57:06,090 --> 01:57:04,180

Shulman right I've already overworked

2376

01:57:13,250 --> 01:57:06,100

talked him off enough I don't know my

2377

01:57:16,410 --> 01:57:13,260

daughter so they switch what's the

2378

01:57:18,840 --> 01:57:16,420

what's the rigid residue of the big

2379

01:57:21,480 --> 01:57:18,850

wingman your wingman conference is it

2380

01:57:23,400 --> 01:57:21,490

for the incipient one right come on man

2381

01:57:26,220 --> 01:57:23,410

conference down there in Point Pleasant

2382

01:57:27,840 --> 01:57:26,230

I mean shortly after I was I got had a

2383

01:57:30,090 --> 01:57:27,850

nice to our interview with rosemary

2384

01:57:32,430 --> 01:57:30,100

ellen guiley of strange dimensions radio

2385

01:57:34,710 --> 01:57:32,440

nice sassy on we had I've known rosemary

2386

01:57:37,170 --> 01:57:34,720

for several years and it was just like

2387

01:57:40,230 --> 01:57:37,180

continuing our conversation but it was a

2388

01:57:42,510 --> 01:57:40,240

Gris great two hours and I got a lot of

2389

01:57:43,800 --> 01:57:42,520

good feedback than that in fact one of

2390

01:57:46,170 --> 01:57:43,810

my friends who is an engineer

2391

01:57:48,630 --> 01:57:46,180

and who's a bit skeptical of these

2392

01:57:50,880 --> 01:57:48,640

things and said something like you know

2393

01:57:53,040 --> 01:57:50,890

I looked up to you rosemary and you guys

2394

01:58:00,250 --> 01:57:53,050

didn't sound like crackpots at all

2395

01:58:06,340 --> 01:58:03,660

you know well that's good very very good

2396

01:58:07,780 --> 01:58:06,350

star was on the rise they want no I got

2397

01:58:09,220 --> 01:58:07,790

to keep an eye on this so I want to go

2398

01:58:11,310 --> 01:58:09,230

to autograph right you know what comes

2399

01:58:14,560 --> 01:58:11,320

next it's gonna be you know what I mean

2400

01:58:16,900 --> 01:58:14,570

Steve a sin the seven sins okay wait

2401

01:58:20,770 --> 01:58:16,910

wait Steve's military x-files with his

2402

01:58:26,500 --> 01:58:20,780

lovable sidekick Mac no oh wow a coup

2403

01:58:28,090 --> 01:58:26,510

d'etat okay actually Emily and I as well

2404

01:58:30,190 --> 01:58:28,100

as many of the other Mossman regulars

2405

01:58:32,890 --> 01:58:30,200

will be attending the creature weekend

2406

01:58:34,960 --> 01:58:32,900

in a couple weeks with Adam Davies so

2407

01:58:37,660 --> 01:58:34,970

there's a famous Bigfoot Yeti researcher

2408

01:58:39,880 --> 01:58:37,670

for one yes Jeff Walmsley the guy that

2409

01:58:42,850 --> 01:58:39,890

runs the Mothman festival okay

2410

01:58:44,380 --> 01:58:42,860

and I might next week is next week ends

2411

01:58:48,820 --> 01:58:44,390

up on the air I might actually be going

2412

01:58:50,890 --> 01:58:48,830

to the van Meter visitor festival that's

2413

01:58:54,340 --> 01:58:50,900

this creature that was seen in Iowa van

2414

01:58:55,780 --> 01:58:54,350

Meter Iowa back in 1905 Wow now that's

2415

01:58:58,570 --> 01:58:55,790

up in the air and the creature weekend

2416

01:59:00,310 --> 01:58:58,580

isn't definite and actually the missus

2417

01:59:02,770 --> 01:59:00,320

and I will be attending that one uh-huh

2418

01:59:05,350 --> 01:59:02,780

Wow see how his date book is filling up

2419

01:59:06,550 --> 01:59:05,360

we've launched this guy okay you know

2420

01:59:10,000 --> 01:59:06,560

we're gonna be the new kids on the block

2421

01:59:12,070 --> 01:59:10,010

2422

01:59:15,340 --> 01:59:12,080

2423

01:59:17,350 --> 01:59:15,350

paranormal yeah okay alright but you

2424

01:59:21,550 --> 01:59:17,360
