going in on my life personally and we

41

has appeared on radio and television and

topics such as health and healing ghosts

70

00:03:31,540 --> 00:03:29,150

intuition ancient mysteries and the

71

00:03:32,080 --> 00:03:31,550

paranormal which is what we do here all

72

00:03:36,550 --> 00:03:32,090

the time

73

00:03:38,410 --> 00:03:36,560

Rita welcome to the show thanks for

74

00:03:40,540 --> 00:03:38,420

having me out I'm looking forward to

75

00:03:44,890 --> 00:03:40,550

hanging out with you and the rest of the

76

00:03:48,730 --> 00:03:44,900

ire and family yes I've been here or on

77

00:03:51,100 --> 00:03:48,740

iron so yay yeah and so how long ago did

78

00:03:57,280 --> 00:03:51,110

you start on iron with your with your

79

00:04:00,730 --> 00:03:57,290

own show I I don't remember but I was

80

00:04:04,290 --> 00:04:00,740

with them for quite a while so you know

81

00:04:07,090 --> 00:04:04,300

and then I decided to start doing video

82

00:04:08,830 --> 00:04:07,100

interviews and so I decided I needed to

83

00:04:12,940 --> 00:04:08,840

go ahead and move on and that's been

84

00:04:15,599 --> 00:04:12,950

about two years okay and how the two

85

00:04:18,099 --> 00:04:15,609

years gone off air do you miss it

86

00:04:19,840 --> 00:04:18,109

well I mean I'm still doing interviews

87

00:04:22,480 --> 00:04:19,850

I'm still talking with people you know

88

00:04:25,810 --> 00:04:22,490

except it's video and so you know you

89

00:04:28,060 --> 00:04:25,820

have to have good hair and makeup yeah

90

00:04:28,620 --> 00:04:28,070

you have you no idea what I look like

91

00:04:31,540 --> 00:04:28,630

right now

92

00:04:34,180 --> 00:04:31,550

you know while the person's talking and

93

00:04:37,740 --> 00:04:34,190

you know drink water do all kinds of

94

00:04:41,620 --> 00:04:37,750

weird stuff well yeah just on air

95

00:04:43,330 --> 00:04:41,630

because it kind of gives you away right

96

00:04:48,010 --> 00:04:43,340

you can't clear the wax out of your ear

97

00:04:50,050 --> 00:04:48,020

another life video all right yeah so

98

00:04:51,100 --> 00:04:50,060

okay so we're doing an actual interview

99

00:04:53,080 --> 00:04:51,110

and

100

00:04:55,660 --> 00:04:53,090

you can do any of those things that we

101
00:04:58,600 --> 00:04:55,670
just covered if you want because no one

102
00:05:03,280 --> 00:04:58,610
will know and to start off by when I

103
00:05:06,570 --> 00:05:03,290
wanted to ask you you know with all the

104
00:05:10,600 --> 00:05:06,580
broad ranges of topics that you cover

105
00:05:14,890 --> 00:05:10,610
how did you get caught up with the

106
00:05:17,020 --> 00:05:14,900
research into aliens ancient alien

107
00:05:24,790 --> 00:05:17,030
history because it seems to me you had a

108
00:05:28,150 --> 00:05:24,800
very homeopathic path great question so

109
00:05:30,130 --> 00:05:28,160
in my early life I had two loves my

110
00:05:33,850 --> 00:05:30,140
first was the study of archeology and

111
00:05:37,690 --> 00:05:33,860
anthropology where I pretty much read my

112
00:05:40,900 --> 00:05:37,700
way through the books at the library to

113
00:05:43,000 --> 00:05:40,910

the chagrin of the nuns at the Catholic

114

00:05:45,970 --> 00:05:43,010

school I went to and I was a huge

115

00:05:48,430 --> 00:05:45,980

proponent of the theory of evolution my

116

00:05:54,810 --> 00:05:48,440

second love that came on the heels of it

117

00:05:58,390 --> 00:05:54,820

was the study of psychic phenomena ESP

118

00:06:01,060 --> 00:05:58,400

human potential human development which

119

00:06:02,860 --> 00:06:01,070

I have been actively involved in I mean

120

00:06:05,620 --> 00:06:02,870

you know what I do is I work as a

121

00:06:08,790 --> 00:06:05,630

medical intuitive professional psychic

122

00:06:11,290 --> 00:06:08,800

working the clients around the world and

123

00:06:14,050 --> 00:06:11,300

you know and so studied that for a very

124

00:06:18,120 --> 00:06:14,060

long time work you know worked and still

125

00:06:24,970 --> 00:06:18,130

work professionally doing that and and

126

00:06:27,580 --> 00:06:24,980

then when it was the twenty twelve thing

127

00:06:32,170 --> 00:06:27,590

that had come up and this was probably

128

00:06:34,600 --> 00:06:32,180

about 2009 and I was watching the show

129

00:06:38,140 --> 00:06:34,610

about 2012 you know the world was going

130

00:06:41,470 --> 00:06:38,150

to end December 21st 21 oh and they were

131

00:06:43,300 --> 00:06:41,480

talking about the Mayan Prophecy and

132

00:06:45,580 --> 00:06:43,310

then they said made these comments about

133

00:06:49,030 --> 00:06:45,590

while they talk about the same concept

134

00:06:50,560 --> 00:06:49,040

in Hindu cosmology and Egyptian and they

135

00:06:53,970 --> 00:06:50,570

were kind of rattled off some other

136

00:06:57,160 --> 00:06:53,980

things well it just got my little

137

00:06:59,590 --> 00:06:57,170

archeology mind going because even when

138

00:07:01,810 --> 00:06:59,600

I was studying things like the turo I

139

00:07:03,760 --> 00:07:01,820

found I couldn't even memorize them but

140

00:07:05,020 --> 00:07:03,770

I got really interested in studying the

141

00:07:07,360 --> 00:07:05,030

esoteric and

142

00:07:10,090 --> 00:07:07,370

philosophical on the ancient history and

143

00:07:13,210 --> 00:07:10,100

when did this come into being you know

144

00:07:16,330 --> 00:07:13,220

and and this whole historical aspect to

145

00:07:19,570 --> 00:07:16,340

it so the history part never really left

146

00:07:21,280 --> 00:07:19,580

but in that studying well I realized

147

00:07:26,590 --> 00:07:21,290

that what they were talking about on TV

148

00:07:29,800 --> 00:07:26,600

was kind of hoey but but it caused me

149

00:07:31,270 --> 00:07:29,810

to start looking at some articles that

150

00:07:35,580 --> 00:07:31,280

were talking about

151
00:07:40,390 --> 00:07:35,590
mythology which set me off on this whole

152
00:07:43,990 --> 00:07:40,400
giant tangent and down a huge rabbit

153
00:07:46,600 --> 00:07:44,000
hood and so when I sit there and and

154
00:07:50,080 --> 00:07:46,610
actually if you listen to me talk I very

155
00:07:52,960 --> 00:07:50,090
rarely use the word alien now I might

156
00:07:56,050 --> 00:07:52,970
say and lump myself into the ancient

157
00:07:58,660 --> 00:07:56,060
alien category to put myself somewhere

158
00:08:01,180 --> 00:07:58,670
but I rarely used the word alien because

159
00:08:03,160 --> 00:08:01,190
I talk about the gods because that's how

160
00:08:06,700 --> 00:08:03,170
they talk about them in mythology and

161
00:08:12,010 --> 00:08:06,710
that's why you use them and my approach

162
00:08:14,650 --> 00:08:12,020
to them is from the belief system of the

163
00:08:17,680 --> 00:08:14,660

people who told these stories they were

164

00:08:19,930 --> 00:08:17,690

the gods or the sky people or the sky

165

00:08:22,450 --> 00:08:19,940

heroes or those that came from the

166

00:08:24,280 --> 00:08:22,460

heavens you know which we in the

167

00:08:28,480 --> 00:08:24,290

Americas or the Western world called

168

00:08:30,430 --> 00:08:28,490

gods and so my focus really isn't on

169

00:08:33,340 --> 00:08:30,440

contemporary you have follow gee

170

00:08:34,780 --> 00:08:33,350

although I have a book that I started

171

00:08:39,040 --> 00:08:34,790

but I'm finishing up this other book

172

00:08:42,220 --> 00:08:39,050

right now that is going to look at the

173

00:08:45,820 --> 00:08:42,230

mythological record for stories that you

174

00:08:48,280 --> 00:08:45,830

find that parallel contemporary UFO

175

00:08:50,890 --> 00:08:48,290

sightings in contemporary abduction

176
00:08:55,930 --> 00:08:50,900
scenarios so there there's going to be a

177
00:08:58,630 --> 00:08:55,940
little bit but I in my vocabulary but

178
00:09:00,640 --> 00:08:58,640
when I started because I really started

179
00:09:04,120 --> 00:09:00,650
doing research for the et Chronicles

180
00:09:06,280 --> 00:09:04,130
book and went in with a very open mind I

181
00:09:09,880 --> 00:09:06,290
mean are we talking about are these just

182
00:09:13,440 --> 00:09:09,890
the stories you know what what what is

183
00:09:15,940 --> 00:09:13,450
it you know and I let the stories tell

184
00:09:18,850 --> 00:09:15,950
tell their story

185
00:09:21,730 --> 00:09:18,860
and by the time I got doing my research

186
00:09:25,660 --> 00:09:21,740
and I sat down to actually write the

187
00:09:29,170 --> 00:09:25,670
book there was no way to write the book

188
00:09:32,379 --> 00:09:29,180

without throwing the ancient alien idea

189

00:09:35,620 --> 00:09:32,389

on the table up front and center which I

190

00:09:38,019 --> 00:09:35,630

do once just deal with it right off the

191

00:09:41,259 --> 00:09:38,029

but because there was no way to write it

192

00:09:43,870 --> 00:09:41,269

without looking at it from that

193

00:09:46,509 --> 00:09:43,880

perspective or putting that on the table

194

00:09:49,300 --> 00:09:46,519

and the other things that I recognized

195

00:09:51,879 --> 00:09:49,310

early on in writing was that I wasn't

196

00:09:54,310 --> 00:09:51,889

writing this book for the entire world I

197

00:09:56,319 --> 00:09:54,320

was writing this book for people in the

198

00:10:00,009 --> 00:09:56,329

Western world because if you go to India

199

00:10:01,780 --> 00:10:00,019

they believe that these deities live in

200

00:10:04,360 --> 00:10:01,790

the sky and they interact with humanity

201
00:10:06,850 --> 00:10:04,370
Native Americans same thing you go to

202
00:10:11,259 --> 00:10:06,860
cultures around the world and their

203
00:10:13,870 --> 00:10:11,269
viewpoint of quote-unquote God is not

204
00:10:16,629 --> 00:10:13,880
ours well I guess it's like yeah if

205
00:10:18,970 --> 00:10:16,639
you're a and maybe a researcher from

206
00:10:23,199 --> 00:10:18,980
another country in another culture and

207
00:10:24,930 --> 00:10:23,209
you you looked at the Judean Bible then

208
00:10:27,250 --> 00:10:24,940
you would see that in the same light

209
00:10:30,189 --> 00:10:27,260
right you would say oh those people

210
00:10:31,990 --> 00:10:30,199
believe that stuff is 100% real as it is

211
00:10:36,130 --> 00:10:32,000
but as a researcher this is how I'm

212
00:10:37,780 --> 00:10:36,140
reading it well I mean we sit there and

213
00:10:39,699 --> 00:10:37,790

look at the mythological record that

214

00:10:42,130 --> 00:10:39,709

these people were just you know making

215

00:10:44,139 --> 00:10:42,140

stuff up and writing it down and telling

216

00:10:46,210 --> 00:10:44,149

you know ghost stories about these

217

00:10:50,319 --> 00:10:46,220

magnificent creatures and characters

218

00:10:52,269 --> 00:10:50,329

that pervade myth and it you know your

219

00:10:56,680 --> 00:10:52,279

comment makes me go well I wonder how

220

00:10:59,470 --> 00:10:56,690

people that are Hindu or our Buddhists

221

00:11:02,620 --> 00:10:59,480

look at our notion of Christianity

222

00:11:05,769 --> 00:11:02,630

because it's the same thing we have an

223

00:11:08,139 --> 00:11:05,779

invisible God you know and that and this

224

00:11:09,400 --> 00:11:08,149

whole notion of Jesus and you know which

225

00:11:13,389 --> 00:11:09,410

I'm not even going to get into that

226

00:11:16,840 --> 00:11:13,399

powder keg you know it's kind of like

227

00:11:19,420 --> 00:11:16,850

well why should they think that our God

228

00:11:20,110 --> 00:11:19,430

is real I mean we have this belief that

229

00:11:23,500 --> 00:11:20,120

our Agard

230

00:11:25,809 --> 00:11:23,510

God is real but their gods are made up

231

00:11:30,259 --> 00:11:25,819

mm-hmm

232

00:11:33,019 --> 00:11:30,269

what's with that well and I don't mean

233

00:11:35,629 --> 00:11:33,029

to detract from the topic because we you

234

00:11:38,119 --> 00:11:35,639

know we talked about spending some time

235

00:11:39,650 --> 00:11:38,129

on the mythology in the gods and

236

00:11:42,799 --> 00:11:39,660

extraterrestrials quote

237

00:11:44,689 --> 00:11:42,809

extraterrestrials but I you did you had

238

00:11:47,359 --> 00:11:44,699

that post on Facebook recently that

239

00:11:50,239 --> 00:11:47,369

really did get myself and a lot of other

240

00:11:55,489 --> 00:11:50,249

people thinking you know and posing this

241

00:11:57,769 --> 00:11:55,499

question of you know who who was this

242

00:12:00,679 --> 00:11:57,779

God in the first place

243

00:12:03,949 --> 00:12:00,689

and was this God a culmination of

244

00:12:07,249 --> 00:12:03,959

different gods you know because you know

245

00:12:10,819 --> 00:12:07,259

you have a God who we all say if you're

246

00:12:14,809 --> 00:12:10,829

from the Christian you know raised or

247

00:12:16,819 --> 00:12:14,819

Judean raised or Muslim raised you say

248

00:12:20,660 --> 00:12:16,829

well god is this god of a passion of

249

00:12:23,210 --> 00:12:20,670

compassion and and love and and then yet

250

00:12:26,629 --> 00:12:23,220

he does he hadn't had done all these

251

00:12:28,100 --> 00:12:26,639

destructive and very vicious things you

252

00:12:31,910 --> 00:12:28,110

know tempting someone to kill their own

253

00:12:33,139 --> 00:12:31,920

son then you know he just wiping people

254

00:12:35,619 --> 00:12:33,149

off of the faith of the earth the

255

00:12:39,110 --> 00:12:35,629

firstborn things like that it's um very

256

00:12:40,960 --> 00:12:39,120

very scary if you didn't know that that

257

00:12:42,889 --> 00:12:40,970

was God and I was just telling you a

258

00:12:44,629 --> 00:12:42,899

mythological story from another culture

259

00:12:49,429 --> 00:12:44,639

you would say oh gosh what a ruthless

260

00:12:51,530 --> 00:12:49,439

God mm-hmm so it's is really people do I

261

00:12:53,989 --> 00:12:51,540

mean obviously people reconcile that in

262

00:12:56,299 --> 00:12:53,999

some way or another you know but myself

263

00:12:58,669 --> 00:12:56,309

you know haven't been raised Catholic

264

00:13:01,069 --> 00:12:58,679

and no longer Catholic that was one of

265

00:13:03,139 --> 00:13:01,079

the main concerns I had reading

266

00:13:06,019 --> 00:13:03,149

scripture as I was growing up it just

267

00:13:09,139 --> 00:13:06,029

didn't jive with me the way the church

268

00:13:10,910 --> 00:13:09,149

would wanted it to well and it's

269

00:13:14,230 --> 00:13:10,920

interesting because one of the things

270

00:13:17,179 --> 00:13:14,240

that you find when you start surveying

271

00:13:20,329 --> 00:13:17,189

the religions or the philosophical

272

00:13:23,059 --> 00:13:20,339

traditions of cultures from around the

273

00:13:27,739 --> 00:13:23,069

world when you look at indigenous

274

00:13:30,740 --> 00:13:27,749

cultures or when you alright I need to

275

00:13:37,050 --> 00:13:34,470

culture or traditions that come from a

276

00:13:41,360 --> 00:13:37,060

neighbor a McVeigh so from Abraham so

277

00:13:45,389 --> 00:13:41,370

Judaism Christianity and Islam all are

278

00:13:47,910 --> 00:13:45,399

offshoots of Abraham and Isaac and that

279

00:13:50,730 --> 00:13:47,920

whole thing as the base character and

280

00:13:54,150 --> 00:13:50,740

Abraham was monotheistic he believed in

281

00:13:58,309 --> 00:13:54,160

one God but when you step outside of

282

00:14:01,740 --> 00:13:58,319

that tradition of Abrahamic traditions

283

00:14:05,639 --> 00:14:01,750

every culture believes in multiple gods

284

00:14:07,620 --> 00:14:05,649

but what's interesting is that the

285

00:14:10,170 --> 00:14:07,630

majority or at least what I have found

286

00:14:13,790 --> 00:14:10,180

the majority of the cultures believe in

287

00:14:18,300 --> 00:14:13,800

a what I'm going to term a supreme god

288

00:14:20,280 --> 00:14:18,310

the god who is the originator of the the

289

00:14:22,470 --> 00:14:20,290

universe in the world and the things

290

00:14:25,379 --> 00:14:22,480

that we see in it and then there are

291

00:14:29,309 --> 00:14:25,389

these other gods that maybe could be

292

00:14:31,740 --> 00:14:29,319

more like into heroes or these people

293

00:14:36,350 --> 00:14:31,750

that they interacted with you know and

294

00:14:39,749 --> 00:14:36,360

we call them gods and in their cosmology

295

00:14:42,780 --> 00:14:39,759

they were powerful and they had

296

00:14:45,300 --> 00:14:42,790

abilities that were beyond their level

297

00:14:50,460 --> 00:14:45,310

of understanding but they weren't this

298

00:14:53,970 --> 00:14:50,470

omnipotent creator that we associate

299

00:14:56,429 --> 00:14:53,980

with God of the Bible with that said

300

00:14:58,499 --> 00:14:56,439

I'll just keep going with that said you

301
00:15:01,379 --> 00:14:58,509
know one of the things that I had posted

302
00:15:08,690 --> 00:15:01,389
on that one thread you were mentioning

303
00:15:15,630 --> 00:15:13,170
how I want phrases in these other

304
00:15:18,960 --> 00:15:15,640
cultures they have a pantheon of gods

305
00:15:21,000 --> 00:15:18,970
and so when the Bible this is my opinion

306
00:15:22,860 --> 00:15:21,010
but when the Bible was written they

307
00:15:25,170 --> 00:15:22,870
couldn't have this pantheon of gods

308
00:15:28,940 --> 00:15:25,180
anymore they had you know because now

309
00:15:31,560 --> 00:15:28,950
there's only one God but how do you tell

310
00:15:33,680 --> 00:15:31,570
actually I'm even gonna back up when you

311
00:15:36,750 --> 00:15:33,690
look at mythology from around the world

312
00:15:39,690 --> 00:15:36,760
what you find is a very consistent story

313
00:15:42,600 --> 00:15:39,700

told what by one culture to the next and

314

00:15:46,410 --> 00:15:42,610

you could literally pick bullet points

315

00:15:48,570 --> 00:15:46,420

throughout the storyline and find those

316

00:15:51,390 --> 00:15:48,580

bullet points in cultures around the

317

00:15:54,660 --> 00:15:51,400

world the concept of a Golden Age that

318

00:15:57,090 --> 00:15:54,670

Noah the flood we ascribed to Noah the

319

00:16:00,270 --> 00:15:57,100

formation of the Sun Moon and stars I

320

00:16:02,820 --> 00:16:00,280

mean and they all appear in a certain

321

00:16:06,930 --> 00:16:02,830

order some cultures have more details

322

00:16:09,720 --> 00:16:06,940

the same one might omit a story and so

323

00:16:12,800 --> 00:16:09,730

you can kind of fill this grid in with

324

00:16:15,720 --> 00:16:12,810

different culture cultural narratives

325

00:16:18,330 --> 00:16:15,730

including the stories you find in the

326

00:16:19,950 --> 00:16:18,340

Bible including now you would think that

327

00:16:21,600 --> 00:16:19,960

the Bible would have totally different

328

00:16:25,430 --> 00:16:21,610

stories because we're talking about a

329

00:16:28,620 --> 00:16:25,440

different God or not but what I

330

00:16:31,320 --> 00:16:28,630

discovered was you can't talk about the

331

00:16:34,200 --> 00:16:31,330

war between Zeus and Chronos and the

332

00:16:37,830 --> 00:16:34,210

Titans and you can't talk about Enlil

333

00:16:40,290 --> 00:16:37,840

raping you know this other God I mean

334

00:16:42,930 --> 00:16:40,300

you can't tell these stories if there's

335

00:16:45,870 --> 00:16:42,940

only one God because God can't fight

336

00:16:49,230 --> 00:16:45,880

against himself God can't have relations

337

00:16:52,950 --> 00:16:49,240

with himself you know it he can have

338

00:16:54,780 --> 00:16:52,960

children well I guess he did but but you

339

00:16:58,680 --> 00:16:54,790

see what I'm saying it's like so all of

340

00:17:01,680 --> 00:16:58,690

those stories that make up the bulk of

341

00:17:05,760 --> 00:17:01,690

the ancient myths you know the creation

342

00:17:08,340 --> 00:17:05,770

narratives got deleted they just flat

343

00:17:12,300 --> 00:17:08,350

got deleted and what you find are

344

00:17:14,880 --> 00:17:12,310

aspects of these stories all combined

345

00:17:17,340 --> 00:17:14,890

into one person so god ends up seeing

346

00:17:20,110 --> 00:17:17,350

seeming kind of schizophrenic because

347

00:17:22,870 --> 00:17:20,120

you have this kind and net

348

00:17:26,380 --> 00:17:22,880

thank God which is usually associated

349

00:17:28,269 --> 00:17:26,390

with Enlil or the fertility gods the

350

00:17:33,100 --> 00:17:28,279

ones that are represented by half-man

351
00:17:36,100 --> 00:17:33,110
half-snake and anvil who is the sky God

352
00:17:40,450 --> 00:17:36,110
who'd very authoritarian and judgmental

353
00:17:43,720 --> 00:17:40,460
which many people assume is the God on

354
00:17:46,450 --> 00:17:43,730
high you know and so those two

355
00:17:50,860 --> 00:17:46,460
personalities kind of got compressed

356
00:17:53,799 --> 00:17:50,870
into one person so they didn't have to

357
00:17:54,399 --> 00:17:53,809
get rid of the stories if that made

358
00:18:01,000 --> 00:17:54,409
sense

359
00:18:06,399 --> 00:18:01,010
you're having cultures that are trying

360
00:18:09,090 --> 00:18:06,409
to come together to to be a stronger you

361
00:18:11,080 --> 00:18:09,100
know bigger culture as it were

362
00:18:14,560 --> 00:18:11,090
especially if you're in a time of

363
00:18:16,750 --> 00:18:14,570

warring tribes then you would have to

364

00:18:19,210 --> 00:18:16,760

sort of reconcile each other's religions

365

00:18:19,690 --> 00:18:19,220

and bring them into the fold into one

366

00:18:22,720 --> 00:18:19,700

another

367

00:18:26,139 --> 00:18:22,730

I I remember also hearing that one of

368

00:18:31,060 --> 00:18:26,149

the earliest incarnations of the the

369

00:18:33,039 --> 00:18:31,070

Torah that there was male God and a

370

00:18:35,019 --> 00:18:33,049

female God so before they had whittled

371

00:18:42,279 --> 00:18:35,029

it down to one God there were there were

372

00:18:44,620 --> 00:18:42,289

two main deities and actually I've never

373

00:18:48,310 --> 00:18:44,630

heard that so that's kind of interesting

374

00:18:50,710 --> 00:18:48,320

and but it's very consistent with what

375

00:18:54,220 --> 00:18:50,720

you find in a lot of the mythic record

376

00:18:56,500 --> 00:18:54,230

is that there are these dual deities you

377

00:18:58,870 --> 00:18:56,510

know sometimes they're referred to as

378

00:19:04,899 --> 00:18:58,880

being hermaphroditic you know where

379

00:19:06,970 --> 00:19:04,909

there's Lucy and Hwa who are there

380

00:19:11,320 --> 00:19:06,980

they're serpents no but it's two heads

381

00:19:15,610 --> 00:19:11,330

on once intertwining serpent body and so

382

00:19:18,149 --> 00:19:15,620

you find this dual headed hermaphroditic

383

00:19:22,840 --> 00:19:18,159

like because it's melt and female

384

00:19:25,360 --> 00:19:22,850

godhood in Sumerian culture you actually

385

00:19:30,669 --> 00:19:25,370

find it quite a bit in South America as

386

00:19:32,320 --> 00:19:30,679

well and so I think it's really

387

00:19:33,410 --> 00:19:32,330

interesting that it was in a very early

388

00:19:36,260 --> 00:19:33,420

version of

389

00:19:39,230 --> 00:19:36,270

Tora again I haven't seen that but what

390

00:19:41,450 --> 00:19:39,240

is the reference I would quote from it

391

00:19:43,490 --> 00:19:41,460

yeah I mean I should bite my lip on that

392

00:19:46,520 --> 00:19:43,500

I don't know if there was actual Torah

393

00:19:49,750 --> 00:19:46,530

written but I do know that it was a

394

00:19:53,630 --> 00:19:49,760

goddess her name was something sharra

395

00:19:59,510 --> 00:19:53,640

and she was considered the God the

396

00:20:03,760 --> 00:19:59,520

mother and this was interesting because

397

00:20:06,020 --> 00:20:03,770

I had also recently watched your icon

398

00:20:09,740 --> 00:20:06,030

documentary and you spent a lot of time

399

00:20:14,240 --> 00:20:09,750

discussing the goddess early goddess

400

00:20:18,280 --> 00:20:14,250

figures figurines if it will and it's it

401
00:20:22,190 --> 00:20:18,290
seems to me that that mother goddess

402
00:20:26,060 --> 00:20:22,200
depiction had been dwindled over history

403
00:20:28,880 --> 00:20:26,070
like there was a time where this goddess

404
00:20:30,380 --> 00:20:28,890
whether it was you know a really a

405
00:20:33,380 --> 00:20:30,390
female goddess from another planet

406
00:20:37,610 --> 00:20:33,390
coming down here or what

407
00:20:42,130 --> 00:20:37,620
little by little we we stopped we're in

408
00:20:45,020 --> 00:20:42,140
a very been a reading these goddess

409
00:20:48,800 --> 00:20:45,030
goddess isn't and I wonder what do you

410
00:20:50,780 --> 00:20:48,810
think why do you think you know that has

411
00:20:53,330 --> 00:20:50,790
dwindled over over the past you know I

412
00:20:55,640 --> 00:20:53,340
don't know ten thousand years or so yeah

413
00:20:57,650 --> 00:20:55,650

and that would be pretty much the date I

414

00:21:01,940 --> 00:20:57,660

would put on it ten to twelve thousand

415

00:21:04,670 --> 00:21:01,950

years okay so this is my cop-out so it

416

00:21:08,720 --> 00:21:04,680

is on my list I am working on a timeline

417

00:21:11,420 --> 00:21:08,730

of intervention alien intervention and

418

00:21:14,020 --> 00:21:11,430

one of the things that's on my list that

419

00:21:19,450 --> 00:21:14,030

I haven't really researched fully yet is

420

00:21:23,480 --> 00:21:19,460

if I can find events or a reason why

421

00:21:28,220 --> 00:21:23,490

culture shifted from a matriarchy rule

422

00:21:29,390 --> 00:21:28,230

to a patriarchal rule and I haven't I

423

00:21:32,780 --> 00:21:29,400

don't know yet

424

00:21:34,100 --> 00:21:32,790

but I am sure I will find something so

425

00:21:37,430 --> 00:21:34,110

what is wait what's this what's the

426

00:21:39,320 --> 00:21:37,440

timeline that you're speaking of so in

427

00:21:45,980 --> 00:21:39,330

the book that I'm working on now it

428

00:21:46,880 --> 00:21:45,990

delves into the formation of culture I

429

00:21:49,330 --> 00:21:46,890

guess would be the

430

00:21:52,700 --> 00:21:49,340

best way of saying it and it talks about

431

00:21:54,890 --> 00:21:52,710

why are why do we do the things that we

432

00:21:57,890 --> 00:21:54,900

do and it looks at ancient and

433

00:22:00,290 --> 00:21:57,900

indigenous cultures and the things that

434

00:22:05,120 --> 00:22:00,300

we do which includes ceremony and ritual

435

00:22:11,300 --> 00:22:05,130

and body modifications and worshipping

436

00:22:15,020 --> 00:22:11,310

in certain ways and and so what I talk

437

00:22:18,320 --> 00:22:15,030

about because I put out in this book

438

00:22:19,760 --> 00:22:18,330

that you know the gods were the ones

439

00:22:22,160 --> 00:22:19,770

because you look at the mythic record

440

00:22:27,950 --> 00:22:22,170

and the gods are the ones who teach

441

00:22:30,650 --> 00:22:27,960

humanity everything basically and try to

442

00:22:33,470 --> 00:22:30,660

put a timeline to that with our

443

00:22:36,230 --> 00:22:33,480

education and so what I'm working on

444

00:22:39,080 --> 00:22:36,240

right now is okay in my book

445

00:22:42,050 --> 00:22:39,090

ET chronicles I work at dating the flood

446

00:22:44,150 --> 00:22:42,060

and so we have three different dates

447

00:22:48,170 --> 00:22:44,160

there are four different dates you know

448

00:22:51,230 --> 00:22:48,180

there's the 2400 BC date there's the

449

00:22:56,450 --> 00:22:51,240

6000 BC date which you know really try

450

00:22:58,870 --> 00:22:56,460

to the Bible record there's the current

451
00:23:02,960 --> 00:22:58,880
one that is floating around which is the

452
00:23:06,080 --> 00:23:02,970
11,500 BC date but if you look at

453
00:23:09,080 --> 00:23:06,090
ancient sources one of the things that

454
00:23:12,740 --> 00:23:09,090
they talk about and they put the date at

455
00:23:15,800 --> 00:23:12,750
somewhere between 30 and 40 thousand

456
00:23:18,970 --> 00:23:15,810
years ago with 34,000 being about the

457
00:23:23,480 --> 00:23:18,980
average date of when this flood occurred

458
00:23:25,970 --> 00:23:23,490
and so starting at that date I looked

459
00:23:29,810 --> 00:23:25,980
for because if there was a flood you

460
00:23:31,940 --> 00:23:29,820
know if we had this major event when do

461
00:23:34,640 --> 00:23:31,950
you see things turn around or where do

462
00:23:39,290 --> 00:23:34,650
you see these blips in history like when

463
00:23:42,170 --> 00:23:39,300

it you know 5000 BC we see the historic

464

00:23:45,260 --> 00:23:42,180

rise of civilization so that is a blip

465

00:23:49,460 --> 00:23:45,270

you know it went from you know early

466

00:23:51,530 --> 00:23:49,470

farmers into this thing and so that's

467

00:23:53,630 --> 00:23:51,540

what I looked for and what I found was

468

00:23:55,990 --> 00:23:53,640

40,000 years ago we had the creative

469

00:23:58,730 --> 00:23:56,000

explosion we had the cave paintings and

470

00:24:01,450 --> 00:23:58,740

in front we

471

00:24:03,380 --> 00:24:01,460

have the beginning of weaving of

472

00:24:06,500 --> 00:24:03,390

textiles even though they don't have

473

00:24:10,280 --> 00:24:06,510

textile evidence they had evidence that

474

00:24:13,220 --> 00:24:10,290

they were spinning flax fibers on the

475

00:24:14,690 --> 00:24:13,230

the creative explosion was was literally

476

00:24:19,400 --> 00:24:14,700

this time period where people started

477

00:24:21,470 --> 00:24:19,410

making things painting why exactly okay

478

00:24:24,470 --> 00:24:21,480

there's another little blip that happens

479

00:24:28,390 --> 00:24:24,480

around 25,000 years ago it's where we

480

00:24:31,490 --> 00:24:28,400

find the Venus figures coming into play

481

00:24:34,040 --> 00:24:31,500

weaponry advanced at that point I'm not

482

00:24:37,640 --> 00:24:34,050

a major blip but what happens after each

483

00:24:39,830 --> 00:24:37,650

of these blips is big thing of activity

484

00:24:42,490 --> 00:24:39,840

and then nothing and then another big

485

00:24:45,020 --> 00:24:42,500

thing of activity and then nothing

486

00:24:47,480 --> 00:24:45,030

10,000 years ago like around the time of

487

00:24:49,310 --> 00:24:47,490

after the flood if the flood was eleven

488

00:24:53,270 --> 00:24:49,320

thousand five hundred years ago we have

489

00:24:56,860 --> 00:24:53,280

the rise of agriculture we also find

490

00:25:00,350 --> 00:24:56,870

that it's when we domesticated animals

491

00:25:03,410 --> 00:25:00,360

we started forming small villages you

492

00:25:07,160 --> 00:25:03,420

know and so there is this and like and

493

00:25:09,620 --> 00:25:07,170

when we started domesticating plants it

494

00:25:11,570 --> 00:25:09,630

wasn't just that we domesticated wheat

495

00:25:13,400 --> 00:25:11,580

in the Middle East it was the wheat got

496

00:25:17,440 --> 00:25:13,410

domesticated in the Middle East

497

00:25:20,330 --> 00:25:17,450

rice was domesticated in China and corn

498

00:25:21,799 --> 00:25:20,340

was domesticated in the Americas which

499

00:25:25,180 --> 00:25:21,809

they still can't figure out how the heck

500

00:25:28,280 --> 00:25:25,190

they hit it so that's in the new book

501
00:25:30,530 --> 00:25:28,290
you know in the same thing with

502
00:25:32,330 --> 00:25:30,540
domesticating animals this is one of my

503
00:25:37,810 --> 00:25:32,340
favorite lines to share

504
00:25:41,440 --> 00:25:37,820
so between 8500 BC to about 2500 BC

505
00:25:45,049 --> 00:25:41,450
every animal that has been domesticated

506
00:25:48,169 --> 00:25:45,059
was domesticated alladhina how many

507
00:25:51,370 --> 00:25:48,179
animals in our rise of education and

508
00:26:02,600 --> 00:25:51,380
technology have been domesticated since

509
00:26:05,510 --> 00:26:02,610
2500 BC - uh none zero so how did they

510
00:26:07,320 --> 00:26:05,520
know how to do it and we don't have a

511
00:26:09,989 --> 00:26:07,330
clue

512
00:26:15,720 --> 00:26:09,999
we've had the same amount of time we've

513
00:26:18,419 --> 00:26:15,730

had the same amount of time what so your

514

00:26:22,350 --> 00:26:18,429

line of thought here is that there's a

515

00:26:25,430 --> 00:26:22,360

shared information or we weren't the

516

00:26:28,979 --> 00:26:25,440

ones that domesticated them I see okay I

517

00:26:32,129 --> 00:26:28,989

mean all right so that's down to us or

518

00:26:35,669 --> 00:26:32,139

we just it was taught to us or it was

519

00:26:40,220 --> 00:26:35,679

passed down and inherited by well I'm

520

00:26:46,259 --> 00:26:43,259

agricultural domestication because

521

00:26:49,139 --> 00:26:46,269

there's not really evidence glaring

522

00:26:50,970 --> 00:26:49,149

evidence in animal domestication but I

523

00:26:54,749 --> 00:26:50,980

think this will make give you the point

524

00:26:57,239 --> 00:26:54,759

so 30,000 years ago there was a

525

00:26:59,669 --> 00:26:57,249

miraculous event I love that it was a

526
00:27:04,049 --> 00:26:59,679
miraculous event that happened in the

527
00:27:07,700 --> 00:27:04,059
plant kingdom and a form of and I get

528
00:27:12,349 --> 00:27:07,710
these backwards Emmer wheat

529
00:27:17,279 --> 00:27:12,359
made it with a form of go grass and if

530
00:27:18,899 --> 00:27:17,289
by-product was Elmer wheat Elkhorn weed

531
00:27:21,749 --> 00:27:18,909
maybe it's backwards but anyway

532
00:27:24,450 --> 00:27:21,759
and so usually in nature if two

533
00:27:29,460 --> 00:27:24,460
different species made so if you have a

534
00:27:33,359 --> 00:27:29,470
lie zebra and a horse that made the

535
00:27:36,119 --> 00:27:33,369
offspring are infertile because it's

536
00:27:38,399 --> 00:27:36,129
just how you know or if you take a horse

537
00:27:40,139 --> 00:27:38,409
and a donkey and they make them you old

538
00:27:46,399 --> 00:27:40,149

they're infertile that's just how it

539

00:27:50,220 --> 00:27:46,409

works but somehow miraculously this

540

00:27:52,830 --> 00:27:50,230

brain that crossbred produce viable

541

00:27:55,379 --> 00:27:52,840

offspring and the part that I think is

542

00:27:57,749 --> 00:27:55,389

even better is that it produced viable

543

00:28:00,330 --> 00:27:57,759

offspring and somehow survived and

544

00:28:03,450 --> 00:28:00,340

spread okay

545

00:28:06,779 --> 00:28:03,460

so now we have this in corn wheat that

546

00:28:09,330 --> 00:28:06,789

is hanging around and people in corn

547

00:28:12,359 --> 00:28:09,340

wheat has more gluten and so it allowed

548

00:28:14,789 --> 00:28:12,369

the very early bread makers to make more

549

00:28:17,399 --> 00:28:14,799

of a risen bread versus kind of like a

550

00:28:19,739 --> 00:28:17,409

pita bread okay so if there was

551
00:28:20,310 --> 00:28:19,749
definitely a benefit from this new kind

552
00:28:24,210 --> 00:28:20,320
of grain

553
00:28:28,050 --> 00:28:24,220
so 30,000 years goes by goes by goes by

554
00:28:30,870 --> 00:28:28,060
well then 10,000 years ago we had

555
00:28:34,650 --> 00:28:30,880
another miraculous event that happened

556
00:28:37,740 --> 00:28:34,660
and that in corn wheat mated with a for

557
00:28:40,650 --> 00:28:37,750
another form of grass and made it into

558
00:28:44,150 --> 00:28:40,660
what we find as modern wheat today that

559
00:28:46,530 --> 00:28:44,160
was also reproducible well and

560
00:28:48,930 --> 00:28:46,540
scientists don't understand how those

561
00:28:50,460 --> 00:28:48,940
two genetic anomalies occurred they

562
00:28:53,700 --> 00:28:50,470
don't understand it they try to

563
00:28:55,380 --> 00:28:53,710

reproduce it in lab and in this one

564

00:28:57,390 --> 00:28:55,390

article basically they said well we have

565

00:28:59,250 --> 00:28:57,400

to mix it with a bunch of chemicals we

566

00:29:04,170 --> 00:28:59,260

have to do this in this in order to get

567

00:29:06,060 --> 00:29:04,180

that viable offspring to happen yeah or

568

00:29:06,420 --> 00:29:06,070

they slice splicing or something like

569

00:29:11,640 --> 00:29:06,430

that

570

00:29:13,350 --> 00:29:11,650

didn't know it was a miracle of nature

571

00:29:15,420 --> 00:29:13,360

it just slipped up I mean that's what

572

00:29:17,640 --> 00:29:15,430

they want us to believe and so I think

573

00:29:19,850 --> 00:29:17,650

this a similar thing happened in the

574

00:29:24,990 --> 00:29:19,860

domestication of animals is that they

575

00:29:27,990 --> 00:29:25,000

did something to make them be that way

576
00:29:32,490 --> 00:29:28,000
and then they stopped and then it was up

577
00:29:34,230 --> 00:29:32,500
to us and we're stupid so well you know

578
00:29:36,000 --> 00:29:34,240
it's um we're coming up on the break so

579
00:29:38,400 --> 00:29:36,010
we will talk about more miraculous

580
00:29:41,370 --> 00:29:38,410
happenings in our history in just a

581
00:29:45,150 --> 00:29:41,380
couple of minutes I'm speaking with dr.

582
00:29:47,790 --> 00:29:45,160
Rita Lewis and yeah this is going to be

583
00:29:49,830 --> 00:29:47,800
one heck of a ride tonight so hang in

584
00:29:51,900 --> 00:29:49,840
there this is Alan B Smith for the

585
00:29:54,020 --> 00:29:51,910
inception radio network we're gonna dig

586
00:29:58,020 --> 00:29:54,030
down deep into our history

587
00:30:03,240 --> 00:29:58,030
extraterrestrials aka gods stay tuned

588
00:30:03,250 --> 00:30:09,739

[Music]

589

00:30:13,769 --> 00:30:11,969

welcome back to paranormal now I'm your

590

00:30:16,859 --> 00:30:13,779

host Alan B Smith I'm talking to dr.

591

00:30:18,049 --> 00:30:16,869

Rita Lewis and we are discussing all

592

00:30:21,539 --> 00:30:18,059

things

593

00:30:23,639 --> 00:30:21,549

mysterious and miraculous and taking us

594

00:30:25,919 --> 00:30:23,649

out of the break was something happened

595

00:30:28,619 --> 00:30:25,929

on the way to heaven by Phil Collins one

596

00:30:33,950 --> 00:30:28,629

of my favorites so dr. Rita Louise we

597

00:30:38,489 --> 00:30:33,960

were speaking about this sort of sudden

598

00:30:41,759 --> 00:30:38,499

percolation of a breed of wheat that

599

00:30:45,419 --> 00:30:41,769

scientists can't explain how it came to

600

00:30:47,190 --> 00:30:45,429

be other than their own attempts at you

601
00:30:50,759 --> 00:30:47,200
know chemically or scientifically

602
00:30:53,509 --> 00:30:50,769
intervening to make it make it so so

603
00:30:57,180 --> 00:30:53,519
that leaves us hanging what do you think

604
00:30:59,580 --> 00:30:57,190
cause I mean I think that it was

605
00:31:02,639 --> 00:30:59,590
genetically engineered I I don't think

606
00:31:05,580 --> 00:31:02,649
that I mean it's kind of a two-part

607
00:31:08,519 --> 00:31:05,590
process so we have the genetic miracle

608
00:31:11,070 --> 00:31:08,529
that happened I you know but then

609
00:31:14,599 --> 00:31:11,080
there's the part okay so I have two

610
00:31:18,930 --> 00:31:14,609
plants that cross pollinate that

611
00:31:23,789 --> 00:31:18,940
produced seeds what is the likelihood

612
00:31:26,519 --> 00:31:23,799
that that one plant of seeds is going to

613
00:31:32,159 --> 00:31:26,529

as I said in my writing create a

614

00:31:36,479 --> 00:31:32,169

revolution that it would spread so far

615

00:31:38,489 --> 00:31:36,489

that early hunter-gatherers you know

616

00:31:39,269 --> 00:31:38,499

because we're talking about 30,000 years

617

00:31:43,259 --> 00:31:39,279

ago

618

00:31:47,339 --> 00:31:43,269

I'm recognized is that this grain was

619

00:31:49,680 --> 00:31:47,349

different and started to save it or do

620

00:31:53,159 --> 00:31:49,690

something with it you know I mean it

621

00:31:55,589 --> 00:31:53,169

just it's just one of those things that

622

00:31:58,979 --> 00:31:55,599

I end up reading going hmm

623

00:32:01,619 --> 00:31:58,989

yeah right I find it interesting because

624

00:32:06,269 --> 00:32:01,629

there's so much stuff that you read

625

00:32:08,310 --> 00:32:06,279

about that comes from scientists where

626
00:32:10,830 --> 00:32:08,320
they say well we really don't know how

627
00:32:13,469 --> 00:32:10,840
that happened or wow that occurred in a

628
00:32:17,999 --> 00:32:13,479
really short period of time or you know

629
00:32:19,469 --> 00:32:18,009
they're even dumbfounded and they

630
00:32:20,760 --> 00:32:19,479
couldn't use just like just like

631
00:32:22,409 --> 00:32:20,770
splicing where you

632
00:32:24,750 --> 00:32:22,419
you know how where you kind of slit a

633
00:32:26,130 --> 00:32:24,760
little cut into a tree and then you you

634
00:32:28,289 --> 00:32:26,140
know take the branch event of the tree

635
00:32:30,090 --> 00:32:28,299
and then you wrap it and you know that

636
00:32:32,250 --> 00:32:30,100
the way they would sort of blend apple

637
00:32:35,789 --> 00:32:32,260
trees there was no known mechanism

638
00:32:37,830 --> 00:32:35,799

natural way for doing that right not at

639

00:32:40,860 --> 00:32:37,840

that point in time they didn't even have

640

00:32:41,480 --> 00:32:40,870

agriculture at that point in time yeah

641

00:32:44,430 --> 00:32:41,490

interesting

642

00:32:48,919 --> 00:32:44,440

I remember hearing an interview recently

643

00:32:51,180 --> 00:32:48,929

with Neil deGrasse Tyson Titan Tyson and

644

00:32:52,889 --> 00:32:51,190

you know he they were he was making the

645

00:32:56,610 --> 00:32:52,899

argument for genetically modified

646

00:32:59,340 --> 00:32:56,620

essentially you know saying that well

647

00:33:01,409 --> 00:32:59,350

human beings have spliced you know

648

00:33:05,130 --> 00:33:01,419

different sort of plants together you

649

00:33:07,320 --> 00:33:05,140

know for a long time so us and going in

650

00:33:09,990 --> 00:33:07,330

and just like you know putting a new

651
00:33:11,850 --> 00:33:10,000
genetic gene or you know mixing genes in

652
00:33:14,220 --> 00:33:11,860
a lab is no different than a farmer who

653
00:33:16,049 --> 00:33:14,230
learned how to do it from his dad

654
00:33:18,269 --> 00:33:16,059
crossing two different breeds of apple

655
00:33:22,680 --> 00:33:18,279
tree or a peach with the plum tree and

656
00:33:24,600 --> 00:33:22,690
um you know I I really took offense to

657
00:33:26,340 --> 00:33:24,610
that because these are scientists and I

658
00:33:29,760 --> 00:33:26,350
and I thought that's really I feel like

659
00:33:33,350 --> 00:33:29,770
offensive to our own understanding of

660
00:33:36,899 --> 00:33:33,360
how science and genetics works because

661
00:33:40,110 --> 00:33:36,909
you you can't put a spider into his

662
00:33:42,510 --> 00:33:40,120
little cut bark of an of an apple tree

663
00:33:44,399 --> 00:33:42,520

and wrap it up and then the apple tree

664

00:33:46,680 --> 00:33:44,409

is going to have spider genes and you're

665

00:33:48,419 --> 00:33:46,690

gonna have some sort of mutated super

666

00:33:52,730 --> 00:33:48,429

apple plant it's not gonna happen

667

00:33:57,330 --> 00:33:52,740

yet basically force those genes into

668

00:33:59,250 --> 00:33:57,340

that the genes of the Apple in a lab so

669

00:34:02,310 --> 00:33:59,260

it seems to me that it's on a somewhat

670

00:34:05,250 --> 00:34:02,320

similar par to you know to get to what

671

00:34:07,470 --> 00:34:05,260

you what you're speaking of for ancients

672

00:34:10,889 --> 00:34:07,480

to have developed what they did then it

673

00:34:13,409 --> 00:34:10,899

seems almost parallel to what we have to

674

00:34:15,000 --> 00:34:13,419

do in order to you know splice a spider

675

00:34:18,270 --> 00:34:15,010

into a plant I mean maybe I'm way off

676

00:34:20,820 --> 00:34:18,280

but that's kind of our ancestors

677

00:34:24,359 --> 00:34:20,830

actually did it if they actually did it

678

00:34:25,919 --> 00:34:24,369

right you know I mean I think it's it

679

00:34:28,169 --> 00:34:25,929

pretty simplistic because if you take a

680

00:34:30,329 --> 00:34:28,179

Macintosh and a Granny Smith they're

681

00:34:32,159 --> 00:34:30,339

both species of apples and so there

682

00:34:34,260 --> 00:34:32,169

shouldn't be the ability to cross

683

00:34:38,380 --> 00:34:34,270

pollinate and

684

00:34:40,930 --> 00:34:38,390

my granny's or something you know that's

685

00:34:43,270 --> 00:34:40,940

a possibility but it you know if you

686

00:34:45,040 --> 00:34:43,280

take a lion and a tiger they're two

687

00:34:47,320 --> 00:34:45,050

different species and if you get them to

688

00:34:49,000 --> 00:34:47,330

me you know it would be like actually a

689

00:34:51,250 --> 00:34:49,010

better example it would be and this is

690

00:34:54,760 --> 00:34:51,260

kind of nasty but if you took a human

691

00:34:56,200 --> 00:34:54,770

and a ruler or a chimpanzee and you put

692

00:35:00,130 --> 00:34:56,210

them together because you know we our

693

00:35:02,490 --> 00:35:00,140

DNA is 98% the same and have an

694

00:35:09,460 --> 00:35:02,500

expectation that we would create a

695

00:35:12,940 --> 00:35:09,470

ape-man offspring when it happens no but

696

00:35:18,580 --> 00:35:12,950

who do you think who are these gods who

697

00:35:20,710 --> 00:35:18,590

who did this well when you start reading

698

00:35:23,110 --> 00:35:20,720

the mythic record you know one of the

699

00:35:28,870 --> 00:35:23,120

things that you find out is that the

700

00:35:31,120 --> 00:35:28,880

gods take on many shapes and forms some

701
00:35:35,290 --> 00:35:31,130
of them are described as being Caucasian

702
00:35:38,610 --> 00:35:35,300
with long flowing hair some of them are

703
00:35:41,620 --> 00:35:38,620
described as being half man half serpent

704
00:35:44,500 --> 00:35:41,630
there are some that are described as

705
00:35:46,750 --> 00:35:44,510
being Giants as tallest trees and as big

706
00:35:49,390 --> 00:35:46,760
as mountains there are some that are

707
00:35:53,710 --> 00:35:49,400
described as Dwarfs I mean so we find

708
00:35:57,450 --> 00:35:53,720
this variety of descriptions when we

709
00:35:59,530 --> 00:35:57,460
talk about the god pantheon

710
00:36:03,460 --> 00:35:59,540
you know and when you look at like

711
00:36:05,920 --> 00:36:03,470
Indian cosmology you know they describe

712
00:36:09,640 --> 00:36:05,930
some of the gods as having you know 50

713
00:36:12,760 --> 00:36:09,650

heads and 50 arms or Indra had four

714

00:36:14,770 --> 00:36:12,770

heads and four arms six heads and four

715

00:36:17,950 --> 00:36:14,780

he had a bunch of heads and arms you

716

00:36:20,770 --> 00:36:17,960

know our faces and and that's just part

717

00:36:22,900 --> 00:36:20,780

of their belief system you know we have

718

00:36:24,820 --> 00:36:22,910

one Indian God that his head was chopped

719

00:36:29,620 --> 00:36:24,830

off and so he took the head of an

720

00:36:32,800 --> 00:36:29,630

elephant to use it you know and so they

721

00:36:35,500 --> 00:36:32,810

aren't always represented or talked

722

00:36:38,140 --> 00:36:35,510

about and described as being you

723

00:36:39,880 --> 00:36:38,150

necessarily even humanoid I mean I guess

724

00:36:43,900 --> 00:36:39,890

there humanoid because they have a head

725

00:36:46,980 --> 00:36:43,910

and arms and legs but not human in the

726

00:36:51,270 --> 00:36:46,990

way that we think we were created in

727

00:36:53,310 --> 00:36:51,280

image kind of human um you know the gods

728

00:36:55,200 --> 00:36:53,320

are always described is not living on

729

00:36:56,850 --> 00:36:55,210

the earth they're described as living in

730

00:36:58,410 --> 00:36:56,860

the sky they're described as living deep

731

00:37:01,310 --> 00:36:58,420

within the earth or underneath the

732

00:37:03,930 --> 00:37:01,320

Earth's waters they're described as

733

00:37:07,350 --> 00:37:03,940

flying through the air and fiery

734

00:37:11,609 --> 00:37:07,360

chariots I mean there's there's so much

735

00:37:15,060 --> 00:37:11,619

information that when you read it it

736

00:37:18,480 --> 00:37:15,070

doesn't correlate with this militant god

737

00:37:20,580 --> 00:37:18,490

that we've all been told is the one

738

00:37:23,820 --> 00:37:20,590

we're supposed to believe in which is

739

00:37:26,700 --> 00:37:23,830

why I really had to focus that this is

740

00:37:29,220 --> 00:37:26,710

to the Western world because in India

741

00:37:33,420 --> 00:37:29,230

they believed that you know they

742

00:37:36,150 --> 00:37:33,430

believed that Rama flew on a vimana when

743

00:37:38,609 --> 00:37:36,160

he after he killed the demon god of

744

00:37:40,280 --> 00:37:38,619

Lanka who was a giant and had multiple

745

00:37:43,170 --> 00:37:40,290

heads and had a vimana

746

00:37:46,740 --> 00:37:43,180

you know they believe that that's part

747

00:37:48,359 --> 00:37:46,750

of their religion sure and and we were

748

00:37:52,500 --> 00:37:48,369

just watching the movie Wonder Woman I

749

00:37:55,290 --> 00:37:52,510

don't know if you saw it but I couldn't

750

00:37:58,859 --> 00:37:55,300

help notice the parallel between Aries

751
00:38:00,540 --> 00:37:58,869
and Lucifer you know Aries rebelling

752
00:38:02,130 --> 00:38:00,550
against the Zeus's creation and then you

753
00:38:04,920 --> 00:38:02,140
have Lucifer rebelling against God's

754
00:38:08,070 --> 00:38:04,930
creation because they're both angry that

755
00:38:10,859 --> 00:38:08,080
he created you know these really messed

756
00:38:14,580 --> 00:38:10,869
up beings you know with lots of problems

757
00:38:15,840 --> 00:38:14,590
and and psychological issues and and I

758
00:38:19,320 --> 00:38:15,850
and I thought you know that's just

759
00:38:21,780 --> 00:38:19,330
another example and I don't I don't know

760
00:38:25,109 --> 00:38:21,790
which came first do you were the Greeks

761
00:38:29,660 --> 00:38:25,119
earlier then or not so much because I

762
00:38:33,330 --> 00:38:29,670
guess if it came from a sort of Sumerian

763
00:38:35,190 --> 00:38:33,340

timeline origin then I guess the Greeks

764

00:38:36,690 --> 00:38:35,200

came later I what do you think yeah I

765

00:38:40,140 --> 00:38:36,700

mean the Greece were definitely later

766

00:38:42,450 --> 00:38:40,150

the Greeks were you know I mean

767

00:38:45,270 --> 00:38:42,460

Alexander the Great who was agreed was

768

00:38:48,120 --> 00:38:45,280

333 BC you know and then the Romans

769

00:38:49,470 --> 00:38:48,130

followed right behind them but they

770

00:38:51,359 --> 00:38:49,480

probably did they not get some of the

771

00:38:54,150 --> 00:38:51,369

myths from you know origins of

772

00:38:56,460 --> 00:38:54,160

Mesopotamians and and the Sumerians

773

00:39:00,059 --> 00:38:56,470

ultimately

774

00:39:03,690 --> 00:39:00,069

but here's the interesting thing you

775

00:39:07,740 --> 00:39:03,700

find parallel myths in Australia which

776

00:39:10,079 --> 00:39:07,750

was populated 60,000 years ago and you

777

00:39:13,520 --> 00:39:10,089

find parallel myths in the Americas

778

00:39:18,120 --> 00:39:13,530

which was populated somewhere you know

779

00:39:21,359 --> 00:39:18,130

13,000 plus years ago long before the

780

00:39:23,579 --> 00:39:21,369

Sumerians so where did those stories

781

00:39:26,609 --> 00:39:23,589

come from I mean one of the things that

782

00:39:31,589 --> 00:39:26,619

I contend is that when you talk about

783

00:39:34,319 --> 00:39:31,599

this pantheon of odds that really were

784

00:39:37,230 --> 00:39:34,329

just talking about one group of gods

785

00:39:41,040 --> 00:39:37,240

we're talking about a specific fertility

786

00:39:44,309 --> 00:39:41,050

God we're talking about a specific sky

787

00:39:49,050 --> 00:39:44,319

god who would be like inky you know but

788

00:39:50,490 --> 00:39:49,060

it's inky or Zeus or causal coital you

789

00:39:52,530 --> 00:39:50,500

know what I mean they have different

790

00:39:55,260 --> 00:39:52,540

names in different cultures but we're

791

00:39:58,530 --> 00:39:55,270

talking about the same person because

792

00:40:01,950 --> 00:39:58,540

the iconography the attributes

793

00:40:05,400 --> 00:40:01,960

associated with that individual are all

794

00:40:08,760 --> 00:40:05,410

the same they're all the same and there

795

00:40:10,380 --> 00:40:08,770

are some overlapping as well so you know

796

00:40:14,010 --> 00:40:10,390

one figure in one culture might

797

00:40:16,109 --> 00:40:14,020

encompass certain two or three

798

00:40:20,630 --> 00:40:16,119

attributes that I'm overlap with another

799

00:40:23,660 --> 00:40:20,640

figure from another culture a memory

800

00:40:28,230 --> 00:40:23,670

actually if you could actually explain

801
00:40:29,940 --> 00:40:28,240
the Sun symbol the winged Sun symbol and

802
00:40:31,260 --> 00:40:29,950
I think that was that's a really good

803
00:40:32,760 --> 00:40:31,270
way because I think people people can

804
00:40:35,849 --> 00:40:32,770
actually visualize that in their head

805
00:40:37,380 --> 00:40:35,859
they've seen probably enough imagery so

806
00:40:40,440 --> 00:40:37,390
what are the parallels there between all

807
00:40:43,020 --> 00:40:40,450
the different cultures okay hmm okay I'm

808
00:40:46,950 --> 00:40:43,030
gonna have to like find that file okay

809
00:40:49,650 --> 00:40:46,960
in my brain that is okay so in Egypt I

810
00:40:52,800 --> 00:40:49,660
think people are familiar with the image

811
00:40:55,980 --> 00:40:52,810
of the winged disc you know so there is

812
00:40:58,440 --> 00:40:55,990
the circle of the Sun and it has two big

813
00:41:02,790 --> 00:40:58,450

you know kind of Eagle looking wings

814

00:41:05,430 --> 00:41:02,800

coming off the sides okay but Sumerian

815

00:41:07,319 --> 00:41:05,440

culture preceded Egyptian culture so I

816

00:41:07,990 --> 00:41:07,329

have to kind of but we'll start with

817

00:41:13,120 --> 00:41:08,000

that

818

00:41:16,240 --> 00:41:13,130

visual and so in Sumerian Arcadian and

819

00:41:21,070 --> 00:41:16,250

Babylonian culture they have their

820

00:41:25,360 --> 00:41:21,080

supreme deity you know in in Akkadian it

821

00:41:29,560 --> 00:41:25,370

was some shamash but anyway so they have

822

00:41:31,990 --> 00:41:29,570

this imagery of the God you know so it's

823

00:41:35,350 --> 00:41:32,000

kind of like the upper half of the God

824

00:41:38,130 --> 00:41:35,360

sitting inside the circle with these

825

00:41:40,960 --> 00:41:38,140

wings coming off of it which many people

826

00:41:44,380 --> 00:41:40,970

correlate to it's some kind of a some

827

00:41:46,930 --> 00:41:44,390

kind of a spaceship and so and coming

828

00:41:51,640 --> 00:41:46,940

off of that are these different rays 8

829

00:41:54,700 --> 00:41:51,650

rays and so when in other images if

830

00:41:57,730 --> 00:41:54,710

there was a circle that had these eight

831

00:42:00,970 --> 00:41:57,740

rays coming off of it it was the

832

00:42:04,600 --> 00:42:00,980

implication that the power and the

833

00:42:08,590 --> 00:42:04,610

energy of God was with you or was with

834

00:42:10,600 --> 00:42:08,600

that person so Oh with that kind of base

835

00:42:13,210 --> 00:42:10,610

knowledge till we have a circle with

836

00:42:16,720 --> 00:42:13,220

these rays coming off of it with the

837

00:42:19,330 --> 00:42:16,730

wings is the representation of the power

838

00:42:21,370 --> 00:42:19,340

of God being with you but now we go back

839

00:42:23,290 --> 00:42:21,380

to the Egyptians and we have this circle

840

00:42:25,930 --> 00:42:23,300

with these wings coming off it it

841

00:42:28,210 --> 00:42:25,940

doesn't have the Rays but again it's

842

00:42:30,400 --> 00:42:28,220

kind of like that Excel spreadsheet you

843

00:42:33,040 --> 00:42:30,410

have some stuff carried hear some stuff

844

00:42:36,910 --> 00:42:33,050

carried they're taken as a whole you get

845

00:42:41,500 --> 00:42:36,920

a big picture but sometimes details

846

00:42:46,270 --> 00:42:41,510

might drop off but then you come to the

847

00:42:51,040 --> 00:42:46,280

Americas and you have images of the

848

00:42:54,670 --> 00:42:51,050

Supreme God Viracocha and many times it

849

00:42:58,870 --> 00:42:54,680

is the image of a man holding two

850

00:43:02,980 --> 00:42:58,880

serpents but around his head is like a

851
00:43:05,440 --> 00:43:02,990
halo of rays now some of the rays are

852
00:43:07,780 --> 00:43:05,450
actually serpents there are seven

853
00:43:14,410 --> 00:43:07,790
serpents represented and then there are

854
00:43:16,870 --> 00:43:14,420
eight points represented and so but that

855
00:43:21,210 --> 00:43:16,880
is also the representation of the God so

856
00:43:25,440 --> 00:43:21,220
you know we get that same knowledge

857
00:43:29,010 --> 00:43:25,450
you find it in New Mexico where they

858
00:43:32,910 --> 00:43:29,020
have like the New Mexico flag it's a big

859
00:43:35,130 --> 00:43:32,920
circle and then it has like raised kind

860
00:43:36,750 --> 00:43:35,140
of coming out the Jew side I mean all

861
00:43:40,200 --> 00:43:36,760
you have to do is really start looking

862
00:43:43,230 --> 00:43:40,210
for that basic image and you start

863
00:43:45,690 --> 00:43:43,240

seeing it everywhere you know and one of

864

00:43:47,550 --> 00:43:45,700

the things that I put in that my movie

865

00:43:50,040 --> 00:43:47,560

icon deconstructing the archetypes of

866

00:43:54,900 --> 00:43:50,050

the Ancients when I looked at that is

867

00:43:58,050 --> 00:43:54,910

perhaps the notion of a halo you know so

868

00:44:00,780 --> 00:43:58,060

when we look at like Christian art if

869

00:44:04,140 --> 00:44:00,790

it's a saint or if it's Jesus there's

870

00:44:07,200 --> 00:44:04,150

always that halo going around the head

871

00:44:10,700 --> 00:44:07,210

of the holy person or the real you know

872

00:44:14,760 --> 00:44:10,710

the high religious person if the

873

00:44:20,940 --> 00:44:14,770

utilization of the halo actually goes

874

00:44:25,650 --> 00:44:20,950

back to those images of on our shamash

875

00:44:27,930 --> 00:44:25,660

in his winged disc back to Sumerian

876

00:44:30,390 --> 00:44:27,940

times which represented the power of God

877

00:44:32,790 --> 00:44:30,400

in these individuals because that's what

878

00:44:36,059 --> 00:44:32,800

holy people are you know God works

879

00:44:39,839 --> 00:44:36,069

through them so are we still carrying

880

00:44:44,520 --> 00:44:39,849

that same iconography forward to this

881

00:44:48,680 --> 00:44:44,530

day and I think that you make the

882

00:44:52,290 --> 00:44:48,690

argument then that these aren't just

883

00:44:56,660 --> 00:44:52,300

psychological natural psychological mind

884

00:45:00,390 --> 00:44:56,670

permutations of the human mind in

885

00:45:02,370 --> 00:45:00,400

artistic form that to say that these

886

00:45:05,579 --> 00:45:02,380

different cultures disparate cultures

887

00:45:08,010 --> 00:45:05,589

around the world didn't just naturally

888

00:45:11,130 --> 00:45:08,020

come out with these similar symbols and

889

00:45:13,349 --> 00:45:11,140

gods and figures around the same period

890

00:45:16,079 --> 00:45:13,359

of time on their own because it's

891

00:45:19,130 --> 00:45:16,089

natural but because there was another

892

00:45:22,200 --> 00:45:19,140

outside force or impetus causing this

893

00:45:24,920 --> 00:45:22,210

correct that they were all talking about

894

00:45:27,390 --> 00:45:24,930

and representing the same thing

895

00:45:29,069 --> 00:45:27,400

okay well during the break we were

896

00:45:32,370 --> 00:45:29,079

talking about how you should be on

897

00:45:34,820 --> 00:45:32,380

ancient aliens and and and I agree and I

898

00:45:38,700 --> 00:45:34,830

think you you would be great

899

00:45:39,810 --> 00:45:38,710

but I wonder would you would you do you

900

00:45:42,740 --> 00:45:39,820

think you would offer them a little bit

901
00:45:47,690 --> 00:45:42,750
of a challenge with some of your

902
00:45:53,810 --> 00:45:50,340
or what I've heard that I've heard them

903
00:45:58,200 --> 00:45:53,820
say some really weird stuff you know and

904
00:46:03,060 --> 00:45:58,210
I can tone it down a little bit you know

905
00:46:04,859 --> 00:46:03,070
I mean I'll know I mean I don't think I

906
00:46:06,870 --> 00:46:04,869
mean I joke around and tell people that

907
00:46:09,240 --> 00:46:06,880
I'm the person that mines the driest

908
00:46:11,730 --> 00:46:09,250
most boring book sitting on your library

909
00:46:17,580 --> 00:46:11,740
shelf and reads it and then turns around

910
00:46:20,280 --> 00:46:17,590
and reiterated in useable form mm-hmm

911
00:46:21,780 --> 00:46:20,290
you know I think you know kind of talk

912
00:46:24,570 --> 00:46:21,790
about ancient aliens but from what I

913
00:46:26,060 --> 00:46:24,580

understand they give you kind of an idea

914

00:46:29,160 --> 00:46:26,070

of what they want to talk to you about

915

00:46:31,109 --> 00:46:29,170

you know so you can go and kind of pull

916

00:46:32,670 --> 00:46:31,119

your thoughts together well you know if

917

00:46:35,070 --> 00:46:32,680

they don't want me to go too far out

918

00:46:36,960 --> 00:46:35,080

there even though and I don't think my

919

00:46:39,800 --> 00:46:36,970

thoughts are really that far out there I

920

00:46:43,560 --> 00:46:39,810

think that when I put out a statement I

921

00:46:46,140 --> 00:46:43,570

either have material to back it up and

922

00:46:48,840 --> 00:46:46,150

give it credibility I mean I really

923

00:46:51,960 --> 00:46:48,850

don't just make something up and if I do

924

00:46:54,930 --> 00:46:51,970

kind of make something up I'm usually

925

00:46:57,980 --> 00:46:54,940

very clear that well I don't know about

926

00:47:00,900 --> 00:46:57,990

this but this is kind of what I think

927

00:47:04,050 --> 00:47:00,910

you know in in my book ET chronicles

928

00:47:08,400 --> 00:47:04,060

I'll share this story with you it talks

929

00:47:10,260 --> 00:47:08,410

about these different periods of time

930

00:47:14,190 --> 00:47:10,270

you know the Golden Age the Silver Age

931

00:47:16,320 --> 00:47:14,200

the Bronze Age the Iron Age but in some

932

00:47:18,630 --> 00:47:16,330

cultures there are actually five cycles

933

00:47:21,450 --> 00:47:18,640

so in the Mayan calendar you know they

934

00:47:24,960 --> 00:47:21,460

talked about the five cycles well I had

935

00:47:27,320 --> 00:47:24,970

a really hard time correlating how some

936

00:47:29,849 --> 00:47:27,330

could have four and some could have five

937

00:47:32,520 --> 00:47:29,859

but I finally figured it out

938

00:47:35,849 --> 00:47:32,530

because in many of these cultures the

939

00:47:39,030 --> 00:47:35,859

ones that have five it's the second

940

00:47:41,849 --> 00:47:39,040

cycle that's the Golden Age not the

941

00:47:45,150 --> 00:47:41,859

first cycle and so the first cycle talks

942

00:47:46,960 --> 00:47:45,160

about this planet or the you know weird

943

00:47:48,910 --> 00:47:46,970

where the gods lived and it was

944

00:47:50,980 --> 00:47:48,920

I'm a dark earth and they talk about

945

00:47:52,960 --> 00:47:50,990

darkness and you find this very

946

00:47:59,020 --> 00:47:52,970

consistent in cultures that have this

947

00:48:01,740 --> 00:47:59,030

first unnamed age and and then there was

948

00:48:05,410 --> 00:48:01,750

a destruction event that occurred and

949

00:48:09,510 --> 00:48:05,420

the inference was they went to somewhere

950

00:48:13,570 --> 00:48:09,520

else and they created a new world and

951
00:48:17,610 --> 00:48:13,580
brought on the golden age so I was like

952
00:48:22,890 --> 00:48:17,620
okay so if coming to earth and

953
00:48:25,770 --> 00:48:22,900
populating earth set off the golden age

954
00:48:28,590 --> 00:48:25,780
well then where were they before I

955
00:48:34,810 --> 00:48:28,600
thought that was a pretty valid question

956
00:48:36,790 --> 00:48:34,820
so just kind of you know all right I

957
00:48:39,190 --> 00:48:36,800
pulled this one out of my body okay and

958
00:48:40,900 --> 00:48:39,200
I freely admit I said well maybe they

959
00:48:43,450 --> 00:48:40,910
went to Mars first you know you got

960
00:48:46,660 --> 00:48:43,460
those phases on Mars and the pyramid

961
00:48:49,750 --> 00:48:46,670
structures at Cydonia and I'm like well

962
00:48:51,640 --> 00:48:49,760
let me kind of know look at it there's

963
00:48:53,590 --> 00:48:51,650

nothing wrong with speculation and

964

00:48:54,630 --> 00:48:53,600

hypothesis I mean you have to start

965

00:48:58,270 --> 00:48:54,640

somewhere

966

00:49:01,420 --> 00:48:58,280

well what was interesting was that there

967

00:49:04,030 --> 00:49:01,430

was a period of time in the development

968

00:49:06,460 --> 00:49:04,040

of Mars that scientists have identified

969

00:49:08,170 --> 00:49:06,470

that if there was life going to form on

970

00:49:09,340 --> 00:49:08,180

Mars it would have been during the

971

00:49:15,820 --> 00:49:09,350

Nokian era

972

00:49:20,800 --> 00:49:15,830

years ago which happened to fit

973

00:49:23,320 --> 00:49:20,810

perfectly into my timeline and then the

974

00:49:25,750 --> 00:49:23,330

atmosphere on Mars got destroyed well if

975

00:49:28,450 --> 00:49:25,760

you know there is this big destruction

976

00:49:31,990 --> 00:49:28,460

in this semi dark world and they had to

977

00:49:33,610 --> 00:49:32,000

flee well doesn't that doesn't even

978

00:49:36,010 --> 00:49:33,620

doesn't even the story sound like it

979

00:49:37,300 --> 00:49:36,020

fits so I put it in I'm like you know

980

00:49:41,530 --> 00:49:37,310

people can hate me for it I don't care

981

00:49:44,110 --> 00:49:41,540

it works sometimes sometimes you might

982

00:49:46,780 --> 00:49:44,120

get lucky and it does work out yeah but

983

00:49:48,070 --> 00:49:46,790

it did make me think and I'm not

984

00:49:50,830 --> 00:49:48,080

knocking you on this at all but it made

985

00:49:52,840 --> 00:49:50,840

me think about Terence Mckenna he had in

986

00:49:54,460 --> 00:49:52,850

his younger years written to covert in a

987

00:49:58,240 --> 00:49:54,470

book with his brother and I think it was

988

00:49:59,590 --> 00:49:58,250

a time wave zero and this was the first

989

00:50:00,510 --> 00:49:59,600

things actually he had mentioned earlier

990

00:50:04,620 --> 00:50:00,520

that got me in

991

00:50:08,490 --> 00:50:04,630

to 2012 and became fascinated because

992

00:50:10,290 --> 00:50:08,500

his time wave zero ended like the

993

00:50:16,050 --> 00:50:10,300

history based on some algorithm that he

994

00:50:19,050 --> 00:50:16,060

his brother created ended on 2012 so

995

00:50:20,880 --> 00:50:19,060

really yeah and this is just you know by

996

00:50:24,180 --> 00:50:20,890

coincidence and this was in the 70s late

997

00:50:25,950 --> 00:50:24,190

70s I think when he wrote the book and

998

00:50:28,760 --> 00:50:25,960

unfortunately Terence Mckenna passed

999

00:50:31,710 --> 00:50:28,770

away before he could see the time come

1000

00:50:34,710 --> 00:50:31,720

but I thought wow you know the Mayan

1001
00:50:37,710 --> 00:50:34,720
calendar is ending and 2012 this time

1002
00:50:42,570 --> 00:50:37,720
wave zero is ending on 2012 and some of

1003
00:50:44,880 --> 00:50:42,580
its there was one other theory for a

1004
00:50:47,130 --> 00:50:44,890
time line I'm drawing a blank now but

1005
00:50:48,990 --> 00:50:47,140
point is I thought oh my gosh this is

1006
00:50:51,450 --> 00:50:49,000
this is that can't be a coincidence this

1007
00:50:53,310 --> 00:50:51,460
is crazy so I really got became

1008
00:50:56,400 --> 00:50:53,320
fascinated with it and of course 2012

1009
00:50:59,880 --> 00:50:56,410
has come and passed so it's not to say

1010
00:51:02,610 --> 00:50:59,890
that the work was you know was bad maybe

1011
00:51:03,930 --> 00:51:02,620
there there was something that happened

1012
00:51:04,980 --> 00:51:03,940
maybe there really was a shift cuz I

1013
00:51:08,340 --> 00:51:04,990

could tell you right now I feel like

1014

00:51:11,520 --> 00:51:08,350

America isn't a major shift major and in

1015

00:51:13,890 --> 00:51:11,530

the world world is with us on that so

1016

00:51:16,440 --> 00:51:13,900

I'm open I think that I think that what

1017

00:51:18,660 --> 00:51:16,450

you what you're saying is is a really

1018

00:51:20,250 --> 00:51:18,670

good place to start and you know it'll

1019

00:51:20,970 --> 00:51:20,260

be interesting to see where you take it

1020

00:51:25,100 --> 00:51:20,980

from here

1021

00:51:29,370 --> 00:51:25,110

so let me let me ask you oh no go ahead

1022

00:51:32,640 --> 00:51:29,380

well I mean I was a huge Mayan calendar

1023

00:51:35,250 --> 00:51:32,650

December 21st 2012 skeptic because I did

1024

00:51:37,920 --> 00:51:35,260

not find enough evidence to support the

1025

00:51:40,290 --> 00:51:37,930

date which I won't go into that whole

1026
00:51:43,230 --> 00:51:40,300
thing but there was something that was

1027
00:51:46,470 --> 00:51:43,240
very interesting that did come out that

1028
00:51:48,540 --> 00:51:46,480
in my research you know they talked

1029
00:51:50,850 --> 00:51:48,550
about that that cycle and and you know

1030
00:51:52,800 --> 00:51:50,860
please forgive me for night it was three

1031
00:51:55,860 --> 00:51:52,810
thousand one hundred and four hundred

1032
00:51:57,360 --> 00:51:55,870
and some odd year whatever I don't

1033
00:51:59,370 --> 00:51:57,370
remember what the number was from the

1034
00:52:01,410 --> 00:51:59,380
beginning of the cycle to the end of the

1035
00:52:03,120 --> 00:52:01,420
cycle but it was three thousand one

1036
00:52:06,300 --> 00:52:03,130
hundred hunt one hundred years

1037
00:52:08,340 --> 00:52:06,310
well what was interesting was that there

1038
00:52:13,230 --> 00:52:08,350

were new beginnings

1039

00:52:17,340 --> 00:52:13,240

that happened in Indian cosmology

1040

00:52:21,240 --> 00:52:17,350

as well as in Jewish cosmology that date

1041

00:52:22,980 --> 00:52:21,250

to around that same period and so we had

1042

00:52:25,859 --> 00:52:22,990

the beginning of the new cycle in the

1043

00:52:28,680 --> 00:52:25,869

Mayan calendar we had the day that

1044

00:52:30,960 --> 00:52:28,690

Krishna left the earth and brought on

1045

00:52:32,550 --> 00:52:30,970

the Kali Yuga which was three thousand

1046

00:52:35,280 --> 00:52:32,560

four hundred and so on

1047

00:52:39,240 --> 00:52:35,290

you know right in that same period and

1048

00:52:42,600 --> 00:52:39,250

the Jewish calendar begins at like three

1049

00:52:44,100 --> 00:52:42,610

thousand seven hundred and something you

1050

00:52:45,780 --> 00:52:44,110

know and and then you have to take into

1051
00:52:48,060 --> 00:52:45,790
consideration you know we've changed our

1052
00:52:49,890 --> 00:52:48,070
calendar fifty times and you know what

1053
00:52:54,420 --> 00:52:49,900
is the real date if we were going back

1054
00:52:59,040 --> 00:52:54,430
to the old date but it seems like there

1055
00:53:01,620 --> 00:52:59,050
was something that happened in that time

1056
00:53:04,859 --> 00:53:01,630
period what it is I don't know I

1057
00:53:08,190 --> 00:53:04,869
couldn't find any anything to support it

1058
00:53:10,590 --> 00:53:08,200
other than all three of them talk about

1059
00:53:15,390 --> 00:53:10,600
a new beginning you know a new phase of

1060
00:53:21,359 --> 00:53:15,400
the cycle so okay if what was your

1061
00:53:23,849 --> 00:53:21,369
question yeah no that's good you know in

1062
00:53:26,250 --> 00:53:23,859
this beginning you we were speaking

1063
00:53:32,420 --> 00:53:26,260

about five cycles in that beginning

1064

00:53:38,340 --> 00:53:32,430

cycle or even today these demigods or

1065

00:53:40,620 --> 00:53:38,350

pre human gods or you know demigods of a

1066

00:53:44,609 --> 00:53:40,630

greater God whatever they are you know

1067

00:53:49,230 --> 00:53:44,619

do they come here in flying saucers do

1068

00:53:53,340 --> 00:53:49,240

they come here in spaceships okay

1069

00:53:57,480 --> 00:53:53,350

I mean we've briefly mentioned the fiery

1070

00:54:00,420 --> 00:53:57,490

chariot you know cut it those are

1071

00:54:03,000 --> 00:54:00,430

typically identified as how the gods

1072

00:54:07,220 --> 00:54:03,010

came from the heavens down to the earth

1073

00:54:10,920 --> 00:54:07,230

that was their mode of transportation in

1074

00:54:13,800 --> 00:54:10,930

Norse cosmology they have bit from us

1075

00:54:17,099 --> 00:54:13,810

which if anybody's seen Thor you know

1076

00:54:19,320 --> 00:54:17,109

it's kind of like the you know they're

1077

00:54:21,840 --> 00:54:19,330

going across that shiny bridge because

1078

00:54:24,900 --> 00:54:21,850

it's often reflected or referred to as

1079

00:54:26,560 --> 00:54:24,910

the Rainbow Bridge but then you know he

1080

00:54:29,710 --> 00:54:26,570

goes into that kind

1081

00:54:31,840 --> 00:54:29,720

wormhole transporter thing that leaves

1082

00:54:35,020 --> 00:54:31,850

him on the earth you know so that was

1083

00:54:38,830 --> 00:54:35,030

kind of their mode of transportation but

1084

00:54:45,310 --> 00:54:38,840

what's interesting in the Mahabharata it

1085

00:54:48,670 --> 00:54:45,320

talks about this thing the word escapes

1086

00:54:53,200 --> 00:54:48,680

me but anyway it talks about the homes

1087

00:54:55,390 --> 00:54:53,210

of five of the major gods and when they

1088

00:54:58,630 --> 00:54:55,400

describe these homes which kind of

1089

00:55:02,890 --> 00:54:58,640

sounds like Olympus you know not Mount

1090

00:55:04,750 --> 00:55:02,900

Olympus but Olympus but it was a place

1091

00:55:06,640 --> 00:55:04,760

where hundreds of thousands of people

1092

00:55:09,220 --> 00:55:06,650

could live and they all had different

1093

00:55:11,200 --> 00:55:09,230

homes in there and some were made of

1094

00:55:13,300 --> 00:55:11,210

gold and some were made of silver and

1095

00:55:16,240 --> 00:55:13,310

some were made of different kinds of

1096

00:55:19,180 --> 00:55:16,250

metal depending on you know their rank

1097

00:55:23,470 --> 00:55:19,190

and status they had gardens they had all

1098

00:55:25,570 --> 00:55:23,480

of these things in these homes of the

1099

00:55:27,520 --> 00:55:25,580

gods now

1100

00:55:29,590 --> 00:55:27,530

these homes of the gods could travel

1101
00:55:31,960 --> 00:55:29,600
anywhere they wanted was just a thought

1102
00:55:37,840 --> 00:55:31,970
they could fly through the sky they

1103
00:55:43,150 --> 00:55:37,850
could go under the water the smallest

1104
00:55:45,970 --> 00:55:43,160
one based on a my conversion of the

1105
00:55:49,540 --> 00:55:45,980
measurement was something like 300 by

1106
00:55:54,490 --> 00:55:49,550
500 miles whoa that was the smallest one

1107
00:55:57,010 --> 00:55:54,500
it was huge okay now I mean these are

1108
00:55:58,900 --> 00:55:57,020
mothership size their mothership size

1109
00:56:05,500 --> 00:55:58,910
and so you know they use these fiery

1110
00:56:07,450 --> 00:56:05,510
chariots to go from heaven or Olympus I

1111
00:56:11,860 --> 00:56:07,460
mean because what is heaven heaven is

1112
00:56:13,330 --> 00:56:11,870
where God lives right true well where

1113
00:56:16,930 --> 00:56:13,340

did the gods live they live in that

1114

00:56:18,610 --> 00:56:16,940

mother ship that's circling the earth

1115

00:56:23,670 --> 00:56:18,620

and they're taking their a little look

1116

00:56:26,760 --> 00:56:23,680

you know little shuttlecraft

1117

00:56:32,700 --> 00:56:26,770

down of the earth have you ever heard of

1118

00:56:35,010 --> 00:56:32,710

a a p-funk parliament from the 70s yeah

1119

00:56:37,410 --> 00:56:35,020

yeah I'm gonna have to send you one of

1120

00:56:39,390 --> 00:56:37,420

their songs about talking about the

1121

00:56:40,829 --> 00:56:39,400

mothership actually you know I probably

1122

00:56:44,309 --> 00:56:40,839

use that as a bumper music in the next

1123

00:56:48,349 --> 00:56:44,319

the next break coming up so so okay so

1124

00:56:53,270 --> 00:56:48,359

basically you're saying it's not just

1125

00:56:56,700 --> 00:56:53,280

you know one sort of mono tribe of

1126

00:56:57,630 --> 00:56:56,710

extraterrestrials or what are they we

1127

00:56:59,000 --> 00:56:57,640

have a variety of different

1128

00:57:04,319 --> 00:56:59,010

extraterrestrial is using different

1129

00:57:06,809 --> 00:57:04,329

modes of transportation you know so okay

1130

00:57:11,130 --> 00:57:06,819

here we are these these beings on this

1131

00:57:15,170 --> 00:57:11,140

planet we have different you know races

1132

00:57:18,329 --> 00:57:15,180

coming down here from who's where and

1133

00:57:19,950 --> 00:57:18,339

how do they know each other I mean you

1134

00:57:21,420 --> 00:57:19,960

know how do they get here and they war

1135

00:57:23,880 --> 00:57:21,430

against each other because it's like

1136

00:57:25,980 --> 00:57:23,890

hopes no this is my territory now the

1137

00:57:28,620 --> 00:57:25,990

human oh yeah pretty much yeah pretty

1138

00:57:33,990 --> 00:57:28,630

much I mean if you think about my muse

1139

00:57:35,220 --> 00:57:34,000

Greek cosmology so so leaseholder right

1140

00:57:37,829 --> 00:57:35,230

there we're coming up to the center

1141

00:57:39,390 --> 00:57:37,839

bright yeah and we'll pick it up when we

1142

00:57:40,920 --> 00:57:39,400

get back this is Alan B Smith for

1143

00:57:43,589 --> 00:57:40,930

paranormal now on the inception radio

1144

00:57:46,799 --> 00:57:43,599

network and I'm speaking with dr. Rita

1145

00:57:56,960 --> 00:57:46,809

Lewis fantastic conversation stay tuned

1146

00:58:00,930 --> 00:57:59,280

and welcome back to the paranormal now

1147

00:58:02,849 --> 00:58:00,940

I'm your host Andy smoke on the

1148

00:58:05,760 --> 00:58:02,859

inception radio network my guest tonight

1149

00:58:08,579 --> 00:58:05,770

is dr. Rita Lewis and taking us out of

1150

00:58:11,309 --> 00:58:08,589

the break was we want the funk that

1151
00:58:16,109 --> 00:58:11,319
Parliament alright so we were speaking

1152
00:58:19,670 --> 00:58:16,119
of extraterrestrials ancient aliens as

1153
00:58:23,190 --> 00:58:19,680
it were but after Rita Lewis has a

1154
00:58:24,990 --> 00:58:23,200
different perspective on it and and I do

1155
00:58:28,260 --> 00:58:25,000
appreciate that and where we had left it

1156
00:58:30,480 --> 00:58:28,270
off in the break in particular we were

1157
00:58:33,270 --> 00:58:30,490
speaking about some ancient Greek

1158
00:58:34,740 --> 00:58:33,280
mythology so read I don't know if you

1159
00:58:38,490 --> 00:58:34,750
want to pick it up from there and and

1160
00:58:41,069 --> 00:58:38,500
take us away sure you know and so I'm

1161
00:58:43,230 --> 00:58:41,079
going to use the Greek mythology as kind

1162
00:58:44,940 --> 00:58:43,240
of the the narrative because I think

1163
00:58:49,650 --> 00:58:44,950

people are familiar with the names

1164

00:58:51,660 --> 00:58:49,660

involved but the way that the story okay

1165

00:58:54,299 --> 00:58:51,670

so this is me and I will say that this

1166

00:58:57,180 --> 00:58:54,309

is me making an interpretation of the

1167

00:59:01,049 --> 00:58:57,190

story that we find but the original

1168

00:59:05,190 --> 00:59:01,059

progenitor gods that came to I'll save

1169

00:59:09,510 --> 00:59:05,200

this solar system were gods like you're

1170

00:59:11,010 --> 00:59:09,520

honest and Gaia and according to their

1171

00:59:14,700 --> 00:59:11,020

narrative they had a number of children

1172

00:59:17,130 --> 00:59:14,710

of the Titans and the cyclopes and and

1173

00:59:23,640 --> 00:59:17,140

this and the herkimer's her I can never

1174

00:59:26,130 --> 00:59:23,650

say that word right and and so you're

1175

00:59:29,220 --> 00:59:26,140

honest was afraid of the Titans and so

1176

00:59:31,349 --> 00:59:29,230

he put them into Tartarus but the

1177

00:59:34,410 --> 00:59:31,359

youngest son Kronos wasn't put in

1178

00:59:36,900 --> 00:59:34,420

Tartarus and so Gaia gave him a ala

1179

00:59:38,940 --> 00:59:36,910

mantium sickle which he used to castrate

1180

00:59:42,780 --> 00:59:38,950

his father well we don't

1181

00:59:45,900 --> 00:59:42,790

so you're honest is tied to that dual

1182

00:59:48,750 --> 00:59:45,910

God type concept all of the progenitor

1183

00:59:51,450 --> 00:59:48,760

gods when you look at early cosmology or

1184

00:59:54,900 --> 00:59:51,460

all that dual hermaphroditic type

1185

00:59:57,390 --> 00:59:54,910

concept Kronos was a fertility guide so

1186

01:00:00,000 --> 00:59:57,400

the iconography tied to for the

1187

01:00:04,190 --> 01:00:00,010

fertility gods are the half man half

1188

01:00:08,010 --> 01:00:04,200

serpent some kind of aquatic

1189

01:00:10,080 --> 01:00:08,020

reptilian-type being so

1190

01:00:13,670 --> 01:00:10,090

on us is the one who was considered a

1191

01:00:16,650 --> 01:00:13,680

rebel and escaped it is my belief that

1192

01:00:18,300 --> 01:00:16,660

you're honest and Gaia and the original

1193

01:00:21,030 --> 01:00:18,310

progenitor gods a group of eight

1194

01:00:24,870 --> 01:00:21,040

actually settled on to Mars first or at

1195

01:00:26,820 --> 01:00:24,880

least that's kind of my thought but then

1196

01:00:29,760 --> 01:00:26,830

they had the late heavy bombardment that

1197

01:00:32,430 --> 01:00:29,770

occurred about 3.8 billion years ago

1198

01:00:35,310 --> 01:00:32,440

which destroyed the atmosphere so

1199

01:00:39,360 --> 01:00:35,320

there's this war that happens Cronus

1200

01:00:42,030 --> 01:00:39,370

escapes any sets up shop on the earth

1201

01:00:43,560 --> 01:00:42,040

which started the Golden Age in many

1202

01:00:45,900 --> 01:00:43,570

cultures around the world and everything

1203

01:00:48,480 --> 01:00:45,910

was very fertile and and all of this

1204

01:00:54,290 --> 01:00:48,490

great stuff was going on so he's here

1205

01:00:55,920 --> 01:00:54,300

hanging around for eons and then we have

1206

01:00:58,890 --> 01:00:55,930

his son

1207

01:01:01,260 --> 01:00:58,900

Zeus through this portrayed in cosmology

1208

01:01:05,310 --> 01:01:01,270

as being Caucasian with long flowing

1209

01:01:08,520 --> 01:01:05,320

hair usurp the throne there is the war

1210

01:01:12,600 --> 01:01:08,530

between you know Zeus and Titans and

1211

01:01:15,120 --> 01:01:12,610

Zeus wins and so and we find this

1212

01:01:18,690 --> 01:01:15,130

consistent story of warring that happens

1213

01:01:20,970 --> 01:01:18,700

you know in Greek the cosmology it talks

1214

01:01:24,030 --> 01:01:20,980

about it was the child but when you look

1215

01:01:25,710 --> 01:01:24,040

at how they're described they it seems

1216

01:01:28,350 --> 01:01:25,720

almost impossible that their children

1217

01:01:30,660 --> 01:01:28,360

could look that way but if you kind of

1218

01:01:33,720 --> 01:01:30,670

put a different twist on it and talk

1219

01:01:36,450 --> 01:01:33,730

about different factions of aliens kind

1220

01:01:38,910 --> 01:01:36,460

of like the Federation you know it was

1221

01:01:41,370 --> 01:01:38,920

it had the Ferengi in charge at one

1222

01:01:43,740 --> 01:01:41,380

point in time and now the Klingons are

1223

01:01:46,410 --> 01:01:43,750

in charge now the Federation came in and

1224

01:01:48,990 --> 01:01:46,420

took control of this planet it kind of

1225

01:01:50,670 --> 01:01:49,000

makes more sense and and one of the

1226

01:01:53,070 --> 01:01:50,680

things that you were mentioning a little

1227

01:01:56,850 --> 01:01:53,080

bit earlier about you know Ares being

1228

01:01:59,220 --> 01:01:56,860

kind of tied to the devil and the and

1229

01:02:01,680 --> 01:01:59,230

the war between him but what's

1230

01:02:04,830 --> 01:02:01,690

interesting is that using Zeus again

1231

01:02:07,790 --> 01:02:04,840

Zeus was a sky God his home where heaven

1232

01:02:11,550 --> 01:02:07,800

is is in the sky

1233

01:02:16,530 --> 01:02:11,560

Kronos was a fertility God and his home

1234

01:02:18,630 --> 01:02:16,540

was in the water and so or in the earth

1235

01:02:19,470 --> 01:02:18,640

you know down there I like to say it

1236

01:02:22,830 --> 01:02:19,480

that way it was

1237

01:02:24,990 --> 01:02:22,840

down there you know and he was kind of

1238

01:02:28,590 --> 01:02:25,000

serpent-like and so when we look

1239

01:02:31,170 --> 01:02:28,600

contemporary Christianity or a brahmic

1240

01:02:35,390 --> 01:02:31,180

traditions we have this war between God

1241

01:02:38,280 --> 01:02:35,400

and Lucifer where God is up there and

1242

01:02:41,580 --> 01:02:38,290

Lucifer who is evil is down there

1243

01:02:46,830 --> 01:02:41,590

because he lost the war so you know they

1244

01:02:49,650 --> 01:02:46,840

have to vfi him I don't know just seems

1245

01:02:50,760 --> 01:02:49,660

like too much of a parallel to me it is

1246

01:02:54,420 --> 01:02:50,770

quite the parallel and if you're just

1247

01:02:56,190 --> 01:02:54,430

tuning in we're talking to dr. Rita

1248

01:02:59,070 --> 01:02:56,200

Lewis as she is a best-selling author

1249

01:03:00,859 --> 01:02:59,080

and the host of just energy radio and

1250

01:03:04,680 --> 01:03:00,869

the founder of the Institute of Applied

1251

01:03:10,070 --> 01:03:04,690

energetics if I can just skew offer for

1252

01:03:16,530 --> 01:03:10,080

just a moment where does your sense of

1253

01:03:19,320 --> 01:03:16,540

energy and the root energy that is a

1254

01:03:23,160 --> 01:03:19,330

part of healing where does that connect

1255

01:03:26,040 --> 01:03:23,170

to these godlike beings are they tapping

1256

01:03:29,640 --> 01:03:26,050

into some sort of field of energy do

1257

01:03:32,340 --> 01:03:29,650

they are they just more advanced than us

1258

01:03:39,480 --> 01:03:32,350

because they can tap into something else

1259

01:03:42,840 --> 01:03:39,490

that we just can't yet good question

1260

01:03:46,200 --> 01:03:42,850

when you read the mythological record it

1261

01:03:51,210 --> 01:03:46,210

doesn't really claim that they had any

1262

01:03:54,030 --> 01:03:51,220

kind of supernatural abilities short of

1263

01:03:56,220 --> 01:03:54,040

perhaps shape-shifting but not all of

1264

01:03:59,099 --> 01:03:56,230

the gods could shape-shift that was more

1265

01:04:01,940 --> 01:03:59,109

tied to the fertility gods or the

1266

01:04:03,900 --> 01:04:01,950

trickster gods which are fertility gods

1267

01:04:08,550 --> 01:04:03,910

which might have been just a

1268

01:04:10,800 --> 01:04:08,560

characteristic of their race I don't

1269

01:04:13,020 --> 01:04:10,810

know but when you look at the stories

1270

01:04:14,580 --> 01:04:13,030

and say they had technology you know

1271

01:04:19,830 --> 01:04:14,590

they had these ships that they flew

1272

01:04:24,270 --> 01:04:19,840

around in and they had so in Celtic

1273

01:04:27,870 --> 01:04:24,280

mythology it talks about Freya and she

1274

01:04:30,570 --> 01:04:27,880

had a ring that she would put on and it

1275

01:04:32,820 --> 01:04:30,580

or no not a ring she had a cloak of

1276

01:04:34,590 --> 01:04:32,830

feathers that she would put on and

1277

01:04:37,290 --> 01:04:34,600

allowed her to soar through the skies

1278

01:04:40,470 --> 01:04:37,300

and you find a similar storyline in the

1279

01:04:43,020 --> 01:04:40,480

sought the Swan maiden legends where

1280

01:04:45,540 --> 01:04:43,030

there were the Swan maidens that lived

1281

01:04:48,900 --> 01:04:45,550

in the sky and they would come down to

1282

01:04:51,990 --> 01:04:48,910

the earth and bathe and so one day this

1283

01:04:54,480 --> 01:04:52,000

guy sees them bathing in the lake and

1284

01:04:56,880 --> 01:04:54,490

steals one of the cloaks from the sky

1285

01:04:59,520 --> 01:04:56,890

Swan maiden she's no longer able to

1286

01:05:01,530 --> 01:04:59,530

return to her home in the sky and so she

1287

01:05:04,380 --> 01:05:01,540

lives with him for years and has

1288

01:05:07,440 --> 01:05:04,390

children and then one day she finds out

1289

01:05:10,530 --> 01:05:07,450

where he hid her cloak puts it back on

1290

01:05:12,690 --> 01:05:10,540

and returns to the sky hmm

1291

01:05:15,570 --> 01:05:12,700

yeah so we've you know so it's not about

1292

01:05:16,910 --> 01:05:15,580

they necessarily had these special

1293

01:05:18,690 --> 01:05:16,920

skills

1294

01:05:23,910 --> 01:05:18,700

it's just that they had better

1295

01:05:28,830 --> 01:05:23,920

technology and you know I understand the

1296

01:05:30,840 --> 01:05:28,840

the metaphor for the you know the Star

1297

01:05:32,220 --> 01:05:30,850

Trek metaphor whereas you know there's

1298

01:05:33,840 --> 01:05:32,230

the prime directive and you don't

1299

01:05:38,550 --> 01:05:33,850

interfere and that's why we don't see

1300

01:05:43,830 --> 01:05:38,560

them but if that were true now why

1301

01:05:45,359 --> 01:05:43,840

wasn't it true in the past well you know

1302

01:05:47,760 --> 01:05:45,369

it's interesting that's a great question

1303

01:05:50,660 --> 01:05:47,770

that's a great question but I think that

1304

01:05:54,060 --> 01:05:50,670

that was one of the points of contention

1305

01:05:57,359 --> 01:05:54,070

if you start paying attempt to the

1306

01:06:00,150 --> 01:05:57,369

stories what you find is that it is that

1307

01:06:03,450 --> 01:06:00,160

group you know so I have four different

1308

01:06:07,890 --> 01:06:03,460

groups well there's the all-father who

1309

01:06:09,900 --> 01:06:07,900

you don't really see there is the Zygons

1310

01:06:11,970 --> 01:06:09,910

there's the fertility gods who are

1311

01:06:13,980 --> 01:06:11,980

associated with water there is the god

1312

01:06:17,430 --> 01:06:13,990

of the underworld who's associated with

1313

01:06:21,680 --> 01:06:17,440

Tartarus or hell or but deep within the

1314

01:06:23,970 --> 01:06:21,690

earth and then there is a group that is

1315

01:06:25,980 --> 01:06:23,980

they have multiple descriptions

1316

01:06:27,810 --> 01:06:25,990

sometimes they're called the Giants

1317

01:06:30,750 --> 01:06:27,820

sometimes they're called Dwarfs so you

1318

01:06:33,870 --> 01:06:30,760

know but they are the gods who developed

1319

01:06:35,430 --> 01:06:33,880

the technology okay and and in some

1320

01:06:36,660 --> 01:06:35,440

cultures they're not even considered

1321

01:06:39,660 --> 01:06:36,670

gods it's

1322

01:06:42,450 --> 01:06:39,670

we have these four groups and so if you

1323

01:06:45,900 --> 01:06:42,460

look at mythology it seems like the

1324

01:06:49,349 --> 01:06:45,910

character or characters who are tied to

1325

01:06:53,880 --> 01:06:49,359

that fertility group who were the ones

1326

01:06:56,490 --> 01:06:53,890

that actually engineered humanity were

1327

01:06:59,519 --> 01:06:56,500

the ones that supported humanity they're

1328

01:07:02,370 --> 01:06:59,529

the ones that gave us information I mean

1329

01:07:06,930 --> 01:07:02,380

if you recall in the Sumerian story it

1330

01:07:08,910 --> 01:07:06,940

was Anke who warned zan turis that the

1331

01:07:11,640 --> 01:07:08,920

flood was coming and told him to build a

1332

01:07:14,549 --> 01:07:11,650

boat read read wall read wall listen to

1333

01:07:16,440 --> 01:07:14,559

what I have to say so he didn't really

1334

01:07:17,789 --> 01:07:16,450

talk to him directly but he got the

1335

01:07:24,049 --> 01:07:17,799

message

1336

01:07:29,099 --> 01:07:24,059

and so that God the God like Enki won

1337

01:07:32,789 --> 01:07:29,109

against the wish of the Council of gods

1338

01:07:33,660 --> 01:07:32,799

or the sky god and so was always given

1339

01:07:36,950 --> 01:07:33,670

like this but you know they were

1340

01:07:40,980 --> 01:07:36,960

identified as being tricksters or

1341

01:07:43,890 --> 01:07:40,990

somehow bad you know which gives them

1342

01:07:47,970 --> 01:07:43,900

that bad representation in many cultures

1343

01:07:51,870 --> 01:07:47,980

today and I'm not sure I answer the

1344

01:07:55,259 --> 01:07:51,880

question but what kind of but not oh you

1345

01:07:58,529 --> 01:07:55,269

did I mean it I can understand there'd

1346

01:08:00,620 --> 01:07:58,539

be a contradiction of opinions if you

1347

01:08:02,730 --> 01:08:00,630

have you know totally different cultures

1348

01:08:06,749 --> 01:08:02,740

coming to this earth and trying to

1349

01:08:10,529 --> 01:08:06,759

decide how to manage dealing with this

1350

01:08:11,880 --> 01:08:10,539

planet and the people on it I jerk

1351

01:08:15,299 --> 01:08:11,890

question was about the prime directive

1352

01:08:19,579 --> 01:08:15,309

it's right fertility gods didn't really

1353

01:08:23,490 --> 01:08:19,589

follow it but what it feels like is that

1354

01:08:26,430 --> 01:08:23,500

well if you're David Icke they had an

1355

01:08:30,870 --> 01:08:26,440

agenda okay which I'm still working on

1356

01:08:34,260 --> 01:08:30,880

that one but it's you're working on like

1357

01:08:36,120 --> 01:08:34,270

what you Gentiles huh you're working on

1358

01:08:37,379 --> 01:08:36,130

what the agenda is is what you're

1359

01:08:39,329 --> 01:08:37,389

inferring yeah I mean that's a big

1360

01:08:41,999 --> 01:08:39,339

question that's the big question you

1361

01:08:43,979 --> 01:08:42,009

know were they here to teach humanity

1362

01:08:46,559 --> 01:08:43,989

and support the development of humanity

1363

01:08:49,289 --> 01:08:46,569

so that they can suck the energy off of

1364

01:08:50,760 --> 01:08:49,299

us and suck the fear off of us

1365

01:08:54,620 --> 01:08:50,770

which is kind of what David Icke

1366

01:08:57,809 --> 01:08:54,630

suggests you know or were there reasons

1367

01:08:59,820 --> 01:08:57,819

for their other reasons but it does seem

1368

01:09:02,400 --> 01:08:59,830

like this group of fertility gods are

1369

01:09:06,480 --> 01:09:02,410

the ones that gave humanity and

1370

01:09:08,760 --> 01:09:06,490

education and helped us to develop which

1371

01:09:11,640 --> 01:09:08,770

was against apparently well I mean you

1372

01:09:14,150 --> 01:09:11,650

think of you know in the Book of Enoch

1373

01:09:17,010 --> 01:09:14,160

you know it talks about the sons of God

1374

01:09:19,190 --> 01:09:17,020

teaching you know women about perfumes

1375

01:09:21,240 --> 01:09:19,200

and makeup and teaching them about

1376

01:09:22,980 --> 01:09:21,250

metallurgy and that was the cause of the

1377

01:09:27,120 --> 01:09:22,990

fall of the flood you know because of

1378

01:09:29,099 --> 01:09:27,130

the defilement that they imposed against

1379

01:09:31,320 --> 01:09:29,109

humanity you know like we weren't

1380

01:09:33,809 --> 01:09:31,330

supposed to learn anything but they

1381

01:09:40,410 --> 01:09:33,819

taught it to us and that was their big

1382

01:09:41,160 --> 01:09:40,420

sin that was their sin and then they got

1383

01:09:46,230 --> 01:09:41,170

passed down to us

1384

01:09:49,620 --> 01:09:46,240

apparently punishment for sin against

1385

01:09:51,480 --> 01:09:49,630

the gods mm-hmm that's pretty standard

1386

01:09:57,450 --> 01:09:51,490

fare wherever you look on the planet

1387

01:10:00,150 --> 01:09:57,460

divine retribution right so now that we

1388

01:10:03,200 --> 01:10:00,160

are finally catching up as far as

1389

01:10:05,550 --> 01:10:03,210

technology I mean I could only imagine I

1390

01:10:06,990 --> 01:10:05,560

don't know where maybe a few hundred

1391

01:10:10,590 --> 01:10:07,000

years away maybe maybe a hundred years

1392

01:10:15,210 --> 01:10:10,600

away be by the time we're able to be

1393

01:10:18,030 --> 01:10:15,220

really spacefaring people you know the

1394

01:10:21,630 --> 01:10:18,040

very fact that NASA has a small research

1395

01:10:23,640 --> 01:10:21,640

division looking into warp-drive you

1396

01:10:25,170 --> 01:10:23,650

know even though they they kind of play

1397

01:10:27,210 --> 01:10:25,180

it down they're still they're still

1398

01:10:30,870 --> 01:10:27,220

funding it so that tells you something

1399

01:10:32,400 --> 01:10:30,880

and and I think with the way the faster

1400

01:10:34,050 --> 01:10:32,410

and faster we learn about the physics of

1401

01:10:36,630 --> 01:10:34,060

this universe the closer and closer

1402

01:10:39,510 --> 01:10:36,640

looks that we two will be able to go out

1403

01:10:41,760 --> 01:10:39,520

there and explore other planets and so

1404

01:10:45,300 --> 01:10:41,770

what happens then you know what happens

1405

01:10:47,790 --> 01:10:45,310

in 175 years from now you know when we

1406

01:10:51,780 --> 01:10:47,800

go out there and it's like okay game on

1407

01:10:54,810 --> 01:10:51,790

do they step in do they quarantine us in

1408

01:10:57,390 --> 01:10:54,820

the solar system now you know will we

1409

01:11:00,840 --> 01:10:57,400

finally all just see them for who they

1410

01:11:02,250 --> 01:11:00,850

are I mean I don't know but it you know

1411

01:11:05,609 --> 01:11:02,260

if you restore

1412

01:11:09,029 --> 01:11:05,619

Ricky you know once humanity developed

1413

01:11:11,939 --> 01:11:09,039

warp capabilities they were you know

1414

01:11:14,640 --> 01:11:11,949

that's when the the Vulcans landed on

1415

01:11:16,410 --> 01:11:14,650

the earth they came down and and they

1416

01:11:19,529 --> 01:11:16,420

came down and today we're here you know

1417

01:11:22,879 --> 01:11:19,539

but that was kind of like the line you

1418

01:11:25,259 --> 01:11:22,889

know they had to have warp capability

1419

01:11:27,509 --> 01:11:25,269

but if he but if you think in other

1420

01:11:30,509 --> 01:11:27,519

areas I mean think about the area of

1421

01:11:32,520 --> 01:11:30,519

genetic research I mean I remember

1422

01:11:35,339 --> 01:11:32,530

seeing this article actually a number of

1423

01:11:38,430 --> 01:11:35,349

years ago about Frankenfish I love it

1424

01:11:42,299 --> 01:11:38,440

Frankenfish it was a salmon that was

1425

01:11:45,359 --> 01:11:42,309

cloned with an eel and I don't remember

1426

01:11:47,879 --> 01:11:45,369

what the what the properties were that

1427

01:11:52,080 --> 01:11:47,889

why they did it but there are so many

1428

01:11:56,879 --> 01:11:52,090

things that we're mixing stuff together

1429

01:11:58,830 --> 01:11:56,889

in order to have a better result now we

1430

01:12:01,680 --> 01:11:58,840

don't really know what the implications

1431

01:12:03,810 --> 01:12:01,690

are of taking an eel and a salmon but if

1432

01:12:08,279 --> 01:12:03,820

it gets more eel characteristics and it

1433

01:12:11,009 --> 01:12:08,289

becomes violent we don't know no but but

1434

01:12:14,100 --> 01:12:11,019

we're developing the technology you know

1435

01:12:16,529 --> 01:12:14,110

in that one area where if we went to

1436

01:12:19,740 --> 01:12:16,539

another planet and we wanted to develop

1437

01:12:22,890 --> 01:12:19,750

a species there we would have the

1438

01:12:24,750 --> 01:12:22,900

technology to do that yeah I believe

1439

01:12:26,819 --> 01:12:24,760

that I'm sure you're familiar with the

1440

01:12:30,000 --> 01:12:26,829

news that come out in the past year I'm

1441

01:12:32,839 --> 01:12:30,010

about could the CRISPR technology where

1442

01:12:37,259 --> 01:12:32,849

they can literally go in now and and

1443

01:12:39,839 --> 01:12:37,269

manipulate genes you know in real time

1444

01:12:42,779 --> 01:12:39,849

so I don't think we're that far away

1445

01:12:45,029 --> 01:12:42,789

before our astronauts can be genetically

1446

01:12:47,580 --> 01:12:45,039

manipulated not not genetically grown

1447

01:12:49,859 --> 01:12:47,590

but just a regular human being who's now

1448

01:12:52,290 --> 01:12:49,869

in their you know whatever 20s 30s ready

1449

01:12:53,669 --> 01:12:52,300

to go out to space and just say okay

1450

01:12:56,609 --> 01:12:53,679

we're going to do some modifications

1451

01:13:01,370 --> 01:12:56,619

here so that you are better equipped to

1452

01:13:04,109 --> 01:13:01,380

handle long-term space travel yeah yeah

1453

01:13:05,669 --> 01:13:04,119

yeah yeah and then and then of course it

1454

01:13:09,150 --> 01:13:05,679

leads down that route of what you know

1455

01:13:14,820 --> 01:13:12,330

so from from a human I have to tell you

1456

01:13:18,030 --> 01:13:14,830

it's like I love Star Trek because it

1457

01:13:20,220 --> 01:13:18,040

gives you so many great examples that

1458

01:13:22,640 --> 01:13:20,230

you can throw into this what-if scenario

1459

01:13:25,620 --> 01:13:22,650

you know then you have someone like Khan

1460

01:13:28,620 --> 01:13:25,630

who was genetically engineered but now

1461

01:13:30,300 --> 01:13:28,630

he has no purpose and they put him and

1462

01:13:32,970 --> 01:13:30,310

his people on a ship and send him off

1463

01:13:35,580 --> 01:13:32,980

into space and deep freeze because he

1464

01:13:37,830 --> 01:13:35,590

has no place on the earth anymore you

1465

01:13:39,570 --> 01:13:37,840

know oh so what word is that it gonna be

1466

01:13:42,930 --> 01:13:39,580

Artemis what we do with our mistakes

1467

01:13:46,350 --> 01:13:42,940

just send them off get rid of them well

1468

01:13:49,020 --> 01:13:46,360

I love I love that storyline and you

1469

01:13:51,810 --> 01:13:49,030

know nostalgic Lee I really do love the

1470

01:13:55,800 --> 01:13:51,820

the original episode and and the movie

1471

01:14:00,330 --> 01:13:55,810

Star Trek - but ivory watched the movie

1472

01:14:01,860 --> 01:14:00,340

now just recently because it's Star Trek

1473

01:14:07,470 --> 01:14:01,870

- is supposed to be one of the best

1474

01:14:09,810 --> 01:14:07,480

sci-fi films of all time and yeah I

1475

01:14:13,070 --> 01:14:09,820

didn't I don't agree with that yeah I

1476

01:14:15,090 --> 01:14:13,080

don't like it for its time it was good

1477

01:14:17,910 --> 01:14:15,100

but it didn't yeah I don't think it

1478

01:14:19,230 --> 01:14:17,920

holds up you know what do you what do

1479

01:14:21,420 --> 01:14:19,240

you think about the new the new Star

1480

01:14:24,420 --> 01:14:21,430

Trek films I mean because what made the

1481

01:14:26,700 --> 01:14:24,430

original Star Trek and generations Deep

1482

01:14:30,270 --> 01:14:26,710

Space nine all those iterations of Star

1483

01:14:33,710 --> 01:14:30,280

Trek great where the real conscious

1484

01:14:36,750 --> 01:14:33,720

effort to introduce philosophy into

1485

01:14:38,940 --> 01:14:36,760

every aspect of life especially a

1486

01:14:43,020 --> 01:14:38,950

science and exploration but psychology

1487

01:14:46,100 --> 01:14:43,030

spirituality politics do you feel like

1488

01:14:48,570 --> 01:14:46,110

the new iterations the Star Trek movies

1489

01:14:49,800 --> 01:14:48,580

carry that torch well enough or do you

1490

01:14:52,530 --> 01:14:49,810

think that they're just more

1491

01:14:54,000 --> 01:14:52,540

action-packed oh I definitely think

1492

01:14:57,780 --> 01:14:54,010

they're more action-packed

1493

01:15:00,810 --> 01:14:57,790

you know with good special effects and

1494

01:15:03,210 --> 01:15:00,820

you know an OK storyline mm-hm

1495

01:15:05,820 --> 01:15:03,220

you know I think Gene Roddenberry would

1496

01:15:07,830 --> 01:15:05,830

be a little disappointed I don't think

1497

01:15:09,600 --> 01:15:07,840

he would turn over in his grave but I

1498

01:15:12,300 --> 01:15:09,610

think he would be a little disappointed

1499

01:15:16,890 --> 01:15:12,310

that that message of hope and a bright

1500

01:15:19,359 --> 01:15:16,900

future and advancing technology I mean

1501

01:15:22,239 --> 01:15:19,369

you know it's interesting because

1502

01:15:28,569 --> 01:15:22,249

we are still looking to achieve the

1503

01:15:31,449 --> 01:15:28,579

things that Star Trek showed us you know

1504

01:15:34,000 --> 01:15:31,459

but now we have cell phones little flip

1505

01:15:36,040 --> 01:15:34,010

phones kind of like they had I mean you

1506

01:15:38,739 --> 01:15:36,050

know we're so there are so many things

1507

01:15:42,149 --> 01:15:38,749

that come out of science that you know

1508

01:15:45,069 --> 01:15:42,159

the words were made up for Star Trek

1509

01:15:48,819 --> 01:15:45,079

that way you know time-space continuum

1510

01:15:50,919 --> 01:15:48,829

and you know I mean I have tons of Star

1511

01:15:52,239 --> 01:15:50,929

Trek examples because people can wrap

1512

01:15:54,129 --> 01:15:52,249

their mind around it because they've

1513

01:15:57,819 --> 01:15:54,139

seen all the episodes at least 20 times

1514

01:15:59,649 --> 01:15:57,829

you know I I'm glad that it's other

1515

01:16:01,929 --> 01:15:59,659

people have been introduced into the

1516

01:16:04,029 --> 01:16:01,939

Star Trek lexicon that you know perhaps

1517

01:16:07,689 --> 01:16:04,039

would not have been and that whole

1518

01:16:11,399 --> 01:16:07,699

universe but you know there's something

1519

01:16:14,979 --> 01:16:11,409

to be said about using intelligence

1520

01:16:16,569 --> 01:16:14,989

smart people with different strengths

1521

01:16:18,790 --> 01:16:16,579

and attributes working together of

1522

01:16:20,439 --> 01:16:18,800

course there was always the action

1523

01:16:21,849 --> 01:16:20,449

element to Star Trek you know that was

1524

01:16:25,149 --> 01:16:21,859

part of the entertainment the fun of it

1525

01:16:26,589 --> 01:16:25,159

as well um but it was people bringing

1526

01:16:27,939 --> 01:16:26,599

them putting their minds together smart

1527

01:16:31,209 --> 01:16:27,949

people coming up with really clever

1528

01:16:36,159 --> 01:16:31,219

ideas to find themselves find a way out

1529

01:16:39,520 --> 01:16:36,169

of really tricky situations and you know

1530

01:16:47,229 --> 01:16:39,530

I think that humanity is going to be

1531

01:16:51,069 --> 01:16:47,239

really forced to do so if if we are

1532

01:16:53,229 --> 01:16:51,079

encountered with you know our version of

1533

01:16:56,349 --> 01:16:53,239

the Vulcans coming down and saying okay

1534

01:16:59,199 --> 01:16:56,359

guys you need to we need to really talk

1535

01:17:00,639 --> 01:16:59,209

here and work it out I think that I

1536

01:17:03,879 --> 01:17:00,649

don't think that we're gonna have war

1537

01:17:06,969 --> 01:17:03,889

you know or the world's radio broadcast

1538

01:17:09,279 --> 01:17:06,979

suicides there might be but I don't

1539

01:17:11,949 --> 01:17:09,289

think it's gonna be some crazy mess you

1540

01:17:14,020 --> 01:17:11,959

know attempt to for people to end their

1541

01:17:17,709 --> 01:17:14,030

lives because of you know aliens coming

1542

01:17:19,029 --> 01:17:17,719

down to earth but if that happens you

1543

01:17:20,829 --> 01:17:19,039

know we're gonna we're Nev we're going

1544

01:17:23,339 --> 01:17:20,839

to need really smart people and creative

1545

01:17:25,809 --> 01:17:23,349

thinkers to get through that transition

1546

01:17:28,280 --> 01:17:25,819

right we can't just have you know throw

1547

01:17:31,580 --> 01:17:28,290

fists first and think later

1548

01:17:33,650 --> 01:17:31,590

oh I agree I don't totally agree you

1549

01:17:35,780 --> 01:17:33,660

know one thing that I've always made to

1550

01:17:39,140 --> 01:17:35,790

comment about you know cuz if a ship

1551

01:17:41,230 --> 01:17:39,150

came and landed somewhere you know most

1552

01:17:45,440 --> 01:17:41,240

war world governments would want to send

1553

01:17:48,620 --> 01:17:45,450

the President or somebody like that you

1554

01:17:53,210 --> 01:17:48,630

know to go do this interaction and I'm

1555

01:17:57,440 --> 01:17:53,220

just like you know maybe send the Dalai

1556

01:18:00,890 --> 01:17:57,450

Lama you know he'd be cool yeah you know

1557

01:18:03,170 --> 01:18:00,900

maybe Jimmy Carter he'd be kind of

1558

01:18:04,910 --> 01:18:03,180

mellow you know someone that's you know

1559

01:18:07,340 --> 01:18:04,920

and then if they get blown up you know

1560

01:18:09,140 --> 01:18:07,350

which is awful to say you know okay then

1561

01:18:11,000 --> 01:18:09,150

maybe send a stronger hand in there

1562

01:18:13,630 --> 01:18:11,010

someone who's gonna sit there and talk

1563

01:18:15,790 --> 01:18:13,640

to these people and find common ground

1564

01:18:19,190 --> 01:18:15,800

right someone who doesn't have ulterior

1565

01:18:22,550 --> 01:18:19,200

motives you know they have a clear

1566

01:18:24,830 --> 01:18:22,560

motive that is recognized you know and

1567

01:18:27,440 --> 01:18:24,840

they they reflect and meditate and think

1568

01:18:29,780 --> 01:18:27,450

on these things carefully I think you

1569

01:18:31,640 --> 01:18:29,790

would have to be careful you can't just

1570

01:18:35,510 --> 01:18:31,650

go throw caution to the wind should

1571

01:18:39,200 --> 01:18:35,520

should that day come or go in with the

1572

01:18:41,870 --> 01:18:39,210

attitude that they're here to hurt us I

1573

01:18:43,970 --> 01:18:41,880

mean if they were here to hurt us then

1574

01:18:46,700 --> 01:18:43,980

they would just hurt us you know they

1575

01:18:48,020 --> 01:18:46,710

wouldn't come in land you know and you

1576

01:18:50,510 --> 01:18:48,030

made the comment about you don't think

1577

01:18:51,920 --> 01:18:50,520

people would commit suicide or do

1578

01:18:54,800 --> 01:18:51,930

anything like that you know like in the

1579

01:18:57,320 --> 01:18:54,810

30s and I think that our society has

1580

01:19:01,120 --> 01:18:57,330

been very acculturated I think that's

1581

01:19:04,280 --> 01:19:01,130

the right word to the notion of

1582

01:19:06,080 --> 01:19:04,290

extraterrestrials and UFOs and even

1583

01:19:08,750 --> 01:19:06,090

though it might kind of freak people out

1584

01:19:12,410 --> 01:19:08,760

a little bit I don't think there would

1585

01:19:18,700 --> 01:19:12,420

be bedlam because we've all seen movies

1586

01:19:22,040 --> 01:19:18,710

and TV shows and it's part of the mass

1587

01:19:26,390 --> 01:19:22,050

culture now you know it's it's part of

1588

01:19:29,060 --> 01:19:26,400

our heritage now well I think you

1589

01:19:32,270 --> 01:19:29,070

wouldn't really be shocked if you were

1590

01:19:34,910 --> 01:19:32,280

chosen to be the ambassador what would

1591

01:19:44,210 --> 01:19:34,920

be the first thing you would say do

1592

01:19:45,800 --> 01:19:44,220

these you know actually that might be

1593

01:19:47,570 --> 01:19:45,810

the best thing just you know what come

1594

01:19:48,890 --> 01:19:47,580

on let's just chill out and sit down and

1595

01:19:51,410 --> 01:19:48,900

we'll see where the conversation takes

1596

01:19:53,720 --> 01:19:51,420

us no butts but seriously where you know

1597

01:19:54,920 --> 01:19:53,730

if you if you were the the person did to

1598

01:19:56,660 --> 01:19:54,930

make that first contact

1599

01:19:58,790 --> 01:19:56,670

you know what would your first paragraph

1600

01:20:02,480 --> 01:19:58,800

be into that to that person how would

1601
01:20:05,720 --> 01:20:02,490
your rap be oh god man I would have to

1602
01:20:07,760 --> 01:20:05,730
like meditate on that for weeks or at

1603
01:20:13,940 --> 01:20:07,770
least a little bit you know not like

1604
01:20:16,550 --> 01:20:13,950
right now no I mean I think I would like

1605
01:20:20,750 --> 01:20:16,560
kind of go with the whole chill idea you

1606
01:20:23,990 --> 01:20:20,760
know you know when we you sit there and

1607
01:20:26,120 --> 01:20:24,000
you look at contemporary you f ology

1608
01:20:28,040 --> 01:20:26,130
especially the experiencers the people

1609
01:20:30,890 --> 01:20:28,050
that have experienced some kind of

1610
01:20:33,350 --> 01:20:30,900
abduction scenario you know they talk

1611
01:20:37,250 --> 01:20:33,360
about how these extraterrestrials

1612
01:20:40,670 --> 01:20:37,260
communicate telepathically and and I

1613
01:20:43,970 --> 01:20:40,680

think if you go in there with bad mojo

1614

01:20:45,950 --> 01:20:43,980

you know with your bad energy thinking

1615

01:20:48,560 --> 01:20:45,960

well I'm gonna have to get rid of these

1616

01:20:51,620 --> 01:20:48,570

people or just you know what I mean with

1617

01:20:54,410 --> 01:20:51,630

bad energy versus you go in there with

1618

01:20:55,640 --> 01:20:54,420

good energy they're going to receive

1619

01:20:57,830 --> 01:20:55,650

that they're gonna receive that

1620

01:20:59,990 --> 01:20:57,840

telepathically that you're not there to

1621

01:21:03,110 --> 01:21:00,000

hurt them you're not there to create

1622

01:21:06,440 --> 01:21:03,120

harm and so they'll receive you as

1623

01:21:08,360 --> 01:21:06,450

opposed to resist you you know so maybe

1624

01:21:10,400 --> 01:21:08,370

it's really not something that you talk

1625

01:21:12,850 --> 01:21:10,410

about maybe it's something that it's

1626

01:21:17,810 --> 01:21:12,860

more of a feeling exchange

1627

01:21:22,790 --> 01:21:17,820

mmm that happens right right

1628

01:21:25,040 --> 01:21:22,800

something that would imply that whatever

1629

01:21:28,250 --> 01:21:25,050

you know my guess would be honestly if

1630

01:21:32,390 --> 01:21:28,260

you know if we were being watched for

1631

01:21:34,820 --> 01:21:32,400

for quite a long time you know maybe not

1632

01:21:36,560 --> 01:21:34,830

ever you know all of these species or

1633

01:21:37,600 --> 01:21:36,570

everyone in these species speaks English

1634

01:21:39,890 --> 01:21:37,610

but my guess would be there would be

1635

01:21:42,550 --> 01:21:39,900

someone who understands it you know

1636

01:21:46,040 --> 01:21:42,560

their version of an ambassador

1637

01:21:48,500 --> 01:21:46,050

interpreter and not just English but

1638

01:21:50,060 --> 01:21:48,510

probably every other language because

1639

01:21:55,729 --> 01:21:50,070

they've had thousands of years right

1640

01:21:57,530 --> 01:21:55,739

I mean to study us yeah and you know

1641

01:21:59,120 --> 01:21:57,540

it's got to be frustrating from them if

1642

01:22:03,760 --> 01:21:59,130

they if they know our history but then

1643

01:22:06,620 --> 01:22:03,770

we do and that I think would be a

1644

01:22:09,050 --> 01:22:06,630

mind-blowing revelation to find out what

1645

01:22:10,689 --> 01:22:09,060

they know about us you know were it true

1646

01:22:13,669 --> 01:22:10,699

that they've been around for you know

1647

01:22:16,459 --> 01:22:13,679

70,000 years who knows if they've been

1648

01:22:18,680 --> 01:22:16,469

keeping records in track of us we might

1649

01:22:21,950 --> 01:22:18,690

just get our minds blown of what our

1650

01:22:24,649 --> 01:22:21,960

real history is oh I agree

1651

01:22:27,680 --> 01:22:24,659

mm-hmm well one of the things that I

1652

01:22:29,899 --> 01:22:27,690

point out in my ET chronicles book which

1653

01:22:31,700 --> 01:22:29,909

I actually talked about a little bit a

1654

01:22:33,680 --> 01:22:31,710

little bit more depth in my new book

1655

01:22:38,899 --> 01:22:33,690

which the working title is called being

1656

01:22:43,220 --> 01:22:38,909

human is just the notion of the mythic

1657

01:22:46,069 --> 01:22:43,230

narrative based on the point of view of

1658

01:22:50,830 --> 01:22:46,079

the writer we find two very different

1659

01:22:53,899 --> 01:22:50,840

focus points there are stories that are

1660

01:22:55,939 --> 01:22:53,909

from the flood okay so I'm gonna use

1661

01:22:59,149 --> 01:22:55,949

biblical so from the beginning to the

1662

01:23:01,640 --> 01:22:59,159

flood and then once we pass the flood

1663

01:23:04,879 --> 01:23:01,650

and you know kind of like the story of

1664

01:23:07,430 --> 01:23:04,889

the the Tower of Babel where we all have

1665

01:23:11,200 --> 01:23:07,440

our own different languages once you

1666

01:23:14,120 --> 01:23:11,210

passed that point in time you move into

1667

01:23:17,510 --> 01:23:14,130

stories all right so the early ones are

1668

01:23:21,379 --> 01:23:17,520

the gods talking about the gods okay and

1669

01:23:23,629 --> 01:23:21,389

so you know Kronos casts traits you're

1670

01:23:26,229 --> 01:23:23,639

honest it's okay you know there's no

1671

01:23:30,439 --> 01:23:26,239

hard there's no shock it's kind of like

1672

01:23:32,689 --> 01:23:30,449

we were there and we were watching you

1673

01:23:34,609 --> 01:23:32,699

know some kind of fight going on between

1674

01:23:36,470 --> 01:23:34,619

our friends down the street you know

1675

01:23:38,209 --> 01:23:36,480

we're just like rooting on you know

1676

01:23:41,209 --> 01:23:38,219

we're there they were part of the action

1677

01:23:44,979 --> 01:23:41,219

they were part of the story but when you

1678

01:23:48,439 --> 01:23:44,989

past that point the flood and the

1679

01:23:51,140 --> 01:23:48,449

development of culture as we know it the

1680

01:23:54,290 --> 01:23:51,150

stories change and it's no longer the

1681

01:23:57,109 --> 01:23:54,300

stories of the Gods about the gods it's

1682

01:24:00,350 --> 01:23:57,119

the story of humanity and our

1683

01:24:01,370 --> 01:24:00,360

interaction one with each other and our

1684

01:24:04,040 --> 01:24:01,380

interaction

1685

01:24:06,140 --> 01:24:04,050

with the gods you know where we're

1686

01:24:09,770 --> 01:24:06,150

praying to the gods or the gods

1687

01:24:11,720 --> 01:24:09,780

intervene on some level you know my

1688

01:24:13,459 --> 01:24:11,730

favorite Jason in the Argonauts

1689

01:24:15,020 --> 01:24:13,469

my favorite movie let's hold it right

1690

01:24:16,520 --> 01:24:15,030

there just on the Argonauts we will pick

1691

01:24:18,560 --> 01:24:16,530

it up from there after this last and

1692

01:24:22,959 --> 01:24:18,570

final break I'm speaking to dr. Rita

1693

01:24:26,090 --> 01:24:22,969

Lewis a best-selling author and amazing

1694

01:24:27,770 --> 01:24:26,100

person with a breadth of knowledge hang

1695

01:24:39,679 --> 01:24:27,780

in there we'll be right back

1696

01:24:43,469 --> 01:24:41,910

welcome back to paranormal now this is

1697

01:24:45,600 --> 01:24:43,479

Andy Smith your host on the inception

1698

01:24:48,000 --> 01:24:45,610

radio network and taking us out of the

1699

01:24:51,629 --> 01:24:48,010

break was route 66 by the Manhattan

1700

01:24:55,649 --> 01:24:51,639

Transfer a dr. riddle Lewis have you

1701

01:24:58,560 --> 01:24:55,659

ever taken route 66 I have been on some

1702

01:25:01,049 --> 01:24:58,570

parts but I haven't done just you know a

1703

01:25:04,890 --> 01:25:01,059

road trip on it but I think that would

1704

01:25:07,919 --> 01:25:04,900

be so cool to do so one day maybe I'll

1705

01:25:10,739 --> 01:25:07,929

put it on my bucket list yeah we you

1706

01:25:12,600 --> 01:25:10,749

know in our multiple road trips out to

1707

01:25:14,459 --> 01:25:12,610

the the Midwest there were a couple

1708

01:25:17,459 --> 01:25:14,469

times we hit 66 and just really

1709

01:25:19,620 --> 01:25:17,469

something romantic about it you know

1710

01:25:21,929 --> 01:25:19,630

owing to the history and also the

1711

01:25:23,819 --> 01:25:21,939

sightings I mean you know the highways

1712

01:25:25,799 --> 01:25:23,829

out there these big long open highways

1713

01:25:28,709 --> 01:25:25,809

particularly 66 because it is no longer

1714

01:25:30,959 --> 01:25:28,719

the main highway you know there the

1715

01:25:32,580 --> 01:25:30,969

lights are low and the skies are big and

1716

01:25:35,520 --> 01:25:32,590

bright and you can see quite a bit out

1717

01:25:37,620 --> 01:25:35,530

there have you ever had the chance to go

1718

01:25:41,969 --> 01:25:37,630

on a road trip and you know search the

1719

01:25:46,169 --> 01:25:41,979

sky stars for for UFOs or or just to

1720

01:25:48,660 --> 01:25:46,179

take in the beauty not necessarily on a

1721

01:25:53,129 --> 01:25:48,670

road trip you know but obviously I've

1722

01:25:55,649 --> 01:25:53,139

had experiences of just being out I have

1723

01:25:58,350 --> 01:25:55,659

some ex relatives that lived in on a

1724

01:26:00,089 --> 01:25:58,360

ranch New Mexico we would visit them all

1725

01:26:02,520 --> 01:26:00,099

the time and just you know sit out on

1726

01:26:06,060 --> 01:26:02,530

the porch you know and just look at the

1727

01:26:09,479 --> 01:26:06,070

Stars and stuff like that very cool

1728

01:26:10,290 --> 01:26:09,489

stuff never seen a UFO oh really all

1729

01:26:12,989 --> 01:26:10,300

right

1730

01:26:16,049 --> 01:26:12,999

that's isn't it no all kinds of other

1731

01:26:17,429 --> 01:26:16,059

weird stuff but no UFO yeah yeah it's

1732

01:26:20,580 --> 01:26:17,439

funny how there's some people who will

1733

01:26:23,009 --> 01:26:20,590

you know you know think on these things

1734

01:26:24,239 --> 01:26:23,019

look towards the skies and never see one

1735

01:26:26,759 --> 01:26:24,249

and then you have someone who has could

1736

01:26:31,020 --> 01:26:26,769

care less you know has a complete

1737

01:26:32,459 --> 01:26:31,030

another close encounter I've seen one

1738

01:26:34,410 --> 01:26:32,469

when I was much younger and you know

1739

01:26:37,020 --> 01:26:34,420

that sort of put me on this this path

1740

01:26:42,209 --> 01:26:37,030

for the rest of my life of being mildly

1741

01:26:44,939 --> 01:26:42,219

obsessed with it but you know I think

1742

01:26:49,350 --> 01:26:44,949

that that's that he makes it more

1743

01:26:50,990 --> 01:26:49,360

interesting from my perspective how you

1744

01:26:54,570 --> 01:26:51,000

have come to

1745

01:26:58,650 --> 01:26:54,580

except that these gods

1746

01:27:02,189 --> 01:26:58,660

aka extraterrestrials exist have come

1747

01:27:05,070 --> 01:27:02,199

more visiting now without having seen a

1748

01:27:07,110 --> 01:27:05,080

UFO yourself because the defense a lot

1749

01:27:08,459 --> 01:27:07,120

of people use when they're you know

1750

01:27:11,070 --> 01:27:08,469

researching these subjects they'll say

1751

01:27:13,350 --> 01:27:11,080

well yeah yeah blah blah history and

1752

01:27:15,750 --> 01:27:13,360

this and that and facts but mmm all that

1753

01:27:17,490 --> 01:27:15,760

aside I saw it with my own eyes so you

1754

01:27:20,760 --> 01:27:17,500

can tell me what you want but I know I

1755

01:27:23,070 --> 01:27:20,770

saw it and I know that it's real but in

1756

01:27:25,640 --> 01:27:23,080

your case you really are relying on your

1757

01:27:29,220 --> 01:27:25,650

research and the evidence that you drawn

1758

01:27:32,490 --> 01:27:29,230

and there was no way to get around it

1759

01:27:35,880 --> 01:27:32,500

there was just no anyone with common

1760

01:27:38,250 --> 01:27:35,890

sense you you know earlier I was talking

1761

01:27:40,800 --> 01:27:38,260

about how researchers you know just say

1762

01:27:43,800 --> 01:27:40,810

well we can't really explain it you know

1763

01:27:45,959 --> 01:27:43,810

how we had this miraculous event

1764

01:27:50,459 --> 01:27:45,969

happened in week you know we can't

1765

01:27:53,220 --> 01:27:50,469

explain it but if you get rid of the

1766

01:27:55,380 --> 01:27:53,230

miracles that happened in antiquity and

1767

01:27:57,750 --> 01:27:55,390

put a lien in there it makes a whole lot

1768

01:28:01,110 --> 01:27:57,760

more sense and you read these ancient

1769

01:28:03,150 --> 01:28:01,120

narratives and from it you know today we

1770

01:28:07,740 --> 01:28:03,160

have technology and we can look at these

1771

01:28:09,330 --> 01:28:07,750

stories and recognize the technology

1772

01:28:12,870 --> 01:28:09,340

that they had I mean we might not have

1773

01:28:15,900 --> 01:28:12,880

the technology but we can recognize it

1774

01:28:19,890 --> 01:28:15,910

as technology and so by the time I got

1775

01:28:22,890 --> 01:28:19,900

doing my research there was no way for

1776

01:28:25,950 --> 01:28:22,900

me to get around it other than saying it

1777

01:28:29,729 --> 01:28:25,960

was a miracle it was a miracle it was a

1778

01:28:35,130 --> 01:28:29,739

miracle I'll give another example so

1779

01:28:37,320 --> 01:28:35,140

between the time of okay so I have to I

1780

01:28:41,130 --> 01:28:37,330

have to put my little thinking cap on so

1781

01:28:46,200 --> 01:28:41,140

we had Australopithecus who were the

1782

01:28:49,020 --> 01:28:46,210

first upright walking hominids who they

1783

01:28:51,510 --> 01:28:49,030

have just recently found yet another

1784

01:28:52,709 --> 01:28:51,520

miracle that they started working

1785

01:28:55,050 --> 01:28:52,719

walking upright Oh

1786

01:28:59,400 --> 01:28:55,060

and they started fashioning stone tools

1787

01:29:02,400 --> 01:28:59,410

to Australopithecus Australopithecus so

1788

01:29:03,090 --> 01:29:02,410

it wasn't even the Homo habilis which

1789

01:29:07,680 --> 01:29:03,100

was the fur

1790

01:29:10,290 --> 01:29:07,690

the homo line to use stone tools but

1791

01:29:13,110 --> 01:29:10,300

what they can't figure out is evolution

1792

01:29:15,270 --> 01:29:13,120

takes millions of years to occur I mean

1793

01:29:18,030 --> 01:29:15,280

that's what they drum into you well what

1794

01:29:23,340 --> 01:29:18,040

they can't figure out is how in less

1795

01:29:26,490 --> 01:29:23,350

than two million years this huge number

1796

01:29:29,970 --> 01:29:26,500

of changes happened in the hominid

1797

01:29:33,180 --> 01:29:29,980

Lonnie they can't explain it because the

1798

01:29:35,840 --> 01:29:33,190

acceleration was so rapid it's like well

1799

01:29:38,310 --> 01:29:35,850

but if you're genetically splicing genes

1800

01:29:42,240 --> 01:29:38,320

in which they talked about it in the

1801
01:29:44,460 --> 01:29:42,250
mythic record then maybe it is possible

1802
01:29:47,580 --> 01:29:44,470
to take something that is pretty

1803
01:29:53,160 --> 01:29:47,590
ape-like and transform it into something

1804
01:29:56,850 --> 01:29:53,170
that is man-like with culture and so

1805
01:29:59,810 --> 01:29:56,860
something with some intelligence but

1806
01:30:02,660 --> 01:29:59,820
yeah adding to it

1807
01:30:04,740 --> 01:30:02,670
correct Oh correct

1808
01:30:06,690 --> 01:30:04,750
you know but if you think about it

1809
01:30:08,550 --> 01:30:06,700
chimpanzees have intelligence you know

1810
01:30:11,970 --> 01:30:08,560
we have Todd Apes had to sign language

1811
01:30:16,290 --> 01:30:11,980
and one of the things that the Stone Age

1812
01:30:18,240 --> 01:30:16,300
Research Center they have taught a

1813
01:30:21,960 --> 01:30:18,250

couple of apes to actually had him to

1814

01:30:23,220 --> 01:30:21,970

make stone tools took up ten years but

1815

01:30:26,250 --> 01:30:23,230

they taught him how to make stone tools

1816

01:30:29,460 --> 01:30:26,260

and this is my favorite there's this one

1817

01:30:32,910 --> 01:30:29,470

Abe called Lewis who learned how to make

1818

01:30:35,130 --> 01:30:32,920

fires and so he would take sticks and he

1819

01:30:37,530 --> 01:30:35,140

would pile him up and now granted that

1820

01:30:39,810 --> 01:30:37,540

they gave him lighter but he still had

1821

01:30:42,480 --> 01:30:39,820

to get the sticks and pile them up in a

1822

01:30:45,000 --> 01:30:42,490

certain way and with his lighter wood

1823

01:30:46,920 --> 01:30:45,010

light these fires and get them burning

1824

01:30:50,130 --> 01:30:46,930

and then he would cook marshmallows over

1825

01:30:52,290 --> 01:30:50,140

a really cooked marshmallows over cooked

1826

01:30:53,910 --> 01:30:52,300

marshmallows yeah I watch the video you

1827

01:30:55,830 --> 01:30:53,920

know it is like cool you make him

1828

01:30:59,940 --> 01:30:55,840

marshmallows I hope they have a good

1829

01:31:02,550 --> 01:30:59,950

dentist for this guy jeez but he was

1830

01:31:05,220 --> 01:31:02,560

taught how to do that you know and so

1831

01:31:07,260 --> 01:31:05,230

one of the things that I contend in this

1832

01:31:09,090 --> 01:31:07,270

book that I'm working on is that you

1833

01:31:11,190 --> 01:31:09,100

know the gods taught us how to do stuff

1834

01:31:13,560 --> 01:31:11,200

I mean you breathe you know the gods

1835

01:31:15,920 --> 01:31:13,570

gave us agriculture they gave us writing

1836

01:31:18,260 --> 01:31:15,930

they gave us fire they gave

1837

01:31:19,910 --> 01:31:18,270

everything and so if you look at

1838

01:31:23,000 --> 01:31:19,920

humanity you know and I said we're

1839

01:31:26,800 --> 01:31:23,010

stupid it's because it doesn't say we

1840

01:31:31,340 --> 01:31:26,810

really invented anything until after

1841

01:31:33,980 --> 01:31:31,350

2500 BC mm-hmm and then it was a long

1842

01:31:38,630 --> 01:31:33,990

time from that point time till we really

1843

01:31:41,750 --> 01:31:38,640

made any kind of progress well is the

1844

01:31:46,730 --> 01:31:41,760

most that to me to me that is one of the

1845

01:31:52,520 --> 01:31:46,740

most strange on the currencies in

1846

01:31:56,870 --> 01:31:52,530

history because why didn't the the

1847

01:31:59,390 --> 01:31:56,880

period of the Greeks or the Romans or

1848

01:32:01,850 --> 01:31:59,400

the Chinese early on when they you know

1849

01:32:04,040 --> 01:32:01,860

we're creating you know fireworks and

1850

01:32:06,410 --> 01:32:04,050

they had these sort of like bursts of

1851
01:32:10,340 --> 01:32:06,420
engineering occur why didn't that happen

1852
01:32:11,630 --> 01:32:10,350
ten thousand years ago fifteen thousand

1853
01:32:13,970 --> 01:32:11,640
years ago twenty thousand years ago

1854
01:32:18,760 --> 01:32:13,980
fifty thousand years ago because if if

1855
01:32:20,780 --> 01:32:18,770
we were the same intelligence all along

1856
01:32:23,780 --> 01:32:20,790
why didn't these when we had these

1857
01:32:27,070 --> 01:32:23,790
bursts of of technological advancements

1858
01:32:30,260 --> 01:32:27,080
occur and not and none of them sustained

1859
01:32:32,960 --> 01:32:30,270
you know why did it take up until recent

1860
01:32:35,720 --> 01:32:32,970
times to get to the point where you know

1861
01:32:38,690 --> 01:32:35,730
you can't stop technology now you know

1862
01:32:41,330 --> 01:32:38,700
it just it's it's plowing along most of

1863
01:32:44,480 --> 01:32:41,340

its own accord with its own momentum you

1864

01:32:49,250 --> 01:32:44,490

know why why do you think human beings

1865

01:32:51,410 --> 01:32:49,260

were so slow to get to where we are now

1866

01:32:54,290 --> 01:32:51,420

I mean that's there's no intervention

1867

01:32:56,420 --> 01:32:54,300

there is there well I mean and I don't

1868

01:32:59,660 --> 01:32:56,430

have material in front of me but there

1869

01:33:02,090 --> 01:32:59,670

were a number of genetic changes that

1870

01:33:06,290 --> 01:33:02,100

happened in the human lineage that

1871

01:33:08,780 --> 01:33:06,300

started so we became bipedal and then

1872

01:33:11,150 --> 01:33:08,790

the next major change happened to the

1873

01:33:13,700 --> 01:33:11,160

Fox p2 gene and I know this one because

1874

01:33:17,920 --> 01:33:13,710

I've been writing about it which is

1875

01:33:20,300 --> 01:33:17,930

associated with communication primarily

1876

01:33:22,370 --> 01:33:20,310

it's associated with other things but

1877

01:33:24,350 --> 01:33:22,380

that's where the biggest high is and

1878

01:33:26,890 --> 01:33:24,360

it's interesting because they say that

1879

01:33:30,010 --> 01:33:26,900

the change to the Fox p2 gene happen

1880

01:33:32,260 --> 01:33:30,020

twenty two hundred thousand years ago

1881

01:33:34,870 --> 01:33:32,270

and then they turn around and say well

1882

01:33:37,630 --> 01:33:34,880

Neanderthals also had the same version

1883

01:33:41,200 --> 01:33:37,640

of the Fox p2 gene so did the Fox p2

1884

01:33:46,480 --> 01:33:41,210

gene develop independently in these tube

1885

01:33:49,960 --> 01:33:46,490

you know species or the ancestor to

1886

01:33:54,130 --> 01:33:49,970

these two species have the updated Fox

1887

01:33:59,220 --> 01:33:57,010

you know and then passed it down you

1888

01:34:02,290 --> 01:33:59,230

know but then there were other genes

1889

01:34:04,540 --> 01:34:02,300

changes that happen that increased the

1890

01:34:07,990 --> 01:34:04,550

size of the frontal cortex you know

1891

01:34:10,690 --> 01:34:08,000

there was another dean that coincides

1892

01:34:13,000 --> 01:34:10,700

with the creative explosion you know I

1893

01:34:17,590 --> 01:34:13,010

mean there there there was another gene

1894

01:34:20,860 --> 01:34:17,600

chain the ASP M gene that was modified

1895

01:34:24,160 --> 01:34:20,870

about 5,000 BC or they find the first

1896

01:34:25,960 --> 01:34:24,170

instance of it about 5,000 BC you know

1897

01:34:28,360 --> 01:34:25,970

and I they don't really have information

1898

01:34:32,320 --> 01:34:28,370

about what it does but I think it's

1899

01:34:35,170 --> 01:34:32,330

pretty convenient that they found the

1900

01:34:38,530 --> 01:34:35,180

spread of it around 5,000 BC would right

1901

01:34:42,010 --> 01:34:38,540

with the advent of civilization so there

1902

01:34:48,000 --> 01:34:42,020

is a trackable genetic or scientific

1903

01:34:51,400 --> 01:34:48,010

history to two recent evolution correct

1904

01:34:52,780 --> 01:34:51,410

and technological you know it's

1905

01:34:57,670 --> 01:34:52,790

interesting because I was talking about

1906

01:34:59,740 --> 01:34:57,680

the timeline thing and so I look for

1907

01:35:02,230 --> 01:34:59,750

these bumps you know so there was a bump

1908

01:35:04,320 --> 01:35:02,240

about I don't have to think here's

1909

01:35:06,370 --> 01:35:04,330

together so it was with like

1910

01:35:08,350 --> 01:35:06,380

Australopithecus they became upright

1911

01:35:12,280 --> 01:35:08,360

their first tool users so that's our

1912

01:35:14,830 --> 01:35:12,290

first marker but then about three

1913

01:35:17,170 --> 01:35:14,840

hundred thousand years ago we started

1914

01:35:20,410 --> 01:35:17,180

using ochre you know whether they're

1915

01:35:22,290 --> 01:35:20,420

using it for paint or whatnot not really

1916

01:35:24,580 --> 01:35:22,300

sure but there were some other technical

1917

01:35:29,050 --> 01:35:24,590

technological advances it's we found the

1918

01:35:33,730 --> 01:35:29,060

first piece of itching so they think

1919

01:35:35,530 --> 01:35:33,740

it's like the very first piece of art so

1920

01:35:37,390 --> 01:35:35,540

then they're and then there's really

1921

01:35:39,670 --> 01:35:37,400

kind of not a whole lot going on but

1922

01:35:40,060 --> 01:35:39,680

then a hundred thousand years ago we

1923

01:35:42,939 --> 01:35:40,070

have

1924

01:35:47,669 --> 01:35:42,949

is another huge burst oh the first

1925

01:35:51,669 --> 01:35:47,679

intentional burials 350,000 years ago

1926

01:35:54,069 --> 01:35:51,679

350,000 years ago with the PCs with the

1927

01:35:58,689 --> 01:35:54,079

species that wasn't Homo erectus or

1928

01:36:02,589 --> 01:35:58,699

Neanderthal it wasn't a really recent

1929

01:36:07,600 --> 01:36:02,599

it wasn't Denisovan was it no no this

1930

01:36:11,520 --> 01:36:07,610

was in Africa and I it was homo means

1931

01:36:15,520 --> 01:36:11,530

holy something like that and these were

1932

01:36:21,149 --> 01:36:15,530

primitive but what they found were the

1933

01:36:24,790 --> 01:36:21,159

remains of a number of virtually intact

1934

01:36:27,280 --> 01:36:24,800

hominids in the bot in this cave that

1935

01:36:31,600 --> 01:36:27,290

they were like you had to trek through

1936

01:36:33,850 --> 01:36:31,610

this thing cavers founded and they what

1937

01:36:35,560 --> 01:36:33,860

they eliminated the possibility that the

1938

01:36:37,330 --> 01:36:35,570

bones were brought in by animals they

1939

01:36:40,510 --> 01:36:37,340

eliminated the possibility that it was

1940

01:36:42,370 --> 01:36:40,520

brought in by wash water because when

1941

01:36:45,729 --> 01:36:42,380

they did the excavation I mean there's a

1942

01:36:48,580 --> 01:36:45,739

picture of a hand you know the hand bone

1943

01:36:50,500 --> 01:36:48,590

and it's in - it's the bones were all in

1944

01:36:55,060 --> 01:36:50,510

the right place you know like as if they

1945

01:36:58,450 --> 01:36:55,070

just removed the skin you know and so

1946

01:37:01,000 --> 01:36:58,460

based on that they're like we think that

1947

01:37:03,430 --> 01:37:01,010

they brought these bodies here and then

1948

01:37:05,649 --> 01:37:03,440

after that like a year or two years

1949

01:37:09,160 --> 01:37:05,659

after that they actually found a second

1950

01:37:12,339 --> 01:37:09,170

cave that also had the bodies of more of

1951

01:37:15,669 --> 01:37:12,349

these creatures moving forward in time

1952

01:37:19,089 --> 01:37:15,679

the next burial that we have record for

1953

01:37:23,100 --> 01:37:19,099

is a hundred thousand years ago which is

1954

01:37:25,959 --> 01:37:23,110

where we have our next bump in cognition

1955

01:37:29,520 --> 01:37:25,969

well and also you know I think it's fair

1956

01:37:33,399 --> 01:37:29,530

to say that there's you know graves and

1957

01:37:34,930 --> 01:37:33,409

works that have yet to be uncovered so

1958

01:37:39,089 --> 01:37:34,940

you know a little fine something that's

1959

01:37:41,979 --> 01:37:39,099

200,000 or 175,000 years and so forth

1960

01:37:47,040 --> 01:37:41,989

and so but how do you reconcile that

1961

01:37:51,819 --> 01:37:47,050

with if the idea is that some other

1962

01:37:52,890 --> 01:37:51,829

racess manipulated genetically the human

1963

01:37:56,650 --> 01:37:52,900

race

1964

01:37:59,950 --> 01:37:56,660

you know doesn't this variation of

1965

01:38:04,990 --> 01:37:59,960

genetics and evolution and branching off

1966

01:38:06,790 --> 01:38:05,000

of the same you know hominid family sort

1967

01:38:08,860 --> 01:38:06,800

of undermined that a little bit because

1968

01:38:11,140 --> 01:38:08,870

we can see that there's genetic variety

1969

01:38:14,680 --> 01:38:11,150

and over different periods of time with

1970

01:38:17,430 --> 01:38:14,690

different races here on this earth so

1971

01:38:20,890 --> 01:38:17,440

you know how do we know at what point

1972

01:38:22,740 --> 01:38:20,900

did some extraterrestrials come down and

1973

01:38:25,450 --> 01:38:22,750

intervene

1974

01:38:27,400 --> 01:38:25,460

well my kenshin is that they've been

1975

01:38:29,800 --> 01:38:27,410

here all along and they have been

1976

01:38:33,190 --> 01:38:29,810

intervening with the entire history of

1977

01:38:34,870 --> 01:38:33,200

the planet so I wondered I wonder if

1978

01:38:38,610 --> 01:38:34,880

they had a role to play in Neanderthal

1979

01:38:39,820 --> 01:38:38,620

Zoar Denisovans well well what about

1980

01:38:42,460 --> 01:38:39,830

dinosaurs

1981

01:38:46,480 --> 01:38:42,470

what about trolla bites I mean how do we

1982

01:38:50,290 --> 01:38:46,490

go from being sponges and a meat you

1983

01:38:52,990 --> 01:38:50,300

know amoebas and you know little fish

1984

01:38:57,130 --> 01:38:53,000

teeth you know planetary camera image

1985

01:38:59,530 --> 01:38:57,140

things yeah having eyes where did that

1986

01:39:02,710 --> 01:38:59,540

come from you know like oh well you know

1987

01:39:06,040 --> 01:39:02,720

they develop proto eyes and you know the

1988

01:39:07,510 --> 01:39:06,050

Sun made them develop come on I mean

1989

01:39:10,330 --> 01:39:07,520

it's like you have to make this whole

1990

01:39:12,730 --> 01:39:10,340

long explanation work they were

1991

01:39:15,370 --> 01:39:12,740

engineered because the way that they

1992

01:39:18,880 --> 01:39:15,380

come on into existence is kind of

1993

01:39:20,830 --> 01:39:18,890

miraculous which they can't explain you

1994

01:39:25,840 --> 01:39:20,840

know yes another one of those they can't

1995

01:39:27,910 --> 01:39:25,850

explain things mm-hmm well I mean there

1996

01:39:30,190 --> 01:39:27,920

will always be some some gaps in science

1997

01:39:35,520 --> 01:39:30,200

or at least for a very long time for

1998

01:39:38,800 --> 01:39:35,530

sure and so are you thinking in terms of

1999

01:39:43,210 --> 01:39:38,810

progenitors in the you know the alien

2000

01:39:45,600 --> 01:39:43,220

the movie sense whereas this other

2001

01:39:49,920 --> 01:39:45,610

species kind of goes around and

2002

01:39:52,630 --> 01:39:49,930

manipulates and helps to create life or

2003

01:39:55,390 --> 01:39:52,640

you know I mean how common is life to

2004

01:39:59,140 --> 01:39:55,400

start up on its own then on different

2005

01:40:02,340 --> 01:39:59,150

planetary I'm different planets I mean I

2006

01:40:05,590 --> 01:40:02,350

am really a proponent of the pamper Mia

2007

01:40:09,940 --> 01:40:05,600

concept or the directed panspermia

2008

01:40:12,270 --> 01:40:09,950

except and I feel like you know there

2009

01:40:15,310 --> 01:40:12,280

has been an ongoing history of

2010

01:40:16,810 --> 01:40:15,320

extraterrestrial life here on earth they

2011

01:40:18,490 --> 01:40:16,820

didn't live on the surface because I

2012

01:40:21,760 --> 01:40:18,500

don't think that they were necessarily

2013

01:40:23,680 --> 01:40:21,770

compatible with living on the surface of

2014

01:40:27,550 --> 01:40:23,690

the earth which was one of the reasons

2015

01:40:28,990 --> 01:40:27,560

why they created life on the surface of

2016

01:40:38,340 --> 01:40:29,000

the earth because they couldn't move on

2017

01:40:43,390 --> 01:40:38,350

it maybe yeah I I think that you know if

2018

01:40:46,990 --> 01:40:43,400

if life is not so common then maybe that

2019

01:40:48,880 --> 01:40:47,000

one species that did make it to an you

2020

01:40:50,380 --> 01:40:48,890

know advanced level of intelligence you

2021

01:40:52,510 --> 01:40:50,390

know could be doing that in order to

2022

01:40:55,300 --> 01:40:52,520

help the rest of the universe

2023

01:40:58,180 --> 01:40:55,310

you know blossom and intelligence but um

2024

01:41:01,300 --> 01:40:58,190

I don't know I kind of feel like we're

2025

01:41:04,660 --> 01:41:01,310

gonna we're gonna look at you know Titan

2026

01:41:09,370 --> 01:41:04,670

and you know these different moons

2027

01:41:12,160 --> 01:41:09,380

around Saturn and find that yeah there

2028

01:41:16,420 --> 01:41:12,170

there is life there maybe we'll find

2029

01:41:20,580 --> 01:41:16,430

life and you know in a methane ocean I

2030

01:41:23,940 --> 01:41:20,590

mean I'm hoping that's the case if not

2031

01:41:27,490 --> 01:41:23,950

then then it does make this sort of

2032

01:41:31,810 --> 01:41:27,500

progenitor directed panspermia theory

2033

01:41:33,160 --> 01:41:31,820

look more appealing you know because if

2034

01:41:36,400 --> 01:41:33,170

we look at in our solar system and we

2035

01:41:39,910 --> 01:41:36,410

don't find life growing in different

2036

01:41:42,100 --> 01:41:39,920

environments then I think that would

2037

01:41:43,780 --> 01:41:42,110

tell us a lot and I think that would

2038

01:41:46,360 --> 01:41:43,790

support what you would you actually just

2039

01:41:49,990 --> 01:41:46,370

said that they're these these random

2040

01:41:54,700 --> 01:41:50,000

bursts of evolution and there is some

2041

01:41:56,560 --> 01:41:54,710

difficulty in explaining it it becomes

2042

01:41:58,990 --> 01:41:56,570

you know once you start taking all of

2043

01:42:03,370 --> 01:41:59,000

the information and start putting it

2044

01:42:07,210 --> 01:42:03,380

side-by-side it becomes kind of

2045

01:42:10,150 --> 01:42:07,220

blatantly obvious you know but no one

2046

01:42:12,970 --> 01:42:10,160

really looks at it that way and you know

2047

01:42:15,040 --> 01:42:12,980

like I'm friends with dr. Sam Osmond oh

2048

01:42:15,610 --> 01:42:15,050

gosh Osmond oh gosh I always say his

2049

01:42:17,600 --> 01:42:15,620

name wrong

2050

01:42:23,780 --> 01:42:17,610

you know the Bosnian pyramid guy

2051

01:42:26,180 --> 01:42:23,790

and you know and they had found a stick

2052

01:42:29,030 --> 01:42:26,190

or a leaf some kind of organic matter

2053

01:42:33,200 --> 01:42:29,040

that was sitting on top of the surface

2054

01:42:35,150 --> 01:42:33,210

of the pyramid and and then they had a

2055

01:42:37,430 --> 01:42:35,160

carbon dated through multiple places

2056

01:42:39,590 --> 01:42:37,440

blah blah blah so this was you know

2057

01:42:41,840 --> 01:42:39,600

debris that ended up on top of the

2058

01:42:47,330 --> 01:42:41,850

pyramid that was buried under a bunch of

2059

01:42:52,160 --> 01:42:47,340

dirt and dirt and it was dated to 2800

2060

01:42:54,080 --> 01:42:52,170

BC something like that and and and

2061

01:42:55,850 --> 01:42:54,090

everyone sits there and goes oh no no I

2062

01:42:58,640 --> 01:42:55,860

can't be your pyramid and it definitely

2063

01:43:00,950 --> 01:42:58,650

can't be that old and you know and there

2064

01:43:03,020 --> 01:43:00,960

are all of these doubters out there but

2065

01:43:05,240 --> 01:43:03,030

once you start taking this material and

2066

01:43:08,660 --> 01:43:05,250

start putting it side-by-side with what

2067

01:43:10,640 --> 01:43:08,670

they find in different areas you know I

2068

01:43:13,130 --> 01:43:10,650

mean I'm really good at synthesizing

2069

01:43:15,230 --> 01:43:13,140

multiple pieces and going well look we

2070

01:43:18,710 --> 01:43:15,240

have this here we have this here we have

2071

01:43:22,730 --> 01:43:18,720

this here you know what what are what is

2072

01:43:27,010 --> 01:43:22,740

it saying I think I don't know in my

2073

01:43:31,880 --> 01:43:27,020

opinion it just becomes very obvious so

2074

01:43:36,560 --> 01:43:31,890

at the end of the day you do you think

2075

01:43:39,350 --> 01:43:36,570

that evolution does occur can occur on

2076

01:43:45,350 --> 01:43:39,360

its own to form life in the first place

2077

01:43:48,140 --> 01:43:45,360

I mean I'm assuming yes right no no even

2078

01:43:52,460 --> 01:43:48,150

if there's these other gods godlike

2079

01:43:55,760 --> 01:43:52,470

beings but they didn't evolve life they

2080

01:43:59,180 --> 01:43:55,770

brought life right but for them I mean

2081

01:44:01,790 --> 01:43:59,190

within the confines of the universe it

2082

01:44:03,950 --> 01:44:01,800

must be possible somewhere outside of my

2083

01:44:07,130 --> 01:44:03,960

paygrade okay you know trying to

2084

01:44:10,400 --> 01:44:07,140

describe the nature of the originator

2085

01:44:14,540 --> 01:44:10,410

gods source whatever word you want to

2086

01:44:15,470 --> 01:44:14,550

put the big G God outside this outside

2087

01:44:18,050 --> 01:44:15,480

my paygrade

2088

01:44:19,760 --> 01:44:18,060

where are the extra you know where the

2089

01:44:21,890 --> 01:44:19,770

extraterrestrials came from I maybe

2090

01:44:25,220 --> 01:44:21,900

could make some commentary about you

2091

01:44:26,930 --> 01:44:25,230

know but how they got into being you

2092

01:44:29,900 --> 01:44:26,940

know we don't even know how old this

2093

01:44:30,740 --> 01:44:29,910

universe is you know we say say that

2094

01:44:33,350 --> 01:44:30,750

it's 30

2095

01:44:36,260 --> 01:44:33,360

billion years old but that's only how

2096

01:44:38,840 --> 01:44:36,270

far we can look back in time you know so

2097

01:44:43,310 --> 01:44:38,850

it can't be infinite and be 13 billion

2098

01:44:44,810 --> 01:44:43,320

years old you know it was no I think go

2099

01:44:47,420 --> 01:44:44,820

ahead well when you're when you're

2100

01:44:50,030 --> 01:44:47,430

looking at the the totality of these

2101
01:44:53,680 --> 01:44:50,040
different and gods and extraterrestrials

2102
01:44:58,850 --> 01:44:53,690
that you've researched is there any one

2103
01:45:01,730 --> 01:44:58,860
group of gods or one type of a described

2104
01:45:05,930 --> 01:45:01,740
God that stands out the most to be the

2105
01:45:07,220 --> 01:45:05,940
leader of these different races coming

2106
01:45:11,000 --> 01:45:07,230
down here the one that's sort of leading

2107
01:45:14,000 --> 01:45:11,010
the pack now I mean that at this point

2108
01:45:16,370 --> 01:45:14,010
time would be the sky God the God that

2109
01:45:18,770 --> 01:45:16,380
lives in heaven the guy with the white

2110
01:45:20,510 --> 01:45:18,780
skin and long flowing hair that

2111
01:45:22,550 --> 01:45:20,520
everybody on the planet knows about

2112
01:45:25,640 --> 01:45:22,560
because he's the guy in charge right now

2113
01:45:29,780 --> 01:45:25,650

and you know has the name of Zeus or

2114

01:45:34,550 --> 01:45:29,790

Indra or you know whatever name hurt

2115

01:45:37,550 --> 01:45:34,560

going yeah you know so he's the guy who

2116

01:45:38,210 --> 01:45:37,560

has controlled the planet right now all

2117

01:45:42,280 --> 01:45:38,220

right interesting

2118

01:45:44,150 --> 01:45:42,290

so we're different than and some other

2119

01:45:48,080 --> 01:45:44,160

assuming this is all real right some

2120

01:45:50,990 --> 01:45:48,090

other God wasn't charged then religions

2121

01:45:55,360 --> 01:45:51,000

would be different to this day because

2122

01:45:58,430 --> 01:45:55,370

they're based on an actual alien figure

2123

01:46:00,950 --> 01:45:58,440

let's let's just say it wasn't the Indra

2124

01:46:05,900 --> 01:46:00,960

God you know or this let's say it was a

2125

01:46:07,880 --> 01:46:05,910

a female goddess in charge of all of

2126
01:46:09,260 --> 01:46:07,890
these other you know alien races that

2127
01:46:10,400 --> 01:46:09,270
have come down here then our religions

2128
01:46:14,240 --> 01:46:10,410
would be quite different wouldn't they

2129
01:46:16,400 --> 01:46:14,250
Oh exactly but you know that's the part

2130
01:46:20,840 --> 01:46:16,410
a lot of people don't get it's like why

2131
01:46:23,780 --> 01:46:20,850
in every culture on the planet sands

2132
01:46:26,720 --> 01:46:23,790
maybe some Australian cultures have

2133
01:46:28,670 --> 01:46:26,730
their Supreme God being the guy who

2134
01:46:31,610 --> 01:46:28,680
lives in heaven you know and they go oh

2135
01:46:34,340 --> 01:46:31,620
it's tied to the Sun it's like no that's

2136
01:46:38,660 --> 01:46:34,350
because that's where his mothership

2137
01:46:42,200 --> 01:46:38,670
happens to be you know why can't there

2138
01:46:43,770 --> 01:46:42,210

be a female God why can't why does this

2139

01:46:47,250 --> 01:46:43,780

guy God who

2140

01:46:48,390 --> 01:46:47,260

lives in heaven have a lightning bolt as

2141

01:46:51,060 --> 01:46:48,400

his weapon

2142

01:46:54,030 --> 01:46:51,070

why is he continually described as

2143

01:46:58,800 --> 01:46:54,040

having white skin and long flowing hair

2144

01:47:01,380 --> 01:46:58,810

you know it's beyond coincidence well

2145

01:47:04,620 --> 01:47:01,390

and and if you know we're going with

2146

01:47:07,320 --> 01:47:04,630

your theory here then perhaps I would

2147

01:47:14,760 --> 01:47:07,330

explain why thousands of years ago it

2148

01:47:19,380 --> 01:47:14,770

was a woman that was the head of the

2149

01:47:24,540 --> 01:47:19,390

religious sects and you know belief

2150

01:47:29,130 --> 01:47:24,550

systems and ways of worshipping and and

2151

01:47:31,790 --> 01:47:29,140

that that power that position that seat

2152

01:47:36,390 --> 01:47:31,800

of power switched it changed hands and

2153

01:47:38,460 --> 01:47:36,400

that's why we have the religions that we

2154

01:47:39,990 --> 01:47:38,470

have now but then you know if you're if

2155

01:47:41,160 --> 01:47:40,000

you're in the middle of the east a few

2156

01:47:44,340 --> 01:47:41,170

thousand years ago a couple thousand

2157

01:47:47,790 --> 01:47:44,350

years ago did they really imagine Yahweh

2158

01:47:49,680 --> 01:47:47,800

is you know a light skin long hair blond

2159

01:47:52,890 --> 01:47:49,690

guy I mean or they probably imagined him

2160

01:47:55,890 --> 01:47:52,900

more like himself themselves right well

2161

01:48:00,390 --> 01:47:55,900

actually there are images they were like

2162

01:48:01,650 --> 01:48:00,400

cylinder seals with which I of course

2163

01:48:05,250 --> 01:48:01,660

had to include because they were

2164

01:48:10,740 --> 01:48:05,260

blasphemous that had a picture of Yahweh

2165

01:48:14,100 --> 01:48:10,750

except he had serpent feet uh yeah have

2166

01:48:16,410 --> 01:48:14,110

you ever seen I'm like yeah I have okay

2167

01:48:21,000 --> 01:48:16,420

yeah I think I think you said it was on

2168

01:48:24,360 --> 01:48:21,010

a like a Roman coin or yeah yeah yeah

2169

01:48:28,110 --> 01:48:24,370

and remember off the top yeah but yeah

2170

01:48:30,090 --> 01:48:28,120

because back back when many gods were

2171

01:48:31,830 --> 01:48:30,100

depicted with the lower portions of

2172

01:48:34,620 --> 01:48:31,840

their body as being serpentine or

2173

01:48:37,340 --> 01:48:34,630

snake-like and it was not considered

2174

01:48:42,150 --> 01:48:37,350

considered evil at the time mm-hmm

2175

01:48:44,270 --> 01:48:42,160

yeah that's that's fascinating of course

2176
01:48:48,630 --> 01:48:44,280
you know now the story of Adam and Eve

2177
01:48:52,830 --> 01:48:48,640
demonizes the serpent do you do you

2178
01:48:56,670 --> 01:48:52,840
think that that story is an actual story

2179
01:48:57,510 --> 01:48:56,680
and that the serpent was some alien race

2180
01:48:59,970 --> 01:48:57,520
who said no I

2181
01:49:01,740 --> 01:48:59,980
think that these human beings deserve to

2182
01:49:04,500 --> 01:49:01,750
know this and this and this and then the

2183
01:49:07,010 --> 01:49:04,510
other aliens like nope I'm sorry we're

2184
01:49:10,620 --> 01:49:07,020
not gonna do that I'm in charge now

2185
01:49:15,720 --> 01:49:10,630
there are I'm gonna say bits and pieces

2186
01:49:20,100 --> 01:49:15,730
that are included in that story I mean

2187
01:49:22,920 --> 01:49:20,110
again it was these half man half serpent

2188
01:49:25,290 --> 01:49:22,930

reptilian II gods that were the ones

2189

01:49:33,120 --> 01:49:25,300

that educated humanity they're the ones

2190

01:49:36,810 --> 01:49:33,130

that formed humanity but the story of

2191

01:49:39,150 --> 01:49:36,820

eating fruit or eating the food of the

2192

01:49:42,270 --> 01:49:39,160

gods is actually a fairly consistent

2193

01:49:45,390 --> 01:49:42,280

narrative that you find there's a couple

2194

01:49:48,360 --> 01:49:45,400

that associated with with apples but not

2195

01:49:51,180 --> 01:49:48,370

so much in China there is the peach of

2196

01:49:54,660 --> 01:49:51,190

immortality and every 3,000 years the

2197

01:49:57,120 --> 01:49:54,670

peach tree would bloom and produce fruit

2198

01:49:59,490 --> 01:49:57,130

and the gods would have to partake of

2199

01:50:03,060 --> 01:49:59,500

the peach ceremony or a peach festival

2200

01:50:07,050 --> 01:50:03,070

or whatever it was and eat of this peach

2201

01:50:10,050 --> 01:50:07,060

to maintain their immortality we have

2202

01:50:16,260 --> 01:50:10,060

stories there's the story of adop

2203

01:50:21,390 --> 01:50:16,270

was Enki's mortal son or half man he

2204

01:50:24,150 --> 01:50:21,400

didn't have any divine powers and Anu

2205

01:50:27,690 --> 01:50:24,160

wanted him to go up to the heavens to

2206

01:50:29,850 --> 01:50:27,700

see him and Anki tells him you know if

2207

01:50:31,710 --> 01:50:29,860

he offers you something to eat don't eat

2208

01:50:34,590 --> 01:50:31,720

it if you offer you something to drink

2209

01:50:39,000 --> 01:50:34,600

don't drink it because it'll kill you or

2210

01:50:40,470 --> 01:50:39,010

you'll die you're gonna die and so he

2211

01:50:42,150 --> 01:50:40,480

goes up there and they offer him

2212

01:50:44,670 --> 01:50:42,160

something to drink and they offer him

2213

01:50:46,860 --> 01:50:44,680

something to eat he turns them down and

2214

01:50:50,460 --> 01:50:46,870

as he's getting to go getting ready to

2215

01:50:52,950 --> 01:50:50,470

leave on who says well you turn down you

2216

01:50:55,440 --> 01:50:52,960

know the food and the drink and that

2217

01:50:56,790 --> 01:50:55,450

would have given you immortality you

2218

01:51:02,100 --> 01:50:56,800

know so we have the tree of knowledge

2219

01:51:03,990 --> 01:51:02,110

and the tree of life you know and so you

2220

01:51:06,240 --> 01:51:04,000

don't really find stories that talk

2221

01:51:09,060 --> 01:51:06,250

about the tree of knowledge but you do

2222

01:51:12,030 --> 01:51:09,070

find a number of stories that talk about

2223

01:51:14,850 --> 01:51:12,040

some kind of consumption and a tie to

2224

01:51:17,010 --> 01:51:14,860

immortality and tonight you have given

2225

01:51:20,340 --> 01:51:17,020

us quite the fruit of knowledge

2226

01:51:21,960 --> 01:51:20,350

the story of the infamous UFO sightings

2265

01:53:15,540 --> 01:53:13,510

of Stephenville Texas in 2008 where

2266

01:53:17,850 --> 01:53:15,550

local residents witnessed unknown craft

2267

01:53:19,860 --> 01:53:17,860

and lights in the sky chased by military

2268

01:53:21,450 --> 01:53:19,870

planes these sightings would set off a

2269

01:53:23,430 --> 01:53:21,460
