15

00:00:38,600 --> 00:00:34,469

Saturday October 21st and Sunday October

16

00:00:40,760 --> 00:00:38,610

22nd 2017 you are listening to inception

17

00:00:43,100 --> 00:00:40,770

radio network voice of the fringe

18

00:00:46,670 --> 00:00:43,110

majority this is Carol Carl with

19

00:00:48,920 --> 00:00:46,680

off-the-beaten-path yes off the beaten

20

00:00:51,410 --> 00:00:48,930

path where we sort of step outside the

21

00:00:53,540 --> 00:00:51,420

box that we have for the UFO headline

22

00:00:56,360 --> 00:00:53,550

news during the week but let's start

23

00:00:58,369 --> 00:00:56,370

with that old familiar the sky up over

24

00:01:02,540 --> 00:00:58,379

our heads tonight here's the headline

25

00:01:05,960 --> 00:01:02,550

young moon returns to evening sky this

26

00:01:08,630 --> 00:01:05,970

is from of course earth sky org in the

27

00:01:11,359 --> 00:01:08,640

days following new moon a young moon a

28

00:01:13,850 --> 00:01:11,369

waxing crescent always appears in the

29

00:01:15,770 --> 00:01:13,860

West shortly after sunset the moon has

30

00:01:17,630 --> 00:01:15,780

returned to the evening sky now and

31

00:01:20,390 --> 00:01:17,640

you're likely to see this little moon

32

00:01:22,550 --> 00:01:20,400

this weekend or in the coming week some

33

00:01:25,880 --> 00:01:22,560

people think a moon visible in the West

34

00:01:28,969 --> 00:01:25,890

after sunset is a rising moon but it's

35

00:01:31,069 --> 00:01:28,979

not it's a setting moon all objects in

36

00:01:33,620 --> 00:01:31,079

our sky rise in the east and set in the

37

00:01:36,499 --> 00:01:33,630

West due to Earth's spin under the sky

38

00:01:39,469 --> 00:01:36,509

when you see that waxing crescent you

39

00:01:42,770 --> 00:01:39,479

know the Earth Moon and Sun are located

40

00:01:45,410 --> 00:01:42,780

nearly on a line in space if they were

41

00:01:47,569 --> 00:01:45,420

more precisely on that line as they are

42

00:01:50,960 --> 00:01:47,579

at New Moon we just wouldn't see the

43

00:01:53,870 --> 00:01:50,970

moon at all if you look shortly after

44

00:01:55,999 --> 00:01:53,880

sunset on October 21st you might see the

45

00:01:59,030 --> 00:01:56,009

moon low in the West above the sunset

46

00:02:01,550 --> 00:01:59,040

point in the days ahead that old moon

47

00:02:04,130 --> 00:02:01,560

will be waxing appearing higher in the

48

00:02:07,069 --> 00:02:04,140

sky each evening after sunset passing

49

00:02:09,350 --> 00:02:07,079

the bright red star Antares located in

50

00:02:12,680 --> 00:02:09,360

the constellation Scorpius and the

51
00:02:13,370 --> 00:02:12,690
golden planet Saturn note also the

52
00:02:15,350 --> 00:02:13,380
crescent

53
00:02:16,970 --> 00:02:15,360
Moon has nothing to do with Earth's

54
00:02:19,190 --> 00:02:16,980
shadow on the moon

55
00:02:21,620 --> 00:02:19,200
the only time Earth's shadow can fall in

56
00:02:22,760 --> 00:02:21,630
the moon is at full moon and during a

57
00:02:24,800 --> 00:02:22,770
lunar eclipse

58
00:02:28,760 --> 00:02:24,810
Larry's a shadow and the crescent moon

59
00:02:30,650 --> 00:02:28,770
but it's the moon's own shadow night on

60
00:02:33,260 --> 00:02:30,660
the moon happens on the part of the moon

61
00:02:35,930 --> 00:02:33,270
that's submerged in its own shadow

62
00:02:38,000 --> 00:02:35,940
likewise night on Earth happens on the

63
00:02:41,060 --> 00:02:38,010

part of Earth submerged in Earth's own

64

00:02:43,760 --> 00:02:41,070

shadow it goes like this because the

65

00:02:46,520 --> 00:02:43,770

waxing crescent moon is nearly on a line

66

00:02:49,010 --> 00:02:46,530

with the earth and Sun its illuminated

67

00:02:51,860 --> 00:02:49,020

hemisphere it's day side is facing

68

00:02:53,960 --> 00:02:51,870

mostly away from us we only see a

69

00:02:57,020 --> 00:02:53,970

slender fraction of the day side a

70

00:02:59,150 --> 00:02:57,030

crescent moon each evening because the

71

00:03:01,820 --> 00:02:59,160

moon is moving eastward in orbit around

72

00:03:04,310 --> 00:03:01,830

the earth the moon appears farther from

73

00:03:07,400 --> 00:03:04,320

the sunset glare it's moving farther

74

00:03:09,350 --> 00:03:07,410

from the Earth's Sun line in space each

75

00:03:11,420 --> 00:03:09,360

evening as the moon's orbital motion

76

00:03:13,790 --> 00:03:11,430

carries it farther from the earth Sun

77

00:03:16,760 --> 00:03:13,800

line we see more of the moon's day side

78

00:03:19,430 --> 00:03:16,770

thus the Crescent in the west after

79

00:03:22,610 --> 00:03:19,440

sunset appears to wax or grow fatter

80

00:03:24,740 --> 00:03:22,620

every evening that pale glow on the

81

00:03:25,520 --> 00:03:24,750

darkened portion the night side of a

82

00:03:28,070 --> 00:03:25,530

crescent moon

83

00:03:30,560 --> 00:03:28,080

it's that thing called the earth shine

84

00:03:33,890 --> 00:03:30,570

it's caused by light reflected from

85

00:03:35,840 --> 00:03:33,900

Earth's day side onto the moon after all

86

00:03:39,020 --> 00:03:35,850

when you see a crescent moon in Earth's

87

00:03:42,320 --> 00:03:39,030

sky any moon people looking back at our

88

00:03:45,230 --> 00:03:42,330

world would see a nearly full earth how

89

00:03:47,930 --> 00:03:45,240

cool so here's that good old bottom line

90

00:03:50,600 --> 00:03:47,940

watch for the young moon to return to

91

00:03:52,580 --> 00:03:50,610

the evening sky oh don't forget the

92

00:03:53,960 --> 00:03:52,590

direct counted meteor shower might be

93

00:03:56,810 --> 00:03:53,970

peaking this weekend

94

00:03:59,540 --> 00:03:56,820

take a look oh that's a perfect segue

95

00:04:02,930 --> 00:03:59,550

because somebody took a look at Google

96

00:04:05,000 --> 00:04:02,940

Earth David Kennedy of the University of

97

00:04:07,699 --> 00:04:05,010

Western Australia and here's the

98

00:04:11,300 --> 00:04:07,709

headline written by Rob wah for Yahoo

99

00:04:15,110 --> 00:04:11,310

News archeologists spots hundreds of

100

00:04:18,320 --> 00:04:15,120

mysterious ancient stone gates using

101
00:04:21,979 --> 00:04:18,330
Google Earth archeologists have spotted

102
00:04:24,620 --> 00:04:21,989
hundreds of mysterious seemingly ancient

103
00:04:26,330 --> 00:04:24,630
man-made structures in the sands of

104
00:04:29,750 --> 00:04:26,340
Saudi Arabia

105
00:04:31,730 --> 00:04:29,760
via Google Earth the archaeologists came

106
00:04:34,490 --> 00:04:31,740
across these structures in a region of

107
00:04:40,900 --> 00:04:34,500
the country called Herat Khaybar will

108
00:04:44,120 --> 00:04:40,910
spell that H ARRA T second word kha ybar

109
00:04:46,879 --> 00:04:44,130
some of these are four times the length

110
00:04:49,189 --> 00:04:46,889
of a football pitch as they say in

111
00:04:51,980 --> 00:04:49,199
Europe field here in the United States

112
00:04:56,330 --> 00:04:51,990
and experts have suggested that they may

113
00:04:58,070 --> 00:04:56,340

be up to seven thousand years old the

114

00:05:00,350 --> 00:04:58,080

archaeologists are referring to them as

115

00:05:02,690 --> 00:05:00,360

gates because of the resemblance they

116

00:05:05,600 --> 00:05:02,700

bear two garden gates when viewed from

117

00:05:08,870 --> 00:05:05,610

above but their purpose and their age

118

00:05:10,760 --> 00:05:08,880

remains unknown here's what David

119

00:05:12,680 --> 00:05:10,770

Kennedy of the University of Western

120

00:05:13,879 --> 00:05:12,690

Australia wrote and he wrote this to

121

00:05:17,270 --> 00:05:13,889

live science

122

00:05:19,790 --> 00:05:17,280

he said the gates quote appear to be the

123

00:05:21,920 --> 00:05:19,800

oldest man-made structures in the

124

00:05:25,310 --> 00:05:21,930

landscape gates are found almost

125

00:05:28,189 --> 00:05:25,320

exclusively in bleak inhospitable lava

126

00:05:30,590 --> 00:05:28,199

fields with scant water or vegetation

127

00:05:33,279 --> 00:05:30,600

places seemingly amongst the most

128

00:05:36,320 --> 00:05:33,289

unwelcoming to our species and quotes

129

00:05:39,770 --> 00:05:36,330

some of these gates are sufficiently old

130

00:05:43,279 --> 00:05:39,780

that the lava flow appears to go over

131

00:05:45,830 --> 00:05:43,289

them these gates are up to 1,700 feet

132

00:05:48,260 --> 00:05:45,840

long Wright's David Kennedy he says he

133

00:05:50,719 --> 00:05:48,270

spotted hundreds of archaeological sites

134

00:05:53,000 --> 00:05:50,729

in the area mainly using Google Earth

135

00:05:55,430 --> 00:05:53,010

imagery and that seems to make a lot of

136

00:05:57,790 --> 00:05:55,440

sense as it's difficult for researchers

137

00:06:00,830 --> 00:05:57,800

to access these sites on the ground

138

00:06:02,330 --> 00:06:00,840

we're sure this is just the first of the

139

00:06:04,490 --> 00:06:02,340

information that will come out about

140

00:06:07,430 --> 00:06:04,500

these and we will make sure to keep you

141

00:06:10,490 --> 00:06:07,440

in the loop or perhaps in this case we

142

00:06:12,200 --> 00:06:10,500

should say inside those gates gates and

143

00:06:14,960 --> 00:06:12,210

doors it looks as though we have a new

144

00:06:18,890 --> 00:06:14,970

doorway into the science of what happens

145

00:06:22,129 --> 00:06:18,900

when we die from msn.com here's the

146

00:06:25,129 --> 00:06:22,139

headline when you die you know you're

147

00:06:28,310 --> 00:06:25,139

dead because your brain still works and

148

00:06:31,370 --> 00:06:28,320

you could even hear your death announced

149

00:06:34,159 --> 00:06:31,380

there isn't any byline here but here's

150

00:06:36,950 --> 00:06:34,169

the content of the article when you die

151
00:06:40,279 --> 00:06:36,960
you know you're dead because the brain

152
00:06:42,679 --> 00:06:40,289
keeps functioning and you know what

153
00:06:45,529 --> 00:06:42,689
around you this is according to chilling

154
00:06:47,719 --> 00:06:45,539
new research medical experts have long

155
00:06:50,420 --> 00:06:47,729
debated what happens when a person dies

156
00:06:53,619 --> 00:06:50,430
with anecdotal evidence of bright lights

157
00:06:57,109 --> 00:06:53,629
or sensations and those films such as

158
00:06:59,029 --> 00:06:57,119
Flatliners that explore the unknown but

159
00:07:01,879 --> 00:06:59,039
a new study suggests a person's

160
00:07:03,559 --> 00:07:01,889
consciousness keeps working after their

161
00:07:06,709 --> 00:07:03,569
heart stops beating and their body

162
00:07:08,749 --> 00:07:06,719
movements fail cardiac arrest survivors

163
00:07:11,329 --> 00:07:08,759

were aware of what was going on around

164

00:07:13,369 --> 00:07:11,339

them while they were dead including

165

00:07:15,559 --> 00:07:13,379

seeing doctors trying to save them or

166

00:07:17,899 --> 00:07:15,569

hearing conversations before they were

167

00:07:20,959 --> 00:07:17,909

brought back to life according to this

168

00:07:22,909 --> 00:07:20,969

study it means that a person may even

169

00:07:25,219 --> 00:07:22,919

hear their time of death being announced

170

00:07:27,730 --> 00:07:25,229

by medics as they're essentially trapped

171

00:07:31,609 --> 00:07:27,740

inside their body with brain function

172

00:07:35,149 --> 00:07:31,619

continuing dr. Sam Parr Nia he spells

173

00:07:37,670 --> 00:07:35,159

that PA RN I a study in consciousness

174

00:07:39,859 --> 00:07:37,680

after death and he's examined cardiac

175

00:07:42,949 --> 00:07:39,869

arrest cases in Europe and the United

176

00:07:45,110 --> 00:07:42,959

States dr. Sam par Nia said anecdotal

177

00:07:47,779 --> 00:07:45,120

evidence has found that people in the

178

00:07:50,110 --> 00:07:47,789

first phase of death may still

179

00:07:52,549 --> 00:07:50,120

experience some form of consciousness

180

00:07:54,980 --> 00:07:52,559

citing many accurately described

181

00:07:57,259 --> 00:07:54,990

situations where the patient knew what

182

00:08:00,290 --> 00:07:57,269

was happening around them after their

183

00:08:02,149 --> 00:08:00,300

hearts stopped beating he said quote

184

00:08:04,309 --> 00:08:02,159

they'll describe watching doctors and

185

00:08:06,589 --> 00:08:04,319

nurses working they'll describe having

186

00:08:08,509 --> 00:08:06,599

awareness of full conversations of

187

00:08:11,269 --> 00:08:08,519

visual things that were going on around

188

00:08:14,719 --> 00:08:11,279

them things that otherwise could not be

189

00:08:17,509 --> 00:08:14,729

known to them and quotes dr. Parr Nia of

190

00:08:19,790 --> 00:08:17,519

the New York University Langan School of

191

00:08:21,980 --> 00:08:19,800

Medicine in New York said the accounts

192

00:08:24,109 --> 00:08:21,990

were verified by doctors and nurses who

193

00:08:27,109 --> 00:08:24,119

were left stunned after learning that

194

00:08:30,259 --> 00:08:27,119

the patients remembered those details

195

00:08:31,939 --> 00:08:30,269

after being resuscitated his study is

196

00:08:34,250 --> 00:08:31,949

examining what happens to the brain

197

00:08:36,769 --> 00:08:34,260

after a person goes into cardiac arrest

198

00:08:40,219 --> 00:08:36,779

and whether consciousness continues

199

00:08:42,409 --> 00:08:40,229

after death and for how long he wants to

200

00:08:45,230 --> 00:08:42,419

improve the quality of resuscitation and

201
00:08:48,139 --> 00:08:45,240
prevent brain injuries while restarting

202
00:08:50,420 --> 00:08:48,149
the heart unlike the plot in the film of

203
00:08:52,670 --> 00:08:50,430
Flatliners however when a person is

204
00:08:53,710 --> 00:08:52,680
resuscitated they don't return with

205
00:08:55,660 --> 00:08:53,720
quote magic

206
00:08:59,139 --> 00:08:55,670
enhancements and quotes of their

207
00:09:01,629 --> 00:08:59,149
memories said dr. Parr Nia fascinating

208
00:09:03,999 --> 00:09:01,639
substantiation of a sort for those of us

209
00:09:07,360 --> 00:09:04,009
who believe that it doesn't just cut to

210
00:09:10,420 --> 00:09:07,370
black here's more on that Chicago

211
00:09:13,059 --> 00:09:10,430
phantom mystery it seems that according

212
00:09:16,569 --> 00:09:13,069
to Ion Strickler and his excellent sight

213
00:09:20,230 --> 00:09:16,579

phantoms and monsters calm pulse of the

214

00:09:23,860 --> 00:09:20,240

paranormal that man-bat Chicago winged

215

00:09:26,650 --> 00:09:23,870

thing also has been seen in central

216

00:09:29,050 --> 00:09:26,660

Indiana not too far away let's check

217

00:09:32,800 --> 00:09:29,060

this out here's the headline large

218

00:09:35,699 --> 00:09:32,810

winged being perched on radio tower

219

00:09:38,050 --> 00:09:35,709

oh my well who doesn't just love radio

220

00:09:42,040 --> 00:09:38,060

here's the first-person account sent

221

00:09:45,519 --> 00:09:42,050

recently to lawn Strickler it begins hi

222

00:09:47,740 --> 00:09:45,529

lon well I've debated about reporting

223

00:09:49,900 --> 00:09:47,750

this for a couple of months since I

224

00:09:52,090 --> 00:09:49,910

first learned about you and the Chicago

225

00:09:54,819 --> 00:09:52,100

sightings I heard about them on a show

226
00:09:57,490 --> 00:09:54,829
called higher side chats that show was a

227
00:10:00,040 --> 00:09:57,500
big aha moment for me

228
00:10:03,160 --> 00:10:00,050
my own sighting occurred actually about

229
00:10:04,660 --> 00:10:03,170
a year ago in central Indiana it

230
00:10:05,230 --> 00:10:04,670
happened during the late summer early

231
00:10:08,410 --> 00:10:05,240
fall

232
00:10:10,660 --> 00:10:08,420
it was between five and six pm I'm sorry

233
00:10:13,780 --> 00:10:10,670
if I'm light on specifics this

234
00:10:16,319 --> 00:10:13,790
experience was so surreal to me that it

235
00:10:19,240 --> 00:10:16,329
just didn't document well in my mind

236
00:10:21,670 --> 00:10:19,250
here's how it happened I was driving on

237
00:10:24,670 --> 00:10:21,680
a highly populated suburban area outside

238
00:10:27,850 --> 00:10:24,680

of Indianapolis I came to a stoplight at

239

00:10:31,689 --> 00:10:27,860

a busy intersection that was when I saw

240

00:10:34,259 --> 00:10:31,699

something large black and winged it was

241

00:10:36,730 --> 00:10:34,269

perched atop a nearby radio tower

242

00:10:38,799 --> 00:10:36,740

initially I saw this in my peripheral

243

00:10:41,049 --> 00:10:38,809

vision that radio tower was about a

244

00:10:44,439 --> 00:10:41,059

quarter of a mile or less from the

245

00:10:47,079 --> 00:10:44,449

intersection I glanced over fully and of

246

00:10:49,720 --> 00:10:47,089

course it was gone I couldn't explain it

247

00:10:51,460 --> 00:10:49,730

but I had a very strong impression that

248

00:10:55,329 --> 00:10:51,470

I had just glimpsed a being from another

249

00:10:57,850 --> 00:10:55,339

dimension interacting with my dimension

250

00:11:00,280 --> 00:10:57,860

I fully believed that what I saw from

251
00:11:03,730 --> 00:11:00,290
the corner of my eye was there in that

252
00:11:05,169 --> 00:11:03,740
moment and then gone the next thank you

253
00:11:07,470 --> 00:11:05,179
for all your research on this subject

254
00:11:11,819 --> 00:11:07,480
I'm glad to know I'm

255
00:11:14,310 --> 00:11:11,829
alone signed IH fascinating account

256
00:11:17,550 --> 00:11:14,320
which leads us right into this account

257
00:11:21,150 --> 00:11:17,560
also from phantoms and monsters comm a

258
00:11:25,050 --> 00:11:21,160
headline white bird like humanoid a

259
00:11:26,730 --> 00:11:25,060
costs rural South Dakota witnesses this

260
00:11:29,069 --> 00:11:26,740
happened in 2014

261
00:11:32,129 --> 00:11:29,079
whether or not it's related to the

262
00:11:34,620 --> 00:11:32,139
Chicago phantom bat Squatch I will thing

263
00:11:37,290 --> 00:11:34,630

flying around or the things seen in

264

00:11:40,110 --> 00:11:37,300

Indiana we just don't know but here's

265

00:11:42,600 --> 00:11:40,120

the account it's a wild one this

266

00:11:45,750 --> 00:11:42,610

happened on June 9th to a friend and I

267

00:11:48,240 --> 00:11:45,760

in rural South Dakota it was a clear

268

00:11:49,620 --> 00:11:48,250

night kind of boring we've been visiting

269

00:11:53,250 --> 00:11:49,630

friends here and there all evening

270

00:11:55,230 --> 00:11:53,260

just going around visiting usually we'd

271

00:11:58,139 --> 00:11:55,240

be sipping a beer by the time evening

272

00:12:01,500 --> 00:11:58,149

came but for what ever reason that day

273

00:12:03,960 --> 00:12:01,510

we decided to skip the beer we were just

274

00:12:05,879 --> 00:12:03,970

cruising listening to music it started

275

00:12:08,670 --> 00:12:05,889

getting lates and everywhere we went

276

00:12:10,379 --> 00:12:08,680

people were drinking sad but just

277

00:12:12,689 --> 00:12:10,389

another night in South Dakota

278

00:12:14,430 --> 00:12:12,699

so after wasting gas all night we

279

00:12:17,040 --> 00:12:14,440

decided to go check out some other

280

00:12:18,689 --> 00:12:17,050

people we knew by the time we pulled up

281

00:12:20,939 --> 00:12:18,699

it was about 2 o'clock in the morning

282

00:12:23,069 --> 00:12:20,949

but everybody was hanging out outside in

283

00:12:26,370 --> 00:12:23,079

the front yard passing a bit of liquor

284

00:12:28,079 --> 00:12:26,380

around we just sat and visited I think

285

00:12:30,540 --> 00:12:28,089

both of us took just one shot of liquor

286

00:12:32,370 --> 00:12:30,550

we decided then to head out cause it was

287

00:12:34,590 --> 00:12:32,380

getting late I was getting tired and I

288

00:12:37,530 --> 00:12:34,600

wanted to go home so he said later

289

00:12:39,780 --> 00:12:37,540

jumped in the car now the place we'd

290

00:12:41,629 --> 00:12:39,790

been visiting was down the street almost

291

00:12:44,370 --> 00:12:41,639

the last house on a one-way street

292

00:12:46,439 --> 00:12:44,380

houses on each side there were a few

293

00:12:48,660 --> 00:12:46,449

driveways before the stop sign where

294

00:12:50,759 --> 00:12:48,670

you'd enter the street there were two or

295

00:12:53,250 --> 00:12:50,769

three Lots that were vacant on the right

296

00:12:54,300 --> 00:12:53,260

side just open field with rows of trees

297

00:12:56,759 --> 00:12:54,310

farther back

298

00:12:58,620 --> 00:12:56,769

well now we're driving about 15 miles

299

00:13:00,840 --> 00:12:58,630

per hour if not less we're trying to

300

00:13:02,370 --> 00:13:00,850

find a song to listen to and both of us

301
00:13:05,730 --> 00:13:02,380
aren't paying attention to the road

302
00:13:08,460 --> 00:13:05,740
really then I look up and I see what

303
00:13:10,290 --> 00:13:08,470
looks like a dog or some kind of animal

304
00:13:13,500 --> 00:13:10,300
beside the road by one of these empty

305
00:13:15,689 --> 00:13:13,510
drives it looked like it was eating it

306
00:13:18,179 --> 00:13:15,699
was kind of hunched over you know but no

307
00:13:20,910 --> 00:13:18,189
bigger than a dog and then the closer we

308
00:13:22,739 --> 00:13:20,920
got to this thing it turns its head back

309
00:13:25,349 --> 00:13:22,749
toward us and we can see it in the

310
00:13:28,109 --> 00:13:25,359
headlights but while it's turning around

311
00:13:32,160 --> 00:13:28,119
it's also starting to stand up like a

312
00:13:35,069 --> 00:13:32,170
person but not a person by the time we

313
00:13:38,009 --> 00:13:35,079

pull right up alongside its body it hits

314

00:13:39,809 --> 00:13:38,019

the right side of the car now this is

315

00:13:42,090 --> 00:13:39,819

all happening in a matter of seconds and

316

00:13:44,429 --> 00:13:42,100

it isn't anything I've ever seen before

317

00:13:47,970 --> 00:13:44,439

this thing was like a cross between a

318

00:13:50,369 --> 00:13:47,980

man and a bird it was white with all

319

00:13:53,280 --> 00:13:50,379

these weird feathers or something on its

320

00:13:55,439 --> 00:13:53,290

body and it had long fingers like eight

321

00:13:57,210 --> 00:13:55,449

or nine inches long

322

00:14:00,090 --> 00:13:57,220

I remember the fingers because it

323

00:14:02,909 --> 00:14:00,100

reached in the window while we slowed

324

00:14:05,460 --> 00:14:02,919

down it had some kind of weird things

325

00:14:07,349 --> 00:14:05,470

sticking out of its head like horns or

326

00:14:08,970 --> 00:14:07,359

something at the same time we're

327

00:14:12,119 --> 00:14:08,980

freaking out and my friend is saying go

328

00:14:15,150 --> 00:14:12,129

go go and this thing's got its arms out

329

00:14:18,239 --> 00:14:15,160

to the side and all these things these

330

00:14:21,030 --> 00:14:18,249

fringes are hanging off its arms moving

331

00:14:23,129 --> 00:14:21,040

all over its body and these things made

332

00:14:26,970 --> 00:14:23,139

a noise the noise was like when a

333

00:14:30,659 --> 00:14:26,980

porcupine shakes its quills and then it

334

00:14:34,169 --> 00:14:30,669

screams the ugliest scream or holler it

335

00:14:35,429 --> 00:14:34,179

was so loud I slammed on the gas and we

336

00:14:37,350 --> 00:14:35,439

were just trying to get the hell out of

337

00:14:40,169 --> 00:14:37,360

there I ran the next two stop signs

338

00:14:44,039 --> 00:14:40,179

freaking out I didn't stop till I got

339

00:14:47,429 --> 00:14:44,049

farther back into town so anyway we did

340

00:14:49,139 --> 00:14:47,439

stop I'm still freaking out I'm was

341

00:14:52,229 --> 00:14:49,149

sitting there crying trying to figure

342

00:14:54,989 --> 00:14:52,239

out what the hell we saw so we ended up

343

00:14:57,389 --> 00:14:54,999

staying up all night sitting in the car

344

00:15:00,389 --> 00:14:57,399

in the driveway of a family member

345

00:15:02,789 --> 00:15:00,399

trying to figure it all out we were

346

00:15:04,289 --> 00:15:02,799

scared to move in the meantime I call

347

00:15:06,689 --> 00:15:04,299

the people whose house I just came from

348

00:15:08,519 --> 00:15:06,699

because they were all outside only four

349

00:15:10,859 --> 00:15:08,529

houses down the street from where this

350

00:15:13,019 --> 00:15:10,869

happened thinking they had to have seen

351

00:15:16,109 --> 00:15:13,029

us slow down and stop they had to have

352

00:15:19,409 --> 00:15:16,119

heard that things scream but when I

353

00:15:21,179 --> 00:15:19,419

talked to them nobody heard a thing they

354

00:15:24,419 --> 00:15:21,189

said they just saw us leave and that was

355

00:15:27,150 --> 00:15:24,429

it I don't know what it was but I had

356

00:15:30,779 --> 00:15:27,160

nightmares for a year or so almost every

357

00:15:32,340 --> 00:15:30,789

night and yeah I admit I'm still looking

358

00:15:34,569 --> 00:15:32,350

for things that might be similar

359

00:15:36,669 --> 00:15:34,579

listening to stories

360

00:15:38,109 --> 00:15:36,679

to find anything that could give me some

361

00:15:42,699 --> 00:15:38,119

explanation

362

00:15:44,410 --> 00:15:42,709

signed C WB and there's a note at the

363

00:15:46,689 --> 00:15:44,420

end of this account a note from Ron

364

00:15:48,869 --> 00:15:46,699

Strickler who writes I believe this

365

00:15:51,759 --> 00:15:48,879

incident occurred on one of these Sioux

366

00:15:53,169 --> 00:15:51,769

reservations in South Dakota as far as

367

00:15:55,660 --> 00:15:53,179

this being resembling an indigenous

368

00:15:58,780 --> 00:15:55,670

spiritual entity or a legendary creature

369

00:16:02,319 --> 00:15:58,790

I really have no idea

370

00:16:04,960 --> 00:16:02,329

signed lon hmm we perhaps should be

371

00:16:07,689 --> 00:16:04,970

looking for a cryptid of the Year award

372

00:16:10,119 --> 00:16:07,699

show this is a new one that whether or

373

00:16:12,639 --> 00:16:10,129

not it's connected to the Chicago

374

00:16:15,129 --> 00:16:12,649

phantom to any of the other strangeness

375

00:16:17,829 --> 00:16:15,139

in that area it's interesting the man

376

00:16:20,679 --> 00:16:17,839

part and the wing part that's a connect

377

00:16:22,319 --> 00:16:20,689

we can't leave the crazy collection of

378

00:16:25,119 --> 00:16:22,329

critters without covering this story

379

00:16:28,359 --> 00:16:25,129

breaking in the Fresno area of

380

00:16:33,280 --> 00:16:28,369

California headline Bigfoot reportedly

381

00:16:35,619 --> 00:16:33,290

cited pictures go viral oh yes indeed

382

00:16:39,159 --> 00:16:35,629

they did we gathered this story from

383

00:16:40,869 --> 00:16:39,169

foxnews.com they actually had video for

384

00:16:44,259 --> 00:16:40,879

their nightly broadcast they covered

385

00:16:48,850 --> 00:16:44,269

this story and we did not find a snicker

386

00:16:51,069 --> 00:16:48,860

factor so kudos let's read the legendary

387

00:16:53,530 --> 00:16:51,079

Bigfoot and other creatures like it have

388

00:16:55,900 --> 00:16:53,540

reportedly been spotted near a northern

389

00:16:58,359 --> 00:16:55,910

California Lake this is according to a

390

00:17:00,400 --> 00:16:58,369

paranormal investigator you might

391

00:17:03,039 --> 00:17:00,410

recognize this name and gentle listeners

392

00:17:05,500 --> 00:17:03,049

jeffrey gonzalez a self-described

393

00:17:07,569 --> 00:17:05,510

paranormal expert said he heard about

394

00:17:10,090 --> 00:17:07,579

the sighting from a local farmer who

395

00:17:13,569 --> 00:17:10,100

said he saw this creature and five

396

00:17:16,269 --> 00:17:13,579

others running on his ranch near avocado

397

00:17:19,600 --> 00:17:16,279

lake quote one of them which was

398

00:17:21,189 --> 00:17:19,610

extremely tall had a pig over its

399

00:17:23,079 --> 00:17:21,199

shoulder and quotes

400

00:17:26,919 --> 00:17:23,089

that's what gonzalez said in comments

401
00:17:29,620 --> 00:17:26,929
obtained by Fox 26 he continued quote as

402
00:17:32,110 --> 00:17:29,630
the five scattered and the one with the

403
00:17:34,509 --> 00:17:32,120
pig was running he was running so fast

404
00:17:37,629 --> 00:17:34,519
he didn't see an irrigation pipe he

405
00:17:40,389 --> 00:17:37,639
tripped the pig went flying over and

406
00:17:42,700 --> 00:17:40,399
quotes you might know Gonzalez he's a

407
00:17:45,310 --> 00:17:42,710
talk show host and an investigator at

408
00:17:47,590 --> 00:17:45,320
paranormal Central he also founded the

409
00:17:51,180 --> 00:17:47,600
Sanger California paranor

410
00:17:53,769 --> 00:17:51,190
Society his day job he's a tech at AT&T

411
00:17:56,499 --> 00:17:53,779
Jeffrey Gonzalez said the citing is not

412
00:17:58,389 --> 00:17:56,509
that uncommon with three additional

413
00:18:01,899 --> 00:17:58,399

Bigfoot sightings in the past five years

414

00:18:04,180 --> 00:18:01,909

all located in East Fresno County and

415

00:18:06,580 --> 00:18:04,190

they must be after the raisins here's a

416

00:18:09,190 --> 00:18:06,590

quote from Jeff Gonzalez quote I would

417

00:18:11,190 --> 00:18:09,200

never have guessed in a million years if

418

00:18:14,200 --> 00:18:11,200

you told me there were Bigfoot on

419

00:18:16,960 --> 00:18:14,210

shields or Ashland avenues in Fresno

420

00:18:20,169 --> 00:18:16,970

right so I want to know what's going on

421

00:18:22,049 --> 00:18:20,179

is this for real and quotes Jeffrey

422

00:18:24,639 --> 00:18:22,059

Gonzalez recounted two other stories

423

00:18:27,190 --> 00:18:24,649

including one from a woman who said her

424

00:18:29,320 --> 00:18:27,200

two sons saw a Bigfoot in their orchard

425

00:18:33,249 --> 00:18:29,330

and another story from a man who saw

426
00:18:35,769 --> 00:18:33,259
five creatures in the same orchard quote

427
00:18:37,840 --> 00:18:35,779
what are the odds of three people three

428
00:18:39,879 --> 00:18:37,850
different families who don't know each

429
00:18:41,889 --> 00:18:39,889
other within a radius of two to three

430
00:18:45,100 --> 00:18:41,899
miles they come and tell me what they

431
00:18:47,710 --> 00:18:45,110
witness and it matches up end quotes

432
00:18:49,840 --> 00:18:47,720
there's video footage an interview with

433
00:18:52,450 --> 00:18:49,850
the farmer who saw the five Bigfoot

434
00:18:55,480 --> 00:18:52,460
together we just found him to be so

435
00:18:58,210 --> 00:18:55,490
credible there is video footage also

436
00:19:01,090 --> 00:18:58,220
included with this other footage a link

437
00:19:04,149 --> 00:19:01,100
to the iconic patterson-gimlin Bigfoot

438
00:19:06,340 --> 00:19:04,159

film from the 1960s in that footage

439

00:19:09,159 --> 00:19:06,350

Roger Patterson and his partner Robert

440

00:19:11,789 --> 00:19:09,169

Gimlin shot a short motion picture and

441

00:19:14,860 --> 00:19:11,799

the filmmakers have said it was Bigfoot

442

00:19:16,810 --> 00:19:14,870

experts have bandied about the facts of

443

00:19:19,090 --> 00:19:16,820

this for years whether the footage was

444

00:19:21,610 --> 00:19:19,100

real or fake although Roger Patterson

445

00:19:23,200 --> 00:19:21,620

maintained it was real until his death

446

00:19:26,409 --> 00:19:23,210

in 1972

447

00:19:28,840 --> 00:19:26,419

that's fascinating footage looks so very

448

00:19:31,210 --> 00:19:28,850

believable something about the way the

449

00:19:34,049 --> 00:19:31,220

muscles move check it out you can find

450

00:19:36,820 --> 00:19:34,059

it later at UFO headline news calm

451
00:19:39,070 --> 00:19:36,830
here's an interesting headline we found

452
00:19:40,840 --> 00:19:39,080
at the beginning of this week in case

453
00:19:44,139 --> 00:19:40,850
you missed it here we go it's out of

454
00:19:46,779 --> 00:19:44,149
Florida headline a Miami congressional

455
00:19:49,930 --> 00:19:46,789
candidate talks about her encounters

456
00:19:52,799 --> 00:19:49,940
with extraterrestrials yep you heard

457
00:19:55,269 --> 00:19:52,809
that correctly her encounters with

458
00:19:57,850 --> 00:19:55,279
extraterrestrials we picked this story

459
00:20:00,490 --> 00:19:57,860
up from the Miami Herald com who picked

460
00:20:01,480 --> 00:20:00,500
it up from the McClatchy news feed it

461
00:20:03,779 --> 00:20:01,490
carries a byline

462
00:20:07,149 --> 00:20:03,789
Alex Dougherty and Patricia Massey I

463
00:20:09,610 --> 00:20:07,159

Washington Florida has a United States

464

00:20:12,279 --> 00:20:09,620

Senator who once flew aboard the space

465

00:20:14,409 --> 00:20:12,289

shuttle a congressional candidate from

466

00:20:17,380 --> 00:20:14,419

Miami can go one better

467

00:20:20,590 --> 00:20:17,390

Bettina Rodriguez Aggie ADA so she's

468

00:20:24,180 --> 00:20:20,600

been aboard a space ship - but this one

469

00:20:27,880 --> 00:20:24,190

was crewed by aliens yep as in

470

00:20:30,419 --> 00:20:27,890

extraterrestrials three blonde big

471

00:20:33,070 --> 00:20:30,429

bodied beings two females one male

472

00:20:34,960 --> 00:20:33,080

visited her when she was seven years old

473

00:20:38,110 --> 00:20:34,970

and have communicated telepathically

474

00:20:41,200 --> 00:20:38,120

with her several times in her life she

475

00:20:43,180 --> 00:20:41,210

says Bettina Rodriguez Aguada is 59

476

00:20:45,700 --> 00:20:43,190

she's a Republican who's running to

477

00:20:47,980 --> 00:20:45,710

replace retiring Miami Republican

478

00:20:50,950 --> 00:20:47,990

Representative Ileana roast Lightman and

479

00:20:51,760 --> 00:20:50,960

she recounted her experiences with the

480

00:20:53,620 --> 00:20:51,770

ETS

481

00:20:57,190 --> 00:20:53,630

during a television interview that took

482

00:21:00,310 --> 00:20:57,200

place back in 2009 she described quote

483

00:21:02,590 --> 00:21:00,320

going up and quotes inside the spaceship

484

00:21:04,090 --> 00:21:02,600

though whether it went into space are

485

00:21:07,810 --> 00:21:04,100

just hovered around town was left

486

00:21:10,120 --> 00:21:07,820

unclear quote I went in there were some

487

00:21:12,880 --> 00:21:10,130

round seats that were there and some

488

00:21:15,820 --> 00:21:12,890

quartz rocks that control the ship not

489

00:21:18,370 --> 00:21:15,830

like airplanes and quotes she said in

490

00:21:21,039 --> 00:21:18,380

two separate videos posted to YouTube

491

00:21:23,710 --> 00:21:21,049

years ago one by local Spanish language

492

00:21:26,680 --> 00:21:23,720

station America TV and another by a

493

00:21:30,519 --> 00:21:26,690

political critic with the username Doral

494

00:21:32,970 --> 00:21:30,529

girl 26 Rodriguez a guy at a spoke on

495

00:21:35,799 --> 00:21:32,980

television in detail about those

496

00:21:39,010 --> 00:21:35,809

extraterrestrial experiences she said

497

00:21:42,190 --> 00:21:39,020

the alien beings reminded her of that

498

00:21:45,180 --> 00:21:42,200

famous statue in Rio de Janeiro Christ

499

00:21:47,590 --> 00:21:45,190

the Redeemer with arms outstretched

500

00:21:51,370 --> 00:21:47,600

among the things she said she found out

501
00:21:54,310 --> 00:21:51,380
from the aliens there are 30,000 skulls

502
00:21:57,760 --> 00:21:54,320
quote different from humans and quotes

503
00:22:02,200 --> 00:21:57,770
in a cave in the Mediterranean island of

504
00:22:06,010 --> 00:22:02,210
Malta thing - the world's energy center

505
00:22:08,980 --> 00:22:06,020
is in Africa thing 3 we find most

506
00:22:11,409 --> 00:22:08,990
intriguing the Coral Castle that

507
00:22:14,860 --> 00:22:11,419
limestone tourist attraction in South

508
00:22:18,460 --> 00:22:14,870
miami-dade it's actually an ancient

509
00:22:20,680 --> 00:22:18,470
Egyptian pyramid we find that's going to

510
00:22:23,080 --> 00:22:20,690
be a hard sell for the fans of Edward

511
00:22:25,600 --> 00:22:23,090
Leedskalnin who purportedly built it

512
00:22:28,360 --> 00:22:25,610
with his own hands and by himself and

513
00:22:32,040 --> 00:22:28,370

here's this last thing we love it

514

00:22:34,900 --> 00:22:32,050

God is a universal energy

515

00:22:37,750 --> 00:22:34,910

Betina rodriguez Aguada also said that

516

00:22:39,280 --> 00:22:37,760

the aliens had mentioned isis although

517

00:22:41,890 --> 00:22:39,290

she didn't clarify whether they meant

518

00:22:44,980 --> 00:22:41,900

the terrorist organization or the

519

00:22:47,770 --> 00:22:44,990

ancient egyptian goddess who owns that

520

00:22:49,419 --> 00:22:47,780

name as far as we're concerned so if

521

00:22:52,660 --> 00:22:49,429

you're registered to vote in the state

522

00:22:54,970 --> 00:22:52,670

of florida and this calls to you get out

523

00:22:58,780 --> 00:22:54,980

there and cast your vote for Bettina

524

00:23:00,730 --> 00:22:58,790

Rodriguez Agha Yetta definitely off the

525

00:23:03,310 --> 00:23:00,740

beaten path here last week we talked

526

00:23:07,270 --> 00:23:03,320

about that giant robot battle coming up

527

00:23:09,690 --> 00:23:07,280

well here's the follow up headline giant

528

00:23:13,720 --> 00:23:09,700

robot battles are here and they are

529

00:23:15,940 --> 00:23:13,730

hilariously bad a sub-headline this is

530

00:23:18,880 --> 00:23:15,950

what 2.4 million dollars gets you

531

00:23:22,180 --> 00:23:18,890

apparently David Grossman wrote this for

532

00:23:25,360 --> 00:23:22,190

Popular Mechanics for two years now the

533

00:23:27,790 --> 00:23:25,370

fighting robot League known as megabots

534

00:23:30,549 --> 00:23:27,800

has been raising money and hype in

535

00:23:32,290 --> 00:23:30,559

support of its vision of giant mecca's

536

00:23:34,960 --> 00:23:32,300

from the united states and japan

537

00:23:37,680 --> 00:23:34,970

battling each other the first fights

538

00:23:40,630 --> 00:23:37,690

have happened and they were ludicrously

539

00:23:43,510 --> 00:23:40,640

disappointing the first ever megabots

540

00:23:45,880 --> 00:23:43,520

fight lasted under 30 seconds with a

541

00:23:48,580 --> 00:23:45,890

very easy knockout by the Japanese robot

542

00:23:50,560 --> 00:23:48,590

kuratas while no doubt a lot of work

543

00:23:53,260 --> 00:23:50,570

went into the building of these robots

544

00:23:55,390 --> 00:23:53,270

watching one knock the other over very

545

00:23:58,000 --> 00:23:55,400

easily in less than a minute makes the

546

00:24:00,280 --> 00:23:58,010

entire thing seem comical but

547

00:24:03,070 --> 00:24:00,290

continually awestruck announcers

548

00:24:05,980 --> 00:24:03,080

operating on hype levels known only to

549

00:24:07,870 --> 00:24:05,990

wrestling commentators did their best to

550

00:24:10,870 --> 00:24:07,880

dredge something out of nothing

551

00:24:13,630 --> 00:24:10,880

the second fight lasted longer but it

552

00:24:16,750 --> 00:24:13,640

quickly fell into stasis as the robots

553

00:24:18,250 --> 00:24:16,760

got stuck to each other apparently the

554

00:24:21,070 --> 00:24:18,260

entire endeavor took several days to

555

00:24:24,160 --> 00:24:21,080

film given the complications of fighting

556

00:24:25,919 --> 00:24:24,170

with giant robots after they dislodge

557

00:24:28,330 --> 00:24:25,929

from each other and begin again

558

00:24:28,600 --> 00:24:28,340

something approaching what must have

559

00:24:31,360 --> 00:24:28,610

been

560

00:24:34,990 --> 00:24:31,370

the original vision for megabots starts

561

00:24:38,470 --> 00:24:35,000

to take place chainsaws are activated

562

00:24:40,630 --> 00:24:38,480

giant metal pylons are ripped up but

563

00:24:44,080 --> 00:24:40,640

there never seems to be much authentic

564

00:24:47,740 --> 00:24:44,090

drama essentially a big robot defeats a

565

00:24:49,900 --> 00:24:47,750

smaller robot BattleBots was able to be

566

00:24:51,850 --> 00:24:49,910

relatively successful because it was

567

00:24:54,700 --> 00:24:51,860

able to draw actual attention sometimes

568

00:24:57,340 --> 00:24:54,710

out of its robots it was an older show

569

00:24:58,440 --> 00:24:57,350

and it was just fun to see them destroy

570

00:25:02,169 --> 00:24:58,450

each other

571

00:25:06,400 --> 00:25:02,179

megabots has a long road to climb before

572

00:25:08,260 --> 00:25:06,410

it hits that similar mark and yes there

573

00:25:11,740 --> 00:25:08,270

will be links to the video of that

574

00:25:14,409 --> 00:25:11,750

gigantic amazing conflict you can find

575

00:25:17,799 --> 00:25:14,419

it later at UFO headline news dot-com

576

00:25:21,280 --> 00:25:17,809

but remember it was called hilariously

577

00:25:25,000 --> 00:25:21,290

bad here's a UFO sighting

578

00:25:29,080 --> 00:25:25,010

yikes from Oxford Mississippi MUFON gave

579

00:25:32,500 --> 00:25:29,090

it a case number 8 7 2 1 9 this sighting

580

00:25:34,900 --> 00:25:32,510

took place on October 8 2017 it got a

581

00:25:39,659 --> 00:25:34,910

same-day report here's what our witness

582

00:25:42,730 --> 00:25:39,669

offers in summary red green white yellow

583

00:25:46,180 --> 00:25:42,740

flashing lights hovering over trees for

584

00:25:47,919 --> 00:25:46,190

40 minutes or so under the categories

585

00:25:50,140 --> 00:25:47,929

that include sighting specifics our

586

00:25:53,650 --> 00:25:50,150

witness lists the viewing distance of

587

00:25:56,590 --> 00:25:53,660

over 1 mile and ultimately unknown the

588

00:25:59,560 --> 00:25:56,600

altitude treetop sighting duration here

589

00:26:02,860 --> 00:25:59,570

45 minutes the object features are

590

00:26:06,490 --> 00:26:02,870

unknown the flight path was hovering and

591

00:26:09,580 --> 00:26:06,500

then path and uniquely this object is

592

00:26:10,900 --> 00:26:09,590

said to have been shaped like an egg not

593

00:26:13,720 --> 00:26:10,910

too many of those

594

00:26:15,820 --> 00:26:13,730

sticking with the egg metaphor for the

595

00:26:18,850 --> 00:26:15,830

meteorology well nothing was hatching

596

00:26:21,549 --> 00:26:18,860

over Oxford Mississippi at the time of

597

00:26:24,580 --> 00:26:21,559

this event so let's just hear the event

598

00:26:27,930 --> 00:26:24,590

I was sitting outside my house enjoying

599

00:26:30,850 --> 00:26:27,940

the evening it was around 8:30 p.m. I

600

00:26:33,580 --> 00:26:30,860

noticed something it was flashing

601
00:26:35,590 --> 00:26:33,590
quickly I saw it out of the side of my

602
00:26:38,500 --> 00:26:35,600
eye and at first I thought it was a

603
00:26:42,430 --> 00:26:38,510
planet I did think it was strange that

604
00:26:44,500 --> 00:26:42,440
the flashing red was flashing so quickly

605
00:26:47,530 --> 00:26:44,510
especially on a clear night there were

606
00:26:50,880 --> 00:26:47,540
no clouds in the area and these colors

607
00:26:54,100 --> 00:26:50,890
were flashing in a circle an egg shape

608
00:26:57,340 --> 00:26:54,110
so I grabbed some binoculars to see this

609
00:26:58,660 --> 00:26:57,350
up close and the lights were red green

610
00:27:01,690 --> 00:26:58,670
white and yellow

611
00:27:04,210 --> 00:27:01,700
they were flashing very quickly in what

612
00:27:06,190 --> 00:27:04,220
seemed to be a random sequence this

613
00:27:09,100 --> 00:27:06,200

object was small which is why I thought

614

00:27:12,070 --> 00:27:09,110

it was a planet I then thought this

615

00:27:14,950 --> 00:27:12,080

could be a plane but this object stayed

616

00:27:18,340 --> 00:27:14,960

in one spot hovering over the trees for

617

00:27:20,910 --> 00:27:18,350

over 45 minutes not going anywhere at

618

00:27:24,190 --> 00:27:20,920

all it wasn't getting larger or smaller

619

00:27:26,200 --> 00:27:24,200

so I put my binoculars down thinking

620

00:27:28,150 --> 00:27:26,210

perhaps what I was seeing was a cell

621

00:27:31,930 --> 00:27:28,160

phone tower but I was still skeptical

622

00:27:35,200 --> 00:27:31,940

and after 45 minutes this object dropped

623

00:27:38,530 --> 00:27:35,210

behind the trees I couldn't find it

624

00:27:39,910 --> 00:27:38,540

if it were a plane I feel like it

625

00:27:42,400 --> 00:27:39,920

wouldn't have disappeared so quickly

626
00:27:43,780 --> 00:27:42,410
behind the trees it would have been a

627
00:27:46,720 --> 00:27:43,790
long process

628
00:27:50,370 --> 00:27:46,730
I had just looked away for no longer

629
00:27:53,410 --> 00:27:50,380
than 10 seconds and this object was gone

630
00:27:55,660 --> 00:27:53,420
gone that's what we're about to be all

631
00:27:58,770 --> 00:27:55,670
the clocks on the wall all the time

632
00:28:01,810 --> 00:27:58,780
zones indicate we got a roll because

633
00:28:04,210 --> 00:28:01,820
that's a wrap thank you for listening to
