11
00:00:28,390 --> 00:00:26,720

about bringing outlandish and

12
00:00:30,230 --> 00:00:28,400

interesting topics to the forefront from

13
00:00:33,190 --> 00:00:30,240

aliens angels ghost demons wholly

14

00:00:35,510 --> 00:00:33,200

encounter shadow people to bigfoot to

15

00:00:37,990 --> 00:00:35,520

00:00:39,910 --> 00:00:38,000

weird we're here and now you are too so

17

00:00:42,069 --> 00:00:39,920

you are among friends and if you don't

18

00:00:44,950 --> 00:00:42,079

know who i am when it comes to the

19

00:00:47,350 --> 00:00:44,960

outlandish i don't care what's going on

20

00:00:49,270 --> 00:00:47,360

no i do um personally i'm someone who

21

00:00:51,350 --> 00:00:49,280

has been there seen that experienced it

22

00:00:53,270 --> 00:00:51,360

freaked out found some answers wrote

23

00:00:55,189 --> 00:00:53,280

about it got over it and now i'm hoping

24

00:00:58,470 --> 00:00:55,199

to help others do the same darn thing

25

00:01:01,510 --> 00:00:58,480

and understand this crazy crazy world of

26

00:01:03,349 --> 00:01:01,520

ours if you do dare go to my main

27

00:01:05,750 --> 00:01:03,359

website to learn things about me there

28

00:01:08,550 --> 00:01:05,760

that are just mind-blowing

29

00:01:10,789 --> 00:01:08,560

go to heidi hollis.com

30

00:01:13,350 --> 00:01:10,799

it's really difficult just sound it out

31

00:01:16,310 --> 00:01:13,360

mm-hmm yeah

32

00:01:17,990 --> 00:01:16,320

and you'll also find i have facebook and

33

00:01:20,390 --> 00:01:18,000

twitter and

34

00:01:21,990 --> 00:01:20,400

youtube and all that good stuff

35

00:01:23,429 --> 00:01:22,000

everything is on there and i want to

36

00:01:24,550 --> 00:01:23,439

tell you guys how you can hear this

37

00:01:26,390 --> 00:01:24,560

program

38

00:01:28,870 --> 00:01:26,400

because inception radio network is

39

00:01:31,670 --> 00:01:28,880

everywhere they have their own app the

40

00:01:33,910 --> 00:01:31,680

irn app fantastic most of you guys

41

00:01:35,030 --> 00:01:33,920

listen to it through the app which is

42

00:01:37,350 --> 00:01:35,040

awesome

43

00:01:39,190 --> 00:01:37,360

only problem is i don't get as many live

44

00:01:41,270 --> 00:01:39,200

callers because of that but it's okay

45

00:01:43,270 --> 00:01:41,280

i'll survive it's all good and there's

46

00:01:45,510 --> 00:01:43,280

also a number you could dial that my

47

00:01:51,149 --> 00:01:45,520

parents use to just dial and listen to

48

00:01:56,550 --> 00:01:53,990

712-770-8888 so if all else fails you

49

00:01:58,709 --> 00:01:56,560

dial a number okay

50

00:02:00,789 --> 00:01:58,719

internet could be whatever whack a

51
00:02:02,230 --> 00:02:00,799
doodle wherever you go but the phone

52
00:02:03,670 --> 00:02:02,240
lines are usually pretty good anywhere

53
00:02:05,429 --> 00:02:03,680
you go aren't they

54
00:02:07,350 --> 00:02:05,439
i don't know um

55
00:02:08,550 --> 00:02:07,360
and i also welcome you guys to call into

56
00:02:10,630 --> 00:02:08,560
the program

57
00:02:12,949 --> 00:02:10,640
anybody that's listening live of course

58
00:02:16,070 --> 00:02:12,959
so the number get a pen

59
00:02:19,830 --> 00:02:17,510
or

60
00:02:22,390 --> 00:02:19,840
skype your comments and questions to

61
00:02:24,309 --> 00:02:22,400
inception radio network mj is working

62
00:02:27,350 --> 00:02:24,319
the boards and he will send that message

63
00:02:31,190 --> 00:02:27,360

on over to me and there is also a live

64

00:02:33,509 --> 00:02:31,200

chat room go to irnchat.com

65

00:02:34,869 --> 00:02:33,519

i will be there soon my internet was

66

00:02:36,470 --> 00:02:34,879

flipping out on me a minute ago but i

67

00:02:40,070 --> 00:02:36,480

will be in there soon

68

00:02:42,229 --> 00:02:40,080

so it is going to be a fantastic evening

69

00:02:44,470 --> 00:02:42,239

tonight is one of those nights people

70

00:02:46,229 --> 00:02:44,480

where i am for going i know i've been

71

00:02:48,070 --> 00:02:46,239

not doing this as much i've been doing

72

00:02:50,309 --> 00:02:48,080

my outlandish corner but i am going to

73

00:02:53,750 --> 00:02:50,319

skip it tonight because this is a

74

00:02:55,270 --> 00:02:53,760

special special show tonight and uh

75

00:02:56,030 --> 00:02:55,280

in regards to a good friend of mine but

76

00:02:58,710 --> 00:02:56,040

the

77

00:03:01,750 --> 00:02:58,720

outlandish corner i am still taking your

78

00:03:03,990 --> 00:03:01,760

emails so feel free to write me at dus

79

00:03:06,470 --> 00:03:04,000

outlander gmail.com that's diaz and

80

00:03:08,869 --> 00:03:06,480

david a esses and sam

81

00:03:11,910 --> 00:03:08,879

outlander gmail.com

82

00:03:13,750 --> 00:03:11,920

and i will get to your encounters your

83

00:03:15,589 --> 00:03:13,760

comments your questions about anything

84

00:03:18,869 --> 00:03:15,599

and everything out of the ordinary i do

85

00:03:21,030 --> 00:03:18,879

my best to lend a helping hand

86

00:03:22,470 --> 00:03:21,040

and uh yeah the last week was

87

00:03:23,910 --> 00:03:22,480

interesting i did the outlandish corner

88

00:03:25,030 --> 00:03:23,920

at the end of the show so you never know

89

00:03:26,309 --> 00:03:25,040

where i'm gonna throw the outlandish

90

00:03:28,470 --> 00:03:26,319

corner in there i usually do at the

91

00:03:30,869 --> 00:03:28,480

beginning of the show but last week

92

00:03:33,670 --> 00:03:30,879

it was a nice little kicker to the

93

00:03:36,630 --> 00:03:33,680

halloween show wasn't it i thought it

94

00:03:37,430 --> 00:03:36,640

was fun really big doozies of of emails

95

00:03:38,710 --> 00:03:37,440

too

96

00:03:41,990 --> 00:03:38,720

and you know what the more details the

97

00:03:44,470 --> 00:03:42,000

better so feel free to send as much as

98

00:03:46,149 --> 00:03:44,480

you would like in those emails i am good

99

00:03:48,390 --> 00:03:46,159

i like the details and i think the

100

00:03:51,190 --> 00:03:48,400

listeners do too they're like oh that

101
00:03:52,710 --> 00:03:51,200
one was deep like i know right gives me

102
00:03:55,430 --> 00:03:52,720
chills so

103
00:03:56,390 --> 00:03:55,440
take your time think it out plan it out

104
00:04:01,190 --> 00:03:56,400
and

105
00:04:03,030 --> 00:04:01,200
you want to call in to talk about it too

106
00:04:05,670 --> 00:04:03,040
we could schedule a time

107
00:04:07,670 --> 00:04:05,680
it's all good we could do that too but

108
00:04:08,550 --> 00:04:07,680
tonight like i said tonight is a special

109
00:04:09,670 --> 00:04:08,560
night

110
00:04:12,229 --> 00:04:09,680
um

111
00:04:15,350 --> 00:04:12,239
not too long ago we lost a really

112
00:04:18,629 --> 00:04:15,360
special person when it comes to

113
00:04:19,830 --> 00:04:18,639

anything of mystery conspiracy even and

114

00:04:23,510 --> 00:04:19,840

that is jim

115

00:04:26,390 --> 00:04:23,520

mars he is a guy who actually

116

00:04:28,550 --> 00:04:26,400

gave me the opportunity to start on a

117

00:04:30,550 --> 00:04:28,560

discovery channel program

118

00:04:32,469 --> 00:04:30,560

that we're all cast in and

119

00:04:35,350 --> 00:04:32,479

pulled together i was on there with nick

120

00:04:39,749 --> 00:04:35,360

redfern joshua warren laura lee so many

121

00:04:44,390 --> 00:04:39,759

people reuben uracte is just a good crew

122

00:04:47,030 --> 00:04:44,400

of folks and uh and jim mars of course

123

00:04:48,950 --> 00:04:47,040

and it was produced by james castle and

124

00:04:51,030 --> 00:04:48,960

uh the creators of mythbusters it was

125

00:04:51,749 --> 00:04:51,040

really really cool to get put together

126

00:04:54,150 --> 00:04:51,759

of

127

00:04:55,590 --> 00:04:54,160

awesome energy and jim mars was at the

128

00:04:57,189 --> 00:04:55,600

forefront of that i was living in

129

00:05:00,310 --> 00:04:57,199

australia at the time

130

00:05:02,870 --> 00:05:00,320

and uh got that call like we want you

131

00:05:05,270 --> 00:05:02,880

i'm like i'm on the next flight i'm

132

00:05:07,189 --> 00:05:05,280

coming and he gave me a really cool

133

00:05:09,430 --> 00:05:07,199

opportunity so i got to know him on a

134

00:05:11,749 --> 00:05:09,440

personal level and he gave me some

135

00:05:12,870 --> 00:05:11,759

really really cool advice as an author

136

00:05:14,390 --> 00:05:12,880

and uh

137

00:05:16,469 --> 00:05:14,400

essentially you know if the publishers

138

00:05:18,390 --> 00:05:16,479

don't want to publish your stuff you put

139

00:05:21,830 --> 00:05:18,400

it out there yourself and he had like

140

00:05:24,469 --> 00:05:21,840

the biggest sense of humor the man was

141

00:05:26,310 --> 00:05:24,479

fully loaded with so much information

142

00:05:29,189 --> 00:05:26,320

and the humor to boot and the cool

143

00:05:31,749 --> 00:05:29,199

cowboy hat come on now he is

144

00:05:34,230 --> 00:05:31,759

just such a memorable character and

145

00:05:35,510 --> 00:05:34,240

really put a lot out there into the

146

00:05:37,909 --> 00:05:35,520

world

147

00:05:39,990 --> 00:05:37,919

i mean from every angle so he is going

148

00:05:41,430 --> 00:05:40,000

to be dearly missed we lost him a couple

149

00:05:42,950 --> 00:05:41,440

of months ago or so

150

00:05:45,029 --> 00:05:42,960

and we're going to be talking about him

151

00:05:47,830 --> 00:05:45,039

this evening and we're also going to

152

00:05:48,950 --> 00:05:47,840

have a guest coming on here

153

00:05:51,670 --> 00:05:48,960

i have

154

00:05:52,550 --> 00:05:51,680

the publisher and president of galaxy

155

00:05:55,670 --> 00:05:52,560

press

156

00:05:59,590 --> 00:05:55,680

mr john goodwin everybody give a round

157

00:06:01,909 --> 00:05:59,600

of applause to john goodwin he is uh

158

00:06:05,189 --> 00:06:01,919

going to be discussing and now he's the

159

00:06:06,629 --> 00:06:05,199

publisher of battlefield earth by I ron

160

00:06:10,230 --> 00:06:06,639

hubbard you guys are familiar with that

161

00:06:14,390 --> 00:06:10,240

i'm sure very very powerful and uh

162

00:06:17,110 --> 00:06:14,400

ground breaking book so again ronald

163

00:06:18,710 --> 00:06:17,120

philos for mr john goodwin

164

00:06:20,870 --> 00:06:18,720

all right john are you there you gotta

165

00:06:24,790 --> 00:06:20,880

unmute i can't hear you are you there

166

00:06:27,909 --> 00:06:26,469

girl welcome to the show john how the

167

00:06:29,830 --> 00:06:27,919

heck are you

168

00:06:31,749 --> 00:06:29,840

thank you very much heidi great i'm i'm

169

00:06:33,670 --> 00:06:31,759

great it was uh

170

00:06:35,590 --> 00:06:33,680

it's been a beautiful day here and now

171

00:06:38,309 --> 00:06:35,600

i'm in right in the center of hollywood

172

00:06:40,309 --> 00:06:38,319

where i'm located about

173

00:06:41,430 --> 00:06:40,319

here on hollywood boulevard so uh

174

00:06:43,110 --> 00:06:41,440

i'm right in the middle of the land of

175

00:06:46,309 --> 00:06:43,120

nuts and fruits here

176

00:06:47,909 --> 00:06:46,319

so it's uh but the weather just

177

00:06:50,550 --> 00:06:47,919

the weather just changed it cooled down

178

00:06:51,670 --> 00:06:50,560

finally so uh at least is making it tall

179

00:06:54,870 --> 00:06:51,680

it was like

180

00:06:57,590 --> 00:06:54,880

yeah the degrees still it was yeah

181

00:07:01,510 --> 00:06:59,110

is happening around here for some reason

182

00:07:03,589 --> 00:07:01,520

we're getting some uh interference like

183

00:07:05,749 --> 00:07:03,599

it's gobbly gooking up all right you're

184

00:07:07,510 --> 00:07:05,759

in a good spot right pretty clear i'm in

185

00:07:09,830 --> 00:07:07,520

a great spot it shows i've got good

186

00:07:11,990 --> 00:07:09,840

signal everything yeah wow that's weird

187

00:07:13,189 --> 00:07:12,000

it just it sounded like alien language

188

00:07:14,710 --> 00:07:13,199

for a second but it's all good i can

189

00:07:17,430 --> 00:07:14,720

hear you now

190

00:07:18,870 --> 00:07:17,440

okay good you got it yeah i could

191

00:07:21,189 --> 00:07:18,880

check that alien back away i got to take

192

00:07:23,430 --> 00:07:21,199

that alien back away now yes

193

00:07:24,550 --> 00:07:23,440

back over to the corner

194

00:07:28,309 --> 00:07:24,560

exactly

195

00:07:29,589 --> 00:07:28,319

so at battlefield earth i mean so yeah

196

00:07:30,469 --> 00:07:29,599

it just keeps

197

00:07:33,430 --> 00:07:30,479

growing

198

00:07:34,790 --> 00:07:33,440

you guys are the winner of the 2017 audi

199

00:07:35,909 --> 00:07:34,800

award

200

00:07:37,110 --> 00:07:35,919

so yeah

201
00:07:41,670 --> 00:07:37,120
that was quite

202
00:07:43,110 --> 00:07:41,680
for us on that because uh we put a lot

203
00:07:44,710 --> 00:07:43,120
of work into it and

204
00:07:47,110 --> 00:07:44,720
jim you mentioned you know we were

205
00:07:49,110 --> 00:07:47,120
talking uh yes with your introduction

206
00:07:51,270 --> 00:07:49,120
about jim mars he had read that book

207
00:07:52,870 --> 00:07:51,280
when it first came out in the early 80s

208
00:07:55,189 --> 00:07:52,880
and so it's quite familiar with it and a

209
00:07:57,990 --> 00:07:55,199
mutual friend suggested i contact him

210
00:08:00,790 --> 00:07:58,000
and he was very excited to uh talk about

211
00:08:02,150 --> 00:08:00,800
bethlehem he just he loves books period

212
00:08:04,309 --> 00:08:02,160
but he really likes battlefield earth

213
00:08:05,110 --> 00:08:04,319

and very much aligned to his

214

00:08:07,350 --> 00:08:05,120

own

215

00:08:08,550 --> 00:08:07,360

uh researches into

216

00:08:10,469 --> 00:08:08,560

you know some of the things that are

217

00:08:13,510 --> 00:08:10,479

already happening

218

00:08:15,510 --> 00:08:13,520

the globalists and whatnot so he

219

00:08:17,749 --> 00:08:15,520

elwin hubbard's take on

220

00:08:19,510 --> 00:08:17,759

um he sometimes you know science fiction

221

00:08:21,589 --> 00:08:19,520

and satire go hand in glove so even

222

00:08:24,550 --> 00:08:21,599

though it's a it's a post-apocalyptic

223

00:08:25,589 --> 00:08:24,560

story it also tells the story of

224

00:08:27,350 --> 00:08:25,599

you know the

225

00:08:29,589 --> 00:08:27,360

the big corporations what they do to

226

00:08:32,070 --> 00:08:29,599

gobble up you know the uh anything they

227

00:08:34,630 --> 00:08:32,080

want to in their in their sight to be

228

00:08:36,230 --> 00:08:34,640

able to make the ultimate profit so

229

00:08:37,670 --> 00:08:36,240

he really enjoyed this story for what it

230

00:08:41,029 --> 00:08:37,680

talked about that

231

00:08:43,589 --> 00:08:41,039

and so we did uh oh totally lost you it

232

00:08:45,269 --> 00:08:43,599

was uh oh there you go you're back

233

00:08:47,269 --> 00:08:45,279

you're cutting in and out pretty bad

234

00:08:49,750 --> 00:08:47,279

yeah oh my goodness wow i thought i lost

235

00:08:51,190 --> 00:08:49,760

you fully for a second never never

236

00:08:54,230 --> 00:08:51,200

you'll never lose me

237

00:08:56,070 --> 00:08:54,240

you're not dancing around are you no i

238

00:08:58,470 --> 00:08:56,080

was i leaned back in my chair and i

239

00:09:00,870 --> 00:08:58,480

immediately said oh okay i set up

240

00:09:02,550 --> 00:09:00,880

straight again so ah so there is there's

241

00:09:05,750 --> 00:09:02,560

a sensitive spot so i'm just getting

242

00:09:08,389 --> 00:09:05,760

straight for the next hour there you go

243

00:09:10,150 --> 00:09:08,399

evidently it's very sensitive okay i'm

244

00:09:11,110 --> 00:09:10,160

here and i'm not moving

245

00:09:13,030 --> 00:09:11,120

all right

246

00:09:15,750 --> 00:09:13,040

so uh so anyway with the audio bucket

247

00:09:17,750 --> 00:09:15,760

you were mentioning that it had the um

248

00:09:19,750 --> 00:09:17,760

the audio award it is the top honors

249

00:09:21,509 --> 00:09:19,760

given to audiobooks and

250

00:09:22,389 --> 00:09:21,519

it's uh the book itself is different

251
00:09:24,070 --> 00:09:22,399
than most

252
00:09:26,230 --> 00:09:24,080
holiday books because it's like a

253
00:09:28,470 --> 00:09:26,240
old-timer radio theater we had

254
00:09:30,870 --> 00:09:28,480
67 actors perform all the different

255
00:09:33,350 --> 00:09:30,880
characters oh yeah

256
00:09:37,590 --> 00:09:33,360
47 hours long it's it's just amazing

257
00:09:39,190 --> 00:09:37,600
over 150 000 sound effects so it really

258
00:09:40,870 --> 00:09:39,200
it's just a total

259
00:09:43,110 --> 00:09:40,880
tour de force on this and that's why it

260
00:09:44,470 --> 00:09:43,120
won the the top honor because it wasn't

261
00:09:46,949 --> 00:09:44,480
just because it was a good audiobook it

262
00:09:48,389 --> 00:09:46,959
was because it also brought people into

263
00:09:52,070 --> 00:09:48,399

listening to audiobooks because of the

264

00:09:55,110 --> 00:09:52,080

of its quality that is that's quite uh

265

00:09:57,509 --> 00:09:55,120

the the land of fruits and nuts pulled

266

00:09:58,790 --> 00:09:57,519

it out pulled it together that that's a

267

00:10:01,350 --> 00:09:58,800

fact

268

00:10:03,750 --> 00:10:01,360

wow it pays to live there in the midst

269

00:10:05,269 --> 00:10:03,760

of that wow in this case it definitely

270

00:10:07,190 --> 00:10:05,279

did we had some we had some amazing

271

00:10:09,670 --> 00:10:07,200

talent to work with

272

00:10:11,990 --> 00:10:09,680

my goodness did do you feel like you

273

00:10:13,910 --> 00:10:12,000

missed anything

274

00:10:16,630 --> 00:10:13,920

did you wish that you had a little bit

275

00:10:18,710 --> 00:10:16,640

more of something in it

276

00:10:20,790 --> 00:10:18,720

no it was a lot went into this so that

277

00:10:23,030 --> 00:10:20,800

was that was one thing it's good about

278

00:10:25,829 --> 00:10:23,040

is that we just the person that did the

279

00:10:28,069 --> 00:10:25,839

final mix for the audiobook had mixed

280

00:10:30,150 --> 00:10:28,079

some of the uh star trek movies so he

281

00:10:33,110 --> 00:10:30,160

definitely had the the

282

00:10:36,230 --> 00:10:33,120

perception of how to listen to a movie

283

00:10:39,030 --> 00:10:36,240

and that's what this is

284

00:10:41,670 --> 00:10:39,040

just listen to a movie it's your own

285

00:10:44,389 --> 00:10:41,680

visual track that gets added so however

286

00:10:45,990 --> 00:10:44,399

you envision the hero and the heroine

287

00:10:47,590 --> 00:10:46,000

and the enemies and all that stuff there

288

00:10:48,790 --> 00:10:47,600

it's you know the description is really

289

00:10:50,310 --> 00:10:48,800

good from the author but it's your

290

00:10:52,230 --> 00:10:50,320

pictures that

291

00:10:54,230 --> 00:10:52,240

will roll through and that's why

292

00:10:56,870 --> 00:10:54,240

uh it's so important to have so many

293

00:10:59,190 --> 00:10:56,880

sound effects because in actual fact

294

00:11:01,509 --> 00:10:59,200

sound will trigger an image if it's the

295

00:11:03,190 --> 00:11:01,519

exact image so like if you hear just a

296

00:11:04,550 --> 00:11:03,200

car driving at the sound of a car it's

297

00:11:05,990 --> 00:11:04,560

like okay it doesn't do anything but if

298

00:11:07,750 --> 00:11:06,000

you hear the sound of a rolls as

299

00:11:10,069 --> 00:11:07,760

compared to an mg as compared to

300

00:11:11,829 --> 00:11:10,079

volkswagen when you hear that volkswagen

301
00:11:14,949 --> 00:11:11,839
engine you you see a volkswagen you

302
00:11:16,949 --> 00:11:14,959
don't think it's something else or

303
00:11:19,030 --> 00:11:16,959
you know other sound effects too if you

304
00:11:21,030 --> 00:11:19,040
use the exact right one then that image

305
00:11:23,509 --> 00:11:21,040
will come up because it's science

306
00:11:26,470 --> 00:11:23,519
fiction what was done to handle aliens

307
00:11:28,790 --> 00:11:26,480
was we made it synthetic so that was

308
00:11:31,269 --> 00:11:28,800
computer gen computer generated sounds

309
00:11:33,990 --> 00:11:31,279
are the alien sounds and the people in

310
00:11:36,069 --> 00:11:34,000
the story are made with um organic

311
00:11:38,150 --> 00:11:36,079
sounds from the earth so

312
00:11:39,990 --> 00:11:38,160
it really a lot went into it to make it

313
00:11:41,190 --> 00:11:40,000

something that people can go like wow i

314

00:11:44,150 --> 00:11:41,200

get it

315

00:11:46,230 --> 00:11:44,160

wow that sounds fantastic i love the

316

00:11:48,389 --> 00:11:46,240

audio books and that just

317

00:11:51,030 --> 00:11:48,399

that really kind of pulls you into it it

318

00:11:53,030 --> 00:11:51,040

sounds like my totally dozen and if

319

00:11:54,790 --> 00:11:53,040

you're anybody that subscribes to

320

00:11:57,110 --> 00:11:54,800

audible you can get it for just one

321

00:11:59,509 --> 00:11:57,120

credit which is one thing that's amazing

322

00:12:01,269 --> 00:11:59,519

oh oh thanks for telling me i'm going to

323

00:12:02,550 --> 00:12:01,279

get it

324

00:12:05,910 --> 00:12:02,560

yeah

325

00:12:08,069 --> 00:12:05,920

that's wow that is is pretty wild so jim

326

00:12:09,430 --> 00:12:08,079

mars he had been uh

327

00:12:11,509 --> 00:12:09,440

kind of and still does really well right

328

00:12:13,430 --> 00:12:11,519

now in 2000

329

00:12:15,269 --> 00:12:13,440

wow oh you're cutting in and out again i

330

00:12:17,509 --> 00:12:15,279

i'm wondering i'm not moving this time

331

00:12:19,750 --> 00:12:17,519

this time it's uh

332

00:12:21,590 --> 00:12:19,760

it's the satellites changing

333

00:12:23,509 --> 00:12:21,600

yeah there you go

334

00:12:27,590 --> 00:12:23,519

it wasn't me

335

00:12:29,829 --> 00:12:27,600

good i'm wondering if i should have mj

336

00:12:31,670 --> 00:12:29,839

reconnect with you during our first

337

00:12:34,069 --> 00:12:31,680

break but we've got 15 minutes so that

338

00:12:35,350 --> 00:12:34,079

happens so it's all good okay

339

00:12:36,949 --> 00:12:35,360

so um

340

00:12:40,870 --> 00:12:36,959

so you the

341

00:12:42,870 --> 00:12:40,880

this this jim mars he was a fan of the

342

00:12:44,069 --> 00:12:42,880

book for a very long time

343

00:12:46,710 --> 00:12:44,079

and he was

344

00:12:49,190 --> 00:12:46,720

how did he get involved though i mean

345

00:12:51,430 --> 00:12:49,200

did he just bring you up

346

00:12:53,750 --> 00:12:51,440

no it was he had earlier been a fan of

347

00:12:55,990 --> 00:12:53,760

elren hubbard from his pulp days in the

348

00:12:57,670 --> 00:12:56,000

50s he had read his his some of his pulp

349

00:12:59,750 --> 00:12:57,680

stories from back then

350

00:13:00,710 --> 00:12:59,760

and so when this book came out he he

351
00:13:02,870 --> 00:13:00,720
read it

352
00:13:07,030 --> 00:13:02,880
and it was a mutual friend

353
00:13:09,110 --> 00:13:07,040
that told me that hey jim mars

354
00:13:10,550 --> 00:13:09,120
loves hubbard's fiction books give him a

355
00:13:13,269 --> 00:13:10,560
call and see if he read battlefield

356
00:13:14,710 --> 00:13:13,279
earth so i called him and he said how he

357
00:13:17,110 --> 00:13:14,720
loved it and i said would you like to be

358
00:13:17,910 --> 00:13:17,120
a spokesperson he said sure

359
00:13:22,550 --> 00:13:17,920
you know

360
00:13:25,990 --> 00:13:22,560
yeah that sounds like him yeah

361
00:13:27,030 --> 00:13:26,000
so we flew him out to los angeles and we

362
00:13:28,949 --> 00:13:27,040
met

363
00:13:31,829 --> 00:13:28,959

and um

364

00:13:32,870 --> 00:13:31,839

he actually had a convention he went to

365

00:13:37,030 --> 00:13:32,880

in

366

00:13:39,350 --> 00:13:37,040

and so we met him there

367

00:13:41,350 --> 00:13:39,360

and spent quite some time and spent more

368

00:13:44,150 --> 00:13:41,360

time in los angeles and then we invited

369

00:13:48,230 --> 00:13:44,160

him to an event up in san francisco

370

00:13:49,670 --> 00:13:48,240

which was alien con last year in 2016.

371

00:13:51,269 --> 00:13:49,680

and um

372

00:13:52,870 --> 00:13:51,279

that was when he wrote this booklet

373

00:13:56,150 --> 00:13:52,880

we'll talk about it later on alien

374

00:13:58,550 --> 00:13:56,160

invasion but when we started talking he

375

00:14:00,629 --> 00:13:58,560

was he talked about how much he you know

376

00:14:02,949 --> 00:14:00,639

he liked the story because of not just

377

00:14:03,750 --> 00:14:02,959

as alien invasion but because of

378

00:14:05,590 --> 00:14:03,760

um

379

00:14:08,310 --> 00:14:05,600

he definitely has an opinion or had an

380

00:14:10,150 --> 00:14:08,320

opinion on globalists and so

381

00:14:13,189 --> 00:14:10,160

he really saw what the

382

00:14:15,829 --> 00:14:13,199

the cyclos which are the big bad aliens

383

00:14:19,990 --> 00:14:15,839

their intergalactic mining company what

384

00:14:22,150 --> 00:14:20,000

they do to just uh savage um a planet

385

00:14:24,790 --> 00:14:22,160

you know to be able to pillage of all

386

00:14:27,030 --> 00:14:24,800

the uh natural resources and

387

00:14:28,310 --> 00:14:27,040

um he saw that's very similar to what

388

00:14:30,069 --> 00:14:28,320

you have happening here on earth where

389

00:14:32,150 --> 00:14:30,079

you have the big intergalactic the the

390

00:14:35,350 --> 00:14:32,160

inter um

391

00:14:36,629 --> 00:14:35,360

the huge global corporations going into

392

00:14:38,389 --> 00:14:36,639

these third world countries and they

393

00:14:39,509 --> 00:14:38,399

just like take it for whatever they can

394

00:14:40,629 --> 00:14:39,519

get it for

395

00:14:41,509 --> 00:14:40,639

and

396

00:14:42,790 --> 00:14:41,519

um

397

00:14:44,230 --> 00:14:42,800

they don't really worry about the

398

00:14:46,310 --> 00:14:44,240

indigenous life forms it's just like

399

00:14:47,509 --> 00:14:46,320

whatever we need is for the prophet and

400

00:14:49,030 --> 00:14:47,519

that's how

401
00:14:51,030 --> 00:14:49,040
these uh

402
00:14:53,269 --> 00:14:51,040
cyclos viewed earth and they they

403
00:14:55,509 --> 00:14:53,279
referred to the humans as just animals

404
00:14:57,990 --> 00:14:55,519
they're just animals and

405
00:14:59,829 --> 00:14:58,000
it was fortunate too that at that same

406
00:15:01,189 --> 00:14:59,839
time elon musk

407
00:15:03,829 --> 00:15:01,199
had come up

408
00:15:07,269 --> 00:15:03,839
with his comments about

409
00:15:09,670 --> 00:15:07,279
maybe ufos or what took out his

410
00:15:10,629 --> 00:15:09,680
you know his falcon 9

411
00:15:12,870 --> 00:15:10,639
and then

412
00:15:13,990 --> 00:15:12,880
earlier we had also stephen hawking that

413
00:15:14,790 --> 00:15:14,000

talked about

414

00:15:17,590 --> 00:15:14,800

um

415

00:15:20,470 --> 00:15:17,600

maybe what wasn't so smart putting

416

00:15:22,310 --> 00:15:20,480

a map on to the voyager which is what

417

00:15:23,829 --> 00:15:22,320

started the whole thing with battlefield

418

00:15:25,350 --> 00:15:23,839

earth maybe wasn't smart putting a map

419

00:15:26,550 --> 00:15:25,360

in here because we don't know what

420

00:15:28,629 --> 00:15:26,560

they're going to be like if they find it

421

00:15:31,110 --> 00:15:28,639

income here might be like

422

00:15:32,230 --> 00:15:31,120

columbus was with the american indians

423

00:15:34,550 --> 00:15:32,240

right

424

00:15:36,230 --> 00:15:34,560

it was good for columbus not so good for

425

00:15:38,150 --> 00:15:36,240

the native americans

426

00:15:39,910 --> 00:15:38,160

yeah it's like hey they want the land

427

00:15:42,310 --> 00:15:39,920

they want to explore they they want it

428

00:15:44,550 --> 00:15:42,320

just because they can

429

00:15:46,150 --> 00:15:44,560

and that's actually get here if they

430

00:15:48,710 --> 00:15:46,160

have the technology if they have the

431

00:15:50,629 --> 00:15:48,720

technology yep you're right

432

00:15:51,670 --> 00:15:50,639

i mean how are we on you know on planet

433

00:15:53,030 --> 00:15:51,680

earth you know

434

00:15:54,550 --> 00:15:53,040

the the haves

435

00:15:56,550 --> 00:15:54,560

are don't really have a whole lot of

436

00:15:58,949 --> 00:15:56,560

concern for the have-nots you know and

437

00:16:01,910 --> 00:15:58,959

the people with uh the the quote-unquote

438

00:16:04,389 --> 00:16:01,920

superior races in uh on earth

439

00:16:07,110 --> 00:16:04,399

don't really concern themselves over

440

00:16:09,509 --> 00:16:07,120

what they consider inferior races we've

441

00:16:11,990 --> 00:16:09,519

gone through real bad periods of that

442

00:16:13,670 --> 00:16:12,000

you know with um world war ii but it

443

00:16:15,269 --> 00:16:13,680

still goes on you still have it

444

00:16:16,310 --> 00:16:15,279

happening right now so

445

00:16:17,990 --> 00:16:16,320

um

446

00:16:19,110 --> 00:16:18,000

it's just something that

447

00:16:20,310 --> 00:16:19,120

why would we think they're going to be

448

00:16:22,629 --> 00:16:20,320

any different well if they're more

449

00:16:23,990 --> 00:16:22,639

educated they're going to be benevolent

450

00:16:26,230 --> 00:16:24,000

well the more educated we get here are

451
00:16:27,990 --> 00:16:26,240
we more benevolent you know so

452
00:16:29,350 --> 00:16:28,000
it he poses questions that stephen

453
00:16:31,910 --> 00:16:29,360
hawking posed those questions so it was

454
00:16:33,509 --> 00:16:31,920
very very timely with the release of the

455
00:16:35,590 --> 00:16:33,519
book and it remains timely because now

456
00:16:39,590 --> 00:16:35,600
the second voyager is also about to

457
00:16:42,230 --> 00:16:39,600
leave the heliosphere and hit deep space

458
00:16:45,350 --> 00:16:42,240
wow that's pretty amazing you know i

459
00:16:48,389 --> 00:16:45,360
i i always refer to because i'm into the

460
00:16:50,949 --> 00:16:48,399
the real alien stuff um yeah

461
00:16:53,749 --> 00:16:50,959
i always refer to the not just pretend

462
00:16:56,150 --> 00:16:53,759
stuff the real stuff well but it's very

463
00:16:58,629 --> 00:16:56,160

similar i mean these things come from

464

00:16:59,910 --> 00:16:58,639

far away and they're just you know

465

00:17:02,470 --> 00:16:59,920

for some reason a lot of people have

466

00:17:05,829 --> 00:17:02,480

this this notion because they're smarter

467

00:17:07,750 --> 00:17:05,839

than us uh why would they want land i

468

00:17:09,429 --> 00:17:07,760

mean they're so much more superior as if

469

00:17:11,510 --> 00:17:09,439

they don't have those guttural

470

00:17:13,029 --> 00:17:11,520

animalistic instincts either or

471

00:17:14,549 --> 00:17:13,039

something and like oh they wouldn't do

472

00:17:16,549 --> 00:17:14,559

such a thing they would just come here

473

00:17:18,870 --> 00:17:16,559

and smell the roses it's like

474

00:17:21,270 --> 00:17:18,880

they could be just like us and want the

475

00:17:23,110 --> 00:17:21,280

land and be the boss yeah just do it

476

00:17:26,150 --> 00:17:23,120

because they said so and want to burn up

477

00:17:27,510 --> 00:17:26,160

the oil or the gold or whatever it is so

478

00:17:29,990 --> 00:17:27,520

exactly and

479

00:17:31,990 --> 00:17:30,000

in our in the book that mr evan wrote it

480

00:17:34,630 --> 00:17:32,000

was the gold you know that was because

481

00:17:37,350 --> 00:17:34,640

it was a golden disc that they found

482

00:17:39,909 --> 00:17:37,360

that had the map to planet earth then

483

00:17:41,669 --> 00:17:39,919

they went to to mine the gold because it

484

00:17:43,590 --> 00:17:41,679

was the most valuable metals in the

485

00:17:45,830 --> 00:17:43,600

galaxy and then they also

486

00:17:47,029 --> 00:17:45,840

um would come in and just they don't

487

00:17:49,430 --> 00:17:47,039

care about anything they just want the

488

00:17:50,789 --> 00:17:49,440

gold and there's other stories or you

489

00:17:52,710 --> 00:17:50,799

know the water you know it could be

490

00:17:55,029 --> 00:17:52,720

whatever we have to offer that

491

00:17:56,630 --> 00:17:55,039

um we are the

492

00:17:59,190 --> 00:17:56,640

we're the vermin we're the plants and

493

00:18:01,350 --> 00:17:59,200

animals vermin you know so

494

00:18:03,350 --> 00:18:01,360

there's no reason to you know you know

495

00:18:04,230 --> 00:18:03,360

people will look at like well what about

496

00:18:07,590 --> 00:18:04,240

e.t

497

00:18:09,270 --> 00:18:07,600

what about ep you know that's hollywood

498

00:18:11,669 --> 00:18:09,280

right and

499

00:18:14,230 --> 00:18:11,679

yeah goodness it'd be great if that's

500

00:18:16,789 --> 00:18:14,240

what it was but that's a total you know

501
00:18:19,430 --> 00:18:16,799
for someone to assume that or base the

502
00:18:22,710 --> 00:18:19,440
future of planet earth on that as as the

503
00:18:25,029 --> 00:18:22,720
outcome is is unfounded

504
00:18:26,150 --> 00:18:25,039
yeah pretty pretty wild that

505
00:18:29,510 --> 00:18:26,160
i mean

506
00:18:32,390 --> 00:18:29,520
perhaps he uh he predicted

507
00:18:34,950 --> 00:18:32,400
he tapped into an unknown source to know

508
00:18:36,950 --> 00:18:34,960
the mindset of some of these uh beings

509
00:18:40,789 --> 00:18:36,960
that are really out there because um my

510
00:18:43,270 --> 00:18:40,799
goodness i i i honestly believe that the

511
00:18:45,190 --> 00:18:43,280
aliens that people report seeing these

512
00:18:46,870 --> 00:18:45,200
days are not good guys that they are

513
00:18:49,750 --> 00:18:46,880

kind of wanting stuff and they want to

514

00:18:52,950 --> 00:18:49,760

keep it to themselves and they want to

515

00:18:54,390 --> 00:18:52,960

victimize humans so um yeah

516

00:18:57,590 --> 00:18:54,400

i think it'd be very definite to think

517

00:18:59,110 --> 00:18:57,600

now one are potentially our our one

518

00:19:01,669 --> 00:18:59,120

saving grace and this is one thing that

519

00:19:04,310 --> 00:19:01,679

jim mars went over to is

520

00:19:06,789 --> 00:19:04,320

that uh this planet is so crazy that

521

00:19:09,270 --> 00:19:06,799

it's somewhat quarantined and so they

522

00:19:10,789 --> 00:19:09,280

stay clear of it because it's just you

523

00:19:12,390 --> 00:19:10,799

know the constant fighting with each

524

00:19:14,390 --> 00:19:12,400

other and the warring with each other

525

00:19:16,230 --> 00:19:14,400

and as soon as somebody gets a piece of

526

00:19:18,789 --> 00:19:16,240

technology they want to use that to be

527

00:19:20,630 --> 00:19:18,799

able to to dominate another and they

528

00:19:22,230 --> 00:19:20,640

just said that might be our saving grace

529

00:19:23,909 --> 00:19:22,240

that if someone actually studies this

530

00:19:25,029 --> 00:19:23,919

they go like whoa stay clear of these

531

00:19:27,190 --> 00:19:25,039

guys

532

00:19:28,470 --> 00:19:27,200

like well they've got some bad mojo you

533

00:19:29,990 --> 00:19:28,480

don't want that

534

00:19:34,470 --> 00:19:30,000

exactly

535

00:19:37,029 --> 00:19:34,480

you got the the stink

536

00:19:37,750 --> 00:19:37,039

you don't want to touch i

537

00:19:39,029 --> 00:19:37,760

they got you

538

00:19:42,390 --> 00:19:39,039

they got the cooties there on earth

539

00:19:45,350 --> 00:19:42,400

that's it cooties

540

00:19:48,070 --> 00:19:45,360

i am so certain you know i i honestly

541

00:19:49,669 --> 00:19:48,080

wouldn't be uh surprised if it was on

542

00:19:51,190 --> 00:19:49,679

the flip side too that you know they

543

00:19:52,390 --> 00:19:51,200

want to keep away

544

00:19:54,390 --> 00:19:52,400

but uh

545

00:19:56,789 --> 00:19:54,400

from what i hear i mean this there

546

00:19:59,270 --> 00:19:56,799

there's a lot of bad guys coming in here

547

00:20:00,150 --> 00:19:59,280

because there is some crazy stuff yeah

548

00:20:01,990 --> 00:20:00,160

yeah

549

00:20:04,150 --> 00:20:02,000

and right now the earth is definitely

550

00:20:05,430 --> 00:20:04,160

pretty and turbulated with you know the

551
00:20:07,510 --> 00:20:05,440
recent

552
00:20:09,190 --> 00:20:07,520
natural disasters and then also the

553
00:20:11,029 --> 00:20:09,200
human-made disasters too so it's a

554
00:20:13,350 --> 00:20:11,039
definite um

555
00:20:14,950 --> 00:20:13,360
area to stay clear of right now until it

556
00:20:15,909 --> 00:20:14,960
chills out a bit

557
00:20:18,230 --> 00:20:15,919
yeah

558
00:20:19,430 --> 00:20:18,240
you know i've got uh we've got this chat

559
00:20:21,190 --> 00:20:19,440
room that's going on and somebody's

560
00:20:23,830 --> 00:20:21,200
asking you a question

561
00:20:26,470 --> 00:20:23,840
in regards to uh i'm curious what you're

562
00:20:28,630 --> 00:20:26,480
gonna do what you think uh if you

563
00:20:32,830 --> 00:20:28,640

believe that ufos have been involved

564

00:20:35,029 --> 00:20:32,840

with planet earth for thousands of years

565

00:20:36,710 --> 00:20:35,039

um personally

566

00:20:40,789 --> 00:20:36,720

absolutely

567

00:20:42,470 --> 00:20:40,799

um that's just like um it's just uh

568

00:20:44,070 --> 00:20:42,480

it just you be

569

00:20:46,549 --> 00:20:44,080

i mean i realize that some people are

570

00:20:49,190 --> 00:20:46,559

into the you know holding the the

571

00:20:50,230 --> 00:20:49,200

doctrine that you know they don't exist

572

00:20:51,350 --> 00:20:50,240

and

573

00:20:52,549 --> 00:20:51,360

you know because you got one thing too

574

00:20:54,549 --> 00:20:52,559

and again this is something that i had

575

00:20:55,990 --> 00:20:54,559

great discussions with jim mars about

576
00:20:58,149 --> 00:20:56,000
but a government

577
00:20:59,990 --> 00:20:58,159
is supposed to

578
00:21:00,950 --> 00:21:00,000
protect its people

579
00:21:02,870 --> 00:21:00,960
and

580
00:21:04,710 --> 00:21:02,880
if they you know that's the same problem

581
00:21:06,310 --> 00:21:04,720
you've got right now with uh with the

582
00:21:08,149 --> 00:21:06,320
nuclear deterrence it's like with that

583
00:21:11,110 --> 00:21:08,159
existing

584
00:21:12,630 --> 00:21:11,120
um you know on planet earth a government

585
00:21:15,190 --> 00:21:12,640
is hard-pressed to protect its people

586
00:21:17,270 --> 00:21:15,200
from um

587
00:21:18,149 --> 00:21:17,280
invasion but now you take a look at this

588
00:21:20,310 --> 00:21:18,159

other

589

00:21:21,669 --> 00:21:20,320

what if you have like aliens now ufos

590

00:21:25,350 --> 00:21:21,679

and you have this you

591

00:21:27,110 --> 00:21:25,360

you acknowledge that then automatically

592

00:21:29,350 --> 00:21:27,120

that government is no longer able to

593

00:21:30,549 --> 00:21:29,360

wear its hat you know to protect its

594

00:21:32,549 --> 00:21:30,559

people because

595

00:21:35,430 --> 00:21:32,559

somebody else that comes in they could

596

00:21:37,029 --> 00:21:35,440

totally um do whatever they want to and

597

00:21:39,110 --> 00:21:37,039

the government united states or whatever

598

00:21:41,510 --> 00:21:39,120

country would be

599

00:21:42,830 --> 00:21:41,520

at its mercy and what to do and so jim

600

00:21:45,830 --> 00:21:42,840

was also very

601
00:21:50,070 --> 00:21:45,840
much a believer that the constant denial

602
00:21:51,909 --> 00:21:50,080
by the government is impart to that

603
00:21:53,270 --> 00:21:51,919
you know that they do exist there's i

604
00:21:55,270 --> 00:21:53,280
mean there's so much evidence to the

605
00:21:58,310 --> 00:21:55,280
fact that they do exist and even so are

606
00:22:01,750 --> 00:21:58,320
you you blinked out again on me

607
00:22:03,029 --> 00:22:01,760
okay jesus i'm sorry that's all good it

608
00:22:06,549 --> 00:22:03,039
happens

609
00:22:08,470 --> 00:22:06,559
you're talking about aliens in the

610
00:22:13,590 --> 00:22:08,480
government

611
00:22:18,070 --> 00:22:15,590
oh boy it's all good

612
00:22:20,390 --> 00:22:18,080
man so it you know i i think that our

613
00:22:22,630 --> 00:22:20,400

government has a whole lot of splaining

614

00:22:25,350 --> 00:22:22,640

to do that's all i'ma say because they

615

00:22:27,510 --> 00:22:25,360

are awfully nosy with people who claim

616

00:22:30,149 --> 00:22:27,520

to have seen something odd

617

00:22:32,630 --> 00:22:30,159

too close or whatever it is and suddenly

618

00:22:34,549 --> 00:22:32,640

they're getting kind of bullied and men

619

00:22:37,669 --> 00:22:34,559

and black show up and they get

620

00:22:39,350 --> 00:22:37,679

interrogated military abductions and

621

00:22:43,029 --> 00:22:39,360

when uh jim mars when he would go and

622

00:22:44,470 --> 00:22:43,039

and speak on behalf of uh battlefield

623

00:22:46,310 --> 00:22:44,480

earth did he

624

00:22:48,870 --> 00:22:46,320

bring up these types of things like

625

00:22:50,870 --> 00:22:48,880

what's really going on absolutely

626
00:22:52,549 --> 00:22:50,880
absolutely awesome

627
00:22:55,270 --> 00:22:52,559
yeah it was

628
00:22:57,190 --> 00:22:55,280
it was really good and he also um in

629
00:22:58,870 --> 00:22:57,200
this booklet that we've made available

630
00:23:01,590 --> 00:22:58,880
anybody that's interested that the last

631
00:23:03,510 --> 00:23:01,600
one that he wrote yeah he um

632
00:23:04,870 --> 00:23:03,520
he has a session talk about remote

633
00:23:06,390 --> 00:23:04,880
viewers

634
00:23:08,470 --> 00:23:06,400
and um

635
00:23:09,750 --> 00:23:08,480
that they're actually used by the you

636
00:23:10,789 --> 00:23:09,760
know the government not just the us

637
00:23:12,870 --> 00:23:10,799
government but also the russian

638
00:23:14,549 --> 00:23:12,880

government that these are people that

639

00:23:16,149 --> 00:23:14,559

you know are able to

640

00:23:18,789 --> 00:23:16,159

perceive outside their body and see

641

00:23:22,549 --> 00:23:18,799

what's going on and how they were used

642

00:23:26,630 --> 00:23:24,549

some different things that happened and

643

00:23:28,070 --> 00:23:26,640

it's very interesting in this

644

00:23:29,270 --> 00:23:28,080

booklet that he wrote where he talks

645

00:23:32,070 --> 00:23:29,280

about that

646

00:23:33,909 --> 00:23:32,080

on russian phobos 2 how remote viewers

647

00:23:35,430 --> 00:23:33,919

helped on that and then also on the us

648

00:23:36,710 --> 00:23:35,440

mars observer

649

00:23:40,149 --> 00:23:36,720

what happened to there and the remote

650

00:23:41,830 --> 00:23:40,159

viewers what they're able to discern

651
00:23:43,430 --> 00:23:41,840
but it's just it's just amazing how much

652
00:23:47,029 --> 00:23:43,440
stuff goes on that just

653
00:23:48,390 --> 00:23:47,039
if you indoctrinate in a people into

654
00:23:49,669 --> 00:23:48,400
this is the way it is and you repeat it

655
00:23:52,549 --> 00:23:49,679
over and over again

656
00:23:53,669 --> 00:23:52,559
it's it's like um

657
00:23:55,669 --> 00:23:53,679
the um

658
00:23:57,350 --> 00:23:55,679
the basic game if you if you tell a big

659
00:23:58,470 --> 00:23:57,360
enough live and just tell over and over

660
00:24:00,149 --> 00:23:58,480
again eventually people will just

661
00:24:01,909 --> 00:24:00,159
believe it and that's what

662
00:24:03,750 --> 00:24:01,919
um you have happening here it's just

663
00:24:05,830 --> 00:24:03,760

they just tell over and over again just

664

00:24:07,669 --> 00:24:05,840

deny deny deny deny

665

00:24:09,430 --> 00:24:07,679

and then people okay well

666

00:24:10,390 --> 00:24:09,440

if it was really true wouldn't we know

667

00:24:12,070 --> 00:24:10,400

about it

668

00:24:15,750 --> 00:24:12,080

you know becomes that mentality and it's

669

00:24:21,590 --> 00:24:18,070

yeah it you know i find it always

670

00:24:23,830 --> 00:24:21,600

fascinating that uh one person's word

671

00:24:25,990 --> 00:24:23,840

can put another person behind bars for

672

00:24:27,990 --> 00:24:26,000

the rest of their lives

673

00:24:31,110 --> 00:24:28,000

but if a hundred people come forward and

674

00:24:34,470 --> 00:24:31,120

say i saw aliens i saw this i saw that

675

00:24:36,149 --> 00:24:34,480

they are not believed i i just

676
00:24:36,789 --> 00:24:36,159
it's like it's not even taken to account

677
00:25:07,750 --> 00:24:36,799
i

678
00:25:09,430 --> 00:25:07,760
would happen and

679
00:25:11,430 --> 00:25:09,440
in the back of the book we have

680
00:25:13,350 --> 00:25:11,440
published the last interview that was

681
00:25:15,029 --> 00:25:13,360
done by mr hubbard after he published

682
00:25:16,549 --> 00:25:15,039
battlefield earth originally

683
00:25:19,750 --> 00:25:16,559
where he says i'm not saying that we're

684
00:25:21,669 --> 00:25:19,760
going to be invaded but i am saying

685
00:25:23,350 --> 00:25:21,679
this is something that we could do

686
00:25:25,029 --> 00:25:23,360
if that were to happen and you know

687
00:25:26,870 --> 00:25:25,039
here's a scenario that that could play

688
00:25:29,669 --> 00:25:26,880

out if it were to happen and how we

689

00:25:31,269 --> 00:25:29,679

could survive and he does one thing that

690

00:25:34,070 --> 00:25:31,279

he is that he is saying which is

691

00:25:35,669 --> 00:25:34,080

something that jim mars also was just

692

00:25:39,190 --> 00:25:35,679

just right down the middle straight

693

00:25:40,870 --> 00:25:39,200

agreeing with him on is that um

694

00:25:43,110 --> 00:25:40,880

ultimately it's a human spirit that will

695

00:25:45,430 --> 00:25:43,120

survive you know that's what's going to

696

00:25:46,950 --> 00:25:45,440

make you know whether you know i make

697

00:25:49,110 --> 00:25:46,960

jokes about how crazy people are and

698

00:25:50,950 --> 00:25:49,120

stuff like that which

699

00:25:52,950 --> 00:25:50,960

they are but

700

00:25:55,510 --> 00:25:52,960

you know underneath all that there is a

701
00:25:57,269 --> 00:25:55,520
human spirit that desire to survive that

702
00:25:58,789 --> 00:25:57,279
will that's that's why we're surviving

703
00:25:59,990 --> 00:25:58,799
so far right now you know you take a

704
00:26:01,350 --> 00:26:00,000
look at people that really do want to

705
00:26:02,950 --> 00:26:01,360
make things go

706
00:26:05,350 --> 00:26:02,960
and they're the ones that that move

707
00:26:06,549 --> 00:26:05,360
things forward in with society and so

708
00:26:08,310 --> 00:26:06,559
that's what he said and that's what jim

709
00:26:10,390 --> 00:26:08,320
mars totally agreed with as well that's

710
00:26:12,549 --> 00:26:10,400
and that's what the story communicates

711
00:26:15,029 --> 00:26:12,559
it is that survival of the human spirit

712
00:26:15,990 --> 00:26:15,039
that will ultimately prevail over

713
00:26:18,630 --> 00:26:16,000

um

714

00:26:20,390 --> 00:26:18,640

these enemies that that are basically

715

00:26:21,750 --> 00:26:20,400

trying to just dominate and it's not

716

00:26:24,390 --> 00:26:21,760

just earth that they were dominating

717

00:26:26,950 --> 00:26:24,400

it's other civilizations as well

718

00:26:28,870 --> 00:26:26,960

right right i hear you uh you know i

719

00:26:31,110 --> 00:26:28,880

have to say it's like uh

720

00:26:34,070 --> 00:26:31,120

jim mars i mean what a what a

721

00:26:36,710 --> 00:26:34,080

true and blue character

722

00:26:39,590 --> 00:26:36,720

super encyclopedia of everything on the

723

00:26:41,990 --> 00:26:39,600

planet i i just i when i heard that he

724

00:26:44,149 --> 00:26:42,000

had taken on this project and and

725

00:26:46,230 --> 00:26:44,159

representing i was like is there no

726
00:26:49,029 --> 00:26:46,240
limit to this man

727
00:26:50,950 --> 00:26:49,039
like no it was amazing and we just yeah

728
00:26:52,230 --> 00:26:50,960
i loved you know we

729
00:26:53,669 --> 00:26:52,240
we flew him out to l.a a couple

730
00:26:56,070 --> 00:26:53,679
different times and

731
00:26:57,510 --> 00:26:56,080
i said we traveled to um

732
00:26:59,669 --> 00:26:57,520
other a few different

733
00:27:01,110 --> 00:26:59,679
conventions together we became great

734
00:27:02,390 --> 00:27:01,120
friends he did over 100 interviews

735
00:27:04,950 --> 00:27:02,400
working with us

736
00:27:07,269 --> 00:27:04,960
but in in so doing i just got to really

737
00:27:08,390 --> 00:27:07,279
know the guy and he was um you were

738
00:27:10,310 --> 00:27:08,400

talking about how

739

00:27:11,909 --> 00:27:10,320

just what a cheerful guy he was and he

740

00:27:13,750 --> 00:27:11,919

didn't really get

741

00:27:16,070 --> 00:27:13,760

upset by the people and people would

742

00:27:17,510 --> 00:27:16,080

challenge him and they'd argue with them

743

00:27:20,470 --> 00:27:17,520

and he said okay well we can agree to

744

00:27:23,510 --> 00:27:20,480

disagree and that was his attitude and

745

00:27:26,230 --> 00:27:23,520

what he he did have one outlet for when

746

00:27:28,870 --> 00:27:26,240

things got a little bit stressful he had

747

00:27:30,050 --> 00:27:28,880

a cannon he kept in the backyard of his

748

00:27:32,710 --> 00:27:30,060

home in texas

749

00:27:34,630 --> 00:27:32,720

[Laughter]

750

00:27:36,390 --> 00:27:34,640

he had a cannon and he loved to shoot

751
00:27:37,990 --> 00:27:36,400
his cannon

752
00:27:40,789 --> 00:27:38,000
oh he might not you know he just

753
00:27:48,390 --> 00:27:42,710
he said i just go pull that and just go

754
00:27:51,750 --> 00:27:50,390
he said i got my cannon i'm gonna go

755
00:27:54,470 --> 00:27:51,760
shoot my cannon

756
00:27:57,110 --> 00:27:54,480
that is freaking hilarious that so

757
00:27:58,630 --> 00:27:57,120
sounds like a great way to vent and

758
00:28:00,630 --> 00:27:58,640
something that he would do well we've

759
00:28:01,990 --> 00:28:00,640
got to get to our first break

760
00:28:03,590 --> 00:28:02,000
you guys you're listening to me heidi

761
00:28:06,870 --> 00:28:03,600
hollis the outlander and we will be

762
00:28:10,230 --> 00:28:08,470
welcome back everybody you're listening

763
00:28:11,909 --> 00:28:10,240

to me heidi hollis the outlander

764

00:28:14,070 --> 00:28:11,919

remembering always if it's weird we're

765

00:28:15,909 --> 00:28:14,080

here we're giving advice and insight on

766

00:28:17,789 --> 00:28:15,919

outlandish topics phone lines are always

767

00:28:20,230 --> 00:28:17,799

open

768

00:28:22,630 --> 00:28:20,240

1-888-919-2355 but i realize most of you

769

00:28:24,149 --> 00:28:22,640

guys listen to this show through the app

770

00:28:26,070 --> 00:28:24,159

so you're not listening to us live but

771

00:28:28,389 --> 00:28:26,080

we're having a lively time because i

772

00:28:30,389 --> 00:28:28,399

have the president and publisher of

773

00:28:32,630 --> 00:28:30,399

galaxy press john goodwin

774

00:28:35,350 --> 00:28:32,640

and we're talking about everything alien

775

00:28:36,470 --> 00:28:35,360

and gym mars which kind of go together

776
00:28:37,750 --> 00:28:36,480
they do

777
00:28:38,549 --> 00:28:37,760
indeed

778
00:28:40,630 --> 00:28:38,559
yeah

779
00:28:42,549 --> 00:28:40,640
so um during the break you were

780
00:28:44,630 --> 00:28:42,559
mentioning how

781
00:28:45,590 --> 00:28:44,640
it there's another book that's coming

782
00:28:47,510 --> 00:28:45,600
forward

783
00:28:50,230 --> 00:28:47,520
what is this yes

784
00:28:52,070 --> 00:28:50,240
so after um erin hubbard wrote and

785
00:28:54,549 --> 00:28:52,080
published battlefield earth

786
00:28:55,909 --> 00:28:54,559
he then wrote a series of ten volume

787
00:28:59,350 --> 00:28:55,919
series um

788
00:29:00,149 --> 00:28:59,360

called mission earth and it's uh

789

00:29:01,669 --> 00:29:00,159

if

790

00:29:02,950 --> 00:29:01,679

there were also all 10 books where new

791

00:29:05,190 --> 00:29:02,960

york times bestsellers when they came

792

00:29:07,510 --> 00:29:05,200

out as well and what makes them special

793

00:29:10,310 --> 00:29:07,520

is well

794

00:29:11,990 --> 00:29:10,320

battlefield earth is epic sci-fi

795

00:29:14,870 --> 00:29:12,000

post-apocalyptic taking place a thousand

796

00:29:17,350 --> 00:29:14,880

years in the future mission earth is

797

00:29:19,029 --> 00:29:17,360

current it takes place right now and

798

00:29:21,350 --> 00:29:19,039

even though he wrote in the 80s it's

799

00:29:22,230 --> 00:29:21,360

just as appropriate now as it was back

800

00:29:25,430 --> 00:29:22,240

then

801
00:29:27,590 --> 00:29:25,440
um emission earth is a mission to keep

802
00:29:29,909 --> 00:29:27,600
earth from destroying itself

803
00:29:31,430 --> 00:29:29,919
and it's a um

804
00:29:32,470 --> 00:29:31,440
basically

805
00:29:34,870 --> 00:29:32,480
um

806
00:29:37,590 --> 00:29:34,880
take you know satire so

807
00:29:40,630 --> 00:29:37,600
um it's it's basically it's written as a

808
00:29:42,870 --> 00:29:40,640
confession of the um when the arch

809
00:29:43,830 --> 00:29:42,880
villains of this story

810
00:29:45,909 --> 00:29:43,840
and

811
00:29:47,990 --> 00:29:45,919
the the what we have here on this this

812
00:29:49,830 --> 00:29:48,000
copy of the book is discover a world

813
00:29:51,830 --> 00:29:49,840

where corporate power rules and

814

00:29:53,350 --> 00:29:51,840

political corruption is rife where

815

00:29:55,830 --> 00:29:53,360

governments are driven by oil and

816

00:29:57,510 --> 00:29:55,840

controlled by drugs where global warming

817

00:29:59,029 --> 00:29:57,520

is getting hotter by the minute and his

818

00:30:01,029 --> 00:29:59,039

scorching love affair could determine

819

00:30:03,269 --> 00:30:01,039

the fate of millions where a cosmic

820

00:30:05,350 --> 00:30:03,279

conspiracy is about to hit home posing a

821

00:30:07,510 --> 00:30:05,360

grave danger to earth and one

822

00:30:09,990 --> 00:30:07,520

charismatic vultarian general heller is

823

00:30:12,789 --> 00:30:10,000

out to save the planet from itself

824

00:30:15,029 --> 00:30:12,799

so it's a total viewpoint of

825

00:30:17,750 --> 00:30:15,039

uh an alien looking at earth and so it

826

00:30:19,750 --> 00:30:17,760

points out you know where you've got a

827

00:30:22,710 --> 00:30:19,760

planet that's controlled by

828

00:30:25,029 --> 00:30:22,720

uh the arch bad guy from earth is a guy

829

00:30:26,549 --> 00:30:25,039

named john d rocket center

830

00:30:28,950 --> 00:30:26,559

and um

831

00:30:30,230 --> 00:30:28,960

it goes on from there just with all of

832

00:30:31,909 --> 00:30:30,240

the uh the

833

00:30:33,590 --> 00:30:31,919

one of the bases in attheon turkey and

834

00:30:34,389 --> 00:30:33,600

they have it there because they use all

835

00:30:41,510 --> 00:30:34,399

the

836

00:30:43,190 --> 00:30:41,520

um

837

00:30:44,630 --> 00:30:43,200

to get the government

838

00:30:47,430 --> 00:30:44,640

agencies

839

00:30:49,590 --> 00:30:47,440

the wives of the ministers uh hooked so

840

00:30:51,029 --> 00:30:49,600

they can then blackmail the ministers to

841

00:30:52,389 --> 00:30:51,039

do what they want it just goes on and on

842

00:30:55,110 --> 00:30:52,399

and on about

843

00:30:57,269 --> 00:30:55,120

what was really going on in on planet

844

00:30:58,789 --> 00:30:57,279

earth and now they're trying to

845

00:31:00,149 --> 00:30:58,799

mission earth is trying to handle it so

846

00:31:02,310 --> 00:31:00,159

that it doesn't destroy itself from

847

00:31:03,669 --> 00:31:02,320

pollution and from drugs and from

848

00:31:05,269 --> 00:31:03,679

the crime

849

00:31:07,029 --> 00:31:05,279

it's it's quite amazing and it's just

850

00:31:10,149 --> 00:31:07,039

like i said it was 10 book series it's

851

00:31:12,149 --> 00:31:10,159

science fiction satire 10.

852

00:31:14,070 --> 00:31:12,159

10 books it's just like i said he wrote

853

00:31:15,990 --> 00:31:14,080

it was 1.2 million words he wrote it in

854

00:31:17,909 --> 00:31:16,000

nine months it was just like amazing

855

00:31:19,590 --> 00:31:17,919

he's just who does that did he write in

856

00:31:21,750 --> 00:31:19,600

his sleep

857

00:31:22,710 --> 00:31:21,760

he was it was very politic he was

858

00:31:25,029 --> 00:31:22,720

um

859

00:31:26,870 --> 00:31:25,039

even in the 30s and 40s as a writer of

860

00:31:29,350 --> 00:31:26,880

pulp fiction he was one of the most

861

00:31:30,549 --> 00:31:29,360

prolific writers he in in that time

862

00:31:33,590 --> 00:31:30,559

period he was writing about a hundred

863

00:31:35,350 --> 00:31:33,600

thousand words a month and um

864

00:31:37,750 --> 00:31:35,360

because he traveled so much as an

865

00:31:39,350 --> 00:31:37,760

adventurer and explorer he was able to

866

00:31:41,190 --> 00:31:39,360

use a lot of what he learned from

867

00:31:42,789 --> 00:31:41,200

traveling the world

868

00:31:43,990 --> 00:31:42,799

in his stories and because nobody else

869

00:31:46,070 --> 00:31:44,000

did that

870

00:31:47,830 --> 00:31:46,080

hardly at all then he was he was a

871

00:31:48,789 --> 00:31:47,840

member of the explorers club and he was

872

00:31:51,669 --> 00:31:48,799

uh

873

00:31:53,909 --> 00:31:51,679

a barnstorming pilot and he was a master

874

00:31:55,909 --> 00:31:53,919

mariner so his travels added a lot of

875

00:31:58,389 --> 00:31:55,919

authenticity to his stories

876

00:31:59,909 --> 00:31:58,399

which um made him such a one of the top

877

00:32:01,190 --> 00:31:59,919

best-selling authors and why he was

878

00:32:03,029 --> 00:32:01,200

brought in

879

00:32:04,710 --> 00:32:03,039

by a publishing house called street and

880

00:32:06,950 --> 00:32:04,720

smith to

881

00:32:09,830 --> 00:32:06,960

write for a new magazine then called

882

00:32:11,350 --> 00:32:09,840

astounding science fiction and john w

883

00:32:13,990 --> 00:32:11,360

campbell who was the editor then was

884

00:32:15,509 --> 00:32:14,000

told take whatever ellen hubbard uh

885

00:32:17,269 --> 00:32:15,519

wrote and published it because they

886

00:32:18,310 --> 00:32:17,279

wanted to start humanizing science

887

00:32:20,470 --> 00:32:18,320

fiction

888

00:32:21,430 --> 00:32:20,480

so he took with that experience and he

889

00:32:23,269 --> 00:32:21,440

came out with battlefield earth and

890

00:32:24,310 --> 00:32:23,279

mission earth and he was incredibly

891

00:32:26,389 --> 00:32:24,320

prolific

892

00:32:29,990 --> 00:32:26,399

at the time he was he was

893

00:32:32,070 --> 00:32:30,000

selling basically 90 of his work uh

894

00:32:34,789 --> 00:32:32,080

first first draft first submission it

895

00:32:37,029 --> 00:32:34,799

was it was being published like that so

896

00:32:39,509 --> 00:32:37,039

he could he definitely writes uh put out

897

00:32:41,269 --> 00:32:39,519

the wordage so yeah it was uh amazing

898

00:32:42,870 --> 00:32:41,279

what he was able to do with

899

00:32:45,350 --> 00:32:42,880

writing this book

900

00:32:47,029 --> 00:32:45,360

my goodness uh stephen king who i mean

901
00:32:50,630 --> 00:32:47,039
what

902
00:32:53,750 --> 00:32:50,640
this guy was something else i i did not

903
00:32:56,470 --> 00:32:53,760
realize that so he was uh he was beyond

904
00:32:57,909 --> 00:32:56,480
his time big time yeah definitely that

905
00:33:01,110 --> 00:32:57,919
and when you say that you love

906
00:33:03,190 --> 00:33:01,120
audiobooks what i'll what i'll um

907
00:33:05,269 --> 00:33:03,200
make sure i'll get with carmen after

908
00:33:06,470 --> 00:33:05,279
this i'll send you a copy of the first

909
00:33:08,470 --> 00:33:06,480
audio book

910
00:33:10,950 --> 00:33:08,480
for in synthetic so you can get an

911
00:33:12,710 --> 00:33:10,960
advanced taste of it oh my gosh so we

912
00:33:14,710 --> 00:33:12,720
can talk about later on

913
00:33:15,990 --> 00:33:14,720

i would yeah

914

00:33:17,830 --> 00:33:16,000

yeah that one there's not available so

915

00:33:19,190 --> 00:33:17,840

i'll have to send that to you in advance

916

00:33:20,630 --> 00:33:19,200

but the battlefield you can get that

917

00:33:22,710 --> 00:33:20,640

like i said from um

918

00:33:24,630 --> 00:33:22,720

audible right now just for one credit oh

919

00:33:26,389 --> 00:33:24,640

my god thank you john that is so

920

00:33:27,990 --> 00:33:26,399

freaking awesome i love it i mean

921

00:33:30,389 --> 00:33:28,000

especially driving and crazy traffic

922

00:33:32,950 --> 00:33:30,399

here in chicago you just put

923

00:33:34,710 --> 00:33:32,960

your book in you and you escape see i

924

00:33:38,149 --> 00:33:34,720

don't need a cannon i just put in an

925

00:33:41,669 --> 00:33:40,710

no cannons no no cannons required

926
00:33:43,509 --> 00:33:41,679
yeah

927
00:33:45,110 --> 00:33:43,519
but you know getting back to jim mars

928
00:33:48,549 --> 00:33:45,120
and uh this

929

933
00:34:01,029 --> 00:33:57,279
episode november 3rd

934
00:34:03,909 --> 00:34:01,039
and uh you'll see in john goodwin's

935
00:34:08,069 --> 00:34:03,919
little profile there there'll be a link

936
00:34:11,270 --> 00:34:08,079
to the free pdf of uh that this is you

937
00:34:13,909 --> 00:34:11,280
said this is the last writings of

938
00:34:15,270 --> 00:34:13,919

jim mars yes he on the subject on this

939

00:34:16,869 --> 00:34:15,280

sub he had another book that he released

940

00:34:19,510 --> 00:34:16,879

but it was a whole different area that

941

00:34:21,669 --> 00:34:19,520

was but this in terms of aliens ufos

942

00:34:23,990 --> 00:34:21,679

this is the last thing he ever wrote on

943

00:34:26,629 --> 00:34:24,000

that and um it's interesting story how

944

00:34:29,109 --> 00:34:26,639

it came about it if i could uh take a

945

00:34:30,470 --> 00:34:29,119

few minutes and tell you yes please do

946

00:34:31,750 --> 00:34:30,480

yeah so

947

00:34:33,589 --> 00:34:31,760

um

948

00:34:35,030 --> 00:34:33,599

because he did so many radio shows he

949

00:34:37,349 --> 00:34:35,040

was there's certain questions he was

950

00:34:39,030 --> 00:34:37,359

always being asked so he asked can i put

951
00:34:41,190 --> 00:34:39,040
together something

952
00:34:43,669 --> 00:34:41,200
and this was in preparation of going to

953
00:34:45,349 --> 00:34:43,679
aliencon up in san jose

954
00:34:48,069 --> 00:34:45,359
and so he said sure you know we'd love

955
00:34:49,750 --> 00:34:48,079
that so he wrote out this um this

956
00:34:53,030 --> 00:34:49,760
booklet it's you know it's not that long

957
00:34:53,829 --> 00:34:53,040
it's only like uh what it does

958
00:34:58,069 --> 00:34:53,839
yeah

959
00:34:59,270 --> 00:34:58,079
um but he put it together just as a

960
00:35:01,349 --> 00:34:59,280
summation of

961
00:35:02,950 --> 00:35:01,359
why he you know appreciated battlefield

962
00:35:05,430 --> 00:35:02,960
earth and how it tied in with what was

963
00:35:07,990 --> 00:35:05,440

happening right now on ufos

964

00:35:09,270 --> 00:35:08,000

and his own studies you know summation

965

00:35:11,030 --> 00:35:09,280

of that and he

966

00:35:12,790 --> 00:35:11,040

he actually addressed like i mentioned

967

00:35:14,550 --> 00:35:12,800

earlier in the show about stephen

968

00:35:18,069 --> 00:35:14,560

hawking and elon musk what they had to

969

00:35:21,430 --> 00:35:18,079

say but he also got into the whole

970

00:35:24,150 --> 00:35:21,440

1952 the epidemic of ufo sightings both

971

00:35:25,990 --> 00:35:24,160

in the ufa usa and other nations and the

972

00:35:27,589 --> 00:35:26,000

number of in the

973

00:35:30,710 --> 00:35:27,599

the order that was sent to shoot down

974

00:35:33,589 --> 00:35:30,720

ufos and how our jets were being shot

975

00:35:35,190 --> 00:35:33,599

down until that order was rescinded and

976
00:35:37,190 --> 00:35:35,200
at that point it was only then report it

977
00:35:39,670 --> 00:35:37,200
and not shoot him down and so then our

978
00:35:42,069 --> 00:35:39,680
jet pack stopped getting shot down so he

979
00:35:43,430 --> 00:35:42,079
went over that whole thing there

980
00:35:46,230 --> 00:35:43,440
um

981
00:35:47,349 --> 00:35:46,240
so it was it's really amazing what he

982
00:35:50,950 --> 00:35:47,359
what he

983
00:35:53,670 --> 00:35:50,960
whole thing together from h.g wells and

984
00:35:55,910 --> 00:35:53,680
war of the worlds and um some of the

985
00:35:58,550 --> 00:35:55,920
other stories of how they

986
00:36:01,109 --> 00:35:58,560
lent themselves to creating an

987
00:36:03,510 --> 00:36:01,119
acceptance of that and then he was also

988
00:36:05,430 --> 00:36:03,520

the special report from iron mountain he

989

00:36:08,069 --> 00:36:05,440

talks about that in here so there's a

990

00:36:10,390 --> 00:36:08,079

lot of really good material that anybody

991

00:36:12,230 --> 00:36:10,400

that that has studied this can get okay

992

00:36:13,750 --> 00:36:12,240

this is this is pretty cool what he

993

00:36:16,230 --> 00:36:13,760

writes it's not the in-depth stuff but

994

00:36:18,470 --> 00:36:16,240

it's a he takes these things but then

995

00:36:20,470 --> 00:36:18,480

now he assumes you you've already got

996

00:36:22,950 --> 00:36:20,480

some understanding of

997

00:36:24,550 --> 00:36:22,960

the real story of ufos and he goes into

998

00:36:26,870 --> 00:36:24,560

this and just touches hey look at here

999

00:36:28,310 --> 00:36:26,880

you go it's like come on guys open your

1000

00:36:29,270 --> 00:36:28,320

eyes this is what this is what's going

1001
00:36:31,910 --> 00:36:29,280
on

1002
00:36:34,310 --> 00:36:31,920
right yeah no i think this is a

1003
00:36:36,069 --> 00:36:34,320
really well thought out uh analogy of

1004
00:36:37,750 --> 00:36:36,079
the the whole scenario that you just

1005
00:36:39,829 --> 00:36:37,760
explained it's

1006
00:36:42,150 --> 00:36:39,839
it's quite in-depth for being as brief

1007
00:36:43,670 --> 00:36:42,160
as as it is to be honest yeah and yeah

1008
00:36:46,790 --> 00:36:43,680
it is

1009
00:36:48,470 --> 00:36:46,800
i mean that man's mind runs deep so

1010
00:36:49,670 --> 00:36:48,480
i know it was amazing you know we'd go

1011
00:36:51,829 --> 00:36:49,680
out and have our

1012
00:36:53,190 --> 00:36:51,839
he loved his burgers and beer so we'd go

1013
00:36:55,030 --> 00:36:53,200

and have our uh

1014

00:36:56,310 --> 00:36:55,040

and if he couldn't have the burgers he

1015

00:36:57,589 --> 00:36:56,320

at least wanted to have his beer he

1016

00:36:59,109 --> 00:36:57,599

loved you know

1017

00:37:03,750 --> 00:36:59,119

being able to do that and just he's just

1018

00:37:06,870 --> 00:37:05,670

oh it's breaking up on us

1019

00:37:08,790 --> 00:37:06,880

you know

1020

00:37:10,390 --> 00:37:08,800

there we go sorry so am i here you got

1021

00:37:12,870 --> 00:37:10,400

me yep i got you

1022

00:37:15,109 --> 00:37:12,880

okay good i heard beer

1023

00:37:16,470 --> 00:37:15,119

yeah beer here we go

1024

00:37:17,750 --> 00:37:16,480

so

1025

00:37:19,030 --> 00:37:17,760

you know he was just talking about the

1026

00:37:20,550 --> 00:37:19,040

different um

1027

00:37:23,270 --> 00:37:20,560

you know his research that he was done

1028

00:37:25,750 --> 00:37:23,280

and he just he was very methodical you

1029

00:37:28,230 --> 00:37:25,760

know and yeah it's it's funny the other

1030

00:37:30,790 --> 00:37:28,240

side of that how methodically it was

1031

00:37:33,109 --> 00:37:30,800

when um his wife carol called us and

1032

00:37:35,190 --> 00:37:33,119

told us the morning that he passed away

1033

00:37:37,430 --> 00:37:35,200

saying you know we were all shocked

1034

00:37:39,589 --> 00:37:37,440

because a week before we had spoken with

1035

00:37:40,950 --> 00:37:39,599

her and she said yeah he should be he's

1036

00:37:42,310 --> 00:37:40,960

starting to recovery she'd be getting

1037

00:37:43,829 --> 00:37:42,320

about two weeks to get back and doing

1038

00:37:44,870 --> 00:37:43,839

interviews again

1039

00:37:47,030 --> 00:37:44,880

okay good

1040

00:37:48,790 --> 00:37:47,040

so a week later she called and said he

1041

00:37:50,950 --> 00:37:48,800

passed away um we were totally not

1042

00:37:52,630 --> 00:37:50,960

expecting that i can assure you

1043

00:37:54,790 --> 00:37:52,640

yeah and um

1044

00:37:57,349 --> 00:37:54,800

he was um just when i talked to her

1045

00:37:58,630 --> 00:37:57,359

before his uh funeral she said um

1046

00:38:00,950 --> 00:37:58,640

whatever you want

1047

00:38:02,390 --> 00:38:00,960

we got two homes and it's just full of

1048

00:38:04,230 --> 00:38:02,400

all kinds he never threw anything away

1049

00:38:05,349 --> 00:38:04,240

she said all those researchers all those

1050

00:38:07,829 --> 00:38:05,359

papers

1051

00:38:09,829 --> 00:38:07,839

ticket stubs from shows he went to you

1052

00:38:11,670 --> 00:38:09,839

know 40 years ago they're still there he

1053

00:38:13,990 --> 00:38:11,680

just didn't throw anything away he was

1054

00:38:16,710 --> 00:38:14,000

just you know in his mind everything but

1055

00:38:18,630 --> 00:38:16,720

he also had so much of the his research

1056

00:38:20,870 --> 00:38:18,640

he just kept there for

1057

00:38:23,349 --> 00:38:20,880

reference as as needed and stuff because

1058

00:38:25,109 --> 00:38:23,359

he the books that he wrote you know like

1059

00:38:28,069 --> 00:38:25,119

the um

1060

00:38:29,829 --> 00:38:28,079

alien agenda crossfire rule by secrecy

1061

00:38:32,069 --> 00:38:29,839

he makes a lot of statements there that

1062

00:38:33,910 --> 00:38:32,079

he's claiming this is this is what's

1063

00:38:35,990 --> 00:38:33,920

what went down and this is what's going

1064

00:38:38,069 --> 00:38:36,000

down so he had to substantiate

1065

00:38:39,750 --> 00:38:38,079

everything he said so his you know his

1066

00:38:41,589 --> 00:38:39,760

references that he put in the back of

1067

00:38:43,109 --> 00:38:41,599

his books he kept all that material to

1068

00:38:45,109 --> 00:38:43,119

hand so that someone were to challenge

1069

00:38:48,230 --> 00:38:45,119

you say no here you go here's the

1070

00:38:51,349 --> 00:38:48,240

material and it's it was just amazing

1071

00:38:53,030 --> 00:38:51,359

the guy was just totally totally amazing

1072

00:38:55,349 --> 00:38:53,040

he i thought his brain was an

1073

00:38:56,790 --> 00:38:55,359

encyclopedia apparently his home is the

1074

00:39:00,069 --> 00:38:56,800

encyclopedia

1075

00:39:02,230 --> 00:39:00,079

all of that yeah because dude

1076

00:39:03,990 --> 00:39:02,240

his mind having everything in it is is

1077

00:39:05,910 --> 00:39:04,000

absolutely correct but then

1078

00:39:07,910 --> 00:39:05,920

others wouldn't have to corroborate that

1079

00:39:09,430 --> 00:39:07,920

for any books he'd have to say well look

1080

00:39:11,589 --> 00:39:09,440

how can you say this and you have the

1081

00:39:13,270 --> 00:39:11,599

material to show okay

1082

00:39:15,030 --> 00:39:13,280

because he definitely would make some he

1083

00:39:17,829 --> 00:39:15,040

definitely makes some propositions

1084

00:39:20,870 --> 00:39:17,839

that don't go with the the norm that's

1085

00:39:23,109 --> 00:39:20,880

for sure truly you know i i

1086

00:39:25,030 --> 00:39:23,119

when he passed i mean it it really was

1087

00:39:27,430 --> 00:39:25,040

an unexpected turn because he was

1088

00:39:29,910 --> 00:39:27,440

getting better and it was really

1089

00:39:31,750 --> 00:39:29,920

just heartbreaking to hear and i don't

1090

00:39:34,470 --> 00:39:31,760

think he realized well i think he did

1091

00:39:36,630 --> 00:39:34,480

how much he was loved i i i mean

1092

00:39:38,470 --> 00:39:36,640

out there in the the world

1093

00:39:40,790 --> 00:39:38,480

period i i heard that he would go

1094

00:39:42,950 --> 00:39:40,800

walking through the airport and he'd

1095

00:39:44,870 --> 00:39:42,960

often be stopped and and they'd want a

1096

00:39:46,870 --> 00:39:44,880

selfie and he's just okay here i mean

1097

00:39:49,030 --> 00:39:46,880

you can't miss him with his hat

1098

00:39:51,190 --> 00:39:49,040

no he's his fedora is just definitely

1099

00:39:53,589 --> 00:39:51,200

yeah that was his his his definite

1100

00:39:54,710 --> 00:39:53,599

trademark that he had no he has i

1101

00:39:56,390 --> 00:39:54,720

experienced that with him when i

1102

00:39:58,550 --> 00:39:56,400

traveled with him people would stop and

1103

00:40:00,069 --> 00:39:58,560

say are you jim mars said i read your

1104

00:40:01,750 --> 00:40:00,079

book i love that that was great and you

1105

00:40:03,990 --> 00:40:01,760

just said yeah

1106

00:40:05,990 --> 00:40:04,000

you know he was great with that and uh

1107

00:40:07,109 --> 00:40:06,000

but he with it with all the radio shows

1108

00:40:09,270 --> 00:40:07,119

that he did

1109

00:40:10,470 --> 00:40:09,280

um it definitely kept him

1110

00:40:12,150 --> 00:40:10,480

um

1111

00:40:14,950 --> 00:40:12,160

basically up to speed with just how much

1112

00:40:16,390 --> 00:40:14,960

he was loved as uh as a guest we'd have

1113

00:40:18,710 --> 00:40:16,400

other radio shows on people would call

1114

00:40:20,230 --> 00:40:18,720

and say i love your book this i love

1115

00:40:21,910 --> 00:40:20,240

your book standard this is great thank

1116

00:40:23,430 --> 00:40:21,920

you so much for everything you do to

1117

00:40:25,910 --> 00:40:23,440

expose the truth

1118

00:40:27,190 --> 00:40:25,920

and um i said when we were up at alien

1119

00:40:28,870 --> 00:40:27,200

con it was just

1120

00:40:30,710 --> 00:40:28,880

he stayed we had we gave him a space in

1121

00:40:32,950 --> 00:40:30,720

our in our booth we brought um

1122

00:40:34,870 --> 00:40:32,960

when we released the book we crashed a

1123

00:40:36,390 --> 00:40:34,880

huge spaceship on hollywood boulevard we

1124

00:40:39,430 --> 00:40:36,400

shut down howard boulevard and crashed a

1125

00:40:41,430 --> 00:40:39,440

big spaceship oh that was weird

1126

00:40:42,630 --> 00:40:41,440

yeah

1127

00:40:44,870 --> 00:40:42,640

i love it

1128

00:40:47,030 --> 00:40:44,880

yeah it was great so when we did that we

1129

00:40:49,589 --> 00:40:47,040

brought that spaceship up to aliencon

1130

00:40:51,030 --> 00:40:49,599

and set it up there and his his table

1131

00:40:53,109 --> 00:40:51,040

was right with ours right in front of

1132

00:40:54,870 --> 00:40:53,119

the spaceship and there was always huge

1133

00:40:57,030 --> 00:40:54,880

lines and the panels he was on were

1134

00:40:59,030 --> 00:40:57,040

always the biggest panels it was just he

1135

00:41:01,510 --> 00:40:59,040

was so well respected

1136

00:41:03,990 --> 00:41:01,520

oh gosh yes i i mean he

1137

00:41:06,470 --> 00:41:04,000

he was just a gem he really really

1138

00:41:08,870 --> 00:41:06,480

helped give me a good start and

1139

00:41:10,870 --> 00:41:08,880

understanding and the publishing world

1140

00:41:12,510 --> 00:41:10,880

because i write books on aliens hello we

1141

00:41:14,790 --> 00:41:12,520

should talk um

1142

00:41:17,990 --> 00:41:14,800

[Laughter]

1143

00:41:21,349 --> 00:41:18,000

aliens demons but mine are non-fiction

1144

00:41:23,829 --> 00:41:21,359

but uh still it's hey you you you have

1145

00:41:25,990 --> 00:41:23,839

jim mars rubbing you so i'm sure you get

1146

00:41:27,589 --> 00:41:26,000

it but yeah i mean he was a king of

1147

00:41:29,750 --> 00:41:27,599

non-fiction he was totally non-fiction

1148

00:41:31,030 --> 00:41:29,760

he just yeah but sometimes you need a

1149

00:41:33,109 --> 00:41:31,040

little sometimes you need a science

1150

00:41:35,270 --> 00:41:33,119

fiction story to kind of like open up

1151

00:41:36,790 --> 00:41:35,280

the idea and you know it was able to

1152

00:41:38,230 --> 00:41:36,800

open up discussion because people asked

1153

00:41:40,630 --> 00:41:38,240

about this story and then and then it

1154

00:41:43,030 --> 00:41:40,640

was very easy to bridge over to the

1155

00:41:44,950 --> 00:41:43,040

non-fiction and that it really made it

1156

00:41:47,109 --> 00:41:44,960

so easy for him to talk about the

1157

00:41:49,670 --> 00:41:47,119

non-fiction by by entering in with the

1158

00:41:52,550 --> 00:41:49,680

fiction you know i i don't know if you

1159

00:41:55,349 --> 00:41:52,560

run into people uh that are really

1160

00:41:58,150 --> 00:41:55,359

looking for answers about paranormal

1161

00:42:00,309 --> 00:41:58,160

aspects science science fiction like uh

1162

00:42:03,670 --> 00:42:00,319

aspects and alien aspects

1163

00:42:06,390 --> 00:42:03,680

and they feel like they are getting

1164

00:42:09,030 --> 00:42:06,400

messages through the movies that are out

1165

00:42:10,630 --> 00:42:09,040

the books that are out the uh do you

1166

00:42:12,309 --> 00:42:10,640

come across people are like you know i

1167

00:42:14,790 --> 00:42:12,319

feel like that spoke to me and it really

1168

00:42:17,030 --> 00:42:14,800

addresses what's going on right now and

1169

00:42:19,109 --> 00:42:17,040

i've seen something like this i mean do

1170

00:42:21,430 --> 00:42:19,119

you get people that cross over that have

1171

00:42:22,950 --> 00:42:21,440

had personal experiences and find

1172

00:42:24,710 --> 00:42:22,960

answers in the science fiction books

1173

00:42:26,550 --> 00:42:24,720

that you get you put out

1174

00:42:28,470 --> 00:42:26,560

i have and

1175

00:42:30,470 --> 00:42:28,480

most of that comes up when i attend one

1176

00:42:31,990 --> 00:42:30,480

of the conventions where people feel

1177

00:42:33,910 --> 00:42:32,000

comfortable to come up and just say hey

1178

00:42:35,750 --> 00:42:33,920

yeah now i love that book and it just

1179

00:42:37,190 --> 00:42:35,760

and then they go tell their own story

1180

00:42:39,430 --> 00:42:37,200

you know sometimes

1181

00:42:42,950 --> 00:42:39,440

um you know like i said

1182

00:42:45,270 --> 00:42:42,960

at uh we attend a lot of comic cons um i

1183

00:42:47,990 --> 00:42:45,280

love those oh yeah we do the san diego

1184

00:42:51,670 --> 00:42:48,000

comic-con salt lake city is really good

1185

00:42:54,150 --> 00:42:51,680

um up in toronto in um

1186

00:42:55,270 --> 00:42:54,160

and uh atlanta the dragon con so we do a

1187

00:42:57,109 --> 00:42:55,280

lot of those things a lot of people will

1188

00:42:58,550 --> 00:42:57,119

come up and just you know there's it's

1189

00:43:00,470 --> 00:42:58,560

very comfortable environment to be able

1190

00:43:01,910 --> 00:43:00,480

to start talking and some people

1191

00:43:03,829 --> 00:43:01,920

originate that and sometimes we have

1192

00:43:05,990 --> 00:43:03,839

people in the military we'll say yeah

1193

00:43:07,109 --> 00:43:06,000

this is i experienced this or

1194

00:43:09,109 --> 00:43:07,119

um

1195

00:43:10,470 --> 00:43:09,119

also because of a

1196

00:43:11,589 --> 00:43:10,480

program that we have called writers of

1197

00:43:14,069 --> 00:43:11,599

the future

1198

00:43:16,150 --> 00:43:14,079

where we newly published 12 writers

1199

00:43:18,710 --> 00:43:16,160

every year and 12 artists in a contest

1200

00:43:19,910 --> 00:43:18,720

that mr hubbard started in 1983

1201

00:43:22,150 --> 00:43:19,920

and

1202

00:43:26,950 --> 00:43:22,160

because science fiction

1203

00:43:30,150 --> 00:43:28,950

his introduction to battlefield earth we

1204

00:43:31,670 --> 00:43:30,160

have a lot of

1205

00:43:33,270 --> 00:43:31,680

keynote speakers that are events that

1206

00:43:36,230 --> 00:43:33,280

have been astronauts

1207

00:43:38,870 --> 00:43:36,240

and so they've told their stories about

1208

00:43:41,829 --> 00:43:38,880

you know their encounter with ufos that

1209

00:43:43,750 --> 00:43:41,839

they can't say about publicly because

1210

00:43:44,950 --> 00:43:43,760

they're they're definitely told that

1211

00:43:48,309 --> 00:43:44,960

you're going to

1212

00:43:50,309 --> 00:43:48,319

will cut off your

1213

00:43:51,589 --> 00:43:50,319

your whatevers you know

1214

00:43:53,589 --> 00:43:51,599

about it

1215

00:43:54,870 --> 00:43:53,599

so they so they can't say about you know

1216

00:43:56,630 --> 00:43:54,880

and they can't show the pictures but

1217

00:43:58,230 --> 00:43:56,640

they can definitely talk about what

1218

00:43:59,589 --> 00:43:58,240

they've observed and experience when

1219

00:44:00,870 --> 00:43:59,599

they're in space

1220

00:44:02,069 --> 00:44:00,880

and so um

1221

00:44:03,190 --> 00:44:02,079

it's uh

1222

00:44:04,309 --> 00:44:03,200

you know it's

1223

00:44:05,829 --> 00:44:04,319

mostly i find that when i'm actually

1224

00:44:09,190 --> 00:44:05,839

talking people face to face not so much

1225

00:44:11,829 --> 00:44:09,200

on email or phone

1226

00:44:13,750 --> 00:44:11,839

i hear you my goodness yeah so this is

1227

00:44:16,870 --> 00:44:13,760

like are you a kid in a candy shop with

1228

00:44:17,910 --> 00:44:16,880

all this stuff i mean oh i still am

1229

00:44:20,390 --> 00:44:17,920

like

1230

00:44:21,589 --> 00:44:20,400

jim oh it's a blast a hoot and a half

1231

00:44:22,950 --> 00:44:21,599

you know i have when i go out there and

1232

00:44:24,710 --> 00:44:22,960

talk to people

1233

00:44:26,870 --> 00:44:24,720

and i love for me reading is an

1234

00:44:29,430 --> 00:44:26,880

important thing period and

1235

00:44:30,550 --> 00:44:29,440

so having some having some

1236

00:44:32,550 --> 00:44:30,560

some good

1237

00:44:34,150 --> 00:44:32,560

fiction that doesn't require you know

1238

00:44:35,349 --> 00:44:34,160

that doesn't get into

1239

00:44:38,870 --> 00:44:35,359

um

1240

00:44:39,910 --> 00:44:38,880

you know immorality as the punchline and

1241

00:44:43,990 --> 00:44:39,920

doesn't

1242

00:44:45,750 --> 00:44:44,000

rely upon sex and drugs and profanity to

1243

00:44:47,190 --> 00:44:45,760

entertain it's just this is just good

1244

00:44:48,870 --> 00:44:47,200

high interest which is what jim liked

1245

00:44:50,790 --> 00:44:48,880

about it as well

1246

00:44:53,270 --> 00:44:50,800

it's just for me i'm on a mission also

1247

00:44:54,309 --> 00:44:53,280

just literacy is is one of the solutions

1248

00:44:58,390 --> 00:44:54,319

to

1249

00:45:00,150 --> 00:44:58,400

uh crime and non-productivity so

1250

00:45:01,349 --> 00:45:00,160

i'm really big on that in fact in a

1251
00:45:04,230 --> 00:45:01,359
couple weeks i've got a big event with

1252
00:45:05,670 --> 00:45:04,240
toys for tots the the general the the

1253
00:45:06,870 --> 00:45:05,680
president ceo of choice for tots is

1254
00:45:09,430 --> 00:45:06,880
coming to our offices we have a big

1255
00:45:10,390 --> 00:45:09,440
dinner we donate a lot to toys for tots

1256
00:45:12,309 --> 00:45:10,400
because

1257
00:45:15,270 --> 00:45:12,319
um anyway that's just that's a another

1258
00:45:16,950 --> 00:45:15,280
story but i do a lot try to to promote

1259
00:45:18,630 --> 00:45:16,960
literacy and and

1260
00:45:21,030 --> 00:45:18,640
so these stories are very pro

1261
00:45:22,710 --> 00:45:21,040
used for that too for kids that have

1262
00:45:24,790 --> 00:45:22,720
reading requirements in school that the

1263
00:45:26,150 --> 00:45:24,800

battlefield earth is listed with so with

1264

00:45:28,790 --> 00:45:26,160

accelerated reader and they get i think

1265

00:45:30,069 --> 00:45:28,800

it's 56 points and the kids go crazy

1266

00:45:30,950 --> 00:45:30,079

with that because they can get almost a

1267

00:45:32,150 --> 00:45:30,960

whole year's worth of reading

1268

00:45:33,510 --> 00:45:32,160

requirements but just by reading this

1269

00:45:35,109 --> 00:45:33,520

one book

1270

00:45:37,109 --> 00:45:35,119

oh my

1271

00:45:39,349 --> 00:45:37,119

yeah which is great for middle school

1272

00:45:42,069 --> 00:45:39,359

yeah from middle school on up yeah

1273

00:45:44,069 --> 00:45:42,079

oh my goodness cheers you know i'm on

1274

00:45:47,270 --> 00:45:44,079

your site right now and i'm clicking

1275

00:45:49,829 --> 00:45:47,280

through all of the different categories

1276

00:45:51,109 --> 00:45:49,839

that elrond hubbard wrote in

1277

00:45:53,750 --> 00:45:51,119

and it's just

1278

00:45:56,550 --> 00:45:53,760

mystifying like his how his brain could

1279

00:45:59,990 --> 00:45:56,560

go there and go so deep

1280

00:46:02,069 --> 00:46:00,000

western everybody westerns even no yeah

1281

00:46:04,150 --> 00:46:02,079

he wrote 32 i think 32 to western

1282

00:46:06,069 --> 00:46:04,160

stories and my favorite because he had

1283

00:46:08,230 --> 00:46:06,079

wrote with 15 different pen names my

1284

00:46:10,710 --> 00:46:08,240

favorite pen name of his was uh

1285

00:46:12,829 --> 00:46:10,720

wr colt which stood for winchester

1286

00:46:16,309 --> 00:46:12,839

remington colt you know

1287

00:46:18,069 --> 00:46:16,319

so but he wrote a lot just yeah he wrote

1288

00:46:19,910 --> 00:46:18,079

a lot of different um in all the

1289

00:46:21,990 --> 00:46:19,920

different genres adventure mystery

1290

00:46:23,190 --> 00:46:22,000

western science fiction fantasy some

1291

00:46:24,950 --> 00:46:23,200

romance

1292

00:46:26,309 --> 00:46:24,960

um you know it was just

1293

00:46:28,950 --> 00:46:26,319

and he like i said he traveled a lot so

1294

00:46:31,510 --> 00:46:28,960

he was able to write a lot and and

1295

00:46:33,270 --> 00:46:31,520

yeah we just did a big show yesterday on

1296

00:46:35,510 --> 00:46:33,280

westerns his westerns because he's one

1297

00:46:37,190 --> 00:46:35,520

of the most popular western writers

1298

00:46:38,309 --> 00:46:37,200

him along with uh

1299

00:46:39,589 --> 00:46:38,319

um

1300

00:46:41,270 --> 00:46:39,599

you know some of

1301
00:46:44,069 --> 00:46:41,280
you know the american popular western

1302
00:46:46,630 --> 00:46:44,079
writers but it's just it's um

1303
00:46:48,230 --> 00:46:46,640
it's quite fun because i love reading i

1304
00:46:49,670 --> 00:46:48,240
love talking to people like to read

1305
00:46:51,510 --> 00:46:49,680
because they're normally much more

1306
00:46:53,109 --> 00:46:51,520
educated than those that don't

1307
00:46:54,710 --> 00:46:53,119
and i it gives me an opportunity to meet

1308
00:46:57,829 --> 00:46:54,720
people like yourself on radio shows too

1309
00:46:59,589 --> 00:46:57,839
which i totally love doing oh that

1310
00:47:01,430 --> 00:46:59,599
i have so much fun doing this show i'm

1311
00:47:03,910 --> 00:47:01,440
like i i always say if i can sound like

1312
00:47:05,510 --> 00:47:03,920
i can totally tell from your trolls

1313
00:47:06,790 --> 00:47:05,520

you know it's just

1314

00:47:08,950 --> 00:47:06,800

for you it's

1315

00:47:10,150 --> 00:47:08,960

it's it's just it's a you have fun it's

1316

00:47:12,470 --> 00:47:10,160

like you have fun with this thing that's

1317

00:47:14,710 --> 00:47:12,480

it really communicates well

1318

00:47:16,390 --> 00:47:14,720

you know you love what you're doing oh

1319

00:47:18,630 --> 00:47:16,400

my gosh i say if i could do this in my

1320

00:47:21,750 --> 00:47:18,640

sleep i would and i think i am right now

1321

00:47:27,829 --> 00:47:24,390

yeah i i so did this and it's like you

1322

00:47:30,150 --> 00:47:27,839

know uh carmen had even uh shared

1323

00:47:31,430 --> 00:47:30,160

there's a competition that that you guys

1324

00:47:33,030 --> 00:47:31,440

1325

00:47:36,790 --> 00:47:33,040

artists to

1326
00:47:38,069 --> 00:47:36,800
um draw for understand yeah yeah writers

1327
00:47:41,109 --> 00:47:38,079

1328
00:47:42,790 --> 00:47:41,119
called writers of the future and

1329
00:47:44,710 --> 00:47:42,800

um

1336
00:47:56,870 --> 00:47:54,720
it's the biggest competition of its kind

1337
00:47:58,550 --> 00:47:56,880
in the world and every year we publish

1338
00:48:00,390 --> 00:47:58,560

1341

00:48:04,870 --> 00:48:04,079

you know from middle school all the way

1342

00:48:06,150 --> 00:48:04,880

up our

1343

00:48:08,069 --> 00:48:06,160

oldest oldest

1344

00:48:09,589 --> 00:48:08,079

contest was 101.

1345

00:48:12,069 --> 00:48:09,599

that's opening anybody

1346

00:48:14,870 --> 00:48:12,079

that's amazing he's pre-entered he keeps

1347

00:48:16,710 --> 00:48:14,880

trying to get me to to join in on it i'm

1348

00:48:19,109 --> 00:48:16,720

a cartoonist too and

1349

00:48:21,510 --> 00:48:19,119

i just learned oh wow

1350

00:48:23,670 --> 00:48:21,520

yeah millions of readers oh my gosh it's

1351

00:48:25,430 --> 00:48:23,680

been crazy i just learned the other day

1352

00:48:26,790 --> 00:48:25,440

that it's in the millions now i'm like

1353

00:48:28,950 --> 00:48:26,800

oh oh

1354

00:48:31,390 --> 00:48:28,960

so it's a paranormal comic it's called

1355

00:48:33,349 --> 00:48:31,400

the outlanders you'll see it on the

1356

00:48:35,349 --> 00:48:33,359

inceptionradionetwork.com their front

1357

00:48:36,549 --> 00:48:35,359

page it's it's there

1358

00:48:38,950 --> 00:48:36,559

and uh

1359

00:48:41,430 --> 00:48:38,960

it's just been crazy and so when carmen

1360

00:48:43,270 --> 00:48:41,440

heard and uh carmen says buddy you guys

1361

00:48:44,870 --> 00:48:43,280

if you don't know um

1362

00:48:46,069 --> 00:48:44,880

and he's like

1363

00:48:48,470 --> 00:48:46,079

you gotta put your stuff in the

1364

00:48:50,710 --> 00:48:48,480
competition i'm like i said oh that

1365

00:48:53,190 --> 00:48:50,720
sounds like fun i i i'll definitely

1366

00:48:55,190 --> 00:48:53,200
check that out so writers

1367

00:48:56,549 --> 00:48:55,200
yeah yeah righteously future.com some of

1368

00:48:58,630 --> 00:48:56,559
them are original judges for that

1369

00:49:00,069 --> 00:48:58,640
contest or since you said you were you

1370

00:49:03,349 --> 00:49:00,079
know into uh

1371

00:49:05,109 --> 00:49:03,359
into like cartoons and comics

1372

00:49:06,790 --> 00:49:05,119
ed cartier was one of the first judges

1373

00:49:08,069 --> 00:49:06,800
will eisner he's got the eisner word

1374

00:49:09,829 --> 00:49:08,079
right now comic con is given frank

1375

00:49:11,510 --> 00:49:09,839
rosetta was a judge

1376

00:49:13,990 --> 00:49:11,520

uh jack kirby

1377

00:49:17,109 --> 00:49:14,000

uh these are all the original creators

1378

00:49:19,910 --> 00:49:17,119

of of uh sequential art and they were

1379

00:49:21,270 --> 00:49:19,920

the first judges of this contest

1380

00:49:24,150 --> 00:49:21,280

so it's um

1381

00:49:25,750 --> 00:49:24,160

it's definitely bonafide and

1382

00:49:27,190 --> 00:49:25,760

very much

1383

00:49:28,790 --> 00:49:27,200

an amazing way for a person to get their

1384

00:49:30,710 --> 00:49:28,800

name known and started because it is

1385

00:49:33,510 --> 00:49:30,720

such a high reputation

1386

00:49:34,470 --> 00:49:33,520

yeah 33 years you've been doing this yes

1387

00:49:36,950 --> 00:49:34,480

yes

1388

00:49:39,750 --> 00:49:36,960

it's wild and it's just wild i'm like i

1389

00:49:41,910 --> 00:49:39,760

i've gotta get on it i swear i'm like

1390

00:49:44,390 --> 00:49:41,920

i'm juggling the shows i'm writing books

1391

00:49:45,990 --> 00:49:44,400

and and i'm i'm cartooning and i'm never

1392

00:49:47,510 --> 00:49:46,000

bored and i'm always laughing and having

1393

00:49:50,309 --> 00:49:47,520

a good old time with it

1394

00:49:51,589 --> 00:49:50,319

which is awesome totally awesome

1395

00:49:53,430 --> 00:49:51,599

it's like okay i'm gonna do a

1396

00:49:56,069 --> 00:49:53,440

competition next why not let's just have

1397

00:49:57,510 --> 00:49:56,079

fun what the heck

1398

00:49:59,270 --> 00:49:57,520

and then when you when you come out here

1399

00:50:01,030 --> 00:49:59,280

you can broadcast from the from the

1400

00:50:03,349 --> 00:50:01,040

awards ceremony in hollywood it's a

1401

00:50:04,870 --> 00:50:03,359

black it's a it's a red carpet it's a

1402

00:50:08,390 --> 00:50:04,880

big red carpet event we do for the

1403

00:50:11,190 --> 00:50:08,400

winners i see the stage that you guys

1404

00:50:13,430 --> 00:50:11,200

put it on wasn't that amazing

1405

00:50:14,390 --> 00:50:13,440

yeah that was that was cover art done

1406

00:50:16,150 --> 00:50:14,400

um

1407

00:50:18,630 --> 00:50:16,160

from the book that we then made into the

1408

00:50:19,990 --> 00:50:18,640

stage and uh larry elmore who's the guy

1409

00:50:22,390 --> 00:50:20,000

that created the original dungeons and

1410

00:50:24,630 --> 00:50:22,400

dragons artwork is the one that painted

1411

00:50:25,430 --> 00:50:24,640

that and he was there on if you go on

1412

00:50:27,030 --> 00:50:25,440

that

1413

00:50:29,270 --> 00:50:27,040

on the website you can look at the

1414

00:50:31,190 --> 00:50:29,280

opening event it's it's him painting on

1415

00:50:33,510 --> 00:50:31,200

stage as the opening act with fire

1416

00:50:34,790 --> 00:50:33,520

dancers so that was a pretty good

1417

00:50:36,710 --> 00:50:34,800

opening

1418

00:50:40,390 --> 00:50:36,720

you guys like going over the top don't

1419

00:50:43,510 --> 00:50:40,400

you we love it we love it yes

1420

00:50:46,150 --> 00:50:43,520

you've got the best job in the world

1421

00:50:49,589 --> 00:50:46,160

i certainly do along with you

1422

00:50:52,630 --> 00:50:49,599

oh i i love this this is so much fun i

1423

00:50:54,230 --> 00:50:52,640

just put in the website uh the on the

1424

00:50:57,109 --> 00:50:54,240

chat group for you guys writers of the

1425

00:51:00,069 --> 00:50:57,119

future.com you've got to see it it's

1426
00:51:00,950 --> 00:51:00,079
fantastic oh my goodness i am so digging

1427
00:51:02,390 --> 00:51:00,960
this

1428
00:51:04,950 --> 00:51:02,400
and you know

1429
00:51:07,109 --> 00:51:04,960
i'm looking at uh

1430
00:51:10,069 --> 00:51:07,119
i don't i haven't seen many pictures of

1431
00:51:11,990 --> 00:51:10,079
I ron hubbard was he a person that

1432
00:51:14,790 --> 00:51:12,000
liked to step out and

1433
00:51:16,790 --> 00:51:14,800
be seen or was he kind of yeah

1434
00:51:17,910 --> 00:51:16,800
not at all that's that's really funny

1435
00:51:19,670 --> 00:51:17,920
because he was

1436
00:51:23,030 --> 00:51:19,680
that's that's the opposite of what he

1437
00:51:24,870 --> 00:51:23,040
was um there's there's a site called l1

1438
00:51:27,270 --> 00:51:24,880

hubbard.org which he has a bunch of

1439

00:51:29,030 --> 00:51:27,280

pictures him from all the way from

1440

00:51:30,470 --> 00:51:29,040

as the baby all the way up through all

1441

00:51:32,309 --> 00:51:30,480

of his adventures he was he was

1442

00:51:34,390 --> 00:51:32,319

lieutenant the navy his whole section on

1443

00:51:36,230 --> 00:51:34,400

the military he was america's youngest

1444

00:51:37,670 --> 00:51:36,240

eagle scout he just turned 13 he became

1445

00:51:38,630 --> 00:51:37,680

eagle scout there's a whole section on

1446

00:51:39,829 --> 00:51:38,640

that

1447

00:51:42,069 --> 00:51:39,839

he was um

1448

00:51:43,829 --> 00:51:42,079

by the time he's 19 he'd already um

1449

00:51:45,190 --> 00:51:43,839

sailed to the orient three different

1450

00:51:46,309 --> 00:51:45,200

times um

1451
00:51:47,750 --> 00:51:46,319
he was uh

1452
00:51:49,910 --> 00:51:47,760
you know so he's there's a lot of

1453
00:51:51,990 --> 00:51:49,920
pictures of all his whole lifetime so

1454
00:51:53,670 --> 00:51:52,000
yeah there's plenty of photos there on

1455
00:51:55,109 --> 00:51:53,680
that site over on humber.org if somebody

1456
00:51:57,030 --> 00:51:55,119
wants to see that

1457
00:51:58,630 --> 00:51:57,040
oh i'm gonna look yeah you know it's

1458
00:52:01,430 --> 00:51:58,640
funny because it's like i usually just

1459
00:52:03,430 --> 00:52:01,440
see that head-on picture

1460
00:52:05,750 --> 00:52:03,440
him sitting there looking like a

1461
00:52:08,230 --> 00:52:05,760
he's in a almost an adventure like tie

1462
00:52:10,549 --> 00:52:08,240
around his neck and you know like that's

1463
00:52:12,230 --> 00:52:10,559

that's what i usually see him as and and

1464

00:52:15,109 --> 00:52:12,240

here he is quite accomplished quite

1465

00:52:16,870 --> 00:52:15,119

young an eagle scout that took some time

1466

00:52:19,349 --> 00:52:16,880

for most people so he was the youngest

1467

00:52:21,510 --> 00:52:19,359

ever or at the time yeah at the time we

1468

00:52:23,750 --> 00:52:21,520

don't he just it was a few days after 13

1469

00:52:25,430 --> 00:52:23,760

he received his award and he went

1470

00:52:27,990 --> 00:52:25,440

and he met calvin coolidge as

1471

00:52:29,910 --> 00:52:28,000

representing the boy scouts of america

1472

00:52:30,870 --> 00:52:29,920

and he had a little entry in his journal

1473

00:52:33,109 --> 00:52:30,880

on that talking about meeting the

1474

00:52:34,150 --> 00:52:33,119

president it was like okay it was like

1475

00:52:36,309 --> 00:52:34,160

uh

1476

00:52:37,190 --> 00:52:36,319

whatever he went he had his adventures

1477

00:52:39,430 --> 00:52:37,200

to do

1478

00:52:41,430 --> 00:52:39,440

and he was a barnstorming pilot so he

1479

00:52:43,109 --> 00:52:41,440

was he was a glider pilot and and

1480

00:52:44,710 --> 00:52:43,119

crashed and tells that story about

1481

00:52:47,750 --> 00:52:44,720

crashing and

1482

00:52:50,390 --> 00:52:47,760

um he's barnstorming around from uh

1483

00:52:53,589 --> 00:52:50,400

cornfield to cornfield and

1484

00:52:56,390 --> 00:52:53,599

trading rides for gas and spare parts to

1485

00:52:58,630 --> 00:52:56,400

keep going this is when he was uh

1486

00:53:00,870 --> 00:52:58,640

between his freshman sophomore year at

1487

00:53:03,030 --> 00:53:00,880

george washington university so

1488

00:53:06,069 --> 00:53:03,040

yeah he was he definitely was all over

1489

00:53:08,309 --> 00:53:06,079

the place he was hardly a recluse

1490

00:53:10,150 --> 00:53:08,319

overachiever hello

1491

00:53:11,990 --> 00:53:10,160

hello hello

1492

00:53:13,589 --> 00:53:12,000

yeah you see people when they come to

1493

00:53:14,710 --> 00:53:13,599

our offices here they go to they come

1494

00:53:16,069 --> 00:53:14,720

into the uh

1495

00:53:18,549 --> 00:53:16,079

on the library in the fourth floor and

1496

00:53:20,870 --> 00:53:18,559

they just kind of like like jesus i wish

1497

00:53:22,870 --> 00:53:20,880

i i needed to get a life

1498

00:53:24,230 --> 00:53:22,880

yeah we've gotta get to our next break

1499

00:53:25,670 --> 00:53:24,240

you guys you're listening to me heidi

1500

00:53:29,190 --> 00:53:25,680

hollis the outlander and we will be

1501
00:53:32,390 --> 00:53:30,630
welcome back everybody you're listening

1502
00:53:34,150 --> 00:53:32,400
to me heidi hollis the outlander

1503
00:53:37,750 --> 00:53:34,160
remembering always if it's weird we're

1504
00:53:40,230 --> 00:53:37,760
here and uh john is is chowing down

1505
00:53:43,109 --> 00:53:40,240
because he's been starving and working

1506
00:53:45,829 --> 00:53:43,119
all day long it's cracking me up cause

1507
00:53:47,750 --> 00:53:45,839
he's trying to chug a drink uh

1508
00:53:49,910 --> 00:53:47,760
some some kind of a

1509
00:53:51,270 --> 00:53:49,920
blended drink that's supposed to be good

1510
00:53:52,630 --> 00:53:51,280
for you i take it that's what you're

1511
00:53:55,990 --> 00:53:52,640
having it's good for at least a half an

1512
00:54:01,910 --> 00:53:59,589
oh my goodness man i i swear it i

1513
00:54:03,589 --> 00:54:01,920

understand how those days go sometimes

1514

00:54:05,109 --> 00:54:03,599

like back to back to back to back and

1515

00:54:07,750 --> 00:54:05,119

it's like but you've got good spirits

1516

00:54:08,950 --> 00:54:07,760

about you so all is well

1517

00:54:10,790 --> 00:54:08,960

yeah it's totally all as well like i

1518

00:54:12,390 --> 00:54:10,800

said i can't i couldn't imagine i'd have

1519

00:54:15,030 --> 00:54:12,400

to be dead to not be anything other than

1520

00:54:18,150 --> 00:54:15,040

enthusiastic talking to you oh gee see

1521

00:54:19,020 --> 00:54:18,160

that's cool that's good to hear

1522

00:54:21,109 --> 00:54:19,030

exactly

1523

00:54:23,589 --> 00:54:21,119

[Laughter]

1524

00:54:25,750 --> 00:54:23,599

so with all the projects and all these

1525

00:54:27,670 --> 00:54:25,760

different things that you're juggling

1526

00:54:29,589 --> 00:54:27,680

is there something that

1527

00:54:31,510 --> 00:54:29,599

you're you're going to be working on

1528

00:54:33,589 --> 00:54:31,520

soon or that you hope to pull together

1529

00:54:37,030 --> 00:54:33,599

sooner than later what what is what is

1530

00:54:39,510 --> 00:54:37,040

the next step in your projects

1531

00:54:40,309 --> 00:54:39,520

well right now i'm working on is um

1532

00:54:41,990 --> 00:54:40,319

i'm

1533

00:54:44,390 --> 00:54:42,000

also the president of the hollywood

1534

00:54:45,910 --> 00:54:44,400

christmas parade so we're putting that

1535

00:54:48,470 --> 00:54:45,920

together

1536

00:54:50,790 --> 00:54:48,480

i thought i was busy

1537

00:54:53,349 --> 00:54:50,800

so that's that's happening the

1538

00:54:55,750 --> 00:54:53,359

sunday after thanksgiving so

1539

00:55:00,630 --> 00:54:55,760

that is um

1540

00:55:05,190 --> 00:55:02,710

instead actually put together two hour

1541

00:55:07,349 --> 00:55:05,200

production and we have we'll have about

1542

00:55:09,109 --> 00:55:07,359

200 celebrities in our building which is

1543

00:55:10,309 --> 00:55:09,119

the green room for the parade

1544

00:55:12,470 --> 00:55:10,319

and uh

1545

00:55:14,630 --> 00:55:12,480

so we'll be doing a whole number on that

1546

00:55:16,470 --> 00:55:14,640

in just a few weeks and then like i told

1547

00:55:19,349 --> 00:55:16,480

you we've got the general

1548

00:55:21,349 --> 00:55:19,359

who's the uh the president of the u.s

1549

00:55:23,670 --> 00:55:21,359

marine corps toys for tots we have a

1550

00:55:25,670 --> 00:55:23,680

special dinner for him on saturday night

1551
00:55:27,829 --> 00:55:25,680
and then the parade's on sunday

1552
00:55:29,990 --> 00:55:27,839
so this is the kickoff event for the

1553
00:55:31,750 --> 00:55:30,000
marine corps toys for tots so that's a

1554
00:55:33,190 --> 00:55:31,760
big event that we're gearing up for

1555
00:55:34,549 --> 00:55:33,200
right now

1556
00:55:36,710 --> 00:55:34,559
and then um

1557
00:55:38,390 --> 00:55:36,720
wow so that's amazing that's

1558
00:55:39,910 --> 00:55:38,400
yeah so i'm

1559
00:55:42,069 --> 00:55:39,920
mostly going to be staying home between

1560
00:55:43,589 --> 00:55:42,079
now and thanksgiving i've got

1561
00:55:44,790 --> 00:55:43,599
one little thing i'll be doing going to

1562
00:55:46,950 --> 00:55:44,800
san francisco for a few days but

1563
00:55:48,870 --> 00:55:46,960

otherwise setting that up and making

1564

00:55:49,829 --> 00:55:48,880

that working on that so that's that's

1565

00:55:50,630 --> 00:55:49,839

exciting

1566

00:55:52,309 --> 00:55:50,640

um

1567

00:55:54,710 --> 00:55:52,319

goodness and your secret weapon is your

1568

00:55:56,950 --> 00:55:54,720

wife who is juggling the phone calls in

1569

00:55:58,150 --> 00:55:56,960

the background

1570

00:55:59,750 --> 00:55:58,160

totally she's when they brought me the

1571

00:56:05,109 --> 00:55:59,760

green she brought me some dinner and i

1572

00:56:11,109 --> 00:56:08,789

uh-oh breaking up again lost them

1573

00:56:13,109 --> 00:56:11,119

oh okay sorry you're there i walked into

1574

00:56:15,430 --> 00:56:13,119

sir i walked in a circle i'm here that's

1575

00:56:17,430 --> 00:56:15,440

not good

1576
00:56:18,630 --> 00:56:17,440
so she passed the green drink to you

1577
00:56:20,309 --> 00:56:18,640
forgive me

1578
00:56:22,870 --> 00:56:20,319
i'll never take a step again

1579
00:56:24,789 --> 00:56:22,880
exactly

1580
00:56:27,750 --> 00:56:24,799
oh my goodness thank you thank goodness

1581
00:56:30,230 --> 00:56:27,760
for the life my i mean that's that's a

1582
00:56:31,589 --> 00:56:30,240
secret weapon that for sure is

1583
00:56:34,390 --> 00:56:31,599
definitely is

1584
00:56:36,150 --> 00:56:34,400
so the toys for tots that that's a um

1585
00:56:37,510 --> 00:56:36,160
that's a noble cause with everything

1586
00:56:38,630 --> 00:56:37,520
that you've got on your plate that's

1587
00:56:41,190 --> 00:56:38,640
going

1588
00:56:43,589 --> 00:56:41,200

and then a toss

1589

00:56:45,109 --> 00:56:43,599

yeah that's very exciting and then

1590

00:56:47,349 --> 00:56:45,119

probably in december i'm going to be

1591

00:56:49,430 --> 00:56:47,359

going to ketchikan ask we're working on

1592

00:56:52,230 --> 00:56:49,440

there getting a pier

1593

00:56:54,870 --> 00:56:52,240

dedicated to uh ashley delron hubbard up

1594

00:56:56,230 --> 00:56:54,880

there he wrote a book called uh the

1595

00:56:58,950 --> 00:56:56,240

cheat chalker which is about ketchup and

1596

00:57:00,069 --> 00:56:58,960

alaska and um

1597

00:57:02,230 --> 00:57:00,079

it's uh

1598

00:57:03,990 --> 00:57:02,240

when he was when he was up there

1599

00:57:06,950 --> 00:57:04,000

he was actually doing some research for

1600

00:57:08,789 --> 00:57:06,960

the u.s uh navy on a device that was

1601
00:57:11,670 --> 00:57:08,799
used to become loran the long-range

1602
00:57:13,190 --> 00:57:11,680
navigation which then was replaced by

1603
00:57:14,710 --> 00:57:13,200
uh satellites

1604
00:57:16,150 --> 00:57:14,720
but um

1605
00:57:17,670 --> 00:57:16,160
part of the equipment he had he was able

1606
00:57:21,109 --> 00:57:17,680
to uh

1607
00:57:23,030 --> 00:57:21,119
isolate and track down a nazi saboteur

1608
00:57:25,190 --> 00:57:23,040
that was trying to cut the communication

1609
00:57:27,510 --> 00:57:25,200
lines in the united states because it's

1610
00:57:29,349 --> 00:57:27,520
it's right zero by alaska it's right

1611
00:57:31,910 --> 00:57:29,359
next to the

1612
00:57:33,829 --> 00:57:31,920
to russia and uh so he was trying to use

1613
00:57:35,589 --> 00:57:33,839

that to cut communication lines and so

1614

00:57:36,870 --> 00:57:35,599

he was able to track that down so we're

1615

00:57:37,910 --> 00:57:36,880

doing a whole thing up there right now

1616

00:57:40,630 --> 00:57:37,920

for uh

1617

00:57:41,910 --> 00:57:40,640

probably in december after

1618

00:57:44,150 --> 00:57:41,920

um

1619

00:57:45,750 --> 00:57:44,160

the uh parade

1620

00:57:47,270 --> 00:57:45,760

and after i get back from london for

1621

00:57:48,470 --> 00:57:47,280

another for an event i'm doing over

1622

00:57:49,990 --> 00:57:48,480

there but then after that we'll be doing

1623

00:57:52,150 --> 00:57:50,000

this thing in ketchikan alaska which is

1624

00:57:54,390 --> 00:57:52,160

i'm very excited i love it up there

1625

00:57:57,190 --> 00:57:54,400

it's it's a very very fun place

1626
00:57:58,870 --> 00:57:57,200
it's very cold as well

1627
00:58:02,069 --> 00:57:58,880
it's all

1628
00:58:05,670 --> 00:58:02,079
it's very cold but it's also um it's the

1629
00:58:07,109 --> 00:58:05,680
wettest city in america

1630
00:58:09,270 --> 00:58:07,119
there's more rainfall there in ketchikan

1631
00:58:11,829 --> 00:58:09,280
alaska than any place else in north

1632
00:58:15,829 --> 00:58:13,750
no thank you

1633
00:58:18,309 --> 00:58:15,839
i mean i'm sure it's pretty but i think

1634
00:58:28,950 --> 00:58:18,319
i'd rather control a drone flying over

1635
00:58:34,390 --> 00:58:30,710
that will be me and i'm like hey john

1636
00:58:39,910 --> 00:58:35,990
yo heidi i'll wave up and give you the

1637
00:58:41,829 --> 00:58:39,920
high five and carry on yup yup exactly

1638
00:58:44,710 --> 00:58:41,839

my goodness you know the more that you

1639

00:58:47,109 --> 00:58:44,720

speak of I ron hubbard the more i feel

1640

00:58:50,069 --> 00:58:47,119

like i know nothing of this man it

1641

00:58:50,950 --> 00:58:50,079

sounds like he was an einstein of a sort

1642

00:58:55,670 --> 00:58:50,960

what

1643

00:58:58,470 --> 00:58:55,680

drove this man it's pretty remarkable

1644

00:59:00,309 --> 00:58:58,480

it was very remarkable he was um

1645

00:59:03,190 --> 00:59:00,319

yeah he was um

1646

00:59:05,750 --> 00:59:03,200

from the beginning he was you know

1647

00:59:08,390 --> 00:59:05,760

his mother was a rarity in

1648

00:59:11,349 --> 00:59:08,400

the american frontier she herself was um

1649

00:59:12,870 --> 00:59:11,359

an educated uh book-trained uh

1650

00:59:14,710 --> 00:59:12,880

mother this was like turn of the century

1651
00:59:16,630 --> 00:59:14,720
in 1900 so she taught him to read by the

1652
00:59:19,670 --> 00:59:16,640
time he was two and a half

1653
00:59:22,710 --> 00:59:19,680
and um so he was because they're in in

1654
00:59:24,630 --> 00:59:22,720
montana um he grew up on a horse ranch

1655
00:59:26,630 --> 00:59:24,640
so he was um

1656
00:59:28,870 --> 00:59:26,640
writing he had his own

1657
00:59:31,349 --> 00:59:28,880
uh saddle that he was used to ride

1658
00:59:33,270 --> 00:59:31,359
horses by the time he was three and

1659
00:59:34,789 --> 00:59:33,280
he became a blood brother of the america

1660
00:59:37,430 --> 00:59:34,799
of the um

1661
00:59:39,589 --> 00:59:37,440
of an indian tribe up there

1662
00:59:42,549 --> 00:59:39,599
and so he his first book that he wrote

1663
00:59:45,270 --> 00:59:42,559

called buckskin brigades

1664

00:59:46,710 --> 00:59:45,280

portrayed the native american in as good

1665

00:59:48,390 --> 00:59:46,720

guys and that was one of the first times

1666

00:59:50,710 --> 00:59:48,400

that it ever happened the new york times

1667

00:59:52,069 --> 00:59:50,720

gave it a great book review

1668

00:59:54,150 --> 00:59:52,079

and um

1669

00:59:55,670 --> 00:59:54,160

so it's just something that

1670

00:59:57,750 --> 00:59:55,680

you know he he traveled a lot and he

1671

01:00:00,150 --> 00:59:57,760

just he really enjoyed people he

1672

01:00:03,030 --> 01:00:00,160

traveled all over the place and because

1673

01:00:04,789 --> 01:00:03,040

his dad was in the navy he was able to

1674

01:00:06,069 --> 01:00:04,799

travel a lot with them

1675

01:00:08,710 --> 01:00:06,079

and

1676

01:00:10,710 --> 01:00:08,720

one time when he was

1677

01:00:11,829 --> 01:00:10,720

i guess he was in high school and the

1678

01:00:13,349 --> 01:00:11,839

teacher

1679

01:00:15,990 --> 01:00:13,359

got upset at one of the other girls

1680

01:00:17,910 --> 01:00:16,000

students and and um threw a piece of

1681

01:00:20,390 --> 01:00:17,920

chalk and beamed her in the head so

1682

01:00:22,150 --> 01:00:20,400

he went up and picked up the teacher and

1683

01:00:24,630 --> 01:00:22,160

threw him the trash can and he left and

1684

01:00:27,109 --> 01:00:24,640

he left there and went to

1685

01:00:29,589 --> 01:00:27,119

san diego to catch up

1686

01:00:30,950 --> 01:00:29,599

a ship to guam with his father as was

1687

01:00:32,390 --> 01:00:30,960

and his father said what are you doing

1688

01:00:33,589 --> 01:00:32,400

here you're supposed to be in school so

1689

01:00:36,390 --> 01:00:33,599

he sent him home

1690

01:00:37,510 --> 01:00:36,400

so he went home via china

1691

01:00:41,829 --> 01:00:37,520

and

1692

01:00:44,390 --> 01:00:41,839

mystics of the time so that's where he

1693

01:00:45,510 --> 01:00:44,400

was he did a lot of um went to for

1694

01:00:46,630 --> 01:00:45,520

business city when it was still

1695

01:00:48,950 --> 01:00:46,640

forbidden

1696

01:00:50,710 --> 01:00:48,960

and pictures he took there in in china

1697

01:00:52,549 --> 01:00:50,720

he sold the national geographic because

1698

01:00:54,069 --> 01:00:52,559

after that time america had never seen

1699

01:00:55,030 --> 01:00:54,079

more than a couple turns in the great

1700

01:00:57,510 --> 01:00:55,040

wall

1701
01:00:59,589 --> 01:00:57,520
so he had the shot that had many turns

1702
01:01:01,829 --> 01:00:59,599
and so he um sold that to national

1703
01:01:04,309 --> 01:01:01,839
universe so he was just he was he was

1704
01:01:06,390 --> 01:01:04,319
definitely a renaissance man and

1705
01:01:07,910 --> 01:01:06,400
because he was

1706
01:01:10,069 --> 01:01:07,920
such a popular

1707
01:01:11,109 --> 01:01:10,079
writer he was able to turn his travels

1708
01:01:12,950 --> 01:01:11,119
into

1709
01:01:14,630 --> 01:01:12,960
more stories and he sold a lot of his

1710
01:01:16,390 --> 01:01:14,640
stories and um

1711
01:01:17,990 --> 01:01:16,400
yeah so that's there's definitely a lot

1712
01:01:19,829 --> 01:01:18,000
that owenhove.org has a lot of the

1713
01:01:21,270 --> 01:01:19,839

different vignettes video vignettes of

1714

01:01:23,349 --> 01:01:21,280

different parts of his

1715

01:01:25,829 --> 01:01:23,359

lifestyle did he venture alone

1716

01:01:28,069 --> 01:01:25,839

oftentimes or did he have like a group

1717

01:01:29,190 --> 01:01:28,079

of folks that he did these adventures

1718

01:01:30,950 --> 01:01:29,200

with or

1719

01:01:33,349 --> 01:01:30,960

like the the trip that he did to

1720

01:01:34,630 --> 01:01:33,359

ketchikan alaska that was his first flag

1721

01:01:37,510 --> 01:01:34,640

that he flew for the explorers club

1722

01:01:39,910 --> 01:01:37,520

there he traveled with his wife

1723

01:01:41,670 --> 01:01:39,920

but sometimes he would travel

1724

01:01:43,990 --> 01:01:41,680

he did a uh

1725

01:01:46,950 --> 01:01:44,000

see when he was in college he um

1726

01:01:50,069 --> 01:01:46,960

he did a motion picture expedition of uh

1727

01:01:51,750 --> 01:01:50,079

the last four masted schooner that he

1728

01:01:57,430 --> 01:01:51,760

had a bunch of other college students

1729

01:02:00,549 --> 01:01:59,190

yep we're listening yeah

1730

01:02:02,950 --> 01:02:00,559

so he did

1731

01:02:05,030 --> 01:02:02,960

yeah i'm i'm still you're good okay i

1732

01:02:07,030 --> 01:02:05,040

hear you you got me okay okay good all

1733

01:02:09,030 --> 01:02:07,040

right so

1734

01:02:10,789 --> 01:02:09,040

uh yeah so he just yeah good i

1735

01:02:12,870 --> 01:02:10,799

appreciate that so he's

1736

01:02:15,510 --> 01:02:12,880

he just did a lot of traveling stuff so

1737

01:02:17,829 --> 01:02:15,520

uh there's a lot of um

1738

01:02:20,789 --> 01:02:17,839

great stories and so he's able a lot of

1739

01:02:22,150 --> 01:02:20,799

his his stories are historical fiction

1740

01:02:23,829 --> 01:02:22,160

he takes some

1741

01:02:25,349 --> 01:02:23,839

point of fact and then builds a story

1742

01:02:27,589 --> 01:02:25,359

around it which which made them a lot of

1743

01:02:29,829 --> 01:02:27,599

fun and because he was there in those

1744

01:02:32,630 --> 01:02:29,839

areas he had that

1745

01:02:35,270 --> 01:02:32,640

that that reality to it which really

1746

01:02:37,109 --> 01:02:35,280

made it uh easy for a person to uh to

1747

01:02:39,510 --> 01:02:37,119

follow that story even

1748

01:02:41,829 --> 01:02:39,520

today when i you know we have our

1749

01:02:43,829 --> 01:02:41,839

stories that we've republished and

1750

01:02:45,990 --> 01:02:43,839

people in the navy love his navy stories

1751

01:02:48,549 --> 01:02:46,000

because they're so realistic and the

1752

01:02:51,270 --> 01:02:48,559

and the stories that he writes about uh

1753

01:02:52,630 --> 01:02:51,280

air air flight the pilots love those

1754

01:02:54,630 --> 01:02:52,640

because they're so realistic because he

1755

01:02:56,789 --> 01:02:54,640

he actually did it so that's that's

1756

01:02:58,549 --> 01:02:56,799

something that's just makes it a lot of

1757

01:03:00,230 --> 01:02:58,559

fun as a publisher to do that and the

1758

01:03:02,069 --> 01:03:00,240

fact that he created this contest called

1759

01:03:04,870 --> 01:03:02,079

writers and illustrators of the future

1760

01:03:07,109 --> 01:03:04,880

enables me to meet so many amazing

1761

01:03:09,190 --> 01:03:07,119

writers and top-notch writers who are

1762

01:03:11,349 --> 01:03:09,200

the judges of the contest and the

1763

01:03:14,309 --> 01:03:11,359

winners who go on to major careers now

1764

01:03:15,510 --> 01:03:14,319

because it's such a an amazingly proven

1765

01:03:18,069 --> 01:03:15,520

contest

1766

01:03:20,870 --> 01:03:18,079

my goodness i i'm exhausted thinking

1767

01:03:23,190 --> 01:03:20,880

about this man's life

1768

01:03:25,109 --> 01:03:23,200

yeah he was constantly on the go his

1769

01:03:26,549 --> 01:03:25,119

poor wife he was

1770

01:03:29,190 --> 01:03:26,559

he was

1771

01:03:30,390 --> 01:03:29,200

very much on the go yes i just can't

1772

01:03:32,309 --> 01:03:30,400

imagine

1773

01:03:34,789 --> 01:03:32,319

keeping it all organized first off

1774

01:03:37,829 --> 01:03:34,799

having the energy to bounce from here to

1775

01:03:40,549 --> 01:03:37,839

there to start another thing over here

1776

01:03:42,230 --> 01:03:40,559

and promote that and i just you know

1777

01:03:46,309 --> 01:03:42,240

when i listen to this i can't help but

1778

01:03:47,430 --> 01:03:46,319

to think of of course einstein who

1779

01:03:50,789 --> 01:03:47,440

somebody

1780

01:03:53,349 --> 01:03:50,799

uh unethically kept his brain

1781

01:03:57,270 --> 01:03:53,359

and they sliced into it and they found

1782

01:04:00,230 --> 01:03:57,280

he had a ton more synapses than the next

1783

01:04:02,069 --> 01:04:00,240

person and i i mean when i hear people

1784

01:04:04,150 --> 01:04:02,079

like oh ron hubbard i'm like

1785

01:04:06,870 --> 01:04:04,160

something was different

1786

01:04:09,510 --> 01:04:06,880

there was something more at work that i

1787

01:04:10,549 --> 01:04:09,520

don't see every day that's why that's

1788

01:04:12,950 --> 01:04:10,559

right

1789

01:04:15,990 --> 01:04:12,960

absolutely that's absolutely a fact

1790

01:04:18,069 --> 01:04:16,000

do you ever nobody to los angeles i do i

1791

01:04:20,309 --> 01:04:18,079

1792

01:04:21,829 --> 01:04:20,319

1793

01:04:23,190 --> 01:04:21,839

1794

01:04:24,950 --> 01:04:23,200

or something like that and i can show

1795

01:04:26,150 --> 01:04:24,960

you the library and see this i think

1796

01:04:28,069 --> 01:04:26,160

it'd be great i'd love to be able to

1797

01:04:30,789 --> 01:04:28,079

meet you in person oh my god have some

1798

01:04:32,710 --> 01:04:30,799

of your enthusiasm rub off on me are you

1799

01:04:34,309 --> 01:04:32,720

kidding me and i'll never leave and

1800

01:04:36,069 --> 01:04:34,319

you'll just be like why did i invite

1801

01:04:38,950 --> 01:04:36,079

this crazy woman

1802

01:04:41,109 --> 01:04:38,960

no i will never regret having invited

1803

01:04:43,190 --> 01:04:41,119

you and you can be my wife and you can

1804

01:04:43,910 --> 01:04:43,200

then we can there's amazing stuff here

1805

01:04:46,390 --> 01:04:43,920

and

1806

01:04:47,589 --> 01:04:46,400

you can see some of the indigenous life

1807

01:04:50,390 --> 01:04:47,599

forms

1808

01:04:52,470 --> 01:04:50,400

oh cool i would i would so love it thank

1809

01:04:54,470 --> 01:04:52,480

you so much i i will definitely do that

1810

01:04:56,549 --> 01:04:54,480

i will i'll come in and i'm like and

1811

01:04:58,549 --> 01:04:56,559

i'll bring a whole crew of strangers too

1812

01:04:59,750 --> 01:04:58,559

and i'm like come on in everybody no i

1813

01:05:02,309 --> 01:04:59,760

won't do that

1814

01:05:04,950 --> 01:05:02,319

yes he said i could come however

1815

01:05:07,910 --> 01:05:06,069

i love it

1816

01:05:09,510 --> 01:05:07,920

i would love that yeah so then you could

1817

01:05:11,990 --> 01:05:09,520

and i can show you and give you more you

1818

01:05:14,150 --> 01:05:12,000

know of a show of like the various

1819

01:05:15,670 --> 01:05:14,160

things because you can see his his

1820

01:05:17,430 --> 01:05:15,680

police badge when he was in l.a police

1821

01:05:18,870 --> 01:05:17,440

force so you can see his ribbons from

1822

01:05:21,589 --> 01:05:18,880

when he was in the navy where you can

1823

01:05:24,390 --> 01:05:21,599

see his three guinness world records

1824

01:05:25,990 --> 01:05:24,400

it's all real and and then we've got the

1825

01:05:27,349 --> 01:05:26,000

the 100 plus

1826

01:05:28,549 --> 01:05:27,359

uh pulp fiction stories we have a

1827

01:05:29,990 --> 01:05:28,559

special section with all the pulp

1828

01:05:32,309 --> 01:05:30,000

fictions and many of them have his name

1829

01:05:35,029 --> 01:05:32,319

on the on the cover so you just people

1830

01:05:37,270 --> 01:05:35,039

go like wow i had just no idea

1831

01:05:38,710 --> 01:05:37,280

this is yeah i might i'm sitting here

1832

01:05:40,710 --> 01:05:38,720

with my jaw open and i'm not

1833

01:05:43,029 --> 01:05:40,720

exaggerating because i'm like

1834

01:05:44,549 --> 01:05:43,039

i i did not know people like that

1835

01:05:45,750 --> 01:05:44,559

existed

1836

01:05:49,270 --> 01:05:45,760

you know

1837

01:05:51,750 --> 01:05:49,280

yeah that's that is amazing and

1838

01:05:53,430 --> 01:05:51,760

it's it blows my mind how some people

1839

01:05:56,390 --> 01:05:53,440

don't have hobbies

1840

01:05:58,230 --> 01:05:56,400

and then i hear of somebody who has

1841

01:06:00,630 --> 01:05:58,240

so many hobbies i have a lot of hobbies

1842

01:06:03,270 --> 01:06:00,640

and people think i'm crazy and i'm not i

1843

01:06:06,789 --> 01:06:03,280

really am not but

1844

01:06:08,470 --> 01:06:06,799

it's it's so it's like invigorating and

1845

01:06:10,069 --> 01:06:08,480

it it does make you feel like well what

1846

01:06:11,589 --> 01:06:10,079

the heck have i done with my life you

1847

01:06:14,390 --> 01:06:11,599

know my goodness i wanted to have a

1848

01:06:16,630 --> 01:06:14,400

world record too or something so yeah no

1849

01:06:19,109 --> 01:06:16,640

it's it's a totally good thing to uh to

1850

01:06:20,630 --> 01:06:19,119

help you know inspire people to aspire

1851

01:06:22,789 --> 01:06:20,640

to something just you know

1852

01:06:23,910 --> 01:06:22,799

aspire to excellence it's it's a good

1853

01:06:25,670 --> 01:06:23,920

thing

1854

01:06:28,390 --> 01:06:25,680

it sounds like you need to have a crew

1855

01:06:30,630 --> 01:06:28,400

of people that go out to the schools

1856

01:06:34,549 --> 01:06:30,640

all over the country and say do you know

1857

01:06:37,029 --> 01:06:34,559

what this man did by the time he was 13

1858

01:06:38,390 --> 01:06:37,039

i mean no i know it's amazing yeah

1859

01:06:40,789 --> 01:06:38,400

because i think a lot of kids don't

1860

01:06:43,190 --> 01:06:40,799

realize their full potential and to hear

1861

01:06:45,349 --> 01:06:43,200

this has to be inspiring

1862

01:06:46,870 --> 01:06:45,359

no it is we do you know there's there's

1863

01:06:49,109 --> 01:06:46,880

various projects mostly through the

1864

01:06:51,349 --> 01:06:49,119

books you know that that people can uh

1865

01:06:53,510 --> 01:06:51,359

listen to or read if they're audio books

1866

01:06:54,630 --> 01:06:53,520

or or print readers

1867

01:06:57,829 --> 01:06:54,640

and it's just

1868

01:06:59,510 --> 01:06:57,839

it really isn't um endearing to hear how

1869

01:07:00,870 --> 01:06:59,520

they just like it makes them want to

1870

01:07:03,349 --> 01:07:00,880

read more you know that's something like

1871

01:07:06,870 --> 01:07:03,359

i said it's very important to me

1872

01:07:09,589 --> 01:07:06,880

oh my goodness i i'm just i'm blown away

1873

01:07:12,309 --> 01:07:09,599

i i just really am it's uh

1874

01:07:14,470 --> 01:07:12,319

it's a whole other world to even go

1875

01:07:16,789 --> 01:07:14,480

there and and follow the stories and

1876

01:07:18,630 --> 01:07:16,799

then they did this and then he did that

1877

01:07:20,630 --> 01:07:18,640

it's it's like uh

1878

01:07:22,470 --> 01:07:20,640

it doesn't go together but you know the

1879

01:07:24,150 --> 01:07:22,480

adventures of forrest gump when he

1880

01:07:25,589 --> 01:07:24,160

jumped all over the place and he's like

1881

01:07:26,950 --> 01:07:25,599

and he's here and he's there and he's

1882

01:07:29,910 --> 01:07:26,960

doing this and he's doing great things

1883

01:07:32,470 --> 01:07:29,920

it's like how do you keep up i it even

1884

01:07:33,670 --> 01:07:32,480

as uh the person who puts out all his

1885

01:07:36,230 --> 01:07:33,680

work

1886

01:07:38,549 --> 01:07:36,240

for you to keep it in your head

1887

01:07:40,630 --> 01:07:38,559

you you live in an encyclopedia like jim

1888

01:07:42,950 --> 01:07:40,640

mars or what

1889

01:07:44,069 --> 01:07:42,960

i'm not quite that good but i

1890

01:07:45,750 --> 01:07:44,079

that's

1891

01:07:46,950 --> 01:07:45,760

i have a lot of books open on my desk

1892

01:07:49,029 --> 01:07:46,960

right now so that when something comes

1893

01:07:50,470 --> 01:07:49,039

up i can go okay here we go here

1894

01:07:53,349 --> 01:07:50,480

you know because there there's a lot to

1895

01:07:54,870 --> 01:07:53,359

it but like for example um

1896

01:07:56,789 --> 01:07:54,880

next week i'm gonna be going to san

1897

01:08:00,390 --> 01:07:56,799

francisco to meet with a person that

1898

01:08:01,510 --> 01:08:00,400

published uh one of his novels in 1949

1899

01:08:02,309 --> 01:08:01,520

um

1900

01:08:07,029 --> 01:08:02,319

and

1901

01:08:08,549 --> 01:08:07,039

he's got you know great stories to tell

1902

01:08:09,589 --> 01:08:08,559

about when he having known i'll run

1903

01:08:11,190 --> 01:08:09,599

hubbard so i'm gonna go up there and

1904

01:08:12,789 --> 01:08:11,200

we're gonna do an interview

1905

01:08:13,990 --> 01:08:12,799

so part of that helps me to find out

1906

01:08:15,829 --> 01:08:14,000

more about i'm just from talking to

1907

01:08:17,829 --> 01:08:15,839

others who knew him it's getting harder

1908

01:08:20,709 --> 01:08:17,839

to find people like that but he's

1909

01:08:22,309 --> 01:08:20,719

um he's got a very busy schedule but we

1910

01:08:24,390 --> 01:08:22,319

got slide in all day thursday to be able

1911

01:08:26,950 --> 01:08:24,400

to talk and do an interview

1912

01:08:29,910 --> 01:08:26,960

so i'll do that type of stuff to

1913

01:08:32,229 --> 01:08:29,920

get more understanding of hubbard

1914

01:08:33,990 --> 01:08:32,239

you are the keeper of the vault of

1915

01:08:37,030 --> 01:08:34,000

everything I ron hubbard so it's your

1916

01:08:38,870 --> 01:08:37,040

duty to seek these people out huh

1917

01:08:40,550 --> 01:08:38,880

yeah no it's and it's

1918

01:08:41,829 --> 01:08:40,560

and they have such amazing stories

1919

01:08:43,110 --> 01:08:41,839

because it's um

1920

01:08:44,390 --> 01:08:43,120

like i said i mentioned some of those

1921

01:08:45,990 --> 01:08:44,400

people that were the

1922

01:08:47,669 --> 01:08:46,000

the original judges of the illustrators

1923

01:08:49,349 --> 01:08:47,679

of the future contest they themselves

1924

01:08:51,110 --> 01:08:49,359

had great stories about ron because

1925

01:08:52,709 --> 01:08:51,120

authors at the time

1926

01:08:55,510 --> 01:08:52,719

never really talked to the artist

1927

01:08:57,829 --> 01:08:55,520

because the artists were just like

1928

01:08:59,590 --> 01:08:57,839

they they weren't really of anything of

1929

01:09:01,749 --> 01:08:59,600

being noticed and and

1930

01:09:03,349 --> 01:09:01,759

um some of them were talking about how

1931

01:09:04,709 --> 01:09:03,359

he was so unlike the other authors that

1932

01:09:06,470 --> 01:09:04,719

he would actually come in and thank him

1933

01:09:08,470 --> 01:09:06,480

and appreciate you know for what they

1934

01:09:10,070 --> 01:09:08,480

did and they just they felt so special

1935

01:09:11,990 --> 01:09:10,080

when when he would talk to him because

1936

01:09:14,630 --> 01:09:12,000

he said nobody nobody else did that the

1937

01:09:15,510 --> 01:09:14,640

other authors wouldn't do that so

1938

01:09:17,189 --> 01:09:15,520

um

1939

01:09:19,030 --> 01:09:17,199

so that's just you know just amazing

1940

01:09:21,669 --> 01:09:19,040

what he's able to do on that

1941

01:09:23,110 --> 01:09:21,679

that is my how did you get to the helm

1942

01:09:24,950 --> 01:09:23,120

of such a thing and how long have you

1943

01:09:26,950 --> 01:09:24,960

been doing this

1944

01:09:28,789 --> 01:09:26,960

well i kind of like um

1945

01:09:31,030 --> 01:09:28,799

you started first of all by sweeping the

1946

01:09:32,149 --> 01:09:31,040

floors yeah you learned how to take out

1947

01:09:34,950 --> 01:09:32,159

the trash

1948

01:09:36,950 --> 01:09:34,960

yes

1949

01:09:38,709 --> 01:09:36,960

and then somebody calls in sick one day

1950

01:09:40,229 --> 01:09:38,719

say i can do that and then you quickly

1951

01:09:42,070 --> 01:09:40,239

learn how to do it and then you

1952

01:09:43,829 --> 01:09:42,080

eventually come up and um

1953

01:09:45,269 --> 01:09:43,839

because i've been working in publishing

1954

01:09:46,390 --> 01:09:45,279

since 86

1955

01:09:49,430 --> 01:09:46,400

and

1956

01:09:50,789 --> 01:09:49,440

i was asked to start galaxy press uh the

1957

01:09:52,709 --> 01:09:50,799

publisher house for all the fiction

1958

01:09:54,070 --> 01:09:52,719

works in 2002.

1959

01:09:56,950 --> 01:09:54,080

and so i've been the president since

1960

01:09:58,070 --> 01:09:56,960

2002 doing this and um

1961

01:10:00,310 --> 01:09:58,080

it's just

1962

01:10:02,550 --> 01:10:00,320

um it's been a lot of fun and actually

1963

01:10:04,709 --> 01:10:02,560

i'm going to probably going to london

1964

01:10:06,870 --> 01:10:04,719

right after the parade to work out the

1965

01:10:08,709 --> 01:10:06,880

release of battlefield earth in london

1966

01:10:10,790 --> 01:10:08,719

uh next spring

1967

01:10:14,149 --> 01:10:10,800

so it's um you know this is all kinds of

1968

01:10:16,149 --> 01:10:14,159

fun people to work with and it's just um

1969

01:10:18,070 --> 01:10:16,159

just i have a lot of fun and the more i

1970

01:10:19,510 --> 01:10:18,080

do the more it's a little easier to do

1971

01:10:22,390 --> 01:10:19,520

so people have questions i can better

1972

01:10:23,990 --> 01:10:22,400

answer the questions yeah and um

1973

01:10:25,350 --> 01:10:24,000

so it's just it's just one of those

1974

01:10:26,709 --> 01:10:25,360

win-win things and

1975

01:10:28,709 --> 01:10:26,719

you know things like this interview

1976

01:10:31,430 --> 01:10:28,719

right now is to me that's those are the

1977

01:10:33,830 --> 01:10:31,440

perks of the job

1978

01:10:35,910 --> 01:10:33,840

that's awesome are there gonna ever be

1979

01:10:38,229 --> 01:10:35,920

any more movies

1980

01:10:39,270 --> 01:10:38,239

about battlefield earth or any other of

1981

01:10:41,669 --> 01:10:39,280

uh

1982

01:10:43,830 --> 01:10:41,679

yeah we wanted yeah we want to do that

1983

01:10:46,709 --> 01:10:43,840

um we obviously didn't have a whole lot

1984

01:10:49,669 --> 01:10:46,719

of of a win on that first movie although

1985

01:10:50,950 --> 01:10:49,679

i get probably a third half people say i

1986

01:10:53,270 --> 01:10:50,960

love the movie and then the other ones

1987

01:10:54,950 --> 01:10:53,280

say they didn't and um so

1988

01:10:57,669 --> 01:10:54,960

i personally love the movie because i

1989

01:10:59,350 --> 01:10:57,679

sold half a million books

1990

01:11:01,189 --> 01:10:59,360

know so that in itself there's a lot of

1991

01:11:02,550 --> 01:11:01,199

people that became fans of the author

1992

01:11:03,830 --> 01:11:02,560

and so i sold a lot of books because of

1993

01:11:05,990 --> 01:11:03,840

that which is

1994

01:11:08,310 --> 01:11:06,000

the the for me one of the big values of

1995

01:11:10,310 --> 01:11:08,320

it even better had the movie been better

1996

01:11:12,390 --> 01:11:10,320

well received

1997

01:11:14,070 --> 01:11:12,400

um but ultimately i got we sold a lot of

1998

01:11:15,750 --> 01:11:14,080

books from that but we are right now

1999

01:11:17,430 --> 01:11:15,760

we're working on um

2000

01:11:19,590 --> 01:11:17,440

a graphic novel of battlefield earth and

2001
01:11:21,270 --> 01:11:19,600
that being done we're going to venture

2002
01:11:23,350 --> 01:11:21,280
back into the um

2003
01:11:25,270 --> 01:11:23,360
into that uh in the movie

2004
01:11:27,990 --> 01:11:25,280
realm of things

2005
01:11:29,030 --> 01:11:28,000
nice oh that is fantastic

2006
01:11:31,669 --> 01:11:29,040
you know i

2007
01:11:33,110 --> 01:11:31,679
i dug the movie i did

2008
01:11:35,350 --> 01:11:33,120
yeah i mean a lot of people a lot of

2009
01:11:38,149 --> 01:11:35,360
people did just you know sometimes i

2010
01:11:40,229 --> 01:11:38,159
just i go i approach the movie very just

2011
01:11:42,390 --> 01:11:40,239
open as an open slate however person

2012
01:11:45,590 --> 01:11:42,400
wants to go i can i can appreciate

2013
01:11:48,229 --> 01:11:45,600

either side of it i personally um

2014

01:11:49,350 --> 01:11:48,239

you know i enjoyed it you know it's um

2015

01:11:53,430 --> 01:11:49,360

there are some things that were at

2016

01:11:55,590 --> 01:11:53,440

variance to the storyline which is what

2017

01:11:57,270 --> 01:11:55,600

made it there's their cavemen that he

2018

01:11:59,110 --> 01:11:57,280

finds but there's no cavemen in the

2019

01:12:00,709 --> 01:11:59,120

story there are people from scotland

2020

01:12:02,709 --> 01:12:00,719

they're scotsman and they're like

2021

01:12:04,709 --> 01:12:02,719

they're very dedicated and they're very

2022

01:12:06,630 --> 01:12:04,719

on purpose and duty

2023

01:12:08,630 --> 01:12:06,640

and dutiful and they don't

2024

01:12:11,270 --> 01:12:08,640

they're like and they don't fly off six

2025

01:12:11,990 --> 01:12:11,280

teams you know it's it's it's not that

2026

01:12:14,470 --> 01:12:12,000

so

2027

01:12:16,709 --> 01:12:14,480

the willingness to to suspend one's

2028

01:12:18,149 --> 01:12:16,719

disbelief was a lot harder

2029

01:12:19,910 --> 01:12:18,159

in the movie

2030

01:12:21,430 --> 01:12:19,920

than it is in the book and so that was

2031

01:12:22,870 --> 01:12:21,440

the i think that was ultimately the

2032

01:12:25,270 --> 01:12:22,880

problem that

2033

01:12:27,270 --> 01:12:25,280

that people had with it and why the fans

2034

01:12:29,030 --> 01:12:27,280

didn't come to the defense when

2035

01:12:31,030 --> 01:12:29,040

you know some of the critics wanted to

2036

01:12:32,950 --> 01:12:31,040

be able to um

2037

01:12:33,910 --> 01:12:32,960

drop their droppings

2038

01:12:37,910 --> 01:12:33,920

yeah

2039

01:12:40,870 --> 01:12:37,920

that's a good way to plan i like that

2040

01:12:43,189 --> 01:12:40,880

let's drop their droppings everybody

2041

01:12:44,229 --> 01:12:43,199

thank goodness you know i have a hard

2042

01:12:47,430 --> 01:12:44,239

time

2043

01:12:50,070 --> 01:12:47,440

i don't really listen to the reviews

2044

01:12:52,950 --> 01:12:50,080

from the official reviewers of movies

2045

01:12:55,669 --> 01:12:52,960

and whatnot because teach their own it

2046

01:12:59,350 --> 01:12:55,679

yeah i like science fiction i love

2047

01:13:01,270 --> 01:12:59,360

special effects i like the idea

2048

01:13:02,390 --> 01:13:01,280

wherever a person's mind can go and make

2049

01:13:04,630 --> 01:13:02,400

it into

2050

01:13:07,350 --> 01:13:04,640

spin the story into such a cool reality

2051

01:13:09,430 --> 01:13:07,360

i just wanna dig in i i love that kind

2052

01:13:12,550 --> 01:13:09,440

of stuff so i'm gonna see every science

2053

01:13:14,070 --> 01:13:12,560

fiction movie out there because i just

2054

01:13:16,550 --> 01:13:14,080

that's just me and i think if you're a

2055

01:13:18,229 --> 01:13:16,560

science fiction fan you you you go see

2056

01:13:19,910 --> 01:13:18,239

it no matter what people are saying i i

2057

01:13:21,750 --> 01:13:19,920

don't i don't know and it has to be on

2058

01:13:23,910 --> 01:13:21,760

the big screen too i can't be at home i

2059

01:13:25,750 --> 01:13:23,920

have to go to the theater i know a lot

2060

01:13:28,149 --> 01:13:25,760

of people are dropping off

2061

01:13:30,950 --> 01:13:28,159

going to the theaters but i'm like no i

2062

01:13:32,709 --> 01:13:30,960

i need that i need that

2063

01:13:33,590 --> 01:13:32,719

yeah no it's i'd love the big theaters

2064

01:13:36,950 --> 01:13:33,600

even though

2065

01:13:37,669 --> 01:13:36,960

paycheck to go see a movie but it's

2066

01:13:39,110 --> 01:13:37,679

still

2067

01:13:40,310 --> 01:13:39,120

it's worth it they're getting they're

2068

01:13:41,590 --> 01:13:40,320

pretty good

2069

01:13:42,709 --> 01:13:41,600

at least here in hollywood they can be

2070

01:13:44,550 --> 01:13:42,719

pretty

2071

01:13:47,030 --> 01:13:44,560

the chinese theater is gorgeous they

2072

01:13:48,390 --> 01:13:47,040

have this big iron max theater which is

2073

01:13:50,630 --> 01:13:48,400

just awesome

2074

01:13:52,470 --> 01:13:50,640

it's awesome to see movies there

2075

01:13:55,510 --> 01:13:52,480

i have not gone in there for a movie now

2076

01:13:59,030 --> 01:13:55,520

you got me thinking yeah it's really i

2077

01:14:04,070 --> 01:14:01,270

what was it the um

2078

01:14:07,270 --> 01:14:04,080

with tom cruise the um

2079

01:14:10,310 --> 01:14:08,630

no the one where they're yeah that's

2080

01:14:12,630 --> 01:14:10,320

your better half your better half yeah

2081

01:14:14,229 --> 01:14:12,640

my wife is speaking now not the american

2082

01:14:15,350 --> 01:14:14,239

made with the other one the uh before

2083

01:14:16,390 --> 01:14:15,360

that

2084

01:14:19,669 --> 01:14:16,400

mummy

2085

01:14:22,070 --> 01:14:19,679

you were talking about how you like um

2086

01:14:24,630 --> 01:14:22,080

any science fiction so that's yes more

2087

01:14:26,709 --> 01:14:24,640

of a fantasy but still it was uh

2088

01:14:28,630 --> 01:14:26,719

seeing in imax is just

2089

01:14:30,709 --> 01:14:28,640

it's amazing just the sound that they do

2090

01:14:33,669 --> 01:14:30,719

there and the quality of the of the

2091

01:14:36,630 --> 01:14:33,679

visual is just it's just amazing

2092

01:14:39,110 --> 01:14:36,640

oh my gosh i i dig it i mean i wish more

2093

01:14:41,590 --> 01:14:39,120

people would keep supporting

2094

01:14:43,350 --> 01:14:41,600

the theaters and getting out there

2095

01:14:45,030 --> 01:14:43,360

i i was really sad when the drive-in

2096

01:14:48,950 --> 01:14:45,040

theater is all shut down you know it's

2097

01:14:51,750 --> 01:14:48,960

like god no that's it it's such a

2098

01:14:54,070 --> 01:14:51,760

an adventure to go out and to to see

2099

01:14:56,390 --> 01:14:54,080

something on the big screen with others

2100

01:14:59,189 --> 01:14:56,400

taking it in popcorn everything's a

2101

01:15:00,630 --> 01:14:59,199

sticky mess it's an experience i i just

2102

01:15:02,790 --> 01:15:00,640

i don't know i hope that that's a

2103

01:15:05,189 --> 01:15:02,800

serious piece of americana that that's

2104

01:15:07,990 --> 01:15:05,199

unfortunate that no longer exists

2105

01:15:09,590 --> 01:15:08,000

yes yes but the theaters are struggling

2106

01:15:11,510 --> 01:15:09,600

this year they said everybody's watching

2107

01:15:13,189 --> 01:15:11,520

the movies at home it's like we've got

2108

01:15:15,590 --> 01:15:13,199

to change this around i'm telling you

2109

01:15:17,510 --> 01:15:15,600

and yeah you you know what i

2110

01:15:19,750 --> 01:15:17,520

after you told me

2111

01:15:22,229 --> 01:15:19,760

what you guys were able to pull off for

2112

01:15:24,790 --> 01:15:22,239

the audiobook version

2113

01:15:27,189 --> 01:15:24,800

i'm thinking a whole new

2114

01:15:30,149 --> 01:15:27,199

adventure can be had with audiobooks i

2115

01:15:32,630 --> 01:15:30,159

don't think i've ever heard of such an

2116

01:15:35,110 --> 01:15:32,640

audio book that is amazing what you guys

2117

01:15:36,550 --> 01:15:35,120

did totally amazing yeah i'd be very

2118

01:15:38,229 --> 01:15:36,560

interested to get your feedback on that

2119

01:15:40,790 --> 01:15:38,239

you know i know carmen talks to you

2120

01:15:42,470 --> 01:15:40,800

periodically so yeah i love it get it

2121

01:15:44,070 --> 01:15:42,480

get it and listen to it and then also

2122

01:15:45,750 --> 01:15:44,080

one thing i just realized i didn't tell

2123

01:15:47,750 --> 01:15:45,760

you is that there's a special right now

2124

01:15:49,510 --> 01:15:47,760

too on kindle if anybody's a kindle

2125

01:15:51,350 --> 01:15:49,520

reader uh the book battlefield is

2126

01:15:53,669 --> 01:15:51,360

available for only 99 cents it's

2127

01:15:55,110 --> 01:15:53,679

something that amazon offered up because

2128

01:15:57,510 --> 01:15:55,120

it's such a good selling book so they're

2129

01:15:59,110 --> 01:15:57,520

saying here you go uh you get 99 cents

2130

01:16:00,709 --> 01:15:59,120

now for um

2131

01:16:02,229 --> 01:16:00,719

for the battlefield book and they're

2132

01:16:04,790 --> 01:16:02,239

doing a whole promotion on it tomorrow

2133

01:16:05,910 --> 01:16:04,800

saturday um sending it out but it's

2134

01:16:08,229 --> 01:16:05,920

right now it's available for several

2135

01:16:09,750 --> 01:16:08,239

days for 99 cents only so that's

2136

01:16:11,110 --> 01:16:09,760

something like that

2137

01:16:12,310 --> 01:16:11,120

if anybody got interested in what we've

2138

01:16:14,310 --> 01:16:12,320

been talking about for this last hour

2139

01:16:15,990 --> 01:16:14,320

and a half then um they want to check it

2140

01:16:16,790 --> 01:16:16,000

out 99 cents isn't a whole lot to have

2141

01:16:21,189 --> 01:16:16,800

to

2142

01:16:22,790 --> 01:16:21,199

right so starting november fourth

2143

01:16:24,630 --> 01:16:22,800

saturday tomorrow they're gonna have

2144

01:16:26,229 --> 01:16:24,640

that for 99 cents for great well it's

2145

01:16:28,149 --> 01:16:26,239

right it's right 99 cents but they're

2146

01:16:29,590 --> 01:16:28,159

sending out a whole big email promotion

2147

01:16:31,350 --> 01:16:29,600

themselves tomorrow letting people know

2148

01:16:32,550 --> 01:16:31,360

so this is you're gaining advanced

2149

01:16:34,870 --> 01:16:32,560

notice so

2150

01:16:36,870 --> 01:16:34,880

get the e-book while supplies last

2151

01:16:38,950 --> 01:16:36,880

oh my gosh i'm gonna be all over that i

2152

01:16:40,630 --> 01:16:38,960

have a lot of books to get now with this

2153

01:16:41,750 --> 01:16:40,640

2154

01:16:43,990 --> 01:16:41,760

2155

2156

01:16:48,149 --> 01:16:45,520
