voice of the French majority here is

19

00:00:52,540 --> 00:00:49,500

your UFO headline news UFO sighting in

20

00:00:56,750 --> 00:00:52,550

Point Pleasant New Jersey on July 31st

21

00:00:58,459 --> 00:00:56,760

2017 the witness states my family and I

22

00:01:01,099 --> 00:00:58,469

were eating dinner at an outdoor

23

00:01:03,860 --> 00:01:01,109

restaurant in Point Pleasant New Jersey

24

00:01:08,810 --> 00:01:03,870

at the height of the summer Shore season

25

00:01:11,300 --> 00:01:08,820

and around 8:20 p.m. on July 31st 2017 I

26

00:01:15,820 --> 00:01:11,310

looked up to the northwestern sky and

27

00:01:18,830 --> 00:01:15,830

saw three white bright orbs in the sky

28

00:01:21,380 --> 00:01:18,840

the way they were aligned and the fact

29

00:01:24,590 --> 00:01:21,390

that none were blinking seemed somewhat

30

00:01:27,649 --> 00:01:24,600

odd but I still reasoned that it was an

31

00:01:30,620 --> 00:01:27,659

airplane however when I looked up for a

32

00:01:33,740 --> 00:01:30,630

minute later they were all in the exact

33

00:01:36,080 --> 00:01:33,750

same spot for the next 10 minutes I

34

00:01:39,679 --> 00:01:36,090

stared at them as they stood motionless

35

00:01:42,319 --> 00:01:39,689

in the sky my family members were all so

36

00:01:44,840 --> 00:01:42,329

baffled as to what type of aircraft the

37

00:01:47,929 --> 00:01:44,850

lights belong to and if it was an

38

00:01:50,359 --> 00:01:47,939

aircraft at all after that time the

39

00:01:53,510 --> 00:01:50,369

three appeared to slowly dim then

40

00:01:56,359 --> 00:01:53,520

extinguished in about the span of five

41

00:01:59,359 --> 00:01:56,369

seconds it was a beautifully clear

42

00:02:01,609 --> 00:01:59,369

summer evening over Point Pleasant so

43

00:02:06,620 --> 00:02:01,619

someone else had to have seen them and

44

00:02:09,499 --> 00:02:06,630

wondered what they were as well next UFO

45

00:02:13,699 --> 00:02:09,509

sighting in Mount Baldy mountain range

46

00:02:16,550 --> 00:02:13,709

California on September 10th of 2017

47

00:02:19,550 --> 00:02:16,560

the witness states I came home from work

48

00:02:22,640 --> 00:02:19,560

the usual late shift at around 1:30 a.m.

49

00:02:26,449 --> 00:02:22,650

I went inside around 2:00 to 3:00 a.m.

50

00:02:29,809 --> 00:02:26,459

it began to stargaze I have seen lights

51
00:02:33,199 --> 00:02:29,819
in the area before then two orbs

52
00:02:35,750 --> 00:02:33,209
appeared I had not seen them and I would

53
00:02:39,050 --> 00:02:35,760
have noticed them during - the good

54
00:02:41,539 --> 00:02:39,060
clear and dark night from the driveway I

55
00:02:44,660 --> 00:02:41,549
can see two peaks of the Mount Baldy

56
00:02:47,780 --> 00:02:44,670
area in between the peaks were two orbs

57
00:02:51,530 --> 00:02:47,790
hovering they sat for a good 10 seconds

58
00:02:53,629 --> 00:02:51,540
before descending when descended faster

59
00:02:56,720 --> 00:02:53,639
than the other they caught up hovered

60
00:02:59,059 --> 00:02:56,730
and then descended out of my view the

61
00:03:01,159 --> 00:02:59,069
reason I am reporting this so late is

62
00:03:03,949 --> 00:03:01,169
because my younger brother just had a

63
00:03:08,059 --> 00:03:03,959

very similar experience coming home he

64

00:03:11,890 --> 00:03:08,069

saw one probe right about 30 miles away

65

00:03:15,110 --> 00:03:11,900

descend rapidly he described it as

66

00:03:18,710 --> 00:03:15,120

dropped to the ground I know this area

67

00:03:20,719 --> 00:03:18,720

is active on an infamous level I was

68

00:03:22,969 --> 00:03:20,729

interested in hearing more feedback I've

69

00:03:27,430 --> 00:03:22,979

seen orbs here at least four to five

70

00:03:32,449 --> 00:03:27,440

times so I know I will see them again

71

00:03:34,520 --> 00:03:32,459

next report comes to us from UFO

72

00:03:39,319 --> 00:03:34,530

sighting in thorne abhi England on

73

00:03:41,360 --> 00:03:39,329

November 7th 2017 the witness states I

74

00:03:43,849 --> 00:03:41,370

went out into my front garden for a

75

00:03:46,369 --> 00:03:43,859

cigarette with my husband and looked up

76
00:03:49,429 --> 00:03:46,379
at the clouds above the houses across

77
00:03:52,520 --> 00:03:49,439
the street I noticed a very bright white

78
00:03:55,670 --> 00:03:52,530
intermittent trail when following the

79
00:03:59,539 --> 00:03:55,680
trail to the right noticed a small white

80
00:04:01,490 --> 00:03:59,549
glowing spot perhaps an orb moving in

81
00:04:03,979 --> 00:04:01,500
front of the clouds I told my husband to

82
00:04:06,080 --> 00:04:03,989
take a look at it but the trail had

83
00:04:07,729 --> 00:04:06,090
disappeared and he wasn't able to see

84
00:04:10,219 --> 00:04:07,739
the orb before it disappeared

85
00:04:13,129 --> 00:04:10,229
I'm not certain whether it went into the

86
00:04:15,559 --> 00:04:13,139
clouds or just disappeared the flight

87
00:04:18,560 --> 00:04:15,569
path for the local airport goes over our

88
00:04:21,979 --> 00:04:18,570

house when planes are in holding to land

89

00:04:25,430 --> 00:04:21,989

this definitely was not a plane or

90

00:04:26,980 --> 00:04:25,440

helicopter there was no sound and the

91

00:04:30,879 --> 00:04:26,990

trail at left wasn't

92

00:04:33,760 --> 00:04:30,889

like a normal contrail or chemtrail from

93

00:04:36,309 --> 00:04:33,770

a plane the trail was like a series of

94

00:04:39,400 --> 00:04:36,319

dashes but they weren't perfectly

95

00:04:41,800 --> 00:04:39,410

straight like the orb was bouncing up

96

00:04:44,559 --> 00:04:41,810

and down a bit as they were made and

97

00:04:49,480 --> 00:04:44,569

they were really bright almost like they

98

00:04:52,180 --> 00:04:49,490

had their own light source very odd if I

99

00:04:54,309 --> 00:04:52,190

hadn't seen it to been a trail I

100

00:04:58,089 --> 00:04:54,319

probably would have just thought the orb

101
00:05:00,550 --> 00:04:58,099
was a bird at a distance I don't keep my

102
00:05:05,170 --> 00:05:00,560
phone on me so I wasn't able to get any

103
00:05:08,320 --> 00:05:05,180
photos or video our next sighting comes

104
00:05:12,670 --> 00:05:08,330
from UFO sighting in Vancouver British

105
00:05:14,260 --> 00:05:12,680
Columbia on November 7th of 2017 the

106
00:05:17,680 --> 00:05:14,270
witness states I was coming back from

107
00:05:20,740 --> 00:05:17,690
work and saw what looked like a shooting

108
00:05:23,200 --> 00:05:20,750
star so I began to take out my phone to

109
00:05:26,409 --> 00:05:23,210
film the shooting star however it

110
00:05:29,649 --> 00:05:26,419
started to stop and brighten up and then

111
00:05:31,839 --> 00:05:29,659
began to move in a direct and different

112
00:05:34,930 --> 00:05:31,849
direction and that's when I began

113
00:05:36,100 --> 00:05:34,940

recording I was too confused and assumed

114

00:05:38,740 --> 00:05:36,110

it's a plane

115

00:05:41,589 --> 00:05:38,750

so I just ignored it until I got home

116

00:05:45,159 --> 00:05:41,599

and looked at it again and thought maybe

117

00:05:47,800 --> 00:05:45,169

it could be something else to find the

118

00:05:51,700 --> 00:05:47,810

links to these stories and more be sure

119

00:05:56,040 --> 00:05:51,710

to come to UFO headline news and follow

120

00:06:00,430 --> 00:05:56,050

the link for this date from UFO stalker

121

00:06:04,870 --> 00:06:00,440

next on to earth sky news a study probes

122

00:06:05,409 --> 00:06:04,880

Saturn's moon in cladius plus a new

123

00:06:08,980 --> 00:06:05,419

mission

124

00:06:11,439 --> 00:06:08,990

a new study shed light on what powers

125

00:06:13,510 --> 00:06:11,449

and clay TISS extraordinary geologic

126

00:06:16,839 --> 00:06:13,520

activity while at a conference in

127

00:06:19,600 --> 00:06:16,849

Seattle just last week space visionaries

128

00:06:23,320 --> 00:06:19,610

discussed a return to Saturn's geyser

129

00:06:25,839 --> 00:06:23,330

moon there was exciting news last week

130

00:06:30,100 --> 00:06:25,849

about Saturn's fascinating moon and clay

131

00:06:33,490 --> 00:06:30,110

this geologically active world that

132

00:06:37,180 --> 00:06:33,500

sprays water ice particles water vapor

133

00:06:40,330 --> 00:06:37,190

and organic compounds from fissures on

134

00:06:43,629 --> 00:06:40,340

its surface on November 6th when

135

00:06:46,629 --> 00:06:43,639

17 European and US researchers announced

136

00:06:49,659 --> 00:06:46,639

results from a new modeling study which

137

00:06:52,540 --> 00:06:49,669

might solve a decades-old puzzle about

138

00:06:55,240 --> 00:06:52,550

what types this little outer solar

139

00:06:58,300 --> 00:06:55,250

system moon active as opposed to just

140

00:07:01,300 --> 00:06:58,310

freezing solid the study showed that if

141

00:07:03,090 --> 00:07:01,310

the moon has a highly porous core heat

142

00:07:06,520 --> 00:07:03,100

from friction could power its

143

00:07:09,879 --> 00:07:06,530

hydrothermal activity for billions of

144

00:07:12,879 --> 00:07:09,889

years then on November 9th during the

145

00:07:15,480 --> 00:07:12,889

new space age conference at Seattle's

146

00:07:19,510 --> 00:07:15,490

Museum of Flight russian billionaire

147

00:07:22,200 --> 00:07:19,520

Yuri Milner described a vision to send

148

00:07:25,450 --> 00:07:22,210

the first privately funded

149

00:07:30,490 --> 00:07:25,460

interplanetary space mission to look for

150

00:07:32,080 --> 00:07:30,500

life at in GLaDOS new mission yuri

151

00:07:34,930 --> 00:07:32,090

milner is known for his financial

152

00:07:39,159 --> 00:07:34,940

support of the search for life beyond

153

00:07:41,590 --> 00:07:39,169

Earth via breakthrough listen to the

154

00:07:44,950 --> 00:07:41,600

radio telescopes and breakthrough

155

00:07:46,960 --> 00:07:44,960

starshot a plan to send swarms of nano

156

00:07:51,640 --> 00:07:46,970

spacecraft through the star system

157

00:07:54,940 --> 00:07:51,650

next-door Alpha Centauri the latest

158

00:07:56,440 --> 00:07:54,950

twist as reported by alan boyle in greek

159

00:07:59,440 --> 00:07:56,450

wire on november 9th

160

00:08:02,110 --> 00:07:59,450

states it's a plan to bring the search

161

00:08:05,440 --> 00:08:02,120

for life beyond Earth closer to home in

162

00:08:08,650 --> 00:08:05,450

the past astrobiologists have speculated

163

00:08:11,379 --> 00:08:08,660

that microbial life could lurk far

164

00:08:14,589 --> 00:08:11,389

beyond and below the surface of Mars or

165

00:08:18,790 --> 00:08:14,599

beneath a miles thick layer of ice on

166

00:08:20,950 --> 00:08:18,800

Europa one of Jupiter's moons but Milner

167

00:08:23,409 --> 00:08:20,960

said at the conference the most

168

00:08:25,560 --> 00:08:23,419

promising a recent candidate is in

169

00:08:28,060 --> 00:08:25,570

GLaDOS one of the moons of Saturn as

170

00:08:30,100 --> 00:08:28,070

reported by Boyle Milner said at the

171

00:08:34,329 --> 00:08:30,110

conference that he and others including

172

00:08:37,360 --> 00:08:34,339

Carolyn Porco who headed NASA's imaging

173

00:08:40,269 --> 00:08:37,370

team for Cassini mission formed a quote

174

00:08:42,659 --> 00:08:40,279

little workshop around the idea of a

175

00:08:46,600 --> 00:08:42,669

private space mission - and Gladys

176

00:08:48,910 --> 00:08:46,610

Milner asked can we design a low-cost

177

00:08:51,400 --> 00:08:48,920

privately funded mission to include us

178

00:08:54,100 --> 00:08:51,410

which can be launched relatively soon

179

00:08:56,319 --> 00:08:54,110

and that can look more thoroughly at the

180

00:08:59,740 --> 00:08:56,329

plumes of water ice particles water

181

00:09:02,560 --> 00:08:59,750

vapor and organic compounds spewing from

182

00:09:05,949 --> 00:09:02,570

ik ladis to try to see what's going on

183

00:09:08,170 --> 00:09:05,959

there Milner told geek wire that he's

184

00:09:10,960 --> 00:09:08,180

unsure of a time frame for a privately

185

00:09:12,850 --> 00:09:10,970

funded mission but hopefully it could

186

00:09:16,410 --> 00:09:12,860

happen sooner than missions being

187

00:09:23,560 --> 00:09:16,420

considered by NASA or ESA including

188

00:09:26,139 --> 00:09:23,570

e.l.f Els a H and e t2 he indicated to

189

00:09:28,900 --> 00:09:26,149

geek wire he is considering funding a

190

00:09:32,829 --> 00:09:28,910

feasibility study for a private mission

191

00:09:36,009 --> 00:09:32,839

to and GLaDOS new insights the new study

192

00:09:38,259 --> 00:09:36,019

about an clade assess interior uses data

193

00:09:41,829 --> 00:09:38,269

from the Cassini spacecraft whose

194

00:09:45,519 --> 00:09:41,839

mission to Saturn lasted from 2004 to

195

00:09:48,519 --> 00:09:45,529

September of 2017 and is based on

196

00:09:50,410 --> 00:09:48,529

computer modeling the study was

197

00:09:52,780 --> 00:09:50,420

published a couple of days before the

198

00:09:56,470 --> 00:09:52,790

new space age conference on November 6

199

00:09:59,230 --> 00:09:56,480

in the peer-reviewed journal Nature

200

00:10:01,329 --> 00:09:59,240

astronomy the researcher said in a

201
00:10:03,250 --> 00:10:01,339
statement that their study helps resolve

202
00:10:06,160 --> 00:10:03,260
a question they've grappled with for a

203
00:10:09,759 --> 00:10:06,170
decade since Cassini discovered active

204
00:10:11,590 --> 00:10:09,769
geysers on and cleitus that is where

205
00:10:13,870 --> 00:10:11,600
does the energy to power the

206
00:10:16,689 --> 00:10:13,880
extraordinary geologic activity UNAC

207
00:10:18,850 --> 00:10:16,699
ladis come from researchers believe that

208
00:10:23,139 --> 00:10:18,860
the temperature inside in clay dhis a

209
00:10:26,730 --> 00:10:23,149
tiny world only 300 miles across in the

210
00:10:29,949 --> 00:10:26,740
cold outer solar system must be at least

211
00:10:32,889 --> 00:10:29,959
194 degrees Fahrenheit which is 90

212
00:10:35,500 --> 00:10:32,899
degrees Celsius but what keeps the

213
00:10:37,389 --> 00:10:35,510

interior of the moon so warm the amount

214

00:10:39,280 --> 00:10:37,399

of energy required to produce these

215

00:10:41,650 --> 00:10:39,290

temperatures is more than scientists

216

00:10:44,650 --> 00:10:41,660

think could be provided by decay of

217

00:10:48,910 --> 00:10:44,660

radioactive elements in the interior

218

00:10:51,130 --> 00:10:48,920

Geils Chalet who led the new study said

219

00:10:54,130 --> 00:10:51,140

we're in clay dust gets the sustain

220

00:10:56,110 --> 00:10:54,140

power to remain active has always been a

221

00:10:58,780 --> 00:10:56,120

bit of a mystery but we've now

222

00:11:01,000 --> 00:10:58,790

considered a greater detail how the

223

00:11:03,880 --> 00:11:01,010

structure and composition of the moans

224

00:11:06,540 --> 00:11:03,890

rocky core could play a key role in

225

00:11:08,140 --> 00:11:06,550

generating the necessary energy

226

00:11:09,790 --> 00:11:08,150

according to the research

227

00:11:13,240 --> 00:11:09,800

Richard's statement Chablis and

228

00:11:17,620 --> 00:11:13,250

co-authors found that a loose rocky core

229

00:11:18,190 --> 00:11:17,630

with 20 to 30% empty space could do the

230

00:11:20,890 --> 00:11:18,200

trick

231

00:11:24,040 --> 00:11:20,900

the simulations show that as in clay

232

00:11:26,920 --> 00:11:24,050

this orbit Saturn rocks in the porous

233

00:11:29,860 --> 00:11:26,930

core flex and rub together generating

234

00:11:32,620 --> 00:11:29,870

heat the loose interior also allows

235

00:11:34,990 --> 00:11:32,630

water from the ocean to percolate deep

236

00:11:37,140 --> 00:11:35,000

down where it heats up then Rises

237

00:11:39,970 --> 00:11:37,150

interacting chemically with the rocks

238

00:11:43,570 --> 00:11:39,980

the models show this activity could be

239

00:11:45,970 --> 00:11:43,580

at a maximum to the moon's poles plumes

240

00:11:47,800 --> 00:11:45,980

of the warm mineral Laden water gushed

241

00:11:50,320 --> 00:11:47,810

from the seafloor and travel upward

242

00:11:53,110 --> 00:11:50,330

thinning the moon's ice shell from

243

00:11:56,290 --> 00:11:53,120

beneath to only half a mile to 3 miles

244

00:11:58,570 --> 00:11:56,300

at the South Pole the average global

245

00:12:02,650 --> 00:11:58,580

thickness of the ice is thought to be

246

00:12:05,800 --> 00:12:02,660

about 12 to 16 miles or 20 to 25

247

00:12:08,140 --> 00:12:05,810

kilometers and this same water is then

248

00:12:10,930 --> 00:12:08,150

expelled into space through fractures in

249

00:12:13,840 --> 00:12:10,940

the ice NASA's Cassini project scientist

250

00:12:15,070 --> 00:12:13,850

Linda's bilker at the agency's Jet

251
00:12:18,340 --> 00:12:15,080
Propulsion Laboratory in Pasadena

252
00:12:20,860 --> 00:12:18,350
California commented this powerful

253
00:12:23,650 --> 00:12:20,870
research makes us the newer details

254
00:12:26,410 --> 00:12:23,660
namely the ocean is global and has

255
00:12:28,990 --> 00:12:26,420
hydrothermal activity that we just

256
00:12:32,200 --> 00:12:29,000
didn't have the past couple of years

257
00:12:34,680 --> 00:12:32,210
it's an insight that the mission needed

258
00:12:37,810 --> 00:12:34,690
time to build one discovery upon another

259
00:12:39,970 --> 00:12:37,820
Cassini ended its journey was a dramatic

260
00:12:41,350 --> 00:12:39,980
plunge into Saturn's atmosphere this

261
00:12:43,630 --> 00:12:41,360
past September 15th

262
00:12:45,820 --> 00:12:43,640
although space researchers will be

263
00:12:48,760 --> 00:12:45,830

analyzing its data for years to come

264

00:12:53,440 --> 00:12:48,770

it's clear they're already itching to

265

00:12:56,410 --> 00:12:53,450

get back to Saturn then finally a look

266

00:12:58,720 --> 00:12:56,420

into the paranormal these stories come

267

00:13:01,630 --> 00:12:58,730

to us from thought Co and you can find

268

00:13:04,930 --> 00:13:01,640

the links on UFO headline news on

269

00:13:08,500 --> 00:13:04,940

inception radio network the haunted

270

00:13:11,530 --> 00:13:08,510

painting can inanimate objects be

271

00:13:13,360 --> 00:13:11,540

haunted can a spirit attach itself to a

272

00:13:18,270 --> 00:13:13,370

particular thing and then cause

273

00:13:21,130 --> 00:13:18,280

unexplained events to occur around it an

274

00:13:21,970 --> 00:13:21,140

interesting letter was received by

275

00:13:24,210 --> 00:13:21,980

someone named

276

00:13:26,950 --> 00:13:24,220

Laura who is an accomplished painter

277

00:13:28,840 --> 00:13:26,960

Laura has sold many of her works to

278

00:13:32,110 --> 00:13:28,850

individuals and businesses around the

279

00:13:34,510 --> 00:13:32,120

u.s. one painting in particular however

280

00:13:37,600 --> 00:13:34,520

is unlike any other that Laura has ever

281

00:13:41,320 --> 00:13:37,610

done its subject matter to begin with is

282

00:13:44,140 --> 00:13:41,330

most unusual it is based on a paranormal

283

00:13:46,830 --> 00:13:44,150

photograph a photograph that may have

284

00:13:49,810 --> 00:13:46,840

captured the image of a headless ghost

285

00:13:54,910 --> 00:13:49,820

could this ghost have attached itself to

286

00:13:58,690 --> 00:13:54,920

Laura's painting this is Laura's story

287

00:14:00,810 --> 00:13:58,700

the haunted painting she states in 1994

288

00:14:03,520 --> 00:14:00,820

James kid a commercial photographer

289

00:14:06,400 --> 00:14:03,530

placed one of his photos on display at a

290

00:14:09,070 --> 00:14:06,410

gallery in Tombstone Arizona where I was

291

00:14:12,190 --> 00:14:09,080

showing some of my own oil paintings the

292

00:14:14,980 --> 00:14:12,200

photo was the old stagecoach stop at

293

00:14:17,770 --> 00:14:14,990

tombstone he first took a photo of the

294

00:14:21,040 --> 00:14:17,780

stagecoach stop and an old stagecoach

295

00:14:23,200 --> 00:14:21,050

and then he didn't wind his camera so he

296

00:14:25,870 --> 00:14:23,210

could get a double exposure photo with

297

00:14:27,790 --> 00:14:25,880

another old wagon in the foreground when

298

00:14:30,850 --> 00:14:27,800

the picture was developed however it

299

00:14:32,980 --> 00:14:30,860

revealed something unexpected standing

300

00:14:35,350 --> 00:14:32,990

on a log to the left of the wagon is a

301
00:14:38,260 --> 00:14:35,360
figure that the photographer did not see

302
00:14:41,440 --> 00:14:38,270
when he took the picture upon close

303
00:14:42,700 --> 00:14:41,450
inspection the figure appears to be a

304
00:14:46,030 --> 00:14:42,710
headless man

305
00:14:48,670 --> 00:14:46,040
the figures coat pants and boots are

306
00:14:51,940 --> 00:14:48,680
quite plain and easy to see but he has

307
00:14:54,280 --> 00:14:51,950
no head the photographer says the photo

308
00:14:56,740 --> 00:14:54,290
has been examined by Kodak and other

309
00:15:00,610 --> 00:14:56,750
experts to prove that he did not doctor

310
00:15:03,880 --> 00:15:00,620
it in any way the original photo can be

311
00:15:05,980 --> 00:15:03,890
seen at ghosts of Tombstone I couldn't

312
00:15:08,620 --> 00:15:05,990
get over that photo and asked him if I

313
00:15:10,080 --> 00:15:08,630

could do an oil painting of it I do most

314

00:15:13,810 --> 00:15:10,090

of the paintings from photos I've taken

315

00:15:17,680 --> 00:15:13,820

he said I could back home in Sierra

316

00:15:20,310 --> 00:15:17,690

Vista Arizona I began work on a 16 by 20

317

00:15:22,150 --> 00:15:20,320

inch oil painting based on that photo

318

00:15:24,910 --> 00:15:22,160

when I was about halfway through

319

00:15:26,170 --> 00:15:24,920

completing the painting I started

320

00:15:29,590 --> 00:15:26,180

getting a strange feeling

321

00:15:31,570 --> 00:15:29,600

I began ask myself why on earth did I

322

00:15:34,060 --> 00:15:31,580

want a pic I'm back that little voice

323

00:15:35,560 --> 00:15:34,070

inside your head we both know going to

come slash safe paint this picture and

333

00:16:07,030 --> 00:16:04,370

maybe I should never have started it but

334

00:16:09,190 --> 00:16:07,040

I did finish it and then some very

335

00:16:12,730 --> 00:16:09,200

strange unexplained things began to

336

00:16:15,580 --> 00:16:12,740

happen around my home seemingly centered

337

00:16:19,060 --> 00:16:15,590

around that painting I do not believe in

338

00:16:21,790 --> 00:16:19,070

ghosts but I cannot for the life of me

339

00:16:22,840 --> 00:16:21,800

explain how or why these strange things

340

00:16:25,630 --> 00:16:22,850

have happened

341

00:16:28,660 --> 00:16:25,640

I cannot attribute every one of these

342

00:16:31,750 --> 00:16:28,670

events directly to the painting but they

343

00:16:34,980 --> 00:16:31,760

all have taken place since it has been

344

00:16:38,770 --> 00:16:34,990

in my house and are totally unexplained

345

00:16:41,140 --> 00:16:38,780

the hauntings begin office havoc

346

00:16:43,270 --> 00:16:41,150

I took the frame painting with some

347

00:16:46,060 --> 00:16:43,280

others for a display in a business

348

00:16:49,270 --> 00:16:46,070

location we hung the ghost painting on

349

00:16:51,970 --> 00:16:49,280

the wall behind an office desk three

350

00:16:54,190 --> 00:16:51,980

days later people from the office called

351
00:16:57,730 --> 00:16:54,200
and asked me to come and pick up the

352
00:17:00,250 --> 00:16:57,740
ghost painting every morning they

353
00:17:02,770 --> 00:17:00,260
claimed the painting was crooked and

354
00:17:06,640 --> 00:17:02,780
they would straighten it up and the next

355
00:17:09,250 --> 00:17:06,650
morning it would be crooked again my

356
00:17:11,620 --> 00:17:09,260
appointments were inexplicably messed up

357
00:17:14,679 --> 00:17:11,630
and papers went missing they were

358
00:17:19,890 --> 00:17:14,689
actually afraid of it so I took the

359
00:17:23,410 --> 00:17:19,900
painting back then a mysterious leak in

360
00:17:26,290 --> 00:17:23,420
1995 my husband and I moved into a brand

361
00:17:29,740 --> 00:17:26,300
new home in Tennessee we wondered if

362
00:17:33,100 --> 00:17:29,750
this ghostly goings on would stop but

363
00:17:36,070 --> 00:17:33,110

they didn't oddly the roof on the garage

364

00:17:38,980 --> 00:17:36,080

of this new home had a leak when it

365

00:17:41,830 --> 00:17:38,990

rained the roofers came out three times

366

00:17:44,560 --> 00:17:41,840

to repair it and although they worked on

367

00:17:47,620 --> 00:17:44,570

it they said they could not find the

368

00:17:48,910 --> 00:17:47,630

cause of the leak it didn't make any

369

00:17:53,820 --> 00:17:48,920

sense

370

00:17:56,830 --> 00:17:53,830

nothing they did stopped the darn leak

371

00:17:59,800 --> 00:17:56,840

finally my husband asked me where the

372

00:18:01,270 --> 00:17:59,810

ghost painting was I was leaning against

373

00:18:04,450 --> 00:18:01,280

the wall between the living room and

374

00:18:09,840 --> 00:18:04,460

garage we moved the painting and the

375

00:18:14,110 --> 00:18:09,850

garage roof never came back of that leak

376

00:18:17,350 --> 00:18:14,120

spilled salt one evening I was preparing

377

00:18:19,540 --> 00:18:17,360

dinner we had an island bar and that is

378

00:18:21,970 --> 00:18:19,550

where I set the table I picked up the

379

00:18:24,580 --> 00:18:21,980

salt and pepper shakers which were two

380

00:18:26,890 --> 00:18:24,590

little canning jars with handles and set

381

00:18:28,540 --> 00:18:26,900

them on the bar I went to the door and

382

00:18:31,320 --> 00:18:28,550

called to my husband that dinner was

383

00:18:35,260 --> 00:18:31,330

ready and when I got back to the bar

384

00:18:38,170 --> 00:18:35,270

salt spilled all over it and on the

385

00:18:42,220 --> 00:18:38,180

floor the salt shaker was standing

386

00:18:44,410 --> 00:18:42,230

upright was still where I had said it we

387

00:18:47,880 --> 00:18:44,420

have no animals or children in the house

388

00:18:54,910 --> 00:18:47,890

to blame for the spill it is completely

389

00:18:56,320 --> 00:18:54,920

unexplained telekinetic starfish my

390

00:18:58,420 --> 00:18:56,330

husband and I were sitting in the garage

391

00:19:00,850 --> 00:18:58,430

talking to the little neighbor girl who

392

00:19:04,530 --> 00:19:00,860

I'd come over for a visit on the garage

393

00:19:07,450 --> 00:19:04,540

wall were three large dried starfish

394

00:19:09,910 --> 00:19:07,460

they were hanging securely on roofing

395

00:19:11,790 --> 00:19:09,920

nails the garage door was open but there

396

00:19:14,350 --> 00:19:11,800

was no wind blowing or air movement

397

00:19:18,340 --> 00:19:14,360

suddenly the largest starfish came

398

00:19:21,280 --> 00:19:18,350

sailing off the wall and landed on the

399

00:19:26,170 --> 00:19:21,290

concrete floor it sailed across the

400

00:19:31,660 --> 00:19:26,180

floor about 6 to 7 feet Wow quite a

401
00:19:34,510 --> 00:19:31,670
flight broken gate a heavy gate that

402
00:19:37,650 --> 00:19:34,520
would have been hard to remove came off

403
00:19:42,720 --> 00:19:37,660
of its post for no apparent reason

404
00:19:47,500 --> 00:19:42,730
all the hardware was completely intact

405
00:19:50,680 --> 00:19:47,510
chipped glass this event really scared

406
00:19:52,660 --> 00:19:50,690
me because it could have injured me we

407
00:19:54,850 --> 00:19:52,670
have been doing some yard work and went

408
00:19:57,610 --> 00:19:54,860
into the garage to rest where it was

409
00:19:58,270 --> 00:19:57,620
cool my husband said he would mix us

410
00:20:00,490 --> 00:19:58,280
some drinks

411
00:20:02,440 --> 00:20:00,500
he returned with the drinks in thick

412
00:20:05,470 --> 00:20:02,450
gold colored glasses with

413
00:20:07,780 --> 00:20:05,480

ice cubes we finished our drinks and he

414

00:20:10,930 --> 00:20:07,790

said he was going to have another and I

415

00:20:13,600 --> 00:20:10,940

said I would too so he mixed them in the

416

00:20:15,820 --> 00:20:13,610

house and brought them out I taken one

417

00:20:19,350 --> 00:20:15,830

or two sips from my drink when I looked

418

00:20:22,480 --> 00:20:19,360

out to see that a large chunk of glass

419

00:20:25,180 --> 00:20:22,490

had been broken off the top of the glass

420

00:20:27,790 --> 00:20:25,190

it was perfectly fine the first time I

421

00:20:30,460 --> 00:20:27,800

drink from it right away I thought my

422

00:20:33,610 --> 00:20:30,470

husband had not dead on something but he

423

00:20:36,400 --> 00:20:33,620

swore he had not we looked all over the

424

00:20:38,740 --> 00:20:36,410

garage floor for the piece of glass but

425

00:20:40,480 --> 00:20:38,750

found nothing we went into the house

426
00:20:42,310 --> 00:20:40,490
where my husband fixed the drinks and

427
00:20:46,870 --> 00:20:42,320
got on the floor with flashlights and

428
00:20:48,670 --> 00:20:46,880
looked still nothing I poured the rest

429
00:20:50,800 --> 00:20:48,680
of the drink through the strainer to see

430
00:20:54,220 --> 00:20:50,810
if the chunk of glass had fallen in but

431
00:20:56,620 --> 00:20:54,230
there was nothing the missing piece was

432
00:21:00,160 --> 00:20:56,630
too large to swallow without me noticing

433
00:21:03,100 --> 00:21:00,170
it but I still had this very sick

434
00:21:06,870 --> 00:21:03,110
feeling in my stomach we never found

435
00:21:11,620 --> 00:21:06,880
that missing piece of glass the

436
00:21:13,960 --> 00:21:11,630
disbeliever I have always taken photos

437
00:21:16,000 --> 00:21:13,970
of the paintings I have done people

438
00:21:18,640 --> 00:21:16,010

asked to see the photos of my paintings

439

00:21:21,210 --> 00:21:18,650

and most always say they don't want to

440

00:21:24,220 --> 00:21:21,220

touch the photo of the ghost painting

441

00:21:26,440 --> 00:21:24,230

the girls at the beauty shop wanted me

442

00:21:28,870 --> 00:21:26,450

to bring my pictures in and one woman

443

00:21:30,760 --> 00:21:28,880

started bragging that she did not

444

00:21:33,370 --> 00:21:30,770

believe in ghosts and that it was all

445

00:21:37,360 --> 00:21:33,380

silly of them to avoid touching a

446

00:21:39,280 --> 00:21:37,370

picture just let me see it she said she

447

00:21:43,810 --> 00:21:39,290

took the photo looked at it closely and

448

00:21:46,900 --> 00:21:43,820

just laughed the night at her house

449

00:21:50,620 --> 00:21:46,910

a clock that had been on the wall for 40

450

00:21:54,700 --> 00:21:50,630

years fell down and broke into a hundred

451
00:21:58,660 --> 00:21:54,710
pieces she gets four laughing right the

452
00:22:01,480 --> 00:21:58,670
hazy figure plays a hand our neighbour

453
00:22:03,310 --> 00:22:01,490
wanted to show his mother-in-law the

454
00:22:05,740 --> 00:22:03,320
photos of my paintings and took them

455
00:22:08,200 --> 00:22:05,750
home with him they left the pictures

456
00:22:10,990 --> 00:22:08,210
lying on the table and started playing a

457
00:22:13,630 --> 00:22:11,000
three handed card game and which a dummy

458
00:22:16,210 --> 00:22:13,640
hand must be dealt when they picked up

459
00:22:20,529 --> 00:22:16,220
the dummy hand every card of

460
00:22:21,340 --> 00:22:20,539
dummy hand was in one suit that scared

461
00:22:24,159 --> 00:22:21,350
them to death

462
00:22:27,010 --> 00:22:24,169
he told me he got up and went outside to

463
00:22:30,970 --> 00:22:27,020

move his water sprinkler and to this day

464

00:22:34,149 --> 00:22:30,980

he swears that he could see a white hazy

465

00:22:37,000 --> 00:22:34,159

figure of a person come around the

466

00:22:38,590 --> 00:22:37,010

corner he came running back to my house

467

00:22:42,750 --> 00:22:38,600

with the pictures and said he never

468

00:22:46,390 --> 00:22:42,760

wanted to touch them again knock knock

469

00:22:50,860 --> 00:22:46,400

the last thing this ghost did was knock

470

00:22:54,070 --> 00:22:50,870

on our front door my husband and I both

471

00:22:57,899 --> 00:22:54,080

heard it at the same time but our two

472

00:23:00,690 --> 00:22:57,909

German Shepherds did not hear the knock

473

00:23:03,850 --> 00:23:00,700

nobody was at the door

474

00:23:06,970 --> 00:23:03,860

currently the painting is hanging in our

475

00:23:10,930 --> 00:23:06,980

house a few people have asked to buy the

476

00:23:13,390 --> 00:23:10,940

painting but I am afraid to sell it what

477

00:23:16,510 --> 00:23:13,400

would an unhappy ghost do in their lives

478

00:23:19,779 --> 00:23:16,520

I still personally don't actually

479

00:23:23,049 --> 00:23:19,789

believe in ghosts oh it's so silly

480

00:23:27,240 --> 00:23:23,059

yet it had if I had to do it over I

481

00:23:30,580 --> 00:23:27,250

would not have created this painting

482

00:23:33,700 --> 00:23:30,590

she asked coincidences overactive

483

00:23:36,700 --> 00:23:33,710

imaginations or is it just possible that

484

00:23:40,690 --> 00:23:36,710

some unknown energy surrounds the

485

00:23:45,060 --> 00:23:40,700

portrait of the headless ghost well

486

00:23:51,880 --> 00:23:48,240

why not do another one on on Haunted

487

00:23:56,680 --> 00:23:51,890

painting this next one is called the

488

00:23:58,630 --> 00:23:56,690

anguished man a haunted painting this is

489

00:24:01,060 --> 00:23:58,640

the continuous story of an eerie

490

00:24:03,070 --> 00:24:01,070

painting that the owner says is the

491

00:24:04,539 --> 00:24:03,080

focus of strange and unnerving

492

00:24:08,890 --> 00:24:04,549

paranormal activity

493

00:24:11,580 --> 00:24:08,900

in June of 2010 a reader by the name of

494

00:24:17,140 --> 00:24:11,590

Sean sent this over

495

00:24:19,419 --> 00:24:17,150

June 1st 2010 northern England he says

496

00:24:23,169 --> 00:24:19,429

my grandmother had this painting in her

497

00:24:26,710 --> 00:24:23,179

attic for 25 years she said it was evil

498

00:24:29,049 --> 00:24:26,720

she told us she used to see a dark

499

00:24:30,130 --> 00:24:29,059

figure of a man'd around the house and

500

00:24:34,090 --> 00:24:30,140

at

501
00:24:35,950 --> 00:24:34,100
she heard strange noises and crying she

502
00:24:38,260 --> 00:24:35,960
told me the artist committed suicide

503
00:24:41,860 --> 00:24:38,270
shortly after finishing it and that he

504
00:24:46,120 --> 00:24:41,870
had used his own blood mixed in with the

505
00:24:50,169 --> 00:24:46,130
oils after she died we got the painting

506
00:24:52,630 --> 00:24:50,179
it is currently in her basement shortly

507
00:24:55,750 --> 00:24:52,640
after we got the painting various

508
00:24:59,470 --> 00:24:55,760
members of the family started seeing the

509
00:25:01,690 --> 00:24:59,480
dark figure of a man at night we started

510
00:25:05,320 --> 00:25:01,700
hearing noises and just recently we

511
00:25:08,769 --> 00:25:05,330
heard crying and moaning the painting is

512
00:25:11,139 --> 00:25:08,779
still in her house and although I never

513
00:25:13,570 --> 00:25:11,149

believed in the supernatural I am now

514

00:25:16,930 --> 00:25:13,580

convinced there's something evil about

515

00:25:22,539 --> 00:25:16,940

this painting there is actually a video

516

00:25:25,299 --> 00:25:22,549

of this painting update June 18 2010 the

517

00:25:27,250 --> 00:25:25,309

noises have been getting worse we've

518

00:25:30,519 --> 00:25:27,260

heard crying coming from the corner of

519

00:25:32,580 --> 00:25:30,529

our bedroom we started seeing the dark

520

00:25:36,430 --> 00:25:32,590

figure standing at the bottom of the bed

521

00:25:39,130 --> 00:25:36,440

just staring at us it seems to be a

522

00:25:43,269 --> 00:25:39,140

middle-aged man but his features are not

523

00:25:46,600 --> 00:25:43,279

very clear as a former skeptic oh he

524

00:25:49,539 --> 00:25:46,610

changed his tune did he I'm very curious

525

00:25:52,180 --> 00:25:49,549

so I'm moving the painting into our

526

00:25:54,610 --> 00:25:52,190

bedroom previously it's been in a

527

00:25:57,250 --> 00:25:54,620

cupboard downstairs I'm feeling

528

00:26:02,019 --> 00:25:57,260

apprehensive and a little scared but

529

00:26:06,399 --> 00:26:02,029

I'll keep updating new update June of

530

00:26:09,039 --> 00:26:06,409

2011 so I set the camera up once more in

531

00:26:11,460 --> 00:26:09,049

the spare bedroom the painting has been

532

00:26:13,630 --> 00:26:11,470

stored away since the last recording I

533

00:26:15,279 --> 00:26:13,640

recorded over three nights for

534

00:26:19,450 --> 00:26:15,289

approximately four hours per night

535

00:26:22,330 --> 00:26:19,460

between 1 a.m. and 5 a.m. I recorded the

536

00:26:25,049 --> 00:26:22,340

unusual banging noises but on the second

537

00:26:28,389 --> 00:26:25,059

night at approximately 3:25 a.m. i

538

00:26:31,720 --> 00:26:28,399

recorded the painting suddenly falling

539

00:26:34,799 --> 00:26:31,730

over and immediately afterward a small

540

00:26:37,600 --> 00:26:34,809

orb is visible just above the painting

541

00:26:39,909 --> 00:26:37,610

there were no drafts in the room and the

542

00:26:42,340 --> 00:26:39,919

painting was stood at an angle against

543

00:26:44,230 --> 00:26:42,350

the wall so I should have not been able

544

00:26:46,720 --> 00:26:44,240

to tip over by its

545

00:26:49,090 --> 00:26:46,730

I also experienced the strange mist

546

00:26:51,070 --> 00:26:49,100

again at the top of the stairs it was

547

00:26:56,230 --> 00:26:51,080

like I was suddenly surrounded by smoke

548

00:26:59,020 --> 00:26:56,240

and I became very cold and then it just

549

00:27:04,360 --> 00:26:59,030

vanished as quickly as it came

550

00:27:08,200 --> 00:27:04,370

there was another video update May 2013

551

00:27:10,420 --> 00:27:08,210

I have recently temporarily moved in

552

00:27:12,430 --> 00:27:10,430

with my parents and obviously took the

553

00:27:14,800 --> 00:27:12,440

painting with me it was only in the

554

00:27:18,130 --> 00:27:14,810

house for a few days when the noises

555

00:27:21,490 --> 00:27:18,140

started the same noises I had previously

556

00:27:25,390 --> 00:27:21,500

experienced then on the third night my

557

00:27:28,750 --> 00:27:25,400

father fell down the stairs the same as

558

00:27:31,090 --> 00:27:28,760

my son did at the other house thankfully

559

00:27:33,820 --> 00:27:31,100

he was unhurt but I have now moved the

560

00:27:36,220 --> 00:27:33,830

painting back into storage I've been

561

00:27:39,220 --> 00:27:36,230

working closely with John Blackburn and

562

00:27:41,410 --> 00:27:39,230

Ian lawman of the Mysteria paranormal

563

00:27:43,540 --> 00:27:41,420

group taking the painting to some of the

564

00:27:47,920 --> 00:27:43,550

allegedly most haunted locations in the

565

00:27:52,210 --> 00:27:47,930

UK including 35 Stonegate at York and

566

00:27:56,560 --> 00:27:52,220

Chillingham Castle and northern lend it

567

00:27:58,140 --> 00:27:56,570

was the evening of May 18 2013 at the

568

00:28:00,160 --> 00:27:58,150

castle that a group of people

569

00:28:03,430 --> 00:28:00,170

experienced events that were both

570

00:28:05,050 --> 00:28:03,440

terrifying and unexplained none of the

571

00:28:07,330 --> 00:28:05,060

guests were prepared for what was about

572

00:28:07,900 --> 00:28:07,340

to happen in the early hours of Sunday

573

00:28:12,430 --> 00:28:07,910

morning

574

00:28:14,350 --> 00:28:12,440

the room went icy cold when a large dark

575

00:28:16,780 --> 00:28:14,360

figure appeared in the middle of the

576

00:28:17,440 --> 00:28:16,790

seance circle well there's the reason

577

00:28:21,580 --> 00:28:17,450

seance

578

00:28:25,300 --> 00:28:21,590

hello a large wooden bench banged on the

579

00:28:27,040 --> 00:28:25,310

floor on its own accord in response to

580

00:28:29,590 --> 00:28:27,050

John Blackburn's questions to the

581

00:28:32,560 --> 00:28:29,600

painting then suddenly the bench was

582

00:28:35,530 --> 00:28:32,570

flipped upside down violently by what

583

00:28:38,140 --> 00:28:35,540

was believed to be John's age one of

584

00:28:40,360 --> 00:28:38,150

chillin hams castles resident powerful

585

00:28:43,000 --> 00:28:40,370

spirits who we think was showing his

586

00:28:44,550 --> 00:28:43,010

anger to a foreign uninvited spirit to

587

00:28:47,140 --> 00:28:44,560

his castle

588

00:28:49,360 --> 00:28:47,150

John Blackburn stated it was the

589

00:28:53,200 --> 00:28:49,370

strangest experience in all of his years

590

00:28:56,600 --> 00:28:53,210

of investigation there were at least 20

591

00:28:59,280 --> 00:28:56,610

witnesses to these events

592

00:29:02,040 --> 00:28:59,290
