[Music]

2  
00:00:07,510 --> 00:00:04,400

welcome to ufo headline news with me

3  
00:00:11,589 --> 00:00:07,520

heidi hollis today is saturday november

4  
00:00:12,950 --> 00:00:11,599

18 2017. you are listening to inception

5  
00:00:14,910 --> 00:00:12,960

radio network

6  
00:00:17,910 --> 00:00:14,920

the voice of the fringe

7  
00:00:21,029 --> 00:00:17,920

majority here is your ufo headline news

8  
00:00:24,310 --> 00:00:21,039

coming to us from ufo stalker

9  
00:00:27,349 --> 00:00:24,320

a ufo sighting in los angeles california

10  
00:00:30,310 --> 00:00:27,359

november 7 2017.

11  
00:00:32,069 --> 00:00:30,320

the witness states i parked my car and

12  
00:00:35,830 --> 00:00:32,079

walked west for a minute towards my

13  
00:00:37,830 --> 00:00:35,840

house in ecco park west lake los angeles

14

00:00:40,229 --> 00:00:37,840

from our street there is a clear view of

15

00:00:42,389 --> 00:00:40,239

downtown los angeles

16

00:00:45,270 --> 00:00:42,399

mostly the northern skyscrapers

17

00:00:47,029 --> 00:00:45,280

including the newly built wilshire

18

00:00:49,190 --> 00:00:47,039

grand center

19

00:00:52,069 --> 00:00:49,200

as i approached the gate to my yard i

20

00:00:54,150 --> 00:00:52,079

noticed two glowing red orbs slowly

21

00:00:56,950 --> 00:00:54,160

moving south east towards the

22

00:01:00,549 --> 00:00:56,960

skyscrapers at first i assumed they were

23

00:01:02,950 --> 00:01:00,559

helicopters however after a few moments

24

00:01:04,469 --> 00:01:02,960

i saw that there weren't any flashing

25

00:01:07,670 --> 00:01:04,479

white lights

26

00:01:09,910 --> 00:01:07,680

i also saw a helicopter in the distance

27

00:01:10,950 --> 00:01:09,920

a little further than the red glowing

28

00:01:13,190 --> 00:01:10,960

orbs

29

00:01:14,550 --> 00:01:13,200

giving me a clear comparison between the

30

00:01:16,310 --> 00:01:14,560

two objects

31

00:01:18,550 --> 00:01:16,320

i could see the white flashing lights

32

00:01:20,550 --> 00:01:18,560

and body and could see the two objects

33

00:01:23,910 --> 00:01:20,560

moved in a different manner than the

34

00:01:26,390 --> 00:01:23,920

helicopter more fluidly although they

35

00:01:28,870 --> 00:01:26,400

weren't moving very quickly

36

00:01:30,149 --> 00:01:28,880

i had seen identical red orbs on the 4th

37

00:01:32,469 --> 00:01:30,159

of july

38

00:01:34,789 --> 00:01:32,479

and so after determining they weren't

39

00:01:36,550 --> 00:01:34,799

helicopters i stood there for about a

40

00:01:38,469 --> 00:01:36,560

minute to watch them

41

00:01:39,670 --> 00:01:38,479

they seemed to be pulsating slightly in

42

00:01:42,710 --> 00:01:39,680

brightness

43

00:01:45,109 --> 00:01:42,720

i was frozen trying to decide whether or

44

00:01:46,469 --> 00:01:45,119

not i should run into my house to grab

45

00:01:48,550 --> 00:01:46,479

my boyfriend

46

00:01:51,030 --> 00:01:48,560

he has seen similar objects in the sky

47

00:01:53,590 --> 00:01:51,040

that he's described as ufos

48

00:01:56,310 --> 00:01:53,600

or i should stay and watch

49

00:01:59,109 --> 00:01:56,320

worried they would disappear before i

50

00:02:01,350 --> 00:01:59,119

get back inside once they moved directly

51

00:02:04,069 --> 00:02:01,360

over the buildings in downtown

52

00:02:05,910 --> 00:02:04,079

one seemed to slowly fade in brightness

53

00:02:08,389 --> 00:02:05,920

before disappearing

54

00:02:09,510 --> 00:02:08,399

i began to turn to walk into my yard

55

00:02:12,390 --> 00:02:09,520

deciding

56

00:02:14,550 --> 00:02:12,400

the second would disappear as well

57

00:02:15,830 --> 00:02:14,560

but as soon as i started opening the

58

00:02:16,790 --> 00:02:15,840

gate door

59

00:02:20,309 --> 00:02:16,800

three

60

00:02:22,869 --> 00:02:20,319

larger brighter i'm assuming closer

61

00:02:24,550 --> 00:02:22,879

orbs appeared out of nowhere to the

62

00:02:26,630 --> 00:02:24,560

north of downtown

63

00:02:27,830 --> 00:02:26,640

i ran into my house to grab my boyfriend

64

00:02:30,550 --> 00:02:27,840

and we both

65

00:02:32,869 --> 00:02:30,560

ran up the street to get a better view

66

00:02:35,670 --> 00:02:32,879

we both stood and watched the three orbs

67

00:02:37,830 --> 00:02:35,680

slowly move across downtown

68

00:02:40,150 --> 00:02:37,840

not in a straight line but moving about

69

00:02:42,790 --> 00:02:40,160

fluidly like the first two

70

00:02:45,750 --> 00:02:42,800

we watched for about five minutes before

71

00:02:46,949 --> 00:02:45,760

all three orbs slowly faded in

72

00:02:48,830 --> 00:02:46,959

brightness

73

00:02:51,430 --> 00:02:48,840

and seemed to vanish directly over the

74

00:02:52,949 --> 00:02:51,440

buildings they did not disappear by

75

00:02:54,550 --> 00:02:52,959

moving further away

76  
00:02:55,830 --> 00:02:54,560  
being covered by the buildings from our

77  
00:02:59,030 --> 00:02:55,840  
vantage point

78  
00:03:01,110 --> 00:02:59,040  
they disappeared while in clear sight

79  
00:03:03,910 --> 00:03:01,120  
there wasn't any cloud cover we could

80  
00:03:05,350 --> 00:03:03,920  
see the stars out and actually noted how

81  
00:03:07,990 --> 00:03:05,360  
clear it was

82  
00:03:11,030 --> 00:03:08,000  
a black car that was parked behind us

83  
00:03:12,710 --> 00:03:11,040  
drove off as soon as they disappeared

84  
00:03:13,750 --> 00:03:12,720  
not sure if they were watching the event

85  
00:03:17,589 --> 00:03:13,760  
or not

86  
00:03:19,830 --> 00:03:17,599  
but both walked back into the house

87  
00:03:21,509 --> 00:03:19,840  
after waiting a moment to see if any

88  
00:03:24,149 --> 00:03:21,519

more would appear

89

00:03:26,470 --> 00:03:24,159

we could hear a couple helicopters fly

90

00:03:28,869 --> 00:03:26,480

in the direction of downtown

91

00:03:31,509 --> 00:03:28,879

and continue to after an hour

92

00:03:34,070 --> 00:03:31,519

however it's common for the downtown la

93

00:03:37,990 --> 00:03:34,080

area unfortunately in the excited state

94

00:03:40,470 --> 00:03:38,000

i was in i took a video on instagram and

95

00:03:42,470 --> 00:03:40,480

sent it to my sister forgetting to save

96

00:03:45,110 --> 00:03:42,480

the video and not realizing the video

97

00:03:47,190 --> 00:03:45,120

would disappear as soon as she viewed it

98

00:03:49,589 --> 00:03:47,200

she did watch it on while we were

99

00:03:53,350 --> 00:03:49,599

standing outside watching the event and

100

00:03:55,670 --> 00:03:53,360

agreed it was an incredible thing to see

101

00:03:59,190 --> 00:03:55,680

next sighting ufo sighting in cardiff

102

00:04:02,070 --> 00:03:59,200

wales on november 5th 2017. the witness

103

00:04:05,030 --> 00:04:02,080

states i was traveling east on the m4

104

00:04:08,390 --> 00:04:05,040

motorway between cardiff and newport and

105

00:04:11,270 --> 00:04:08,400

south wales on sunday november 5th

106

00:04:14,550 --> 00:04:11,280

at approximately 405 pm

107

00:04:17,030 --> 00:04:14,560

in the sky to my left was a white object

108

00:04:19,830 --> 00:04:17,040

which did not appear to be moving

109

00:04:21,670 --> 00:04:19,840

i took two photos on my iphone 7 but

110

00:04:25,030 --> 00:04:21,680

they are not very clear

111

00:04:28,070 --> 00:04:25,040

once home i enlarged the images and saw

112

00:04:29,430 --> 00:04:28,080

that the object was definitely nothing i

113

00:04:32,150 --> 00:04:29,440

recognized

114

00:04:34,070 --> 00:04:32,160

appearing as four vertical rectangles

115

00:04:36,310 --> 00:04:34,080

side by side

116

00:04:39,270 --> 00:04:36,320

had i been alone i would have pulled off

117

00:04:44,230 --> 00:04:39,280

the motorway to view the object further

118

00:04:50,150 --> 00:04:46,469

next sighting ufo sighting in phoenix

119

00:04:52,310 --> 00:04:50,160

arizona july 16th of 2017

120

00:04:56,710 --> 00:04:52,320

filming lightning during this first

121

00:04:59,430 --> 00:04:56,720

major monsoon storm in maricopa arizona

122

00:05:02,070 --> 00:04:59,440

after viewing videos weeks later found

123

00:05:04,469 --> 00:05:02,080

one video that captured something i did

124

00:05:06,870 --> 00:05:04,479

not see with my naked eyes i was

125

00:05:09,430 --> 00:05:06,880

recording any area with potential

126  
00:05:11,510 --> 00:05:09,440  
lightning so any flash of lights i

127  
00:05:14,070 --> 00:05:11,520  
pointed my camera towards it

128  
00:05:16,390 --> 00:05:14,080  
but what was viewed in video i did not

129  
00:05:20,070 --> 00:05:16,400  
see at all while i was recording

130  
00:05:21,270 --> 00:05:20,080  
my phone captured a ball of light

131  
00:05:24,870 --> 00:05:21,280  
appearing

132  
00:05:27,270 --> 00:05:24,880  
followed by a shadowed craft a chevron

133  
00:05:28,469 --> 00:05:27,280  
shape which briefly came to view and

134  
00:05:30,629 --> 00:05:28,479  
then left

135  
00:05:31,990 --> 00:05:30,639  
in a quick flash of light much like an

136  
00:05:34,070 --> 00:05:32,000  
explosion

137  
00:05:35,350 --> 00:05:34,080  
which then the ball of light went into a

138  
00:05:37,990 --> 00:05:35,360

frenzy

139

00:05:39,830 --> 00:05:38,000

this blew my mind when i saw what i

140

00:05:42,790 --> 00:05:39,840

accidentally recorded

141

00:05:45,270 --> 00:05:42,800

and you can tell i did not even know

142

00:05:47,749 --> 00:05:45,280

what went on or what was happening

143

00:05:49,270 --> 00:05:47,759

as i zoomed in more on the area flashes

144

00:05:51,590 --> 00:05:49,280

of light in hopes

145

00:05:52,629 --> 00:05:51,600

of capturing some awesome lightning

146

00:05:55,749 --> 00:05:52,639

strikes

147

00:05:57,029 --> 00:05:55,759

of course i captured something even more

148

00:05:59,270 --> 00:05:57,039

interesting

149

00:06:01,670 --> 00:05:59,280

wow cool

150

00:06:04,070 --> 00:06:01,680

our next sighting ufo sightings in

151

00:06:07,430 --> 00:06:04,080

sturgeon bay wisconsin

152

00:06:10,070 --> 00:06:07,440

july 15 2017.

153

00:06:12,550 --> 00:06:10,080

so the first time i saw this plasma

154

00:06:15,749 --> 00:06:12,560

orange craft i was standing on my

155

00:06:18,150 --> 00:06:15,759

driveway having a smoke and it flew very

156

00:06:20,950 --> 00:06:18,160

low right over the u.s coast guard

157

00:06:24,390 --> 00:06:20,960

station that i live next to

158

00:06:27,350 --> 00:06:24,400

and is a fairly large orb and makes

159

00:06:30,309 --> 00:06:27,360

absolutely no sound

160

00:06:32,150 --> 00:06:30,319

the second time was on the 4th of july

161

00:06:34,950 --> 00:06:32,160

it flew in the same area

162

00:06:37,110 --> 00:06:34,960

over my home towards a local beach

163

00:06:38,950 --> 00:06:37,120

down the road in response to fireworks

164

00:06:41,749 --> 00:06:38,960

that were being set off

165

00:06:43,350 --> 00:06:41,759

it seems to be able to sense atmospheric

166

00:06:45,990 --> 00:06:43,360

activity

167

00:06:46,870 --> 00:06:46,000

i was able to capture it on video july

168

00:06:50,230 --> 00:06:46,880

4th

169

00:06:52,150 --> 00:06:50,240

and the third sighting on july 15th

170

00:06:54,710 --> 00:06:52,160

the third sighting i was with four

171

00:06:56,950 --> 00:06:54,720

friends fishing under a highway bridge

172

00:06:59,270 --> 00:06:56,960

just on the outskirts of my hometown

173

00:07:02,550 --> 00:06:59,280

when we walked back to our vehicles

174

00:07:04,070 --> 00:07:02,560

and out from under the bridge i saw it

175

00:07:06,950 --> 00:07:04,080

immediately

176

00:07:09,189 --> 00:07:06,960

it is very hard to miss it was traveling

177

00:07:11,749 --> 00:07:09,199

right behind a big storm

178

00:07:14,550 --> 00:07:11,759

that just passed over town which was why

179

00:07:17,029 --> 00:07:14,560

we were under the bridge

180

00:07:19,270 --> 00:07:17,039

it was a very beautiful and strange

181

00:07:21,670 --> 00:07:19,280

evening i have quite a bit of footage

182

00:07:22,710 --> 00:07:21,680

and photos i would send as much as i can

183

00:07:24,790 --> 00:07:22,720

fit

184

00:07:26,390 --> 00:07:24,800

this craft is not

185

00:07:28,790 --> 00:07:26,400

man-made

186

00:07:30,469 --> 00:07:28,800

these orbs have been in wisconsin skies

187

00:07:32,629 --> 00:07:30,479

for a while now

188

00:07:35,110 --> 00:07:32,639

who knows how long

189

00:07:38,710 --> 00:07:35,120

i'd like to know everybody's thoughts

190

00:07:41,589 --> 00:07:38,720

on what they witness here

191

00:07:43,029 --> 00:07:41,599

next we have a ufo sighting a blast from

192

00:07:45,830 --> 00:07:43,039

the past

193

00:07:47,350 --> 00:07:45,840

this ufo sighting happened in stuttgart

194

00:07:50,150 --> 00:07:47,360

baden-wuerttemberg

195

00:07:52,950 --> 00:07:50,160

on august 1st 2006.

196

00:07:56,309 --> 00:07:52,960

the witness states i'm 28 years old now

197

00:07:58,869 --> 00:07:56,319

when i saw that ufo i was around 16. i

198

00:08:01,189 --> 00:07:58,879

was in a garden of a girl with two other

199

00:08:02,469 --> 00:08:01,199

girls one of these girls was my best

200

00:08:04,629 --> 00:08:02,479

female friend

201  
00:08:07,110 --> 00:08:04,639  
we had a really tight relation

202  
00:08:09,350 --> 00:08:07,120  
so when we went to the nearby lake which

203  
00:08:12,230 --> 00:08:09,360  
was like 500 meters away

204  
00:08:14,790 --> 00:08:12,240  
we sat on a bank next to the lake when

205  
00:08:17,830 --> 00:08:14,800  
we went back she squeezed my hand saying

206  
00:08:20,070 --> 00:08:17,840  
you also see that thing next to the tree

207  
00:08:22,070 --> 00:08:20,080  
it was in contrast to the lake

208  
00:08:24,390 --> 00:08:22,080  
right in the back of us

209  
00:08:25,589 --> 00:08:24,400  
which shined in the light of the almost

210  
00:08:27,350 --> 00:08:25,599  
full moon

211  
00:08:29,990 --> 00:08:27,360  
that thing was like

212  
00:08:31,110 --> 00:08:30,000  
11 centimeters and had a rectangular

213  
00:08:33,829 --> 00:08:31,120

head shape

214

00:08:36,310 --> 00:08:33,839

i turned around squeezed back her hand

215

00:08:37,909 --> 00:08:36,320

and tried to get back to the garden as

216

00:08:40,469 --> 00:08:37,919

fast as possible

217

00:08:42,790 --> 00:08:40,479

like 10 or 20 meters later

218

00:08:45,910 --> 00:08:42,800

she did the same again

219

00:08:47,430 --> 00:08:45,920

now that was being left for us was an

220

00:08:50,070 --> 00:08:47,440

acre to run

221

00:08:52,230 --> 00:08:50,080

full illuminated by the very bright moon

222

00:08:54,790 --> 00:08:52,240

we just tried to get back the way and

223

00:08:56,870 --> 00:08:54,800

not watch that horrific view anymore

224

00:08:57,670 --> 00:08:56,880

when back in the garden we both laid

225

00:09:00,070 --> 00:08:57,680

there

226

00:09:01,269 --> 00:09:00,080

and saw for sure

227

00:09:03,670 --> 00:09:01,279

this disc

228

00:09:06,550 --> 00:09:03,680

three quarters the size of the moon

229

00:09:08,949 --> 00:09:06,560

completely perfect surface no sound

230

00:09:12,150 --> 00:09:08,959

speed of celery

231

00:09:13,190 --> 00:09:12,160

from maybe 100 to 300 kilometers per

232

00:09:16,790 --> 00:09:13,200

hour

233

00:09:19,350 --> 00:09:16,800

if that thing was about 6 to 10 meters

234

00:09:21,910 --> 00:09:19,360

that girl who had that siding with me is

235

00:09:23,590 --> 00:09:21,920

now a german policewoman and i'm a

236

00:09:25,750 --> 00:09:23,600

product designer

237

00:09:29,910 --> 00:09:25,760

it really happened and it really messed

238

00:09:34,389 --> 00:09:29,920

with our minds for a very long time

239

00:09:36,389 --> 00:09:34,399

now on to earth mystery news.com

240

00:09:39,590 --> 00:09:36,399

ufos over oklahoma

241

00:09:42,550 --> 00:09:39,600

caught on video with cell phone

242

00:09:45,990 --> 00:09:42,560

three videos were submitted with a ufo

243

00:09:48,829 --> 00:09:46,000

report submitted to the mufon mutual ufo

244

00:09:51,509 --> 00:09:48,839

network on november 9

245

00:09:53,590 --> 00:09:51,519

2017. the report came from moore

246

00:09:55,910 --> 00:09:53,600

oklahoma and the alleged sighting

247

00:09:57,670 --> 00:09:55,920

occurred that same day

248

00:10:01,829 --> 00:09:57,680

the witness claims to have seen the

249

00:10:05,430 --> 00:10:01,839

objects at around 5 15 pm or so

250

00:10:07,430 --> 00:10:05,440

we came outside and saw two dark objects

251  
00:10:09,829 --> 00:10:07,440  
rising in the air

252  
00:10:11,829 --> 00:10:09,839  
they were tumbling as the

253  
00:10:13,910 --> 00:10:11,839  
floated up in the air

254  
00:10:16,870 --> 00:10:13,920  
they kept going up

255  
00:10:19,350 --> 00:10:16,880  
they looked square and dark i took some

256  
00:10:21,750 --> 00:10:19,360  
videos with my cell phone

257  
00:10:24,150 --> 00:10:21,760  
the objects appeared to be silently

258  
00:10:25,990 --> 00:10:24,160  
rising into the air and tumbling as they

259  
00:10:29,269 --> 00:10:26,000  
gain altitude

260  
00:10:32,470 --> 00:10:29,279  
they do also appear to be square shaped

261  
00:10:35,750 --> 00:10:32,480  
although balloons are typically around

262  
00:10:37,670 --> 00:10:35,760  
and are round party balloons can come in

263  
00:10:39,509 --> 00:10:37,680

all shapes and sizes

264

00:10:40,870 --> 00:10:39,519

could these be balloons that have gotten

265

00:10:43,509 --> 00:10:40,880

loose

266

00:10:46,470 --> 00:10:43,519

the vast majority of ufo sightings turn

267

00:10:48,550 --> 00:10:46,480

out to be mundane objects but once in a

268

00:10:50,870 --> 00:10:48,560

while there are sightings that are much

269

00:10:53,509 --> 00:10:50,880

more difficult to explain

270

00:10:55,829 --> 00:10:53,519

mufon conducts investigations on

271

00:10:57,990 --> 00:10:55,839

sightings submitted to their website

272

00:11:00,389 --> 00:10:58,000

and if they share the conclusions we

273

00:11:02,790 --> 00:11:00,399

will let you all know they state

274

00:11:05,030 --> 00:11:02,800

meanwhile others will likely chime in

275

00:11:08,389 --> 00:11:05,040

and they will keep trying to keep

276

00:11:13,110 --> 00:11:11,590

our next story from earth mystery news

277

00:11:15,110 --> 00:11:13,120

is titled

278

00:11:17,350 --> 00:11:15,120

something scorching hot is melting

279

00:11:22,069 --> 00:11:17,360

antarctica from below

280

00:11:26,310 --> 00:11:24,790

antarctica is a weird place

281

00:11:27,910 --> 00:11:26,320

yeah we know that

282

00:11:30,710 --> 00:11:27,920

scientists have long studied the

283

00:11:32,870 --> 00:11:30,720

behavior of its massive ice sheets and

284

00:11:35,509 --> 00:11:32,880

the land underneath them in hopes of

285

00:11:37,509 --> 00:11:35,519

understanding the unique geological

286

00:11:39,829 --> 00:11:37,519

quirks of the continent

287

00:11:41,430 --> 00:11:39,839

but are frequently puzzled by new

288

00:11:43,509 --> 00:11:41,440

discoveries

289

00:11:46,630 --> 00:11:43,519

now one of the biggest head scratchers

290

00:11:48,870 --> 00:11:46,640

of all might have finally

291

00:11:51,910 --> 00:11:48,880

come to play

292

00:11:55,190 --> 00:11:51,920

and it all starts deep under the surface

293

00:11:58,310 --> 00:11:55,200

in an area of west antarctica called

294

00:12:00,150 --> 00:11:58,320

marie bird land the ice sheets seem to

295

00:12:02,790 --> 00:12:00,160

have a mind of its own

296

00:12:06,069 --> 00:12:02,800

rising and falling by as much as 20 feet

297

00:12:08,710 --> 00:12:06,079

over relatively short periods of time

298

00:12:10,629 --> 00:12:08,720

nasa's newest research effort has

299

00:12:12,310 --> 00:12:10,639

demonstrated that the reason for this

300

00:12:15,670 --> 00:12:12,320

odd behavior is

301  
00:12:17,350 --> 00:12:15,680  
likely to be an incredibly hot

302  
00:12:20,069 --> 00:12:17,360  
mantle plume

303  
00:12:22,790 --> 00:12:20,079  
deep under the surface

304  
00:12:24,470 --> 00:12:22,800  
a mantle plume which is an area where

305  
00:12:26,710 --> 00:12:24,480  
geothermal heat

306  
00:12:29,190 --> 00:12:26,720  
generated deep within the planet pushes

307  
00:12:31,190 --> 00:12:29,200  
closest to the surface through cracks

308  
00:12:33,990 --> 00:12:31,200  
and other gaps

309  
00:12:36,790 --> 00:12:34,000  
it is thought to be responsible for huge

310  
00:12:38,629 --> 00:12:36,800  
subsurface lakes and water flow

311  
00:12:40,949 --> 00:12:38,639  
underneath the ice sheet

312  
00:12:42,150 --> 00:12:40,959  
because the geothermal activity isn't

313  
00:12:44,710 --> 00:12:42,160

constant

314

00:12:45,829 --> 00:12:44,720

the water comes and goes filling and

315

00:12:48,069 --> 00:12:45,839

draining

316

00:12:51,030 --> 00:12:48,079

which in turn affects the height of the

317

00:12:53,990 --> 00:12:51,040

ice sheet far above it

318

00:12:56,310 --> 00:12:54,000

nasa's jet propulsion laboratory were

319

00:12:59,750 --> 00:12:56,320

able to crack the mystery by

320

00:13:02,230 --> 00:12:59,760

creating a data model of a mantle plume

321

00:13:05,030 --> 00:13:02,240

based on observations of the geothermal

322

00:13:08,389 --> 00:13:05,040

activity at yellowstone

323

00:13:10,470 --> 00:13:08,399

which hosts a super volcano

324

00:13:12,550 --> 00:13:10,480

using that model the researchers were

325

00:13:15,670 --> 00:13:12,560

able to demonstrate that underground

326

00:13:17,910 --> 00:13:15,680

heat sources were likely responsible for

327

00:13:20,710 --> 00:13:17,920

the changes in the ice sheet

328

00:13:23,110 --> 00:13:20,720

visible on the surface

329

00:13:26,230 --> 00:13:23,120

the research will help inform further

330

00:13:29,350 --> 00:13:26,240

study of the area and potentially aid in

331

00:13:31,670 --> 00:13:29,360

predictions of future changes in the

332

00:13:34,470 --> 00:13:31,680

antarctic landscape

333

00:13:37,110 --> 00:13:34,480

scientists regularly study the ice loss

334

00:13:39,829 --> 00:13:37,120

of antarctica as a potential

335

00:13:41,829 --> 00:13:39,839

indicator of how global warming is

336

00:13:44,310 --> 00:13:41,839

affecting sea levels

337

00:13:46,710 --> 00:13:44,320

both now and into the future

338

00:13:50,310 --> 00:13:46,720

but it seems this particular case the

339

00:13:53,269 --> 00:13:50,320

earth is playing games with antarctica

340

00:13:55,269 --> 00:13:53,279

all on its own

341

00:13:57,030 --> 00:13:55,279

go figure right

342

00:13:59,430 --> 00:13:57,040

then finally

343

00:14:03,110 --> 00:13:59,440

a look into the paranormal

344

00:14:06,389 --> 00:14:03,120

these stories come to us from thoughtco

345

00:14:08,790 --> 00:14:06,399

and this one is entitled the phantom of

346

00:14:12,389 --> 00:14:08,800

the truck stop

347

00:14:15,110 --> 00:14:12,399

this is written by stephen wagner

348

00:14:16,629 --> 00:14:15,120

the life of a long-haul trucker is a

349

00:14:19,910 --> 00:14:16,639

difficult one

350

00:14:22,629 --> 00:14:19,920

long tedious hours on the road

351  
00:14:23,990 --> 00:14:22,639  
away from family for days or even weeks

352  
00:14:26,790 --> 00:14:24,000  
at a time

353  
00:14:29,030 --> 00:14:26,800  
as mike I explains

354  
00:14:31,030 --> 00:14:29,040  
they also witness many weird and

355  
00:14:32,310 --> 00:14:31,040  
incredible things on their interstate

356  
00:14:34,710 --> 00:14:32,320  
travels

357  
00:14:37,350 --> 00:14:34,720  
yet mike was not prepared for what he

358  
00:14:40,389 --> 00:14:37,360  
experienced one summer night at a tiny

359  
00:14:43,430 --> 00:14:40,399  
truck stop in the middle of nowhere

360  
00:14:44,949 --> 00:14:43,440  
hardly the place where one would expect

361  
00:14:48,150 --> 00:14:44,959  
a ghost

362  
00:14:51,910 --> 00:14:48,160  
if that's what it was

363  
00:14:58,470 --> 00:14:53,910

he states

364

00:15:01,590 --> 00:14:58,480

i am an over-the-road truck driver and i

365

00:15:03,990 --> 00:15:01,600

drive across all of the low

366

00:15:06,629 --> 00:15:04,000

a medium or larger dunkin donuts hot

367

00:15:09,670 --> 00:15:06,639

chocolate is now a dollar ninety nine

368

00:15:12,710 --> 00:15:09,680

enjoy original duncancino or the new

369

00:15:15,189 --> 00:15:12,720

almond joy flavored hot chocolate yeah

370

00:15:16,949 --> 00:15:15,199

almond joy flavor and enjoy all that

371

00:15:19,350 --> 00:15:16,959

chocolate deliciousness for a dollar

372

00:15:20,870 --> 00:15:19,360

ninety nine so go ahead give yourself

373

00:15:23,269 --> 00:15:20,880

some hot chocolate happiness for a

374

00:15:26,389 --> 00:15:23,279

dollar ninety nine it's like a warm and

375

00:15:28,710 --> 00:15:26,399

fuzzy chocolatey hug america runs on

376

00:15:30,389 --> 00:15:28,720

duncan participation may vary limited

377

00:15:32,550 --> 00:15:30,399

time offer

378

00:15:34,949 --> 00:15:32,560

for 48 states

379

00:15:36,150 --> 00:15:34,959

i see some unusual things from time to

380

00:15:39,430 --> 00:15:36,160

time but

381

00:15:41,829 --> 00:15:39,440

nothing compares to what i encountered

382

00:15:45,910 --> 00:15:41,839

in palestine arkansas

383

00:15:47,910 --> 00:15:45,920

in mid-june of 2011.

384

00:15:50,629 --> 00:15:47,920

i was on a long haul from detroit

385

00:15:53,430 --> 00:15:50,639

michigan to houston texas

386

00:15:55,509 --> 00:15:53,440

this was day three of my trip and i was

387

00:15:56,790 --> 00:15:55,519

beginning to run out of driving hours

388

00:15:59,030 --> 00:15:56,800

for the day

389

00:16:00,790 --> 00:15:59,040

i noticed a truck stop gas station on

390

00:16:02,949 --> 00:16:00,800

the side of i-40

391

00:16:04,069 --> 00:16:02,959

pulled off and decided to call it a

392

00:16:06,470 --> 00:16:04,079

night

393

00:16:09,269 --> 00:16:06,480

i was running ahead of schedule so i was

394

00:16:13,910 --> 00:16:09,279

going to have myself a long

395

00:16:17,269 --> 00:16:13,920

14-hour break instead of the usual 10.

396

00:16:19,590 --> 00:16:17,279

the middle of nowhere off the bat i

397

00:16:20,790 --> 00:16:19,600

didn't like the area but had no other

398

00:16:23,189 --> 00:16:20,800

choice

399

00:16:25,910 --> 00:16:23,199

the bathrooms were unkempt and had

400

00:16:26,949 --> 00:16:25,920

enough graffiti on the walls to classify

401  
00:16:29,430 --> 00:16:26,959  
itself

402  
00:16:31,430 --> 00:16:29,440  
as an inner city truck stop

403  
00:16:33,030 --> 00:16:31,440  
even though i was practically in the

404  
00:16:36,310 --> 00:16:33,040  
middle of nowhere

405  
00:16:38,870 --> 00:16:36,320  
it was also a small shop with parking

406  
00:16:42,230 --> 00:16:38,880  
for only a dozen trucks

407  
00:16:44,870 --> 00:16:42,240  
after washing up i purchased a new work

408  
00:16:45,910 --> 00:16:44,880  
knife some hot food and headed out of my

409  
00:16:47,749 --> 00:16:45,920  
truck

410  
00:16:49,509 --> 00:16:47,759  
i sat in the captain's chair and

411  
00:16:50,389 --> 00:16:49,519  
listened to the radio while i ate my

412  
00:16:52,870 --> 00:16:50,399  
dinner

413  
00:16:54,069 --> 00:16:52,880

with the windows down letting in the dry

414

00:16:56,310 --> 00:16:54,079

wind

415

00:16:57,670 --> 00:16:56,320

the mississippi river had just begun

416

00:16:59,829 --> 00:16:57,680

flooding but

417

00:17:00,870 --> 00:16:59,839

there hadn't been any rain in over a

418

00:17:02,710 --> 00:17:00,880

week

419

00:17:06,150 --> 00:17:02,720

the surrounding area was beginning to

420

00:17:09,750 --> 00:17:06,160

look like nevada more than arkansas

421

00:17:11,350 --> 00:17:09,760

i finished my meal and cleaned up a bit

422

00:17:14,870 --> 00:17:11,360

i slid out of the seat and onto the

423

00:17:16,949 --> 00:17:14,880

pavement as a gust of warm wind hit me

424

00:17:19,189 --> 00:17:16,959

i strolled over to the dumpster

425

00:17:22,069 --> 00:17:19,199

tossed my garbage inside and began

426

00:17:25,189 --> 00:17:22,079

slowly walking back to my truck

427

00:17:27,350 --> 00:17:25,199

i fished out a filterless cigarette and

428

00:17:29,029 --> 00:17:27,360

lean against the bug splattered side of

429

00:17:31,270 --> 00:17:29,039

my truck ick

430

00:17:34,070 --> 00:17:31,280

and lit it with my lighter

431

00:17:36,070 --> 00:17:34,080

i enjoyed the smoke as i watched the sun

432

00:17:39,029 --> 00:17:36,080

set below the horizon

433

00:17:41,029 --> 00:17:39,039

a few more trucks had backed into spots

434

00:17:43,430 --> 00:17:41,039

i spotted one guy walking out of the

435

00:17:45,590 --> 00:17:43,440

store with a bottle of beer in his hand

436

00:17:47,990 --> 00:17:45,600

looking around nervously as he quickly

437

00:17:50,390 --> 00:17:48,000

strode over to his truck

438

00:17:53,909 --> 00:17:50,400

the life of a trucker

439

00:17:58,470 --> 00:17:53,919

something interesting and very every day

440

00:18:01,190 --> 00:17:58,480

risking his job over one lousy beer

441

00:18:03,909 --> 00:18:01,200

i climbed back into the cab of the truck

442

00:18:06,150 --> 00:18:03,919

dropped back into the sleeper berth

443

00:18:08,789 --> 00:18:06,160

changed into a pair of pajamas and lie

444

00:18:10,710 --> 00:18:08,799

down to get some rest i didn't bother

445

00:18:13,190 --> 00:18:10,720

setting an alarm

446

00:18:16,789 --> 00:18:13,200

i felt sleep creep over me and accepted

447

00:18:18,310 --> 00:18:16,799

it as i drifted off into dreamworld

448

00:18:20,950 --> 00:18:18,320

jolted awake

449

00:18:23,190 --> 00:18:20,960

i woke with the cabin of the truck

450

00:18:24,789 --> 00:18:23,200

rocking violently

451  
00:18:27,110 --> 00:18:24,799  
knocking the bottle of water i had

452  
00:18:28,789 --> 00:18:27,120  
placed on my nightstand over and onto

453  
00:18:30,870 --> 00:18:28,799  
the floor

454  
00:18:32,549 --> 00:18:30,880  
i sat straight up fully awake and

455  
00:18:34,390 --> 00:18:32,559  
pressed the button on the truck's radio

456  
00:18:36,070 --> 00:18:34,400  
alarm

457  
00:18:38,070 --> 00:18:36,080  
it was shortly after three in the

458  
00:18:40,310 --> 00:18:38,080  
morning i reached down and grabbed the

459  
00:18:43,110 --> 00:18:40,320  
bottle of water that had fallen

460  
00:18:45,830 --> 00:18:43,120  
twisted the cap off and took a few deep

461  
00:18:47,909 --> 00:18:45,840  
gulps before wondering what had rocked

462  
00:18:50,710 --> 00:18:47,919  
my truck so violently

463  
00:18:53,110 --> 00:18:50,720

then i remembered the wind

464

00:18:56,390 --> 00:18:53,120

i settled back down got my heart rate

465

00:18:57,830 --> 00:18:56,400

back below 100 and laid my head down on

466

00:19:00,630 --> 00:18:57,840

the pillow

467

00:19:02,870 --> 00:19:00,640

the truck rocked again knocking my ash

468

00:19:05,590 --> 00:19:02,880

tray over that i had set on the cup

469

00:19:08,070 --> 00:19:05,600

holder and once again tossing my water

470

00:19:10,230 --> 00:19:08,080

bottle onto the floor

471

00:19:12,390 --> 00:19:10,240

i flipped on the overhead light slid on

472

00:19:15,350 --> 00:19:12,400

my shoes and grabbed another cigarette

473

00:19:17,430 --> 00:19:15,360

from my pack i opened the curtains sat

474

00:19:18,950 --> 00:19:17,440

in the captain's chair and shut off the

475

00:19:20,950 --> 00:19:18,960

sleeper light

476

00:19:23,990 --> 00:19:20,960

i opened the door and noticed that it

477

00:19:26,230 --> 00:19:24,000

had cooled down considerably i shut off

478

00:19:28,870 --> 00:19:26,240

the truck pocketed the keys and climbed

479

00:19:31,669 --> 00:19:28,880

down onto the pavement to look around

480

00:19:34,150 --> 00:19:31,679

at this time of night the truck stop had

481

00:19:35,909 --> 00:19:34,160

lights around the gasoline pumps and

482

00:19:37,270 --> 00:19:35,919

their light could not reach the truck

483

00:19:38,870 --> 00:19:37,280

parking area

484

00:19:41,990 --> 00:19:38,880

i looked around a moment lit my

485

00:19:44,470 --> 00:19:42,000

cigarette and then noticed something

486

00:19:46,390 --> 00:19:44,480

the wind had stopped blowing

487

00:19:47,990 --> 00:19:46,400

i wondered what had caused my truck to

488

00:19:50,390 --> 00:19:48,000

rock so violently

489

00:19:52,630 --> 00:19:50,400

earthquake maybe

490

00:19:54,950 --> 00:19:52,640

i knew that a few had been reported

491

00:19:56,950 --> 00:19:54,960

around memphis and i was probably close

492

00:19:59,270 --> 00:19:56,960

enough to have felt a tremor

493

00:20:01,909 --> 00:19:59,280

but that rocking motion did not feel

494

00:20:03,430 --> 00:20:01,919

like an earthquake it felt like the wind

495

00:20:05,669 --> 00:20:03,440

hitting the side of my truck with a

496

00:20:08,149 --> 00:20:05,679

strong gust

497

00:20:10,630 --> 00:20:08,159

the apparition

498

00:20:12,870 --> 00:20:10,640

curiously and cautiously

499

00:20:15,350 --> 00:20:12,880

i walked around the front of my truck to

500

00:20:17,190 --> 00:20:15,360

the passenger side and looked down the

501  
00:20:18,710 --> 00:20:17,200  
length of my trailer

502  
00:20:21,029 --> 00:20:18,720  
i noticed movement

503  
00:20:22,230 --> 00:20:21,039  
low to the ground about four feet not

504  
00:20:24,789 --> 00:20:22,240  
fast

505  
00:20:25,990 --> 00:20:24,799  
i used my keys to unlock the passenger

506  
00:20:27,669 --> 00:20:26,000  
side door

507  
00:20:30,149 --> 00:20:27,679  
jumped up and grabbed my large

508  
00:20:31,510 --> 00:20:30,159  
flashlight from an overhead storage

509  
00:20:33,190 --> 00:20:31,520  
compartment

510  
00:20:34,630 --> 00:20:33,200  
i climbed back down and closed the

511  
00:20:36,230 --> 00:20:34,640  
locked door

512  
00:20:38,789 --> 00:20:36,240  
i clicked on the light and shined it

513  
00:20:41,190 --> 00:20:38,799

down the side of my trailer

514

00:20:44,070 --> 00:20:41,200

and there was a young girl

515

00:20:46,070 --> 00:20:44,080

standing off into the field about 10

516

00:20:48,230 --> 00:20:46,080

feet behind my truck

517

00:20:49,669 --> 00:20:48,240

but when i looked harder she wasn't

518

00:20:50,950 --> 00:20:49,679

there

519

00:20:53,590 --> 00:20:50,960

well

520

00:20:56,070 --> 00:20:53,600

like i said earlier truck drivers see

521

00:20:58,870 --> 00:20:56,080

something new every day

522

00:21:00,710 --> 00:20:58,880

this certainly was new

523

00:21:01,590 --> 00:21:00,720

i began to walk toward the rear of my

524

00:21:03,590 --> 00:21:01,600

truck

525

00:21:05,190 --> 00:21:03,600

scanning the field with the flashlight

526  
00:21:06,149 --> 00:21:05,200  
for any trace of the girl i had just

527  
00:21:07,990 --> 00:21:06,159  
seen

528  
00:21:09,110 --> 00:21:08,000  
when i reached the back there was no

529  
00:21:11,190 --> 00:21:09,120  
trace

530  
00:21:13,590 --> 00:21:11,200  
it must have been a trick of the eyes

531  
00:21:15,590 --> 00:21:13,600  
heck i haven't even fully awakened yet i

532  
00:21:17,110 --> 00:21:15,600  
glanced over my shoulder there were no

533  
00:21:19,270 --> 00:21:17,120  
cars at the pumps and the clerk

534  
00:21:22,710 --> 00:21:19,280  
definitely hadn't noticed me

535  
00:21:24,630 --> 00:21:22,720  
i felt the call of the wild coming on

536  
00:21:27,029 --> 00:21:24,640  
and didn't feel much like walking into

537  
00:21:29,190 --> 00:21:27,039  
the store wearing my pajamas

538  
00:21:31,990 --> 00:21:29,200

i was in the middle of nowhere and no

539

00:21:32,870 --> 00:21:32,000

one could see me so i figured no harm no

540

00:21:34,870 --> 00:21:32,880

foul

541

00:21:37,110 --> 00:21:34,880

i stood at the rear of the trailer and

542

00:21:39,270 --> 00:21:37,120

did my business

543

00:21:41,190 --> 00:21:39,280

looking around for that girl again also

544

00:21:44,070 --> 00:21:41,200

hoping that she wasn't hiding behind

545

00:21:46,230 --> 00:21:44,080

something and watching me do this

546

00:21:48,310 --> 00:21:46,240

i put everything away and walked to the

547

00:21:49,430 --> 00:21:48,320

driver's side of the truck toward the

548

00:21:51,270 --> 00:21:49,440

cap

549

00:21:53,110 --> 00:21:51,280

i took the last couple of puffs of my

550

00:21:55,990 --> 00:21:53,120

cigarette and flung it into the parking

551  
00:21:59,430 --> 00:21:56,000  
lot use my keys to unlock the truck and

552  
00:22:01,190 --> 00:21:59,440  
pop the door open just as i planted my

553  
00:22:05,190 --> 00:22:01,200  
foot on the fairing

554  
00:22:07,029 --> 00:22:05,200  
i heard a distinct giggle

555  
00:22:08,470 --> 00:22:07,039  
a girl's giggle

556  
00:22:09,909 --> 00:22:08,480  
i step back down and shine the

557  
00:22:11,270 --> 00:22:09,919  
flashlight around

558  
00:22:13,110 --> 00:22:11,280  
nothing

559  
00:22:14,630 --> 00:22:13,120  
this is getting kind of creepy i said

560  
00:22:17,990 --> 00:22:14,640  
out loud

561  
00:22:20,390 --> 00:22:18,000  
he heard me a small girl's voice

562  
00:22:22,950 --> 00:22:20,400  
answered back okay i got chills

563  
00:22:27,350 --> 00:22:22,960

i jumped backwards away from the truck

564

00:22:28,950 --> 00:22:27,360

the voice had come from inside the cab

565

00:22:31,830 --> 00:22:28,960

something was wrong

566

00:22:33,750 --> 00:22:31,840

i had the entire truck locked up while i

567

00:22:35,750 --> 00:22:33,760

was walking around

568

00:22:38,070 --> 00:22:35,760

there was no way that someone could have

569

00:22:40,390 --> 00:22:38,080

gotten in without breaking a window

570

00:22:43,029 --> 00:22:40,400

stealing myself for what was going to be

571

00:22:45,590 --> 00:22:43,039

an uncomfortable encounter at the least

572

00:22:48,230 --> 00:22:45,600

i took a step up on the fairing and

573

00:22:49,590 --> 00:22:48,240

leaned my head into the truck

574

00:22:51,190 --> 00:22:49,600

i asked

575

00:22:53,029 --> 00:22:51,200

is anyone there

576

00:22:55,430 --> 00:22:53,039

i asked

577

00:22:58,230 --> 00:22:55,440

i hit the switch to turn on the sleeper

578

00:23:00,710 --> 00:22:58,240

birth light i climbed in i put a knee on

579

00:23:02,070 --> 00:23:00,720

the seat and peered into the sleeper

580

00:23:05,270 --> 00:23:02,080

berth

581

00:23:08,710 --> 00:23:05,280

good night a soft voice said which

582

00:23:11,029 --> 00:23:08,720

seemed to emanate from all around me

583

00:23:13,110 --> 00:23:11,039

i flinched as i heard the word

584

00:23:14,390 --> 00:23:13,120

and felt a cold chill run through my

585

00:23:16,470 --> 00:23:14,400

body

586

00:23:19,270 --> 00:23:16,480

i slid off the seat and stood up in the

587

00:23:20,710 --> 00:23:19,280

cab bumping my temple off the overhead

588

00:23:23,029 --> 00:23:20,720

storage beds

589

00:23:25,270 --> 00:23:23,039

i looked around the sleeper

590

00:23:26,950 --> 00:23:25,280

no one was there

591

00:23:28,789 --> 00:23:26,960

i turned around and shuffled into the

592

00:23:31,190 --> 00:23:28,799

cab to close the door

593

00:23:33,110 --> 00:23:31,200

when i saw the young girl

594

00:23:36,070 --> 00:23:33,120

standing outside my truck on the

595

00:23:37,590 --> 00:23:36,080

pavement looking up at me with lifeless

596

00:23:41,990 --> 00:23:37,600

eyes

597

00:23:44,390 --> 00:23:42,000

person

598

00:23:47,990 --> 00:23:44,400

they were designed for a predator

599

00:23:49,669 --> 00:23:48,000

and all of a sudden i felt like prey

600

00:23:51,830 --> 00:23:49,679

i reached forward and slammed the door

601  
00:23:54,710 --> 00:23:51,840  
shut and flicked the lock i quickly

602  
00:23:56,950 --> 00:23:54,720  
decided that i was not staying here for

603  
00:23:58,870 --> 00:23:56,960  
the rest of the night i turned the key

604  
00:23:59,750 --> 00:23:58,880  
and heard my truck's motor rumbled at

605  
00:24:02,149 --> 00:23:59,760  
life

606  
00:24:04,149 --> 00:24:02,159  
along with the familiar annoying buzzing

607  
00:24:07,190 --> 00:24:04,159  
that was my air pressure gauge telling

608  
00:24:10,149 --> 00:24:07,200  
me that i didn't have enough air to

609  
00:24:12,870 --> 00:24:10,159  
release the brakes

610  
00:24:14,470 --> 00:24:12,880  
i took a glance out the window and there

611  
00:24:16,549 --> 00:24:14,480  
she stood

612  
00:24:19,750 --> 00:24:16,559  
still as a tree

613  
00:24:21,990 --> 00:24:19,760

looking up at me smiling

614

00:24:24,549 --> 00:24:22,000

i didn't want to get any closer to the

615

00:24:25,750 --> 00:24:24,559

window until i was ready to get my truck

616

00:24:28,870 --> 00:24:25,760

moving

617

00:24:29,750 --> 00:24:28,880

this was wrong i didn't want any part of

618

00:24:35,029 --> 00:24:29,760

this

619

00:24:37,430 --> 00:24:35,039

at least not anymore she wasn't

620

00:24:40,230 --> 00:24:37,440

it was almost as if she was something so

621

00:24:41,350 --> 00:24:40,240

inhuman that it would take the form of a

622

00:24:43,350 --> 00:24:41,360

human

623

00:24:45,029 --> 00:24:43,360

it's hard for me to explain and i feel

624

00:24:46,710 --> 00:24:45,039

sick just thinking about it tell me

625

00:24:49,669 --> 00:24:46,720

about it

626

00:24:53,269 --> 00:24:49,679

i heard the siren shut off and hit the

627

00:24:56,630 --> 00:24:53,279

valves to supply air to my brake system

628

00:24:58,390 --> 00:24:56,640

as the system began to air up the siren

629

00:25:00,789 --> 00:24:58,400

came on again

630

00:25:02,789 --> 00:25:00,799

screw this i told myself

631

00:25:05,350 --> 00:25:02,799

i have enough to get out of here i

632

00:25:07,909 --> 00:25:05,360

disengaged the clutch ground the truck

633

00:25:11,430 --> 00:25:07,919

into gear and roared out of the parking

634

00:25:13,430 --> 00:25:11,440

lot like the devil himself was behind me

635

00:25:15,110 --> 00:25:13,440

which for all i knew

636

00:25:16,149 --> 00:25:15,120

he was

637

00:25:18,230 --> 00:25:16,159

ugh

638

00:25:20,789 --> 00:25:18,240

i looked in my side mirror

639

00:25:22,470 --> 00:25:20,799

as i was about to start running right

640

00:25:25,750 --> 00:25:22,480

and saw the girl

641

00:25:27,269 --> 00:25:25,760

washed in the red and amber glow of my

642

00:25:31,269 --> 00:25:27,279

running lights

643

00:25:32,470 --> 00:25:31,279

she was smiling at me and waving

644

00:25:35,669 --> 00:25:32,480

i knew

645

00:25:38,870 --> 00:25:35,679

and i flew through my gears as quickly

646

00:25:41,750 --> 00:25:38,880

as they would let me as i got back onto

647

00:25:46,470 --> 00:25:44,870

i drove for about 45 minutes repeatedly

648

00:25:49,350 --> 00:25:46,480

hitting the switch to turn on the

649

00:25:52,630 --> 00:25:49,360

interior lights to look around the cab

650

00:25:56,549 --> 00:25:52,640

and the sleeper before finally spotting

651  
00:25:58,310 --> 00:25:56,559  
a larger truck stop at the next exit

652  
00:26:00,149 --> 00:25:58,320  
after backing into one of the few

653  
00:26:01,990 --> 00:26:00,159  
remaining spots left

654  
00:26:04,390 --> 00:26:02,000  
i shut off my lights and turn on the

655  
00:26:05,909 --> 00:26:04,400  
sleeper birth light as i walked into the

656  
00:26:07,669 --> 00:26:05,919  
back

657  
00:26:10,470 --> 00:26:07,679  
then i paused

658  
00:26:12,149 --> 00:26:10,480  
at the store i had bought a souvenir

659  
00:26:14,870 --> 00:26:12,159  
nothing fancy just

660  
00:26:15,750 --> 00:26:14,880  
a postcard with a picture of arkansas in

661  
00:26:18,390 --> 00:26:15,760  
it

662  
00:26:20,390 --> 00:26:18,400  
i had also bought a new knife

663  
00:26:21,510 --> 00:26:20,400

i had never even take the knife out of

664

00:26:24,310 --> 00:26:21,520

the box

665

00:26:26,710 --> 00:26:24,320

and remembered putting the postcard into

666

00:26:29,669 --> 00:26:26,720

the drawer for safekeeping

667

00:26:33,110 --> 00:26:29,679

the point of the blade had been driven

668

00:26:35,110 --> 00:26:33,120

directly into the spot on i-40

669

00:26:36,230 --> 00:26:35,120

where i had originally stopped for the

670

00:26:39,190 --> 00:26:36,240

night

671

00:26:44,549 --> 00:26:39,200

the blade had been driven in deep

672

00:26:49,830 --> 00:26:46,710

it took me several minutes just to work

673

00:26:51,669 --> 00:26:49,840

the knife loose enough to withdraw it

674

00:26:54,230 --> 00:26:51,679

from the nightstand

675

00:26:55,269 --> 00:26:54,240

thankfully when i turned the postcard

676  
00:26:58,230 --> 00:26:55,279  
over

677  
00:27:01,510 --> 00:26:58,240  
no message has been left for me

678  
00:27:03,750 --> 00:27:01,520  
to this day i do not know what i saw

679  
00:27:06,070 --> 00:27:03,760  
i hear other truckers talk of strange

680  
00:27:08,950 --> 00:27:06,080  
things that they see on the interstates

681  
00:27:11,750 --> 00:27:08,960  
u.s highways and state routes but

682  
00:27:13,990 --> 00:27:11,760  
i've never mentioned my experience

683  
00:27:14,950 --> 00:27:14,000  
i've always felt that just by mentioning

684  
00:27:18,789 --> 00:27:14,960  
her

685  
00:27:21,909 --> 00:27:18,799  
she would be

686  
00:27:23,990 --> 00:27:21,919  
sitting on my bunk and waiting for me

687  
00:27:26,950 --> 00:27:24,000  
i threw that postcard away

688  
00:27:29,590 --> 00:27:26,960

and tossed the knife into the dumpster

689

00:27:31,990 --> 00:27:29,600

i got another postcard from arkansas

690

00:27:36,310 --> 00:27:32,000

just to keep the collection going

691

00:27:42,149 --> 00:27:39,830

that was a highly disturbing story

692

00:27:43,909 --> 00:27:42,159

my goodness i just

693

00:27:45,269 --> 00:27:43,919

absolute chills

694

00:27:47,190 --> 00:27:45,279

well

695

00:27:49,750 --> 00:27:47,200
