00:00:07,400 --> 00:00:04,519
this is backstage calm welcome welcome

2
00:00:07,940 --> 00:00:07,410
to UFO headline news with me Heidi

3
00:00:13,030 --> 00:00:07,950
Hollis

4
00:00:16,730 --> 00:00:13,040
today is Tuesday November 28th 2017

5
00:00:18,590 --> 00:00:16,740
blasting off with UFO reports there was

6
00:00:24,439 --> 00:00:18,600
a UFO sighting in Roy

7
00:00:27,710 --> 00:00:24,449
Washington July 18th 2017 a star-like

8
00:00:31,160 --> 00:00:27,720
lights blinking and forming a triangle

9
00:00:33,799 --> 00:00:31,170
that elongated the witness goes on to

10
00:00:36,290 --> 00:00:33,809
state I was driving to work and only a

11
00:00:38,569 --> 00:00:36,300
very short distance from my home when I

12
00:00:41,119 --> 00:00:38,579
noticed blinking lights in the distance

13
00:00:44,119 --> 00:00:41,129

it was through some trees and I thought

14

00:00:46,430 --> 00:00:44,129

at first that it was a cell tower but

15

00:00:49,220 --> 00:00:46,440

then I remembered that there is no cell

16

00:00:52,400 --> 00:00:49,230

tower or any other sort of lighted tower

17

00:00:55,160 --> 00:00:52,410

out there the trees were obstructing my

18

00:00:56,810 --> 00:00:55,170

view so I waited to pull over until I

19

00:00:59,060 --> 00:00:56,820

had driven outward there was no

20

00:01:01,760 --> 00:00:59,070

obstruction to my view and I pulled over

21

00:01:04,219 --> 00:01:01,770

onto the side of the road it only took

22

00:01:06,980 --> 00:01:04,229

approximately 15 to 30 seconds to get

23

00:01:11,000 --> 00:01:06,990

out of the treed area and to the clear

24

00:01:13,280 --> 00:01:11,010

view and parked I got out of my car to

25

00:01:16,039 --> 00:01:13,290

observe them the lights were quite a

26
00:01:19,190 --> 00:01:16,049
distance for me probably at least a mile

27
00:01:22,520 --> 00:01:19,200
out but less than a mile and a half I

28
00:01:25,640 --> 00:01:22,530
think they were at the skyline and noted

29
00:01:28,249 --> 00:01:25,650
that it was interesting that they seemed

30
00:01:32,719 --> 00:01:28,259
to be doing a sort of design in the sky

31
00:01:35,420 --> 00:01:32,729
I saw one star like white to light fly

32
00:01:39,050 --> 00:01:35,430
straight up and then suddenly stop and

33
00:01:41,660 --> 00:01:39,060
then to other star like lights slightly

34
00:01:44,840 --> 00:01:41,670
smaller than the first flew down at

35
00:01:47,870 --> 00:01:44,850
angles to the central one that so they

36
00:01:50,090 --> 00:01:47,880
formed a triad then another light came

37
00:01:54,700 --> 00:01:50,100
straight down to form an elongated

38
00:01:57,469 --> 00:01:54,710

diamond then one by one they blinked out

39

00:02:00,080 --> 00:01:57,479

the big one in the top center was the

40

00:02:04,160 --> 00:02:00,090

last to blink out it stayed there

41

00:02:07,459 --> 00:02:04,170

blinking and then slowly faded its light

42

00:02:10,760 --> 00:02:07,469

out there was something else the bigger

43

00:02:12,979 --> 00:02:10,770

light did that was strange but I can't

44

00:02:14,050 --> 00:02:12,989

remember where it fit in this sort of

45

00:02:16,729 --> 00:02:14,060

dance they did

46

00:02:19,250 --> 00:02:16,739

it was blinking and then suddenly got

47

00:02:21,470 --> 00:02:19,260

brighter and from its left side it

48

00:02:23,209 --> 00:02:21,480

seemed to fling out these sparks of

49

00:02:26,209 --> 00:02:23,219

coloured light in an arch that

50

00:02:30,259 --> 00:02:26,219

dissipated quickly the lights were blue

51
00:02:32,390 --> 00:02:30,269
red and green it almost looked like what

52
00:02:34,309 --> 00:02:32,400
you would expect from a firework but

53
00:02:37,580 --> 00:02:34,319
there was no sound and it was more

54
00:02:39,860 --> 00:02:37,590
controlled thank you for this

55
00:02:42,199 --> 00:02:39,870
opportunity to tell my observation of

56
00:02:44,809 --> 00:02:42,209
the witness states I first told it to

57
00:02:45,970 --> 00:02:44,819
another site and someone called back

58
00:02:48,229 --> 00:02:45,980
left a message

59
00:02:51,410 --> 00:02:48,239
probably soldiers from the base

60
00:02:53,750 --> 00:02:51,420
practicing jumps is what they said it

61
00:02:56,030 --> 00:02:53,760
did happen near the base but if those

62
00:02:59,360 --> 00:02:56,040
were soldiers practicing parachuting

63
00:03:01,240 --> 00:02:59,370

they have got some pretty wild moves and

64

00:03:05,270 --> 00:03:01,250

are able to control their flight path

65

00:03:08,240 --> 00:03:05,280

very well even disappearing briefly and

66

00:03:09,789 --> 00:03:08,250

then coming back in a whole different

67

00:03:13,490 --> 00:03:09,799

place

68

00:03:18,920 --> 00:03:13,500

our next sighting is in Collinsville

69

00:03:22,390 --> 00:03:18,930

Illinois observed several orbs 200 plus

70

00:03:26,740 --> 00:03:22,400

feet in the sky the witness states

71

00:03:28,879 --> 00:03:26,750

Thanksgiving evening November 23rd 2017

72

00:03:31,430 --> 00:03:28,889

just before dusk

73

00:03:34,039 --> 00:03:31,440

I was outside placing Christmas lights

74

00:03:36,500 --> 00:03:34,049

on a small tree in the yard and just

75

00:03:38,869 --> 00:03:36,510

happened to look up in the northeast

76

00:03:41,710 --> 00:03:38,879

direction as I was standing there

77

00:03:44,960 --> 00:03:41,720

looking at the tree I was decorating

78

00:03:48,229 --> 00:03:44,970

noticed several small white objects

79

00:03:50,500 --> 00:03:48,239

probably six to ten of them seeming to

80

00:03:53,809 --> 00:03:50,510

just float around up in the sky

81

00:03:56,569 --> 00:03:53,819

estimating them to be over 200 plus feet

82

00:03:58,129 --> 00:03:56,579

up I thought at first someone must have

83

00:04:00,379 --> 00:03:58,139

released some helium balloons or

84

00:04:02,599 --> 00:04:00,389

something I watched for a minute or two

85

00:04:05,360 --> 00:04:02,609

and saw that they moved a little in a

86

00:04:07,339 --> 00:04:05,370

northern direction all in a scattered

87

00:04:09,530 --> 00:04:07,349

pattern which is why I first thought

88

00:04:13,009 --> 00:04:09,540

they might have been helium balloons

89

00:04:15,289 --> 00:04:13,019

moving through the upper winds I then

90

00:04:18,680 --> 00:04:15,299

observed them from a circular position

91

00:04:21,560 --> 00:04:18,690

still in that spot for a few seconds and

92

00:04:23,149 --> 00:04:21,570

move a little to the south then they

93

00:04:25,219 --> 00:04:23,159

seemed to scatter a little and just

94

00:04:27,580 --> 00:04:25,229

disappeared either due to the distance

95

00:04:30,939 --> 00:04:27,590

and moving upward

96

00:04:34,629 --> 00:04:30,949

I kept looking for them and about 15

97

00:04:38,110 --> 00:04:34,639

seconds later they reappeared again in a

98

00:04:40,629 --> 00:04:38,120

semi scattered position some still in a

99

00:04:43,930 --> 00:04:40,639

circular pattern with a few moving away

100

00:04:46,540 --> 00:04:43,940

from the circle to the south it looked

101
00:04:48,760 --> 00:04:46,550
like orbs or small circular objects I

102
00:04:51,640 --> 00:04:48,770
went to go get my wife and stepdaughter

103
00:04:54,400 --> 00:04:51,650
and two of my granddaughter's to take a

104
00:04:56,590 --> 00:04:54,410
look at these things my wife came out

105
00:04:59,439 --> 00:04:56,600
onto the porch and when she came over to

106
00:05:02,620 --> 00:04:59,449
where I was observing them we can no

107
00:05:04,540 --> 00:05:02,630
longer find them in the sky from the

108
00:05:06,810 --> 00:05:04,550
time I spotted them until I could not

109
00:05:09,129 --> 00:05:06,820
see them anymore was about 10 minutes

110
00:05:12,480 --> 00:05:09,139
they could have already been there

111
00:05:13,659 --> 00:05:12,490
longer before I noticed them who knows

112
00:05:16,750 --> 00:05:13,669
anyway

113
00:05:20,020 --> 00:05:16,760

never has seen any UFOs or orbs in my

114

00:05:22,900 --> 00:05:20,030

life but thought this was really strange

115

00:05:25,150 --> 00:05:22,910

I don't think upper winds would tend to

116

00:05:29,170 --> 00:05:25,160

move the objects like this and thought

117

00:05:32,860 --> 00:05:29,180

it might be noteworthy a blast

118

00:05:37,270 --> 00:05:32,870

from the UFO past a black triangle

119

00:05:44,320 --> 00:05:37,280

sighting in Angola Indiana in August

120

00:05:47,339 --> 00:05:44,330

31st 1962 dark grey to black large fifty

121

00:05:51,100 --> 00:05:47,349

to a hundred foot diameter no lights

122

00:05:53,350 --> 00:05:51,110

until after the hover then the three

123

00:05:57,580 --> 00:05:53,360

cylinders in a triangle pattern lit up

124

00:06:00,070 --> 00:05:57,590

inside maybe 10 to 15 foot deep by five

125

00:06:06,040 --> 00:06:00,080

to eight foot diameter blue green

126

00:06:11,020 --> 00:06:06,050

glowing mildly light circling arrow the

127

00:06:12,909 --> 00:06:11,030

witness states I have now turned 65 this

128

00:06:17,560 --> 00:06:12,919

happened when I was around 10 years old

129

00:06:20,500 --> 00:06:17,570

I just read a latest UFO sighting report

130

00:06:22,800 --> 00:06:20,510

they mentioned lights in a triangle

131

00:06:25,810 --> 00:06:22,810

pattern this is similar to what I saw

132

00:06:28,540 --> 00:06:25,820

eventually after the hover just above me

133

00:06:31,990 --> 00:06:28,550

so I have decided to tell this event

134

00:06:34,379 --> 00:06:32,000

after all of these years it happened a

135

00:06:38,500 --> 00:06:34,389

few miles outside of Angola Indiana in

136

00:06:41,260 --> 00:06:38,510

1962 my father was a college professor

137

00:06:43,810 --> 00:06:41,270

one day a former Aero

138

00:06:47,260 --> 00:06:43,820

student of his came flying over our

139

00:06:51,310 --> 00:06:47,270

house out in the country in a huge

140

00:06:54,370 --> 00:06:51,320

Goodyear blimp he threw out a long rope

141

00:06:54,610 --> 00:06:54,380

to me out in the backyard and I caught

142

00:06:57,520 --> 00:06:54,620

it

143

00:07:00,820 --> 00:06:57,530

he opened the big side window shut off

144

00:07:05,560 --> 00:07:00,830

the blimp engines and yelled is your dad

145

00:07:08,920 --> 00:07:05,570

there yes I said I'll get him dad came

146

00:07:12,580 --> 00:07:08,930

out the pilot yelled I will land and you

147

00:07:14,620 --> 00:07:12,590

and your son hop in dad said you can fly

148

00:07:18,460 --> 00:07:14,630

to the local airport we will meet you

149

00:07:20,410 --> 00:07:18,470

there yes said the pilot so soon I was

150

00:07:23,590 --> 00:07:20,420

flying in the Goodyear blimp with dad

151

00:07:26,080 --> 00:07:23,600

and his former college student the

152

00:07:29,410 --> 00:07:26,090

reason I tell you this is the spacecraft

153

00:07:31,650 --> 00:07:29,420

came in a few days later and hovered

154

00:07:34,690 --> 00:07:31,660

less than a hundred feet above me

155

00:07:37,360 --> 00:07:34,700

exactly where the Goodyear blimp hovered

156

00:07:40,570 --> 00:07:37,370

a few days before throwing me the rope

157

00:07:43,330 --> 00:07:40,580

it was 9:00 to 10:00 p.m. one night I

158

00:07:44,200 --> 00:07:43,340

was out in that backyard with my friend

159

00:07:47,320 --> 00:07:44,210

from school

160

00:07:49,630 --> 00:07:47,330

he was also 10 years old I had my

161

00:07:53,320 --> 00:07:49,640

Unitron telescope set up out in the

162

00:07:58,020 --> 00:07:53,330

backyard looking at the Stars I heard a

163

00:08:01,240 --> 00:07:58,030

low base barely audible hum come and go

164

00:08:04,090 --> 00:08:01,250

from the Northeast just above the

165

00:08:07,120 --> 00:08:04,100

treeline above the huge maple trees that

166

00:08:11,530 --> 00:08:07,130

I routinely climbed I could barely make

167

00:08:14,550 --> 00:08:11,540

out a completely unlit aircraft moving

168

00:08:18,870 --> 00:08:14,560

in my direction from 700 to 800 feet out

169

00:08:21,310 --> 00:08:18,880

at least less than 10 miles per hour now

170

00:08:25,180 --> 00:08:21,320

here is where I made the biggest mistake

171

00:08:26,830 --> 00:08:25,190

of my life I was a young kid and I had

172

00:08:29,500 --> 00:08:26,840

recently read an article in a magazine

173

00:08:32,260 --> 00:08:29,510

in town about a guy who described being

174

00:08:34,900 --> 00:08:32,270

abducted and they stuck a huge

175

00:08:37,900 --> 00:08:34,910

hypodermic needle into his nose to take

176
00:08:40,690 --> 00:08:37,910
a brain sample they showed an artist's

177
00:08:43,480 --> 00:08:40,700
rendition of this being just a kid that

178
00:08:47,050 --> 00:08:43,490
scared me and I hated doctors and

179
00:08:49,780 --> 00:08:47,060
needles so very quickly I ran into the

180
00:08:53,340 --> 00:08:49,790
house to mom and dad's bedroom they were

181
00:08:55,060 --> 00:08:53,350
asleep and grabbed my dad's World War 2

182
00:09:00,190 --> 00:08:55,070
45 auto

183
00:09:02,610 --> 00:09:00,200
stole from the chest next to their bed I

184
00:09:06,070 --> 00:09:02,620
stuck it down the front of my trousers

185
00:09:10,960 --> 00:09:06,080
somewhat out of sight I ran back outside

186
00:09:13,060 --> 00:09:10,970
and here she came she eased down just

187
00:09:16,780 --> 00:09:13,070
above me around sixty to eighty feet

188
00:09:19,780 --> 00:09:16,790

over my head she stopped completely no

189

00:09:23,800 --> 00:09:19,790

lights no noise I think they would have

190

00:09:26,860 --> 00:09:23,810

greeted me but who knows but I fear they

191

00:09:31,900 --> 00:09:26,870

saw the gun in my pants and that blew

192

00:09:34,930 --> 00:09:31,910

the whole deal the aircraft slowly began

193

00:09:37,810 --> 00:09:34,940

to move away in a flat direction out

194

00:09:41,620 --> 00:09:37,820

over the valley after it got out about

195

00:09:44,920 --> 00:09:41,630

200 to 300 feet away she lit up what I

196

00:09:46,870 --> 00:09:44,930

believe were her engines in the belly of

197

00:09:49,750 --> 00:09:46,880

the aircraft sitting in a perfect

198

00:09:52,990 --> 00:09:49,760

triangular pattern from each other were

199

00:09:55,870 --> 00:09:53,000

three deep cylinders going up and to the

200

00:09:58,300 --> 00:09:55,880

base of the aircraft they had not been

201
00:10:02,650 --> 00:09:58,310
visible before until they lit up with

202
00:10:05,650 --> 00:10:02,660
the mild blue green glowing light now I

203
00:10:08,620 --> 00:10:05,660
had some light so I could see now up

204
00:10:11,170 --> 00:10:08,630
close and look up inside those possible

205
00:10:15,550 --> 00:10:11,180
engines with my Unitron telescope

206
00:10:18,460 --> 00:10:15,560
I selected a 50 or 60 power lens off the

207
00:10:21,270 --> 00:10:18,470
roller of lens on the scope since she

208
00:10:24,280 --> 00:10:21,280
was still so close very interestingly

209
00:10:27,280 --> 00:10:24,290
the light inside the cylinders or maybe

210
00:10:29,530 --> 00:10:27,290
engines was rotating in a right-hand

211
00:10:32,220 --> 00:10:29,540
direction around the inside surface of

212
00:10:34,600 --> 00:10:32,230
the walls of each of the three cylinders

213
00:10:37,780 --> 00:10:34,610

next thing happened I thought she was

214

00:10:41,410 --> 00:10:37,790

going to crash she began to tilt to the

215

00:10:43,720 --> 00:10:41,420

right then come back up level then tilt

216

00:10:46,600 --> 00:10:43,730

to the left it was like she is trying to

217

00:10:49,510 --> 00:10:46,610

just get the right angle as I began to

218

00:10:52,390 --> 00:10:49,520

gather she wasn't crashing she was

219

00:10:55,900 --> 00:10:52,400

getting set up to go she knows DUP to

220

00:10:59,290 --> 00:10:55,910

about 50 or 60 degrees the lights got a

221

00:11:02,560 --> 00:10:59,300

little brighter in her belly next she

222

00:11:05,320 --> 00:11:02,570

lit out climbing fast

223

00:11:08,710 --> 00:11:05,330

I increase the magnification at 200

224

00:11:11,050 --> 00:11:08,720

power than 400 then finally using the

225

00:11:14,580 --> 00:11:11,060

Barlow lend to my Unitron refractor

226

00:11:17,050 --> 00:11:14,590

scope I was at 600 power as I recall

227

00:11:20,680 --> 00:11:17,060

then she disappeared

228

00:11:24,700 --> 00:11:20,690

out amongst the stars she looked like

229

00:11:28,450 --> 00:11:24,710

any other star than God me this little

230

00:11:31,180 --> 00:11:28,460

kid was totally enlightened and also

231

00:11:34,810 --> 00:11:31,190

very unhappy with myself for grabbing

232

00:11:37,900 --> 00:11:34,820

the gun because it likely caused me to

233

00:11:39,460 --> 00:11:37,910

miss the chance of a lifetime I may have

234

00:11:42,460 --> 00:11:39,470

had the chance to explore the universe

235

00:11:46,510 --> 00:11:42,470

with them I have never seen them again

236

00:11:48,280 --> 00:11:46,520

through my 65 years of life a few

237

00:11:51,520 --> 00:11:48,290

minutes later my dad came running out

238

00:11:54,730 --> 00:11:51,530

and said give the gun what are you doing

239

00:11:56,770 --> 00:11:54,740

I pointed to the sky and told him what

240

00:12:00,310 --> 00:11:56,780

had just happened he said you're just

241

00:12:02,740 --> 00:12:00,320

seeing things don't tell anyone what you

242

00:12:06,190 --> 00:12:02,750

just told me or they will think he may

243

00:12:08,470 --> 00:12:06,200

be sick or crazy and send you away so

244

00:12:11,820 --> 00:12:08,480

all my life - now this has been locked

245

00:12:14,740 --> 00:12:11,830

inside of me I just learned about MUFON

246

00:12:18,730 --> 00:12:14,750

so I have decided to tell you people

247

00:12:20,920 --> 00:12:18,740

what happened I am glad to be here that

248

00:12:23,740 --> 00:12:20,930

other people have recently seen what may

249

00:12:27,790 --> 00:12:23,750

be related to the same triangle lit

250

00:12:29,800 --> 00:12:27,800

aircraft or should I say spacecraft I am

251

00:12:32,110 --> 00:12:29,810

in hopes that they are back here and

252

00:12:34,590 --> 00:12:32,120

maybe they have the power to stop the

253

00:12:37,470 --> 00:12:34,600

human race from destroying this planet

254

00:12:40,750 --> 00:12:37,480

they must think we are a ship of fools

255

00:12:42,940 --> 00:12:40,760

if they gave me another chance

256

00:12:49,630 --> 00:12:42,950

I would quickly climb on board with them

257

00:12:54,070 --> 00:12:49,640

in a heartbeat dabs into some mystery

258

00:12:56,470 --> 00:12:54,080

science as up next UFO sightings is the

259

00:13:01,120 --> 00:12:56,480

government withholding an interest in

260

00:13:03,070 --> 00:13:01,130

alien life this article along with

261

00:13:05,350 --> 00:13:03,080

others exploring the possibilities of

262

00:13:09,070 --> 00:13:05,360

alien life and other mysteries hidden

263

00:13:13,150 --> 00:13:09,080

beyond the stars is featured in Newsweek

264

00:13:15,049 --> 00:13:13,160

special edition life beyond Earth the

265

00:13:20,059 --> 00:13:15,059

mission to find the

266

00:13:22,939 --> 00:13:20,069

the article begins in December 1969

267

00:13:24,739 --> 00:13:22,949

the united states government called for

268

00:13:28,549 --> 00:13:24,749

the end of project Bluebook

269

00:13:31,269 --> 00:13:28,559

it's 22 year investigation into

270

00:13:33,979 --> 00:13:31,279

unidentified airborne phenomena

271

00:13:37,099 --> 00:13:33,989

overnight the authorities official

272

00:13:40,419 --> 00:13:37,109

position changed from one of indulgent

273

00:13:45,289 --> 00:13:40,429

public curiosity to absolute public

274

00:13:47,659 --> 00:13:45,299

disinterest the Air Force was the head

275

00:13:49,639 --> 00:13:47,669

agency during Project Blue Book where

276

00:13:52,129 --> 00:13:49,649

they went out into the field and talked

277

00:13:54,619 --> 00:13:52,139

to witnesses essentially trying to

278

00:13:57,229 --> 00:13:54,629

figure out what was going on explains

279

00:14:00,019 --> 00:13:57,239

John Greenwald founder of the black

280

00:14:04,029 --> 00:14:00,029

vault an internet-based resource that

281

00:14:07,389 --> 00:14:04,039

has compiled more than 1.4 million

282

00:14:10,429 --> 00:14:07,399

declassified government documents after

283

00:14:13,669 --> 00:14:10,439

1969 it was the United States Air Force

284

00:14:16,069 --> 00:14:13,679

that said no government agency including

285

00:14:19,039 --> 00:14:16,079

our own has any interest in this

286

00:14:21,619 --> 00:14:19,049

phenomena but thanks to the dogged

287

00:14:24,139 --> 00:14:21,629

effort of Greenwald and other UFO

288

00:14:29,779 --> 00:14:24,149

researchers wielding Freedom of

289

00:14:32,389 --> 00:14:29,789

290

00:14:32,929 --> 00:14:32,399

with an internet connection and an open

mind

292

00:14:40,149 --> 00:14:36,299

Candice Deus the government isn't quite

293

00:14:43,819 --> 00:14:40,159

as apathetic toward UFOs as it claims

294

00:14:46,849 --> 00:14:43,829

one curious item indicative of the

295

00:14:48,859 --> 00:14:46,859

cat-and-mouse game Greenwald feels the

296

00:14:52,189 --> 00:14:48,869

government plays with UFO researchers

297

00:14:54,969 --> 00:14:52,199

was an entry in an Air Force training

298

299

00:15:01,519 --> 00:14:58,529

315

00:15:42,650 --> 00:15:39,120

- to 0-6 Greenwald says it deals with

316

00:15:45,559 --> 00:15:42,660

what to do if Pilate sees something

317

00:15:48,980 --> 00:15:45,569

strange in the sky and how they have to

318

00:15:52,579 --> 00:15:48,990

report it the rule was a short list of

319

00:15:54,730 --> 00:15:52,589

things to look for for example if they

320

00:15:57,470 --> 00:15:54,740

saw a missile streaked across the sky

321

00:16:00,350 --> 00:15:57,480

that was outlined as something they

322

00:16:04,579 --> 00:16:00,360

would need to report on this very short

323

00:16:08,629 --> 00:16:04,589

list was the entry unidentified flying

324

00:16:10,749 --> 00:16:08,639

objects obviously we're talking about 30

325

00:16:18,009 --> 00:16:10,759

or more years after their investigation

326

00:16:22,250 --> 00:16:18,019

was so called stopped Wow

327

00:16:26,509 --> 00:16:22,260

continued Mystery Science dabs the black

328

00:16:29,569 --> 00:16:26,519

vault launches tbv investigations for

329

00:16:33,980 --> 00:16:29,579

UFO research and it needs serious

330

00:16:35,509 --> 00:16:33,990

investigators who want to take part for

331

00:16:37,759 --> 00:16:35,519

the past couple of years I have

332

00:16:40,699 --> 00:16:37,769

developed an idea to bring together

333

00:16:44,750 --> 00:16:40,709

investigators and researchers to tackle

334

00:16:46,269 --> 00:16:44,760

the UFO phenomenon States Greenwald to

335

00:16:49,189 --> 00:16:46,279

sum it all up tbv

336

00:16:51,309 --> 00:16:49,199

investigations has a potential to be the

337

00:16:55,490 --> 00:16:51,319

largest assembled group of participants

338

00:16:58,420 --> 00:16:55,500

to investigate this phenomenon ever but

339

00:17:01,519 --> 00:16:58,430

it needs your help to achieve that goal

340

00:17:04,789 --> 00:17:01,529

he states my involvement in the UFO

341

00:17:08,360 --> 00:17:04,799

field has lasted more than 21 years and

342

00:17:11,090 --> 00:17:08,370

it is still going strong I have been

343

00:17:16,189 --> 00:17:11,100

responsible for requesting and archiving

344

00:17:18,620 --> 00:17:16,199

more than now 1.7 million pages of US

345

00:17:21,710 --> 00:17:18,630

government documents and distributing

346

00:17:25,789 --> 00:17:21,720

them freely to anyone who wants them

347

00:17:28,429 --> 00:17:25,799

the Internet the UFO phenomenon has

348

00:17:29,480 --> 00:17:28,439

always been the most popular and most

349

00:17:32,090 --> 00:17:29,490

sought-after

350

00:17:35,630 --> 00:17:32,100

of the documents that I have ever put

351
00:17:40,520 --> 00:17:35,640
out online the black vault has become a

352
00:17:41,330 --> 00:17:40,530
popular spot for UFO enthusiasts during

353
00:17:44,149 --> 00:17:41,340
this timeframe

354
00:17:46,220 --> 00:17:44,159
I've seen many UFO groups come and go

355
00:17:49,399 --> 00:17:46,230
and I've seen many researchers

356
00:17:52,549 --> 00:17:49,409
investigators get frustrated even to the

357
00:17:54,740 --> 00:17:52,559
point of leaving the field entirely over

358
00:17:58,340 --> 00:17:54,750
the politics in the material being

359
00:18:02,690 --> 00:17:58,350
presented my aim with this project is to

360
00:18:06,020 --> 00:18:02,700
change that tbv investigations offers a

361
00:18:09,250 --> 00:18:06,030
massive technological infrastructure to

362
00:18:13,760 --> 00:18:09,260
use for this endeavor which includes a

363
00:18:16,070 --> 00:18:13,770

public case file database this case file

364

00:18:20,480 --> 00:18:16,080

database is the public's tool for

365

00:18:23,270 --> 00:18:20,490

pursuing the case files everything all

366

00:18:26,029 --> 00:18:23,280

investigators create and want to share

367

00:18:30,409 --> 00:18:26,039

can go into this database to show the

368

00:18:32,990 --> 00:18:30,419

public who we are and what we do no work

369

00:18:37,340 --> 00:18:33,000

is ever hidden or shielded behind a

370

00:18:40,549 --> 00:18:37,350

paywall the case file database has maps

371

00:18:44,240 --> 00:18:40,559

to pinpoint a sighting location ability

372

00:18:49,250 --> 00:18:44,250

to embed videos photographs galleries

373

00:18:53,419 --> 00:18:49,260

and much more next a case ticketing

374

00:18:55,549 --> 00:18:53,429

system behind the scenes I have built a

375

00:18:58,279 --> 00:18:55,559

case ticketing system that tracks each

376

00:19:00,919 --> 00:18:58,289

and every case that comes in each

377

00:19:05,120 --> 00:19:00,929

investigator has access to the system

378

00:19:07,490 --> 00:19:05,130

with a unique login password the system

379

00:19:09,890 --> 00:19:07,500

has the ability to assign a case to one

380

00:19:14,570 --> 00:19:09,900

person or investigators can build a team

381

00:19:17,659 --> 00:19:14,580

of three ten a hundred even a thousand

382

00:19:20,240 --> 00:19:17,669

people to collaborate on each member

383

00:19:23,110 --> 00:19:20,250

then gets to see and add information to

384

00:19:25,730 --> 00:19:23,120

the cases they have been assigned

385

00:19:29,060 --> 00:19:25,740

investigators can message each other

386

00:19:32,330 --> 00:19:29,070

add personal notes that no one else sees

387

00:19:34,909 --> 00:19:32,340

and they could communicate directly with

388

00:19:39,349 --> 00:19:34,919

the witness all from one advanced

389

00:19:40,279 --> 00:19:39,359

system John Greenwald goes on to say an

390

00:19:43,729 --> 00:19:40,289

advanced

391

00:19:46,940 --> 00:19:43,739

toll-free telephone system to report a

392

00:19:50,299 --> 00:19:46,950

case the general public can also use a

393

00:19:52,999 --> 00:19:50,309

toll-free hotline to call in and report

394

00:19:55,070 --> 00:19:53,009

their case during this process the

395

00:19:57,349 --> 00:19:55,080

system will ask for them to type in

396

00:19:58,690 --> 00:19:57,359

their state and once they do their call

397

00:20:01,810 --> 00:19:58,700

will be routed to the appropriate

398

00:20:05,989 --> 00:20:01,820

investigator or team of investigators

399

00:20:09,560 --> 00:20:05,999

meaning an entire group of phones spread

400

00:20:12,169 --> 00:20:09,570

out across America will ring and the

401

00:20:16,159 --> 00:20:12,179

call goes to the first one available to

402

00:20:20,989 --> 00:20:16,169

answer the system allows investigators

403

00:20:23,690 --> 00:20:20,999

to work together all while no one person

404

00:20:28,070 --> 00:20:23,700

is getting overloaded with a workload

405

00:20:30,549 --> 00:20:28,080

that isn't manageable or desirable he

406

00:20:33,889 --> 00:20:30,559

goes on to state this system offers

407

00:20:36,349 --> 00:20:33,899

investigators a way to have unlimited

408

00:20:40,940 --> 00:20:36,359

long distance calling to conduct their

409

00:20:43,369 --> 00:20:40,950

casework and I've invited participants

410

00:20:46,700 --> 00:20:43,379

to use it for personal calls as well he

411

00:20:50,180 --> 00:20:46,710

states the ability to record a phone

412

00:20:52,820 --> 00:20:50,190

call with the push of a button and it

413

00:20:55,669 --> 00:20:52,830

includes all the free calling features

414

00:20:56,450 --> 00:20:55,679

like conference calling caller ID call

415

00:21:00,229 --> 00:20:56,460

waiting

416

00:21:02,509 --> 00:21:00,239

etc John Greenwald States I have

417

00:21:04,239 --> 00:21:02,519

assembled a very small group of

418

00:21:07,190 --> 00:21:04,249

like-minded individuals from various

419

00:21:09,279 --> 00:21:07,200

backgrounds to help me finalize the nuts

420

00:21:12,080 --> 00:21:09,289

and bolts of how this will work

421

00:21:13,700 --> 00:21:12,090

they all have been instrumental in

422

00:21:16,729 --> 00:21:13,710

helping me get this project off the

423

00:21:20,889 --> 00:21:16,739

ground you will meet them all very soon

424

00:21:25,099 --> 00:21:20,899

at this stage now it's time to launch

425

00:21:27,080 --> 00:21:25,109

but I need the serious investigators who

426

00:21:30,259 --> 00:21:27,090

will want to take part in this to make

427

00:21:32,570 --> 00:21:30,269

it all work there are many different

428

00:21:36,019 --> 00:21:32,580

ways you can help and helping does not

429

00:21:38,989 --> 00:21:36,029

always mean you have to be quote in the

430

00:21:41,629 --> 00:21:38,999

field so don't hesitate to reach out and

431

00:21:44,749 --> 00:21:41,639

tell me any aspect you'd like to be

432

00:21:46,909 --> 00:21:44,759

involved in this includes in part and in

433

00:21:50,269 --> 00:21:46,919

no particular order John Green Roth

434

00:21:56,149 --> 00:21:50,279

goes on to say one interviewing

435

00:22:02,379 --> 00:21:56,159

witnesses to field investigating three

436

00:22:07,009 --> 00:22:02,389

report writing for case data entry five

437

00:22:09,649 --> 00:22:07,019

fielding phone calls and six organizing

438

00:22:13,159 --> 00:22:09,659

caseloads if you're interested please

439

00:22:18,769 --> 00:22:13,169

send a message to John Greenwald just

440

00:22:20,899 --> 00:22:18,779

type contact at the black vault comm he

441

00:22:23,479 --> 00:22:20,909

invites people to tell him about

442

00:22:26,479 --> 00:22:23,489

yourself your background and why you'd

443

00:22:28,609 --> 00:22:26,489

like to take part and he'd love to pay

444

00:22:31,549 --> 00:22:28,619

everyone but know in advance that this

445

00:22:34,340 --> 00:22:31,559

is simply volunteer with many working

446

00:22:36,950 --> 00:22:34,350

parts and he goes on to say I know there

447

00:22:39,169 --> 00:22:36,960

are many quote UFO research groups out

448

00:22:42,200 --> 00:22:39,179

there with great people that produce

449

00:22:45,320 --> 00:22:42,210

great results I'm not trying to compete

450

00:22:47,810 --> 00:22:45,330

but rather I want to add a new approach

451
00:22:50,539 --> 00:22:47,820
I have brought together my experience

452
00:22:52,489 --> 00:22:50,549
for the past 21 years not only with

453
00:22:55,310 --> 00:22:52,499
computers to build the technical side

454
00:22:59,799 --> 00:22:55,320
but as a researcher and I see what is

455
00:23:03,320 --> 00:22:59,809
needed and why that's why I BV

456
00:23:06,259 --> 00:23:03,330
Investigations is all about I feel this

457
00:23:08,629 --> 00:23:06,269
is unique enough to launch it powerful

458
00:23:10,879 --> 00:23:08,639
enough to achieve results and much

459
00:23:15,470 --> 00:23:10,889
needed by the general public to see hard

460
00:23:17,779 --> 00:23:15,480
work in a transparent environment you

461
00:23:19,849 --> 00:23:17,789
can help make it the success I know it

462
00:23:22,879 --> 00:23:19,859
can be I look forward to hearing from

463
00:23:26,599 --> 00:23:22,889

you any states if you're interested

464

00:23:29,769 --> 00:23:26,609

again write him an email at contact at

465

00:23:33,019 --> 00:23:29,779

the black vault calm and let them know

466

00:23:33,769 --> 00:23:33,029

what you would like to do that is

467

00:23:37,419 --> 00:23:33,779

fantastic

468

00:23:41,349 --> 00:23:37,429

John Greenwald with the black vault comm

469

00:23:44,599 --> 00:23:41,359

now it's time for a paranormal point

470

00:23:49,159 --> 00:23:44,609

this story is called the shoe and the

471

00:23:51,320 --> 00:23:49,169

riverbed the witness explains this

472

00:23:53,570 --> 00:23:51,330

happened a few years ago I had been

473

00:23:54,619 --> 00:23:53,580

through a tough divorce from my high

474

00:23:57,830 --> 00:23:54,629

school sweetheart

475

00:23:58,460 --> 00:23:57,840

and my best friend let's just call him

476

00:24:00,950 --> 00:23:58,470

al

477

00:24:04,249 --> 00:24:00,960

distracted me by going on random road

478

00:24:05,810 --> 00:24:04,259

trips with me one morning we decided to

479

00:24:09,049 --> 00:24:05,820

just jump in my car and drive to

480

00:24:11,779 --> 00:24:09,059

Carlsbad New Mexico at this point in my

481

00:24:14,240 --> 00:24:11,789

life I always had a digital camera with

482

00:24:16,730 --> 00:24:14,250

me I like to take pictures at random

483

00:24:19,970 --> 00:24:16,740

thinking to myself like an amateur

484

00:24:22,580 --> 00:24:19,980

photographer along the way we stopped at

485

00:24:25,240 --> 00:24:22,590

a small roadside gas station souvenir

486

00:24:28,970 --> 00:24:25,250

stand and picked up some cherry cider

487

00:24:31,759 --> 00:24:28,980

well we got to Carlsbad we saw that they

488

00:24:34,369 --> 00:24:31,769

had been dammed off a small local River

489

00:24:38,269 --> 00:24:34,379

and pumped it so they could work on the

490

00:24:41,269 --> 00:24:38,279

bridges we found a spot at a park nearby

491

00:24:43,039 --> 00:24:41,279

and parked drinking the cider and

492

00:24:46,629 --> 00:24:43,049

snacking on some treats we bought before

493

00:24:49,549 --> 00:24:46,639

we decided to explore the dried riverbed

494

00:24:51,499 --> 00:24:49,559

we weren't the first to decide this as

495

00:24:53,629 --> 00:24:51,509

there were obviously footprints

496

00:24:56,539 --> 00:24:53,639

everywhere there were people's

497

00:25:01,600 --> 00:24:56,549

footprints dogs and cats footprints and

498

00:25:04,549 --> 00:25:01,610

even what looked like Java Leena tracks

499

00:25:07,100 --> 00:25:04,559

then I started to feel an odd sensation

500

00:25:10,220 --> 00:25:07,110

like we were being watched

501
00:25:13,039 --> 00:25:10,230
I looked around and figured it was

502
00:25:16,190 --> 00:25:13,049
probably someone in the backyards facing

503
00:25:19,580 --> 00:25:16,200
the area we had walked to then owl

504
00:25:23,090 --> 00:25:19,590
caught my attention Hey he said waving

505
00:25:26,029 --> 00:25:23,100
over to me look at this there was a bone

506
00:25:28,899 --> 00:25:26,039
in the ground it looked like a spinal

507
00:25:32,029 --> 00:25:28,909
column but from what we couldn't tell

508
00:25:35,210 --> 00:25:32,039
what do you think it belongs to L asked

509
00:25:37,639 --> 00:25:35,220
as we stared at it probably a beef or a

510
00:25:39,680 --> 00:25:37,649
pork bone of some kind I replied as I

511
00:25:42,440 --> 00:25:39,690
took a snapshot and then just kept

512
00:25:45,289 --> 00:25:42,450
walking thinking nothing of it as we

513
00:25:47,990 --> 00:25:45,299

continued we found a strange rust

514

00:25:50,840 --> 00:25:48,000

colored rock jutting out of the soft

515

00:25:53,360 --> 00:25:50,850

sand L and I walked closer to it

516

00:25:56,629 --> 00:25:53,370

sticking out of the sand half-buried was

517

00:25:59,119 --> 00:25:56,639

a girl's shoe I'm going to kick that

518

00:26:02,470 --> 00:25:59,129

shoe I told my friend as I walked back a

519

00:26:06,049 --> 00:26:02,480

few feet and started running at it I

520

00:26:10,710 --> 00:26:06,059

stopped dead in my tracks when I heard a

521

00:26:13,440 --> 00:26:10,720

little girls voice shout no please don't

522

00:26:16,950 --> 00:26:13,450

I looked around but I didn't see anyone

523

00:26:19,890 --> 00:26:16,960

and al was looking at me confused why

524

00:26:22,680 --> 00:26:19,900

did you stop he asked as I looked for

525

00:26:25,409 --> 00:26:22,690

the source of the voice didn't you hear

526
00:26:27,210 --> 00:26:25,419
that little girl I asked not seeing

527
00:26:31,560 --> 00:26:27,220
anyone around us in the early afternoon

528
00:26:33,630 --> 00:26:31,570
light no one said anything he replied

529
00:26:37,500 --> 00:26:33,640
and we shrugged it off and walked

530
00:26:41,220 --> 00:26:37,510
further no I felt like more people were

531
00:26:42,899 --> 00:26:41,230
watching me it was so heavy that it

532
00:26:46,620 --> 00:26:42,909
almost felt like a slight physical

533
00:26:49,950 --> 00:26:46,630
weight I stopped dead in his tracks and

534
00:26:51,840 --> 00:26:49,960
pointed ahead there's another bone al

535
00:26:55,770 --> 00:26:51,850
said pointing to what looked like a

536
00:26:58,860 --> 00:26:55,780
broken femur laying on the sand it had

537
00:27:01,590 --> 00:26:58,870
been some footprints around it but other

538
00:27:04,350 --> 00:27:01,600

than that it looked undisturbed we

539

00:27:09,289 --> 00:27:04,360

looked at it and L whispered to me let's

540

00:27:12,000 --> 00:27:09,299

go I think that is a human bone I agreed

541

00:27:16,590 --> 00:27:12,010

the weight I was feeling was becoming

542

00:27:19,529 --> 00:27:16,600

overwhelming and this bone did look too

543

00:27:20,789 --> 00:27:19,539

human I took another picture and we

544

00:27:23,399 --> 00:27:20,799

walked back to the car

545

00:27:26,909 --> 00:27:23,409

and L called the non-emergency police

546

00:27:30,090 --> 00:27:26,919

number for Carlsbad we told them what we

547

00:27:32,000 --> 00:27:30,100

saw gave them our information and we

548

00:27:34,260 --> 00:27:32,010

were on our way home in no time I

549

00:27:36,060 --> 00:27:34,270

forgotten all about the bones and the

550

00:27:39,570 --> 00:27:36,070

rust-coloured rock until a week later

551
00:27:42,570 --> 00:27:39,580
now called me back he had gotten a call

552
00:27:46,350 --> 00:27:42,580
from the Carlsbad police the bones we

553
00:27:48,990 --> 00:27:46,360
found were indeed human and though there

554
00:27:51,649 --> 00:27:49,000
were plenty of footprints around no one

555
00:27:55,560 --> 00:27:51,659
else have reported it they were indeed

556
00:27:58,890 --> 00:27:55,570
human bones and after finding them they

557
00:28:00,510 --> 00:27:58,900
started an investigation L told me that

558
00:28:03,930 --> 00:28:00,520
the police had started an investigation

559
00:28:06,480 --> 00:28:03,940
and had questioned them they asked about

560
00:28:09,600 --> 00:28:06,490
the rust-coloured rock and how we found

561
00:28:13,110 --> 00:28:09,610
the bones after they explained that it

562
00:28:16,260 --> 00:28:13,120
wasn't a large rock but the remains of a

563
00:28:20,730 --> 00:28:16,270

pickup truck that had disappeared along

564

00:28:23,919 --> 00:28:20,740

with a family of three a man a woman and

565

00:28:30,610 --> 00:28:26,870

upon investigation of the area they

566

00:28:33,350 --> 00:28:30,620

found a shoe sticking out of the sand

567

00:28:37,880 --> 00:28:33,360

inside of it were the skeletal remains

568

00:28:39,820 --> 00:28:37,890

of a girl's foot thinking back to it

569

00:28:42,799 --> 00:28:39,830

made my blood run cold

570

00:28:45,440 --> 00:28:42,809

was the unseen voice I heard that of the

571

00:28:48,789 --> 00:28:45,450

dead girls my thoughts were interrupted

572

00:28:52,159 --> 00:28:48,799

as al finished what he was saying

573

00:28:57,639 --> 00:28:52,169
