1  
00:00:07,730 --> 00:00:04,880  
saij calm welcome welcome to UFO

2  
00:00:12,610 --> 00:00:07,740  
headline news with me Heidi Hollis

3  
00:00:16,310 --> 00:00:12,620  
today is Tuesday November 28th 2017

4  
00:00:20,359 --> 00:00:16,320  
blasting off with UFO reports there was

5  
00:00:24,380 --> 00:00:20,369  
a UFO sighting in Roy Washington July

6  
00:00:26,990 --> 00:00:24,390  
18th 2017 a star-like

7  
00:00:30,740 --> 00:00:27,000  
lights blinking and forming a triangle

8  
00:00:33,350 --> 00:00:30,750  
that elongated the witness goes on to

9  
00:00:35,840 --> 00:00:33,360  
state I was driving to work and only a

10  
00:00:38,110 --> 00:00:35,850  
very short distance from my home when I

11  
00:00:40,670 --> 00:00:38,120  
noticed blinking lights in the distance

12  
00:00:43,700 --> 00:00:40,680  
it was through some trees and I thought

13  
00:00:46,010 --> 00:00:43,710

at first that it was a cell tower but

14

00:00:48,799 --> 00:00:46,020

then I remembered that there is no cell

15

00:00:51,979 --> 00:00:48,809

tower or any other sort of lighted tower

16

00:00:54,740 --> 00:00:51,989

out there the trees were obstructing my

17

00:00:56,389 --> 00:00:54,750

view so I waited to pull over until I

18

00:00:58,610 --> 00:00:56,399

had driven out where there was no

19

00:01:00,290 --> 00:00:58,620

obstruction to my view and I pulled over

20

00:01:02,900 --> 00:01:00,300

onto the side of the road

21

00:01:05,329 --> 00:01:02,910

it only took approximately 15 to 30

22

00:01:09,859 --> 00:01:05,339

seconds to get out of the treed area and

23

00:01:12,230 --> 00:01:09,869

to the clear view and parked I got out

24

00:01:15,020 --> 00:01:12,240

of my car to observe them the lights

25

00:01:17,840 --> 00:01:15,030

were quite a distance for me probably at

26

00:01:20,960 --> 00:01:17,850

least a mile out but less than a mile

27

00:01:23,090 --> 00:01:20,970

and a half I think they were at the

28

00:01:25,640 --> 00:01:23,100

skyline and noted that it was

29

00:01:30,080 --> 00:01:25,650

interesting that they seemed to be doing

30

00:01:32,929 --> 00:01:30,090

a sort of design in the sky I saw one

31

00:01:36,230 --> 00:01:32,939

star like white to light fly straight up

32

00:01:39,260 --> 00:01:36,240

and then suddenly stop and then to other

33

00:01:42,140 --> 00:01:39,270

star like lights slightly smaller than

34

00:01:45,649 --> 00:01:42,150

the first flew down at angles to the

35

00:01:48,380 --> 00:01:45,659

central one that so they formed a triad

36

00:01:52,069 --> 00:01:48,390

then another light came straight down to

37

00:01:55,910 --> 00:01:52,079

form an elongated diamond then one by

38

00:01:58,580 --> 00:01:55,920

one they blinked out the big one in the

39

00:02:01,990 --> 00:01:58,590

top center was the last to blink out it

40

00:02:05,600 --> 00:02:02,000

stayed there blinking and then slowly

41

00:02:08,449 --> 00:02:05,610

faded its light out there was something

42

00:02:11,510 --> 00:02:08,459

else the bigger light did that was

43

00:02:13,640 --> 00:02:11,520

strange but I can't remember where it

44

00:02:16,280 --> 00:02:13,650

fit in this sort of dance they did

45

00:02:18,830 --> 00:02:16,290

it was blinking and then suddenly got

46

00:02:21,020 --> 00:02:18,840

brighter and from its left side it

47

00:02:22,759 --> 00:02:21,030

seemed to fling out these sparks of

48

00:02:25,759 --> 00:02:22,769

coloured light in an arch that

49

00:02:29,839 --> 00:02:25,769

dissipated quickly the lights were blue

50

00:02:31,970 --> 00:02:29,849

red and green it almost looked like what

51  
00:02:33,860 --> 00:02:31,980  
you would expect from a firework but

52  
00:02:37,160 --> 00:02:33,870  
there was no sound and it was more

53  
00:02:39,440 --> 00:02:37,170  
controlled thank you for this

54  
00:02:41,780 --> 00:02:39,450  
opportunity to tell my observation of

55  
00:02:44,390 --> 00:02:41,790  
the witness states I first told it to

56  
00:02:45,520 --> 00:02:44,400  
another site and someone called back

57  
00:02:47,780 --> 00:02:45,530  
left a message

58  
00:02:50,990 --> 00:02:47,790  
probably soldiers from the base

59  
00:02:53,330 --> 00:02:51,000  
practicing jumps is what they said it

60  
00:02:55,610 --> 00:02:53,340  
did happen near the base but if those

61  
00:02:58,940 --> 00:02:55,620  
were soldiers practicing parachuting

62  
00:03:00,789 --> 00:02:58,950  
they have got some pretty wild moves and

63  
00:03:04,849 --> 00:03:00,799

are able to control their flight path

64

00:03:07,550 --> 00:03:04,859

very well even disappearing briefly and

65

00:03:12,500 --> 00:03:07,560

then coming back in a whole different

66

00:03:16,610 --> 00:03:12,510

place our next sighting is in

67

00:03:20,509 --> 00:03:16,620

Collinsville Illinois observed several

68

00:03:23,289 --> 00:03:20,519

orbs 200 plus feet in the sky the

69

00:03:28,460 --> 00:03:23,299

witness states Thanksgiving evening

70

00:03:31,009 --> 00:03:28,470

November 23rd 2017 just before dusk

71

00:03:33,020 --> 00:03:31,019

I was outside placing Christmas lights

72

00:03:36,080 --> 00:03:33,030

on a small tree in the yard and just

73

00:03:38,420 --> 00:03:36,090

happened to look up in the northeast

74

00:03:41,259 --> 00:03:38,430

direction as I was standing there

75

00:03:44,539 --> 00:03:41,269

looking at the tree I was decorating

76

00:03:47,780 --> 00:03:44,549

noticed several small white objects

77

00:03:50,050 --> 00:03:47,790

probably six to ten of them seeming to

78

00:03:53,360 --> 00:03:50,060

just float around up in the sky

79

00:03:56,149 --> 00:03:53,370

estimating them to be over 200 plus feet

80

00:03:57,710 --> 00:03:56,159

up I thought at first someone must have

81

00:03:59,960 --> 00:03:57,720

released some helium balloons or

82

00:04:02,180 --> 00:03:59,970

something I watched for a minute or two

83

00:04:04,939 --> 00:04:02,190

and saw that they moved a little in a

84

00:04:06,890 --> 00:04:04,949

northern direction all in a scattered

85

00:04:09,110 --> 00:04:06,900

pattern which is why I first thought

86

00:04:12,649 --> 00:04:09,120

they might have been helium balloons

87

00:04:14,869 --> 00:04:12,659

moving through the upper winds I didn't

88

00:04:18,319 --> 00:04:14,879

observe them from a circular position

89

00:04:21,140 --> 00:04:18,329

still in that spot for a few seconds and

90

00:04:23,060 --> 00:04:21,150

move a little to the south then they

91

00:04:24,769 --> 00:04:23,070

seemed to scatter a little and just

92

00:04:27,160 --> 00:04:24,779

disappeared either due to the distance

93

00:04:30,490 --> 00:04:27,170

and moving upward

94

00:04:34,210 --> 00:04:30,500

I kept looking for them and about 15

95

00:04:37,690 --> 00:04:34,220

seconds later they reappeared again in a

96

00:04:40,210 --> 00:04:37,700

semi scattered position some still in a

97

00:04:43,510 --> 00:04:40,220

circular pattern with a few moving away

98

00:04:45,310 --> 00:04:43,520

from the circle to the south it looked

99

00:04:48,070 --> 00:04:45,320

like orbs there were small circular

100

00:04:49,300 --> 00:04:48,080

objects I went to go get my wife and

101

00:04:51,760 --> 00:04:49,310

stepdaughter and two of my

102

00:04:54,610 --> 00:04:51,770

granddaughter's to take a look at these

103

00:04:57,040 --> 00:04:54,620

things my wife came out onto the porch

104

00:04:59,980 --> 00:04:57,050

in which she came over to where I was

105

00:05:02,860 --> 00:04:59,990

observing them we could no longer find

106

00:05:04,690 --> 00:05:02,870

them in the sky from the time I spotted

107

00:05:07,720 --> 00:05:04,700

them until I could not see them anymore

108

00:05:09,520 --> 00:05:07,730

it was about 10 minutes they could have

109

00:05:13,930 --> 00:05:09,530

already been there longer before I

110

00:05:17,530 --> 00:05:13,940

noticed them who knows anyway never has

111

00:05:19,600 --> 00:05:17,540

seen any UFOs or orbs in my life but

112

00:05:22,480 --> 00:05:19,610

thought this was really strange

113

00:05:24,730 --> 00:05:22,490

I don't think upper winds would tend to

114

00:05:28,720 --> 00:05:24,740

move the objects like this and thought

115

00:05:32,440 --> 00:05:28,730

it might be noteworthy a blast

116

00:05:36,850 --> 00:05:32,450

from the UFO past a black triangle

117

00:05:43,870 --> 00:05:36,860

sighting in Angola Indiana in August

118

00:05:46,890 --> 00:05:43,880

31st 1962 dark grey to black large fifty

119

00:05:50,650 --> 00:05:46,900

to a hundred foot diameter no lights

120

00:05:52,930 --> 00:05:50,660

until after the hover then the three

121

00:05:57,130 --> 00:05:52,940

cylinders in a triangle pattern lit up

122

00:05:59,650 --> 00:05:57,140

inside maybe 10 to 15 foot deep by five

123

00:06:05,590 --> 00:05:59,660

to eight foot diameter blue green

124

00:06:10,570 --> 00:06:05,600

glowing mildly light circulant arrow the

125

00:06:12,460 --> 00:06:10,580

witness states I have now turned 65 this

126

00:06:17,140 --> 00:06:12,470

happened when I was around 10 years old

127

00:06:19,900 --> 00:06:17,150

I just read a latest UFO sighting report

128

00:06:22,380 --> 00:06:19,910

they mentioned lights in a triangle

129

00:06:25,390 --> 00:06:22,390

pattern this is similar to what I saw

130

00:06:28,120 --> 00:06:25,400

eventually after the hover just above me

131

00:06:31,540 --> 00:06:28,130

so I have decided to tell this event

132

00:06:33,930 --> 00:06:31,550

after all of these years it happened a

133

00:06:38,510 --> 00:06:33,940

few miles outside of Angola Indiana in

134

00:06:42,260 --> 00:06:38,520

1962 my father was a college professor

135

00:06:44,809 --> 00:06:42,270

one day a former aero student of his

136

00:06:49,430 --> 00:06:44,819

came flying over our house out in the

137

00:06:52,309 --> 00:06:49,440

country in a huge Goodyear blimp he

138

00:06:54,320 --> 00:06:52,319

threw out a long rope to me out in the

139

00:06:57,080 --> 00:06:54,330

backyard and I caught it

140

00:07:00,409 --> 00:06:57,090

he opened the big side window shut off

141

00:07:05,120 --> 00:07:00,419

the blimp engines and yelled is your dad

142

00:07:08,480 --> 00:07:05,130

there yes I said I'll get him dad came

143

00:07:09,800 --> 00:07:08,490

out the pilot yelled I will land and you

144

00:07:13,100 --> 00:07:09,810

and your son hop in

145

00:07:15,710 --> 00:07:13,110

dad said you can fly to the local

146

00:07:18,800 --> 00:07:15,720

airport we will meet you there yes said

147

00:07:21,379 --> 00:07:18,810

the pilot so soon I was flying in the

148

00:07:23,779 --> 00:07:21,389

Goodyear blimp with dad in his former

149

00:07:27,050 --> 00:07:23,789

college student the reason I tell you

150

00:07:29,659 --> 00:07:27,060

this is the spacecraft came in a few

151

00:07:32,779 --> 00:07:29,669

days later and hovered less than a

152

00:07:35,719 --> 00:07:32,789

hundred feet above me exactly where the

153

00:07:38,749 --> 00:07:35,729

Goodyear blimp hovered a few days before

154

00:07:41,270 --> 00:07:38,759

throwing me the rope it was 9:00 to

155

00:07:43,520 --> 00:07:41,280

10:00 p.m. one night I was out in that

156

00:07:46,879 --> 00:07:43,530

backyard with my friend from school

157

00:07:49,189 --> 00:07:46,889

he was also 10 years old I had my

158

00:07:50,749 --> 00:07:49,199

Unitron telescope set up out in the

159

00:07:55,870 --> 00:07:50,759

backyard looking at the Stars

160

00:08:00,409 --> 00:07:55,880

I heard a low base barely audible hum

161

00:08:03,050 --> 00:08:00,419

come and go from the Northeast just

162

00:08:06,020 --> 00:08:03,060

above the treeline above the huge maple

163

00:08:09,370 --> 00:08:06,030

trees that I routinely climbed I could

164

00:08:13,129 --> 00:08:09,380

barely make out a completely unlit

165

00:08:16,790 --> 00:08:13,139

aircraft moving in my direction from 700

166

00:08:20,029 --> 00:08:16,800

to 800 feet out at least less than 10

167

00:08:22,850 --> 00:08:20,039

miles per hour now here is where I made

168

00:08:25,730 --> 00:08:22,860

the biggest mistake of my life I was a

169

00:08:27,649 --> 00:08:25,740

young kid and I had recently read an

170

00:08:30,110 --> 00:08:27,659

article in a magazine in town about a

171

00:08:33,199 --> 00:08:30,120

guy who described being abducted and

172

00:08:36,469 --> 00:08:33,209

they stuck a huge hypodermic needle into

173

00:08:38,440 --> 00:08:36,479

his nose to take a brain sample they

174

00:08:42,050 --> 00:08:38,450

showed an artist's rendition of this

175

00:08:44,690 --> 00:08:42,060

being just a kid that scared me and I

176

00:08:47,660 --> 00:08:44,700

hated doctors and needles so very

177

00:08:50,420 --> 00:08:47,670

quickly I ran into the house to mom and

178

00:08:52,040 --> 00:08:50,430

dad's bedroom they were asleep and

179

00:08:58,970 --> 00:08:52,050

grabbed my dad's World War

180

00:09:01,460 --> 00:08:58,980

to 45 Auto pistol from the chest next to

181

00:09:04,940 --> 00:09:01,470

their bed I stuck it down the front of

182

00:09:09,530 --> 00:09:04,950

my trousers some walk out of sight I ran

183

00:09:12,110 --> 00:09:09,540

back outside and here she came she eased

184

00:09:13,670 --> 00:09:12,120

down just above me around sixty to

185

00:09:17,210 --> 00:09:13,680

eighty feet over my head

186

00:09:20,150 --> 00:09:17,220

she stopped completely no lights no

187

00:09:23,750 --> 00:09:20,160

noise I think they would have greeted me

188

00:09:26,960 --> 00:09:23,760

but who knows but I fear they saw the

189

00:09:31,880 --> 00:09:26,970

gun in my pants and that blew the whole

190

00:09:35,240 --> 00:09:31,890

deal the aircraft slowly began to move

191

00:09:38,810 --> 00:09:35,250

away in a flat direction out over the

192

00:09:42,019 --> 00:09:38,820

valley after it got out about 200 to 300

193

00:09:44,740 --> 00:09:42,029

feet away she lit up what I believe were

194

00:09:47,449 --> 00:09:44,750

her engines in the belly of the aircraft

195

00:09:50,600 --> 00:09:47,459

sitting in a perfect triangular pattern

196

00:09:53,090 --> 00:09:50,610

from each other were three deep

197

00:09:55,940 --> 00:09:53,100

cylinders going up and to the base of

198

00:09:58,550 --> 00:09:55,950

the aircraft they had not been visible

199

00:10:02,510 --> 00:09:58,560

before until they lit up with the mild

200

00:10:05,900 --> 00:10:02,520

blue green glowing light now I had some

201  
00:10:08,660 --> 00:10:05,910  
light so I could see now up close and

202  
00:10:12,199 --> 00:10:08,670  
look up inside those possible engines

203  
00:10:15,650 --> 00:10:12,209  
with my Unitron telescope i selected a

204  
00:10:18,560 --> 00:10:15,660  
50 or 60 power lens off the roller of

205  
00:10:22,130 --> 00:10:18,570  
lens on the scope since she was still so

206  
00:10:24,410 --> 00:10:22,140  
close very interestingly the light

207  
00:10:27,410 --> 00:10:24,420  
inside the cylinders or maybe engines

208  
00:10:29,480 --> 00:10:27,420  
was rotating in a right-hand direction

209  
00:10:32,810 --> 00:10:29,490  
around the inside surface of the walls

210  
00:10:34,340 --> 00:10:32,820  
of each of the three cylinders next

211  
00:10:37,810 --> 00:10:34,350  
thing happened I thought she was going

212  
00:10:41,180 --> 00:10:37,820  
to crash she began to tilt to the right

213  
00:10:44,150 --> 00:10:41,190

then come back up level then tilt the

214

00:10:46,579 --> 00:10:44,160

left it was like she is trying to just

215

00:10:49,610 --> 00:10:46,589

get the right angle as I began to gather

216

00:10:53,180 --> 00:10:49,620

she wasn't crashing she was getting set

217

00:10:56,150 --> 00:10:53,190

up to go she knows DUP to about 50 or 60

218

00:11:00,829 --> 00:10:56,160

degrees the lights got a little brighter

219

00:11:02,070 --> 00:11:00,839

in her belly next she lit out climbing

220

00:11:04,890 --> 00:11:02,080

fast

221

00:11:08,160 --> 00:11:04,900

I increased the magnification at 200

222

00:11:10,620 --> 00:11:08,170

power than 400 then finally using the

223

00:11:14,150 --> 00:11:10,630

Barlow lend to my Unitron refractor

224

00:11:18,120 --> 00:11:14,160

scope I was at 600 power as I recall

225

00:11:21,270 --> 00:11:18,130

then she disappeared out amongst the

226

00:11:26,010 --> 00:11:21,280

stars she looked like any other star

227

00:11:29,430 --> 00:11:26,020

than God me this little kid was totally

228

00:11:32,910 --> 00:11:29,440

enlightened and also very unhappy with

229

00:11:35,520 --> 00:11:32,920

myself for grabbing the gun because it

230

00:11:38,430 --> 00:11:35,530

likely caused me to miss the chance of a

231

00:11:40,950 --> 00:11:38,440

lifetime I may have had the chance to

232

00:11:43,830 --> 00:11:40,960

explore the universe with them I have

233

00:11:47,070 --> 00:11:43,840

never seen them again through my 65

234

00:11:50,100 --> 00:11:47,080

years of life a few minutes later my dad

235

00:11:53,490 --> 00:11:50,110

came running out and said give the gun

236

00:11:55,770 --> 00:11:53,500

what are you doing I pointed to the sky

237

00:11:57,800 --> 00:11:55,780

and told them what had just happened he

238

00:12:00,450 --> 00:11:57,810

said you're just seeing things

239

00:12:03,090 --> 00:12:00,460

don't tell anyone what you just told me

240

00:12:06,660 --> 00:12:03,100

or they will think he may be sick or

241

00:12:09,270 --> 00:12:06,670

crazy and send you away so all my life -

242

00:12:12,900 --> 00:12:09,280

now this has been locked inside of me I

243

00:12:15,300 --> 00:12:12,910

just learned about MUFON so I have

244

00:12:18,990 --> 00:12:15,310

decided to tell you people what happened

245

00:12:21,210 --> 00:12:19,000

I am glad to be here that other people

246

00:12:24,180 --> 00:12:21,220

have recently seen what may be related

247

00:12:27,780 --> 00:12:24,190

to the same triangle lit aircraft or

248

00:12:30,330 --> 00:12:27,790

should I say spacecraft I am in hopes

249

00:12:32,130 --> 00:12:30,340

that they are back here and maybe they

250

00:12:35,400 --> 00:12:32,140

have the power to stop the human race

251  
00:12:38,880 --> 00:12:35,410  
from destroying this planet they must

252  
00:12:41,160 --> 00:12:38,890  
think we are a ship of fools if they

253  
00:12:46,400 --> 00:12:41,170  
gave me another chance I would quickly

254  
00:12:50,990 --> 00:12:50,070  
dabs into some mystery science is up

255  
00:12:54,180 --> 00:12:51,000  
next

256  
00:12:58,400 --> 00:12:54,190  
UFO sightings is the government

257  
00:13:01,740 --> 00:12:58,410  
withholding an interest in alien life

258  
00:13:03,810 --> 00:13:01,750  
this article along with others exploring

259  
00:13:05,820 --> 00:13:03,820  
the possibilities of alien life and

260  
00:13:09,900 --> 00:13:05,830  
other mysteries hidden beyond the Stars

261  
00:13:13,950 --> 00:13:09,910  
is featured in Newsweek special edition

262  
00:13:14,620 --> 00:13:13,960  
life beyond Earth the mission to find

263  
00:13:28,120 --> 00:13:14,630

the

264

00:13:30,840 --> 00:13:28,130

it's 22 year investigation into

265

00:13:33,550 --> 00:13:30,850

unidentified airborne phenomena

266

00:13:36,670 --> 00:13:33,560

overnight the authorities official

267

00:13:40,000 --> 00:13:36,680

position changed from one of indulgent

268

00:13:44,860 --> 00:13:40,010

public curiosity to absolute public

269

00:13:47,260 --> 00:13:44,870

disinterest the Air Force was the head

270

00:13:49,210 --> 00:13:47,270

agency during Project Blue Book where

271

00:13:51,700 --> 00:13:49,220

they went out into the field and talked

272

00:13:53,410 --> 00:13:51,710

to witnesses essentially trying to

273

00:13:56,470 --> 00:13:53,420

figure out what was going on

274

00:13:59,350 --> 00:13:56,480

explains John Greenwald founder of the

275

00:14:03,600 --> 00:13:59,360

black vault an internet-based resource

276

00:14:07,110 --> 00:14:03,610

that has compiled more than 1.4 million

277

00:14:10,000 --> 00:14:07,120

declassified government documents after

278

00:14:13,240 --> 00:14:10,010

1969 it was the United States Air Force

279

00:14:15,640 --> 00:14:13,250

that said no government agency including

280

00:14:18,610 --> 00:14:15,650

our own has any interest in this

281

00:14:21,070 --> 00:14:18,620

phenomena but thanks to the dogged

282

00:14:23,710 --> 00:14:21,080

effort of Greenwald and other UFO

283

00:14:29,350 --> 00:14:23,720

researchers wielding Freedom of

284

00:14:31,960 --> 00:14:29,360

Information Act or foi a requests anyone

285

00:14:32,500 --> 00:14:31,970

with an internet connection and an open

286

00:14:35,860 --> 00:14:32,510

mind

287

00:14:39,720 --> 00:14:35,870

Candice Deus the government isn't quite

288

00:14:43,390 --> 00:14:39,730

as apathetic toward UFOs as it claims

289

00:14:46,420 --> 00:14:43,400

one curious item indicative of the

290

00:14:48,430 --> 00:14:46,430

cat-and-mouse game Greenwald feels the

291

00:14:51,760 --> 00:14:48,440

government plays with UFO researchers

292

00:14:54,540 --> 00:14:51,770

was an entry in an Air Force training

293

311  
00:15:43,860 --> 00:15:41,620  
says it deals with what to do if Pilate

312  
00:15:48,000 --> 00:15:43,870  
sees something strange in the sky and

313  
00:15:50,850 --> 00:15:48,010

how they have to report it the rule was

314

00:15:53,610 --> 00:15:50,860

a short list of things to look for for

315

00:15:56,400 --> 00:15:53,620

example if they saw a missile streaked

316

00:15:58,490 --> 00:15:56,410

across the sky that was outlined as

317

00:16:02,690 --> 00:15:58,500

something they would need to report on

318

00:16:06,450 --> 00:16:02,700

this very short list was the entry

319

00:16:09,140 --> 00:16:06,460

unidentified flying objects obviously

320

00:16:12,410 --> 00:16:09,150

we're talking about 30 or more years

321

00:16:17,780 --> 00:16:12,420

after their investigation was so called

322

00:16:22,020 --> 00:16:17,790

stopped Wow

323

00:16:26,280 --> 00:16:22,030

continued Mystery Science dabs the black

324

00:16:29,310 --> 00:16:26,290

vault launches tbv investigations for

325

00:16:33,720 --> 00:16:29,320

UFO research and it needs serious

326

00:16:35,280 --> 00:16:33,730

investigators who want to take part for

327

00:16:37,530 --> 00:16:35,290

the past couple of years I have

328

00:16:40,470 --> 00:16:37,540

developed an idea to bring together

329

00:16:43,590 --> 00:16:40,480

investigators and researchers to tackle

330

00:16:47,310 --> 00:16:43,600

the UFO phenomenon States Greenwald

331

00:16:50,100 --> 00:16:47,320

to sum it all up tbv investigations has

332

00:16:52,680 --> 00:16:50,110

a potential to be the largest assembled

333

00:16:56,160 --> 00:16:52,690

group of participants to investigate

334

00:16:58,190 --> 00:16:56,170

this phenomenon ever but it needs your

335

00:17:01,260 --> 00:16:58,200

help to achieve that goal

336

00:17:04,560 --> 00:17:01,270

he states my involvement in the UFO

337

00:17:08,130 --> 00:17:04,570

field has lasted more than 21 years and

338

00:17:10,860 --> 00:17:08,140

it is still going strong I have been

339

00:17:15,960 --> 00:17:10,870

responsible for requesting and archiving

340

00:17:18,390 --> 00:17:15,970

more than now 1.7 million pages of US

341

00:17:21,360 --> 00:17:18,400

government documents and distributing

342

00:17:25,530 --> 00:17:21,370

them freely to anyone who wants them on

343

00:17:28,170 --> 00:17:25,540

the Internet the UFO phenomenon has

344

00:17:29,750 --> 00:17:28,180

always been the most popular and most

345

00:17:31,850 --> 00:17:29,760

sought after

346

00:17:35,390 --> 00:17:31,860

of the documents that I have ever put

347

00:17:40,280 --> 00:17:35,400

out online the black vault has become a

348

00:17:42,920 --> 00:17:40,290

popular spot for UFO enthusiasts during

349

00:17:45,170 --> 00:17:42,930

this time frame I've seen many UFO

350

00:17:47,990 --> 00:17:45,180

groups come and go and I've seen many

351  
00:17:50,600 --> 00:17:48,000  
researchers investigators get frustrated

352  
00:17:53,540 --> 00:17:50,610  
even to the point of leaving the field

353  
00:17:57,050 --> 00:17:53,550  
entirely over the politics in the

354  
00:18:00,640 --> 00:17:57,060  
material being presented my aim with

355  
00:18:03,230 --> 00:18:00,650  
this project is to change that tbv

356  
00:18:06,200 --> 00:18:03,240  
investigations offers a massive

357  
00:18:09,830 --> 00:18:06,210  
technological infrastructure to use for

358  
00:18:13,520 --> 00:18:09,840  
this endeavor which includes a public

359  
00:18:15,800 --> 00:18:13,530  
case file database this case file

360  
00:18:20,210 --> 00:18:15,810  
database is the public's tool for

361  
00:18:23,030 --> 00:18:20,220  
pursuing the case files everything all

362  
00:18:25,790 --> 00:18:23,040  
investigators create and want to share

363  
00:18:30,170 --> 00:18:25,800

can go into this database to show the

364

00:18:32,750 --> 00:18:30,180

public who we are and what we do no work

365

00:18:37,070 --> 00:18:32,760

is ever hidden or shielded behind a

366

00:18:40,310 --> 00:18:37,080

paywall the case file database has maps

367

00:18:44,000 --> 00:18:40,320

to pinpoint a sighting location ability

368

00:18:49,010 --> 00:18:44,010

to embed videos photographs galleries

369

00:18:53,180 --> 00:18:49,020

and much more next a case ticketing

370

00:18:55,310 --> 00:18:53,190

system behind the scenes I have built a

371

00:18:58,040 --> 00:18:55,320

case ticketing system that tracks each

372

00:19:00,680 --> 00:18:58,050

and every case that comes in each

373

00:19:04,880 --> 00:19:00,690

investigator has access to the system

374

00:19:07,250 --> 00:19:04,890

with a unique login password the system

375

00:19:09,680 --> 00:19:07,260

has the ability to assign a case to one

376

00:19:14,330 --> 00:19:09,690

person or investigators can build a team

377

00:19:17,390 --> 00:19:14,340

of three ten a hundred even a thousand

378

00:19:20,000 --> 00:19:17,400

people to collaborate on each member

379

00:19:22,870 --> 00:19:20,010

then gets to see and add information to

380

00:19:25,490 --> 00:19:22,880

the cases they have been assigned

381

00:19:28,820 --> 00:19:25,500

investigators can message each other

382

00:19:32,090 --> 00:19:28,830

add personal notes that no one else sees

383

00:19:36,780 --> 00:19:32,100

and they could communicate directly with

384

00:19:39,090 --> 00:19:36,790

the witness all from one advanced system

385

00:19:42,930 --> 00:19:39,100

john greenwald goes on to say an

386

00:19:45,990 --> 00:19:42,940

advanced toll-free telephone system to

387

00:19:48,900 --> 00:19:46,000

report a case the general public can

388

00:19:52,020 --> 00:19:48,910

also use a toll-free hotline to call in

389

00:19:54,300 --> 00:19:52,030

and report their case during this

390

00:19:56,400 --> 00:19:54,310

process the system will ask for them to

391

00:19:58,320 --> 00:19:56,410

type in their state and once they do

392

00:20:00,900 --> 00:19:58,330

their call will be routed to the

393

00:20:04,500 --> 00:20:00,910

appropriate investigator or team of

394

00:20:07,680 --> 00:20:04,510

investigators meaning an entire group of

395

00:20:11,070 --> 00:20:07,690

phones spread out across America will

396

00:20:15,270 --> 00:20:11,080

ring and the call goes to the first one

397

00:20:19,590 --> 00:20:15,280

available to answer the system allows

398

00:20:22,920 --> 00:20:19,600

investigators to work together all while

399

00:20:25,380 --> 00:20:22,930

no one person is getting overloaded with

400

00:20:28,950 --> 00:20:25,390

a workload that isn't manageable or

401  
00:20:32,700 --> 00:20:28,960  
desirable he goes on to state this

402  
00:20:35,370 --> 00:20:32,710  
system offers investigators a way to

403  
00:20:39,680 --> 00:20:35,380  
have unlimited long distance calling to

404  
00:20:41,580 --> 00:20:39,690  
conduct their casework and I've invited

405  
00:20:45,420 --> 00:20:41,590  
participants to use it for personal

406  
00:20:48,210 --> 00:20:45,430  
calls as well he states the ability to

407  
00:20:51,750 --> 00:20:48,220  
record a phone call with the push of a

408  
00:20:53,700 --> 00:20:51,760  
button and it includes all the free

409  
00:20:56,220 --> 00:20:53,710  
calling features like conference calling

410  
00:21:00,030 --> 00:20:56,230  
caller ID call waiting

411  
00:21:02,340 --> 00:21:00,040  
etc John Greenwald states I have

412  
00:21:04,320 --> 00:21:02,350  
assembled a very small group of

413  
00:21:06,960 --> 00:21:04,330

like-minded individuals from various

414

00:21:09,020 --> 00:21:06,970

backgrounds to help me finalize the nuts

415

00:21:11,820 --> 00:21:09,030

and bolts of how this will work

416

00:21:13,470 --> 00:21:11,830

they all have been instrumental in

417

00:21:16,500 --> 00:21:13,480

helping me get this project off the

418

00:21:20,630 --> 00:21:16,510

ground you will meet them all very soon

419

00:21:24,840 --> 00:21:20,640

at this stage now it's time to launch

420

00:21:26,820 --> 00:21:24,850

but I need the serious investigators who

421

00:21:30,000 --> 00:21:26,830

will want to take part in this to make

422

00:21:32,340 --> 00:21:30,010

it all work there are many different

423

00:21:35,760 --> 00:21:32,350

ways you can help and helping does not

424

00:21:38,760 --> 00:21:35,770

always mean you have to be quote in the

425

00:21:41,400 --> 00:21:38,770

field so don't hesitate to reach out and

426

00:21:44,520 --> 00:21:41,410

tell me any aspect you'd like to be

427

00:21:46,800 --> 00:21:44,530

involved in this includes in part and in

428

00:21:48,450 --> 00:21:46,810

no particular order John Green Roth goes

429

00:21:53,430 --> 00:21:48,460

on to say

430

00:21:58,799 --> 00:21:53,440

one interviewing witnesses to field

431

00:22:03,539 --> 00:21:58,809

investigating three report writing for

432

00:22:07,799 --> 00:22:03,549

case data entry five fielding phone

433

00:22:10,470 --> 00:22:07,809

calls and six organizing caseloads if

434

00:22:15,029 --> 00:22:10,480

you're interested please send a message

435

00:22:19,049 --> 00:22:15,039

to John Greenwald just type contact at

436

00:22:21,690 --> 00:22:19,059

the black vault comm he invites people

437

00:22:23,669 --> 00:22:21,700

to tell him about yourself your

438

00:22:27,239 --> 00:22:23,679

background and why you'd like to take

439

00:22:29,310 --> 00:22:27,249

part and he'd love to pay everyone but

440

00:22:32,789 --> 00:22:29,320

know in advance that this is simply

441

00:22:34,440 --> 00:22:32,799

volunteer with many working parts and he

442

00:22:37,200 --> 00:22:34,450

goes on to say I know there are many

443

00:22:39,919 --> 00:22:37,210

quote UFO research groups out there with

444

00:22:42,810 --> 00:22:39,929

great people that produce great results

445

00:22:45,899 --> 00:22:42,820

I'm not trying to compete but rather I

446

00:22:47,759 --> 00:22:45,909

want to add a new approach I have

447

00:22:51,090 --> 00:22:47,769

brought together my experience for the

448

00:22:52,919 --> 00:22:51,100

past 21 years not only with computers to

449

00:22:55,710 --> 00:22:52,929

build the technical side but as a

450

00:23:00,869 --> 00:22:55,720

researcher and I see what is needed and

451

00:23:03,989 --> 00:23:00,879

why that's why I BV Investigations is

452

00:23:06,629 --> 00:23:03,999

all about I feel this is unique enough

453

00:23:09,509 --> 00:23:06,639

to launch it powerful enough to achieve

454

00:23:12,720 --> 00:23:09,519

results and much needed by the general

455

00:23:16,529 --> 00:23:12,730

public to see hard work in a transparent

456

00:23:19,289 --> 00:23:16,539

environment you can help make it the

457

00:23:22,169 --> 00:23:19,299

success I know it can be I look forward

458

00:23:24,690 --> 00:23:22,179

to hearing from you any states if you're

459

00:23:28,320 --> 00:23:24,700

interested again write him an email

460

00:23:31,710 --> 00:23:28,330

at contact at the black vault calm and

461

00:23:33,509 --> 00:23:31,720

let them know what you would like to do

462

00:23:35,269 --> 00:23:33,519

that is fantastic

463

00:23:39,720 --> 00:23:35,279

John Greenwald with the black vault

464

00:23:44,129 --> 00:23:39,730

dot-com now it's time for a paranormal

465

00:23:48,869 --> 00:23:44,139

point this story is called the shoe in

466

00:23:51,060 --> 00:23:48,879

the river bed the witness explains this

467

00:23:53,340 --> 00:23:51,070

happened a few years ago I had been

468

00:23:54,480 --> 00:23:53,350

through a tough divorce from my high

469

00:23:57,570 --> 00:23:54,490

school sweetheart

470

00:24:00,620 --> 00:23:57,580

and my best friend let's just call him

471

00:24:03,290 --> 00:24:00,630

al distracted me by going on random

472

00:24:05,510 --> 00:24:03,300

road trips with me one morning we

473

00:24:08,810 --> 00:24:05,520

decided to just jump in my car and drive

474

00:24:11,540 --> 00:24:08,820

to Carlsbad New Mexico at this point my

475

00:24:14,000 --> 00:24:11,550

life I always had a digital camera with

476

00:24:16,700 --> 00:24:14,010

me I like to take pictures at random

477

00:24:19,730 --> 00:24:16,710

thinking to myself like an amateur or

478

00:24:22,340 --> 00:24:19,740

photographer along the way we stopped at

479

00:24:25,000 --> 00:24:22,350

a small roadside gas station souvenir

480

00:24:28,730 --> 00:24:25,010

stand and picked up some cherry cider

481

00:24:31,520 --> 00:24:28,740

when we got to Carlsbad we saw that they

482

00:24:34,100 --> 00:24:31,530

had been dammed off a small local River

483

00:24:38,030 --> 00:24:34,110

and pumped it so they could work on the

484

00:24:41,000 --> 00:24:38,040

bridges we found a spot at a park nearby

485

00:24:42,770 --> 00:24:41,010

and parked drinking the cider and

486

00:24:46,390 --> 00:24:42,780

snacking on some treats we bought before

487

00:24:49,310 --> 00:24:46,400

we decided to explore the dried riverbed

488

00:24:51,260 --> 00:24:49,320

we weren't the first to decide this as

489

00:24:53,390 --> 00:24:51,270

there were obviously footprints

490

00:24:56,270 --> 00:24:53,400

everywhere there were people's

491

00:25:01,360 --> 00:24:56,280

footprints dogs and cats footprints and

492

00:25:04,310 --> 00:25:01,370

even what looked like Java Leena tracks

493

00:25:06,860 --> 00:25:04,320

then I started to feel an odd sensation

494

00:25:09,980 --> 00:25:06,870

like we were being watched

495

00:25:12,770 --> 00:25:09,990

I looked around and figured it was

496

00:25:15,950 --> 00:25:12,780

probably someone in the backyards facing

497

00:25:19,340 --> 00:25:15,960

the area we had walked to then owl

498

00:25:22,820 --> 00:25:19,350

caught my attention Hey he said waving

499

00:25:25,790 --> 00:25:22,830

over to me look at this there was a bone

500

00:25:28,660 --> 00:25:25,800

in the ground it looked like a spinal

501  
00:25:31,790 --> 00:25:28,670  
column but from what we couldn't tell

502  
00:25:34,970 --> 00:25:31,800  
what do you think it belongs to L asked

503  
00:25:37,400 --> 00:25:34,980  
as we stared at it probably a beef or a

504  
00:25:39,440 --> 00:25:37,410  
pork bone of some kind I replied as I

505  
00:25:42,200 --> 00:25:39,450  
took a snapshot and then just kept

506  
00:25:45,050 --> 00:25:42,210  
walking thinking nothing of it as we

507  
00:25:47,750 --> 00:25:45,060  
continued we found a strange rust

508  
00:25:50,600 --> 00:25:47,760  
colored rock jutting out of the soft

509  
00:25:53,120 --> 00:25:50,610  
sand L and I walked closer to it

510  
00:25:56,390 --> 00:25:53,130  
sticking out of the sand half-buried was

511  
00:25:58,880 --> 00:25:56,400  
a girl's shoe I'm going to kick that

512  
00:26:02,230 --> 00:25:58,890  
shoe I told my friend as I walked back a

513  
00:26:05,810 --> 00:26:02,240

few feet and started running at it I

514

00:26:09,560 --> 00:26:05,820

stopped dead in my tracks when I heard a

515

00:26:14,000 --> 00:26:09,570

little girls voice shout no please don't

516

00:26:16,700 --> 00:26:14,010

I looked around but I didn't see anyone

517

00:26:19,640 --> 00:26:16,710

and Al was looking at me confused why

518

00:26:22,430 --> 00:26:19,650

did you stop he asked as I looked for

519

00:26:25,160 --> 00:26:22,440

the source of the voice didn't you hear

520

00:26:26,990 --> 00:26:25,170

that little girl I asked not seeing

521

00:26:31,310 --> 00:26:27,000

anyone around us in the early afternoon

522

00:26:33,380 --> 00:26:31,320

light no one said anything he replied

523

00:26:37,280 --> 00:26:33,390

and we shrugged it off and walked

524

00:26:40,880 --> 00:26:37,290

further no I felt like more people were

525

00:26:42,650 --> 00:26:40,890

watching me it was so heavy that it

526  
00:26:46,400 --> 00:26:42,660  
almost felt like a slight physical

527  
00:26:49,700 --> 00:26:46,410  
weight al stopped dead in his tracks and

528  
00:26:51,590 --> 00:26:49,710  
pointed ahead there's another bone al

529  
00:26:55,520 --> 00:26:51,600  
said pointing to what looked like a

530  
00:26:58,610 --> 00:26:55,530  
broken femur laying on the sand it had

531  
00:27:01,340 --> 00:26:58,620  
been some footprints around it but other

532  
00:27:04,100 --> 00:27:01,350  
than that it looked undisturbed we

533  
00:27:09,040 --> 00:27:04,110  
looked at it and L whispered to me let's

534  
00:27:11,750 --> 00:27:09,050  
go I think that is a human bone I agreed

535  
00:27:16,340 --> 00:27:11,760  
the weight I was feeling was becoming

536  
00:27:19,310 --> 00:27:16,350  
overwhelming and this bone did look too

537  
00:27:20,330 --> 00:27:19,320  
human I took another picture and we

538  
00:27:23,180 --> 00:27:20,340

walked back to the car

539

00:27:26,750 --> 00:27:23,190

and Al called the non-emergency police

540

00:27:29,870 --> 00:27:26,760

number for Carlsbad we told them what we

541

00:27:32,360 --> 00:27:29,880

saw gave them our information and we

542

00:27:34,010 --> 00:27:32,370

were on our way home in no time I'd

543

00:27:36,740 --> 00:27:34,020

forgotten all about the bones and the

544

00:27:39,560 --> 00:27:36,750

rust-coloured rock until a week later al

545

00:27:42,650 --> 00:27:39,570

called me back he had gotten a call from

546

00:27:46,220 --> 00:27:42,660

the Carlsbad police the bones we found

547

00:27:48,860 --> 00:27:46,230

were indeed human and though there were

548

00:27:52,580 --> 00:27:48,870

plenty of footprints around no one else

549

00:27:55,310 --> 00:27:52,590

have reported it they were indeed human

550

00:27:58,640 --> 00:27:55,320

bones and after finding them they

551  
00:28:00,650 --> 00:27:58,650  
started an investigation I told me that

552  
00:28:03,680 --> 00:28:00,660  
the police had started an investigation

553  
00:28:06,230 --> 00:28:03,690  
and had questioned them they asked about

554  
00:28:09,350 --> 00:28:06,240  
the rust-coloured Rock and how we found

555  
00:28:12,860 --> 00:28:09,360  
the bones after they explained that it

556  
00:28:16,010 --> 00:28:12,870  
wasn't a large rock but the remains of a

557  
00:28:20,450 --> 00:28:16,020  
pickup truck that had disappeared along

558  
00:28:23,700 --> 00:28:20,460  
with a family of three a man a woman and

559  
00:28:30,360 --> 00:28:26,649  
upon investigation of the area they

560  
00:28:33,100 --> 00:28:30,370  
found a shoe sticking out of the sand

561  
00:28:37,629 --> 00:28:33,110  
inside of it were the skeletal remains

562  
00:28:41,200 --> 00:28:37,639  
of a girl's foot thinking back to it

563  
00:28:44,350 --> 00:28:41,210

made my blood run cold was the unseen

564

00:28:46,840 --> 00:28:44,360

voice I heard that of the dead girls my

565

00:28:50,379 --> 00:28:46,850
