3
00:00:13,999 --> 00:00:08,400
headline news with me Heidi Hollis today

4
00:00:18,710 --> 00:00:14,009
is Thursday November 30th 2017 blasting

5
00:00:23,560 --> 00:00:18,720
off with some UFO reports a UFO sighting

6
00:00:27,650 --> 00:00:23,570
in Maricopa Arizona on November 25th

7
00:00:31,580 --> 00:00:27,660
2017 the witness states it was a bright

8
00:00:33,950 --> 00:00:31,590
light moving in an atypical way and goes

9
00:00:38,959 --> 00:00:33,960
on to say sitting inside our house

10
00:00:42,410 --> 00:00:38,969
watching TV around 9:15 p.m. my dog went

11
00:00:45,350 --> 00:00:42,420
berserk not an alert bark I've heard

12
00:00:48,410 --> 00:00:45,360
those before so I got up and went to

13
00:00:51,770 --> 00:00:48,420

check with the camping lantern I stepped

14

00:00:55,670 --> 00:00:51,780

out onto the porch and noticed a very

15

00:00:58,340 --> 00:00:55,680

bright light we see a lot of planes and

16

00:01:00,410 --> 00:00:58,350

flares over the bombing range so I'm

17

00:01:03,290 --> 00:01:00,420

used to seeing various lights in the sky

18

00:01:05,450 --> 00:01:03,300

I first thought it might have been the

19

00:01:06,700 --> 00:01:05,460

front lights on a plane or searchlights

20

00:01:10,310 --> 00:01:06,710

for a Border Patrol

21

00:01:13,929 --> 00:01:10,320

however this light was larger than

22

00:01:17,810 --> 00:01:13,939

average and very bright white it

23

00:01:22,429 --> 00:01:17,820

pulsated once making it a bit larger and

24

00:01:26,030 --> 00:01:22,439

shift into a more blue white color it

25

00:01:30,050 --> 00:01:26,040

then shot upward arcing slightly

26

00:01:33,679 --> 00:01:30,060

northward as it did so it disappeared

27

00:01:37,969 --> 00:01:33,689

within seconds given me just enough time

28

00:01:41,030 --> 00:01:37,979

to realize how I am normal it was within

29

00:01:44,270 --> 00:01:41,040

minutes the sky had a lot of planes in

30

00:01:46,719 --> 00:01:44,280

the area almost all were extremely high

31

00:01:49,789 --> 00:01:46,729

but we could see the blinking lights

32

00:01:52,130 --> 00:01:49,799

they arrived after the incident and

33

00:01:54,999 --> 00:01:52,140

before we decided to return into the

34

00:01:57,740 --> 00:01:55,009

house so within three minutes

35

00:01:59,810 --> 00:01:57,750

we went back into the house and within

36

00:02:03,319 --> 00:01:59,820

the next 10 minutes a sounded like an

37

00:02:08,169 --> 00:02:03,329

entire squad of large helicopters were

38

00:02:12,020 --> 00:02:08,179

flying in the area perhaps a coincidence

39

00:02:15,559 --> 00:02:12,030
our next sighting UFO sighting in

40

00:02:19,849 --> 00:02:15,569
Saginaw Michigan occurring on November

41

00:02:24,379 --> 00:02:19,859
24th 2017 came in from the Northeast

42

00:02:28,190 --> 00:02:24,389
passed over my head made two separate 45

43

00:02:32,449 --> 00:02:28,200
degree turns lost sight as it headed

44

00:02:35,420 --> 00:02:32,459
southeast the witness continues I woke

45

00:02:38,479 --> 00:02:35,430
up at 4:11 a.m. and I heard noises

46

00:02:40,580 --> 00:02:38,489
outside I went out to find it was my

47

00:02:44,030 --> 00:02:40,590
neighbor working on the interior of his

48

00:02:46,789 --> 00:02:44,040
home as I was heading back in I looked

49

00:02:51,349 --> 00:02:46,799
up and noticed how clear and bright the

50

00:02:54,050 --> 00:02:51,359
sky was with no clouds that's when I

51
00:02:54,800 --> 00:02:54,060
noticed a light approaching from the

52
00:02:57,559 --> 00:02:54,810
Northeast

53
00:03:01,009 --> 00:02:57,569
my first thought were that it was a

54
00:03:03,920 --> 00:03:01,019
shooting star but it was too slow for

55
00:03:05,709 --> 00:03:03,930
that and too fast for any satellite or

56
00:03:08,990 --> 00:03:05,719
aircraft that I know of

57
00:03:12,379 --> 00:03:09,000
it was too high and covered too many

58
00:03:16,039 --> 00:03:12,389
miles to be any kind of drone as it

59
00:03:19,369 --> 00:03:16,049
passed over my head it made roughly a 45

60
00:03:24,409 --> 00:03:19,379
degree angle turn then straight for a

61
00:03:27,920 --> 00:03:24,419
second - and then another 45-degree

62
00:03:31,580 --> 00:03:27,930
angle turn and straight again heading

63
00:03:34,610 --> 00:03:31,590

southeast never changing speed until I

64

00:03:38,800 --> 00:03:34,620

lost sight of it which was behind the

65

00:03:42,349 --> 00:03:38,810

streetlight glare from across the street

66

00:03:45,170 --> 00:03:42,359

as the object passed over I could see

67

00:03:49,490 --> 00:03:45,180

that it appeared to be self illuminated

68

00:03:52,309 --> 00:03:49,500

with a very dim blue white glow like a

69

00:03:56,449 --> 00:03:52,319

little watt light bulb with black paint

70

00:04:00,050 --> 00:03:56,459

covering half letting out only patches

71

00:04:04,279 --> 00:04:00,060

of light there were no other lights on

72

00:04:06,979 --> 00:04:04,289

it if it had been settling still you

73

00:04:11,330 --> 00:04:06,989

would never have noticed it even in the

74

00:04:15,800 --> 00:04:11,340

city at 4:00 a.m. it was very quiet and

75

00:04:18,560 --> 00:04:15,810

this object was completely silent it was

76

00:04:21,850 --> 00:04:18,570

hard to tell how high it was maybe a

77

00:04:25,400 --> 00:04:21,860

thousand feet or more or the shape of it

78

00:04:28,570 --> 00:04:25,410

the duration of the sighting was very

79

00:04:31,070 --> 00:04:28,580

brief no longer than 20 seconds I

80

00:04:33,110 --> 00:04:31,080

believe it was under intelligent control

81

00:04:37,550 --> 00:04:33,120

because of the sharp turns

82

00:04:38,180 --> 00:04:37,560

I remember waving and yelling for it to

83

00:04:43,120 --> 00:04:38,190

stop

84

00:04:46,700 --> 00:04:43,130

I've had many planes and helicopters

85

00:04:51,650 --> 00:04:46,710

including military aircraft pass over my

86

00:04:57,170 --> 00:04:51,660

home heading to and from BS Airport this

87

00:04:59,750 --> 00:04:57,180

object was completely different it was

88

00:05:02,810 --> 00:04:59,760

Black Friday morning so I thought maybe

89

00:05:03,320 --> 00:05:02,820

it was a spotlight but it never happened

90

00:05:06,890 --> 00:05:03,330

again

91

00:05:10,100 --> 00:05:06,900

there was no beam there was nothing for

92

00:05:13,130 --> 00:05:10,110

a spotlight to reflect off from I've

93

00:05:16,280 --> 00:05:13,140

lived at this location for over 40 years

94

00:05:20,510 --> 00:05:16,290

and this is not the only sighting I've

95

00:05:24,650 --> 00:05:20,520

had this is the only one that I have

96

00:05:28,130 --> 00:05:24,660

reported the subject of UFOs has always

97

00:05:30,920 --> 00:05:28,140

been of great interest to me since a

98

00:05:35,590 --> 00:05:30,930

sighting as a young child another in my

99

00:05:38,840 --> 00:05:35,600

early 30s then mid 40s and now this one

100

00:05:42,230 --> 00:05:38,850

because of my interest in open mind I've

101
00:05:45,440 --> 00:05:42,240
had many people friends and family tell

102
00:05:47,930 --> 00:05:45,450
me of their experiences one recently by

103
00:05:52,460 --> 00:05:47,940
a close friend living just outside of

104
00:05:54,200 --> 00:05:52,470
the Saginaw area PS if any official

105
00:05:56,570 --> 00:05:54,210
member of MUFON would like more

106
00:06:02,719 --> 00:05:56,580
information please feel free to contact

107
00:06:07,779 --> 00:06:02,729
me our next UFO sighting happened in

108
00:06:14,029 --> 00:06:07,789
Gainesville Florida on November 23rd

109
00:06:17,000 --> 00:06:14,039
2017 UFO hovering over treetops the

110
00:06:19,279 --> 00:06:17,010
witness goes on to say I was kidding in

111
00:06:22,370 --> 00:06:19,289
the car with two of my friends to get

112
00:06:25,250 --> 00:06:22,380
lunch and that's when we heard a

113
00:06:28,130 --> 00:06:25,260

helicopter we thought it was the

114

00:06:31,240 --> 00:06:28,140

hospital's helicopter at first but we

115

00:06:33,270 --> 00:06:31,250

spotted it and we knew that it wasn't

116

00:06:36,300 --> 00:06:33,280

because it

117

00:06:39,300 --> 00:06:36,310

was all-black the hospital helicopters

118

00:06:42,540 --> 00:06:39,310

are orange and blue here we were trying

119

00:06:46,170 --> 00:06:42,550

to spot another helicopter and we saw a

120

00:06:49,409 --> 00:06:46,180

plane it looked as if it was just a

121

00:06:52,530 --> 00:06:49,419

commercial flight however then we

122

00:06:55,920 --> 00:06:52,540

noticed the UFO hovering right above the

123

00:06:59,310 --> 00:06:55,930

treetops and we knew something was wrong

124

00:07:02,340 --> 00:06:59,320

I took a photo but one of my friends

125

00:07:05,010 --> 00:07:02,350

have a video I told him about this site

126
00:07:08,820 --> 00:07:05,020
and he said he would upload the report

127
00:07:12,050 --> 00:07:08,830
as well as the video anywho the UFO

128
00:07:15,180 --> 00:07:12,060
hovered for about 15 minutes and then

129
00:07:19,890 --> 00:07:15,190
very abruptly descended below the

130
00:07:23,070 --> 00:07:19,900
treetops and out of our sight my friends

131
00:07:26,630 --> 00:07:23,080
thought it was cool but I am scared to

132
00:07:30,500 --> 00:07:26,640
know that there are aliens out there

133
00:07:33,420 --> 00:07:30,510
especially ones near me and my neighbors

134
00:07:35,670 --> 00:07:33,430
judging by the direction it was probably

135
00:07:38,850 --> 00:07:35,680
hovering over the nearby elementary

136
00:07:40,950 --> 00:07:38,860
school as weird as that sounds in the

137
00:07:43,980 --> 00:07:40,960
picture that's been attached to this

138
00:07:49,590 --> 00:07:43,990

story I have cropped and zoomed in so

139

00:07:54,390 --> 00:07:49,600

that you can see it better next a blast

140

00:07:57,870 --> 00:07:54,400

from the UFO past UFO sighting black

141

00:08:05,250 --> 00:07:57,880

triangle sighting occurred San Diego

142

00:08:08,909 --> 00:08:05,260

California October 28th 1976 on board

143

00:08:11,580 --> 00:08:08,919

USS Racine in route to Hawaii in the

144

00:08:14,909 --> 00:08:11,590

Pacific two days out from San Diego

145

00:08:20,670 --> 00:08:14,919

while on watch on the stern of the ship

146

00:08:23,810 --> 00:08:20,680

I observed a UFO the witness goes on to

147

00:08:30,120 --> 00:08:23,820

say while in the Navy on board the USS

148

00:08:33,380 --> 00:08:30,130

Racine first 1191 I observed a very

149

00:08:36,420 --> 00:08:33,390

strange object while on watch at night

150

00:08:41,520 --> 00:08:36,430

we had left San Diego on our Westpac

151
00:08:44,240 --> 00:08:41,530
tour on October 26 1976 according to the

152
00:08:46,820 --> 00:08:44,250
itinerary in my ship's crews book

153
00:08:49,450 --> 00:08:46,830
it was two days out from when we left so

154
00:08:54,050 --> 00:08:49,460
I believe that date was October 28th

155
00:08:58,600 --> 00:08:54,060
1976 our ship had departed alone without

156
00:09:01,520 --> 00:08:58,610
the convoy due to mechanical repairs I

157
00:09:04,400 --> 00:09:01,530
was on the Night Watch on the rear of

158
00:09:07,280 --> 00:09:04,410
the ship station to report any objects

159
00:09:11,030 --> 00:09:07,290
or contacts to the bridge over the

160
00:09:13,730 --> 00:09:11,040
headphone set it was late at night dark

161
00:09:16,790 --> 00:09:13,740
and there were no lights or objects to

162
00:09:19,670 --> 00:09:16,800
report to the bridge all I could see

163
00:09:24,050 --> 00:09:19,680

were the stars the horizon over the dark

164

00:09:28,370 --> 00:09:24,060

sea and the foam of the ships awake no

165

00:09:31,430 --> 00:09:28,380

reportable context then I heard over the

166

00:09:35,590 --> 00:09:31,440

headset other crew members talking about

167

00:09:38,660 --> 00:09:35,600

something I looked around and saw a

168

00:09:42,800 --> 00:09:38,670

triangular object directly behind the

169

00:09:46,160 --> 00:09:42,810

ship it was about a half-mile away

170

00:09:49,730 --> 00:09:46,170

and appeared to be hovering just above

171

00:09:52,520 --> 00:09:49,740

the water it was glowing and yellowish

172

00:09:53,890 --> 00:09:52,530

orangish color and appeared to be very

173

00:09:56,570 --> 00:09:53,900

large

174

00:10:00,710 --> 00:09:56,580

everyone was chattering on the headset

175

00:10:04,820 --> 00:10:00,720

and I heard someone say it looks like a

176
00:10:08,000 --> 00:10:04,830
Christmas tree the chattering continued

177
00:10:13,190 --> 00:10:08,010
until I heard someone say shut up

178
00:10:17,510 --> 00:10:13,200
I then reported a contact bearing 180

179
00:10:22,070 --> 00:10:17,520
degrees approximately 1/2 mile to the

180
00:10:24,350 --> 00:10:22,080
bridge there was no reply the object

181
00:10:27,800 --> 00:10:24,360
continued to maintain its position for

182
00:10:30,860 --> 00:10:27,810
about 3 to 4 minutes then I observed the

183
00:10:33,770 --> 00:10:30,870
object slowly getting smaller in size as

184
00:10:37,610 --> 00:10:33,780
if it moved directly away from us at a

185
00:10:39,590 --> 00:10:37,620
high speed until it disappeared there

186
00:10:42,290 --> 00:10:39,600
was very little talk on the headphones

187
00:10:46,250 --> 00:10:42,300
after that and after a short while

188
00:10:49,490 --> 00:10:46,260

another shipmate came to relieve me it

189

00:10:52,610 --> 00:10:49,500

was a rotating 45-minute watch so my

190

00:10:55,220 --> 00:10:52,620

next station was port after steering

191

00:10:56,590 --> 00:10:55,230

compartment then I was on the port

192

00:11:00,030 --> 00:10:56,600

lookout on the

193

00:11:03,520 --> 00:11:00,040

and then on the helm the steering well

194

00:11:06,850 --> 00:11:03,530

while on the helm the door behind me

195

00:11:09,940 --> 00:11:06,860

opened and I saw a radar technician I

196

00:11:11,470 --> 00:11:09,950

knew I asked him about what I had seen

197

00:11:15,700 --> 00:11:11,480

and he said there was nothing on the

198

00:11:17,560 --> 00:11:15,710

radar screen my watch finally ended

199

00:11:20,800 --> 00:11:17,570

without much conversation with others

200

00:11:24,040 --> 00:11:20,810

about what we all saw there had to have

201
00:11:29,230 --> 00:11:24,050
been at least 10 or more sailors and

202
00:11:32,110 --> 00:11:29,240
officers that saw what I saw the next

203
00:11:34,840 --> 00:11:32,120
day after saluting an officer I knew I

204
00:11:37,870 --> 00:11:34,850
asked him what it was that we saw last

205
00:11:41,290 --> 00:11:37,880
night on watch he then turned to me and

206
00:11:46,000 --> 00:11:41,300
said you didn't see anything and that's

207
00:11:48,580 --> 00:11:46,010
the last I want to hear about it there

208
00:11:51,850 --> 00:11:48,590
was never much talk about that incident

209
00:11:56,110 --> 00:11:51,860
after that and the rest of the westpac

210
00:11:59,200 --> 00:11:56,120
was fairly uneventful after all these

211
00:12:02,620 --> 00:11:59,210
years I can still remember that what I

212
00:12:05,590 --> 00:12:02,630
saw was the most unexplainable thing I

213
00:12:08,950 --> 00:12:05,600

have ever witnessed I think I have

214

00:12:11,740 --> 00:12:08,960

reported to this MUFON group several

215

00:12:16,030 --> 00:12:11,750

years ago but it was a different format

216

00:12:18,730 --> 00:12:16,040

with less information in my ship's crews

217

00:12:21,040 --> 00:12:18,740

book I think I can identify other crew

218

00:12:25,030 --> 00:12:21,050

members who may have been on watch that

219

00:12:28,210 --> 00:12:25,040

night I have told my story to my family

220

00:12:31,350 --> 00:12:28,220

members and others I know what I saw and

221

00:12:35,910 --> 00:12:31,360

it was very strange

222

00:12:38,710 --> 00:12:35,920

now DAB's into some mystery science a

223

00:12:41,320 --> 00:12:38,720

special treat on this date for those of

224

00:12:45,510 --> 00:12:41,330

you not familiar with one of Australia's

225

00:12:50,830 --> 00:12:45,520

most notorious UFO sightings on the

226

00:12:53,530 --> 00:12:50,840

morning of April the 6th 1966 the

227

00:12:56,740 --> 00:12:53,540

Australian city of Melbourne was visited

228

00:13:00,910 --> 00:12:56,750

by an unknown or at least unfamiliar

229

00:13:03,940 --> 00:13:00,920

object or objects the then outer suburb

230

00:13:07,030 --> 00:13:03,950

of West all was apparently a sort of

231

00:13:09,730 --> 00:13:07,040

ground zero for the aerial oddities

232

00:13:10,370 --> 00:13:09,740

where it made an approach to the ground

233

00:13:14,150 --> 00:13:10,380

or

234

00:13:17,840 --> 00:13:14,160

actually landed much has been made of

235

00:13:20,690 --> 00:13:17,850

the West all UFO incident and here is

236

00:13:25,690 --> 00:13:20,700

not the place to rerun the generally

237

00:13:28,340 --> 00:13:25,700

accepted narrative others be they

238

00:13:30,950 --> 00:13:28,350

documentary makers journalists authors

239

00:13:33,950 --> 00:13:30,960

or researchers have produced many a

240

00:13:36,440 --> 00:13:33,960

treatment on the case already at the

241

00:13:38,870 --> 00:13:36,450

core of the event a large number of

242

00:13:41,390 --> 00:13:38,880

schoolchildren from the West all high

243

00:13:45,140 --> 00:13:41,400

school claimed to have personally

244

00:13:47,500 --> 00:13:45,150

witnessed the airborne episode and their

245

00:13:50,980 --> 00:13:47,510

modern-day testimony has been given a

246

00:13:53,810 --> 00:13:50,990

considerable quantity of recent exposure

247

00:13:56,780 --> 00:13:53,820

one aspect of the incident which has

248

00:13:59,840 --> 00:13:56,790

been insufficiently explored is that the

249

00:14:02,060 --> 00:13:59,850

staff who worked at the school other

250

00:14:04,670 --> 00:14:02,070

than the science teacher Andrew

251

00:14:08,060 --> 00:14:04,680

Greenwood we have heard very little

252

00:14:10,220 --> 00:14:08,070

either then or now from the teachers who

253

00:14:15,410 --> 00:14:10,230

were there on the day and caught up in

254

00:14:16,870 --> 00:14:15,420

the unusual saga recently the writer had

255

00:14:19,550 --> 00:14:16,880

the opportunity to exchange

256

00:14:22,340 --> 00:14:19,560

communications with a former English and

257

00:14:25,490 --> 00:14:22,350

mathematics teacher who is staffed at

258

00:14:30,730 --> 00:14:25,500

West all high school a now successful

259

00:14:33,320 --> 00:14:30,740

author hazel moi now hazel Edwards

260

00:14:35,270 --> 00:14:33,330

offers opinions which are quite

261

00:14:37,820 --> 00:14:35,280

different than the general version of

262

00:14:41,240 --> 00:14:37,830

high school yo falada chol narrative

263

00:14:43,580 --> 00:14:41,250

found elsewhere simply put most but

264

00:14:45,730 --> 00:14:43,590

certainly not all of what I have

265

00:14:48,830 --> 00:14:45,740

personally read about West Hall has been

266

00:14:51,560 --> 00:14:48,840

reactionary or has been presented in

290

and studying what happened that fateful

291

00:15:47,850 --> 00:15:44,800

April day the writer presents the

292

00:15:50,490 --> 00:15:47,860

content of the discussions with hazel

293

00:15:56,280 --> 00:15:50,500

and what they discovered was most

294

00:15:59,730 --> 00:15:56,290

unexpected after reading a late August

295

00:16:02,240 --> 00:15:59,740

2016 media story on the Westall UFO case

296

00:16:05,220 --> 00:16:02,250

which mentioned hazel the writer

297

00:16:09,600 --> 00:16:05,230

contacted her via social media and

298

00:16:14,190 --> 00:16:09,610

Facebook these initial contacts were on

299

00:16:17,940 --> 00:16:14,200

the 25th of August 2016 the writer goes

300

00:16:21,510 --> 00:16:17,950

on to state I introduced myself as a UFO

301
00:16:24,360 --> 00:16:21,520
case researcher who wished to obtain yet

302
00:16:28,080 --> 00:16:24,370
unpublished testimony from persons

303
00:16:30,510 --> 00:16:28,090
directly involved in Westall falling

304
00:16:33,900 --> 00:16:30,520
from that there was no response and I

305
00:16:37,530 --> 00:16:33,910
didn't pursue her further on the 26 of

306
00:16:39,810 --> 00:16:37,540
October 2017 hazel who I have

307
00:16:42,240 --> 00:16:39,820
established was indeed an English and

308
00:16:46,440 --> 00:16:42,250
mathematics teacher at West all high

309
00:16:49,470 --> 00:16:46,450
school reply to my year old message her

310
00:16:52,920 --> 00:16:49,480
first communication read dear Paul I

311
00:16:55,590 --> 00:16:52,930
just found your query relating to UFOs

312
00:16:58,020 --> 00:16:55,600
and Westall I've always maintained that

313
00:17:00,600 --> 00:16:58,030

there was no UFO landing at the school

314

00:17:03,960 --> 00:17:00,610

that day where I was an English and

315

00:17:06,290 --> 00:17:03,970

maths teacher two other former teachers

316

00:17:08,370 --> 00:17:06,300

agree with me the most interesting

317

00:17:11,100 --> 00:17:08,380

development from the whole episode has

318

00:17:15,060 --> 00:17:11,110

been the community's desire to have a

319

00:17:18,030 --> 00:17:15,070

common significant memory it was a new

320

00:17:20,699 --> 00:17:18,040

migrant community and the real story

321

00:17:23,000 --> 00:17:20,709

lies in this success which many of these

322

00:17:28,350 --> 00:17:23,010

former students have made of their lives

323

00:17:30,370 --> 00:17:28,360

for just a few they supposed UFO was the

324

00:17:32,770 --> 00:17:30,380

only thing of significance

325

00:17:35,980 --> 00:17:32,780

but others have created many worthwhile

326

00:17:40,000 --> 00:17:35,990

skills and projects these are the facts

327

00:17:42,070 --> 00:17:40,010

really the supposed site of the landing

328

00:17:45,220 --> 00:17:42,080

where the UFO playground is now situated

329

00:17:47,650 --> 00:17:45,230

is so far from the back of the original

330

00:17:50,410 --> 00:17:47,660

school the students could not have

331

00:17:53,230 --> 00:17:50,420

reached it within the break there was a

332

00:17:55,150 --> 00:17:53,240

hyped up atmosphere that day the kind

333

00:17:58,240 --> 00:17:55,160

that sometimes occurs with students

334

00:18:01,120 --> 00:17:58,250

during very windy weather mr. Sam will

335

00:18:04,510 --> 00:18:01,130

be the principal did tend to be

336

00:18:07,600 --> 00:18:04,520

authoritarian but had to retain order in

337

00:18:11,260 --> 00:18:07,610

a new and raw school and was strict on

338

00:18:13,570 --> 00:18:11,270

the day one student rang the TV station

339

00:18:16,510 --> 00:18:13,580

mid-afternoon on a slow news day and

340

00:18:19,510 --> 00:18:16,520

things kind of escalated from there I've

341

00:18:23,830 --> 00:18:19,520

looked at the supposed witness accounts

342

00:18:26,680 --> 00:18:23,840

and most are built on suppositions for

343

00:18:29,020 --> 00:18:26,690

example men in uniform appeared 45

344

00:18:29,580 --> 00:18:29,030

minutes after and the army base is 45

345

00:18:32,850 --> 00:18:29,590

minutes away

346

00:18:36,670 --> 00:18:32,860

therefore the army was involved not

347

00:18:38,440 --> 00:18:36,680

logical of course with this I was

348

00:18:40,980 --> 00:18:38,450

somewhat surprised by such a clear

349

00:18:44,050 --> 00:18:40,990

lengthy piece of introductory testimony

350

00:18:46,750 --> 00:18:44,060

with some ado including the swapping of

351

00:18:48,760 --> 00:18:46,760

emails a further appraisal of what I

352

00:18:51,930 --> 00:18:48,770

personally studied with the UFO field

353

00:18:54,820 --> 00:18:51,940

and a few early vetting inquiries I

354

00:18:57,280 --> 00:18:54,830

drafted what several exploratory

355

00:19:00,550 --> 00:18:57,290

questions for her to answer as she saw

356

00:19:03,160 --> 00:19:00,560

fit the first question this writer posed

357

00:19:07,210 --> 00:19:03,170

was merely what are your general

358

00:19:10,270 --> 00:19:07,220

recollections of that day's events hazel

359

00:19:13,420 --> 00:19:10,280

replied during the class time that

360

00:19:15,820 --> 00:19:13,430

afternoon the students were hyped up but

361

00:19:16,900 --> 00:19:15,830

few actually reported real evidence of

362

00:19:20,140 --> 00:19:16,910

seeing anything

363

00:19:22,270 --> 00:19:20,150

it was gossip built on hearsay it was

364

00:19:25,270 --> 00:19:22,280

the girls student who called the TV news

365

00:19:28,000 --> 00:19:25,280

which said a media frenzy in place mr.

366

00:19:30,580 --> 00:19:28,010

Sam will be the principal try to quiet

367

00:19:33,430 --> 00:19:30,590

things down but he wasn't trying to

368

00:19:36,070 --> 00:19:33,440

cover up anything just keep control in a

369

00:19:38,140 --> 00:19:36,080

fairly challenging school lots of

370

00:19:41,890 --> 00:19:38,150

inexperienced staff like me in our first

371

00:19:44,200 --> 00:19:41,900

year of teaching the 20 year old science

372

00:19:46,090 --> 00:19:44,210

teacher Andrew was interviewed by media

373

00:19:48,850 --> 00:19:46,100

and really liked the experience so

374

00:19:51,070 --> 00:19:48,860

stories grew because he was a science

375

00:19:53,680 --> 00:19:51,080

teacher more attention was paid and

376

00:19:56,680 --> 00:19:53,690

later follow-ups of the story I always

377

00:19:59,200 --> 00:19:56,690

stated the story was being exaggerated

378

00:20:01,180 --> 00:19:59,210

but my comments were always edited

379

00:20:03,509 --> 00:20:01,190

because many felt that the UFO story

380

00:20:07,450 --> 00:20:03,519

gave them a connection to media fame

381

00:20:09,970 --> 00:20:07,460

they wanted to be part of a story to

382

00:20:12,759 --> 00:20:09,980

other teachers Rodger Adams and Vivian

383

00:20:15,369 --> 00:20:12,769

Clark agreed with me a journalist asked

384

00:20:18,460 --> 00:20:15,379

me what did you do after the momentous

385

00:20:22,090 --> 00:20:18,470

event I said I left at 4 p.m. to go to

386

00:20:24,220 --> 00:20:22,100

my manoj uni lecture on politics on the

387

00:20:27,129 --> 00:20:24,230

Clayton campus as I was studying as well

388

00:20:29,139 --> 00:20:27,139

as working full-time he asked why I

389

00:20:32,350 --> 00:20:29,149

didn't stay after school when such a

390

00:20:36,070 --> 00:20:32,360

momentous event had occurred I replied

391

00:20:38,139 --> 00:20:36,080

that it didn't the flattened grass was

392

00:20:39,909 --> 00:20:38,149

part of the area where teenage students

393

00:20:42,639 --> 00:20:39,919

messed around between school and the

394

00:20:45,399 --> 00:20:42,649

migrant camp the journalists from the

395

00:20:47,529 --> 00:20:45,409

dinner Gong Journal agreed that he had

396

00:20:50,169 --> 00:20:47,539

reported what students and staff said

397

00:20:52,330 --> 00:20:50,179

but he was cynical about the little

398

00:20:55,419 --> 00:20:52,340

green men which was the level the story

399

00:20:57,909 --> 00:20:55,429

reached very quickly I did attend a

400

00:21:01,119 --> 00:20:57,919

reunion of Westall high high school

401
00:21:03,340 --> 00:21:01,129
decades later to which i was invited and

402
00:21:06,100 --> 00:21:03,350
several were being interviewed about the

403
00:21:08,529 --> 00:21:06,110
UFO on that afternoon I thoroughly

404
00:21:10,450 --> 00:21:08,539
enjoyed my time teaching at West all and

405
00:21:13,359 --> 00:21:10,460
put a lot of effort into my students I

406
00:21:16,629 --> 00:21:13,369
was pleased to see how well some had

407
00:21:19,539 --> 00:21:16,639
done but I was also intrigued by a few

408
00:21:22,509 --> 00:21:19,549
of those now adults who wanted the UFO

409
00:21:26,230 --> 00:21:22,519
story to be fact because it gave them

410
00:21:28,989 --> 00:21:26,240
kudos my belief is that the real story

411
00:21:31,659 --> 00:21:28,999
is the success of a migrant community

412
00:21:34,359 --> 00:21:31,669
and their desire for a common history

413
00:21:37,539 --> 00:21:34,369

and the reactions to the UFO story as

414

00:21:40,029 --> 00:21:37,549

part of that I also attended the opening

415

00:21:43,680 --> 00:21:40,039

of the UFO playground funded by Kingston

416

00:21:46,840 --> 00:21:43,690

Council and an excellent playground

417

00:21:50,710 --> 00:21:46,850

where one of my former students asked me

418

00:21:53,980 --> 00:21:50,720

to keep quiet about my UFO calms because

419

00:21:56,470 --> 00:21:53,990

she stated it's my only chance to be

420

00:21:57,529 --> 00:21:56,480

famous and you're not going to take that

421

00:22:00,440 --> 00:21:57,539

away from me

422

00:22:03,169 --> 00:22:00,450

as a professional writer of fiction I

423

00:22:05,539 --> 00:22:03,179

was asked by the documentary maker not

424

00:22:07,009 --> 00:22:05,549

to write about the subject as he wished

425

00:22:09,499 --> 00:22:07,019

to do so himself

426

00:22:12,200 --> 00:22:09,509

I think it's possible there was some

427

00:22:15,889 --> 00:22:12,210

type of flying object which went across

428

00:22:19,279 --> 00:22:15,899

the area but it didn't land the second

429

00:22:21,590 --> 00:22:19,289

question I posed was when specifically

430

00:22:23,560 --> 00:22:21,600

did the alleged flying saucer incident

431

00:22:28,849 --> 00:22:23,570

come to your attention

432

00:22:30,859 --> 00:22:28,859

Hazel's reply was just after lunch I had

433

00:22:33,469 --> 00:22:30,869

an English class who were a fairly hyped

434

00:22:35,659 --> 00:22:33,479

up usually I had a good relationship

435

00:22:37,940 --> 00:22:35,669

with my students but they couldn't

436

00:22:40,969 --> 00:22:37,950

settle several were talking about

437

00:22:44,450 --> 00:22:40,979

something seen from the oval only later

438

00:22:47,149 --> 00:22:44,460

was the flying saucer label used in the

439

00:22:48,710 --> 00:22:47,159

afternoon break the staff talked amongst

440

00:22:51,560 --> 00:22:48,720

themselves but most comments were

441

00:22:53,690 --> 00:22:51,570

hearsay students had asked Andrew

442

00:22:56,869 --> 00:22:53,700

Greenwood the science teacher to have a

443

00:23:00,049 --> 00:22:56,879

look from the oval I'm not sure if he

444

00:23:03,549 --> 00:23:00,059

actually saw anything but he was the one

445

00:23:06,950 --> 00:23:03,559

interviewed on the evening TV news

446

00:23:10,999 --> 00:23:06,960

importantly at least to me my third

447

00:23:13,039 --> 00:23:11,009

question was what discussions did you

448

00:23:16,940 --> 00:23:13,049

have with other staff members

449

00:23:18,950 --> 00:23:16,950

this is Hazel's reply until we saw the

450

00:23:20,779 --> 00:23:18,960

TV news coverage Roger

451

00:23:22,460 --> 00:23:20,789

Adams and Vivian Clarke two other

452

00:23:25,190 --> 00:23:22,470

English teachers have agreed with my

453

00:23:27,940 --> 00:23:25,200

view dismissed the hype as something

454

00:23:32,359 --> 00:23:27,950

comparable to a windy day escalation of

455

00:23:36,200 --> 00:23:32,369

student wind up since 1966 I've had

456

00:23:38,599 --> 00:23:36,210

several conversations with staff some

457

00:23:41,089 --> 00:23:38,609

support the view it was a UFO or maybe a

458

00:23:44,239 --> 00:23:41,099

military experimental flying object off

459

00:23:47,529 --> 00:23:44,249

course a few claimed to have seen suits

460

00:23:50,869 --> 00:23:47,539

in the school after hours we didn't

461

00:23:53,899 --> 00:23:50,879

neither did we hear any American accents

462

00:23:56,690 --> 00:23:53,909

of supposed CIA FBI undercover agents

463

00:23:59,960 --> 00:23:56,700

the location is what I have the most

464

00:24:02,060 --> 00:23:59,970

comms about where the current UFO

465

00:24:04,519 --> 00:24:02,070

playground is established is where it

466

00:24:08,960 --> 00:24:04,529

was supposed to have occurred that is a

467

00:24:10,670 --> 00:24:08,970

long way back from the school of the

468

00:24:12,740 --> 00:24:10,680

secondary school

469

00:24:15,920 --> 00:24:12,750

students could not have got there and

470

00:24:18,220 --> 00:24:15,930

back at lunchtime as they were supposed

471

00:24:21,530 --> 00:24:18,230

to be within the school playgrounds the

472

00:24:23,240 --> 00:24:21,540

fourth question I asked was what

473

00:24:27,280 --> 00:24:23,250

discussions did you have with the

474

00:24:30,560 --> 00:24:27,290

students in her reply hazel stated

475

00:24:33,260 --> 00:24:30,570

within the school students discuss their

476

00:24:34,940 --> 00:24:33,270

part in the afternoon but as the media

477

00:24:37,760 --> 00:24:34,950

stories grew there was a kind of

478

00:24:39,590 --> 00:24:37,770

repressed memory exercise where some

479

00:24:42,530 --> 00:24:39,600

began to remember things they hadn't

480

00:24:45,530 --> 00:24:42,540

mentioned earlier one student did leave

481

00:24:47,690 --> 00:24:45,540

a month or so after this and that fact

482

00:24:52,160 --> 00:24:47,700

was picked up by one correspondent who

483

00:24:53,840 --> 00:24:52,170

claimed she vanished not so genuine

484

00:24:57,050 --> 00:24:53,850

transferred to another school which

485

00:24:58,910 --> 00:24:57,060

happened a lot with a transitory migrant

486

00:25:02,450 --> 00:24:58,920

camp community as parents got better

487

00:25:05,360 --> 00:25:02,460

jobs elsewhere we did attempt to discuss

488

00:25:08,690 --> 00:25:05,370

in class the need for evidence before

489

00:25:11,180 --> 00:25:08,700

you claim something following that I

490

00:25:14,030 --> 00:25:11,190

wanted to make sure any contact with

491

00:25:16,430 --> 00:25:14,040

principal Samuel E was covered so the

492

00:25:19,100 --> 00:25:16,440

fifth question I posed was did you have

493

00:25:20,950 --> 00:25:19,110

any discussions with the principal about

494

00:25:24,160 --> 00:25:20,960

the events of that day

495

00:25:27,200 --> 00:25:24,170

Hazel's reply was mr. Sam Baldy

496

00:25:29,560 --> 00:25:27,210

attempted to dampen down discussion and

497

00:25:32,360 --> 00:25:29,570

wanted us to return to normal classes

498

00:25:34,610 --> 00:25:32,370

whenever the local media picked up on

499

00:25:37,100 --> 00:25:34,620

the story there'd be a resurgence of

500

00:25:40,310 --> 00:25:37,110

interest within the school and the local

501
00:25:43,730 --> 00:25:40,320
Clayton Westall community the enthusiasm

502
00:25:45,590 --> 00:25:43,740
of the documentary maker Chanel who was

503
00:25:47,870 --> 00:25:45,600
always polite in his exchanges kept

504
00:25:51,020 --> 00:25:47,880
interest in the subject he was not

505
00:25:54,370 --> 00:25:51,030
present at the supposed UFO incident but

506
00:25:57,590 --> 00:25:54,380
his wife / girlfriend lived in the area

507
00:25:59,870 --> 00:25:57,600
my sixth question which aimed at

508
00:26:02,840 --> 00:25:59,880
potentially finding earlier interview

509
00:26:04,850 --> 00:26:02,850
accounts to study was what interviews

510
00:26:06,070 --> 00:26:04,860
have you done over the years with anyone

511
00:26:10,550 --> 00:26:06,080
about the incident

512
00:26:14,120 --> 00:26:10,560
hazel replied to the writer yes the dan

513
00:26:16,190 --> 00:26:14,130

McGann journal I've had various

514

00:26:18,650 --> 00:26:16,200

researchers contact me across the years

515

00:26:22,760 --> 00:26:18,660

but when I claimed it probably wasn't a

516

00:26:24,320 --> 00:26:22,770

UFO my comets tend to be cut the

517

00:26:27,019 --> 00:26:24,330

documentary maker

518

00:26:30,710 --> 00:26:27,029

the most persistent interviewer but the

519

00:26:34,009 --> 00:26:30,720

eventual documentary was comet uncommon

520

00:26:37,159 --> 00:26:34,019

rather than facts with that I queried

521

00:26:38,299 --> 00:26:37,169

which documentary maker - witch hazel

522

00:26:42,200 --> 00:26:38,309

gave a weblink

523

00:26:44,419 --> 00:26:42,210

and a brief reply the web link she gave

524

00:26:47,330 --> 00:26:44,429

is listed in her statement was simply

525

00:26:49,820 --> 00:26:47,340

doc you make earth shake uestion mark

526

00:26:52,340 --> 00:26:49,830

sorry forgotten his surname very

527

00:26:55,430 --> 00:26:52,350

charming and polite man Canberra based

528

00:26:59,480 --> 00:26:55,440

now my seventh question was what you

529

00:27:01,370 --> 00:26:59,490

think happened that day possibly there

530

00:27:04,070 --> 00:27:01,380

was some kind of flying object used and

531

00:27:06,560 --> 00:27:04,080

viewed by a few people I seriously doubt

532

00:27:09,710 --> 00:27:06,570

it was a UFO the most interesting story

533

00:27:10,850 --> 00:27:09,720

is why a school and broader community

534

00:27:13,490 --> 00:27:10,860

want to believe it

535

00:27:16,519 --> 00:27:13,500

in the speed at which a story can

536

00:27:18,740 --> 00:27:16,529

escalate much of the ancillary comment

537

00:27:22,879 --> 00:27:18,750

on social media about what might happen

538

00:27:25,460 --> 00:27:22,889

was rarely substantiated by facts it was

539

00:27:27,830 --> 00:27:25,470

on a slow news afternoon that a junior

540

00:27:30,289 --> 00:27:27,840

secondary student rang the TV newsroom

541

00:27:33,139 --> 00:27:30,299

and then everybody wanted to be a part

542

00:27:35,029 --> 00:27:33,149

of it the real story is the subsequent

543

00:27:38,659 --> 00:27:35,039

sense of community created by this

544

00:27:42,139 --> 00:27:38,669

fiction I'm in favor of scientific

545

00:27:44,960 --> 00:27:42,149

research imposing hypothesis which then

546

00:27:47,330 --> 00:27:44,970

need to be proved and of thinking

547

00:27:50,629 --> 00:27:47,340

outside conventional frameworks but I

548

00:27:53,810 --> 00:27:50,639

need proof evidence not just opinion and

549

00:27:57,379 --> 00:27:53,820

frankly the Westall UFO sighting being

550

00:28:00,820 --> 00:27:57,389

listed as fact worries me makes me

551

00:28:03,560 --> 00:28:00,830

wonder about some other quote facts

552

00:28:05,750 --> 00:28:03,570

moving away from the incident itself the

553

00:28:09,230 --> 00:28:05,760

eighth question was have you any notes

554

00:28:12,710 --> 00:28:09,240

and Diaries or a documentation from 1966

555

00:28:15,200 --> 00:28:12,720

about the incident hazal replied I gave

556

00:28:16,850 --> 00:28:15,210

it a passing mention in my memoir not

557

00:28:20,360 --> 00:28:16,860

just a piece of cake as the name of the

558

00:28:22,430 --> 00:28:20,370

book being an author frankly I didn't

559

00:28:25,159 --> 00:28:22,440

take notes in 1966 because I didn't

560

00:28:27,019 --> 00:28:25,169

think it was that significant I wrapped

561

00:28:29,690 --> 00:28:27,029

up the series of inquiries with a ninth

562

00:28:34,430 --> 00:28:29,700

question do you care if I publish any of

563

00:28:36,950 --> 00:28:34,440

this one day hazel replied you're

564

00:28:37,820 --> 00:28:36,960

welcome to publish happy for you to use

565

00:28:40,400 --> 00:28:37,830

my name

566

00:28:43,280 --> 00:28:40,410

can't find many photos from that era but

567

00:28:47,020 --> 00:28:43,290

will email you the one I have thus a

568

00:28:48,560 --> 00:28:47,030

reasonably quantity of information to

569

00:28:50,660 --> 00:28:48,570

deliberate over

570

00:28:52,970 --> 00:28:50,670

I thought wise to clarify some of

571

00:28:56,750 --> 00:28:52,980

Hazel's answers to a more loosely

572

00:28:59,120 --> 00:28:56,760

arranged format and came back to state

573

00:29:00,950 --> 00:28:59,130

to her hi hazel I've read through your

574

00:29:03,740 --> 00:29:00,960

answers and these will be detailed

575

00:29:06,310 --> 00:29:03,750

enough for me to present in some sort of

576
00:29:08,810 --> 00:29:06,320
report I have a few follow-up questions

577
00:29:10,820 --> 00:29:08,820
one that springs to mind is this the

578
00:29:14,060 --> 00:29:10,830
girl who bring the TV station how would

579
00:29:17,020 --> 00:29:14,070
this be done from inside or outside a

580
00:29:19,160 --> 00:29:17,030
school surely she didn't have permission

581
00:29:22,160 --> 00:29:19,170
hazel said no I think she probably

582
00:29:27,890 --> 00:29:22,170
wagged it to ring outside early in the

583
00:29:30,500 --> 00:29:27,900
