thank you real good well we're already

56
00:03:47,509 --> 00:03:44,819
to the end of December time fly still

57
00:03:51,080 --> 00:03:47,519
asked before we jump into this I just

58
00:03:56,720 --> 00:03:51,090
want to say thank you guys for becoming

59
00:04:00,380 --> 00:03:56,730
part of the paranormal blender crew it's

60
00:04:02,449 --> 00:04:00,390
it's our - you know once a month get up

61
00:04:06,500 --> 00:04:02,459
show and then go through the news with

62
00:04:09,589 --> 00:04:06,510
you guys it's I like it it's awesome a

63
00:04:11,180 --> 00:04:09,599

you hear some really educational and

64

00:04:13,940 --> 00:04:11,190

learning stuff and you hear some really

65

00:04:16,069 --> 00:04:13,950

crazy off-the-wall stuff but it's fun

66

00:04:17,629 --> 00:04:16,079

and some of it some of it's been very

67

00:04:19,819 --> 00:04:17,639

some of it I can still remember and

68

00:04:21,979 --> 00:04:19,829

stick salt in my mind just the things

69

00:04:27,700 --> 00:04:21,989

that have it's mostly the weird stories

70

00:04:33,800 --> 00:04:30,830

interesting yeah it's been a crazy year

71

00:04:35,840 --> 00:04:33,810

it really has um I was going back to

72

00:04:37,820 --> 00:04:35,850

some of the story city and and yeah a

73

00:04:39,680 --> 00:04:37,830

lot of them like they do the jump out at

74

00:04:43,190 --> 00:04:39,690

you and I'm yeah I remember this but I

75

00:04:47,750 --> 00:04:43,200

remember that one and so for this

76

00:04:50,779 --> 00:04:47,760

episode we each brought stories from

77

00:04:56,900 --> 00:04:50,789

this year to you around able to read and

78

00:04:59,420 --> 00:04:56,910

disgusts but before we read those and

79

00:05:07,420 --> 00:04:59,430

before we do that here are some of the

80

00:05:11,540 --> 00:05:07,430

headlines from the Sears pass we have

81

00:05:14,740 --> 00:05:11,550

record year for Nazi sightings Summerlin

82

00:05:19,149 --> 00:05:14,750

continue around the world HH Holmes

87

00:05:38,730 --> 00:05:35,370

you SOS and you ApS well the JFK files

96

00:06:14,330 --> 00:06:11,170

were released this year unknown

98

00:06:18,960 --> 00:06:16,990

shape-shifting vampire scare in Malawi

99

00:06:23,580 --> 00:06:18,970

they were in the news a couple times is

100

00:06:26,100 --> 00:06:23,590

Sir mm-hmm yes they were the share

101
00:06:30,120 --> 00:06:26,110
initiative formed for the Bigfoot

102
00:06:34,560 --> 00:06:30,130
community peer review microchips

103
00:06:37,140 --> 00:06:34,570
introduced two conglomerates Chinese

104
00:06:40,080 --> 00:06:37,150
scientists teleport molecule into space

105
00:06:44,010 --> 00:06:40,090
oh yeah you know that was one that stuck

106
00:06:50,220 --> 00:06:44,020
up mmm-hmm uh-oh hi Oh a psychic

107
00:06:54,830 --> 00:06:50,230
sentenced to prison yes you a 19-foot

108
00:06:57,240 --> 00:06:54,840
squid caught in Irish waters and

109
00:07:01,770 --> 00:06:57,250
President Trump gets its out of the

110
00:07:07,020 --> 00:07:01,780
trans-pacific partnership which I was

111
00:07:09,570 --> 00:07:07,030
grabbed so and that's a lot of headlines

112
00:07:14,619 --> 00:07:09,580
just a lot of stuff and that's and

113
00:07:27,439 --> 00:07:23,229

so why don't we uh let me start I will

114

00:07:32,149 --> 00:07:27,449

take on the first story beach bra like I

115

00:07:34,099 --> 00:07:32,159

said a couple stories with us and these

116

00:07:38,269 --> 00:07:34,109

are historic that we didn't read on the

117

00:07:41,749 --> 00:07:38,279

list but they're also relevant and we

118

00:07:44,029 --> 00:07:41,759

didn't get to this year this first one

119

00:07:53,119 --> 00:07:44,039

takes place right at the beginning of

120

00:07:59,719 --> 00:07:53,129

January this is actually from yeah and

121

00:08:01,789 --> 00:07:59,729

usually usually see it I I usually stay

122

00:08:06,619 --> 00:08:01,799

away from a lot of that Yahoo's stuff

123

00:08:08,809 --> 00:08:06,629

but with this I heard about this and I

124

00:08:09,979 --> 00:08:08,819

think this is actually very interesting

125

00:08:14,029 --> 00:08:09,989

it's interesting for the paranormal

126

00:08:17,419 --> 00:08:14,039

community especially I'd say the ones

127

00:08:21,339 --> 00:08:17,429

into spiritual warfare and and once you

128

00:08:24,559 --> 00:08:21,349

smudge and do cleansings and that is

129

00:08:28,369 --> 00:08:24,569

world's last wild frankincense forests

130

00:08:34,490 --> 00:08:28,379

are under threat this is from Associated

131

00:08:39,799 --> 00:08:34,500

Press Jason patty okay

132

00:08:41,240 --> 00:08:39,809

in Bravos Somalia in a treating that in

133

00:08:45,290 --> 00:08:41,250

a tradition dating back to biblical

134

00:08:48,730 --> 00:08:45,300

times men rise up at dawn in the rugged

135

00:08:52,009 --> 00:08:48,740

el Modelo met mountains of Somalia land

136

00:08:54,259 --> 00:08:52,019

in the Horn of Africa skill rocky

137

00:08:58,249 --> 00:08:54,269

outcrops and search for the prized SAP

138

00:09:01,340 --> 00:08:58,259

of the wild frankincense trees bracing

139

00:09:03,319 --> 00:09:01,350

against high winds that muscle ish lon

140

00:09:05,030 --> 00:09:03,329

his son climbs with his feet wrapped up

141

00:09:07,519 --> 00:09:05,040

in cloth to protect the guests and

142

00:09:10,249 --> 00:09:07,529

sticky resin with a metal scraper treat

143

00:09:14,240 --> 00:09:10,259

chips off bark and trees white SAP

144

00:09:18,280 --> 00:09:14,250

bleeds into the salty air said my father

145

00:09:25,910 --> 00:09:22,249

who like all those are up here are his

146

00:09:29,260 --> 00:09:25,920

Muslim we heard that this was we heard

147

00:09:31,670 --> 00:09:29,270

that it was with Jesus

148

00:09:33,620 --> 00:09:31,680

when Dryden burned the SAP produces a

149

00:09:35,350 --> 00:09:33,630

very much smoke which perfumes churches

150

00:09:38,590 --> 00:09:35,360

and mosques around the world

151
00:09:42,440 --> 00:09:38,600
frankincense along with gold and myrrh

152
00:09:45,110 --> 00:09:42,450
was brought by the three kings as gifts

153
00:09:49,130 --> 00:09:45,120
in the Gospel accounts of the birth of

154
00:09:51,050 --> 00:09:49,140
Jesus but now these last intact while

155
00:09:54,110 --> 00:09:51,060
frankincense forests on earth are under

156
00:09:56,570 --> 00:09:54,120
great threat as prices have shot up in

157
00:09:59,810 --> 00:09:56,580
recent years but the global appetite for

158
00:10:02,000 --> 00:09:59,820
essential oils overharvesting has led to

159
00:10:04,610 --> 00:10:02,010
the trees dying off faster than they can

160
00:10:08,120 --> 00:10:04,620
replenish according to ancient resin

161
00:10:10,010 --> 00:10:08,130
tree at risk frankincense is something

162
00:10:12,590 --> 00:10:10,020
that literally given by God to humanity

163
00:10:14,750 --> 00:10:12,600

so if we don't preserve it if we don't

164

00:10:19,910 --> 00:10:14,760

take care of it if we don't look after

165

00:10:21,350 --> 00:10:19,920

it we will lose that said Ishmael the

166

00:10:24,710 --> 00:10:21,360

Mali Latins Minister of Environment

167

00:10:27,320 --> 00:10:24,720

Rural Development by the Kathmandu now

168

00:10:30,590 --> 00:10:27,330

mountains which rise up from the Gulf of

169

00:10:35,199 --> 00:10:30,600

Aden in sheer cliffs faces reaching over

170

00:10:37,640 --> 00:10:35,209

8,000 feet are part of Somalia land and

171

00:10:39,769 --> 00:10:37,650

autonomous public in Somalia is

172

00:10:43,130 --> 00:10:39,779

northwest the frankincense trade is

173

00:10:46,190 --> 00:10:43,140

Somaliland the largest resource of

174

00:10:48,920 --> 00:10:46,200

government revenue and after livestock

175

00:10:50,990 --> 00:10:48,930

and livestock product harvesting

176

00:10:54,019 --> 00:10:51,000

frankincense is risky the trees can grow

177

00:10:56,510 --> 00:10:54,029

high on cliff edges shallow roots

178

00:10:59,210 --> 00:10:56,520

gripping bare rock slithering with

179

00:11:00,970 --> 00:10:59,220

venomous stinks Services office slip

180

00:11:03,880 --> 00:11:00,980

tumbled down canyon walls

181

00:11:05,780 --> 00:11:03,890

[Music]

182

00:11:10,610 --> 00:11:05,790

that's really interesting

183

00:11:12,710 --> 00:11:10,620

I uh you know because like they said so

184

00:11:16,610 --> 00:11:12,720

many churches and mosques around the

185

00:11:18,380 --> 00:11:16,620

world burn that that's you know it's one

186

00:11:20,360 --> 00:11:18,390

of them things to where you wonder if

187

00:11:21,320 --> 00:11:20,370

they can make it synthetically if it

188

00:11:23,030 --> 00:11:21,330

would be the same

189

00:11:26,570 --> 00:11:23,040

I would I would think I always believe

190

00:11:30,320 --> 00:11:26,580

that nature it's it's a more perfect I

191

00:11:33,400 --> 00:11:30,330

guess and then what I'm blender out but

192

00:11:36,110 --> 00:11:33,410

what a shame that would be to lose

193

00:11:39,240 --> 00:11:36,120

frankincense from the earth I mean if

194

00:11:43,710 --> 00:11:39,250

that actually happened

195

00:11:47,309 --> 00:11:43,720

oh yeah I completely agree it's kind of

196

00:11:49,079 --> 00:11:47,319

just like with you know it even goes out

197

00:11:51,960 --> 00:11:49,089

take that a step further look at like

198

00:11:54,179 --> 00:11:51,970

deforestation in general you know this

199

00:11:57,090 --> 00:11:54,189

is just another example of something

200

00:11:59,340 --> 00:11:57,100

that's just research is getting plunge

201
00:12:01,259 --> 00:11:59,350
right and I don't think if they were

202
00:12:04,850 --> 00:12:01,269
able to make something synthetically in

203
00:12:07,230 --> 00:12:04,860
my opinion it wouldn't be the same no

204
00:12:09,269 --> 00:12:07,240
yeah usually neveress there's always

205
00:12:13,889 --> 00:12:09,279
like a wonderful molecule off or

206
00:12:24,030 --> 00:12:13,899
something they get close but yeah I

207
00:12:26,879 --> 00:12:24,040
would uh so what do you got pain so my

208
00:12:31,319 --> 00:12:26,889
first article is something that that

209
00:12:34,319 --> 00:12:31,329
recently broke over the summer um and it

210
00:12:35,960 --> 00:12:34,329
was for those out there who are familiar

211
00:12:39,600 --> 00:12:35,970
with Doreen Virtue

212
00:12:43,050 --> 00:12:39,610
she was a huge huge pillar in the

213
00:12:46,829 --> 00:12:43,060

metaphysical new-age community she wrote

214

00:12:51,259 --> 00:12:46,839

over 50 books she made over 50 different

215

00:12:55,980 --> 00:12:51,269

Oracle deck she had a radio show she had

216

00:12:59,040 --> 00:12:55,990

courses for angel readings and all kinds

217

00:13:01,619 --> 00:12:59,050

of stuff and she actually shocked the

218

00:13:07,230 --> 00:13:01,629

new-laid community by coming out and

219

00:13:10,740 --> 00:13:07,240

saying that she has become a born-again

220

00:13:14,429 --> 00:13:10,750

Christian she had gone to an

221

00:13:20,519 --> 00:13:14,439

Episcopalian Church and had actually had

222

00:13:22,290 --> 00:13:20,529

a vision of Jesus and after that she

223

00:13:26,309 --> 00:13:22,300

said that it affected her so much that

224

00:13:29,569 --> 00:13:26,319

she realized that what she did was not

225

00:13:32,509 --> 00:13:29,579

of God so she pretty much just announced

226

00:13:34,920 --> 00:13:32,519

the whole entire thing that she ever did

227

00:13:37,920 --> 00:13:34,930

she's working on getting her name taken

228

00:13:40,079 --> 00:13:37,930

off of all her decks all of her books

229

00:13:44,819 --> 00:13:40,089

she doesn't want any association with

230

00:13:47,040 --> 00:13:44,829

anything that he's done and I have a

231

00:13:50,879 --> 00:13:47,050

short article here and this is a

232

00:13:53,160 --> 00:13:50,889

statement from Doreen and it says hello

233

00:13:55,730 --> 00:13:53,170

welcome to my web page I

234

00:13:58,530 --> 00:13:55,740

to revert you and I spent my entire life

235

00:14:01,949 --> 00:13:58,540

learning about practicing and writing

236

00:14:07,319 --> 00:14:01,959

about New Age concepts then I met Jesus

237

00:14:12,050 --> 00:14:07,329

on January 7th 2017 and got baptized for

238

00:14:15,030 --> 00:14:12,060

the first time on February 25th 2017 I

239

00:14:18,810 --> 00:14:15,040

spent this year reading and studying the

240

00:14:20,939 --> 00:14:18,820

entire Bible including attending Church

241

00:14:24,150 --> 00:14:20,949

Bible study sessions and meeting with

242

00:14:31,650 --> 00:14:24,160

spiritual directors and saying lots of

243

00:14:34,230 --> 00:14:31,660

prayers she goes on to say some of the

244

00:14:38,310 --> 00:14:34,240

products and videos that I created prior

245

00:14:41,129 --> 00:14:38,320

to my con mic my conversion are still on

246

00:14:43,470 --> 00:14:41,139

for sale and some are just now being

247

00:14:46,829 --> 00:14:43,480

released because it takes 12 to 18

248

00:14:49,680 --> 00:14:46,839

months for products to be published with

249

00:14:52,800 --> 00:14:49,690

my older books and cards once a product

250

00:14:55,769 --> 00:14:52,810

is in bookstores etc it's difficult to

251

00:14:57,689 --> 00:14:55,779

recall them from the marketplace for

252

00:15:00,620 --> 00:14:57,699

those products which are not aligned

253

00:15:03,810 --> 00:15:00,630

with Scripture I am doing the following

254

00:15:06,300 --> 00:15:03,820

some products have been or are being

255

00:15:08,250 --> 00:15:06,310

taking out of print the holidays are

256

00:15:10,750 --> 00:15:08,260

almost here but you can still treat

257

268

00:15:40,570 --> 00:15:38,690

were removed from the marketplace my

269

00:15:43,630 --> 00:15:40,580

name has been removed from some

270

00:15:46,240 --> 00:15:43,640

co-authored works the royalties have

271

00:15:49,480 --> 00:15:46,250

been and are being donated directly to

272

00:15:51,790 --> 00:15:49,490

the Hay House Foundation tyranny I don't

273

00:15:54,700 --> 00:15:51,800

receive the tax deduction for this

274

00:15:59,980 --> 00:15:54,710

donation some products are being

275

00:16:01,960 --> 00:15:59,990

rewritten to be scripturally correct so

276

00:16:04,980 --> 00:16:01,970

she goes on here to talk about her books

277

00:16:10,360 --> 00:16:04,990

hurt hurt her cards in her videos and

278

00:16:16,150 --> 00:16:10,370

she apologizes to everybody that has

279

00:16:21,220 --> 00:16:16,160

followed her up until her conversion her

280

00:16:24,160 --> 00:16:21,230

conversion so she's taking decks like

281

00:16:26,530 --> 00:16:24,170

the ascended masters and the ascended

282

00:16:29,530 --> 00:16:26,540

masters and angel books and she's

283

00:16:32,170 --> 00:16:29,540

getting rid of them after stating that

284

00:16:37,420 --> 00:16:32,180

she realized with that book in that deck

285

00:16:41,560 --> 00:16:37,430

that she was being advised by the

286

00:16:45,970 --> 00:16:41,570

demonic and that after she had this

287

00:16:47,350 --> 00:16:45,980

visitation with Jesus he basically put

288

00:16:56,470 --> 00:16:47,360

everything out there for her

289

00:16:59,830 --> 00:16:56,480

and so that's her decision well a lot of

290

00:17:02,740 --> 00:16:59,840

people follow her she's probably one of

291

00:17:06,850 --> 00:17:02,750

the biggest names in a metaphysical or

292

00:17:10,329 --> 00:17:06,860

and I haven't paying attention to this a

293

00:17:12,780 --> 00:17:10,339

little bit I know some people are hurt

294

00:17:16,420 --> 00:17:12,790

they feel betrayed

295

00:17:23,079 --> 00:17:16,430

others are glad or other people are

296

00:17:25,449 --> 00:17:23,089

upset confused yeah you know and

297

00:17:27,579 --> 00:17:25,459

course if you own anything that's being

298

00:17:33,580 --> 00:17:27,589

pulled it will be a collector's item and

299

00:17:35,110 --> 00:17:33,590

will someday be worth much sure but yeah

300

00:17:39,779 --> 00:17:35,120

this is something where I don't think

301
00:17:43,450 --> 00:17:39,789
anybody expected this I mean you know I

302
00:17:46,090 --> 00:17:43,460
know that those that follow her were

303
00:17:52,930 --> 00:17:46,100
aware that she was discussing Jesus

304
00:17:55,779 --> 00:17:52,940
smart or you know but I don't I don't

305
00:18:00,789 --> 00:17:55,789
know if anybody had thought that this

306
00:18:08,409 --> 00:18:00,799
would happen you know do you guys have

307
00:18:11,529 --> 00:18:08,419
any thoughts yeah I'm just kind of

308
00:18:13,600 --> 00:18:11,539
listening me on that one yeah you know

309
00:18:17,110 --> 00:18:13,610
she's she was huge she was a pillar in a

310
00:18:20,590 --> 00:18:17,120
new-age community and so a lot of people

311
00:18:22,510 --> 00:18:20,600
are shocked upset angry and confused and

312
00:18:25,240 --> 00:18:22,520
betrayed and I think it's gonna take a

313
00:18:28,510 --> 00:18:25,250

lot of time for people that are upset

314

00:18:30,549 --> 00:18:28,520

with her to get over it I mean no matter

315

00:18:33,250 --> 00:18:30,559

what your faith is your faith is she

316

00:18:36,130 --> 00:18:33,260

said she had a visitation from Jesus

317

00:18:39,269 --> 00:18:36,140

then it is what it is

318

00:18:44,220 --> 00:18:39,279

you know she's chosen to take on a

319

00:18:48,659 --> 00:18:44,230

different path and this one may actually

320

00:18:52,269 --> 00:18:48,669

benefit her more or less in the future

321

00:18:56,769 --> 00:18:52,279

yeah we all have a right to grow over

322

00:19:00,310 --> 00:18:56,779

time and you know there will be things

323

00:19:03,549 --> 00:19:00,320

you know will change ur mind of things

324

00:19:06,370 --> 00:19:03,559

throughout life and I think she has a

325

00:19:08,710 --> 00:19:06,380

right to grow just like anybody else and

326

00:19:13,840 --> 00:19:08,720

if this is something that's good for her

327

00:19:19,480 --> 00:19:13,850

and something she feels is the right

328

00:19:23,529 --> 00:19:19,490

thing to do then you know I I said more

329

00:19:25,630 --> 00:19:23,539

power to her you know and I hope those

330

00:19:29,820 --> 00:19:25,640

that are upset you can find some peace

331

00:19:35,350 --> 00:19:29,830

somehow the death without having ain't

332

00:19:40,760 --> 00:19:38,750

okay um which one of you guys would like

333

00:19:44,120 --> 00:19:40,770

to go next

334

00:19:46,640 --> 00:19:44,130

I could go ahead Kevin and talk about

335

00:19:49,540 --> 00:19:46,650

what I found yesterday this was released

336

00:19:51,890 --> 00:19:49,550

by NASA founded on space comm

337

00:19:54,920 --> 00:19:51,900

record-breaker eighth planet found

338

00:19:57,140 --> 00:19:54,930

around the distant star so this was

339

00:19:59,360 --> 00:19:57,150

exciting news our solar system is not

340

00:20:02,020 --> 00:19:59,370

alone atop the planet harboring heap

341

00:20:04,850 --> 00:20:02,030

anymore scientists have discovered

342

00:20:07,190 --> 00:20:04,860

another world orbiting the star Kepler

343

00:20:09,650 --> 00:20:07,200

90 bringing that system's tally of

344

00:20:12,110 --> 00:20:09,660

confirmed planets to eight the same

345

00:20:13,510 --> 00:20:12,120

number as the Earth's solar system at

346

00:20:16,460 --> 00:20:13,520

least according to International

347

00:20:19,250 --> 00:20:16,470

Astronomical Union which stripped Pluto

348

00:20:20,780 --> 00:20:19,260

of the ninth planet status back in 2006

349

00:20:25,070 --> 00:20:20,790

I'm sure we all remember that one

350

00:20:28,030 --> 00:20:25,080

Pluto lost its status I said yeah yeah

351

00:20:30,350 --> 00:20:28,040

yeah there's one more previous

352

00:20:32,300 --> 00:20:30,360

extrasolar record which had been held

353

00:20:34,160 --> 00:20:32,310

jointly with Kepler 90 it was the

354

00:20:36,050 --> 00:20:34,170

Trappist one system that was also

355

00:20:38,690 --> 00:20:36,060

discovered this year earlier that was

356

00:20:40,970 --> 00:20:38,700

pretty interesting to the research team

357

00:20:43,490 --> 00:20:40,980

found a new planet known as Kepler 90 I

358

00:20:47,480 --> 00:20:43,500

as well as another world in a different

359

00:20:49,880 --> 00:20:47,490

system after analysing archival archival

360

00:20:51,860 --> 00:20:49,890

data from NASA's Kepler mission using

361

00:20:54,800 --> 00:20:51,870

Google machine learning techniques so

362

00:20:56,600 --> 00:20:54,810

they're using Google just as we expected

363

00:20:59,990 --> 00:20:56,610

their exciting discoveries lurking

364

00:21:02,930 --> 00:21:00,000

around archived Kepler data waiting to

365

00:21:05,420 --> 00:21:02,940

be waiting for the right tool or

366

00:21:07,580 --> 00:21:05,430

technology to unearth them paul hertz

367

00:21:10,070 --> 00:21:07,590

director of nasa's astrophysics division

368

00:21:11,810 --> 00:21:10,080

of washington DC said in a statement

369

00:21:14,420 --> 00:21:11,820

there's finding shows that our data will

370

00:21:16,700 --> 00:21:14,430

be a treasure trove available to

371

00:21:20,330 --> 00:21:16,710

innovative researchers for research to

372

00:21:23,810 --> 00:21:20,340

come so it sounds like they basically

373

00:21:26,420 --> 00:21:23,820

discovered the planet itself you know

374

00:21:28,610 --> 00:21:26,430

just by looking at more data after the

375

00:21:30,430 --> 00:21:28,620

fact and I did see a little did read up

376

00:21:33,440 --> 00:21:30,440

a little more Kevin I guess these

377

00:21:35,570 --> 00:21:33,450

planets the orbit of these planets

378

00:21:37,760 --> 00:21:35,580

around that star on Kepler all eight

379

00:21:39,470 --> 00:21:37,770

planets are within the orbit of what the

380

00:21:41,990 --> 00:21:39,480

earth would be so they're pretty close

381

00:21:44,420 --> 00:21:42,000

together around their Sun so imagine

382

00:21:46,010 --> 00:21:44,430

eight planets from the earth into the

383

00:21:47,299 --> 00:21:46,020

Sun that are all orbiting at the same

384

00:21:49,340 --> 00:21:47,309

time so it's kind of a map

385

00:21:53,779 --> 00:21:49,350

stop you know solar system so that's

386

00:21:54,830 --> 00:21:53,789

that's really interesting it is and you

387

00:21:58,489 --> 00:21:54,840

figure a lot even would be in the

388

00:22:00,200 --> 00:21:58,499

Goldilocks gone no some oh yeah yeah

389

00:22:01,850 --> 00:22:00,210

definitely and that was one with the

390

00:22:03,889 --> 00:22:01,860

Trappist system they lot they released

391

00:22:05,810 --> 00:22:03,899

that information I believe they claim

392

00:22:07,669 --> 00:22:05,820

maybe one to two planets were in that

393

00:22:10,039 --> 00:22:07,679

Goldilocks system and one of them was

394

00:22:11,480 --> 00:22:10,049

pretty close to the size of Earth you

395

00:22:14,180 --> 00:22:11,490

know being right in that zone you know

396

00:22:15,830 --> 00:22:14,190

for perfect climate but yeah that's

397

00:22:17,509 --> 00:22:15,840

that's that's a big discovery now

398

00:22:19,519 --> 00:22:17,519

there's just out yesterday so I just

399

00:22:20,989 --> 00:22:19,529

thought that was kind of neat that some

400

00:22:23,029 --> 00:22:20,999

other system tied us and you can only

401
00:22:24,919 --> 00:22:23,039
imagine there's probably a hundred

402
00:22:26,539 --> 00:22:24,929
planets going around some of these big

403
00:22:28,430 --> 00:22:26,549
stars I mean until we could discover

404
00:22:30,019 --> 00:22:28,440
them but they're just they're just

405
00:22:32,029 --> 00:22:30,029
basically seeing little bounces off the

406
00:22:34,220 --> 00:22:32,039
stars you know and they're able to

407
00:22:35,830 --> 00:22:34,230
figure out the size I just amazing to me

408
00:22:38,570 --> 00:22:35,840
that they can figure out how many

409
00:22:41,389 --> 00:22:38,580
planets are circling these stars and the

410
00:22:43,220 --> 00:22:41,399
size I mean I mean that's goes to show

411
00:22:46,340 --> 00:22:43,230
you know how far advanced we have with

412
00:22:48,830 --> 00:22:46,350
all our data now you know it's funny

413
00:22:50,659 --> 00:22:48,840

that they rely on mathematics so much

414

00:22:52,970 --> 00:22:50,669

you know because I've used math and a

415

00:22:55,009 --> 00:22:52,980

lot of this stuff and figure it out but

416

00:22:57,710 --> 00:22:55,019

yet they won't acknowledge the simple

417

00:23:01,940 --> 00:22:57,720

equation of life in the universe and the

418

00:23:04,399 --> 00:23:01,950

odds just say to me it's so ironic I

419

00:23:06,769 --> 00:23:04,409

mean it's such an oxymoron you know on

420

00:23:08,509 --> 00:23:06,779

one hand to say well we know this

421

00:23:12,350 --> 00:23:08,519

because you know and that's what they do

422

00:23:16,419 --> 00:23:12,360

they you know that stuff gets broken

423

00:23:20,840 --> 00:23:16,429

down into math and processed and uh oh

424

00:23:21,470 --> 00:23:20,850

yeah so and yeah I'm still hurt about

425

00:23:26,509 --> 00:23:21,480

Pluto

426

00:23:30,230 --> 00:23:26,519

know it's it and it but I think that's

427

00:23:32,690 --> 00:23:30,240

just something that as a kid you know I

428

00:23:38,119 --> 00:23:32,700

can still remember the the nine planets

429

00:23:41,989 --> 00:23:38,129

on the wall mm-hmm and you know but yeah

430

00:23:44,840 --> 00:23:41,999

you know I guess the orbit is oblong and

431

00:23:46,909 --> 00:23:44,850

it ended it's it's uh there are other

432

00:23:50,180 --> 00:23:46,919

reasons why they felt like it just in

433

00:23:52,580 --> 00:23:50,190

quality you just remember I think of all

434

00:23:53,960 --> 00:23:52,590

the textbooks and in science books that

435

00:23:56,419 --> 00:23:53,970

had to be changed because of that all

436

00:23:57,889 --> 00:23:56,429

these old books or or classics that have

437

00:23:59,570 --> 00:23:57,899

Pluto down as an eighth planet or

438

00:24:00,799 --> 00:23:59,580

pulling that little planet off the

439

00:24:02,720 --> 00:24:00,809

display on top the sea

440

00:24:06,259 --> 00:24:02,730

in a science room in the schools you

441

00:24:08,090 --> 00:24:06,269

know it's like pluck it yeah well you

442

00:24:10,129 --> 00:24:08,100

know in Russia and some Russia schools

443

00:24:14,090 --> 00:24:10,139

they teach about Nabire there's a plan

444

00:24:15,289 --> 00:24:14,100

oh yeah yeah it's weird that they we we

445

00:24:19,039 --> 00:24:15,299

don't acknowledge that you're in the

446

00:24:26,539 --> 00:24:19,049

states but yeah that's uh something else

447

00:24:28,639 --> 00:24:26,549

that's interesting mm-hmm okay done you

448

00:24:32,690 --> 00:24:28,649

are right all right

449

00:24:36,680 --> 00:24:32,700

my story is based over in Washington

450

00:24:40,580 --> 00:24:36,690

State Washington State loves its

451

00:24:44,239 --> 00:24:40,590

official symbol symbols it has a state

452

00:24:47,869 --> 00:24:44,249

grass bluebunch wheatgrass a state song

453

00:24:51,350 --> 00:24:47,879

Washington my home a state gym Petrified

454

00:24:54,799 --> 00:24:51,360

Wood state dance the square dance a

455

00:24:57,859 --> 00:24:54,809

state fossil Columbian map the Columbian

456

00:25:01,639 --> 00:24:57,869

mammoth and even a state tartan but it

457

00:25:05,060 --> 00:25:01,649

doesn't have a state cryptid as of yet

458

00:25:07,489 --> 00:25:05,070

and that's a shame because as loyal

459

00:25:09,859 --> 00:25:07,499

readers know we love cryptids and

460

00:25:12,460 --> 00:25:09,869

they're gravesites even if the subject

461

00:25:15,289 --> 00:25:12,470

does lead to occasional dubious claims

462

00:25:18,169 --> 00:25:15,299

so imagine our delight at finding out

463

00:25:21,549 --> 00:25:18,179

that Washington state might soon elevate

464

00:25:25,369 --> 00:25:21,559

the forests Yeti to a noble place in its

465

00:25:28,399 --> 00:25:25,379

pantheon of official state symbols the

466

00:25:31,700 --> 00:25:28,409

idea is do as so many of the best ideas

467

00:25:35,149 --> 00:25:31,710

in life are to a second-grade boy this

468

00:25:38,659 --> 00:25:35,159

one in state senator and rivers district

469

00:25:41,450 --> 00:25:38,669

rivers deep recently received a letter

470

00:25:44,210 --> 00:25:41,460

from the boy asking her to make Bigfoot

471

00:25:46,220 --> 00:25:44,220

the official state cryptid given that

472

00:25:48,739 --> 00:25:46,230

Washington is one of the most prolific

473

00:25:51,919 --> 00:25:48,749

generators of Sasquatch sightings in the

474

00:25:55,570 --> 00:25:51,929

country remembering how fascinating her

475

00:25:58,570 --> 00:25:55,580

own children had been by sasquatch

476

00:26:03,109 --> 00:25:58,580

rivers sightings in the country

477

00:26:05,509 --> 00:26:03,119

remembering okay she drafted a bill and

478

00:26:09,289 --> 00:26:05,519

introduced it to the state legislation

479

00:26:12,049 --> 00:26:09,299

on Valentine's Day Senate bill five

480

00:26:15,110 --> 00:26:12,059

eight one six which would make Sasquatch

481

00:26:18,620 --> 00:26:15,120

the official cryptid or Krypto

482

00:26:22,570 --> 00:26:18,630

of Washington is a brief one it notes

483

00:26:26,480 --> 00:26:22,580

that Sasquatch has made unmeasurable or

484

00:26:29,270 --> 00:26:26,490

immeasurable contributions to Washington

485

00:26:31,520 --> 00:26:29,280

State's cultural heritage and ecosystem

486

00:26:33,740 --> 00:26:31,530

and that the state of Washington further

487

00:26:37,220 --> 00:26:33,750

recognizes the importance of preserving

488

00:26:39,440 --> 00:26:37,230

the legacy of Sasquatch in announcing

489

00:26:43,150 --> 00:26:39,450

her bill rivers said I am certain that

490

00:26:46,040 --> 00:26:43,160

Sasquatch the most eminent and

491

00:26:50,000 --> 00:26:46,050

recognizable cryptid in North America is

492

00:26:53,360 --> 00:26:50,010

a native Washingtonian and being an

493

00:26:55,070 --> 00:26:53,370

official state symbol has to be a big

494

00:26:57,410 --> 00:26:55,080

step up from being a television

495

00:27:02,410 --> 00:26:57,420

commercials for in television

496

00:27:07,610 --> 00:27:02,420

commercials for beef jerky as for trick

497

00:27:10,340 --> 00:27:07,620

as for critics who charge this is a

498

00:27:12,800 --> 00:27:10,350

waste of government time rivers argues

499

00:27:16,280 --> 00:27:12,810

that the state Senate is already moving

500

00:27:18,950 --> 00:27:16,290

quickly on its most important budgetary

501
00:27:22,190 --> 00:27:18,960
issues and that her three-paragraph bill

502
00:27:26,830 --> 00:27:22,200
could galvanize interest among children

503
00:27:29,930 --> 00:27:26,840
in the legislation legislative process

504
00:27:32,840 --> 00:27:29,940
the bill has been referred to the

505
00:27:35,780 --> 00:27:32,850
Committee on state government we hope

506
00:27:39,190 --> 00:27:35,790
its members will act quickly to advance

507
00:27:42,800 --> 00:27:39,200
this important piece of legislation oh

508
00:27:46,060 --> 00:27:42,810
yeah I thought that was kind of cool

509
00:27:50,000 --> 00:27:46,070
it's one more step at getting them

510
00:27:52,070 --> 00:27:50,010
recognized by government yes that is

511
00:27:53,600 --> 00:27:52,080
very cool and you're right baby steps I

512
00:27:55,430 --> 00:27:53,610
mean if that's what it takes you know I

513
00:27:57,110 --> 00:27:55,440

mean and this is a first step

514

00:28:00,470 --> 00:27:57,120

like you said now just have a government

515

00:28:05,060 --> 00:28:00,480

acknowledge its existence is a big help

516

00:28:08,390 --> 00:28:05,070

yeah that's awesome yeah I think so

517

00:28:10,160 --> 00:28:08,400

and you know um what better year than

518

00:28:16,700 --> 00:28:10,170

the the 50th year of the

519

00:28:19,130 --> 00:28:16,710

patterson-gimlin anniversary yeah like

520

00:28:22,410 --> 00:28:19,140

it's a time to say about that is it's

521

00:28:24,510 --> 00:28:22,420

about time yeah

522

00:28:27,270 --> 00:28:24,520

well it should have been a long time

523

00:28:31,320 --> 00:28:27,280

we're going not just in Washington but

524

00:28:34,920 --> 00:28:31,330

because of the Native American heritage

525

00:28:38,000 --> 00:28:34,930

that surrounds the Sasquatch it should

526

00:28:42,630 --> 00:28:38,010

have been recognized long ago as a

527

00:28:44,790 --> 00:28:42,640

symbol of the people yeah you're right I

528

00:28:47,280 --> 00:28:44,800

mean it is part of their culture out

529

00:28:48,780 --> 00:28:47,290

there you know yeah and it's funny that

530

00:28:52,740 --> 00:28:48,790

it was excluded actually if you think

531

00:28:56,160 --> 00:28:52,750

about it that way so Wow from that

532

00:29:01,670 --> 00:28:56,170

perspective yeah it's uh overdue way

533

00:29:06,420 --> 00:29:01,680

over there so we're just about to our

534

00:29:08,220 --> 00:29:06,430

commercial break okay so it's time for a

535

00:29:09,870 --> 00:29:08,230

quick commercial break these word yeah

536

00:29:11,910 --> 00:29:09,880

you are listening super number so

00:29:30,600 --> 00:29:28,780

paranormal blender here in review but

543

00:29:32,550 --> 00:29:30,610

before we get back to that we'd like to

544

00:29:35,250 --> 00:29:32,560

take a minute thank everybody that makes

so hurry up and find your sound at

578

00:31:12,200 --> 00:31:06,809

Guitar Center questions about tonight

579

00:31:13,669 --> 00:31:12,210

and there's one that popped up which is

580

00:31:15,919 --> 00:31:13,679

actually you know and we didn't put that

581

00:31:20,120 --> 00:31:15,929

on the list but yeah it is something

582

00:31:21,049 --> 00:31:20,130

that we were discussing earlier I think

583

00:31:24,169 --> 00:31:21,059

it's two separate things

584

00:31:28,149 --> 00:31:24,179

oh okay yeah okay so we have a question

585

00:31:31,100 --> 00:31:28,159

in chat um asking on our thoughts about

586

00:31:35,299 --> 00:31:31,110

these handsome items being auctioned off

587

00:31:40,720 --> 00:31:35,309

or ministry and I heard about it a

588

00:31:46,029 --> 00:31:40,730

little bit and I think it's harmful and

589

00:31:48,980 --> 00:31:46,039

irresponsible to be auctioning off items

590

00:31:52,549 --> 00:31:48,990

just like not even for just two men or

591

00:31:57,740 --> 00:31:52,559

for a ministry just in general but if

592

00:31:59,870 --> 00:31:57,750

it's for a ministry again to me it's

593

00:32:01,549 --> 00:31:59,880

harmful it's irresponsible because you

594

00:32:05,870 --> 00:32:01,559

don't know what's attached to those

595

00:32:09,470 --> 00:32:05,880

items and by putting items out like that

596

00:32:11,870 --> 00:32:09,480

and people bidding on them and ending up

597

00:32:14,889 --> 00:32:11,880

with these items may take home something

598

00:32:19,580 --> 00:32:14,899

very dark very nasty and very negative

599

00:32:22,159 --> 00:32:19,590

no yeah I could see like you know if it

600

00:32:24,409 --> 00:32:22,169

were some kind of a corporation that

601
00:32:25,970 --> 00:32:24,419
wasn't involved in spirituality you know

602
00:32:28,399 --> 00:32:25,980
they didn't believe in that maybe they

603
00:32:30,350 --> 00:32:28,409
thought it was a joke but for a ministry

604
00:32:32,720 --> 00:32:30,360
you know I mean ministries are supposed

605
00:32:34,279 --> 00:32:32,730
to be spiritual you know right and so

606
00:32:37,549 --> 00:32:34,289
when you're talking about haunted items

607
00:32:40,490 --> 00:32:37,559
and and negative attachments and that

608
00:32:41,690 --> 00:32:40,500
kind of thing I mean I would like to

609
00:32:46,519 --> 00:32:41,700
think that they would take that it's a

610
00:32:48,680 --> 00:32:46,529
little bit more seriously I know haunted

611
00:32:53,960 --> 00:32:48,690
items has been the new

612
00:32:56,840 --> 00:32:53,970
couple times that you know they're

613
00:32:57,380 --> 00:32:56,850

they're taking anabolic that's the

614

00:33:00,050 --> 00:32:57,390

biggest thing

615

00:33:05,170 --> 00:33:00,060

you know Tony Spira is taking the

616

00:33:08,120 --> 00:33:05,180

Annabelle doll around for dinner and uh

617

00:33:10,640 --> 00:33:08,130

and a Q&A session for tonight with

618

00:33:14,060 --> 00:33:10,650

Annabelle - demonically possessed doll

619

00:33:16,400 --> 00:33:14,070

yeah no yeah he's got like he's got like

620

00:33:18,200 --> 00:33:16,410

a case and he brings her even though

621

00:33:21,640 --> 00:33:18,210

it's inside of the case you're still

622

00:33:26,680 --> 00:33:21,650

bringing something that has that

623

00:33:30,170 --> 00:33:26,690

particular entity out to public and

624

00:33:32,090 --> 00:33:30,180

you're putting people in danger yeah the

625

00:33:35,900 --> 00:33:32,100

fact that this thing is that's attached

626

00:33:37,580 --> 00:33:35,910

to it is demonic it would be it would

627

00:33:41,180 --> 00:33:37,590

say I wouldn't take this that the

628

00:33:43,850 --> 00:33:41,190

demonic nothing - just totally attached

629

00:33:47,150 --> 00:33:43,860

to some poor innocent person that goes

630

00:33:49,220 --> 00:33:47,160

to one of these events mm-hmm I did see

631

00:33:53,660 --> 00:33:49,230

it on ghost hunters - they brought it

632

00:33:55,250 --> 00:33:53,670

into the museum there and and I forget I

633

00:33:57,200 --> 00:33:55,260

forget what the name of the lead guy is

634

00:34:00,200 --> 00:33:57,210

that we had started watching that again

635

00:34:05,210 --> 00:34:00,210

and he uncontrollably touched her in the

636

00:34:08,390 --> 00:34:05,220

chair yeah yeah yeah Zak did ya sack

637

00:34:11,030 --> 00:34:08,400

it's just like yeah it was like wow and

638

00:34:13,760 --> 00:34:11,040

I don't know if he's walking around I

639

00:34:15,530 --> 00:34:13,770

mean I can see making money and profit

640

00:34:19,280 --> 00:34:15,540

off that but I don't know that just

641

00:34:22,940 --> 00:34:19,290

doesn't seem right well you know these

642

00:34:24,920 --> 00:34:22,950

are items that warrants or at least only

643

00:34:26,840 --> 00:34:24,930

not okay so we have to you got the East

644

00:34:28,550 --> 00:34:26,850

Coast side with the warrants in their

645

00:34:30,980 --> 00:34:28,560

Museum right and that's where the

646

00:34:33,500 --> 00:34:30,990

Annabelle's oh yeah you got the West

647

00:34:38,060 --> 00:34:33,510

Coast and what zak bagans hung up Museo

648

00:34:42,710 --> 00:34:38,070

yeah okay oh the the items on the East

649

00:34:44,780 --> 00:34:42,720

Coast were collected over time by and

650

00:34:47,750 --> 00:34:44,790

learning warn other cases that these are

651
00:34:50,600 --> 00:34:47,760
supposed to be some of the most haunted

652
00:34:53,710 --> 00:34:50,610
messed up items in the world pray now

653
00:34:57,470 --> 00:34:53,720
and and Edwin was very specific about

654
00:35:01,970 --> 00:34:57,480
making sure they were they were bound

655
00:35:05,299 --> 00:35:01,980
they were kept in one spot away from

656
00:35:07,040 --> 00:35:05,309
general public they even actually had at

657
00:35:09,260 --> 00:35:07,050
from what I remember had a priest

658
00:35:11,960 --> 00:35:09,270
on-site so every time they brought

659
00:35:14,540 --> 00:35:11,970
something home from the case they would

660
00:35:16,400 --> 00:35:14,550
have the priests bless it and do prayers

661
00:35:20,450 --> 00:35:16,410
over it and then they would put it in a

662
00:35:22,790 --> 00:35:20,460
case and I know that like my guess I

663
00:35:24,829 --> 00:35:22,800

don't know I can't say anything um but I

664

00:35:26,569 --> 00:35:24,839

would say my guess would be that if Ed

665

00:35:30,290 --> 00:35:26,579

Warren were alive today you would not

666

00:35:34,750 --> 00:35:30,300

approve a million item out of the museum

667

00:35:37,940 --> 00:35:34,760

on a roadshow for profit and and

668

00:35:41,359 --> 00:35:37,950

popularity yeah guys I know on a lighter

669

00:35:43,880 --> 00:35:41,369

side so how does he get Annabelle

670

00:35:45,440 --> 00:35:43,890

through the baggage claim at an airport

671

00:35:49,309 --> 00:35:45,450

somebody's gonna be tossing her around

672

00:35:51,109 --> 00:35:49,319

and getting a hex on her but just

673

00:35:52,730 --> 00:35:51,119

thinking about that how does that get

674

00:35:54,260 --> 00:35:52,740

through the it's like you open it up oh

675

00:35:57,140 --> 00:35:54,270

it's a doll but I don't shake it it's

676
00:35:57,980 --> 00:35:57,150
like don't I can imagine I can imagine

677
00:36:00,049 --> 00:35:57,990
him going through there

678
00:36:01,640 --> 00:36:00,059
don't touch the doll I'm like get over

679
00:36:05,960 --> 00:36:01,650
there sir stand over there we'll have

680
00:36:07,730 --> 00:36:05,970
security with you in a second I'm pretty

681
00:36:10,609 --> 00:36:07,740
sure that's how it reacts it works

682
00:36:13,250 --> 00:36:10,619
because yeah yeah we're wondering that

683
00:36:17,120 --> 00:36:13,260
too how are you gonna sit there and have

684
00:36:18,950 --> 00:36:17,130
a doll in a suitcase and travel with it

685
00:36:21,650 --> 00:36:18,960
for carrying on like how does that work

686
00:36:24,770 --> 00:36:21,660
unless he's driving a maybe he's driving

687
00:36:26,120 --> 00:36:24,780
it I mean he made yeah I don't know for

688
00:36:27,710 --> 00:36:26,130

sure but I just that thought came across

689

00:36:30,260 --> 00:36:27,720

my mind I'm like I'm sure he doesn't fly

690

00:36:30,890 --> 00:36:30,270

I don't know on the episode of Ghost

691

00:36:32,780 --> 00:36:30,900

Adventures

692

00:36:35,210 --> 00:36:32,790

they made the comment saying that he

693

00:36:38,150 --> 00:36:35,220

flew in with you you're right that's

694

00:36:41,240 --> 00:36:38,160

kind of why I thought of that he did he

695

00:36:42,950 --> 00:36:41,250

did and on the front of your side I

696

00:36:44,990 --> 00:36:42,960

wonder for people that don't believe in

697

00:36:46,760 --> 00:36:45,000

this kind of thing what would wonder

698

00:36:53,680 --> 00:36:46,770

what a grown man with a raggedy and I

699

00:36:58,970 --> 00:36:56,410

other part of the question but yes

700

00:37:04,940 --> 00:36:58,980

bringing objects like that into your

701
00:37:12,690 --> 00:37:09,120
crazy well I guess I'm gonna start this

702
00:37:16,770 --> 00:37:12,700
segment with new story I just came out

703
00:37:20,580 --> 00:37:16,780
at the end of November and I know for me

704
00:37:26,760 --> 00:37:20,590
and I'm sure Mike too this is a really

705
00:37:29,670 --> 00:37:26,770
cool thing the story is is her

706
00:37:34,170 --> 00:37:29,680
mysterious universe by Paul C burn and

707
00:37:43,140 --> 00:37:34,180
its title is Turkish university as a

708
00:37:45,960 --> 00:37:43,150
major in ufology and each encounters I'm

709
00:37:47,550 --> 00:37:45,970
majoring in ufology if I heard a young

710
00:37:50,970 --> 00:37:47,560
man say this my first thought would be

711
00:37:53,130 --> 00:37:50,980
that you're on a football team and the

712
00:37:55,440 --> 00:37:53,140
science of daydreaming classes were full

713
00:37:58,470 --> 00:37:55,450

however if the young person showed an

714

00:38:00,840 --> 00:37:58,480

acceptance letter from Eckstine

715

00:38:03,870 --> 00:38:00,850

University in Turkey they'd be telling

716

00:38:07,040 --> 00:38:03,880

the truth and their parents that would

717

00:38:12,540 --> 00:38:08,750

[Music]

718

00:38:15,510 --> 00:38:12,550

Erin the Aussie told Dogan news agency

719

00:38:16,890 --> 00:38:15,520

that he is offering the class because he

720

00:38:19,610 --> 00:38:16,900

wants students to be prepared for

721

00:38:21,900 --> 00:38:19,620

contact with extraterrestrials including

722

00:38:24,360 --> 00:38:21,910

knowing the ins and outs of alien

723

00:38:25,890 --> 00:38:24,370

politics and Galactus dis Moana see this

724

00:38:27,570 --> 00:38:25,900

next said he's preparing these young men

725

00:38:30,480 --> 00:38:27,580

for diplomacy rather than work there

726

00:38:32,250 --> 00:38:30,490

even though he sees this contact leading

727

00:38:33,380 --> 00:38:32,260

to the biggest chance seen in the world

728

00:38:37,440 --> 00:38:33,390

history

729

00:38:41,490 --> 00:38:37,450

well what qualifies or I should say what

730

00:38:44,280 --> 00:38:41,500

qualifies urban kabob C to teach this

731

00:38:46,590 --> 00:38:44,290

program he is the Deputy Chair of the

732

00:38:49,050 --> 00:38:46,600

Cyprus UFO Space Sciences Research

733

00:38:52,200 --> 00:38:49,060

Center in Michigan bull which was

734

00:38:55,080 --> 00:38:52,210

founded by ufologist Acton okay go

735

00:38:58,200 --> 00:38:55,090

who is also the founder of the assemble

736

00:39:01,020 --> 00:38:58,210

UFO museum and help provide background

737

00:39:04,680 --> 00:39:01,030

material for the courses according to

738

00:39:07,080 --> 00:39:04,690

Dogan news agency the courses supposed

739

00:39:09,900 --> 00:39:07,090

to train students on the methodology and

740

00:39:13,380 --> 00:39:09,910

potential sources for finding UFO and

741

00:39:17,999 --> 00:39:16,170

quote we believe representatives from

742

00:39:20,190 --> 00:39:18,009

the world and extraterrestrial

743

00:39:22,739 --> 00:39:20,200

civilization will soon be making

744

00:39:25,950 --> 00:39:22,749

official contact with each other we

745

00:39:30,210 --> 00:39:25,960

think it will be an open and mass

746

00:39:32,370 --> 00:39:30,220

contact and cool kabaah C says that he

747

00:39:35,670 --> 00:39:32,380

expresses open mass contact to occur

748

00:39:38,249 --> 00:39:35,680

within 10 15 years which appears to be

749

00:39:40,859 --> 00:39:38,259

the strange predictions dense he and oka

750

00:39:43,229 --> 00:39:40,869

Dan both seem concur that alien contact

751
00:39:45,720 --> 00:39:43,239
is already a curved numerous times and

752
00:39:47,910 --> 00:39:45,730
will be providing the ufology students

753
00:39:50,729 --> 00:39:47,920
with information on cover-ups and secret

754
00:39:53,160 --> 00:39:50,739
files those cover-ups included the

755
00:39:56,940 --> 00:39:53,170
belief that aliens have crashed your

756
00:39:59,430 --> 00:39:56,950
folks they have provided humans with

757
00:40:02,009 --> 00:39:59,440
advanced technologies at least at the

758
00:40:04,470 --> 00:40:02,019
time they were found like fiber optic

759
00:40:08,069 --> 00:40:04,480
cables microchips night-vision glasses

760
00:40:09,779 --> 00:40:08,079
and bulletproof clothing details on this

761
00:40:12,630 --> 00:40:09,789
information alone would be worth the

762
00:40:15,630 --> 00:40:12,640
price of tuition no tuition costs were

763
00:40:19,289 --> 00:40:15,640

given but tenant University is a major

764

00:40:22,019 --> 00:40:19,299

college with 31,000 students so it's

765

00:40:26,160 --> 00:40:22,029

probably comparable to make your public

766

00:40:28,859 --> 00:40:26,170

colleges in the US but basi

767

00:40:31,200 --> 00:40:28,869

also hence that he may not be able to

768

00:40:32,220 --> 00:40:31,210

spill all the secret beatings because of

769

00:40:35,640 --> 00:40:32,230

mj-12

770

00:40:37,229 --> 00:40:35,650

or majestic 12 the alleged secret

771

00:40:40,529 --> 00:40:37,239

committee formed by President Harry

772

00:40:43,950 --> 00:40:40,539

Truman in 1947 invest it collect data on

773

00:40:47,700 --> 00:40:43,960

aliens UFOs and later suppress

774

00:40:50,009 --> 00:40:47,710

information and data would you take your

775

00:40:52,319 --> 00:40:50,019

class like visitor offered at one of

776

00:40:54,109 --> 00:40:52,329

your local colleges even if you weren't

777

00:40:56,430 --> 00:40:54,119

on a full scholarship

778

00:40:59,880 --> 00:40:56,440

like I said think that's you look like

779

00:41:02,489 --> 00:40:59,890

the Tom do vouch would you be concerned

780

00:41:04,950 --> 00:41:02,499

that the person following you back the

781

00:41:08,870 --> 00:41:04,960

dorm wasn't a creepy freshman but mj-12

782

00:41:17,309 --> 00:41:11,160

just be on the safe side you might want

783

00:41:22,829 --> 00:41:17,319

purposely fail that class right I mean

784

00:41:24,479 --> 00:41:22,839

but aside from the pretense of that

785

00:41:26,940 --> 00:41:24,489

we're gonna be contacted and masked

786

00:41:31,049 --> 00:41:26,950

I think it's wonderful personal

787

00:41:33,539 --> 00:41:31,059

and might of course I'll let you speaker

788

00:41:36,680 --> 00:41:33,549

itself but as the ethologist for me I

789

00:41:39,839 --> 00:41:36,690

think it's great that there's academic

790

00:41:43,410 --> 00:41:39,849

acknowledgement and that now that one

791

00:41:50,670 --> 00:41:43,420

college is offering a scholarship or now

792

00:41:56,400 --> 00:41:50,680

scholarship diploma or degree or ever in

793

00:41:58,470 --> 00:41:56,410

a master and ethology that that you know

794

00:42:01,349 --> 00:41:58,480

that opens the doors for others and and

795

00:42:04,380 --> 00:42:01,359

that and most importantly technically

796

00:42:08,240 --> 00:42:04,390

speaking but you follow is no longer a

797

00:42:11,460 --> 00:42:08,250

pseudoscience is this is an honor

798

00:42:17,880 --> 00:42:11,470

University a world or honored college

799

00:42:19,559 --> 00:42:17,890

and so I I think that's cool I think

800

00:42:22,620 --> 00:42:19,569

it's refreshing to see something like

801
00:42:24,599 --> 00:42:22,630
that out there finally yeah and I think

802
00:42:26,339 --> 00:42:24,609
I think that's where the you know you

803
00:42:28,710 --> 00:42:26,349
know our country is missing the lead on

804
00:42:31,799 --> 00:42:28,720
this they're still using it as a pseudo

805
00:42:34,109 --> 00:42:31,809
science crackpot investigating people

806
00:42:36,180 --> 00:42:34,119
but as you can see other you know

807
00:42:38,549 --> 00:42:36,190
countries like Turkey and like France

808
00:42:40,349 --> 00:42:38,559
releasing you know files all the time

809
00:42:42,329 --> 00:42:40,359
Great Britain releasing files to the

810
00:42:44,269 --> 00:42:42,339
public you know we release files to the

811
00:42:46,349 --> 00:42:44,279
public but as you can see most the

812
00:42:49,440 --> 00:42:46,359
documents or black dealt with about

813
00:42:51,450 --> 00:42:49,450

three words on them I mean you know yeah

814

00:42:53,220 --> 00:42:51,460

it's nice to see that it's it's being

815

00:42:54,620 --> 00:42:53,230

taken seriously you know it seriously

816

00:42:57,150 --> 00:42:54,630

somewhere else and I'm hoping someday

817

00:42:58,529 --> 00:42:57,160

you know over here well you know we'll

818

00:43:00,749 --> 00:42:58,539

be able to deal with it in more of a

819

00:43:02,490 --> 00:43:00,759

scientific term or work with a college

820

00:43:04,499 --> 00:43:02,500

you know there's a major all of a sudden

821

00:43:05,999 --> 00:43:04,509

something crashes you know of course you

822

00:43:07,259 --> 00:43:06,009

know your government's gonna get there

823

00:43:08,880 --> 00:43:07,269

first and rip everything out but you

824

00:43:10,349 --> 00:43:08,890

know then all of a sudden of scientists

825

00:43:11,999 --> 00:43:10,359

or the professors come from a local

826

00:43:13,200 --> 00:43:12,009

college it's like hey let's investigate

827

00:43:15,569 --> 00:43:13,210

this you know that would that would

828

00:43:21,509 --> 00:43:15,579

really be a neat way to look at it in

829

00:43:23,849 --> 00:43:21,519

the future you know I got you can

830

00:43:26,460 --> 00:43:23,859

definitely bring academics into the

831

00:43:32,839 --> 00:43:26,470

parent will feel we do it then WPS

832

00:43:35,279 --> 00:43:32,849

doesn't by having having these these uh

833

00:43:37,710 --> 00:43:35,289

disciplines honored academically

834

00:43:41,750 --> 00:43:37,720

you know like Paris to college is

835

00:43:48,150 --> 00:43:44,550

sociology is honored academically I

836

00:43:49,620 --> 00:43:48,160

would like to see others you know I'd be

837

00:43:53,370 --> 00:43:49,630

honored academically I think it's great

838

00:43:55,070 --> 00:43:53,380

that you follow Gia's and I you know

839

00:43:59,550 --> 00:43:55,080

it'd be cool to see

840

00:44:01,790 --> 00:43:59,560

cryptozoology the acknowledged um you

841

00:44:11,160 --> 00:44:01,800

know these kind of things

842

00:44:14,300 --> 00:44:11,170

any thoughts done the more person or

843

00:44:21,270 --> 00:44:14,310

these universities look into it and

844

00:44:26,100 --> 00:44:21,280

start to accept it the more it'll be an

845

00:44:29,670 --> 00:44:26,110

open-minded society you know it right

846

00:44:37,740 --> 00:44:29,680

now it's still closed-minded until they

847

00:44:39,090 --> 00:44:37,750

start to accept it alright so yeah I

848

00:44:40,950 --> 00:44:39,100

thought that was pretty well I thought I

849

00:44:45,110 --> 00:44:40,960

was worth bringing to the show today oh

850

00:44:51,570 --> 00:44:47,610

alright so for the next one we have here

851

00:44:55,080 --> 00:44:51,580

and this falls on irreligion Lord's

852

00:44:59,130 --> 00:44:55,090

Prayer Pope Francis calls for change and

853

00:45:03,930 --> 00:44:59,140

this comes from the BBC on December 8th

854

00:45:05,700 --> 00:45:03,940

of 2017 Pope Francis is called for

855

00:45:07,680 --> 00:45:05,710

translation of the phrase about

856

00:45:10,560 --> 00:45:07,690

temptation and the Lord's Prayer to be

857

00:45:13,440 --> 00:45:10,570

changed the current wording says that

858

00:45:15,810 --> 00:45:13,450

lead us not into temptation is not a

859

00:45:19,320 --> 00:45:15,820

good translation because God does not

860

00:45:23,520 --> 00:45:19,330

lead humans to sin he says his

861

00:45:27,570 --> 00:45:23,530

suggestion is to use do not let us fall

862

00:45:30,750 --> 00:45:27,580

into temptation instead he told Italian

863

00:45:32,940 --> 00:45:30,760

TV on Wednesday night the Lord's Prayer

864

00:45:38,580 --> 00:45:32,950

is the best known prayer in Christianity

865

00:45:41,070 --> 00:45:38,590

the pontiff said Frances roaming Frances

866

00:45:43,680 --> 00:45:41,080

Roman Catholic Church was now using the

867

00:45:45,990 --> 00:45:43,690

new wording do not let us fall into

868

00:45:48,150 --> 00:45:46,000

temptation as an alternative and

869

00:45:51,590 --> 00:45:48,160

something similar should be used

870

00:45:58,230 --> 00:45:54,090

do not let me fall into temptation

871

00:46:00,660 --> 00:45:58,240

because it is I who fall it is not God

872

00:46:02,250 --> 00:46:00,670

who throws me into temptation and then

873

00:46:06,090 --> 00:46:02,260

sees how I felt

874

00:46:09,750 --> 00:46:06,100

he told TV mm an Italian Catholic TV

875

00:46:11,960 --> 00:46:09,760

channel the father does not do that

876

00:46:15,300 --> 00:46:11,970

a father helps you to get up immediately

877

00:46:18,930 --> 00:46:15,310

it is a translation from the Latin

878

00:46:21,690 --> 00:46:18,940

Vulgate for a fourth century latin

879

00:46:24,990 --> 00:46:21,700

translation of the bible which itself

880

00:46:28,020 --> 00:46:25,000

was translated from ancient greek hebrew

881

00:46:30,900 --> 00:46:28,030

and aramaic since the beginning of his

882

00:46:34,290 --> 00:46:30,910

papacy Pope Francis has not shied away

883

00:46:38,010 --> 00:46:34,300

from controversy and has tackled some

884

00:46:41,220 --> 00:46:38,020

issues head-on Vatican observers say he

885

00:46:43,290 --> 00:46:41,230

has previously said the Roman Catholic

886

00:46:46,170 --> 00:46:43,300

Church should apologize to gay people

887

00:46:49,740 --> 00:46:46,180

for the way it has treated them he is

888

00:46:55,740 --> 00:46:49,750

also compared European migrant detention

889

00:46:59,180 --> 00:46:55,750

centers with concentration camps well

890

00:47:03,390 --> 00:46:59,190

you know when I first heard this it

891

00:47:07,560 --> 00:47:03,400

concerned me a little bit excuse me but

892

00:47:12,990 --> 00:47:07,570

uh so that's my first thought is you

893

00:47:14,940 --> 00:47:13,000

know on one hand the Bible over time has

894

00:47:21,780 --> 00:47:14,950

been changed so many times the

895

00:47:26,400 --> 00:47:21,790

translations you know so you know is

896

00:47:29,910 --> 00:47:26,410

this any different on the other hand any

897

00:47:36,510 --> 00:47:29,920

time anyone is messing with something so

898

00:47:39,630 --> 00:47:36,520

holy you know I I you know it's

899

00:47:48,660 --> 00:47:39,640

something I have reservations about you

900

00:47:50,670 --> 00:47:48,670

know so you know yeah that's that's you

901
00:47:52,260 --> 00:47:50,680
know that's interesting because the

902
00:47:56,790 --> 00:47:52,270
Lord's Prayer is used in deliverance or

903
00:47:59,490 --> 00:47:56,800
an exorcism right right I think it was a

904
00:48:01,860 --> 00:47:59,500
suggestion I don't think he's gonna get

905
00:48:03,990 --> 00:48:01,870
that much permission to officially

906
00:48:04,859 --> 00:48:04,000
change it because he can't really you

907
00:48:07,680 --> 00:48:04,869
can't do it by

908
00:48:11,370 --> 00:48:07,690
do myself he's got a he can suggest it

909
00:48:13,680 --> 00:48:11,380
and as far as the other things that were

910
00:48:15,749 --> 00:48:13,690
mentioned in the article he said a lot

911
00:48:18,569 --> 00:48:15,759
of this stuff did he set off the cuff

912
00:48:21,900 --> 00:48:18,579
and it doesn't and a lot of people are

913
00:48:25,650 --> 00:48:21,910

not really surprised by it so I don't

914

00:48:30,660 --> 00:48:25,660

really see it getting changed unless

915

00:48:33,329 --> 00:48:30,670

everybody else that's involved as far as

916

00:48:38,459 --> 00:48:33,339

the Vatican goes allows for it to happen

917

00:48:40,650 --> 00:48:38,469

I know that uh I've you know and many

918

00:48:46,259 --> 00:48:40,660

would say that this Pope is probably the

919

00:48:48,450 --> 00:48:46,269

most liberal Pope today other no does

920

00:48:52,920 --> 00:48:48,460

that go for the whole Vatican I don't

921

00:48:54,630 --> 00:48:52,930

know you know well yeah yeah that's a

922

00:48:56,999 --> 00:48:54,640

big deal changing the Lord's Prayer I

923

00:49:02,609 --> 00:48:57,009

mean he said that's the most popular

924

00:49:04,170 --> 00:49:02,619

prayer in Christianity and you know any

925

00:49:05,700 --> 00:49:04,180

time you know you mess with something

926

00:49:08,069 --> 00:49:05,710

even a little bit

927

00:49:12,569 --> 00:49:08,079

you gotta hope that you know again like

928

00:49:16,979 --> 00:49:12,579

you know it cert was that even you know

929

00:49:19,829 --> 00:49:16,989

I I talking to some people they said

930

00:49:23,329 --> 00:49:19,839

well he's changing it back to the

931

00:49:26,519 --> 00:49:23,339

original like that was the original so

932

00:49:29,219 --> 00:49:26,529

you know again there's so many

933

00:49:33,029 --> 00:49:29,229

translations over time and everything

934

00:49:36,859 --> 00:49:33,039

else and and you know I'm sure there's a

935

00:49:40,499 --> 00:49:36,869

few mess ups and you know or or

936

00:49:41,759 --> 00:49:40,509

translations I got score you know and of

937

00:49:44,789 --> 00:49:41,769

course there's been stuff pulled all the

938

00:49:50,849 --> 00:49:44,799

Bible too so but yeah definitely

939

00:49:53,880 --> 00:49:50,859

interesting yeah and or it's somebody

940

00:49:58,200 --> 00:49:53,890

really quickly had a good question that

941

00:50:00,509 --> 00:49:58,210

goes with religion and UFOs if there was

942

00:50:03,630 --> 00:50:00,519

to be full government disclosure of

943

00:50:05,969 --> 00:50:03,640

aliens and UFOs it will destroy all

944

00:50:09,079 --> 00:50:05,979

religions on earth and I just wonder if

945

00:50:11,579 --> 00:50:09,089

that would be a bad thing

946

00:50:16,259 --> 00:50:11,589

well I mean there are several reasons

947

00:50:18,359 --> 00:50:16,269

why things are kept from us you know

948

00:50:20,579 --> 00:50:18,369

power and control and

949

00:50:22,439 --> 00:50:20,589

and when you talk about religion and and

950

00:50:24,809 --> 00:50:22,449

multiple religions you know what

951
00:50:26,309 --> 00:50:24,819
denomination are you well you know think

952
00:50:32,309 --> 00:50:26,319
about the word denominations that the

953
00:50:34,019 --> 00:50:32,319
word even in it to buy you know so yeah

954
00:50:38,929 --> 00:50:34,029
you know that could be one of the very

955
00:50:48,089 --> 00:50:38,939
reasons why the deep seeded show bent on

956
00:50:56,009 --> 00:50:48,099
keeping us in the dark anybody else okay

957
00:51:01,709 --> 00:50:56,019
well the last story this is from the New

958
00:51:04,679 --> 00:51:01,719
York Post and this is this just came out

959
00:51:19,189 --> 00:51:04,689
actually December 12 2017 and this was

960
00:51:26,939 --> 00:51:23,939
excuse me I'm sorry I my article just

961
00:51:29,669 --> 00:51:26,949
got hacked by a something other whatever

962
00:51:35,759 --> 00:51:29,679
anyways so this article comes from the

963
00:51:38,099 --> 00:51:35,769

New York Post 18 7 feet 18 severed he

964

00:51:46,229 --> 00:51:38,109

have washed up on this stretch of US

965

00:51:48,689 --> 00:51:46,239

Canada's coast sever feet encased in

966

00:51:51,749 --> 00:51:48,699

truck trainers have been mysteriously

967

00:51:54,120 --> 00:51:51,759

washing up along the coast of Solace gee

968

00:51:57,209 --> 00:51:54,130

between Canada and the US for the past

969

00:51:59,999 --> 00:51:57,219

decade generating countless theories but

970

00:52:02,609 --> 00:52:00,009

no definite answers now the phenomenon

971

00:52:06,089 --> 00:52:02,619

is back in headlines with the discovery

972

00:52:12,959 --> 00:52:06,099

of yet another disembodied foot the 18th

973

00:52:15,299 --> 00:52:12,969

since 2007 the latest grisly find was

974

00:52:18,059 --> 00:52:15,309

made by a man walking his dog in British

975

00:52:19,999 --> 00:52:18,069

Columbia on December yeah according to

976
00:52:23,370 --> 00:52:20,009
Royal Canadian Mounted Police

977
00:52:27,299 --> 00:52:23,380
Paris rolling on a beach in Jordan River

978
00:52:29,699 --> 00:52:27,309
18 miles northwest of Suki and Vancouver

979
00:52:31,630 --> 00:52:29,709
Island when the animal came across the

980
00:52:36,400 --> 00:52:31,640
foot with part of the

981
00:52:39,220 --> 00:52:36,410
still attached inside trainer an RCMP

982
00:52:41,020 --> 00:52:39,230
Copeman said he called authorities who

983
00:52:44,140 --> 00:52:41,030
sealed off the area and sent a corner

984
00:52:46,750 --> 00:52:44,150
down to seize up the limb while asserted

985
00:52:49,570 --> 00:52:46,760
out unsuccessfully for the rest of the

986
00:52:52,630 --> 00:52:49,580
body British Columbia coroner services

987
00:52:55,350 --> 00:52:52,640
spokesman Andy Watson set up for

988
00:52:59,950 --> 00:52:55,360

eliminating analysis indicated

989

00:53:02,020 --> 00:52:59,960

permissions for human there are in so

990

00:53:04,060 --> 00:53:02,030

many cases of pranksters stuffing

991

00:53:05,800 --> 00:53:04,070

trainers with animal remains like

992

00:53:07,990 --> 00:53:05,810

chicken bones over the years that

993

00:53:11,680 --> 00:53:08,000

authority is no longer make the obvious

994

00:53:14,740 --> 00:53:11,690

assumption the coroner will now work to

995

00:53:16,570 --> 00:53:14,750

determine identity of the deceased call

996

00:53:20,940 --> 00:53:16,580

the purchasing guide and whether it was

997

00:53:27,040 --> 00:53:23,530

the first severed foot was found at

998

00:53:30,280 --> 00:53:27,050

August 20th 2007 there was a right foot

999

00:53:32,500 --> 00:53:30,290

size 12 casein shoe made in India

1000

00:53:34,560 --> 00:53:32,510

authorities were able to link the foot

1001
00:53:36,550 --> 00:53:34,570
to a male who suffered from depression

1002
00:53:38,650 --> 00:53:36,560
concluding he was most likely committed

1003
00:53:42,640 --> 00:53:38,660
suicide in or near the water

1004
00:53:47,470 --> 00:53:42,650
now the 18 feet I choose found only to

1005
00:53:49,240 --> 00:53:47,480
have it matched together On February 7th

1006
00:53:52,030 --> 00:53:49,250
last year a hiker found a running shoe

1007
00:53:55,570 --> 00:53:52,040
that container him foot and a sock at

1008
00:53:58,600 --> 00:53:55,580
the botanical beach near port renfrew

1009
00:54:00,610 --> 00:53:58,610
five years later a Beachcomber found at

1010
00:54:08,050 --> 00:54:00,620
second for any shoe and contacted

1011
00:54:10,120 --> 00:54:08,060
authorities forensic expert Gail

1012
00:54:12,250 --> 00:54:10,130
Anderson said there was a simple reason

1013
00:54:15,430 --> 00:54:12,260

why all the cases involved trainers

1014

00:54:17,980 --> 00:54:15,440

something you'll notice is that the only

1015

00:54:20,230 --> 00:54:17,990

feet washing up are in running shoes

1016

00:54:23,110 --> 00:54:20,240

they're not washing up in stilettos or

1017

00:54:25,240 --> 00:54:23,120

sandals or bare feet she said ever

1018

00:54:27,640 --> 00:54:25,250

pockets inside trainers make them

1019

00:54:30,040 --> 00:54:27,650

buoyant she said it's basically a

1020

00:54:32,950 --> 00:54:30,050

flotation device so it's gonna hold it

1021

00:54:36,790 --> 00:54:32,960

all together and get washed ashore she

1022

00:54:39,940 --> 00:54:36,800

said no foul play a suspect in any of

1023

00:54:42,720 --> 00:54:39,950

these cases and nothing has suggested

1024

00:54:51,160 --> 00:54:46,620

so I need nuts

1025

00:54:53,490 --> 00:54:51,170

so I myself believe that there even

1026
00:54:56,800 --> 00:54:53,500
though they haven't found any foul play

1027
00:54:59,140 --> 00:54:56,810
you know I I think there would have to

1028
00:55:01,120 --> 00:54:59,150
be you know it's something like maybe

1029
00:55:11,200 --> 00:55:01,130
it's a serial killer that just hates

1030
00:55:14,650 --> 00:55:11,210
joggers no but think about that why not

1031
00:55:16,990 --> 00:55:14,660
a part of a leg or a hand or anything

1032
00:55:19,540 --> 00:55:17,000
like that it's always just the feet what

1033
00:55:22,270 --> 00:55:19,550
are they cut off with a saw or they bit

1034
00:55:22,900 --> 00:55:22,280
off by a shark or what's what's going on

1035
00:55:25,660 --> 00:55:22,910
there

1036
00:55:29,050 --> 00:55:25,670
thank everybody for tuning in this year

1037
00:55:31,300 --> 00:55:29,060

1038
00:55:33,190 --> 00:55:31,310
