1
00:00:03,050 --> 00:00:01,370
well good evening it's good to be back

2
00:00:05,269 --> 00:00:03,060
with you again we got Heidi Hollis on

3
00:00:07,039 --> 00:00:05,279
with us and a great guest and actually

4
00:00:08,390 --> 00:00:07,049
two great guests and Paul and Benny know

5
00:00:12,860 --> 00:00:08,400
we're gonna be on with us a little later

6
00:00:16,580 --> 00:00:12,870
and Heidi the news the news hasn't let

7
00:00:19,790 --> 00:00:16,590
us down this week either it's been a

8
00:00:22,220 --> 00:00:19,800
wild week well of course the most the

9
00:00:25,189 --> 00:00:22,230
one I liked the most was that last

10
00:00:28,759 --> 00:00:25,199
night's what came out of day before but

11
00:00:30,970 --> 00:00:28,769
CBS had a really full disclosure on our

12
00:00:35,350 --> 00:00:30,980
the air force intelligence agent that

13
00:00:38,360 --> 00:00:35,360

spilled the beans on the the ongoing UFO

14

00:00:41,479 --> 00:00:38,370

studies the government was making and

15

00:00:43,880 --> 00:00:41,489

they showed excellent footage on CBS on

16

00:00:47,810 --> 00:00:43,890

oh you saw it or not but it was over San

17

00:00:50,000 --> 00:00:47,820

Diego and it was yeah baby jet stuff and

18

00:00:54,619 --> 00:00:50,010

the guy was saying holy blank blank what

19

00:00:57,950 --> 00:00:54,629

is this thing and obviously what we both

20

00:01:00,229 --> 00:00:57,960

know is that this is you know you know

21

00:01:03,110 --> 00:01:00,239

UFOs are as real as the shoes on your

22

00:01:04,369 --> 00:01:03,120

feet I mean it's not like it's anybody

23

00:01:05,509 --> 00:01:04,379

that says different is pretty gullible

24

00:01:08,840 --> 00:01:05,519

it's what I'm saying

25

00:01:11,899 --> 00:01:08,850

Blair I did a special for UFO headline

26

00:01:15,050 --> 00:01:11,909

news for today reading the New York

27

00:01:18,230 --> 00:01:15,060

Times article and give it my my two

28

00:01:19,550 --> 00:01:18,240

cents worth of what was that yeah the

29

00:01:22,219 --> 00:01:19,560

New York Times broke the story then

30

00:01:24,109 --> 00:01:22,229

right so I read the article on UFO

31

00:01:27,080 --> 00:01:24,119

headline news and so check it out if you

32

00:01:30,140 --> 00:01:27,090

guys want to hear it and my thoughts on

33

00:01:31,999 --> 00:01:30,150

it were you know yay they finally have

34

00:01:33,920 --> 00:01:32,009

caved in after so many people have lost

35

00:01:36,020 --> 00:01:33,930

their minds and lives and families and

36

00:01:38,780 --> 00:01:36,030

friends because they claim to have seen

37

00:01:41,600 --> 00:01:38,790

UFOs or aliens and we're totally dissed

38

00:01:43,990 --> 00:01:41,610

thanks a lot government oh I know what

39

00:01:47,630 --> 00:01:44,000

you're saying but you know actually in

40

00:01:49,940 --> 00:01:47,640

2002 or 2002 or three I'm not sure at

41

00:01:52,370 --> 00:01:49,950

this point but Admiral Peter Hilde

42

00:01:53,539 --> 00:01:52,380

Norton who was the British version of

43

00:01:57,109 --> 00:01:53,549

the chairman of the Joint Chiefs of

44

00:01:58,940 --> 00:01:57,119

Staff their counterpart they asked him

45

00:02:01,520 --> 00:01:58,950

by UFOs and he was straightforward he

46

00:02:03,080 --> 00:02:01,530

said yes they exist we don't know what

47

00:02:04,370 --> 00:02:03,090

their deal is or where they're from and

48

00:02:06,469 --> 00:02:04,380

we can't do anything about them but we

49

00:02:08,570 --> 00:02:06,479

know they exist and this guy was

50

00:02:11,970 --> 00:02:08,580

straightforward about it and no like

51
00:02:14,699 --> 00:02:11,980
here again honey this is an admiral and

52
00:02:16,170 --> 00:02:14,709
you know on British Navy I mean he's and

53
00:02:18,119 --> 00:02:16,180
the term of their Joint Chiefs of Staff

54
00:02:21,240 --> 00:02:18,129
he's not some kind of yo-yo and he's

55
00:02:22,979 --> 00:02:21,250
obviously privy to everything and he

56
00:02:25,430 --> 00:02:22,989
just said it straight out like that you

57
00:02:27,270 --> 00:02:25,440
know that all those many years ago so

58
00:02:29,820 --> 00:02:27,280
there's no doubt of it

59
00:02:36,990 --> 00:02:29,830
but now I just I I was just tickled by

60
00:02:38,610 --> 00:02:37,000
it and now this is a unfortunate but

61
00:02:42,600 --> 00:02:38,620
there was another piece they had tonight

62
00:02:46,289 --> 00:02:42,610
on that Tacoma train disaster and no I

63
00:02:49,640 --> 00:02:46,299

don't work for CBS but I just I've

64

00:02:52,259 --> 00:02:49,650

always had a love affair with CBS but

65

00:02:53,300 --> 00:02:52,269

anyway there was a train disaster and to

66

00:02:56,039 --> 00:02:53,310

call me you've probably heard of that

67

00:02:57,300 --> 00:02:56,049

but how can this monkey be going 80

68

00:02:59,460 --> 00:02:57,310

miles an hour

69

00:03:03,839 --> 00:02:59,470

better than a 30-mile zone how can this

70

00:03:05,490 --> 00:03:03,849

engineer do that I mean a witness made

71

00:03:07,650 --> 00:03:05,500

an interesting statements like gosh I

72

00:03:09,930 --> 00:03:07,660

hope they did some dry runs without any

73

00:03:12,089 --> 00:03:09,940

passengers on there before they did this

74

00:03:17,909 --> 00:03:12,099

maiden voyage you know it's like the

75

00:03:21,120 --> 00:03:17,919

Titanic Titanic here train rides there

76

00:03:23,159 --> 00:03:21,130

you go maiden voyage and Wow

77

00:03:24,690 --> 00:03:23,169

that's just sad you know couple years

78

00:03:26,250 --> 00:03:24,700

ago it was either Philly or New York

79

00:03:28,979 --> 00:03:26,260

that the guy did the same thing he's

80

00:03:31,050 --> 00:03:28,989

taking the turn about 80 or 90 and he's

81

00:03:35,699 --> 00:03:31,060

supposed to go 30 and he flipped out to

82

00:03:39,270 --> 00:03:35,709

so well did they not see this this how

83

00:03:41,970 --> 00:03:39,280

the train operators I know the speed you

84

00:03:45,750 --> 00:03:41,980

know that's if they don't have like they

85

00:03:48,059 --> 00:03:45,760

do have like computer overlays that show

86

00:03:49,890 --> 00:03:48,069

the ice 30 year 30 there or whatever

87

00:03:52,020 --> 00:03:49,900

whatever why they show traumatically

88

00:03:54,150 --> 00:03:52,030

like tell him you know it's like well

89

00:03:55,920 --> 00:03:54,160

they they had that equipment oh oh I

90

00:04:00,629 --> 00:03:55,930

know what it was they had that equipment

91

00:04:02,159 --> 00:04:00,639

on CBS were that if but they got the

92

00:04:04,199 --> 00:04:02,169

case of the cheeps and they didn't want

93

00:04:05,940 --> 00:04:04,209

to update all that equipment with the

94

00:04:09,000 --> 00:04:05,950

updated equipment that they were wanting

95

00:04:10,949 --> 00:04:09,010

to have installed yes it would be like a

96

00:04:13,349 --> 00:04:10,959

governor on the train where it would you

97

00:04:15,240 --> 00:04:13,359

know click in cuts it back to 30 like

98

00:04:16,800 --> 00:04:15,250

it's supposed to be or whatever but they

99

00:04:18,719 --> 00:04:16,810

got a case of the cheap skates and

100

00:04:22,469 --> 00:04:18,729

that's why that equipment wasn't in the

101
00:04:25,090 --> 00:04:22,479
in the mix what did this cost 180

102
00:04:26,950 --> 00:04:25,100
million or something to make between

103
00:04:29,020 --> 00:04:26,960
as a Seattle and Portland or something

104
00:04:30,640 --> 00:04:29,030
something crazy and then they didn't

105
00:04:32,680 --> 00:04:30,650
want to put that last little safety

106
00:04:35,850 --> 00:04:32,690
thing in there to you know save lives

107
00:04:38,440 --> 00:04:35,860
what I know is that nuts or what I know

108
00:04:40,510 --> 00:04:38,450
Heidi they've got governors they've got

109
00:04:42,040 --> 00:04:40,520
governors just on commercial trucks do

110
00:04:43,600 --> 00:04:42,050
not you know so they want speed and

111
00:04:45,910 --> 00:04:43,610
stuff like that I mean I know a train

112
00:04:48,520 --> 00:04:45,920
may be more sophisticated but they did

113
00:04:50,350 --> 00:04:48,530

Tesla trains then to automatically drive

114

00:04:52,570 --> 00:04:50,360

the freaking trains if they don't want

115

00:04:57,790 --> 00:04:52,580

to be responsible engineers driving them

116

00:04:59,890 --> 00:04:57,800

you know just sold a budgeted Tesla

117

00:05:02,470 --> 00:04:59,900

trucks to some ups or somebody's gonna

118

00:05:03,640 --> 00:05:02,480

buy like a gazillion Tesla trucks

119

00:05:07,570 --> 00:05:03,650

they're just talking about that on the

120

00:05:09,220 --> 00:05:07,580

news tonight ooh but I don't know but

121

00:05:10,540 --> 00:05:09,230

that was a terrible thing it's obviously

122

00:05:16,000 --> 00:05:10,550

like you're saying it's certainly

123

00:05:17,560 --> 00:05:16,010

avoidable but uh well now there's a gal

124

00:05:19,420 --> 00:05:17,570

that saw it been on Catherine aw

125

00:05:21,400 --> 00:05:19,430

Catherine Austin Fitz's her name she's

126

00:05:24,160 --> 00:05:21,410

been on coast to coast a lot she's a a

127

00:05:25,570 --> 00:05:24,170

pretty long term guests on coast to

128

00:05:30,190 --> 00:05:25,580

coast she's a pretty good financial

129

00:05:38,620 --> 00:05:30,200

consultant and she was on Infowars today

130

00:05:41,590 --> 00:05:38,630

and she brought up how Trump has ordered

131

00:05:44,590 --> 00:05:41,600

an audit to his credit that the

132

00:05:47,680 --> 00:05:44,600

Pentagon's lost 21 trillion dollars they

133

00:05:49,450 --> 00:05:47,690

don't know where it went to and this

134

00:05:51,160 --> 00:05:49,460

isn't the first time because even if you

135

00:05:54,130 --> 00:05:51,170

remember correctly back years ago and

136

00:05:58,600 --> 00:05:54,140

Donald Rumsfeld was Secretary of Defense

137

00:06:00,190 --> 00:05:58,610

and the Bush administration he he said

138

00:06:02,110 --> 00:06:00,200

asked about the two trillion or three

139

00:06:05,500 --> 00:06:02,120

trillion so no no it's missing I don't

140

00:06:06,670 --> 00:06:05,510

know you know like I left my pen here I

141

00:06:09,120 --> 00:06:06,680

don't know where it is you know about

142

00:06:12,910 --> 00:06:09,130

probably busy investing in building UFOs

143

00:06:14,920 --> 00:06:12,920

she's it's crazy okay now that is that

144

00:06:18,040 --> 00:06:14,930

is the real truth is who knows how far

145

00:06:19,570 --> 00:06:18,050

the you know all this stuff goes and

146

00:06:23,770 --> 00:06:19,580

where it goes and everything else that's

147

00:06:25,780 --> 00:06:23,780

really yeah but I don't know but anyhow

148

00:06:28,750 --> 00:06:25,790

the 21 trillions missing in Trump he's

149

00:06:30,310 --> 00:06:28,760

trying to find it so at least his credit

150

00:06:34,150 --> 00:06:30,320

he's try to do that and she don't have

151
00:06:37,040 --> 00:06:34,160
to applaud if anybody could scrape up a

152
00:06:42,830 --> 00:06:40,610
maybe how many times I was a 21 oh I

153
00:06:45,610 --> 00:06:42,840
know I know but I mean a 21 trillion

154
00:06:49,790 --> 00:06:45,620
that's pretty heavy box you know yeah

155
00:06:51,379 --> 00:06:49,800
now I did send you that photo on my book

156
00:06:53,629 --> 00:06:51,389
of wrath you know sometimes you look

157
00:06:56,360 --> 00:06:53,639
past it even though I've got the cover

158
00:06:58,460 --> 00:06:56,370
but I mean on the cover of my book

159
00:07:01,129 --> 00:06:58,470
Marian apparitions are real as a photo

160
00:07:03,830 --> 00:07:01,139
that was taken and mega gory the site of

161
00:07:07,189 --> 00:07:03,840
the Marian apparition and it was taken

162
00:07:09,200 --> 00:07:07,199
by a associate of the Deacons one of the

163
00:07:11,240 --> 00:07:09,210

Deacons wives from my church went with

164

00:07:15,320 --> 00:07:11,250

another lady to mention Corey they're

165

00:07:17,180 --> 00:07:15,330

pilgrims there and her companion the

166

00:07:20,330 --> 00:07:17,190

Deacons wife that is the hair companion

167

00:07:23,059 --> 00:07:20,340

I took that photo and there was no image

168

00:07:25,490 --> 00:07:23,069

of the Virgin Mary on the Mount and it

169

00:07:28,189 --> 00:07:25,500

was just a you know historic site and

170

00:07:30,200 --> 00:07:28,199

when it was developed yes indeed it did

171

00:07:31,490 --> 00:07:30,210

have an overlay of the vision of the

172

00:07:33,020 --> 00:07:31,500

Virgin Mary and anybody that's

173

00:07:35,360 --> 00:07:33,030

interested in seeing it contorted Marian

174

00:07:38,330 --> 00:07:35,370

apparitions are real on Amazon the image

175

00:07:41,240 --> 00:07:38,340

of it and Heidi these are people that

176
00:07:42,860 --> 00:07:41,250
are not making any money they're not

177
00:07:44,270 --> 00:07:42,870
even selling books of course making

178
00:07:46,520 --> 00:07:44,280
books don't sell much money anyway

179
00:07:49,249 --> 00:07:46,530
you know what I'm saying well what I'm

180
00:07:50,990 --> 00:07:49,259
saying is that they have no vested

181
00:07:53,029 --> 00:07:51,000
interest in misleading anyone these

182
00:07:54,890 --> 00:07:53,039
people are in the church every time the

183
00:07:56,779 --> 00:07:54,900
doors are open so what I'm saying is if

184
00:07:58,730 --> 00:07:56,789
anybody wants to see a truly miraculous

185
00:08:00,830 --> 00:07:58,740
photo they could go to Marian

186
00:08:03,860 --> 00:08:00,840
apparitions are real and and take a look

187
00:08:05,180 --> 00:08:03,870
at it but it's funny there's a lot of

188
00:08:08,059 --> 00:08:05,190

that running around Heidi there really

189

00:08:11,779 --> 00:08:08,069

is yeah pretty cool yeah I saw that it

190

00:08:13,370 --> 00:08:11,789

was interesting photo wood house how'd

191

00:08:15,200 --> 00:08:13,380

you like to do that woman when you saw

192

00:08:18,140 --> 00:08:15,210

your photo developed but she hit the

193

00:08:21,830 --> 00:08:18,150

floor like a flounder you know that's

194

00:08:24,200 --> 00:08:21,840

that's a it was pretty distinctive oh it

195

00:08:25,879 --> 00:08:24,210

was it was and like I say you know I

196

00:08:27,559 --> 00:08:25,889

don't have a portable lie detector but

197

00:08:29,839 --> 00:08:27,569

there's no reason for these people to

198

00:08:32,389 --> 00:08:29,849

lie there just churchy folks and that's

199

00:08:35,540 --> 00:08:32,399

it though you know there's no vested

200

00:08:37,219 --> 00:08:35,550

interest but I don't know we uh we have

201
00:08:38,930 --> 00:08:37,229
a good guest tonight Paul's got a lot of

202
00:08:41,690 --> 00:08:38,940
stuff going on up in the wingless and

203
00:08:43,490 --> 00:08:41,700
the the Bridgewater triangle is always

204
00:08:45,560 --> 00:08:43,500
an interesting place and he has many

205
00:08:48,910 --> 00:08:45,570
other ongoing sites I want to hear more

206
00:08:52,869 --> 00:08:48,920
about those Doc's sense though I do

207
00:08:55,329 --> 00:08:52,879
I love ghost doggy stories so there you

208
00:08:56,979 --> 00:08:55,339
go just well you know we're just about

209
00:08:58,900 --> 00:08:56,989
ready to go to our first break though

210
00:09:00,910 --> 00:08:58,910
and then we'll have Paul on and then and

211
00:09:05,949 --> 00:09:00,920
have a big old time so we'll be right

212
00:09:07,749 --> 00:09:05,959
back we'll be right back we got Paul and

213
00:09:10,479 --> 00:09:07,759

Benny no on with us and of course 90

214

00:09:12,489 --> 00:09:10,489

houses milling about in the background

215

00:09:14,739 --> 00:09:12,499

there too and yeah ought to be a great

216

00:09:17,139 --> 00:09:14,749

show now for those not familiar with

217

00:09:20,199 --> 00:09:17,149

Paul which I'm sure most of you are but

218

00:09:24,400 --> 00:09:20,209

Paul and then have a show and Boston had

219

00:09:27,429 --> 00:09:24,410

for years and behind the paranormal and

220

00:09:31,030 --> 00:09:27,439

it's a Paul is just a hell of an

221

00:09:38,409 --> 00:09:31,040

investigator I mean he really is and

222

00:09:40,419 --> 00:09:38,419

it's good to have you back well haven't

223

00:09:45,129 --> 00:09:40,429

you looked into Paul and then that you

224

00:09:47,919 --> 00:09:45,139

would like to question yeah well let's

225

00:09:49,659 --> 00:09:47,929

see there isn't much because we kept

226

00:09:55,119 --> 00:09:49,669

running into all sorts of things

227

00:09:57,549 --> 00:09:55,129

unexpectedly while doing ghost research

228

00:10:00,879 --> 00:09:57,559

if you will that then that applied to me

229

00:10:03,100 --> 00:10:00,889

back in the 70s and that's how that's

230

00:10:06,069 --> 00:10:03,110

why we're so broadly based today because

231

00:10:10,780 --> 00:10:06,079

then we'd investigate a ghost case and

232

00:10:13,659 --> 00:10:10,790

you'd run into UFOs and if you looked

233

00:10:15,549 --> 00:10:13,669

outside of a house and a family you

234

00:10:23,619 --> 00:10:15,559

would find an entire area affected and

235

00:10:32,049 --> 00:10:23,629

that's our specialty today precisely yes

236

00:10:35,559 --> 00:10:32,059

I wonder what form it would be connected

237

00:10:40,259 --> 00:10:35,569

though it seems the spirit I mean well

238

00:10:44,439 --> 00:10:40,269

it does you didn't read our 2016 book

239

00:10:46,569 --> 00:10:44,449

Kevin so he just he doesn't read my book

240

00:10:50,439 --> 00:10:46,579

either so don't feel okay there I don't

241

00:10:51,909 --> 00:10:50,449

feel well essentially you could trace

242

00:10:54,279 --> 00:10:51,919

and maybe Ben has some thoughts on this

243

00:10:57,249 --> 00:10:54,289

but you can trace to the same process

244

00:10:58,949 --> 00:10:57,259

being involved same background process

245

00:11:01,920 --> 00:10:58,959

being involved

246

00:11:05,460 --> 00:11:01,930

with all these phenomena and that in our

247

00:11:07,499 --> 00:11:05,470

opinion is the only thing that my

248

00:11:09,749 --> 00:11:07,509

admirer early days would explain the

249

00:11:11,999 --> 00:11:09,759

things I was seeing and that's some

250

00:11:13,619 --> 00:11:12,009

variation on the multiple worlds

251
00:11:15,509 --> 00:11:13,629
interpretation of quantum mechanics

252
00:11:18,179 --> 00:11:15,519
which is an accepted theory in physics

253
00:11:19,559 --> 00:11:18,189
and some would say it's not a theory

254
00:11:21,540 --> 00:11:19,569
anymore because people are building

255
00:11:25,169 --> 00:11:21,550
quantum computers they're actually using

256
00:11:27,389 --> 00:11:25,179
it yeah and what it says is that we are

257
00:11:30,600 --> 00:11:27,399
what you see is not what you get all

258
00:11:32,480 --> 00:11:30,610
around us there are perhaps an infinite

259
00:11:36,960 --> 00:11:32,490
number depending on you talk to of

260
00:11:38,639 --> 00:11:36,970
parallel worlds most entirely physical

261
00:11:41,369 --> 00:11:38,649
like ourselves other versions of

262
00:11:43,109 --> 00:11:41,379
ourselves all in it's an open system

263
00:11:44,549 --> 00:11:43,119

it's not like you you know Hollywood

264

00:11:46,079 --> 00:11:44,559

never gets it right anyway but they used

265

00:11:48,629 --> 00:11:46,089

to have a show called quantum leap and

266

00:11:50,429 --> 00:11:48,639

you I never really watched there's

267

00:11:51,600 --> 00:11:50,439

something really being off one world to

268

00:11:54,480 --> 00:11:51,610

another that's not really how it works

269

00:11:56,309 --> 00:11:54,490

they seem to blend and some of them have

270

00:11:59,309 --> 00:11:56,319

different laws of physics which makes it

271

00:12:01,889 --> 00:11:59,319

interesting and can explain why yeah I

272

00:12:03,329 --> 00:12:01,899

stood there in 1974 with first

273

00:12:06,540 --> 00:12:03,339

responders all around me watched a

274

00:12:09,210 --> 00:12:06,550

refridgerator float thinking 300 pounds

275

00:12:11,220 --> 00:12:09,220

so that would explain quite readily

276

00:12:12,869 --> 00:12:11,230

really all areas of the paranormal if

277

00:12:15,059 --> 00:12:12,879

you look at it from that point of view

278

00:12:17,009 --> 00:12:15,069

maybe we're wrong but but that's the

279

00:12:19,860 --> 00:12:17,019

theory we I've gone on for the last 40

280

00:12:22,639 --> 00:12:19,870

years and been of course had no choice

281

00:12:24,960 --> 00:12:22,649

he grew up with me and obviously he

282

00:12:27,629 --> 00:12:24,970

listened to every lecture lecture since

283

00:12:30,269 --> 00:12:27,639

he was 10 and he can take it from there

284

00:12:32,850 --> 00:12:30,279

well I mean I suppose I think I think we

285

00:12:35,869 --> 00:12:32,860

can't neglect perspective perspective

286

00:12:38,400 --> 00:12:35,879

isn't is an incredibly important tool

287

00:12:40,710 --> 00:12:38,410

because it's almost you know 90% of the

288

00:12:42,780 --> 00:12:40,720

time incorrect so I mean how we

289

00:12:45,689 --> 00:12:42,790

interpret the world around us is really

290

00:12:47,939 --> 00:12:45,699

how the phenomena is experienced for

291

00:12:49,619 --> 00:12:47,949

example she's like I never named name

292

00:12:51,809 --> 00:12:49,629

the case of stuff in my head but there's

293

00:12:52,860 --> 00:12:51,819

some some haunted bar or whatever and

294

00:12:54,749 --> 00:12:52,870

like the end of the basement people

295

00:12:56,639 --> 00:12:54,759

would see this woman so they sent in a

296

00:12:58,530 --> 00:12:56,649

couple different people one person saw

297

00:13:01,019 --> 00:12:58,540

just a floating ball one person saw a

298

00:13:02,999 --> 00:13:01,029

woman in a dress and one person saw like

299

00:13:04,559 --> 00:13:03,009

you know wispy kind of figure you know

300

00:13:07,379 --> 00:13:04,569

what you bring to the experience is what

301
00:13:09,329 --> 00:13:07,389
you get out of it this is what we've

302
00:13:11,579 --> 00:13:09,339
found so I mean if you go into a place

303
00:13:12,329 --> 00:13:11,589
expecting dead people of course you're

304
00:13:14,309 --> 00:13:12,339
gonna you're gonna

305
00:13:17,489 --> 00:13:14,319
you know what you what you think to be

306
00:13:19,049 --> 00:13:17,499
dead people you know like you get EVPs

307
00:13:20,699 --> 00:13:19,059
of stuff like you know people like oh

308
00:13:22,410 --> 00:13:20,709
I'm from the 1700s but it's like they

309
00:13:27,090 --> 00:13:22,420
don't talk anything like someone from

310
00:13:30,150 --> 00:13:27,100
the 1700s can our eyeballs be truly like

311
00:13:32,759 --> 00:13:30,160
I don't know our filters to sing these

312
00:13:35,129 --> 00:13:32,769
things a certain way I mean like they

313
00:13:38,129 --> 00:13:35,139

have I scans and all these sci-fi movies

314

00:13:41,759 --> 00:13:38,139

because each eyeball is differently it's

315

00:13:44,329 --> 00:13:41,769

like a fingerprint so is it yeah is it

316

00:13:47,809 --> 00:13:44,339

potentially that we're literally

317

00:13:50,639 --> 00:13:47,819

interpreting through a filter that is

318

00:13:53,189 --> 00:13:50,649

individually different so I mean it's

319

00:13:54,540 --> 00:13:53,199

just natural to you know be able to see

320

00:13:58,799 --> 00:13:54,550

something clearer than the next person

321

00:13:59,759 --> 00:13:58,809

or not well the eye is connected to the

322

00:14:07,400 --> 00:13:59,769

brain yes

323

00:14:09,689 --> 00:14:07,410

so first some worry we are now not to

324

00:14:11,549 --> 00:14:09,699

interpret what we see flying in the sky

325

00:14:14,670 --> 00:14:11,559

because we are not credible witnesses

326

00:14:17,489 --> 00:14:14,680

you know oh yeah well so the human the

327

00:14:18,629 --> 00:14:17,499

human brain you know is I don't want to

328

00:14:20,249 --> 00:14:18,639

say a computer because that's too

329

00:14:22,650 --> 00:14:20,259

materialistic you know it takes what we

330

00:14:23,699 --> 00:14:22,660

see in process is that so I mean there's

331

00:14:25,559 --> 00:14:23,709

sort of there's such a thing as

332

00:14:26,910 --> 00:14:25,569

pareidolia where you see something and

333

00:14:28,470 --> 00:14:26,920

that doesn't make sense to your brain

334

00:14:31,169 --> 00:14:28,480

automatically make sense of it but

335

00:14:33,059 --> 00:14:31,179

there's also a really a really fun thing

336

00:14:34,769 --> 00:14:33,069

that I learned from it from a good

337

00:14:41,059 --> 00:14:34,779

colleague of a good friend and colleague

338

00:14:43,710 --> 00:14:41,069

of ours which on and eke it and eke it

339

00:14:48,509 --> 00:14:43,720

was it was explaining to us he's getting

340

00:14:50,069 --> 00:14:48,519

his PhD in psycho visuals I believe is

341

00:14:51,929 --> 00:14:50,079

the term which is essentially like you

342

00:14:54,419 --> 00:14:51,939

know the the psychology of vision and

343

00:14:56,879 --> 00:14:54,429

how we see things oh so he could get a

344

00:15:02,160 --> 00:14:56,889

degree that's credible but not entirely

345

00:15:04,590 --> 00:15:02,170

in like some in the paranormal realm but

346

00:15:05,639 --> 00:15:04,600

he still applies it to that so he's he

347

00:15:07,079 --> 00:15:05,649

brought up something really interesting

348

00:15:09,210 --> 00:15:07,089

which I never really thought of and he's

349

00:15:12,509 --> 00:15:09,220

like you know the human the human eye

350

00:15:16,049 --> 00:15:12,519

can only perceive so much you know I

351

00:15:17,400 --> 00:15:16,059

didn't know like as long as the farthest

352

00:15:19,739 --> 00:15:17,410

you can hold out your arms and put your

353

00:15:22,199 --> 00:15:19,749

thumbs up that's as far as you can

354

00:15:24,720 --> 00:15:22,209

perceive depth with like any real

355

00:15:26,220 --> 00:15:24,730

precision so depth perception like true

356

00:15:29,160 --> 00:15:26,230

depth perception is

357

00:15:31,440 --> 00:15:29,170

available to 20% of the population so

358

00:15:32,220 --> 00:15:31,450

the other 80% does not have true depth

359

00:15:34,650 --> 00:15:32,230

perception

360

00:15:36,540 --> 00:15:34,660

wowthat's i really surprised that you

361

00:15:39,060 --> 00:15:36,550

would say that about your fellow men

362

00:15:41,550 --> 00:15:39,070

because us ladies always suspect that

363

00:15:46,860 --> 00:15:41,560

men have a different view on e ways but

364

00:15:48,570 --> 00:15:46,870

there are more than you know know I've

365

00:15:51,720 --> 00:15:48,580

experienced that because even on a more

366

00:15:55,110 --> 00:15:51,730

mundane level I I'm one of the 10% of

367

00:15:57,150 --> 00:15:55,120

guys that can see colors and that's why

368

00:15:58,770 --> 00:15:57,160

you know I used to read I violin leather

369

00:16:02,430 --> 00:15:58,780

and stuff like that because I could mix

370

00:16:05,430 --> 00:16:02,440

colors by eye and women can do it

371

00:16:08,370 --> 00:16:05,440

readily but very few guys can do

372

00:16:09,990 --> 00:16:08,380

anything that our brain does these does

373

00:16:11,670 --> 00:16:10,000

these things and deals with such

374

00:16:13,110 --> 00:16:11,680

patterns that when we deal with

375

00:16:15,240 --> 00:16:13,120

something that's outside of the patterns

376

00:16:17,700 --> 00:16:15,250

that we normally have to normally

377

00:16:19,320 --> 00:16:17,710

interact with of course you know things

378

00:16:21,360 --> 00:16:19,330

will get interpreted in different ways

379

00:16:23,070 --> 00:16:21,370

and you know experienced in different

380

00:16:25,350 --> 00:16:23,080

ways especially if you're just dealing

381

00:16:27,300 --> 00:16:25,360

with you know the five the five senses

382

00:16:29,070 --> 00:16:27,310

you know empirical reasoning is kind of

383

00:16:30,390 --> 00:16:29,080

on the outs at this point because

384

00:16:32,400 --> 00:16:30,400

sometimes there are things that exist

385

00:16:35,520 --> 00:16:32,410

that you can't see hear smell touch or

386

00:16:37,080 --> 00:16:35,530

taste right exactly exactly that's true

387

00:16:40,460 --> 00:16:37,090

you know Paul one of the things I found

388

00:16:43,260 --> 00:16:40,470

that was strange I guess have only one

389

00:16:45,990 --> 00:16:43,270

well what a yeah I know but within my

390

00:16:47,460 --> 00:16:46,000

little realm of interest is of course I

391

00:16:50,280 --> 00:16:47,470

got a lot of interest yeah but I mean my

392

00:16:53,130 --> 00:16:50,290

specific interest is there's a picture

393

00:16:56,010 --> 00:16:53,140

of the Virgin Mary in Museum in Italy

394

00:16:59,400 --> 00:16:56,020

and in the upper right hand corner

395

00:17:01,860 --> 00:16:59,410

there's a UFO it's and it's been in

396

00:17:03,600 --> 00:17:01,870

constant custody of the church for 500

397

00:17:07,470 --> 00:17:03,610

Armeen of that museum rather for 500

398

00:17:11,460 --> 00:17:07,480

years yeah for 40 shows or comic strips

399

00:17:14,670 --> 00:17:11,470

or you know ya know the one you mean I I

400

00:17:16,320 --> 00:17:14,680

think well I think you you have to be

401
00:17:19,920 --> 00:17:16,330
familiar with the art motifs of the

402
00:17:21,720 --> 00:17:19,930
period very often in the Renaissance

403
00:17:24,480 --> 00:17:21,730
they would interpret ancient art

404
00:17:28,080 --> 00:17:24,490
correctly or incorrectly and very often

405
00:17:30,840 --> 00:17:28,090
that there is a the star would be

406
00:17:33,690 --> 00:17:30,850
depicted with someone driving it now I'm

407
00:17:36,990 --> 00:17:33,700
not saying not to be a killjoy here but

408
00:17:39,240 --> 00:17:37,000
I mean I mean that's one possibility

409
00:17:40,330 --> 00:17:39,250
oh yeah but then you know you go back to

410
00:17:42,490 --> 00:17:40,340
people like Akhenaten

411
00:17:44,230 --> 00:17:42,500
Amenhotep the fourth of Egypt who had

412
00:17:45,490 --> 00:17:44,240
this experience with a disc in the sky

413
00:17:47,649 --> 00:17:45,500

and all of a sudden changed all you

414

00:17:49,180 --> 00:17:47,659

through it through all the ancient gods

415

00:17:51,659 --> 00:17:49,190

the heck out of the temples that he just

416

00:17:54,850 --> 00:17:51,669

everybody had to worship this this disc

417

00:17:56,230 --> 00:17:54,860

so you know you don't know what the

418

00:17:58,810 --> 00:17:56,240

origins of these are but they are

419

00:18:00,039 --> 00:17:58,820

suspicious so that I think the painting

420

00:18:02,289 --> 00:18:00,049

you refer to is just it's just a

421

00:18:05,500 --> 00:18:02,299

suspicious well that could it be but

422

00:18:08,260 --> 00:18:05,510

there was one I saw Karen Dolan Richard

423

00:18:10,299 --> 00:18:08,270

Dolan's ex-wife she had a thing up at

424

00:18:12,130 --> 00:18:10,309

the Arkansas UFO festival a few years

425

00:18:15,100 --> 00:18:12,140

back ask you've been quite a few years

426

00:18:18,700 --> 00:18:15,110

back now seven or eight nine but what it

427

00:18:20,350 --> 00:18:18,710

was was she had a little slide

428

00:18:22,810 --> 00:18:20,360

presentation that there was an pyrenees

429

00:18:25,180 --> 00:18:22,820

mountains in france they had what looked

430

00:18:28,899 --> 00:18:25,190

like an exact copy of the george jetson

431

00:18:33,279 --> 00:18:28,909

he looked in vehicles that you know from

432

00:18:37,529 --> 00:18:33,289

the old comic show yeah I mean exactly

433

00:18:39,639 --> 00:18:37,539

and they were carbon dated to 6,000 BC

434

00:18:41,500 --> 00:18:39,649

well what were they carved on that they

435

00:18:44,620 --> 00:18:41,510

could be carbon-dated that has to be it

436

00:18:46,600 --> 00:18:44,630

can't be rock has to be organic it was

437

00:18:48,190 --> 00:18:46,610

painted some some form of paintings okay

438

00:18:50,409 --> 00:18:48,200

okay well the paint was organic yeah you

439

00:18:52,389 --> 00:18:50,419

could do that yeah but I mean it I mean

440

00:18:54,010 --> 00:18:52,399

it was mind-blowing because I mean it

441

00:18:58,180 --> 00:18:54,020

would look just like the George Jetson

442

00:18:59,649 --> 00:18:58,190

looking veto they said yeah yeah well we

443

00:19:02,049 --> 00:18:59,659

show in our lectures all sorts of things

444

00:19:05,260 --> 00:19:02,059

like that from from and it is difficult

445

00:19:06,279 --> 00:19:05,270

to explain them away in any other any

446

00:19:08,320 --> 00:19:06,289

other way

447

00:19:10,120 --> 00:19:08,330

and Ivan Daniken just came out with a

448

00:19:13,360 --> 00:19:10,130

new book the gods are still with us

449

00:19:24,970 --> 00:19:13,370

because we're hopefully have him on our

450

00:19:27,430 --> 00:19:24,980

show about that but we're all getting in

451

00:19:28,930 --> 00:19:27,440

line to book him for this but I mean I

452

00:19:31,330 --> 00:19:28,940

can't have a love love/hate relationship

453

00:19:33,240 --> 00:19:31,340

with him I mean he's no prize but I

454

00:19:36,039 --> 00:19:33,250

think he stumbled onto something that

455

00:19:37,180 --> 00:19:36,049

was very important you know he's not the

456

00:19:39,639 --> 00:19:37,190

first to come up with the idea that

457

00:19:42,279 --> 00:19:39,649

ancient gods were actually alien

458

00:19:45,100 --> 00:19:42,289

visitors I think that's far too narrow a

459

00:19:47,010 --> 00:19:45,110

a possibility I think it could be

460

00:19:50,169 --> 00:19:47,020

something a lot more than that but but

461

00:19:51,310 --> 00:19:50,179

we'll see what he has to say I just got

462

00:19:51,700 --> 00:19:51,320

the book haven't had a chance to read it

463

00:19:53,889 --> 00:19:51,710

yet

464

00:19:54,290 --> 00:19:53,899

I thought he'd go met his maker a long

465

00:20:02,030 --> 00:19:54,300

time

466

00:20:06,400 --> 00:20:02,040

go yep he's good with the 65 million

467

00:20:12,530 --> 00:20:09,260

because as I'm trying to arrange the

468

00:20:16,730 --> 00:20:12,540

time zone with him the difference we

469

00:20:18,710 --> 00:20:16,740

take it over the full report show yes if

470

00:20:22,120 --> 00:20:18,720

I have my news oh I didn't know that

471

00:20:24,320 --> 00:20:22,130

congratulations Heidi yes thank you

472

00:20:26,900 --> 00:20:24,330

interesting let me tell you I vented

473

00:20:30,800 --> 00:20:26,910

today about that New York Times article

474

00:20:33,200 --> 00:20:30,810

because it's it's just I mean I don't

475

00:20:34,790 --> 00:20:33,210

know I I have I know that you guys have

476

00:20:37,070 --> 00:20:34,800

been on this for a long time too and I

477

00:20:40,160 --> 00:20:37,080

know you've met a lot of people that

478

00:20:41,060 --> 00:20:40,170

have really gone over the edge because

479

00:20:43,340 --> 00:20:41,070

of some the things that they've

480

00:20:45,920 --> 00:20:43,350

experienced in regards to UFOs and

481

00:20:48,890 --> 00:20:45,930

aliens and go to therapists find they

482

00:20:50,930 --> 00:20:48,900

have PTSD and and they're never the same

483

00:20:53,330 --> 00:20:50,940

they lose their wives they lose their

484

00:20:56,270 --> 00:20:53,340

jobs some commit suicide and it's like

485

00:20:59,390 --> 00:20:56,280

oh and mr. Harry Reid whose buddies with

486

00:21:01,760 --> 00:20:59,400

Bigelow it's just you know let's make

487

00:21:03,710 --> 00:21:01,770

this as covert as we possibly can and

488

00:21:06,830 --> 00:21:03,720

steal 22 million dollars I'm sorry

489

00:21:10,010 --> 00:21:06,840

dedicate 22 million dollars to keeping

490

00:21:15,110 --> 00:21:10,020

this highly secret and you know you know

491

00:21:17,870 --> 00:21:15,120

it goes deeper than that but what about

492

00:21:19,970 --> 00:21:17,880

things and it's like you know it like

493

00:21:22,190 --> 00:21:19,980

it's no big thing and yeah so we're

494

00:21:24,530 --> 00:21:22,200

doing this it's like you know what a lot

495

00:21:27,080 --> 00:21:24,540

of people have suffered for a long time

496

00:21:29,450 --> 00:21:27,090

and they said where's the panic that

497

00:21:30,860 --> 00:21:29,460

they said we would be all under I would

498

00:21:32,450 --> 00:21:30,870

like to know where the panic is in the

499

00:21:34,910 --> 00:21:32,460

streets because they said if they ever

500

00:21:36,920 --> 00:21:34,920

came forward and said UFOs are real this

501
00:21:38,420 --> 00:21:36,930
is probably why they won't tell us and

502
00:21:40,910 --> 00:21:38,430
like you know people in the government

503
00:21:42,950 --> 00:21:40,920
are able to handle this information well

504
00:21:45,080 --> 00:21:42,960
they just said aliens are real

505
00:21:47,630 --> 00:21:45,090
essentially and I you know people are

506
00:21:49,340 --> 00:21:47,640
still walking with two legs they're not

507
00:21:50,810 --> 00:21:49,350
pulling their hair out there are a lot

508
00:21:54,740 --> 00:21:50,820
of assumptions and what you just said

509
00:21:57,260 --> 00:21:54,750
there Heidi well if you look at some

510
00:21:59,000 --> 00:21:57,270
well first of all I tend because this

511
00:22:02,480 --> 00:21:59,010
always we speak at a lot of UFO

512
00:22:04,040 --> 00:22:02,490
conferences ironically they were not too

513
00:22:06,440 --> 00:22:04,050

well like that

514

00:22:08,190 --> 00:22:06,450

the ghost conferences because we were

515

00:22:10,919 --> 00:22:08,200

bad for business we questioned there

516

00:22:14,220 --> 00:22:10,929

theories but beautiful people tend to be

517

00:22:16,259 --> 00:22:14,230

more open it's what we have to say and

518

00:22:19,080 --> 00:22:16,269

one of those things is I can't speak for

519

00:22:21,960 --> 00:22:19,090

Ben but I tend to be a client a climate

520

00:22:26,580 --> 00:22:21,970

skeptic no not a climb is a disclosure

521

00:22:29,220 --> 00:22:26,590

skeptic because I mean first of all I

522

00:22:31,500 --> 00:22:29,230

mean how naive are we anyway who

523

00:22:34,320 --> 00:22:31,510

believes the government we do really

524

00:22:36,269 --> 00:22:34,330

think they're gonna come out and tell

525

00:22:40,560 --> 00:22:36,279

the whole truth nothing but the truth

526
00:22:42,269 --> 00:22:40,570
no no I mean I can't you know I

527
00:22:44,820 --> 00:22:42,279
yeah and Kevin you and I are both

528
00:22:45,930 --> 00:22:44,830
veterans and I think we had a Noddy

529
00:22:47,730 --> 00:22:45,940
acquaintance with the intelligence

530
00:22:50,190 --> 00:22:47,740
community and it's just is that how it

531
00:22:52,080 --> 00:22:50,200
works they have some agenda and Harry

532
00:22:55,019 --> 00:22:52,090
Reid or no and he's no prize either but

533
00:22:57,360 --> 00:22:55,029
I mean anything and Kevin will back me

534
00:23:00,029 --> 00:22:57,370
up on this anything that's in the sky

535
00:23:03,379 --> 00:23:00,039
that is not known is a potential threat

536
00:23:06,810 --> 00:23:03,389
and they're going to look at it you know

537
00:23:08,789 --> 00:23:06,820
as far as I think that there's

538
00:23:11,039 --> 00:23:08,799

misdirection here as always

539

00:23:14,629 --> 00:23:11,049

because yeah okay they're throwing a

540

00:23:17,789 --> 00:23:14,639

bone to the naive UFO community perhaps

541

00:23:19,289 --> 00:23:17,799

our our opinion if it's very strong

542

00:23:23,250 --> 00:23:19,299

opinion I know Ben agrees with me on

543

00:23:25,740 --> 00:23:23,260

this is that the reason things are kept

544

00:23:27,870 --> 00:23:25,750

secret is because we're dealing with

545

00:23:30,960 --> 00:23:27,880

what we've already brought up this

546

00:23:34,680 --> 00:23:30,970

multi-verse thing I don't we all grew up

547

00:23:37,500 --> 00:23:34,690

with mr. Spock and the Klingons and the

548

00:23:39,840 --> 00:23:37,510

Apes and whatever yeah you know so if

549

00:23:41,370 --> 00:23:39,850

they're yeah I think people would be

550

00:23:43,350 --> 00:23:41,380

okay with this thing people are ready

551
00:23:44,730 --> 00:23:43,360
for the idea of alien life I mean I

552
00:23:46,529 --> 00:23:44,740
don't think anybody any intelligent

553
00:23:48,659 --> 00:23:46,539
person can really deny it anymore just

554
00:23:50,009 --> 00:23:48,669
what we've seen with the size we've

555
00:23:51,240 --> 00:23:50,019
gotten a sense of the size of the

556
00:23:52,250 --> 00:23:51,250
universe and so they're not really

557
00:23:56,070 --> 00:23:52,260
awesome of course

558
00:23:58,139 --> 00:23:56,080
however it's fine if they're far away on

559
00:23:59,789 --> 00:23:58,149
some other planet or even visiting now

560
00:24:02,580 --> 00:23:59,799
and then but you know go home later you

561
00:24:05,340 --> 00:24:02,590
know I I don't think that's really what

562
00:24:07,470 --> 00:24:05,350
it is I think that the big secret is

563
00:24:09,029 --> 00:24:07,480

actually that these things are not far

564

00:24:10,980 --> 00:24:09,039

away they're right next to us in

565

00:24:13,820 --> 00:24:10,990

parallel worlds all the time our

566

00:24:16,139 --> 00:24:13,830

greatest dreams and our worst nightmares

567

00:24:18,360 --> 00:24:16,149

not to make it oh not to oversimplify

568

00:24:20,050 --> 00:24:18,370

but I think that's the big that would

569

00:24:22,660 --> 00:24:20,060

send society over the edge

570

00:24:24,550 --> 00:24:22,670

oh they definitely are not going to

571

00:24:28,810 --> 00:24:24,560

fully disclose that that's for certain

572

00:24:30,310 --> 00:24:28,820

but I am even when I was reviewing it

573

00:24:34,570 --> 00:24:30,320

it's like I think I gave a two finger

574

00:24:37,090 --> 00:24:34,580

clap because that was just nothing yeah

575

00:24:40,210 --> 00:24:37,100

for what they stood for well this has

576
00:24:41,440 --> 00:24:40,220
been going on since 1999 at least and

577
00:24:43,210 --> 00:24:41,450
I'll probably weigh before that with the

578
00:24:44,980 --> 00:24:43,220
military I mean there are stories going

579
00:24:47,140 --> 00:24:44,990
back to the Civil War or before it's

580
00:24:48,760 --> 00:24:47,150
just in this country never mind the

581
00:24:50,800 --> 00:24:48,770
Egyptians or the Romans and everybody

582
00:24:52,540 --> 00:24:50,810
else out there yeah I've had UFO

583
00:24:56,140 --> 00:24:52,550
experiences you know so this is nothing

584
00:24:58,240 --> 00:24:56,150
new bit Ben's mom she keeps our feet on

585
00:25:00,370 --> 00:24:58,250
the ground ever the practical lady said

586
00:25:02,470 --> 00:25:00,380
as she saw the video that it's a from

587
00:25:06,130 --> 00:25:02,480
CBS's you know that looks like a fly on

588
00:25:08,290 --> 00:25:06,140

the windshield yeah I don't need a run

589

00:25:14,250 --> 00:25:08,300

coming to our bottom of the hour break

590

00:25:19,690 --> 00:25:17,200

and I don't know I guess I guess what

591

00:25:21,010 --> 00:25:19,700

you're saying was very intriguing I

592

00:25:23,680 --> 00:25:21,020

never really thought about it that way

593

00:25:25,810 --> 00:25:23,690

but to think about the multiverse aspect

594

00:25:28,180 --> 00:25:25,820

of overlap of dimensionality and all

595

00:25:29,830 --> 00:25:28,190

this would be far more unsettling than

596

00:25:31,660 --> 00:25:29,840

some alien that might visit you from

597

00:25:34,620 --> 00:25:31,670

Saturn or something out on that or

598

00:25:37,420 --> 00:25:34,630

whatever some that's our opinion anyway

599

00:25:42,580 --> 00:25:37,430

well it sounds a tree yeah it could be

600

00:25:44,320 --> 00:25:42,590

but that's why it is it is but then you

601
00:25:46,540 --> 00:25:44,330
know there's so many like you're saying

602
00:25:48,670 --> 00:25:46,550
that you know the historical aspects

603
00:25:50,650 --> 00:25:48,680
like Christopher Columbus when he came

604
00:25:52,300 --> 00:25:50,660
over here saw all kinds of oddball stuff

605
00:25:54,910 --> 00:25:52,310
for the Bermuda Triangle at that time

606
00:25:56,320 --> 00:25:54,920
and you know he was a veteran a mariner

607
00:26:00,220 --> 00:25:56,330
and all that I mean they knew what was

608
00:26:02,260 --> 00:26:00,230
an anomaly and what wasn't and I think I

609
00:26:03,820 --> 00:26:02,270
think if I remember correctly for it was

610
00:26:05,260 --> 00:26:03,830
a counter to the unexplained at his show

611
00:26:07,960 --> 00:26:05,270
on that day it was like there was look

612
00:26:10,870 --> 00:26:07,970
luminous submarines that were shadowing

613
00:26:12,370 --> 00:26:10,880

his boats or something like that so you

614

00:26:14,500 --> 00:26:12,380

know welcome to Bermuda Triangle

615

00:26:16,240 --> 00:26:14,510

Europeans or something yeah well there's

616

00:26:17,530 --> 00:26:16,250

phosphorescence in the water down there

617

00:26:19,710 --> 00:26:17,540

I mean I was down there in the Coast

618

00:26:23,880 --> 00:26:19,720

Guard and one time I was on the bridge

619

00:26:26,140 --> 00:26:23,890

on the bridge and the the compass

620

00:26:29,170 --> 00:26:26,150

started to just go round and round is

621

00:26:32,850 --> 00:26:29,180

there a major heavy-duty military grade

622

00:26:35,520 --> 00:26:32,860

ships compass right and

623

00:26:37,230 --> 00:26:35,530

people who hadn't been there that the

624

00:26:38,520 --> 00:26:37,240

quartermaster called out to the captain

625

00:26:41,100 --> 00:26:38,530

who happened to be on the bridge - and

626
00:26:42,690 --> 00:26:41,110
he said Oh captain Luther he said and

627
00:26:44,400 --> 00:26:42,700
the captain very common just that it'll

628
00:26:47,700 --> 00:26:44,410
be over in a minute don't worry about it

629
00:26:49,980 --> 00:26:47,710
so that's a minute or two with a u.s.

630
00:26:53,250 --> 00:26:49,990
warship with no navigation but it did

631
00:26:56,160 --> 00:26:53,260
end oh so you know there was one that

632
00:26:59,160 --> 00:26:56,170
was very freaky this guy that was a you

633
00:27:01,289 --> 00:26:59,170
know he's a retired I don't think he's a

634
00:27:03,480 --> 00:27:01,299
navy chief and I'm thinking you got

635
00:27:06,480 --> 00:27:03,490
bumped that in grade but and he had this

636
00:27:07,980 --> 00:27:06,490
the last time thing yeah yeah yeah but

637
00:27:10,530 --> 00:27:07,990
but still he was a nice enough guy and

638
00:27:12,840 --> 00:27:10,540

he he was petty officer of the watch at

639

00:27:17,820 --> 00:27:12,850

one time on a carrier so he wasn't that

640

00:27:22,620 --> 00:27:17,830

bad but but what it was was the boat was

641

00:27:25,640 --> 00:27:22,630

making a you know relocating from Corpus

642

00:27:29,250 --> 00:27:25,650

Christi to Pensacola I think it was and

643

00:27:31,440 --> 00:27:29,260

is crossing the Gulf in any case and in

644

00:27:34,440 --> 00:27:31,450

the context of making that crossing

645

00:27:37,440 --> 00:27:34,450

there's about 300 guys that saw the

646

00:27:40,549 --> 00:27:37,450

outlines of a ship in the horizon and

647

00:27:43,230 --> 00:27:40,559

the the radar picked up like you know

648

00:27:45,480 --> 00:27:43,240

different other commercial boats and

649

00:27:48,360 --> 00:27:45,490

stuff like that but it what this outline

650

00:27:51,419 --> 00:27:48,370

of the ship was not picked up on the

651
00:27:52,890 --> 00:27:51,429
Navy's radar and of course you know it

652
00:27:54,419 --> 00:27:52,900
was such a big deal for anything get

653
00:27:55,890 --> 00:27:54,429
close to a carrier that you know even

654
00:27:57,180 --> 00:27:55,900
the Pentagon was interested in what the

655
00:28:01,110 --> 00:27:57,190
heck's going on down there and all this

656
00:28:04,169 --> 00:28:01,120
but every 300 guys saw what was not even

657
00:28:06,870 --> 00:28:04,179
supposed to exist on radar the

658
00:28:08,190 --> 00:28:06,880
silhouette of it and it was

659
00:28:11,010 --> 00:28:08,200
mind-boggling to that day and they were

660
00:28:12,810 --> 00:28:11,020
basically told to shut up about yeah

661
00:28:15,000 --> 00:28:12,820
well better than I've been looking

662
00:28:17,820 --> 00:28:15,010
lately into a phenomenon known as the

663
00:28:20,130 --> 00:28:17,830

boo gyre anomaly okay it's it's a well

664

00:28:22,530 --> 00:28:20,140

known gravitational anomaly as a matter

665

00:28:24,539 --> 00:28:22,540

of fact geologists and engineers use it

666

00:28:28,470 --> 00:28:24,549

to look for oil and gas deposits and

667

00:28:30,500 --> 00:28:28,480

that's how it came up in areas where you

668

00:28:34,919 --> 00:28:30,510

would have things like the Mothman

669

00:28:37,289 --> 00:28:34,929

phenomena going on and what it is it's a

670

00:28:38,760 --> 00:28:37,299

gravitational anomaly whereas well you'd

671

00:28:40,049 --> 00:28:38,770

think when you get closer to the center

672

00:28:41,159 --> 00:28:40,059

of the earth the gravity would increase

673

00:28:43,560 --> 00:28:41,169

right well it's not always the case

674

00:28:44,980 --> 00:28:43,570

where this anomaly is present and it

675

00:28:47,440 --> 00:28:44,990

depends on the kind of rock

676

00:28:51,190 --> 00:28:47,450

you know you go down say into River

677

00:28:52,120 --> 00:28:51,200

Valley and you get lighter now you put

678

00:28:54,490 --> 00:28:52,130

two and two together what are the

679

00:28:57,250 --> 00:28:54,500

Einsteins say that gravity does it bends

680

00:29:00,100 --> 00:28:57,260

space and time but you thought the same

681

00:29:02,740 --> 00:29:00,110

yeah right so we're looking and then

682

00:29:05,919 --> 00:29:02,750

that what where are the blue J are

683

00:29:07,390 --> 00:29:05,929

anomalies most strong and prominent and

684

00:29:10,270 --> 00:29:07,400

where to the paranormal things take

685

00:29:13,120 --> 00:29:10,280

place so far it's a complete bullseye

686

00:29:14,880 --> 00:29:13,130

you have the roam trough as it's known

687

00:29:17,710 --> 00:29:14,890

to geologists running from northern

688

00:29:19,299 --> 00:29:17,720

north of Pittsburgh all the way down

689

00:29:21,370 --> 00:29:19,309

through the Ohio Valley all the way into

690

00:29:23,200 --> 00:29:21,380

Kentucky and what have you got along

691

00:29:24,790 --> 00:29:23,210

that line you've got the the

692

00:29:27,090 --> 00:29:24,800

Pennsylvania triangle one of our biggest

693

00:29:29,890 --> 00:29:27,100

cases right now down through oh yeah

694

00:29:32,080 --> 00:29:29,900

yeah you've got the moth hole Mothman

695

00:29:34,480 --> 00:29:32,090

area from the 1960s the whole Ohio

696

00:29:36,580 --> 00:29:34,490

Valley all the way down into Kentucky

697

00:29:41,290 --> 00:29:36,590

2-1 we're just getting into which is the

698

00:29:43,960 --> 00:29:41,300

the Panther Rock Kentucky area triangle

699

00:29:46,000 --> 00:29:43,970

so it's and in Connecticut the

700

00:29:46,410 --> 00:29:46,010

Litchfield triangle right smack in the

701
00:29:49,090 --> 00:29:46,420
middle

702
00:29:50,380 --> 00:29:49,100
Torrington Litchfield and Goshen is the

703
00:29:52,060 --> 00:29:50,390
strongest blue sure anomaly in

704
00:30:00,330 --> 00:29:52,070
Connecticut so maybe it's a coincidence

705
00:30:06,850 --> 00:30:03,549
we have a giant bat man-like creature

706
00:30:09,220 --> 00:30:06,860
just flap it around screeching freaking

707
00:30:11,500 --> 00:30:09,230
people out and he's huge we managed to

708
00:30:13,930 --> 00:30:11,510
squeeze that at the last minute into our

709
00:30:16,390 --> 00:30:13,940
latest book which is about Krypton's and

710
00:30:17,799 --> 00:30:16,400
the whole Mothman chapter we managed to

711
00:30:20,770 --> 00:30:17,809
squeeze that and just before with the

712
00:30:23,049 --> 00:30:20,780
press so what did it come out when did

713
00:30:24,790 --> 00:30:23,059

it come out that came out July is the

714

00:30:28,900 --> 00:30:24,800

second and the behind the paranormal

715

00:30:35,680 --> 00:30:28,910

yeah okay but now you mentioned in that

716

00:30:37,090 --> 00:30:35,690

book about the Chicago Mothman yeah one

717

00:30:39,640 --> 00:30:37,100

last time I was seen out there hiding

718

00:30:43,090 --> 00:30:39,650

you I'm not sure when the very last one

719

00:30:45,190 --> 00:30:43,100

was seen but it's there seems to be a

720

00:30:47,850 --> 00:30:45,200

good hangout spot that this thing likes

721

00:30:52,419 --> 00:30:47,860

to be yeah which is on Lake Shore Drive

722

00:30:53,320 --> 00:30:52,429

underneath a bridge there near Navy Pier

723

00:30:55,270 --> 00:30:53,330

mm-hmm

724

00:30:57,310 --> 00:30:55,280

there's been at least two sightings that

725

00:30:58,540 --> 00:30:57,320

I came across that they've spotted him

726

00:31:00,460 --> 00:30:58,550

under there

727

00:31:02,500 --> 00:31:00,470

only to have them flap out from

728

00:31:05,050 --> 00:31:02,510

underneath there and freak people out

729

00:31:08,580 --> 00:31:05,060

imagine driving a lot I or something

730

00:31:10,900 --> 00:31:08,590

yeah yeah yeah and there's a

731

00:31:14,470 --> 00:31:10,910

neighborhood called little village over

732

00:31:18,520 --> 00:31:14,480

here that's a predominantly Hispanic

733

00:31:21,100 --> 00:31:18,530

area and I mean they hear him shriek

734

00:31:23,740 --> 00:31:21,110

they see him standing upright they think

735

00:31:26,530 --> 00:31:23,750

it's a man and he just jumps up and

736

00:31:29,950 --> 00:31:26,540

flies off maybe just freaking people out

737

00:31:38,820 --> 00:31:29,960

okay that's right we better investigate

738

00:31:44,470 --> 00:31:41,950

gonna say one thing then and I always

739

00:31:47,110 --> 00:31:44,480

point out is that you know we wonder if

740

00:31:49,570 --> 00:31:47,120

the labels we place on things are really

741

00:31:51,040 --> 00:31:49,580

accurate I understand Heidi that two of

742

00:31:54,340 --> 00:31:51,050

these creatures have been seen at the

743

00:31:56,680 --> 00:31:54,350

same time on occasion yes I have heard

744

00:31:58,780 --> 00:31:56,690

that okay so whether there's just a one

745

00:32:00,760 --> 00:31:58,790

Mothman I mean you need a breeding

746

00:32:03,220 --> 00:32:00,770

population or at least 500 over a

747

00:32:06,280 --> 00:32:03,230

certain area you need a mate yep yeah

748

00:32:07,990 --> 00:32:06,290

and if this is a biological creature in

749

00:32:12,130 --> 00:32:08,000

the normal sense of the word you know

750

00:32:13,990 --> 00:32:12,140

and if we've got a thin area a thin

751

00:32:16,150 --> 00:32:14,000

place as Native Americans would say

752

00:32:17,470 --> 00:32:16,160

where the boundaries of these parallel

753

00:32:19,720 --> 00:32:17,480

worlds you know if that theory is

754

00:32:22,090 --> 00:32:19,730

correct our thin these things are coming

755

00:32:24,750 --> 00:32:22,100

and going and we've run into a lot of

756

00:32:28,390 --> 00:32:24,760

creatures and entities that come and go

757

00:32:30,430 --> 00:32:28,400

when they are able in order to eat okay

758

00:32:33,130 --> 00:32:30,440

the whole parasite thing at least

759

00:32:34,660 --> 00:32:33,140

according to our Terms maybe this is the

760

00:32:37,390 --> 00:32:34,670

something that's going and it may not be

761

00:32:39,400 --> 00:32:37,400

the same creature that was seen in the

762

00:32:42,450 --> 00:32:39,410

Ohio Valley in the 1960s it could be

763

00:32:44,770 --> 00:32:42,460

just some of some other species or or

764

00:32:46,990 --> 00:32:44,780

denizen of a parallel where or whatever

765

00:32:49,000 --> 00:32:47,000

I mean anything is possible but the bad

766

00:32:55,450 --> 00:32:49,010

creatures from Superman's Phantom Zone

767

00:32:56,980 --> 00:32:55,460

have finally escaped with Zod that's the

768

00:32:59,080 --> 00:32:56,990

whole point of the multiverse anything

769

00:33:01,450 --> 00:32:59,090

that you can possibly conceive you can

770

00:33:03,010 --> 00:33:01,460

conceive it because it exists somewhere

771

00:33:05,260 --> 00:33:03,020

is somewhere in the multiverse and you

772

00:33:06,460 --> 00:33:05,270

have a certain presence throughout this

773

00:33:08,920 --> 00:33:06,470

thing because it's one great big

774

00:33:10,570 --> 00:33:08,930

consciousness in a sense you know after

775

00:33:11,020 --> 00:33:10,580

all the things that you both have

776

00:33:13,810 --> 00:33:11,030

witness

777

00:33:17,500 --> 00:33:13,820

I have seen a lot of really bizarre

778

00:33:19,600 --> 00:33:17,510

things myself and I don't I don't

779

00:33:21,370 --> 00:33:19,610

question much and you know a lot of

780

00:33:23,350 --> 00:33:21,380

people say oh well you got to put more

781

00:33:25,330 --> 00:33:23,360

of a filter and it's like you know when

782

00:33:27,310 --> 00:33:25,340

I've experienced it for myself with my

783

00:33:31,270 --> 00:33:27,320

own freaking eyeballs that I trust to

784

00:33:33,550 --> 00:33:31,280

drive me everywhere I go yeah yeah I'm

785

00:33:35,830 --> 00:33:33,560

not gonna question that yeah sometimes

786

00:33:37,630 --> 00:33:35,840

people are a little bit wacky doodle but

787

00:33:40,300 --> 00:33:37,640

you can pretty much spot those people

788

00:33:42,100 --> 00:33:40,310

out really easily and they're not

789

00:33:45,990 --> 00:33:42,110

looking for for glory you know yeah and

790

00:33:48,250 --> 00:33:46,000

it's just if if people could just assess

791

00:33:51,010 --> 00:33:48,260

some of these stories I their whole

792

00:33:53,890 --> 00:33:51,020

world would expand if there is like one

793

00:33:55,600 --> 00:33:53,900

reality that you guys have witnessed and

794

00:33:57,250 --> 00:33:55,610

that you wish people really got and

795

00:34:02,940 --> 00:33:57,260

really understood and really believed

796

00:34:11,460 --> 00:34:06,970

Wow that's an amazing question you know

797

00:34:13,960 --> 00:34:11,470

I really don't know I think I think I

798

00:34:17,100 --> 00:34:13,970

think our consciousness is sort of

799

00:34:21,520 --> 00:34:17,110

bigger than all that I think being

800

00:34:24,850 --> 00:34:21,530

what's how to put it I think being

801
00:34:27,540 --> 00:34:24,860
conscious of other consciousnesses is

802
00:34:31,450 --> 00:34:27,550
the conscious thing to do

803
00:34:32,440 --> 00:34:31,460
by that by that I mean I think it's kind

804
00:34:36,340 --> 00:34:32,450
of impossible

805
00:34:37,600 --> 00:34:36,350
and I think it's also possible at the

806
00:34:39,669 --> 00:34:37,610
same time the whole thing with the

807
00:34:41,680 --> 00:34:39,679
multiverse is it's a giant paradox

808
00:34:44,110 --> 00:34:41,690
so things that don't seem to make sense

809
00:34:49,270 --> 00:34:44,120
also make sense it's much like

810
00:34:50,680 --> 00:34:49,280
Wonderland in that way thank you and

811
00:34:54,040 --> 00:34:50,690
it's in its own way that it's just

812
00:34:56,590 --> 00:34:54,050
filled with paradoxes like for example

813
00:34:58,510 --> 00:34:56,600

when I was a teenager and I would ask

814

00:35:00,040 --> 00:34:58,520

ask my father questions you like well

815

00:35:01,870 --> 00:35:00,050

the multiverse somewhere that's true and

816

00:35:05,860 --> 00:35:01,880

I'm like that's not it's not what I need

817

00:35:07,840 --> 00:35:05,870

dad the concrete answers but there are

818

00:35:09,940 --> 00:35:07,850

no concrete answers that's the thing you

819

00:35:11,470 --> 00:35:09,950

know I don't want to there are cut

820

00:35:13,210 --> 00:35:11,480

that's not true there are concrete

821

00:35:16,000 --> 00:35:13,220

answers there's a lot of subjectivity

822

00:35:22,930 --> 00:35:16,010

out there also so I think there is

823

00:35:24,760 --> 00:35:22,940

another another paradox sodded a

824

00:35:27,880 --> 00:35:24,770

gruesome place like Chicago would be

825

00:35:30,280 --> 00:35:27,890

pestered practice evil eiffel fly

826

00:35:32,080 --> 00:35:30,290

increases I mean yeah if it's if it's

827

00:35:34,090 --> 00:35:32,090

parasitical it feeds on the negativity

828

00:35:39,490 --> 00:35:34,100

it's not the first time that something

829

00:35:46,330 --> 00:35:39,500

weighs or blows apt in Chicago lake

830

00:35:48,040 --> 00:35:46,340

monster's gonna start bellowing up yeah

831

00:35:49,530 --> 00:35:48,050

well you know notice it doesn't happen

832

00:35:54,400 --> 00:35:49,540

in New York or anything like that

833

00:35:56,800 --> 00:35:54,410

everybody's too busy to notice but one

834

00:36:01,660 --> 00:35:56,810

of the issues is that excuse me

835

00:36:03,520 --> 00:36:01,670

the young negativity of course that we

836

00:36:06,280 --> 00:36:03,530

have you know just in the word and these

837

00:36:09,580 --> 00:36:06,290

things seem to feed upon it there's a

838

00:36:11,290 --> 00:36:09,590

very chilling possibility that we have

839

00:36:12,820 --> 00:36:11,300

looked at and that we don't talk about

840

00:36:15,390 --> 00:36:12,830

it a lot because it's so chilling and

841

00:36:17,590 --> 00:36:15,400

maybe this is one of the horrifying

842

00:36:21,370 --> 00:36:17,600

realities that's being kept secret I

843

00:36:23,290 --> 00:36:21,380

don't know is that there is ample

844

00:36:27,430 --> 00:36:23,300

evidence of somebody messing with our

845

00:36:29,650 --> 00:36:27,440

genetics in at the beginnings of our our

846

00:36:32,830 --> 00:36:29,660

species I mean there when the human

847

00:36:35,050 --> 00:36:32,840

genome was mapped in 2004 there were 223

848

00:36:36,940 --> 00:36:35,060

genes it shouldn't be there if evolution

849

00:36:39,700 --> 00:36:36,950

as we understand it is correct somebody

850

00:36:41,920 --> 00:36:39,710

it's like somebody put them there

851

00:36:43,570 --> 00:36:41,930

we are very ill adapted to our own

852

00:36:46,210 --> 00:36:43,580

environment I mean what we're standing

853

00:36:48,610 --> 00:36:46,220

upright I mean we are generals and our

854

00:36:52,930 --> 00:36:48,620

stomachs as exposed that we should be on

855

00:36:55,090 --> 00:36:52,940

all fours we don't fit here somehow so

856

00:36:56,710 --> 00:36:55,100

it's like if you're gonna tell me

857

00:36:58,930 --> 00:36:56,720

somebody messed with us I would have no

858

00:37:01,510 --> 00:36:58,940

trouble believing that and the question

859

00:37:03,520 --> 00:37:01,520

is who or what and and for what

860

00:37:06,160 --> 00:37:03,530

you know there's ample evidence of

861

00:37:07,950 --> 00:37:06,170

incursions as von Daniken has mentioned

862

00:37:09,910 --> 00:37:07,960

I mean they're things like that

863

00:37:12,010 --> 00:37:09,920

disjointedness in space and time

864

00:37:14,830 --> 00:37:12,020

crossing of world boundaries in the

865

00:37:16,690 --> 00:37:14,840

inter you know in into interaction of

866

00:37:19,060 --> 00:37:16,700

species so you shouldn't interact and

867

00:37:22,200 --> 00:37:19,070

all these things are all possible but

868

00:37:25,660 --> 00:37:22,210

what really makes me wonder is were we

869

00:37:29,590 --> 00:37:25,670

messed with by parasitical entities who

870

00:37:32,770 --> 00:37:29,600

created us as the farmers to eat yeah to

871

00:37:34,240 --> 00:37:32,780

farm maybe not to eat us physically

872

00:37:37,520 --> 00:37:34,250

although who knows a lot of awful lot of

873

00:37:39,620 --> 00:37:37,530

people disappear and we want to get nuts

874

00:37:42,760 --> 00:37:39,630

either but we have to consider the

875

00:37:45,260 --> 00:37:42,770

possibility that we may be a cattle race

876

00:37:47,480 --> 00:37:45,270

for a lack of a better term being raised

877

00:37:49,460 --> 00:37:47,490

for the our food value you know I was

878

00:37:52,240 --> 00:37:49,470

thinking about that the other day and I

879

00:37:55,360 --> 00:37:52,250

realized that if that statement is true

880

00:37:58,100 --> 00:37:55,370

then how come we can be so positive

881

00:37:59,930 --> 00:37:58,110

because there's another side to the rent

882

00:38:01,970 --> 00:37:59,940

to the story to the record I guess the

883

00:38:04,880 --> 00:38:01,980

vinyls coming back so people know what I

884

00:38:07,850 --> 00:38:04,890

mean there's another side to that there

885

00:38:10,640 --> 00:38:07,860

we have encountered so many wonderful

886

00:38:11,840 --> 00:38:10,650

positive I'm not gonna call them angels

887

00:38:13,700 --> 00:38:11,850

that's what you could you could you

888

00:38:16,070 --> 00:38:13,710

could come there are creatures like that

889

00:38:19,520 --> 00:38:16,080

or anybody who's ever had a miraculous

890

00:38:20,900 --> 00:38:19,530

life saving like I've had twice what

891

00:38:22,400 --> 00:38:20,910

would have no problem with the idea of

892

00:38:23,840 --> 00:38:22,410

angels and certainly don't they're their

893

00:38:25,250 --> 00:38:23,850

present and all in the whole human

894

00:38:28,760 --> 00:38:25,260

consciousness but there are lots of

895

00:38:30,470 --> 00:38:28,770

positive beings out there with whom we

896

00:38:32,210 --> 00:38:30,480

rub elbows whether we know it or not and

897

00:38:33,590 --> 00:38:32,220

again this is an open system these

898

00:38:35,690 --> 00:38:33,600

worlds they're not particularly closed

899

00:38:37,490 --> 00:38:35,700

off that's how parasites can get in and

900

00:38:40,370 --> 00:38:37,500

indeed there's far more positive energy

901
00:38:43,370 --> 00:38:40,380
out there and and and the lesson here

902
00:38:44,900 --> 00:38:43,380
may be that it's up to us you often hear

903
00:38:46,850 --> 00:38:44,910
the term the world is what we make it

904
00:38:48,860 --> 00:38:46,860
what it really is what we make it maybe

905
00:38:52,130 --> 00:38:48,870
even literally there's speculation

906
00:38:53,330 --> 00:38:52,140
physics that our consciousness or or the

907
00:38:56,720 --> 00:38:53,340
consciousness of the buys for this

908
00:38:58,850 --> 00:38:56,730
creates the physical world so it really

909
00:39:01,010 --> 00:38:58,860
is kind of all up to us so don't blame

910
00:39:03,980 --> 00:39:01,020
God when when the goldfish dies you know

911
00:39:05,900 --> 00:39:03,990
I mean the positive nature of reality

912
00:39:08,810 --> 00:39:05,910
really depends on us and I think there's

913
00:39:12,320 --> 00:39:08,820

a great lesson in that in my opinion the

914

00:39:13,550 --> 00:39:12,330

parasites are a species a part of nature

915

00:39:14,690 --> 00:39:13,560

just trying to live the way we do

916

00:39:16,580 --> 00:39:14,700

they're not spirits

917

00:39:18,830 --> 00:39:16,590

I've had physical encounters with them

918

00:39:21,200 --> 00:39:18,840

and I think it's a matter of just you

919

00:39:23,510 --> 00:39:21,210

know what we have to repel we find that

920

00:39:26,180 --> 00:39:23,520

they are repelled when you have positive

921

00:39:29,510 --> 00:39:26,190

energy and what is that humor and in in

922

00:39:31,280 --> 00:39:29,520

a positive sense faith love especially

923

00:39:33,530 --> 00:39:31,290

when you come shoulder to shoulder with

924

00:39:35,390 --> 00:39:33,540

even strangers you know particularly

925

00:39:38,390 --> 00:39:35,400

with your loved ones tell them you love

926
00:39:40,700 --> 00:39:38,400
them now and that don't wait you know

927
00:39:42,110 --> 00:39:40,710
that that's our big prescription for

928
00:39:48,470 --> 00:39:42,120
getting rid of negative entities and

929
00:39:50,430 --> 00:39:48,480
families I would hope that if people

930
00:39:54,599 --> 00:39:50,440
could really believe and know some

931
00:39:57,030 --> 00:39:54,609
it's the outright reality that God is

932
00:39:58,800 --> 00:39:57,040
real and all of those beings associated

933
00:40:01,650 --> 00:39:58,810
with him that's that's the one that I

934
00:40:04,020 --> 00:40:01,660
would choose yeah let me ask you this

935
00:40:07,710 --> 00:40:04,030
you know uh I just of course I have a

936
00:40:10,740 --> 00:40:07,720
certain fondness for Pennsylvania and do

937
00:40:12,780 --> 00:40:10,750
you so that yeah I mean it you know but

938
00:40:15,569 --> 00:40:12,790

a Pittsburgh Steeler fan for 40 years

939

00:40:17,940 --> 00:40:15,579

oh he admits it okay well I love

940

00:40:19,890 --> 00:40:17,950

Pennsylvania - I've never had been there

941

00:40:22,349 --> 00:40:19,900

much of before the last 20 years or so

942

00:40:23,430 --> 00:40:22,359

but wonderful when I was pitiful York

943

00:40:26,790 --> 00:40:23,440

but it's okay you know

944

00:40:29,280 --> 00:40:26,800

yeah but but but but now let me ask you

945

00:40:31,770 --> 00:40:29,290

this that this you said you're you're

946

00:40:33,390 --> 00:40:31,780

knee-deep in research in that area

947

00:40:35,220 --> 00:40:33,400

that's around Pittsburgh western

948

00:40:38,400 --> 00:40:35,230

Pennsylvania with that kind of a Bermuda

949

00:40:39,809 --> 00:40:38,410

Triangle II kind of place what are the

950

00:40:41,520 --> 00:40:39,819

what are the boundaries of it basically

951
00:40:44,190 --> 00:40:41,530
push it right outside of Pittsburgh con

952
00:40:47,339 --> 00:40:44,200
and then go on down to Ohio okay well

953
00:40:50,250 --> 00:40:47,349
actually it's about a hundred or more

954
00:40:53,579 --> 00:40:50,260
miles north east of Pittsburgh okay it's

955
00:40:56,250 --> 00:40:53,589
not like that's where the wrong trough

956
00:40:59,670 --> 00:40:56,260
goes you know and the geology of this

957
00:41:01,740 --> 00:40:59,680
particular area is very interesting and

958
00:41:03,120 --> 00:41:01,750
of course sure we find out that it's

959
00:41:07,260 --> 00:41:03,130
kind of the beginning of the Rome trough

960
00:41:08,700 --> 00:41:07,270
so there are you name it going on there

961
00:41:10,319 --> 00:41:08,710
I think we've I don't know if we've

962
00:41:13,559 --> 00:41:10,329
talked about this on your show before

963
00:41:17,220 --> 00:41:13,569

but in case we haven't it's we're still

964

00:41:20,160 --> 00:41:17,230

pushing the envelope of the area Ben and

965

00:41:22,819 --> 00:41:20,170

I were there in July and pouring rain

966

00:41:26,940 --> 00:41:22,829

always pours rain we're there and

967

00:41:29,400 --> 00:41:26,950

there's a very interesting well it's a

968

00:41:31,770 --> 00:41:29,410

natural gas harvesting area but there

969

00:41:34,079 --> 00:41:31,780

there's some questionable things going I

970

00:41:36,180 --> 00:41:34,089

was still looking into that but there is

971

00:41:39,059 --> 00:41:36,190

military activity and the air at least

972

00:41:41,250 --> 00:41:39,069

we have neighborhood meetings with

973

00:41:43,290 --> 00:41:41,260

people up to 20 families will show up

974

00:41:48,210 --> 00:41:43,300

and talk about the Bigfoot experiences

975

00:41:50,430 --> 00:41:48,220

they've had st. cyr way in May of 16 we

976

00:41:53,609 --> 00:41:50,440

started the case had the first Bigfoot

977

00:41:56,520 --> 00:41:53,619

experience of our team I had one in

978

00:41:58,470 --> 00:41:56,530

September of 16 which knocked my socks

979

00:42:01,079 --> 00:41:58,480

off because I didn't expect that I

980

00:42:02,490 --> 00:42:01,089

should know after 47 48 years of being

981

00:42:03,240 --> 00:42:02,500

involved in this research the thing

982

00:42:07,320 --> 00:42:03,250

never happened

983

00:42:08,580 --> 00:42:07,330

you expect them to yeah and we've got

984

00:42:10,680 --> 00:42:08,590

some a lot of interesting photographs

985

00:42:12,990 --> 00:42:10,690

lights in the sky that there's this

986

00:42:16,610 --> 00:42:13,000

shadow people activity Heidi you'll be

987

00:42:19,830 --> 00:42:16,620

delighted to hear in one of the houses

988

00:42:22,110 --> 00:42:19,840

Shane who is gay he goes gangbusters

989

00:42:24,930 --> 00:42:22,120

with these things he's just unnatural he

990

00:42:27,270 --> 00:42:24,940

goes in and they have he he walks in he

991

00:42:29,490 --> 00:42:27,280

scares the heck out of these things the

992

00:42:31,680 --> 00:42:29,500

big the big nasty one hasn't been seen

993

00:42:36,990 --> 00:42:31,690

since Shane walked into the house back

994

00:42:38,460 --> 00:42:37,000

in in September of 16 so we're planning

995

00:42:40,080 --> 00:42:38,470

a trip we wanted to get out there before

996

00:42:42,090 --> 00:42:40,090

winter started but you know what would

997

00:42:45,120 --> 00:42:42,100

out of luck now until spring because

998

00:42:47,870 --> 00:42:45,130

this is a you know heavy winter kind of

999

00:42:50,760 --> 00:42:47,880

area so we'll back out probably in May

1000

00:42:52,890 --> 00:42:50,770

but you name it it's going on everybody

1001
00:42:55,470 --> 00:42:52,900
there was a little and then you remember

1002
00:42:57,300 --> 00:42:55,480
the little girl who came because we gave

1003
00:42:59,160 --> 00:42:57,310
a presentation at this is the second

1004
00:43:01,170 --> 00:42:59,170
neighborhood meeting we've had and she

1005
00:43:04,260 --> 00:43:01,180
was crying and she had had a very

1006
00:43:08,100 --> 00:43:04,270
difficult and scary Bigfoot experience

1007
00:43:10,290 --> 00:43:08,110
just where we were yeah I didn't want to

1008
00:43:12,630 --> 00:43:10,300
press her because these two weird guys

1009
00:43:15,660 --> 00:43:12,640
with beards from Rhode Island yeah well

1010
00:43:20,190 --> 00:43:15,670
I was talk to us you know I wouldn't

1011
00:43:21,180 --> 00:43:20,200
want to I'm looking for these guys so we

1012
00:43:22,920 --> 00:43:21,190
didn't press there and they're there

1013
00:43:25,470 --> 00:43:22,930

this there's another woman who still

1014

00:43:27,240 --> 00:43:25,480

can't bring herself to tell us what

1015

00:43:31,530 --> 00:43:27,250

and this was a possible abduction

1016

00:43:34,710 --> 00:43:31,540

experience okay yeah they're a UFO is

1017

00:43:36,450 --> 00:43:34,720

seen over these places all the time and

1018

00:43:38,100 --> 00:43:36,460

we've got photographs I mean you name it

1019

00:43:41,040 --> 00:43:38,110

it's going on here and again this is

1020

00:43:42,780 --> 00:43:41,050

what we call a flap area an area where

1021

00:43:45,480 --> 00:43:42,790

there is a multiple multiple

1022

00:43:47,190 --> 00:43:45,490

intersection overwash overlap of

1023

00:43:49,260 --> 00:43:47,200

parallel worlds with different laws of

1024

00:43:51,450 --> 00:43:49,270

physics and different kinds of beings

1025

00:43:53,580 --> 00:43:51,460

that we interpret as paranormal

1026
00:43:55,770 --> 00:43:53,590
appearances you couldn't call it an you

1027
00:44:02,550 --> 00:43:55,780
know area because it may be just

1028
00:44:05,850 --> 00:44:02,560
following you guys calling it you know

1029
00:44:07,470 --> 00:44:05,860
area sounds kind of musical something it

1030
00:44:08,880 --> 00:44:07,480
sounds like the San Luis Valley it

1031
00:44:11,309 --> 00:44:08,890
sounds like the San Luis Valley between

1032
00:44:13,450 --> 00:44:11,319
New Mexico and Colorado yeah yeah

1033
00:44:16,420 --> 00:44:13,460
but all kinds of things have been seen

1034
00:44:19,329 --> 00:44:16,430
there but it's it's not well inhabited

1035
00:44:21,910 --> 00:44:19,339
enough to to have the witnesses I think

1036
00:44:24,280 --> 00:44:21,920
this Pennsylvania situation has I don't

1037
00:44:26,170 --> 00:44:24,290
know did I talk about my Bigfoot

1038
00:44:26,589 --> 00:44:26,180

experience on your show before I do oh

1039

00:44:28,930 --> 00:44:26,599

please

1040

00:44:31,120 --> 00:44:28,940

yeah thank you did a long time ago but

1041

00:44:33,420 --> 00:44:31,130

I'm not okay well this is it wasn't that

1042

00:44:36,250 --> 00:44:33,430

long ago September of 16 it occurred and

1043

00:44:37,750 --> 00:44:36,260

that this was our second trip out there

1044

00:44:40,839 --> 00:44:37,760

Ben couldn't come in this room but Shane

1045

00:44:42,910 --> 00:44:40,849

CY and I were there and we had been

1046

00:44:44,470 --> 00:44:42,920

there in May and had gotten some

1047

00:44:45,910 --> 00:44:44,480

photographs of straight a lot of strange

1048

00:44:47,890 --> 00:44:45,920

lights in the sky and this one

1049

00:44:52,240 --> 00:44:47,900

particular field that was above the

1050

00:44:54,299 --> 00:44:52,250

house where the main you know sort of

1051
00:44:58,210 --> 00:44:54,309
our headquarters is and we're over there

1052
00:45:01,569 --> 00:44:58,220
we I parked my truck where I had the

1053
00:45:03,040 --> 00:45:01,579
previous May and I'm expecting lights at

1054
00:45:06,730 --> 00:45:03,050
camera set up expecting lights in the

1055
00:45:09,280 --> 00:45:06,740
sky right and sure enough suddenly this

1056
00:45:12,099 --> 00:45:09,290
is late at night September 16th and I'm

1057
00:45:15,069 --> 00:45:12,109
sorry this voice of mine tonight is um

1058
00:45:16,390 --> 00:45:15,079
was a brilliant moonlit night and I'd

1059
00:45:17,890 --> 00:45:16,400
been out there for hours obviously

1060
00:45:22,000 --> 00:45:17,900
something to the right catches my

1061
00:45:23,440 --> 00:45:22,010
attention and the passenger side window

1062
00:45:25,569 --> 00:45:23,450
of my truck was open it was kind of

1063
00:45:28,299 --> 00:45:25,579

chilly so I had the other side shut from

1064

00:45:32,520 --> 00:45:28,309

through the window I could see about 200

1065

00:45:34,780 --> 00:45:32,530

feet away a huge brown hairy figure

1066

00:45:37,780 --> 00:45:34,790

moving very slowly I could where I

1067

00:45:40,150 --> 00:45:37,790

remember the huge legs and knees moving

1068

00:45:41,799 --> 00:45:40,160

up and down the two legs up toward the

1069

00:45:43,299 --> 00:45:41,809

center of this field there's a brilliant

1070

00:45:48,299 --> 00:45:43,309

mullah you could see it right right

1071

00:45:50,920 --> 00:45:48,309

there I felt at peace I felt privileged

1072

00:45:53,829 --> 00:45:50,930

because this Ben and I we always kind of

1073

00:45:55,420 --> 00:45:53,839

purify ourselves or pray before we go

1074

00:45:57,880 --> 00:45:55,430

into a wilderness area particularly and

1075

00:45:59,319 --> 00:45:57,890

I had done that maybe that's why that's

1076
00:46:00,880 --> 00:45:59,329
what I got out of the experience where

1077
00:46:05,620 --> 00:46:00,890
the little girl was skinned out of her

1078
00:46:07,720 --> 00:46:05,630
still so I pick up the infrared camera

1079
00:46:09,819 --> 00:46:07,730
take a picture through the cold shut

1080
00:46:11,680 --> 00:46:09,829
window so naturally there's no heat

1081
00:46:16,780 --> 00:46:11,690
signature so I went to get out of the

1082
00:46:20,230 --> 00:46:16,790
truck very quietly and my phone rings it

1083
00:46:24,970 --> 00:46:20,240
was Ben's mom closest they ever came to

1084
00:46:27,190 --> 00:46:24,980
divorce my ringtone was that was

1085
00:46:29,020 --> 00:46:27,200
Lord of the Rings that kind of blasting

1086
00:46:30,730 --> 00:46:29,030
out over the field the middle of the

1087
00:46:32,500 --> 00:46:30,740
night in Pennsylvania and the answer say

1088
00:46:36,220 --> 00:46:32,510

I'm in the middle of a Bigfoot sighting

1089

00:46:38,260 --> 00:46:36,230

somewhat and so there anyway that was

1090

00:46:40,420 --> 00:46:38,270

long gone but the next morning we went

1091

00:46:43,150 --> 00:46:40,430

up and owned actually but just after

1092

00:46:44,800 --> 00:46:43,160

that I saw some lights in the tree they

1093

00:46:45,940 --> 00:46:44,810

weren't they did a little weird or

1094

00:46:47,140 --> 00:46:45,950

anything this is looking somebody was

1095

00:46:48,670 --> 00:46:47,150

standing in the ground with flashlights

1096

00:46:50,980 --> 00:46:48,680

isn't what Bigfoot's using flashlights

1097

00:46:53,020 --> 00:46:50,990

huh but I found out the next night what

1098

00:46:54,220 --> 00:46:53,030

that was but in the morning as shading

1099

00:46:57,609 --> 00:46:54,230

they went up he measured everything off

1100

00:46:59,440 --> 00:46:57,619

and we found a huge track of some

1101

00:47:02,470 --> 00:46:59,450

two-footed thing that not a train was

1102

00:47:03,550 --> 00:47:02,480

dry ground but it was tall grass or

1103

00:47:05,890 --> 00:47:03,560

something something on two legs that

1104

00:47:07,660 --> 00:47:05,900

pushed its way through this grass now at

1105

00:47:11,080 --> 00:47:07,670

the neighborhood meeting the next night

1106

00:47:13,330 --> 00:47:11,090

I told this story and a hand went up and

1107

00:47:14,650 --> 00:47:13,340

it was a woman named Melissa who lived

1108

00:47:16,630 --> 00:47:14,660

in the house just on the other side of

1109

00:47:19,480 --> 00:47:16,640

the field and she said all those lights

1110

00:47:21,460 --> 00:47:19,490

that that was my son and me we had come

1111

00:47:23,920 --> 00:47:21,470

home and we had heard we heard something

1112

00:47:27,820 --> 00:47:23,930

big moving through that field at the

1113

00:47:29,320 --> 00:47:27,830

same time I was seeing it and they the

1114

00:47:30,609 --> 00:47:29,330

people are used to this stuff you know

1115

00:47:32,560 --> 00:47:30,619

so they went up into the field to see

1116

00:47:34,320 --> 00:47:32,570

what it was and it was gone by then I

1117

00:47:36,490 --> 00:47:34,330

guess my wife had chased it away and

1118

00:47:38,170 --> 00:47:36,500

they said they were shining lights I

1119

00:47:40,030 --> 00:47:38,180

said why we shine lights into the trees

1120

00:47:43,090 --> 00:47:40,040

and sometimes they're in trees she said

1121

00:47:44,890 --> 00:47:43,100

so that if it's what it appears to be

1122

00:47:47,620 --> 00:47:44,900

was corroboration from a second a third

1123

00:47:47,980 --> 00:47:47,630

witness of what now hearing what I was

1124

00:47:50,920 --> 00:47:47,990

seeing

1125

00:47:53,349 --> 00:47:50,930

so come we kind of we kind of made notes

1126

00:47:57,010 --> 00:47:53,359

on that one and they see that in that

1127

00:47:58,450 --> 00:47:57,020

area they see the UFO things to their

1128

00:48:00,820 --> 00:47:58,460

house as a matter of fact is having the

1129

00:48:02,080 --> 00:48:00,830

shadow people problems and where there

1130

00:48:05,170 --> 00:48:02,090

are strange lights over the house almost

1131

00:48:07,270 --> 00:48:05,180

every night that's amazing always

1132

00:48:11,109 --> 00:48:07,280

associated shadow people with alien

1133

00:48:13,380 --> 00:48:11,119

beings I mean I got well other planets

1134

00:48:15,940 --> 00:48:13,390

they can still be aliens in different

1135

00:48:18,940 --> 00:48:15,950

laws of physics that's alien to me I

1136

00:48:21,310 --> 00:48:18,950

mean that this big poltergeist case in

1137

00:48:23,650 --> 00:48:21,320

in Bridgeport connected 1974 is working

1138

00:48:27,760 --> 00:48:23,660

with the Warrens and and a Catholic

1139

00:48:29,349 --> 00:48:27,770

priest that was I just had the feel I

1140

00:48:32,710 --> 00:48:29,359

was twenty-one year old seminary student

1141

00:48:34,270 --> 00:48:32,720

these were aliens I don't mean from

1142

00:48:37,240 --> 00:48:34,280

other plane but just something utterly

1143

00:48:39,580 --> 00:48:37,250

other yeah there were four

1144

00:48:41,140 --> 00:48:39,590

and war I told ed Warren he didn't

1145

00:48:43,120 --> 00:48:41,150

understand what I was saying and because

1146

00:48:44,620 --> 00:48:43,130

these are demons they had to be demon

1147

00:48:45,910 --> 00:48:44,630

there's and this is where I had one of

1148

00:48:48,100 --> 00:48:45,920

the physical encounters that I was

1149

00:48:50,160 --> 00:48:48,110

afraid even to write about for years is

1150

00:48:56,430 --> 00:48:50,170

it totally shattered my belief system

1151
00:49:01,630 --> 00:48:59,050
shakes up the person's reality when you

1152
00:49:03,640 --> 00:49:01,640
come across something like that and you

1153
00:49:05,920 --> 00:49:03,650
know I think that sometimes the audience

1154
00:49:08,170 --> 00:49:05,930
believes that we were just born to be

1155
00:49:10,120 --> 00:49:08,180
strong in these topics just like I think

1156
00:49:18,010 --> 00:49:10,130
we all went through a major shake-up

1157
00:49:20,200 --> 00:49:18,020
when we we realized oh my gosh yes we've

1158
00:49:24,790 --> 00:49:20,210
grown let's just put it that way

1159
00:49:26,320 --> 00:49:24,800
I hope it's growing I think so anything

1160
00:49:28,240 --> 00:49:26,330
expands your perspective I think it's a

1161
00:49:29,830 --> 00:49:28,250
growth experience or can be so you say

1162
00:49:32,620 --> 00:49:29,840
that the area starts about a hundred

1163
00:49:34,000 --> 00:49:32,630

miles north-northwest or due north of

1164

00:49:36,700 --> 00:49:34,010

Pittsburgh I'm not gonna tell people

1165

00:49:39,610 --> 00:49:36,710

where it is you know but it's you know

1166

00:49:41,620 --> 00:49:39,620

it's in a small city anywhere yeah

1167

00:49:43,810 --> 00:49:41,630

generally but more and more people are

1168

00:49:45,700 --> 00:49:43,820

coming forward and the area is sort of

1169

00:49:48,370 --> 00:49:45,710

spreading it's it's it's it's open

1170

00:49:50,680 --> 00:49:48,380

Connie's farm country and it's there are

1171

00:49:54,790 --> 00:49:50,690

a lot of wood Lots you know maybe maybe

1172

00:49:55,810 --> 00:49:54,800

five ten acres it's hilly country but

1173

00:49:57,280 --> 00:49:55,820

the question is of you know that

1174

00:49:58,960 --> 00:49:57,290

everybody's seeing Bigfoot I mean where

1175

00:50:00,760 --> 00:49:58,970

where's the population where does it

1176
00:50:02,260 --> 00:50:00,770
come where does it go and as I say you

1177
00:50:05,650 --> 00:50:02,270
have to have a breeding population we

1178
00:50:08,230 --> 00:50:05,660
figure about 500 in order to to populate

1179
00:50:09,610 --> 00:50:08,240
that area how come you know there been

1180
00:50:11,470 --> 00:50:09,620
people who said if it's appeared right

1181
00:50:12,700 --> 00:50:11,480
in front of the disappeared and to me

1182
00:50:15,160 --> 00:50:12,710
that's got multiverse written all over

1183
00:50:17,320 --> 00:50:15,170
it these are probably creatures and the

1184
00:50:19,240 --> 00:50:17,330
natives will tell you if you can find it

1185
00:50:22,860 --> 00:50:19,250
in natives that these are shapeshifters

1186
00:50:29,590 --> 00:50:25,990
I saw what indoors that was the only

1187
00:50:31,810 --> 00:50:29,600
Bigfoot that I'd ever seen and really up

1188
00:50:34,410 --> 00:50:31,820

to the top of the hour break guys and

1189

00:50:38,220 --> 00:50:36,839

well we're back with Paul and Ben I

1190

00:50:46,339 --> 00:50:38,230

don't know whether I acknowledge Heidi

1191

00:50:51,089 --> 00:50:49,289

but it's a finish that would it happen

1192

00:50:53,059 --> 00:50:51,099

with the Bigfoot the indoor sighting

1193

00:50:55,950 --> 00:50:53,069

just to tell you guys real quick I I

1194

00:50:57,750 --> 00:50:55,960

used to run a UFO paranormal discussion

1195

00:50:59,220 --> 00:50:57,760

group for a very long time and people

1196

00:51:01,740 --> 00:50:59,230

would often come and think I was a

1197

00:51:02,789 --> 00:51:01,750

psychic I'm like nope but they still

1198

00:51:05,549 --> 00:51:02,799

want me to come over to their house to

1199

00:51:07,470 --> 00:51:05,559

you know see what I feel or whatever I'm

1200

00:51:10,079 --> 00:51:07,480

like oh my gosh and this one lady just

1201
00:51:11,370 --> 00:51:10,089
kept persisting and I'm like for me to

1202
00:51:12,870 --> 00:51:11,380
come over because something weird was

1203
00:51:15,809 --> 00:51:12,880
going on in her house things were being

1204
00:51:17,759 --> 00:51:15,819
moved and she just got weird vibes and

1205
00:51:20,339 --> 00:51:17,769
things would grab her at night and just

1206
00:51:22,920 --> 00:51:20,349
a whole bunch of weird stuff so me and

1207
00:51:25,140 --> 00:51:22,930
my I said I'll go with my friend and so

1208
00:51:27,329 --> 00:51:25,150
we go there and it was like a one or two

1209
00:51:31,140 --> 00:51:27,339
bedroom apartment above a bar that's

1210
00:51:32,880 --> 00:51:31,150
still standing in Milwaukee and you know

1211
00:51:34,620 --> 00:51:32,890
so second over here this is where I feel

1212
00:51:36,240 --> 00:51:34,630
this and this is where this happened and

1213
00:51:38,480 --> 00:51:36,250

this one this got moved and I feel like

1214

00:51:41,519 --> 00:51:38,490

something's playing tricks on me and and

1215

00:51:43,099 --> 00:51:41,529

me and my friend were like okay and then

1216

00:51:46,349 --> 00:51:43,109

we go to sit down in her living room and

1217

00:51:48,240 --> 00:51:46,359

her couch faced her kitchen and there

1218

00:51:50,279 --> 00:51:48,250

was overhang with the cabinets and the

1219

00:51:52,319 --> 00:51:50,289

kitchen bar and you could kind of look

1220

00:51:55,589 --> 00:51:52,329

into the kitchen through that and that

1221

00:51:59,400 --> 00:51:55,599

she's talking to us all of a sudden I

1222

00:52:02,670 --> 00:51:59,410

see this thing just shimmy into reality

1223

00:52:04,829 --> 00:52:02,680

in the middle of her kitchen I jump up

1224

00:52:08,039 --> 00:52:04,839

and I'm screaming and pointing Boop of a

1225

00:52:14,220 --> 00:52:08,049

Bigfoot and my friend screams at the

1226
00:52:16,259 --> 00:52:14,230
same time pointing werewolf yes they're

1227
00:52:18,210 --> 00:52:16,269
wolves I mean because we didn't see its

1228
00:52:20,819 --> 00:52:18,220
head because it got cut off with the the

1229
00:52:22,769 --> 00:52:20,829
cabinets in the way and as soon as it

1230
00:52:24,690 --> 00:52:22,779
like like it seemed to lay external like

1231
00:52:27,240 --> 00:52:24,700
oh crap they could see me and just like

1232
00:52:31,230 --> 00:52:27,250
heat rising off a road the Mirage looked

1233
00:52:33,779 --> 00:52:31,240
it just disappeared and I mean the woman

1234
00:52:36,839 --> 00:52:33,789
the woman was like what what did you see

1235
00:52:38,730 --> 00:52:36,849
where where where and I mean I still get

1236
00:52:41,269 --> 00:52:38,740
chosen I think about it and I'm like it

1237
00:52:45,960 --> 00:52:41,279
looked like cousin it was just shaggy

1238
00:52:47,089 --> 00:52:45,970

grayish just just solid hair and I would

1239

00:52:49,009 --> 00:52:47,099

guess that you know

1240

00:52:52,279 --> 00:52:49,019

I saw the backside of it it's probably

1241

00:52:54,439 --> 00:52:52,289

five seven or something and it was just

1242

00:52:55,969 --> 00:52:54,449

the craziest thing it and her bathroom

1243

00:52:59,209 --> 00:52:55,979

unfortunately was through the kitchen

1244

00:53:02,539 --> 00:52:59,219

and I had to go and I could still feel

1245

00:53:06,109 --> 00:53:02,549

its presence there in the kitchen and it

1246

00:53:08,809 --> 00:53:06,119

was a bit like a threatening feeling it

1247

00:53:12,229 --> 00:53:08,819

was just weird I have never seen such a

1248

00:53:15,739 --> 00:53:12,239

thing before I might suggest some

1249

00:53:17,689 --> 00:53:15,749

possible explanations there up the one

1250

00:53:20,180 --> 00:53:17,699

of the tell-tale signs we look for when

1251
00:53:22,539 --> 00:53:20,190
a world boundary is present and when

1252
00:53:25,579 --> 00:53:22,549
you're looking at what is that shimmering

1253
00:53:30,109 --> 00:53:25,589
of the road kind of look not always but

1254
00:53:31,579 --> 00:53:30,119
but sometimes and of course we have just

1255
00:53:34,670 --> 00:53:31,589
just like a lot of people are afraid of

1256
00:53:36,589 --> 00:53:34,680
particularly pythons I think that may go

1257
00:53:38,390 --> 00:53:36,599
back to our remote ancestors so we you

1258
00:53:39,769 --> 00:53:38,400
know they would strangle them beneath

1259
00:53:42,670 --> 00:53:39,779
them you know if they were small I don't

1260
00:53:45,829 --> 00:53:42,680
know but I think there there there are

1261
00:53:47,660 --> 00:53:45,839
deep psychological reasons for our fear

1262
00:53:50,269 --> 00:53:47,670
of these things and of course what the

1263
00:53:51,739 --> 00:53:50,279

electricity and in certain electrical

1264

00:53:56,059 --> 00:53:51,749

fields will make you feel like that

1265

00:54:08,120 --> 00:53:56,069

it'll make you afraid certain sound

1266

00:54:11,410 --> 00:54:08,130

infra infrastructure it but that that

1267

00:54:13,809 --> 00:54:11,420

just sounds like a temporary crossover

1268

00:54:18,380 --> 00:54:13,819

something I've ever heard one yeah it's

1269

00:54:20,769 --> 00:54:18,390

craziness absolutely crazy I don't know

1270

00:54:24,109 --> 00:54:20,779

I've never seen such a thing before and

1271

00:54:28,459 --> 00:54:24,119

hope to not see such a thing like that

1272

00:54:30,680 --> 00:54:28,469

not so unexpected you know right crazy

1273

00:54:34,339 --> 00:54:30,690

well there's there's the optional

1274

00:54:36,709 --> 00:54:34,349

exciting a lot as G was you know I've

1275

00:54:38,359 --> 00:54:36,719

got a question for you guys I had an

1276

00:54:41,479 --> 00:54:38,369

experience and I'm not gonna go and said

1277

00:54:44,769 --> 00:54:41,489

too much detail on it because it it's

1278

00:54:49,249 --> 00:54:44,779

just I don't have a category for this

1279

00:54:52,249 --> 00:54:49,259

but I was laying in my bed this was I

1280

00:54:54,049 --> 00:54:52,259

don't know maybe seven years ago and I

1281

00:54:55,670 --> 00:54:54,059

was you know not even going to sleep yet

1282

00:54:57,170 --> 00:54:55,680

just got comfortable just laid on the

1283

00:54:59,410 --> 00:54:57,180

bed and there's like street lights

1284

00:55:05,759 --> 00:54:59,420

coming into my bedroom I'm like

1285

00:55:13,029 --> 00:55:05,769

and all of a sudden a person's face

1286

00:55:16,529 --> 00:55:13,039

showed up their face and disembodied

1287

00:55:20,099 --> 00:55:16,539

face it was like he said he's just spoke

1288

00:55:22,720 --> 00:55:20,109

things oh can he essentially told me

1289

00:55:26,799 --> 00:55:22,730

I'll just you know the first thing he

1290

00:55:29,650 --> 00:55:26,809

said was don't trip out don't what

1291

00:55:32,410 --> 00:55:29,660

like don't trip out like don't don't

1292

00:55:35,289 --> 00:55:32,420

flip out just like just and don't say

1293

00:55:39,089 --> 00:55:35,299

anything and then he gave me a message

1294

00:55:46,089 --> 00:55:39,099

that I kind of keep to myself I'm like

1295

00:55:49,660 --> 00:55:46,099

what I have never seen or heard of such

1296

00:55:53,680 --> 00:55:49,670

a thing just as solid as anything and it

1297

00:55:56,740 --> 00:55:53,690

was a face of someone who is I don't

1298

00:55:59,109 --> 00:55:56,750

know he's he's kind of known and I

1299

00:56:01,450 --> 00:55:59,119

didn't know who he was though it was

1300

00:56:03,809 --> 00:56:01,460

just the weirdest thing and I'm I mean

1301
00:56:07,720 --> 00:56:03,819
what is that is that that somebody that

1302
00:56:10,509 --> 00:56:07,730
knows how to I don't know teleport an

1303
00:56:13,120 --> 00:56:10,519
image of cells I actually have run into

1304
00:56:15,700 --> 00:56:13,130
it this has been since the 70s but

1305
00:56:18,579 --> 00:56:15,710
during an exorcism case we were

1306
00:56:21,249 --> 00:56:18,589
researching the background of this

1307
00:56:23,980 --> 00:56:21,259
person and they were saying that they

1308
00:56:26,499 --> 00:56:23,990
would they got involved in some kind of

1309
00:56:29,019 --> 00:56:26,509
satanic group was supposedly certain

1310
00:56:32,160 --> 00:56:29,029
people had the ability to effectively

1311
00:56:34,089 --> 00:56:32,170
use the parallel worlds to travel

1312
00:56:37,390 --> 00:56:34,099
instantaneously to where they already

1313
00:56:38,859 --> 00:56:37,400

were they're in a particular place where

1314

00:56:41,109 --> 00:56:38,869

they had a deliver a message and you

1315

00:56:44,470 --> 00:56:41,119

actually see a person appear or

1316

00:56:45,730 --> 00:56:44,480

disappear just as sometimes UFOs do

1317

00:56:48,640 --> 00:56:45,740

Bigfoot's do and all this sort of thing

1318

00:56:50,829 --> 00:56:48,650

I think this is sort of a a motive I'm

1319

00:56:54,370 --> 00:56:50,839

not to get Harry Potter ish here yeah

1320

00:56:56,410 --> 00:56:54,380

mode of transportation for those who are

1321

00:56:58,120 --> 00:56:56,420

in the know or whatever creatures are

1322

00:57:00,430 --> 00:56:58,130

multiversal in in in their feeding

1323

00:57:02,200 --> 00:57:00,440

habits or whatever and that's why things

1324

00:57:05,680 --> 00:57:02,210

can appear and disappear so there may be

1325

00:57:08,440 --> 00:57:05,690

something to that I just don't even know

1326

00:57:12,819 --> 00:57:08,450

how to category interesting it was a

1327

00:57:13,260 --> 00:57:12,829

positive message well we we specialize

1328

00:57:16,170 --> 00:57:13,270

in things

1329

00:57:18,510 --> 00:57:16,180

can't categorize like one what one term

1330

00:57:20,880 --> 00:57:18,520

and just to and that be outdone by our

1331

00:57:25,380 --> 00:57:20,890

good friend Heidi what one term we have

1332

00:57:28,200 --> 00:57:25,390

coined is the flashing Nexus okay that's

1333

00:57:30,510 --> 00:57:28,210

and they was explaining that on the air

1334

00:57:34,140 --> 00:57:30,520

the other day I read the first run in

1335

00:57:35,640 --> 00:57:34,150

1970 is that 70 70 in the 1970s when a

1336

00:57:38,580 --> 00:57:35,650

man who had been on an operating table

1337

00:57:40,230 --> 00:57:38,590

came to me and said you know I had he

1338

00:57:41,850 --> 00:57:40,240

talked about out of the body experiences

1339

00:57:45,270 --> 00:57:41,860

I had something that I've never even

1340

00:57:48,120 --> 00:57:45,280

heard of that it has no category to it

1341

00:57:50,160 --> 00:57:48,130

and that is he was lying on the table

1342

00:57:51,690 --> 00:57:50,170

and all of a sudden his consciousness he

1343

00:57:56,280 --> 00:57:51,700

wasn't even out he was just lying there

1344

00:57:57,360 --> 00:57:56,290

he was the he was the doctor and he kept

1345

00:58:00,410 --> 00:57:57,370

a sense of humor because they said he

1346

00:58:04,350 --> 00:58:00,420

had he had the doctors knowledge all his

1347

00:58:05,730 --> 00:58:04,360

his memories but just for a few seconds

1348

00:58:07,230 --> 00:58:05,740

and he said it was a good thing as he

1349

00:58:08,130 --> 00:58:07,240

was about to start operating on himself

1350

00:58:10,590 --> 00:58:08,140

he's a good thing he had his knowledge

1351
00:58:13,620 --> 00:58:10,600
as well and then all of a sudden he was

1352
00:58:16,080 --> 00:58:13,630
the nurse and then then he was somebody

1353
00:58:17,990 --> 00:58:16,090
driving by in a car outside and he said

1354
00:58:20,460 --> 00:58:18,000
this was as real as its own

1355
00:58:21,600 --> 00:58:20,470
consciousness and I didn't know what to

1356
00:58:22,890 --> 00:58:21,610
do with this I've never heard this

1357
00:58:26,220 --> 00:58:22,900
before I figure maybe the guy's just

1358
00:58:28,260 --> 00:58:26,230
just a nut nut ball and then I started

1359
00:58:30,900 --> 00:58:28,270
running into it again and again not not

1360
00:58:32,280 --> 00:58:30,910
very commonly and sometimes it was

1361
00:58:33,390 --> 00:58:32,290
somebody's just have it going through

1362
00:58:37,050 --> 00:58:33,400
their waking day and all of a sudden

1363
00:58:40,310 --> 00:58:37,060

there's somebody else and so I came up

1364

00:58:43,770 --> 00:58:40,320

with the term flashing Nexus Nexus being

1365

00:58:47,670 --> 00:58:43,780

the center of the core being of the

1366

00:58:50,040 --> 00:58:47,680

biosphere where you perhaps you're your

1367

00:58:53,430 --> 00:58:50,050

center central life of all your parallel

1368

00:58:55,800 --> 00:58:53,440

lives are and you just have some things

1369

00:58:58,260 --> 00:58:55,810

kind of a glitch in you're conscious of

1370

00:59:00,030 --> 00:58:58,270

what you're just flashing consciously

1371

00:59:04,290 --> 00:59:00,040

from one to another so hence the term

1372

00:59:06,660 --> 00:59:04,300

flashing Nexus and I ran into a case

1373

00:59:07,980 --> 00:59:06,670

relatively recently a secondhand but

1374

00:59:09,510 --> 00:59:07,990

that we put it out on the air in our

1375

00:59:10,530 --> 00:59:09,520

show we'd like to hear more reports of

1376

00:59:13,470 --> 00:59:10,540

this thing if people think it's

1377

00:59:15,270 --> 00:59:13,480

happening to them okay so I got one for

1378

00:59:18,570 --> 00:59:15,280

you another one okay so I have had

1379

00:59:20,340 --> 00:59:18,580

people write me over the years even

1380

00:59:22,770 --> 00:59:20,350

before I was really getting word out

1381

00:59:26,460 --> 00:59:22,780

there about anything and people you know

1382

00:59:26,980 --> 00:59:26,470

would recognize me from showing up and

1383

00:59:29,470 --> 00:59:26,990

help them

1384

00:59:30,790 --> 00:59:29,480

with something I am not kidding nice it

1385

00:59:33,540 --> 00:59:30,800

was weird

1386

00:59:37,000 --> 00:59:33,550

yeah III mean there's just so much more

1387

00:59:39,940 --> 00:59:37,010

that it's taken for a Florida judge

1388

00:59:42,310 --> 00:59:39,950

that's as exotic as that guy who got

1389

00:59:45,370 --> 00:59:42,320

with me but it's it's just so bizarre

1390

00:59:47,470 --> 00:59:45,380

and it just gets stranger and stranger

1391

00:59:48,850 --> 00:59:47,480

and then they'll send me an image of

1392

00:59:50,620 --> 00:59:48,860

themselves and like joy look familiar

1393

00:59:51,010 --> 00:59:50,630

you showed it from my dream why were you

1394

00:59:54,910 --> 00:59:51,020

there

1395

00:59:58,420 --> 00:59:54,920

I don't know it's the multi-verse that

1396

01:00:00,210 --> 00:59:58,430

it's best if we're right and what what

1397

01:00:02,170 --> 01:00:00,220

do we say Ben what's one of our mottos

1398

01:00:03,580 --> 01:00:02,180

explaining the paranormal is not the

1399

01:00:09,850 --> 01:00:03,590

problem it's handling handling the

1400

01:00:14,530 --> 01:00:09,860

explanations to do these things thank

1401

01:00:16,330 --> 01:00:14,540

you do this what what that you used to

1402

01:00:20,620 --> 01:00:16,340

be on Sundays army now muddies are you

1403

01:00:24,370 --> 01:00:20,630

on Sundays now up there in yes we were

1404

01:00:26,320 --> 01:00:24,380

in a Monday drive time and they the

1405

01:00:28,600 --> 01:00:26,330

state the station manager in his in his

1406

01:00:30,790 --> 01:00:28,610

wisdom and he is one of the most

1407

01:00:33,070 --> 01:00:30,800

intelligent people we know so you're

1408

01:00:35,140 --> 01:00:33,080

gonna do better in a Sunday slot because

1409

01:00:37,210 --> 01:00:35,150

we wanted to do on location broadcasts

1410

01:00:40,120 --> 01:00:37,220

and the the station didn't have a staff

1411

01:00:42,540 --> 01:00:40,130

for that on a Monday night so we have

1412

01:00:45,100 --> 01:00:42,550

been able to do all kinds of great stuff

1413

01:00:46,690 --> 01:00:45,110

because it takes ten years off Ben's

1414

01:00:52,720 --> 01:00:46,700

life because he had to be the producer

1415

01:00:55,780 --> 01:00:52,730

and recently the worst thing it's Josh's

1416

01:00:57,370 --> 01:00:55,790

problem so but we we went up to New

1417

01:00:59,890 --> 01:00:57,380

Hampshire two years in a row we've done

1418

01:01:01,900 --> 01:00:59,900

live broadcast with the the panel at the

1419

01:01:05,250 --> 01:01:01,910

Exeter UFO festival including Richard

1420

01:01:08,230 --> 01:01:05,260

Dolan Cathy Mardon and just a fantastic

1421

01:01:09,580 --> 01:01:08,240

deep people have found out about this in

1422

01:01:11,170 --> 01:01:09,590

the local area and because you can't get

1423

01:01:13,630 --> 01:01:11,180

our station in the local area unless you

1424

01:01:16,540 --> 01:01:13,640

listen online and people were coming to

1425

01:01:18,640 --> 01:01:16,550

the door that they paid \$10 to get in

1426

01:01:22,000 --> 01:01:18,650

just just to listen to the show

1427

01:01:22,960 --> 01:01:22,010

participate in the audience and we

1428

01:01:24,340 --> 01:01:22,970

didn't know they were going to do that

1429

01:01:26,290 --> 01:01:24,350

but it was for charities the Kiwanis

1430

01:01:27,280 --> 01:01:26,300

Club and they said they didn't want to

1431

01:01:29,200 --> 01:01:27,290

pay the whole thing but they said would

1432

01:01:30,580 --> 01:01:29,210

you pay ten oh yeah sure so all these

1433

01:01:35,400 --> 01:01:30,590

people are forking over to come and

1434

01:01:37,870 --> 01:01:35,410

illicit or a show you know it's good for

1435

01:01:40,720 --> 01:01:37,880

we broadcast from a charity walk in

1436

01:01:42,460 --> 01:01:40,730

Providence that was a riot because the

1437

01:01:44,170 --> 01:01:42,470

the city people in the park didn't

1438

01:01:46,660 --> 01:01:44,180

realize we were still on the air turned

1439

01:01:49,660 --> 01:01:46,670

off turned off power like in the middle

1440

01:01:51,849 --> 01:01:49,670

of the broadcast I never saw you run so

1441

01:01:53,980 --> 01:01:51,859

fast banner after the city truck got to

1442

01:01:57,730 --> 01:01:53,990

turn it back on meanwhile runner cell

1443

01:01:59,260 --> 01:01:57,740

phones communicating with the station so

1444

01:02:02,650 --> 01:01:59,270

we've had our adventures in the

1445

01:02:04,240 --> 01:02:02,660

broadcast world sounds like it yes

1446

01:02:06,220 --> 01:02:04,250

whatever it's Sunday night up there as

1447

01:02:08,710 --> 01:02:06,230

you can get I guess on the internet or I

1448

01:02:11,109 --> 01:02:08,720

guess phi2 yeah yeah it's Sunday

1449

01:02:12,910 --> 01:02:11,119

afternoon noon to one which we thought

1450

01:02:14,020 --> 01:02:12,920

was an awful slot but no it's good

1451

01:02:15,310 --> 01:02:14,030

because especially cuz people are now

1452

01:02:16,780 --> 01:02:15,320

their time zones we have a big

1453

01:02:19,930 --> 01:02:16,790

listenership in Australia for some

1454

01:02:23,020 --> 01:02:19,940

reason in Mexico and mixer it's not that

1455

01:02:26,020 --> 01:02:23,030

different timewise but yeah it's wo n

1456

01:02:27,370 --> 01:02:26,030

it's 12:40 and the a.m. dial and this we

1457

01:02:31,480 --> 01:02:27,380

are having a good authority soon to be

1458

01:02:34,930 --> 01:02:31,490

an FM feat as well you can get get a 2

1459

01:02:37,599 --> 01:02:34,940

on oh and world wide calm there's a

1460

01:02:41,099 --> 01:02:37,609

website there that will carry it live

1461

01:02:43,780 --> 01:02:41,109

and that's oh em TV icon or the dream

1462

01:02:46,420 --> 01:02:43,790

work the street yes they have multiple

1463

01:02:51,970 --> 01:02:46,430

streams for the different portions of

1464

01:02:54,280 --> 01:02:51,980

their their network situation what the

1465

01:02:58,540 --> 01:02:54,290

latest book came out in the city in 16

1466

01:02:59,859 --> 01:02:58,550

or just july of 17 there's just one more

1467

01:03:04,390 --> 01:02:59,869

word on the show if you go to behind the

1468

01:03:07,780 --> 01:03:04,400

paranormal con there 730 hours of shows

1469

01:03:10,240 --> 01:03:07,790

we have the time so we're not tenth way

1470

01:03:13,660 --> 01:03:10,250

around the year so they're all there so

1471

01:03:15,130 --> 01:03:13,670

anyway yeah yeah thank you the book the

1472

01:03:16,990 --> 01:03:15,140

the well I've written a bunch of books

1473

01:03:18,250 --> 01:03:17,000

before this but the two books have

1474

01:03:19,750 --> 01:03:18,260

written together are behind the

1475

01:03:22,809 --> 01:03:19,760

paranormal everything you know is wrong

1476

01:03:24,579 --> 01:03:22,819

that came out from shiver in 2016 and

1477

01:03:27,849 --> 01:03:24,589

events have been out for about a year

1478

01:03:31,059 --> 01:03:27,859

now and then July of this year we had

1479

01:03:33,690 --> 01:03:31,069

behind the paranormal - Bigfoot Mothman

1480

01:03:36,309 --> 01:03:33,700

and monsters you've never heard of so

1481

01:03:37,780 --> 01:03:36,319

the first one is in stores the second

1482

01:03:40,030 --> 01:03:37,790

one we had to bring in a very quickly

1483

01:03:42,520 --> 01:03:40,040

shivered let us do it on our own with

1484

01:03:43,870 --> 01:03:42,530

our own long it long existing but

1485

01:03:46,510 --> 01:03:43,880

dormant publishing house and that's

1486

01:03:47,859 --> 01:03:46,520

available on Amazon and Kindle and maybe

1487

01:03:49,599 --> 01:03:47,869

in some stores I don't know yet but

1488

01:03:51,760 --> 01:03:49,609

that's what still get the marketing

1489

01:03:53,800 --> 01:03:51,770

click on that so they're two of them oh

1490

01:03:54,370 --> 01:03:53,810

you're very put writer just like Heidi

1491

01:03:58,570 --> 01:03:54,380

Heidi put

1492

01:04:00,250 --> 01:03:58,580

books every five minutes but no since I

1493

01:04:02,020 --> 01:04:00,260

teamed up with Ben it's been quicker but

1494

01:04:09,010 --> 01:04:02,030

it usually takes me five five years to

1495

01:04:10,870 --> 01:04:09,020

write a book well guys guys we're coming

1496

01:04:12,760 --> 01:04:10,880

up to where our last break we'll be

1497

01:04:15,130 --> 01:04:12,770

right back and might check up on one of

1498

01:04:17,760 --> 01:04:15,140

my little interesting areas I'll ask you

1499

01:04:23,200 --> 01:04:20,350

let's break we'll be back with Paul and

1500

01:04:25,450 --> 01:04:23,210

Ben and I guess I was gonna ask you also

1501
01:04:26,830 --> 01:04:25,460
but the old famous Bridgewater triangle

1502
01:04:28,570 --> 01:04:26,840
because that's always been one of my

1503
01:04:30,070 --> 01:04:28,580
little interesting you know that's right

1504
01:04:32,230 --> 01:04:30,080
in our neighborhood we'll both of us

1505
01:04:33,730 --> 01:04:32,240
live we live about twelve miles from

1506
01:04:37,470 --> 01:04:33,740
each other and we're not too much

1507
01:04:40,810 --> 01:04:37,480
farther than that the triangle made me

1508
01:04:42,970 --> 01:04:40,820
equidistant from it now yeah yeah is it

1509
01:04:46,450 --> 01:04:42,980
holding its own with phenomenology here

1510
01:04:48,160 --> 01:04:46,460
well it is people are you know it's it's

1511
01:04:49,900 --> 01:04:48,170
there's an opinion that it's already

1512
01:04:52,240 --> 01:04:49,910
been done to death but we think it's

1513
01:04:54,910 --> 01:04:52,250

just beginning we have a very dear

1514

01:04:56,890 --> 01:04:54,920

friend who is a filmmaker

1515

01:04:59,050 --> 01:04:56,900

Alexander penticoff you should check him

1516

01:05:00,700 --> 01:04:59,060

out he made an excellent excellent

1517

01:05:03,490 --> 01:05:00,710

documentary about the Bridgewater

1518

01:05:04,690 --> 01:05:03,500

triangle then there have been many oh we

1519

01:05:08,410 --> 01:05:04,700

ourselves had some interesting

1520

01:05:10,840 --> 01:05:08,420

experiences there over the years at one

1521

01:05:14,410 --> 01:05:10,850

point we were kind of bombing around in

1522

01:05:18,550 --> 01:05:14,420

our four-wheel drive out there and we

1523

01:05:20,380 --> 01:05:18,560

stopped to admire a lovely lake got out

1524

01:05:21,940 --> 01:05:20,390

and we immediately felt as if we were

1525

01:05:23,560 --> 01:05:21,950

being watched because this is a state

1526

01:05:26,050 --> 01:05:23,570

park it's a management area so there's

1527

01:05:29,290 --> 01:05:26,060

nobody lives around here did a few and

1528

01:05:31,480 --> 01:05:29,300

we just shot some photos into the woods

1529

01:05:33,040 --> 01:05:31,490

and sure enough you know you have to be

1530

01:05:36,220 --> 01:05:33,050

very careful and you know I did

1531

01:05:37,540 --> 01:05:36,230

photography in the military and analysis

1532

01:05:40,960 --> 01:05:37,550

and stuff and you have to be very

1533

01:05:43,150 --> 01:05:40,970

careful of the play of light on a sunny

1534

01:05:45,130 --> 01:05:43,160

day in the woods okay now there was no

1535

01:05:45,730 --> 01:05:45,140

wind this day either but still you have

1536

01:05:47,410 --> 01:05:45,740

to watch out

1537

01:05:49,240 --> 01:05:47,420

but all these there were a couple of

1538

01:05:51,820 --> 01:05:49,250

they looked like figures with flesh

1539

01:05:53,580 --> 01:05:51,830

tones and in this latitude you don't see

1540

01:05:57,700 --> 01:05:53,590

that except for a certain kind of fungi

1541

01:05:59,800 --> 01:05:57,710

these are readily of viewable at New

1542

01:06:02,560 --> 01:05:59,810

England ghosts calm one of our websites

1543

01:06:04,450 --> 01:06:02,570

and just look at cases and the first one

1544

01:06:06,760 --> 01:06:04,460

is the Bridgewater triangle cases in New

1545

01:06:10,120 --> 01:06:06,770

England anyway and you can

1546

01:06:13,120 --> 01:06:10,130

see those pictures so um it did not the

1547

01:06:16,840 --> 01:06:13,130

socks off some experts and and then sure

1548

01:06:18,940 --> 01:06:16,850

enough a number of five years later we

1549

01:06:20,740 --> 01:06:18,950

encountered a man who had been walking

1550

01:06:23,230 --> 01:06:20,750

his dog in this area and had seen a

1551

01:06:25,120 --> 01:06:23,240

similar figure and was it was they're

1552

01:06:26,620 --> 01:06:25,130

trying to encourage him to come into the

1553

01:06:31,000 --> 01:06:26,630

woods and locally these are known as

1554

01:06:33,370 --> 01:06:31,010

puck what geez oh yeah

1555

01:06:38,940 --> 01:06:33,380

and the Algonquian language and a good

1556

01:06:42,370 --> 01:06:38,950

friend a professor from Omaha Alma we'd

1557

01:06:44,410 --> 01:06:42,380

certainly and she was able to point out

1558

01:06:47,050 --> 01:06:44,420

that the the Duncan language has the

1559

01:06:48,670 --> 01:06:47,060

word puck with jij which is where this

1560

01:06:52,450 --> 01:06:48,680

comes from you know little people

1561

01:06:54,520 --> 01:06:52,460

essentially and we may have gotten some

1562

01:06:57,400 --> 01:06:54,530

photographs of those and we I've talked

1563

01:06:59,650 --> 01:06:57,410

to witnesses who have encountered them

1564

01:07:02,140 --> 01:06:59,660

and as Ben will tell you the the wampa

1565

01:07:03,490 --> 01:07:02,150

dogs have a try that's part of their

1566

01:07:06,970 --> 01:07:03,500

tribal land but they don't like to stay

1567

01:07:08,470 --> 01:07:06,980

there that's too weird yeah wasn't would

1568

01:07:10,750 --> 01:07:08,480

they have a meeting like once a year or

1569

01:07:12,580 --> 01:07:10,760

something of the kind like that but they

1570

01:07:13,720 --> 01:07:12,590

just no one wants to live on it because

1571

01:07:14,410 --> 01:07:13,730

they're just like it's too weird we

1572

01:07:19,660 --> 01:07:14,420

don't want to live here

1573

01:07:20,950 --> 01:07:19,670

yeah I understand it as I understand it

1574

01:07:22,750 --> 01:07:20,960

instead of going into upstate New York

1575

01:07:25,990 --> 01:07:22,760

the puck why'd you stay in Massachusetts

1576

01:07:27,490 --> 01:07:26,000

don't they well in this case yeah one of

1577

01:07:29,500 --> 01:07:27,500

the things we noticed with flat berries

1578

01:07:32,440 --> 01:07:29,510

is there's there's always some kind of

1579

01:07:35,650 --> 01:07:32,450

military or paramilitary presence that

1580

01:07:37,660 --> 01:07:35,660

we think is you know and now in the

1581

01:07:39,550 --> 01:07:37,670

Bridgewater area we were commenting on

1582

01:07:41,230 --> 01:07:39,560

this very day as we were driving in the

1583

01:07:42,310 --> 01:07:41,240

middle of nowhere and the dirt roads

1584

01:07:44,410 --> 01:07:42,320

that you we haven't run into the

1585

01:07:46,210 --> 01:07:44,420

military here yet sure enough we come

1586

01:07:47,290 --> 01:07:46,220

around a corner onto another dirt road

1587

01:07:49,900 --> 01:07:47,300

the middle of nowhere there's a whole

1588

01:07:52,150 --> 01:07:49,910

line of unmarked it looked like utility

1589

01:07:53,620 --> 01:07:52,160

trucks all these guys and sunglasses

1590

01:07:56,350 --> 01:07:53,630

kind of watching us go by there we're

1591

01:07:59,410 --> 01:07:56,360

knowing no utilities no wires and it was

1592

01:08:05,170 --> 01:07:59,420

so we we'd be able to have something

1593

01:08:07,510 --> 01:08:05,180

weird there there that was you know I've

1594

01:08:10,570 --> 01:08:07,520

been associated with Special Forces

1595

01:08:12,220 --> 01:08:10,580

people and the stuff like that I wasn't

1596

01:08:14,440 --> 01:08:12,230

personally into Special Forces but a lot

1597

01:08:16,539 --> 01:08:14,450

of my friends have been and but I've

1598

01:08:18,160 --> 01:08:16,549

never heard any mentions of deal anybody

1599

01:08:22,590 --> 01:08:18,170

dealing with these issues I wonder what

1600

01:08:28,899 --> 01:08:25,510

you know I had some training as rubbing

1601

01:08:30,669 --> 01:08:28,909

elbows with spooks now and then or

1602

01:08:32,740 --> 01:08:30,679

whatever you know I didn't that my

1603

01:08:36,430 --> 01:08:32,750

clearance was wasn't that high but you

1604

01:08:39,430 --> 01:08:36,440

know you hear things and I never um you

1605

01:08:42,910 --> 01:08:39,440

know and and everything in intelligence

1606

01:08:44,769 --> 01:08:42,920

mission specific and core core mission

1607

01:08:45,970 --> 01:08:44,779

only and admission specific and

1608

01:08:49,720 --> 01:08:45,980

need-to-know Laurent that's kind of

1609

01:08:52,030 --> 01:08:49,730

thing however you hear rumor so these

1610

01:08:55,479 --> 01:08:52,040

guys were I'd never heard really much of

1611

01:08:56,829 --> 01:08:55,489

anything about area 51 or anything like

1612

01:09:00,039 --> 01:08:56,839

that but because that's not the area I

1613

01:09:03,939 --> 01:09:00,049

was working in right particularly in the

1614

01:09:05,979 --> 01:09:03,949

Coast Guard so but but I don't know

1615

01:09:08,680 --> 01:09:05,989

they're it's you know how these things

1616

01:09:11,470 --> 01:09:08,690

are very highly compartmentalized Kevin

1617

01:09:13,090 --> 01:09:11,480

you know you wouldn't know what was

1618

01:09:15,519 --> 01:09:13,100

going on and you wouldn't really hear

1619

01:09:17,620 --> 01:09:15,529

what's going on but you know after

1620

01:09:19,530 --> 01:09:17,630

people that were tired or dying in their

1621

01:09:22,479 --> 01:09:19,540

beds maybe they'll say something but

1622

01:09:24,669 --> 01:09:22,489

back in the day also hobnobbing I did

1623

01:09:26,470 --> 01:09:24,679

was more like Special Forces people not

1624

01:09:29,769 --> 01:09:26,480

like intelligence people that I guess

1625

01:09:32,140 --> 01:09:29,779

right oh yeah yeah right so yeah and

1626

01:09:35,439 --> 01:09:32,150

sometimes they work together sometimes

1627

01:09:37,539 --> 01:09:35,449

they don't but you just people had a

1628

01:09:39,970 --> 01:09:37,549

sense of secrecy in those days now it

1629

01:09:42,519 --> 01:09:39,980

was in the 70s when I was in the first

1630

01:09:44,050 --> 01:09:42,529

time that they kind of realized that you

1631

01:09:45,669 --> 01:09:44,060

really can't keep secrets anymore

1632

01:09:49,629 --> 01:09:45,679

because they saw the internet coming and

1633

01:09:51,340 --> 01:09:49,639

all this so yeah give out false

1634

01:09:53,109 --> 01:09:51,350

information you know accurate

1635

01:09:56,260 --> 01:09:53,119

information from inaccurate sources and

1636

01:09:57,609 --> 01:09:56,270

vice versa and everybody loves a mystery

1637

01:10:00,550 --> 01:09:57,619

and everybody keeps guessing and you

1638

01:10:04,419 --> 01:10:00,560

keep your secrets yeah well you know I

1639

01:10:06,340 --> 01:10:04,429

do remember this this came up just

1640

01:10:08,379 --> 01:10:06,350

recently people were talking about with

1641

01:10:11,500 --> 01:10:08,389

the latest UFO disclosure business and

1642

01:10:13,990 --> 01:10:11,510

all that G rise even a powerful person

1643

01:10:14,649 --> 01:10:14,000

like Senator Barry Goldwater from the

1644

01:10:16,780 --> 01:10:14,659

past

1645

01:10:18,669 --> 01:10:16,790

he approached when he was a lieutenant

1646

01:10:23,290 --> 01:10:18,679

general in the Air Force to moreover

1647

01:10:25,180 --> 01:10:23,300

and Goldwater approached Curtis LeMay I

1648

01:10:25,689 --> 01:10:25,190

guess at the time chairman Joint Chiefs

1649

01:10:27,520 --> 01:10:25,699

of Staff

1650

01:10:30,820 --> 01:10:27,530

or else secretary Air Force one of it at

1651
01:10:34,540 --> 01:10:30,830
the time and the chase Goldwater yeah

1652
01:10:36,460 --> 01:10:34,550
but but he that's right but what he did

1653
01:10:38,650 --> 01:10:36,470
goldwater made inquiries on the UFO

1654
01:10:40,570 --> 01:10:38,660
thing and this he did Hershel May

1655
01:10:42,220 --> 01:10:40,580
basically slapped him back down and just

1656
01:10:44,290 --> 01:10:42,230
keep your nose out of it kind of thing

1657
01:10:45,850 --> 01:10:44,300
and kind of a brzeska way and you're

1658
01:10:47,830 --> 01:10:45,860
talking to somebody that's a senator on

1659
01:10:51,100 --> 01:10:47,840
the intelligent Senate Intelligence

1660
01:10:54,220 --> 01:10:51,110
Committee I'm now you know one of the

1661
01:10:57,090 --> 01:10:54,230
main major domos and you know and uh and

1662
01:10:59,860 --> 01:10:57,100
to talk to him like he was a you know a

1663
01:11:01,990 --> 01:10:59,870

janitor was really wild that he would be

1664

01:11:03,850 --> 01:11:02,000

able to get away with it I mean in other

1665

01:11:05,500 --> 01:11:03,860

words how could how could this be how

1666

01:11:08,350 --> 01:11:05,510

could that be that that distorted to

1667

01:11:11,050 --> 01:11:08,360

somebody Goldwater statue be stature be

1668

01:11:13,510 --> 01:11:11,060

a total mind his own business

1669

01:11:15,460 --> 01:11:13,520

yeah well there may be something to be

1670

01:11:18,790 --> 01:11:15,470

said for this shadow government idea you

1671

01:11:22,030 --> 01:11:18,800

know that there's a and some are the

1672

01:11:24,150 --> 01:11:22,040

Navy it's always very important in a lot

1673

01:11:30,640 --> 01:11:24,160

of these things you know

1674

01:11:32,380 --> 01:11:30,650

old navy I mean well I I heard a few

1675

01:11:34,810 --> 01:11:32,390

things I don't feel comfortable talking

1676

01:11:36,610 --> 01:11:34,820

about but well it's nothing really big

1677

01:11:39,700 --> 01:11:36,620

but you know why they might be be

1678

01:11:46,480 --> 01:11:39,710

involved I don't know it's not that to

1679

01:11:48,190 --> 01:11:46,490

though so uh yeah it's just I don't know

1680

01:11:50,500 --> 01:11:48,200

we can't keep a secret on anything else

1681

01:11:52,450 --> 01:11:50,510

it's weird we could keep this secret you

1682

01:11:53,740 --> 01:11:52,460

have secrets but you know there's a lot

1683

01:11:56,110 --> 01:11:53,750

of information floating around but how

1684

01:11:57,810 --> 01:11:56,120

accurate is it you know it goes back

1685

01:12:00,310 --> 01:11:57,820

right to the beginning of our discussion

1686

01:12:02,620 --> 01:12:00,320

you know I mean that's the thing you

1687

01:12:04,990 --> 01:12:02,630

have what this whole term disinformation

1688

01:12:08,380 --> 01:12:05,000

as is a term that we pay attention to it

1689

01:12:10,480 --> 01:12:08,390

works it satisfies a lot of people and

1690

01:12:12,760 --> 01:12:10,490

it's used very heavy isn't that the

1691

01:12:13,960 --> 01:12:12,770

truth it's it's disgusting but it's

1692

01:12:15,400 --> 01:12:13,970

worked for a very long time

1693

01:12:17,920 --> 01:12:15,410

there's a lot of turf in these so you

1694

01:12:19,720 --> 01:12:17,930

know slap Clinton they slap Clinton back

1695

01:12:23,050 --> 01:12:19,730

down when he tried to inquire into it

1696

01:12:24,640 --> 01:12:23,060

yeah sure did he talk like Sarah

1697

01:12:26,730 --> 01:12:24,650

McLaughlin or wherever name was the

1698

01:12:30,250 --> 01:12:26,740

Washington Post

1699

01:12:32,710 --> 01:12:30,260

it's like this New York Times article I

1700

01:12:35,620 --> 01:12:32,720

mean there that gentleman that came

1701

01:12:37,840 --> 01:12:35,630

forward that Lewis Elizondo he came

1702

01:12:47,649 --> 01:12:37,850

forward because he's seeking funding to

1703

01:12:51,770 --> 01:12:50,149

and it's like dude do you think they

1704

01:12:53,990 --> 01:12:51,780

really pulled the funding away he even

1705

01:12:55,850 --> 01:12:54,000

admitted that he had a successor that

1706

01:12:58,160 --> 01:12:55,860

someone took over his position it's not

1707

01:13:01,580 --> 01:12:58,170

closed and they're obviously not

1708

01:13:04,340 --> 01:13:01,590

disclosing it so Harry Reid and Elizondo

1709

01:13:05,750 --> 01:13:04,350

about what's really going on I mean

1710

01:13:07,459 --> 01:13:05,760

they're they're seeking they're tapping

1711

01:13:09,649 --> 01:13:07,469

on things but I don't think they're ever

1712

01:13:10,609 --> 01:13:09,659

gonna get the full picture the left hand

1713

01:13:12,050 --> 01:13:10,619

doesn't know what the right hand is

1714

01:13:15,260 --> 01:13:12,060

doing and they do it on purpose and

1715

01:13:17,840 --> 01:13:15,270

they're that's well over yep and what we

1716

01:13:20,750 --> 01:13:17,850

may not know nobody may know what's

1717

01:13:24,229 --> 01:13:20,760

really going on and if they do it's

1718

01:13:26,870 --> 01:13:24,239

probably a handful of people yeah you

1719

01:13:29,300 --> 01:13:26,880

know so what makes for an interesting

1720

01:13:31,970 --> 01:13:29,310

inquiry well listen guys it's been great

1721

01:13:34,729 --> 01:13:31,980

having you I always enjoy it and I hope

1722

01:13:36,350 --> 01:13:34,739

things yeah thanks for joining us oh

1723

01:13:39,500 --> 01:13:36,360

it's always a pleasure indeed

1724

01:13:54,320 --> 01:13:39,510

I love your radio voice best best one I

1725

01:13:55,760 --> 01:13:54,330

know Kevin sure but anyhow listen you

1726

01:13:57,439 --> 01:13:55,770

take care and we'll sure talk to you

1727

01:14:00,020 --> 01:13:57,449

soon very look forward to it

1728

01:14:02,709 --> 01:14:00,030

Indians you guys take care have a great

1729

01:14:07,640 --> 01:14:05,330

now uh next week Heidi we're gonna

1730

01:14:09,800 --> 01:14:07,650

actually take a break and we're gonna

1731

01:14:11,540 --> 01:14:09,810

run an archive show and then we're gonna

1732

01:14:15,649 --> 01:14:11,550

have Dan Perkins on the first that's

1733

01:14:17,390 --> 01:14:15,659

who's be in January right yeah cuz it's

1734

01:14:19,879 --> 01:14:17,400

Christmastime so we got to say Merry

1735

01:14:22,629 --> 01:14:19,889

Christmas to everybody well certainly

1736

01:14:25,280 --> 01:14:22,639

have a Merry Christmas and I don't know

1737

01:14:29,000 --> 01:14:25,290

one thing I am very certain of is the

1738

01:14:31,490 --> 01:14:29,010

reality of God all that and no matter

1739

01:14:34,820 --> 01:14:31,500

how complex in a situation he's got I

1740

01:14:39,040 --> 01:14:34,830

know he's there and Jesus is there and

1741

01:14:42,080 --> 01:14:39,050

that's Jesus is no joke as I always say

1742

01:14:43,850 --> 01:14:42,090

and but I mean things basically things

1743

01:14:45,439 --> 01:14:43,860

were instilled in good hands

1744

01:14:47,450 --> 01:14:45,449

you know things a little more complex

1745

01:14:50,390 --> 01:14:47,460

and but there are allusions to that in

1746

01:14:52,189 --> 01:14:50,400

the Bible we'll talk about this Friday

1747

01:14:55,479 --> 01:14:52,199

on my show I'm gonna have the physics of

1748

01:14:58,450 --> 01:14:55,489

God author I think it's timely for oh

1749

01:15:00,520 --> 01:14:58,460

that sounds just fine that's absolutely

1750

01:15:03,100 --> 01:15:00,530

recommend their pita or listen to that

1751

01:15:05,260 --> 01:15:03,110

okay well Heidi I guess we better say

1752

01:15:06,190 --> 01:15:05,270

good night Thunder these folks Merry
