[Music]

2
00:00:10,610 --> 00:00:07,009

you're tuned in tonight vision radio

3
00:00:13,379 --> 00:00:10,620

exposing the truth one secret at a time

4
00:00:15,869 --> 00:00:13,389

prepare yourself as we explore the

5
00:00:19,620 --> 00:00:15,879

shadow worlds of suppressed history

6
00:00:22,080 --> 00:00:19,630

secret knowledge forbidden religion and

7
00:00:27,160 --> 00:00:22,090

shine a light on the conspiracies to

8
00:01:04,960 --> 00:00:38,280

[Music]

9
00:01:04,970 --> 00:01:11,819

welcome to night-vision radio

10
00:01:16,840 --> 00:01:14,370

good evening and Happy Holidays everyone

11
00:01:19,600 --> 00:01:16,850

looking forward to a brand new year

12
00:01:21,520 --> 00:01:19,610

coming up and I can't say that I'm sad

13
00:01:24,940 --> 00:01:21,530

to see this one passing by it's been a

14

00:01:28,450 --> 00:01:24,950

crazy crazy year so looking for a much

15

00:01:30,450 --> 00:01:28,460

much better 2018 I want to get right

16

00:01:33,550 --> 00:01:30,460

into the show in just a moment but

17

00:01:35,410 --> 00:01:33,560

beforehand I wanted to throw a little

18

00:01:37,749 --> 00:01:35,420

something out there now this is a Renny

19

00:01:39,940 --> 00:01:37,759

Alert now you guys if you're not a Renny

20

00:01:41,679 --> 00:01:39,950

you may not know what already is but if

21

00:01:43,210 --> 00:01:41,689

you are one you know exactly who I'm

22

00:01:47,109 --> 00:01:43,220

talking to

23

00:01:49,059 --> 00:01:47,119

today someone sent me in fact our good

24

00:01:52,809 --> 00:01:49,069

friend Kourt Lindell author who's

25

00:01:55,330 --> 00:01:52,819

appeared on this show many times sent me

26
00:01:57,399 --> 00:01:55,340
a notice that someone had posted that

27
00:01:59,639 --> 00:01:57,409
there been a discovery made in the

28
00:02:04,149 --> 00:01:59,649
village of rennes-le-chateau today and

29
00:02:07,690 --> 00:02:04,159
it was underneath the house and the

30
00:02:11,740 --> 00:02:07,700
claim was that it was a tomb or a burial

31
00:02:15,670 --> 00:02:11,750
place with a body inside and some badly

32
00:02:17,590 --> 00:02:15,680
sort of decomposed parchments I don't

33
00:02:21,670 --> 00:02:17,600
know if this is real I don't know if

34
00:02:25,090 --> 00:02:21,680
it's a hoax what really made me kind of

35
00:02:27,220 --> 00:02:25,100
doubt the veracity of the story was at

36
00:02:29,890 --> 00:02:27,230
the very end of the little article it

37
00:02:31,539 --> 00:02:29,900
said that the mayor Alex panko as many

38
00:02:36,009 --> 00:02:31,549

of you know in that village that you're

39

00:02:39,039 --> 00:02:36,019

we're also familiar with said quoted

40

00:02:41,770 --> 00:02:39,049

that I put my hands in the fire that

41

00:02:43,870 --> 00:02:41,780

this is the body of Mary Magdalene now I

42

00:02:46,270 --> 00:02:43,880

have a little bit of trouble thinking

43

00:02:48,640 --> 00:02:46,280

that mayor Alex panko would make that

44

00:02:51,670 --> 00:02:48,650

kind of pronouncement on a preliminary

45

00:02:53,740 --> 00:02:51,680

find like that so I'm kind of

46

00:02:55,660 --> 00:02:53,750

questioning this the other thing is is

47

00:02:58,120 --> 00:02:55,670

that oddly turns out that the house

48

00:03:00,509 --> 00:02:58,130

underneath which this find was

49

00:03:04,629 --> 00:03:00,519

supposedly made as the house I'm

50

00:03:06,159 --> 00:03:04,639

extremely familiar with in fact many

51
00:03:08,319 --> 00:03:06,169
many times would have stayed in the

52
00:03:09,629 --> 00:03:08,329
village there in southwest France of

53
00:03:12,129 --> 00:03:09,639
rennes-le-chateau

54
00:03:15,069 --> 00:03:12,139
I've stayed directly across the street

55
00:03:17,589 --> 00:03:15,079
from that beriberi house and looked out

56
00:03:19,600 --> 00:03:17,599
onto it and I had a strange me to

57
00:03:22,570 --> 00:03:19,610
experience with the owner of that house

58
00:03:25,180 --> 00:03:22,580
so it's quite puzzling

59
00:03:27,160 --> 00:03:25,190
it would be quite hilarious if there did

60
00:03:29,980 --> 00:03:27,170
turn out to be a really authentic find

61
00:03:32,650 --> 00:03:29,990
there and I was looking out over it for

62
00:03:34,270 --> 00:03:32,660
years year after year after years I

63
00:03:37,480 --> 00:03:34,280

stayed in the village of course looking

64

00:03:38,680 --> 00:03:37,490

for clues and researching and on the

65

00:03:41,380 --> 00:03:38,690

trail of the secrets of

66

00:03:44,680 --> 00:03:41,390

rennes-le-chateau so more on this

67

00:03:47,170 --> 00:03:44,690

hopefully by next week and I'll also be

68

00:03:49,720 --> 00:03:47,180

posting more as I hear it on Facebook

69

00:03:52,500 --> 00:03:49,730

but if any of you Reni's out there any

70

00:03:54,550 --> 00:03:52,510

of you locals down on the ground in

71

00:03:57,070 --> 00:03:54,560

southwest france if you've got any

72

00:03:58,900 --> 00:03:57,080

information I'd love to have it send me

73

00:04:00,910 --> 00:03:58,910

some information if you found that it's

74

00:04:03,910 --> 00:04:00,920

a hoax if you've got anything that

75

00:04:06,370 --> 00:04:03,920

authenticates the story just anything at

76

00:04:09,190 --> 00:04:06,380

all I'd appreciate a heads-up so you can

77

00:04:11,620 --> 00:04:09,200

find me on Facebook or you can email me

78

00:04:15,880 --> 00:04:11,630

right here through inception Radio

79

00:04:18,880 --> 00:04:15,890

Network comm alright enough about that

80

00:04:21,490 --> 00:04:18,890

on with the subject at hand and oh my

81

00:04:25,630 --> 00:04:21,500

goodness I should say subjects because

82

00:04:27,250 --> 00:04:25,640

we we've got a panorama of things that

83

00:04:29,290 --> 00:04:27,260

we could cover tonight we're going to

84

00:04:32,650 --> 00:04:29,300

see how far we get because my guest is

85

00:04:35,310 --> 00:04:32,660

so knowledgeable in so many areas now my

86

00:04:37,210 --> 00:04:35,320

guest tonight is an esteemed Harvard

87

00:04:40,060 --> 00:04:37,220

astrophysicist many of you've heard of

88

00:04:43,150 --> 00:04:40,070

dr. Rudolph Shield he's with me tonight

89

00:04:45,580 --> 00:04:43,160

I persuaded him to stay up late on the

90

00:04:49,470 --> 00:04:45,590

East Coast and join us so dr. shield

91

00:04:53,980 --> 00:04:49,480

thank you so much for agreeing on we

92

00:04:55,750 --> 00:04:53,990

appreciate it very very much now you

93

00:04:57,190 --> 00:04:55,760

know as you know when I originally

94

00:05:00,010 --> 00:04:57,200

contacted you

95

00:05:02,860 --> 00:05:00,020

it was just following that New York

96

00:05:06,580 --> 00:05:02,870

Times article and the announcement

97

00:05:10,360 --> 00:05:06,590

regarding the pentagram gone UFO program

98

00:05:15,810 --> 00:05:10,370

that dealt with with Senator Harry Reid

99

00:05:19,480 --> 00:05:15,820

and Las Vegas billionaire Robert Bigelow

100

00:05:23,890 --> 00:05:19,490

now there's been a lot of of talk about

101
00:05:27,909 --> 00:05:23,900
why this was released why now what was

102
00:05:31,000 --> 00:05:27,919
really behind it but to me it's just

103
00:05:33,820 --> 00:05:31,010
interesting that the information was

104
00:05:36,580 --> 00:05:33,830
made public at all and it is interesting

105
00:05:39,400 --> 00:05:36,590
that someone like Senator Harry

106
00:05:42,010 --> 00:05:39,410
would have been involved and I do know

107
00:05:43,719 --> 00:05:42,020
that that Harry Reid is a personal

108
00:05:46,839 --> 00:05:43,729
friend of Robert Bigelow so maybe it's

109
00:05:50,379 --> 00:05:46,849
not that far-fetched they both are Las

110
00:05:53,589 --> 00:05:50,389
Vegas guys and they probably run in some

111
00:05:55,600 --> 00:05:53,599
of the same circles but I'm just

112
00:05:59,320 --> 00:05:55,610
wondering I know you've done a lot of

113
00:06:02,140 --> 00:05:59,330

work in the area of studying UFO

114

00:06:05,080 --> 00:06:02,150

experiences and we're a good friend a

115

00:06:08,290 --> 00:06:05,090

good close friend of the late dr. John

116

00:06:11,710 --> 00:06:08,300

Mack and did some of that work with him

117

00:06:13,870 --> 00:06:11,720

and then carried on do you see this news

118

00:06:16,420 --> 00:06:13,880

that's coming out having any impact at

119

00:06:21,610 --> 00:06:16,430

all on what you're doing or on the

120

00:06:24,939 --> 00:06:21,620

subjects of your study well I should say

121

00:06:28,809 --> 00:06:24,949

that we've all been waiting for the

122

00:06:30,430 --> 00:06:28,819

point when disclosure occurs in our

123

00:06:34,059 --> 00:06:30,440

civilization and I'm sure you've

124

00:06:36,520 --> 00:06:34,069

discussed this endlessly and it would be

125

00:06:39,850 --> 00:06:36,530

hard to believe for any of us that this

126

00:06:42,430 --> 00:06:39,860

could really be it so in some ways it's

127

00:06:44,409 --> 00:06:42,440

the most exciting moment and yet I think

128

00:06:50,430 --> 00:06:44,419

that all of us are a little bit cautious

129

00:06:52,959 --> 00:06:50,440

and we would like this kind of a

130

00:06:54,879 --> 00:06:52,969

discovery of this magnitude to be

131

00:06:56,920 --> 00:06:54,889

confirmed by somebody else

132

00:06:59,469 --> 00:06:56,930

and you might say well it's been

133

00:07:02,980 --> 00:06:59,479

confirmed by probably half a million

134

00:07:06,899 --> 00:07:02,990

reports of UFO abductions over the past

135

00:07:09,279 --> 00:07:06,909

40 years and so perhaps it's a

136

00:07:14,529 --> 00:07:09,289

confirmation of what they have already

137

00:07:18,120 --> 00:07:14,539

learned frankly I find it difficult as

138

00:07:20,860 --> 00:07:18,130

an academic to relate to this as a

139

00:07:24,820 --> 00:07:20,870

significant discovery because of the way

140

00:07:28,149 --> 00:07:24,830

it's being handled as a leak through of

141

00:07:31,209 --> 00:07:28,159

a very secure social network that until

142

00:07:34,629 --> 00:07:31,219

now has successfully kept the entire

143

00:07:38,409 --> 00:07:34,639

subject and its investigation in a top

144

00:07:41,760 --> 00:07:38,419

secret I hope that many of your

145

00:07:46,089 --> 00:07:41,770

listeners are aware that the late that

146

00:07:49,340 --> 00:07:46,099

John Podesta at the time that he retired

147

00:07:55,700 --> 00:07:49,350

from service to our former president

148

00:07:59,210 --> 00:07:55,710

Osama bin Laden is a Barack Obama Barack

149

00:08:04,550 --> 00:07:59,220

Obama it's late at night for me sorry

150

00:08:08,180 --> 00:08:04,560

folks I've actually made that very very

151
00:08:10,580 --> 00:08:08,190
same mistake and when Barack Obama was

152
00:08:12,770 --> 00:08:10,590
running for president I said you know

153
00:08:14,360 --> 00:08:12,780
what I'd be surprised if he gets elected

154
00:08:21,920 --> 00:08:14,370
because his name sounds too much like

155
00:08:25,910 --> 00:08:21,930
Osama my point okay thank you you've

156
00:08:35,360 --> 00:08:31,490
so what Frank Podesta to be tired he

157
00:08:40,719 --> 00:08:35,370
said in a highly publicized statement

158
00:08:44,450 --> 00:08:40,729
that he was severing his ties to the

159
00:08:47,300 --> 00:08:44,460
Obama administration as he had agreed

160
00:08:51,020 --> 00:08:47,310
with the president he would do following

161
00:08:52,160 --> 00:08:51,030
the reelection campaign and that have

162
00:08:55,190 --> 00:08:52,170
you been accomplished

163
00:09:00,430 --> 00:08:55,200

he was now retiring but then went out to

164

00:09:04,460 --> 00:09:00,440

say that the largest frustration of his

165

00:09:08,300 --> 00:09:04,470

administration as I believed as the

166

00:09:13,400 --> 00:09:08,310

president's chief of staff that failure

167

00:09:16,130 --> 00:09:13,410

was his inability to get a briefing for

168

00:09:20,810 --> 00:09:16,140

himself and the President of the United

169

00:09:24,710 --> 00:09:20,820

States on the American UFO program now

170

00:09:29,000 --> 00:09:24,720

we are learning in this brief statement

171

00:09:33,020 --> 00:09:29,010

from the military that oh the US

172

00:09:36,650 --> 00:09:33,030

government has had in fact a secret

173

00:09:39,470 --> 00:09:36,660

research program which they now assure

174

00:09:42,860 --> 00:09:39,480

us how to remain secret because there

175

00:09:49,280 --> 00:09:42,870

was concern that this announcement might

176

00:09:53,090 --> 00:09:49,290

panic the American people and that that

177

00:09:56,150 --> 00:09:53,100

does make sense I suppose but the

178

00:09:59,630 --> 00:09:56,160

problem is with it being handled with

179

00:10:01,639 --> 00:09:59,640

military security there is no question

180

00:10:06,429 --> 00:10:01,649

and answer session

181

00:10:10,999 --> 00:10:06,439

it occurs to me that if it is logically

182

00:10:15,739 --> 00:10:11,009

correct and true that the military has

183

00:10:20,749 --> 00:10:15,749

made this disclosure based on gun camera

184

00:10:23,569 --> 00:10:20,759

video from the f-18 a growler Jets then

185

00:10:27,530 --> 00:10:23,579

why don't they take the next very simple

186

00:10:30,499 --> 00:10:27,540

logical step since the US government has

187

00:10:35,150 --> 00:10:30,509

officially investigated the Roswell

188

00:10:38,679 --> 00:10:35,160

incident by so many accounts in 1947

189

00:10:42,350 --> 00:10:38,689

then why don't they just declassify the

190

00:10:45,499 --> 00:10:42,360

documents related to what happened to

191

00:10:47,239 --> 00:10:45,509

the spacecraft that the government

192

00:10:50,739 --> 00:10:47,249

picked up and carried away and

193

00:10:55,069 --> 00:10:50,749

transported away we don't know where and

194

00:10:58,210 --> 00:10:55,079

why not tell us about the reports that

195

00:11:01,340 --> 00:10:58,220

bodies were obtained at this time

196

00:11:05,090 --> 00:11:01,350

supposedly there were two living bodies

197

00:11:08,150 --> 00:11:05,100

we after the crash and - a dead bodies

198

00:11:10,910 --> 00:11:08,160

and whatever happened to those and how

199

00:11:15,199 --> 00:11:10,920

about some disclosure of facts that

200

00:11:18,679 --> 00:11:15,209

would that relate to 70 60 years ago if

201
00:11:22,610 --> 00:11:18,689
there is to be disclosure anyway you can

202
00:11:26,809 --> 00:11:22,620
see why there is plenty of opportunity

203
00:11:31,429 --> 00:11:26,819
for further disclosure by the government

204
00:11:35,329 --> 00:11:31,439
and I welcome the disclosure if it's

205
00:11:38,059 --> 00:11:35,339
here but as an academic we never take

206
00:11:41,840 --> 00:11:38,069
one person's word for it and would like

207
00:11:45,110 --> 00:11:41,850
to know more and like to know some of

208
00:11:47,299 --> 00:11:45,120
the details and before we can touch such

209
00:11:50,269 --> 00:11:47,309
a thing academically we have to know

210
00:11:53,840 --> 00:11:50,279
what the details are and having such

211
00:11:58,160 --> 00:11:53,850
disclosure in a secretive environment of

212
00:12:04,999 --> 00:11:58,170
military security is very frustrating so

213
00:12:06,799 --> 00:12:05,009

I am a little bit dubious and I'm just

214

00:12:09,949 --> 00:12:06,809

waiting for something more substantial

215

00:12:11,720 --> 00:12:09,959

you know it's funny because you know as

216

00:12:13,429 --> 00:12:11,730

you said everybody's been waiting you

217

00:12:15,519 --> 00:12:13,439

know for disclosure and we've all talked

218

00:12:19,240 --> 00:12:15,529

about it ad nauseam

219

00:12:22,300 --> 00:12:19,250

but when this article came out I mean it

220

00:12:25,240 --> 00:12:22,310

did cause it did cause a bit of a stir

221

00:12:27,309 --> 00:12:25,250

and there was interest raised by it but

222

00:12:31,319 --> 00:12:27,319

in a way it sort of seemed kind of

223

00:12:34,749 --> 00:12:31,329

anticlimactic it it was just sort of

224

00:12:37,210 --> 00:12:34,759

popped out there and in you're right if

225

00:12:40,240 --> 00:12:37,220

they're going to disclose that why not

226

00:12:42,280 --> 00:12:40,250

disclose the other it doesn't make any

227

00:12:45,759 --> 00:12:42,290

sense after all this years and I'm not

228

00:12:48,670 --> 00:12:45,769

sure I at all by that it would throw the

229

00:12:52,809 --> 00:12:48,680

public into a panic I think you know

230

00:12:54,939 --> 00:12:52,819

that's gotten old that that excuse and I

231

00:12:58,420 --> 00:12:54,949

I think it would be much less of a panic

232

00:13:00,790 --> 00:12:58,430

than then they think I think what could

233

00:13:03,910 --> 00:13:00,800

be in in and maybe you have an opinion

234

00:13:05,199 --> 00:13:03,920

on this is that you know if they reveal

235

00:13:08,290 --> 00:13:05,209

it now then they're going to have to

236

00:13:13,840 --> 00:13:08,300

admit that they lied about certain

237

00:13:16,720 --> 00:13:13,850

things before or why in your mind would

238

00:13:21,069 --> 00:13:16,730

they release this one one bit about this

239

00:13:23,439 --> 00:13:21,079

one project or this one program and not

240

00:13:26,019 --> 00:13:23,449

release things like real hard evidence

241

00:13:31,179 --> 00:13:26,029

that they were that they gleaned from

242

00:13:32,790 --> 00:13:31,189

Roswell physical evidence so very good

243

00:13:38,280 --> 00:13:32,800

point

244

00:13:40,660 --> 00:13:38,290

Bernie I believe you are correct and I

245

00:13:43,660 --> 00:13:40,670

don't have an answer to your question

246

00:13:46,720 --> 00:13:43,670

obviously that that anything that I

247

00:13:50,170 --> 00:13:46,730

would say could only be speculation but

248

00:13:53,110 --> 00:13:50,180

it is perhaps important for your readers

249

00:13:56,290 --> 00:13:53,120

or your listeners to know for a fact

250

00:13:58,389 --> 00:13:56,300

that there is so much more to be done

251
00:14:02,470 --> 00:13:58,399
before we can consider this to be

252
00:14:05,049 --> 00:14:02,480
genuine disclosure and we are as you see

253
00:14:07,990 --> 00:14:05,059
put in a position to just wait and see

254
00:14:10,569 --> 00:14:08,000
and we're very much aware that somebody

255
00:14:13,540 --> 00:14:10,579
else is in charge here and that's a

256
00:14:15,610 --> 00:14:13,550
little bit unsatisfactory in the

257
00:14:17,650 --> 00:14:15,620
academic community where we're

258
00:14:20,889 --> 00:14:17,660
accustomed to having discoveries

259
00:14:22,299 --> 00:14:20,899
announced and scientists getting very

260
00:14:25,569 --> 00:14:22,309
excited about it

261
00:14:28,440 --> 00:14:25,579
but knowing oh there is a discovery that

262
00:14:31,259 --> 00:14:28,450
we can confirm now and

263
00:14:34,350 --> 00:14:31,269

we can then extend the reach and the

264

00:14:37,710 --> 00:14:34,360

importance and the breadth of our

265

00:14:39,840 --> 00:14:37,720

inquiries as necessary as we get more

266

00:14:43,079 --> 00:14:39,850

details we're not in that position

267

00:14:46,379 --> 00:14:43,089

whatsoever we're just left to discuss

268

00:14:49,430 --> 00:14:46,389

this as perhaps related to disclosure

269

00:14:54,329 --> 00:14:49,440

and the door is closed

270

00:14:57,030 --> 00:14:54,339

exactly it seems yeah it seems lacking

271

00:14:57,930 --> 00:14:57,040

somehow I'm just not sure what that's

272

00:15:02,870 --> 00:14:57,940

all about

273

00:15:08,180 --> 00:15:02,880

but now are you continuing your work

274

00:15:13,410 --> 00:15:08,190

with people who've had UFO experiences

275

00:15:17,460 --> 00:15:13,420

my own can my own relationship was John

276

00:15:20,160 --> 00:15:17,470

Mack was that his invitation I know John

277

00:15:24,660 --> 00:15:20,170

Mack socially we were both colleagues at

278

00:15:27,960 --> 00:15:24,670

a great university and one day I

279

00:15:30,300 --> 00:15:27,970

received an unexpected phone call at my

280

00:15:33,300 --> 00:15:30,310

office it was John Mack who introduced

281

00:15:34,829 --> 00:15:33,310

himself and I knew who he was of Forrest

282

00:15:37,769 --> 00:15:34,839

and remembered our friendship and

283

00:15:39,630 --> 00:15:37,779

association and he said that he had

284

00:15:43,259 --> 00:15:39,640

encountered something that was so

285

00:15:45,120 --> 00:15:43,269

unusual and so perplexing to him that he

286

00:15:48,000 --> 00:15:45,130

would like to discuss it with me because

287

00:15:52,759 --> 00:15:48,010

of all of the astronomical implications

288

00:15:55,769 --> 00:15:52,769

by it and both of us were aware that

289

00:15:58,350 --> 00:15:55,779

something this hot is a little bit

290

00:16:01,680 --> 00:15:58,360

tricky to deal with and that we would

291

00:16:03,930 --> 00:16:01,690

meet at a neutral space at the

292

00:16:06,960 --> 00:16:03,940

observatory that would be the cafeteria

293

00:16:12,480 --> 00:16:06,970

so that whatever the status of my phone

294

00:16:17,240 --> 00:16:12,490

was and whatever else was was what would

295

00:16:20,670 --> 00:16:17,250

I say was unsure we could avoid by

296

00:16:27,389 --> 00:16:20,680

meeting in this public and open space at

297

00:16:30,120 --> 00:16:27,399

that time John Mack said to told me

298

00:16:32,280 --> 00:16:30,130

about the nature of the abduction

299

00:16:34,829 --> 00:16:32,290

experiences that he's been hearing from

300

00:16:38,660 --> 00:16:34,839

many trusts worth of the individuals who

301
00:16:40,430 --> 00:16:38,670
pass all kinds of psychological advance

302
00:16:46,300 --> 00:16:40,440
they are

303
00:16:49,160 --> 00:16:46,310
intelligent people speak coherently and

304
00:16:51,710 --> 00:16:49,170
there was the offer that I might meet

305
00:16:55,430 --> 00:16:51,720
with some of them and discuss all the

306
00:16:59,150 --> 00:16:55,440
phenomena involved and I readily

307
00:17:05,150 --> 00:16:59,160
accepted and a long association with

308
00:17:08,540 --> 00:17:05,160
John Mack then followed and it and it

309
00:17:13,309 --> 00:17:08,550
didn't end well it ended only with his

310
00:17:16,220 --> 00:17:13,319
death and I feel as though I learned a

311
00:17:18,890 --> 00:17:16,230
great deal from from this but the

312
00:17:21,890 --> 00:17:18,900
problem was always that I could not

313
00:17:25,309 --> 00:17:21,900

discuss it in the academic corridors of

314

00:17:31,480 --> 00:17:25,319

Harvard University and John Mack himself

315

00:17:35,630 --> 00:17:31,490

was in the end at the early stages of

316

00:17:39,280 --> 00:17:35,640

persecution yes daring to say such an

317

00:17:41,660 --> 00:17:39,290

outrageous thing as apparently

318

00:17:44,000 --> 00:17:41,670

intelligences from remote planets were

319

00:17:46,700 --> 00:17:44,010

visiting the earth and spaceships that

320

00:17:50,900 --> 00:17:46,710

was what all the UFO fuss was about

321

00:17:54,890 --> 00:17:50,910

and there are people human beings who

322

00:17:57,790 --> 00:17:54,900

have knowledge of conditions of life

323

00:18:00,620 --> 00:17:57,800

around other stars and I was just

324

00:18:01,400 --> 00:18:00,630

excited and titillated beyond

325

00:18:04,790 --> 00:18:01,410

description

326

00:18:08,810 --> 00:18:04,800

I remember when he sent me a copy of his

327

00:18:11,420 --> 00:18:08,820

book abductions I sat out for the whole

328

00:18:16,550 --> 00:18:11,430

weekend and did basically nothing but

329

00:18:20,600 --> 00:18:16,560

burrow myself in his book and was have

330

00:18:24,140 --> 00:18:20,610

been endlessly fascinated since then of

331

00:18:27,470 --> 00:18:24,150

course something so big raises to me as

332

00:18:29,840 --> 00:18:27,480

a working scientist endless questions of

333

00:18:33,770 --> 00:18:29,850

what is the nature of life in the

334

00:18:39,830 --> 00:18:33,780

universe what life are we in contact

335

00:18:42,740 --> 00:18:39,840

with and what does the new abduction

336

00:18:46,760 --> 00:18:42,750

material tell us and the first thing I

337

00:18:49,730 --> 00:18:46,770

noticed was how much an abduction

338

00:18:53,660 --> 00:18:49,740

account read to me like the Christmas

339

00:18:58,820 --> 00:18:53,670

story I started to notice

340

00:19:02,030 --> 00:18:58,830

back in 1992 that well what was this

341

00:19:06,440 --> 00:19:02,040

remarkable star that they the Wiseman

342

00:19:10,450 --> 00:19:06,450

saw in the east and it was so impressive

343

00:19:13,610 --> 00:19:10,460

that they got on their earth camels of

344

00:19:17,260 --> 00:19:13,620

the sports cars as quickly as they could

345

00:19:21,080 --> 00:19:17,270

and made their way to Bethlehem bearing

346

00:19:25,430 --> 00:19:21,090

presents gifts of frankincense and myrrh

347

00:19:27,830 --> 00:19:25,440

you mean called the story and then what

348

00:19:30,890 --> 00:19:27,840

was in addition to the questions of what

349

00:19:33,470 --> 00:19:30,900

about the light that was seen well what

350

00:19:39,320 --> 00:19:33,480

about the choirs of angels and arch

351
00:19:44,510 --> 00:19:39,330
angels who were they really and then the

352
00:19:47,120 --> 00:19:44,520
story about the Annunciation and the

353
00:19:49,130 --> 00:19:47,130
visit by an angel who told Mary not to

354
00:19:51,520 --> 00:19:49,140
be afraid that this was all had the

355
00:19:53,540 --> 00:19:51,530
permission of the universe and all that

356
00:19:56,990 --> 00:19:53,550
everything just sounded like the

357
00:20:00,230 --> 00:19:57,000
Christmas story told to me and so I was

358
00:20:02,840 --> 00:20:00,240
fascinated to put the whole new

359
00:20:07,370 --> 00:20:02,850
knowledge in the context of ancient

360
00:20:10,100 --> 00:20:07,380
biblical knowledge and to have a more

361
00:20:13,700 --> 00:20:10,110
complete picture of what that might have

362
00:20:15,920 --> 00:20:13,710
been so anyway I had a long association

363
00:20:20,090 --> 00:20:15,930

with John Mack yes thank you and a oh

364

00:20:22,730 --> 00:20:20,100

yeah it was wonderful now you know as

365

00:20:25,160 --> 00:20:22,740

you mentioned you know it was becoming

366

00:20:28,490 --> 00:20:25,170

well known that he was getting a lot of

367

00:20:31,100 --> 00:20:28,500

flack at Harvard I mean my goodness and

368

00:20:34,250 --> 00:20:31,110

academic studying you know or

369

00:20:36,980 --> 00:20:34,260

researching an edgy subject like UFOs

370

00:20:39,860 --> 00:20:36,990

and alien abductions and alien

371

00:20:42,650 --> 00:20:39,870

experiences and encounters my goodness

372

00:20:45,860 --> 00:20:42,660

it was really something that we hadn't

373

00:20:49,100 --> 00:20:45,870

seen that much of in the halls of Ivy

374

00:20:52,580 --> 00:20:49,110

should I say and so he did get a lot of

375

00:20:55,010 --> 00:20:52,590

flack for that now did you or were you

376

00:20:59,510 --> 00:20:55,020

aware if he got other flack from other

377

00:21:01,880 --> 00:20:59,520

outside agencies or anything else and

378

00:21:04,760 --> 00:21:01,890

and I guess what I'm asking and forgive

379

00:21:06,700 --> 00:21:04,770

me if this is a you know rude question

380

00:21:10,120 --> 00:21:06,710

but I remember very

381

00:21:13,510 --> 00:21:10,130

well when dr. Mac was killed he was in

382

00:21:16,480 --> 00:21:13,520

London if I'm not mistaken and he was

383

00:21:18,549 --> 00:21:16,490

run over on the streets of London and

384

00:21:21,399 --> 00:21:18,559

killed

385

00:21:23,289 --> 00:21:21,409

I wondered at the time whether or not

386

00:21:24,310 --> 00:21:23,299

you know there was anything to that

387

00:21:26,710 --> 00:21:24,320

whether or not there was anything

388

00:21:29,980 --> 00:21:26,720

suspicious and I never really heard much

389

00:21:33,460 --> 00:21:29,990

about that did you ever wonder or did

390

00:21:37,810 --> 00:21:33,470

you ever hear anything or question the

391

00:21:41,200 --> 00:21:37,820

way that dr. Mac passed yes yes to both

392

00:21:45,760 --> 00:21:41,210

questions of yours in the first place

393

00:21:49,180 --> 00:21:45,770

I also heard the story or heard very

394

00:21:51,490 --> 00:21:49,190

quickly about this tragic death and at

395

00:21:53,649 --> 00:21:51,500

the same time I could understand it

396

00:21:56,320 --> 00:21:53,659

perfectly well because the same thing

397

00:22:00,130 --> 00:21:56,330

had almost happened to me only two

398

00:22:02,889 --> 00:22:00,140

months earlier let's me call that John

399

00:22:05,860 --> 00:22:02,899

Mac had just finished giving a title a

400

00:22:09,039 --> 00:22:05,870

lecture which was the purpose of his

401
00:22:12,220 --> 00:22:09,049
trip to London and he was exiting the

402
00:22:15,190 --> 00:22:12,230
lecture hall and I just know that his

403
00:22:18,310 --> 00:22:15,200
mind was full of thoughts about did I

404
00:22:21,120 --> 00:22:18,320
communicate my material adequately did

405
00:22:23,470 --> 00:22:21,130
it seem like the audience got it was I

406
00:22:25,389 --> 00:22:23,480
comprehensive was I clear in my

407
00:22:28,060 --> 00:22:25,399
discussion was I'm honest in my

408
00:22:30,070 --> 00:22:28,070
conclusions how did it seem to be going

409
00:22:35,080 --> 00:22:30,080
over all those questions would have been

410
00:22:38,260 --> 00:22:35,090
consuming him at this moment and walking

411
00:22:42,820 --> 00:22:38,270
across a street apparently he got hit by

412
00:22:46,120 --> 00:22:42,830
the automobile now it happened to me

413
00:22:48,789 --> 00:22:46,130

that only two months before I was in

414

00:22:56,350 --> 00:22:48,799

Edinburgh Scotland which is of course a

415

00:22:59,230 --> 00:22:56,360

UK nation and a similar thing happened I

416

00:23:02,980 --> 00:22:59,240

was approaching intersection and began

417

00:23:06,700 --> 00:23:02,990

walking across the street and habitually

418

00:23:09,130 --> 00:23:06,710

looking to the left which is a direction

419

00:23:10,990 --> 00:23:09,140

that I would look if I were in New York

420

00:23:14,200 --> 00:23:11,000

City to see if any traffic was

421

00:23:17,260 --> 00:23:14,210

approaching and suddenly I heard the

422

00:23:21,049 --> 00:23:17,270

brakes squeal very close by to the right

423

00:23:23,989 --> 00:23:21,059

of me and saw a bus when I looked

424

00:23:27,379 --> 00:23:23,999

I saw a bus come to a screeching halt

425

00:23:29,840 --> 00:23:27,389

because I had almost done the same thing

426

00:23:32,299 --> 00:23:29,850

that John Mac had done that is stepped

427

00:23:34,850 --> 00:23:32,309

off the curb into the path of an

428

00:23:42,710 --> 00:23:34,860

automobile and I could understand

429

00:23:46,580 --> 00:23:42,720

perfectly the the situation in Yemen and

430

00:23:49,759 --> 00:23:46,590

why he absent mindedly may have resorted

431

00:23:54,710 --> 00:23:49,769

to lifetime habits of not looking in the

432

00:24:02,769 --> 00:23:54,720

direction of my traffic danger in the

433

00:24:05,779 --> 00:24:02,779

track right you know Rene know that I

434

00:24:09,980 --> 00:24:05,789

later learned that he did not die

435

00:24:13,279 --> 00:24:09,990

instantly and that in fact he was alive

436

00:24:17,720 --> 00:24:13,289

for a few hours following the accident

437

00:24:20,180 --> 00:24:17,730

this was told to me firsthand and I

438

00:24:24,830 --> 00:24:20,190

think even that he was able to have a

439

00:24:28,220 --> 00:24:24,840

phone call with his wife and did not in

440

00:24:30,739 --> 00:24:28,230

any way mention that this appeared to be

441

00:24:33,409 --> 00:24:30,749

a conspiracy or there that this appeared

442

00:24:37,070 --> 00:24:33,419

to be foul play and there is reason to

443

00:24:40,369 --> 00:24:37,080

believe that in communications with him

444

00:24:44,539 --> 00:24:40,379

after the accident and when he was again

445

00:24:49,789 --> 00:24:44,549

coherent that he bore no malice for the

446

00:24:52,159 --> 00:24:49,799

accident and simply accepted that he

447

00:24:56,749 --> 00:24:52,169

that he had brought about his untimely

448

00:24:57,350 --> 00:24:56,759

death apparently by stepping out into

449

00:25:01,580 --> 00:24:57,360

traffic

450

00:25:04,609 --> 00:25:01,590

I myself have any thoughts about this

451
00:25:07,159 --> 00:25:04,619
being any kind of a conspiracy oh that's

452
00:25:09,259 --> 00:25:07,169
good you know I know exactly what you

453
00:25:12,950 --> 00:25:09,269
mean about UK traffic particularly

454
00:25:14,359 --> 00:25:12,960
London there is that idea of you know

455
00:25:18,320 --> 00:25:14,369
looking to the wrong direction for

456
00:25:20,989 --> 00:25:18,330
oncoming traffic but also the streets

457
00:25:24,950 --> 00:25:20,999
are so narrow for the amount of traffic

458
00:25:26,899 --> 00:25:24,960
that they bear in London and they come

459
00:25:29,720 --> 00:25:26,909
by really fast so when you're standing

460
00:25:32,029 --> 00:25:29,730
on the curb I mean traffic is right

461
00:25:33,399 --> 00:25:32,039
there you can reach out and touch the

462
00:25:36,159 --> 00:25:33,409
cars

463
00:25:39,210 --> 00:25:36,169

if you want so I could see how it could

464

00:25:42,370 --> 00:25:39,220

very easily happen and it's probably

465

00:25:43,960 --> 00:25:42,380

pretty easily I mean it's probably a

466

00:25:45,580 --> 00:25:43,970

fairly common occurrence in London

467

00:25:48,039 --> 00:25:45,590

especially for people who are visitors

468

00:25:50,230 --> 00:25:48,049

so thank you for clearing that up that

469

00:25:52,990 --> 00:25:50,240

was just a little niggling thought that

470

00:25:54,909 --> 00:25:53,000

I'd had all these years since John Max

471

00:25:57,430 --> 00:25:54,919

death but you know what it's time for us

472

00:25:59,769 --> 00:25:57,440

to take a break and when we come back

473

00:26:01,960 --> 00:25:59,779

we're gonna have more with Dr. Rudolf

474

00:26:04,210 --> 00:26:01,970

Shield we're gonna be talking about UFOs

475

00:26:07,029 --> 00:26:04,220

and we're going to be talking about the

476

00:26:11,259 --> 00:26:07,039

very origins of life on our planet

477

00:26:13,240 --> 00:26:11,269

stay with us welcome back to night

478

00:26:15,220 --> 00:26:13,250

vision I'm your host Renee Barnett if

479

00:26:18,340 --> 00:26:15,230

you're just joining us with me tonight

480

00:26:22,869 --> 00:26:18,350

is Harvard astrophysicist dr. Rudolph

481

00:26:26,519 --> 00:26:22,879

Shield he is talking to us tonight about

482

00:26:29,610 --> 00:26:26,529

a variety of subjects we started off

483

00:26:35,139 --> 00:26:29,620

with this disclosure of this Pentagon

484

00:26:39,340 --> 00:26:35,149

program of UFO research and study and we

485

00:26:41,200 --> 00:26:39,350

got into dr. shields work with dr. John

486

00:26:45,159 --> 00:26:41,210

Mack the late dr. John Mack of Harvard

487

00:26:48,399 --> 00:26:45,169

who was involved in studying what he

488

00:26:49,330 --> 00:26:48,409

called UFO experiencers I think up to

489

00:26:51,659 --> 00:26:49,340

that time

490

00:26:55,180 --> 00:26:51,669

the terms were abductees and contactees

491

00:26:57,220 --> 00:26:55,190

and I believe it was dr. john mack who

492

00:26:58,299 --> 00:26:57,230

first used that term experience or i

493

00:27:01,299 --> 00:26:58,309

could be wrong that's just my

494

00:27:03,730 --> 00:27:01,309

recollection lord knows my memory is not

495

00:27:05,919 --> 00:27:03,740

as good as it used to be but that's what

496

00:27:09,999 --> 00:27:05,929

I remember and I'm sticking to it anyhow

497

00:27:11,680 --> 00:27:10,009

and over-bright dr. shield I was asking

498

00:27:14,409 --> 00:27:11,690

you about your continuing work in that

499

00:27:17,889 --> 00:27:14,419

area and you were talking about an

500

00:27:20,110 --> 00:27:17,899

annual meeting that you have could you

501

00:27:23,759 --> 00:27:20,120

share a little bit about that and and

502

00:27:27,519 --> 00:27:23,769

why you do get together with a group of

503

00:27:30,999 --> 00:27:27,529

UFO abductees or experiencers every year

504

00:27:35,740 --> 00:27:31,009

what are you gleaning from that so in

505

00:27:39,129 --> 00:27:35,750

fact the group extends back to the times

506

00:27:44,580 --> 00:27:39,139

when dr. Mack I had active research

507

00:27:47,139 --> 00:27:44,590

underway with a group of experiences and

508

00:27:49,450 --> 00:27:47,149

they would arrange

509

00:27:53,379 --> 00:27:49,460

a special gathering at Newport Rhode

510

00:27:57,310 --> 00:27:53,389

Island every summer and it was an

511

00:28:00,399 --> 00:27:57,320

occasion for a few academics to meet

512

00:28:03,759 --> 00:28:00,409

with the abductees to answer any

513

00:28:09,190 --> 00:28:03,769

questions that would be involved in

514

00:28:14,379 --> 00:28:09,200

researching this topic the academics saw

515

00:28:16,409 --> 00:28:14,389

this as a beautiful way to instead to

516

00:28:21,249 --> 00:28:16,419

very quickly expand their understanding

517

00:28:26,200 --> 00:28:21,259

of the nature of the universe and there

518

00:28:30,459 --> 00:28:26,210

is one topic that often entertained us

519

00:28:33,820 --> 00:28:30,469

which was what I sometimes refer to as

520

00:28:37,899 --> 00:28:33,830

the mission creep involved in studying

521

00:28:41,200 --> 00:28:37,909

the UFO phenomena that mission creep has

522

00:28:45,959 --> 00:28:41,210

to do with the fact that it has been so

523

00:28:49,239 --> 00:28:45,969

often observed that the experiencers

524

00:28:51,879 --> 00:28:49,249

who've had Close Encounters of perhaps

525

00:28:55,619 --> 00:28:51,889

the first or second kind maybe the third

526

00:28:59,529 --> 00:28:55,629

or fourth kind that these experiences

527

00:29:02,799 --> 00:28:59,539

find that there is a lasting imprint on

528

00:29:05,609 --> 00:29:02,809

their minds in some way that causes them

529

00:29:09,269 --> 00:29:05,619

to be other interested in other

530

00:29:11,680 --> 00:29:09,279

phenomena of psychological character

531

00:29:15,190 --> 00:29:11,690

phenomena that I call the modern

532

00:29:18,909 --> 00:29:15,200

miracles of the miracles that are seen

533

00:29:24,249 --> 00:29:18,919

are totally understood and unexplained

534

00:29:27,899 --> 00:29:24,259

in the psychiatric community and I'm

535

00:29:32,349 --> 00:29:27,909

talking about things like remote viewing

536

00:29:37,589 --> 00:29:32,359

like near-death experiences things like

537

00:29:41,049 --> 00:29:37,599

telepathy thing is like a precognition

538

00:29:46,329 --> 00:29:41,059

so many of these Oh a strategy for that

539

00:29:50,829 --> 00:29:46,339

matter so many of these things are of

540

00:29:54,219 --> 00:29:50,839

interest to these people that I myself

541

00:29:57,639 --> 00:29:54,229

have investigated them a little bit but

542

00:30:00,549 --> 00:29:57,649

it's not really what I do instead my

543

00:30:05,409 --> 00:30:00,559

focus is to

544

00:30:11,499 --> 00:30:05,419

a visit with this crowd and take the

545

00:30:16,960 --> 00:30:11,509

following point of view suppose I as a

546

00:30:21,789 --> 00:30:16,970

research scientist adopt the posture

547

00:30:26,649 --> 00:30:21,799

that everything they say is true then

548

00:30:30,220 --> 00:30:26,659

I'm in a position to wrap a string in my

549

00:30:34,480 --> 00:30:30,230

mind around this expanded body of

550

00:30:37,210 --> 00:30:34,490

knowledge and ask myself then what have

551
00:30:41,710 --> 00:30:37,220
we learned about the universe what has

552
00:30:46,899 --> 00:30:41,720
to be true about the universe for all of

553
00:30:51,700 --> 00:30:46,909
these experiences to be true now in

554
00:30:57,369 --> 00:30:51,710
doing so I leave room in my mind and say

555
00:31:02,799 --> 00:30:57,379
I'm actually holding this as 95 percent

556
00:31:05,169 --> 00:31:02,809
probably true but 5% of doubt so that

557
00:31:08,889 --> 00:31:05,179
leaves me in a space to be hopefully

558
00:31:11,950 --> 00:31:08,899
objective enough to be patient to listen

559
00:31:14,430 --> 00:31:11,960
and keep my eyes and ears open and my

560
00:31:20,769 --> 00:31:14,440
mouth shut

561
00:31:25,330 --> 00:31:20,779
and you know what conclusion if any or

562
00:31:30,940 --> 00:31:25,340
maybe theory do you have that links this

563
00:31:33,129 --> 00:31:30,950

idea of near-death experiences and the

564

00:31:37,119 --> 00:31:33,139

alien experience and the remote viewing

565

00:31:42,210 --> 00:31:37,129

and the ESP and and that sort of thing

566

00:31:45,129 --> 00:31:42,220

what is the commonality among all that

567

00:31:47,889 --> 00:31:45,139

excellent question I'm glad you asked

568

00:31:51,539 --> 00:31:47,899

I'm very delighted to be able to talk

569

00:31:54,820 --> 00:31:51,549

about this for just a few minutes I

570

00:31:57,340 --> 00:31:54,830

immediately found myself drawn when we

571

00:32:00,820 --> 00:31:57,350

go out to eat we never agree on where to

572

00:32:02,649 --> 00:32:00,830

go burgers tacos it is the one thing we

573

00:32:05,019 --> 00:32:02,659

do agree on is we all want unlimited

574

00:32:07,779 --> 00:32:05,029

high-speed data that's why we switch to

575

00:32:09,460 --> 00:32:07,789

metro pcs stop by metro pcs with the

576

00:32:10,310 --> 00:32:09,470

whole family and get four lines with

577

00:32:13,610 --> 00:32:10,320

unlimited LT

578

00:32:15,230 --> 00:32:13,620

data for just \$100 . MetroPCS wireless

579

00:32:16,519 --> 00:32:15,240

figured out covers not available in some

580

00:32:17,480 --> 00:32:16,529

areas office prep or in a number not

581

00:32:18,649 --> 00:32:17,490

currently active on t-mobile network

582

00:32:19,909 --> 00:32:18,659

during congestion the fraction of

583

00:32:21,289 --> 00:32:19,919

customers used more than 35 gigs per

584

00:32:23,029 --> 00:32:21,299

month may notice reduced beats video

585

00:32:25,190 --> 00:32:23,039

streams DEP 240p no tethering C store

586

00:32:28,820 --> 00:32:25,200

for details in terms and conditions to

587

00:32:31,759 --> 00:32:28,830

the work of dr. Edgar Mitchell with whom

588

00:32:35,389 --> 00:32:31,769

iPad now a lasting friendship for about

589

00:32:37,749 --> 00:32:35,399

15 years because we were introduced when

590

00:32:41,330 --> 00:32:37,759

we share the speaker's podium at

591

00:32:43,610 --> 00:32:41,340

conferences so there was one notable

592

00:32:46,430 --> 00:32:43,620

conference with John Mac Edgar Mitchell

593

00:32:50,180 --> 00:32:46,440

and myself and we talked about the

594

00:32:54,259 --> 00:32:50,190

meaning of these experiences and what a

595

00:33:00,649 --> 00:32:54,269

scientists approaching the various

596

00:33:05,049 --> 00:33:00,659

phenomena thinks about them so I looked

597

00:33:08,509 --> 00:33:05,059

to Edgar Mitchell's formulation or

598

00:33:11,539 --> 00:33:08,519

understanding of how the quantum

599

00:33:14,799 --> 00:33:11,549

universe has already provided the

600

00:33:18,860 --> 00:33:14,809

necessary space are the necessary

601
00:33:22,610 --> 00:33:18,870
principles for us to understand how

602
00:33:25,039 --> 00:33:22,620
these phenomena could all originate in

603
00:33:28,730 --> 00:33:25,049
what Edgar was calling the quantum

604
00:33:33,649 --> 00:33:28,740
hologram but if you want to you can just

605
00:33:36,799 --> 00:33:33,659
call it a mystery or spiritual dimension

606
00:33:38,869 --> 00:33:36,809
of space and you're talking about Edgar

607
00:33:41,659 --> 00:33:38,879
Mitchell I assume I'm talking about

608
00:33:43,070 --> 00:33:41,669
Edgar Mitchell Apollo 14 the sixth man

609
00:33:45,110 --> 00:33:43,080
to mark on the moon

610
00:33:49,549 --> 00:33:45,120
his mission was accomplished and I

611
00:33:53,779 --> 00:33:49,559
believe 1972 and he describes the

612
00:33:57,139 --> 00:33:53,789
mission and where that left him in his

613
00:34:02,950 --> 00:33:57,149

book the way of the Explorer by Edgar

614

00:34:09,470 --> 00:34:06,379

another person that was brave to sort of

615

00:34:12,530 --> 00:34:09,480

come out into the public eye and face

616

00:34:14,180 --> 00:34:12,540

the ridicule errs and the naysayers you

617

00:34:18,710 --> 00:34:14,190

know a lot of people in the chat room

618

00:34:20,839 --> 00:34:18,720

have been talking about dr. John Mack's

619

00:34:24,050 --> 00:34:20,849

bravery and then in essence your bravery

620

00:34:26,860 --> 00:34:24,060

as well it takes a lot of courage

621

00:34:30,860 --> 00:34:26,870

when you have an academic career to

622

00:34:35,659 --> 00:34:30,870

stand up and draw attention to some of

623

00:34:37,700 --> 00:34:35,669

these subjects because not many not many

624

00:34:39,050 --> 00:34:37,710

want to do it it is putting your career

625

00:34:44,120 --> 00:34:39,060

on the line in a lot of ways I would

626

00:34:48,350 --> 00:34:44,130

think yes so this will I hope will amuse

627

00:34:54,409 --> 00:34:48,360

you what I've done in the face of all of

628

00:34:59,290 --> 00:34:54,419

this problem is to adopt a a split

629

00:35:04,340 --> 00:34:59,300

personality side to my being in which

630

00:35:06,620 --> 00:35:04,350

dr. Rudolf yield of signs scientific

631

00:35:09,530 --> 00:35:06,630

reports in the Astrophysical Journal and

632

00:35:12,260 --> 00:35:09,540

in the other refereed literature and

633

00:35:14,720 --> 00:35:12,270

then there is this guy Rudy shield who's

634

00:35:18,470 --> 00:35:14,730

looking into psychological phenomena

635

00:35:21,740 --> 00:35:18,480

that are somehow underlying the UFO

636

00:35:25,780 --> 00:35:21,750

experience so it's with this dual

637

00:35:30,290 --> 00:35:25,790

personality that I'm able to survive and

638

00:35:33,770 --> 00:35:30,300

so it is that I never raised my hand in

639

00:35:36,950 --> 00:35:33,780

the seminar room at Harvard University

640

00:35:39,530 --> 00:35:36,960

and I also work worked all this time for

641

00:35:42,500 --> 00:35:39,540

the Smithsonian Institution but I would

642

00:35:46,850 --> 00:35:42,510

never raise my hand and say what the

643

00:35:48,790 --> 00:35:46,860

little people told me no well I have to

644

00:35:54,170 --> 00:35:48,800

ask you have they told you anything

645

00:35:56,090 --> 00:35:54,180

yes very easily oh so let me tell you a

646

00:35:59,450 --> 00:35:56,100

couple of interesting things that have

647

00:36:03,670 --> 00:35:59,460

been happened along the way oh please Oh

648

00:36:07,510 --> 00:36:03,680

only about three years ago in

649

00:36:13,640 --> 00:36:07,520

astronomical observations it was noticed

650

00:36:15,950 --> 00:36:13,650

or that there was a a cloud of gas that

651
00:36:20,150 --> 00:36:15,960
was approaching the black hole at the

652
00:36:23,780 --> 00:36:20,160
center of our galaxy and and it was

653
00:36:26,930 --> 00:36:23,790
initially very puzzling nobody could

654
00:36:29,870 --> 00:36:26,940
understand how a gas cloud could find

655
00:36:32,510 --> 00:36:29,880
itself in this position it was seen to

656
00:36:37,100 --> 00:36:32,520
be approaching the galactic center black

657
00:36:37,370 --> 00:36:37,110
hole and astronomers got busy with their

658
00:36:39,280 --> 00:36:37,380
come

659
00:36:42,440 --> 00:36:39,290
Computers and did what's called

660
00:36:44,030 --> 00:36:42,450
simulation jinns they put in all of the

661
00:36:46,940 --> 00:36:44,040
equations of physics that seemed

662
00:36:51,860 --> 00:36:46,950
relevant into the computer and tried to

663
00:36:54,170 --> 00:36:51,870

find a global solution to demonstrate

664

00:36:57,580 --> 00:36:54,180

what would happen in the close encounter

665

00:37:02,570 --> 00:36:57,590

that was to follow the next year

666

00:37:08,900 --> 00:37:02,580

well the predictions based on the

667

00:37:11,420 --> 00:37:08,910

computer modeling all showed that the

668

00:37:14,750 --> 00:37:11,430

cloud would be hopelessly disrupted

669

00:37:18,200 --> 00:37:14,760

because of intense torques that would be

670

00:37:22,160 --> 00:37:18,210

experienced in the close proximity to

671

00:37:24,230 --> 00:37:22,170

the black hole object and so all of

672

00:37:26,630 --> 00:37:24,240

these simulations predicted the

673

00:37:28,700 --> 00:37:26,640

destruction of the cloud and the clouds

674

00:37:33,290 --> 00:37:28,710

eventually falling back down to the

675

00:37:36,950 --> 00:37:33,300

black hole now some of my enlightened

676

00:37:41,120 --> 00:37:36,960

beings meditated on this question of

677

00:37:43,880 --> 00:37:41,130

what would happen to cloud g2 and told

678

00:37:46,490 --> 00:37:43,890

me that the conclusion they had reached

679

00:37:49,490 --> 00:37:46,500

was that nothing would happen at all it

680

00:37:54,320 --> 00:37:49,500

would just pass harmlessly by and be

681

00:37:56,720 --> 00:37:54,330

relatively unaffected well the event was

682

00:38:06,140 --> 00:37:56,730

originally expected to happen I believe

683

00:38:09,230 --> 00:38:06,150

in the autumn of 2015 and as the autumn

684

00:38:11,390 --> 00:38:09,240

wore into winter I started asking around

685

00:38:15,190 --> 00:38:11,400

in the halls and corridors of the

686

00:38:18,410 --> 00:38:15,200

university well what was going on and

687

00:38:19,970 --> 00:38:18,420

the answer was well there's a new

688

00:38:25,600 --> 00:38:19,980

prediction that this won't happen until

689

00:38:32,540 --> 00:38:25,610

next spring ha that's very suspicious

690

00:38:37,310 --> 00:38:32,550

then next spring came in when it total

691

00:38:39,860 --> 00:38:37,320

silence Oh telescopes on earth were

692

00:38:41,960 --> 00:38:39,870

pointed in this direction and making

693

00:38:44,990 --> 00:38:41,970

their measurements of the brightness of

694

00:38:46,610 --> 00:38:45,000

the spectrum and the polarization of the

695

00:38:49,010 --> 00:38:46,620

light and all of the kinds of things

696

00:38:51,190 --> 00:38:49,020

that we measure and astrophysics with

697

00:38:54,190 --> 00:38:51,200

our big mountain top telescopes our

698

00:39:00,240 --> 00:38:54,200

a scrap radio-telescopes all of that was

699

00:39:04,180 --> 00:39:00,250

engaged and dead silence the fact was

700

00:39:10,480 --> 00:39:08,170

cloud had just passed harmlessly by the

701
00:39:12,250 --> 00:39:10,490
Galactic hole near the galactic center

702
00:39:14,920 --> 00:39:12,260
of the black hole near the galactic

703
00:39:17,920 --> 00:39:14,930
center and nothing happened to it and

704
00:39:22,660 --> 00:39:17,930
it's still closing out there now away

705
00:39:30,250 --> 00:39:22,670
from the scene of the action so it was

706
00:39:33,730 --> 00:39:30,260
possible for people having their gifts

707
00:39:36,870 --> 00:39:33,740
to tune into the universe to the extent

708
00:39:40,540 --> 00:39:36,880
that they could make a correct

709
00:39:42,550 --> 00:39:40,550
astronomical prediction that beat the

710
00:39:45,670 --> 00:39:42,560
best guesses of the professional

711
00:39:48,579 --> 00:39:45,680
community okay

712
00:39:50,950 --> 00:39:48,589
youth you called them enlightened beings

713
00:39:52,390 --> 00:39:50,960

now who are the enlightened beings

714

00:39:56,470 --> 00:39:52,400

you're speaking of are these human

715

00:40:00,069 --> 00:39:56,480

beings these are you and beings and one

716

00:40:02,829 --> 00:40:00,079

of the modern miracles or these side

717

00:40:05,920 --> 00:40:02,839

effect interests they have is that many

718

00:40:10,270 --> 00:40:05,930

of them through channeling they are able

719

00:40:12,550 --> 00:40:10,280

to pick up on the wisdom of entities in

720

00:40:16,480 --> 00:40:12,560

the universe and you may call them

721

00:40:19,030 --> 00:40:16,490

angels if you want but they are the

722

00:40:22,930 --> 00:40:19,040

enlightened beings that made the safe

723

00:40:25,150 --> 00:40:22,940

prediction and how did you come into

724

00:40:26,770 --> 00:40:25,160

contact with them I you know I'm

725

00:40:31,089 --> 00:40:26,780

assuming you don't want to say who they

726

00:40:34,300 --> 00:40:31,099

are but what kind of people are they how

727

00:40:35,800 --> 00:40:34,310

did you happen to be in touch with them

728

00:40:39,010 --> 00:40:35,810

that you would know to ask them these

729

00:40:42,400 --> 00:40:39,020

questions well the fact is that they

730

00:40:44,530 --> 00:40:42,410

came to me because they heard that I was

731

00:40:46,750 --> 00:40:44,540

a scientist who was interested in these

732

00:40:50,430 --> 00:40:46,760

kinds of things and wanted to

733

00:40:53,380 --> 00:40:50,440

demonstrate to me that in fact these

734

00:40:57,130 --> 00:40:53,390

these experiences they were having have

735

00:41:00,880 --> 00:40:57,140

teeth they they have a very deliberate

736

00:41:03,609 --> 00:41:00,890

meaning and that they can relate to

737

00:41:04,450 --> 00:41:03,619

events in the physical universe that we

738

00:41:07,940 --> 00:41:04,460

begins

739

00:41:12,700 --> 00:41:07,950
astronomically and so one of the

740

00:41:17,660 --> 00:41:12,710
individuals that was communicating to me

741

00:41:20,150 --> 00:41:17,670
had massive pain surgery with the orange

742

00:41:23,059 --> 00:41:20,160
size of object like a 4-inch diameter

743

00:41:26,240 --> 00:41:23,069
spherical object removed from his brain

744

00:41:28,999 --> 00:41:26,250
cavity and this was a massive brain

745

00:41:32,240 --> 00:41:29,009
surgery and something about him has

746

00:41:36,079 --> 00:41:32,250
changed he is in a very very slow

747

00:41:40,430 --> 00:41:36,089
process of recovery and however he does

748

00:41:45,740 --> 00:41:40,440
communicate with some kind of off-planet

749

00:41:51,069 --> 00:41:45,750
entities a second person who is also

750

00:41:56,870 --> 00:41:51,079
involved in this project with me has had

751
00:42:02,140 --> 00:41:56,880
seven near-death experiences the human

752
00:42:05,059 --> 00:42:02,150
individual here has a difficulty in

753
00:42:08,870 --> 00:42:05,069
regulating in the autonomic nervous

754
00:42:13,370 --> 00:42:08,880
system the temperature of her body so

755
00:42:16,279 --> 00:42:13,380
that if her normal equilibrium is

756
00:42:19,730 --> 00:42:16,289
disturbed she goes into a thermal

757
00:42:23,230 --> 00:42:19,740
runaway state at the local hospital

758
00:42:26,180 --> 00:42:23,240
she's pronounced dead and two days later

759
00:42:29,269 --> 00:42:26,190
she finds herself in the stainless steel

760
00:42:31,730 --> 00:42:29,279
box waiting for the next step so she

761
00:42:35,480 --> 00:42:31,740
starts pounding on the sides of the box

762
00:42:39,410 --> 00:42:35,490
and astonished people attending the

763
00:42:43,910 --> 00:42:39,420

mortuary to find let her out of her

764

00:42:46,579 --> 00:42:43,920

stainless steel cage Wow so she is in

765

00:42:55,870 --> 00:42:46,589

contact with some entities in the

766

00:43:04,160 --> 00:42:59,539

bring information to me about the nature

767

00:43:06,910 --> 00:43:04,170

of the universe and I put together the

768

00:43:09,799 --> 00:43:06,920

stories that she tells with the

769

00:43:12,559 --> 00:43:09,809

information that science is coming up

770

00:43:15,960 --> 00:43:12,569

with on its own using mathematical

771

00:43:19,050 --> 00:43:15,970

principles and that is primarily

772

00:43:24,050 --> 00:43:19,060

the work of Edgar Mitchell going back to

773

00:43:26,460 --> 00:43:24,060

Edgar now with the quantum hologram that

774

00:43:30,740 --> 00:43:26,470

extends what we called the quantum

775

00:43:33,720 --> 00:43:30,750

theory to include consciousness and

776

00:43:35,640 --> 00:43:33,730

that's a very deep swallow if you like

777

00:43:43,890 --> 00:43:35,650

our elaborate on that a little bit Rene

778

00:43:46,710 --> 00:43:43,900

yes please since the 1920s era physics

779

00:43:50,940 --> 00:43:46,720

has had the shock of having to learn

780

00:43:54,680 --> 00:43:50,950

that there's more to our existence than

781

00:43:59,120 --> 00:43:54,690

just our physical flesh and bones that

782

00:44:08,840 --> 00:43:59,130

we seem to have some kind of soul

783

00:44:12,740 --> 00:44:08,850

connection but also that the same theory

784

00:44:16,200 --> 00:44:12,750

called the quantum theory that describes

785

00:44:20,360 --> 00:44:16,210

fundamental particles like the atom and

786

00:44:24,210 --> 00:44:20,370

the proton and the neutron can also

787

00:44:27,150 --> 00:44:24,220

accommodate a different wave form which

788

00:44:31,380 --> 00:44:27,160

describes our consciousness and which

789

00:44:34,220 --> 00:44:31,390

resonates with our brain this is at the

790

00:44:37,470 --> 00:44:34,230

seat of all of these mysterious

791

00:44:39,570 --> 00:44:37,480

psychological phenomena that I call the

792

00:44:43,020 --> 00:44:39,580

modern miracles and we've been spelling

793

00:44:50,610 --> 00:44:43,030

out as precognition remote-viewing

794

00:44:55,190 --> 00:44:50,620

and so on now seen in this way I can

795

00:45:01,280 --> 00:44:55,200

suddenly understand how there could be

796

00:45:09,090 --> 00:45:05,250

remember that I'm saying now that the

797

00:45:13,070 --> 00:45:09,100

brain working with the quantum field

798

00:45:17,580 --> 00:45:13,080

which has long been understood to

799

00:45:21,150 --> 00:45:17,590

describe the real the reality of the

800

00:45:25,530 --> 00:45:21,160

physical particles of the universe that

801
00:45:29,730 --> 00:45:25,540
now an expanded understanding shows that

802
00:45:33,210 --> 00:45:29,740
we can also understand the nature of

803
00:45:37,740 --> 00:45:33,220
justice as a differently structured wave

804
00:45:41,070 --> 00:45:37,750
in the same quantum space that describes

805
00:45:44,130 --> 00:45:41,080
physical reality is that too complicated

806
00:45:48,930 --> 00:45:44,140
should I say that again say it one more

807
00:45:52,890 --> 00:45:48,940
time please where we have already come

808
00:45:56,850 --> 00:45:52,900
to accept as a civilization that a

809
00:45:59,760 --> 00:45:56,860
quantum theory describes what you might

810
00:46:02,940 --> 00:45:59,770
call the existence or the physical

811
00:46:07,080 --> 00:46:02,950
existence of all matter in the universe

812
00:46:10,170 --> 00:46:07,090
and the quantum waves that describe the

813
00:46:13,800 --> 00:46:10,180

existence of matter are approximately

814

00:46:16,260 --> 00:46:13,810

spherical waves that surround the

815

00:46:19,859 --> 00:46:16,270

electron or the proton or the elementary

816

00:46:22,530 --> 00:46:19,869

particle itself and then you can

817

00:46:26,970 --> 00:46:22,540

extrapolate that or extend that by

818

00:46:30,990 --> 00:46:26,980

noting that in fact our body is a large

819

00:46:32,880 --> 00:46:31,000

collection of electrons protons and

820

00:46:34,980 --> 00:46:32,890

neutrons and they're arranged in the

821

00:46:39,540 --> 00:46:34,990

chemical elements carbon nitrogen and

822

00:46:42,540 --> 00:46:39,550

oxygen and so on and it turns out then

823

00:46:46,370 --> 00:46:42,550

that this same field which with

824

00:46:49,500 --> 00:46:46,380

spherical shaped waves you know spheres

825

00:46:52,170 --> 00:46:49,510

surround the particle well there can

826

00:46:55,250 --> 00:46:52,180

also be floating around in this space a

827

00:46:58,470 --> 00:46:55,260

spiral acting with type of wave or

828

00:47:01,080 --> 00:46:58,480

cyclical waves or in the quantum theory

829

00:47:04,849 --> 00:47:01,090

you'll hear these described as healy

830

00:47:08,370 --> 00:47:04,859

waves that describe consciousness and

831

00:47:13,560 --> 00:47:08,380

it's doing so described the entire

832

00:47:17,160 --> 00:47:13,570

emotional constant of the universe well

833

00:47:20,730 --> 00:47:17,170

it's amazing that you know consciousness

834

00:47:23,040 --> 00:47:20,740

is getting studied in this way you know

835

00:47:27,599 --> 00:47:23,050

it's something like you said I guess dr.

836

00:47:33,540 --> 00:47:27,609

Mitchell's theory was expanded to

837

00:47:35,160 --> 00:47:33,550

include consciousness and I I see how

838

00:47:39,570 --> 00:47:35,170

that's sort of like the missing piece

839

00:47:43,400 --> 00:47:39,580

isn't it very much so so let me go into

840

00:47:49,849 --> 00:47:43,410

that a bit this was first understood

841

00:47:56,000 --> 00:47:49,859

by renegade scientist bill help Reich

842

00:47:58,370 --> 00:47:56,010

who was born in Europe but emigrated to

843

00:48:02,480 --> 00:47:58,380

America in the turbulent times between

844

00:48:04,640 --> 00:48:02,490

World War one and two and did his

845

00:48:09,799 --> 00:48:04,650

principal laboratory work in America

846

00:48:12,500 --> 00:48:09,809

actually and was studying the properties

847

00:48:14,809 --> 00:48:12,510

of waves that he felt he could see in

848

00:48:18,589 --> 00:48:14,819

darkness and he noticed that they had

849

00:48:23,240 --> 00:48:18,599

the spiraling attributes and he called

850

00:48:26,710 --> 00:48:23,250

them orgone energy but we in the world

851
00:48:30,589 --> 00:48:26,720
of quantum physics talk about this as

852
00:48:34,839 --> 00:48:30,599
waveforms related to consciousness and

853
00:48:39,410 --> 00:48:34,849
it was understood that these waveforms

854
00:48:42,260 --> 00:48:39,420
could actually be seen in brainwave

855
00:48:44,529 --> 00:48:42,270
studies which were emerging just at

856
00:48:49,339 --> 00:48:44,539
around the turn of the millennial of

857
00:48:51,769 --> 00:48:49,349
millennium around the year 2000 so the

858
00:48:56,420 --> 00:48:51,779
first discovery came from Parma Italy

859
00:48:58,460 --> 00:48:56,430
were a scholar named Rizzoli T was

860
00:49:02,150 --> 00:48:58,470
discovering what is called the mirror

861
00:49:06,140 --> 00:49:02,160
mirror neuron system acting in the brain

862
00:49:10,160 --> 00:49:06,150
and then his work was taken up in

863
00:49:16,010 --> 00:49:10,170

America by a research group led by dr.

864

00:49:18,019 --> 00:49:16,020

Gazzola Gazzola and her research

865

00:49:21,829 --> 00:49:18,029

papers are published in the psychiatric

866

00:49:27,890 --> 00:49:21,839

and psychological appropriate journals

867

00:49:31,480 --> 00:49:27,900

and she confirmed that the brains of two

868

00:49:34,220 --> 00:49:31,490

monkeys having the same experience

869

00:49:37,099 --> 00:49:34,230

developed the same brainwave pattern

870

00:49:38,599 --> 00:49:37,109

this could now be established with

871

00:49:43,210 --> 00:49:38,609

things like functional magnetic

872

00:49:49,910 --> 00:49:43,220

resonance imaging that can directly

873

00:49:54,589 --> 00:49:49,920

image brain waves in the brain so we now

874

00:49:57,470 --> 00:49:54,599

have a actual science the science of

875

00:50:00,230 --> 00:49:57,480

brain study is

876

00:50:04,790 --> 00:50:00,240

which now is start trying to talk I

877

00:50:08,020 --> 00:50:04,800

starting to to tie together what's going

878

00:50:13,280 --> 00:50:08,030

on in the brain and these additional

879

00:50:15,650 --> 00:50:13,290

capabilities of the universe to support

880

00:50:19,790 --> 00:50:15,660

another kind of wave which is what we

881

00:50:24,830 --> 00:50:19,800

call consciousness now it's very

882

00:50:30,200 --> 00:50:24,840

significant that dr. Wilhelm Reich was

883

00:50:33,470 --> 00:50:30,210

the only person known to be arrested for

884

00:50:36,650 --> 00:50:33,480

his scientific work thrown at the

885

00:50:40,310 --> 00:50:36,660

federal prison where he died and have

886

00:50:42,850 --> 00:50:40,320

his entire library from his living room

887

00:50:49,700 --> 00:50:42,860

and from the laboratory on his estate

888

00:50:52,670 --> 00:50:49,710

burned in a public display in public Wow

889

00:50:56,140 --> 00:50:52,680

other words the four only scientists I

890

00:51:01,040 --> 00:50:56,150

know of who was persecuted for his

891

00:51:04,550 --> 00:51:01,050

scientific investigations and what do

892

00:51:08,270 --> 00:51:04,560

you think they were afraid of they were

893

00:51:12,160 --> 00:51:08,280

afraid of it's upsetting I presume

894

00:51:15,070 --> 00:51:12,170

of upsetting the economics and the

895

00:51:20,360 --> 00:51:15,080

entire social fabric of our times

896

00:51:24,010 --> 00:51:20,370

because if things like UFOs become known

897

00:51:26,480 --> 00:51:24,020

and we're learning about off-planet

898

00:51:29,780 --> 00:51:26,490

civilizations this would be very

899

00:51:34,190 --> 00:51:29,790

disruptive he also knew that our

900

00:51:37,070 --> 00:51:34,200

religious feelings and is to the Creator

901
00:51:40,370 --> 00:51:37,080
the cosmic intelligence we say in the

902
00:51:45,110 --> 00:51:40,380
university system that would make

903
00:51:48,950 --> 00:51:45,120
unnecessary the theology of today they

904
00:51:52,130 --> 00:51:48,960
would completely upset the what you

905
00:51:55,730 --> 00:51:52,140
would call the balance of power in our

906
00:51:57,170 --> 00:51:55,740
academic community all right I I was

907
00:51:59,810 --> 00:51:57,180
curious as to whether there was a

908
00:52:02,600 --> 00:51:59,820
religious element to it naturally I

909
00:52:07,030 --> 00:52:02,610
assumed that there would be because it

910
00:52:10,640 --> 00:52:07,040
would upset a lot of doctrines I guess

911
00:52:13,999 --> 00:52:10,650
all true right this is pretty

912
00:52:17,120 --> 00:52:14,009
but we might as well get used to it

913
00:52:19,959 --> 00:52:17,130

because now we have the official word

914

00:52:24,249 --> 00:52:19,969

acknowledged by the US government that

915

00:52:26,630 --> 00:52:24,259

these UFO objects do exist there are

916

00:52:28,729 --> 00:52:26,640

intelligences on other planets and

917

00:52:32,140 --> 00:52:28,739

they're coming here in their UFO

918

00:52:35,930 --> 00:52:32,150

spacecraft and they have overwhelming

919

00:52:38,239 --> 00:52:35,940

capabilities way beyond anything that we

920

00:52:41,779 --> 00:52:38,249

have developed so far to the best of my

921

00:52:42,620 --> 00:52:41,789

knowledge wow that's that's pretty

922

00:52:44,239 --> 00:52:42,630

amazing

923

00:52:46,039 --> 00:52:44,249

now we're gonna take a quick break and

924

00:52:49,640 --> 00:52:46,049

when we come back we're gonna talk about

925

00:52:52,279 --> 00:52:49,650

more on that and also the origins of

926

00:52:57,709 --> 00:52:52,289

life on our planet is it all connected

927

00:53:00,109 --> 00:52:57,719

I'm sure it must be stay with us welcome

928

00:53:01,729 --> 00:53:00,119

back to night vision my goodness my head

929

00:53:04,459 --> 00:53:01,739

is spinning I just asked my guest

930

00:53:07,609 --> 00:53:04,469

tonight dr. Rudolph Shield Harvard

931

00:53:09,469 --> 00:53:07,619

astrophysicist if he could please write

932

00:53:12,319 --> 00:53:09,479

a book called Astro physics for dummies

933

00:53:14,150 --> 00:53:12,329

just for me does for me not for my

934

00:53:17,390 --> 00:53:14,160

listeners they're all very very smart

935

00:53:20,450 --> 00:53:17,400

but I'd love to get my head around more

936

00:53:21,229 --> 00:53:20,460

of all these theories is so so

937

00:53:26,959 --> 00:53:21,239

interesting

938

00:53:31,809 --> 00:53:26,969

now dr. shield you were your work with

939

00:53:34,700 --> 00:53:31,819

the UFOs with the experiencers with

940

00:53:37,039 --> 00:53:34,710

things you know with certain phenomena

941

00:53:39,519 --> 00:53:37,049

or you know what we call phenomena like

942

00:53:43,219 --> 00:53:39,529

near-death experience is remote viewing

943

00:53:47,539 --> 00:53:43,229

extrasensory perception and those things

944

00:53:51,410 --> 00:53:47,549

I know you have a lot of work that

945

00:53:56,089 --> 00:53:51,420

you've done in the field of studying the

946

00:53:57,920 --> 00:53:56,099

the very origins of our of our planet

947

00:54:01,039 --> 00:53:57,930

here it's very origins of life on our

948

00:54:04,309 --> 00:54:01,049

planet and also you've done a lot of

949

00:54:07,160 --> 00:54:04,319

work and studying black holes and

950

00:54:09,319 --> 00:54:07,170

something called meiko's which I you

951
00:54:09,559 --> 00:54:09,329
know are totally blowing my mind right

952
00:54:16,039 --> 00:54:09,569
now

953
00:54:18,829 --> 00:54:16,049
collapsing objects if they're a link

954
00:54:21,170 --> 00:54:18,839
between black holes between meiko's

955
00:54:24,430 --> 00:54:21,180
between all these other types of

956
00:54:27,799 --> 00:54:24,440
phenomena and how we

957
00:54:29,859 --> 00:54:27,809
were made here on this planet how life

958
00:54:35,660 --> 00:54:29,869
originated on this planet

959
00:54:40,819 --> 00:54:35,670
well absolutely yes and they actually

960
00:54:45,890 --> 00:54:40,829
have most importantly a tie a a tie in

961
00:54:48,819 --> 00:54:45,900
with our process of memory and how

962
00:54:54,650 --> 00:54:48,829
information is stored in the universe

963
00:54:58,839 --> 00:54:54,660

but Carol I'm sorry Rene I believe you

964

00:55:03,140 --> 00:54:58,849

really wanted me to talk to begin with

965

00:55:07,940 --> 00:55:03,150

more about the existence of life in the

966

00:55:12,140 --> 00:55:07,950

universe and how it would progress

967

00:55:15,529 --> 00:55:12,150

toward Earth or has it been here and as

968

00:55:17,839 --> 00:55:15,539

in fact that already buried in our DNA

969

00:55:22,160 --> 00:55:17,849

and all of these questions about the

970

00:55:24,890 --> 00:55:22,170

origin of life on Earth and does it come

971

00:55:28,130 --> 00:55:24,900

from outer space in the form that

972

00:55:30,200 --> 00:55:28,140

sometimes called panspermia so when it

973

00:55:33,140 --> 00:55:30,210

appropriate for me to take off in that

974

00:55:36,319 --> 00:55:33,150

direction before coming back to the more

975

00:55:41,479 --> 00:55:36,329

problematic black holes absolutely in

976
00:55:44,180 --> 00:55:41,489
panspermia is the theory by which life

977
00:55:46,819 --> 00:55:44,190
is brought here in asteroids and

978
00:55:49,309 --> 00:55:46,829
meteorites and am I mistaken that it's

979
00:55:54,099 --> 00:55:49,319
in the form of bacteria because I think

980
00:55:59,299 --> 00:55:54,109
there's another theory that where it's a

981
00:56:05,529 --> 00:55:59,309
biological origins of life is that is

982
00:56:16,839 --> 00:56:10,180
it's much safer to talk about the direct

983
00:56:20,690 --> 00:56:16,849
communication of living entities to our

984
00:56:23,960 --> 00:56:20,700
planet - as you said asteroids and

985
00:56:26,120 --> 00:56:23,970
meteors and so on so there are two

986
00:56:29,660 --> 00:56:26,130
important things to be said about this

987
00:56:32,960 --> 00:56:29,670
and that is that there is a class of

988
00:56:35,680 --> 00:56:32,970

meteorites which has been recognized

989

00:56:40,130 --> 00:56:35,690

they're called

990

00:56:43,970 --> 00:56:40,140

I can't recall what the class is called

991

00:56:47,720 --> 00:56:43,980

I'm sorry but this class of meteorites

992

00:56:53,720 --> 00:56:47,730

once sectioned carefully often reveals

993

00:56:57,380 --> 00:56:53,730

remnants of life and typically opening

994

00:57:01,040 --> 00:56:57,390

one of these meteors will produce

995

00:57:05,840 --> 00:57:01,050

evidence for approximately 12 different

996

00:57:10,190 --> 00:57:05,850

life forms six of which we recognize

997

00:57:13,580 --> 00:57:10,200

from studies here on earth and six of

998

00:57:16,550 --> 00:57:13,590

which are completely unfamiliar to us in

999

00:57:19,100 --> 00:57:16,560

other words things that we don't know

1000

00:57:24,650 --> 00:57:19,110

here on earth at all hmm

1001
00:57:27,920 --> 00:57:24,660
so that would suggest that in fact some

1002
00:57:32,210 --> 00:57:27,930
of the things that we do recognize came

1003
00:57:35,390 --> 00:57:32,220
to us from space it's important to

1004
00:57:37,730 --> 00:57:35,400
understand what the astronomical case is

1005
00:57:43,250 --> 00:57:37,740
here because there would have been a

1006
00:57:46,370 --> 00:57:43,260
time in the universe when conditions for

1007
00:57:50,690 --> 00:57:46,380
panspermia or the transmission of life

1008
00:57:54,200 --> 00:57:50,700
material would have been much more

1009
00:57:57,830 --> 00:57:54,210
strongly favoured I'm talking about a

1010
00:58:01,190 --> 00:57:57,840
time long ago when we believed that the

1011
00:58:05,180 --> 00:58:01,200
universe was much smaller but containing

1012
00:58:08,480 --> 00:58:05,190
about the same amount of mass and also

1013
00:58:12,140 --> 00:58:08,490

the universe was much warmer so where

1014

00:58:14,300 --> 00:58:12,150

it's now extremely cold on our

1015

00:58:22,330 --> 00:58:14,310

Fahrenheit thermometers it would be

1016

00:58:28,850 --> 00:58:25,220

that's that's today's temperature that

1017

00:58:33,020 --> 00:58:28,860

we measure but long ago it would have

1018

00:58:37,190 --> 00:58:33,030

been 600 degrees and at other times 6000

1019

00:58:39,590 --> 00:58:37,200

and at other times six million so let's

1020

00:58:42,160 --> 00:58:39,600

focus for a moment on when the

1021

00:58:45,410 --> 00:58:42,170

temperature was about 600 degrees

1022

00:58:49,220 --> 00:58:45,420

because we do have living materials

1023

00:58:52,910 --> 00:58:49,230

observed near us so furious vents in our

1024

00:58:54,830 --> 00:58:52,920

oceans sometimes that survived water

1025

00:58:59,720 --> 00:58:54,840

temperatures that are up in this range

1026
00:59:02,120 --> 00:58:59,730
and we know that there would be plenty

1027
00:59:05,420 --> 00:59:02,130
of water in the universe at this time

1028
00:59:10,730 --> 00:59:05,430
near the or near the time of origin at

1029
00:59:13,099 --> 00:59:10,740
the beginning called the Big Bang so we

1030
00:59:16,580 --> 00:59:13,109
have every reason to believe that a

1031
00:59:20,150 --> 00:59:16,590
smaller more tightly packed universe

1032
00:59:22,310 --> 00:59:20,160
would shuffle the pieces around much

1033
00:59:24,620 --> 00:59:22,320
more easily than they can be shuffled

1034
00:59:28,480 --> 00:59:24,630
today because the distances have

1035
00:59:30,920 --> 00:59:28,490
increased by a factor of a hundred also

1036
00:59:34,070 --> 00:59:30,930
conditions of temperature and density

1037
00:59:39,010 --> 00:59:34,080
and presence of water would have been

1038
00:59:45,070 --> 00:59:39,020

more ideal yeah it has in addition been

1039

00:59:51,609 --> 00:59:45,080

communicated to me that the movie thrive

1040

00:59:55,070 --> 00:59:51,619

by gamble foster gamble is correct in

1041

00:59:58,040 --> 00:59:55,080

observing that the purpose of life are

1042

01:00:02,390 --> 00:59:58,050

the purpose of the universe is for life

1043

01:00:06,109 --> 01:00:02,400

to emerge and thrive in the universe to

1044

01:00:10,660 --> 01:00:06,119

the glory of its creator and that makes

1045

01:00:14,660 --> 01:00:10,670

a great deal of sense to me and I

1046

01:00:18,980 --> 01:00:14,670

believe that understanding the purpose

1047

01:00:23,300 --> 01:00:18,990

of the universe then helps me understand

1048

01:00:28,099 --> 01:00:23,310

my own purpose in the universe and that

1049

01:00:31,940 --> 01:00:28,109

purpose will be to again assist the

1050

01:00:35,120 --> 01:00:31,950

thriving of life but often in my life

1051

01:00:39,710 --> 01:00:35,130

I've confronted with decisions about

1052

01:00:44,720 --> 01:00:39,720

career changes and major events buying

1053

01:00:47,570 --> 01:00:44,730

property or whatever and I the guiding

1054

01:00:52,190 --> 01:00:47,580

principle that I adopt from these kinds

1055

01:00:55,280 --> 01:00:52,200

of studies is that I should always make

1056

01:00:57,530 --> 01:00:55,290

a decision that keeps me aligned with

1057

01:01:02,329 --> 01:00:57,540

the purpose and intent of the universe

1058

01:01:07,699 --> 01:01:02,339

for life to thrive because my own effort

1059

01:01:10,989 --> 01:01:07,709

we'll be more successful if I stay with

1060

01:01:17,150 --> 01:01:10,999

that mission and purpose

1061

01:01:21,620 --> 01:01:17,160

hmm okay that's a stunned silence yes it

1062

01:01:25,880 --> 01:01:21,630

is and you know considering that and as

1063

01:01:28,279 --> 01:01:25,890

you were talking about this idea this

1064

01:01:30,529 --> 01:01:28,289

and and they're also discussing it in

1065

01:01:34,069 --> 01:01:30,539

the chatroom the idea of panspermia and

1066

01:01:38,439 --> 01:01:34,079

the in life being transmitted to Earth

1067

01:01:42,410 --> 01:01:38,449

from other places in the universe by

1068

01:01:47,179 --> 01:01:42,420

asteroids in meteorites I mean that sort

1069

01:01:50,239 --> 01:01:47,189

of sounds kind of random do you believe

1070

01:01:56,029 --> 01:01:50,249

that there was some kind of purpose or

1071

01:01:59,809 --> 01:01:56,039

intent that can be shown or are

1072

01:02:05,689 --> 01:01:59,819

evidenced by life coming to this planet

1073

01:02:08,419 --> 01:02:05,699

or was it just a random situation it's

1074

01:02:10,189 --> 01:02:08,429

almost certainly true in my view and

1075

01:02:13,279 --> 01:02:10,199

this is getting a little bit

1076

01:02:18,949 --> 01:02:13,289

philosophical and I'm now speaking as

1077

01:02:21,109 --> 01:02:18,959

Rudy shield a fennec guy who departs

1078

01:02:24,049 --> 01:02:21,119

from some precepts of science now and

1079

01:02:26,509 --> 01:02:24,059

again to be open to other kinds of

1080

01:02:29,029 --> 01:02:26,519

knowledge when we go out to eat we never

1081

01:02:31,339 --> 01:02:29,039

agree on where to go what burgers heats

1082

01:02:33,439 --> 01:02:31,349

up tacos it is the one thing we do agree

1083

01:02:36,140 --> 01:02:33,449

on is we all want unlimited high-speed

1084

01:02:38,449 --> 01:02:36,150

data that's why we switch to metro pcs

1085

01:02:40,459 --> 01:02:38,459

stop by metro pcs with the whole family

1086

01:02:42,979 --> 01:02:40,469

and get four lines with unlimited LTE

1087

01:02:44,929 --> 01:02:42,989

data for just \$100 period metro pcs

1088

01:02:46,039 --> 01:02:44,939

Wireless figured out covers not

1089

01:02:47,059 --> 01:02:46,049

available in some areas offers for our

1090

01:02:48,439 --> 01:02:47,069

coordinate number not currently active

1091

01:02:49,400 --> 01:02:48,449

on t-mobile network during congestion

1092

01:02:50,660 --> 01:02:49,410

the fraction of customers using more

1093

01:02:52,519 --> 01:02:50,670

than 35 gigs per month may notice

1094

01:02:53,749 --> 01:02:52,529

reduced beats video streams DUP 240p no

1095

01:02:57,969 --> 01:02:53,759

tethering see store for details in terms

1096

01:03:01,009 --> 01:02:57,979

and conditions other ways of knowing so

1097

01:03:04,939 --> 01:03:01,019

let me first get back in answering your

1098

01:03:08,689 --> 01:03:04,949

question to the issue of the panspermia

1099

01:03:11,989 --> 01:03:08,699

and what do we actually see because if

1100

01:03:14,870 --> 01:03:11,999

you read any textbook on the subject of

1101

01:03:16,220 --> 01:03:14,880

astronomy and life in space you will

1102

01:03:20,359 --> 01:03:16,230

read the statement

1103

01:03:24,020 --> 01:03:20,369

that space is a very inhospitable place

1104

01:03:26,890 --> 01:03:24,030

for life to exist that there are large

1105

01:03:29,900 --> 01:03:26,900

fluxes of x-rays and gamma rays and

1106

01:03:34,849 --> 01:03:29,910

ultraviolet light and other things which

1107

01:03:37,490 --> 01:03:34,859

are directly harmful to life and yet we

1108

01:03:41,080 --> 01:03:37,500

have only just recently learned in the

1109

01:03:44,840 --> 01:03:41,090

last year that there are organisms

1110

01:03:48,170 --> 01:03:44,850

growing on the side of the International

1111

01:03:51,440 --> 01:03:48,180

Space Station in orbit around the Earth

1112

01:03:54,230 --> 01:03:51,450

this was reported first by Russian

1113

01:03:57,890 --> 01:03:54,240

astronauts who were tasked with taking

1114

01:04:01,400 --> 01:03:57,900

some clean cloths and wiping down yeah

1115

01:04:04,250 --> 01:04:01,410

exterior surface of the spacecraft and

1116

01:04:08,650 --> 01:04:04,260

his noticing that wait a minute there's

1117

01:04:11,900 --> 01:04:08,660

this green stuff all over the place and

1118

01:04:16,880 --> 01:04:11,910

it's obviously growing it wasn't there a

1119

01:04:19,370 --> 01:04:16,890

month ago so we have to get over the

1120

01:04:25,700 --> 01:04:19,380

concept that space is totally

1121

01:04:28,370 --> 01:04:25,710

inhospitable to transfer Mia or our life

1122

01:04:32,510 --> 01:04:28,380

cannot exist in space there it is in

1123

01:04:35,450 --> 01:04:32,520

your face now the other means that we've

1124

01:04:38,750 --> 01:04:35,460

discussed which is life traveling in

1125

01:04:41,120 --> 01:04:38,760

meteorites I have already mentioned that

1126

01:04:44,680 --> 01:04:41,130

meteorites cut open in sterile

1127

01:04:48,109 --> 01:04:44,690

environments show the presence of these

1128

01:04:51,349 --> 01:04:48,119

formerly living creatures some of which

1129

01:04:59,720 --> 01:04:51,359

we can identify as similar to ones known

1130

01:05:03,020 --> 01:04:59,730

on earth and so I think it's easier to

1131

01:05:05,930 --> 01:05:03,030

imagine that life does fall onto the

1132

01:05:12,380 --> 01:05:05,940

earth than to insist out of religious

1133

01:05:15,290 --> 01:05:12,390

belief or something that it doesn't yes

1134

01:05:17,840 --> 01:05:15,300

I would think so

1135

01:05:19,720 --> 01:05:17,850

I mean it makes more sense than the

1136

01:05:25,640 --> 01:05:19,730

stories we've been brought up with

1137

01:05:28,930 --> 01:05:25,650

certainly but now in this in this theory

1138

01:05:32,610 --> 01:05:28,940

all life on Earth

1139

01:05:36,910 --> 01:05:32,620

came from elsewhere is that correct

1140

01:05:40,930 --> 01:05:36,920

that's not clear we believe that we see

1141

01:05:45,930 --> 01:05:40,940

evolution going on in the animal species

1142

01:05:48,430 --> 01:05:45,940

around us and that in many ways the

1143

01:05:51,640 --> 01:05:48,440

atmosphere and the history of the earth

1144

01:05:54,550 --> 01:05:51,650

shaped the evolutionary development of

1145

01:05:58,120 --> 01:05:54,560

things which started out with these

1146

01:06:00,940 --> 01:05:58,130

patterns in nature the existence of DNA

1147

01:06:04,300 --> 01:06:00,950

and the structuring of consciousness

1148

01:06:07,360 --> 01:06:04,310

waves all of those things contributed to

1149

01:06:13,450 --> 01:06:07,370

this in ways which we can't really piece

1150

01:06:17,440 --> 01:06:13,460

together yet now I don't know if we have

1151
01:06:20,140 --> 01:06:17,450
time to take any questions from the chat

1152
01:06:23,890 --> 01:06:20,150
room but there was one it kind of hurts

1153
01:06:25,510 --> 01:06:23,900
more back to the original subject that

1154
01:06:29,140 --> 01:06:25,520
we talked about at the top of the show

1155
01:06:32,320 --> 01:06:29,150
about this release of information it's

1156
01:06:36,090 --> 01:06:32,330
kind of a long question if I could read

1157
01:06:39,760 --> 01:06:36,100
it to you dr. shield Neutron is asking

1158
01:06:42,400 --> 01:06:39,770
would you both agree with my suspicion

1159
01:06:45,340 --> 01:06:42,410
that the small initiation of disclosure

1160
01:06:48,010 --> 01:06:45,350
by the Pentagon signifies a possible

1161
01:06:50,670 --> 01:06:48,020
change of polarization in the

1162
01:06:53,710 --> 01:06:50,680
relationship of the establishment and

1163
01:06:55,720 --> 01:06:53,720

the government and I guess he's talking

1164

01:06:58,600 --> 01:06:55,730

about possible indications that the

1165

01:07:03,400 --> 01:06:58,610

establishment may become a breakaway

1166

01:07:05,080 --> 01:07:03,410

Society any any ideas about any of that

1167

01:07:08,560 --> 01:07:05,090

I mean a court certainly I wouldn't know

1168

01:07:10,990 --> 01:07:08,570

he's asking both of us I think I think

1169

01:07:13,840 --> 01:07:11,000

that's a very very good question but I

1170

01:07:16,900 --> 01:07:13,850

don't think you need a scientist to

1171

01:07:19,270 --> 01:07:16,910

address those points I would prefer to

1172

01:07:24,930 --> 01:07:19,280

stay more with topics that relate to

1173

01:07:28,330 --> 01:07:24,940

science because I don't want to bring my

1174

01:07:32,320 --> 01:07:28,340

sponsoring University and by the way I

1175

01:07:34,900 --> 01:07:32,330

am a retired faculty member of the

1176

01:07:37,570 --> 01:07:34,910

University of Harvard University I did

1177

01:07:39,820 --> 01:07:37,580

teach courses there but I was also a

1178

01:07:41,290 --> 01:07:39,830

staff member for the Smithsonian

1179

01:07:46,590 --> 01:07:41,300

Institution

1180

01:07:50,710 --> 01:07:46,600

a scientist scholar so I don't want

1181

01:07:53,260 --> 01:07:50,720

opinions out of political character to

1182

01:07:55,960 --> 01:07:53,270

become part of this discussion it's just

1183

01:07:59,140 --> 01:07:55,970

too complicated and I think they're

1184

01:08:02,980 --> 01:07:59,150

probably better addressed by a better

1185

01:08:05,110 --> 01:08:02,990

and foreign people than me yeah we were

1186

01:08:06,430 --> 01:08:05,120

lucky enough to get Rudy on here for for

1187

01:08:10,570 --> 01:08:06,440

a couple minutes I don't think we're

1188

01:08:15,280 --> 01:08:10,580

going to get it back we've got dr.

1189

01:08:17,530 --> 01:08:15,290

shield now anyhow dr. shield you know

1190

01:08:19,930 --> 01:08:17,540

what's coming up for you in your

1191

01:08:23,110 --> 01:08:19,940

research and I'm assuming you're going

1192

01:08:27,780 --> 01:08:23,120

to continue to meet with these UFO

1193

01:08:31,539 --> 01:08:27,790

experiencers and oh I wanted to ask you

1194

01:08:33,880 --> 01:08:31,549

you along with the ideas that you said

1195

01:08:36,789 --> 01:08:33,890

you you've come to realize and it's

1196

01:08:40,930 --> 01:08:36,799

become documented that so many people

1197

01:08:44,170 --> 01:08:40,940

who have UFO experiences also have

1198

01:08:47,380 --> 01:08:44,180

either have had or develop a keen

1199

01:08:50,950 --> 01:08:47,390

interest in other types of phenomena and

1200

01:08:52,150 --> 01:08:50,960

E's remote viewing ESP that sort of

1201

01:08:56,680 --> 01:08:52,160

thing

1202

01:08:59,019 --> 01:08:56,690

were there any other I won't say

1203

01:09:02,200 --> 01:08:59,029

conclusions but were there any other

1204

01:09:05,260 --> 01:09:02,210

commonalities are there other data that

1205

01:09:08,320 --> 01:09:05,270

your court of collecting and looking at

1206

01:09:10,240 --> 01:09:08,330

in terms of trends of you know what

1207

01:09:12,849 --> 01:09:10,250

these people are experiencing and

1208

01:09:17,769 --> 01:09:12,859

talking about what other types of

1209

01:09:20,010 --> 01:09:17,779

information are you able to to get for

1210

01:09:25,360 --> 01:09:20,020

your purposes yes very interesting

1211

01:09:28,630 --> 01:09:25,370

question and thank you Renee I want to

1212

01:09:33,539 --> 01:09:28,640

first talk about the condition with

1213

01:09:37,420 --> 01:09:33,549

regard to astrology recall that

1214

01:09:40,510 --> 01:09:37,430

astrology has been with us about as long

1215

01:09:42,250 --> 01:09:40,520

as our civilization has been here people

1216

01:09:45,370 --> 01:09:42,260

have noticed that there are things

1217

01:09:47,470 --> 01:09:45,380

moving up there and this guy the Sun

1218

01:09:49,599 --> 01:09:47,480

moving in the calendar year the moon

1219

01:09:52,539 --> 01:09:49,609

moving through and circling the earth

1220

01:09:53,990 --> 01:09:52,549

once in a month and the various planets

1221

01:09:59,660 --> 01:09:54,000

getting in various

1222

01:10:03,230 --> 01:09:59,670

lineman's throughout the seasons and it

1223

01:10:06,130 --> 01:10:03,240

has been confused whether that's the

1224

01:10:09,800 --> 01:10:06,140

subject of astrology or astronomy

1225

01:10:13,340 --> 01:10:09,810

sometimes but astronomers have I believe

1226

01:10:15,920 --> 01:10:13,350

gone a little bit overboard in trying to

1227

01:10:20,990 --> 01:10:15,930

make the case that this has nothing to

1228

01:10:25,040 --> 01:10:21,000

do with scientific research it's my

1229

01:10:27,770 --> 01:10:25,050

impression that the new quantum hologram

1230

01:10:33,050 --> 01:10:27,780

theory the Edgar Mitchell theory which

1231

01:10:35,890 --> 01:10:33,060

says that our brain waves have

1232

01:10:40,280 --> 01:10:35,900

everything to do with consciousness and

1233

01:10:43,700 --> 01:10:40,290

that these are quantum in character that

1234

01:10:46,790 --> 01:10:43,710

means that the coherences that are in

1235

01:10:49,790 --> 01:10:46,800

the universe and by coherences I mean

1236

01:10:55,250 --> 01:10:49,800

the mathematical description of

1237

01:10:59,270 --> 01:10:55,260

consciousness that those coherences and

1238

01:11:02,090 --> 01:10:59,280

our ability to resonate with the

1239

01:11:06,320 --> 01:11:02,100

universe where I see consciousness as a

1240

01:11:09,490 --> 01:11:06,330

resonance of the human brain with other

1241

01:11:14,390 --> 01:11:09,500

structures and entities in the universe

1242

01:11:18,430 --> 01:11:14,400

how that might be assisted by alignments

1243

01:11:21,650 --> 01:11:18,440

of the planets so I could imagine that

1244

01:11:26,360 --> 01:11:21,660

when the planets are all strung out in a

1245

01:11:30,140 --> 01:11:26,370

row for example that some kinds of wave

1246

01:11:33,920 --> 01:11:30,150

patterns that affect our brain will

1247

01:11:40,550 --> 01:11:33,930

enter our solar system more easily than

1248

01:11:43,190 --> 01:11:40,560

perhaps at other times when the various

1249

01:11:46,460 --> 01:11:43,200

planets are scattered all over the sky

1250

01:11:48,710 --> 01:11:46,470

or perhaps are on opposite sides of the

1251

01:11:52,880 --> 01:11:48,720

sky or what-have-you

1252

01:11:56,660 --> 01:11:52,890

in other words I can see that they're

1253

01:12:00,170 --> 01:11:56,670

the combination of the quantum

1254

01:12:03,260 --> 01:12:00,180

understanding of consciousness and the

1255

01:12:07,129 --> 01:12:03,270

quantum structuring of mass not a new

1256

01:12:12,469 --> 01:12:07,139

idea going back to the 1920s

1257

01:12:15,399 --> 01:12:12,479

how that is adjusted and affects our

1258

01:12:18,469 --> 01:12:15,409

consciousness and by affecting our

1259

01:12:21,830 --> 01:12:18,479

consciousness I mean we will experience

1260

01:12:25,819 --> 01:12:21,840

good days and bad days there might be

1261

01:12:29,209 --> 01:12:25,829

days when we just feel glum and that

1262

01:12:33,229 --> 01:12:29,219

could be because happiness waves have a

1263

01:12:36,560 --> 01:12:33,239

hard time reaching planet Earth due to

1264

01:12:39,080 --> 01:12:36,570

the alignments of the planets and

1265

01:12:40,459 --> 01:12:39,090

equally I could imagine the opposite

1266

01:12:43,009 --> 01:12:40,469

that there are some days were

1267

01:12:45,949 --> 01:12:43,019

effervescent and very very happy because

1268

01:12:50,120 --> 01:12:45,959

happiness waves which resonate with the

1269

01:12:52,459 --> 01:12:50,130

happiness in the universe are assisted

1270

01:12:55,239 --> 01:12:52,469

in entering the universe and are

1271

01:12:59,629 --> 01:12:55,249

actually even perhaps amplified by

1272

01:13:04,850 --> 01:12:59,639

planetary alignments so can you see that

1273

01:13:09,370 --> 01:13:04,860

there is some justification for the much

1274

01:13:13,639 --> 01:13:09,380

forbidden theory or idea of astrology

1275

01:13:19,969 --> 01:13:13,649

coming around in these new ideas about a

1276

01:13:26,060 --> 01:13:19,979

quantum universe hmm it really is now

1277

01:13:28,839 --> 01:13:26,070

these are these ideas that mainstream

1278

01:13:33,049 --> 01:13:28,849

science are embracing as well now

1279

01:13:37,909 --> 01:13:33,059

absolutely not I'm Vicky here as Rudy

1280

01:13:40,699 --> 01:13:37,919

shield ok Rudy's back good we have to

1281

01:13:42,620 --> 01:13:40,709

clarify that I was getting excited for a

1282

01:13:45,529 --> 01:13:42,630

minute that you know science was coming

1283

01:13:47,899 --> 01:13:45,539

along but you know in a lot of ways

1284

01:13:49,759 --> 01:13:47,909

science has in the last few years at

1285

01:13:52,250 --> 01:13:49,769

least started acknowledging things like

1286

01:13:55,339 --> 01:13:52,260

you know the possibility of parallel

1287

01:13:58,759 --> 01:13:55,349

universes and that sort of thing and and

1288

01:14:03,560 --> 01:13:58,769

then study in areas such as you study

1289

01:14:05,989 --> 01:14:03,570

like black holes yes no oh

1290

01:14:07,250 --> 01:14:05,999

could I ask you one more thing and I'm

1291

01:14:08,859 --> 01:14:07,260

going to have to apologize to the

1292

01:14:13,159 --> 01:14:08,869

chatroom if there were more questions

1293

01:14:16,080 --> 01:14:13,169

I've sort of hog dup all your time today

1294

01:14:18,870 --> 01:14:16,090

and I really apologize

1295

01:14:21,060 --> 01:14:18,880

I was wondering you know when we're

1296

01:14:24,120 --> 01:14:21,070

thinking about this idea of panspermia

1297

01:14:27,419 --> 01:14:24,130

and things coming in you know basically

1298

01:14:29,700 --> 01:14:27,429

on rocks and and smashing against the

1299

01:14:34,439 --> 01:14:29,710

earth and cracking open and you know

1300

01:14:36,569 --> 01:14:34,449

causing life to start growing you know

1301

01:14:38,399 --> 01:14:36,579

we we hear all these stories and there

1302

01:14:42,000 --> 01:14:38,409

is this research into the idea of

1303

01:14:45,660 --> 01:14:42,010

ancient astronauts and how you know

1304

01:14:46,500 --> 01:14:45,670

really products of these God's from the

1305

01:14:49,379 --> 01:14:46,510

sky

1306

01:14:53,640 --> 01:14:49,389

you know the Anunnaki who come is there

1307

01:14:56,879 --> 01:14:53,650

any do you see that as being completely

1308

01:14:59,700 --> 01:14:56,889

contrary to the idea of panspermia or

1309

01:15:05,339 --> 01:14:59,710

does is it apples and oranges or is

1310

01:15:08,490 --> 01:15:05,349

there some compatibility in or even is

1311

01:15:09,080 --> 01:15:08,500

there a connection what else take two

1312

01:15:11,580 --> 01:15:09,090

things

1313

01:15:15,959 --> 01:15:11,590

excellent question Renee thank you very

1314

01:15:18,500 --> 01:15:15,969

much so in the first place I would like

1315

01:15:21,899 --> 01:15:18,510

to mention the fact that at the

1316

01:15:25,549 --> 01:15:21,909

knowledge of these contacts with

1317

01:15:29,669 --> 01:15:25,559

extraterrestrial beings is rather

1318

01:15:32,910 --> 01:15:29,679

culture wide on our planets so the

1319

01:15:36,240 --> 01:15:32,920

Native American community has its sense

1320

01:15:39,839 --> 01:15:36,250

of their being spirits from other worlds

1321

01:15:42,750 --> 01:15:39,849

of course our own Christian tradition

1322

01:15:47,279 --> 01:15:42,760

has a Christmas story and there are some

1323

01:15:50,520 --> 01:15:47,289

old paintings which show flying saucers

1324

01:15:53,549 --> 01:15:50,530

and things in the sky and we can give

1325

01:15:56,279 --> 01:15:53,559

other examples from other ledges

1326

01:16:01,609 --> 01:15:56,289

traditions of other people on earth

1327

01:16:05,970 --> 01:16:01,619

about contact with people often admire

1328

01:16:08,939 --> 01:16:05,980

admired as gods having been in our midst

1329

01:16:13,919 --> 01:16:08,949

and I think it's hard to deny

1330

01:16:16,500 --> 01:16:13,929

INRI ancient aliens sense that there

1331

01:16:21,930 --> 01:16:16,510

have been visitations for a long time

1332

01:16:25,740 --> 01:16:21,940

and by the way before we get to entirely

1333

01:16:29,549 --> 01:16:25,750

focused on the military threat posed by

1334

01:16:31,739 --> 01:16:29,559

these UFO vehicles

1335

01:16:33,750 --> 01:16:31,749

which are obviously superior in

1336

01:16:36,929 --> 01:16:33,760

capabilities to our own military

1337

01:16:40,439 --> 01:16:36,939

vehicles and decide that they are our

1338

01:16:43,770 --> 01:16:40,449

enemy I would point out that these

1339

01:16:45,569 --> 01:16:43,780

spirits of all kinds have been visiting

1340

01:16:49,319 --> 01:16:45,579

us throughout the history of our

1341

01:16:52,709 --> 01:16:49,329

civilization as near as I can tell and

1342

01:16:57,239 --> 01:16:52,719

if they did want to take over I believe

1343

01:17:00,869 --> 01:16:57,249

they would have by now so I don't fear

1344

01:17:03,299 --> 01:17:00,879

any visitations of other beings from

1345

01:17:05,339 --> 01:17:03,309

other places you know they could have

1346

01:17:08,809 --> 01:17:05,349

done it they could have done anything by

1347

01:17:12,809 --> 01:17:08,819

now so what's the problem exactly

1348

01:17:17,669 --> 01:17:12,819

exactly you know get off to something

1349

01:17:20,939 --> 01:17:17,679

that is astronomically known and your

1350

01:17:24,779 --> 01:17:20,949

audience will surely be hearing these

1351

01:17:27,989 --> 01:17:24,789

days that astronomers discovered a new

1352

01:17:30,809 --> 01:17:27,999

family of planets orbiting this star and

1353

01:17:34,799 --> 01:17:30,819

that star and basically all of the

1354

01:17:40,259 --> 01:17:34,809

nearest stars to us and so we've come to

1355

01:17:43,649 --> 01:17:40,269

understand that 20 years ago we could

1356

01:17:47,309 --> 01:17:43,659

not appreciate how many planets there

1357

01:17:50,399 --> 01:17:47,319

were orbiting stars in our galaxy and

1358

01:17:52,709 --> 01:17:50,409

the universe in other words there's

1359

01:17:54,989 --> 01:17:52,719

billions and billions of planets out

1360

01:17:57,540 --> 01:17:54,999

there that's right in the possibilities

1361

01:18:00,329 --> 01:17:57,550

and I'm so sorry dr. shield we've run

1362

01:18:02,489 --> 01:18:00,339

out of time and we've got to go but I

1363

01:18:04,500 --> 01:18:02,499

want to thank you once again for joining

1364

01:18:08,069 --> 01:18:04,510

us I know you're much later than I am

1365

01:18:11,040 --> 01:18:08,079

they're on the east coast and I do

1366

01:18:12,479 --> 01:18:11,050

appreciate that so thank you again and I

1367

01:18:14,909 --> 01:18:12,489

hope you'll agree to come back because

1368

01:18:17,399 --> 01:18:14,919

there's so much more that I'd like to

1369

01:18:20,250 --> 01:18:17,409

hear you talk about okay we'll talk

1370

01:18:22,199 --> 01:18:20,260

Renee thank you so much thanks dr.

1371

01:18:25,589 --> 01:18:22,209

Rudolf shield and thanks to Ruby shield

1372

01:18:27,740 --> 01:18:25,599

as well take care okay thank you no good

1373

01:18:38,870 --> 01:18:27,750

night

1374

01:18:38,880 --> 01:19:08,540

[Music]

1375

01:19:14,460 --> 01:19:11,790

when we go out to eat we never agree on

1376

01:19:16,620 --> 01:19:14,470

where to go what burgers heats up tacos

1377

01:19:18,300 --> 01:19:16,630

it is the one thing we do agree on is we

1378

01:19:20,820 --> 01:19:18,310

all want unlimited high-speed data

1379

01:19:22,920 --> 01:19:20,830

that's why we switch to metro pcs

1380

01:19:25,110 --> 01:19:22,930

stop by metro pcs with the whole family

1381

01:19:27,660 --> 01:19:25,120

and get four lines with unlimited LTE

1382

01:19:29,580 --> 01:19:27,670

data for just \$100 period metro pcs

1383

01:19:30,690 --> 01:19:29,590

Wireless figured out covers not

1384

01:19:31,860 --> 01:19:30,700

available in some areas offers for

1385

01:19:33,090 --> 01:19:31,870

reporting of number not currently active

1386

01:19:34,140 --> 01:19:33,100

on t-mobile network during congestion

1387

01:19:35,580 --> 01:19:34,150

the fraction of customers used more than

1388

01:19:37,170 --> 01:19:35,590

35 gigs per month made out of reduce

1389

01:19:38,490 --> 01:19:37,180

beats video stream step 240p no
