blasting off with some UFO reports

15

00:00:50,630 --> 00:00:49,140

Winnipeg Manitoba oh it's a UFO blast

16

00:00:52,369 --> 00:00:50,640

from the past those are some of the more

17

00:00:55,600 --> 00:00:52,379

interesting ones sometimes aren't they

18

00:00:59,540 --> 00:00:55,610

this occurred May 20th 2013

19

00:01:02,119 --> 00:00:59,550

orbs witnessed off in the distance in

20

00:01:04,280 --> 00:01:02,129

more detail the witness states working

21

00:01:06,770 --> 00:01:04,290

one night I was contacted by a crew

22

00:01:09,950 --> 00:01:06,780

member of my team who had seen something

23

00:01:12,679 --> 00:01:09,960

and was excited to tell me about it we

24

00:01:15,620 --> 00:01:12,689

had been talking previously about a few

25

00:01:17,270 --> 00:01:15,630

meteorites I had seen in the early

26

00:01:21,710 --> 00:01:17,280

morning about a week apart from each

27

00:01:23,749 --> 00:01:21,720

other ok by her account as I was not the

28

00:01:26,630 --> 00:01:23,759

one who witnessed the event she told me

29

00:01:29,149 --> 00:01:26,640

about how she hurt her partner had seen

30

00:01:31,999 --> 00:01:29,159

some glowing orbs in the sky west of

31

00:01:34,609 --> 00:01:32,009

their location all she said was that

32

00:01:37,100 --> 00:01:34,619

were three or more lights that were

33

00:01:39,200 --> 00:01:37,110

floating around in the sky all at

34

00:01:42,140 --> 00:01:39,210

different heights they didn't move very

35

00:01:43,760 --> 00:01:42,150

fast to the lower ones were moving to

36

00:01:46,880 --> 00:01:43,770

the south and downwards while the

37

00:01:47,149 --> 00:01:46,890

highest one more or less just stood

38

00:01:50,840 --> 00:01:47,159

there

39

00:01:52,850 --> 00:01:50,850

sounds lazy she said it only lasted for

40

00:01:55,249 --> 00:01:52,860

about three to five minutes and then

41

00:01:57,560 --> 00:01:55,259

they faded out there's not really

42

00:01:59,780 --> 00:01:57,570

anything more to it there was a photo

43

00:02:03,440 --> 00:01:59,790

taken by her cellphone included in this

44

00:02:06,200 --> 00:02:03,450

report there was video but unfortunately

45

00:02:08,270 --> 00:02:06,210

it can't be found the photo is not great

46

00:02:11,410 --> 00:02:08,280

as it is still little grainy and at

47

00:02:14,140 --> 00:02:11,420

night but shows a house trees and clouds

48

00:02:15,850 --> 00:02:14,150

and what looks like a moon but it is

49

00:02:19,780 --> 00:02:15,860

just flare from the streetlight the

50

00:02:20,920 --> 00:02:19,790

objects stick out really well ripped it

51
00:02:25,949 --> 00:02:20,930
down all right

52
00:02:29,710 --> 00:02:25,959
the next UFO report sighting occurred in

53
00:02:32,920 --> 00:02:29,720
McKeesport McKeesport Pennsylvania Wow

54
00:02:35,350 --> 00:02:32,930
big time blast from the past here as far

55
00:02:39,370 --> 00:02:35,360
as UFOs go this happened

56
00:02:40,509 --> 00:02:39,380
July 15th 1970 my brother and I were

57
00:02:43,479 --> 00:02:40,519
playing in the street and he suddenly

58
00:02:46,780 --> 00:02:43,489
told me to look in the sky at the UFO I

59
00:02:49,930 --> 00:02:46,790
looked and saw the UFO in more detail

60
00:02:52,660 --> 00:02:49,940
the witness states the above info is in

61
00:02:55,630 --> 00:02:52,670
regard to the first alleged UFO my

62
00:02:57,250 --> 00:02:55,640
brother and I saw as children it was

63
00:02:59,559 --> 00:02:57,260

summer and my brother and I were playing

64

00:03:02,350 --> 00:02:59,569

at dusk when my brother told me to look

65

00:03:06,520 --> 00:03:02,360

in the sky at the UFO I looked up and

66

00:03:08,920 --> 00:03:06,530

saw a silver disc descend ascend the

67

00:03:11,110 --> 00:03:08,930

zoom away I am not kidding us what it

68

00:03:14,440 --> 00:03:11,120

says my brother and I were very excited

69

00:03:16,660 --> 00:03:14,450

we told this to everyone we knew no one

70

00:03:18,940 --> 00:03:16,670

knew what to do when most people didn't

71

00:03:20,830 --> 00:03:18,950

believe us my brother and I were telling

72

00:03:24,190 --> 00:03:20,840

the truth about what we saw and it

73

00:03:28,750 --> 00:03:24,200

looked like what we saw identified on TV

74

00:03:30,550 --> 00:03:28,760

as UFOs I was fortunate enough to have a

75

00:03:32,849 --> 00:03:30,560

neighbor who took this seriously and

76

00:03:36,039 --> 00:03:32,859

told my family and I about her own

77

00:03:37,780 --> 00:03:36,049

experiences expertise and knowledge

78

00:03:40,449 --> 00:03:37,790

about what my brother and I initially

79

00:03:42,400 --> 00:03:40,459

reported this neighbor told us there was

80

00:03:44,590 --> 00:03:42,410

a radio station that would talk about

81

00:03:46,900 --> 00:03:44,600

this because there were a lot of people

82

00:03:49,810 --> 00:03:46,910

reporting many unexplained and unknown

83

00:03:52,599 --> 00:03:49,820

UFO and other events experiences and

84

00:03:54,580 --> 00:03:52,609

sightings like we did since we were

85

00:03:57,400 --> 00:03:54,590

children regarding this initial event I

86

00:03:59,590 --> 00:03:57,410

believe that is why no one we knew ever

87

00:04:01,630 --> 00:03:59,600

pursued this on our behalf

88

00:04:03,220 --> 00:04:01,640

prior to this first incident and

89

00:04:05,650 --> 00:04:03,230

throughout the duration of my life from

90

00:04:08,349 --> 00:04:05,660

childhood to present many unexplained

91

00:04:10,509 --> 00:04:08,359

and unknown events experiences and

92

00:04:13,330 --> 00:04:10,519

sightings first occurred in this area

93

00:04:16,029 --> 00:04:13,340

which may all be related or separate

94

00:04:18,699 --> 00:04:16,039

this initial area was once the home of

95

00:04:20,560 --> 00:04:18,709

three American Indian tribes there is

96

00:04:23,529 --> 00:04:20,570

sacred land and Indian artifacts

97

00:04:25,000 --> 00:04:23,539

everywhere over the years of the pattern

98

00:04:28,720 --> 00:04:25,010

is that I have

99

00:04:31,630 --> 00:04:28,730

had many other unresolved experiences

100

00:04:34,090 --> 00:04:31,640

event sightings with unexplained and

101
00:04:36,090 --> 00:04:34,100
unknown in many areas I lived like

102
00:04:40,540 --> 00:04:36,100
California in New York Pennsylvania and

103
00:04:42,700 --> 00:04:40,550
England just a magnet every area I lived

104
00:04:45,400 --> 00:04:42,710
where this happened I contacted a

105
00:04:48,400 --> 00:04:45,410
variety of experts who all had differing

106
00:04:52,270 --> 00:04:48,410
opinions that all I got out of it was

107
00:04:56,080 --> 00:04:52,280
confusion frustration temporarily giving

108
00:05:00,160 --> 00:04:56,090
up more fear isolation and to date this

109
00:05:02,740 --> 00:05:00,170
continues and remains unresolved to date

110
00:05:05,440 --> 00:05:02,750
I remained very scared and can't be

111
00:05:07,810 --> 00:05:05,450
alone in the dark my own research past

112
00:05:10,600 --> 00:05:07,820
and present showed that in all the areas

113
00:05:12,640 --> 00:05:10,610

this occurred were areas that had others

114

00:05:15,610 --> 00:05:12,650

having the same and similar experiences

115

00:05:18,670 --> 00:05:15,620

and not being able to resolve them I

116

00:05:21,070 --> 00:05:18,680

have my own crossover theory about this

117

00:05:23,980 --> 00:05:21,080

and need to speak with credible experts

118

00:05:26,800 --> 00:05:23,990

in this field to see if they are related

119

00:05:28,930 --> 00:05:26,810

no one I researched has explored what I

120

00:05:33,400 --> 00:05:28,940

think might be a crossover discovery

121

00:05:34,990 --> 00:05:33,410

into more than just UFOs note I will

122

00:05:37,150 --> 00:05:35,000

only share this with credible experts

123

00:05:42,700 --> 00:05:37,160

who can show their a credentialed like

124

00:05:48,580 --> 00:05:42,710

MUFON please help me solve this I mean I

125

00:05:50,050 --> 00:05:48,590

don't know credible credentials I could

126

00:05:53,950 --> 00:05:50,060

write a piece of paper out and say I'm

127

00:05:56,020 --> 00:05:53,960

cool and yeah but anyways I would say

128

00:05:57,460 --> 00:05:56,030

that some people are more gifted and

129

00:05:59,170 --> 00:05:57,470

being able to see and experience things

130

00:06:01,060 --> 00:05:59,180

but you said wherever you go you're

131

00:06:03,310 --> 00:06:01,070

experiencing these things so I would say

132

00:06:05,380 --> 00:06:03,320

that um you know you just happen to have

133

00:06:08,560 --> 00:06:05,390

that kind of luck and I think you could

134

00:06:11,740 --> 00:06:08,570

see things so clearly than others like

135

00:06:13,960 --> 00:06:11,750

it just happens like myself it happens

136

00:06:17,290 --> 00:06:13,970

we can't always get every answer that we

137

00:06:18,610 --> 00:06:17,300

want right if we could and if anybody

138

00:06:23,170 --> 00:06:18,620

tells you they have all the answers

139

00:06:26,200 --> 00:06:23,180

right just run all right the next year

140

00:06:28,540 --> 00:06:26,210

for sighting this occurred in Orlando

141

00:06:30,400 --> 00:06:28,550

Florida this is another blast from the

142

00:06:34,450 --> 00:06:30,410

past my goodness I am loaded with them

143

00:06:38,200 --> 00:06:34,460

today July 4th 2011 went back into my

144

00:06:41,200 --> 00:06:38,210

backyard at 8:54 seen red and

145

00:06:43,659 --> 00:06:41,210

orange orb floating then it appeared 20

146

00:06:45,909 --> 00:06:43,669

minutes later in more detail the witness

147

00:06:49,689 --> 00:06:45,919

states I had just put my 8 month old

148

00:06:51,760 --> 00:06:49,699

daughter to bed at 8:45 p.m. for some

149

00:06:54,070 --> 00:06:51,770

reason I was compelled to go onto my

150

00:06:56,589 --> 00:06:54,080

back porch oh I feel an abduction coming

151
00:06:57,670 --> 00:06:56,599
I had not been back there in two months

152
00:07:00,339 --> 00:06:57,680
huh

153
00:07:04,029 --> 00:07:00,349
when I went outside in just my socks

154
00:07:07,330 --> 00:07:04,039
within a few seconds I noticed this red

155
00:07:09,730 --> 00:07:07,340
orange orb floating about 200 to 300

156
00:07:12,070 --> 00:07:09,740
feet up and started to run into the

157
00:07:13,870 --> 00:07:12,080
house behind my houses yard into the

158
00:07:16,960 --> 00:07:13,880
street behind my house when I watched it

159
00:07:21,010 --> 00:07:16,970
for about 10 seconds and remembered my

160
00:07:23,499 --> 00:07:21,020
kid and not having any shoes on I said

161
00:07:26,080 --> 00:07:23,509
ok time to go back the fireworks were

162
00:07:28,390 --> 00:07:26,090
about to start at 9:00 p.m. in my front

163
00:07:31,240 --> 00:07:28,400

yard watching from the resort that is

164

00:07:32,890 --> 00:07:31,250

visible from my front yard so not

165

00:07:35,710 --> 00:07:32,900

thinking anything about the red orb the

166

00:07:38,050 --> 00:07:35,720

fireworks started at 9 p.m. and about 16

167

00:07:41,070 --> 00:07:38,060

minutes into the fireworks the red orb

168

00:07:43,990 --> 00:07:41,080

came and appeared out of nowhere and

169

00:07:47,140 --> 00:07:44,000

curved and started going the exact same

170

00:07:49,300 --> 00:07:47,150

path it just flew 20 minutes ago so I

171

00:07:52,510 --> 00:07:49,310

quickly pulled out my phone and recorded

172

00:07:55,540 --> 00:07:52,520

it for 2 minutes and 20 seconds it came

173

00:07:58,089 --> 00:07:55,550

in so fast and then went out slow until

174

00:08:00,100 --> 00:07:58,099

it tinkered out it was rather

175

00:08:04,020 --> 00:08:00,110

interesting because I had seen this

176

00:08:06,820 --> 00:08:04,030

thing twice it was low and over a lake

177

00:08:07,899 --> 00:08:06,830

interesting fireworks fireworks if you

178

00:08:10,089 --> 00:08:07,909

ever went up calling some UFOs

179

00:08:14,110 --> 00:08:10,099

apparently you just got to launch mini

180

00:08:16,810 --> 00:08:14,120

Rockets and they'll come the next real

181

00:08:20,709 --> 00:08:16,820

full sighting this occurred in Marshall

182

00:08:22,899 --> 00:08:20,719

North Carolina this happened January 1st

183

00:08:25,270 --> 00:08:22,909

2018 all right we got some current and

184

00:08:27,670 --> 00:08:25,280

briefly witness states I was looking out

185

00:08:30,070 --> 00:08:27,680

of my window because I was bored and

186

00:08:37,029 --> 00:08:30,080

noticed out of the corner of my eye a

187

00:08:38,350 --> 00:08:37,039

hovering orb bored orb rhymed I was

188

00:08:40,240 --> 00:08:38,360

hanging out in my room

189

00:08:41,829 --> 00:08:40,250

bored and looked out of my window for a

190

00:08:46,750 --> 00:08:41,839

short while I noticed out of the corner

191

00:08:49,390 --> 00:08:46,760

of my eye a black dark gray orb hovering

192

00:08:51,760 --> 00:08:49,400

above the field next to my house I

193

00:08:52,030 --> 00:08:51,770

walked around my room with my hands on

194

00:08:54,699 --> 00:08:52,040

my

195

00:08:57,939 --> 00:08:54,709

had thinking about what's going on and

196

00:09:00,220 --> 00:08:57,949

thinking what should I do next I got a

197

00:09:04,030 --> 00:09:00,230

sudden very tingly feeling all

198

00:09:06,189 --> 00:09:04,040

throughout my body mainly in my head and

199

00:09:10,360 --> 00:09:06,199

ran to my window to see if it was still

200

00:09:13,689 --> 00:09:10,370

there unfortunately it was not but the

201
00:09:16,509 --> 00:09:13,699
tingly feeling inside of my body felt

202
00:09:19,900 --> 00:09:16,519
like they were trying to say goodbye

203
00:09:23,230 --> 00:09:19,910
I was not harmed in any way shape or

204
00:09:25,840 --> 00:09:23,240
form but I did actually feel very happy

205
00:09:29,699 --> 00:09:25,850
as if I were having an adrenaline rush

206
00:09:32,259 --> 00:09:29,709
for about ten minutes after the incident

207
00:09:35,379 --> 00:09:32,269
hmm sounds like they were prepping them

208
00:09:38,650 --> 00:09:35,389
for a little visit there too alright the

209
00:09:42,990 --> 00:09:38,660
next UFO sighting this happened in Bell

210
00:09:46,689 --> 00:09:43,000
Gardens California on January 1st 2018

211
00:09:52,680 --> 00:09:46,699
hovering orb jagd movement disappeared

212
00:09:57,790 --> 00:09:55,240
any more detail a witness states not a

213
00:09:59,170 --> 00:09:57,800

whole lot more detail it was just

214

00:10:01,420 --> 00:09:59,180
minutes after the New Year

215

00:10:04,090 --> 00:10:01,430
went to my sis house next door to give

216

00:10:07,120 --> 00:10:04,100
her a hug looking at fireworks when I

217

00:10:10,750 --> 00:10:07,130
notice a red orb hovered then Jagd

218

00:10:13,750 --> 00:10:10,760
it flew weirdly across the sky in slow

219

00:10:17,920 --> 00:10:13,760
motion then it decreased in size from a

220

00:10:22,180 --> 00:10:17,930
small red orb to a small red star to

221

00:10:26,769 --> 00:10:22,190
nothing fascinating stuff now to dab

222

00:10:30,160 --> 00:10:26,779
into some mystery science this article

223

00:10:33,100 --> 00:10:30,170
is entitled no alien mega-structure for

224

00:10:35,920 --> 00:10:33,110
a tabby star like a tabby cat I don't

225

00:10:38,350 --> 00:10:35,930
know this stars odd sporadic dimming

226

00:10:41,170 --> 00:10:38,360

Xand brightenings caused speculation

227

00:10:43,900 --> 00:10:41,180

about vast structures built by alien

228

00:10:46,629 --> 00:10:43,910

civilizations but a crowdfunded

229

00:10:49,780 --> 00:10:46,639

observing campaign led a different

230

00:10:51,460 --> 00:10:49,790

conclusion a few months ago a team of

231

00:10:55,210 --> 00:10:51,470

astronomers using a space-based

232

00:10:57,009 --> 00:10:55,220

observations said the weird and dramatic

233

00:11:05,260 --> 00:10:57,019

dips and brightness in the otherwise

234

00:11:10,740 --> 00:11:05,270

ordinary star kic 8 4 6 - 8 5 - a ka

235

00:11:14,950 --> 00:11:10,750

tabi star were probably caused by dust

236

00:11:18,610 --> 00:11:14,960

this star is located some 1,000

237

00:11:21,520 --> 00:11:18,620

light-years away it caused an uproar in

238

00:11:24,370 --> 00:11:21,530

the fall of 2015 when astronomers first

239

00:11:26,980 --> 00:11:24,380

announced its strange up-and-down light

240

00:11:30,850 --> 00:11:26,990

pattern and began speculating about a

241

00:11:33,940 --> 00:11:30,860

possible Dyson Sphere or mega structure

242

00:11:35,730 --> 00:11:33,950

around the star built by an advanced

243

00:11:40,590 --> 00:11:35,740

civilization with the goal of

244

00:11:45,040 --> 00:11:40,600

large-scale energy harvesting today

245

00:11:48,340 --> 00:11:45,050

January 3rd 2018 aided more than 1700

246

00:11:50,080 --> 00:11:48,350

people who donated over a hundred

247

00:11:53,770 --> 00:11:50,090

thousand dollars through a Kickstarter

248

00:11:55,900 --> 00:11:53,780

campaign Wow a team of more than 200

249

00:11:59,100 --> 00:11:55,910

researchers using ground-based

250

00:12:02,860 --> 00:11:59,110

observations announced that they agree

251
00:12:05,380 --> 00:12:02,870
yes they said the strange dimming Xand

252
00:12:11,500 --> 00:12:05,390
brightenings of tabi star are due to

253
00:12:16,150 --> 00:12:11,510
dust not aliens crap astronomer Tabitha

254
00:12:19,060 --> 00:12:16,160
Poisson formerly formerly at Yale now at

255
00:12:21,460 --> 00:12:19,070
Louisiana State University is the person

256
00:12:23,980 --> 00:12:21,470
for whom tabi star is named Wow

257
00:12:26,380 --> 00:12:23,990
that's cool I want a high D star she

258
00:12:28,950 --> 00:12:26,390
also led the crowd funded study which

259
00:12:32,170 --> 00:12:28,960
published in the peer-reviewed

260
00:12:34,030 --> 00:12:32,180
Astrophysical Journal Letters Jason

261
00:12:37,000 --> 00:12:34,040
Wright at Penn State University is a

262
00:12:40,120 --> 00:12:37,010
co-author on the study he said we were

263
00:12:42,910 --> 00:12:40,130

hoping that once we finally caught a dip

264

00:12:45,550 --> 00:12:42,920

happening in real time we could see if

265

00:12:48,130 --> 00:12:45,560

the dips were the same depth at all

266

00:12:50,890 --> 00:12:48,140

wavelengths if they were nearly the same

267

00:12:54,160 --> 00:12:50,900

this would suggest that the cause was

268

00:12:56,830 --> 00:12:54,170

something opaque like an orbiting disc

269

00:13:00,220 --> 00:12:56,840

planet or star or even large structures

270

00:13:02,380 --> 00:13:00,230

in space instead the team found that the

271

00:13:05,650 --> 00:13:02,390

star got much dimmer at some wavelengths

272

00:13:07,290 --> 00:13:05,660

than at others suggesting dust as the

273

00:13:10,660 --> 00:13:07,300

most likely explanation

274

00:13:14,440 --> 00:13:10,670

the scientists closely observed the star

275

00:13:19,030 --> 00:13:14,450

via the global network of Las Cumbres

276

00:13:22,930 --> 00:13:19,040

Observatory from March 2016 to

277

00:13:25,900 --> 00:13:22,940

December 2017 beginning in May 2017

278

00:13:28,470 --> 00:13:25,910

there were four distinct episodes when

279

00:13:30,790 --> 00:13:28,480

the stars light dipped they wrote

280

00:13:32,199 --> 00:13:30,800

they're almost certainly caused by

281

00:13:35,439 --> 00:13:32,209

something ordinary

282

00:13:38,139 --> 00:13:35,449

at least on a cosmic scale and yet that

283

00:13:41,740 --> 00:13:38,149

makes them more interesting not less but

284

00:13:43,600 --> 00:13:41,750

most of all they're mysterious it makes

285

00:13:46,930 --> 00:13:43,610

them more interesting to professional

286

00:13:50,079 --> 00:13:46,940

astronomers probably but to the rest of

287

00:13:52,870 --> 00:13:50,089

us dust just can't match an alien

288

00:13:55,629 --> 00:13:52,880

mega-structure for glamour yet as

289

00:13:58,749 --> 00:13:55,639

speculation about tabi star and an alien

290

00:14:01,629 --> 00:13:58,759

mega-structure had its day Tabitha

291

00:14:04,329 --> 00:14:01,639

Bojan herself performed a service of

292

00:14:07,689 --> 00:14:04,339

astronomy and for those of us who love

293

00:14:10,420 --> 00:14:07,699

it her TED talk titled the most

294

00:14:12,790 --> 00:14:10,430

mysterious star in the universe drew

295

00:14:16,420 --> 00:14:12,800

many into astronomies wonderful

296

00:14:18,600 --> 00:14:16,430

perplexities and boy jen ran a heck of a

297

00:14:21,340 --> 00:14:18,610

good Kickstarter campaign for real

298

00:14:24,210 --> 00:14:21,350

giving people a chance to participate in

299

00:14:26,889 --> 00:14:24,220

science and keeping those who donated

300

00:14:29,850 --> 00:14:26,899

informed every step of the way if I have

301
00:14:33,639 --> 00:14:29,860
frequent updates she said by the way

302
00:14:35,590 --> 00:14:33,649
it's exciting I'm so appreciative of all

303
00:14:39,100 --> 00:14:35,600
the people who have contributed to this

304
00:14:40,990 --> 00:14:39,110
in the past year the citizen scientists

305
00:14:42,879 --> 00:14:41,000
and professional astronomers it's quite

306
00:14:45,160 --> 00:14:42,889
humbling to have all these people

307
00:14:47,379 --> 00:14:45,170
contributing in various ways to help

308
00:14:50,710 --> 00:14:47,389
figure it out and we're appreciative of

309
00:14:53,079 --> 00:14:50,720
you dabby yes you did pretty darn good

310
00:14:55,050 --> 00:14:53,089
thanks for a great story and for letting

311
00:14:59,079 --> 00:14:55,060
the rest of us come along for the ride

312
00:14:59,829 --> 00:14:59,089
to read more about heavy star just look

313
00:15:01,720 --> 00:14:59,839

for a Jeep

314

00:15:03,220 --> 00:15:01,730

hi it's Jamie progress's employee of the

315

00:15:05,829 --> 00:15:03,230

month two months in a row leave a

316

00:15:07,600 --> 00:15:05,839

message at the hi Jamie it's me Jamie I

317

00:15:09,309 --> 00:15:07,610

just had a new idea for our song with

318

00:15:11,050 --> 00:15:09,319

the name your price tool so when it's

319

00:15:13,059 --> 00:15:11,060

like tell us what you want to pay hey

320

00:15:15,040 --> 00:15:13,069

hey hey the trombone goes blah blah blah

321

00:15:17,620 --> 00:15:15,050

and you say we'll help you find carbage

322

00:15:19,269 --> 00:15:17,630

options to fit your budget then we just

323

00:15:21,009 --> 00:15:19,279

all do finger snaps well choir goes

324

00:15:22,420 --> 00:15:21,019

babies coming at cha savings coming out

325

00:15:24,460 --> 00:15:22,430

Jeff yes no maybe

326

00:15:26,110 --> 00:15:24,470

anyway see your practice tonight I got

327

00:15:27,610 --> 00:15:26,120

new lyrics for the rap break

328

00:15:28,690 --> 00:15:27,620

progressive casualty insurance company

329

00:15:32,020 --> 00:15:28,700

and affiliates pricing coverage match

330

00:15:35,920 --> 00:15:32,030

limited by state law defend right blogs

331

00:15:38,200 --> 00:15:35,930

oh that's that's pretty cool but in all

332

00:15:40,420 --> 00:15:38,210

honesty if she found a lien

333

00:15:43,240 --> 00:15:40,430

megastructures who's gonna let her

334

00:15:45,570 --> 00:15:43,250

announce that and release it raise a

335

00:15:48,310 --> 00:15:45,580

hand just go ahead raise it raise a

336

00:15:50,350 --> 00:15:48,320

nobody's then they're out the door with

337

00:15:53,070 --> 00:15:50,360

that

338

00:15:59,740 --> 00:15:53,080

come on the Pentagon just gave us

339

00:16:04,510 --> 00:15:59,750

leftover scraps disclosure anyways

340

00:16:08,950 --> 00:16:04,520

moving on paranormal points we're moving

341

00:16:12,100 --> 00:16:08,960

on to ringing in 2018 with 85 new

342

00:16:13,870 --> 00:16:12,110

species not quite paranormal but gosh

343

00:16:16,780 --> 00:16:13,880

darn it we haven't discovered everything

344

00:16:18,370 --> 00:16:16,790

on this planet I bet there's some alien

345

00:16:24,060 --> 00:16:18,380

mega structures we haven't found out

346

00:16:31,570 --> 00:16:28,240

all right here we go from sea slugs to

347

00:16:34,270 --> 00:16:31,580

sharks to flowering plants spanning five

348

00:16:37,200 --> 00:16:34,280

continents and three oceans these new

349

00:16:40,900 --> 00:16:37,210

discoveries add to Earth's Tree of Life

350

00:16:43,810 --> 00:16:40,910

in 2017 researchers at the California

351
00:16:46,540 --> 00:16:43,820
Academy of Sciences along with several

352
00:16:51,490 --> 00:16:46,550
dozen international collaborators added

353
00:16:54,850 --> 00:16:51,500
85 new plants and animal species to

354
00:16:58,450 --> 00:16:54,860
Earth's Tree of Life including 16

355
00:17:01,600 --> 00:16:58,460
flowering plants three scorpions ten

356
00:17:07,720 --> 00:17:01,610
sharks who missed the sharks who missed

357
00:17:11,100 --> 00:17:07,730
that 22 fish a lizard an elephant shrew

358
00:17:14,830 --> 00:17:11,110
and a slew of species with unique names

359
00:17:18,130 --> 00:17:14,840
like a butterfly fish named after Donald

360
00:17:20,980 --> 00:17:18,140
Rumsfeld and a bat wing sea slug named

361
00:17:21,700 --> 00:17:20,990
after Dumbo the flying elephant okay

362
00:17:23,290 --> 00:17:21,710
I've heard it all

363
00:17:26,350 --> 00:17:23,300

I wonder what the Donald is gonna have

364

00:17:28,630 --> 00:17:26,360

named after him the scientists made

365

00:17:32,490 --> 00:17:28,640

their discoveries in five continents and

366

00:17:34,780 --> 00:17:32,500

three oceans Wow okay Shannon Bennett

367

00:17:38,040 --> 00:17:34,790

chief of science at the California

368

00:17:39,820 --> 00:17:38,050

Academy of Sciences said in a statement

369

00:17:41,830 --> 00:17:39,830

despite tireless

370

00:17:44,250 --> 00:17:41,840

efforts to explore from the far-flung

371

00:17:46,840 --> 00:17:44,260

corners of the globe to our backyard

372

00:17:50,139 --> 00:17:46,850

crannies scientists estimate that more

373

00:17:50,860 --> 00:17:50,149

than 90% of species have yet to be

374

00:17:53,440 --> 00:17:50,870

discovered

375

00:17:56,169 --> 00:17:53,450

say what again come on now with many

376

00:17:59,680 --> 00:17:56,179

going extinct before we even know they

377

00:18:01,450 --> 00:17:59,690

exist that's not a shocker we are not

378

00:18:03,970 --> 00:18:01,460

only losing members of the Tree of Life

379

00:18:07,110 --> 00:18:03,980

we are also forfeiting potential

380

00:18:10,419 --> 00:18:07,120

breakthroughs in medicine agricultural

381

00:18:12,430 --> 00:18:10,429

pollinators water purifiers and many

382

00:18:15,310 --> 00:18:12,440

other critical components of a healthy

383

00:18:17,409 --> 00:18:15,320

planet here are a few highlights from

384

00:18:22,600 --> 00:18:17,419

the 85 new species described by the

385

00:18:25,450 --> 00:18:22,610

Academy in 2017 seven new species of

386

00:18:28,779 --> 00:18:25,460

ants joined the Tree of Life in their

387

00:18:31,330 --> 00:18:28,789

march toward global domination which I'm

388

00:18:33,789 --> 00:18:31,340

sure will happen any time its arrival

389

00:18:36,129 --> 00:18:33,799

humans haven't colonized almost every

390

00:18:39,180 --> 00:18:36,139

landmass on earth I bet they're not in

391

00:18:42,009 --> 00:18:39,190

the Antarctic early one new species

392

00:18:43,810 --> 00:18:42,019

collected in Taiwan was described from

393

00:18:47,860 --> 00:18:43,820

the oh come on this name

394

00:18:50,889 --> 00:18:47,870

395

00:18:57,100 --> 00:18:50,899

ants infamous for drinking the blood of

396

00:18:59,970 --> 00:18:57,110

their larvae babies okay a newly

397

00:19:02,799 --> 00:18:59,980

described species of brown and white

398

00:19:06,129 --> 00:19:02,809

charismatic butterflyfish made a

399

00:19:08,950 --> 00:19:06,139

fantastic seven thousand mile journey

400

00:19:13,539 --> 00:19:08,960

before surprising scientists with its

401
00:19:16,840 --> 00:19:13,549
own unknown state status live specimens

402
00:19:19,210 --> 00:19:16,850
collected from 360 feet beneath the

403
00:19:22,090 --> 00:19:19,220
ocean surface in the Philippines Verde

404
00:19:25,840 --> 00:19:22,100

405
00:19:28,330 --> 00:19:25,850

off aquarium biologist back in San

407
00:19:37,240 --> 00:19:32,360
Francisco we named this reef fish roe

408
00:19:39,490 --> 00:19:37,250
a-- rumsfeld ii because as donald

409
00:19:41,649 --> 00:19:39,500
rumsfeld once said some things are truly

410
00:19:46,330 --> 00:19:41,659
unknown unknowns

411
00:19:50,230 --> 00:19:46,340
okay well says Louise Rocha a California

412
00:19:51,650 --> 00:19:50,240
Academy of Sciences curator of s ecology

413
00:19:54,530 --> 00:19:51,660

I don't even know

414

00:19:57,350 --> 00:19:54,540

row of Rumsfeld e joins 20 other new

415

00:20:01,700 --> 00:19:57,360

fish including a catfish from China and

416

00:20:05,600 --> 00:20:01,710

20 new reef fish scientists elevated a

417

00:20:09,260 --> 00:20:05,610

subspecies of elephant shrew known as oh

418

00:20:12,530 --> 00:20:09,270

421

00:20:24,730 --> 00:20:18,900

closely related to elephants see crows

422

00:20:27,890 --> 00:20:24,740

and aardvarks then is the true shoes

423

00:20:30,950 --> 00:20:27,900

arranging from shades of purple magenta

and pink to white yellow orange lever

428
00:20:46,040 --> 00:20:42,900
SIA can't to re tenses I don't know one

429
00:20:48,320 --> 00:20:46,050
of the several new species described in

430
00:20:51,230 --> 00:20:48,330
2017 why can't they just name a flower

431
00:20:54,920 --> 00:20:51,240
George or something I mean come on

432
00:20:57,440 --> 00:20:54,930
they say it's critically endangered with

433
00:21:00,920 --> 00:20:57,450
fewer than a dozen populations growing

434
00:21:06,530 --> 00:21:00,930
on a single mountaintop in Brazil Sierra

435
00:21:10,490 --> 00:21:06,540
Deacon's Costra National Park there are

436
00:21:13,160 --> 00:21:10,500
only known habitats on earth of 13 new

437
00:21:15,350 --> 00:21:13,170
species of sea slugs eight were from the

438
00:21:17,770 --> 00:21:15,360

Philippines and our members of the bat

439

00:21:20,510 --> 00:21:17,780

wing family sea slugs

440

00:21:24,080 --> 00:21:20,520

unlike most sea slugs they are capable

441

00:21:27,200 --> 00:21:24,090

of swimming using tiny wings that they

442

00:21:30,560 --> 00:21:27,210

flap to move through the water this

443

00:21:34,340 --> 00:21:30,570

species was named I'll come on Oh a

444

00:21:36,710 --> 00:21:34,350

phantom Terran Dumbo I got Dumbo given

445

00:21:39,530 --> 00:21:36,720

its resemblance to the famed flying

446

00:21:42,650 --> 00:21:39,540

elephant that's hilarious three new

447

00:21:46,270 --> 00:21:42,660

species join the club tailed scorpions a

448

00:21:49,970 --> 00:21:46,280

painstaking revision of a large group of

449

00:21:52,160 --> 00:21:49,980

neotropical Club tailed scorpions led to

450

00:21:56,120 --> 00:21:52,170

three new descriptions of colorful

451
00:21:57,980 --> 00:21:56,130
species and two new groups hailing from

452
00:22:01,120 --> 00:21:57,990
the tropical regions of North Central

453
00:22:03,820 --> 00:22:01,130
and South America they could keep them

454
00:22:05,539 --> 00:22:03,830
one wild thing about this group is that

455
00:22:08,180 --> 00:22:05,549
many species

456
00:22:10,460 --> 00:22:08,190
have the unique ability to make sounds

457
00:22:13,180 --> 00:22:10,470
by rubbing a specialized comb like

458
00:22:15,919 --> 00:22:13,190
structure against their sandpaper-like

459
00:22:19,820 --> 00:22:15,929
abdomen said California Academy of

460
00:22:20,930 --> 00:22:19,830
Sciences Iraq knology curator dr. Lauren

461
00:22:23,359 --> 00:22:20,940
Esposito

462
00:22:27,159 --> 00:22:23,369
she said the warning is audible to the

463
00:22:31,340 --> 00:22:27,169

human ear sounding like a hiss or a

464

00:22:35,810 --> 00:22:31,350

maraca shaking and is likely a loud way

465

00:22:36,950 --> 00:22:35,820

to tell predators to back off well but

466

00:22:39,909 --> 00:22:36,960

you're telling me this one doesn't have

467

00:22:44,539 --> 00:22:39,919

it great great all right huh

468

00:22:46,220 --> 00:22:44,549

moving on with paranormal points Oh some

469

00:22:51,220 --> 00:22:46,230

spooky stories for you how about that

470

00:22:53,930 --> 00:22:51,230

true ones the Roland doe exorcism

471

00:22:56,779 --> 00:22:53,940

all right this author says okay The

472

00:22:59,149 --> 00:22:56,789

Exorcist is a movie I've seen once and

473

00:23:02,359 --> 00:22:59,159

we'll never see again because it's scary

474

00:23:03,710 --> 00:23:02,369

I have to say that is the scariest movie

475

00:23:05,659 --> 00:23:03,720

I've ever seen myself personally

476

00:23:08,060 --> 00:23:05,669

all right they continue my dad's sister

477

00:23:10,909 --> 00:23:08,070

found it so frightening when she saw it

478

00:23:13,580 --> 00:23:10,919

in 1973 that she had to move back in

479

00:23:15,200 --> 00:23:13,590

with my grandparents or so I'm told

480

00:23:17,359 --> 00:23:15,210

since I wasn't born yet

481

00:23:19,220 --> 00:23:17,369

the reason this movie is so scary is

482

00:23:21,349 --> 00:23:19,230

that it's based on a true story well

483

00:23:23,739 --> 00:23:21,359

yeah I know that according to Mental

484

00:23:27,529 --> 00:23:23,749

Floss a Washington Post article from

485

00:23:30,680 --> 00:23:27,539

1949 with the headline priest freeze

486

00:23:33,409 --> 00:23:30,690

Mount Ranier boy reported held in

487

00:23:38,119 --> 00:23:33,419

490

491

00:23:49,639 --> 00:23:46,139

exorcism on a boy with the pseudonym

492

00:23:51,619 --> 00:23:49,649

Roland doe in Maryland according to the

493

00:23:54,889 --> 00:23:51,629

priest they allegedly experienced the

494

00:23:58,220 --> 00:23:54,899

boys speaking in tongues the bed shaking

495

00:24:01,190 --> 00:23:58,230

and hovering and objects flying around

496

00:24:03,879 --> 00:24:01,200

during the ordeal Mental Floss reported

497

00:24:07,099 --> 00:24:03,889

the exorcism was one of the three

498

00:24:09,470 --> 00:24:07,109

official Catholic Church sanction

499

00:24:11,330 --> 00:24:09,480

exorcisms in the United States at the

500

00:24:12,979 --> 00:24:11,340

time only three I'm sure they were more

501
00:24:15,499 --> 00:24:12,989
than needed but nobody wanted to go out

502
00:24:19,640 --> 00:24:15,509
the director of the Exorcist

503
00:24:21,920 --> 00:24:19,650
William Friedkin told the time out that

504
00:24:24,799 --> 00:24:21,930
the coverage of the Roland o exorcism by

505
00:24:28,640 --> 00:24:24,809
The Washington Post lent the story some

506
00:24:30,680 --> 00:24:28,650
credibility quoted maybe one day they'll

507
00:24:33,799 --> 00:24:30,690
discover the cause of what happened to

508
00:24:36,799 --> 00:24:33,809
that young man back then it was only

509
00:24:38,510 --> 00:24:36,809
curable by an exorcism his family

510
00:24:41,600 --> 00:24:38,520
weren't even Catholics they were

511
00:24:45,770 --> 00:24:41,610
Lutheran he told the timeout oh oh so so

512
00:24:47,750 --> 00:24:45,780
what what what does that mean continue

513
00:24:48,890 --> 00:24:47,760

to quote they started with doctors and

514

00:24:50,330 --> 00:24:48,900

then psychiatrists and then

515

00:24:52,580 --> 00:24:50,340

psychologists and then they went to

516

00:24:54,860 --> 00:24:52,590

their minister who couldn't help them

517

00:24:57,260 --> 00:24:54,870

and they wound up with a Catholic Church

518

00:24:59,930 --> 00:24:57,270

the Washington Post article says that

519

00:25:02,540 --> 00:24:59,940

the boy was possessed and exorcised

520

00:25:05,030 --> 00:25:02,550

that's pretty out on a limb for a

521

00:25:07,280 --> 00:25:05,040

national newspaper to put on its front

522

00:25:09,950 --> 00:25:07,290

page I don't think you'd see that too

523

00:25:13,820 --> 00:25:09,960

often nowadays oh I think it's happening

524

00:25:16,160 --> 00:25:13,830

possibly in a Murdock per paper but

525

00:25:18,650 --> 00:25:16,170

you're not going to see that on the

526

00:25:21,650 --> 00:25:18,660

front page of an intelligent newspaper

527

00:25:22,960 --> 00:25:21,660

unless there's something there oh they

528

00:25:29,210 --> 00:25:22,970

were something there mm-hmm

529

00:25:31,400 --> 00:25:29,220

this next story the Mothman the 2002

530

00:25:33,799 --> 00:25:31,410

film the Mothman Prophecies depicts

531

00:25:36,530 --> 00:25:33,809

character seeing a giant moth like

532

00:25:38,660 --> 00:25:36,540

creature appear before catastrophic

533

00:25:40,850 --> 00:25:38,670

events like it's happening right now

534

00:25:43,660 --> 00:25:40,860

here in Chicago mm-hmm there's a Batman

535

00:25:46,130 --> 00:25:43,670

being seen I am not kidding look it up

536

00:25:47,990 --> 00:25:46,140

while this might seem like an episode of

537

00:25:50,330 --> 00:25:48,000

the x-files this story is actually based

538

00:25:52,520 --> 00:25:50,340

on real occurrences in the small

539

00:25:57,190 --> 00:25:52,530

tight-knit community of Point Pleasant

540

00:26:01,360 --> 00:25:57,200

West Virginia during 1966 and 1967

541

00:26:03,680 --> 00:26:01,370

according to the Mothman documentary

542

00:26:06,080 --> 00:26:03,690

dozens of townspeople claimed to have

543

00:26:06,669 --> 00:26:06,090

seen the Mothman described as a 7-foot

544

00:26:10,040 --> 00:26:06,679

tall

545

00:26:12,530 --> 00:26:10,050

bird-like creature about a year after

546

00:26:14,990 --> 00:26:12,540

the Mothman first began appearing a

547

00:26:18,919 --> 00:26:15,000

steel bridge connecting West Virginia

548

00:26:19,549 --> 00:26:18,929

and Ohio mysteriously collapsed during

549

00:26:24,320 --> 00:26:19,559

rush hour

550

00:26:27,110 --> 00:26:24,330

killing 46 people survivors reported

551
00:26:29,720 --> 00:26:27,120
seeing the Mothman just before the

552
00:26:32,499 --> 00:26:29,730
collapse and after the tragedy the

553
00:26:35,109 --> 00:26:32,509
sightings of the Mothman stopped

554
00:26:37,089 --> 00:26:35,119
while some people think seeing Mothman

555
00:26:39,249 --> 00:26:37,099
right before the collapse was an

556
00:26:41,589 --> 00:26:39,259
indication that the mythic creature was

557
00:26:44,379 --> 00:26:41,599
responsible he shook it loose I'm sure

558
00:26:46,089 --> 00:26:44,389
others believe the appearances of the

559
00:26:48,699 --> 00:26:46,099
Mothman during the year prior to the

560
00:26:51,430 --> 00:26:48,709
collapse was actually a warning

561
00:26:55,359 --> 00:26:51,440
hmm whatever what he's up to here in

562
00:26:56,949 --> 00:26:55,369
Chicago wreaking havoc mm-hmm probably

563
00:26:59,440 --> 00:26:56,959

probably something going to happen I

564

00:27:02,229 --> 00:26:59,450

think we should leave today with an

565

00:27:07,029 --> 00:27:02,239

inspiring paranormal story this one is

566

00:27:09,369 --> 00:27:07,039

entitled my angel the author writes I

567

00:27:13,049 --> 00:27:09,379

was five years old when I encountered an

568

00:27:15,579 --> 00:27:13,059

altar church boy about 10 or 11 I

569

00:27:18,779 --> 00:27:15,589

entered my bedroom in broad daylight and

570

00:27:21,459 --> 00:27:18,789

he emerged from the wall huh and

571

00:27:24,789 --> 00:27:21,469

levitated across the room then

572

00:27:28,359 --> 00:27:24,799

disappeared the loose door of a heavy

573

00:27:31,299 --> 00:27:28,369

armor fell to the floor and missed me

574

00:27:34,690 --> 00:27:31,309

because when I saw him I just stayed at

575

00:27:37,539 --> 00:27:34,700

the door speechless my mom heard the

576
00:27:39,729 --> 00:27:37,549
noise and came running I was accused of

577
00:27:42,759 --> 00:27:39,739
touching the door when I was not told to

578
00:27:45,399 --> 00:27:42,769
because of the loose hinges they did not

579
00:27:47,969 --> 00:27:45,409
believe me and I never repeated this

580
00:27:52,119 --> 00:27:47,979
story to anyone

581
00:27:55,269 --> 00:27:52,129
I just told everybody all right this

582
00:27:57,009 --> 00:27:55,279
next one is called angels leave feathers

583
00:28:00,940 --> 00:27:57,019
for me by the way the altar boy probably

584
00:28:04,029 --> 00:28:00,950
showed them the same angels in my life

585
00:28:06,819 --> 00:28:04,039
simply divine ever since I invited my

586
00:28:09,519 --> 00:28:06,829
angels into my daily life it has changed

587
00:28:11,739 --> 00:28:09,529
for the better I know with the Angels

588
00:28:14,469 --> 00:28:11,749

guidance I can make the best decisions

589

00:28:17,139 --> 00:28:14,479

for my future often the signs I receive

590

00:28:20,889 --> 00:28:17,149

our feathers they come in all shapes and

591

00:28:21,819 --> 00:28:20,899

sizes and in the craziest places you

592

00:28:24,389 --> 00:28:21,829

know I've actually heard of that

593

00:28:27,279 --> 00:28:24,399

phenomena feathers being left

594

00:28:29,440 --> 00:28:27,289
