00:02:18,910 --> 00:02:16,520

is it's fascinating gonna open a lot of

47

00:02:24,130 --> 00:02:20,300

eyeballs out there and I hope to get out

48

00:02:28,240 --> 00:02:24,140

to go see it today myself all righty

49

00:02:31,270 --> 00:02:28,250

starting off with some UFO reports your

50

00:02:34,809 --> 00:02:31,280

foe sighting in West Palm Beach Florida

51
00:02:37,570 --> 00:02:34,819
January 5th 2018 and brief who witnessed

52
00:02:40,540 --> 00:02:37,580
eights I was in the cemetery drove up

53
00:02:42,460 --> 00:02:40,550
and parked had a feeling that there was

54
00:02:45,420 --> 00:02:42,470
something over me like all the other

55
00:02:48,430 --> 00:02:45,430
times and there it was a round object

56
00:02:51,400 --> 00:02:48,440
moving really slow looked like a box

57
00:02:54,190 --> 00:02:51,410
dome when I blow it up on my phone got

58
00:02:57,750 --> 00:02:54,200
some pictures as well of triangles in

59
00:03:01,960 --> 00:02:57,760
more detail it's kind of the same thing

60
00:03:05,289 --> 00:03:01,970
and okay it says I knew it was not a

61
00:03:08,440 --> 00:03:05,299
cloud and it was a UFO it was round like

62
00:03:12,039 --> 00:03:08,450
box dome move slowly slowly and left a

63
00:03:14,170 --> 00:03:12,049

trail I always know when I get this

64

00:03:16,140 --> 00:03:14,180

feeling to look up I seen things since

65

00:03:19,120 --> 00:03:16,150

around 13 years old till today

66

00:03:21,610 --> 00:03:19,130

chemtrails have a lot to do with some of

67

00:03:24,039 --> 00:03:21,620

this I see more of these things now than

68

00:03:27,220 --> 00:03:24,049

ever I believe in them and I know what I

69

00:03:29,940 --> 00:03:27,230

see I do have this feeling over me when

70

00:03:33,130 --> 00:03:29,950

they are around me for many years

71

00:03:36,430 --> 00:03:33,140

Wow spell check is a gift to gods

72

00:03:38,020 --> 00:03:36,440

use it people I want to read these and I

73

00:03:40,720 --> 00:03:38,030

know you want to get your message across

74

00:03:43,360 --> 00:03:40,730

clearly to the world you took the time

75

00:03:45,120 --> 00:03:43,370

out to report a UFO sighting and words

76
00:03:50,800 --> 00:03:45,130
are bunched together

77
00:03:53,470 --> 00:03:50,810
just please it has to be said has to be

78
00:03:58,300 --> 00:03:53,480
said all right here we go at least that

79
00:04:00,610 --> 00:03:58,310
one had periods and some commas next to

80
00:04:03,670 --> 00:04:00,620
a full sighting this happened and new

81
00:04:04,240 --> 00:04:03,680
gluck Chester Florida don't know if I

82
00:04:08,379 --> 00:04:04,250
said that right

83
00:04:09,910 --> 00:04:08,389
January 5th 2018 in brief the witness

84
00:04:12,280 --> 00:04:09,920
state's eyewitness from a fourth-floor

85
00:04:15,129 --> 00:04:12,290
balcony the described object which

86
00:04:17,370 --> 00:04:15,139
traveled at an extremely high speed from

87
00:04:19,750 --> 00:04:17,380
north to south then veered off south

88
00:04:22,510 --> 00:04:19,760

approximately 500 to a thousand feet

89

00:04:23,830 --> 00:04:22,520

above the horizon in more detail the

90

00:04:25,480 --> 00:04:23,840

witness states while standing on the

91

00:04:26,640 --> 00:04:25,490

balcony of my hotel room on the fourth

92

00:04:28,740 --> 00:04:26,650

floor

93

00:04:32,189 --> 00:04:28,750

looking east onto the ocean I noticed

94

00:04:35,490 --> 00:04:32,199

quite a large white silver non flashing

95

00:04:37,890 --> 00:04:35,500

solid spherical flying object just above

96

00:04:40,650 --> 00:04:37,900

the horizon approximately five hundred

97

00:04:43,050 --> 00:04:40,660

two thousand feet in altitude and more

98

00:04:44,999 --> 00:04:43,060

than a mile away the object's brightness

99

00:04:47,430 --> 00:04:45,009

and high speed is the reason I noticed

100

00:04:49,290 --> 00:04:47,440

it the object was moving from north to

101
00:04:51,749 --> 00:04:49,300
south from left to right traveling

102
00:04:54,840 --> 00:04:51,759
extremely fast and at a constant speed

103
00:04:57,300 --> 00:04:54,850
and direction definitely within our

104
00:05:00,210 --> 00:04:57,310
atmosphere I did not seem to change

105
00:05:01,800 --> 00:05:00,220
altitude while on its flight path as I

106
00:05:04,710 --> 00:05:01,810
continued observing for the next few

107
00:05:06,870 --> 00:05:04,720
seconds the object seemed to move out to

108
00:05:10,830 --> 00:05:06,880
sea before disappearing into a huge

109
00:05:13,439 --> 00:05:10,840
cloud system the event only lasted five

110
00:05:17,159 --> 00:05:13,449
seconds at most due to the high speed of

111
00:05:19,409 --> 00:05:17,169
the object there was no sound from an

112
00:05:21,390 --> 00:05:19,419
engine sound apparent at the first

113
00:05:23,879 --> 00:05:21,400

sighting and none after the object

114

00:05:26,189 --> 00:05:23,889

disappears in my life I have witness

115

00:05:28,080 --> 00:05:26,199

meteor showers and have observed

116

00:05:31,469 --> 00:05:28,090

high-speed aircraft and practice

117

00:05:34,170 --> 00:05:31,479

maneuvers I've never seen a flying

118

00:05:37,260 --> 00:05:34,180

object or any other for that matter move

119

00:05:40,170 --> 00:05:37,270

at the speed whilst in the atmosphere

120

00:05:43,129 --> 00:05:40,180

yeah the experience let me left me

121

00:05:47,339 --> 00:05:43,139

feeling utterly amazed but humbled all

122

00:05:50,550 --> 00:05:47,349

right next UFO sighting happened in

123

00:05:53,189 --> 00:05:50,560

College Park Georgia slight UFO blast

124

00:05:56,399 --> 00:05:53,199

from the past November 20th 2016

125

00:05:59,010 --> 00:05:56,409

dusk could see silhouette boomerang

126
00:06:02,580 --> 00:05:59,020
shaped flying wing never moved directly

127
00:06:04,920 --> 00:06:02,590
overhead large white light near tips in

128
00:06:06,899 --> 00:06:04,930
more detail the witness states driving

129
00:06:09,930 --> 00:06:06,909
home at dusk this craft was hovering

130
00:06:12,810 --> 00:06:09,940
directly over interstate 85 just south

131
00:06:15,600 --> 00:06:12,820
of the Atlanta Airport it was shaped

132
00:06:18,270 --> 00:06:15,610
like a boomerang swept back flying wing

133
00:06:20,879 --> 00:06:18,280
look had two large white lights and near

134
00:06:24,050 --> 00:06:20,889
the tip of each wing I looked directly

135
00:06:27,810 --> 00:06:24,060
up until the light as I drove under and

136
00:06:30,689 --> 00:06:27,820
had a crystalline refractory appearance

137
00:06:35,100 --> 00:06:30,699
to them it was just barely over treetop

138
00:06:37,830 --> 00:06:35,110

level maybe 35 feet wide took place in

139

00:06:40,210 --> 00:06:37,840

fall of 2016 and in November have a

140

00:06:42,940 --> 00:06:40,220

friend that works at air traffic control

141

00:06:45,880 --> 00:06:42,950

on the southeast called him immediately

142

00:06:49,030 --> 00:06:45,890

and he said they don't radar things that

143

00:06:54,940 --> 00:06:49,040

close to the ground my opinion black ops

144

00:06:58,720 --> 00:06:54,950

not interdimensional okay this next UFO

145

00:07:04,660 --> 00:06:58,730

sighting happened in Indian Trail North

146

00:07:06,940 --> 00:07:04,670

Carolina January 6 2018 in brief five

147

00:07:10,050 --> 00:07:06,950

spheres about the size of medium plain

148

00:07:13,030 --> 00:07:10,060

less than two thousand feet altitude I

149

00:07:15,790 --> 00:07:13,040

hadn't leave cruising from Horizon to

150

00:07:18,490 --> 00:07:15,800

overhead and appear to climb as they

151

00:07:21,300 --> 00:07:18,500

passed us in more detail on Sunday

152

00:07:23,140 --> 00:07:21,310

January 6 at approximately 8:30 p.m.

153

00:07:25,330 --> 00:07:23,150

very cold out

154

00:07:27,760 --> 00:07:25,340

my wife returning from the store comes

155

00:07:29,950 --> 00:07:27,770

in excited about a couple of orange

156

00:07:33,280 --> 00:07:29,960

glowing balls seemingly hovering a few

157

00:07:36,460 --> 00:07:33,290

hundred feet above our house my grandson

158

00:07:39,670 --> 00:07:36,470

and I went out to look and only saw one

159

00:07:41,620 --> 00:07:39,680

hovering silently overhead it began to

160

00:07:44,370 --> 00:07:41,630

move slowly at first to the west

161

00:07:46,690 --> 00:07:44,380

southwest I went in to get banoffee

162

00:07:50,620 --> 00:07:46,700

binoculars ten seconds came back out and

163

00:07:53,290 --> 00:07:50,630

it was gone about 45 seconds later three

164

00:07:56,500 --> 00:07:53,300

more appeared from the east north east

165

00:08:00,130 --> 00:07:56,510

and came overhead as a group but not in

166

00:08:02,680 --> 00:08:00,140

a tight formation absolutely no sound my

167

00:08:05,580 --> 00:08:02,690

first thought was Chinese lanterns but

168

00:08:08,470 --> 00:08:05,590

they would have been very very large

169

00:08:11,590 --> 00:08:08,480

small plane or helicopter size and

170

00:08:13,780 --> 00:08:11,600

defying wind patterns the light source

171

00:08:15,820 --> 00:08:13,790

was much much brighter than a candle

172

00:08:18,790 --> 00:08:15,830

with the binoculars it appeared

173

00:08:21,520 --> 00:08:18,800

spherical with a red beam coming out of

174

00:08:25,180 --> 00:08:21,530

the yellow orange glow that the whole

175

00:08:29,080 --> 00:08:25,190

sphere was giving off any idea what we

176

00:08:32,200 --> 00:08:29,090

were watching yeah it was a UFO all

177

00:08:35,579 --> 00:08:32,210

right this next it will foe sighting

178

00:08:40,240 --> 00:08:35,589

occurred in Harrisburg Pennsylvania

179

00:08:43,089 --> 00:08:40,250

January 7 2018 in brief four orbs

180

00:08:47,590 --> 00:08:43,099

shrouded by mist hovering and moving

181

00:08:50,110 --> 00:08:47,600

slowly over I 83 in more detail and is a

182

00:08:51,880 --> 00:08:50,120

lot of detail which is cool the event

183

00:08:53,680 --> 00:08:51,890

actually began with another strange

184

00:08:56,350 --> 00:08:53,690

event at 4:00 p.m. that day

185

00:08:56,890 --> 00:08:56,360

I was heading north on i-80 3 at 4:00

186

00:08:59,530 --> 00:08:56,900

p.m.

187

00:09:04,330 --> 00:08:59,540

and notice what can only be described as

188

00:09:07,120 --> 00:09:04,340

a gash like wound in the clouds I make a

189

00:09:10,390 --> 00:09:07,130

study for a hobby of mine of clouds and

190

00:09:14,320 --> 00:09:10,400

it was highly unusual there was a steady

191

00:09:16,840 --> 00:09:14,330

cloud cover of cumulus clouds but in the

192

00:09:19,690 --> 00:09:16,850

center running perfectly north to south

193

00:09:22,840 --> 00:09:19,700

was an exceptionally large elliptical

194

00:09:25,360 --> 00:09:22,850

gash in the clouds it tapered at the

195

00:09:29,380 --> 00:09:25,370

points the edges were frayed much as a

196

00:09:32,800 --> 00:09:29,390

wound would be showing disruption the

197

00:09:36,130 --> 00:09:32,810

center wound portion had a clear series

198

00:09:39,400 --> 00:09:36,140

of lines as if the sky had been pulled

199

00:09:41,830 --> 00:09:39,410

in that way by a pendulum of sorts the

200

00:09:45,490 --> 00:09:41,840

closest thing I could find online about

201

00:09:48,660 --> 00:09:45,500

the cloud type was a fall streak cloud

202

00:09:52,840 --> 00:09:48,670

I'd estimate the gas to be approximately

203

00:09:55,900 --> 00:09:52,850

15 miles long wow I have a compass in my

204

00:09:58,060 --> 00:09:55,910

car and it practically overlapped north

205

00:10:00,640 --> 00:09:58,070

I mentioned this because nearly exactly

206

00:10:02,770 --> 00:10:00,650

two hours later I was going south on the

207

00:10:05,620 --> 00:10:02,780

same interstate approximately 10 miles

208

00:10:09,010 --> 00:10:05,630

north of where I'd initially spotted

209

00:10:11,140 --> 00:10:09,020

said cloud at this point it was dark out

210

00:10:13,510 --> 00:10:11,150

and I noticed four lights moving

211

00:10:16,030 --> 00:10:13,520

information very slowly across the

212

00:10:19,060 --> 00:10:16,040

interstate I should mention we live near

213

00:10:20,680 --> 00:10:19,070

an airport air traffic is very common in

214

00:10:24,250 --> 00:10:20,690

this area and I know what airplane

215

00:10:27,340 --> 00:10:24,260

lights look like how they fly etc these

216

00:10:29,740 --> 00:10:27,350

lights had no flashing lights no red

217

00:10:33,760 --> 00:10:29,750

markers like usual they didn't seem to

218

00:10:35,500 --> 00:10:33,770

fly and so much as glide initially I

219

00:10:37,630 --> 00:10:35,510

thought they were helicopters as they

220

00:10:39,700 --> 00:10:37,640

moved slowly but their formation

221

00:10:42,579 --> 00:10:39,710

remained perfectly aligned as they

222

00:10:44,770 --> 00:10:42,589

traversed over me I passed directly

223

00:10:47,230 --> 00:10:44,780

under them and as I fumbled to get my

224

00:10:51,280 --> 00:10:47,240

phone to do video while I was driving

225

00:10:53,680 --> 00:10:51,290

yeah that's safe every credibly did not

226
00:10:56,760 --> 00:10:53,690
capture video as I passed under them too

227
00:10:59,920 --> 00:10:56,770
quickly and was too startled to think I

228
00:11:02,040 --> 00:10:59,930
should have pulled over it was over very

229
00:11:05,560 --> 00:11:02,050
quickly and I couldn't see them again

230
00:11:07,510 --> 00:11:05,570
after a few minutes after I had passed I

231
00:11:09,850 --> 00:11:07,520
was looking in my rearview

232
00:11:12,190 --> 00:11:09,860
I noticed off my East a standard

233
00:11:15,160 --> 00:11:12,200
helicopter with normal lighting hovering

234
00:11:18,820 --> 00:11:15,170
about 200 to 400 feet above the tree

235
00:11:21,280 --> 00:11:18,830
line near Reser's Summit I assumed it

236
00:11:23,470 --> 00:11:21,290
was observing the event the formation

237
00:11:25,630 --> 00:11:23,480
these lights had was odd as well they

238
00:11:28,060 --> 00:11:25,640

were moving in a pattern that I can

239

00:11:31,540 --> 00:11:28,070

describe as a sort of a crescent I

240

00:11:34,930 --> 00:11:31,550

enclosed a badly done mspaint

241

00:11:37,240 --> 00:11:34,940

illustration to show you these lights

242

00:11:39,880 --> 00:11:37,250

had a color value that was unusual as

243

00:11:42,400 --> 00:11:39,890

well a lighting reference I have for my

244

00:11:45,640 --> 00:11:42,410

hobby which is game development

245

00:11:50,290 --> 00:11:45,650

I know these lights were very low Kelvin

246

00:11:54,250 --> 00:11:50,300

around 2600 to 2800 and resembled medium

247

00:11:57,120 --> 00:11:54,260

wattage tungsten bulbs or sodium lamps

248

00:12:00,070 --> 00:11:57,130

gosh this person is really specific um

249

00:12:02,110 --> 00:12:00,080

they were surrounded by a haze or mist

250

00:12:05,380 --> 00:12:02,120

and in the center I could barely make

251
00:12:07,630 --> 00:12:05,390
out a square shape blue-white light my

252
00:12:10,470 --> 00:12:07,640
son also witnessed some of this I should

253
00:12:12,880 --> 00:12:10,480
mention I am a highly skeptical person

254
00:12:16,600 --> 00:12:12,890
I've seen hundreds of weird things that

255
00:12:19,030 --> 00:12:16,610
I can usually explained away by way of a

256
00:12:21,280 --> 00:12:19,040
rational thinking in this case though I

257
00:12:22,660 --> 00:12:21,290
have no explanation if they were

258
00:12:25,900 --> 00:12:22,670
aircraft they were perfectly

259
00:12:27,880 --> 00:12:25,910
synchronized were circular had no normal

260
00:12:30,550 --> 00:12:27,890
lighting system for an aircraft a flew

261
00:12:34,060 --> 00:12:30,560
very slowly for aircraft and appeared

262
00:12:37,120 --> 00:12:34,070
seemingly from nowhere their color was

263
00:12:39,460 --> 00:12:37,130

so low of a Kelvin it reminded me of a

264

00:12:42,100 --> 00:12:39,470

candle flame as did the way they

265

00:12:44,530 --> 00:12:42,110

illuminated the mist around them these

266

00:12:47,830 --> 00:12:44,540

are not things I can ascribe to any

267

00:12:51,280 --> 00:12:47,840

aircraft firework or man-made objects

268

00:12:53,860 --> 00:12:51,290

such as a drone the first fact there

269

00:12:57,160 --> 00:12:53,870

were four moving information over an

270

00:13:01,240 --> 00:12:57,170

area that had the described gash in the

271

00:13:06,010 --> 00:13:01,250

sky mere hours earlier seems hardly

272

00:13:07,870 --> 00:13:06,020

coincidental as well all right the next

273

00:13:08,770 --> 00:13:07,880

UFO sighting this happened in Memphis

274

00:13:12,880 --> 00:13:08,780

Tennessee

275

00:13:16,000 --> 00:13:12,890

January 7th 2018 and brief very large

276
00:13:18,520 --> 00:13:16,010
dark UFO spotted hidden behind clouds

277
00:13:20,860 --> 00:13:18,530
initially the light from a tall building

278
00:13:23,440 --> 00:13:20,870
exposed it briefly as

279
00:13:25,329 --> 00:13:23,450
moved Northwest why these UFOs hide

280
00:13:27,430 --> 00:13:25,339
behind clouds all the time I guess they

281
00:13:32,050 --> 00:13:27,440
maybe they hitch a ride or they make the

282
00:13:33,760 --> 00:13:32,060
cloud hide I don't know okay the witness

283
00:13:35,890 --> 00:13:33,770
states in more detail I'll start off by

284
00:13:38,500 --> 00:13:35,900
mentioning this occurred sometime

285
00:13:43,210 --> 00:13:38,510
between 6:45 and 7:00 p.m.

286
00:13:45,490 --> 00:13:43,220
January 7th 2018 lasting for 30 to 45

287
00:13:48,850 --> 00:13:45,500
seconds and it's currently 7 a.m. the

288
00:13:50,650 --> 00:13:48,860

next morning January 8th 2018 the

289

00:13:52,660 --> 00:13:50,660

sighting occurred roughly 12 hours ago

290

00:13:55,500 --> 00:13:52,670

the temperature was around 40 degrees

291

00:13:58,420 --> 00:13:55,510

Fahrenheit and there was a mild breeze

292

00:14:01,360 --> 00:13:58,430

the weather was overcast the clouds were

293

00:14:03,400 --> 00:14:01,370

low and completely filled the sky the

294

00:14:06,579 --> 00:14:03,410

sky was slightly brighter than usual

295

00:14:08,320 --> 00:14:06,589

because of this but not much due to the

296

00:14:10,000 --> 00:14:08,330

amount of cloud cover the stars were not

297

00:14:12,490 --> 00:14:10,010

visible whatsoever

298

00:14:16,079 --> 00:14:12,500

my sister and I we're outside our house

299

00:14:18,280 --> 00:14:16,089

taking a quick smoke break there you go

300

00:14:20,110 --> 00:14:18,290

cigarette smokers all the time to

301
00:14:21,700 --> 00:14:20,120
relieve our studies were both college

302
00:14:24,519 --> 00:14:21,710
students I noticed a green light

303
00:14:26,860 --> 00:14:24,529
stretching horizontally in the distance

304
00:14:29,199 --> 00:14:26,870
across the night sky but this was

305
00:14:31,690 --> 00:14:29,209
emitting from a tall building less than

306
00:14:34,420 --> 00:14:31,700
five miles away this building is covered

307
00:14:36,430 --> 00:14:34,430
in green lights and come nighttime it

308
00:14:40,300 --> 00:14:36,440
turns on and basically becomes a

309
00:14:42,940 --> 00:14:40,310
gigantic green light bulb the clouds

310
00:14:45,160 --> 00:14:42,950
were low and this is a building over a

311
00:14:47,800 --> 00:14:45,170
30 stories high so the light was

312
00:14:51,010 --> 00:14:47,810
illuminating the sky above it the clouds

313
00:14:53,199 --> 00:14:51,020

were above the building but they weren't

314

00:14:56,530 --> 00:14:53,209

moving more than 200 feet above it I

315

00:14:58,990 --> 00:14:56,540

would presume our house is on a corner

316

00:15:01,030 --> 00:14:59,000

lot with two streets intersecting at the

317

00:15:02,920 --> 00:15:01,040

northeast corner one running along the

318

00:15:05,110 --> 00:15:02,930

north side one running along the east

319

00:15:07,000 --> 00:15:05,120

side we're watching from the backyard

320

00:15:10,600 --> 00:15:07,010

which is on the south side of the house

321

00:15:13,329 --> 00:15:10,610

and we were facing west the location of

322

00:15:15,940 --> 00:15:13,339

the light we were just talking as we

323

00:15:18,490 --> 00:15:15,950

looked up at the green light we kept

324

00:15:21,640 --> 00:15:18,500

looking at it because honestly we hadn't

325

00:15:24,850 --> 00:15:21,650

seen it before it was a night consisting

326

00:15:27,519 --> 00:15:24,860

of weather cloud coverage that isn't

327

00:15:29,199 --> 00:15:27,529

typical in the Memphis area after a

328

00:15:31,300 --> 00:15:29,209

minute or so I saw this dark figure

329

00:15:33,579 --> 00:15:31,310

seemingly emerge out of nowhere above

330

00:15:34,780 --> 00:15:33,589

the green light my sister doesn't have

331

00:15:38,770 --> 00:15:34,790

great eyesight but

332

00:15:41,290 --> 00:15:38,780

- 2020 I knew just from the sheer size

333

00:15:43,480 --> 00:15:41,300

of it that it wasn't anything man-made

334

00:15:47,440 --> 00:15:43,490

so I pointed it out to my sister and

335

00:15:50,620 --> 00:15:47,450

asked if she saw it even with her subpar

336

00:15:53,380 --> 00:15:50,630

eyesight she saw it immediately it

337

00:15:54,880 --> 00:15:53,390

remained behind the clouds but the light

338

00:15:57,970 --> 00:15:54,890

emitted from the building and into the

339

00:16:00,880 --> 00:15:57,980

clouds resulted in the UFO being exposed

340

00:16:03,820 --> 00:16:00,890

for a brief moment the craft did not

341

00:16:05,650 --> 00:16:03,830

reflect any light the craft might have

342

00:16:08,380 --> 00:16:05,660

come from the left side of the light or

343

00:16:10,480 --> 00:16:08,390

simply farther behind it and perhaps I

344

00:16:13,150 --> 00:16:10,490

just couldn't see it until it was right

345

00:16:15,450 --> 00:16:13,160

above the green light my perspective

346

00:16:18,670 --> 00:16:15,460

though it looked as though it just

347

00:16:21,280 --> 00:16:18,680

materialized out of thin air within a

348

00:16:24,520 --> 00:16:21,290

couple of seconds it was an oval-shaped

349

00:16:27,190 --> 00:16:24,530

disc like shadow sticking out like a

350

00:16:30,190 --> 00:16:27,200

sore thumb in the sky when I say it was

351
00:16:32,110 --> 00:16:30,200
oval-shaped it was but the outer edges

352
00:16:34,390 --> 00:16:32,120
of the craft were thinner and it was

353
00:16:36,700 --> 00:16:34,400
thicker in the middle I'll draw a

354
00:16:40,060 --> 00:16:36,710
picture of it it makes sure the shape is

355
00:16:42,220 --> 00:16:40,070
understood it seemed to slightly descend

356
00:16:44,680 --> 00:16:42,230
when it first came into view and then it

357
00:16:47,230 --> 00:16:44,690
stopped and remained stationary for a

358
00:16:49,480 --> 00:16:47,240
couple of seconds slowly thereafter it

359
00:16:51,760 --> 00:16:49,490
made its way across the sky starting

360
00:16:54,280 --> 00:16:51,770
above the and slightly to the right of

361
00:16:56,890 --> 00:16:54,290
the light and proceeding to travel

362
00:16:58,870 --> 00:16:56,900
northeast away from it it seemed to be

363
00:17:00,340 --> 00:16:58,880

traveling in a straight line but it did

364

00:17:03,550 --> 00:17:00,350

appear to have an extremely minor

365

00:17:07,230 --> 00:17:03,560

downward tilt if going in a straight

366

00:17:10,960 --> 00:17:07,240

line is considered 180 degrees it was at

367

00:17:12,910 --> 00:17:10,970

175 miles this is specific it was much

368

00:17:14,320 --> 00:17:12,920

larger than any sort of airplane or

369

00:17:17,410 --> 00:17:14,330

aircraft that I'm aware of

370

00:17:20,110 --> 00:17:17,420

by a long shot it didn't make any noise

371

00:17:22,630 --> 00:17:20,120

at least from where we were about five

372

00:17:24,490 --> 00:17:22,640

to seven miles away across the street

373

00:17:26,410 --> 00:17:24,500

that runs along the north side of the

374

00:17:28,540 --> 00:17:26,420

house there is an abundance of tall

375

00:17:31,000 --> 00:17:28,550

trees in the front yards of the

376

00:17:33,970 --> 00:17:31,010

properties the craft was at an altitude

377

00:17:36,610 --> 00:17:33,980

low enough for me to know that as soon

378

00:17:39,300 --> 00:17:36,620

as it got to the tree line we wouldn't

379

00:17:42,130 --> 00:17:39,310

be able to maintain visualization of it

380

00:17:44,410 --> 00:17:42,140

starting when the craft appeared and

381

00:17:47,020 --> 00:17:44,420

only took about 30 to 45 seconds for it

382

00:17:48,640 --> 00:17:47,030

to drift out of sight throughout the

383

00:17:51,910 --> 00:17:48,650

experience I had an enormous

384

00:17:54,190 --> 00:17:51,920

rush of adrenaline rushing through me it

385

00:17:56,110 --> 00:17:54,200

wasn't because I was afraid but rather a

386

00:17:59,590 --> 00:17:56,120

result of seeing something I had never

387

00:18:02,020 --> 00:17:59,600

seen before I've always suspected the

388

00:18:04,390 --> 00:18:02,030

possibility of UFOs to be more likely

389

00:18:06,430 --> 00:18:04,400

than not given the amount of sightings

390

00:18:08,910 --> 00:18:06,440

each year but this left me without a

391

00:18:11,170 --> 00:18:08,920

doubt in my mind that they exist

392

00:18:13,090 --> 00:18:11,180

unfortunately we didn't take a video

393

00:18:15,640 --> 00:18:13,100

which is something I never thought I

394

00:18:17,590 --> 00:18:15,650

would forget an event like this but my

395

00:18:20,320 --> 00:18:17,600

sister and I were both basically in

396

00:18:22,750 --> 00:18:20,330

shock while watching this when I

397

00:18:24,760 --> 00:18:22,760

realized it was about to be out of sight

398

00:18:27,010 --> 00:18:24,770

I snapped out of it and told my sister

399

00:18:29,440 --> 00:18:27,020

to record it but she didn't get it on

400

00:18:31,270 --> 00:18:29,450

time she got a photograph of the sky

401
00:18:33,040 --> 00:18:31,280
that shows the low hanging clouds and

402
00:18:34,840 --> 00:18:33,050
the green light but the UFO and

403
00:18:37,300 --> 00:18:34,850
reference was behind the trees before

404
00:18:39,340 --> 00:18:37,310
she got the picture off there was an

405
00:18:43,240 --> 00:18:39,350
odd-looking grey mass in the photo but

406
00:18:44,740 --> 00:18:43,250
I'm sure not sure what it was we didn't

407
00:18:47,470 --> 00:18:44,750
notice it until we looked at the photo

408
00:18:50,020 --> 00:18:47,480
using the photo as a reference though I

409
00:18:56,500 --> 00:18:50,030
can say very confidently that what we

410
00:18:59,050 --> 00:18:56,510
saw was many shades darker all right the

411
00:19:02,080 --> 00:18:59,060
next UFO sighting this happened in

412
00:19:03,190 --> 00:19:02,090
Melbourne Victoria where I used to live

413
00:19:07,210 --> 00:19:03,200

I loved that place

414

00:19:09,550 --> 00:19:07,220

January 8 2018 slashing circling red

415

00:19:12,160 --> 00:19:09,560

lights moving fast from my left-to-right

416

00:19:14,740 --> 00:19:12,170

change direction very swiftly and

417

00:19:18,670 --> 00:19:14,750

drifted back a fourth before I lost it

418

00:19:21,640 --> 00:19:18,680

in more detail I was stargazing as the

419

00:19:23,380 --> 00:19:21,650

night sky was very clear I was trying to

420

00:19:25,780 --> 00:19:23,390

notice satellites or planets and

421

00:19:28,750 --> 00:19:25,790

research their morphology and location

422

00:19:31,060 --> 00:19:28,760

and how to spot them I then suddenly

423

00:19:33,430 --> 00:19:31,070

thought something was moving and then

424

00:19:36,730 --> 00:19:33,440

chucked it to be something like a

425

00:19:40,030 --> 00:19:36,740

blinking star but soon I found it move

426
00:19:42,700 --> 00:19:40,040
in a certain trajectory that involved an

427
00:19:45,010 --> 00:19:42,710
artificially accelerated pace it was

428
00:19:47,620 --> 00:19:45,020
hard to track it for too long and it was

429
00:19:50,470 --> 00:19:47,630
shocking to see it change direction and

430
00:19:52,690 --> 00:19:50,480
hover up and down as a quick moving from

431
00:19:55,240 --> 00:19:52,700
my left to right that's when I realized

432
00:19:57,250 --> 00:19:55,250
what I was seeing it was a bunch of red

433
00:20:00,420 --> 00:19:57,260
lights in a disc shape with a certain

434
00:20:01,890 --> 00:20:00,430
self rotation and movement that involved

435
00:20:04,320 --> 00:20:01,900
displacement

436
00:20:06,420 --> 00:20:04,330
I lost sight of the object after a car

437
00:20:08,790 --> 00:20:06,430
headed past in front of me as the lights

438
00:20:12,300 --> 00:20:08,800

were too bright and it was hard to find

439

00:20:15,600 --> 00:20:12,310

the object again darn it all to heck all

440

00:20:17,520 --> 00:20:15,610

right this next UFO sighting oh great

441

00:20:21,470 --> 00:20:17,530

this is a gonna be a fun name to

442

00:20:25,580 --> 00:20:21,480

pronounce uh UFO sighting an egg poor

443

00:20:30,060 --> 00:20:25,590

Masha rostra mm-hmm that happened

444

00:20:32,220 --> 00:20:30,070

January 6 2018 glowing red object

445

00:20:35,130 --> 00:20:32,230

disappearing and reappearing at random

446

00:20:39,150 --> 00:20:35,140

points in the sky flash green light

447

00:20:44,070 --> 00:20:39,160

before finally disappearing in more

448

00:20:46,740 --> 00:20:44,080

detail on January 6 2018 about 650 p.m.

449

00:20:49,350 --> 00:20:46,750

I was working on my laptop when all of a

450

00:20:52,110 --> 00:20:49,360

sudden there was a blackout due to power

451
00:20:54,210 --> 00:20:52,120
cut in our locality I have a rooftop

452
00:20:56,700 --> 00:20:54,220
apartment I got up from my desk and

453
00:20:59,130 --> 00:20:56,710
moved out on to the rooftop to look

454
00:21:01,890 --> 00:20:59,140
around at the extent of the power cut it

455
00:21:04,290 --> 00:21:01,900
seemed that the power was out for only a

456
00:21:06,660 --> 00:21:04,300
few blocks around my building there is a

457
00:21:09,600 --> 00:21:06,670
multi-story building opposite to my

458
00:21:11,400 --> 00:21:09,610
vantage point an unusual glowing red

459
00:21:13,980 --> 00:21:11,410
light attracted my attention over the

460
00:21:16,170 --> 00:21:13,990
terrace of the building it appeared like

461
00:21:19,650 --> 00:21:16,180
warning lights for planes like the ones

462
00:21:22,620 --> 00:21:19,660
they have on tall towers it did not make

463
00:21:25,230 --> 00:21:22,630

sense on such low altitude I kept

464

00:21:28,140 --> 00:21:25,240

looking the light slowly started to

465

00:21:30,570 --> 00:21:28,150

ascend vertically up it was quite dark

466

00:21:32,850 --> 00:21:30,580

and so I could only see the movement of

467

00:21:34,680 --> 00:21:32,860

the light I thought somebody might be

468

00:21:39,360 --> 00:21:34,690

testing their drone cameras or something

469

00:21:42,710 --> 00:21:39,370

didn't pay too much heed after rising a

470

00:21:45,180 --> 00:21:42,720

meter or so the light just went off

471

00:21:47,370 --> 00:21:45,190

disappeared since it looked unusual

472

00:21:51,720 --> 00:21:47,380

somehow I took out my cell phone

473

00:21:53,790 --> 00:21:51,730

motorola moto e 2 and pointed its camera

474

00:21:55,590 --> 00:21:53,800

towards the sky a few seconds later it

475

00:21:58,350 --> 00:21:55,600

showed up in the sky at the same

476
00:22:01,140 --> 00:21:58,360
altitude but between my vantage point in

477
00:22:03,210 --> 00:22:01,150
the building where it appeared it came

478
00:22:04,710 --> 00:22:03,220
quite close to my vantage point hovered

479
00:22:07,560 --> 00:22:04,720
there for 2 to 3 seconds then

480
00:22:10,230 --> 00:22:07,570
disappeared momentarily and reappeared

481
00:22:12,630 --> 00:22:10,240
again just above the same spot where it

482
00:22:15,289 --> 00:22:12,640
disappeared I thought to myself that a

483
00:22:17,299 --> 00:22:15,299
drone doesn't fly this quick it would

484
00:22:19,369 --> 00:22:17,309
off-again then reappeared at a spot

485
00:22:21,710 --> 00:22:19,379
perpendicular and what appears to be

486
00:22:24,289 --> 00:22:21,720
fifty to sixty meters apart from the

487
00:22:27,080 --> 00:22:24,299
last location hovered there for a while

488
00:22:28,789 --> 00:22:27,090

then disappeared again I got it on my

489

00:22:30,680 --> 00:22:28,799

cell phone and kept pointing it towards

490

00:22:33,289 --> 00:22:30,690

the sky and waited for it to reappear

491

00:22:35,570 --> 00:22:33,299

few seconds later it reappeared again

492

00:22:38,239 --> 00:22:35,580

above the building where I spotted it

493

00:22:40,940 --> 00:22:38,249

first hovered there for a few seconds

494

00:22:42,769 --> 00:22:40,950

and then flashed a green light after

495

00:22:45,919 --> 00:22:42,779

that it immediately descended and

496

00:22:48,259 --> 00:22:45,929

disappeared I kept recording hoping it

497

00:22:50,299 --> 00:22:48,269

was show up again but it didn't a minute

498

00:22:52,519 --> 00:22:50,309

or two later the power came back on I

499

00:22:54,799 --> 00:22:52,529

did come out later in the night to check

500

00:22:58,840 --> 00:22:54,809

whether I could spot it again but to no

501
00:23:08,389 --> 00:23:05,180
okay well that was fascinating and we

502
00:23:11,499 --> 00:23:08,399
have a paranormal point to join us for

503
00:23:15,979 --> 00:23:11,509
this evening this one is called

504
00:23:19,669 --> 00:23:15,989
nightmare death a spooky tale of a sort

505
00:23:21,799 --> 00:23:19,679
of all the ghost stories author writes

506
00:23:24,769 --> 00:23:21,809
in horror movies Nightmare on Elm Street

507
00:23:27,409 --> 00:23:24,779
is the one I thought would be the least

508
00:23:29,989 --> 00:23:27,419
likely to be based on reality however

509
00:23:32,379 --> 00:23:29,999
the inspiration for the West Craven

510
00:23:35,379 --> 00:23:32,389
movies came from a real-life story

511
00:23:41,570 --> 00:23:35,389
published in the Los Angeles Times in

512
00:23:43,840 --> 00:23:41,580
1987 since April 1983 at least a hundred

513
00:23:46,879 --> 00:23:43,850

and thirty South East Asian refugees

514

00:23:49,849 --> 00:23:46,889

have left this world in essentially the

515

00:23:53,109 --> 00:23:49,859

same way the article stated they cried

516

00:23:55,970 --> 00:23:53,119

out in their sleep and then they died

517

00:23:58,999 --> 00:23:55,980

well this seems totally unrealistic in

518

00:24:02,139 --> 00:23:59,009

some cultures there is actually a name

519

00:24:06,710 --> 00:24:02,149

for this in the Philippines it's called

520

00:24:10,580 --> 00:24:06,720

Banga gute in japan peccary in Thailand

521

00:24:12,320 --> 00:24:10,590

something else doctor Robert Kirchner

522

00:24:15,619 --> 00:24:12,330

told The Times but it all roughly

523

00:24:19,009 --> 00:24:15,629

translated as the same thing nightmare

524

00:24:22,039 --> 00:24:19,019

death the deaths all came from the same

525

00:24:24,769 --> 00:24:22,049

community the victims were all people

526

00:24:28,730 --> 00:24:24,779

who allegedly had no symptoms of ill

527

00:24:31,760 --> 00:24:28,740

health and they all died while having

528

00:24:33,860 --> 00:24:31,770

nightmares autopsies revealed that some

529

00:24:37,549 --> 00:24:33,870

of the victims of Nightmare deaths died

530

00:24:41,120 --> 00:24:37,559

by sudden heart stoppage and the coroner

531

00:24:43,910 --> 00:24:41,130

also found something else strange all of

532

00:24:47,570 --> 00:24:43,920

the 18 hearts I examined were slightly

533

00:24:50,780 --> 00:24:47,580

enlarged and 17 showed defects in their

534

00:24:53,120 --> 00:24:50,790

conduction systems the array of fibers

535

00:24:55,190 --> 00:24:53,130

that carries electronic impulses from

536

00:24:58,520 --> 00:24:55,200

the brain to the heart The Times

537

00:25:02,270 --> 00:24:58,530

reported the fibers were frayed and

538

00:25:06,260 --> 00:25:02,280

curled as if Kirschner says their hearts

539

00:25:08,510 --> 00:25:06,270

just shorted out because all the victims

540

00:25:11,450 --> 00:25:08,520

examined by this coroner had the same

541

00:25:13,400 --> 00:25:11,460

genetic defect one theory is that the

542

00:25:17,030 --> 00:25:13,410

defect in tandem with the nightmares

543

00:25:19,580 --> 00:25:17,040

caused their hearts to stop if you're

544

00:25:21,320 --> 00:25:19,590

scared this could happen to you now that

545

00:25:24,020 --> 00:25:21,330

you know that Nightmare on Elm Street is

546

00:25:26,570 --> 00:25:24,030

based on a true story The Times reported

547

00:25:30,040 --> 00:25:26,580

that nightmare deaths are only found in

548

00:25:34,490 --> 00:25:30,050

certain Asian populations Laos Cambodia

549

00:25:40,130 --> 00:25:34,500

Vietnam as well as the Philippines and

550

00:25:44,120 --> 00:25:40,140

Japan yeah I must add to this conundrum

551
00:25:47,299 --> 00:25:44,130
I named the shadow people and I named

552
00:25:48,160 --> 00:25:47,309
the hatman phenomenon they both like to

553
00:25:50,870 --> 00:25:48,170
come to you in your nightmares

554
00:25:52,910 --> 00:25:50,880
especially the Hat man who looks what

555
00:25:54,230 --> 00:25:52,920
looks very much like Freddy Krueger from

556
00:25:58,070 --> 00:25:54,240
Nightmare on Elm Street

557
00:26:02,120 --> 00:25:58,080
he has a flat Gaucho hat he wears a

558
00:26:04,760 --> 00:26:02,130
three-piece suit a trench coat white

559
00:26:07,880 --> 00:26:04,770
shirt sometimes seen sometimes a watch

560
00:26:10,610 --> 00:26:07,890
on his hip sometimes he wears a top hat

561
00:26:13,780 --> 00:26:10,620
other times a cape sometimes he smiles

562
00:26:17,060 --> 00:26:13,790
wide sometimes he changes his hat

563
00:26:19,010 --> 00:26:17,070

sometimes he sits on your bed other

564

00:26:21,799 --> 00:26:19,020

times he stares at you from across the

565

00:26:23,450 --> 00:26:21,809

room or you see him in broad daylight or

566

00:26:26,810 --> 00:26:23,460

he's knocking on your door or he's just

567

00:26:30,710 --> 00:26:26,820
