22

00:01:15,830 --> 00:01:11,700

Saturday January 13th 2018 blasting off

23

00:01:19,730 --> 00:01:15,840

with some UFO reports UFO sighting in

24

00:01:23,359 --> 00:01:19,740

lutz florida this occurred August 21st

25

00:01:25,940 --> 00:01:23,369

2017 and brief the witness states it was

26

00:01:28,819 --> 00:01:25,950

during the Eclipse took several photos

27

00:01:31,399 --> 00:01:28,829

in more detail they say I was at a job

28

00:01:34,429 --> 00:01:31,409

site during the Eclipse I used my phone

29

00:01:36,859 --> 00:01:34,439

to take pictures and iPhone 7 the first

30

00:01:39,140 --> 00:01:36,869

picture caught my eye with the blue glow

31

00:01:41,240 --> 00:01:39,150

in front of the clouds and was moving I

32

00:01:43,910 --> 00:01:41,250

took several pictures and talked about

33

00:01:46,219 --> 00:01:43,920

it on my Facebook page with people who

34

00:01:50,270 --> 00:01:46,229

were also taking pictures in different

35

00:01:53,960 --> 00:01:50,280

states they all had the same electric

36

00:01:56,450 --> 00:01:53,970

blue spot stop taking photos had to get

37

00:02:00,190 --> 00:01:56,460

back to work i cropped a few photos to

38

00:02:03,770 --> 00:02:00,200

get a closer image it was awesome

39

00:02:05,090 --> 00:02:03,780

the next UFO sighting occurred in

40

00:02:08,779 --> 00:02:05,100

Jackson Mississippi

41

00:02:11,570 --> 00:02:08,789

this is a UFO blast from the past but

42

00:02:12,890 --> 00:02:11,580

it's a brief one and in brief they state

43

00:02:15,410 --> 00:02:12,900

a huge

44

00:02:18,830 --> 00:02:15,420

triangular-shaped UFO about a hundred

45

00:02:20,509 --> 00:02:18,840

feet above the ground I pulled off the

46

00:02:23,720 --> 00:02:20,519

interstate highway at a nearby gas

47

00:02:26,930 --> 00:02:23,730

station and I observed this similar UFO

48

00:02:29,690 --> 00:02:26,940

light formation one night near and Air

49

00:02:32,660 --> 00:02:29,700

National Guard base over Jackson

50

00:02:35,080 --> 00:02:32,670

Mississippi some years ago and assumed

51
00:02:37,960 --> 00:02:35,090
it was the lights from a nearby tower

52
00:02:41,360 --> 00:02:37,970
when I drove away it was still there I

53
00:02:45,080 --> 00:02:41,370
returned the next day to confirm there

54
00:02:48,289 --> 00:02:45,090
was no tower just a vacant field this

55
00:02:51,680 --> 00:02:48,299
made me believe I had observed was a

56
00:02:55,220 --> 00:02:51,690
real UFO until now I never reported it

57
00:02:58,119 --> 00:02:55,230
but now believe it was a huge triangular

58
00:03:02,449 --> 00:02:58,129
shaped UFO hovering over the interstate

59
00:03:06,020 --> 00:03:02,459
thank you for your comments okay the

60
00:03:11,539 --> 00:03:06,030
next one is a UFO sighting over Tamworth

61
00:03:15,110 --> 00:03:11,549
England December 31st 2017 in brief they

62
00:03:18,680 --> 00:03:15,120
describe a fluorescent purple orb with

63
00:03:21,379 --> 00:03:18,690

green turquoise tail traveling at a very

64

00:03:23,539 --> 00:03:21,389

high speed it sounds pretty though in

65

00:03:27,710 --> 00:03:23,549

more detail they say it was getting

66

00:03:30,349 --> 00:03:27,720

ready at a 17 25 p.m. to go out for New

67

00:03:32,900 --> 00:03:30,359

Year's Eve waiting for my partner to get

68

00:03:35,690 --> 00:03:32,910

out of the shower we had a skylight in

69

00:03:37,250 --> 00:03:35,700

our bedroom of our three-story house our

70

00:03:39,190 --> 00:03:37,260

garden faces north

71

00:03:42,020 --> 00:03:39,200

I noticed the moon was very bright

72

00:03:44,569 --> 00:03:42,030

larger than normal and was also a full

73

00:03:47,180 --> 00:03:44,579

moon looking at the moon to my right at

74

00:03:50,030 --> 00:03:47,190

about two o'clock location wise and

75

00:03:52,939 --> 00:03:50,040

stars for a few minutes it began to

76
00:03:55,550 --> 00:03:52,949
cloud over quite breezy but blowing the

77
00:03:58,129 --> 00:03:55,560
clouds across the moon I could see the

78
00:03:59,509 --> 00:03:58,139
usual Plains high up flashing red lights

79
00:04:02,509 --> 00:03:59,519
at different altitudes through the

80
00:04:05,119 --> 00:04:02,519
clouds the wind direction was blowing

81
00:04:07,939 --> 00:04:05,129
north cloud levels were at a different

82
00:04:09,409 --> 00:04:07,949
heights Sun blowing northeasterly I then

83
00:04:11,990 --> 00:04:09,419
noticed out of the corner of my eye to

84
00:04:14,990 --> 00:04:12,000
the left approximately nine o'clock

85
00:04:18,589 --> 00:04:15,000
direction traveling from north easterly

86
00:04:22,310 --> 00:04:18,599
to west in the lower cloud line a purple

87
00:04:25,410 --> 00:04:22,320
orb teardrop giving off a fluorescent

88
00:04:28,620 --> 00:04:25,420

green turquoise tail the

89

00:04:30,510 --> 00:04:28,630

object was the size of an aspirin the

90

00:04:33,540 --> 00:04:30,520

tail was an inch long

91

00:04:35,820 --> 00:04:33,550

there was no vapor or smoke trail like

92

00:04:37,620 --> 00:04:35,830

you would get from a jet firstly I

93

00:04:40,410 --> 00:04:37,630

thought a shooting star but this was too

94

00:04:42,900 --> 00:04:40,420

low too vivid vivid in color and was

95

00:04:45,900 --> 00:04:42,910

going through the lower clouds and much

96

00:04:48,060 --> 00:04:45,910

lower than a helicopter and thousands of

97

00:04:51,480 --> 00:04:48,070

feet lower than any aircraft

98

00:04:53,400 --> 00:04:51,490

it had direction straight then swerved

99

00:04:57,060 --> 00:04:53,410

then straight again the colors were

100

00:05:00,510 --> 00:04:57,070

breathtaking the clouds reflected the

101
00:05:03,060 --> 00:05:00,520
colors and magnified within and I guess

102
00:05:06,150 --> 00:05:03,070
I would say it was below a thousand feet

103
00:05:08,220 --> 00:05:06,160
two miles away we have houses along the

104
00:05:11,130 --> 00:05:08,230
ridge horizontally and this was between

105
00:05:14,700 --> 00:05:11,140
us and them I've seen shooting stars and

106
00:05:17,130 --> 00:05:14,710
this definitely wasn't one I watched the

107
00:05:20,310 --> 00:05:17,140
object travel out of sight at the rate

108
00:05:23,180 --> 00:05:20,320
of speed was incredible I was like wow

109
00:05:25,170 --> 00:05:23,190
in awe of this beautiful object

110
00:05:27,360 --> 00:05:25,180
speechless but excited

111
00:05:29,190 --> 00:05:27,370
as soon as though it was shielded at the

112
00:05:32,280 --> 00:05:29,200
front appearing like a car on the

113
00:05:34,740 --> 00:05:32,290

windshield Tunnel deflecting clouds that

114

00:05:36,870 --> 00:05:34,750

were in front of it similar to a space

115

00:05:39,390 --> 00:05:36,880

rocket re-entering Earth's atmosphere is

116

00:05:41,190 --> 00:05:39,400

probably the nearest analogy two days

117

00:05:43,620 --> 00:05:41,200

later I came into work and was speaking

118

00:05:46,080 --> 00:05:43,630

to one of my staff about the incident he

119

00:05:48,870 --> 00:05:46,090

lives eight miles away and backs on to

120

00:05:52,170 --> 00:05:48,880

army barracks forage lodge and Sutton

121

00:05:55,740 --> 00:05:52,180

Cod field that is very low-key has US

122

00:05:58,830 --> 00:05:55,750

military staff and UK alike admin

123

00:06:01,440 --> 00:05:58,840

apparently very residential area his

124

00:06:04,710 --> 00:06:01,450

wife works at the base and knows the men

125

00:06:08,010 --> 00:06:04,720

officers very well on New Year's Eve

126

00:06:11,340 --> 00:06:08,020

they had a thunderstorm around 20 p.m.

127

00:06:14,940 --> 00:06:11,350

that lit up the house followed by a

128

00:06:17,280 --> 00:06:14,950

large boom unlike thunder this was then

129

00:06:20,370 --> 00:06:17,290

followed by two army helicopters a few

130

00:06:22,620 --> 00:06:20,380

minutes later from out of nowhere the

131

00:06:25,620 --> 00:06:22,630

following day after we had spoken he had

132

00:06:28,620 --> 00:06:25,630

mentioned to his wife about my viewing

133

00:06:30,930 --> 00:06:28,630

an object and she replied funny that an

134

00:06:34,020 --> 00:06:30,940

object had been reported flying around

135

00:06:36,800 --> 00:06:34,030

the West Midlands on New Year's Eve this

136

00:06:38,940 --> 00:06:36,810

was mentioned to her by an army officer

137

00:06:42,150 --> 00:06:38,950

Tamworth Birmingham

138

00:06:48,420 --> 00:06:42,160

Kamik are all in the West Midlands UK

139

00:06:51,870 --> 00:06:48,430

okay this next UFO sighting happened in

140

00:06:54,090 --> 00:06:51,880

shot in Wales a bit of a UFO blast from

141

00:06:57,030 --> 00:06:54,100

the past this occurred September 2nd

142

00:07:00,120 --> 00:06:57,040

2014 while talking to my sister on the

143

00:07:03,210 --> 00:07:00,130

phone I was watching the ISS live feed

144

00:07:05,550 --> 00:07:03,220

on my laptop I noticed two small marks

145

00:07:08,130 --> 00:07:05,560

on the screen which I first thought were

146

00:07:10,800 --> 00:07:08,140

just marks but then realize they were

147

00:07:15,030 --> 00:07:10,810

actually objects in the distance which

148

00:07:17,130 --> 00:07:15,040

got closer to the ISS in more detail the

149

00:07:19,170 --> 00:07:17,140

witness states I had just got a new

150

00:07:21,780 --> 00:07:19,180

mobile phone and was talking to my

151
00:07:24,540 --> 00:07:21,790
sister one evening while watching a live

152
00:07:27,030 --> 00:07:24,550
feed of the International Space Station

153
00:07:29,070 --> 00:07:27,040
at the time it was passing over the

154
00:07:31,890 --> 00:07:29,080
earth and daylight and as I watched I

155
00:07:34,860 --> 00:07:31,900
thought I noticed two marks on my screen

156
00:07:37,710 --> 00:07:34,870
and actually tried to wipe them off I

157
00:07:40,170 --> 00:07:37,720
then realized they were actual small

158
00:07:43,260 --> 00:07:40,180
objects which were not always easy to

159
00:07:46,710 --> 00:07:43,270
see in the light however when the ISS

160
00:07:49,440 --> 00:07:46,720
went into darkness I could see an oblong

161
00:07:51,900 --> 00:07:49,450
cylinder object a long way off in the

162
00:07:54,690 --> 00:07:51,910
distance although it looked small I

163
00:07:57,390 --> 00:07:54,700

decided to try and film it on my phone

164

00:07:59,130 --> 00:07:57,400

not sure if I would pick it up I only

165

00:08:01,110 --> 00:07:59,140

filmed it briefly however you can

166

00:08:03,390 --> 00:08:01,120

actually make it out in the distance I

167

00:08:05,550 --> 00:08:03,400

carried on my conversation and kept an

168

00:08:08,070 --> 00:08:05,560

eye on the screen and noticed that two

169

00:08:11,430 --> 00:08:08,080

objects seemed to be very slowly rising

170

00:08:14,400 --> 00:08:11,440

up towards ISS one was the cylinder the

171

00:08:16,350 --> 00:08:14,410

other asphere it went on this way for a

172

00:08:20,100 --> 00:08:16,360

while then suddenly the sphere started

173

00:08:21,930 --> 00:08:20,110

moving quickly towards the ISS I was so

174

00:08:23,700 --> 00:08:21,940

surprised I panicked told my sister I

175

00:08:25,860 --> 00:08:23,710

would phone her back and tried to film

176

00:08:27,810 --> 00:08:25,870

it but in my rush and not being able to

177

00:08:31,020 --> 00:08:27,820

use the phone I managed to turn the

178

00:08:33,060 --> 00:08:31,030

flash on at the same time so what looks

179

00:08:36,510 --> 00:08:33,070

like the Sun is actually the flash of my

180

00:08:38,730 --> 00:08:36,520

camera however you can still clearly see

181

00:08:41,460 --> 00:08:38,740

the sphere at the end of the arm of the

182

00:08:44,219 --> 00:08:41,470

ISS I was not sure if my flash would

183

00:08:46,860 --> 00:08:44,229

wash out the sphere on screen so decided

184

00:08:48,570 --> 00:08:46,870

to try and turn it off however by the

185

00:08:51,540 --> 00:08:48,580

time I had done so the sphere had

186

00:08:52,830 --> 00:08:51,550

already quickly left I could still make

187

00:08:56,760 --> 00:08:52,840

out the cylinder so I decide

188

00:08:58,650 --> 00:08:56,770

if I got closer I would be ready whoever

189

00:09:00,720 --> 00:08:58,660

was in charge of pressing the button for

190

00:09:03,000 --> 00:09:00,730

the blue screen must have been on their

191

00:09:05,340 --> 00:09:03,010

break because I filmed it for almost six

192

00:09:07,680 --> 00:09:05,350

minutes don't think I've seen one that

193

00:09:10,050 --> 00:09:07,690

lasts that long in that time it

194

00:09:12,660 --> 00:09:10,060

definitely moves closer to the ISS and

195

00:09:14,520 --> 00:09:12,670

to me it looks like it has some kind of

196

00:09:17,400 --> 00:09:14,530

pulsing light running down the length of

197

00:09:19,260 --> 00:09:17,410

it afterwards I decided to go online to

198

00:09:21,960 --> 00:09:19,270

see if anyone had caught anything like

199

00:09:25,440 --> 00:09:21,970

it and discovered a video on YouTube

200

00:09:29,430 --> 00:09:25,450

titled ISS possible alien craft

201
00:09:32,100 --> 00:09:29,440
downloaded by Street cap won in 2014 to

202
00:09:33,840 --> 00:09:32,110
me it looks like the same object in some

203
00:09:35,940 --> 00:09:33,850
of the comments under his video someone

204
00:09:38,190 --> 00:09:35,950
says it's just atmosphere reading

205
00:09:41,340 --> 00:09:38,200
climate device tethered to the ISS while

206
00:09:46,320 --> 00:09:41,350
another says it's solar panel adhesive

207
00:09:48,960 --> 00:09:46,330
tape how would they know however the

208
00:09:51,300 --> 00:09:48,970
fact that I caught this object earlier a

209
00:09:54,690 --> 00:09:51,310
long way off in the distance puts an end

210
00:09:56,400 --> 00:09:54,700
to those ideas it is clearly not just

211
00:09:59,250 --> 00:09:56,410
light reflection so I would like to know

212
00:10:01,380 --> 00:09:59,260
what else it could possibly be if these

213
00:10:04,620 --> 00:10:01,390

are crafts I've never seen any like them

214

00:10:07,110 --> 00:10:04,630

sorry for the short jerky videos I must

215

00:10:13,200 --> 00:10:07,120

say they look better on my phone thanks

216

00:10:17,520 --> 00:10:13,210

for your time regards live right this

217

00:10:19,230 --> 00:10:17,530

next one is a huge UFO blast from the

218

00:10:21,180 --> 00:10:19,240

past and oh I'm gonna slaughter this

219

00:10:24,990 --> 00:10:21,190

name too black triangle sighting and

220

00:10:28,230 --> 00:10:25,000

Keira Muir Scotland this occurred

221

00:10:31,050 --> 00:10:28,240

November 10th 1995 in brief they state

222

00:10:33,660 --> 00:10:31,060

and women straight lines and point A to

223

00:10:36,660 --> 00:10:33,670

B covering a massive distance in one

224

00:10:38,220 --> 00:10:36,670

blink eye and done the same thing back

225

00:10:41,400 --> 00:10:38,230

to the original flight pattern about

226
00:10:43,770 --> 00:10:41,410
three times as if to show off then moved

227
00:10:46,530 --> 00:10:43,780
around a few more times than vanished I

228
00:10:51,540 --> 00:10:46,540
shouted at it but no reply are you

229
00:10:53,100 --> 00:10:51,550
serious no reply alright more detail we

230
00:10:55,200 --> 00:10:53,110
were at a water dam and this triangle

231
00:10:57,480 --> 00:10:55,210
big shape just appeared with lights

232
00:10:59,280 --> 00:10:57,490
flashing on the bottom of it it moved

233
00:11:01,170 --> 00:10:59,290
from one point of the sky to another

234
00:11:03,120 --> 00:11:01,180
like it just jumped from one to the

235
00:11:05,730 --> 00:11:03,130
other without actually traveling it

236
00:11:06,730 --> 00:11:05,740
covered massive amount of space in a

237
00:11:09,400 --> 00:11:06,740
blink of an eye

238
00:11:12,010 --> 00:11:09,410

I got out my car stood on a big wall and

239

00:11:15,699 --> 00:11:12,020

shouted at it I'm from Scotland come

240

00:11:18,460 --> 00:11:15,709

over and introduce yourself that's funny

241

00:11:21,670 --> 00:11:18,470

but it just continued to do its thing I

242

00:11:24,730 --> 00:11:21,680

don't know why it's just sat in the sky

243

00:11:27,730 --> 00:11:24,740

no noise heat or anything it's just sad

244

00:11:31,449 --> 00:11:27,740

there I wasn't scared by my friend but

245

00:11:33,639 --> 00:11:31,459

it was beautiful nothing we have can

246

00:11:36,579 --> 00:11:33,649

move like this triangle did and I must

247

00:11:39,220 --> 00:11:36,589

have been just bigger than a

248

00:11:42,790 --> 00:11:39,230

four-bedroom house it was a triangle

249

00:11:45,460 --> 00:11:42,800

v-shape with a V with no bottom bit or

250

00:11:48,670 --> 00:11:45,470

middle I never told anyone but my woman

251

00:11:51,970 --> 00:11:48,680

I'm still with but now on TV the exact

252

00:11:54,130 --> 00:11:51,980

same thing I saw is on TV programmes and

253

00:11:59,500 --> 00:11:54,140

said to my wife that's exactly what I

254

00:12:02,639 --> 00:11:59,510

saw Wow cool all right the next UFO

255

00:12:05,800 --> 00:12:02,649

sighting is from Lakewood California

256

00:12:09,930 --> 00:12:05,810

another UFO blast from the past this

257

00:12:14,949 --> 00:12:09,940

happened July 7th 1994 possible

258

00:12:17,380 --> 00:12:14,959

abduction okay I was sleeping and I

259

00:12:20,139 --> 00:12:17,390

awoke to slamming cupboard doors in the

260

00:12:23,860 --> 00:12:20,149

kitchen I sometimes I awoke I spotted a

261

00:12:25,990 --> 00:12:23,870

gray standing in front of my dresser he

262

00:12:30,430 --> 00:12:26,000

went out of the room to tell the nurse

263

00:12:32,560 --> 00:12:30,440

she tended to put me under again huh the

264

00:12:36,850 --> 00:12:32,570

nurse was alarming she was light tan

265

00:12:39,579 --> 00:12:36,860

with sand teary skin not unlike a shark

266

00:12:43,240 --> 00:12:39,589

I saw their ship as they returned me to

267

00:12:46,360 --> 00:12:43,250

my room at some point they saw fit to

268

00:12:49,630 --> 00:12:46,370

introduce me to an entity named Angie

269

00:12:52,329 --> 00:12:49,640

who scared the heck out of me not that

270

00:12:54,760 --> 00:12:52,339

the others have a calming effect really

271

00:12:56,560 --> 00:12:54,770

that's all you're gonna write you saw

272

00:13:00,720 --> 00:12:56,570

aliens and you just write a brief

273

00:13:03,699 --> 00:13:00,730

sentence I mean paragraph gosh okay

274

00:13:05,710 --> 00:13:03,709

anyways I mean I just wish sometimes

275

00:13:09,100 --> 00:13:05,720

people would write more all right the

276

00:13:13,180 --> 00:13:09,110

next one this is a UFO sighting from

277

00:13:17,050 --> 00:13:13,190

Oxnard California UFO blast from the

278

00:13:19,840 --> 00:13:17,060

past March 25th 2010 didn't see the

279

00:13:24,280 --> 00:13:19,850

outside and it was so dark inside

280

00:13:27,629 --> 00:13:24,290

saw the being directly to my right Oh a

281

00:13:32,110 --> 00:13:27,639

Lien's it sounds like in more detail in

282

00:13:34,780 --> 00:13:32,120

1981-82 as a child aged 2 or 3 I would

283

00:13:37,629 --> 00:13:34,790

see to shadow figures standing in front

284

00:13:40,420 --> 00:13:37,639

of my window looking at me while I stare

285

00:13:42,579 --> 00:13:40,430

at them being too young I wasn't scared

286

00:13:45,340 --> 00:13:42,589

but just curious staring at them from my

287

00:13:47,530 --> 00:13:45,350

crib it happened sometime in the middle

288

00:13:49,720 --> 00:13:47,540

of the night unsure of the time as I was

289

00:13:51,819 --> 00:13:49,730

too young but I know it was dark

290

00:13:54,970 --> 00:13:51,829

on one occasion they just stared at me

291

00:13:56,920 --> 00:13:54,980

these two shadow figures a second time I

292

00:13:59,590 --> 00:13:56,930

was playing in my room about the same

293

00:14:02,530 --> 00:13:59,600

time two to three years old this time I

294

00:14:04,689 --> 00:14:02,540

could see the hall light on from under

295

00:14:06,790 --> 00:14:04,699

my door when I felt scared and went

296

00:14:09,819 --> 00:14:06,800

towards my room door which I found out

297

00:14:13,329 --> 00:14:09,829

did not have a lock when I attempted to

298

00:14:15,790 --> 00:14:13,339

open it the door would resist I could

299

00:14:18,610 --> 00:14:15,800

not open it and when I tried crying out

300

00:14:21,999 --> 00:14:18,620

I could not hear my voice no matter how

301

00:14:24,009 --> 00:14:22,009

loud I cried out I don't know how long

302

00:14:27,879 --> 00:14:24,019

it lasted but all of a sudden I just

303

00:14:30,999 --> 00:14:27,889

stopped and my door once again opened

304

00:14:33,999 --> 00:14:31,009

and the lights came which had gone off

305

00:14:36,040 --> 00:14:34,009

only in my room I'm assuming since I saw

306

00:14:38,650 --> 00:14:36,050

the lights on in the hall and could hear

307

00:14:41,230 --> 00:14:38,660

the TV my parents were watching in the

308

00:14:43,540 --> 00:14:41,240

living room as a child from age six to

309

00:14:46,210 --> 00:14:43,550

twelve I would draw what I thought was a

310

00:14:48,519 --> 00:14:46,220

new alphabet I invented which is strange

311

00:14:51,910 --> 00:14:48,529

in itself but I would get the urge to

312

00:14:55,480 --> 00:14:51,920

draw out a new alphabet an example would

313

00:14:58,600 --> 00:14:55,490

be a dot B would be two dots

314

00:15:00,579 --> 00:14:58,610

side-by-side a C would be two vertical

315

00:15:02,769 --> 00:15:00,589

lines but tilted forward like the

316

00:15:06,129 --> 00:15:02,779

forward slash on a keyboard and so on

317

00:15:09,429 --> 00:15:06,139

then as a teenager around 95 99 I would

318

00:15:12,840 --> 00:15:09,439

have these intense dreams of this global

319

00:15:15,970 --> 00:15:12,850

battle this is getting interesting I

320

00:15:18,460 --> 00:15:15,980

don't know where but the landscape was

321

00:15:21,429 --> 00:15:18,470

unfamiliar and the only building was a

322

00:15:24,610 --> 00:15:21,439

plain square building with what looked

323

00:15:26,439 --> 00:15:24,620

like Egyptian hieroglyphics covering the

324

00:15:28,150 --> 00:15:26,449

front of the building the building

325

00:15:30,730 --> 00:15:28,160

itself was large but looked like three

326

00:15:32,060 --> 00:15:30,740

to five stories tall progressive

327

00:15:34,760 --> 00:15:32,070

2014 Millward Brown national survey data

341

00:16:04,880 --> 00:16:01,500

rob roy was part of the battle and was

342

00:16:07,250 --> 00:16:04,890

able to either jump far or fly but i was

343

00:16:10,640 --> 00:16:07,260

in battle with these reptile people who

344

00:16:13,100 --> 00:16:10,650

looked to be invading another dream

345

00:16:16,700 --> 00:16:13,110

would be this giant eyeball bigger than

346

00:16:19,550 --> 00:16:16,710

me looking at me as i play i and my

347

00:16:22,640 --> 00:16:19,560

cousins backyard like I would do when

348

00:16:24,320 --> 00:16:22,650

I'd visit him fast forward to 2010 I'd

349

00:16:27,440 --> 00:16:24,330

go to sleep like any other night when I

350

00:16:30,380 --> 00:16:27,450

wake up to see a gray or light beige

351

00:16:33,230 --> 00:16:30,390

alien figure he's standing on my right

352

00:16:35,420 --> 00:16:33,240

side and I know I wasn't in my room

353

00:16:40,100 --> 00:16:35,430

because the wall was on the right side

354

00:16:44,840 --> 00:16:40,110

of my bed my eyes focus and I see it and

355

00:16:47,240 --> 00:16:44,850

shocked I make a low ugh noise oh I

356

00:16:49,490 --> 00:16:47,250

guess that's what it sounds like it

357

00:16:52,910 --> 00:16:49,500

stops whatever it was doing and looks at

358

00:16:54,980 --> 00:16:52,920

me as it noticed I had woken up it waves

359

00:16:58,490 --> 00:16:54,990

its hand over my face and I don't

360

00:17:00,050 --> 00:16:58,500

remember anything after that I woke up

361

00:17:02,570 --> 00:17:00,060

the next morning still thinking about

362

00:17:06,079 --> 00:17:02,580

what I had seen when I noticed a sharp

363

00:17:08,900 --> 00:17:06,089

pain with a burning sensation on my left

364

00:17:10,939 --> 00:17:08,910

inner forearm sort of like when you burn

365

00:17:13,460 --> 00:17:10,949

yourself the pain you feel after in the

366

00:17:16,100 --> 00:17:13,470

pain you feel the next day to where it's

367

00:17:17,720 --> 00:17:16,110

still hurting but what I saw is what

368

00:17:22,819 --> 00:17:17,730

really freaked me out

369

00:17:26,329 --> 00:17:22,829

I had a small V shaped scar about a half

370

00:17:29,570 --> 00:17:26,339

an inch wide and not like a cut but like

371

00:17:31,820 --> 00:17:29,580

a cut that had been laser sealed which

372

00:17:34,490 --> 00:17:31,830

would explain the sharp burning pain I

373

00:17:37,880 --> 00:17:34,500

had that scar for five months and the

374

00:17:40,010 --> 00:17:37,890

burning pain never going away then from

375

00:17:42,080 --> 00:17:40,020

one night to the next it had totally

376

00:17:44,900 --> 00:17:42,090

vanished but not before getting a

377

00:17:45,860 --> 00:17:44,910

picture I haven't had an experiences

378

00:17:48,590 --> 00:17:45,870

that I know

379

00:17:50,540 --> 00:17:48,600

to the date the dream subsided and it

380

00:17:52,549 --> 00:17:50,550

seems they were done with me until a few

381

00:17:54,980 --> 00:17:52,559

months back when I started hearing

382

00:17:58,010 --> 00:17:54,990

high-pitched noises like a microphone

383

00:17:59,900 --> 00:17:58,020

coming in contact with a speaker they

384

00:18:01,460 --> 00:17:59,910

last about 1 or 2 seconds and are

385

00:18:04,640 --> 00:18:01,470

nothing like the ringing in the ears

386

00:18:07,220 --> 00:18:04,650

I've also noticed my body has been

387

00:18:09,770 --> 00:18:07,230

generating static shock to where I'm

388

00:18:12,470 --> 00:18:09,780

getting shocked from touching anything

389

00:18:15,500 --> 00:18:12,480

and not even on rug but in my kitchen

390

00:18:17,150 --> 00:18:15,510

with tile and bathroom with linoleum it

391

00:18:19,690 --> 00:18:17,160

seems to last a couple of weeks and it

392

00:18:23,180 --> 00:18:19,700

stops for months overall the experience

393

00:18:25,370 --> 00:18:23,190

has left me with that of a victim and

394

00:18:28,790 --> 00:18:25,380

the feeling of being powerless with the

395

00:18:31,900 --> 00:18:28,800

fear it can happen again at any time I

396

00:18:34,580 --> 00:18:31,910

am confident putting this on an FBI

397

00:18:37,940 --> 00:18:34,590

polygraph because I know the results

398

00:18:40,780 --> 00:18:37,950

will be in my favor I am of Hispanic

399

00:18:44,210 --> 00:18:40,790

origin and I am type o-negative blood

400

00:18:46,250 --> 00:18:44,220

same as my mother okay very interesting

401
00:18:47,690 --> 00:18:46,260
you know I have to say it's a couple

402
00:18:50,720 --> 00:18:47,700
things to this a lot of people are

403
00:18:53,870 --> 00:18:50,730
having these dreams or nightmares of a

404
00:18:56,720 --> 00:18:53,880
battle going on between alien beings I

405
00:18:59,060 --> 00:18:56,730
mean regular everyday people not just uh

406
00:19:02,450 --> 00:18:59,070
spoken to these topics but regular folks

407
00:19:04,520 --> 00:19:02,460
and I wrote about that in my book the

408
00:19:06,049 --> 00:19:04,530
secret war and how that's happening and

409
00:19:11,080 --> 00:19:06,059
why it's gonna happen in that book was

410
00:19:13,250 --> 00:19:11,090
written in 97 yo some time ago and

411
00:19:15,080 --> 00:19:13,260
interesting enough I used to be just

412
00:19:17,960 --> 00:19:15,090
loaded with static electricity no matter

413
00:19:20,930 --> 00:19:17,970

where I was especially going to open up

414

00:19:23,270 --> 00:19:20,940

a door or even to my car I mean I was

415

00:19:26,330 --> 00:19:23,280

being shocked to death I thought at one

416

00:19:30,200 --> 00:19:26,340

point well anyway it's moving on moving

417

00:19:34,660 --> 00:19:30,210

on the next UFO sighting this occurred

418

00:19:37,490 --> 00:19:34,670

April 20th 2017 in Sedona Arizona

419

00:19:39,860 --> 00:19:37,500

witnessed a flash of light that remained

420

00:19:42,320 --> 00:19:39,870

in the same area of the sky for about 45

421

00:19:45,770 --> 00:19:42,330

minutes in more detail the witness

422

00:19:48,049 --> 00:19:45,780

states I live in Sedona Arizona

423

00:19:50,180 --> 00:19:48,059

my wife brother-in-law and myself were

424

00:19:53,630 --> 00:19:50,190

sitting on my back porch stargazing I

425

00:19:55,610 --> 00:19:53,640

was just telling my B il about this

426

00:19:58,700 --> 00:19:55,620

light that I've seen on several

427

00:19:59,549 --> 00:19:58,710

occasions over the past few years no

428

00:20:02,340 --> 00:19:59,559

sooner did I

429

00:20:04,739 --> 00:20:02,350

say it and there it was roughly in the

430

00:20:06,600 --> 00:20:04,749

same area of the sky I got my night

431

00:20:09,239 --> 00:20:06,610

vision and laser pointer and began to

432

00:20:11,220 --> 00:20:09,249

record I recorded for 8 minutes or so

433

00:20:14,700 --> 00:20:11,230

but the actual time the light remained

434

00:20:17,129 --> 00:20:14,710

in view was 45 minutes it moved very

435

00:20:20,759 --> 00:20:17,139

slowly through the constellation of

436

00:20:22,889 --> 00:20:20,769

phidias hmm it moved in a staggered path

437

00:20:25,560 --> 00:20:22,899

and seemed to remain still for several

438

00:20:28,139 --> 00:20:25,570

minutes at a time while traveling it

439

00:20:32,009 --> 00:20:28,149

didn't just disappear it turned away and

440

00:20:34,489 --> 00:20:32,019

just became fainter until we lost sight

441

00:20:38,159 --> 00:20:34,499

of it very cool

442

00:20:42,769 --> 00:20:38,169

next your foe sighting this happened in

443

00:20:46,259 --> 00:20:42,779

Louisville Kentucky on August 10th 2017

444

00:20:49,350 --> 00:20:46,269

in brief the witness states saw several

445

00:20:51,239 --> 00:20:49,360

orange orbs hovering low in the sky

446

00:20:54,869 --> 00:20:51,249

my first experience seeing what I

447

00:20:57,499 --> 00:20:54,879

thought was a fake star when its shape

448

00:21:01,139 --> 00:20:57,509

shifted into an old type of airplane

449

00:21:03,060 --> 00:21:01,149

I've actually heard of that too in more

450

00:21:06,330 --> 00:21:03,070

detail the witness states my sister and

451
00:21:08,609 --> 00:21:06,340
I were filming what I believed to be

452
00:21:11,730 --> 00:21:08,619
fake stars in the sky over the summer

453
00:21:14,940 --> 00:21:11,740
they were orb like orange in color

454
00:21:17,330 --> 00:21:14,950
pulsating and spinning noticeably not

455
00:21:20,850 --> 00:21:17,340
what I know stars to look like however

456
00:21:23,190 --> 00:21:20,860
we couldn't ID the objects there were a

457
00:21:25,289 --> 00:21:23,200
few in the sky that we filmed and when I

458
00:21:28,169 --> 00:21:25,299
reviewed the tape this evening I

459
00:21:30,509 --> 00:21:28,179
realized there were other orb like

460
00:21:33,299 --> 00:21:30,519
objects that we recorded flying around

461
00:21:35,789 --> 00:21:33,309
and below the main orange lights in the

462
00:21:38,850 --> 00:21:35,799
sky we were filming for several minutes

463
00:21:41,340 --> 00:21:38,860

the objects just hovered about 27 33

464

00:21:42,299 --> 00:21:41,350

degrees in the horizon after like five

465

00:21:44,820 --> 00:21:42,309

or so minutes

466

00:21:48,359 --> 00:21:44,830

the orange light started to lower its

467

00:21:51,210 --> 00:21:48,369

altitude you see the light bend a few

468

00:21:57,509 --> 00:21:51,220

times as it morphed it started to change

469

00:22:00,899 --> 00:21:57,519

shape it turned into an airplane a real

470

00:22:03,930 --> 00:22:00,909

large airplane with LED ish glowing type

471

00:22:06,269 --> 00:22:03,940

of modern airplane lights the plane was

472

00:22:08,460 --> 00:22:06,279

huge when the plane started to

473

00:22:11,159 --> 00:22:08,470

shape-shift you then start to hear the

474

00:22:12,620 --> 00:22:11,169

hum change into what sounded like a

475

00:22:16,640 --> 00:22:12,630

propeller driven

476

00:22:19,100 --> 00:22:16,650

craft and as it flies over it sounded so

477

00:22:22,490 --> 00:22:19,110

low and not appropriate for the type of

478

00:22:23,930 --> 00:22:22,500

plane that was overhead I I've seen a

479

00:22:26,420 --> 00:22:23,940

video of that actually somebody was

480

00:22:30,650 --> 00:22:26,430

filming a black triangle this is many

481

00:22:32,210 --> 00:22:30,660

years ago and as they're filming this

482

00:22:34,070 --> 00:22:32,220

perfectly silent thing and they can't

483

00:22:37,580 --> 00:22:34,080

believe what they're seeing all of a

484

00:22:40,190 --> 00:22:37,590

sudden as if they flipped on a switch

485

00:22:43,340 --> 00:22:40,200

and whooshes like all of a sudden it

486

00:22:45,230 --> 00:22:43,350

sound like a 747 and I love the reaction

487

00:22:47,810 --> 00:22:45,240

of the person that was filming it going

488

00:22:49,670 --> 00:22:47,820

I caught you you are not a plane you are

489

00:22:52,550 --> 00:22:49,680

not a plane you're not fooling me it was

490

00:22:56,090 --> 00:22:52,560

it was pretty entertaining actually and

491

00:23:00,310 --> 00:22:56,100

the next report is an alien encounter in

492

00:23:04,400 --> 00:23:00,320

England this happened January 1st 2018

493

00:23:07,520 --> 00:23:04,410

in brief the witness states the entity

494

00:23:10,310 --> 00:23:07,530

was checking on me I saw the being

495

00:23:13,160 --> 00:23:10,320

become translucent the main thing is I

496

00:23:15,830 --> 00:23:13,170

was used to implant something that

497

00:23:19,040 --> 00:23:15,840

seemed to break off from my waist move

498

00:23:21,350 --> 00:23:19,050

down my leg to my foot which I felt with

499

00:23:24,710 --> 00:23:21,360

a strong pins and needles

500

00:23:28,010 --> 00:23:24,720

I could feel it moving I was so scared I

501
00:23:31,700 --> 00:23:28,020
knew it was inside me as my eyesight

502
00:23:35,170 --> 00:23:31,710
became unreal our eyes can do a lot more

503
00:23:38,480 --> 00:23:35,180
than we think I could see a panoramic

504
00:23:41,390 --> 00:23:38,490
the concrete walls became see-through I

505
00:23:44,360 --> 00:23:41,400
could see my pal skeleton and internal

506
00:23:48,020 --> 00:23:44,370
organs I could even see the heat out of

507
00:23:51,260 --> 00:23:48,030
their eyes and mouth well ok that was an

508
00:23:52,820 --> 00:23:51,270
interesting one I have not heard that

509
00:23:56,030 --> 00:23:52,830
one before alrighty

510
00:23:59,390 --> 00:23:56,040
the next UFO sighting this occurred in

511
00:24:02,570 --> 00:23:59,400
New Westminster British Columbia this is

512
00:24:07,430 --> 00:24:02,580
a serious blast from the past of the UFO

513
00:24:10,100 --> 00:24:07,440

past this occurred July 6 1975 observed

514

00:24:13,100 --> 00:24:10,110

one large ship then three similar but

515

00:24:16,790 --> 00:24:13,110

smaller ships appeared and fly very

516

00:24:18,830 --> 00:24:16,800

quickly around the large ship in more

517

00:24:20,360 --> 00:24:18,840

detail a friend and I wrote our

518

00:24:23,840 --> 00:24:20,370

motorcycles to meet another group of

519

00:24:25,230 --> 00:24:23,850

friends in a car at the Surrey drive-in

520

00:24:27,299 --> 00:24:25,240

theater

521

00:24:29,250 --> 00:24:27,309

the car was full of people so my friend

522

00:24:31,200 --> 00:24:29,260

and I sat on our motorcycles to watch

523

00:24:32,789 --> 00:24:31,210

the movie all the time drinking and

524

00:24:35,130 --> 00:24:32,799

smoking and talking to the friends in

525

00:24:38,519 --> 00:24:35,140

the car we're about halfway through the

526
00:24:40,919 --> 00:24:38,529
movie when I saw the large ship appear

527
00:24:44,159 --> 00:24:40,929
over the Fraser River just east and

528
00:24:47,789 --> 00:24:44,169
upstream of the pallulah Orpah - low

529
00:24:50,730 --> 00:24:47,799
bridge green yellow and a red laser

530
00:24:54,240 --> 00:24:50,740
bright light spun around the disc-shaped

531
00:24:56,430 --> 00:24:54,250
craft in both directions it would hover

532
00:24:58,799 --> 00:24:56,440
than a Sun hundreds of feet straight up

533
00:25:00,570 --> 00:24:58,809
hover for a bit then descend to a

534
00:25:03,840 --> 00:25:00,580
similar altitude as seen before

535
00:25:05,519 --> 00:25:03,850
these altitude moves were made at light

536
00:25:07,830 --> 00:25:05,529
speeds as if you were pointing a

537
00:25:09,899 --> 00:25:07,840
flashlight in the sky and moving it back

538
00:25:11,940 --> 00:25:09,909

a fourth about a minute after the

539

00:25:14,279 --> 00:25:11,950

initial sighting three smaller but

540

00:25:17,070 --> 00:25:14,289

similar craft appeared and danced around

541

00:25:19,529 --> 00:25:17,080

during the same kind of maneuvers as the

542

00:25:21,299 --> 00:25:19,539

larger craft this lasted for about

543

00:25:24,060 --> 00:25:21,309

fifteen minutes and then they

544

00:25:27,539 --> 00:25:24,070

disappeared in the sky because I was on

545

00:25:29,970 --> 00:25:27,549

my Kawasaki watching the movie I was one

546

00:25:31,470 --> 00:25:29,980

of the first to see the craft I alerted

547

00:25:34,289 --> 00:25:31,480

my buddies in the car and others around

548

00:25:36,389 --> 00:25:34,299

me by pointing up to the craft some car

549

00:25:38,970 --> 00:25:36,399

horns started to honk and pretty soon no

550

00:25:40,560 --> 00:25:38,980

one was watching the movie some people

551
00:25:44,310 --> 00:25:40,570
were screaming and I saw quite a few

552
00:25:46,080 --> 00:25:44,320
cars leave the drive-in the next day I

553
00:25:48,419 --> 00:25:46,090
listened to all the news on TV and radio

554
00:25:51,389 --> 00:25:48,429
and the only report I could see was from

555
00:25:53,519 --> 00:25:51,399
our local new Westminster radio station

556
00:25:56,549 --> 00:25:53,529
reporting that the mysterious lights

557
00:26:00,240 --> 00:25:56,559
seen were from experimental lighting on

558
00:26:02,460 --> 00:26:00,250
a helicopter I know that no plane or

559
00:26:06,060 --> 00:26:02,470
helicopter can accelerate and stop that

560
00:26:08,490 --> 00:26:06,070
quickly and make no sound in fact I

561
00:26:11,549 --> 00:26:08,500
believe nothing earthly can maneuver

562
00:26:13,950 --> 00:26:11,559
like that 25 years later I would work

563
00:26:16,590 --> 00:26:13,960

with a woman at a new Westminster mill

564

00:26:19,289 --> 00:26:16,600

and we got talking about UFOs and I

565

00:26:22,860 --> 00:26:19,299

began telling her this story her eyes

566

00:26:25,500 --> 00:26:22,870

got wide she told me that she was there

567

00:26:29,430 --> 00:26:25,510

with her girlfriend and they were one of

568

00:26:31,190 --> 00:26:29,440

the cars that left the movie scared for

569

00:26:33,750 --> 00:26:31,200

their lives

570

00:26:37,620 --> 00:26:33,760

believe it or not I personally I was at

571

00:26:39,740 --> 00:26:37,630

a drive-in theater and saw a UFO

572

00:26:42,570 --> 00:26:39,750

streaked the sky

573

00:26:44,580 --> 00:26:42,580

everybody shrieked and you know like

574

00:26:47,010 --> 00:26:44,590

whoa what was that it was pretty

575

00:26:50,250 --> 00:26:47,020

fascinating so kind of cool to read that

576

00:26:52,440 --> 00:26:50,260

story but what a load of crap to say it

577

00:26:54,840 --> 00:26:52,450

was a helicopter experimental light I

578

00:26:56,190 --> 00:26:54,850

mean really really they knew people too

579

00:26:59,220 --> 00:26:56,200

many people have witnessed it so they

580

00:27:04,020 --> 00:26:59,230

had to think of something okay moving on

581

00:27:06,930 --> 00:27:04,030

we've got a UFO news story that is

582

00:27:10,980 --> 00:27:06,940

entitled what does 22 million dollars

583

00:27:12,990 --> 00:27:10,990

buy and UFO research in light of the

584

00:27:15,360 --> 00:27:13,000

December 16th bombshell disclosure

585

00:27:18,090 --> 00:27:15,370

articles by the New York Times Politico

586

00:27:20,970 --> 00:27:18,100

and the Washington Post regarding the

587

00:27:22,980 --> 00:27:20,980

Pentagon's special access unit that is

588

00:27:26,490 --> 00:27:22,990

researching UFOs aka

589

00:27:28,890 --> 00:27:26,500

advanced aviation threats the author

590

00:27:30,810 --> 00:27:28,900

states my thought is that it's wonderful

591

00:27:32,610 --> 00:27:30,820

the Department of Defense has finally

592

00:27:36,000 --> 00:27:32,620

admitted that they have been collecting

593

00:27:37,590 --> 00:27:36,010

data on UFOs for some time me Heidi

594

00:27:40,140 --> 00:27:37,600

personally I'm like they could have done

595

00:27:43,710 --> 00:27:40,150

better but yeah they made an effort okay

596

00:27:45,570 --> 00:27:43,720

continuing the story is this the news

597

00:27:49,220 --> 00:27:45,580

that the UFO community has been waiting

598

00:27:52,920 --> 00:27:49,230

for yes for most of the community but

599

00:27:55,320 --> 00:27:52,930

for the hardliners they say no they want

600

00:27:58,380 --> 00:27:55,330

to drink from a fire hose of information

601
00:28:00,360 --> 00:27:58,390
they want a captured UFO crap presented

602
00:28:02,700 --> 00:28:00,370
on camera they want the truth about

603
00:28:05,370 --> 00:28:02,710
Roswell and a shopping list of other

604
00:28:07,500 --> 00:28:05,380
questions to be answered yet this

605
00:28:10,500 --> 00:28:07,510
disclosure it's just what the world

606
00:28:12,570 --> 00:28:10,510
needed we needed major newspapers to do

607
00:28:15,330 --> 00:28:12,580
a serious story about the government has

608
00:28:17,880 --> 00:28:15,340
been actually doing and we needed that

609
00:28:20,640 --> 00:28:17,890
story to start a national global media

610
00:28:23,970 --> 00:28:20,650
conversation on the topic this is what

611
00:28:26,850 --> 00:28:23,980
we got i watch with amusement the author

612
00:28:29,400 --> 00:28:26,860
says as TV news commentators who are

613
00:28:31,710 --> 00:28:29,410

used to making fun to the topic struggle

614

00:28:34,680 --> 00:28:31,720

to ask deep questions and discuss the

615

00:28:36,450 --> 00:28:34,690

topic intelligently I saw that too the

616

00:28:38,190 --> 00:28:36,460

other thing we needed was for a US

617

00:28:41,040 --> 00:28:38,200

government organization like the

618

00:28:43,260 --> 00:28:41,050

Pentagon to admit they have been doing

619

00:28:45,510 --> 00:28:43,270

serious research into UFO events for

620

00:28:47,280 --> 00:28:45,520

years so now the conversation has

621

00:28:50,669 --> 00:28:47,290

started and let's hope it's positive and

622

00:28:53,039 --> 00:28:50,679

educational on another aspect after the

623

00:28:55,190 --> 00:28:53,049

story's broke I heard a lot of pee

624

00:28:58,229 --> 00:28:55,200

while moaning about the wisdom of

625

00:29:00,810 --> 00:28:58,239

spending 22 million dollars for UFO

626

00:29:02,999 --> 00:29:00,820

research isn't that's a Defense

627

00:29:04,590 --> 00:29:03,009

Department's job to study possible

628

00:29:07,560 --> 00:29:04,600

threats of all kinds and explore

629

00:29:10,619 --> 00:29:07,570

defensive remedies as a former staffer

630

00:29:12,450 --> 00:29:10,629

for an aerospace contractor I decided to

631

00:29:14,820 --> 00:29:12,460

look at what our tax dollars probably

632

00:29:16,950 --> 00:29:14,830

purchased first a twenty two million

633

00:29:19,739 --> 00:29:16,960

dollar contract is modest and defense

634

00:29:21,330 --> 00:29:19,749

contracting terms if I was tasked to do

635

00:29:23,039 --> 00:29:21,340

a budget and proposed staffing for a

636

00:29:25,529 --> 00:29:23,049

project like this what follows is how

637

00:29:27,810 --> 00:29:25,539

the cost might break down well I like

638

00:29:30,599 --> 00:29:27,820

this the subcontract given to Bigelow

639

00:29:32,999 --> 00:29:30,609

Aerospace was twenty two million dollars

640

00:29:35,310 --> 00:29:33,009

over five years that amounts to an

641

00:29:37,470 --> 00:29:35,320

annual payout of four point four million

642

00:29:39,899 --> 00:29:37,480

per year and that breaks down to a

643

00:29:42,869 --> 00:29:39,909

monthly billable budget of three hundred

644

00:29:44,580 --> 00:29:42,879

and sixty six thousand dollars corporate

645

00:29:46,470 --> 00:29:44,590

management and contracts management

646

00:29:49,109 --> 00:29:46,480

would take about ten percent off the top

647

00:29:51,680 --> 00:29:49,119

to deal with the task of doing business

648

00:29:53,970 --> 00:29:51,690

or about thirty six thousand dollars

649

00:29:55,529 --> 00:29:53,980

down at the project management and

650

00:29:57,479 --> 00:29:55,539

Personnel Management level I would

651
00:29:59,399 --> 00:29:57,489
expect another five point five percent

652
00:30:01,799 --> 00:29:59,409
to be given to management overhead or

653
00:30:03,659 --> 00:30:01,809
about eighteen thousand dollars at the

654
00:30:05,729 --> 00:30:03,669
researched and technical level I would

655
00:30:07,739 --> 00:30:05,739
expect the staffing of five PhD

656
00:30:09,629 --> 00:30:07,749
scientists this would account for

657
00:30:12,119 --> 00:30:09,639
another sixty two thousand or about

658
00:30:14,159 --> 00:30:12,129
seventeen percent of the monthly budget

659
00:30:16,109 --> 00:30:14,169
the scientists would need a support team

660
00:30:18,779 --> 00:30:16,119
of eight staff engineers with a budget

661
00:30:22,049 --> 00:30:18,789
of sixty six thousand per month or about

662
00:30:23,820 --> 00:30:22,059
18 percent to support the scientists and

663
00:30:25,859 --> 00:30:23,830

engineers it would be a multi-level

664

00:30:28,440 --> 00:30:25,869

staff of technicians administrators and

665

00:30:30,779 --> 00:30:28,450

research support posts personnel perhaps

666

00:30:33,379 --> 00:30:30,789

eighteen altogether and a monthly budget

667

00:30:36,570 --> 00:30:33,389

of 90,000

668

00:30:38,399 --> 00:30:36,580

of course researching all exotic UFO

669

00:30:41,580 --> 00:30:38,409

things requires physical overhead

670

00:30:43,409 --> 00:30:41,590

special work facilities utilities IT

671

00:30:45,659 --> 00:30:43,419

services and of course a sizable

672

00:30:48,060 --> 00:30:45,669

physical and IT security support

673

00:30:50,430 --> 00:30:48,070

infrastructure let's say the facility's

674

00:30:51,960 --> 00:30:50,440

overhead would ring in at ninety one

675

00:30:53,789 --> 00:30:51,970

thousand or another twenty five percent

676
00:30:56,849 --> 00:30:53,799
of the monthly budget the budget

677
00:30:59,099 --> 00:30:56,859
balances with a few dollars to spare my

678
00:31:00,810 --> 00:30:59,109
proposed budget projection is just an

679
00:31:02,109 --> 00:31:00,820
estimate using route the starlight

680
00:31:07,719 --> 00:31:02,119
lounge presents an

681
00:31:10,029 --> 00:31:07,729
evening with the progressive box I took

682
00:31:11,379 --> 00:31:10,039
a bit of a risk singing that song but of

683
00:31:13,839 --> 00:31:11,389
course the one place I never take

684
00:31:15,909 --> 00:31:13,849
chances is the room where progressive

685
00:31:18,129 --> 00:31:15,919
snapshot rewards your safe driving a

686
00:31:21,399 --> 00:31:18,139
good driver plus snapshot equals big

687
00:31:25,049 --> 00:31:21,409
discounts and speaking of math one plus

688
00:31:26,919 --> 00:31:25,059

one equals two little too late

689

00:31:28,209 --> 00:31:26,929

progressive casualty insurance company

690

00:31:29,499 --> 00:31:28,219

affiliate snapshot not available in

691

00:31:32,439 --> 00:31:29,509

California North Carolina or from all

692

00:31:35,019 --> 00:31:32,449

agents visible industry labor and burden

693

00:31:37,299 --> 00:31:35,029

rates the staffing and budget are not

694

00:31:39,279 --> 00:31:37,309

unrealistic given the overall size of

695

00:31:41,829 --> 00:31:39,289

the contract the question you must be

696

00:31:44,139 --> 00:31:41,839

asking yourself is was the money spent

697

00:31:46,869 --> 00:31:44,149

well New York Times reporter Ralph

698

00:31:48,999 --> 00:31:46,879

Blumenthal was interviewed at MSNBC on

699

00:31:50,889 --> 00:31:49,009

Monday December 18 so stated that the

700

00:31:52,839 --> 00:31:50,899

research was looking at unknown

701
00:31:54,459 --> 00:31:52,849
compounds digging back into their

702
00:31:56,769 --> 00:31:54,469
original New York Times article

703
00:31:59,499 --> 00:31:56,779
indicated that Bigelow Aerospace in Las

704
00:32:02,019 --> 00:31:59,509
Vegas has specialized facilities for the

705
00:32:04,419 --> 00:32:02,029
storage of metal alloys and other

706
00:32:07,319 --> 00:32:04,429
materials that mr. Elizondo and program

707
00:32:10,539 --> 00:32:07,329
contractors said had been recovered from

708
00:32:11,889 --> 00:32:10,549
unidentified aerial phenomena I'd say

709
00:32:14,109 --> 00:32:11,899
that's money well spent

710
00:32:17,109 --> 00:32:14,119
now if they would just share some more

711
00:32:20,259 --> 00:32:17,119
of the cool stuff with the rest of us if

712
00:32:22,389 --> 00:32:20,269
you have a UFO report this authors then

713
00:32:25,809 --> 00:32:22,399

asking for them and asking you to go to

714

00:32:28,479 --> 00:32:25,819

MUFON com fascinating stuff you know

715

00:32:30,939 --> 00:32:28,489

when mr. Tyson

716

00:32:33,669 --> 00:32:30,949

mr. astrophysicists was talking about

717

00:32:36,519 --> 00:32:33,679

this itty bitty project and this itty

718

00:32:38,649 --> 00:32:36,529

bitty budget like it was nothing you

719

00:32:40,539 --> 00:32:38,659

know I I could have done a lot with 22

720

00:32:42,399 --> 00:32:40,549

million let me tell you well I have to

721

00:32:45,069 --> 00:32:42,409

say thank you so much for listening to
