comm to chat interact and listen live to

15

00:00:46,580 --> 00:00:43,200
the Outlander show blasting off with

16

00:00:48,380 --> 00:00:46,590
some UFO reports this first one comes to

17

00:00:51,580 --> 00:00:48,390
us from London Ontario

18

00:00:54,860 --> 00:00:51,590
this occurred November 29th 2016

19

00:00:57,979 --> 00:00:54,870
slightly from the past observed bright

20

00:01:00,099 --> 00:00:57,989
star like light for 15 minutes until it

21

00:01:04,189 --> 00:01:00,109
disappeared behind neighbors roof line

22

00:01:07,300 --> 00:01:04,199
use 8 by 25 binoculars to see five

23

00:01:10,370 --> 00:01:07,310
lights across the side facing me

24

00:01:13,789 --> 00:01:10,380
circular illuminated lights could have

25

00:01:15,770 --> 00:01:13,799
been Windows they seemed quite large in

26

00:01:19,490 --> 00:01:15,780

more detail the witness states on

27

00:01:20,630 --> 00:01:19,500

Tuesday November 29 2016 at 16 p.m.

28

00:01:23,480 --> 00:01:20,640

local time

29

00:01:26,330 --> 00:01:23,490

it had been dark for a while I went out

30

00:01:28,490 --> 00:01:26,340

into my garage once I had entered the

31

00:01:32,060 --> 00:01:28,500

rear door of the garage my attention was

32

00:01:35,630 --> 00:01:32,070

immediately drawn to a very bright light

33

00:01:39,080 --> 00:01:35,640

in the southwestern location outside the

34

00:01:41,960 --> 00:01:39,090

garages south-facing window I assumed it

35

00:01:44,450 --> 00:01:41,970

was a star Venus specifically but was

36

00:01:50,960 --> 00:01:44,460

curious enough to go and get my

37

00:01:53,149 --> 00:01:50,970

binoculars seven-year-old Canon 8 by 25

38

00:01:55,969 --> 00:01:53,159

is on the previous Thursday night at

39

00:01:59,060 --> 00:01:55,979
around 7 p.m. I and a neighbor had used

40

00:02:02,389 --> 00:01:59,070
a phone app to correctly locate Venus

41

00:02:04,219 --> 00:02:02,399
from his front lawn this location now of

42

00:02:06,950 --> 00:02:04,229
what I thought should have been Venus

43

00:02:08,779 --> 00:02:06,960
seemed off once I started to mentally

44

00:02:10,550 --> 00:02:08,789
compare it to the previous Thursday

45

00:02:12,860 --> 00:02:10,560
night's location of Venus

46

00:02:13,880 --> 00:02:12,870
this is probably what prompted me to go

47

00:02:15,530 --> 00:02:13,890
and get my binoculars

48

00:02:17,630 --> 00:02:15,540
and go back into the garage to observe

49

00:02:19,460 --> 00:02:17,640
the star through the window again from

50

00:02:21,260 --> 00:02:19,470
what I had determined was the best

51
00:02:23,600 --> 00:02:21,270
vantage point after walking around the

52
00:02:26,960 --> 00:02:23,610
property that was a big giant run-on

53
00:02:29,480 --> 00:02:26,970
sentence okay I'm just saying I had no

54
00:02:31,670 --> 00:02:29,490
reason to expect to see anything but a

55
00:02:33,350 --> 00:02:31,680
star until I looked through the

56
00:02:36,800 --> 00:02:33,360
binoculars and saw that it was a

57
00:02:40,520 --> 00:02:36,810
circular disc with five light-filled

58
00:02:44,330 --> 00:02:40,530
apertures in a row along the side edge

59
00:02:47,990 --> 00:02:44,340
facing me I was at once confused and

60
00:02:51,800 --> 00:02:48,000
shocked because I was expecting to see

61
00:02:54,770 --> 00:02:51,810
one bright light as from a star not a

62
00:02:57,290 --> 00:02:54,780
disc with five light filled openings in

63
00:02:59,390 --> 00:02:57,300

a row multiple times I switched between

64

00:03:01,790 --> 00:02:59,400

looking at it with my naked eyes and

65

00:03:04,070 --> 00:03:01,800

through the binoculars it was always the

66

00:03:06,560 --> 00:03:04,080

same single bright light with naked eye

67

00:03:09,170 --> 00:03:06,570

and five separate lights around the

68

00:03:11,030 --> 00:03:09,180

outside disc shape with when viewing

69

00:03:14,290 --> 00:03:11,040

through the binoculars I just kept

70

00:03:17,270 --> 00:03:14,300

saying to myself it has five lights I

71

00:03:19,370 --> 00:03:17,280

was so surprised it was moving so slowly

72

00:03:21,320 --> 00:03:19,380

that I didn't think it was moving at all

73

00:03:24,440 --> 00:03:21,330

except that during the 15 minutes that I

74

00:03:26,449 --> 00:03:24,450

could see it it had moved to position up

75

00:03:30,020 --> 00:03:26,459

against the garage door about a foot and

76
00:03:32,060 --> 00:03:30,030
a half and was standing on my tiptoes in

77
00:03:35,900 --> 00:03:32,070
order to continue watching it over and

78
00:03:38,030 --> 00:03:35,910
beyond my neighbors roof it did not seem

79
00:03:40,430 --> 00:03:38,040
to change altitude for the duration of

80
00:03:42,680 --> 00:03:40,440
the time I watched it it did not revolve

81
00:03:45,530 --> 00:03:42,690
it did not display any other light color

82
00:03:48,530 --> 00:03:45,540
other than white nor did any lights ever

83
00:03:51,289 --> 00:03:48,540
blink how about did it spin around on a

84
00:03:56,810 --> 00:03:51,299
top did it nor did that I'm just kidding

85
00:03:58,970 --> 00:03:56,820
on the five apertures of the side edge

86
00:04:01,340 --> 00:03:58,980
visible to me seemed rather large and

87
00:04:03,370 --> 00:04:01,350
did not appear to be the source of the

88
00:04:05,900 --> 00:04:03,380

bright light visible with the naked eye

89

00:04:08,900 --> 00:04:05,910

by that point I wouldn't have been

90

00:04:10,580 --> 00:04:08,910

surprised to see figures moving past any

91

00:04:12,470 --> 00:04:10,590

of these openings around the sides of

92

00:04:14,930 --> 00:04:12,480

the inside of the craft but I did not

93

00:04:16,580 --> 00:04:14,940

see any movement there were a few wispy

94

00:04:18,789 --> 00:04:16,590

clouds in the sky which allowed me to

95

00:04:21,710 --> 00:04:18,799

see that there were additional lights

96

00:04:24,529 --> 00:04:21,720

continuing around the out of view side

97

00:04:27,380 --> 00:04:24,539

edges of the craft the clouds reflected

98

00:04:27,690 --> 00:04:27,390

back enough of the craft light to allow

99

00:04:30,720 --> 00:04:27,700

me

100

00:04:31,980 --> 00:04:30,730

see its shape I watched until it

101
00:04:34,800 --> 00:04:31,990
disappeared behind the neighbors

102
00:04:37,080 --> 00:04:34,810
roofline during the time I was watching

103
00:04:39,960 --> 00:04:37,090
it I called my husband who was five

104
00:04:42,030 --> 00:04:39,970
minutes drive due west of me and he

105
00:04:44,400 --> 00:04:42,040
grabbed binoculars but could only see

106
00:04:46,560 --> 00:04:44,410
the singular bright light so then I

107
00:04:48,960 --> 00:04:46,570
called a co-worker she was driving south

108
00:04:51,090 --> 00:04:48,970
to go home and though she could see the

109
00:04:53,490 --> 00:04:51,100
bright light she had dawod oculars to

110
00:04:54,690 --> 00:04:53,500
view it more closely this is not my

111
00:04:58,160 --> 00:04:54,700
first sighting of a disc-shaped craft

112
00:05:07,470 --> 00:04:58,170
from my home that is for another report

113
00:05:11,660 --> 00:05:07,480

sincerely okay moving on UFO blast from

114

00:05:17,510 --> 00:05:11,670

the past this happened in Gaston Alabama

115

00:05:19,980 --> 00:05:17,520

June 15 1969 triangular shape domed top

116

00:05:25,010 --> 00:05:19,990

underside black with triangle-shaped

117

00:05:28,110 --> 00:05:25,020

circles windows panels inside windows I

118

00:05:29,520 --> 00:05:28,120

was at my mom and dad's home I looked at

119

00:05:31,170 --> 00:05:29,530

a strange ball of light in the place

120

00:05:31,530 --> 00:05:31,180

where I thought Venus would be in the

121

00:05:33,330 --> 00:05:31,540

sky

122

00:05:36,930 --> 00:05:33,340

I swear venus is always thought to be

123

00:05:40,050 --> 00:05:36,940

the culprit isn't it I love to stargaze

124

00:05:43,110 --> 00:05:40,060

so it was in the evening hours just for

125

00:05:44,910 --> 00:05:43,120

dark the object was a huge bright object

126

00:05:47,990 --> 00:05:44,920

I ran I got my nephew and big brother

127

00:05:52,650 --> 00:05:48,000

and we all observed it the one object

128

00:05:55,020 --> 00:05:52,660

slit into four objects one went to in

129

00:05:58,500 --> 00:05:55,030

each direction the mothership as I call

130

00:06:01,170 --> 00:05:58,510

it shot straight up in two seconds it

131

00:06:03,720 --> 00:06:01,180

was gone the one that came towards us to

132

00:06:06,390 --> 00:06:03,730

send it down until it leveled off it

133

00:06:08,820 --> 00:06:06,400

seemed just a little more than treetop

134

00:06:11,040 --> 00:06:08,830

height I was very young about 12 years

135

00:06:12,740 --> 00:06:11,050

old but I remember seeing the object as

136

00:06:15,870 --> 00:06:12,750

I was up close

137

00:06:18,330 --> 00:06:15,880

it was triangle-shaped with atop being a

138

00:06:21,120 --> 00:06:18,340

little dome shape it had no sharp edges

139

00:06:24,300 --> 00:06:21,130

the area where the lights were were flat

140

00:06:26,760 --> 00:06:24,310

panels one panel will light then move to

141

00:06:29,820 --> 00:06:26,770

the next until it made a full circle

142

00:06:32,190 --> 00:06:29,830

around the ship when the light and one

143

00:06:34,890 --> 00:06:32,200

panel will go up I could see a metallic

144

00:06:36,990 --> 00:06:34,900

panel through the glass the craft flew

145

00:06:41,220 --> 00:06:37,000

until it stopped over the Northeast sky

146

00:06:43,260 --> 00:06:41,230

and sat for a couple of hours Wow

147

00:06:45,960 --> 00:06:43,270

at this time my brother called the radio

148

00:06:49,340 --> 00:06:45,970

station and reported it they said it had

149

00:06:51,780 --> 00:06:49,350

been reported and a jet was enroute ok

150

00:06:54,000 --> 00:06:51,790

it's not neat when you could call the

151

00:06:55,890 --> 00:06:54,010

media and they respond and actually

152

00:06:57,960 --> 00:06:55,900

believe you and they're like we're on it

153

00:07:02,040 --> 00:06:57,970

dude got a jet going right that

154

00:07:05,160 --> 00:07:02,050

direction that's crazy I wish we could

155

00:07:07,170 --> 00:07:05,170

do that these days we heard and seen the

156

00:07:10,020 --> 00:07:07,180

jet when the jet got close to the object

157

00:07:11,670 --> 00:07:10,030

it shot straight up and was gone in

158

00:07:16,080 --> 00:07:11,680

seconds

159

00:07:16,920 --> 00:07:16,090

I highly doubt a UFO is Wow afraid of us

160

00:07:19,530 --> 00:07:16,930

okay whatever

161

00:07:21,930 --> 00:07:19,540

the dates I gave may not be completely

162

00:07:24,720 --> 00:07:21,940

right because I am now 60 and it's hard

163

00:07:26,640 --> 00:07:24,730

to remember exactly the dates but the

164

00:07:28,980 --> 00:07:26,650

images of the ship are burned in my

165

00:07:31,830 --> 00:07:28,990

memory I could tell an artist the full

166

00:07:34,770 --> 00:07:31,840

description the underside was circles of

167

00:07:36,150 --> 00:07:34,780

triangular shaped circles that had seven

168

00:07:38,730 --> 00:07:36,160

circles until they reached the middle

169

00:07:40,740 --> 00:07:38,740

gosh you saw a great detail it was kind

170

00:07:44,190 --> 00:07:40,750

of burnt looking maybe the propulsion

171

00:07:47,310 --> 00:07:44,200

area the object did not make a sound as

172

00:07:49,590 --> 00:07:47,320

it flew over unfortunately we didn't

173

00:07:52,970 --> 00:07:49,600

have a camera on it we couldn't afford

174

00:07:56,760 --> 00:07:52,980

one back then who could I mean really

175

00:07:59,400 --> 00:07:56,770

Wow but they call the radio station and

176

00:08:01,740 --> 00:07:59,410

they're like dude we got it we know Jets

177

00:08:06,030 --> 00:08:01,750

on the way okay thanks bud hang up the

178

00:08:09,030 --> 00:08:06,040

phone watch the jet chase a UFO you know

179

00:08:11,340 --> 00:08:09,040

I think sometimes you know all too often

180

00:08:12,720 --> 00:08:11,350

we give credit for our government having

181

00:08:13,460 --> 00:08:12,730

access and building these things

182

00:08:16,290 --> 00:08:13,470

themselves

183

00:08:19,650 --> 00:08:16,300

but here's a triangular-shaped craft in

184

00:08:22,830 --> 00:08:19,660

the 1969 I don't think we had that back

185

00:08:24,300 --> 00:08:22,840

then and a move as fast as it did unless

186

00:08:25,590 --> 00:08:24,310

we're trying time-traveling with these

187

00:08:29,870 --> 00:08:25,600

things and that's a whole other story

188

00:08:33,300 --> 00:08:29,880

but it would seem it would seem that

189

00:08:36,990 --> 00:08:33,310

perhaps he's really ins and it wasn't

190

00:08:38,460 --> 00:08:37,000

any kind of back engineered UFO I don't

191

00:08:40,820 --> 00:08:38,470

know I don't know I'm just I'm just

192

00:08:45,870 --> 00:08:40,830

saying did they really back engineer the

193

00:08:48,750 --> 00:08:45,880

Roswell crash UFOs by that time okay

194

00:08:51,300 --> 00:08:48,760

moving on UFO sighting in saygus

195

00:08:54,480 --> 00:08:51,310

Massachusetts Oh UFO blast from the past

196

00:08:55,140 --> 00:08:54,490

this goes all the way back to June 30th

197

00:08:59,310 --> 00:08:55,150

nineteen

198

00:09:04,200 --> 00:08:59,320

67 in brief the witness states white

199

00:09:05,610 --> 00:09:04,210

discs in more detail myself and two

200

00:09:09,030 --> 00:09:05,620

friends were sitting on the stone wall

201
00:09:10,740 --> 00:09:09,040
looking at the sky there had been

202
00:09:12,600 --> 00:09:10,750
several local sightings around the same

203
00:09:15,900 --> 00:09:12,610
time period so we were discussing things

204
00:09:18,690 --> 00:09:15,910
that one friend's father had told her as

205
00:09:21,390 --> 00:09:18,700
we looked up we saw the white disc

206
00:09:21,960 --> 00:09:21,400
traveling across the sky at a steady

207
00:09:25,710 --> 00:09:21,970
rate

208
00:09:28,410 --> 00:09:25,720
just passing through guys we decided it

209
00:09:31,800 --> 00:09:28,420
was a UFO my friend said her dad told

210
00:09:35,490 --> 00:09:31,810
her if you state at the UFO and thought

211
00:09:38,970 --> 00:09:35,500
something like flash the object would

212
00:09:39,870 --> 00:09:38,980
respond by doing that so she tried but

213
00:09:44,790 --> 00:09:39,880

nothing happened

214

00:09:47,820 --> 00:09:44,800

I tried by thinking stop it did and then

215

00:09:51,540 --> 00:09:47,830

started back towards us we panicked and

216

00:09:56,340 --> 00:09:51,550

ran hold on

217

00:09:59,430 --> 00:09:56,350

what an interesting thing 1967 and you

218

00:10:03,360 --> 00:09:59,440

know it seems rather new to people that

219

00:10:05,400 --> 00:10:03,370

these UFOs respond and they do they

220

00:10:07,380 --> 00:10:05,410

interact the flashlight so come down it

221

00:10:09,930 --> 00:10:07,390

happened to me happen to me three

222

00:10:16,320 --> 00:10:09,940

different occasions I'm just it's

223

00:10:19,800 --> 00:10:16,330

literally in my books Wow 1967 this this

224

00:10:21,540 --> 00:10:19,810

girl's father knew think something or

225

00:10:24,060 --> 00:10:21,550

flash something at it and it will

226

00:10:26,040 --> 00:10:24,070

respond and here's all these people that

227

00:10:28,380 --> 00:10:26,050

are like I have mystical powers look the

228

00:10:30,480 --> 00:10:28,390

UFOs made to touch it to me way back

229

00:10:32,610 --> 00:10:30,490

then they realized it I'm not

230

00:10:35,699 --> 00:10:32,620

fascinating I am not heard that before

231

00:10:40,680 --> 00:10:35,709

it was ahead of his time yes I want to

232

00:10:43,740 --> 00:10:40,690

say this next one you'll see sighting in

233

00:10:47,730 --> 00:10:43,750

Los Angeles California this happened you

234

00:10:51,449 --> 00:10:47,740

Christmas Day December 25th 2017 plane

235

00:10:54,750 --> 00:10:51,459

ride to LAX from Milwaukee oh my

236

00:10:56,699 --> 00:10:54,760

hometown 30 minutes from landing all

237

00:10:59,880 --> 00:10:56,709

right in more detail they state flight

238

00:11:02,820 --> 00:10:59,890

to LAX on Christmas Day not sure if this

239

00:11:05,400 --> 00:11:02,830

is anything special saw this 30 minutes

240

00:11:07,440 --> 00:11:05,410

before we landed my guess was we were

241

00:11:09,990 --> 00:11:07,450

near area 51

242

00:11:12,030 --> 00:11:10,000

oh the lights grab the attention of

243

00:11:14,700 --> 00:11:12,040

everyone on board and it was fairly

244

00:11:17,580 --> 00:11:14,710

cloudian these lights would pierce the

245

00:11:20,850 --> 00:11:17,590

clouds even when we were in them deeply

246

00:11:22,920 --> 00:11:20,860

well that's cool huh I figured a

247

00:11:25,350 --> 00:11:22,930

reflection from solar plant panels at

248

00:11:28,740 --> 00:11:25,360

first but the blinking was synchronized

249

00:11:31,140 --> 00:11:28,750

in penetrating shortly after we became

250

00:11:33,990 --> 00:11:31,150

parallel to the lights which appeared to

251
00:11:36,270 --> 00:11:34,000
be below us or near the ground the pilot

252
00:11:39,690 --> 00:11:36,280
turned away to put distance between us

253
00:11:42,840 --> 00:11:39,700
oh did he now he then rial turd course

254
00:11:45,930 --> 00:11:42,850
after a while to me it seemed like a

255
00:11:48,240 --> 00:11:45,940
correction to resume but we were 30

256
00:11:50,670 --> 00:11:48,250
minutes from landing so I'm not sure I

257
00:11:52,770 --> 00:11:50,680
didn't think to take video earlier the

258
00:11:56,340 --> 00:11:52,780
video you see is towards the end of the

259
00:11:59,370 --> 00:11:56,350
sighting as the plane moves away after

260
00:12:00,380 --> 00:11:59,380
the course correction let me know if you

261
00:12:04,110 --> 00:12:00,390
know what it is

262
00:12:09,420 --> 00:12:04,120
thank you I'm not looking at it right

263
00:12:10,920 --> 00:12:09,430

now can you imagine all right boys and

264

00:12:13,440 --> 00:12:10,930

girls we're gonna take a little

265

00:12:15,600 --> 00:12:13,450

diversion from these lights in these

266

00:12:18,090 --> 00:12:15,610

highly thick clouds that seem to be

267

00:12:20,870 --> 00:12:18,100

running parallel next to us everybody

268

00:12:25,800 --> 00:12:20,880

have a seat and we're just gonna Dever

269

00:12:29,790 --> 00:12:25,810

what the heck put that on the 10 o'clock

270

00:12:32,610 --> 00:12:29,800

news did you know nobody did sucks

271

00:12:34,230 --> 00:12:32,620

alright moving on your first hiding in

272

00:12:38,190 --> 00:12:34,240

Knoxville Tennessee

273

00:12:39,900 --> 00:12:38,200

this occurred September 24 2017 orange

274

00:12:43,050 --> 00:12:39,910

light passed overhead disappearing

275

00:12:45,270 --> 00:12:43,060

before I lost sight bright and orange

276

00:12:48,540 --> 00:12:45,280

star sized past us

277

00:12:50,460 --> 00:12:48,550

after ISS had passed you know that's the

278

00:12:53,520 --> 00:12:50,470

International Space Station right okay

279

00:12:56,790 --> 00:12:53,530

in more detail the object appeared in

280

00:12:59,250 --> 00:12:56,800

view at about 2050 just to the left of

281

00:13:01,770 --> 00:12:59,260

the moon and the Southwest sky object

282

00:13:04,170 --> 00:13:01,780

was stationary at first and was same

283

00:13:06,740 --> 00:13:04,180

brightness as ISS which had passed

284

00:13:09,240 --> 00:13:06,750

overhead about 10 to 15 minutes before

285

00:13:11,130 --> 00:13:09,250

it was an orange in color and began to

286

00:13:13,410 --> 00:13:11,140

move across the sky from the southwest

287

00:13:15,270 --> 00:13:13,420

to the Northeast going directly overhead

288

00:13:17,880 --> 00:13:15,280

I observed the movement in a

289

00:13:19,410 --> 00:13:17,890

straight-line path for approximately two

290

00:13:21,300 --> 00:13:19,420

to three minutes until it flickered and

291

00:13:23,700 --> 00:13:21,310

disappeared completely

292

00:13:26,070 --> 00:13:23,710

Space Station had passed in the similar

293

00:13:29,330 --> 00:13:26,080

path but was visible for a little longer

294

00:13:32,730 --> 00:13:29,340

I was to the point

295

00:13:37,560 --> 00:13:32,740

this next UFO sighting comes to us from

296

00:13:39,990 --> 00:13:37,570

Toronto Ontario January 20th 2018 I was

297

00:13:43,920 --> 00:13:40,000

on my balcony and saw approximately 11

298

00:13:45,900 --> 00:13:43,930

orbs fly overhead straight line equally

299

00:13:48,780 --> 00:13:45,910

spaced and glowing red and bright white

300

00:13:51,030 --> 00:13:48,790

light I was on my balcony Fitz floor

301
00:13:53,580 --> 00:13:51,040
looking out at the window from the

302
00:13:56,840 --> 00:13:53,590
treeline direction of Northwest I saw a

303
00:13:59,880 --> 00:13:56,850
bright red bulb moving towards us

304
00:14:02,160 --> 00:13:59,890
traveling northeast it was high up in

305
00:14:04,590 --> 00:14:02,170
the sky we live close to the airport and

306
00:14:08,910 --> 00:14:04,600
overhead planes are frequent however

307
00:14:10,550 --> 00:14:08,920
never this shape brightness or color we

308
00:14:13,460 --> 00:14:10,560
continue to watch it come closer

309
00:14:16,200 --> 00:14:13,470
overhead when we noticed a second orb

310
00:14:20,040 --> 00:14:16,210
sphere traveling behind the first at a

311
00:14:23,130 --> 00:14:20,050
reasonable distance also red then came a

312
00:14:26,490 --> 00:14:23,140
third then a fourth in total more than

313
00:14:28,350 --> 00:14:26,500

10 passed over us and what seemed like a

314

00:14:28,710 --> 00:14:28,360

straight line equal distance from each

315

00:14:31,910 --> 00:14:28,720

other

316

00:14:34,620 --> 00:14:31,920

pulsating red then bright white that red

317

00:14:37,260 --> 00:14:34,630

even though there were a number of them

318

00:14:41,010 --> 00:14:37,270

they did not make any sound

319

00:14:43,710 --> 00:14:41,020

the spheres moved at a steady pace I was

320

00:14:47,400 --> 00:14:43,720

shocked by what I saw and after the

321

00:14:49,829 --> 00:14:47,410

sixth and seventh orb I ran in to get

322

00:14:51,030 --> 00:14:49,839

the phone to capture a video who doesn't

323

00:14:53,730 --> 00:14:51,040

have their phone on their hip all the

324

00:14:56,820 --> 00:14:53,740

time anyways my phone wouldn't cooperate

325

00:14:59,340 --> 00:14:56,830

but I did manage some video there was a

326

00:15:00,720 --> 00:14:59,350

second witness with me on the balcony if

327

00:15:02,160 --> 00:15:00,730

they don't have their phone yet hello

328

00:15:05,220 --> 00:15:02,170

I'd like to deposit this to checking

329

00:15:06,240 --> 00:15:05,230

fate is a fickle mess tonight the future

330

00:15:09,570 --> 00:15:06,250

is uncertain

331

00:15:12,810 --> 00:15:09,580

ok and what's my account balance the

332

00:15:15,720 --> 00:15:12,820

horizon is cloudy I see a long touch

333

00:15:17,400 --> 00:15:15,730

with void filled with great peril look I

334

00:15:20,190 --> 00:15:17,410

just gave it a posh slip or something a

335

00:15:21,900 --> 00:15:20,200

fortune bank teller surprising what's

336

00:15:23,490 --> 00:15:21,910

not surprising how much you could save

337

00:15:26,850 --> 00:15:23,500

by switching to Geico

338

00:15:29,340 --> 00:15:26,860

I see a yellow eyed serpent and a low BP

339

00:15:34,040 --> 00:15:29,350

our Geico 15 minutes could save you 15%

340

00:15:37,280 --> 00:15:34,050

or more moon on

341

00:15:41,499 --> 00:15:37,290

black triangle signing in Las Cruces New

342

00:15:44,269 --> 00:15:41,509

Mexico the skirt January 20th 2018

343

00:15:47,210 --> 00:15:44,279

triangular shape outline visible then

344

00:15:50,809 --> 00:15:47,220

red orange light turned on outline no

345

00:15:52,910 --> 00:15:50,819

longer visible why does this sound like

346

00:15:55,189 --> 00:15:52,920

the other one but it's it's different

347

00:15:57,739 --> 00:15:55,199

what doesn't sound very similar it

348

00:16:00,229 --> 00:15:57,749

sounds very similar no longer visible

349

00:16:02,119 --> 00:16:00,239

only red orange light light dimmed then

350

00:16:06,109 --> 00:16:02,129

increased in brightness then dimmed and

351
00:16:07,879 --> 00:16:06,119
was no longer visible in more detail as

352
00:16:08,179 --> 00:16:07,889
I drove into my driveway just before 9

353
00:16:10,609 --> 00:16:08,189
p.m.

354
00:16:12,199 --> 00:16:10,619
out of the telev era desert on the other

355
00:16:14,720 --> 00:16:12,209
side of the mountains of White Sands

356
00:16:17,389 --> 00:16:14,730
Missile Range once again at another base

357
00:16:20,449 --> 00:16:17,399
a triangular outline caught my eye

358
00:16:23,449 --> 00:16:20,459
looking West I was an Air Force and I'm

359
00:16:25,699 --> 00:16:23,459
able to identify aircraft the object was

360
00:16:28,100 --> 00:16:25,709
large and stationary holding the same

361
00:16:29,689 --> 00:16:28,110
position throughout the siding it

362
00:16:31,879 --> 00:16:29,699
appeared to be reflecting the light from

363
00:16:35,119 --> 00:16:31,889

New Mexico State University Stadium

364

00:16:37,549 --> 00:16:35,129

which was lit up for an event as it was

365

00:16:40,789 --> 00:16:37,559

low on the horizon from my viewing

366

00:16:42,619 --> 00:16:40,799

position the mountain blocks the city

367

00:16:46,009 --> 00:16:42,629

lights so I had an unobstructed view

368

00:16:47,780 --> 00:16:46,019

with no light pollution after about 20

369

00:16:48,619 --> 00:16:47,790

seconds the outline was no longer

370

00:16:51,259 --> 00:16:48,629

visible

371

00:16:55,009 --> 00:16:51,269

slowly dimming in an orange red light

372

00:16:57,049 --> 00:16:55,019

emerged dimly at first then brightly the

373

00:17:00,259 --> 00:16:57,059

light dimmed again with nothing visible

374

00:17:02,509 --> 00:17:00,269

then after another 40 seconds the light

375

00:17:05,059 --> 00:17:02,519

began to brighten in the same position

376

00:17:07,129 --> 00:17:05,069

in same color the light had increased in

377

00:17:09,470 --> 00:17:07,139

size and was visible for another 20 to

378

00:17:12,260 --> 00:17:09,480

30 seconds and dimmed and never

379

00:17:14,329 --> 00:17:12,270

reappeared there were three witnesses in

380

00:17:16,370 --> 00:17:14,339

my vehicle all of which saw the light in

381

00:17:17,929 --> 00:17:16,380

shape I looked away to grab my camera

382

00:17:21,260 --> 00:17:17,939

and during that time one of the

383

00:17:23,689 --> 00:17:21,270

witnesses said it rotated I did not see

384

00:17:26,360 --> 00:17:23,699

the object move I turned my camera to

385

00:17:28,309 --> 00:17:26,370

the object but the battery was dead I

386

00:17:30,320 --> 00:17:28,319

don't believe the battery was affected

387

00:17:37,610 --> 00:17:30,330

by anything other than my own fault for

388

00:17:40,700 --> 00:17:37,620

not charging it darn alright next UFO

389

00:17:43,539 --> 00:17:40,710

sighting happened in the fort deep

390

00:17:47,389 --> 00:17:43,549

furred Deptford that friend may be

391

00:17:47,960 --> 00:17:47,399

January 21st 2018 what appeared to be a

392

00:17:50,750 --> 00:17:47,970

reddish

393

00:17:53,419 --> 00:17:50,760

orange star pulsating the dimming for a

394

00:17:58,279 --> 00:17:53,429

matter of minutes in more detail at 3:25

395

00:17:59,570 --> 00:17:58,289

a.m. my partner woke me up to observe a

396

00:18:02,659 --> 00:17:59,580

strange star

397

00:18:03,230 --> 00:18:02,669

it was orange II red reddish orange if

398

00:18:05,690 --> 00:18:03,240

you will

399

00:18:07,970 --> 00:18:05,700

pulsating it would seem it would shine

400

00:18:09,860 --> 00:18:07,980

bright for 45 seconds send him out for

401
00:18:12,320 --> 00:18:09,870
about three minutes almost long enough

402
00:18:15,799 --> 00:18:12,330
to question ever seeing a light to begin

403
00:18:19,340 --> 00:18:15,809
with only to begin glowing back to a

404
00:18:22,640 --> 00:18:19,350
brilliant orange almost white light for

405
00:18:26,120 --> 00:18:22,650
again roughly 45 seconds and then dim it

406
00:18:28,909 --> 00:18:26,130
was low low enough certainly to not be

407
00:18:31,940 --> 00:18:28,919
mistaken for a star I would pass it off

408
00:18:35,090 --> 00:18:31,950
as a satellite if it moved but it just

409
00:18:42,440 --> 00:18:35,100
pulsated for a total of 20 minutes

410
00:18:46,100 --> 00:18:42,450
before just fading to black the next UFO

411
00:18:48,470 --> 00:18:46,110
sighting this occurred in Ireland West

412
00:18:53,899 --> 00:18:48,480
Virginia this is a UFO blast from the

413
00:18:59,750 --> 00:18:53,909

past July is 2007 hovered over Devil's

414

00:19:03,140 --> 00:18:59,760

Durning needle that is a funny name

415

00:19:08,120 --> 00:19:03,150

devil's darning needle which is a small

416

00:19:11,539 --> 00:19:08,130

mountain in southern Louis County who

417

00:19:14,630 --> 00:19:11,549

said that you know who said dirty needle

418

00:19:16,340 --> 00:19:14,640

that I swear to God that is funny

419

00:19:17,289 --> 00:19:16,350

somebody said it and it just stuck

420

00:19:22,299 --> 00:19:17,299

didn't it

421

00:19:23,990 --> 00:19:22,309

okay anyways sure it happened to

422

00:19:28,130 --> 00:19:24,000

beetlejuice as well

423

00:19:29,720 --> 00:19:28,140

I was out hiking about I'm half a mile

424

00:19:32,450 --> 00:19:29,730

from my house when I noticed the object

425

00:19:34,039 --> 00:19:32,460

hovering over the devil's darning needle

426
00:19:36,590 --> 00:19:34,049
a small mountain in Ireland West

427
00:19:38,120 --> 00:19:36,600
Virginia it was hovering then move left

428
00:19:40,310 --> 00:19:38,130
and right and hovered over the mountain

429
00:19:42,560 --> 00:19:40,320
then move straight up and disappeared

430
00:19:45,560 --> 00:19:42,570
into the sky it actually looked like

431
00:19:47,060 --> 00:19:45,570
your typical saucer-shaped craft I had

432
00:19:49,279 --> 00:19:47,070
my camera with me because I was

433
00:19:52,549 --> 00:19:49,289
photographing the scenery and deer I

434
00:19:55,070 --> 00:19:52,559
managed to get one photo with my 3.2 MP

435
00:19:57,020 --> 00:19:55,080
Kodak camera I was not alarmed or

436
00:20:00,289 --> 00:19:57,030
frightened in any way until I downloaded

437
00:20:01,250 --> 00:20:00,299
the photo and realized it was a UFO and

438
00:20:04,520 --> 00:20:01,260

then

439

00:20:06,430 --> 00:20:04,530

almost wet my pants devils darning

440

00:20:08,930 --> 00:20:06,440

needle

441

00:20:11,750 --> 00:20:08,940

but they said what the parents okay

442

00:20:14,600 --> 00:20:11,760

it was kind of scary after the fact to

443

00:20:16,970 --> 00:20:14,610

this day I have no idea what I saw I

444

00:20:19,100 --> 00:20:16,980

have been a MUFON member for two months

445

00:20:22,370 --> 00:20:19,110

I still have a photo and will gladly

446

00:20:24,410 --> 00:20:22,380

share with any investigator to get a

447

00:20:27,980 --> 00:20:24,420

good view of the photo you have to zoom

448

00:20:31,550 --> 00:20:27,990

on in on it wow sounds pretty

449

00:20:34,100 --> 00:20:31,560

fascinating alright moving on to a

450

00:20:37,250 --> 00:20:34,110

paranormal point of a paranormal story

451
00:20:43,880 --> 00:20:37,260
because we love those around here this

452
00:20:47,120 --> 00:20:43,890
one is called the observer ah reading

453
00:20:49,490 --> 00:20:47,130
from the experiencers perspective first

454
00:20:53,870 --> 00:20:49,500
off I wanted to say this is not my story

455
00:20:56,900 --> 00:20:53,880
okay never mind I just I said that this

456
00:20:59,000 --> 00:20:56,910
is not their story I know that can make

457
00:21:01,970 --> 00:20:59,010
a story seem doubtful but I promise you

458
00:21:05,180 --> 00:21:01,980
it's true this has told to me but my two

459
00:21:08,510 --> 00:21:05,190
cousins in complete honesty and trust

460
00:21:11,660 --> 00:21:08,520
one night my family gathered for a carne

461
00:21:13,700 --> 00:21:11,670
asada it's like a barbecue we're eating

462
00:21:18,050 --> 00:21:13,710
and sharing stories then my cousin al

463
00:21:19,820 --> 00:21:18,060

named Danny asked in all seriousness do

464

00:21:22,760 --> 00:21:19,830

you want to hear a scary thing that

465

00:21:25,550 --> 00:21:22,770

happened to me and Elsa her sister or

466

00:21:29,180 --> 00:21:25,560

ELISA me and a few of us were interested

467

00:21:31,850 --> 00:21:29,190

and listened intently this was of

468

00:21:33,200 --> 00:21:31,860

strange occurrence that would happen

469

00:21:36,770 --> 00:21:33,210

throughout their lives

470

00:21:39,260 --> 00:21:36,780

the first she begins was relatively

471

00:21:42,320 --> 00:21:39,270

subtle she was washing the dishes in the

472

00:21:43,850 --> 00:21:42,330

afternoon a window sits right in front

473

00:21:46,640 --> 00:21:43,860

of the sink looking out into the yard

474

00:21:50,060 --> 00:21:46,650

when she sees someone walk across the

475

00:21:51,770 --> 00:21:50,070

window it looked like ELISA she was even

476
00:21:55,490 --> 00:21:51,780
wearing her favorite yellow teddy bear

477
00:21:58,220 --> 00:21:55,500
shirt but she was strange and she was

478
00:22:01,340 --> 00:21:58,230
stiff It was as if she didn't know how

479
00:22:04,030 --> 00:22:01,350
to act in her body she continues across

480
00:22:07,490 --> 00:22:04,040
the yard and out of the windows view

481
00:22:09,500 --> 00:22:07,500
Danny thinking she's going to the back

482
00:22:11,680 --> 00:22:09,510
door to enter the house waits to hear

483
00:22:13,850 --> 00:22:11,690
her come in but hears nothing

484
00:22:15,050 --> 00:22:13,860
instead she hears the bathroom door open

485
00:22:19,100 --> 00:22:15,060
and to

486
00:22:21,500 --> 00:22:19,110
or her it's Alisa who comes out casually

487
00:22:24,770 --> 00:22:21,510
smiling she tries to explain what she

488
00:22:27,710 --> 00:22:24,780

just saw Alisa outside but she doesn't

489

00:22:29,470 --> 00:22:27,720

believe her and passes it off as her

490

00:22:32,030 --> 00:22:29,480

imagination or something

491

00:22:34,610 --> 00:22:32,040

months later Danny experienced another

492

00:22:37,370 --> 00:22:34,620

bizarre encounter this time she was out

493

00:22:40,520 --> 00:22:37,380

in the city center in San Luis with her

494

00:22:42,740 --> 00:22:40,530

friends after school they were trying to

495

00:22:44,600 --> 00:22:42,750

get a taxi when one of her friends

496

00:22:47,740 --> 00:22:44,610

interrupts the chatting and gets her

497

00:22:50,270 --> 00:22:47,750

attention hey isn't that Alisa

498

00:22:51,980 --> 00:22:50,280

she says pointing across the street

499

00:22:54,110 --> 00:22:51,990

Danny confused looks across the street

500

00:22:56,440 --> 00:22:54,120

to see her sister at the bus stop among

501
00:23:00,140 --> 00:22:56,450
other people she is standing there

502
00:23:04,040 --> 00:23:00,150
furiously waving stiffly with large eyes

503
00:23:08,120 --> 00:23:04,050
and a forest large smile on her face it

504
00:23:10,510 --> 00:23:08,130
was eerie not normal as if she wanted

505
00:23:13,340 --> 00:23:10,520
her attention urgently

506
00:23:15,830 --> 00:23:13,350
Danny waives awkwardly unsure of how to

507
00:23:19,490 --> 00:23:15,840
respond when the taxi arrives and they

508
00:23:22,550 --> 00:23:19,500
get in all as equally confused and

509
00:23:25,640 --> 00:23:22,560
freaked out oh they all know ELISA hates

510
00:23:28,760 --> 00:23:25,650
the bus and feels it's disgusting and

511
00:23:31,100 --> 00:23:28,770
not to her standard she would never be

512
00:23:34,040 --> 00:23:31,110
riding in one let alone trying to show

513
00:23:37,100 --> 00:23:34,050

others she was writing one they argue

514

00:23:39,710 --> 00:23:37,110

about whether that was her but Danny as

515

00:23:42,170 --> 00:23:39,720

sure as it was it looked physically like

516

00:23:45,020 --> 00:23:42,180

her sister it just didn't behave like

517

00:23:46,040 --> 00:23:45,030

her the last encounter didn't happen for

518

00:23:49,220 --> 00:23:46,050

a few years

519

00:23:50,930 --> 00:23:49,230

Danny was now married and her husband

520

00:23:52,580 --> 00:23:50,940

Marco and ELISA

521

00:23:55,130 --> 00:23:52,590

we're all going to be staying in their

522

00:23:58,490 --> 00:23:55,140

childhood home which is also where the

523

00:24:00,380 --> 00:23:58,500

initial window encounter happened Danny

524

00:24:02,420 --> 00:24:00,390

and her husband were sleeping in her and

525

00:24:05,270 --> 00:24:02,430

Elise's old bedroom it was dark and had

526

00:24:07,850 --> 00:24:05,280

two beds after a long nap she gets up

527

00:24:10,550 --> 00:24:07,860

and heads for the bathroom which is to

528

00:24:14,000 --> 00:24:10,560

the right of her room before she goes to

529

00:24:16,130 --> 00:24:14,010

open the door she feels the need to look

530

00:24:19,130 --> 00:24:16,140

toward the smaller living room located

531

00:24:21,470 --> 00:24:19,140

to the left into their room whoo that's

532

00:24:23,720 --> 00:24:21,480

crazy the front door between the house

533

00:24:26,120 --> 00:24:23,730

was not large in the living room was

534

00:24:27,750 --> 00:24:26,130

visible from doorway she turns to look

535

00:24:31,260 --> 00:24:27,760

and standing there is Elise

536

00:24:34,680 --> 00:24:31,270

but it's the other one oh I got chills

537

00:24:35,370 --> 00:24:34,690

she knew right away she calls her name

538

00:24:38,730 --> 00:24:35,380

anyways

539

00:24:42,360 --> 00:24:38,740

ELISA this thing stares at Danny it

540

00:24:44,430 --> 00:24:42,370

stares hard as if caught red-handed

541

00:24:45,450 --> 00:24:44,440

Danny was so scared she said she

542

00:24:50,400 --> 00:24:45,460

couldn't even move

543

00:24:53,160 --> 00:24:50,410

then it reacted it bent itself like when

544

00:24:57,030 --> 00:24:53,170

you are pretending to be a dinosaur its

545

00:25:00,990 --> 00:24:57,040

legs bent and it pulled its arms in Li

546

00:25:04,700 --> 00:25:01,000

feel icky Danny said she felt cold like

547

00:25:10,230 --> 00:25:04,710

all the blood froze she couldn't breathe

548

00:25:12,980 --> 00:25:10,240

then it tilted its head and jumped yes

549

00:25:16,800 --> 00:25:12,990

she said it jumped like a kangaroo

550

00:25:20,640 --> 00:25:16,810

only it all looks so unnatural forced

551
00:25:23,820 --> 00:25:20,650
and bizarre for anyone to do it quickly

552
00:25:27,390 --> 00:25:23,830
reached her and was face to face it's

553
00:25:29,880 --> 00:25:27,400
just a part it began to screech Danny

554
00:25:35,450 --> 00:25:29,890
felt like she was going to pass out no

555
00:25:39,720 --> 00:25:35,460
crap she yelled out yeah Vita get out

556
00:25:41,220 --> 00:25:39,730
when suddenly just gives me chills she

557
00:25:43,470 --> 00:25:41,230
heard the bathroom door open

558
00:25:46,260 --> 00:25:43,480
ELISA came out looking confused Danny

559
00:25:48,450 --> 00:25:46,270
looked awful ELISA rushed over to see

560
00:25:49,740 --> 00:25:48,460
what was wrong she looked pale and sick

561
00:25:53,180 --> 00:25:49,750
she couldn't speak

562
00:25:56,040 --> 00:25:53,190
she only cried the thing was gone

563
00:25:57,570 --> 00:25:56,050

finally after a few hours she calmed

564

00:26:01,020 --> 00:25:57,580

down enough to explain what happened to

565

00:26:02,640 --> 00:26:01,030

Lisa and Marcos who was also worried and

566

00:26:04,680 --> 00:26:02,650

confused she tried to retell what

567

00:26:06,900 --> 00:26:04,690

happened as calmly as she could ELISA

568

00:26:08,580 --> 00:26:06,910

believed and her encounters after

569

00:26:11,160 --> 00:26:08,590

hearing about the bus incident from her

570

00:26:13,950 --> 00:26:11,170

and Danny's friends that's when Marcos

571

00:26:17,190 --> 00:26:13,960

added in an extra eerie note to the

572

00:26:19,590 --> 00:26:17,200

story he says that while he and Danny

573

00:26:22,470 --> 00:26:19,600

were sleeping he awoke to someone in the

574

00:26:25,860 --> 00:26:22,480

room he figured it was ELISA back from

575

00:26:29,810 --> 00:26:25,870

shopping so he didn't pay much mind then

576

00:26:33,270 --> 00:26:29,820

it got closer it leaned over Marco and

577

00:26:36,300 --> 00:26:33,280

strangely looked at Danny wide-eyed

578

00:26:39,570 --> 00:26:36,310

quizzically after a few minutes it

579

00:26:41,280 --> 00:26:39,580

retreated and headed for the closet next

580

00:26:43,170 --> 00:26:41,290

to the bed

581

00:26:45,750 --> 00:26:43,180

it began furiously going through

582

00:26:49,320 --> 00:26:45,760

everything thrashing clothes and

583

00:26:53,190 --> 00:26:49,330

throwing things out looking at one thing

584

00:26:56,670 --> 00:26:53,200

then another then it stiffly got up and

585

00:26:58,890 --> 00:26:56,680

walked out of the room Marcos just as

586

00:27:01,320 --> 00:26:58,900

soon ELISA was checking to see if Danny

587

00:27:03,660 --> 00:27:01,330

was still sleeping and went to look for

588

00:27:07,410 --> 00:27:03,670

something though he did think her

589

00:27:10,260 --> 00:27:07,420

behavior was strange they haven't seen

590

00:27:12,480 --> 00:27:10,270

this mimic since they don't know where

591

00:27:16,200 --> 00:27:12,490

it came from or why it followed them as

592

00:27:18,330 --> 00:27:16,210

we discussed it I started that maybe

593

00:27:20,730 --> 00:27:18,340

thinking it was an alien trying to learn

594

00:27:23,040 --> 00:27:20,740

from her and understand her lifestyle

595

00:27:26,370 --> 00:27:23,050

whatever this bizarre frightening

596

00:27:31,680 --> 00:27:26,380

creature is I hope none of us encounter

597

00:27:36,030 --> 00:27:31,690

it in our lives oh that is gross that's

598

00:27:38,040 --> 00:27:36,040

like a doppelganger whew you know I once

599

00:27:40,860 --> 00:27:38,050

saw something pretend to be my friend

600

00:27:43,470 --> 00:27:40,870

and my college roommate and it came into

601
00:27:45,360 --> 00:27:43,480
my bedroom and and I heard somebody in

602
00:27:49,050 --> 00:27:45,370
my room I turn around I roll over and

603
00:27:51,380 --> 00:27:49,060
I'm like Samantha is that you like what

604
00:27:56,280 --> 00:27:51,390
are you doing here and this thing smiled

605
00:27:58,260 --> 00:27:56,290
so abnormally is so disturbing it was it

606
00:27:59,820 --> 00:27:58,270
was really really strange and I just

607
00:28:01,950 --> 00:27:59,830
couldn't believe it then when it when I

608
00:28:03,990 --> 00:28:01,960
confronted it I said you're not Samantha

609
00:28:06,420 --> 00:28:04,000
I'm like who are you what are you what

610
00:28:09,450 --> 00:28:06,430
are you doing here and Booth disappeared

611
00:28:12,300 --> 00:28:09,460
crazy crap but to keep seeing it over

612
00:28:14,400 --> 00:28:12,310
and over again no give me a monster but

613
00:28:16,230 --> 00:28:14,410

don't let don't let it we're the face of

614

00:28:21,930 --> 00:28:16,240

someone you know like a piece of flesh

615

00:28:24,990 --> 00:28:21,940

mask or something yeah oh all right well
