17

00:00:59,150 --> 00:00:52,020

sighting in correct them across county

18

00:01:02,750 --> 00:00:59,160

monaghan this is a UFO blast from the

19

00:01:06,200 --> 00:01:02,760

past this occurred September 30th 1996

20

00:01:10,130 --> 00:01:06,210

and brief the witness states a 30-minute

21

00:01:15,230 --> 00:01:10,140

observation of slow-moving object moving

22

00:01:19,399 --> 00:01:15,240

east to west and overhead then retracing

23

00:01:22,910 --> 00:01:19,409

its path in more detail I live in the

24

00:01:25,850 --> 00:01:22,920

northeast of Ireland in October 1996

25

00:01:28,670 --> 00:01:25,860

walking home at 1:00 a.m. I noticed what

26

00:01:32,270 --> 00:01:28,680

looked like a very bright star in the

27

00:01:33,890 --> 00:01:32,280

distance into the east it was so bright

28

00:01:36,980 --> 00:01:33,900

I began to think it might be a

29

00:01:40,850 --> 00:01:36,990

searchlight on a helicopter although it

30

00:01:43,219 --> 00:01:40,860

didn't appear to emit a beam after a few

31

00:01:46,460 --> 00:01:43,229

moments I was unsure but felt it might

32

00:01:48,950 --> 00:01:46,470

be two separate lights and decided it

33

00:01:52,370 --> 00:01:48,960

must be a helicopter in the distance and

34

00:01:54,550 --> 00:01:52,380

continued home at 1:30 a.m. I went

35

00:01:59,030 --> 00:01:54,560

outside to put rubbish in the bin and

36

00:02:01,850 --> 00:01:59,040

saw an object almost directly overhead I

37

00:02:04,370 --> 00:02:01,860

could make out a shape up to the object

38

00:02:07,100 --> 00:02:04,380

but there were four rectangular white

39

00:02:10,040 --> 00:02:07,110

lights in the shape of a diamond and a

40

00:02:12,410 --> 00:02:10,050

green light in the center I'm guessing

41

00:02:13,730 --> 00:02:12,420

it was at an altitude of a thousand to

42

00:02:17,060 --> 00:02:13,740

1500 feet

43

00:02:20,420 --> 00:02:17,070

and if so then it was probably bigger

44

00:02:24,800 --> 00:02:20,430

and lengthened with than a jumbo jet and

45

00:02:28,880 --> 00:02:24,810

the lights were each as big as a bus it

46

00:02:30,620 --> 00:02:28,890

was silent and moving north west at

47

00:02:34,100 --> 00:02:30,630

about five miles per hour

48

00:02:39,050 --> 00:02:34,110

I watched it travel about 300 meters and

49

00:02:42,280 --> 00:02:39,060

it appeared to stop it didn't turn but

50

00:02:46,100 --> 00:02:42,290

started to move back towards me and

51  
00:02:48,830 --> 00:02:46,110  
retrace its path I observed it for

52  
00:02:51,350 --> 00:02:48,840  
thirty minutes as it slowly moved back

53  
00:02:55,460 --> 00:02:51,360  
to the original position I had first

54  
00:02:58,820 --> 00:02:55,470  
observed it at 1:00 a.m. this is how I

55  
00:03:01,700 --> 00:02:58,830  
determined it was the same object I had

56  
00:03:04,400 --> 00:03:01,710  
originally seen my estimate of its

57  
00:03:08,120 --> 00:03:04,410  
altitude is based in part on the fact I

58  
00:03:09,800 --> 00:03:08,130  
had to move more than once to keep it in

59  
00:03:11,960 --> 00:03:09,810  
sight because of the terrain and

60  
00:03:14,930 --> 00:03:11,970  
buildings meant I couldn't keep it in

61  
00:03:17,390 --> 00:03:14,940  
view from one spot I was now observing

62  
00:03:20,150 --> 00:03:17,400  
exactly what I had been observing at

63  
00:03:23,780 --> 00:03:20,160

1:00 a.m. and at this moment a young

64

00:03:26,480 --> 00:03:23,790

woman who lives nearby came along and I

65

00:03:29,120 --> 00:03:26,490

pointed it out to her she told me that

66

00:03:32,480 --> 00:03:29,130

she had some friends had observed the

67

00:03:37,550 --> 00:03:32,490

same thing a week earlier doing exactly

68

00:03:41,090 --> 00:03:37,560

the same thing the next UFO sighting

69

00:03:41,870 --> 00:03:41,100

happened in Smith's Creek Michigan this

70

00:03:44,720 --> 00:03:41,880

occurred

71

00:03:47,270 --> 00:03:44,730

January 10th 2018 and briefed the

72

00:03:48,530 --> 00:03:47,280

witness state I was taking a picture of

73

00:03:51,170 --> 00:03:48,540

the clouds because they seemed to be

74

00:03:53,210 --> 00:03:51,180

forming oddly I didn't see any lights

75

00:03:55,490 --> 00:03:53,220

when I was taking the picture it was

76

00:03:57,980 --> 00:03:55,500

only a couple of days ago when I was

77

00:04:03,320 --> 00:03:57,990

looking at my photos that I noticed

78

00:04:06,320 --> 00:04:03,330

these lights in the sky in my photo in

79

00:04:08,930 --> 00:04:06,330

more detail I was outside shoveling snow

80

00:04:12,170 --> 00:04:08,940

at my home at 7:15 in the morning On

81

00:04:14,150 --> 00:04:12,180

January 10th I'm a big sky watcher so

82

00:04:16,460 --> 00:04:14,160

when I noticed some odd-looking clouds

83

00:04:19,340 --> 00:04:16,470

forming I decided to take a couple of

84

00:04:21,170 --> 00:04:19,350

photos only witness the clouds forming I

85

00:04:24,440 --> 00:04:21,180

didn't see the lights that are visible

86

00:04:25,760 --> 00:04:24,450

on my photo until just a couple of days

87

00:04:26,750 --> 00:04:25,770

ago when I was looking through my

88

00:04:30,370 --> 00:04:26,760

pictures

89

00:04:33,740 --> 00:04:30,380

in my photo I saw two groups of lights

90

00:04:36,830 --> 00:04:33,750

one on and the middle left of the photo

91

00:04:39,740 --> 00:04:36,840

and another group in the upper right of

92

00:04:44,090 --> 00:04:39,750

my photo looking closer I noticed

93

00:04:46,880 --> 00:04:44,100

several other lights and blue orbs upper

94

00:04:50,270 --> 00:04:46,890

right of group of lights on left side a

95

00:04:53,780 --> 00:04:50,280

picture okay to the left of the left

96

00:04:57,860 --> 00:04:53,790

group of lights I also noticed a square

97

00:05:00,200 --> 00:04:57,870

formation of four lights there are also

98

00:05:02,840 --> 00:05:00,210

more lights to the left of those four

99

00:05:05,420 --> 00:05:02,850

square lights but it looks like I might

100

00:05:08,240 --> 00:05:05,430

have cut some out when taking the

101  
00:05:11,270 --> 00:05:08,250  
picture like I said I never saw any

102  
00:05:14,660 --> 00:05:11,280  
lights whatsoever it was a flooring a

103  
00:05:16,580 --> 00:05:14,670  
little as you can see in the picture but

104  
00:05:19,570 --> 00:05:16,590  
you can see the snowflakes show

105  
00:05:22,430 --> 00:05:19,580  
differently than these lights I captured

106  
00:05:24,260 --> 00:05:22,440  
isn't it wild how people always say I

107  
00:05:26,060 --> 00:05:24,270  
think was nothing there I swear I took

108  
00:05:27,890 --> 00:05:26,070  
these pictures there was nothing there I

109  
00:05:30,710 --> 00:05:27,900  
look at the pictures and holy smokes

110  
00:05:33,200 --> 00:05:30,720  
there's all these things how many times

111  
00:05:35,770 --> 00:05:33,210  
do we miss stuff that's just fluttering

112  
00:05:38,390 --> 00:05:35,780  
by in our face but we can't capture it

113  
00:05:40,850 --> 00:05:38,400

and maybe we should put the GoPro and

114

00:05:44,660 --> 00:05:40,860

attach it to our forehead and see what

115

00:05:47,510 --> 00:05:44,670

we catch right I'm for it like a

116

00:05:49,790 --> 00:05:47,520

headache though but ok moving on the

117

00:05:53,900 --> 00:05:49,800

next UFO sighting this occurred in

118

00:05:58,040 --> 00:05:53,910

California that's all it says and this

119

00:06:01,250 --> 00:05:58,050

occurred November 28th 2017 and then

120

00:06:05,210 --> 00:06:01,260

they just call it a spinning disc ah in

121

00:06:07,160 --> 00:06:05,220

more detail Emeryville California around

122

00:06:11,030 --> 00:06:07,170

2:00 p.m. on November 28th it was a

123

00:06:11,990 --> 00:06:11,040

cloudless day with a light blue sky warm

124

00:06:14,150 --> 00:06:12,000

and sunny

125

00:06:17,240 --> 00:06:14,160

oh they're painting such a picture in

126

00:06:20,450 --> 00:06:17,250

our complex we have a spa that faces

127

00:06:23,870 --> 00:06:20,460

north must be nice that day I decided to

128

00:06:27,920 --> 00:06:23,880

go and use the spa to soothe my sore

129

00:06:30,140 --> 00:06:27,930

back as I was sitting in the spa facing

130

00:06:32,930 --> 00:06:30,150

north I was looking above the roof of my

131

00:06:34,580 --> 00:06:32,940

complex and noticed something glittering

132

00:06:40,600 --> 00:06:34,590

up in the sky

133

00:06:43,300 --> 00:06:40,610

something moving back a 4

134

00:06:45,490 --> 00:06:43,310

and the zigzag like fashion would come

135

00:06:48,520 --> 00:06:45,500

closer then it was eggs egg back like

136

00:06:51,820 --> 00:06:48,530

ten miles or so and then zigzag back and

137

00:06:55,450 --> 00:06:51,830

spin you can see it in the video I took

138

00:06:58,260 --> 00:06:55,460

of with my Samsung 5 camera phone the

139

00:07:01,209 --> 00:06:58,270

whole thing lasted about three minutes

140

00:07:03,059 --> 00:07:01,219

but I'm sure this was already there when

141

00:07:06,149 --> 00:07:03,069

I arrived at the spa

142

00:07:09,010 --> 00:07:06,159

due to the brightness of the day I was

143

00:07:12,129 --> 00:07:09,020

discouraged from filming more due to

144

00:07:14,399 --> 00:07:12,139

battery life and storage I was

145

00:07:18,760 --> 00:07:14,409

mesmerized by the way it moved and

146

00:07:19,300 --> 00:07:18,770

excited to see it fly like that I loved

147

00:07:22,360 --> 00:07:19,310

it

148

00:07:24,879 --> 00:07:22,370

not my first sighting I'm 65 years old

149

00:07:28,330 --> 00:07:24,889

and have seen them throughout my life I

150

00:07:31,420 --> 00:07:28,340

know they are there I have always known

151

00:07:35,950 --> 00:07:31,430

they are there well good for you

152

00:07:40,959 --> 00:07:35,960

awesome okay the next your first

153

00:07:44,649 --> 00:07:40,969

sighting happened and milla go on this

154

00:07:47,170 --> 00:07:44,659

occurred on January 18th 2018 and

155

00:07:52,209 --> 00:07:47,180

breathe the witness states we have not

156

00:07:53,860 --> 00:07:52,219

seen the UFO it's captured in camera ok

157

00:07:57,430 --> 00:07:53,870

there their numbering things here number

158

00:08:02,350 --> 00:07:57,440

one we were on an open ground observing

159

00:08:04,950 --> 00:08:02,360

a possible plane asteroid or meteor that

160

00:08:07,959 --> 00:08:04,960

we have been tracking since many days

161

00:08:10,779 --> 00:08:07,969

first we sighted that object on the 6th

162

00:08:16,170 --> 00:08:10,789

of January 15th of January 18th of

163

00:08:18,939 --> 00:08:16,180

January 21st 23rd 26 28th of January all

164

00:08:21,339 --> 00:08:18,949

the dates we clicked photos and took

165

00:08:24,730 --> 00:08:21,349

videos and to our surprise we found

166

00:08:27,129 --> 00:08:24,740

three unidentified objects around the

167

00:08:29,079 --> 00:08:27,139

bright light number 2

168

00:08:35,230 --> 00:08:29,089

we notice that object captured in photo

169

00:08:39,130 --> 00:08:35,240

and video number 3 UFO people number ok

170

00:08:42,519 --> 00:08:39,140

number 4 and the object has a reflective

171

00:08:46,259 --> 00:08:42,529

surface and a shadow at its bottom it

172

00:08:49,240 --> 00:08:46,269

moves with a great speed which cannot

173

00:08:52,240 --> 00:08:49,250

huh which cannot be seen with the naked

174

00:08:54,640 --> 00:08:52,250

eye its path is not in a straight line

175

00:08:58,180 --> 00:08:54,650

but seems like it's observed

176  
00:08:59,590 --> 00:08:58,190  
something around the possible meteor we

177  
00:09:02,350 --> 00:08:59,600  
were stunned to see the pictures On

178  
00:09:04,300 --> 00:09:02,360  
January 6 that we decided to take videos

179  
00:09:07,450 --> 00:09:04,310  
and photos of that meteor or plane

180  
00:09:10,330 --> 00:09:07,460  
around which we saw these objects we

181  
00:09:12,460 --> 00:09:10,340  
informed each person in our contact to

182  
00:09:15,040 --> 00:09:12,470  
the same and almost in every picture

183  
00:09:17,890 --> 00:09:15,050  
taken from different parts of the city

184  
00:09:20,860 --> 00:09:17,900  
we found the object we never saw it with

185  
00:09:23,590 --> 00:09:20,870  
the naked eye but for sure it's not a

186  
00:09:26,440 --> 00:09:23,600  
camera glitch if it had been a glitch it

187  
00:09:33,210 --> 00:09:26,450  
does not occur in every camera at the

188  
00:09:38,890 --> 00:09:33,220

same time okay and alien encounter in

189

00:09:41,050 --> 00:09:38,900

Oregon November 20th 2017 in brief the

190

00:09:43,930 --> 00:09:41,060

witness states was reviewing picture

191

00:09:47,890 --> 00:09:43,940

from a trip to the Oregon coast when I

192

00:09:49,450 --> 00:09:47,900

noticed a figure in the window

193

00:09:51,880 --> 00:09:49,460

and then they don't give much more

194

00:09:54,040 --> 00:09:51,890

detail was reviewing a picture from a

195

00:09:57,190 --> 00:09:54,050

trip I took to Oregon Coast when I

196

00:10:00,670 --> 00:09:57,200

noticed a human-like figure with big

197

00:10:03,760 --> 00:10:00,680

black eyes looking into the window this

198

00:10:05,470 --> 00:10:03,770

came as a big shock to me as I did not

199

00:10:08,410 --> 00:10:05,480

experience anything paranormal

200

00:10:12,540 --> 00:10:08,420

during this day but when I was around

201  
00:10:14,980 --> 00:10:12,550  
seven to eight years old I did see a UFO

202  
00:10:19,600 --> 00:10:14,990  
okie-dokie I'm losing my voice don't

203  
00:10:24,160 --> 00:10:19,610  
mind me next UFO sighting happened in

204  
00:10:25,120 --> 00:10:24,170  
Montague Prince Edward Island this

205  
00:10:29,410 --> 00:10:25,130  
occurred

206  
00:10:32,350 --> 00:10:29,420  
July 20th 2017 lights in the sky shot

207  
00:10:35,220 --> 00:10:32,360  
with Android phone two videos about ten

208  
00:10:39,100 --> 00:10:35,230  
minutes long video kind of dark lights

209  
00:10:41,230 --> 00:10:39,110  
turning to rings simultaneously lights

210  
00:10:44,230 --> 00:10:41,240  
would go out then others appear

211  
00:10:47,470 --> 00:10:44,240  
illuminating the sky around the water

212  
00:10:52,030 --> 00:10:47,480  
under yellowish mist in air when all

213  
00:10:54,220 --> 00:10:52,040

done must have been stinky in more

214

00:10:55,900 --> 00:10:54,230  
detail reporting for my son who

215

00:11:00,160 --> 00:10:55,910  
witnessed lights in the sky

216

00:11:03,100 --> 00:11:00,170  
July 20th 2017 and approximately 1025

217

00:11:05,230 --> 00:11:03,110  
p.m. was witnessed by himself his

218

00:11:07,670 --> 00:11:05,240  
girlfriend her brother and my grandson

219

00:11:10,550 --> 00:11:07,680  
who's eight years old was

220

00:11:13,940 --> 00:11:10,560  
shot on an Android phone two videos

221

00:11:15,829 --> 00:11:13,950  
about ten minutes long each was sent one

222

00:11:18,829 --> 00:11:15,839  
of the videos to my Facebook account

223

00:11:22,220 --> 00:11:18,839  
video shows lights in the sky pulsating

224

00:11:24,530 --> 00:11:22,230  
and not moving sometimes a couple at a

225

00:11:28,460 --> 00:11:24,540  
time which simultaneously pulses and

226  
00:11:31,579 --> 00:11:28,470  
turns to rings and back again was a mist

227  
00:11:34,699 --> 00:11:31,589  
in the air when sighting was over lights

228  
00:11:39,940 --> 00:11:34,709  
below in the video art streetlights and

229  
00:11:43,210 --> 00:11:39,950  
car lights leading into Georgetown P pay

230  
00:11:46,100 --> 00:11:43,220  
video was shot in lower Montague

231  
00:11:49,300 --> 00:11:46,110  
overlooking Georgetown lights can be

232  
00:11:52,010 --> 00:11:49,310  
seen reflecting off of water as well as

233  
00:11:55,970 --> 00:11:52,020  
lighting the sky which is not seen in

234  
00:11:58,510 --> 00:11:55,980  
video sunset a mist was in the air when

235  
00:12:01,460 --> 00:11:58,520  
the sighting was over a yellowish mist

236  
00:12:04,190 --> 00:12:01,470  
have a video shared from my son to my

237  
00:12:06,199 --> 00:12:04,200  
Facebook Timeline unsure how to share

238  
00:12:11,960 --> 00:12:06,209

this report well we got it I'm looking

239

00:12:14,000 --> 00:12:11,970

at it now the next UFO sighting black

240

00:12:17,090 --> 00:12:14,010

triangle sighting in Buffalo Mills

241

00:12:20,390 --> 00:12:17,100

Pennsylvania the Sakura January 28th

242

00:12:23,480 --> 00:12:20,400

2018 double triangle shape red white

243

00:12:26,350 --> 00:12:23,490

light south to East silent fast saw from

244

00:12:30,890 --> 00:12:26,360

front deck low clouds disappeared over

245

00:12:32,810 --> 00:12:30,900

mountain in more detail in front of my

246

00:12:34,940 --> 00:12:32,820

house facing south putting dogs out

247

00:12:37,850 --> 00:12:34,950

waiting for them to finish looked

248

00:12:40,610 --> 00:12:37,860

straight in front of me saw big red

249

00:12:43,610 --> 00:12:40,620

white lights randomly pulsating in

250

00:12:46,370 --> 00:12:43,620

double triangle pattern could not see

251

00:12:48,980 --> 00:12:46,380

actual surface a craft it moved at a

252

00:12:52,130 --> 00:12:48,990

very fast pace from south to east

253

00:12:54,800 --> 00:12:52,140

the sky was cloudy seemed like low cloud

254

00:12:56,750 --> 00:12:54,810

cover could see the glow of the moon in

255

00:12:58,790 --> 00:12:56,760

the Northeast but couldn't actually see

256

00:13:01,760 --> 00:12:58,800

it it was moving towards the mountains

257

00:13:04,760 --> 00:13:01,770

to the southeast so I yelled for my wife

258

00:13:06,620 --> 00:13:04,770

to come look we both saw it moving

259

00:13:11,780 --> 00:13:06,630

before it went behind the mountain the

260

00:13:15,980 --> 00:13:11,790

mountain is State game land 48 acres 48

261

00:13:17,750 --> 00:13:15,990

a which is 16,000 acres it made one more

262

00:13:20,120 --> 00:13:17,760

appearance between mountain tops and

263

00:13:21,360 --> 00:13:20,130

disappeared again at first I thought it

264

00:13:24,060 --> 00:13:21,370

was the space day

265

00:13:27,030 --> 00:13:24,070

but knew the cloud cover would prohibit

266

00:13:29,760 --> 00:13:27,040

that I knew that based on cloud cover

267

00:13:30,600 --> 00:13:29,770

apparent size and speed no noise it was

268

00:13:34,050 --> 00:13:30,610

a UFO

269

00:13:37,260 --> 00:13:34,060

I would guess the size to be as big as

270

00:13:40,260 --> 00:13:37,270

our house or more which is forty by

271

00:13:43,740 --> 00:13:40,270

sixty four minutes later I saw two white

272

00:13:47,670 --> 00:13:43,750

lights like LEDs move just north of our

273

00:13:50,760 --> 00:13:47,680

house from east to west once it passed I

274

00:13:53,940 --> 00:13:50,770

could see the tail where one was a

275

00:13:57,210 --> 00:13:53,950

blinking white light I thought maybe it

276

00:13:59,400 --> 00:13:57,220

was a plane but it was silent and had

277

00:14:02,250 --> 00:13:59,410

two front white lights

278

00:14:04,740 --> 00:14:02,260

not one light I made this report right

279

00:14:11,370 --> 00:14:04,750

away so I can remember it as accurately

280

00:14:15,870 --> 00:14:11,380

as possible Touche the next UFO sighting

281

00:14:18,360 --> 00:14:15,880

happened in Monrovia California whew UFO

282

00:14:23,670 --> 00:14:18,370

blast from the past here this occurred

283

00:14:25,170 --> 00:14:23,680

May 31st 2004 object appeared for

284

00:14:29,370 --> 00:14:25,180

approximately 30 seconds before

285

00:14:31,980 --> 00:14:29,380

vanishing in the span of roughly three

286

00:14:34,640 --> 00:14:31,990

seconds at the time of the encounter a

287

00:14:38,579 --> 00:14:34,650

roughly midday I was leaving in a large

288

00:14:40,620 --> 00:14:38,589

huh Oh laying and a large free reclining

289

00:14:41,880 --> 00:14:40,630

lawn chair positioned in the center of

290

00:14:44,130 --> 00:14:41,890

the lower half of our yard

291

00:14:46,769 --> 00:14:44,140

my mother was approximately 30 feet away

292

00:14:48,630 --> 00:14:46,779

tending to her garden my dog was in

293

00:14:52,140 --> 00:14:48,640

approximately the same a area as my

294

00:14:55,320 --> 00:14:52,150

mother for some reason I decided to look

295

00:14:59,519 --> 00:14:55,330

directly above me for some reason you're

296

00:15:01,560 --> 00:14:59,529

lounging okay anyways where I saw I just

297

00:15:02,310 --> 00:15:01,570

saved hundreds of dollars by switching

298

00:15:03,960 --> 00:15:02,320

to Geico

299

00:15:05,940 --> 00:15:03,970

I feel like I'm on top of the world

300

00:15:07,260 --> 00:15:05,950

disclaimer you will not be transported

301  
00:15:08,310 --> 00:15:07,270  
to the top of the world in the unlikely

302  
00:15:09,329 --> 00:15:08,320  
event you find yourself the Arctic

303  
00:15:11,130 --> 00:15:09,339  
Circle seek shelter from the elements

304  
00:15:12,390 --> 00:15:11,140  
immediately to avoid frostbite and/or

305  
00:15:13,560 --> 00:15:12,400  
hypothermia Geico will not be

306  
00:15:15,120 --> 00:15:13,570  
responsible if you find yourself in a

307  
00:15:16,620 --> 00:15:15,130  
cave or crevice with a lonely abominable

308  
00:15:17,730 --> 00:15:16,630  
snowman who in all likelihood will force

309  
00:15:19,710 --> 00:15:17,740  
you to play games including but not

310  
00:15:21,269 --> 00:15:19,720  
limited to go fish charades Chinese

311  
00:15:23,070 --> 00:15:21,279  
checkers or his personal favorite Red

312  
00:15:24,300 --> 00:15:23,080  
Rover Red Rover send Yeti on over Gaga

313  
00:15:26,400 --> 00:15:24,310

was not liable for any damages either

314

00:15:30,079 --> 00:15:26,410

physical or emotional Geico 15 minutes

315

00:15:33,870 --> 00:15:30,089

could save you 15% or more the ovular

316

00:15:35,170 --> 00:15:33,880

object hovering perhaps 300 feet

317

00:15:38,440 --> 00:15:35,180

directly overhead

318

00:15:40,930 --> 00:15:38,450

if held at arm's length I would say it

319

00:15:44,350 --> 00:15:40,940

would take up roughly the same space as

320

00:15:48,850 --> 00:15:44,360

a small pizza along the axis of the

321

00:15:52,060 --> 00:15:48,860

object the object was roughly twice as

322

00:15:55,650 --> 00:15:52,070

long as it was wide I distinctly

323

00:15:58,330 --> 00:15:55,660

remember feeling curious I hope so

324

00:16:00,870 --> 00:15:58,340

wondering what this strange thing was I

325

00:16:04,990 --> 00:16:00,880

also remember feeling a slight

326

00:16:08,380 --> 00:16:05,000

apprehension or incredibly mild fear at

327

00:16:10,990 --> 00:16:08,390

the sight of the object okay watching it

328

00:16:13,890 --> 00:16:11,000

for several seconds I noticed that it

329

00:16:17,560 --> 00:16:13,900

seemed to lack a definite outline

330

00:16:19,270 --> 00:16:17,570

seeming somewhat fuzzy I blinked several

331

00:16:22,570 --> 00:16:19,280

times fearing I might have accidentally

332

00:16:25,390 --> 00:16:22,580

looked at the Sun and that this was some

333

00:16:28,270 --> 00:16:25,400

strange after effect to no avail the

334

00:16:30,280 --> 00:16:28,280

object remained the object itself was

335

00:16:33,970 --> 00:16:30,290

the deepest darkest shade a pitch-black

336

00:16:36,670 --> 00:16:33,980

I have ever seen there seemed to be no

337

00:16:38,440 --> 00:16:36,680

shine reflectivity or other light

338

00:16:40,780 --> 00:16:38,450

affecting the coloration of the

339

00:16:43,870 --> 00:16:40,790

blackness emanating from the center of

340

00:16:47,770 --> 00:16:43,880

the craft was an extremely dark purple

341

00:16:49,630 --> 00:16:47,780

pulsating that radiated outward from the

342

00:16:52,150 --> 00:16:49,640

center until it reached the edge of the

343

00:16:54,040 --> 00:16:52,160

object where it dissipated I like that

344

00:16:57,040 --> 00:16:54,050

that's a nice mixture of colors there

345

00:16:59,950 --> 00:16:57,050

purple watching it for several moments

346

00:17:04,060 --> 00:16:59,960

the object eventually in the span of one

347

00:17:06,730 --> 00:17:04,070

or two seconds gradually gradually faded

348

00:17:09,430 --> 00:17:06,740

out of sight at nope no point it did it

349

00:17:12,010 --> 00:17:09,440

perform any maneuvers or move in any way

350

00:17:12,760 --> 00:17:12,020

I looked up saw it watched it and it

351  
00:17:15,579 --> 00:17:12,770  
disappeared

352  
00:17:18,460 --> 00:17:15,589  
I remember that it never occurred to

353  
00:17:20,440 --> 00:17:18,470  
look away from the object I felt

354  
00:17:23,500 --> 00:17:20,450  
fascinated by it and wanted to keep

355  
00:17:25,780 --> 00:17:23,510  
watching it I'm also not entirely aware

356  
00:17:28,570 --> 00:17:25,790  
of how much time elapsed thirty seconds

357  
00:17:31,870 --> 00:17:28,580  
is merely the best estimate I am able to

358  
00:17:36,910 --> 00:17:31,880  
give being outside I had no ready access

359  
00:17:39,880 --> 00:17:36,920  
to a timepiece snappy back to my

360  
00:17:43,420 --> 00:17:39,890  
perceptions I looked over and saw my

361  
00:17:45,550 --> 00:17:43,430  
mother and dog I was matter-of-factly

362  
00:17:48,400 --> 00:17:45,560  
asked her if she had seen the thing in

363  
00:17:49,050 --> 00:17:48,410

the sky she then replied what thing in

364

00:17:51,420 --> 00:17:49,060

the sky

365

00:17:53,670 --> 00:17:51,430

since she hadn't seen it I dismissed the

366

00:17:56,780 --> 00:17:53,680

conversation with a quick never mind

367

00:17:59,250 --> 00:17:56,790

huh dude you didn't say hey look

368

00:18:01,080 --> 00:17:59,260

probably the oddest thing about this is

369

00:18:04,260 --> 00:18:01,090

that I remember the incident as clear as

370

00:18:07,140 --> 00:18:04,270

day while the memory of it almost all of

371

00:18:09,510 --> 00:18:07,150

my young childhood is extremely faded or

372

00:18:11,340 --> 00:18:09,520

non-existent I'm not sure if this is

373

00:18:14,310 --> 00:18:11,350

relevant but I feel I should include

374

00:18:17,010 --> 00:18:14,320

that I was noted very early in my

375

00:18:19,500 --> 00:18:17,020

education as being very intellectually

376

00:18:21,540 --> 00:18:19,510

gifted I was a candidate to skip grade

377

00:18:23,670 --> 00:18:21,550

several times it was tested as having

378

00:18:27,090 --> 00:18:23,680

the reading ability of a college

379

00:18:29,190 --> 00:18:27,100

freshman in the fifth grade also of note

380

00:18:32,100 --> 00:18:29,200

is that as a child I was absolutely

381

00:18:35,700 --> 00:18:32,110

terrified being or sleeping in my own

382

00:18:39,240 --> 00:18:35,710

bedroom such that it was more frightened

383

00:18:43,050 --> 00:18:39,250

by being there than I have ever been by

384

00:18:48,120 --> 00:18:43,060

nothing else in my life thus far well

385

00:18:50,760 --> 00:18:48,130

that's fascinating could potentially be

386

00:18:55,170 --> 00:18:50,770

a pattern of alien contact that's all

387

00:18:58,400 --> 00:18:55,180

i'ma say okay all right this next you

388

00:19:01,860 --> 00:18:58,410

for citing black triangle sighting in

389

00:19:03,570 --> 00:19:01,870

Mililani Hawaii there's a care of

390

00:19:06,560 --> 00:19:03,580

January 26 2018

391

00:19:09,740 --> 00:19:06,570

and Brees the witness states three tubes

392

00:19:13,020 --> 00:19:09,750

triangle with pinochle star sized

393

00:19:16,170 --> 00:19:13,030

magenta light flashed one time then

394

00:19:20,490 --> 00:19:16,180

brightened to white off horizon from

395

00:19:22,890 --> 00:19:20,500

driver's seat oh boy these names of

396

00:19:24,750 --> 00:19:22,900

Hawaii are something else we're gonna

397

00:19:26,910 --> 00:19:24,760

we're gonna try to tackle it as best as

398

00:19:30,240 --> 00:19:26,920

we can in more detail the witness states

399

00:19:33,180 --> 00:19:30,250

I parked on a c'mon inany Street about

400

00:19:36,150 --> 00:19:33,190

20 feet before the fire hydrant right

401  
00:19:39,750 --> 00:19:36,160  
side of Street checking Friday night

402  
00:19:41,460 --> 00:19:39,760  
text messages number two I just sent

403  
00:19:44,460 --> 00:19:41,470  
something and glanced up I did a

404  
00:19:47,670 --> 00:19:44,470  
double-take before staring at it number

405  
00:19:51,090 --> 00:19:47,680  
three I thought nothing just a glance up

406  
00:19:53,610 --> 00:19:51,100  
then went whoa and glanced again and saw

407  
00:19:56,190 --> 00:19:53,620  
a different thing than I've ever seen

408  
00:19:58,530 --> 00:19:56,200  
anywhere else number four especially

409  
00:20:02,430 --> 00:19:58,540  
after I realized there were long

410  
00:20:04,740 --> 00:20:02,440  
horizontal lights down each to the

411  
00:20:08,249 --> 00:20:04,750  
tubes seemed to have some thick ribs

412  
00:20:10,590 --> 00:20:08,259  
spaced quite a distance apart join

413  
00:20:13,919 --> 00:20:10,600

together with something thinner and

414

00:20:17,039 --> 00:20:13,929

darker the pinnacle of Asus Alize

415

00:20:21,119 --> 00:20:17,049

triangle had a space where the star

416

00:20:23,419 --> 00:20:21,129

sized light twinkled then as I was

417

00:20:26,909 --> 00:20:23,429

trying to see it clearly it flashed

418

00:20:29,419 --> 00:20:26,919

after the flash it got a brighter white

419

00:20:31,680 --> 00:20:29,429

and all the other things on the tubes

420

00:20:35,970 --> 00:20:31,690

grew brighter to drown out any

421

00:20:38,419 --> 00:20:35,980

definition hmm okay has a black triangle

422

00:20:41,730 --> 00:20:38,429

there describing the clouds then moved

423

00:20:43,830 --> 00:20:41,740

until it was covered completely number

424

00:20:47,430 --> 00:20:43,840

five I was surprised shocked how large

425

00:20:50,639 --> 00:20:47,440

this triangle noticed that there is

426

00:20:53,669 --> 00:20:50,649

structure metallic LED not very shiny

427

00:20:56,100 --> 00:20:53,679

but also not reflecting the long bright

428

00:20:59,430 --> 00:20:56,110

white light I was excited

429

00:21:02,759 --> 00:20:59,440

the sky was clear to each side to two

430

00:21:05,490 --> 00:21:02,769

times the length of a 747 at boarding

431

00:21:08,009 --> 00:21:05,500

gate perspective probably two and a half

432

00:21:10,230 --> 00:21:08,019

miles away towards Pearl Harbor there

433

00:21:13,080 --> 00:21:10,240

were no other aircraft in the sky I only

434

00:21:15,960 --> 00:21:13,090

kept looking because after I noticed the

435

00:21:19,379 --> 00:21:15,970

triangle-shaped light in the sky I grew

436

00:21:21,690 --> 00:21:19,389

up not far from a naval airbase in the

437

00:21:23,700 --> 00:21:21,700

country on the landing and departure

438

00:21:26,490 --> 00:21:23,710

path there just kind of jumping around

439

00:21:30,509 --> 00:21:26,500

aren't they Bucks County fields where I

440

00:21:32,970 --> 00:21:30,519

saw f-18 pilots wave at me below radar

441

00:21:35,340 --> 00:21:32,980

as a kid on my bike so I know this

442

00:21:39,480 --> 00:21:35,350

wasn't even a flying wing or a black

443

00:21:41,460 --> 00:21:39,490

triangle I know about the tr-3b I've

444

00:21:44,310 --> 00:21:41,470

driven into the highway at night when I

445

00:21:46,350 --> 00:21:44,320

what I thought was a stealth came in and

446

00:21:48,450 --> 00:21:46,360

was above my vehicle afterwards I looked

447

00:21:50,940 --> 00:21:48,460

around haven't seen a picture like this

448

00:21:53,279 --> 00:21:50,950

triangle definitely not no light

449

00:21:56,519 --> 00:21:53,289

arrangement and a long rectangle no

450

00:21:59,490 --> 00:21:56,529

connecting dark tube that lights up to a

451  
00:22:01,259 --> 00:21:59,500  
star size magenta orange it seems

452  
00:22:03,930 --> 00:22:01,269  
separate from the triangle then it flash

453  
00:22:06,330 --> 00:22:03,940  
brighter and returned to normal then it

454  
00:22:08,610 --> 00:22:06,340  
became brighter till I turned bright it

455  
00:22:11,249 --> 00:22:08,620  
turned bright white light the tube

456  
00:22:13,019 --> 00:22:11,259  
lights up the cloud cover I mean the

457  
00:22:15,539 --> 00:22:13,029  
moon was pretty much covered in the sky

458  
00:22:16,320 --> 00:22:15,549  
behind me lost I object due to cloud

459  
00:22:19,019 --> 00:22:16,330  
cover

460  
00:22:20,850 --> 00:22:19,029  
moving in once the lights blinded out

461  
00:22:24,899 --> 00:22:20,860  
the structure the poor quality video I

462  
00:22:25,590 --> 00:22:24,909  
took kind of on my iPhone 5s is on my

463  
00:22:28,980 --> 00:22:25,600

periscope

464

00:22:31,500 --> 00:22:28,990

however since I'm in Hawaii and on Oahu

465

00:22:33,870 --> 00:22:31,510

I've seen so many lights maneuvering the

466

00:22:37,320 --> 00:22:33,880

beach in the past I tried to get them on

467

00:22:39,149 --> 00:22:37,330

iPhone 5s and it's not much to look at I

468

00:22:40,860 --> 00:22:39,159

know the little lighting wasn't good

469

00:22:43,529 --> 00:22:40,870

either so I decided to get a good look

470

00:22:45,389 --> 00:22:43,539

at it since the phone cam wouldn't have

471

00:22:48,090 --> 00:22:45,399

gotten the detail in the night sky on a

472

00:22:50,009 --> 00:22:48,100

fairly dimly lit Street almost dark as a

473

00:22:52,740 --> 00:22:50,019

waste of time I could try to make a dry

474

00:22:55,799 --> 00:22:52,750

drawing or better than that colored

475

00:22:58,669 --> 00:22:55,809

pencil kind of sad yeah you know that's

476

00:23:02,399 --> 00:22:58,679

so true it's like people have these

477

00:23:03,840 --> 00:23:02,409

magnificent sightings and people like oh

478

00:23:07,139 --> 00:23:03,850

if you want to prove your fools are real

479

00:23:09,600 --> 00:23:07,149

like oh what's this face Tyson the

480

00:23:10,919 --> 00:23:09,610

astrophysicist said oh then make a

481

00:23:12,930 --> 00:23:10,929

million bucks get a really good video

482

00:23:15,480 --> 00:23:12,940

ever it's got a camera on there on their

483

00:23:18,570 --> 00:23:15,490

phone HD quality whoa you know what

484

00:23:21,480 --> 00:23:18,580

these things are not like just above

485

00:23:23,100 --> 00:23:21,490

your head and I'm sorry but the naked

486

00:23:25,409 --> 00:23:23,110

eye is just a bit better than a camera

487

00:23:27,960 --> 00:23:25,419

and I can't capture all the details when

488

00:23:30,240 --> 00:23:27,970

there's bad lighting I mean you can't

489

00:23:31,379 --> 00:23:30,250

get a good picture and a birthday party

490

00:23:35,070 --> 00:23:31,389

with bad lighting

491

00:23:37,139 --> 00:23:35,080

so she's million dollar picture I mean

492

00:23:39,659 --> 00:23:37,149

then the ones that are to clear what do

493

00:23:42,509 --> 00:23:39,669

we say oh that was doctor that was photo

494

00:23:45,720 --> 00:23:42,519

shots oh yeah mm-hmm

495

00:23:47,549 --> 00:23:45,730

people try and it's true it's really

496

00:23:51,060 --> 00:23:47,559

difficult to get a good shot of such

497

00:23:53,430 --> 00:23:51,070

things and this is the kicker as if they

498

00:23:54,980 --> 00:23:53,440

hear you I'm gonna go get my camera boom

499

00:23:57,149 --> 00:23:54,990

they're gone

500

00:23:59,009 --> 00:23:57,159

don't take your eyes off of them and

501  
00:24:01,259 --> 00:23:59,019  
like up she's getting a camera and

502  
00:24:05,190 --> 00:24:01,269  
they're gone they don't want that proof

503  
00:24:07,440 --> 00:24:05,200  
either out there I guess all right well

504  
00:24:09,600 --> 00:24:07,450  
moving on to some paranormal points

505  
00:24:11,759 --> 00:24:09,610  
because we have to always touch on a

506  
00:24:14,340 --> 00:24:11,769  
paranormal story don't we cuz it's just

507  
00:24:17,639 --> 00:24:14,350  
fun it's just fun to do I think anyways

508  
00:24:20,970 --> 00:24:17,649  
this one is called my experience with

509  
00:24:23,730 --> 00:24:20,980  
goatman's bridge and this experience er

510  
00:24:25,320 --> 00:24:23,740  
says I used to be hardcore into the

511  
00:24:27,570 --> 00:24:25,330  
whole paranormal saying when I was a kid

512  
00:24:29,590 --> 00:24:27,580  
but like most people I would grow out of

513  
00:24:32,110 --> 00:24:29,600

it as I got older

514

00:24:34,030 --> 00:24:32,120

okay not me but a trip to Denton Texas

515

00:24:35,740 --> 00:24:34,040

would open my mind back up to the idea

516

00:24:36,580 --> 00:24:35,750

that there are things that just cannot

517

00:24:39,880 --> 00:24:36,590

be explained

518

00:24:42,310 --> 00:24:39,890

I live in Plano and have a pal who would

519

00:24:45,190 --> 00:24:42,320

often go exploring places in the DFW

520

00:24:48,760 --> 00:24:45,200

area parks creeks even a few abandoned

521

00:24:50,380 --> 00:24:48,770

buildings my pal Cass decided to ditch

522

00:24:52,180 --> 00:24:50,390

the normal routine of exploring the

523

00:24:54,460 --> 00:24:52,190

usual and brought up the old Alton

524

00:24:56,740 --> 00:24:54,470

bridge in Denton as a spot to check out

525

00:25:00,820 --> 00:24:56,750

and said it was supposedly haunted and

526  
00:25:02,770 --> 00:25:00,830  
had well hmm a goatman there I laughed

527  
00:25:04,840 --> 00:25:02,780  
and asked why would a dinky old bridge

528  
00:25:07,600 --> 00:25:04,850  
be haunted and that this is when she

529  
00:25:10,960 --> 00:25:07,610  
told me about the men who killed and was

530  
00:25:12,970 --> 00:25:10,970  
hung by the KKK all that sad only to

531  
00:25:16,180 --> 00:25:12,980  
find that the noose they threw over the

532  
00:25:19,060 --> 00:25:16,190  
bridge with the man had nobody on it and

533  
00:25:21,220 --> 00:25:19,070  
no trace of the body she also told me

534  
00:25:23,830 --> 00:25:21,230  
that another local legend says that the

535  
00:25:25,630 --> 00:25:23,840  
dope man Trump's through the woods I

536  
00:25:28,450 --> 00:25:25,640  
scratched my head at the two stories

537  
00:25:31,000 --> 00:25:28,460  
after all it's a bit odd to have two

538  
00:25:33,760 --> 00:25:31,010

different kinds of spooky activity go on

539

00:25:35,320 --> 00:25:33,770

at a place so I said for the heck of it

540

00:25:37,690 --> 00:25:35,330

let's go check it out

541

00:25:40,900 --> 00:25:37,700

now this is where it gets a little goofy

542

00:25:45,700 --> 00:25:40,910

but then a little weird I have a set of

543

00:25:48,010 --> 00:25:45,710

stormtrooper armor for Star Wars and I

544

00:25:52,630 --> 00:25:48,020

figured we could take some cool pictures

545

00:25:55,180 --> 00:25:52,640

in the area while we're at it sure so

546

00:25:59,800 --> 00:25:55,190

imagine me in this plastic getup walking

547

00:26:01,600 --> 00:25:59,810

with cath checking the place out was

548

00:26:04,990 --> 00:26:01,610

pretty much empty when we got there so

549

00:26:07,360 --> 00:26:05,000

we started going to the bridge it had a

550

00:26:09,430 --> 00:26:07,370

lot of graffiti on it and most of them

551  
00:26:11,680 --> 00:26:09,440  
were pretty strange it was like kill

552  
00:26:14,470 --> 00:26:11,690  
yourself now the goatman is watching oh

553  
00:26:16,540 --> 00:26:14,480  
goat man save me sacrifice yourself to

554  
00:26:19,870 --> 00:26:16,550  
him I figured it was just some edgy kids

555  
00:26:21,430 --> 00:26:19,880  
being well edgy so he walked across the

556  
00:26:22,720 --> 00:26:21,440  
bridge not noticing really anything out

557  
00:26:23,470 --> 00:26:22,730  
of the ordinary and went our way into

558  
00:26:25,330 --> 00:26:23,480  
the woods

559  
00:26:27,670 --> 00:26:25,340  
it was then halfway through our walk

560  
00:26:30,130 --> 00:26:27,680  
that looped us back to the entrance of

561  
00:26:33,040 --> 00:26:30,140  
the other area of the bridge did I feel

562  
00:26:36,760 --> 00:26:33,050  
a strange feeling like I was all alone

563  
00:26:39,220 --> 00:26:36,770

despite having cast with me and like the

564

00:26:42,010 --> 00:26:39,230

presence that you couldn't see it was

565

00:26:43,030 --> 00:26:42,020

odd but not unnerving enough to make me

566

00:26:45,010 --> 00:26:43,040

want to turn back

567

00:26:47,290 --> 00:26:45,020

I took my helmet off and looked around

568

00:26:49,510 --> 00:26:47,300

before taking a deep breath and huffing

569

00:26:52,030 --> 00:26:49,520

it out Cass asked me if anything was up

570

00:26:54,580 --> 00:26:52,040

and I said now and put the trooper

571

00:26:57,160 --> 00:26:54,590

helmet back on I still felt watched but

572

00:26:58,870 --> 00:26:57,170

kept going through the trail here and

573

00:27:01,270 --> 00:26:58,880

there though I started feeling that

574

00:27:03,460 --> 00:27:01,280

unnerving feeling growing slightly more

575

00:27:05,590 --> 00:27:03,470

and more as we walked

576  
00:27:07,480 --> 00:27:05,600  
it was strange whatever was making me

577  
00:27:10,240 --> 00:27:07,490  
feel this odd feeling was following us

578  
00:27:13,390 --> 00:27:10,250  
maybe goatman had never seen a plastic

579  
00:27:15,340 --> 00:27:13,400  
man before I thought to myself me and

580  
00:27:17,140 --> 00:27:15,350  
Kathy a dar way through about the rest

581  
00:27:19,270 --> 00:27:17,150  
of the trail and I could see the trees

582  
00:27:20,920 --> 00:27:19,280  
thin out and then decided for some

583  
00:27:23,440 --> 00:27:20,930  
reason to look down and check for mud on

584  
00:27:26,440 --> 00:27:23,450  
my boots when I noticed a few noises

585  
00:27:28,810 --> 00:27:26,450  
around faint sounds of shree branches

586  
00:27:30,250 --> 00:27:28,820  
being moved I looked around and had to

587  
00:27:31,960 --> 00:27:30,260  
take the helmet off again to get a

588  
00:27:34,870 --> 00:27:31,970

better look Cass asked me if I heard

589

00:27:36,220 --> 00:27:34,880

that yeah I did we stood there for a

590

00:27:38,590 --> 00:27:36,230

good five minutes looking around trying

591

00:27:40,270 --> 00:27:38,600

to find where the noise was Cass asked

592

00:27:43,030 --> 00:27:40,280

if I wanted to get back moving and I

593

00:27:45,400 --> 00:27:43,040

decided to hang around another minute

594

00:27:48,010 --> 00:27:45,410

more checking to make sure the costume

595

00:27:50,770 --> 00:27:48,020

parts were all secure on me and we moved

596

00:27:53,320 --> 00:27:50,780

on as we got to the end of the woods it

597

00:27:56,110 --> 00:27:53,330

was when I suddenly felt creeped out and

598

00:27:59,740 --> 00:27:56,120

felt something gently push on the back

599

00:28:02,500 --> 00:27:59,750

plate of my chest armor what the heck I

600

00:28:04,120 --> 00:28:02,510

said in a raised confused tone Cass was

601  
00:28:06,010 --> 00:28:04,130  
in front of me and asked me if I was all

602  
00:28:08,680 --> 00:28:06,020  
right as I spun around bringing an arm

603  
00:28:12,310 --> 00:28:08,690  
up to try and touch whoever it was that

604  
00:28:14,410 --> 00:28:12,320  
touched me but nothing nothing was there

605  
00:28:16,060 --> 00:28:14,420  
I felt myself getting goose bumps and my

606  
00:28:18,040 --> 00:28:16,070  
hair stand on end

607  
00:28:21,610 --> 00:28:18,050  
I asked Kath what the heck just happened

608  
00:28:23,770 --> 00:28:21,620  
only to get told that she had no clue I

609  
00:28:25,480 --> 00:28:23,780  
took my helmet off yet again and carried

610  
00:28:28,120 --> 00:28:25,490  
it in my hands the rest of the walk home

611  
00:28:30,790 --> 00:28:28,130  
both of us looking pretty darn confused

612  
00:28:33,100 --> 00:28:30,800  
neither of us said a word as we went

613  
00:28:35,410 --> 00:28:33,110

back our way the rest of the trail into

614

00:28:37,510 --> 00:28:35,420

her car I took my gear off and hopped

615

00:28:39,700 --> 00:28:37,520

into the car thinking that this was the

616

00:28:42,100 --> 00:28:39,710

end of it but the weirdest part was yet

617

00:28:44,530 --> 00:28:42,110

to happen I got home and later that

618

00:28:46,810 --> 00:28:44,540

night went to bed pretty late about 3:00

619

00:28:50,770 --> 00:28:46,820

a.m. if I recall I fell asleep pretty

620

00:28:54,790 --> 00:28:50,780

easy but I got awoken up wide awake by a

621

00:28:56,740 --> 00:28:54,800

hard slam on my bed as if it was done by

622

00:28:58,630 --> 00:28:56,750

somebody using their hand

623

00:29:00,700 --> 00:28:58,640

I usually sleep facing the wall on my

624

00:29:02,980 --> 00:29:00,710

bed and was frozen stiff too scared to

625

00:29:05,110 --> 00:29:02,990

look over to see what had done it I

626

00:29:07,590 --> 00:29:05,120

stayed still not moving an inch until

627

00:29:09,700 --> 00:29:07,600

the shock wore off and jumped out of bed

628

00:29:12,160 --> 00:29:09,710

scrambling to turn on the lamp by the

629

00:29:15,610 --> 00:29:12,170

bed and not a darn trace of anything or

630

00:29:17,230 --> 00:29:15,620

anyone was seen nothing zilch it's been

631

00:29:18,870 --> 00:29:17,240

a year almost since this happened and I

632

00:29:21,370 --> 00:29:18,880

still cannot come up with an explanation

633

00:29:23,890 --> 00:29:21,380

to what happened but I will tell you I

634

00:29:25,810 --> 00:29:23,900

believe in the paranormal now there are

635

00:29:27,880 --> 00:29:25,820

some things that you can't believe until

636

00:29:29,950 --> 00:29:27,890

you experience it for yourself I am

637

00:29:31,660 --> 00:29:29,960

somewhat grateful I haven't had another

638

00:29:34,060 --> 00:29:31,670

encounter with whatever it wasn't

639

00:29:38,400 --> 00:29:34,070
