

Marilyn & Dick Carlson | Oklahoma's Finest Takes on the Aliens & Bigfoot!

Listen on

inceptionradionetwork.com

1
00:00:10,700 --> 00:00:07,309
well well we'll welcome to paying radio

2
00:00:13,669 --> 00:00:10,710
tonight is Sunday March 4th 2018 it's

3
00:00:15,980 --> 00:00:13,679
been three and a half months maybe four

4
00:00:17,390 --> 00:00:15,990
months since I've been on the air ken

5
00:00:19,910 --> 00:00:17,400
took a little break can we'll be back

6
00:00:21,769 --> 00:00:19,920
soon he's got things to take care of but

7
00:00:24,590 --> 00:00:21,779
we're black we're glad to be back on the

8
00:00:26,330 --> 00:00:24,600
air broadcasting live from the western

9
00:00:28,640 --> 00:00:26,340
shores of Lake Superior where inception

10
00:00:30,890 --> 00:00:28,650
radio network heard all over the world

11
00:00:32,659 --> 00:00:30,900
wide web and of course there's many

12
00:00:35,510 --> 00:00:32,669
different ways you can listen to us you

13
00:00:37,280 --> 00:00:35,520

can like us on Facebook follow our feeds

14

00:00:39,680 --> 00:00:37,290
and our shows and the latest on

15

00:00:41,630 --> 00:00:39,690
paranormal and the unknown news I always

16

00:00:43,670 --> 00:00:41,640
throw articles in there on Facebook you

17

00:00:44,959 --> 00:00:43,680
can follow us on Instagram which I got

18

00:00:46,299 --> 00:00:44,969
to work on a little bit more I mean

19

00:00:48,799 --> 00:00:46,309
that's kind of the thing these days

20

00:00:50,450 --> 00:00:48,809
follow us on twitter and i underscore

21

00:00:52,610 --> 00:00:50,460
our underscore and for the latest

22

00:00:55,220 --> 00:00:52,620
updates and i go in and retweet a lot of

23

00:00:56,660 --> 00:00:55,230
news from you know david icke in in

24

00:00:58,310 --> 00:00:56,670
anybody out there in a paranormal world

25

00:01:00,349 --> 00:00:58,320
I'm definitely retweeting what's going

26

00:01:02,990 --> 00:01:00,359

on you can follow us and listen to our

27

00:01:04,880 --> 00:01:03,000

shows on I Heart Radio and we're proud

28

00:01:07,640 --> 00:01:04,890

to announce we are now on Spotify so

29

00:01:09,289 --> 00:01:07,650

follow us on Spotify and you can listen

30

00:01:11,630 --> 00:01:09,299

to our latest shows right on there we're

31

00:01:14,179 --> 00:01:11,640

in tune in radio stitcher radio radio if

32

00:01:15,649 --> 00:01:14,189

you have a Roku box listen to us that

33

00:01:17,929 --> 00:01:15,659

way too you can follow our shows that

34

00:01:20,450 --> 00:01:17,939

way this is one of the neatest ways to

35

00:01:23,030 --> 00:01:20,460

listen to us if you're not tech savvy

36

00:01:24,469 --> 00:01:23,040

and you just have a flip phone or you

37

00:01:26,300 --> 00:01:24,479

have a home phone and you just don't

38

00:01:28,670 --> 00:01:26,310

want to get into that smartphone world

39

00:01:30,830 --> 00:01:28,680

that's way too expensive anyway you can

40

00:01:33,440 --> 00:01:30,840

call us at seven one two seven seven

41

00:01:35,149 --> 00:01:33,450

zero eight eight eight eight and listen

42

00:01:36,410 --> 00:01:35,159

to inception radio network by putting

43

00:01:39,109 --> 00:01:36,420

your phone on speaker

44

00:01:41,600 --> 00:01:39,119

very cool different way to do that we

45

00:01:44,240 --> 00:01:41,610

are also sponsored by leonora organics

46

00:01:47,539 --> 00:01:44,250

so check out this minimalistic organic

47

00:01:50,030 --> 00:01:47,549

skin care line it is basically three to

48

00:01:52,219 --> 00:01:50,040

four ingredients no harsh chemicals or

49

00:01:53,600 --> 00:01:52,229

you know no preservatives it's how we

50

00:01:55,550 --> 00:01:53,610

should be we should be put in a church

51
00:01:57,170 --> 00:01:55,560
on our face so check them out it's

52
00:01:58,609 --> 00:01:57,180
Leonor organics calm if you go to a

53
00:02:01,910 --> 00:01:58,619
website you'll see our sponsors there

54
00:02:03,800 --> 00:02:01,920
too and lastly I haven't been on the air

55
00:02:06,289 --> 00:02:03,810
so long I had to dig in my shoutouts

56
00:02:08,210 --> 00:02:06,299
here so hopefully our listeners and

57
00:02:10,490 --> 00:02:08,220
friends are here this shuttle goes to

58
00:02:12,980 --> 00:02:10,500
Nick B in Madison Wisconsin who is an

59
00:02:15,860 --> 00:02:12,990
avid listener Keith a Mandel

60
00:02:17,930 --> 00:02:15,870
to Canada and then we got SCE in

61
00:02:20,420 --> 00:02:17,940
Vancouver Canada so big shout outs to

62
00:02:24,260 --> 00:02:20,430
them for supporting irn and listening to

63
00:02:26,540 --> 00:02:24,270

paying radio and wow that's uh that's a

64

00:02:29,210 --> 00:02:26,550

big spiel but now I'm gonna introduce my

65

00:02:33,620 --> 00:02:29,220

guests they are friends of mine they're

66

00:02:35,510 --> 00:02:33,630

also on our table on the John Ford UFO

67

00:02:37,160 --> 00:02:35,520

nightmare show that we do on occasion

68

00:02:40,010 --> 00:02:37,170

when we get some updates

69

00:02:41,780 --> 00:02:40,020

they are also I would say the head of

70

00:02:43,880 --> 00:02:41,790

the Oklahoma paranormal research team

71

00:02:48,370 --> 00:02:43,890

I'd like to welcome dick and Marilyn

72

00:02:53,860 --> 00:02:51,560

we're here yes yes that was quite a

73

00:02:55,820 --> 00:02:53,870

spiel I had to go through a list of

74

00:02:57,400 --> 00:02:55,830

stuff to just you know I'll throw that

75

00:03:00,320 --> 00:02:57,410

out there so how you guys been doing

76

00:03:03,260 --> 00:03:00,330

well we've been you know we've been

77

00:03:05,330 --> 00:03:03,270

stand-in is busy we just attended a

78

00:03:09,080 --> 00:03:05,340

three-day archeology conference right

79

00:03:12,530 --> 00:03:09,090

here at Oklahoma University in Norman

80

00:03:14,990 --> 00:03:12,540

and so we got kind of caught up on all

81

00:03:16,310 --> 00:03:15,000

the latest research on digs that they're

82

00:03:19,190 --> 00:03:16,320

doing right here in Oklahoma

83

00:03:21,470 --> 00:03:19,200

so digs digs in Oklahoma so they're

84

00:03:23,840 --> 00:03:21,480

they're finding they're finding uh are

85

00:03:27,710 --> 00:03:23,850

they finding any type of dinosaurs or

86

00:03:32,600 --> 00:03:27,720

old ancient ancient like activity in the

87

00:03:38,000 --> 00:03:32,610

ground yeah there's there's a place up

88

00:03:40,220 --> 00:03:38,010

by Buffalo that's an that used to be a

89

00:03:43,460 --> 00:03:40,230

like a kill site for the Native

90

00:03:46,370 --> 00:03:43,470

Americans and the there's a big ridge

91

00:03:49,310 --> 00:03:46,380

where they would run the Buffalo off

92

00:03:52,580 --> 00:03:49,320

that Ridge and of course then when they

93

00:03:54,470 --> 00:03:52,590

would hit the ground then they Native

94

00:03:56,600 --> 00:03:54,480

Americans would be down you know down at

95

00:04:00,290 --> 00:03:56,610

the bottom waiting for him and then they

96

00:04:03,730 --> 00:04:00,300

would they would make sure that they you

97

00:04:09,910 --> 00:04:03,740

know captured him and and killed him and

98

00:04:13,480 --> 00:04:09,920

there's a lot of bones and shirts and

99

00:04:17,449 --> 00:04:13,490

points and so forth that are there

100

00:04:20,000 --> 00:04:17,459

carving tools tools that they used to

101

00:04:22,880 --> 00:04:20,010

take the hide off the animals and stuff

102

00:04:26,270 --> 00:04:22,890

like that are all all being found in

103

00:04:28,310 --> 00:04:26,280

that region and this

104

00:04:33,260 --> 00:04:28,320

and it's been used for thousands of

105

00:04:37,370 --> 00:04:33,270

years yeah yeah we we had a buffalo bone

106

00:04:39,380 --> 00:04:37,380

we were examined it was probably they

107

00:04:42,740 --> 00:04:39,390

said somewhere around 10,000 years old

108

00:04:44,150 --> 00:04:42,750

Wow mm-hmm Wow just something you

109

00:04:46,820 --> 00:04:44,160

wouldn't think about in Oklahoma but

110

00:04:49,520 --> 00:04:46,830

it's it's it's there well and then

111

00:04:54,620 --> 00:04:49,530

there's old Native American encampments

112

00:04:56,990 --> 00:04:54,630

that are being dug out as well and so

113

00:05:01,970 --> 00:04:57,000

those those are some interesting things

114

00:05:05,240 --> 00:05:01,980

then that's down central to southwest

115

00:05:07,220 --> 00:05:05,250

Oklahoma along the Red River there's

116

00:05:09,710 --> 00:05:07,230

there's a couple digs down that way

117

00:05:13,130 --> 00:05:09,720

isn't there by the Kansas border the

118

00:05:19,790 --> 00:05:13,140

camel yes up in the panhandle of

119

00:05:22,870 --> 00:05:19,800

Oklahoma near Colorado they have camels

120

00:05:25,520 --> 00:05:22,880

that were like miniature camels that

121

00:05:27,350 --> 00:05:25,530

they've discovered also and they've been

122

00:05:29,390 --> 00:05:27,360

working on those digs who are thought

123

00:05:30,500 --> 00:05:29,400

well yeah yeah who would have thought

124

00:05:34,190 --> 00:05:30,510

Wow

125

00:05:38,870 --> 00:05:34,200

yeah so you know I mean we enjoy doing

126

00:05:43,520 --> 00:05:38,880

that nick has learned how to do photo

127

00:05:47,120 --> 00:05:43,530

what they call photo geometry and what

128

00:05:50,300 --> 00:05:47,130

that is is it's it's software that you

129

00:05:52,900 --> 00:05:50,310

can photograph an object from all

130

00:05:55,430 --> 00:05:52,910

different angles and then it goes into

131

00:05:58,100 --> 00:05:55,440

the software and it takes it and puts it

132

00:05:59,810 --> 00:05:58,110

all together and then you as you examine

133

00:06:02,540 --> 00:05:59,820

the whole item you can turn it around

134

00:06:04,310 --> 00:06:02,550

and then back down there's a 3d yeah it

135

00:06:06,350 --> 00:06:04,320

makes it 3d and you can just turn it all

136

00:06:08,659 --> 00:06:06,360

the way around and upside down and back

137

00:06:11,630 --> 00:06:08,669

and forth and look at any portion or

138

00:06:13,430 --> 00:06:11,640

part of the object that you want to look

139

00:06:17,120 --> 00:06:13,440

at please what yeah

140

00:06:20,240 --> 00:06:17,130

and so a lot of work yeah it is and and

141

00:06:23,240 --> 00:06:20,250

he just recently talked to some

142

00:06:25,250 --> 00:06:23,250

archaeologists at fact the state state

143

00:06:27,950 --> 00:06:25,260

archaeologists is interested in getting

144

00:06:29,810 --> 00:06:27,960

him to do some photo geometry work for

145

00:06:33,050 --> 00:06:29,820

the university so Wow

146

00:06:35,240 --> 00:06:33,060

that's gonna keep you busy oh oh yeah

147

00:06:36,710 --> 00:06:35,250

yeah well that's neat you have that

148

00:06:38,800 --> 00:06:36,720

going on right in your home state you

149

00:06:41,200 --> 00:06:38,810

know every state has its

150

00:06:43,060 --> 00:06:41,210

has its has it's strange area or or our

151

00:06:45,190 --> 00:06:43,070

you know ancient ancient area so that's

152

00:06:47,710 --> 00:06:45,200

neat that it's just things that Oklahoma

153

00:06:50,620 --> 00:06:47,720

many Campbell's I mean camels excuse me

154

00:06:53,050 --> 00:06:50,630

Campbell's talking soup but uh yeah that

155

00:06:55,240 --> 00:06:53,060

that's neat so you know guys when did

156

00:06:57,730 --> 00:06:55,250

you uh you guys have been in this field

157

00:06:59,020 --> 00:06:57,740

quite a long time what got you into this

158

00:07:00,970 --> 00:06:59,030

field or when did you start you've been

159

00:07:02,890 --> 00:07:00,980

doing this research for in you know with

160

00:07:04,870 --> 00:07:02,900

the unknown and paranormal for quite a

161

00:07:07,270 --> 00:07:04,880

few many years how long has it been for

162

00:07:12,340 --> 00:07:07,280

you guys since you started gosh I

163

00:07:16,510 --> 00:07:12,350

started back in probably 89 or 90 I

164

00:07:21,879 --> 00:07:16,520

really started taking a big interest in

165

00:07:26,860 --> 00:07:21,889

it had some experiences and sightings

166

00:07:28,810 --> 00:07:26,870

and that brought me into spending a year

167

00:07:33,270 --> 00:07:28,820

studying how to become a hypnotherapist

168

00:07:37,270 --> 00:07:33,280

and started working with abductees and

169

00:07:39,900 --> 00:07:37,280

that was down in Mississippi and then we

170

00:07:44,320 --> 00:07:39,910

moved from Mississippi to Virginia and I

171

00:07:48,250 --> 00:07:44,330

continued looking into things working

172

00:07:52,600 --> 00:07:48,260

with abductees there and you know worked

173

00:07:53,590 --> 00:07:52,610

a lot with MUFON people and let's see

174

00:07:55,960 --> 00:07:53,600

what else

175

00:07:57,820 --> 00:07:55,970

well we actually joined MUFON yeah we

176

00:08:04,900 --> 00:07:57,830

well we finally revealed investigate

177

00:08:10,510 --> 00:08:04,910

yeah we we joined MUFON in about 2002 or

178

00:08:13,000 --> 00:08:10,520

2003 and I was Oklahoma State Director

179

00:08:16,990 --> 00:08:13,010

for a while and continued to do

180

00:08:18,940 --> 00:08:17,000

hypnotherapy for people and of course

181

00:08:21,790 --> 00:08:18,950

the numerous investigations as

182

00:08:24,279 --> 00:08:21,800

investigators for MUFON and then we

183

00:08:25,960 --> 00:08:24,289

decided to leave MUFON and we started

184

00:08:28,719 --> 00:08:25,970

our own group the Oklahoma UFO

185

00:08:36,300 --> 00:08:28,729

paranormal team and we brought on board

186

00:08:45,460 --> 00:08:38,740

we took a whole bunch of MUFON people

187

00:08:49,090 --> 00:08:45,470

with us but and those people remain a

188

00:08:51,800 --> 00:08:49,100

part of our team and we've had what

189

00:08:54,139 --> 00:08:51,810

we've lost one team member

190

00:08:57,199 --> 00:08:54,149

- peacock passed away almost two years

191

00:09:01,280 --> 00:08:57,209

ago now and we had another team member

192

00:09:06,069 --> 00:09:01,290

that that was near Spiro and he he

193

00:09:10,759 --> 00:09:08,660

have come and gone yeah we've got a

194

00:09:13,869 --> 00:09:10,769

couple that have come and gone but we

195

00:09:17,449 --> 00:09:13,879

still have bill and Julie may of course

196

00:09:20,720 --> 00:09:17,459

Ken Storch and dick and I and we have a

197

00:09:22,040 --> 00:09:20,730

fairly recent member Mike rowdy he's a

198

00:09:25,639 --> 00:09:22,050

new member

199

00:09:28,730 --> 00:09:25,649

he's a private investigator and has some

200

00:09:31,790 --> 00:09:28,740

really interesting things going on and

201
00:09:34,939 --> 00:09:31,800
we frequently go to the Oklahoma Private

202
00:09:38,299 --> 00:09:34,949
Investigators gazers yeah Private

203
00:09:40,540 --> 00:09:38,309
Investigators associations conferences

204
00:09:45,410 --> 00:09:40,550
and meetings that they have once a month

205
00:09:47,650 --> 00:09:45,420
and Mike's big biggest thing that he

206
00:09:53,049 --> 00:09:47,660
works for works with is missing people

207
00:09:56,350 --> 00:09:53,059
so which kind of brings him into some of

208
00:09:58,819 --> 00:09:56,360
cases of child trafficking

209
00:10:00,199 --> 00:09:58,829
you know we we hear about those and we

210
00:10:01,970 --> 00:10:00,209
found them very interesting it's got a

211
00:10:05,600 --> 00:10:01,980
good kid because he lives down in Ada

212
00:10:09,259 --> 00:10:05,610
and so if anything's going on that you

213
00:10:11,929 --> 00:10:09,269

know sightings and such he gets to go

214

00:10:14,869 --> 00:10:11,939

attack at first yeah but he's had some

215

00:10:18,410 --> 00:10:14,879

strange things he yeah he he lives on

216

00:10:22,759 --> 00:10:18,420

about 20 acres down an ADA with the he's

217

00:10:25,549 --> 00:10:22,769

down there living with his son and he

218

00:10:27,379 --> 00:10:25,559

called us one time and said this was one

219

00:10:32,749 --> 00:10:27,389

of the first he first became a team

220

00:10:35,210 --> 00:10:32,759

member he had a huge canine print on his

221

00:10:37,730 --> 00:10:35,220

property and we went down and looked at

222

00:10:42,049 --> 00:10:37,740

it and it was the only print that was

223

00:10:45,949 --> 00:10:42,059

there and it was it was huge it was five

224

00:10:49,009 --> 00:10:45,959

about five or six inches across his cane

225

00:10:49,879 --> 00:10:49,019

or was canine it's definitely a canine

226

00:10:53,449 --> 00:10:49,889

paw print

227

00:10:57,410 --> 00:10:53,459

not only it but it whatever it was it

228

00:11:00,650 --> 00:10:57,420

was huge and he had had the experience

229

00:11:04,189 --> 00:11:00,660

about or two months before he found this

230

00:11:05,330 --> 00:11:04,199

print he looked out towards his barn

231

00:11:09,230 --> 00:11:05,340

which is a little ways

232

00:11:13,640 --> 00:11:09,240

on the property and he saw what he

233

00:11:18,110 --> 00:11:13,650

thought was a fox running across the the

234

00:11:20,630 --> 00:11:18,120

land there and he went in and he the

235

00:11:22,100 --> 00:11:20,640

dogs were went crazy of course barking

236

00:11:24,230 --> 00:11:22,110

and going crazy and he went in and he

237

00:11:29,330 --> 00:11:24,240

got his gun

238

00:11:31,580 --> 00:11:29,340

and he came back out and he walked out

239

00:11:33,170 --> 00:11:31,590

towards where it was where he could get

240

00:11:35,600 --> 00:11:33,180

a better look and it stood up on its

241

00:11:38,180 --> 00:11:35,610

hind legs and walked towards him very

242

00:11:41,600 --> 00:11:38,190

threatening Lee and he realized that

243

00:11:43,730 --> 00:11:41,610

this thing was no small creature that it

244

00:11:45,560 --> 00:11:43,740

probably on its head and standing on his

245

00:11:51,200 --> 00:11:45,570

hind legs stood about seven foot tall

246

00:11:53,270 --> 00:11:51,210

Wow and the way it walked it walked

247

00:11:57,950 --> 00:11:53,280

rather human-like but yet it had legs

248

00:11:59,780 --> 00:11:57,960

like the hind legs of a dog and so then

249

00:12:02,150 --> 00:11:59,790

when he found these footprints a couple

250

00:12:05,000 --> 00:12:02,160

months later he called us and told us

251
00:12:10,480 --> 00:12:05,010
about it and we do have a photograph of

252
00:12:17,420 --> 00:12:10,490
the the casting on the owner website and

253
00:12:21,020 --> 00:12:17,430
and then he and his son saw a oh gosh

254
00:12:24,020 --> 00:12:21,030
what shape was it it was a diamond shape

255
00:12:25,640 --> 00:12:24,030
jail diamond shaped UFO that went right

256
00:12:29,000 --> 00:12:25,650
over the top of the house daytime

257
00:12:30,500 --> 00:12:29,010
sighting and it went over the top of

258
00:12:32,810 --> 00:12:30,510
them over the top of the house and they

259
00:12:37,310 --> 00:12:32,820
ran around to the other side and watched

260
00:12:40,870 --> 00:12:37,320
it go off and there was a single-engine

261
00:12:44,690 --> 00:12:40,880
airplane flying into the scene and and

262
00:12:48,260 --> 00:12:44,700
it didn't seem to react to it but it it

263
00:12:49,960 --> 00:12:48,270

the the craft you reacted to it and

264

00:12:54,800 --> 00:12:49,970

turned and went in another direction

265

00:12:58,420 --> 00:12:54,810

reacted to the airplane so that was

266

00:13:03,050 --> 00:12:58,430

another report that we had and then I

267

00:13:06,590 --> 00:13:03,060

guess what two months ago Ken had gotten

268

00:13:11,650 --> 00:13:06,600

a call the guy called from through our

269

00:13:15,650 --> 00:13:11,660

website he was coming down highway 412

270

00:13:19,220 --> 00:13:15,660

coming towards Locust Grove where Ken

271

00:13:22,669 --> 00:13:19,230

lives and he and his mother

272

00:13:27,169 --> 00:13:22,679

saw up in the sky fifty to a hundred

273

00:13:30,379 --> 00:13:27,179

silver balls Wow and that was in the

274

00:13:35,809 --> 00:13:30,389

morning like 10:30 11:30 in the morning

275

00:13:40,629 --> 00:13:35,819

and then that night Mike and his cousin

276
00:13:43,909 --> 00:13:40,639
were driving back to town to home and

277
00:13:46,369 --> 00:13:43,919
they see this star like object and at

278
00:13:48,949 --> 00:13:46,379
first they thought it was an airplane

279
00:13:50,900 --> 00:13:48,959
then they thought no maybe it's a

280
00:13:52,939 --> 00:13:50,910
satellite then they realized it was too

281
00:13:54,379 --> 00:13:52,949
low and it kept getting bigger and

282
00:13:55,909 --> 00:13:54,389
bigger and bigger and finally it went

283
00:14:01,159 --> 00:13:55,919
over the top of them and it turned out

284
00:14:03,829 --> 00:14:01,169
to be a silver colored round ball shaped

285
00:14:08,780 --> 00:14:03,839
object and it went right over the top of

286
00:14:10,579 --> 00:14:08,790
their their vehicle Oh Mike wanted to

287
00:14:14,059 --> 00:14:10,589
stop and take a picture and his cousin

288
00:14:17,030 --> 00:14:14,069

wouldn't let him use it doesn't believe

289

00:14:20,119 --> 00:14:17,040

in you he says I think I believe in UFOs

290

00:14:21,799 --> 00:14:20,129

now before he didn't believe it but that

291

00:14:24,519 --> 00:14:21,809

was the same night that that was

292

00:14:28,699 --> 00:14:24,529

reported that the fifty to a hundred

293

00:14:31,460 --> 00:14:28,709

silver balls so they were about a

294

00:14:38,049 --> 00:14:31,470

hundred and fifty miles apart but on the

295

00:14:40,909 --> 00:14:38,059

same day so we kind of looked into that

296

00:14:46,280 --> 00:14:40,919

and don't have an answer for what what

297

00:14:49,400 --> 00:14:46,290

they saw at all but that when Ken got

298

00:14:51,619 --> 00:14:49,410

the report of the 50 to 100 silver balls

299

00:14:54,049 --> 00:14:51,629

he did not see those silver balls but at

300

00:14:57,889 --> 00:14:54,059

the same time he was out on the back

301
00:15:00,829 --> 00:14:57,899
porch just kind of taking it easy and he

302
00:15:04,789 --> 00:15:00,839
heard this kind of a strange wishing

303
00:15:07,340 --> 00:15:04,799
noise and so he didn't know what it was

304
00:15:09,139 --> 00:15:07,350
but then the other day he called and he

305
00:15:13,699 --> 00:15:09,149
says well I think I figured out what

306
00:15:17,449 --> 00:15:13,709
that whooshing sound was he he was out

307
00:15:19,039 --> 00:15:17,459
on the property doing some work and he

308
00:15:23,359 --> 00:15:19,049
heard the swishing noise and he looked

309
00:15:28,159 --> 00:15:23,369
up and what he saw was a whole flock of

310
00:15:30,919 --> 00:15:28,169
teal birds coming down for a landing on

311
00:15:32,630 --> 00:15:30,929
the lake and when they all came down at

312
00:15:35,300 --> 00:15:32,640
once it made that same

313
00:15:36,560 --> 00:15:35,310

no he's city he thinks that maybe you

314

00:15:39,530 --> 00:15:36,570

know he didn't see the birds but he

315

00:15:42,440 --> 00:15:39,540

that's what he heard was probably birds

316

00:15:45,440 --> 00:15:42,450

coming in for a landing on the lake so

317

00:15:47,990 --> 00:15:45,450

that we think we've kind of solved that

318

00:15:50,750 --> 00:15:48,000

part of the mystery but the silver ball

319

00:15:52,520 --> 00:15:50,760

still remains well came on knowing when

320

00:15:55,010 --> 00:15:52,530

the guy reported it to Cannon I mean

321

00:15:57,650 --> 00:15:55,020

can't check with the police and Sheriff

322

00:15:59,960 --> 00:15:57,660

and yeah nobody reported anything yeah

323

00:16:03,740 --> 00:15:59,970

you know he checked all around all the

324

00:16:06,860 --> 00:16:03,750

major places that would take a report of

325

00:16:10,490 --> 00:16:06,870

anything unusual so that was at a

326

00:16:12,860 --> 00:16:10,500

daytime sighting or a nighttime yeah it

327

00:16:18,050 --> 00:16:12,870

was about 10:30 11:30 in the morning

328

00:16:21,140 --> 00:16:18,060

okay and print oh did you see that video

329

00:16:22,700 --> 00:16:21,150

over Milwaukee with the I'll have to

330

00:16:25,370 --> 00:16:22,710

send it to you there was it was we put

331

00:16:26,750 --> 00:16:25,380

it on our website at the UFO at

332

00:16:29,030 --> 00:16:26,760

Wisconsin you're full research team but

333

00:16:30,680 --> 00:16:29,040

there was some weird objects over

334

00:16:32,960 --> 00:16:30,690

Milwaukee like they almost look like a

335

00:16:34,820 --> 00:16:32,970

asteroid splitting up like a firework

336

00:16:39,020 --> 00:16:34,830

but it was really strange looking I'll

337

00:16:41,780 --> 00:16:39,030

send you the video see what you think I

338

00:16:46,030 --> 00:16:41,790

did I shared it on inception radio

339

00:16:51,650 --> 00:16:49,190

yeah yeah that was a little bit that was

340

00:16:53,360 --> 00:16:51,660

a little bit strange no no no dick

341

00:16:58,840 --> 00:16:53,370

what's your bet what's your background

342

00:17:06,170 --> 00:17:04,460

she uh she pulled me into it no I like

343

00:17:08,870 --> 00:17:06,180

to investigate things I mean I'm an

344

00:17:14,360 --> 00:17:08,880

engineer and so I'm kind of interested

345

00:17:18,110 --> 00:17:14,370

in a little bit everything and yeah and

346

00:17:21,710 --> 00:17:18,120

I was always into photography so we get

347

00:17:24,740 --> 00:17:21,720

things in reports when I was a field

348

00:17:26,600 --> 00:17:24,750

investigator for MUFON and and look into

349

00:17:28,340 --> 00:17:26,610

it you know most of our stuff was lights

350

00:17:30,680 --> 00:17:28,350

in the skies so you had to go through

351
00:17:33,800 --> 00:17:30,690
and you know is there any airports close

352
00:17:35,930 --> 00:17:33,810
and of course sometimes the report was

353
00:17:36,920 --> 00:17:35,940
like you know a month after it happened

354
00:17:39,290 --> 00:17:36,930
but

355
00:17:41,480 --> 00:17:39,300
yeah I'm sure you have experienced some

356
00:17:45,140 --> 00:17:41,490
of that in your last agates - oh yeah

357
00:17:46,850 --> 00:17:45,150
that I worked for Lockheed Martin well

358
00:17:48,410 --> 00:17:46,860
actually I work for the government and I

359
00:17:52,190 --> 00:17:48,420
went to work for IBM they built the

360
00:17:55,250 --> 00:17:52,200
first digitized submarine sonar and that

361
00:17:57,590 --> 00:17:55,260
was my my thing with submarine sonar was

362
00:18:01,670 --> 00:17:57,600
when I was in the Navy I was up marine

363
00:18:05,420 --> 00:18:01,680

so Norman and you know when I retired

364

00:18:08,150 --> 00:18:05,430

from but IBM sold our division to Laurel

365

00:18:10,370 --> 00:18:08,160

and Laurel sold us to Lockheed Martin

366

00:18:13,340 --> 00:18:10,380

and my phone number never changed and my

367

00:18:15,820 --> 00:18:13,350

room never changed and a good thing as

368

00:18:18,290 --> 00:18:15,830

my wages never changed either good good

369

00:18:21,200 --> 00:18:18,300

now I retired from him well then we

370

00:18:24,830 --> 00:18:21,210

started you know having more time on our

371

00:18:28,100 --> 00:18:24,840

hands to start getting involved and I

372

00:18:30,080 --> 00:18:28,110

find it really interesting I know that

373

00:18:31,880 --> 00:18:30,090

people when they report stuff this is

374

00:18:34,220 --> 00:18:31,890

from being the field investigator with

375

00:18:35,780 --> 00:18:34,230

MUFON I mean they saw something mm-hmm

376

00:18:37,730 --> 00:18:35,790

you don't know if it's real or not real

377

00:18:40,780 --> 00:18:37,740

or what it is but they saw something

378

00:18:44,450 --> 00:18:40,790

because for somebody to come forward and

379

00:18:47,240 --> 00:18:44,460

you know it kind of changes their their

380

00:18:50,270 --> 00:18:47,250

life because they kind of get you know a

381

00:18:52,190 --> 00:18:50,280

notoriety yeah and people kind of say

382

00:18:55,180 --> 00:18:52,200

well you know you did what I don't

383

00:18:59,380 --> 00:18:55,190

believe that and only sort of thing but

384

00:19:02,540 --> 00:18:59,390

the people that you know I've had

385

00:19:06,500 --> 00:19:02,550

close-up sightings and interaction with

386

00:19:09,860 --> 00:19:06,510

et it really does change their their

387

00:19:12,680 --> 00:19:09,870

whole life they that's how good many

388

00:19:15,320 --> 00:19:12,690

people get involved in investigations of

389

00:19:17,720 --> 00:19:15,330

UFOs is because of their own personal

390

00:19:21,320 --> 00:19:17,730

experiences and me being an engineer I'm

391

00:19:25,820 --> 00:19:21,330

I'm I'm a skeptic but I can't be turned

392

00:19:28,280 --> 00:19:25,830

I mean there's some things especially in

393

00:19:29,960 --> 00:19:28,290

the paranormal that are just you know

394

00:19:31,520 --> 00:19:29,970

why does that happen

395

00:19:35,080 --> 00:19:31,530

yeah and it isn't just your thoughts

396

00:19:37,550 --> 00:19:35,090

that we investigate we we investigate

397

00:19:40,670 --> 00:19:37,560

ghosts and paranormal things in people's

398

00:19:46,880 --> 00:19:40,680

homes and we we've been chasing after

399

00:19:50,360 --> 00:19:46,890

Bigfoot and you know we the train has

400

00:19:52,039 --> 00:19:50,370

been kind of slow yeah it's but I

401
00:19:55,010 --> 00:19:52,049
everybody I've talked to is kind of had

402
00:19:59,090 --> 00:19:55,020
a slow winter as far as reports coming

403
00:20:00,620 --> 00:19:59,100
in but I also know that there's a large

404
00:20:03,169 --> 00:20:00,630
number of people that are starting their

405
00:20:08,060 --> 00:20:03,179
own groups and and investigating certain

406
00:20:13,370 --> 00:20:08,070
things yeah but we talked at the Paracon

407
00:20:16,490 --> 00:20:13,380
here in Oklahoma they they always had

408
00:20:18,890 --> 00:20:16,500
people on that that talked about ghost

409
00:20:21,740 --> 00:20:18,900
hunting but they decided this year that

410
00:20:26,060 --> 00:20:21,750
they were going to include UFOs and

411
00:20:27,799 --> 00:20:26,070
Bigfoot and so they contact

412
00:20:29,480 --> 00:20:27,809
yeah they contacted us want to know if

413
00:20:32,899 --> 00:20:29,490

we wanted to talk about UFOs at the

414

00:20:35,960 --> 00:20:32,909

Farrakhan so we did and then we turned

415

00:20:39,710 --> 00:20:35,970

him on to Jim Whitehead who's a local

416

00:20:43,730 --> 00:20:39,720

Bigfoot researcher here in Oklahoma so

417

00:20:46,519 --> 00:20:43,740

he presented on Bigfoot and so that was

418

00:20:49,340 --> 00:20:46,529

a very interesting conference and made

419

00:20:53,360 --> 00:20:49,350

we made some new friends there and and

420

00:20:55,070 --> 00:20:53,370

then after that we in January we went to

421

00:21:00,529 --> 00:20:55,080

the move on conference

422

00:21:06,019 --> 00:21:00,539

MUFON crews oh yeah yeah yeah and that

423

00:21:08,899 --> 00:21:06,029

was a lot of fun and they they had

424

00:21:12,380 --> 00:21:08,909

mostly MUFON people that were involved

425

00:21:16,820 --> 00:21:12,390

with speaking and what we did is we left

426
00:21:21,039 --> 00:21:16,830
out of Florida yeah out of Tampa Florida

427
00:21:23,330 --> 00:21:21,049
and the first couple days at sea we

428
00:21:26,690 --> 00:21:23,340
attended the conference part of it

429
00:21:30,860 --> 00:21:26,700
several hours a day and the speakers

430
00:21:36,799 --> 00:21:30,870
were Tony Angie Ola and Ben moss from

431
00:21:41,810 --> 00:21:36,809
there from Virginia their what their Sat

432
00:21:44,269 --> 00:21:41,820
team and what I can't remember anyway

433
00:21:48,279 --> 00:21:44,279
their investigators for MUFON and so

434
00:21:50,720 --> 00:21:48,289
they they presented on the Socorro case

435
00:21:53,389 --> 00:21:50,730
and they went out and spent a lot of

436
00:21:55,039 --> 00:21:53,399
time investigating that talking to as

437
00:22:00,680 --> 00:21:55,049
many witnesses that are still living

438
00:22:03,440 --> 00:22:00,690

that investigated it and then they

439

00:22:04,159 --> 00:22:03,450

realized I said well you know can can

440

00:22:05,869 --> 00:22:04,169

investigate

441

00:22:10,009 --> 00:22:05,879

that too and he had a chance to talk to

442

00:22:13,430 --> 00:22:10,019

the the police officer that um

443

00:22:14,930 --> 00:22:13,440

Lodi yes yeah I saw the you landed and

444

00:22:16,009 --> 00:22:14,940

the little beings on the ground and

445

00:22:18,440 --> 00:22:16,019

stuff hmm

446

00:22:19,940 --> 00:22:18,450

and so ken was gonna send him an imagine

447

00:22:21,710 --> 00:22:19,950

who probably has he was gonna send him a

448

00:22:23,690 --> 00:22:21,720

bunch in there and for me information

449

00:22:26,479 --> 00:22:23,700

that he had because they're working on a

450

00:22:31,749 --> 00:22:26,489

book and then chase kutsuki was a

451
00:22:35,419 --> 00:22:31,759
presenter and she she talked about this

452
00:22:38,180 --> 00:22:35,429
Starchild skull and her research on that

453
00:22:41,499 --> 00:22:38,190
and some of her research on the

454
00:22:44,119 --> 00:22:41,509
elongated Peruvian elongated skulls that

455
00:22:45,649 --> 00:22:44,129
involved with the Starchild yeah we were

456
00:22:48,649 --> 00:22:45,659
involved and helped her a little bit

457
00:22:52,340 --> 00:22:48,659
with research on the Starchild hooked

458
00:22:55,159 --> 00:22:52,350
her up with the ocean osteology Museum

459
00:22:57,470 --> 00:22:55,169
here in Oklahoma and if you any of you

460
00:22:59,899 --> 00:22:57,480
have never been to that museum you ought

461
00:23:04,849 --> 00:22:59,909
to go because it's just fascinating it's

462
00:23:09,649 --> 00:23:04,859
a huge two floors of bones just bones

463
00:23:11,570 --> 00:23:09,659

and and every animal that you can think

464

00:23:16,119 --> 00:23:11,580

of they probably got the bones of those

465

00:23:18,109 --> 00:23:16,129

animals there yeah from a Orca down to

466

00:23:20,720 --> 00:23:18,119

hummingbird oh wow

467

00:23:24,019 --> 00:23:20,730

yeah and everything in between yeah

468

00:23:25,909 --> 00:23:24,029

including humans yeah yeah they have

469

00:23:28,909 --> 00:23:25,919

some elongated skulls there too

470

00:23:31,190 --> 00:23:28,919

and and this is the Starchild skull

471

00:23:34,220 --> 00:23:31,200

associated with Lloyd Pye correct yeah

472

00:23:36,590 --> 00:23:34,230

yeah yeah I was I actually was in

473

00:23:38,570 --> 00:23:36,600

contact with actually Lloyd was on an

474

00:23:40,849 --> 00:23:38,580

old old show when I had a different

475

00:23:42,349 --> 00:23:40,859

co-host and I was more of the guy in the

476

00:23:43,639 --> 00:23:42,359

background but we got to talk to Lloyd

477

00:23:46,009 --> 00:23:43,649

and then I would I would communicate

478

00:23:47,239 --> 00:23:46,019

with him through email and you know you

479

00:23:48,799 --> 00:23:47,249

know and I would donate to the cause and

480

00:23:51,639 --> 00:23:48,809

then he you know he got sick with cancer

481

00:23:57,169 --> 00:23:51,649

then he passed a few years back and yeah

482

00:23:59,690 --> 00:23:57,179

yeah Melanie went to chase and Esther if

483

00:24:01,789 --> 00:23:59,700

she would help her do some research on

484

00:24:04,840 --> 00:24:01,799

it and Chris and chase and asked us to

485

00:24:09,109 --> 00:24:04,850

help a little bit as well oh cool

486

00:24:12,139 --> 00:24:09,119

they did DNA testing on it and found

487

00:24:17,690 --> 00:24:12,149

that it of course has no alien DNA what

488

00:24:20,780 --> 00:24:17,700

I mean you know there Lloyd kind of yeah

489

00:24:23,810 --> 00:24:20,790

oh yeah yeah it was it was a situation

490

00:24:27,640 --> 00:24:23,820

where yeah it looked very strange and

491

00:24:30,140 --> 00:24:27,650

looked alien like because there were

492

00:24:33,140 --> 00:24:30,150

parts and pieces of the facial structure

493

00:24:35,920 --> 00:24:33,150

that was missing in in the skull and so

494

00:24:39,980 --> 00:24:35,930

that's why it look the eyes looked like

495

00:24:43,400 --> 00:24:39,990

they were alien shaped eyes and so forth

496

00:24:46,450 --> 00:24:43,410

but if you put the skull - and had the

497

00:24:49,490 --> 00:24:46,460

pieces filled in which we did have a

498

00:24:53,720 --> 00:24:49,500

researcher help us an FBI forensics

499

00:24:57,110 --> 00:24:53,730

artist helped us with that and she took

500

00:24:59,750 --> 00:24:57,120

and made out the the outline and

501
00:25:02,000 --> 00:24:59,760
everything of the skull and drew what

502
00:25:06,830 --> 00:25:02,010
was there on the skull and then she

503
00:25:09,500 --> 00:25:06,840
filled in the mandible the mandible eye

504
00:25:12,050 --> 00:25:09,510
bone pieces and the nose piece of

505
00:25:16,970 --> 00:25:12,060
structure that's missing and and so

506
00:25:20,420 --> 00:25:16,980
forth and it's very likely that the

507
00:25:25,250 --> 00:25:20,430
Starchild was approximately five years

508
00:25:28,760 --> 00:25:25,260
of age based on tooth and what was what

509
00:25:32,540 --> 00:25:28,770
was partially there of the of the upper

510
00:25:34,720 --> 00:25:32,550
upper jaw and it was five years old I

511
00:25:39,800 --> 00:25:34,730
think the way his head is shaped he's II

512
00:25:42,200 --> 00:25:39,810
he couldn't really move yeah he he was

513
00:25:45,070 --> 00:25:42,210

just laid on his back it appeared like

514

00:25:49,430 --> 00:25:45,080

the child may have been hydrocephalic oh

515

00:25:51,680 --> 00:25:49,440

sure yeah so it caused the shape that

516

00:25:56,390 --> 00:25:51,690

they had to be different and it also

517

00:26:01,940 --> 00:25:56,400

appears that perhaps the mother may have

518

00:26:05,420 --> 00:26:01,950

tried to bind the head in which case it

519

00:26:09,800 --> 00:26:05,430

would misshape the the Hydra palace of

520

00:26:13,790 --> 00:26:09,810

the the skull structure and so it ended

521

00:26:16,870 --> 00:26:13,800

up a strange shape okay it is the DNA

522

00:26:20,600 --> 00:26:16,880

shows that it's how to present human

523

00:26:25,580 --> 00:26:20,610

coming from the southern Texas region

524

00:26:30,530 --> 00:26:25,590

and the Central America region the

525

00:26:31,310 --> 00:26:30,540

mother and the father okay Oh repatriate

526

00:26:32,960 --> 00:26:31,320

in the right

527

00:26:36,890 --> 00:26:32,970

yes they're working on trying to

528

00:26:38,630 --> 00:26:36,900

repatriate it oh okay well well guys

529

00:26:40,340 --> 00:26:38,640

well guys let's take let's take a quick

530

00:26:42,170 --> 00:26:40,350

break here you're listening to paying

531

00:26:43,490 --> 00:26:42,180

radio on the inception radio network and

532

00:26:45,740 --> 00:26:43,500

tonight we have on Maryland and Dick

533

00:26:48,320 --> 00:26:45,750

Carlson and we're talking about their

534

00:26:53,780 --> 00:26:48,330

research and other unknown aspects of

535

00:26:56,090 --> 00:26:53,790

the paranormal stay with us welcome back

536

00:26:58,940 --> 00:26:56,100

to paying radio actually we are live

537

00:27:01,430 --> 00:26:58,950

tonight we are live with dick and

538

00:27:03,560 --> 00:27:01,440

Marilyn Carlson of the you Oklahoma UFO

539

00:27:06,080 --> 00:27:03,570

paranormal team and we're going over

540

00:27:07,700 --> 00:27:06,090

their research and you know a lot of

541

00:27:09,860 --> 00:27:07,710

what they dive into and they what they

542

00:27:12,140 --> 00:27:09,870

deal with it's everything from from

543

00:27:15,290 --> 00:27:12,150

ghost hunting in Saco so I think goes to

544

00:27:18,590 --> 00:27:15,300

research to UFOs Bigfoot strange

545

00:27:20,030 --> 00:27:18,600

anomalies I mean a lot a lot of cool

546

00:27:21,740 --> 00:27:20,040

stuff they get into but we had a

547

00:27:24,560 --> 00:27:21,750

question in chat I'm gonna hit the

548

00:27:28,430 --> 00:27:24,570

question and I gotta find the question

549

00:27:30,830 --> 00:27:28,440

guys so stand by we are okay this is

550

00:27:33,500 --> 00:27:30,840

this is I think this one's for dick how

551
00:27:35,540 --> 00:27:33,510
hard is it to tell the computer fakes

552
00:27:37,340 --> 00:27:35,550
especially with the new iPhone that lets

553
00:27:38,990 --> 00:27:37,350
people fake live videos I mean can you

554
00:27:40,520 --> 00:27:39,000
can you tell the difference stick with

555
00:27:43,070 --> 00:27:40,530
all this new technology out there to

556
00:27:49,310 --> 00:27:43,080
record video and in in in you know

557
00:27:51,320 --> 00:27:49,320
Photoshop pitchers if you have the if I

558
00:27:56,210 --> 00:27:51,330
can get the Excel data which all the

559
00:27:58,790 --> 00:27:56,220
electronic photos have in the original

560
00:28:01,370 --> 00:27:58,800
you can you can get a lot of information

561
00:28:03,740 --> 00:28:01,380
out of that Excel stuff like you know

562
00:28:06,080 --> 00:28:03,750
what the shutter speed was in the dates

563
00:28:09,560 --> 00:28:06,090

and all that if they've had an overlay

564

00:28:13,430 --> 00:28:09,570

on it yeah yeah if it's uh that they've

565

00:28:16,220 --> 00:28:13,440

been photoshopping it or whatever but

566

00:28:19,040 --> 00:28:16,230

it's so it gives you a lot of

567

00:28:20,990 --> 00:28:19,050

information unfortunately most of the

568

00:28:22,850 --> 00:28:21,000

time when we get something that

569

00:28:25,130 --> 00:28:22,860

somebody's seen we don't get the

570

00:28:29,930 --> 00:28:25,140

original they end up you know sending it

571

00:28:32,090 --> 00:28:29,940

by you know either email or send you the

572

00:28:34,640 --> 00:28:32,100

message and sometimes that stuff is

573

00:28:35,470 --> 00:28:34,650

stripped off of it I don't know why but

574

00:28:38,090 --> 00:28:35,480

it is

575

00:28:40,760 --> 00:28:38,100

but with that extra data you can get

576

00:28:42,920 --> 00:28:40,770

quite a bit of information yeah oh wow

577

00:28:44,780 --> 00:28:42,930

that's that's I know I've sent you a

578

00:28:46,160 --> 00:28:44,790

couple photos and then I

579

00:28:47,720 --> 00:28:46,170

the first thing we're gonna get sending

580

00:28:51,980 --> 00:28:47,730

you an email they're like sandy original

581

00:28:52,910 --> 00:28:51,990

don't yeah yeah definitely the way to do

582

00:28:54,380 --> 00:28:52,920

it yeah absolutely

583

00:28:56,900 --> 00:28:54,390

so hear that out there everybody if you

584

00:28:59,090 --> 00:28:56,910

see something take the picture send the

585

00:29:00,920 --> 00:28:59,100

original don't pass it on don't email it

586

00:29:02,450 --> 00:29:00,930

to 12 people have that person email it

587

00:29:05,270 --> 00:29:02,460

do this and that just just get it right

588

00:29:07,970 --> 00:29:05,280

to the person right away and if you're

589

00:29:13,070 --> 00:29:07,980

not using iPhone for taking a night shot

590

00:29:15,470 --> 00:29:13,080

is don't use the zoom and just put the

591

00:29:18,160 --> 00:29:15,480

zoom out to infinity and take the

592

00:29:21,140 --> 00:29:18,170

picture because these smart cameras

593

00:29:22,970 --> 00:29:21,150

they're actually too smart when you put

594

00:29:24,200 --> 00:29:22,980

it up there to take a picture in the

595

00:29:26,450 --> 00:29:24,210

middle of the night that camera is

596

00:29:28,610 --> 00:29:26,460

trying to figure out you know what do

597

00:29:32,240 --> 00:29:28,620

you want to do with this and it'll

598

00:29:35,990 --> 00:29:32,250

sometimes when it zooms it you get this

599

00:29:37,370 --> 00:29:36,000

big wonderful bloom on your picture and

600

00:29:39,530 --> 00:29:37,380

if you have a really good imagination

601
00:29:41,840 --> 00:29:39,540
you can see faces and all kinds of other

602
00:29:44,960 --> 00:29:41,850
things inside that inside that round

603
00:29:47,930 --> 00:29:44,970
this happened to us was working for an

604
00:29:50,480 --> 00:29:47,940
was with MUFON and we the sky called us

605
00:29:54,200 --> 00:29:50,490
from Drumright Oklahoma which is over by

606
00:29:57,320 --> 00:29:54,210
out by Tulsa and he had taken all these

607
00:29:59,150 --> 00:29:57,330
pictures and there were video and and

608
00:30:02,090 --> 00:29:59,160
this was the real thing so we actually

609
00:30:05,930 --> 00:30:02,100
went out on the investigation he showed

610
00:30:07,940 --> 00:30:05,940
us the DVD that he had done and sure

611
00:30:09,560 --> 00:30:07,950
enough it's you getting this you can see

612
00:30:10,250 --> 00:30:09,570
these again if you've got a good

613
00:30:12,560 --> 00:30:10,260

imagination

614

00:30:15,530 --> 00:30:12,570

yeah I'm freaked I didn't have the audio

615

00:30:17,150 --> 00:30:15,540

one so we got a copy of the DVD and we

616

00:30:20,300 --> 00:30:17,160

brought it home and looked at it and

617

00:30:22,660 --> 00:30:20,310

every time it he every time but went out

618

00:30:26,630 --> 00:30:22,670

of focus he got one of these beautiful

619

00:30:30,250 --> 00:30:26,640

round blooms and you could actually hear

620

00:30:32,960 --> 00:30:30,260

the poor camera groans is it oh yeah

621

00:30:34,970 --> 00:30:32,970

focus you know what the first guy was so

622

00:30:36,260 --> 00:30:34,980

convinced he said well you know I'll

623

00:30:38,750 --> 00:30:36,270

give this to you but you can't show it

624

00:30:46,660 --> 00:30:38,760

to anybody because I want UFO Hunters to

625

00:30:49,190 --> 00:30:46,670

get this and well it simply was that he

626
00:30:50,990 --> 00:30:49,200
when we take care of our own hearts

627
00:30:53,210 --> 00:30:51,000
we're also taking care of the people

628
00:30:55,160 --> 00:30:53,220
closest to us so it's comforting to know

629
00:30:57,200 --> 00:30:55,170
that RWJ Barnabas

630
00:30:59,780 --> 00:30:57,210
has New Jersey's most comprehensive

631
00:31:01,820 --> 00:30:59,790
cardiac care program with access to top

632
00:31:04,280 --> 00:31:01,830
specialists minimally invasive heart

633
00:31:06,590 --> 00:31:04,290
surgery options and rehabilitation and

634
00:31:09,860 --> 00:31:06,600
wellness programs so get your heart

635
00:31:13,400 --> 00:31:09,870
checked it's as easy as visiting RW j bh

636
00:31:17,390 --> 00:31:13,410
org slash heart RW j Barnabas health

637
00:31:22,370 --> 00:31:17,400
let's be healthy together you know he

638
00:31:26,540 --> 00:31:22,380

was trying to videotape the the what

639

00:31:27,920 --> 00:31:26,550

they call the evening star yeah we were

640

00:31:29,960 --> 00:31:27,930

there in a daylight and we actually

641

00:31:34,280 --> 00:31:29,970

stayed that night and put up our night

642

00:31:36,200 --> 00:31:34,290

vision stuff and he's got darker and

643

00:31:38,090 --> 00:31:36,210

darker and said yeah see right there it

644

00:31:44,960 --> 00:31:38,100

is it comes back every single night

645

00:31:47,240 --> 00:31:44,970

serious it's usually Venus to or it's

646

00:31:49,250 --> 00:31:47,250

usually Venus yeah it was kind of cloudy

647

00:31:51,410 --> 00:31:49,260

and you can see it was a night vision it

648

00:31:53,720 --> 00:31:51,420

you know the star would get brighter is

649

00:31:56,090 --> 00:31:53,730

the client came out in the cloud I'll

650

00:31:58,130 --> 00:31:56,100

defend it kind of wispy clouded we get

651
00:32:00,740 --> 00:31:58,140
dark or you get you know not as bright

652
00:32:04,010 --> 00:32:00,750
and so I mean to get a good imagination

653
00:32:05,600 --> 00:32:04,020
I mean it diddle it'll do it and of

654
00:32:07,430 --> 00:32:05,610
course when we explained to him and

655
00:32:10,760 --> 00:32:07,440
showed him on a night vision he didn't

656
00:32:13,160 --> 00:32:10,770
believe it so left he was still looking

657
00:32:16,730 --> 00:32:13,170
waiting for you have for hundreds to

658
00:32:18,710 --> 00:32:16,740
give him a call yeah everybody's Laurie

659
00:32:22,010 --> 00:32:18,720
glory to fame claim to fame they want

660
00:32:28,160 --> 00:32:22,020
well this last year we went to contact

661
00:32:31,850 --> 00:32:28,170
in the desert and they had a sky watch

662
00:32:34,700 --> 00:32:31,860
going that night and it was being

663
00:32:37,970 --> 00:32:34,710

operated by melinda Leslie and she was

664

00:32:40,490 --> 00:32:37,980

kind of up on the top of the hill and we

665

00:32:43,220 --> 00:32:40,500

were down at the bottom of the hill in

666

00:32:45,620 --> 00:32:43,230

the campground area and we set up our

667

00:32:48,980 --> 00:32:45,630

night vision and we were scanning the

668

00:32:51,490 --> 00:32:48,990

skies just like they were and we looked

669

00:32:55,550 --> 00:32:51,500

across the valley and all of a sudden

670

00:32:58,640 --> 00:32:55,560

seven lights some were different colors

671

00:33:00,740 --> 00:32:58,650

one was red and there was a blue and

672

00:33:03,230 --> 00:33:00,750

there was green and there were different

673

00:33:08,180 --> 00:33:03,240

colors and they came shooting down over

674

00:33:11,810 --> 00:33:08,190

the hillside from across the river

675

00:33:13,909 --> 00:33:11,820

and down the valley and course

676

00:33:15,379 --> 00:33:13,919

everybody's all excited that there was

677

00:33:18,619 --> 00:33:15,389

screaming up there they were screaming

678

00:33:20,659 --> 00:33:18,629

up on the hill you know huh and I'm gone

679

00:33:22,999 --> 00:33:20,669

dick look look look you know and he

680

00:33:25,639 --> 00:33:23,009

finally gets them in in the viewfinder

681

00:33:29,299 --> 00:33:25,649

on our night vision we are able to

682

00:33:31,669 --> 00:33:29,309

capture two of them s-sir yeah bison

683

00:33:33,980 --> 00:33:31,679

coming across with beside each other

684

00:33:37,549 --> 00:33:33,990

yeah and come to find out

685

00:33:40,490 --> 00:33:37,559

Melinda Leslie posted on Facebook did

686

00:33:45,590 --> 00:33:40,500

anybody get any photographs or video of

687

00:33:48,860 --> 00:33:45,600

those objects that night and so I posted

688

00:33:52,369 --> 00:33:48,870

I said well we we've captured it we've

689

00:33:54,710 --> 00:33:52,379

got a video of two of them but we're

690

00:33:57,249 --> 00:33:54,720

good you know well and we'll post it up

691

00:33:59,930 --> 00:33:57,259

on Facebook but we have to get it

692

00:34:02,779 --> 00:33:59,940

narrowed down and edited so otherwise

693

00:34:07,430 --> 00:34:02,789

it's too large to just put up on on

694

00:34:11,089 --> 00:34:07,440

Facebook so we edited it and it's up on

695

00:34:15,829 --> 00:34:11,099

our website mm-hmm and if Jimmy Church

696

00:34:19,210 --> 00:34:15,839

presented it yeah yeah yeah super famous

697

00:34:22,099 --> 00:34:19,220

for a couple minutes ah that's great

698

00:34:24,500 --> 00:34:22,109

yeah but we couldn't believe it we were

699

00:34:27,290 --> 00:34:24,510

the only ones that actually videotaped

700

00:34:28,819 --> 00:34:27,300

it that's crazy what saw how many people

701
00:34:31,520 --> 00:34:28,829
do you think were there there's probably

702
00:34:33,919 --> 00:34:31,530
a hundred people at her her sky watching

703
00:34:37,220 --> 00:34:33,929
that was just last night Nick and I

704
00:34:41,000 --> 00:34:37,230
count down in the gap all by ourselves

705
00:34:44,139 --> 00:34:41,010
and somebody could have sat with us if

706
00:34:46,099 --> 00:34:44,149
they wanted but I think we offered was

707
00:34:49,760 --> 00:34:46,109
everybody wanted to be up on the hill

708
00:34:52,609 --> 00:34:49,770
and yeah she was had a no goggles so

709
00:34:56,960 --> 00:34:52,619
yeah people trade it off so they could

710
00:34:58,790 --> 00:34:56,970
see you know what's going on yeah yeah

711
00:35:01,000 --> 00:34:58,800
yeah she's quite a character she was

712
00:35:03,230 --> 00:35:01,010
just on Laurie and Finn's

713
00:35:04,849 --> 00:35:03,240

California MUFON show a few weeks ago

714

00:35:08,059 --> 00:35:04,859

yeah she's quite a character she's fun

715

00:35:10,069 --> 00:35:08,069

too fun to listen to yeah the only thing

716

00:35:12,980 --> 00:35:10,079

I have complain about her is they used

717

00:35:14,329 --> 00:35:12,990

you know lasers and you don't know if

718

00:35:16,490 --> 00:35:14,339

that thing you see if there's an

719

00:35:18,740 --> 00:35:16,500

airplane or not and that's not good all

720

00:35:19,849 --> 00:35:18,750

right ray the look that that dang plane

721

00:35:20,920 --> 00:35:19,859

I'll hit the side of the hill you'll

722

00:35:26,200 --> 00:35:20,930

blind the guy

723

00:35:28,329 --> 00:35:26,210

you know the pilot yeah yeah it is

724

00:35:30,250 --> 00:35:28,339

against the law to use laser oh yeah I

725

00:35:32,410 --> 00:35:30,260

have one too and I don't really ever

726

00:35:34,480 --> 00:35:32,420

take it out I mean I can I can basically

727

00:35:36,640 --> 00:35:34,490

point at a house in Duluth Minnesota

728

00:35:40,420 --> 00:35:36,650

like three miles away on a hill and it's

729

00:35:41,829 --> 00:35:40,430

not going to even deal with that then

730

00:35:43,420 --> 00:35:41,839

you can just you can just you can just

731

00:35:45,940 --> 00:35:43,430

smell the thing cooking the air around

732

00:35:47,319 --> 00:35:45,950

you too and yeah you just don't want to

733

00:35:50,319 --> 00:35:47,329

play with them things or not they're not

734

00:35:51,970 --> 00:35:50,329

good but another question in chat we had

735

00:35:55,299 --> 00:35:51,980

as soon as I get back to chat I was on

736

00:35:57,849 --> 00:35:55,309

your website somebody wanted to know you

737

00:35:59,799 --> 00:35:57,859

know do you do you think stuff on

738

00:36:01,210 --> 00:35:59,809

YouTube is is real or polish do you

739

00:36:03,040 --> 00:36:01,220

think there's a lot of hoaxing going on

740

00:36:06,910 --> 00:36:03,050

YouTube or is it good to post these days

741

00:36:08,799 --> 00:36:06,920

on YouTube a little sightings yes there

742

00:36:13,420 --> 00:36:08,809

is a lot of hoaxing and there's a lot of

743

00:36:16,660 --> 00:36:13,430

people that want to be you know wannabes

744

00:36:20,109 --> 00:36:16,670

but they're one of these they will fake

745

00:36:21,819 --> 00:36:20,119

it they will poke something and and well

746

00:36:23,620 --> 00:36:21,829

tell me about it makes it harder for

747

00:36:27,720 --> 00:36:23,630

those of us that want to honestly

748

00:36:32,460 --> 00:36:27,730

investigate tell about to somebody well

749

00:36:34,750 --> 00:36:32,470

we we had a case that we had taken oh

750

00:36:39,400 --> 00:36:34,760

gosh it's probably been four or five

751
00:36:43,630 --> 00:36:39,410
years ago and this lady had reported

752
00:36:45,940 --> 00:36:43,640
seeing this creature come across the

753
00:36:49,450 --> 00:36:45,950
road walked on two hind legs it had a

754
00:36:55,420 --> 00:36:49,460
long tail that curled up over its back

755
00:36:58,569 --> 00:36:55,430
and but it it walked human-like but yet

756
00:37:00,789 --> 00:36:58,579
it looked like it was lizard like and it

757
00:37:02,650 --> 00:37:00,799
was kind of a bluish color the skin

758
00:37:04,990 --> 00:37:02,660
looked blue he's about five o'clock in

759
00:37:06,430 --> 00:37:05,000
the morning in yeah oh you know was in

760
00:37:09,130 --> 00:37:06,440
December yeah

761
00:37:12,670 --> 00:37:09,140
and so the headlights of the car

762
00:37:15,190 --> 00:37:12,680
actually shined off the skin so anyway

763
00:37:16,960 --> 00:37:15,200

we we we took the report we went out

764

00:37:20,289 --> 00:37:16,970

investigated it we didn't find a

765

00:37:24,549 --> 00:37:20,299

footprint but as we suspected that it

766

00:37:28,240 --> 00:37:24,559

was a raccoon print and there lies a

767

00:37:30,099 --> 00:37:28,250

half after yeah yeah yeah yeah she she

768

00:37:32,589 --> 00:37:30,109

debated and debated on reporting it and

769

00:37:33,970 --> 00:37:32,599

she waited you know like a month and a

770

00:37:37,180 --> 00:37:33,980

half well by the time we got

771

00:37:40,480 --> 00:37:37,190

there look for footprints all we found

772

00:37:43,090 --> 00:37:40,490

was the raccoon print and it had rained

773

00:37:46,300 --> 00:37:43,100

and so forth so if there was any

774

00:37:48,310 --> 00:37:46,310

evidence of a footprint from having

775

00:37:50,320 --> 00:37:48,320

coming up out of the culvert and she had

776

00:37:55,180 --> 00:37:50,330

done a drawing for us of what you saw

777

00:38:00,510 --> 00:37:55,190

right she did and so by by maybe six

778

00:38:06,220 --> 00:38:00,520

months ago we see a report on Facebook

779

00:38:09,460 --> 00:38:06,230

somebody some used exactly our story a

780

00:38:12,250 --> 00:38:09,470

description changed the date by one year

781

00:38:16,870 --> 00:38:12,260

and and used her drawing and used her

782

00:38:19,900 --> 00:38:16,880

drawing and said it was his report it's

783

00:38:23,590 --> 00:38:19,910

kind of the kind of upset me because oh

784

00:38:25,810 --> 00:38:23,600

gosh yeah yeah yes why would you do that

785

00:38:29,140 --> 00:38:25,820

but you know I wouldn't do it to

786

00:38:31,090 --> 00:38:29,150

somebody no a few things about his

787

00:38:35,380 --> 00:38:31,100

report but he used the very basics of

788

00:38:37,270 --> 00:38:35,390

our report and you know as I'm reading

789

00:38:39,430 --> 00:38:37,280

the report I'm going wait a minute I

790

00:38:46,150 --> 00:38:39,440

think I've heard this before nobody who

791

00:38:48,490 --> 00:38:46,160

saw them yeah the drawing yes oh yeah

792

00:38:50,680 --> 00:38:48,500

yeah that's that's kind of happening to

793

00:38:52,330 --> 00:38:50,690

us too you know with our shows on

794

00:38:53,770 --> 00:38:52,340

YouTube people are ripping them off so

795

00:38:55,750 --> 00:38:53,780

everybody out there listening if you're

796

00:38:58,000 --> 00:38:55,760

ripping off our shows we do have

797

00:39:01,930 --> 00:38:58,010

copyright protection so you don't want a

798

00:39:06,640 --> 00:39:01,940

lawsuit against you yeah yeah definitely

799

00:39:09,220 --> 00:39:06,650

and something that was interesting ken

800

00:39:15,060 --> 00:39:09,230

has a son that lives in the northernmost

801

00:39:21,910 --> 00:39:15,070

part of Wisconsin and oh I guess about a

802

00:39:26,380 --> 00:39:21,920

two weeks ago maybe it had snowed and he

803

00:39:29,170 --> 00:39:26,390

had he had a 50-pound bag of apples that

804

00:39:31,930 --> 00:39:29,180

he had bought from the local farmers

805

00:39:35,680 --> 00:39:31,940

market and he put those apples out for

806

00:39:41,800 --> 00:39:35,690

the deer and he had him hanging in a

807

00:39:43,830 --> 00:39:41,810

lean-to shed that had a didn't really

808

00:39:47,620 --> 00:39:43,840

have a door it just had like a piece of

809

00:39:53,200 --> 00:39:47,630

plywood big piece of plywood

810

00:39:56,950 --> 00:39:53,210

against it for a door and he heard some

811

00:40:01,750 --> 00:39:56,960

howling oh he was all on the back porch

812

00:40:04,480 --> 00:40:01,760

and it was around dusk and he heard some

813

00:40:07,320 --> 00:40:04,490

howling that kind of went back and forth

814

00:40:10,210 --> 00:40:07,330

and he thought that he knew it wasn't a

815

00:40:17,100 --> 00:40:10,220

coyote because he'd heard coyotes before

816

00:40:22,540 --> 00:40:17,110

and it was just a real guttural howl and

817

00:40:24,940 --> 00:40:22,550

that night something got into the

818

00:40:28,450 --> 00:40:24,950

lean-to took down that 50 pound of

819

00:40:32,320 --> 00:40:28,460

apples and and walked away with them it

820

00:40:37,180 --> 00:40:32,330

didn't run but the footstep was like 51

821

00:40:39,760 --> 00:40:37,190

inch footsteps in the snow and Ken's son

822

00:40:46,270 --> 00:40:39,770

is a big guy he's like 6 3 ways maybe

823

00:40:48,630 --> 00:40:46,280

250 he couldn't match that footstep and

824

00:40:51,850 --> 00:40:48,640

it was a pretty good sized footprint and

825

00:40:55,690 --> 00:40:51,860

he thought it looked like Bigfoot but he

826

00:40:57,840 --> 00:40:55,700

couldn't be absolutely sure and he

827

00:41:01,240 --> 00:40:57,850

wasn't able to cast the print because

828

00:41:04,600 --> 00:41:01,250

the snow was a little bit too deep but

829

00:41:06,880 --> 00:41:04,610

we asked him or did he put on a game

830

00:41:11,410 --> 00:41:06,890

camera and I guess there's so many deer

831

00:41:15,880 --> 00:41:11,420

around her that he doesn't he's just

832

00:41:19,060 --> 00:41:15,890

taking pictures long time yeah so it

833

00:41:21,220 --> 00:41:19,070

kind of looks like his son had a Bigfoot

834

00:41:23,860 --> 00:41:21,230

experience even though he didn't really

835

00:41:25,390 --> 00:41:23,870

see him there's evidence a Bigfoot I

836

00:41:27,850 --> 00:41:25,400

wonder where I wonder where he's located

837

00:41:29,620 --> 00:41:27,860

because he's I mean I'm in the farthest

838

00:41:31,090 --> 00:41:29,630

northwest part of Wisconsin he's got to

839

00:41:34,330 --> 00:41:31,100

be nearby me within a couple hundred

840

00:41:35,710 --> 00:41:34,340

miles of that you know I don't remember

841

00:41:38,560 --> 00:41:35,720

the name of the town and next time you

842

00:41:40,960 --> 00:41:38,570

talk to Ken yeah in ask him what town

843

00:41:43,480 --> 00:41:40,970

his son lived in Austria yeah it

844

00:41:45,940 --> 00:41:43,490

probably is close to you yeah he's in a

845

00:41:47,830 --> 00:41:45,950

real small town that the county there's

846

00:41:50,290 --> 00:41:47,840

like only 1,400 people in the whole

847

00:41:53,020 --> 00:41:50,300

entire county oh I bet you he's over by

848

00:41:56,740 --> 00:41:53,030

he could be closer to Michigan - yeah

849

00:41:57,730 --> 00:41:56,750

you get some apples yeah I'll bring him

850

00:41:59,340 --> 00:41:57,740

some apples and we'll do a little

851
00:42:03,540 --> 00:41:59,350
squatching

852
00:42:10,020 --> 00:42:03,550
yeah go by the way Bigfoot does like

853
00:42:12,450 --> 00:42:10,030
apples so lots of them now Maryland

854
00:42:14,190 --> 00:42:12,460
Maryland a few years back I was a head

855
00:42:15,840 --> 00:42:14,200
of gentlemen contact me in our County

856
00:42:19,410 --> 00:42:15,850
and we were out on his property looking

857
00:42:21,480 --> 00:42:19,420
around and you told me to bring a sweet

858
00:42:24,810 --> 00:42:21,490
scented candle with you was is that that

859
00:42:26,820 --> 00:42:24,820
was you right yes yes so why would that

860
00:42:28,050 --> 00:42:26,830
attract a Bigfoot let let our listeners

861
00:42:29,490 --> 00:42:28,060
know that's and I think it was a neat

862
00:42:33,810 --> 00:42:29,500
concept oh of course we brought a candle

863
00:42:36,000 --> 00:42:33,820

with us to the honey

864

00:42:40,290 --> 00:42:36,010

they are very attracted to the scent of

865

00:42:42,690 --> 00:42:40,300

honeysuckle and adapters the honeysuckle

866

00:42:46,860 --> 00:42:42,700

will put out little berries no eat those

867

00:42:50,400 --> 00:42:46,870

oh sure and so just about anything that

868

00:42:51,810 --> 00:42:50,410

puts out edible berries they're gonna be

869

00:42:52,560 --> 00:42:51,820

around but they do they do like

870

00:42:55,110 --> 00:42:52,570

honeysuckle

871

00:42:57,210 --> 00:42:55,120

the one at Kent's I was eatin crawfish

872

00:42:59,730 --> 00:42:57,220

so yeah the last time you went up to

873

00:43:01,560 --> 00:42:59,740

Pennsylvania we got some crawfish oral

874

00:43:05,460 --> 00:43:01,570

and I'll tell you don't don't spill that

875

00:43:10,080 --> 00:43:05,470

on you it's worse than skunk

876

00:43:12,620 --> 00:43:10,090

oh wow did that we baited down the word

877

00:43:15,560 --> 00:43:12,630

kennesaw that one there in Pennsylvania

878

00:43:21,570 --> 00:43:15,570

and my son we went down with honeysuckle

879

00:43:24,900 --> 00:43:21,580

with the oil we even got some bowls some

880

00:43:26,580 --> 00:43:24,910

meat and hung it up and the only thing

881

00:43:28,590 --> 00:43:26,590

we ever got on the game camera was a

882

00:43:32,540 --> 00:43:28,600

bunch of crows figuring out trying to

883

00:43:37,470 --> 00:43:34,740

then we kind of came up with the idea

884

00:43:41,130 --> 00:43:37,480

that they're nomadic and talking to

885

00:43:43,650 --> 00:43:41,140

people since then a lot of people the

886

00:43:46,440 --> 00:43:43,660

good they are no words they're on a

887

00:43:48,240 --> 00:43:46,450

territory but yeah you know they don't

888

00:43:52,740 --> 00:43:48,250

stay in one spot and the other thing is

889

00:43:54,900 --> 00:43:52,750

that's those of you don't want to try

890

00:44:00,090 --> 00:43:54,910

the tree knocking technique see if you

891

00:44:02,720 --> 00:44:00,100

get a response use only the tree

892

00:44:07,530 --> 00:44:02,730

branches from whatever is a local tree

893

00:44:09,600 --> 00:44:07,540

to hit hit it up against the tree in

894

00:44:12,570 --> 00:44:09,610

other words if you you hit an oak tree

895

00:44:14,850 --> 00:44:12,580

use an oak branch don't use

896

00:44:24,110 --> 00:44:14,860

or whatever because they know that then

897

00:44:30,480 --> 00:44:28,860

oh yeah I've just that I guess they

898

00:44:32,550 --> 00:44:30,490

never thought about that but you know he

899

00:44:34,140 --> 00:44:32,560

the other their nomadic and they're

900

00:44:37,020 --> 00:44:34,150

always to me they I feel they're always

901
00:44:39,510 --> 00:44:37,030
near a water source to I mean and yep

902
00:44:41,430 --> 00:44:39,520
they're foraging for berries and now

903
00:44:43,530 --> 00:44:41,440
unless you run into cans - he was

904
00:44:48,450 --> 00:44:43,540
foraging for for crawfish in the river

905
00:44:51,480 --> 00:44:48,460
and yes it was wooded around the area -

906
00:44:53,490 --> 00:44:51,490
so it makes it good for them hiding in

907
00:44:55,860 --> 00:44:53,500
the brushes and and so forth they're

908
00:44:59,850 --> 00:44:55,870
there they're very adept and very

909
00:45:03,000 --> 00:44:59,860
intelligent as far as hiding they know

910
00:45:06,390 --> 00:45:03,010
how as a group to use skills that are

911
00:45:10,470 --> 00:45:06,400
almost like military-style skills where

912
00:45:15,300 --> 00:45:10,480
they'll surround you and we are going to

913
00:45:17,010 --> 00:45:15,310

go to the Eureka Springs UFO conference

914

00:45:21,180 --> 00:45:17,020

this year there was our conference on

915

00:45:22,650 --> 00:45:21,190

Ozark 1 and we'd been many times but we

916

00:45:24,420 --> 00:45:22,660

got this new trailer that we haven't

917

00:45:27,330 --> 00:45:24,430

been able to get out and so it's a good

918

00:45:29,430 --> 00:45:27,340

chance to do that yeah so if any of you

919

00:45:31,620 --> 00:45:29,440

are near Ozark or go to the Ozark

920

00:45:34,770 --> 00:45:31,630

Conference look for us and coming tap us

921

00:45:36,840 --> 00:45:34,780

on the shoulder and say hi so tell us

922

00:45:38,670 --> 00:45:36,850

your story well yeah we're not we're not

923

00:45:43,200 --> 00:45:38,680

presenting there we're just attending

924

00:45:46,110 --> 00:45:43,210

but they're there to support chase klutz

925

00:45:49,320 --> 00:45:46,120

key instead in Freedman and they're

926

00:45:51,900 --> 00:45:49,330

gonna be there in Manhattan and

927

00:45:57,990 --> 00:45:51,910

Stanton's got a new he presented it on

928

00:46:00,210 --> 00:45:58,000

the cruise a new lecture which I thought

929

00:46:04,470 --> 00:46:00,220

was pretty good but you know the

930

00:46:08,310 --> 00:46:04,480

military and how much how much money we

931

00:46:16,230 --> 00:46:08,320

spend on different things in 22 million

932

00:46:17,730 --> 00:46:16,240

dollars that yet the Pentagon spent 22

933

00:46:22,680 --> 00:46:17,740

million dollars is a drop in the bucket

934

00:46:25,070 --> 00:46:22,690

but when Robert Bigelow cut the deal

935

00:46:26,370 --> 00:46:25,080

with MUFON and and bought their files

936

00:46:28,020 --> 00:46:26,380

that's where

937

00:46:31,860 --> 00:46:28,030

it came out of that 22 million dollars

938

00:46:37,440 --> 00:46:31,870

oh that makes sense

939

00:46:39,810 --> 00:46:37,450

yeah so you guys you guys have done some

940

00:46:41,670 --> 00:46:39,820

investigating - with with the ghosts and

941

00:46:45,300 --> 00:46:41,680

paranormal have you have you guys came

942

00:46:47,400 --> 00:46:45,310

across anything really strange well I

943

00:46:49,950 --> 00:46:47,410

think the most interesting thing that we

944

00:46:50,940 --> 00:46:49,960

had was when we investigated Eugene

945

00:46:53,380 --> 00:46:50,950

Leroy Hart

946

00:46:54,530 --> 00:46:53,390

yeah we need to go back and do that yeah

947

00:46:59,280 --> 00:46:54,540

[Music]

948

00:47:05,280 --> 00:46:59,290

on the night of the full Blood Moon we

949

00:47:07,560 --> 00:47:05,290

we did alive yeah yeah that that one was

950

00:47:10,620 --> 00:47:07,570

probably the most fascinating one to me

951
00:47:12,600 --> 00:47:10,630
because we made contact with yeah you

952
00:47:16,550 --> 00:47:12,610
know we we were gonna go do the sky

953
00:47:19,650 --> 00:47:16,560
watch so we actually cut the

954
00:47:23,940 --> 00:47:19,660
investigation for the for Leroy Hart

955
00:47:26,400 --> 00:47:23,950
short and we we we really because we

956
00:47:28,890 --> 00:47:26,410
weren't really finished with it but you

957
00:47:32,130 --> 00:47:28,900
know we want to get down there and get

958
00:47:34,290 --> 00:47:32,140
all set up for Scott which ended up not

959
00:47:35,910 --> 00:47:34,300
working out but I don't think we got I

960
00:47:38,240 --> 00:47:35,920
don't think we had enough internet

961
00:47:41,220 --> 00:47:38,250
signal or cellular signal I think that

962
00:47:44,700 --> 00:47:41,230
signal we were down on the lake and on

963
00:47:48,150 --> 00:47:44,710

Ken's property yeah we did we did good

964

00:47:52,590 --> 00:47:48,160

with house using my uh my iphone is a

965

00:47:55,470 --> 00:47:52,600

hot spot in this tub yeah uh look us go

966

00:47:59,250 --> 00:47:55,480

visit to Metropolis it yeah it's in the

967

00:48:00,960 --> 00:47:59,260

boonies yeah like we had have a hard

968

00:48:02,430 --> 00:48:00,970

time getting ahold of Ken especially

969

00:48:04,500 --> 00:48:02,440

when he's down in the park because yeah

970

00:48:05,850 --> 00:48:04,510

it's kind of a dead spot and course

971

00:48:08,640 --> 00:48:05,860

that's where we were when we were trying

972

00:48:11,190 --> 00:48:08,650

to do the Sky Watch but but that to me

973

00:48:12,450 --> 00:48:11,200

that was the most fascinating case that

974

00:48:15,300 --> 00:48:12,460

we ever investigated

975

00:48:17,640 --> 00:48:15,310

I think the Springfield one was to

976

00:48:20,700 --> 00:48:17,650

Springfield was interesting yeah

977

00:48:22,800 --> 00:48:20,710

yeah and then we did a another one where

978

00:48:25,890 --> 00:48:22,810

we made contact with the chem birth at

979

00:48:27,840 --> 00:48:25,900

the old house that all the windows were

980

00:48:34,650 --> 00:48:27,850

out of it and we're freezing cold and

981

00:48:39,690 --> 00:48:34,660

yeah eight room yeah yeah we yeah we

982

00:48:43,530 --> 00:48:39,700

made contact with a guy that lived there

983

00:48:47,220 --> 00:48:43,540

it was the father of the guy that whose

984

00:48:50,220 --> 00:48:47,230

dad we made contact with Matt us there

985

00:48:54,870 --> 00:48:50,230

at the the old building and gave us some

986

00:48:58,170 --> 00:48:54,880

background history on the place and it

987

00:48:58,920 --> 00:48:58,180

was actually built in the before Leo

988

00:49:02,340 --> 00:48:58,930

McCarey

989

00:49:04,470 --> 00:49:02,350

yeah before it was was just a territory

990

00:49:09,030 --> 00:49:04,480

at the time but it had been many things

991

00:49:12,210 --> 00:49:09,040

from a stagecoach station to the

992

00:49:15,870 --> 00:49:12,220

courthouse to living quarters for people

993

00:49:17,790 --> 00:49:15,880

and a sheriff's office and it been lots

994

00:49:19,410 --> 00:49:17,800

of different things and they're a big

995

00:49:21,150 --> 00:49:19,420

huge tree out in front of it and I'm

996

00:49:24,210 --> 00:49:21,160

pretty sure when it was the courthouse

997

00:49:28,280 --> 00:49:24,220

it was that was a hanging tree oh yeah

998

00:49:31,440 --> 00:49:28,290

yeah and but anyway we made contact with

999

00:49:33,030 --> 00:49:31,450

the guy's father they said he wasn't a

1000

00:49:36,420 --> 00:49:33,040

very nice guy there was a murder that

1001
00:49:39,990 --> 00:49:36,430
had taken place in in the room we were

1002
00:49:42,180 --> 00:49:40,000
in and we made contact with him and I

1003
00:49:45,300 --> 00:49:42,190
actually moved him on moved him out of

1004
00:49:46,740 --> 00:49:45,310
there um asked him if he won he was we

1005
00:49:49,950 --> 00:49:46,750
said we he was forgiven for what he'd

1006
00:49:51,840 --> 00:49:49,960
done and and would did he want to go

1007
00:49:54,590 --> 00:49:51,850
home and be with God and he said yes and

1008
00:49:58,740 --> 00:49:54,600
so we moved him on and we moved out so

1009
00:50:00,240 --> 00:49:58,750
all very cool very cool yeah well let's

1010
00:50:01,560 --> 00:50:00,250
let's take one more break you're

1011
00:50:03,420 --> 00:50:01,570
listening to paying radio on the

1012
00:50:05,040 --> 00:50:03,430
inception radio network tonight we have

1013
00:50:08,070 --> 00:50:05,050

on dick and Marilyn Carlson of the

1014

00:50:12,780 --> 00:50:08,080

Oklahoma UFO paranormal team and we will

1015

00:50:14,970 --> 00:50:12,790

be right back and welcome back to paying

1016

00:50:17,400 --> 00:50:14,980

radio we're back on the air after a

1017

00:50:19,590 --> 00:50:17,410

three to four-month hiatus but tonight

1018

00:50:22,440 --> 00:50:19,600

we have on dick and Marilyn Carlson of

1019

00:50:24,030 --> 00:50:22,450

the UFO with excuse me Oklahoma UFO

1020

00:50:26,190 --> 00:50:24,040

paranormal team and we thank everybody

1021

00:50:28,080 --> 00:50:26,200

for joining us so we're going straight

1022

00:50:31,470 --> 00:50:28,090

to a question from chat from our friend

1023

00:50:33,650 --> 00:50:31,480

Dan guys do they regard that you do you

1024

00:50:36,000 --> 00:50:33,660

regard the UFO phenomena as possibly

1025

00:50:39,330 --> 00:50:36,010

interdimensional and does life after

1026
00:50:41,040 --> 00:50:39,340
death cross over so we're getting deep

1027
00:50:42,900 --> 00:50:41,050
into here do you think these are our

1028
00:50:46,760 --> 00:50:42,910
these godlike beings possibly coming

1029
00:50:51,790 --> 00:50:49,760
interdimensional and extra

1030
00:50:55,510 --> 00:50:51,800
extraterrestrial

1031
00:50:58,410 --> 00:50:55,520
so and you don't always know what you're

1032
00:51:01,210 --> 00:50:58,420
dealing with and a lot of times et

1033
00:51:05,859 --> 00:51:01,220
interdimensional ETS are mistaken for

1034
00:51:09,640 --> 00:51:05,869
ghosts so because they can go in between

1035
00:51:12,460 --> 00:51:09,650
dimensions and sometimes their ships are

1036
00:51:14,200 --> 00:51:12,470
interdimensional like that one that

1037
00:51:18,730 --> 00:51:14,210
beautiful you saw the canisters of

1038
00:51:25,330 --> 00:51:18,740

fabric of the sky yeah we were coming we

1039

00:51:28,510 --> 00:51:25,340

were in Arizona coming down Sedona and I

1040

00:51:33,070 --> 00:51:28,520

see this what appears like a circular

1041

00:51:37,630 --> 00:51:33,080

rainbow in the sky beautiful day clear

1042

00:51:41,040 --> 00:51:37,640

sunny day and I'm looking at this

1043

00:51:44,470 --> 00:51:41,050

rainbow and all of a sudden it's this

1044

00:51:49,570 --> 00:51:44,480

object began to emerge out of the

1045

00:51:53,710 --> 00:51:49,580

rainbow and became more more and more

1046

00:51:56,500 --> 00:51:53,720

like a circular UFO and then you could

1047

00:51:59,020 --> 00:51:56,510

see the whole whole UFO and then it came

1048

00:52:02,080 --> 00:51:59,030

down and over across the highway above

1049

00:52:04,170 --> 00:52:02,090

the truck and down across the trees on

1050

00:52:07,359 --> 00:52:04,180

them on the left-hand side of us and

1051
00:52:11,880 --> 00:52:07,369
down disappeared down into the valley

1052
00:52:15,070 --> 00:52:11,890
and it I'm sure it was an innard event

1053
00:52:17,290 --> 00:52:15,080
interdimensional craft that we saw so

1054
00:52:19,150 --> 00:52:17,300
you so I was trying to drive Maryland

1055
00:52:20,920 --> 00:52:19,160
you saw her at me stop see how that

1056
00:52:22,780 --> 00:52:20,930
stops when you see that I'm on the

1057
00:52:25,180 --> 00:52:22,790
interstate coming down these big trucks

1058
00:52:27,910 --> 00:52:25,190
or behind me and I said I just can't

1059
00:52:34,770 --> 00:52:27,920
can't stop well there really was no

1060
00:52:43,500 --> 00:52:40,210
so you know and that's when I realized

1061
00:52:49,870 --> 00:52:43,510
that that there are interdimensional

1062
00:52:52,450 --> 00:52:49,880
beings and that's why sometimes people

1063
00:52:56,170 --> 00:52:52,460

that CET they're there and then they're

1064

00:52:57,130 --> 00:52:56,180

not there because they're in between

1065

00:52:59,470 --> 00:52:57,140

dimensions

1066

00:53:01,240 --> 00:52:59,480

yeah I was I was gonna mention that to

1067

00:53:04,030 --> 00:53:01,250

you I mean do you think people have that

1068

00:53:05,200 --> 00:53:04,040

that third eye to see and you know these

1069

00:53:06,850 --> 00:53:05,210

beings are

1070

00:53:09,850 --> 00:53:06,860

in the sky I know people that see them

1071

00:53:12,280 --> 00:53:09,860

all the time some people are more prone

1072

00:53:13,780 --> 00:53:12,290

to being able to see them because they

1073

00:53:16,810 --> 00:53:13,790

they're just to have that gift or

1074

00:53:18,340 --> 00:53:16,820

ability that like their third eyes you

1075

00:53:20,230 --> 00:53:18,350

would call it as is a little more

1076

00:53:22,480 --> 00:53:20,240

developed than we all have the ability

1077

00:53:26,920 --> 00:53:22,490

but some of us have it more developed

1078

00:53:31,980 --> 00:53:26,930

than others and so and you can actually

1079

00:53:34,980 --> 00:53:31,990

work at developing your third eye and

1080

00:53:39,480 --> 00:53:34,990

making contact with the other side so

1081

00:53:44,320 --> 00:53:39,490

and in my opinion and based on my own

1082

00:53:47,560 --> 00:53:44,330

experience meditation and working with

1083

00:53:53,110 --> 00:53:47,570

the chakras and opening up the chakras

1084

00:53:54,730 --> 00:53:53,120

is what allows you to see and feel in

1085

00:53:59,770 --> 00:53:54,740

meditation

1086

00:54:02,170 --> 00:53:59,780

yep so I did mine today 26 minutes it's

1087

00:54:03,340 --> 00:54:02,180

a podcast but you know you they claim

1088

00:54:05,170 --> 00:54:03,350

you're supposed to stay up and do your

1089

00:54:07,030 --> 00:54:05,180

breathing during meditation it just

1090

00:54:08,920 --> 00:54:07,040

knocks me out like within about five

1091

00:54:11,740 --> 00:54:08,930

minutes but I call it my little nap time

1092

00:54:21,850 --> 00:54:11,750

with relaxing oceans and my ears and

1093

00:54:22,570 --> 00:54:21,860

sure yeah guided meditation or you can

1094

00:54:27,100 --> 00:54:22,580

go on your own

1095

00:54:28,840 --> 00:54:27,110

you know minutes mm-hmm teaches you

1096

00:54:32,620 --> 00:54:28,850

something that you don't you don't

1097

00:54:34,840 --> 00:54:32,630

realize you can do yeah right right

1098

00:54:37,060 --> 00:54:34,850

so what experience have you guys had

1099

00:54:38,650 --> 00:54:37,070

what experiences are you know cases have

1100

00:54:46,420 --> 00:54:38,660

you guys had with any Bigfoot activity

1101
00:54:48,940 --> 00:54:46,430
in Oklahoma let's see we went Bigfoot

1102
00:54:50,440 --> 00:54:48,950
hunting a couple times it hasn't we

1103
00:54:54,850 --> 00:54:50,450
haven't spent a lot of time Bigfoot

1104
00:54:57,700 --> 00:54:54,860
hunting ken has been out looking he's

1105
00:55:00,790 --> 00:54:57,710
kids were doing it we I can't spend out

1106
00:55:03,130 --> 00:55:00,800
more seacoast like to the you know to

1107
00:55:08,440 --> 00:55:03,140
the rivers and everything yeah

1108
00:55:12,160 --> 00:55:08,450
but we we go to regular Bigfoot meetings

1109
00:55:13,750 --> 00:55:12,170
and conferences and so forth so we you

1110
00:55:20,010 --> 00:55:13,760
know we kind of keep track of what's

1111
00:55:24,010 --> 00:55:23,200
but we have not cast a big footprint in

1112
00:55:28,210 --> 00:55:24,020
quite a while

1113
00:55:32,230 --> 00:55:28,220

no we casted some prints footprints at

1114

00:55:36,790 --> 00:55:32,240

Lake Stanley Draper and there's been a

1115

00:55:40,480 --> 00:55:36,800

reported Bigfoot cases on Lake Stanley

1116

00:55:42,730 --> 00:55:40,490

Draper so when we got the report of

1117

00:55:45,310 --> 00:55:42,740

these footprints and they were right

1118

00:55:49,060 --> 00:55:45,320

left right left footprints we did go out

1119

00:55:51,130 --> 00:55:49,070

and cast those it was an interesting

1120

00:55:55,600 --> 00:55:51,140

thing it was in the wintertime and it

1121

00:55:57,790 --> 00:55:55,610

was a where barefoot oh wow like and

1122

00:56:00,340 --> 00:55:57,800

that went on for miles and followed

1123

00:56:01,120 --> 00:56:00,350

these tracks for least a couple miles

1124

00:56:04,420 --> 00:56:01,130

yeah

1125

00:56:07,870 --> 00:56:04,430

alongside the river or a delay and then

1126
00:56:09,430 --> 00:56:07,880
but it was from anywhere where anybody

1127
00:56:12,070 --> 00:56:09,440
yeah we've kept looking along the

1128
00:56:16,810 --> 00:56:12,080
shoreline to see if somebody had a boat

1129
00:56:21,070 --> 00:56:16,820
or something down by the knee just on

1130
00:56:23,440 --> 00:56:21,080
this dirt road yeah and it had been it

1131
00:56:26,740 --> 00:56:23,450
had rained a couple days before it was

1132
00:56:31,420 --> 00:56:26,750
muddy and it made for good footprints on

1133
00:56:33,100 --> 00:56:31,430
the road the dirt road so um well that

1134
00:56:35,860 --> 00:56:33,110
yeah that's that's a little too strange

1135
00:56:38,560 --> 00:56:35,870
for a human to be old doing stuff like

1136
00:56:40,840 --> 00:56:38,570
that yeah but with dr. Jim Whitehead

1137
00:56:43,210 --> 00:56:40,850
again it was kind of a local expert

1138
00:56:44,560 --> 00:56:43,220

expert in he says although Sir William

1139

00:56:46,690 --> 00:56:44,570

should've went the other way you know

1140

00:56:48,640 --> 00:56:46,700

you guys went north and you should

1141

00:56:50,650 --> 00:56:48,650

instead of making a left turn on that

1142

00:56:52,480 --> 00:56:50,660

trail you should have made a writer yeah

1143

00:56:56,020 --> 00:56:52,490

yeah that's the story of my life you

1144

00:57:00,490 --> 00:56:56,030

know I spend quite a bit of time out

1145

00:57:03,010 --> 00:57:00,500

there yeah porn footprints yeah

1146

00:57:05,620 --> 00:57:03,020

no guys you've had oh you've had several

1147

00:57:07,720 --> 00:57:05,630

people to reach out to you to help them

1148

00:57:09,850 --> 00:57:07,730

with cases you know you know you know

1149

00:57:11,350 --> 00:57:09,860

for example MUFON or things so you get

1150

00:57:12,990 --> 00:57:11,360

that on often where people reach out to

1151
00:57:17,220 --> 00:57:13,000
you for help

1152
00:57:21,250 --> 00:57:17,230
occasionally it does happen I mean we

1153
00:57:26,950 --> 00:57:21,260
chase kutsuki had an investigated board

1154
00:57:28,630 --> 00:57:26,960
camp which is over in Arkansas and she

1155
00:57:31,810 --> 00:57:28,640
called said you know I'd really like to

1156
00:57:32,590 --> 00:57:31,820
get a second opinion on it would you

1157
00:57:36,420 --> 00:57:32,600
mind going over

1158
00:57:40,150 --> 00:57:36,430
checking it out they see there's a

1159
00:57:42,460 --> 00:57:40,160
crystal mine there and that's he you dig

1160
00:57:46,980 --> 00:57:42,470
crystal mine but they were seeing

1161
00:57:51,340 --> 00:57:46,990
strange lights off in the woods and

1162
00:57:53,650 --> 00:57:51,350
around around the property and so chase

1163
00:57:58,270 --> 00:57:53,660

went investigated it she saw a strange

1164

00:58:02,800 --> 00:57:58,280

light then they brought back Josh gates

1165

00:58:05,080 --> 00:58:02,810

from mm yeah from the TV program they

1166

00:58:09,520 --> 00:58:05,090

saw light oh yeah that was neat I did

1167

00:58:12,280 --> 00:58:09,530

see that catch that and we went and dick

1168

00:58:14,560 --> 00:58:12,290

and I did not see a light at all but Ken

1169

00:58:16,360 --> 00:58:14,570

and Helen were walking down the road and

1170

00:58:19,750 --> 00:58:16,370

they did see a light off in the woods

1171

00:58:26,080 --> 00:58:19,760

and Ken flashed his flashlight back at

1172

00:58:30,280 --> 00:58:26,090

it and it seemed to respond so I stood

1173

00:58:35,140 --> 00:58:30,290

up all around the pit and we had six

1174

00:58:36,040 --> 00:58:35,150

cameras and did you know magnetometers

1175

00:58:41,910 --> 00:58:36,050

the whole bit

1176

00:58:46,030 --> 00:58:41,920

one thing that was interesting is George

1177

00:58:46,840 --> 00:58:46,040

but that's slick yeah yeah I had some

1178

00:58:51,880 --> 00:58:46,850

hydrophones

1179

00:58:54,640 --> 00:58:51,890

and he can and you can put them on the

1180

00:58:57,370 --> 00:58:54,650

ground in where the pit is and you could

1181

00:59:00,250 --> 00:58:57,380

hear water running well that means that

1182

00:59:02,920 --> 00:59:00,260

you know something is exciting the great

1183

00:59:05,680 --> 00:59:02,930

crystal mm-hmm and like any kind of its

1184

00:59:08,140 --> 00:59:05,690

you know they're quartz crystals and you

1185

00:59:11,980 --> 00:59:08,150

get them excited enough they'll generate

1186

00:59:14,620 --> 00:59:11,990

a dinner a to discharge so that's kind

1187

00:59:17,830 --> 00:59:14,630

of our theory we didn't get in to prove

1188

00:59:21,010 --> 00:59:17,840

it other than the running water and this

1189

00:59:22,990 --> 00:59:21,020

pit that has crystals in it but I was a

1190

00:59:25,420 --> 00:59:23,000

sergeant in the Navy and our Hydra films

1191

00:59:27,490 --> 00:59:25,430

were all crystal you know where it took

1192

00:59:30,880 --> 00:59:27,500

the sound wave made it into an

1193

00:59:33,880 --> 00:59:30,890

electrical pulse and then went into you

1194

00:59:37,270 --> 00:59:33,890

know the into the amplifiers and then

1195

00:59:40,700 --> 00:59:37,280

you listened on a headset so I know what

1196

00:59:43,050 --> 00:59:40,710

crystals can do and

1197

00:59:46,080 --> 00:59:43,060

anyway that's I think it's a good theory

1198

00:59:48,960 --> 00:59:46,090

because did you excite them enough no

1199

00:59:52,950 --> 00:59:48,970

discharge but if people are interested

1200

00:59:55,490 --> 00:59:52,960

in going out to board camp just do

1201

00:59:59,280 --> 00:59:55,500

Google search on board camp mine and

1202

01:00:02,540 --> 00:59:59,290

you'll find the contact and for a small

1203

01:00:05,190 --> 01:00:02,550

fee you all can go out there and and

1204

01:00:08,820 --> 01:00:05,200

maybe get lucky yeah I get lucky and see

1205

01:00:11,250 --> 01:00:08,830

some lights so it's open to the public

1206

01:00:12,599 --> 01:00:11,260

yeah and then the owners I forget the

1207

01:00:14,280 --> 01:00:12,609

names I'm friends with them on Facebook

1208

01:00:16,530 --> 01:00:14,290

because we did do a show on that too a

1209

01:00:20,340 --> 01:00:16,540

while back and very very nice and

1210

01:00:22,320 --> 01:00:20,350

genuine people too you know yeah yeah

1211

01:00:24,240 --> 01:00:22,330

she's great I chat with her on occasion

1212

01:00:26,280 --> 01:00:24,250

they've great stuff that was that was

1213

01:00:28,560 --> 01:00:26,290

one of my favorite shows you know in the

1214

01:00:30,660 --> 01:00:28,570

past few years chatting with you know

1215

01:00:34,790 --> 01:00:30,670

people that are just seeing some strange

1216

01:00:37,410 --> 01:00:34,800

stuff on their property you know so

1217

01:00:43,290 --> 01:00:37,420

they've got a little place where you can

1218

01:00:48,300 --> 01:00:43,300

camp and stay the night so they built us

1219

01:00:52,620 --> 01:00:48,310

a stage they're like a musical you know

1220

01:00:55,290 --> 01:00:52,630

to bring you know bands in mm-hmm and

1221

01:00:58,470 --> 01:00:55,300

then he took the side of the hill and

1222

01:01:01,020 --> 01:00:58,480

kind of terrorists it so people could

1223

01:01:03,080 --> 01:01:01,030

set up chairs and stuff and that was

1224

01:01:05,790 --> 01:01:03,090

kind of the original thing he did but

1225

01:01:08,970 --> 01:01:05,800

and then now they have this thing with

1226

01:01:11,940 --> 01:01:08,980

he's he's seeing these lights and

1227

01:01:13,820 --> 01:01:11,950

there's been reported UFO a couple times

1228

01:01:16,710 --> 01:01:13,830

on scene mm-hmm

1229

01:01:19,050 --> 01:01:16,720

unfortunately even instrumenting up we

1230

01:01:21,390 --> 01:01:19,060

really didn't we didn't get anything

1231

01:01:25,770 --> 01:01:21,400

yeah there wasn't you know black

1232

01:01:28,680 --> 01:01:25,780

background yeah radiation you check for

1233

01:01:31,230 --> 01:01:28,690

all kinds of phenomenon yeah

1234

01:01:33,900 --> 01:01:31,240

luckily Ken and Helen saw the one light

1235

01:01:37,260 --> 01:01:33,910

so that did prove to us that there is

1236

01:01:38,849 --> 01:01:37,270

some activity on the property that's the

1237

01:01:40,680 --> 01:01:38,859

kind of way it is with almost any of

1238

01:01:44,450 --> 01:01:40,690

these investigations I mean it's kind of

1239

01:01:48,060 --> 01:01:44,460

a hit and miss but we've got our own

1240

01:01:52,890 --> 01:01:48,070

hauntings and saw absolutely nothing you

1241

01:01:54,480 --> 01:01:52,900

know and then like we did in Belu when

1242

01:01:57,180 --> 01:01:54,490

you guys run here I mean

1243

01:02:01,560 --> 01:01:57,190

that was very active yeah but we weren't

1244

01:02:05,280 --> 01:02:01,570

expecting to make contact we got his mom

1245

01:02:07,350 --> 01:02:05,290

yeah yeah so we kind of thought well

1246

01:02:09,990 --> 01:02:07,360

maybe Leroy really was buried there he

1247

01:02:13,740 --> 01:02:10,000

was he died in a prison but they got a

1248

01:02:17,010 --> 01:02:13,750

beautiful headstone I mean it's big so

1249

01:02:18,390 --> 01:02:17,020

the the tribe must have done that and of

1250

01:02:21,830 --> 01:02:18,400

course his mother's bird decided with a

1251

01:02:29,370 --> 01:02:26,010

button like I say sometimes you just you

1252

01:02:31,500 --> 01:02:29,380

gotta go that's all I can say you got to

1253

01:02:35,010 --> 01:02:31,510

go see what you can find

1254

01:02:38,090 --> 01:02:35,020

yeah course we use instrumentation when

1255

01:02:40,710 --> 01:02:38,100

we do our investigations but

1256

01:02:43,080 --> 01:02:40,720

occasionally we do get activity get

1257

01:02:45,990 --> 01:02:43,090

knocking on the walls or you can hear

1258

01:02:49,470 --> 01:02:46,000

footsteps going down the steps we we did

1259

01:02:54,570 --> 01:02:49,480

that at that old church yeah MODOK MODOK

1260

01:02:56,340 --> 01:02:54,580

yeah we were sitting there waiting for

1261

01:02:57,810 --> 01:02:56,350

something to happen all of a sudden that

1262

01:03:00,210 --> 01:02:57,820

you could hear the bang bang bang bang

1263

01:03:03,510 --> 01:03:00,220

up footsteps coming down the stairs from

1264

01:03:07,500 --> 01:03:03,520

up in the attic and then we went back a

1265

01:03:12,060 --> 01:03:07,510

couple years later and we got all kinds

1266

01:03:14,940 --> 01:03:12,070

of equipment and didn't get anything out

1267

01:03:18,030 --> 01:03:14,950

there we had the heard the sound of a

1268

01:03:21,270 --> 01:03:18,040

baby crying we got it on audiotape yeah

1269

01:03:26,120 --> 01:03:21,280

but uh and the later we found the grave

1270

01:03:29,280 --> 01:03:26,130

for a baby was buried so interesting you

1271

01:03:32,010 --> 01:03:29,290

guys do you guys always have like a big

1272

01:03:34,859 --> 01:03:32,020

ready to go like run out the door yep a

1273

01:03:37,740 --> 01:03:34,869

lot of equipment yeah but we've got it

1274

01:03:39,990 --> 01:03:37,750

divided into what kind of an

1275

01:03:42,660 --> 01:03:40,000

investigation were kind of ocean if

1276

01:03:50,099 --> 01:03:42,670

Bigfoot is this box and ghost hunting is

1277

01:03:52,470 --> 01:03:50,109

this box and so in the you know we were

1278

01:03:58,140 --> 01:03:52,480

prepared to do casting of footprints if

1279

01:03:59,910 --> 01:03:58,150

we need to and we had a figure one day

1280

01:04:02,700 --> 01:03:59,920

I'm at about 20,000 dollars worth of

1281

01:04:04,590 --> 01:04:02,710

equipment yeah Wow

1282

01:04:06,990 --> 01:04:04,600

bring with muth on we were

1283

01:04:09,330 --> 01:04:07,000

only ones luckily I was consulting at

1284

01:04:11,790 --> 01:04:09,340

that time and so we end up you know

1285

01:04:13,350 --> 01:04:11,800

buying things lots of equipment to

1286

01:04:15,660 --> 01:04:13,360

investigate but we are mostly the

1287

01:04:17,250 --> 01:04:15,670

equipment for the team - mm-hmm so

1288

01:04:18,900 --> 01:04:17,260

nobody really has to go buy anything

1289

01:04:23,160 --> 01:04:18,910

else all right

1290

01:04:26,240 --> 01:04:23,170

right that's but it could be it can be

1291

01:04:28,440 --> 01:04:26,250

very it can be very expensive -

1292

01:04:30,360 --> 01:04:28,450

especially ghosts honey because you've

1293

01:04:32,130 --> 01:04:30,370

got all these we went to this Paracon

1294

01:04:34,790 --> 01:04:32,140

right and there's a gentleman there

1295

01:04:35,970 --> 01:04:34,800

selling all these different sensors geez

1296

01:04:39,690 --> 01:04:35,980

you know

1297

01:04:41,910 --> 01:04:39,700

so we sixty eighty a hundred and twenty

1298

01:04:47,130 --> 01:04:41,920

dollars or whatever not super expensive

1299

01:04:49,170 --> 01:04:47,140

but do they work for you I don't know we

1300

01:04:52,080 --> 01:04:49,180

have an opportunity to use them true

1301

01:04:54,660 --> 01:04:52,090

yeah so no you guys got ended up getting

1302

01:04:58,500 --> 01:04:54,670

that that little thermal attachment for

1303

01:05:00,740 --> 01:04:58,510

an iphone is that correct yes yes it

1304

01:05:05,010 --> 01:05:00,750

really works great and we use it for

1305

01:05:07,140 --> 01:05:05,020

Bigfoot hunting and show me ghost

1306

01:05:11,850 --> 01:05:07,150

hunting it'll it'll kind of tell you if

1307

01:05:16,980 --> 01:05:11,860

they're like there's heater or cold yeah

1308

01:05:20,490 --> 01:05:16,990

in an area we did that the night before

1309

01:05:25,830 --> 01:05:20,500

the Perricone yeah went to the over a

1310

01:05:28,440 --> 01:05:25,840

holter mansion and he was a UH one of

1311

01:05:31,230 --> 01:05:28,450

the settlers that came a rich settler

1312

01:05:33,390 --> 01:05:31,240

yeah they came into Oklahoma he built

1313

01:05:36,990 --> 01:05:33,400

this big mansion and of course now it

1314

01:05:38,880 --> 01:05:37,000

belongs to the city but it is haunted

1315

01:05:40,800 --> 01:05:38,890

yeah it is haunted but we didn't get

1316

01:05:46,770 --> 01:05:40,810

anything at night well you got something

1317

01:05:50,520 --> 01:05:46,780

yeah I got I got a ball yeah it was a

1318

01:05:53,190 --> 01:05:50,530

ball of light in the bedroom where the

1319

01:05:55,410 --> 01:05:53,200

children's room was and it wasn't dust

1320

01:05:59,060 --> 01:05:55,420

so no what time you see a lot of these

1321

01:06:01,530 --> 01:05:59,070

orbs or if you have a cheap camera and

1322

01:06:03,300 --> 01:06:01,540

there's dust you'll just see all kinds

1323

01:06:05,640 --> 01:06:03,310

of orbs because this is dust floating

1324

01:06:09,270 --> 01:06:05,650

around we did that and fill it at

1325

01:06:12,570 --> 01:06:09,280

Pennsylvania Chris and we were staying

1326

01:06:14,610 --> 01:06:12,580

down in the basement and so I had the IR

1327

01:06:18,360 --> 01:06:14,620

cameras set up looking down the hallway

1328

01:06:22,560 --> 01:06:18,370

and the she had a

1329

01:06:23,850 --> 01:06:22,570

a dust mop there so I was trying to

1330

01:06:25,710 --> 01:06:23,860

explain to her well these things that

1331

01:06:28,140 --> 01:06:25,720

used to call orbs are just pieces of

1332

01:06:30,180 --> 01:06:28,150

dust Flint run and she didn't believe me

1333

01:06:33,210 --> 01:06:30,190

so I said let me shake this I said of

1334

01:06:36,570 --> 01:06:33,220

course there was a million orbs but yeah

1335

01:06:38,970 --> 01:06:36,580

the orb phenomena yeah but there was one

1336

01:06:43,050 --> 01:06:38,980

orb that came from the fireplaces right

1337

01:06:44,820 --> 01:06:43,060

right after oh wow it wasn't a bug right

1338

01:06:48,540 --> 01:06:44,830

from the hall right into a picture -

1339

01:06:51,720 --> 01:06:48,550

yeah oh wow that's that's a neat yeah

1340

01:06:53,490 --> 01:06:51,730

that place had everything yeah it was 16

1341

01:06:55,470 --> 01:06:53,500

the house was built on a barren old

1342

01:07:00,240 --> 01:06:55,480

Indian burial ground which Carnegie

1343

01:07:03,870 --> 01:07:00,250

Mellon dig for 20 years on it uh-huh

1344

01:07:07,290 --> 01:07:03,880

it had supposedly a UFO landing down and

1345

01:07:10,170 --> 01:07:07,300

what was called the ballpark Bigfoot Ken

1346

01:07:12,150 --> 01:07:10,180

ran into his big head up there of course

1347

01:07:15,030 --> 01:07:12,160

we did night vision or do get air true

1348

01:07:19,770 --> 01:07:15,040

our night watches every night what else

1349

01:07:22,230 --> 01:07:19,780

there was a UFO triangle UFO yeah that

1350

01:07:23,370 --> 01:07:22,240

is funny too the one out there's a you

1351

01:07:25,050 --> 01:07:23,380

know it's kind of a it's an old

1352

01:07:27,630 --> 01:07:25,060

development and there's you know people

1353

01:07:29,850 --> 01:07:27,640

are sold off the pieces of acres of

1354

01:07:31,770 --> 01:07:29,860

their land and so here's this brand-new

1355

01:07:38,070 --> 01:07:31,780

house and everybody says well that's the

1356

01:07:39,900 --> 01:07:38,080

FBI house bi guy lives there so we set

1357

01:07:48,450 --> 01:07:39,910

up one camera just looking at the FBI

1358

01:07:51,980 --> 01:07:48,460

house dirt through the middle of it was

1359

01:07:55,200 --> 01:07:51,990

funny oh wow but that's what we saw the

1360

01:08:00,360 --> 01:07:55,210

our UFO that didn't be in the spiderweb

1361

01:08:01,530 --> 01:08:00,370

yeah yeah I remember that you guys were

1362

01:08:03,600 --> 01:08:01,540

sharing that you were trying to figure

1363

01:08:05,730 --> 01:08:03,610

out what what's going on it's almost a

1364

01:08:09,660 --> 01:08:05,740

year to figure out what he wants and

1365

01:08:17,220 --> 01:08:09,670

Richmond said what it was yeah millivolt

1366

01:08:19,530 --> 01:08:17,230

fine go up and look at the Google what

1367

01:08:22,200 --> 01:08:19,540

was it night vision but oh no ly our

1368

01:08:24,420 --> 01:08:22,210

camera spiderweb by the waves and

1369

01:08:26,610 --> 01:08:24,430

there's hundreds of them and the thing

1370

01:08:28,640 --> 01:08:26,620

is during the daytime the spiders are

1371

01:08:31,309 --> 01:08:28,650

making their web but you don't see it

1372

01:08:33,200 --> 01:08:31,319

but for some reason

1373

01:08:35,180 --> 01:08:33,210

when I R starts doing when it gets dark

1374

01:08:38,749 --> 01:08:35,190

they're all over the place

1375

01:08:42,589 --> 01:08:38,759

those guys are busy huh and I are for

1376

01:08:43,959 --> 01:08:42,599

some reason I would have looked it I

1377

01:08:46,519 --> 01:08:43,969

never even thought of that

1378

01:08:49,519 --> 01:08:46,529

and we knew there were spiders on that

1379

01:08:51,530 --> 01:08:49,529

camera earlier in the night what we had

1380

01:08:56,030 --> 01:08:51,540

seen it that there it was climbing off

1381

01:08:58,129 --> 01:08:56,040

all over the camera yeah there and so

1382

01:09:01,669 --> 01:08:58,139

the web actually had droplets of water

1383

01:09:02,870 --> 01:09:01,679

on it when it came across the camera so

1384

01:09:05,720 --> 01:09:02,880

it made it look like UFOs

1385

01:09:07,220 --> 01:09:05,730

boy did I mean yeah oh look at here it

1386

01:09:11,180 --> 01:09:07,230

looks like we can see little people

1387

01:09:15,129 --> 01:09:11,190

inside there and yeah yeah mystery for

1388

01:09:17,569 --> 01:09:15,139

almost two years we went back again and

1389

01:09:19,309 --> 01:09:17,579

we would you know down below trees well

1390

01:09:21,530 --> 01:09:19,319

couldn't have come to the UFO come down

1391

01:09:24,289 --> 01:09:21,540

through these trees and well then I came

1392

01:09:26,930 --> 01:09:24,299

across this I mean what tall was it how

1393

01:09:31,910 --> 01:09:26,940

big was it and it being a spider with

1394

01:09:34,069 --> 01:09:31,920

yeah but we investigated in every every

1395

01:09:37,430 --> 01:09:34,079

angle that we possibly could just in

1396

01:09:39,769 --> 01:09:37,440

case it wasn't no yeah oh sure yeah yeah

1397

01:09:40,970 --> 01:09:39,779

I was going yeah oh yeah so we're

1398

01:09:43,450 --> 01:09:40,980

getting close to the end of the show

1399

01:09:45,890 --> 01:09:43,460

what do you guys got planned coming up

1400

01:09:49,870 --> 01:09:45,900

well like I said we're gonna be going to

1401

01:09:52,370 --> 01:09:49,880

the Ozark Conference in in April and

1402

01:09:55,669 --> 01:09:52,380

we've got a case that we're working on

1403

01:09:58,040 --> 01:09:55,679

that's we haven't said too much about it

1404

01:10:00,649 --> 01:09:58,050

but it's the finding a body of the

1405

01:10:05,540 --> 01:10:00,659

little girl and so we're working on that

1406

01:10:07,399 --> 01:10:05,550

and looking around Lake Draper and this

1407

01:10:11,359 --> 01:10:07,409

time we'll go down the trail the other

1408

01:10:13,669 --> 01:10:11,369

way there you go and then we're gonna go

1409

01:10:15,800 --> 01:10:13,679

out to Mike's place and see what we can

1410

01:10:20,629 --> 01:10:15,810

get because he's has a lot of strange

1411

01:10:21,919 --> 01:10:20,639

activity out there and let's see think

1412

01:10:22,669 --> 01:10:21,929

white hands gonna take us out on a

1413

01:10:25,609 --> 01:10:22,679

Bigfoot

1414

01:10:26,839 --> 01:10:25,619

yeah angel he keeps promising yeah Jim

1415

01:10:30,109 --> 01:10:26,849

Whitehead is probably gonna take herself

1416

01:10:32,390 --> 01:10:30,119

Bigfoot hunting with them so we just

1417

01:10:35,390 --> 01:10:32,400

been tied down with yeah there's been a

1418

01:10:40,160 --> 01:10:35,400

lot of things going on other otherwise

1419

01:10:43,970 --> 01:10:40,170

this this winter but like I said we went

1420

01:10:45,210 --> 01:10:43,980

to the roof on crews and really really

1421

01:10:47,190 --> 01:10:45,220

did enjoy it

1422

01:10:49,530 --> 01:10:47,200

I never been in Mecca Mexico when we

1423

01:10:51,270 --> 01:10:49,540

lived in San Diego she was on me all the

1424

01:10:53,370 --> 01:10:51,280

time let's go down to two one let's go

1425

01:10:55,290 --> 01:10:53,380

down to one I was in San Diego when I

1426

01:10:59,490 --> 01:10:55,300

was in the Navy so I knew all about

1427

01:11:06,420 --> 01:10:59,500

Tijuana Tijuana so she got to go to

1428

01:11:08,610 --> 01:11:06,430

Cozumel oh sure oh nice nice and let our

1429

01:11:11,100 --> 01:11:08,620

listeners know your website too so they

1430

01:11:14,100 --> 01:11:11,110

can see your you're up to date work and

1431

01:11:19,860 --> 01:11:14,110

your password - okay well it's UFO

1432

01:11:22,050 --> 01:11:19,870

paranormal team comm all one word and we

1433

01:11:25,610 --> 01:11:22,060

try to keep it updated as close as

1434

01:11:29,520 --> 01:11:25,620

possible we yeah I kind of redid it

1435

01:11:32,390 --> 01:11:29,530

about eight months ago so I actually got

1436

01:11:34,500 --> 01:11:32,400

categories before I just had by

1437

01:11:36,930 --> 01:11:34,510

dialogical you know and everything was

1438

01:11:38,880 --> 01:11:36,940

mixed in with everything and so I said

1439

01:11:42,690 --> 01:11:38,890

well I can't even find out what I'm

1440

01:11:47,790 --> 01:11:42,700

looking for so so we got it out by UFO

1441

01:11:50,640 --> 01:11:47,800

one by Coast Guard oh yeah all very

1442

01:11:53,010 --> 01:11:50,650

needs so so it was good having you guys

1443

01:11:55,110 --> 01:11:53,020

on and if you guys want to hang on a

1444

01:11:57,540 --> 01:11:55,120

line and just silent for a second I have

1445

01:11:59,640 --> 01:11:57,550

a music request from one of the

1446

01:12:01,050 --> 01:11:59,650

listeners in chat for Geno's so thanks

1447

01:12:04,800 --> 01:12:01,060

guys for coming on tonight we really

1448

01:12:11,970 --> 01:12:06,530

oh yeah thanks thanks for being my
