oldest I'm seeing on here

25

00:01:18,200 --> 00:01:16,049

this occurred August 22nd 1958 and I am

26

00:01:25,520 --> 00:01:18,210

trying to make sense of what they put

27

00:01:28,310 --> 00:01:25,530

here what sim is mh5 I don't know I have

28

00:01:32,020 --> 00:01:28,320

seen grids as shown to me by greys and

29

00:01:37,160 --> 00:01:32,030

was told they're mining something called

30

00:01:41,179 --> 00:01:37,170

mh5 do you know what it is and that's

31

00:01:45,350 --> 00:01:41,189

00:02:13,790 --> 00:02:10,319

a.m. during the lunar eclipse sent

45

00:02:29,750 --> 00:02:26,340

brief that's just has me intrigued okay

46

00:02:30,740 --> 00:02:29,760

uh haha must have been too good because

47

00:02:34,100 --> 00:02:30,750

what

48

00:02:37,180 --> 00:02:34,110

MUFON didn't list it that sucks that

49

00:02:41,330 --> 00:02:37,190

probably was a really cool one darn it

50

00:02:44,090 --> 00:02:41,340

darn darn darn okay moving on moving on

51
00:02:48,070 --> 00:02:44,100
okay your full sighting in North Bend

52
00:02:50,780 --> 00:02:48,080
Oregon this occurred February 19 2018 I

53
00:02:55,090 --> 00:02:50,790
witnessed at least three moving lights

54
00:02:58,310 --> 00:02:55,100
up and down back and forth no sound

55
00:03:01,580 --> 00:02:58,320
before going to bed looked out my window

56
00:03:04,130 --> 00:03:01,590
over the Pacific Ocean watched the stars

57
00:03:08,030 --> 00:03:04,140
for a few minutes and then the lights

58
00:03:11,200 --> 00:03:08,040
moving I've seen this before I watched

59
00:03:15,140 --> 00:03:11,210
for about ten minutes and went to bed

60
00:03:18,050 --> 00:03:15,150
they were still there that's all they

61
00:03:21,890 --> 00:03:18,060
put your full sighting and marked in

62
00:03:25,400 --> 00:03:21,900
Durst or burn okay

63
00:03:29,300 --> 00:03:25,410

February 20th 2018 I woke up to three

64

00:03:31,310 --> 00:03:29,310

brownish entities next to my bed I

65

00:03:33,110 --> 00:03:31,320

thought it was sleeping and had the

66

00:03:37,010 --> 00:03:33,120

feeling I was being watched then I

67

00:03:40,430 --> 00:03:37,020

slowly took a flashlight and shined next

68

00:03:45,490 --> 00:03:40,440

to my bed where I saw three slim

69

00:03:49,040 --> 00:03:45,500

entities with brown skin and small eyes

70

00:03:50,630 --> 00:03:49,050

seen the OE bees I think those are those

71

00:03:52,699 --> 00:03:50,640

are European aliens I don't know why

72

00:03:55,310 --> 00:03:52,709

they only stay over there the one in the

73

00:03:57,199 --> 00:03:55,320

middle look like it got angry because of

74

00:03:58,910 --> 00:03:57,209

me shining my light directly into his

75

00:04:02,030 --> 00:03:58,920

face his face

76

00:04:05,479 --> 00:04:02,040

then he rose his arm and pointed

77

00:04:08,900 --> 00:04:05,489

something at me everything got white and

78

00:04:13,910 --> 00:04:08,910

then I woke up with nobody next to my

79

00:04:17,240 --> 00:04:13,920

bed UFO sighting in Henderson Nevada

80

00:04:20,470 --> 00:04:17,250

this occurred February 19 2018

81

00:04:24,260 --> 00:04:20,480

approximately nine to ten round

82

00:04:26,690 --> 00:04:24,270

stationary lights in a row then they

83

00:04:27,500 --> 00:04:26,700

quickly moved upward with many lights

84

00:04:30,620 --> 00:04:27,510

coming down

85

00:04:32,990 --> 00:04:30,630

learn at them look like a battle oh I've

86

00:04:35,090 --> 00:04:33,000

seen that before my himself crazy stuff

87

00:04:37,970 --> 00:04:35,100

I was waiting in the car while my buddy

88

00:04:40,730 --> 00:04:37,980

went into the store I noticed about nine

89

00:04:43,970 --> 00:04:40,740

to ten bright dots in the sky that

90

00:04:46,820 --> 00:04:43,980

looked like stars the dots were in a

91

00:04:49,970 --> 00:04:46,830

line on approximately 45 degree angle

92

00:04:54,230 --> 00:04:49,980

when all of a sudden they started to

93

00:04:56,650 --> 00:04:54,240

move upward on that same angle then a

94

00:05:00,440 --> 00:04:56,660

lot more of the dots started moving

95

00:05:03,650 --> 00:05:00,450

downward at the same angle and it look

96

00:05:05,930 --> 00:05:03,660

like they were attacking each other my

97

00:05:06,980 --> 00:05:05,940

goodness I swear guys I experienced

98

00:05:11,330 --> 00:05:06,990

something very similar

99

00:05:15,080 --> 00:05:11,340

there were many bursts with at least one

100

00:05:17,990 --> 00:05:15,090

big burst that lasted for about 20

101
00:05:22,070 --> 00:05:18,000
seconds I took the video with my iPhone

102
00:05:24,980 --> 00:05:22,080
and it was not retouched in any way no

103
00:05:28,130 --> 00:05:24,990
Photoshop no anything it is raw footage

104
00:05:31,700 --> 00:05:28,140
I do not know what it was or what

105
00:05:34,520 --> 00:05:31,710
happened but it happened the proof is in

106
00:05:38,120 --> 00:05:34,530
the video I had my car window down so I

107
00:05:41,120 --> 00:05:38,130
know it was not a reflection I am still

108
00:05:44,870 --> 00:05:41,130
shocked at what I saw but I feel that it

109
00:05:47,830 --> 00:05:44,880
is important for MUFON to see oh this is

110
00:05:51,340 --> 00:05:47,840
too good and clear guess what

111
00:05:55,490 --> 00:05:51,350
only MUFON will get to see it

112
00:06:08,760 --> 00:05:55,500
I'm clicking oh the video is here okay

113
00:06:08,770 --> 00:06:23,409

what is that hold on

114

00:06:28,760 --> 00:06:26,060

hold on how that how that I need to

115

00:06:43,600 --> 00:06:28,770

repeat this this is crazy I'm just I'm

116

00:06:59,840 --> 00:06:45,670

that guy says this is not a reflection

117

00:07:04,690 --> 00:07:01,790

I don't know what to make of this guys I

118

00:07:07,370 --> 00:07:04,700

really don't I'm just I'm sorry it's

119

00:07:09,440 --> 00:07:07,380

there's cars going by and there's

120

00:07:12,020 --> 00:07:09,450

streaks in the sky but is it a

121

00:07:16,610 --> 00:07:12,030

reflection something weird but then it

122

00:07:18,110 --> 00:07:16,620

stops so would it keep on going on if

123

00:07:22,430 --> 00:07:18,120

the cars keep going by I don't know

124

00:07:25,310 --> 00:07:22,440

because it doesn't go that long but very

125

00:07:29,120 --> 00:07:25,320

freaky very freaky you guys gotta go -

126

00:07:32,180 --> 00:07:29,130

UFO headline news calm and ooh check

127

00:07:34,580 --> 00:07:32,190

that video out that I don't know I don't

128

00:07:36,530 --> 00:07:34,590

know what to think of that but I did see

129

00:07:39,680 --> 00:07:36,540

something in the night sky with several

130

00:07:41,180 --> 00:07:39,690

friends of a bunch of dots that were

131

00:07:43,760 --> 00:07:41,190

splitting off in different directions

132

00:07:45,950 --> 00:07:43,770

and shooting at each other and just

133

00:07:48,410 --> 00:07:45,960

crazy and I called for one to come down

134

00:07:51,260 --> 00:07:48,420

and I did it was really just I thought

135

00:07:55,220 --> 00:07:51,270

it was gonna smush us I I just I just

136

00:07:57,280 --> 00:07:55,230

don't know okay all right UFO sighting

137

00:08:02,090 --> 00:07:57,290

in Oh

138

00:08:03,730 --> 00:08:02,100

noonim claw enumclaw Washington I don't

139

00:08:07,700 --> 00:08:03,740

know if rice no that's that right

140

00:08:11,180 --> 00:08:07,710

February 19 2018 very bright piercing

141

00:08:14,390 --> 00:08:11,190

light bright lights seemingly following

142

00:08:20,570 --> 00:08:14,400

a flight path over the treeline heading

143

00:08:22,130 --> 00:08:20,580

west into NIM claw when compared to the

144

00:08:25,160 --> 00:08:22,140

plane in front of it the light was

145

00:08:28,580 --> 00:08:25,170

significantly brighter I began to wonder

146

00:08:30,950 --> 00:08:28,590

if that pilot knew he had another plane

147

00:08:35,120 --> 00:08:30,960

behind him when I noticed that it almost

148

00:08:38,320 --> 00:08:35,130

seemed to move as an illusion no

149

00:08:42,080 --> 00:08:38,330

evidence of any plane parts were visible

150

00:08:45,740 --> 00:08:42,090

through a very bright light that could

151
00:08:48,110 --> 00:08:45,750
easily be described as star like nothing

152
00:08:50,900 --> 00:08:48,120
like the plane before it when I turned

153
00:08:53,000 --> 00:08:50,910
the road when I turned the road after a

154
00:08:56,060 --> 00:08:53,010
considerable amount of travel east

155
00:08:59,150 --> 00:08:56,070
I watched the light pull away towards

156
00:09:01,940 --> 00:08:59,160
the pilots flight path and sort of spill

157
00:09:05,480 --> 00:09:01,950
out what looked to be wings and a tail

158
00:09:07,480 --> 00:09:05,490
light it was a very bright light in a

159
00:09:12,500 --> 00:09:07,490
way that could be described as

160
00:09:13,850 --> 00:09:12,510
psychedelic piercing hmm no I'm still

161
00:09:17,720 --> 00:09:13,860
losing my voice sorry guys

162
00:09:18,530 --> 00:09:17,730
UFO sighting in Ocean View Hawaii this

163
00:09:22,280 --> 00:09:18,540

occurred

164

00:09:24,020 --> 00:09:22,290

October 9th 2017 I was watering plants

165

00:09:26,750 --> 00:09:24,030

in my garden and decided to take a

166

00:09:30,920 --> 00:09:26,760

picture of the sky with clouds without

167

00:09:33,800 --> 00:09:30,930

looking at them or camera lens I did

168

00:09:35,720 --> 00:09:33,810

actually see this object until I think

169

00:09:38,000 --> 00:09:35,730

they meant I didn't actually see this

170

00:09:40,130 --> 00:09:38,010

object until a couple of days after

171

00:09:41,600 --> 00:09:40,140

taking the pic I was watering some

172

00:09:42,710 --> 00:09:41,610

plants in the garden at the bottom of

173

00:09:45,710 --> 00:09:42,720

Manoa Lowa

174

00:09:47,570 --> 00:09:45,720

located on the Big Island of Hawaii when

175

00:09:49,940 --> 00:09:47,580

I decided to randomly take a pic of sky

176

00:09:51,730 --> 00:09:49,950

with my cell phone without looking at

177

00:09:53,750 --> 00:09:51,740

the sky or the screen on my phone

178

00:09:55,550 --> 00:09:53,760

personally I believe this is why I

179

00:09:58,790 --> 00:09:55,560

caught the object in the picture but

180

00:10:01,010 --> 00:09:58,800

that's just my opinion I take many

181

00:10:04,010 --> 00:10:01,020

photos of the sky mostly of clouds that

182

00:10:06,500 --> 00:10:04,020

I find interesting that being said I

183

00:10:09,140 --> 00:10:06,510

don't really look at them in detail for

184

00:10:12,200 --> 00:10:09,150

days or sometimes weeks for that matter

185

00:10:14,660 --> 00:10:12,210

I viewed this particular set of photos

186

00:10:17,510 --> 00:10:14,670

the following day due to the strange

187

00:10:20,780 --> 00:10:17,520

anomalies in the clouds at least what I

188

00:10:23,660 --> 00:10:20,790

believed were anomalies I thought it was

189

00:10:24,410 --> 00:10:23,670

coincidental that I was researching time

190

00:10:28,460 --> 00:10:24,420

travel

191

00:10:33,500 --> 00:10:28,470

just days before while contemplating the

192

00:10:35,090 --> 00:10:33,510

notion of using the Sun as a wormhole to

193

00:10:38,030 --> 00:10:35,100

travel from different dimensions oh

194

00:10:40,600 --> 00:10:38,040

that's that's fascinating I noticed that

195

00:10:45,710 --> 00:10:40,610

the beam are flare coming from the Sun

196

00:10:47,900 --> 00:10:45,720

appears to be in the 19 - 47 vicinity

197

00:10:50,600 --> 00:10:47,910

and then notice the object towards the

198

00:10:55,240 --> 00:10:50,610

end of it along with a very interesting

199

00:10:58,070 --> 00:10:55,250

quote dragon head shaped cloud facing it

200

00:11:00,590 --> 00:10:58,080

after zooming in on the object I came to

201
00:11:03,410 --> 00:11:00,600
the conclusion that it wasn't something

202
00:11:06,440 --> 00:11:03,420
on the lens of my camera nor was that

203
00:11:08,240 --> 00:11:06,450
any type of bird at least that I have

204
00:11:11,090 --> 00:11:08,250
ever noticed while living on the island

205
00:11:14,540 --> 00:11:11,100
the clouds were stranger than usual days

206
00:11:17,480 --> 00:11:14,550
before and after this day the photo was

207
00:11:19,300 --> 00:11:17,490
taken okay we're clicking I'm convinced

208
00:11:23,780 --> 00:11:19,310
I want to see it

209
00:11:25,940 --> 00:11:23,790
doo doo doo doo come on come on come on

210
00:11:26,900 --> 00:11:25,950
Internet you could do it I've faith in

211
00:11:30,140 --> 00:11:26,910
you

212
00:11:35,360 --> 00:11:30,150
it just doesn't it's thinking it's

213
00:11:37,910 --> 00:11:35,370

thinking oh oh that is pretty cool it's

214

00:11:40,100 --> 00:11:37,920

small but then you can you know zoom in

215

00:11:44,290 --> 00:11:40,110

pretty cool pretty cool one

216

00:11:51,320 --> 00:11:47,720

pardon my text UFO sighting in Miranda

217

00:11:54,170 --> 00:11:51,330

New South Wales this occurred I was a

218

00:11:57,410 --> 00:11:54,180

slight UFO blast from the past July 29th

219

00:12:01,310 --> 00:11:57,420

2014 looked up to see boomerang shaped

220

00:12:03,740 --> 00:12:01,320

object traveling across the sky I am

221

00:12:06,020 --> 00:12:03,750

resubmitting this farm as after filling

222

00:12:07,820 --> 00:12:06,030

it out was told there was an error oh

223

00:12:09,620 --> 00:12:07,830

don't you hate that was taking my

224

00:12:12,920 --> 00:12:09,630

grandson down the drive to meet his

225

00:12:15,830 --> 00:12:12,930

mother was 5:30 p.m. a sun going down I

226
00:12:18,740 --> 00:12:15,840
looked up and saw this object traveling

227
00:12:21,200 --> 00:12:18,750
across the sky I'm always looking up I

228
00:12:25,660 --> 00:12:21,210
said my grandson what do you think that

229
00:12:28,400 --> 00:12:25,670
is he was unsure I thought it was

230
00:12:32,660 --> 00:12:28,410
significant I bet you thought it was

231
00:12:36,380 --> 00:12:32,670
significant so I took a photo in a short

232
00:12:38,630 --> 00:12:36,390
video with my iPhone 5 my feelings were

233
00:12:41,480 --> 00:12:38,640
at the moment that I was meant to look

234
00:12:44,420 --> 00:12:41,490
up and see it where people have these

235
00:12:46,460 --> 00:12:44,430
interpretations and connections it was

236
00:12:49,280 --> 00:12:46,470
flying across my vision and then moved

237
00:12:51,620 --> 00:12:49,290
out of my vision when I show people they

238
00:12:54,650 --> 00:12:51,630

are unsure what they are looking at and

239

00:12:57,590 --> 00:12:54,660

then dismiss it no further thoughts so I

240

00:12:59,390 --> 00:12:57,600

will try and send to you again I have my

241

00:13:01,820 --> 00:12:59,400

own theories regarding this sighting I

242

00:13:04,790 --> 00:13:01,830

have other photos I have taken not

243

00:13:05,630 --> 00:13:04,800

knowing what they are maybe high flying

244

00:13:07,700 --> 00:13:05,640

aircraft

245

00:13:11,680 --> 00:13:07,710

I don't know so guess what guys I really

246

00:13:15,400 --> 00:13:11,690

want to see this one too today is a

247

00:13:16,910 --> 00:13:15,410

adventurous day let's hope it's there

248

00:13:19,940 --> 00:13:16,920

fingers crossed

249

00:13:20,750 --> 00:13:19,950

oh it's there okay what do I click photo

250

00:13:27,770 --> 00:13:20,760

or video

251
00:13:32,810 --> 00:13:27,780
let's do video ok video dude downloaded

252
00:13:33,490 --> 00:13:32,820
the heck I just want to look at it that

253
00:13:37,610 --> 00:13:33,500
sucks

254
00:13:38,890 --> 00:13:37,620
ok I think it's I think it's like doing

255
00:13:47,590 --> 00:13:38,900
something

256
00:13:50,170 --> 00:13:47,600
come on okay got it that looked kind of

257
00:13:53,890 --> 00:13:50,180
almost like a comet but it was cruising

258
00:13:57,180 --> 00:13:53,900
oh that was really and it was kind of

259
00:13:59,950 --> 00:13:57,190
orangish and I had a tail well that's

260
00:14:01,990 --> 00:13:59,960
that was really wild okay let's look at

261
00:14:05,470 --> 00:14:02,000
the photo see if they got it good good

262
00:14:11,019 --> 00:14:05,480
Zoomer or something on it okay it's

263
00:14:15,370 --> 00:14:11,029

pulling up Wow it is boomerang shaped

264

00:14:18,220 --> 00:14:15,380

and it's kind of orangish and it's

265

00:14:21,190 --> 00:14:18,230

leaving a trail and cruising along in

266

00:14:24,100 --> 00:14:21,200

broad daylight oh you guys gotta see

267

00:14:26,230 --> 00:14:24,110

this I got some good ones today huh I

268

00:14:28,329 --> 00:14:26,240

don't know sometimes I just feel

269

00:14:30,130 --> 00:14:28,339

inspired other times I'm like yeah not

270

00:14:32,920 --> 00:14:30,140

sure all right your full sighting and

271

00:14:35,680 --> 00:14:32,930

don't know I'm not kidding I'm reading

272

00:14:36,430 --> 00:14:35,690

this was on a plane okay was on a plane

273

00:14:40,000 --> 00:14:36,440

Arizona

274

00:14:42,340 --> 00:14:40,010

February 16 2018 flying to Phoenix

275

00:14:45,640 --> 00:14:42,350

flying Phoenix to California notice two

276
00:14:49,329 --> 00:14:45,650
very bright lights on ground from 34,000

277
00:14:51,790 --> 00:14:49,339
feet took pic found light in sky on pic

278
00:14:54,730 --> 00:14:51,800
I was flying from Phoenix to Northern

279
00:14:57,460 --> 00:14:54,740
California February 16 2018 I noticed on

280
00:15:00,820 --> 00:14:57,470
the ground two extremely bright lights

281
00:15:04,480 --> 00:15:00,830
they were white in each cast an arc of

282
00:15:08,050 --> 00:15:04,490
light in front of it that was about 120

283
00:15:11,350 --> 00:15:08,060
to 140 degrees they were moving on the

284
00:15:14,110 --> 00:15:11,360
ground seemingly randomly like driving

285
00:15:15,730 --> 00:15:14,120
around the move it seems slow but

286
00:15:18,310 --> 00:15:15,740
considering how high we were I think

287
00:15:20,380 --> 00:15:18,320
they must have been covering a lot of

288
00:15:22,870 --> 00:15:20,390

ground I thought they might be

289

00:15:26,470 --> 00:15:22,880

construction or agricultural machinery

290

00:15:29,470 --> 00:15:26,480

but I have never seen anything so bright

291

00:15:31,990 --> 00:15:29,480

I took a few pics with my phone the pic

292

00:15:33,730 --> 00:15:32,000

show the edge of the plane wing the

293

00:15:36,610 --> 00:15:33,740

lights on the ground the lighted areas

294

00:15:39,340 --> 00:15:36,620

in the edge of a cloud that is flat on

295

00:15:42,460 --> 00:15:39,350

top when I looked at the pic I found a

296

00:15:45,190 --> 00:15:42,470

spot of white light in three of the five

297

00:15:47,650 --> 00:15:45,200

images above the flat line of the cloud

298

00:15:52,750 --> 00:15:47,660

I didn't see this light when I took the

299

00:15:55,569 --> 00:15:52,760

shots the picture shows times of 11:30

300

00:15:59,019 --> 00:15:55,579

and 11:30 1:00 a.m. and I believe that a

301
00:16:01,960 --> 00:15:59,029
specific time we were cruising at that

302
00:16:04,629 --> 00:16:01,970
time so as I exited I asked a crew

303
00:16:07,840 --> 00:16:04,639
member what our altitude had been and

304
00:16:10,030 --> 00:16:07,850
she said about 34,000 feet sorry for the

305
00:16:14,259 --> 00:16:10,040
vagueness and location I just don't know

306
00:16:16,210 --> 00:16:14,269
where we were in the flight by the photo

307
00:16:18,759 --> 00:16:16,220
times I assumed we had crossed into

308
00:16:21,970 --> 00:16:18,769
California I didn't feel anything but

309
00:16:24,280 --> 00:16:21,980
intense curiosity as to what produces a

310
00:16:27,670 --> 00:16:24,290
light that appears so bright from six

311
00:16:30,670 --> 00:16:27,680
miles in the air I didn't see the light

312
00:16:33,189 --> 00:16:30,680
in the sky until I saw the pictures one

313
00:16:36,310 --> 00:16:33,199

of the pics shows that one of the ground

314

00:16:41,790 --> 00:16:36,320

lights is actually three lights in a

315

00:16:44,050 --> 00:16:41,800

cluster okay very cool UFO sighting in

316

00:16:47,829 --> 00:16:44,060

Miranda New South Wales

317

00:16:51,970 --> 00:16:47,839

this occurred July 29th 2014

318

00:16:56,139 --> 00:16:51,980

pink boomerang object traveling across

319

00:17:00,639 --> 00:16:56,149

sky with a trail okay this is this is

320

00:17:03,189 --> 00:17:00,649

like a repeat repeat yeah that's the one

321

00:17:05,140 --> 00:17:03,199

I looked at that's interesting oh they

322

00:17:07,960 --> 00:17:05,150

said they resubmitted it so it actually

323

00:17:09,760 --> 00:17:07,970

posted the error wasn't actually an

324

00:17:11,919 --> 00:17:09,770

error it actually went all right useful

325

00:17:15,370 --> 00:17:11,929

sighting in st. George Utah this

326

00:17:19,059 --> 00:17:15,380
occurred February 16th a 20-18

327

00:17:22,419 --> 00:17:19,069
was out walking my dogs and observed it

328

00:17:24,909 --> 00:17:22,429
in the sky moving around observe the

329

00:17:27,640 --> 00:17:24,919
craft out flying around in the sky as I

330

00:17:29,919 --> 00:17:27,650
was walking my dogs continued to record

331

00:17:32,470 --> 00:17:29,929
the craft once I got home and put the

332

00:17:35,860 --> 00:17:32,480
dogs inside went and got my neighbor and

333

00:17:38,590 --> 00:17:35,870
also my wife both came outside and

334

00:17:42,880 --> 00:17:38,600
observed the phenomenon buzzing around

335

00:17:45,789 --> 00:17:42,890
the night sky I was recording it this is

336

00:17:48,130 --> 00:17:45,799
not the only time I've been there but

337

00:17:50,530 --> 00:17:48,140
there has been now up until the first

338

00:17:53,380 --> 00:17:50,540

time I recorded it there's been five

339

00:17:55,600 --> 00:17:53,390

more observations that I recorded and

340

00:17:58,210 --> 00:17:55,610

documented as well

341

00:18:00,400 --> 00:17:58,220

I've even shared what I've seen with two

342

00:18:03,760 --> 00:18:00,410

other neighbors I've shown the videos

343

00:18:06,320 --> 00:18:03,770

too and also tonight I saw in one of the

344

00:18:09,110 --> 00:18:06,330

neighbors and she I saw and

345

00:18:12,159 --> 00:18:09,120

the neighbors okay and she sought for

346

00:18:15,259 --> 00:18:12,169

the first hand herself what was going on

347

00:18:19,070 --> 00:18:15,269

okay all right yes sir

348

00:18:22,220 --> 00:18:19,080

UFO sighting in Columbus Indiana this is

349

00:18:26,630 --> 00:18:22,230

a UFO blast when the passes occurred May

350

00:18:29,899 --> 00:18:26,640

31st 2007 glowing pulsating translucent

351

00:18:31,899 --> 00:18:29,909

sphere at the time of this particular

352

00:18:34,250 --> 00:18:31,909

incident five to six years ago I was

353

00:18:37,279 --> 00:18:34,260

visiting my daughter and I was standing

354

00:18:40,639 --> 00:18:37,289

in my ex's yard and this translucent

355

00:18:43,159 --> 00:18:40,649

reddish orange sphere with yellowish

356

00:18:46,310 --> 00:18:43,169

dripping liquid and my goodness

357

00:18:49,970 --> 00:18:46,320

on the inside descended down from above

358

00:18:51,799 --> 00:18:49,980

the trees towards the street below it

359

00:18:55,580 --> 00:18:51,809

was approximately 5:00 p.m. in the

360

00:18:59,769 --> 00:18:55,590

summertime it was at least 20 feet

361

00:19:04,820 --> 00:18:59,779

across as wide as a city street it

362

00:19:07,370 --> 00:19:04,830

hovered a foot above the street distance

363

00:19:10,159 --> 00:19:07,380

for me was about 50 feet away oh you got

364

00:19:13,789 --> 00:19:10,169

a good look I could see completely

365

00:19:16,490 --> 00:19:13,799

through the sphere it had no occupants

366

00:19:21,100 --> 00:19:16,500

that I was aware of or could see the

367

00:19:25,600 --> 00:19:21,110

reddish glow luminescent gently post and

368

00:19:29,000 --> 00:19:25,610

consistently that dripped flowed slowly

369

00:19:31,100 --> 00:19:29,010

inside from the top of the sphere down

370

00:19:33,830 --> 00:19:31,110

the inside of the sphere towards the

371

00:19:37,100 --> 00:19:33,840

bottom of the sphere and never saw any

372

00:19:39,310 --> 00:19:37,110

form of it returning up the walls of the

373

00:19:41,629 --> 00:19:39,320

sphere and the yellow glowed like

374

00:19:44,509 --> 00:19:41,639

luminescent you know I have heard of

375

00:19:46,639 --> 00:19:44,519

this thing the inside of the base of the

376

00:19:50,240 --> 00:19:46,649

sphere looked like there was some sort

377

00:19:53,180 --> 00:19:50,250

of rectangular flat box seat lying

378

00:19:55,419 --> 00:19:53,190

inside the base of the sphere I took

379

00:19:58,450 --> 00:19:55,429

like five steps towards this thing I

380

00:20:02,360 --> 00:19:58,460

felt something mentally and

381

00:20:07,750 --> 00:20:02,370

telepathically by it this thought came

382

00:20:09,820 --> 00:20:07,760

to me of how insignificant we were

383

00:20:13,399 --> 00:20:09,830

interesting Oh

384

00:20:17,379 --> 00:20:13,409

uninteresting sorry uninteresting but

385

00:20:19,680 --> 00:20:17,389

there was also this overwhelming

386

00:20:22,350 --> 00:20:19,690

curiosity I sensed

387

00:20:26,039 --> 00:20:22,360

I also sense that it was convinced of

388

00:20:27,899 --> 00:20:26,049

its own superiority and power that it

389

00:20:33,330 --> 00:20:27,909

could clearly destroy me

390

00:20:36,600 --> 00:20:33,340

it felt menacing that's not good it felt

391

00:20:39,119 --> 00:20:36,610

like a foot above the actual Street

392

00:20:43,350 --> 00:20:39,129

surface it lingered for a few minutes

393

00:20:46,860 --> 00:20:43,360

before gently and slowly ascending up

394

00:20:50,700 --> 00:20:46,870

into the sky I literally watched it

395

00:20:59,100 --> 00:20:50,710

until it went so far up it disappeared

396

00:21:04,440 --> 00:20:59,110

from view you guys this is amazing

397

00:21:07,759 --> 00:21:04,450

I had someone on my show last name was

398

00:21:10,680 --> 00:21:07,769

brown I can't think of his first name I

399

00:21:14,340 --> 00:21:10,690

can't remember but on the Outlander show

400

00:21:16,200 --> 00:21:14,350

archives if you go there and he

401
00:21:20,490 --> 00:21:16,210
describes and I believe he has a drawing

402
00:21:22,230 --> 00:21:20,500
on my site of something similar I should

403
00:21:25,320 --> 00:21:22,240
actually send this to him this is kind

404
00:21:27,720 --> 00:21:25,330
of a fascinating account I have never

405
00:21:30,419 --> 00:21:27,730
heard somebody speak of something kind

406
00:21:32,159 --> 00:21:30,429
of similar imagine seeing something like

407
00:21:33,200 --> 00:21:32,169
that and then go live your life like

408
00:21:37,680 --> 00:21:33,210
nothing ever happened

409
00:21:41,999 --> 00:21:37,690
she's my gosh there is no way to do that

410
00:21:44,779 --> 00:21:42,009
yeah no that is just fascinating UFO

411
00:21:48,360 --> 00:21:44,789
sighting and Sibir ville Sibir fill

412
00:21:52,110 --> 00:21:48,370
Tennessee this occurred February 19th

413
00:21:56,879 --> 00:21:52,120

2018 light hovering in trees abruptly

414

00:21:59,430 --> 00:21:56,889

arced towards ground silently I was

415

00:22:02,159 --> 00:21:59,440

walking from my great-aunts house back

416

00:22:04,529 --> 00:22:02,169

to my house when I looked back at the

417

00:22:07,499 --> 00:22:04,539

end of her trailer and noticed light on

418

00:22:11,220 --> 00:22:07,509

my hand from the hillside and turned to

419

00:22:13,940 --> 00:22:11,230

see a light in between the trailer hold

420

00:22:16,409 --> 00:22:13,950

on in between the trees and the bank I

421

00:22:18,930 --> 00:22:16,419

was about 40 feet from the base of the

422

00:22:22,080 --> 00:22:18,940

hill and it was in the trees near the

423

00:22:25,110 --> 00:22:22,090

top but not over the top against the sky

424

00:22:28,259 --> 00:22:25,120

it looked about the same size as the

425

00:22:31,619 --> 00:22:28,269

full moon oh that's huge would have been

426
00:22:33,000 --> 00:22:31,629
in the sky and cast the same shade of

427
00:22:37,710 --> 00:22:33,010
light as well

428
00:22:41,700 --> 00:22:37,720
then it arced down across the hill back

429
00:22:44,250 --> 00:22:41,710
into the valley behind our house at that

430
00:22:48,750 --> 00:22:44,260
point I shot at it oh come on

431
00:22:51,690 --> 00:22:48,760
really it was totally silent not even

432
00:22:57,510 --> 00:22:51,700
noise like it moved the branches and the

433
00:23:00,770 --> 00:22:57,520
trees then I fled the house I bet you're

434
00:23:05,450 --> 00:23:00,780
foe sighting in Huber Heights Ohio

435
00:23:09,810 --> 00:23:05,460
February 12 2018 alternately flashing

436
00:23:12,170 --> 00:23:09,820
colored lights slowly descending early

437
00:23:15,330 --> 00:23:12,180
morning hours oh this is a big report

438
00:23:17,250 --> 00:23:15,340

well going in and out of my back patio

439

00:23:20,160 --> 00:23:17,260

to throw away garbage into our trash bin

440

00:23:23,970 --> 00:23:20,170

in the early morning hours approximately

441

00:23:28,230 --> 00:23:23,980

3:30 a.m. about February 12th or close

442

00:23:31,320 --> 00:23:28,240

to it a flashing light was seen in the

443

00:23:34,320 --> 00:23:31,330

southwest sky at a distance by my

444

00:23:36,480 --> 00:23:34,330

roommate he casually stated that every

445

00:23:39,240 --> 00:23:36,490

time he sees flashing lights in the

446

00:23:42,510 --> 00:23:39,250

distance at night he has always wondered

447

00:23:44,430 --> 00:23:42,520

if they could be UFOs from the living

448

00:23:46,800 --> 00:23:44,440

room I told him that he's probably only

449

00:23:49,110 --> 00:23:46,810

seeing an airplane since we were near

450

00:23:51,620 --> 00:23:49,120

both the wright-patterson Air Force Base

451
00:23:54,990 --> 00:23:51,630
and because the Dayton International

452
00:23:57,750 --> 00:23:55,000
Airport is not far away he replied that

453
00:24:00,120 --> 00:23:57,760
he did not think this was an airplane so

454
00:24:03,330 --> 00:24:00,130
I went out and took a look to see what

455
00:24:06,330 --> 00:24:03,340
it was he was seeing after some careful

456
00:24:08,790 --> 00:24:06,340
observation it was obvious that this was

457
00:24:12,060 --> 00:24:08,800
not an airplane at first I thought it

458
00:24:15,720 --> 00:24:12,070
might simply be a drone but it stayed in

459
00:24:19,560 --> 00:24:15,730
one position it was jiggling over a tiny

460
00:24:22,080 --> 00:24:19,570
area in the sky was flashing various

461
00:24:24,840 --> 00:24:22,090
colored lights and was very slowly

462
00:24:27,300 --> 00:24:24,850
descending there was no noise that I

463
00:24:29,760 --> 00:24:27,310

could notice I went to get my binoculars

464

00:24:32,760 --> 00:24:29,770

and we both took turns looking at the

465

00:24:35,730 --> 00:24:32,770

object it was difficult to determine

466

00:24:38,430 --> 00:24:35,740

just how far away it was but considering

467

00:24:41,160 --> 00:24:38,440

my perception of its size I would see it

468

00:24:44,400 --> 00:24:41,170

would seem that it was approximately 2

469

00:24:47,120 --> 00:24:44,410

to 3 miles away otherwise this object

470

00:24:50,070 --> 00:24:47,130

would have been immense

471

00:24:52,289 --> 00:24:50,080

probably immense mothership although we

472

00:24:55,409 --> 00:24:52,299

did not have a tripod for the tour the

473

00:24:57,810 --> 00:24:55,419

binoculars we tried to be as still as

474

00:25:01,260 --> 00:24:57,820

possible so that we could get a clearer

475

00:25:05,010 --> 00:25:01,270

look despite our attempt to eliminate

476
00:25:08,760 --> 00:25:05,020
any and all jitter it seemed that the

477
00:25:10,770 --> 00:25:08,770
object itself was jittering because even

478
00:25:13,409 --> 00:25:10,780
when we compared it with other nearby

479
00:25:15,450 --> 00:25:13,419
stationary objects which we were able to

480
00:25:18,570 --> 00:25:15,460
keep clearly in view the object itself

481
00:25:21,450 --> 00:25:18,580
was in fact jiggling around like a bug

482
00:25:23,880 --> 00:25:21,460
over a light yes yes yes that's very

483
00:25:27,000 --> 00:25:23,890
common it jiggled up it jiggles right

484
00:25:30,390 --> 00:25:27,010
tickled down around in circles but only

485
00:25:34,320 --> 00:25:30,400
over a relatively small area maybe it

486
00:25:36,030 --> 00:25:34,330
let its dogs out no in fact we could

487
00:25:38,310 --> 00:25:36,040
only see the jiggling when we looked

488
00:25:41,310 --> 00:25:38,320

through the binoculars because with the

489

00:25:43,919 --> 00:25:41,320

naked eye it appeared to be hovering and

490

00:25:46,110 --> 00:25:43,929

stationary we were confident that the

491

00:25:48,539 --> 00:25:46,120

jiggling was not caused by us because

492

00:25:50,310 --> 00:25:48,549

there were trees at a nearby view and

493

00:25:54,270 --> 00:25:50,320

the binoculars and we had the trees

494

00:25:57,090 --> 00:25:54,280

perfectly still in sight but the

495

00:26:00,030 --> 00:25:57,100

unidentified object was itself jiggling

496

00:26:02,970 --> 00:26:00,040

for the sake of comparison if I were to

497

00:26:06,120 --> 00:26:02,980

have extended my arm and place the tip

498

00:26:09,330 --> 00:26:06,130

of my pinky finger over the object it

499

00:26:12,330 --> 00:26:09,340

would seem to have jiggled around in the

500

00:26:14,760 --> 00:26:12,340

area only equal to the size of the tip

501
00:26:18,150 --> 00:26:14,770
of that finger in other words it was not

502
00:26:20,850 --> 00:26:18,160
jiggling around over the entire sky it

503
00:26:24,390 --> 00:26:20,860
was only moving this way over very very

504
00:26:27,510 --> 00:26:24,400
tiny area it was alternately flashing

505
00:26:30,440 --> 00:26:27,520
red yellow green white and orange lights

506
00:26:33,720 --> 00:26:30,450
although I did not remember the sequence

507
00:26:36,480 --> 00:26:33,730
we both watched it for about 20 minutes

508
00:26:38,909 --> 00:26:36,490
oh my during which time it was slowly

509
00:26:41,039 --> 00:26:38,919
descending all the while the lights

510
00:26:43,409 --> 00:26:41,049
continued flashing in various colors and

511
00:26:46,530 --> 00:26:43,419
the object continued jiggling as it

512
00:26:48,060 --> 00:26:46,540
hovered geez we both came to the

513
00:26:50,520 --> 00:26:48,070

conclusion that this was definitely not

514

00:26:52,890 --> 00:26:50,530

an airplane or a helicopter because it

515

00:26:57,060 --> 00:26:52,900

remained hovering over one area for at

516

00:26:59,070 --> 00:26:57,070

least a half hour and made no noise we

517

00:27:00,330 --> 00:26:59,080

also feel that it could not have been a

518

00:27:03,510 --> 00:27:00,340

drone

519

00:27:05,549 --> 00:27:03,520

due to its relative size we have been

520

00:27:08,039 --> 00:27:05,559

searching the web over the past week to

521

00:27:12,029 --> 00:27:08,049

see if there are any other reports of

522

00:27:14,760 --> 00:27:12,039

this object but have not found any to

523

00:27:16,799 --> 00:27:14,770

our disappointment of course perhaps

524

00:27:19,890 --> 00:27:16,809

nobody else was awake at that hour and

525

00:27:21,810 --> 00:27:19,900

was not looking outside which means we

526

00:27:26,250 --> 00:27:21,820

were the only ones to witness this

527

00:27:28,080 --> 00:27:26,260

we both mused that this must be an ET

528

00:27:30,779 --> 00:27:28,090

craft of some sort and spent the

529

00:27:32,700 --> 00:27:30,789

remainder of our time awake discussing

530

00:27:35,340 --> 00:27:32,710

the possibility of life in other worlds

531

00:27:38,039 --> 00:27:35,350

what it would be like to interact with

532

00:27:40,680 --> 00:27:38,049

an extraterrestrial entity whether we'd

533

00:27:44,269 --> 00:27:40,690

seen a UFO before in expressing a hope

534

00:27:46,980 --> 00:27:44,279

to see it again but alas we have not

535

00:27:52,760 --> 00:27:46,990

this is the first time in my life that I

536

00:27:59,760 --> 00:27:56,279

little little story a little story but

537

00:28:03,090 --> 00:27:59,770

very fascinating that absolutely

538

00:28:05,880 --> 00:28:03,100

fascinating well it was all UFO reports

539
