00:03:11,890 --> 00:03:08,580

our things go in Phil and I've good

50

00:03:15,020 --> 00:03:11,900

evening Chris yeah things have started

51
00:03:16,880 --> 00:03:15,030
naturally for the new year sir so we got

52
00:03:20,840 --> 00:03:16,890
lungs for the rest of you so can't

53
00:03:23,690 --> 00:03:20,850
complain really excellent excellent so

54
00:03:26,660 --> 00:03:23,700
we've got one of your authors with us

55
00:03:29,150 --> 00:03:26,670
today I believe and would like to

56
00:03:30,710 --> 00:03:29,160
introduce the Phil yes I mean she lives

57
00:03:35,030 --> 00:03:30,720
in Ohio

58
00:03:37,340 --> 00:03:35,040
dr. Irina Scott I'm fortunate I think

59
00:03:40,430 --> 00:03:37,350
enough to have worked with Irina over

60
00:03:44,810 --> 00:03:40,440
what last couple of years on three books

61
00:03:48,020 --> 00:03:44,820
and her third book sacred corridors is

62
00:03:50,900 --> 00:03:48,030
literally out now and I'm hoping we'll

63
00:03:54,110 --> 00:03:50,910

be able to touch more on that and her

64

00:03:56,120 --> 00:03:54,120

work in general Chris well sacred

65

00:03:57,830 --> 00:03:56,130

corridors that this is the new one isn't

66

00:04:00,410 --> 00:03:57,840

it that was released I believe wrong

67

00:04:02,440 --> 00:04:00,420

about the first of January the secrets

68

00:04:05,480 --> 00:04:02,450

beyond the real project Bluebook

69

00:04:09,280 --> 00:04:05,490

wright-patterson Air Force Base Ross

70

00:04:12,500 --> 00:04:09,290

well Patel at Battelle a memory metal

71

00:04:14,210 --> 00:04:12,510

dr. J Allen Hynek and UFL cook what's up

72

00:04:15,949 --> 00:04:14,220

cover-ups he's not correct well that's

73

00:04:18,920 --> 00:04:15,959

it covers just about anything and

74

00:04:21,880 --> 00:04:18,930

everything there but I'm sure Irina will

75

00:04:26,030 --> 00:04:21,890

will expand on that as we go along

76

00:04:27,830 --> 00:04:26,040

so a there arena so I am hello there

77

00:04:30,890 --> 00:04:27,840

nice to speak with you hello to both of

78

00:04:32,060 --> 00:04:30,900

you and glad to be here thank you very

79

00:04:37,940 --> 00:04:32,070

much for joining us

80

00:04:40,640 --> 00:04:37,950

so dr. Irina Scott how did you get

81

00:04:41,840 --> 00:04:40,650

involved with this subject what was it

82

00:04:43,790 --> 00:04:41,850

that brought you in did you have a

83

00:04:45,520 --> 00:04:43,800

sighting when he was younger or see

84

00:04:49,250 --> 00:04:45,530

something completely different

85

00:04:52,460 --> 00:04:49,260

well I came from a Midwestern family

86

00:04:57,740 --> 00:04:52,470

where everybody and nobody ever talks

87

00:04:59,810 --> 00:04:57,750

about anything like UFOs and but my

88

00:05:02,960 --> 00:04:59,820

sister and I had something happened to

89

00:05:05,140 --> 00:05:02,970

so we were very young where we had

90

00:05:08,090 --> 00:05:05,150

something flying around their room and

91

00:05:10,640 --> 00:05:08,100

it wasn't anything like a normal thing

92

00:05:14,570 --> 00:05:10,650

it was in our bedroom that was at night

93

00:05:17,900 --> 00:05:14,580

but it was a clear night and we both

94

00:05:20,210 --> 00:05:17,910

woke up at the same time and then after

95

00:05:23,300 --> 00:05:20,220

around for a while flew around the

96

00:05:25,820 --> 00:05:23,310

like a guided wayward didn't bump into

97

00:05:28,580 --> 00:05:25,830

anything and then we both became

98

00:05:33,830 --> 00:05:28,590

terrified at the same time and ran out

99

00:05:35,360 --> 00:05:33,840

of room for years and years and years we

100

00:05:38,570 --> 00:05:35,370

didn't know anything about it

101
00:05:42,280 --> 00:05:38,580
and then I read the English person

102
00:05:45,380 --> 00:05:42,290
Jenny Randall's who wrote a book about

103
00:05:51,230 --> 00:05:45,390
bedroom visitations of young children

104
00:05:54,140 --> 00:05:51,240
and after that a lot of people become

105
00:05:58,640 --> 00:05:54,150
sir like repeaters and can you continue

106
00:06:00,620 --> 00:05:58,650
to have sightings and so my it's my

107
00:06:02,510 --> 00:06:00,630
slight awareness although I didn't know

108
00:06:04,880 --> 00:06:02,520
at the time I didn't even know about you

109
00:06:10,220 --> 00:06:04,890
if it was at the time started probably

110
00:06:12,970 --> 00:06:10,230
started back then okay so of course

111
00:06:15,650 --> 00:06:12,980
Jenny Randall's is that a prolific

112
00:06:18,020 --> 00:06:15,660
British investigator and often I also

113
00:06:20,990 --> 00:06:18,030

believe also believe feel that she's one

114

00:06:23,120 --> 00:06:21,000

of your rare compatriots as well yeah I

115

00:06:26,690 --> 00:06:23,130

mean Jenny and I were both members of

116

00:06:28,820 --> 00:06:26,700

the British UFO research Association and

117

00:06:32,659 --> 00:06:28,830

Jenny was the director of investigation

118

00:06:35,990 --> 00:06:32,669

for many years and once Jenny had left

119

00:06:37,700 --> 00:06:36,000

that position I took over and I think I

120

00:06:40,370 --> 00:06:37,710

was in that position for about three or

121

00:06:42,230 --> 00:06:40,380

four years and as you said quite a

122

00:06:45,409 --> 00:06:42,240

prolific author so it comes as no

123

00:06:47,960 --> 00:06:45,419

surprise that even across the pond you

124

00:06:52,670 --> 00:06:47,970

know somebody's picked up one of Jenny's

125

00:06:56,200 --> 00:06:52,680

books and honest as found it of ussen of

126

00:06:59,780 --> 00:06:56,210

interest so no surprise there at all

127

00:07:02,300 --> 00:06:59,790

okay so so em re now how did you go from

128

00:07:04,990 --> 00:07:02,310

the sighting then that you had when you

129

00:07:09,680 --> 00:07:05,000

was younger how did you actually go to

130

00:07:12,290 --> 00:07:09,690

investigating UFO sightings well Jenny

131

00:07:14,630 --> 00:07:12,300

had said that it's sort of a pattern in

132

00:07:16,130 --> 00:07:14,640

some people that they see yeah that they

133

00:07:20,000 --> 00:07:16,140

see something young like in their

134

00:07:23,000 --> 00:07:20,010

bedroom and see things later and usually

135

00:07:24,980 --> 00:07:23,010

that's one person but in our case it was

136

00:07:29,120 --> 00:07:24,990

not both my sister and I so we both had

137

00:07:30,740 --> 00:07:29,130

another witness saw and then we had

138

00:07:33,860 --> 00:07:30,750

several other sightings later and

139

00:07:38,360 --> 00:07:33,870

another very long one together

140

00:07:41,150 --> 00:07:38,370

and at the time it happened I was

141

00:07:43,820 --> 00:07:41,160

working for the DIA and had a high

142

00:07:46,879 --> 00:07:43,830

security clearance and so I wasn't going

143

00:07:48,980 --> 00:07:46,889

to go around saying oh I see UFOs that I

144

00:07:51,350 --> 00:07:48,990

took work with notes on it and intended

145

00:07:56,810 --> 00:07:51,360

to do something later and then many

146

00:07:59,420 --> 00:07:56,820

years later I recorded our earlier

147

00:08:03,920 --> 00:07:59,430

sightings to the Center for UFO studies

148

00:08:12,080 --> 00:08:03,930

and then after that chili exactly I join

149

00:08:15,469 --> 00:08:12,090

several UFO groups okay so how did you

150

00:08:17,150 --> 00:08:15,479

become involved them with the actual how

151
00:08:18,500 --> 00:08:17,160
did you become involved out how did how

152
00:08:20,300 --> 00:08:18,510
did you start to put all this

153
00:08:22,610 --> 00:08:20,310
information that you've that you've

154
00:08:27,379 --> 00:08:22,620
acquired over the years and into your

155
00:08:29,210 --> 00:08:27,389
series of three books well I didn't come

156
00:08:33,440 --> 00:08:29,220
out and say I see you I was wrong

157
00:08:36,560 --> 00:08:33,450
I know that but I started investigating

158
00:08:38,120 --> 00:08:36,570
when I went group I belong din was the

159
00:08:42,529 --> 00:08:38,130
first one at the Lincoln was a local

160
00:08:45,280 --> 00:08:42,539
Columbus Crew CONUS Ohio and there were

161
00:08:53,120 --> 00:08:45,290
only six people in but we all just went

162
00:08:57,199 --> 00:08:53,130
investigate not crazy and I I saw that

163
00:09:01,810 --> 00:08:57,209

new and spent a lot of time

164

00:09:05,000 --> 00:09:01,820

investigating and so I had a lot of I

165

00:09:09,230 --> 00:09:05,010

was also the editor of their newsletter

166

00:09:13,449 --> 00:09:09,240

and so I had a lot of UFO stories to

167

00:09:17,870 --> 00:09:13,459

write a news letter and then later I

168

00:09:20,840 --> 00:09:17,880

became I was on the board of directors

169

00:09:23,690 --> 00:09:20,850

of MUFON yeah I wasn't director

170

00:09:24,800 --> 00:09:23,700

publications which meant I still was

171

00:09:29,840 --> 00:09:24,810

doing a lot of writing

172

00:09:31,880 --> 00:09:29,850

well after you it occurred to me that I

173

00:09:34,910 --> 00:09:31,890

could that I kind of had written a book

174

00:09:37,280 --> 00:09:34,920

and so I had to put it together and

175

00:09:41,750 --> 00:09:37,290

divide it into chapters and everything

176

00:09:44,960 --> 00:09:41,760

but that's what started me okay so out

177

00:09:47,049 --> 00:09:44,970

of all those those early cases that year

178

00:09:48,999 --> 00:09:47,059

that you investigated that you where

179

00:09:51,249 --> 00:09:49,009

with that you wrote about is there any

180

00:09:53,739 --> 00:09:51,259

particular case that stands out far

181

00:09:54,939 --> 00:09:53,749

above the others there are two that

182

00:10:04,529 --> 00:09:54,949

stood out

183

00:10:09,819 --> 00:10:04,539

one is the robinia Ohio sighting of the

184

00:10:12,609 --> 00:10:09,829

flowering Nash the two policemen and it

185

00:10:16,269 --> 00:10:12,619

was in Ohio but it was multi-state and

186

00:10:21,029 --> 00:10:16,279

it started with a report in Michigan of

187

00:10:24,099 --> 00:10:21,039

this house sized UFO and these two

188

00:10:27,279 --> 00:10:24,109

deputies spark and I think it's mounted

189

00:10:29,409 --> 00:10:27,289

deputy national heard about on the radio

190

00:10:31,869 --> 00:10:29,419

and they just laughed and everything and

191

00:10:37,059 --> 00:10:31,879

then as they were laughing something

192

00:10:39,009 --> 00:10:37,069

came up over the trees and it was a big

193

00:10:46,569 --> 00:10:39,019

bright thing and they were pretty

194

00:10:49,899 --> 00:10:46,579

terrified and so anyway they called into

195

00:10:51,879 --> 00:10:49,909

the police station this this is um it

196

00:10:53,859 --> 00:10:51,889

was investigated while it was going on

197

00:10:56,169 --> 00:10:53,869

is what was really interesting last a

198

00:10:58,059 --> 00:10:56,179

long time and it was investigated by

199

00:11:01,059 --> 00:10:58,069

authorities such as police they call

200

00:11:04,329 --> 00:11:01,069

into the police station and eventually

201
00:11:07,179 --> 00:11:04,339
so they said shoot it well they were

202
00:11:12,369 --> 00:11:07,189
terrified and they didn't think shooting

203
00:11:14,879 --> 00:11:12,379
it was a good idea so we followed it and

204
00:11:17,949 --> 00:11:14,889
they run the police radio all the time

205
00:11:19,869 --> 00:11:17,959
broadcasting what was going on and it

206
00:11:24,219 --> 00:11:19,879
was very interesting because the object

207
00:11:25,719 --> 00:11:24,229
was fear active and like if it got a hit

208
00:11:27,639 --> 00:11:25,729
of him it would slow down until they

209
00:11:29,589 --> 00:11:27,649
caught up with him and it would go

210
00:11:31,569 --> 00:11:29,599
higher when it went over cities and

211
00:11:34,749 --> 00:11:31,579
things like that and a whole lot of

212
00:11:38,199 --> 00:11:34,759
people saw it and some other police

213
00:11:41,399 --> 00:11:38,209

started following it too they followed

214

00:11:44,229 --> 00:11:41,409

it all the way in the Pennsylvania and

215

00:11:46,509 --> 00:11:44,239

they had heard on the radio that jets

216

00:11:49,869 --> 00:11:46,519

were scrambled and that had been on

217

00:11:51,749 --> 00:11:49,879

radiant on radar and so it was just an

218

00:11:54,639 --> 00:11:51,759

excellent sighting

219

00:12:03,550 --> 00:11:54,649

can I interrupt that I mean what year

220

00:12:10,130 --> 00:12:07,490

1966 I'm not real okay so what reminds

221

00:12:13,300 --> 00:12:10,140

me of of course and I may be totally

222

00:12:16,430 --> 00:12:13,310

wrong here which is not unusual Irina

223

00:12:19,130 --> 00:12:16,440

kinda reminds me of the police chase in

224

00:12:22,070 --> 00:12:19,140

the movie Close Encounters of the Third

225

00:12:23,990 --> 00:12:22,080

Kind where the police officers chase it

226

00:12:26,540 --> 00:12:24,000

over state lines and things like that

227

00:12:29,390 --> 00:12:26,550

and it all comes to a an ending where

228

00:12:32,810 --> 00:12:29,400

they one of the police cars you know

229

00:12:38,270 --> 00:12:32,820

goes over the edge of the hill well God

230

00:12:40,220 --> 00:12:38,280

could could that well be that's I people

231

00:12:43,940 --> 00:12:40,230

have reported that's where they seem

232

00:12:50,300 --> 00:12:43,950

from Spielberg's Newman came from that

233

00:12:53,120 --> 00:12:50,310

he took that from that event was

234

00:12:54,980 --> 00:12:53,130

fascinating as you were explaining it

235

00:12:58,420 --> 00:12:54,990

there and I'm sorry running that scene

236

00:13:00,740 --> 00:12:58,430

from from the movie in in my in my head

237

00:13:02,990 --> 00:13:00,750

you said there was another one another

238

00:13:06,190 --> 00:13:03,000

sighting that stands out from me from

239

00:13:10,490 --> 00:13:06,200

your early investigations which was that

240

00:13:14,540 --> 00:13:10,500

this is one I investigated myself and I

241

00:13:18,500 --> 00:13:14,550

think we call it the dancing lights and

242

00:13:20,870 --> 00:13:18,510

this was some people also in Ohio but it

243

00:13:23,120 --> 00:13:20,880

what I it was quite a considered a good

244

00:13:26,270 --> 00:13:23,130

cycling because there were a Thor ities

245

00:13:28,430 --> 00:13:26,280

watching it and a big group of people

246

00:13:32,860 --> 00:13:28,440

and they tried the fulfillment and it

247

00:13:37,520 --> 00:13:32,870

they stay around a long time this was um

248

00:13:40,730 --> 00:13:37,530

when a family went out and they it was

249

00:13:44,060 --> 00:13:40,740

very rural area and over there cornfield

250

00:13:46,130 --> 00:13:44,070

they saw these lights and they were kind

251
00:13:48,830 --> 00:13:46,140
of dancing going up and down around and

252
00:13:53,000 --> 00:13:48,840
things and they had no idea what they

253
00:13:56,270 --> 00:13:53,010
were so they called the police and they

254
00:13:58,460 --> 00:13:56,280
called the TV and the radio and the

255
00:14:00,580 --> 00:13:58,470
nearest airport and everything else

256
00:14:04,070 --> 00:14:00,590
trying to mount what was going on

257
00:14:08,720 --> 00:14:04,080
Wow well the display was still going on

258
00:14:11,840 --> 00:14:08,730
and police came out and looked at it the

259
00:14:14,420 --> 00:14:11,850
airport said nothing was over there so

260
00:14:23,950 --> 00:14:14,430
it was investigated by authorities while

261
00:14:30,620 --> 00:14:27,440
the lights still stayed there and they

262
00:14:32,329 --> 00:14:30,630
were kind of interactive because a car

263
00:14:34,880 --> 00:14:32,339

was coming down the road toward the

264

00:14:38,360 --> 00:14:34,890

house and one of the lights came down

265

00:14:41,540 --> 00:14:38,370

followed the car and I think right after

266

00:14:44,680 --> 00:14:41,550

that there was a very funny noise it was

267

00:14:47,210 --> 00:14:44,690

kinda like a gear but not like a deer

268

00:14:52,070 --> 00:14:47,220

breathing hard or something snorting and

269

00:14:55,750 --> 00:14:52,080

then later somebody and some authorities

270

00:14:58,670 --> 00:14:55,760

found out about it because they said two

271

00:15:05,660 --> 00:14:58,680

airplanes started flying over the

272

00:15:08,000 --> 00:15:05,670

cornfield in a grid pattern and one of

273

00:15:10,250 --> 00:15:08,010

the lights went up and followed the

274

00:15:12,380 --> 00:15:10,260

airplane for a while and this went on

275

00:15:14,540 --> 00:15:12,390

until 12 o'clock

276

00:15:17,480 --> 00:15:14,550

I don't remember quit I think they went

277

00:15:19,820 --> 00:15:17,490

them bad or something and every the

278

00:15:21,800 --> 00:15:19,830

police had been out looking at it and

279

00:15:24,380 --> 00:15:21,810

everything I filmed that it wasn't a

280

00:15:27,079 --> 00:15:24,390

good filter and nobody ever knew what it

281

00:15:31,370 --> 00:15:27,089

was and what was kind of more

282

00:15:34,790 --> 00:15:31,380

interesting is that when a couple of

283

00:15:38,480 --> 00:15:34,800

people such as well growling I went to

284

00:15:42,440 --> 00:15:38,490

really investigate but then another

285

00:15:46,610 --> 00:15:42,450

person I went out later to investigating

286

00:15:49,579 --> 00:15:46,620

also and the night after we were there

287

00:15:55,760 --> 00:15:49,589

apparently the lights came back so she

288

00:15:59,900 --> 00:15:55,770

stayed longer maybe we had seen him am i

289

00:16:03,220 --> 00:15:59,910

right in thinking Irena you've also seen

290

00:16:06,199 --> 00:16:03,230

all the light 7uu personally

291

00:16:11,030 --> 00:16:06,209

those being the Marfa lights in Texas is

292

00:16:13,310 --> 00:16:11,040

that correct yes I mean for those who

293

00:16:15,050 --> 00:16:13,320

are not aware that our route areas

294

00:16:17,000 --> 00:16:15,060

around the world that seemed to have a

295

00:16:20,000 --> 00:16:17,010

concentration of lights you're one of

296

00:16:22,850 --> 00:16:20,010

those locations of gosse's is Martha in

297

00:16:25,730 --> 00:16:22,860

Texas there's the MinMin lights in

298

00:16:28,100 --> 00:16:25,740

Australia whereas the Pennine spook

299

00:16:30,319 --> 00:16:28,110

lights here in the UK

300

00:16:32,569 --> 00:16:30,329

the lights in hostel on in central

301
00:16:34,490 --> 00:16:32,579
Norway I think I remember you sent me I

302
00:16:37,310 --> 00:16:34,500
think it was on the picture on a film of

303
00:16:40,610 --> 00:16:37,320
the of the Marfa lights would you like

304
00:16:44,230 --> 00:16:40,620
to tell us about that please yes um I

305
00:16:47,720 --> 00:16:44,240
didn't exactly believe in and I was

306
00:16:51,590 --> 00:16:47,730
visiting some people there it in

307
00:16:55,610 --> 00:16:51,600
stinging in bedroom were mine before my

308
00:16:57,920 --> 00:16:55,620
window pointed towards Marfa I was about

309
00:17:00,230 --> 00:16:57,930
20 miles away and on top of the mountain

310
00:17:02,870 --> 00:17:00,240
so that you could see across the were

311
00:17:05,329 --> 00:17:02,880
not market was and I was interested in

312
00:17:08,600 --> 00:17:05,339
the Marfa lights and I went with several

313
00:17:13,039 --> 00:17:08,610

people they have a lookout area around

314

00:17:15,530 --> 00:17:13,049

Marfa to look for the lights and I went

315

00:17:17,059 --> 00:17:15,540

and people said all they saw lights but

316

00:17:19,069 --> 00:17:17,069

it didn't impress me at all because I

317

00:17:20,990 --> 00:17:19,079

just thought they were people driving

318

00:17:23,210 --> 00:17:21,000

along the roads in the mountains and you

319

00:17:27,230 --> 00:17:23,220

know making lights and things I didn't

320

00:17:29,180 --> 00:17:27,240

think anything about it and I so I

321

00:17:31,039 --> 00:17:29,190

wasn't used to looking out the window

322

00:17:33,380 --> 00:17:31,049

and looking standing on the deck and

323

00:17:35,510 --> 00:17:33,390

looking over Martha and it was pretty

324

00:17:38,180 --> 00:17:35,520

interesting because I can use telephoto

325

00:17:41,690 --> 00:17:38,190

lens at night and get pictures and

326

00:17:46,010 --> 00:17:41,700

marvelous this impressive man me because

327

00:17:49,970 --> 00:17:46,020

I'm not live in the mountains but one

328

00:17:53,510 --> 00:17:49,980

night I think one of the people in the

329

00:17:58,909 --> 00:17:53,520

house got sick or something and I was

330

00:18:03,409 --> 00:17:58,919

out on the porch and I saw this white

331

00:18:06,440 --> 00:18:03,419

over Marcia and I watched it and watched

332

00:18:08,870 --> 00:18:06,450

it it just stayed still and it was

333

00:18:11,630 --> 00:18:08,880

pretty bright it was brighter than the

334

00:18:15,789 --> 00:18:11,640

regular town lights and wonderful and so

335

00:18:18,850 --> 00:18:15,799

fun I went in got my video recorder and

336

00:18:22,039 --> 00:18:18,860

stood there and recorded for a while and

337

00:18:25,750 --> 00:18:22,049

it it just stayed there it would very

338

00:18:29,330 --> 00:18:25,760

slowly blink off and then blink on up

339

00:18:31,520 --> 00:18:29,340

but it didn't move around and in that

340

00:18:33,020 --> 00:18:31,530

place of Texas it was really isolated if

341

00:18:35,240 --> 00:18:33,030

you saw an airplane you went out and

342

00:18:36,980 --> 00:18:35,250

looked at it because it was so on there

343

00:18:39,799 --> 00:18:36,990

were there was a airport at Mars from

344

00:18:41,720 --> 00:18:39,809

that it was closed I think it closed at

345

00:18:44,780 --> 00:18:41,730

five o'clock or something

346

00:18:47,480 --> 00:18:44,790

and so in being the desert I wasn't real

347

00:18:49,400 --> 00:18:47,490

sure exactly where it was but it looked

348

00:18:51,770 --> 00:18:49,410

like it was over Marfa but maybe it

349

00:18:54,040 --> 00:18:51,780

wasn't but it was a bright light and

350

00:19:00,710 --> 00:18:54,050

just stayed there then move around and

351
00:19:05,690 --> 00:19:00,720
so finally I I was taping by hand and I

352
00:19:07,400 --> 00:19:05,700
went in to get the to find a tripod and

353
00:19:09,650 --> 00:19:07,410
I couldn't flame one that sit on I can't

354
00:19:13,760 --> 00:19:09,660
really looked around quite well and when

355
00:19:15,800 --> 00:19:13,770
I went back out it was gone but I taped

356
00:19:18,380 --> 00:19:15,810
it for quite a while and it didn't move

357
00:19:21,260 --> 00:19:18,390
it would very slowly go off and on

358
00:19:23,090 --> 00:19:21,270
and what would another thing that was

359
00:19:26,240 --> 00:19:23,100
kind of interesting and another person

360
00:19:31,520 --> 00:19:26,250
pointed out to me was is that it went

361
00:19:34,700 --> 00:19:31,530
off once it was a clear night and I

362
00:19:36,260 --> 00:19:34,710
think was right after it went off me no

363
00:19:40,220 --> 00:19:36,270

I think it was when I was coming back on

364

00:19:42,230 --> 00:19:40,230

there was a bright flash and I just

365

00:19:44,570 --> 00:19:42,240

thought I think I even said on the

366

00:19:46,520 --> 00:19:44,580

corner that must be heat lightning but

367

00:19:48,020 --> 00:19:46,530

somebody else said maybe that had

368

00:19:50,770 --> 00:19:48,030

something to do with the light coming

369

00:19:53,000 --> 00:19:50,780

back one and so I don't know but

370

00:19:57,080 --> 00:19:53,010

whatever it was it didn't move around

371

00:19:58,610 --> 00:19:57,090

and you expect it to sort of move well

372

00:20:02,390 --> 00:19:58,620

of course are any you have an academic

373

00:20:04,730 --> 00:20:02,400

background perhaps you know if you you

374

00:20:08,390 --> 00:20:04,740

know for our listeners who haven't read

375

00:20:10,070 --> 00:20:08,400

any books are but not aware of who just

376

00:20:15,380 --> 00:20:10,080

give us a little bit of detail about you

377

00:20:19,880 --> 00:20:15,390

your academic background please I have a

378

00:20:25,400 --> 00:20:19,890

PhD from University of Missouri in

379

00:20:27,620 --> 00:20:25,410

veterinary medicine college I did

380

00:20:30,950 --> 00:20:27,630

postdoctoral research at Cornell

381

00:20:34,360 --> 00:20:30,960

University and I had a professorship of

382

00:20:37,100 --> 00:20:34,370

st. Bonaventure University in New York

383

00:20:40,370 --> 00:20:37,110

my Master's was from the University of

384

00:20:43,130 --> 00:20:40,380

Nevada and bachelors from Ohio State

385

00:20:49,040 --> 00:20:43,140

University in astronomy and biology my

386

00:20:51,650 --> 00:20:49,050

PhD was in Physiology I had also been I

387

00:20:54,830 --> 00:20:51,660

had also worked for the Defense

388

00:20:57,560 --> 00:20:54,840

Intelligence Agency the DIA

389

00:21:03,110 --> 00:20:57,570

and this is a PhD level job it was a

390

00:21:06,610 --> 00:21:03,120

Jason Levin and it required it above

391

00:21:11,840 --> 00:21:09,590

yeah you have Trish and I a great

392

00:21:14,750 --> 00:21:11,850

disadvantage here Irina I think between

393

00:21:17,720 --> 00:21:14,760

us I think we can muster our cycling

394

00:21:20,570 --> 00:21:17,730

proficiency tests Zabar has about the

395

00:21:23,090 --> 00:21:20,580

only qualifications we have the snow

396

00:21:25,400 --> 00:21:23,100

this should I expect to my co-host but I

397

00:21:27,290 --> 00:21:25,410

just know I have over City and Guilds II

398

00:21:29,840 --> 00:21:27,300

know many to advise filling us about

399

00:21:33,350 --> 00:21:29,850

weights because that's all the time that

400

00:21:36,110 --> 00:21:33,360

I specially when it's as cold as it is

401
00:21:38,090 --> 00:21:36,120
right now yes he does ya know one of the

402
00:21:45,890 --> 00:21:38,100
things I wanted to mention yet I mean

403
00:21:48,320 --> 00:21:45,900
you've touched on I know you know K I

404
00:21:51,380 --> 00:21:48,330
mean you you and I despite never meeting

405
00:21:54,350 --> 00:21:51,390
of course in person we have worked

406
00:21:56,570 --> 00:21:54,360
together on probably you know part of

407
00:22:00,410 --> 00:21:56,580
the world's of the certainly best-known

408
00:22:07,220 --> 00:22:00,420
case and that was Roswell and we worked

409
00:22:09,740 --> 00:22:07,230
on that the the testimony possibly there

410
00:22:11,960 --> 00:22:09,750
previously unknown witness to the

411
00:22:17,540 --> 00:22:11,970
Roswell event and that was deputy

412
00:22:18,830 --> 00:22:17,550
sheriff Charles focus you want me to say

413
00:22:20,360 --> 00:22:18,840

a little bit more about that I would you

414

00:22:22,820 --> 00:22:20,370

like to tell our listeners it you know a

415

00:22:26,690 --> 00:22:22,830

little bit more about deputy Fergus you

416

00:22:28,430 --> 00:22:26,700

probably know more about it than I do it

417

00:22:30,350 --> 00:22:28,440

was for those are not aware of about

418

00:22:33,140 --> 00:22:30,360

four or five years ago I can't remember

419

00:22:36,500 --> 00:22:33,150

the exact day I was contacted by a film

420

00:22:41,090 --> 00:22:36,510

company in the u.s. called white tiger

421

00:22:43,730 --> 00:22:41,100

films and basically they made you know

422

00:22:45,680 --> 00:22:43,740

real-life movies so in other words at

423

00:22:49,250 --> 00:22:45,690

Eckerd real life story and make a movie

424

00:22:51,590 --> 00:22:49,260

out of it I'm one of their clients had

425

00:22:55,600 --> 00:22:51,600

been a lady who was a private

426
00:22:59,450 --> 00:22:55,610
investigator I forget her name now but

427
00:23:04,400 --> 00:22:59,460
she sadly passed away and her her

428
00:23:06,230 --> 00:23:04,410
offspring her son and daughter now when

429
00:23:08,360 --> 00:23:06,240
going through her files and they found

430
00:23:11,659 --> 00:23:08,370
one file that simply said Roswell

431
00:23:15,860 --> 00:23:11,669
now when that file was a videocassette I

432
00:23:20,330 --> 00:23:15,870
think it was dated 1999 I believe while

433
00:23:23,210 --> 00:23:20,340
thereabouts a videocassette in very

434
00:23:26,510 --> 00:23:23,220
informal interview with the gentleman

435
00:23:28,700 --> 00:23:26,520
and there was a transcript to that

436
00:23:31,610 --> 00:23:28,710
interview along with some possible

437
00:23:35,419 --> 00:23:31,620
contacts and the money question was

438
00:23:41,840 --> 00:23:35,429

deputy Charles Fergus now he claimed

439

00:23:46,669 --> 00:23:41,850

that after the war he joined the police

440

00:23:50,960 --> 00:23:46,679

force at big springs in Texas now he was

441

00:23:53,180 --> 00:23:50,970

a deputy sheriff and they were looking

442

00:23:56,450 --> 00:23:53,190

for a gentleman who had been cashing

443

00:23:59,210 --> 00:23:56,460

some Dutch checks around the area and he

444

00:24:02,470 --> 00:23:59,220

apparently had turned up in Roswell and

445

00:24:09,710 --> 00:24:02,480

was under arrest and in jail there so

446

00:24:11,240 --> 00:24:09,720

he's the sheriff found him made a date

447

00:24:16,789 --> 00:24:11,250

to go and pick this guy up but they were

448

00:24:20,389 --> 00:24:16,799

on route and apparently this is the

449

00:24:23,990 --> 00:24:20,399

testimony you gave that they heard about

450

00:24:26,299 --> 00:24:24,000

the UFO crash on the police radio and

451
00:24:30,169 --> 00:24:26,309
made a detour I'm cutting a long story

452
00:24:32,930 --> 00:24:30,179
short here I mean as you well know and

453
00:24:35,930 --> 00:24:32,940
witnessed the the crash the recovery

454
00:24:38,289 --> 00:24:35,940
were not forcibly removed from the site

455
00:24:40,460 --> 00:24:38,299
but they were told you know to go away

456
00:24:43,970 --> 00:24:40,470
and they saw they carried on their

457
00:24:45,620 --> 00:24:43,980
business picked up the prisoner and took

458
00:24:50,149 --> 00:24:45,630
him back and it really didn't speak

459
00:24:51,669 --> 00:24:50,159
about it again but you helped research

460
00:24:57,710 --> 00:24:51,679
this as well

461
00:25:01,399 --> 00:24:57,720
irena because you know I passed this on

462
00:25:03,260 --> 00:25:01,409
to you and you managed to track down at

463
00:25:06,560 --> 00:25:03,270

some of these relatives I believe was it

464

00:25:09,320 --> 00:25:06,570

a nephew on a son first of all I tracked

465

00:25:11,659 --> 00:25:09,330

down his nephew and he sort of

466

00:25:16,010 --> 00:25:11,669

contradicted the story a little bit

467

00:25:19,760 --> 00:25:16,020

because um we have looked up the name of

468

00:25:21,310 --> 00:25:19,770

the sheriff they went with he went with

469

00:25:23,860 --> 00:25:21,320

and planet

470

00:25:28,360 --> 00:25:23,870

when the man was Sheriff and these

471

00:25:30,730 --> 00:25:28,370

didn't go together and so I continued

472

00:25:33,520 --> 00:25:30,740

investigating and you know I thought

473

00:25:35,050 --> 00:25:33,530

well maybe that's not good but then I

474

00:25:37,960 --> 00:25:35,060

keep on investigating and I found the

475

00:25:43,470 --> 00:25:37,970

man's son and the mountain man's son

476

00:25:46,390 --> 00:25:43,480

said that that that wasn't right that

477

00:25:49,570 --> 00:25:46,400

the I didn't know what sheriff he was

478

00:25:53,440 --> 00:25:49,580

with so he it could have happened at the

479

00:25:55,420 --> 00:25:53,450

time of Roswell and so the date might

480

00:25:58,560 --> 00:25:55,430

have been you know it might have been

481

00:26:01,300 --> 00:25:58,570

possible it didn't happen during Roswell

482

00:26:03,310 --> 00:26:01,310

but did he so not say that his father

483

00:26:06,610 --> 00:26:03,320

told him about this event back in the

484

00:26:10,180 --> 00:26:06,620

sort of early 1950s yes his father

485

00:26:12,370 --> 00:26:10,190

calling about mother was a kid yeah of

486

00:26:15,760 --> 00:26:12,380

course in the 1950s Roswell had already

487

00:26:17,980 --> 00:26:15,770

disappeared off the map anyway and I

488

00:26:20,500 --> 00:26:17,990

think you know I think between his we

489

00:26:22,630 --> 00:26:20,510

did we did a good job Irina and I think

490

00:26:26,050 --> 00:26:22,640

you know you can never be a hundred

491

00:26:28,930 --> 00:26:26,060

percent certain but I think when you

492

00:26:30,370 --> 00:26:28,940

discovered the the relatives and

493

00:26:32,370 --> 00:26:30,380

certainly the son I think we were

494

00:26:34,810 --> 00:26:32,380

vindicating in releasing the information

495

00:26:37,780 --> 00:26:34,820

which of course was published in your

496

00:26:41,710 --> 00:26:37,790

first book UFOs today would you not

497

00:26:44,920 --> 00:26:41,720

agree with that yes and I published more

498

00:26:51,220 --> 00:26:44,930

in the next book too but yes I thought

499

00:26:52,480 --> 00:26:51,230

we did a good job especially you and you

500

00:26:56,380 --> 00:26:52,490

know you don't know for sure we just

501
00:26:59,140 --> 00:26:56,390
published it to put it out on the public

502
00:27:02,590 --> 00:26:59,150
domain and that's how you found them out

503
00:27:04,990 --> 00:27:02,600
found out about his nephew I think the

504
00:27:08,860 --> 00:27:05,000
nephew contacted you yes he did yeah I

505
00:27:11,860 --> 00:27:08,870
mean I even have a photograph of the Big

506
00:27:15,010 --> 00:27:11,870
Springs Sheriff Department office in the

507
00:27:17,860 --> 00:27:15,020
late 1930s and it really hadn't changed

508
00:27:20,080 --> 00:27:17,870
much from the cowboy days when I

509
00:27:22,170 --> 00:27:20,090
contacted the Sheriff's Department in

510
00:27:24,610 --> 00:27:22,180
Big Springs and various other agencies

511
00:27:26,590 --> 00:27:24,620
looking for records and let's just say

512
00:27:29,830 --> 00:27:26,600
they just laughed so back in those days

513
00:27:31,630 --> 00:27:29,840

we just didn't keep them you know so how

514

00:27:34,960 --> 00:27:31,640

things have changed somewhat Irene I

515

00:27:38,350 --> 00:27:34,970

would but hot

516

00:27:41,890 --> 00:27:38,360

now is a it's a joke my never got to

517

00:27:44,700 --> 00:27:41,900

meet because the History Channel of the

518

00:27:48,010 --> 00:27:44,710

other new chair a new show coming out

519

00:27:50,169 --> 00:27:48,020

Project Blue Book and the gentleman in

520

00:27:52,960 --> 00:27:50,179

question of course is he's dr. Allen

521

00:28:01,690 --> 00:27:52,970

Hynek and I believe did you have a meet

522

00:28:03,310 --> 00:28:01,700

Hynek Irena I think I met him at a book

523

00:28:03,940 --> 00:28:03,320

signing things I talked to him on the

524

00:28:07,799 --> 00:28:03,950

phone

525

00:28:11,320 --> 00:28:07,809

but I've seen him and I've seen him talk

526
00:28:12,789 --> 00:28:11,330
but I don't remember whether I talked to

527
00:28:15,520 --> 00:28:12,799
him or Madigan

528
00:28:17,590 --> 00:28:15,530
I mean I've talked to one the film they

529
00:28:20,820 --> 00:28:17,600
don't remember like talk to him in

530
00:28:23,919 --> 00:28:20,830
person I was looking at him I have a

531
00:28:30,130 --> 00:28:23,929
book that he sign a book signing so I

532
00:28:35,350 --> 00:28:30,140
must at least talk to a little bit but

533
00:28:39,340 --> 00:28:35,360
Jim so blue book the TV show coming out

534
00:28:41,440 --> 00:28:39,350
now Irina and your book is out to sort

535
00:28:44,230 --> 00:28:41,450
of buy a no coincidence to coincide with

536
00:28:47,680 --> 00:28:44,240
that and other things it's the 50th

537
00:28:50,770 --> 00:28:47,690
anniversary of the closure of Project

538
00:28:53,049 --> 00:28:50,780

Blue Book which of course said at the

539

00:28:55,029 --> 00:28:53,059

end of it that you know basically there

540

00:28:57,039 --> 00:28:55,039

wasn't anything to worry about as far as

541

00:28:57,820 --> 00:28:57,049

UFOs were concerned it could all be

542

00:29:00,730 --> 00:28:57,830

explained

543

00:29:02,320 --> 00:29:00,740

despite I think something like almost a

544

00:29:05,470 --> 00:29:02,330

third of the sightings that they had

545

00:29:08,890 --> 00:29:05,480

reported to them it still remained

546

00:29:11,320 --> 00:29:08,900

unidentified so tell us a little bit

547

00:29:14,860 --> 00:29:11,330

about your new book plays and one on

548

00:29:18,130 --> 00:29:14,870

what that covers one had quite a bit

549

00:29:23,020 --> 00:29:18,140

about Project Blue Book and dr. Hynek

550

00:29:26,740 --> 00:29:23,030

and dr. Hynek had people knowing

551
00:29:29,890 --> 00:29:26,750
theories scientific writing but I had

552
00:29:34,810 --> 00:29:29,900
personal writing and went out one of his

553
00:29:38,970 --> 00:29:34,820
letters was actually the me and he

554
00:29:42,370 --> 00:29:38,980
seemed a lot different in his

555
00:29:45,669 --> 00:29:42,380
handwritten spontaneous writing the

556
00:29:48,759 --> 00:29:45,679
people that he did any scientific

557
00:29:52,480 --> 00:29:48,769
writing he was quite interesting he was

558
00:29:54,070 --> 00:29:52,490
he had a real good sense of humor and he

559
00:30:00,149 --> 00:29:54,080
was just dripping with humor lots of

560
00:30:04,090 --> 00:30:00,159
times and he teased people on things and

561
00:30:06,580 --> 00:30:04,100
but the thing that mainly show you up in

562
00:30:08,560 --> 00:30:06,590
Ian's letters was he was people said he

563
00:30:11,499 --> 00:30:08,570

was sort of like a peacock and he was

564

00:30:12,879 --> 00:30:11,509

just flashy and going out with the UFOs

565

00:30:15,180 --> 00:30:12,889

to get his name in the paper

566

00:30:23,109 --> 00:30:15,190

well he wasn't he was very dedicated

567

00:30:26,109 --> 00:30:23,119

UFOs and he actually would go out on his

568

00:30:27,700 --> 00:30:26,119

own and spend his own money and spend a

569

00:30:31,840 --> 00:30:27,710

lot of time even though he was busy

570

00:30:34,840 --> 00:30:31,850

investigating UFOs and so I haven't

571

00:30:42,549 --> 00:30:34,850

quite a number of letters and documents

572

00:30:46,330 --> 00:30:42,559

of him the Project Blue Book was set up

573

00:30:49,629 --> 00:30:46,340

to investigate UFOs and there was a

574

00:30:52,389 --> 00:30:49,639

history behind it when UFOs first

575

00:30:55,869 --> 00:30:52,399

appeared the Air Force didn't even exist

576

00:31:01,690 --> 00:30:55,879

and they started by calling it project

577

00:31:04,529 --> 00:31:01,700

saucer and then that turning the project

578

00:31:06,669 --> 00:31:04,539

sign which was a precursor to Blue Book

579

00:31:11,230 --> 00:31:06,679

project science seemingly quite

580

00:31:14,399 --> 00:31:11,240

scientific and they explored the idea in

581

00:31:17,259 --> 00:31:14,409

a number of places and wrote it up that

582

00:31:21,549 --> 00:31:17,269

these might be from another planet and

583

00:31:23,409 --> 00:31:21,559

they actually seriously explored it they

584

00:31:26,379 --> 00:31:23,419

explored everything and it just in a

585

00:31:28,629 --> 00:31:26,389

real scientific way of telling people

586

00:31:32,879 --> 00:31:28,639

they get witnesses trying to get things

587

00:31:38,669 --> 00:31:32,889

on radio radar and everything else and

588

00:31:42,609 --> 00:31:38,679

they put out one report that said that

589

00:31:45,669 --> 00:31:42,619

the UFO phenomena is probably from

590

00:31:47,289 --> 00:31:45,679

another planet and that report just disa

591

00:31:49,779 --> 00:31:47,299

that was a government report that

592

00:31:53,739 --> 00:31:49,789

totally disappeared and there's not a

593

00:31:55,899 --> 00:31:53,749

trace of any place then later they

594

00:31:58,779 --> 00:31:55,909

started another project called project

595

00:32:02,320 --> 00:31:58,789

and grudge missiles when people decided

596

00:32:07,570 --> 00:32:02,330

that they would debunk UFOs

597

00:32:09,340 --> 00:32:07,580

and so they had a debunking agency which

598

00:32:12,310 --> 00:32:09,350

was a lot less scientific than the

599

00:32:16,000 --> 00:32:12,320

previous one and later they kept on

600

00:32:17,560 --> 00:32:16,010

seeing UFOs regardless of the fact that

601
00:32:20,320 --> 00:32:17,570
the government told everybody to do it

602
00:32:27,060 --> 00:32:20,330
exist and so they started Project Blue

603
00:32:31,500 --> 00:32:27,070
Book and this was I think it started

604
00:32:39,360 --> 00:32:31,510
1952 and it went until nineteen until

605
00:32:44,500 --> 00:32:39,370
1969 and they collected an awful lot of

606
00:32:48,370 --> 00:32:44,510
sighting reports I think around 13,000

607
00:32:54,190 --> 00:32:48,380
and they also investigated ways to

608
00:32:55,900 --> 00:32:54,200
analyze these reports people just think

609
00:32:58,150 --> 00:32:55,910
of Project Blue by this collecting

610
00:33:00,790 --> 00:32:58,160
reports and that's what normally the

611
00:33:04,950 --> 00:33:00,800
media shows us people collecting them

612
00:33:08,590 --> 00:33:04,960
and the events that happen but um I

613
00:33:11,410 --> 00:33:08,600

worked at Mattel and they had what was

614

00:33:14,790 --> 00:33:11,420

at that time a very secret study where

615

00:33:19,540 --> 00:33:14,800

they analyzed the reports and they had

616

00:33:24,460 --> 00:33:19,550

people designed a questionnaire in such

617

00:33:27,700 --> 00:33:24,470

a way that they could want quantify what

618

00:33:28,900 --> 00:33:27,710

people were seeing such as estimating

619

00:33:32,740 --> 00:33:28,910

how long

620

00:33:35,620 --> 00:33:32,750

the object was in sight such as less

621

00:33:37,600 --> 00:33:35,630

than minute between 6 and 10 minutes and

622

00:33:42,430 --> 00:33:37,610

things like that in the color and real

623

00:33:44,790 --> 00:33:42,440

discreet things that anybody could um it

624

00:33:47,140 --> 00:33:44,800

wouldn't be hard for people to

625

00:33:50,530 --> 00:33:47,150

understand such as how many objects do

626
00:33:53,700 --> 00:33:50,540
you see it once things like that and so

627
00:33:57,700 --> 00:33:53,710
they took all that information and

628
00:34:01,780 --> 00:33:57,710
sorted out what was the best and they

629
00:34:05,080 --> 00:34:01,790
turned out with about 3100 reports that

630
00:34:09,780 --> 00:34:05,090
were cold from all that and of those I

631
00:34:14,499 --> 00:34:09,790
think about 31% or something were

632
00:34:21,159 --> 00:34:18,279
sir sorry Irina em what I'm just going

633
00:34:23,769 --> 00:34:21,169
to ask was you know I noticed of course

634
00:34:26,289 --> 00:34:23,779
we I mean we all know him as the father

635
00:34:28,779 --> 00:34:26,299
of their of ufology a nine who was a

636
00:34:31,029 --> 00:34:28,789
chief you of her proponent as you point

637
00:34:33,819 --> 00:34:31,039
out in in sacred corridors I think it's

638
00:34:36,489 --> 00:34:33,829

in Chapter 12 and as we know he work for

639

00:34:39,159 --> 00:34:36,499

Blue Book but it was aware wasn't see

640

00:34:42,190 --> 00:34:39,169

that all the really interesting reports

641

00:34:44,730 --> 00:34:42,200

were actually been siphoned off and as

642

00:34:47,230 --> 00:34:44,740

you say they were taken to a patel and

643

00:34:49,389 --> 00:34:47,240

but he was aware wasn't to that blue

644

00:34:52,450 --> 00:34:49,399

book was not a serious scientific study

645

00:34:55,059 --> 00:34:52,460

really was a public relations exercise

646

00:34:57,220 --> 00:34:55,069

just to keep people quiet really well

647

00:35:00,579 --> 00:34:57,230

that's how he started he started lady

648

00:35:02,620 --> 00:35:00,589

bunker there's more to it than people

649

00:35:06,940 --> 00:35:02,630

know because I had I had some more

650

00:35:12,249 --> 00:35:06,950

information and put in the book but he

651
00:35:15,130 --> 00:35:12,259
was contacted by Blue Book and he said

652
00:35:16,630 --> 00:35:15,140
oh it's all nothing UFOs don't exist in

653
00:35:19,479 --> 00:35:16,640
everything because he was a scientist

654
00:35:21,849 --> 00:35:19,489
and he had to have data and everything

655
00:35:25,509 --> 00:35:21,859
and so he became their deep bunker and

656
00:35:27,339 --> 00:35:25,519
whenever they wanted any to debunk a

657
00:35:29,979 --> 00:35:27,349
sighting they just rolled him out and he

658
00:35:32,160 --> 00:35:29,989
debunked it but after a while he started

659
00:35:35,499 --> 00:35:32,170
getting real serious about it and

660
00:35:39,579 --> 00:35:35,509
finding out that there was a lot more to

661
00:35:42,309 --> 00:35:39,589
it than just the people crazy people

662
00:35:44,620 --> 00:35:42,319
gotten seen UFOs because a lot of really

663
00:35:46,289 --> 00:35:44,630

responsible people saw him there are

664

00:35:48,819 --> 00:35:46,299

multiple witnesses they were

665

00:35:50,979 --> 00:35:48,829

high-caliber witnesses such as airplane

666

00:35:55,529 --> 00:35:50,989

pilots they were radar sightings

667

00:36:00,670 --> 00:35:55,539

everything else and so he very slowly

668

00:36:03,579 --> 00:36:00,680

with a big bump changed his mind and

669

00:36:07,960 --> 00:36:03,589

became the top proponent for studying

670

00:36:09,970 --> 00:36:07,970

UFOs in a scientific way so what was it

671

00:36:13,180 --> 00:36:09,980

about him them that because I know that

672

00:36:16,150 --> 00:36:13,190

you're describing in in Chapter 12 in

673

00:36:19,210 --> 00:36:16,160

sick sacred corridors and you describe

674

00:36:21,579 --> 00:36:19,220

him as a hero what was it about him then

675

00:36:24,609 --> 00:36:21,589

that made you think like that about him

676

00:36:26,990 --> 00:36:24,619

he was a hero before I ever knew you

677

00:36:30,279 --> 00:36:27,000

opposed because he lived

678

00:36:34,180 --> 00:36:30,289

he worked at Ohio State University and

679

00:36:37,069 --> 00:36:34,190

he wrote a common astronomy column in

680

00:36:39,829 --> 00:36:37,079

the local newspaper the Columbus

681

00:36:43,039 --> 00:36:39,839

Dispatch and I was very interested in

682

00:36:46,309 --> 00:36:43,049

astronomy I tried to get into it I was a

683

00:36:50,150 --> 00:36:46,319

female I didn't get into it but I felt

684

00:36:54,549 --> 00:36:50,160

his strongly columns practically from

685

00:36:56,809 --> 00:36:54,559

when I started being able to read and I

686

00:36:58,430 --> 00:36:56,819

was real interested in telling what's a

687

00:37:01,039 --> 00:36:58,440

hero from that just because it was

688

00:37:02,960 --> 00:37:01,049

astronomer and I you know never heard of

689

00:37:05,289 --> 00:37:02,970

didn't know much about science or

690

00:37:10,670 --> 00:37:05,299

anything mm-hmm

691

00:37:12,500 --> 00:37:10,680

so so go ahead fill gone okay I mean one

692

00:37:15,410 --> 00:37:12,510

of the things we touched upon again in

693

00:37:19,000 --> 00:37:15,420

your new book sacred corridors is is

694

00:37:22,970 --> 00:37:19,010

again some more information about

695

00:37:25,579 --> 00:37:22,980

Roswell and and wright-patterson Air

696

00:37:28,099 --> 00:37:25,589

Force Base a legendary place as far as

697

00:37:32,809 --> 00:37:28,109

you follow Jesus concerned is it no

698

00:37:36,260 --> 00:37:32,819

Irina it's the legendary place because

699

00:37:40,730 --> 00:37:36,270

it was where everybody thinks it rose

700

00:37:43,430 --> 00:37:40,740

was a big deal but the story is the

701
00:37:46,609 --> 00:37:43,440
Roslin material went to wright-patterson

702
00:37:48,769 --> 00:37:46,619
and that swert was stored and analyzed

703
00:37:51,559 --> 00:37:48,779
and everything and also wright-patterson

704
00:37:55,700 --> 00:37:51,569
with the home of Project Blue Book so it

705
00:38:00,140 --> 00:37:55,710
was just the top agency for UFOs in the

706
00:38:03,440 --> 00:38:00,150
world so what did you income or anything

707
00:38:05,269 --> 00:38:03,450
that what would will put any credence to

708
00:38:12,230 --> 00:38:05,279
the orders it still remained just a

709
00:38:16,309 --> 00:38:12,240
legend arena wright-patterson is very

710
00:38:18,200 --> 00:38:16,319
very very secure and you can't just walk

711
00:38:21,829 --> 00:38:18,210
in I mean it's supposed to be the mecca

712
00:38:24,799 --> 00:38:21,839
of UFOs but you can't walk into it there

713
00:38:26,930 --> 00:38:24,809

do it get into it all probably about

714

00:38:33,549 --> 00:38:26,940

three people or three or four people

715

00:38:36,549 --> 00:38:33,559

have ever been in a secure area and so

716

00:38:40,430 --> 00:38:36,559

the rest of the authors and things who

717

00:38:44,720 --> 00:38:40,440

reported on informants

718

00:38:49,520 --> 00:38:44,730

in side and saw things and then told

719

00:38:52,100 --> 00:38:49,530

them about it but I another the person

720

00:38:57,700 --> 00:38:52,110

actually been inside even the most

721

00:39:00,290 --> 00:38:57,710

secure area and there's a lot of stories

722

00:39:03,500 --> 00:39:00,300

they actually there's actually proof

723

00:39:08,950 --> 00:39:03,510

that they sent material from Roswell to

724

00:39:15,820 --> 00:39:08,960

wright-patterson because they had a

725

00:39:20,000 --> 00:39:15,830

person on the radio reporting on the

726

00:39:21,970 --> 00:39:20,010

subject in the airplane was what was

727

00:39:27,950 --> 00:39:21,980

taking the material to wright-patterson

728

00:39:30,860 --> 00:39:27,960

Roswell and the man stopped right in the

729

00:39:34,390 --> 00:39:30,870

middle of his talk on the radio and said

730

00:39:38,300 --> 00:39:35,780

wright-patterson

731

00:39:40,100 --> 00:39:38,310

it said they're on their way but they

732

00:39:42,110 --> 00:39:40,110

haven't landed yet and that's pretty

733

00:39:47,720 --> 00:39:42,120

hard evidence so they actually sent

734

00:39:51,440 --> 00:39:47,730

something so afterwards there's a lot of

735

00:39:54,140 --> 00:39:51,450

stories about where the debris was in

736

00:39:56,870 --> 00:39:54,150

the UFO and there's stories that they

737

00:39:59,770 --> 00:39:56,880

found that there were bodies or cadavers

738

00:40:04,010 --> 00:39:59,780

from it and all these stories about

739

00:40:07,790 --> 00:40:04,020

where the airplane landed where it

740

00:40:11,080 --> 00:40:07,800

unloaded before the bodies and the

741

00:40:15,320 --> 00:40:11,090

breeze went and a lot of other things

742

00:40:18,590 --> 00:40:15,330

and so being I was lucky enough to be on

743

00:40:23,030 --> 00:40:18,600

to be on base several times which nobody

744

00:40:29,270 --> 00:40:23,040

is well there was a there was a story

745

00:40:32,170 --> 00:40:29,280

about Goldwater and that he he was a

746

00:40:35,990 --> 00:40:32,180

presidential candidate and he had

747

00:40:39,170 --> 00:40:36,000

contacted a general general LeMay about

748

00:40:41,420 --> 00:40:39,180

that he wanted to get on get into

749

00:40:44,540 --> 00:40:41,430

wright-patterson and see the UFO

750

00:40:48,980 --> 00:40:44,550

material and LeMay really were really

751

00:40:51,830 --> 00:40:48,990

rebuffed him and also I think J Edgar

752

00:40:54,410 --> 00:40:51,840

Hoover and maybe it was Roosevelt or

753

00:41:01,099 --> 00:40:54,420

something also one he wanted to go

754

00:41:04,039 --> 00:41:01,109

and they weren't allowed in and C Smith

755

00:41:07,130 --> 00:41:04,049

and Kerry recently tried to get in him

756

00:41:09,230 --> 00:41:07,140

and we're allowed to get in so I was

757

00:41:11,690 --> 00:41:09,240

really lucky because my employer had

758

00:41:15,200 --> 00:41:11,700

sent me once and I had the pass to go

759

00:41:17,029 --> 00:41:15,210

over the base and then the archivist

760

00:41:24,589 --> 00:41:17,039

showed me all over the base and clearing

761

00:41:28,549 --> 00:41:24,599

the top most secret areas but so I could

762

00:41:31,069 --> 00:41:28,559

actually go in and look at and analyze

763

00:41:34,549 --> 00:41:31,079

some of the things their stories are

764

00:41:40,539 --> 00:41:34,559

about I wasn't in a room with bodies or

765

00:41:47,059 --> 00:41:42,950

crypts and bolts are supposed to be that

766

00:41:51,400 --> 00:41:47,069

contained debris and bodies and all that

767

00:41:54,470 --> 00:41:51,410

and the first thing that they did

768

00:41:58,430 --> 00:41:54,480

probably one of most famous things is

769

00:42:02,180 --> 00:41:58,440

hang the hangar 18 stories and this is

770

00:42:05,150 --> 00:42:02,190

either that they analyzed the debris up

771

00:42:09,529 --> 00:42:05,160

in something called the hangar 18 where

772

00:42:11,900 --> 00:42:09,539

that's work was unloaded and in my

773

00:42:15,500 --> 00:42:11,910

information that's different from others

774

00:42:16,760 --> 00:42:15,510

because I had talked to somebody that a

775

00:42:19,789 --> 00:42:16,770

long time

776

00:42:22,789 --> 00:42:19,799

Dayton resident and he said that hangar

777

00:42:28,730 --> 00:42:22,799

18 was actually in his group of hangars

778

00:42:31,059 --> 00:42:28,740

and a series of about five hangars

779

00:42:36,319 --> 00:42:31,069

together and he pointed up which one and

780

00:42:39,950 --> 00:42:36,329

said that the airplane unloaded into

781

00:42:42,400 --> 00:42:39,960

that hangar why was on basin and took

782

00:42:46,089 --> 00:42:42,410

some pictures of it and you can see it

783

00:42:48,799 --> 00:42:46,099

distantly from Puffs basement it was

784

00:42:50,960 --> 00:42:48,809

it's just a regular hanger but

785

00:42:55,430 --> 00:42:50,970

apparently might have been called hangar

786

00:43:02,569 --> 00:42:55,440

18 back then and back then when Russell

787

00:43:06,589 --> 00:43:02,579

occurred it was it was off the actual

788

00:43:07,760 --> 00:43:06,599

run/walk Bay from right field and so it

789

00:43:10,460 --> 00:43:07,770

looked like it would

790

00:43:12,800 --> 00:43:10,470

in a place where they would end them and

791

00:43:23,540 --> 00:43:12,810

elude the degree I mean was historically

792

00:43:26,390 --> 00:43:23,550

correct it was unloaded from a b-29 I

793

00:43:29,360 --> 00:43:26,400

think she may remember that from an

794

00:43:31,880 --> 00:43:29,370

airplane and they had an airplane

795

00:43:33,620 --> 00:43:31,890

actually on this flight near the near

796

00:43:36,890 --> 00:43:33,630

where the old runway wasn't so I took a

797

00:43:39,320 --> 00:43:36,900

picture and I also just sort of a joke

798

00:43:43,660 --> 00:43:39,330

said maybe that's the actual plane

799

00:43:46,280 --> 00:43:43,670

roughly Russell material in because it

800

00:43:50,660 --> 00:43:46,290

was that type of plane they were so all

801
00:43:54,050 --> 00:43:50,670
right Adamson so it might have unloaded

802
00:43:55,850 --> 00:43:54,060
at that hangar 1 of the series of

803
00:43:58,220 --> 00:43:55,860
hangars because they were the hangars by

804
00:44:00,440 --> 00:43:58,230
the runway back then the runway isn't

805
00:44:05,930 --> 00:44:00,450
there now but there's still Park a lot

806
00:44:11,060 --> 00:44:05,940
of planes nearly hangars the other story

807
00:44:13,580 --> 00:44:11,070
another story is is that the debris and

808
00:44:20,890 --> 00:44:13,590
possible bodies were taken to building

809
00:44:26,410 --> 00:44:20,900
18 and building right next to it 23 and

810
00:44:29,840 --> 00:44:26,420
then the story is that it was taken to

811
00:44:32,600 --> 00:44:29,850
building 23 and for some reason they

812
00:44:36,680 --> 00:44:32,610
removed the floor and put the debris in

813
00:44:40,400 --> 00:44:36,690

it covered it up and then there's the

814

00:44:44,750 --> 00:44:40,410

building 18 right beside and the story

815

00:44:47,090 --> 00:44:44,760

is that they dug a chain underground

816

00:44:50,380 --> 00:44:47,100

chamber between two buildings and that

817

00:44:53,960 --> 00:44:50,390

some of the material was in going 18

818

00:44:55,700 --> 00:44:53,970

which they also called hangar 18 why

819

00:44:57,560 --> 00:44:55,710

look I did a lot of research on the

820

00:45:00,680 --> 00:44:57,570

building that had never been a hangar

821

00:45:04,430 --> 00:45:00,690

and it also wasn't biennial runways so I

822

00:45:09,590 --> 00:45:04,440

don't think it was a hangar the story is

823

00:45:12,190 --> 00:45:09,600

is that yeah unknown then see the east

824

00:45:15,680 --> 00:45:12,200

side of building 18 that there was a

825

00:45:19,520 --> 00:45:15,690

underground tunnel that went to the

826

00:45:21,380 --> 00:45:19,530

other building had the debris and I

827

00:45:22,789 --> 00:45:21,390

looked

828

00:45:27,920 --> 00:45:22,799

these buildings and took some pictures

829

00:45:32,839 --> 00:45:27,930

and for a building 18 part of the

830

00:45:35,239 --> 00:45:32,849

basement next to building 23 the windows

831

00:45:39,950 --> 00:45:35,249

were blocked like maybe there was a

832

00:45:42,890 --> 00:45:39,960

chamber there so the story is a put the

833

00:45:46,130 --> 00:45:42,900

some of the debris in building 18 and

834

00:45:49,099 --> 00:45:46,140

some in 23 and of course I couldn't go

835

00:45:51,680 --> 00:45:49,109

out and look because I was afraid I'd be

836

00:45:57,789 --> 00:45:51,690

put in day or something well I did

837

00:46:00,799 --> 00:45:57,799

take pictures yeah I believe as well

838

00:46:04,160 --> 00:46:00,809

Irene in your in your in your new book

839

00:46:07,430 --> 00:46:04,170

sacred corridors you talk about another

840

00:46:09,799 --> 00:46:07,440

potential witness to the Roswell crash

841

00:46:13,960 --> 00:46:09,809

that we perhaps not heard about before

842

00:46:17,569 --> 00:46:13,970

can can we eliminate as on that place

843

00:46:22,249 --> 00:46:17,579

yeah this was any other but this person

844

00:46:27,440 --> 00:46:22,259

has denied the whole story he was a he's

845

00:46:33,769 --> 00:46:27,450

a dermatologist he's retired but I heard

846

00:46:36,410 --> 00:46:33,779

from other people that he had been when

847

00:46:38,950 --> 00:46:36,420

he was young a young doctor he's

848

00:46:42,109 --> 00:46:38,960

definitely a doctor and everything that

849

00:46:44,839 --> 00:46:42,119

he's in the he was in the Army too and

850

00:46:50,089 --> 00:46:44,849

the airports of thing that he was

851
00:46:51,710 --> 00:46:50,099
supposed to get go to Roswell maybe it

852
00:46:56,539 --> 00:46:51,720
was white Patterson I think was was well

853
00:46:58,999 --> 00:46:56,549
and study the outside covering of these

854
00:47:02,359 --> 00:46:59,009
bodies their cadavers or whatever they

855
00:47:04,400 --> 00:47:02,369
work from the crash this woman told me

856
00:47:06,950 --> 00:47:04,410
that and she said he said that in front

857
00:47:08,930 --> 00:47:06,960
of several people but I contacted him

858
00:47:11,630 --> 00:47:08,940
and he said oh no nothing like that

859
00:47:13,190 --> 00:47:11,640
happened and she said maybe he was still

860
00:47:19,220 --> 00:47:13,200
in there security so I don't know that

861
00:47:21,049 --> 00:47:19,230
was just another story he didn't say

862
00:47:26,630 --> 00:47:21,059
anything about what the resulting

863
00:47:32,599 --> 00:47:30,380

so yeah can I um Chris sorry oh sorry

864

00:47:33,990 --> 00:47:32,609

Phil and I'm just going to ask

865

00:47:36,030 --> 00:47:34,000

Arina what white

866

00:47:38,580 --> 00:47:36,040

think the closed project Bluebook down

867

00:47:40,770 --> 00:47:38,590

in 69 what was the main reasoning beyond

868

00:47:43,770 --> 00:47:40,780

that well I couldn't understand that at

869

00:47:46,980 --> 00:47:43,780

all because that seemed to be when they

870

00:47:53,040 --> 00:47:46,990

had the very good data showing that UFOs

871

00:47:57,420 --> 00:47:53,050

exist then and that seemed to really

872

00:48:03,330 --> 00:47:57,430

turn off a lot of government people in

873

00:48:06,360 --> 00:48:03,340

this study to report budget special

874

00:48:10,560 --> 00:48:06,370

report number 14 where they analyzed the

875

00:48:12,780 --> 00:48:10,570

result of all the Bluebook observations

876

00:48:16,110 --> 00:48:12,790

and sightings and everything and it

877

00:48:20,280 --> 00:48:16,120

sistex on them and when they did that it

878

00:48:23,280 --> 00:48:20,290

was highly significant like what they

879

00:48:27,540 --> 00:48:23,290

got was one out of a billion chance that

880

00:48:29,610 --> 00:48:27,550

UFOs are not prosaic like airplanes and

881

00:48:31,530 --> 00:48:29,620

everything would be normal flying if

882

00:48:35,190 --> 00:48:31,540

there's something different this is very

883

00:48:37,350 --> 00:48:35,200

strong proof because in normal sent if

884

00:48:40,260 --> 00:48:37,360

it work you're doing good if you get one

885

00:48:42,600 --> 00:48:40,270

chance out of 100 and this was like i

886

00:48:46,050 --> 00:48:42,610

recalculated it might be one chance out

887

00:48:49,140 --> 00:48:46,060

of a true and just beyond anything you'd

888

00:48:53,880 --> 00:48:49,150

imagine that it showed that UFOs are

889

00:48:55,500 --> 00:48:53,890

real yeah so obviously we now know

890

00:48:57,900 --> 00:48:55,510

obviously with with the passage of time

891

00:49:01,290 --> 00:48:57,910

that they closed it down then of course

892

00:49:06,090 --> 00:49:01,300

I think it was December the 16th last

893

00:49:09,780 --> 00:49:06,100

17th and 2017 we had the New York Times

894

00:49:12,150 --> 00:49:09,790

article and pointing out that that the

895

00:49:14,070 --> 00:49:12,160

American government had secretly being

896

00:49:17,340 --> 00:49:14,080

carried on carrying on you know

897

00:49:20,880 --> 00:49:17,350

investigating UFO reports you know with

898

00:49:23,880 --> 00:49:20,890

this this research project that been

899

00:49:26,520 --> 00:49:23,890

doing for several years and I mean was

900

00:49:28,890 --> 00:49:26,530

that any surprise to you know there was

901
00:49:31,800 --> 00:49:28,900
probably something going on the whole

902
00:49:33,930 --> 00:49:31,810
time when they closed down Blue Book I

903
00:49:36,420 --> 00:49:33,940
think they were still studying UFOs in

904
00:49:38,490 --> 00:49:36,430
some really secret place I mean this

905
00:49:41,270 --> 00:49:38,500
study was they tried to keep it secret

906
00:49:44,100 --> 00:49:41,280
but there were leakers and it got out

907
00:49:47,529 --> 00:49:44,110
but I think they just took a really

908
00:49:52,700 --> 00:49:49,969
some people some compartment of the

909
00:49:54,289 --> 00:49:52,710
government probably it was still

910
00:49:57,279 --> 00:49:54,299
investigating because I think they were

911
00:50:02,150 --> 00:49:57,289
still taking reports from the military

912
00:50:05,359 --> 00:50:02,160
yeah and so I think for a long time

913
00:50:07,930 --> 00:50:05,369

they've investigated and my experience

914

00:50:12,019 --> 00:50:07,940

working for the DIA made me think so too

915

00:50:15,559 --> 00:50:12,029

but it's very very buried in older

916

00:50:18,380 --> 00:50:15,569

secrecy and early in everything of

917

00:50:21,259 --> 00:50:18,390

course yeah they're not going to they're

918

00:50:22,609 --> 00:50:21,269

not going to you know say a UFO project

919

00:50:24,620 --> 00:50:22,619

number one they're not going to put all

920

00:50:26,210 --> 00:50:24,630

that that kind of title in the

921

00:50:28,509 --> 00:50:26,220

information that we give out or that the

922

00:50:31,069 --> 00:50:28,519

star elsewhere you know they're going to

923

00:50:32,779 --> 00:50:31,079

call it completely something different

924

00:50:35,059 --> 00:50:32,789

as they did with this project that we're

925

00:50:37,099 --> 00:50:35,069

just talking about you know that to the

926

00:50:37,849 --> 00:50:37,109

Stars Academy is kind of like come out

927

00:50:40,279 --> 00:50:37,859

of as well

928

00:50:42,319 --> 00:50:40,289

and you know they're going to add it in

929

00:50:46,670 --> 00:50:42,329

the deepest fall they can probably find

930

00:50:48,170 --> 00:50:46,680

and what do you think it's going to

931

00:50:50,499 --> 00:50:48,180

happen in the future do you think we're

932

00:50:54,339 --> 00:50:50,509

going to get a disclosure of some can

933

00:50:57,440 --> 00:50:54,349

well I've been thinking about that and

934

00:50:59,660 --> 00:50:57,450

disclosure in this case involves two

935

00:51:01,459 --> 00:50:59,670

parties it involves the government

936

00:51:04,759 --> 00:51:01,469

whatever government knows the most about

937

00:51:10,160 --> 00:51:04,769

but it also involves the UFO phenomenon

938

00:51:11,809 --> 00:51:10,170

and I think I mean I may be wrong on

939

00:51:15,739 --> 00:51:11,819

this but I think that the government

940

00:51:17,930 --> 00:51:15,749

disclosed everything they knew if they

941

00:51:21,559 --> 00:51:17,940

didn't have real strong proof of UFOs

942

00:51:23,870 --> 00:51:21,569

nobody believed it and so it seemed to

943

00:51:27,019 --> 00:51:23,880

me like it would just look real

944

00:51:29,479 --> 00:51:27,029

disclosure would involve that UFOs being

945

00:51:33,049 --> 00:51:29,489

involved in disclosing themselves too

946

00:51:35,539 --> 00:51:33,059

because probably still kind of data and

947

00:51:37,819 --> 00:51:35,549

said all this and this and this but you

948

00:51:40,969 --> 00:51:37,829

can't make a UFO land on the White House

949

00:51:45,890 --> 00:51:40,979

or something so you didn't really prove

950

00:51:47,779 --> 00:51:45,900

it so if we're talking about your

951
00:51:51,170 --> 00:51:47,789
governments and in government secrecy

952
00:51:53,269 --> 00:51:51,180
etc what do you think of the mj-12 that

953
00:51:57,019 --> 00:51:53,279
the majestic 12 do you think that's a

954
00:52:00,800 --> 00:51:57,029
fact or is it a fiction well it seems I

955
00:52:02,120 --> 00:52:00,810
mean I sort of heard about all along

956
00:52:05,420 --> 00:52:02,130
well I didn't pay any attention to it

957
00:52:10,190 --> 00:52:05,430
all because there was no confirmation or

958
00:52:13,900 --> 00:52:10,200
way to validate anything and I it one

959
00:52:18,250 --> 00:52:13,910
way it started was that they found a

960
00:52:21,890 --> 00:52:18,260
secret document in the National Archives

961
00:52:26,060 --> 00:52:21,900
but it what didn't have an accession

962
00:52:28,250 --> 00:52:26,070
number and so if I thought if somebody

963
00:52:30,500 --> 00:52:28,260

found that they should go to the

964

00:52:33,350 --> 00:52:30,510

archivist and say is this document real

965

00:52:35,600 --> 00:52:33,360

and find out whether it was real

966

00:52:38,360 --> 00:52:35,610

document that nobody did somebody

967

00:52:41,210 --> 00:52:38,370

forgotten to stamp a number on or

968

00:52:42,980 --> 00:52:41,220

whether somebody places it there and it

969

00:52:45,740 --> 00:52:42,990

seemed like write to this at the start

970

00:52:48,740 --> 00:52:45,750

they should have found out that but they

971

00:52:51,380 --> 00:52:48,750

didn't and so things multiplied and

972

00:52:53,840 --> 00:52:51,390

multiplied multiplied but there was

973

00:52:56,420 --> 00:52:53,850

never any real documentation to prove

974

00:52:59,060 --> 00:52:56,430

any of it was right that I can see I

975

00:53:04,190 --> 00:52:59,070

mean it was very well done by the

976

00:53:10,070 --> 00:53:04,200

government or some places was giving out

977

00:53:12,320 --> 00:53:10,080

all this information but apparently

978

00:53:14,900 --> 00:53:12,330

maybe the government was just spending a

979

00:53:17,300 --> 00:53:14,910

lot of energy putting out fake

980

00:53:24,620 --> 00:53:17,310

government mm-hmm I mean fake documents

981

00:53:26,000 --> 00:53:24,630

or something yeah so yeah oh sorry you

982

00:53:28,940 --> 00:53:26,010

know I mean one of the things I was

983

00:53:30,590 --> 00:53:28,950

thinking about I mean it kind of slipped

984

00:53:33,490 --> 00:53:30,600

my mind I don't know how but we've got

985

00:53:38,120 --> 00:53:33,500

another anniversary coming up this year

986

00:53:41,750 --> 00:53:38,130

in 1969 that's the moon landings yeah

987

00:53:43,930 --> 00:53:41,760

and of course one of the things you know

988

00:53:46,910 --> 00:53:43,940

that we've put out regarding your book

989

00:53:49,490 --> 00:53:46,920

and if anybody out there wants to say

990

00:53:51,110 --> 00:53:49,500

anything I would disagree with you here

991

00:53:53,780 --> 00:53:51,120

and now get it over with the map the

992

00:53:58,190 --> 00:53:53,790

moon landings did happen men walked on

993

00:54:00,770 --> 00:53:58,200

the moon and but possible interest in

994

00:54:03,470 --> 00:54:00,780

UFOs why by the man himself by Neil

995

00:54:06,110 --> 00:54:03,480

Armstrong Irena Amick

996

00:54:10,250 --> 00:54:06,120

tell us a bit about that please is there

997

00:54:12,230 --> 00:54:10,260

any substance to this well I I found

998

00:54:14,660 --> 00:54:12,240

something that might be a smoking gun it

999

00:54:20,680 --> 00:54:14,670

might not be but in

1000

00:54:26,360 --> 00:54:20,690

dr. Hynek sledders he told he was on a

1001
00:54:29,810 --> 00:54:26,370
tour of this eclipse I think it which it

1002
00:54:33,050 --> 00:54:29,820
was um there was an eclipse tour with a

1003
00:54:36,830 --> 00:54:33,060
whole lot of really big stars like Isaac

1004
00:54:40,130 --> 00:54:36,840
ants and often um a lot of really famous

1005
00:54:42,280 --> 00:54:40,140
people including Neil Armstrong and in

1006
00:54:47,210 --> 00:54:42,290
one of these layers he mentioned that

1007
00:54:49,520 --> 00:54:47,220
the tour whoever was doing the tour

1008
00:54:53,420 --> 00:54:49,530
calling up and asking that he wanted to

1009
00:54:56,090 --> 00:54:53,430
share a cable you know he ain't spam

1010
00:54:59,600 --> 00:54:56,100
when the shared cable with I'm strong

1011
00:55:02,660 --> 00:54:59,610
and I thought that was interesting I

1012
00:55:05,900 --> 00:55:02,670
looked up how you find out about sharing

1013
00:55:08,240 --> 00:55:05,910

he wants us to share a table you might

1014

00:55:12,410 --> 00:55:08,250

share tables somebody ask you to share

1015

00:55:13,250 --> 00:55:12,420

cable and so possibly Neil Armstrong and

1016

00:55:16,720 --> 00:55:13,260

ask

1017

00:55:20,390 --> 00:55:16,730

Hynek to share a table which would

1018

00:55:23,990 --> 00:55:20,400

suggest that um maybe he was interested

1019

00:55:26,930 --> 00:55:24,000

in UFOs because there were a lot of

1020

00:55:30,050 --> 00:55:26,940

really big shot people there the

1021

00:55:32,780 --> 00:55:30,060

sightings Hynek behind it was maybe a

1022

00:55:35,270 --> 00:55:32,790

little shots appearance it's similar and

1023

00:55:38,120 --> 00:55:35,280

so I thought that was pretty amazing and

1024

00:55:40,670 --> 00:55:38,130

I guess he talked for quite a while but

1025

00:55:44,720 --> 00:55:40,680

there was another some other information

1026

00:55:55,880 --> 00:55:44,730

I had several people told me about this

1027

00:56:00,020 --> 00:55:55,890

that after I'm strong left the Air Force

1028

00:56:04,610 --> 00:56:00,030

of let put being an astronaut he worked

1029

00:56:11,660 --> 00:56:04,620

for a bank in Cincinnati and there's a

1030

00:56:15,130 --> 00:56:11,670

man Liat Leo Stringfield who had

1031

00:56:18,200 --> 00:56:15,140

investigated UFOs and wright-patterson

1032

00:56:21,170 --> 00:56:18,210

I'm in Dayton and he lived in Cincinnati

1033

00:56:24,440 --> 00:56:21,180

and he had written a number of books

1034

00:56:27,320 --> 00:56:24,450

such as situation random status reports

1035

00:56:28,340 --> 00:56:27,330

different things about the bodies and

1036

00:56:33,200 --> 00:56:28,350

everything

1037

00:56:36,260 --> 00:56:33,210

at wright-patterson mainly based on it

1038

00:56:38,300 --> 00:56:36,270

read on information from Florence he

1039

00:56:41,210 --> 00:56:38,310

wrote several books but he had told the

1040

00:56:45,010 --> 00:56:41,220

informant so he wouldn't ever pass out

1041

00:56:49,790 --> 00:56:45,020

their names and so the story was is that

1042

00:56:55,670 --> 00:56:49,800

dr. Hynek and unstrung contacted

1043

00:56:58,190 --> 00:56:55,680

Stringfield and said that they would

1044

00:57:01,880 --> 00:56:58,200

like a list of the names of his

1045

00:57:07,580 --> 00:57:01,890

informants and the Armstrong could get

1046

00:57:11,360 --> 00:57:07,590

it clear Whelan Walton in his bank so

1047

00:57:13,460 --> 00:57:11,370

that Stringfield could say at certain

1048

00:57:15,440 --> 00:57:13,470

time that they could open and there's

1049

00:57:19,850 --> 00:57:15,450

something after he's dead of course and

1050

00:57:23,270 --> 00:57:19,860

he said no but that was another story it

1051
00:57:28,400 --> 00:57:23,280
went with this it suggested that I'm

1052
00:57:30,410 --> 00:57:28,410
strong can used in UFOs I thought you're

1053
00:57:32,290 --> 00:57:30,420
gonna tell us the list of informants and

1054
00:57:46,460 --> 00:57:32,300
his safe-deposit box them for a moment

1055
00:57:50,150 --> 00:57:46,470
Irina in a bank in Cincinnati yeah I

1056
00:57:53,750 --> 00:57:50,160
mean I mean when we talk about the UFO

1057
00:57:56,600 --> 00:57:53,760
cover-up in general I mean what is your

1058
00:57:58,310 --> 00:57:56,610
if I was if I was a skeptic and I came

1059
00:58:00,770 --> 00:57:58,320
to you and said look I don't believe

1060
00:58:02,750 --> 00:58:00,780
there's any UFO cover-up how would you

1061
00:58:04,820 --> 00:58:02,760
convince me that there was what what

1062
00:58:06,950 --> 00:58:04,830
what what could you put in front of me

1063
00:58:09,280 --> 00:58:06,960

there would perhaps help me change my

1064

00:58:14,420 --> 00:58:11,470

[Music]

1065

00:58:18,320 --> 00:58:14,430

so so in reality Phil you're asking for

1066

00:58:20,510 --> 00:58:18,330

the smoking evidence information you

1067

00:58:23,420 --> 00:58:20,520

know just just as we've talked about the

1068

00:58:25,190 --> 00:58:23,430

UFO cover-up it's something that I know

1069

00:58:26,960 --> 00:58:25,200

Irina's covered in this book and our

1070

00:58:30,260 --> 00:58:26,970

last book then it out but in all three

1071

00:58:33,230 --> 00:58:30,270

books so what would convince a skeptic

1072

00:58:35,600 --> 00:58:33,240

that that she was she was right why he

1073

00:58:39,260 --> 00:58:35,610

was terribly terribly terribly boring

1074

00:58:41,750 --> 00:58:39,270

answer I mean science and I would say

1075

00:58:45,260 --> 00:58:41,760

that studying it's our

1076

00:58:50,120 --> 00:58:45,270

14 the Bluebook yeah it found one chance

1077

00:58:55,910 --> 00:58:50,130

of a billion or trillion that UFOs are

1078

00:58:59,510 --> 00:58:55,920

not forsake things because that's done

1079

00:59:04,220 --> 00:58:59,520

scientifically and it's using the

1080

00:59:08,090 --> 00:59:04,230

information that you have and like with

1081

00:59:10,370 --> 00:59:08,100

the mj-12 there's no way to validate it

1082

00:59:12,950 --> 00:59:10,380

and with a lot of other things there

1083

00:59:17,500 --> 00:59:12,960

isn't it

1084

00:59:22,730 --> 00:59:17,510

we didn't report in for example about

1085

00:59:27,070 --> 00:59:22,740

Elroy center from the Mattel who

1086

00:59:30,460 --> 00:59:27,080

reported that he had handled UFO debris

1087

00:59:32,900 --> 00:59:30,470

but yeah I was just word of mouth

1088

00:59:36,620 --> 00:59:32,910

although it was real suspicious because

1089

00:59:40,220 --> 00:59:36,630

this study it was done the SR 14 study

1090

00:59:44,500 --> 00:59:40,230

it was done secretly under Lou what they

1091

00:59:46,850 --> 00:59:44,510

they wanted a psychologist and a

1092

00:59:49,430 --> 00:59:46,860

statistician things like that but what

1093

00:59:52,970 --> 00:59:49,440

they actually hired with metallurgist I

1094

00:59:55,700 --> 00:59:52,980

mean everybody that I knew of in that

1095

00:59:58,610 --> 00:59:55,710

they hired to work on Miller just that

1096

01:00:01,580 --> 00:59:58,620

seemed very very strange that they would

1097

01:00:05,810 --> 01:00:01,590

hire metallurgist to do a study a

1098

01:00:11,780 --> 01:00:05,820

statistical study of UFOs and this one

1099

01:00:15,010 --> 01:00:11,790

man we we heard about he recorded to

1100

01:00:18,530 --> 01:00:15,020

another person tell in the 1950s when

1101

01:00:21,920 --> 01:00:18,540

nobody had ever heard of Roswell or

1102

01:00:26,540 --> 01:00:21,930

anything I think we published it in

1103

01:00:31,330 --> 01:00:26,550

around 1994 or something and then Smith

1104

01:00:34,100 --> 01:00:31,340

and Kerry picked it up and regalia and

1105

01:00:38,390 --> 01:00:34,110

reported in their book in that really at

1106

01:00:41,510 --> 01:00:38,400

the internet about memory metal and all

1107

01:00:46,280 --> 01:00:41,520

that and there's still a lot of articles

1108

01:00:49,730 --> 01:00:46,290

about that as possible showing that they

1109

01:00:51,680 --> 01:00:49,740

actually analyzed material and they

1110

01:00:55,130 --> 01:00:51,690

definitely sent some material from

1111

01:00:56,900 --> 01:00:55,140

Roswell but I don't know

1112

01:01:00,380 --> 01:00:56,910

you know if you don't have the material

1113

01:01:00,979 --> 01:01:00,390

there's no way really smell it yeah just

1114

01:01:03,589 --> 01:01:00,989

word of mouth

1115

01:01:07,690 --> 01:01:03,599

yeah I mean that's one of the curious

1116

01:01:10,519 --> 01:01:07,700

things I find about Roswell in general

1117

01:01:12,710 --> 01:01:10,529

that we're led to believe and I'm not

1118

01:01:15,319 --> 01:01:12,720

I'm not disputing this that it is you

1119

01:01:19,489 --> 01:01:15,329

know a cosmic Walter gate it's a huge

1120

01:01:22,569 --> 01:01:19,499

great cover-up but yet the there is no

1121

01:01:25,249 --> 01:01:22,579

paper trail you know there's not any

1122

01:01:28,509 --> 01:01:25,259

documentation anywhere as far as weren't

1123

01:01:31,190 --> 01:01:28,519

aware of that that's yet has been

1124

01:01:33,140 --> 01:01:31,200

uncovered that would even give us a hint

1125

01:01:35,319 --> 01:01:33,150

you know that would that were on the

1126

01:01:38,180 --> 01:01:35,329

right track

1127

01:01:40,009 --> 01:01:38,190

you know and that puzzles me Irene and

1128

01:01:41,359 --> 01:01:40,019

that really that really puzzles me I'm

1129

01:01:46,009 --> 01:01:41,369

not saying there's anything wrong about

1130

01:01:49,670 --> 01:01:46,019

that H it just puzzles me I mean one of

1131

01:01:55,069 --> 01:01:49,680

the things I asked when it comes to

1132

01:01:58,549 --> 01:01:55,079

Roswell in general we're totally cosmic

1133

01:02:02,319 --> 01:01:58,559

Watergate you know it is the highest you

1134

01:02:05,180 --> 01:02:02,329

know security classification there is

1135

01:02:07,190 --> 01:02:05,190

and if that's correct and they the

1136

01:02:09,710 --> 01:02:07,200

Covenant was put in place within a

1137

01:02:12,589 --> 01:02:09,720

matter of hours because the story went

1138

01:02:15,650 --> 01:02:12,599

out in the Roswell Daily Record and

1139

01:02:17,479 --> 01:02:15,660

within hours that had been pulled and it

1140

01:02:21,349 --> 01:02:17,489

was oops sorry it's it was a weather

1141

01:02:23,120 --> 01:02:21,359

balloon and a bus all of them and would

1142

01:02:25,339 --> 01:02:23,130

ask you the same question Irene that's

1143

01:02:27,979 --> 01:02:25,349

so on I apologize for putting you on the

1144

01:02:30,380 --> 01:02:27,989

spot but my cell on the main Roswell

1145

01:02:34,029 --> 01:02:30,390

researchers like you know Don Schmidt

1146

01:02:37,670 --> 01:02:34,039

Kevin Randle Stan Freedman and so on

1147

01:02:40,700 --> 01:02:37,680

what was it that would cause the powers

1148

01:02:43,839 --> 01:02:40,710

that be to not only put the cover-up in

1149

01:02:49,430 --> 01:02:43,849

place within a matter of hours back in

1150

01:02:52,789 --> 01:02:49,440

1947 but continue that cover-up you know

1151

01:02:55,759 --> 01:02:52,799

to this very day what was it that they

1152

01:02:57,979 --> 01:02:55,769

could recognize that would scare the

1153

01:02:59,900 --> 01:02:57,989

bejesus out of them that would make them

1154

01:03:01,849 --> 01:02:59,910

do that I mean and I couldn't get a

1155

01:03:03,380 --> 01:03:01,859

clear answer and I don't think the fact

1156

01:03:07,059 --> 01:03:03,390

that it was just that it could have been

1157

01:03:10,400 --> 01:03:07,069

from another world was sufficient I mean

1158

01:03:16,220 --> 01:03:10,410

what would you say about that Irena your

1159

01:03:18,559 --> 01:03:16,230

comments me I think at that time the

1160

01:03:21,499 --> 01:03:18,569

Cold War was going one and they were

1161

01:03:23,599 --> 01:03:21,509

very interested in Russia and what it

1162

01:03:25,989 --> 01:03:23,609

was developing wishing up the satellite

1163

01:03:29,569 --> 01:03:25,999

it before we did that certain and

1164

01:03:32,299 --> 01:03:29,579

Germany and to stay here the other

1165

01:03:36,140 --> 01:03:32,309

countries and so if they had something

1166

01:03:38,210 --> 01:03:36,150

they probably would want to keep it

1167

01:03:44,259 --> 01:03:38,220

secret so that the other countries

1168

01:03:49,450 --> 01:03:44,269

wouldn't know about back then but I

1169

01:03:52,789 --> 01:03:49,460

don't know now why it would continue

1170

01:03:55,880 --> 01:03:52,799

except that I hope there may not be any

1171

01:03:59,420 --> 01:03:55,890

way to prove that your bows exist except

1172

01:04:04,009 --> 01:03:59,430

for just the amount of clues it you know

1173

01:04:07,009 --> 01:04:04,019

gives give us and the only way to study

1174

01:04:11,029 --> 01:04:07,019

is this boring study that they did in

1175

01:04:13,880 --> 01:04:11,039

their blue book because I don't think

1176

01:04:16,549 --> 01:04:13,890

they tell if they have I don't know

1177

01:04:18,859 --> 01:04:16,559

anything about anything very definite

1178

01:04:22,309 --> 01:04:18,869

although they do have radar returns and

1179

01:04:25,249 --> 01:04:22,319

everything else they see III look at it

1180

01:04:28,400 --> 01:04:25,259

the other way I mean yes you said that

1181

01:04:33,529 --> 01:04:28,410

the Cold War was just just starting to

1182

01:04:36,799 --> 01:04:33,539

hot up in 1947 and I just I think the

1183

01:04:39,049 --> 01:04:36,809

way politicians work is that they like

1184

01:04:41,390 --> 01:04:39,059

to leave their mark on the in history

1185

01:04:43,009 --> 01:04:41,400

and all that kind of thing I was just

1186

01:04:46,999 --> 01:04:43,019

thinking about the political and

1187

01:04:51,499 --> 01:04:47,009

propaganda useless that could have been

1188

01:04:54,229 --> 01:04:51,509

obtained by the fact that mankind's

1189

01:04:57,279 --> 01:04:54,239

first contact with us

1190

01:05:00,440 --> 01:04:57,289

you know us an extraterrestrial race

1191

01:05:04,609 --> 01:05:00,450

happened in America but not the Soviet

1192

01:05:06,589 --> 01:05:04,619

Union and you could have done all kinds

1193

01:05:09,019 --> 01:05:06,599

of hints yes you could have kept the

1194

01:05:11,180 --> 01:05:09,029

information secret but you could have

1195

01:05:14,930 --> 01:05:11,190

given all kinds of hints they're not we

1196

01:05:17,799 --> 01:05:14,940

got only our own nukes baton weaponry

1197

01:05:21,440 --> 01:05:17,809

but now guess what these guys might be

1198

01:05:24,800 --> 01:05:21,450

turned up with so you know and it just

1199

01:05:26,450 --> 01:05:24,810

bothers me that you know I think that

1200

01:05:29,420 --> 01:05:26,460

the powers that be would have gone the

1201

01:05:31,130 --> 01:05:29,430

other way rather than keep it secret but

1202

01:05:37,329 --> 01:05:31,140

see that's just that's just me I may be

1203

01:05:40,400 --> 01:05:37,339

totally totally wrong as as I can be but

1204

01:05:43,790 --> 01:05:40,410

that that you know that that's just

1205

01:05:46,220 --> 01:05:43,800

something that sticks in my mind I mean

1206

01:05:48,980 --> 01:05:46,230

her net Ana I'm pretty sure if it was

1207

01:05:52,700 --> 01:05:48,990

the cosmic Watergate that that people

1208

01:05:55,310 --> 01:05:52,710

like stamp Tim Freeman espouse under

1209

01:05:58,940 --> 01:05:55,320

this and I'm not saying the wrong there

1210

01:06:01,220 --> 01:05:58,950

must be a paper trail there somewhere

1211

01:06:03,710 --> 01:06:01,230

no the chap was speaking to recently

1212

01:06:06,710 --> 01:06:03,720

about yeah you know Wernher von Braun

1213

01:06:09,770 --> 01:06:06,720

being involved in in the Roswell

1214

01:06:11,930 --> 01:06:09,780

research it would have been the obvious

1215

01:06:14,120 --> 01:06:11,940

mount to bring in you know he was that

1216

01:06:18,109 --> 01:06:14,130

after all the man behind the you know

1217

01:06:20,089 --> 01:06:18,119

the the German V rockets and the man who

1218

01:06:23,540 --> 01:06:20,099

you know was largely responsible for

1219

01:06:25,460 --> 01:06:23,550

putting man on the moon but again up

1220

01:06:27,740 --> 01:06:25,470

said you know we all know about you know

1221

01:06:30,079 --> 01:06:27,750

Operation Paperclip bringing German

1222

01:06:33,950 --> 01:06:30,089

scientists into the country after the

1223

01:06:36,920 --> 01:06:33,960

war but again well you know where is the

1224

01:06:39,559 --> 01:06:36,930

paper trail on you know but he's one

1225

01:06:41,960 --> 01:06:39,569

little document you know I don't know a

1226

01:06:44,390 --> 01:06:41,970

bus ticket of travel you know a train

1227

01:06:46,609 --> 01:06:44,400

ticket a fly anything that shows they

1228

01:06:49,910 --> 01:06:46,619

actually went to Roswell are what was

1229

01:06:52,220 --> 01:06:49,920

anywhere near it and I mean it's just

1230

01:06:57,500 --> 01:06:52,230

not there so while it's not there I

1231

01:07:00,980 --> 01:06:57,510

think it you know again the way I look

1232

01:07:05,059 --> 01:07:00,990

at Roswell is it started off with some

1233

01:07:08,720 --> 01:07:05,069

strange debris you know and I managed to

1234

01:07:10,640 --> 01:07:08,730

meet Mike Jesse Marcel jr. where you

1235

01:07:13,460 --> 01:07:10,650

know talked about the debris is late

1236

01:07:15,710 --> 01:07:13,470

father showed him and it went from some

1237

01:07:18,050 --> 01:07:15,720

strange debris to be in a cosmic

1238

01:07:19,730 --> 01:07:18,060

Watergate you know and I think what

1239

01:07:23,000 --> 01:07:19,740

happened in between it's a bit it's a

1240

01:07:25,450 --> 01:07:23,010

bit like in the UK probably our most

1241

01:07:30,380 --> 01:07:25,460

famous cases the events that happened at

1242

01:07:32,300 --> 01:07:30,390

RAF Bentwaters in Rendlesham forest and

1243

01:07:35,510 --> 01:07:32,310

that went from some strange lights in

1244

01:07:38,539 --> 01:07:35,520

the woods to being a time machine

1245

01:07:40,920 --> 01:07:38,549

you know the future of here on earth

1246

01:07:44,849 --> 01:07:40,930

anything he said well hold on a minute

1247

01:07:47,670 --> 01:07:44,859

what happened in between there and I I

1248

01:07:49,680 --> 01:07:47,680

you know I look at Roswell and another

1249

01:07:51,630 --> 01:07:49,690

cases but certainly the helps to in the

1250

01:07:56,420 --> 01:07:51,640

same light that they've gone from small

1251

01:08:00,210 --> 01:07:56,430

beginnings to become these huge you know

1252

01:08:02,099 --> 01:08:00,220

great events and it puzzles me how

1253

01:08:03,539 --> 01:08:02,109

that's happened it really does I don't

1254

01:08:06,690 --> 01:08:03,549

know about you I mean you know what

1255

01:08:10,890 --> 01:08:06,700

would you say to that well one thing I

1256

01:08:13,349 --> 01:08:10,900

noticed at the tail nets weren't that

1257

01:08:15,210 --> 01:08:13,359

study took place is it several

1258

01:08:18,419 --> 01:08:15,220

presidents of the town

1259

01:08:23,640 --> 01:08:18,429

that should know something about it gave

1260

01:08:27,059 --> 01:08:23,650

positive statements about UFOs and one

1261

01:08:30,079 --> 01:08:27,069

of them that I had my documents here the

1262

01:08:34,410 --> 01:08:30,089

people speculated was Clyde Williams and

1263

01:08:38,120 --> 01:08:34,420

he had been the the president of the

1264

01:08:41,519 --> 01:08:38,130

tell when Russ what happened

1265

01:08:44,519 --> 01:08:41,529

and you would think that if there was

1266

01:08:47,430 --> 01:08:44,529

nothing to it that he would show no

1267

01:08:50,220 --> 01:08:47,440

understand UFOs he would turn down any

1268

01:08:53,789 --> 01:08:50,230

projects on the subject and everything

1269

01:08:58,260 --> 01:08:53,799

else and stead I have documents showing

1270

01:09:02,870 --> 01:08:58,270

that he made quite positive statements

1271

01:09:05,760 --> 01:09:02,880

about UFOs and he approved the study for

1272

01:09:10,039 --> 01:09:05,770

Mattel to do the UFO stuck thing and

1273

01:09:14,370 --> 01:09:10,049

then there's general excellent I'm

1274

01:09:17,220 --> 01:09:14,380

smitten Kerry reported on that said he

1275

01:09:19,079 --> 01:09:17,230

knew about it and um they brought debris

1276

01:09:21,090 --> 01:09:19,089

and bodies and things but he didn't only

1277

01:09:23,999 --> 01:09:21,100

heard about most of the second hand that

1278

01:09:26,309 --> 01:09:24,009

he didn't fly over to the reed field and

1279

01:09:30,539 --> 01:09:26,319

then I found another president of the

1280

01:09:34,169 --> 01:09:30,549

tell who was on the pinnacle man memo

1281

01:09:38,939 --> 01:09:34,179

and that was a leak that showed about

1282

01:09:45,479 --> 01:09:38,949

the s artist 14 study and he didn't he

1283

01:09:49,289 --> 01:09:45,489

was listed the top one on the memo was

1284

01:09:53,519 --> 01:09:49,299

trying to expose this secret SR 14

1285

01:09:57,540 --> 01:09:53,529

and say that when they when the CIA had

1286

01:09:59,220 --> 01:09:57,550

the Robertson panel that they didn't

1287

01:10:01,590 --> 01:09:59,230

have the data that they there wasn't

1288

01:10:04,500 --> 01:10:01,600

ready and they should not have the

1289

01:10:10,320 --> 01:10:04,510

meeting then well they happen the Robert

1290

01:10:13,560 --> 01:10:10,330

semantic panel and that was before they

1291

01:10:15,390 --> 01:10:13,570

agreed that on UFOs don't exist they

1292

01:10:21,450 --> 01:10:15,400

shouldn't be debunked and everything

1293

01:10:24,780 --> 01:10:21,460

else that was when they when they were

1294

01:10:28,830 --> 01:10:24,790

trying to get the results from the SR 14

1295

01:10:32,550 --> 01:10:28,840

study so I had three prevalence of Bikel

1296

01:10:35,850 --> 01:10:32,560

that gave very positive statements about

1297

01:10:39,990 --> 01:10:35,860

UFOs and it should know because they

1298

01:10:42,780 --> 01:10:40,000

were the presidents of dumb the company

1299

01:10:47,550 --> 01:10:42,790

that knew this did a big part of the

1300

01:10:51,650 --> 01:10:47,560

study of Project Blue Book I mean one of

1301

01:10:55,740 --> 01:10:51,660

the things that the mentioning now is

1302

01:10:59,040 --> 01:10:55,750

these further open discussions on an

1303

01:11:02,610 --> 01:10:59,050

official level in in Washington about

1304

01:11:04,620 --> 01:11:02,620

UFOs do you think that might happen you

1305

01:11:08,190 --> 01:11:04,630

know congressional hearings or whatever

1306

01:11:11,670 --> 01:11:08,200

it is you call them especially after

1307

01:11:16,650 --> 01:11:11,680

what came out not last year but the the

1308

01:11:18,960 --> 01:11:16,660

the back end of 2017 in the in the in

1309

01:11:21,030 --> 01:11:18,970

the New York Times do you think that may

1310

01:11:24,420 --> 01:11:21,040

lead to congressional hearings at all

1311

01:11:28,670 --> 01:11:24,430

Irena well I wish they could I don't

1312

01:11:33,090 --> 01:11:28,680

know you see the government so

1313

01:11:35,970 --> 01:11:33,100

compartmentalize that even maybe the

1314

01:11:42,330 --> 01:11:35,980

president couldn't really do anything I

1315

01:11:46,610 --> 01:11:42,340

don't know and it makes me vaguely

1316

01:11:50,400 --> 01:11:46,620

wonder this is ridiculous I know if

1317

01:11:53,010 --> 01:11:50,410

somebody might be well there's been some

1318

01:11:56,730 --> 01:11:53,020

studies that say there's no contact

1319

01:11:59,510 --> 01:11:56,740

between UFOs whatever it is and people

1320

01:12:02,500 --> 01:11:59,520

and whether there might be some

1321

01:12:04,630 --> 01:12:02,510

manipulation of people in the government

1322

01:12:08,250 --> 01:12:04,640

no phenomena there's something too I

1323

01:12:12,400 --> 01:12:08,260

mean I know that's ridiculous no baby I

1324

01:12:15,910 --> 01:12:12,410

mean we see on you can tell us firsthand

1325

01:12:19,780 --> 01:12:15,920

about this I mean we see on you know TV

1326

01:12:22,900 --> 01:12:19,790

shows and movies for example I don't

1327

01:12:25,300 --> 01:12:22,910

quite know how the American police work

1328

01:12:27,580 --> 01:12:25,310

because the police will say it's our

1329

01:12:29,320 --> 01:12:27,590

case and then the FBI or come in and say

1330

01:12:32,170 --> 01:12:29,330

it's not yours anymore it's it's a

1331

01:12:33,670 --> 01:12:32,180

federal case and then somebody else will

1332

01:12:36,820 --> 01:12:33,680

come in and say it's not a federal case

1333

01:12:39,880 --> 01:12:36,830

it's something else and and and it moves

1334

01:12:42,670 --> 01:12:39,890

on the ladder somewhere and none of

1335

01:12:44,350 --> 01:12:42,680

those you know institutions are way

1336

01:12:47,470 --> 01:12:44,360

beyond a call and cooperate with that

1337

01:12:50,050 --> 01:12:47,480

with each other is that is that accurate

1338

01:12:57,070 --> 01:12:50,060

how government departments also work

1339

01:13:00,970 --> 01:12:57,080

Irina I think when you have those first

1340

01:13:04,450 --> 01:13:00,980

came out were the people in project sign

1341

01:13:08,140 --> 01:13:04,460

took a very scientific look at it and

1342

01:13:10,900 --> 01:13:08,150

like I said a document where they the

1343

01:13:13,330 --> 01:13:10,910

the government put out reported that

1344

01:13:15,370 --> 01:13:13,340

UFOs may be from another planet made

1345

01:13:16,990 --> 01:13:15,380

seriously considered that and the whole

1346

01:13:18,610 --> 01:13:17,000

document totally disappeared that was

1347

01:13:25,479 --> 01:13:18,620

before the internet but nobody's ever

1348

01:13:28,780 --> 01:13:25,489

found it again so you don't know at that

1349

01:13:32,080 --> 01:13:28,790

time wright-patterson was considering

1350

01:13:34,000 --> 01:13:32,090

that UFOs might exist they might be

1351

01:13:38,020 --> 01:13:34,010

something that's extraterrestrial

1352

01:13:43,020 --> 01:13:38,030

something very unusual that isn't the

1353

01:13:45,190 --> 01:13:43,030

usual proves a part of our world but the

1354

01:13:46,840 --> 01:13:45,200

other people in the government in

1355

01:13:52,210 --> 01:13:46,850

Washington DC apparently didn't like

1356

01:13:57,790 --> 01:13:52,220

that and just replace the people at sign

1357

01:13:59,950 --> 01:13:57,800

including the bunkers and so I don't

1358

01:14:03,370 --> 01:13:59,960

think the government always agrees with

1359

01:14:07,450 --> 01:14:03,380

each other if different parts of the

1360

01:14:09,160 --> 01:14:07,460

government agree but I don't know how

1361

01:14:14,830 --> 01:14:09,170

you would have pretty how you would go

1362

01:14:16,299 --> 01:14:14,840

about disclosing it if some people had

1363

01:14:19,059 --> 01:14:16,309

really good ever

1364

01:14:22,389 --> 01:14:19,069

I don't know I mean you're an academic

1365

01:14:26,349 --> 01:14:22,399

you know with you you you you you

1366

01:14:28,479 --> 01:14:26,359

masters in a PhD and what have you so

1367

01:14:31,349 --> 01:14:28,489

you you know as a profession you have

1368

01:14:35,439 --> 01:14:31,359

obviously mixed in the academic world

1369

01:14:38,439 --> 01:14:35,449

how was your interest in UFOs being

1370

01:14:41,199 --> 01:14:38,449

looked upon by your colleagues people

1371

01:14:43,209 --> 01:14:41,209

you've worked with other academics how

1372

01:14:46,509 --> 01:14:43,219

you know I'm with how would that come

1373

01:14:49,719 --> 01:14:46,519

across well I didn't go around saying I

1374

01:14:51,459 --> 01:14:49,729

see UFOs because I knew what would

1375

01:14:53,649 --> 01:14:51,469

happen with some people I worked with

1376

01:14:56,889 --> 01:14:53,659

Vince by now I was in UFOs and I got

1377

01:14:59,099 --> 01:14:56,899

harassed a lot but surprising enough

1378

01:15:02,169 --> 01:14:59,109

that's when I was working for the DIA

1379

01:15:04,959 --> 01:15:02,179

where you'd expect it to be military

1380

01:15:09,879 --> 01:15:04,969

guys and you know everybody that he had

1381

01:15:15,579 --> 01:15:09,889

told me bunker I had had my sister and I

1382

01:15:18,009 --> 01:15:15,589

had a real bad experience with UFOs who

1383

01:15:21,189 --> 01:15:18,019

I was working for the DIA and had the

1384

01:15:23,349 --> 01:15:21,199

clearance and everything and I was so

1385

01:15:26,259 --> 01:15:23,359

disturbed I didn't go around saying I

1386

01:15:28,449 --> 01:15:26,269

see UFOs but I went in and said

1387

01:15:30,699 --> 01:15:28,459

something about you know I hear people

1388

01:15:34,299 --> 01:15:30,709

seeing UFOs if something real general

1389

01:15:36,459 --> 01:15:34,309

and that's how I found out that nobody

1390

01:15:38,409 --> 01:15:36,469

laughed at me in my section which was

1391

01:15:40,419 --> 01:15:38,419

err ordered battle we're supposed to

1392

01:15:43,029 --> 01:15:40,429

dance why all the flying off objects

1393

01:15:46,959 --> 01:15:43,039

over a certain area of earth

1394

01:15:51,639 --> 01:15:46,969

and they told me that they had recorded

1395

01:15:53,290 --> 01:15:51,649

a UFO to the government I mean we were

1396

01:15:57,399 --> 01:15:53,300

supposed to be the government people the

1397

01:16:00,879 --> 01:15:57,409

experts that did that and their report

1398

01:16:03,909 --> 01:16:00,889

went up the channels and the higher-ups

1399

01:16:07,869 --> 01:16:03,919

said no they didn't see that it's not on

1400

01:16:10,179 --> 01:16:07,879

the film it's a um um blemish on the

1401

01:16:13,149 --> 01:16:10,189

film or something and it was on two

1402

01:16:15,969 --> 01:16:13,159

different missions so it could've been a

1403

01:16:18,579 --> 01:16:15,979

blemish on the film and that sort of

1404

01:16:22,569 --> 01:16:18,589

convinced I mean made me think that way

1405

01:16:24,879 --> 01:16:22,579

up high in the government but somebody's

1406

01:16:26,979 --> 01:16:24,889

paying a lot of attention to UFOs

1407

01:16:30,160 --> 01:16:26,989

because we were just treated like idiots

1408

01:16:32,320 --> 01:16:30,170

I mean I would

1409

01:16:34,120 --> 01:16:32,330

in industry most of my line for now I've

1410

01:16:38,800 --> 01:16:34,130

got every little green man job he can

1411

01:16:41,590 --> 01:16:38,810

think of Irina my colleague used to walk

1412

01:16:43,330 --> 01:16:41,600

around whistling the you know the X

1413

01:16:47,110 --> 01:16:43,340

whilst you and and that kind of thing so

1414

01:16:48,939 --> 01:16:47,120

I was just curious how how we you know

1415

01:16:55,689 --> 01:16:48,949

it would be look to bomb from from an

1416

01:17:00,189 --> 01:16:55,699

academic point of view her ass I mean

1417

01:17:09,880 --> 01:17:00,199

even like my relative sir scientist just

1418

01:17:11,470 --> 01:17:09,890

tell me that's just crazy so just you

1419

01:17:15,720 --> 01:17:11,480

know you Philip just mentioned little

1420

01:17:19,300 --> 01:17:15,730

green men and and the jokes etc now

1421

01:17:22,510 --> 01:17:19,310

wright-patterson is said to be the place

1422

01:17:24,370 --> 01:17:22,520

where little green men a house you know

1423

01:17:26,590 --> 01:17:24,380

they've recovered some from Ross well

1424

01:17:30,400 --> 01:17:26,600

apparently and they took them there and

1425

01:17:33,250 --> 01:17:30,410

them you know I'm quite surprised to

1426

01:17:36,370 --> 01:17:33,260

find it in secret corridors re know that

1427

01:17:39,610 --> 01:17:36,380

you do admit that green men are there

1428

01:17:41,970 --> 01:17:39,620

air at wright-patterson in fact this is

1429

01:17:45,490 --> 01:17:41,980

a fantastic photograph of yourself and

1430

01:17:47,950 --> 01:17:45,500

dr. Bruce Ashcroft and their little

1431

01:17:49,510 --> 01:17:47,960

green men at wright-patterson but just

1432

01:17:51,939 --> 01:17:49,520

before you tell us what those little

1433

01:17:53,680 --> 01:17:51,949

green men are those green men you want

1434

01:17:55,060 --> 01:17:53,690

to tell us about your first experience

1435

01:18:05,380 --> 01:17:55,070

of actually visiting wright-patterson

1436

01:18:08,350 --> 01:18:05,390

we're from our parent wright-patterson

1437

01:18:10,840 --> 01:18:08,360

has an Air Force Museum and it's really

1438

01:18:11,500 --> 01:18:10,850

interesting at wright-patterson is

1439

01:18:14,680 --> 01:18:11,510

worthy

1440

01:18:16,510 --> 01:18:14,690

Wright brothers developed aircraft and

1441

01:18:18,640 --> 01:18:16,520

everything they were bicycle mechanics

1442

01:18:21,100 --> 01:18:18,650

and develop the airplane and they

1443

01:18:23,229 --> 01:18:21,110

actually have airplanes their summer

1444

01:18:27,729 --> 01:18:23,239

first airplanes and their bicycles to

1445

01:18:29,919 --> 01:18:27,739

the sites which Brett Patterson is very

1446

01:18:33,729 --> 01:18:29,929

important in developing all kinds of

1447

01:18:38,650 --> 01:18:33,739

aircraft including the top ones and so

1448

01:18:42,820 --> 01:18:38,660

anyway the the air force museum is open

1449

01:18:43,689 --> 01:18:42,830

to everybody in the public and so my

1450

01:18:48,489 --> 01:18:43,699

sister and I were

1451

01:18:51,669 --> 01:18:48,499

kids and my father mother and baby

1452

01:18:57,069 --> 01:18:51,679

brother went to wreck Patterson to see

1453

01:18:58,600 --> 01:18:57,079

the Air Force Museum and it the roads

1454

01:19:02,139 --> 01:18:58,610

are sort of complicated around there

1455

01:19:04,029 --> 01:19:02,149

somehow my father got lost and we got

1456

01:19:06,100 --> 01:19:04,039

into these a group of buildings

1457

01:19:10,719 --> 01:19:06,110

surrounding us I don't know how we got

1458

01:19:14,100 --> 01:19:10,729

in there but suddenly these about five

1459

01:19:16,870 --> 01:19:14,110

men were out there in military uniforms

1460

01:19:21,069 --> 01:19:16,880

pointing their guns through the window

1461

01:19:23,859 --> 01:19:21,079

at us and they told us to leave and my

1462

01:19:27,810 --> 01:19:23,869

father hardly ever made one instruction

1463

01:19:34,359 --> 01:19:27,820

like that but he decided to leave and we

1464

01:19:36,850 --> 01:19:34,369

survived so that was a bit of a bit of a

1465

01:19:39,370 --> 01:19:36,860

I know yours child but it's a bit of a

1466

01:19:42,069 --> 01:19:39,380

rude awakening what isn't it really you

1467

01:19:44,620 --> 01:19:42,079

know it's quite strange how you ended up

1468

01:19:48,250 --> 01:19:44,630

working there well there's that's why

1469

01:19:51,389 --> 01:19:48,260

people aren't there investigating right

1470

01:19:53,469 --> 01:19:51,399

patterns because nobody can get in and

1471

01:19:55,959 --> 01:19:53,479

yeah I mentioned in my book there was

1472

01:19:59,529 --> 01:19:55,969

another family that write in the parking

1473

01:20:01,479 --> 01:19:59,539

lot of the Air Force Museum the military

1474

01:20:03,639 --> 01:20:01,489

guys came out and made him get out of

1475

01:20:09,279 --> 01:20:03,649

the car the grandmother and mother and

1476

01:20:11,889 --> 01:20:09,289

kids and made him kneel and things like

1477

01:20:15,639 --> 01:20:11,899

that so there's a lot of security and

1478

01:20:18,839 --> 01:20:15,649

once I when I was on base I was cleared

1479

01:20:21,639 --> 01:20:18,849

but once I was just walking around and

1480

01:20:23,979 --> 01:20:21,649

didn't have a chance to get in and stuck

1481

01:20:27,279 --> 01:20:23,989

the camera lens through the chain-link

1482

01:20:28,330 --> 01:20:27,289

fence and took some pictures and just

1483

01:20:31,209 --> 01:20:28,340

like that there was somebody there

1484

01:20:34,629 --> 01:20:31,219

telling me don't do that go away

1485

01:20:37,330 --> 01:20:34,639

so there are security and what was

1486

01:20:39,819 --> 01:20:37,340

really interesting is that I found out I

1487

01:20:41,919 --> 01:20:39,829

was in another person I had been in the

1488

01:20:47,409 --> 01:20:41,929

most secure place ever at

1489

01:20:51,580 --> 01:20:47,419

wright-patterson and that's the it

1490

01:20:55,600 --> 01:20:51,590

started out as for blooper took where

1491

01:20:57,220 --> 01:20:55,610

they had Blue Book in the old books they

1492

01:20:59,500 --> 01:20:57,230

always talked about a

1493

01:21:02,770 --> 01:20:59,510

see I see the air technical intelligence

1494

01:21:06,070 --> 01:21:02,780

Saturday and this was her Project Blue

1495

01:21:09,840 --> 01:21:06,080

Book was later changed its name to FTD

1496

01:21:13,600 --> 01:21:09,850

and 80 I see an FTD are in all the old

1497

01:21:15,070 --> 01:21:13,610

books about wright-patterson UFOs and

1498

01:21:19,740 --> 01:21:15,080

everything because that was the

1499

01:21:26,020 --> 01:21:19,750

investigator it's a gory agency and so

1500

01:21:27,430 --> 01:21:26,030

anyway it evolved and they tore down its

1501

01:21:32,620 --> 01:21:27,440

old building that they built a new

1502

01:21:35,770 --> 01:21:32,630

building and it changed its name and so

1503

01:21:37,840 --> 01:21:35,780

anyway there's a story about like a

1504

01:21:43,870 --> 01:21:37,850

mentioned Goldwater trying to get into

1505

01:21:46,570 --> 01:21:43,880

the wright-patterson and see the Blue

1506

01:21:49,780 --> 01:21:46,580

Room which was supposed to be the place

1507

01:21:53,440 --> 01:21:49,790

where they kept all the UFO information

1508

01:21:58,540 --> 01:21:53,450

and bodies and everything and so anyway

1509

01:22:01,510 --> 01:21:58,550

I was just reading the smitten carry

1510

01:22:07,240 --> 01:22:01,520

about they've identified the Blue Room

1511

01:22:11,830 --> 01:22:07,250

and that was the na s IC building which

1512

01:22:14,760 --> 01:22:11,840

was the the same thing as the AIC after

1513

01:22:17,410 --> 01:22:14,770

change this name several times and

1514

01:22:19,380 --> 01:22:17,420

another person I had actually been in

1515

01:22:21,870 --> 01:22:19,390

there the blue room that nobody

1516

01:22:24,900 --> 01:22:21,880

presidents or anybody else is allowed in

1517

01:22:27,430 --> 01:22:24,910

and that was because we knew the

1518

01:22:31,600 --> 01:22:27,440

archivist and once he took us in there

1519

01:22:34,410 --> 01:22:31,610

to a meeting on UFOs and squirt us but I

1520

01:22:37,660 --> 01:22:34,420

didn't know it was the Blue Room until

1521

01:22:39,580 --> 01:22:37,670

just recently when I read that they

1522

01:22:41,860 --> 01:22:39,590

didn't been identified as a Blue Room

1523

01:22:46,000 --> 01:22:41,870

and boy you wouldn't believe these

1524

01:22:49,330 --> 01:22:46,010

security around that place I can imagine

1525

01:22:51,400 --> 01:22:49,340

so tell us about the real little green

1526

01:22:54,750 --> 01:22:51,410

men then of their of wright-patterson

1527

01:22:57,010 --> 01:22:54,760

what are they how did they get there and

1528

01:23:08,979 --> 01:22:57,020

well just tell us your opinion of them

1529

01:23:09,799 --> 01:23:08,989

well they had German prisoners of war

1530

01:23:12,740 --> 01:23:09,809

there

1531

01:23:14,979 --> 01:23:12,750

it wasn't this cart wasn't pay-per-click

1532

01:23:18,669 --> 01:23:14,989

this was another part really just had

1533

01:23:23,959 --> 01:23:18,679

prisoners of war in different places and

1534

01:23:26,899 --> 01:23:23,969

these prisoners were artistic and they

1535

01:23:31,250 --> 01:23:26,909

were kept in a building where they

1536

01:23:35,089 --> 01:23:31,260

helped with meals and things and so they

1537

01:23:39,470 --> 01:23:35,099

do all these big murals of all these

1538

01:23:41,209 --> 01:23:39,480

creatures all over the walls it was

1539

01:23:44,089 --> 01:23:41,219

pretty interesting someone looked like

1540

01:23:49,010 --> 01:23:44,099

snakes and Dragons and things and one

1541

01:23:51,500 --> 01:23:49,020

place there's a real big opening real

1542

01:23:54,680 --> 01:23:51,510

big doors and right over hovering over

1543

01:23:56,450 --> 01:23:54,690

it with its hands over it this is the

1544

01:23:58,160 --> 01:23:56,460

big monster with a green face and

1545

01:23:59,390 --> 01:23:58,170

everything it was a big ring man wasn't

1546

01:24:02,510 --> 01:23:59,400

a little dream man

1547

01:24:04,669 --> 01:24:02,520

and so artistic display and they're

1548

01:24:06,020 --> 01:24:04,679

trying to preserve it I think the other

1549

01:24:16,850 --> 01:24:06,030

two are gone but they're trying to

1550

01:24:18,740 --> 01:24:16,860

preserve the last one so where do you

1551

01:24:21,500 --> 01:24:18,750

think we're going to go in the future

1552

01:24:23,029 --> 01:24:21,510

tell me tell us what you're going to be

1553

01:24:25,370 --> 01:24:23,039

doing in the future you're writing any

1554

01:24:27,379 --> 01:24:25,380

more books or you're knocking it on the

1555

01:24:28,700 --> 01:24:27,389

edit the three you know you're going to

1556

01:24:30,410 --> 01:24:28,710

finish there were three of you got

1557

01:24:33,589 --> 01:24:30,420

anything else in mind what you're

1558

01:24:37,520 --> 01:24:33,599

planning I'm not planning anything but

1559

01:24:40,459 --> 01:24:37,530

if anything happens is that I think

1560

01:24:45,470 --> 01:24:40,469

should be reported I'll report it

1561

01:24:50,959 --> 01:24:45,480

I just haven't I think I've said what I

1562

01:24:53,060 --> 01:24:50,969

know now and maybe some more things will

1563

01:24:54,950 --> 01:24:53,070

show up or I'll think of something else

1564

01:24:59,919 --> 01:24:54,960

so I just don't know where it's one with

1565

01:25:02,419 --> 01:24:59,929

me from now on are you actively

1566

01:25:06,859 --> 01:25:02,429

investigating UFO reports he still with

1567

01:25:10,609 --> 01:25:06,869

MUFON yes and one I would like to look

1568

01:25:14,930 --> 01:25:10,619

into was is that I mentioned in the book

1569

01:25:20,629 --> 01:25:14,940

this vanadium Corporation of America

1570

01:25:23,570 --> 01:25:20,639

well PhD told me in person that back in

1571

01:25:27,470 --> 01:25:23,580

the around 1950 that

1572

01:25:31,190 --> 01:25:27,480

these that they had received some and so

1573

01:25:34,790 --> 01:25:31,200

full of material that look like dirt and

1574

01:25:40,400 --> 01:25:34,800

some kind of metal and that they wanted

1575

01:25:43,780 --> 01:25:40,410

analyzed and they analyze that and it

1576

01:25:49,670 --> 01:25:43,790

didn't look natural at all look man-made

1577

01:25:50,870 --> 01:25:49,680

and this was about the time when Roswell

1578

01:25:54,260 --> 01:25:50,880

material had been sent to

1579

01:25:56,540 --> 01:25:54,270

wright-patterson and it looked like

1580

01:26:00,980 --> 01:25:56,550

wright-patterson might have farmed out

1581

01:26:04,370 --> 01:26:00,990

other parts of it to places this was an

1582

01:26:07,400 --> 01:26:04,380

alloy company and he said that they

1583

01:26:13,720 --> 01:26:07,410

talked about it and it looked like that

1584

01:26:17,840 --> 01:26:13,730

it was a man-made material at the time

1585

01:26:21,080 --> 01:26:17,850

not night memory metal had not been

1586

01:26:26,270 --> 01:26:21,090

developed and the company was studying

1587

01:26:29,720 --> 01:26:26,280

titanium and there's a lot of stories

1588

01:26:34,000 --> 01:26:29,730

that maybe they develop memory metal

1589

01:26:36,980 --> 01:26:34,010

from that night to know from titanium do

1590

01:26:40,550 --> 01:26:36,990

knowledge about material from either

1591

01:26:46,190 --> 01:26:40,560

Roswell someplace else and this kind of

1592

01:26:48,260 --> 01:26:46,200

fit into that like the the person that

1593

01:26:51,500 --> 01:26:48,270

told me about said they discuss it quite

1594

01:26:54,650 --> 01:26:51,510

a bit and the material was crystalline

1595

01:26:57,350 --> 01:26:54,660

and he told me the composition and he

1596

01:27:01,250 --> 01:26:57,360

said they thought it was manufactured

1597

01:27:03,440 --> 01:27:01,260

and from you know expert from outer

1598

01:27:06,800 --> 01:27:03,450

space or something that wasn't naturally

1599

01:27:09,620 --> 01:27:06,810

man-made material and so I might try to

1600

01:27:12,290 --> 01:27:09,630

investigate that soon or to I mean if

1601
01:27:17,030 --> 01:27:12,300
you if you get over this material Irene

1602
01:27:19,730 --> 01:27:17,040
are some of it I just wondered if you'd

1603
01:27:22,550 --> 01:27:19,740
consider contacting you know to the

1604
01:27:24,560 --> 01:27:22,560
scows Academy to see if there might be

1605
01:27:26,780 --> 01:27:24,570
interested in analyzing it for you know

1606
01:27:32,240 --> 01:27:26,790
would you go your own way with it and IV

1607
01:27:36,140 --> 01:27:32,250
analyzed independently I mean really

1608
01:27:37,459 --> 01:27:36,150
question I just said if if you obtain

1609
01:27:39,350 --> 01:27:37,469
some of this material

1610
01:27:42,350 --> 01:27:39,360
if you can manage to get your hands on

1611
01:27:44,810 --> 01:27:42,360
it would you have it analyzed

1612
01:27:47,299 --> 01:27:44,820
independently or would you perhaps look

1613
01:27:50,419 --> 01:27:47,309

at contacting somebody like to the Stars

1614

01:27:54,469 --> 01:27:50,429

Academy who are apparently you know are

1615

01:27:58,759 --> 01:27:54,479

already testing certain alleged UFO

1616

01:28:00,469 --> 01:27:58,769

materials I think if I had my hands on

1617

01:28:03,969 --> 01:28:00,479

the first thing I'd do is go to a lawyer

1618

01:28:07,580 --> 01:28:03,979

and see how do the most secure possible

1619

01:28:09,739 --> 01:28:07,590

testing and you know there's some way to

1620

01:28:11,750 --> 01:28:09,749

document everything make sure it goes to

1621

01:28:15,109 --> 01:28:11,760

the right people because there's a lot

1622

01:28:16,219 --> 01:28:15,119

of cover-up in the government and all

1623

01:28:19,430 --> 01:28:16,229

over the place

1624

01:28:22,250 --> 01:28:19,440

and you never if you'd have to be really

1625

01:28:24,680 --> 01:28:22,260

careful to make sure it didn't disappear

1626
01:28:26,419 --> 01:28:24,690
or something like that and it seems to

1627
01:28:28,969 --> 01:28:26,429
me like there'd be a sort of a security

1628
01:28:32,870 --> 01:28:28,979
thing immediately to worry about if you

1629
01:28:34,969 --> 01:28:32,880
did get your hands on something I mean

1630
01:28:37,489 --> 01:28:34,979
you know outside of cases you've

1631
01:28:41,169 --> 01:28:37,499
investigated yourself I mean are there

1632
01:28:43,819 --> 01:28:41,179
any standout cases that you know

1633
01:28:46,819 --> 01:28:43,829
convince you that you have not been

1634
01:28:48,739 --> 01:28:46,829
wasting your time that perhaps you know

1635
01:28:55,000 --> 01:28:48,749
I'm not in the mainstream that perhaps

1636
01:29:02,719 --> 01:28:59,270
one thing I found in this material I had

1637
01:29:07,969 --> 01:29:02,729
that I had never heard of is that there

1638
01:29:11,060 --> 01:29:07,979

was a big NATO exercise it was called

1639

01:29:14,689 --> 01:29:11,070

conduct main brain and they had good

1640

01:29:16,910 --> 01:29:14,699

evidence the UFOs had been monitoring

1641

01:29:18,790 --> 01:29:16,920

the whole thing and that involved a lot

1642

01:29:21,290 --> 01:29:18,800

of countries and a whole lot of

1643

01:29:23,000 --> 01:29:21,300

machinery and everything and then later

1644

01:29:25,640 --> 01:29:23,010

they were worried that they were going

1645

01:29:28,040 --> 01:29:25,650

to set out the first hydrogen bomb and

1646

01:29:29,719 --> 01:29:28,050

they actually set things up in

1647

01:29:33,350 --> 01:29:29,729

preparation in case

1648

01:29:34,969 --> 01:29:33,360

UFOs appeared there some way and I

1649

01:29:37,129 --> 01:29:34,979

thought that was a pretty interesting I

1650

01:29:42,370 --> 01:29:37,139

I mean maybe everybody knew about that I

1651

01:29:46,339 --> 01:29:42,380

shouldn't even know about it I think

1652

01:29:50,149 --> 01:29:46,349

what come what convinced me was my own

1653

01:29:55,489 --> 01:29:51,890

and maybe that's the only thing that

1654

01:29:57,830 --> 01:29:55,499

really convinces anybody mmm I would

1655

01:30:00,919 --> 01:29:57,840

agree with you there I mean I mean might

1656

01:30:04,370 --> 01:30:00,929

my thoughts on that on the nature and

1657

01:30:06,919 --> 01:30:04,380

origin of the the subjects have changed

1658

01:30:10,310 --> 01:30:06,929

down the years and what I probably will

1659

01:30:12,199 --> 01:30:10,320

continue to do so but nonetheless I mean

1660

01:30:14,810 --> 01:30:12,209

you know witness a couple of things

1661

01:30:17,799 --> 01:30:14,820

myself you know I'm I have no doubt that

1662

01:30:22,370 --> 01:30:17,809

the phenomenon is real and he's worth of

1663

01:30:23,959 --> 01:30:22,380

further study I have to agree with you

1664

01:30:26,239 --> 01:30:23,969

there yeah I mean you know some people

1665

01:30:28,729 --> 01:30:26,249

say oh I believe UFOs are this and

1666

01:30:30,560 --> 01:30:28,739

that's it but I say you know that's not

1667

01:30:32,929 --> 01:30:30,570

really the way it goes I just keep an

1668

01:30:36,409 --> 01:30:32,939

open mind and I mean the things that

1669

01:30:40,159 --> 01:30:36,419

came out in the New York Times had an

1670

01:30:42,620 --> 01:30:40,169

influence on my my thoughts and you know

1671

01:30:44,569 --> 01:30:42,630

I believe more is to come from that but

1672

01:30:47,270 --> 01:30:44,579

you know that's that's not down to me

1673

01:30:49,580 --> 01:30:47,280

we'll we'll wait and see we're gonna

1674

01:30:52,370 --> 01:30:49,590

round it off in a minute irena just want

1675

01:30:55,040 --> 01:30:52,380

to first thank you for taking your time

1676

01:30:58,299 --> 01:30:55,050

out to speak to us this evening if

1677

01:31:01,729 --> 01:30:58,309

anybody wants to read any of your books

1678

01:31:03,949 --> 01:31:01,739

where can they find them you can look

1679

01:31:08,810 --> 01:31:03,959

down there Irene Scott at the Internet

1680

01:31:10,339 --> 01:31:08,820

or Irene scott calm and the books will

1681

01:31:11,629 --> 01:31:10,349

be listed and you can click on them

1682

01:31:14,479 --> 01:31:11,639

books any one you want

1683

01:31:18,709 --> 01:31:14,489

and that should go right to Amazon calm

1684

01:31:21,350 --> 01:31:18,719

that would be the easy way I mean what I

1685

01:31:24,350 --> 01:31:21,360

will say Irene I think you're three

1686

01:31:28,819 --> 01:31:24,360

books UFOs today inside the lightning

1687

01:31:31,669 --> 01:31:28,829

bolt and and sacred corridors are some

1688

01:31:35,000 --> 01:31:31,679

of the most fascinating books out about

1689

01:31:37,219 --> 01:31:35,010

the the pleasure to read and I think

1690

01:31:40,969 --> 01:31:37,229

wherever they've gone they've always got

1691

01:31:43,159 --> 01:31:40,979

you know a great deal of credit and

1692

01:31:45,049 --> 01:31:43,169

that's all unbiased nothing to do with

1693

01:31:47,709 --> 01:31:45,059

me it's just you know people who have

1694

01:31:51,969 --> 01:31:47,719

picked up your books and read them I

1695

01:31:56,029 --> 01:31:51,979

will say that your books will be also

1696

01:31:58,939 --> 01:31:56,039

your first book UFOs today he's planned

1697

01:32:02,529 --> 01:31:58,949

to begin Russian in the Russian language

1698

01:32:04,220 --> 01:32:02,539

in spring it will be out in Germany

1699

01:32:06,770 --> 01:32:04,230

what's the report

1700

01:32:08,570 --> 01:32:06,780

jeez and it will definitely be your new

1701

01:32:11,630 --> 01:32:08,580

ones will definitely be out in Spanish

1702

01:32:15,140 --> 01:32:11,640

at some point as well cus we've just set

1703

01:32:18,620 --> 01:32:15,150

up flying this press latin america with

1704

01:32:21,530 --> 01:32:18,630

a colleague in argentina so he's gonna

1705

01:32:24,800 --> 01:32:21,540

translate as many of my books of our

1706

01:32:26,720 --> 01:32:24,810

books as he can into Spanish we will

1707

01:32:28,729 --> 01:32:26,730

shortly be announcing this is the first

1708

01:32:32,840 --> 01:32:28,739

day I'm going to mention it find this

1709

01:32:36,460 --> 01:32:32,850

press in France so there's a possibility

1710

01:32:38,840 --> 01:32:36,470

that some of your books may make it into

1711

01:32:42,350 --> 01:32:38,850

French with us as well

1712

01:32:44,630 --> 01:32:42,360

and company called nag verlag you've

1713

01:32:47,150 --> 01:32:44,640

already got your first book in German

1714

01:32:50,270 --> 01:32:47,160

you've actually got copies of that in

1715

01:32:52,400 --> 01:32:50,280

your hands I believe but the gentleman

1716

01:32:54,740 --> 01:32:52,410

who owns that company has taken all our

1717

01:32:57,350 --> 01:32:54,750

books every single book from it from

1718

01:32:59,420 --> 01:32:57,360

flying this price now means that to hire

1719

01:33:04,490 --> 01:32:59,430

some more translators in order to bring

1720

01:33:08,570 --> 01:33:04,500

them out a bit a bit quicker so the the

1721

01:33:10,310 --> 01:33:08,580

the your your work is spreading Irina on

1722

01:33:13,430 --> 01:33:10,320

behalf of Chris and I'm gonna we're

1723

01:33:15,950 --> 01:33:13,440

gonna round it up there for now for the

1724

01:33:19,370 --> 01:33:15,960

evening it's been a great pleasure to

1725

01:33:21,260 --> 01:33:19,380

speak to you and I'm sure it would have

1726

01:33:25,430 --> 01:33:21,270

been the first time I'm sure it will not

1727

01:33:27,800 --> 01:33:25,440

be the last time Irina and you know we

1728

01:33:29,360 --> 01:33:27,810

thank you very much for not taking your

1729

01:33:32,540 --> 01:33:29,370

time out this evening thank you very

1730

01:33:34,970 --> 01:33:32,550

much just before we finish there I just

1731

01:33:37,670 --> 01:33:34,980

like to say Irene enough if people have

1732

01:33:40,460 --> 01:33:37,680

an interest in Wright Patterson in

1733

01:33:42,710 --> 01:33:40,470

Project Blue Book you know these this

1734

01:33:44,690 --> 01:33:42,720

memory metal you really do need to get

1735

01:33:47,210 --> 01:33:44,700

your hands on sacred corridors it is a

1736

01:33:49,910 --> 01:33:47,220

fascinating read and one which I'm going

1737

01:33:51,890 --> 01:33:49,920

to delve into a very very soon Thank You

1738

01:33:54,020 --> 01:33:51,900

Irina thank you both very much I was

1739

01:33:55,729 --> 01:33:54,030

certainly happy to discuss everything

1740

01:33:58,790 --> 01:33:55,739

with you and there's a lot more in my

1741

01:34:01,160 --> 01:33:58,800

book that I didn't cover too so thank

1742

01:34:02,780 --> 01:34:01,170

you well perhaps perhaps we can do

1743

01:34:04,880 --> 01:34:02,790

something and once more you know a

1744

01:34:10,550 --> 01:34:04,890

little bit in the future sometime in the

1745

01:34:11,840 --> 01:34:10,560

future okay thank you very much Irina

1746

01:34:15,229 --> 01:34:11,850

enjoy the rest of your day

1747

01:34:17,180 --> 01:34:15,239

yeah thanks well there you go filled air

1748

01:34:17,950 --> 01:34:17,190

dr. Irina Scott there what do you think

1749

01:34:21,850 --> 01:34:17,960

of that what

1750

01:34:25,360 --> 01:34:21,860

lady well i'm salutely Chris I mean you

1751

01:34:27,250 --> 01:34:25,370

know I remember why breakfast first

1752

01:34:30,910 --> 01:34:27,260

started in this business I look this is

1753

01:34:35,020 --> 01:34:30,920

a long time ago now and there was sort

1754

01:34:38,140 --> 01:34:35,030

of a cry if you like for scientists to

1755

01:34:40,959 --> 01:34:38,150

become more involved with the subject

1756

01:34:43,570 --> 01:34:40,969

there was already one or two but a lot

1757

01:34:46,060 --> 01:34:43,580

of scientists of helped help behind the

1758

01:34:48,160 --> 01:34:46,070

scenes now and again I think for example

1759

01:34:49,959 --> 01:34:48,170

Jack Wailea called it you know the

1760

01:34:51,520 --> 01:34:49,969

secret college or something of that

1761

01:34:55,590 --> 01:34:51,530

nature yeah

1762

01:35:00,250 --> 01:34:55,600

but here you have you know a bonafide

1763

01:35:03,910 --> 01:35:00,260

scientist who has worked in places where

1764

01:35:06,760 --> 01:35:03,920

they officially studied the UFO subject

1765

01:35:09,459 --> 01:35:06,770

and she's not working behind the scenes

1766

01:35:14,440 --> 01:35:09,469

he's she's out in the public and has

1767

01:35:16,090 --> 01:35:14,450

been for quite some time and you know

1768

01:35:19,000 --> 01:35:16,100

I'm not just saying this because I'm I'm

1769

01:35:22,660 --> 01:35:19,010

I'm Irina's publisher but it has been a

1770

01:35:25,570 --> 01:35:22,670

privilege to work with her because I

1771

01:35:27,900 --> 01:35:25,580

think a lot of the information that she

1772

01:35:30,970 --> 01:35:27,910

presents if not all of it

1773

01:35:33,310 --> 01:35:30,980

he's checkable you don't have to believe

1774

01:35:35,920 --> 01:35:33,320

me you know I am a scientist this is

1775

01:35:41,320 --> 01:35:35,930

where I worked there's no dispute for

1776

01:35:44,830 --> 01:35:41,330

example with Irina's CV like that is for

1777

01:35:46,780 --> 01:35:44,840

example Bob Lazar you know yeah you know

1778

01:35:48,910 --> 01:35:46,790

you can check where and she's got the

1779

01:35:51,760 --> 01:35:48,920

photographs to prove it I mean she has a

1780

01:35:54,340 --> 01:35:51,770

photograph of the Green Man inside

1781

01:35:55,990 --> 01:35:54,350

wright-patterson Air Force place it just

1782

01:35:59,680 --> 01:35:56,000

happens to be a painting on the wall

1783

01:36:02,530 --> 01:35:59,690

yeah no no I think Iranian says it was

1784

01:36:04,930 --> 01:36:02,540

it was painted before the the age of the

1785

01:36:06,580 --> 01:36:04,940

UFO if you like but it's a kind of a

1786

01:36:08,530 --> 01:36:06,590

name jerk and there you don't you see

1787

01:36:10,810 --> 01:36:08,540

arena with one of their colleagues and

1788

01:36:13,930 --> 01:36:10,820

you can see see the painting on the wall

1789

01:36:16,360 --> 01:36:13,940

next to them absolutely yes absolutely

1790

01:36:18,220 --> 01:36:16,370

it's it's one of those things in sit

1791

01:36:21,010 --> 01:36:18,230

that yes we want scientists to get

1792

01:36:24,490 --> 01:36:21,020

involved with the subject of UFOs or the

1793

01:36:26,740 --> 01:36:24,500

paranormal itself but we also want more

1794

01:36:29,080 --> 01:36:26,750

ladies involved in the UFO field as well

1795

01:36:30,209 --> 01:36:29,090

I mean the one that comes to mind for me

1796

01:36:33,250 --> 01:36:30,219

is Jenny Randall's

1797

01:36:35,050 --> 01:36:33,260

an acquaintance of yourself but we need

1798

01:36:37,209 --> 01:36:35,060

more people you know Brenda Butler we

1799

01:36:40,090 --> 01:36:37,219

need more people involved with the

1800

01:36:41,740 --> 01:36:40,100

subject more ladies especially well yeah

1801
01:36:44,410 --> 01:36:41,750
and I mean I mean one of the ladies that

1802
01:36:45,610 --> 01:36:44,420
that arena has worked with is a lady

1803
01:36:47,670 --> 01:36:45,620
Kanchana Zeidman

1804
01:36:52,120 --> 01:36:47,680
and Jenny worked you know hand in glove

1805
01:36:55,630 --> 01:36:52,130
with the late dr. Hynek and female

1806
01:36:59,770 --> 01:36:55,640
latest book you know there is a number

1807
01:37:01,840 --> 01:36:59,780
of handwritten letters from Hynek

1808
01:37:04,360 --> 01:37:01,850
that have come you know from from

1809
01:37:06,400 --> 01:37:04,370
Jenny's evenings archives and they're

1810
01:37:09,070 --> 01:37:06,410
fastening the fascinating in their own

1811
01:37:11,229 --> 01:37:09,080
right Chris because this is not you know

1812
01:37:13,660 --> 01:37:11,239
wink-wink nudge-nudge she's there in the

1813
01:37:17,800 --> 01:37:13,670

gentleman's own handwriting for all to

1814

01:37:20,380 --> 01:37:17,810

see and you know purely as a historical

1815

01:37:23,590 --> 01:37:20,390

document if nothing else they are

1816

01:37:25,660 --> 01:37:23,600

absolutely fascinating now of course the

1817

01:37:28,780 --> 01:37:25,670

one lady who stood out for me for many

1818

01:37:32,729 --> 01:37:28,790

years was was delayed Cynthia hind now

1819

01:37:35,410 --> 01:37:32,739

you know Cynthia lived in Zimbabwe and

1820

01:37:39,160 --> 01:37:35,420

people forget that Zimbabwe at the time

1821

01:37:41,530 --> 01:37:39,170

was a communist state on Lobster they

1822

01:37:43,080 --> 01:37:41,540

had currency control for example he

1823

01:37:45,540 --> 01:37:43,090

couldn't take money out of the country

1824

01:37:48,310 --> 01:37:45,550

so I was fortunate enough to meet

1825

01:37:50,140 --> 01:37:48,320

Cynthia on a number of occasions she was

1826

01:37:52,300 --> 01:37:50,150

larger than life in every sense of the

1827

01:37:54,880 --> 01:37:52,310

word she was a large lady and a large

1828

01:37:57,370 --> 01:37:54,890

personality but as soon as she stepped

1829

01:37:59,709 --> 01:37:57,380

outside of Zimbabwe she was pretty much

1830

01:38:02,110 --> 01:37:59,719

penniless because she wasn't allowed to

1831

01:38:04,360 --> 01:38:02,120

bring any money with her yeah this had

1832

01:38:05,950 --> 01:38:04,370

been under the controls of a the Robert

1833

01:38:07,870 --> 01:38:05,960

Mugabe government I should have asked

1834

01:38:10,150 --> 01:38:07,880

that's right and you know and and and

1835

01:38:12,040 --> 01:38:10,160

sadly you know Cynthia had to leave

1836

01:38:15,370 --> 01:38:12,050

Zimbabwe in the end because of the

1837

01:38:16,930 --> 01:38:15,380

policies of of the country and she moved

1838

01:38:19,150 --> 01:38:16,940

to South Africa to live with her

1839

01:38:21,070 --> 01:38:19,160

daughter the reason she came to England

1840

01:38:24,300 --> 01:38:21,080

on occasion is she had a daughter that

1841

01:38:26,620 --> 01:38:24,310

lived here as well and she was a

1842

01:38:28,600 --> 01:38:26,630

fascinating legatee in her own right but

1843

01:38:32,950 --> 01:38:28,610

you you are right you know not just in

1844

01:38:36,100 --> 01:38:32,960

in in in putting other subjects but in

1845

01:38:40,520 --> 01:38:36,110

any subject you know import from the

1846

01:38:42,950 --> 01:38:40,530

female society is sadly lacking

1847

01:38:47,210 --> 01:38:42,960

and certainly is luck in here in the UK

1848

01:38:49,220 --> 01:38:47,220

and that's why I think if we just step

1849

01:38:51,170 --> 01:38:49,230

back a little bit you go back to the

1850

01:38:53,810 --> 01:38:51,180

Saab barely to mid 90s

1851
01:38:54,800 --> 01:38:53,820
he's when dr. John Mack first came out

1852
01:38:57,380 --> 01:38:54,810
of the woodwork

1853
01:38:59,630 --> 01:38:57,390
and what Mac did of course you know

1854
01:39:02,840 --> 01:38:59,640
happy max a Harvard professor who's a

1855
01:39:04,840 --> 01:39:02,850
Pulitzer Prize winning author yeah for

1856
01:39:07,630 --> 01:39:04,850
his work on Lawrence of Arabia and he

1857
01:39:10,640 --> 01:39:07,640
gave the subject an air of credibility

1858
01:39:13,040 --> 01:39:10,650
because this wasn't some crap whap you

1859
01:39:15,110 --> 01:39:13,050
know this was he again he was exactly

1860
01:39:19,250 --> 01:39:15,120
who he said he was and also at the same

1861
01:39:21,140 --> 01:39:19,260
time Nick Pope on The ministers was

1862
01:39:24,560 --> 01:39:21,150
still working at the MLT at that time

1863
01:39:27,350 --> 01:39:24,570

also came to the floor Nick Aziz critics

1864

01:39:29,300 --> 01:39:27,360

whatever you want to say he did the job

1865

01:39:30,800 --> 01:39:29,310

that he said he did you know and I know

1866

01:39:32,540 --> 01:39:30,810

it did it because I'm one of those that

1867

01:39:36,440 --> 01:39:32,550

pestered him while I was doing it you

1868

01:39:39,110 --> 01:39:36,450

know I'm sure he appreciated that now

1869

01:39:41,510 --> 01:39:39,120

talking about dr. Irena Scott again

1870

01:39:43,100 --> 01:39:41,520

air-filled at another this this latest

1871

01:39:44,990 --> 01:39:43,110

publication which came out as we've

1872

01:39:47,630 --> 01:39:45,000

discussed generally the first this year

1873

01:39:49,580 --> 01:39:47,640

and sacred corridors this isn't the

1874

01:39:51,230 --> 01:39:49,590

first one that you've actually published

1875

01:39:52,010 --> 01:39:51,240

for her is that you've actually done a

1876

01:39:55,460 --> 01:39:52,020

couple MA

1877

01:39:58,130 --> 01:39:55,470

well that's it I mean we did one a first

1878

01:40:00,130 --> 01:39:58,140

book once UFOs today again it was about

1879

01:40:03,650 --> 01:40:00,140

the cover-up but that that came out in

1880

01:40:07,280 --> 01:40:03,660

2017 to coincide with the 70th

1881

01:40:10,160 --> 01:40:07,290

anniversary of flying saucers so it's

1882

01:40:14,270 --> 01:40:10,170

part look back and part of her own

1883

01:40:17,360 --> 01:40:14,280

research and he was very well received

1884

01:40:18,460 --> 01:40:17,370

pretty much everywhere you know got

1885

01:40:23,210 --> 01:40:18,470

great reviews

1886

01:40:26,690 --> 01:40:23,220

sold well in that respect it's now for

1887

01:40:30,380 --> 01:40:26,700

example as we speak this it has been

1888

01:40:34,490 --> 01:40:30,390

translated into German it's on the list

1889

01:40:38,150 --> 01:40:34,500

to be translated into Spanish and it's

1890

01:40:41,360 --> 01:40:38,160

been translated into Russian now you

1891

01:40:43,280 --> 01:40:41,370

know which is extremely rare myself and

1892

01:40:46,310 --> 01:40:43,290

Paul Stonehill managed to get one of our

1893

01:40:50,600 --> 01:40:46,320

books published in Russia last year and

1894

01:40:53,900 --> 01:40:50,610

this because Stig Marion they're

1895

01:40:56,030 --> 01:40:53,910

publishing Irina's those

1896

01:40:57,890 --> 01:40:56,040

today that should be out in the spring

1897

01:41:00,470 --> 01:40:57,900

takes a while for them to translate it

1898

01:41:02,900 --> 01:41:00,480

but it but it but it's on its way anyway

1899

01:41:04,820 --> 01:41:02,910

and the Spanish Edition will be out

1900

01:41:08,210 --> 01:41:04,830

sometime this year I don't have a date

1901

01:41:11,240 --> 01:41:08,220

for it and then of course because of the

1902

01:41:15,260 --> 01:41:11,250

success of that we went on to look at

1903

01:41:18,410 --> 01:41:15,270

Irene his own experiences got inside the

1904

01:41:21,920 --> 01:41:18,420

lightning ball yeah and and a lot of

1905

01:41:24,230 --> 01:41:21,930

what her and her siblings had

1906

01:41:26,620 --> 01:41:24,240

encountered down the years so here we

1907

01:41:29,090 --> 01:41:26,630

have a bona fide scientist who's

1908

01:41:32,660 --> 01:41:29,100

experienced the phenomena you know

1909

01:41:35,960 --> 01:41:32,670

firsthand she's also a witness to the

1910

01:41:38,660 --> 01:41:35,970

Marfa lights in Texas and I think you

1911

01:41:39,980 --> 01:41:38,670

know one of the earlier communications I

1912

01:41:41,540 --> 01:41:39,990

had with I reckon if she sent me the

1913

01:41:44,570 --> 01:41:41,550

photograph she took of the Marfa lights

1914

01:41:47,030 --> 01:41:44,580

nothing spectacular but but they were

1915

01:41:48,800 --> 01:41:47,040

there to be seen but for those that are

1916

01:41:52,190 --> 01:41:48,810

not aware the Marfa lights Marfa in

1917

01:41:54,980 --> 01:41:52,200

Texas Texas is one of these areas around

1918

01:41:58,220 --> 01:41:54,990

the world that seems to have you know a

1919

01:42:00,980 --> 01:41:58,230

manifestation of light like walls like

1920

01:42:03,460 --> 01:42:00,990

phenomena chronic what will other places

1921

01:42:06,290 --> 01:42:03,470

for example our house down and in

1922

01:42:09,050 --> 01:42:06,300

central Norway the Pentagon Hills over

1923

01:42:10,670 --> 01:42:09,060

for the UK places in Australia in

1924

01:42:15,050 --> 01:42:10,680

Australia the calm the min min lights

1925

01:42:18,560 --> 01:42:15,060

for example yeah yeah sir there areas

1926

01:42:20,360 --> 01:42:18,570

but you know it's it's so that was one

1927

01:42:24,110 --> 01:42:20,370

of my earliest communications with Irina

1928

01:42:26,080 --> 01:42:24,120

and I thought well well you know we're

1929

01:42:29,030 --> 01:42:26,090

on a roll here while we have a bona fide

1930

01:42:32,060 --> 01:42:29,040

scientists talking about her work and

1931

01:42:34,130 --> 01:42:32,070

her experiences you know was there

1932

01:42:35,840 --> 01:42:34,140

something else that that was still in

1933

01:42:39,050 --> 01:42:35,850

her files and because she's been

1934

01:42:41,690 --> 01:42:39,060

involved for such a long john krees

1935

01:42:44,600 --> 01:42:41,700

wealth you know in public you know in

1936

01:42:48,500 --> 01:42:44,610

UFO groups and behind the scenes for

1937

01:42:49,850 --> 01:42:48,510

example the title for her latest book

1938

01:42:53,150 --> 01:42:49,860

sacred corridors

1939

01:42:55,190 --> 01:42:53,160

comes from the introduction she's

1940

01:42:56,420 --> 01:42:55,200

literally talking about her involvement

1941

01:42:58,700 --> 01:42:56,430

working at the Battelle Memorial

1942

01:43:01,760 --> 01:42:58,710

Institute and wright-patterson Air Force

1943

01:43:04,070 --> 01:43:01,770

Base and she said I walked down the

1944

01:43:05,780 --> 01:43:04,080

sacred corridors where official UFO

1945

01:43:07,150 --> 01:43:05,790

research was conducted and says there's

1946

01:43:09,990 --> 01:43:07,160

you die

1947

01:43:13,480 --> 01:43:10,000

that's what sacred corridors refers to

1948

01:43:18,540 --> 01:43:13,490

and it is exactly right you know she did

1949

01:43:21,100 --> 01:43:18,550

this her husband he went to area 51 and

1950

01:43:24,880 --> 01:43:21,110

you know there's no you know he's got

1951

01:43:27,250 --> 01:43:24,890

his paperwork we published those in UFOs

1952

01:43:30,070 --> 01:43:27,260

today he was at Nellis Air Force place

1953

01:43:32,010 --> 01:43:30,080

which is part of area 51 yeah yeah you

1954

01:43:34,420 --> 01:43:32,020

know he's not claiming to have seen any

1955

01:43:37,390 --> 01:43:34,430

spaceships of reverse-engineered

1956

01:43:39,630 --> 01:43:37,400

anything he did work there so it just

1957

01:43:44,290 --> 01:43:39,640

goes to show the kind of circles that

1958

01:43:46,060 --> 01:43:44,300

Irina moves himself to speak nothing and

1959

01:43:47,860 --> 01:43:46,070

I think she even won some kind of award

1960

01:43:51,160 --> 01:43:47,870

for her first book as well

1961

01:43:53,350 --> 01:43:51,170

all right yeah I wasn't aware of it so

1962

01:43:56,230 --> 01:43:53,360

she's definitely a qualified person to

1963

01:43:58,090 --> 01:43:56,240

be a to be writing about the subject but

1964

01:44:01,690 --> 01:43:58,100

we need more ladies to get involved this

1965

01:44:05,470 --> 01:44:01,700

is what we want well we need more people

1966

01:44:07,840 --> 01:44:05,480

. chris i mean i agree hey not just like

1967

01:44:10,450 --> 01:44:07,850

dr. Scott I mean yes I mean the more

1968

01:44:12,100 --> 01:44:10,460

scientists that are that are involved in

1969

01:44:18,040 --> 01:44:12,110

an open mind

1970

01:44:19,810 --> 01:44:18,050

welcome but one of the things you know

1971

01:44:22,840 --> 01:44:19,820

I've discussed with a number of people

1972

01:44:26,440 --> 01:44:22,850

is what we need more than anything is

1973

01:44:33,730 --> 01:44:26,450

the next generation you know I'm I'm not

1974

01:44:35,350 --> 01:44:33,740

old I'm 60 this way I've got more years

1975

01:44:37,180 --> 01:44:35,360

behind me and then I've got in front of

1976

01:44:39,160 --> 01:44:37,190

me that's well except I'm exactly the

1977

01:44:42,040 --> 01:44:39,170

same my friend I think I'm about a year

1978

01:44:44,520 --> 01:44:42,050

behind you yes I remember when we first

1979

01:44:47,440 --> 01:44:44,530

joined beautiful order sitting in a

1980

01:44:51,220 --> 01:44:47,450

meeting in London but you know we were

1981

01:44:52,840 --> 01:44:51,230

looked as the the new generation and he

1982

01:44:56,830 --> 01:44:52,850

can evade or smile with like what's

1983

01:44:58,600 --> 01:44:56,840

funny but you know I look around now and

1984

01:45:01,600 --> 01:44:58,610

I know things have changed and I know

1985

01:45:06,250 --> 01:45:01,610

it's the age of the things like that but

1986

01:45:09,040 --> 01:45:06,260

you know people may know say I'm wrong

1987

01:45:12,400 --> 01:45:09,050

but you know where's the next generation

1988

01:45:16,660 --> 01:45:12,410

I don't know where it is so I think more

1989

01:45:19,780 --> 01:45:16,670

than just you know more women and more

1990

01:45:20,990 --> 01:45:19,790

scientists we need more people from who

1991

01:45:24,620 --> 01:45:21,000

are half our age

1992

01:45:26,420 --> 01:45:24,630

and under to the for so to speak yeah

1993

01:45:30,170 --> 01:45:26,430

I'm sure there are people out there that

1994

01:45:32,810 --> 01:45:30,180

you you know that do take it I was going

1995

01:45:34,970 --> 01:45:32,820

to say a Rabi Delray Beach Christ in the

1996

01:45:37,310 --> 01:45:34,980

subject but perhaps the avengers' come a

1997

01:45:39,290 --> 01:45:37,320

forward yet to met themselves known that

1998

01:45:41,840 --> 01:45:39,300

is you know that's how I view it I make

1999

01:45:44,960 --> 01:45:41,850

for example yeah me Paul Sinclair I do

2000

01:45:46,490 --> 01:45:44,970

know he's he's in his 50s now and but I

2001

01:45:48,680 --> 01:45:46,500

do know he's been interested in the

2002

01:45:50,300 --> 01:45:48,690

subject since the late Nancy's so he

2003

01:45:52,970 --> 01:45:50,310

must've been in his thirties when he

2004

01:45:54,920 --> 01:45:52,980

became interested I think it's one of

2005

01:45:57,110 --> 01:45:54,930

those subjects that demands a little bit

2006

01:45:59,090 --> 01:45:57,120

of maturity as well though Phil well

2007

01:46:01,100 --> 01:45:59,100

yeah I mean I'll give you an example

2008

01:46:04,220 --> 01:46:01,110

Chris when I first started there was

2009

01:46:06,770 --> 01:46:04,230

lots of regional UFO groups and that's

2010

01:46:08,090 --> 01:46:06,780

why I joined the Yorkshire UFO society

2011

01:46:10,160 --> 01:46:08,100

because they were just down the road in

2012

01:46:13,040 --> 01:46:10,170

Leeds but I had somebody contact me

2013

01:46:15,800 --> 01:46:13,050

recently don't live that far from here

2014

01:46:17,720 --> 01:46:15,810

and said can you recommend a UFO group

2015

01:46:21,410 --> 01:46:17,730

that I can join and I just said it can't

2016

01:46:23,690 --> 01:46:21,420

that there aren't any you know and and

2017

01:46:27,080 --> 01:46:23,700

and that was the end of that I did say

2018

01:46:30,140 --> 01:46:27,090

you know were the ways to meet people of

2019

01:46:32,020 --> 01:46:30,150

alike - to attend meetings and

2020

01:46:37,100 --> 01:46:32,030

conferences and there's some of those

2021

01:46:39,110 --> 01:46:37,110

some what but as for UFO groups that

2022

01:46:40,820 --> 01:46:39,120

just like they just don't exist like

2023

01:46:44,030 --> 01:46:40,830

that you said we know of a handful but

2024

01:46:47,420 --> 01:46:44,040

but there's none in our area all right

2025

01:46:50,600 --> 01:46:47,430

sir so you know that's another one that

2026

01:46:53,570 --> 01:46:50,610

got away so to speak yes yes I guess it

2027

01:46:55,310 --> 01:46:53,580

is now you make shouldn't seem to fear

2028

01:46:57,470 --> 01:46:55,320

hind what can you remember any any

2029

01:46:59,960 --> 01:46:57,480

particular cases actually worked on at

2030

01:47:02,270 --> 01:46:59,970

all Phil oh absolutely I mean you know

2031

01:47:03,980 --> 01:47:02,280

if anybody gets chance to read some of

2032

01:47:07,040 --> 01:47:03,990

Cynthia's work you come in grab it

2033

01:47:10,180 --> 01:47:07,050

because it's fascinated because she

2034

01:47:12,770 --> 01:47:10,190

lived in Zimbabwe she traveled across

2035

01:47:15,230 --> 01:47:12,780

Africa with with in Zimbabwe suit she

2036

01:47:17,150 --> 01:47:15,240

was I won't say well-off but she was

2037

01:47:19,630 --> 01:47:17,160

comfortably off so she could she was

2038

01:47:23,000 --> 01:47:19,640

retired she could afford to travel and

2039

01:47:25,190 --> 01:47:23,010

of course I can't remember the date that

2040

01:47:29,210 --> 01:47:25,200

it happened but these the landing her

2041

01:47:33,110 --> 01:47:29,220

aerial school where all the children saw

2042

01:47:33,959 --> 01:47:33,120

this UFO guys yeah yeah about about 200

2043

01:47:37,290 --> 01:47:33,969

children from

2044

01:47:39,000 --> 01:47:37,300

that's right what cause you know a lot

2045

01:47:42,600 --> 01:47:39,010

of credence is given to the fact that

2046

01:47:43,529 --> 01:47:42,610

dr. John Mack went there but before any

2047

01:47:46,109 --> 01:47:43,539

of them got there

2048

01:47:50,759 --> 01:47:46,119

Cynthia was on site because it was in

2049

01:47:53,540 --> 01:47:50,769

Zimbabwe and you know the the BBC

2050

01:47:56,310 --> 01:47:53,550

African or whoever was there as well so

2051

01:47:59,969 --> 01:47:56,320

Cynthia was one of those you know on the

2052

01:48:01,620 --> 01:47:59,979

spot at the time and German researcher

2053

01:48:04,500 --> 01:48:01,630

Michael hesseman

2054

01:48:06,299 --> 01:48:04,510

he flew out from Germany and he stayed

2055

01:48:10,319 --> 01:48:06,309

with Cynthia and he went and interviewed

2056

01:48:12,390 --> 01:48:10,329

them as well so you know and I believe

2057

01:48:15,419 --> 01:48:12,400

there's a a documentary in the making

2058

01:48:20,250 --> 01:48:15,429

now about the aerial school incident and

2059

01:48:22,919 --> 01:48:20,260

it is fascinating but I mean Cynthia

2060

01:48:25,830 --> 01:48:22,929

like I said was a large lady the big

2061

01:48:28,410 --> 01:48:25,840

sense of humor but this is a two story

2062

01:48:33,209 --> 01:48:28,420

she went to interview somewhere in South

2063

01:48:35,219 --> 01:48:33,219

Africa the the chief of a local what we

2064

01:48:37,020 --> 01:48:35,229

probably call a tribe I think that

2065

01:48:42,180 --> 01:48:37,030

probably an insult but he was the chief

2066

01:48:45,560 --> 01:48:42,190

and it see this silver suit identity and

2067

01:48:48,890 --> 01:48:45,570

what have yourself Cynthia said to him

2068

01:48:54,259 --> 01:48:48,900

chief you know what do you think he was

2069

01:48:58,169 --> 01:48:54,269

SAS was the spirits of our ancestors

2070

01:49:01,830 --> 01:48:58,179

your ancestors used to wear you know

2071

01:49:06,109 --> 01:49:01,840

animal skins and I need you said well

2072

01:49:12,620 --> 01:49:09,120

excellent Cynthia told this in much

2073

01:49:15,299 --> 01:49:12,630

greater detail and I could remember

2074

01:49:18,120 --> 01:49:15,309

conference I organized in in in

2075

01:49:21,680 --> 01:49:18,130

Sheffield and she was on the stage but

2076

01:49:24,989 --> 01:49:21,690

that's just one of whatever an array of

2077

01:49:27,600 --> 01:49:24,999

bizarre encounters there was another one

2078

01:49:28,919 --> 01:49:27,610

again it's in Africa someone I can't

2079

01:49:31,890 --> 01:49:28,929

remember where it was or what the date

2080

01:49:35,520 --> 01:49:31,900

was but the super cars going down the

2081

01:49:39,029 --> 01:49:35,530

highway and literally in the in their

2082

01:49:41,279 --> 01:49:39,039

valley next to them he's a rocket you

2083

01:49:44,910 --> 01:49:41,289

know a spaceship rocket like out of

2084

01:49:47,639 --> 01:49:44,920

fireball xl5 but she says the witnesses

2085

01:49:49,979 --> 01:49:47,649

said he had USA on the side of it

2086

01:49:52,319 --> 01:49:49,989

I'm sure I'm Phil I'm sorry to interrupt

2087

01:49:55,279 --> 01:49:52,329

you there but you better explain fire

2088

01:49:58,560 --> 01:49:55,289

politics Hellfire ball except the flag

2089

01:50:01,589 --> 01:49:58,570

is Jerry Anderson way back in a long

2090

01:50:05,040 --> 01:50:01,599

time ago you know they had they had

2091

01:50:08,459 --> 01:50:05,050

Rockets you know the sort of down there

2092

01:50:09,179 --> 01:50:08,469

and and and you know Flash Gordon type

2093

01:50:13,350 --> 01:50:09,189

rockets

2094

01:50:17,939 --> 01:50:13,360

yeah like thank you for explaining my

2095

01:50:19,770 --> 01:50:17,949

air my mum tell me about that why she

2096

01:50:22,560 --> 01:50:19,780

said you know there were several people

2097

01:50:25,439 --> 01:50:22,570

on this this highway it wasn't just one

2098

01:50:26,819 --> 01:50:25,449

person and this rocket was such wasn't

2099

01:50:29,909 --> 01:50:26,829

going that fast because it was sort of

2100

01:50:31,979 --> 01:50:29,919

parallel with the traffic and it had you

2101

01:50:35,609 --> 01:50:31,989

I say written on the side of it and she

2102

01:50:39,330 --> 01:50:35,619

says what you may give most bizarre

2103

01:50:41,790 --> 01:50:39,340

thing and and you know after she used to

2104

01:50:44,759 --> 01:50:41,800

do a little a little homemade magazine

2105

01:50:47,489 --> 01:50:44,769

which air I have and she did oh she

2106

01:50:49,199 --> 01:50:47,499

wrote a couple of books which I have and

2107

01:50:52,649 --> 01:50:49,209

they're like gold dust you know they

2108

01:50:54,179 --> 01:50:52,659

really are and you know Cynthia would

2109

01:50:58,919 --> 01:50:54,189

just put I remembered I did a lecture

2110

01:51:02,939 --> 01:50:58,929

once in Southport believe it or not and

2111

01:51:04,919 --> 01:51:02,949

I've just just start my presentation can

2112

01:51:08,129 --> 01:51:04,929

a little pops up in the audience but

2113

01:51:11,369 --> 01:51:08,139

Cynthia she was there and then again she

2114

01:51:14,459 --> 01:51:11,379

was she was visiting her family um but

2115

01:51:15,839 --> 01:51:14,469

one of you know many women that have

2116

01:51:17,549 --> 01:51:15,849

been involved it's just like it's a

2117

01:51:20,939 --> 01:51:17,559

curious like in in most walks of life

2118

01:51:25,109 --> 01:51:20,949

that's not enough I definitely assert

2119

01:51:26,969 --> 01:51:25,119

that absolutely

2120

01:51:29,339 --> 01:51:26,979

so listen Phil what you got planned for

2121

01:51:33,509 --> 01:51:29,349

the next day a few weeks before we speak

2122

01:51:35,459 --> 01:51:33,519

again well we go back to dr. Irena Scott

2123

01:51:39,239 --> 01:51:35,469

I mean the first thing dr. Scott and I

2124

01:51:44,069 --> 01:51:39,249

worked on there was an item we released

2125

01:51:47,909 --> 01:51:44,079

at your conference in Hall yeah and that

2126
01:51:50,939 --> 01:51:47,919
was deputy sheriff Charles H Fergus

2127
01:51:53,069 --> 01:51:50,949
oh yes yes no the witness there the

2128
01:51:54,719 --> 01:51:53,079
witnesses the Rendel to Rendlesham

2129
01:51:56,729 --> 01:51:54,729
incident the air loss willie that's

2130
01:51:59,189 --> 01:51:56,739
right the laws are aware a few years

2131
01:52:01,470 --> 01:51:59,199
back I was contacted by a film company

2132
01:52:03,479 --> 01:52:01,480
and they wanted to make a film about Rob

2133
01:52:06,780 --> 01:52:03,489
well and they said we've got we've got a

2134
01:52:11,550 --> 01:52:06,790
video interview of an old boy he's now

2135
01:52:14,610 --> 01:52:11,560
dead and it's the the the VHS that they

2136
01:52:17,910 --> 01:52:14,620
had cassette was filmed in the late 90s

2137
01:52:20,250 --> 01:52:17,920
so they send me it and you see this old

2138
01:52:21,570 --> 01:52:20,260

guy being interviewed not a formal

2139

01:52:27,720 --> 01:52:21,580

interview or the fall on him around his

2140

01:52:31,140 --> 01:52:27,730

house and he was deputy Fergus that's

2141

01:52:33,140 --> 01:52:31,150

the place called Big Spring sis and he

2142

01:52:36,360 --> 01:52:33,150

claimed that him in the sheriff in in

2143

01:52:40,170 --> 01:52:36,370

1947 have been looking for a guy or

2144

01:52:42,780 --> 01:52:40,180

being there caching good checks and he'd

2145

01:52:45,030 --> 01:52:42,790

been found and put in jail in Roswell so

2146

01:52:47,370 --> 01:52:45,040

they arranged to go pick him up and on

2147

01:52:48,750 --> 01:52:47,380

the way there they heard about the crash

2148

01:52:53,130 --> 01:52:48,760

on the police radio

2149

01:52:55,140 --> 01:52:53,140

they found it they watched it they saw

2150

01:52:57,900 --> 01:52:55,150

the UFO the dead creatures they were

2151

01:53:01,800 --> 01:52:57,910

politely but firmly asked to leave the

2152

01:53:04,680 --> 01:53:01,810

area and he'd never told a soul so dr.

2153

01:53:09,080 --> 01:53:04,690

Scott worked on this with me and we

2154

01:53:11,700 --> 01:53:09,090

managed to find Charles fergus's son I

2155

01:53:13,920 --> 01:53:11,710

mean said yes Phillip he said you know

2156

01:53:18,210 --> 01:53:13,930

what my father told me about this back

2157

01:53:19,860 --> 01:53:18,220

in the 1950s and he knew roughly that it

2158

01:53:22,950 --> 01:53:19,870

was the 50s because they'd moved house

2159

01:53:25,229 --> 01:53:22,960

at that time and of course in the 1950s

2160

01:53:26,970 --> 01:53:25,239

Roswell was not on anyways funny bodies

2161

01:53:30,150 --> 01:53:26,980

map it wasn't written it there was no

2162

01:53:32,280 --> 01:53:30,160

way well we had a newspaper article a -

2163

01:53:34,350 --> 01:53:32,290

didn't we back in the 1947 and that was

2164

01:53:36,150 --> 01:53:34,360

about well that's it was a 15 minute you

2165

01:53:41,040 --> 01:53:36,160

know Almanac sensation and then it

2166

01:53:43,320 --> 01:53:41,050

disappeared and so what dr. Scott and

2167

01:53:45,090 --> 01:53:43,330

I've been working on now now we're going

2168

01:53:48,510 --> 01:53:45,100

to be releasing a lot more of this in

2169

01:53:50,940 --> 01:53:48,520

outer limits magazine and at the outer

2170

01:53:54,360 --> 01:53:50,950

limits magazine conference this August

2171

01:53:57,000 --> 01:53:54,370

in Pontiac with Calvin Parker means the

2172

01:54:00,060 --> 01:53:57,010

fact we've tracked down some other

2173

01:54:03,570 --> 01:54:00,070

witnesses to the Pascagoula case which

2174

01:54:07,410 --> 01:54:03,580

was October the 11th 1973 Pascagoula

2175

01:54:10,260 --> 01:54:07,420

River Mississippi Calvin Parker and the

2176
01:54:12,690 --> 01:54:10,270
late Charles Hickson and literally this

2177
01:54:14,009 --> 01:54:12,700
this married couple were on the opposite

2178
01:54:17,040 --> 01:54:14,019
bank of the river

2179
01:54:20,479 --> 01:54:17,050
at the same time as Calvin and Charlie's

2180
01:54:24,060 --> 01:54:20,489
encounter so they were on the east side

2181
01:54:26,129 --> 01:54:24,070
they were on the west side and it's a

2182
01:54:29,189 --> 01:54:26,139
wide river so the wording you know they

2183
01:54:30,720 --> 01:54:29,199
can't see each other but they were

2184
01:54:33,720 --> 01:54:30,730
waiting for the boat coming in they

2185
01:54:37,229 --> 01:54:33,730
worked for a fish wholesalers or a

2186
01:54:40,709 --> 01:54:37,239
restaurant or something like that and it

2187
01:54:42,239 --> 01:54:40,719
was five hours late so the gentleman and

2188
01:54:44,100 --> 01:54:42,249

how to sleep in the back but his wife

2189

01:54:46,640 --> 01:54:44,110

was in the front seat and she could see

2190

01:54:52,259 --> 01:54:46,650

the lights come these blue lights and

2191

01:54:54,629 --> 01:54:52,269

she got she got her husband up and they

2192

01:54:57,359 --> 01:54:54,639

saw them together they got out of the

2193

01:55:00,419 --> 01:54:57,369

car he sort of walked off in front and

2194

01:55:02,279 --> 01:55:00,429

the watch these lights over we're coming

2195

01:55:03,750 --> 01:55:02,289

in and Charlie were because they knew it

2196

01:55:06,470 --> 01:55:03,760

was there because of the shipyard that

2197

01:55:09,600 --> 01:55:06,480

was there and they seemed to be either

2198

01:55:11,189 --> 01:55:09,610

hovering looking for something or she

2199

01:55:14,459 --> 01:55:11,199

said it looked like they were lost

2200

01:55:18,439 --> 01:55:14,469

almost and there was this for about 20

2201
01:55:24,060 --> 01:55:18,449
minutes grace but the peculiar thing and

2202
01:55:26,600 --> 01:55:24,070
and this it's that lady witness said

2203
01:55:29,339 --> 01:55:26,610
there was a man came up out of the water

2204
01:55:31,259 --> 01:55:29,349
all right this is nice right yeah

2205
01:55:33,000 --> 01:55:31,269
this actual people I have to get they

2206
01:55:34,830 --> 01:55:33,010
get themselves together and get them

2207
01:55:36,600 --> 01:55:34,840
tickets part and get that's nice to get

2208
01:55:38,549 --> 01:55:36,610
more information that's right and she

2209
01:55:42,569 --> 01:55:38,559
said you then went back into the water

2210
01:55:44,970 --> 01:55:42,579
and you come out again nice fascinating

2211
01:55:46,919 --> 01:55:44,980
so absolutely so so I know we're running

2212
01:55:49,470 --> 01:55:46,929
outta time at dr. Irena Scott has

2213
01:55:54,540 --> 01:55:49,480

interviewed these these this this Marie

2214

01:55:56,489 --> 01:55:54,550

couple twice and just today Calvin

2215

01:56:00,029 --> 01:55:56,499

Parker has spoken to them on the

2216

01:56:00,859 --> 01:56:00,039

telephone and they are arranging to me

2217

01:56:03,509 --> 01:56:00,869

an avalanche

2218

01:56:07,430 --> 01:56:03,519

according to Calvin the lady was crying

2219

01:56:10,770 --> 01:56:07,440

because she'd never met Calvin before

2220

01:56:12,359 --> 01:56:10,780

yeah never you know knew how to contact

2221

01:56:13,770 --> 01:56:12,369

him and she said well at least now I

2222

01:56:15,989 --> 01:56:13,780

know I've spoke to you I'm not crazy

2223

01:56:18,750 --> 01:56:15,999

because things like Swiss are we're

2224

01:56:21,930 --> 01:56:18,760

right above where you were so what on

2225

01:56:25,680 --> 01:56:21,940

the trail of that some documentation

2226

01:56:27,870 --> 01:56:25,690

that potentially these is dynamite that

2227

01:56:30,750 --> 01:56:27,880

will release at the conference

2228

01:56:33,149 --> 01:56:30,760

if not before but certainly it would be

2229

01:56:34,530 --> 01:56:33,159

discussed at the conference we may be

2230

01:56:38,149 --> 01:56:34,540

able to get it out in the magazine

2231

01:56:42,810 --> 01:56:38,159

before then yeah that you don't change

2232

01:56:45,959 --> 01:56:42,820

new information on what is you know one

2233

01:56:48,569 --> 01:56:45,969

of the the world's most fascinating

2234

01:56:51,780 --> 01:56:48,579

close encounter cases that's in my

2235

01:56:53,550 --> 01:56:51,790

opinion absolutely so that I do agree we

2236

01:56:55,350 --> 01:56:53,560

feel yeah it is

2237

01:56:58,740 --> 01:56:55,360

you know it's be honestly is one of the

2238

01:57:00,000 --> 01:56:58,750

last of the classic encounter UFO

2239

01:57:01,680 --> 01:57:00,010

encounters into your abduction

2240

01:57:04,109 --> 01:57:01,690

encounters whatever you want to call it

2241

01:57:06,270 --> 01:57:04,119

that is there is only recent ring you

2242

01:57:08,490 --> 01:57:06,280

know it's only recently been told in

2243

01:57:09,930 --> 01:57:08,500

Calvin's own words and now we're getting

2244

01:57:11,370 --> 01:57:09,940

more and more information coming up

2245

01:57:12,990 --> 01:57:11,380

which can only be a good thing that's it

2246

01:57:17,430 --> 01:57:13,000

I mean Calvin literally did a book

2247

01:57:20,640 --> 01:57:17,440

signing in Pascagoula recently and a

2248

01:57:22,979 --> 01:57:20,650

number of people have come forward since

2249

01:57:27,149 --> 01:57:22,989

then whether you'll go on the record is

2250

01:57:32,939 --> 01:57:27,159

another matter but we're hopeful and you

2251
01:57:35,129 --> 01:57:32,949
know Calvin and I are still amazed the

2252
01:57:38,280 --> 01:57:35,139
you know every week something new

2253
01:57:40,649 --> 01:57:38,290
happens and there's other things

2254
01:57:43,589 --> 01:57:40,659
happening in the town of pascagoula that

2255
01:57:48,270 --> 01:57:43,599
will will will will make your readers

2256
01:57:49,830 --> 01:57:48,280
aware of injeel gospel not the moment

2257
01:57:52,709 --> 01:57:49,840
but this is something that the town

2258
01:57:55,919 --> 01:57:52,719
they're doing and then of course we're

2259
01:57:57,990 --> 01:57:55,929
still in full discussion with a producer

2260
01:58:00,839 --> 01:57:58,000
about a movie it's not it's not a

2261
01:58:04,080 --> 01:58:00,849
definite there's no you know it's just a

2262
01:58:08,459 --> 01:58:04,090
possibility at the moment but things are

2263
01:58:10,439 --> 01:58:08,469

inching forward so come August we may

2264

01:58:12,240 --> 01:58:10,449

have something else who knows if not

2265

01:58:14,399 --> 01:58:12,250

before them solutely brilliant that's

2266

01:58:16,290 --> 01:58:14,409

well as we've got about 60 seconds left

2267

01:58:18,600 --> 01:58:16,300

Phil I'm just going to you know take

2268

01:58:20,069 --> 01:58:18,610

this time once again on my behalf and

2269

01:58:23,189 --> 01:58:20,079

I'm sure you'd like to agree with me

2270

01:58:25,260 --> 01:58:23,199

that we'd like to thank dr. arena Scott

2271

01:58:27,479 --> 01:58:25,270

for a town this evening to talk to us

2272

01:58:28,890 --> 01:58:27,489

we'd also like to thank all the

2273

01:58:30,490 --> 01:58:28,900

listeners as well thank you very much

2274

01:58:33,190 --> 01:58:30,500

Pete sound this evening

2275

01:58:34,630 --> 01:58:33,200

and once again Philip just got to see it

2276

01:58:35,230 --> 01:58:34,640

it's been an absolute pleasure talking

2277

01:58:36,820 --> 01:58:35,240

to you

2278

01:58:40,630 --> 01:58:36,830

yeah no it doesn't work if they threw

2279

01:58:43,270 --> 01:58:40,640

across it I mean if we've got to admit

2280

01:58:50,590 --> 01:58:43,280

you've been with us Laurel T certainly

2281

01:58:58,070 --> 01:58:50,600

you think that you know good night
