I don't

104
00:05:33,040 --> 00:05:29,930
you have you have read of the young man

105
00:05:36,360 --> 00:05:33,050
Gary Jones I have yes and I'm looking

106
00:05:38,740 --> 00:05:36,370
forward to a particular incident or

107
00:05:40,840 --> 00:05:38,750
encounter call it what you will that I

108
00:05:43,000 --> 00:05:40,850
know Gary's been involved investigating

109
00:05:45,940 --> 00:05:43,010
and it's something I've tried to follow

110
00:05:48,880 --> 00:05:45,950
on and off so I look forward to what's

111
00:05:51,730 --> 00:05:48,890
coming up with with there with great

112
00:05:53,410 --> 00:05:51,740
anticipation great stuff let's

113
00:05:56,380 --> 00:05:53,420

introducing them hello Gary are you

114

00:05:58,960 --> 00:05:56,390

there yes hello Kris are you I'm very

115

00:06:01,240 --> 00:05:58,970

well thank you thank you for air for

116

00:06:03,010 --> 00:06:01,250

joining us this evening to have a little

117

00:06:06,880 --> 00:06:03,020

natter with us for the next hour or so

118

00:06:08,380 --> 00:06:06,890

and looking forward to work talking with

119

00:06:10,660 --> 00:06:08,390

you about a couple events that you've

120

00:06:14,620 --> 00:06:10,670

been interested in for those who don't

121

00:06:17,170 --> 00:06:14,630

know Gary is there Gary Jones age 36

122

00:06:19,890 --> 00:06:17,180

he's got several different interests

123

00:06:24,400 --> 00:06:19,900

from ancient history and civilizations

124

00:06:27,040 --> 00:06:24,410

conspiracies such as 9/11 77 JFK and so

125

00:06:29,470 --> 00:06:27,050

on he's interested in UFOs and alien

126

00:06:31,720 --> 00:06:29,480

phenomena government of false flag

127

00:06:35,050 --> 00:06:31,730

events forbidden technologies and

128

00:06:38,740 --> 00:06:35,060

medicines hobbies include reading

129

00:06:41,980 --> 00:06:38,750

drawing art photography and video

130

00:06:42,940 --> 00:06:41,990

documentaries so photography Gary what

131

00:06:45,430 --> 00:06:42,950

got you into the hour

132

00:06:47,470 --> 00:06:45,440

do you have a camera I recently

133

00:06:51,160 --> 00:06:47,480

purchased a few cameras over the years

134

00:06:52,510 --> 00:06:51,170

yes I just I just like to take a camera

135

00:06:55,030 --> 00:06:52,520

with me and just snap a couple of

136

00:06:57,010 --> 00:06:55,040

interesting things where I live is quite

137

00:06:58,230 --> 00:06:57,020

it's quite quite nice a lot of scenery

138

00:07:00,400 --> 00:06:58,240

you know mountains but especially

139

00:07:02,410 --> 00:07:00,410

especially in spring or summer you know

140

00:07:06,100 --> 00:07:02,420

you see a lot of a lot of wildlife

141

00:07:07,570 --> 00:07:06,110

around so yeah I just I just do it more

142

00:07:08,950 --> 00:07:07,580

as a hobby it's not really something I

143

00:07:10,870 --> 00:07:08,960

do as professional but I'm trying to

144

00:07:13,030 --> 00:07:10,880

learn more now about you know the

145

00:07:17,380 --> 00:07:13,040

different lenses you can get and various

146

00:07:19,810 --> 00:07:17,390

techniques you can use so I'm actually a

147

00:07:22,300 --> 00:07:19,820

professional photographer and I mainly

148

00:07:25,030 --> 00:07:22,310

concentrate on weddings were the best

149

00:07:27,100 --> 00:07:25,040

thing to do in my opinion it doesn't

150

00:07:29,470 --> 00:07:27,110

matter what camera body you get you buy

151
00:07:31,270 --> 00:07:29,480
the best lenses that you can afford with

152
00:07:34,210 --> 00:07:31,280
good f-stop numbers on them for a better

153
00:07:37,000 --> 00:07:34,220
type of image images basically did you

154
00:07:39,550 --> 00:07:37,010
have a particular interest in a

155
00:07:41,659 --> 00:07:39,560
particular type of of photography easy

156
00:07:44,360 --> 00:07:41,669
wildlife is it Lance Kay

157
00:07:46,580 --> 00:07:44,370
poor is it poor traits or anything like

158
00:07:49,730 --> 00:07:46,590
that probably wildlife and landscape I'd

159
00:07:52,129 --> 00:07:49,740
say excuse me so you're going to need

160
00:07:54,409 --> 00:07:52,139
blend of a very good long lens air you

161
00:07:56,629 --> 00:07:54,419
know something to wear to capture the

162
00:07:59,360 --> 00:07:56,639
air the wild life with someone like you

163
00:08:02,600 --> 00:07:59,370

can get really close with you know that

164

00:08:05,209 --> 00:08:02,610

really an amine I used to do a bit of

165

00:08:07,399 --> 00:08:05,219

photography as well Chris I mean I think

166

00:08:10,219 --> 00:08:07,409

as you know I I started off many years

167

00:08:12,469 --> 00:08:10,229

back with the oxy um for society yeah I

168

00:08:15,249 --> 00:08:12,479

think I think out of all of us I was the

169

00:08:17,929 --> 00:08:15,259

only one that had a 35 mil camera

170

00:08:20,420 --> 00:08:17,939

obviously no digital photography in

171

00:08:22,459 --> 00:08:20,430

those days and before you say it

172

00:08:25,309 --> 00:08:22,469

we did have color one just black and

173

00:08:30,050 --> 00:08:25,319

white I thought they'd still be right

174

00:08:32,600 --> 00:08:30,060

you know slit their fill whatever we

175

00:08:33,860 --> 00:08:32,610

went myself might birds LeGrande bursal

176

00:08:35,750 --> 00:08:33,870

and all the others it was me that was

177

00:08:38,839 --> 00:08:35,760

responsible for taking the photographs

178

00:08:41,420 --> 00:08:38,849

so it's it's still an interest I have

179

00:08:44,149 --> 00:08:41,430

but everything's digital now I've just

180

00:08:45,800 --> 00:08:44,159

purchased my first smartphone and I'm

181

00:08:48,949 --> 00:08:45,810

still trying to figure that out I'd say

182

00:08:51,740 --> 00:08:48,959

I can get up on that no never mind

183

00:08:55,069 --> 00:08:51,750

anything else actually you'll get the

184

00:08:57,889 --> 00:08:55,079

end of it you go to eat seats well it's

185

00:09:00,439 --> 00:08:57,899

nice to eat gather saying eat text you

186

00:09:03,530 --> 00:09:00,449

know wow my photographs is to say me

187

00:09:08,240 --> 00:09:03,540

when you come off the motorway

188

00:09:09,829 --> 00:09:08,250

you go okay to come in want you back the

189

00:09:11,870 --> 00:09:09,839

first thing you see is a mountain but

190

00:09:14,590 --> 00:09:11,880

it's a slugging piece it's the old

191

00:09:17,720 --> 00:09:14,600

sluggy from the Prince of Wales collar a

192

00:09:21,519 --> 00:09:17,730

tough so plenty of wildlife there mate

193

00:09:28,579 --> 00:09:24,920

so just scream thinking about yourself

194

00:09:31,100 --> 00:09:28,589

thing Gary and what was it that actually

195

00:09:34,310 --> 00:09:31,110

brought you into this wonderful glorious

196

00:09:37,550 --> 00:09:34,320

world that we call the paranormal UFOs

197

00:09:42,319 --> 00:09:37,560

etc I understand um you had a couple of

198

00:09:44,090 --> 00:09:42,329

experiences yeah just some things that

199

00:09:46,430 --> 00:09:44,100

I've never really forgotten they're just

200

00:09:48,680 --> 00:09:46,440

as clear now as when they happened when

201
00:09:50,780 --> 00:09:48,690
I was five or six years old though gone

202
00:09:55,220 --> 00:09:50,790
to some detail if you'd like please do

203
00:09:58,940 --> 00:09:55,230
yamp sure I remember when I was

204
00:10:02,360 --> 00:09:58,950
about five maybe six just two dreams in

205
00:10:04,390 --> 00:10:02,370
particular that I had where it was kind

206
00:10:06,350 --> 00:10:04,400
of like seeing myself and amount of body

207
00:10:08,630 --> 00:10:06,360
experience if that's the only way I can

208
00:10:10,940 --> 00:10:08,640
explain it and they would just be like I

209
00:10:13,820 --> 00:10:10,950
would be coming out of my room walking

210
00:10:15,410 --> 00:10:13,830
downstairs go into the living room I'd

211
00:10:17,570 --> 00:10:15,420
open the curtain I'd look outside and

212
00:10:20,390 --> 00:10:17,580
there's this you know big tall slender

213
00:10:23,450 --> 00:10:20,400

look in being and you must have been

214

00:10:26,390 --> 00:10:23,460

very tall because the second-floor

215

00:10:28,190 --> 00:10:26,400

window at the living room was about 15

216

00:10:30,590 --> 00:10:28,200

feet and I could look at him dead

217

00:10:33,230 --> 00:10:30,600

straight in the eye and I just remember

218

00:10:35,630 --> 00:10:33,240

I just remember having like maybe two or

219

00:10:37,460 --> 00:10:35,640

three kinds of dreams like that I never

220

00:10:40,880 --> 00:10:37,470

come it's just like just kept wondering

221

00:10:42,890 --> 00:10:40,890

if maybe it was just a funny dream and

222

00:10:44,870 --> 00:10:42,900

but I see it more like a vision or some

223

00:10:48,920 --> 00:10:44,880

sort of strange meeting I can only

224

00:10:51,860 --> 00:10:48,930

describe it that way you know would you

225

00:10:54,230 --> 00:10:51,870

say it was something that was all you

226

00:10:56,150 --> 00:10:54,240

know the most difficult to dream or did

227

00:10:58,310 --> 00:10:56,160

you have a covering map is it the cover

228

00:11:00,830 --> 00:10:58,320

memory of something you know well I

229

00:11:02,540 --> 00:11:00,840

don't really know but I think I don't

230

00:11:06,280 --> 00:11:02,550

think it's just a dream dream because

231

00:11:08,870 --> 00:11:06,290

I've seen it a few times in the past and

232

00:11:11,870 --> 00:11:08,880

you know when I was younger and I just

233

00:11:14,420 --> 00:11:11,880

remember it so clearly I finished some

234

00:11:16,700 --> 00:11:14,430

people refer to them as tall ones or

235

00:11:17,990 --> 00:11:16,710

maybe the tall whites or something I

236

00:11:20,600 --> 00:11:18,000

mean it looked something like that it

237

00:11:23,120 --> 00:11:20,610

was a very tall slender being with some

238

00:11:25,580 --> 00:11:23,130

muscular structure to it but very thin

239

00:11:27,470 --> 00:11:25,590

like in a sort of strange blackish

240

00:11:29,560 --> 00:11:27,480

already kind of glimmering suits that's

241

00:11:34,610 --> 00:11:29,570

the only way I get this appearance

242

00:11:36,320 --> 00:11:34,620

that's very interesting so I was just

243

00:11:38,420 --> 00:11:36,330

going to ask you know so this was the

244

00:11:40,670 --> 00:11:38,430

the thing that I actually brought you

245

00:11:42,620 --> 00:11:40,680

into the subject then well I would say

246

00:11:44,240 --> 00:11:42,630

is when they interested my interest sort

247

00:11:47,660 --> 00:11:44,250

of started I've always had an interest

248

00:11:50,870 --> 00:11:47,670

in it and I think what really brought me

249

00:11:53,990 --> 00:11:50,880

into it was about probably 12 years ago

250

00:11:56,870 --> 00:11:54,000

when I just started looking into 9/11

251
00:11:58,490 --> 00:11:56,880
and the cover-up going on there I just

252
00:12:00,110 --> 00:11:58,500
sort of branched out into later as I

253
00:12:02,000 --> 00:12:00,120
started becoming more involved in

254
00:12:04,280 --> 00:12:02,010
reading and more involved in study and

255
00:12:05,690 --> 00:12:04,290
more involved in research so they just

256
00:12:08,630 --> 00:12:05,700
sort of branched out from that but then

257
00:12:10,759 --> 00:12:08,640
I remembered my childhood experience

258
00:12:12,199 --> 00:12:10,769
there's I saw other people had gone

259
00:12:13,579 --> 00:12:12,209
through or what other people experienced

260
00:12:15,470 --> 00:12:13,589
I thought lying on that's something I'm

261
00:12:15,800 --> 00:12:15,480
interested mean they just started from

262
00:12:18,230 --> 00:12:15,810
there

263
00:12:21,019 --> 00:12:18,240

yes our world was you then when these

264

00:12:21,530 --> 00:12:21,029

childhood events occur do you have any

265

00:12:24,500 --> 00:12:21,540

idea

266

00:12:26,870 --> 00:12:24,510

oh yeah I was about five or six so

267

00:12:29,269 --> 00:12:26,880

there'd be no real no real reference

268

00:12:31,220 --> 00:12:29,279

material no books read or anything any

269

00:12:33,380 --> 00:12:31,230

documentary scene or anything like that

270

00:12:35,329 --> 00:12:33,390

you know yeah well if your major sports

271

00:12:37,519 --> 00:12:35,339

where quickly I cost yeah please

272

00:12:39,440 --> 00:12:37,529

this other one I remember which was even

273

00:12:41,900 --> 00:12:39,450

I would say even stranger than the first

274

00:12:44,660 --> 00:12:41,910

one let's just imagine him I was

275

00:12:46,579 --> 00:12:44,670

imagining it it was forming itself in

276

00:12:48,740 --> 00:12:46,589

them I can only call a dream vision or

277

00:12:51,590 --> 00:12:48,750

some sort of like interaction from

278

00:12:54,940 --> 00:12:51,600

something it just involved me walking

279

00:12:57,620 --> 00:12:54,950

down a very long street but I recognized

280

00:12:59,120 --> 00:12:57,630

but at the same time it was like the

281

00:13:01,699 --> 00:12:59,130

houses I recognized but then they had

282

00:13:05,030 --> 00:13:01,709

like golden trees on them the path was

283

00:13:08,150 --> 00:13:05,040

all silvery and white and the skies were

284

00:13:08,690 --> 00:13:08,160

very filled with stars that I didn't

285

00:13:10,970 --> 00:13:08,700

recognize

286

00:13:12,250 --> 00:13:10,980

I can only describe them like pictures

287

00:13:15,050 --> 00:13:12,260

you see from the Hubble Space Telescope

288

00:13:17,300 --> 00:13:15,060

you know it was nice and colorful

289

00:13:19,819 --> 00:13:17,310

galaxies or nebulae pictures that they

290

00:13:21,079 --> 00:13:19,829

take it was very very very serene but

291

00:13:26,569 --> 00:13:21,089

what was interesting is who I was

292

00:13:29,960 --> 00:13:26,579

walking with it was um two tall blond

293

00:13:32,090 --> 00:13:29,970

white silvery skin colored people and

294

00:13:34,970 --> 00:13:32,100

they wore these rather interesting blue

295

00:13:37,430 --> 00:13:34,980

or silvery like robes and I've heard

296

00:13:40,400 --> 00:13:37,440

people describe them as maybe the Nordic

297

00:13:42,980 --> 00:13:40,410

so yeah so I've heard some people say

298

00:13:45,079 --> 00:13:42,990

palladium I don't know but that's what

299

00:13:46,699 --> 00:13:45,089

they look like and yeah it was very

300

00:13:50,480 --> 00:13:46,709

serene and very calm and very peaceful

301
00:13:52,069 --> 00:13:50,490
but as you said correctly I mean at the

302
00:13:52,880 --> 00:13:52,079
time I had no reference material of

303
00:13:54,680 --> 00:13:52,890
anything to go on

304
00:13:56,780 --> 00:13:54,690
I didn't know anything about paul weitz

305
00:13:59,380 --> 00:13:56,790
or the reptilian or the grey or anything

306
00:14:02,990 --> 00:13:59,390
so I was about you know well into my

307
00:14:06,410 --> 00:14:03,000
teenagers you know the significance of

308
00:14:08,810 --> 00:14:06,420
it then but yeah that's the things like

309
00:14:10,100 --> 00:14:08,820
sort of I recognize maybe what planted

310
00:14:12,319 --> 00:14:10,110
the seeds to get me involved but I

311
00:14:15,259 --> 00:14:12,329
didn't really allow him to take fruition

312
00:14:19,250 --> 00:14:15,269
until about 12 years ago have you ever

313
00:14:21,170 --> 00:14:19,260

actually seen a UFO then yes I've seen a

314

00:14:22,460 --> 00:14:21,180

bar I've seen a couple actually but two

315

00:14:25,640 --> 00:14:22,470

that I'm very

316

00:14:29,060 --> 00:14:25,650

convinced our real was when I was about

317

00:14:31,670 --> 00:14:29,070

seven maybe going on eight because my

318

00:14:33,800 --> 00:14:31,680

birthday's in the summer and it was just

319

00:14:35,360 --> 00:14:33,810

after the school holiday so I would have

320

00:14:37,850 --> 00:14:35,370

been late seven years old there really

321

00:14:39,530 --> 00:14:37,860

just turn eight I was playing in the

322

00:14:41,720 --> 00:14:39,540

street with some of my friends and you

323

00:14:46,430 --> 00:14:41,730

know his kids do you play you laugh you

324

00:14:49,130 --> 00:14:46,440

joke it was just about the Sun had just

325

00:14:51,920 --> 00:14:49,140

gone down but one part of the sky was

326

00:14:54,260 --> 00:14:51,930

very still very lightly print but with

327

00:14:56,090 --> 00:14:54,270

the Sun just gone down like for about 45

328

00:14:57,410 --> 00:14:56,100

minutes then the other end of sky was

329

00:15:00,170 --> 00:14:57,420

all pitch black you know because the

330

00:15:02,000 --> 00:15:00,180

night's coming in it was in this

331

00:15:04,970 --> 00:15:02,010

direction that we know is something very

332

00:15:08,000 --> 00:15:04,980

strange and it was a series of very

333

00:15:10,100 --> 00:15:08,010

unusual lights and I only describe them

334

00:15:12,350 --> 00:15:10,110

as red yellow and orange but they

335

00:15:15,050 --> 00:15:12,360

blended into each other like meld it

336

00:15:18,350 --> 00:15:15,060

into the colors yeah and I remember the

337

00:15:20,330 --> 00:15:18,360

old your ad show with um what was it

338

00:15:23,060 --> 00:15:20,340

called Knight Rider and the cavea or the

339

00:15:25,310 --> 00:15:23,070

kit yeah funny red light going back and

340

00:15:29,300 --> 00:15:25,320

forth like that yeah the the light on

341

00:15:31,850 --> 00:15:29,310

the front of the bonnet of the car if

342

00:15:33,770 --> 00:15:31,860

you take that yellow and are in just

343

00:15:36,140 --> 00:15:33,780

well mess or put it more around a

344

00:15:38,440 --> 00:15:36,150

circular frame that's kind of how it

345

00:15:41,690 --> 00:15:38,450

looked because this this thing I saw was

346

00:15:43,540 --> 00:15:41,700

black disc shaped with those red white

347

00:15:46,820 --> 00:15:43,550

yellow and orange colors underneath and

348

00:15:48,500 --> 00:15:46,830

yeah it didn't make any sound it didn't

349

00:15:50,240 --> 00:15:48,510

look like a plane or a helicopter a

350

00:15:51,980 --> 00:15:50,250

balloon or a kite or any of the other

351

00:15:55,520 --> 00:15:51,990

usual things you'd expect to see

352

00:15:56,960 --> 00:15:55,530

especially from that time yeah as fast I

353

00:15:59,390 --> 00:15:56,970

sorted for about two or three minutes a

354

00:16:02,030 --> 00:15:59,400

few of us are all looking at it and I

355

00:16:03,500 --> 00:16:02,040

cannot really can look at it but as fast

356

00:16:05,270 --> 00:16:03,510

as you could like turn your head and

357

00:16:06,650 --> 00:16:05,280

look again it was gone I mean it didn't

358

00:16:08,240 --> 00:16:06,660

come over us it didn't go into the

359

00:16:10,310 --> 00:16:08,250

distance it didn't all left all right it

360

00:16:11,360 --> 00:16:10,320

was just like it's there that was gone

361

00:16:13,760 --> 00:16:11,370

it's like you just switched off its

362

00:16:16,720 --> 00:16:13,770

lights or something or poked maybe as

363

00:16:19,580 --> 00:16:16,730

some people would say yeah it's drawn

364

00:16:21,880 --> 00:16:19,590

any wings or anything like that on it I

365

00:16:26,060 --> 00:16:21,890

didn't see any wings I'm not just a desk

366

00:16:28,490 --> 00:16:26,070

very interesting absolutely sir very

367

00:16:30,920 --> 00:16:28,500

very what year would this be about what

368

00:16:34,530 --> 00:16:30,930

would roughly alright you know about

369

00:16:38,280 --> 00:16:34,540

1918 answer obviously that sound

370

00:16:40,710 --> 00:16:38,290

but I decide no 189 I would say more 89

371

00:16:42,810 --> 00:16:40,720

year nineteen eight year so there'd be

372

00:16:44,700 --> 00:16:42,820

nothing in the sky then no drones or

373

00:16:46,890 --> 00:16:44,710

anything like that and you know an

374

00:16:48,780 --> 00:16:46,900

aircraft usually have their wings on

375

00:16:51,510 --> 00:16:48,790

them directly yeah this is not nervous

376

00:16:53,130 --> 00:16:51,520

when a drone or or you know some taught

377

00:16:55,830 --> 00:16:53,140

someone's Toria floating in the air or

378

00:16:57,390 --> 00:16:55,840

hovering this was when you had planes

379

00:16:59,130 --> 00:16:57,400

and helicopters coming over us all the

380

00:17:01,140 --> 00:16:59,140

time and you know we know what they

381

00:17:03,180 --> 00:17:01,150

sound like this it's a constant constant

382

00:17:04,740 --> 00:17:03,190

thing of anything it's kids like to look

383

00:17:07,110 --> 00:17:04,750

at how the copters passing over all

384

00:17:08,160 --> 00:17:07,120

plates class and all the but I mean if

385

00:17:10,230 --> 00:17:08,170

this thing was a plane or a helicopter

386

00:17:11,760 --> 00:17:10,240

they would have to have hadn't found a

387

00:17:17,790 --> 00:17:11,770

way to hover rather silently without as

388

00:17:19,800 --> 00:17:17,800

no ascent yes but anyway now in our well

389

00:17:22,470 --> 00:17:19,810

somewhat brief introduction we mentioned

390

00:17:25,260 --> 00:17:22,480

9/11 what was it about 9/11 that

391

00:17:27,060 --> 00:17:25,270

attracted you to that actual event just

392

00:17:29,070 --> 00:17:27,070

the lies being told by Bush really I

393

00:17:31,710 --> 00:17:29,080

mean I couldn't understand how his

394

00:17:34,350 --> 00:17:31,720

country didn't know how to defend itself

395

00:17:37,380 --> 00:17:34,360

I mean that was the first thing I always

396

00:17:38,670 --> 00:17:37,390

imagined I couldn't understand how one

397

00:17:39,900 --> 00:17:38,680

of the most well the most powerful

398

00:17:42,210 --> 00:17:39,910

country in the world could be taken off

399

00:17:44,240 --> 00:17:42,220

guard so lightly that was the first

400

00:17:48,330 --> 00:17:44,250

thing they started looking into I mean

401
00:17:50,040 --> 00:17:48,340
and then you start to see that they

402
00:17:52,710 --> 00:17:50,050
never were going to investigate it and

403
00:17:54,630 --> 00:17:52,720
then the 9/11 Commission's stuff started

404
00:17:56,190 --> 00:17:54,640
and then all the questions started

405
00:17:57,810 --> 00:17:56,200
flooding in then you know why didn't

406
00:18:00,120 --> 00:17:57,820
they prepare why didn't they defend

407
00:18:01,530 --> 00:18:00,130
themselves how come the Pentagon was

408
00:18:03,060 --> 00:18:01,540
allowed to be hit when it was clear by

409
00:18:04,740 --> 00:18:03,070
the second impact at least that the

410
00:18:06,990 --> 00:18:04,750
perico was under attack on live

411
00:18:10,230 --> 00:18:07,000
television it just sort of spread from

412
00:18:12,810 --> 00:18:10,240
there yeah I will admit that you know I

413
00:18:15,270 --> 00:18:12,820

mean it well I really don't know a lot

414

00:18:17,130 --> 00:18:15,280

about the 9/11 incident myself obviously

415

00:18:19,470 --> 00:18:17,140

I've seen so many the information that

416

00:18:21,390 --> 00:18:19,480

is going around on YouTube with aircraft

417

00:18:23,430 --> 00:18:21,400

wings being in places that shouldn't be

418

00:18:24,870 --> 00:18:23,440

in front of the buildings where you know

419

00:18:27,480 --> 00:18:24,880

when the aircraft was at the back and

420

00:18:28,980 --> 00:18:27,490

all this kind of stuff but you know it

421

00:18:31,230 --> 00:18:28,990

is that something I've really really

422

00:18:33,420 --> 00:18:31,240

looked into in great depth to be quite

423

00:18:37,980 --> 00:18:33,430

honest so he's still convinced that it

424

00:18:41,640 --> 00:18:37,990

was a poor job oh definitely I mean all

425

00:18:43,620 --> 00:18:41,650

the evidence that I've seen and people

426
00:18:45,930 --> 00:18:43,630
who won't spoken to personally we've

427
00:18:48,210 --> 00:18:45,940
been doing really good research on I'll

428
00:18:49,680 --> 00:18:48,220
give you two examples

429
00:18:52,230 --> 00:18:49,690
I probably if you probably know this one

430
00:18:55,259 --> 00:18:52,240
it's a dr. Julie woods where did the

431
00:18:56,639 --> 00:18:55,269
towers go you can see that you know

432
00:18:57,869 --> 00:18:56,649
whatever happened in whatever's

433
00:19:00,029 --> 00:18:57,879
happening to those towers they're

434
00:19:02,639 --> 00:19:00,039
turning into dust in midair I mean

435
00:19:04,259 --> 00:19:02,649
you've got huge chunks of Steel huge

436
00:19:05,519 --> 00:19:04,269
chunks of Steel just falling through the

437
00:19:07,169 --> 00:19:05,529
air not even hitting the floor

438
00:19:09,269 --> 00:19:07,179

they're just turned to powder in Madeira

439

00:19:11,639 --> 00:19:09,279

just breaking apart some by Handsome it

440

00:19:15,119 --> 00:19:11,649

seems then you know there's no mechanism

441

00:19:16,499 --> 00:19:15,129

that we know of we know of naught but

442

00:19:17,669 --> 00:19:16,509

not the time you know no kind of jet

443

00:19:20,039 --> 00:19:17,679

fuel or explosion or anything is going

444

00:19:21,960 --> 00:19:20,049

to do that so if you want to check out

445

00:19:24,299 --> 00:19:21,970

that particular work I would recommend

446

00:19:27,119 --> 00:19:24,309

everyone do so and there's a recent

447

00:19:28,320 --> 00:19:27,129

documentary that's you know for a couple

448

00:19:31,950 --> 00:19:28,330

of months now actually I believe it's

449

00:19:35,970 --> 00:19:31,960

called 9/11 full alchemy yeah this one

450

00:19:38,100 --> 00:19:35,980

is by Wolf Clan media I think the owner

451
00:19:40,230 --> 00:19:38,110
of that is Chris Hampton and it

452
00:19:43,139 --> 00:19:40,240
predominantly stars a person called Mark

453
00:19:45,779 --> 00:19:43,149
Conlan yeah of those two along with

454
00:19:47,399 --> 00:19:45,789
other researchers have been putting

455
00:19:49,440 --> 00:19:47,409
together probably the best evidence that

456
00:19:51,690 --> 00:19:49,450
shows that whatever hit those buildings

457
00:19:54,720 --> 00:19:51,700
whatever it was builders were not real

458
00:19:55,950 --> 00:19:54,730
physical planes you know I know some

459
00:19:58,499 --> 00:19:55,960
people may laugh at that but

460
00:20:00,779 --> 00:19:58,509
unfortunately the evidence doesn't fit

461
00:20:03,539 --> 00:20:00,789
for a real imp live impact it's more

462
00:20:05,190 --> 00:20:03,549
like some other exotic technology that

463
00:20:08,009 --> 00:20:05,200

they use to convince people that it was

464

00:20:09,419 --> 00:20:08,019

but all I can say is just people go look

465

00:20:11,310 --> 00:20:09,429

at it but I mean if a plane is hitting

466

00:20:12,869 --> 00:20:11,320

that building real physical plane it's

467

00:20:15,029 --> 00:20:12,879

gonna smash against the side and fall

468

00:20:15,330 --> 00:20:15,039

down onto the street only trouble for

469

00:20:18,509 --> 00:20:15,340

everyone

470

00:20:20,990 --> 00:20:18,519

not what we see it just goes right in

471

00:20:24,180 --> 00:20:21,000

you know the laws of physics are totally

472

00:20:26,549 --> 00:20:24,190

violated here and all the other things

473

00:20:29,879 --> 00:20:26,559

that people have since figured out the

474

00:20:31,889 --> 00:20:29,889

impossible speeds for instance yeah so

475

00:20:35,159 --> 00:20:31,899

along with without then I mean we

476

00:20:36,930 --> 00:20:35,169

mentioned an ancient alien air theory

477

00:20:39,539 --> 00:20:36,940

smaller let's say it's an alien

478

00:20:40,169 --> 00:20:39,549

phenomena ancient yeah UFOs if you want

479

00:20:42,869 --> 00:20:40,179

to put it that way

480

00:20:45,060 --> 00:20:42,879

in our introduction you know so what

481

00:20:49,440 --> 00:20:45,070

what do you believe the earth has been

482

00:20:51,690 --> 00:20:49,450

visited in the past I'm definitely more

483

00:20:55,440 --> 00:20:51,700

Massiah saying that the earth has been

484

00:20:58,619 --> 00:20:55,450

visited in the past yes I think a lot of

485

00:21:01,379 --> 00:20:58,629

the ancient traditions and civilizations

486

00:21:02,310 --> 00:21:01,389

talk about visitors in strange vehicles

487

00:21:04,740 --> 00:21:02,320

shall we say coming

488

00:21:06,720 --> 00:21:04,750

coming to their lands and teaching them

489

00:21:08,820 --> 00:21:06,730

all kinds of things like civilization

490

00:21:10,169 --> 00:21:08,830

for instance yeah

491

00:21:14,340 --> 00:21:10,179

taught them how to build and how to

492

00:21:17,009 --> 00:21:14,350

construct it seems like I mean you can

493

00:21:19,409 --> 00:21:17,019

just I mean look at in the Bible in the

494

00:21:21,060 --> 00:21:19,419

in the Genesis passages this one that

495

00:21:23,549 --> 00:21:21,070

I've always liked the car number the

496

00:21:25,680 --> 00:21:23,559

name of it but it's like it says that

497

00:21:28,860 --> 00:21:25,690

let us go down and create man in our own

498

00:21:30,659 --> 00:21:28,870

image after our likeness I mean well the

499

00:21:32,220 --> 00:21:30,669

fast in Genesis to start a creation of

500

00:21:34,499 --> 00:21:32,230

everything what does it mean by let us

501
00:21:36,450 --> 00:21:34,509
go down and create man in our own image

502
00:21:39,330 --> 00:21:36,460
it means that someone something is

503
00:21:41,669 --> 00:21:39,340
already here and they somehow have

504
00:21:43,860 --> 00:21:41,679
changed it change this you will list

505
00:21:46,350 --> 00:21:43,870
this life form it's what they look like

506
00:21:49,730 --> 00:21:46,360
to be able to live amongst them so yeah

507
00:21:52,919 --> 00:21:49,740
but I do think I do think we have been

508
00:21:56,960 --> 00:21:52,929
visited in the past I'm even willing to

509
00:22:00,029 --> 00:21:56,970
say that some some civilizations which

510
00:22:02,039 --> 00:22:00,039
may have existed prior Ice Age did

511
00:22:03,840 --> 00:22:02,049
actually find a way to communicate long

512
00:22:06,119 --> 00:22:03,850
distance or even became space bearing

513
00:22:07,590 --> 00:22:06,129

themselves and that's maybe part of the

514

00:22:09,830 --> 00:22:07,600

reason why we find very little remains

515

00:22:12,119 --> 00:22:09,840

of them on the earth yeah because I mean

516

00:22:13,440 --> 00:22:12,129

you know you look at the you look at

517

00:22:15,269 --> 00:22:13,450

some of the amazing structures around

518

00:22:18,060 --> 00:22:15,279

the world especially the pyramids I mean

519

00:22:19,350 --> 00:22:18,070

no one knows how they were built I mean

520

00:22:21,090 --> 00:22:19,360

there's been endless discussions on that

521

00:22:22,830 --> 00:22:21,100

but I've yet to be convinced by anyone

522

00:22:25,259 --> 00:22:22,840

that says you can do it with ropes and

523

00:22:27,869 --> 00:22:25,269

logs and stone tools and everything else

524

00:22:29,789 --> 00:22:27,879

but yeah you know I mean it's it's an

525

00:22:32,009 --> 00:22:29,799

ongoing debate and you can talk about it

526

00:22:34,289 --> 00:22:32,019

for hours on end but for me it's just

527

00:22:36,539 --> 00:22:34,299

you know there is a lot of evidence that

528

00:22:38,820 --> 00:22:36,549

shows advanced civilizations even before

529

00:22:41,789 --> 00:22:38,830

the Ice Age if you fail to follow the

530

00:22:44,519 --> 00:22:41,799

work of Graham Hancock or rather prevail

531

00:22:51,299 --> 00:22:44,529

or John Anthony West or people along

532

00:22:53,549 --> 00:22:51,309

them lines absolutely no I I don't know

533

00:22:56,940 --> 00:22:53,559

if you know where but I met von Daniken

534

00:22:59,490 --> 00:22:56,950

a number of years back in Vienna the

535

00:23:01,249 --> 00:22:59,500

fascinating man I mean I remember

536

00:23:05,039 --> 00:23:01,259

reading you know Chariots of the Gods

537

00:23:08,310 --> 00:23:05,049

and that had a big influence on myself I

538

00:23:10,019 --> 00:23:08,320

think what the ancient astronaut theory

539

00:23:13,289 --> 00:23:10,029

as it's more commonly known and

540

00:23:15,930 --> 00:23:13,299

certainly Chariots of the Gods sort of

541

00:23:19,350 --> 00:23:15,940

implies these that don't accept

542

00:23:23,910 --> 00:23:19,360

everything at face value and looking to

543

00:23:26,130 --> 00:23:23,920

it and and and question it and come to

544

00:23:29,100 --> 00:23:26,140

your own conclusions if you know and

545

00:23:31,980 --> 00:23:29,110

that's that's what I got when I spoke I

546

00:23:35,520 --> 00:23:31,990

had dinner with with von daniken a

547

00:23:38,640 --> 00:23:35,530

conferencing in in Vienna and and that

548

00:23:40,470 --> 00:23:38,650

was easy sort of advice to me was you

549

00:23:43,470 --> 00:23:40,480

know gone look at the the evidence and

550

00:23:44,880 --> 00:23:43,480

make up your own mind I mean I was

551
00:23:47,360 --> 00:23:44,890
listening to Gary mention there about

552
00:23:51,180 --> 00:23:47,370
the pyramids my wife and I we went to

553
00:23:55,650 --> 00:23:51,190
Egypt in 2010 and we visited the

554
00:23:57,630 --> 00:23:55,660
pyramids they are a fascinating

555
00:23:59,700 --> 00:23:57,640
structure whichever way you want to look

556
00:24:01,710 --> 00:23:59,710
at it just as a bit of a laugh we had a

557
00:24:04,290 --> 00:24:01,720
guide going around the pyramids yvn and

558
00:24:06,180 --> 00:24:04,300
I told him I thought that the Sphinx and

559
00:24:07,770 --> 00:24:06,190
the purlins was built by aliens and he

560
00:24:11,940 --> 00:24:07,780
didn't know where look I don't believe

561
00:24:13,560 --> 00:24:11,950
that that you know he had no answer to

562
00:24:15,210 --> 00:24:13,570
that I talk we should have seen the look

563
00:24:17,010 --> 00:24:15,220

on his face I don't think anybody had

564

00:24:20,010 --> 00:24:17,020

ever said that to it all the time he'd

565

00:24:22,580 --> 00:24:20,020

been doing that but he's like to be

566

00:24:24,750 --> 00:24:22,590

controversial filled earlier well

567

00:24:27,360 --> 00:24:24,760

there's another thing there's queen

568

00:24:29,850 --> 00:24:27,370

hatshepsut probably um pronounce that

569

00:24:33,320 --> 00:24:29,860

correct well all the ferals

570

00:24:36,990 --> 00:24:33,330

were male and she was the only female

571

00:24:39,390 --> 00:24:37,000

pharaoh and she wore the false beard and

572

00:24:42,570 --> 00:24:39,400

she used to strap down her her breasts

573

00:24:45,710 --> 00:24:42,580

to keep them flat and the way she said

574

00:24:47,760 --> 00:24:45,720

to me do you know how she you know

575

00:24:49,380 --> 00:24:47,770

convinced them that she you know she

576

00:24:52,950 --> 00:24:49,390

could be pharaoh I said what you know

577

00:24:54,690 --> 00:24:52,960

and no no I made I made some bad comment

578

00:24:57,000 --> 00:24:54,700

and then any in ill it fell over but

579

00:24:58,830 --> 00:24:57,010

it's cuz she convinced the powers that

580

00:25:01,260 --> 00:24:58,840

be at that time that she'd been a man in

581

00:25:02,910 --> 00:25:01,270

a previous egg the previous life so

582

00:25:05,550 --> 00:25:02,920

there then I'll have allowed her to be

583

00:25:08,070 --> 00:25:05,560

Pharaoh but it is fast I don't have you

584

00:25:09,960 --> 00:25:08,080

ever been to the pyramids Gary no it's

585

00:25:14,190 --> 00:25:09,970

definitely something I'd want to do I

586

00:25:16,260 --> 00:25:14,200

mean I've watched John Arnie West give

587

00:25:18,240 --> 00:25:16,270

tours on this and fortunately he's no

588

00:25:21,540 --> 00:25:18,250

longer with us but I would love to have

589

00:25:24,000 --> 00:25:21,550

taken a tour with him yeah one of the

590

00:25:27,420 --> 00:25:24,010

intriguing things that above all is is

591

00:25:29,550 --> 00:25:27,430

the is dis Fink's because the Sphinx is

592

00:25:32,340 --> 00:25:29,560

carved out of the bedrock you know it's

593

00:25:35,400 --> 00:25:32,350

not assembled from elsewhere no in in

594

00:25:36,600 --> 00:25:35,410

the Sphinx enclosure you see weathering

595

00:25:39,150 --> 00:25:36,610

on the size of it

596

00:25:42,120 --> 00:25:39,160

yeah I've seen yeah that whether he's

597

00:25:45,210 --> 00:25:42,130

caused by water but there hasn't been

598

00:25:48,780 --> 00:25:45,220

those sufficient quantities of water in

599

00:25:50,550 --> 00:25:48,790

that region somewhere around about ten

600

00:25:55,050 --> 00:25:50,560

and a half twelve and a half thousand

601
00:25:57,150 --> 00:25:55,060
years BC yeah so that's long before the

602
00:25:59,280 --> 00:25:57,160
Sphinx was supposedly built and

603
00:26:02,240 --> 00:25:59,290
certainly long before the pyramids was

604
00:26:04,140 --> 00:26:02,250
possibly built what what intrigues me

605
00:26:06,450 --> 00:26:04,150
more than anything

606
00:26:08,130 --> 00:26:06,460
Gary about the pyramids when you go

607
00:26:10,860 --> 00:26:08,140
inside we didn't go inside we were

608
00:26:15,120 --> 00:26:10,870
advised not to it's pretty it's pretty

609
00:26:18,630 --> 00:26:15,130
boring to be honest yeah there's no no

610
00:26:20,880 --> 00:26:18,640
decoration I mean you know but if you go

611
00:26:23,250 --> 00:26:20,890
to the value of Kings for example which

612
00:26:26,160 --> 00:26:23,260
we did and you go into one of the tombs

613
00:26:28,770 --> 00:26:26,170

there they are all fabulously decorated

614

00:26:30,630 --> 00:26:28,780

you know so here you have the biggest

615

00:26:32,580 --> 00:26:30,640

structure ever built on earth okay

616

00:26:34,590 --> 00:26:32,590

I think the pyramid was still the

617

00:26:36,030 --> 00:26:34,600

tallest structure aise until something

618

00:26:39,030 --> 00:26:36,040

like the Eiffel Tower was built or

619

00:26:40,470 --> 00:26:39,040

something like that yeah and I think it

620

00:26:44,660 --> 00:26:40,480

may still have the record of being the

621

00:26:47,220 --> 00:26:44,670

heaviest building in the world but yeah

622

00:26:51,210 --> 00:26:47,230

there is no paint engineer there's no

623

00:26:53,220 --> 00:26:51,220

decorations you know and it just puzzles

624

00:26:55,440 --> 00:26:53,230

me why that is it supposed to be the

625

00:26:57,090 --> 00:26:55,450

world I don't know that used to add you

626

00:26:59,190 --> 00:26:57,100

of hoops to meters as well don't they

627

00:27:01,020 --> 00:26:59,200

that's the thing is it I mean they go to

628

00:27:03,060 --> 00:27:01,030

all this trouble to build it for

629

00:27:05,160 --> 00:27:03,070

supposedly a guy who was a megalomaniac

630

00:27:07,830 --> 00:27:05,170

who wanted his name remember for all

631

00:27:10,470 --> 00:27:07,840

time here's a structure that's lasted

632

00:27:12,480 --> 00:27:10,480

you know for thousands of years and

633

00:27:13,980 --> 00:27:12,490

there's no inscription on the front door

634

00:27:16,290 --> 00:27:13,990

I mean you can find it somewhere at the

635

00:27:18,990 --> 00:27:16,300

top of the pyramid oh the Great Pyramid

636

00:27:20,910 --> 00:27:19,000

of Khufu but it's hidden in the corner

637

00:27:23,430 --> 00:27:20,920

somewhere that's well it's a it's fallen

638

00:27:25,740 --> 00:27:23,440

air-cool if there yeah I'm the only the

639

00:27:30,320 --> 00:27:25,750

only statue and it's not even a statue

640

00:27:33,390 --> 00:27:30,330

of Khufu the Pharaoh is is a small

641

00:27:36,630 --> 00:27:33,400

statue were about six inches high height

642

00:27:38,340 --> 00:27:36,640

in the museum you know all the pharaohs

643

00:27:40,110 --> 00:27:38,350

were known you know once they took over

644

00:27:42,630 --> 00:27:40,120

from the last guy was get rid of them

645

00:27:43,379 --> 00:27:42,640

and we'll have my own statues but it

646

00:27:46,859 --> 00:27:43,389

isn't

647

00:27:49,409 --> 00:27:46,869

tree in building I mean they still argue

648

00:27:51,149 --> 00:27:49,419

about if it was built by man whether the

649

00:27:54,349 --> 00:27:51,159

year was one long ramp or was it

650

00:27:58,109 --> 00:27:54,359

something that went around the sides I

651
00:28:00,509 --> 00:27:58,119
don't believe at all but the point is

652
00:28:02,909 --> 00:28:00,519
Gary they don't know no they don't you

653
00:28:06,899 --> 00:28:02,919
know the best archeologists in the world

654
00:28:08,940 --> 00:28:06,909
cannot say definitively this is how the

655
00:28:11,219 --> 00:28:08,950
pyramids were built you know they went

656
00:28:13,499 --> 00:28:11,229
from A to B to C to finish you know they

657
00:28:15,629 --> 00:28:13,509
can't do that and it is a mind-boggling

658
00:28:18,899 --> 00:28:15,639
structure when you see it and of course

659
00:28:21,029 --> 00:28:18,909
when you see it today it's it's right on

660
00:28:23,489 --> 00:28:21,039
the edge of gigs of the town of geek

661
00:28:25,799 --> 00:28:23,499
well Giza is just part of Cairo of

662
00:28:28,139 --> 00:28:25,809
course you know it's very peculiar when

663
00:28:29,549 --> 00:28:28,149

you drive in past these buildings and

664

00:28:33,180 --> 00:28:29,559

you look through the gaps in between

665

00:28:36,119 --> 00:28:33,190

them you can see the pyramids because

666

00:28:38,489 --> 00:28:36,129

all the shows on TV usually tend to get

667

00:28:40,319 --> 00:28:38,499

away from that and just show you the

668

00:28:42,899 --> 00:28:40,329

pyramids and beyond and if could be up

669

00:28:45,629 --> 00:28:42,909

of course beyond is the desert but see

670

00:28:48,839 --> 00:28:45,639

you're only a short walk from modern day

671

00:28:52,680 --> 00:28:48,849

society now but you ever get the chance

672

00:28:54,389 --> 00:28:52,690

golly I would certainly certainly take

673

00:28:57,779 --> 00:28:54,399

it be careful it's still a bit dangerous

674

00:29:01,529 --> 00:28:57,789

there I believe but yeah fascinating

675

00:29:02,699 --> 00:29:01,539

stuff that's yeah well I'm just I'm just

676

00:29:05,569 --> 00:29:02,709

gonna say when you're on about the

677

00:29:08,430 --> 00:29:05,579

Sphinx just to get it out there quick is

678

00:29:09,659 --> 00:29:08,440

Robert Bauval I just finished reading

679

00:29:12,180 --> 00:29:09,669

this but I finished reading spoke a

680

00:29:14,069 --> 00:29:12,190

couple of months back it was a very

681

00:29:16,169 --> 00:29:14,079

interesting read of the mysteries of

682

00:29:17,519 --> 00:29:16,179

Orion I think it was called mm-hmm

683

00:29:21,149 --> 00:29:17,529

alignment of the stars and everything

684

00:29:24,690 --> 00:29:21,159

and he looks when the constellation Leo

685

00:29:27,690 --> 00:29:24,700

rose with the Sun in the east you know

686

00:29:29,609 --> 00:29:27,700

with the Sphinx disgracing and he falls

687

00:29:32,099 --> 00:29:29,619

a fine line back in it back you know the

688

00:29:34,669 --> 00:29:32,109

time line you mentioned 10 or 12,000 BC

689

00:29:37,440 --> 00:29:34,679

mm-hmm I was the time when you know the

690

00:29:39,569 --> 00:29:37,450

the constellation Leo rose in the east

691

00:29:42,209 --> 00:29:39,579

for the Sun no on the Solstice I believe

692

00:29:43,709 --> 00:29:42,219

the summer solstice and but the

693

00:29:46,560 --> 00:29:43,719

interesting thing is you can go back

694

00:29:49,109 --> 00:29:46,570

from the you know being like what you

695

00:29:52,919 --> 00:29:49,119

call it no session of the equinoxes huh

696

00:29:56,159 --> 00:29:52,929

yeah yep yeah so that would 26,000 years

697

00:29:58,130 --> 00:29:56,169

I imagine yeah so that brings you back

698

00:30:01,320 --> 00:29:58,140

to

699

00:30:03,600 --> 00:30:01,330

12,000 plus 26,000 dissect 36-38

700

00:30:05,880 --> 00:30:03,610

thousand years ago that possibly could

701
00:30:07,350 --> 00:30:05,890
have been when the Sphinx was around and

702
00:30:09,120 --> 00:30:07,360
they I'd like listening to people like

703
00:30:11,400 --> 00:30:09,130
John on the West talk about that I mean

704
00:30:14,130 --> 00:30:11,410
his videos are still there and to me

705
00:30:16,680 --> 00:30:14,140
that seems to be I wouldn't I mean it's

706
00:30:18,780 --> 00:30:16,690
a it's a very far far reached idea but

707
00:30:20,490 --> 00:30:18,790
I'm more willing to listen to that then

708
00:30:22,400 --> 00:30:20,500
you know these buildings been only like

709
00:30:25,980 --> 00:30:22,410
four thousand five thousand years old

710
00:30:27,720 --> 00:30:25,990
yeah I mean John John Anthony West and

711
00:30:30,090 --> 00:30:27,730
others you know we're not the

712
00:30:32,880 --> 00:30:30,100
traditional archaeology Sutter sorry

713
00:30:35,789 --> 00:30:32,890

they're the Mavericks I mean the same

714

00:30:37,289 --> 00:30:35,799

happened in paleontology I remember a

715

00:30:39,600 --> 00:30:37,299

chap I can't remember his name but it

716

00:30:42,419 --> 00:30:39,610

was a big guy with a big beard I mean he

717

00:30:44,880 --> 00:30:42,429

was an amateur dinosaur hunter he'd know

718

00:30:47,909 --> 00:30:44,890

you know training you know we didn't go

719

00:30:50,490 --> 00:30:47,919

to university to study it and I he was

720

00:30:54,060 --> 00:30:50,500

talking or many many years ago about the

721

00:30:56,940 --> 00:30:54,070

dinosaurs been related to to to birds

722

00:31:00,000 --> 00:30:56,950

and they and their luck you know they

723

00:31:01,740 --> 00:31:00,010

left him and of course then they found a

724

00:31:03,750 --> 00:31:01,750

fossil called I think it's called a key

725

00:31:05,880 --> 00:31:03,760

op tricks which is basically a small

726

00:31:09,780 --> 00:31:05,890

dinosaur guess what he had on it

727

00:31:11,580 --> 00:31:09,790

feathers you know not feathers in the

728

00:31:14,570 --> 00:31:11,590

conventional songs that we recognize

729

00:31:17,159 --> 00:31:14,580

them but they are related and of course

730

00:31:18,770 --> 00:31:17,169

it's the same with astronomy a lot of

731

00:31:23,909 --> 00:31:18,780

the early astronomy was all done by

732

00:31:26,280 --> 00:31:23,919

amateurs you know and have you ever been

733

00:31:28,830 --> 00:31:26,290

to the pyramids Chris you ever been out

734

00:31:30,930 --> 00:31:28,840

now I've not know up the furthest I have

735

00:31:32,909 --> 00:31:30,940

gone anywhere is Spain or the Canary

736

00:31:34,560 --> 00:31:32,919

Islands to be quite honest and there

737

00:31:34,919 --> 00:31:34,570

parts of Germany but that's about it

738

00:31:37,289 --> 00:31:34,929

really

739

00:31:39,419 --> 00:31:37,299

I mean it is a mind-boggling sigh I've

740

00:31:42,330 --> 00:31:39,429

got a couple of photographs I took when

741

00:31:44,010 --> 00:31:42,340

we were there above my fireplace and you

742

00:31:47,880 --> 00:31:44,020

know and it is a mind-boggling sight

743

00:31:50,970 --> 00:31:47,890

even today it really is but I mean I

744

00:31:54,750 --> 00:31:50,980

have a friend who lives down south he's

745

00:31:56,010 --> 00:31:54,760

he's very skeptical of the the UFO type

746

00:31:57,900 --> 00:31:56,020

of things but he's extremely

747

00:32:01,080 --> 00:31:57,910

knowledgeable about it is a TV producer

748

00:32:03,240 --> 00:32:01,090

so he's not skeptics and just dismiss it

749

00:32:07,350 --> 00:32:03,250

Il just know a lot about the subjects

750

00:32:09,899 --> 00:32:07,360

however it doesn't rule out the ancient

751
00:32:10,720 --> 00:32:09,909
astronauts I found that quite intriguing

752
00:32:13,480 --> 00:32:10,730
you

753
00:32:15,520 --> 00:32:13,490
no and I think it's just one of those

754
00:32:18,910 --> 00:32:15,530
subjects that once you get into it is

755
00:32:21,850 --> 00:32:18,920
endless and fascinating and I was very

756
00:32:24,970 --> 00:32:21,860
pleased and honored to meet von Daniken

757
00:32:26,740 --> 00:32:24,980
and who knows maybe meet him again one

758
00:32:28,300 --> 00:32:26,750
day maybe haven't the outer limits

759
00:32:32,950 --> 00:32:28,310
conference one day Chris you never know

760
00:32:34,900 --> 00:32:32,960
maybe so if I get rich yeah we can I can

761
00:32:36,970 --> 00:32:34,910
I just ask one other thing I think on

762
00:32:40,600 --> 00:32:36,980
the information that Chris sent me here

763
00:32:46,210 --> 00:32:40,610

you were interested in the the Kennedy

764

00:32:48,730 --> 00:32:46,220

assassination as well yeah the 9/11

765

00:32:50,620 --> 00:32:48,740

stuff because I realized there was some

766

00:32:53,500 --> 00:32:50,630

very interesting coincide coincidences

767

00:32:55,660 --> 00:32:53,510

with the 9/11 Commission the Warren

768

00:32:58,510 --> 00:32:55,670

Commission and just how they seem to

769

00:33:00,670 --> 00:32:58,520

accept the media's narrative and what

770

00:33:02,920 --> 00:33:00,680

was being said pretty much on the same

771

00:33:04,480 --> 00:33:02,930

day when really no investigations took

772

00:33:06,730 --> 00:33:04,490

place the media just put the story out

773

00:33:08,440 --> 00:33:06,740

matter what they went with Bobby would

774

00:33:11,410 --> 00:33:08,450

Lee Harvey Oswald was the lone assassin

775

00:33:12,340 --> 00:33:11,420

and bin Laden was the man for 9/11 and

776

00:33:14,230 --> 00:33:12,350

that was basically it

777

00:33:16,300 --> 00:33:14,240

all evidence was found to support those

778

00:33:18,310 --> 00:33:16,310

conclusions rather than looking at the

779

00:33:21,040 --> 00:33:18,320

evidence and then let it tell you what

780

00:33:23,620 --> 00:33:21,050

actually happened yeah I mean again it's

781

00:33:24,910 --> 00:33:23,630

an area I've looked into a niche it's

782

00:33:29,110 --> 00:33:24,920

another it's an area that still

783

00:33:31,860 --> 00:33:29,120

continues to fascinate me if I just want

784

00:33:35,890 --> 00:33:31,870

to say you know a lot of people focus on

785

00:33:37,480 --> 00:33:35,900

who the shooters were you know who may

786

00:33:39,880 --> 00:33:37,490

have benefited and you know those are

787

00:33:42,160 --> 00:33:39,890

all fascinating subjects but I mean if

788

00:33:43,720 --> 00:33:42,170

anybody's never looked into it the only

789

00:33:45,760 --> 00:33:43,730

things you need to look at is the

790

00:33:48,370 --> 00:33:45,770

position our view Lee Harvey Oswald was

791

00:33:50,170 --> 00:33:48,380

in what actually happened to Kennedy and

792

00:33:53,050 --> 00:33:50,180

Connally in the vehicle they were

793

00:33:54,760 --> 00:33:53,060

traveling then you can study the support

794

00:33:57,430 --> 00:33:54,770

of firm you can see quickly like miles

795

00:34:00,090 --> 00:33:57,440

head Kennedy said on that final headshot

796

00:34:02,800 --> 00:34:00,100

it just finally shoots him back I mean

797

00:34:05,470 --> 00:34:02,810

I've never seen anyone explained to me

798

00:34:08,140 --> 00:34:05,480

how a person shot from behind from a

799

00:34:10,450 --> 00:34:08,150

right-to-left trajectory and Tommy's

800

00:34:12,730 --> 00:34:10,460

head fly back like that yeah there's

801
00:34:15,100 --> 00:34:12,740
such a violent impact I mean it's i mean

802
00:34:17,380 --> 00:34:15,110
i i've heard some silly explanations but

803
00:34:20,290 --> 00:34:17,390
I've never seen anyone demonstrate them

804
00:34:23,080 --> 00:34:20,300
effectively or even offer proper

805
00:34:24,310 --> 00:34:23,090
scientific what's the word definition

806
00:34:26,710 --> 00:34:24,320
for you know this is a clack

807
00:34:28,990 --> 00:34:26,720
how it works yeah what is quite

808
00:34:32,290 --> 00:34:29,000
interesting there is in some of the film

809
00:34:35,230 --> 00:34:32,300
footage of the event and you can

810
00:34:38,890 --> 00:34:35,240
actually see his head swing back as you

811
00:34:40,860 --> 00:34:38,900
say but you also see em I've got the

812
00:34:43,720 --> 00:34:40,870
name of his wife now with a Jackie

813
00:34:44,170 --> 00:34:43,730

Kennedy Jacqueline Kennedy whatever her

814

00:34:46,090 --> 00:34:44,180

name was

815

00:34:48,670 --> 00:34:46,100

she actually jumps out the back of the

816

00:34:51,190 --> 00:34:48,680

car that the travel again and clamps

817

00:34:53,740 --> 00:34:51,200

onto the boot area of the car to pick

818

00:34:55,600 --> 00:34:53,750

his head the rear of his skull up you

819

00:34:57,880 --> 00:34:55,610

know I'm gonna try and pretend I think

820

00:35:01,810 --> 00:34:57,890

she was trying to do so clearly it was

821

00:35:05,680 --> 00:35:01,820

shot from the front yeah yeah yeah it's

822

00:35:08,950 --> 00:35:05,690

a fascinating you know if you ever want

823

00:35:11,410 --> 00:35:08,960

to pick a conspiracy theory to get your

824

00:35:13,360 --> 00:35:11,420

teeth in telling the JFK one is there I

825

00:35:16,270 --> 00:35:13,370

mean again I met one of the most

826

00:35:19,570 --> 00:35:16,280

prolific writers and researchers well I

827

00:35:24,580 --> 00:35:19,580

think was the late Jim Marrs Jim's mark

828

00:35:28,270 --> 00:35:24,590

Mars book crossfire was used by Oliver

829

00:35:30,370 --> 00:35:28,280

Stone as part of the JFK movie I met him

830

00:35:32,230 --> 00:35:30,380

out in in Laughlin at the conference

831

00:35:34,300 --> 00:35:32,240

there and it was it was a terrific fella

832

00:35:37,150 --> 00:35:34,310

it really was I mean he could tell

833

00:35:38,680 --> 00:35:37,160

because you could just sit back you know

834

00:35:40,930 --> 00:35:38,690

get yourself a drink sit back and ask

835

00:35:43,420 --> 00:35:40,940

him a question and the ABA's would just

836

00:35:45,730 --> 00:35:43,430

go by you know he had yes but it wasn't

837

00:35:48,430 --> 00:35:45,740

pardon he just knew so much

838

00:35:51,940 --> 00:35:48,440

and he'd been there he'd spoken to the

839

00:35:52,720 --> 00:35:51,950

people you know he it was it was a again

840

00:35:54,760 --> 00:35:52,730

it was a deliah

841

00:35:56,740 --> 00:35:54,770

to get the chance to speak to him in

842

00:36:00,400 --> 00:35:56,750

person because I'd read his book prior

843

00:36:02,890 --> 00:36:00,410

prior to meeting him and of course Jim

844

00:36:05,980 --> 00:36:02,900

was also uh you know a fan and a

845

00:36:10,930 --> 00:36:05,990

believer of the the the UFO phenomena as

846

00:36:14,580 --> 00:36:10,940

well but it is a an ongoing interest of

847

00:36:19,930 --> 00:36:14,590

mine gallery that's why I asked you

848

00:36:22,750 --> 00:36:19,940

it's I have a few books here and I have

849

00:36:24,630 --> 00:36:22,760

a few more on my list I think but yeah

850

00:36:30,070 --> 00:36:24,640

fascinating stuff

851

00:36:31,360 --> 00:36:30,080

yes definitely so I do nerve from some

852

00:36:33,250 --> 00:36:31,370

of the information that you've sent a

853

00:36:35,109 --> 00:36:33,260

scary that you've you know you've had an

854

00:36:37,479 --> 00:36:35,119

interest in the moon landings

855

00:36:39,099 --> 00:36:37,489

and what if the NASA and the military go

856

00:36:41,469 --> 00:36:39,109

and government in fact you know the

857

00:36:43,630 --> 00:36:41,479

American government no doubt he's hiding

858

00:36:46,859 --> 00:36:43,640

in terms of the UFO and alien phenomena

859

00:36:48,099 --> 00:36:46,869

what's your opinion of the moon landings

860

00:36:51,489 --> 00:36:48,109

hmm

861

00:36:55,479 --> 00:36:51,499

well I mean you know a lot of people

862

00:36:57,309 --> 00:36:55,489

like to discuss the idea whether or not

863

00:36:59,499 --> 00:36:57,319

we went with the technology they said

864

00:37:01,450 --> 00:36:59,509

they had the lunar module and the

865

00:37:05,289 --> 00:37:01,460

computers on the Saturn 5 rocket and

866

00:37:06,789 --> 00:37:05,299

everything else I'm not convinced they

867

00:37:08,650 --> 00:37:06,799

did it that way I think they were going

868

00:37:11,469 --> 00:37:08,660

to the moon anyway in some of the

869

00:37:13,239 --> 00:37:11,479

capacity because I think they may have

870

00:37:14,680 --> 00:37:13,249

had a lot of secret technologies from as

871

00:37:16,259 --> 00:37:14,690

early as the days when they discovered

872

00:37:21,190 --> 00:37:16,269

whatever it was a crashed it was well

873

00:37:23,349 --> 00:37:21,200

yeah now when it comes to the moon

874

00:37:25,690 --> 00:37:23,359

landings in the official capacity the

875

00:37:28,989 --> 00:37:25,700

problem I have is one the Van Allen

876

00:37:31,690 --> 00:37:28,999

belts and the radiation that goes with

877

00:37:33,459 --> 00:37:31,700

that but even if that's not enough to

878

00:37:36,339 --> 00:37:33,469

convince you there's something wrong

879

00:37:38,380 --> 00:37:36,349

then it's just a photographs you know

880

00:37:39,099 --> 00:37:38,390

the photographs that NASA put out for

881

00:37:41,170 --> 00:37:39,109

everyone to see

882

00:37:43,870 --> 00:37:41,180

I mean they were supposed to have landed

883

00:37:45,249 --> 00:37:43,880

on the moon with their booster rockets

884

00:37:47,769 --> 00:37:45,259

firing underneath you had to slow their

885

00:37:49,329 --> 00:37:47,779

descent mm-hmm mmm you know it was

886

00:37:51,880 --> 00:37:49,339

supposed to create that big creator of

887

00:37:54,910 --> 00:37:51,890

Destin it was supposed to go up and then

888

00:37:56,380 --> 00:37:54,920

land on the modules legs and your

889

00:37:58,779 --> 00:37:56,390

landing pad everything but if you look

890

00:38:00,880 --> 00:37:58,789

at the photographs there and you see the

891

00:38:02,200 --> 00:38:00,890

the golden foil that they covered it you

892

00:38:04,809 --> 00:38:02,210

know to sort of protect them there's no

893

00:38:06,579 --> 00:38:04,819

dust on them at all yeah you know I mean

894

00:38:09,339 --> 00:38:06,589

that box of me is certain it them I mean

895

00:38:12,279 --> 00:38:09,349

that is something that was partly actual

896

00:38:14,289 --> 00:38:12,289

narrative and yet the evidence doesn't

897

00:38:17,519 --> 00:38:14,299

show the narrative being followed you

898

00:38:21,630 --> 00:38:17,529

know what I mean yeah so I mean but I

899

00:38:24,579 --> 00:38:21,640

mean let's just say they did go I mean

900

00:38:26,349 --> 00:38:24,589

something interesting I heard when I was

901
00:38:28,769 --> 00:38:26,359
watching the disclosed a project that

902
00:38:30,940 --> 00:38:28,779
Steven Greer did but in early 2001

903
00:38:32,620 --> 00:38:30,950
mm-hmm there was a fella there I can

904
00:38:35,019 --> 00:38:32,630
remember his name right now but he

905
00:38:38,019 --> 00:38:35,029
talked about how he worked in the late

906
00:38:40,870 --> 00:38:38,029
60s or early 70s as an engineer or data

907
00:38:42,999 --> 00:38:40,880
engineer some kind and somebody told him

908
00:38:45,279 --> 00:38:43,009
they discovered a base on the backside

909
00:38:47,559 --> 00:38:45,289
of them yeah I was before they've

910
00:38:48,760 --> 00:38:47,569
already been sending up the sending the

911
00:38:49,870 --> 00:38:48,770
modules up you know for

912
00:38:52,870 --> 00:38:49,880
they were looking for landing sites

913
00:38:54,820 --> 00:38:52,880

during that time yeah I was like wow

914

00:38:57,220 --> 00:38:54,830

that's interesting so what makes me

915

00:38:58,960 --> 00:38:57,230

wonder is you know maybe they did go to

916

00:39:00,490 --> 00:38:58,970

the moon and they found something and

917

00:39:02,650 --> 00:39:00,500

from there on and they just needed to

918

00:39:05,050 --> 00:39:02,660

keep people distracted away from what

919

00:39:08,380 --> 00:39:05,060

they actually found yeah so they may be

920

00:39:10,510 --> 00:39:08,390

unveiling loads sorry I tell you the one

921

00:39:13,810 --> 00:39:10,520

thing that has always puzzled me and I

922

00:39:18,820 --> 00:39:13,820

know Phil and he witnessed the the

923

00:39:22,690 --> 00:39:18,830

landings as did I in 1969 is the images

924

00:39:25,510 --> 00:39:22,700

when we first saw the images of you know

925

00:39:27,250 --> 00:39:25,520

the lander on the moon and leave the

926
00:39:30,880 --> 00:39:27,260
astronauts moving round on the moon

927
00:39:33,820 --> 00:39:30,890
service surface the the girls like

928
00:39:36,130 --> 00:39:33,830
effects of them jumping around and this

929
00:39:38,530 --> 00:39:36,140
girl star effect was coming out beyond

930
00:39:41,110 --> 00:39:38,540
him and then I mean you remember that

931
00:39:45,100 --> 00:39:41,120
Phil quite clearly as I do and then

932
00:39:46,570 --> 00:39:45,110
after this it suddenly happened that you

933
00:39:48,250 --> 00:39:46,580
know the next landing on the moon we

934
00:39:50,680 --> 00:39:48,260
have more or less perfect crystalline

935
00:39:53,020 --> 00:39:50,690
crystal clear images of what was going

936
00:39:55,180 --> 00:39:53,030
on and I've always found that very very

937
00:39:57,340 --> 00:39:55,190
confusing I must admit yeah I think what

938
00:40:00,100 --> 00:39:57,350

the I think what NASA did I think the

939

00:40:04,840 --> 00:40:00,110

the ghost-like image you saw was a

940

00:40:07,390 --> 00:40:04,850

camera focused on their TV screen so you

941

00:40:10,000 --> 00:40:07,400

won't get in a live feed you kind off if

942

00:40:13,420 --> 00:40:10,010

you know what I mean it wasn't direct so

943

00:40:16,030 --> 00:40:13,430

it's it's like if you again you know in

944

00:40:18,490 --> 00:40:16,040

photography we photographed the TV

945

00:40:20,140 --> 00:40:18,500

screen are the old TV screens anyway you

946

00:40:23,320 --> 00:40:20,150

get the lines that you said go up and

947

00:40:25,420 --> 00:40:23,330

down it yeah that's that was the effect

948

00:40:28,060 --> 00:40:25,430

that did there why they wanted total

949

00:40:30,790 --> 00:40:28,070

control over it so they didn't want to

950

00:40:33,880 --> 00:40:30,800

let it out as a live a live feed in that

951
00:40:36,370 --> 00:40:33,890
respect although it was live but it is

952
00:40:39,070 --> 00:40:36,380
puzzling and we have to remember what

953
00:40:41,830 --> 00:40:39,080
the moon landings were about and what

954
00:40:44,320 --> 00:40:41,840
anything to do with science you know

955
00:40:47,380 --> 00:40:44,330
they were a propaganda race to the moon

956
00:40:49,450 --> 00:40:47,390
against the Russians that's all it was

957
00:40:52,600 --> 00:40:49,460
there was only one geologist that went

958
00:40:56,290 --> 00:40:52,610
to the moon and the rest were were

959
00:40:58,300 --> 00:40:56,300
military men and again we had some of

960
00:41:00,540 --> 00:40:58,310
the astronauts lecture here in

961
00:41:02,800 --> 00:41:00,550
Pontefract and I went to the lecture of

962
00:41:05,770 --> 00:41:02,810
was Aldrin himself

963
00:41:07,960 --> 00:41:05,780

I didn't get chance to meet him or ask a

964

00:41:12,550 --> 00:41:07,970

direct question and you know I tried my

965

00:41:13,870 --> 00:41:12,560

darnedest so you know it was a you know

966

00:41:15,520 --> 00:41:13,880

they like some of the youngsters in the

967

00:41:17,110 --> 00:41:15,530

audience asked questions it were the

968

00:41:19,900 --> 00:41:17,120

same ones that have been asked a million

969

00:41:22,600 --> 00:41:19,910

times I only got the Tyler in space you

970

00:41:25,600 --> 00:41:22,610

know and all this kind of stuff but yeah

971

00:41:27,970 --> 00:41:25,610

I would have liked to have you know what

972

00:41:31,300 --> 00:41:27,980

ten minutes with him if nothing else but

973

00:41:32,830 --> 00:41:31,310

yeah you've certainly got a number of

974

00:41:36,490 --> 00:41:32,840

interests carrying a rather than just

975

00:41:38,950 --> 00:41:36,500

the one oh well I've got quite a lot

976
00:41:41,500 --> 00:41:38,960
more that I haven't mentioned to Chris

977
00:41:43,540 --> 00:41:41,510
but I just said I mean I don't really I

978
00:41:47,200 --> 00:41:43,550
mean I don't watch TV anymore I don't

979
00:41:50,080 --> 00:41:47,210
spend my time looking at it but I find

980
00:41:52,330 --> 00:41:50,090
until we know really fascinating and to

981
00:41:54,340 --> 00:41:52,340
me it's kind of liberating in a way you

982
00:41:56,590 --> 00:41:54,350
know this path the truth about it

983
00:41:58,630 --> 00:41:56,600
well I watched a documentary last night

984
00:42:02,080 --> 00:41:58,640
the really are not about the flat

985
00:42:05,110 --> 00:42:02,090
earthers alright and the the growing

986
00:42:07,660 --> 00:42:05,120
sort of flat earth movement as they call

987
00:42:10,240 --> 00:42:07,670
it and they were convinced that their

988
00:42:12,580 --> 00:42:10,250

their ideas will be soon be accepted by

989

00:42:14,920 --> 00:42:12,590

conventional science but what was

990

00:42:19,720 --> 00:42:14,930

interesting they got a little bit of

991

00:42:21,760 --> 00:42:19,730

money donated and one of their members

992

00:42:24,670 --> 00:42:21,770

was an engineer and they got this kind

993

00:42:26,440 --> 00:42:24,680

of gyro and of course he said that you

994

00:42:28,810 --> 00:42:26,450

know the earth is supposed to race and

995

00:42:31,630 --> 00:42:28,820

rotate at whatever speed and whatever

996

00:42:33,400 --> 00:42:31,640

died you know and this journey will

997

00:42:37,090 --> 00:42:33,410

check if that's true when of course when

998

00:42:38,800 --> 00:42:37,100

he said he or pitied he did confirm that

999

00:42:42,010 --> 00:42:38,810

the earth was spinning at such and such

1000

00:42:44,440 --> 00:42:42,020

a speed and then they had a try to say

1001
00:42:47,710 --> 00:42:44,450
well the earth is flat and we'll send a

1002
00:42:49,840 --> 00:42:47,720
laser from point A to point B and we'll

1003
00:42:51,130 --> 00:42:49,850
mark the the the hike from here and it

1004
00:42:53,710 --> 00:42:51,140
should be get the same height when we

1005
00:42:55,360 --> 00:42:53,720
get because it was you know there was

1006
00:42:59,110 --> 00:42:55,370
the curvature of the earth and you could

1007
00:43:00,400 --> 00:42:59,120
see him going oh oh dear and that's

1008
00:43:03,190 --> 00:43:00,410
where the program ended you know what I

1009
00:43:04,960 --> 00:43:03,200
mean try to say something I mean it go

1010
00:43:08,710 --> 00:43:04,970
ahead Gary you know if they want to I

1011
00:43:10,930 --> 00:43:08,720
mean about this the more than maybe two

1012
00:43:13,270 --> 00:43:10,940
probably three years ago as well okay

1013
00:43:16,180 --> 00:43:13,280

this is interesting because there's such

1014

00:43:18,839 --> 00:43:16,190

distrust in NASA and government and

1015

00:43:21,640 --> 00:43:18,849

mainstream science and everything else I

1016

00:43:25,450 --> 00:43:21,650

mean I can understand why people would

1017

00:43:28,240 --> 00:43:25,460

want to revalue or rethink what they

1018

00:43:30,760 --> 00:43:28,250

think they know but this is just one

1019

00:43:32,650 --> 00:43:30,770

area where you know it seems out our

1020

00:43:36,099 --> 00:43:32,660

ideas of the earth being a globe or a

1021

00:43:37,630 --> 00:43:36,109

sphere are actually correct I find what

1022

00:43:39,069 --> 00:43:37,640

are the other things that I find

1023

00:43:40,690 --> 00:43:39,079

interested is if you're standing in the

1024

00:43:42,849 --> 00:43:40,700

UK and you're looking at the rule yeah

1025

00:43:44,049 --> 00:43:42,859

and then he's standing in Australia and

1026
00:43:47,529 --> 00:43:44,059
you're looking at the moon they upside

1027
00:43:49,930 --> 00:43:47,539
down to each other what is interesting

1028
00:43:54,930 --> 00:43:49,940
as well but what my point is is that

1029
00:44:00,010 --> 00:43:54,940
it's a very simple easily demonstrated

1030
00:44:01,299 --> 00:44:00,020
yet for theory idea I mean you start the

1031
00:44:05,109 --> 00:44:01,309
sense of them and it just gets more

1032
00:44:06,700 --> 00:44:05,119
complicated and more more intricate like

1033
00:44:08,020 --> 00:44:06,710
we going with this you know I mean you

1034
00:44:10,089 --> 00:44:08,030
know you should be able to explain your

1035
00:44:12,370 --> 00:44:10,099
ideas in a simplistic way once you've

1036
00:44:14,430 --> 00:44:12,380
understood the science or at all yeah I

1037
00:44:19,750 --> 00:44:14,440
think you're right I mean there is a

1038
00:44:22,000 --> 00:44:19,760

trend if you want to call it to disagree

1039

00:44:25,299 --> 00:44:22,010

with conventional scientific thinking

1040

00:44:28,630 --> 00:44:25,309

and conventional politics as well that's

1041

00:44:32,289 --> 00:44:28,640

why we have Trump elected in in the US

1042

00:44:36,130 --> 00:44:32,299

that's why we have brexit and we you

1043

00:44:37,660 --> 00:44:36,140

know all the conventional of politics

1044

00:44:42,789 --> 00:44:37,670

he's falling by the wayside

1045

00:44:45,400 --> 00:44:42,799

not completely but reassessing certain

1046

00:44:47,470 --> 00:44:45,410

thing this is trend not a fashion or a

1047

00:44:50,440 --> 00:44:47,480

movement call it what you will

1048

00:44:52,690 --> 00:44:50,450

how long it will last remains to be seen

1049

00:44:55,390 --> 00:44:52,700

but it was certainly interesting because

1050

00:44:57,910 --> 00:44:55,400

the door flew in the Senate will have to

1051
00:45:01,200 --> 00:44:57,920
redo this experiment because you know

1052
00:45:04,150 --> 00:45:01,210
think it's not going to change you know

1053
00:45:06,339 --> 00:45:04,160
it was like I did see they were trying

1054
00:45:08,769 --> 00:45:06,349
to figured out a way of doing the

1055
00:45:11,620 --> 00:45:08,779
experiment to fit their theory you know

1056
00:45:12,849 --> 00:45:11,630
but they're always a way to fudge it

1057
00:45:17,500 --> 00:45:12,859
they were you know the way they wanted

1058
00:45:18,819 --> 00:45:17,510
to fit their ideas but if the facts

1059
00:45:19,930 --> 00:45:18,829
don't fit the theory then you've got to

1060
00:45:23,049 --> 00:45:19,940
change the theory you can't change the

1061
00:45:24,970 --> 00:45:23,059
facts for what would they do because I

1062
00:45:26,680 --> 00:45:24,980
did see a Molly and fun of people are

1063
00:45:27,910 --> 00:45:26,690

quite recently theory but I mean come on

1064

00:45:29,890 --> 00:45:27,920

like you know at some point you've got

1065

00:45:32,950 --> 00:45:29,900

to realize that

1066

00:45:35,530 --> 00:45:32,960

game's up yes I'm just going to point

1067

00:45:36,880 --> 00:45:35,540

out to you but I did see if a theory

1068

00:45:39,520 --> 00:45:36,890

which is actually I believe it was in

1069

00:45:43,420 --> 00:45:39,530

the Daily Mail online in that the Flat

1070

00:45:45,460 --> 00:45:43,430

Earth believers and I've actually got

1071

00:45:47,620 --> 00:45:45,470

all their information from YouTube and

1072

00:45:50,560 --> 00:45:47,630

it's that he's actually pushing the

1073

00:45:52,600 --> 00:45:50,570

belief in the Flat Earth you know and I

1074

00:45:56,080 --> 00:45:52,610

mean being a photographer I've used the

1075

00:45:58,390 --> 00:45:56,090

example before of that if you stand in

1076

00:46:01,120 --> 00:45:58,400

one position and you know if you are

1077

00:46:03,460 --> 00:46:01,130

there you could see clear to the horizon

1078

00:46:05,200 --> 00:46:03,470

if you get somebody to stand so far away

1079

00:46:08,050 --> 00:46:05,210

because of the curvature of the earth

1080

00:46:09,640 --> 00:46:08,060

you can see them from the knees up but

1081

00:46:12,550 --> 00:46:09,650

as the walk towards you you gradually

1082

00:46:14,560 --> 00:46:12,560

see the feet as the walking toward you

1083

00:46:16,200 --> 00:46:14,570

so again proving the curvature of the

1084

00:46:23,530 --> 00:46:16,210

earth

1085

00:46:25,510 --> 00:46:23,540

standard point a and use a telescope and

1086

00:46:28,900 --> 00:46:25,520

just point it out and you should be able

1087

00:46:32,140 --> 00:46:28,910

to see where he ends you know exactly

1088

00:46:35,110 --> 00:46:32,150

exactly it was fully I mean you know I

1089

00:46:36,310 --> 00:46:35,120

mean that what was what was what was

1090

00:46:38,800 --> 00:46:36,320

interesting there was a number of

1091

00:46:43,420 --> 00:46:38,810

conventional scientists who obviously

1092

00:46:45,910 --> 00:46:43,430

disagreed with them but then can of said

1093

00:46:48,370 --> 00:46:45,920

well we understand why they think like

1094

00:46:50,770 --> 00:46:48,380

they do and they're not not they're not

1095

00:46:53,140 --> 00:46:50,780

crazy you know there are intelligent

1096

00:46:54,880 --> 00:46:53,150

people you know and it says it's for us

1097

00:46:56,620 --> 00:46:54,890

to engage with remember we haven't just

1098

00:46:58,540 --> 00:46:56,630

engaged with that we've been to elite

1099

00:47:00,400 --> 00:46:58,550

you know a scientists we know

1100

00:47:03,730 --> 00:47:00,410

everything's correct and weak we're

1101
00:47:06,010 --> 00:47:03,740
we're so clever so you know even they

1102
00:47:09,100 --> 00:47:06,020
made excuses father mother didn't agree

1103
00:47:11,880 --> 00:47:09,110
but it was fascinating my wife just luck

1104
00:47:17,410 --> 00:47:11,890
what's it in shook her head you know

1105
00:47:19,690 --> 00:47:17,420
which is with me anyway Chris did you

1106
00:47:21,880 --> 00:47:19,700
know you're royalty Phil she does got to

1107
00:47:23,650 --> 00:47:21,890
get this right you know I still get to

1108
00:47:28,090 --> 00:47:23,660
try and get it to bow in my presence but

1109
00:47:31,720 --> 00:47:28,100
she's now now what I wanted to do Gary

1110
00:47:33,910 --> 00:47:31,730
was a donor and that over the years

1111
00:47:36,400 --> 00:47:33,920
you've investigated quite a few cases

1112
00:47:39,160 --> 00:47:36,410
and looked into various aspects of cases

1113
00:47:42,910 --> 00:47:39,170

now I do also know that you're a member

1114

00:47:43,620 --> 00:47:42,920

of the Swansea UFO network which leads

1115

00:47:47,010 --> 00:47:43,630

me to

1116

00:47:48,780 --> 00:47:47,020

who asked you that oh you got involved

1117

00:47:51,330 --> 00:47:48,790

with no you're gonna have to forgive my

1118

00:47:53,640 --> 00:47:51,340

pronunciation of this of the name of the

1119

00:47:56,580 --> 00:47:53,650

town because I'm a your cumin and we

1120

00:48:00,560 --> 00:47:56,590

don't speak Welsh so I'm thinking of is

1121

00:48:05,850 --> 00:48:03,660

and you're right within state to give

1122

00:48:08,340 --> 00:48:05,860

you all right then took yeah that's

1123

00:48:10,260 --> 00:48:08,350

right well I'm a half well sure should

1124

00:48:12,990 --> 00:48:10,270

be able to say it my far other was Welsh

1125

00:48:15,990 --> 00:48:13,000

well I'm born and bred in Yorkshire so

1126

00:48:19,410 --> 00:48:16,000

yeah well shop some funny names but you

1127

00:48:21,360 --> 00:48:19,420

know that's that's just letters yep so

1128

00:48:23,010 --> 00:48:21,370

is that what happened they only joined

1129

00:48:26,600 --> 00:48:23,020

this once a year for network and got

1130

00:48:30,480 --> 00:48:26,610

involved I got involved with this one's

1131

00:48:33,560 --> 00:48:30,490

about four years ago I'm still a member

1132

00:48:37,050 --> 00:48:33,570

of the group but I work independently

1133

00:48:40,140 --> 00:48:37,060

yeah just uh just to let you know um but

1134

00:48:41,190 --> 00:48:40,150

yeah I just started go into some of

1135

00:48:44,820 --> 00:48:41,200

their meetings which were very

1136

00:48:46,470 --> 00:48:44,830

interested in and then I thought well no

1137

00:48:48,390 --> 00:48:46,480

this seems like a good idea to maybe you

1138

00:48:49,920 --> 00:48:48,400

get more involved with so just started

1139

00:48:52,710 --> 00:48:49,930

doing some you know just doing some

1140

00:48:54,990 --> 00:48:52,720

field research or online research

1141

00:48:56,880 --> 00:48:55,000

looking for cases that can be documented

1142

00:48:59,640 --> 00:48:56,890

or even just add to the library of the

1143

00:49:01,470 --> 00:48:59,650

cases that they've got and then

1144

00:49:04,110 --> 00:49:01,480

somewhere along the way the Pentek

1145

00:49:06,180 --> 00:49:04,120

incident came along and it took us a

1146

00:49:08,340 --> 00:49:06,190

while to get into that one but once we

1147

00:49:10,260 --> 00:49:08,350

did I mean we initially all started

1148

00:49:12,560 --> 00:49:10,270

together all of us but then I sort of

1149

00:49:15,090 --> 00:49:12,570

branched away from them and just kept

1150

00:49:18,350 --> 00:49:15,100

I'd go in myself because I really wanted

1151
00:49:21,990 --> 00:49:18,360
to get to the heart of it all yeah so

1152
00:49:24,780 --> 00:49:22,000
what I want to do is I want to talk

1153
00:49:27,630 --> 00:49:24,790
about this case because it is growing

1154
00:49:28,920 --> 00:49:27,640
and continuing to grow on a regular

1155
00:49:31,350 --> 00:49:28,930
basis with more and more information

1156
00:49:33,630 --> 00:49:31,360
coming through and do you want to

1157
00:49:35,610 --> 00:49:33,640
outline the case towards an out what

1158
00:49:38,490 --> 00:49:35,620
actually happened at the act the day of

1159
00:49:41,640 --> 00:49:38,500
the event yeah sure excuse me I got a

1160
00:49:43,020 --> 00:49:41,650
bit of a tickly cough lines well that's

1161
00:49:45,420 --> 00:49:43,030
fine if you want to get your drink feel

1162
00:49:48,540 --> 00:49:45,430
free it's okay go hot drink we're both

1163
00:49:51,870 --> 00:49:48,550

okay well alright then I'll start at the

1164

00:49:53,840 --> 00:49:51,880

beginning and then well we'll get into

1165

00:49:57,030 --> 00:49:53,850

the discussion there if you if you like

1166

00:50:00,710 --> 00:49:57,040

absolutely well what happened is

1167

00:50:06,390 --> 00:50:00,720

the actual event itself took place on

1168

00:50:08,310 --> 00:50:06,400

Friday February 26 2016 and this really

1169

00:50:11,490 --> 00:50:08,320

began about half-past two is what I call

1170

00:50:15,180 --> 00:50:11,500

the main event help us to in the morning

1171

00:50:19,740 --> 00:50:15,190

but what had happened three days prior

1172

00:50:22,260 --> 00:50:19,750

to the area of panto and surrounding

1173

00:50:23,640 --> 00:50:22,270

towns and villages and everything so

1174

00:50:26,010 --> 00:50:23,650

they've been a growing military presence

1175

00:50:28,200 --> 00:50:26,020

you know not just trucks on roads or

1176

00:50:31,080 --> 00:50:28,210

anything but helicopters and jets and

1177

00:50:34,170 --> 00:50:31,090

planes in the sky now for someone like

1178

00:50:35,700 --> 00:50:34,180

me who was lived in this area rather I

1179

00:50:39,240 --> 00:50:35,710

don't look too far away from what for

1180

00:50:41,250 --> 00:50:39,250

the Lansing area you know this activity

1181

00:50:42,720 --> 00:50:41,260

was very strange you know I mean I'm

1182

00:50:44,100 --> 00:50:42,730

used to I look up isn't planes flying

1183

00:50:46,260 --> 00:50:44,110

over or not the frequency they were

1184

00:50:48,120 --> 00:50:46,270

doing and we were all wondering you know

1185

00:50:50,790 --> 00:50:48,130

what's going on because they're coming

1186

00:50:52,320 --> 00:50:50,800

around quite often and if flying very

1187

00:50:55,220 --> 00:50:52,330

low the helicopters especially they

1188

00:50:58,530 --> 00:50:55,230

would on the above the mountain line and

1189

00:51:03,180 --> 00:50:58,540

this will continue up and continued on

1190

00:51:09,480 --> 00:51:03,190

until the 24th 25th and Manley draw into

1191

00:51:12,660 --> 00:51:09,490

the 26th of February now pregnant one of

1192

00:51:14,910 --> 00:51:12,670

the primary witnesses Cass Clark she'd

1193

00:51:17,300 --> 00:51:14,920

be with her neighbors and friends do a

1194

00:51:20,580 --> 00:51:17,310

Sky Watch on the Thursday night because

1195

00:51:23,790 --> 00:51:20,590

during the days that was leading up to

1196

00:51:25,380 --> 00:51:23,800

it where it happened she and her

1197

00:51:28,410 --> 00:51:25,390

neighbors have been noticing that a

1198

00:51:31,020 --> 00:51:28,420

series of planes two planes as a matter

1199

00:51:33,240 --> 00:51:31,030

of fact were flying around in a circle

1200

00:51:35,700 --> 00:51:33,250

not even the skies of pantera cologne

1201
00:51:37,260 --> 00:51:35,710
for a moment one plane would come and do

1202
00:51:40,610 --> 00:51:37,270
circles another plane would come along

1203
00:51:43,830 --> 00:51:40,620
and do figure of eights and they

1204
00:51:45,780 --> 00:51:43,840
contacted emod see if they could get the

1205
00:51:47,630 --> 00:51:45,790
earth and this plane was flying day and

1206
00:51:51,600 --> 00:51:47,640
night why the two planes are flying

1207
00:51:53,370 --> 00:51:51,610
eventually they got no answer so it

1208
00:51:56,630 --> 00:51:53,380
can't be anything to do with an

1209
00:51:59,460 --> 00:51:56,640
emergency they said it must be something

1210
00:52:02,160 --> 00:51:59,470
dogs they said it must be something to

1211
00:52:04,770 --> 00:52:02,170
do with it must be something to do with

1212
00:52:08,430 --> 00:52:04,780
the military like they're waiting for

1213
00:52:10,480 --> 00:52:08,440

something now where this becomes

1214

00:52:12,280 --> 00:52:10,490

interesting is that

1215

00:52:15,280 --> 00:52:12,290

cars and her friends like I said I've

1216

00:52:16,329 --> 00:52:15,290

waited all night you know they were

1217

00:52:19,270 --> 00:52:16,339

doing this guy wants to see their

1218

00:52:23,710 --> 00:52:19,280

anything interesting would occur it got

1219

00:52:27,490 --> 00:52:23,720

into Friday and they were getting a bit

1220

00:52:29,079 --> 00:52:27,500

tired and a little bit a little bit fed

1221

00:52:30,310 --> 00:52:29,089

up with it all so they decided that they

1222

00:52:33,040 --> 00:52:30,320

were going to get ready to go in and

1223

00:52:34,020 --> 00:52:33,050

then all of a sudden an e3 sentry plane

1224

00:52:36,460 --> 00:52:34,030

showed up

1225

00:52:37,900 --> 00:52:36,470

now cars will tell you at the time she

1226

00:52:40,000 --> 00:52:37,910

didn't know her niice and she well she

1227

00:52:42,490 --> 00:52:40,010

wasn't a plane spotter but her neighbor

1228

00:52:46,510 --> 00:52:42,500

gave who's the other witness who hasn't

1229

00:52:49,329 --> 00:52:46,520

gone public yet Davis an alias what it

1230

00:52:52,510 --> 00:52:49,339

is is that he recognized what it was and

1231

00:52:54,339 --> 00:52:52,520

what happened then is that during this

1232

00:52:57,190 --> 00:52:54,349

30 minutes you know other planes started

1233

00:53:02,700 --> 00:52:57,200

to show up they all started the circle

1234

00:53:05,010 --> 00:53:02,710

in this area of pantera fields and I

1235

00:53:08,260 --> 00:53:05,020

think it was about half-past two

1236

00:53:10,720 --> 00:53:08,270

suddenly just there it appeared they

1237

00:53:12,370 --> 00:53:10,730

were watching they were watching and

1238

00:53:14,950 --> 00:53:12,380

this red light just came down I don't

1239

00:53:17,500 --> 00:53:14,960

know if I can fail in the sky and

1240

00:53:18,730 --> 00:53:17,510

immediately they were excited to see

1241

00:53:21,370 --> 00:53:18,740

what they were looking at and then they

1242

00:53:23,260 --> 00:53:21,380

ran to the gates with the the gates

1243

00:53:25,089 --> 00:53:23,270

where this field comes into but the

1244

00:53:26,589 --> 00:53:25,099

entrance to these fields and when they

1245

00:53:28,540 --> 00:53:26,599

caught over there they notice that the

1246

00:53:30,730 --> 00:53:28,550

red lights are becoming more you know it

1247

00:53:33,910 --> 00:53:30,740

would become three lights then six

1248

00:53:36,520 --> 00:53:33,920

lights and then the entire object would

1249

00:53:40,450 --> 00:53:36,530

light up like a big pyramid shaped

1250

00:53:43,380 --> 00:53:40,460

object which Karthus described is coming

1251
00:53:45,730 --> 00:53:43,390
down in a pendulum motion no look at

1252
00:53:49,510 --> 00:53:45,740
anti-clockwise pendulum motion if I'm

1253
00:53:51,630 --> 00:53:49,520
correct and it was enormous I mean these

1254
00:53:54,220 --> 00:53:51,640
planes were circling around it like

1255
00:53:58,780 --> 00:53:54,230
birds circling around something you know

1256
00:54:00,700 --> 00:53:58,790
on the ground and what happened then is

1257
00:54:04,300 --> 00:54:00,710
this this green object shot out of it

1258
00:54:07,000 --> 00:54:04,310
which was like kind of like a I can only

1259
00:54:08,740 --> 00:54:07,010
describe it as a tea quarry you know it

1260
00:54:10,270 --> 00:54:08,750
was looking around from one end of the

1261
00:54:15,790 --> 00:54:10,280
field to the other moving very quickly

1262
00:54:17,920 --> 00:54:15,800
and then what happened then is that two

1263
00:54:19,870 --> 00:54:17,930

other planes came along this green

1264

00:54:22,000 --> 00:54:19,880

object managed to attract its attention

1265

00:54:24,280 --> 00:54:22,010

by shining these beams of light at it

1266

00:54:26,740 --> 00:54:24,290

like come on this way

1267

00:54:29,380 --> 00:54:26,750

but not before the main body this large

1268

00:54:31,360 --> 00:54:29,390

pyramid shaped craft which you know they

1269

00:54:34,450 --> 00:54:31,370

both describe as large in pyramid shaped

1270

00:54:37,390 --> 00:54:34,460

and full of red lights I'm the one

1271

00:54:39,760 --> 00:54:37,400

witness Dave he saw multiple orbs or

1272

00:54:42,040 --> 00:54:39,770

these like barrel shaped objects coming

1273

00:54:45,100 --> 00:54:42,050

out of the the body of the top of it on

1274

00:54:48,160 --> 00:54:45,110

the end of the top of it and a twenty or

1275

00:54:49,740 --> 00:54:48,170

so of these red and green objects were

1276

00:54:52,660 --> 00:54:49,750

circling around coming out of it and

1277

00:54:54,250 --> 00:54:52,670

what caused it see if she was so fixated

1278

00:54:56,170 --> 00:54:54,260

on the bottom of it you couldn't see the

1279

00:54:57,220 --> 00:54:56,180

topic or where it was that huge if

1280

00:54:59,950 --> 00:54:57,230

you're looking at the bottom you can't

1281

00:55:03,520 --> 00:54:59,960

see in the top and she said this thing

1282

00:55:05,050 --> 00:55:03,530

had moved across the fields and it got

1283

00:55:07,090 --> 00:55:05,060

really close to the ground and they let

1284

00:55:09,100 --> 00:55:07,100

out this huge hand of lightning just in

1285

00:55:11,410 --> 00:55:09,110

the corner but it's like real bright

1286

00:55:13,870 --> 00:55:11,420

orange a white hand of lightning as if

1287

00:55:18,280 --> 00:55:13,880

to like stop itself from touching the

1288

00:55:20,110 --> 00:55:18,290

ground yeah I mean this whole event was

1289

00:55:23,200 --> 00:55:20,120

going on with the military already

1290

00:55:27,040 --> 00:55:23,210

waiting above military plane circling

1291

00:55:29,260 --> 00:55:27,050

and then all of a sudden she looked up

1292

00:55:31,240 --> 00:55:29,270

to see these planes coming for the green

1293

00:55:33,460 --> 00:55:31,250

object which at this point was flashing

1294

00:55:36,790 --> 00:55:33,470

at them becoming you know come over here

1295

00:55:39,550 --> 00:55:36,800

come over here she looked back down this

1296

00:55:40,780 --> 00:55:39,560

giant shaped pyramid had gone you know

1297

00:55:42,550 --> 00:55:40,790

he whether it blacked out it's light so

1298

00:55:45,010 --> 00:55:42,560

it's gone back the way it came but this

1299

00:55:48,760 --> 00:55:45,020

green light this green barrel object if

1300

00:55:50,320 --> 00:55:48,770

you will had taken direction into ur not

1301
00:55:51,790 --> 00:55:50,330
into the northwest which is where land

1302
00:55:53,950 --> 00:55:51,800
Tristen is the other oil co Morgan

1303
00:55:55,420 --> 00:55:53,960
Hospital and smile Oakwood which is

1304
00:55:59,470 --> 00:55:55,430
where a lot of other things took place

1305
00:56:00,910 --> 00:55:59,480
now this wasn't the end of it this

1306
00:56:04,030 --> 00:56:00,920
wasn't the end of it what happened next

1307
00:56:05,500 --> 00:56:04,040
is something even more incredible to the

1308
00:56:07,440 --> 00:56:05,510
case he loved the details the villages

1309
00:56:11,080 --> 00:56:07,450
so you know so detailed and intricate

1310
00:56:12,340 --> 00:56:11,090
they were just watching and watching and

1311
00:56:13,780 --> 00:56:12,350
then all of a sudden they saw something

1312
00:56:16,180 --> 00:56:13,790
moving in the distance and these two

1313
00:56:20,560 --> 00:56:16,190

that's how they described him these two

1314

00:56:24,160 --> 00:56:20,570

barrel shaped objects they were red dave

1315

00:56:25,960 --> 00:56:24,170

was Dave was standing not too far away

1316

00:56:27,520 --> 00:56:25,970

from cars because was up on the gate

1317

00:56:29,050 --> 00:56:27,530

itself trying to get a better look into

1318

00:56:30,880 --> 00:56:29,060

the distance what was going on but then

1319

00:56:32,800 --> 00:56:30,890

she looked around and there they were

1320

00:56:34,210 --> 00:56:32,810

those two red barrel shaped objects were

1321

00:56:36,820 --> 00:56:34,220

looking looking after and taking an

1322

00:56:37,870 --> 00:56:36,830

interest in them and the one was right

1323

00:56:39,610 --> 00:56:37,880

above cars there's a

1324

00:56:41,080 --> 00:56:39,620

to the right of the gate and it was

1325

00:56:43,300 --> 00:56:41,090

right above her she well you could

1326
00:56:45,520 --> 00:56:43,310
probably jump up and touch it if you if

1327
00:56:47,140 --> 00:56:45,530
you wanted to she didn't know where else

1328
00:56:48,760 --> 00:56:47,150
to do she just waved at it

1329
00:56:51,100 --> 00:56:48,770
you know as if to say hello and then

1330
00:56:52,690 --> 00:56:51,110
this thing this barrel shaped object

1331
00:56:56,490 --> 00:56:52,700
went from red to green and just let out

1332
00:56:59,470 --> 00:56:56,500
this really powerful light armor and

1333
00:57:01,360 --> 00:56:59,480
according to what casas told me you know

1334
00:57:03,730 --> 00:57:01,370
they felt like they were being scanned

1335
00:57:05,410 --> 00:57:03,740
but this thing was looking at them

1336
00:57:08,670 --> 00:57:05,420
scanning them taking an interest in them

1337
00:57:12,430 --> 00:57:08,680
and then it just stopped

1338
00:57:13,570 --> 00:57:12,440

the to cut the two barrels went away I

1339

00:57:15,580 --> 00:57:13,580

think they turned them you know they

1340

00:57:17,110 --> 00:57:15,590

darkened down one went over to the

1341

00:57:18,430 --> 00:57:17,120

direction of say in Athens and the other

1342

00:57:22,750 --> 00:57:18,440

one went over the other direction which

1343

00:57:23,710 --> 00:57:22,760

is near Gotham oh then and then that's

1344

00:57:26,980 --> 00:57:23,720

not the end of it either

1345

00:57:28,930 --> 00:57:26,990

then just as things were you know I mean

1346

00:57:30,520 --> 00:57:28,940

that's enough in itself you know it's a

1347

00:57:32,830 --> 00:57:30,530

really freaky getting was adrenaline

1348

00:57:36,340 --> 00:57:32,840

going to freak them out but they saw

1349

00:57:38,530 --> 00:57:36,350

some party helicopters started to move

1350

00:57:39,880 --> 00:57:38,540

across the fields in the distance I may

1351
00:57:41,950 --> 00:57:39,890
were heading in the direction with this

1352
00:57:44,350 --> 00:57:41,960
green object earlier when I was acting

1353
00:57:47,980 --> 00:57:44,360
like a decoy or doing reconnaissance but

1354
00:57:49,630 --> 00:57:47,990
in a playful kind of way these poxy

1355
00:57:50,230 --> 00:57:49,640
helicopters had gone over there were

1356
00:57:52,840 --> 00:57:50,240
three of them

1357
00:57:54,340 --> 00:57:52,850
Donal Mattel and Tristan and then it

1358
00:57:56,350 --> 00:57:54,350
must have been about an hour maybe an

1359
00:58:00,270 --> 00:57:56,360
hour and a half later but it was I know

1360
00:58:03,940 --> 00:58:00,280
what the time was it was about 421 p.m.

1361
00:58:08,290 --> 00:58:03,950
next thing you know boom you know just

1362
00:58:09,520 --> 00:58:08,300
this almighty explosion coming not too

1363
00:58:11,830 --> 00:58:09,530

far from electriss-- and common outside

1364

00:58:13,780 --> 00:58:11,840

the world Morgan Hospital and this is

1365

00:58:17,830 --> 00:58:13,790

five miles away from where Cass and Dave

1366

00:58:20,310 --> 00:58:17,840

live and they said it was loud really

1367

00:58:26,290 --> 00:58:20,320

loud I mean it was just unbelievable

1368

00:58:28,090 --> 00:58:26,300

sound and yeah I mean what happened then

1369

00:58:30,400 --> 00:58:28,100

is that through the research that we've

1370

00:58:32,590 --> 00:58:30,410

done you know I found out that an Apache

1371

00:58:34,540 --> 00:58:32,600

gunship was forced to make an emergency

1372

00:58:37,270 --> 00:58:34,550

landing at Cardiff Airport with smoke

1373

00:58:41,230 --> 00:58:37,280

out of the cockpit it landed at 4:34

1374

00:58:42,040 --> 00:58:41,240

and when cars baron a birdie and there

1375

00:58:44,640 --> 00:58:42,050

are other friends

1376

00:58:46,750 --> 00:58:44,650

I heard Donna and Steve we call them

1377

00:58:48,640 --> 00:58:46,760

they decided that you know they were

1378

00:58:49,990 --> 00:58:48,650

gonna get up in the air when the Sun was

1379

00:58:50,530 --> 00:58:50,000

up they were still you know they were

1380

00:58:51,609 --> 00:58:50,540

still buzzing

1381

00:58:53,920 --> 00:58:51,619

Qasr Dave

1382

00:58:55,180 --> 00:58:53,930

you know from the night's events they

1383

00:58:58,180 --> 00:58:55,190

were going to go and investigate the

1384

00:58:59,410 --> 00:58:58,190

fields and door with just my log and see

1385

00:59:01,420 --> 00:58:59,420

what was going on and that's where they

1386

00:59:05,160 --> 00:59:01,430

discovered you know that smile ugh would

1387

00:59:07,479 --> 00:59:05,170

had indeed been shut down cordoned off

1388

00:59:11,079 --> 00:59:07,489

not long after this explosion took place

1389

00:59:11,469 --> 00:59:11,089

and that something was removed from that

1390

00:59:14,019 --> 00:59:11,479

area

1391

00:59:16,870 --> 00:59:14,029

not long sometimes in the early I was

1392

00:59:20,289 --> 00:59:16,880

it's maybe six or seven I believe anyway

1393

00:59:21,700 --> 00:59:20,299

but um they started their own

1394

00:59:25,450 --> 00:59:21,710

investigations and then when they got

1395

00:59:27,370 --> 00:59:25,460

the smile of words how they found where

1396

00:59:28,900 --> 00:59:27,380

to go in this my leg was that they went

1397

00:59:30,489 --> 00:59:28,910

elantris in common they found that the

1398

00:59:33,519 --> 00:59:30,499

military had been working over the land

1399

00:59:34,539 --> 00:59:33,529

rest in common area all night starting

1400

00:59:36,370 --> 00:59:34,549

up all the metal all the scrap metal

1401

00:59:38,289 --> 00:59:36,380

well that was actually on the common

1402

00:59:39,459 --> 00:59:38,299

ground itself it been a few years no one

1403

00:59:40,509 --> 00:59:39,469

wanted to clear it the council didn't

1404

00:59:43,900 --> 00:59:40,519

want anything to do with it but then

1405

00:59:45,459 --> 00:59:43,910

suddenly this exercise comes along and

1406

00:59:48,459 --> 00:59:45,469

it's vitally important for them to

1407

00:59:52,930 --> 00:59:48,469

collect all this now know what that oh

1408

00:59:57,430 --> 00:59:52,940

but Cass and her friend Steve they went

1409

00:59:59,049 --> 00:59:57,440

over to smile up was I thought it was

1410

01:00:02,229 --> 00:59:59,059

insane or maybe the next day they found

1411

01:00:04,509 --> 01:00:02,239

this trail this into an area that we

1412

01:00:07,539 --> 01:00:04,519

call the impact site because there was

1413

01:00:09,759 --> 01:00:07,549

broken trees and branches in the

1414

01:00:13,089 --> 01:00:09,769

treetops like 15 20 feet above when they

1415

01:00:16,509 --> 01:00:13,099

finally get into an area five or six

1416

01:00:19,870 --> 01:00:16,519

large trees smashed it you know four or

1417

01:00:22,120 --> 01:00:19,880

five six seven feet up and it looks like

1418

01:00:23,950 --> 01:00:22,130

something large went in there and

1419

01:00:25,239 --> 01:00:23,960

brought those trees and I mean you know

1420

01:00:28,719 --> 01:00:25,249

it would take some force to break those

1421

01:00:30,959 --> 01:00:28,729

trees now just to add a little more to

1422

01:00:34,390 --> 01:00:30,969

this in the days and weeks are followed

1423

01:00:35,769 --> 01:00:34,400

along they collected on their phones

1424

01:00:37,900 --> 01:00:35,779

like on their whatsapp their computers

1425

01:00:40,120 --> 01:00:37,910

their emails all of that was deleted

1426

01:00:44,410 --> 01:00:40,130

somebody had hacked cars and dames

1427

01:00:45,579 --> 01:00:44,420

machines if Oh ones and emails and their

1428

01:00:48,339 --> 01:00:45,589

laptops and all that information was

1429

01:00:50,019 --> 01:00:48,349

taken away never been the turn sense and

1430

01:00:54,219 --> 01:00:50,029

then you know the weeks are followed

1431

01:00:55,569 --> 01:00:54,229

again and some men had been seen in the

1432

01:00:57,009 --> 01:00:55,579

fields not too far from where this

1433

01:00:59,469 --> 01:00:57,019

incident took place this large triangle

1434

01:01:03,009 --> 01:00:59,479

pyramid in the hand of lightly in the

1435

01:01:04,329 --> 01:01:03,019

barrels scanning them and everything you

1436

01:01:05,230 --> 01:01:04,339

know they said that they were working

1437

01:01:06,880 --> 01:01:05,240

from Boulder

1438

01:01:08,560 --> 01:01:06,890

or that they were fracking survey team

1439

01:01:09,760 --> 01:01:08,570

but for some reason you know they had a

1440

01:01:13,390 --> 01:01:09,770

commanding officer and you were carrying

1441

01:01:16,030 --> 01:01:13,400

automatic weapons you know what I mean

1442

01:01:22,690 --> 01:01:16,040

but yeah I mean if they're voter for now

1443

01:01:24,400 --> 01:01:22,700

they're people who carry automatic but I

1444

01:01:28,240 --> 01:01:24,410

mean yeah and since then we've been

1445

01:01:29,530 --> 01:01:28,250

doing lots of what happened in those men

1446

01:01:32,650 --> 01:01:29,540

were there some time to make March or

1447

01:01:34,090 --> 01:01:32,660

early April of 2016 but swans the UFO

1448

01:01:37,359 --> 01:01:34,100

network and myself and then layered in

1449

01:01:40,930 --> 01:01:37,369

myself and council working together we

1450

01:01:44,230 --> 01:01:40,940

started we started really investigating

1451

01:01:46,030 --> 01:01:44,240

this from October 2017 and then since

1452

01:01:49,780 --> 01:01:46,040

then you know we've been gathering all

1453

01:01:51,340 --> 01:01:49,790

this evidence and just putting the case

1454

01:01:54,100 --> 01:01:51,350

together where as you say the

1455

01:01:56,680 --> 01:01:54,110

information Kim then the information

1456

01:01:58,300 --> 01:01:56,690

keeps growing as it is as we conclude

1457

01:02:00,070 --> 01:01:58,310

it's not an exercise it was a real life

1458

01:02:03,250 --> 01:02:00,080

event about life event being it was a

1459

01:02:07,390 --> 01:02:03,260

UFO encounter with the military waiting

1460

01:02:09,780 --> 01:02:07,400

on a bush for those who and Buddhist but

1461

01:02:14,349 --> 01:02:09,790

who do get out with a Mitch magazine and

1462

01:02:16,630 --> 01:02:14,359

there is a lot all about this case in an

1463

01:02:19,090 --> 01:02:16,640

earlier edition of outer limits magazine

1464

01:02:21,400 --> 01:02:19,100

but am there I would imagine me I think

1465

01:02:23,530 --> 01:02:21,410

that was about a year or so ago now when

1466

01:02:25,150 --> 01:02:23,540

that was in Gary but obviously obviously

1467

01:02:28,990 --> 01:02:25,160

a lot of more things have come to light

1468

01:02:32,349 --> 01:02:29,000

since then yes and you know that I mean

1469

01:02:35,320 --> 01:02:32,359

something was taken from a smile of

1470

01:02:37,030 --> 01:02:35,330

Woody's yeah yeah what is that you've

1471

01:02:39,609 --> 01:02:37,040

actually learned in about the MOA and

1472

01:02:42,010 --> 01:02:39,619

the South Wales Police and I are EF

1473

01:02:46,320 --> 01:02:42,020

regarding a cover-up of information Wow

1474

01:02:48,900 --> 01:02:46,330

I mean they're originals their original

1475

01:02:50,710 --> 01:02:48,910

excuse or you know the usual

1476

01:02:53,200 --> 01:02:50,720

explanations they get besides just an

1477

01:02:54,970 --> 01:02:53,210

exercise with simulated gunfire and

1478

01:02:57,430 --> 01:02:54,980

explosions and there's nothing for

1479

01:02:58,810 --> 01:02:57,440

people to worry about but I mean the

1480

01:03:01,300 --> 01:02:58,820

people who live in the area like myself

1481

01:03:05,500 --> 01:03:01,310

or those who were living in Pentos or

1482

01:03:07,180 --> 01:03:05,510

LAN true sense you know those areas they

1483

01:03:08,859 --> 01:03:07,190

know what a military exercise isn't this

1484

01:03:11,320 --> 01:03:08,869

what this wasn't you know your standard

1485

01:03:13,000 --> 01:03:11,330

military exercise it took place in the

1486

01:03:17,530 --> 01:03:13,010

middle of a night over a populated area

1487

01:03:19,030 --> 01:03:17,540

for all with not a real warnings given

1488

01:03:21,190 --> 01:03:19,040

unless you

1489

01:03:22,390 --> 01:03:21,200

were able to go on the website look at

1490

01:03:23,560 --> 01:03:22,400

the no time he wouldn't have know that

1491

01:03:29,080 --> 01:03:23,570

they were going to what exercise in

1492

01:03:31,290 --> 01:03:29,090

advance but what it is about the MLD in

1493

01:03:33,790 --> 01:03:31,300

the RAF and South Wales police is that a

1494

01:03:35,610 --> 01:03:33,800

lot of people who were around bat and I

1495

01:03:39,190 --> 01:03:35,620

said that roads had been closed off

1496

01:03:40,660 --> 01:03:39,200

there man was seen j-- i thing down

1497

01:03:42,730 --> 01:03:40,670

smile awkward sand that there was a lot

1498

01:03:43,960 --> 01:03:42,740

of them a lot of explosions taking place

1499

01:03:44,920 --> 01:03:43,970

which people up you know they were very

1500

01:03:47,410 --> 01:03:44,930

frightened by it

1501

01:03:49,180 --> 01:03:47,420

I just wanted and once I once I was able

1502

01:03:51,610 --> 01:03:49,190

to establish the military's involvement

1503

01:03:53,140 --> 01:03:51,620

the timeline affirm how they had all

1504

01:03:54,580 --> 01:03:53,150

their equipment and helicopters and

1505

01:03:56,440 --> 01:03:54,590

planes and jets and soldiers and

1506

01:03:58,510 --> 01:03:56,450

everything up in North North England by

1507

01:04:00,510 --> 01:03:58,520

RAF Lehmann because they were practicing

1508

01:04:02,500 --> 01:04:00,520

the yeah the operations up there

1509

01:04:05,410 --> 01:04:02,510

suddenly on the night in question you

1510

01:04:06,580 --> 01:04:05,420

know when Kaz and Dave were our friends

1511

01:04:09,160 --> 01:04:06,590

were all doing that Night Watch here

1512

01:04:12,010 --> 01:04:09,170

they brought all this equipment down to

1513

01:04:13,390 --> 01:04:12,020

UM say now Finn's way and then they

1514

01:04:14,650 --> 01:04:13,400

waited and they waited in their weight

1515

01:04:16,870 --> 01:04:14,660

and and it seems like when they finally

1516

01:04:20,610 --> 01:04:16,880

got the word they all went up and at the

1517

01:04:22,810 --> 01:04:20,620

same time in large presence in force

1518

01:04:24,130 --> 01:04:22,820

and I just like well that don't make

1519

01:04:25,810 --> 01:04:24,140

sense and you know what were they firing

1520

01:04:27,910 --> 01:04:25,820

that was his explosions why were you

1521

01:04:30,580 --> 01:04:27,920

three centuries there and I'll get it I

1522

01:04:32,770 --> 01:04:30,590

am getting but it's just I'm asking

1523

01:04:34,660 --> 01:04:32,780

about all this you know because if the

1524

01:04:36,700 --> 01:04:34,670

roads were closed off and the police

1525

01:04:38,470 --> 01:04:36,710

we're involved they should that

1526
01:04:39,760 --> 01:04:38,480
paperwork on it somebody would have

1527
01:04:40,630 --> 01:04:39,770
requested them to reclose the world

1528
01:04:42,550 --> 01:04:40,640
because that's their job that's what

1529
01:04:44,200 --> 01:04:42,560
they're responsible for but the police

1530
01:04:45,660 --> 01:04:44,210
don't seem to be very forthcoming with

1531
01:04:49,660 --> 01:04:45,670
information they've given me things like

1532
01:04:51,010 --> 01:04:49,670
vexatious requests you know you know

1533
01:04:52,690 --> 01:04:51,020
it's too much of a problem for them to

1534
01:04:55,750 --> 01:04:52,700
actually final it would require too many

1535
01:04:58,630 --> 01:04:55,760
man-hours they seem to have no records

1536
01:05:03,360 --> 01:04:58,640
or no what's the word I'm looking for

1537
01:05:06,370 --> 01:05:03,370
no information whatsoever really into a

1538
01:05:08,050 --> 01:05:06,380

day as far as the RAF I'm asking about

1539

01:05:10,780 --> 01:05:08,060

why their planes were seen in the air

1540

01:05:14,260 --> 01:05:10,790

one particular plane I call them Zed Zed

1541

01:05:16,420 --> 01:05:14,270

fallen ate its course I think 48 at the

1542

01:05:18,610 --> 01:05:16,430

time that was one of the planes circling

1543

01:05:21,010 --> 01:05:18,620

with said gene 996 that's his tail

1544

01:05:24,370 --> 01:05:21,020

number by the way two planes were seen

1545

01:05:26,530 --> 01:05:24,380

on public rate on internet rate was

1546

01:05:29,320 --> 01:05:26,540

playing finder and flight tracker and

1547

01:05:30,400 --> 01:05:29,330

all that you can find them there those

1548

01:05:32,320 --> 01:05:30,410

were seen for three days there was a

1549

01:05:32,859 --> 01:05:32,330

circling circling and doing figure eight

1550

01:05:35,170 --> 01:05:32,869

so nice

1551
01:05:37,839 --> 01:05:35,180
wanted to know you know why was that

1552
01:05:40,049 --> 01:05:37,849
plane there they just cream section 26

1553
01:05:41,920 --> 01:05:40,059
and I don't not in the public interest

1554
01:05:43,900 --> 01:05:41,930
saying that they're not doing a military

1555
01:05:46,329 --> 01:05:43,910
exercise but in other questions I said

1556
01:05:48,910 --> 01:05:46,339
oh you know there wasn't exercise but

1557
01:05:51,730 --> 01:05:48,920
it's under Section 20 service I mean mmm

1558
01:05:53,739 --> 01:05:51,740
I mean you know why were they cleaning

1559
01:05:58,569 --> 01:05:53,749
up the common of the scrub mail as seen

1560
01:06:00,609 --> 01:05:58,579
by witnesses section 26 you know the

1561
01:06:03,400 --> 01:06:00,619
mask of the MLD no no where's the

1562
01:06:06,099 --> 01:06:03,410
listings for this exercise are there

1563
01:06:08,829 --> 01:06:06,109

gonna be any other further further

1564

01:06:10,480 --> 01:06:08,839

involvements of exercises involving a

1565

01:06:13,450 --> 01:06:10,490

simulated explosions of shaped buildings

1566

01:06:15,999 --> 01:06:13,460

or I'll submit something to that effect

1567

01:06:18,730 --> 01:06:16,009

it's just like section 26 always know

1568

01:06:20,200 --> 01:06:18,740

what they hold no information Genoa

1569

01:06:21,579 --> 01:06:20,210

they give me an answer which makes

1570

01:06:24,400 --> 01:06:21,589

absolutely no sense it just raises more

1571

01:06:26,140 --> 01:06:24,410

questions and it's like is it constant

1572

01:06:28,319 --> 01:06:26,150

grind for information it's like you

1573

01:06:31,599 --> 01:06:28,329

can't give me a direct simple

1574

01:06:33,039 --> 01:06:31,609

explanation and you know all information

1575

01:06:35,190 --> 01:06:33,049

that would have been available at the

1576

01:06:37,120 --> 01:06:35,200

time somehow has been deleted or removed

1577

01:06:39,309 --> 01:06:37,130

so to me you know they're hiding

1578

01:06:41,680 --> 01:06:39,319

something and when you look at you know

1579

01:06:44,079 --> 01:06:41,690

what Cass Clark has said to the public

1580

01:06:45,670 --> 01:06:44,089

and what they told me in private and

1581

01:06:47,440 --> 01:06:45,680

what I found through the investigations

1582

01:06:48,999 --> 01:06:47,450

you know field research you know it's

1583

01:06:51,099 --> 01:06:49,009

clear to me that's something incredible

1584

01:06:55,299 --> 01:06:51,109

has taken place here and that has to be

1585

01:06:58,029 --> 01:06:55,309

the arrival in wait in presence of a

1586

01:06:59,739 --> 01:06:58,039

large triangular pyramid shape UFO it

1587

01:07:01,599 --> 01:06:59,749

almost came who this world in an

1588

01:07:05,170 --> 01:07:01,609

interdimensional way is you know it was

1589

01:07:08,769 --> 01:07:05,180

an interdimensional craft is you know

1590

01:07:12,279 --> 01:07:08,779

you know now we say correctly correct me

1591

01:07:13,509 --> 01:07:12,289

if I'm wrong but I believe and Phil you

1592

01:07:16,479 --> 01:07:13,519

can correct me as well if I'm wrong

1593

01:07:19,779 --> 01:07:16,489

he'll let you do that circuit and I

1594

01:07:22,870 --> 01:07:19,789

believe that the moid does afternoon tea

1595

01:07:25,029 --> 01:07:22,880

fie local authorities when something

1596

01:07:28,470 --> 01:07:25,039

like this is he's actually going to up

1597

01:07:32,049 --> 01:07:28,480

in as their local exercise am i right

1598

01:07:36,549 --> 01:07:32,059

absolutely you know yes certainly when

1599

01:07:39,069 --> 01:07:36,559

it's in you know over public land I

1600

01:07:41,229 --> 01:07:39,079

don't know how long the warning is you

1601
01:07:43,150 --> 01:07:41,239
know that they have to give of an

1602
01:07:47,350 --> 01:07:43,160
exercise taking place but they certainly

1603
01:07:50,620 --> 01:07:47,360
have to give one and you know

1604
01:07:51,970 --> 01:07:50,630
doesn't come under any article 26 as far

1605
01:07:54,820 --> 01:07:51,980
as I'm concerned because they have to

1606
01:07:57,670 --> 01:07:54,830
notify you in the first instance yes so

1607
01:08:02,610 --> 01:07:57,680
oh you would be asking it's like you

1608
01:08:05,560 --> 01:08:02,620
know we had we had Calvin Parkers again

1609
01:08:08,800 --> 01:08:05,570
guests are on the show of a few weeks

1610
01:08:11,100 --> 01:08:08,810
back and one of the suggestions about

1611
01:08:14,560 --> 01:08:11,110
his encounter in Pascagoula that it was

1612
01:08:17,769 --> 01:08:14,570
something the military had done and the

1613
01:08:19,960 --> 01:08:17,779

reason that would suggest one of the

1614

01:08:21,840 --> 01:08:19,970

documents that have got some chap claims

1615

01:08:24,370 --> 01:08:21,850

that there was an exercise that night

1616

01:08:28,180 --> 01:08:24,380

and that the local authorities had

1617

01:08:29,740 --> 01:08:28,190

already been notified Calvin and jellies

1618

01:08:32,769 --> 01:08:29,750

are was was them the lights from their

1619

01:08:35,500 --> 01:08:32,779

aircraft of course a helicopter I should

1620

01:08:39,130 --> 01:08:35,510

say not an aircraft a helicopter well

1621

01:08:40,960 --> 01:08:39,140

you know soon in how they capture the

1622

01:08:45,370 --> 01:08:40,970

noise he's absolutely sensational

1623

01:08:47,170 --> 01:08:45,380

forests in a tough you know um where

1624

01:08:49,000 --> 01:08:47,180

they were fishing would have blown every

1625

01:08:51,789 --> 01:08:49,010

debris would have been blown everywhere

1626

01:08:54,720 --> 01:08:51,799

of course there was none of that but

1627

01:08:57,640 --> 01:08:54,730

then they don't explain why if you saw a

1628

01:09:00,670 --> 01:08:57,650

Helen the copper to you would both have

1629

01:09:02,349 --> 01:09:00,680

this strange experience I mean you know

1630

01:09:05,170 --> 01:09:02,359

but the point being they claimed that

1631

01:09:07,870 --> 01:09:05,180

that notified the local authorities and

1632

01:09:10,630 --> 01:09:07,880

when that was check there was no

1633

01:09:12,670 --> 01:09:10,640

notification and there was no exercise

1634

01:09:15,670 --> 01:09:12,680

in the area so oh you will be asking if

1635

01:09:18,430 --> 01:09:15,680

the mo D or the RAF is can we just have

1636

01:09:21,400 --> 01:09:18,440

a copy of what you sent to the you know

1637

01:09:22,539 --> 01:09:21,410

this the civil authorities to confirm

1638

01:09:26,559 --> 01:09:22,549

that that was taking place

1639

01:09:29,740 --> 01:09:26,569

well yeah absolutely please talking

1640

01:09:32,829 --> 01:09:29,750

about notifications of um you know the

1641

01:09:36,490 --> 01:09:32,839

yeah just sending out notifications of

1642

01:09:38,349 --> 01:09:36,500

an exercise on come and it seems for

1643

01:09:40,090 --> 01:09:38,359

there's two exercises that took place in

1644

01:09:42,120 --> 01:09:40,100

this area in that year one was on the

1645

01:09:45,789 --> 01:09:42,130

28th of June 2016

1646

01:09:48,280 --> 01:09:45,799

notifications everywhere and people

1647

01:09:51,010 --> 01:09:48,290

being told what to expect this seems

1648

01:09:54,780 --> 01:09:51,020

with this so-called exercise of February

1649

01:09:58,200 --> 01:09:54,790

26 there's no notification whatsoever

1650

01:10:00,189 --> 01:09:58,210

and if anything the difference is very

1651

01:10:06,790 --> 01:10:00,199

different

1652

01:10:08,350 --> 01:10:06,800

June I mean it's just like small silly

1653

01:10:10,330 --> 01:10:08,360

gunfire and some puffs of smoke

1654

01:10:11,770 --> 01:10:10,340

you know it's an isolated area you know

1655

01:10:13,689 --> 01:10:11,780

fenced off from the public but in this

1656

01:10:16,090 --> 01:10:13,699

one you know they start off in Panther

1657

01:10:19,330 --> 01:10:16,100

for three days then they bring this

1658

01:10:21,280 --> 01:10:19,340

enormous military presence with NATO

1659

01:10:24,610 --> 01:10:21,290

being involved I should add NATO were

1660

01:10:27,070 --> 01:10:24,620

involved in this and then when it when

1661

01:10:29,830 --> 01:10:27,080

it seems everything's done in the fields

1662

01:10:32,530 --> 01:10:29,840

of plan to it they then switch areas the

1663

01:10:35,260 --> 01:10:32,540

main draw a smile up wouldn't the

1664

01:10:37,030 --> 01:10:35,270

Contras in common and all attempts to

1665

01:10:39,100 --> 01:10:37,040

find out why they would do that or just

1666

01:10:42,550 --> 01:10:39,110

that maybe local authorities were

1667

01:10:44,260 --> 01:10:42,560

notified about this not just turned the

1668

01:10:46,300 --> 01:10:44,270

southwest police the Royal gomorian

1669

01:10:48,280 --> 01:10:46,310

Hospital couldn't have University Health

1670

01:10:50,229 --> 01:10:48,290

Board you know the fire services and all

1671

01:10:52,180 --> 01:10:50,239

the other things no one was given any

1672

01:10:55,419 --> 01:10:52,190

notification but if I can just say that

1673

01:10:57,580 --> 01:10:55,429

this as I've kept pressuring them and

1674

01:10:59,620 --> 01:10:57,590

kept asking for answers now they telling

1675

01:11:02,290 --> 01:10:59,630

me they were notified they're changing

1676

01:11:04,180 --> 01:11:02,300

their story it's like oh now you have

1677

01:11:05,800 --> 01:11:04,190

this information can I have a place oh

1678

01:11:07,780 --> 01:11:05,810

we don't hold any records on it but we

1679

01:11:10,030 --> 01:11:07,790

weren't notified through an email or

1680

01:11:12,160 --> 01:11:10,040

something and it's like well where's the

1681

01:11:14,050 --> 01:11:12,170

email you know what I mean it's just how

1682

01:11:16,209 --> 01:11:14,060

it works I mean they're changing this

1683

01:11:18,340 --> 01:11:16,219

story all the time but to me is an

1684

01:11:19,780 --> 01:11:18,350

evidence of a cover-up doing it but if

1685

01:11:21,100 --> 01:11:19,790

you don't pressure them for questions or

1686

01:11:23,530 --> 01:11:21,110

don't you know I don't want to ask for

1687

01:11:25,209 --> 01:11:23,540

you can accept their you know

1688

01:11:27,280 --> 01:11:25,219

explanation and that's it the world just

1689

01:11:30,070 --> 01:11:27,290

moves on but you know I'm one of those

1690

01:11:31,600 --> 01:11:30,080

people that you know if I if I don't see

1691

01:11:35,680 --> 01:11:31,610

sense in it then and you know I want

1692

01:11:37,510 --> 01:11:35,690

answers not for it to make sense okay

1693

01:11:39,669 --> 01:11:37,520

one thing I'd like to ask Gary I mean

1694

01:11:41,709 --> 01:11:39,679

you know you've talked about the you

1695

01:11:45,280 --> 01:11:41,719

know Kazon and and the other gentleman

1696

01:11:48,010 --> 01:11:45,290

well it were any other sort of secondary

1697

01:11:52,390 --> 01:11:48,020

witnesses to something similar nearby or

1698

01:11:54,729 --> 01:11:52,400

you know wow this is what we call a

1699

01:11:57,700 --> 01:11:54,739

potential third witness just to this

1700

01:12:01,870 --> 01:11:57,710

incident actually there's a website

1701
01:12:04,840 --> 01:12:01,880
called South Wales awakening and about a

1702
01:12:08,530 --> 01:12:04,850
week about a week after this event a

1703
01:12:10,390 --> 01:12:08,540
tick in place no I'm here to tell you

1704
01:12:12,640 --> 01:12:10,400
the story it happened on the 26th of

1705
01:12:13,660 --> 01:12:12,650
February and then on the 28th of

1706
01:12:16,540 --> 01:12:13,670
February

1707
01:12:19,000 --> 01:12:16,550
there was a conference you know a

1708
01:12:23,110 --> 01:12:19,010
presentation night by rich planet

1709
01:12:25,570 --> 01:12:23,120
Richard Kehoe yeah and 20 and there was

1710
01:12:28,180 --> 01:12:25,580
a Q&A session and Kaspar got the

1711
01:12:28,660 --> 01:12:28,190
microphone told the room what she saw

1712
01:12:30,790 --> 01:12:28,670
that night

1713
01:12:32,500 --> 01:12:30,800

everybody knew that two days ago there's

1714

01:12:34,930 --> 01:12:32,510

some strange military activity but no

1715

01:12:36,670 --> 01:12:34,940

one could figure out why and then she

1716

01:12:38,410 --> 01:12:36,680

just said in a very frantic but very

1717

01:12:41,860 --> 01:12:38,420

composed way that what happened that

1718

01:12:43,330 --> 01:12:41,870

night was you know are you where Chloe

1719

01:12:44,680 --> 01:12:43,340

incident that the military were waiting

1720

01:12:46,690 --> 01:12:44,690

for and everyone just turned Awards and

1721

01:12:49,240 --> 01:12:46,700

was like what you know the old room was

1722

01:12:52,750 --> 01:12:49,250

electrified by that bond it was a very

1723

01:12:58,270 --> 01:12:52,760

exciting thing to go and what could be

1724

01:12:59,740 --> 01:12:58,280

actually you'd be quite a brave things I

1725

01:13:02,110 --> 01:12:59,750

think she's probably one of the bravest

1726

01:13:05,470 --> 01:13:02,120

people I've ever met I mean to not just

1727

01:13:07,090 --> 01:13:05,480

say it but to go public with it and one

1728

01:13:10,840 --> 01:13:07,100

day she'll probably I'll let her tell

1729

01:13:13,690 --> 01:13:10,850

you the full story to that but what it

1730

01:13:15,700 --> 01:13:13,700

is is that then to date that that

1731

01:13:18,760 --> 01:13:15,710

information was then put on the

1732

01:13:20,080 --> 01:13:18,770

software's awakening website yeah but it

1733

01:13:21,220 --> 01:13:20,090

would be mentioned that this is what

1734

01:13:24,760 --> 01:13:21,230

happened and there's somebody had said

1735

01:13:26,470 --> 01:13:24,770

about it in the roles and hospitals the

1736

01:13:29,380 --> 01:13:26,480

roles being closed Hospital shaking loud

1737

01:13:31,060 --> 01:13:29,390

explosions and blah blah blah but this

1738

01:13:34,000 --> 01:13:31,070

person calling themselves Mike Henry

1739

01:13:37,390 --> 01:13:34,010

made a comment on this post and it's

1740

01:13:39,220 --> 01:13:37,400

amazingly detailed comment I don't

1741

01:13:41,890 --> 01:13:39,230

believe this person's name is Mike Embry

1742

01:13:44,530 --> 01:13:41,900

it's probably an alias for he or she but

1743

01:13:46,380 --> 01:13:44,540

here they describe in detail what they

1744

01:13:48,880 --> 01:13:46,390

saw they were walking their dog on

1745

01:13:50,710 --> 01:13:48,890

tenneco drew which is a jate not just

1746

01:13:54,820 --> 01:13:50,720

adjacent and to it parallel to the

1747

01:13:57,010 --> 01:13:54,830

fields and he noticed or she noticed

1748

01:13:58,600 --> 01:13:57,020

that there was a plane circling and they

1749

01:14:01,900 --> 01:13:58,610

were like five or six planes circling at

1750

01:14:03,700 --> 01:14:01,910

this point and just at that point then

1751

01:14:05,950 --> 01:14:03,710

they stay not just some strobing or

1752

01:14:09,430 --> 01:14:05,960

pulsing red light which we came all red

1753

01:14:13,120 --> 01:14:09,440

lights which then became a large like

1754

01:14:16,600 --> 01:14:13,130

triangular shaped craft of some kind

1755

01:14:18,610 --> 01:14:16,610

with more lights dancing around it you

1756

01:14:21,280 --> 01:14:18,620

know like orbs or pulsing red and green

1757

01:14:22,780 --> 01:14:21,290

lights it mentioned the green object

1758

01:14:25,360 --> 01:14:22,790

that was acting like the recon above

1759

01:14:26,580 --> 01:14:25,370

with the planes and helicopters circling

1760

01:14:29,229 --> 01:14:26,590

around

1761

01:14:30,910 --> 01:14:29,239

and then it mentioned how it led off

1762

01:14:32,770 --> 01:14:30,920

this green light which then got planes

1763

01:14:36,100 --> 01:14:32,780

to fall in the northwest direction

1764

01:14:38,710 --> 01:14:36,110

and then it mentioned the explosions it

1765

01:14:40,930 --> 01:14:38,720

mentioned just about you know everything

1766

01:14:44,490 --> 01:14:40,940

that I learned in October November

1767

01:14:47,080 --> 01:14:44,500

onwards piecing this this case together

1768

01:14:50,460 --> 01:14:47,090

that person already had in a comment on

1769

01:14:54,580 --> 01:14:50,470

March the 6th or you know Brownback time

1770

01:14:55,930 --> 01:14:54,590

2016 how could that person know that you

1771

01:14:57,400 --> 01:14:55,940

know if they weren't there to see it you

1772

01:15:00,160 --> 01:14:57,410

had to have people to see that to make

1773

01:15:02,350 --> 01:15:00,170

that much detail do you mean mm-hmm

1774

01:15:04,810 --> 01:15:02,360

yeah so I think that's a potential third

1775

01:15:06,070 --> 01:15:04,820

witness but I mean I don't know if this

1776

01:15:08,050 --> 01:15:06,080

person will ever come forward

1777

01:15:10,090 --> 01:15:08,060

it sounds like they don't want to and

1778

01:15:13,090 --> 01:15:10,100

they never will I know that there was

1779

01:15:15,520 --> 01:15:13,100

someone else I was making comments on

1780

01:15:17,860 --> 01:15:15,530

them she was making comments on the

1781

01:15:20,050 --> 01:15:17,870

website I think it was called wave 101 I

1782

01:15:23,860 --> 01:15:20,060

can't remember off the top my head but

1783

01:15:26,860 --> 01:15:23,870

they said and get this but they saw some

1784

01:15:29,530 --> 01:15:26,870

green objects around the levant rested

1785

01:15:32,200 --> 01:15:29,540

area right where the sit would have gone

1786

01:15:33,820 --> 01:15:32,210

but it was being chased by a military

1787

01:15:36,190 --> 01:15:33,830

helicopter and then miss Miller this

1788

01:15:38,530 --> 01:15:36,200

this military caught helicopter opened

1789

01:15:40,270 --> 01:15:38,540

fire on it that was the comment I

1790

01:15:43,000 --> 01:15:40,280

haven't been able to confirm that a

1791

01:15:44,440 --> 01:15:43,010

hundred percent but it definitely fits

1792

01:15:46,330 --> 01:15:44,450

the timeline I've been able to establish

1793

01:15:49,090 --> 01:15:46,340

with all the events and witnesses I've

1794

01:15:51,220 --> 01:15:49,100

spoken to you know it definitely seems

1795

01:15:52,780 --> 01:15:51,230

that they shot at something and it leads

1796

01:15:54,520 --> 01:15:52,790

me to believe it's this green object

1797

01:15:56,260 --> 01:15:54,530

that they shot out you know which was

1798

01:15:57,700 --> 01:15:56,270

the cause of these loud explosions and

1799

01:16:00,250 --> 01:15:57,710

things crashing through the trees and

1800

01:16:02,140 --> 01:16:00,260

smile awkward so you know there's other

1801

01:16:06,600 --> 01:16:02,150

things like that which I would really

1802

01:16:08,710 --> 01:16:06,610

like to piece together one day yeah so

1803

01:16:10,180 --> 01:16:08,720

what is the current state of the

1804

01:16:11,740 --> 01:16:10,190

investigation and what what you're

1805

01:16:15,220 --> 01:16:11,750

planning to well this week I'm getting

1806

01:16:18,280 --> 01:16:15,230

ready to or tomorrow in fact but I then

1807

01:16:20,800 --> 01:16:18,290

you know I don't think it's tomorrow in

1808

01:16:23,020 --> 01:16:20,810

fact that the pen in pen to look at the

1809

01:16:26,470 --> 01:16:23,030

Lewis arms me and krauser doing a

1810

01:16:29,460 --> 01:16:26,480

presentation night updated the updates

1811

01:16:33,250 --> 01:16:29,470

because tomorrow tomorrow is three years

1812

01:16:36,370 --> 01:16:33,260

that's why it's been Dharma day and the

1813

01:16:38,709 --> 01:16:36,380

people have been kind enough to Linus

1814

01:16:40,150 --> 01:16:38,719

they're one of their rooms so we will be

1815

01:16:42,190 --> 01:16:40,160

presenting

1816

01:16:47,130 --> 01:16:42,200

a lot of updated information mostly to

1817

01:16:49,840 --> 01:16:47,140

do with b-raf and the South Wales police

1818

01:16:52,210 --> 01:16:49,850

mo D responses how it ties in very

1819

01:16:54,370 --> 01:16:52,220

nicely with all the other stuff that

1820

01:16:58,060 --> 01:16:54,380

we've been able to put together and of

1821

01:17:01,380 --> 01:16:58,070

course there'll be some videos to show

1822

01:17:04,240 --> 01:17:01,390

and I know Ben Ellman is coming down

1823

01:17:06,940 --> 01:17:04,250

he's coming to see he's going to be

1824

01:17:08,650 --> 01:17:06,950

saying some things as well so it's gonna

1825

01:17:10,840 --> 01:17:08,660

be a good night it'll just help us

1826

01:17:16,920 --> 01:17:10,850

solidify the case a lot more you know

1827

01:17:20,110 --> 01:17:16,930

that soap that lace up that one of these

1828

01:17:22,330 --> 01:17:20,120

possibly the third or maybe even a four

1829

01:17:24,640 --> 01:17:22,340

off witness actually turns up tomorrow

1830

01:17:26,290 --> 01:17:24,650

night and joins you know sitting in the

1831

01:17:28,450 --> 01:17:26,300

audience listens to what you have to say

1832

01:17:33,250 --> 01:17:28,460

and then brings them settle for words we

1833

01:17:34,570 --> 01:17:33,260

can actually look at it on camera or you

1834

01:17:37,600 --> 01:17:34,580

know take pictures I mean but if they

1835

01:17:39,160 --> 01:17:37,610

wanna give something down written

1836

01:17:42,160 --> 01:17:39,170

statement or something you know I mean

1837

01:17:44,260 --> 01:17:42,170

at least I can meet the person who made

1838

01:17:45,400 --> 01:17:44,270

that comment but I mean there's other

1839

01:17:47,320 --> 01:17:45,410

things as well and when you talk about

1840

01:17:49,780 --> 01:17:47,330

witnesses they didn't witness the actual

1841

01:17:52,870 --> 01:17:49,790

event but they were witnesses to other

1842

01:17:54,910 --> 01:17:52,880

things as well like for instance when

1843

01:17:58,630 --> 01:17:54,920

the Sun came up on the 26th of February

1844

01:17:59,980 --> 01:17:58,640

2016 calves and her friends neighbors

1845

01:18:04,090 --> 01:17:59,990

all went over to the field where the

1846

01:18:07,270 --> 01:18:04,100

hand of lightning area it happened and

1847

01:18:08,590 --> 01:18:07,280

you know Donna and Steve are witnesses

1848

01:18:11,200 --> 01:18:08,600

to this they said that it was very

1849

01:18:12,910 --> 01:18:11,210

strange that they got into that area in

1850

01:18:16,480 --> 01:18:12,920

that area alone and suddenly it was like

1851
01:18:19,240 --> 01:18:16,490
snowing very strange pallets of you know

1852
01:18:21,190 --> 01:18:19,250
snow and they were like those are

1853
01:18:24,040 --> 01:18:21,200
pallets you find in bean bags almost

1854
01:18:25,510 --> 01:18:24,050
polished by Mary balls and if they they

1855
01:18:26,740 --> 01:18:25,520
were I don't know if they said they were

1856
01:18:29,200 --> 01:18:26,750
cold they were cold but they wouldn't

1857
01:18:30,310 --> 01:18:29,210
melt like traditional snow a little more

1858
01:18:31,900 --> 01:18:30,320
like marshmallowy

1859
01:18:35,170 --> 01:18:31,910
you know I'd sort of like you know

1860
01:18:37,930 --> 01:18:35,180
spongy kind of texture to it yeah and

1861
01:18:39,490 --> 01:18:37,940
you know they said that yeah there was

1862
01:18:43,240 --> 01:18:39,500
something very strange about that

1863
01:18:46,120 --> 01:18:43,250

because this area you know it's got weed

1864

01:18:48,910 --> 01:18:46,130

snake weed grass in it but this one area

1865

01:18:52,330 --> 01:18:48,920

it carved a unique

1866

01:18:54,400 --> 01:18:52,340

almost all like shaped patch it's more

1867

01:18:57,970 --> 01:18:54,410

circular but it's all shaped

1868

01:18:59,320 --> 01:18:57,980

where you know it's that the grass is

1869

01:19:01,030 --> 01:18:59,330

only now just started to grow back but

1870

01:19:03,459 --> 01:19:01,040

it was like everything else is covering

1871

01:19:04,840 --> 01:19:03,469

we the snakeweed grass and this one area

1872

01:19:07,150 --> 01:19:04,850

where this hand of lightning came down

1873

01:19:09,390 --> 01:19:07,160

it shows that you know something somehow

1874

01:19:12,700 --> 01:19:09,400

intense energy of some kind

1875

01:19:15,820 --> 01:19:12,710

affected this area no they also

1876

01:19:17,890 --> 01:19:15,830

opportunist my Lockwood and they found

1877

01:19:20,260 --> 01:19:17,900

that impact site and interestingly Steve

1878

01:19:23,170 --> 01:19:20,270

brought his camera and he was able to

1879

01:19:24,940 --> 01:19:23,180

video take this rather strange snow and

1880

01:19:26,740 --> 01:19:24,950

it was coming down like a blizzard you

1881

01:19:29,650 --> 01:19:26,750

know in this one area nothing no one

1882

01:19:33,070 --> 01:19:29,660

else just in that one area sweeper to

1883

01:19:35,770 --> 01:19:33,080

areas where the strange snow weather

1884

01:19:37,300 --> 01:19:35,780

like conditions are taking place and in

1885

01:19:40,420 --> 01:19:37,310

two areas where the military have been

1886

01:19:43,030 --> 01:19:40,430

very active and this unusual object has

1887

01:19:46,690 --> 01:19:43,040

been very active as well so but itself

1888

01:19:48,640 --> 01:19:46,700

again is just to me more evidence that

1889

01:19:54,490 --> 01:19:48,650

something very unusual was taking place

1890

01:19:57,670 --> 01:19:54,500

yeah yeah can i what just imagine that

1891

01:20:00,160 --> 01:19:57,680

this third or possibly fourth witness

1892

01:20:03,180 --> 01:20:00,170

listening to you now while this is going

1893

01:20:06,540 --> 01:20:03,190

out which will actually be the day after

1894

01:20:08,620 --> 01:20:06,550

you present you know the latest findings

1895

01:20:10,360 --> 01:20:08,630

you know this is screwing out this

1896

01:20:13,030 --> 01:20:10,370

coming wednesday if we're recording this

1897

01:20:14,830 --> 01:20:13,040

on the monday and if that person was

1898

01:20:16,630 --> 01:20:14,840

listening to you now what would he want

1899

01:20:18,490 --> 01:20:16,640

to say to him and would you give him you

1900

01:20:24,040 --> 01:20:18,500

know an email or something like that

1901

01:20:25,990 --> 01:20:24,050

where it can contact you yeah gladly

1902

01:20:28,540 --> 01:20:26,000

give them my contact details just for

1903

01:20:30,400 --> 01:20:28,550

them to contact me anonymously I mean if

1904

01:20:32,320 --> 01:20:30,410

they are listening I would just like

1905

01:20:34,810 --> 01:20:32,330

them to know that I do treat everyone

1906

01:20:37,930 --> 01:20:34,820

with the strictest of confidence they

1907

01:20:40,120 --> 01:20:37,940

can meet me somewhere private you know

1908

01:20:42,700 --> 01:20:40,130

away from prying eyes they can name the

1909

01:20:44,410 --> 01:20:42,710

location where they feel safe and I

1910

01:20:47,560 --> 01:20:44,420

won't give out anything that they don't

1911

01:20:49,660 --> 01:20:47,570

want me to but if they do want to speak

1912

01:20:52,630 --> 01:20:49,670

you know I'm I've been on this now for

1913

01:20:54,040 --> 01:20:52,640

over a year and a half and you know it's

1914

01:20:55,930 --> 01:20:54,050

turned me from a skeptic into a believer

1915

01:20:58,270 --> 01:20:55,940

on this because I didn't believe the

1916

01:21:00,640 --> 01:20:58,280

story in the end I thought I thought at

1917

01:21:02,500 --> 01:21:00,650

one point I was really interested in it

1918

01:21:03,880 --> 01:21:02,510

then as time went on I just sort of

1919

01:21:06,220 --> 01:21:03,890

thought now this is got to be made up

1920

01:21:07,810 --> 01:21:06,230

and I'm just like very skeptical if

1921

01:21:10,000 --> 01:21:07,820

anyone who said it was but then when I

1922

01:21:11,319 --> 01:21:10,010

got involved in investigating it for

1923

01:21:14,319 --> 01:21:11,329

myself again because I finally found

1924

01:21:17,830 --> 01:21:14,329

Cass Clark and the other witnesses was

1925

01:21:21,189 --> 01:21:17,840

sooo fond it turned me into a it took me

1926

01:21:22,060 --> 01:21:21,199

into a true believer you know it did

1927

01:21:24,010 --> 01:21:22,070

actually happen

1928

01:21:27,010 --> 01:21:24,020

you know I went out with my own research

1929

01:21:29,379 --> 01:21:27,020

so if these and I treatin a trick I've

1930

01:21:31,120 --> 01:21:29,389

treated the other guy Dave with the

1931

01:21:32,830 --> 01:21:31,130

strictest of confidence nobody knows who

1932

01:21:36,010 --> 01:21:32,840

he is unless we want unless he wants us

1933

01:21:37,419 --> 01:21:36,020

to let other people know yeah they're

1934

01:21:39,580 --> 01:21:37,429

listening as well this third and fourth

1935

01:21:41,169 --> 01:21:39,590

witness that we've just talked about you

1936

01:21:44,350 --> 01:21:41,179

know you can get in contact with me via

1937

01:21:47,260 --> 01:21:44,360

remap he'll know if they want to give

1938

01:21:50,169 --> 01:21:47,270

anything up now that but you know I am

1939

01:21:52,839 --> 01:21:50,179

on Facebook well if they want if they

1940

01:21:57,760 --> 01:21:52,849

want to look you up on Facebook Gary

1941

01:21:59,800 --> 01:21:57,770

Jones ger i Gary Jones and alternatively

1942

01:22:06,580 --> 01:21:59,810

they can look for the inside our limits

1943

01:22:09,850 --> 01:22:06,590

Facebook page and send me a message so

1944

01:22:11,140 --> 01:22:09,860

we do know that I would treat them with

1945

01:22:12,339 --> 01:22:11,150

the strictest of confidence and I

1946

01:22:14,740 --> 01:22:12,349

wouldn't make fun of them or anything

1947

01:22:15,879 --> 01:22:14,750

you know I'm I'm in this now for the you

1948

01:22:19,479 --> 01:22:15,889

know for the full on for the full

1949

01:22:21,010 --> 01:22:19,489

duration because it's obviously starting

1950

01:22:23,379 --> 01:22:21,020

to get people in positions of power

1951

01:22:26,830 --> 01:22:23,389

worries so you know you better be aware

1952

01:22:28,990 --> 01:22:26,840

of that but you know I mean look you

1953

01:22:30,580 --> 01:22:29,000

know if it's if you really want to talk

1954

01:22:32,620 --> 01:22:30,590

if you really want to speak to us me and

1955

01:22:34,870 --> 01:22:32,630

Cass Clark are waiting waiting to hear

1956

01:22:36,490 --> 01:22:34,880

from me you know the people who know may

1957

01:22:38,620 --> 01:22:36,500

have seen the green object being fired

1958

01:22:40,450 --> 01:22:38,630

out or who was walking on blocked in the

1959

01:22:42,069 --> 01:22:40,460

koi broad that night and saw the main

1960

01:22:44,859 --> 01:22:42,079

craft and stuff so that's what I'll say

1961

01:22:47,229 --> 01:22:44,869

to them that's brilliant

1962

01:22:49,030 --> 01:22:47,239

so because we're slowly but surely

1963

01:22:52,060 --> 01:22:49,040

beginning to run out of time we've got

1964

01:22:53,979 --> 01:22:52,070

about 35 minutes left now and the

1965

01:22:55,240 --> 01:22:53,989

investigation is still ongoing with the

1966

01:22:58,030 --> 01:22:55,250

the paint tree yeah

1967

01:23:00,339 --> 01:22:58,040

the incident there but I do know that

1968

01:23:03,609 --> 01:23:00,349

during that the investigation to this

1969

01:23:07,569 --> 01:23:03,619

incident you travel to North Wales with

1970

01:23:08,950 --> 01:23:07,579

Sylvia now this one's a UFO network to

1971

01:23:11,979 --> 01:23:08,960

interview a number of people who had

1972

01:23:14,260 --> 01:23:11,989

been involved with ufology and at the

1973

01:23:16,030 --> 01:23:14,270

end of the trip you visited a family in

1974

01:23:17,890 --> 01:23:16,040

Denby in Norway yes

1975

01:23:19,990 --> 01:23:17,900

want to tell us about this Karen yeah

1976

01:23:21,879 --> 01:23:20,000

this was only this was a nice surprise

1977

01:23:24,189 --> 01:23:21,889

actually it was a very

1978

01:23:26,950 --> 01:23:24,199

was a very intriguing case from the

1979

01:23:29,470 --> 01:23:26,960

moment I first met them we had gone to

1980

01:23:32,350 --> 01:23:29,480

see a number of prominent researchers

1981

01:23:33,700 --> 01:23:32,360

like one of them's Gary row one of

1982

01:23:36,160 --> 01:23:33,710

them's Margaret fry the other words

1983

01:23:37,479 --> 01:23:36,170

scoff thousand and works pretty much on

1984

01:23:39,729 --> 01:23:37,489

the bear when mountain case he's done

1985

01:23:42,520 --> 01:23:39,739

other cases too I'm and somewhere along

1986

01:23:44,620 --> 01:23:42,530

the way we we met this on our way our

1987

01:23:47,890 --> 01:23:44,630

last trip we met this family from Debbie

1988

01:23:51,129 --> 01:23:47,900

and I don't think don't mind me giving

1989

01:23:53,439 --> 01:23:51,139

their names now from there so forth you

1990

01:23:55,300 --> 01:23:53,449

could you you can use anonymously or you

1991

01:23:58,209 --> 01:23:55,310

can you know you can give aliases if you

1992

01:24:02,770 --> 01:23:58,219

wish know that I won't say it now then

1993

01:24:04,750 --> 01:24:02,780

um but yeah this family of four there's

1994

01:24:06,840 --> 01:24:04,760

a mother well I don't think they mind

1995

01:24:10,439 --> 01:24:06,850

there's the mother Linda Pritchard

1996

01:24:13,890 --> 01:24:10,449

brothers Nathan and Alex Thomas and

1997

01:24:20,010 --> 01:24:13,900

granddaughter and niece Kyra Lee George

1998

01:24:28,450 --> 01:24:22,629

what happened was is that on the 3rd of

1999

01:24:31,180 --> 01:24:28,460

January 2012 sometime after 3:00 a.m. it

2000

01:24:33,910 --> 01:24:31,190

was a very stormy windy night and Nathan

2001

01:24:36,729 --> 01:24:33,920

who was like 12 or I think he was 12 at

2002

01:24:38,020 --> 01:24:36,739

the time looked outside because he you

2003

01:24:39,459 --> 01:24:38,030

know it's been at blowing although

2004

01:24:41,859 --> 01:24:39,469

that's what he concurred the noise came

2005

01:24:44,020 --> 01:24:41,869

from the wind was very strong that

2006

01:24:45,370 --> 01:24:44,030

nameless blue has been over but as he

2007

01:24:46,959 --> 01:24:45,380

looked out the window he could see

2008

01:24:49,660 --> 01:24:46,969

something shining in the distance--and

2009

01:24:51,189 --> 01:24:49,670

as he he looked you know he thought is

2010

01:24:53,229 --> 01:24:51,199

like a reflection on his window you know

2011

01:24:54,729 --> 01:24:53,239

a light source from his room and he

2012

01:24:56,050 --> 01:24:54,739

confirmed that it was and and then he

2013

01:25:00,100 --> 01:24:56,060

realized that he was looking at

2014

01:25:01,810 --> 01:25:00,110

something very very it usual and he got

2015

01:25:06,310 --> 01:25:01,820

very excited about it and then he got

2016

01:25:08,109 --> 01:25:06,320

his brother Alex involved who was trying

2017

01:25:09,280 --> 01:25:08,119

to get asleep by the time but then he he

2018

01:25:11,680 --> 01:25:09,290

told his brother there's something very

2019

01:25:15,340 --> 01:25:11,690

strange come see this and then they were

2020

01:25:18,310 --> 01:25:15,350

looking at it and then some point they

2021

01:25:20,100 --> 01:25:18,320

were filming it and you can see in the

2022

01:25:23,709 --> 01:25:20,110

actual video what they were looking at

2023

01:25:26,709 --> 01:25:23,719

and then moments later the mother Linda

2024

01:25:29,500 --> 01:25:26,719

Prichard came in and then Kyra came to

2025

01:25:32,229 --> 01:25:29,510

join them and the four of them for about

2026

01:25:34,359 --> 01:25:32,239

12 minutes and they've recorded about

2027

01:25:35,680 --> 01:25:34,369

nine minutes of footage this very

2028

01:25:38,800 --> 01:25:35,690

strange and usual

2029

01:25:43,030 --> 01:25:38,810

flashing side of lights which booms in a

2030

01:25:44,860 --> 01:25:43,040

circular platen flashing on and off what

2031

01:25:46,210 --> 01:25:44,870

appears to be a disc shaped object you

2032

01:25:48,580 --> 01:25:46,220

know you don't actually see the object

2033

01:25:50,530 --> 01:25:48,590

itself but you can tell by the lights

2034

01:25:53,770 --> 01:25:50,540

that it has to be a disc sort of shaped

2035

01:25:56,250 --> 01:25:53,780

object the lights these lights flashing

2036

01:25:58,900 --> 01:25:56,260

in a very unusual way they don't seem to

2037

01:26:02,710 --> 01:25:58,910

they don't seem to have beams coming off

2038

01:26:05,380 --> 01:26:02,720

them they don't seem to have any sort of

2039

01:26:06,850 --> 01:26:05,390

like permanent flashes like you'd see on

2040

01:26:08,650 --> 01:26:06,860

a plane where you can sort of you know

2041

01:26:13,840 --> 01:26:08,660

figure out the pattern of the flashes

2042

01:26:17,170 --> 01:26:13,850

it's it's a very very unusual thing to

2043

01:26:19,240 --> 01:26:17,180

be looking at and I've since been up to

2044

01:26:20,680 --> 01:26:19,250

see them again I said that I would look

2045

01:26:21,760 --> 01:26:20,690

into this further because I really want

2046

01:26:24,510 --> 01:26:21,770

to look into this because you've got

2047

01:26:28,030 --> 01:26:24,520

four witnesses and video evidence and

2048

01:26:29,740 --> 01:26:28,040

location of sighting all which I've now

2049

01:26:34,540 --> 01:26:29,750

looked at and you know it's a very

2050

01:26:36,970 --> 01:26:34,550

strong case it is something of a UFO

2051
01:26:39,970 --> 01:26:36,980
nature an unidentified aerial phenomena

2052
01:26:41,980 --> 01:26:39,980
if you will and yeah I mean I met the

2053
01:26:44,380 --> 01:26:41,990
family the first time and I said I would

2054
01:26:47,650 --> 01:26:44,390
look into it and now I've been able to

2055
01:26:50,140 --> 01:26:47,660
interview them the researcher who got

2056
01:26:53,320 --> 01:26:50,150
involved we at the time Peter Glynn and

2057
01:26:55,480 --> 01:26:53,330
I've since done quite a lot of them work

2058
01:26:57,040 --> 01:26:55,490
research you know just trying to find

2059
01:26:59,170 --> 01:26:57,050
out some other information to strengthen

2060
01:27:01,300 --> 01:26:59,180
the case up a bit and it's clear to me

2061
01:27:04,210 --> 01:27:01,310
that whatever this thing is it's not

2062
01:27:06,250 --> 01:27:04,220
it's not natural phenomena it's not

2063
01:27:07,300 --> 01:27:06,260

something man-made that was flying that

2064

01:27:09,610 --> 01:27:07,310

night it's not something that people

2065

01:27:11,650 --> 01:27:09,620

would be doing it's clearly something

2066

01:27:17,470 --> 01:27:11,660

that you know you consider UFO or

2067

01:27:19,090 --> 01:27:17,480

paranormal very interesting so you've

2068

01:27:21,550 --> 01:27:19,100

been to interviewed the people involved

2069

01:27:22,840 --> 01:27:21,560

and you travel the area along you know

2070

01:27:26,980 --> 01:27:22,850

look and you've looked online for

2071

01:27:28,510 --> 01:27:26,990

information and you if there anybody

2072

01:27:30,670 --> 01:27:28,520

else looking into this at all you know

2073

01:27:32,590 --> 01:27:30,680

other than yourself it the only persons

2074

01:27:39,430 --> 01:27:32,600

give me a little bit of a hand lately is

2075

01:27:42,520 --> 01:27:39,440

Jase Jason Gleaves was at UF only video

2076

01:27:46,180 --> 01:27:42,530

actually to be honest I was looking for

2077

01:27:49,419 --> 01:27:46,190

someone to to actually analyze the video

2078

01:27:54,700 --> 01:27:49,429

no I've got someone else waiting on

2079

01:27:55,899 --> 01:27:54,710

to give me to give me some analysis but

2080

01:28:00,370 --> 01:27:55,909

at the minute that doesn't seem to be

2081

01:28:03,010 --> 01:28:00,380

coming anywhere and I've actually done

2082

01:28:04,360 --> 01:28:03,020

some articles in UFO truth magazine your

2083

01:28:07,720 --> 01:28:04,370

Gary Heseltine sir

2084

01:28:11,410 --> 01:28:07,730

okay sure yeah he's actually taken an

2085

01:28:13,870 --> 01:28:11,420

interest in it but I'm currently waiting

2086

01:28:15,250 --> 01:28:13,880

on a video analysis from from his side

2087

01:28:18,010 --> 01:28:15,260

of it but I haven't had anything back

2088

01:28:19,180 --> 01:28:18,020

yet but I got I thought it would be

2089

01:28:20,919 --> 01:28:19,190

interested if I could guess someone of

2090

01:28:22,840 --> 01:28:20,929

my own to maybe look at it and Jason

2091

01:28:24,790 --> 01:28:22,850

Gleaves name came up from Toni topping

2092

01:28:26,169 --> 01:28:24,800

and one or two other people and I

2093

01:28:28,300 --> 01:28:26,179

thought well okay let's take a look and

2094

01:28:30,459 --> 01:28:28,310

yeah he was great you know he came along

2095

01:28:32,260 --> 01:28:30,469

I look at the video for me and he

2096

01:28:34,750 --> 01:28:32,270

confirms that it's some circular disc

2097

01:28:38,560 --> 01:28:34,760

shaped object and that it's unexplained

2098

01:28:40,320 --> 01:28:38,570

you can't you cannot say that it's

2099

01:28:43,360 --> 01:28:40,330

anything natural or man-made or

2100

01:28:45,270 --> 01:28:43,370

something that we have because it just

2101

01:28:51,399 --> 01:28:45,280

doesn't fit the evidence that I've got

2102

01:28:53,709 --> 01:28:51,409

as far as I know no I think mention that

2103

01:28:55,830 --> 01:28:53,719

that incident okay

2104

01:28:58,090 --> 01:28:55,840

I think Jason's mentioned the incident

2105

01:29:02,950 --> 01:28:58,100

yes because he's just recently put a

2106

01:29:06,160 --> 01:29:02,960

video report on it yeah and have you not

2107

01:29:10,149 --> 01:29:06,170

also got photographs in daylight you

2108

01:29:11,890 --> 01:29:10,159

know from the same location yeah and and

2109

01:29:14,020 --> 01:29:11,900

I'm sure I've seen this and and of

2110

01:29:16,360 --> 01:29:14,030

course where you look over beyond the

2111

01:29:18,459 --> 01:29:16,370

buildings where this thing was there is

2112

01:29:22,229 --> 01:29:18,469

nothing there that would account for it

2113

01:29:26,709 --> 01:29:22,239

no there's no buildings there's no

2114

01:29:28,630 --> 01:29:26,719

towers no Rachel ZAR yeah yeah yeah

2115

01:29:32,350 --> 01:29:28,640

little roads for cars to drive around

2116

01:29:34,450 --> 01:29:32,360

that's right yeah fascinating well I

2117

01:29:36,459 --> 01:29:34,460

mean let me just you know I just want to

2118

01:29:39,310 --> 01:29:36,469

bring something up in someone to

2119

01:29:41,860 --> 01:29:39,320

everyone's attention yeah I mean I've

2120

01:29:43,959 --> 01:29:41,870

looked at the usual explanations and to

2121

01:29:47,950 --> 01:29:43,969

see if there's any reason that might

2122

01:29:49,330 --> 01:29:47,960

explain what we're looking at and I mean

2123

01:29:51,220 --> 01:29:49,340

when you actually I'm pretty I'm

2124

01:29:52,959 --> 01:29:51,230

actually in the process of editing the

2125

01:29:53,919 --> 01:29:52,969

video now getting ready for it to be

2126

01:29:55,000 --> 01:29:53,929

released to the public

2127

01:29:56,649 --> 01:29:55,010

you know I'm hopefully going to have it

2128

01:29:58,629 --> 01:29:56,659

up on end of next week you know it's a

2129

01:30:01,649 --> 01:29:58,639

lot of work to video edits or something

2130

01:30:07,159 --> 01:30:01,659

like this but I understand

2131

01:30:12,270 --> 01:30:07,169

a few minutes of video takes like hours

2132

01:30:13,770 --> 01:30:12,280

but yeah I mean I had my headphones on

2133

01:30:15,239 --> 01:30:13,780

this video because I'm travelling since

2134

01:30:16,799 --> 01:30:15,249

we won't Kathy and you can't hear the

2135

01:30:18,689 --> 01:30:16,809

wind in the background and if you look

2136

01:30:20,279 --> 01:30:18,699

at some of the lamb the street lights

2137

01:30:22,529 --> 01:30:20,289

you know lampposts you can see that the

2138

01:30:26,819 --> 01:30:22,539

ring is actually you know it is there

2139

01:30:29,669 --> 01:30:26,829

so I've ruled out people being up the

2140

01:30:32,969 --> 01:30:29,679

fields with fireworks or lamps or

2141

01:30:35,069 --> 01:30:32,979

hunters or Ramblers anything of a claim

2142

01:30:37,169 --> 01:30:35,079

because I'd always be daft enough to be

2143

01:30:38,939 --> 01:30:37,179

out there at 3 a.m. in the morning in

2144

01:30:41,669 --> 01:30:38,949

that freezing cold weather with the rain

2145

01:30:43,169 --> 01:30:41,679

and wind in their face yeah better

2146

01:30:44,640 --> 01:30:43,179

things to do we have everything goes

2147

01:30:46,500 --> 01:30:44,650

inside a can in the hills yeah I

2148

01:30:48,149 --> 01:30:46,510

remember some of the usual explanations

2149

01:30:49,859 --> 01:30:48,159

it's not a plane or a helicopter it's

2150

01:30:52,949 --> 01:30:49,869

just too low there's no sound coming

2151
01:30:54,959 --> 01:30:52,959
from it the police have actually were

2152
01:30:56,339 --> 01:30:54,969
contacted not long after this event they

2153
01:30:59,040 --> 01:30:56,349
confirm that their know their

2154
01:31:01,949 --> 01:30:59,050
helicopters are out at least it's not

2155
01:31:04,919 --> 01:31:01,959
fireworks it's not cars driving around

2156
01:31:06,750 --> 01:31:04,929
in a circle it's not electrical arcing

2157
01:31:09,390 --> 01:31:06,760
of wires it's not nice Philippa said

2158
01:31:11,189 --> 01:31:09,400
buildings with lights or anything of

2159
01:31:13,979 --> 01:31:11,199
that nature so by process of elimination

2160
01:31:15,509 --> 01:31:13,989
it only has to be one other thing but it

2161
01:31:18,120 --> 01:31:15,519
has to be something and natural and

2162
01:31:23,179 --> 01:31:18,130
unnatural bina and I know a UFO an

2163
01:31:25,469 --> 01:31:23,189

unidentified aerial phenomena so I mean

2164

01:31:27,089 --> 01:31:25,479

you know our people I mean the only

2165

01:31:31,459 --> 01:31:27,099

other thing I've seen very close to it

2166

01:31:33,689 --> 01:31:31,469

is it could be a tractor with a farmer

2167

01:31:35,850 --> 01:31:33,699

like score on it but then he would have

2168

01:31:38,069 --> 01:31:35,860

to be you know he doesn't work that

2169

01:31:39,750 --> 01:31:38,079

early I've been told I looked into that

2170

01:31:42,000 --> 01:31:39,760

he doesn't work early I was in the

2171

01:31:43,109 --> 01:31:42,010

morning usually comes up at sunset or

2172

01:31:46,020 --> 01:31:43,119

just a sorry

2173

01:31:50,040 --> 01:31:46,030

sunrise you know he doesn't work in the

2174

01:31:51,659 --> 01:31:50,050

early hours for other nights and I mean

2175

01:31:53,159 --> 01:31:51,669

this this this object you know and I'm

2176
01:31:54,600 --> 01:31:53,169
gonna be releasing the full video you

2177
01:31:56,909 --> 01:31:54,610
know everybody's gonna see this and

2178
01:32:00,689 --> 01:31:56,919
you're gonna see the lights of circling

2179
01:32:02,939 --> 01:32:00,699
and it does actually tilt up on a 45

2180
01:32:05,609 --> 01:32:02,949
degree angle it's hovering in the air

2181
01:32:09,810 --> 01:32:05,619
and it tilts on itself to a 45 degree

2182
01:32:12,750 --> 01:32:09,820
angle so I mean how is it able to do

2183
01:32:14,639 --> 01:32:12,760
that you know it's an object it is an

2184
01:32:15,299 --> 01:32:14,649
object of some kind I reckon and it's

2185
01:32:18,629 --> 01:32:15,309
move

2186
01:32:20,639 --> 01:32:18,639
on its own energy source it's tilting

2187
01:32:23,909 --> 01:32:20,649
and moving you know I've been down that

2188
01:32:25,859 --> 01:32:23,919

I mean I mean at one point the lights

2189

01:32:28,020 --> 01:32:25,869

are very deep spectacular on it you know

2190

01:32:30,419 --> 01:32:28,030

there's no distinct pattern to it but

2191

01:32:32,369 --> 01:32:30,429

there is clearly something generating

2192

01:32:34,699 --> 01:32:32,379

its own energy source hovering in the

2193

01:32:37,619 --> 01:32:34,709

sky not too far from where they are and

2194

01:32:39,719 --> 01:32:37,629

you know there's a brilliant 8 milli

2195

01:32:41,639 --> 01:32:39,729

nine minutes of video footage of it I

2196

01:32:43,770 --> 01:32:41,649

mean I can't sit him on that and the

2197

01:32:46,619 --> 01:32:43,780

family have been very open with me

2198

01:32:48,479 --> 01:32:46,629

they've lived in this area a long time

2199

01:32:50,219 --> 01:32:48,489

you know they're adamant that what they

2200

01:32:52,259 --> 01:32:50,229

saw that night was not a natural

2201

01:32:55,109 --> 01:32:52,269

phenomenon anything that occurs

2202

01:32:57,599 --> 01:32:55,119

naturally or normally in that area they

2203

01:32:59,069 --> 01:32:57,609

should know the area though but to this

2204

01:33:00,929 --> 01:32:59,079

day you know it's changed they've

2205

01:33:02,579 --> 01:33:00,939

exchanged their lives if they're still

2206

01:33:05,219 --> 01:33:02,589

excited about it now you know even to

2207

01:33:06,829 --> 01:33:05,229

this day it still affects let me now say

2208

01:33:09,839 --> 01:33:06,839

what was it I want to see it again and

2209

01:33:12,569 --> 01:33:09,849

it was amazing and know how it is if you

2210

01:33:17,209 --> 01:33:12,579

get something like that then you know I

2211

01:33:19,529 --> 01:33:17,219

guess you know when we when we've had

2212

01:33:22,709 --> 01:33:19,539

experiences this is something that I'm

2213

01:33:25,139 --> 01:33:22,719

you know I mean have a a couple of very

2214

01:33:27,869 --> 01:33:25,149

very small sightings in my time one back

2215

01:33:29,849 --> 01:33:27,879

in 74 and another one in the

2216

01:33:32,069 --> 01:33:29,859

mid-nineteen dances and I'm still

2217

01:33:34,619 --> 01:33:32,079

wanting to see something else it's

2218

01:33:36,359 --> 01:33:34,629

something that once you've seen it kind

2219

01:33:39,629 --> 01:33:36,369

of attracts you and pulls you towards it

2220

01:33:42,750 --> 01:33:39,639

you want to experience it again now this

2221

01:33:45,329 --> 01:33:42,760

video footage are you saying you're open

2222

01:33:47,909 --> 01:33:45,339

to release it next week do you have a a

2223

01:33:51,329 --> 01:33:47,919

dedicated online YouTube site or they

2224

01:33:53,939 --> 01:33:51,339

went through Facebook I do have a page

2225

01:33:57,389 --> 01:33:53,949

on Vimeo actually I don't know a YouTube

2226

01:34:00,750 --> 01:33:57,399

page right now but I mean if you if you

2227

01:34:08,129 --> 01:34:00,760

ever want to put on your limits magazine

2228

01:34:09,929 --> 01:34:08,139

maybe you give it - I'm doing just - I'm

2229

01:34:13,139 --> 01:34:09,939

trying to get as much information to it

2230

01:34:15,750 --> 01:34:13,149

as possible so you know all areas are

2231

01:34:17,459 --> 01:34:15,760

covered I don't really want to know I I

2232

01:34:19,259 --> 01:34:17,469

don't think I mean maybe there'll be a

2233

01:34:21,629 --> 01:34:19,269

part two to it I don't know but

2234

01:34:23,309 --> 01:34:21,639

everything I've got right now I'm trying

2235

01:34:25,169 --> 01:34:23,319

to put in but I don't to make it too

2236

01:34:26,449 --> 01:34:25,179

long but I'd want to make it too short

2237

01:34:29,130 --> 01:34:26,459

you know I want to make sure that people

2238

01:34:30,570 --> 01:34:29,140

people get the full full appreciate

2239

01:34:33,270 --> 01:34:30,580
of my efforts and what this video

2240

01:34:36,720 --> 01:34:33,280
actually means because so many of so

2241

01:34:38,460 --> 01:34:36,730
many people are actually I was the word

2242

01:34:40,380 --> 01:34:38,470
skeptical you know where's the footage

2243

01:34:42,330 --> 01:34:40,390
where's the footage well haha you know

2244

01:34:43,740 --> 01:34:42,340
I've got some footage you know on the

2245

01:34:46,760 --> 01:34:43,750
family have been very brilliant towards

2246

01:34:48,810 --> 01:34:46,770
that you know kudos for them yell

2247

01:34:50,760 --> 01:34:48,820
tremendous work for actually getting it

2248

01:34:52,770 --> 01:34:50,770
you know in a time when they were really

2249

01:34:54,990 --> 01:34:52,780
you know inspired and amazed by what

2250

01:34:56,070 --> 01:34:55,000
they were seeing our name yeah

2251

01:34:59,670 --> 01:34:56,080

absolutely

2252

01:35:01,740 --> 01:34:59,680

so what your to do that you're going to

2253

01:35:03,660 --> 01:35:01,750

send that to me directly so I can put it

2254

01:35:05,370 --> 01:35:03,670

in the magazine or you know I can always

2255

01:35:07,560 --> 01:35:05,380

add it to the inside out limits Facebook

2256

01:35:09,960 --> 01:35:07,570

page as well well you know I'll probably

2257

01:35:12,480 --> 01:35:09,970

open up a YouTube page or put it on one

2258

01:35:14,220 --> 01:35:12,490

of my am I think i've got a video page

2259

01:35:17,880 --> 01:35:14,230

on video I might stick it on there but

2260

01:35:23,730 --> 01:35:17,890

YouTube once you do Gary thank you send

2261

01:35:25,680 --> 01:35:23,740

me the details I'll make sure goes on in

2262

01:35:31,170 --> 01:35:25,690

this this there's we transfer is it on

2263

01:35:35,490 --> 01:35:31,180

my file transfer buddy that's a good way

2264

01:35:37,080 --> 01:35:35,500

of sending large files absolutely make

2265

01:35:39,150 --> 01:35:37,090

it so the families will be seeing it

2266

01:35:40,590 --> 01:35:39,160

first before it goes off because I'm

2267

01:35:43,440 --> 01:35:40,600

sure that they're happy with everything

2268

01:35:45,420 --> 01:35:43,450

that you know not know sort of certain

2269

01:35:48,870 --> 01:35:45,430

details don't get out or things like

2270

01:35:50,010 --> 01:35:48,880

that but yeah I mean I'm hopefully I'm

2271

01:35:51,630 --> 01:35:50,020

not saying the four hundred percent

2272

01:35:53,580 --> 01:35:51,640

hopefully by the end of next week I'll

2273

01:35:55,920 --> 01:35:53,590

have something because like I said it's

2274

01:35:57,690 --> 01:35:55,930

the video editing is a nightmare to do

2275

01:35:59,400 --> 01:35:57,700

you know you said you computer for hours

2276

01:36:02,310 --> 01:35:59,410

on and just trying to get a few minutes

2277

01:36:04,800 --> 01:36:02,320

together just say what you're thinking

2278

01:36:09,870 --> 01:36:04,810

Gary's appearing in main us because I've

2279

01:36:13,770 --> 01:36:09,880

done it myself anything you wanna

2280

01:36:16,350 --> 01:36:13,780

Westfield no I know Jess and leaves

2281

01:36:19,530 --> 01:36:16,360

mentioned it to me because up later in

2282

01:36:21,720 --> 01:36:19,540

the year I'm publishing Jason's second

2283

01:36:24,720 --> 01:36:21,730

book published he's only won last year

2284

01:36:27,810 --> 01:36:24,730

UFO photos the next one that's coming

2285

01:36:31,830 --> 01:36:27,820

out is called the the UFO umbrella Close

2286

01:36:35,100 --> 01:36:31,840

Encounters are not enough and it did

2287

01:36:37,680 --> 01:36:35,110

mention it and and I'm you know just

2288

01:36:41,190 --> 01:36:37,690

little bits not not in any great detail

2289

01:36:42,600 --> 01:36:41,200

like Gary's just going to and you know

2290

01:36:44,310 --> 01:36:42,610

I'd love to see the video

2291

01:36:47,820 --> 01:36:44,320

forward seeing an augury just sound

2292

01:36:50,340 --> 01:36:47,830

fascinating it's um yeah I'm pretty sure

2293

01:36:53,910 --> 01:36:50,350

Jason said that got the daylight

2294

01:36:55,890 --> 01:36:53,920

photographs of the area yeah yeah and

2295

01:36:59,340 --> 01:36:55,900

then there was nothing there that could

2296

01:37:02,010 --> 01:36:59,350

you know explain it away in that respect

2297

01:37:04,200 --> 01:37:02,020

and like you said you know I don't

2298

01:37:06,630 --> 01:37:04,210

farmers are workaholics because because

2299

01:37:08,640 --> 01:37:06,640

they have to be but at 3 o'clock in the

2300

01:37:10,770 --> 01:37:08,650

morning when it's well when the winds

2301

01:37:13,680 --> 01:37:10,780

howling and there's no there's no no

2302

01:37:16,260 --> 01:37:13,690

need for it's unlikely I think extremely

2303

01:37:19,770 --> 01:37:16,270

unlikely and normally that the locals

2304

01:37:21,780 --> 01:37:19,780

are used to it you know there no it's I

2305

01:37:23,340 --> 01:37:21,790

don't take any no it's a tie its own so

2306

01:37:25,380 --> 01:37:23,350

he's at it again you know I mean I've

2307

01:37:29,730 --> 01:37:25,390

told him not to be up so early or Soleil

2308

01:37:31,020 --> 01:37:29,740

or whatever you know it's like in the

2309

01:37:32,940 --> 01:37:31,030

early word island we have nothing like

2310

01:37:34,830 --> 01:37:32,950

that but we have a railway line not far

2311

01:37:36,600 --> 01:37:34,840

away and every now and again any other

2312

01:37:38,610 --> 01:37:36,610

little rumble in the background you know

2313

01:37:43,050 --> 01:37:38,620

it's the train so you know you just get

2314

01:37:44,340 --> 01:37:43,060

used to your own surroundings and I look

2315

01:37:44,670 --> 01:37:44,350

forward to seeing it that's all I can

2316

01:37:48,840 --> 01:37:44,680

say

2317

01:37:50,580 --> 01:37:48,850

oh yeah a public soon anyway I'm just I

2318

01:37:52,260 --> 01:37:50,590

just want to get out in the right

2319

01:37:53,850 --> 01:37:52,270

context you know so people understand

2320

01:37:55,260 --> 01:37:53,860

what they're looking at and appreciate

2321

01:37:58,830 --> 01:37:55,270

the full value of what the video

2322

01:38:01,470 --> 01:37:58,840

actually shows so yeah because I think

2323

01:38:03,330 --> 01:38:01,480

sometimes when you mention video and you

2324

01:38:05,400 --> 01:38:03,340

say that it's it's you know you think

2325

01:38:07,740 --> 01:38:05,410

it's show something you know anomalous

2326

01:38:11,190 --> 01:38:07,750

on it people are expecting something

2327

01:38:13,800 --> 01:38:11,200

like Close Encounters before they look

2328

01:38:15,720 --> 01:38:13,810

at you so they get somewhat disappointed

2329

01:38:20,910 --> 01:38:15,730

but that's not that's not the case I

2330

01:38:23,640 --> 01:38:20,920

mean you know I know you know I studied

2331

01:38:27,650 --> 01:38:23,650

if the phenomenon in in hessdalen on and

2332

01:38:30,930 --> 01:38:27,660

off down the years in central Norway and

2333

01:38:33,570 --> 01:38:30,940

you know the film and photographs

2334

01:38:36,720 --> 01:38:33,580

they've got don't really do justice to

2335

01:38:39,810 --> 01:38:36,730

what's been happening there so sometimes

2336

01:38:42,420 --> 01:38:39,820

people are disappointed or with bits of

2337

01:38:44,100 --> 01:38:42,430

film but it's because they don't know

2338

01:38:46,860 --> 01:38:44,110

like you say you want to release it in

2339

01:38:48,750 --> 01:38:46,870

the correct manner and and all credit to

2340

01:38:51,150 --> 01:38:48,760

you Gary so we'll we're not forward to

2341

01:38:53,250 --> 01:38:51,160

seeing that really do well that's not

2342

01:38:54,570 --> 01:38:53,260

saying you know you've got a good you

2343

01:38:56,339 --> 01:38:54,580

know there's two videos but all together

2344

01:38:58,439 --> 01:38:56,349

it adds up to a bow

2345

01:39:01,680 --> 01:38:58,449

you know like Nene nearly nine minutes I

2346

01:39:03,240 --> 01:39:01,690

mean it's more than enough to show you

2347

01:39:04,620 --> 01:39:03,250

what they're looking at I mean I've like

2348

01:39:06,510 --> 01:39:04,630

I said I've interviewed them I've got

2349

01:39:08,040 --> 01:39:06,520

transcripts of their interviews I've

2350

01:39:10,830 --> 01:39:08,050

walked the area I've got the photographs

2351

01:39:12,899 --> 01:39:10,840

from the window and the surrounding

2352

01:39:14,490 --> 01:39:12,909

patches having other people as well um

2353

01:39:16,169 --> 01:39:14,500

you know became witnesses of other

2354

01:39:18,450 --> 01:39:16,179

things you know which just adds to the

2355

01:39:21,209 --> 01:39:18,460

story I gives it a few more layers and

2356

01:39:23,459 --> 01:39:21,219

different dimensions and everything so

2357

01:39:25,470 --> 01:39:23,469

and he went to visit an old friend of

2358

01:39:27,660 --> 01:39:25,480

mine as well Margaret Frye yeah

2359

01:39:30,270 --> 01:39:27,670

Margaret's a lovely lady yeah she's

2360

01:39:34,200 --> 01:39:30,280

she's she's been around a long time as

2361

01:39:35,700 --> 01:39:34,210

Margaret oh yes she's definitely she's

2362

01:39:37,919 --> 01:39:35,710

definitely been one of the leading

2363

01:39:41,459 --> 01:39:37,929

voices but she bless oh she's going on a

2364

01:39:43,050 --> 01:39:41,469

bit now sure she's like yeah I've been

2365

01:39:44,430 --> 01:39:43,060

and stayed with it a couple of times in

2366

01:39:47,010 --> 01:39:44,440

in the past with her

2367

01:39:51,870 --> 01:39:47,020

I believe her husband's passed away Ron

2368

01:39:54,060 --> 01:39:51,880

and a fantastic lady and she got great

2369

01:39:57,450 --> 01:39:54,070

sense of humor I know if I'm not

2370

01:40:00,589 --> 01:39:57,460

mistaken she was born and raised in in

2371

01:40:08,370 --> 01:40:05,700

yeah her father was a scientist whatever

2372

01:40:10,470 --> 01:40:08,380

like a forensic scientist and if I'm not

2373

01:40:12,260 --> 01:40:10,480

mistaken he was even involved in

2374

01:40:16,109 --> 01:40:12,270

something to do with splitting the atom

2375

01:40:18,149 --> 01:40:16,119

you know something along that but you

2376

01:40:20,430 --> 01:40:18,159

know Margaret and I went on a couple of

2377

01:40:22,470 --> 01:40:20,440

investigations with we heard a rumor

2378

01:40:26,010 --> 01:40:22,480

this is this is a rumor quiet it's just

2379

01:40:28,050 --> 01:40:26,020

going back I don't know late 80s early

2380

01:40:30,540 --> 01:40:28,060

90s I can't remember the exact date but

2381

01:40:32,640 --> 01:40:30,550

there was a Polish chap that lived in

2382

01:40:34,830 --> 01:40:32,650

one of the little villages in one of the

2383

01:40:36,780 --> 01:40:34,840

valleys down there and he claimed that

2384

01:40:39,060 --> 01:40:36,790

it was a prisoner of war during the

2385

01:40:42,780 --> 01:40:39,070

Second World War and that it actually

2386

01:40:48,510 --> 01:40:42,790

worked on you know building a UFO for

2387

01:40:52,050 --> 01:40:48,520

the Germans oh so you know I got got

2388

01:40:54,330 --> 01:40:52,060

Margaret in the car and off we went sure

2389

01:40:56,910 --> 01:40:54,340

enough we found these locations and we

2390

01:40:59,010 --> 01:40:56,920

got the gentleman's name a people have

2391

01:41:01,350 --> 01:40:59,020

heard of him but we could never actually

2392

01:41:04,740 --> 01:41:01,360

find him you know it was it was almost

2393

01:41:07,799 --> 01:41:04,750

like Chinese whispers we set off trying

2394

01:41:10,260 --> 01:41:07,809

to find this chap but I'm confident it

2395

01:41:11,790 --> 01:41:10,270

didn't exist whether he saw what

2396

01:41:13,290 --> 01:41:11,800

claims to have seen or worked on weight

2397

01:41:14,700 --> 01:41:13,300

claims is it different matter book

2398

01:41:18,210 --> 01:41:14,710

because we never managed to track him

2399

01:41:20,310 --> 01:41:18,220

down because my stepdad was polish so

2400

01:41:22,920 --> 01:41:20,320

you know what my father was born in

2401

01:41:25,080 --> 01:41:22,930

Merthyr Tydfil my own father he died

2402

01:41:27,960 --> 01:41:25,090

when I was a nipper but my stepdad was

2403

01:41:29,730 --> 01:41:27,970

was from Poland but yeah I went on a few

2404

01:41:33,840 --> 01:41:29,740

expeditions with with Margaret and

2405

01:41:35,670 --> 01:41:33,850

stayed at her house a couple of times so

2406

01:41:38,310 --> 01:41:35,680

you know what you say though she's

2407

01:41:40,680 --> 01:41:38,320

knocking on a bit now but she's got some

2408

01:41:42,660 --> 01:41:40,690

fantastic stories to tell from our own

2409

01:41:44,640 --> 01:41:42,670

investigations and our own sighting as

2410

01:41:48,780 --> 01:41:44,650

well back in they I think it was the

2411

01:41:51,960 --> 01:41:48,790

early 1950s when when Margaret saw saw

2412

01:41:53,790 --> 01:41:51,970

something but Sir this was the Enfield

2413

01:41:57,780 --> 01:41:53,800

sighting that's that's right she saw

2414

01:42:00,030 --> 01:41:57,790

something you know coming to land but

2415

01:42:02,760 --> 01:42:00,040

she's a crack in Old West she really is

2416

01:42:04,580 --> 01:42:02,770

and you know if you do way tour again

2417

01:42:10,920 --> 01:42:04,590

gallery please do give her my regards

2418

01:42:13,950 --> 01:42:10,930

well so we've got about 15 minutes left

2419

01:42:15,990 --> 01:42:13,960

so what I wanted to do was just ask

2420

01:42:17,550 --> 01:42:16,000

about your plans for the future Gary

2421

01:42:19,740 --> 01:42:17,560

what you what you're planning on doing

2422

01:42:21,510 --> 01:42:19,750

is anything new coming up and that you

2423

01:42:23,250 --> 01:42:21,520

know come up that you've just you know

2424

01:42:25,410 --> 01:42:23,260

being informed about or discovered are

2425

01:42:27,630 --> 01:42:25,420

you thinking of doing any books so you

2426

01:42:30,960 --> 01:42:27,640

doing any conferences are you doing any

2427

01:42:33,570 --> 01:42:30,970

more videos yeah I'm sure I'll be doing

2428

01:42:37,350 --> 01:42:33,580

some more videos on the pen Turk and

2429

01:42:40,770 --> 01:42:37,360

don't be lights UFOs and as far as a

2430

01:42:43,500 --> 01:42:40,780

book goes I'm not really one for writing

2431

01:42:45,300 --> 01:42:43,510

books but I have been asked if you know

2432

01:42:47,880 --> 01:42:45,310

would somebody like to help me write a

2433

01:42:49,350 --> 01:42:47,890

book you know Cass and I have obviously

2434

01:42:51,480 --> 01:42:49,360

discussed here because obviously that

2435

01:42:56,460 --> 01:42:51,490

would be a tremendous read for anyone

2436

01:43:01,140 --> 01:42:56,470

interested in wanted to do a book like

2437

01:43:03,440 --> 01:43:01,150

that as far as conferences go we do have

2438

01:43:06,750 --> 01:43:03,450

one maybe planned for October November

2439

01:43:15,660 --> 01:43:06,760

Ben Hamlin did Benham insurance I think

2440

01:43:16,980 --> 01:43:15,670

is his name he's gonna be he's gonna be

2441

01:43:19,650 --> 01:43:16,990

doing a conference I think in November

2442

01:43:22,970 --> 01:43:19,660

he he wants us to come up and do a

2443

01:43:24,180 --> 01:43:22,980

speech on the sorry a conference talk on

2444

01:43:31,200 --> 01:43:24,190

the

2445

01:43:33,240 --> 01:43:31,210

things yeah I might stop doing more

2446

01:43:35,910 --> 01:43:33,250

local investigations I know that some

2447

01:43:37,530 --> 01:43:35,920

people of giving me some very

2448

01:43:39,780 --> 01:43:37,540

interesting details on things they've

2449

01:43:41,790 --> 01:43:39,790

seen and some of them have actually put

2450

01:43:43,320 --> 01:43:41,800

together some nice it's a nice report

2451
01:43:45,720 --> 01:43:43,330
for me so maybe there'll be a collection

2452
01:43:48,420 --> 01:43:45,730
of those I might look into because the

2453
01:43:50,520 --> 01:43:48,430
one thing I'm learning is that penta

2454
01:43:53,790 --> 01:43:50,530
area or the surrounding area that's a

2455
01:43:59,010 --> 01:43:53,800
hot spot for UFO activity debbie is a

2456
01:44:00,000 --> 01:43:59,020
hot spot for UFO activity but so far

2457
01:44:01,020 --> 01:44:00,010
yeah that's probably what I've got

2458
01:44:05,400 --> 01:44:01,030
planning there are more video

2459
01:44:08,040 --> 01:44:05,410
documentaries maybe some articles you or

2460
01:44:09,840 --> 01:44:08,050
anyone else who would want them you know

2461
01:44:11,640 --> 01:44:09,850
just well the only thing I asked about

2462
01:44:13,350 --> 01:44:11,650
articles Gary's that they haven't been

2463
01:44:15,840 --> 01:44:13,360

used elsewhere that's the only thing I

2464

01:44:18,870 --> 01:44:15,850

ask and yeah I'm more than happy to take

2465

01:44:20,520 --> 01:44:18,880

articles from you for a okhta limits

2466

01:44:27,110 --> 01:44:20,530

magazine absolutely no problem

2467

01:44:34,320 --> 01:44:31,620

yeah so we asked most people this when

2468

01:44:35,910 --> 01:44:34,330

when they come on and and you know just

2469

01:44:38,070 --> 01:44:35,920

to get your opinion on it really what

2470

01:44:40,260 --> 01:44:38,080

about disclosure do you think that will

2471

01:44:43,500 --> 01:44:40,270

ever happen yeah I think at some point

2472

01:44:45,390 --> 01:44:43,510

it will but I think the system will

2473

01:44:47,970 --> 01:44:45,400

fight tooth and nail to make sure that

2474

01:44:51,540 --> 01:44:47,980

it doesn't I don't think it'll happen

2475

01:44:54,270 --> 01:44:51,550

with you know some some government being

2476

01:44:55,950 --> 01:44:54,280

sympathetic to us say no forum and let's

2477

01:44:58,050 --> 01:44:55,960

release it I think enough times gone by

2478

01:44:59,340 --> 01:44:58,060

I think if any kind of disclosure is

2479

01:45:02,250 --> 01:44:59,350

going to take place it'll have to be

2480

01:45:05,430 --> 01:45:02,260

some real incredible incident you know

2481

01:45:08,010 --> 01:45:05,440

where it can't be dynamic that something

2482

01:45:10,290 --> 01:45:08,020

extraterrestrial or UFO or out of this

2483

01:45:13,470 --> 01:45:10,300

world was seen by so many people and

2484

01:45:14,910 --> 01:45:13,480

caused such a such a stir or they'll

2485

01:45:17,460 --> 01:45:14,920

make themselves known to us maybe

2486

01:45:21,330 --> 01:45:17,470

they'll they'll appear over major cities

2487

01:45:22,740 --> 01:45:21,340

in the poly hijacker TV signals or

2488

01:45:24,720 --> 01:45:22,750

radios you know like you've seen in many

2489

01:45:25,050 --> 01:45:24,730

films before maybe that way tons of it

2490

01:45:28,560 --> 01:45:25,060

yeah

2491

01:45:30,060 --> 01:45:28,570

but I can't see I can't see the

2492

01:45:31,590 --> 01:45:30,070

government's doing I'm not not not the

2493

01:45:33,990 --> 01:45:31,600

British or the American governments I

2494

01:45:36,600 --> 01:45:34,000

think if disclosure comes from anyone it

2495

01:45:37,709 --> 01:45:36,610

could be the Russian government you know

2496

01:45:39,839 --> 01:45:37,719

they've been very open

2497

01:45:42,930 --> 01:45:39,849

about some of the some of the cases

2498

01:45:45,149 --> 01:45:42,940

they've had I pull that some of the

2499

01:45:47,910 --> 01:45:45,159

Chinese delegates you know have been

2500

01:45:50,250 --> 01:45:47,920

very open about it but South America you

2501
01:45:52,560 --> 01:45:50,260
know countries like Argentina and Brazil

2502
01:45:54,229 --> 01:45:52,570
and even Mexico have been very open

2503
01:45:57,200 --> 01:45:54,239
about it they don't seem to have such a

2504
01:46:00,239 --> 01:45:57,210
such a need for secrecy on the issues so

2505
01:46:03,299 --> 01:46:00,249
if this closures gonna come don't expect

2506
01:46:05,370 --> 01:46:03,309
it from any of the any of the usual you

2507
01:46:08,069 --> 01:46:05,380
know like America or Britain or anything

2508
01:46:11,219 --> 01:46:08,079
I think well no well if it was someone

2509
01:46:15,180 --> 01:46:11,229
like Donald Trump I mean would you

2510
01:46:17,279 --> 01:46:15,190
believe him anyway well you know there's

2511
01:46:19,979 --> 01:46:17,289
something interesting I mean Donald

2512
01:46:23,419 --> 01:46:19,989
Trump is just signed like directivity

2513
01:46:25,739 --> 01:46:23,429

for the space force alleged yes yeah and

2514

01:46:28,020 --> 01:46:25,749

you know me and cars are in discussion

2515

01:46:30,180 --> 01:46:28,030

about this and we just wondering what

2516

01:46:35,459 --> 01:46:30,190

he's up to you know I mean is he getting

2517

01:46:37,649 --> 01:46:35,469

ready to reveal something in space

2518

01:46:39,509 --> 01:46:37,659

against something I mean somebody asked

2519

01:46:41,700 --> 01:46:39,519

me this same question that Chris had

2520

01:46:45,149 --> 01:46:41,710

just put to you and I said well let's

2521

01:46:48,089 --> 01:46:45,159

assume disclosures coming but who would

2522

01:46:49,739 --> 01:46:48,099

you believe to deliver it would you

2523

01:46:52,259 --> 01:46:49,749

believe Trump would be the one

2524

01:46:54,330 --> 01:46:52,269

would you believe Donald Trump yeah you

2525

01:46:57,899 --> 01:46:54,340

know half of the Americans certainly

2526

01:47:00,569 --> 01:46:57,909

wouldn't you know them would like yes a

2527

01:47:02,939 --> 01:47:00,579

lot of people's would you believe the

2528

01:47:04,620 --> 01:47:02,949

United Nations a lot of people claim

2529

01:47:07,140 --> 01:47:04,630

that's just a talking shop they never

2530

01:47:09,719 --> 01:47:07,150

actually do anything would you believe

2531

01:47:12,120 --> 01:47:09,729

the Pope well if these are Catholic

2532

01:47:14,069 --> 01:47:12,130

which there was a billion Catholics you

2533

01:47:16,560 --> 01:47:14,079

know maybe the a billion Catholics would

2534

01:47:19,709 --> 01:47:16,570

believe it but not necessarily everyone

2535

01:47:23,399 --> 01:47:19,719

else so it you know it individually

2536

01:47:25,979 --> 01:47:23,409

maybe not but as Trump II and you know

2537

01:47:28,140 --> 01:47:25,989

as far as people are concerned you know

2538

01:47:29,609 --> 01:47:28,150

Trump being commander-in-chief of the

2539

01:47:32,040 --> 01:47:29,619

most powerful army and country in the

2540

01:47:33,779 --> 01:47:32,050

world the Pope being the head of

2541

01:47:36,270 --> 01:47:33,789

probably the biggest religious

2542

01:47:37,469 --> 01:47:36,280

organization in the world and then you

2543

01:47:39,239 --> 01:47:37,479

know maybe sort of like the United

2544

01:47:41,279 --> 01:47:39,249

Nations being the voice if most of the

2545

01:47:43,620 --> 01:47:41,289

nations of the world if they all grouped

2546

01:47:45,839 --> 01:47:43,630

together and did something like you know

2547

01:47:46,469 --> 01:47:45,849

like a disclosure project type of

2548

01:47:48,600 --> 01:47:46,479

disclosure

2549

01:47:50,850 --> 01:47:48,610

you know like Stephen gray did in early

2550

01:47:51,520 --> 01:47:50,860

2001 just got all these people together

2551

01:47:54,070 --> 01:47:51,530

and

2552

01:47:55,360 --> 01:47:54,080

you know who knows maybe there it'll be

2553

01:47:56,860 --> 01:47:55,370

enough people who would listen from

2554

01:47:58,500 --> 01:47:56,870

different walks of life because some

2555

01:48:00,940 --> 01:47:58,510

people are very religious in the Pope is

2556

01:48:03,820 --> 01:48:00,950

they another person they listen to some

2557

01:48:06,520 --> 01:48:03,830

people see Donald Trump as the man to

2558

01:48:09,310 --> 01:48:06,530

change change things in America trans

2559

01:48:11,920 --> 01:48:09,320

deep sea so maybe he wouldn't the United

2560

01:48:13,450 --> 01:48:11,930

Nations would certainly be the way for

2561

01:48:15,580 --> 01:48:13,460

most countries to get together and reach

2562

01:48:17,260 --> 01:48:15,590

all their information so if disclosure

2563

01:48:20,400 --> 01:48:17,270

desktop and maybe he'll happen that way

2564

01:48:23,740 --> 01:48:20,410

but individually countries I don't see

2565

01:48:25,510 --> 01:48:23,750

but make it much impact unless you know

2566

01:48:28,720 --> 01:48:25,520

I think you know you ask you about

2567

01:48:30,490 --> 01:48:28,730

disclosure I can see what you're doing

2568

01:48:34,090 --> 01:48:30,500

it though I can see that Chinese may be

2569

01:48:37,060 --> 01:48:34,100

doing it I certainly would be more more

2570

01:48:38,580 --> 01:48:37,070

more comfortable saying map I reckon

2571

01:48:40,930 --> 01:48:38,590

South American countries you know like

2572

01:48:43,980 --> 01:48:40,940

Argentina or Brazil they seem to have a

2573

01:48:46,030 --> 01:48:43,990

more than policy when it comes to

2574

01:48:47,260 --> 01:48:46,040

discussing these matters they seem to be

2575

01:48:49,690 --> 01:48:47,270

willing to even handle the military

2576

01:48:51,430 --> 01:48:49,700

information which is unheard of in yeah

2577

01:48:57,550 --> 01:48:51,440

countries like Britain and America but I

2578

01:48:59,260 --> 01:48:57,560

mean you know I just think you know the

2579

01:49:01,270 --> 01:48:59,270

most trusting thing people would want is

2580

01:49:04,360 --> 01:49:01,280

if you know they came down themselves

2581

01:49:06,280 --> 01:49:04,370

and were able to hijack our networks and

2582

01:49:08,140 --> 01:49:06,290

radio signals and everything else and

2583

01:49:10,030 --> 01:49:08,150

say hello you know this is us

2584

01:49:13,210 --> 01:49:10,040

maybe it's that maybe it's that way I

2585

01:49:14,980 --> 01:49:13,220

don't know that's just like I don't know

2586

01:49:17,920 --> 01:49:14,990

Kerry I don't know if you're aware but

2587

01:49:20,020 --> 01:49:17,930

there was an incident once I think it

2588

01:49:22,510 --> 01:49:20,030

was back in the 1970s and again filled

2589

01:49:25,540 --> 01:49:22,520

with correct me if I'm wrong you know

2590

01:49:27,400 --> 01:49:25,550

I'm going to talk it's the the TV

2591

01:49:31,480 --> 01:49:27,410

interruption do you remember yeah that

2592

01:49:33,790 --> 01:49:31,490

was a that was a hoax yeah but it was so

2593

01:49:37,180 --> 01:49:33,800

cleverly doing it was well and so people

2594

01:49:42,550 --> 01:49:37,190

show that video clip now you know and

2595

01:49:44,110 --> 01:49:42,560

it's same with alternative three and if

2596

01:49:45,820 --> 01:49:44,120

you wonder if you're aware that but

2597

01:49:49,330 --> 01:49:45,830

there's a book called the alternative

2598

01:49:50,260 --> 01:49:49,340

three basically it was alleged that the

2599

01:49:53,050 --> 01:49:50,270

earth was doomed

2600

01:49:55,960 --> 01:49:53,060

you know our atmosphere that had it and

2601
01:49:59,050 --> 01:49:55,970
and you couldn't reverse it the earth

2602
01:50:02,440 --> 01:49:59,060
was gonna fry so they looked at three

2603
01:50:04,990 --> 01:50:02,450
alternatives one was to try and fix it

2604
01:50:07,300 --> 01:50:05,000
we couldn't to was to live for

2605
01:50:10,240 --> 01:50:07,310
underwater well it gets so hot that even

2606
01:50:12,910 --> 01:50:10,250
the oceans will believe operate so

2607
01:50:14,920 --> 01:50:12,920
alternative 3 must leave the planet

2608
01:50:18,940 --> 01:50:14,930
altogether and set up colonies on Mars

2609
01:50:20,680 --> 01:50:18,950
and this started in the 70s there was a

2610
01:50:23,290 --> 01:50:20,690
thing in the 1970s could called the

2611
01:50:25,810 --> 01:50:23,300
brain drain and if you've ever heard

2612
01:50:27,460 --> 01:50:25,820
that phrase called the brain drain a lot

2613
01:50:29,860 --> 01:50:27,470

of scientists from Britain and Europe

2614

01:50:31,860 --> 01:50:29,870

were gonna work in America the brain

2615

01:50:35,470 --> 01:50:31,870

drain because that's where the money was

2616

01:50:37,590 --> 01:50:35,480

if that really did exist and of course

2617

01:50:39,340 --> 01:50:37,600

the UFOs that were seeing were not

2618

01:50:42,130 --> 01:50:39,350

extraterrestrial they were actually

2619

01:50:43,960 --> 01:50:42,140

man-made they were there and of course

2620

01:50:45,640 --> 01:50:43,970

it's the only do certain fuel that are

2621

01:50:49,090 --> 01:50:45,650

going to be taken to live on Mars the

2622

01:50:54,220 --> 01:50:49,100

rest of us of habit and there was even a

2623

01:50:56,110 --> 01:50:54,230

documentary done about alternative 3 and

2624

01:50:58,120 --> 01:50:56,120

it showed them talking to scientists in

2625

01:51:01,150 --> 01:50:58,130

their lab coats and even a little bit of

2626
01:51:04,660 --> 01:51:01,160
the supposedly no mouse but it was all

2627
01:51:08,410 --> 01:51:04,670
done on April the 1st it was a hoax one

2628
01:51:10,240 --> 01:51:08,420
of the so-called doctors on it it was an

2629
01:51:12,130 --> 01:51:10,250
actor that was unknown at the time but

2630
01:51:15,670 --> 01:51:12,140
he later rose to prominence seeing as

2631
01:51:17,620 --> 01:51:15,680
one of the generals in the the the the

2632
01:51:19,810 --> 01:51:17,630
sitcom joke on what you when you Carla

2633
01:51:21,940 --> 01:51:19,820
lol oh it was one of the German generals

2634
01:51:25,480 --> 01:51:21,950
in that there's a fat one yeah that was

2635
01:51:27,850 --> 01:51:25,490
him yeah but were those that typically I

2636
01:51:29,710 --> 01:51:27,860
mean it was produced by Anglia

2637
01:51:32,920 --> 01:51:29,720
television which I believe long since

2638
01:51:35,020 --> 01:51:32,930

God but no no we looked into a man and

2639

01:51:37,810 --> 01:51:35,030

we even got letters from the producers

2640

01:51:39,880 --> 01:51:37,820

saying how they dreamt it up one

2641

01:51:42,220 --> 01:51:39,890

afternoon you know the because they were

2642

01:51:46,840 --> 01:51:42,230

looking for an April Fool's joke but the

2643

01:51:49,030 --> 01:51:46,850

thing about disclosure and that check on

2644

01:51:52,030 --> 01:51:49,040

board what Gary was Jonas was saying

2645

01:51:54,580 --> 01:51:52,040

that he technically the rumor that that

2646

01:51:57,940 --> 01:51:54,590

disclosure is coming in whatever form

2647

01:52:00,850 --> 01:51:57,950

Chris tends to go around in circles you

2648

01:52:04,660 --> 01:52:00,860

know yeah back in the 1980s I believe it

2649

01:52:05,890 --> 01:52:04,670

was the operation right - no and they

2650

01:52:07,420 --> 01:52:05,900

were all standing outside the White

2651
01:52:09,970 --> 01:52:07,430
House with the banners and the plaques

2652
01:52:11,560 --> 01:52:09,980
and they were convinced you know that it

2653
01:52:14,700 --> 01:52:11,570
was going to happen I remember when we

2654
01:52:18,940 --> 01:52:14,710
first met Timothy good in the in the

2655
01:52:21,790 --> 01:52:18,950
early 1980s before he became a

2656
01:52:24,730 --> 01:52:21,800
the publishing sensation you know Tim

2657
01:52:26,590 --> 01:52:24,740
was convinced that although it wasn't

2658
01:52:28,330 --> 01:52:26,600
called disclosure then but it was

2659
01:52:29,020 --> 01:52:28,340
whatever you want to call it was

2660
01:52:32,020 --> 01:52:29,030
imminent

2661
01:52:34,270 --> 01:52:32,030
you know and he was I've no doubt about

2662
01:52:36,700 --> 01:52:34,280
it but of course it's never happened or

2663
01:52:41,020 --> 01:52:36,710

if it's it has it certainly passed me by

2664

01:52:43,240 --> 01:52:41,030

you know and of course if it was an

2665

01:52:47,530 --> 01:52:43,250

announcement as Gehrig's rightly pointed

2666

01:52:50,410 --> 01:52:47,540

out from one individual and a person or

2667

01:52:52,450 --> 01:52:50,420

organization there would be a vast

2668

01:52:55,570 --> 01:52:52,460

amount of people who just simply would

2669

01:52:57,280 --> 01:52:55,580

not believe it and of course we tend to

2670

01:52:59,920 --> 01:52:57,290

forget that there are parts of the world

2671

01:53:03,070 --> 01:52:59,930

that we would still call as you know

2672

01:53:06,130 --> 01:53:03,080

perhaps native they don't have access to

2673

01:53:07,660 --> 01:53:06,140

the modern Western technology so they

2674

01:53:14,770 --> 01:53:07,670

wouldn't get to find out about it anyway

2675

01:53:17,290 --> 01:53:14,780

so you know that was 61 this year so am

2676

01:53:19,720 --> 01:53:17,300

i around for a few more years just to

2677

01:53:22,150 --> 01:53:19,730

see what develops in this but there's

2678

01:53:25,030 --> 01:53:22,160

the other kind of disclosure that some

2679

01:53:27,760 --> 01:53:25,040

people favor and then rather than any

2680

01:53:31,570 --> 01:53:27,770

one big announcement from wherever

2681

01:53:33,970 --> 01:53:31,580

they're it's drip fed you know so it's a

2682

01:53:35,950 --> 01:53:33,980

bit here and a bit there and before you

2683

01:53:38,040 --> 01:53:35,960

realize it you know disclosure has

2684

01:53:41,830 --> 01:53:38,050

happened but just not all at once

2685

01:53:44,560 --> 01:53:41,840

one example of that is of course the

2686

01:53:45,730 --> 01:53:44,570

release of the information not this just

2687

01:53:50,070 --> 01:53:45,740

before this Christmas to Christmas

2688

01:53:54,340 --> 01:53:50,080

before about the Department of Defense's

2689

01:53:56,980 --> 01:53:54,350

secret UFO study that Louis Elizondo was

2690

01:53:58,960 --> 01:53:56,990

sparked off and that the bits of film

2691

01:54:01,360 --> 01:53:58,970

and things of that that he really said

2692

01:54:04,630 --> 01:54:01,370

the supposedly more of that coming as

2693

01:54:08,170 --> 01:54:04,640

well so you know disclosure perhaps

2694

01:54:09,820 --> 01:54:08,180

doesn't happen all in one go but it is

2695

01:54:11,890 --> 01:54:09,830

JIP felling said that's just another

2696

01:54:14,440 --> 01:54:11,900

theory I'm not saying it's it's correct

2697

01:54:16,180 --> 01:54:14,450

or anything like that so but as Gary

2698

01:54:19,030 --> 01:54:16,190

Bradley points out if it was one

2699

01:54:20,830 --> 01:54:19,040

organization but you know I mean I don't

2700

01:54:24,280 --> 01:54:20,840

believe a word Trump says you know

2701
01:54:27,070 --> 01:54:24,290
that's just my political stance you know

2702
01:54:31,330 --> 01:54:27,080
but you know I have friends who'll think

2703
01:54:32,620 --> 01:54:31,340
he's marvelous so you know the perhaps

2704
01:54:34,959 --> 01:54:32,630
if he is gonna come as a

2705
01:54:37,959 --> 01:54:34,969
announcement then I would favorite

2706
01:54:40,240 --> 01:54:37,969
Garry's way whether it's not just one it

2707
01:54:42,820 --> 01:54:40,250
would be several so you know group

2708
01:54:44,530 --> 01:54:42,830
together in whatever format to release

2709
01:54:48,189 --> 01:54:44,540
it but we'll have to wait and see one

2710
01:54:52,300 --> 01:54:48,199
way absolutely absolutely

2711
01:54:55,169 --> 01:54:52,310
sir gentleman I was going to ask you

2712
01:54:57,459 --> 01:54:55,179
another question Gary and which was

2713
01:55:02,110 --> 01:54:57,469

literally if you could go back in time

2714

01:55:04,689 --> 01:55:02,120

and investigate one of the more famous

2715

01:55:08,740 --> 01:55:04,699

UFO sightings Roswell Rendlesham

2716

01:55:13,060 --> 01:55:08,750

whatever and which one would you choose

2717

01:55:14,560 --> 01:55:13,070

and why but unfortunately you've

2718

01:55:17,439 --> 01:55:14,570

literally got two minutes all right

2719

01:55:19,270 --> 01:55:17,449

just very quickly I mean you've got

2720

01:55:21,640 --> 01:55:19,280

Roswell you've got you know render some

2721

01:55:24,669 --> 01:55:21,650

and you know everything else but me

2722

01:55:26,530 --> 01:55:24,679

personally I mean just as just as

2723

01:55:31,330 --> 01:55:26,540

if a fascination with it I'd look at the

2724

01:55:33,610 --> 01:55:31,340

Battle of LA I just love the I just love

2725

01:55:36,129 --> 01:55:33,620

to see what it was they were shooting at

2726

01:55:37,840 --> 01:55:36,139

all that time and couldn't not get out

2727

01:55:40,600 --> 01:55:37,850

of the sky I mean it was video

2728

01:55:42,540 --> 01:55:40,610

photographed witnessed it would have

2729

01:55:45,820 --> 01:55:42,550

made a tremendous case to study

2730

01:55:47,950 --> 01:55:45,830

given the way I know I do my own things

2731

01:55:49,899 --> 01:55:47,960

I want to just spoken everyone

2732

01:55:51,459 --> 01:55:49,909

impossible it would have been nice to

2733

01:55:54,970 --> 01:55:51,469

actually see what they were shooting at

2734

01:55:58,000 --> 01:55:54,980

and what it was that caused such a stir

2735

01:55:59,740 --> 01:55:58,010

you know so yeah I would have I would

2736

01:56:03,240 --> 01:55:59,750

probably look at that one just just just

2737

01:56:05,620 --> 01:56:03,250

for my own personal personal interest

2738

01:56:07,240 --> 01:56:05,630

well that's fascinating to know that's I

2739

01:56:09,010 --> 01:56:07,250

think that's one case that is often

2740

01:56:09,810 --> 01:56:09,020

forgotten about to explode my favorites

2741

01:56:15,340 --> 01:56:09,820

actually

2742

01:56:18,580 --> 01:56:15,350

yeah yeah right mr. Gary Jones I just

2743

01:56:21,939 --> 01:56:18,590

wanted to thank you on behalf of inside

2744

01:56:26,410 --> 01:56:21,949

out limits and for joining us tonight on

2745

01:56:28,300 --> 01:56:26,420

on our little radio broadcast it's kind

2746

01:56:30,640 --> 01:56:28,310

of sure so thank you very much for your

2747

01:56:32,470 --> 01:56:30,650

time thanks for joining us and I'll let

2748

01:56:35,830 --> 01:56:32,480

you finish yes thank you very much Gary

2749

01:56:37,450 --> 01:56:35,840

fascinated to hear about the I was

2750

01:56:40,209 --> 01:56:37,460

really looking forward to a because I've

2751

01:56:41,830 --> 01:56:40,219

read little bits about it I would didn't

2752

01:56:43,959 --> 01:56:41,840

have all the information by any stretch

2753

01:56:45,430 --> 01:56:43,969

of the imagination and I know there's a

2754

01:56:46,570 --> 01:56:45,440

lot more to it than what you've covered

2755

01:56:49,210 --> 01:56:46,580

this evening but us

2756

01:56:51,490 --> 01:56:49,220

do thing it is fascinating and all I

2757

01:56:53,650 --> 01:56:51,500

will say is if you and cows are ever

2758

01:56:55,600 --> 01:56:53,660

looking for a publisher well that's what

2759

01:56:59,320 --> 01:56:55,610

I do for a living now so please bear me

2760

01:57:00,820 --> 01:56:59,330

in mind I wish I wish all Oh every

2761

01:57:04,150 --> 01:57:00,830

success with you continued

2762

01:57:06,600 --> 01:57:04,160

investigations and please keep us

2763

01:57:09,040 --> 01:57:06,610

informed hello

2764

01:57:11,170 --> 01:57:09,050

absolutely and no doubt at some point in

2765

01:57:13,660 --> 01:57:11,180

the future wouldn't even get cows on

2766

01:57:15,250 --> 01:57:13,670

point which would just blow with what

2767

01:57:17,380 --> 01:57:15,260

juice we will get you back at some point

2768

01:57:19,090 --> 01:57:17,390

Gary and you can keep us informed of

2769

01:57:20,710 --> 01:57:19,100

what's going on thanks again

2770

01:57:23,170 --> 01:57:20,720

thanks again listeners for joining us

2771

01:57:53,980 --> 01:57:23,180

and we'll see you in about two weeks

2772
