00:04:27,990 --> 00:04:25,830

well we've got a very interesting show

73

00:04:29,909 --> 00:04:28,000

lined up this evening and/or today

74

00:04:33,740 --> 00:04:29,919

depending where you are in the world and

75

00:04:37,200 --> 00:04:33,750

I'm actually talking with my old cohort

76
00:04:40,680 --> 00:04:37,210
from there the alta nowhere radio show

77
00:04:43,380 --> 00:04:40,690
which is my co-host from that mr. Paul

78
00:04:45,840 --> 00:04:43,390
Sinclair hello Paul I'm good thank you

79
00:04:47,490 --> 00:04:45,850
Chris and hello Philip and I want to

80
00:04:49,740 --> 00:04:47,500
really call yourself a bit of a co-host

81
00:04:52,640 --> 00:04:49,750
really I think I soon discovered that

82
00:04:56,730 --> 00:04:52,650
you were better suited to this than me

83
00:04:58,080 --> 00:04:56,740
yeah I want you for allowing me to say a

84
00:04:59,870 --> 00:04:58,090
few words and talk about what's

85
00:05:02,240 --> 00:04:59,880
happening today

86
00:05:07,260 --> 00:05:02,250
that's absolutely Fran Paul absolutely

87
00:05:09,870 --> 00:05:07,270
so since we last spoke Paul on the air

88
00:05:11,610 --> 00:05:09,880

on the radio as it we're what's been

89

00:05:14,010 --> 00:05:11,620

going on what have you been up to well

90

00:05:16,170 --> 00:05:14,020

as you know and probably Phillip as well

91

00:05:18,870 --> 00:05:16,180

we never really switch off from subject

92

00:05:23,370 --> 00:05:18,880

doing and I've found myself involved in

93

00:05:24,840 --> 00:05:23,380

a really absolutely riveting case I

94

00:05:25,800 --> 00:05:24,850

think I'll be talking about this at

95

00:05:27,719 --> 00:05:25,810

Outer Limits

96

00:05:31,019 --> 00:05:27,729

I was gonna talk originally about

97

00:05:34,019 --> 00:05:31,029

my own experiences book we are going

98

00:05:36,059 --> 00:05:34,029

into it just feels a bit weird talking

99

00:05:38,070 --> 00:05:36,069

about and I have done on radio at times

100

00:05:40,110 --> 00:05:38,080

but I don't know about that in front of

101
00:05:42,119 --> 00:05:40,120
people but I've geared up I started a

102
00:05:45,420 --> 00:05:42,129
PowerPoint to do that anyway I'm not

103
00:05:47,640 --> 00:05:45,430
living on that it's about the location

104
00:05:51,089 --> 00:05:47,650
about nine miles from where I'm sat now

105
00:05:53,640 --> 00:05:51,099
called woman be I'm sure both your guys

106
00:05:56,279 --> 00:05:53,650
will be familiar with it the sort of

107
00:05:59,279 --> 00:05:56,289
geography of this place it's in-between

108
00:06:01,829 --> 00:05:59,289
Bridlington and scarborough just set in

109
00:06:05,850 --> 00:06:01,839
land off coast about three miles inland

110
00:06:08,639 --> 00:06:05,860
and on Monday just tell you what the

111
00:06:10,439 --> 00:06:08,649
name signifies pond man clam stead of

112
00:06:13,049 --> 00:06:10,449
the hound man which is interesting in

113
00:06:15,629 --> 00:06:13,059

itself we're not going to do cryptids

114

00:06:16,980 --> 00:06:15,639

today I don't think or simply because

115

00:06:18,570 --> 00:06:16,990

it's three miles from where all the

116

00:06:20,159 --> 00:06:18,580

stories originated the flicks turn

117

00:06:22,980 --> 00:06:20,169

werewolf and we've got a place here in

118

00:06:24,989 --> 00:06:22,990

ancient times called lund man and he

119

00:06:28,529 --> 00:06:24,999

actually does mean farmstead of the

120

00:06:31,980 --> 00:06:28,539

hound man look let me just carry on with

121

00:06:35,939 --> 00:06:31,990

the story sorry guys so I found out

122

00:06:38,129 --> 00:06:35,949

about the story quite by accident an

123

00:06:42,619 --> 00:06:38,139

ex-military man old runs the finances of

124

00:06:45,360 --> 00:06:42,629

a of a working man's club in Colombia

125

00:06:46,439 --> 00:06:45,370

what having some guys paint the club for

126
00:06:48,570 --> 00:06:46,449
him they were doing painting and

127
00:06:50,309 --> 00:06:48,580
decorating and I actually know the

128
00:06:51,809 --> 00:06:50,319
painted painters and decorators who

129
00:06:55,379 --> 00:06:51,819
lived very close to me and one of the

130
00:06:58,949 --> 00:06:55,389
lads used to work with me more for me

131
00:07:01,379 --> 00:06:58,959
probably ten years ago his son and this

132
00:07:03,540 --> 00:07:01,389
is what's that amazing they've sat on

133
00:07:05,610 --> 00:07:03,550
this story or his dad as mandrel that's

134
00:07:09,989 --> 00:07:05,620
his real name it allowed me to record

135
00:07:11,579 --> 00:07:09,999
him he sat on this story for over 20

136
00:07:14,939 --> 00:07:11,589
years and even though they've known me

137
00:07:16,709 --> 00:07:14,949
or when this story happened him knew

138
00:07:19,619 --> 00:07:16,719

that I had an avid interest in this

139

00:07:21,320 --> 00:07:19,629

subject of the unexplained and UFOs just

140

00:07:25,889 --> 00:07:21,330

like we all do or listening to this

141

00:07:27,839 --> 00:07:25,899

never told me because he was so it it

142

00:07:29,399 --> 00:07:27,849

had gone into the cells with it it was

143

00:07:32,459 --> 00:07:29,409

they didn't want to share it with

144

00:07:36,300 --> 00:07:32,469

anybody not out of any kind of greed

145

00:07:39,089 --> 00:07:36,310

just the ridicule factor so did the

146

00:07:41,430 --> 00:07:39,099

painting the public the club and they

147

00:07:43,020 --> 00:07:41,440

gets talking to Jim this guy and

148

00:07:46,470 --> 00:07:43,030

was ex-military and he's got an interest

149

00:07:50,490 --> 00:07:46,480

in UFOs and things and subject to UFOs

150

00:07:52,740 --> 00:07:50,500

must have come up and young David the

151

00:07:55,320 --> 00:07:52,750

son said why don't you tell Jim what

152

00:07:57,000 --> 00:07:55,330

happened to you at home on day so he's

153

00:07:58,200 --> 00:07:57,010

dead a bit reluctant told him this story

154

00:08:04,830 --> 00:07:58,210

well

155

00:08:06,600 --> 00:08:04,840

unknown to Andrew the witness he

156

00:08:08,460 --> 00:08:06,610

didn't know I knew Jim I hope I'm not

157

00:08:09,900 --> 00:08:08,470

confusing people here he didn't know I

158

00:08:11,580 --> 00:08:09,910

knew the guy who was in charge of the

159

00:08:14,940 --> 00:08:11,590

finances and Jim immediately said you

160

00:08:16,830 --> 00:08:14,950

must tell Paul Sinkler well the you know

161

00:08:18,840 --> 00:08:16,840

Kerching and Jill thought well actually

162

00:08:20,610 --> 00:08:18,850

only lives around corner from me and

163

00:08:22,650 --> 00:08:20,620

I've known him over 20 years and never

164

00:08:27,210 --> 00:08:22,660

told him but it couldn't wriggle out of

165

00:08:29,400 --> 00:08:27,220

it so I've got old of the story and I

166

00:08:31,890 --> 00:08:29,410

asked him do if he would share it with

167

00:08:33,930 --> 00:08:31,900

me and I went up to his home and I would

168

00:08:37,500 --> 00:08:33,940

think about two months ago three months

169

00:08:39,330 --> 00:08:37,510

ago a SAP for over two hours with voice

170

00:08:42,260 --> 00:08:39,340

recorder and I spoke to him since and I

171

00:08:46,790 --> 00:08:42,270

spoke to all three witnesses since and

172

00:08:52,860 --> 00:08:46,800

got this incredible story

173

00:08:54,810 --> 00:08:52,870

so in 1996-1997 these guys when we'll

174

00:08:59,010 --> 00:08:54,820

call him real name and your real name

175

00:09:01,230 --> 00:08:59,020

Dave different name Steve and Joe and

176

00:09:02,970 --> 00:09:01,240

Dave worked for Steve he doesn't want

177

00:09:04,950 --> 00:09:02,980

his name involved in this but I off

178

00:09:09,180 --> 00:09:04,960

spoke to him face to face

179

00:09:11,040 --> 00:09:09,190

it's very reluctant so I've changed his

180

00:09:14,700 --> 00:09:11,050

name even though I'm not giving a second

181

00:09:17,220 --> 00:09:14,710

a surname and they worked for Steve on

182

00:09:23,130 --> 00:09:17,230

the Industrial Estate in this big unique

183

00:09:25,560 --> 00:09:23,140

this big workshop 96 97 98 the three

184

00:09:27,990 --> 00:09:25,570

year period on a night it was a second

185

00:09:30,540 --> 00:09:28,000

job so they would do their day jobs in

186

00:09:33,000 --> 00:09:30,550

Bridlington or around the local area and

187

00:09:34,770 --> 00:09:33,010

then in the evenings that travel throw

188

00:09:37,820 --> 00:09:34,780

to humbie and sometimes they'd work till

189

00:09:40,470 --> 00:09:37,830

11 o'clock at night and the all the guys

190

00:09:42,000 --> 00:09:40,480

say sometimes would work till 3:00 in

191

00:09:43,710 --> 00:09:42,010

the morning and on a weekend we might

192

00:09:46,410 --> 00:09:43,720

actually work through the night it were

193

00:09:49,079 --> 00:09:46,420

quite lucrative they were the good

194

00:09:51,630 --> 00:09:49,089

quality craftsmen Andrews was a sign

195

00:09:54,360 --> 00:09:51,640

writer off still is the other guy

196

00:09:55,290 --> 00:09:54,370

sprayed their claws and the boss Steve

197

00:09:59,280 --> 00:09:55,300

sprayed

198

00:10:02,280 --> 00:09:59,290

I quality vehicles nameless and mgs and

199

00:10:04,500 --> 00:10:02,290

they got open-top buses into sign right

200

00:10:05,880 --> 00:10:04,510

and restore so and fairground rides

201
00:10:07,890 --> 00:10:05,890
where they put all the pictures on so

202
00:10:11,100 --> 00:10:07,900
you get an idea of what they were doing

203
00:10:13,770 --> 00:10:11,110
now I need to go through an hour or so

204
00:10:15,930 --> 00:10:13,780
so I want to describe the unit because

205
00:10:17,340 --> 00:10:15,940
it's important so huge building with

206
00:10:19,620 --> 00:10:17,350
Lola shuttered doors on it

207
00:10:21,510 --> 00:10:19,630
Trump's him back that you could drive a

208
00:10:25,320 --> 00:10:21,520
double-decker bus in and out the other

209
00:10:26,940 --> 00:10:25,330
side and a huge car park and rough scrub

210
00:10:29,640 --> 00:10:26,950
area at the back or at least it was in

211
00:10:31,650 --> 00:10:29,650
1990 six seven and eight he saw the

212
00:10:36,390 --> 00:10:31,660
Industrial Estate grown since then as

213
00:10:38,700 --> 00:10:36,400

people can imagine so to the story every

214

00:10:41,250 --> 00:10:38,710

night these get off and Dave's mum and

215

00:10:43,740 --> 00:10:41,260

dad used to come most nights of the week

216

00:10:46,830 --> 00:10:43,750

from bridlington and spend a few hours

217

00:10:48,540 --> 00:10:46,840

ah stores with their son maybe bring

218

00:10:50,250 --> 00:10:48,550

sandwiches I don't know in a flask and

219

00:10:53,040 --> 00:10:50,260

talk to the guys and then they traveled

220

00:10:54,960 --> 00:10:53,050

that probably 10:30 back home to Britain

221

00:10:57,810 --> 00:10:54,970

they just used to come and that's that

222

00:10:59,610 --> 00:10:57,820

was that these these two er the ill and

223

00:11:01,230 --> 00:10:59,620

they don't want to talk about it they've

224

00:11:04,710 --> 00:11:01,240

been asked and they won't they won't

225

00:11:06,510 --> 00:11:04,720

discuss it book I've got the son's

226

00:11:08,820 --> 00:11:06,520

version of what happened to that they

227

00:11:12,420 --> 00:11:08,830

were witness to a lot of the things so

228

00:11:14,130 --> 00:11:12,430

in 1996 in June the these guys have

229

00:11:16,350 --> 00:11:14,140

dated all this they know the approximate

230

00:11:19,290 --> 00:11:16,360

years or the years but they kept they

231

00:11:22,170 --> 00:11:19,300

don't know the exact timing junik

232

00:11:24,690 --> 00:11:22,180

started what about June Andrew was in

233

00:11:27,930 --> 00:11:24,700

the workshop alone the other two hadn't

234

00:11:29,880 --> 00:11:27,940

arrived and it's just a big open

235

00:11:31,680 --> 00:11:29,890

workshop were in the bottom right hand

236

00:11:34,950 --> 00:11:31,690

corner there was a small toilet block

237

00:11:36,780 --> 00:11:34,960

above that there was Steve's office and

238

00:11:39,840 --> 00:11:36,790

above that probably an eight to ten foot

239

00:11:41,460 --> 00:11:39,850

space just area where they were stored

240

00:11:44,310 --> 00:11:41,470

all sorts of rubbish and things and it

241

00:11:47,190 --> 00:11:44,320

was a former engineering unit so there

242

00:11:49,620 --> 00:11:47,200

was nuts and bolts and washers in little

243

00:11:52,770 --> 00:11:49,630

boxes all over the place that's that

244

00:11:55,730 --> 00:11:52,780

become key in a while so he sat doing a

245

00:11:58,650 --> 00:11:55,740

bit of sign writing on his own in June

246

00:12:00,810 --> 00:11:58,660

and in the corner is I he just caught

247

00:12:04,920 --> 00:12:00,820

something which he thought moved off the

248

00:12:07,230 --> 00:12:04,930

roof above the the office a piece of

249

00:12:09,139 --> 00:12:07,240

wood piece of four bit to about two foot

250

00:12:12,239 --> 00:12:09,149

long just blow straight pasties

251

00:12:16,019 --> 00:12:12,249

then he looked there's no one else in

252

00:12:17,819 --> 00:12:16,029

there's a few vehicles in the place and

253

00:12:19,979 --> 00:12:17,829

he sort of carries on working he didn't

254

00:12:22,139 --> 00:12:19,989

hit him he didn't hit a vehicle and he's

255

00:12:24,239 --> 00:12:22,149

just thinking there's somebody up there

256

00:12:26,009 --> 00:12:24,249

and he sort of got a wry smile on his

257

00:12:29,369 --> 00:12:26,019

face I mean they're in the 60s now these

258

00:12:31,079 --> 00:12:29,379

guys but you know that it's fit enough

259

00:12:33,389 --> 00:12:31,089

to climb up on a ladder if he wanted to

260

00:12:35,239 --> 00:12:33,399

then I suppose he still is now but he's

261

00:12:38,039 --> 00:12:35,249

just kept an eye on it and then he is a

262

00:12:39,869 --> 00:12:38,049

at the side of the unit you picture the

263

00:12:42,840 --> 00:12:39,879

corrugated sheeting of the unit made

264

00:12:45,289 --> 00:12:42,850

quite a bang and he thought what the

265

00:12:47,579 --> 00:12:45,299

hell's that then he looked to his right

266

00:12:48,780 --> 00:12:47,589

and you do realize guys I'm saying he

267

00:12:50,789 --> 00:12:48,790

looks to his right he could have looked

268

00:12:53,069 --> 00:12:50,799

to his left look what I'm saying is he

269

00:12:55,379 --> 00:12:53,079

looked but as he looked there's a bang

270

00:12:59,220 --> 00:12:55,389

at the opposite side and he is a

271

00:13:00,869 --> 00:12:59,230

tinkling sound and his he's intrigued

272

00:13:02,669 --> 00:13:00,879

he's not nervous at this stage but he's

273

00:13:05,579 --> 00:13:02,679

intrigued and then the other two arrive

274

00:13:06,929 --> 00:13:05,589

and he realizes it weren't them when he

275

00:13:08,999 --> 00:13:06,939

says some strange things have been

276

00:13:11,369 --> 00:13:09,009

happening he tells him that things have

277

00:13:12,389 --> 00:13:11,379

been like a piece of what's flown past

278

00:13:15,329 --> 00:13:12,399

him and he thinks he's come off that

279

00:13:17,369 --> 00:13:15,339

roof space so they get a ladder and they

280

00:13:18,929 --> 00:13:17,379

gingerly as a look over the top and

281

00:13:22,769 --> 00:13:18,939

there's just nothing there you know

282

00:13:25,069 --> 00:13:22,779

little light bulbs and washes and bits

283

00:13:28,519 --> 00:13:25,079

and bats but nothing of any significance

284

00:13:31,139 --> 00:13:28,529

and that's the night basically and then

285

00:13:33,829 --> 00:13:31,149

Dave's mom and dad arrive and they tell

286

00:13:38,539 --> 00:13:33,839

them then the next night they're more

287

00:13:41,369 --> 00:13:38,549

whacks on the side of the building and

288

00:13:44,970 --> 00:13:41,379

they've got to investigate mrs. steel

289

00:13:47,309 --> 00:13:44,980

washer and it's just projected from some

290

00:13:49,019 --> 00:13:47,319

ways it's launched itself through the

291

00:13:51,269 --> 00:13:49,029

through the air nobody sees where they

292

00:13:53,189 --> 00:13:51,279

come from on what the side of the

293

00:13:56,220 --> 00:13:53,199

building the bear in mind that it's

294

00:13:58,889 --> 00:13:56,230

completely enclosed this building so

295

00:14:01,230 --> 00:13:58,899

there's there's nothing that you know

296

00:14:05,600 --> 00:14:01,240

anybody could throw at them and this

297

00:14:11,069 --> 00:14:05,610

continue this sort of built up this this

298

00:14:14,639 --> 00:14:11,079

bizarre activity which they didn't know

299

00:14:17,639 --> 00:14:14,649

what to attributed to and they were this

300

00:14:19,590 --> 00:14:17,649

autumn it was sort of drip fed to him to

301
00:14:22,230 --> 00:14:19,600
such a degree that they became

302
00:14:22,630 --> 00:14:22,240
accustomed to it and the few of the labs

303
00:14:24,490 --> 00:14:22,640
in you

304
00:14:28,840 --> 00:14:24,500
it's close by they told him strange

305
00:14:32,050 --> 00:14:28,850
things were happening but nobody else

306
00:14:36,730 --> 00:14:32,060
had experienced it by Dave and Andy

307
00:14:40,060 --> 00:14:36,740
Steve and Dave's mum and dad so it got

308
00:14:42,490 --> 00:14:40,070
to the light bulbs would suddenly go

309
00:14:47,320 --> 00:14:42,500
bright in the workshop and give these

310
00:14:49,870 --> 00:14:47,330
big big but sort of dogs of hanging

311
00:14:52,600 --> 00:14:49,880
above on strips and then the power would

312
00:14:55,150 --> 00:14:52,610
cut but these words of the words of all

313
00:14:57,820 --> 00:14:55,160

three people I spoke to the radio would

314

00:14:59,380 --> 00:14:57,830

carry on plane and it wasn't on some

315

00:14:59,770 --> 00:14:59,390

kind of thing where to just trip the

316

00:15:01,750 --> 00:14:59,780

lice

317

00:15:05,610 --> 00:15:01,760

everything had gone they don't plug it

318

00:15:08,290 --> 00:15:05,620

and the radio continued to play yes

319

00:15:09,760 --> 00:15:08,300

which is impossible any guys we know

320

00:15:12,670 --> 00:15:09,770

this but that's what the telling me

321

00:15:15,580 --> 00:15:12,680

happened so this this sort of carried on

322

00:15:17,950 --> 00:15:15,590

and you know they got through the year

323

00:15:24,790 --> 00:15:17,960

it sort of built and built so got June

324

00:15:26,860 --> 00:15:24,800

July and August and it sort of peaked in

325

00:15:30,790 --> 00:15:26,870

August they've got lots of activity lots

326

00:15:32,740 --> 00:15:30,800

of things suddenly outside there was a

327

00:15:36,250 --> 00:15:32,750

gravelled area for the cows at the front

328

00:15:39,250 --> 00:15:36,260

but somehow the gravel would just drop

329

00:15:43,000 --> 00:15:39,260

in front of them inside the uni and then

330

00:15:44,950 --> 00:15:43,010

gravel had dropped behind them and or a

331

00:15:47,050 --> 00:15:44,960

coffee Jared just appeared from the air

332

00:15:49,930 --> 00:15:47,060

and I don't mean thrown at him it had

333

00:15:53,170 --> 00:15:49,940

just dropped to the floor so they were

334

00:15:55,810 --> 00:15:53,180

all absolutely enthralled they found it

335

00:15:58,810 --> 00:15:55,820

quite exciting as it was happening that

336

00:16:00,910 --> 00:15:58,820

this invisible force were moving things

337

00:16:02,680 --> 00:16:00,920

around in the workshop and another

338

00:16:05,440 --> 00:16:02,690

interesting thing none of these things

339

00:16:09,870 --> 00:16:05,450

seem possible but knowing the integrity

340

00:16:12,640 --> 00:16:09,880

of Angela as I do I can't believe that

341

00:16:15,490 --> 00:16:12,650

we've got three men now Phillip and

342

00:16:18,100 --> 00:16:15,500

Chris that of yeah actually spotted have

343

00:16:20,410 --> 00:16:18,110

not spoke to each other these guys in 10

344

00:16:23,380 --> 00:16:20,420

to 15 years when I spoke to Andrew he

345

00:16:26,500 --> 00:16:23,390

didn't even know that any contact

346

00:16:27,790 --> 00:16:26,510

details for the former boss but we

347

00:16:32,980 --> 00:16:27,800

managed to get him and I've been and

348

00:16:35,770 --> 00:16:32,990

spoken to him so there was a calendar on

349

00:16:36,590 --> 00:16:35,780

the wall from the former occupants the

350

00:16:38,300 --> 00:16:36,600

engineering you

351

00:16:42,110 --> 00:16:38,310

like if you know what I mean a boobie

352

00:16:44,389 --> 00:16:42,120

calendar a paper one and they all pick

353

00:16:45,949 --> 00:16:44,399

the old guys I suppose no such a

354

00:16:47,720 --> 00:16:45,959

red-blooded men do and they're looking

355

00:16:49,249 --> 00:16:47,730

at this calendar maybe a bit sexist and

356

00:16:52,340 --> 00:16:49,259

the pick the favorite month and whatever

357

00:16:55,129 --> 00:16:52,350

you but every time they came in it was

358

00:16:57,559 --> 00:16:55,139

an August they all agree everyone that's

359

00:16:59,960 --> 00:16:57,569

what got to old with guys separately and

360

00:17:01,970 --> 00:16:59,970

they all say somehow this calendar used

361

00:17:03,920 --> 00:17:01,980

to go back to August which once again is

362

00:17:06,799 --> 00:17:03,930

impossible it implies being taken off

363

00:17:09,949 --> 00:17:06,809

the wall and then turned or the radio

364

00:17:12,529 --> 00:17:09,959

being unplugged when it's running off

365

00:17:14,929 --> 00:17:12,539

the mains and still still going it just

366

00:17:16,970 --> 00:17:14,939

doesn't seem possible I and I agree with

367

00:17:18,529 --> 00:17:16,980

all what I'm supposed to say and I'm not

368

00:17:20,990 --> 00:17:18,539

contradicting myself but I'm going on

369

00:17:22,760 --> 00:17:21,000

the word of three men all in the sixties

370

00:17:24,159 --> 00:17:22,770

that have experienced this and this

371

00:17:29,360 --> 00:17:24,169

guy's mum and dad

372

00:17:32,299 --> 00:17:29,370

so this lists unexplained phenomena

373

00:17:34,909 --> 00:17:32,309

continued till the end of 90 till August

374

00:17:38,140 --> 00:17:34,919

1996 and then it just sent to cease it

375

00:17:42,470 --> 00:17:38,150

petered out so they worked through to

376

00:17:46,570 --> 00:17:42,480

1997 and in June 1997 as you can guess

377

00:17:50,690 --> 00:17:46,580

what I'm gonna say it started again

378

00:17:53,570 --> 00:17:50,700

washers just all sorts of things

379

00:17:56,779 --> 00:17:53,580

bouncing off the walls you know you know

380

00:17:58,340 --> 00:17:56,789

in all directions and nobody saw

381

00:18:00,320 --> 00:17:58,350

anything that's what's interesting in

382

00:18:03,470 --> 00:18:00,330

the ad as I said earlier they're high

383

00:18:06,159 --> 00:18:03,480

class motor vehicles in this workshop to

384

00:18:09,980 --> 00:18:06,169

be sprayed and nothing ever got damaged

385

00:18:11,480 --> 00:18:09,990

that's nobody got hit well we'll come to

386

00:18:13,880 --> 00:18:11,490

that one but nobody got hit at this

387

00:18:15,680 --> 00:18:13,890

stage and nothing got damaged the light

388

00:18:18,620 --> 00:18:15,690

bulbs would explode you're bright and

389

00:18:19,940 --> 00:18:18,630

explode in the workshop and you think

390

00:18:22,700 --> 00:18:19,950

well there's been some kind of power

391

00:18:25,520 --> 00:18:22,710

surge this is something along with the

392

00:18:27,799 --> 00:18:25,530

electrical circuit of the workshop

393

00:18:31,490 --> 00:18:27,809

however to sort of contradict all that

394

00:18:33,260 --> 00:18:31,500

the radio always played when it were

395

00:18:35,630 --> 00:18:33,270

plugged into the mains and the unplugged

396

00:18:37,970 --> 00:18:35,640

it it's still played it changed channels

397

00:18:40,310 --> 00:18:37,980

on it sold all sorts of things all three

398

00:18:42,740 --> 00:18:40,320

men no contact with each other are all

399

00:18:46,760 --> 00:18:42,750

telling me the same story I've been to

400

00:18:48,500 --> 00:18:46,770

haven't I've recorded two of them the

401
00:18:50,010 --> 00:18:48,510
guy we've changed his name didn't want

402
00:18:54,180 --> 00:18:50,020
to be recorded

403
00:18:57,000 --> 00:18:54,190
and on an evening then in 1997 that

404
00:18:57,990 --> 00:18:57,010
plant their vehicles outside and they'd

405
00:19:00,180 --> 00:18:58,000
come outside

406
00:19:03,960 --> 00:19:00,190
and the bill little neat piles of gravel

407
00:19:05,910 --> 00:19:03,970
on the Blahniks which they couldn't

408
00:19:07,770 --> 00:19:05,920
understand you know cuz they'd go

409
00:19:10,049 --> 00:19:07,780
obviously somebody could be doing this

410
00:19:12,720 --> 00:19:10,059
well there's nobody in the workshop this

411
00:19:14,580 --> 00:19:12,730
projecting these these steel washes

412
00:19:17,240 --> 00:19:14,590
about and doing the doing all this and

413
00:19:20,310 --> 00:19:17,250

they said they came out one night and

414

00:19:23,190 --> 00:19:20,320

all the cars had huge animal prints on

415

00:19:25,620 --> 00:19:23,200

them said like like a dog print but as

416

00:19:28,380 --> 00:19:25,630

big as a human now guys I'm only

417

00:19:31,560 --> 00:19:28,390

relating what I've been told I didn't

418

00:19:33,270 --> 00:19:31,570

expect to be told a cabin copy story of

419

00:19:34,799 --> 00:19:33,280

all three men who have not had

420

00:19:36,950 --> 00:19:34,809

interaction with each other for so long

421

00:19:39,510 --> 00:19:36,960

what that's what they're telling me and

422

00:19:41,130 --> 00:19:39,520

they haven't a clue the Blahniks weren't

423

00:19:43,410 --> 00:19:41,140

damaged the roofs of the car weren't

424

00:19:46,140 --> 00:19:43,420

damaged and it implied something big of

425

00:19:52,290 --> 00:19:46,150

being on these vehicles but there's

426

00:19:56,660 --> 00:19:52,300

animal prints on on the vehicles so did

427

00:20:01,860 --> 00:19:56,670

all of this sort of continued and then

428

00:20:04,919 --> 00:20:01,870

mid-1997 excuse me Steve rented off a

429

00:20:06,570 --> 00:20:04,929

part of the the area of land at the back

430

00:20:08,880 --> 00:20:06,580

of the workshop because it was a huge

431

00:20:10,310 --> 00:20:08,890

area of parking we could get lorries and

432

00:20:13,770 --> 00:20:10,320

other vehicles but at the back of that

433

00:20:16,890 --> 00:20:13,780

which was still part of his building

434

00:20:19,470 --> 00:20:16,900

where scrubland so well

435

00:20:22,380 --> 00:20:19,480

the guy I'm told who wanted to strip

436

00:20:25,380 --> 00:20:22,390

down caravans and sell parts you know

437

00:20:27,840 --> 00:20:25,390

reclaimed Caravan parts so while they're

438

00:20:29,190 --> 00:20:27,850

clearing the land they found a grave a

439

00:20:30,150 --> 00:20:29,200

grave marker

440

00:20:32,730 --> 00:20:30,160

we'll call I want to call it a

441

00:20:35,850 --> 00:20:32,740

gravestone but it were made of wood so

442

00:20:38,310 --> 00:20:35,860

what would it be called digit do so I've

443

00:20:42,810 --> 00:20:38,320

called it a grave marker and it were

444

00:20:44,669 --> 00:20:42,820

dated the eighteen hundred's and the the

445

00:20:47,940 --> 00:20:44,679

it were inscribed with a little girl's

446

00:20:50,010 --> 00:20:47,950

name of the note were a child so from

447

00:20:54,600 --> 00:20:50,020

that Norman they attributed this

448

00:20:58,590 --> 00:20:54,610

activity to apologized that's that's

449

00:21:00,180 --> 00:20:58,600

what they perceived all this excited

450

00:21:02,940 --> 00:21:00,190

energy and things moving around the

451
00:21:03,869 --> 00:21:02,950
workshop the reasons for it was Jim

452
00:21:07,139 --> 00:21:03,879
they're saying what you know

453
00:21:07,709 --> 00:21:07,149
was a poltergeist I mean I'm not saying

454
00:21:10,109 --> 00:21:07,719
it wasn't

455
00:21:11,549 --> 00:21:10,119
I'm just we'll get to more of this in a

456
00:21:14,819 --> 00:21:11,559
minute so laughs they found it they

457
00:21:16,199 --> 00:21:14,829
found this grave and they said they

458
00:21:18,029 --> 00:21:16,209
didn't have a lot of respect for it

459
00:21:19,680 --> 00:21:18,039
which is a bit sad really and they

460
00:21:21,389 --> 00:21:19,690
didn't say it flippantly they said be in

461
00:21:24,089 --> 00:21:21,399
them days we just moved it about the

462
00:21:27,779 --> 00:21:24,099
workshop and everything that happened

463
00:21:30,809 --> 00:21:27,789

would go a bit of a you know a brilliant

464

00:21:33,029 --> 00:21:30,819

flash of light or in the workshop or

465

00:21:34,259 --> 00:21:33,039

with a bulb would burst and the powered

466

00:21:37,739 --> 00:21:34,269

girl often would just say oh it's the

467

00:21:39,569 --> 00:21:37,749

poltergeist and although one other thing

468

00:21:41,430 --> 00:21:39,579

as well that Dave picked up on and I did

469

00:21:44,039 --> 00:21:41,440

confirm it with the other two he said

470

00:21:46,199 --> 00:21:44,049

well what times whilst traveling to

471

00:21:49,409 --> 00:21:46,209

Hermon be an odd times whilst driving

472

00:21:52,709 --> 00:21:49,419

home and always driving home at late at

473

00:21:55,829 --> 00:21:52,719

night he said suddenly there'd be a

474

00:21:58,229 --> 00:21:55,839

flash of light just a split second and

475

00:22:00,180 --> 00:21:58,239

it would be daylight and then it had

476

00:22:01,859 --> 00:22:00,190

begun I don't know what kind of energy

477

00:22:04,289 --> 00:22:01,869

could produce that that he said with it

478

00:22:06,419 --> 00:22:04,299

because he know he could be lightning or

479

00:22:09,180 --> 00:22:06,429

sheet lightning but he said there's

480

00:22:12,119 --> 00:22:09,190

another odd thing he said I cannot

481

00:22:14,459 --> 00:22:12,129

sometimes remember driving there and I

482

00:22:16,139 --> 00:22:14,469

consumed and I remember driving home and

483

00:22:17,899 --> 00:22:16,149

being on the road and suddenly been on

484

00:22:20,909 --> 00:22:17,909

the road driving home and thinking I

485

00:22:23,909 --> 00:22:20,919

don't remember her arriving and I don't

486

00:22:25,379 --> 00:22:23,919

remember doing anything there I can

487

00:22:27,629 --> 00:22:25,389

remember going and I can remember going

488

00:22:29,609 --> 00:22:27,639

back and I've just broke into a story a

489

00:22:30,989 --> 00:22:29,619

little bit there from the from the

490

00:22:34,619 --> 00:22:30,999

others things but I think it's worth

491

00:22:37,109 --> 00:22:34,629

noting at this stage so you know because

492

00:22:39,149 --> 00:22:37,119

it may be connected but he can't

493

00:22:41,459 --> 00:22:39,159

remember anything in between and I asked

494

00:22:43,709 --> 00:22:41,469

Andrew and asked Steve if they they'd

495

00:22:45,989 --> 00:22:43,719

had any experience of this period of

496

00:22:47,819 --> 00:22:45,999

missing time like David and they they

497

00:22:50,099 --> 00:22:47,829

haven't or they've no recall of it

498

00:22:53,009 --> 00:22:50,109

they've recall of the Lund lighting up

499

00:22:55,649 --> 00:22:53,019

like daylight just got a blink but none

500

00:23:00,899 --> 00:22:55,659

of this missing time or apparent missing

501
00:23:03,319 --> 00:23:00,909
time so nobody believed them no you know

502
00:23:05,399 --> 00:23:03,329
I they told people around the work the

503
00:23:07,859 --> 00:23:05,409
neighboring workshops and what were

504
00:23:09,899 --> 00:23:07,869
happening but nobody really believed

505
00:23:13,079 --> 00:23:09,909
them says there on one occasion they

506
00:23:14,579 --> 00:23:13,089
were inside workshop with the customers

507
00:23:17,510 --> 00:23:14,589
we were all sat in the front of a

508
00:23:20,780 --> 00:23:17,520
recovery truck all four of us

509
00:23:22,520 --> 00:23:20,790
so this big recovery truck and we sat

510
00:23:23,870 --> 00:23:22,530
there and there's a customer talking to

511
00:23:26,600 --> 00:23:23,880
us we discussing what we're gonna do he

512
00:23:29,600 --> 00:23:26,610
says and there's a bang on side at work

513
00:23:31,270 --> 00:23:29,610

top the workshop he says in this guy

514

00:23:33,500 --> 00:23:31,280

looked he says none of us said anything

515

00:23:36,110 --> 00:23:33,510

this is and then the suddenly there's

516

00:23:37,700 --> 00:23:36,120

another one and then there's another it

517

00:23:40,340 --> 00:23:37,710

says in this guide he said what's that

518

00:23:42,560 --> 00:23:40,350

this as always just poltergeist don't

519

00:23:44,720 --> 00:23:42,570

worry doesn't it it says and that's how

520

00:23:47,390 --> 00:23:44,730

flip them to now blase they were about

521

00:23:48,560 --> 00:23:47,400

it but obviously people this were

522

00:23:51,710 --> 00:23:48,570

happening and they were telling people

523

00:23:53,180 --> 00:23:51,720

these things and they got that's why

524

00:23:55,070 --> 00:23:53,190

they went into the cells because they

525

00:23:58,000 --> 00:23:55,080

got labeled as being a bit crazy

526

00:24:00,560 --> 00:23:58,010

ya know yeah you know do you know that

527

00:24:02,570 --> 00:24:00,570

there's three nut cases there I mean and

528

00:24:05,710 --> 00:24:02,580

Dave's mom and dad experienced this as

529

00:24:08,030 --> 00:24:05,720

well he said there was another time I

530

00:24:11,330 --> 00:24:08,040

opened up boring you with this guy's cuz

531

00:24:12,740 --> 00:24:11,340

I'm told that coming on increase he said

532

00:24:15,410 --> 00:24:12,750

there's another time he said we had an

533

00:24:20,299 --> 00:24:15,420

mg roadster in and we're all in the

534

00:24:22,640 --> 00:24:20,309

workshop all three of us and the keys

535

00:24:25,280 --> 00:24:22,650

are in the ignition and this mg just

536

00:24:28,190 --> 00:24:25,290

started on its own all three of them

537

00:24:29,930 --> 00:24:28,200

have said this the cast started up he

538

00:24:33,169 --> 00:24:29,940

said for a moment we all sort of run

539

00:24:35,090 --> 00:24:33,179

outside we couldn't believe it but we

540

00:24:36,650 --> 00:24:35,100

went back in he said and Steve the boss

541

00:24:38,900 --> 00:24:36,660

when he says they took the keys out of

542

00:24:41,510 --> 00:24:38,910

the ignition turned it off as well tried

543

00:24:43,910 --> 00:24:41,520

to ibly didn't stop they had to pull the

544

00:24:47,570 --> 00:24:43,920

bonnet and disconnect summer on the car

545

00:24:49,520 --> 00:24:47,580

to actually finally stop the engine and

546

00:24:51,740 --> 00:24:49,530

they called the auto electrician I'm

547

00:24:54,950 --> 00:24:51,750

trying to get put the point of her about

548

00:24:57,380 --> 00:24:54,960

why they've been so quiet about this and

549

00:24:58,970 --> 00:24:57,390

they relayed the story to the RTO

550

00:25:01,220 --> 00:24:58,980

electrician and what exactly had

551
00:25:02,660 --> 00:25:01,230
happened and he just laughed at him and

552
00:25:04,460 --> 00:25:02,670
put the word about that they were

553
00:25:09,440 --> 00:25:04,470
careers in the saying all sorts of

554
00:25:11,480 --> 00:25:09,450
things and you know it's just total the

555
00:25:16,640 --> 00:25:11,490
total nuts because these things can't

556
00:25:19,180 --> 00:25:16,650
happen so the caravan guys there was one

557
00:25:22,790 --> 00:25:19,190
man that lived in a caravan on the back

558
00:25:24,770 --> 00:25:22,800
and one day this is Steve recalled this

559
00:25:26,570 --> 00:25:24,780
one to me the boss he said he actually

560
00:25:28,560 --> 00:25:26,580
got quite stroppy with me and we ended

561
00:25:30,640 --> 00:25:28,570
up having a massive argument

562
00:25:33,370 --> 00:25:30,650
because he came to us he said I'm

563
00:25:35,830 --> 00:25:33,380

absolutely fed up of the radios going on

564

00:25:38,950 --> 00:25:35,840

on the Cass plat out the back little doe

565

00:25:42,220 --> 00:25:38,960

locked cars packed at the back on a

566

00:25:44,500 --> 00:25:42,230

night raid multiple radios are going off

567

00:25:48,160 --> 00:25:44,510

on the starting and playing music on

568

00:25:50,520 --> 00:25:48,170

these cars horns are beeping all this

569

00:25:52,930 --> 00:25:50,530

activity is happening well obviously

570

00:25:54,760 --> 00:25:52,940

Steve couldn't do anything about it

571

00:25:56,290 --> 00:25:54,770

apart from just say well what do you

572

00:25:58,690 --> 00:25:56,300

want me to do we've told you the strange

573

00:26:01,570 --> 00:25:58,700

activity around in and around the unit

574

00:26:03,520 --> 00:26:01,580

but ll were elds somehow responsible for

575

00:26:06,070 --> 00:26:03,530

this and you know the word got about

576

00:26:08,890 --> 00:26:06,080

that they were to blame for it well

577

00:26:11,610 --> 00:26:08,900

obviously you know they weren't it was

578

00:26:14,740 --> 00:26:11,620

it would like some strange invisible

579

00:26:17,530 --> 00:26:14,750

paranormal coating were all over this

580

00:26:22,900 --> 00:26:17,540

area in nineteen ninety six seven and

581

00:26:26,860 --> 00:26:22,910

eight so once again in August things

582

00:26:29,350 --> 00:26:26,870

seemed to dissipate and go back to

583

00:26:32,440 --> 00:26:29,360

normal and you know sort of normal life

584

00:26:34,480 --> 00:26:32,450

is resumed now I haven't got to 1998

585

00:26:35,950 --> 00:26:34,490

here and you might not want to add your

586

00:26:37,870 --> 00:26:35,960

comments but I just want to know what

587

00:26:40,600 --> 00:26:37,880

what your perceived of this at the

588

00:26:46,120 --> 00:26:40,610

moment Phil applaud Chris well the only

589

00:26:48,960 --> 00:26:46,130

thing I remember is something not not as

590

00:26:54,160 --> 00:26:48,970

active as that but it was my my

591

00:26:56,590 --> 00:26:54,170

brother-in-law telling me about one of

592

00:26:58,690 --> 00:26:56,600

his friends houses and their TV used to

593

00:27:02,260 --> 00:26:58,700

come on me even when it won't plugged in

594

00:27:05,020 --> 00:27:02,270

and you know that's the only thing I can

595

00:27:09,460 --> 00:27:05,030

I can say about being anything similar

596

00:27:14,070 --> 00:27:09,470

yeah I mean we've all you know heard

597

00:27:16,690 --> 00:27:14,080

about poltergeist activity there's some

598

00:27:20,620 --> 00:27:16,700

speculation that you know such activity

599

00:27:23,230 --> 00:27:20,630

would be related to a person that's you

600

00:27:26,170 --> 00:27:23,240

know perhaps approaching he'll be saying

601
00:27:28,630 --> 00:27:26,180
puberty yeah and there was a famous case

602
00:27:31,780 --> 00:27:28,640
I believe it was in I believe it was

603
00:27:33,520 --> 00:27:31,790
Austria and and things weren't getting

604
00:27:36,010 --> 00:27:33,530
thrown around but the light bulbs were

605
00:27:38,860 --> 00:27:36,020
going and things like that and they had

606
00:27:41,620 --> 00:27:38,870
a huge chandelier in their offices that

607
00:27:42,960 --> 00:27:41,630
used to swing but they had a young lady

608
00:27:46,540 --> 00:27:42,970
work

609
00:27:49,780 --> 00:27:46,550
and she was reaching that age and they

610
00:27:51,340 --> 00:27:49,790
got a phone bill now listen and it was a

611
00:27:54,490 --> 00:27:51,350
huge phone bill so they've got a

612
00:27:56,770 --> 00:27:54,500
printout of all the numbers and this is

613
00:27:58,990 --> 00:27:56,780

the days of the old dial numbers you

614

00:28:02,440 --> 00:27:59,000

know yeah not like the mobile things we

615

00:28:04,870 --> 00:28:02,450

have now and the phone was dialing this

616

00:28:07,780 --> 00:28:04,880

particular number faster than you could

617

00:28:10,450 --> 00:28:07,790

actually do it yourself you know so you

618

00:28:12,160 --> 00:28:10,460

couldn't spin the dial and spin the dial

619

00:28:15,160 --> 00:28:12,170

again and stick your finger and keep

620

00:28:17,380 --> 00:28:15,170

going and I think you know they put it

621

00:28:18,820 --> 00:28:17,390

down to her but with this instance that

622

00:28:20,710 --> 00:28:18,830

you're talking here you've got you know

623

00:28:24,850 --> 00:28:20,720

grown men there's there's no youngsters

624

00:28:27,310 --> 00:28:24,860

there of that of that nature so it's a

625

00:28:31,540 --> 00:28:27,320

low say it's it's it's bizarre and

626
00:28:32,590 --> 00:28:31,550
fascinating in equal measures Paul yeah

627
00:28:34,780 --> 00:28:32,600
I don't know whether you've got

628
00:28:37,660 --> 00:28:34,790
experience of this Chris book he said I

629
00:28:39,490 --> 00:28:37,670
don't when we get when you get to 1998

630
00:28:41,920 --> 00:28:39,500
you might start thinking different than

631
00:28:44,140 --> 00:28:41,930
the Balto guys that these guys were on

632
00:28:47,290 --> 00:28:44,150
on the same page I mean with the

633
00:28:50,710 --> 00:28:47,300
poltergeist and I'm due to finding the

634
00:28:53,080 --> 00:28:50,720
grave marker however yeah that's Annette

635
00:28:55,150 --> 00:28:53,090
was my own experience which I think I've

636
00:28:57,820 --> 00:28:55,160
actually related to you once before Paul

637
00:29:01,000 --> 00:28:57,830
was there walking down the road with

638
00:29:04,060 --> 00:29:01,010

myself my wife were two stepchildren and

639

00:29:06,250 --> 00:29:04,070

I was walking next to an edge and which

640

00:29:08,350 --> 00:29:06,260

had metal railings next to it was also

641

00:29:10,630 --> 00:29:08,360

out an old Victorian school in the whole

642

00:29:14,470 --> 00:29:10,640

area was on Queens Road in Hall if

643

00:29:17,290 --> 00:29:14,480

anybody really wants to know and this

644

00:29:19,230 --> 00:29:17,300

metal these metal railings had a privet

645

00:29:21,550 --> 00:29:19,240

edge behind them which was approximately

646

00:29:25,330 --> 00:29:21,560

three to three and a half foot wide

647

00:29:28,600 --> 00:29:25,340

something like that and walking along

648

00:29:30,820 --> 00:29:28,610

and something grabbed me on my right

649

00:29:34,690 --> 00:29:30,830

shoulder and actually pulled me back I

650

00:29:37,120 --> 00:29:34,700

actually felt like a hound it grabbed me

651
00:29:39,160 --> 00:29:37,130
on my right and Philips I was walking

652
00:29:41,170 --> 00:29:39,170
right next to thee to the fence there

653
00:29:43,540 --> 00:29:41,180
and they actually pulled me back with

654
00:29:45,280 --> 00:29:43,550
such force it stopped me in my tracks

655
00:29:48,310 --> 00:29:45,290
I loved obviously I wondered what the

656
00:29:50,320 --> 00:29:48,320
heck was going on and I'm ready to jump

657
00:29:52,570 --> 00:29:50,330
around and slap somebody and there was

658
00:29:54,440 --> 00:29:52,580
nothing there absolutely nobody there so

659
00:29:56,840 --> 00:29:54,450
I would put that down

660
00:29:59,659 --> 00:29:56,850
to some kind of poltergeist experience

661
00:30:02,690 --> 00:29:59,669
at the temple altar guys does mean and

662
00:30:04,729 --> 00:30:02,700
noisy spirit you know it's from an old

663
00:30:07,489 --> 00:30:04,739

German word and they are known for

664

00:30:10,430 --> 00:30:07,499

throwing things around eating people

665

00:30:11,869 --> 00:30:10,440

you know moving furniture and and all

666

00:30:14,019 --> 00:30:11,879

that kind of stuff but you've intrigued

667

00:30:18,259 --> 00:30:14,029

me more because you've not mentioned

668

00:30:23,379 --> 00:30:18,269

1998 yeah I want to know what 1998 is

669

00:30:26,149 --> 00:30:23,389

sort of the culmination of it all and

670

00:30:28,430 --> 00:30:26,159

they've just said like I've just said

671

00:30:31,369 --> 00:30:28,440

they attributed everything to the to the

672

00:30:33,139 --> 00:30:31,379

grave marker it's a pity thee they

673

00:30:35,389 --> 00:30:33,149

didn't take a picture of it I've got

674

00:30:37,190 --> 00:30:35,399

some pictures at unit coming Dave took

675

00:30:39,139 --> 00:30:37,200

so many work actually work there all

676

00:30:40,879 --> 00:30:39,149

those years ago so I'll get an idea

677

00:30:43,039 --> 00:30:40,889

inside I've been to unit and took

678

00:30:45,710 --> 00:30:43,049

pictures of it as it is today and spoke

679

00:30:48,259 --> 00:30:45,720

to the new occupants this probably been

680

00:30:51,879 --> 00:30:48,269

more than one lot since 1998 what

681

00:30:55,070 --> 00:30:51,889

they've never experienced anything but

682

00:30:58,489 --> 00:30:55,080

1998 June once again the calendar

683

00:31:01,190 --> 00:30:58,499

changing to two August all guys all the

684

00:31:04,249 --> 00:31:01,200

guys stressed this I mean as much as we

685

00:31:06,499 --> 00:31:04,259

might trying to visualize this in his

686

00:31:09,049 --> 00:31:06,509

mind and imagine how it could physically

687

00:31:11,479 --> 00:31:09,059

change a peat a paper calendar that's

688

00:31:14,359 --> 00:31:11,489

probably wrong I would think up into a

689

00:31:15,919 --> 00:31:14,369

wall is it is beyond me but that's what

690

00:31:18,349 --> 00:31:15,929

they're saying and the steel washers

691

00:31:20,509 --> 00:31:18,359

hitting the walls and no one appearing

692

00:31:22,849 --> 00:31:20,519

to get hurt but they blaming it on the

693

00:31:25,999 --> 00:31:22,859

poltergeist so it started slowly once

694

00:31:30,769 --> 00:31:26,009

again in June what there was an added

695

00:31:34,369 --> 00:31:30,779

element in in 1998 and money started to

696

00:31:36,409 --> 00:31:34,379

fall from the air old morning I think

697

00:31:37,450 --> 00:31:36,419

nothing they could spend really and

698

00:31:41,509 --> 00:31:37,460

pesetas

699

00:31:43,430 --> 00:31:41,519

in front of them and behind them the

700

00:31:46,399 --> 00:31:43,440

radio as we've said would change

701
00:31:49,849 --> 00:31:46,409
channels and suddenly go loud you know

702
00:31:51,259 --> 00:31:49,859
and I won't say they were sick of it but

703
00:31:52,759 --> 00:31:51,269
they probably by this time they were

704
00:31:56,659 --> 00:31:52,769
actually sick of the attention that

705
00:31:58,419 --> 00:31:56,669
they'd received from people I think we

706
00:32:00,859 --> 00:31:58,429
both we've all experienced this

707
00:32:02,839 --> 00:32:00,869
yourselves and listeners who are

708
00:32:04,759 --> 00:32:02,849
interested in the subject of UFOs and

709
00:32:06,409 --> 00:32:04,769
you mention it and you gotta do you

710
00:32:07,790 --> 00:32:06,419
mention it too because if you didn't so

711
00:32:10,040 --> 00:32:07,800
if you wouldn't

712
00:32:15,680 --> 00:32:10,050
close to some narrow-minded sarcastic

713
00:32:17,680 --> 00:32:15,690

devil it's known as the rigging yeah

714

00:32:19,700 --> 00:32:17,690

well you know and so the so they they

715

00:32:21,530 --> 00:32:19,710

suffered this and I think they'd had

716

00:32:23,810 --> 00:32:21,540

enough of it so they put the grave

717

00:32:25,610 --> 00:32:23,820

marker outside burn in mind it

718

00:32:27,020 --> 00:32:25,620

originally was in the field when they

719

00:32:29,090 --> 00:32:27,030

were clearing the scrubland but they put

720

00:32:33,920 --> 00:32:29,100

it outside outside the bat roller should

721

00:32:35,570 --> 00:32:33,930

two doors close to them and they're sort

722

00:32:37,130 --> 00:32:35,580

of working in the unique one evening

723

00:32:39,910 --> 00:32:37,140

because all their work a platform on a

724

00:32:42,320 --> 00:32:39,920

weekend was after six or seven o'clock

725

00:32:44,270 --> 00:32:42,330

and he's leaning up against these doors

726

00:32:46,400 --> 00:32:44,280

and they've all said this I said there's

727

00:32:47,540 --> 00:32:46,410

a huge bang on the unit I don't know

728

00:32:50,420 --> 00:32:47,550

whether they said there were one or two

729

00:32:52,610 --> 00:32:50,430

bangs but they likened it and you can

730

00:32:54,110 --> 00:32:52,620

picture the thin steel of the roller

731

00:32:55,910 --> 00:32:54,120

sort of didn't make a big whack if you

732

00:32:58,580 --> 00:32:55,920

hit them with a baseball bat and that's

733

00:33:00,140 --> 00:32:58,590

what they likened it to bang so they do

734

00:33:02,960 --> 00:33:00,150

this huge noise and they knew it went

735

00:33:04,790 --> 00:33:02,970

outside the grave marker so they went

736

00:33:05,720 --> 00:33:04,800

down to investigate the doors gingerly

737

00:33:07,760 --> 00:33:05,730

because they thought somebody had

738

00:33:10,640 --> 00:33:07,770

whacked the doors outside at the back of

739

00:33:14,330 --> 00:33:10,650

the unit but would unbelievably the

740

00:33:18,230 --> 00:33:14,340

grave mark of the said was inside then

741

00:33:20,180 --> 00:33:18,240

took on the inside so all three of them

742

00:33:22,850 --> 00:33:20,190

have said this and they said we weed

743

00:33:24,500 --> 00:33:22,860

that we never saw any one movie we never

744

00:33:26,200 --> 00:33:24,510

moved it and that's what they're saying

745

00:33:28,930 --> 00:33:26,210

and then they said there's another time

746

00:33:32,240 --> 00:33:28,940

we've got an open-topped busing for

747

00:33:35,480 --> 00:33:32,250

thought restoration spraying and sign

748

00:33:37,790 --> 00:33:35,490

writing and Angela said that he was

749

00:33:39,950 --> 00:33:37,800

working on and he was sign writing and

750

00:33:42,530 --> 00:33:39,960

suddenly the light above the open top

751
00:33:45,710 --> 00:33:42,540
boss which is interesting because one of

752
00:33:49,730 --> 00:33:45,720
you guys has just mentioned a light when

753
00:33:51,560 --> 00:33:49,740
very bright it was a huge strip strip

754
00:33:55,730 --> 00:33:51,570
with more than one light onic not a

755
00:33:58,160 --> 00:33:55,740
strip light and it fell into the bus it

756
00:34:00,620 --> 00:33:58,170
just went very bright the light and the

757
00:34:02,390 --> 00:34:00,630
pole lot the strict light just fell into

758
00:34:04,520 --> 00:34:02,400
the top of the bus made a right mess

759
00:34:05,600 --> 00:34:04,530
they'd said I don't whether it damaged

760
00:34:08,060 --> 00:34:05,610
anything what obviously can you imagine

761
00:34:10,909 --> 00:34:08,070
it's made a mess with that the powers

762
00:34:13,370 --> 00:34:10,919
cooked but the radio continues to play

763
00:34:16,970 --> 00:34:13,380

which is plugged in and unplugged it's

764

00:34:20,150 --> 00:34:16,980

still plane so this is this is becoming

765

00:34:21,069 --> 00:34:20,160

a bit disturbing for me it's gone from

766

00:34:25,940 --> 00:34:21,079

being a

767

00:34:28,220 --> 00:34:25,950

they're upset about this and especially

768

00:34:30,379 --> 00:34:28,230

Steve because he's got these iron motor

769

00:34:33,889 --> 00:34:30,389

vehicles in and he's not he's thinking

770

00:34:36,079 --> 00:34:33,899

something's gonna get damaged so they

771

00:34:38,089 --> 00:34:36,089

decided to cut they don't know which one

772

00:34:39,619 --> 00:34:38,099

of them called the church he could have

773

00:34:41,240 --> 00:34:39,629

even been Dave's mum and dad

774

00:34:43,129 --> 00:34:41,250

that's what that's what they're thinking

775

00:34:45,770 --> 00:34:43,139

because nobody can remember all called

776

00:34:49,609 --> 00:34:45,780

the church or the Undertaker's but they

777

00:34:52,099 --> 00:34:49,619

came he says and the guy said took one

778

00:34:53,659 --> 00:34:52,109

look at this grave marker then what all

779

00:34:55,069 --> 00:34:53,669

three of them have agreed on this one as

780

00:34:59,690 --> 00:34:55,079

well that he was horrified when he

781

00:35:02,420 --> 00:34:59,700

looked at it it just disturbed him that

782

00:35:04,400 --> 00:35:02,430

was tickin I've run the church and the

783

00:35:06,770 --> 00:35:04,410

looking into records for me because

784

00:35:08,300 --> 00:35:06,780

apparently he's been buried in the

785

00:35:10,309 --> 00:35:08,310

church at home and they are buried in

786

00:35:13,370 --> 00:35:10,319

the grounds of the church woman be this

787

00:35:14,750 --> 00:35:13,380

marker I've not got any further with

788

00:35:17,630 --> 00:35:14,760

that yeah I've left it with them they've

789

00:35:19,579 --> 00:35:17,640

got back to me once already but I've

790

00:35:23,480 --> 00:35:19,589

given a bit little bit more information

791

00:35:25,760 --> 00:35:23,490

that the vicar there but so that's what

792

00:35:28,220 --> 00:35:25,770

they attributed all that this phenomena

793

00:35:31,309 --> 00:35:28,230

for and they actually thought you know

794

00:35:34,280 --> 00:35:31,319

this is this is we're probably going to

795

00:35:36,230 --> 00:35:34,290

cure it all well obviously didn't I mean

796

00:35:39,920 --> 00:35:36,240

I got to thinking guys just jumping from

797

00:35:42,980 --> 00:35:39,930

this amount that this sort of blanket of

798

00:35:45,230 --> 00:35:42,990

paranormal activity is probably similar

799

00:35:47,750 --> 00:35:45,240

to what's been happening at Benton and

800

00:35:49,609 --> 00:35:47,760

in places you've researched Philip and

801
00:35:52,150 --> 00:35:49,619
knew Chris you know when you play you

802
00:35:54,650 --> 00:35:52,160
get lots of such a multi-faceted

803
00:35:56,720 --> 00:35:54,660
phenomena roles that shouldn't be

804
00:35:58,910 --> 00:35:56,730
connected but must be connected because

805
00:36:01,609 --> 00:35:58,920
it's happening around the same time in

806
00:36:04,670 --> 00:36:01,619
the same proximity do you know what I

807
00:36:06,880 --> 00:36:04,680
mean and I know exactly what you mean

808
00:36:10,099 --> 00:36:06,890
pull up just been discussing earlier

809
00:36:12,829 --> 00:36:10,109
this week and I think the problem

810
00:36:15,470 --> 00:36:12,839
therein lies that you're going and

811
00:36:16,819 --> 00:36:15,480
you'll be talking to of them about a UFO

812
00:36:21,079 --> 00:36:16,829
sighting that's what you're primarily

813
00:36:23,809 --> 00:36:21,089

there about but not all the time but

814

00:36:26,089 --> 00:36:23,819

there are occasions when if you dig a

815

00:36:28,579 --> 00:36:26,099

little bit further or just by by

816

00:36:32,120 --> 00:36:28,589

accident I think you're finding these

817

00:36:34,730 --> 00:36:32,130

areas these locations so all this weird

818

00:36:38,180 --> 00:36:34,740

and wonderful stuff is is taking place

819

00:36:42,170 --> 00:36:38,190

not just UFO sightings one example we

820

00:36:44,210 --> 00:36:42,180

gave was mark birds'll and I many years

821

00:36:47,030 --> 00:36:44,220

back we had a letter from a small

822

00:36:49,130 --> 00:36:47,040

village in the Dales so we found them so

823

00:36:51,650 --> 00:36:49,140

we'll come and see yeah and when we got

824

00:36:54,710 --> 00:36:51,660

there it won even a village wallet was

825

00:36:59,540 --> 00:36:54,720

just a few houses and of course they had

826

00:37:02,600 --> 00:36:59,550

no numbers on them so you know we

827

00:37:04,100 --> 00:37:02,610

knocked on the door of the first one and

828

00:37:07,250 --> 00:37:04,110

we asked this lady if she knew the

829

00:37:10,700 --> 00:37:07,260

gentleman and she saw have you come

830

00:37:12,890 --> 00:37:10,710

about the ghost dog really yeah and I

831

00:37:16,609 --> 00:37:12,900

said what's that so she told us about

832

00:37:19,130 --> 00:37:16,619

you know the tale of the ghost dog that

833

00:37:21,890 --> 00:37:19,140

wandered down the village and so that

834

00:37:24,100 --> 00:37:21,900

information came to was quite by

835

00:37:27,080 --> 00:37:24,110

accident a mom who started sort of

836

00:37:30,250 --> 00:37:27,090

taking the the blinkers off if you like

837

00:37:32,870 --> 00:37:30,260

we found out that there was witchcraft

838

00:37:34,580 --> 00:37:32,880

had been reported in the area that had

839

00:37:36,950 --> 00:37:34,590

been reported to the local police

840

00:37:39,500 --> 00:37:36,960

because originally out on some of the

841

00:37:43,370 --> 00:37:39,510

day all some of their the hills define

842

00:37:45,920 --> 00:37:43,380

little bundles of clothing but it was it

843

00:37:48,260 --> 00:37:45,930

wasn't old clothing right and they

844

00:37:50,780 --> 00:37:48,270

thought something untoward a chain in

845

00:37:53,030 --> 00:37:50,790

place so they'd report it to the police

846

00:37:54,740 --> 00:37:53,040

and of course it was some kind of

847

00:37:56,810 --> 00:37:54,750

witchcraft that was being practiced

848

00:38:00,230 --> 00:37:56,820

there nothing definitely should anything

849

00:38:03,800 --> 00:38:00,240

like that but you know and and so you

850

00:38:06,349 --> 00:38:03,810

know then what we did it New York see

851
00:38:08,390 --> 00:38:06,359
UFO society on Carleton more just up so

852
00:38:11,120 --> 00:38:08,400
had to Skipton we literally camped in a

853
00:38:15,890 --> 00:38:11,130
caravan there for a week did some local

854
00:38:18,590 --> 00:38:15,900
press and put some signs apply the side

855
00:38:21,980 --> 00:38:18,600
of the moor next to the road and people

856
00:38:24,140 --> 00:38:21,990
came from all around the area reported

857
00:38:26,990 --> 00:38:24,150
things was Paul and it went back decades

858
00:38:29,900 --> 00:38:27,000
and if not just mainly UFO sightings but

859
00:38:34,760 --> 00:38:29,910
the pot reported all kinds of things

860
00:38:37,220 --> 00:38:34,770
weird and wonderful and the late police

861
00:38:40,970 --> 00:38:37,230
sergeant Tony dot was part of the

862
00:38:43,640 --> 00:38:40,980
organization then and Tony told us of a

863
00:38:46,250 --> 00:38:43,650

few paranormal events that he witnessed

864

00:38:48,350 --> 00:38:46,260

himself you know firsthand or the

865

00:38:51,470 --> 00:38:48,360

after-effects

866

00:38:53,780 --> 00:38:51,480

so you write me there you know we you

867

00:38:57,080 --> 00:38:53,790

can find if you you know either by

868

00:38:59,270 --> 00:38:57,090

chance or accident or on purpose in

869

00:39:01,310 --> 00:38:59,280

certain areas when you have these things

870

00:39:04,280 --> 00:39:01,320

there's a whole host of phenomena taking

871

00:39:08,810 --> 00:39:04,290

place you support on there it makes you

872

00:39:11,540 --> 00:39:08,820

wonder if if the area at certain times

873

00:39:16,840 --> 00:39:11,550

will slip will call it 96 97 98 here

874

00:39:19,070 --> 00:39:16,850

well somehow I'm looking at this from an

875

00:39:21,020 --> 00:39:19,080

interdimensional point of view and not

876

00:39:25,550 --> 00:39:21,030

some spaceship that's traveling from

877

00:39:28,610 --> 00:39:25,560

some galaxies are some creature that's

878

00:39:30,080 --> 00:39:28,620

appearing this come from some and it

879

00:39:34,430 --> 00:39:30,090

makes you wonder if the sort of thin

880

00:39:37,100 --> 00:39:34,440

areas where other things unconnected to

881

00:39:38,960 --> 00:39:37,110

each other at you are all acting and

882

00:39:40,370 --> 00:39:38,970

playing out I mean you've experienced

883

00:39:42,950 --> 00:39:40,380

this and you've got loads of years

884

00:39:46,760 --> 00:39:42,960

looking into this this subject just like

885

00:39:49,130 --> 00:39:46,770

Chris has and it's it seems to crop up I

886

00:39:51,410 --> 00:39:49,140

mean it would the sad thing is that UFO

887

00:39:54,440 --> 00:39:51,420

investigators are cryptid investigators

888

00:39:56,870 --> 00:39:54,450

just stay with their given subject and

889

00:39:58,940 --> 00:39:56,880

don't look outside of it because it I

890

00:40:02,060 --> 00:39:58,950

think it's all connected in some way

891

00:40:03,950 --> 00:40:02,070

away I don't understand what how but I

892

00:40:06,290 --> 00:40:03,960

do think it's connected so maybe the

893

00:40:08,540 --> 00:40:06,300

poltergeist was responsible for moving

894

00:40:10,640 --> 00:40:08,550

the things around I believe was we get a

895

00:40:12,200 --> 00:40:10,650

little bit there's not tons to this but

896

00:40:14,240 --> 00:40:12,210

a little bit further into this that you

897

00:40:16,130 --> 00:40:14,250

might start changing your mind because I

898

00:40:16,640 --> 00:40:16,140

think one of the men were responsible

899

00:40:18,500 --> 00:40:16,650

for this

900

00:40:21,200 --> 00:40:18,510

maybe unknowingly but we'll see in a

901
00:40:23,180 --> 00:40:21,210
moment what okay obviously I've got I'm

902
00:40:24,710 --> 00:40:23,190
reading I'm doing this out of reading

903
00:40:27,800 --> 00:40:24,720
and I'm talking this so I've got the

904
00:40:30,980 --> 00:40:27,810
parameter what's happening but anyway so

905
00:40:32,330 --> 00:40:30,990
it's like things they seem detached from

906
00:40:33,920 --> 00:40:32,340
each other but there's some kind of

907
00:40:35,300 --> 00:40:33,930
unseen thread running through it all

908
00:40:36,050 --> 00:40:35,310
that's connecting them that I don't

909
00:40:38,540 --> 00:40:36,060
understand

910
00:40:40,100 --> 00:40:38,550
but there's one night one evening

911
00:40:42,440 --> 00:40:40,110
Steve's on his own the other the other

912
00:40:44,990 --> 00:40:42,450
Dave's mom and dad's gone home 10 11

913
00:40:46,250 --> 00:40:45,000

o'clock time if I'm being truthful guys

914

00:40:47,840 --> 00:40:46,260

I don't actually know what time they

915

00:40:51,890 --> 00:40:47,850

used to leave I know these two come most

916

00:40:54,560 --> 00:40:51,900

evenings of the week and there's just

917

00:40:57,650 --> 00:40:54,570

Steve locking up and there's no lights

918

00:40:59,270 --> 00:40:57,660

it's really dark and he's shutting the

919

00:41:00,980 --> 00:40:59,280

gates opens you know that feeling

920

00:41:01,910 --> 00:41:00,990

everybody's at it well you think you

921

00:41:04,130 --> 00:41:01,920

suddenly get that

922

00:41:05,480 --> 00:41:04,140

feeling of dread and you turn around and

923

00:41:07,700 --> 00:41:05,490

the wrists are not there to thrive you

924

00:41:11,270 --> 00:41:07,710

said it turned around this isn't this

925

00:41:13,220 --> 00:41:11,280

monstrous figure stood behind him and

926
00:41:15,980 --> 00:41:13,230
he's talking somewhat like eight or nine

927
00:41:18,049 --> 00:41:15,990
foot tall and he's not talking some bear

928
00:41:23,480 --> 00:41:18,059
or something wouldn't you care guys this

929
00:41:26,030 --> 00:41:23,490
is just a huge black slab of a figure he

930
00:41:28,280 --> 00:41:26,040
said he unbelievably thick arms and

931
00:41:31,130 --> 00:41:28,290
shoulders but no detailing or black he

932
00:41:33,200 --> 00:41:31,140
was just a black shape in the night he

933
00:41:35,660 --> 00:41:33,210
says I actually turned round in a booth

934
00:41:37,309 --> 00:41:35,670
and just sort of went back to gates he

935
00:41:40,069 --> 00:41:37,319
said this thing just turned and walked

936
00:41:43,370 --> 00:41:40,079
into the darkness and you know that was

937
00:41:45,260 --> 00:41:43,380
just one just what little cameo of one

938
00:41:47,740 --> 00:41:45,270

thing that happened just like the

939

00:41:50,780 --> 00:41:47,750

footprints that appeared on the guy's

940

00:41:52,670 --> 00:41:50,790

motor vehicles for no apparent reason

941

00:41:55,069 --> 00:41:52,680

with footprints of something that were

942

00:41:58,220 --> 00:41:55,079

far too large not to have dented the

943

00:42:00,650 --> 00:41:58,230

vehicles bonnets and roofs but it look

944

00:42:04,190 --> 00:42:00,660

it just happened and at other times

945

00:42:07,579 --> 00:42:04,200

they're still reporting the sky usually

946

00:42:09,530 --> 00:42:07,589

on their way home these enormous flashes

947

00:42:11,180 --> 00:42:09,540

of light just for a blink and it's

948

00:42:13,309 --> 00:42:11,190

daylight I mean I don't know what kind

949

00:42:16,490 --> 00:42:13,319

of energy needed to produce that effect

950

00:42:19,900 --> 00:42:16,500

but they all three guys reported this

951
00:42:23,150 --> 00:42:19,910
and Dave's mum and dad had seen it now

952
00:42:26,450 --> 00:42:23,160
the the phenomena didn't stop when the

953
00:42:28,069 --> 00:42:26,460
grave marker left and Andrew I mean he's

954
00:42:32,329 --> 00:42:28,079
openly admitted it to me like him

955
00:42:34,700 --> 00:42:32,339
because he's still it says everything is

956
00:42:38,089 --> 00:42:34,710
just vivid in his mind still they said

957
00:42:41,599 --> 00:42:38,099
and he got a bit level with phenomena he

958
00:42:43,640 --> 00:42:41,609
said nah started shouting at it and

959
00:42:46,609 --> 00:42:43,650
asking it to produce things asking it to

960
00:42:48,829 --> 00:42:46,619
give me something that I can use give me

961
00:42:50,359 --> 00:42:48,839
some money I can spend I'm sick of it

962
00:42:52,700 --> 00:42:50,369
what you're throwing these washes about

963
00:42:55,819 --> 00:42:52,710

thought why are you giving me old money

964

00:42:59,270 --> 00:42:55,829

give me something he said and Steve the

965

00:43:00,740 --> 00:42:59,280

boss said you better stop they said what

966

00:43:02,450 --> 00:43:00,750

do you mean he says you don't realize

967

00:43:05,720 --> 00:43:02,460

what you are dealing with so if you

968

00:43:08,210 --> 00:43:05,730

don't stop so much can happen you must

969

00:43:09,829 --> 00:43:08,220

stop doing this now it says you don't

970

00:43:13,010 --> 00:43:09,839

know what you're playing with you now

971

00:43:14,180 --> 00:43:13,020

pack it in it's David agree this is and

972

00:43:15,380 --> 00:43:14,190

rule just took the notice of him and

973

00:43:18,080 --> 00:43:15,390

kept shouting at it

974

00:43:20,330 --> 00:43:18,090

they were bang over the washer it inside

975

00:43:22,610 --> 00:43:20,340

a unit and this one most nights I don't

976

00:43:24,380 --> 00:43:22,620

mean it it would like 30 or 40 watches a

977

00:43:26,810 --> 00:43:24,390

night but not every night just about

978

00:43:30,380 --> 00:43:26,820

throughout June July and August the

979

00:43:32,450 --> 00:43:30,390

activity built and it be shout enough to

980

00:43:34,190 --> 00:43:32,460

give me the lottery numbers and they say

981

00:43:38,090 --> 00:43:34,200

I think he said something like if you're

982

00:43:40,340 --> 00:43:38,100

so powerful give me someone may I can

983

00:43:43,340 --> 00:43:40,350

spend and had Chris come to God sorry

984

00:43:45,920 --> 00:43:43,350

Steve continued to tell him that you

985

00:43:49,910 --> 00:43:45,930

know he didn't realize what he was

986

00:43:51,740 --> 00:43:49,920

dealing with so though I said we work in

987

00:43:54,050 --> 00:43:51,750

there we rolled wellness up various jobs

988

00:43:56,390 --> 00:43:54,060

he says and suddenly Andrews we've just

989

00:43:58,580 --> 00:43:56,400

looked and Andros screaming and spinning

990

00:44:00,760 --> 00:43:58,590

around in the like doing circles on the

991

00:44:04,100 --> 00:44:00,770

floor holding his hands over his face

992

00:44:06,800 --> 00:44:04,110

shouting a beam hit have been hit have

993

00:44:09,380 --> 00:44:06,810

been hit I mean he might get to listen

994

00:44:13,250 --> 00:44:09,390

to this song which is interesting about

995

00:44:15,860 --> 00:44:13,260

that's where he's told me and he said we

996

00:44:17,210 --> 00:44:15,870

could also purchase perplex we don't

997

00:44:18,800 --> 00:44:17,220

know I don't know if Dave's mom and dad

998

00:44:20,440 --> 00:44:18,810

were there when this happened he says

999

00:44:24,980 --> 00:44:20,450

well he moved his hands from his face

1000

00:44:27,290 --> 00:44:24,990

and he'd got a perfectly round well

1001

00:44:32,000 --> 00:44:27,300

first of all he'd got a two pence coin

1002

00:44:34,190 --> 00:44:32,010

stuck to his forehead right when we

1003

00:44:36,260 --> 00:44:34,200

pulled it away got a perfectly round red

1004

00:44:38,540 --> 00:44:36,270

circle in the middle of his florid I

1005

00:44:40,760 --> 00:44:38,550

asked if the coin was warmed by the way

1006

00:44:43,550 --> 00:44:40,770

guys but this don't recall it being warm

1007

00:44:45,740 --> 00:44:43,560

and Andrew says it was the most bizarre

1008

00:44:48,590 --> 00:44:45,750

thing because he just turned round and

1009

00:44:51,290 --> 00:44:48,600

saw it coming towards him full circle

1010

00:44:52,790 --> 00:44:51,300

this isn't it was in slow motion and I

1011

00:44:57,260 --> 00:44:52,800

thought about that man thinking to

1012

00:44:59,810 --> 00:44:57,270

myself how does that work we've got some

1013

00:45:01,580 --> 00:44:59,820

kind of moment that he's caught up in

1014

00:45:04,190 --> 00:45:01,590

and this is caught up him to create that

1015

00:45:07,670 --> 00:45:04,200

effect he said because he came to him in

1016

00:45:10,610 --> 00:45:07,680

slow motion and smacked him in the

1017

00:45:13,760 --> 00:45:10,620

middle of the head and he said he hurt

1018

00:45:16,610 --> 00:45:13,770

and this red circle stayed imprinted in

1019

00:45:20,390 --> 00:45:16,620

his florid for over three days all three

1020

00:45:23,090 --> 00:45:20,400

men say that now that shows intent that

1021

00:45:24,890 --> 00:45:23,100

shows to me evil it is he can't show

1022

00:45:25,280 --> 00:45:24,900

anything else can i guys if they're not

1023

00:45:28,680 --> 00:45:25,290

lying

1024

00:45:31,380 --> 00:45:28,690

that's intelligence into it that's

1025

00:45:36,500 --> 00:45:31,390

gotta be honey you know it's I've got a

1026

00:45:41,010 --> 00:45:36,510

question for Paul M do any of these men

1027

00:45:43,559 --> 00:45:41,020

did they or do they have any association

1028

00:45:47,549 --> 00:45:43,569

with the occult not that I know of

1029

00:45:52,950 --> 00:45:47,559

not that I know of but you know I've got

1030

00:45:56,010 --> 00:45:52,960

I've got more out to two other guys what

1031

00:45:57,480 --> 00:45:56,020

I spoke to one of them who didn't want

1032

00:45:59,670 --> 00:45:57,490

to speak sort of thing

1033

00:46:01,620 --> 00:45:59,680

I'm not joking and I'm don't mind saying

1034

00:46:03,450 --> 00:46:01,630

it one radio but it were almost as

1035

00:46:04,859 --> 00:46:03,460

thought it's these mummy words to him

1036

00:46:06,059 --> 00:46:04,869

when I got to speak to him face to face

1037

00:46:07,260 --> 00:46:06,069

I said it well I could hit you in the

1038

00:46:10,319 --> 00:46:07,270

face with the shovel you were that

1039

00:46:11,609 --> 00:46:10,329

shocked and this guy when when I rang up

1040

00:46:14,130 --> 00:46:11,619

and I said I've just been speaking to

1041

00:46:15,690 --> 00:46:14,140

so-and-so so-and-so and I I believe that

1042

00:46:20,450 --> 00:46:15,700

you've got you have this strange

1043

00:46:21,809 --> 00:46:20,460

experience 96 97 98 and I've got this no

1044

00:46:25,380 --> 00:46:21,819

no idea

1045

00:46:27,870 --> 00:46:25,390

oh never thought enough to speak about

1046

00:46:30,029 --> 00:46:27,880

this this shouldn't be spit off no and

1047

00:46:31,799 --> 00:46:30,039

it really did I'm never gonna stop

1048

00:46:34,380 --> 00:46:31,809

thinking about this all week now isn't

1049

00:46:35,730 --> 00:46:34,390

that that was the phone call and I

1050

00:46:37,109 --> 00:46:35,740

didn't think I'd get to speak to him but

1051

00:46:40,349 --> 00:46:37,119

I have and I've sat down and I've got a

1052

00:46:44,819 --> 00:46:40,359

few hours with him and on two occasions

1053

00:46:46,829 --> 00:46:44,829

now and there's more there's more we

1054

00:46:49,620 --> 00:46:46,839

outta doubt there's more but at the

1055

00:46:53,700 --> 00:46:49,630

moment all three men are saying the same

1056

00:46:55,589 --> 00:46:53,710

story one of them has got more to tell

1057

00:46:56,039 --> 00:46:55,599

whether I'll ever get it and I don't

1058

00:47:02,130 --> 00:46:56,049

know

1059

00:47:04,049 --> 00:47:02,140

so after this slow motion coin smacked

1060

00:47:06,779 --> 00:47:04,059

and ruined the floor head and left this

1061

00:47:08,670 --> 00:47:06,789

red mark the the other activity

1062

00:47:12,299 --> 00:47:08,680

continued just like before I'll not

1063

00:47:15,059 --> 00:47:12,309

bother repeating it all but Steve said

1064

00:47:17,309 --> 00:47:15,069

one evening he stood outside in the back

1065

00:47:19,589 --> 00:47:17,319

of the compound where all the vehicles

1066

00:47:21,089 --> 00:47:19,599

are parked and the Sun guys I think

1067

00:47:24,059 --> 00:47:21,099

there were a bus stop further down

1068

00:47:25,650 --> 00:47:24,069

this is still there actually well now

1069

00:47:27,599 --> 00:47:25,660

think that's the East Yorkshire Post a

1070

00:47:29,519 --> 00:47:27,609

boyfriend no I don't know that about

1071

00:47:34,170 --> 00:47:29,529

that Chris because this is humbly and

1072

00:47:36,140 --> 00:47:34,180

this is a I think the restoring me just

1073

00:47:39,809 --> 00:47:36,150

abandoned the brick I mean restore them

1074

00:47:41,250 --> 00:47:39,819

you know do do jobs like that meet the

1075

00:47:42,450 --> 00:47:41,260

one you're all about is it living to

1076

00:47:44,460 --> 00:47:42,460

nothing but any

1077

00:47:46,410 --> 00:47:44,470

the suit in the back of the compound

1078

00:47:49,170 --> 00:47:46,420

it's nighttime having a cigarette doing

1079

00:47:50,760 --> 00:47:49,180

whatever they're doing if your guys were

1080

00:47:54,780 --> 00:47:50,770

working this bossy outta there

1081

00:47:57,599 --> 00:47:54,790

he doesn't know if Andrew and Dave were

1082

00:47:59,250 --> 00:47:57,609

there and I don't think they were

1083

00:48:00,660 --> 00:47:59,260

because they don't recall seeing these

1084

00:48:02,640 --> 00:48:00,670

he says but we're just looking towards

1085

00:48:06,089 --> 00:48:02,650

to see obviously they can't see the see

1086

00:48:08,370 --> 00:48:06,099

mister three miles away and it's coming

1087

00:48:11,640 --> 00:48:08,380

from the c7 just three of the most

1088

00:48:14,010 --> 00:48:11,650

enormous black triangles they have ever

1089

00:48:15,990 --> 00:48:14,020

seen well never seen anything like it

1090

00:48:18,060 --> 00:48:16,000

almost they ever seen before they'd

1091

00:48:21,690 --> 00:48:18,070

never seen anything like it

1092

00:48:24,599 --> 00:48:21,700

in in his life before then he stuck he

1093

00:48:26,760 --> 00:48:24,609

says absolutely Gigantor these things

1094

00:48:29,940 --> 00:48:26,770

were enormous and this three of them

1095

00:48:34,170 --> 00:48:29,950

then they just slowly traveling in the

1096

00:48:36,030 --> 00:48:34,180

night blacker than the sky distinct not

1097

00:48:37,920 --> 00:48:36,040

are these clouds that are moving with

1098

00:48:40,440 --> 00:48:37,930

wind and can we must perceive these as

1099

00:48:42,810 --> 00:48:40,450

being triangles these are triangles no

1100

00:48:45,300 --> 00:48:42,820

lights on them no lights each corners

1101
00:48:48,240 --> 00:48:45,310
people report and things these are just

1102
00:48:50,670 --> 00:48:48,250
three monstrously huge black triangles

1103
00:48:52,230 --> 00:48:50,680
and a blown away these guys you know

1104
00:48:53,849 --> 00:48:52,240
Steve says I just can't believe it is

1105
00:48:58,170 --> 00:48:53,859
the other guys jaws of good job to

1106
00:48:59,700 --> 00:48:58,180
flourish said you know the jaws and they

1107
00:49:03,210 --> 00:48:59,710
thought they're gonna pass straight over

1108
00:49:05,339 --> 00:49:03,220
top of our heads well as they approached

1109
00:49:08,490 --> 00:49:05,349
the sort of area of the compound these

1110
00:49:09,810 --> 00:49:08,500
things switched off they'd gone they

1111
00:49:12,300 --> 00:49:09,820
just weren't there anymore

1112
00:49:13,470 --> 00:49:12,310
Oh guys are scratching their heads

1113
00:49:15,870 --> 00:49:13,480

thinking where they've gone did not

1114

00:49:18,030 --> 00:49:15,880

flown off which throws me to another

1115

00:49:19,440 --> 00:49:18,040

thing just break from story a little bit

1116

00:49:22,170 --> 00:49:19,450

just want to throw this out there to

1117

00:49:25,050 --> 00:49:22,180

listeners and 20 to you to do you think

1118

00:49:28,140 --> 00:49:25,060

that this kind of technology has

1119

00:49:30,089 --> 00:49:28,150

developed some kind of thing like wood

1120

00:49:31,859 --> 00:49:30,099

you know we call it stealth but do you

1121

00:49:34,710 --> 00:49:31,869

think it almost octopus-like or

1122

00:49:36,540 --> 00:49:34,720

chameleon like with it when it was some

1123

00:49:39,390 --> 00:49:36,550

kind of inter mined reaction so when

1124

00:49:41,250 --> 00:49:39,400

it's when the visual connection is made

1125

00:49:44,040 --> 00:49:41,260

with these things that can just sort of

1126
00:49:45,420 --> 00:49:44,050
blend and become invisible for want of a

1127
00:49:48,870 --> 00:49:45,430
better word do you think that's possible

1128
00:49:51,750 --> 00:49:48,880
I mean I remember years back with help

1129
00:49:55,650 --> 00:49:51,760
many years back reading in the the

1130
00:50:00,750 --> 00:49:58,440
was a well-respected publication at the

1131
00:50:03,900 --> 00:50:00,760
time that and I don't know who wrote the

1132
00:50:05,490 --> 00:50:03,910
article but it reminds me exactly what

1133
00:50:08,130 --> 00:50:05,500
you're saying there because the article

1134
00:50:11,670 --> 00:50:08,140
was something along the lines of other

1135
00:50:13,589 --> 00:50:11,680
UFOs that mimicked in other words

1136
00:50:15,960 --> 00:50:13,599
they're you know they're camouflaged or

1137
00:50:18,750 --> 00:50:15,970
they would appear that first bit to look

1138
00:50:21,420 --> 00:50:18,760

like something else and that's that's

1139

00:50:23,130 --> 00:50:21,430

the only thing I can think of that comes

1140

00:50:26,099 --> 00:50:23,140

anywhere close to what what you've

1141

00:50:30,690 --> 00:50:26,109

suggested there yeah well what's police

1142

00:50:34,559 --> 00:50:30,700

re know so it was me a Paul what I was

1143

00:50:37,920 --> 00:50:34,569

going to say is I think that there is

1144

00:50:41,400 --> 00:50:37,930

some kind of mind connection with the

1145

00:50:44,309 --> 00:50:41,410

the UFOs or the rock offense in that

1146

00:50:47,069 --> 00:50:44,319

they can possibly read our thoughts or

1147

00:50:49,849 --> 00:50:47,079

what we're thinking my the reason I say

1148

00:50:52,620 --> 00:50:49,859

that is my very first experience back in

1149

00:50:54,960 --> 00:50:52,630

73 which I think I've mentioned to you

1150

00:50:56,520 --> 00:50:54,970

before is remember I told you about our

1151

00:50:59,849 --> 00:50:56,530

set on top of the hill and I saw these

1152

00:51:01,799 --> 00:50:59,859

lights across yeah and I looked up and

1153

00:51:04,680 --> 00:51:01,809

show it to my friends look there's a UFO

1154

00:51:08,010 --> 00:51:04,690

guy sees a UFO and as a shelter day it

1155

00:51:10,230 --> 00:51:08,020

disappeared completely clear cloudless

1156

00:51:11,880 --> 00:51:10,240

sky February evening and it just

1157

00:51:13,950 --> 00:51:11,890

completely blinked tone I was never

1158

00:51:15,599 --> 00:51:13,960

never saw it again and it was directly

1159

00:51:20,370 --> 00:51:15,609

off ahead of me when that happened yeah

1160

00:51:21,900 --> 00:51:20,380

well there's got to be some I mean call

1161

00:51:25,309 --> 00:51:21,910

it internet connection there's got to be

1162

00:51:28,769 --> 00:51:25,319

something that you know because I mean

1163

00:51:31,559 --> 00:51:28,779

how these things saw something so huge

1164

00:51:33,630 --> 00:51:31,569

that you wouldn't they never saw it fly

1165

00:51:36,569 --> 00:51:33,640

away it literally was as though that's

1166

00:51:38,130 --> 00:51:36,579

turned a switch off and it's almost as

1167

00:51:40,529 --> 00:51:38,140

though there's some recognition from the

1168

00:51:42,599 --> 00:51:40,539

occupants as father I mean it could be

1169

00:51:44,370 --> 00:51:42,609

just pure intelligence that's flying

1170

00:51:47,519 --> 00:51:44,380

towards them I mean or whatever's inside

1171

00:51:50,490 --> 00:51:47,529

these things was registered that there's

1172

00:51:53,010 --> 00:51:50,500

been some sighting or visual but there

1173

00:51:55,019 --> 00:51:53,020

again have traveled over land from from

1174

00:51:56,460 --> 00:51:55,029

the sea you would think that they'd been

1175

00:51:58,799 --> 00:51:56,470

that could have been seen by any number

1176
00:51:59,849 --> 00:51:58,809
of people but these guys saw as they

1177
00:52:02,099 --> 00:51:59,859
were beginning to think they're gonna

1178
00:52:06,750 --> 00:52:02,109
pass straight overhead they've vanished

1179
00:52:09,250 --> 00:52:06,760
well that one that night and they were

1180
00:52:11,320 --> 00:52:09,260
talking about it the next day and they

1181
00:52:12,580 --> 00:52:11,330
relayed information to Dave's mom and

1182
00:52:16,390 --> 00:52:12,590
dad and it worked quite an exciting

1183
00:52:20,980 --> 00:52:16,400
sighting brand-ne exciting sighting but

1184
00:52:24,030 --> 00:52:20,990
it's you know he caused a lot of debate

1185
00:52:26,740 --> 00:52:24,040
and a lot a lot of talk and we're now in

1186
00:52:30,490 --> 00:52:26,750
in July we're not we're now at the end

1187
00:52:32,140 --> 00:52:30,500
of the month and there's more I wish I

1188
00:52:35,380 --> 00:52:32,150

could tell you whom it's not some kind

1189

00:52:36,790 --> 00:52:35,390

of teaser book I've just I can tell you

1190

00:52:39,550 --> 00:52:36,800

more I'm gonna finish the story but what

1191

00:52:42,340 --> 00:52:39,560

I mean is there's more I can't tell but

1192

00:52:45,910 --> 00:52:42,350

so anyway the the following night

1193

00:52:46,660 --> 00:52:45,920

Dave's mum and dad left it's about 10

1194

00:52:49,630 --> 00:52:46,670

p.m.

1195

00:52:52,600 --> 00:52:49,640

back to bridlington know we did discuss

1196

00:52:57,190 --> 00:52:52,610

the triangles and the activity he said

1197

00:52:59,290 --> 00:52:57,200

it Andrew daven and Steve all all three

1198

00:53:03,660 --> 00:52:59,300

of them to say that he it went crazy

1199

00:53:06,760 --> 00:53:03,670

that night the activity there was more

1200

00:53:09,430 --> 00:53:06,770

washes flying about and more activity

1201
00:53:11,650 --> 00:53:09,440
than the decks perience in the previous

1202
00:53:13,720 --> 00:53:11,660
years and just of this triangle these

1203
00:53:16,240 --> 00:53:13,730
three triangular craft if you want to

1204
00:53:18,490 --> 00:53:16,250
call them craft scene the day before so

1205
00:53:21,340 --> 00:53:18,500
Dave's mom and dad set off back to

1206
00:53:23,140 --> 00:53:21,350
Bridlington and that's that and that's

1207
00:53:28,780 --> 00:53:23,150
during the workshop the the rest of the

1208
00:53:30,670 --> 00:53:28,790
guys and the the role of shut the doors

1209
00:53:32,740 --> 00:53:30,680
they put the roller two doors up about

1210
00:53:35,800 --> 00:53:32,750
six or eight foot burning mind that

1211
00:53:38,590 --> 00:53:35,810
they'd go up much higher high enough to

1212
00:53:40,180 --> 00:53:38,600
get a big bus through an alley where

1213
00:53:43,570 --> 00:53:40,190

Andrew saw it first

1214

00:53:46,330 --> 00:53:43,580

and he said the but the bottom of their

1215

00:53:50,800 --> 00:53:46,340

compound he could see what he could only

1216

00:53:51,670 --> 00:53:50,810

describe as a classic 1950s 60s Flying

1217

00:53:55,060 --> 00:53:51,680

Saucer

1218

00:53:57,310 --> 00:53:55,070

he says it was there on the ground

1219

00:53:59,800 --> 00:53:57,320

he said there's lights going all the way

1220

00:54:04,210 --> 00:53:59,810

around it he said there's there's a mist

1221

00:54:06,040 --> 00:54:04,220

all the way around it and I'm looking at

1222

00:54:09,670 --> 00:54:06,050

this thing and I can't believe what I'm

1223

00:54:11,530 --> 00:54:09,680

looking at and even today even today if

1224

00:54:13,960 --> 00:54:11,540

I spoke to him he says it will like a

1225

00:54:15,070 --> 00:54:13,970

film set I think it was staged I can't

1226
00:54:17,920 --> 00:54:15,080
believe it

1227
00:54:20,320 --> 00:54:17,930
what I'll seen he says I don't expect I

1228
00:54:21,550 --> 00:54:20,330
didn't expect it to be that big he said

1229
00:54:22,750 --> 00:54:21,560
it were about as big as a flat back

1230
00:54:24,280 --> 00:54:22,760
truck it's

1231
00:54:26,680 --> 00:54:24,290
there's a bubble on top of it like a

1232
00:54:30,190 --> 00:54:26,690
glass dome or perspex dome he says now

1233
00:54:32,170 --> 00:54:30,200
can see this figure inside it and the

1234
00:54:34,570 --> 00:54:32,180
ology strategy is a black figure he

1235
00:54:37,120 --> 00:54:34,580
don't describe details or eyes are too

1236
00:54:41,380 --> 00:54:37,130
far away but he can see him and he's

1237
00:54:43,030 --> 00:54:41,390
looking at this thing and then he's sort

1238
00:54:44,530 --> 00:54:43,040

of trying to work it out and there's a

1239

00:54:46,270 --> 00:54:44,540

bit of confusion because to do it all

1240

00:54:49,810 --> 00:54:46,280

together but now none of them now can

1241

00:54:50,920 --> 00:54:49,820

remember being with each other all three

1242

00:54:52,750 --> 00:54:50,930

of them have said that they knew they

1243

00:54:55,360 --> 00:54:52,760

were together he said now locked on us

1244

00:55:00,730 --> 00:54:55,370

could see I could see Steve walking down

1245

00:55:02,770 --> 00:55:00,740

towards this mist and he disappeared he

1246

00:55:04,900 --> 00:55:02,780

said and then for some reason he says I

1247

00:55:06,640 --> 00:55:04,910

went to the front door and at the side

1248

00:55:08,290 --> 00:55:06,650

of each roll of shutter there's a small

1249

00:55:10,810 --> 00:55:08,300

side door I think everybody will be

1250

00:55:14,290 --> 00:55:10,820

familiar with these big old industrial

1251
00:55:15,790 --> 00:55:14,300
units he says now he said I've seen this

1252
00:55:18,700 --> 00:55:15,800
but I still went to look for him up

1253
00:55:20,440 --> 00:55:18,710
front don't know why he says what the

1254
00:55:23,470 --> 00:55:20,450
activity at the front he says of that

1255
00:55:25,360 --> 00:55:23,480
door door helicopters all over

1256
00:55:26,590 --> 00:55:25,370
he says endure very low and we should

1257
00:55:29,410 --> 00:55:26,600
have been able to see him but we

1258
00:55:30,940 --> 00:55:29,420
couldn't see him he said but this thing

1259
00:55:33,700 --> 00:55:30,950
weren't a helicopter that were London

1260
00:55:36,370 --> 00:55:33,710
down there this thing what a flying

1261
00:55:38,350 --> 00:55:36,380
saucer and that's his words not mine

1262
00:55:40,900 --> 00:55:38,360
now don't use the word flame source and

1263
00:55:42,400 --> 00:55:40,910

real usual but that's what he said he

1264

00:55:44,460 --> 00:55:42,410

says and I went to this side door at the

1265

00:55:48,160 --> 00:55:44,470

front and I just opened it it says until

1266

00:55:49,840 --> 00:55:48,170

military personnel grabbed hold of me

1267

00:55:52,840 --> 00:55:49,850

I've looked to swear it's just do a

1268

00:55:55,270 --> 00:55:52,850

right nasty and he starts with B it says

1269

00:55:57,190 --> 00:55:55,280

horrible odd people he says in the

1270

00:55:58,840 --> 00:55:57,200

dragged mean and drop me to the floor

1271

00:56:02,770 --> 00:55:58,850

and they've got guns and the said stay

1272

00:56:05,110 --> 00:56:02,780

down there yeah and don't move stay

1273

00:56:06,760 --> 00:56:05,120

there do as she told don't move he says

1274

00:56:08,320 --> 00:56:06,770

and that's what I was told and they've

1275

00:56:10,510 --> 00:56:08,330

got the rifles with them and that's what

1276
00:56:12,310 --> 00:56:10,520
they did he says these guys were dressed

1277
00:56:15,340 --> 00:56:12,320
him they were messing about it says they

1278
00:56:18,730 --> 00:56:15,350
were dressed in black edie to toe not

1279
00:56:21,160 --> 00:56:18,740
camouflage gear all in black so that

1280
00:56:26,230 --> 00:56:21,170
what Dave's that saw excuse me that were

1281
00:56:28,150 --> 00:56:26,240
Andrews story so it told me this is and

1282
00:56:29,680 --> 00:56:28,160
he still believes it was surreal and

1283
00:56:32,950 --> 00:56:29,690
staged you just can't believe that this

1284
00:56:34,540 --> 00:56:32,960
thing happened so after that next thing

1285
00:56:36,580 --> 00:56:34,550
I have to speak to Dave I want to see

1286
00:56:40,600 --> 00:56:36,590
whether he's singing a Citroen yeah

1287
00:56:43,870 --> 00:56:40,610
from saying sheet sort of thing and he

1288
00:56:46,150 --> 00:56:43,880

tells me the same story he doesn't

1289

00:56:48,520 --> 00:56:46,160

remember where Andrew was although they

1290

00:56:50,860 --> 00:56:48,530

were all in workshop at the time he

1291

00:56:53,440 --> 00:56:50,870

doesn't remember seeing Steve walk down

1292

00:56:56,190 --> 00:56:53,450

to the object where he remembers seeing

1293

00:56:58,420 --> 00:56:56,200

the object at the bottom of the compound

1294

00:57:01,120 --> 00:56:58,430

it doesn't remember seeing anything

1295

00:57:05,140 --> 00:57:01,130

inside it although I saw it Bree saw

1296

00:57:07,450 --> 00:57:05,150

three stood outside in the mist if he

1297

00:57:11,230 --> 00:57:07,460

said book any 6-foot he's over six look

1298

00:57:12,910 --> 00:57:11,240

this guy and he says these things must

1299

00:57:15,820 --> 00:57:12,920

have been over seven foot tall they said

1300

00:57:17,680 --> 00:57:15,830

they were unusually thin he said and I'm

1301
00:57:19,300 --> 00:57:17,690
trying to think how he worded the

1302
00:57:20,950 --> 00:57:19,310
clothing he says if they'd got clothing

1303
00:57:22,420 --> 00:57:20,960
on because he would all he could see

1304
00:57:24,880 --> 00:57:22,430
well a black outline of the three of

1305
00:57:26,860 --> 00:57:24,890
them if they got clothing on he says

1306
00:57:30,280 --> 00:57:26,870
they were either wet suit or some like

1307
00:57:33,670 --> 00:57:30,290
super tight clothing and the Reds looked

1308
00:57:35,560 --> 00:57:33,680
larger than they should have been and

1309
00:57:39,130 --> 00:57:35,570
that's that's his description of them

1310
00:57:43,090 --> 00:57:39,140
now for some reason Dave found himself

1311
00:57:45,700 --> 00:57:43,100
at the front of the unit he was dragged

1312
00:57:50,470 --> 00:57:45,710
inside and told to get down by one

1313
00:57:55,660 --> 00:57:50,480

soldier he says who had a handgun sir

1314

00:57:57,450 --> 00:57:55,670

all dressed in black so you know we've

1315

00:58:02,440 --> 00:57:57,460

got a similar story we haven't got an

1316

00:58:05,710 --> 00:58:02,450

occupant in in the you know in the craft

1317

00:58:07,840 --> 00:58:05,720

if we're gonna call it a craft what one

1318

00:58:10,180 --> 00:58:07,850

other thing that Dave noted was he said

1319

00:58:15,850 --> 00:58:10,190

he could hear the helicopters he says

1320

00:58:17,860 --> 00:58:15,860

but then when I come to think of it I

1321

00:58:19,710 --> 00:58:17,870

wanted him to be Alec doctors because

1322

00:58:24,130 --> 00:58:19,720

door I could hear these things overhead

1323

00:58:25,390 --> 00:58:24,140

what the sound was coming he said what

1324

00:58:26,980 --> 00:58:25,400

the first thing I was thinking what the

1325

00:58:29,320 --> 00:58:26,990

zelich right where are these helicopters

1326

00:58:31,210 --> 00:58:29,330

a bug bang but I couldn't he said when

1327

00:58:34,360 --> 00:58:31,220

you think when I really think about what

1328

00:58:38,710 --> 00:58:34,370

it sounded like it was a hum it wasn't a

1329

00:58:41,980 --> 00:58:38,720

helicopter so because helicopters magmar

1330

00:58:45,910 --> 00:58:41,990

yeah kind of and you can feel them in

1331

00:58:47,779 --> 00:58:45,920

the end what we do though Chris and

1332

00:58:50,239 --> 00:58:47,789

Phillip weird

1333

00:58:51,739 --> 00:58:50,249

if we involved or seized something

1334

00:58:53,239 --> 00:58:51,749

surreal or hear something we're trying

1335

00:58:55,339 --> 00:58:53,249

to fit it into something that can

1336

00:58:58,459 --> 00:58:55,349

understand yeah it's right we try and

1337

00:59:00,169 --> 00:58:58,469

rationalize it yes absolutely yeah so I

1338

00:59:01,939 --> 00:59:00,179

think that's I think that's what they

1339

00:59:03,889 --> 00:59:01,949

were trying to do I mean I don't want to

1340

00:59:05,269 --> 00:59:03,899

diss I don't want to take it away that

1341

00:59:06,589 --> 00:59:05,279

could have been helicopters in air but

1342

00:59:10,759 --> 00:59:06,599

it were just it was just Dave's

1343

00:59:12,439 --> 00:59:10,769

observation that you know it come to

1344

00:59:15,379 --> 00:59:12,449

think of it he says it were more of a

1345

00:59:17,089 --> 00:59:15,389

hum so as I say the soldier got him

1346

00:59:18,589 --> 00:59:17,099

dropped him to the ground threatened him

1347

00:59:22,759 --> 00:59:18,599

warned him to stay down

1348

00:59:26,179 --> 00:59:22,769

now I spoke to Steve last the boss and

1349

00:59:29,059 --> 00:59:26,189

he recalled similar things in fact if

1350

00:59:31,669 --> 00:59:29,069

I'm if I'm being truthful Steve told us

1351

00:59:34,909 --> 00:59:31,679

the same story as the other two cab and

1352

00:59:36,949 --> 00:59:34,919

copy really and did not heed not had any

1353

00:59:40,279 --> 00:59:36,959

association with their me he didn't

1354

00:59:42,079 --> 00:59:40,289

really want to talk to me at all he do I

1355

00:59:46,029 --> 00:59:42,089

asked him I said Andrew said he saw you

1356

00:59:49,309 --> 00:59:46,039

walking down towards this object and

1357

00:59:51,799 --> 00:59:49,319

disappear and he they were there was

1358

00:59:54,319 --> 00:59:51,809

spell of silence really a long spell of

1359

00:59:57,439 --> 00:59:54,329

silence and or no eye contact made of

1360

00:59:59,839 --> 00:59:57,449

just staring into interspace and he just

1361

01:00:02,629 --> 00:59:59,849

looked at me and went over to clue why

1362

01:00:05,749 --> 01:00:02,639

I'd say that that's that's all I got

1363

01:00:07,609 --> 01:00:05,759

back off him but he does asked him if

1364

01:00:10,159 --> 01:00:07,619

he'd seen the being I had this one last

1365

01:00:11,989 --> 01:00:10,169

question I said do you remember seeing

1366

01:00:14,569 --> 01:00:11,999

and the occupants of this thing and he

1367

01:00:16,789 --> 01:00:14,579

said I saw one he didn't see he saw the

1368

01:00:18,499 --> 01:00:16,799

objects at the bottom I remember seeing

1369

01:00:21,799 --> 01:00:18,509

the lights the yellow and white lights

1370

01:00:23,659 --> 01:00:21,809

around it met the flashing and arcing as

1371

01:00:26,509 --> 01:00:23,669

well that's what Dave said like a welder

1372

01:00:30,079 --> 01:00:26,519

these lights were and he remembers the

1373

01:00:33,649 --> 01:00:30,089

mist but he saw one one tall very tall

1374

01:00:36,109 --> 01:00:33,659

thin being in the mist but he doesn't

1375

01:00:38,839 --> 01:00:36,119

recall seeing his head don't ask me

1376
01:00:41,599 --> 01:00:38,849
that's no need Rick Lee you know what

1377
01:00:43,219 --> 01:00:41,609
these guys have told me it's for some

1378
01:00:48,259 --> 01:00:43,229
reason he doesn't recall seeing his head

1379
01:00:51,229 --> 01:00:48,269
and that's basically you know where

1380
01:00:55,009 --> 01:00:51,239
where we're at with it but after the

1381
01:00:58,189 --> 01:00:55,019
event the guys Oh actually we're not

1382
01:01:00,889 --> 01:00:58,199
there's one other element so an Android

1383
01:01:01,809 --> 01:01:00,899
seen guys with rifles David seen a

1384
01:01:04,900 --> 01:01:01,819
pistol

1385
01:01:07,660 --> 01:01:04,910
Steve said the guys that got him II was

1386
01:01:11,200 --> 01:01:07,670
at the front as well so some reason he

1387
01:01:12,970 --> 01:01:11,210
went to the front he was dragged inside

1388
01:01:15,609 --> 01:01:12,980

and put to the floor but they had

1389

01:01:17,349 --> 01:01:15,619

machine guns I'm sorry for mixing it up

1390

01:01:19,150 --> 01:01:17,359

here listeners and I'm not trying to

1391

01:01:20,920 --> 01:01:19,160

make it sound more exciting because guns

1392

01:01:23,700 --> 01:01:20,930

to be honest would have been enough for

1393

01:01:26,019 --> 01:01:23,710

me but I'm relating what they've told me

1394

01:01:28,989 --> 01:01:26,029

none of them remember being with each

1395

01:01:31,569 --> 01:01:28,999

other which they find confusing and I

1396

01:01:34,210 --> 01:01:31,579

find really interesting because they

1397

01:01:38,229 --> 01:01:34,220

were all together in uni when he kicked

1398

01:01:41,559 --> 01:01:38,239

off when he started so that was the end

1399

01:01:42,880 --> 01:01:41,569

of the event so I don't know where's a

1400

01:01:44,849 --> 01:01:42,890

little bit more but I don't know where

1401

01:01:48,519 --> 01:01:44,859

that fits with the poltergeist activity

1402

01:01:51,400 --> 01:01:48,529

and the the light bulbs glowing and the

1403

01:01:54,819 --> 01:01:51,410

radios continuing to play it's almost as

1404

01:01:56,769 --> 01:01:54,829

though we've got to build up to some to

1405

01:02:00,339 --> 01:01:56,779

this this culmination of things that

1406

01:02:04,269 --> 01:02:00,349

have just happened and it ended with

1407

01:02:07,779 --> 01:02:04,279

this event now I've put word out on

1408

01:02:10,210 --> 01:02:07,789

social media on home and B web you know

1409

01:02:12,430 --> 01:02:10,220

pages and things like that because all

1410

01:02:14,620 --> 01:02:12,440

the people must remember something about

1411

01:02:17,729 --> 01:02:14,630

this and I'll get to the point in a

1412

01:02:20,979 --> 01:02:17,739

moment why because a short time later

1413

01:02:22,690 --> 01:02:20,989

after the activities died down I mean

1414

01:02:24,460 --> 01:02:22,700

they've been ordered to stay in that

1415

01:02:27,640 --> 01:02:24,470

workshop and not move and I'm assuming

1416

01:02:28,870 --> 01:02:27,650

everything's left by then and the

1417

01:02:30,549 --> 01:02:28,880

frightened as well the guys are

1418

01:02:31,870 --> 01:02:30,559

frightened that these people have not

1419

01:02:34,779 --> 01:02:31,880

messed about with them they've been

1420

01:02:38,589 --> 01:02:34,789

threatened Dave his mum and dad come

1421

01:02:39,279 --> 01:02:38,599

back they never come back they'd gone

1422

01:02:42,160 --> 01:02:39,289

home

1423

01:02:44,079 --> 01:02:42,170

they went on I'd love to say I was

1424

01:02:45,489 --> 01:02:44,089

before listeners but I don't know they

1425

01:02:48,849 --> 01:02:45,499

went let's just say they went home two

1426

01:02:53,200 --> 01:02:48,859

hours before and they arrived back mom's

1427

01:02:57,069 --> 01:02:53,210

crying in a right State dad's frightened

1428

01:02:59,769 --> 01:02:57,079

and feeling very nervous on the way home

1429

01:03:03,069 --> 01:02:59,779

there's been a military roadblock and

1430

01:03:05,920 --> 01:03:03,079

they've been stopped and pulled and

1431

01:03:09,069 --> 01:03:05,930

taken out of their vehicle into the back

1432

01:03:12,280 --> 01:03:09,079

of a black van not a jeep not an army

1433

01:03:14,990 --> 01:03:12,290

vehicle a black van

1434

01:03:16,460 --> 01:03:15,000

in there there's military personnel are

1435

01:03:18,620 --> 01:03:16,470

there perceiving them to be military

1436

01:03:21,340 --> 01:03:18,630

personnel black bolts black trousers

1437

01:03:24,530 --> 01:03:21,350

everything's black beds covered a lot

1438

01:03:26,300 --> 01:03:24,540

threatened you don't say anything you

1439

01:03:30,320 --> 01:03:26,310

don't speak about anything

1440

01:03:31,520 --> 01:03:30,330

you keep quiet about this obviously they

1441

01:03:33,050 --> 01:03:31,530

haven't really got a clue what they're

1442

01:03:35,150 --> 01:03:33,060

being quiet about they knew about the

1443

01:03:38,240 --> 01:03:35,160

triangle sightings the day before cost

1444

01:03:39,710 --> 01:03:38,250

had been told about him but they didn't

1445

01:03:42,110 --> 01:03:39,720

see him they knew about me all the

1446

01:03:44,900 --> 01:03:42,120

activity the excited poltergeist

1447

01:03:47,690 --> 01:03:44,910

activity and things will they did not

1448

01:03:51,410 --> 01:03:47,700

experience what happened at the workshop

1449

01:03:52,940 --> 01:03:51,420

so they threatened and they told the

1450

01:03:55,190 --> 01:03:52,950

guys when they got back to the workshop

1451

01:03:58,610 --> 01:03:55,200

that these people know everything about

1452

01:04:00,230 --> 01:03:58,620

us they've told me that they know how

1453

01:04:02,440 --> 01:04:00,240

many children you've got they know you

1454

01:04:04,880 --> 01:04:02,450

can number plate numbers they know

1455

01:04:06,290 --> 01:04:04,890

everything to know your movements the

1456

01:04:08,630 --> 01:04:06,300

know you married till they know

1457

01:04:10,460 --> 01:04:08,640

everything and didn't they'd made sure

1458

01:04:12,710 --> 01:04:10,470

that they told this old couple all this

1459

01:04:14,930 --> 01:04:12,720

information and they did I don't know if

1460

01:04:17,990 --> 01:04:14,940

the centum back but the old couple or

1461

01:04:23,000 --> 01:04:18,000

the elderly couple came back and sort of

1462

01:04:29,300 --> 01:04:23,010

relayed this and once again in head to

1463

01:04:31,730 --> 01:04:29,310

toe in black these guys so um as I say

1464

01:04:33,530 --> 01:04:31,740

I'm looking I don't think of due to this

1465

01:04:34,970 --> 01:04:33,540

talk we're gonna get some witnesses come

1466

01:04:38,810 --> 01:04:34,980

forward I don't suppose you ever you

1467

01:04:41,150 --> 01:04:38,820

might do but I think does

1468

01:04:44,330 --> 01:04:41,160

information-packed around this Chris

1469

01:04:45,650 --> 01:04:44,340

that sort of from 1998 and now you'd

1470

01:04:48,950 --> 01:04:45,660

might realize where I've been fishing

1471

01:04:50,480 --> 01:04:48,960

for information from 1998 because I

1472

01:04:52,310 --> 01:04:50,490

think there's been I think of other

1473

01:04:55,130 --> 01:04:52,320

things were happening I know they were

1474

01:04:57,710 --> 01:04:55,140

happening around the same time and I'm

1475

01:05:01,370 --> 01:04:57,720

trying to fill some gaps in book that's

1476

01:05:04,460 --> 01:05:01,380

basically the story of the woman be

1477

01:05:06,140 --> 01:05:04,470

landing as I'm calling it and where I've

1478

01:05:09,500 --> 01:05:06,150

got to at the moment

1479

01:05:11,840 --> 01:05:09,510

if you've any comments on it or any view

1480

01:05:15,440 --> 01:05:11,850

look to Ihram but that's up to you guys

1481

01:05:17,570 --> 01:05:15,450

I mean one thing I would say well and

1482

01:05:19,070 --> 01:05:17,580

for anybody listening that's one of the

1483

01:05:22,010 --> 01:05:19,080

reasons why they should come to the

1484

01:05:23,810 --> 01:05:22,020

conference this year because it's still

1485

01:05:26,170 --> 01:05:23,820

a few months off so there's plenty of

1486

01:05:29,680 --> 01:05:26,180

time and who knows what you might

1487

01:05:33,220 --> 01:05:29,690

acquire between now and then and again

1488

01:05:36,520 --> 01:05:33,230

talking about digging for information

1489

01:05:39,350 --> 01:05:36,530

with a gentleman earlier this week and

1490

01:05:42,950 --> 01:05:39,360

it would never surprise me as a result

1491

01:05:47,570 --> 01:05:42,960

if something somebody didn't come

1492

01:05:50,540 --> 01:05:47,580

forward Paul because I know through my

1493

01:05:52,910 --> 01:05:50,550

own experience that you try for a while

1494

01:05:56,210 --> 01:05:52,920

and you get nothing and you try again

1495

01:05:59,750 --> 01:05:56,220

and nothing and then all of a sudden you

1496

01:06:01,370 --> 01:05:59,760

know you think ah I'll just try and dig

1497

01:06:02,920 --> 01:06:01,380

a little bit further just more or less

1498

01:06:06,050 --> 01:06:02,930

for the sake of it and hey presto

1499

01:06:08,270 --> 01:06:06,060

something happens another to remind

1500

01:06:10,040 --> 01:06:08,280

people that for example probably the

1501

01:06:13,130 --> 01:06:10,050

world's most famous case it probably

1502

01:06:16,310 --> 01:06:13,140

rolls well yeah that most of the

1503

01:06:18,680 --> 01:06:16,320

witnesses to that which happened in 1947

1504

01:06:22,160 --> 01:06:18,690

didn't come forward till the 80s and the

1505

01:06:25,520 --> 01:06:22,170

90s you know so here we are you talking

1506

01:06:28,820 --> 01:06:25,530

about you know 1998 there's every

1507

01:06:32,300 --> 01:06:28,830

possibility that holders in and around

1508

01:06:35,060 --> 01:06:32,310

the area who may not have been direct

1509

01:06:37,820 --> 01:06:35,070

witnesses what you've just described but

1510

01:06:40,940 --> 01:06:37,830

also had an experience and encounter or

1511

01:06:43,310 --> 01:06:40,950

sighting of something that may be

1512

01:06:45,530 --> 01:06:43,320

related or may not be related that's

1513

01:06:48,020 --> 01:06:45,540

that's up for you to decide I would

1514

01:06:50,780 --> 01:06:48,030

never give in my and I think you'll be I

1515

01:06:52,760 --> 01:06:50,790

think you'll be surprised I really do

1516

01:06:55,250 --> 01:06:52,770

well do you know Phillip I think you're

1517

01:06:57,980 --> 01:06:55,260

right and the way I've put it over on

1518

01:07:00,110 --> 01:06:57,990

social media and gone into the detail

1519

01:07:02,900 --> 01:07:00,120

we've gone into with this today but I've

1520

01:07:05,090 --> 01:07:02,910

just put a few paragraphs together and

1521

01:07:07,460 --> 01:07:05,100

that what I've asked if anybody recalls

1522

01:07:08,960 --> 01:07:07,470

the military roadblocks because that's

1523

01:07:12,140 --> 01:07:08,970

the kind of thing that somebody might

1524

01:07:14,590 --> 01:07:12,150

might have encountered in between

1525

01:07:17,900 --> 01:07:14,600

Colombia and the doctor'll public house

1526

01:07:19,610 --> 01:07:17,910

which is on scabbed a road heading

1527

01:07:21,860 --> 01:07:19,620

towards little in turn I mean up because

1528

01:07:24,730 --> 01:07:21,870

it won't have been a regular occurrence

1529

01:07:27,140 --> 01:07:24,740

in road block set up by the military so

1530

01:07:29,270 --> 01:07:27,150

I'm hoping somebody remembers that

1531

01:07:30,620 --> 01:07:29,280

because we can it's just as you know

1532

01:07:33,170 --> 01:07:30,630

it's just another little bit of meat

1533

01:07:35,540 --> 01:07:33,180

packing around the the case sort of

1534

01:07:36,140 --> 01:07:35,550

thing and we will get there with it I

1535

01:07:38,660 --> 01:07:36,150

mean

1536

01:07:41,390 --> 01:07:38,670

but there's other there's all the

1537

01:07:43,550 --> 01:07:41,400

sightings that are really interesting I

1538

01:07:46,370 --> 01:07:43,560

mean then I can tell you another one if

1539

01:07:49,190 --> 01:07:46,380

you if you're interested by all means

1540

01:07:50,930 --> 01:07:49,200

you know by all means well as as you

1541

01:07:54,020 --> 01:07:50,940

guys know I'm all this upon cliff tops

1542

01:07:56,180 --> 01:07:54,030

at Benton and think about three months

1543

01:07:58,460 --> 01:07:56,190

ago were no exception that Bob Brown

1544

01:08:01,250 --> 01:07:58,470

what up with me and we could see a

1545

01:08:03,620 --> 01:08:01,260

distant light the rock anglia guys at

1546

01:08:06,410 --> 01:08:03,630

light on and told people before they

1547

01:08:09,020 --> 01:08:06,420

fished these sheer rock faces in the 2-2

1548

01:08:10,880 --> 01:08:09,030

floor enjoyed Fortin he's about half a

1549

01:08:12,890 --> 01:08:10,890

mile away in distance then we're just

1550

01:08:15,380 --> 01:08:12,900

sat there i set a tripod up i don't get

1551

01:08:17,030 --> 01:08:15,390

camera out i'll leave it packed away

1552

01:08:19,100 --> 01:08:17,040

because of moisture in here but if they

1553

01:08:21,410 --> 01:08:19,110

occurred would put it on tripod so it's

1554

01:08:23,960 --> 01:08:21,420

their tripod set up and we sat in

1555

01:08:25,730 --> 01:08:23,970

darkness one interesting thing really

1556

01:08:29,260 --> 01:08:25,740

what rock angler and that out that shows

1557

01:08:31,490 --> 01:08:29,270

out said was get we go we are in really

1558

01:08:33,890 --> 01:08:31,500

thought you need that move about and

1559

01:08:35,840 --> 01:08:33,900

then i don't know 30 minutes later we

1560

01:08:37,970 --> 01:08:35,850

see he's on the move and he's coming

1561

01:08:40,730 --> 01:08:37,980

towards us so when he gets from to about

1562

01:08:42,020 --> 01:08:40,740

a ton of 200 yards away I said to Bob I

1563

01:08:43,880 --> 01:08:42,030

says I'm gonna put my light and I don't

1564

01:08:45,500 --> 01:08:43,890

want to startle him here you know

1565

01:08:47,360 --> 01:08:45,510

because we're just chatting back and we

1566

01:08:50,320 --> 01:08:47,370

must look odd if you encounter two blobs

1567

01:08:53,630 --> 01:08:50,330

just in the darkness support light him

1568

01:09:04,370 --> 01:08:53,640

and as he approaches so his easel will

1569

01:09:06,500 --> 01:09:04,380

out worry me if he knows where there is

1570

01:09:08,450 --> 01:09:06,510

aware of a Suzy draws up close we said

1571

01:09:10,640 --> 01:09:08,460

how are you doing and all of you caught

1572

01:09:13,370 --> 01:09:10,650

anything and he sort of red lights

1573

01:09:14,840 --> 01:09:13,380

dazzling is and this is what your guys

1574

01:09:16,520 --> 01:09:14,850

doing appear not told him I says we have

1575

01:09:19,490 --> 01:09:16,530

to film in these lights that are been

1576

01:09:23,060 --> 01:09:19,500

appearing over that see and so he stops

1577

01:09:24,980 --> 01:09:23,070

his little box down he says a fish these

1578

01:09:26,840 --> 01:09:24,990

cliffs I mean bubble really they said

1579

01:09:28,310 --> 01:09:26,850

well we've interviewed him now and he's

1580

01:09:30,560 --> 01:09:28,320

gonna be in that documentary that mean

1581

01:09:32,180 --> 01:09:30,570

Chris Turner are doing so it's I'm

1582

01:09:34,970 --> 01:09:32,190

relating what he said he says I fished

1583

01:09:38,480 --> 01:09:34,980

these cliff tops now for 49 years it

1584

01:09:41,720 --> 01:09:38,490

could be 50 years later this year he

1585

01:09:44,060 --> 01:09:41,730

says and you would not believe what I've

1586

01:09:45,710 --> 01:09:44,070

seen up here us as really says yeah it

1587

01:09:48,230 --> 01:09:45,720

says do you want to tell us a little bit

1588

01:09:49,640 --> 01:09:48,240

about it have you got time and it sort

1589

01:09:51,950 --> 01:09:49,650

of

1590

01:09:55,130 --> 01:09:51,960

about 9:00 p.m. actually and so it's not

1591

01:09:57,800 --> 01:09:55,140

that late and he told me to scene

1592

01:10:00,110 --> 01:09:57,810

unusual activity I put the area base

1593

01:10:02,090 --> 01:10:00,120

first as if when the big fish in there

1594

01:10:06,350 --> 01:10:02,100

and took two away years ago were to

1595

01:10:08,419 --> 01:10:06,360

occupy mid-1970s to eighties he's seen

1596

01:10:10,459 --> 01:10:08,429

groups of people going up there and

1597

01:10:12,800 --> 01:10:10,469

descending into a bunker and we're not

1598

01:10:14,270 --> 01:10:12,810

talking school boys and and kids wanting

1599

01:10:16,850 --> 01:10:14,280

a bit of a thrill because I've got

1600

01:10:19,520 --> 01:10:16,860

evidence now of the satanic cult as in

1601
01:10:21,020 --> 01:10:19,530
the hoods and the robes and the books

1602
01:10:23,000 --> 01:10:21,030
that they were using but that's for

1603
01:10:25,700 --> 01:10:23,010
another story that's really deep that

1604
01:10:27,350 --> 01:10:25,710
that's horrible to be honest book there

1605
01:10:30,050 --> 01:10:27,360
we go so when you were talking about

1606
01:10:34,640 --> 01:10:30,060
witchcraft earlier Phillip in these

1607
01:10:36,620 --> 01:10:34,650
areas that cult in in just jumping from

1608
01:10:39,229 --> 01:10:36,630
this story for a moment in the first

1609
01:10:41,810 --> 01:10:39,239
book truth proof one I talked about an

1610
01:10:43,700 --> 01:10:41,820
alleged satanic cult in the second book

1611
01:10:46,760 --> 01:10:43,710
It was still an alleged satanical

1612
01:10:49,610 --> 01:10:46,770
bordering on it could be real now

1613
01:10:52,939 --> 01:10:49,620

there's no alleged about it they were

1614

01:10:56,360 --> 01:10:52,949

they were operating down there mid 70s

1615

01:10:58,820 --> 01:10:56,370

to mid about 1995 I would have thought

1616

01:11:02,780 --> 01:10:58,830

and we even know what they were

1617

01:11:04,250 --> 01:11:02,790

practicing and his dad stuff what they

1618

01:11:06,830 --> 01:11:04,260

were doing down there and I don't know

1619

01:11:09,590 --> 01:11:06,840

whether they they touched on the

1620

01:11:11,919 --> 01:11:09,600

phenomena and somehow enhanced it or

1621

01:11:15,200 --> 01:11:11,929

drew on it I don't know how it works but

1622

01:11:17,689 --> 01:11:15,210

back to the rock angler sorry guys

1623

01:11:19,880 --> 01:11:17,699

so he's fished these cliff tops and then

1624

01:11:21,680 --> 01:11:19,890

he yeah I've told him about the lights

1625

01:11:23,090 --> 01:11:21,690

we were trying to film and he said he I

1626

01:11:25,370 --> 01:11:23,100

said I said I'll herb that you'd been up

1627

01:11:27,620 --> 01:11:25,380

here trying to film it we knew that you

1628

01:11:30,080 --> 01:11:27,630

were coming up I said okay they says

1629

01:11:33,800 --> 01:11:30,090

well he said strangest thing I've seen

1630

01:11:35,720 --> 01:11:33,810

is a UFO that landed and he pointed to

1631

01:11:37,459 --> 01:11:35,730

field it back and went dark obviously

1632

01:11:40,520 --> 01:11:37,469

but you can see the contours of the

1633

01:11:41,870 --> 01:11:40,530

London this the band of sky above and he

1634

01:11:45,110 --> 01:11:41,880

said it wondered in that field over

1635

01:11:46,550 --> 01:11:45,120

there was really said yep it says it

1636

01:11:48,740 --> 01:11:46,560

were a fishing match we were having a

1637

01:11:52,669 --> 01:11:48,750

fishing much I'd already heard the story

1638

01:11:55,280 --> 01:11:52,679

this is lots interesting from from the

1639

01:11:57,950 --> 01:11:55,290

son of one of the rock anglers he told

1640

01:11:59,540 --> 01:11:57,960

me that his dad came on one night very

1641

01:12:02,000 --> 01:11:59,550

frightened and he'd left all his fishing

1642

01:12:03,440 --> 01:12:02,010

gear on the cliff top but he'd never say

1643

01:12:05,420 --> 01:12:03,450

what it was

1644

01:12:07,640 --> 01:12:05,430

and lately you're not determining later

1645

01:12:10,280 --> 01:12:07,650

came out that it claimed he'd seen a

1646

01:12:12,200 --> 01:12:10,290

spaceship on clifftops and I'm thinking

1647

01:12:14,960 --> 01:12:12,210

this has got to be the same night in

1648

01:12:16,640 --> 01:12:14,970

further into the conversation I asked

1649

01:12:21,500 --> 01:12:16,650

him if he knew this guy and he did and

1650

01:12:23,450 --> 01:12:21,510

it was the same night so he told me we

1651

01:12:26,750 --> 01:12:23,460

agreed I said would you tell us about it

1652

01:12:28,580 --> 01:12:26,760

on film and we agreed to pick him up at

1653

01:12:30,440 --> 01:12:28,590

the following week and I wanted to get

1654

01:12:33,290 --> 01:12:30,450

the details of it and we'll set a big

1655

01:12:35,390 --> 01:12:33,300

LED light up on the clifftops and Bob

1656

01:12:37,070 --> 01:12:35,400

got the ank camera and we got us both in

1657

01:12:41,030 --> 01:12:37,080

for him and he's talking about this

1658

01:12:43,130 --> 01:12:41,040

story he said I'm sorta I'm fishing this

1659

01:12:46,010 --> 01:12:43,140

isn't a Sam it's a match night and it's

1660

01:12:48,080 --> 01:12:46,020

November this isn't it's a lovely bright

1661

01:12:50,000 --> 01:12:48,090

night not like tonight and the night we

1662

01:12:55,250 --> 01:12:50,010

filmed him it were quite windy and bit

1663

01:12:59,840 --> 01:12:55,260

wild then I asked him if he knew yeah he

1664

01:13:01,730 --> 01:12:59,850

says all yeah 1998 so amazing a ously we

1665

01:13:04,280 --> 01:13:01,740

know it's not August but we've got

1666

01:13:07,280 --> 01:13:04,290

November 1998 we've got a fisherman

1667

01:13:10,400 --> 01:13:07,290

talking about our landed UFO 9 miles

1668

01:13:13,250 --> 01:13:10,410

away from where we've got allegedly a

1669

01:13:16,280 --> 01:13:13,260

landed UFO at halong bay just months

1670

01:13:19,550 --> 01:13:16,290

apart I mean what's happening in 1998 is

1671

01:13:21,320 --> 01:13:19,560

I find him amazing to be honest they

1672

01:13:22,610 --> 01:13:21,330

said or not he said they don't know why

1673

01:13:24,140 --> 01:13:22,620

I turned round he said it could have

1674

01:13:25,940 --> 01:13:24,150

been because of the lights of the other

1675

01:13:27,860 --> 01:13:25,950

fisherman is because suddenly things

1676

01:13:30,200 --> 01:13:27,870

started moving on you're looking at the

1677

01:13:32,120 --> 01:13:30,210

other guys and remember they don't sit

1678

01:13:33,890 --> 01:13:32,130

together like round the pond with a

1679

01:13:35,540 --> 01:13:33,900

little pogs if ever you've ever done

1680

01:13:37,220 --> 01:13:35,550

fishing it's not my thing but that's

1681

01:13:39,620 --> 01:13:37,230

what they do this is there's sometimes

1682

01:13:41,210 --> 01:13:39,630

quarter a mile after mile a mile apart

1683

01:13:43,700 --> 01:13:41,220

but you can see the lights in the

1684

01:13:46,070 --> 01:13:43,710

darkness so turned round and looked over

1685

01:13:48,140 --> 01:13:46,080

to that field this isn't a thought

1686

01:13:50,500 --> 01:13:48,150

what's a combine harvester doing at this

1687

01:13:52,520 --> 01:13:50,510

time of night in November

1688

01:13:55,580 --> 01:13:52,530

this isn't that I'm looking it says

1689

01:13:58,190 --> 01:13:55,590

don't think you're Arab it's in sky it's

1690

01:14:02,510 --> 01:13:58,200

about 30 foot off the ground I can see

1691

01:14:05,570 --> 01:14:02,520

the band of sky below the London that

1692

01:14:07,780 --> 01:14:05,580

you know and below the object this isn't

1693

01:14:10,610 --> 01:14:07,790

the other guys have obviously seen it

1694

01:14:11,810 --> 01:14:10,620

you can you they're not shouting but you

1695

01:14:15,920 --> 01:14:11,820

know you can tell there's a bit of

1696

01:14:17,089 --> 01:14:15,930

animated voices and he says I'm watching

1697

01:14:18,739 --> 01:14:17,099

this thing he says only other

1698

01:14:20,569 --> 01:14:18,749

they're about 500 yards away he says

1699

01:14:22,299 --> 01:14:20,579

he's slowly coming down hiss isn't as

1700

01:14:25,580 --> 01:14:22,309

its as it comes down

1701

01:14:27,500 --> 01:14:25,590

he said there's all sparks coming from

1702

01:14:28,569 --> 01:14:27,510

it there's light spinning around it all

1703

01:14:31,909 --> 01:14:28,579

over the place

1704

01:14:36,049 --> 01:14:31,919

arcing and sparking and flashes and

1705

01:14:37,819 --> 01:14:36,059

everything on this thing he said as it

1706

01:14:41,479 --> 01:14:37,829

approaches the ground he says the ground

1707

01:14:43,669 --> 01:14:41,489

all around it set on fire now says what

1708

01:14:44,779 --> 01:14:43,679

did you do it says well he's I mean

1709

01:14:46,099 --> 01:14:44,789

you've gotta laugh at these guys I'm

1710

01:14:46,909 --> 01:14:46,109

sorry for saying it lies he's really had

1711

01:14:50,089 --> 01:14:46,919

a bag of fish

1712

01:14:52,189 --> 01:14:50,099

I couldn't investigate I had to go he

1713

01:14:54,859 --> 01:14:52,199

says look we knew we had to get out of

1714

01:14:56,540 --> 01:14:54,869

area or any road he says and everybody

1715

01:14:58,759 --> 01:14:56,550

just left he says we didn't want to be

1716

01:15:00,049 --> 01:14:58,769

what they did the thing that amused me

1717

01:15:02,270 --> 01:15:00,059

when he said I had a bag of fish I mean

1718

01:15:04,279 --> 01:15:02,280

to me this would be sorter I've got to

1719

01:15:06,859 --> 01:15:04,289

I've got the Tran document this but this

1720

01:15:08,569 --> 01:15:06,869

guy wanted to send him bag of fish what

1721

01:15:11,869 --> 01:15:08,579

no no

1722

01:15:14,239 --> 01:15:11,879

so anyway that's his story but don't you

1723

01:15:17,509 --> 01:15:14,249

find it amazing that so much were

1724

01:15:19,459 --> 01:15:17,519

happening in 1998 this is the same was

1725

01:15:22,489 --> 01:15:19,469

quite interested in there Paul is the

1726

01:15:24,529 --> 01:15:22,499

fact that that the these craft coming

1727

01:15:26,989 --> 01:15:24,539

down that is just described here it's

1728

01:15:30,770 --> 01:15:26,999

very similar to the description of jambe

1729

01:15:33,080 --> 01:15:30,780

yeah well yeah sparking arc in it that's

1730

01:15:34,609 --> 01:15:33,090

correct yeah there is words I mean that

1731

01:15:38,810 --> 01:15:34,619

is it as I say he's been kind enough to

1732

01:15:40,369 --> 01:15:38,820

us a lot allow me to film him and I just

1733

01:15:43,540 --> 01:15:40,379

I don't know what to make of it Peter

1734

01:15:47,209 --> 01:15:43,550

and you guys might remember this

1735

01:15:48,799 --> 01:15:47,219

can you remember I think it was 1998 but

1736

01:15:50,899 --> 01:15:48,809

I don't know the month I don't think

1737

01:15:53,810 --> 01:15:50,909

they actually gave the month that

1738

01:15:56,839 --> 01:15:53,820

allegedly there was a giant UFO pursued

1739

01:16:00,009 --> 01:15:56,849

over the North Sea traveling at 17,000

1740

01:16:03,139 --> 01:16:00,019

miles an hour it made the national

1741

01:16:04,250 --> 01:16:03,149

newspapers and I don't know if you can

1742

01:16:07,849 --> 01:16:04,260

you cast your mind back that thought

1743

01:16:09,500 --> 01:16:07,859

wasn't the wasn't this the one that

1744

01:16:12,830 --> 01:16:09,510

wasn't seeing there Denver's correct

1745

01:16:14,719 --> 01:16:12,840

yeah that's correct yeah so we've got

1746

01:16:16,790 --> 01:16:14,729

we've got that going off as well

1747

01:16:20,869 --> 01:16:16,800

something tells me that that would you

1748

01:16:22,879 --> 01:16:20,879

nodule I think we're in July paper so

1749

01:16:25,339 --> 01:16:22,889

you know we haven't got an actual date

1750

01:16:28,759 --> 01:16:25,349

Florie and can you remember that one

1751

01:16:30,919 --> 01:16:28,769

Phillip vaguely yes I don't know the

1752

01:16:32,899 --> 01:16:30,929

details but it does ring a bell yes

1753

01:16:37,510 --> 01:16:32,909

well I think it was explained away as a

1754

01:16:43,390 --> 01:16:37,520

disgruntled mo D employee who put it out

1755

01:16:45,950 --> 01:16:43,400

and it was some kind of fictitious story

1756

01:16:48,560 --> 01:16:45,960

although the the newspapers of the day

1757

01:16:52,669 --> 01:16:48,570

stood by their source and the guy would

1758

01:16:56,899 --> 01:16:52,679

the story out stood by his story because

1759

01:16:58,250 --> 01:16:56,909

he was X M OD X you know also what

1760

01:17:01,370 --> 01:16:58,260

interests me about what you've just

1761

01:17:04,760 --> 01:17:01,380

explained Paul you know this gentleman

1762

01:17:08,149 --> 01:17:04,770

the the fisherman yeah and and you will

1763

01:17:12,260 --> 01:17:08,159

note it time and time again when people

1764

01:17:14,350 --> 01:17:12,270

have these encounters experiences

1765

01:17:17,720 --> 01:17:14,360

sightings whatever you want to call them

1766

01:17:22,120 --> 01:17:17,730

you don't actually do what you think

1767

01:17:25,760 --> 01:17:22,130

they do you know there's this amazing

1768

01:17:28,790 --> 01:17:25,770

vision in front of him and he's more

1769

01:17:32,689 --> 01:17:28,800

concerned about his bag of fish yeah I

1770

01:17:36,680 --> 01:17:32,699

mean I remember yeah Anna and time and

1771

01:17:41,629 --> 01:17:36,690

time again I've spoken to people and

1772

01:17:45,109 --> 01:17:41,639

they've been amazed at their own

1773

01:17:47,209 --> 01:17:45,119

reaction you know and and then

1774

01:17:48,950 --> 01:17:47,219

afterwards Philip you mean yeah they've

1775

01:17:51,649 --> 01:17:48,960

thought about the account active had

1776

01:17:53,870 --> 01:17:51,659

seen hindsight yeah I think come on why

1777

01:17:58,189 --> 01:17:53,880

did I do that why didn't I go and do

1778

01:18:02,060 --> 01:17:58,199

this you know so it's nothing scientific

1779

01:18:04,729 --> 01:18:02,070

ball no but it's an indication when

1780

01:18:07,550 --> 01:18:04,739

people tell you things like this that

1781

01:18:09,530 --> 01:18:07,560

you know they're not pulling your leg it

1782

01:18:12,649 --> 01:18:09,540

wasn't something conventional dad

1783

01:18:16,669 --> 01:18:12,659

mistakenly seen it's whatever it is it's

1784

01:18:19,189 --> 01:18:16,679

the genuine article you know and it's

1785

01:18:20,689 --> 01:18:19,199

it's like you know and I've heard it

1786

01:18:22,100 --> 01:18:20,699

time and time again and they've said I

1787

01:18:23,750 --> 01:18:22,110

don't know why I did that I don't know

1788

01:18:26,750 --> 01:18:23,760

why I didn't go and get me camera for

1789

01:18:28,640 --> 01:18:26,760

example or there was somebody stood in

1790

01:18:30,859 --> 01:18:28,650

the bus stop next to me why I didn't

1791

01:18:33,109 --> 01:18:30,869

draw their attention to it and when I

1792

01:18:35,270 --> 01:18:33,119

saw it and things like that this chap

1793

01:18:39,649 --> 01:18:35,280

you know is more interested in his bag

1794

01:18:42,020 --> 01:18:39,659

of fish no you haven't you just give it

1795

01:18:43,850 --> 01:18:42,030

the nail on the head I mean he said that

1796

01:18:45,500 --> 01:18:43,860

he's actually said to us on the cliff

1797

01:18:48,500 --> 01:18:45,510

she said I don't know why I didn't go

1798

01:18:50,870 --> 01:18:48,510

and investigate it really he said and I

1799

01:18:52,459 --> 01:18:50,880

could have done he said look I knew I'd

1800

01:18:54,950 --> 01:18:52,469

got to get out of area he says everybody

1801

01:19:00,500 --> 01:18:54,960

else left he said what I've got a bag of

1802

01:19:02,479 --> 01:19:00,510

fish it was a Wayne it's just incredible

1803

01:19:05,270 --> 01:19:02,489

so he's told us this story now this

1804

01:19:09,770 --> 01:19:05,280

where it gets interesting for me so it

1805

01:19:12,109 --> 01:19:09,780

was forget 1998 for a moment and know

1806

01:19:14,000 --> 01:19:12,119

exactly where I'm going in a while with

1807

01:19:15,709 --> 01:19:14,010

the zone there's only us on the covers

1808

01:19:18,500 --> 01:19:15,719

of that the night is discussing this

1809

01:19:20,750 --> 01:19:18,510

sighting with us there's a match now

1810

01:19:22,930 --> 01:19:20,760

this part of it interests me when I talk

1811

01:19:26,390 --> 01:19:22,940

about the light forms look over the sea

1812

01:19:29,149 --> 01:19:26,400

because Andy Bambi one at rock anglers

1813

01:19:30,649 --> 01:19:29,159

has noted this it's not my it's not

1814

01:19:32,750 --> 01:19:30,659

really a revelation or anything but it's

1815

01:19:34,490 --> 01:19:32,760

not me that's noted it but he said we

1816

01:19:36,919 --> 01:19:34,500

seem to I go on the clifftops quite a

1817

01:19:41,510 --> 01:19:36,929

lot regardless of whether I'm fishing or

1818

01:19:43,669 --> 01:19:41,520

not he said blab noted that usually or

1819

01:19:46,340 --> 01:19:43,679

not usually but when the scene there's a

1820

01:19:48,560 --> 01:19:46,350

fishing map John and Duvall got these

1821

01:19:50,000 --> 01:19:48,570

big powerful LED lights facing out to

1822

01:19:51,260 --> 01:19:50,010

sea and I'm thinking is that what is the

1823

01:19:52,700 --> 01:19:51,270

source happening here is the summit

1824

01:19:54,800 --> 01:19:52,710

we're missing a trick we're missing here

1825

01:19:58,729 --> 01:19:54,810

because this particular night when we

1826

01:20:00,800 --> 01:19:58,739

interviewed this rock angler about his

1827

01:20:02,990 --> 01:20:00,810

sighting of 1998 there was a fishing

1828

01:20:05,120 --> 01:20:03,000

match on he wasn't involved in it

1829

01:20:07,820 --> 01:20:05,130

he'd been fishing you know the previous

1830

01:20:09,439 --> 01:20:07,830

week on his own big noise going on now I

1831

01:20:12,109 --> 01:20:09,449

mean the guys in his 60s and I don't

1832

01:20:14,149 --> 01:20:12,119

even know if he does match fish Engel so

1833

01:20:16,970 --> 01:20:14,159

these guys are on cliff tops with the

1834

01:20:18,379 --> 01:20:16,980

LED lights miles away from us are a good

1835

01:20:22,100 --> 01:20:18,389

distance away from us to can't hear what

1836

01:20:23,899 --> 01:20:22,110

we are talking about we've filmed him me

1837

01:20:25,160 --> 01:20:23,909

and Bob Brown and we packed the cameras

1838

01:20:30,500 --> 01:20:25,170

away and we're just having a little

1839

01:20:34,340 --> 01:20:30,510

discussion on spot 10 minutes after the

1840

01:20:37,609 --> 01:20:34,350

lights appeared unbelievably good that a

1841

01:20:38,540 --> 01:20:37,619

beam Ian frame Phillip Chris Bob Brown

1842

01:20:42,140 --> 01:20:38,550

is my witness

1843

01:20:44,959 --> 01:20:42,150

the rock anglers as my witness they

1844

01:20:47,540 --> 01:20:44,969

appeared to huge orange globs of light

1845

01:20:50,810 --> 01:20:47,550

we're not talking Chinese lanterns just

1846

01:20:53,959 --> 01:20:50,820

switched on out at sea suddenly one it

1847

01:20:57,410 --> 01:20:53,969

appeared to the left of it lower down

1848

01:21:00,260 --> 01:20:57,420

not on the water in the sky

1849

01:21:03,140 --> 01:21:00,270

I not up in the heavens these are big

1850

01:21:04,970 --> 01:21:03,150

orange globs of life they switched off

1851
01:21:08,090 --> 01:21:04,980
in sort of a sequence dink dink dink

1852
01:21:10,340 --> 01:21:08,100
gone we stood there sort of gobsmacked

1853
01:21:13,610 --> 01:21:10,350
our gets down for camera to film them or

1854
01:21:16,910 --> 01:21:13,620
try to they come on again same position

1855
01:21:19,610 --> 01:21:16,920
and then switch off don't get him on

1856
01:21:21,229 --> 01:21:19,620
film stand there with cameraman for 10

1857
01:21:23,510 --> 01:21:21,239
minutes nothing

1858
01:21:25,700 --> 01:21:23,520
put the camera away because this guy's

1859
01:21:26,689 --> 01:21:25,710
come to assisters normally otherwise me

1860
01:21:28,700 --> 01:21:26,699
and blob would have probably stayed

1861
01:21:30,650 --> 01:21:28,710
there for a few hours and we've got you

1862
01:21:32,840 --> 01:21:30,660
know he'd been good enough to come so I

1863
01:21:36,919 --> 01:21:32,850

took him home walking on the clifftops

1864

01:21:40,040 --> 01:21:36,929

midway between the RSPB reserve and

1865

01:21:43,850 --> 01:21:40,050

where we were they appear again a row of

1866

01:21:47,150 --> 01:21:43,860

them no sound no indication implying

1867

01:21:49,070 --> 01:21:47,160

from anywhere just appear drop the bag

1868

01:21:52,310 --> 01:21:49,080

to the ground go for the camera off

1869

01:21:53,090 --> 01:21:52,320

bigger stand there like a fall again for

1870

01:21:56,510 --> 01:21:53,100

10 minutes

1871

01:21:58,910 --> 01:21:56,520

nothing camera backing bag just before

1872

01:22:02,060 --> 01:21:58,920

we're about Eddie not to the RSPB

1873

01:22:05,439 --> 01:22:02,070

reserve they're on again I didn't even

1874

01:22:08,419 --> 01:22:05,449

bother getting camera out that time so

1875

01:22:11,930 --> 01:22:08,429

is there something going off here do you

1876
01:22:15,110 --> 01:22:11,940
know what I mean yeah I mean it reminds

1877
01:22:16,669 --> 01:22:15,120
me my best friend is a Norwegian chup I

1878
01:22:18,860 --> 01:22:16,679
know what you're gonna say now this is

1879
01:22:22,310 --> 01:22:18,870
it what the colour Hazelden is yesterday

1880
01:22:26,270 --> 01:22:22,320
land in Norway yeah the height in in in

1881
01:22:27,800 --> 01:22:26,280
this early to mid-1980s they were camped

1882
01:22:30,580 --> 01:22:27,810
in the hessdalen Valley with a whole

1883
01:22:33,709 --> 01:22:30,590
host of equipment and cameras and so on

1884
01:22:35,479 --> 01:22:33,719
but it was so cold you know you couldn't

1885
01:22:38,840 --> 01:22:35,489
leave the camera outside sitting just

1886
01:22:40,760 --> 01:22:38,850
freeze and they'd have lookouts and they

1887
01:22:44,330 --> 01:22:40,770
used to have to wear protective suits it

1888
01:22:47,570 --> 01:22:44,340

was that cold and the shout there's the

1889

01:22:50,240 --> 01:22:47,580

lights and my pal is called odd gunner

1890

01:22:53,060 --> 01:22:50,250

road he'd jump out of the tent or the

1891

01:22:55,610 --> 01:22:53,070

caravan with the camera and the lights

1892

01:22:59,990 --> 01:22:55,620

would go out he kept back in the caravan

1893

01:23:03,200 --> 01:23:00,000

and they come on again you know and he's

1894

01:23:06,050 --> 01:23:03,210

convinced that this happened so many

1895

01:23:08,890 --> 01:23:06,060

times it wasn't just once or twice I'm

1896

01:23:11,150 --> 01:23:08,900

convinced of it so many times it was

1897

01:23:13,670 --> 01:23:11,160

beyond coincidence

1898

01:23:15,740 --> 01:23:13,680

yeah what are these right I know I don't

1899

01:23:18,920 --> 01:23:15,750

know I'm just I'm just relating what

1900

01:23:21,710 --> 01:23:18,930

he's what he's told me and of course

1901

01:23:24,350 --> 01:23:21,720

since then they have captured the lights

1902

01:23:27,050 --> 01:23:24,360

on film and I'm on camera a moving

1903

01:23:31,460 --> 01:23:27,060

camera they have a permanent scientific

1904

01:23:34,790 --> 01:23:31,470

station established in s Thailand now so

1905

01:23:37,070 --> 01:23:34,800

it can be reviewed remotely you don't

1906

01:23:39,950 --> 01:23:37,080

have to have people there but it's

1907

01:23:42,470 --> 01:23:39,960

certainly in the early days and only the

1908

01:23:44,300 --> 01:23:42,480

other you know from my own experience I

1909

01:23:47,420 --> 01:23:44,310

haven't seen them but and although what

1910

01:23:49,250 --> 01:23:47,430

others that saw the lights when they

1911

01:23:52,580 --> 01:23:49,260

were in great profusion in her around

1912

01:23:54,880 --> 01:23:52,590

Cal two more again would report similar

1913

01:23:58,960 --> 01:23:54,890

things you know that they appeared to

1914

01:24:03,470 --> 01:23:58,970

what's the word react yeah if you like

1915

01:24:04,070 --> 01:24:03,480

take human presence I call it what you

1916

01:24:07,280 --> 01:24:04,080

will

1917

01:24:09,290 --> 01:24:07,290

now whether that is just coincidence or

1918

01:24:11,630 --> 01:24:09,300

the way we perceive things or whatever

1919

01:24:14,840 --> 01:24:11,640

and don't really know but it's not

1920

01:24:19,120 --> 01:24:14,850

unheard of Paul so he yeah cheap seats

1921

01:24:21,290 --> 01:24:19,130

it has been recorded before me we

1922

01:24:23,600 --> 01:24:21,300

sorry Paul I was just going to say I

1923

01:24:27,530 --> 01:24:23,610

don't know if you're actually aware but

1924

01:24:33,170 --> 01:24:27,540

there are two reports from Whitby on the

1925

01:24:39,260 --> 01:24:33,180

18th of July 98 122 11 hours and the

1926

01:24:42,950 --> 01:24:39,270

other 123 26 hours now the earlier one

1927

01:24:45,830 --> 01:24:42,960

was a bright large cone-shaped single

1928

01:24:49,430 --> 01:24:45,840

object and it was one and a half inches

1929

01:24:51,740 --> 01:24:49,440

in size when elder arm's length and it

1930

01:24:54,560 --> 01:24:51,750

was static and it was moving in a

1931

01:24:56,620 --> 01:24:54,570

strange land downwards now whether

1932

01:24:59,750 --> 01:24:56,630

that's down the coast or down from this

1933

01:25:01,940 --> 01:24:59,760

from just guy down you know but they're

1934

01:25:03,860 --> 01:25:01,950

those around about the same gear in

1935

01:25:08,960 --> 01:25:03,870

terms as you're looking that's correct

1936

01:25:10,760 --> 01:25:08,970

that's aware of them Chris and but I'll

1937

01:25:14,140 --> 01:25:10,770

probably speak to you about them

1938

01:25:16,880 --> 01:25:14,150

tomorrow sometime if that's okay

1939

01:25:18,950 --> 01:25:16,890

Phillips just been talking about the

1940

01:25:21,380 --> 01:25:18,960

lights how do you pronounce it Philip

1941

01:25:24,140 --> 01:25:21,390

hesdalen yeah that's correct Matt yeah

1942

01:25:24,650 --> 01:25:24,150

you know we'd observe this for years

1943

01:25:28,670 --> 01:25:24,660

from

1944

01:25:30,440 --> 01:25:28,680

probably 2006 on the eastern walls which

1945

01:25:32,810 --> 01:25:30,450

is very close to where we're observing

1946

01:25:34,660 --> 01:25:32,820

these things oversee the problem will

1947

01:25:37,310 --> 01:25:34,670

its same things we're observing and

1948

01:25:38,960 --> 01:25:37,320

famous not famous for a good thing Steve

1949

01:25:41,780 --> 01:25:38,970

Ashley should say cuz we'd have cameras

1950

01:25:42,980 --> 01:25:41,790

out ready and we're out but put cameras

1951

01:25:44,900 --> 01:25:42,990

away and these bloody things are gonna

1952

01:25:50,020 --> 01:25:44,910

show now out there and they usually did

1953

01:25:52,310 --> 01:25:50,030

the week so there's got to be some some

1954

01:25:54,980 --> 01:25:52,320

northern coincidence there's something

1955

01:25:56,780 --> 01:25:54,990

happening here what what your friend was

1956

01:25:59,450 --> 01:25:56,790

describing and what he believed and what

1957

01:26:01,250 --> 01:25:59,460

me and Steve believe and I know you were

1958

01:26:04,460 --> 01:26:01,260

probably not convinced about it Philip

1959

01:26:06,410 --> 01:26:04,470

and I don't know but yeah I think I

1960

01:26:08,840 --> 01:26:06,420

think this is more than coincidence I

1961

01:26:12,500 --> 01:26:08,850

think there is some kind of intelligence

1962

01:26:14,330 --> 01:26:12,510

behind this just what that intelligence

1963

01:26:16,370 --> 01:26:14,340

is I don't know but it's almost as if

1964

01:26:18,200 --> 01:26:16,380

we've got it's at knowledge in our

1965

01:26:20,840 --> 01:26:18,210

presence it's like all-knowing and

1966

01:26:22,880 --> 01:26:20,850

all-seeing I don't know it perceives

1967

01:26:24,500 --> 01:26:22,890

what we're gonna do and then reacts I

1968

01:26:26,000 --> 01:26:24,510

don't know but that's exactly what

1969

01:26:29,000 --> 01:26:26,010

happened me and Bob had been on them

1970

01:26:30,770 --> 01:26:29,010

cliff tops for months and months and

1971

01:26:33,290 --> 01:26:30,780

seeing nothing and that's what we were

1972

01:26:35,240 --> 01:26:33,300

going for the intent of observing these

1973

01:26:37,550 --> 01:26:35,250

of you know what the way I look at it as

1974

01:26:39,680 --> 01:26:37,560

well nope well as if there is some kind

1975

01:26:41,930 --> 01:26:39,690

of interaction there why doesn't it

1976

01:26:44,270 --> 01:26:41,940

happen every time because people see the

1977

01:26:46,900 --> 01:26:44,280

lights people take photographs of them

1978

01:26:50,090 --> 01:26:46,910

people film them so it doesn't happen

1979

01:26:55,070 --> 01:26:50,100

every time you know like it's like with

1980

01:26:59,240 --> 01:26:55,080

with abductions right there are those

1981

01:27:01,480 --> 01:26:59,250

that claim that they the abductors the

1982

01:27:05,750 --> 01:27:01,490

aliens whatever you like to call them

1983

01:27:09,740 --> 01:27:05,760

put some kind of memory block on their

1984

01:27:12,050 --> 01:27:09,750

victims that it is like too removed and

1985

01:27:14,480 --> 01:27:12,060

the partially or in whole by the use of

1986

01:27:16,280 --> 01:27:14,490

hypnosis but then there's others that

1987

01:27:18,380 --> 01:27:16,290

remember everything without the use of

1988

01:27:20,360 --> 01:27:18,390

hypnosis you think the aliens would

1989

01:27:22,970 --> 01:27:20,370

realize by now that whatever memory

1990

01:27:25,130 --> 01:27:22,980

blocks that were doing still he is of no

1991

01:27:28,370 --> 01:27:25,140

use because he just put some me under

1992

01:27:30,560 --> 01:27:28,380

hypnosis and hey presto yeah they don't

1993

01:27:33,200 --> 01:27:30,570

make a lot of sense to me I may be

1994

01:27:36,110 --> 01:27:33,210

totally wrong no no I listen Philip

1995

01:27:37,460 --> 01:27:36,120

you're getting your input your opinions

1996

01:27:38,479 --> 01:27:37,470

are as valid as anybody's just like

1997

01:27:41,629 --> 01:27:38,489

Chris's are

1998

01:27:43,700 --> 01:27:41,639

mine cannot even lay it out how it makes

1999

01:27:46,700 --> 01:27:43,710

us feel or what we think about it now

2000

01:27:49,250 --> 01:27:46,710

I've I have had experience of these

2001

01:27:52,279 --> 01:27:49,260

beings and I don't want to go off like

2002

01:27:54,290 --> 01:27:52,289

some weirdo eeab where I'm I know I've

2003

01:27:57,200 --> 01:27:54,300

seen them not imaginations of a child

2004

01:27:59,779 --> 01:27:57,210

I've seen these beings and all I can say

2005

01:28:02,149 --> 01:27:59,789

is I've got little cameos of events from

2006

01:28:04,939 --> 01:28:02,159

childhood and I bet you there isn't a

2007

01:28:07,160 --> 01:28:04,949

night goes by that I don't weigh trying

2008

01:28:09,169 --> 01:28:07,170

to get a little bit further and I can't

2009

01:28:11,000 --> 01:28:09,179

hmm I've never had any of this

2010

01:28:13,879 --> 01:28:11,010

regression stuff I don't know if I'd

2011

01:28:16,370 --> 01:28:13,889

want to but I never have and they're not

2012

01:28:19,000 --> 01:28:16,380

massive thick stories that I couldn't

2013

01:28:21,560 --> 01:28:19,010

relate to people they're just little

2014

01:28:24,799 --> 01:28:21,570

snapshots of things that have happened

2015

01:28:27,830 --> 01:28:24,809

and seeing them and seen seeing what's

2016

01:28:30,020 --> 01:28:27,840

happened and I can't get any further but

2017

01:28:32,569 --> 01:28:30,030

I don't know why other how they're able

2018

01:28:34,430 --> 01:28:32,579

to do what they do Phillip what I do I'm

2019

01:28:38,899 --> 01:28:34,440

just I don't know what time we've got

2020

01:28:41,169 --> 01:28:38,909

guys what we we've got about what I was

2021

01:28:45,109 --> 01:28:41,179

discussing recently I mean one of the

2022

01:28:49,879 --> 01:28:45,119

books that I'll be publishing on May the

2023

01:28:52,580 --> 01:28:49,889

1st actually is by astronomer Romanian

2024

01:28:55,939 --> 01:28:52,590

astronomer dr. Dan Farkas now Don's

2025

01:29:00,169 --> 01:28:55,949

downs first book with me was all about

2026

01:29:02,720 --> 01:29:00,179

UFOs in general in Romania yeah but at

2027

01:29:05,870 --> 01:29:02,730

the end of that he put in a chapter

2028

01:29:09,049 --> 01:29:05,880

about his home hypotheses of how to

2029

01:29:11,229 --> 01:29:09,059

explain well possibly explain the

2030

01:29:14,479 --> 01:29:11,239

phenomena because what puzzled him

2031

01:29:17,419 --> 01:29:14,489

things his words not mine some of the

2032

01:29:20,000 --> 01:29:17,429

stupid things that the youth were not

2033

01:29:23,450 --> 01:29:20,010

said he calls them do they don't seem to

2034

01:29:25,910 --> 01:29:23,460

make any sense whatsoever so I suggested

2035

01:29:28,729 --> 01:29:25,920

that perhaps you be write a complete

2036

01:29:32,930 --> 01:29:28,739

book there now his hypothesis and he

2037

01:29:36,200 --> 01:29:32,940

calls it hyper civilizations now you

2038

01:29:40,419 --> 01:29:36,210

know he is convinced that we are being

2039

01:29:45,649 --> 01:29:40,429

visited by beings from elsewhere yeah

2040

01:29:48,259 --> 01:29:45,659

but what he has postulated out I'll say

2041

01:29:51,469 --> 01:29:48,269

is that they're not just a couple of

2042

01:29:52,280 --> 01:29:51,479

thousand years in advance of us they

2043

01:29:54,830 --> 01:29:52,290

could be

2044

01:29:58,400 --> 01:29:54,840

millions of years in advance and I would

2045

01:30:03,050 --> 01:29:58,410

agree and the fact is that they are so

2046

01:30:06,340 --> 01:30:03,060

advanced is that we are or Melissa we I

2047

01:30:10,460 --> 01:30:06,350

mean we as a species as Homo sapiens

2048

01:30:12,770 --> 01:30:10,470

simply are unable to comprehend them and

2049

01:30:16,490 --> 01:30:12,780

he gives an example it says if you get

2050

01:30:18,140 --> 01:30:16,500

TV set and stick it in an ounce nest and

2051

01:30:20,960 --> 01:30:18,150

the ounce will crawl all over it

2052

01:30:23,900 --> 01:30:20,970

there'll be a word of its presence but

2053

01:30:25,640 --> 01:30:23,910

because of the difference between was

2054

01:30:27,170 --> 01:30:25,650

the humans and them the ants they'll

2055

01:30:32,750 --> 01:30:27,180

never in a million years be able to

2056

01:30:36,350 --> 01:30:32,760

figure out what on earth it is yeah

2057

01:30:39,410 --> 01:30:36,360

that's just his idea and he said the you

2058

01:30:42,410 --> 01:30:39,420

for not are not doing stupid things it's

2059

01:30:44,720 --> 01:30:42,420

just that it's not on we can't we

2060

01:30:46,220 --> 01:30:44,730

understand them we're not capable of

2061

01:30:49,010 --> 01:30:46,230

understanding him you see it's like

2062

01:30:51,590 --> 01:30:49,020

trying to imagine a new color you just

2063

01:30:53,480 --> 01:30:51,600

can't do it well I think that's how

2064

01:30:55,730 --> 01:30:53,490

you're a few weeks ago dinner you do

2065

01:30:57,710 --> 01:30:55,740

that absolutely any and it's after I

2066

01:31:01,430 --> 01:30:57,720

have to I have to be honest you know

2067

01:31:03,440 --> 01:31:01,440

what my I don't I don't pin a hypothesis

2068

01:31:05,390 --> 01:31:03,450

on anything I'm like my minds change

2069

01:31:08,060 --> 01:31:05,400

down the years but that's one of the

2070

01:31:09,650 --> 01:31:08,070

things that's made me think again well

2071

01:31:12,170 --> 01:31:09,660

you know guys analogy what you've just

2072

01:31:14,930 --> 01:31:12,180

come out with I think is brilliant and

2073

01:31:16,700 --> 01:31:14,940

you know it really is and I think I said

2074

01:31:19,310 --> 01:31:16,710

to you about if we try to imagine a new

2075

01:31:20,780 --> 01:31:19,320

color now if you've seen it you know

2076

01:31:22,610 --> 01:31:20,790

what it looks like it's in your head

2077

01:31:25,460 --> 01:31:22,620

Philip but how do you tell anyone else

2078

01:31:28,250 --> 01:31:25,470

and another thing

2079

01:31:30,230 --> 01:31:28,260

fill it in Chris we've got to also I

2080

01:31:33,200 --> 01:31:30,240

don't mean understand because I might be

2081

01:31:35,260 --> 01:31:33,210

totally wrong a book the motives of

2082

01:31:38,720 --> 01:31:35,270

these other beings are these other

2083

01:31:42,050 --> 01:31:38,730

intelligences they might not be anything

2084

01:31:45,160 --> 01:31:42,060

like what we perceive them to be we I

2085

01:31:48,650 --> 01:31:45,170

mean will we look at everything in in

2086

01:31:51,230 --> 01:31:48,660

the drama from an angle of what we could

2087

01:31:55,160 --> 01:31:51,240

get out of it what we would want how we

2088

01:31:57,110 --> 01:31:55,170

would go about dissecting another life

2089

01:31:59,290 --> 01:31:57,120

form or doing what they might not be

2090

01:32:02,420 --> 01:31:59,300

wanting anything that we actually

2091

01:32:05,750 --> 01:32:02,430

believe they want it might not even be

2092

01:32:08,270 --> 01:32:05,760

anything physical that they were option

2093

01:32:09,920 --> 01:32:08,280

give you a human example of what we're

2094

01:32:12,860 --> 01:32:09,930

talking about and I saw on the TV

2095

01:32:16,700 --> 01:32:12,870

recently I don't know where it was it's

2096

01:32:20,420 --> 01:32:16,710

going back quite a while in and it and

2097

01:32:24,380 --> 01:32:20,430

it relates to Hall and the first person

2098

01:32:28,880 --> 01:32:24,390

to ever be killed by a gun was a lady in

2099

01:32:30,950 --> 01:32:28,890

Hall and of course at the duck period I

2100

01:32:32,870 --> 01:32:30,960

can't remember what what pig what pity

2101
01:32:37,870 --> 01:32:32,880
but but we're going back a long way

2102
01:32:41,210 --> 01:32:37,880
a gun was totally unique

2103
01:32:43,220 --> 01:32:41,220
right so she walked in front of it and

2104
01:32:45,470 --> 01:32:43,230
got our brains blown out because she had

2105
01:32:47,540 --> 01:32:45,480
no idea what this thing was

2106
01:32:50,960 --> 01:32:47,550
she couldn't perceive that this was a

2107
01:32:53,380 --> 01:32:50,970
you know a device that could kill her so

2108
01:32:55,940 --> 01:32:53,390
the first person to get killed by a gun

2109
01:32:58,850 --> 01:32:55,950
anywhere in Britain was a lady in Hull

2110
01:33:00,979 --> 01:32:58,860
quite by accident because we could

2111
01:33:02,990 --> 01:33:00,989
perceive what this thing was you know

2112
01:33:05,360 --> 01:33:03,000
she knew what swords word and and you

2113
01:33:08,240 --> 01:33:05,370

know things like that black gun and I

2114

01:33:10,550 --> 01:33:08,250

think it was saying when when some of

2115

01:33:12,770 --> 01:33:10,560

the explorers and the settlers landed in

2116

01:33:15,050 --> 01:33:12,780

in in what we call a new world and other

2117

01:33:19,760 --> 01:33:15,060

parts of the world that the natives

2118

01:33:21,440 --> 01:33:19,770

couldn't understand you know what what

2119

01:33:23,930 --> 01:33:21,450

was happening they could recognize as

2120

01:33:25,250 --> 01:33:23,940

humans but certainly it's all the things

2121

01:33:28,880 --> 01:33:25,260

we had would beyond their imagination

2122

01:33:32,090 --> 01:33:28,890

and so a few times that by a couple of

2123

01:33:34,250 --> 01:33:32,100

million years and I've tried to do

2124

01:33:37,880 --> 01:33:34,260

that's right to do it in reverse

2125

01:33:40,010 --> 01:33:37,890

that said scientists and I believe them

2126

01:33:43,070 --> 01:33:40,020

say that they the second most

2127

01:33:46,520 --> 01:33:43,080

intelligent species on earth are the

2128

01:33:49,490 --> 01:33:46,530

dolphins right but really are the

2129

01:33:51,080 --> 01:33:49,500

floating around in this a they even

2130

01:33:53,540 --> 01:33:51,090

think that they've got a rudimentary

2131

01:33:56,990 --> 01:33:53,550

language you have to come but can we

2132

01:33:58,550 --> 01:33:57,000

communicate with them no we cast we can

2133

01:34:01,550 --> 01:33:58,560

teach them to do look the Lopes and

2134

01:34:05,780 --> 01:34:01,560

catch a few fish but actually talk to

2135

01:34:09,020 --> 01:34:05,790

them so how on earth would we be able to

2136

01:34:11,420 --> 01:34:09,030

communicate and understand something

2137

01:34:16,090 --> 01:34:11,430

that was millions of years in advance of

2138

01:34:18,920 --> 01:34:16,100

us the answer is it's impossible in Gale

2139

01:34:19,699 --> 01:34:18,930

just before we end this can I just tell

2140

01:34:23,569 --> 01:34:19,709

you someone else

2141

01:34:26,810 --> 01:34:23,579

1998 okay gosh you can pop but what I

2142

01:34:31,910 --> 01:34:26,820

want to do is also catch up maybe one or

2143

01:34:33,439 --> 01:34:31,920

two would be weld older cases yes time

2144

01:34:37,100 --> 01:34:33,449

for this it's okay you just find a way

2145

01:34:40,399 --> 01:34:37,110

then well what I want you to do the last

2146

01:34:43,580 --> 01:34:40,409

time mean you spoke on the oh no we're a

2147

01:34:47,569 --> 01:34:43,590

radio show was then we discuss Wilson

2148

01:34:49,069 --> 01:34:47,579

yeah and I did the city at the time next

2149

01:34:50,989 --> 01:34:49,079

time we have a chat but you know what

2150

01:34:53,060 --> 01:34:50,999

I'll try and catch up with you about

2151
01:34:55,029 --> 01:34:53,070
that what's been happening with will

2152
01:35:01,069 --> 01:34:55,039
swap have you got any further

2153
01:35:03,080 --> 01:35:01,079
give us a brief the will stop incident

2154
01:35:07,939 --> 01:35:03,090
didn't know a date at the time but it

2155
01:35:09,080 --> 01:35:07,949
were 2009 and it was when I was running

2156
01:35:11,239 --> 01:35:09,090
my you a full website

2157
01:35:13,189 --> 01:35:11,249
LF you fo intelligent life forms that

2158
01:35:15,169 --> 01:35:13,199
year and now we're working quite a lot

2159
01:35:17,060 --> 01:35:15,179
so I was checking the reports and you

2160
01:35:20,270 --> 01:35:17,070
said in a paragraph or a couple of

2161
01:35:21,949 --> 01:35:20,280
paragraphs UFO sighted Canobie UFO

2162
01:35:24,410 --> 01:35:21,959
sighted and give a brief description of

2163
01:35:26,209 --> 01:35:24,420

what was being cited I'm rushing here

2164

01:35:29,120 --> 01:35:26,219

guys because I realized times of an

2165

01:35:30,979 --> 01:35:29,130

issue and all these sightings were

2166

01:35:32,899 --> 01:35:30,989

building up the police officer sighting

2167

01:35:34,399 --> 01:35:32,909

which are sent to Gary Heseltine and he

2168

01:35:37,910 --> 01:35:34,409

never got back to me but that's another

2169

01:35:40,669 --> 01:35:37,920

story you know I think he probably want

2170

01:35:43,669 --> 01:35:40,679

to now because he's because the will

2171

01:35:45,109 --> 01:35:43,679

stop incident isn't interesting shall we

2172

01:35:46,759 --> 01:35:45,119

say book I mean I didn't realize the

2173

01:35:49,279 --> 01:35:46,769

significance of it at the time when the

2174

01:35:52,279 --> 01:35:49,289

police officer saw a black triangle

2175

01:35:54,049 --> 01:35:52,289

rise from a field as he's driving down

2176

01:35:55,459 --> 01:35:54,059

the road in a car at lights dimmed on

2177

01:35:57,649 --> 01:35:55,469

the car at the opposite side of the road

2178

01:35:59,359 --> 01:35:57,659

and he stopped he went to assist in a

2179

01:36:01,699 --> 01:35:59,369

triangle rose from the field and flew

2180

01:36:04,370 --> 01:36:01,709

out to sea so I've got this police

2181

01:36:07,069 --> 01:36:04,380

officer sighting at the same time there

2182

01:36:10,429 --> 01:36:07,079

were scientific investigation unit guns

2183

01:36:12,979 --> 01:36:10,439

packed in remote areas with these big

2184

01:36:15,049 --> 01:36:12,989

glass bubbles on top like a dark perspex

2185

01:36:17,390 --> 01:36:15,059

bubble and I'm not saying that they were

2186

01:36:19,339 --> 01:36:17,400

observing the UFO activity but we've got

2187

01:36:21,830 --> 01:36:19,349

a lady called Eileen Hobson an

2188

01:36:24,799 --> 01:36:21,840

accountant's wife all of damn stone a

2189

01:36:26,989 --> 01:36:24,809

few miles away and she'd observed cone

2190

01:36:28,879 --> 01:36:26,999

shaped objects landing in the fields at

2191

01:36:31,850 --> 01:36:28,889

the back of will stop at the same time

2192

01:36:33,110 --> 01:36:31,860

got it correlated with the ILF UFO

2193

01:36:34,970 --> 01:36:33,120

website

2194

01:36:37,610 --> 01:36:34,980

what I liked about this is that closed

2195

01:36:41,690 --> 01:36:37,620

the website in 2013 so I couldn't have

2196

01:36:43,850 --> 01:36:41,700

dragged anything from there to to to

2197

01:36:45,680 --> 01:36:43,860

bolster the will stop incidents you to

2198

01:36:47,980 --> 01:36:45,690

say it was all there beforehand I do

2199

01:36:51,710 --> 01:36:47,990

nothing about the incredible sighting

2200

01:36:53,690 --> 01:36:51,720

you in fact it was a keep still there if

2201

01:36:55,160 --> 01:36:53,700

people want to type in ILF UFO you'll

2202

01:36:57,680 --> 01:36:55,170

find some green text on a black

2203

01:37:00,260 --> 01:36:57,690

background and the internet or whatever

2204

01:37:02,030 --> 01:37:00,270

it is the great machine that it is as

2205

01:37:03,800 --> 01:37:02,040

archive pages and you can see the police

2206

01:37:05,150 --> 01:37:03,810

officer sighting the paragraph thought

2207

01:37:06,440 --> 01:37:05,160

it and you can see all the references

2208

01:37:09,110 --> 01:37:06,450

what I didn't know about the actual

2209

01:37:12,470 --> 01:37:09,120

event and this event the sixteen flats

2210

01:37:13,940 --> 01:37:12,480

of will stop the overlook the see I've

2211

01:37:15,680 --> 01:37:13,950

said before if you've got a stone an

2212

01:37:17,930 --> 01:37:15,690

outside these people can throw a stone

2213

01:37:19,370 --> 01:37:17,940

into the sea and that's all that is it

2214

01:37:22,250 --> 01:37:19,380

will stop nothing else they were built

2215

01:37:27,260 --> 01:37:22,260

by the mo Dean 1935 approximately the

2216

01:37:29,420 --> 01:37:27,270

east plus so this clip will get up to go

2217

01:37:32,300 --> 01:37:29,430

to bed I think he was eleven o'clock and

2218

01:37:37,430 --> 01:37:32,310

husband goes off and she decides she's

2219

01:37:38,660 --> 01:37:37,440

going to check the doors locked in

2220

01:37:40,610 --> 01:37:38,670

everything and she goes into the porch

2221

01:37:42,290 --> 01:37:40,620

and there's a communal light in the

2222

01:37:44,630 --> 01:37:42,300

middle these there in blocks before

2223

01:37:46,520 --> 01:37:44,640

these flats and she thought next door

2224

01:37:48,800 --> 01:37:46,530

had left the flat the light on outside

2225

01:37:51,470 --> 01:37:48,810

but she's able to turn it off

2226

01:37:55,550 --> 01:37:51,480

so she thought oh they've left light on

2227

01:37:58,160 --> 01:37:55,560

and sort of looked up the light but left

2228

01:38:00,650 --> 01:37:58,170

it and walked into the the living room

2229

01:38:03,080 --> 01:38:00,660

and she's she said that she's walking in

2230

01:38:06,020 --> 01:38:03,090

she said a voice said to her go back and

2231

01:38:08,090 --> 01:38:06,030

look she's had enough I sort of stopped

2232

01:38:09,920 --> 01:38:08,100

and thought today of that she's never

2233

01:38:13,400 --> 01:38:09,930

him yet and he said go back and look

2234

01:38:14,870 --> 01:38:13,410

again so she did she said I couldn't

2235

01:38:17,060 --> 01:38:14,880

believe it she said there's a huge

2236

01:38:18,740 --> 01:38:17,070

circle and she didn't say boomerangs

2237

01:38:20,650 --> 01:38:18,750

I've got this out of her afterwards a

2238

01:38:24,860 --> 01:38:20,660

huge circle of those are words

2239

01:38:27,650 --> 01:38:24,870

spaceships over the scene very very

2240

01:38:30,500 --> 01:38:27,660

close high tide this is this this is the

2241

01:38:32,870 --> 01:38:30,510

strange thing you can wade out there in

2242

01:38:36,230 --> 01:38:32,880

chest waders it's a very long lower flat

2243

01:38:37,700 --> 01:38:36,240

page this so I need to stress now and

2244

01:38:39,560 --> 01:38:37,710

we're running out of time that days

2245

01:38:41,690 --> 01:38:39,570

before that the bait diggers were

2246

01:38:43,970 --> 01:38:41,700

employed in the harbor have seen a black

2247

01:38:46,700 --> 01:38:43,980

triangle entering the sea that seen it

2248

01:38:51,170 --> 01:38:49,490

which sounds impossible because the sea

2249

01:38:52,940 --> 01:38:51,180

is not deep enough for anything to go

2250

01:38:54,050 --> 01:38:52,950

below it where they'd seen it what

2251

01:38:57,470 --> 01:38:54,060

that's what we're told

2252

01:39:00,380 --> 01:38:57,480

so she shouts her husband he comes

2253

01:39:02,090 --> 01:39:00,390

running through and he can't believe it

2254

01:39:05,540 --> 01:39:02,100

and he's swearing I spoke to him both

2255

01:39:08,030 --> 01:39:05,550

and can't believe what I'm looking at he

2256

01:39:09,890 --> 01:39:08,040

says look like a giant Christmas tree

2257

01:39:12,050 --> 01:39:09,900

lights all in a circle over the sea

2258

01:39:14,210 --> 01:39:12,060

there's lightning firing down into the

2259

01:39:15,850 --> 01:39:14,220

sea and all sorts of things it's boiling

2260

01:39:18,320 --> 01:39:15,860

like a big pan of hot water

2261

01:39:19,880 --> 01:39:18,330

he's a suddenly he's seen enough and

2262

01:39:21,290 --> 01:39:19,890

he's frightened and he goes back to bed

2263

01:39:22,760 --> 01:39:21,300

puts his head under the pillow says he

2264

01:39:24,320 --> 01:39:22,770

didn't want to look think about this

2265

01:39:27,440 --> 01:39:24,330

till morning and that was it his wife

2266

01:39:31,760 --> 01:39:27,450

stayed and listened sorry apologies guys

2267

01:39:33,140 --> 01:39:31,770

his wife stayed and observed now asked

2268

01:39:34,760 --> 01:39:33,150

if you took this she consider taking

2269

01:39:36,260 --> 01:39:34,770

photographs and that but obviously she

2270

01:39:37,970 --> 01:39:36,270

said she didn't she didn't want to know

2271

01:39:39,560 --> 01:39:37,980

that they were there but I think there

2272

01:39:42,650 --> 01:39:39,570

was some awareness if we could perceive

2273

01:39:44,150 --> 01:39:42,660

that an unseen voice spoke to her so

2274

01:39:46,250 --> 01:39:44,160

she's observing these things she said

2275

01:39:49,940 --> 01:39:46,260

for about 30 minutes they're all in a

2276

01:39:52,040 --> 01:39:49,950

circle and then to leave that's about 45

2277

01:39:55,700 --> 01:39:52,050

degrees and disappear and this continued

2278

01:39:57,410 --> 01:39:55,710

until around midnight and that was just

2279

01:39:59,990 --> 01:39:57,420

to over the sea and they just go

2280

01:40:02,930 --> 01:40:00,000

straight up now the next day she says

2281

01:40:04,490 --> 01:40:02,940

the military arrived she said I knew

2282

01:40:06,770 --> 01:40:04,500

what they were coming to talk for these

2283

01:40:08,750 --> 01:40:06,780

specials but they'd never find out find

2284

01:40:12,110 --> 01:40:08,760

them and the bait [h__\h] they walked

2285

01:40:14,480 --> 01:40:12,120

onto the beach that same night and they

2286

01:40:16,520 --> 01:40:14,490

were accosted by the military and told

2287

01:40:18,920 --> 01:40:16,530

the order to leave the beach if they're

2288

01:40:20,960 --> 01:40:18,930

not they're gonna get arrested the old

2289

01:40:21,890 --> 01:40:20,970

lady and her husband said that they've

2290

01:40:25,520 --> 01:40:21,900

got searchlights

2291

01:40:26,990 --> 01:40:25,530

on the sea all night now I couldn't find

2292

01:40:29,120 --> 01:40:27,000

a date for this and going through the

2293

01:40:30,410 --> 01:40:29,130

archives guys I'm told you've got to

2294

01:40:31,900 --> 01:40:30,420

pull me up if I'm running out of time

2295

01:40:37,150 --> 01:40:31,910

here

2296

01:40:44,420 --> 01:40:39,820

September 15 2009

2297

01:40:45,890 --> 01:40:44,430

it said links cited in Bridlington then

2298

01:40:48,380 --> 01:40:45,900

I thought wow I've got a big cat

2299

01:40:50,390 --> 01:40:48,390

sighting here so I when I read it it's a

2300

01:40:52,850 --> 01:40:50,400

tool links helicopters to Apache

2301
01:40:55,550 --> 01:40:52,860
helicopter sorry to links helicopters to

2302
01:40:57,700 --> 01:40:55,560
Chinook helicopters military vehicles

2303
01:41:00,810 --> 01:40:57,710
all arrived itself but the south shore

2304
01:41:04,870 --> 01:41:00,820
beach which is will slop

2305
01:41:06,669 --> 01:41:04,880
for a top-secret military exercise which

2306
01:41:09,970 --> 01:41:06,679
the print paper top-secret military

2307
01:41:13,000 --> 01:41:09,980
exercise it was so top secret that the

2308
01:41:15,669 --> 01:41:13,010
they've got males to the left Mouse to

2309
01:41:19,270 --> 01:41:15,679
the right of open beach but they set up

2310
01:41:20,770 --> 01:41:19,280
in front of this old lady's flat now

2311
01:41:23,050 --> 01:41:20,780
they stayed there for a number of days

2312
01:41:24,820 --> 01:41:23,060
conducting this top-secret exercise now

2313
01:41:26,890 --> 01:41:24,830

after a three diminution request in

2314

01:41:29,169 --> 01:41:26,900

which they confirmed that it were a

2315

01:41:31,149 --> 01:41:29,179

top-secret exercise and they said basic

2316

01:41:33,580 --> 01:41:31,159

I think the wording event essentially

2317

01:41:36,790 --> 01:41:33,590

was and he stimulated any explosions

2318

01:41:38,919 --> 01:41:36,800

were simulated any gunshots were blank

2319

01:41:41,290 --> 01:41:38,929

rounds well nobody reported hearing a

2320

01:41:50,290 --> 01:41:41,300

sound I think that was just fodder to

2321

01:41:53,830 --> 01:41:50,300

fill filler me and basically a Coast

2322

01:41:55,780 --> 01:41:53,840

Guard friend of mine was not in not in

2323

01:41:59,620 --> 01:41:55,790

the East Yorkshire area but it's

2324

01:42:02,250 --> 01:41:59,630

familiar with it has looked into bits

2325

01:42:07,419 --> 01:42:02,260

for me a solid protected archive now

2326

01:42:09,609 --> 01:42:07,429

he's been pulled for looking but luckily

2327

01:42:13,060 --> 01:42:09,619

were looking at other stuff as well and

2328

01:42:15,820 --> 01:42:13,070

not got too deep into it and he's sorted

2329

01:42:17,979 --> 01:42:15,830

okay and there's a lesson to be learned

2330

01:42:19,780 --> 01:42:17,989

asking people to do things clear because

2331

01:42:21,370 --> 01:42:19,790

you know you're putting people's jobs in

2332

01:42:23,979 --> 01:42:21,380

jeopardy aren't ya you've got you know I

2333

01:42:26,709 --> 01:42:23,989

need to be a bit more careful but I know

2334

01:42:31,350 --> 01:42:26,719

from that conversation that a 999 call

2335

01:42:34,660 --> 01:42:31,360

was made it were made to the police

2336

01:42:37,209 --> 01:42:34,670

initially about orange lights seen

2337

01:42:39,490 --> 01:42:37,219

traveling from whole orange light scene

2338

01:42:41,859 --> 01:42:39,500

traveling from flam bruh and the witness

2339

01:42:44,439 --> 01:42:41,869

says that they were approaching what

2340

01:42:47,530 --> 01:42:44,449

looked like a black yacht sale in the

2341

01:42:50,859 --> 01:42:47,540

sky so that's that witness have yet to

2342

01:42:53,290 --> 01:42:50,869

find I know it exists and I know it's on

2343

01:42:54,669 --> 01:42:53,300

a you know Coast Guard report which I

2344

01:42:57,339 --> 01:42:54,679

can't get because it's in protected

2345

01:43:00,700 --> 01:42:57,349

archive but that witness is still out

2346

01:43:02,560 --> 01:43:00,710

there and you know I'll just keep

2347

01:43:04,979 --> 01:43:02,570

digging like Phillip does like you do

2348

01:43:09,280 --> 01:43:04,989

that's all we can do guys in it

2349

01:43:11,919 --> 01:43:09,290

absolutely what I wanted to do and now

2350

01:43:13,879 --> 01:43:11,929

Paul really is because we've got about

2351

01:43:16,399 --> 01:43:13,889

15 minutes left

2352

01:43:19,879 --> 01:43:16,409

what I wanted to do was just I know

2353

01:43:21,560 --> 01:43:19,889

you're a prolific writer I do know that

2354

01:43:24,320 --> 01:43:21,570

because of the articles you've provided

2355

01:43:26,780 --> 01:43:24,330

for outer limits magazine also the

2356

01:43:29,270 --> 01:43:26,790

fracture you've already wrote to a very

2357

01:43:32,060 --> 01:43:29,280

successful books true proof one and

2358

01:43:34,459 --> 01:43:32,070

truth proof to I also know you're

2359

01:43:35,990 --> 01:43:34,469

working on two more books what is the

2360

01:43:38,240 --> 01:43:36,000

state of these books that you're working

2361

01:43:40,939 --> 01:43:38,250

on when over gonna be released because

2362

01:43:43,640 --> 01:43:40,949

I'm just certain I'm not the only person

2363

01:43:47,359 --> 01:43:43,650

who wants to read what you're investing

2364

01:43:50,120 --> 01:43:47,369

I'm frustrated about 12 purl three no

2365

01:43:52,850 --> 01:43:50,130

Cal Jackson the publisher great guy and

2366

01:43:56,750 --> 01:43:52,860

that we work okay together and I'm happy

2367

01:43:58,040 --> 01:43:56,760

with two books book it's going slow he's

2368

01:44:00,680 --> 01:43:58,050

got the book it's finished

2369

01:44:03,290 --> 01:44:00,690

and our our promised edits every three

2370

01:44:03,890 --> 01:44:03,300

days and a few months ago and I'm still

2371

01:44:07,520 --> 01:44:03,900

waiting

2372

01:44:09,560 --> 01:44:07,530

it's obviously I've to work through and

2373

01:44:11,840 --> 01:44:09,570

it's thorough is it as I say is a great

2374

01:44:13,430 --> 01:44:11,850

guy ain't really a big book but it can't

2375

01:44:14,750 --> 01:44:13,440

come quick enough for me all I can say

2376

01:44:16,520 --> 01:44:14,760

is I'm hoping it's gonna be a couple of

2377

01:44:19,550 --> 01:44:16,530

months away it was supposed to be

2378

01:44:23,359 --> 01:44:19,560

finished now and you know because

2379

01:44:25,340 --> 01:44:23,369

everything's done is from my end yes and

2380

01:44:26,689 --> 01:44:25,350

I've got a few drawings to do but

2381

01:44:29,720 --> 01:44:26,699

there's no desperation at the pace that

2382

01:44:31,580 --> 01:44:29,730

the books going the book force finished

2383

01:44:33,109 --> 01:44:31,590

just about I think I'm about seventy

2384

01:44:35,840 --> 01:44:33,119

thousand words in and that's called the

2385

01:44:37,820 --> 01:44:35,850

night people and I've sort of witnessed

2386

01:44:41,620 --> 01:44:37,830

Raber to thank for that for encouraging

2387

01:44:43,820 --> 01:44:41,630

me to talk about my own experiences and

2388

01:44:48,140 --> 01:44:43,830

it's going to be frightening that book

2389

01:44:50,390 --> 01:44:48,150

to be honest we're not deliberately like

2390

01:44:52,850 --> 01:44:50,400

a horror film or anything but I didn't

2391

01:44:54,229 --> 01:44:52,860

realize and probably you've done same

2392

01:44:55,879 --> 01:44:54,239

feel it when you've been writing that

2393

01:44:57,500 --> 01:44:55,889

sometimes you write something I'm

2394

01:45:00,410 --> 01:44:57,510

somebody's you you get a bit of feedback

2395

01:45:01,790 --> 01:45:00,420

and in first book when there were things

2396

01:45:03,850 --> 01:45:01,800

I were writing about and Sony cuz all

2397

01:45:06,050 --> 01:45:03,860

that story were frightening

2398

01:45:07,550 --> 01:45:06,060

yeah I mean I mean some of the books

2399

01:45:09,830 --> 01:45:07,560

we've done in the past and we even had

2400

01:45:13,100 --> 01:45:09,840

comments at the cou look scary before

2401
01:45:14,450 --> 01:45:13,110
they even read anything you know so yes

2402
01:45:17,090 --> 01:45:14,460
absolutely may yes

2403
01:45:18,859 --> 01:45:17,100
so I once have deliberately made night

2404
01:45:21,560 --> 01:45:18,869
people frightening but I'm doing it

2405
01:45:24,589 --> 01:45:21,570
graphic because just to touch on them

2406
01:45:26,780 --> 01:45:24,599
experiences on my own I I'm not lying I

2407
01:45:27,440 --> 01:45:26,790
wet the bed to our thirteen years old I

2408
01:45:30,860 --> 01:45:27,450
would not leave

2409
01:45:31,940 --> 01:45:30,870
my room ident and the DEP told me dad

2410
01:45:34,670 --> 01:45:31,950
because he would you were an adorable

2411
01:45:35,990 --> 01:45:34,680
man and I had to say to his face by the

2412
01:45:38,540 --> 01:45:36,000
way if you were here now and he's passed

2413
01:45:40,730 --> 01:45:38,550

away bless him go he were a man that

2414

01:45:44,750 --> 01:45:40,740

would hit first and ask questions later

2415

01:45:46,370 --> 01:45:44,760

and I get I I don't tell him why I don't

2416

01:45:49,250 --> 01:45:46,380

tell him why I will do it why I wouldn't

2417

01:45:50,780 --> 01:45:49,260

leave the room on and I because I got

2418

01:45:54,380 --> 01:45:50,790

slapped anyway but I won't tell him why

2419

01:45:56,660 --> 01:45:54,390

cuz it just hit me even harder as can I

2420

01:45:59,630 --> 01:45:56,670

just ask you Paulus there's writing the

2421

01:46:01,520 --> 01:45:59,640

night people is that it's not being

2422

01:46:04,370 --> 01:46:01,530

cathartic in any ways it helps you've

2423

01:46:06,020 --> 01:46:04,380

come to to terms with some of the things

2424

01:46:07,160 --> 01:46:06,030

that you went through yeah we're open it

2425

01:46:08,180 --> 01:46:07,170

we're going to check me further I would

2426

01:46:10,190 --> 01:46:08,190

okay now we're gonna have more

2427

01:46:12,770 --> 01:46:10,200

recollection I thought when I get deep

2428

01:46:14,480 --> 01:46:12,780

into it I'm gonna remember more and it's

2429

01:46:17,930 --> 01:46:14,490

happened on um took like we've toured

2430

01:46:20,060 --> 01:46:17,940

the story's one from about 1994 when we

2431

01:46:21,740 --> 01:46:20,070

moved to Bridlington and something

2432

01:46:24,410 --> 01:46:21,750

happened and I've got a little bit

2433

01:46:28,100 --> 01:46:24,420

further with it because I'm reluctant

2434

01:46:30,830 --> 01:46:28,110

this for the most part Chris and Phillip

2435

01:46:33,380 --> 01:46:30,840

I'm thinking your same I don't want to

2436

01:46:34,760 --> 01:46:33,390

polish a story and make it sound I don't

2437

01:46:37,070 --> 01:46:34,770

want to add to it just to entertain

2438

01:46:41,390 --> 01:46:37,080

somebody I want it to be as close to

2439

01:46:43,070 --> 01:46:41,400

bone as possible because you get caught

2440

01:46:45,980 --> 01:46:43,080

out and I don't want to lie

2441

01:46:47,510 --> 01:46:45,990

do you know what I mean and so I so

2442

01:46:50,150 --> 01:46:47,520

that's that's how it's been but the

2443

01:46:51,860 --> 01:46:50,160

night people it's a culmination of from

2444

01:46:53,030 --> 01:46:51,870

about as early as I can remember because

2445

01:46:54,440 --> 01:46:53,040

there's a child that we all know we

2446

01:46:56,600 --> 01:46:54,450

don't make a diary of things so I'm

2447

01:46:59,810 --> 01:46:56,610

thinking I'm 5 or 6 years old when I've

2448

01:47:01,670 --> 01:46:59,820

got these memories going through life he

2449

01:47:05,450 --> 01:47:01,680

stopped at about 14 I would have thought

2450

01:47:08,720 --> 01:47:05,460

till about 24 25 and started again and

2451

01:47:11,270 --> 01:47:08,730

then stopped he stopped in 1998 because

2452

01:47:12,680 --> 01:47:11,280

I've got the medical records that say

2453

01:47:14,660 --> 01:47:12,690

you've seen a monkey Chris with a

2454

01:47:17,690 --> 01:47:14,670

perplexed about initial lesions that

2455

01:47:21,830 --> 01:47:17,700

appear in him body and I could vote you

2456

01:47:24,200 --> 01:47:21,840

for that but yeah just two stories that

2457

01:47:26,780 --> 01:47:24,210

have have just gone a little bit further

2458

01:47:28,400 --> 01:47:26,790

I'd love to have elaborated and made him

2459

01:47:30,320 --> 01:47:28,410

a lot better what you can you've got a

2460

01:47:32,420 --> 01:47:30,330

you've got a paint a picture I mean I'm

2461

01:47:36,680 --> 01:47:32,430

not Travis Walton you can remember the

2462

01:47:38,030 --> 01:47:36,690

full details of his event and all other

2463

01:47:41,450 --> 01:47:38,040

people can but I can't

2464

01:47:46,110 --> 01:47:41,460

known only relate what I know you know

2465

01:47:48,690 --> 01:47:46,120

okay then sir truth proof three do you

2466

01:47:50,130 --> 01:47:48,700

want to give this smoothie I mean I'm

2467

01:47:52,260 --> 01:47:50,140

not saying going to create graphic

2468

01:47:55,080 --> 01:47:52,270

detail because obviously I want people

2469

01:47:56,610 --> 01:47:55,090

to buy yep well give us some give us

2470

01:47:58,820 --> 01:47:56,620

some of the items from what's worth

2471

01:48:01,710 --> 01:47:58,830

Priya the large amount of the book

2472

01:48:03,930 --> 01:48:01,720

revolves around the cliffs lane story

2473

01:48:06,720 --> 01:48:03,940

what we talked about at the Outer Limits

2474

01:48:09,930 --> 01:48:06,730

conference last year yeah because it's

2475

01:48:12,600 --> 01:48:09,940

ongoing you know the the objects that

2476
01:48:14,880 --> 01:48:12,610
are being seen around this area and the

2477
01:48:18,420 --> 01:48:14,890
the animal mutilations I didn't think

2478
01:48:20,510 --> 01:48:18,430
I'd be moving from UFO type stuff to

2479
01:48:21,690 --> 01:48:20,520
animal mutilations but he seems he's all

2480
01:48:24,750 --> 01:48:21,700
interconnected

2481
01:48:27,420 --> 01:48:24,760
and it's still happening so basically

2482
01:48:29,640 --> 01:48:27,430
we've got we've got a lot of stories

2483
01:48:32,070 --> 01:48:29,650
around the center around cliff Lane

2484
01:48:33,840 --> 01:48:32,080
strange triangle depressions that don't

2485
01:48:36,920 --> 01:48:33,850
sound that exciting that appear

2486
01:48:39,660 --> 01:48:36,930
overnight in a pea crop that literally

2487
01:48:42,540 --> 01:48:39,670
erased all the crop and leave it just

2488
01:48:45,510 --> 01:48:42,550

like a perfectly brown triangle in the

2489

01:48:47,130 --> 01:48:45,520

crop and from that you've got people on

2490

01:48:50,250 --> 01:48:47,140

the cliff tops coming to me and

2491

01:48:53,910 --> 01:48:50,260

reporting seen triangles and small black

2492

01:48:55,560 --> 01:48:53,920

triangles flying below the sea sorry I

2493

01:48:59,670 --> 01:48:55,570

booked the say obviously but below the

2494

01:49:02,760 --> 01:48:59,680

cliffs and it's just a culmination of a

2495

01:49:05,760 --> 01:49:02,770

lot of different stories around the area

2496

01:49:07,350 --> 01:49:05,770

you know people see I'm just relating

2497

01:49:09,020 --> 01:49:07,360

people's experiences and people

2498

01:49:15,360 --> 01:49:09,030

sightings

2499

01:49:18,510 --> 01:49:15,370

yeah ditto really not really no but

2500

01:49:21,840 --> 01:49:18,520

that's perfectly found because it's in

2501

01:49:24,570 --> 01:49:21,850

reality then it's it's more the the

2502

01:49:27,330 --> 01:49:24,580

other two books TP 1 & 2 were more for

2503

01:49:30,360 --> 01:49:27,340

the area one day from really from like

2504

01:49:32,640 --> 01:49:30,370

Fowley flattened it's more than the same

2505

01:49:34,920 --> 01:49:32,650

with this you're up yeah it's more of

2506

01:49:37,470 --> 01:49:34,930

the same but more concentrated on that

2507

01:49:40,050 --> 01:49:37,480

one area that's perfectly yeah yeah

2508

01:49:42,090 --> 01:49:40,060

because that does seem to be the central

2509

01:49:44,340 --> 01:49:42,100

area we're all these strange and

2510

01:49:46,860 --> 01:49:44,350

wonderful events around yeah and as you

2511

01:49:48,920 --> 01:49:46,870

both you guys know for anybody listening

2512

01:49:51,060 --> 01:49:48,930

to this and I'm sure there's no

2513

01:49:52,260 --> 01:49:51,070

disrespect to the listeners but where

2514

01:49:53,790 --> 01:49:52,270

I'm getting a lot of people coming to

2515

01:49:56,190 --> 01:49:53,800

them turn now and the

2516

01:49:59,850 --> 01:49:56,200

imagine they're gonna say something and

2517

01:50:02,100 --> 01:49:59,860

I like in the second book there's a guy

2518

01:50:06,210 --> 01:50:02,110

there who swaps that lane for close to

2519

01:50:07,460 --> 01:50:06,220

30 years and he's got three stories in

2520

01:50:13,380 --> 01:50:07,470

30 years

2521

01:50:15,930 --> 01:50:13,390

yeah wouldn't it be great if man so

2522

01:50:18,300 --> 01:50:15,940

we've concentrated a book full of

2523

01:50:21,720 --> 01:50:18,310

sightings but they're over a lot of

2524

01:50:24,420 --> 01:50:21,730

years and as everybody said seven days

2525

01:50:25,770 --> 01:50:24,430

in a week with 24 hours in a day and you

2526

01:50:28,110 --> 01:50:25,780

know we're only there for a little

2527

01:50:29,850 --> 01:50:28,120

snapshot and these things just Philip

2528

01:50:32,880 --> 01:50:29,860

said earlier and we've all said they

2529

01:50:34,770 --> 01:50:32,890

don't perform to order and chances have

2530

01:50:37,620 --> 01:50:34,780

seen something a slim all we could all

2531

01:50:40,320 --> 01:50:37,630

we do know is that in areas like the

2532

01:50:42,300 --> 01:50:40,330

area of Benton the areas of ice strange

2533

01:50:45,390 --> 01:50:42,310

to see the possibilities of seeing

2534

01:50:47,760 --> 01:50:45,400

something now greater because because

2535

01:50:48,870 --> 01:50:47,770

people do see things in this area I'm

2536

01:50:51,600 --> 01:50:48,880

not trying to discourage people from

2537

01:50:53,970 --> 01:50:51,610

looking come by all means but please

2538

01:50:55,650 --> 01:50:53,980

don't think that you these lights are

2539

01:50:57,180 --> 01:50:55,660

just gonna appear the first time you

2540

01:50:59,160 --> 01:50:57,190

look I know exactly what you saying

2541

01:51:01,260 --> 01:50:59,170

stalkers one with all the activity in

2542

01:51:04,110 --> 01:51:01,270

and around count morning in North

2543

01:51:05,700 --> 01:51:04,120

Yorkshire we tried our damndest I think

2544

01:51:09,390 --> 01:51:05,710

I've got a glimpse of it one night but

2545

01:51:13,410 --> 01:51:09,400

it was literally a glimpse and we tried

2546

01:51:15,870 --> 01:51:13,420

our best you know ticketed to UM we

2547

01:51:17,790 --> 01:51:15,880

always said if we could get something

2548

01:51:21,810 --> 01:51:17,800

personal we would confront it in the

2549

01:51:24,690 --> 01:51:21,820

best way we could but no now what you

2550

01:51:28,550 --> 01:51:24,700

know we just could not get a glimpse one

2551

01:51:31,320 --> 01:51:28,560

we camped out that week in the caravan

2552

01:51:34,050 --> 01:51:31,330

when I came home I used to run on what

2553

01:51:36,210 --> 01:51:34,060

we called a UFO hotline it was it was an

2554

01:51:39,720 --> 01:51:36,220

answer phone yeah but there was a

2555

01:51:42,000 --> 01:51:39,730

actually a report on my answer film from

2556

01:51:44,460 --> 01:51:42,010

not far from where we were staying but

2557

01:51:46,110 --> 01:51:44,470

it was down in the valley so there was

2558

01:51:48,570 --> 01:51:46,120

from our vantage point there's nowhere

2559

01:51:51,270 --> 01:51:48,580

we could see it anyway you know so it

2560

01:51:54,570 --> 01:51:51,280

was a bit you know a bit deflating that

2561

01:51:56,070 --> 01:51:54,580

we straight out there for a week and yet

2562

01:51:59,340 --> 01:51:56,080

there was a sighting on the answer form

2563

01:52:03,170 --> 01:51:59,350

when we got home you know yet but we

2564

01:52:05,730 --> 01:52:03,180

used to give a kind of a fishing analogy

2565

01:52:06,070 --> 01:52:05,740

that we knew these things were there and

2566

01:52:07,420 --> 01:52:06,080

because

2567

01:52:10,720 --> 01:52:07,430

you were there the increased your

2568

01:52:15,190 --> 01:52:10,730

chances of catching one you know yeah

2569

01:52:16,780 --> 01:52:15,200

so you're spot on my you really are and

2570

01:52:18,190 --> 01:52:16,790

if you obviously like yeah if you're in

2571

01:52:19,750 --> 01:52:18,200

one of these areas where it is a little

2572

01:52:20,830 --> 01:52:19,760

bit more active you have got a chance

2573

01:52:24,850 --> 01:52:20,840

and all those people come in this

2574

01:52:27,370 --> 01:52:24,860

weekend and I'll go meet them - yes

2575

01:52:30,480 --> 01:52:27,380

pride in it tomorrow night and spend a

2576

01:52:33,400 --> 01:52:30,490

few hours with them but sometimes feel

2577

01:52:36,790 --> 01:52:33,410

don't feel guilty cause it obviously I'm

2578

01:52:38,500 --> 01:52:36,800

know I've no say over when this thing's

2579

01:52:42,070 --> 01:52:38,510

gonna appear or when these things are

2580

01:52:44,230 --> 01:52:42,080

going to happen but yes I think it's

2581

01:52:46,920 --> 01:52:44,240

just luck of the draw but I think we've

2582

01:52:49,690 --> 01:52:46,930

just about covered everything in 1998

2583

01:52:51,700 --> 01:52:49,700

Chris and anybody out there that does

2584

01:52:53,500 --> 01:52:51,710

have any information you know there's a

2585

01:52:55,390 --> 01:52:53,510

guy oh you interviewed a few years ago

2586

01:52:57,700 --> 01:52:55,400

well a lot of years ago called Nick

2587

01:53:00,280 --> 01:52:57,710

Miller's any other quite incredible

2588

01:53:04,960 --> 01:53:00,290

exciting and I'm still trying to find

2589

01:53:06,850 --> 01:53:04,970

information about that well I sure I'm

2590

01:53:09,370 --> 01:53:06,860

gonna give it another girl Paul and see

2591

01:53:11,500 --> 01:53:09,380

if I can actually because as you

2592

01:53:14,560 --> 01:53:11,510

yourself known Phil no I did several

2593

01:53:16,300 --> 01:53:14,570

years away from the subject and I'm

2594

01:53:18,730 --> 01:53:16,310

being responsible I didn't want to pass

2595

01:53:20,830 --> 01:53:18,740

the information on to anybody else even

2596

01:53:22,690 --> 01:53:20,840

though I should have done with insight

2597

01:53:25,000 --> 01:53:22,700

and some people that I could have

2598

01:53:26,980 --> 01:53:25,010

trusted and but I didn't want to leave

2599

01:53:29,530 --> 01:53:26,990

information lying around with people's

2600

01:53:32,080 --> 01:53:29,540

details on which could be used for other

2601

01:53:35,170 --> 01:53:32,090

purposes so I actually destroyed a lot

2602

01:53:37,630 --> 01:53:35,180

of information when I am yep - my shame

2603

01:53:40,480 --> 01:53:37,640

and horror when when I walked away from

2604

01:53:42,520 --> 01:53:40,490

the subject for a while but am i will

2605

01:53:48,070 --> 01:53:42,530

give it another look but I can't promise

2606

01:53:50,620 --> 01:53:48,080

he'll find anything now just briefly say

2607

01:53:53,220 --> 01:53:50,630

this because it just totally brought in

2608

01:53:56,710 --> 01:53:53,230

people in 1998 but on the 12th of June

2609

01:53:59,500 --> 01:53:56,720

1998 tornado I think it was a t7 to

2610

01:54:02,230 --> 01:53:59,510

three crash ten miles off lumber ahead

2611

01:54:05,040 --> 01:54:02,240

though of controversy when it crashed at

2612

01:54:08,860 --> 01:54:05,050

the time with Ag monks ufo-related

2613

01:54:10,930 --> 01:54:08,870

interested parties not myself talk of

2614

01:54:13,000 --> 01:54:10,940

media blackout blackouts and everything

2615

01:54:16,780 --> 01:54:13,010

but I found something I'll get really

2616

01:54:18,940 --> 01:54:16,790

brief I found a lifeboat log dated the

2617

01:54:19,960 --> 01:54:18,950

that was that crashed on the 12th of

2618

01:54:23,640 --> 01:54:19,970

June I found

2619

01:54:28,270 --> 01:54:23,650

life don't log dated the 15th of July

2620

01:54:29,950 --> 01:54:28,280

1998 and I've got the log they kind

2621

01:54:31,660 --> 01:54:29,960

enough to let me have it where they went

2622

01:54:33,490 --> 01:54:31,670

black Baldwin's help to investigate a

2623

01:54:36,040 --> 01:54:33,500

large dark object that descended from

2624

01:54:38,590 --> 01:54:36,050

their landed on the surface of the sea

2625

01:54:42,220 --> 01:54:38,600

seen by fishermen slipped below the sea

2626

01:54:45,790 --> 01:54:42,230

and um all this stuff's happening

2627

01:54:48,220 --> 01:54:45,800

we've also a torn sea coast guard talked

2628

01:54:50,560 --> 01:54:48,230

of seeing the large black triangles fly

2629

01:54:52,570 --> 01:54:50,570

flying low over fields a military

2630

01:54:54,180 --> 01:54:52,580

roadblocks set up I haven't got a date

2631

01:54:58,180 --> 01:54:54,190

for that apart from it was the middle of

2632

01:55:01,390 --> 01:54:58,190

1998 I'm sorry about my talk today guys

2633

01:55:04,540 --> 01:55:01,400

been all 1998 what I'm just absolutely

2634

01:55:07,900 --> 01:55:04,550

no I I found it fascinating Paul as ever

2635

01:55:10,140 --> 01:55:07,910

but when I hear you speak be in person

2636

01:55:12,150 --> 01:55:10,150

or on the or on the phone or whatever

2637

01:55:15,160 --> 01:55:12,160

thank you

2638

01:55:16,810 --> 01:55:15,170

it's same it's always very a very

2639

01:55:20,500 --> 01:55:16,820

interesting listening to you Paul and

2640

01:55:23,100 --> 01:55:20,510

talking with you and you know for me

2641

01:55:27,460 --> 01:55:23,110

you're one of the few investigators and

2642

01:55:29,980 --> 01:55:27,470

all for me puts the hundred and hundred

2643

01:55:31,240 --> 01:55:29,990

percent into everything that you do and

2644

01:55:34,780 --> 01:55:31,250

I think that is absolutely fantastic

2645

01:55:36,940 --> 01:55:34,790

that you do that now I do know what our

2646

01:55:39,280 --> 01:55:36,950

people will be interested in in what you

2647

01:55:42,490 --> 01:55:39,290

have to say at the Outer Limits magazine

2648

01:55:45,280 --> 01:55:42,500

conference conference 2019 which will be

2649

01:55:47,770 --> 01:55:45,290

in Pontefract and if people really do

2650

01:55:49,150 --> 01:55:47,780

want to hear Paul and see Paul with

2651

01:55:51,190 --> 01:55:49,160

these fascinate the fascinating

2652

01:55:52,960 --> 01:55:51,200

information that he brings over you

2653

01:55:56,830 --> 01:55:52,970

really do need to get your tickets as

2654

01:55:58,420 --> 01:55:56,840

soon as possible well that's the

2655

01:56:01,810 --> 01:55:58,430

conference I'm going to be talking about

2656

01:56:03,310 --> 01:56:01,820

this however it won't be a carbon copy

2657

01:56:05,440 --> 01:56:03,320

because I'm gonna try and make it a

2658

01:56:07,750 --> 01:56:05,450

little bit I'm an animator don't know I

2659

01:56:10,240 --> 01:56:07,760

don't know what they project is like or

2660

01:56:12,040 --> 01:56:10,250

the screen this year at 24 at work now

2661

01:56:14,560 --> 01:56:12,050

that who are you that's fine I'll

2662

01:56:16,930 --> 01:56:14,570

trample the images together a mekin big

2663

01:56:19,180 --> 01:56:16,940

enough so everybody can see and will

2664

01:56:20,860 --> 01:56:19,190

when I'm talking about the industrial

2665

01:56:22,720 --> 01:56:20,870

unit I'll have a picture of it with the

2666

01:56:25,360 --> 01:56:22,730

names current names blanked out and

2667

01:56:26,770 --> 01:56:25,370

everything and yes you know just we'll

2668

01:56:28,660 --> 01:56:26,780

just animate it a little bit and

2669

01:56:32,740 --> 01:56:28,670

hopefully there'll be more information

2670

01:56:34,350 --> 01:56:32,750

2671

01:56:37,629 --> 01:56:34,360
