

THE PARANORMAL UK RADIO NETWORK PRESENTS
**INSIDE OUTER LIMITS
RADIO SHOW**

Featuring
Philip Mantle
Chris Evers

Talking With
Paul Ascough

1
00:00:18,990 --> 00:00:12,360
inside outer limits is a regular feature

2
00:01:07,859 --> 00:00:26,280
[Music]

3
00:01:13,630 --> 00:01:11,080
welcome to another edition of inside out

4
00:01:16,090 --> 00:01:13,640
Limits radio show with my co-host Philip

5
00:01:18,219 --> 00:01:16,100
mantel they are good evenin Christopher

6
00:01:20,740 --> 00:01:18,229
nice to speak to you mate you as well

7
00:01:21,940 --> 00:01:20,750
mate you as well glad to we're see that

8
00:01:23,710 --> 00:01:21,950
you're a you're getting a little bit

9
00:01:25,359 --> 00:01:23,720
better now when things are slowly moving

10
00:01:27,100 --> 00:01:25,369
forward for you which is brilliant news

11
00:01:28,510 --> 00:01:27,110
and I don't know about you but I am

12
00:01:31,630 --> 00:01:28,520
looking forward to waiting at the

13
00:01:35,559 --> 00:01:31,640

weekend well yeah you know I think it'll

14

00:01:38,109 --> 00:01:35,569

be a fun to attend what make a lot of

15

00:01:39,969 --> 00:01:38,119

old old faces and a lot of new ones so

16

00:01:41,529 --> 00:01:39,979

I'm looking forward to it well that's

17

00:01:42,969 --> 00:01:41,539

the thing that I enjoy about conferences

18

00:01:45,160 --> 00:01:42,979

more than anything is meeting up with

19

00:01:47,410 --> 00:01:45,170

all faces as you call them and you know

20

00:01:49,089 --> 00:01:47,420

and making new friends and just talking

21

00:01:51,039 --> 00:01:49,099

with people you know sometimes it's hard

22

00:01:52,809 --> 00:01:51,049

to work with individuals in the

23

00:01:54,429 --> 00:01:52,819

concourse or a lot more interesting than

24

00:02:04,510 --> 00:01:54,439

the talks that have bearson's doing on

25

00:02:17,650 --> 00:02:04,520

the stage so today we're interviewing a

26
00:02:19,360 --> 00:02:17,660
young man by the name of Paul ask Paul

27
00:02:22,960 --> 00:02:19,370
asked off there you go so brilliant

28
00:02:25,870 --> 00:02:22,970
that's a great to talk with Paul Paul

29
00:02:28,330 --> 00:02:25,880
he's a longtime interesting in the UFO

30
00:02:30,160 --> 00:02:28,340
field and he's actually an author it was

31
00:02:32,170 --> 00:02:30,170
just released his first book I believe

32
00:02:35,500 --> 00:02:32,180
Paul yeah that's correct

33
00:02:37,629 --> 00:02:35,510
I've been involved there I say on the

34
00:02:39,309 --> 00:02:37,639
fringes of the UFO community fringe

35
00:02:42,610 --> 00:02:39,319
might be a wrong word to use in this

36
00:02:44,620 --> 00:02:42,620
connotation that it carries but yeah

37
00:02:46,660 --> 00:02:44,630
I've been interested I've been a member

38
00:02:51,430 --> 00:02:46,670

of bill for was an investigator for a

39

00:02:53,440 --> 00:02:51,440

while and sort of was in a bead what can

40

00:02:55,840 --> 00:02:53,450

I say I won't say fun but an avid

41

00:02:59,890 --> 00:02:55,850

researcher of the subject from would you

42

00:03:01,900 --> 00:02:59,900

believe being 11 years old that's right

43

00:03:04,000 --> 00:03:01,910

I understand that you had a sighting

44

00:03:06,789 --> 00:03:04,010

round about the age of 11 don't you tell

45

00:03:08,949 --> 00:03:06,799

us about that yeah I was my brother and

46

00:03:12,280 --> 00:03:08,959

I we lived in on the edge of a village

47

00:03:14,289 --> 00:03:12,290

in the countryside from our front gates

48

00:03:16,150 --> 00:03:14,299

looking out the front of our home which

49

00:03:18,249 --> 00:03:16,160

is fields and fields and fields for

50

00:03:19,150 --> 00:03:18,259

miles so we had really good views

51

00:03:21,850 --> 00:03:19,160

looking

52

00:03:24,070 --> 00:03:21,860

and our last job of the day as young

53

00:03:26,770 --> 00:03:24,080

children I was 11 my brother was Magne

54

00:03:28,870 --> 00:03:26,780

was to take our dogs for a walk and the

55

00:03:30,940 --> 00:03:28,880

next-door neighbor's dogs for a walk who

56

00:03:33,670 --> 00:03:30,950

was quite severely disabled you only had

57

00:03:35,320 --> 00:03:33,680

one wrong the next War veteran so my

58

00:03:38,950 --> 00:03:35,330

father ruled with a rod of iron as they

59

00:03:42,490 --> 00:03:38,960

did in those days and yes and we went

60

00:03:43,900 --> 00:03:42,500

took the dogs came back we used to say

61

00:03:46,450 --> 00:03:43,910

goodnight repentance and go to bed

62

00:03:47,860 --> 00:03:46,460

my father was sat skåne pondered in the

63

00:03:50,680 --> 00:03:47,870

bench under the front window

64

00:03:53,140 --> 00:03:50,690

in the garden looking at his roses and

65

00:03:54,010 --> 00:03:53,150

we saw well everything away went out to

66

00:03:56,680 --> 00:03:54,020

say goodnight

67

00:03:59,740 --> 00:03:56,690

and as we saying goodnight it was sort

68

00:04:01,660 --> 00:03:59,750

of late evening not quite dark the first

69

00:04:03,580 --> 00:04:01,670

of the sort of good stars and the

70

00:04:06,070 --> 00:04:03,590

brighter constellations were visible and

71

00:04:08,350 --> 00:04:06,080

my father being interested in that sort

72

00:04:09,820 --> 00:04:08,360

of thing was saying what's that what's

73

00:04:13,300 --> 00:04:09,830

that you know which ways north they

74

00:04:15,790 --> 00:04:13,310

always used to ask that and to our to

75

00:04:17,920 --> 00:04:15,800

the north from almost a direct line in

76

00:04:19,930 --> 00:04:17,930

front of us was a big bank of cloud and

77

00:04:22,330 --> 00:04:19,940

then looking off was the sky was cloudy

78

00:04:25,180 --> 00:04:22,340

but to the south the sky was completely

79

00:04:27,430 --> 00:04:25,190

clear and as we're all looking at the

80

00:04:32,140 --> 00:04:27,440

stars that were just coming out think on

81

00:04:33,909 --> 00:04:32,150

I'm talking 1968 so it was long before a

82

00:04:37,800 --> 00:04:33,919

lot of light pollution everywhere well

83

00:04:41,380 --> 00:04:37,810

out in the countryside as well these two

84

00:04:44,290 --> 00:04:41,390

UFOs from one to a better term came out

85

00:04:47,260 --> 00:04:44,300

of the cloud quite rapidly and then just

86

00:04:49,810 --> 00:04:47,270

stopped dead brilliant pearly white

87

00:04:52,240 --> 00:04:49,820

color you can actually see the light

88

00:04:56,400 --> 00:04:52,250

from them shining on the cloud

89

00:04:59,530 --> 00:04:56,410

reflection off the cloud and the

90

00:05:02,230 --> 00:04:59,540

disorder came out the cloud stopped dead

91

00:05:04,270 --> 00:05:02,240

there was no deceleration they

92

00:05:07,750 --> 00:05:04,280

immediately just stopped dead and then

93

00:05:10,060 --> 00:05:07,760

up to maybe two seconds they sped off

94

00:05:11,860 --> 00:05:10,070

away from us again when it's a rapid

95

00:05:13,630 --> 00:05:11,870

rate of knots no acceleration

96

00:05:16,960 --> 00:05:13,640

they were either still or moving very

97

00:05:19,630 --> 00:05:16,970

quickly and they move straight out due

98

00:05:22,060 --> 00:05:19,640

east down almost parallel with this Bank

99

00:05:24,130 --> 00:05:22,070

of cloud and it did get close to the

100

00:05:26,800 --> 00:05:24,140

cloud you could see this light from them

101
00:05:29,800 --> 00:05:26,810
shining on the cloud and reflecting off

102
00:05:32,260 --> 00:05:29,810
it there also was they moved you could

103
00:05:33,670 --> 00:05:32,270
see a very tiny sort of teardrop shaped

104
00:07:45,950 --> 00:05:33,680
a

105
00:07:47,570 --> 00:07:45,960
were in this is ins over Selby

106
00:07:51,260 --> 00:07:47,580
I shouted to my wife they were moving

107
00:07:52,700 --> 00:07:51,270
very slowly again completely silent no

108
00:07:55,760 --> 00:07:52,710
flashing lights no anything

109
00:07:59,439 --> 00:07:55,770
just two white lights in the sky my wife

110
00:08:02,240 --> 00:07:59,449
came out and looked at them and then I

111
00:08:04,850 --> 00:08:02,250
Bri shouted the two boys

112
00:08:07,790 --> 00:08:04,860
the two boys came out to us so they were

113
00:08:08,510 --> 00:08:07,800

poor was watching it and literally came

114

00:08:14,140 --> 00:08:08,520

over

115

00:08:17,450 --> 00:08:14,150

maybe eighty degrees something like that

116

00:08:20,060 --> 00:08:17,460

literally as we watched it suddenly they

117

00:08:22,550 --> 00:08:20,070

accelerated away well accelerators the

118

00:08:25,189 --> 00:08:22,560

one word they just were absolutely

119

00:08:27,189 --> 00:08:25,199

zooming off into the distance

120

00:08:30,620 --> 00:08:27,199

and they moved in a westerly direction

121

00:08:36,699 --> 00:08:30,630

and they just zoomed out was height and

122

00:08:43,010 --> 00:08:40,490

again in July the 23rd 1984 same evening

123

00:08:45,800 --> 00:08:43,020

I was at work that evening I used to

124

00:08:48,860 --> 00:08:45,810

work in a factory on the Holly Park

125

00:08:50,750 --> 00:08:48,870

Trading Estate in Mali it's just just

126

00:08:53,750 --> 00:08:50,760

literally along the road from the Asda

127

00:08:56,090 --> 00:08:53,760

supermarket in Mali so I finished work

128

00:08:58,070 --> 00:08:56,100

about five to ten in the evening I lived

129

00:09:00,980 --> 00:08:58,080

at my parents so I mean tingly at that

130

00:09:03,800 --> 00:09:00,990

point you come out of the trade in this

131

00:09:05,570 --> 00:09:03,810

state you literally turn right you know

132

00:09:07,670 --> 00:09:05,580

onto the main road and it's one rolled

133

00:09:10,010 --> 00:09:07,680

all the way home and as soon as I got

134

00:09:12,710 --> 00:09:10,020

onto the main road it was a lovely

135

00:09:15,050 --> 00:09:12,720

summer's evening it wasn't dark I could

136

00:09:16,780 --> 00:09:15,060

see this light in the distance and I

137

00:09:19,880 --> 00:09:16,790

knew it shouldn't be there you know I

138

00:09:21,650 --> 00:09:19,890

knew the Stars and the planets and the

139

00:09:24,650 --> 00:09:21,660

aircraft I thought well that's a bit I

140

00:09:26,600 --> 00:09:24,660

don't know what that is so I took off as

141

00:09:29,810 --> 00:09:26,610

fast as my little car would go I used

142

00:09:36,410 --> 00:09:29,820

that was my first car at my Volkswagen

143

00:09:39,260 --> 00:09:36,420

Beetle and you didn't call it a comet

144

00:09:44,300 --> 00:09:39,270

Wilma Wilma Oh Mike a star in the

145

00:09:45,980 --> 00:09:44,310

morning so if anybody knows the area

146

00:09:49,130 --> 00:09:45,990

there's a flyover that goes over the

147

00:09:50,690 --> 00:09:49,140

motorway Belted over there and as you

148

00:09:52,790 --> 00:09:50,700

come down the other side they used to be

149

00:09:55,250 --> 00:09:52,800

a lay-by for the buses to pull in so I

150

00:09:57,380 --> 00:09:55,260

pulled in there I'm about halfway home

151

00:09:58,450 --> 00:09:57,390

now it's just before the main tinguely

152

00:10:00,970 --> 00:09:58,460

roundabout

153

00:10:03,010 --> 00:10:00,980

which is now much much bigger than it

154

00:10:04,840 --> 00:10:03,020

used to be then and I could see it was

155

00:10:07,000 --> 00:10:04,850

now too light so I line them up with a

156

00:10:08,280 --> 00:10:07,010

lamppost and that they weren't moving so

157

00:10:10,960 --> 00:10:08,290

I jumped back in the car

158

00:10:13,000 --> 00:10:10,970

belt it off to back onto tingling now

159

00:10:14,860 --> 00:10:13,010

what near where I lived there's another

160

00:10:17,769 --> 00:10:14,870

boss layer by and you can see all of

161

00:10:19,960 --> 00:10:17,779

Leeds City of Leeds in the valley right

162

00:10:22,960 --> 00:10:19,970

out to cook courage on the hillside

163

00:10:24,850 --> 00:10:22,970

opposite in almost to the airport until

164

00:10:26,980 --> 00:10:24,860

you sort of just to your right a little

165

00:10:29,050 --> 00:10:26,990

bit was was there suburb of Middleton on

166

00:10:32,040 --> 00:10:29,060

the hill and these two lights as Paul

167

00:10:34,480 --> 00:10:32,050

described them were like pearly white

168

00:10:35,800 --> 00:10:34,490

the riot there was parallel with each

169

00:10:37,329 --> 00:10:35,810

other the right-hand one was a little

170

00:10:38,949 --> 00:10:37,339

bit larger than the other you didn't

171

00:10:41,110 --> 00:10:38,959

have too cocky head but Chris I could

172

00:10:42,850 --> 00:10:41,120

watch these through my windscreen you

173

00:10:46,300 --> 00:10:42,860

know and they were just hung over

174

00:10:48,430 --> 00:10:46,310

Middleton and totally as far as I was

175

00:10:53,230 --> 00:10:48,440

concerned not moving there was no noise

176
00:10:57,550 --> 00:10:53,240
and then bump blink gone you know just

177
00:11:01,960 --> 00:10:57,560
like that yeah this is them wasn't that

178
00:11:04,360 --> 00:11:01,970
nice it wasn't there a series yeah I was

179
00:11:07,150 --> 00:11:04,370
part of the Yorkshire UFL Society at

180
00:11:10,060 --> 00:11:07,160
that point being with him just over four

181
00:11:12,910 --> 00:11:10,070
years so I shut off round home grab made

182
00:11:16,600 --> 00:11:12,920
me Cameron binoculars I actually phoned

183
00:11:19,329 --> 00:11:16,610
Matt blitz all who was set up the group

184
00:11:21,640 --> 00:11:19,339
with Graham and I shut off back out to

185
00:11:23,560 --> 00:11:21,650
the same vantage point and stood there

186
00:11:24,190 --> 00:11:23,570
for about an hour never saw anything

187
00:11:26,460 --> 00:11:24,200
else

188
00:11:28,870 --> 00:11:26,470

but the phone had started to ring and

189

00:11:31,420 --> 00:11:28,880

when I went back to work the next day

190

00:11:33,370 --> 00:11:31,430

and some of my colleagues that I work

191

00:11:36,280 --> 00:11:33,380

with who went on similar routes to me

192

00:11:37,660 --> 00:11:36,290

some even on the same route driving home

193

00:11:41,110 --> 00:11:37,670

that night said Phil did you see them

194

00:11:44,410 --> 00:11:41,120

why it's last night yeah and you know we

195

00:11:47,190 --> 00:11:44,420

received certainly dozens of reports

196

00:11:49,960 --> 00:11:47,200

Chris probably even inches three figures

197

00:11:52,180 --> 00:11:49,970

so mark Birdsall and I took it upon

198

00:11:54,639 --> 00:11:52,190

ourselves to investigate these sightings

199

00:11:57,100 --> 00:11:54,649

and we got reports from all over what

200

00:12:00,550 --> 00:11:57,110

what happened as far as we could

201
00:12:02,860 --> 00:12:00,560
detail is whatever it was was around for

202
00:12:04,660 --> 00:12:02,870
about a couple of hours he seemed to

203
00:12:07,150 --> 00:12:04,670
come across from from your neck of the

204
00:12:10,360 --> 00:12:07,160
woods from the east coast

205
00:12:12,160 --> 00:12:10,370
beyond us out path leads out to where

206
00:12:15,040 --> 00:12:12,170
Paul was living York

207
00:12:17,500 --> 00:12:15,050
I'll be area then seemed to turn around

208
00:12:19,840 --> 00:12:17,510
for want of a better word and head back

209
00:12:22,509 --> 00:12:19,850
towards the coast I mean even there was

210
00:12:23,800 --> 00:12:22,519
even police officers on duty in Leeds

211
00:12:26,620 --> 00:12:23,810
that saw it that night

212
00:12:30,100 --> 00:12:26,630
and did you not see again the same night

213
00:12:31,810 --> 00:12:30,110

Paul yeah now this was the latter part

214

00:12:34,240 --> 00:12:31,820

of my story it was I've taken the dog

215

00:12:35,800 --> 00:12:34,250

for quite a long walk having more of my

216

00:12:38,259 --> 00:12:35,810

eyes on the sky then I was on what the

217

00:12:40,720 --> 00:12:38,269

dog was doing didn't see anything at all

218

00:12:43,449 --> 00:12:40,730

and then literally as I get back to the

219

00:12:44,620 --> 00:12:43,459

house and I'm closing the gate behind

220

00:12:48,040 --> 00:12:44,630

the dog and letting him off the lead

221

00:12:50,110 --> 00:12:48,050

they appeared above me and by appeared I

222

00:12:52,060 --> 00:12:50,120

don't mean they just they weren't there

223

00:12:54,370 --> 00:12:52,070

then they were there it was just me that

224

00:12:57,790 --> 00:12:54,380

noticed exactly the same formation as

225

00:13:00,850 --> 00:12:57,800

Phil said they were just just like two

226

00:13:03,550 --> 00:13:00,860

bright lights slightly apart parallel

227

00:13:05,350 --> 00:13:03,560

with each other and they were moving

228

00:13:08,500 --> 00:13:05,360

back in the opposite direction by this

229

00:13:10,449 --> 00:13:08,510

time so to me they were actually moving

230

00:13:12,730 --> 00:13:10,459

back out towards the East Coast

231

00:13:15,939 --> 00:13:12,740

yeah well that that would confirm what

232

00:13:17,980 --> 00:13:15,949

our findings suggested and we found

233

00:13:20,290 --> 00:13:17,990

these out long before I met Paul I met

234

00:13:22,420 --> 00:13:20,300

Paul while early 1990s Paul somewhere

235

00:13:24,730 --> 00:13:22,430

around there and just wore them during

236

00:13:27,480 --> 00:13:24,740

one of our chats you know Paul says oh I

237

00:13:29,949 --> 00:13:27,490

saw something I mean you know I thought

238

00:13:33,009 --> 00:13:29,959

Hellfire it's the same thing I'm sorry

239

00:13:34,720 --> 00:13:33,019

you know shouldn't have surprised me

240

00:13:36,610 --> 00:13:34,730

really because we knew a lot of people

241

00:13:39,910 --> 00:13:36,620

had seen it and and we knew there was a

242

00:13:41,199 --> 00:13:39,920

lot more that hadn't reported it but the

243

00:13:44,050 --> 00:13:41,209

only difference is when Paul's

244

00:13:46,780 --> 00:13:44,060

observation it's actually moving what I

245

00:13:49,360 --> 00:13:46,790

think I saw was actually stationary and

246

00:13:52,180 --> 00:13:49,370

and of course what Paul it's kind of

247

00:13:54,850 --> 00:13:52,190

confirming what what we concluded that

248

00:13:56,710 --> 00:13:54,860

it was it did a sort of turn around not

249

00:13:59,350 --> 00:13:56,720

not fastest this razorba

250

00:14:01,150 --> 00:13:59,360

an hour and a half two hour period it

251
00:14:03,490 --> 00:14:01,160
was heading back from whence it had come

252
00:14:06,569 --> 00:14:03,500
why it was we've no idea I mean we

253
00:14:09,280 --> 00:14:06,579
literally Mark Bert salon myself

254
00:14:12,540 --> 00:14:09,290
contacted everybody from the Coast Guard

255
00:14:15,610 --> 00:14:12,550
out on the East Coast you know

256
00:14:18,129 --> 00:14:15,620
inland you know to the the airports

257
00:14:20,410 --> 00:14:18,139
there used to be a heliport in Leeds at

258
00:14:22,870 --> 00:14:20,420
that point I think it's long since gone

259
00:14:25,180 --> 00:14:22,880
and it wasn't a helicopter anyway

260
00:14:26,050 --> 00:14:25,190
because believe it or not down in the

261
00:14:28,690 --> 00:14:26,060
dip where

262
00:14:31,900 --> 00:14:28,700
I saw this but much much closer the work

263
00:14:33,970 --> 00:14:31,910

there's a there was a chapel built his

264

00:14:36,760 --> 00:14:33,980

own company and he he got banned from

265

00:14:39,970 --> 00:14:36,770

driving so he just passed you just

266

00:14:41,650 --> 00:14:39,980

caught a helicopter I was found it

267

00:14:43,240 --> 00:14:41,660

amazing that you could be banned from

268

00:14:47,440 --> 00:14:43,250

driving I think he'd had one too many

269

00:14:49,660 --> 00:14:47,450

but he could still fly a helicopter so

270

00:14:53,400 --> 00:14:49,670

he used to fly a helicopter over us so

271

00:14:56,200 --> 00:14:53,410

you know we were on the flight path to

272

00:14:57,520 --> 00:14:56,210

Leeds Bradford Airport quite you know I

273

00:14:59,410 --> 00:14:57,530

knew what the aircraft looked like it

274

00:15:01,830 --> 00:14:59,420

was it was nothing like any of these and

275

00:15:05,200 --> 00:15:01,840

it was much lower you know and of course

276

00:15:06,760 --> 00:15:05,210

behind where I used to live where I when

277

00:15:09,010 --> 00:15:06,770

I used to start early mornings we used

278

00:15:10,930 --> 00:15:09,020

to see the planet Venus rise so it was

279

00:15:12,550 --> 00:15:10,940

in the totally opposite direction for

280

00:15:14,860 --> 00:15:12,560

any of that the wrong time of year

281

00:15:17,620 --> 00:15:14,870

anyway and like I said it wasn't quite

282

00:15:21,370 --> 00:15:17,630

dark it was it was a lovely summer's

283

00:15:25,030 --> 00:15:21,380

evening and you know you could see these

284

00:15:26,950 --> 00:15:25,040

things as clear as day you know and I

285

00:15:28,480 --> 00:15:26,960

have no idea mark and I tried everything

286

00:15:31,300 --> 00:15:28,490

Graham came to a different conclusion

287

00:15:34,090 --> 00:15:31,310

Graham Bert saw basically what Graham

288

00:15:36,670 --> 00:15:34,100

did he got out on an old map and he

289

00:15:38,230 --> 00:15:36,680

pinpointed where these sightings have

290

00:15:41,770 --> 00:15:38,240

been made you know we got the

291

00:15:43,890 --> 00:15:41,780

information in now in 1984 we were still

292

00:15:46,890 --> 00:15:43,900

in the middle of the the miners strike

293

00:15:49,360 --> 00:15:46,900

and Graham thought it was a helicopter

294

00:15:51,910 --> 00:15:49,370

spying on the miners because he put

295

00:15:53,350 --> 00:15:51,920

these pins in and out map and on some of

296

00:15:57,130 --> 00:15:53,360

them there was core mines

297

00:15:58,990 --> 00:15:57,140

what what Graham felt he realized it was

298

00:16:02,500 --> 00:15:59,000

an old map and those coal mines had long

299

00:16:04,300 --> 00:16:02,510

since gone the didn't exist anymore like

300

00:16:05,950 --> 00:16:04,310

at Middleton where I saw this thing

301
00:16:08,020 --> 00:16:05,960
there was no coal mine and there hadn't

302
00:16:10,980 --> 00:16:08,030
been one as long as I could remember it

303
00:16:13,060 --> 00:16:10,990
was long since gone and only that yeah

304
00:16:16,390 --> 00:16:13,070
you know the way the miners strike

305
00:16:17,920 --> 00:16:16,400
worked the coal mine has never made any

306
00:16:19,720 --> 00:16:17,930
secret of where they're gonna be

307
00:16:21,610 --> 00:16:19,730
picketing so there was no and I

308
00:16:23,650 --> 00:16:21,620
certainly weren't there at night because

309
00:16:26,980 --> 00:16:23,660
you know they wanted the publicity and

310
00:16:28,810 --> 00:16:26,990
the television cameras and so you know

311
00:16:29,410 --> 00:16:28,820
Graham's theory kind of fell by the

312
00:16:32,230 --> 00:16:29,420
wayside

313
00:16:33,460 --> 00:16:32,240

plus it would have been in those days it

314

00:16:38,680 --> 00:16:33,470

would have been the police helicopter

315

00:16:39,680 --> 00:16:38,690

and and it was a scarce resource so to

316

00:16:41,450 --> 00:16:39,690

speak

317

00:16:44,720 --> 00:16:41,460

you know you're not like you have today

318

00:16:46,310 --> 00:16:44,730

and but what we know we never found an

319

00:16:48,140 --> 00:16:46,320

explanation for it I always thought

320

00:16:49,850 --> 00:16:48,150

there might have been one but I could

321

00:16:52,550 --> 00:16:49,860

never quite figure it out it could never

322

00:16:55,430 --> 00:16:52,560

find one and of course we speculated and

323

00:16:58,090 --> 00:16:55,440

I'm sure Paul Oliver he's comment on

324

00:17:00,890 --> 00:16:58,100

this that it might be in earth lights

325

00:17:02,420 --> 00:17:00,900

who knows that was just speculation but

326

00:17:04,340 --> 00:17:02,430

we never got to the bottom of it what

327

00:17:05,840 --> 00:17:04,350

what would you say if someone suggested

328

00:17:10,370 --> 00:17:05,850

it was it might have been earth lights

329

00:17:15,170 --> 00:17:10,380

Paul right I I agree it could appear as

330

00:17:18,020 --> 00:17:15,180

earth lights except it appeared to be

331

00:17:20,630 --> 00:17:18,030

intelligent intelligently controlled now

332

00:17:22,610 --> 00:17:20,640

I'm saying that because he kept a dead

333

00:17:25,280 --> 00:17:22,620

straight trajectory never moved

334

00:17:26,960 --> 00:17:25,290

whatsoever it was I mean on either side

335

00:17:29,150 --> 00:17:26,970

or wobbled about or anything it was just

336

00:17:31,730 --> 00:17:29,160

dead straight like it was properly

337

00:17:34,580 --> 00:17:31,740

driving on a course if you like and then

338

00:17:36,650 --> 00:17:34,590

he absolutely zoomed off like what

339

00:17:39,530 --> 00:17:36,660

pretend like the Starship Enterprise you

340

00:17:41,900 --> 00:17:39,540

wanker they were gone but it was still

341

00:17:44,840 --> 00:17:41,910

on the same trajectory and then when it

342

00:17:47,120 --> 00:17:44,850

came back he came back in the total

343

00:17:47,870 --> 00:17:47,130

opposite direction and it went over my

344

00:17:50,000 --> 00:17:47,880

head

345

00:17:51,470 --> 00:17:50,010

until it disappeared out of sight now it

346

00:17:55,630 --> 00:17:51,480

didn't speed up but anything then it

347

00:17:59,740 --> 00:17:55,640

just kept a constant slow low speed

348

00:18:01,670 --> 00:17:59,750

where earth lights you could argue from

349

00:18:04,360 --> 00:18:01,680

reports that we've had and people

350

00:18:08,480 --> 00:18:04,370

investigated myself included that

351

00:18:10,670 --> 00:18:08,490

there's no definitive track or path that

352

00:18:12,620 --> 00:18:10,680

they follow that is in a straight line

353

00:18:14,240 --> 00:18:12,630

they do move about they do you know

354

00:18:16,640 --> 00:18:14,250

generally don't last for that long

355

00:18:19,580 --> 00:18:16,650

either yeah well that's what I would say

356

00:18:21,530 --> 00:18:19,590

I mean normally earth clients have been

357

00:18:23,870 --> 00:18:21,540

known to be around for you know minutes

358

00:18:27,680 --> 00:18:23,880

shall we say but this whatever this was

359

00:18:29,780 --> 00:18:27,690

was around for a couple of hours maybe

360

00:18:32,270 --> 00:18:29,790

even longer for all we know you know but

361

00:18:34,790 --> 00:18:32,280

certainly a couple of hours I would

362

00:18:37,760 --> 00:18:34,800

agree that he it could appear to be

363

00:18:40,160 --> 00:18:37,770

intelligent control if that's the case

364

00:18:42,530 --> 00:18:40,170

then I would say that there's a

365

00:18:45,770 --> 00:18:42,540

conventional explanation for it but I

366

00:18:47,900 --> 00:18:45,780

just don't know what it is the reason I

367

00:18:53,450 --> 00:18:47,910

say that Chris is because in my

368

00:18:53,630 --> 00:18:53,460

experience as most people listening will

369

00:19:01,130 --> 00:18:53,640

be

370

00:19:03,830 --> 00:19:01,140

will say too long I suppose usually when

371

00:19:07,580 --> 00:19:03,840

you get a sighting that seen over a

372

00:19:12,410 --> 00:19:07,590

large geographical area and it's seen by

373

00:19:15,020 --> 00:19:12,420

a lot of people it tends to have a

374

00:19:19,039 --> 00:19:15,030

conventional explanation you know of one

375

00:19:22,070 --> 00:19:19,049

form or another so yeah using that you

376

00:19:24,710 --> 00:19:22,080

know I would suggest that there is

377

00:19:26,750 --> 00:19:24,720

perhaps a conventional explanation to

378

00:19:29,060 --> 00:19:26,760

what we saw that night but I couldn't

379

00:19:31,730 --> 00:19:29,070

honestly tell you hand on how what what

380

00:19:34,070 --> 00:19:31,740

it was or what it may be we we tried our

381

00:19:36,440 --> 00:19:34,080

damndest to try and track something down

382

00:19:40,340 --> 00:19:36,450

that could account for it and we never

383

00:19:41,810 --> 00:19:40,350

managed to do that so I would leave me

384

00:19:44,590 --> 00:19:41,820

personally I would just leave it open to

385

00:19:47,930 --> 00:19:44,600

to conclusion you know I have no idea

386

00:19:49,669 --> 00:19:47,940

you see another unexplained yeah but

387

00:19:53,360 --> 00:19:49,679

from my point of view can I just say

388

00:19:55,669 --> 00:19:53,370

that had Philip seen what we saw in

389

00:19:58,130 --> 00:19:55,679

Selby where it was moving slowly and

390

00:20:00,169 --> 00:19:58,140

then moved extremely quickly and then

391

00:20:03,289 --> 00:20:00,179

was sold again in the opposite direction

392

00:20:06,980 --> 00:20:03,299

like 180 degrees from the direction we

393

00:20:08,720 --> 00:20:06,990

first saw then he may also have said it

394

00:20:12,710 --> 00:20:08,730

did appear to be intelligently

395

00:20:16,159 --> 00:20:12,720

controlled yeah I'm not denying that I'm

396

00:20:17,980 --> 00:20:16,169

not I totally agree with what you're

397

00:20:20,840 --> 00:20:17,990

saying Polly could appear to be

398

00:20:23,090 --> 00:20:20,850

intelligently controlled and the way I

399

00:20:25,250 --> 00:20:23,100

think if that's the case then I think

400

00:20:29,150 --> 00:20:25,260

there may well be an explanation for it

401
00:20:31,580 --> 00:20:29,160
but okay we couldn't find one I mean you

402
00:20:33,620 --> 00:20:31,590
I think because it was something that I

403
00:20:37,100 --> 00:20:33,630
was personally involved in we tried that

404
00:20:40,250 --> 00:20:37,110
a little bit harder and you know for

405
00:20:42,049 --> 00:20:40,260
months on end mark and I would say well

406
00:20:44,390 --> 00:20:42,059
we've got another site a name gonna and

407
00:20:46,220 --> 00:20:44,400
it was all you know from July that's

408
00:20:48,049 --> 00:20:46,230
what he said that because in those days

409
00:20:50,570 --> 00:20:48,059
of course there's no internet there's no

410
00:20:53,360 --> 00:20:50,580
email people other active owners or

411
00:20:55,340 --> 00:20:53,370
right to was a and it never cease to

412
00:20:57,380 --> 00:20:55,350
amaze me Chris how they used to find us

413
00:20:59,030 --> 00:20:57,390

so we weren't registered anywhere you

414

00:21:04,730 --> 00:20:59,040

couldn't find it in the phone book you

415

00:21:06,380 --> 00:21:04,740

know but finders they did thankfully so

416

00:21:07,600 --> 00:21:06,390

it would never surprise me again if we

417

00:21:10,789 --> 00:21:07,610

weren't chatting with someone

418

00:21:13,060 --> 00:21:10,799

you know I saw that now as well you know

419

00:21:17,509 --> 00:21:13,070

it never surprised me at all

420

00:21:19,279 --> 00:21:17,519

but there you go now what Wow I've just

421

00:21:21,379 --> 00:21:19,289

forever has two appalled with your

422

00:21:23,810 --> 00:21:21,389

description of your sighting when you

423

00:21:26,840 --> 00:21:23,820

were younger I think as you said in 1968

424

00:21:31,279 --> 00:21:26,850

and you described it as teardrop shaped

425

00:21:33,740 --> 00:21:31,289

now is that that is similar to um I

426

00:21:36,110 --> 00:21:33,750

believe filled with what mr. Hixon and

427

00:21:41,499 --> 00:21:36,120

mr. Bachus or when you know when it came

428

00:21:44,360 --> 00:21:41,509

down it was kind of tear dropped stroke

429

00:21:46,490 --> 00:21:44,370

rugby football they call it but you know

430

00:21:48,950 --> 00:21:46,500

American football yeah which is not that

431

00:21:51,019 --> 00:21:48,960

yeah it's it's not the same sort of

432

00:21:54,399 --> 00:21:51,029

shape of a rugby bar would use here it's

433

00:21:56,899 --> 00:21:54,409

it's a bit fatter so shall we say and

434

00:22:00,200 --> 00:21:56,909

what amazed of it that it was pretty

435

00:22:02,600 --> 00:22:00,210

long you know but it wasn't that high

436

00:22:05,210 --> 00:22:02,610

was you know they thought it was 80 to

437

00:22:07,940 --> 00:22:05,220

100 feet long but only about eight or

438

00:22:10,759 --> 00:22:07,950

ten feet high and I kind of puzzled them

439

00:22:12,860 --> 00:22:10,769

and I mean everything about this puzzle

440

00:22:16,399 --> 00:22:12,870

done there was a bright light of course

441

00:22:17,029 --> 00:22:16,409

and then this they call it a door for

442

00:22:20,019 --> 00:22:17,039

one of another

443

00:22:22,519 --> 00:22:20,029

again another word its opening and this

444

00:22:25,159 --> 00:22:22,529

this whole light came from this opening

445

00:22:27,560 --> 00:22:25,169

and when you hear the you know Calvin

446

00:22:30,680 --> 00:22:27,570

under hypnosis talking about this

447

00:22:32,869 --> 00:22:30,690

they just this fact that this door

448

00:22:34,369 --> 00:22:32,879

because they used to seen a door open

449

00:22:35,960 --> 00:22:34,379

conventionally you know you open the

450

00:22:40,430 --> 00:22:35,970

door you swing it are you pull it back

451
00:22:42,560 --> 00:22:40,440
this just a bearded and and these even

452
00:22:45,440 --> 00:22:42,570
more intense light emanated out of this

453
00:22:47,600 --> 00:22:45,450
thing and pretty much almost blinded

454
00:22:50,960 --> 00:22:47,610
them and it took them a while for their

455
00:22:53,930 --> 00:22:50,970
eyes to get you know adjust but yes it

456
00:22:56,379 --> 00:22:53,940
was it was you know not not a perfect

457
00:22:58,460 --> 00:22:56,389
football in Calvin's but there's a

458
00:23:02,419 --> 00:22:58,470
couple of drawings of what it looked

459
00:23:04,820 --> 00:23:02,429
like and sort of a teardrop on on end if

460
00:23:08,779 --> 00:23:04,830
you like you know what I mean yeah yeah

461
00:23:10,369 --> 00:23:08,789
most peculiar yeah well so Paul you're

462
00:23:12,110 --> 00:23:10,379
going to say something Paul there goes

463
00:23:14,240 --> 00:23:12,120

yeah well I was just going to say mine

464

00:23:16,310 --> 00:23:14,250

appeared only as a teardrop shape when

465

00:23:18,109 --> 00:23:16,320

he moved that was the strange thing that

466

00:23:20,330 --> 00:23:18,119

there one of the things that got my

467

00:23:21,200 --> 00:23:20,340

attention was when they were still for

468

00:23:23,300 --> 00:23:21,210

those few seconds

469

00:23:27,020 --> 00:23:23,310

they would have perfect sphere but when

470

00:23:30,370 --> 00:23:27,030

they moved the tail-end I'm saying that

471

00:23:32,480 --> 00:23:30,380

because I'm assuming from from our

472

00:23:34,700 --> 00:23:32,490

position that we were observing them

473

00:23:37,150 --> 00:23:34,710

from you could see there was a tail

474

00:23:39,140 --> 00:23:37,160

shape out the back and it was only small

475

00:23:40,370 --> 00:23:39,150

but all the wise there was still that

476

00:23:43,070 --> 00:23:40,380

perfect sphere

477

00:23:46,750 --> 00:23:43,080

it wasn't football as in American

478

00:23:49,640 --> 00:23:46,760

football shaped yeah now Paul you

479

00:23:51,140 --> 00:23:49,650

briefly touched on your book which is

480

00:23:53,330 --> 00:23:51,150

called the real story

481

00:23:56,630 --> 00:23:53,340

and a few seconds ago when we first

482

00:23:57,740 --> 00:23:56,640

introduced you and what you think what

483

00:24:00,890 --> 00:23:57,750

is your book about what you want to give

484

00:24:03,040 --> 00:24:00,900

us an outline of what you can write in a

485

00:24:04,970 --> 00:24:03,050

nutshell what I've tried to do because

486

00:24:08,530 --> 00:24:04,980

nobody up the pole we don't want any

487

00:24:10,820 --> 00:24:08,540

notes at least so I was where write

488

00:24:13,480 --> 00:24:10,830

experience different things paranormal

489

00:24:16,040 --> 00:24:13,490

things as well as seeing these UFOs

490

00:24:18,080 --> 00:24:16,050

occasionally on my own and occasionally

491

00:24:20,930 --> 00:24:18,090

with groups of people which is much

492

00:24:23,240 --> 00:24:20,940

better because then if you're all seeing

493

00:24:26,390 --> 00:24:23,250

the same thing and gives you some

494

00:24:29,240 --> 00:24:26,400

collaborative evidence though the what

495

00:24:31,780 --> 00:24:29,250

I've tried to do is over the years

496

00:24:34,430 --> 00:24:31,790

reading going to the view product

497

00:24:36,350 --> 00:24:34,440

conferences listening to people going to

498

00:24:39,440 --> 00:24:36,360

other different conferences talking to

499

00:24:41,690 --> 00:24:39,450

people like yourself and Philip you yeah

500

00:24:45,200 --> 00:24:41,700

opinion does change over the years

501
00:24:47,660 --> 00:24:45,210
and initially when I saw the first two

502
00:24:49,190 --> 00:24:47,670
UFOs my father and brother my father

503
00:24:51,740 --> 00:24:49,200
were all just sat there in silence

504
00:24:54,110 --> 00:24:51,750
thinking oh my god and my father's first

505
00:24:57,080 --> 00:24:54,120
words were well there's nothing that

506
00:25:01,160 --> 00:24:57,090
we've got that can do well and from that

507
00:25:03,290 --> 00:25:01,170
moment on for me it was like why are

508
00:25:05,870 --> 00:25:03,300
people report in this because this is so

509
00:25:09,410 --> 00:25:05,880
strange it was something else that I say

510
00:25:11,600 --> 00:25:09,420
was if you get some day well Mike Galvin

511
00:25:14,720 --> 00:25:11,610
will tell you if you get something that

512
00:25:17,420 --> 00:25:14,730
sees something that close is obvious

513
00:25:22,040 --> 00:25:17,430

that it's alien it's obvious that it's

514

00:25:24,260 --> 00:25:22,050

not man-made and occasionally and has

515

00:25:26,330 --> 00:25:24,270

happened to me on two occasions you get

516

00:25:29,540 --> 00:25:26,340

this sort of I'm not going to say a

517

00:25:32,240 --> 00:25:29,550

telepathic link but that's what it feels

518

00:25:34,850 --> 00:25:32,250

like and when we first saw these first

519

00:25:38,330 --> 00:25:34,860

two UFOs they came out and they stopped

520

00:25:41,480 --> 00:25:38,340

dead then immediately I saw I felt a

521

00:25:43,960 --> 00:25:41,490

connection was like oh we didn't mean to

522

00:25:48,049 --> 00:25:43,970

be seen we shouldn't be out of the cloud

523

00:25:50,360 --> 00:25:48,059

now that was psychological I don't know

524

00:25:53,090 --> 00:25:50,370

but as an 11 year old psychology demon

525

00:25:56,960 --> 00:25:53,100

come onto my radar okay but that was

526

00:25:59,630 --> 00:25:56,970

just an impression that I got and in

527

00:26:03,230 --> 00:25:59,640

another case as well that investigator

528

00:26:06,259 --> 00:26:03,240

later people I'm not going to say

529

00:26:08,810 --> 00:26:06,269

contactees but people that see UFOs at

530

00:26:11,169 --> 00:26:08,820

closer quarters I'm not seeing as close

531

00:26:14,210 --> 00:26:11,179

as Calvin did but at closer quarters

532

00:26:16,029 --> 00:26:14,220

sometimes also get that telepathic

533

00:26:19,129 --> 00:26:16,039

connection for want of a better phrase

534

00:26:21,200 --> 00:26:19,139

now just to go on I've sort of

535

00:26:23,210 --> 00:26:21,210

documented different paranormal

536

00:26:26,029 --> 00:26:23,220

experiences and you have those sightings

537

00:26:28,340 --> 00:26:26,039

throughout the book to bring it from my

538

00:26:32,029 --> 00:26:28,350

first sighting up today took to the

539

00:26:34,820 --> 00:26:32,039

present and just literally a few weeks

540

00:26:37,279 --> 00:26:34,830

ago my sister and two of her cousins

541

00:26:41,360 --> 00:26:37,289

were on holiday which they do every year

542

00:26:43,850 --> 00:26:41,370

in North Wales and they and saw some

543

00:26:45,769 --> 00:26:43,860

lights in the sky and they'd been up for

544

00:26:48,740 --> 00:26:45,779

the day they'd come back they've been

545

00:26:51,860 --> 00:26:48,750

playing cards so they've been up quite

546

00:26:53,840 --> 00:26:51,870

late then so then the two did all gone

547

00:26:56,090 --> 00:26:53,850

to bed and when they'd gone to bed they

548

00:26:58,220 --> 00:26:56,100

were in this country cottage and Madison

549

00:27:01,669 --> 00:26:58,230

one of the cousins went to close the

550

00:27:03,740 --> 00:27:01,679

curtains she look out not in a northerly

551
00:27:06,919 --> 00:27:03,750
direction from where they were and there

552
00:27:09,470 --> 00:27:06,929
were four lights in a row and again it's

553
00:27:12,230 --> 00:27:09,480
a bit of a cliché creamy white in color

554
00:27:15,950 --> 00:27:12,240
just like a car headlight perfectly

555
00:27:19,490 --> 00:27:15,960
round no apparent white services no

556
00:27:23,659 --> 00:27:19,500
wings or anything like that no red or

557
00:27:28,250 --> 00:27:23,669
green strobes no sound perfectly silent

558
00:27:30,980 --> 00:27:28,260
just for lights now she said I looked at

559
00:27:33,320 --> 00:27:30,990
it and she says immediately I got the

560
00:27:36,080 --> 00:27:33,330
sensation that I shouldn't be looking at

561
00:27:38,629 --> 00:27:36,090
this and she says it made she said it

562
00:27:41,480 --> 00:27:38,639
made me afraid she says but it was like

563
00:27:42,980 --> 00:27:41,490

I was being told not to look and she

564

00:27:45,379 --> 00:27:42,990

said I'll just step back close the

565

00:27:47,810 --> 00:27:45,389

curtains and she says afterwards I was

566

00:27:48,220 --> 00:27:47,820

thinking how irrational that was and it

567

00:27:50,950 --> 00:27:48,230

wasn't

568

00:27:53,770 --> 00:27:50,960

normal and no that's right so two

569

00:27:55,720 --> 00:27:53,780

minutes later she got her cuz they older

570

00:27:58,360 --> 00:27:55,730

cousin and they went back to the window

571

00:28:01,330 --> 00:27:58,370

opened the curtains and it was just one

572

00:28:02,620 --> 00:28:01,340

single very large bright light there and

573

00:28:04,690 --> 00:28:02,630

she said it was quite large

574

00:28:07,090 --> 00:28:04,700

she said if he could old a normal sized

575

00:28:10,870 --> 00:28:07,100

light bulb at arm's length it was that

576

00:28:13,659 --> 00:28:10,880

big it was a 3040 degrees above the

577

00:28:16,630 --> 00:28:13,669

horizon appeared to be stationary and

578

00:28:18,190 --> 00:28:16,640

she said we watched that for a while and

579

00:28:20,530 --> 00:28:18,200

then she said for someone makes

580

00:28:23,590 --> 00:28:20,540

clickable reason again she said I got

581

00:28:27,100 --> 00:28:23,600

scared of it and then they stepped back

582

00:28:29,169 --> 00:28:27,110

again and closed the curtains again and

583

00:28:31,650 --> 00:28:29,179

she said it was weird it was fascinating

584

00:28:34,990 --> 00:28:31,660

she's never seen anything like it before

585

00:28:41,640 --> 00:28:35,000

but she said it was like however they

586

00:28:46,930 --> 00:28:44,560

interested so in your description of

587

00:28:49,870 --> 00:28:46,940

your book and which you can get on

588

00:28:51,940 --> 00:28:49,880

Amazon for books you know you can find

589

00:28:53,710 --> 00:28:51,950

it on there Paul's out of my numbers and

590

00:28:56,799 --> 00:28:53,720

now for a number of months you

591

00:28:59,620 --> 00:28:56,809

describing the description Paul that you

592

00:29:01,570 --> 00:28:59,630

personally believe these are experiences

593

00:29:04,539 --> 00:29:01,580

contribute to the making of the real

594

00:29:06,789 --> 00:29:04,549

story of why we are here and where we

595

00:29:09,010 --> 00:29:06,799

are going why are we here then in your

596

00:29:11,830 --> 00:29:09,020

opinion and where we can write again

597

00:29:14,110 --> 00:29:11,840

it's slightly going off the beaten track

598

00:29:15,700 --> 00:29:14,120

of you apology what I've tried to do and

599

00:29:19,750 --> 00:29:15,710

no offense to Philly Paul any good

600

00:29:24,820 --> 00:29:19,760

investigators because I think Philip or

601
00:29:27,220 --> 00:29:24,830
taken everyone might took against but

602
00:29:28,930 --> 00:29:27,230
the there is with some fantastic minds

603
00:29:31,350 --> 00:29:28,940
out there some brilliant people they've

604
00:29:34,060 --> 00:29:31,360
done a lot of footwork and a lot of

605
00:29:36,100 --> 00:29:34,070
fantastic books and we need these people

606
00:29:37,659 --> 00:29:36,110
to bring this out into the open

607
00:29:39,220 --> 00:29:37,669
and I think the more that this is

608
00:29:41,470 --> 00:29:39,230
brought into the open and brought more

609
00:29:44,799 --> 00:29:41,480
into the public domain so but people

610
00:29:47,770 --> 00:29:44,809
aware of it or are aware of it then the

611
00:29:50,140 --> 00:29:47,780
better people ecology because in my

612
00:29:54,100 --> 00:29:50,150
opinion again he suggests my opinion

613
00:29:56,950 --> 00:29:54,110

this has been covered up as in dr. Irene

614

00:29:59,919 --> 00:29:56,960

his cause book you know lies and

615

00:30:01,629 --> 00:29:59,929

misinformation for the last 70 years and

616

00:30:05,589 --> 00:30:01,639

I think that's absolute

617

00:30:09,359 --> 00:30:05,599

only true and because of the media shall

618

00:30:13,690 --> 00:30:09,369

we say debunking and tongue-in-cheek

619

00:30:17,349 --> 00:30:13,700

comedic coverage at the ufology and

620

00:30:18,969 --> 00:30:17,359

that's contributed to it now going back

621

00:30:21,369 --> 00:30:18,979

to what we were talking about earlier

622

00:30:23,499 --> 00:30:21,379

where I said these people have done a

623

00:30:29,019 --> 00:30:23,509

really good job and Phillips no

624

00:30:33,039 --> 00:30:29,029

exception is the people tend to just do

625

00:30:39,099 --> 00:30:33,049

either a single event as in the Calvin

626
00:30:41,139 --> 00:30:39,109
Parker case or maybe UFOs from a single

627
00:30:43,649 --> 00:30:41,149
country or things like that so you tend

628
00:30:46,959 --> 00:30:43,659
to get small portions of the whole thing

629
00:30:48,639 --> 00:30:46,969
now because of some of the paranormal

630
00:30:52,449 --> 00:30:48,649
events and friends that I've got the

631
00:30:55,149 --> 00:30:52,459
done research in paranormal groups and

632
00:30:57,599 --> 00:30:55,159
even people on the daresay fringes like

633
00:31:01,509 --> 00:30:57,609
Paul double that do earth lights and

634
00:31:06,069 --> 00:31:01,519
other shall we say related phenomenon

635
00:31:09,069 --> 00:31:06,079
Lima I believe that if science was to

636
00:31:11,769 --> 00:31:09,079
look at it and fund the money properly

637
00:31:14,469 --> 00:31:11,779
instead of wasting money on SETI and

638
00:31:17,109 --> 00:31:14,479

these other stupid programs if they

639

00:31:20,319 --> 00:31:17,119

looked at things properly they would be

640

00:31:22,989 --> 00:31:20,329

able to look into the paranormal and you

641

00:31:25,419 --> 00:31:22,999

froze and they come I won't say under

642

00:31:27,219 --> 00:31:25,429

the same umbrella but along adjacent

643

00:31:30,959 --> 00:31:27,229

umbrellas and they're all part of the

644

00:31:33,399 --> 00:31:30,969

bigger picture if you like mm-hmm that's

645

00:31:35,619 --> 00:31:33,409

interesting what was it that Stanton

646

00:31:39,069 --> 00:31:35,629

Friedman called SETI can you remember

647

00:31:40,629 --> 00:31:39,079

filled something-or-other to investigate

648

00:31:42,639 --> 00:31:40,639

it something I can't remember what you

649

00:31:46,299 --> 00:31:42,649

know but he wasn't that important

650

00:31:47,919 --> 00:31:46,309

where's the time basically I mean I have

651
00:31:52,239 --> 00:31:47,929
a colleague in London it was a big you

652
00:31:54,789 --> 00:31:52,249
know fan of the the SETI I had this

653
00:31:56,619 --> 00:31:54,799
argument with him I say no it's it's

654
00:31:58,509 --> 00:31:56,629
just a complete waste of time and money

655
00:32:01,440 --> 00:31:58,519
I can understand why scientists a

656
00:32:05,859 --> 00:32:01,450
attempt in it but as as I pointed out

657
00:32:09,359 --> 00:32:05,869
you know the next most intelligent

658
00:32:11,680 --> 00:32:09,369
creature on earth is the dolphin and we

659
00:32:13,659 --> 00:32:11,690
the scientists are led to believe that

660
00:32:15,030 --> 00:32:13,669
it does have a rudimentary language but

661
00:32:17,070 --> 00:32:15,040
we can understand it

662
00:32:19,080 --> 00:32:17,080
right here what what is clicks and beeps

663
00:32:21,750 --> 00:32:19,090

are talking about with teach it you jump

664

00:32:24,090 --> 00:32:21,760

up there and catch a fish but we cat cat

665

00:32:24,690 --> 00:32:24,100

cat we can't speak to it and ask it a

666

00:32:27,930 --> 00:32:24,700

question

667

00:32:31,680 --> 00:32:27,940

so you know we're beaming signals out

668

00:32:35,400 --> 00:32:31,690

into the into the cosmos and we're

669

00:32:37,560 --> 00:32:35,410

looking to receive signals well you know

670

00:32:40,830 --> 00:32:37,570

how are we expected to understand them

671

00:32:42,360 --> 00:32:40,840

even if we receive them you know the

672

00:32:45,780 --> 00:32:42,370

begs the question as far as I'm

673

00:32:48,900 --> 00:32:45,790

concerned and of course because muscle

674

00:32:52,700 --> 00:32:48,910

is so big you know I again I read some

675

00:32:56,970 --> 00:32:52,710

some space science material recently and

676

00:33:00,810 --> 00:32:56,980

the visible universe is is 48 billion

677

00:33:02,910 --> 00:33:00,820

light years across and they asked 2

678

00:33:05,400 --> 00:33:02,920

trillion galaxies and in those two

679

00:33:07,800 --> 00:33:05,410

trillion galaxies these zillions of you

680

00:33:10,020 --> 00:33:07,810

know stars and planets so it's an

681

00:33:14,220 --> 00:33:10,030

immense thing I mean you know your point

682

00:33:15,510 --> 00:33:14,230

you you radio telescopes out into space

683

00:33:18,090 --> 00:33:15,520

where would you start

684

00:33:20,490 --> 00:33:18,100

I mean it's not only that you know and

685

00:33:22,920 --> 00:33:20,500

when we talk about et visiting the earth

686

00:33:24,750 --> 00:33:22,930

and I'm not ruling it out you know

687

00:33:26,670 --> 00:33:24,760

you think I would defined us in the

688

00:33:29,940 --> 00:33:26,680

first place so that's always bothered me

689

00:33:32,460 --> 00:33:29,950

Chris because we've only been sending

690

00:33:34,950 --> 00:33:32,470

out you know radio signals at the speed

691

00:33:37,680 --> 00:33:34,960

of light for 150 years and they're about

692

00:33:39,540 --> 00:33:37,690

a maybe in a hundred years time they'll

693

00:33:41,880 --> 00:33:39,550

be gone will the world would be

694

00:33:44,790 --> 00:33:41,890

completely digital so will no longer be

695

00:33:47,610 --> 00:33:44,800

a hot spot in space so you know

696

00:33:49,080 --> 00:33:47,620

cosmologically we haven't even touched

697

00:33:52,230 --> 00:33:49,090

even when it was scratched the surface

698

00:33:54,780 --> 00:33:52,240

those signals have gone nowhere and if

699

00:33:57,870 --> 00:33:54,790

you think about it when you see the film

700

00:33:59,700 --> 00:33:57,880

contact and they receive this signal and

701
00:34:01,560 --> 00:33:59,710
then they they've got it on the screen

702
00:34:05,070 --> 00:34:01,570
what they do they've sent back some of

703
00:34:07,380 --> 00:34:05,080
the first TV pictures from Earth which

704
00:34:11,550 --> 00:34:07,390
was the the Berlin Olympics and a dolph

705
00:34:16,500 --> 00:34:11,560
zigler in 1936 or 34 somewhere around

706
00:34:18,330 --> 00:34:16,510
there yeah you know and Soho you know I

707
00:34:21,750 --> 00:34:18,340
don't know I don't know honest I said

708
00:34:25,260 --> 00:34:21,760
like if you were to invent interstellar

709
00:34:27,840 --> 00:34:25,270
travel tomorrow where would you go you

710
00:34:28,950 --> 00:34:27,850
know literally I'm talking Star Trek you

711
00:34:31,589 --> 00:34:28,960
know space travel

712
00:34:34,919 --> 00:34:31,599
where would you yeah oh where would you

713
00:34:37,020 --> 00:34:34,929

point it and you know I don't know I

714

00:34:39,720 --> 00:34:37,030

mean mankind for whatever reason

715

00:34:41,940 --> 00:34:39,730

gentlemen has always had this this

716

00:34:44,730 --> 00:34:41,950

curiosity gene is what I've often

717

00:34:46,379 --> 00:34:44,740

referred to as we want to know what's

718

00:34:50,940 --> 00:34:46,389

around the next corner over the next

719

00:34:53,069 --> 00:34:50,950

hill beyond the next horizon but would

720

00:34:55,049 --> 00:34:53,079

that mean there may well be countless

721

00:34:56,970 --> 00:34:55,059

intelligent species out there but there

722

00:35:02,069 --> 00:34:56,980

might be quite happy where they are they

723

00:35:05,280 --> 00:35:02,079

don't have don't have that gene and sir

724

00:35:07,020 --> 00:35:05,290

oh there's the it would have been nice

725

00:35:09,390 --> 00:35:07,030

to have put those kind of things into

726

00:35:10,680 --> 00:35:09,400

the Drake Equation is me add a flood to

727

00:35:13,140 --> 00:35:10,690

meets the eyes which I'm an astronomer

728

00:35:15,809 --> 00:35:13,150

what support in his equation now there

729

00:35:17,280 --> 00:35:15,819

you go you know fill it to go on from

730

00:35:20,700 --> 00:35:17,290

that that's one of the things that

731

00:35:22,470 --> 00:35:20,710

always amazes me how people say well

732

00:35:24,530 --> 00:35:22,480

what we didn't see it or whatever and

733

00:35:27,000 --> 00:35:24,540

it's when you actually look at the

734

00:35:29,160 --> 00:35:27,010

electromagnetic spectrum and the visible

735

00:35:30,089 --> 00:35:29,170

light that you and I can actually see

736

00:35:33,930 --> 00:35:30,099

yeah

737

00:35:36,990 --> 00:35:33,940

it's less than 1/10 of 1% so if you'll

738

00:35:38,339 --> 00:35:37,000

think now as in SETI and some of these

739

00:35:40,589 --> 00:35:38,349

others where they starting to go through

740

00:35:43,650 --> 00:35:40,599

the ultraviolet and then down through

741

00:35:45,359 --> 00:35:43,660

the infrared when you look at the whole

742

00:35:47,339 --> 00:35:45,369

of the electromagnetic spectrum

743

00:35:49,680 --> 00:35:47,349

if you go we'll just say through from

744

00:35:52,319 --> 00:35:49,690

visible light that we normally see is

745

00:35:54,120 --> 00:35:52,329

ultraviolet then x-rays had x-rays or

746

00:35:56,460 --> 00:35:54,130

gamma rays or the shorter wavelengths

747

00:35:57,870 --> 00:35:56,470

and the higher frequencies and then you

748

00:36:00,539 --> 00:35:57,880

move down through the infrared

749

00:36:04,710 --> 00:36:00,549

microwaves and the longer radio waves

750

00:36:07,859 --> 00:36:04,720

and the lower frequencies in my opinion

751

00:36:11,370 --> 00:36:07,869

and again it's just my opinion that we

752

00:36:15,359 --> 00:36:11,380

are so what can I say I won't say

753

00:36:19,109 --> 00:36:15,369

backward but we are it's an n-tuple

754

00:36:20,579 --> 00:36:19,119

if you like a spot in our learning curve

755

00:36:22,829 --> 00:36:20,589

I'm not saying not in that going to do

756

00:36:24,089 --> 00:36:22,839

in a derogatory way because we book how

757

00:36:27,510 --> 00:36:24,099

far we've come on just in the last

758

00:36:29,190 --> 00:36:27,520

hundred years alone but if you get we've

759

00:36:30,980 --> 00:36:29,200

only been round or the Earth's been

760

00:36:33,630 --> 00:36:30,990

around for four and a half billion years

761

00:36:37,530 --> 00:36:33,640

if you looked about on that there's a

762

00:36:40,260 --> 00:36:37,540

clock face the human race in modern time

763

00:36:42,480 --> 00:36:40,270

does Homo sapiens haven't been haven't

764

00:36:43,130 --> 00:36:42,490

even been here for a minute it's down to

765

00:36:46,829 --> 00:36:43,140

second

766

00:36:49,950 --> 00:36:46,839

so right yeah so if you look at somebody

767

00:36:52,140 --> 00:36:49,960

who will just say another species or

768

00:36:54,690 --> 00:36:52,150

another could even be Homo sapiens on

769

00:36:57,030 --> 00:36:54,700

another planet that could have evolved

770

00:36:59,130 --> 00:36:57,040

in the big scheme of things a million

771

00:37:00,900 --> 00:36:59,140

years before rose so there in a million

772

00:37:03,150 --> 00:37:00,910

years further down the road than we are

773

00:37:04,530 --> 00:37:03,160

now you just look at that on how far

774

00:37:06,660 --> 00:37:04,540

we've come on in the last hundred years

775

00:37:08,010 --> 00:37:06,670

where the heck are we going to be in

776

00:37:09,660 --> 00:37:08,020

another hundred years or another

777

00:37:12,990 --> 00:37:09,670

thousand years and they have already

778

00:37:14,819 --> 00:37:13,000

surpassed that so this is the other

779

00:37:17,520 --> 00:37:14,829

thing that's interesting what you say

780

00:37:20,280 --> 00:37:17,530

there Paul because well if it's only me

781

00:37:24,120 --> 00:37:20,290

but I've noticed a few places in our

782

00:37:26,520 --> 00:37:24,130

what it's it's crop top that people are

783

00:37:29,460 --> 00:37:26,530

saying you know tend to believe UFOs are

784

00:37:32,579 --> 00:37:29,470

real etcetera etcetera however not

785

00:37:34,470 --> 00:37:32,589

convinced ect could it be from the

786

00:37:37,620 --> 00:37:34,480

future could this be you know and out

787

00:37:40,760 --> 00:37:37,630

now I met a gentleman many years ago

788

00:37:43,140 --> 00:37:40,770

well in the 1990s a he's a

789

00:37:46,230 --> 00:37:43,150

japanese-american he's called professor

790

00:37:48,720 --> 00:37:46,240

Michio Kaku the cosmologists it was in

791

00:37:51,809 --> 00:37:48,730

the UK promoting his book which is

792

00:37:53,579 --> 00:37:51,819

called hyperspace and I met him at his

793

00:37:54,930 --> 00:37:53,589

hotel he was staying at in Manchester

794

00:37:57,000 --> 00:37:54,940

and I managed to grab an interview with

795

00:37:58,829 --> 00:37:57,010

him and he had to really dumb it down

796

00:38:01,440 --> 00:37:58,839

for me I mean you know I make no mistake

797

00:38:03,540 --> 00:38:01,450

about this you know me it would have

798

00:38:05,609 --> 00:38:03,550

been me totally yeah and he talked about

799

00:38:09,540 --> 00:38:05,619

other dimensions and he talked about

800

00:38:13,349 --> 00:38:09,550

time travel and he said theoretically

801
00:38:15,720 --> 00:38:13,359
Phillip time trouble is plausible but he

802
00:38:19,050 --> 00:38:15,730
said the only thing we lack at the

803
00:38:21,240 --> 00:38:19,060
moment is the power source in order to

804
00:38:22,890 --> 00:38:21,250
make time travel possible he said I give

805
00:38:25,050 --> 00:38:22,900
you an example of the kind of power we

806
00:38:29,190 --> 00:38:25,060
would need maybe something equivalent to

807
00:38:33,839 --> 00:38:29,200
our Sun but he said it would you know I

808
00:38:35,430 --> 00:38:33,849
it would never if he thought well it

809
00:38:38,040 --> 00:38:35,440
would never surprise me if one day

810
00:38:41,900 --> 00:38:38,050
somebody went pop and appeared and that

811
00:38:43,920 --> 00:38:41,910
would be his you know however many

812
00:38:45,569 --> 00:38:43,930
great-grandchildren in the future to pop

813
00:38:48,390 --> 00:38:45,579

back to say hello you were right you

814

00:38:51,240 --> 00:38:48,400

know I mean and he also talked about

815

00:38:52,559 --> 00:38:51,250

different dimensions and he told this

816

00:38:54,930 --> 00:38:52,569

told me this story where he had a

817

00:38:56,730 --> 00:38:54,940

Russian cosmology staying with him and

818

00:38:59,010 --> 00:38:56,740

they went to a casino on each

819

00:39:02,190 --> 00:38:59,020

50 dollars and we put it all on one

820

00:39:03,330 --> 00:39:02,200

number so professor Kakaako said don't

821

00:39:05,600 --> 00:39:03,340

you think that's a mistake don't you

822

00:39:09,330 --> 00:39:05,610

ought to keep back this is no easy pick

823

00:39:14,580 --> 00:39:09,340

us I know I know in one universe or I'll

824

00:39:15,810 --> 00:39:14,590

actually win multiple dimensions we said

825

00:39:18,750 --> 00:39:15,820

I know in one damage and I'll actually

826

00:39:22,500 --> 00:39:18,760

win so it got karamanian laughs and he

827

00:39:24,960 --> 00:39:22,510

talked to me in using Star Trek

828

00:39:29,150 --> 00:39:24,970

terminology so I can understand and it

829

00:39:32,250 --> 00:39:29,160

was absolutely fascinating and of course

830

00:39:34,170 --> 00:39:32,260

Britain's most famous case for one of a

831

00:39:37,530 --> 00:39:34,180

better phrase is what happened at

832

00:39:40,710 --> 00:39:37,540

Rendlesham in December 1980 and of

833

00:39:44,730 --> 00:39:40,720

course one of the witnesses involved

834

00:39:47,460 --> 00:39:44,740

there Jim Penniston has said that the

835

00:39:51,540 --> 00:39:47,470

object he encountered that night he was

836

00:39:56,400 --> 00:39:51,550

told that it was a it was also from the

837

00:39:58,650 --> 00:39:56,410

future when I say also made mankind so I

838

00:40:00,990 --> 00:39:58,660

don't know Paul made me you know who

839

00:40:02,970 --> 00:40:01,000

knows mate who knows but it's just

840

00:40:05,730 --> 00:40:02,980

fascinates me it really does yeah

841

00:40:07,590 --> 00:40:05,740

well this is one of our members gone so

842

00:40:11,400 --> 00:40:07,600

nice okay Paul going one of the things

843

00:40:13,770 --> 00:40:11,410

but that I always have always and there

844

00:40:16,050 --> 00:40:13,780

always annoys me is when you see these

845

00:40:17,849 --> 00:40:16,060

you're gone Sky television and see these

846

00:40:20,099 --> 00:40:17,859

programs you have for hunters or

847

00:40:24,060 --> 00:40:20,109

whatever and they are interviewing these

848

00:40:26,609 --> 00:40:24,070

primers now Philip there you had the

849

00:40:28,380 --> 00:40:26,619

good experience when you went to with a

850

00:40:30,359 --> 00:40:28,390

television program recently was it

851
00:40:33,090 --> 00:40:30,369
captain ray boy or the pilot from

852
00:40:36,030 --> 00:40:33,100
originally from the Channel Islands yes

853
00:40:38,910 --> 00:40:36,040
and now dead-straight level-headed guy

854
00:40:41,550 --> 00:40:38,920
been flying for donkey's years lot of

855
00:40:43,950 --> 00:40:41,560
experience and he just said this was

856
00:40:47,310 --> 00:40:43,960
huge and this was not normal and this

857
00:40:51,220 --> 00:40:47,320
didn't have any flight services so this

858
00:40:56,740 --> 00:40:53,650
like services that don't exist because

859
00:41:00,310 --> 00:40:56,750
they don't fly and it's same going back

860
00:41:03,339 --> 00:41:00,320
to what the professor said where people

861
00:41:05,349 --> 00:41:03,349
assume because some things five will

862
00:41:07,240 --> 00:41:05,359
just separate I didn't say five million

863
00:41:08,740 --> 00:41:07,250

light years away that it takes five

864

00:41:13,120 --> 00:41:08,750

million light years to get here

865

00:41:16,660 --> 00:41:13,130

well these are saying no it doesn't you

866

00:41:18,370 --> 00:41:16,670

know it's it's like there's people now

867

00:41:20,680 --> 00:41:18,380

off and I'm not saying that your purpose

868

00:41:23,530 --> 00:41:20,690

is one of them but they're really sort

869

00:41:26,020 --> 00:41:23,540

of moving things along and that thought

870

00:41:27,880 --> 00:41:26,030

if you imagine every thought that you

871

00:41:30,069 --> 00:41:27,890

have but we can measure you know the

872

00:41:33,579 --> 00:41:30,079

comporting electrodes on your head and

873

00:41:35,140 --> 00:41:33,589

they can see what actually see your

874

00:41:36,400 --> 00:41:35,150

brain waves moving now now they can't

875

00:41:39,520 --> 00:41:36,410

decipher it they don't know what you're

876

00:41:40,990 --> 00:41:39,530

thinking but because these will just

877

00:41:43,720 --> 00:41:41,000

appear argument's sake could be a

878

00:41:46,510 --> 00:41:43,730

million years in and advancable they can

879

00:41:50,170 --> 00:41:46,520

read it they can see it and I have been

880

00:41:52,630 --> 00:41:50,180

again on in my opinion but I think it

881

00:41:55,000 --> 00:41:52,640

could be because they're so far advanced

882

00:41:56,950 --> 00:41:55,010

in us they can pick these radio waves up

883

00:41:59,470 --> 00:41:56,960

and they can make that connection and

884

00:42:01,960 --> 00:41:59,480

it's just standard thing to them and

885

00:42:05,859 --> 00:42:01,970

it's exactly the same as you think

886

00:42:10,390 --> 00:42:05,869

something that is a reality somewhere as

887

00:42:12,790 --> 00:42:10,400

he said and it's being able to what can

888

00:42:14,680 --> 00:42:12,800

I say refine that and understand it

889

00:42:14,859 --> 00:42:14,690

enough so that you can do something with

890

00:42:16,900 --> 00:42:14,869

it

891

00:42:23,470 --> 00:42:16,910

but they can obviously do and we

892

00:42:24,640 --> 00:42:23,480

obviously count absolutely so just going

893

00:42:27,790 --> 00:42:24,650

back to your book a little bit again

894

00:42:30,780 --> 00:42:27,800

Pollock the same I do know that you you

895

00:42:32,800 --> 00:42:30,790

add a period of time in the military and

896

00:42:34,990 --> 00:42:32,810

I'll give that help you in your research

897

00:42:38,079 --> 00:42:35,000

of the of the phenomenon that we call

898

00:42:40,240 --> 00:42:38,089

UFO right well apart from sightings that

899

00:42:42,970 --> 00:42:40,250

I had when I was in the military a

900

00:42:46,089 --> 00:42:42,980

couple of which are actually documented

901
00:42:48,010 --> 00:42:46,099
in the book one of the things that I did

902
00:42:49,960 --> 00:42:48,020
I was I was a medic have always been

903
00:42:55,120 --> 00:42:49,970
medically based and trained all my life

904
00:42:58,030 --> 00:42:55,130
and I I was a in the medical center for

905
00:42:59,170 --> 00:42:58,040
the local colliery when the eye could

906
00:43:01,420 --> 00:42:59,180
see what was going to happen with the

907
00:43:03,940 --> 00:43:01,430
miners strike but already being a member

908
00:43:05,030 --> 00:43:03,950
of the territorial army I asked to go

909
00:43:08,390 --> 00:43:05,040
into the regular

910
00:43:10,490 --> 00:43:08,400
omocha went so in some ways I feel like

911
00:43:12,890 --> 00:43:10,500
I skipped the boat and abundant people

912
00:43:16,730 --> 00:43:12,900
go in other ways from my personal life

913
00:43:20,030 --> 00:43:16,740

it did me a lot of good so I went in the

914

00:43:22,880 --> 00:43:20,040

infantry as a medic um all of my posting

915

00:43:26,930 --> 00:43:22,890

it was Berlin where it was still the

916

00:43:29,480 --> 00:43:26,940

cold war there it was still isolated you

917

00:43:31,760 --> 00:43:29,490

were still what can I say at the behest

918

00:43:34,220 --> 00:43:31,770

of the Russians really who controlled

919

00:43:39,560 --> 00:43:34,230

the whole of the land around West Berlin

920

00:43:43,160 --> 00:43:39,570

itself it just it's so looking at it

921

00:43:44,900 --> 00:43:43,170

from their point of view we sort of we

922

00:43:48,050 --> 00:43:44,910

were like interlopers into their space

923

00:43:49,760 --> 00:43:48,060

I'm working as infantry soldiers you

924

00:43:51,950 --> 00:43:49,770

have to have the knowledge of what

925

00:43:53,900 --> 00:43:51,960

you're looking at so I was a member of a

926
00:43:56,420 --> 00:43:53,910
close observation platoon reconnaissance

927
00:43:58,970 --> 00:43:56,430
platoon and as part of that you learn

928
00:44:00,710 --> 00:43:58,980
all about different I mean yes like more

929
00:44:02,870 --> 00:44:00,720
soldiers you learn about ballistics and

930
00:44:05,210 --> 00:44:02,880
weapons and firing them but you learn

931
00:44:07,400 --> 00:44:05,220
there seemed a lot more depth and being

932
00:44:09,890 --> 00:44:07,410
in the medic as well you learn a lot

933
00:44:12,349 --> 00:44:09,900
more depth of what these weapons can do

934
00:44:14,180 --> 00:44:12,359
and the effects and blast injuries and

935
00:44:17,120 --> 00:44:14,190
things like that that the normal public

936
00:44:20,870 --> 00:44:17,130
don't get to know about plus we also

937
00:44:24,349 --> 00:44:20,880
used to teach aircraft recognition we

938
00:44:26,630 --> 00:44:24,359

had to be able to recognize whether they

939

00:44:28,460 --> 00:44:26,640

were friendly aircraft or whether they

940

00:44:31,790 --> 00:44:28,470

were enemy aircraft at the want of a

941

00:44:33,980 --> 00:44:31,800

better term so during that Cold War I

942

00:44:35,720 --> 00:44:33,990

was just if you provide a better way of

943

00:44:39,490 --> 00:44:35,730

putting it in the right place at the

944

00:44:42,650 --> 00:44:39,500

right time where we have to learn about

945

00:44:45,080 --> 00:44:42,660

foreign technology we have to learn

946

00:44:47,930 --> 00:44:45,090

about foreign aircraft and you had to be

947

00:44:51,080 --> 00:44:47,940

able to identify them so as well as

948

00:44:53,660 --> 00:44:51,090

looking at normal field work and weather

949

00:44:55,520 --> 00:44:53,670

cloud formations and phenomenon like

950

00:44:56,390 --> 00:44:55,530

that so that you know when to mover went

951
00:45:00,530 --> 00:44:56,400
to stay put

952
00:45:03,260 --> 00:45:00,540
you also was able to identify anything

953
00:45:07,730 --> 00:45:03,270
that moved in the sky as well as to a

954
00:45:09,349 --> 00:45:07,740
certain extent astronomy and other

955
00:45:11,990 --> 00:45:09,359
things like that that was part of my

956
00:45:16,910 --> 00:45:12,000
little things that I enjoyed doing and

957
00:45:22,460 --> 00:45:19,940
so while you was completely in your

958
00:45:24,589 --> 00:45:22,470
researcher the real story was there any

959
00:45:27,380 --> 00:45:24,599
one particular sighting or close

960
00:45:31,880 --> 00:45:27,390
encounter that stood out above the rest

961
00:45:34,280 --> 00:45:31,890
for you and if so why yeah in as we've

962
00:45:36,589 --> 00:45:34,290
just touched on earlier I met Philip in

963
00:45:39,290 --> 00:45:36,599

the early nineties I think it was 92 the

964

00:45:41,750 --> 00:45:39,300

first time the one of the when we went

965

00:45:44,359 --> 00:45:41,760

to the library feature in Sheffield for

966

00:45:46,780 --> 00:45:44,369

one of the beautiful conferences and

967

00:45:50,380 --> 00:45:46,790

that sort of bought my eyes really I

968

00:45:53,960 --> 00:45:50,390

mean there was the usual Jenny Randall's

969

00:45:57,050 --> 00:45:53,970

and Robert Stabler call the all the gang

970

00:46:00,080 --> 00:45:57,060

if you like but it was good for me

971

00:46:03,320 --> 00:46:00,090

because like you say it's great to go to

972

00:46:06,020 --> 00:46:03,330

these places and meet people talk to

973

00:46:07,730 --> 00:46:06,030

like-minded individuals but it's also

974

00:46:09,770 --> 00:46:07,740

good to talk about different subjects

975

00:46:12,710 --> 00:46:09,780

and maybe get a different perspective on

976

00:46:14,780 --> 00:46:12,720

things or put some little seed in there

977

00:46:17,990 --> 00:46:14,790

that you haven't thought about because

978

00:46:20,660 --> 00:46:18,000

you can you can be narrow-minded in the

979

00:46:23,060 --> 00:46:20,670

field of ufology you've got to go with

980

00:46:26,450 --> 00:46:23,070

the flow and if things change you have

981

00:46:28,670 --> 00:46:26,460

to change with it and I think that in

982

00:46:31,550 --> 00:46:28,680

the times that were in now

983

00:46:33,950 --> 00:46:31,560

it's really good for people getting into

984

00:46:36,050 --> 00:46:33,960

your follow G there are more shall we

985

00:46:38,680 --> 00:46:36,060

say scientifically minded people that

986

00:46:42,760 --> 00:46:38,690

are taken an interest and the genuine

987

00:46:45,980 --> 00:46:42,770

and a trained to help the subject along

988

00:46:49,430 --> 00:46:45,990

yeah what's your opinion then Paul of

989

00:46:51,290 --> 00:46:49,440

them the documents that have been well

990

00:46:54,170 --> 00:46:51,300

sorry not the documents the the New York

991

00:46:56,210 --> 00:46:54,180

Times front page article actually

992

00:46:58,760 --> 00:46:56,220

admitting from the American Department

993

00:47:01,040 --> 00:46:58,770

of Defense or the Pentagon that they

994

00:47:03,620 --> 00:47:01,050

have been investigating year with all

995

00:47:06,160 --> 00:47:03,630

cases and were continuing to do so up

996

00:47:09,410 --> 00:47:06,170

until at least I believe it was 2012

997

00:47:11,300 --> 00:47:09,420

2013 what's your opinion of that my

998

00:47:12,740 --> 00:47:11,310

opinion is they've been investigating it

999

00:47:15,740 --> 00:47:12,750

since the Second World War and they're

1000

00:47:17,650 --> 00:47:15,750

still investigating it today they're

1001
00:47:19,370 --> 00:47:17,660
just admitting so in other words and

1002
00:47:22,250 --> 00:47:19,380
they're not telling there's anything

1003
00:47:24,770 --> 00:47:22,260
with it no really well that's true into

1004
00:47:25,970 --> 00:47:24,780
but I mean in so many words they're

1005
00:47:28,880 --> 00:47:25,980
though they've admitted that they've

1006
00:47:30,230 --> 00:47:28,890
lied to the general public of the way

1007
00:47:32,810 --> 00:47:30,240
yeah

1008
00:47:35,570 --> 00:47:32,820
you know since the Second World War they

1009
00:47:37,700 --> 00:47:35,580
have lied to the general public because

1010
00:47:40,579 --> 00:47:37,710
they were afraid that there were things

1011
00:47:44,240 --> 00:47:40,589
in our skies that they had absolutely no

1012
00:47:46,430 --> 00:47:44,250
control over they'd got no defense

1013
00:47:49,130 --> 00:47:46,440

against it and they didn't know anything

1014

00:47:51,109 --> 00:47:49,140

about it and it was just like we can't

1015

00:47:52,880 --> 00:47:51,119

let the public know that we've got to

1016

00:47:56,780 --> 00:47:52,890

you know so that's why it's been

1017

00:47:58,040 --> 00:47:56,790

debunked and pooled ever since well

1018

00:48:00,320 --> 00:47:58,050

that's why they brought the ridicule

1019

00:48:03,079 --> 00:48:00,330

fact yeah isn't it so you know so you

1020

00:48:06,020 --> 00:48:03,089

know make everybody you know look like

1021

00:48:08,690 --> 00:48:06,030

some kind of circus freak you know for

1022

00:48:11,060 --> 00:48:08,700

investigating UFOs flying saucers UAVs

1023

00:48:13,130 --> 00:48:11,070

whatever you want to call them so how

1024

00:48:16,220 --> 00:48:13,140

would you respond respondent to anybody

1025

00:48:17,510 --> 00:48:16,230

who says that you know studying UFOs or

1026
00:48:19,010 --> 00:48:17,520
being involved in the field of ufology

1027
00:48:20,960 --> 00:48:19,020
is a complete waste of time

1028
00:48:22,970 --> 00:48:20,970
how would you respond absolutely no no

1029
00:48:25,400 --> 00:48:22,980
because there's something out there

1030
00:48:27,200 --> 00:48:25,410
that's far more scientifically advanced

1031
00:48:29,660 --> 00:48:27,210
the laws that we don't know anything

1032
00:48:31,609 --> 00:48:29,670
about or very little about and it's only

1033
00:48:33,109 --> 00:48:31,619
through people like Phillip especially

1034
00:48:35,359 --> 00:48:33,119
he was getting old through plain

1035
00:48:37,970 --> 00:48:35,369
distress and getting information out

1036
00:48:40,190 --> 00:48:37,980
there that people are being made aware

1037
00:48:43,220 --> 00:48:40,200
of it because let's face it there are

1038
00:48:45,200 --> 00:48:43,230

people now and I know I live in a nice

1039

00:48:46,940 --> 00:48:45,210

little cul-de-sac and there are people

1040

00:48:48,980 --> 00:48:46,950

on this cul-de-sac that I've never

1041

00:48:52,700 --> 00:48:48,990

considered UFOs in their life it doesn't

1042

00:48:55,010 --> 00:48:52,710

come into the way and yet they've been

1043

00:48:57,560 --> 00:48:55,020

there throughout their life it's just

1044

00:48:59,420 --> 00:48:57,570

being put on a back burner and unless

1045

00:49:01,970 --> 00:48:59,430

they physically see a really good

1046

00:49:04,940 --> 00:49:01,980

sighting don't even occur to them won't

1047

00:49:08,990 --> 00:49:04,950

even come on to their rate yeah I think

1048

00:49:10,070 --> 00:49:09,000

most people tend to of that well they

1049

00:49:11,359 --> 00:49:10,080

don't really have the thought in the

1050

00:49:13,460 --> 00:49:11,369

read yet that I'm going to go out to

1051
00:49:15,109 --> 00:49:13,470
here I'm gonna see wafer because nine

1052
00:49:17,359 --> 00:49:15,119
times out of ten we live in a society

1053
00:49:19,190 --> 00:49:17,369
where we're born we go to school for so

1054
00:49:22,099 --> 00:49:19,200
many years we have to work then when you

1055
00:49:23,690 --> 00:49:22,109
get to it like our age sixties plus you

1056
00:49:25,339 --> 00:49:23,700
know then that's when you family become

1057
00:49:27,140 --> 00:49:25,349
not about your family aren't important

1058
00:49:29,180 --> 00:49:27,150
but tend to spend more time with your

1059
00:49:31,880 --> 00:49:29,190
family so we seem to go through life on

1060
00:49:33,530 --> 00:49:31,890
this cycle which is a loop which

1061
00:49:36,050 --> 00:49:33,540
continues to go around and round and

1062
00:49:37,609 --> 00:49:36,060
round you know and we don't think a lot

1063
00:49:40,190 --> 00:49:37,619

of the time but the possibility of a

1064

00:49:42,560 --> 00:49:40,200

life elsewhere or is this life visible

1065

00:49:43,340 --> 00:49:42,570

just carry on sometimes with blinkers on

1066

00:49:47,480 --> 00:49:43,350

you know you know

1067

00:49:49,370 --> 00:49:47,490

seeing what's going on now what is the

1068

00:49:51,800 --> 00:49:49,380

future for yourself then Paul we do have

1069

00:49:53,870 --> 00:49:51,810

any more books in in her in Mario do you

1070

00:49:55,910 --> 00:49:53,880

have you knows now our sub just say yes

1071

00:49:57,260 --> 00:49:55,920

I haven't started yet

1072

00:50:00,830 --> 00:49:57,270

but because what I did with the last

1073

00:50:03,530 --> 00:50:00,840

book I just took notes almost over

1074

00:50:05,900 --> 00:50:03,540

different periods of my life to what had

1075

00:50:07,790 --> 00:50:05,910

happened and it gradually expanded so

1076

00:50:09,770 --> 00:50:07,800

but I could put it in some format that

1077

00:50:12,770 --> 00:50:09,780

flowed if you like that made it easy for

1078

00:50:15,530 --> 00:50:12,780

people to read so what I've tried to do

1079

00:50:17,360 --> 00:50:15,540

is make it so that people can understand

1080

00:50:19,970 --> 00:50:17,370

us as Philip said with the professor

1081

00:50:23,470 --> 00:50:19,980

when he was talking to him it's very

1082

00:50:26,480 --> 00:50:23,480

easy to get bogged down in silence and

1083

00:50:28,010 --> 00:50:26,490

although some people obviously more

1084

00:50:30,710 --> 00:50:28,020

intelligent than others and always will

1085

00:50:33,860 --> 00:50:30,720

be don't make it difficult for people

1086

00:50:35,960 --> 00:50:33,870

you've got to write in ways that people

1087

00:50:38,030 --> 00:50:35,970

could just pick it up and read it and

1088

00:50:38,960 --> 00:50:38,040

understand it and if you don't do that

1089

00:50:41,090 --> 00:50:38,970

yeah

1090

00:50:43,010 --> 00:50:41,100

and I'm afraid there are you'll follow

1091

00:50:47,360 --> 00:50:43,020

gist and authors out there and that tend

1092

00:50:48,650 --> 00:50:47,370

to lose people because did it go too far

1093

00:50:51,320 --> 00:50:48,660

off the other end of the scale if you

1094

00:50:53,840 --> 00:50:51,330

know what I mean yeah don't keep it in

1095

00:50:56,110 --> 00:50:53,850

layman's terms you know yeah make it

1096

00:50:58,850 --> 00:50:56,120

understandable for people yeah I'm sure

1097

00:51:00,560 --> 00:50:58,860

you know there are no half pick books up

1098

00:51:02,600 --> 00:51:00,570

at times and started to read and put

1099

00:51:04,510 --> 00:51:02,610

them down because the language that is

1100

00:51:10,730 --> 00:51:04,520

used in the book is just so far above my

1101

00:51:13,400 --> 00:51:10,740

education with you so in your opinion

1102

00:51:15,290 --> 00:51:13,410

then I will keep moving forward with UFO

1103

00:51:17,330 --> 00:51:15,300

research because I know quite recently

1104

00:51:19,340 --> 00:51:17,340

myself you and Phil we actually

1105

00:51:21,440 --> 00:51:19,350

discussed a little bit about before and

1106

00:51:23,570 --> 00:51:21,450

I mentioned we do I believe that we need

1107

00:51:26,720 --> 00:51:23,580

some kind of national governing body

1108

00:51:28,400 --> 00:51:26,730

which maybe not to take over but you

1109

00:51:30,290 --> 00:51:28,410

know maybe some kind of governing body

1110

00:51:32,510 --> 00:51:30,300

wherever information can be searched and

1111

00:51:33,890 --> 00:51:32,520

and and we can refer to other people's

1112

00:51:36,770 --> 00:51:33,900

reports you know I think we need

1113

00:51:40,130 --> 00:51:36,780

something like that how do you feel in

1114

00:51:42,680 --> 00:51:40,140

some ways it's an ideal because it's

1115

00:51:44,450 --> 00:51:42,690

like any subject any workplace anything

1116

00:51:46,580 --> 00:51:44,460

in the world where you go to you're

1117

00:51:48,290 --> 00:51:46,590

going to get some genuine people who

1118

00:51:51,500 --> 00:51:48,300

genuinely want to do good things and

1119

00:51:54,200 --> 00:51:51,510

more things forward but he also attracts

1120

00:51:57,200 --> 00:51:54,210

the cooks and the fringe dare I say and

1121

00:51:59,839 --> 00:51:57,210

you can't help your media yeah

1122

00:52:01,549 --> 00:51:59,849

and it's unfortunate but it's an every

1123

00:52:03,529 --> 00:52:01,559

walk of life that we come across and

1124

00:52:07,309 --> 00:52:03,539

they feel the view college is no

1125

00:52:10,190 --> 00:52:07,319

different and I think the best way

1126
00:52:13,490 --> 00:52:10,200
forward is to do what we're doing now is

1127
00:52:16,490 --> 00:52:13,500
to get it out and I mean modern science

1128
00:52:19,460 --> 00:52:16,500
and modern technology and social media a

1129
00:52:21,650 --> 00:52:19,470
fantastic feel ecology because people

1130
00:52:26,059 --> 00:52:21,660
can do more and more things I'm always

1131
00:52:28,579 --> 00:52:26,069
hoping to what can I say CGI on YouTube

1132
00:52:32,019 --> 00:52:28,589
and things like that but having said

1133
00:52:36,069 --> 00:52:32,029
that there are genuine cases out there

1134
00:52:39,529 --> 00:52:36,079
it's like I put I have a Facebook page

1135
00:52:43,640 --> 00:52:39,539
which I use called it's the real story

1136
00:52:46,099 --> 00:52:43,650
and it's specifically for UFOs UFO

1137
00:52:51,680 --> 00:52:46,109
stories experiences and things like that

1138
00:52:53,539 --> 00:52:51,690

and I put a post on about the me try and

1139

00:52:57,440 --> 00:52:53,549

paraphrase it correctly the China

1140

00:53:01,250 --> 00:52:57,450

sighting which was the Xiao Chun airport

1141

00:53:05,289 --> 00:53:01,260

in hangeul province now that was really

1142

00:53:10,640 --> 00:53:07,789

genuine sighting they closed the airport

1143

00:53:12,410 --> 00:53:10,650

for an hour it was seen by pilots it was

1144

00:53:14,839 --> 00:53:12,420

seen my lots of individuals on the

1145

00:53:17,900 --> 00:53:14,849

ground with lots of photographs and lots

1146

00:53:19,630 --> 00:53:17,910

of video on you know good part from that

1147

00:53:23,450 --> 00:53:19,640

you corroborate of evidence from

1148

00:53:25,640 --> 00:53:23,460

eyewitnesses on the ground but you've

1149

00:53:27,920 --> 00:53:25,650

still got some where somebody did a

1150

00:53:30,799 --> 00:53:27,930

photograph timeless photograph of a

1151
00:53:35,180 --> 00:53:30,809
police helicopter and then called on and

1152
00:53:38,359 --> 00:53:35,190
said it's just a hoax and that sort of

1153
00:53:41,299 --> 00:53:38,369
infer shall we say an outsider or

1154
00:53:44,150 --> 00:53:41,309
somebody new to your college ll straight

1155
00:53:48,079 --> 00:53:44,160
to a back was doubt in the minds and it

1156
00:53:51,549 --> 00:53:48,089
was the same with the UFO over the Dome

1157
00:53:54,740 --> 00:53:51,559
of the rock of Jerusalem in 2011 again

1158
00:53:58,490 --> 00:53:54,750
fantastic sightings is now six videos

1159
00:54:01,190 --> 00:53:58,500
come to light one of which again was

1160
00:54:05,019 --> 00:54:01,200
done as a hoax it was the wrong CGI to

1161
00:54:09,680 --> 00:54:08,210
people I mean like Jim one more song he

1162
00:54:10,680 --> 00:54:09,690
went out there interview with a lot of

1163
00:54:13,320 --> 00:54:10,690

people

1164

00:54:15,330 --> 00:54:13,330

and the thing that I've always said all

1165

00:54:17,460 --> 00:54:15,340

along isn't just I've been approached a

1166

00:54:20,070 --> 00:54:17,470

graph is no good just up in a video

1167

00:54:22,410 --> 00:54:20,080

you've got to have corroborating

1168

00:54:24,630 --> 00:54:22,420

evidence whether it's on radar whether

1169

00:54:26,670 --> 00:54:24,640

it's other people or the witnesses from

1170

00:54:28,470 --> 00:54:26,680

different locations and the more

1171

00:54:31,830 --> 00:54:28,480

information and the more collaborative

1172

00:54:33,270 --> 00:54:31,840

evidence you've got then the more is

1173

00:54:36,480 --> 00:54:33,280

going to stand up in a court of law or

1174

00:54:38,160 --> 00:54:36,490

one - the better - yeah what's your

1175

00:54:42,330 --> 00:54:38,170

opinion on that Lynn Feld you think we

1176
00:54:44,970 --> 00:54:42,340
need some kind of new modern storage

1177
00:54:47,400 --> 00:54:44,980
system or some kind of maybe place

1178
00:54:49,290 --> 00:54:47,410
online a website online where people can

1179
00:54:52,230 --> 00:54:49,300
send information in and we can put it I

1180
00:54:53,670 --> 00:54:52,240
think but with proper guidelines and

1181
00:54:56,700 --> 00:54:53,680
yeah well you know you before are still

1182
00:54:58,980 --> 00:54:56,710
going up although pretty much in name

1183
00:55:01,080 --> 00:54:58,990
only there's still a handful of people

1184
00:55:03,360 --> 00:55:01,090
you know dedicated to it and fair play

1185
00:55:05,760 --> 00:55:03,370
to them I mean when I was director of

1186
00:55:08,010 --> 00:55:05,770
Investigations before we had a thousand

1187
00:55:10,470 --> 00:55:08,020
members and out of those thousand

1188
00:55:14,790 --> 00:55:10,480

members we'd like you know 110%

1189

00:55:16,710 --> 00:55:14,800

volunteers of UFO investigators and I

1190

00:55:18,810 --> 00:55:16,720

had them all listed in two different

1191

00:55:21,270 --> 00:55:18,820

areas we used to have regional

1192

00:55:23,100 --> 00:55:21,280

coordinators and I'm all in the thing I

1193

00:55:25,680 --> 00:55:23,110

used to do I used to go around all the

1194

00:55:27,900 --> 00:55:25,690

other sort of local UFO groups and and

1195

00:55:30,600 --> 00:55:27,910

trying to build up a rapport with them

1196

00:55:33,060 --> 00:55:30,610

and and you know and when we did okay

1197

00:55:36,270 --> 00:55:33,070

now it's just that it's very difficult

1198

00:55:41,730 --> 00:55:36,280

and and it's very time-consuming to to

1199

00:55:43,740 --> 00:55:41,740

sell and run such an organization so I I

1200

00:55:46,620 --> 00:55:43,750

would never rule that out what I would

1201

00:55:49,400 --> 00:55:46,630

like to see and this is one thing that

1202

00:55:53,280 --> 00:55:49,410

would would would need some financial

1203

00:55:57,620 --> 00:55:53,290

investment is in Sweden we have the

1204

00:55:59,460 --> 00:55:57,630

archives for UFO research I mean

1205

00:56:03,510 --> 00:55:59,470

classify on and his colleagues have done

1206

00:56:05,820 --> 00:56:03,520

an amazing job in rescuing tens of

1207

00:56:07,850 --> 00:56:05,830

thousands of documents books booklets I

1208

00:56:10,140 --> 00:56:07,860

mean you name it and they have got

1209

00:56:12,560 --> 00:56:10,150

probably the biggest archive of UFO

1210

00:56:15,950 --> 00:56:12,570

material anywhere in the world

1211

00:56:17,850 --> 00:56:15,960

isn't this the the archive that Isaac I

1212

00:56:22,410 --> 00:56:17,860

sends the information yeah absolutely

1213

00:56:24,240 --> 00:56:22,420

and okay but it's in a place called no

1214

00:56:27,059 --> 00:56:24,250

copying in Sweden I mean

1215

00:56:29,099 --> 00:56:27,069

you know up sets of classes you know in

1216

00:56:33,540 --> 00:56:29,109

a friendly way the only thing wrong with

1217

00:56:36,470 --> 00:56:33,550

it is its location you know and with so

1218

00:56:39,480 --> 00:56:36,480

now I'd love to see that kind of thing

1219

00:56:41,520 --> 00:56:39,490

here in the UK I know an old foot

1220

00:56:44,430 --> 00:56:41,530

example it's one or two places in

1221

00:56:47,220 --> 00:56:44,440

America have smaller archives like the

1222

00:56:49,170 --> 00:56:47,230

the the Museum in Roswell but if you

1223

00:56:52,339 --> 00:56:49,180

take our friend and colleague John

1224

00:56:55,620 --> 00:56:52,349

Hanson John has probably got the biggest

1225

00:56:58,460 --> 00:56:55,630

collection of UFO material anywhere in

1226

00:57:00,720 --> 00:56:58,470

the UK a lot of which John has rescued

1227

00:57:02,819 --> 00:57:00,730

otherwise it would have ended in in a

1228

00:57:04,920 --> 00:57:02,829

skip somewhere you know I've got my own

1229

00:57:08,250 --> 00:57:04,930

small little archive here but it would

1230

00:57:11,730 --> 00:57:08,260

be nice if we could have a I don't know

1231

00:57:15,839 --> 00:57:11,740

a reference library or a university that

1232

00:57:18,690 --> 00:57:15,849

would take this material who would look

1233

00:57:22,079 --> 00:57:18,700

after it make it publicly available at

1234

00:57:24,540 --> 00:57:22,089

an in person or via the internet Chris

1235

00:57:26,880 --> 00:57:24,550

you know scan it all in basically so it

1236

00:57:30,030 --> 00:57:26,890

will be a proper you know working

1237

00:57:32,790 --> 00:57:30,040

reference library on UFO material from

1238

00:57:35,359 --> 00:57:32,800

Britain but it it would need funding

1239

00:57:39,180 --> 00:57:35,369

that's the only thing because you know

1240

00:57:42,000 --> 00:57:39,190

the more people of our age as we shuffle

1241

00:57:43,559 --> 00:57:42,010

off this mortal coil what's gonna happen

1242

00:57:46,050 --> 00:57:43,569

to the stuff that that I've collected

1243

00:57:49,170 --> 00:57:46,060

I've got a room full of here you know

1244

00:57:53,030 --> 00:57:49,180

I've two daughters then I insisted you

1245

00:57:55,349 --> 00:57:53,040

know my wife certainly and I insisted

1246

00:57:58,620 --> 00:57:55,359

and if you get something like John

1247

00:58:00,960 --> 00:57:58,630

John's collect you know rescued a huge

1248

00:58:03,839 --> 00:58:00,970

amount of material and you know full

1249

00:58:05,730 --> 00:58:03,849

credit to it to him but what's gonna

1250

00:58:07,380 --> 00:58:05,740

happen to it or when when John's are no

1251
00:58:09,390 --> 00:58:07,390
longer with us you know it's not a nice

1252
00:58:11,849 --> 00:58:09,400
thought but it's it's a fact of life

1253
00:58:13,440 --> 00:58:11,859
well the one thing we can all be certain

1254
00:58:16,500 --> 00:58:13,450
obvious when we when were born it's

1255
00:58:18,420 --> 00:58:16,510
where we're all gonna die so absolutely

1256
00:58:20,730 --> 00:58:18,430
and in the middle you get married in

1257
00:58:24,359 --> 00:58:20,740
taxis oh yeah so it would be nice of

1258
00:58:26,730 --> 00:58:24,369
course if this was a well be with a

1259
00:58:28,380 --> 00:58:26,740
thing like I just take for example I

1260
00:58:31,230 --> 00:58:28,390
don't mean this literally like the

1261
00:58:33,180 --> 00:58:31,240
British Library for example and they

1262
00:58:36,230 --> 00:58:33,190
would archive it make it accessible

1263
00:58:38,010 --> 00:58:36,240

treat it seriously in other words

1264

00:58:40,230 --> 00:58:38,020

because that

1265

00:58:42,630 --> 00:58:40,240

one or two sort of local libraries I

1266

00:58:44,130 --> 00:58:42,640

believe that have got donations from a

1267

00:58:45,480 --> 00:58:44,140

couple of guys when they've died but

1268

00:58:46,800 --> 00:58:45,490

they just sign boxes they're not

1269

00:58:50,550 --> 00:58:46,810

available to anyone they're not

1270

00:58:51,990 --> 00:58:50,560

accessible and of course you know over

1271

00:58:55,680 --> 00:58:52,000

the last ten years and how many

1272

00:58:57,450 --> 00:58:55,690

libraries have closed a you know so it

1273

00:58:59,670 --> 00:58:57,460

would have to be an establishment that's

1274

00:59:01,440 --> 00:58:59,680

not reliant on private funding you know

1275

00:59:05,730 --> 00:59:01,450

that it's gonna still be around in a

1276

00:59:10,460 --> 00:59:05,740

hundred years so I think I think more

1277

00:59:14,190 --> 00:59:10,470

than a UFO organization for a UFO

1278

00:59:17,040 --> 00:59:14,200

investigation us I think an archive is

1279

00:59:20,040 --> 00:59:17,050

even more important and further into the

1280

00:59:22,800 --> 00:59:20,050

digital age Chris the this kinda stuff

1281

00:59:25,890 --> 00:59:22,810

is for may well fall by the wayside but

1282

00:59:28,230 --> 00:59:25,900

if it's if it's handled correctly it can

1283

00:59:31,050 --> 00:59:28,240

be made available to anybody anywhere in

1284

00:59:33,000 --> 00:59:31,060

the world you know yeah and I think you

1285

00:59:34,380 --> 00:59:33,010

know it'd be nice if we got a Richard

1286

00:59:36,630 --> 00:59:34,390

Branson or something like that was

1287

00:59:38,910 --> 00:59:36,640

prepared to fund it although it wouldn't

1288

00:59:40,890 --> 00:59:38,920

take zillions but it would take you know

1289

00:59:43,190 --> 00:59:40,900

it would take some funding so um you

1290

00:59:47,280 --> 00:59:43,200

never know you never know

1291

00:59:51,329 --> 00:59:47,290

absolutely nope all them without

1292

00:59:54,839 --> 00:59:51,339

embarrassing it and rule him out of the

1293

00:59:57,599 --> 00:59:54,849

equation for this over you you years

1294

00:59:59,520 --> 00:59:57,609

involvement with you ology especially in

1295

01:00:01,650 --> 00:59:59,530

Britain I'm not let's not talk about the

1296

01:00:03,870 --> 01:00:01,660

rest of the world for this moment which

1297

01:00:06,780 --> 01:00:03,880

particularly ufologist stand out for you

1298

01:00:09,870 --> 01:00:06,790

as a personal example right

1299

01:00:12,960 --> 01:00:09,880

well obviously everybody has good traits

1300

01:00:24,720 --> 01:00:12,970

from Bob chase there's no exception but

1301

01:00:27,260 --> 01:00:24,730

I mean that was one thing with Bill

1302

01:00:29,910 --> 01:00:27,270

Forum I've been an investigator for them

1303

01:00:31,920 --> 01:00:29,920

was able to meet people going to the

1304

01:00:34,290 --> 01:00:31,930

conferences and I was very fortunate

1305

01:00:36,450 --> 01:00:34,300

again helping them out organising

1306

01:00:39,540 --> 01:00:36,460

speakers at conference I was able to sit

1307

01:00:43,040 --> 01:00:39,550

another lunch with Budd Hopkins what a

1308

01:00:47,579 --> 01:00:43,050

lovely lovely man he was fabulous gaya

1309

01:00:49,500 --> 01:00:47,589

genuine and he was one of again that was

1310

01:00:51,570 --> 01:00:49,510

skeptical to start with it was just an

1311

01:00:53,160 --> 01:00:51,580

artist and

1312

01:00:55,830 --> 01:00:53,170

did hypnotic regression to help people

1313

01:00:58,050 --> 01:00:55,840

with good room shall we say ailments and

1314

01:00:59,700 --> 01:00:58,060

just came across this and wife didn't

1315

01:01:01,680 --> 01:00:59,710

come across it a few times at all I

1316

01:01:05,820 --> 01:01:01,690

think there's something more to this and

1317

01:01:08,970 --> 01:01:05,830

eventually he became swayed to the cause

1318

01:01:12,030 --> 01:01:08,980

if you like and carried the flight for

1319

01:01:15,660 --> 01:01:12,040

you follow Jim over the overland in the

1320

01:01:18,270 --> 01:01:15,670

states but I mean going back to an

1321

01:01:21,780 --> 01:01:18,280

earlier question you asked there are

1322

01:01:25,110 --> 01:01:21,790

people as well that sometimes you wish

1323

01:01:27,600 --> 01:01:25,120

you could do more for like I I

1324

01:01:30,330 --> 01:01:27,610

investigated a case with pillage help to

1325

01:01:34,440 --> 01:01:30,340

start with Philly people remember in a

1326

01:01:39,240 --> 01:01:34,450

little remote area in in West Yorkshire

1327

01:01:40,860 --> 01:01:39,250

and it was an alleged abduction and you

1328

01:01:43,980 --> 01:01:40,870

want to be able to help these people

1329

01:01:46,350 --> 01:01:43,990

more than you can because as you can

1330

01:01:48,780 --> 01:01:46,360

imagine with an abduction case unlike

1331

01:01:51,750 --> 01:01:48,790

Calvin Parker years later rules made his

1332

01:01:53,610 --> 01:01:51,760

peace with things and go over it this

1333

01:01:57,000 --> 01:01:53,620

was a young couple with two small boys

1334

01:02:00,030 --> 01:01:57,010

and and the wife was genuinely terrified

1335

01:02:06,480 --> 01:02:00,040

and I wanted to be able to give her

1336

01:02:08,070 --> 01:02:06,490

something more than what can you say yes

1337

01:02:09,600 --> 01:02:08,080

you've been abducted by a little green

1338

01:02:12,330 --> 01:02:09,610

man and they're gonna come back and do

1339

01:02:14,730 --> 01:02:12,340

it again which was the general accepted

1340

01:02:20,340 --> 01:02:14,740

thing at the time and it was like that's

1341

01:02:22,290 --> 01:02:20,350

the last thing she wants to it so there

1342

01:02:25,770 --> 01:02:22,300

are lovely people in the world of

1343

01:02:29,130 --> 01:02:25,780

ufology and there are some of the ants

1344

01:02:30,690 --> 01:02:29,140

as well but as I said earlier this on

1345

01:02:33,960 --> 01:02:30,700

the subject unfortunately like

1346

01:02:36,720 --> 01:02:33,970

everywhere else brings people in from

1347

01:02:39,270 --> 01:02:36,730

all walks of life yeah I mean I mean

1348

01:02:42,090 --> 01:02:39,280

I'll make no bones about it the guy who

1349

01:02:43,920 --> 01:02:42,100

probably influenced me the most he's

1350

01:02:48,510 --> 01:02:43,930

rarely mentioned now chap called Hillary

1351
01:02:50,970 --> 01:02:48,520
Evans Hillary and his wife opened around

1352
01:02:51,780 --> 01:02:50,980
the Mary Evans picture library amongst

1353
01:02:54,420 --> 01:02:51,790
other things

1354
01:02:57,240 --> 01:02:54,430
Hillary was an author on all all things

1355
01:03:00,840 --> 01:02:57,250
sort of fourteen really not just UFOs

1356
01:03:05,490 --> 01:03:00,850
and I just thought it was a you know a

1357
01:03:09,240 --> 01:03:07,290
influence omit but suddenly you know

1358
01:03:13,620 --> 01:03:09,250
he's long since gone he was a big

1359
01:03:16,200 --> 01:03:13,630
supporter of UFO research wasn't that

1360
01:03:18,750 --> 01:03:16,210
you know al fey with with the abduction

1361
01:03:22,830 --> 01:03:18,760
side of things but it was still in those

1362
01:03:26,010 --> 01:03:22,840
days gaining momentum and like Wallace

1363
01:03:28,290 --> 01:03:26,020

just said you know I feel fortunate to

1364

01:03:33,180 --> 01:03:28,300

have met most of these people including

1365

01:03:36,690 --> 01:03:33,190

bud bud bud buds voice has actually been

1366

01:03:40,500 --> 01:03:36,700

in my ears today literally I've been

1367

01:03:44,339 --> 01:03:40,510

transcribing a hypnosis session with but

1368

01:03:47,670 --> 01:03:44,349

Hopkins and and the late Charles Hickson

1369

01:03:50,280 --> 01:03:47,680

and literally finished that today so I'm

1370

01:03:53,990 --> 01:03:50,290

a funny sure mention but I've literally

1371

01:03:57,420 --> 01:03:54,000

had his voice in my ears today but

1372

01:04:00,540 --> 01:03:57,430

others that influenced me personally

1373

01:04:05,670 --> 01:04:00,550

were people like Jax ballet Greg

1374

01:04:07,890 --> 01:04:05,680

birds'll who were totally opposed in

1375

01:04:12,240 --> 01:04:07,900

their opinions and their directions you

1376

01:04:13,859 --> 01:04:12,250

know and I remember you know buds coming

1377

01:04:15,839 --> 01:04:13,869

to stay with me in talking to him about

1378

01:04:19,230 --> 01:04:15,849

I met him at various places around the

1379

01:04:23,160 --> 01:04:19,240

world and he did assist me with a couple

1380

01:04:24,780 --> 01:04:23,170

of things that I worked on so you know I

1381

01:04:27,300 --> 01:04:24,790

think all these people have an influence

1382

01:04:29,550 --> 01:04:27,310

on you on you whether you recognize it

1383

01:04:33,599 --> 01:04:29,560

and on of course Jenny Randall's was it

1384

01:04:36,450 --> 01:04:33,609

was an influence in the early days and a

1385

01:04:40,320 --> 01:04:36,460

great many others that you know I could

1386

01:04:43,260 --> 01:04:40,330

go on forever and mention them but one

1387

01:04:46,380 --> 01:04:43,270

of the things I'd like to ask Paul is

1388

01:04:49,740 --> 01:04:46,390

that a mentions UFOs and the paranormal

1389

01:04:51,839 --> 01:04:49,750

now there are still even today those

1390

01:04:55,589 --> 01:04:51,849

that would say that these two things are

1391

01:04:57,750 --> 01:04:55,599

totally separate and that they you know

1392

01:04:59,640 --> 01:04:57,760

should not be mixed in together one of

1393

01:05:02,609 --> 01:04:59,650

those that will follow up that path was

1394

01:05:06,720 --> 01:05:02,619

put Hopkins pod called its tube what

1395

01:05:09,210 --> 01:05:06,730

thinking for example you know so you

1396

01:05:10,890 --> 01:05:09,220

know what's your opinion on that Paul

1397

01:05:13,200 --> 01:05:10,900

because you've mentioned it in your book

1398

01:05:15,540 --> 01:05:13,210

there's there's rules and the paranormal

1399

01:05:16,740 --> 01:05:15,550

yeah well it's not something I went

1400

01:05:19,200 --> 01:05:16,750

looking for it it just happened but

1401

01:05:20,700 --> 01:05:19,210

anyway just going

1402

01:05:24,299 --> 01:05:20,710

just to touch on the other thing but it

1403

01:05:26,250 --> 01:05:24,309

covers both when I was a teenager I had

1404

01:05:29,010 --> 01:05:26,260

an uncle who was in a Natyam senior

1405

01:05:31,049 --> 01:05:29,020

fellow group and he came and asked my

1406

01:05:33,390 --> 01:05:31,059

parents I'm going down to a meeting down

1407

01:05:35,490 --> 01:05:33,400

in Warminster can I take Paul with me

1408

01:05:37,770 --> 01:05:35,500

for the weekend and thank God they said

1409

01:05:40,799 --> 01:05:37,780

yes so I just got in this old reliant

1410

01:05:41,700 --> 01:05:40,809

regal bomber god help me went from one

1411

01:05:44,940 --> 01:05:41,710

end of the country to the other

1412

01:05:47,430 --> 01:05:44,950

overnight and was in time to meet this

1413

01:05:51,299 --> 01:05:47,440

group of people with the chauffeur would

1414

01:05:54,420 --> 01:05:51,309

in Warminster where we went to clay Hill

1415

01:05:56,760 --> 01:05:54,430

one night looking for UFOs and then we

1416

01:05:59,280 --> 01:05:56,770

went to Cradle Hill on the second night

1417

01:06:02,130 --> 01:05:59,290

and we saw some unexplained lights on

1418

01:06:04,290 --> 01:06:02,140

both nights but one of the things that

1419

01:06:07,170 --> 01:06:04,300

are the shuttle would said to me well we

1420

01:06:10,230 --> 01:06:07,180

just sat rather stood talking on the top

1421

01:06:13,520 --> 01:06:10,240

of Plato Hill and we stood there then he

1422

01:06:16,380 --> 01:06:13,530

says do you know he says I was once at

1423

01:06:18,480 --> 01:06:16,390

Stonehenge because my uncle and I had

1424

01:06:20,370 --> 01:06:18,490

just been to Stonehenge during the day

1425

01:06:22,079 --> 01:06:20,380

nothing happening so he says we'll go

1426

01:06:25,170 --> 01:06:22,089

and in those days you could walk right

1427

01:06:26,970 --> 01:06:25,180

up to the stones and touch them and I've

1428

01:06:29,309 --> 01:06:26,980

just been telling Arthur and he said I

1429

01:06:31,559 --> 01:06:29,319

went down there not long ago and he says

1430

01:06:34,289 --> 01:06:31,569

we'd seen something in this guy a blue

1431

01:06:36,960 --> 01:06:34,299

light he says and I walked away from the

1432

01:06:38,819 --> 01:06:36,970

stones and out towards the heel stone he

1433

01:06:41,010 --> 01:06:38,829

says when I walked towards the heel

1434

01:06:42,809 --> 01:06:41,020

stone he says and I've got it we're in

1435

01:06:45,569 --> 01:06:42,819

my back he says so I was leaning on it

1436

01:06:47,339 --> 01:06:45,579

looking back towards the hinge and he

1437

01:06:49,319 --> 01:06:47,349

says and as I put my head back on the

1438

01:06:51,660 --> 01:06:49,329

stone he said I got this beautiful

1439

01:06:54,089 --> 01:06:51,670

musical note that seemed to be coming

1440

01:06:57,720 --> 01:06:54,099

from the heel stone I'm going up through

1441

01:07:00,960 --> 01:06:57,730

me looking to the sky and he said that

1442

01:07:02,640 --> 01:07:00,970

there was a lot more tour then I say

1443

01:07:06,839 --> 01:07:02,650

these frequencies

1444

01:07:08,309 --> 01:07:06,849

ll call them vibrations and one of the

1445

01:07:10,109 --> 01:07:08,319

things that would you believe a

1446

01:07:12,539 --> 01:07:10,119

spiritualist now Malcolm Robinson to be

1447

01:07:15,299 --> 01:07:12,549

on this one a spiritualist medium said

1448

01:07:17,579 --> 01:07:15,309

to me now this guy I didn't know I was

1449

01:07:19,799 --> 01:07:17,589

just walking along and he stood outside

1450

01:07:22,380 --> 01:07:19,809

this building which was the local

1451

01:07:24,870 --> 01:07:22,390

spiritualist Church not as a teenager of

1452

01:07:27,120 --> 01:07:24,880

mana was interested in the slightest but

1453

01:07:28,680 --> 01:07:27,130

as I walked past he shouted me and

1454

01:07:29,430 --> 01:07:28,690

called me over by name and he says boy

1455

01:07:32,320 --> 01:07:29,440

what do you got a minute

1456

01:07:34,540 --> 01:07:32,330

and it was like how does he know me

1457

01:07:37,120 --> 01:07:34,550

and I went over to him and he says I've

1458

01:07:39,490 --> 01:07:37,130

been told to show you something oh yes

1459

01:07:42,700 --> 01:07:39,500

I've heard about people like this anyway

1460

01:07:44,320 --> 01:07:42,710

yes sir yes of people be scrapped obey

1461

01:07:46,540 --> 01:07:44,330

but I would bogey and you write

1462

01:07:49,270 --> 01:07:46,550

something on it and then he shows me and

1463

01:07:51,850 --> 01:07:49,280

he just written you were four and he

1464

01:07:53,680 --> 01:07:51,860

says I've just been told by spirit to

1465

01:07:58,740 --> 01:07:53,690

say that you're thinking along the right

1466

01:08:05,710 --> 01:08:01,780

in my life in his telling Denise I mean

1467

01:08:07,420 --> 01:08:05,720

as a as a teenager I was an avid reader

1468

01:08:09,490 --> 01:08:07,430

I read all thus one of the other things

1469

01:08:11,110 --> 01:08:09,500

as Phillip said Jenny Randall I think I

1470

01:08:13,150 --> 01:08:11,120

read every book that she ever published

1471

01:08:16,420 --> 01:08:13,160

Jacques Vallee there was Leonard

1472

01:08:18,910 --> 01:08:16,430

Stringfield Donald Kehoe all the old

1473

01:08:22,599 --> 01:08:18,920

writers and I must have read every book

1474

01:08:26,730 --> 01:08:22,609

twice yeah and it was those that sort of

1475

01:08:30,280 --> 01:08:26,740

influenced yeah and I think as part of

1476

01:08:32,260 --> 01:08:30,290

passport time ago nearby the Lea and

1477

01:08:34,660 --> 01:08:32,270

some of these others are then talking to

1478

01:08:36,789 --> 01:08:34,670

our event the spiritual connection but

1479

01:08:39,970 --> 01:08:36,799

this other guy and it was like there's a

1480

01:08:41,559 --> 01:08:39,980

lot more to this then it's not just the

1481

01:08:43,300 --> 01:08:41,569

nuts and bolts and the physics of it

1482

01:08:45,309 --> 01:08:43,310

he's a lot deepen and there's a lot more

1483

01:08:48,340 --> 01:08:45,319

to it than we would be led to believe

1484

01:08:51,610 --> 01:08:48,350

you know I mean I'm an old Arthur Shaw

1485

01:08:54,550 --> 01:08:51,620

one creator lil I was there with it with

1486

01:08:56,829 --> 01:08:54,560

a friend of mine with no idea what we

1487

01:09:00,250 --> 01:08:56,839

were doing we just managed to find him

1488

01:09:01,900 --> 01:09:00,260

you know and I don't know it was dark

1489

01:09:03,460 --> 01:09:01,910

out of couldn't tell you what time it

1490

01:09:06,910 --> 01:09:03,470

was and they said oh boy come wandering

1491

01:09:09,340 --> 01:09:06,920

along Alice I can't my body said now and

1492

01:09:11,440 --> 01:09:09,350

off he went we'd no idea to it worried

1493

01:09:13,000 --> 01:09:11,450

so on it was only some time later that I

1494

01:09:14,950 --> 01:09:13,010

saw a picture of Arthur I think it was

1495

01:09:17,019 --> 01:09:14,960

in one of his books and I said to my

1496

01:09:18,610 --> 01:09:17,029

partner oh boy we met upon create a

1497

01:09:21,099 --> 01:09:18,620

little that night and it whoa

1498

01:09:22,510 --> 01:09:21,109

and you know I call responded with him

1499

01:09:24,309 --> 01:09:22,520

after that down the years well that was

1500

01:09:26,860 --> 01:09:24,319

the only time you know it didn't say I'm

1501

01:09:28,390 --> 01:09:26,870

after sure he just said I think he acid

1502

01:09:29,980 --> 01:09:28,400

if we'd seen anything you know cuz he

1503

01:09:31,690 --> 01:09:29,990

pretty obvious what we're doing

1504

01:09:33,250 --> 01:09:31,700

study in middle of nowhere but a pair of

1505

01:09:36,280 --> 01:09:33,260

binoculars in the dark you know what I

1506

01:09:40,930 --> 01:09:36,290

mean but I turned this around on you

1507

01:09:43,780 --> 01:09:40,940

Chris who was sort of your influence in

1508

01:09:45,789 --> 01:09:43,790

in in ufology when you first became

1509

01:09:50,590 --> 01:09:45,799

interested

1510

01:09:52,420 --> 01:09:50,600

early 70s roundabout 1974 I know we've

1511

01:09:53,829 --> 01:09:52,430

discussed my experience before filled

1512

01:09:56,680 --> 01:09:53,839

with the strange lights moving across

1513

01:09:58,600 --> 01:09:56,690

the sky but just slightly before that

1514

01:10:00,370 --> 01:09:58,610

the person that influenced me was

1515

01:10:02,860 --> 01:10:00,380

somebody who will not be known his name

1516

01:10:05,590 --> 01:10:02,870

was Jeffrey McCann it was actually my

1517

01:10:07,300 --> 01:10:05,600

uncle and him he had a load of books and

1518

01:10:09,580 --> 01:10:07,310

L staying at his house hours reading

1519

01:10:12,370 --> 01:10:09,590

some of the books ghost stories and you

1520

01:10:14,230 --> 01:10:12,380

know real-life ghost stories etc etc but

1521

01:10:17,290 --> 01:10:14,240

one side may experience with this

1522

01:10:20,140 --> 01:10:17,300

unusual light again probably like

1523

01:10:22,300 --> 01:10:20,150

yourself and like Paul major donkey her

1524

01:10:24,580 --> 01:10:22,310

and read plenty of other books he

1525

01:10:26,200 --> 01:10:24,590

brought out after shuttle would read

1526

01:10:30,070 --> 01:10:26,210

many of his books about the warminster

1527

01:10:32,130 --> 01:10:30,080

thing people like Desmond Leslie and you

1528

01:10:34,650 --> 01:10:32,140

know it read his books as well and

1529

01:10:38,290 --> 01:10:34,660

coming forward that you know up to

1530

01:10:42,310 --> 01:10:38,300

should we say the modern era and people

1531

01:10:47,050 --> 01:10:42,320

like got his name philip mantofa that's

1532

01:10:48,670 --> 01:10:47,060

him people like Philippe little people

1533

01:10:52,210 --> 01:10:48,680

like philip mantle and the work he's

1534

01:10:54,160 --> 01:10:52,220

done the Paul Sinclair mm-hm and you

1535

01:10:55,510 --> 01:10:54,170

know there are many in John Hanson as

1536

01:10:57,250 --> 01:10:55,520

well it was already been mentioned you

1537

01:10:59,350 --> 01:10:57,260

know I haven't actually read any of

1538

01:11:02,350 --> 01:10:59,360

John's books but we had him when we had

1539

01:11:04,120 --> 01:11:02,360

him to speak at the conference a couple

1540

01:11:06,730 --> 01:11:04,130

of years ago when he was given the first

1541

01:11:08,380 --> 01:11:06,740

at least magazine award a chat with him

1542

01:11:10,090 --> 01:11:08,390

there and some of the things he was

1543

01:11:12,160 --> 01:11:10,100

telling me were fascinating

1544

01:11:13,870 --> 01:11:12,170

absolutely man glowing bits of

1545

01:11:16,480 --> 01:11:13,880

information that he contains in that

1546

01:11:19,710 --> 01:11:16,490

head of his where does he story oh you

1547

01:11:22,750 --> 01:11:19,720

know em so it's people like that and

1548

01:11:24,730 --> 01:11:22,760

people who have looked at both sides of

1549

01:11:27,610 --> 01:11:24,740

the argument the you th's and the Nonnie

1550

01:11:29,260 --> 01:11:27,620

th's and and so on you know an ab still

1551

01:11:32,260 --> 01:11:29,270

can't like stuck in the middle of that

1552

01:11:33,910 --> 01:11:32,270

and i'm looking for answers again which

1553

01:11:35,470 --> 01:11:33,920

is why I bring up well Limits magazine

1554

01:11:38,050 --> 01:11:35,480

itself because you know giving people

1555

01:11:40,390 --> 01:11:38,060

both sides of the argument equal scoop

1556

01:11:41,560 --> 01:11:40,400

to publish well I'm like Paul those are

1557

01:11:45,190 --> 01:11:41,570

the people that influence you know my

1558

01:11:46,810 --> 01:11:45,200

opinions you know forever changing just

1559

01:11:49,210 --> 01:11:46,820

think you think you know you know you're

1560

01:11:51,820 --> 01:11:49,220

on the straight and narrow eating of mom

1561

01:11:53,920 --> 01:11:51,830

I've clicked it yeah I've got it here

1562

01:11:55,600 --> 01:11:53,930

and then something will happen or you'll

1563

01:11:57,940 --> 01:11:55,610

read something and then it throws you

1564

01:11:59,080 --> 01:11:57,950
into a spin again but I was also

1565

01:12:01,479 --> 01:11:59,090
influenced by

1566

01:12:04,629 --> 01:12:01,489
erich von daniken and his book Chariots

1567

01:12:06,129 --> 01:12:04,639
of the Gods now you know I remember

1568

01:12:08,729 --> 01:12:06,139
reading it and I'm we're you know was

1569

01:12:11,589 --> 01:12:08,739
fascinated by it and I was fortunate to

1570

01:12:13,600 --> 01:12:11,599
meet him many years later but a

1571

01:12:16,569 --> 01:12:13,610
conference I was speaking out in Vienna

1572

01:12:19,779 --> 01:12:16,579
and we added dinner together not just me

1573

01:12:22,990 --> 01:12:19,789
and him all the speakers and I had a

1574

01:12:24,240 --> 01:12:23,000
chat with him then but I know if you

1575

01:12:26,589 --> 01:12:24,250
look back at Chariots of the Gods

1576

01:12:29,049 --> 01:12:26,599

probably a lot of the artifacts that he

1577

01:12:31,299 --> 01:12:29,059

mentions all her now have a you know an

1578

01:12:36,310 --> 01:12:31,309

earthly explanation but I think what the

1579

01:12:37,839 --> 01:12:36,320

book did was to say you know question

1580

01:12:41,049 --> 01:12:37,849

things don't accept everything you're

1581

01:12:43,089 --> 01:12:41,059

told and that always remained with me

1582

01:12:44,470 --> 01:12:43,099

and I think that's the overriding sort

1583

01:12:48,100 --> 01:12:44,480

of theme of the book is to question

1584

01:12:50,020 --> 01:12:48,110

things and it's like Paul was talking

1585

01:12:53,290 --> 01:12:50,030

about what where we are with ufology

1586

01:12:56,740 --> 01:12:53,300

today personal and I've said this on

1587

01:13:00,250 --> 01:12:56,750

several occasions as a UFO researchers

1588

01:13:01,870 --> 01:13:00,260

stroke investigator I look upon part of

1589

01:13:06,160 --> 01:13:01,880

the role has been someone who will

1590

01:13:09,939 --> 01:13:06,170

document the evidence and preserve it

1591

01:13:12,370 --> 01:13:09,949

for posterity in the hope that somebody

1592

01:13:15,970 --> 01:13:12,380

at some point will be able to make sense

1593

01:13:18,910 --> 01:13:15,980

of it and will come to a definitive

1594

01:13:20,950 --> 01:13:18,920

conclusion and a lot of people are

1595

01:13:24,310 --> 01:13:20,960

thinking you're talking nonsense this is

1596

01:13:26,080 --> 01:13:24,320

just modern folklore and in you know 100

1597

01:13:29,169 --> 01:13:26,090

years time hundred and fifty years time

1598

01:13:32,970 --> 01:13:29,179

people will look back on ufology and

1599

01:13:36,879 --> 01:13:32,980

with a smile as we today look back on

1600

01:13:39,970 --> 01:13:36,889

sightings of fairies 158 two hundred

1601
01:13:43,720 --> 01:13:39,980
years ago you know are we now consider

1602
01:13:46,120 --> 01:13:43,730
that folklore whereas you know for

1603
01:13:48,000 --> 01:13:46,130
example my mom god bless her she's no

1604
01:13:50,919 --> 01:13:48,010
longer with us but she came from rural

1605
01:13:54,609 --> 01:13:50,929
Northern Ireland when she was young and

1606
01:13:56,319 --> 01:13:54,619
she told me when she was a child she met

1607
01:14:00,549 --> 01:13:56,329
a fairy by the stream on the family

1608
01:14:02,649 --> 01:14:00,559
lived up and it was real physical you

1609
01:14:05,740 --> 01:14:02,659
know pretty close and wings and she just

1610
01:14:07,450 --> 01:14:05,750
she had a conversation with it and she

1611
01:14:09,250 --> 01:14:07,460
not only told me that she told my

1612
01:14:11,049 --> 01:14:09,260
children that story and I asked her many

1613
01:14:12,970 --> 01:14:11,059

times you know was it was it real mom

1614

01:14:16,030 --> 01:14:12,980

didn't she says he it was

1615

01:14:18,160 --> 01:14:16,040

to me something now you know that was it

1616

01:14:20,290 --> 01:14:18,170

but we now look upon reporters that as

1617

01:14:24,310 --> 01:14:20,300

preposterous you know it was myth and

1618

01:14:27,910 --> 01:14:24,320

myth you know mythology and folklore so

1619

01:14:32,310 --> 01:14:27,920

yeah I think so you know it so will that

1620

01:14:34,720 --> 01:14:32,320

happen to us you know basically you know

1621

01:14:36,700 --> 01:14:34,730

I've heard somebody quote I think it

1622

01:14:40,870 --> 01:14:36,710

might have even been Andy Roberts god

1623

01:14:43,840 --> 01:14:40,880

bless him you know I mean Andy Andy is a

1624

01:14:45,670 --> 01:14:43,850

well-known skeptic but he's not a bad

1625

01:14:48,820 --> 01:14:45,680

fellow at the end of the day me and Andy

1626

01:14:51,700 --> 01:14:48,830

have been friends for many years and and

1627

01:14:54,610 --> 01:14:51,710

dr. Clark and I knew dr. Clark long

1628

01:15:02,620 --> 01:14:54,620

before he was a doctor but what they've

1629

01:15:04,570 --> 01:15:02,630

said in it but you know I say 150 years

1630

01:15:06,430 --> 01:15:04,580

from now obviously mostly won't be here

1631

01:15:09,340 --> 01:15:06,440

but we'll the scholars of the day be

1632

01:15:12,910 --> 01:15:09,350

looking back at your magazine Chris at

1633

01:15:16,200 --> 01:15:12,920

Paul's book or any of my books and class

1634

01:15:18,790 --> 01:15:16,210

that as as as folklore and mythology

1635

01:15:20,440 --> 01:15:18,800

quite possibly well that possibly I'll

1636

01:15:24,160 --> 01:15:20,450

just before you tell us the story about

1637

01:15:25,900 --> 01:15:24,170

dr. Clark err I wanted to do is I didn't

1638

01:15:28,420 --> 01:15:25,910

mention Erich von Daniken even though I

1639

01:15:30,640 --> 01:15:28,430

did read many of these publications back

1640

01:15:33,300 --> 01:15:30,650

in the 70s now the reason I didn't

1641

01:15:36,550 --> 01:15:33,310

mention him is because there's a lot of

1642

01:15:38,410 --> 01:15:36,560

controversy now surrounding him and you

1643

01:15:41,260 --> 01:15:38,420

know a lot of people are suggesting that

1644

01:15:43,780 --> 01:15:41,270

he still ideas for his chariot the gods

1645

01:15:47,440 --> 01:15:43,790

from the French author Robert is it yeah

1646

01:15:49,480 --> 01:15:47,450

you know and a 2004 article I think it

1647

01:15:52,180 --> 01:15:49,490

was in skeptic magazine they stated that

1648

01:15:53,650 --> 01:15:52,190

he plagiarized many of the ideas from

1649

01:15:57,130 --> 01:15:53,660

the morning of the magician's you know

1650

01:15:59,440 --> 01:15:57,140

which another book and I do also another

1651

01:16:02,980 --> 01:15:59,450

there were other books written in German

1652

01:16:04,840 --> 01:16:02,990

that I believe he also got some of his

1653

01:16:07,180 --> 01:16:04,850

ideas from nothing wrong with that

1654

01:16:11,160 --> 01:16:07,190

because we all share ideas anyway but

1655

01:16:14,110 --> 01:16:11,170

one of the things M that I did found

1656

01:16:16,690 --> 01:16:14,120

interest in was one of the artifacts

1657

01:16:18,820 --> 01:16:16,700

that he offered himself in in one of his

1658

01:16:21,280 --> 01:16:18,830

books has actually been disclaimed by

1659

01:16:24,940 --> 01:16:21,290

von Daniken himself he you know

1660

01:16:26,500 --> 01:16:24,950

supposedly a rust-free I in India yeah

1661

01:16:28,330 --> 01:16:26,510

yeah which

1662

01:16:32,439 --> 01:16:28,340

was evidence of extraterrestrial

1663

01:16:34,359 --> 01:16:32,449

influence but Daniken admitted him

1664

01:16:36,850 --> 01:16:34,369

played in a player boy in Sevilla when

1665

01:16:38,799 --> 01:16:36,860

all the magazine's to go inside it was a

1666

01:16:40,479 --> 01:16:38,809

man-made pillar and that as far as

1667

01:16:42,609 --> 01:16:40,489

supporting his series girls we can

1668

01:16:44,470 --> 01:16:42,619

forget about this iron thing yeah so it

1669

01:16:45,910 --> 01:16:44,480

kinda made me think but then again you

1670

01:16:47,890 --> 01:16:45,920

know this there's nothing wrong with

1671

01:16:49,270 --> 01:16:47,900

people changing the matter as you know

1672

01:16:51,279 --> 01:16:49,280

Phil I have done it absolutely I mean

1673

01:16:53,620 --> 01:16:51,289

you know what we have to remember about

1674

01:16:55,919 --> 01:16:53,630

Eric is he it wasn't the first to write

1675

01:16:59,709 --> 01:16:55,929

or talk about ancient astronauts

1676

01:17:02,439 --> 01:16:59,719

similarly you know Alan Hynek

1677

01:17:04,359 --> 01:17:02,449

is clusters sort of the father of modern

1678

01:17:07,149 --> 01:17:04,369

ufology but you certainly wasn't the

1679

01:17:08,680 --> 01:17:07,159

first I'm not suggesting Panik

1680

01:17:08,919 --> 01:17:08,690

plagiarized anything I don't think like

1681

01:17:11,350 --> 01:17:08,929

that

1682

01:17:14,109 --> 01:17:11,360

but you know with the von daniken he

1683

01:17:16,569 --> 01:17:14,119

certainly wasn't the first Bertie is

1684

01:17:19,930 --> 01:17:16,579

classed as it as the father rightfully

1685

01:17:22,379 --> 01:17:19,940

of of you know the ancient astronaut

1686

01:17:25,029 --> 01:17:22,389

theory because of his popularity and

1687

01:17:27,250 --> 01:17:25,039

like I said you know I think all of his

1688

01:17:28,750 --> 01:17:27,260

thinking that Finch Alex of the gods is

1689

01:17:31,299 --> 01:17:28,760

this is the iron pillar that you're

1690

01:17:32,319 --> 01:17:31,309

talking about all of the artifacts in

1691

01:17:35,680 --> 01:17:32,329

there and have an earthly explanation

1692

01:17:38,140 --> 01:17:35,690

but I think like I said the book to me

1693

01:17:38,979 --> 01:17:38,150

wasn't necessarily about the individual

1694

01:17:40,930 --> 01:17:38,989

artifacts

1695

01:17:44,859 --> 01:17:40,940

it was just teaching you to question

1696

01:17:47,049 --> 01:17:44,869

things and he has a theory because

1697

01:17:48,700 --> 01:17:47,059

that's what it is it's a hypotheses a

1698

01:17:51,600 --> 01:17:48,710

theory call it what you will

1699

01:17:54,069 --> 01:17:51,610

the ancient astronaut theory it's is

1700

01:17:56,379 --> 01:17:54,079

it's still the same today as it's ever

1701

01:17:59,350 --> 01:17:56,389

been and it's not being proven and but

1702

01:18:02,200 --> 01:17:59,360

it's just an interesting theory and if

1703

01:18:05,259 --> 01:18:02,210

we're honest it's rather nice and yeah

1704

01:18:09,069 --> 01:18:05,269

it's a rather nice way of looking at the

1705

01:18:14,069 --> 01:18:09,079

portals because you know the last place

1706

01:18:17,410 --> 01:18:14,079

I ever visited overseas was Egypt in

1707

01:18:21,720 --> 01:18:17,420

2010 and with my wife and my daughter

1708

01:18:24,850 --> 01:18:21,730

and I don't believe for a moment that

1709

01:18:26,830 --> 01:18:24,860

the the pyramids and the Sphinx were

1710

01:18:29,290 --> 01:18:26,840

built by aliens but we had a guide and I

1711

01:18:32,709 --> 01:18:29,300

I told him that I mean nobody never said

1712

01:18:35,649 --> 01:18:32,719

that to me you know and so I pulled his

1713

01:18:38,919 --> 01:18:35,659

leg a bit about that but you know I

1714

01:18:40,210 --> 01:18:38,929

think we underestimate our ancient

1715

01:18:45,670 --> 01:18:40,220

ancestors they

1716

01:18:47,590 --> 01:18:45,680

in their abilities shall we say and but

1717

01:18:48,970 --> 01:18:47,600

it's just a nice Theory's it seen at

1718

01:18:50,680 --> 01:18:48,980

least one you could never prove in a

1719

01:18:54,130 --> 01:18:50,690

thousand years no matter what you know

1720

01:18:55,570 --> 01:18:54,140

because we are all Stardust there's

1721

01:19:00,180 --> 01:18:55,580

nothing on this earth that can't be

1722

01:19:02,440 --> 01:19:00,190

found elsewhere you know so but yeah

1723

01:19:05,470 --> 01:19:02,450

like I said I'm a I'm a erich von

1724

01:19:08,860 --> 01:19:05,480

daniken a conference a lecture dying in

1725

01:19:11,980 --> 01:19:08,870

Vienna in Austria many years back and it

1726

01:19:14,620 --> 01:19:11,990

was just a nice guy yeah you know that's

1727

01:19:17,290 --> 01:19:14,630

all I can say about him weird it was it

1728

01:19:18,700 --> 01:19:17,300

was the opening speaker and then off he

1729

01:19:24,310 --> 01:19:18,710

went but we had dinner the night before

1730

01:19:27,240 --> 01:19:24,320

and I think he's got a big influence on

1731

01:19:29,830 --> 01:19:27,250

a lot of people you need to be honest

1732

01:19:32,350 --> 01:19:29,840

I've got to say he certainly came over

1733

01:19:34,180 --> 01:19:32,360

like I was at Awakening last year and he

1734

01:19:36,430 --> 01:19:34,190

spoke there and it certainly came all of

1735

01:19:38,680 --> 01:19:36,440

it's a very very nice gentleman you know

1736

01:19:40,960 --> 01:19:38,690

and what I've said was in being critical

1737

01:19:42,940 --> 01:19:40,970

of him it just made me think slightly

1738

01:19:44,620 --> 01:19:42,950

different of him you know and some of

1739

01:19:46,090 --> 01:19:44,630

the things that I put forward yeah

1740

01:19:48,280 --> 01:19:46,100

you're right Felice it was having it

1741

01:19:50,230 --> 01:19:48,290

really who's teaching me to look at

1742

01:19:52,990 --> 01:19:50,240

things a little bit deeper but even so

1743

01:19:54,730 --> 01:19:53,000

very very interesting pieces that he put

1744

01:19:58,750 --> 01:19:54,740

anything in his books he's many more

1745

01:20:01,600 --> 01:19:58,760

yeah well I'll go back to dr. Clark's

1746

01:20:03,760 --> 01:20:01,610

y'all way now because one of the things

1747

01:20:07,450 --> 01:20:03,770

that's that's haunted me from the day I

1748

01:20:09,370 --> 01:20:07,460

got involved with it is the infamous

1749

01:20:14,680 --> 01:20:09,380

alien autopsy film hoax

1750

01:20:20,020 --> 01:20:14,690

now about just over a month ago an 11

1751

01:20:23,370 --> 01:20:20,030

page memo was leaked and the memo was

1752

01:20:25,540 --> 01:20:23,380

written by a chap called Eric Davis

1753

01:20:27,460 --> 01:20:25,550

various people are copied in on this

1754

01:20:31,330 --> 01:20:27,470

memo see series of sort of emails have

1755

01:20:34,810 --> 01:20:31,340

been put together how put off is one to

1756

01:20:40,920 --> 01:20:34,820

comp Kelleher and it's basically a

1757

01:20:45,280 --> 01:20:40,930

summary of a claims made by a dr.

1758

01:20:47,500 --> 01:20:45,290

Christopher kick green kick green did

1759

01:20:49,840 --> 01:20:47,510

work for the CIA on their what we would

1760

01:20:52,600 --> 01:20:49,850

call their we're desk all that there was

1761

01:20:53,389 --> 01:20:52,610

only a small part of his work I've since

1762

01:20:57,649 --> 01:20:53,399

found out

1763

01:20:59,719 --> 01:20:57,659

and he's an md/phd I think he runs run

1764

01:21:02,959 --> 01:20:59,729

still runs a medical practice in the

1765

01:21:05,479 --> 01:21:02,969

United States now in this this 11 page

1766

01:21:09,619 --> 01:21:05,489

memo even yours truly is it gets a brief

1767

01:21:13,449 --> 01:21:09,629

mention but there's a couple of things

1768

01:21:16,669 --> 01:21:13,459

dr. Greene says there in 1987 so Katie a

1769

01:21:19,839 --> 01:21:16,679

that the Pentagon II was briefed and he

1770

01:21:23,089 --> 01:21:19,849

was shown an a file on an alien autopsy

1771

01:21:27,080 --> 01:21:23,099

and that the creature in that file was

1772

01:21:30,409 --> 01:21:27,090

exactly the same as you see in the film

1773

01:21:33,020 --> 01:21:30,419

released in 1995 a bearing Santilli so

1774

01:21:34,609 --> 01:21:33,030

the seven or eight years apart but he

1775

01:21:37,219 --> 01:21:34,619

kind of seen the same thing because it

1776

01:21:41,179 --> 01:21:37,229

wasn't conceived and designed and made

1777

01:21:43,339 --> 01:21:41,189

until 1995 so I think he's since gone on

1778

01:21:44,859 --> 01:21:43,349

to say what the CIA must have lied to

1779

01:21:49,339 --> 01:21:44,869

him but that that doesn't actually

1780

01:21:54,919 --> 01:21:49,349

explain that but then later on in this

1781

01:21:59,629 --> 01:21:54,929

same memo he then gives his own medical

1782

01:22:02,659 --> 01:21:59,639

opinion of what he sees in the Santilli

1783

01:22:06,049 --> 01:22:02,669

alien autopsy film so it gives a medical

1784

01:22:07,459 --> 01:22:06,059

opinion of it and he's - you know and

1785

01:22:09,939 --> 01:22:07,469

he's talking about the heart and the

1786

01:22:12,500 --> 01:22:09,949

brain well the you know as we all know

1787

01:22:14,569 --> 01:22:12,510

it's a fake it was actually made by

1788

01:22:17,299 --> 01:22:14,579

Spiros malarious and a small team that

1789

01:22:19,040 --> 01:22:17,309

worked under him the brain for example

1790

01:22:23,239 --> 01:22:19,050

in the creature he's two sheeps brains

1791

01:22:25,609 --> 01:22:23,249

putting in strawberry jelly you know and

1792

01:22:29,330 --> 01:22:25,619

the various organs that come out are

1793

01:22:32,000 --> 01:22:29,340

awful from the butchers so I'd like to

1794

01:22:34,459 --> 01:22:32,010

know why you know a guy who worked at

1795

01:22:37,069 --> 01:22:34,469

the CIA still runs a medical practice

1796

01:22:39,199 --> 01:22:37,079

and as an MD in a PhD couldn't Rick

1797

01:22:42,609 --> 01:22:39,209

recognize that you know these were

1798

01:22:45,379 --> 01:22:42,619

giblets basically you know so who

1799

01:22:46,850 --> 01:22:45,389

Richard Dolan and from the US has been

1800

01:22:48,830 --> 01:22:46,860

in touch with him and it's got an

1801

01:22:50,779 --> 01:22:48,840

interview with him but first he said he

1802

01:22:54,679 --> 01:22:50,789

was gonna release now he can't so he's

1803

01:22:59,060 --> 01:22:54,689

going to write it up as an article so

1804

01:23:01,580 --> 01:22:59,070

you know we'll see but beware dr. David

1805

01:23:03,889 --> 01:23:01,590

Clark comes in David's a long long time

1806

01:23:06,529 --> 01:23:03,899

UFO investigator people forget this

1807

01:23:07,399 --> 01:23:06,539

David was investigating UFOs when he was

1808

01:23:09,530 --> 01:23:07,409

a teenager

1809

01:23:13,550 --> 01:23:09,540

and I mean investigator I mean going out

1810

01:23:20,780 --> 01:23:13,560

knocking on doors talking to people a

1811

01:23:22,820 --> 01:23:20,790

long history in in folklore and so we

1812

01:23:25,520 --> 01:23:22,830

got he's David had a degree in

1813

01:23:27,919 --> 01:23:25,530

archaeology he then became a journalist

1814

01:23:30,140 --> 01:23:27,929

took a journalist course and he worked

1815

01:23:32,810 --> 01:23:30,150

on the Sheffield stab its from Sheffield

1816

01:23:36,410 --> 01:23:32,820

he eventually went on to take his PhD in

1817

01:23:38,419 --> 01:23:36,420

folklore and he now he's a he teaches

1818

01:23:41,390 --> 01:23:38,429

journalism lectures on journalism at the

1819

01:23:45,979 --> 01:23:41,400

University in Sheffield but David is a

1820

01:23:49,040 --> 01:23:45,989

well-known skeptic certainly about the

1821

01:23:51,770 --> 01:23:49,050

extra-terrestrial hypotheses pretty much

1822

01:23:55,399 --> 01:23:51,780

UFOs in general but it's a nice skeptic

1823

01:24:00,560 --> 01:23:55,409

if you know what I mean but I kind of

1824

01:24:02,240 --> 01:24:00,570

ironic that back in 1995 when David was

1825

01:24:04,850 --> 01:24:02,250

working at the Sheffield style he

1826

01:24:06,890 --> 01:24:04,860

contacted me in Issa's Philip I'm doing

1827

01:24:09,709 --> 01:24:06,900

an article about a local lad he's

1828

01:24:11,570 --> 01:24:09,719

starting as a UFO investigator now he

1829

01:24:13,189 --> 01:24:11,580

says I know you've got a conference

1830

01:24:15,620 --> 01:24:13,199

coming up in Sheffield later this year

1831

01:24:17,780 --> 01:24:15,630

give us a comment about that and I'll do

1832

01:24:20,540 --> 01:24:17,790

a larger article somewhat near at the

1833

01:24:22,010 --> 01:24:20,550

time so I mentioned to him all the

1834

01:24:24,379 --> 01:24:22,020

speakers I mean at that conference

1835

01:24:27,200 --> 01:24:24,389

people forget this is the one that we

1836

01:24:29,689 --> 01:24:27,210

eventually showed the alien autopsy film

1837

01:24:32,030 --> 01:24:29,699

in public for the first time but we we

1838

01:24:34,189 --> 01:24:32,040

got two Russian scientists on the bill

1839

01:24:35,750 --> 01:24:34,199

and various other people from around the

1840

01:24:39,320 --> 01:24:35,760

world and I just gave an off-the-cuff

1841

01:24:41,930 --> 01:24:39,330

Oh a lien autopsy so David printed it

1842

01:24:43,669 --> 01:24:41,940

I've never seen it and then a few days

1843

01:24:46,700 --> 01:24:43,679

after it went out in the Sheffield star

1844

01:24:49,250 --> 01:24:46,710

I was contacted by a company called

1845

01:24:51,290 --> 01:24:49,260

White's a press agency and all they were

1846

01:24:54,439 --> 01:24:51,300

interested in was the alien autopsy Mike

1847

01:24:56,330 --> 01:24:54,449

Mike had given him to David so all I

1848

01:24:57,979 --> 01:24:56,340

could tell them was what race until he

1849

01:24:59,899 --> 01:24:57,989

had been quoting to me

1850

01:25:01,010 --> 01:24:59,909

and I told him a story of what he

1851
01:25:02,660 --> 01:25:01,020
alleged Lex

1852
01:25:05,899 --> 01:25:02,670
you know I never thought not nothing a

1853
01:25:08,180 --> 01:25:05,909
Maui the next day you know things went

1854
01:25:10,100 --> 01:25:08,190
absolutely bananas it up put this out on

1855
01:25:12,680 --> 01:25:10,110
the wire service I was getting faxes

1856
01:25:14,270 --> 01:25:12,690
from Australia and all four corners of

1857
01:25:16,790 --> 01:25:14,280
the globe it went bananas

1858
01:25:18,649 --> 01:25:16,800
and I passed most of them on to race

1859
01:25:20,660 --> 01:25:18,659
until they come find ray because it just

1860
01:25:22,910 --> 01:25:20,670
said London businessman

1861
01:25:25,430 --> 01:25:22,920
Ray Santilli didn't tell no name of his

1862
01:25:27,500 --> 01:25:25,440
business but Philip mantle and Battley

1863
01:25:30,470 --> 01:25:27,510

we could find me in the phone book you

1864

01:25:34,670 --> 01:25:30,480

know so I mean the phone never stopped

1865

01:25:35,750 --> 01:25:34,680

so at that point in time this was

1866

01:25:40,300 --> 01:25:35,760

probably I don't know

1867

01:25:43,400 --> 01:25:40,310

late April 1995 somewhere around there

1868

01:25:45,830 --> 01:25:43,410

Santilli had only planned to release the

1869

01:25:48,430 --> 01:25:45,840

film on video his own little video that

1870

01:25:52,520 --> 01:25:48,440

he'd made his own little documentary

1871

01:25:56,150 --> 01:25:52,530

which I worked on for him but because of

1872

01:25:58,610 --> 01:25:56,160

all the publicity that it received its

1873

01:26:01,340 --> 01:25:58,620

dust when the television became involved

1874

01:26:04,330 --> 01:26:01,350

so I found it fine of kind of an ironic

1875

01:26:06,770 --> 01:26:04,340

dr. Damon Clarke as he is now very

1876

01:26:09,080 --> 01:26:06,780

skeptical UFO research it was

1877

01:26:17,990 --> 01:26:09,090

responsible for letting the cat out of

1878

01:26:20,300 --> 01:26:18,000

the bag you know so it's I mean the

1879

01:26:23,440 --> 01:26:20,310

autopsy film took on a life of its own

1880

01:26:27,140 --> 01:26:23,450

Krish it really did it snowballed and

1881

01:26:27,950 --> 01:26:27,150

nobody but nobody especially Ray

1882

01:26:30,670 --> 01:26:27,960

Santilli

1883

01:26:33,560 --> 01:26:30,680

I had any idea what was gonna happen and

1884

01:26:36,020 --> 01:26:33,570

in the end Ray had to hire a guy called

1885

01:26:38,060 --> 01:26:36,030

Chris Kerry Chris was apparently

1886

01:26:42,200 --> 01:26:38,070

well-known in the film and television

1887

01:26:44,300 --> 01:26:42,210

industry well-respected and Chris went

1888

01:26:47,690 --> 01:26:44,310

and negotiated a lot of the contracts

1889

01:26:50,030 --> 01:26:47,700

and and he's the only one out of those

1890

01:26:52,070 --> 01:26:50,040

that were involved in it right right

1891

01:26:54,020 --> 01:26:52,080

from the beginning that I've never

1892

01:26:55,600 --> 01:26:54,030

managed to get an interview with I met

1893

01:26:58,700 --> 01:26:55,610

him many times don't don't get me wrong

1894

01:27:00,920 --> 01:26:58,710

so I have no idea if he ever knew that

1895

01:27:03,650 --> 01:27:00,930

the film was a fake or not I suspect he

1896

01:27:06,080 --> 01:27:03,660

does but it's only a suspicion I don't

1897

01:27:08,540 --> 01:27:06,090

know for certain and I tracked him down

1898

01:27:11,660 --> 01:27:08,550

a few years back when he was working at

1899

01:27:15,020 --> 01:27:11,670

a company in London and they actually

1900

01:27:18,530 --> 01:27:15,030

made you know you know the 3d cameras

1901

01:27:21,110 --> 01:27:18,540

still the 3d movies it worked a company

1902

01:27:23,030 --> 01:27:21,120

selling those and I left messages for

1903

01:27:25,370 --> 01:27:23,040

him and I roped it but I didn't get a

1904

01:27:27,230 --> 01:27:25,380

reply so I just left it at that I wasn't

1905

01:27:29,270 --> 01:27:27,240

gonna I'm gonna hound the man if he

1906

01:27:30,830 --> 01:27:29,280

didn't want to speak but I'd love to get

1907

01:27:33,680 --> 01:27:30,840

an interview with him I would love to

1908

01:27:34,250 --> 01:27:33,690

just to ask him you know did you know

1909

01:27:35,810 --> 01:27:34,260

or

1910

01:27:37,670 --> 01:27:35,820

what point did you know that the film

1911

01:27:40,370 --> 01:27:37,680

was a fake and just to see what he had

1912

01:27:42,530 --> 01:27:40,380

to say so it would be interested to get

1913

01:27:45,440 --> 01:27:42,540

you know on the record yeah yep so like

1914

01:27:47,750 --> 01:27:45,450

I said with coming full circle and now

1915

01:27:49,729 --> 01:27:47,760

we have these leaked documents it's

1916

01:27:52,430 --> 01:27:49,739

looking like there may be authentic I

1917

01:27:54,260 --> 01:27:52,440

don't know a hundred percent certain

1918

01:27:57,110 --> 01:27:54,270

there's one of the gentleman named in

1919

01:28:00,710 --> 01:27:57,120

the documents I won't go I won't say his

1920

01:28:02,360 --> 01:28:00,720

name in public but I contacted him and

1921

01:28:04,520 --> 01:28:02,370

that's things that could what I asked

1922

01:28:06,800 --> 01:28:04,530

him was are these authentic he said off

1923

01:28:09,620 --> 01:28:06,810

the record they are so I have no reason

1924

01:28:12,470 --> 01:28:09,630

to doubt him he steamed but he went on

1925

01:28:14,630 --> 01:28:12,480

to say we've we've reversed our comments

1926

01:28:17,060 --> 01:28:14,640

since then so you know they no longer

1927

01:28:19,190 --> 01:28:17,070

believe the alien autopsy film was real

1928

01:28:22,100 --> 01:28:19,200

it I got the impression it would kind of

1929

01:28:25,550 --> 01:28:22,110

embarrassed that this leak had occurred

1930

01:28:30,200 --> 01:28:25,560

you know yeah and of course like I said

1931

01:28:32,660 --> 01:28:30,210

I'm mentioning him very briefly and the

1932

01:28:34,580 --> 01:28:32,670

annex course you know a few Rory yet

1933

01:28:36,440 --> 01:28:34,590

again yeah I've heard Gary she'll feel

1934

01:28:38,600 --> 01:28:36,450

which is race until his business partner

1935

01:28:40,220 --> 01:28:38,610

he lives in America I've heard him being

1936

01:28:41,450 --> 01:28:40,230

interviewed taught the biggest Lola

1937

01:28:43,550 --> 01:28:41,460

tripe I've ever heard

1938

01:28:47,180 --> 01:28:43,560

you know I've heard race until he go on

1939

01:28:48,470 --> 01:28:47,190

again even more tripe you know for those

1940

01:28:50,240 --> 01:28:48,480

that don't know what I'm talking about

1941

01:28:52,640 --> 01:28:50,250

tripe is there were another word of

1942

01:28:54,140 --> 01:28:52,650

saying rubbish you know we don't it did

1943

01:28:55,850 --> 01:28:54,150

to say tripe anywhere outside of

1944

01:29:01,820 --> 01:28:55,860

Yorkshire did they use that phrase I

1945

01:29:06,050 --> 01:29:01,830

don't know tripe is actually it's the

1946

01:29:08,750 --> 01:29:06,060

lining of a cow's tripe oh no I don't

1947

01:29:12,080 --> 01:29:08,760

know if you use it anywhere else but you

1948

01:29:13,550 --> 01:29:12,090

know again raised raised his head I've

1949

01:29:15,490 --> 01:29:13,560

heard on the grapevine that they were

1950

01:29:17,840 --> 01:29:15,500

trying to get another documentary made

1951

01:29:19,760 --> 01:29:17,850

well could look to the mill but the same

1952

01:29:22,010 --> 01:29:19,770

old Tosh you know people are thinking

1953

01:29:24,020 --> 01:29:22,020

the reinventing the wheel that raised

1954

01:29:26,210 --> 01:29:24,030

gonna give them a bit of film to analyze

1955

01:29:28,340 --> 01:29:26,220

well you know dream on it's not going to

1956

01:29:30,860 --> 01:29:28,350

happen because there's no film exists

1957

01:29:32,510 --> 01:29:30,870

you know I think it's quite appropriate

1958

01:29:34,970 --> 01:29:32,520

feel like you're calling it tripe

1959

01:29:37,430 --> 01:29:34,980

because to me it's just race aunt Tilly

1960

01:29:39,500 --> 01:29:37,440

jumping on the cash cow again so you

1961

01:29:42,860 --> 01:29:39,510

know I think it's quite appropriate let

1962

01:29:44,720 --> 01:29:42,870

you do you know I know ray I know I know

1963

01:29:46,250 --> 01:29:44,730

I know its business partner Gary

1964

01:29:47,410 --> 01:29:46,260

Schuylkill I know exactly what they're

1965

01:29:49,090 --> 01:29:47,420

like

1966

01:29:51,040 --> 01:29:49,100

said to these gentlemen that were

1967

01:29:54,280 --> 01:29:51,050

interviewing him and I said no

1968

01:29:55,750 --> 01:29:54,290

disrespect you're the wrong people to

1969

01:29:57,910 --> 01:29:55,760

interview him and you're asking the

1970

01:29:59,410 --> 01:29:57,920

wrong questions and the reason that is

1971

01:30:02,950 --> 01:29:59,420

it because you know nothing about what

1972

01:30:05,350 --> 01:30:02,960

you're talking about you know and I said

1973

01:30:06,670 --> 01:30:05,360

I guarantee you if you just said that I

1974

01:30:08,350 --> 01:30:06,680

was going to be on there with him

1975

01:30:11,830 --> 01:30:08,360

they wouldn't they wouldn't have agreed

1976

01:30:15,820 --> 01:30:11,840

to the interview you know so and then of

1977

01:30:17,380 --> 01:30:15,830

course unfortunately I watched Linda

1978

01:30:20,620 --> 01:30:17,390

Moulton Howe talk for an hour and a half

1979

01:30:22,630 --> 01:30:20,630

about how the alien autopsy is real

1980

01:30:28,720 --> 01:30:22,640

because she said one site in race until

1981

01:30:31,510 --> 01:30:28,730

his office apparently or what well you

1982

01:30:36,400 --> 01:30:31,520

know I had to remove me shoelaces and me

1983

01:30:38,020 --> 01:30:36,410

belts and all sharp objects you know to

1984

01:30:43,810 --> 01:30:38,030

do when you get arrested a point in the

1985

01:30:48,460 --> 01:30:43,820

police cell you know I mean you know I

1986

01:30:50,980 --> 01:30:48,470

email said you know it's not real got no

1987

01:30:52,720 --> 01:30:50,990

reply of course so what I did in my own

1988

01:30:56,350 --> 01:30:52,730

little way to try and counter all this

1989

01:31:00,520 --> 01:30:56,360

tribe was I wrote a book a few years

1990

01:31:02,830 --> 01:31:00,530

back called Roswell alien autopsy it's

1991

01:31:05,680 --> 01:31:02,840

all about it tells the story right from

1992

01:31:08,020 --> 01:31:05,690

the beginning right through to finding

1993

01:31:11,380 --> 01:31:08,030

Spiros Malayalees auspice Alex I should

1994

01:31:13,180 --> 01:31:11,390

say spin-offs coming forward to us and

1995

01:31:15,460 --> 01:31:13,190

telling the whole story in between and

1996

01:31:18,340 --> 01:31:15,470

I've offered it free of charge and I've

1997

01:31:20,740 --> 01:31:18,350

sent about a hundred PDFs out maybe more

1998

01:31:23,560 --> 01:31:20,750

and that will remain open if anybody

1999

01:31:27,910 --> 01:31:23,570

wants a PDF copy and know the facts they

2000

01:31:30,040 --> 01:31:27,920

can have it okay the contact just just

2001

01:31:31,990 --> 01:31:30,050

punch him flying this press you know

2002

01:31:34,450 --> 01:31:32,000

I'll Google and it comes straight to me

2003

01:31:36,190 --> 01:31:34,460

on Facebook or or vile that you know

2004

01:31:39,220 --> 01:31:36,200

I've got a blog flying this press blog

2005

01:31:41,980 --> 01:31:39,230

and there's contact details on there no

2006

01:31:43,570 --> 01:31:41,990

problem and they can have a PDF copy you

2007

01:31:45,610 --> 01:31:43,580

know free of charge with the greatest of

2008

01:31:49,090 --> 01:31:45,620

pleasure I mean you've got a hard copy

2009

01:31:50,530 --> 01:31:49,100

Chris yes I have and I'm reading it at

2010

01:31:54,070 --> 01:31:50,540

the moment it's quite interesting very

2011

01:31:56,950 --> 01:31:54,080

very well put together and it's in my

2012

01:31:59,350 --> 01:31:56,960

opinion there's no other person in the

2013

01:32:01,240 --> 01:31:59,360

better position to explain the story of

2014

01:32:03,820 --> 01:32:01,250

the world's most

2015

01:32:05,620 --> 01:32:03,830

hooks so you know if you want to know

2016

01:32:07,810 --> 01:32:05,630

what's going on folks and you want the

2017

01:32:09,640 --> 01:32:07,820

truth which is the important part of

2018

01:32:12,070 --> 01:32:09,650

this that that father lettered word

2019

01:32:13,570 --> 01:32:12,080

truth then you really should be reading

2020

01:32:16,090 --> 01:32:13,580

this publication from Phillip whether

2021

01:32:16,959 --> 01:32:16,100

it's on PDF or a hardcopy you need to

2022

01:32:19,450 --> 01:32:16,969

get your hands on it

2023

01:32:22,390 --> 01:32:19,460

because he deals no punchies Spade

2024

01:32:24,280 --> 01:32:22,400

basically you know I read of it I mean

2025

01:32:25,000 --> 01:32:24,290

you know I've said it before and I'll

2026

01:32:28,270 --> 01:32:25,010

say it again

2027

01:32:31,500 --> 01:32:28,280

I was I was before as conference

2028

01:32:35,080 --> 01:32:31,510

organized a press officer and director

2029

01:32:38,680 --> 01:32:35,090

investigations and in 1993 we had a

2030

01:32:41,200 --> 01:32:38,690

letter from the Merlin group which was

2031

01:32:45,220 --> 01:32:41,210

race until his company and it was his in

2032

01:32:48,939 --> 01:32:45,230

anyway SP father Abell could we assist

2033

01:32:50,800 --> 01:32:48,949

in a UFO documentary so I wrote back

2034

01:32:52,630 --> 01:32:50,810

sent him some info would pop letters

2035

01:32:54,400 --> 01:32:52,640

went back with him forward in fact I've

2036

01:32:58,090 --> 01:32:54,410

got some of my letters from him I've got

2037

01:33:02,680 --> 01:32:58,100

I think I've got one fax still available

2038

01:33:05,700 --> 01:33:02,690

from 1993 with Ray and it was only later

2039

01:33:09,700 --> 01:33:05,710

on he then went on to say well you know

2040

01:33:12,580 --> 01:33:09,710

I've got film of Roswell so they actors

2041

01:33:14,470 --> 01:33:12,590

show it does have a look yes I can no I

2042

01:33:17,110 --> 01:33:14,480

can yes I can knock out I met him in

2043

01:33:20,229 --> 01:33:17,120

London once it's only this story about

2044

01:33:21,910 --> 01:33:20,239

you know they meet in a military

2045

01:33:23,680 --> 01:33:21,920

cameraman while he was out in the States

2046

01:33:28,060 --> 01:33:23,690

looking for Elvis footage and he bought

2047

01:33:29,890 --> 01:33:28,070

this film off him and so in the end I

2048

01:33:31,810 --> 01:33:29,900

told him to bugger off Rick basically I

2049

01:33:37,050 --> 01:33:31,820

said I don't believe you

2050

01:33:40,540 --> 01:33:37,060

so in 1995 we were sent a video of

2051

01:33:42,610 --> 01:33:40,550

Roswell the movie made by paul paul

2052

01:33:44,740 --> 01:33:42,620

dauids it was just coming out it was

2053

01:33:46,870 --> 01:33:44,750

released by Sony and they sent us a

2054

01:33:49,540 --> 01:33:46,880

review copy again it landed on my desk

2055

01:33:51,520 --> 01:33:49,550

and I thought ah I wonder if that's

2056

01:33:55,120 --> 01:33:51,530

until the guy who claims to have Roswell

2057

01:33:57,250 --> 01:33:55,130

footage so I found his business card I

2058

01:33:58,870 --> 01:33:57,260

rang him up and they said yeah you don't

2059

01:34:00,280 --> 01:33:58,880

but you don't believe me Philip but I

2060

01:34:03,280 --> 01:34:00,290

can't believe me until you show me the

2061

01:34:05,410 --> 01:34:03,290

film so he said ok make an appointment

2062

01:34:09,520 --> 01:34:05,420

with my secretary come on down I'll show

2063

01:34:12,189 --> 01:34:09,530

you it so my wife and I we off we went

2064

01:34:14,540 --> 01:34:12,199

to begin with rains office was a

2065

01:34:18,439 --> 01:34:14,550

Baulkham Street in inland

2066

01:34:20,089 --> 01:34:18,449

just off the west end and hey presto he

2067

01:34:21,560 --> 01:34:20,099

pops a video into the machine and it's

2068

01:34:24,530 --> 01:34:21,570

he showed us a piece of film called the

2069

01:34:26,479 --> 01:34:24,540

tent footage it claims this was the the

2070

01:34:28,250 --> 01:34:26,489

creature recovered on site in the desert

2071

01:34:30,379 --> 01:34:28,260

and they put it in a tent before they

2072

01:34:32,600 --> 01:34:30,389

whipped it off to wherever and there was

2073

01:34:35,870 --> 01:34:32,610

a couple of doctors examining it and so

2074

01:34:37,729 --> 01:34:35,880

on and he gave me a copy of it Chris you

2075

01:34:40,640 --> 01:34:37,739

know a video I have got and I still have

2076

01:34:42,879 --> 01:34:40,650

it here today over the next couple of

2077

01:34:47,299 --> 01:34:42,889

months he went on to show us two

2078

01:34:48,950 --> 01:34:47,309

separate and different autopsies one of

2079

01:34:51,560 --> 01:34:48,960

which is the one everyone's seen on to

2080

01:34:54,049 --> 01:34:51,570

television or on YouTube or whatever he

2081

01:34:57,350 --> 01:34:54,059

then showed us some debris film now when

2082

01:34:59,959 --> 01:34:57,360

I saw the autopsy films I asked her a

2083

01:35:02,089 --> 01:34:59,969

what his intentions were and he said I'm

2084

01:35:04,339 --> 01:35:02,099

gonna put it out on video so you'll be

2085

01:35:06,830 --> 01:35:04,349

able to buy any local video shop you

2086

01:35:09,799 --> 01:35:06,840

know blockbuster or wherever that was at

2087

01:35:12,770 --> 01:35:09,809

the time or direct from him so there was

2088

01:35:14,569 --> 01:35:12,780

no television involved and he asked me

2089

01:35:17,810 --> 01:35:14,579

to work on it and I did

2090

01:35:20,629 --> 01:35:17,820

he made his own little documentary it's

2091

01:35:22,790 --> 01:35:20,639

narrated by Brian Blessed so when if you

2092

01:35:24,830 --> 01:35:22,800

hear it in here Brian Blessed chattering

2093

01:35:27,560 --> 01:35:24,840

away those are the words that I wrote I

2094

01:35:30,229 --> 01:35:27,570

lined up cold up here in Hemel Hempstead

2095

01:35:31,760 --> 01:35:30,239

to analyze his film various other things

2096

01:35:33,229 --> 01:35:31,770

that he never took any now itself and

2097

01:35:35,299 --> 01:35:33,239

that but that was you know the extent of

2098

01:35:37,790 --> 01:35:35,309

my my dealings as far as that was

2099

01:35:39,919 --> 01:35:37,800

concerned so I just said off the cuff

2100

01:35:41,720 --> 01:35:39,929

when I when I first saw it I just

2101
01:35:44,030 --> 01:35:41,730
thought to myself this needs to get out

2102
01:35:45,830 --> 01:35:44,040
into the public so I asked him I said

2103
01:35:47,629 --> 01:35:45,840
would you show it at our conference

2104
01:35:50,359 --> 01:35:47,639
later this year in Sheffield it was all

2105
01:35:53,629 --> 01:35:50,369
organized conferences all done and to my

2106
01:35:57,459 --> 01:35:53,639
surprise he said yes and of course a

2107
01:36:00,620 --> 01:35:57,469
couple of months later David Clarke me

2108
01:36:02,899 --> 01:36:00,630
accidentally you know released it into

2109
01:36:05,450 --> 01:36:02,909
the news media and it just spread like

2110
01:36:08,450 --> 01:36:05,460
wild flower fire

2111
01:36:13,250 --> 01:36:08,460
yeah wildfire and it grew like a massive

2112
01:36:17,089 --> 01:36:13,260
disease you know I was accused of being

2113
01:36:19,189 --> 01:36:17,099

raised until he's accomplished I was

2114

01:36:20,780 --> 01:36:19,199

accused of making on a money they paid

2115

01:36:23,120 --> 01:36:20,790

me a small fee to work on his

2116

01:36:26,600 --> 01:36:23,130

documentary that's where that came out

2117

01:36:28,290 --> 01:36:26,610

for example I mean Paul was around at

2118

01:36:31,740 --> 01:36:28,300

this time I was having a next

2119

01:36:33,419 --> 01:36:31,750

built on my house and the amount we'll

2120

01:36:35,850 --> 01:36:33,429

get that money from he don't have it

2121

01:36:38,819 --> 01:36:35,860

yeah well at the right I didn't but my

2122

01:36:40,770 --> 01:36:38,829

wife's did she'd had her own property

2123

01:36:43,620 --> 01:36:40,780

before that she'd sold and we used some

2124

01:36:46,020 --> 01:36:43,630

of the money for our extension so it got

2125

01:36:47,700 --> 01:36:46,030

kind of personal so I remember sitting

2126
01:36:50,910 --> 01:36:47,710
having a lunch we said until it one day

2127
01:36:52,799 --> 01:36:50,920
and I just said right count how long it

2128
01:36:54,720 --> 01:36:52,809
takes I'll get to the bottom of this one

2129
01:36:56,970 --> 01:36:54,730
day only just smiled and said that's

2130
01:36:59,430 --> 01:36:56,980
okay fill it and we just carried on you

2131
01:37:03,260 --> 01:36:59,440
know I like I say now it's come full

2132
01:37:06,839 --> 01:37:03,270
full circle you know late documents

2133
01:37:08,520 --> 01:37:06,849
yeah right guys what I want to do now

2134
01:37:08,850 --> 01:37:08,530
because we've only got about 18 minutes

2135
01:37:14,100 --> 01:37:08,860
left

2136
01:37:15,780 --> 01:37:14,110
and Paul you book the real story where

2137
01:37:19,859 --> 01:37:15,790
can we get it from you can buy it on

2138
01:37:22,979 --> 01:37:19,869

Amazon and paperback or on Kindle and

2139

01:37:26,700 --> 01:37:22,989

they'll also have hard copies with me at

2140

01:37:29,280 --> 01:37:26,710

both the weakening conference and the

2141

01:37:31,530 --> 01:37:29,290

absolutist magazine conference in Ponte

2142

01:37:34,200 --> 01:37:31,540

glut that's brilliant

2143

01:37:35,459 --> 01:37:34,210

now just before we go away from this

2144

01:37:37,919 --> 01:37:35,469

because I didn't want to talk about the

2145

01:37:40,109 --> 01:37:37,929

awakening err conference you know what

2146

01:37:42,689 --> 01:37:40,119

we're looking forward to before we

2147

01:37:45,689 --> 01:37:42,699

finish I want to just quickly read a

2148

01:37:49,260 --> 01:37:45,699

quote because I do know that your book

2149

01:37:52,339 --> 01:37:49,270

Paul just doesn't cover UFOs you know

2150

01:37:55,890 --> 01:37:52,349

the these UFOs in there ghosts

2151
01:37:59,370 --> 01:37:55,900
spiritualism Leyland's Paul - guys you

2152
01:38:01,520 --> 01:37:59,380
know and even think you've got after

2153
01:38:04,109 --> 01:38:01,530
like you know life after death

2154
01:38:06,000 --> 01:38:04,119
experiences in there as well just gonna

2155
01:38:08,370 --> 01:38:06,010
read a quote from a gentleman I've never

2156
01:38:10,890 --> 01:38:08,380
met before I don't know him but it's on

2157
01:38:14,490 --> 01:38:10,900
um on your Amazon page he's selling the

2158
01:38:17,810 --> 01:38:14,500
book Matt Martin gives it five stars out

2159
01:38:20,280 --> 01:38:17,820
of five brilliant very well-written

2160
01:38:22,830 --> 01:38:20,290
exploration of the parents gives me

2161
01:38:25,350 --> 01:38:22,840
paranormal and he's put this he's a very

2162
01:38:28,049 --> 01:38:25,360
well-written intriguing and engrossing

2163
01:38:30,689 --> 01:38:28,059

exploration of UFOs in the paranormal

2164

01:38:33,540 --> 01:38:30,699

Ally experienced investigator Paul a

2165

01:38:36,479 --> 01:38:33,550

scoff uses his own experiences to take

2166

01:38:38,549 --> 01:38:36,489

the reader on a journey of discovery so

2167

01:38:40,350 --> 01:38:38,559

if you're interested in checking that

2168

01:38:41,550 --> 01:38:40,360

journey of discovery folks you really do

2169

01:38:45,120 --> 01:38:41,560

need to get your hands

2170

01:38:49,620 --> 01:38:45,130

on a copy of Paul's book now as I

2171

01:38:52,160 --> 01:38:49,630

mentioned shorts hamburger myself Philip

2172

01:38:55,170 --> 01:38:52,170

and Paul will actually be having a stall

2173

01:38:57,210 --> 01:38:55,180

at the awakening conference will will be

2174

01:38:59,010 --> 01:38:57,220

there at the awakening conference and I

2175

01:39:01,980 --> 01:38:59,020

just wanted to ask you both who were you

2176
01:39:03,900 --> 01:39:01,990
looking forward to listening speak well

2177
01:39:07,860 --> 01:39:03,910
me personally is our old friend Paul

2178
01:39:10,860 --> 01:39:07,870
Sinclair I mean I've seen Paul speak I

2179
01:39:16,680 --> 01:39:10,870
think twice now Chris at your events and

2180
01:39:19,380 --> 01:39:16,690
I found him captivating and Paul reminds

2181
01:39:21,600 --> 01:39:19,390
me of you know some good old time

2182
01:39:24,360 --> 01:39:21,610
ufology Iqbal for those that don't know

2183
01:39:27,600 --> 01:39:24,370
Paul's up on the East Coast not that far

2184
01:39:30,720 --> 01:39:27,610
up the coast from you but he's he's

2185
01:39:32,490 --> 01:39:30,730
relaxed he likes the fieldwork just Paul

2186
01:39:35,100 --> 01:39:32,500
and they've had a lot of activity in

2187
01:39:36,420 --> 01:39:35,110
that area and I think the gentleman's

2188
01:39:40,230 --> 01:39:36,430

done a marvelous job he's just got his

2189

01:39:42,060 --> 01:39:40,240

third book out and I was gonna order it

2190

01:39:43,830 --> 01:39:42,070

online and then I realized that Paul was

2191

01:39:45,450 --> 01:39:43,840

a speaker at this event so I'll go along

2192

01:39:47,790 --> 01:39:45,460

and buy one while I'm there and getting

2193

01:39:50,610 --> 01:39:47,800

to sign it even though I've been

2194

01:39:53,670 --> 01:39:50,620

involved for 40 years I still like to

2195

01:39:56,780 --> 01:39:53,680

get a signed copy of people's books and

2196

01:39:59,940 --> 01:39:56,790

add them to my collection so you know

2197

01:40:01,470 --> 01:39:59,950

I'm looking forward to seeing Paul you

2198

01:40:02,630 --> 01:40:01,480

know that he's top of my list let's put

2199

01:40:04,950 --> 01:40:02,640

it that way

2200

01:40:07,830 --> 01:40:04,960

what about you Paul well yeah

2201

01:40:11,070 --> 01:40:07,840

I mean as Philip says is a excellent

2202

01:40:16,820 --> 01:40:11,080

investigator is Paul sink where there's

2203

01:40:20,190 --> 01:40:16,830

some really good work and it's he's his

2204

01:40:22,530 --> 01:40:20,200

subjects that he tackles also just touch

2205

01:40:27,210 --> 01:40:22,540

on the paranormal as well some very odd

2206

01:40:31,130 --> 01:40:27,220

experiences so I mean I'm not saying I

2207

01:40:34,440 --> 01:40:31,140

want to go and see Linda Moulton Howe or

2208

01:40:36,450 --> 01:40:34,450

they'd be Childress particularly Mike

2209

01:40:38,730 --> 01:40:36,460

burrow mmm I don't know

2210

01:40:40,860 --> 01:40:38,740

is this some really good speakers there

2211

01:40:42,510 --> 01:40:40,870

so I think I'll just see what happens on

2212

01:40:46,050 --> 01:40:42,520

the day and see when I'm busy when I'm

2213

01:40:49,350 --> 01:40:46,060

not interesting people are interesting

2214

01:40:52,590 --> 01:40:49,360

views absolutely I'm looking forward to

2215

01:40:54,780 --> 01:40:52,600

catching Paul's talk I understand that

2216

01:40:55,570 --> 01:40:54,790

the talk he's doing it awakening will be

2217

01:40:57,220 --> 01:40:55,580

different to the

2218

01:40:59,500 --> 01:40:57,230

talkies doing the Outer Limits magazine

2219

01:41:02,140 --> 01:40:59,510

conference yeah yeah so that's that's

2220

01:41:04,390 --> 01:41:02,150

good you probably know better than me

2221

01:41:06,790 --> 01:41:04,400

Chris that Paul's done so much research

2222

01:41:11,890 --> 01:41:06,800

it could give a different presentation

2223

01:41:14,050 --> 01:41:11,900

every night of the week you know that we

2224

01:41:15,760 --> 01:41:14,060

said right at the beginning one of the

2225

01:41:17,320 --> 01:41:15,770

things I always look forward to these

2226

01:41:18,790 --> 01:41:17,330

events mean it with old friends we

2227

01:41:21,330 --> 01:41:18,800

haven't seen from Eric you know a few

2228

01:41:24,340 --> 01:41:21,340

years some people we've sort of known on

2229

01:41:27,820 --> 01:41:24,350

social media or email but have never

2230

01:41:30,310 --> 01:41:27,830

actually met or actually coming along so

2231

01:41:30,940 --> 01:41:30,320

and I've said all along you come and say

2232

01:41:33,430 --> 01:41:30,950

hello I know

2233

01:41:37,690 --> 01:41:33,440

for example chasing Gleaves he's gonna

2234

01:41:39,610 --> 01:41:37,700

be there and got a new book out from

2235

01:41:41,650 --> 01:41:39,620

planned Express just get a little plug

2236

01:41:45,670 --> 01:41:41,660

in there the UFO you follow gee umbrella

2237

01:41:47,260 --> 01:41:45,680

literally just out so Paul sorry Jason

2238

01:41:50,590 --> 01:41:47,270

will be there and I think he may be

2239

01:41:52,720 --> 01:41:50,600

selling copies of his books but that's

2240

01:42:01,990 --> 01:41:52,730

all down to me because I've ordered them

2241

01:42:05,500 --> 01:42:02,000

and the other arrived yet so Friday so

2242

01:42:07,150 --> 01:42:05,510

you know that's always the the nice

2243

01:42:09,520 --> 01:42:07,160

thing about these events and not be the

2244

01:42:11,920 --> 01:42:09,530

same at the Outer Limits

2245

01:42:14,500 --> 01:42:11,930

conference in Pontefract meeting old

2246

01:42:16,510 --> 01:42:14,510

friends meeting new ones you know that

2247

01:42:19,600 --> 01:42:16,520

have trekked halfway around the country

2248

01:42:22,360 --> 01:42:19,610

to get there to see you so yeah that's

2249

01:42:25,450 --> 01:42:22,370

that's top of my list yeah well I do

2250

01:42:30,040 --> 01:42:25,460

want to also if possible I don't want to

2251

01:42:31,660 --> 01:42:30,050

listen to Richard Dorland yeah I just

2252

01:42:33,010 --> 01:42:31,670

want to know what he's got to say I was

2253

01:42:36,100 --> 01:42:33,020

gonna dig himself out of a hole

2254

01:42:37,870 --> 01:42:36,110

basically you know because then it's

2255

01:42:40,630 --> 01:42:37,880

gonna be interesting the information is

2256

01:42:43,360 --> 01:42:40,640

going to give out you know regarding you

2257

01:42:45,640 --> 01:42:43,370

know the the Santilli footage basically

2258

01:42:48,640 --> 01:42:45,650

in the alleged you know yes it was the

2259

01:42:51,700 --> 01:42:48,650

same conversation you know that a kid

2260

01:42:55,420 --> 01:42:51,710

green so let's see what yes yeah and as

2261

01:42:58,120 --> 01:42:55,430

you know gentlemen I collect this UFO

2262

01:42:59,650 --> 01:42:58,130

stuff both box memorabilia so I'm

2263

01:43:02,320 --> 01:42:59,660

looking forward to buying some of that

2264

01:43:04,510 --> 01:43:02,330

while I'm there as well so and we've got

2265

01:43:07,630 --> 01:43:04,520

a stem so come and buy some books from

2266

01:43:09,070 --> 01:43:07,640

me and Paul and sign up for Outer Limits

2267

01:43:09,490 --> 01:43:09,080

magazine shall we're not sure I'm gonna

2268

01:43:13,210 --> 01:43:09,500

give that

2269

01:43:14,920 --> 01:43:13,220

to look as well yeah well I'm also

2270

01:43:17,290 --> 01:43:14,930

selling conference tickets for the are

2271

01:43:19,570 --> 01:43:17,300

limits magazine confidence as well 17th

2272

01:43:21,940 --> 01:43:19,580

of August Pontefract town hall it's a

2273

01:43:24,400 --> 01:43:21,950

Saturday doors open at 10 o'clock fair

2274

01:43:26,530 --> 01:43:24,410

speakers up at 10:30 and that's me folks

2275

01:43:32,080 --> 01:43:26,540

so you're gonna want to get there for 12

2276

01:43:33,880 --> 01:43:32,090

o'clock just a little aside to what we

2277

01:43:37,960 --> 01:43:33,890

were saying earlier Chris where you said

2278

01:43:39,850 --> 01:43:37,970

you gave that quote off my book where

2279

01:43:43,360 --> 01:43:39,860

some you put find out all five styles on

2280

01:43:45,490 --> 01:43:43,370

Amazon the guy's a guy called mark and

2281

01:43:48,940 --> 01:43:45,500

I've known him for quite a few years and

2282

01:43:51,040 --> 01:43:48,950

he was also a paranormal investigator so

2283

01:43:52,180 --> 01:43:51,050

I was quite pleased that he said oh if

2284

01:43:54,160 --> 01:43:52,190

you've written a book called I'll buy

2285

01:43:56,680 --> 01:43:54,170

him and then when he did that I was

2286

01:43:58,600 --> 01:43:56,690

quite humbled really but I thought at

2287

01:44:01,540 --> 01:43:58,610

least a little bit investigator yeah

2288

01:44:04,720 --> 01:44:01,550

Matt did a lot of work on the London

2289

01:44:06,730 --> 01:44:04,730

daylight's hmm you know Derbyshire

2290

01:44:09,850 --> 01:44:06,740

things like that some very bizarre

2291

01:44:11,140 --> 01:44:09,860

stories from over there is it long

2292

01:44:13,440 --> 01:44:11,150

DoneDeal the place where they

2293

01:44:15,430 --> 01:44:13,450

occasionally see a World War two

2294

01:44:19,120 --> 01:44:15,440

Lancaster bomber fly yeah and it flies

2295

01:44:20,710 --> 01:44:19,130

down into lady Bauer reservoir because

2296

01:44:23,200 --> 01:44:20,720

that's where the dam Busters trained

2297

01:44:26,970 --> 01:44:23,210

yeah that's career philipson yeah yeah

2298

01:44:30,930 --> 01:44:26,980

yes we live in a strange world really

2299

01:44:33,760 --> 01:44:30,940

just right sorry Chris

2300

01:44:36,790 --> 01:44:33,770

what throughout my book I've got several

2301

01:44:38,890 --> 01:44:36,800

quotes different ends and beginnings of

2302

01:44:40,180 --> 01:44:38,900

chapters and places and one of the

2303

01:44:42,790 --> 01:44:40,190

things that I think is quite pertinent

2304

01:44:46,120 --> 01:44:42,800

to the conversation we've just had was

2305

01:44:48,700 --> 01:44:46,130

quilt from Buddha that says believe that

2306

01:44:50,800 --> 01:44:48,710

nothing no matter where you read it or

2307

01:44:52,780 --> 01:44:50,810

who said it and it doesn't matter if I

2308

01:44:55,480 --> 01:44:52,790

have said it and you don't believe it

2309

01:44:59,830 --> 01:44:55,490

unless it agrees with your own reason

2310

01:45:01,870 --> 01:44:59,840

and your own common sense well do you

2311

01:45:04,140 --> 01:45:01,880

know what I actually think that's a

2312

01:45:07,570 --> 01:45:04,150

brilliant place to end the conversation

2313

01:45:09,940 --> 01:45:07,580

so what I'm going to say is Paul a Scott

2314

01:45:12,850 --> 01:45:09,950

thank you very very much for joining us

2315

01:45:15,280 --> 01:45:12,860

today on inside outer limits radio sure

2316

01:45:17,590 --> 01:45:15,290

and I'm looking forward to seeing you at

2317

01:45:19,570 --> 01:45:17,600

the weekend and and I'm sure Phillip I'd

2318

01:45:22,120 --> 01:45:19,580

like to say yeah great thank you very

2319

01:45:23,050 --> 01:45:22,130

much Paul and what we'll see you

2320

01:45:25,150 --> 01:45:23,060

saturday

2321

01:45:27,760 --> 01:45:25,160

yeah thank you both very much for having

2322

01:45:29,820 --> 01:45:27,770

me and you're very well have a good

2323

01:45:32,650 --> 01:45:29,830

weekend

2324

01:45:39,240 --> 01:45:32,660

inside Outer Limits is a regular feature
