invisible nightclub I wish the invisible

14

00:01:04,549 --> 00:01:02,399

night school is a small Consortium of

15

00:01:06,950 --> 00:01:04,559

Labor researchers and Scholars exploring

16

00:01:08,810 --> 00:01:06,960

UFOs uaps High strangeness and the

17

00:01:10,810 --> 00:01:08,820

cultural and social implications of the

18

00:01:13,550 --> 00:01:10,820

phenomenon you can find us at the

19

00:01:16,370 --> 00:01:13,560

invisiblenightschool.com so I'm going to

20

00:01:20,690 --> 00:01:16,380

welcome I'm going to welcome welcome on

21

00:01:22,310 --> 00:01:20,700

my co-hosts here Nick Lewis and Campbell

22

00:01:25,310 --> 00:01:22,320

it's been a few weeks I'm a little bit

23

00:01:27,830 --> 00:01:25,320

Rusty yeah um stream yard's pretty

24

00:01:29,570 --> 00:01:27,840

tricky I know spirit is really tricky

25

00:01:31,190 --> 00:01:29,580

it's like you know so I heard

26

00:01:31,910 --> 00:01:31,200

complicated

27

00:01:33,170 --> 00:01:31,920

um

28

00:01:35,109 --> 00:01:33,180

so tonight we're going to be talking

29

00:01:37,609 --> 00:01:35,119

with Campbell uh who maintains

30

00:01:39,890 --> 00:01:37,619

uapstudy.com we'll be talking about

31

00:01:42,469 --> 00:01:39,900

plasma physics UFOs and the scientific

32

00:01:43,730 --> 00:01:42,479

method before we get into that we're

33

00:01:46,310 --> 00:01:43,740

also going to be speaking with Nick

34

00:01:48,230 --> 00:01:46,320

about his pet case the 1994 Lake

35

00:01:51,530 --> 00:01:48,240

Michigan sightings and then I'll also be

36

00:01:53,810 --> 00:01:51,540

talking about my time at the uh New York

37

00:01:56,870 --> 00:01:53,820

City Symposium a couple weeks ago with

38

00:01:58,609 --> 00:01:56,880

Gary Nolan Mitch Horowitz and a couple

39

00:02:00,889 --> 00:01:58,619

other members of the community

40

00:02:03,530 --> 00:02:00,899

so uh Nick why don't you go ahead and

41

00:02:05,810 --> 00:02:03,540

tell us about Lake Michigan sure so the

42

00:02:07,670 --> 00:02:05,820

uh the new season of Unsolved Mysteries

43

00:02:09,650 --> 00:02:07,680

just landed on Netflix where they're

44

00:02:12,890 --> 00:02:09,660

releasing it in the series and episode 2

45

00:02:14,750 --> 00:02:12,900

was the case that I previously worked on

46

00:02:16,550 --> 00:02:14,760

and found out I was cut from a couple

47

00:02:18,830 --> 00:02:16,560

weeks ago but it's about uh the like

48

00:02:22,850 --> 00:02:18,840

Mission case of 1994.

49

00:02:24,530 --> 00:02:22,860

and while I thought they stuck to the

50

00:02:25,970 --> 00:02:24,540

facts mostly there was one interesting

51  
00:02:27,470 --> 00:02:25,980  
claim that I had never heard that came

52  
00:02:29,930 --> 00:02:27,480  
out and it seems to be kind of the big

53  
00:02:32,330 --> 00:02:29,940  
one that's getting uh pushed around I've

54  
00:02:35,449 --> 00:02:32,340  
seen Jeremy Corbell retweeted I've seen

55  
00:02:37,250 --> 00:02:35,459  
um colavito uh posting about an article

56  
00:02:40,190 --> 00:02:37,260  
with a conversation in the director

57  
00:02:43,250 --> 00:02:40,200  
talking about UFOs looking for water

58  
00:02:44,930 --> 00:02:43,260  
and um as I was seeing this come out I

59  
00:02:46,850 --> 00:02:44,940  
watched the episode the morning it came

60  
00:02:48,050 --> 00:02:46,860  
out and I was uh kind of looking at the

61  
00:02:50,630 --> 00:02:48,060  
posts

62  
00:02:52,070 --> 00:02:50,640  
and this new claim about

63  
00:02:54,170 --> 00:02:52,080

um a couple

64

00:02:57,229 --> 00:02:54,180

uh camping on the beach at midnight and

65

00:02:59,089 --> 00:02:57,239

seeing a UFO sucking up the water

66

00:03:01,610 --> 00:02:59,099

I thought was really odd because this is

67

00:03:04,790 --> 00:03:01,620

a new this is a new claim to the case

68

00:03:07,309 --> 00:03:04,800

this hasn't been reported before and it

69

00:03:09,770 --> 00:03:07,319

at least the show heavily implies that

70

00:03:10,970 --> 00:03:09,780

this uh this encounter came from

71

00:03:14,270 --> 00:03:10,980

Virginia Tilly one of the original

72

00:03:15,830 --> 00:03:14,280

investigators if you remember I was

73

00:03:18,229 --> 00:03:15,840

going to say this before you before you

74

00:03:19,550 --> 00:03:18,239

dive into like this particular thing can

75

00:03:21,890 --> 00:03:19,560

you give us just like a couple of minute

76

00:03:26,589 --> 00:03:21,900

overview of this case for people the

77

00:03:30,589 --> 00:03:26,599

whole case yes yeah March 8 uh 1994.

78

00:03:32,030 --> 00:03:30,599

multiple ground Witnesses uh see a group

79

00:03:35,690 --> 00:03:32,040

of Lights come together kind of spin

80

00:03:36,290 --> 00:03:35,700

around in a circle and depart now

81

00:03:41,149 --> 00:03:36,300

um

82

00:03:43,309 --> 00:03:41,159

Ottawa County dispatch and uh this

83

00:03:45,350 --> 00:03:43,319

conversation was recorded so we're able

84

00:03:47,630 --> 00:03:45,360

to kind of pinpoint where this thing was

85

00:03:49,190 --> 00:03:47,640

related to the ground witness seeing it

86

00:03:51,289 --> 00:03:49,200

the police end up showing up about 10

87

00:03:54,410 --> 00:03:51,299

minutes later confirms it tries to

88

00:03:56,869 --> 00:03:54,420

follow it due to all this uh all these

89

00:03:58,369 --> 00:03:56,879

911 calls about this UFO flying over the

90

00:03:59,030 --> 00:03:58,379

neighborhood in Holland Michigan by the

91

00:04:00,289 --> 00:03:59,040

way

92

00:04:02,149 --> 00:04:00,299

um they call the National Weather

93

00:04:05,089 --> 00:04:02,159

Service which is just about 30 miles

94

00:04:06,890 --> 00:04:05,099

north in Muskegon and the radar operator

95

00:04:09,289 --> 00:04:06,900

there the weather radar operator Jack

96

00:04:10,910 --> 00:04:09,299

Bouchon starts picking up anomalous

97

00:04:12,949 --> 00:04:10,920

Returns on his radar throughout the

98

00:04:14,630 --> 00:04:12,959

whole night and his conversation is also

99

00:04:17,449 --> 00:04:14,640

recorded on that tape

100

00:04:19,069 --> 00:04:17,459

so we have a pretty well witnessed

101  
00:04:22,009 --> 00:04:19,079  
case as I like to say it and Michael

102  
00:04:24,230 --> 00:04:22,019  
borrowing from Michael's swords um

103  
00:04:25,689 --> 00:04:24,240  
what I like about the 911 call is that

104  
00:04:28,310 --> 00:04:25,699  
it's recording these eyewitness

105  
00:04:30,890 --> 00:04:28,320  
testimonies in real time so they can

106  
00:04:32,570 --> 00:04:30,900  
kind of corroborate each other and they

107  
00:04:34,490 --> 00:04:32,580  
aren't subject to

108  
00:04:36,770 --> 00:04:34,500  
um exaggeration or misremembering over

109  
00:04:38,629 --> 00:04:36,780  
the years which you do see from talking

110  
00:04:39,770 --> 00:04:38,639  
to these Witnesses this is a 30 year old

111  
00:04:41,990 --> 00:04:39,780  
case

112  
00:04:44,210 --> 00:04:42,000  
so this new episode kind of explores

113  
00:04:46,850 --> 00:04:44,220

that and uh Jack Bouchon the weather

114

00:04:48,740 --> 00:04:46,860

radar operator kind of exploring this

115

00:04:49,310 --> 00:04:48,750

case trying to figure it out

116

00:04:49,969 --> 00:04:49,320

[Music]

117

00:04:53,030 --> 00:04:49,979

um

118

00:04:54,530 --> 00:04:53,040

so when I first came back into the UFO

119

00:04:55,790 --> 00:04:54,540

scene this was the first case I started

120

00:04:57,170 --> 00:04:55,800

researching

121

00:04:59,090 --> 00:04:57,180

um I reached out to a lot of the

122

00:05:01,129 --> 00:04:59,100

witnesses including Jack and Holly

123

00:05:02,330 --> 00:05:01,139

Graves who was featured on the show I

124

00:05:03,650 --> 00:05:02,340

was never able to get a hold of Virginia

125

00:05:05,150 --> 00:05:03,660

Tilley

126

00:05:07,969 --> 00:05:05,160

but um

127

00:05:10,129 --> 00:05:07,979

in dealing with them uh they mentioned

128

00:05:12,290 --> 00:05:10,139

that they were also speaking with a

129

00:05:13,730 --> 00:05:12,300

producer from rum salt Mysteries and we

130

00:05:16,370 --> 00:05:13,740

ended up connecting

131

00:05:18,409 --> 00:05:16,380

and a lot of that work that we did

132

00:05:21,290 --> 00:05:18,419

um before filming there was a lot of

133

00:05:23,810 --> 00:05:21,300

phone calls going on kind of um

134

00:05:25,070 --> 00:05:23,820

just information finding research

135

00:05:27,170 --> 00:05:25,080

um stuff like that a lot of them were

136

00:05:28,730 --> 00:05:27,180

recorded and occasionally I would speak

137

00:05:30,529 --> 00:05:28,740

to Jack on the phone and the producers

138

00:05:32,510 --> 00:05:30,539

would record that too

139

00:05:35,570 --> 00:05:32,520

that's where and I I'm pretty sure I can

140

00:05:37,550 --> 00:05:35,580

say this I don't think ndas uh hold out

141

00:05:38,870 --> 00:05:37,560

now that the episode's out

142

00:05:40,610 --> 00:05:38,880

um one thing that Jack was mentioning to

143

00:05:42,350 --> 00:05:40,620

me was that a portion of Lake Michigan

144

00:05:43,450 --> 00:05:42,360

in the southern portion just next to

145

00:05:46,010 --> 00:05:43,460

Chicago

146

00:05:48,409 --> 00:05:46,020

was uh the only part of the lake that

147

00:05:50,450 --> 00:05:48,419

was unfrozen and on that call I said oh

148

00:05:52,189 --> 00:05:50,460

well I believe that the NOAA keeps ice

149

00:05:54,350 --> 00:05:52,199

records of ice fishing or Lake Michigan

150

00:05:56,270 --> 00:05:54,360

all the ice covers so we looked that up

151  
00:05:57,290 --> 00:05:56,280  
that was kind of part of the discovery

152  
00:06:00,110 --> 00:05:57,300  
of this

153  
00:06:03,890 --> 00:06:00,120  
now move into filming um

154  
00:06:05,450 --> 00:06:03,900  
what they really focused on was uh as a

155  
00:06:07,189 --> 00:06:05,460  
researcher what I was looking for in

156  
00:06:09,230 --> 00:06:07,199  
this case I mean it's 30 year old case a

157  
00:06:12,770 --> 00:06:09,240  
lot of the stuff's already out there

158  
00:06:14,990 --> 00:06:12,780  
and uh my main point was trying to

159  
00:06:16,790 --> 00:06:15,000  
um match up what the ground people on

160  
00:06:18,409 --> 00:06:16,800  
the ground saw with the radar sightings

161  
00:06:20,810 --> 00:06:18,419  
because we can't conclusively link these

162  
00:06:22,610 --> 00:06:20,820  
yet because you don't have like a moment

163  
00:06:24,230 --> 00:06:22,620

where that we know of there was on the

164

00:06:27,170 --> 00:06:24,240

ground and people see it and he saw it

165

00:06:29,450 --> 00:06:27,180

on the radar so that was kind of like

166

00:06:31,309 --> 00:06:29,460

the goal and it was like heavily

167

00:06:33,590 --> 00:06:31,319

stressed now

168

00:06:35,270 --> 00:06:33,600

um in my questioning

169

00:06:36,950 --> 00:06:35,280

they kind of like

170

00:06:38,749 --> 00:06:36,960

the director kind of played up like oh

171

00:06:40,790 --> 00:06:38,759

well are there other uh is this like

172

00:06:41,809 --> 00:06:40,800

kind of a hot spot for uh UFOs along

173

00:06:43,689 --> 00:06:41,819

like Michigan do you see them

174

00:06:46,670 --> 00:06:43,699

interacting with the water and I I

175

00:06:48,830 --> 00:06:46,680

rattled off like wine EQ

176  
00:06:51,290 --> 00:06:48,840  
um back in the 60s even Hudson Valley

177  
00:06:54,590 --> 00:06:51,300  
had some water related incidents and I

178  
00:06:55,850 --> 00:06:54,600  
mentioned what Jack and I had seen too

179  
00:06:57,290 --> 00:06:55,860  
now

180  
00:06:58,969 --> 00:06:57,300  
um this was a couple of years ago that

181  
00:07:00,650 --> 00:06:58,979  
we were doing all this uh this research

182  
00:07:02,930 --> 00:07:00,660  
and the filming and stuff

183  
00:07:04,309 --> 00:07:02,940  
um a rumor started spreading around

184  
00:07:06,230 --> 00:07:04,319  
between the

185  
00:07:08,270 --> 00:07:06,240  
um some of the witnesses who were in the

186  
00:07:10,969 --> 00:07:08,280  
in the actual episode about a new

187  
00:07:12,890 --> 00:07:10,979  
witness was found now

188  
00:07:15,590 --> 00:07:12,900

come like a year later this episode

189

00:07:17,270 --> 00:07:15,600

finally releases and we see um it's at

190

00:07:19,670 --> 00:07:17,280

least heavily implied that Jenny Tilly

191

00:07:21,969 --> 00:07:19,680

finds a witness account from 1994 of

192

00:07:24,589 --> 00:07:21,979

people on the beach like I said camping

193

00:07:25,790 --> 00:07:24,599

March in the middle of the winter in the

194

00:07:27,290 --> 00:07:25,800

middle of the night camping on the beach

195

00:07:30,650 --> 00:07:27,300

I thought that was a little strange and

196

00:07:34,010 --> 00:07:30,660

they see out over the water uh just a

197

00:07:35,629 --> 00:07:34,020

tower of water going up into a light

198

00:07:36,950 --> 00:07:35,639

and I thought this was really strange

199

00:07:38,270 --> 00:07:36,960

especially coming from one of the

200

00:07:39,890 --> 00:07:38,280

original investigators because we

201  
00:07:42,230 --> 00:07:39,900  
haven't heard this claim before

202  
00:07:43,610 --> 00:07:42,240  
so my take on it was that either it is a

203  
00:07:45,890 --> 00:07:43,620  
legitimate claim that was made back then

204  
00:07:47,150 --> 00:07:45,900  
just hasn't been published as we know

205  
00:07:48,170 --> 00:07:47,160  
there are many things about this case

206  
00:07:50,629 --> 00:07:48,180  
that haven't been published that were

207  
00:07:52,610 --> 00:07:50,639  
held onto by move on

208  
00:07:54,529 --> 00:07:52,620  
but unfortunately we don't have anything

209  
00:07:57,230 --> 00:07:54,539  
to substantiate it we don't know who

210  
00:07:59,809 --> 00:07:57,240  
these Witnesses are and uh you know

211  
00:08:01,430 --> 00:07:59,819  
nothing's matching up with the the phone

212  
00:08:02,749 --> 00:08:01,440  
call that we have the one piece of

213  
00:08:04,309 --> 00:08:02,759

evidence that we can kind of corroborate

214

00:08:06,830 --> 00:08:04,319

these stories

215

00:08:08,450 --> 00:08:06,840

but it started when I when I saw it and

216

00:08:10,129 --> 00:08:08,460

then was I was re-watching and talking

217

00:08:12,050 --> 00:08:10,139

to people on Twitter it started like

218

00:08:16,129 --> 00:08:12,060

really ringing a bell to me

219

00:08:17,870 --> 00:08:16,139

and in 1994 in Australia Gosford Lake

220

00:08:20,629 --> 00:08:17,880

there was a UFO sighting that was

221

00:08:23,390 --> 00:08:20,639

extremely similar to that UFOs over a

222

00:08:26,029 --> 00:08:23,400

body of water sucking it up into there

223

00:08:28,309 --> 00:08:26,039

same year I wonder if it was

224

00:08:29,809 --> 00:08:28,319

maybe a confabulation until he's part

225

00:08:32,870 --> 00:08:29,819

from back then I mean she was an active

226

00:08:34,909 --> 00:08:32,880

view of a photo investigator in 1994. I

227

00:08:38,990 --> 00:08:34,919

wonder if some wires got crossed there

228

00:08:41,269 --> 00:08:39,000

but I also kind of um I noticed that the

229

00:08:43,490 --> 00:08:41,279

narrative in the story at that point was

230

00:08:46,010 --> 00:08:43,500

about Jack trying to

231

00:08:47,630 --> 00:08:46,020

link the sightings uh the on the ground

232

00:08:48,829 --> 00:08:47,640

sightings with his radar sightings and

233

00:08:52,250 --> 00:08:48,839

actually he

234

00:08:53,930 --> 00:08:52,260

he says in the the episode this proves

235

00:08:55,970 --> 00:08:53,940

it this is the link I was looking for

236

00:08:58,310 --> 00:08:55,980

however it kind of contradicts the

237

00:09:00,230 --> 00:08:58,320

timeline that even the show established

238

00:09:02,690 --> 00:09:00,240

where

239

00:09:06,350 --> 00:09:02,700

um on the ground sightings were around 9

240

00:09:09,170 --> 00:09:06,360

30 p.m 9 30 to 9 45 p.m that's around

241

00:09:10,670 --> 00:09:09,180

the beginning of when um the dispatcher

242

00:09:12,710 --> 00:09:10,680

calls Jack at the weather service

243

00:09:14,750 --> 00:09:12,720

station he's he tracks these things till

244

00:09:17,030 --> 00:09:14,760

midnight now this claim of this

245

00:09:18,650 --> 00:09:17,040

waterspout UFO uh these Witnesses

246

00:09:21,050 --> 00:09:18,660

allegedly are alleged that this happened

247

00:09:22,850 --> 00:09:21,060

at midnight and they were they were like

248

00:09:25,250 --> 00:09:22,860

right off of Benton Harbor so at the

249

00:09:27,170 --> 00:09:25,260

beginning of the uh the portion with

250

00:09:29,150 --> 00:09:27,180

Jack speaking you can hear him calling

251

00:09:32,269 --> 00:09:29,160

off where his radar is hitting and he

252

00:09:34,730 --> 00:09:32,279

says a lot of it's down right by uh

253

00:09:36,829 --> 00:09:34,740

right by Benton Harbor and Decatur area

254

00:09:38,990 --> 00:09:36,839

in off Lake Michigan but they don't move

255

00:09:41,509 --> 00:09:39,000

to that southern portion until around 11

256

00:09:42,470 --> 00:09:41,519

or midnight when he says they disappear

257

00:09:43,850 --> 00:09:42,480

so I thought that was kind of

258

00:09:46,250 --> 00:09:43,860

interesting I see this

259

00:09:47,870 --> 00:09:46,260

um this claim coming out of nowhere and

260

00:09:51,350 --> 00:09:47,880

getting kind of legs and being added to

261

00:09:53,030 --> 00:09:51,360

the myth of this case when

262

00:09:55,009 --> 00:09:53,040

we don't know where it came from we

263

00:09:57,470 --> 00:09:55,019

don't know if it actually is related to

264

00:09:58,370 --> 00:09:57,480

this case and it certainly doesn't

265

00:09:59,990 --> 00:09:58,380

um

266

00:10:01,610 --> 00:10:00,000

it doesn't confirm this kind of

267

00:10:03,590 --> 00:10:01,620

narrative that they were going to that I

268

00:10:05,150 --> 00:10:03,600

feel a little responsible for kind of

269

00:10:08,090 --> 00:10:05,160

putting onto them too during the

270

00:10:09,829 --> 00:10:08,100

interview process so I said I don't know

271

00:10:11,030 --> 00:10:09,839

I see this I see this claim taking legs

272

00:10:13,730 --> 00:10:11,040

and I kind of wanted to nip it in the

273

00:10:14,630 --> 00:10:13,740

bud uh since I I see it kind of popping

274

00:10:16,790 --> 00:10:14,640

off now

275

00:10:18,110 --> 00:10:16,800

but that's that's my story about the

276

00:10:20,269 --> 00:10:18,120

Lake Michigan case and the Unsolved

277

00:10:22,130 --> 00:10:20,279

Mysteries episode get um yeah I mean

278

00:10:23,990 --> 00:10:22,140

this witness testimony from people came

279

00:10:26,930 --> 00:10:24,000

also seems pretty incredible congruent

280

00:10:32,329 --> 00:10:30,650

yeah right like no I mean like

281

00:10:33,769 --> 00:10:32,339

it's it's really a shame because uh

282

00:10:35,870 --> 00:10:33,779

right in the middle of that episode you

283

00:10:37,970 --> 00:10:35,880

have Bill koncoleski who's the chair of

284

00:10:39,470 --> 00:10:37,980

Michigan mufon come in there and they

285

00:10:42,410 --> 00:10:39,480

talk about mufon and how they

286

00:10:44,630 --> 00:10:42,420

investigated and they take reports from

287

00:10:46,310 --> 00:10:44,640

you know thousands of cases all across

288

00:10:49,009 --> 00:10:46,320

the country blah blah blah

289

00:10:51,530 --> 00:10:49,019

Move On by their own admission has

290

00:10:54,050 --> 00:10:51,540

videos and photos from this case that

291

00:10:55,550 --> 00:10:54,060

they have never released and uh

292

00:10:57,650 --> 00:10:55,560

specifically mentioned in one of their

293

00:10:59,569 --> 00:10:57,660

journals is a video from a woman in

294

00:11:02,030 --> 00:10:59,579

Marcellus which is right next to Decatur

295

00:11:04,310 --> 00:11:02,040

and she said she was filming this thing

296

00:11:07,370 --> 00:11:04,320

around that 9 30

297

00:11:08,930 --> 00:11:07,380

uh time frame so I think that would go a

298

00:11:10,670 --> 00:11:08,940

lot further in establishing the link

299

00:11:12,230 --> 00:11:10,680

between the on the ground Witnesses with

300

00:11:13,730 --> 00:11:12,240

the radar sightings

301  
00:11:15,650 --> 00:11:13,740  
but they're still sitting on it and he

302  
00:11:17,810 --> 00:11:15,660  
had a perfect opportunity being in that

303  
00:11:20,150 --> 00:11:17,820  
show to present that evidence but we

304  
00:11:22,910 --> 00:11:20,160  
never got to see it we have any reason

305  
00:11:25,310 --> 00:11:22,920  
why mufon isn't releasing any of this or

306  
00:11:27,650 --> 00:11:25,320  
hasn't released any of it are there any

307  
00:11:30,170 --> 00:11:27,660  
good conspiracies at least I don't know

308  
00:11:31,970 --> 00:11:30,180  
I don't know the the explanation I got

309  
00:11:34,550 --> 00:11:31,980  
from bill concoleski when I when I

310  
00:11:36,290 --> 00:11:34,560  
called him was mufon likes to present

311  
00:11:38,690 --> 00:11:36,300  
the information they collected on their

312  
00:11:42,050 --> 00:11:38,700  
own in their own terms so they don't

313  
00:11:45,350 --> 00:11:42,060

like Give It Up to Me For example when I

314

00:11:48,050 --> 00:11:45,360

was making a podcast to share that so I

315

00:11:49,970 --> 00:11:48,060

thought okay well I and I knew bill was

316

00:11:51,230 --> 00:11:49,980

uh involved in this episode so I was

317

00:11:53,269 --> 00:11:51,240

like well maybe we'll see one of them

318

00:11:54,949 --> 00:11:53,279

there because that is mufan kind of

319

00:11:57,650 --> 00:11:54,959

presenting it he was there he was kind

320

00:11:59,150 --> 00:11:57,660

of wrapping move on uh this would be a

321

00:12:01,130 --> 00:11:59,160

good opportunity for him to share at

322

00:12:03,350 --> 00:12:01,140

least some of it I mean he admitted that

323

00:12:05,269 --> 00:12:03,360

they don't look like much

324

00:12:07,250 --> 00:12:05,279

um Stephen Green Street reached out

325

00:12:09,829 --> 00:12:07,260

should I get these uh videos and tapes

326

00:12:11,389 --> 00:12:09,839

to you and got the same response uh let

327

00:12:12,470 --> 00:12:11,399

me dig them up they're not much and then

328

00:12:15,110 --> 00:12:12,480

ghosted

329

00:12:16,850 --> 00:12:15,120

yeah yeah if they need more than 30

330

00:12:18,610 --> 00:12:16,860

years to present yeah like what are they

331

00:12:20,870 --> 00:12:18,620

waiting for right

332

00:12:23,090 --> 00:12:20,880

and that's the reaction I get every time

333

00:12:24,650 --> 00:12:23,100

I bring this up and show like clips from

334

00:12:27,230 --> 00:12:24,660

their uh their journal they're like wait

335

00:12:28,610 --> 00:12:27,240

a minute I thought mufon was on our side

336

00:12:31,970 --> 00:12:28,620

what's mufan doing

337

00:12:33,769 --> 00:12:31,980

and we constantly tag them and stuff I I

338

00:12:35,930 --> 00:12:33,779

haven't gotten a good answer as to why

339

00:12:37,790 --> 00:12:35,940

they would just I I kind of can't

340

00:12:40,910 --> 00:12:37,800

remember who in this like our little

341

00:12:43,190 --> 00:12:40,920

like codery of UFO people is anyone a

342

00:12:44,990 --> 00:12:43,200

Buffon field investigator or have you

343

00:12:46,730 --> 00:12:45,000

ever been one

344

00:12:48,290 --> 00:12:46,740

um I I was like kind of base level I

345

00:12:49,730 --> 00:12:48,300

ended up paying the monthly fees just to

346

00:12:51,710 --> 00:12:49,740

see if I could get more access to the

347

00:12:54,650 --> 00:12:51,720

information in their database sure which

348

00:12:56,269 --> 00:12:54,660

was Bare Bones if uh to put it lightly

349

00:12:58,250 --> 00:12:56,279

like there's there's nothing there

350

00:13:00,949 --> 00:12:58,260

especially I should look into getting

351  
00:13:02,110 --> 00:13:00,959  
trained as a field investigator I mean a

352  
00:13:04,610 --> 00:13:02,120  
few times

353  
00:13:06,769 --> 00:13:04,620  
to get the book and stuff maybe you can

354  
00:13:09,290 --> 00:13:06,779  
dig a Little Deeper but like these

355  
00:13:10,790 --> 00:13:09,300  
things are inaccessible I mean like I

356  
00:13:12,650 --> 00:13:10,800  
will never get laid again if my two

357  
00:13:16,370 --> 00:13:12,660  
hobbies are UFO investigation and

358  
00:13:19,250 --> 00:13:16,380  
amateur radio like that's it like don't

359  
00:13:22,150 --> 00:13:19,260  
wear your lanyard yes spinster forever

360  
00:13:24,710 --> 00:13:22,160  
um I I just I yeah it's a good question

361  
00:13:27,050 --> 00:13:24,720  
why why haven't they shared it I mean

362  
00:13:29,329 --> 00:13:27,060  
like even if it to to build his own

363  
00:13:30,710 --> 00:13:29,339

admission they look poor but if there's

364

00:13:32,990 --> 00:13:30,720

any kind of like

365

00:13:35,509 --> 00:13:33,000

Landmark you can notice in that video or

366

00:13:37,009 --> 00:13:35,519

even the time or Direction I it could it

367

00:13:38,870 --> 00:13:37,019

could bring us at least a little closer

368

00:13:41,449 --> 00:13:38,880

look there's been a lot of the

369

00:13:43,069 --> 00:13:41,459

challenges to move on for many years now

370

00:13:45,470 --> 00:13:43,079

right like like there was that whole

371

00:13:47,949 --> 00:13:45,480

Infamous uh thing where they were

372

00:13:50,870 --> 00:13:47,959

selling their data to

373

00:13:52,550 --> 00:13:50,880

Bigelow and um they've been always been

374

00:13:54,829 --> 00:13:52,560

very protective of their information

375

00:13:57,370 --> 00:13:54,839

right and so if they're monetizing it

376

00:14:00,110 --> 00:13:57,380

while being protective and not sort of

377

00:14:01,910 --> 00:14:00,120

being uh forthcoming in the

378

00:14:04,250 --> 00:14:01,920

circumstances where it feels like it

379

00:14:05,990 --> 00:14:04,260

would be that time to do it like it

380

00:14:07,670 --> 00:14:06,000

really looks bad on them and does not

381

00:14:10,009 --> 00:14:07,680

help their reputation at all but

382

00:14:13,190 --> 00:14:10,019

meanwhile they are kind of um

383

00:14:14,810 --> 00:14:13,200

amongst UFO groups a household name you

384

00:14:17,210 --> 00:14:14,820

know what I mean there's a Walmart of

385

00:14:19,190 --> 00:14:17,220

UFO groups essentially like moms have

386

00:14:21,889 --> 00:14:19,200

heard of them sometimes

387

00:14:24,590 --> 00:14:21,899

um and I'll also point out that like any

388

00:14:26,870 --> 00:14:24,600

type of UFO coverage on media they have

389

00:14:28,490 --> 00:14:26,880

a representative in it too right they

390

00:14:31,190 --> 00:14:28,500

probably have video training so people

391

00:14:32,389 --> 00:14:31,200

can actually talk to to reps man I I

392

00:14:34,310 --> 00:14:32,399

just remember listening to Peter

393

00:14:37,370 --> 00:14:34,320

Davenport he's not mufan he was National

394

00:14:39,230 --> 00:14:37,380

UFO Reporting Center in like the 90s on

395

00:14:41,030 --> 00:14:39,240

Coast to Coast AM

396

00:14:42,769 --> 00:14:41,040

um and he he would pull the Linda bolt

397

00:14:45,110 --> 00:14:42,779

and how where he'd like hold the tape

398

00:14:47,030 --> 00:14:45,120

recorder up to the landline phone and

399

00:14:49,370 --> 00:14:47,040

like play it over AM radio there's like

400

00:14:52,129 --> 00:14:49,380

a very part particular Nostalgia to

401  
00:14:54,470 --> 00:14:52,139  
listening to those uh old conversations

402  
00:14:55,790 --> 00:14:54,480  
say he always seemed to be kind of like

403  
00:14:59,329 --> 00:14:55,800  
uh

404  
00:15:01,069 --> 00:14:59,339  
much more above board but just doesn't

405  
00:15:03,230 --> 00:15:01,079  
have the same household recognition as

406  
00:15:05,090 --> 00:15:03,240  
as mufon does

407  
00:15:07,009 --> 00:15:05,100  
I wanna I wanna say one other thing too

408  
00:15:09,230 --> 00:15:07,019  
and I don't want it to come off as me

409  
00:15:12,410 --> 00:15:09,240  
like disparaging anyone

410  
00:15:15,230 --> 00:15:12,420  
um but Tilly uh Jennifer or no sorry

411  
00:15:17,689 --> 00:15:15,240  
Virginia Tilly the original investigator

412  
00:15:19,970 --> 00:15:17,699  
who I believe that this water spout UFO

413  
00:15:21,110 --> 00:15:19,980

report came from she was also the one

414

00:15:23,389 --> 00:15:21,120

who

415

00:15:25,910 --> 00:15:23,399

quit Moon fun in protest to start her

416

00:15:27,769 --> 00:15:25,920

own group uh here in Grand Rapids and

417

00:15:29,090 --> 00:15:27,779

she put out that that newsletter called

418

00:15:31,189 --> 00:15:29,100

the outer connection

419

00:15:33,170 --> 00:15:31,199

um I think it was a year or so later

420

00:15:35,030 --> 00:15:33,180

but the interesting thing and this part

421

00:15:36,530 --> 00:15:35,040

wasn't written by her so I'm going to

422

00:15:38,629 --> 00:15:36,540

say like this necessarily affects her

423

00:15:40,970 --> 00:15:38,639

track record it was by a a different

424

00:15:43,009 --> 00:15:40,980

reporter in her new group but he gave

425

00:15:45,110 --> 00:15:43,019

this whole Cloak and Dagger deep throat

426

00:15:47,210 --> 00:15:45,120

story about how he got these radar

427

00:15:49,670 --> 00:15:47,220

images from that case which of course

428

00:15:51,530 --> 00:15:49,680

turned out to be the radar blanks that

429

00:15:53,870 --> 00:15:51,540

uh Michael Professor Michael swords and

430

00:15:55,370 --> 00:15:53,880

Jack Bouchon made several days after the

431

00:15:57,290 --> 00:15:55,380

fact

432

00:16:00,170 --> 00:15:57,300

um one copy stayed with swords and went

433

00:16:03,530 --> 00:16:00,180

back to um kufos jail and heinx kufos

434

00:16:05,569 --> 00:16:03,540

and uh the other one went to the NOAA so

435

00:16:07,910 --> 00:16:05,579

perhaps they were foia or something but

436

00:16:10,430 --> 00:16:07,920

the story of how these things came to be

437

00:16:12,050 --> 00:16:10,440

it was from a secret Insider who died

438

00:16:14,870 --> 00:16:12,060

apparently and they were talking in like

439

00:16:16,730 --> 00:16:14,880

old message boards and AOL chat rooms I

440

00:16:19,490 --> 00:16:16,740

can't just hop you have like one normal

441

00:16:22,550 --> 00:16:19,500

thing I don't know why is it always like

442

00:16:25,370 --> 00:16:22,560

this this is weird Shady story it's

443

00:16:27,590 --> 00:16:25,380

always weird and Shady that is like by

444

00:16:29,329 --> 00:16:27,600

it is de facto ufology if it is weird

445

00:16:31,670 --> 00:16:29,339

and Shady but the thing the thing about

446

00:16:33,889 --> 00:16:31,680

it is is like it was unnecessarily so

447

00:16:35,870 --> 00:16:33,899

because like these these radar maps

448

00:16:37,189 --> 00:16:35,880

weren't a secret they weren't they

449

00:16:38,509 --> 00:16:37,199

weren't classified or anything like that

450

00:16:40,670 --> 00:16:38,519

they weren't even hidden they just

451  
00:16:42,949 --> 00:16:40,680  
hadn't been published by kufos at the

452  
00:16:44,930 --> 00:16:42,959  
time yet so where did this story come

453  
00:16:46,550 --> 00:16:44,940  
from so I wanna I wanna point that out

454  
00:16:48,949 --> 00:16:46,560  
and say that's like that's not exactly

455  
00:16:51,530 --> 00:16:48,959  
coming from genitalia I'm not saying

456  
00:16:53,449 --> 00:16:51,540  
anything negative about her but I do it

457  
00:16:56,389 --> 00:16:53,459  
does really make me wonder if that case

458  
00:17:00,170 --> 00:16:56,399  
was confabulated with the uh Gosford

459  
00:17:02,269 --> 00:17:00,180  
Lake 94 case and it just kind of fit

460  
00:17:05,530 --> 00:17:02,279  
that story for the episode really well

461  
00:17:08,630 --> 00:17:05,540  
because it tied in the weird water stuff

462  
00:17:10,010 --> 00:17:08,640  
it alleged to kind of corroborate the

463  
00:17:12,409 --> 00:17:10,020

underground and the radar sightings

464

00:17:14,030 --> 00:17:12,419

because people do have to remember with

465

00:17:15,470 --> 00:17:14,040

with all media like this whether it's

466

00:17:17,929 --> 00:17:15,480

Unsolved Mysteries or a James Fox

467

00:17:20,630 --> 00:17:17,939

documentary this is entertainment

468

00:17:23,689 --> 00:17:20,640

so it's not don't do your research by

469

00:17:25,490 --> 00:17:23,699

watching TV shows uh or movies like

470

00:17:27,470 --> 00:17:25,500

actually look into it listen to what the

471

00:17:29,390 --> 00:17:27,480

people say I always recommend going to

472

00:17:31,190 --> 00:17:29,400

the AFU and looking up what people were

473

00:17:34,010 --> 00:17:31,200

reporting at the time

474

00:17:36,350 --> 00:17:34,020

um I also oh I was gonna say I also

475

00:17:38,450 --> 00:17:36,360

wonder too it feels like they're like

476

00:17:39,950 --> 00:17:38,460

um submersible unidentified submersible

477

00:17:42,650 --> 00:17:39,960

objects has sort of entered the

478

00:17:43,970 --> 00:17:42,660

euphological Zeitgeist a lot more so it

479

00:17:46,430 --> 00:17:43,980

doesn't surprise me that they'd kind of

480

00:17:48,830 --> 00:17:46,440

try to fold that in to any sort of

481

00:17:50,870 --> 00:17:48,840

recollection on a historical case sure

482

00:17:53,150 --> 00:17:50,880

yeah and I mean like yeah they were

483

00:17:55,549 --> 00:17:53,160

telling a story it's a TV show obviously

484

00:17:57,770 --> 00:17:55,559

so they were they were making

485

00:18:00,049 --> 00:17:57,780

connections they were filling in gaps um

486

00:18:02,029 --> 00:18:00,059

I wouldn't take that seriously I know I

487

00:18:03,770 --> 00:18:02,039

haven't oh sorry I haven't seen the

488

00:18:05,570 --> 00:18:03,780

actual episode yet

489

00:18:08,210 --> 00:18:05,580

um but uh the content that I've seen

490

00:18:10,909 --> 00:18:08,220

shared on like Twitter it's interesting

491

00:18:14,570 --> 00:18:10,919

because it does seem to heavily involve

492

00:18:16,970 --> 00:18:14,580

the waterspout thing and yeah because we

493

00:18:19,909 --> 00:18:16,980

covered this with your excellent uh

494

00:18:21,770 --> 00:18:19,919

in-depth uh you know analysis of the

495

00:18:25,370 --> 00:18:21,780

available information like we are

496

00:18:27,230 --> 00:18:25,380

familiar with the verifiable details and

497

00:18:29,690 --> 00:18:27,240

I find it very intriguing that

498

00:18:32,330 --> 00:18:29,700

potentially the most memorable element

499

00:18:34,430 --> 00:18:32,340

of this new representation is

500

00:18:37,010 --> 00:18:34,440

potentially entirely fictional and it

501  
00:18:38,990 --> 00:18:37,020  
just is like such a classic example of

502  
00:18:41,750 --> 00:18:39,000  
everything wrong with this subject right

503  
00:18:43,130 --> 00:18:41,760  
I mean like I said in the beginning it

504  
00:18:45,470 --> 00:18:43,140  
is possible that this was an original

505  
00:18:48,350 --> 00:18:45,480  
claim from back in 1994. we do know that

506  
00:18:49,789 --> 00:18:48,360  
like multiple people called in a 9-1-1

507  
00:18:51,950 --> 00:18:49,799  
that aren't on that tape and we know

508  
00:18:54,830 --> 00:18:51,960  
that mufon took a lot of reports from

509  
00:18:56,750 --> 00:18:54,840  
around then so like sure sure maybe it

510  
00:18:59,390 --> 00:18:56,760  
is an original account I don't think it

511  
00:19:01,130 --> 00:18:59,400  
adds any value to the story as dramatic

512  
00:19:03,529 --> 00:19:01,140  
as it sounds because like I said it's

513  
00:19:04,789 --> 00:19:03,539

not corroborated on that tape you know

514

00:19:05,930 --> 00:19:04,799

we're hearing this out of the blue 30

515

00:19:08,810 --> 00:19:05,940

years later

516

00:19:11,090 --> 00:19:08,820

and it doesn't line up with

517

00:19:13,370 --> 00:19:11,100

um the recording of Jack tracking the

518

00:19:15,049 --> 00:19:13,380

radar you know what I mean they none of

519

00:19:16,430 --> 00:19:15,059

them were off the coast of Benton Harbor

520

00:19:18,529 --> 00:19:16,440

at the time according to him they were

521

00:19:21,169 --> 00:19:18,539

all located all the returns were located

522

00:19:24,350 --> 00:19:21,179

kind of southern area of Lake Michigan

523

00:19:26,570 --> 00:19:24,360

down by Indiana and Chicago so I don't

524

00:19:29,029 --> 00:19:26,580

know it it shook me when I watched it

525

00:19:30,770 --> 00:19:29,039

and then on the on the episode they had

526

00:19:34,610 --> 00:19:30,780

the radar operator sort of say something

527

00:19:36,350 --> 00:19:34,620

like uh this sort of connects these

528

00:19:40,010 --> 00:19:36,360

things is that what I heard you say yes

529

00:19:42,350 --> 00:19:40,020

yeah and like and from experience

530

00:19:44,210 --> 00:19:42,360

um the way that they have you speak on

531

00:19:46,190 --> 00:19:44,220

these shows is they ask you a question

532

00:19:47,810 --> 00:19:46,200

and then they say tell it back to me

533

00:19:49,370 --> 00:19:47,820

like you're telling me a statement so

534

00:19:51,289 --> 00:19:49,380

like if the question is what do you

535

00:19:53,770 --> 00:19:51,299

think about this you're supposed to say

536

00:19:56,990 --> 00:19:53,780

what I think about this is

537

00:20:00,049 --> 00:19:57,000

so I mean you're coached to say certain

538

00:20:01,250 --> 00:20:00,059

things and uh kind of like because they

539

00:20:02,630 --> 00:20:01,260

are like I said like I keep saying

540

00:20:04,669 --> 00:20:02,640

they're building a narrative and stuff

541

00:20:07,669 --> 00:20:04,679

so yeah yeah I said some cookie things

542

00:20:10,310 --> 00:20:07,679

myself uh so I'm kind of glad it didn't

543

00:20:12,529 --> 00:20:10,320

make it you let your Fame go to that go

544

00:20:15,770 --> 00:20:12,539

to your head man yeah you're gonna be a

545

00:20:17,330 --> 00:20:15,780

rock star yeah I I and I like honestly I

546

00:20:19,730 --> 00:20:17,340

was in a different mindset back then too

547

00:20:21,549 --> 00:20:19,740

I was a little more delivery at the time

548

00:20:23,450 --> 00:20:21,559

too so

549

00:20:25,850 --> 00:20:23,460

and um

550

00:20:28,070 --> 00:20:25,860

aside from that water spout thing I want

551  
00:20:30,049 --> 00:20:28,080  
to say that um they did Cover the events

552  
00:20:33,230 --> 00:20:30,059  
pretty well

553  
00:20:36,710 --> 00:20:33,240  
um but I do if you pay strict attention

554  
00:20:38,930 --> 00:20:36,720  
to what is said on the 911 tape and the

555  
00:20:41,029 --> 00:20:38,940  
visuals that they use

556  
00:20:43,370 --> 00:20:41,039  
you'll notice that they are a bit

557  
00:20:44,990 --> 00:20:43,380  
exaggerated in my opinion although I did

558  
00:20:46,370 --> 00:20:45,000  
talk to Holly right after she messaged

559  
00:20:47,690 --> 00:20:46,380  
me and she said what did you think and I

560  
00:20:49,430 --> 00:20:47,700  
was like oh it's cool but more

561  
00:20:51,710 --> 00:20:49,440  
importantly what do you think you saw it

562  
00:20:55,010 --> 00:20:51,720  
and she said that she thought the uh the

563  
00:20:56,870 --> 00:20:55,020

representation was good so either

564

00:20:59,270 --> 00:20:56,880

um her memory has been exaggerated over

565

00:21:01,430 --> 00:20:59,280

these years or they did do a good job

566

00:21:02,930 --> 00:21:01,440

and when she said it looked like a

567

00:21:05,450 --> 00:21:02,940

string of Christmas lights up in this

568

00:21:07,490 --> 00:21:05,460

guy that was maybe she was more at loss

569

00:21:09,470 --> 00:21:07,500

for words because that's what I always

570

00:21:10,970 --> 00:21:09,480

pictured as smaller lights kind of

571

00:21:13,010 --> 00:21:10,980

further away they come together and

572

00:21:14,570 --> 00:21:13,020

break apart not these like discs that

573

00:21:17,330 --> 00:21:14,580

they should these glowing discs that

574

00:21:19,789 --> 00:21:17,340

like explode in the sky on the TV show

575

00:21:21,950 --> 00:21:19,799

that was neat to see but

576

00:21:22,850 --> 00:21:21,960

that waterfall thing man I don't I just

577

00:21:25,850 --> 00:21:22,860

don't know

578

00:21:26,930 --> 00:21:25,860

you said you said the water fountain

579

00:21:28,730 --> 00:21:26,940

spout

580

00:21:30,470 --> 00:21:28,740

um that there was another case in

581

00:21:31,750 --> 00:21:30,480

Australia

582

00:21:34,070 --> 00:21:31,760

yeah

583

00:21:35,750 --> 00:21:34,080

I remember reading about something like

584

00:21:38,270 --> 00:21:35,760

that in this magazine called The X

585

00:21:40,370 --> 00:21:38,280

Factor back in the 90s it was like a

586

00:21:42,230 --> 00:21:40,380

paranormal kind of series that you would

587

00:21:44,270 --> 00:21:42,240

buy every week yeah

588

00:21:46,070 --> 00:21:44,280

um there was actually another

589

00:21:49,250 --> 00:21:46,080

claim like that I think it was from an

590

00:21:50,870 --> 00:21:49,260

American Service man so this story might

591

00:21:53,630 --> 00:21:50,880

have been sort of doing the rounds back

592

00:21:55,430 --> 00:21:53,640

then this Trope I wonder if he could

593

00:21:57,470 --> 00:21:55,440

find out which case that was that's

594

00:22:00,049 --> 00:21:57,480

really interesting I'd like to see it

595

00:22:02,029 --> 00:22:00,059

because I mean like um there was a a

596

00:22:05,210 --> 00:22:02,039

similar claim in uh at the weineke

597

00:22:08,149 --> 00:22:05,220

reservoir I think that was 66 or 67 but

598

00:22:09,049 --> 00:22:08,159

I don't remember Craig would know

599

00:22:11,450 --> 00:22:09,059

um

600

00:22:13,789 --> 00:22:11,460

but I I believe it was also sucking up

601  
00:22:16,610 --> 00:22:13,799  
water and then one of the earlier uh

602  
00:22:18,169 --> 00:22:16,620  
claims in Hudson Valley was that they

603  
00:22:19,909 --> 00:22:18,179  
saw the the boomerang hovering over

604  
00:22:22,549 --> 00:22:19,919  
water and dropping down kind of a red

605  
00:22:24,890 --> 00:22:22,559  
probe in like I don't know stirring the

606  
00:22:26,210 --> 00:22:24,900  
waters I'm not really sure what it was

607  
00:22:27,830 --> 00:22:26,220  
doing but uh

608  
00:22:29,810 --> 00:22:27,840  
lots of lots of stories of them

609  
00:22:31,909 --> 00:22:29,820  
interacting is it like the Council

610  
00:22:35,090 --> 00:22:31,919  
Bluffs Iowa case involved this kind of

611  
00:22:37,310 --> 00:22:35,100  
stuff too say that again my the Council

612  
00:22:39,289 --> 00:22:37,320  
Bluffs Iowa okay oh I don't know that

613  
00:22:41,390 --> 00:22:39,299

one like yeah that would I I remember

614

00:22:42,710 --> 00:22:41,400

that one coming up on UCR from rather a

615

00:22:44,570 --> 00:22:42,720

few times and looking into it there's

616

00:22:46,549 --> 00:22:44,580

not too much like excellent resources or

617

00:22:48,350 --> 00:22:46,559

documentation on it but it happened at

618

00:22:50,090 --> 00:22:48,360

like a park with a big lake and I feel

619

00:22:51,950 --> 00:22:50,100

like it has something similar to that

620

00:22:54,590 --> 00:22:51,960

where it was dropping slag and then

621

00:22:57,409 --> 00:22:54,600

pulling up water oh based on witness

622

00:22:58,789 --> 00:22:57,419

reports Mori Island was like that too

623

00:23:00,770 --> 00:22:58,799

where they were dropping the the donut

624

00:23:03,289 --> 00:23:00,780

UFOs that were dropping the slag in the

625

00:23:04,510 --> 00:23:03,299

water hit a dog allegedly and put a hole

626  
00:23:07,370 --> 00:23:04,520  
in a boat

627  
00:23:09,470 --> 00:23:07,380  
that was an old one Kenneth Arnold was

628  
00:23:12,490 --> 00:23:09,480  
involved in uh really oh that's like an

629  
00:23:16,250 --> 00:23:14,750  
one of the things that um high neck

630  
00:23:19,490 --> 00:23:16,260  
investigated

631  
00:23:20,450 --> 00:23:19,500  
was like some UFO dropping hot fragments

632  
00:23:23,630 --> 00:23:20,460  
of us

633  
00:23:26,409 --> 00:23:23,640  
um these boatmen yeah I think that was

634  
00:23:28,730 --> 00:23:26,419  
Maureen oh is it okay

635  
00:23:30,549 --> 00:23:28,740  
no shag Harbor was different I don't

636  
00:23:32,330 --> 00:23:30,559  
know I don't know they're all the same

637  
00:23:34,750 --> 00:23:32,340  
they're all the same and they're all

638  
00:23:39,909 --> 00:23:37,270

it could be China

639

00:23:42,830 --> 00:23:39,919

I think it probably is China

640

00:23:45,289 --> 00:23:42,840

all the way back case closed we can end

641

00:23:47,390 --> 00:23:45,299

the stream we're good

642

00:23:49,730 --> 00:23:47,400

um excellent so Nick thanks for the

643

00:23:51,710 --> 00:23:49,740

recap uh I I do think we owe this case

644

00:23:53,810 --> 00:23:51,720

like a deep dive on the live stream I

645

00:23:55,310 --> 00:23:53,820

know we did the Twitter space on it oh

646

00:23:56,570 --> 00:23:55,320

right yeah you know having the

647

00:23:57,830 --> 00:23:56,580

opportunity to go back and forth about

648

00:23:59,390 --> 00:23:57,840

it and talk through it I think is

649

00:24:01,789 --> 00:23:59,400

interesting especially again because

650

00:24:04,370 --> 00:24:01,799

we're seeing this like Community

651  
00:24:06,470 --> 00:24:04,380  
collaborative miss making emerge again

652  
00:24:08,450 --> 00:24:06,480  
about an old case now that it's sort of

653  
00:24:10,310 --> 00:24:08,460  
being brought back up for air an

654  
00:24:12,289 --> 00:24:10,320  
Unsolved Mysteries I just see it

655  
00:24:14,390 --> 00:24:12,299  
snowballing too

656  
00:24:16,789 --> 00:24:14,400  
um but like my examples are two people

657  
00:24:18,289 --> 00:24:16,799  
posting about it but I can just see it

658  
00:24:20,270 --> 00:24:18,299  
picking up steam from there I tried to

659  
00:24:22,970 --> 00:24:20,280  
jump into one section and kind of like

660  
00:24:24,710 --> 00:24:22,980  
put out little fires at least from my

661  
00:24:27,110 --> 00:24:24,720  
perspective good luck it's pissing into

662  
00:24:28,669 --> 00:24:27,120  
the wind man I know I know I would

663  
00:24:30,710 --> 00:24:28,679

always I would I'll always talk about

664

00:24:32,870 --> 00:24:30,720

this case though so if next stream you

665

00:24:34,909 --> 00:24:32,880

want to talk about it I'll bring slides

666

00:24:36,710 --> 00:24:34,919

um I got a lot I've got a lot of

667

00:24:39,110 --> 00:24:36,720

documents and info on the case so we can

668

00:24:41,690 --> 00:24:39,120

go over it like in in terrible

669

00:24:43,490 --> 00:24:41,700

excruciating detail next time I can't

670

00:24:46,370 --> 00:24:43,500

wait we're all gonna be like we're all

671

00:24:48,110 --> 00:24:46,380

UFO brain men so this is great

672

00:24:50,930 --> 00:24:48,120

um yeah so I was gonna kind of do like

673

00:24:52,370 --> 00:24:50,940

my little show and tell piece uh so I

674

00:24:54,649 --> 00:24:52,380

was in New York City

675

00:24:56,330 --> 00:24:54,659

um about 10 days ago now for an inquiry

676

00:24:57,890 --> 00:24:56,340

into anomalous experiences and the

677

00:25:00,890 --> 00:24:57,900

phenomenon which was this one day

678

00:25:02,770 --> 00:25:00,900

Symposium hosted by James Iandoli who

679

00:25:05,510 --> 00:25:02,780

runs the engaging the phenomenon podcast

680

00:25:07,730 --> 00:25:05,520

and then Jay Christopher King who runs

681

00:25:09,890 --> 00:25:07,740

the experienter group they were joined

682

00:25:11,690 --> 00:25:09,900

by two awesome co-hosts Kelly Chase and

683

00:25:13,610 --> 00:25:11,700

Priscilla Stone from the Run UFO Rabbit

684

00:25:14,270 --> 00:25:13,620

Hole in Quantum witch Cafe

685

00:25:20,810 --> 00:25:14,280

um

686

00:25:22,130 --> 00:25:20,820

beings was kind enough to give me a

687

00:25:24,049 --> 00:25:22,140

ticket really appreciates what we're

688

00:25:25,610 --> 00:25:24,059

doing with our own podcast I think in

689

00:25:28,190 --> 00:25:25,620

the kind of conversations we're having

690

00:25:30,350 --> 00:25:28,200

and um you know it's basically in my

691

00:25:32,870 --> 00:25:30,360

backyard so I jumped a train went uh

692

00:25:34,010 --> 00:25:32,880

down to the city and uh the lineup was

693

00:25:35,930 --> 00:25:34,020

pretty solid

694

00:25:39,110 --> 00:25:35,940

um I would say in the green room before

695

00:25:40,490 --> 00:25:39,120

we started uh as an ex academic I could

696

00:25:43,190 --> 00:25:40,500

say

697

00:25:44,990 --> 00:25:43,200

um pretty candidly that the majority of

698

00:25:46,610 --> 00:25:45,000

the speakers would not have been out of

699

00:25:48,169 --> 00:25:46,620

place at like a standard academic

700

00:25:50,750 --> 00:25:48,179

conference

701  
00:25:55,310 --> 00:25:50,760  
um the lineup was a like pretty stacked

702  
00:25:57,409 --> 00:25:55,320  
we had uh Dr Sean esperan hoggins who um

703  
00:25:58,549 --> 00:25:57,419  
had the first presentation of the day

704  
00:26:01,190 --> 00:25:58,559  
talked a lot about the connection

705  
00:26:03,590 --> 00:26:01,200  
between experience your phenomena and

706  
00:26:04,970 --> 00:26:03,600  
sort of these constellation of numinous

707  
00:26:06,409 --> 00:26:04,980  
events that humans have been reporting

708  
00:26:07,970 --> 00:26:06,419  
throughout history and he walked us

709  
00:26:10,490 --> 00:26:07,980  
through basically like the different

710  
00:26:11,690 --> 00:26:10,500  
Frameworks that different religions and

711  
00:26:12,649 --> 00:26:11,700  
spiritual

712  
00:26:15,590 --> 00:26:12,659  
um

713  
00:26:17,450 --> 00:26:15,600

systems used to like frame and identify

714

00:26:20,390 --> 00:26:17,460

and understand different things and like

715

00:26:22,789 --> 00:26:20,400

I I've been on a deep deep rabbit hole

716

00:26:24,409 --> 00:26:22,799

with uh mystical Buddhism lately so it

717

00:26:26,930 --> 00:26:24,419

was really cool seeing like a discussion

718

00:26:29,210 --> 00:26:26,940

about vajrayana and the rainbow body

719

00:26:31,310 --> 00:26:29,220

alongside conversations about like

720

00:26:32,529 --> 00:26:31,320

contemporary experience or phenomenology

721

00:26:37,730 --> 00:26:32,539

yeah

722

00:26:39,769 --> 00:26:37,740

um and kudos to him because he also is

723

00:26:42,370 --> 00:26:39,779

doing something that uh I think is

724

00:26:46,010 --> 00:26:42,380

important which is he's

725

00:26:47,750 --> 00:26:46,020

he's uh almost in an ethnographic

726

00:26:49,850 --> 00:26:47,760

fashion approaching experience or

727

00:26:52,730 --> 00:26:49,860

phenomena so rather than he's basically

728

00:26:56,149 --> 00:26:52,740

trying to disintermediate like

729

00:26:57,710 --> 00:26:56,159

UFO government Black Ops conspiracy

730

00:26:59,750 --> 00:26:57,720

narratives from the experiencer

731

00:27:01,310 --> 00:26:59,760

experience which I think is really cool

732

00:27:03,830 --> 00:27:01,320

and important like he's treating it like

733

00:27:05,570 --> 00:27:03,840

with a sense of academic rigor

734

00:27:07,490 --> 00:27:05,580

um and pretty interdisciplinary he was

735

00:27:10,010 --> 00:27:07,500

also um

736

00:27:11,750 --> 00:27:10,020

anyway my point is I found the content

737

00:27:13,370 --> 00:27:11,760

and quality of his presentation like

738

00:27:15,590 --> 00:27:13,380

pretty impressive

739

00:27:18,409 --> 00:27:15,600

um Tim grief Carlson from Westminster

740

00:27:20,930 --> 00:27:18,419

College in Pennsylvania he read an

741

00:27:23,810 --> 00:27:20,940

excerpt from his uh book on the Big

742

00:27:25,310 --> 00:27:23,820

Thicket in East Texas he was a PhD

743

00:27:27,590 --> 00:27:25,320

student under Jeff [h\_\_h] at Rice

744

00:27:31,130 --> 00:27:27,600

University basically writing about the

745

00:27:33,710 --> 00:27:31,140

role of um I think like a cult phenomena

746

00:27:36,529 --> 00:27:33,720

and folk religion and stuff very

747

00:27:38,210 --> 00:27:36,539

interesting again super academic

748

00:27:39,890 --> 00:27:38,220

um I don't want to project anything onto

749

00:27:41,630 --> 00:27:39,900

the crowd but like I'm at the edge of my

750

00:27:42,830 --> 00:27:41,640

seat completely nerding out but I'm

751

00:27:44,149 --> 00:27:42,840

pretty sure a lot of the people in the

752

00:27:46,549 --> 00:27:44,159

audience were like show me the [h\_\_h]

753

00:27:49,370 --> 00:27:46,559

aliens like what's going on here

754

00:27:51,110 --> 00:27:49,380

um Horowitz yeah they've been waiting a

755

00:27:53,570 --> 00:27:51,120

long time and you know it's always they

756

00:27:55,370 --> 00:27:53,580

were hoping soon was that Saturday

757

00:27:57,470 --> 00:27:55,380

um Mitch Horowitz

758

00:27:58,909 --> 00:27:57,480

um spoke uh candidly he was really who I

759

00:28:01,669 --> 00:27:58,919

went to see him I really love Mitch

760

00:28:03,830 --> 00:28:01,679

Horowitz cult scholar and historian

761

00:28:05,510 --> 00:28:03,840

um definitely kind of the Black Sheep on

762

00:28:07,250 --> 00:28:05,520

the lineup but he really spoke about the

763

00:28:09,049 --> 00:28:07,260

necessity of skepticism in these spaces

764

00:28:11,450 --> 00:28:09,059

and the need for collaboration between

765

00:28:13,669 --> 00:28:11,460

like researchers and Skeptics to really

766

00:28:16,250 --> 00:28:13,679

help deliver high integrity research and

767

00:28:18,830 --> 00:28:16,260

Analysis so like again subjects of my

768

00:28:20,029 --> 00:28:18,840

own heart like I was like great this is

769

00:28:22,010 --> 00:28:20,039

exactly what needs to be said about

770

00:28:23,029 --> 00:28:22,020

these things was this uh was this

771

00:28:26,210 --> 00:28:23,039

recorded

772

00:28:27,830 --> 00:28:26,220

really

773

00:28:29,269 --> 00:28:27,840

um I haven't gotten a copy of the

774

00:28:30,769 --> 00:28:29,279

recording

775

00:28:32,450 --> 00:28:30,779

see if I can dig up a copy for you guys

776

00:28:34,010 --> 00:28:32,460

I think you would

777

00:28:35,390 --> 00:28:34,020

have seriousness but it was very very

778

00:28:37,669 --> 00:28:35,400

good

779

00:28:40,070 --> 00:28:37,679

um exo-academian presented this guy

780

00:28:41,630 --> 00:28:40,080

Darren I am not familiar with him

781

00:28:44,210 --> 00:28:41,640

um he talked a lot about like

782

00:28:45,529 --> 00:28:44,220

Consciousness and reality uh he cited my

783

00:28:46,510 --> 00:28:45,539

favorite talked a lot about Bernardo

784

00:28:49,789 --> 00:28:46,520

Castro

785

00:28:51,830 --> 00:28:49,799

Penrose you know Rupert sheldrake sort

786

00:28:53,750 --> 00:28:51,840

of like the best of hits on this kind of

787

00:28:56,330 --> 00:28:53,760

stuff and then of course the headliner

788

00:28:58,490 --> 00:28:56,340

was Gary Nolan and Gary Nolan like man

789

00:28:59,630 --> 00:28:58,500

dude has it made he talked for like two

790

00:29:01,250 --> 00:28:59,640

minutes and then just took questions

791

00:29:04,430 --> 00:29:01,260

from the audience for probably an hour

792

00:29:06,409 --> 00:29:04,440

and a half um like very candidly like

793

00:29:08,210 --> 00:29:06,419

that's the site of ufology like that I

794

00:29:11,149 --> 00:29:08,220

pay the least attention to like the Gary

795

00:29:13,010 --> 00:29:11,159

Nolan or Elizondo government yeah

796

00:29:16,250 --> 00:29:13,020

like I know the least about it I kind of

797

00:29:20,570 --> 00:29:16,260

am the least invested in it in some ways

798

00:29:22,850 --> 00:29:20,580

um but he uh I I will say to Gary's

799

00:29:24,889 --> 00:29:22,860

credit his disposition in person

800

00:29:25,909 --> 00:29:24,899

speaking is very different than it is on

801  
00:29:28,130 --> 00:29:25,919  
the internet that's really

802  
00:29:31,669 --> 00:29:28,140  
unsurprisingly yes

803  
00:29:33,409 --> 00:29:31,679  
um and he was asked you know this sir

804  
00:29:35,630 --> 00:29:33,419  
this plethora of questions that were

805  
00:29:37,730 --> 00:29:35,640  
pretty detailed in Arcane like that

806  
00:29:40,490 --> 00:29:37,740  
blood like a real familiarity with not

807  
00:29:42,769 --> 00:29:40,500  
only like his ufological research but

808  
00:29:44,450 --> 00:29:42,779  
his actual like Stanford Institute

809  
00:29:47,450 --> 00:29:44,460  
research

810  
00:29:48,889 --> 00:29:47,460  
um you know he overall

811  
00:29:50,870 --> 00:29:48,899  
um like they're holding another one on

812  
00:29:53,210 --> 00:29:50,880  
December 3rd with Leslie Kane Whitley

813  
00:29:54,889 --> 00:29:53,220

streber Jeff [h\_\_h] Jeff kreibel for me

814

00:29:57,830 --> 00:29:54,899

alone is the reason to make another trip

815

00:30:00,230 --> 00:29:57,840

to New York um I am I adore Jeff [h\_\_h]

816

00:30:02,810 --> 00:30:00,240

um so I plan on being in attendance so

817

00:30:04,549 --> 00:30:02,820

in some great event but what I really

818

00:30:07,250 --> 00:30:04,559

wanted to talk about which I think is

819

00:30:08,810 --> 00:30:07,260

especially interesting was sort of the

820

00:30:11,750 --> 00:30:08,820

post event

821

00:30:14,090 --> 00:30:11,760

uh experience right so first and

822

00:30:15,289 --> 00:30:14,100

foremost like I got to meet a lot of

823

00:30:17,570 --> 00:30:15,299

people in the community especially

824

00:30:20,090 --> 00:30:17,580

people on like the other side of the

825

00:30:22,130 --> 00:30:20,100

community that you know I don't have as

826

00:30:23,210 --> 00:30:22,140

much interfacing with

827

00:30:26,090 --> 00:30:23,220

um

828

00:30:28,430 --> 00:30:26,100

yes yeah KingBach part was there

829

00:30:30,769 --> 00:30:28,440

um uh tiny cross was there it was sort

830

00:30:32,930 --> 00:30:30,779

of like the best of the the greatest

831

00:30:35,029 --> 00:30:32,940

hits of UFO Twitter

832

00:30:37,190 --> 00:30:35,039

um everybody was super Pleasant friendly

833

00:30:38,690 --> 00:30:37,200

lots of people recognized me which was

834

00:30:39,250 --> 00:30:38,700

really

835

00:30:41,630 --> 00:30:39,260

um

836

00:30:43,490 --> 00:30:41,640

kind of cool and also a little

837

00:30:45,169 --> 00:30:43,500

terrifying like when people recognize

838

00:30:47,210 --> 00:30:45,179

you and like you and I'm just like dude

839

00:30:50,210 --> 00:30:47,220

I just know you as a UFO picture on

840

00:30:53,570 --> 00:30:50,220

Twitter and like a jumble of names and

841

00:30:56,149 --> 00:30:53,580

numbers like I don't know who you are

842

00:30:58,010 --> 00:30:56,159

um but people people are really cool and

843

00:30:59,990 --> 00:30:58,020

I think it's also like a classic example

844

00:31:01,669 --> 00:31:00,000

of what happens when you make good faith

845

00:31:03,169 --> 00:31:01,679

effort to Coalition build or even just

846

00:31:05,210 --> 00:31:03,179

show up in each other's faces because

847

00:31:06,710 --> 00:31:05,220

like nobody starts [h\_\_\h] you realize

848

00:31:08,630 --> 00:31:06,720

you're you know actually human beings

849

00:31:11,149 --> 00:31:08,640

you have a shared interest people were

850

00:31:12,710 --> 00:31:11,159

well behaved and welcoming

851  
00:31:14,510 --> 00:31:12,720  
um but the the other thing that was

852  
00:31:17,570 --> 00:31:14,520  
really interesting for me

853  
00:31:20,450 --> 00:31:17,580  
um was watching kind of the post-event

854  
00:31:22,389 --> 00:31:20,460  
responses to a lot of the things that

855  
00:31:25,430 --> 00:31:22,399  
were discussed in these presentations

856  
00:31:28,370 --> 00:31:25,440  
and I say this because

857  
00:31:30,289 --> 00:31:28,380  
um and I see this candidly

858  
00:31:32,590 --> 00:31:30,299  
um without claiming to be free of

859  
00:31:35,570 --> 00:31:32,600  
cognitive biases or my own projections

860  
00:31:38,090 --> 00:31:35,580  
but a lot of the post-event discourse

861  
00:31:40,490 --> 00:31:38,100  
that I saw emerge on Twitter

862  
00:31:44,269 --> 00:31:40,500  
um in like sort of the UFO space

863  
00:31:46,310 --> 00:31:44,279

felt to me very much a transmutation of

864

00:31:48,830 --> 00:31:46,320

what was actually discussed that day in

865

00:31:52,250 --> 00:31:48,840

many of those presentations like I I

866

00:31:54,649 --> 00:31:52,260

even by very strong Ultra skeptic

867

00:31:57,110 --> 00:31:54,659

critical material is thinking I think

868

00:31:58,130 --> 00:31:57,120

everybody I know in that Arena could

869

00:31:59,450 --> 00:31:58,140

could have sat through these

870

00:32:02,750 --> 00:31:59,460

presentations and found them pretty

871

00:32:05,029 --> 00:32:02,760

Meritus and like worthy of consideration

872

00:32:08,389 --> 00:32:05,039

um aliens and extraterrestrials didn't

873

00:32:09,889 --> 00:32:08,399

come up like once that entire day but I

874

00:32:12,350 --> 00:32:09,899

can't tell you how many times I read

875

00:32:14,049 --> 00:32:12,360

some discourse about what people saw or

876

00:32:16,850 --> 00:32:14,059

heard and it involved aliens

877

00:32:18,049 --> 00:32:16,860

extraterrestrials abductees this kind of

878

00:32:25,130 --> 00:32:18,059

like

879

00:32:27,409 --> 00:32:25,140

seeing what they wanted to see or hear

880

00:32:30,470 --> 00:32:27,419

out of these presentations

881

00:32:31,970 --> 00:32:30,480

um and you know I mean we always like we

882

00:32:33,529 --> 00:32:31,980

always talk about the kind of community

883

00:32:35,750 --> 00:32:33,539

and collaborative myth making that

884

00:32:37,310 --> 00:32:35,760

happens in ufology it was kind of just

885

00:32:39,169 --> 00:32:37,320

kind of interesting to see happen

886

00:32:40,789 --> 00:32:39,179

basically in real time where I was like

887

00:32:42,289 --> 00:32:40,799

did we even attend like the same

888

00:32:45,409 --> 00:32:42,299

conference like did we hear the same

889

00:32:48,289 --> 00:32:45,419

talks here like how could you take away

890

00:32:51,470 --> 00:32:48,299

like even Dr Nolan was pretty reserved

891

00:32:53,389 --> 00:32:51,480

in his discussion about disclosure and

892

00:32:55,130 --> 00:32:53,399

the the idea that people were coming

893

00:32:56,330 --> 00:32:55,140

away being like Oh man disclosure is

894

00:32:58,970 --> 00:32:56,340

coming soon we're gonna know everything

895

00:33:01,490 --> 00:32:58,980

I was like did like what happened here

896

00:33:04,669 --> 00:33:01,500

did we listen to the same person

897

00:33:06,169 --> 00:33:04,679

um right well I I always ask uh like

898

00:33:08,090 --> 00:33:06,179

especially after doing the Hudson Valley

899

00:33:10,789 --> 00:33:08,100

case like how did people see a formation

900

00:33:12,289 --> 00:33:10,799

of planes uh as this dramatic event

901  
00:33:14,269 --> 00:33:12,299  
people

902  
00:33:15,710 --> 00:33:14,279  
see through their biases you know what I

903  
00:33:17,210 --> 00:33:15,720  
mean like everyone's seeing it through

904  
00:33:19,850 --> 00:33:17,220  
filters people are having different

905  
00:33:22,310 --> 00:33:19,860  
experiences even in this conference it's

906  
00:33:23,930 --> 00:33:22,320  
wild yeah well I mean think about with

907  
00:33:25,610 --> 00:33:23,940  
Hudson Valley where people

908  
00:33:27,950 --> 00:33:25,620  
experience like legitimate spiritual

909  
00:33:29,690 --> 00:33:27,960  
experiences right they had these like

910  
00:33:31,789 --> 00:33:29,700  
Consciousness shifting experiences

911  
00:33:33,470 --> 00:33:31,799  
because

912  
00:33:36,409 --> 00:33:33,480  
um what they were witnessing at the time

913  
00:33:39,769 --> 00:33:36,419

to them was unidentifiable and sort of

914

00:33:41,090 --> 00:33:39,779

broke apart their ideology I just um the

915

00:33:42,710 --> 00:33:41,100

different lenses people can view the

916

00:33:45,169 --> 00:33:42,720

same thing through it's really strange

917

00:33:46,549 --> 00:33:45,179

to me but really interesting I can't

918

00:33:48,789 --> 00:33:46,559

wait to actually like see this whole

919

00:33:51,470 --> 00:33:48,799

conference yeah it's it's it's

920

00:33:53,029 --> 00:33:51,480

absolutely worth watching like in my

921

00:33:54,470 --> 00:33:53,039

opinion completely worth watching not a

922

00:33:56,330 --> 00:33:54,480

waste of time

923

00:33:57,649 --> 00:33:56,340

um you know differences in the community

924

00:33:59,570 --> 00:33:57,659

aside like it was a very well

925

00:34:01,250 --> 00:33:59,580

orchestrated event it ran on time it

926  
00:34:03,350 --> 00:34:01,260  
started on time finished on time people

927  
00:34:05,930 --> 00:34:03,360  
were well behaved

928  
00:34:07,850 --> 00:34:05,940  
um and the other thing that I'll say uh

929  
00:34:09,290 --> 00:34:07,860  
it give credit to the organizers for is

930  
00:34:12,109 --> 00:34:09,300  
it was a deliberately intimate

931  
00:34:15,589 --> 00:34:12,119  
conference it was like 75 people in that

932  
00:34:19,190 --> 00:34:15,599  
Auditorium uh Science Bob was there uh

933  
00:34:22,609 --> 00:34:19,200  
Linda Thompson it was kind uh Leslie

934  
00:34:26,389 --> 00:34:22,619  
Keane Anjali like I said it was like

935  
00:34:27,169 --> 00:34:26,399  
it just it was very interesting

936  
00:34:29,329 --> 00:34:27,179  
um

937  
00:34:30,649 --> 00:34:29,339  
and people you know like

938  
00:34:31,970 --> 00:34:30,659

it's

939

00:34:33,530 --> 00:34:31,980

um

940

00:34:36,889 --> 00:34:33,540

it

941

00:34:38,570 --> 00:34:36,899

like like I keep saying uh and I mean I

942

00:34:40,250 --> 00:34:38,580

hope everyone here knows I'm no

943

00:34:41,690 --> 00:34:40,260

shrinking pilot when it comes to strong

944

00:34:43,669 --> 00:34:41,700

opinions if I thought it sucked or

945

00:34:45,169 --> 00:34:43,679

people were [h\_\_h] I'd be like this

946

00:34:46,669 --> 00:34:45,179

[h\_\_h] sucks don't bother but I thought it

947

00:34:47,930 --> 00:34:46,679

was really great like I'm going to the

948

00:34:49,369 --> 00:34:47,940

December one

949

00:34:51,589 --> 00:34:49,379

um looking forward to like meeting more

950

00:34:52,490 --> 00:34:51,599

folks sort of in that space of the

951  
00:34:54,050 --> 00:34:52,500  
community

952  
00:34:57,829 --> 00:34:54,060  
um you thought you've convinced me to

953  
00:34:59,450 --> 00:34:57,839  
check it out yeah yeah like I mean and

954  
00:35:02,089 --> 00:34:59,460  
if nothing else like I always come back

955  
00:35:06,470 --> 00:35:04,609  
and maybe this is being more generous

956  
00:35:08,150 --> 00:35:06,480  
than is warranted I don't I have more

957  
00:35:10,910 --> 00:35:08,160  
naivete than I think a lot of people do

958  
00:35:14,089 --> 00:35:10,920  
in this community still but even

959  
00:35:17,990 --> 00:35:14,099  
um even if stories are related that are

960  
00:35:19,430 --> 00:35:18,000  
false or wrong or seem to be too much of

961  
00:35:23,050 --> 00:35:19,440  
a stretch of the imagination or whatever

962  
00:35:27,230 --> 00:35:23,060  
like there's still something fascinating

963  
00:35:29,210 --> 00:35:27,240

and about witnessing the emergence of

964

00:35:31,790 --> 00:35:29,220

myth right like like I think about like

965

00:35:33,109 --> 00:35:31,800

Bob Lazar is a good example like to a

966

00:35:34,490 --> 00:35:33,119

certain degree it doesn't even matter if

967

00:35:36,170 --> 00:35:34,500

Bob Lazar is telling a true story

968

00:35:38,870 --> 00:35:36,180

because he's woven himself so

969

00:35:41,210 --> 00:35:38,880

effectively into ufology that his

970

00:35:44,270 --> 00:35:41,220

presence in the sort of community myth

971

00:35:46,069 --> 00:35:44,280

in and of itself like brings attention

972

00:35:48,050 --> 00:35:46,079

on it or brings attention on himself

973

00:35:49,730 --> 00:35:48,060

like just by virtue of having so

974

00:35:52,130 --> 00:35:49,740

substantially created and disseminated

975

00:35:53,630 --> 00:35:52,140

his own story so like

976

00:35:57,770 --> 00:35:53,640

that's

977

00:35:59,990 --> 00:35:57,780

um in this sort of like Chaser on all

978

00:36:03,290 --> 00:36:00,000

this is I came back super gung-ho about

979

00:36:04,849 --> 00:36:03,300

this idea of working or sort of not even

980

00:36:06,950 --> 00:36:04,859

working but like thinking about the

981

00:36:08,510 --> 00:36:06,960

necessity of doing ethnography with

982

00:36:10,010 --> 00:36:08,520

experiencers like ethnographic

983

00:36:11,450 --> 00:36:10,020

interviews and research basically you

984

00:36:13,490 --> 00:36:11,460

need somebody who's going to be Alfred

985

00:36:14,930 --> 00:36:13,500

Kinsey for experiencers you know you

986

00:36:16,670 --> 00:36:14,940

need someone who's gonna basically

987

00:36:18,770 --> 00:36:16,680

conduct a ton of interviews and think

988

00:36:20,270 --> 00:36:18,780

about them thematically and I got

989

00:36:22,010 --> 00:36:20,280

pointed in the direction of this guy Ray

990

00:36:24,470 --> 00:36:22,020

Hernandez

991

00:36:26,750 --> 00:36:24,480

um who uh I've subsequently like

992

00:36:29,810 --> 00:36:26,760

connected with he's kind of an Old Guard

993

00:36:31,370 --> 00:36:29,820

Consciousness nde Obe astral projection

994

00:36:32,930 --> 00:36:31,380

kind of guy

995

00:36:34,430 --> 00:36:32,940

um tends to see a lot of experience or

996

00:36:36,109 --> 00:36:34,440

phenomena through the lens of like kind

997

00:36:38,569 --> 00:36:36,119

of the classic spiritual emergence

998

00:36:39,890 --> 00:36:38,579

Kundalini Awakening Etc

999

00:36:41,270 --> 00:36:39,900

um so I've connected with him he's

1000

00:36:43,310 --> 00:36:41,280

trying to bring out some new research

1001  
00:36:46,130 --> 00:36:43,320  
from CCRI which has been like the stink

1002  
00:36:48,050 --> 00:36:46,140  
tank of a pretty pretty well established

1003  
00:36:49,970 --> 00:36:48,060  
academics

1004  
00:36:52,190 --> 00:36:49,980  
um cross-disciplinary

1005  
00:36:54,470 --> 00:36:52,200  
um and experiencers kind of writing up

1006  
00:36:56,030 --> 00:36:54,480  
pretty I I would characterize this

1007  
00:36:57,770 --> 00:36:56,040  
fairly rigorous not only personal

1008  
00:37:00,410 --> 00:36:57,780  
accounts but like Research into the

1009  
00:37:01,069 --> 00:37:00,420  
nature of Consciousness and reality

1010  
00:37:02,569 --> 00:37:01,079  
um

1011  
00:37:04,250 --> 00:37:02,579  
so that sort of was the cool little

1012  
00:37:06,290 --> 00:37:04,260  
Chaser on this little experience who's

1013  
00:37:08,810 --> 00:37:06,300

winding up connected with CCRI and Rey

1014

00:37:12,230 --> 00:37:08,820

uh over the last week

1015

00:37:18,710 --> 00:37:15,290

it's everybody else been up to you

1016

00:37:20,630 --> 00:37:18,720

just in life yeah come on yeah anything

1017

00:37:23,210 --> 00:37:20,640

bad it's been a while what are you up to

1018

00:37:26,470 --> 00:37:23,220

oh God it's so hard to step out of the

1019

00:37:29,810 --> 00:37:26,480

UFO mentality and step into real life

1020

00:37:32,630 --> 00:37:29,820

but uh yeah no yeah just been uh doing

1021

00:37:34,490 --> 00:37:32,640

work and stuff but um let's not talk

1022

00:37:37,430 --> 00:37:34,500

about real life that's why we're here is

1023

00:37:40,370 --> 00:37:37,440

to ignore real life yeah escapism that's

1024

00:37:41,810 --> 00:37:40,380

why we talk about UFOs right yes but I

1025

00:37:42,710 --> 00:37:41,820

thought that what uh you were saying Lee

1026  
00:37:45,710 --> 00:37:42,720  
about

1027  
00:37:47,329 --> 00:37:45,720  
um the way that myth gets constructed uh

1028  
00:37:49,430 --> 00:37:47,339  
in real time is really interesting

1029  
00:37:50,990 --> 00:37:49,440  
because it's like with them like

1030  
00:37:53,510 --> 00:37:51,000  
Michigan thing we were just talking

1031  
00:37:56,270 --> 00:37:53,520  
about that uh this interesting thing

1032  
00:37:59,210 --> 00:37:56,280  
happens where the people who end up

1033  
00:38:02,030 --> 00:37:59,220  
being sort of the mythical figures that

1034  
00:38:05,329 --> 00:38:02,040  
lead the uh public interest end up

1035  
00:38:07,490 --> 00:38:05,339  
bringing in all of these things that are

1036  
00:38:09,470 --> 00:38:07,500  
not necessarily true into the story

1037  
00:38:10,970 --> 00:38:09,480  
because they're memorable and then when

1038  
00:38:13,310 --> 00:38:10,980

somebody comes into it and starts

1039

00:38:14,990 --> 00:38:13,320

observing it even if there's a kernel of

1040

00:38:17,390 --> 00:38:15,000

Truth at the heart of it I.E like Bob

1041

00:38:19,690 --> 00:38:17,400

was R was working as a contractor at

1042

00:38:23,150 --> 00:38:19,700

Area 51 before it was a publicly known

1043

00:38:24,710 --> 00:38:23,160

that's pretty interesting it I mean and

1044

00:38:26,510 --> 00:38:24,720

then he is spreading his own lies and

1045

00:38:28,010 --> 00:38:26,520

stuff or whatever I don't want to insult

1046

00:38:30,130 --> 00:38:28,020

anybody but he says things that aren't

1047

00:38:32,990 --> 00:38:30,140

verified and then it uh

1048

00:38:34,250 --> 00:38:33,000

I know and then it invalidates the

1049

00:38:35,870 --> 00:38:34,260

entire

1050

00:38:38,150 --> 00:38:35,880

perspective on the whole thing though

1051

00:38:40,250 --> 00:38:38,160

right right so it's all thrown away or

1052

00:38:42,770 --> 00:38:40,260

it's all good and like that's something

1053

00:38:45,410 --> 00:38:42,780

that I see as potentially emerging

1054

00:38:47,089 --> 00:38:45,420

um from the Lake Michigan thing too with

1055

00:38:48,410 --> 00:38:47,099

like the radar operator like even if he

1056

00:38:51,290 --> 00:38:48,420

was a hundred percent reliable

1057

00:38:54,109 --> 00:38:51,300

historically if they cut and pasted his

1058

00:38:56,270 --> 00:38:54,119

one comment out of place now it's part

1059

00:38:58,250 --> 00:38:56,280

of the myth and now he's unreliable and

1060

00:38:59,870 --> 00:38:58,260

now what we throw out all the radar it's

1061

00:39:02,089 --> 00:38:59,880

like and that's just what happened even

1062

00:39:04,490 --> 00:39:02,099

though it's legit originally in certain

1063

00:39:06,230 --> 00:39:04,500

ways that you can invalidate the rest of

1064

00:39:07,670 --> 00:39:06,240

it that was why I wanted to get on here

1065

00:39:10,250 --> 00:39:07,680

quick and kind of nip this in the butter

1066

00:39:12,650 --> 00:39:10,260

at least throw my perspectives out there

1067

00:39:15,770 --> 00:39:12,660

at least so someone might hear it and

1068

00:39:17,450 --> 00:39:15,780

consider it because I there is there is

1069

00:39:19,609 --> 00:39:17,460

a good case underneath this stuff but

1070

00:39:21,950 --> 00:39:19,619

when you when you pile this other kind

1071

00:39:22,730 --> 00:39:21,960

of stuff on and make it more fantastic I

1072

00:39:24,829 --> 00:39:22,740

just

1073

00:39:34,430 --> 00:39:24,839

I I hope that the real good information

1074

00:39:39,710 --> 00:39:36,410

but thinking so there's this theory that

1075

00:39:41,089 --> 00:39:39,720

started emerging in like 2016 and 2017

1076

00:39:43,849 --> 00:39:41,099

um in a lot of these like information

1077

00:39:48,310 --> 00:39:43,859

science circles about the Liars dividend

1078

00:39:51,170 --> 00:39:48,320

which is this idea that false news

1079

00:39:52,849 --> 00:39:51,180

benefits from a boost in legitimacy when

1080

00:39:55,310 --> 00:39:52,859

there's lots of conversation about how

1081

00:39:56,870 --> 00:39:55,320

fake media exists

1082

00:39:58,970 --> 00:39:56,880

um and like you see this it also happens

1083

00:40:00,950 --> 00:39:58,980

the other way which is um I think Joe

1084

00:40:02,930 --> 00:40:00,960

Rogan is a perfect example of leveraging

1085

00:40:05,089 --> 00:40:02,940

the buyer's dividend in a very

1086

00:40:07,910 --> 00:40:05,099

advantageous way for his his sort of

1087

00:40:09,770 --> 00:40:07,920

media Empire which is he Stacks his

1088

00:40:12,650 --> 00:40:09,780

guest list with generally legitimate

1089

00:40:15,109 --> 00:40:12,660

people but then maybe 20 of them aren't

1090

00:40:18,410 --> 00:40:15,119

but the presence of the majority of

1091

00:40:21,349 --> 00:40:18,420

legitimacy confers legitimacy on the

1092

00:40:22,609 --> 00:40:21,359

rest of his guests that makes sense I

1093

00:40:24,410 --> 00:40:22,619

like yeah

1094

00:40:26,690 --> 00:40:24,420

if we see it in ufology all the time

1095

00:40:29,270 --> 00:40:26,700

right like we see this notion that like

1096

00:40:31,550 --> 00:40:29,280

proximity to a reliable source a

1097

00:40:34,069 --> 00:40:31,560

reliable bit of information seems to

1098

00:40:35,990 --> 00:40:34,079

imbue questionable information or

1099

00:40:39,589 --> 00:40:36,000

individuals with a sense of legitimacy

1100

00:40:41,030 --> 00:40:39,599

just by like proximity right that's what

1101

00:40:42,890 --> 00:40:41,040

I think that's also kind of why I wanted

1102

00:40:44,810 --> 00:40:42,900

to stress that like uh TV shows like

1103

00:40:47,089 --> 00:40:44,820

Unsolved Mysteries are for entertainment

1104

00:40:48,470 --> 00:40:47,099

and they are telling a story on top of

1105

00:40:50,510 --> 00:40:48,480

what's already happening there and I

1106

00:40:52,310 --> 00:40:50,520

think a lot of people do think like

1107

00:40:53,450 --> 00:40:52,320

I remember people talking about the TMZ

1108

00:40:55,910 --> 00:40:53,460

special when it came out a couple years

1109

00:40:57,829 --> 00:40:55,920

ago uh talking about like being good

1110

00:41:00,290 --> 00:40:57,839

information like people were researching

1111

00:41:02,630 --> 00:41:00,300

by watching these these UFO specials in

1112

00:41:05,930 --> 00:41:02,640

these UFO TV shows and I don't think

1113

00:41:08,390 --> 00:41:05,940

that that's the way to do it right

1114

00:41:10,670 --> 00:41:08,400

right yeah well and that's um it's

1115

00:41:12,829 --> 00:41:10,680

probably a good spot to uh start it's a

1116

00:41:15,730 --> 00:41:12,839

good segue yeah discussion on the

1117

00:41:18,829 --> 00:41:15,740

scientific method philosophy of science

1118

00:41:21,470 --> 00:41:18,839

observation versus interpretation all

1119

00:41:23,630 --> 00:41:21,480

that good stuff drop it yeah Campbell

1120

00:41:25,310 --> 00:41:23,640

you're the man of the hour okay yeah

1121

00:41:27,710 --> 00:41:25,320

right

1122

00:41:29,870 --> 00:41:27,720

um yeah and that's what got me uh kind

1123

00:41:33,770 --> 00:41:29,880

of interested in this whole subject of

1124

00:41:37,310 --> 00:41:33,780

UAP originally was uh it was from sort

1125

00:41:40,250 --> 00:41:37,320

of zero to a hundred I grew up without

1126

00:41:42,470 --> 00:41:40,260

any religion I didn't believe in ghosts

1127

00:41:45,109 --> 00:41:42,480

I didn't believe in UFOs sea monsters

1128

00:41:47,690 --> 00:41:45,119

anything like I had zero uh

1129

00:41:49,730 --> 00:41:47,700

understanding of the Paranormal all of

1130

00:41:51,650 --> 00:41:49,740

that none of that was a part of my uh

1131

00:41:53,510 --> 00:41:51,660

world view just completely absent not

1132

00:41:57,710 --> 00:41:53,520

even like uh looking down on or anything

1133

00:41:58,550 --> 00:41:57,720

just zero engagement whatsoever and then

1134

00:42:01,190 --> 00:41:58,560

um

1135

00:42:04,430 --> 00:42:01,200

during the virus when everything got

1136

00:42:08,690 --> 00:42:04,440

locked down things seemed all crazy and

1137

00:42:10,430 --> 00:42:08,700

then President Obama came out on

1138

00:42:13,910 --> 00:42:10,440

um the uh Late Late Show with James

1139

00:42:15,470 --> 00:42:13,920

Corden in May 2021 and he gave a very

1140

00:42:18,050 --> 00:42:15,480

strange interview that caught my

1141

00:42:19,550 --> 00:42:18,060

attention for the first time because I

1142

00:42:22,370 --> 00:42:19,560

had followed Obama through my entire

1143

00:42:24,410 --> 00:42:22,380

University like he was like my president

1144

00:42:27,230 --> 00:42:24,420

growing up I'm Canadian but like he was

1145

00:42:29,270 --> 00:42:27,240

the president you know and uh it was

1146

00:42:31,310 --> 00:42:29,280

just so strange to have him come out in

1147

00:42:32,870 --> 00:42:31,320

the middle of a virus with all this UFO

1148

00:42:35,690 --> 00:42:32,880

stuff in the like in New York Times

1149

00:42:37,609 --> 00:42:35,700

stuff and then he's saying well no there

1150

00:42:39,230 --> 00:42:37,619

there are objects up there that we don't

1151  
00:42:41,630 --> 00:42:39,240  
really know what they are and he doesn't

1152  
00:42:44,569 --> 00:42:41,640  
even stop there he says we can't explain

1153  
00:42:46,310 --> 00:42:44,579  
how they move their trajectories they

1154  
00:42:49,190 --> 00:42:46,320  
did not have an easily explainable

1155  
00:42:50,870 --> 00:42:49,200  
pattern so people still take seriously

1156  
00:42:52,609 --> 00:42:50,880  
try to figure out what those things are

1157  
00:42:55,609 --> 00:42:52,619  
and

1158  
00:42:56,990 --> 00:42:55,619  
that just struck me so weird because I

1159  
00:42:59,809 --> 00:42:57,000  
would expect him to say the first part

1160  
00:43:01,970 --> 00:42:59,819  
oh yeah there are UFOs out there and

1161  
00:43:04,430 --> 00:43:01,980  
what I couldn't figure out was why would

1162  
00:43:07,550 --> 00:43:04,440  
Obama draw people's attention to this

1163  
00:43:09,349 --> 00:43:07,560

subject when I knew academically it was

1164

00:43:12,109 --> 00:43:09,359

associated with like you know white

1165

00:43:13,910 --> 00:43:12,119

supremacy uh Terror the FBI has it on

1166

00:43:15,790 --> 00:43:13,920

the same slides as like terrorism and

1167

00:43:19,069 --> 00:43:15,800

stuff as a threat to National Security

1168

00:43:21,050 --> 00:43:19,079

incredible so it's like why is Obama

1169

00:43:23,329 --> 00:43:21,060

sort of putting kindling in this at all

1170

00:43:25,010 --> 00:43:23,339

it made absolutely no sense and as well

1171

00:43:27,710 --> 00:43:25,020

as that it was the obvious thing that

1172

00:43:28,849 --> 00:43:27,720

it's like I feel very confident I

1173

00:43:31,069 --> 00:43:28,859

wouldn't say certain but I felt very

1174

00:43:34,010 --> 00:43:31,079

confident that the United States has the

1175

00:43:35,870 --> 00:43:34,020

capacity to identify objects in Earth's

1176

00:43:38,270 --> 00:43:35,880

atmosphere for the most part

1177

00:43:40,490 --> 00:43:38,280

and so my assumption was like if they're

1178

00:43:42,589 --> 00:43:40,500

like all these alien spaceships or

1179

00:43:43,550 --> 00:43:42,599

whatever coming in here like they would

1180

00:43:45,950 --> 00:43:43,560

be getting

1181

00:43:47,270 --> 00:43:45,960

served probably and so why would Obama

1182

00:43:49,069 --> 00:43:47,280

be saying he doesn't know what they are

1183

00:43:50,390 --> 00:43:49,079

why would he be drawing attention to

1184

00:43:52,910 --> 00:43:50,400

that if the U.S can't identify something

1185

00:43:54,470 --> 00:43:52,920

makes no sense right so that was sort of

1186

00:43:56,030 --> 00:43:54,480

the Baseline it was like this makes

1187

00:43:57,950 --> 00:43:56,040

absolutely no sense according to my

1188

00:44:01,069 --> 00:43:57,960

world view so it was like it broke into

1189

00:44:01,670 --> 00:44:01,079

my attention for the first time that way

1190

00:44:03,530 --> 00:44:01,680

um

1191

00:44:06,349 --> 00:44:03,540

and so that was sort of the heart of it

1192

00:44:08,510 --> 00:44:06,359

and then I started doing research and uh

1193

00:44:11,450 --> 00:44:08,520

that was what turned into my website

1194

00:44:13,790 --> 00:44:11,460

uapstudy.com

1195

00:44:16,010 --> 00:44:13,800

um yeah and I guess I could just start

1196

00:44:18,470 --> 00:44:16,020

getting into it um have you guys had any

1197

00:44:20,930 --> 00:44:18,480

I'd be curious actually what do you guys

1198

00:44:23,270 --> 00:44:20,940

have you had a moment of sort of being

1199

00:44:24,950 --> 00:44:23,280

pulled into something brand new that you

1200

00:44:27,290 --> 00:44:24,960

didn't have any exposure to historically

1201

00:44:28,550 --> 00:44:27,300

uh what about you Leah

1202

00:44:32,990 --> 00:44:28,560

you know

1203

00:44:35,530 --> 00:44:33,000

I would say UFOs but like that's what

1204

00:44:39,170 --> 00:44:35,540

what I've only been pulled into is like

1205

00:44:41,390 --> 00:44:39,180

the post 2017 discourse is totally new

1206

00:44:44,870 --> 00:44:41,400

to me because my experience with UFOs

1207

00:44:48,890 --> 00:44:44,880

was like 1990s like X-Files Art Bell

1208

00:44:49,910 --> 00:44:48,900

stuff not Tic Tacs and you know

1209

00:44:52,490 --> 00:44:49,920

obviously the government's always

1210

00:44:55,130 --> 00:44:52,500

factored into these ideas but it seems

1211

00:44:57,230 --> 00:44:55,140

the post 2017 landscape of the subject

1212

00:44:59,329 --> 00:44:57,240

is predominantly sort of government and

1213

00:45:01,790 --> 00:44:59,339

Military driven

1214

00:45:04,250 --> 00:45:01,800

um that's true I um I've explained this

1215

00:45:05,750 --> 00:45:04,260

a couple times but I was on like I had

1216

00:45:08,329 --> 00:45:05,760

stepped away from all paranormal

1217

00:45:10,670 --> 00:45:08,339

subjects uh like five six years ago and

1218

00:45:13,250 --> 00:45:10,680

I I was in between jobs at the time when

1219

00:45:16,910 --> 00:45:13,260

uh when that 2017 thing came out that

1220

00:45:18,650 --> 00:45:16,920

kind of got me re-interested too what is

1221

00:45:20,990 --> 00:45:18,660

it with UFOs and being an unemployed

1222

00:45:22,970 --> 00:45:21,000

degenerate like that's what got me into

1223

00:45:24,770 --> 00:45:22,980

it like I don't I don't I didn't have a

1224

00:45:27,190 --> 00:45:24,780

job and I was like well I think I'm

1225

00:45:31,130 --> 00:45:27,200

gonna get into Twitter and into UFOs

1226

00:45:32,930 --> 00:45:31,140

the two big brain Hobbies of course like

1227

00:45:34,309 --> 00:45:32,940

I had been interested in UFOs as a kid

1228

00:45:36,410 --> 00:45:34,319

growing up like you mentioned too like

1229

00:45:38,210 --> 00:45:36,420

X-Files unself mystery sightings all

1230

00:45:40,670 --> 00:45:38,220

that kind of stuff in the 80s and 90s

1231

00:45:42,950 --> 00:45:40,680

but that did bring me back in I mean

1232

00:45:44,030 --> 00:45:42,960

that headline was pretty attention

1233

00:45:48,250 --> 00:45:44,040

grabbing

1234

00:45:52,790 --> 00:45:51,230

it seems pretty significant at the time

1235

00:45:55,069 --> 00:45:52,800

um before we got into a lot of the

1236

00:45:57,170 --> 00:45:55,079

details of it obviously but uh but yeah

1237

00:45:58,609 --> 00:45:57,180

I mean that that was kind of a I think

1238

00:46:00,170 --> 00:45:58,619

that's a lot of people's entry point now

1239

00:46:02,510 --> 00:46:00,180

or at least a lot of the uh the current

1240

00:46:04,609 --> 00:46:02,520

people that we interact with on a daily

1241

00:46:07,190 --> 00:46:04,619

basis like part of the the new community

1242

00:46:10,309 --> 00:46:07,200

is uh we're all kind of introduced with

1243

00:46:12,770 --> 00:46:10,319

this it definitely made a splash

1244

00:46:16,010 --> 00:46:12,780

yeah what about you Louise

1245

00:46:19,430 --> 00:46:16,020

uh probably so researching like

1246

00:46:21,170 --> 00:46:19,440

blavatsky and that sort of um what

1247

00:46:24,230 --> 00:46:21,180

triggered that was there a specific

1248

00:46:27,589 --> 00:46:24,240

incident are you a theosophist Lewis you

1249

00:46:37,510 --> 00:46:29,569

um

1250

00:46:40,309 --> 00:46:37,520

I read a few of Jacque Valley's books

1251  
00:46:41,930 --> 00:46:40,319  
but then um it was a probably Jacques

1252  
00:46:43,370 --> 00:46:41,940  
Valley kind of got me into thinking

1253  
00:46:45,829 --> 00:46:43,380  
about

1254  
00:46:47,030 --> 00:46:45,839  
um the psychological aspects of the

1255  
00:46:50,150 --> 00:46:47,040  
whole

1256  
00:46:52,250 --> 00:46:50,160  
um

1257  
00:46:53,630 --> 00:46:52,260  
but yeah I guess I guess it was Jacques

1258  
00:46:55,010 --> 00:46:53,640  
Valley uh even though I don't really

1259  
00:46:57,770 --> 00:46:55,020  
credit his

1260  
00:46:59,589 --> 00:46:57,780  
take ultimately I think I'm ready some

1261  
00:47:01,190 --> 00:46:59,599  
points good points

1262  
00:47:02,569 --> 00:47:01,200  
yes

1263  
00:47:04,010 --> 00:47:02,579

um and yeah you know and that was

1264

00:47:06,530 --> 00:47:04,020

interesting to me too because the New

1265

00:47:09,109 --> 00:47:06,540

York Times article had like come over

1266

00:47:11,270 --> 00:47:09,119

across my radar uh but it didn't like

1267

00:47:13,430 --> 00:47:11,280

Drop grab my attention I kind of just

1268

00:47:16,730 --> 00:47:13,440

like was like uh whatever I remember in

1269

00:47:18,710 --> 00:47:16,740

2018 in the spring with my brother I

1270

00:47:20,930 --> 00:47:18,720

pulled up the video that's the famous

1271

00:47:23,030 --> 00:47:20,940

like the gimbal or whatever and I was

1272

00:47:24,349 --> 00:47:23,040

like this thing looks weird eh and we

1273

00:47:26,210 --> 00:47:24,359

were just sitting there being like this

1274

00:47:28,970 --> 00:47:26,220

is a weird looking thing and like the

1275

00:47:30,349 --> 00:47:28,980

Pilot's emotion made it interesting but

1276

00:47:31,670 --> 00:47:30,359

I forgot about it and just like didn't

1277

00:47:33,410 --> 00:47:31,680

look at it ever again because it was

1278

00:47:35,870 --> 00:47:33,420

like okay whatever wait to see what

1279

00:47:38,690 --> 00:47:35,880

happens see what they find that right

1280

00:47:40,790 --> 00:47:38,700

yeah so Campbell so I I've read I've

1281

00:47:44,030 --> 00:47:40,800

read uapstudy.com I think it's an

1282

00:47:46,069 --> 00:47:44,040

awesome very impeccably well researched

1283

00:47:46,809 --> 00:47:46,079

well presented

1284

00:47:53,089 --> 00:47:46,819

um

1285

00:47:55,609 --> 00:47:53,099

post 2017 ufology sort of what brought

1286

00:47:57,290 --> 00:47:55,619

us to this space the the research that's

1287

00:47:58,730 --> 00:47:57,300

been done on it

1288

00:48:00,410 --> 00:47:58,740

um particularly through you know as

1289

00:48:02,329 --> 00:48:00,420

you've mentioned this lens of basically

1290

00:48:06,109 --> 00:48:02,339

like Plasma Research

1291

00:48:07,910 --> 00:48:06,119

um in physics and it's with this not

1292

00:48:10,609 --> 00:48:07,920

with knowing the structure of this

1293

00:48:13,069 --> 00:48:10,619

initiative that you've crafted I am

1294

00:48:15,109 --> 00:48:13,079

curious to know what your views are on

1295

00:48:17,270 --> 00:48:15,119

like these psychosocial phenomena or

1296

00:48:19,849 --> 00:48:17,280

like the valet or mythology side of

1297

00:48:22,010 --> 00:48:19,859

things because you know like like that

1298

00:48:24,770 --> 00:48:22,020

to me is the really kind of like

1299

00:48:25,790 --> 00:48:24,780

um amorphous side of the community

1300

00:48:28,910 --> 00:48:25,800

um I don't think we see too many

1301

00:48:30,650 --> 00:48:28,920

government reports on it and uh I'm

1302

00:48:31,370 --> 00:48:30,660

super curious what your views are on

1303

00:48:37,849 --> 00:48:31,380

that

1304

00:48:40,430 --> 00:48:37,859

uh aspect of it in the final uh chapter

1305

00:48:42,230 --> 00:48:40,440

of the website chapter 10. so

1306

00:48:45,109 --> 00:48:42,240

um it might be jumping the gun a bit to

1307

00:48:47,150 --> 00:48:45,119

start with that but uh

1308

00:48:49,849 --> 00:48:47,160

um I find that an interesting element so

1309

00:48:51,230 --> 00:48:49,859

I'll just uh very briefly touch on sort

1310

00:48:52,609 --> 00:48:51,240

of the the essence of what you're

1311

00:48:54,530 --> 00:48:52,619

describing

1312

00:48:56,809 --> 00:48:54,540

um and Jason colovito actually did this

1313

00:48:59,589 --> 00:48:56,819

very effectively on Mick West's podcast

1314

00:49:01,550 --> 00:48:59,599

when he was on there talking with him

1315

00:49:05,630 --> 00:49:01,560

basically

1316

00:49:08,630 --> 00:49:05,640

um there was a merger in the 20th

1317

00:49:11,930 --> 00:49:08,640

century of a variety of folklore

1318

00:49:15,230 --> 00:49:11,940

traditions of seeing luminous objects uh

1319

00:49:17,950 --> 00:49:15,240

behaving in unusual ways and

1320

00:49:20,809 --> 00:49:17,960

um essentially this emergence of the UFO

1321

00:49:22,730 --> 00:49:20,819

uh as uh you know concurrent with the

1322

00:49:25,790 --> 00:49:22,740

end of World War II all of that stuff

1323

00:49:28,069 --> 00:49:25,800

and an interpret valeted such an

1324

00:49:30,370 --> 00:49:28,079

effective job after the fact starting in

1325

00:49:33,530 --> 00:49:30,380

the 60s and moving forward of

1326  
00:49:35,870 --> 00:49:33,540  
retrospectively observing the described

1327  
00:49:38,809 --> 00:49:35,880  
features from the subjective perspective

1328  
00:49:41,690 --> 00:49:38,819  
of the experiences and then going

1329  
00:49:44,510 --> 00:49:41,700  
through history especially Western uh

1330  
00:49:48,050 --> 00:49:44,520  
folklore and seeing extremely close

1331  
00:49:51,410 --> 00:49:48,060  
parallels uh which is a very uh to um

1332  
00:49:53,390 --> 00:49:51,420  
elves and ghosts and fairies and all

1333  
00:49:54,650 --> 00:49:53,400  
this stuff very similar descriptions and

1334  
00:49:55,670 --> 00:49:54,660  
it's uh similar to what you were

1335  
00:49:57,650 --> 00:49:55,680  
actually describing about that

1336  
00:50:02,270 --> 00:49:57,660  
individual at that conference I suppose

1337  
00:50:03,770 --> 00:50:02,280  
these subjective similarities

1338  
00:50:06,290 --> 00:50:03,780

um yeah so that's a very interesting

1339

00:50:08,990 --> 00:50:06,300

element and it's the observation versus

1340

00:50:10,430 --> 00:50:09,000

interpretation that drives all of this

1341

00:50:12,290 --> 00:50:10,440

you know because it's like okay starting

1342

00:50:14,030 --> 00:50:12,300

with Obama president former president

1343

00:50:15,410 --> 00:50:14,040

Obama he's saying like we're observing

1344

00:50:17,450 --> 00:50:15,420

these things and they're behaving in

1345

00:50:19,970 --> 00:50:17,460

ways that are hard to explain he could

1346

00:50:21,290 --> 00:50:19,980

be talking about balloons he could be

1347

00:50:22,730 --> 00:50:21,300

talking about whatever it's not like oh

1348

00:50:24,710 --> 00:50:22,740

this is definitely something new and

1349

00:50:26,930 --> 00:50:24,720

wild and uh could be aliens he never

1350

00:50:28,670 --> 00:50:26,940

said anything like that but strange that

1351

00:50:30,290 --> 00:50:28,680

he even introduced maybe you should look

1352

00:50:31,450 --> 00:50:30,300

at this even

1353

00:50:34,730 --> 00:50:31,460

um

1354

00:50:36,230 --> 00:50:34,740

so after Obama said that I said I read

1355

00:50:38,270 --> 00:50:36,240

the New York Times article meaningfully

1356

00:50:39,950 --> 00:50:38,280

for the first time I got an essence of

1357

00:50:41,990 --> 00:50:39,960

what was being described I became

1358

00:50:44,030 --> 00:50:42,000

familiar with the idea of like the

1359

00:50:45,770 --> 00:50:44,040

Nimitz Tic Tac and that was very strange

1360

00:50:47,690 --> 00:50:45,780

to me I didn't I couldn't understand

1361

00:50:49,910 --> 00:50:47,700

what I was reading really because I was

1362

00:50:51,950 --> 00:50:49,920

like this isn't like a alien spaceship

1363

00:50:54,650 --> 00:50:51,960

from anything that I've sort of picked

1364

00:50:56,809 --> 00:50:54,660

up on historically right so

1365

00:50:58,430 --> 00:50:56,819

uh I was confused by what was being

1366

00:51:00,829 --> 00:50:58,440

described

1367

00:51:02,569 --> 00:51:00,839

um and then I started doing just like

1368

00:51:03,230 --> 00:51:02,579

some generic

1369

00:51:06,829 --> 00:51:03,240

um

1370

00:51:10,670 --> 00:51:06,839

searches on like research databases uh

1371

00:51:12,410 --> 00:51:10,680

for UAP related Publications in physics

1372

00:51:13,849 --> 00:51:12,420

journals Natural Science journals Earth

1373

00:51:16,549 --> 00:51:13,859

Sciences journals

1374

00:51:20,150 --> 00:51:16,559

and that's when these very interesting

1375

00:51:22,849 --> 00:51:20,160

published physics papers were coming up

1376

00:51:24,530 --> 00:51:22,859

um and then the most important one the

1377

00:51:27,530 --> 00:51:24,540

first one that I found that was the most

1378

00:51:29,690 --> 00:51:27,540

significant was the one that I lead uh

1379

00:51:32,030 --> 00:51:29,700

the website with in following the

1380

00:51:35,049 --> 00:51:32,040

introduction which was

1381

00:51:37,730 --> 00:51:35,059

um to investigate or not to investigate

1382

00:51:40,849 --> 00:51:37,740

is the intro of the title it was

1383

00:51:41,390 --> 00:51:40,859

published in I believe 2016 in

1384

00:51:43,609 --> 00:51:41,400

um

1385

00:51:46,250 --> 00:51:43,619

I can't remember the Journal of uh

1386

00:51:50,150 --> 00:51:46,260

Frontiers in Earth Science by

1387

00:51:52,609 --> 00:51:50,160

Quran and faridi and it describes a

1388

00:51:54,530 --> 00:51:52,619

series of field study observations in a

1389

00:51:58,010 --> 00:51:54,540

variety of places around the world

1390

00:52:01,089 --> 00:51:58,020

and it talks about luminous objects in

1391

00:52:05,270 --> 00:52:01,099

the Earth's atmosphere behaving in ways

1392

00:52:06,410 --> 00:52:05,280

that are inconsistent with

1393

00:52:10,430 --> 00:52:06,420

um

1394

00:52:12,770 --> 00:52:10,440

previously recognized objects it's a

1395

00:52:14,710 --> 00:52:12,780

near instantaneous accelerations to 8

1396

00:52:18,230 --> 00:52:14,720

000 meters per second

1397

00:52:20,809 --> 00:52:18,240

very variety of colors all of the things

1398

00:52:23,329 --> 00:52:20,819

do the talking point thing about uaps

1399

00:52:25,809 --> 00:52:23,339

wait what'd you think will you describe

1400

00:52:28,490 --> 00:52:25,819

them all all the characters oh yes

1401

00:52:31,250 --> 00:52:28,500

that's the introduction of the UK

1402

00:52:34,190 --> 00:52:31,260

Ministry of Defense report right yes yes

1403

00:52:36,109 --> 00:52:34,200

uh oh God yeah I haven't said it in like

1404

00:52:40,870 --> 00:52:36,119

a month or two now I'm like you know

1405

00:52:45,049 --> 00:52:43,549

yeah yeah let me capable of hovering

1406

00:52:46,970 --> 00:52:45,059

Landing accelerating to exceptional

1407

00:52:48,589 --> 00:52:46,980

velocities and Vanishing that can help

1408

00:52:49,690 --> 00:52:48,599

maneuver any known vehicle Mander

1409

00:52:52,069 --> 00:52:49,700

unmanned

1410

00:52:54,530 --> 00:52:52,079

yes this game's perfect but that's from

1411

00:52:56,690 --> 00:52:54,540

the United but uh yeah so this paper

1412

00:52:58,790 --> 00:52:56,700

published in 2016 it came up when I was

1413

00:53:00,470 --> 00:52:58,800

just looking up UAP in a research

1414

00:53:03,589 --> 00:53:00,480

database it's a peer-reviewed physics

1415

00:53:06,109 --> 00:53:03,599

paper and it lists all of the features

1416

00:53:09,049 --> 00:53:06,119

uh of what you'd think would be like oh

1417

00:53:12,470 --> 00:53:09,059

a UFO and then it says

1418

00:53:15,290 --> 00:53:12,480

um there has been a spectrographic uh

1419

00:53:17,329 --> 00:53:15,300

evidence that has verified conclusively

1420

00:53:22,130 --> 00:53:17,339

in a paper in physical reviews letter

1421

00:53:25,010 --> 00:53:22,140

review letters in 2014 of a uh confirmed

1422

00:53:27,770 --> 00:53:25,020

observation of a ball lightning which is

1423

00:53:32,510 --> 00:53:27,780

was the nucleus was four feet across and

1424

00:53:35,210 --> 00:53:32,520

the Luminosity was 16 feet across as uh

1425

00:53:37,849 --> 00:53:35,220

been verified that ball lightning can be

1426

00:53:40,609 --> 00:53:37,859

that large and do exist in Earth's

1427

00:53:42,530 --> 00:53:40,619

atmosphere and when I read that and I

1428

00:53:44,329 --> 00:53:42,540

read this review paper showing all of

1429

00:53:46,970 --> 00:53:44,339

the different field study

1430

00:53:48,049 --> 00:53:46,980

you know information describing these

1431

00:53:50,809 --> 00:53:48,059

objects

1432

00:53:52,490 --> 00:53:50,819

I was I didn't understand what I was

1433

00:53:54,109 --> 00:53:52,500

reading because

1434

00:53:55,849 --> 00:53:54,119

nobody in the New York Times said

1435

00:53:58,430 --> 00:53:55,859

anything about ball lightning existing

1436

00:54:01,309 --> 00:53:58,440

if it has been verified conclusively

1437

00:54:04,010 --> 00:54:01,319

that luminous objects with this variety

1438

00:54:05,150 --> 00:54:04,020

of features exist and there's atmosphere

1439

00:54:07,490 --> 00:54:05,160

it should be part of the main

1440

00:54:09,470 --> 00:54:07,500

conversation shouldn't it and yet it is

1441

00:54:10,790 --> 00:54:09,480

not and that's interesting to me so I

1442

00:54:12,049 --> 00:54:10,800

started looking into it in more depth

1443

00:54:15,170 --> 00:54:12,059

because of that

1444

00:54:17,690 --> 00:54:15,180

right I mean this uh this isn't a new

1445

00:54:20,210 --> 00:54:17,700

connection either I mean people have

1446

00:54:24,109 --> 00:54:20,220

been saying this since the 50s right

1447

00:54:26,569 --> 00:54:24,119

uh at least the 50s yes uh uh Arthur C

1448

00:54:28,910 --> 00:54:26,579

Clarke uh wrote a series of papers in

1449

00:54:31,370 --> 00:54:28,920

the 50s describing that he's quite

1450

00:54:33,650 --> 00:54:31,380

convinced that based on the described

1451

00:54:35,990 --> 00:54:33,660

features which were the same exact

1452

00:54:38,990 --> 00:54:36,000

features including what he said as near

1453

00:54:40,910 --> 00:54:39,000

instantaneous silent accelerations yep

1454

00:54:43,010 --> 00:54:40,920

led him to conclude that these were

1455

00:54:44,390 --> 00:54:43,020

likely to be plasmoids I.E ball

1456

00:54:45,710 --> 00:54:44,400

lightning

1457

00:54:47,329 --> 00:54:45,720

um and they're silent and they're in

1458

00:54:49,970 --> 00:54:47,339

their instantaneous acceleration because

1459

00:54:52,309 --> 00:54:49,980

they are a ball of just pure energy and

1460

00:54:53,630 --> 00:54:52,319

basically the energy cuts through the

1461

00:54:56,569 --> 00:54:53,640

atmosphere the end air doesn't have to

1462

00:54:58,430 --> 00:54:56,579

go around it so there's no Sonic booms

1463

00:55:01,190 --> 00:54:58,440

um and they use those on they use Plasma

1464

00:55:03,170 --> 00:55:01,200

on aircraft stealth aircraft now uh or

1465

00:55:04,130 --> 00:55:03,180

at least are developing the systems to

1466

00:55:06,109 --> 00:55:04,140

produce that exact same effect

1467

00:55:07,849 --> 00:55:06,119

eliminating any Sonic Boom while

1468

00:55:10,730 --> 00:55:07,859

traveling

1469

00:55:12,410 --> 00:55:10,740

um well these uh these uh

1470

00:55:14,329 --> 00:55:12,420

characteristics that you're describing

1471

00:55:16,130 --> 00:55:14,339

sound like a lot of classical cases in

1472

00:55:17,690 --> 00:55:16,140

fact they sound a lot like what was

1473

00:55:19,430 --> 00:55:17,700

described in the Lake Michigan case that

1474

00:55:21,109 --> 00:55:19,440

we were talking about before yeah yeah

1475

00:55:23,809 --> 00:55:21,119

and there are okay and this has got

1476  
00:55:26,630 --> 00:55:23,819  
interesting because there are published

1477  
00:55:30,049 --> 00:55:26,640  
field studies for example from hezdala

1478  
00:55:32,710 --> 00:55:30,059  
Norway in 2004 published in the um

1479  
00:55:35,450 --> 00:55:32,720  
Journal of um

1480  
00:55:38,930 --> 00:55:35,460  
exploration thank you yes it's not the

1481  
00:55:43,010 --> 00:55:38,940  
it's not an excellent publication it

1482  
00:55:45,049 --> 00:55:43,020  
yeah and it was it's dedicated to

1483  
00:55:46,910 --> 00:55:45,059  
um like Frontier science but they also

1484  
00:55:47,870 --> 00:55:46,920  
include things that are like Paranormal

1485  
00:55:50,270 --> 00:55:47,880  
and stuff it doesn't have a great

1486  
00:55:52,790 --> 00:55:50,280  
reputation so uh you can't lean on this

1487  
00:55:54,710 --> 00:55:52,800  
paper hard but it is it's not Adventure

1488  
00:55:57,890 --> 00:55:54,720

in other words it's not physical review

1489

00:56:07,010 --> 00:55:57,900

letters from 2014. um and which confirms

1490

00:56:12,530 --> 00:56:08,930

um but and there's a third ineffable

1491

00:56:14,690 --> 00:56:12,540

thing yes exactly and that's uh isn't

1492

00:56:18,770 --> 00:56:14,700

that uh appropriate for the reality of

1493

00:56:20,390 --> 00:56:18,780

UFOs right yes yes

1494

00:56:23,569 --> 00:56:20,400

um and so there are a variety of field

1495

00:56:26,030 --> 00:56:23,579

studies there was a bunch of reports uh

1496

00:56:28,250 --> 00:56:26,040

in hezdalen the sign like you know

1497

00:56:30,349 --> 00:56:28,260

legitimate physical scientist from Italy

1498

00:56:32,089 --> 00:56:30,359

went there from actually the medicina

1499

00:56:34,569 --> 00:56:32,099

radio telescope study researchers they

1500

00:56:38,630 --> 00:56:34,579

were a bunch of equipment up there

1501  
00:56:40,490 --> 00:56:38,640  
vlf receivers very low frequency radio

1502  
00:56:41,750 --> 00:56:40,500  
receivers all kinds of radio equipment

1503  
00:56:43,630 --> 00:56:41,760  
to sort of pick it up because they're

1504  
00:56:46,130 --> 00:56:43,640  
familiar with radio like energy

1505  
00:56:48,049 --> 00:56:46,140  
Transmissions right they got a bunch of

1506  
00:56:49,370 --> 00:56:48,059  
interesting observations that are

1507  
00:56:51,710 --> 00:56:49,380  
consistent with the sort of description

1508  
00:56:53,470 --> 00:56:51,720  
so we would uh expect they didn't get

1509  
00:56:56,150 --> 00:56:53,480  
high enough resolution

1510  
00:56:58,010 --> 00:56:56,160  
spectrographic evidence or radar returns

1511  
00:57:02,710 --> 00:56:58,020  
or anything to say like this is proven

1512  
00:57:06,109 --> 00:57:02,720  
sure so it's just a big pile of evidence

1513  
00:57:08,690 --> 00:57:06,119

that doesn't conclude anything until we

1514

00:57:10,670 --> 00:57:08,700

have 2014 which is proof that the

1515

00:57:13,010 --> 00:57:10,680

objects can be that big but it was a

1516

00:57:14,630 --> 00:57:13,020

brief observation and that object did

1517

00:57:16,490 --> 00:57:14,640

not demonstrate the most maybe

1518

00:57:18,589 --> 00:57:16,500

interesting elements we didn't see it

1519

00:57:21,170 --> 00:57:18,599

instantaneously accelerate we didn't see

1520

00:57:23,210 --> 00:57:21,180

it do all these other things so we know

1521

00:57:26,210 --> 00:57:23,220

that there are luminous objects four

1522

00:57:28,190 --> 00:57:26,220

feet to 16 feet in diameter plus the

1523

00:57:30,950 --> 00:57:28,200

science shows that these things can be

1524

00:57:31,910 --> 00:57:30,960

as big as the energy allows for we know

1525

00:57:35,510 --> 00:57:31,920

that those things exist in the

1526  
00:57:37,910 --> 00:57:35,520  
atmosphere there so my reasoning was

1527  
00:57:40,609 --> 00:57:37,920  
seems like this should be

1528  
00:57:42,349 --> 00:57:40,619  
for the most extraordinary instances for

1529  
00:57:44,750 --> 00:57:42,359  
which everything else is discounted and

1530  
00:57:48,410 --> 00:57:44,760  
people are saying therefore aliens

1531  
00:57:51,109 --> 00:57:48,420  
it feels like this should probably be in

1532  
00:57:54,710 --> 00:57:51,119  
the middle there before aliens and the

1533  
00:57:57,530 --> 00:57:54,720  
fact that it is not is just uh at this

1534  
00:57:59,930 --> 00:57:57,540  
point anthropologically fascinating to

1535  
00:58:01,250 --> 00:57:59,940  
me sure it's probably actually what's

1536  
00:58:03,290 --> 00:58:01,260  
driving most of my interest in the

1537  
00:58:04,069 --> 00:58:03,300  
subject at this point because

1538  
00:58:06,530 --> 00:58:04,079

um

1539

00:58:09,049 --> 00:58:06,540

I don't know once once you go through

1540

00:58:11,450 --> 00:58:09,059

like 200 physics papers on the subject

1541

00:58:14,870 --> 00:58:11,460

of plasma and ball lightning you're

1542

00:58:17,450 --> 00:58:14,880

seeing uh so much information that

1543

00:58:20,150 --> 00:58:17,460

indicates that all of the things that

1544

00:58:22,549 --> 00:58:20,160

people have talked about so

1545

00:58:24,950 --> 00:58:22,559

in such detail for so long have

1546

00:58:27,710 --> 00:58:24,960

plausible sufficient and in many cases

1547

00:58:29,870 --> 00:58:27,720

verified through uh laboratory

1548

00:58:31,790 --> 00:58:29,880

experiment uh characteristics that are

1549

00:58:33,770 --> 00:58:31,800

perfectly consistent with the historic

1550

00:58:37,069 --> 00:58:33,780

eyewitness reports of the most

1551  
00:58:40,549 --> 00:58:37,079  
extraordinary UFO cases and so it's like

1552  
00:58:41,569 --> 00:58:40,559  
a pretty neat I think because of that

1553  
00:58:44,809 --> 00:58:41,579  
um

1554  
00:58:46,309 --> 00:58:44,819  
I'm continually like one of Kimbo one of

1555  
00:58:48,069 --> 00:58:46,319  
my favorite things you've talked about

1556  
00:58:50,510 --> 00:58:48,079  
is

1557  
00:58:53,030 --> 00:58:50,520  
the interaction with the skeptic

1558  
00:58:55,010 --> 00:58:53,040  
Community about ball lightning

1559  
00:58:57,530 --> 00:58:55,020  
um and I think it's always worth calling

1560  
00:58:59,510 --> 00:58:57,540  
out a second time that 2014 was when

1561  
00:59:02,450 --> 00:58:59,520  
ball lightning was scientifically proven

1562  
00:59:05,450 --> 00:59:02,460  
to exist right until then like there was

1563  
00:59:06,890 --> 00:59:05,460

no you know it was thought to exist and

1564

00:59:08,870 --> 00:59:06,900

believed to exist but there was no

1565

00:59:11,030 --> 00:59:08,880

actual evidence of it which is pretty

1566

00:59:12,650 --> 00:59:11,040

mind-blowing right it's really cool it

1567

00:59:15,109 --> 00:59:12,660

was contentious about ball lightning I

1568

00:59:16,730 --> 00:59:15,119

think there are a lot of Skeptics who

1569

00:59:18,410 --> 00:59:16,740

said that there wasn't enough evidence

1570

00:59:20,510 --> 00:59:18,420

do you say that like yeah this is an

1571

00:59:23,210 --> 00:59:20,520

established thing so I and people kind

1572

00:59:26,690 --> 00:59:23,220

of chalked it up with other woo almost

1573

00:59:28,250 --> 00:59:26,700

yeah and Campbell you have like didn't

1574

00:59:29,390 --> 00:59:28,260

you have an experience like that I'm

1575

00:59:31,730 --> 00:59:29,400

like the Reddit skeptic Community

1576

00:59:34,789 --> 00:59:31,740

talking about ball lightning

1577

00:59:38,030 --> 00:59:34,799

uh people yes I've had a few experiences

1578

00:59:41,630 --> 00:59:38,040

like that with uh Skeptics and um the

1579

00:59:43,069 --> 00:59:41,640

underlying philosophy is uh a hundred

1580

00:59:45,950 --> 00:59:43,079

percent

1581

00:59:47,569 --> 00:59:45,960

um correct in my opinion what they what

1582

00:59:49,490 --> 00:59:47,579

what the Skeptics will approach this

1583

00:59:51,109 --> 00:59:49,500

subject of ball lightning with

1584

00:59:53,210 --> 00:59:51,119

and it's actually summarized very

1585

00:59:55,309 --> 00:59:53,220

effectively in a part of the website so

1586

00:59:58,789 --> 00:59:55,319

it like it's all just uh briefly say

1587

01:00:01,130 --> 00:59:58,799

like in 2006 um in skeptic magazine a

1588

01:00:02,809 --> 01:00:01,140

author wrote a whole piece arguing in

1589

01:00:03,950 --> 01:00:02,819

favor of ball lightning and they were

1590

01:00:06,289 --> 01:00:03,960

arguing that there have been so many

1591

01:00:09,530 --> 01:00:06,299

thousands of observations hundreds of uh

1592

01:00:11,750 --> 01:00:09,540

High credibilities people like all these

1593

01:00:13,670 --> 01:00:11,760

photos and all this stuff and it's like

1594

01:00:16,849 --> 01:00:13,680

therefore like it's more likely than not

1595

01:00:20,510 --> 01:00:16,859

these things do exist and then

1596

01:00:23,030 --> 01:00:20,520

um a response was published which says

1597

01:00:25,490 --> 01:00:23,040

that's not sufficient evidence we can't

1598

01:00:26,809 --> 01:00:25,500

take people's word for it uh you know

1599

01:00:28,490 --> 01:00:26,819

it's like

1600

01:00:29,990 --> 01:00:28,500

sir yeah anyway you could go through any

1601  
01:00:31,789 --> 01:00:30,000  
example it's like the number of people

1602  
01:00:33,470 --> 01:00:31,799  
saying they're seeing it and the

1603  
01:00:35,870 --> 01:00:33,480  
questionable photos don't prove a

1604  
01:00:38,510 --> 01:00:35,880  
phenomenon sure and like that is correct

1605  
01:00:40,789 --> 01:00:38,520  
and so then it was from then until 2014

1606  
01:00:43,970 --> 01:00:40,799  
that that was sort of like okay we're

1607  
01:00:45,890 --> 01:00:43,980  
gonna like say we yeah what about the

1608  
01:00:51,829 --> 01:00:45,900  
kind of

1609  
01:00:54,230 --> 01:00:51,839  
intelligence into plasma and and I bring

1610  
01:00:57,430 --> 01:00:54,240  
this up because one of the things I was

1611  
01:00:59,109 --> 01:00:57,440  
asked in a Twitter space once by Jess

1612  
01:01:02,210 --> 01:00:59,119  
rjs

1613  
01:01:05,470 --> 01:01:02,220

Twitter Jazz go kick rocks

1614

01:01:09,730 --> 01:01:05,480

um was whether or not I thought plasma

1615

01:01:12,710 --> 01:01:09,740

behaved or belied uh some kind of

1616

01:01:15,890 --> 01:01:12,720

intelligence or Consciousness right

1617

01:01:18,289 --> 01:01:15,900

that's strange yes

1618

01:01:21,230 --> 01:01:18,299

um yes I was I remember I can see myself

1619

01:01:23,270 --> 01:01:21,240

I was soaking in the hot bath like you

1620

01:01:25,370 --> 01:01:23,280

know taking it all in enjoying my like

1621

01:01:27,650 --> 01:01:25,380

evening role play as a swamp witch

1622

01:01:29,690 --> 01:01:27,660

thinking what the [h\_\_h] am I gonna say to

1623

01:01:31,730 --> 01:01:29,700

this person I don't know like I just got

1624

01:01:32,870 --> 01:01:31,740

done talking about sex rituals like I

1625

01:01:35,150 --> 01:01:32,880

don't have anything to say about whether

1626  
01:01:37,609 --> 01:01:35,160  
people has an Ascension like I have no

1627  
01:01:40,190 --> 01:01:37,619  
idea I think we've talked about this on

1628  
01:01:42,230 --> 01:01:40,200  
a space quite a while ago but like as an

1629  
01:01:44,870 --> 01:01:42,240  
observer of a phenomenon like that how

1630  
01:01:46,750 --> 01:01:44,880  
are we distinguishing intelligence from

1631  
01:01:49,010 --> 01:01:46,760  
randomness

1632  
01:01:50,390 --> 01:01:49,020  
how much are we projecting our own

1633  
01:01:52,010 --> 01:01:50,400  
heuristics of what indicates

1634  
01:01:55,190 --> 01:01:52,020  
Consciousness or intelligence and also

1635  
01:01:57,530 --> 01:01:55,200  
okay yeah like like I mean like Conway's

1636  
01:01:59,990 --> 01:01:57,540  
Game of Life like demonstrates that

1637  
01:02:02,150 --> 01:02:00,000  
self-organizing behavior which looks to

1638  
01:02:04,670 --> 01:02:02,160

us like intelligent behavior is

1639

01:02:06,650 --> 01:02:04,680

algorithmic like it's algorithmic like

1640

01:02:09,589 --> 01:02:06,660

very tiny scales like if you have like

1641

01:02:11,390 --> 01:02:09,599

just a 9x9 grid and you play it by like

1642

01:02:13,130 --> 01:02:11,400

Conway's algorithms it will

1643

01:02:15,770 --> 01:02:13,140

self-organize and behave in ways that

1644

01:02:18,710 --> 01:02:15,780

are very much uh reminiscent of how

1645

01:02:23,410 --> 01:02:18,720

living organisms behave yeah but anyway

1646

01:02:26,630 --> 01:02:23,420

Campbell so is the plasma conscious

1647

01:02:28,849 --> 01:02:26,640

uh that has not been verified based on

1648

01:02:30,950 --> 01:02:28,859

anything I am aware of

1649

01:02:33,170 --> 01:02:30,960

um it's a pretty interesting thing

1650

01:02:35,270 --> 01:02:33,180

though okay so it's like how does it

1651

01:02:36,829 --> 01:02:35,280

emerge that that would even be a

1652

01:02:39,170 --> 01:02:36,839

question that's asked of you right like

1653

01:02:42,170 --> 01:02:39,180

why is somebody asking you if you think

1654

01:02:46,130 --> 01:02:42,180

plasma is conscious now uh and let me

1655

01:02:48,109 --> 01:02:46,140

point out like before May 2021 I had

1656

01:02:49,250 --> 01:02:48,119

never even thought about plasma if

1657

01:02:50,750 --> 01:02:49,260

somebody asked me what plasma was I

1658

01:02:52,609 --> 01:02:50,760

would have said some an element of blood

1659

01:02:55,490 --> 01:02:52,619

or something yeah so it wasn't on my

1660

01:02:58,069 --> 01:02:55,500

state of matter yes exactly it's like uh

1661

01:03:00,730 --> 01:02:58,079

yeah um Pure Energy well not Pure Energy

1662

01:03:02,390 --> 01:03:00,740

but energy being Guided by

1663

01:03:03,349 --> 01:03:02,400

magnetohydrodynamics exactly we were

1664

01:03:05,710 --> 01:03:03,359

describing just sort of like

1665

01:03:08,870 --> 01:03:05,720

thermodynamics the basic physics and it

1666

01:03:13,030 --> 01:03:08,880

self-organizes in a variety of ways that

1667

01:03:15,710 --> 01:03:13,040

appear to us to exhibit some kind of

1668

01:03:17,329 --> 01:03:15,720

conscious intent but and it's

1669

01:03:20,390 --> 01:03:17,339

interesting to think that like looking

1670

01:03:23,690 --> 01:03:20,400

up at the stars fifteen thousand years

1671

01:03:26,809 --> 01:03:23,700

ago or whatever us attributing conscious

1672

01:03:28,789 --> 01:03:26,819

intent to the predictable rhythmic

1673

01:03:31,609 --> 01:03:28,799

nature of those

1674

01:03:33,109 --> 01:03:31,619

um you know natural phenomena we created

1675

01:03:35,089 --> 01:03:33,119

all the ideas and the gods literally

1676

01:03:37,970 --> 01:03:35,099

were those objects that were moving in a

1677

01:03:40,670 --> 01:03:37,980

predictable way the planets like uh

1678

01:03:42,770 --> 01:03:40,680

Jupiter Deus Potter the father God right

1679

01:03:44,870 --> 01:03:42,780

like that's what it was so

1680

01:03:47,750 --> 01:03:44,880

um we have this natural inclination to

1681

01:03:50,210 --> 01:03:47,760

project internal uh intent intelligence

1682

01:03:53,089 --> 01:03:50,220

onto natural phenomena it's what keeps

1683

01:03:56,210 --> 01:03:53,099

us alive uh if you project the natural

1684

01:03:58,130 --> 01:03:56,220

like a tiger being in the bush when it

1685

01:03:59,930 --> 01:03:58,140

shakes like it's better to do that than

1686

01:04:01,670 --> 01:03:59,940

to nod and then get eaten right so so

1687

01:04:02,690 --> 01:04:01,680

it's selected for to project that type

1688

01:04:05,630 --> 01:04:02,700

of thing

1689

01:04:07,970 --> 01:04:05,640

plasma gets really interesting when it

1690

01:04:10,910 --> 01:04:07,980

starts interacting with itself in an

1691

01:04:13,609 --> 01:04:10,920

energy a high energy environment

1692

01:04:16,309 --> 01:04:13,619

um you can do this in Labs you can form

1693

01:04:19,010 --> 01:04:16,319

uh like it naturally forms balls it's

1694

01:04:21,710 --> 01:04:19,020

like energy conservation it's like

1695

01:04:23,210 --> 01:04:21,720

um it's like drops of water right so

1696

01:04:24,950 --> 01:04:23,220

you're like optimizes towards like the

1697

01:04:29,030 --> 01:04:24,960

most efficient organization or something

1698

01:04:30,710 --> 01:04:29,040

yes and um yeah and you can create tiny

1699

01:04:31,970 --> 01:04:30,720

of what's described as Tiny ball

1700

01:04:34,270 --> 01:04:31,980

Lightnings in the lab they're called

1701

01:04:36,710 --> 01:04:34,280

skirmians and they basically are

1702

01:04:39,170 --> 01:04:36,720

three-dimensional whirlpools they are

1703

01:04:41,510 --> 01:04:39,180

self-contained electromagnetic energy

1704

01:04:43,870 --> 01:04:41,520

Loops that are connected all together

1705

01:04:47,030 --> 01:04:43,880

and then they move in space

1706

01:04:49,970 --> 01:04:47,040

self-contained and like in

1707

01:04:51,770 --> 01:04:49,980

um uh the ocean a Whirlpool some can

1708

01:04:54,650 --> 01:04:51,780

grow huge and then they can travel

1709

01:04:58,010 --> 01:04:54,660

across the entire uh like massive

1710

01:05:01,130 --> 01:04:58,020

distances and transport entire um animal

1711

01:05:02,930 --> 01:05:01,140

uh communities massive distances and

1712

01:05:05,450 --> 01:05:02,940

what happened to Atlantis

1713

01:05:08,690 --> 01:05:05,460

right exactly and that's where we're

1714

01:05:11,450 --> 01:05:08,700

going with this I knew it and that's the

1715

01:05:14,210 --> 01:05:11,460

Final Chapter yeah great

1716

01:05:15,609 --> 01:05:14,220

um but uh yeah so with plasma it

1717

01:05:17,450 --> 01:05:15,619

operates according to

1718

01:05:19,910 --> 01:05:17,460

magnetohydrodynamics it's like fluid

1719

01:05:22,910 --> 01:05:19,920

dynamics and it's based on magnetism and

1720

01:05:26,450 --> 01:05:22,920

electricity and Bernoulli's principle

1721

01:05:27,890 --> 01:05:26,460

yeah and so static electricity and so

1722

01:05:30,349 --> 01:05:27,900

basically

1723

01:05:32,150 --> 01:05:30,359

something this is actually touching on a

1724

01:05:35,990 --> 01:05:32,160

very important part of this which is

1725

01:05:39,010 --> 01:05:36,000

exactly the um the projection of the

1726  
01:05:42,530 --> 01:05:39,020  
conscious intent and the way that people

1727  
01:05:44,990 --> 01:05:42,540  
can be most effectively reasoned with

1728  
01:05:46,730 --> 01:05:45,000  
from an evidence-based perspective

1729  
01:05:49,329 --> 01:05:46,740  
if you are arguing with somebody who

1730  
01:05:53,210 --> 01:05:49,339  
disagrees with you from a um

1731  
01:05:55,030 --> 01:05:53,220  
from an intrinsic values based

1732  
01:05:56,650 --> 01:05:55,040  
personality based perspective

1733  
01:05:59,150 --> 01:05:56,660  
information

1734  
01:06:01,370 --> 01:05:59,160  
has nothing to do with convincing them

1735  
01:06:03,289 --> 01:06:01,380  
that's just you know it does if you

1736  
01:06:05,510 --> 01:06:03,299  
directly insult their intelligence I

1737  
01:06:06,890 --> 01:06:05,520  
found that super effective that will

1738  
01:06:09,049 --> 01:06:06,900

open them up

1739

01:06:12,530 --> 01:06:09,059

yeah they will roll back they will say

1740

01:06:15,049 --> 01:06:12,540

that you're a genius yeah no

1741

01:06:16,190 --> 01:06:15,059

um but yeah so um when you study like

1742

01:06:17,690 --> 01:06:16,200

okay how do you explain how do you

1743

01:06:19,549 --> 01:06:17,700

convince somebody something you have to

1744

01:06:23,150 --> 01:06:19,559

get into you you ignore the information

1745

01:06:25,849 --> 01:06:23,160

and you target philosophy world view

1746

01:06:27,890 --> 01:06:25,859

so it's like with somebody who's saying

1747

01:06:30,650 --> 01:06:27,900

like well I saw this luminous object

1748

01:06:32,690 --> 01:06:30,660

it's an alien so you have to think like

1749

01:06:34,490 --> 01:06:32,700

it's not about like oh let's reason with

1750

01:06:36,410 --> 01:06:34,500

you that it's improbable that it's an

1751

01:06:37,430 --> 01:06:36,420

alien that's not helpful uh from a

1752

01:06:39,349 --> 01:06:37,440

scientific perspective when you're

1753

01:06:42,049 --> 01:06:39,359

trying to convince a person

1754

01:06:44,329 --> 01:06:42,059

you have to get into the philosophy and

1755

01:06:47,029 --> 01:06:44,339

the philosophy of projecting conscious

1756

01:06:50,450 --> 01:06:47,039

like the alien nature onto these objects

1757

01:06:51,589 --> 01:06:50,460

is the in the perception of intelligent

1758

01:06:54,170 --> 01:06:51,599

control

1759

01:06:55,849 --> 01:06:54,180

if you can't deal with that then it's

1760

01:06:58,069 --> 01:06:55,859

all a non-starter that's what everybody

1761

01:07:00,170 --> 01:06:58,079

instantly will come back to me with as

1762

01:07:02,210 --> 01:07:00,180

the first thing every time well but it

1763

01:07:03,829 --> 01:07:02,220

was clearly and Alive it was clearly

1764

01:07:07,910 --> 01:07:03,839

intelligent

1765

01:07:10,010 --> 01:07:07,920

and the reason that these plasmoids look

1766

01:07:12,470 --> 01:07:10,020

intelligent is because they operate

1767

01:07:16,309 --> 01:07:12,480

according to the principles of static

1768

01:07:18,589 --> 01:07:16,319

electricity and magnetohydrodynamics and

1769

01:07:21,109 --> 01:07:18,599

they're a significant number of lab

1770

01:07:23,210 --> 01:07:21,119

experiments that we can look at the

1771

01:07:25,670 --> 01:07:23,220

videos of that show

1772

01:07:29,569 --> 01:07:25,680

things as simple as flakes of carbon

1773

01:07:31,730 --> 01:07:29,579

being charged and moving in an elect an

1774

01:07:34,549 --> 01:07:31,740

energized environment in a like a

1775

01:07:37,910 --> 01:07:34,559

massive microwave and they behave

1776

01:07:40,069 --> 01:07:37,920

in the exact same ways as the in the

1777

01:07:43,010 --> 01:07:40,079

sounds absurd but the Nimitz Tic Tac is

1778

01:07:45,109 --> 01:07:43,020

described as behaving there are hundreds

1779

01:07:47,329 --> 01:07:45,119

of these flakes of the charged carbon

1780

01:07:49,069 --> 01:07:47,339

some of them go all the way up drop down

1781

01:07:50,450 --> 01:07:49,079

to sea level like we're doing this some

1782

01:07:52,430 --> 01:07:50,460

of them are doing these weird little

1783

01:07:54,349 --> 01:07:52,440

jerky motions some of them are just

1784

01:07:56,630 --> 01:07:54,359

mowing right in some of them are doing

1785

01:07:59,510 --> 01:07:56,640

this weird like leaf-like falling effect

1786

01:08:02,089 --> 01:07:59,520

that's often described there uh and then

1787

01:08:05,470 --> 01:08:02,099

it based on the energy in the microwave

1788

01:08:08,210 --> 01:08:05,480

they start spinning around in the center

1789

01:08:10,190 --> 01:08:08,220

dependent on the energy flow and all of

1790

01:08:12,109 --> 01:08:10,200

that and so

1791

01:08:15,770 --> 01:08:12,119

um you can use

1792

01:08:18,829 --> 01:08:15,780

video experiments to show

1793

01:08:20,150 --> 01:08:18,839

all of the behaviors that anybody who

1794

01:08:21,709 --> 01:08:20,160

I've ever talked to on this subject

1795

01:08:24,410 --> 01:08:21,719

coming back to me and saying like this

1796

01:08:26,209 --> 01:08:24,420

is the reason why we have to say they're

1797

01:08:30,289 --> 01:08:26,219

intelligent is because of this set of

1798

01:08:32,390 --> 01:08:30,299

behaviors and then I can show like a

1799

01:08:34,970 --> 01:08:32,400

dozen videos showing the exact Behavior

1800

01:08:37,610 --> 01:08:34,980

sets except purely operating within the

1801

01:08:39,769 --> 01:08:37,620

confines of a microwave with you know

1802

01:08:42,110 --> 01:08:39,779

charged particles and stuff and

1803

01:08:43,669 --> 01:08:42,120

and then it depends on you know how much

1804

01:08:45,590 --> 01:08:43,679

the person's open to the actual

1805

01:08:47,809 --> 01:08:45,600

information or not

1806

01:08:50,749 --> 01:08:47,819

I wonder when you uh approach people

1807

01:08:53,689 --> 01:08:50,759

with this concept it if they're holding

1808

01:08:56,510 --> 01:08:53,699

it up to kind of compare to the UFO

1809

01:08:59,209 --> 01:08:56,520

mythosa narrative as a whole instead of

1810

01:09:01,189 --> 01:08:59,219

individual cases because the UFO Mythos

1811

01:09:03,530 --> 01:09:01,199

as a whole I think a lot of people tie

1812

01:09:05,090 --> 01:09:03,540

their personalities into you know what I

1813

01:09:06,650 --> 01:09:05,100

mean it's part of them it's part of who

1814

01:09:08,390 --> 01:09:06,660

they are they're part of this UFO

1815

01:09:10,490 --> 01:09:08,400

Community that's part of this greater

1816

01:09:12,530 --> 01:09:10,500

UFO narrative and stuff like that so

1817

01:09:14,990 --> 01:09:12,540

when you know someone like Mick West

1818

01:09:17,749 --> 01:09:15,000

debunked something some video as a

1819

01:09:22,610 --> 01:09:17,759

seagull or a fly or a drone they're like

1820

01:09:24,530 --> 01:09:22,620

he's attacking UFOs he's saying all UFOs

1821

01:09:27,289 --> 01:09:24,540

or drones or seagulls or something I

1822

01:09:28,309 --> 01:09:27,299

mean you see even Dr Gary Nolan book in

1823

01:09:30,709 --> 01:09:28,319

front of Midwest saying things are

1824

01:09:32,150 --> 01:09:30,719

seagulls but it's interesting I think I

1825

01:09:33,410 --> 01:09:32,160

think if people

1826

01:09:36,829 --> 01:09:33,420

um add a different perspective on the

1827

01:09:40,370 --> 01:09:36,839

UFO Topic in general and saw it as us a

1828

01:09:42,590 --> 01:09:40,380

wide collection of individual cases of

1829

01:09:44,809 --> 01:09:42,600

unknown things I think I think people

1830

01:09:47,090 --> 01:09:44,819

would be a lot more accepting of

1831

01:09:49,010 --> 01:09:47,100

options like this or like ideas like

1832

01:09:51,050 --> 01:09:49,020

like you're presenting you know what I

1833

01:09:53,630 --> 01:09:51,060

mean because like what you're describing

1834

01:09:55,790 --> 01:09:53,640

like I said earlier describes the Lake

1835

01:09:57,770 --> 01:09:55,800

Michigan case really well it did it

1836

01:10:00,709 --> 01:09:57,780

describes the uh 1952 Washington

1837

01:10:03,530 --> 01:10:00,719

Invasion won really well too uh these

1838

01:10:04,970 --> 01:10:03,540

balls of like luminous objects uh

1839

01:10:08,689 --> 01:10:04,980

different colors moving in strange

1840

01:10:10,189 --> 01:10:08,699

patterns uh being detected on radar I

1841

01:10:12,350 --> 01:10:10,199

think is another characteristic that

1842

01:10:14,330 --> 01:10:12,360

that can happen with these things yeah I

1843

01:10:17,150 --> 01:10:14,340

think if I think if you present it on a

1844

01:10:19,010 --> 01:10:17,160

case-by-case basis which is I think how

1845

01:10:22,970 --> 01:10:19,020

UFOs should be viewed I mean there's no

1846

01:10:25,189 --> 01:10:22,980

yes like uh commonality between a lot of

1847

01:10:27,470 --> 01:10:25,199

these cases but we all classify them as

1848

01:10:29,870 --> 01:10:27,480

UFOs like a Tic Tac and what was

1849

01:10:31,610 --> 01:10:29,880

described at the Lake Michigan case you

1850

01:10:34,550 --> 01:10:31,620

wouldn't you wouldn't categorize as the

1851  
01:10:36,830 --> 01:10:34,560  
same thing I would think unless we have

1852  
01:10:38,990 --> 01:10:36,840  
this umbrella term kind of as UFOs I

1853  
01:10:40,910 --> 01:10:39,000  
just want I wonder about that because I

1854  
01:10:43,310 --> 01:10:40,920  
mean you've gotten pushback from even

1855  
01:10:46,130 --> 01:10:43,320  
Skeptics with this stuff right I mean

1856  
01:10:48,229 --> 01:10:46,140  
it's really strange I don't know if

1857  
01:10:49,970 --> 01:10:48,239  
that's if it's all just kind of personal

1858  
01:10:51,050 --> 01:10:49,980  
bias and personality being tied up into

1859  
01:10:53,930 --> 01:10:51,060  
it or not

1860  
01:10:56,270 --> 01:10:53,940  
no yeah and uh I think that uh you're

1861  
01:10:57,350 --> 01:10:56,280  
you're raising a good point I I think

1862  
01:11:00,649 --> 01:10:57,360  
that

1863  
01:11:02,890 --> 01:11:00,659

um there is a big issue with

1864

01:11:05,630 --> 01:11:02,900  
communication around

1865

01:11:08,689 --> 01:11:05,640  
what we're even talking about when we're

1866

01:11:10,370 --> 01:11:08,699  
saying UFO sure and yeah I think that

1867

01:11:12,890 --> 01:11:10,380  
there's a lot of sort of there's a lot

1868

01:11:15,110 --> 01:11:12,900  
of dancing on both sides

1869

01:11:17,090 --> 01:11:15,120  
um about like the exact definitional

1870

01:11:19,189 --> 01:11:17,100  
criteria there

1871

01:11:21,890 --> 01:11:19,199  
um I would tend I mean

1872

01:11:23,870 --> 01:11:21,900  
culturally I side with Skeptics 100

1873

01:11:26,870 --> 01:11:23,880  
historically

1874

01:11:28,669 --> 01:11:26,880  
um I don't like debunking I respect it

1875

01:11:30,590 --> 01:11:28,679  
and I approve of it but I don't I've

1876

01:11:33,350 --> 01:11:30,600

never personally been involved with that

1877

01:11:34,910 --> 01:11:33,360

um I find it kind of like uh I I I've

1878

01:11:36,890 --> 01:11:34,920

kind of somebody who acts based on being

1879

01:11:39,110 --> 01:11:36,900

inspired by like finding new things

1880

01:11:40,250 --> 01:11:39,120

actively not like kind of like canceling

1881

01:11:42,229 --> 01:11:40,260

other stuff even though I think it's

1882

01:11:43,010 --> 01:11:42,239

incredibly important sure

1883

01:11:46,430 --> 01:11:43,020

um

1884

01:11:48,070 --> 01:11:46,440

but yes the underlying sort of like I've

1885

01:11:50,990 --> 01:11:48,080

wondered about this this cultural

1886

01:11:53,030 --> 01:11:51,000

phenomenon where

1887

01:11:55,669 --> 01:11:53,040

um actually let me use a brief example I

1888

01:11:58,130 --> 01:11:55,679

was arguing with somebody about this

1889

01:12:00,590 --> 01:11:58,140

exact thing ball lightning and whether

1890

01:12:02,270 --> 01:12:00,600

like some of these most prominent cases

1891

01:12:03,350 --> 01:12:02,280

might end up being resolved as ball

1892

01:12:06,770 --> 01:12:03,360

lightning

1893

01:12:10,550 --> 01:12:06,780

um and this skeptic individual

1894

01:12:11,990 --> 01:12:10,560

um was sort of saying like uh you know

1895

01:12:13,189 --> 01:12:12,000

expressing uh doubts or whatever that's

1896

01:12:14,870 --> 01:12:13,199

reasonable because it's like it's

1897

01:12:16,370 --> 01:12:14,880

probably just a variety of like mundane

1898

01:12:18,830 --> 01:12:16,380

phenomena this is sort of like something

1899

01:12:20,090 --> 01:12:18,840

that like if ball lightning has proven

1900

01:12:21,470 --> 01:12:20,100

to show these features that we're

1901

01:12:23,390 --> 01:12:21,480

talking about it would be new to science

1902

01:12:24,950 --> 01:12:23,400

if we can prove that it can do these

1903

01:12:27,410 --> 01:12:24,960

things as opposed to just a variety of

1904

01:12:29,330 --> 01:12:27,420

published uh papers of field study

1905

01:12:31,550 --> 01:12:29,340

observations of it plus the proof of all

1906

01:12:34,130 --> 01:12:31,560

lightning in itself existing

1907

01:12:36,830 --> 01:12:34,140

um so I was saying to that person I was

1908

01:12:39,410 --> 01:12:36,840

like well if we look back on the sort of

1909

01:12:40,910 --> 01:12:39,420

like culture war between the uh you know

1910

01:12:43,790 --> 01:12:40,920

truth Secrets slash Believers and

1911

01:12:44,750 --> 01:12:43,800

Skeptics and we sort of are like

1912

01:12:48,050 --> 01:12:44,760

um

1913

01:12:49,910 --> 01:12:48,060

if the objects with the features as

1914

01:12:53,570 --> 01:12:49,920

described historically

1915

01:12:54,649 --> 01:12:53,580

do exist and there turn out to be ball

1916

01:12:58,130 --> 01:12:54,659

lightning

1917

01:12:59,149 --> 01:12:58,140

like who's more wrong historically the

1918

01:13:01,010 --> 01:12:59,159

Skeptics

1919

01:13:03,770 --> 01:13:01,020

or the Believers

1920

01:13:05,810 --> 01:13:03,780

and the skeptic person said to me

1921

01:13:08,149 --> 01:13:05,820

they're both wrong equally

1922

01:13:09,530 --> 01:13:08,159

hmm I think that's interesting because I

1923

01:13:12,350 --> 01:13:09,540

disagree with that

1924

01:13:14,090 --> 01:13:12,360

because I I think it's obvious that the

1925

01:13:16,189 --> 01:13:14,100

in quotes truth Seekers were more

1926

01:13:18,410 --> 01:13:16,199

correct because they at least were

1927

01:13:20,630 --> 01:13:18,420

saying descriptively the objects with

1928

01:13:23,630 --> 01:13:20,640

these features did exist sure

1929

01:13:26,270 --> 01:13:23,640

yeah that said they are also profoundly

1930

01:13:27,649 --> 01:13:26,280

fundamentally wrong and maybe maybe in a

1931

01:13:29,810 --> 01:13:27,659

deeper sense because they're saying that

1932

01:13:31,310 --> 01:13:29,820

it's like a non-human intelligence as

1933

01:13:32,630 --> 01:13:31,320

opposed to the Skeptics always saying if

1934

01:13:34,850 --> 01:13:32,640

this is something it's likely something

1935

01:13:36,350 --> 01:13:34,860

natural even though it would be the

1936

01:13:37,669 --> 01:13:36,360

discount to the likelihood of it being

1937

01:13:39,470 --> 01:13:37,679

something new with those features

1938

01:13:41,090 --> 01:13:39,480

because I mean I never even thought for

1939

01:13:42,709 --> 01:13:41,100

a moment myself historically that that

1940

01:13:44,209 --> 01:13:42,719

would be something that would be in

1941

01:13:46,790 --> 01:13:44,219

reality something with those features

1942

01:13:48,950 --> 01:13:46,800

right but uh that yeah so yeah that's

1943

01:13:50,450 --> 01:13:48,960

been a sort of clash that I've seen

1944

01:13:52,189 --> 01:13:50,460

absolutely

1945

01:13:54,530 --> 01:13:52,199

I wanted to go back to something Nick

1946

01:13:56,689 --> 01:13:54,540

said about the

1947

01:14:00,350 --> 01:13:56,699

propensity in this community for people

1948

01:14:02,750 --> 01:14:00,360

to personalize like skeptical approaches

1949

01:14:04,910 --> 01:14:02,760

and I bring this up um because as I've

1950

01:14:08,030 --> 01:14:04,920

become much more personally interested

1951

01:14:10,850 --> 01:14:08,040

and invested in I would say the

1952

01:14:12,410 --> 01:14:10,860

experienter phenomenology like reports

1953

01:14:15,590 --> 01:14:12,420

that people make about their personal

1954

01:14:18,350 --> 01:14:15,600

experiences yeah I've also become very

1955

01:14:21,830 --> 01:14:18,360

preoccupied with this

1956

01:14:24,470 --> 01:14:21,840

process of unyoking experience or

1957

01:14:27,470 --> 01:14:24,480

phenomena from UFOs as observed

1958

01:14:30,169 --> 01:14:27,480

phenomena and I bring this up

1959

01:14:31,490 --> 01:14:30,179

because um I have a handful of people I

1960

01:14:32,810 --> 01:14:31,500

talk to

1961

01:14:34,189 --> 01:14:32,820

um who share their experiences with me

1962

01:14:37,669 --> 01:14:34,199

who talk to me about this part of their

1963

01:14:40,310 --> 01:14:37,679

lives and one of the things I always am

1964

01:14:41,930 --> 01:14:40,320

so curious about is like how do they how

1965

01:14:44,149 --> 01:14:41,940

did they put two and two together like

1966

01:14:47,330 --> 01:14:44,159

what made them connect what they have

1967

01:14:49,790 --> 01:14:47,340

experienced with ufology because like

1968

01:14:52,630 --> 01:14:49,800

and I say that because

1969

01:14:55,250 --> 01:14:52,640

um not that I'm like the Arbiter of

1970

01:14:57,530 --> 01:14:55,260

intellectual strength or prowess or

1971

01:14:59,510 --> 01:14:57,540

whatever but like I'm pretty well

1972

01:15:01,669 --> 01:14:59,520

educated and well read in like the

1973

01:15:03,470 --> 01:15:01,679

history of religion and spirituality and

1974

01:15:06,229 --> 01:15:03,480

Theology and mysticism and all this

1975

01:15:07,970 --> 01:15:06,239

stuff and like I never made that

1976

01:15:10,189 --> 01:15:07,980

connection like I never made the

1977

01:15:11,570 --> 01:15:10,199

connection of people's

1978

01:15:14,270 --> 01:15:11,580

um like mystical or Transcendent

1979

01:15:17,390 --> 01:15:14,280

experiences with UFOs but now I mean

1980

01:15:19,250 --> 01:15:17,400

having had insight into the community

1981

01:15:20,510 --> 01:15:19,260

um it almost feels like we're talking I

1982

01:15:23,209 --> 01:15:20,520

mean obviously we're always talking

1983

01:15:27,290 --> 01:15:23,219

about kind of this like constellation of

1984

01:15:31,430 --> 01:15:27,300

subjects when we talk about UFOs but um

1985

01:15:33,169 --> 01:15:31,440

I'm I I can't help but also think that a

1986

01:15:34,669 --> 01:15:33,179

lot of people who are experiencers who

1987

01:15:36,229 --> 01:15:34,679

are sort of like struggling to make

1988

01:15:37,729 --> 01:15:36,239

sense of what they've experienced or

1989

01:15:39,410 --> 01:15:37,739

don't have like a good narrative for

1990

01:15:42,830 --> 01:15:39,420

like understanding it or framing it or

1991

01:15:46,910 --> 01:15:42,840

even processing it then see like

1992

01:15:49,370 --> 01:15:46,920

because they have included UFOs is like

1993

01:15:51,830 --> 01:15:49,380

a subject into their experience that's

1994

01:15:54,470 --> 01:15:51,840

deeply personal that any sort of

1995

01:15:58,790 --> 01:15:54,480

skepticism becomes

1996

01:16:00,770 --> 01:15:58,800

um a uh negotiation about the truth of

1997

01:16:02,870 --> 01:16:00,780

their experience right even though the

1998

01:16:04,209 --> 01:16:02,880

truth of their experience may exist in a

1999

01:16:08,209 --> 01:16:04,219

kind of

2000

01:16:10,130 --> 01:16:08,219

like rational third place beyond binary

2001

01:16:11,570 --> 01:16:10,140

modalities of true and false right like

2002

01:16:13,970 --> 01:16:11,580

it may sort of exist in this sort of

2003

01:16:15,590 --> 01:16:13,980

like psychosocial mythological whatever

2004

01:16:16,550 --> 01:16:15,600

space

2005

01:16:18,890 --> 01:16:16,560

um

2006

01:16:21,350 --> 01:16:18,900

and I'm so

2007

01:16:22,729 --> 01:16:21,360

I I guess this is why Kimber way Came

2008

01:16:24,229 --> 01:16:22,739

Out Swinging with like so what do you

2009

01:16:26,390 --> 01:16:24,239

think of like the psychosocial stuff

2010

01:16:30,189 --> 01:16:26,400

what do you think of the myth because it

2011

01:16:35,470 --> 01:16:34,189

like I I just I'm so fascinated by how

2012

01:16:39,110 --> 01:16:35,480

people

2013

01:16:41,450 --> 01:16:39,120

know or connect these experiences with

2014

01:16:44,530 --> 01:16:41,460

UFOs as a subject instead of just

2015

01:16:47,390 --> 01:16:44,540

thinking of it as like Transcendence or

2016

01:16:49,550 --> 01:16:47,400

psychosis or whatever else you know well

2017

01:16:50,510 --> 01:16:49,560

that's an interesting point and I think

2018

01:16:56,630 --> 01:16:50,520

that

2019

01:16:58,310 --> 01:16:56,640

people in the UFO Community are the

2020

01:17:01,130 --> 01:16:58,320

people who have these experiences and

2021

01:17:03,410 --> 01:17:01,140

process them in through that lens

2022

01:17:05,870 --> 01:17:03,420

um when I uh you know I listen regularly

2023

01:17:09,350 --> 01:17:05,880

to sort of like atheist uh call-in shows

2024

01:17:10,669 --> 01:17:09,360

where an atheist talks with a Believer

2025

01:17:12,410 --> 01:17:10,679

um I've been doing that for like over 10

2026

01:17:14,870 --> 01:17:12,420

years I just uh

2027

01:17:17,090 --> 01:17:14,880

I find that very interesting and and

2028

01:17:19,310 --> 01:17:17,100

people are calling in with very similar

2029

01:17:22,010 --> 01:17:19,320

experiences uh to what I've seen in the

2030

01:17:23,630 --> 01:17:22,020

UFO Community uh regularly about these

2031

01:17:25,790 --> 01:17:23,640

sort of like dissociative experiences

2032

01:17:27,950 --> 01:17:25,800

these moments of crisis when a figure

2033

01:17:29,990 --> 01:17:27,960

comes to them

2034

01:17:32,689 --> 01:17:30,000

um you know and we've all sort of uh

2035

01:17:34,729 --> 01:17:32,699

seen these things and then they process

2036

01:17:38,390 --> 01:17:34,739

those things through their um their

2037

01:17:41,990 --> 01:17:38,400

religious uh faith and so it's like it's

2038

01:17:45,290 --> 01:17:42,000

like the alien or the um the UFO is

2039

01:17:46,189 --> 01:17:45,300

almost like uh it really is the modern

2040

01:17:47,930 --> 01:17:46,199

um

2041

01:17:49,790 --> 01:17:47,940

it's like the modern religion isn't it

2042

01:17:52,130 --> 01:17:49,800

and that's the Rorschach test

2043

01:17:55,070 --> 01:17:52,140

yes yeah it's a standard to see what

2044

01:17:56,990 --> 01:17:55,080

your world view is really you know you

2045

01:17:59,870 --> 01:17:57,000

reminds me oh Louis you're out of your

2046

01:18:01,790 --> 01:17:59,880

k-hole you're back to reality man

2047

01:18:03,770 --> 01:18:01,800

um you know it reminds me of like the

2048

01:18:06,649 --> 01:18:03,780

miracle of Fatima right like when you

2049

01:18:08,990 --> 01:18:06,659

read like accounts of the appearance at

2050

01:18:11,209 --> 01:18:09,000

Fatima that appeared before what 50 000

2051  
01:18:13,930 --> 01:18:11,219  
people or something yeah this is this is

2052  
01:18:16,970 --> 01:18:13,940  
not literally the like

2053  
01:18:19,550 --> 01:18:16,980  
cornflower blue and white veiled Mary

2054  
01:18:21,350 --> 01:18:19,560  
this is like a [h\_\_\h] ball of light in

2055  
01:18:23,030 --> 01:18:21,360  
the sky that bounced around that a lot

2056  
01:18:26,510 --> 01:18:23,040  
of people saw well they couldn't do it

2057  
01:18:28,070 --> 01:18:26,520  
with the sun yeah Campbell uh you this

2058  
01:18:29,870 --> 01:18:28,080  
is actually a uh I think you're a good

2059  
01:18:31,669 --> 01:18:29,880  
person to ask this question you said you

2060  
01:18:33,950 --> 01:18:31,679  
had no like interest you had no dog in

2061  
01:18:36,110 --> 01:18:33,960  
the race for UFOs growing up until about

2062  
01:18:38,510 --> 01:18:36,120  
2017 or 2018.

2063  
01:18:42,290 --> 01:18:38,520

but before that time if someone asked

2064

01:18:44,570 --> 01:18:42,300

you what a UFO is or to draw a UFO what

2065

01:18:48,709 --> 01:18:44,580

would you have said I would have drawn

2066

01:18:51,470 --> 01:18:48,719

uh the spaceship on The Simpsons right a

2067

01:18:53,930 --> 01:18:51,480

a flying saucer yeah right so I mean

2068

01:18:55,729 --> 01:18:53,940

like without being interested or being a

2069

01:18:58,490 --> 01:18:55,739

part of the community like kind of

2070

01:18:59,990 --> 01:18:58,500

culturally you knew that like weird

2071

01:19:03,649 --> 01:19:00,000

things in the sky especially at night

2072

01:19:05,689 --> 01:19:03,659

glowing Are UFOs and culturally UFOs are

2073

01:19:08,510 --> 01:19:05,699

aliens right so it's all yeah it's

2074

01:19:10,430 --> 01:19:08,520

already there in us right yeah so I mean

2075

01:19:12,110 --> 01:19:10,440

when people do have these kind of

2076

01:19:14,390 --> 01:19:12,120

experiences they're they're drawing on

2077

01:19:16,550 --> 01:19:14,400

what they know and uh

2078

01:19:18,169 --> 01:19:16,560

anything coming down from the sky at

2079

01:19:19,010 --> 01:19:18,179

night any luminous objects in this guy

2080

01:19:22,370 --> 01:19:19,020

or

2081

01:19:24,830 --> 01:19:22,380

going to be like oh that was a UFO I saw

2082

01:19:26,330 --> 01:19:24,840

this which like yeah I mean a lot of

2083

01:19:29,450 --> 01:19:26,340

these experiences like I believe that

2084

01:19:30,530 --> 01:19:29,460

you did see that I think you saw that

2085

01:19:31,850 --> 01:19:30,540

but

2086

01:19:33,709 --> 01:19:31,860

that's just telling me your

2087

01:19:36,590 --> 01:19:33,719

interpretation of it Whatever Happened

2088

01:19:39,110 --> 01:19:36,600

is is it could be a different story I'll

2089

01:19:40,669 --> 01:19:39,120

say it could be but that's that's the

2090

01:19:43,970 --> 01:19:40,679

lens and that's kind of the lens you

2091

01:19:46,669 --> 01:19:43,980

were given by at least our culture or

2092

01:19:48,050 --> 01:19:46,679

Irish Society now well you know yes

2093

01:19:52,070 --> 01:19:48,060

absolutely I think you're right and

2094

01:19:55,669 --> 01:19:52,080

before May and June 2021 if somebody

2095

01:19:58,070 --> 01:19:55,679

told me they had seen a UFO though I

2096

01:20:00,410 --> 01:19:58,080

probably would have said I don't I don't

2097

01:20:02,149 --> 01:20:00,420

believe you right like sure unless the

2098

01:20:03,410 --> 01:20:02,159

you know I you know whatever or I think

2099

01:20:05,510 --> 01:20:03,420

they saw a plane or something but if

2100

01:20:07,490 --> 01:20:05,520

they describe like no it's multi-colored

2101  
01:20:09,890 --> 01:20:07,500  
and there were lights all spinning and

2102  
01:20:11,870 --> 01:20:09,900  
then it like uh came down close to the

2103  
01:20:14,810 --> 01:20:11,880  
ground and shot a light down and then it

2104  
01:20:17,090 --> 01:20:14,820  
blasted up instantaneously into space I

2105  
01:20:19,370 --> 01:20:17,100  
would be like okay well it's far more

2106  
01:20:21,890 --> 01:20:19,380  
likely that you hallucinated that and it

2107  
01:20:24,050 --> 01:20:21,900  
still is even if objects that are

2108  
01:20:25,669 --> 01:20:24,060  
capable of doing those things exist each

2109  
01:20:27,110 --> 01:20:25,679  
individ that's what makes it so

2110  
01:20:28,430 --> 01:20:27,120  
interesting and that is what we've

2111  
01:20:29,330 --> 01:20:28,440  
talked about before a little bit is

2112  
01:20:35,930 --> 01:20:29,340  
these

2113  
01:20:38,689 --> 01:20:35,940

random very rare and if you don't have

2114

01:20:39,950 --> 01:20:38,699

sufficient equipment to capture it in a

2115

01:20:41,810 --> 01:20:39,960

way that you can show others in a

2116

01:20:43,610 --> 01:20:41,820

convincing way

2117

01:20:45,110 --> 01:20:43,620

any time you observe something like that

2118

01:20:47,390 --> 01:20:45,120

it is far more likely that you did not

2119

01:20:48,830 --> 01:20:47,400

observe it then you did observe it and

2120

01:20:50,930 --> 01:20:48,840

therefore we end up in these

2121

01:20:53,270 --> 01:20:50,940

circumstances where like with ball

2122

01:20:56,990 --> 01:20:53,280

lightning until it's proven with a very

2123

01:20:58,729 --> 01:20:57,000

high quality sensor system in 2014

2124

01:21:00,470 --> 01:20:58,739

you know we have maybe thousands or tens

2125

01:21:01,790 --> 01:21:00,480

of thousands of people who observe these

2126

01:21:02,390 --> 01:21:01,800

things and then

2127

01:21:05,270 --> 01:21:02,400

um

2128

01:21:07,490 --> 01:21:05,280

based on trying to like get an idea of

2129

01:21:09,950 --> 01:21:07,500

what they saw

2130

01:21:13,189 --> 01:21:09,960

if you go to the skeptic Community you

2131

01:21:15,649 --> 01:21:13,199

might be shut down yeah and that's fair

2132

01:21:18,229 --> 01:21:15,659

based on the scientific method the

2133

01:21:19,790 --> 01:21:18,239

absolute highest standards possible if

2134

01:21:21,470 --> 01:21:19,800

you don't have the spectrographic

2135

01:21:23,450 --> 01:21:21,480

analysis published in peer review all

2136

01:21:24,590 --> 01:21:23,460

that stuff like you can't say I saw a

2137

01:21:26,510 --> 01:21:24,600

ball while I did this and that and this

2138

01:21:27,770 --> 01:21:26,520

and have people believe you and so then

2139

01:21:30,470 --> 01:21:27,780

they turn

2140

01:21:32,030 --> 01:21:30,480

and they go into well since I did see

2141

01:21:34,910 --> 01:21:32,040

this who's going to validate my

2142

01:21:37,490 --> 01:21:34,920

experience and the only narrative that

2143

01:21:39,110 --> 01:21:37,500

is possible right now in a major sense

2144

01:21:41,090 --> 01:21:39,120

is the

2145

01:21:42,229 --> 01:21:41,100

um non-human intelligence narrative or

2146

01:21:44,630 --> 01:21:42,239

you know if you want to say time

2147

01:21:46,910 --> 01:21:44,640

traveling humans I guess that sure I

2148

01:21:48,830 --> 01:21:46,920

think Midwest put it in an interesting

2149

01:21:51,350 --> 01:21:48,840

way it was like unconventional human

2150

01:21:54,410 --> 01:21:51,360

intelligence or something yeah

2151

01:21:56,030 --> 01:21:54,420

yeah it's just getting so specific it's

2152

01:21:58,070 --> 01:21:56,040

losing all meaning to me at that point

2153

01:21:59,630 --> 01:21:58,080

sure yeah you have to appease everybody

2154

01:22:01,430 --> 01:21:59,640

though or otherwise he's

2155

01:22:04,430 --> 01:22:01,440

yeah

2156

01:22:07,370 --> 01:22:04,440

you know the um condyn report

2157

01:22:09,830 --> 01:22:07,380

the author yes

2158

01:22:11,330 --> 01:22:09,840

um he apparently was not allowed to um

2159

01:22:14,270 --> 01:22:11,340

talk to

2160

01:22:16,669 --> 01:22:14,280

the people who'd made the reports yes

2161

01:22:18,910 --> 01:22:16,679

um which I guess is one of the

2162

01:22:21,110 --> 01:22:18,920

disadvantages of uh through the secret

2163

01:22:24,890 --> 01:22:21,120

research right

2164

01:22:27,950 --> 01:22:24,900

um but um I think he also was not

2165

01:22:31,070 --> 01:22:27,960

allowed to talk to any scientists even

2166

01:22:33,590 --> 01:22:31,080

um yeah I was too uh secret yeah yeah

2167

01:22:35,330 --> 01:22:33,600

and that's one of the the critiques that

2168

01:22:37,430 --> 01:22:35,340

uh David Clark has made

2169

01:22:39,709 --> 01:22:37,440

um but do you think in a way that's

2170

01:22:41,330 --> 01:22:39,719

actually a blessing in disguise because

2171

01:22:43,370 --> 01:22:41,340

um as you were mentioning Nick earlier

2172

01:22:44,930 --> 01:22:43,380

about like Michigan and the Hudson

2173

01:22:47,470 --> 01:22:44,940

Valley report

2174

01:22:50,570 --> 01:22:47,480

um people later come out with his like

2175

01:22:52,669 --> 01:22:50,580

completely different or you know very

2176

01:22:55,310 --> 01:22:52,679

the tail gets taller in the telling

2177

01:22:57,950 --> 01:22:55,320

right so those are original reports are

2178

01:23:00,470 --> 01:22:57,960

sort of locked in time so the um the

2179

01:23:03,110 --> 01:23:00,480

witnesses can't you know [h\_\_h] it up

2180

01:23:08,149 --> 01:23:05,390

right

2181

01:23:10,610 --> 01:23:08,159

I am when we talked to about having

2182

01:23:12,110 --> 01:23:10,620

these kind of modern Frameworks for

2183

01:23:14,870 --> 01:23:12,120

interpreting events right like talking

2184

01:23:16,550 --> 01:23:14,880

about the role that like culture and

2185

01:23:18,770 --> 01:23:16,560

media and religion has on these

2186

01:23:21,050 --> 01:23:18,780

experiences and just at a higher level

2187

01:23:23,750 --> 01:23:21,060

it reminds me or it makes me think of

2188

01:23:27,290 --> 01:23:23,760

just how malleable reality is in our

2189

01:23:28,910 --> 01:23:27,300

perceptions right and how you know we

2190

01:23:30,830 --> 01:23:28,920

like to think that we have this

2191

01:23:33,350 --> 01:23:30,840

objective sense of what's going on

2192

01:23:35,930 --> 01:23:33,360

around us at any given time both at a

2193

01:23:38,090 --> 01:23:35,940

small and a large scale but the reality

2194

01:23:39,770 --> 01:23:38,100

is that we're really just I mean again

2195

01:23:42,229 --> 01:23:39,780

going down the Buddhist hole we're just

2196

01:23:45,169 --> 01:23:42,239

this sort of like empty Network built up

2197

01:23:47,689 --> 01:23:45,179

of nodes of different references and um

2198

01:23:48,830 --> 01:23:47,699

cultural and media touch points that we

2199

01:23:50,750 --> 01:23:48,840

use

2200

01:23:52,729 --> 01:23:50,760

um to sort of frame and interpret what

2201  
01:23:54,709 --> 01:23:52,739  
happens to us like our realities are so

2202  
01:23:57,470 --> 01:23:54,719  
[h\_\_\h] constructed

2203  
01:23:58,490 --> 01:23:57,480  
um wasn't you know rather than being

2204  
01:24:00,590 --> 01:23:58,500  
innate

2205  
01:24:02,870 --> 01:24:00,600  
oh sorry uh wasn't the impetus of

2206  
01:24:05,209 --> 01:24:02,880  
philosophical skepticism kind of uh

2207  
01:24:06,890 --> 01:24:05,219  
based on the flaws of inductive

2208  
01:24:07,930 --> 01:24:06,900  
reasoning it's like

2209  
01:24:10,010 --> 01:24:07,940  
um

2210  
01:24:13,490 --> 01:24:10,020  
isn't it

2211  
01:24:16,070 --> 01:24:13,500  
this is your area of expertise this is

2212  
01:24:19,070 --> 01:24:16,080  
right interpretation of it is the just

2213  
01:24:21,649 --> 01:24:19,080

kind of like the understanding that

2214

01:24:23,990 --> 01:24:21,659

um subjective now like the distinction

2215

01:24:25,910 --> 01:24:24,000

between a subjective reality based on

2216

01:24:27,770 --> 01:24:25,920

how we experience it and how we draw

2217

01:24:31,610 --> 01:24:27,780

conclusions based on of the collection

2218

01:24:34,610 --> 01:24:31,620

of our experiences can't be

2219

01:24:36,110 --> 01:24:34,620

um necessarily trusted as objective

2220

01:24:38,870 --> 01:24:36,120

reality and that was kind of like the

2221

01:24:41,149 --> 01:24:38,880

beginning of skepticism where like there

2222

01:24:42,709 --> 01:24:41,159

are deductive truths like math and

2223

01:24:45,169 --> 01:24:42,719

things like that and then there's uh

2224

01:24:46,490 --> 01:24:45,179

inductive based on our experiences I

2225

01:24:49,250 --> 01:24:46,500

think I made a joke about this a long

2226

01:24:51,649 --> 01:24:49,260

time ago in a space using solely

2227

01:24:53,870 --> 01:24:51,659

inductive logic will tell you that the

2228

01:24:56,149 --> 01:24:53,880

world is flat we need like that outside

2229

01:24:58,250 --> 01:24:56,159

information to kind of confirm because

2230

01:24:59,990 --> 01:24:58,260

walking down the street yeah it looks

2231

01:25:02,810 --> 01:25:00,000

flat I can't personally see the

2232

01:25:04,729 --> 01:25:02,820

curvature of the Earth so inductively I

2233

01:25:07,250 --> 01:25:04,739

would kind of presume that the world is

2234

01:25:09,290 --> 01:25:07,260

flat I I think that that's kind of the

2235

01:25:10,790 --> 01:25:09,300

story of where skepticism comes from it

2236

01:25:11,990 --> 01:25:10,800

could be completely wrong about that and

2237

01:25:13,370 --> 01:25:12,000

there to kind of explain why I know

2238

01:25:16,010 --> 01:25:13,380

every no one knows what I'm talking

2239

01:25:18,169 --> 01:25:16,020

about but uh I think no there was

2240

01:25:22,070 --> 01:25:18,179

something along those lines yeah like in

2241

01:25:23,570 --> 01:25:22,080

the mid 1700s uh when the natural world

2242

01:25:26,530 --> 01:25:23,580

was first getting

2243

01:25:28,910 --> 01:25:26,540

more thoroughly investigated through

2244

01:25:31,370 --> 01:25:28,920

understandings of well interestingly

2245

01:25:33,890 --> 01:25:31,380

electromagnetism that's when people

2246

01:25:37,310 --> 01:25:33,900

started coming together and uh with the

2247

01:25:41,930 --> 01:25:37,320

Royal Society they established the uh

2248

01:25:44,270 --> 01:25:41,940

invisible College in 17 uh 1760 roughly

2249

01:25:46,510 --> 01:25:44,280

if we take our invisible sat as we might

2250

01:25:49,970 --> 01:25:46,520

one day get in

2251

01:25:51,890 --> 01:25:49,980

well I'm not sure those will be tough

2252

01:25:55,250 --> 01:25:51,900

because the Royal Society is uh I think

2253

01:25:57,830 --> 01:25:55,260

the longest standing uh natural uh

2254

01:26:00,169 --> 01:25:57,840

philosophy Association in the world but

2255

01:26:02,570 --> 01:26:00,179

um yeah no that's uh it's interesting

2256

01:26:04,729 --> 01:26:02,580

like originally like the uh experiments

2257

01:26:06,590 --> 01:26:04,739

around lightning when

2258

01:26:08,209 --> 01:26:06,600

um you know it was demonstrated that the

2259

01:26:11,810 --> 01:26:08,219

little spark you could produce from

2260

01:26:13,850 --> 01:26:11,820

static electricity appears to behave the

2261

01:26:15,649 --> 01:26:13,860

same as Lightning like that's like okay

2262

01:26:18,229 --> 01:26:15,659

and then you can replicate that

2263

01:26:20,689 --> 01:26:18,239

experiment in charge of a crappy battery

2264

01:26:22,070 --> 01:26:20,699

that you built the same way regardless

2265

01:26:24,709 --> 01:26:22,080

of whether you're in North America or in

2266

01:26:26,810 --> 01:26:24,719

your France if you're in France that's

2267

01:26:29,450 --> 01:26:26,820

that's the foundation of it you have to

2268

01:26:30,950 --> 01:26:29,460

be able to explain how somebody else can

2269

01:26:34,310 --> 01:26:30,960

replicate what you're claiming to be

2270

01:26:36,530 --> 01:26:34,320

true without that exactly like uh it

2271

01:26:38,689 --> 01:26:36,540

falls apart and then you get subjected

2272

01:26:40,610 --> 01:26:38,699

to uh these sort of arguments like uh

2273

01:26:42,890 --> 01:26:40,620

more people that see it the more true it

2274

01:26:44,030 --> 01:26:42,900

is right we know that's not good is

2275

01:26:49,010 --> 01:26:44,040

there any

2276

01:26:50,209 --> 01:26:49,020

um historical footage of UFOs uh that

2277

01:26:52,610 --> 01:26:50,219

kind of

2278

01:26:53,990 --> 01:26:52,620

I'm not talking about the um the Nimitz

2279

01:26:56,930 --> 01:26:54,000

or the uh

2280

01:26:58,610 --> 01:26:56,940

the other ones the Gimbal and the um go

2281

01:27:01,729 --> 01:26:58,620

fast although maybe those are

2282

01:27:03,830 --> 01:27:01,739

explainable by plasma type phenomena but

2283

01:27:04,669 --> 01:27:03,840

do you know of any other

2284

01:27:07,250 --> 01:27:04,679

um

2285

01:27:08,990 --> 01:27:07,260

famous footage that sort of

2286

01:27:12,229 --> 01:27:09,000

you know that you find personally

2287

01:27:15,709 --> 01:27:12,239

intriguing and could be explained by

2288

01:27:19,550 --> 01:27:15,719

by plasma bull lightning yeah it's hard

2289

01:27:21,649 --> 01:27:19,560

to say uh valet has a uh paper I believe

2290

01:27:23,930 --> 01:27:21,659

published in the Journal of scientific

2291

01:27:25,850 --> 01:27:23,940

exploration as well uh if I remember

2292

01:27:27,830 --> 01:27:25,860

right is from like the mid 90s it's

2293

01:27:30,770 --> 01:27:27,840

called like observations of the

2294

01:27:32,689 --> 01:27:30,780

Luminosity of five UFOs or something

2295

01:27:35,930 --> 01:27:32,699

like that and he goes through like five

2296

01:27:38,390 --> 01:27:35,940

highly luminous uh UFO cases

2297

01:27:40,010 --> 01:27:38,400

um and he uh tries to assess the power

2298

01:27:42,709 --> 01:27:40,020

that would be required to create the

2299

01:27:44,390 --> 01:27:42,719

light source and in that I believe there

2300

01:27:45,709 --> 01:27:44,400

are a couple that they claim to have

2301  
01:27:48,050 --> 01:27:45,719  
videos I haven't watched those videos

2302  
01:27:49,490 --> 01:27:48,060  
but the objects he describes have all

2303  
01:27:51,290 --> 01:27:49,500  
the exact same features as what we've

2304  
01:27:53,810 --> 01:27:51,300  
been talking about so it would be a

2305  
01:27:57,290 --> 01:27:53,820  
close match there

2306  
01:27:59,689 --> 01:27:57,300  
um that said I'm very uh resistant to

2307  
01:28:02,209 --> 01:27:59,699  
getting into individual cases at this

2308  
01:28:04,430 --> 01:28:02,219  
point because when I started uh to talk

2309  
01:28:06,950 --> 01:28:04,440  
about this stuff in 2021 I reached out

2310  
01:28:09,410 --> 01:28:06,960  
to a bunch of people I ended up uh you

2311  
01:28:12,950 --> 01:28:09,420  
know on the singularity lab with Michael

2312  
01:28:15,110 --> 01:28:12,960  
mataluni then I went on UCR and then I

2313  
01:28:18,229 --> 01:28:15,120

uh they had me on the big phone home to

2314

01:28:20,270 --> 01:28:18,239

do Michael gave me an hour like you know

2315

01:28:22,970 --> 01:28:20,280

talk with me to plan an hour out to do

2316

01:28:25,970 --> 01:28:22,980

the sort of plasma stuff and then uh

2317

01:28:27,590 --> 01:28:25,980

Daniel Miller and stuff so it's like

2318

01:28:28,970 --> 01:28:27,600

um

2319

01:28:30,590 --> 01:28:28,980

you know there's

2320

01:28:32,810 --> 01:28:30,600

there's been this long history with me

2321

01:28:35,810 --> 01:28:32,820

of trying to engage on the case study

2322

01:28:37,490 --> 01:28:35,820

side of it and I used the Nimitz uh as

2323

01:28:39,590 --> 01:28:37,500

an example when I first got us got

2324

01:28:41,870 --> 01:28:39,600

started and there was so much pushback

2325

01:28:43,550 --> 01:28:41,880

about every single individual element of

2326

01:28:46,370 --> 01:28:43,560

it that I realized very quickly that it

2327

01:28:49,189 --> 01:28:46,380

was like counter productive to try to

2328

01:28:50,390 --> 01:28:49,199

start like showing how certain cases

2329

01:28:53,450 --> 01:28:50,400

might be able to fit into the

2330

01:28:55,910 --> 01:28:53,460

information I realized that this sort of

2331

01:28:57,649 --> 01:28:55,920

deeper level uh the approaching it from

2332

01:29:00,050 --> 01:28:57,659

the philosophical perspective after

2333

01:29:03,050 --> 01:29:00,060

doing some reason I I started doing

2334

01:29:04,070 --> 01:29:03,060

research I was like why when and we

2335

01:29:05,870 --> 01:29:04,080

haven't even gotten into all the other

2336

01:29:09,770 --> 01:29:05,880

stuff but why when there is so much

2337

01:29:12,410 --> 01:29:09,780

information that is so clear on the

2338

01:29:14,209 --> 01:29:12,420

subject can I not get people to actually

2339

01:29:15,649 --> 01:29:14,219

just not listen to me because it has

2340

01:29:17,030 --> 01:29:15,659

nothing to do with me but read the

2341

01:29:19,669 --> 01:29:17,040

information if they say they're so

2342

01:29:21,229 --> 01:29:19,679

interested in this subject and I

2343

01:29:22,430 --> 01:29:21,239

couldn't wrap my head around it I just

2344

01:29:25,189 --> 01:29:22,440

started reading about it and then I

2345

01:29:27,770 --> 01:29:25,199

realized through the published papers on

2346

01:29:30,290 --> 01:29:27,780

the subject of like people processing

2347

01:29:34,010 --> 01:29:30,300

information that it was based around

2348

01:29:37,010 --> 01:29:34,020

like more about identity than about the

2349

01:29:38,750 --> 01:29:37,020

actual information content and so I

2350

01:29:41,510 --> 01:29:38,760

decided to stop trying to do the sort of

2351  
01:29:43,430 --> 01:29:41,520  
like step-by-step evidence of why a case

2352  
01:29:45,290 --> 01:29:43,440  
could fit to the information instead I

2353  
01:29:48,169 --> 01:29:45,300  
just sort of lay it like my website is

2354  
01:29:50,209 --> 01:29:48,179  
based on laying out the information with

2355  
01:29:51,950 --> 01:29:50,219  
every single sentence cited to the

2356  
01:29:53,689 --> 01:29:51,960  
source that I got it from like nothing

2357  
01:29:57,590 --> 01:29:53,699  
on there is from me because I'm nobody

2358  
01:30:00,350 --> 01:29:57,600  
it's all about the information and

2359  
01:30:02,629 --> 01:30:00,360  
um maybe like you brought up condyn and

2360  
01:30:05,209 --> 01:30:02,639  
that's a really neat part of this uh

2361  
01:30:08,390 --> 01:30:05,219  
just that after I first found those

2362  
01:30:10,550 --> 01:30:08,400  
physics papers my natural expectation

2363  
01:30:13,270 --> 01:30:10,560

instantly I was like

2364

01:30:15,410 --> 01:30:13,280

Obama would know this

2365

01:30:17,390 --> 01:30:15,420

the American the American government

2366

01:30:18,709 --> 01:30:17,400

would know that these things exist so

2367

01:30:20,810 --> 01:30:18,719

what the heck does this mean what's

2368

01:30:23,330 --> 01:30:20,820

going on with that and that's when I

2369

01:30:25,129 --> 01:30:23,340

turned to the National Archives I mean

2370

01:30:26,570 --> 01:30:25,139

but there's like whole other layers of

2371

01:30:29,390 --> 01:30:26,580

conspiracies here that the president

2372

01:30:31,550 --> 01:30:29,400

doesn't actually know very much that

2373

01:30:33,410 --> 01:30:31,560

makes it yeah yeah well that gets into

2374

01:30:35,750 --> 01:30:33,420

the interesting speculative territory

2375

01:30:37,370 --> 01:30:35,760

that I I'm happy to get into but uh it

2376

01:30:39,950 --> 01:30:37,380

does distract always from the real

2377

01:30:41,629 --> 01:30:39,960

information uh but it is that is what

2378

01:30:45,169 --> 01:30:41,639

triggered my original interest it's like

2379

01:30:47,810 --> 01:30:45,179

why would Obama be saying this and then

2380

01:30:50,149 --> 01:30:47,820

it's like the Americans should have the

2381

01:30:52,370 --> 01:30:50,159

ability to positively identify basically

2382

01:30:54,649 --> 01:30:52,380

anything if they want to that's sort of

2383

01:30:57,590 --> 01:30:54,659

what I pick up from their technological

2384

01:30:58,850 --> 01:30:57,600

situation at this point why is he

2385

01:31:00,470 --> 01:30:58,860

encouraging people to even look at it

2386

01:31:02,030 --> 01:31:00,480

and then it's like well there are all

2387

01:31:04,070 --> 01:31:02,040

these physics papers showing that there

2388

01:31:05,810 --> 01:31:04,080

seem to be objects with these features

2389

01:31:08,390 --> 01:31:05,820

in the atmosphere and they seem to be

2390

01:31:09,550 --> 01:31:08,400

natural why would Obama then encourage

2391

01:31:12,950 --> 01:31:09,560

it that way

2392

01:31:14,290 --> 01:31:12,960

my uh interpretation after all of the

2393

01:31:16,070 --> 01:31:14,300

information including the American

2394

01:31:18,229 --> 01:31:16,080

Declassified records that we haven't

2395

01:31:19,430 --> 01:31:18,239

even touched on where they're saying

2396

01:31:21,590 --> 01:31:19,440

over and over that the objects with

2397

01:31:23,090 --> 01:31:21,600

these exact features are probably ball

2398

01:31:25,669 --> 01:31:23,100

lightning

2399

01:31:27,709 --> 01:31:25,679

my assumption was that Obama

2400

01:31:29,570 --> 01:31:27,719

recognized that information was being

2401  
01:31:31,070 --> 01:31:29,580  
leaked and I thought he was maybe trying

2402  
01:31:32,689 --> 01:31:31,080  
to get ahead of the story

2403  
01:31:34,070 --> 01:31:32,699  
by claiming ignorance that was my

2404  
01:31:35,030 --> 01:31:34,080  
interpretation of that after reading all

2405  
01:31:37,490 --> 01:31:35,040  
this stuff I don't know if that's true

2406  
01:31:40,310 --> 01:31:37,500  
or not that's just my personal shape the

2407  
01:31:42,169 --> 01:31:40,320  
narrative right like but I can't imagine

2408  
01:31:43,610 --> 01:31:42,179  
him wanting people though to look at it

2409  
01:31:45,410 --> 01:31:43,620  
because based on the Declassified

2410  
01:31:48,229 --> 01:31:45,420  
documents the last thing in the world

2411  
01:31:49,430 --> 01:31:48,239  
that the intelligence services in the

2412  
01:31:50,990 --> 01:31:49,440  
United States and the United Kingdom

2413  
01:31:53,209 --> 01:31:51,000

want are for people to actively think

2414

01:31:56,390 --> 01:31:53,219

about UFOs and that's why his comment

2415

01:31:58,910 --> 01:31:56,400

was so confusing to me yeah people love

2416

01:32:00,430 --> 01:31:58,920

to think about and talk about UFOs I

2417

01:32:03,530 --> 01:32:00,440

know but but

2418

01:32:05,930 --> 01:32:03,540

you always want to talk about it yes

2419

01:32:07,430 --> 01:32:05,940

I think that's a danger I think he was

2420

01:32:09,590 --> 01:32:07,440

probably not aware of a lot of the stuff

2421

01:32:11,330 --> 01:32:09,600

but had read the New York Times paper

2422

01:32:13,010 --> 01:32:11,340

and was just kind of playing off it I

2423

01:32:14,689 --> 01:32:13,020

know um a lot of presidential

2424

01:32:16,370 --> 01:32:14,699

appearances on late night shows the

2425

01:32:18,169 --> 01:32:16,380

topic of UFOs does come up it happened

2426

01:32:20,870 --> 01:32:18,179

with Clinton I know I think it happened

2427

01:32:23,390 --> 01:32:20,880

with Trump even and they kind of give a

2428

01:32:24,830 --> 01:32:23,400

you know kind of a joking response and

2429

01:32:27,610 --> 01:32:24,840

uh and then they were far more

2430

01:32:30,770 --> 01:32:27,620

dismissive is the interesting part sure

2431

01:32:32,810 --> 01:32:30,780

did I say something I mean to one of

2432

01:32:34,430 --> 01:32:32,820

these small mercies of trump may be that

2433

01:32:37,370 --> 01:32:34,440

if he'd actually known something he'd

2434

01:32:40,370 --> 01:32:37,380

would have [h\_\_h] spewed it out on TV

2435

01:32:41,930 --> 01:32:40,380

or Twitter like well that's something

2436

01:32:44,510 --> 01:32:41,940

positive of the Shadow government

2437

01:32:47,390 --> 01:32:44,520

conspiracy really and that's actually

2438

01:32:50,090 --> 01:32:47,400

when I was uh speaking with Louise on uh

2439

01:32:51,350 --> 01:32:50,100

on your uh show we talked about this a

2440

01:32:54,649 --> 01:32:51,360

little bit you asked me something to

2441

01:32:56,810 --> 01:32:54,659

this effect and um my and once again

2442

01:32:58,310 --> 01:32:56,820

it's just my interpretation based on the

2443

01:33:01,010 --> 01:32:58,320

documents I've read and stuff but my

2444

01:33:03,169 --> 01:33:01,020

interpretation is that

2445

01:33:05,390 --> 01:33:03,179

the intelligence community in the United

2446

01:33:07,490 --> 01:33:05,400

States appears to maybe have actually

2447

01:33:09,830 --> 01:33:07,500

identified Trump as some degree of

2448

01:33:12,110 --> 01:33:09,840

national security threat and Obama said

2449

01:33:14,090 --> 01:33:12,120

he was briefed on UFOs right he has said

2450

01:33:16,370 --> 01:33:14,100

that now Trump has also claimed he's

2451  
01:33:19,310 --> 01:33:16,380  
been briefed I suspect because his own

2452  
01:33:21,770 --> 01:33:19,320  
National Security adviser or his um his

2453  
01:33:25,010 --> 01:33:21,780  
Director of National Security uh

2454  
01:33:27,229 --> 01:33:25,020  
Ratcliffe was out on the national news

2455  
01:33:28,850 --> 01:33:27,239  
saying oh they're all we see these

2456  
01:33:30,290 --> 01:33:28,860  
things on The Radars or on the

2457  
01:33:31,970 --> 01:33:30,300  
satellites and they're zipping all over

2458  
01:33:34,070 --> 01:33:31,980  
we don't know what they're it's like the

2459  
01:33:36,169 --> 01:33:34,080  
Director of National Intelligence

2460  
01:33:37,970 --> 01:33:36,179  
was a former Republican Congressman

2461  
01:33:40,310 --> 01:33:37,980  
right Radcliffe like he doesn't know

2462  
01:33:42,530 --> 01:33:40,320  
what they are somebody's not briefing

2463  
01:33:44,030 --> 01:33:42,540

him he's not briefing Trump you know

2464

01:33:46,189 --> 01:33:44,040

there's something very strange going on

2465

01:33:47,629 --> 01:33:46,199

there so my interpretation of that not

2466

01:33:49,070 --> 01:33:47,639

necessarily correct but my

2467

01:33:50,450 --> 01:33:49,080

interpretation is that they were left

2468

01:33:56,030 --> 01:33:50,460

out of it

2469

01:33:59,930 --> 01:33:57,310

um but yeah

2470

01:34:01,070 --> 01:33:59,940

yeah and we didn't even get into any of

2471

01:34:02,390 --> 01:34:01,080

the government documents because once I

2472

01:34:03,950 --> 01:34:02,400

read all those physics papers I was like

2473

01:34:07,189 --> 01:34:03,960

the government must know about this and

2474

01:34:08,689 --> 01:34:07,199

that's when I turned to the well

2475

01:34:11,270 --> 01:34:08,699

um

2476

01:34:13,250 --> 01:34:11,280

you know well researched uh in the

2477

01:34:15,470 --> 01:34:13,260

National Archives all these documents

2478

01:34:18,709 --> 01:34:15,480

going back and you know

2479

01:34:21,530 --> 01:34:18,719

um like the Robertson panel right

2480

01:34:24,050 --> 01:34:21,540

yeah well before that like uh the FBI in

2481

01:34:26,570 --> 01:34:24,060

1949 that's a Declassified file that was

2482

01:34:29,450 --> 01:34:26,580

Secret at the time uh protection of

2483

01:34:32,030 --> 01:34:29,460

vital installations memo they say there

2484

01:34:33,590 --> 01:34:32,040

are descriptions of these lights they

2485

01:34:34,850 --> 01:34:33,600

have the variety of colors they have

2486

01:34:36,110 --> 01:34:34,860

these features that we said over and

2487

01:34:37,970 --> 01:34:36,120

over again and then they say we don't

2488

01:34:39,770 --> 01:34:37,980

know exactly what they are they might be

2489

01:34:40,970 --> 01:34:39,780

a new Soviet weapon so we got to keep

2490

01:34:44,270 --> 01:34:40,980

our eyes on it we don't know what's

2491

01:34:46,189 --> 01:34:44,280

going on yeah than the U.S Air Force was

2492

01:34:48,050 --> 01:34:46,199

created and then they were assigned

2493

01:34:51,229 --> 01:34:48,060

responsibility and then they created

2494

01:34:52,790 --> 01:34:51,239

project sign in I think 1950 and then

2495

01:34:55,129 --> 01:34:52,800

they switched that into project Grudge

2496

01:34:57,110 --> 01:34:55,139

in I think 1951 and then if I remember

2497

01:35:00,470 --> 01:34:57,120

correctly then they introduced project

2498

01:35:03,290 --> 01:35:00,480

twinkle as a um

2499

01:35:05,390 --> 01:35:03,300

as a field study under project Grudge

2500

01:35:06,950 --> 01:35:05,400

and they actually had military personnel

2501  
01:35:08,870 --> 01:35:06,960  
for nine months Stakeout one of the

2502  
01:35:10,910 --> 01:35:08,880  
locations of military base that had a

2503  
01:35:13,250 --> 01:35:10,920  
bunch of observations and then that

2504  
01:35:14,810 --> 01:35:13,260  
report came back and they said you know

2505  
01:35:17,450 --> 01:35:14,820  
they described the exact same features

2506  
01:35:20,689 --> 01:35:17,460  
again and then they have uh descriptions

2507  
01:35:22,610 --> 01:35:20,699  
from um uh major scientists and stuff

2508  
01:35:24,050 --> 01:35:22,620  
and uh oh you know I think actually it

2509  
01:35:26,030 --> 01:35:24,060  
might have been that Los Alamos because

2510  
01:35:28,790 --> 01:35:26,040  
they cite the lead researcher the

2511  
01:35:30,830 --> 01:35:28,800  
nuclear researcher dockler Dr Kaplan and

2512  
01:35:32,570 --> 01:35:30,840  
they have him in there he's saying the

2513  
01:35:33,770 --> 01:35:32,580

green Fireballs that keep being observed

2514

01:35:37,330 --> 01:35:33,780

we believe that these are natural

2515

01:35:39,950 --> 01:35:37,340

phenomena and like uh you know not 1951

2516

01:35:42,290 --> 01:35:39,960

and then uh you know then you move into

2517

01:35:45,229 --> 01:35:42,300

the CIA when they start looking at it

2518

01:35:48,350 --> 01:35:45,239

yep they start looking at it after the

2519

01:35:49,910 --> 01:35:48,360

July 1952 Washington DC events which was

2520

01:35:51,290 --> 01:35:49,920

a bunch of luminous objects were

2521

01:35:53,330 --> 01:35:51,300

observed over Washington they were on

2522

01:35:55,550 --> 01:35:53,340

radar the US government scrambled

2523

01:35:56,870 --> 01:35:55,560

fighters to go and engage the objects

2524

01:35:58,250 --> 01:35:56,880

radar operators were looking at them

2525

01:36:00,110 --> 01:35:58,260

through binoculars looking on their

2526

01:36:01,790 --> 01:36:00,120

screens all this crap

2527

01:36:03,890 --> 01:36:01,800

Pilots were calling in being like we're

2528

01:36:05,870 --> 01:36:03,900

in we're in a formation of balls of

2529

01:36:07,209 --> 01:36:05,880

light what do I do and like they were

2530

01:36:09,649 --> 01:36:07,219

not receiving

2531

01:36:11,149 --> 01:36:09,659

responses because the cap commanders

2532

01:36:14,330 --> 01:36:11,159

were like okay whatever they're insane

2533

01:36:16,610 --> 01:36:14,340

or something right so after that radio

2534

01:36:18,350 --> 01:36:16,620

radio wouldn't work if they're close to

2535

01:36:20,229 --> 01:36:18,360

something that has that much like charge

2536

01:36:22,790 --> 01:36:20,239

and stuff like well that's actually

2537

01:36:24,649 --> 01:36:22,800

cocktail well you're right that's an

2538

01:36:27,229 --> 01:36:24,659

actually an interesting thing from the

2539

01:36:30,229 --> 01:36:27,239

Blue Book uh Mino Air Force Base report

2540

01:36:31,850 --> 01:36:30,239

from 1968 that's much later but I'll

2541

01:36:34,250 --> 01:36:31,860

just summarize it very briefly they say

2542

01:36:35,689 --> 01:36:34,260

ball lightning can they talk about the

2543

01:36:37,070 --> 01:36:35,699

Luminous balls of light they're moving

2544

01:36:38,390 --> 01:36:37,080

around flying around coming down going

2545

01:36:40,790 --> 01:36:38,400

up all this stuff we always talk about

2546

01:36:43,010 --> 01:36:40,800

they say ball lightning can be painted

2547

01:36:45,530 --> 01:36:43,020

on radar ball lightning does interfere

2548

01:36:48,290 --> 01:36:45,540

with electronic equipment we're likely

2549

01:36:54,649 --> 01:36:51,649

just over and over what um what sort of

2550

01:36:57,830 --> 01:36:54,659

like physiological or

2551

01:36:59,689 --> 01:36:57,840

um like cycle like like I don't know

2552

01:37:01,550 --> 01:36:59,699

what the term would be basically what

2553

01:37:04,370 --> 01:37:01,560

does someone who witnesses or sees or is

2554

01:37:06,050 --> 01:37:04,380

in close proximity to a ball lightning

2555

01:37:09,410 --> 01:37:06,060

or a plasma like what do they actually

2556

01:37:11,750 --> 01:37:09,420

experience well it should like a

2557

01:37:13,850 --> 01:37:11,760

I don't just mean like getting struck by

2558

01:37:15,470 --> 01:37:13,860

lightning straight physicality but even

2559

01:37:17,330 --> 01:37:15,480

just like shifts in Consciousness how

2560

01:37:20,090 --> 01:37:17,340

people exposed to infrasound can

2561

01:37:21,770 --> 01:37:20,100

sometimes experience things yes and

2562

01:37:24,350 --> 01:37:21,780

that's something yeah we've touched on

2563

01:37:27,470 --> 01:37:24,360

uh substantially and this is very uh

2564

01:37:29,990 --> 01:37:27,480

it's hard to uh know for sure because

2565

01:37:32,629 --> 01:37:30,000

there are no uh

2566

01:37:35,270 --> 01:37:32,639

published papers on the subject of close

2567

01:37:37,850 --> 01:37:35,280

proximity to ball lightning now the most

2568

01:37:39,770 --> 01:37:37,860

interesting uh

2569

01:37:42,770 --> 01:37:39,780

most interesting document that I'm aware

2570

01:37:45,890 --> 01:37:42,780

of on that exact subject would be the uh

2571

01:37:49,550 --> 01:37:45,900

what's known as the condyn report uh it

2572

01:37:52,010 --> 01:37:49,560

is formally called the UAP in the UK air

2573

01:37:54,350 --> 01:37:52,020

defense region report it was uh

2574

01:37:57,530 --> 01:37:54,360

completed by the United Kingdom's

2575

01:37:59,689 --> 01:37:57,540

Ministry of Defense a very uh secret

2576

01:38:03,290 --> 01:37:59,699

subsection called defense intelligence

2577

01:38:04,790 --> 01:38:03,300

section 55. they commissioned their top

2578

01:38:06,350 --> 01:38:04,800

radar expert

2579

01:38:09,470 --> 01:38:06,360

um which is an interesting a little

2580

01:38:12,530 --> 01:38:09,480

detail in 1996 he spent 1996 to 2000

2581

01:38:15,410 --> 01:38:12,540

writing this report his objective was to

2582

01:38:18,649 --> 01:38:15,420

compile the last 20 to 30 years of

2583

01:38:22,490 --> 01:38:18,659

military intelligence study of

2584

01:38:24,830 --> 01:38:22,500

um UFOs and to compile information and

2585

01:38:27,229 --> 01:38:24,840

then to provide it to top executive

2586

01:38:30,169 --> 01:38:27,239

leadership in defense intelligence to

2587

01:38:32,030 --> 01:38:30,179

guide policy on the subject so the

2588

01:38:33,950 --> 01:38:32,040

purpose of the report was to be a

2589

01:38:35,689 --> 01:38:33,960

hundred percent accurate with the

2590

01:38:37,550 --> 01:38:35,699

information obviously humans are subject

2591

01:38:40,310 --> 01:38:37,560

to error the intent of the report was to

2592

01:38:41,390 --> 01:38:40,320

be top secret and to guide a policy on

2593

01:38:45,169 --> 01:38:41,400

UFOs

2594

01:38:47,149 --> 01:38:45,179

that report in 2000 was uh published

2595

01:38:48,830 --> 01:38:47,159

within the UK government it was

2596

01:38:50,450 --> 01:38:48,840

distributed to top leadership we know

2597

01:38:52,430 --> 01:38:50,460

that conclusively from reporting from

2598

01:38:54,470 --> 01:38:52,440

the guardian wired BBC News

2599

01:38:59,030 --> 01:38:54,480

that report says

2600

01:39:00,530 --> 01:38:59,040

that UF UAP exist is indisputable and

2601  
01:39:02,030 --> 01:39:00,540  
then they say we aren't like they're

2602  
01:39:04,310 --> 01:39:02,040  
saying we aren't talking about generic

2603  
01:39:06,290 --> 01:39:04,320  
uh yeah it's a seagull they say the

2604  
01:39:07,610 --> 01:39:06,300  
objects that are luminous that hover

2605  
01:39:09,709 --> 01:39:07,620  
land accelerate to exceptional

2606  
01:39:11,689 --> 01:39:09,719  
velocities and VI vanish they can have

2607  
01:39:13,370 --> 01:39:11,699  
more you're saying the thing I know I'm

2608  
01:39:15,470 --> 01:39:13,380  
saying it again I've just proven that I

2609  
01:39:17,750 --> 01:39:15,480  
can't and uh but that the art the

2610  
01:39:19,729 --> 01:39:17,760  
introductory paragraph says that they

2611  
01:39:21,950 --> 01:39:19,739  
exist is indisputable and then it

2612  
01:39:23,629 --> 01:39:21,960  
defines them with the exact features

2613  
01:39:26,209 --> 01:39:23,639

that we're talking about so that's it's

2614

01:39:27,950 --> 01:39:26,219

not leaving any room for us to interpret

2615

01:39:30,110 --> 01:39:27,960

it like yeah of course UFOs are whatever

2616

01:39:31,490 --> 01:39:30,120

they're saying no they're UFOs they are

2617

01:39:37,330 --> 01:39:31,500

this exact type of thing and they

2618

01:39:42,770 --> 01:39:40,669

that's right that's right the UK

2619

01:39:46,030 --> 01:39:42,780

um the report that was commissioned and

2620

01:39:49,490 --> 01:39:46,040

distributed to top leadership in the UK

2621

01:39:51,890 --> 01:39:49,500

says UFOs with the most radical features

2622

01:39:53,750 --> 01:39:51,900

due to indisputably exist but it was

2623

01:39:55,729 --> 01:39:53,760

written by a single author and we can't

2624

01:39:58,610 --> 01:39:55,739

verify that that's factually accurate

2625

01:40:01,430 --> 01:39:58,620

but we can verify factually is that top

2626

01:40:03,709 --> 01:40:01,440

UK leadership the especially Military

2627

01:40:06,649 --> 01:40:03,719

Intelligence leadership has been briefed

2628

01:40:07,729 --> 01:40:06,659

for the last 22 years that UFOs with the

2629

01:40:09,770 --> 01:40:07,739

features that we're all talking about

2630

01:40:12,050 --> 01:40:09,780

every day do exist

2631

01:40:14,270 --> 01:40:12,060

and that's pretty interesting even if it

2632

01:40:16,490 --> 01:40:14,280

even if that was an incorrect report

2633

01:40:19,010 --> 01:40:16,500

and then the report says that they are

2634

01:40:20,689 --> 01:40:19,020

almost certainly ball lightning and the

2635

01:40:22,729 --> 01:40:20,699

whole point of this was to get to the

2636

01:40:24,890 --> 01:40:22,739

Consciousness and the physiological

2637

01:40:26,930 --> 01:40:24,900

effects so this report again

2638

01:40:29,810 --> 01:40:26,940

controversially and Nick and I have

2639

01:40:32,270 --> 01:40:29,820

talked about this it uh cites a variety

2640

01:40:35,990 --> 01:40:32,280

of uh studies that have not been

2641

01:40:39,470 --> 01:40:36,000

conclusively verified to say that

2642

01:40:44,570 --> 01:40:39,480

um the uh effects of being in close

2643

01:40:47,750 --> 01:40:44,580

proximity to these objects uh can cause

2644

01:40:51,110 --> 01:40:47,760

a hallucinatory experiences it can cause

2645

01:40:53,030 --> 01:40:51,120

scorching it can cause radiation Burns

2646

01:40:55,010 --> 01:40:53,040

that's what this report says that top

2647

01:40:57,290 --> 01:40:55,020

leadership in the UK was briefed on we

2648

01:40:59,750 --> 01:40:57,300

don't know that that is true right

2649

01:41:02,870 --> 01:40:59,760

because there have not been proven cases

2650

01:41:04,430 --> 01:41:02,880

in reality but we what we do know is the

2651  
01:41:06,350 --> 01:41:04,440  
top Military Intelligence leadership in

2652  
01:41:07,550 --> 01:41:06,360  
the UK has been told that this is true

2653  
01:41:11,209 --> 01:41:07,560  
right

2654  
01:41:13,970 --> 01:41:11,219  
some somebody just asked um Chase

2655  
01:41:17,270 --> 01:41:13,980  
um asked if that bull lining can cause

2656  
01:41:19,550 --> 01:41:17,280  
radiation Burns and um

2657  
01:41:21,590 --> 01:41:19,560  
um yeah so um

2658  
01:41:25,270 --> 01:41:21,600  
that just made me think of like some

2659  
01:41:28,250 --> 01:41:25,280  
cases like the um cash Landrum case yeah

2660  
01:41:29,870 --> 01:41:28,260  
from Brazil which you know maybe they

2661  
01:41:31,790 --> 01:41:29,880  
they did involve ball lightning but we

2662  
01:41:34,490 --> 01:41:31,800  
can't you know as you mentioned we can't

2663  
01:41:37,850 --> 01:41:34,500

verify that yet yes

2664

01:41:39,770 --> 01:41:37,860

yeah and uh yeah absolutely like

2665

01:41:41,149 --> 01:41:39,780

you know and it goes back in through

2666

01:41:43,070 --> 01:41:41,159

history there are like you know you can

2667

01:41:44,870 --> 01:41:43,080

cite over and over these instances like

2668

01:41:47,450 --> 01:41:44,880

one that I've seen regularly is that

2669

01:41:49,430 --> 01:41:47,460

like if you actually look at um uh

2670

01:41:51,410 --> 01:41:49,440

Blinded By The Light in the desert uh

2671

01:41:54,229 --> 01:41:51,420

Saint Paul on the road to Damascus he

2672

01:41:58,370 --> 01:41:54,239

describes a light coming down flying

2673

01:42:00,709 --> 01:41:58,380

around approaching him he hears the

2674

01:42:02,510 --> 01:42:00,719

voice but he does not see and then it's

2675

01:42:04,490 --> 01:42:02,520

like then the other version of the story

2676

01:42:05,990 --> 01:42:04,500

says his servants saw the light but did

2677

01:42:09,109 --> 01:42:06,000

not hear the voice

2678

01:42:11,030 --> 01:42:09,119

and then he cannot eat he can't drink he

2679

01:42:14,390 --> 01:42:11,040

has TR a weakness for the next three

2680

01:42:17,330 --> 01:42:15,470

what is that sounds like radiation

2681

01:42:18,830 --> 01:42:17,340

poisoning exactly but we can't say that

2682

01:42:20,890 --> 01:42:18,840

that's true we can't say that ultimate

2683

01:42:23,930 --> 01:42:20,900

psychedelic yeah

2684

01:42:28,070 --> 01:42:23,940

so there are these instances of a light

2685

01:42:30,770 --> 01:42:28,080

comes at you you experience things and

2686

01:42:34,689 --> 01:42:30,780

then you wake up later it's interesting

2687

01:42:37,490 --> 01:42:34,699

to note that uh lightning strike victims

2688

01:42:40,669 --> 01:42:37,500

uh experience this kind of thing they if

2689

01:42:42,709 --> 01:42:40,679

they get struck they can become

2690

01:42:44,590 --> 01:42:42,719

um uh knocked out they can wake up with

2691

01:42:47,090 --> 01:42:44,600

amnesia

2692

01:42:49,010 --> 01:42:47,100

you know it's uh and those are in the um

2693

01:42:50,629 --> 01:42:49,020

the peer review papers on the subject as

2694

01:42:52,629 --> 01:42:50,639

well so so there's a lot of consistency

2695

01:42:56,149 --> 01:42:52,639

between what you would expect

2696

01:42:58,609 --> 01:42:56,159

potentially from a close encounter with

2697

01:43:01,550 --> 01:42:58,619

a high uh radiation you know ball

2698

01:43:03,890 --> 01:43:01,560

lightning uh object and then

2699

01:43:05,870 --> 01:43:03,900

these uh you know these subjective

2700

01:43:07,189 --> 01:43:05,880

experiences there's a lot of closeness

2701

01:43:10,189 --> 01:43:07,199

in what you would expect but we can't

2702

01:43:12,950 --> 01:43:10,199

verify that in any way sure

2703

01:43:16,970 --> 01:43:12,960

getting to the technical aspect of

2704

01:43:18,050 --> 01:43:16,980

measuring this phenomenon or phenomena

2705

01:43:20,390 --> 01:43:18,060

um

2706

01:43:23,930 --> 01:43:20,400

so what do you think is like the best

2707

01:43:26,090 --> 01:43:23,940

setup in terms of like equipment and um

2708

01:43:29,209 --> 01:43:26,100

location for trying to get like high

2709

01:43:32,330 --> 01:43:29,219

quality spectral data which is really

2710

01:43:35,990 --> 01:43:32,340

you know what's um decisive here and

2711

01:43:38,750 --> 01:43:36,000

what sort of costs are involved in that

2712

01:43:42,050 --> 01:43:38,760

it's a good question uh I would look

2713

01:43:45,290 --> 01:43:42,060

directly to the 2014 paper and it's

2714

01:43:48,050 --> 01:43:45,300

interesting actually because the

2715

01:43:50,629 --> 01:43:48,060

um ball lightning that was captured in

2716

01:43:53,629 --> 01:43:50,639

that uh recording

2717

01:43:55,669 --> 01:43:53,639

was you know four feet across 16 feet uh

2718

01:43:57,590 --> 01:43:55,679

diameter approximately total with the

2719

01:43:58,370 --> 01:43:57,600

Luminous aura or whatever you want to

2720

01:44:01,129 --> 01:43:58,380

call it

2721

01:44:03,770 --> 01:44:01,139

um now but the actual in terms of pixels

2722

01:44:05,090 --> 01:44:03,780

it's like you know like 30 pixels across

2723

01:44:07,070 --> 01:44:05,100

or something it was like two kilometers

2724

01:44:09,590 --> 01:44:07,080

from the sensor system but the

2725

01:44:11,510 --> 01:44:09,600

spectrograph was sufficient quality that

2726

01:44:13,310 --> 01:44:11,520

they captured the resolution of the

2727

01:44:15,050 --> 01:44:13,320

light coming off of it to such an extent

2728

01:44:17,149 --> 01:44:15,060

that they could accurately describe

2729

01:44:19,129 --> 01:44:17,159

exactly what chemicals and like what

2730

01:44:22,070 --> 01:44:19,139

elements were involved in the source of

2731

01:44:25,550 --> 01:44:22,080

that light and so that was enough to

2732

01:44:27,229 --> 01:44:25,560

enable uh positive verification and it's

2733

01:44:29,629 --> 01:44:27,239

funny to me that in the modern sort of

2734

01:44:31,310 --> 01:44:29,639

conversation we've got sort of and uh

2735

01:44:34,129 --> 01:44:31,320

you know I like Mick West but he says

2736

01:44:37,550 --> 01:44:34,139

stuff like I want triangulated 4K

2737

01:44:40,910 --> 01:44:37,560

resolution of the UFO based on this

2738

01:44:44,330 --> 01:44:40,920

would be nice well and also if you had

2739

01:44:46,189 --> 01:44:44,340

the three 4K resolution cameras that

2740

01:44:48,290 --> 01:44:46,199

would not get published in physical

2741

01:44:50,209 --> 01:44:48,300

review letters it would be inadequate

2742

01:44:53,270 --> 01:44:50,219

from an actual scientific perspective

2743

01:44:55,189 --> 01:44:53,280

you need the spectrographic evidence to

2744

01:44:56,229 --> 01:44:55,199

prove the actual nature of what you're

2745

01:44:59,510 --> 01:44:56,239

looking at

2746

01:45:03,590 --> 01:44:59,520

and so we have this obsession with a

2747

01:45:05,510 --> 01:45:03,600

high resolution visual of the object

2748

01:45:08,030 --> 01:45:05,520

based on what I've read that is an

2749

01:45:10,310 --> 01:45:08,040

inaccurate way of trying to prove this

2750

01:45:12,530 --> 01:45:10,320

thing basically if we want to even say

2751

01:45:14,149 --> 01:45:12,540

ball lightning is entirely separate from

2752

01:45:15,709 --> 01:45:14,159

what UFOs are let's say they're

2753

01:45:18,470 --> 01:45:15,719

completely discreet

2754

01:45:21,709 --> 01:45:18,480

the case study from ball lightning

2755

01:45:24,010 --> 01:45:21,719

shows us step by step how you prove one

2756

01:45:26,930 --> 01:45:24,020

of these slippery phenomena

2757

01:45:28,010 --> 01:45:26,940

how much of these things cost the high

2758

01:45:29,149 --> 01:45:28,020

spectral

2759

01:45:31,490 --> 01:45:29,159

uh

2760

01:45:34,250 --> 01:45:31,500

yeah more could they become more

2761

01:45:35,870 --> 01:45:34,260

ubiquitous I think they absolutely are

2762

01:45:39,350 --> 01:45:35,880

becoming like they're gonna get super

2763

01:45:41,930 --> 01:45:39,360

chats so we can buy one okay yeah like

2764

01:45:44,209 --> 01:45:41,940

share subscribe guys I know that like it

2765

01:45:45,470 --> 01:45:44,219

was like 15 years ago or something in an

2766

01:45:46,729 --> 01:45:45,480

interview I saw I mean I didn't see it

2767

01:45:48,050 --> 01:45:46,739

15 years ago I saw an interview from

2768

01:45:49,910 --> 01:45:48,060

like 15 years ago with one of the

2769

01:45:52,250 --> 01:45:49,920

hez dalen uh professors the assistant

2770

01:45:53,750 --> 01:45:52,260

professor Bjorn houg actually he's

2771

01:45:56,629 --> 01:45:53,760

talking about how he doesn't have enough

2772

01:45:58,609 --> 01:45:56,639

of a budget to buy a spectral camera

2773

01:46:01,129 --> 01:45:58,619

capable of actually proving what he's

2774

01:46:03,290 --> 01:46:01,139

seeing uh I I can't remember like the

2775

01:46:05,930 --> 01:46:03,300

price that he sites is like he needs 25

2776

01:46:07,129 --> 01:46:05,940

000 bucks for it or something and like I

2777

01:46:10,129 --> 01:46:07,139

don't know if that's accurate or not but

2778

01:46:12,290 --> 01:46:10,139

they're quite pricey certainly yeah but

2779

01:46:15,350 --> 01:46:12,300

they're so pricey then not even Brandon

2780

01:46:19,129 --> 01:46:15,360

Fogel can afford one and yeah that's the

2781

01:46:24,370 --> 01:46:19,139

real uh kicker yeah yeah it's it's like

2782

01:46:27,470 --> 01:46:24,380

it feels a lot like uh people who have a

2783

01:46:28,330 --> 01:46:27,480

economic incentive to keep the mystery

2784

01:46:34,010 --> 01:46:28,340

going

2785

01:46:35,990 --> 01:46:34,020

that works right yeah yeah why is

2786

01:46:37,609 --> 01:46:36,000

nothing straightforward in this entire

2787

01:46:38,930 --> 01:46:37,619

subject

2788

01:46:41,689 --> 01:46:38,940

nothing

2789

01:46:44,510 --> 01:46:41,699

with ugly and different motivations well

2790

01:46:47,030 --> 01:46:44,520

and optimized towards truth and once

2791

01:46:49,850 --> 01:46:47,040

again the uh that's uh the government

2792

01:46:53,149 --> 01:46:49,860

records allow us to not even speculate

2793

01:46:54,709 --> 01:46:53,159

uh we don't have to even imagine what

2794

01:46:57,590 --> 01:46:54,719

the government's trying to achieve with

2795

01:47:00,590 --> 01:46:57,600

their policy we can actually read the

2796

01:47:02,510 --> 01:47:00,600

Declassified internal Communications

2797

01:47:04,430 --> 01:47:02,520

that they themselves are talking to each

2798

01:47:06,169 --> 01:47:04,440

other about what they're trying to

2799

01:47:10,010 --> 01:47:06,179

accomplish on this subject

2800

01:47:13,310 --> 01:47:10,020

and it is entirely based on their fear

2801  
01:47:15,649 --> 01:47:13,320  
of foreign adversaries Russia Soviet

2802  
01:47:18,830 --> 01:47:15,659  
Union what Jason colavitos focused on so

2803  
01:47:20,810 --> 01:47:18,840  
heavily that the so the Russians are uh

2804  
01:47:25,510 --> 01:47:20,820  
historically Soviets use this as a way

2805  
01:47:29,810 --> 01:47:25,520  
of creating social Strife by like UFOs

2806  
01:47:32,750 --> 01:47:29,820  
and think about this think about UFO

2807  
01:47:35,149 --> 01:47:32,760  
researchers trying to prove aliens think

2808  
01:47:39,350 --> 01:47:35,159  
about the Freedom of Information access

2809  
01:47:42,590 --> 01:47:39,360  
system and creating an army of dedicated

2810  
01:47:44,450 --> 01:47:42,600  
people who are exclusively motivated to

2811  
01:47:46,970 --> 01:47:44,460  
get every single piece of information

2812  
01:47:47,750 --> 01:47:46,980  
possible from the most secret things out

2813  
01:47:50,270 --> 01:47:47,760

there

2814

01:47:51,950 --> 01:47:50,280

this this reminds me of like like one of

2815

01:47:53,930 --> 01:47:51,960

the most aesthetically pleasing

2816

01:47:56,270 --> 01:47:53,940

conspiracies I've heard is that string

2817

01:47:58,370 --> 01:47:56,280

theory was developed as an OP to

2818

01:48:01,609 --> 01:47:58,380

distract physics research for the last

2819

01:48:04,729 --> 01:48:01,619

20 years and like all this stuff I mean

2820

01:48:10,970 --> 01:48:04,739

from Weinstein himself yes yeah it's

2821

01:48:14,590 --> 01:48:12,590

I shouldn't have a myth to create like

2822

01:48:16,910 --> 01:48:14,600

institutional and bureaucratic friction

2823

01:48:19,129 --> 01:48:16,920

and undermine trust in the government

2824

01:48:20,570 --> 01:48:19,139

like we've talked about that right and I

2825

01:48:22,970 --> 01:48:20,580

think that that's why the alt-right like

2826

01:48:26,990 --> 01:48:22,980

this is why like Tucker Carlson does not

2827

01:48:28,370 --> 01:48:27,000

give a [h\_\_h] about UFOs sure he loves to

2828

01:48:30,109 --> 01:48:28,380

undermine the government and

2829

01:48:33,290 --> 01:48:30,119

institutions of record and unwind

2830

01:48:36,169 --> 01:48:33,300

consensus reality yeah UFOs are a great

2831

01:48:39,350 --> 01:48:36,179

vehicle for doing that right like of

2832

01:48:41,450 --> 01:48:39,360

course duh yeah and that was part of uh

2833

01:48:44,209 --> 01:48:41,460

what got me interested originally was

2834

01:48:46,609 --> 01:48:44,219

that the idea of the objects being

2835

01:48:50,090 --> 01:48:46,619

impervious to the American government's

2836

01:48:52,070 --> 01:48:50,100

scrutiny defied my world view because it

2837

01:48:54,530 --> 01:48:52,080

was something stepping outside of

2838

01:48:57,410 --> 01:48:54,540

expectation in that way right like

2839

01:49:03,490 --> 01:48:57,420

contradicting right the established uh

2840

01:49:09,830 --> 01:49:06,729

ever touched an alien do we know

2841

01:49:12,649 --> 01:49:09,840

what we do have uh actually uh there's

2842

01:49:14,149 --> 01:49:12,659

an excellent journalist uh based out of

2843

01:49:15,830 --> 01:49:14,159

um I think he's in North Bay now I think

2844

01:49:18,470 --> 01:49:15,840

he was originally from Toronto Daniel

2845

01:49:20,689 --> 01:49:18,480

Otis he's been on UCR several times he

2846

01:49:23,390 --> 01:49:20,699

worked for vice I'm not sure if he still

2847

01:49:24,950 --> 01:49:23,400

works for vice but he uh has done a huge

2848

01:49:27,350 --> 01:49:24,960

amount of work on this

2849

01:49:29,689 --> 01:49:27,360

uh we know that the Canadian defense

2850

01:49:31,669 --> 01:49:29,699

minister was briefed on it a couple

2851  
01:49:33,290 --> 01:49:31,679  
years ago there was just sort of like no

2852  
01:49:35,689 --> 01:49:33,300  
there's nothing going on here

2853  
01:49:39,050 --> 01:49:35,699  
um what we do know historically is um

2854  
01:49:43,070 --> 01:49:39,060  
there's a man uh named Chris Rutkowski

2855  
01:49:45,350 --> 01:49:43,080  
he is a academic he's out of um

2856  
01:49:48,350 --> 01:49:45,360  
I think University of uh

2857  
01:49:50,810 --> 01:49:48,360  
of Regina or something but uh anyway he

2858  
01:49:52,729 --> 01:49:50,820  
ended up in the if I remember correctly

2859  
01:49:54,290 --> 01:49:52,739  
the story it's a such a classic kind of

2860  
01:49:56,750 --> 01:49:54,300  
like Canadian small town type thing

2861  
01:49:58,910 --> 01:49:56,760  
almost like he was like talking he was

2862  
01:50:01,070 --> 01:49:58,920  
doing research with I think the national

2863  
01:50:02,450 --> 01:50:01,080

uh archives or something in the 90s he

2864

01:50:05,450 --> 01:50:02,460

ended up talking to somebody involved

2865

01:50:06,709 --> 01:50:05,460

with like receiving the radar return or

2866

01:50:10,310 --> 01:50:06,719

the the

2867

01:50:13,609 --> 01:50:10,320

um the reports created by the aviation

2868

01:50:15,590 --> 01:50:13,619

Authority when a UFO is observed and

2869

01:50:16,490 --> 01:50:15,600

then this person he was talking to was

2870

01:50:18,169 --> 01:50:16,500

saying like we don't know what to do

2871

01:50:19,609 --> 01:50:18,179

with these things he's interested in

2872

01:50:21,830 --> 01:50:19,619

UFOs and he's just straight upset to the

2873

01:50:24,530 --> 01:50:21,840

guy like all takes them all archive them

2874

01:50:26,930 --> 01:50:24,540

and since the 90s the uh you know the

2875

01:50:29,149 --> 01:50:26,940

official Canadian government reporting

2876  
01:50:31,370 --> 01:50:29,159  
agency just forwards all of the cases to

2877  
01:50:33,950 --> 01:50:31,380  
this random guy

2878  
01:50:35,390 --> 01:50:33,960  
um and uh he talks about it often on

2879  
01:50:36,770 --> 01:50:35,400  
shows and stuff seems like a nice guy

2880  
01:50:40,010 --> 01:50:36,780  
but uh like you know that's the level

2881  
01:50:41,870 --> 01:50:40,020  
okay but one more question for you

2882  
01:50:45,050 --> 01:50:41,880  
um what's it like living in a country

2883  
01:50:48,609 --> 01:50:45,060  
that doesn't have brain worms oh what's

2884  
01:50:53,149 --> 01:50:51,470  
the fact that the fact that like you

2885  
01:50:55,310 --> 01:50:53,159  
like Canada can

2886  
01:50:59,149 --> 01:50:55,320  
instant Purge this subject in a reasoned

2887  
01:51:02,030 --> 01:50:59,159  
and not insane way honestly I'm I'm

2888  
01:51:04,850 --> 01:51:02,040

regularly very thankful for a living

2889

01:51:06,890 --> 01:51:04,860

where I live it must be nice yeah uh the

2890

01:51:09,649 --> 01:51:06,900

biggest single thing uh is Healthcare

2891

01:51:13,070 --> 01:51:09,659

Universal Health Care uh you know that's

2892

01:51:15,649 --> 01:51:13,080

just it it gives me absolute freedom in

2893

01:51:17,810 --> 01:51:15,659

a way that I can't understand why y'all

2894

01:51:19,790 --> 01:51:17,820

down in America love and freedom don't

2895

01:51:21,169 --> 01:51:19,800

want freedom to quit your job and not

2896

01:51:22,850 --> 01:51:21,179

have to worry about bankrupting your

2897

01:51:24,410 --> 01:51:22,860

phone oh I know this is this is what

2898

01:51:26,510 --> 01:51:24,420

this is my impetus to go back to work

2899

01:51:28,070 --> 01:51:26,520

I'm paying like 1200 bucks a month for

2900

01:51:30,109 --> 01:51:28,080

health care right now and it's not even

2901

01:51:31,790 --> 01:51:30,119

complete I still have to pay if I go to

2902

01:51:34,129 --> 01:51:31,800

a doctor it doesn't really think there's

2903

01:51:36,290 --> 01:51:34,139

like a copay absolutely insane yeah a

2904

01:51:37,729 --> 01:51:36,300

nightmare yeah so but yes yeah it's nice

2905

01:51:39,530 --> 01:51:37,739

to work in a country that where things

2906

01:51:45,129 --> 01:51:39,540

at least functional infrastructure is

2907

01:51:49,790 --> 01:51:47,270

which country do you think has got the

2908

01:51:54,350 --> 01:51:49,800

most um reasonable

2909

01:51:56,810 --> 01:51:54,360

approach to UFO's UAP

2910

01:51:58,790 --> 01:51:56,820

that's a really interesting government

2911

01:52:00,470 --> 01:51:58,800

engagement I mean at the government

2912

01:52:02,810 --> 01:52:00,480

level

2913

01:52:05,090 --> 01:52:02,820

okay because I know that like France and

2914

01:52:06,770 --> 01:52:05,100

Brazil and um

2915

01:52:08,209 --> 01:52:06,780

what's another country some countries

2916

01:52:12,250 --> 01:52:08,219

and other countries in South America

2917

01:52:15,109 --> 01:52:12,260

some other country Africa Asia Africa

2918

01:52:17,510 --> 01:52:15,119

some take it seriously yeah and it's

2919

01:52:19,310 --> 01:52:17,520

like an interesting question like okay I

2920

01:52:21,290 --> 01:52:19,320

have a suspicion I can't prove it

2921

01:52:23,090 --> 01:52:21,300

obviously I have a suspicion that the

2922

01:52:25,430 --> 01:52:23,100

Chinese government might actually know

2923

01:52:27,709 --> 01:52:25,440

what's going on in part because the 2014

2924

01:52:29,750 --> 01:52:27,719

paper was published and it was done by

2925

01:52:32,510 --> 01:52:29,760

researchers in China studying lightning

2926

01:52:35,330 --> 01:52:32,520

and electromagnetism and their advances

2927

01:52:37,790 --> 01:52:35,340

on the subject of electromagnetism are

2928

01:52:41,030 --> 01:52:37,800

uh pretty terrifying at this point

2929

01:52:42,109 --> 01:52:41,040

um they are leaning into it it's a

2930

01:52:45,890 --> 01:52:42,119

research Institution

2931

01:52:48,050 --> 01:52:45,900

yeah and in the even in 2000 in this UK

2932

01:52:50,209 --> 01:52:48,060

secret report they say that they think

2933

01:52:51,950 --> 01:52:50,219

they're most afraid that the Russians

2934

01:52:54,590 --> 01:52:51,960

are ahead of them on the subject of

2935

01:52:57,890 --> 01:52:54,600

Plasma Research in part uh potentially

2936

01:53:00,169 --> 01:52:57,900

due to the stigma around UFOs it's an

2937

01:53:03,290 --> 01:53:00,179

interesting uh irony there potentially

2938

01:53:06,550 --> 01:53:03,300

that yeah end up being behind on science

2939

01:53:08,510 --> 01:53:06,560

because of trying to suppress the

2940

01:53:09,410 --> 01:53:08,520

observations of the objects because

2941

01:53:11,390 --> 01:53:09,420

they're afraid of the defense

2942

01:53:12,770 --> 01:53:11,400

significance it's like

2943

01:53:13,750 --> 01:53:12,780

it's pretty interesting I don't know

2944

01:53:17,629 --> 01:53:13,760

yeah

2945

01:53:20,450 --> 01:53:17,639

UFOs touch everything man they're like

2946

01:53:22,490 --> 01:53:20,460

that one subject that cross-discipline

2947

01:53:24,410 --> 01:53:22,500

with like every other thing it seems

2948

01:53:26,209 --> 01:53:24,420

like yeah and maybe everything I'm

2949

01:53:28,070 --> 01:53:26,219

saying today in like 10 years it's like

2950

01:53:29,750 --> 01:53:28,080

he was a hundred percent off like

2951

01:53:30,950 --> 01:53:29,760

everything that guy said is just totally

2952

01:53:33,410 --> 01:53:30,960

nuts

2953

01:53:34,970 --> 01:53:33,420

I have uh you know whatever I'm just

2954

01:53:36,350 --> 01:53:34,980

like any other person who like does

2955

01:53:38,149 --> 01:53:36,360

research and then thinks that they know

2956

01:53:40,490 --> 01:53:38,159

what they're talking about I've tried to

2957

01:53:42,050 --> 01:53:40,500

do the most I can to have it have

2958

01:53:45,530 --> 01:53:42,060

nothing to do with me and only be direct

2959

01:53:48,709 --> 01:53:45,540

sighted to original sources and the um

2960

01:53:51,649 --> 01:53:48,719

I'll just say that the the disparate

2961

01:53:55,310 --> 01:53:51,659

sources of the descriptions of the

2962

01:53:56,950 --> 01:53:55,320

objects being described all resolving as

2963

01:53:59,930 --> 01:53:56,960

like fundamentally

2964

01:54:01,010 --> 01:53:59,940

observationally apparently the same

2965

01:54:04,129 --> 01:54:01,020

thing

2966

01:54:06,649 --> 01:54:04,139

to me is very compelling yeah the

2967

01:54:09,770 --> 01:54:06,659

America like the FBI report from 49 the

2968

01:54:12,050 --> 01:54:09,780

CIA reports from 52 yeah and ongoing you

2969

01:54:13,729 --> 01:54:12,060

have the U.S Air Force blue book reports

2970

01:54:16,310 --> 01:54:13,739

describing the same objects the United

2971

01:54:17,870 --> 01:54:16,320

Kingdom Ministry of Defense describing

2972

01:54:20,149 --> 01:54:17,880

the same objects you have jail and

2973

01:54:22,970 --> 01:54:20,159

heinek uh Jack Valley you have the

2974

01:54:26,209 --> 01:54:22,980

history of a ghost you have the history

2975

01:54:27,770 --> 01:54:26,219

of uh Elves and the Luminous beings the

2976

01:54:28,910 --> 01:54:27,780

fairies all this stuff and then you look

2977

01:54:31,430 --> 01:54:28,920

at it all

2978

01:54:33,229 --> 01:54:31,440

and then you have proof that voluminous

2979

01:54:35,030 --> 01:54:33,239

objects that are very large do exist in

2980

01:54:36,830 --> 01:54:35,040

the atmosphere and they have the same

2981

01:54:38,629 --> 01:54:36,840

features and

2982

01:54:41,990 --> 01:54:38,639

seems compelling to me but maybe I'm

2983

01:54:45,290 --> 01:54:43,910

the entire point of our conversations

2984

01:54:47,450 --> 01:54:45,300

right

2985

01:54:49,070 --> 01:54:47,460

um are to elevate the discourse and to

2986

01:54:51,109 --> 01:54:49,080

show what it means to negotiate and

2987

01:54:52,490 --> 01:54:51,119

navigate a subject like this

2988

01:54:54,770 --> 01:54:52,500

um yeah and I'm willing to be proven

2989

01:54:56,410 --> 01:54:54,780

wrong and that's uh so important yeah

2990

01:54:59,149 --> 01:54:56,420

that's yeah

2991

01:55:01,129 --> 01:54:59,159

oh sorry not having a teleology is so

2992

01:55:03,229 --> 01:55:01,139

important right like commitments to

2993

01:55:05,770 --> 01:55:03,239

truth not to consistency always being

2994

01:55:08,570 --> 01:55:05,780

willing to give up uh ideas and opinions

2995

01:55:10,669 --> 01:55:08,580

upon presentation of more compelling or

2996

01:55:12,649 --> 01:55:10,679

verifiable evidence

2997

01:55:14,330 --> 01:55:12,659

you know what I kind of personally think

2998

01:55:16,550 --> 01:55:14,340

uh is compelling about where you're

2999

01:55:18,649 --> 01:55:16,560

coming from Campbell is that uh these

3000

01:55:20,450 --> 01:55:18,659

these characteristics describe some of

3001  
01:55:23,390 --> 01:55:20,460  
the more at least in my opinion some of

3002  
01:55:25,609 --> 01:55:23,400  
the more stronger UFO cases like my top

3003  
01:55:28,790 --> 01:55:25,619  
case is Lake Michigan and it describes

3004  
01:55:31,010 --> 01:55:28,800  
that very well but uh the 1952 Invasion

3005  
01:55:34,850 --> 01:55:31,020  
uh Mino Air Force Base you mentioned

3006  
01:55:36,709 --> 01:55:34,860  
also write our visual sightings oh which

3007  
01:55:39,590 --> 01:55:36,719  
you know that that's more than you can

3008  
01:55:41,689 --> 01:55:39,600  
say that uh about a lot of UFO cases is

3009  
01:55:43,729 --> 01:55:41,699  
these better witnessed ones to borrow

3010  
01:55:47,030 --> 01:55:43,739  
that phrase again that have uh Visual

3011  
01:55:49,250 --> 01:55:47,040  
and radar data along with it do all kind

3012  
01:55:51,229 --> 01:55:49,260  
of fall into the descriptions of what

3013  
01:55:53,149 --> 01:55:51,239

you were talking about also so I think

3014

01:55:55,970 --> 01:55:53,159

that that it's it's compelling enough to

3015

01:55:57,770 --> 01:55:55,980

like use that as a lens to go back

3016

01:56:00,890 --> 01:55:57,780

through other old cases and stuff like

3017

01:56:02,870 --> 01:56:00,900

uh and and to see how far it matches up

3018

01:56:04,250 --> 01:56:02,880

with a lot of the other descriptions I

3019

01:56:07,430 --> 01:56:04,260

mean like

3020

01:56:09,050 --> 01:56:07,440

um nocturnal lights is a classic UFO

3021

01:56:11,149 --> 01:56:09,060

description I wonder how many more

3022

01:56:13,010 --> 01:56:11,159

classic cases you go back and be like

3023

01:56:14,990 --> 01:56:13,020

you know this these do fit descriptions

3024

01:56:17,570 --> 01:56:15,000

because for a lot of those which are

3025

01:56:20,390 --> 01:56:17,580

classified as unknowns I mean that's a

3026

01:56:22,129 --> 01:56:20,400

at least a very plausible explanation

3027

01:56:25,010 --> 01:56:22,139

for some of these ones that haven't had

3028

01:56:26,870 --> 01:56:25,020

an explanation like uh the Lake Michigan

3029

01:56:27,950 --> 01:56:26,880

case that I've been looking into I mean

3030

01:56:29,750 --> 01:56:27,960

this is the only thing that actually

3031

01:56:32,629 --> 01:56:29,760

kind of fits so I'm putting that at the

3032

01:56:33,350 --> 01:56:32,639

top of my list as to identifying these

3033

01:56:35,570 --> 01:56:33,360

things

3034

01:56:37,910 --> 01:56:35,580

that's cool and okay and that is sort of

3035

01:56:39,530 --> 01:56:37,920

the essence of what I sort of picked up

3036

01:56:41,149 --> 01:56:39,540

on when I started looking into this more

3037

01:56:43,669 --> 01:56:41,159

and more without any of this history of

3038

01:56:46,669 --> 01:56:43,679

the cases when I started looking at some

3039

01:56:48,290 --> 01:56:46,679

of the cases and um getting into the

3040

01:56:50,689 --> 01:56:48,300

details of the way people reported it

3041

01:56:53,149 --> 01:56:50,699

the number of people it is hard to not

3042

01:56:54,709 --> 01:56:53,159

think like it's like these people I feel

3043

01:56:57,590 --> 01:56:54,719

like at least some of them are seeing

3044

01:57:00,890 --> 01:56:57,600

something somewhat like what the sort of

3045

01:57:03,649 --> 01:57:00,900

like vague set of descriptions ends up

3046

01:57:05,209 --> 01:57:03,659

coalescing into sure and it's like it is

3047

01:57:07,990 --> 01:57:05,219

compelling just from a human perspective

3048

01:57:11,450 --> 01:57:08,000

to like trust right and so

3049

01:57:14,390 --> 01:57:11,460

seeing all of these things like the the

3050

01:57:17,810 --> 01:57:14,400

U.S Air Force record like Declassified

3051  
01:57:19,129 --> 01:57:17,820  
you know blue book report from 1968

3052  
01:57:22,250 --> 01:57:19,139  
saying

3053  
01:57:24,950 --> 01:57:22,260  
ball lightning has these features this

3054  
01:57:28,729 --> 01:57:24,960  
is probably a ball lightning and then um

3055  
01:57:30,530 --> 01:57:28,739  
thinking of like there has been that

3056  
01:57:33,589 --> 01:57:30,540  
possible

3057  
01:57:35,990 --> 01:57:33,599  
space in this subject where some people

3058  
01:57:37,790 --> 01:57:36,000  
actually are seeing these things that if

3059  
01:57:40,189 --> 01:57:37,800  
I had been told that they saw them until

3060  
01:57:41,330 --> 01:57:40,199  
last year even I would have said not yet

3061  
01:57:42,890 --> 01:57:41,340  
that I don't think that that doesn't

3062  
01:57:44,870 --> 01:57:42,900  
exist that's not within my sphere of

3063  
01:57:47,270 --> 01:57:44,880

reality to have these huge luminous

3064

01:57:48,950 --> 01:57:47,280

things flying around like that right and

3065

01:57:51,709 --> 01:57:48,960

so it's like

3066

01:57:54,290 --> 01:57:51,719

there is an injustice there in peoples

3067

01:57:55,729 --> 01:57:54,300

and if if this is correct that the

3068

01:57:57,530 --> 01:57:55,739

objects have been observed by these

3069

01:57:59,689 --> 01:57:57,540

people in this way for so long like

3070

01:58:01,550 --> 01:57:59,699

there is an interesting

3071

01:58:04,070 --> 01:58:01,560

Touch of Injustice there in the

3072

01:58:06,229 --> 01:58:04,080

invalidation that's occurred and yeah to

3073

01:58:08,270 --> 01:58:06,239

look at the UK Ministry of Defense

3074

01:58:09,709 --> 01:58:08,280

report from 2000 saying we're going to

3075

01:58:12,530 --> 01:58:09,719

keep this Secret

3076  
01:58:14,689 --> 01:58:12,540  
because we need to study these things in

3077  
01:58:16,310 --> 01:58:14,699  
more depth and get a on top of exactly

3078  
01:58:18,350 --> 01:58:16,320  
how they function since they could have

3079  
01:58:20,629 --> 01:58:18,360  
potential applications in all kinds of

3080  
01:58:23,330 --> 01:58:20,639  
things like fusion power and radar

3081  
01:58:24,350 --> 01:58:23,340  
spoofing and all this crap it's like

3082  
01:58:26,570 --> 01:58:24,360  
they're

3083  
01:58:28,729 --> 01:58:26,580  
on paper it says we're intentionally

3084  
01:58:30,770 --> 01:58:28,739  
keeping this thing secret so it's like

3085  
01:58:33,530 --> 01:58:30,780  
it is the conspiracy but that's written

3086  
01:58:34,850 --> 01:58:33,540  
down by the government and it's like it

3087  
01:58:36,109 --> 01:58:34,860  
makes it so much more interesting I

3088  
01:58:38,570 --> 01:58:36,119

think this subject will become

3089

01:58:40,669 --> 01:58:38,580

increasingly fascinating as sort of

3090

01:58:42,550 --> 01:58:40,679

things become more and more known over

3091

01:58:44,209 --> 01:58:42,560

time

3092

01:58:46,310 --> 01:58:44,219

wonderful

3093

01:58:48,770 --> 01:58:46,320

gentlemen we are just about at the top

3094

01:58:50,330 --> 01:58:48,780

of the hour wow yeah it was good to get

3095

01:58:54,050 --> 01:58:50,340

the gang back together it's been a while

3096

01:58:56,510 --> 01:58:54,060

indeed um yeah uh before we wrap things

3097

01:58:58,850 --> 01:58:56,520

up Nick what do you have going on

3098

01:59:01,010 --> 01:58:58,860

um I'm still doing kind of the uh the

3099

01:59:03,890 --> 01:59:01,020

big report on Lake Michigan and um with

3100

01:59:06,109 --> 01:59:03,900

the release of the Netflix uh they're

3101

01:59:08,330 --> 01:59:06,119

serious or Unsolved Mysteries I have

3102

01:59:10,070 --> 01:59:08,340

more to add to it now because I want to

3103

01:59:11,990 --> 01:59:10,080

um you know check that water spout thing

3104

01:59:13,910 --> 01:59:12,000

off the box in there too so it's coming

3105

01:59:15,589 --> 01:59:13,920

along it'll probably be done in like a

3106

01:59:17,629 --> 01:59:15,599

week or two but that'll be kind of

3107

01:59:19,129 --> 01:59:17,639

comprehensive of what I've learned and

3108

01:59:20,750 --> 01:59:19,139

gone over throughout the whole case and

3109

01:59:23,030 --> 01:59:20,760

kind of like all the information in one

3110

01:59:25,490 --> 01:59:23,040

place and citing all the sources kind of

3111

01:59:28,070 --> 01:59:25,500

like what I did with uh Hudson Valley

3112

01:59:29,629 --> 01:59:28,080

nice Lewis what about you

3113

01:59:34,609 --> 01:59:29,639

I'm actually

3114

01:59:39,229 --> 01:59:34,619

reading this book

3115

01:59:41,149 --> 01:59:39,239

oh nice oh great cover but yeah I love

3116

01:59:42,890 --> 01:59:41,159

these like they look like Trapper Keeper

3117

01:59:45,290 --> 01:59:42,900

covers

3118

01:59:47,209 --> 01:59:45,300

it looks like there's some good stuff in

3119

01:59:48,890 --> 01:59:47,219

here but and some not so good stuff it's

3120

01:59:50,930 --> 01:59:48,900

one of those types of books but we'll

3121

01:59:52,510 --> 01:59:50,940

see sure I'll give you a report on it

3122

01:59:54,050 --> 01:59:52,520

when um I finish

3123

01:59:55,790 --> 01:59:54,060

yeah

3124

01:59:57,470 --> 01:59:55,800

Campbell

3125

01:59:59,089 --> 01:59:57,480

yes you were the man of the hour but

3126

02:00:01,010 --> 01:59:59,099

what else is cooking

3127

02:00:03,290 --> 02:00:01,020

well I've been uh just doing a bit of

3128

02:00:07,490 --> 02:00:03,300

work on my website I actually added um a

3129

02:00:09,169 --> 02:00:07,500

couple new pages a um a page dedicated

3130

02:00:11,689 --> 02:00:09,179

to like the invisible night school just

3131

02:00:14,689 --> 02:00:11,699

to uh connect that

3132

02:00:16,910 --> 02:00:14,699

um uh and then a page of acknowledgments

3133

02:00:20,030 --> 02:00:16,920

uh uh for people who have helped me out

3134

02:00:24,770 --> 02:00:22,490

um and uh I'm working on another page

3135

02:00:26,149 --> 02:00:24,780

just compiling like the videos uh where

3136

02:00:29,209 --> 02:00:26,159

I've been in like interviews and stuff

3137

02:00:31,189 --> 02:00:29,219

uh based on uh Louise your uh your

3138

02:00:32,270 --> 02:00:31,199

suggestion actually I think uh throw

3139

02:00:34,310 --> 02:00:32,280

those videos on there so that's what

3140

02:00:36,109 --> 02:00:34,320

I've been working on cool awesome great

3141

02:00:37,910 --> 02:00:36,119

all right

3142

02:00:39,830 --> 02:00:37,920

yeah what about you I'm just trying to

3143

02:00:42,530 --> 02:00:39,840

keep the trains running on time

3144

02:00:46,250 --> 02:00:44,030

I'll be trying out this new time slot

3145

02:00:48,770 --> 02:00:46,260

Wednesday evenings 9 p.m Eastern

3146

02:00:50,629 --> 02:00:48,780

um I think uh look we always discuss

3147

02:00:52,790 --> 02:00:50,639

epistemology ontology on this show

3148

02:00:54,470 --> 02:00:52,800

whether or not covet is actually over is

3149

02:00:55,970 --> 02:00:54,480

certainly Up For Debate but it seems

3150

02:00:57,589 --> 02:00:55,980

that people's weekends are quickly

3151

02:00:59,930 --> 02:00:57,599

becoming filled with social activities

3152

02:01:01,669 --> 02:00:59,940

instead of staring at screens

3153

02:01:03,530 --> 02:01:01,679

um so Wednesday evenings I think is what

3154

02:01:04,070 --> 02:01:03,540

we're going to be shooting for

3155

02:01:06,050 --> 02:01:04,080

um

3156

02:01:08,629 --> 02:01:06,060

Nick we'll have you on next week talk

3157

02:01:10,910 --> 02:01:08,639

through 1994 Lake Michigan in depth with

3158

02:01:13,850 --> 02:01:10,920

your slides yeah um I'd love to do a

3159

02:01:14,990 --> 02:01:13,860

show on uh experience or phenomena right

3160

02:01:16,910 --> 02:01:15,000

and how it maps to like different

3161

02:01:18,649 --> 02:01:16,920

experiences of exotic and Altered States

3162

02:01:21,589 --> 02:01:18,659

Of Consciousness near-death experiences

3163

02:01:23,390 --> 02:01:21,599

psychedelics Etc basically you know my

3164

02:01:25,550 --> 02:01:23,400

favorite subjects

3165

02:01:27,430 --> 02:01:25,560

um and uh yeah you know thanks everyone

3166

02:01:30,530 --> 02:01:27,440
