8  
00:01:43,370 --> 00:01:41,630  
yes hello from the high peaks Wilderness

9  
00:01:45,050 --> 00:01:43,380  
I bid you all good evening good morning

10  
00:01:47,030 --> 00:01:45,060  
good afternoon wherever you may be

11  
00:01:48,830 --> 00:01:47,040  
Across the Nation around the world my

12  
00:01:50,389 --> 00:01:48,840  
name is Leah Prime and this is the

13  
00:01:52,490 --> 00:01:50,399

invisible night school

14

00:01:53,810 --> 00:01:52,500

for those of you just joining us the

15

00:01:55,789 --> 00:01:53,820

invisible night school is a small

16

00:01:57,289 --> 00:01:55,799

Consortium of lay researchers and

17

00:01:59,510 --> 00:01:57,299

Scholars pursuing the study and

18

00:02:02,149 --> 00:01:59,520

exploration of ufology high strangeness

19

00:02:04,310 --> 00:02:02,159

and the phenomenon ins is not a monolith

20

00:02:06,410 --> 00:02:04,320

we represent varied ideas backgrounds

21

00:02:07,969 --> 00:02:06,420

disciplines and experiences and seek to

22

00:02:10,729 --> 00:02:07,979

engage in good faith dialogue with other

23

00:02:12,290 --> 00:02:10,739

curious minds tonight we are having one

24

00:02:14,750 --> 00:02:12,300

of our long awaited open lines episodes

25

00:02:16,309 --> 00:02:14,760

uh basically how this works is we'll be

26

00:02:18,070 --> 00:02:16,319

sharing out the stream yard link I've

27

00:02:21,229 --> 00:02:18,080

posted it in the chat in the YouTube

28

00:02:22,729 --> 00:02:21,239

chat right now feel free to jump on the

29

00:02:24,170 --> 00:02:22,739

stream it's totally cool if you only

30

00:02:26,390 --> 00:02:24,180

want to join with audio you don't have

31

00:02:29,330 --> 00:02:26,400

to join on video the Only Rule is don't

32

00:02:30,890 --> 00:02:29,340

be a jerk is not a democracy this is a

33

00:02:32,750 --> 00:02:30,900

benevolent dictatorship and if you're a

34

00:02:34,010 --> 00:02:32,760

jerk I'm kicking you off my show and

35

00:02:36,050 --> 00:02:34,020

we're all going to talk [h\_\_h] about you

36

00:02:37,130 --> 00:02:36,060

in the green room after so don't be like

37

00:02:40,070 --> 00:02:37,140

that

38

00:02:41,930 --> 00:02:40,080

um anyway without any further delay I am

39

00:02:44,869 --> 00:02:41,940

delighted to welcome my co-hosts on this

40

00:02:45,890 --> 00:02:44,879

evening of course I have Lewis how are

41

00:02:48,350 --> 00:02:45,900

you friend

42

00:02:49,970 --> 00:02:48,360

good how are you oh it's just another

43

00:02:51,710 --> 00:02:49,980

day in paradise

44

00:02:54,470 --> 00:02:51,720

I have Campbell

45

00:02:56,449 --> 00:02:54,480

hello how are you oh you already said

46

00:02:57,770 --> 00:02:56,459

that yes good good and doing better I'm

47

00:02:59,809 --> 00:02:57,780

gonna break out all the things I say

48

00:03:02,030 --> 00:02:59,819

when I'm on client calls and work calls

49

00:03:03,830 --> 00:03:02,040

to talk about how good I am

50

00:03:05,809 --> 00:03:03,840

um and of course our resident dubious

51

00:03:07,910 --> 00:03:05,819

Layman who is

52

00:03:12,830 --> 00:03:07,920

um so lovingly missed from Twitter right

53

00:03:17,930 --> 00:03:15,530

um better than I deserve nice I have

54

00:03:20,149 --> 00:03:17,940

I've probably close to 20 of these

55

00:03:22,550 --> 00:03:20,159

little business bro responses that I've

56

00:03:25,250 --> 00:03:22,560

picked up in my slow jaunt through

57

00:03:28,729 --> 00:03:25,260

Venture Capital the last few years the

58

00:03:28,739 --> 00:03:31,670

I'm very good at it

59

00:03:35,930 --> 00:03:33,830

today was an eventful day right it's a

60

00:03:37,610 --> 00:03:35,940

bicycle day right the 80th anniversary

61

00:03:42,350 --> 00:03:37,620

of um

62

00:03:44,630 --> 00:03:42,360

the LSD trip that uh was enjoyed by

63

00:03:47,509 --> 00:03:44,640

Albert Hoffman what are you talking

64

00:03:49,850 --> 00:03:47,519

about yeah I'm serious I'm into it but I

65

00:03:51,949 --> 00:03:49,860

don't know about this yeah oh okay um

66

00:03:54,050 --> 00:03:51,959

yeah so obviously 420 the international

67

00:03:56,750 --> 00:03:54,060

cannabis holiday

68

00:03:59,830 --> 00:03:56,760

um but yeah 419 bicycle day this is the

69

00:04:03,890 --> 00:03:59,840

day that Albert Hoffman uh took his 250

70

00:04:06,890 --> 00:04:03,900

microgram dose of LSD 80 years ago

71

00:04:09,229 --> 00:04:06,900

um and uh subsequently went on to change

72

00:04:11,809 --> 00:04:09,239

the world if anyone hasn't read it his

73

00:04:14,570 --> 00:04:11,819

book LSD my problem child is a really

74

00:04:16,969 --> 00:04:14,580

interesting exploration of both his

75

00:04:19,009 --> 00:04:16,979

experiences with LSD and sort of his

76

00:04:22,129 --> 00:04:19,019

Reflections on basically introducing

77

00:04:24,950 --> 00:04:22,139

this substance to the population he was

78

00:04:27,290 --> 00:04:24,960

at Sandos Laboratories at that time

79

00:04:29,930 --> 00:04:27,300

um and so this is generally celebrated

80

00:04:32,749 --> 00:04:29,940

among the Psychonauts as being something

81

00:04:33,409 --> 00:04:32,759

of a international holiday

82

00:04:35,390 --> 00:04:33,419

um

83

00:04:37,670 --> 00:04:35,400

that's pretty cool I didn't know that I

84

00:04:41,150 --> 00:04:37,680

had actually just read a paper by Eric

85

00:04:42,469 --> 00:04:41,160

Davis not the one from UFO stuff from

86

00:04:45,170 --> 00:04:42,479

Consciousness stuff and he's talking

87

00:04:48,170 --> 00:04:45,180

about how um like Foucault went to

88

00:04:51,290 --> 00:04:48,180

California in the uh 70s and was like

89  
00:04:52,850 --> 00:04:51,300  
doing LSD and changed his perspective on

90  
00:04:54,950 --> 00:04:52,860  
a lot of his philosophy and I'd never

91  
00:04:57,170 --> 00:04:54,960  
heard that and I took a philosophy a

92  
00:04:58,850 --> 00:04:57,180  
major I knew who co-was but you know

93  
00:05:00,350 --> 00:04:58,860  
there's so much going on in the

94  
00:05:01,670 --> 00:05:00,360  
Psychedelic space that's sort of

95  
00:05:02,629 --> 00:05:01,680  
completely separated from everything

96  
00:05:05,210 --> 00:05:02,639  
else

97  
00:05:07,850 --> 00:05:05,220  
Yes actually there's a wonderful article

98  
00:05:11,510 --> 00:05:07,860  
I believe it was in the baffler a couple

99  
00:05:14,270 --> 00:05:11,520  
years ago basically about fuku doing LSD

100  
00:05:15,710 --> 00:05:14,280  
in Death Valley California highly

101  
00:05:17,090 --> 00:05:15,720  
recommended reading for anyone who's

102  
00:05:19,969 --> 00:05:17,100  
interested in sort of psychonaut

103  
00:05:23,029 --> 00:05:19,979  
literature and I also want to pump Eric

104  
00:05:26,390 --> 00:05:23,039  
Davis not UFO Eric Davis but other Eric

105  
00:05:29,570 --> 00:05:26,400  
Davis who wrote High weirdness

106  
00:05:31,430 --> 00:05:29,580  
um technosis and

107  
00:05:32,629 --> 00:05:31,440  
um oh man he wrote something else he's

108  
00:05:34,790 --> 00:05:32,639  
great though he's written a lot

109  
00:05:36,529 --> 00:05:34,800  
basically on high strangeness weirdness

110  
00:05:38,689 --> 00:05:36,539  
actually UFO culture his book High

111  
00:05:41,570 --> 00:05:38,699  
weirdness talks a lot about

112  
00:05:43,430 --> 00:05:41,580  
um emergent psychedelic and ufology and

113  
00:05:46,249 --> 00:05:43,440

spirituality and New Age stuff in the

114

00:05:48,409 --> 00:05:46,259

70s and how it's come on to shape uh

115

00:05:50,150 --> 00:05:48,419

kind of counterculture now definitely

116

00:05:52,070 --> 00:05:50,160

recommended reading

117

00:05:53,810 --> 00:05:52,080

um I'd love to get going on here maybe

118

00:05:55,490 --> 00:05:53,820

yeah that's great dude I would love to

119

00:05:57,770 --> 00:05:55,500

have him on you were just you're just

120

00:05:58,670 --> 00:05:57,780

all watch me fan girl and fun for two

121

00:06:02,570 --> 00:05:58,680

hours

122

00:06:03,529 --> 00:06:02,580

all right let's do it yeah okay yes

123

00:06:05,689 --> 00:06:03,539

um

124

00:06:08,029 --> 00:06:05,699

and besides that it was an eventful day

125

00:06:10,430 --> 00:06:08,039

in the UFO world right we had uh the

126  
00:06:13,370 --> 00:06:10,440  
hearings today the long awaited much

127  
00:06:15,230 --> 00:06:13,380  
anticipated hearings that seemed

128  
00:06:17,770 --> 00:06:15,240  
um as they are want to do to

129  
00:06:22,670 --> 00:06:17,780  
collectively piss off all of UFO Twitter

130  
00:06:24,469 --> 00:06:22,680  
uh for many many reasons I'm sure

131  
00:06:27,409 --> 00:06:24,479  
um what did you guys think who tuned in

132  
00:06:29,450 --> 00:06:27,419  
and watched any of it well uh well hold

133  
00:06:31,610 --> 00:06:29,460  
on I since I since I don't know what is

134  
00:06:33,409 --> 00:06:31,620  
the kind of General consensus on UFO

135  
00:06:36,350 --> 00:06:33,419  
Twitter right now

136  
00:06:38,990 --> 00:06:36,360  
so I've seen a number of

137  
00:06:41,090 --> 00:06:39,000  
um push like responses the first was

138  
00:06:43,370 --> 00:06:41,100

basically that

139

00:06:45,529 --> 00:06:43,380

um people felt that uh what's his name

140

00:06:48,830 --> 00:06:45,539

Sean Kirkpatrick

141

00:06:51,590 --> 00:06:48,840

um was kg or either huge person who was

142

00:06:53,210 --> 00:06:51,600

being kiji or I've heard speculation of

143

00:06:55,670 --> 00:06:53,220

course that he was being stymied

144

00:06:59,809 --> 00:06:55,680

deliberately stymied

145

00:07:06,590 --> 00:07:03,409

he is not finding the collaboration from

146

00:07:11,170 --> 00:07:06,600

external departments that he has been

147

00:07:12,969 --> 00:07:11,180

seeking in his work in his position

148

00:07:16,370 --> 00:07:12,979

okay

149

00:07:18,469 --> 00:07:16,380

I mean that's understandable I I we

150

00:07:19,670 --> 00:07:18,479

spoke earlier I said I was uh I was

151

00:07:21,650 --> 00:07:19,680

watching on a double speed so he

152

00:07:23,390 --> 00:07:21,660

definitely did look cagey to me but I

153

00:07:26,089 --> 00:07:23,400

think that was more of a symptom of the

154

00:07:29,150 --> 00:07:26,099

speed I was watching

155

00:07:30,650 --> 00:07:29,160

um I thought personally I thought

156

00:07:32,270 --> 00:07:30,660

you know that

157

00:07:34,249 --> 00:07:32,280

I couldn't I didn't take much away from

158

00:07:37,550 --> 00:07:34,259

this hearing you know what I mean it was

159

00:07:39,469 --> 00:07:37,560

more you know we have uh a large

160

00:07:41,330 --> 00:07:39,479

majority that are reported that our

161

00:07:43,129 --> 00:07:41,340

mundane things I think he said they yeah

162

00:07:45,469 --> 00:07:43,139

the majority of reports that Arrow

163

00:07:46,909 --> 00:07:45,479

receives are um of maintained

164

00:07:49,010 --> 00:07:46,919

characteristics much like a you know

165

00:07:51,890 --> 00:07:49,020

balloon or quadcopter or things like

166

00:07:54,050 --> 00:07:51,900

that which we were saying earlier I

167

00:07:57,290 --> 00:07:54,060

think really speaks to the effect of how

168

00:07:59,809 --> 00:07:57,300

easily and how frequently these what we

169

00:08:01,790 --> 00:07:59,819

call trained observers do misidentify

170

00:08:06,110 --> 00:08:01,800

things in the air

171

00:08:08,629 --> 00:08:06,120

um it apparently happens a lot and and I

172

00:08:10,550 --> 00:08:08,639

think I also said most ufologists will

173

00:08:13,430 --> 00:08:10,560

agree with that that most UFO cases are

174

00:08:14,870 --> 00:08:13,440

misidentifications or hoaxes but again I

175

00:08:16,370 --> 00:08:14,880

think that rarely speaks to the fact

176

00:08:19,309 --> 00:08:16,380

that how easy it is to misunder

177

00:08:20,809 --> 00:08:19,319

misidentify these things and you know

178

00:08:22,730 --> 00:08:20,819

genuinely believe you're seeing

179

00:08:23,990 --> 00:08:22,740

something Anonymous and report it

180

00:08:25,670 --> 00:08:24,000

obviously you wouldn't report it

181

00:08:27,950 --> 00:08:25,680

otherwise but

182

00:08:30,770 --> 00:08:27,960

it just goes to show you

183

00:08:34,010 --> 00:08:30,780

yeah well you know like from the start

184

00:08:35,269 --> 00:08:34,020

with um you know Dr jail and heinek like

185

00:08:38,209 --> 00:08:35,279

he ended up saying there's like a five

186

00:08:40,670 --> 00:08:38,219

percent residual of cases uh that he

187

00:08:42,290 --> 00:08:40,680

thinks are like unexplained oh I don't

188

00:08:45,110 --> 00:08:42,300

know about they can't explain a bull but

189

00:08:47,329 --> 00:08:45,120

unexplained and uh maybe defy content

190

00:08:49,190 --> 00:08:47,339

conventional explanation

191

00:08:50,750 --> 00:08:49,200

um I what I think is interesting about

192

00:08:53,870 --> 00:08:50,760

the way the government has communicated

193

00:08:57,350 --> 00:08:53,880

on the UFO subject in recent years is

194

00:08:59,449 --> 00:08:57,360

that they've actually started leaving uh

195

00:09:02,570 --> 00:08:59,459

sort of more ambiguity than they used to

196

00:09:03,710 --> 00:09:02,580

in a way that I find almost uh I mean in

197

00:09:05,690 --> 00:09:03,720

some respects it could be seen as

198

00:09:07,790 --> 00:09:05,700

troubling because their own internal

199

00:09:09,530 --> 00:09:07,800

documents that have been Declassified

200

00:09:11,630 --> 00:09:09,540

through a legitimate process to suggest

201  
00:09:14,690 --> 00:09:11,640  
they are they don't really want people

202  
00:09:16,430 --> 00:09:14,700  
to be uh sort of believing in conspiracy

203  
00:09:19,610 --> 00:09:16,440  
and things like that so they want to be

204  
00:09:21,769 --> 00:09:19,620  
as unambiguous as possible so like uh

205  
00:09:23,630 --> 00:09:21,779  
today Dr Patrick did use language like

206  
00:09:25,310 --> 00:09:23,640  
he was saying um you know a vast

207  
00:09:29,389 --> 00:09:25,320  
majority but you know you could go into

208  
00:09:31,430 --> 00:09:29,399  
the most um extreme fringes of UFO uh

209  
00:09:33,230 --> 00:09:31,440  
you know study and uh people who believe

210  
00:09:34,910 --> 00:09:33,240  
that it's the most extreme uh

211  
00:09:37,850 --> 00:09:34,920  
possibility out there would say that

212  
00:09:41,449 --> 00:09:39,650  
um have there well I actually have two

213  
00:09:43,610 --> 00:09:41,459

things to say the first is that when it

214

00:09:45,170 --> 00:09:43,620

comes to the reliability of trained

215

00:09:49,430 --> 00:09:45,180

observers

216

00:09:50,090 --> 00:09:49,440

um the analogy that comes to mind is

217

00:09:52,550 --> 00:09:50,100

um

218

00:09:54,949 --> 00:09:52,560

the difference between studying of

219

00:09:56,690 --> 00:09:54,959

foreign language in a classroom or

220

00:09:59,090 --> 00:09:56,700

academic setting and actually

221

00:10:00,889 --> 00:09:59,100

functionally using that language in a

222

00:10:02,570 --> 00:10:00,899

lived experience and I bring this up

223

00:10:05,090 --> 00:10:02,580

because

224

00:10:08,090 --> 00:10:05,100

um I think that

225

00:10:11,710 --> 00:10:08,100

there's a lot of noise and context and

226  
00:10:15,710 --> 00:10:11,720  
complexity to even as a trained Observer

227  
00:10:19,070 --> 00:10:15,720  
appropriately identifying things in

228  
00:10:21,710 --> 00:10:19,080  
one's environment that can be that can

229  
00:10:25,130 --> 00:10:21,720  
present circumstances and environmental

230  
00:10:26,690 --> 00:10:25,140  
factors that may not frequently exist

231  
00:10:28,970 --> 00:10:26,700  
right even just like atmospheric

232  
00:10:31,730 --> 00:10:28,980  
phenomena or whether phenomena or

233  
00:10:33,889 --> 00:10:31,740  
someone being tired things like that and

234  
00:10:36,230 --> 00:10:33,899  
this doesn't necessarily make trained

235  
00:10:38,990 --> 00:10:36,240  
observers useless at all it just makes

236  
00:10:41,150 --> 00:10:39,000  
them fallible right and human beings

237  
00:10:43,490 --> 00:10:41,160  
even very well trained human beings are

238  
00:10:46,790 --> 00:10:43,500

fallible this is why airplanes have

239

00:10:49,910 --> 00:10:46,800

pilots and co-pilots because

240

00:10:52,670 --> 00:10:49,920

um you know there's you frequently need

241

00:10:56,090 --> 00:10:52,680

another skilled or trained person in the

242

00:10:59,990 --> 00:10:56,100

event not only of an issue but also

243

00:11:05,090 --> 00:11:02,870

um as a second individual to contribute

244

00:11:06,470 --> 00:11:05,100

judgment and assess circumstances and

245

00:11:08,509 --> 00:11:06,480

this is also something I mean to note

246

00:11:10,130 --> 00:11:08,519

here this is something that human brains

247

00:11:11,870 --> 00:11:10,140

are still extremely extremely good at

248

00:11:13,730 --> 00:11:11,880

compared to artificial intelligence and

249

00:11:15,410 --> 00:11:13,740

classification we're very good at making

250

00:11:17,269 --> 00:11:15,420

decisions

251  
00:11:18,829 --> 00:11:17,279  
um in complex circumstances and complex

252  
00:11:20,269 --> 00:11:18,839  
environments and it feels to me like

253  
00:11:21,710 --> 00:11:20,279  
when we're relying on just one

254  
00:11:23,690 --> 00:11:21,720  
individual trained Observer to

255  
00:11:24,889 --> 00:11:23,700  
categorically make an assessment about

256  
00:11:26,990 --> 00:11:24,899  
something that may be an anomalous

257  
00:11:29,389 --> 00:11:27,000  
that's an undue amount of pressure or

258  
00:11:32,329 --> 00:11:29,399  
stress or Reliance on

259  
00:11:34,910 --> 00:11:32,339  
um it basically like the fallibility of

260  
00:11:35,509 --> 00:11:34,920  
human cognition and human recognition

261  
00:11:37,490 --> 00:11:35,519  
um

262  
00:11:39,410 --> 00:11:37,500  
I I don't know too much about how this

263  
00:11:41,389 --> 00:11:39,420

training is done or if there's basically

264

00:11:42,470 --> 00:11:41,399

like uh the equivalent of like pair

265

00:11:45,050 --> 00:11:42,480

programming where you have two people

266

00:11:47,630 --> 00:11:45,060

watching stuff to corroborate

267

00:11:49,850 --> 00:11:47,640

um but I I do think it's important to

268

00:11:52,190 --> 00:11:49,860

say that like fallibility in this

269

00:11:54,350 --> 00:11:52,200

circumstances not is just an artifact of

270

00:11:57,110 --> 00:11:54,360

human availability it doesn't

271

00:11:58,310 --> 00:11:57,120

necessarily mean there's a hoax or

272

00:12:01,090 --> 00:11:58,320

there's

273

00:12:03,769 --> 00:12:01,100

um malicious intent

274

00:12:08,090 --> 00:12:03,779

actually even said that um military

275

00:12:09,949 --> 00:12:08,100

Pilots uh make relatively poor

276

00:12:11,870 --> 00:12:09,959

um judges of

277

00:12:13,610 --> 00:12:11,880

uh poor observers because they're kind

278

00:12:16,910 --> 00:12:13,620

of oriented towards seeing things as a

279

00:12:19,009 --> 00:12:16,920

threat and responding quickly and um so

280

00:12:23,150 --> 00:12:19,019

the Soviets actually did their own study

281

00:12:24,949 --> 00:12:23,160

and they came to a similar conclusion

282

00:12:26,930 --> 00:12:24,959

because like a lot of their pilots were

283

00:12:28,430 --> 00:12:26,940

being all of their military was

284

00:12:31,430 --> 00:12:28,440

basically

285

00:12:32,810 --> 00:12:31,440

told to act as like a giant UFO um

286

00:12:34,430 --> 00:12:32,820

reporting

287

00:12:36,949 --> 00:12:34,440

um apparatus

288

00:12:38,750 --> 00:12:36,959

and um so they had a lot of data to work

289

00:12:40,430 --> 00:12:38,760

with but they did like some follow-on

290

00:12:42,889 --> 00:12:40,440

studies and they found that military

291

00:12:45,829 --> 00:12:42,899

Pilots were often misidentifying like

292

00:12:47,629 --> 00:12:45,839

meteorites and Celestial atmospheric

293

00:12:50,090 --> 00:12:47,639

phenomena

294

00:12:52,850 --> 00:12:50,100

so yeah that sort of re recapitulated

295

00:12:56,210 --> 00:12:52,860

the high neck assessment

296

00:12:58,610 --> 00:12:56,220

the in aviation in general redundancy is

297

00:13:01,190 --> 00:12:58,620

seen as critical and being a

298

00:13:03,710 --> 00:13:01,200

professional involves knowing that

299

00:13:07,870 --> 00:13:03,720

redundancy is critical like I don't get

300

00:13:10,550 --> 00:13:07,880

into a Boeing because it has the best

301  
00:13:12,650 --> 00:13:10,560  
engine like you know get into it because

302  
00:13:14,090 --> 00:13:12,660  
it has four of the best engines and the

303  
00:13:16,129 --> 00:13:14,100  
likelihood of them all failing is very

304  
00:13:17,750 --> 00:13:16,139  
low but the Boeing operator Engineers

305  
00:13:18,769 --> 00:13:17,760  
know that there's a chance of any one of

306  
00:13:21,829 --> 00:13:18,779  
them failing

307  
00:13:24,350 --> 00:13:21,839  
so you know there's always this the

308  
00:13:26,449 --> 00:13:24,360  
probability or certainty of error built

309  
00:13:29,389 --> 00:13:26,459  
into systems and it does show sort of

310  
00:13:31,009 --> 00:13:29,399  
the underlying bias when you kind of

311  
00:13:32,449 --> 00:13:31,019  
erase that I think it should be

312  
00:13:37,250 --> 00:13:32,459  
emphasized by somebody who wants to

313  
00:13:41,530 --> 00:13:38,050

um

314

00:13:45,769 --> 00:13:41,540  
are any of you guys familiar with

315

00:13:48,170 --> 00:13:45,779  
heuristics for filtering out

316

00:13:51,050 --> 00:13:48,180  
uh misidentifications and separating

317

00:13:53,509 --> 00:13:51,060  
them from what is believed to be truly

318

00:13:58,129 --> 00:13:53,519  
anomalous phenomena

319

00:14:01,009 --> 00:13:58,139  
like criteria or the five observables

320

00:14:02,930 --> 00:14:01,019  
Leah what do you mean right so I

321

00:14:05,750 --> 00:14:02,940  
remember I'm from the psychospiritual

322

00:14:07,310 --> 00:14:05,760  
Consciousness lens yeah well it's worth

323

00:14:09,530 --> 00:14:07,320  
looking at those though because like

324

00:14:12,470 --> 00:14:09,540  
when I've gotten into the like looking

325

00:14:14,810 --> 00:14:12,480  
at the UFO cases the nature of the five

326

00:14:16,970 --> 00:14:14,820

observables don't even necessarily like

327

00:14:19,370 --> 00:14:16,980

add up to me as being consistent with

328

00:14:21,470 --> 00:14:19,380

like what could be like a you know real

329

00:14:22,970 --> 00:14:21,480

UFO or whatever like it's not necessary

330

00:14:23,690 --> 00:14:22,980

that it demonstrate essentially any of

331

00:14:25,850 --> 00:14:23,700

them

332

00:14:28,009 --> 00:14:25,860

um so and Elizondo says he's not a UFO

333

00:14:30,170 --> 00:14:28,019

guy like the former director of the you

334

00:14:32,810 --> 00:14:30,180

know the Pentagon brand whatever anyway

335

00:14:33,829 --> 00:14:32,820

we know who Elizondo is he says uh you

336

00:14:35,150 --> 00:14:33,839

know that he doesn't know about UFO

337

00:14:36,230 --> 00:14:35,160

stuff but then he's like putting these

338

00:14:38,230 --> 00:14:36,240

things out there I get the sensitive

339

00:14:41,449 --> 00:14:38,240

sort of came up with them on the fly

340

00:14:42,889 --> 00:14:41,459

yeah so for the edification of both

341

00:14:44,810 --> 00:14:42,899

myself and our audience the five

342

00:14:46,449 --> 00:14:44,820

observables can be categorized as

343

00:14:49,550 --> 00:14:46,459

follows this is according to to the

344

00:14:52,550 --> 00:14:49,560

stars.media uh well known institution of

345

00:14:55,069 --> 00:14:52,560

intellectual and Atmospheric phenomena

346

00:14:57,470 --> 00:14:55,079

um the first just a sudden instantaneous

347

00:15:00,650 --> 00:14:57,480

acceleration the second Hypersonic

348

00:15:02,569 --> 00:15:00,660

velocities without signatures so

349

00:15:04,610 --> 00:15:02,579

signatures in this instance are

350

00:15:07,730 --> 00:15:04,620

characterized as acoustic heat or

351

00:15:10,790 --> 00:15:07,740

electromagnetic basically aftermaths

352

00:15:13,090 --> 00:15:10,800

then low observability so descriptions

353

00:15:15,730 --> 00:15:13,100

by Witnesses are difficult to describe

354

00:15:18,170 --> 00:15:15,740

electronic equipment associated with

355

00:15:19,850 --> 00:15:18,180

observing the phenomena becomes jammed

356

00:15:21,050 --> 00:15:19,860

or doesn't register what's actually

357

00:15:24,170 --> 00:15:21,060

being seen

358

00:15:26,810 --> 00:15:24,180

trans medium travel so

359

00:15:28,310 --> 00:15:26,820

um this would be the ability to travel

360

00:15:30,290 --> 00:15:28,320

easily in various environments and

361

00:15:32,689 --> 00:15:30,300

conditions and then finally a positive

362

00:15:34,850 --> 00:15:32,699

lift objects that are apparently

363

00:15:37,009 --> 00:15:34,860

resisting the natural effects of Earth's

364

00:15:38,150 --> 00:15:37,019

gravity which is kind of interesting a

365

00:15:39,350 --> 00:15:38,160

lot of these feel like they're kind of

366

00:15:43,129 --> 00:15:39,360

there's a lot of overlap in the Venn

367

00:15:46,329 --> 00:15:43,139

diagram of these uh these traits I like

368

00:15:50,269 --> 00:15:46,339

that low observability is one of them

369

00:15:52,069 --> 00:15:50,279

it's like implicitous cover your ass

370

00:15:55,310 --> 00:15:52,079

kind of like

371

00:15:56,930 --> 00:15:55,320

yeah keep it nice and ambiguous

372

00:15:58,550 --> 00:15:56,940

yeah it's kind of like a snake eating

373

00:16:00,590 --> 00:15:58,560

its own tail there where it's like a UFO

374

00:16:05,030 --> 00:16:00,600

is something that is hard to resolve

375

00:16:06,590 --> 00:16:05,040

it's like yes and like I I like these

376

00:16:08,509 --> 00:16:06,600

comment here that the five observables

377

00:16:10,550 --> 00:16:08,519

for Leah are five of the seven chakras

378

00:16:15,590 --> 00:16:10,560

okay so first of all there's a lot more

379

00:16:19,730 --> 00:16:18,050

um there's there's a lot of chakras

380

00:16:22,430 --> 00:16:19,740

um not just seven that we know of

381

00:16:23,750 --> 00:16:22,440

through the Western like yoga schools

382

00:16:25,790 --> 00:16:23,760

um and that's all I'll say about that

383

00:16:32,170 --> 00:16:25,800

because this is open lines not Leah's

384

00:16:35,629 --> 00:16:34,250

we don't have anyone in the green room

385

00:16:36,949 --> 00:16:35,639

right now but I'm gonna throw the stream

386

00:16:38,629 --> 00:16:36,959

yard Link in

387

00:16:40,069 --> 00:16:38,639

um obviously any of our audience members

388

00:16:41,449 --> 00:16:40,079

feel free to drop in we'd love to talk

389

00:16:43,790 --> 00:16:41,459

to you guys especially if you have

390

00:16:45,110 --> 00:16:43,800

thoughts about hearings today do you

391

00:16:47,449 --> 00:16:45,120

have any cases you want to discuss even

392

00:16:49,610 --> 00:16:47,459

just anything about high strangeness

393

00:16:51,590 --> 00:16:49,620

um the point of open lines of course is

394

00:16:53,210 --> 00:16:51,600

unscreened anyone can jump on and

395

00:16:54,829 --> 00:16:53,220

contribute

396

00:16:57,350 --> 00:16:54,839

um so let me go ahead and drop that link

397

00:16:58,670 --> 00:16:57,360

in here yeah well I'd like to hear about

398

00:17:02,030 --> 00:16:58,680

just whatever

399

00:17:03,829 --> 00:17:02,040

um I I would uh enjoy if maybe someone

400

00:17:05,809 --> 00:17:03,839

from the believer perspective uh would

401  
00:17:07,669 --> 00:17:05,819  
call in and tell me their opinion on the

402  
00:17:09,169 --> 00:17:07,679  
hearings I want to

403  
00:17:11,929 --> 00:17:09,179  
see what other people thought of that

404  
00:17:13,549 --> 00:17:11,939  
too because yeah I have my own biases of

405  
00:17:16,189 --> 00:17:13,559  
course so I like to hear other

406  
00:17:20,329 --> 00:17:18,829  
yeah and uh I've got uh the live uh

407  
00:17:22,549 --> 00:17:20,339  
briefing here so maybe I'll do a

408  
00:17:25,130 --> 00:17:22,559  
presentation and share that Tab and we

409  
00:17:29,330 --> 00:17:25,140  
can take a look at this uh chart that Dr

410  
00:17:29,340 --> 00:17:34,190  
okay I'll just take me a second here

411  
00:17:37,669 --> 00:17:36,289  
take your time man

412  
00:17:39,169 --> 00:17:37,679  
yeah

413  
00:17:44,470 --> 00:17:39,179

okay can you see that

414

00:17:48,470 --> 00:17:44,480

yes okay so Envision it yes

415

00:17:51,190 --> 00:17:48,480

perfect okay so what do we got here

416

00:17:54,230 --> 00:17:51,200

all right typically reported uip

417

00:17:56,330 --> 00:17:54,240

characteristics and reported UA hot

418

00:17:57,590 --> 00:17:56,340

spots uh I think that that's like a

419

00:17:58,850 --> 00:17:57,600

important distinction to make when

420

00:18:02,870 --> 00:17:58,860

you're looking at these things these are

421

00:18:04,610 --> 00:18:02,880

about UAP reports not just uip sightings

422

00:18:07,370 --> 00:18:04,620

or UAP hot spots like these aren't

423

00:18:09,110 --> 00:18:07,380

necessarily flaps taking place on this

424

00:18:11,330 --> 00:18:09,120

map these are just

425

00:18:13,190 --> 00:18:11,340

um the concentration of reports and in

426

00:18:15,950 --> 00:18:13,200

fact I think Kirkpatrick uh mentioned

427

00:18:18,110 --> 00:18:15,960

that these these bright areas on the map

428

00:18:20,270 --> 00:18:18,120

here are where their bases are

429

00:18:21,590 --> 00:18:20,280

essentially are what some of their

430

00:18:22,970 --> 00:18:21,600

larger bases where they're getting a lot

431

00:18:24,710 --> 00:18:22,980

of the reports in

432

00:18:26,990 --> 00:18:24,720

I thought that was neat yeah he

433

00:18:29,450 --> 00:18:27,000

mentioned several times that a lot of it

434

00:18:32,450 --> 00:18:29,460

is uh reporting bias he mentioned how

435

00:18:34,250 --> 00:18:32,460

the altitude is the altitude of most air

436

00:18:36,529 --> 00:18:34,260

traffic because that's where people are

437

00:18:38,029 --> 00:18:36,539

seeing things and then he mentioned that

438

00:18:39,890 --> 00:18:38,039

a lot of the observations are near

439

00:18:41,810 --> 00:18:39,900

places where they have the sensor

440

00:18:43,430 --> 00:18:41,820

systems that enable the observation so

441

00:18:45,470 --> 00:18:43,440

it's really drawing attention to that

442

00:18:46,970 --> 00:18:45,480

yeah it makes sense but I think that

443

00:18:49,850 --> 00:18:46,980

someone could look at that and be like

444

00:18:52,010 --> 00:18:49,860

oh why are you AP drawn to these

445

00:18:53,750 --> 00:18:52,020

locations you know what I mean people

446

00:18:56,390 --> 00:18:53,760

could people could take a lot from that

447

00:18:57,950 --> 00:18:56,400

I think the way it's worded is maybe not

448

00:18:59,690 --> 00:18:57,960

necessarily so clear

449

00:19:04,610 --> 00:18:59,700

yeah

450

00:19:06,950 --> 00:19:04,620

um kind of numbers here is really

451  
00:19:08,710 --> 00:19:06,960  
interesting look at

452  
00:19:11,750 --> 00:19:08,720  
it's a little blurry from it 52

453  
00:19:13,370 --> 00:19:11,760  
described as round

454  
00:19:14,289 --> 00:19:13,380  
I would call that balloon-like entities

455  
00:19:18,350 --> 00:19:14,299  
right

456  
00:19:21,110 --> 00:19:18,360  
yeah yeah last report uh one to four

457  
00:19:22,370 --> 00:19:21,120  
meters silver white or translucent I

458  
00:19:24,590 --> 00:19:22,380  
mean are you are you getting like

459  
00:19:26,630 --> 00:19:24,600  
screaming Impressions Campbell

460  
00:19:28,789 --> 00:19:26,640  
uh I did mention that in the Discord

461  
00:19:30,110 --> 00:19:28,799  
earlier that um something like that

462  
00:19:31,970 --> 00:19:30,120  
could probably resolve a lot of these

463  
00:19:34,310 --> 00:19:31,980

but I think you're right that almost all

464

00:19:36,230 --> 00:19:34,320

uh that would be a very rare phenomenon

465

00:19:38,390 --> 00:19:36,240

and has not been verified in the

466

00:19:40,310 --> 00:19:38,400

atmosphere it's basically like a spin-up

467

00:19:41,810 --> 00:19:40,320

of electromagnetic energy kind of like a

468

00:19:44,390 --> 00:19:41,820

three-dimensional

469

00:19:46,490 --> 00:19:44,400

um like uh hurricane almost right it

470

00:19:48,529 --> 00:19:46,500

stays intact but um that would be very

471

00:19:51,529 --> 00:19:48,539

unlikely I think most probably are uh

472

00:19:54,289 --> 00:19:51,539

probably balloons I suspect

473

00:19:56,510 --> 00:19:54,299

now uh what at the bottom of this chart

474

00:19:57,890 --> 00:19:56,520

here in the uh the signatures section

475

00:19:59,990 --> 00:19:57,900

the thermal

476  
00:20:01,610 --> 00:20:00,000  
and they say intermittent short way or

477  
00:20:03,470 --> 00:20:01,620  
shortwave infrared and medium wave

478  
00:20:05,029 --> 00:20:03,480  
infrared and what do you know what this

479  
00:20:07,970 --> 00:20:05,039  
means

480  
00:20:09,669 --> 00:20:07,980  
what they're referring to here

481  
00:20:11,409 --> 00:20:09,679  
yeah

482  
00:20:13,850 --> 00:20:11,419  
okay

483  
00:20:14,990 --> 00:20:13,860  
sorry yes

484  
00:20:16,549 --> 00:20:15,000  
um I was gonna say they're probably

485  
00:20:20,270 --> 00:20:16,559  
talking like literally a thermal

486  
00:20:22,430 --> 00:20:20,280  
signatures so these are um like the

487  
00:20:27,529 --> 00:20:22,440  
intensity of the heat or heat radiation

488  
00:20:33,650 --> 00:20:30,409

they're emitting the thermal these

489

00:20:36,350 --> 00:20:33,660

thermal signatures so but um does that

490

00:20:38,270 --> 00:20:36,360

contradict I mean maybe not contradict

491

00:20:41,150 --> 00:20:38,280

but um

492

00:20:43,190 --> 00:20:41,160

no thermal exhaust and then it says

493

00:20:46,250 --> 00:20:43,200

thermal

494

00:20:49,070 --> 00:20:46,260

well I mean the observables the

495

00:20:49,080 --> 00:20:54,529

computer they do talk about

496

00:20:58,909 --> 00:20:57,110

no obvious signatures but the thing is

497

00:21:00,890 --> 00:20:58,919

like an infrared signature is something

498

00:21:02,810 --> 00:21:00,900

you wouldn't be able to visually observe

499

00:21:04,190 --> 00:21:02,820

you'd have to be able to be measured

500

00:21:05,810 --> 00:21:04,200

through instrumentation because we can't

501  
00:21:07,970 --> 00:21:05,820  
really see into the infrared spectrum

502  
00:21:10,970 --> 00:21:07,980  
and we wouldn't be close enough to feel

503  
00:21:12,770 --> 00:21:10,980  
like a heat signature either however I

504  
00:21:14,090 --> 00:21:12,780  
mean you know there are reports of

505  
00:21:16,070 --> 00:21:14,100  
course that people that have Close

506  
00:21:18,289 --> 00:21:16,080  
Encounters that do experience Burns

507  
00:21:20,630 --> 00:21:18,299  
right that there are these these thermal

508  
00:21:22,430 --> 00:21:20,640  
signatures or uh you know the saucer

509  
00:21:24,710 --> 00:21:22,440  
Nest phenomena right like leaving little

510  
00:21:26,930 --> 00:21:24,720  
burn marks on the ground

511  
00:21:30,110 --> 00:21:26,940  
yes um

512  
00:21:32,570 --> 00:21:30,120  
there's also the um with the balloons

513  
00:21:35,149 --> 00:21:32,580

um they're the Chinese balloons of

514

00:21:37,490 --> 00:21:35,159

recent fame

515

00:21:38,810 --> 00:21:37,500

um they are they apparently can't steer

516

00:21:42,169 --> 00:21:38,820

themselves but they don't have any

517

00:21:44,450 --> 00:21:42,179

obvious means of propulsion so like that

518

00:21:47,210 --> 00:21:44,460

might not show up even on as like an

519

00:21:48,409 --> 00:21:47,220

obvious Heat Signature in the yeah that

520

00:21:50,090 --> 00:21:48,419

may be how they're able to be so

521

00:21:52,610 --> 00:21:50,100

stealthy right you just shoot them up

522

00:21:55,310 --> 00:21:52,620

into the I mean the joke stream uh I

523

00:21:57,169 --> 00:21:55,320

mean are our predictive capabilities are

524

00:21:58,730 --> 00:21:57,179

imperfect but they're quite good like we

525

00:22:01,850 --> 00:21:58,740

understand how a lot of these like

526  
00:22:03,350 --> 00:22:01,860  
atmospheric streams work so you can you

527  
00:22:05,029 --> 00:22:03,360  
know depending on I would assume the

528  
00:22:07,010 --> 00:22:05,039  
altitude and the location from which you

529  
00:22:08,810 --> 00:22:07,020  
launch them you can expect that they'll

530  
00:22:10,669 --> 00:22:08,820  
move in particular ways through the

531  
00:22:12,830 --> 00:22:10,679  
atmosphere and over particular places

532  
00:22:13,970 --> 00:22:12,840  
geographically

533  
00:22:16,490 --> 00:22:13,980  
mm-hmm

534  
00:22:19,669 --> 00:22:16,500  
and these are hot spots the one on the

535  
00:22:21,830 --> 00:22:19,679  
far right there is that near that Korea

536  
00:22:23,870 --> 00:22:21,840  
it looks like South Korean to me yeah

537  
00:22:26,510 --> 00:22:23,880  
that's like a place where there's a lot

538  
00:22:28,130 --> 00:22:26,520

of U.S military activity and correct

539

00:22:30,350 --> 00:22:28,140

South Korean military because they're

540

00:22:32,630 --> 00:22:30,360

like on hair trigger a lot for any North

541

00:22:33,409 --> 00:22:32,640

Korean attack and

542

00:22:35,149 --> 00:22:33,419

um

543

00:22:37,789 --> 00:22:35,159

just in that general area there's a lot

544

00:22:40,730 --> 00:22:37,799

of U.S shipping as well Naval shipping

545

00:22:42,950 --> 00:22:40,740

because of uh content trying to contain

546

00:22:44,149 --> 00:22:42,960

China and then in the middle there it

547

00:22:46,789 --> 00:22:44,159

looks like the middle that's the Middle

548

00:22:48,610 --> 00:22:46,799

East isn't it or near turkey yeah turkey

549

00:22:51,409 --> 00:22:48,620

and stuff so yeah

550

00:22:54,350 --> 00:22:51,419

there are a bit of U.S bases in Turkey

551  
00:22:56,210 --> 00:22:54,360  
and in that region just under um

552  
00:22:57,529 --> 00:22:56,220  
Russia there

553  
00:22:59,870 --> 00:22:57,539  
yeah

554  
00:23:03,169 --> 00:22:59,880  
and then a lot of got our coasts

555  
00:23:06,110 --> 00:23:03,179  
a lot of the follow-up questions did uh

556  
00:23:09,529 --> 00:23:06,120  
from the Senators involved did it relate

557  
00:23:13,070 --> 00:23:09,539  
to uh foreign technology specifically

558  
00:23:14,990 --> 00:23:13,080  
asking about China and they seemed very

559  
00:23:17,690 --> 00:23:15,000  
distinctly interested in this

560  
00:23:20,690 --> 00:23:17,700  
possibility that there could be some

561  
00:23:23,630 --> 00:23:20,700  
kind of uh element of foreign technology

562  
00:23:27,710 --> 00:23:23,640  
invading their airspace and the Dr

563  
00:23:31,070 --> 00:23:27,720

Kirkpatrick specifically brought up uh

564

00:23:32,870 --> 00:23:31,080

or uh Senator uh gillibrand uh mentioned

565

00:23:35,149 --> 00:23:32,880

that she was going to have uh Dr

566

00:23:37,730 --> 00:23:35,159

Kirkpatrick help her draft some of the

567

00:23:40,730 --> 00:23:37,740

language explicitly in the next uh

568

00:23:42,950 --> 00:23:40,740

defense bill in order to allocate

569

00:23:46,250 --> 00:23:42,960

resources really and that was after some

570

00:23:48,710 --> 00:23:46,260

questions about missing these most

571

00:23:51,590 --> 00:23:48,720

dangerous very high level possible

572

00:23:54,350 --> 00:23:51,600

Technologies being used by the like

573

00:23:55,970 --> 00:23:54,360

foreign adversaries on Earth so like

574

00:23:57,289 --> 00:23:55,980

they're they're leaving open this option

575

00:23:59,810 --> 00:23:57,299

of there being these like very

576

00:24:01,909 --> 00:23:59,820

extraordinary phenomena but the way that

577

00:24:03,350 --> 00:24:01,919

they're talking about it it's removed

578

00:24:05,149 --> 00:24:03,360

from the historical thing that people

579

00:24:07,250 --> 00:24:05,159

think of as UFOs because these

580

00:24:08,810 --> 00:24:07,260

technologies that they're now saying

581

00:24:10,310 --> 00:24:08,820

they're looking for are possible and

582

00:24:12,289 --> 00:24:10,320

historically haven't been but sort of

583

00:24:13,970 --> 00:24:12,299

the study of

584

00:24:17,029 --> 00:24:13,980

objects are sort of continued through

585

00:24:19,549 --> 00:24:17,039

the period into when the things that

586

00:24:21,409 --> 00:24:19,559

were historically inconceivable now seem

587

00:24:24,649 --> 00:24:21,419

like actually within the realm of

588

00:24:29,390 --> 00:24:24,659

possibilities so so once like what was

589

00:24:31,970 --> 00:24:29,400

once uh absurd levels of hypothetical uh

590

00:24:33,770 --> 00:24:31,980

foreign technology and management now

591

00:24:35,870 --> 00:24:33,780

are within the realm of possibility and

592

00:24:38,090 --> 00:24:35,880

drastically and it's potentially causing

593

00:24:40,490 --> 00:24:38,100

some things to slip through the cracks

594

00:24:43,310 --> 00:24:40,500

because of that taboo associated with

595

00:24:46,250 --> 00:24:43,320

his reporting historically

596

00:24:48,230 --> 00:24:46,260

so it's a big mess isn't it

597

00:24:49,730 --> 00:24:48,240

seems to be

598

00:24:51,529 --> 00:24:49,740

let's see here yeah there were some

599

00:24:53,090 --> 00:24:51,539

interesting parts of it um I guess I

600

00:24:55,610 --> 00:24:53,100

can't really find this hey I think did I

601  
00:24:59,210 --> 00:24:55,620  
just did you steal the presentation I

602  
00:25:00,950 --> 00:24:59,220  
think I did you did yeah I so I put this

603  
00:25:03,110 --> 00:25:00,960  
up in the background this was an image

604  
00:25:05,149 --> 00:25:03,120  
that was making the rounds on Twitter uh

605  
00:25:07,490 --> 00:25:05,159  
probably like six months ago or five

606  
00:25:10,130 --> 00:25:07,500  
months ago it comes in Cycles I've seen

607  
00:25:14,149 --> 00:25:10,140  
this a lot yeah and I just bring it up

608  
00:25:15,590 --> 00:25:14,159  
to um obviously I can speak to its uh

609  
00:25:18,070 --> 00:25:15,600  
origination point I don't know who made

610  
00:25:20,570 --> 00:25:18,080  
it I don't I guess esri whatever that is

611  
00:25:23,750 --> 00:25:20,580  
the feeder data

612  
00:25:26,930 --> 00:25:23,760  
um but I I bring this up because uh

613  
00:25:29,750 --> 00:25:26,940

it's a very Stark

614

00:25:31,669 --> 00:25:29,760

um it's not really a heat map but it's

615

00:25:33,350 --> 00:25:31,679

kind of you know the point is it's very

616

00:25:34,850 --> 00:25:33,360

Stark look at look at all of North

617

00:25:37,370 --> 00:25:34,860

America versus the rest of the world

618

00:25:40,070 --> 00:25:37,380

Nick tell me about what you're saying

619

00:25:41,330 --> 00:25:40,080

however uh first of all like I said I've

620

00:25:42,830 --> 00:25:41,340

seen this map quite a few times and

621

00:25:45,169 --> 00:25:42,840

actually these the source of the

622

00:25:47,269 --> 00:25:45,179

information comes from the National UFO

623

00:25:50,090 --> 00:25:47,279

Reporting Center National media right so

624

00:25:52,730 --> 00:25:50,100

it's America National and it's also as

625

00:25:55,390 --> 00:25:52,740

you can see reported UFO sightings now

626

00:25:59,450 --> 00:25:55,400

all these dark countries I don't know

627

00:26:01,610 --> 00:25:59,460

UFO Reporting fantastic or anything but

628

00:26:03,950 --> 00:26:01,620

like I said uh that information is

629

00:26:06,230 --> 00:26:03,960

primarily coming from the US which is

630

00:26:07,610 --> 00:26:06,240

why it's glowing so brightly on that map

631

00:26:10,010 --> 00:26:07,620

I remember

632

00:26:13,130 --> 00:26:10,020

um this was I want to say it was two

633

00:26:14,990 --> 00:26:13,140

years ago Mick West uh retweeted this

634

00:26:16,970 --> 00:26:15,000

and I was like hey man look where that

635

00:26:18,890 --> 00:26:16,980

information is coming from Fantastic

636

00:26:20,690 --> 00:26:18,900

Nick thank you so much no I genuinely

637

00:26:22,190 --> 00:26:20,700

appreciate this context because like I

638

00:26:23,690 --> 00:26:22,200

said I don't really know anything about

639

00:26:26,149 --> 00:26:23,700

it except that I see it kind of making

640

00:26:28,549 --> 00:26:26,159

the rounds on social media so um I'm

641

00:26:30,890 --> 00:26:28,559

gonna kick this off the stream Campbell

642

00:26:32,230 --> 00:26:30,900

so you can represent uh what you were

643

00:26:34,610 --> 00:26:32,240

sharing

644

00:26:36,409 --> 00:26:34,620

it kind of speaks to what I was saying a

645

00:26:39,010 --> 00:26:36,419

little earlier about the uh the graphs

646

00:26:42,049 --> 00:26:39,020

from the hearing too is that it's

647

00:26:43,130 --> 00:26:42,059

reported UFO cases not UFO cases this

648

00:26:45,110 --> 00:26:43,140

isn't a

649

00:26:47,330 --> 00:26:45,120

um these aren't like hot spots these

650

00:26:48,950 --> 00:26:47,340

aren't waves necessarily these are just

651  
00:26:51,350 --> 00:26:48,960  
the location that the reports themselves

652  
00:26:53,149 --> 00:26:51,360  
are coming from which you know they are

653  
00:26:54,830 --> 00:26:53,159  
being directed to report this stuff now

654  
00:26:55,850 --> 00:26:54,840  
that's kind of like the agenda of this

655  
00:26:58,190 --> 00:26:55,860  
office

656  
00:27:00,830 --> 00:26:58,200  
so that would be why you have these

657  
00:27:02,930 --> 00:27:00,840  
glowing bases on this map of you know

658  
00:27:04,669 --> 00:27:02,940  
UFO reports that that's where they're

659  
00:27:05,750 --> 00:27:04,679  
going and getting them from

660  
00:27:07,430 --> 00:27:05,760  
so I don't know if it's really

661  
00:27:10,250 --> 00:27:07,440  
indicative of anything or if it's even

662  
00:27:13,190 --> 00:27:10,260  
that valuable right information this is

663  
00:27:15,169 --> 00:27:13,200

so interesting yes very very helpful

664

00:27:16,730 --> 00:27:15,179

context thank you

665

00:27:19,130 --> 00:27:16,740

yeah and it's funny too because it's

666

00:27:21,890 --> 00:27:19,140

like uh it's about the ones that are

667

00:27:24,649 --> 00:27:21,900

unresolved after investigation right so

668

00:27:26,390 --> 00:27:24,659

if it's just observations then like yes

669

00:27:28,610 --> 00:27:26,400

certainly they're going to be appearing

670

00:27:30,610 --> 00:27:28,620

where people are so

671

00:27:34,789 --> 00:27:30,620

um like

672

00:27:36,830 --> 00:27:34,799

it's just so key to avoid like like I

673

00:27:38,870 --> 00:27:36,840

understand the compulsion to support the

674

00:27:41,269 --> 00:27:38,880

uh opinion right like it's like if

675

00:27:43,909 --> 00:27:41,279

there's good evidence that there are

676  
00:27:45,590 --> 00:27:43,919  
like things being observed that uh can't

677  
00:27:47,090 --> 00:27:45,600  
be explained that's why this office is

678  
00:27:48,830 --> 00:27:47,100  
there is because there are it's like are

679  
00:27:50,090 --> 00:27:48,840  
these things like foreign technology

680  
00:27:52,490 --> 00:27:50,100  
because they are doing things that

681  
00:27:53,930 --> 00:27:52,500  
historically you haven't seen

682  
00:27:56,930 --> 00:27:53,940  
um you know but it's like if you want to

683  
00:27:59,750 --> 00:27:56,940  
get at that have to avoid these um

684  
00:28:01,669 --> 00:27:59,760  
misleading things like lead with the

685  
00:28:04,669 --> 00:28:01,679  
strongest information so that the

686  
00:28:06,049 --> 00:28:04,679  
conversation is taken seriously I agree

687  
00:28:07,310 --> 00:28:06,059  
and that makes that kind of brings me to

688  
00:28:09,169 --> 00:28:07,320

the point that

689

00:28:10,310 --> 00:28:09,179

and and I kind of thought we'd talk

690

00:28:11,750 --> 00:28:10,320

about this a little bit more last week

691

00:28:13,549 --> 00:28:11,760

but um

692

00:28:17,690 --> 00:28:13,559

at what point

693

00:28:19,250 --> 00:28:17,700

do we take this um I want I'm I'm used

694

00:28:21,289 --> 00:28:19,260

to saying eth

695

00:28:24,590 --> 00:28:21,299

just because I'm older but this kind of

696

00:28:27,289 --> 00:28:24,600

like notion this uh this idea of

697

00:28:28,130 --> 00:28:27,299

non-human intelligence applied to

698

00:28:30,049 --> 00:28:28,140

um

699

00:28:32,090 --> 00:28:30,059

unidentified things but not just

700

00:28:34,250 --> 00:28:32,100

unidentified things specifically ones

701

00:28:35,930 --> 00:28:34,260

that are in the sky we don't we don't

702

00:28:37,610 --> 00:28:35,940

categorize or kind of believe that

703

00:28:39,350 --> 00:28:37,620

there's a unified theory between all

704

00:28:41,990 --> 00:28:39,360

unidentified things just the flying

705

00:28:45,350 --> 00:28:42,000

things when do we take this kind of like

706

00:28:47,630 --> 00:28:45,360

this NH nhi idea off the table because

707

00:28:49,789 --> 00:28:47,640

you were talking about earlier Campbell

708

00:28:51,230 --> 00:28:49,799

and uh Senator Joe brand was also

709

00:28:53,990 --> 00:28:51,240

talking about the stigma that's attached

710

00:28:56,510 --> 00:28:54,000

to all of this that stigma I'm assuming

711

00:28:59,330 --> 00:28:56,520

comes from the flying Foster Story right

712

00:29:01,370 --> 00:28:59,340

that's my understanding in this past 80

713

00:29:08,529 --> 00:29:01,380

years is there anything to even suggest

714

00:29:14,510 --> 00:29:11,750

my response to that is that

715

00:29:18,409 --> 00:29:14,520

um this is this is a great question in

716

00:29:19,930 --> 00:29:18,419

my response to it is that

717

00:29:20,510 --> 00:29:19,940

it is

718

00:29:21,350 --> 00:29:20,520

[Music]

719

00:29:23,810 --> 00:29:21,360

um

720

00:29:26,029 --> 00:29:23,820

there's an inappropriate in my mind

721

00:29:27,169 --> 00:29:26,039

connection between the material

722

00:29:32,269 --> 00:29:27,179

phenomena

723

00:29:39,409 --> 00:29:36,529

Etc and also uh non-human intelligence I

724

00:29:41,149 --> 00:29:39,419

see these as two categorically distinct

725

00:29:43,190 --> 00:29:41,159

inquiries

726

00:29:45,649 --> 00:29:43,200

um and I think that they become

727

00:29:47,870 --> 00:29:45,659

inappropriately and excessively linked

728

00:29:50,990 --> 00:29:47,880

both popularly and a lot of people that

729

00:29:53,149 --> 00:29:51,000

follow the subject I see the question of

730

00:29:55,130 --> 00:29:53,159

non-human intelligence as part of a

731

00:29:58,010 --> 00:29:55,140

larger constellation of inquiry even

732

00:29:59,750 --> 00:29:58,020

into the existence of God right yeah

733

00:30:01,549 --> 00:29:59,760

like that's what it feels like it's a

734

00:30:04,570 --> 00:30:01,559

modern artifact of this inquiry about

735

00:30:07,370 --> 00:30:04,580

whether or not God actually exists or

736

00:30:09,169 --> 00:30:07,380

realities beyond our immediate material

737

00:30:12,769 --> 00:30:09,179

based reality exist

738

00:30:14,389 --> 00:30:12,779

um and you know I I am personally of the

739

00:30:15,590 --> 00:30:14,399

camp right like we were left I think we

740

00:30:17,330 --> 00:30:15,600

were laughing about this backstage where

741

00:30:18,950 --> 00:30:17,340

I was like oh I even said this on this I

742

00:30:20,810 --> 00:30:18,960

think on the show tonight like I come

743

00:30:22,070 --> 00:30:20,820

from the psycho spiritual kind of junkie

744

00:30:23,570 --> 00:30:22,080

in perspective like I don't come at

745

00:30:26,930 --> 00:30:23,580

those from like the literal Flying

746

00:30:29,450 --> 00:30:26,940

Saucer see stuff in the sky perspective

747

00:30:32,450 --> 00:30:29,460

um and I think this proclivity to

748

00:30:37,490 --> 00:30:32,460

entangle these two things and treat them

749

00:30:39,710 --> 00:30:37,500

is uh one core idea actually does a

750

00:30:41,149 --> 00:30:39,720

disservice to the subject in a lot of

751

00:30:43,430 --> 00:30:41,159

critical ways and a lot of really

752

00:30:46,130 --> 00:30:43,440

essential ways

753

00:30:47,690 --> 00:30:46,140

sorry I got completely distracted uh

754

00:30:51,769 --> 00:30:47,700

Carlos dangerous is asking where I was

755

00:30:54,529 --> 00:30:51,779

feeding um big bag of jelly beans oh my

756

00:30:55,909 --> 00:30:54,539

god dude I

757

00:30:58,909 --> 00:30:55,919

knit curiously through all of your

758

00:31:01,010 --> 00:30:58,919

habits I I get to I get to God you make

759

00:31:03,110 --> 00:31:01,020

me miss having a smoke uh I haven't had

760

00:31:05,450 --> 00:31:03,120

one of those in about 15 years oh man

761

00:31:08,269 --> 00:31:05,460

regular soda I haven't had a regular

762

00:31:10,310 --> 00:31:08,279

soda probably in about 15 years oh yeah

763

00:31:15,610 --> 00:31:10,320

I got a bag of jelly beans a Pepsi and a

764

00:31:21,409 --> 00:31:19,130

uh oh we were talking I just um you know

765

00:31:24,289 --> 00:31:21,419

you hear a lot of the UFO enthusiasts

766

00:31:26,090 --> 00:31:24,299

who I think um I can vaguely say do you

767

00:31:29,750 --> 00:31:26,100

subscribe to

768

00:31:31,490 --> 00:31:29,760

um a nhi flavored

769

00:31:32,690 --> 00:31:31,500

um proclivity right

770

00:31:35,690 --> 00:31:32,700

mm-hmm

771

00:31:37,250 --> 00:31:35,700

they all want uh science to take it

772

00:31:40,010 --> 00:31:37,260

seriously right but what do you give a

773

00:31:42,350 --> 00:31:40,020

scientist that is suggestive of any kind

774

00:31:44,690 --> 00:31:42,360

of nhi like do you give them a handful

775

00:31:46,190 --> 00:31:44,700

of cases and if so which ones

776

00:31:47,269 --> 00:31:46,200

um you know what I mean because what are

777

00:31:49,970 --> 00:31:47,279

they going to work with you give them

778

00:31:51,769 --> 00:31:49,980

this idea that's essentially just some a

779

00:31:54,289 --> 00:31:51,779

story we've all grown up with our entire

780

00:31:56,810 --> 00:31:54,299

lives like if you ask any kid in the

781

00:31:58,549 --> 00:31:56,820

states on the street what a UFO is and

782

00:32:00,649 --> 00:31:58,559

they'll draw you a flying saucer like

783

00:32:01,850 --> 00:32:00,659

like you said they are just completely

784

00:32:04,970 --> 00:32:01,860

linked

785

00:32:06,590 --> 00:32:04,980

why why are we and like we're really

786

00:32:07,669 --> 00:32:06,600

aware of that right like it's been

787

00:32:10,070 --> 00:32:07,679

around forever

788

00:32:13,549 --> 00:32:10,080

it's been about 80 years we don't have

789

00:32:15,769 --> 00:32:13,559

anything substantive to link to this

790

00:32:18,889 --> 00:32:15,779

idea why are we continuing with it what

791

00:32:21,649 --> 00:32:18,899

about this idea too though that this

792

00:32:24,529 --> 00:32:21,659

um let's say this phenomenon not in the

793

00:32:27,110 --> 00:32:24,539

capital T capital P the ufology but like

794

00:32:28,070 --> 00:32:27,120

this phenomenon itself is

795

00:32:30,169 --> 00:32:28,080

um

796

00:32:32,210 --> 00:32:30,179

does not fit within our current

797

00:32:35,149 --> 00:32:32,220

interpretive Frameworks for how we

798

00:32:36,769 --> 00:32:35,159

assess and measure and understand things

799

00:32:38,930 --> 00:32:36,779

around us this is what I keep coming

800

00:32:40,070 --> 00:32:38,940

back to like if I'm pushed against the

801  
00:32:41,630 --> 00:32:40,080  
wall

802  
00:32:43,310 --> 00:32:41,640  
um it had to give like my opinion or

803  
00:32:47,570 --> 00:32:43,320  
belief on this stuff I would say that

804  
00:32:50,450 --> 00:32:47,580  
sort of the the scientific method

805  
00:32:52,669 --> 00:32:50,460  
is very good for some things but very

806  
00:32:56,810 --> 00:32:52,679  
limited for other things

807  
00:33:00,110 --> 00:32:56,820  
um and that to presuppose that

808  
00:33:05,090 --> 00:33:00,120  
science as we currently understand it is

809  
00:33:07,430 --> 00:33:05,100  
a useful way to measure and verify this

810  
00:33:09,590 --> 00:33:07,440  
stuff to me feels like a long bow to

811  
00:33:11,090 --> 00:33:09,600  
draw like I'm not sure like I don't

812  
00:33:13,190 --> 00:33:11,100  
think it's well suited for that I also

813  
00:33:14,870 --> 00:33:13,200

did before we keep going we have J shank

814

00:33:16,730 --> 00:33:14,880

backstage and I would love to have him

815

00:33:18,409 --> 00:33:16,740

on because yeah one is one of my

816

00:33:19,730 --> 00:33:18,419

favorite people and also I'm sure he has

817

00:33:21,110 --> 00:33:19,740

a whole lot to say about this so I'm

818

00:33:24,950 --> 00:33:21,120

gonna bring him on

819

00:33:27,649 --> 00:33:24,960

hey Jay hey guys I am a camera off

820

00:33:31,490 --> 00:33:27,659

because I'm really in a major trash

821

00:33:33,590 --> 00:33:31,500

Goblin state after being I have like a

822

00:33:38,269 --> 00:33:33,600

cold for three weeks and then just I'm

823

00:33:42,830 --> 00:33:38,279

back but uh can I believe in UFOs

824

00:33:45,830 --> 00:33:42,840

without believing the kind of

825

00:33:48,950 --> 00:33:45,840

dominant narrative that goes along with

826

00:33:52,669 --> 00:33:48,960

these hearings what do you mean by UFOs

827

00:33:54,169 --> 00:33:52,679

okay well like let's say they're like I

828

00:33:55,669 --> 00:33:54,179

still come back one of the reasons I

829

00:33:58,250 --> 00:33:55,679

don't abandon this is the fact that

830

00:33:59,750 --> 00:33:58,260

people keep seeing stuff people keep

831

00:34:03,110 --> 00:33:59,760

reporting stuff people keep having

832

00:34:04,970 --> 00:34:03,120

experiences but what I really don't like

833

00:34:06,769 --> 00:34:04,980

what I really have an issue with kind of

834

00:34:10,490 --> 00:34:06,779

with the hearing thing is first of all

835

00:34:12,409 --> 00:34:10,500

we're still in this like

836

00:34:17,210 --> 00:34:12,419

for lack of a better way to put it we're

837

00:34:20,089 --> 00:34:17,220

in the 80s 90s Mythos that came from

838

00:34:22,070 --> 00:34:20,099

really and this this what I'm about to

839

00:34:23,629 --> 00:34:22,080

say comes from research done and

840

00:34:27,169 --> 00:34:23,639

trickster in the Paranormal which I'm

841

00:34:31,550 --> 00:34:27,179

still reading through but a lot of CIA

842

00:34:34,010 --> 00:34:31,560

lint sources kind of feeding into the

843

00:34:36,829 --> 00:34:34,020

this this stuff with

844

00:34:38,629 --> 00:34:36,839

the abductions the alien human hybrids I

845

00:34:42,109 --> 00:34:38,639

know somebody said Lou is talking about

846

00:34:45,649 --> 00:34:42,119

uh psychic super soldiers the other day

847

00:34:46,609 --> 00:34:45,659

and we're in the we're

848

00:34:49,730 --> 00:34:46,619

the

849

00:34:52,849 --> 00:34:49,740

I'm gonna say I actually tonight right

850

00:34:55,070 --> 00:34:52,859

now at 9 36 on the East Coast I think

851  
00:34:57,410 --> 00:34:55,080  
that is a hundred percent

852  
00:35:01,790 --> 00:35:00,050  
something that the CIA in the Air Force

853  
00:35:02,870 --> 00:35:01,800  
intelligence made up because they don't

854  
00:35:05,750 --> 00:35:02,880  
know

855  
00:35:09,230 --> 00:35:05,760  
on the supernatural end of it and on the

856  
00:35:12,050 --> 00:35:09,240  
other end somehow like

857  
00:35:13,670 --> 00:35:12,060  
I'm gonna send Tom the log if I can get

858  
00:35:16,810 --> 00:35:13,680  
his anybody has Tom delong's home

859  
00:35:22,250 --> 00:35:16,820  
address I'm going to send him all of my

860  
00:35:24,950 --> 00:35:22,260  
childhood nerd books about the SR-71 and

861  
00:35:27,109 --> 00:35:24,960  
the F-117 and and

862  
00:35:30,530 --> 00:35:27,119  
um Black Ops

863  
00:35:33,170 --> 00:35:30,540

black budget aircraft program so Tom can

864

00:35:35,150 --> 00:35:33,180

know that one of the things they

865

00:35:37,550 --> 00:35:35,160

engineered a lot of those things were to

866

00:35:38,690 --> 00:35:37,560

do was not display a real heavy thermal

867

00:35:40,910 --> 00:35:38,700

signature

868

00:35:42,290 --> 00:35:40,920

I I just

869

00:35:43,910 --> 00:35:42,300

um

870

00:35:46,970 --> 00:35:43,920

I just feel like

871

00:35:49,250 --> 00:35:46,980

the guys like the guys on Twitter like

872

00:35:50,089 --> 00:35:49,260

UFO Twitter

873

00:35:52,550 --> 00:35:50,099

um

874

00:35:54,470 --> 00:35:52,560

is not intellectually up to this there's

875

00:35:58,250 --> 00:35:54,480

like 50 books they need to read first

876

00:36:00,349 --> 00:35:58,260

just to get on the ground the ground

877

00:36:04,010 --> 00:36:00,359

floor of it but it's like it's

878

00:36:06,170 --> 00:36:04,020

exhausting like I am like I am watching

879

00:36:08,829 --> 00:36:06,180

the feed today and like my soul is

880

00:36:14,329 --> 00:36:08,839

slipping out of my ass

881

00:36:16,849 --> 00:36:14,339

just like yeah you know just like um

882

00:36:21,770 --> 00:36:16,859

somehow I was picturing like I'm trying

883

00:36:25,910 --> 00:36:21,780

to um psychically project myself forward

884

00:36:29,450 --> 00:36:25,920

in time where somebody is doing the like

885

00:36:32,750 --> 00:36:29,460

remember Louis eldizando like just like

886

00:36:34,310 --> 00:36:32,760

just like Corbell did with

887

00:36:36,650 --> 00:36:34,320

um

888

00:36:38,870 --> 00:36:36,660

you know what's his ass smile that's

889

00:36:41,870 --> 00:36:38,880

like I said the brain is dying right now

890

00:36:43,190 --> 00:36:41,880

they're um they're beaming the knowledge

891

00:36:45,470 --> 00:36:43,200

out of my head

892

00:36:47,030 --> 00:36:45,480

yeah Lazar you know it's just like it's

893

00:36:49,609 --> 00:36:47,040

the same [h\_\_h]

894

00:36:51,410 --> 00:36:49,619

yeah and I honestly think this is

895

00:36:54,650 --> 00:36:51,420

holding us back from figuring anything

896

00:36:56,210 --> 00:36:54,660

out it's like there's a there's a giant

897

00:36:58,550 --> 00:36:56,220

um yes

898

00:37:00,230 --> 00:36:58,560

it's like when I look at the the look at

899

00:37:02,450 --> 00:37:00,240

the pie chart I'm like you know I bet

900

00:37:08,230 --> 00:37:02,460

those round ones that look like balloons

901  
00:37:13,730 --> 00:37:10,970  
do you agree with Jack Brewer when he

902  
00:37:16,670 --> 00:37:13,740  
says the stigma is earned

903  
00:37:19,670 --> 00:37:16,680  
um yeah I do I like Jack a lot

904  
00:37:22,430 --> 00:37:19,680  
um I think

905  
00:37:25,430 --> 00:37:22,440  
for some reason in this

906  
00:37:27,170 --> 00:37:25,440  
um taking its taking it seriously ends

907  
00:37:29,750 --> 00:37:27,180  
up being kind of a death sentence for

908  
00:37:31,849 --> 00:37:29,760  
you and uh

909  
00:37:34,730 --> 00:37:31,859  
doing like

910  
00:37:37,910 --> 00:37:34,740  
the Kearney Sideshow route ends up being

911  
00:37:41,210 --> 00:37:37,920  
I mean again I will say that being like

912  
00:37:43,190 --> 00:37:41,220  
big in the UFO world is a dubious Mark

913  
00:37:46,430 --> 00:37:43,200

of Distinction

914

00:37:48,470 --> 00:37:46,440

you know it's a real

915

00:37:50,870 --> 00:37:48,480

um if I was like the world's most famous

916

00:37:52,510 --> 00:37:50,880

ufologist it's like being the world's

917

00:37:55,970 --> 00:37:52,520

tallest [h\_\_h]

918

00:38:00,050 --> 00:37:55,980

you know it's just a real

919

00:38:02,150 --> 00:38:00,060

um thing but there's uh

920

00:38:04,849 --> 00:38:02,160

there's a lot of stuff on the popular

921

00:38:10,010 --> 00:38:04,859

end of it that

922

00:38:12,890 --> 00:38:10,020

I almost feel is well the the Deep the

923

00:38:14,870 --> 00:38:12,900

deeply con now the new newly formed

924

00:38:16,670 --> 00:38:14,880

um because I'm sort of uh coming out of

925

00:38:19,370 --> 00:38:16,680

my column sort of black pill and

926  
00:38:21,430 --> 00:38:19,380  
reading um reading trickster paranormal

927  
00:38:24,589 --> 00:38:21,440  
there's a there's a major

928  
00:38:26,589 --> 00:38:24,599  
throughout that book that the the

929  
00:38:28,790 --> 00:38:26,599  
rational

930  
00:38:31,490 --> 00:38:28,800  
protects us from the dangerous

931  
00:38:33,130 --> 00:38:31,500  
manifestation of the supernatural the

932  
00:38:36,430 --> 00:38:33,140  
supernatural

933  
00:38:39,230 --> 00:38:36,440  
erupts from ambiguity

934  
00:38:40,250 --> 00:38:39,240  
considering the this phenomenon because

935  
00:38:43,550 --> 00:38:40,260  
it would have been considered

936  
00:38:46,130 --> 00:38:43,560  
Supernatural pre-1906.

937  
00:38:49,250 --> 00:38:46,140  
talking you know seeing stuff flying in

938  
00:38:51,829 --> 00:38:49,260

the sky free it being like

939

00:38:55,490 --> 00:38:51,839

um the Germans in the Airship flying

940

00:38:58,010 --> 00:38:55,500

over England like what happens in 1906

941

00:38:59,930 --> 00:38:58,020

is it the zeppelins there's a lot I

942

00:39:02,089 --> 00:38:59,940

actually do have

943

00:39:05,270 --> 00:39:02,099

um I picked up a book about I love that

944

00:39:06,890 --> 00:39:05,280

stuff like I love the Airship sightings

945

00:39:09,770 --> 00:39:06,900

um I don't know why I picked this book

946

00:39:12,109 --> 00:39:09,780

up just because it has it's basically

947

00:39:14,329 --> 00:39:12,119

um it's the Red Baron in his focker

948

00:39:17,690 --> 00:39:14,339

tri-plane like it looks like he's like

949

00:39:21,410 --> 00:39:17,700

like pulling up and about to engage a

950

00:39:24,170 --> 00:39:21,420

atomancy type saucer is the Red Baron

951  
00:39:26,690 --> 00:39:24,180  
what's that I said is it Snoopy as the

952  
00:39:28,730 --> 00:39:26,700  
Red Baron no it's like my it's Montford

953  
00:39:30,710 --> 00:39:28,740  
Von Richtofen it's the Red Baron like

954  
00:39:34,010 --> 00:39:30,720  
all those Snoopy um

955  
00:39:36,650 --> 00:39:34,020  
Snoopy is also good but I'm like no I

956  
00:39:38,450 --> 00:39:36,660  
would watch that movie if it was

957  
00:39:41,329 --> 00:39:38,460  
um they would try to if they would try

958  
00:39:44,210 --> 00:39:41,339  
another uh like an iron Skies prequel or

959  
00:39:46,130 --> 00:39:44,220  
something but there's a level of me that

960  
00:39:48,349 --> 00:39:46,140  
actually does think that this sort of

961  
00:39:52,130 --> 00:39:48,359  
exists in place to keep us from

962  
00:39:54,650 --> 00:39:52,140  
confronting the truth that oh there's

963  
00:39:58,069 --> 00:39:54,660

two bad truths the truth is that

964

00:40:00,950 --> 00:39:58,079

um in the last like post-cold War era

965

00:40:04,550 --> 00:40:00,960

yeah a lot of our our competitor Nations

966

00:40:06,589 --> 00:40:04,560

have caught up with us and can pull off

967

00:40:09,290 --> 00:40:06,599

some of the stuff that we could do in

968

00:40:12,770 --> 00:40:09,300

the 60s with uh weird hypersonics and

969

00:40:15,109 --> 00:40:12,780

stuff and there's also like the uh

970

00:40:21,609 --> 00:40:15,119

verbal Supernatural truth that no one

971

00:40:25,849 --> 00:40:23,930

NJ do you think

972

00:40:27,890 --> 00:40:25,859

um do you think genuinely that the

973

00:40:30,230 --> 00:40:27,900

government uh the way that they present

974

00:40:32,690 --> 00:40:30,240

this uh saying sort of like you know

975

00:40:35,390 --> 00:40:32,700

we're um on the same page as you guys

976  
00:40:37,609 --> 00:40:35,400  
and we're just getting NASA to take a

977  
00:40:40,250 --> 00:40:37,619  
look now to start with and uh we'll see

978  
00:40:42,710 --> 00:40:40,260  
what they have to say do you think um

979  
00:40:44,690 --> 00:40:42,720  
you think that's genuine uh or do you

980  
00:40:45,970 --> 00:40:44,700  
think that there is an underlying uh

981  
00:40:48,710 --> 00:40:45,980  
knowledge there

982  
00:40:52,310 --> 00:40:48,720  
I think that there's

983  
00:40:55,550 --> 00:40:52,320  
an underlying knowledge of adversary

984  
00:40:58,550 --> 00:40:55,560  
Nations operating in our airspace or

985  
00:41:00,710 --> 00:40:58,560  
that again because this stuff was so

986  
00:41:04,250 --> 00:41:00,720  
highly compartmentalized like we could

987  
00:41:06,829 --> 00:41:04,260  
be testing things that

988  
00:41:10,370 --> 00:41:06,839

you know Christian Jello brand is not up

989

00:41:13,010 --> 00:41:10,380

on all the stuff like the average USAF

990

00:41:15,710 --> 00:41:13,020

even like the Interceptor pilot being

991

00:41:18,890 --> 00:41:15,720

scrambled to intercept a balloon is not

992

00:41:22,069 --> 00:41:18,900

like he does not know every single

993

00:41:24,650 --> 00:41:22,079

aircraft drone system weapon system that

994

00:41:27,170 --> 00:41:24,660

is in our inventory so I think it's a

995

00:41:29,930 --> 00:41:27,180

little of both like I think they they

996

00:41:32,329 --> 00:41:29,940

know some stuff and this is kind of it's

997

00:41:34,490 --> 00:41:32,339

a very reasonable approach

998

00:41:36,230 --> 00:41:34,500

and because it's reasonable it's kind of

999

00:41:39,050 --> 00:41:36,240

a calming thing it's like yeah there's

1000

00:41:39,710 --> 00:41:39,060

some stuff we don't know

1001

00:41:41,569 --> 00:41:39,720

um

1002

00:41:44,810 --> 00:41:41,579

and I think that's good enough for most

1003

00:41:50,210 --> 00:41:47,870

I got distracted by a comment

1004

00:41:52,310 --> 00:41:50,220

um Brooke 2 himself says we have

1005

00:41:54,650 --> 00:41:52,320

definitive statistical proof of

1006

00:41:56,270 --> 00:41:54,660

telepathy and even information picked up

1007

00:41:57,710 --> 00:41:56,280

via mediums and remote viewing and yet

1008

00:42:00,410 --> 00:41:57,720

that also has a stigma and is rejected

1009

00:42:01,910 --> 00:42:00,420

by mainstream uh sorry you're wrong

1010

00:42:04,010 --> 00:42:01,920

what

1011

00:42:06,589 --> 00:42:04,020

I'm not aware of any uh definitive

1012

00:42:10,010 --> 00:42:06,599

statistical proof of telepathy or uh

1013

00:42:11,329 --> 00:42:10,020

remote viewing yeah that exists I would

1014

00:42:14,270 --> 00:42:11,339

really like to hear about that though if

1015

00:42:15,950 --> 00:42:14,280

you want to I mean it is genuinely like

1016

00:42:18,829 --> 00:42:15,960

I would tell you

1017

00:42:21,829 --> 00:42:18,839

um check out the easy access book is

1018

00:42:25,150 --> 00:42:21,839

check out um Dean Raiden's book

1019

00:42:29,870 --> 00:42:28,010

Raiden talks about that here's what I

1020

00:42:32,750 --> 00:42:29,880

would say about this the statistical

1021

00:42:33,589 --> 00:42:32,760

proof is sort of

1022

00:42:36,109 --> 00:42:33,599

um

1023

00:42:38,390 --> 00:42:36,119

it is that it is a statistical proof

1024

00:42:41,569 --> 00:42:38,400

nobody I think two things have happened

1025

00:42:43,250 --> 00:42:41,579

with this first of all again

1026

00:42:45,230 --> 00:42:43,260

tricks are in the Paranormal really

1027

00:42:48,950 --> 00:42:45,240

talks about the stigma and this

1028

00:42:50,990 --> 00:42:48,960

rejection like the re the rejection of

1029

00:42:54,650 --> 00:42:51,000

um the Paranormal from a sociological

1030

00:42:56,329 --> 00:42:54,660

standpoint as societies move from being

1031

00:42:58,089 --> 00:42:56,339

governed by like an individual

1032

00:43:02,390 --> 00:42:58,099

charismatic

1033

00:43:04,190 --> 00:43:02,400

leader to a um govern kind of what we

1034

00:43:06,829 --> 00:43:04,200

have now with the bureaucratic structure

1035

00:43:08,870 --> 00:43:06,839

and thoughts of the supernatural have to

1036

00:43:11,930 --> 00:43:08,880

be discarded

1037

00:43:13,910 --> 00:43:11,940

until hip is a state where you have like

1038

00:43:16,790 --> 00:43:13,920

a regular kind of normal bureaucratic

1039

00:43:17,930 --> 00:43:16,800

Society the other thing is um and I hate

1040

00:43:21,010 --> 00:43:17,940

to say this because I think it's

1041

00:43:24,530 --> 00:43:21,020

fascinating it's not good for anything

1042

00:43:28,010 --> 00:43:24,540

like nobody has been able to take the

1043

00:43:32,690 --> 00:43:28,020

fact that there is a statistical

1044

00:43:34,809 --> 00:43:32,700

proof of telepathy and be like you can

1045

00:43:38,150 --> 00:43:34,819

train for telepathy we are we are

1046

00:43:41,270 --> 00:43:38,160

replicable the the problem the problem

1047

00:43:42,950 --> 00:43:41,280

with a lot of and this is again goes to

1048

00:43:44,510 --> 00:43:42,960

stuff that Hanson documents and

1049

00:43:48,730 --> 00:43:44,520

trickster is

1050

00:43:51,950 --> 00:43:48,740

there's a degree of social structure

1051

00:43:53,870 --> 00:43:51,960

that is more allowable in in the

1052

00:43:56,870 --> 00:43:53,880

Paranormal it seems that the trickster

1053

00:44:01,130 --> 00:43:56,880

element is that it seems to elude being

1054

00:44:04,450 --> 00:44:01,140

turned into a scientifically replicable

1055

00:44:07,609 --> 00:44:04,460

and repeatable process

1056

00:44:09,410 --> 00:44:07,619

and I think that's

1057

00:44:10,490 --> 00:44:09,420

some extent

1058

00:44:14,390 --> 00:44:10,500

um

1059

00:44:19,730 --> 00:44:14,400

that's why it just doesn't go anywhere

1060

00:44:23,390 --> 00:44:21,109

I wanted to lose their

1061

00:44:26,630 --> 00:44:23,400

X over my tea and had to like rush

1062

00:44:28,250 --> 00:44:26,640

around and clean up but um I know I'm a

1063

00:44:30,349 --> 00:44:28,260

hot mess tonight

1064

00:44:32,030 --> 00:44:30,359

um Jay I think of the question that you

1065

00:44:33,470 --> 00:44:32,040

sent me when I was speaking with Dr Jeff

1066

00:44:35,809 --> 00:44:33,480

[h\_\_\h]

1067

00:44:37,490 --> 00:44:35,819

um around uh in the trickster in the

1068

00:44:38,990 --> 00:44:37,500

Paranormal I'm just going to read it in

1069

00:44:41,270 --> 00:44:39,000

the trickster in the Paranormal Gregory

1070

00:44:43,550 --> 00:44:41,280

Hansen's analysis about anti-structure

1071

00:44:47,210 --> 00:44:43,560

argues that societies move towards not

1072

00:44:48,890 --> 00:44:47,220

having room for spiritual experience and

1073

00:44:52,130 --> 00:44:48,900

that also came to mind sort of in this

1074

00:44:53,990 --> 00:44:52,140

conversation this idea that like

1075

00:44:56,569 --> 00:44:54,000

um

1076

00:44:58,670 --> 00:44:56,579

we are increasingly moving towards a

1077

00:45:02,210 --> 00:44:58,680

human experience that does not have the

1078

00:45:03,890 --> 00:45:02,220

space for uh the mysterious right not

1079

00:45:06,829 --> 00:45:03,900

necessarily even the spiritual but that

1080

00:45:08,870 --> 00:45:06,839

it's sort of closing in on any of these

1081

00:45:10,250 --> 00:45:08,880

mysterious or numinous experiences that

1082

00:45:16,390 --> 00:45:10,260

have otherwise you know been pretty

1083

00:45:22,970 --> 00:45:19,849

that's that's a large part uh documented

1084

00:45:25,670 --> 00:45:22,980

part of his research that he he views

1085

00:45:28,010 --> 00:45:25,680

that as part of the phenomena of

1086

00:45:30,170 --> 00:45:28,020

demystifying

1087

00:45:32,030 --> 00:45:30,180

Society so I

1088

00:45:34,790 --> 00:45:32,040

but he views it as sort of a natural

1089

00:45:37,550 --> 00:45:34,800

process as Society just advances to the

1090

00:45:39,829 --> 00:45:37,560

to being all right a larger like we have

1091

00:45:42,109 --> 00:45:39,839

to have rules you know and as that

1092

00:45:44,750 --> 00:45:42,119

bureaucratic Society goes forward I

1093

00:45:47,270 --> 00:45:44,760

think that's why you see responses like

1094

00:45:50,210 --> 00:45:47,280

NASA's response which is just like well

1095

00:45:50,990 --> 00:45:50,220

we're gonna check it out I think

1096

00:45:53,030 --> 00:45:51,000

um

1097

00:45:55,250 --> 00:45:53,040

either response this is a little bit of

1098

00:45:56,630 --> 00:45:55,260

a classic thing

1099

00:45:58,430 --> 00:45:56,640

um

1100

00:46:00,349 --> 00:45:58,440

you don't want to know that the Chinese

1101  
00:46:02,030 --> 00:46:00,359  
are peaking at you necessarily that

1102  
00:46:05,150 --> 00:46:02,040  
seems to really upset a lot of people

1103  
00:46:07,910 --> 00:46:05,160  
although you know

1104  
00:46:09,890 --> 00:46:07,920  
um I don't really know I life is now too

1105  
00:46:12,230 --> 00:46:09,900  
boring to really care about that too

1106  
00:46:14,150 --> 00:46:12,240  
much but uh or you don't want to you

1107  
00:46:16,490 --> 00:46:14,160  
don't want the the government can't tell

1108  
00:46:19,490 --> 00:46:16,500  
you they don't know what's going on like

1109  
00:46:21,589 --> 00:46:19,500  
totally like it's like we really don't

1110  
00:46:23,390 --> 00:46:21,599  
know like this defies a rational

1111  
00:46:26,530 --> 00:46:23,400  
explanation

1112  
00:46:29,809 --> 00:46:26,540  
right I would love to yeah

1113  
00:46:31,670 --> 00:46:29,819

go ahead Campbell please yes sir like um

1114

00:46:34,849 --> 00:46:31,680

just from uh the previous thing I wanted

1115

00:46:36,829 --> 00:46:34,859

to comment comment on the uh statistical

1116

00:46:38,930 --> 00:46:36,839

um evidence for uh telepathy because

1117

00:46:41,809 --> 00:46:38,940

this is something I that quite

1118

00:46:44,750 --> 00:46:41,819

interesting I saw a tweet by uh one of

1119

00:46:46,250 --> 00:46:44,760

the spokespeople for the CIA uh database

1120

00:46:47,750 --> 00:46:46,260

at one point it was like several months

1121

00:46:49,069 --> 00:46:47,760

ago and they were sort of promoting the

1122

00:46:51,230 --> 00:46:49,079

fact that they put a bunch of documents

1123

00:46:54,349 --> 00:46:51,240

on there and they uh included reference

1124

00:46:56,390 --> 00:46:54,359

to the CIA report that found uh oh you

1125

00:46:59,750 --> 00:46:56,400

know every time we do a psychic study we

1126

00:47:02,630 --> 00:46:59,760

find a um a statistical uh percentage a

1127

00:47:05,089 --> 00:47:02,640

few percentage points that defy

1128

00:47:07,849 --> 00:47:05,099

um you know uh an explanation other than

1129

00:47:09,589 --> 00:47:07,859

some kind of effect uh however we can't

1130

00:47:11,990 --> 00:47:09,599

um weapon not we can't figure out how to

1131

00:47:13,609 --> 00:47:12,000

weaponize it effectively uh when I saw

1132

00:47:16,609 --> 00:47:13,619

that I was like well that's interesting

1133

00:47:18,230 --> 00:47:16,619

I assume that um you know if there was a

1134

00:47:20,270 --> 00:47:18,240

verifiable effect it would be looked at

1135

00:47:22,550 --> 00:47:20,280

in the public realm and of course it has

1136

00:47:24,829 --> 00:47:22,560

been there have been actually several

1137

00:47:26,990 --> 00:47:24,839

like there were like a dozen studies uh

1138

00:47:29,930 --> 00:47:27,000

that uh replicated that effect over and

1139

00:47:31,430 --> 00:47:29,940

over again in the 2000s um the

1140

00:47:32,450 --> 00:47:31,440

researcher's name is eluding me right

1141

00:47:34,670 --> 00:47:32,460

now but

1142

00:47:37,069 --> 00:47:34,680

the most interesting part here is that

1143

00:47:38,569 --> 00:47:37,079

uh in the you know the scientific

1144

00:47:40,430 --> 00:47:38,579

Community they haven't accepted that

1145

00:47:43,130 --> 00:47:40,440

telepathy exists what has happened is

1146

00:47:44,829 --> 00:47:43,140

that dozens upon dozens of peer-reviewed

1147

00:47:49,069 --> 00:47:44,839

papers have been published in response

1148

00:47:51,589 --> 00:47:49,079

describing how a tiny effect can be

1149

00:47:54,589 --> 00:47:51,599

produced consistently that is not

1150

00:47:56,030 --> 00:47:54,599

produced in the actual study itself in

1151

00:47:58,490 --> 00:47:56,040

the social sciences and it's actually

1152

00:48:01,670 --> 00:47:58,500

led to a huge amount of focused

1153

00:48:03,290 --> 00:48:01,680

attention on how to try to look back on

1154

00:48:06,890 --> 00:48:03,300

the history of social sciences and

1155

00:48:09,109 --> 00:48:06,900

correct for the fact that uh studies in

1156

00:48:10,730 --> 00:48:09,119

that field can produce an effect that

1157

00:48:12,890 --> 00:48:10,740

does not appear to actually be

1158

00:48:16,550 --> 00:48:12,900

fundamentally real now that doesn't mean

1159

00:48:18,589 --> 00:48:16,560

that that's true but that is uh the way

1160

00:48:20,690 --> 00:48:18,599

that the field has interpreted those

1161

00:48:22,490 --> 00:48:20,700

results so I just wanted to clarify that

1162

00:48:24,190 --> 00:48:22,500

for any uh scientists listening in and

1163

00:48:26,450 --> 00:48:24,200

pulling out their hair

1164

00:48:28,190 --> 00:48:26,460

yeah it's kind of interesting one of the

1165

00:48:30,589 --> 00:48:28,200

comments was Dean radin has multiple

1166

00:48:33,109 --> 00:48:30,599

meta studies attention affects about

1167

00:48:34,550 --> 00:48:33,119

three percent on dice now how are you

1168

00:48:35,930 --> 00:48:34,560

determining the causal relationship

1169

00:48:38,270 --> 00:48:35,940

between whatever these people are

1170

00:48:40,550 --> 00:48:38,280

claiming they're doing and the dice

1171

00:48:42,170 --> 00:48:40,560

um how do you know and this is this is a

1172

00:48:45,250 --> 00:48:42,180

joke but how do you know like a

1173

00:48:47,870 --> 00:48:45,260

poltergeist is an invisible Poltergeist

1174

00:48:49,970 --> 00:48:47,880

affecting the Dyson rather than the test

1175

00:48:52,069 --> 00:48:49,980

subject things like that I'd like to I'd

1176

00:48:54,770 --> 00:48:52,079

really like to see all these studies and

1177

00:48:56,750 --> 00:48:54,780

it sounds like to himself he knows about

1178

00:48:59,329 --> 00:48:56,760

a lot of them so if you want to um

1179

00:49:00,650 --> 00:48:59,339

hit me up after the show or like uh link

1180

00:49:01,849 --> 00:49:00,660

some of these things because I'm super

1181

00:49:04,010 --> 00:49:01,859

interested yeah this is super

1182

00:49:05,569 --> 00:49:04,020

fascinating I spent I spent a lot of

1183

00:49:07,970 --> 00:49:05,579

time digging through a lot of the global

1184

00:49:10,030 --> 00:49:07,980

consciousness studies as well which were

1185

00:49:15,230 --> 00:49:10,040

out of the Princeton the pear

1186

00:49:18,530 --> 00:49:17,450

um and have some you know look

1187

00:49:20,589 --> 00:49:18,540

um

1188

00:49:23,150 --> 00:49:20,599

11

1189

00:49:24,290 --> 00:49:23,160

have enough background in statistics I

1190

00:49:26,030 --> 00:49:24,300

spent some time with some of these

1191

00:49:28,130 --> 00:49:26,040

papers just kind of like pressure

1192

00:49:29,990 --> 00:49:28,140

testing their approaches and they seem

1193

00:49:31,970 --> 00:49:30,000

pretty interesting right like it seems

1194

00:49:34,010 --> 00:49:31,980

they seem interesting

1195

00:49:36,710 --> 00:49:34,020

um I don't know I don't feel comfortable

1196

00:49:38,390 --> 00:49:36,720

conferring oh yeah you know this is

1197

00:49:40,309 --> 00:49:38,400

definitely legit but it was interesting

1198

00:49:42,589 --> 00:49:40,319

enough to say it's worth exploring

1199

00:49:45,410 --> 00:49:42,599

further right just like I think the work

1200

00:49:47,390 --> 00:49:45,420

by Ryan at Duke is worth exploring

1201

00:49:50,150 --> 00:49:47,400

further I love all that stuff too yeah I

1202

00:49:51,470 --> 00:49:50,160

mean and don't I don't misunderstand

1203

00:49:53,030 --> 00:49:51,480

that I'm trying to say that I'm the

1204

00:49:55,490 --> 00:49:53,040

Arbiter whether or not these are

1205

00:49:57,109 --> 00:49:55,500

[h\_\_\h] or not I um I I am like

1206

00:49:58,670 --> 00:49:57,119

personally interested in them too so I

1207

00:50:00,410 --> 00:49:58,680

don't know if they didn't sound like I

1208

00:50:02,329 --> 00:50:00,420

was trying to like yeah put on you in

1209

00:50:03,770 --> 00:50:02,339

the chat or anything but a lot of the a

1210

00:50:05,510 --> 00:50:03,780

lot of the stuff that they've done with

1211

00:50:08,030 --> 00:50:05,520

the experiments was trying to figure out

1212

00:50:10,490 --> 00:50:08,040

who was doing what where like one of

1213

00:50:13,309 --> 00:50:10,500

them was was the actual like if I'm

1214

00:50:15,470 --> 00:50:13,319

conducting an experiment is it my

1215

00:50:17,990 --> 00:50:15,480

solubility affecting my students results

1216

00:50:22,250 --> 00:50:18,000

or my test subjects results you know not

1217

00:50:23,510 --> 00:50:22,260

my test subjects doing it but I again I

1218

00:50:26,510 --> 00:50:23,520

think it doesn't

1219

00:50:29,150 --> 00:50:26,520

um like Henry Rollins said gonna get me

1220

00:50:32,569 --> 00:50:29,160

laid can I sell it on eBay the answer to

1221

00:50:35,150 --> 00:50:32,579

both of those is no so it's not

1222

00:50:38,030 --> 00:50:35,160

um something that uh we're seeing like

1223

00:50:39,829 --> 00:50:38,040

you can't buy a Samsung product that can

1224

00:50:42,770 --> 00:50:39,839

we use it to bump around people that's

1225

00:50:44,329 --> 00:50:42,780

sort of thing right yeah and I want to

1226

00:50:46,790 --> 00:50:44,339

point out too like just to reiterate

1227

00:50:48,829 --> 00:50:46,800

that the CIA themselves in their

1228

00:50:50,990 --> 00:50:48,839

internal documents concluded that the

1229

00:50:52,849 --> 00:50:51,000

psychic phenomena was real

1230

00:50:54,530 --> 00:50:52,859

um and it was only uh you know decades

1231

00:50:55,849 --> 00:50:54,540

later in the public realm with the peer

1232

00:50:57,829 --> 00:50:55,859

review and then the other scientists

1233

00:51:00,049 --> 00:50:57,839

coming in and uh sort of being like well

1234

00:51:01,849 --> 00:51:00,059

I think it's this that that observation

1235

00:51:04,849 --> 00:51:01,859

that there's always this uh statistical

1236

00:51:06,349 --> 00:51:04,859

anomaly the interpretation being oh flaw

1237

00:51:08,210 --> 00:51:06,359

in the way that the studies have done or

1238

00:51:09,650 --> 00:51:08,220

any other uh you know actual psychic

1239

00:51:11,569 --> 00:51:09,660

phenomena or whatever so the observation

1240

00:51:13,970 --> 00:51:11,579

is a hundred percent the interpretation

1241

00:51:15,829 --> 00:51:13,980

is a you know reasonably subject to

1242

00:51:17,630 --> 00:51:15,839

debate

1243

00:51:20,390 --> 00:51:17,640

this reminds me something we talked

1244

00:51:23,329 --> 00:51:20,400

about maybe a couple months ago is uh

1245

00:51:25,490 --> 00:51:23,339

doing an on-air zener card test with uh

1246

00:51:27,349 --> 00:51:25,500

with all the uh the crew here and I

1247

00:51:29,150 --> 00:51:27,359

still want to do that at some point we

1248

00:51:31,010 --> 00:51:29,160

definitely should but I'm like I'm

1249

00:51:32,329 --> 00:51:31,020

really interested in zener cards um I

1250

00:51:34,130 --> 00:51:32,339

once did them on a first date with

1251  
00:51:35,630 --> 00:51:34,140  
someone and we just got drunker and

1252  
00:51:37,250 --> 00:51:35,640  
drunker over the course of the night and

1253  
00:51:38,809 --> 00:51:37,260  
played with the senior cards could you

1254  
00:51:40,490 --> 00:51:38,819  
explain what what are those actually

1255  
00:51:43,670 --> 00:51:40,500  
could you explain that to me one second

1256  
00:51:45,410 --> 00:51:43,680  
I'll go get them you have um but the

1257  
00:51:46,730 --> 00:51:45,420  
other circumstance where I think could

1258  
00:51:48,950 --> 00:51:46,740  
be fascinating is in any kind of

1259  
00:51:50,270 --> 00:51:48,960  
transpersonal situation situation like

1260  
00:51:53,270 --> 00:51:50,280  
whether it's a ketamine experience

1261  
00:51:54,950 --> 00:51:53,280  
psychedelic experience uh or holotropic

1262  
00:51:57,290 --> 00:51:54,960  
breath work or even social noting or

1263  
00:51:58,849 --> 00:51:57,300

like group meditation I think like that

1264

00:52:01,069 --> 00:51:58,859

plus senior cards would be really

1265

00:52:02,809 --> 00:52:01,079

fascinating to dig into I think uh

1266

00:52:04,549 --> 00:52:02,819

liminal Earth is doing the Philip

1267

00:52:06,790 --> 00:52:04,559

experiment tonight too

1268

00:52:08,809 --> 00:52:06,800

on their live stream

1269

00:52:10,490 --> 00:52:08,819

talk about this because it's happening

1270

00:52:12,650 --> 00:52:10,500

at 11 o'clock right yeah it's happening

1271

00:52:14,450 --> 00:52:12,660

11 o'clock um liminal Earth are doing

1272

00:52:16,130 --> 00:52:14,460

the Philip experiment which if you're

1273

00:52:17,450 --> 00:52:16,140

not familiar with the Philip experiment

1274

00:52:19,430 --> 00:52:17,460

it was

1275

00:52:21,710 --> 00:52:19,440

basically we're going to will a ghost

1276  
00:52:24,770 --> 00:52:21,720  
into existence we're going to create a

1277  
00:52:26,150 --> 00:52:24,780  
personality and manifest it even though

1278  
00:52:29,390 --> 00:52:26,160  
it is not

1279  
00:52:31,130 --> 00:52:29,400  
um conforming to the at the Phillips

1280  
00:52:32,990 --> 00:52:31,140  
experience where it's a ghost and it's

1281  
00:52:35,990 --> 00:52:33,000  
not Conformity it's not conforming to

1282  
00:52:38,210 --> 00:52:36,000  
the some dead person

1283  
00:52:39,589 --> 00:52:38,220  
um we're just making we're you know kind

1284  
00:52:41,329 --> 00:52:39,599  
of like Twitter likes to make up a dude

1285  
00:52:44,630 --> 00:52:41,339  
to get mad at they're just making up a

1286  
00:52:46,790 --> 00:52:44,640  
dude and trying to talk to them

1287  
00:52:48,349 --> 00:52:46,800  
this is It's funny Brooke is commenting

1288  
00:52:49,670 --> 00:52:48,359

on this too right now that's the case he

1289

00:52:51,290 --> 00:52:49,680

looked into contouring Philip they

1290

00:52:53,690 --> 00:52:51,300

created a fake person living in a castle

1291

00:52:55,069 --> 00:52:53,700

and conquered it using old school medium

1292

00:52:56,329 --> 00:52:55,079

techniques

1293

00:52:58,430 --> 00:52:56,339

I feel like

1294

00:53:00,470 --> 00:52:58,440

um Taps does that on TV a lot too it

1295

00:53:03,589 --> 00:53:00,480

seems the people at Skinwalker Ranch

1296

00:53:04,549 --> 00:53:03,599

one of the things on a lot of this stuff

1297

00:53:07,490 --> 00:53:04,559

um

1298

00:53:10,130 --> 00:53:07,500

I I kind of want I also feel like we

1299

00:53:11,809 --> 00:53:10,140

sort of need to disabuse the idea that

1300

00:53:14,150 --> 00:53:11,819

we're all rational and making rational

1301

00:53:15,950 --> 00:53:14,160

decisions on us and

1302

00:53:17,809 --> 00:53:15,960

like talking about things like why isn't

1303

00:53:19,910 --> 00:53:17,819

why isn't the PSI research more well

1304

00:53:24,109 --> 00:53:19,920

known people

1305

00:53:27,170 --> 00:53:24,119

um really seem to high belief to their

1306

00:53:28,250 --> 00:53:27,180

identity and I think you see that like

1307

00:53:30,290 --> 00:53:28,260

you have

1308

00:53:33,589 --> 00:53:30,300

um an absolute belief in rationalism

1309

00:53:35,809 --> 00:53:33,599

that lives in Academia back

1310

00:53:38,270 --> 00:53:35,819

you know I mean I don't even remember

1311

00:53:40,790 --> 00:53:38,280

just talking to a guy a friend of mine

1312

00:53:42,710 --> 00:53:40,800

who's a physics major and I was trying

1313

00:53:43,970 --> 00:53:42,720

you know anything out of this person I

1314

00:53:46,069 --> 00:53:43,980

was trying to get like well you can't

1315

00:53:48,049 --> 00:53:46,079

talk mathematically determine like what

1316

00:53:50,750 --> 00:53:48,059

the what the best song in the world is

1317

00:53:53,150 --> 00:53:50,760

and he was really like having like I I

1318

00:53:54,650 --> 00:53:53,160

like accidentally which I was just like

1319

00:53:56,990 --> 00:53:54,660

like you know it's like my [h\_\_h] around

1320

00:53:58,990 --> 00:53:57,000

and accidentally do so spinological

1321

00:54:03,470 --> 00:53:59,000

crisis in your homeboy

1322

00:54:05,690 --> 00:54:03,480

no like there has to be and if there's

1323

00:54:10,430 --> 00:54:05,700

not none of this matters

1324

00:54:12,890 --> 00:54:10,440

when I'm like whoa but okay well um but

1325

00:54:14,510 --> 00:54:12,900

you but just again like I said on I

1326

00:54:18,609 --> 00:54:14,520

think the last time she was like on the

1327

00:54:23,470 --> 00:54:18,619

other hand Deeds are horny for UFOs like

1328

00:54:26,630 --> 00:54:23,480

DD The X-Files and Mythos to be real and

1329

00:54:28,130 --> 00:54:26,640

that whole like that whole thing needs

1330

00:54:32,329 --> 00:54:28,140

to be treated on because they really

1331

00:54:34,130 --> 00:54:32,339

suck a lot of who they are into that

1332

00:54:38,390 --> 00:54:34,140

yeah

1333

00:54:42,410 --> 00:54:38,400

of I just think it governs a lot of

1334

00:54:44,569 --> 00:54:42,420

decision making yes yes yes it does and

1335

00:54:47,210 --> 00:54:44,579

it also precludes

1336

00:54:49,790 --> 00:54:47,220

um to me like complex or nuanced

1337

00:54:51,410 --> 00:54:49,800

thinking around the subject right this

1338

00:54:53,630 --> 00:54:51,420

is this is you could basically talk

1339

00:54:55,010 --> 00:54:53,640

about the criticism of trained observers

1340

00:54:56,450 --> 00:54:55,020

that we opened the show with as an

1341

00:54:58,549 --> 00:54:56,460

example of this like any kind of

1342

00:55:01,010 --> 00:54:58,559

criticism or pushback on the fallibility

1343

00:55:03,349 --> 00:55:01,020

of human trained observers is frequently

1344

00:55:06,410 --> 00:55:03,359

transmuted into a direct personal attack

1345

00:55:09,890 --> 00:55:06,420

on UFOs uh

1346

00:55:12,170 --> 00:55:09,900

yeah I uh the treatment server thing is

1347

00:55:14,030 --> 00:55:12,180

interesting because I know

1348

00:55:16,430 --> 00:55:14,040

um the astonishing Legends podcast guys

1349

00:55:19,609 --> 00:55:16,440

listen to that a lot or they mention

1350

00:55:20,630 --> 00:55:19,619

that a lot and you know one of the

1351

00:55:22,970 --> 00:55:20,640

things

1352

00:55:28,010 --> 00:55:25,849

so you know I I former pilot I am

1353

00:55:31,370 --> 00:55:28,020

technically a trained Observer all

1354

00:55:33,829 --> 00:55:31,380

really I am trained for is to like see

1355

00:55:35,990 --> 00:55:33,839

stuff that is also in the sky and my

1356

00:55:38,930 --> 00:55:36,000

number one judgment is am I on a

1357

00:55:43,010 --> 00:55:38,940

collision course with an organized and

1358

00:55:45,349 --> 00:55:43,020

once like that's like a real binary you

1359

00:55:48,650 --> 00:55:45,359

just you know just like nope you're not

1360

00:55:50,210 --> 00:55:48,660

or yup we are and then like I and it's

1361

00:55:51,349 --> 00:55:50,220

like you either have to move or you

1362

00:55:53,270 --> 00:55:51,359

don't

1363

00:55:56,270 --> 00:55:53,280

um popular item you can get this you

1364

00:55:58,490 --> 00:55:56,280

ever go to the uh Air Force Museum in

1365

00:56:01,790 --> 00:55:58,500

Dayton Ohio which is highly worthwhile

1366

00:56:03,049 --> 00:56:01,800

because you can see a ton of X Planes up

1367

00:56:05,329 --> 00:56:03,059

close

1368

00:56:06,650 --> 00:56:05,339

um you can get aircraft identification

1369

00:56:10,490 --> 00:56:06,660

cards

1370

00:56:12,770 --> 00:56:10,500

um to identify what's what this is just

1371

00:56:15,109 --> 00:56:12,780

copy they introduce these in the second

1372

00:56:17,870 --> 00:56:15,119

world war at the top of playing cards

1373

00:56:20,690 --> 00:56:17,880

with the Silhouettes Of

1374

00:56:22,790 --> 00:56:20,700

Allied and adversary aircraft on them so

1375

00:56:25,309 --> 00:56:22,800

you can train yourself to quickly

1376

00:56:28,549 --> 00:56:25,319

identify that silhouette but that's

1377

00:56:31,010 --> 00:56:28,559

different like I mean I don't

1378

00:56:32,930 --> 00:56:31,020

you know it's like okay there's another

1379

00:56:35,210 --> 00:56:32,940

small plane in the air with me it's like

1380

00:56:38,690 --> 00:56:35,220

is that a beachcraft or Piper it's like

1381

00:56:41,630 --> 00:56:38,700

I don't know we're also both like flying

1382

00:56:44,329 --> 00:56:41,640

at 140 knots per hour so you know you

1383

00:56:46,430 --> 00:56:44,339

add that up or closure rates on each

1384

00:56:49,370 --> 00:56:46,440

other pretty fast and it's like I don't

1385

00:56:52,430 --> 00:56:49,380

know there's another low window next

1386

00:56:56,089 --> 00:56:52,440

year I don't know moving on

1387

00:56:57,470 --> 00:56:56,099

so I I I think a lot of the you're not

1388

00:56:59,690 --> 00:56:57,480

going to go back to this and I hate to

1389

00:57:01,670 --> 00:56:59,700

say this because um the real you know

1390

00:57:04,490 --> 00:57:01,680

guys is the real meta conspiracy behind

1391

00:57:06,770 --> 00:57:04,500

all of this somewhere is uh Publishers

1392

00:57:10,270 --> 00:57:06,780

and booksellers just get enough to buy

1393

00:57:14,270 --> 00:57:10,280

all this stuff to read but yeah

1394

00:57:16,870 --> 00:57:14,280

I I just um merch it's that's the real

1395

00:57:19,549 --> 00:57:16,880

conspiracy but uh I think if people

1396

00:57:21,410 --> 00:57:19,559

actually were diffused on a hostility if

1397

00:57:22,790 --> 00:57:21,420

they got into the granular details a

1398

00:57:25,790 --> 00:57:22,800

little bit like could just divorced

1399

00:57:27,829 --> 00:57:25,800

themselves from the UFOs because the

1400

00:57:31,450 --> 00:57:27,839

Mythos is fine but actually the details

1401

00:57:35,809 --> 00:57:34,010

so circling back Nick are you ready to

1402

00:57:39,650 --> 00:57:35,819

talk about zener cards I see you're

1403

00:57:40,730 --> 00:57:39,660

shuffling them oh yeah hey yeah yeah do

1404

00:57:41,930 --> 00:57:40,740

you know the uh do you know the five

1405

00:57:45,910 --> 00:57:41,940

shapes

1406

00:57:52,069 --> 00:57:45,920

I do not so I do oh I do positive lift

1407

00:57:55,250 --> 00:57:53,690

that square

1408

00:57:56,690 --> 00:57:55,260

star

1409

00:58:00,010 --> 00:57:56,700

Circle

1410

00:58:04,010 --> 00:58:00,020

uh uh plus sign

1411

00:58:06,710 --> 00:58:04,020

and the bacon one oh yeah those squiggle

1412

00:58:09,710 --> 00:58:06,720

lines the bacon Dr Peter Venkman says a

1413

00:58:11,690 --> 00:58:09,720

bunch of wavy lines most people know of

1414

00:58:13,069 --> 00:58:11,700

zener cards is from the uh from

1415

00:58:16,370 --> 00:58:13,079

Ghostbusters

1416

00:58:17,630 --> 00:58:16,380

but uh these were these were produced

1417

00:58:20,990 --> 00:58:17,640

back in Duke

1418

00:58:23,750 --> 00:58:21,000

um like do you name like Carl zeiner I

1419

00:58:25,910 --> 00:58:23,760

think for JB Ryan I believe

1420

00:58:28,069 --> 00:58:25,920

um actually the a lot of the studies

1421

00:58:30,650 --> 00:58:28,079

that were done using these it was found

1422

00:58:33,049 --> 00:58:30,660

out uh after the fact that the cards

1423

00:58:34,309 --> 00:58:33,059

were kind of translucent and a lot of

1424

00:58:35,809 --> 00:58:34,319

the subjects could see right through

1425

00:58:39,349 --> 00:58:35,819

them

1426  
00:58:43,010 --> 00:58:41,690  
for everybody getting a good psychic hit

1427  
00:58:46,970 --> 00:58:43,020  
on this

1428  
00:58:55,789 --> 00:58:50,990  
Leah I said star the star Campbell

1429  
00:58:59,510 --> 00:58:55,799  
I I feel Stars well Luis

1430  
00:59:03,670 --> 00:59:01,130  
circled

1431  
00:59:07,270 --> 00:59:03,680  
Luis is psychic

1432  
00:59:13,010 --> 00:59:10,490  
neither do I but I am interested in this

1433  
00:59:14,630 --> 00:59:13,020  
so yeah uh Brooke please

1434  
00:59:16,549 --> 00:59:14,640  
um hit me up somehow I'm not on Twitter

1435  
00:59:18,109 --> 00:59:16,559  
anymore first but uh what happened to

1436  
00:59:22,069 --> 00:59:18,119  
you on Twitter

1437  
00:59:25,010 --> 00:59:22,079  
dude I just I can't it's too stupid I

1438  
00:59:28,670 --> 00:59:25,020

feel it I feel it it gets worse it gets

1439

00:59:31,130 --> 00:59:28,680

worse every day but I'm still um

1440

00:59:34,190 --> 00:59:31,140

you missed like I'm still hanging on

1441

00:59:37,250 --> 00:59:34,200

because like um Christian fascist Matt

1442

00:59:39,310 --> 00:59:37,260

Walsh's Twitter got hacked the other day

1443

00:59:40,990 --> 00:59:39,320

and it was like genuinely hilarious

1444

00:59:44,630 --> 00:59:41,000

[Laughter]

1445

00:59:47,569 --> 00:59:44,640

a fantastic terrorist and a problem

1446

00:59:49,849 --> 00:59:47,579

um but no I uh I I don't want to deny

1447

00:59:51,650 --> 00:59:49,859

that there was no value in UFO Twitter I

1448

00:59:53,450 --> 00:59:51,660

mean it's how I met a lot of you

1449

00:59:55,010 --> 00:59:53,460

um so how I made a lot of connections in

1450

00:59:57,230 --> 00:59:55,020

this field I like I know a ton of cool

1451

00:59:58,970 --> 00:59:57,240

people now because of it but

1452

01:00:00,950 --> 00:59:58,980

um I reached the

1453

01:00:03,410 --> 01:00:00,960

I reached the point where like I've met

1454

01:00:05,569 --> 01:00:03,420

everybody I'm going to meet see that uh

1455

01:00:06,950 --> 01:00:05,579

it's kind of filled its purpose so I'm

1456

01:00:09,410 --> 01:00:06,960

just I'm just kind of done with it right

1457

01:00:11,630 --> 01:00:09,420

now it the only purpose it served was to

1458

01:00:13,430 --> 01:00:11,640

get into fights which you know was fun

1459

01:00:15,950 --> 01:00:13,440

sometimes but uh

1460

01:00:18,049 --> 01:00:15,960

just I don't know it's it's too hard to

1461

01:00:21,289 --> 01:00:18,059

keep up with that in everything else

1462

01:00:23,390 --> 01:00:21,299

going on so I I had to bail weird

1463

01:00:25,309 --> 01:00:23,400

Twitter's Vibe is way better than UFO

1464

01:00:27,410 --> 01:00:25,319

Twitter I'm trying to slowly kind of

1465

01:00:29,270 --> 01:00:27,420

migrate into that space yeah that's like

1466

01:00:32,390 --> 01:00:29,280

where Jay's from that's where Vanessa's

1467

01:00:34,309 --> 01:00:32,400

from yeah I saw I saw because I follow

1468

01:00:35,450 --> 01:00:34,319

uh Jay it was probably one of my first

1469

01:00:36,890 --> 01:00:35,460

followers on Twitter a couple years

1470

01:00:38,930 --> 01:00:36,900

that's how I found Jay was through you

1471

01:00:40,970 --> 01:00:38,940

dude I saw you guys going back and forth

1472

01:00:43,789 --> 01:00:40,980

on memes and it was like this guy posts

1473

01:00:46,309 --> 01:00:43,799

a plus content so I wanted to kind of

1474

01:00:49,730 --> 01:00:46,319

like dip back into that kind of whole

1475

01:00:51,710 --> 01:00:49,740

paranormal stuff like less cfmr um you

1476

01:00:52,970 --> 01:00:51,720

know ESP stuff or even ghosts I still

1477

01:00:55,609 --> 01:00:52,980

love ghosts

1478

01:00:56,870 --> 01:00:55,619

um absolutely I just I don't know I

1479

01:00:58,430 --> 01:00:56,880

couldn't I couldn't kind of breach into

1480

01:00:59,650 --> 01:00:58,440

that Community maybe I'll try again

1481

01:01:02,329 --> 01:00:59,660

someday

1482

01:01:06,650 --> 01:01:02,339

we're having a we're having a picnic in

1483

01:01:08,630 --> 01:01:06,660

July that sounds nice yeah there are

1484

01:01:10,609 --> 01:01:08,640

nice people they're they're there are

1485

01:01:12,410 --> 01:01:10,619

some bad people there but it's kind of

1486

01:01:14,510 --> 01:01:12,420

like I feel like a lot of them either

1487

01:01:16,910 --> 01:01:14,520

quit or got pushed kind of pushing the

1488

01:01:18,470 --> 01:01:16,920

margins but uh

1489

01:01:21,049 --> 01:01:18,480

um I don't think

1490

01:01:23,690 --> 01:01:21,059

I think with UFO Twitter

1491

01:01:26,930 --> 01:01:23,700

um some people are like there's some

1492

01:01:30,410 --> 01:01:26,940

people that are um both like really uh

1493

01:01:32,150 --> 01:01:30,420

need a diagnosis who are alarming that

1494

01:01:34,870 --> 01:01:32,160

they're I think people do get sucked

1495

01:01:37,430 --> 01:01:34,880

into that like like

1496

01:01:40,490 --> 01:01:37,440

dudes that think they're um

1497

01:01:42,309 --> 01:01:40,500

secret agents or something it's a little

1498

01:01:46,490 --> 01:01:42,319

it's a little intense

1499

01:01:48,049 --> 01:01:46,500

yeah there's a lot of that Collective

1500

01:01:50,089 --> 01:01:48,059

um

1501

01:01:53,329 --> 01:01:50,099

I don't want to say Collective Mental

1502

01:01:55,609 --> 01:01:53,339

Illness but it's sort of like lots of

1503

01:01:57,589 --> 01:01:55,619

people with very bad ideas just kind of

1504

01:01:59,470 --> 01:01:57,599

huffing each other's farts to be

1505

01:02:02,870 --> 01:01:59,480

extremely crude

1506

01:02:04,910 --> 01:02:02,880

they do have a a form of hive mind and

1507

01:02:07,490 --> 01:02:04,920

that hive mind oh yeah I have a mental

1508

01:02:09,230 --> 01:02:07,500

illness yeah like it's foliated right

1509

01:02:12,349 --> 01:02:09,240

like it's sort of this like Collective

1510

01:02:15,049 --> 01:02:12,359

Madness or this Collective tilt

1511

01:02:18,530 --> 01:02:15,059

um that they tend like not only tend to

1512

01:02:21,650 --> 01:02:18,540

create and

1513

01:02:23,569 --> 01:02:21,660

um like churn constantly but also are

1514

01:02:25,250 --> 01:02:23,579

deeply deeply protective of again this

1515

01:02:28,430 --> 01:02:25,260

goes back to this idea of the egoic

1516

01:02:30,770 --> 01:02:28,440

identity being really tied up in UFOs

1517

01:02:32,630 --> 01:02:30,780

um where any kind of pushback or inquiry

1518

01:02:35,870 --> 01:02:32,640

or interrogation of their claims or

1519

01:02:38,030 --> 01:02:35,880

their behaviors is basically

1520

01:02:39,710 --> 01:02:38,040

um treated as a direct personal attack

1521

01:02:42,109 --> 01:02:39,720

whenever I witness this and of course

1522

01:02:44,750 --> 01:02:42,119

Twitter is UFO Twitter particularly is

1523

01:02:46,069 --> 01:02:44,760

Rife with it like I'm immediately always

1524

01:02:47,569 --> 01:02:46,079

curious about how these people actually

1525

01:02:49,250 --> 01:02:47,579

function in real life are they actually

1526

01:02:51,170 --> 01:02:49,260

this dysfunctional like how do they

1527

01:02:53,270 --> 01:02:51,180

maintain any sort of semblance of normal

1528

01:02:54,950 --> 01:02:53,280

human behavior whereas Twitter just

1529

01:02:57,230 --> 01:02:54,960

happens to be this Outlet where they get

1530

01:02:58,730 --> 01:02:57,240

to be completely crazy

1531

01:03:02,150 --> 01:02:58,740

I mean

1532

01:03:03,530 --> 01:03:02,160

personally yeah it is because you know

1533

01:03:05,809 --> 01:03:03,540

if

1534

01:03:09,190 --> 01:03:05,819

days that I'm frustrated I would vent on

1535

01:03:11,690 --> 01:03:09,200

Twitter I would I would pick UFO fights

1536

01:03:13,670 --> 01:03:11,700

literally just to vent just and I

1537

01:03:15,770 --> 01:03:13,680

enjoyed it and that's that's when you

1538

01:03:17,210 --> 01:03:15,780

said that though UFO fights I was

1539

01:03:18,650 --> 01:03:17,220

literally picturing some kind of

1540

01:03:20,990 --> 01:03:18,660

claymation

1541

01:03:24,470 --> 01:03:21,000

um show like MTV's old celebrity death

1542

01:03:27,230 --> 01:03:24,480

match where I would if they brought that

1543

01:03:29,510 --> 01:03:27,240

format back with UFO personalities I

1544

01:03:32,390 --> 01:03:29,520

would watch that

1545

01:03:32,400 --> 01:03:35,809

you know what

1546

01:03:39,589 --> 01:03:37,549

actually there's a dude on Twitter and I

1547

01:03:41,030 --> 01:03:39,599

the name is escaping me he's a he's a

1548

01:03:44,510 --> 01:03:41,040

big believer I think he's a big he's

1549

01:03:47,329 --> 01:03:44,520

like really into Lou but uh he's he

1550

01:03:49,010 --> 01:03:47,339

sculpted a sculpture of lewinudes it was

1551

01:03:50,569 --> 01:03:49,020

really good so like there's people with

1552

01:03:53,630 --> 01:03:50,579

Talent out there

1553

01:03:55,309 --> 01:03:53,640

Jay so I mean yeah I can't I wish I

1554

01:03:56,569 --> 01:03:55,319

could remember versus name I think they

1555

01:03:58,730 --> 01:03:56,579

have a YouTube channel too and they make

1556

01:04:00,650 --> 01:03:58,740

kind of like little uh UFO documentaries

1557

01:04:03,170 --> 01:04:00,660

and stuff the sculpting they're awesome

1558

01:04:05,210 --> 01:04:03,180

he uh process of how he made it and

1559

01:04:07,370 --> 01:04:05,220

stuff is really impressive cool I think

1560

01:04:09,470 --> 01:04:07,380

the one thing I mean a lot of those

1561

01:04:10,849 --> 01:04:09,480

people like I also want to say this like

1562

01:04:12,410 --> 01:04:10,859

a lot of them

1563

01:04:14,270 --> 01:04:12,420

um I would have been one of those people

1564

01:04:19,250 --> 01:04:14,280

if the internet would have done what it

1565

01:04:25,130 --> 01:04:19,260

was when I was like 17 to 25. because

1566

01:04:27,829 --> 01:04:25,140

the the like nap and the S4 saucer I

1567

01:04:30,289 --> 01:04:27,839

think like I have I had I did Art when I

1568

01:04:34,130 --> 01:04:30,299

was in school about the SR the S4 saucer

1569

01:04:36,890 --> 01:04:34,140

like I was a hundred percent

1570

01:04:40,130 --> 01:04:36,900

down that rabbit hole then I just I mean

1571

01:04:42,170 --> 01:04:40,140

a lot of my take now is because I've I

1572

01:04:44,510 --> 01:04:42,180

like I literally lived through the cycle

1573

01:04:46,370 --> 01:04:44,520

where

1574

01:04:49,670 --> 01:04:46,380

um that's what I said you know in in

1575

01:04:52,309 --> 01:04:49,680

like an aging Jeremy Corbell doing a

1576

01:04:54,349 --> 01:04:52,319

documentary like where is Louis lozondo

1577

01:04:58,430 --> 01:04:54,359

now like remember all that [h\_\_h] that

1578

01:05:01,190 --> 01:04:58,440

happened 20 years ago because

1579

01:05:03,349 --> 01:05:01,200

like and this is why I feel bad because

1580

01:05:04,910 --> 01:05:03,359

again I want to emphasize that like I

1581

01:05:06,650 --> 01:05:04,920

really did think we were on the verge of

1582

01:05:09,049 --> 01:05:06,660

some kind of disclosure moment all the

1583

01:05:11,450 --> 01:05:09,059

fiction was providing us the you know it

1584

01:05:13,970 --> 01:05:11,460

was loosen our minds up for this and

1585

01:05:17,750 --> 01:05:13,980

then uh you know everybody it's like you

1586

01:05:19,370 --> 01:05:17,760

got UFO blue balls and it's just going

1587

01:05:22,309 --> 01:05:19,380

to happen again

1588

01:05:24,109 --> 01:05:22,319

yeah probably yeah and also I mean this

1589

01:05:26,089 --> 01:05:24,119

idea this always reminds me of like

1590

01:05:27,890 --> 01:05:26,099

conversations about disclosure like one

1591

01:05:29,690 --> 01:05:27,900

is even in the best case scenario

1592

01:05:31,250 --> 01:05:29,700

disclosure feels to me like in a merger

1593

01:05:33,230 --> 01:05:31,260

process right it's not going to be just

1594

01:05:35,510 --> 01:05:33,240

a discreet event but the other thing too

1595

01:05:37,370 --> 01:05:35,520

this goes back to things I've said many

1596

01:05:38,870 --> 01:05:37,380

times on this show I certainly don't

1597

01:05:42,470 --> 01:05:38,880

trust the government or any sort of

1598

01:05:44,809 --> 01:05:42,480

institutional authority figure to be the

1599

01:05:47,210 --> 01:05:44,819

place that is spearheading disclosure in

1600

01:05:49,270 --> 01:05:47,220

anything the people that are covering it

1601  
01:05:52,190 --> 01:05:49,280  
up yeah yeah

1602  
01:05:53,690 --> 01:05:52,200  
it's a very long history of the

1603  
01:05:57,230 --> 01:05:53,700  
government

1604  
01:05:59,450 --> 01:05:57,240  
either actively disrupting or

1605  
01:06:01,250 --> 01:05:59,460  
infiltrating these kinds of spaces and

1606  
01:06:03,650 --> 01:06:01,260  
using them for Miss and disinformation

1607  
01:06:05,089 --> 01:06:03,660  
campaigns or you don't actually have to

1608  
01:06:07,970 --> 01:06:05,099  
be dude you don't have to be like a

1609  
01:06:09,230 --> 01:06:07,980  
conspiracy theorist to understand and

1610  
01:06:10,490 --> 01:06:09,240  
recognize that there's a long and

1611  
01:06:12,650 --> 01:06:10,500  
storied history of the US government

1612  
01:06:14,450 --> 01:06:12,660  
acting in deeply harmful ways towards

1613  
01:06:15,049 --> 01:06:14,460

its own citizens

1614

01:06:16,849 --> 01:06:15,059

um

1615

01:06:19,010 --> 01:06:16,859

through these through these venues and

1616

01:06:21,589 --> 01:06:19,020

to me it also feels like ufology or kind

1617

01:06:23,030 --> 01:06:21,599

of a lot of the ufological spaces or

1618

01:06:24,170 --> 01:06:23,040

basically Proving Grounds for a lot of

1619

01:06:26,690 --> 01:06:24,180

this Behavior

1620

01:06:29,390 --> 01:06:26,700

I think what bothers me about it is two

1621

01:06:30,049 --> 01:06:29,400

things the first being that it is a

1622

01:06:30,950 --> 01:06:30,059

little

1623

01:06:32,930 --> 01:06:30,960

um

1624

01:06:35,089 --> 01:06:32,940

I don't think anybody realizes kind of

1625

01:06:36,410 --> 01:06:35,099

how flexible they're being we're saying

1626  
01:06:38,390 --> 01:06:36,420  
like I don't believe anything government

1627  
01:06:39,829 --> 01:06:38,400  
says except we're going to twist their

1628  
01:06:42,829 --> 01:06:39,839  
arm to get them to finally tell the

1629  
01:06:45,349 --> 01:06:42,839  
truth this one time for sure

1630  
01:06:47,630 --> 01:06:45,359  
like disclosure happens it's like okay

1631  
01:06:49,010 --> 01:06:47,640  
this is really it it's like what you

1632  
01:06:50,870 --> 01:06:49,020  
think you swear

1633  
01:06:51,770 --> 01:06:50,880  
and I know we've talked about this

1634  
01:06:53,150 --> 01:06:51,780  
before

1635  
01:06:56,390 --> 01:06:53,160  
um

1636  
01:06:58,069 --> 01:06:56,400  
you really like there's a an idea that I

1637  
01:07:01,250 --> 01:06:58,079  
don't know what it is it reminds me of

1638  
01:07:03,289 --> 01:07:01,260

the original Far Side cartoon where uh

1639

01:07:04,849 --> 01:07:03,299

you know Professor types the lab coat

1640

01:07:06,289 --> 01:07:04,859

guys are drawing this massive equation

1641

01:07:08,270 --> 01:07:06,299

and then they get to the middle of it

1642

01:07:10,970 --> 01:07:08,280

and it says then the miracle occurs and

1643

01:07:13,849 --> 01:07:10,980

the rest of it goes back so disclosure

1644

01:07:16,010 --> 01:07:13,859

is a little bit like then the miracle

1645

01:07:18,770 --> 01:07:16,020

occurs because it seems like people are

1646

01:07:21,289 --> 01:07:18,780

going to compromise a lot of a lot of

1647

01:07:23,630 --> 01:07:21,299

values in the face of like it doesn't

1648

01:07:25,309 --> 01:07:23,640

matter like it doesn't matter if I go on

1649

01:07:28,549 --> 01:07:25,319

like the worst News Network on the world

1650

01:07:29,870 --> 01:07:28,559

as long as disclosure happens or and it

1651  
01:07:32,329 --> 01:07:29,880  
doesn't matter how bad this politician

1652  
01:07:35,089 --> 01:07:32,339  
is because he's behind us on this

1653  
01:07:38,569 --> 01:07:35,099  
but I want to Circle all the way back

1654  
01:07:40,609 --> 01:07:38,579  
and say none of this to me says that

1655  
01:07:42,770 --> 01:07:40,619  
aliens never aren't real and never

1656  
01:07:44,870 --> 01:07:42,780  
visited the

1657  
01:07:47,750 --> 01:07:44,880  
planet Earth because there are some

1658  
01:07:51,289 --> 01:07:47,760  
actually truly strange cases but I think

1659  
01:07:54,829 --> 01:07:51,299  
those are more of the edge cases and

1660  
01:07:56,870 --> 01:07:54,839  
The X-Files Mythos that were still

1661  
01:07:58,010 --> 01:07:56,880  
attempting to live He's just distracted

1662  
01:08:02,690 --> 01:07:58,020  
from

1663  
01:08:08,329 --> 01:08:05,750

Yeah well yeah why is uh why is where

1664

01:08:10,910 --> 01:08:08,339

it's Jagged entirely and I just like to

1665

01:08:11,809 --> 01:08:10,920

say we have somebody else in the uh back

1666

01:08:14,690 --> 01:08:11,819

here

1667

01:08:16,249 --> 01:08:14,700

um telezma blorb who is actually I think

1668

01:08:19,970 --> 01:08:16,259

is that next week that she's uh coming

1669

01:08:23,150 --> 01:08:19,980

up yeah so uh he'll add now

1670

01:08:25,610 --> 01:08:23,160

well six of us yeah it's basically a

1671

01:08:28,849 --> 01:08:25,620

party now hello

1672

01:08:33,590 --> 01:08:30,470

how are you tonight

1673

01:08:35,689 --> 01:08:33,600

I'm doing okay just enjoying the show I

1674

01:08:38,630 --> 01:08:35,699

I don't really follow all this stuff so

1675

01:08:41,150 --> 01:08:38,640

all of this information about Arrow I'm

1676

01:08:44,030 --> 01:08:41,160

getting from listening to other people

1677

01:08:46,269 --> 01:08:44,040

who have processed it because I just

1678

01:08:49,990 --> 01:08:46,279

would rather just not

1679

01:08:52,910 --> 01:08:50,000

I better follow myself

1680

01:08:55,610 --> 01:08:52,920

well from uh did you say you didn't

1681

01:08:57,590 --> 01:08:55,620

follow it himself um what's your uh

1682

01:08:59,450 --> 01:08:57,600

interpretation then if you're sort of

1683

01:09:03,349 --> 01:08:59,460

just collecting all the information from

1684

01:09:05,990 --> 01:09:03,359

The Ether what's your text

1685

01:09:08,209 --> 01:09:06,000

uh I mean it just sounds like the same

1686

01:09:09,590 --> 01:09:08,219

the same stuff you know it doesn't it

1687

01:09:12,470 --> 01:09:09,600

doesn't sound like any new information

1688

01:09:15,769 --> 01:09:12,480

but that's the thing like if I had my

1689

01:09:18,709 --> 01:09:15,779

choice I would just read about like you

1690

01:09:21,289 --> 01:09:18,719

know the electromagnetic anomalies of

1691

01:09:23,150 --> 01:09:21,299

the earth and like variable and crap you

1692

01:09:25,610 --> 01:09:23,160

know I would never I don't want to know

1693

01:09:29,570 --> 01:09:25,620

the name Brian bugle I I don't I don't

1694

01:09:33,709 --> 01:09:30,890

[Music]

1695

01:09:36,590 --> 01:09:33,719

understandable completely

1696

01:09:38,930 --> 01:09:36,600

yeah I I mean is is this kind of the

1697

01:09:40,610 --> 01:09:38,940

general consensus across everybody then

1698

01:09:43,789 --> 01:09:40,620

that's hearing was just kind of like

1699

01:09:51,050 --> 01:09:45,769

well I mean it's it's kind of nothing

1700

01:09:54,350 --> 01:09:53,090

for National Security narratives that

1701

01:09:56,209 --> 01:09:54,360

are just by being packaged and

1702

01:09:57,290 --> 01:09:56,219

repackaged in new and innovative ways

1703

01:09:58,490 --> 01:09:57,300

right

1704

01:10:01,310 --> 01:09:58,500

um and to me that's sort of what this

1705

01:10:03,350 --> 01:10:01,320

feels like intuitively yeah is it's just

1706

01:10:04,669 --> 01:10:03,360

more Comfort I mean even if you look at

1707

01:10:06,350 --> 01:10:04,679

the lobbying group rate the one that

1708

01:10:08,330 --> 01:10:06,360

Ryan Graves runs isn't it called like

1709

01:10:11,689 --> 01:10:08,340

citizens for safe Aerospace or something

1710

01:10:13,310 --> 01:10:11,699

like that like it's it's typically well

1711

01:10:14,570 --> 01:10:13,320

it's it's like a lot of it feels like a

1712

01:10:16,310 --> 01:10:14,580

lot of these narratives especially at

1713

01:10:18,169 --> 01:10:16,320

the government slash military level are

1714

01:10:20,930 --> 01:10:18,179

couched very deeply in these narratives

1715

01:10:23,149 --> 01:10:20,940

around National Security and protection

1716

01:10:24,950 --> 01:10:23,159

um which I think for the average person

1717

01:10:26,630 --> 01:10:24,960

like not a UFO person but the average

1718

01:10:28,370 --> 01:10:26,640

person that's basically like the Red

1719

01:10:32,470 --> 01:10:28,380

Menace which could be either Russia or

1720

01:10:39,709 --> 01:10:36,610

uh yeah I I think um

1721

01:10:42,169 --> 01:10:39,719

Mike's concern about all of this uh like

1722

01:10:44,630 --> 01:10:42,179

is is uh that you know there's this

1723

01:10:48,770 --> 01:10:44,640

clear you know very unified sort of UFO

1724

01:10:49,850 --> 01:10:48,780

party right like big UFO and

1725

01:10:52,790 --> 01:10:49,860

um

1726  
01:10:54,770 --> 01:10:52,800  
and and it's a very cohesive organized

1727  
01:10:57,410 --> 01:10:54,780  
movement and that it's a religious

1728  
01:10:59,330 --> 01:10:57,420  
movement but it's one where large

1729  
01:11:01,189 --> 01:10:59,340  
portions of the movement don't realize

1730  
01:11:03,709 --> 01:11:01,199  
they're in a religion because it doesn't

1731  
01:11:05,890 --> 01:11:03,719  
have a name you know

1732  
01:11:08,510 --> 01:11:05,900  
um they think that's just reality

1733  
01:11:13,070 --> 01:11:08,520  
because they're being tricked you know

1734  
01:11:15,590 --> 01:11:13,080  
and and and and so the lobbyists the UFO

1735  
01:11:19,070 --> 01:11:15,600  
lobbyists like Leslie Kane that's a

1736  
01:11:21,770 --> 01:11:19,080  
total conflict of interest uh to the US

1737  
01:11:24,110 --> 01:11:21,780  
you know it's it's a breach of uh of

1738  
01:11:25,790 --> 01:11:24,120

separation of church and state you know

1739

01:11:27,890 --> 01:11:25,800

what I mean

1740

01:11:28,910 --> 01:11:27,900

that's that's a spicy take I kind of

1741

01:11:32,390 --> 01:11:28,920

like it

1742

01:11:34,729 --> 01:11:32,400

oh boy it's more speculative I'm

1743

01:11:38,030 --> 01:11:34,739

speculating yeah well let's take a look

1744

01:11:40,250 --> 01:11:38,040

at the uh the culture of the religion uh

1745

01:11:41,750 --> 01:11:40,260

if we want to take a look at it that way

1746

01:11:44,390 --> 01:11:41,760

um I mean it's not organized obviously

1747

01:11:45,770 --> 01:11:44,400

but it is a set of beliefs that um you

1748

01:11:48,050 --> 01:11:45,780

know it could be argued to have a

1749

01:11:48,770 --> 01:11:48,060

structure of a sort

1750

01:11:50,510 --> 01:11:48,780

um

1751

01:11:52,790 --> 01:11:50,520

if you look at it you know when I

1752

01:11:55,370 --> 01:11:52,800

started looking at UFOs at 2021 for the

1753

01:11:56,689 --> 01:11:55,380

first time it was within the virus uh

1754

01:11:58,790 --> 01:11:56,699

you know my brain was open to new

1755

01:12:00,350 --> 01:11:58,800

information because of the trauma of

1756

01:12:02,090 --> 01:12:00,360

that whole thing and that's how trauma

1757

01:12:03,410 --> 01:12:02,100

works it opens your brain a new info I

1758

01:12:05,930 --> 01:12:03,420

was like okay I'll take a look at this

1759

01:12:07,850 --> 01:12:05,940

that would be funny if uh none of this

1760

01:12:09,649 --> 01:12:07,860

really like if the aliens are here that

1761

01:12:12,229 --> 01:12:09,659

would be kind of hilarious

1762

01:12:15,229 --> 01:12:13,910

it's like uh this might change things up

1763

01:12:17,630 --> 01:12:15,239

that might be cool so you know I

1764

01:12:19,250 --> 01:12:17,640

understand there's like uh people like

1765

01:12:20,750 --> 01:12:19,260

talk about disclosure it's like it's

1766

01:12:22,430 --> 01:12:20,760

about it being like this huge thing that

1767

01:12:23,930 --> 01:12:22,440

changes the world like that's sort of

1768

01:12:25,970 --> 01:12:23,940

like the core

1769

01:12:28,669 --> 01:12:25,980

thing here right like that a lot of

1770

01:12:30,410 --> 01:12:28,679

these people grab onto and it's like it

1771

01:12:33,350 --> 01:12:30,420

kind of excuses a lot of things it's

1772

01:12:34,790 --> 01:12:33,360

like if the aliens are here and they can

1773

01:12:37,070 --> 01:12:34,800

bring in these Advanced Technologies

1774

01:12:39,290 --> 01:12:37,080

that'll change the world then what what

1775

01:12:41,209 --> 01:12:39,300

is unjustifiable what what is

1776

01:12:42,110 --> 01:12:41,219

justifiable right like it goes pretty

1777

01:12:44,209 --> 01:12:42,120

far

1778

01:12:45,709 --> 01:12:44,219

So like

1779

01:12:48,590 --> 01:12:45,719

um

1780

01:12:50,450 --> 01:12:48,600

like Jay and the television like each of

1781

01:12:53,030 --> 01:12:50,460

you maybe uh plasma if you could answer

1782

01:12:55,370 --> 01:12:53,040

first like is there something that you

1783

01:12:57,530 --> 01:12:55,380

identified that brought you into this

1784

01:13:00,830 --> 01:12:57,540

initially like looking at these sort of

1785

01:13:03,050 --> 01:13:00,840

uh things on the edge uh like what what

1786

01:13:03,770 --> 01:13:03,060

brought you in

1787

01:13:07,130 --> 01:13:03,780

um

1788

01:13:08,750 --> 01:13:07,140

well uh you mean just like uh the

1789

01:13:11,030 --> 01:13:08,760

anomalous and like the Paranormal in

1790

01:13:11,870 --> 01:13:11,040

general like streams yes

1791

01:13:14,330 --> 01:13:11,880

um

1792

01:13:17,570 --> 01:13:14,340

well I've really been interested in it

1793

01:13:19,430 --> 01:13:17,580

since I was uh

1794

01:13:20,450 --> 01:13:19,440

very young

1795

01:13:23,090 --> 01:13:20,460

um

1796

01:13:25,490 --> 01:13:23,100

and uh

1797

01:13:29,510 --> 01:13:25,500

you know some of my earliest member I I

1798

01:13:31,870 --> 01:13:29,520

have a very early memory of being in a

1799

01:13:36,169 --> 01:13:31,880

library in New Jersey

1800

01:13:40,189 --> 01:13:36,179

and looking on like you know like one of

1801  
01:13:43,790 --> 01:13:40,199  
those old like uh Max or something like

1802  
01:13:46,430 --> 01:13:43,800  
a really old clear box I mean the green

1803  
01:13:49,370 --> 01:13:46,440  
pixels like that way back in the 80s

1804  
01:13:51,790 --> 01:13:49,380  
this is like in the late 80s this is

1805  
01:13:54,470 --> 01:13:51,800  
like a Lisa

1806  
01:13:57,590 --> 01:13:54,480  
Nick Nick has one of these I think these

1807  
01:13:59,390 --> 01:13:57,600  
were called Lisa's yeah oh yeah the

1808  
01:14:00,950 --> 01:13:59,400  
least that's that's her nip that's how

1809  
01:14:06,350 --> 01:14:00,960  
Nick talks to his internet girlfriends

1810  
01:14:09,410 --> 01:14:06,360  
on that thing the local BBS yeah

1811  
01:14:11,450 --> 01:14:09,420  
um yeah yeah but yeah like and and

1812  
01:14:14,090 --> 01:14:11,460  
looking for information about the Jersey

1813  
01:14:15,950 --> 01:14:14,100

Devil I was at that age very obsessed

1814

01:14:19,430 --> 01:14:15,960

with the Jersey Devil and a Loch Ness

1815

01:14:22,550 --> 01:14:19,440

monster I was probably five years old

1816

01:14:24,950 --> 01:14:22,560

um and and I I I got into UFOs a few

1817

01:14:26,810 --> 01:14:24,960

years after that I think you know I

1818

01:14:30,229 --> 01:14:26,820

remember having vivid dreams of like

1819

01:14:32,149 --> 01:14:30,239

giant squid and ecclesiosaurs and stuff

1820

01:14:35,510 --> 01:14:32,159

like that you know

1821

01:14:37,430 --> 01:14:35,520

so it's it's it's been a fixation

1822

01:14:39,470 --> 01:14:37,440

pretty much my entire life for as long

1823

01:14:41,090 --> 01:14:39,480

as I remember

1824

01:14:43,370 --> 01:14:41,100

I mean this subject is like everyone's

1825

01:14:44,750 --> 01:14:43,380

lifetime Affliction right like I I I'm

1826

01:14:46,130 --> 01:14:44,760

sitting in my office right now and I

1827

01:14:47,810 --> 01:14:46,140

have a drawing that I did of an alien

1828

01:14:49,070 --> 01:14:47,820

when I was in second grade right that my

1829

01:14:50,810 --> 01:14:49,080

mom found when she was cleaning her

1830

01:14:53,689 --> 01:14:50,820

basement and was like see Thea you've

1831

01:14:58,910 --> 01:14:53,699

never changed and it's so accessible are

1832

01:15:02,689 --> 01:15:00,110

um it's funny Jay you were talking about

1833

01:15:05,570 --> 01:15:02,699

being into this in school I remember

1834

01:15:07,910 --> 01:15:05,580

um in I want to say it was seventh grade

1835

01:15:09,830 --> 01:15:07,920

in tech ed we we did Screen Printing and

1836

01:15:11,570 --> 01:15:09,840

I remember screen printing one of the

1837

01:15:13,790 --> 01:15:11,580

sketches of an alien gray out of Bud

1838

01:15:15,890 --> 01:15:13,800

Hopkins Intruders which I checked out

1839

01:15:19,130 --> 01:15:15,900

from the school library uh that very

1840

01:15:22,130 --> 01:15:19,140

school so yeah it's been I almost wound

1841

01:15:23,630 --> 01:15:22,140

up at Art School too so the

1842

01:15:25,930 --> 01:15:23,640

seven-year-old but yeah right and your

1843

01:15:29,209 --> 01:15:25,940

portfolio yeah that's a really good

1844

01:15:30,290 --> 01:15:29,219

drawing yeah mail it interprets to you

1845

01:15:32,209 --> 01:15:30,300

when I was applying to their friends

1846

01:15:34,310 --> 01:15:32,219

that's very cool I think your mom just

1847

01:15:36,950 --> 01:15:34,320

drew it and like told you that you

1848

01:15:40,130 --> 01:15:36,960

dropped you know so you confabulate the

1849

01:15:44,390 --> 01:15:40,140

memory yes

1850

01:15:44,400 --> 01:15:48,110

oh

1851  
01:15:55,010 --> 01:15:51,470  
sorry yeah

1852  
01:15:57,189 --> 01:15:55,020  
no I muted Jay oh he's unmuted now you

1853  
01:16:00,950 --> 01:15:57,199  
can talk

1854  
01:16:03,290 --> 01:16:00,960  
Unleashed um I actually yeah a lot of

1855  
01:16:06,290 --> 01:16:03,300  
that stuff so

1856  
01:16:07,790 --> 01:16:06,300  
I am I am a child of the 80s and I think

1857  
01:16:10,729 --> 01:16:07,800  
um a lot of the stuff you're gonna

1858  
01:16:12,950 --> 01:16:10,739  
remember like the seven like 70s was

1859  
01:16:14,990 --> 01:16:12,960  
really like the error where all that

1860  
01:16:17,270 --> 01:16:15,000  
stuff peaked and there are so many books

1861  
01:16:20,270 --> 01:16:17,280  
published about it just even if they

1862  
01:16:22,550 --> 01:16:20,280  
were trashed like miscellaneous books

1863  
01:16:24,610 --> 01:16:22,560

about you know this Bermuda Triangle

1864

01:16:27,470 --> 01:16:24,620

there were a couple

1865

01:16:31,310 --> 01:16:27,480

you know UFO books there was a lot of

1866

01:16:33,770 --> 01:16:31,320

that stuff around and I just remember

1867

01:16:36,050 --> 01:16:33,780

um soaking it up in like School

1868

01:16:38,630 --> 01:16:36,060

libraries I think

1869

01:16:41,149 --> 01:16:38,640

um you know like even my parents were

1870

01:16:43,490 --> 01:16:41,159

just like very normal people had some of

1871

01:16:45,370 --> 01:16:43,500

that stuff because it was like 70s you

1872

01:16:48,290 --> 01:16:45,380

couldn't how could you

1873

01:16:50,390 --> 01:16:48,300

yeah and it sounds like plasma is sort

1874

01:16:52,370 --> 01:16:50,400

of the same it's like the we're of the

1875

01:16:55,450 --> 01:16:52,380

um spontaneous combustion generation

1876

01:16:57,649 --> 01:16:55,460

yeah so whatever happened to that right

1877

01:16:58,490 --> 01:16:57,659

and I thought that was going to be a

1878

01:17:01,010 --> 01:16:58,500

much

1879

01:17:03,709 --> 01:17:01,020

um more dire thing I'd have to face as

1880

01:17:06,410 --> 01:17:03,719

in moving into adulthood

1881

01:17:08,510 --> 01:17:06,420

but uh yeah all that stuff imprinted on

1882

01:17:09,470 --> 01:17:08,520

me but I do think

1883

01:17:11,209 --> 01:17:09,480

um

1884

01:17:13,310 --> 01:17:11,219

I think some of us are just kind of

1885

01:17:15,590 --> 01:17:13,320

caught from that cloth because like I

1886

01:17:17,810 --> 01:17:15,600

want like the weird everything like if

1887

01:17:19,790 --> 01:17:17,820

you were like your two pens it's like

1888

01:17:23,090 --> 01:17:19,800

the standard Bic panoris and it's weird

1889

01:17:26,570 --> 01:17:23,100

I'm like give me the weird pad and

1890

01:17:29,750 --> 01:17:26,580

that's just my personal uh polarity

1891

01:17:35,390 --> 01:17:31,370

uh

1892

01:17:39,350 --> 01:17:35,400

did that actually happen or is that a

1893

01:17:43,430 --> 01:17:40,630

what's that

1894

01:17:45,229 --> 01:17:43,440

Brooke made a comment quote I told my

1895

01:17:46,729 --> 01:17:45,239

brother that my parents were lizards and

1896

01:17:48,590 --> 01:17:46,739

took their faces off at night and I

1897

01:17:50,270 --> 01:17:48,600

wasn't allowed to talk aliens after that

1898

01:17:51,470 --> 01:17:50,280

right yeah it probably scared your

1899

01:17:53,709 --> 01:17:51,480

little brother so much that your parents

1900

01:17:58,010 --> 01:17:53,719

were like [h\_\_h] you little [h\_\_h] no more

1901

01:18:01,310 --> 01:17:58,020

but uh I also remembered being really

1902

01:18:03,290 --> 01:18:01,320

young and wondering if the um the rest

1903

01:18:04,850 --> 01:18:03,300

of the like world was there when I was

1904

01:18:07,310 --> 01:18:04,860

looking

1905

01:18:09,410 --> 01:18:07,320

oh yeah I can remember thinking that

1906

01:18:11,630 --> 01:18:09,420

when I was when I was very young I've

1907

01:18:13,669 --> 01:18:11,640

always had this preoccupation with the

1908

01:18:15,530 --> 01:18:13,679

various strange and the weird Jay when

1909

01:18:17,090 --> 01:18:15,540

you said if I had two equal things and

1910

01:18:19,490 --> 01:18:17,100

one was weird and one was normal and the

1911

01:18:21,669 --> 01:18:19,500

same way I'd always pick the weird thing

1912

01:18:25,010 --> 01:18:21,679

um and I'm I'm from a family that is

1913

01:18:27,590 --> 01:18:25,020

Normie Beyond Norby right I am like even

1914

01:18:29,390 --> 01:18:27,600

my extended family and God bless my

1915

01:18:31,790 --> 01:18:29,400

parents who are super supportive of How

1916

01:18:35,149 --> 01:18:31,800

Deeply [h\_\_h] weird I can be

1917

01:18:36,950 --> 01:18:35,159

um but it does feel almost like a baked

1918

01:18:38,570 --> 01:18:36,960

in personality trait or disposition

1919

01:18:40,130 --> 01:18:38,580

because I feel like so many people that

1920

01:18:42,050 --> 01:18:40,140

I talk to in and around these spaces

1921

01:18:44,030 --> 01:18:42,060

will have very similar narratives right

1922

01:18:46,430 --> 01:18:44,040

this is these are preoccupations that

1923

01:18:48,350 --> 01:18:46,440

have been with them

1924

01:18:50,209 --> 01:18:48,360

um then I mean I like look I'm super

1925

01:18:51,830 --> 01:18:50,219

open about this I I pretty regularly

1926

01:18:54,110 --> 01:18:51,840

engage with and have had experiences

1927

01:18:56,149 --> 01:18:54,120

that have fundamentally disrupted and

1928

01:18:58,370 --> 01:18:56,159

broken down my ontologies right like

1929

01:18:59,689 --> 01:18:58,380

I've I've had ego dissolving and ego

1930

01:19:00,950 --> 01:18:59,699

death experiences I've deliberately

1931

01:19:02,870 --> 01:19:00,960

sought these things out like

1932

01:19:06,830 --> 01:19:02,880

deliberately sought out things that will

1933

01:19:08,570 --> 01:19:06,840

uh fracture and refactor my perception

1934

01:19:09,770 --> 01:19:08,580

of the world and my experience of

1935

01:19:12,410 --> 01:19:09,780

reality

1936

01:19:13,729 --> 01:19:12,420

um I have this huge huge appetite for it

1937

01:19:15,470 --> 01:19:13,739

um and I think it's just something you

1938

01:19:18,050 --> 01:19:15,480

know these kinds of experiences I love

1939

01:19:19,669 --> 01:19:18,060

them and find not only satisfaction in

1940

01:19:22,790 --> 01:19:19,679

meaning in them but just find sort of

1941

01:19:24,770 --> 01:19:22,800

this adventurous experience

1942

01:19:27,290 --> 01:19:24,780

um really kind of gratifying but there

1943

01:19:28,790 --> 01:19:27,300

are also things that if you don't want

1944

01:19:30,290 --> 01:19:28,800

them and you don't have that appetite

1945

01:19:32,330 --> 01:19:30,300

they're deeply traumatic and really

1946

01:19:33,830 --> 01:19:32,340

harmful and upsetting

1947

01:19:36,169 --> 01:19:33,840

um and I don't just mean psychedelics I

1948

01:19:38,090 --> 01:19:36,179

mean even like spiritual emergence uh

1949

01:19:40,250 --> 01:19:38,100

meditation sessions like deep meditation

1950

01:19:41,689 --> 01:19:40,260

can cause like really deleterious

1951

01:19:43,970 --> 01:19:41,699

effects in some people can lead to

1952

01:19:45,649 --> 01:19:43,980

dissociation manic episodes psychosis

1953

01:19:47,570 --> 01:19:45,659

things like that

1954

01:19:49,790 --> 01:19:47,580

um and I do just think it's something

1955

01:19:52,669 --> 01:19:49,800

that can be like basically innate like

1956

01:19:55,610 --> 01:19:52,679

woven into somebody's disposition

1957

01:19:58,550 --> 01:19:55,620

yeah I I uh I think um

1958

01:20:01,910 --> 01:19:58,560

I agree with you and I think a major

1959

01:20:06,169 --> 01:20:01,920

problem in our culture personally is

1960

01:20:09,470 --> 01:20:06,179

that you know and especially around like

1961

01:20:12,110 --> 01:20:09,480

Wu and UFO culture is this idea that

1962

01:20:15,169 --> 01:20:12,120

ontological shock is something I think

1963

01:20:16,790 --> 01:20:15,179

that people make it a lot scarier than

1964

01:20:18,890 --> 01:20:16,800

it actually is

1965

01:20:22,010 --> 01:20:18,900

um you know for me I that's I was just

1966

01:20:25,189 --> 01:20:22,020

writing about this yesterday like I seek

1967

01:20:26,870 --> 01:20:25,199

out ontological shock as well not

1968

01:20:28,130 --> 01:20:26,880

exactly the same kind that you're

1969

01:20:30,890 --> 01:20:28,140

talking about but I mean it's still

1970

01:20:33,350 --> 01:20:30,900

ontological shock and I think you know

1971

01:20:37,310 --> 01:20:33,360

ontological shock is a good thing

1972

01:20:39,890 --> 01:20:37,320

because we live in a universe that's

1973

01:20:42,530 --> 01:20:39,900

always changing all the time and we're

1974

01:20:45,709 --> 01:20:42,540

not static objects we are Dynamic

1975

01:20:49,490 --> 01:20:45,719

systems and like I think people have

1976

01:20:52,910 --> 01:20:49,500

become very vulnerable because they're

1977

01:20:55,430 --> 01:20:52,920

afraid you know that they kind of start

1978

01:20:58,430 --> 01:20:55,440

getting these the protective or

1979

01:21:01,370 --> 01:20:58,440

authentic authoritarian mindsets of

1980

01:21:03,590 --> 01:21:01,380

being like well this has to be true you

1981

01:21:04,370 --> 01:21:03,600

know or they look to mystery and they

1982

01:21:07,370 --> 01:21:04,380

place

1983

01:21:09,890 --> 01:21:07,380

a picture on it you know an illustration

1984

01:21:12,410 --> 01:21:09,900

of Jesus basically

1985

01:21:15,770 --> 01:21:12,420

and and so when an ontological happened

1986

01:21:18,169 --> 01:21:15,780

shock happens it makes it so much worse

1987

01:21:21,229 --> 01:21:18,179

for them it it it it makes them

1988

01:21:23,870 --> 01:21:21,239

vulnerable to that

1989

01:21:24,470 --> 01:21:23,880

I I think to

1990

01:21:28,850 --> 01:21:24,480

um

1991

01:21:34,490 --> 01:21:32,330

we tend we I mean like collectively as a

1992

01:21:37,610 --> 01:21:34,500

culture or Society we tend to assign

1993

01:21:39,950 --> 01:21:37,620

value judgments to them right it isn't

1994

01:21:42,169 --> 01:21:39,960

either or a situation not a both and

1995

01:21:44,570 --> 01:21:42,179

right you can have these very strange

1996

01:21:46,729 --> 01:21:44,580

mysterious experiences

1997

01:21:49,130 --> 01:21:46,739

um and you are there for pathologized

1998

01:21:51,649 --> 01:21:49,140

into having something wrong with you

1999

01:21:52,970 --> 01:21:51,659

um or opinions or views that cannot or

2000

01:21:54,290 --> 01:21:52,980

should not be trusted and you I mean you

2001

01:21:55,850 --> 01:21:54,300

see a lot of this with like spiritual

2002

01:21:58,070 --> 01:21:55,860

emergence and then people being

2003

01:21:59,510 --> 01:21:58,080

diagnosed as manic uh and being

2004

01:22:00,590 --> 01:21:59,520

medicated

2005

01:22:02,750 --> 01:22:00,600

um now this does not mean that

2006

01:22:04,490 --> 01:22:02,760

medication is bad doesn't mean it's not

2007

01:22:07,430 --> 01:22:04,500

helpful or useful that pathologies

2008

01:22:08,390 --> 01:22:07,440

should be dismissed but there are

2009

01:22:11,950 --> 01:22:08,400

um

2010

01:22:14,870 --> 01:22:11,960

many different processes and

2011

01:22:17,090 --> 01:22:14,880

Pathways towards wholeness when people

2012

01:22:18,830 --> 01:22:17,100

experience these things and I think you

2013

01:22:21,530 --> 01:22:18,840

know I think I think part of this

2014

01:22:23,450 --> 01:22:21,540

proclivity towards pathologizing these

2015

01:22:28,130 --> 01:22:23,460

kinds of things is basically because

2016

01:22:29,990 --> 01:22:28,140

they are directly contrary to uh frankly

2017

01:22:32,330 --> 01:22:30,000

capitalism right they make you shitty

2018

01:22:35,090 --> 01:22:32,340

workers they make you less inclined

2019

01:22:37,790 --> 01:22:35,100

towards hyper materialism or

2020

01:22:41,510 --> 01:22:37,800

productivity and so much of our kind of

2021

01:22:43,850 --> 01:22:41,520

mental health apparatus is not really

2022

01:22:45,649 --> 01:22:43,860

focused on a holistic approach towards

2023

01:22:47,149 --> 01:22:45,659

integration and wholeness but rather on

2024

01:22:49,669 --> 01:22:47,159

just getting you up and working again

2025

01:22:52,010 --> 01:22:49,679

writing your JavaScript or slinging

2026

01:22:54,830 --> 01:22:52,020

plates at a restaurant or whatever

2027

01:22:56,510 --> 01:22:54,840

um and I you know I

2028

01:22:57,290 --> 01:22:56,520

if I'm going to pull back the curtain a

2029

01:22:58,790 --> 01:22:57,300

lot

2030

01:23:00,350 --> 01:22:58,800

um you know one of my personally held

2031

01:23:02,450 --> 01:23:00,360

beliefs is that we live in a culture

2032

01:23:04,310 --> 01:23:02,460

that is so hungry for meaning and sense

2033

01:23:06,229 --> 01:23:04,320

making and even

2034

01:23:08,090 --> 01:23:06,239

um experience of the mysterious that

2035

01:23:10,070 --> 01:23:08,100

these desires become transmuted into

2036

01:23:12,350 --> 01:23:10,080

like basically

2037

01:23:13,850 --> 01:23:12,360

um an illness social socially and

2038

01:23:15,410 --> 01:23:13,860

culturally because we have such poor

2039

01:23:17,149 --> 01:23:15,420

narratives for exploring it in our

2040

01:23:19,070 --> 01:23:17,159

present moment and when you do explore

2041

01:23:20,450 --> 01:23:19,080

it it can be highly stigmatized or

2042

01:23:22,330 --> 01:23:20,460

ostracizing

2043

01:23:24,110 --> 01:23:22,340

um early to just being like you know

2044

01:23:27,770 --> 01:23:24,120

inappropriately interpreting and

2045

01:23:33,229 --> 01:23:31,010

let's see you know you see that

2046

01:23:34,729 --> 01:23:33,239

um I'm going to say this a little bit in

2047

01:23:36,830 --> 01:23:34,739

defense of not wanting to have an

2048

01:23:38,570 --> 01:23:36,840

oncological shock but it's it's what you

2049

01:23:42,290 --> 01:23:38,580

said it's like I don't have time for

2050

01:23:44,570 --> 01:23:42,300

that man I think two two of my favorite

2051  
01:23:47,030 --> 01:23:44,580  
um memes that I see UFO memes going

2052  
01:23:49,630 --> 01:23:47,040  
around are you know it's Fox Mulder's

2053  
01:23:53,270 --> 01:23:49,640  
poster except it says I want to leave

2054  
01:23:55,430 --> 01:23:53,280  
I love that one and the um wojacks where

2055  
01:23:57,350 --> 01:23:55,440  
there's like you know the the burner the

2056  
01:23:59,209 --> 01:23:57,360  
um like the burnout wojak the guy with

2057  
01:24:02,209 --> 01:23:59,219  
the cap who smokes and there's a gray

2058  
01:24:04,250 --> 01:24:02,219  
and the gray says aren't you shocked and

2059  
01:24:06,649 --> 01:24:04,260  
the burnout Well Jack is just like hey

2060  
01:24:10,550 --> 01:24:06,659  
man I got a lot going on lately

2061  
01:24:11,930 --> 01:24:10,560  
that is how I feel like right now the

2062  
01:24:14,750 --> 01:24:11,940  
amount of stuff that's gone on with me

2063  
01:24:16,250 --> 01:24:14,760

that's mundane it's like I don't I you

2064

01:24:18,590 --> 01:24:16,260

know if I had an oncological shock

2065

01:24:21,169 --> 01:24:18,600

tonight I'd be like it's like coach it's

2066

01:24:24,229 --> 01:24:21,179

like walk it off 15 minutes walk it off

2067

01:24:27,110 --> 01:24:24,239

you know because it's it's like I gotta

2068

01:24:30,530 --> 01:24:27,120

um I take my mom's car to Body Shop I

2069

01:24:32,510 --> 01:24:30,540

got work like yeah it's not really

2070

01:24:37,930 --> 01:24:32,520

um it's not really a framework to

2071

01:24:43,750 --> 01:24:40,370

is inconvenient to The Establishment

2072

01:24:49,550 --> 01:24:43,760

that is the truest [h\_\_h] thing

2073

01:24:53,689 --> 01:24:52,250

like disclosure and apocalypse right

2074

01:24:56,149 --> 01:24:53,699

people have this conception that it's

2075

01:24:59,290 --> 01:24:56,159

going to be this single great historical

2076

01:25:03,050 --> 01:24:59,300

event or like oh I'm gonna learn about

2077

01:25:05,630 --> 01:25:03,060

non-human intelligence because this I'm

2078

01:25:07,669 --> 01:25:05,640

gonna see like a giant flying saucer in

2079

01:25:10,130 --> 01:25:07,679

the sky or something

2080

01:25:11,750 --> 01:25:10,140

I think that really what the way that

2081

01:25:15,110 --> 01:25:11,760

people actually

2082

01:25:18,590 --> 01:25:15,120

reshape their minds is not generally in

2083

01:25:21,290 --> 01:25:18,600

big steps and uh it's really in very

2084

01:25:23,330 --> 01:25:21,300

small incremental steps

2085

01:25:25,070 --> 01:25:23,340

um most of the time not all the time of

2086

01:25:28,370 --> 01:25:25,080

course but

2087

01:25:32,090 --> 01:25:28,380

um for me ontological shock

2088

01:25:35,570 --> 01:25:34,310

it

2089

01:25:38,649 --> 01:25:35,580

um

2090

01:25:40,550 --> 01:25:38,659

I don't know where I'm going sorry

2091

01:25:42,050 --> 01:25:40,560

that's okay

2092

01:25:44,090 --> 01:25:42,060

you can finish that thought next week

2093

01:25:45,770 --> 01:25:44,100

right yes yeah you're coming back next

2094

01:25:48,530 --> 01:25:45,780

week

2095

01:25:50,570 --> 01:25:48,540

um or even uh even what I said I was

2096

01:25:52,310 --> 01:25:50,580

joking with Leah on Twitter I'm like

2097

01:25:54,850 --> 01:25:52,320

aliens can duck me tonight as long as

2098

01:25:58,010 --> 01:25:54,860

they wait till Saturday to drop me off

2099

01:26:00,890 --> 01:25:58,020

so I just got

2100

01:26:04,010 --> 01:26:00,900

so I could just kind of um blank on the

2101  
01:26:05,750 --> 01:26:04,020  
next few days that would be sweet and

2102  
01:26:07,129 --> 01:26:05,760  
that's kind of what modern I feel like

2103  
01:26:09,950 --> 01:26:07,139  
that's Modern Life

2104  
01:26:11,570 --> 01:26:09,960  
yeah no I agree I agree I I think I was

2105  
01:26:15,590 --> 01:26:11,580  
going off in like a different direction

2106  
01:26:18,350 --> 01:26:15,600  
kind of and I don't know what happens

2107  
01:26:21,290 --> 01:26:18,360  
don't worry I'll be much better prepared

2108  
01:26:22,729 --> 01:26:21,300  
next week right on

2109  
01:26:24,470 --> 01:26:22,739  
um so we're actually gonna get wrapping

2110  
01:26:25,550 --> 01:26:24,480  
things up uh here at the bottom of the

2111  
01:26:28,189 --> 01:26:25,560  
hour

2112  
01:26:31,610 --> 01:26:28,199  
um I have a very very important date at

2113  
01:26:33,709 --> 01:26:31,620

11 so I need to go get my car and get

2114

01:26:35,990 --> 01:26:33,719

going but

2115

01:26:38,270 --> 01:26:36,000

um tesla can't wait to have you on

2116

01:26:40,790 --> 01:26:38,280

next week Jay a friend of the Pod friend

2117

01:26:43,070 --> 01:26:40,800

of the show basically at this point what

2118

01:26:45,229 --> 01:26:43,080

faculty on ins nearly

2119

01:26:46,490 --> 01:26:45,239

um love having both you on and

2120

01:26:48,950 --> 01:26:46,500

contributing

2121

01:26:50,689 --> 01:26:48,960

um really insightful conversation

2122

01:26:51,709 --> 01:26:50,699

um I'm gonna boot both you guys off the

2123

01:26:58,430 --> 01:26:51,719

stream

2124

01:27:02,510 --> 01:27:00,530

thanks both of you for coming on yeah

2125

01:27:04,250 --> 01:27:02,520

this was this was fun I love these

2126  
01:27:05,810 --> 01:27:04,260  
conversations and I love I honestly love

2127  
01:27:08,030 --> 01:27:05,820  
and appreciate the crossover into a lot

2128  
01:27:10,390 --> 01:27:08,040  
of the high strangeness and weird stuff

2129  
01:27:16,010 --> 01:27:13,189  
too lots of cool stuff in there

2130  
01:27:17,930 --> 01:27:16,020  
um I want to say before we go that uh I

2131  
01:27:21,010 --> 01:27:17,940  
just had a lemon and a black licorice at

2132  
01:27:24,050 --> 01:27:21,020  
the same time super sick

2133  
01:27:25,930 --> 01:27:24,060  
not not super sick like gnarly and

2134  
01:27:28,550 --> 01:27:25,940  
awesome

2135  
01:27:32,030 --> 01:27:28,560  
and uh and now you're gonna go have a

2136  
01:27:32,040 --> 01:27:36,350  
delicious experience incredible

2137  
01:27:40,250 --> 01:27:37,250  
um

2138  
01:27:42,649 --> 01:27:40,260

so uh

2139

01:27:45,770 --> 01:27:42,659

uh what's going on next week again

2140

01:27:47,629 --> 01:27:45,780

we have talisma on next week cool um

2141

01:27:49,490 --> 01:27:47,639

after that TBD

2142

01:27:51,290 --> 01:27:49,500

um we have Rob from our Strange Skies

2143

01:27:52,729 --> 01:27:51,300

joining us in mid-may super excited

2144

01:27:54,830 --> 01:27:52,739

about that

2145

01:27:56,570 --> 01:27:54,840

um certainly if anyone any audience

2146

01:27:58,370 --> 01:27:56,580

members listeners viewers whatever if

2147

01:27:59,810 --> 01:27:58,380

any of you have suggestions on guests or

2148

01:28:01,129 --> 01:27:59,820

subjects you'd like us to cover please

2149

01:28:03,830 --> 01:28:01,139

feel free to reach out to me on Twitter

2150

01:28:05,570 --> 01:28:03,840

my DMs are open or you can join us on

2151

01:28:07,010 --> 01:28:05,580

Discord there's a link in the show

2152

01:28:09,229 --> 01:28:07,020

description we'd love to have you we

2153

01:28:11,270 --> 01:28:09,239

have a public Discord always welcome

2154

01:28:13,189 --> 01:28:11,280

um new joiners and thoughts

2155

01:28:16,010 --> 01:28:13,199

um before we sign off for the night any

2156

01:28:18,470 --> 01:28:16,020

parting words from you gentlemen

2157

01:28:19,510 --> 01:28:18,480

well it's neat that there was the uh

2158

01:28:22,129 --> 01:28:19,520

first

2159

01:28:24,169 --> 01:28:22,139

Congressional hearing on UFOs in 40

2160

01:28:25,930 --> 01:28:24,179

years that was kind of cool today right

2161

01:28:29,270 --> 01:28:25,940

like

2162

01:28:31,129 --> 01:28:29,280

last year didn't we yeah we have one in

2163

01:28:32,810 --> 01:28:31,139

January it was the first public hearing

2164

01:28:34,790 --> 01:28:32,820

or some crap right like it said

2165

01:28:36,649 --> 01:28:34,800

something there's some distinction in

2166

01:28:38,689 --> 01:28:36,659

the headline that I read that made me

2167

01:28:40,970 --> 01:28:38,699

think it matters okay don't take this

2168

01:28:43,850 --> 01:28:40,980

away from me

2169

01:28:45,709 --> 01:28:43,860

cool remember when we said ins wouldn't

2170

01:28:47,149 --> 01:28:45,719

talk UFOs anymore glad that didn't want

2171

01:28:49,790 --> 01:28:47,159

to ask who said that

2172

01:28:51,050 --> 01:28:49,800

I don't think anyone said that they're

2173

01:28:52,790 --> 01:28:51,060

definitely going to continue talking

2174

01:28:54,770 --> 01:28:52,800

UFOs they're kind of our breaded butter

2175

01:28:58,669 --> 01:28:54,780

but we also have appetites for stuff

2176  
01:29:00,890 --> 01:28:58,679  
well outside uh the UFO subject I think

2177  
01:29:07,010 --> 01:29:00,900  
so like assorted jelly beans

2178  
01:29:11,450 --> 01:29:09,610  
oh yeah

2179  
01:29:18,850 --> 01:29:11,460  
you should be able to tell us what he's

2180  
01:29:23,270 --> 01:29:21,470  
what was I thinking you're thinking

2181  
01:29:25,250 --> 01:29:23,280  
about circles

2182  
01:29:27,010 --> 01:29:25,260  
I was thinking about a bunch of grapes

2183  
01:29:29,689 --> 01:29:27,020  
so yes that's correct

2184  
01:29:32,090 --> 01:29:29,699  
wow it's basically a remote viewer right

2185  
01:29:33,850 --> 01:29:32,100  
here incredible yeah I don't believe in

2186  
01:29:38,149 --> 01:29:33,860  
that stuff

2187  
01:29:42,229 --> 01:29:40,729  
very strange

2188  
01:29:43,070 --> 01:29:42,239

a little circle

2189

01:29:45,830 --> 01:29:43,080

um

2190

01:29:47,930 --> 01:29:45,840

all right that's all from that note yes

2191

01:29:50,570 --> 01:29:47,940

we will see you here next Wednesday 9 pm

2192

01:29:55,680 --> 01:29:50,580

Eastern can't wait have a nice night all

2193

01:30:34,210 --> 01:30:31,630

[Music]

2194

01:30:42,550 --> 01:30:34,220

[Applause]

2195

01:30:42,560 --> 01:30:51,920

thank you

2196

01:31:05,370 --> 01:31:03,350

[Music]

2197

01:31:30,890 --> 01:31:05,380
