8
00:01:50,149 --> 00:01:47,510
hello everybody broadcasting live from

9
00:01:51,910 --> 00:01:50,159
the Great Northern Wilderness I bid you

10
00:01:54,230 --> 00:01:51,920
good evening good morning good afternoon

11
00:01:56,929 --> 00:01:54,240
wherever you are around the continent

12
00:01:59,149 --> 00:01:56,939
around the world my name is Campbell

13
00:02:01,749 --> 00:01:59,159

marrera and this is the invisible night

14

00:02:03,830 --> 00:02:01,759

school for those of you just joining us

15

00:02:05,810 --> 00:02:03,840

ins was founded by a group of

16

00:02:07,550 --> 00:02:05,820

researchers and academics analytically

17

00:02:09,770 --> 00:02:07,560

exploring the study of UFO culture

18

00:02:11,809 --> 00:02:09,780

paranormal phenomena and epistemology

19

00:02:14,809 --> 00:02:11,819

among other things

20

00:02:17,150 --> 00:02:14,819

ins is not a monolith we represent

21

00:02:19,610 --> 00:02:17,160

varied ideas backgrounds disciplines and

22

00:02:22,369 --> 00:02:19,620

experiences and seek to engage in good

23

00:02:25,369 --> 00:02:22,379

faith dialogue with other curious minds

24

00:02:28,670 --> 00:02:25,379

and with that let me bring on my

25

00:02:32,030 --> 00:02:28,680

co-hosts for this evening Nick and

26

00:02:33,650 --> 00:02:32,040

Louise hey guys looking forward to this

27

00:02:35,150 --> 00:02:33,660

one how y'all doing

28

00:02:36,949 --> 00:02:35,160

good all right

29

00:02:39,530 --> 00:02:36,959

unfortunately Leah will not be with us

30

00:02:43,729 --> 00:02:39,540

this week but I'm certain that you will

31

00:02:47,390 --> 00:02:43,739

be back soon for this evening Louise you

32

00:02:50,690 --> 00:02:47,400

have so graciously offered to give us a

33

00:02:54,530 --> 00:02:50,700

bit of a story from the

34

00:02:56,390 --> 00:02:54,540

history books of the UFO culture I

35

00:02:58,670 --> 00:02:56,400

suppose we would call it

36

00:03:01,490 --> 00:02:58,680

um yeah the uh it sort of ties in with

37

00:03:02,930 --> 00:03:01,500

the sort of history of experiencers but

38

00:03:05,930 --> 00:03:02,940

in a more uh

39

00:03:09,110 --> 00:03:05,940

I don't know a more um

40

00:03:10,970 --> 00:03:09,120

because he uh he just this character

41

00:03:13,250 --> 00:03:10,980

that we're gonna get into he talks a lot

42

00:03:16,070 --> 00:03:13,260

about his experiences and what he saw

43

00:03:18,710 --> 00:03:16,080

and it's about like believing the word

44

00:03:21,470 --> 00:03:18,720

of the uh person it's an interesting

45

00:03:23,990 --> 00:03:21,480

continuation of that older history of

46

00:03:26,089 --> 00:03:24,000

people uh sort of reporting seeing

47

00:03:28,790 --> 00:03:26,099

aliens and now it's sort of reporting

48

00:03:30,290 --> 00:03:28,800

seeing things inside the government

49

00:03:34,309 --> 00:03:30,300

um yeah what do you think is the best

50

00:03:37,610 --> 00:03:34,319

way to introduce people to this mythical

51
00:03:42,170 --> 00:03:37,620
almost figure at this point Louise

52
00:03:44,690 --> 00:03:42,180
maybe um the context of the 1980s and

53
00:03:48,350 --> 00:03:44,700
into the 90s where um

54
00:03:49,850 --> 00:03:48,360
the UFO story became more paranoid it

55
00:03:53,149 --> 00:03:49,860
became more centered around government

56
00:03:54,350 --> 00:03:53,159
conspiracies and cover-ups

57
00:03:57,050 --> 00:03:54,360
um

58
00:04:00,470 --> 00:03:57,060
so like you know we had people on on the

59
00:04:03,890 --> 00:04:00,480
radio like um Cooper and you also had

60
00:04:08,270 --> 00:04:03,900
John Leo spouting a lot of insane crap

61
00:04:13,369 --> 00:04:10,970
friends with radar uh not surprisingly

62
00:04:14,570 --> 00:04:13,379
so I think that sort of background is a

63
00:04:16,969 --> 00:04:14,580

little bit important

64

00:04:19,310 --> 00:04:16,979

um I mean lizard didn't invent it um he

65

00:04:20,930 --> 00:04:19,320

kind of picked up on it but um it was

66

00:04:23,210 --> 00:04:20,940

kind of the right time for that because

67

00:04:25,249 --> 00:04:23,220

I think a lot of things in the American

68

00:04:26,330 --> 00:04:25,259

culture were sort of converging to that

69

00:04:28,610 --> 00:04:26,340

point

70

00:04:30,469 --> 00:04:28,620

General distrust of the government

71

00:04:34,129 --> 00:04:30,479

at that time

72

00:04:37,249 --> 00:04:34,139

um and the militia movements as well was

73

00:04:39,050 --> 00:04:37,259

becoming a big thing stuff like that and

74

00:04:40,790 --> 00:04:39,060

then Lazar kind of inserted himself into

75

00:04:49,070 --> 00:04:40,800

that

76

00:04:52,790 --> 00:04:49,080

um this character

77

00:04:54,170 --> 00:04:52,800

um he uh was uh originally kind of he

78

00:04:55,909 --> 00:04:54,180

would probably in modern terms be

79

00:04:57,890 --> 00:04:55,919

considered kind of these one of these

80

00:04:59,570 --> 00:04:57,900

sort of libertarian types right he like

81

00:05:02,090 --> 00:04:59,580

was sort of doing his own stuff out in

82

00:05:04,310 --> 00:05:02,100

the desert like uh yeah very skeptical

83

00:05:08,090 --> 00:05:04,320

of uh government in many ways that's

84

00:05:11,510 --> 00:05:08,100

pretty neat uh and concerning

85

00:05:13,390 --> 00:05:11,520

yeah and John Leo was kind of like that

86

00:05:15,650 --> 00:05:13,400

as well and so was uh

87

00:05:18,170 --> 00:05:15,660

Cooper always figured his first name but

88

00:05:21,110 --> 00:05:18,180

you know what I'm talking about

89

00:05:23,810 --> 00:05:21,120

I do not William is it William Cooper

90

00:05:29,390 --> 00:05:23,820

yeah yeah

91

00:05:31,730 --> 00:05:29,400

The Pale Horse

92

00:05:33,590 --> 00:05:31,740

um he um incidentally died in a shootout

93

00:05:36,350 --> 00:05:33,600

with police yeah

94

00:05:38,570 --> 00:05:36,360

um because of unpaid taxes apparently oh

95

00:05:41,870 --> 00:05:38,580

my gosh okay I've seen people talk about

96

00:05:43,850 --> 00:05:41,880

this guy and uh I've done like a cursory

97

00:05:47,330 --> 00:05:43,860

look into him and immediately just been

98

00:05:49,310 --> 00:05:47,340

like whoa whoa whoa okay no no that's uh

99

00:05:53,450 --> 00:05:49,320

so he was on the radio you're saying

100

00:05:55,010 --> 00:05:53,460

yeah he hosted a radio show I believe

101
00:05:57,890 --> 00:05:55,020
I've never listened to it actually

102
00:06:00,529 --> 00:05:57,900
myself but it's kind of like Alex Jones

103
00:06:03,189 --> 00:06:00,539
before Alex Jones I guess okay like

104
00:06:05,450 --> 00:06:03,199
anti-tax and stuff obviously yeah

105
00:06:07,070 --> 00:06:05,460
alien conspiracies but then he sort of

106
00:06:09,529 --> 00:06:07,080
dropped that and he was basically saying

107
00:06:11,510 --> 00:06:09,539
that the aliens were themselves a

108
00:06:12,710 --> 00:06:11,520
conspiracy by the government to cover up

109
00:06:14,990 --> 00:06:12,720
stuff

110
00:06:18,490 --> 00:06:15,000
I think he accurately predicted uh

111
00:06:23,809 --> 00:06:22,370
a broken clock or whatever I guess so

112
00:06:26,990 --> 00:06:23,819
you you were kind of setting the stage

113
00:06:29,689 --> 00:06:27,000

uh the early 80s there was the late 70s

114

00:06:30,950 --> 00:06:29,699

early 80s this kind of um Resurgence of

115

00:06:32,390 --> 00:06:30,960

distrusting government because there was

116

00:06:35,390 --> 00:06:32,400

a seed of that in the beginning in the

117

00:06:38,930 --> 00:06:35,400

40s yeah I would say more like in the

118

00:06:41,330 --> 00:06:38,940

late 80s okay and then certainly into

119

00:06:43,850 --> 00:06:41,340

the 90s with the um the X-Files and all

120

00:06:46,249 --> 00:06:43,860

those items

121

00:06:47,689 --> 00:06:46,259

um but I mean suddenly even at the

122

00:06:50,029 --> 00:06:47,699

beginning of the contact team movement

123

00:06:52,730 --> 00:06:50,039

there were some musings about government

124

00:06:55,010 --> 00:06:52,740

uh cover-ups but it wasn't nearly to the

125

00:06:58,610 --> 00:06:55,020

extent that it would be later on right

126

00:07:01,430 --> 00:06:58,620

so uh Lazar was kind of um

127

00:07:02,749 --> 00:07:01,440

yeah as you say cannibal kind of a l

128

00:07:04,670 --> 00:07:02,759

guess you would call him a Libertarian

129

00:07:07,370 --> 00:07:04,680

type these days

130

00:07:10,490 --> 00:07:07,380

um because he was um very much into l

131

00:07:13,309 --> 00:07:10,500

still is into kind of pyrotechnics and

132

00:07:14,570 --> 00:07:13,319

uh doing experiments and stuff like that

133

00:07:17,270 --> 00:07:14,580

um

134

00:07:18,409 --> 00:07:17,280

uh going out into the desert and blowing

135

00:07:20,510 --> 00:07:18,419

crap up

136

00:07:28,309 --> 00:07:20,520

um

137

00:07:30,110 --> 00:07:28,319

model UFO was uh called this yeah the

138

00:07:33,350 --> 00:07:30,120

sport model which is sort of I think

139

00:07:35,330 --> 00:07:33,360

like a unconscious tell about his love

140

00:07:37,129 --> 00:07:35,340

for sports cars and all those sorts of

141

00:07:40,249 --> 00:07:37,139

things so there's a lot of like little

142

00:07:42,230 --> 00:07:40,259

hints in his story that if you

143

00:07:44,570 --> 00:07:42,240

consider them from the perspective of

144

00:07:47,570 --> 00:07:44,580

like what business psychology

145

00:07:49,969 --> 00:07:47,580

like it could tell you a lot of things

146

00:07:52,129 --> 00:07:49,979

and I think a lot of UFO conspiracy

147

00:07:54,350 --> 00:07:52,139

theorists um people who tell stories

148

00:07:57,110 --> 00:07:54,360

like him they kind of give away the game

149

00:07:57,830 --> 00:07:57,120

by unconsciously like

150

00:07:59,870 --> 00:07:57,840

um

151
00:08:03,230 --> 00:07:59,880
drip dripping their stories with like

152
00:08:05,689 --> 00:08:03,240
these little things here and there

153
00:08:07,309 --> 00:08:05,699
well let's what what are the if you

154
00:08:09,650 --> 00:08:07,319
could like kind of summarize what are

155
00:08:12,770 --> 00:08:09,660
the claims of Bob Lazar

156
00:08:15,469 --> 00:08:12,780
that he was um

157
00:08:17,710 --> 00:08:15,479
that he had worked at um Los Alamos

158
00:08:19,909 --> 00:08:17,720
National Laboratory as a physicist

159
00:08:23,270 --> 00:08:19,919
although he never had worked there as a

160
00:08:26,990 --> 00:08:23,280
physicist he was a technician he was um

161
00:08:30,469 --> 00:08:27,000
hired out by Kirk Meyer which was a

162
00:08:32,870 --> 00:08:30,479
a contractor back then they um you know

163
00:08:34,550 --> 00:08:32,880

would hire out technicians and people

164

00:08:36,730 --> 00:08:34,560

like that so the government agencies

165

00:08:40,130 --> 00:08:36,740

including the National Laboratories

166

00:08:42,050 --> 00:08:40,140

Lazar worked there for a maximum of I

167

00:08:44,209 --> 00:08:42,060

think eight or nine months according to

168

00:08:47,030 --> 00:08:44,219

the research of signals intelligence he

169

00:08:48,710 --> 00:08:47,040

wrote up a um an article he did a foia

170

00:08:50,870 --> 00:08:48,720

request actually

171

00:08:53,030 --> 00:08:50,880

and he sort of bounded

172

00:08:55,070 --> 00:08:53,040

the time that Lazar could have worked

173

00:08:57,170 --> 00:08:55,080

out Lionel and it was I think eight

174

00:08:59,509 --> 00:08:57,180

months maximum so there was no time for

175

00:09:01,610 --> 00:08:59,519

him to become a physicist he didn't have

176

00:09:05,030 --> 00:09:01,620

any um formal qualifications in that

177

00:09:08,110 --> 00:09:05,040

field either he claimed that he had um a

178

00:09:09,650 --> 00:09:08,120

master's degree from MIT in

179

00:09:12,829 --> 00:09:09,660

magnetohydrodynamics which was

180

00:09:14,990 --> 00:09:12,839

incidentally a um UFO related topic that

181

00:09:17,210 --> 00:09:15,000

was doing the rounds and documentaries

182

00:09:20,090 --> 00:09:17,220

on TV right I think that was like clout

183

00:09:22,250 --> 00:09:20,100

chasing basically to the UFO crowd

184

00:09:24,769 --> 00:09:22,260

ironically unless I would later say that

185

00:09:27,230 --> 00:09:24,779

he he didn't know why they hired him

186

00:09:28,810 --> 00:09:27,240

he's just a guy even though he's got a

187

00:09:32,329 --> 00:09:28,820

good degree

188

00:09:34,250 --> 00:09:32,339

Republic topic so um

189

00:09:36,710 --> 00:09:34,260

and then his other claim is that he got

190

00:09:40,550 --> 00:09:36,720

a another master's degree from uh

191

00:09:43,190 --> 00:09:40,560

Caltech in electronics engineering

192

00:09:45,769 --> 00:09:43,200

um no evidence for that one either no

193

00:09:46,509 --> 00:09:45,779

documentation in his own possession

194

00:09:52,009 --> 00:09:46,519

um

195

00:09:54,470 --> 00:09:52,019

he can't name in any of the professors

196

00:09:57,170 --> 00:09:54,480

that would have supervised them from

197

00:09:57,889 --> 00:09:57,180

obviously he doesn't have those degrees

198

00:09:59,810 --> 00:09:57,899

um

199

00:10:02,570 --> 00:09:59,820

then he claims that he was

200

00:10:06,050 --> 00:10:02,580

um while working at Lano he was um

201
00:10:07,550 --> 00:10:06,060
talking to uh Edward Teller who was like

202
00:10:11,449 --> 00:10:07,560
the father of the

203
00:10:14,810 --> 00:10:11,459
the hydrogen bomb famous um very um

204
00:10:16,610 --> 00:10:14,820
anti-communist physicist and

205
00:10:18,710 --> 00:10:16,620
um he claims that basically teller got

206
00:10:21,710 --> 00:10:18,720
him the job at S4 which is meant to be

207
00:10:22,250 --> 00:10:21,720
this uh facility near Area 51 right

208
00:10:23,570 --> 00:10:22,260
right

209
00:10:26,449 --> 00:10:23,580
um

210
00:10:29,329 --> 00:10:26,459
he says that he uh you know he he went

211
00:10:31,610 --> 00:10:29,339
to S4 he was given like a briefing about

212
00:10:35,269 --> 00:10:31,620
um sort of the background to the alien

213
00:10:37,970 --> 00:10:35,279

engineering program that they have nine

214

00:10:39,410 --> 00:10:37,980

flying sources stored there

215

00:10:41,329 --> 00:10:39,420

um I don't know why you'd have like nine

216

00:10:43,070 --> 00:10:41,339

of them if there's an accident like

217

00:10:44,150 --> 00:10:43,080

wouldn't they all be taken out but

218

00:10:45,949 --> 00:10:44,160

anyway

219

00:10:49,130 --> 00:10:45,959

yeah that does seem like a really bad

220

00:10:54,370 --> 00:10:51,710

um he says that the um S4 facility was

221

00:10:57,590 --> 00:10:54,380

uh dug into the side of Papu's Mountain

222

00:11:00,290 --> 00:10:57,600

which kind of to the South Southwest of

223

00:11:01,670 --> 00:11:00,300

Area 51 The Groom Lake facility it's

224

00:11:04,430 --> 00:11:01,680

very specific

225

00:11:07,730 --> 00:11:04,440

yeah he says that he was taken

226

00:11:09,829 --> 00:11:07,740

to Area 51 on the Janet flights um which

227

00:11:12,430 --> 00:11:09,839

is true like they do the Personnel do go

228

00:11:15,350 --> 00:11:12,440

on Janet flights

229

00:11:17,690 --> 00:11:15,360

it's like a specially commissioned um

230

00:11:20,030 --> 00:11:17,700

Airline uh

231

00:11:23,150 --> 00:11:20,040

to for for

232

00:11:24,110 --> 00:11:23,160

um employees of area 51.

233

00:11:26,870 --> 00:11:24,120

um

234

00:11:28,670 --> 00:11:26,880

so it's true that they do go on that

235

00:11:30,530 --> 00:11:28,680

flight and some people have said that he

236

00:11:32,449 --> 00:11:30,540

could only have known that if he was

237

00:11:34,910 --> 00:11:32,459

actually inducted into that program but

238

00:11:37,250 --> 00:11:34,920

in fact he was friends with John Leo who

239

00:11:40,130 --> 00:11:37,260

had himself worked at the Nevada Test

240

00:11:41,750 --> 00:11:40,140

Site during the early 80s he was also

241

00:11:45,410 --> 00:11:41,760

friends with somebody called um Jim

242

00:11:47,650 --> 00:11:45,420

tagliani who was a electronics engineer

243

00:11:50,150 --> 00:11:47,660

or technician at the tonopar test range

244

00:11:52,190 --> 00:11:50,160

which was doing like electronic warfare

245

00:11:54,949 --> 00:11:52,200

and other secret

246

00:11:57,470 --> 00:11:54,959

um projects so like he could have gotten

247

00:12:00,050 --> 00:11:57,480

any of these um logistical details from

248

00:12:01,730 --> 00:12:00,060

those sorts of people fed it into his

249

00:12:04,310 --> 00:12:01,740

story

250

00:12:07,069 --> 00:12:04,320

he says that once he got to Area 51 he

251
00:12:10,190 --> 00:12:07,079
was um put onto a boss and then it would

252
00:12:13,310 --> 00:12:10,200
drive out to Papoose and then he entered

253
00:12:15,590 --> 00:12:13,320
the S4 facility which housed the flying

254
00:12:17,810 --> 00:12:15,600
sources and that he worked on a

255
00:12:19,430 --> 00:12:17,820
particular Flying Saucer the um the one

256
00:12:20,750 --> 00:12:19,440
that he called the sport model because

257
00:12:23,389 --> 00:12:20,760
of its very

258
00:12:25,550 --> 00:12:23,399
sort of sleek appearance in fact it's

259
00:12:28,310 --> 00:12:25,560
almost like a carbon copy of a billy

260
00:12:30,949 --> 00:12:28,320
Meyer yeah I was about to ask that it

261
00:12:35,389 --> 00:12:30,959
looked extremely similar to one of them

262
00:12:38,509 --> 00:12:35,399
yep yep and um so just the beam ship

263
00:12:40,970 --> 00:12:38,519

thing that originates in a VHS tape

264

00:12:42,710 --> 00:12:40,980

recording of a is that correct uh am I

265

00:12:45,410 --> 00:12:42,720

remembering this right no there's a

266

00:12:47,870 --> 00:12:45,420

photographer named Billy okay

267

00:12:49,430 --> 00:12:47,880

um and he created a lot of uh hoax

268

00:12:51,530 --> 00:12:49,440

photographs of different types of

269

00:12:52,670 --> 00:12:51,540

saucers I think uh I think if one of

270

00:12:53,870 --> 00:12:52,680

them called maybe it's called the

271

00:12:55,730 --> 00:12:53,880

wedding cake there's like a really

272

00:12:57,110 --> 00:12:55,740

distinctive Ridge on one of the edges

273

00:12:59,210 --> 00:12:57,120

and you were people were able to

274

00:13:01,370 --> 00:12:59,220

identify like the the common object it

275

00:13:03,230 --> 00:13:01,380

was made out of the

276

00:13:05,329 --> 00:13:03,240

um really beautiful photos but they are

277

00:13:07,370 --> 00:13:05,339

hoaxes of course and let me see if I can

278

00:13:09,949 --> 00:13:07,380

find one yeah cool okay actually if you

279

00:13:12,230 --> 00:13:09,959

know if um in the first couple seasons

280

00:13:14,449 --> 00:13:12,240

of The X-Files uh maunders original I

281

00:13:15,370 --> 00:13:14,459

want to believe poster is a billy Meyer

282

00:13:18,410 --> 00:13:15,380

photograph

283

00:13:20,389 --> 00:13:18,420

yeah that's the uh the saucer that looks

284

00:13:21,949 --> 00:13:20,399

pretty similar to that sports model I

285

00:13:24,590 --> 00:13:21,959

think yeah

286

00:13:26,210 --> 00:13:24,600

okay and um Billy Meyer is still kicking

287

00:13:29,509 --> 00:13:26,220

around in Switzerland

288

00:13:31,069 --> 00:13:29,519

um he's a figure uh I don't want to call

289

00:13:34,490 --> 00:13:31,079

it a cult because maybe that's too

290

00:13:36,230 --> 00:13:34,500

extreme but um he's sect they um talk

291

00:13:38,930 --> 00:13:36,240

about these space Brothers uh these

292

00:13:42,110 --> 00:13:38,940

plush Aarons who he's supposedly been in

293

00:13:43,910 --> 00:13:42,120

contact with for decades oh right yeah

294

00:13:45,889 --> 00:13:43,920

they've got kind of like a menagerie of

295

00:13:48,230 --> 00:13:45,899

flying saucers including the beam ships

296

00:13:50,690 --> 00:13:48,240

yeah that sort of thing that I think the

297

00:13:53,990 --> 00:13:50,700

third one there yeah the third one is

298

00:13:56,210 --> 00:13:54,000

warts model essentially or that uh that

299

00:13:59,389 --> 00:13:56,220

one there next to the um I think it's a

300

00:14:01,310 --> 00:13:59,399

painting down on the right yeah this

301
00:14:03,550 --> 00:14:01,320
this weird thing no no click on the

302
00:14:07,509 --> 00:14:03,560
third one again

303
00:14:09,590 --> 00:14:07,519
I'm screwing this up again

304
00:14:14,389 --> 00:14:09,600
bottom right

305
00:14:17,629 --> 00:14:14,399
that picture that painting yeah okay

306
00:14:24,350 --> 00:14:17,639
that is the Bulbasaur sports model if I

307
00:14:30,710 --> 00:14:27,110
sports model yes

308
00:14:32,990 --> 00:14:30,720
oh there okay very Sleek there was um

309
00:14:35,210 --> 00:14:33,000
those kind of horror darken window panes

310
00:14:36,769 --> 00:14:35,220
up at the top the portholes I believe

311
00:14:39,790 --> 00:14:36,779
they call them right yeah you're right

312
00:14:43,790 --> 00:14:39,800
nice give me yeah

313
00:14:46,730 --> 00:14:43,800

okay interesting all right well and yes

314

00:14:48,530 --> 00:14:46,740

um Nick mentioned there is a modal kit

315

00:14:50,870 --> 00:14:48,540

that you can get it was sold by the

316

00:14:51,710 --> 00:14:50,880

attestas toy model company back in the

317

00:14:53,629 --> 00:14:51,720

day

318

00:14:55,430 --> 00:14:53,639

wild true

319

00:14:57,290 --> 00:14:55,440

um even though LaSalle supposedly has

320

00:14:58,370 --> 00:14:57,300

never made a dime from his story he's

321

00:15:01,129 --> 00:14:58,380

actually

322

00:15:02,509 --> 00:15:01,139

made uh a lot of money from it although

323

00:15:06,650 --> 00:15:02,519

I wouldn't say that that's necessarily

324

00:15:08,870 --> 00:15:06,660

his primary uh motivation sure sometimes

325

00:15:11,810 --> 00:15:08,880

being a big fish in uh in a little Pond

326

00:15:14,090 --> 00:15:11,820

is motivation enough uh Jeff from uh

327

00:15:17,050 --> 00:15:14,100

strange Recons here and he says uh no no

328

00:15:20,990 --> 00:15:17,060

no they are sensors not Port lights

329

00:15:25,610 --> 00:15:23,629

so it was also says that he worked on

330

00:15:27,949 --> 00:15:25,620

the sport model specifically that he

331

00:15:31,189 --> 00:15:27,959

wasn't allowed to

332

00:15:33,350 --> 00:15:31,199

um kind of go near the other models the

333

00:15:35,750 --> 00:15:33,360

other flying sources even though he

334

00:15:38,569 --> 00:15:35,760

he saw them they got really poor

335

00:15:39,889 --> 00:15:38,579

security if you can just see them

336

00:15:41,990 --> 00:15:39,899

um

337

00:15:44,449 --> 00:15:42,000

yeah they can compartmentalize things

338

00:15:45,949 --> 00:15:44,459

right yeah I mean the government does

339

00:15:47,750 --> 00:15:45,959

obviously compartmentalize stuff

340

00:15:50,870 --> 00:15:47,760

sometimes to um

341

00:15:52,610 --> 00:15:50,880

unreasonable degree but um here we're

342

00:15:54,350 --> 00:15:52,620

just talking like

343

00:15:56,449 --> 00:15:54,360

to a degree that I don't think is really

344

00:15:57,889 --> 00:15:56,459

realistic um because if the government

345

00:16:00,769 --> 00:15:57,899

is so desperate

346

00:16:06,889 --> 00:16:04,129

um crack the UFO technology

347

00:16:08,930 --> 00:16:06,899

and hire somebody like him then why

348

00:16:12,110 --> 00:16:08,940

wouldn't they just let him

349

00:16:13,250 --> 00:16:12,120

have access to all the information

350

00:16:15,530 --> 00:16:13,260

yeah

351

00:16:17,449 --> 00:16:15,540

now he worked on these things I'm

352

00:16:20,629 --> 00:16:17,459

assuming then he could uh kind of

353

00:16:22,370 --> 00:16:20,639

explain how they work correct he he came

354

00:16:25,189 --> 00:16:22,380

up with some sort of a so-called

355

00:16:25,850 --> 00:16:25,199

explanations for the physics including

356

00:16:28,490 --> 00:16:25,860

um

357

00:16:29,750 --> 00:16:28,500

saying that they use gravity waves which

358

00:16:32,750 --> 00:16:29,760

is already a concept that was known

359

00:16:33,710 --> 00:16:32,760

about since like the early 20th century

360

00:16:35,569 --> 00:16:33,720

um

361

00:16:37,550 --> 00:16:35,579

I think Einstein talked about gravity

362

00:16:39,530 --> 00:16:37,560

waves

363

00:16:42,949 --> 00:16:39,540

um he mentioned that the flying sources

364

00:16:45,009 --> 00:16:42,959

use Element 115 to power

365

00:16:48,350 --> 00:16:45,019

um to initiate an antimatter reaction

366

00:16:51,350 --> 00:16:48,360

which then Powers the um

367

00:16:54,110 --> 00:16:51,360

or it Powers the systems on the ship and

368

00:16:56,509 --> 00:16:54,120

it amplifies the um

369

00:17:00,110 --> 00:16:56,519

the gravitational

370

00:17:02,329 --> 00:17:00,120

uh energy of the um element 115

371

00:17:06,110 --> 00:17:02,339

through these um it's also got like

372

00:17:08,929 --> 00:17:06,120

these uh sort of rectangular shaped um

373

00:17:11,030 --> 00:17:08,939

gravity amplifiers as he calls them sort

374

00:17:14,030 --> 00:17:11,040

of near the bottom of the ship but the

375

00:17:16,250 --> 00:17:14,040

element 115 is used to it's inherently

376

00:17:17,809 --> 00:17:16,260

got gravitational properties according

377

00:17:19,449 --> 00:17:17,819

to him

378

00:17:22,250 --> 00:17:19,459

he claimed um

379

00:17:24,350 --> 00:17:22,260

that if you fire a laser beam over a

380

00:17:26,390 --> 00:17:24,360

chunk of element 115 the laser would

381

00:17:28,429 --> 00:17:26,400

bend away from it

382

00:17:31,669 --> 00:17:28,439

which I could require a crazy amount of

383

00:17:33,530 --> 00:17:31,679

gravity yeah and yes he also says

384

00:17:35,390 --> 00:17:33,540

Atlanta was like um involved in

385

00:17:37,490 --> 00:17:35,400

Machining the parts

386

00:17:40,970 --> 00:17:37,500

like no machine like you can't get near

387

00:17:44,029 --> 00:17:40,980

it if it's able to deflect later right

388

00:17:45,650 --> 00:17:44,039

yeah so this is just like complete

389

00:17:48,950 --> 00:17:45,660

fantasy physics

390

00:17:50,930 --> 00:17:48,960

um it says that it was doing like a

391

00:17:53,210 --> 00:17:50,940

distorting the gravity in front of the

392

00:17:55,390 --> 00:17:53,220

ship or the space time so it was like

393

00:17:57,890 --> 00:17:55,400

basically pulling itself

394

00:17:59,990 --> 00:17:57,900

destination that's actually pretty

395

00:18:00,890 --> 00:18:00,000

similar to some depictions in um

396

00:18:01,669 --> 00:18:00,900

previous

397

00:18:07,190 --> 00:18:01,679

um

398

00:18:08,930 --> 00:18:07,200

well that's intriguing to me yeah

399

00:18:10,250 --> 00:18:08,940

because I haven't heard of that uh I

400

00:18:11,690 --> 00:18:10,260

mean because I don't know a ton about uh

401

00:18:14,029 --> 00:18:11,700

lazar's story but I hadn't heard about

402

00:18:15,890 --> 00:18:14,039

that specific claim uh with Lazar

403

00:18:17,870 --> 00:18:15,900

because so many people uh especially

404

00:18:20,090 --> 00:18:17,880

these days online like on forums on

405

00:18:23,630 --> 00:18:20,100

Reddit and stuff that's like the primary

406

00:18:25,669 --> 00:18:23,640

uh ex-proposed explanation for some of

407

00:18:28,310 --> 00:18:25,679

these modern UFOs like the way that they

408

00:18:31,250 --> 00:18:28,320

travel and stuff even uh endorsed by uh

409

00:18:34,549 --> 00:18:31,260

Chris Mellon when he uh tweeted uh like

410

00:18:37,370 --> 00:18:34,559

UAP theory.com a couple years ago and

411

00:18:40,250 --> 00:18:37,380

he's a former assistant Deputy

412

00:18:42,230 --> 00:18:40,260

um Secretary of defer yeah yes something

413

00:18:43,909 --> 00:18:42,240

about intelligence so you know

414

00:18:46,010 --> 00:18:43,919

government official and stuff so you

415

00:18:47,930 --> 00:18:46,020

know it's a prominent thing and uh are

416

00:18:49,430 --> 00:18:47,940

you saying that uh Lazar latched onto

417

00:18:52,789 --> 00:18:49,440

this from something before him as well

418

00:18:55,370 --> 00:18:52,799

well there was lots of um musings about

419

00:18:58,250 --> 00:18:55,380

gravity or anti-gravity as the means of

420

00:19:00,830 --> 00:18:58,260

propulsion for UFOs this goes back to

421

00:19:02,810 --> 00:19:00,840

like the 1950s actually people were

422

00:19:04,850 --> 00:19:02,820

already thinking about this stuff the

423

00:19:07,190 --> 00:19:04,860

government was also in the military were

424

00:19:09,310 --> 00:19:07,200

doing invest into the possibility of

425

00:19:12,289 --> 00:19:09,320

using gravity as a way to propel

426

00:19:15,169 --> 00:19:12,299

spacecraft or missiles or whatever

427

00:19:18,230 --> 00:19:15,179

um that was kind of like um

428

00:19:21,950 --> 00:19:18,240

there's actually a very good article on

429

00:19:23,930 --> 00:19:21,960

uh what's it called the thedrive.com

430

00:19:25,130 --> 00:19:23,940

okay they've got like a military section

431

00:19:26,690 --> 00:19:25,140

there

432

00:19:28,370 --> 00:19:26,700

um it's a very long article about sort

433

00:19:30,230 --> 00:19:28,380

of the the secret government in

434

00:19:32,270 --> 00:19:30,240

investigations into

435

00:19:34,250 --> 00:19:32,280

looking at gravity but it was just like

436

00:19:35,750 --> 00:19:34,260

theoretical physics it didn't really

437

00:19:38,510 --> 00:19:35,760

lead anywhere

438

00:19:40,010 --> 00:19:38,520

so that's another thing well before I

439

00:19:41,029 --> 00:19:40,020

get to that let me just finish your

440

00:19:43,490 --> 00:19:41,039

question though

441

00:19:46,549 --> 00:19:43,500

um so gravity per se was already touted

442

00:19:50,630 --> 00:19:46,559

as a way to propel

443

00:19:52,850 --> 00:19:50,640

um spacecraft but Lazar specific um

444

00:19:55,430 --> 00:19:52,860

claim is that it was like creating a

445

00:19:57,710 --> 00:19:55,440

distortion in front of the spaceship and

446

00:20:00,710 --> 00:19:57,720

that it was um basically pulling the

447

00:20:03,590 --> 00:20:00,720

craft towards that distortion

448

00:20:05,690 --> 00:20:03,600

now um some of those claims

449

00:20:09,110 --> 00:20:05,700

um

450

00:20:10,549 --> 00:20:09,120

so something called the yakubia drive

451

00:20:12,230 --> 00:20:10,559

um there was a physicist called out

452

00:20:14,510 --> 00:20:12,240

kubiere I don't know what his first name

453

00:20:16,430 --> 00:20:14,520

is but he wrote a paper where he

454

00:20:18,710 --> 00:20:16,440

basically proposed something like this

455

00:20:21,230 --> 00:20:18,720

this was after Lazar and some people

456

00:20:24,169 --> 00:20:21,240

have used that to say you know look at

457

00:20:26,630 --> 00:20:24,179

that Lazar was predicting something real

458

00:20:28,370 --> 00:20:26,640

but nobody's actually proven that you

459

00:20:30,169 --> 00:20:28,380

can

460

00:20:33,169 --> 00:20:30,179

um get that much gravity

461

00:20:35,330 --> 00:20:33,179

um in a concentrated you know area you

462

00:20:38,029 --> 00:20:35,340

need a lot of energy for that and it's

463

00:20:40,130 --> 00:20:38,039

only vaguely similar anyway

464

00:20:43,430 --> 00:20:40,140

here the alcubio drive I think that was

465

00:20:46,909 --> 00:20:43,440

proposed in 1994 which was after Lazar

466

00:20:48,350 --> 00:20:46,919

oh yeah you kind of uh touched on this a

467

00:20:50,510 --> 00:20:48,360

second ago Louise but you said this is

468

00:20:53,270 --> 00:20:50,520

all like highly theoretical stuff and

469

00:20:55,190 --> 00:20:53,280

I've noticed that that is kind of the um

470

00:20:57,590 --> 00:20:55,200

the type of physics that gets published

471

00:20:59,930 --> 00:20:57,600

in like popular science magazines and

472

00:21:02,210 --> 00:20:59,940

stuff all this uh non-applicable but

473

00:21:04,190 --> 00:21:02,220

yeah what I like to call like Star Trek

474

00:21:06,770 --> 00:21:04,200

physics kind of like the stuff you see

475

00:21:09,590 --> 00:21:06,780

um Eric Davis talk about now

476

00:21:11,630 --> 00:21:09,600

um so I mean it was very likely that

477

00:21:13,549 --> 00:21:11,640

this stuff was kind of circulating in

478

00:21:15,289 --> 00:21:13,559

pop culture in that kind of Popular

479

00:21:18,590 --> 00:21:15,299

Mechanics Popular Science magazine

480

00:21:21,230 --> 00:21:18,600

sphere right yeah yeah for sure in fact

481

00:21:23,810 --> 00:21:21,240

even the the you know sometimes you hear

482

00:21:26,870 --> 00:21:23,820

claims about the um Nimitz encounters

483

00:21:29,029 --> 00:21:26,880

or um sorry not the nimitzing couches um

484

00:21:31,190 --> 00:21:29,039

the other one where you've got like the

485

00:21:34,190 --> 00:21:31,200

uh what's it called the not the go fast

486

00:21:39,289 --> 00:21:36,409

it's meant to be like a sideways sort of

487

00:21:41,330 --> 00:21:39,299

tipping UFO and some people would say

488

00:21:44,029 --> 00:21:41,340

that that is it like moving exactly as

489

00:21:46,370 --> 00:21:44,039

lizards ascribed uh which it isn't it's

490

00:21:47,810 --> 00:21:46,380

just like Distortion from the IR camera

491

00:21:51,950 --> 00:21:47,820

right

492

00:21:54,169 --> 00:21:51,960

um but even if it was um similar

493

00:21:56,510 --> 00:21:54,179

um that's sort of um description of UFOs

494

00:21:58,130 --> 00:21:56,520

was already doing the rounds in the

495

00:21:59,870 --> 00:21:58,140

1950s

496

00:22:02,090 --> 00:21:59,880

and there are even some like photographs

497

00:22:04,549 --> 00:22:02,100

of comported flying sources like tipped

498

00:22:07,070 --> 00:22:04,559

over on their sides

499

00:22:09,590 --> 00:22:07,080

um Lazar also claimed that the

500

00:22:11,870 --> 00:22:09,600

gravitational interaction with the Earth

501
00:22:15,110 --> 00:22:11,880
like between the Flying Saucer and the

502
00:22:17,870 --> 00:22:15,120
earth made the UFO sort of um

503
00:22:19,490 --> 00:22:17,880
kind of unstable at low speeds like

504
00:22:20,630 --> 00:22:19,500
dotting around almost because of the

505
00:22:21,470 --> 00:22:20,640
gravitational

506
00:22:23,210 --> 00:22:21,480
um

507
00:22:25,370 --> 00:22:23,220
because you know a planet it's got like

508
00:22:26,570 --> 00:22:25,380
different densities on the surface so

509
00:22:30,230 --> 00:22:26,580
the gravity is going to be a little bit

510
00:22:31,909 --> 00:22:30,240
different as we fly over it

511
00:22:33,529 --> 00:22:31,919
um

512
00:22:35,750 --> 00:22:33,539
that was

513
00:22:38,750 --> 00:22:35,760

um actually something that Billy Meyer

514

00:22:40,010 --> 00:22:38,760

said before interesting that sort of

515

00:22:42,230 --> 00:22:40,020

idea

516

00:22:45,230 --> 00:22:42,240

um so I think maybe uh John Leah might

517

00:22:47,390 --> 00:22:45,240

have fed Liza some of those tropes

518

00:22:50,090 --> 00:22:47,400

um and sort of so-called technical

519

00:22:51,350 --> 00:22:50,100

details about flying sources to Lazar I

520

00:22:53,870 --> 00:22:51,360

mean there's just too much of that stuff

521

00:22:55,549 --> 00:22:53,880

to take him seriously

522

00:22:57,169 --> 00:22:55,559

um even if we don't know exactly where

523

00:22:58,130 --> 00:22:57,179

all of his claims came from we can

524

00:23:00,710 --> 00:22:58,140

pretty much

525

00:23:03,289 --> 00:23:00,720

trace the inspiration for almost all of

526

00:23:05,450 --> 00:23:03,299

his claims what's interesting is like it

527

00:23:07,490 --> 00:23:05,460

is the whole UFO narrative as a whole

528

00:23:09,649 --> 00:23:07,500

gains any kind of feature it never is

529

00:23:11,390 --> 00:23:09,659

very unique ever is it it's always

530

00:23:14,149 --> 00:23:11,400

something drummed up by human

531

00:23:15,409 --> 00:23:14,159

imagination ahead of time anyway

532

00:23:17,270 --> 00:23:15,419

mm-hmm

533

00:23:19,850 --> 00:23:17,280

and there's a consistent theme I'm

534

00:23:22,310 --> 00:23:19,860

seeing where um there are like there's

535

00:23:24,529 --> 00:23:22,320

like always like a kernel of like

536

00:23:27,049 --> 00:23:24,539

reality and then they're just these

537

00:23:27,830 --> 00:23:27,059

layers of kind of like story added on to

538

00:23:28,610 --> 00:23:27,840

that

539

00:23:31,909 --> 00:23:28,620

um

540

00:23:34,250 --> 00:23:31,919

and uh it's the same sort of thing that

541

00:23:36,049 --> 00:23:34,260

we've seen throughout the subject in a

542

00:23:38,690 --> 00:23:36,059

variety of ways and you know when you

543

00:23:40,310 --> 00:23:38,700

look at sort of propaganda Theory and

544

00:23:43,669 --> 00:23:40,320

stuff like that you see that the most

545

00:23:46,549 --> 00:23:43,679

compelling propaganda is the blend of

546

00:23:47,210 --> 00:23:46,559

Truth and fiction not just pure fiction

547

00:23:49,870 --> 00:23:47,220

um

548

00:23:53,390 --> 00:23:49,880

to what extent uh Louise like would you

549

00:23:56,270 --> 00:23:53,400

attribute uh like intentionality to Bob

550

00:23:58,370 --> 00:23:56,280

Lazar kind of like being

551
00:24:01,669 --> 00:23:58,380
um deceitful or do you think he sort of

552
00:24:03,710 --> 00:24:01,679
like believes it himself uh what's your

553
00:24:06,529 --> 00:24:03,720
read on his sort of like underlying

554
00:24:08,390 --> 00:24:06,539
psychology uh not to get too deep into

555
00:24:11,210 --> 00:24:08,400
it but just generally

556
00:24:12,770 --> 00:24:11,220
I think that is uh he's not he doesn't

557
00:24:15,169 --> 00:24:12,780
believe what he's saying

558
00:24:20,390 --> 00:24:15,179
um although it's certainly possible but

559
00:24:24,289 --> 00:24:22,909
he um especially with his educational

560
00:24:24,950 --> 00:24:24,299
claims

561
00:24:27,470 --> 00:24:24,960
um

562
00:24:29,210 --> 00:24:27,480
that that already shows him that shows

563
00:24:31,549 --> 00:24:29,220

him to be the type of person who who

564

00:24:33,770 --> 00:24:31,559

could make up a flying source of story

565

00:24:35,390 --> 00:24:33,780

to get fame or attention

566

00:24:37,250 --> 00:24:35,400

like if you're going to lie about your

567

00:24:38,870 --> 00:24:37,260

education and claim that you've got two

568

00:24:40,190 --> 00:24:38,880

master's degrees

569

00:24:41,390 --> 00:24:40,200

I don't think that there's any way that

570

00:24:43,250 --> 00:24:41,400

he could believe that he has two

571

00:24:45,470 --> 00:24:43,260

master's degrees

572

00:24:47,090 --> 00:24:45,480

right okay because like um you know

573

00:24:48,169 --> 00:24:47,100

obviously he's smart enough to know that

574

00:24:50,149 --> 00:24:48,179

you would need

575

00:24:54,710 --> 00:24:50,159

uh

576

00:24:56,270 --> 00:24:54,720

mentions or the documents and stuff like

577

00:24:58,130 --> 00:24:56,280

that he's got absolutely none of that

578

00:25:00,830 --> 00:24:58,140

stuff and he keeps changing his story

579

00:25:02,630 --> 00:25:00,840

actually about them he now claims

580

00:25:05,450 --> 00:25:02,640

um that the Master's Degree was actually

581

00:25:07,430 --> 00:25:05,460

a the MIT degree was actually like a

582

00:25:11,390 --> 00:25:07,440

secret

583

00:25:13,250 --> 00:25:11,400

um program that he was sent to do

584

00:25:14,870 --> 00:25:13,260

and that he can't reveal what it was

585

00:25:16,430 --> 00:25:14,880

really about but it was something

586

00:25:18,970 --> 00:25:16,440

horrible

587

00:25:21,470 --> 00:25:18,980

okay but

588

00:25:24,110 --> 00:25:21,480

we never cleaned out before he was

589

00:25:25,850 --> 00:25:24,120

saying that they erased him

590

00:25:27,230 --> 00:25:25,860

right they raise these records but now

591

00:25:29,029 --> 00:25:27,240

he's saying that it was actually like a

592

00:25:31,070 --> 00:25:29,039

top secret project that he can't talk

593

00:25:32,870 --> 00:25:31,080

about right there never were records

594

00:25:34,430 --> 00:25:32,880

yeah okay that's right it's uh

595

00:25:36,049 --> 00:25:34,440

interesting Phil and brogno who worked

596

00:25:38,090 --> 00:25:36,059

on the Hudson Valley case we talked

597

00:25:40,250 --> 00:25:38,100

about a while ago uh I believe he also

598

00:25:43,130 --> 00:25:40,260

said he had a degree at MIT which he

599

00:25:45,649 --> 00:25:43,140

didn't uh but his excuse was that he

600

00:25:47,630 --> 00:25:45,659

went under a pseudonym as Bob Lazar

601
00:25:50,450 --> 00:25:47,640
tried that one yet

602
00:25:52,430 --> 00:25:50,460
not on the MIT degree I don't think but

603
00:25:54,169 --> 00:25:52,440
he did use a pseudonym when he was first

604
00:25:56,510 --> 00:25:54,179
on TV

605
00:25:59,390 --> 00:25:56,520
um uh when George Knapp wrote the story

606
00:26:00,850 --> 00:25:59,400
he was in silly wet and he was calling

607
00:26:03,830 --> 00:26:00,860
himself Dennis

608
00:26:06,830 --> 00:26:03,840
supposedly the name of his um supervisor

609
00:26:08,269 --> 00:26:06,840
or colleague at S4

610
00:26:10,010 --> 00:26:08,279
um he claimed that he was under threat

611
00:26:12,049 --> 00:26:10,020
from the government

612
00:26:14,930 --> 00:26:12,059
um and that he was trying to reveal the

613
00:26:16,070 --> 00:26:14,940

secrets of the base because his life was

614

00:26:18,529 --> 00:26:16,080

under threat

615

00:26:21,529 --> 00:26:18,539

apparently it wasn't because uh he's

616

00:26:23,710 --> 00:26:21,539

still alive exactly they never raised

617

00:26:26,330 --> 00:26:23,720

his bank account

618

00:26:28,190 --> 00:26:26,340

that's that's another common thing

619

00:26:30,409 --> 00:26:28,200

um we hear from Men In Black stories too

620

00:26:31,909 --> 00:26:30,419

they threaten your life if you uh you

621

00:26:33,470 --> 00:26:31,919

know tell the world these secrets but

622

00:26:35,510 --> 00:26:33,480

we've all heard the Men in Black stories

623

00:26:37,669 --> 00:26:35,520

from these people who survived to tell

624

00:26:39,649 --> 00:26:37,679

them that's that's another interesting

625

00:26:42,230 --> 00:26:39,659

Trope in this story I don't know if it

626
00:26:45,350 --> 00:26:42,240
comes from no Men In Black became way

627
00:26:47,149 --> 00:26:45,360
before yeah he does he comes he claims

628
00:26:49,310 --> 00:26:47,159
that he was basically roughed up by

629
00:26:51,890 --> 00:26:49,320
security men

630
00:26:55,130 --> 00:26:51,900
um one night when he was um

631
00:26:57,649 --> 00:26:55,140
uh out with uh George maybe not George

632
00:27:01,250 --> 00:26:57,659
Napper with um John Leo

633
00:27:02,930 --> 00:27:01,260
and uh Gene Huff who was his business

634
00:27:04,850 --> 00:27:02,940
associate

635
00:27:05,570 --> 00:27:04,860
um they were out near the perimeter of

636
00:27:08,690 --> 00:27:05,580
um

637
00:27:10,970 --> 00:27:08,700
uh Papoose the general area and they

638
00:27:13,070 --> 00:27:10,980

were filming

639

00:27:15,049 --> 00:27:13,080

um you know with one of those ancient uh

640

00:27:16,669 --> 00:27:15,059

1980s camcorders

641

00:27:18,289 --> 00:27:16,679

um some lights in the sky which was

642

00:27:19,850 --> 00:27:18,299

supposedly test flights of the flying

643

00:27:23,269 --> 00:27:19,860

sources

644

00:27:24,970 --> 00:27:23,279

and uh he got arrested and um

645

00:27:27,350 --> 00:27:24,980

they threatened him

646

00:27:29,269 --> 00:27:27,360

to kill him basically

647

00:27:31,190 --> 00:27:29,279

but and they let him go for some reason

648

00:27:34,549 --> 00:27:31,200

yeah

649

00:27:36,890 --> 00:27:34,559

right don't worry everybody else uh we

650

00:27:39,830 --> 00:27:36,900

have Jeff Knox here in the chat he's

651
00:27:42,289 --> 00:27:39,840
saying um that Bob Lazar says degrees

652
00:27:44,450 --> 00:27:42,299
don't matter but he was visiting friends

653
00:27:46,669 --> 00:27:44,460
who went to those schools and audited

654
00:27:49,610 --> 00:27:46,679
classes with them but he no longer

655
00:27:50,269 --> 00:27:49,620
claims to even have the degrees

656
00:27:51,890 --> 00:27:50,279
um

657
00:27:53,630 --> 00:27:51,900
let's see how many degrees he was

658
00:27:56,630 --> 00:27:53,640
visiting France not at a classes and

659
00:28:00,289 --> 00:27:56,640
this is uh he told Linda Moulton Howe in

660
00:28:02,510 --> 00:28:00,299
99 interesting so I will take anything

661
00:28:06,169 --> 00:28:02,520
that um Linda says with a grain of salt

662
00:28:08,450 --> 00:28:06,179
but um okay yeah even she's saying that

663
00:28:10,549 --> 00:28:08,460

Lazar is full of crap then

664

00:28:13,130 --> 00:28:10,559

the place that he is interesting well

665

00:28:15,710 --> 00:28:13,140

yeah that Beyond him not being able to

666

00:28:17,750 --> 00:28:15,720

Black back up his extraordinary claims I

667

00:28:20,570 --> 00:28:17,760

mean we realized that his

668

00:28:23,690 --> 00:28:20,580

um his educational history is a lie and

669

00:28:25,909 --> 00:28:23,700

makes him an unreliable person right it

670

00:28:27,409 --> 00:28:25,919

kind of begs the question why is he

671

00:28:32,090 --> 00:28:27,419

still prominent today like why is Joe

672

00:28:34,789 --> 00:28:32,100

Rogan talking about him today in 2023 is

673

00:28:37,549 --> 00:28:34,799

it roganism arguably also sort of a

674

00:28:41,269 --> 00:28:37,559

Libertarian type would you say yes yeah

675

00:28:42,590 --> 00:28:41,279

yeah and um I think that Liza's story

676

00:28:46,430 --> 00:28:42,600

kind of um

677

00:28:49,810 --> 00:28:46,440

segues into uh Rogan's ideology in a to

678

00:28:52,690 --> 00:28:49,820

a large extent so interesting yeah

679

00:28:56,090 --> 00:28:52,700

Rogan's interested in UFOs anyway and

680

00:28:58,010 --> 00:28:56,100

like big Cosmic questions uh

681

00:28:59,990 --> 00:28:58,020

um and Lazar is sort of a good catch for

682

00:29:01,730 --> 00:29:00,000

that type of show because

683

00:29:04,610 --> 00:29:01,740

um you know he still believed by many

684

00:29:06,769 --> 00:29:04,620

people so he's actually got about 52

685

00:29:10,850 --> 00:29:06,779

million views now from that

686

00:29:15,590 --> 00:29:10,860

um video incredible yeah even though he

687

00:29:20,810 --> 00:29:17,750

so you know all these sort of

688

00:29:22,250 --> 00:29:20,820

contradictory claims that Lazar makes

689

00:29:24,889 --> 00:29:22,260

um and there's also of course the

690

00:29:27,529 --> 00:29:24,899

brothels that he invested in he invested

691

00:29:29,990 --> 00:29:27,539

in a brothel in the early 80s and then

692

00:29:32,990 --> 00:29:30,000

he did it again in the early 90s were

693

00:29:36,649 --> 00:29:33,000

these uh in states where it's legal or

694

00:29:39,470 --> 00:29:36,659

uh yeah okay but that in Nevada

695

00:29:40,789 --> 00:29:39,480

um where it's apparently legal to do

696

00:29:43,490 --> 00:29:40,799

that but I mean that's not really the

697

00:29:45,710 --> 00:29:43,500

point yeah yeah is that um that would

698

00:29:48,529 --> 00:29:45,720

make you a KGB magnet

699

00:29:50,389 --> 00:29:48,539

because um Soviet intelligence at the

700

00:29:52,130 --> 00:29:50,399

time was still very much active in the

701
00:29:54,769 --> 00:29:52,140
US trying to

702
00:29:56,570 --> 00:29:54,779
um get whatever Scoops they could on

703
00:29:58,490 --> 00:29:56,580
American secret programs especially

704
00:30:01,130 --> 00:29:58,500
Aerospace and weapons

705
00:30:03,409 --> 00:30:01,140
and um somebody like Lazar would be seen

706
00:30:05,570 --> 00:30:03,419
by Soviet intelligences

707
00:30:07,789 --> 00:30:05,580
um somebody you could compromise like

708
00:30:09,950 --> 00:30:07,799
you could blackmail him

709
00:30:11,750 --> 00:30:09,960
um and so like that would already put a

710
00:30:14,029 --> 00:30:11,760
red line through his name if they're

711
00:30:16,310 --> 00:30:14,039
trying to U.S government military is

712
00:30:18,350 --> 00:30:16,320
trying to you know recruit people for a

713
00:30:19,850 --> 00:30:18,360

program like that then there's also the

714

00:30:23,990 --> 00:30:19,860

revelations about

715

00:30:26,149 --> 00:30:24,000

um lazar's ex his wife um Carol who um

716

00:30:28,190 --> 00:30:26,159

apparently was in the Hell's Angels and

717

00:30:29,750 --> 00:30:28,200

had been involved in a murder

718

00:30:40,250 --> 00:30:29,760

interesting

719

00:30:42,169 --> 00:30:40,260

yeah did the did the uh the brothel

720

00:30:43,690 --> 00:30:42,179

Investments take place before the

721

00:30:47,210 --> 00:30:43,700

alleged um

722

00:30:49,730 --> 00:30:47,220

the first one did those in the early 80s

723

00:30:51,649 --> 00:30:49,740

and then the other one was like in 92

724

00:30:54,110 --> 00:30:51,659

93.

725

00:30:57,289 --> 00:30:54,120

um and George Knapp apparently

726

00:31:00,230 --> 00:30:57,299

um he tells his story as well that told

727

00:31:02,210 --> 00:31:00,240

him hey George I've got this brothel on

728

00:31:03,049 --> 00:31:02,220

your street no less

729

00:31:05,630 --> 00:31:03,059

um

730

00:31:07,610 --> 00:31:05,640

and then nap is like uh you have to stop

731

00:31:09,230 --> 00:31:07,620

this immediately because um

732

00:31:11,149 --> 00:31:09,240

there are people who want you to crash

733

00:31:13,370 --> 00:31:11,159

and burn and they're going to use this

734

00:31:15,710 --> 00:31:13,380

as like evidence against you so that

735

00:31:18,590 --> 00:31:15,720

then they go they go to the police

736

00:31:21,649 --> 00:31:18,600

um to you know basically come clean

737

00:31:24,769 --> 00:31:21,659

the police arrest Bob for pandering and

738

00:31:26,830 --> 00:31:24,779

then um he goes to court he's uh he

739

00:31:29,510 --> 00:31:26,840

pleads guilty to pandering

740

00:31:32,210 --> 00:31:29,520

although he says sometimes that he was

741

00:31:34,750 --> 00:31:32,220

just um installing computer equipment in

742

00:31:37,610 --> 00:31:34,760

the brothel like security equipment

743

00:31:39,830 --> 00:31:37,620

but in fact um

744

00:31:42,470 --> 00:31:39,840

one of the police affidavits or court

745

00:31:45,409 --> 00:31:42,480

documents um says that the Madame of the

746

00:31:49,430 --> 00:31:45,419

brothel actually

747

00:31:51,409 --> 00:31:49,440

um hadlazar as like a co-investor so he

748

00:31:53,990 --> 00:31:51,419

was much more involved than just like

749

00:31:56,029 --> 00:31:54,000

installing computer equipment right but

750

00:31:59,630 --> 00:31:56,039

anyway like again this kind of shows a

751
00:32:04,070 --> 00:31:59,640
psychological predisposition to

752
00:32:05,690 --> 00:32:04,080
um that sort of CD business and um

753
00:32:07,730 --> 00:32:05,700
you know the gov I don't see the

754
00:32:09,710 --> 00:32:07,740
government hiring somebody

755
00:32:12,889 --> 00:32:09,720
um to a program like to the most

756
00:32:13,549 --> 00:32:12,899
important program in U.S history

757
00:32:15,830 --> 00:32:13,559
um

758
00:32:18,769 --> 00:32:15,840
you know namely cracking anti-gravity

759
00:32:21,110 --> 00:32:18,779
technology from another planet

760
00:32:24,409 --> 00:32:21,120
um giving somebody like Lazada keys to

761
00:32:28,310 --> 00:32:24,419
that sure look as he pointed out he uh

762
00:32:30,470 --> 00:32:28,320
easily compromised yes and also lies

763
00:32:32,450 --> 00:32:30,480

about his um background

764

00:32:34,130 --> 00:32:32,460

so again it shows that he's the type of

765

00:32:36,649 --> 00:32:34,140

person who would make up a story about

766

00:32:38,690 --> 00:32:36,659

working on flying sources so then we're

767

00:32:40,370 --> 00:32:38,700

just left with what's the actual

768

00:32:42,649 --> 00:32:40,380

evidence for his claims and there's

769

00:32:45,769 --> 00:32:42,659

really no evidence right

770

00:32:47,990 --> 00:32:45,779

it's just his his his word

771

00:32:51,049 --> 00:32:48,000

right because it sounds like he he's

772

00:32:53,930 --> 00:32:51,059

sort of um like took from a range of

773

00:32:55,549 --> 00:32:53,940

nice niche sub subjects that were

774

00:32:59,049 --> 00:32:55,559

occurring kind of around when he was

775

00:33:01,430 --> 00:32:59,059

working uh at Area 51 as uh you know a

776

00:33:02,990 --> 00:33:01,440

technician of some kind installing

777

00:33:04,250 --> 00:33:03,000

equipment and stuff

778

00:33:05,769 --> 00:33:04,260

um not a physicist like he was saying

779

00:33:08,450 --> 00:33:05,779

and then

780

00:33:10,610 --> 00:33:08,460

he probably never worked at Area 51 but

781

00:33:12,529 --> 00:33:10,620

okay thank you yes okay

782

00:33:16,430 --> 00:33:12,539

um but then so there's like these

783

00:33:18,710 --> 00:33:16,440

elements like 115 Element 115 uh like it

784

00:33:19,970 --> 00:33:18,720

was this like it was discovered around

785

00:33:22,190 --> 00:33:19,980

that time right like I remember

786

00:33:24,590 --> 00:33:22,200

something about like it had been in like

787

00:33:26,630 --> 00:33:24,600

a published in a paper like kind of

788

00:33:27,789 --> 00:33:26,640

close to when he was uh talking about it

789

00:33:31,130 --> 00:33:27,799

so anyway

790

00:33:34,009 --> 00:33:31,140

American article talked about it in the

791

00:33:35,870 --> 00:33:34,019

weeks up to his uh

792

00:33:38,330 --> 00:33:35,880

going public

793

00:33:39,529 --> 00:33:38,340

right but in fact Element 115 was being

794

00:33:42,110 --> 00:33:39,539

talked about in the scientific

795

00:33:45,529 --> 00:33:42,120

literature since at least the early

796

00:33:47,690 --> 00:33:45,539

1970s if not earlier

797

00:33:49,549 --> 00:33:47,700

it's been synthesized since then right

798

00:33:52,430 --> 00:33:49,559

it has been but that's that had nothing

799

00:33:54,230 --> 00:33:52,440

to do with Lazar um right like the

800

00:33:57,649 --> 00:33:54,240

properties don't match up it was an

801
00:34:00,769 --> 00:33:57,659
unstable Isis Lazar says that the um

802
00:34:03,830 --> 00:34:00,779
alien spaceship used a stable isotope of

803
00:34:05,570 --> 00:34:03,840
element 115 at the time he never

804
00:34:07,909 --> 00:34:05,580
mentioned the um

805
00:34:10,970 --> 00:34:07,919
the mass number so like

806
00:34:13,730 --> 00:34:10,980
uh the number of the neutrons plus

807
00:34:16,369 --> 00:34:13,740
protons okay

808
00:34:19,070 --> 00:34:16,379
it is present actually the mass number

809
00:34:21,169 --> 00:34:19,080
is present on merchandise on his

810
00:34:23,030 --> 00:34:21,179
company's website but we don't know

811
00:34:26,629 --> 00:34:23,040
where he got the idea for that I think

812
00:34:28,010 --> 00:34:26,639
299 is the mass number that he touts but

813
00:34:31,790 --> 00:34:28,020

he never mentioned that back in the day

814

00:34:34,010 --> 00:34:31,800

interesting um so I mean Element 115 it

815

00:34:35,810 --> 00:34:34,020

doesn't at all prove is the fact that it

816

00:34:38,810 --> 00:34:35,820

was synthesized we would expect it to be

817

00:34:40,490 --> 00:34:38,820

synthesized because that was already

818

00:34:43,550 --> 00:34:40,500

stuff that was being done at the time

819

00:34:45,349 --> 00:34:43,560

like you know elements are synthesized

820

00:34:47,089 --> 00:34:45,359

sometimes only for a few milliseconds

821

00:34:48,050 --> 00:34:47,099

but

822

00:34:50,030 --> 00:34:48,060

um

823

00:34:52,550 --> 00:34:50,040

he says that again it has special

824

00:34:53,570 --> 00:34:52,560

gravitational properties

825

00:34:55,730 --> 00:34:53,580

um

826

00:34:57,109 --> 00:34:55,740

no I mean it's just an element it

827

00:34:58,670 --> 00:34:57,119

doesn't have any magical properties

828

00:35:00,650 --> 00:34:58,680

right

829

00:35:01,910 --> 00:35:00,660

um and we don't find it on Earth we

830

00:35:04,730 --> 00:35:01,920

don't find it in the solar system

831

00:35:06,230 --> 00:35:04,740

anywhere we've looked and it is

832

00:35:08,690 --> 00:35:06,240

conceivable that out there in the

833

00:35:11,450 --> 00:35:08,700

universe there is a large amount of

834

00:35:14,390 --> 00:35:11,460

element 115 and some more stable form

835

00:35:16,849 --> 00:35:14,400

but um he doesn't know he doesn't

836

00:35:18,650 --> 00:35:16,859

remember what the spectrograph look like

837

00:35:21,650 --> 00:35:18,660

even though he supposedly was the one

838

00:35:22,990 --> 00:35:21,660

who identified it as four

839

00:35:32,089 --> 00:35:23,000

um

840

00:35:35,569 --> 00:35:32,099

an early interview I think in 1990 with

841

00:35:38,210 --> 00:35:35,579

Michael lindelman Liza says that um

842

00:35:42,470 --> 00:35:38,220

he thinks that the cash Landrum

843

00:35:44,329 --> 00:35:42,480

uh spaceship or craft used a plutonium

844

00:35:47,750 --> 00:35:44,339

instead of 115 but that it was

845

00:35:50,630 --> 00:35:47,760

replicating the gravitational properties

846

00:35:53,390 --> 00:35:50,640

of the sport model or the spaceships

847

00:35:56,630 --> 00:35:53,400

that they had at S4 this is before they

848

00:35:58,670 --> 00:35:56,640

supposedly had him come in to determine

849

00:36:01,130 --> 00:35:58,680

what the element was

850

00:36:02,750 --> 00:36:01,140

so why would they need him to come in if

851
00:36:05,990 --> 00:36:02,760
they were already reverse engineering at

852
00:36:07,849 --> 00:36:06,000
like back in the late 1970s or whenever

853
00:36:10,550 --> 00:36:07,859
it occurred 1980 I think the cash

854
00:36:13,550 --> 00:36:10,560
flandrum was uh yeah I believe it's

855
00:36:16,670 --> 00:36:13,560
weird a lot of lazar's like statements

856
00:36:19,790 --> 00:36:16,680
and uh sort of uh claims like he seems

857
00:36:23,450 --> 00:36:19,800
to get very specific about things in a

858
00:36:25,250 --> 00:36:23,460
way that like can be verified to some

859
00:36:27,950 --> 00:36:25,260
extent and then like there's a

860
00:36:30,770 --> 00:36:27,960
consistent attempt to do so and it just

861
00:36:32,990 --> 00:36:30,780
sort of like recedes progressively as

862
00:36:34,310 --> 00:36:33,000
you try to snap like lock something down

863
00:36:50,089 --> 00:36:34,320

like

864

00:36:51,050 --> 00:36:50,099

known in the UFO sort of community

865

00:36:53,510 --> 00:36:51,060

um

866

00:36:54,710 --> 00:36:53,520

do you have any insight on like like

867

00:36:56,690 --> 00:36:54,720

there are been like there are more

868

00:36:59,690 --> 00:36:56,700

compelling narratives out there what's

869

00:37:03,609 --> 00:36:59,700

sort of the central core reason why

870

00:37:09,829 --> 00:37:07,310

it kind of us brings it all together

871

00:37:11,870 --> 00:37:09,839

um his story is um it was already

872

00:37:14,569 --> 00:37:11,880

converging before he

873

00:37:17,990 --> 00:37:14,579

told it because you had um things like

874

00:37:20,089 --> 00:37:18,000

the 1988 UFO cover-up live TV special

875

00:37:23,990 --> 00:37:20,099

where many people were

876

00:37:25,849 --> 00:37:24,000

on the show many UFO personalities were

877

00:37:28,250 --> 00:37:25,859

telling tropes and stories that Lazar

878

00:37:30,650 --> 00:37:28,260

would later reprise

879

00:37:32,030 --> 00:37:30,660

um what is this event that's quite

880

00:37:35,390 --> 00:37:32,040

interesting I've never heard of this you

881

00:37:40,849 --> 00:37:35,400

can find it on YouTube excellent

882

00:37:50,930 --> 00:37:41,710

um

883

00:37:52,849 --> 00:37:50,940

yeah they're honored as well yep it's

884

00:37:54,170 --> 00:37:52,859

also got a video from the Hudson Valley

885

00:37:55,430 --> 00:37:54,180

sightings on their Campbell you should

886

00:37:56,870 --> 00:37:55,440

really watch it

887

00:37:58,970 --> 00:37:56,880

what's it called here I'll just pull it

888

00:38:00,370 --> 00:37:58,980

up quickly right now yeah UFO cover up

889

00:38:02,870 --> 00:38:00,380

live

890

00:38:04,730 --> 00:38:02,880

oh they picked a good name didn't they

891

00:38:05,510 --> 00:38:04,740

didn't Dodie have something to do with

892

00:38:08,270 --> 00:38:05,520

this

893

00:38:09,790 --> 00:38:08,280

yeah he was posing as he was in silly

894

00:38:12,609 --> 00:38:09,800

wet yeah

895

00:38:15,410 --> 00:38:12,619

yeah one of the Aviary

896

00:38:17,569 --> 00:38:15,420

although he wasn't actually Falcon

897

00:38:21,410 --> 00:38:17,579

um in the original Aviary but he was

898

00:38:23,930 --> 00:38:21,420

anyway in the show he was yeah

899

00:38:25,670 --> 00:38:23,940

um Area 51 by name some people think

900

00:38:28,250 --> 00:38:25,680

that Lazar was the first person to ever

901
00:38:30,470 --> 00:38:28,260
mention the name Area 51 in fact

902
00:38:31,310 --> 00:38:30,480
mentions of it go back

903
00:38:34,609 --> 00:38:31,320
um

904
00:38:36,950 --> 00:38:34,619
to at least 1979 in the popular media oh

905
00:38:38,990 --> 00:38:36,960
wow but um again it's in the documentary

906
00:38:40,609 --> 00:38:39,000
it's in that TV show

907
00:38:42,230 --> 00:38:40,619
okay I was trying to find a clip of the

908
00:38:44,810 --> 00:38:42,240
show itself I'm struggling to find an

909
00:38:47,329 --> 00:38:44,820
action you'll find them I actually made

910
00:38:50,930 --> 00:38:47,339
a list of similarities between

911
00:38:53,870 --> 00:38:50,940
um that show and the Lazar claims on my

912
00:38:57,290 --> 00:38:53,880
website I don't know pull that up if you

913
00:38:59,329 --> 00:38:57,300

go to UFO ufology is corrupt.com yeah

914

00:39:01,130 --> 00:38:59,339

and then click on the blog

915

00:39:04,370 --> 00:39:01,140

section

916

00:39:07,550 --> 00:39:04,380

I'll just pull it up right now

917

00:39:10,550 --> 00:39:07,560

yeah everybody uh listening watching

918

00:39:13,010 --> 00:39:10,560

um yeah Louise done this amazing

919

00:39:16,550 --> 00:39:13,020

yes

920

00:39:18,890 --> 00:39:16,560

and there he is all right and uh it's is

921

00:39:22,010 --> 00:39:18,900

it on the main page just keep going down

922

00:39:26,990 --> 00:39:24,650

I've actually got a couple of Lazar um

923

00:39:29,750 --> 00:39:27,000

articles including one that I did with

924

00:39:33,349 --> 00:39:29,760

Amy Collins uh that one about Bill

925

00:39:34,849 --> 00:39:33,359

Cooper and John Leo and the S4 badge we

926

00:39:37,130 --> 00:39:34,859

could talk more about that in a sec if

927

00:39:39,410 --> 00:39:37,140

you want but um if you go yeah that one

928

00:39:41,510 --> 00:39:39,420

there ah okay here we go

929

00:39:45,230 --> 00:39:41,520

it also links to a video that I have on

930

00:39:45,240 --> 00:39:49,910

um if you punch in um UFO cover-up

931

00:39:57,710 --> 00:39:51,050

yeah

932

00:40:01,430 --> 00:39:57,720

time stamps um excellent

933

00:40:03,050 --> 00:40:01,440

okay that's from 1980 but just um keep

934

00:40:05,750 --> 00:40:03,060

scrolling down

935

00:40:08,930 --> 00:40:05,760

to 1988 okay

936

00:40:10,430 --> 00:40:08,940

damn you are so extensive wow yeah this

937

00:40:12,050 --> 00:40:10,440

is excellent research everybody should

938

00:40:14,630 --> 00:40:12,060

check this out absolutely okay here we

939

00:40:17,390 --> 00:40:14,640

go I hope those still work sometimes our

940

00:40:18,829 --> 00:40:17,400

videos are dropped from YouTube but um

941

00:40:21,109 --> 00:40:18,839

is there one that you recall that's

942

00:40:24,170 --> 00:40:21,119

specifically interesting oh there's the

943

00:40:26,870 --> 00:40:24,180

Falcon one um oh yes Falcon okay oh then

944

00:40:29,450 --> 00:40:26,880

this is Dodie and Dodie is uh let's uh

945

00:40:31,670 --> 00:40:29,460

just remind everybody he was the U.S Air

946

00:40:34,190 --> 00:40:31,680

Force intelligence officer who

947

00:40:40,069 --> 00:40:34,200

was involved in uh and what is the name

948

00:40:44,630 --> 00:40:42,230

you're thinking a mirageman yes thank

949

00:40:47,870 --> 00:40:44,640

you yeah he was a mirage man too yes

950

00:40:53,089 --> 00:40:51,950

um a bunch of things in that TV special

951
00:40:57,710 --> 00:40:53,099
um okay let me just share that

952
00:41:01,250 --> 00:40:59,390
I believe that's in public domain now

953
00:41:03,829 --> 00:41:01,260
right

954
00:41:08,870 --> 00:41:03,839
yeah it should be

955
00:41:11,510 --> 00:41:08,880
all over the place hopefully yeah there

956
00:41:18,890 --> 00:41:11,520
we go okay you guys can hear that

957
00:41:24,050 --> 00:41:21,890
play their primary purpose was to keep

958
00:41:27,109 --> 00:41:24,060
track of the information coming in on

959
00:41:30,470 --> 00:41:27,119
UFOs and to analyze the information both

960
00:41:32,750 --> 00:41:30,480
uh scientifically and in a way that

961
00:41:35,589 --> 00:41:32,760
would Advance our technology there are

962
00:41:38,750 --> 00:41:35,599
government officials and Collective

963
00:41:43,390 --> 00:41:38,760

officials that are automatically brief

964

00:41:47,270 --> 00:41:43,400

and existence of view mj-12 activities

965

00:41:50,990 --> 00:41:47,280

okay wow creepy you can tell it's him eh

966

00:41:56,930 --> 00:41:53,569

that's funny okay well that's amazing

967

00:41:59,750 --> 00:41:56,940

though yes Lazar did talk about mj-12 in

968

00:42:02,870 --> 00:41:59,760

in the extent that he says um that is

969

00:42:04,130 --> 00:42:02,880

security ID badge at S4 said match on it

970

00:42:07,130 --> 00:42:04,140

maj

971

00:42:08,750 --> 00:42:07,140

and all for his um supposed W2 tax form

972

00:42:11,630 --> 00:42:08,760

had

973

00:42:15,349 --> 00:42:11,640

um Maj on it as well

974

00:42:18,470 --> 00:42:15,359

I've seen A Renewed interest in the

975

00:42:19,849 --> 00:42:18,480

mj-12 documents as well lately and I

976

00:42:21,290 --> 00:42:19,859

think that's really interesting I didn't

977

00:42:23,329 --> 00:42:21,300

think that there was really any more

978

00:42:26,510 --> 00:42:23,339

room for that after

979

00:42:28,310 --> 00:42:26,520

um how was it class who found the uh the

980

00:42:30,650 --> 00:42:28,320

cut and pasted signatures on those

981

00:42:33,310 --> 00:42:30,660

documents right right

982

00:42:37,130 --> 00:42:33,320

but it keeps rearing its ugly head yeah

983

00:42:39,470 --> 00:42:37,140

that document the mj-12 it's

984

00:42:41,510 --> 00:42:39,480

um a pretty Infamous one right is that's

985

00:42:44,150 --> 00:42:41,520

the origin if I recall correctly of the

986

00:42:47,030 --> 00:42:44,160

whole uh belief in uh the Eisen

987

00:42:48,710 --> 00:42:47,040

President Eisenhower was like inspiring

988

00:42:50,750 --> 00:42:48,720

with aliens and stuff

989

00:42:53,569 --> 00:42:50,760

um yeah and it's been quite uh

990

00:42:55,730 --> 00:42:53,579

thoroughly uh debunked as you pointed

991

00:42:57,589 --> 00:42:55,740

out nick uh a very significant document

992

00:42:59,690 --> 00:42:57,599

though yeah

993

00:43:02,210 --> 00:42:59,700

within the culture yeah

994

00:43:03,710 --> 00:43:02,220

it's also in the latest installation of

995

00:43:06,530 --> 00:43:03,720

American Horror Story

996

00:43:09,349 --> 00:43:06,540

interesting really I haven't watched it

997

00:43:11,870 --> 00:43:09,359

in a long time you seem like um making a

998

00:43:14,210 --> 00:43:11,880

deal with the aliens and stuff like that

999

00:43:16,849 --> 00:43:14,220

the Roswell crash

1000

00:43:18,410 --> 00:43:16,859

it's where he uh he agreed to like so

1001
00:43:19,970 --> 00:43:18,420
many number of American citizens are

1002
00:43:22,849 --> 00:43:19,980
allowed to be abducted

1003
00:43:26,170 --> 00:43:22,859
right for their nefarious experiments

1004
00:43:33,470 --> 00:43:26,180
it's a cool plot like

1005
00:43:38,750 --> 00:43:36,290
that that was you know the Dulce base

1006
00:43:40,190 --> 00:43:38,760
um it was housing like a secret alien

1007
00:43:42,829 --> 00:43:40,200
research facility where American

1008
00:43:44,390 --> 00:43:42,839
citizens were being kidnapped and

1009
00:43:47,030 --> 00:43:44,400
um experimented on and that the

1010
00:43:47,930 --> 00:43:47,040
government knew about this

1011
00:43:50,870 --> 00:43:47,940
um

1012
00:43:52,550 --> 00:43:50,880
and uh I think Cooper believed that for

1013
00:43:54,410 --> 00:43:52,560

a while but I think he dropped out of

1014

00:43:57,530 --> 00:43:54,420

that belief

1015

00:43:58,910 --> 00:43:57,540

um John Leah believed it

1016

00:44:01,130 --> 00:43:58,920

um

1017

00:44:03,950 --> 00:44:01,140

yeah John Lear is such an interesting

1018

00:44:05,930 --> 00:44:03,960

person but uh

1019

00:44:08,990 --> 00:44:05,940

yeah it might not have been a Lazar

1020

00:44:11,450 --> 00:44:09,000

without John Leo possibly

1021

00:44:14,030 --> 00:44:11,460

and uh I'm not super familiar with uh

1022

00:44:17,030 --> 00:44:14,040

John Lear you said he was like a radio

1023

00:44:18,890 --> 00:44:17,040

host at the time kind of on the Liberian

1024

00:44:21,470 --> 00:44:18,900

side of things is that uh kind of

1025

00:44:23,510 --> 00:44:21,480

roughly correct he was a very proficient

1026

00:44:26,690 --> 00:44:23,520

pilot he's doing like dozens of

1027

00:44:28,910 --> 00:44:26,700

different airframes he um

1028

00:44:30,710 --> 00:44:28,920

worked at the Nevada Test Site during

1029

00:44:31,490 --> 00:44:30,720

the early 80s

1030

00:44:35,569 --> 00:44:31,500

um

1031

00:44:37,790 --> 00:44:35,579

back to my website there's actually yeah

1032

00:44:40,430 --> 00:44:37,800

an article there about him

1033

00:44:43,069 --> 00:44:40,440

you see a photo of him um from the early

1034

00:44:45,109 --> 00:44:43,079

80s next to one of the um

1035

00:44:48,230 --> 00:44:45,119

aircraft that he flew over the site to

1036

00:44:49,490 --> 00:44:48,240

collect air samples because they were um

1037

00:44:51,290 --> 00:44:49,500

you know they were testing nuclear

1038

00:44:53,210 --> 00:44:51,300

weapons there underground but they were

1039

00:44:55,190 --> 00:44:53,220

concerned that some of the

1040

00:44:57,829 --> 00:44:55,200

radioactive material was leaking out

1041

00:44:59,450 --> 00:44:57,839

into the atmosphere so they will do some

1042

00:45:01,250 --> 00:44:59,460

oh it's not in that one it's in the

1043

00:45:03,690 --> 00:45:01,260

other Lazar

1044

00:45:06,589 --> 00:45:03,700

um oh yeah let's go back up to blog

1045

00:45:08,950 --> 00:45:06,599

[Music]

1046

00:45:12,170 --> 00:45:08,960

okay here we go

1047

00:45:15,170 --> 00:45:12,180

yes sorry yeah got uh confused there for

1048

00:45:17,630 --> 00:45:15,180

a second all right and Lear uh that is

1049

00:45:19,609 --> 00:45:17,640

that a relation to the airplane company

1050

00:45:21,950 --> 00:45:19,619

yeah his father his father oh my

1051
00:45:24,349 --> 00:45:21,960
goodness okay so he wasn't yeah I was

1052
00:45:26,750 --> 00:45:24,359
totally off on uh so so he he was like

1053
00:45:29,870 --> 00:45:26,760
independently wealthy and interested in

1054
00:45:34,250 --> 00:45:32,210
okay that's an interesting element of

1055
00:45:37,430 --> 00:45:34,260
this too actually the the sort of like

1056
00:45:39,829 --> 00:45:37,440
the rich kid interest in UFOs like we

1057
00:45:41,569 --> 00:45:39,839
have like uh you know Chris Mellon of

1058
00:45:45,589 --> 00:45:41,579
the melon family

1059
00:45:48,349 --> 00:45:45,599
um gosh who else is there um well Leslie

1060
00:45:49,910 --> 00:45:48,359
Keane right or uh Kane if that's how

1061
00:45:51,829 --> 00:45:49,920
you're supposed to say it apparently

1062
00:45:55,730 --> 00:45:51,839
um yeah

1063
00:45:58,190 --> 00:45:56,990

I don't know how he grew up though I

1064

00:46:00,470 --> 00:45:58,200

guess he grew up kind of middle class

1065

00:46:02,450 --> 00:46:00,480

right

1066

00:46:03,829 --> 00:46:02,460

yeah I don't know actually yeah I only

1067

00:46:07,490 --> 00:46:03,839

know a few of the songs that have grown

1068

00:46:10,970 --> 00:46:07,500

up with them obviously but um okay so uh

1069

00:46:12,950 --> 00:46:10,980

here we go John Lear and Bill Cooper

1070

00:46:14,450 --> 00:46:12,960

is there a section uh specifically you

1071

00:46:16,790 --> 00:46:14,460

were looking for uh Louise or should I

1072

00:46:20,450 --> 00:46:16,800

scroll down and you can kind of uh yeah

1073

00:46:21,890 --> 00:46:20,460

just scroll down yeah sure we'll hit it

1074

00:46:24,170 --> 00:46:21,900

eventually

1075

00:46:26,630 --> 00:46:24,180

um it's just my correspondence with um

1076

00:46:29,870 --> 00:46:26,640

Amy and she um

1077

00:46:32,329 --> 00:46:29,880

she gave me that um

1078

00:46:34,670 --> 00:46:32,339

uh that graphic up there that's an ID

1079

00:46:37,849 --> 00:46:34,680

badge by the way at the Nevada test site

1080

00:46:40,390 --> 00:46:37,859

that they were using and uh lazar's

1081

00:46:43,970 --> 00:46:40,400

um ID badge that he sort of

1082

00:46:47,510 --> 00:46:43,980

reconstructed from memory as he says

1083

00:46:49,730 --> 00:46:47,520

um is not period accurate the style the

1084

00:46:51,550 --> 00:46:49,740

um card doesn't match when he supposedly

1085

00:46:54,589 --> 00:46:51,560

worked that S4

1086

00:46:55,910 --> 00:46:54,599

does it does it look similar to a more

1087

00:46:57,890 --> 00:46:55,920

recent one though

1088

00:47:00,109 --> 00:46:57,900

it looks more similar to the older ones

1089

00:47:02,150 --> 00:47:00,119

but then in the late 80s they updated

1090

00:47:04,550 --> 00:47:02,160

them and that's when Lazar supposedly

1091

00:47:07,030 --> 00:47:04,560

worked there but it doesn't match up I

1092

00:47:12,710 --> 00:47:09,490

uh your language

1093

00:47:16,790 --> 00:47:12,720

Lazar stands exposed as a compulsive

1094

00:47:17,870 --> 00:47:16,800

plagiarist of narrative elements nice

1095

00:47:21,950 --> 00:47:17,880

yeah

1096

00:47:24,230 --> 00:47:21,960

must have scrolled over it because uh

1097

00:47:27,530 --> 00:47:24,240

okay oh here we go yeah that's

1098

00:47:31,690 --> 00:47:29,150

found the backstory of the security

1099

00:47:34,010 --> 00:47:31,700

badge

1100

00:47:36,530 --> 00:47:34,020

Amy's stepfather actually worked at the

1101

00:47:38,630 --> 00:47:36,540

Nevada Test Site um

1102

00:47:40,670 --> 00:47:38,640

and he knew a lot about

1103

00:47:43,309 --> 00:47:40,680

um obviously the goings on there

1104

00:47:44,750 --> 00:47:43,319

and um so does Amy because she's a does

1105

00:47:45,829 --> 00:47:44,760

a lot of research into this kind of

1106

00:47:47,450 --> 00:47:45,839

stuff

1107

00:47:49,370 --> 00:47:47,460

right and so you've done a fair bit of

1108

00:47:50,930 --> 00:47:49,380

digging like yourself Louise I just want

1109

00:47:52,550 --> 00:47:50,940

to emphasize that like you've been

1110

00:47:55,190 --> 00:47:52,560

communicating with these individuals

1111

00:47:57,410 --> 00:47:55,200

directly getting the stories like from

1112

00:47:59,870 --> 00:47:57,420

people who sort of are

1113

00:48:02,450 --> 00:47:59,880

attached at least tangentially to the

1114

00:48:05,030 --> 00:48:02,460

actual situation on the ground

1115

00:48:06,829 --> 00:48:05,040

it's quite interesting yeah

1116

00:48:09,950 --> 00:48:06,839

now there's a there's another similar

1117

00:48:12,530 --> 00:48:09,960

claim from uh Lazar about hand scanners

1118

00:48:15,410 --> 00:48:12,540

too right that's kind of there the

1119

00:48:16,250 --> 00:48:15,420

identum at hand scanner yeah which is

1120

00:48:19,490 --> 00:48:16,260

actually

1121

00:48:20,930 --> 00:48:19,500

um seen in the 2000 sorry uh the movie

1122

00:48:24,109 --> 00:48:20,940

um Close Encounters of the Third Kind

1123

00:48:26,809 --> 00:48:24,119

which came out in 1977 I think

1124

00:48:29,210 --> 00:48:26,819

you see one of those there but the

1125

00:48:31,550 --> 00:48:29,220

identament was actually seen in an

1126

00:48:34,730 --> 00:48:31,560

Electronics catalogs since like the late

1127

00:48:36,950 --> 00:48:34,740

60s interesting it was also used at the

1128

00:48:38,569 --> 00:48:36,960

Tonopah test range during some of the

1129

00:48:42,410 --> 00:48:38,579

developments of the um

1130

00:48:45,650 --> 00:48:42,420

the F-117 Stealth aircraft and

1131

00:48:47,089 --> 00:48:45,660

um possibly Jim tagliani told uh Lazar

1132

00:48:48,109 --> 00:48:47,099

about that so that could have been the

1133

00:48:50,030 --> 00:48:48,119

inspiration

1134

00:48:51,890 --> 00:48:50,040

for saying that they they will use it as

1135

00:48:53,930 --> 00:48:51,900

for

1136

00:48:56,630 --> 00:48:53,940

right so so this is like you're just

1137

00:48:58,849 --> 00:48:56,640

basically yeah in this article you've uh

1138

00:49:00,430 --> 00:48:58,859

written a blog post going through sort

1139

00:49:03,829 --> 00:49:00,440

of the individual

1140

00:49:06,530 --> 00:49:03,839

items the claims and then just testing

1141

00:49:09,890 --> 00:49:06,540

them against information that can be

1142

00:49:12,290 --> 00:49:09,900

accessed and um so it doesn't come out

1143

00:49:15,349 --> 00:49:12,300

well at all uh for for Bob and

1144

00:49:17,270 --> 00:49:15,359

unfortunately for uh his supporters

1145

00:49:19,370 --> 00:49:17,280

you can always make a more elaborate

1146

00:49:20,450 --> 00:49:19,380

story uh that you know they covered this

1147

00:49:22,790 --> 00:49:20,460

up or

1148

00:49:24,410 --> 00:49:22,800

whatever but like it just becomes too

1149

00:49:25,970 --> 00:49:24,420

convoluted

1150

00:49:28,970 --> 00:49:25,980

and um

1151
00:49:30,410 --> 00:49:28,980
obviously not very parsimonious well and

1152
00:49:32,829 --> 00:49:30,420
just think it's like this is like one

1153
00:49:36,589 --> 00:49:32,839
Claim about a badge yeah and it's like

1154
00:49:39,589 --> 00:49:36,599
item after item can be identified as

1155
00:49:42,890 --> 00:49:39,599
problematic like it's like why is he so

1156
00:49:45,109 --> 00:49:42,900
bad at this why is he making such

1157
00:49:47,150 --> 00:49:45,119
specific I guess people are like

1158
00:49:50,470 --> 00:49:47,160
prompting him for specifics like what's

1159
00:49:52,550 --> 00:49:50,480
what's going on here yeah

1160
00:49:54,349 --> 00:49:52,560
give these little um sort of

1161
00:49:55,130 --> 00:49:54,359
confirmations but then when you look at

1162
00:49:57,349 --> 00:49:55,140
them

1163
00:49:59,930 --> 00:49:57,359

they don't add up and then there's also

1164

00:50:01,069 --> 00:49:59,940

the vague claims that he makes where he

1165

00:50:03,109 --> 00:50:01,079

knows that a lot of people are not

1166

00:50:05,809 --> 00:50:03,119

scientifically

1167

00:50:07,430 --> 00:50:05,819

um you know minded or literate and he

1168

00:50:10,430 --> 00:50:07,440

can just basically get away with stuff

1169

00:50:13,250 --> 00:50:10,440

that sounds sort of sciency she does

1170

00:50:15,050 --> 00:50:13,260

that a lot as well it was so long ago

1171

00:50:16,370 --> 00:50:15,060

that he can't remember or that he can't

1172

00:50:18,410 --> 00:50:16,380

talk about it because he doesn't want to

1173

00:50:23,150 --> 00:50:18,420

get people in trouble so there's always

1174

00:50:27,950 --> 00:50:25,430

yeah it's a lot like the um the appeals

1175

00:50:30,829 --> 00:50:27,960

to quantum physics now or even appeals

1176

00:50:33,650 --> 00:50:30,839

to Consciousness yeah

1177

00:50:35,030 --> 00:50:33,660

now he he does seem to be an Unsinkable

1178

00:50:37,609 --> 00:50:35,040

rubber ducky do you think that is

1179

00:50:40,309 --> 00:50:37,619

partially because uh more contemporary

1180

00:50:43,430 --> 00:50:40,319

figures are still kind of backing them

1181

00:50:45,290 --> 00:50:43,440

up like I think George Knapp still uh

1182

00:50:46,910 --> 00:50:45,300

contends that he's telling the truth

1183

00:50:49,790 --> 00:50:46,920

right

1184

00:50:52,309 --> 00:50:49,800

yeah George Knapp is um basically I

1185

00:50:54,589 --> 00:50:52,319

think dug himself into a hole or his um

1186

00:50:56,750 --> 00:50:54,599

sunken his costs into the Lazar story

1187

00:50:59,809 --> 00:50:56,760

he's the one who broke the LaSalle story

1188

00:51:01,609 --> 00:50:59,819

uh to the public and he obviously

1189

00:51:04,190 --> 00:51:01,619

doesn't want to appear like he was made

1190

00:51:07,010 --> 00:51:04,200

a fool of by Lazar that he was

1191

00:51:10,430 --> 00:51:07,020

so he has to almost for his reputation I

1192

00:51:12,130 --> 00:51:10,440

guess has to sort of keep pushing it

1193

00:51:16,430 --> 00:51:12,140

um

1194

00:51:18,109 --> 00:51:16,440

I mean that's that's so kind of

1195

00:51:21,010 --> 00:51:18,119

transparent and out in the open though

1196

00:51:23,930 --> 00:51:21,020

like so you can see that he's doing that

1197

00:51:25,849 --> 00:51:23,940

that seems like but I mean I think with

1198

00:51:27,530 --> 00:51:25,859

this disclosure right now going on

1199

00:51:31,250 --> 00:51:27,540

so-called disclosure and these um

1200

00:51:34,010 --> 00:51:31,260

hearings it's more like a kind of um

1201
00:51:35,690 --> 00:51:34,020
a buffer there people can can just about

1202
00:51:36,770 --> 00:51:35,700
believe that Lazar is telling the truth

1203
00:51:38,870 --> 00:51:36,780
because

1204
00:51:40,730 --> 00:51:38,880
if the government is saying that aliens

1205
00:51:43,010 --> 00:51:40,740
are real although they're not but that's

1206
00:51:44,690 --> 00:51:43,020
the claim that's often made then it's

1207
00:51:47,210 --> 00:51:44,700
not that far out to believe that maybe

1208
00:51:50,030 --> 00:51:47,220
they're also hiding alien technology

1209
00:51:51,829 --> 00:51:50,040
sure so it's sort of um in the

1210
00:51:54,109 --> 00:51:51,839
background is sort of conducive to

1211
00:51:56,870 --> 00:51:54,119
believing Lazar in some ways so people

1212
00:51:59,150 --> 00:51:56,880
find that easier

1213
00:52:00,950 --> 00:51:59,160

it's interesting this whole kind of plot

1214

00:52:03,109 --> 00:52:00,960

line which was kind of picked up by the

1215

00:52:04,730 --> 00:52:03,119

Exiles and stuff the UFOs and the

1216

00:52:06,670 --> 00:52:04,740

government knowing about it and hiding

1217

00:52:11,030 --> 00:52:06,680

it was actually written by Ray Palmer in

1218

00:52:13,069 --> 00:52:11,040

1946. yeah and uh life just life

1219

00:52:14,710 --> 00:52:13,079

including extraterrestrial seems to

1220

00:52:17,870 --> 00:52:14,720

imitate art

1221

00:52:18,950 --> 00:52:17,880

very surprising you wouldn't think it

1222

00:52:21,650 --> 00:52:18,960

would

1223

00:52:23,510 --> 00:52:21,660

now uh so Bob Lazar

1224

00:52:26,390 --> 00:52:23,520

um like you were uh mentioning Louise

1225

00:52:28,250 --> 00:52:26,400

like he got into some difficulties right

1226

00:52:29,930 --> 00:52:28,260

like if I remember correctly like he

1227

00:52:32,030 --> 00:52:29,940

tried to start his own

1228

00:52:34,430 --> 00:52:32,040

um Festival in the desert that didn't

1229

00:52:37,670 --> 00:52:34,440

really pan out he was

1230

00:52:39,410 --> 00:52:37,680

um sort of trying to like make a name

1231

00:52:42,109 --> 00:52:39,420

for himself in several respects like

1232

00:52:43,430 --> 00:52:42,119

building a car that ran on what was it

1233

00:52:46,190 --> 00:52:43,440

hydrogen or something kind of

1234

00:52:49,309 --> 00:52:46,200

interesting like he was like quite

1235

00:52:51,950 --> 00:52:49,319

competent uh with uh you know making

1236

00:52:54,530 --> 00:52:51,960

stuff uh obviously not consistent with

1237

00:52:56,030 --> 00:52:54,540

building a flying saucer but um you know

1238

00:53:03,829 --> 00:52:56,040

so

1239

00:53:05,690 --> 00:53:03,839

legal troubles with uh you know like

1240

00:53:08,270 --> 00:53:05,700

being arrested on those uh criminal

1241

00:53:09,710 --> 00:53:08,280

charges you mentioned and stuff and uh I

1242

00:53:12,650 --> 00:53:09,720

get the intensity kind of went away for

1243

00:53:14,510 --> 00:53:12,660

a bit and then people sort of grabbed on

1244

00:53:17,569 --> 00:53:14,520

to his story again and we have this

1245

00:53:21,170 --> 00:53:17,579

filmmaker now uh Jeremy Corbell uh

1246

00:53:25,010 --> 00:53:21,180

documentarian very interested in UFOs

1247

00:53:26,450 --> 00:53:25,020

believes uh sort of the Lazar uh story

1248

00:53:28,849 --> 00:53:26,460

and he

1249

00:53:30,829 --> 00:53:28,859

got Lazar out there eh like for a whole

1250

00:53:33,109 --> 00:53:30,839

new generation of people who haven't

1251

00:53:34,849 --> 00:53:33,119

been through the line by line of all

1252

00:53:38,390 --> 00:53:34,859

these issues and they just see him on

1253

00:53:41,210 --> 00:53:38,400

Rogan oops

1254

00:53:43,490 --> 00:53:41,220

and uh like so the cycle kind of

1255

00:53:45,950 --> 00:53:43,500

continues and uh

1256

00:53:47,089 --> 00:53:45,960

obviously you're fighting it but um is

1257

00:53:51,470 --> 00:53:47,099

there

1258

00:53:53,510 --> 00:53:51,480

cycle could be broken at some point like

1259

00:53:55,370 --> 00:53:53,520

uh based on your knowledge actually Nick

1260

00:53:57,710 --> 00:53:55,380

too with your experience of the UFO

1261

00:54:00,589 --> 00:53:57,720

subject to history in general like um

1262

00:54:02,630 --> 00:54:00,599

when like with it the original in the

1263

00:54:06,290 --> 00:54:02,640

50s the people like a damskin stuff they

1264

00:54:08,630 --> 00:54:06,300

did eventually sort of uh go away with

1265

00:54:11,510 --> 00:54:08,640

the sort of exposure repeatedly to sort

1266

00:54:13,490 --> 00:54:11,520

of like evidence of fraud um like like

1267

00:54:15,589 --> 00:54:13,500

Luis said Billy Myers still kicking

1268

00:54:16,790 --> 00:54:15,599

around Lazar keeps popping back up all

1269

00:54:19,309 --> 00:54:16,800

these things

1270

00:54:21,950 --> 00:54:19,319

well I mean daily we see all the UFO

1271

00:54:23,870 --> 00:54:21,960

video hoaxes that we saw months ago that

1272

00:54:26,329 --> 00:54:23,880

are being passed around by the newer

1273

00:54:28,069 --> 00:54:26,339

people and stuff right so like like I

1274

00:54:30,470 --> 00:54:28,079

called Lazar all these things all these

1275

00:54:32,870 --> 00:54:30,480

Unsinkable rubber duckies like I guess

1276

00:54:35,809 --> 00:54:32,880

the um kind of the Mystique and the

1277

00:54:37,730 --> 00:54:35,819

narrative is a better seller than

1278

00:54:40,370 --> 00:54:37,740

the the reality of these things so it's

1279

00:54:43,010 --> 00:54:40,380

more popular I suppose

1280

00:54:45,470 --> 00:54:43,020

there's also the ecological problems

1281

00:54:46,870 --> 00:54:45,480

we're facing um you know the desire for

1282

00:54:50,569 --> 00:54:46,880

free energy

1283

00:54:52,730 --> 00:54:50,579

the the alien reactor or the engine is

1284

00:54:55,370 --> 00:54:52,740

touted as like a

1285

00:54:57,170 --> 00:54:55,380

the cure for all of our basically

1286

00:54:59,390 --> 00:54:57,180

societal problems because anyway we're

1287

00:55:01,190 --> 00:54:59,400

not going to fight over you know

1288

00:55:02,210 --> 00:55:01,200

oil in the Middle East or stuff like

1289

00:55:02,750 --> 00:55:02,220

that

1290

00:55:05,210 --> 00:55:02,760

um

1291

00:55:07,089 --> 00:55:05,220

and there's also a religious aspect uh

1292

00:55:10,130 --> 00:55:07,099

which obviously goes back to the um

1293

00:55:12,230 --> 00:55:10,140

contactees we've always been here in

1294

00:55:14,809 --> 00:55:12,240

ufology where people believe that the

1295

00:55:17,049 --> 00:55:14,819

aliens are basically the Salvation yeah

1296

00:55:20,569 --> 00:55:17,059

instead of God or Jesus you have the

1297

00:55:21,770 --> 00:55:20,579

extraterrestrials coming down from space

1298

00:55:23,870 --> 00:55:21,780

um promising

1299

00:55:26,690 --> 00:55:23,880

you know the next stage of human

1300

00:55:28,730 --> 00:55:26,700

evolution basically

1301

00:55:31,309 --> 00:55:28,740

they always seem to have suggestions to

1302

00:55:32,930 --> 00:55:31,319

our problems that are uh just kind of

1303

00:55:35,870 --> 00:55:32,940

Concepts we already understand anyway

1304

00:55:38,030 --> 00:55:35,880

yeah don't drop nuclear bombs on each

1305

00:55:40,370 --> 00:55:38,040

other or take care of the environment in

1306

00:55:42,410 --> 00:55:40,380

an individualistic way you know do your

1307

00:55:44,089 --> 00:55:42,420

part and recycle not uh the aliens are

1308

00:55:45,650 --> 00:55:44,099

coming down and telling any of the

1309

00:55:47,809 --> 00:55:45,660

corporations that are polluting the air

1310

00:55:49,250 --> 00:55:47,819

adding uh have a larger carbon footprint

1311

00:55:52,849 --> 00:55:49,260

to stop that it's always like you know

1312

00:55:54,410 --> 00:55:52,859

the individual or a group of children

1313

00:55:57,670 --> 00:55:54,420

yeah it doesn't seem like a good

1314

00:56:00,650 --> 00:55:57,680

strategy to me for these aliens

1315

00:56:03,470 --> 00:56:00,660

yeah it is always sort of uh the reverse

1316

00:56:06,950 --> 00:56:03,480

uh psychology it's sort of like

1317

00:56:09,710 --> 00:56:06,960

um since this is true what could explain

1318

00:56:11,870 --> 00:56:09,720

that right it's um sort of I call it I

1319

00:56:13,390 --> 00:56:11,880

guess religious thinking or magical

1320

00:56:16,190 --> 00:56:13,400

thing or whatever

1321

00:56:18,470 --> 00:56:16,200

constructing it in reverse

1322

00:56:21,109 --> 00:56:18,480

and uh we're sort of seeing actually

1323

00:56:22,370 --> 00:56:21,119

like like with these figures they are I

1324

00:56:25,010 --> 00:56:22,380

sort of get a sense that they're like

1325

00:56:28,130 --> 00:56:25,020

almost becoming like mythical figures in

1326
00:56:30,109 --> 00:56:28,140
a um like it's not an organized religion

1327
00:56:33,349 --> 00:56:30,119
in any sense of it but there are like a

1328
00:56:37,309 --> 00:56:33,359
sort of loose system of beliefs that are

1329
00:56:40,010 --> 00:56:37,319
um coalescing in a way uh that I'm I'm

1330
00:56:42,770 --> 00:56:40,020
seeing it progressively like uh on the

1331
00:56:46,210 --> 00:56:42,780
forums on uh you know Twitter on Reddit

1332
00:56:48,710 --> 00:56:46,220
and stuff and um it does bear some

1333
00:56:49,849 --> 00:56:48,720
similarities in some respects perhaps uh

1334
00:56:51,589 --> 00:56:49,859
Louise you could speak on this too

1335
00:56:53,690 --> 00:56:51,599
because of your knowledge of it like the

1336
00:56:56,569 --> 00:56:53,700
uh emergence of a cult

1337
00:56:58,970 --> 00:56:56,579
uh traditions in the 19th century almost

1338
00:57:00,650 --> 00:56:58,980

uh yeah as a rad reaction to you know

1339

00:57:02,990 --> 00:57:00,660

the theory of evolution and sort of like

1340

00:57:05,390 --> 00:57:03,000

materialism and stuff and that was all

1341

00:57:07,910 --> 00:57:05,400

rooted in the idea that there was an act

1342

00:57:10,370 --> 00:57:07,920

of communication with yeah other

1343

00:57:11,750 --> 00:57:10,380

entities this hope for certainly like

1344

00:57:17,329 --> 00:57:11,760

yeah

1345

00:57:19,490 --> 00:57:17,339

spiritualism went in for that stuff some

1346

00:57:21,710 --> 00:57:19,500

um groups like theosophy also believe

1347

00:57:24,589 --> 00:57:21,720

that they could um communicate directly

1348

00:57:27,710 --> 00:57:24,599

with um beings like at a higher

1349

00:57:29,630 --> 00:57:27,720

dimensional or spiritual level and that

1350

00:57:32,930 --> 00:57:29,640

that got you know transformed into

1351

00:57:35,030 --> 00:57:32,940

literal extraterrestrials on Venus

1352

00:57:36,349 --> 00:57:35,040

um Venus is also like something which

1353

00:57:39,109 --> 00:57:36,359

has long been

1354

00:57:43,370 --> 00:57:39,119

used by contactees especially those

1355

00:57:46,609 --> 00:57:43,380

influenced by theosophy but um yeah with

1356

00:57:49,250 --> 00:57:46,619

Cults you sometimes do get these extreme

1357

00:57:53,089 --> 00:57:49,260

beliefs like the ones um we saw with

1358

00:57:55,190 --> 00:57:53,099

Heaven's Gate uh if you recall you know

1359

00:57:58,690 --> 00:57:55,200

mass suicide because they thought that

1360

00:58:01,490 --> 00:57:58,700

the comet um was going to take them away

1361

00:58:03,109 --> 00:58:01,500

they had to kill themselves to ascend to

1362

00:58:04,849 --> 00:58:03,119

the comet which is actually hiding a

1363

00:58:07,069 --> 00:58:04,859

spaceship

1364

00:58:10,190 --> 00:58:07,079

um you also see things like um the order

1365

00:58:11,990 --> 00:58:10,200

of the solar Temple which was a I don't

1366

00:58:14,329 --> 00:58:12,000

think that was really a UFO religion but

1367

00:58:17,089 --> 00:58:14,339

it had some Cosmic beliefs along those

1368

00:58:20,450 --> 00:58:17,099

lines there was a cult which

1369

00:58:21,589 --> 00:58:20,460

um was active in France Switzerland and

1370

00:58:25,370 --> 00:58:21,599

Quebec

1371

00:58:29,450 --> 00:58:25,380

and um they also did a mass suicide

1372

00:58:32,510 --> 00:58:29,460

um I think it was in the 90s and um

1373

00:58:34,670 --> 00:58:32,520

right now we're seeing stuff like the

1374

00:58:36,849 --> 00:58:34,680

uh star seeds

1375

00:58:38,690 --> 00:58:36,859

and these ideas about genetic

1376

00:58:41,150 --> 00:58:38,700

predispositions to

1377

00:58:42,950 --> 00:58:41,160

being in contact with the UFOs or aliens

1378

00:58:44,750 --> 00:58:42,960

right and there's the whole

1379

00:58:48,049 --> 00:58:44,760

Consciousness aspect as well where

1380

00:58:51,230 --> 00:58:49,010

um

1381

00:58:53,329 --> 00:58:51,240

they're communicating with aliens and

1382

00:58:55,309 --> 00:58:53,339

sometimes even they are the aliens like

1383

00:58:57,049 --> 00:58:55,319

that they lived in a previous life as an

1384

00:58:57,829 --> 00:58:57,059

extraterrestrial but that they're here

1385

00:58:59,990 --> 00:58:57,839

to

1386

00:59:02,210 --> 00:59:00,000

help liberate mankind

1387

00:59:04,430 --> 00:59:02,220

and that can lead to extremism easily

1388

00:59:07,670 --> 00:59:04,440

because you know in this current culture

1389

00:59:08,329 --> 00:59:07,680

and political situation

1390

00:59:10,010 --> 00:59:08,339

um

1391

00:59:12,109 --> 00:59:10,020

there's really like a breakdown of

1392

00:59:15,890 --> 00:59:12,119

consensus reality

1393

00:59:18,829 --> 00:59:15,900

um Leah has spoken to that a lot as well

1394

00:59:21,410 --> 00:59:18,839

um and

1395

00:59:23,630 --> 00:59:21,420

you know fake news on all that stuff

1396

00:59:26,329 --> 00:59:23,640

um so people are kind of really primed

1397

00:59:28,910 --> 00:59:26,339

to believe really weird stuff

1398

00:59:30,589 --> 00:59:28,920

uh speaking to your question Campbell do

1399

00:59:32,630 --> 00:59:30,599

you think that maybe these kind of

1400

00:59:33,470 --> 00:59:32,640

figures are created because we kind of

1401
00:59:35,270 --> 00:59:33,480
have

1402
00:59:39,049 --> 00:59:35,280
especially coming from the perspective

1403
00:59:40,910 --> 00:59:39,059
of the eth or the nihi hypothesis which

1404
00:59:43,970 --> 00:59:40,920
I think is a natural conclusion to come

1405
00:59:45,230 --> 00:59:43,980
to living in the United States culture

1406
00:59:48,109 --> 00:59:45,240
um if you don't think about it too hard

1407
00:59:51,109 --> 00:59:48,119
but do you think that uh since there are

1408
00:59:52,730 --> 00:59:51,119
no real Authorities on the subject from

1409
00:59:54,589 --> 00:59:52,740
that perspective it kind of creates a

1410
00:59:56,930 --> 00:59:54,599
vacuum so we kind of just

1411
00:59:58,789 --> 00:59:56,940
put these people on pedestals just kind

1412
01:00:01,370 --> 00:59:58,799
of the most vocal people

1413
01:00:02,750 --> 01:00:01,380

because I think peop I think all of us

1414

01:00:04,130 --> 01:00:02,760

kind of have a tendency to seek out

1415

01:00:07,010 --> 01:00:04,140

authorities when we have questions for

1416

01:00:08,390 --> 01:00:07,020

things like this and given that this in

1417

01:00:10,430 --> 01:00:08,400

my opinion comes from a kind of a

1418

01:00:12,650 --> 01:00:10,440

cultural Superstition there wouldn't

1419

01:00:15,470 --> 01:00:12,660

necessarily be authorities do you think

1420

01:00:20,329 --> 01:00:15,480

that that maybe is how these figures

1421

01:00:25,390 --> 01:00:22,309

are you asking me or no lawyers right

1422

01:00:29,990 --> 01:00:28,430

uh it's for you oh geez I don't know

1423

01:00:32,510 --> 01:00:30,000

honestly yeah it's an interesting

1424

01:00:34,670 --> 01:00:32,520

question like uh yeah why

1425

01:00:38,690 --> 01:00:34,680

why do these certain people get elevated

1426

01:00:40,430 --> 01:00:38,700

right and um it has to do with in part

1427

01:00:43,849 --> 01:00:40,440

at least sort of verification of these

1428

01:00:46,609 --> 01:00:43,859

underlying things related to Identity

1429

01:00:48,589 --> 01:00:46,619

uh and and we see this in uh over and

1430

01:00:50,569 --> 01:00:48,599

over again in these communities it's uh

1431

01:00:51,349 --> 01:00:50,579

and they're self-selective right it's

1432

01:00:55,490 --> 01:00:51,359

like

1433

01:00:58,370 --> 01:00:55,500

if the person is capable of critically

1434

01:01:00,530 --> 01:00:58,380

challenging the claims then they

1435

01:01:01,970 --> 01:01:00,540

self-select out of it it's almost like

1436

01:01:05,150 --> 01:01:01,980

you know how it's like 90 whatever

1437

01:01:06,730 --> 01:01:05,160

percent of uh CEOs are a sociopaths

1438

01:01:08,690 --> 01:01:06,740

technically it's like it's it

1439

01:01:11,569 --> 01:01:08,700

self-selects they like weed themselves

1440

01:01:12,950 --> 01:01:11,579

out and you end up with the core and uh

1441

01:01:14,569 --> 01:01:12,960

from the in the population in general

1442

01:01:16,750 --> 01:01:14,579

maybe it's like a pretty small amount

1443

01:01:19,250 --> 01:01:16,760

but then you can create these um

1444

01:01:21,470 --> 01:01:19,260

subcultures that uh are very highly

1445

01:01:24,890 --> 01:01:21,480

concentrated with these particular views

1446

01:01:27,349 --> 01:01:24,900

and can create sort of these conditions

1447

01:01:29,630 --> 01:01:27,359

of self-radicalization

1448

01:01:31,730 --> 01:01:29,640

there's also the um

1449

01:01:33,890 --> 01:01:31,740

thing where people want to feel like

1450

01:01:35,630 --> 01:01:33,900

they are in possession of answers that

1451
01:01:38,109 --> 01:01:35,640
nobody else is and they want to be the

1452
01:01:41,690 --> 01:01:38,119
importance of knowledge yeah

1453
01:01:44,809 --> 01:01:41,700
a lot of yeah in conspiracy culture

1454
01:01:46,250 --> 01:01:44,819
um and also there's a scholar I forgot I

1455
01:01:48,230 --> 01:01:46,260
forget his name he actually studies

1456
01:01:49,910 --> 01:01:48,240
conspiracy culture

1457
01:01:52,490 --> 01:01:49,920
um he said that conspiracy theories I

1458
01:01:54,650 --> 01:01:52,500
really like the poor man's heuristic

1459
01:01:56,329 --> 01:01:54,660
because there's a lot of complexity in

1460
01:01:58,730 --> 01:01:56,339
the world

1461
01:02:02,510 --> 01:01:58,740
um if you're poor you don't have that

1462
01:02:03,829 --> 01:02:02,520
much time to pass it all out and

1463
01:02:05,329 --> 01:02:03,839

conspiracy theories are kind of a

1464

01:02:07,309 --> 01:02:05,339

simplification of the world because you

1465

01:02:07,970 --> 01:02:07,319

can just allocate

1466

01:02:13,430 --> 01:02:07,980

um

1467

01:02:15,410 --> 01:02:13,440

this cabal of conspiracies like the

1468

01:02:16,730 --> 01:02:15,420

illuminati so it sort of simplifies the

1469

01:02:19,010 --> 01:02:16,740

universe

1470

01:02:21,650 --> 01:02:19,020

yeah and it kind of um when your

1471

01:02:24,349 --> 01:02:21,660

situation kind of contradicts that uh

1472

01:02:26,329 --> 01:02:24,359

that idea of meritocracy like poor

1473

01:02:27,829 --> 01:02:26,339

people you know working full-time jobs

1474

01:02:29,329 --> 01:02:27,839

are working hard and they're not seeing

1475

01:02:31,069 --> 01:02:29,339

the benefit of that so there must be

1476

01:02:33,470 --> 01:02:31,079

some kind of outside reason for it so I

1477

01:02:34,549 --> 01:02:33,480

can get out how that's appealing to a

1478

01:02:37,010 --> 01:02:34,559

lot of people and that's kind of

1479

01:02:40,370 --> 01:02:37,020

dangerous yeah but that that can't be

1480

01:02:43,370 --> 01:02:40,380

the only explanation either because with

1481

01:02:45,710 --> 01:02:43,380

um the order of the golden uh the solar

1482

01:02:47,990 --> 01:02:45,720

Temple for example and many other Cults

1483

01:02:49,670 --> 01:02:48,000

you see um affluent middle class

1484

01:02:52,670 --> 01:02:49,680

professionals

1485

01:02:54,289 --> 01:02:52,680

um join them so it can't just be yeah

1486

01:02:56,450 --> 01:02:54,299

they're hankering for like simple

1487

01:02:59,089 --> 01:02:56,460

answers although there is like a

1488

01:03:02,809 --> 01:02:59,099

hankering for like a higher answer it's

1489

01:03:04,490 --> 01:03:02,819

not like just the desire to like make

1490

01:03:06,410 --> 01:03:04,500

everything simple

1491

01:03:10,069 --> 01:03:06,420

um so like there has to be some other

1492

01:03:14,809 --> 01:03:12,230

so the the commonalities between all

1493

01:03:16,370 --> 01:03:14,819

these things and going back to like uh

1494

01:03:20,329 --> 01:03:16,380

the beginnings of spiritualism they're

1495

01:03:22,130 --> 01:03:20,339

all so similar it's really strange like

1496

01:03:24,349 --> 01:03:22,140

and kind of how a lot of people are

1497

01:03:26,630 --> 01:03:24,359

talking about Consciousness now as if

1498

01:03:30,470 --> 01:03:26,640

it's kind of like this other place or

1499

01:03:32,210 --> 01:03:30,480

The Ether yeah where uh be it uh dead

1500

01:03:34,609 --> 01:03:32,220

dead Spirits are giving you uh

1501
01:03:36,609 --> 01:03:34,619
prophecies or it's uh psychic mediums

1502
01:03:39,410 --> 01:03:36,619
channeling or if these space Brothers

1503
01:03:41,270 --> 01:03:39,420
contacting venusians it always seems to

1504
01:03:42,829 --> 01:03:41,280
be on that kind of edge of our

1505
01:03:45,230 --> 01:03:42,839
understanding kind of like what you were

1506
01:03:47,049 --> 01:03:45,240
talking about how um Bob Lazar would

1507
01:03:49,670 --> 01:03:47,059
speak you would use that kind of

1508
01:03:51,890 --> 01:03:49,680
pseudo-intellectual scientific flowery

1509
01:03:54,109 --> 01:03:51,900
language that was based on that kind of

1510
01:03:55,849 --> 01:03:54,119
uh hypothetical stuff that kind of goes

1511
01:03:58,250 --> 01:03:55,859
over a lot of people's heads who don't

1512
01:04:00,349 --> 01:03:58,260
have the Science Education so it sounds

1513
01:04:02,930 --> 01:04:00,359

intelligent it's really something like

1514

01:04:06,470 --> 01:04:02,940

that my opinion sorry my cat is yeah a

1515

01:04:08,630 --> 01:04:06,480

lot of quantum mysticism right now

1516

01:04:10,910 --> 01:04:08,640

um using the Gob of quantum mechanics

1517

01:04:13,970 --> 01:04:10,920

but trying to sneak in a bunch of

1518

01:04:14,809 --> 01:04:13,980

unverified claims and

1519

01:04:17,930 --> 01:04:14,819

um

1520

01:04:18,530 --> 01:04:17,940

archeology

1521

01:04:21,530 --> 01:04:18,540

um

1522

01:04:24,890 --> 01:04:21,540

you know uh what's his name

1523

01:04:29,630 --> 01:04:24,900

the the famous pseudo archaeologist

1524

01:04:32,150 --> 01:04:29,640

um oh Graham or Graham Hancock yes he

1525

01:04:36,230 --> 01:04:34,069

sorry uh just this question really

1526

01:04:38,569 --> 01:04:36,240

quickly um what was the name of the

1527

01:04:40,370 --> 01:04:38,579

scholar you referenced about heuristics

1528

01:04:42,910 --> 01:04:40,380

let me

1529

01:04:47,870 --> 01:04:42,920

conspiracy nation is the book

1530

01:04:47,880 --> 01:04:51,349

it's a good title

1531

01:04:56,569 --> 01:04:54,470

what is more American than conspiracy

1532

01:04:57,950 --> 01:04:56,579

that's the one who's the author or who's

1533

01:05:00,589 --> 01:04:57,960

the editor because it's actually a

1534

01:05:01,910 --> 01:05:00,599

compilation uh Peter Knight

1535

01:05:06,890 --> 01:05:01,920

yes

1536

01:05:10,670 --> 01:05:08,569

what was I saying

1537

01:05:13,849 --> 01:05:10,680

yeah it really cut you off there it was

1538

01:05:16,370 --> 01:05:13,859

a response to uh Hancock

1539

01:05:18,370 --> 01:05:16,380

yes yeah Hancock has um always been

1540

01:05:20,230 --> 01:05:18,380

about the sort of Atlantis and um

1541

01:05:23,089 --> 01:05:20,240

ancient

1542

01:05:25,069 --> 01:05:23,099

uh civilizations which have

1543

01:05:26,990 --> 01:05:25,079

you know were destroyed by a giant flood

1544

01:05:29,569 --> 01:05:27,000

and that sort of stuff

1545

01:05:32,089 --> 01:05:29,579

um he did briefly flirt with um ancient

1546

01:05:33,770 --> 01:05:32,099

astronauts ideas in the 90s but then he

1547

01:05:35,990 --> 01:05:33,780

got out of that

1548

01:05:39,410 --> 01:05:36,000

if you remember the um so-called face on

1549

01:05:42,349 --> 01:05:39,420

Mars yes hogland was the one promoting

1550

01:05:44,630 --> 01:05:42,359

that and then Hancock got in on that act

1551
01:05:46,970 --> 01:05:44,640
for a brief time but then he pulled out

1552
01:05:48,470 --> 01:05:46,980
went back to Atlantis

1553
01:05:50,450 --> 01:05:48,480
ideas

1554
01:05:52,549 --> 01:05:50,460
um

1555
01:05:54,890 --> 01:05:52,559
so I mean it's kind of across the board

1556
01:05:55,730 --> 01:05:54,900
of this sort of pseudoscience is um not

1557
01:05:57,950 --> 01:05:55,740
just

1558
01:05:59,329 --> 01:05:57,960
in Quantum mysticism but it's also

1559
01:06:01,730 --> 01:05:59,339
archeology

1560
01:06:04,990 --> 01:06:01,740
um human psychology

1561
01:06:07,849 --> 01:06:05,000
um and uh Jung also is brought up a lot

1562
01:06:10,430 --> 01:06:07,859
uh as well although there are some valid

1563
01:06:11,990 --> 01:06:10,440

ideas by Jung and I think we should

1564

01:06:16,549 --> 01:06:12,000

explore them but I think sometimes

1565

01:06:21,650 --> 01:06:18,530

yeah I agree

1566

01:06:25,010 --> 01:06:21,660

just kind of um at face value and

1567

01:06:29,089 --> 01:06:27,289

so Louise uh maybe we could talk a

1568

01:06:30,230 --> 01:06:29,099

little bit about like

1569

01:06:32,870 --> 01:06:30,240

um

1570

01:06:35,690 --> 01:06:32,880

like the harm side of things we touched

1571

01:06:37,069 --> 01:06:35,700

on sort of like the fact that um these

1572

01:06:39,589 --> 01:06:37,079

groups sort of come together and

1573

01:06:43,490 --> 01:06:39,599

sometimes get into these uh sort of

1574

01:06:45,109 --> 01:06:43,500

ritual like cult situations and uh you

1575

01:06:47,930 --> 01:06:45,119

know a lot of time it's like stuff that

1576

01:06:49,849 --> 01:06:47,940

doesn't look as uh dangerous as it is

1577

01:06:52,309 --> 01:06:49,859

like at surface level right like it's

1578

01:06:54,289 --> 01:06:52,319

like the belief that you're like kind of

1579

01:06:56,210 --> 01:06:54,299

communicating with another being like

1580

01:06:57,650 --> 01:06:56,220

you know that that's almost mainstream

1581

01:06:59,510 --> 01:06:57,660

really in some ways if you think about

1582

01:07:00,829 --> 01:06:59,520

it from like a religious framing or

1583

01:07:03,170 --> 01:07:00,839

something like a large percentage of

1584

01:07:05,650 --> 01:07:03,180

people think that so then yeah like

1585

01:07:08,029 --> 01:07:05,660

there's the sort of

1586

01:07:08,930 --> 01:07:08,039

nefarious elements that we're touching

1587

01:07:12,650 --> 01:07:08,940

on

1588

01:07:14,750 --> 01:07:12,660

um where this can sort of like emerge

1589

01:07:17,270 --> 01:07:14,760

um like what what should people sort of

1590

01:07:20,089 --> 01:07:17,280

be looking out for like for themselves

1591

01:07:21,549 --> 01:07:20,099

in terms of avoiding so finding

1592

01:07:25,370 --> 01:07:21,559

themselves into that sort of situation

1593

01:07:27,650 --> 01:07:25,380

the way that these uh conspiracy beliefs

1594

01:07:30,049 --> 01:07:27,660

um overlap and converge and the way that

1595

01:07:31,309 --> 01:07:30,059

um the purveyors are using UFOs and

1596

01:07:33,770 --> 01:07:31,319

aliens

1597

01:07:36,109 --> 01:07:33,780

as ways to

1598

01:07:37,789 --> 01:07:36,119

pull people into something else

1599

01:07:40,069 --> 01:07:37,799

okay it's not really about the aliens or

1600

01:07:41,029 --> 01:07:40,079

UFOs ultimately it's about promoting

1601
01:07:42,950 --> 01:07:41,039
some

1602
01:07:44,270 --> 01:07:42,960
idea about how Society should be

1603
01:07:46,549 --> 01:07:44,280
organized

1604
01:07:49,270 --> 01:07:46,559
um obviously you know many times a very

1605
01:07:51,470 --> 01:07:49,280
negative and um

1606
01:07:54,349 --> 01:07:51,480
authoritarian or very

1607
01:07:57,170 --> 01:07:54,359
bigoted uh social setup um you know

1608
01:07:59,270 --> 01:07:57,180
neo-nazis have done this with UFOs

1609
01:08:01,910 --> 01:07:59,280
um they've written books and stuff to

1610
01:08:04,130 --> 01:08:01,920
sort of attract young people and the

1611
01:08:06,410 --> 01:08:04,140
idea there is really to

1612
01:08:09,650 --> 01:08:06,420
make people think like if the government

1613
01:08:11,630 --> 01:08:09,660

is lying about UFOs then maybe they're

1614

01:08:13,789 --> 01:08:11,640

also lying about the Holocaust and maybe

1615

01:08:16,249 --> 01:08:13,799

the Holocaust didn't actually happen and

1616

01:08:18,650 --> 01:08:16,259

maybe the Jews really are in control of

1617

01:08:23,169 --> 01:08:18,660

the world and maybe the Nazis weren't

1618

01:08:28,309 --> 01:08:25,269

yeah but I mean

1619

01:08:30,829 --> 01:08:28,319

umdoll yeah

1620

01:08:32,269 --> 01:08:30,839

he actually wrote a book about UFOs and

1621

01:08:33,890 --> 01:08:32,279

he admitted that he didn't believe a

1622

01:08:35,870 --> 01:08:33,900

word of it it was just a way to get

1623

01:08:38,870 --> 01:08:35,880

young people to kind of become

1624

01:08:41,090 --> 01:08:38,880

interested in Nazism

1625

01:08:44,269 --> 01:08:41,100

it's kind of how you operated too they

1626

01:08:45,890 --> 01:08:44,279

kind of uh just Incorporated all sorts

1627

01:08:48,169 --> 01:08:45,900

of conspiracy theories basically as

1628

01:08:50,269 --> 01:08:48,179

pipelines into that kind of core belief

1629

01:08:52,490 --> 01:08:50,279

right yes

1630

01:08:54,110 --> 01:08:52,500

so I mean I would be on the lookout for

1631

01:08:57,289 --> 01:08:54,120

for that

1632

01:08:59,209 --> 01:08:57,299

um ask what is the ulterior motive of

1633

01:09:03,110 --> 01:08:59,219

this person what else do they believe

1634

01:09:04,070 --> 01:09:03,120

which is really far out

1635

01:09:05,990 --> 01:09:04,080

um

1636

01:09:07,430 --> 01:09:06,000

would I want to live in the society that

1637

01:09:11,870 --> 01:09:07,440

they want

1638

01:09:15,769 --> 01:09:11,880

okay and um do they do they benefit

1639

01:09:18,289 --> 01:09:15,779

um in some way like uh they get money

1640

01:09:22,130 --> 01:09:18,299

um even though they they don't really

1641

01:09:24,410 --> 01:09:22,140

verify their claims they Source their

1642

01:09:29,150 --> 01:09:24,420

claims properly

1643

01:09:31,010 --> 01:09:29,160

um do they actually cite valid science

1644

01:09:32,510 --> 01:09:31,020

this is a very difficult for many people

1645

01:09:34,430 --> 01:09:32,520

because they don't really know how to

1646

01:09:36,410 --> 01:09:34,440

think about these things but that's sort

1647

01:09:38,630 --> 01:09:36,420

of the general Contour I guess is to

1648

01:09:43,189 --> 01:09:38,640

sort of be on the lookout for

1649

01:09:47,450 --> 01:09:45,349

yeah that's probably the simplest way to

1650

01:09:49,550 --> 01:09:47,460

put it yeah but there's a lot to go into

1651
01:09:50,930 --> 01:09:49,560
there because people have got like

1652
01:09:53,090 --> 01:09:50,940
different levels of scientific

1653
01:09:56,750 --> 01:09:53,100
understanding and

1654
01:10:01,550 --> 01:09:59,510
if somebody's telling you to drop your

1655
01:10:05,510 --> 01:10:01,560
logical and rational thought processes

1656
01:10:11,689 --> 01:10:08,570
with the with your own experience Louise

1657
01:10:13,130 --> 01:10:11,699
would you be uh able to comment a little

1658
01:10:16,370 --> 01:10:13,140
bit about like maybe just like the first

1659
01:10:17,570 --> 01:10:16,380
time you heard about Bob Lazar and the

1660
01:10:19,729 --> 01:10:17,580
context of that and what you thought

1661
01:10:21,229 --> 01:10:19,739
initially and maybe like a bit about

1662
01:10:23,689 --> 01:10:21,239
like the development of your thoughts

1663
01:10:27,830 --> 01:10:23,699

over time if they changed the first time

1664

01:10:30,950 --> 01:10:27,840

I heard about Lazar I think was in

1665

01:10:32,630 --> 01:10:30,960

a magazine series in the 90s

1666

01:10:36,050 --> 01:10:32,640

this might have been like in the mid so

1667

01:10:39,070 --> 01:10:36,060

mid 90s 1997 that time

1668

01:10:42,110 --> 01:10:39,080

um it was called The X Factor

1669

01:10:43,370 --> 01:10:42,120

weekly or bi-weekly um magazine that you

1670

01:10:45,830 --> 01:10:43,380

would purchase

1671

01:10:48,110 --> 01:10:45,840

and you build up like this nice sort of

1672

01:10:48,890 --> 01:10:48,120

volume this set

1673

01:10:51,649 --> 01:10:48,900

um

1674

01:10:53,149 --> 01:10:51,659

it had a piece in there about Lazar sort

1675

01:10:55,250 --> 01:10:53,159

of a pre

1676

01:10:57,110 --> 01:10:55,260

it was basically pushing his story

1677

01:10:58,370 --> 01:10:57,120

although it did mention the brothel

1678

01:11:00,229 --> 01:10:58,380

thing

1679

01:11:04,189 --> 01:11:00,239

um

1680

01:11:06,590 --> 01:11:04,199

you know I was a teenager back then so I

1681

01:11:09,830 --> 01:11:06,600

sort of believed that the teenagers are

1682

01:11:11,149 --> 01:11:09,840

very very susceptible by the way to

1683

01:11:13,510 --> 01:11:11,159

um

1684

01:11:16,070 --> 01:11:13,520

sort of counter-cultural

1685

01:11:17,930 --> 01:11:16,080

authority figures they reject

1686

01:11:21,169 --> 01:11:17,940

traditional Authority or established

1687

01:11:22,850 --> 01:11:21,179

Authority but they want to believe

1688

01:11:25,970 --> 01:11:22,860

um other types of authority like

1689

01:11:27,649 --> 01:11:25,980

conspiracy theorists so but anyway I

1690

01:11:29,390 --> 01:11:27,659

sort of believed it back then I didn't

1691

01:11:31,610 --> 01:11:29,400

know anything about

1692

01:11:33,770 --> 01:11:31,620

you know the ins and outs of element 115

1693

01:11:34,550 --> 01:11:33,780

or anything like that

1694

01:11:36,470 --> 01:11:34,560

um

1695

01:11:40,550 --> 01:11:36,480

and then I dropped it for a long time

1696

01:11:42,250 --> 01:11:40,560

and then um more recently I read also

1697

01:11:45,950 --> 01:11:42,260

not read I um

1698

01:11:48,530 --> 01:11:45,960

watched a video by the mouthy Buddha

1699

01:11:49,850 --> 01:11:48,540

which I think is a channel that got

1700

01:11:54,350 --> 01:11:49,860

dropped

1701

01:11:56,930 --> 01:11:54,360

but um he made a video about Lazar and

1702

01:12:00,950 --> 01:11:56,940

he was asking like sort of pros and cons

1703

01:12:03,050 --> 01:12:00,960

of the story trying to balance it out

1704

01:12:06,169 --> 01:12:03,060

and he made some Claim about

1705

01:12:08,090 --> 01:12:06,179

um Zeta reticuli well Lazar did that the

1706

01:12:10,850 --> 01:12:08,100

um he read in a briefing document that

1707

01:12:14,030 --> 01:12:10,860

the aliens come from Zeta reticuli and

1708

01:12:16,370 --> 01:12:14,040

then that sort of got me thinking well

1709

01:12:19,070 --> 01:12:16,380

um Zeta reticuli the only reason that we

1710

01:12:20,810 --> 01:12:19,080

think about Zeta reticuli in alien UFO

1711

01:12:23,090 --> 01:12:20,820

law is because of the Betty and Barney

1712

01:12:26,030 --> 01:12:23,100

Hill story and

1713

01:12:28,189 --> 01:12:26,040

that was completely debunked as like a

1714

01:12:30,350 --> 01:12:28,199

possible sight for the aliens because

1715

01:12:32,450 --> 01:12:30,360

you know the star map didn't work and

1716

01:12:35,149 --> 01:12:32,460

stuff like that the updated data from

1717

01:12:37,370 --> 01:12:35,159

the hit park or satellite

1718

01:12:40,490 --> 01:12:37,380

so in other words

1719

01:12:43,010 --> 01:12:40,500

um lizard just got that Trope because it

1720

01:12:44,510 --> 01:12:43,020

was doing the rounds in UFO lore and for

1721

01:12:46,490 --> 01:12:44,520

no other reason

1722

01:12:48,410 --> 01:12:46,500

well although he says like he can't

1723

01:12:49,729 --> 01:12:48,420

vouch for it because it was a briefing

1724

01:12:53,050 --> 01:12:49,739

document and maybe it was just

1725

01:12:56,330 --> 01:12:53,060

disinformation but again he's just like

1726

01:12:58,550 --> 01:12:56,340

covering his own ass he right you know

1727

01:13:00,649 --> 01:12:58,560

they can kind of say anything yeah

1728

01:13:03,169 --> 01:13:00,659

typical of Lazar to

1729

01:13:04,550 --> 01:13:03,179

always give himself like an out for any

1730

01:13:08,090 --> 01:13:04,560

of his claims

1731

01:13:09,590 --> 01:13:08,100

well it's so uh it's all of them kind of

1732

01:13:11,510 --> 01:13:09,600

have a similar theme uh that we're

1733

01:13:14,510 --> 01:13:11,520

seeing right that um it's like the face

1734

01:13:16,189 --> 01:13:14,520

on Mars and whatever like and that's

1735

01:13:17,830 --> 01:13:16,199

more of a literal thing where like

1736

01:13:20,510 --> 01:13:17,840

there's a sort of

1737

01:13:22,729 --> 01:13:20,520

observation and a claim about that

1738

01:13:24,830 --> 01:13:22,739

observation and then when you literally

1739

01:13:26,229 --> 01:13:24,840

like in this case physically get a

1740

01:13:30,590 --> 01:13:26,239

higher resolution

1741

01:13:33,070 --> 01:13:30,600

it dissolves into being nothing

1742

01:13:39,229 --> 01:13:35,689

said that um that's because NASA

1743

01:13:42,050 --> 01:13:39,239

airbrushed it or they changed it wow I

1744

01:13:45,050 --> 01:13:42,060

mean yeah and then you push the sort of

1745

01:13:46,669 --> 01:13:45,060

story forward uh over and over until it

1746

01:13:49,910 --> 01:13:46,679

it becomes impossible I guess because

1747

01:13:52,310 --> 01:13:49,920

how many spacecraft are over the Mar

1748

01:13:54,830 --> 01:13:52,320

Mars now right like uh there's several

1749

01:13:57,169 --> 01:13:54,840

uh different nations uh doing work there

1750

01:13:58,490 --> 01:13:57,179

so if NASA wanted to hide it why did

1751

01:13:59,810 --> 01:13:58,500

they release that photo in the first

1752

01:14:02,870 --> 01:13:59,820

place

1753

01:14:02,880 --> 01:14:07,910

everybody makes mistakes sometimes yeah

1754

01:14:07,920 --> 01:14:11,810

Wild

1755

01:14:16,070 --> 01:14:13,850

yeah well Amy and that's the way that uh

1756

01:14:19,729 --> 01:14:16,080

it's the way that it seems to occur uh

1757

01:14:22,130 --> 01:14:19,739

yeah it's too bad because it's like I

1758

01:14:26,149 --> 01:14:22,140

like the idea of it like in the you know

1759

01:14:28,250 --> 01:14:26,159

late 1800s uh in uh whatever I feel like

1760

01:14:30,649 --> 01:14:28,260

I would have been like oh that would be

1761

01:14:32,450 --> 01:14:30,659

pretty cool if uh the scientists

1762

01:14:34,550 --> 01:14:32,460

claiming they're seeing canals on Mars

1763

01:14:35,930 --> 01:14:34,560

that would be neat if it actually was

1764

01:14:37,310 --> 01:14:35,940

real

1765

01:14:40,370 --> 01:14:37,320

um you know

1766

01:14:42,890 --> 01:14:40,380

I guess it just sort of comes down to

1767

01:14:44,930 --> 01:14:42,900

like what you actually I mean and like I

1768

01:14:47,930 --> 01:14:44,940

started the show I changed the intro a

1769

01:14:50,330 --> 01:14:47,940

tiny bit I I included that we uh focus

1770

01:14:53,149 --> 01:14:50,340

on epistemology as well and that's you

1771

01:14:56,030 --> 01:14:53,159

know the the delineation between opinion

1772

01:14:58,370 --> 01:14:56,040

and fact the justifications for that

1773

01:14:59,810 --> 01:14:58,380

that sort of comes down to like a lot of

1774

01:15:02,209 --> 01:14:59,820

this comes down to that right like how

1775

01:15:04,450 --> 01:15:02,219

you justify like what you interpret as a

1776

01:15:07,310 --> 01:15:04,460

fact from an opinion

1777

01:15:09,470 --> 01:15:07,320

and uh right now we're sort of talking

1778

01:15:12,530 --> 01:15:09,480

about a lot of of statements from an

1779

01:15:14,510 --> 01:15:12,540

individual and uh you know I impulsively

1780

01:15:17,090 --> 01:15:14,520

want to believe people when they're

1781

01:15:20,149 --> 01:15:17,100

talking but uh it's sort of like that uh

1782

01:15:24,169 --> 01:15:20,159

old Russian saying um that Ronald Reagan

1783

01:15:26,990 --> 01:15:24,179

appropriated you know trust but verify

1784

01:15:30,590 --> 01:15:27,000

um the verification is very uh important

1785

01:15:36,729 --> 01:15:34,790

yeah um Lazar um basically refuses to be

1786

01:15:39,110 --> 01:15:36,739

verified because

1787

01:15:40,729 --> 01:15:39,120

he supposedly is a physicist but he

1788

01:15:42,530 --> 01:15:40,739

never

1789

01:15:45,169 --> 01:15:42,540

um is like interviewed by other

1790

01:15:47,689 --> 01:15:45,179

physicists he supposedly peers right

1791

01:15:50,390 --> 01:15:47,699

right he was actually apparently he was

1792

01:15:55,130 --> 01:15:50,400

invited by Ben Rich who was the head of

1793

01:15:57,649 --> 01:15:55,140

the Skunk Works um back in the minds

1794

01:16:00,470 --> 01:15:57,659

um the Lockheed Skunk Works uh Ben Rich

1795

01:16:02,689 --> 01:16:00,480

heard lazarus's story he actually invited

1796

01:16:05,090 --> 01:16:02,699

lazarus like a gathering of Aerospace

1797

01:16:07,130 --> 01:16:05,100

journalists and Engineers Lazar of

1798

01:16:09,709 --> 01:16:07,140

course declined

1799

01:16:11,870 --> 01:16:09,719

what's up with like uh Skunk Works

1800

01:16:14,930 --> 01:16:11,880

because we've had Skunk Works appear in

1801

01:16:17,450 --> 01:16:14,940

the recent uh UFO narrative as well

1802

01:16:20,630 --> 01:16:17,460

um if I remember right Tom DeLonge

1803

01:16:22,490 --> 01:16:20,640

recruited uh a former director of Skunk

1804

01:16:25,850 --> 01:16:22,500

Works to serve on his like executive

1805

01:16:28,550 --> 01:16:25,860

team of his uh to the Stars startup when

1806

01:16:30,169 --> 01:16:28,560

he was trying to uh do uh well claiming

1807

01:16:32,149 --> 01:16:30,179

that he was going to reverse engineer

1808

01:16:32,870 --> 01:16:32,159

UFO and stuff like that

1809

01:16:35,510 --> 01:16:32,880

um

1810

01:16:38,090 --> 01:16:35,520

did are you familiar with uh sort of the

1811

01:16:39,649 --> 01:16:38,100

ins and outs of the the what it's an

1812

01:16:41,390 --> 01:16:39,659

advanced weapons program of some kind

1813

01:16:44,390 --> 01:16:41,400

right yeah

1814

01:16:45,890 --> 01:16:44,400

Skunk Works started in the 50s and the

1815

01:16:47,450 --> 01:16:45,900

late 50s I think

1816

01:16:49,310 --> 01:16:47,460

um

1817

01:16:51,350 --> 01:16:49,320

the Lockheed company which is now the

1818

01:16:54,410 --> 01:16:51,360

Lockheed modern company after they

1819

01:16:56,030 --> 01:16:54,420

merged with um modern Marietta I think

1820

01:16:59,149 --> 01:16:56,040

it was called

1821

01:17:03,850 --> 01:17:02,090

it's like a kind of a very high-tech uh

1822

01:17:07,310 --> 01:17:03,860

or special

1823

01:17:10,850 --> 01:17:07,320

Aerospace program very Innovative that's

1824

01:17:12,830 --> 01:17:10,860

you know the U2 the SR-71 Blackbird and

1825

01:17:16,189 --> 01:17:12,840

other planes came out of that program

1826

01:17:16,910 --> 01:17:16,199

okay and um some of those projects we're

1827

01:17:20,030 --> 01:17:16,920

doing

1828

01:17:21,830 --> 01:17:20,040

um were being tested at the um at area

1829

01:17:24,950 --> 01:17:21,840

51.

1830

01:17:27,470 --> 01:17:24,960

so Area 51 has long been

1831

01:17:30,229 --> 01:17:27,480

um sort of at the center of UFO lore the

1832

01:17:32,570 --> 01:17:30,239

CIA itself actually said I don't know if

1833

01:17:34,610 --> 01:17:32,580

this is true but um they claimed that um

1834

01:17:38,689 --> 01:17:34,620

half the UFO sightings during the Cold

1835

01:17:41,689 --> 01:17:38,699

War were due to misidentifications of

1836

01:17:43,250 --> 01:17:41,699

aircraft coming out of area 51.

1837

01:17:45,290 --> 01:17:43,260

um

1838

01:17:47,030 --> 01:17:45,300

I heard something about like that they

1839

01:17:49,910 --> 01:17:47,040

originally were doing the like really

1840

01:17:52,250 --> 01:17:49,920

high flying stealth craft like they were

1841

01:17:54,830 --> 01:17:52,260

um they were in Chrome or something and

1842

01:17:57,229 --> 01:17:54,840

it was just like reflective going off

1843

01:17:58,790 --> 01:17:57,239

the charts with people calling it in

1844

01:18:00,530 --> 01:17:58,800

especially with like the whole like oh

1845

01:18:03,110 --> 01:18:00,540

the Soviets are in the sky because of

1846

01:18:04,990 --> 01:18:03,120

Sputnik and all of that right so so then

1847

01:18:08,870 --> 01:18:05,000

they started painting them black

1848

01:18:11,510 --> 01:18:08,880

yeah and in a way the the government

1849

01:18:13,910 --> 01:18:11,520

might have found it useful to allow

1850

01:18:15,950 --> 01:18:13,920

people to believe in UFO stories because

1851
01:18:16,729 --> 01:18:15,960
it acted as a useful cover for what was

1852
01:18:20,330 --> 01:18:16,739
actually

1853
01:18:22,130 --> 01:18:20,340
going on but um uh the question you're

1854
01:18:24,649 --> 01:18:22,140
asking is more about like the the

1855
01:18:27,229 --> 01:18:24,659
current sort of personalities involved

1856
01:18:29,570 --> 01:18:27,239
in um tsa right and

1857
01:18:31,250 --> 01:18:29,580
so I don't know like I mean maybe

1858
01:18:33,410 --> 01:18:31,260
there's something about the personality

1859
01:18:35,510 --> 01:18:33,420
of people at Skunk Works like they sort

1860
01:18:37,610 --> 01:18:35,520
of think outside the box and some of

1861
01:18:39,649 --> 01:18:37,620
them just happen to be a little bit

1862
01:18:41,810 --> 01:18:39,659
too much in that direction and so they

1863
01:18:42,590 --> 01:18:41,820

sort of predisposed to believing that we

1864

01:18:44,930 --> 01:18:42,600

can

1865

01:18:49,390 --> 01:18:44,940

maybe capture alien spacecraft and

1866

01:18:54,590 --> 01:18:52,729

like a Skunk Works um you probably know

1867

01:18:57,530 --> 01:18:54,600

more about this person than I do but um

1868

01:18:58,970 --> 01:18:57,540

if somebody joins tsa and they're from

1869

01:19:00,530 --> 01:18:58,980

the Skunk Works

1870

01:19:02,530 --> 01:19:00,540

and they're not saying that they

1871

01:19:04,550 --> 01:19:02,540

themselves worked on recovered craft

1872

01:19:06,110 --> 01:19:04,560

then doesn't that mean that there were

1873

01:19:08,330 --> 01:19:06,120

no recovered crafts because they would

1874

01:19:08,340 --> 01:19:13,430

that's what they have to say yeah right

1875

01:19:16,390 --> 01:19:14,810

yeah well that's a good point though

1876

01:19:19,729 --> 01:19:16,400

yeah

1877

01:19:23,030 --> 01:19:19,739

not just Lockheed Skunk Works but

1878

01:19:24,890 --> 01:19:23,040

there's also Boeing special division but

1879

01:19:28,130 --> 01:19:24,900

I mean really any of these Giants in

1880

01:19:29,510 --> 01:19:28,140

Aerospace um they would know about any

1881

01:19:32,209 --> 01:19:29,520

reverse engineering because they'd be

1882

01:19:34,669 --> 01:19:32,219

the ones to do it right so with the

1883

01:19:35,930 --> 01:19:34,679

Department of energy as well

1884

01:19:38,510 --> 01:19:35,940

um

1885

01:19:40,070 --> 01:19:38,520

which uh has got extensive experience at

1886

01:19:44,149 --> 01:19:40,080

the Nevada Test Site

1887

01:19:46,669 --> 01:19:44,159

and does many secret projects as well

1888

01:19:48,350 --> 01:19:46,679

on nuclear energy and they would be

1889

01:19:50,930 --> 01:19:48,360

reverse engineering any antimatter

1890

01:19:52,550 --> 01:19:50,940

reactor or anything like that but

1891

01:19:56,149 --> 01:19:52,560

there's absolutely no evidence from any

1892

01:19:59,570 --> 01:19:56,159

former doe directors or anybody that

1893

01:20:01,310 --> 01:19:59,580

there was there was any such program

1894

01:20:03,290 --> 01:20:01,320

you'll see everything the stuff that

1895

01:20:05,930 --> 01:20:03,300

Lazar is claiming would be highly

1896

01:20:08,030 --> 01:20:05,940

classified right like yeah you're able

1897

01:20:10,370 --> 01:20:08,040

to continue to do we saw that uh that

1898

01:20:12,530 --> 01:20:10,380

kid who leaked classified documents to

1899

01:20:15,110 --> 01:20:12,540

and some I think it was a Discord

1900

01:20:17,090 --> 01:20:15,120

there's people in um yeah some online

1901

01:20:18,590 --> 01:20:17,100

game involving tanks that people are

1902

01:20:19,850 --> 01:20:18,600

constantly leaking classified Dockside

1903

01:20:24,169 --> 01:20:19,860

and those guys are getting scooped up

1904

01:20:27,590 --> 01:20:24,179

immediately on live TV too so lazara's

1905

01:20:30,169 --> 01:20:27,600

got a convenient reason uh excuse me

1906

01:20:32,209 --> 01:20:30,179

um if they were to assassinate or um

1907

01:20:34,370 --> 01:20:32,219

arrest him then it would only validate

1908

01:20:38,810 --> 01:20:34,380

his story that's why they never killed

1909

01:20:43,130 --> 01:20:40,510

awesome

1910

01:20:44,630 --> 01:20:43,140

but in fact that would set a terrible

1911

01:20:46,910 --> 01:20:44,640

precedent for other whistleblowers

1912

01:20:48,830 --> 01:20:46,920

because then anybody could just come out

1913

01:20:50,510 --> 01:20:48,840

with anything and there wouldn't be any

1914

01:20:52,790 --> 01:20:50,520

consequences so in fact they would

1915

01:20:55,189 --> 01:20:52,800

arrest them they would say I mean it was

1916

01:20:57,229 --> 01:20:55,199

actually yeah revealing that they

1917

01:21:00,830 --> 01:20:57,239

certainly would and they always do it's

1918

01:21:02,810 --> 01:21:00,840

true yeah the problem that um

1919

01:21:06,050 --> 01:21:02,820

Lazar himself claims that this program

1920

01:21:07,970 --> 01:21:06,060

was like even more classified than the

1921

01:21:10,970 --> 01:21:07,980

hydrogen bomb

1922

01:21:13,250 --> 01:21:10,980

um and like they just give it to him

1923

01:21:15,050 --> 01:21:13,260

this guy who invested in brothels who

1924

01:21:18,050 --> 01:21:15,060

lied about his education

1925

01:21:20,450 --> 01:21:18,060

who was like a KGB magnet

1926

01:21:23,810 --> 01:21:20,460

um he also claims that the program was

1927

01:21:26,390 --> 01:21:23,820

very sort of bare bones

1928

01:21:28,910 --> 01:21:26,400

um like it was hardly any resources were

1929

01:21:30,950 --> 01:21:28,920

you know put to it somebody actually

1930

01:21:34,790 --> 01:21:30,960

mentioned that the um

1931

01:21:37,310 --> 01:21:34,800

just the tires on the SR-71 uh spy plane

1932

01:21:38,570 --> 01:21:37,320

had more people working on that than at

1933

01:21:41,090 --> 01:21:38,580

S4

1934

01:21:42,830 --> 01:21:41,100

it doesn't make any sense right if this

1935

01:21:45,590 --> 01:21:42,840

was like the most important program ever

1936

01:21:47,450 --> 01:21:45,600

to reverse engineer like anti-gravity

1937

01:21:51,590 --> 01:21:47,460

then it would be like the Manhattan

1938

01:21:53,270 --> 01:21:51,600

Project 2.0 right it was I feel like we

1939

01:21:55,550 --> 01:21:53,280

would see some kind of residual effects

1940

01:21:58,010 --> 01:21:55,560

from harnessing this new kind of like

1941

01:21:59,870 --> 01:21:58,020

Quantum Leap in technology too and I

1942

01:22:02,630 --> 01:21:59,880

know people will bring up like

1943

01:22:04,610 --> 01:22:02,640

ideas like Wi-Fi and fiber optics but we

1944

01:22:06,590 --> 01:22:04,620

can actually trace the origins back with

1945

01:22:09,229 --> 01:22:06,600

those you know for back so like what

1946

01:22:11,510 --> 01:22:09,239

what are we getting out of this because

1947

01:22:13,610 --> 01:22:11,520

we're not seeing it any uh in any wars

1948

01:22:14,990 --> 01:22:13,620

or anything right I'm not seeing it

1949

01:22:17,030 --> 01:22:15,000

domestically

1950

01:22:19,310 --> 01:22:17,040

so what what came from this like

1951

01:22:22,130 --> 01:22:19,320

ultimate technology that they reverse

1952

01:22:23,570 --> 01:22:22,140

engineered apparently nothing wow even

1953

01:22:26,930 --> 01:22:23,580

though those all claims that they test

1954

01:22:29,149 --> 01:22:26,940

flew the spacecraft at um S4 so they did

1955

01:22:31,850 --> 01:22:29,159

figure out basically how it works he

1956

01:22:33,890 --> 01:22:31,860

gave us all this fake physics he wants

1957

01:22:36,410 --> 01:22:33,900

us to believe so they did figure out how

1958

01:22:39,050 --> 01:22:36,420

it works basically according to him even

1959

01:22:40,669 --> 01:22:39,060

though they didn't according to him

1960

01:22:44,570 --> 01:22:40,679

um

1961

01:22:46,430 --> 01:22:44,580

some some people would say that the

1962

01:22:48,350 --> 01:22:46,440

government doesn't want um free energy

1963

01:22:51,290 --> 01:22:48,360

to be available because then it would

1964

01:22:52,010 --> 01:22:51,300

crash the economy but I think that in

1965

01:22:54,410 --> 01:22:52,020

fact

1966

01:22:57,530 --> 01:22:54,420

um free energy would give the us such a

1967

01:22:59,870 --> 01:22:57,540

strategic advantage that um

1968

01:23:02,209 --> 01:22:59,880

many people within the U.S scientists to

1969

01:23:05,229 --> 01:23:02,219

Engineers politicians military people

1970

01:23:09,550 --> 01:23:05,239

would rebel against any decision to

1971

01:23:14,030 --> 01:23:12,050

if you think about like um and this is

1972

01:23:16,370 --> 01:23:14,040

something that John B Alexander has

1973

01:23:18,830 --> 01:23:16,380

mentioned he's sort of a conspiracist

1974

01:23:22,510 --> 01:23:18,840

himself but um he's also close to the um

1975

01:23:25,550 --> 01:23:22,520

skin walker conspiracy nonsense as well

1976

01:23:28,130 --> 01:23:25,560

Skinwalker Ranch claims but he does

1977

01:23:28,910 --> 01:23:28,140

raise some good uh good points in his

1978

01:23:31,130 --> 01:23:28,920

book

1979

01:23:33,890 --> 01:23:31,140

one of them is that um if I had this

1980

01:23:38,270 --> 01:23:33,900

anti-gravity Tech then they would use it

1981

01:23:41,030 --> 01:23:38,280

to rescue like Marines or soldiers who

1982

01:23:42,169 --> 01:23:41,040

are captured in war zones

1983

01:23:44,630 --> 01:23:42,179

um

1984

01:23:46,610 --> 01:23:44,640

and that the friends of those soldiers

1985

01:23:48,590 --> 01:23:46,620

would

1986

01:23:49,729 --> 01:23:48,600

expose that technology because they

1987

01:23:52,130 --> 01:23:49,739

would be angry that the government

1988

01:23:54,290 --> 01:23:52,140

didn't use it to rescue their friends

1989

01:23:56,689 --> 01:23:54,300

right there will be too many people

1990

01:23:59,149 --> 01:23:56,699

within the military who would

1991

01:24:01,669 --> 01:23:59,159

um realize that it could have been used

1992

01:24:03,530 --> 01:24:01,679

but it wasn't and that Americans died

1993

01:24:05,510 --> 01:24:03,540

because of that and they wouldn't put up

1994

01:24:09,010 --> 01:24:05,520

with that so there would be leaks all

1995

01:24:14,930 --> 01:24:11,990

and and there are uh historic precedence

1996

01:24:16,370 --> 01:24:14,940

of uh things like that like uh and I'm

1997

01:24:20,209 --> 01:24:16,380

just trying to remember the name of it

1998

01:24:23,510 --> 01:24:20,219

but the uh CIA project that was top

1999

01:24:24,890 --> 01:24:23,520

secret where they sent a uh fake mining

2000

01:24:28,370 --> 01:24:24,900

ship into the middle of the Pacific

2001

01:24:32,390 --> 01:24:28,380

Ocean to recover a

2002

01:24:34,669 --> 01:24:32,400

sunken Russian uh nuclear submarine they

2003

01:24:36,530 --> 01:24:34,679

kept it secret for uh like at least like

2004

01:24:38,930 --> 01:24:36,540

it was like 15 years or something that

2005

01:24:41,450 --> 01:24:38,940

they actually found the location of this

2006

01:24:43,370 --> 01:24:41,460

sunken Russian ship the Russians didn't

2007

01:24:45,470 --> 01:24:43,380

know where it was and that was actually

2008

01:24:47,450 --> 01:24:45,480

okay that that's actually related very

2009

01:24:48,729 --> 01:24:47,460

closely to a bunch of the stuff right

2010

01:24:51,110 --> 01:24:48,739

because they had the underwater

2011

01:24:53,390 --> 01:24:51,120

listening devices and they were able

2012

01:24:55,790 --> 01:24:53,400

throughout the entire oh not entire but

2013

01:24:57,770 --> 01:24:55,800

a lot of the Cold War to pinpoint the

2014

01:24:59,930 --> 01:24:57,780

exact location of the entire Soviet

2015

01:25:02,149 --> 01:24:59,940

nuclear Fleet in the Pacific the entire

2016

01:25:03,649 --> 01:25:02,159

time and they did keep that secret for

2017

01:25:07,010 --> 01:25:03,659

that time but it always does come out

2018

01:25:09,169 --> 01:25:07,020

and uh this is uh just a fraction of

2019

01:25:11,930 --> 01:25:09,179

like that's a fraction of you know

2020

01:25:14,630 --> 01:25:11,940

aliens were here and stuff so right it

2021

01:25:17,149 --> 01:25:14,640

really it does fall like it's just from

2022

01:25:18,530 --> 01:25:17,159

a human one individual to individual

2023

01:25:20,390 --> 01:25:18,540

level if you think about it it's like

2024

01:25:23,810 --> 01:25:20,400

these are people they go home and stuff

2025

01:25:25,250 --> 01:25:23,820

like it's I can't it's hard to conceive

2026

01:25:27,110 --> 01:25:25,260

of it being possible and when you

2027

01:25:30,110 --> 01:25:27,120

actually look at the details and you see

2028

01:25:33,530 --> 01:25:30,120

that they sort of call lapse they aren't

2029

01:25:35,390 --> 01:25:33,540

supported by looking deeper it it does

2030

01:25:39,169 --> 01:25:35,400

make you sort of sit back and think like

2031

01:25:39,950 --> 01:25:39,179

how does this have this level of sort of

2032

01:25:45,950 --> 01:25:39,960

like

2033

01:25:47,930 --> 01:25:45,960

stunning

2034

01:25:49,930 --> 01:25:47,940

it's a little bit like the moon landing

2035

01:25:53,990 --> 01:25:49,940

conspiracy theories

2036

01:25:56,590 --> 01:25:54,000

that just is it's not possible to

2037

01:25:59,209 --> 01:25:56,600

um cover up it would actually be more

2038

01:26:02,050 --> 01:25:59,219

difficult to fake the moon landings than

2039

01:26:05,270 --> 01:26:02,060

it would be to go go to the Moon

2040

01:26:06,590 --> 01:26:05,280

yeah right right okay thank you you

2041

01:26:08,510 --> 01:26:06,600

would have to you would have to trick

2042

01:26:10,330 --> 01:26:08,520

all the engineers and scientists into

2043

01:26:12,830 --> 01:26:10,340

believing that they were building a a

2044

01:26:14,149 --> 01:26:12,840

space-worthy vehicle even though it

2045

01:26:18,350 --> 01:26:14,159

wasn't

2046

01:26:21,350 --> 01:26:20,090

everybody in the launch that's such a

2047

01:26:23,709 --> 01:26:21,360

good point everybody would be there and

2048

01:26:27,709 --> 01:26:23,719

be like we're gonna do it like

2049

01:26:30,169 --> 01:26:27,719

like fake like uh miscalculating the

2050

01:26:33,410 --> 01:26:30,179

landing approach eh like I love that

2051
01:26:36,350 --> 01:26:33,420
part of it uh Armstrong taking manual

2052
01:26:38,629 --> 01:26:36,360
control of the spaceship with 20 seconds

2053
01:26:41,030 --> 01:26:38,639
of fuel left to actually land like

2054
01:26:45,350 --> 01:26:41,040
hundreds of meters past The Landing Pad

2055
01:26:47,090 --> 01:26:45,360
like it's stunning and uh it does uh it

2056
01:26:49,669 --> 01:26:47,100
just speaks to like how uh it doesn't

2057
01:26:51,890 --> 01:26:49,679
it's not attached directly to the facts

2058
01:26:53,930 --> 01:26:51,900
there's something else going on in

2059
01:26:56,090 --> 01:26:53,940
people's minds and it's like it's like

2060
01:26:56,990 --> 01:26:56,100
the alternative narrative is fulfilling

2061
01:27:00,649 --> 01:26:57,000
something

2062
01:27:01,850 --> 01:27:00,659
happening other than just the

2063
01:27:04,970 --> 01:27:01,860

information I just pulled this up

2064

01:27:06,410 --> 01:27:04,980

project azorian that's the CIA project I

2065

01:27:09,649 --> 01:27:06,420

was talking about just a show it's like

2066

01:27:11,689 --> 01:27:09,659

uh pretty interesting little thing just

2067

01:27:13,490 --> 01:27:11,699

just the government does do conspiracies

2068

01:27:15,229 --> 01:27:13,500

but uh we find out about them and their

2069

01:27:19,189 --> 01:27:15,239

theories then they're actually just part

2070

01:27:26,870 --> 01:27:21,350

yeah

2071

01:27:28,790 --> 01:27:26,880

wrap it up uh we we sort of um we're

2072

01:27:31,070 --> 01:27:28,800

very thankful Louise that you uh were

2073

01:27:32,450 --> 01:27:31,080

willing to sort of uh go into this uh

2074

01:27:35,450 --> 01:27:32,460

this evening

2075

01:27:38,510 --> 01:27:35,460

um do you have any uh final thoughts

2076

01:27:40,129 --> 01:27:38,520

Louise about Lazar's story like uh

2077

01:27:43,129 --> 01:27:40,139

things that people should take away from

2078

01:27:45,709 --> 01:27:43,139

this uh people should

2079

01:27:48,649 --> 01:27:45,719

um counter to what Lazar said in the uh

2080

01:27:50,570 --> 01:27:48,659

call Bell documentary

2081

01:27:52,149 --> 01:27:50,580

um people should in fact uh look at the

2082

01:27:55,490 --> 01:27:52,159

minutiae

2083

01:27:57,470 --> 01:27:55,500

those sorts of details make um his sorts

2084

01:27:59,510 --> 01:27:57,480

of claims like very that makes it

2085

01:28:01,790 --> 01:27:59,520

untenable when you look at the um

2086

01:28:03,770 --> 01:28:01,800

institutional and historical

2087

01:28:05,510 --> 01:28:03,780

Nitty Gritty

2088

01:28:09,290 --> 01:28:05,520

um that's what really

2089

01:28:11,810 --> 01:28:09,300

destroys these kinds of stories

2090

01:28:15,110 --> 01:28:11,820

excellent it reminds me of uh what's

2091

01:28:16,850 --> 01:28:15,120

that quote of Jay Allen heinix where um

2092

01:28:18,050 --> 01:28:16,860

the UFO phenomenon is like a bundle of

2093

01:28:19,310 --> 01:28:18,060

sticks and it doesn't matter how many

2094

01:28:20,330 --> 01:28:19,320

break as long as they still hold

2095

01:28:25,570 --> 01:28:20,340

together

2096

01:28:30,070 --> 01:28:25,580

but if any multiple of zero is zero so

2097

01:28:32,689 --> 01:28:30,080

if each claim crumbles as you look at it

2098

01:28:36,709 --> 01:28:32,699

Leslie King actually used that analogy

2099

01:28:39,649 --> 01:28:36,719

to oh say that um the the preponderance

2100

01:28:42,370 --> 01:28:39,659

of UFO cases speaks to the reality of a

2101

01:28:44,629 --> 01:28:42,380

of an otherworldly presence

2102

01:28:47,149 --> 01:28:44,639

like even though even if he could like

2103

01:28:49,370 --> 01:28:47,159

debunk any one of those strolls in that

2104

01:28:51,110 --> 01:28:49,380

bundle you still have the bundle

2105

01:28:53,510 --> 01:28:51,120

so but I think that's really faulty

2106

01:28:56,750 --> 01:28:53,520

logic yeah it'd be really interesting

2107

01:28:58,729 --> 01:28:56,760

too that if there was some real alien

2108

01:29:01,430 --> 01:28:58,739

UFO encounter and it kind of conformed

2109

01:29:03,709 --> 01:29:01,440

to the homogeny of the UFO narrative

2110

01:29:05,930 --> 01:29:03,719

that we've kind of created culturally to

2111

01:29:07,910 --> 01:29:05,940

like a flying saucer Landing with a gray

2112

01:29:10,729 --> 01:29:07,920

in it despite right

2113

01:29:12,470 --> 01:29:10,739

you know decades and Decades of these

2114

01:29:15,050 --> 01:29:12,480

turning out to be misidentifications and

2115

01:29:17,390 --> 01:29:15,060

hoax is kind of spurred by media

2116

01:29:19,610 --> 01:29:17,400

so yeah that you'd think that the the

2117

01:29:21,169 --> 01:29:19,620

real case is the actual sticks there

2118

01:29:22,010 --> 01:29:21,179

would kind of stick out like a sore

2119

01:29:24,830 --> 01:29:22,020

thumb

2120

01:29:26,689 --> 01:29:24,840

the real case would be something that is

2121

01:29:28,550 --> 01:29:26,699

very different to the typical UFO

2122

01:29:30,950 --> 01:29:28,560

narrative and something that actually

2123

01:29:34,850 --> 01:29:30,960

has got strong evidence for it right

2124

01:29:37,850 --> 01:29:34,860

well yeah most importantly yeah and this

2125

01:29:40,910 --> 01:29:37,860

breaks to mind uh the origins of Occam's

2126
01:29:44,030 --> 01:29:40,920
razor right uh William of Occam a 14th

2127
01:29:47,270 --> 01:29:44,040
century Friar Occam's razor was

2128
01:29:49,910 --> 01:29:47,280
originally created to argue that the uh

2129
01:29:52,310 --> 01:29:49,920
wide number of claims of witnessing

2130
01:29:54,530 --> 01:29:52,320
miracles from around Europe uh

2131
01:29:56,990 --> 01:29:54,540
throughout the years similar features of

2132
01:29:58,490 --> 01:29:57,000
the claims provided evidence that the

2133
01:30:01,070 --> 01:29:58,500
simplest answer is that Miracles are

2134
01:30:03,470 --> 01:30:01,080
real and that was the origin of Occam's

2135
01:30:06,110 --> 01:30:03,480
razor so uh it's important to remember

2136
01:30:07,550 --> 01:30:06,120
that um you know even in applying

2137
01:30:09,410 --> 01:30:07,560
Occam's razor or something what you're

2138
01:30:11,629 --> 01:30:09,420

putting into it is what really kind of

2139

01:30:14,270 --> 01:30:11,639

matters more than sort of the the little

2140

01:30:17,450 --> 01:30:14,280

trick itself like like the details

2141

01:30:23,750 --> 01:30:20,750

is that it I guess I guess so for now

2142

01:30:26,570 --> 01:30:23,760

yeah Nick you have any parting words for

2143

01:30:30,050 --> 01:30:26,580

us let me just um

2144

01:30:33,590 --> 01:30:30,060

by Curtis Peebles oh yes watch this

2145

01:30:35,629 --> 01:30:33,600

guy's Fame yeah yeah exactly this one's

2146

01:30:37,910 --> 01:30:35,639

about the um Skunk Works and other top

2147

01:30:39,709 --> 01:30:37,920

secret uh projects

2148

01:30:43,790 --> 01:30:39,719

um in Aerospace

2149

01:30:46,310 --> 01:30:43,800

Area 51 really good History Nice

2150

01:30:51,590 --> 01:30:46,320

this is the actual history of area 51.

2151
01:30:56,629 --> 01:30:53,750
all right yeah yeah you're feeling good

2152
01:30:58,490 --> 01:30:56,639
Nick yeah we hit an hour and a half it's

2153
01:31:01,070 --> 01:30:58,500
pretty good yeah yeah that's not bad

2154
01:31:04,010 --> 01:31:01,080
three uh three out of four we did uh

2155
01:31:06,350 --> 01:31:04,020
three half hours out of four there we go

2156
01:31:09,169 --> 01:31:06,360
there yeah half hour person that's how

2157
01:31:10,790 --> 01:31:09,179
it works right yeah oh Jeff Jeff knocking

2158
01:31:12,709 --> 01:31:10,800
uh Occam's razor has to be one of the

2159
01:31:15,050 --> 01:31:12,719
most misquoted misrepresented things

2160
01:31:16,729 --> 01:31:15,060
yeah I do agree

2161
01:31:18,590 --> 01:31:16,739
um there's there's a part that always

2162
01:31:21,470 --> 01:31:18,600
gets left out in that um all things

2163
01:31:23,870 --> 01:31:21,480

being equal right so when we have equal

2164

01:31:26,030 --> 01:31:23,880

corroborating evidence or two opposing

2165

01:31:27,470 --> 01:31:26,040

things that's when Occam's Racers

2166

01:31:30,470 --> 01:31:27,480

usually applied

2167

01:31:33,290 --> 01:31:30,480

yeah it does I agree

2168

01:31:35,090 --> 01:31:33,300

yeah that makes it better yeah that's uh

2169

01:31:37,250 --> 01:31:35,100

that's a better saying we should we

2170

01:31:40,430 --> 01:31:37,260

should perpetuate that

2171

01:31:41,870 --> 01:31:40,440

okay well uh I guess that's it for

2172

01:31:43,970 --> 01:31:41,880

tonight

2173

01:31:47,510 --> 01:31:43,980

um yeah well I guess uh good night

2174

01:31:59,980 --> 01:31:47,520

everybody uh I'll uh take us off here

2175

01:32:38,500 --> 01:32:35,910

[Music]

2176

01:33:00,010 --> 01:32:38,510

[Applause]

2177

01:33:01,210 --> 01:33:00,020

[Music]

2178

01:33:35,149 --> 01:33:01,220

thank you
