CONVERGENCE

1
00:02:31,430 --> 00:02:29,670
the infamous cookie infamous

2
00:02:32,869 --> 00:02:31,440
he is infamous

3
00:02:34,869 --> 00:02:32,879
he is

4
00:02:37,270 --> 00:02:34,879
nine years old

5
00:02:40,550 --> 00:02:37,280
he's a maltipoo

6
00:02:42,630 --> 00:02:40,560
he's got healthy shoes all the time

7
00:02:44,150 --> 00:02:42,640
most of a minor

8
00:02:46,710 --> 00:02:44,160
although he did tear both of his

9
00:02:47,750 --> 00:02:46,720
ligaments in his knees

10
00:02:51,350 --> 00:02:47,760
and

11
00:02:52,949 --> 00:02:51,360
he recovered thanks to a homeopathic

12
00:02:54,390 --> 00:02:52,959
doctor right cook

13
00:02:56,630 --> 00:02:54,400

right

14

00:02:58,790 --> 00:02:56,640

and his girlfriend moved away

15

00:03:00,550 --> 00:02:58,800

a couple of years ago brought a new girl

16

00:03:02,070 --> 00:03:00,560

over the other day he did not like her

17

00:03:04,470 --> 00:03:02,080

because she kept bumping them out of the

18

00:03:05,750 --> 00:03:04,480

way

19

00:03:07,110 --> 00:03:05,760

but

20

00:03:10,309 --> 00:03:07,120

anyway all right

21

00:03:12,949 --> 00:03:10,319

you ready to listen to some ufo stuff

22

00:03:13,990 --> 00:03:12,959

that's a no

23

00:03:15,750 --> 00:03:14,000

oh

24

00:03:19,990 --> 00:03:15,760

all right

25

00:03:26,789 --> 00:03:22,309

kelly's the only one that likes cookie

26

00:03:29,910 --> 00:03:28,149

all right let me get rid of there are no

27

00:03:31,750 --> 00:03:29,920

photos

28

00:03:36,630 --> 00:03:31,760

so i am on camera the entire time

29

00:03:39,910 --> 00:03:38,070

just let me know if there's any sound

30

00:03:42,789 --> 00:03:39,920

issues and i will start with jeffrey

31

00:03:42,799 --> 00:03:49,670

he wrote a book with whitley

32

00:03:49,680 --> 00:03:52,229

okay

33

00:03:56,229 --> 00:03:54,309

that last lecture was

34

00:03:58,949 --> 00:03:56,239

really good because they were different

35

00:04:04,789 --> 00:03:58,959

voices with different opinions

36

00:04:08,630 --> 00:04:06,949

he said he's most and he

37

00:04:09,990 --> 00:04:08,640

i'm not even sure what he works he works

38

00:04:12,830 --> 00:04:10,000

at he's uh

39

00:04:16,949 --> 00:04:12,840

at temple university

40

00:04:18,870 --> 00:04:16,959

and he had an experience with whitley

41

00:04:20,469 --> 00:04:18,880

i'm sorry i need to just get a drink so

42

00:04:22,950 --> 00:04:20,479

he had a he had an experience with

43

00:04:23,749 --> 00:04:22,960

whitley up at esselon

44

00:04:29,749 --> 00:04:23,759

in

45

00:04:31,430 --> 00:04:29,759

drove by a couple of years ago and

46

00:04:34,070 --> 00:04:31,440

wanted to just take a look but they

47

00:04:36,230 --> 00:04:34,080

would not let us in unfortunately

48

00:04:37,510 --> 00:04:36,240

so jeffrey went there with whitley slept

49

00:04:39,430 --> 00:04:37,520

in the same room

50

00:04:42,070 --> 00:04:39,440

i think he woke up to some like some

51
00:04:43,430 --> 00:04:42,080
ridiculous crashing noise i'm not sure

52
00:04:45,030 --> 00:04:43,440
exactly what it was

53
00:04:47,430 --> 00:04:45,040
it was enough for him to call it an

54
00:04:51,350 --> 00:04:47,440
experience

55
00:04:55,270 --> 00:04:53,430
oh actually

56
00:04:57,830 --> 00:04:55,280
thank you walker i

57
00:05:00,230 --> 00:04:57,840
walker dale i think it's the first one

58
00:05:02,310 --> 00:05:00,240
i've ever had thank you so much i didn't

59
00:05:05,189 --> 00:05:02,320
even know it was available to do because

60
00:05:06,790 --> 00:05:05,199
i was waiting for the approval so

61
00:05:08,230 --> 00:05:06,800
and questions hopefully i'll get to them

62
00:05:09,350 --> 00:05:08,240
i'm going to try to hurry up here thank

63
00:05:11,350 --> 00:05:09,360

you walter

64

00:05:12,950 --> 00:05:11,360

walker walker

65

00:05:15,029 --> 00:05:12,960

um

66

00:05:17,350 --> 00:05:15,039

so cripel says he's most interested in

67

00:05:19,029 --> 00:05:17,360

the weird uncanny or impossible and i'm

68

00:05:21,590 --> 00:05:19,039

gonna i'll do a better version tomorrow

69

00:05:22,870 --> 00:05:21,600

morning on twitter or on my site

70

00:05:24,390 --> 00:05:22,880

and if you guys

71

00:05:25,430 --> 00:05:24,400

if you ask questions or whatever and i

72

00:05:28,070 --> 00:05:25,440

miss it i'm just trying to get through

73

00:05:29,350 --> 00:05:28,080

all this information it's so much

74

00:05:31,270 --> 00:05:29,360

um

75

00:05:33,590 --> 00:05:31,280

he goes he thinks anomalous experiences

76

00:05:34,950 --> 00:05:33,600

and and social are related to social

77

00:05:36,469 --> 00:05:34,960

mutation which is kind of what jim

78

00:05:37,350 --> 00:05:36,479

semivam was saying

79

00:05:38,550 --> 00:05:37,360

um

80

00:05:40,310 --> 00:05:38,560

you know are they kind of trying to

81

00:05:42,070 --> 00:05:40,320

shape us with these events

82

00:05:44,230 --> 00:05:42,080

culturally

83

00:05:46,310 --> 00:05:44,240

trying to get us to stop our evil

84

00:05:47,909 --> 00:05:46,320

destructive ways

85

00:05:49,749 --> 00:05:47,919

and

86

00:05:54,950 --> 00:05:49,759

he thinks it's human contact with a

87

00:05:59,830 --> 00:05:56,950

whatever you think or believe is all

88

00:06:02,550 --> 00:05:59,840

wrong or hopelessly inadequate

89

00:06:04,309 --> 00:06:02,560

and he thinks that our humanity whatever

90

00:06:06,550 --> 00:06:04,319

i think on a psychic spiritual level he

91

00:06:09,510 --> 00:06:06,560

thinks that may be the source of all of

92

00:06:11,189 --> 00:06:09,520

this not on a jungian level where we're

93

00:06:12,469 --> 00:06:11,199

creating this with our consciousness

94

00:06:15,590 --> 00:06:12,479

because he talks about that later he

95

00:06:18,070 --> 00:06:15,600

says i don't go that far but somehow

96

00:06:20,629 --> 00:06:18,080

you know at a at a non-physical level

97

00:06:22,550 --> 00:06:20,639

somehow we're have we're creating this

98

00:06:23,749 --> 00:06:22,560

somehow not that it's just coming out of

99

00:06:25,430 --> 00:06:23,759

us but

100

00:06:28,790 --> 00:06:25,440

maybe the beings are interacting with us

101
00:06:31,990 --> 00:06:30,550
psychic and that's not the right word

102
00:06:33,270 --> 00:06:32,000
psychic is not the right spiritual

103
00:06:35,430 --> 00:06:33,280
spiritual is not the right word anyway

104
00:06:38,070 --> 00:06:35,440
so um he says

105
00:06:40,309 --> 00:06:38,080
two things radar and revelation that's

106
00:06:42,070 --> 00:06:40,319
what you need to understand ufos

107
00:06:43,909 --> 00:06:42,080
understand them together the scientific

108
00:06:46,150 --> 00:06:43,919
and the spiritual

109
00:06:48,550 --> 00:06:46,160
skeptical sciences scientists are not

110
00:06:50,150 --> 00:06:48,560
entirely wrong to reject this study as

111
00:06:52,629 --> 00:06:50,160
unscientific

112
00:06:55,670 --> 00:06:52,639
study of ufos he goes but series of

113
00:06:57,670 --> 00:06:55,680

series serious study of ufos

114

00:06:59,350 --> 00:06:57,680

it will always slide into out-of-body

115

00:07:01,990 --> 00:06:59,360

experiences telepathic communication

116

00:07:04,150 --> 00:07:02,000

pre-cognitive communications the more

117

00:07:05,909 --> 00:07:04,160

you know about ufos

118

00:07:07,749 --> 00:07:05,919

the weather it gets and the less it

119

00:07:10,230 --> 00:07:07,759

makes sense and i can attest to that

120

00:07:12,150 --> 00:07:10,240

because the more i study the more

121

00:07:13,749 --> 00:07:12,160

theories i have the more i'm not sure

122

00:07:15,270 --> 00:07:13,759

about anything and i've heard so many

123

00:07:18,150 --> 00:07:15,280

different theories from people i trust

124

00:07:19,830 --> 00:07:18,160

and most of it is contradictory but most

125

00:07:21,510 --> 00:07:19,840

of them that i speak to will say they

126

00:07:23,189 --> 00:07:21,520

don't know

127

00:07:24,710 --> 00:07:23,199

and don't base your study just on hard

128

00:07:26,309 --> 00:07:24,720

science

129

00:07:28,710 --> 00:07:26,319

because you want to study ufos you need

130

00:07:31,110 --> 00:07:28,720

to study study everything and that's why

131

00:07:33,110 --> 00:07:31,120

awsap was so important and james

132

00:07:36,070 --> 00:07:33,120

lutkatsky was great because that's what

133

00:07:38,070 --> 00:07:36,080

he pushed reed to study for everything

134

00:07:39,110 --> 00:07:38,080

and skinwalker among other places had

135

00:07:41,670 --> 00:07:39,120

that too

136

00:07:44,469 --> 00:07:41,680

he said the most difficult part ufos

137

00:07:47,430 --> 00:07:44,479

have a an objective heart aspect and

138

00:07:50,150 --> 00:07:47,440

they have a subjective human aspect

139

00:07:51,510 --> 00:07:50,160

both are needed to understand

140

00:07:52,950 --> 00:07:51,520

talking about how certain people

141

00:07:54,629 --> 00:07:52,960

consider this a threat in our government

142

00:07:56,469 --> 00:07:54,639

he's like if you have a hammer all

143

00:07:58,869 --> 00:07:56,479

you're going to see is nails you know

144

00:08:00,469 --> 00:07:58,879

the primary primary data is collected by

145

00:08:01,589 --> 00:08:00,479

people in the dod so that's how they're

146

00:08:03,670 --> 00:08:01,599

going to see it

147

00:08:05,270 --> 00:08:03,680

and they expectedly expectedly they

148

00:08:06,390 --> 00:08:05,280

frame it in threats

149

00:08:08,710 --> 00:08:06,400

you know

150

00:08:10,710 --> 00:08:08,720

the data is collected by f-18s which are

151
00:08:12,629 --> 00:08:10,720
designed to shoot down enemy objects so

152
00:08:13,430 --> 00:08:12,639
that's their point of view and you know

153
00:08:17,430 --> 00:08:13,440
i

154
00:08:19,029 --> 00:08:17,440
and

155
00:08:21,110 --> 00:08:19,039
that's their point of view not all of

156
00:08:22,629 --> 00:08:21,120
them but you can't blame them doesn't

157
00:08:25,430 --> 00:08:22,639
mean i agree with them

158
00:08:27,510 --> 00:08:25,440
um he tells a story about

159
00:08:29,350 --> 00:08:27,520
whitley his good friend

160
00:08:31,029 --> 00:08:29,360
and the question was did whitley's you

161
00:08:32,790 --> 00:08:31,039
know whitley was a really successful

162
00:08:34,070 --> 00:08:32,800
horror writer before he had his

163
00:08:36,469 --> 00:08:34,080

experiences

164

00:08:38,070 --> 00:08:36,479

you know nature's end the wolf in the

165

00:08:39,750 --> 00:08:38,080

wolfen got made into a movie there was

166

00:08:41,269 --> 00:08:39,760

another movie that another book that got

167

00:08:42,630 --> 00:08:41,279

him made into a movie so he's really

168

00:08:44,230 --> 00:08:42,640

successful

169

00:08:46,150 --> 00:08:44,240

i think he was making a lot of money on

170

00:08:47,829 --> 00:08:46,160

his horror books

171

00:08:50,710 --> 00:08:47,839

and the question was did his horror

172

00:08:53,269 --> 00:08:50,720

writing spawn his interpretation of the

173

00:08:55,350 --> 00:08:53,279

visitor experience and whitley said of

174

00:08:57,190 --> 00:08:55,360

course and this is cripel's saying this

175

00:08:59,350 --> 00:08:57,200

of course you know but there was an

176

00:09:02,070 --> 00:08:59,360

aspect that was real and striebert said

177

00:09:05,110 --> 00:09:02,080

we need to make better sci-fi so humans

178

00:09:08,710 --> 00:09:05,120

can have a better abduction experience

179

00:09:10,389 --> 00:09:08,720

meaning you know our cultural and pop

180

00:09:12,070 --> 00:09:10,399

culture has an effect on how we

181

00:09:14,870 --> 00:09:12,080

interpret things

182

00:09:17,190 --> 00:09:14,880

and then jeffrey cripel mentions arrival

183

00:09:19,509 --> 00:09:17,200

in 2016 that movie which i loved and i

184

00:09:21,030 --> 00:09:19,519

want to see i think i've seen it twice

185

00:09:24,310 --> 00:09:21,040

he was that whole thing board is on

186

00:09:26,550 --> 00:09:24,320

profound borders around the paranormal

187

00:09:28,470 --> 00:09:26,560

transformation of its main character

188

00:09:30,710 --> 00:09:28,480

human beings are often transformed by

189

00:09:33,910 --> 00:09:30,720

their encounters it can be deeply

190

00:09:36,949 --> 00:09:33,920

spiritual which i do not mean good or

191

00:09:39,509 --> 00:09:36,959

nice it can feature awe terror

192

00:09:40,710 --> 00:09:39,519

terror john mack called it ontological

193

00:09:42,710 --> 00:09:40,720

meaning you know having to do with

194

00:09:44,790 --> 00:09:42,720

existence and being

195

00:09:47,750 --> 00:09:44,800

which i looked up there's lots of words

196

00:09:50,150 --> 00:09:47,760

i always have to look up the big words

197

00:09:51,590 --> 00:09:50,160

matt called it ontological shock some

198

00:09:53,829 --> 00:09:51,600

people developed new abilities and

199

00:09:56,230 --> 00:09:53,839

telepathy and precognition and

200

00:09:57,829 --> 00:09:56,240

superhuman powers after their experience

201
00:10:00,310 --> 00:09:57,839
he said we should approach ufos more

202
00:10:02,710 --> 00:10:00,320
like a rival and less like war of the

203
00:10:04,630 --> 00:10:02,720
worlds but we don't do that we focus on

204
00:10:06,150 --> 00:10:04,640
threat and secrecy

205
00:10:07,110 --> 00:10:06,160
well the government does i don't think

206
00:10:09,190 --> 00:10:07,120
we do

207
00:10:11,110 --> 00:10:09,200
as a result the experiences are ignored

208
00:10:12,630 --> 00:10:11,120
and their narrative is dismissed as

209
00:10:21,269 --> 00:10:12,640
anecdotal

210
00:10:22,470 --> 00:10:21,279
mean

211
00:10:23,910 --> 00:10:22,480
you know it's you're gonna say i'm not

212
00:10:26,069 --> 00:10:23,920
gonna i'm not gonna study that it's

213
00:10:27,750 --> 00:10:26,079

anecdotal there's so many anecdotes in

214

00:10:29,350 --> 00:10:27,760

everything we do so

215

00:10:37,990 --> 00:10:29,360

it's part of the it's part of the story

216

00:10:43,509 --> 00:10:41,829

i can't post tucker's ufo thing on on uh

217

00:10:47,829 --> 00:10:43,519

youtube

218

00:10:48,949 --> 00:10:47,839

i would get a big strike copyright

219

00:10:50,949 --> 00:10:48,959

he says

220

00:10:52,710 --> 00:10:50,959

oh he pulls up bill hicks if you've

221

00:10:55,190 --> 00:10:52,720

never seen the bill hicks documentary

222

00:10:56,470 --> 00:10:55,200

and i'm so glad i saw it in theater

223

00:10:58,150 --> 00:10:56,480

um

224

00:10:59,509 --> 00:10:58,160

i think i walked up to the theater mile

225

00:11:00,790 --> 00:10:59,519

what's playing at this independent

226

00:11:03,509 --> 00:11:00,800

theater that's one thing i miss about

227

00:11:04,790 --> 00:11:03,519

l.a a lot of independent theaters um i

228

00:11:06,790 --> 00:11:04,800

did not grow up in l i grew up in new

229

00:11:08,230 --> 00:11:06,800

york but which also has independent

230

00:11:09,990 --> 00:11:08,240

theaters but

231

00:11:12,550 --> 00:11:10,000

bill in that movie bill hicks and i

232

00:11:14,150 --> 00:11:12,560

forget if it's called an american comic

233

00:11:16,790 --> 00:11:14,160

bill hicks talked about psychedelics and

234

00:11:19,430 --> 00:11:16,800

the quote is that kripal red is today

235

00:11:22,310 --> 00:11:19,440

today a young man on acid realized that

236

00:11:24,069 --> 00:11:22,320

all matter is merely energy condensed to

237

00:11:25,829 --> 00:11:24,079

a slow vibration

238

00:11:28,470 --> 00:11:25,839

that we are all one consciousness

239

00:11:31,030 --> 00:11:28,480

experiencing itself subjectively there's

240

00:11:33,110 --> 00:11:31,040

no such thing as death life is only a

241

00:11:34,470 --> 00:11:33,120

dream and we are the imagination of

242

00:11:36,949 --> 00:11:34,480

ourselves

243

00:11:38,710 --> 00:11:36,959

now here's tom with the weather

244

00:11:40,870 --> 00:11:38,720

kind of a funny thing that uh bill hicks

245

00:11:42,310 --> 00:11:40,880

you should see that movie so good

246

00:11:44,150 --> 00:11:42,320

he talked about his experience on

247

00:11:47,350 --> 00:11:44,160

mushrooms how it changed his life him

248

00:11:51,990 --> 00:11:49,670

if one is one with the cosmos then one

249

00:11:53,829 --> 00:11:52,000

is one with the e.t dimensions in the

250

00:11:55,350 --> 00:11:53,839

same cosmos

251
00:11:58,389 --> 00:11:55,360
at the deepest level maybe these

252
00:12:00,310 --> 00:11:58,399
non-humans are us and we are them maybe

253
00:12:02,310 --> 00:12:00,320
that's why they're so interested in us

254
00:12:04,470 --> 00:12:02,320
because they see no difference

255
00:12:06,870 --> 00:12:04,480
how different could the narrative be

256
00:12:08,790 --> 00:12:06,880
that how we see them

257
00:12:10,230 --> 00:12:08,800
if we saw it in that way you know if we

258
00:12:11,590 --> 00:12:10,240
saw it as there's no difference between

259
00:12:13,110 --> 00:12:11,600
us and then maybe maybe the whole

260
00:12:15,750 --> 00:12:13,120
narrative we'd have about them would be

261
00:12:17,590 --> 00:12:15,760
different maybe not but

262
00:12:20,310 --> 00:12:17,600
he goes instead it's all based on

263
00:12:21,110 --> 00:12:20,320

separation and nationalism i think he

264

00:12:24,230 --> 00:12:21,120

said

265

00:12:25,509 --> 00:12:24,240

borders he didn't say nationalism um but

266

00:12:28,150 --> 00:12:25,519

he says

267

00:12:29,350 --> 00:12:28,160

every there's every reason to imagine

268

00:12:31,190 --> 00:12:29,360

that there is not the slightest

269

00:12:34,389 --> 00:12:31,200

difference between between e.t and

270

00:12:36,629 --> 00:12:34,399

terrestrial consciousness we're all one

271

00:12:39,030 --> 00:12:36,639

and he's like yes i'm speculating uh

272

00:12:41,590 --> 00:12:39,040

it's diffic and i wish i hope michael's

273

00:12:43,590 --> 00:12:41,600

listening if not

274

00:12:46,069 --> 00:12:43,600

cripel says it's difficult to ignore

275

00:12:47,750 --> 00:12:46,079

escala eschatological

276

00:12:50,069 --> 00:12:47,760

themes basically you know end of the

277

00:12:51,670 --> 00:12:50,079

world type themes judgment day because

278

00:12:55,430 --> 00:12:51,680

dead loved ones

279

00:12:56,470 --> 00:12:55,440

accounts and that's why i said whitley

280

00:12:57,670 --> 00:12:56,480

strieberg

281

00:12:59,509 --> 00:12:57,680

you know

282

00:13:01,509 --> 00:12:59,519

these beings the visitors and dead

283

00:13:03,269 --> 00:13:01,519

people would always show up especially

284

00:13:04,790 --> 00:13:03,279

at his cabin before people would have an

285

00:13:06,310 --> 00:13:04,800

experience earlier in the day they would

286

00:13:08,230 --> 00:13:06,320

see their dead relatives just out in the

287

00:13:10,150 --> 00:13:08,240

street oh look and then oh that means

288

00:13:12,230 --> 00:13:10,160

i'm gonna have an experience tonight

289

00:13:13,750 --> 00:13:12,240

you know why why do they show up you

290

00:13:16,150 --> 00:13:13,760

know and then he talked about hastings

291

00:13:17,750 --> 00:13:16,160

how ufos are concerned with nukes

292

00:13:19,590 --> 00:13:17,760

and contactees say and they've been

293

00:13:20,550 --> 00:13:19,600

saying this forever

294

00:13:23,509 --> 00:13:20,560

you know

295

00:13:25,990 --> 00:13:23,519

they somehow they they get these beings

296

00:13:28,710 --> 00:13:26,000

the visitors the other others activate

297

00:13:30,870 --> 00:13:28,720

an apocalyptic idea in their heads

298

00:13:32,550 --> 00:13:30,880

um shows the world you know going to

299

00:13:34,629 --> 00:13:32,560

hell with explosion you know some big

300

00:13:36,629 --> 00:13:34,639

explosions

301

00:13:39,030 --> 00:13:36,639

and it's funny says a lot of

302

00:13:41,350 --> 00:13:39,040

researchers are into ufos

303

00:13:43,269 --> 00:13:41,360

they also research the afterlife like

304

00:13:45,509 --> 00:13:43,279

like leslie keane

305

00:13:47,189 --> 00:13:45,519

i do i mean i've i've been obsessed with

306

00:13:48,790 --> 00:13:47,199

the afterlife research too especially

307

00:13:50,710 --> 00:13:48,800

physical mediumship

308

00:13:53,590 --> 00:13:50,720

but i mean it's just i like all of this

309

00:13:58,230 --> 00:13:53,600

stuff so it's not just afterlife

310

00:14:01,269 --> 00:14:00,069

danny's presentation i have to look at

311

00:14:02,790 --> 00:14:01,279

my notes

312

00:14:04,870 --> 00:14:02,800

it's been so many notes i don't even

313

00:14:10,629 --> 00:14:04,880

remember how danny's was i thought the

314

00:14:16,629 --> 00:14:14,389

the technology of eschatology

315

00:14:17,670 --> 00:14:16,639

the destiny of the soul after physical

316

00:14:20,389 --> 00:14:17,680

death

317

00:14:22,629 --> 00:14:20,399

or as young had said the end of an era

318

00:14:24,230 --> 00:14:22,639

or a civilization in transformation what

319

00:14:25,990 --> 00:14:24,240

the hell that means i don't even know i

320

00:14:27,110 --> 00:14:26,000

can't even make sense out of some of my

321

00:14:29,189 --> 00:14:27,120

own notes

322

00:14:31,509 --> 00:14:29,199

um i like this with terence mckenna said

323

00:14:33,509 --> 00:14:31,519

kripal read this people are so alienate

324

00:14:34,949 --> 00:14:33,519

people are so alienated by their own

325

00:14:38,710 --> 00:14:34,959

soul

326

00:14:41,670 --> 00:14:38,720

think it comes from another star system

327

00:14:44,389 --> 00:14:41,680

it disguises itself as an et invasion as

328

00:14:47,189 --> 00:14:44,399

to not alarm us i love that i hope

329

00:14:49,750 --> 00:14:47,199

that's true it's really us

330

00:14:51,990 --> 00:14:49,760

some form of us on another level

331

00:14:53,670 --> 00:14:52,000

coming to help us ufos are much more

332

00:14:55,509 --> 00:14:53,680

than machines in the sky but that's part

333

00:14:57,910 --> 00:14:55,519

of it it looks more more like a mystical

334

00:15:00,150 --> 00:14:57,920

movie in the sky it features eruptions

335

00:15:02,310 --> 00:15:00,160

into this world to encour encourage us

336

00:15:04,629 --> 00:15:02,320

to let go of our beliefs and convictions

337

00:15:05,829 --> 00:15:04,639

because they're literally killing us and

338

00:15:07,430 --> 00:15:05,839

our planet

339

00:15:08,629 --> 00:15:07,440

and then somebody asked about charles

340

00:15:10,069 --> 00:15:08,639

fort i don't know if he brought it up

341

00:15:12,550 --> 00:15:10,079

but he said yeah fort had a dark

342

00:15:15,350 --> 00:15:12,560

narrative he thought we are a farm and

343

00:15:17,590 --> 00:15:15,360

they treat us as sheep or cattle

344

00:15:19,509 --> 00:15:17,600

uh kripal has a history in religion he's

345

00:15:21,110 --> 00:15:19,519

a historian of religion he's familiar

346

00:15:24,069 --> 00:15:21,120

with the negative side

347

00:15:26,870 --> 00:15:24,079

the phenomenon is sacred to some

348

00:15:29,269 --> 00:15:26,880

terrifying to others

349

00:15:32,470 --> 00:15:29,279

the phenomenon is probably neither a

350

00:15:34,389 --> 00:15:32,480

threat nor entirely good

351

00:15:36,629 --> 00:15:34,399

and i think as uh semivan said it just

352

00:15:39,189 --> 00:15:36,639

doesn't really care about us we're kind

353

00:15:42,870 --> 00:15:39,199

of ins inconsequential they may just

354

00:15:42,880 --> 00:15:48,629

he thinks

355

00:15:52,470 --> 00:15:50,550

yeah as far as trusting the phenomena i

356

00:15:55,189 --> 00:15:52,480

don't phenomenon i don't blame you i

357

00:15:56,870 --> 00:15:55,199

mean

358

00:15:59,110 --> 00:15:56,880

i have not had those experiences but

359

00:16:00,230 --> 00:15:59,120

just hearing people talk i don't know i

360

00:16:01,829 --> 00:16:00,240

don't know how that yeah how can you

361

00:16:02,790 --> 00:16:01,839

trust it i mean that gets brought up

362

00:16:03,990 --> 00:16:02,800

later

363

00:16:05,829 --> 00:16:04,000

hopefully i'll be able to get to it i

364

00:16:10,470 --> 00:16:05,839

still have over an hour

365

00:16:13,749 --> 00:16:12,310

kripal says the big thing he thinks or

366

00:16:15,509 --> 00:16:13,759

we need money

367

00:16:17,269 --> 00:16:15,519

resources for professionals to get

368

00:16:19,269 --> 00:16:17,279

involved he goes if that doesn't happen

369

00:16:21,350 --> 00:16:19,279

you know scientists the old

370

00:16:23,749 --> 00:16:21,360

theologians philosophers they all need

371

00:16:25,030 --> 00:16:23,759

funding that will excite them into

372

00:16:26,870 --> 00:16:25,040

studying this and then we can train

373

00:16:31,269 --> 00:16:26,880

young people to study it until that

374

00:16:34,949 --> 00:16:33,189

that's all i highlighted but somebody

375

00:16:37,430 --> 00:16:34,959

asked abductions how does that have to

376

00:16:38,949 --> 00:16:37,440

do with free will and

377

00:16:40,310 --> 00:16:38,959

cripel said that yeah there's not he's

378

00:16:42,870 --> 00:16:40,320

not sure there's a lot of free will

379

00:16:44,629 --> 00:16:42,880

there that's why it's terrifying i mean

380

00:16:48,150 --> 00:16:44,639

look at the way you know it looks like

381

00:16:51,430 --> 00:16:49,670

and then he says he mentions ray

382

00:16:53,430 --> 00:16:51,440

hernandez in the free study says the

383

00:16:55,350 --> 00:16:53,440

experience could can evolve you know

384

00:16:58,150 --> 00:16:55,360

with a lot of experiences it changed

385

00:17:01,670 --> 00:16:58,160

changes it's it changes them in a really

386

00:17:03,670 --> 00:17:01,680

positive way but kripal says it can also

387

00:17:05,189 --> 00:17:03,680

negatively affect that person in a big

388

00:17:07,510 --> 00:17:05,199

way

389

00:17:09,350 --> 00:17:07,520

right on to james garrison

390

00:17:11,189 --> 00:17:09,360

i don't have the summaries of who these

391

00:17:12,789 --> 00:17:11,199

people are sorry i just wanted to get

392

00:17:15,350 --> 00:17:12,799

live and i've been trying to make these

393

00:17:17,909 --> 00:17:15,360

notes readable all day

394

00:17:18,949 --> 00:17:17,919

and garrison says you the ufo phenomenon

395

00:17:20,710 --> 00:17:18,959

is

396

00:17:22,630 --> 00:17:20,720

deeply buried in the collective memory

397

00:17:24,470 --> 00:17:22,640

of our species

398

00:17:27,029 --> 00:17:24,480

the two common memories in our

399

00:17:28,630 --> 00:17:27,039

collective psyche of humanity the

400

00:17:30,070 --> 00:17:28,640

collective psyche of humanity that are

401
00:17:32,950 --> 00:17:30,080
shared globally

402
00:17:35,510 --> 00:17:32,960
the great flood that story is not just

403
00:17:37,029 --> 00:17:35,520
in the bible you know 150 years ago we

404
00:17:38,870 --> 00:17:37,039
learned it was all over the world when

405
00:17:40,549 --> 00:17:38,880
he discovered the sumerian tablets uh

406
00:17:41,909 --> 00:17:40,559
written in cuneiform and then it's in

407
00:17:45,669 --> 00:17:41,919
350

408
00:17:47,750 --> 00:17:45,679
different cultures that flood story

409
00:17:50,230 --> 00:17:47,760
and he said christians and jewish people

410
00:17:52,710 --> 00:17:50,240
were a bit shocked to learn the bible

411
00:17:55,029 --> 00:17:52,720
you know reworked an older story by

412
00:17:57,190 --> 00:17:55,039
thousands of years

413
00:17:59,510 --> 00:17:57,200

and it's the whole you know noah story

414

00:18:01,510 --> 00:17:59,520

not a lot of people survived uh

415

00:18:04,150 --> 00:18:01,520

it's about 12 000 years ago if you read

416

00:18:06,789 --> 00:18:04,160

up on a commentary strike

417

00:18:09,590 --> 00:18:06,799

uh during the younger driest period uh

418

00:18:11,270 --> 00:18:09,600

you'll hear it's like 11 800 years ago

419

00:18:15,350 --> 00:18:11,280

graham hancock's done a lot of work on

420

00:18:18,870 --> 00:18:17,270

and the other collective memory is

421

00:18:20,789 --> 00:18:18,880

related to and i'll tell quickly who

422

00:18:21,590 --> 00:18:20,799

have never heard the sumerian story

423

00:18:23,750 --> 00:18:21,600

about

424

00:18:26,150 --> 00:18:23,760

them intervening intervening

425

00:18:30,710 --> 00:18:28,470

kripal refers back to the sumerian

426

00:18:33,669 --> 00:18:30,720

tablets and the story about a spacecraft

427

00:18:35,110 --> 00:18:33,679

and other beings coming to mesopotamia

428

00:18:36,789 --> 00:18:35,120

he says they were amphibious and

429

00:18:39,029 --> 00:18:36,799

reptilian

430

00:18:41,110 --> 00:18:39,039

i only read sitchin i don't remember him

431

00:18:42,789 --> 00:18:41,120

saying they were reptilian i i know i

432

00:18:44,150 --> 00:18:42,799

remember seeing some images that were

433

00:18:45,669 --> 00:18:44,160

reptilian

434

00:18:47,029 --> 00:18:45,679

and i don't remember the amphibious part

435

00:18:48,950 --> 00:18:47,039

either but

436

00:18:51,110 --> 00:18:48,960

he says it's global

437

00:18:53,430 --> 00:18:51,120

uh he says scholars think they came from

438

00:18:55,830 --> 00:18:53,440

the pleiades i've never heard that you

439

00:18:58,150 --> 00:18:55,840

know the 12th planet i've always heard

440

00:18:59,430 --> 00:18:58,160

uh he mentions the doggone tribe which

441

00:19:03,350 --> 00:18:59,440

is related to

442

00:19:06,870 --> 00:19:03,360

one of the stars and sirius

443

00:19:08,549 --> 00:19:06,880

i think sirius is a binary star

444

00:19:10,710 --> 00:19:08,559

one thing i remember and i don't know if

445

00:19:12,310 --> 00:19:10,720

stitching was right i mean i know people

446

00:19:14,150 --> 00:19:12,320

said he locked made a lot of mistakes in

447

00:19:16,630 --> 00:19:14,160

his interpretations and i know the whole

448

00:19:18,870 --> 00:19:16,640

story of you know they came down here on

449

00:19:20,789 --> 00:19:18,880

their planet the 12th planet their

450

00:19:22,150 --> 00:19:20,799

atmosphere was destroyed so they needed

451
00:19:24,070 --> 00:19:22,160
gold to help

452
00:19:25,430 --> 00:19:24,080
fix their atmosphere and repair it so

453
00:19:27,510 --> 00:19:25,440
they came here

454
00:19:29,750 --> 00:19:27,520
started mining the gold got tired of

455
00:19:31,830 --> 00:19:29,760
doing it saw that there was a being here

456
00:19:33,909 --> 00:19:31,840
homo erectus maybe decided to

457
00:19:37,430 --> 00:19:33,919
genetically engineer those beings to

458
00:19:39,510 --> 00:19:37,440
create us a smarter a smarter being but

459
00:19:41,190 --> 00:19:39,520
not too smart not as smart as them and

460
00:19:43,350 --> 00:19:41,200
that's how they created us basically as

461
00:19:44,710 --> 00:19:43,360
slaves that's that's the story i have no

462
00:19:47,110 --> 00:19:44,720
idea if it's true back then when i read

463
00:19:49,510 --> 00:19:47,120

it i was blown away but now

464

00:19:51,029 --> 00:19:49,520

not so sure um

465

00:19:53,110 --> 00:19:51,039

i think gary nolan has said there's no

466

00:19:54,870 --> 00:19:53,120

evidence that there's been anything like

467

00:19:58,549 --> 00:19:54,880

that showing up you know that showed up

468

00:20:00,630 --> 00:19:58,559

in our dna that points towards that but

469

00:20:02,950 --> 00:20:00,640

um

470

00:20:04,710 --> 00:20:02,960

so that's the other memory

471

00:20:06,549 --> 00:20:04,720

that the sumerians were visited and one

472

00:20:08,710 --> 00:20:06,559

thing interesting is carl sagan talked

473

00:20:10,549 --> 00:20:08,720

about the sumerians and talking about

474

00:20:12,789 --> 00:20:10,559

other beings be there and beings be

475

00:20:14,390 --> 00:20:12,799

there being there and sagan said it's

476
00:20:16,789 --> 00:20:14,400
notable because

477
00:20:19,190 --> 00:20:16,799
they seem to be describing real persons

478
00:20:21,430 --> 00:20:19,200
not mythological people and

479
00:20:23,350 --> 00:20:21,440
that's notable i think he said they

480
00:20:24,710 --> 00:20:23,360
were describing uh real person

481
00:20:30,310 --> 00:20:24,720
personages

482
00:20:36,870 --> 00:20:32,710
he thinks et's came here and landed in

483
00:20:41,510 --> 00:20:38,549
so that's james garrison he thinks the

484
00:20:43,110 --> 00:20:41,520
et's came here landed in sumer he thinks

485
00:20:44,789 --> 00:20:43,120
there may they maybe

486
00:20:46,710 --> 00:20:44,799
there may be also interdimensional

487
00:20:49,029 --> 00:20:46,720
visitors just because they're further

488
00:20:50,630 --> 00:20:49,039

advanced just because they're farther in

489

00:20:52,789 --> 00:20:50,640

advance than us doesn't mean they're

490

00:20:54,470 --> 00:20:52,799

better or benign because people make

491

00:20:56,630 --> 00:20:54,480

that argument they're like

492

00:20:58,149 --> 00:20:56,640

well if they've gotten the technology

493

00:21:00,070 --> 00:20:58,159

achieved that level of technology to

494

00:21:02,470 --> 00:21:00,080

come to the planet earth then they must

495

00:21:04,549 --> 00:21:02,480

be advanced they must have overcome war

496

00:21:06,950 --> 00:21:04,559

and i'm like that's a major assumption

497

00:21:08,630 --> 00:21:06,960

uh he says the same thing

498

00:21:11,510 --> 00:21:08,640

he talks about international climate

499

00:21:13,110 --> 00:21:11,520

change which is a common theme today

500

00:21:14,710 --> 00:21:13,120

and now we're entering in

501
00:21:16,630 --> 00:21:14,720
unprecedented

502
00:21:19,110 --> 00:21:16,640
territory he called it code red for

503
00:21:21,750 --> 00:21:19,120
humanity we've passed 400 parts per

504
00:21:24,870 --> 00:21:21,760
million co2 in the atmosphere we're pop

505
00:21:26,789 --> 00:21:24,880
past the point the tipping point

506
00:21:29,110 --> 00:21:26,799
we're not at the precipice we're going

507
00:21:33,350 --> 00:21:29,120
over the precipice uh he thinks there's

508
00:21:35,270 --> 00:21:33,360
an extinction level event by 2020 2026

509
00:21:37,990 --> 00:21:35,280
that's kind of soon

510
00:21:39,669 --> 00:21:38,000
maybe the beginning of it um he thinks

511
00:21:41,350 --> 00:21:39,679
mammals are screwed and he didn't use

512
00:21:43,430 --> 00:21:41,360
that word that's me uh because we're

513
00:21:45,669 --> 00:21:43,440

going to be faced with extinction

514

00:21:48,070 --> 00:21:45,679

ecology is being wiped out and we're out

515

00:21:49,750 --> 00:21:48,080

of time we have months not years to get

516

00:21:53,029 --> 00:21:49,760

it to get it together

517

00:21:53,039 --> 00:21:56,149

and then

518

00:21:56,159 --> 00:21:59,830

whitley

519

00:22:04,950 --> 00:22:02,630

asked via he was in the crowd and asked

520

00:22:06,070 --> 00:22:04,960

the question does our dna show we're in

521

00:22:09,590 --> 00:22:06,080

a constant

522

00:22:11,990 --> 00:22:09,600

constant state of trauma and

523

00:22:14,149 --> 00:22:12,000

jim says absolutely look at the gnostics

524

00:22:16,149 --> 00:22:14,159

they talk about it i was very impressed

525

00:22:17,750 --> 00:22:16,159

that he brought up the gnostics he said

526
00:22:20,310 --> 00:22:17,760
you know they talk about a malevolent

527
00:22:22,710 --> 00:22:20,320
force creating us the demiurge

528
00:22:24,710 --> 00:22:22,720
which is a really amazing myth flash

529
00:22:26,230 --> 00:22:24,720
story and some people believe is real

530
00:22:28,310 --> 00:22:26,240
you know the archons and they control

531
00:22:31,190 --> 00:22:28,320
this planet and

532
00:22:33,590 --> 00:22:31,200
he goes you know the demiurge you know

533
00:22:35,350 --> 00:22:33,600
the god we worship the old testament is

534
00:22:36,789 --> 00:22:35,360
a psychopath and if you read some of the

535
00:22:38,310 --> 00:22:36,799
stuff

536
00:22:40,070 --> 00:22:38,320
in the old testament and you listen to

537
00:22:41,990 --> 00:22:40,080
graham hancock there's something great

538
00:22:43,669 --> 00:22:42,000

on youtube that talks about that

539

00:22:44,870 --> 00:22:43,679

if that was a real

540

00:22:50,149 --> 00:22:44,880

being

541

00:22:52,310 --> 00:22:50,159

psychopath is a good description

542

00:22:53,990 --> 00:22:52,320

yahweh you know if that was a real being

543

00:22:56,149 --> 00:22:54,000

he goes the god of these religions is

544

00:22:58,070 --> 00:22:56,159

not a god of love love

545

00:23:00,070 --> 00:22:58,080

uh we need to be liberated from this

546

00:23:02,310 --> 00:23:00,080

negative control and there are other

547

00:23:03,990 --> 00:23:02,320

people who think that

548

00:23:06,149 --> 00:23:04,000

you know farsight thinks we're on a

549

00:23:07,990 --> 00:23:06,159

prison planet not stealing anything from

550

00:23:10,390 --> 00:23:08,000

alex jones get that out of your head but

551
00:23:12,310 --> 00:23:10,400
farsight thinks it's a prison planet and

552
00:23:14,630 --> 00:23:12,320
i've communicated with other people who

553
00:23:17,350 --> 00:23:14,640
think along those lines

554
00:23:19,190 --> 00:23:17,360
no evidence for that but you know as

555
00:23:20,630 --> 00:23:19,200
later on you'll see use your intuition

556
00:23:22,549 --> 00:23:20,640
that doesn't

557
00:23:26,630 --> 00:23:22,559
scream crazy to me but i have no idea

558
00:23:30,390 --> 00:23:28,470
so we need a new story behind beyond the

559
00:23:32,549 --> 00:23:30,400
main religions

560
00:23:34,549 --> 00:23:32,559
they found sway sway during the age of

561
00:23:37,909 --> 00:23:34,559
patriot patria

562
00:23:40,549 --> 00:23:37,919
patriarchy the subordinate nature

563
00:23:43,110 --> 00:23:40,559

they subordinate

564

00:23:45,909 --> 00:23:43,120

nature women animals and actually

565

00:23:47,510 --> 00:23:45,919

accentuate the transcendent functions

566

00:23:49,269 --> 00:23:47,520

and it's largely responsible for the

567

00:23:50,549 --> 00:23:49,279

situation we're in now

568

00:23:53,350 --> 00:23:50,559

consciousness

569

00:23:55,269 --> 00:23:53,360

mostly abrahamic religions

570

00:23:57,029 --> 00:23:55,279

consciousness that produced the problem

571

00:23:59,590 --> 00:23:57,039

you know we're based on our economy

572

00:24:01,590 --> 00:23:59,600

greed destroys the world is also

573

00:24:02,390 --> 00:24:01,600

responsible for the situation we're in

574

00:24:04,390 --> 00:24:02,400

now

575

00:24:05,430 --> 00:24:04,400

we need to take care of gaia and

576

00:24:06,870 --> 00:24:05,440

remember just because i'm reading

577

00:24:08,789 --> 00:24:06,880

something doesn't mean i agree with it

578

00:24:10,789 --> 00:24:08,799

some of it i do but some of it i don't

579

00:24:14,230 --> 00:24:10,799

it's quicker if i just go over i'll add

580

00:24:15,750 --> 00:24:14,240

my thoughts in every now and then

581

00:24:18,470 --> 00:24:15,760

the notion that we're chosen we're

582

00:24:20,470 --> 00:24:18,480

special we're separate from god you know

583

00:24:21,750 --> 00:24:20,480

that separateness is the ultimate

584

00:24:24,470 --> 00:24:21,760

delusion

585

00:24:26,149 --> 00:24:24,480

so then we get to sheehan

586

00:24:27,510 --> 00:24:26,159

and i skip a lot of stuff but i'm trying

587

00:24:28,870 --> 00:24:27,520

to get to the last

588

00:24:32,470 --> 00:24:28,880

panel

589

00:24:34,789 --> 00:24:32,480

i'm gonna skip a lot with him

590

00:24:36,789 --> 00:24:34,799

and he says beyond the theological

591

00:24:39,190 --> 00:24:36,799

experience and beyond the five senses we

592

00:24:41,110 --> 00:24:39,200

are biologically evolving a new sixth

593

00:24:42,549 --> 00:24:41,120

sense that where we can link into the

594

00:24:44,230 --> 00:24:42,559

unified field

595

00:24:46,230 --> 00:24:44,240

compares it to you know remote viewing

596

00:24:49,110 --> 00:24:46,240

telepathy psychokinetic so we can move

597

00:24:50,710 --> 00:24:49,120

things with our mind entanglement

598

00:24:54,630 --> 00:24:50,720

we're getting a lot of pushback from the

599

00:24:58,870 --> 00:24:56,710

and with the coming of ufos we are now

600

00:25:01,350 --> 00:24:58,880

aware aware of the stories told by the

601
00:25:03,430 --> 00:25:01,360
mystics that are told to communicate the

602
00:25:05,269 --> 00:25:03,440
essential truth and that that is you

603
00:25:08,470 --> 00:25:05,279
know most people don't have time to sit

604
00:25:10,149 --> 00:25:08,480
and you know contemplate this

605
00:25:11,430 --> 00:25:10,159
so the essential truth to the great

606
00:25:13,350 --> 00:25:11,440
masses

607
00:25:15,669 --> 00:25:13,360
has to be overcome you know they were

608
00:25:17,110 --> 00:25:15,679
told a specific story

609
00:25:19,190 --> 00:25:17,120
and he gets to that in a second what

610
00:25:21,269 --> 00:25:19,200
that story was and why because because

611
00:25:23,110 --> 00:25:21,279
the the this extraordinary reality that

612
00:25:25,110 --> 00:25:23,120
we have right now at the core of human

613
00:25:26,710 --> 00:25:25,120

human reality is different than stories

614

00:25:29,029 --> 00:25:26,720

they have been told

615

00:25:31,269 --> 00:25:29,039

to educate 99

616

00:25:32,710 --> 00:25:31,279

of the masses back then 99 of the masses

617

00:25:34,470 --> 00:25:32,720

were illiterate so they came up with

618

00:25:36,149 --> 00:25:34,480

stories they could easily understand he

619

00:25:38,390 --> 00:25:36,159

goes and those stories were meant to

620

00:25:40,310 --> 00:25:38,400

tell a greater story about

621

00:25:42,390 --> 00:25:40,320

a certain concept discerned through

622

00:25:44,789 --> 00:25:42,400

other subtle processes meaning

623

00:25:46,230 --> 00:25:44,799

meditation he says but now people take

624

00:25:47,750 --> 00:25:46,240

them literally he's talking about

625

00:25:49,830 --> 00:25:47,760

stories in the bible and other sacred

626

00:25:51,830 --> 00:25:49,840

texts so now people take them literally

627

00:25:53,590 --> 00:25:51,840

and believe that god is a man up in the

628

00:25:55,750 --> 00:25:53,600

sky but they were supposed to be

629

00:26:01,430 --> 00:25:55,760

metaphors and not taken literally and

630

00:26:05,750 --> 00:26:04,149

and he says coming up with these changes

631

00:26:07,750 --> 00:26:05,760

when people realize what's going on

632

00:26:10,470 --> 00:26:07,760

whoever's visiting us we're gonna have

633

00:26:12,310 --> 00:26:10,480

to face the discovery

634

00:26:14,230 --> 00:26:12,320

of this dimension of reality that we're

635

00:26:16,630 --> 00:26:14,240

not alone and that will displace us from

636

00:26:18,470 --> 00:26:16,640

our place perceived by all that we are

637

00:26:20,950 --> 00:26:18,480

the top of the heap

638

00:26:22,230 --> 00:26:20,960

just like when copernicus and others

639

00:26:24,149 --> 00:26:22,240

show that we were not at the physical

640

00:26:26,549 --> 00:26:24,159

center of the universe the church

641

00:26:27,909 --> 00:26:26,559

replaced that idea with the pyramid

642

00:26:29,269 --> 00:26:27,919

where yeah we're not the center of the

643

00:26:31,909 --> 00:26:29,279

universe but we're at the top of the

644

00:26:34,230 --> 00:26:31,919

pyramid well we're about to disprove

645

00:26:36,310 --> 00:26:34,240

that one too the universe isn't just

646

00:26:38,149 --> 00:26:36,320

here for humans to play out our drama

647

00:26:40,390 --> 00:26:38,159

and so we can spread out and spread our

648

00:26:42,630 --> 00:26:40,400

joyous seed throughout the universe

649

00:26:44,630 --> 00:26:42,640

so the destruction of that idea

650

00:26:47,590 --> 00:26:44,640

and the idea of a supreme being being a

651
00:26:49,750 --> 00:26:47,600
man who judges us about going about

652
00:26:51,430 --> 00:26:49,760
is about to go out the window yeah the

653
00:26:52,950 --> 00:26:51,440
destruction of that idea and the idea of

654
00:26:55,190 --> 00:26:52,960
a supreme being

655
00:26:56,630 --> 00:26:55,200
being a man who judges us is about to go

656
00:26:58,390 --> 00:26:56,640
out the window it's gonna be massive

657
00:26:59,909 --> 00:26:58,400
change and the church needs to get

658
00:27:01,990 --> 00:26:59,919
people ready for that

659
00:27:04,390 --> 00:27:02,000
we may not even be number two you know

660
00:27:07,909 --> 00:27:04,400
not the top dog he goes we may not even

661
00:27:09,669 --> 00:27:07,919
be number two or three or even a hundred

662
00:27:11,430 --> 00:27:09,679
he goes we may be even low much lower

663
00:27:12,870 --> 00:27:11,440

than that and we have to be able to come

664

00:27:15,990 --> 00:27:12,880

to grips with this

665

00:27:17,350 --> 00:27:16,000

uh human beings you were number 379 in

666

00:27:20,870 --> 00:27:17,360

the smart

667

00:27:22,230 --> 00:27:20,880

galaxy now if you want to talk to

668

00:27:23,430 --> 00:27:22,240

universe i don't think you want to hear

669

00:27:26,549 --> 00:27:23,440

that number

670

00:27:29,990 --> 00:27:26,559

and he says the main challenge that we

671

00:27:36,070 --> 00:27:32,789

is that we may all fall on our knees and

672

00:27:38,070 --> 00:27:36,080

worship these visitors as gods the major

673

00:27:41,110 --> 00:27:38,080

danger is

674

00:27:42,950 --> 00:27:41,120

blowing away our entire theology how do

675

00:27:44,389 --> 00:27:42,960

we accelerate the evolution of our of

676

00:27:46,789 --> 00:27:44,399

our spiritual insight to prepare

677

00:27:48,789 --> 00:27:46,799

ourselves for a spiritual rear ending he

678

00:27:51,510 --> 00:27:48,799

calls it a spiritual rear ending he

679

00:27:53,029 --> 00:27:51,520

tells a story of in 1970 in the 70s

680

00:27:54,230 --> 00:27:53,039

where he was driving

681

00:27:55,430 --> 00:27:54,240

and all of a sudden he looked in his

682

00:27:57,350 --> 00:27:55,440

rear view mirror and there was a car

683

00:27:59,750 --> 00:27:57,360

going like 70 miles an hour about to

684

00:28:02,070 --> 00:27:59,760

slam into him so he sped up spin the

685

00:28:04,230 --> 00:28:02,080

tires got going to 50 miles an hour and

686

00:28:06,070 --> 00:28:04,240

the car still hit him

687

00:28:08,549 --> 00:28:06,080

but it didn't do as much damage as if he

688

00:28:10,149 --> 00:28:08,559

was just sitting there and he's like

689

00:28:12,470 --> 00:28:10,159

so that's what we face we need to

690

00:28:14,149 --> 00:28:12,480

accelerate get up to speed and prepare

691

00:28:15,430 --> 00:28:14,159

for the rear ending we're about to

692

00:28:16,470 --> 00:28:15,440

experience i thought it was a great

693

00:28:18,389 --> 00:28:16,480

analogy

694

00:28:20,470 --> 00:28:18,399

and that could be a jolt to our human

695

00:28:22,870 --> 00:28:20,480

consciousness if people aren't prepared

696

00:28:24,630 --> 00:28:22,880

for it we're prepared for it

697

00:28:26,149 --> 00:28:24,640

but a lot of people aren't

698

00:28:28,070 --> 00:28:26,159

it talks about teaching meditation

699

00:28:30,389 --> 00:28:28,080

that's a big part of it of course i

700

00:28:33,750 --> 00:28:30,399

don't practice what i preach

701
00:28:35,909 --> 00:28:33,760
i was told to meditate so many times

702
00:28:38,070 --> 00:28:35,919
i only do it when i work a meditation

703
00:28:39,909 --> 00:28:38,080
conference but i will do it i will do it

704
00:28:41,510 --> 00:28:39,919
one day

705
00:28:43,750 --> 00:28:41,520
in the afterlife

706
00:28:45,350 --> 00:28:43,760
from a theological point of view

707
00:28:47,350 --> 00:28:45,360
we need to oh this is going to go over

708
00:28:51,190 --> 00:28:47,360
well with conservative people or anybody

709
00:28:54,230 --> 00:28:53,110
from a theological viewpoint remember

710
00:28:55,669 --> 00:28:54,240
give him a little break because it's

711
00:28:57,990 --> 00:28:55,679
theological but he goes we need to

712
00:28:59,830 --> 00:28:58,000
prohibit killing of other people get rid

713
00:29:01,590 --> 00:28:59,840

of all guns

714

00:29:04,710 --> 00:29:01,600

stop war completely

715

00:29:05,590 --> 00:29:04,720

complete nuclear weapons disarmament

716

00:29:08,070 --> 00:29:05,600

so

717

00:29:10,789 --> 00:29:08,080

yeah from a theological

718

00:29:12,870 --> 00:29:10,799

if we lived in a perfect world yeah but

719

00:29:14,230 --> 00:29:12,880

we don't so that's

720

00:29:15,669 --> 00:29:14,240

i don't even know why we he would talk

721

00:29:17,110 --> 00:29:15,679

about that but he goes

722

00:29:18,950 --> 00:29:17,120

we need to deal with because we're not

723

00:29:21,190 --> 00:29:18,960

anywhere close to that we need to deal

724

00:29:22,710 --> 00:29:21,200

with global climate change they whoever

725

00:29:25,830 --> 00:29:22,720

they are have continually told

726

00:29:27,269 --> 00:29:25,840

experiencers stop destroying your planet

727

00:29:28,630 --> 00:29:27,279

there's a tiny fraction of people in

728

00:29:31,350 --> 00:29:28,640

this world who are destroying their

729

00:29:33,110 --> 00:29:31,360

planet you know the one percent

730

00:29:35,350 --> 00:29:33,120

we need to mobilize and take control of

731

00:29:36,789 --> 00:29:35,360

our democratic institutions

732

00:29:37,909 --> 00:29:36,799

here's another political thing i

733

00:29:39,029 --> 00:29:37,919

shouldn't even mention it but i'll tell

734

00:29:40,549 --> 00:29:39,039

you because he said it he goes we need

735

00:29:42,310 --> 00:29:40,559

to and i know why he's saying it because

736

00:29:43,750 --> 00:29:42,320

he's involved in politics in california

737

00:29:46,470 --> 00:29:43,760

but he's like we need to

738

00:29:48,310 --> 00:29:46,480

defeat the recall of governor newsom

739

00:29:50,230 --> 00:29:48,320

which i don't i don't think really

740

00:29:52,389 --> 00:29:50,240

belongs in that lecture especially since

741

00:29:53,909 --> 00:29:52,399

most people are not from california

742

00:29:55,830 --> 00:29:53,919

and i made a note i'm sure this will go

743

00:29:58,630 --> 00:29:55,840

over well

744

00:30:02,710 --> 00:29:58,640

in just a reality the ufo people aren't

745

00:30:08,549 --> 00:30:06,230

now on to marshall summers

746

00:30:10,389 --> 00:30:08,559

he's the most controversial guy

747

00:30:11,750 --> 00:30:10,399

what time is it

748

00:30:18,789 --> 00:30:11,760

damn it all right

749

00:30:24,710 --> 00:30:20,789

jim semi man is agnostic

750

00:30:27,510 --> 00:30:26,389

all right

751
00:30:29,110 --> 00:30:27,520
we don't know

752
00:30:31,190 --> 00:30:29,120
what or who we're dealing with this is

753
00:30:32,789 --> 00:30:31,200
marshall summers don't focus on trying

754
00:30:34,830 --> 00:30:32,799
to get the government to disclose we

755
00:30:36,549 --> 00:30:34,840
need to use and this is a little

756
00:30:38,149 --> 00:30:36,559
woo-ish

757
00:30:39,990 --> 00:30:38,159
for some people

758
00:30:41,830 --> 00:30:40,000
not really that bad not even close to

759
00:30:44,070 --> 00:30:41,840
what

760
00:30:46,950 --> 00:30:44,080
i shared with mark sims yesterday how

761
00:30:52,950 --> 00:30:50,630
hopefully you're doing well in portugal

762
00:30:54,310 --> 00:30:52,960
yeah so two things sheen brought up i

763
00:30:56,389 --> 00:30:54,320

didn't think he would bring up but i

764

00:30:58,950 --> 00:30:56,399

mean this is a you know i'm gonna let it

765

00:31:01,830 --> 00:30:58,960

slide this whole thing

766

00:31:03,509 --> 00:31:01,840

he talks non-stop so

767

00:31:05,190 --> 00:31:03,519

i'm not gonna really criticize danny for

768

00:31:07,509 --> 00:31:05,200

that he's really involved in that end of

769

00:31:09,990 --> 00:31:07,519

it in the politics and and trying to

770

00:31:11,830 --> 00:31:10,000

deal with policy anyway so marshall

771

00:31:13,750 --> 00:31:11,840

summers

772

00:31:15,750 --> 00:31:13,760

use intuition meditation contemplation

773

00:31:17,909 --> 00:31:15,760

to help get the answers of what we're

774

00:31:19,190 --> 00:31:17,919

dealing with with the phenomenon you

775

00:31:20,549 --> 00:31:19,200

know and then he mentions look at what

776
00:31:21,990 --> 00:31:20,559
happened to native cultures when they

777
00:31:23,909 --> 00:31:22,000
were visited by

778
00:31:25,350 --> 00:31:23,919
you know when we came to visit the

779
00:31:27,269 --> 00:31:25,360
native cultures in this country they

780
00:31:29,750 --> 00:31:27,279
were wiped out so

781
00:31:31,430 --> 00:31:29,760
he's making the comparison that might be

782
00:31:33,110 --> 00:31:31,440
what be and that's gonna that causes

783
00:31:34,710 --> 00:31:33,120
problems later on i mean it didn't get

784
00:31:35,830 --> 00:31:34,720
heated but they're disagreeing on all

785
00:31:39,110 --> 00:31:35,840
that

786
00:31:42,470 --> 00:31:39,120
gonna happen to us when we you know when

787
00:31:46,310 --> 00:31:45,029
i have no idea you know

788
00:31:48,070 --> 00:31:46,320

he goes we have not given them

789

00:31:49,669 --> 00:31:48,080

permission

790

00:31:52,310 --> 00:31:49,679

you know especially with abductions and

791

00:31:54,950 --> 00:31:52,320

we have no knowledge of what's going on

792

00:31:55,990 --> 00:31:54,960

we need to access information within go

793

00:31:58,310 --> 00:31:56,000

within

794

00:32:00,789 --> 00:31:58,320

instead we focused on govern focus on

795

00:32:01,990 --> 00:32:00,799

government disclosure and secrecy

796

00:32:04,230 --> 00:32:02,000

who is here

797

00:32:05,509 --> 00:32:04,240

why are they here

798

00:32:06,950 --> 00:32:05,519

what do they want and what are they

799

00:32:10,230 --> 00:32:06,960

doing

800

00:32:11,590 --> 00:32:10,240

it doesn't matter what we want

801
00:32:15,029 --> 00:32:11,600
to believe

802
00:32:16,710 --> 00:32:15,039
need knowledge in other words something

803
00:32:18,230 --> 00:32:16,720
that is within us

804
00:32:20,230 --> 00:32:18,240
yeah that's great within us but we also

805
00:32:22,310 --> 00:32:20,240
have i think we need physical knowledge

806
00:32:24,070 --> 00:32:22,320
too however we can get it

807
00:32:27,430 --> 00:32:24,080
he says god has given us the ability to

808
00:32:30,789 --> 00:32:28,470
and he says

809
00:32:32,149 --> 00:32:30,799
government and aliens are keeping things

810
00:32:33,669 --> 00:32:32,159
secret from us

811
00:32:35,110 --> 00:32:33,679
you know you hear eric davis say the

812
00:32:36,389 --> 00:32:35,120
same thing he's like if they don't tell

813
00:32:37,669 --> 00:32:36,399

us anything they don't tell us their

814

00:32:38,870 --> 00:32:37,679

intentions they don't know tell us what

815

00:32:40,310 --> 00:32:38,880

they're doing here we don't know where

816

00:32:42,230 --> 00:32:40,320

they're from

817

00:32:44,149 --> 00:32:42,240

he thinks everything related to ufos is

818

00:32:45,029 --> 00:32:44,159

bad i forget the exact quote

819

00:32:46,789 --> 00:32:45,039

uh

820

00:32:48,389 --> 00:32:46,799

human beings are a lot of most humans

821

00:32:49,909 --> 00:32:48,399

are in denial that it's even happening

822

00:32:51,990 --> 00:32:49,919

you know it's not or it's not important

823

00:32:54,549 --> 00:32:52,000

to them when they learn about it they

824

00:32:56,549 --> 00:32:54,559

think it's just people with crazy ideas

825

00:32:58,070 --> 00:32:56,559

others accuse others acknowledge that

826

00:32:59,750 --> 00:32:58,080

something's happening but it's not

827

00:33:02,070 --> 00:32:59,760

important to them though there are a lot

828

00:33:03,669 --> 00:33:02,080

of theories folks using their theories

829

00:33:05,190 --> 00:33:03,679

and information to help their there are

830

00:33:06,789 --> 00:33:05,200

folks that are using their theories and

831

00:33:08,070 --> 00:33:06,799

information to help their status and

832

00:33:09,830 --> 00:33:08,080

careers

833

00:33:11,269 --> 00:33:09,840

and we can name names but i will not

834

00:33:13,269 --> 00:33:11,279

there's not a lot of people even make a

835

00:33:15,029 --> 00:33:13,279

career out of this uh

836

00:33:17,509 --> 00:33:15,039

and when that happens things get muddied

837

00:33:18,870 --> 00:33:17,519

and confused

838

00:33:21,269 --> 00:33:18,880

right now we can only respond to the

839

00:33:22,870 --> 00:33:21,279

first question what's happening we'll

840

00:33:24,870 --> 00:33:22,880

never be able to answer all answer all

841

00:33:25,909 --> 00:33:24,880

the questions we can speculate all day

842

00:33:26,710 --> 00:33:25,919

long

843

00:33:29,029 --> 00:33:26,720

but

844

00:33:30,230 --> 00:33:29,039

can we see it for what it really is

845

00:33:33,110 --> 00:33:30,240

you need to move beyond your

846

00:33:36,630 --> 00:33:33,120

preconceived beliefs anthropomorphic

847

00:33:41,990 --> 00:33:36,640

approach will not solve this

848

00:33:46,549 --> 00:33:44,710

how did visitation and intervention from

849

00:33:48,230 --> 00:33:46,559

the white man affect the native people

850

00:33:51,350 --> 00:33:48,240

in the past and how will it affect us

851
00:33:52,870 --> 00:33:51,360
today hopefully not the same

852
00:33:55,509 --> 00:33:52,880
and he says we have to have a humble

853
00:33:57,190 --> 00:33:55,519
opening for this greater intelligence

854
00:33:59,269 --> 00:33:57,200
using innate knowledge

855
00:34:01,430 --> 00:33:59,279
meditation contemplation to provide

856
00:34:03,750 --> 00:34:01,440
clarity and direction entanglement with

857
00:34:05,990 --> 00:34:03,760
the divine fundamental resonance you

858
00:34:07,430 --> 00:34:06,000
occasionally get moments of clarity my

859
00:34:10,710 --> 00:34:07,440
advice

860
00:34:12,790 --> 00:34:10,720
this is summers ask a question meditate

861
00:34:14,069 --> 00:34:12,800
and see what pops into your mind

862
00:34:15,909 --> 00:34:14,079
i've done that before i've done that

863
00:34:17,109 --> 00:34:15,919

with sleep go to sleep with a question

864

00:34:19,270 --> 00:34:17,119

and then sometimes you'll dream the

865

00:34:20,550 --> 00:34:19,280

answer it happened at least once to me

866

00:34:22,550 --> 00:34:20,560

in college

867

00:34:23,669 --> 00:34:22,560

i couldn't figure out this computer

868

00:34:28,149 --> 00:34:23,679

program

869

00:34:30,710 --> 00:34:28,159

science major and it was

870

00:34:32,550 --> 00:34:30,720

a really difficult class i think it was

871

00:34:34,790 --> 00:34:32,560

um

872

00:34:37,109 --> 00:34:34,800

pascal language anyway i couldn't figure

873

00:34:38,950 --> 00:34:37,119

it out went went to bed dreamed how to

874

00:34:41,109 --> 00:34:38,960

figure it out knew it right away got up

875

00:34:42,550 --> 00:34:41,119

went to school did it and i was the only

876

00:34:43,990 --> 00:34:42,560

other person in the class who got it the

877

00:34:46,310 --> 00:34:44,000

other guy accused me of stealing his

878

00:34:48,069 --> 00:34:46,320

program out of the garbage

879

00:34:50,149 --> 00:34:48,079

um but at the time i didn't think

880

00:34:51,349 --> 00:34:50,159

anything of it oh i dreamt it big deal

881

00:34:54,869 --> 00:34:51,359

so i don't know what what i was

882

00:34:57,430 --> 00:34:56,470

what do we really know about the alien

883

00:34:59,030 --> 00:34:57,440

presence

884

00:35:01,190 --> 00:34:59,040

don't jump to

885

00:35:03,030 --> 00:35:01,200

well they're here to help us he goes no

886

00:35:04,710 --> 00:35:03,040

sit there and contemplate it

887

00:35:06,710 --> 00:35:04,720

intellect will fail when trying to

888

00:35:09,589 --> 00:35:06,720

understand the alien presence

889

00:35:11,829 --> 00:35:09,599

has to come from within

890

00:35:13,589 --> 00:35:11,839

uh we build our own ethics of content we

891

00:35:15,510 --> 00:35:13,599

need to build our own ethics of contact

892

00:35:17,109 --> 00:35:15,520

and rules engagement otherwise anybody

893

00:35:18,710 --> 00:35:17,119

can come here and do what they want to

894

00:35:21,670 --> 00:35:18,720

us if we you know if we ever get into

895

00:35:23,349 --> 00:35:21,680

any negotiations

896

00:35:25,270 --> 00:35:23,359

which we'll talk about in the panel

897

00:35:27,270 --> 00:35:25,280

because that's the new you know the new

898

00:35:28,870 --> 00:35:27,280

paradigm paradigm institute and danny

899

00:35:31,270 --> 00:35:28,880

sheen and mark sims they're like we need

900

00:35:32,950 --> 00:35:31,280

to you'll see we need to

901
00:35:35,270 --> 00:35:32,960
form a group and we need to try to reach

902
00:35:37,190 --> 00:35:35,280
out to these visitors

903
00:35:38,870 --> 00:35:37,200
uh i've always had a slight problem with

904
00:35:42,069 --> 00:35:38,880
that but

905
00:35:44,150 --> 00:35:42,079
i pre i applaud their efforts

906
00:35:45,750 --> 00:35:44,160
and summers ends by saying we're like

907
00:35:47,589 --> 00:35:45,760
the natives we need to assess the

908
00:35:51,430 --> 00:35:47,599
foreign visitors we don't know anything

909
00:35:53,589 --> 00:35:51,440
about and the foreign visitors are

910
00:35:55,670 --> 00:35:53,599
the others

911
00:35:59,430 --> 00:35:55,680
in this panel i took so many notes let's

912
00:36:01,190 --> 00:35:59,440
see how long it is um

913
00:36:02,870 --> 00:36:01,200

and how much time do we have before 6

914

00:36:04,630 --> 00:36:02,880

30. if you have any questions guys i

915

00:36:10,069 --> 00:36:04,640

could do like five minutes of questions

916

00:36:14,630 --> 00:36:12,550

as far as books on gnosticism i have not

917

00:36:16,550 --> 00:36:14,640

read any read any but

918

00:36:17,990 --> 00:36:16,560

i think john lamb lash

919

00:36:22,150 --> 00:36:18,000

in

920

00:36:23,750 --> 00:36:22,160

problems too with some of the stuff he

921

00:36:25,349 --> 00:36:23,760

said and

922

00:36:27,510 --> 00:36:25,359

you find a great researcher and they're

923

00:36:29,270 --> 00:36:27,520

like oh he made these anti-semitic

924

00:36:31,670 --> 00:36:29,280

comments and

925

00:36:34,790 --> 00:36:31,680

he likes nazis i'm like oh

926

00:36:36,150 --> 00:36:34,800

i can't mention that guy so but he

927

00:36:37,990 --> 00:36:36,160

i'm trying to think of other gnostic

928

00:36:39,349 --> 00:36:38,000

people there are other gnostic books

929

00:36:43,030 --> 00:36:39,359

i've

930

00:36:46,150 --> 00:36:43,040

lot of on stuff online watched a lot of

931

00:36:47,430 --> 00:36:46,160

lectures uh graham ant is a great

932

00:36:54,230 --> 00:36:47,440

great

933

00:36:56,470 --> 00:36:54,240

you can find his lectures on on youtube

934

00:37:02,390 --> 00:36:56,480

if there's no questions i will go on to

935

00:37:05,349 --> 00:37:03,910

yeah i still don't know i don't know

936

00:37:07,109 --> 00:37:05,359

what we're dealing with i've heard i've

937

00:37:12,470 --> 00:37:07,119

heard various things behind the scenes

938

00:37:15,190 --> 00:37:13,589

but

939

00:37:17,910 --> 00:37:15,200

you're welcome

940

00:37:19,030 --> 00:37:17,920

absolutely nice

941

00:37:20,790 --> 00:37:19,040

you know i've heard things behind the

942

00:37:22,790 --> 00:37:20,800

scenes but

943

00:37:24,470 --> 00:37:22,800

i don't know you know

944

00:37:25,670 --> 00:37:24,480

i have opinions and but those change

945

00:37:26,870 --> 00:37:25,680

from time to time because you hear

946

00:37:29,109 --> 00:37:26,880

something you're like oh i think i have

947

00:37:31,270 --> 00:37:29,119

a grasp on this and then somebody tells

948

00:37:34,230 --> 00:37:31,280

you something you're like ugh

949

00:37:38,390 --> 00:37:34,240

what over over all value have you gotten

950

00:37:41,990 --> 00:37:40,230

what the hell did i talk about i'm just

951
00:37:43,990 --> 00:37:42,000
enjoying the conversation it makes me

952
00:37:45,349 --> 00:37:44,000
think of other possibilities that's the

953
00:37:47,109 --> 00:37:45,359
one thing

954
00:37:48,790 --> 00:37:47,119
you know i wasn't a big fan of reaching

955
00:37:51,430 --> 00:37:48,800
out and trying to communicate with these

956
00:37:54,630 --> 00:37:51,440
beings um considering we don't know what

957
00:37:56,390 --> 00:37:54,640
we're dealing with especially with

958
00:37:58,310 --> 00:37:56,400
you're welcome mike especially with the

959
00:37:59,750 --> 00:37:58,320
um ce5 but then i was starting you know

960
00:38:01,510 --> 00:37:59,760
i listened to all these lectures not

961
00:38:03,190 --> 00:38:01,520
just just today so it gives you another

962
00:38:05,510 --> 00:38:03,200
viewpoint and it makes you it forces you

963
00:38:07,349 --> 00:38:05,520

to see the other side of things

964

00:38:09,190 --> 00:38:07,359

and the the panel was the best one of

965

00:38:11,109 --> 00:38:09,200

the best panels i've ever seen not just

966

00:38:13,750 --> 00:38:11,119

today and yesterday i mean i've been to

967

00:38:15,829 --> 00:38:13,760

a lot of ufo conferences

968

00:38:18,150 --> 00:38:15,839

uh and me taking notes forces me to

969

00:38:19,910 --> 00:38:18,160

really focus which normally you know

970

00:38:21,670 --> 00:38:19,920

you're at a conference inside all day

971

00:38:23,270 --> 00:38:21,680

and you get tired and you start getting

972

00:38:24,790 --> 00:38:23,280

dozing off but

973

00:38:26,310 --> 00:38:24,800

with this i cannot do that because i

974

00:38:29,750 --> 00:38:26,320

have to come here and talk so and that's

975

00:38:33,030 --> 00:38:31,190

yeah i don't know

976
00:38:34,550 --> 00:38:33,040
there's no good photo or video of the

977
00:38:37,670 --> 00:38:34,560
paranormal like there are things that

978
00:38:39,190 --> 00:38:37,680
you can't take pictures of i mean

979
00:38:40,950 --> 00:38:39,200
i have i have no idea you know

980
00:38:42,710 --> 00:38:40,960
poltergeist uh

981
00:38:44,069 --> 00:38:42,720
telepathy i mean there's no pictures

982
00:38:45,750 --> 00:38:44,079
although there are there's pictures of

983
00:38:48,150 --> 00:38:45,760
poltergeist activity it's a freeze frame

984
00:38:49,030 --> 00:38:48,160
of this phone flying across the picture

985
00:38:51,109 --> 00:38:49,040
um

986
00:38:53,670 --> 00:38:51,119
look up barry taff and look up the uh

987
00:38:55,349 --> 00:38:53,680
the entity case that got turned into a

988
00:39:01,270 --> 00:38:55,359

movie all right we'll start with the

989

00:39:01,280 --> 00:39:06,150

all right so marshall summers he says

990

00:39:11,670 --> 00:39:09,510

let me go back i'm missing beginning

991

00:39:13,030 --> 00:39:11,680

so danny asks and that was it was great

992

00:39:14,870 --> 00:39:13,040

that danny asked this because he knew he

993

00:39:16,390 --> 00:39:14,880

was going to get questions dave did john

994

00:39:19,190 --> 00:39:16,400

in the house i worked with dave back in

995

00:39:20,710 --> 00:39:19,200

1988 in fort myers florida my first tv

996

00:39:22,790 --> 00:39:20,720

job

997

00:39:24,630 --> 00:39:22,800

and i walked in and he pretended like he

998

00:39:26,550 --> 00:39:24,640

knew me here he is

999

00:39:29,109 --> 00:39:26,560

i was like do i know you

1000

00:39:32,069 --> 00:39:29,119

that was i think 89 or 90 oh 88 december

1001

00:39:33,829 --> 00:39:32,079

of 88 a long time ago

1002

00:39:35,750 --> 00:39:33,839

so we start out

1003

00:39:37,270 --> 00:39:35,760

she and goes is it a good idea for

1004

00:39:39,030 --> 00:39:37,280

citizens to come together and then to

1005

00:39:40,870 --> 00:39:39,040

try to reach out to whoever's visiting

1006

00:39:42,870 --> 00:39:40,880

us and jim garrison says it's good to

1007

00:39:44,630 --> 00:39:42,880

come together yeah and the galileo

1008

00:39:46,710 --> 00:39:44,640

project with avi love that's really good

1009

00:39:47,990 --> 00:39:46,720

he goes no no government money

1010

00:39:50,310 --> 00:39:48,000

uh and then

1011

00:39:51,990 --> 00:39:50,320

jeffrey kreipel says if the grant

1012

00:39:54,230 --> 00:39:52,000

grantswell is big enough leaders will

1013

00:39:56,310 --> 00:39:54,240

follow so yeah it's great you might make

1014

00:39:57,589 --> 00:39:56,320

some rookie mistakes but you know begins

1015

00:39:59,109 --> 00:39:57,599

with the people and then summers

1016

00:40:01,109 --> 00:39:59,119

marshall summers says it's only safe

1017

00:40:03,109 --> 00:40:01,119

with a group of people watching and

1018

00:40:04,870 --> 00:40:03,119

listening not with individual

1019

00:40:06,150 --> 00:40:04,880

individuals we don't know what we're

1020

00:40:08,390 --> 00:40:06,160

dealing with

1021

00:40:10,150 --> 00:40:08,400

these beings may be of a group mind in

1022

00:40:11,190 --> 00:40:10,160

other words they may be like a hive mind

1023

00:40:12,710 --> 00:40:11,200

and they can

1024

00:40:14,309 --> 00:40:12,720

put those minds together and have an

1025

00:40:15,589 --> 00:40:14,319

influence on us and we know that's in

1026

00:40:17,270 --> 00:40:15,599

the literature

1027

00:40:19,589 --> 00:40:17,280

one person can see something somebody

1028

00:40:22,630 --> 00:40:19,599

cannot or screen memory

1029

00:40:24,870 --> 00:40:22,640

for experiencers abductees

1030

00:40:27,349 --> 00:40:24,880

and jeff kreipel says interspecies

1031

00:40:28,870 --> 00:40:27,359

contact or communication um marshall's

1032

00:40:30,470 --> 00:40:28,880

advice is good

1033

00:40:32,309 --> 00:40:30,480

you know historians we should have

1034

00:40:35,589 --> 00:40:32,319

historians and anthropologists on that

1035

00:40:37,430 --> 00:40:35,599

team that contact team

1036

00:40:39,430 --> 00:40:37,440

when one culture encounters another in

1037

00:40:41,589 --> 00:40:39,440

our history it's almost never good the

1038

00:40:42,950 --> 00:40:41,599

history of colonialism is bad you know

1039

00:40:45,109 --> 00:40:42,960

that's what the war of the worlds was

1040

00:40:47,510 --> 00:40:45,119

about and then summer says we need

1041

00:40:49,589 --> 00:40:47,520

someone who's very psychic

1042

00:40:51,829 --> 00:40:49,599

visitors operate on another level on

1043

00:40:53,510 --> 00:40:51,839

that level too

1044

00:40:54,870 --> 00:40:53,520

we need objective observers and not

1045

00:40:56,790 --> 00:40:54,880

enthusiasts

1046

00:40:58,150 --> 00:40:56,800

dealing with an intelligence with a very

1047

00:41:02,870 --> 00:40:58,160

we're dealing with an intelligence with

1048

00:41:04,870 --> 00:41:02,880

the very focused agenda agenda humanity

1049

00:41:06,069 --> 00:41:04,880

humanity does not i don't know if we do

1050

00:41:07,670 --> 00:41:06,079

not i don't think we have a focused

1051
00:41:09,910 --> 00:41:07,680
agenda is what he said we're in constant

1052
00:41:12,309 --> 00:41:09,920
disagreement you know so we can't match

1053
00:41:14,150 --> 00:41:12,319
their focus

1054
00:41:15,829 --> 00:41:14,160
unless we have a powerful assemble of

1055
00:41:17,589 --> 00:41:15,839
people who can view it objectively and

1056
00:41:19,910 --> 00:41:17,599
do an analysis

1057
00:41:21,829 --> 00:41:19,920
we can't match their mental abilities

1058
00:41:23,990 --> 00:41:21,839
meaning the others

1059
00:41:26,870 --> 00:41:24,000
and then mark sims says you mentioned

1060
00:41:28,069 --> 00:41:26,880
native wisdom and summers goes yeah in

1061
00:41:30,550 --> 00:41:28,079
light of what happened to them the

1062
00:41:32,550 --> 00:41:30,560
natives and you know we basically wiped

1063
00:41:35,190 --> 00:41:32,560

them out he goes it's not good

1064

00:41:37,829 --> 00:41:35,200

or what the spaniards did to the aztecs

1065

00:41:39,750 --> 00:41:37,839

not good because their theology did not

1066

00:41:41,190 --> 00:41:39,760

pray prepare them for the arrival of

1067

00:41:43,670 --> 00:41:41,200

visitors from another world they thought

1068

00:41:44,870 --> 00:41:43,680

the ocean represented

1069

00:41:58,230 --> 00:41:44,880

the

1070

00:41:59,990 --> 00:41:58,240

g says

1071

00:42:02,470 --> 00:42:00,000

there's not much we can do on our side

1072

00:42:05,109 --> 00:42:02,480

any contact with e.t

1073

00:42:07,670 --> 00:42:05,119

they'll be so far superior to us in

1074

00:42:10,069 --> 00:42:07,680

every conceivable way that's why they

1075

00:42:11,990 --> 00:42:10,079

considered the you know that's why they

1076

00:42:13,510 --> 00:42:12,000

were considered the gods

1077

00:42:15,349 --> 00:42:13,520

like the aztecs when they encountered

1078

00:42:17,349 --> 00:42:15,359

the spaniards the chosen group of

1079

00:42:19,510 --> 00:42:17,359

scientists will be precisely the people

1080

00:42:20,550 --> 00:42:19,520

they cannot meet they won't they do not

1081

00:42:22,550 --> 00:42:20,560

meet with

1082

00:42:24,950 --> 00:42:22,560

he goes he thinks these visitors will

1083

00:42:26,870 --> 00:42:24,960

meet with the weak and insignificant and

1084

00:42:28,550 --> 00:42:26,880

then danny jumps in he says we need to

1085

00:42:31,030 --> 00:42:28,560

have some important sociological

1086

00:42:32,950 --> 00:42:31,040

conversations with trained diplomats

1087

00:42:35,190 --> 00:42:32,960

and learn how to negotiate with the

1088

00:42:37,510 --> 00:42:35,200

others and then we can use that when we

1089

00:42:38,950 --> 00:42:37,520

try to negotiate with them uh and he's

1090

00:42:42,870 --> 00:42:38,960

like just like when you had astronauts

1091

00:42:44,630 --> 00:42:42,880

and cosmonauts come together at esselon

1092

00:42:46,710 --> 00:42:44,640

up in big sur

1093

00:42:48,390 --> 00:42:46,720

and then summers goes never assume

1094

00:42:49,430 --> 00:42:48,400

technological this is my favorite thing

1095

00:42:51,190 --> 00:42:49,440

because i've

1096

00:42:53,190 --> 00:42:51,200

said this before and others are and

1097

00:42:54,309 --> 00:42:53,200

we've talked about it earlier in this

1098

00:42:56,710 --> 00:42:54,319

live stream

1099

00:42:59,270 --> 00:42:56,720

never assume technological advancement

1100

00:43:01,270 --> 00:42:59,280

equals spiritual or morally advanced how

1101

00:43:04,309 --> 00:43:01,280

to advocate or negotiate with an

1102

00:43:06,790 --> 00:43:04,319

intervening force citizens can't i don't

1103

00:43:08,790 --> 00:43:06,800

know anybody can who can do it putting

1104

00:43:10,790 --> 00:43:08,800

people in a vulnerable position you're

1105

00:43:12,069 --> 00:43:10,800

putting people in a vulnerable position

1106

00:43:14,790 --> 00:43:12,079

now he's he's definitely the most

1107

00:43:16,470 --> 00:43:14,800

negative of of this group obviously

1108

00:43:17,349 --> 00:43:16,480

which i think is good to have balance

1109

00:43:19,589 --> 00:43:17,359

because

1110

00:43:21,349 --> 00:43:19,599

i think mark is the most positive and

1111

00:43:22,870 --> 00:43:21,359

marshall summers is the most negative he

1112

00:43:24,550 --> 00:43:22,880

goes it's hard for even the most

1113

00:43:27,349 --> 00:43:24,560

competent and professional people to do

1114

00:43:29,670 --> 00:43:27,359

it you need comparable seers psychics

1115

00:43:32,150 --> 00:43:29,680

and train people trained in negotiation

1116

00:43:34,069 --> 00:43:32,160

and some citizens the folks who have a

1117

00:43:36,069 --> 00:43:34,079

high hopes of who have high hopes and

1118

00:43:38,309 --> 00:43:36,079

expectations into an arena that's way

1119

00:43:40,470 --> 00:43:38,319

beyond their capabilities

1120

00:43:42,870 --> 00:43:40,480

and then they meet with a group that may

1121

00:43:44,950 --> 00:43:42,880

be of a group mind of maybe 20

1122

00:43:46,470 --> 00:43:44,960

extraterrestrials or whatever they are

1123

00:43:48,630 --> 00:43:46,480

working against you he goes that's

1124

00:43:51,030 --> 00:43:48,640

really tough they can influence you and

1125

00:43:52,470 --> 00:43:51,040

put images in your mind and that's why

1126
00:43:55,589 --> 00:43:52,480
you know i don't it's really hard to

1127
00:44:00,150 --> 00:43:58,390
experiences as far as

1128
00:44:01,510 --> 00:44:00,160
trying to trying to figure out what

1129
00:44:03,190 --> 00:44:01,520
happened to them because of screen

1130
00:44:05,829 --> 00:44:03,200
memories you know if that's the upper

1131
00:44:09,589 --> 00:44:05,839
level and if these beings can influence

1132
00:44:14,550 --> 00:44:12,069
what's the word um

1133
00:44:15,750 --> 00:44:14,560
influence their perception so you don't

1134
00:44:17,750 --> 00:44:15,760
even you don't even know if what you're

1135
00:44:19,589 --> 00:44:17,760
experiencing is real and carla turner

1136
00:44:21,030 --> 00:44:19,599
got into that a lot

1137
00:44:22,870 --> 00:44:21,040
i don't know i mean if you guys ever saw

1138
00:44:26,550 --> 00:44:22,880

me talk about carla turner or put her

1139

00:44:28,390 --> 00:44:26,560

lectures on on youtube on twitter

1140

00:44:30,069 --> 00:44:28,400

and she was skeptical about what we were

1141

00:44:32,309 --> 00:44:30,079

dealing with she did not think it was

1142

00:44:34,150 --> 00:44:32,319

good

1143

00:44:35,109 --> 00:44:34,160

and

1144

00:44:36,870 --> 00:44:35,119

he goes

1145

00:44:39,190 --> 00:44:36,880

they can influence you and put images

1146

00:44:40,950 --> 00:44:39,200

into your mind how do you battle that

1147

00:44:42,390 --> 00:44:40,960

uh he goes i don't think they would talk

1148

00:44:43,829 --> 00:44:42,400

to citizens they would talk to

1149

00:44:45,030 --> 00:44:43,839

government he thinks they've spoken to

1150

00:44:46,470 --> 00:44:45,040

government in the past and then you

1151

00:44:48,390 --> 00:44:46,480

think of um

1152

00:44:49,910 --> 00:44:48,400

holloman air force base which i was told

1153

00:44:52,150 --> 00:44:49,920

was a real event where they suppose

1154

00:44:54,870 --> 00:44:52,160

supposedly landed and met with our

1155

00:44:56,630 --> 00:44:54,880

military leaders he goes

1156

00:44:59,910 --> 00:44:56,640

but they do talk to people who they try

1157

00:45:01,589 --> 00:44:59,920

to recruit so be very careful

1158

00:45:05,030 --> 00:45:01,599

time is it all right we got a half an

1159

00:45:05,040 --> 00:45:10,950

thank you carl

1160

00:45:16,150 --> 00:45:13,349

and i need to get glasses to read these

1161

00:45:20,470 --> 00:45:17,829

where did i leave off danny says we need

1162

00:45:24,390 --> 00:45:22,470

no so danny says

1163

00:45:25,910 --> 00:45:24,400

if these ets and he keeps i wish he

1164

00:45:27,589 --> 00:45:25,920

would just say the others because we

1165

00:45:29,910 --> 00:45:27,599

don't know their ets but he says if

1166

00:45:31,670 --> 00:45:29,920

these et's reach out and said we're

1167

00:45:32,550 --> 00:45:31,680

offering this technology to our human

1168

00:45:33,270 --> 00:45:32,560

family

1169

00:45:35,030 --> 00:45:33,280

would

1170

00:45:36,550 --> 00:45:35,040

uh

1171

00:45:38,710 --> 00:45:36,560

who would you want to participate with

1172

00:45:40,150 --> 00:45:38,720

you like if they came to eslan and they

1173

00:45:41,670 --> 00:45:40,160

offered to all these great things who

1174

00:45:43,349 --> 00:45:41,680

would you want on your team i think that

1175

00:45:44,069 --> 00:45:43,359

he was he was asking that and cripel

1176

00:45:46,470 --> 00:45:44,079

says

1177

00:45:48,470 --> 00:45:46,480

i don't see another culture here i don't

1178

00:45:51,349 --> 00:45:48,480

see another country and he's he doesn't

1179

00:45:52,630 --> 00:45:51,359

mean that literally he means

1180

00:45:55,109 --> 00:45:52,640

he doesn't see

1181

00:45:56,950 --> 00:45:55,119

as totally physical he sees that as a

1182

00:45:58,790 --> 00:45:56,960

religious experience cripel and that's

1183

00:46:01,270 --> 00:45:58,800

his specialty he goes i see people

1184

00:46:03,910 --> 00:46:01,280

reporting immaterial beings taking on

1185

00:46:05,750 --> 00:46:03,920

material form like gods have always

1186

00:46:07,510 --> 00:46:05,760

communicated with us back

1187

00:46:09,430 --> 00:46:07,520

thousands of years uh

1188

00:46:11,589 --> 00:46:09,440

you know

1189

00:46:13,430 --> 00:46:11,599

he's trained to not sign his name to any

1190

00:46:15,750 --> 00:46:13,440

religious belief or any mythology

1191

00:46:17,670 --> 00:46:15,760

because then he can't understand them so

1192

00:46:19,109 --> 00:46:17,680

he tries to stay neutral

1193

00:46:21,190 --> 00:46:19,119

he goes i'm as

1194

00:46:23,670 --> 00:46:21,200

suspicious as people who say this is all

1195

00:46:25,270 --> 00:46:23,680

positive as to the people who say it's

1196

00:46:27,430 --> 00:46:25,280

all it's demons

1197

00:46:28,870 --> 00:46:27,440

and he says demon talk is historically

1198

00:46:30,950 --> 00:46:28,880

bad

1199

00:46:33,270 --> 00:46:30,960

um he didn't get into specifics i think

1200

00:46:36,470 --> 00:46:33,280

he's probably talking about

1201
00:46:38,550 --> 00:46:36,480
demonizing specific you know cultures

1202
00:46:39,670 --> 00:46:38,560
groups of people the holocaust i think

1203
00:46:41,670 --> 00:46:39,680
that's what he was referencing

1204
00:46:43,349 --> 00:46:41,680
referencing he goes step back and

1205
00:46:45,270 --> 00:46:43,359
questioning what question whether we're

1206
00:46:47,349 --> 00:46:45,280
dealing with something where diplomacy

1207
00:46:49,829 --> 00:46:47,359
even makes sense we could be dealing

1208
00:46:52,470 --> 00:46:49,839
with another part of ourselves

1209
00:46:54,950 --> 00:46:52,480
i hope so that's the best outcome uh he

1210
00:46:57,510 --> 00:46:54,960
goes they will not show up at echelon

1211
00:46:59,349 --> 00:46:57,520
excellent and talk to us he goes nope

1212
00:47:00,950 --> 00:46:59,359
historically advanced culture is meeting

1213
00:47:02,790 --> 00:47:00,960

with less advanced cultures the outcome

1214

00:47:05,349 --> 00:47:02,800

is bad you know they offered great

1215

00:47:07,670 --> 00:47:05,359

things too in the past

1216

00:47:09,270 --> 00:47:07,680

oh look at our beads come take our beads

1217

00:47:10,950 --> 00:47:09,280

they said that a couple of times are

1218

00:47:12,950 --> 00:47:10,960

trinkets and beads now we're going to

1219

00:47:15,910 --> 00:47:12,960

kill you

1220

00:47:18,150 --> 00:47:15,920

um marshall summers says

1221

00:47:19,990 --> 00:47:18,160

this is a super physical reality but

1222

00:47:21,589 --> 00:47:20,000

with the possibility of other dimensions

1223

00:47:23,109 --> 00:47:21,599

we'll never understand it if there are

1224

00:47:25,349 --> 00:47:23,119

other dimensions we'll never understand

1225

00:47:26,549 --> 00:47:25,359

it fully we're facing and remember this

1226

00:47:28,390 --> 00:47:26,559

is a negative guy we're facing

1227

00:47:30,790 --> 00:47:28,400

intervention from forces we don't

1228

00:47:33,190 --> 00:47:30,800

understand if you cross spiritual and

1229

00:47:35,109 --> 00:47:33,200

physical you can run into problems

1230

00:47:37,190 --> 00:47:35,119

what's appropriate and spiritual might

1231

00:47:38,870 --> 00:47:37,200

not be appropriate in the physical i

1232

00:47:40,790 --> 00:47:38,880

don't talk about demons it's not

1233

00:47:41,430 --> 00:47:40,800

relevant to what's happening

1234

00:47:45,270 --> 00:47:41,440

and

1235

00:47:47,829 --> 00:47:45,280

danny jumps into jim says

1236

00:47:50,470 --> 00:47:47,839

is it the projection of the unconscious

1237

00:47:52,390 --> 00:47:50,480

subconscious like young and maybe valet

1238

00:47:54,710 --> 00:47:52,400

or is it people from another planet

1239

00:47:55,910 --> 00:47:54,720

using extraordinary technology you know

1240

00:47:57,750 --> 00:47:55,920

the physical side versus the

1241

00:47:59,430 --> 00:47:57,760

metaphorical slash

1242

00:48:01,910 --> 00:47:59,440

unconscious

1243

00:48:04,069 --> 00:48:01,920

projection and jim says i think it's

1244

00:48:06,870 --> 00:48:04,079

both physical and spiritual thank you

1245

00:48:08,549 --> 00:48:06,880

kyle i appreciate it um

1246

00:48:11,109 --> 00:48:08,559

i think it's both

1247

00:48:13,349 --> 00:48:11,119

physical and spiritual or combined ufos

1248

00:48:15,109 --> 00:48:13,359

sometimes physical and sometimes landing

1249

00:48:17,430 --> 00:48:15,119

and then sometimes it's interest psychic

1250

00:48:19,670 --> 00:48:17,440

but it's just as real the aztecs and the

1251
00:48:21,750 --> 00:48:19,680
and cortez it was a physical event but

1252
00:48:23,109 --> 00:48:21,760
the aztecs saw it as a spiritual event

1253
00:48:24,470 --> 00:48:23,119
because of their knowledge and history

1254
00:48:26,630 --> 00:48:24,480
of the gods

1255
00:48:29,030 --> 00:48:26,640
keep this in public discourse and out of

1256
00:48:31,349 --> 00:48:29,040
government yeah here here because when

1257
00:48:33,589 --> 00:48:31,359
they come and we prepare and when they

1258
00:48:35,750 --> 00:48:33,599
come and we've prepared like the

1259
00:48:37,430 --> 00:48:35,760
primitives have because it would it will

1260
00:48:39,829 --> 00:48:37,440
determine the degree

1261
00:48:41,430 --> 00:48:39,839
that will have any sophistication at all

1262
00:48:43,670 --> 00:48:41,440
when dealing with them

1263
00:48:46,710 --> 00:48:43,680

you know he thinks physical beings have

1264

00:48:50,230 --> 00:48:48,390

you're welcome kyle

1265

00:48:51,750 --> 00:48:50,240

this one's going better than yesterday i

1266

00:48:53,030 --> 00:48:51,760

took better notes

1267

00:48:54,549 --> 00:48:53,040

um

1268

00:48:56,230 --> 00:48:54,559

i took really good notes on this panel

1269

00:48:57,910 --> 00:48:56,240

it was it was almost a transcript but

1270

00:48:59,910 --> 00:48:57,920

not exactly it's too much to talk about

1271

00:49:04,470 --> 00:48:59,920

i can't type that fast i can't even type

1272

00:49:08,950 --> 00:49:07,030

there are and this is cripel there are

1273

00:49:10,950 --> 00:49:08,960

there are objective and subjective and

1274

00:49:13,430 --> 00:49:10,960

you cannot separate because if you do

1275

00:49:14,950 --> 00:49:13,440

you'll mix you'll mix the phenomenon

1276

00:49:20,069 --> 00:49:14,960

skeptical

1277

00:49:21,510 --> 00:49:20,079

system which i think is gaining more

1278

00:49:23,430 --> 00:49:21,520

popularity they're not coming from

1279

00:49:25,990 --> 00:49:23,440

somewhere else as far as physical

1280

00:49:29,430 --> 00:49:27,829

people believe in things

1281

00:49:32,069 --> 00:49:29,440

that they think are not human but it

1282

00:49:33,910 --> 00:49:32,079

turns out to be human and he's like like

1283

00:49:35,430 --> 00:49:33,920

poltergeist phenomenon

1284

00:49:39,589 --> 00:49:35,440

phenomena

1285

00:49:41,510 --> 00:49:39,599

always related to people in the family

1286

00:49:43,270 --> 00:49:41,520

so young girls if there's something some

1287

00:49:45,270 --> 00:49:43,280

relationship bad relationship in the

1288

00:49:46,710 --> 00:49:45,280

family it is related to that a great

1289

00:49:47,829 --> 00:49:46,720

book on that is

1290

00:49:50,069 --> 00:49:47,839

um

1291

00:49:51,829 --> 00:49:50,079

aliens above

1292

00:49:53,910 --> 00:49:51,839

ufos above aliens below it's one of

1293

00:49:55,990 --> 00:49:53,920

those titles but it's

1294

00:49:58,950 --> 00:49:56,000

what is his name

1295

00:50:01,030 --> 00:49:58,960

drawing a blank on his name

1296

00:50:02,150 --> 00:50:01,040

but he writes about poltergeist uh and

1297

00:50:04,390 --> 00:50:02,160

he says some of the people who have

1298

00:50:05,670 --> 00:50:04,400

poltergeist activity around him a lot of

1299

00:50:07,670 --> 00:50:05,680

them are

1300

00:50:09,829 --> 00:50:07,680

um epileptic

1301

00:50:13,670 --> 00:50:09,839

um what the heck is his name damn it oh

1302

00:50:15,990 --> 00:50:13,680

barry taft barry taft t-a-f-f great book

1303

00:50:18,069 --> 00:50:16,000

really good book but not all of it is

1304

00:50:19,589 --> 00:50:18,079

traced to humans you know

1305

00:50:21,670 --> 00:50:19,599

there are cases where you it's just you

1306

00:50:23,670 --> 00:50:21,680

cannot it he's like you know you rule

1307

00:50:25,589 --> 00:50:23,680

out humans there are cases where

1308

00:50:26,870 --> 00:50:25,599

he ruled out humans as best as he could

1309

00:50:29,030 --> 00:50:26,880

he's like there's something else going

1310

00:50:31,349 --> 00:50:29,040

on so it's like is that the trickster is

1311

00:50:33,430 --> 00:50:31,359

that somehow mixing in with the human

1312

00:50:34,470 --> 00:50:33,440

stuff it's really hard to figure out

1313

00:50:35,910 --> 00:50:34,480

um

1314

00:50:37,910 --> 00:50:35,920

you know he's like yeah with poltergeist

1315

00:50:39,270 --> 00:50:37,920

we have superhuman powers to throw

1316

00:50:41,910 --> 00:50:39,280

things around the room and blow things

1317

00:50:45,349 --> 00:50:41,920

up it's really crazy um that the entity

1318

00:50:47,589 --> 00:50:45,359

case i think he thought was like that

1319

00:50:50,069 --> 00:50:47,599

and then she invents mentions young and

1320

00:50:52,230 --> 00:50:50,079

valet and kripal's like i'm not a

1321

00:50:53,990 --> 00:50:52,240

jungian he goes because we don't know he

1322

00:50:55,430 --> 00:50:54,000

and he goes i don't want to speak for

1323

00:50:57,270 --> 00:50:55,440

valet but he goes i don't think he would

1324

00:50:58,790 --> 00:50:57,280

land on either side

1325

00:51:00,390 --> 00:50:58,800

um

1326
00:51:02,470 --> 00:51:00,400
and cripel is

1327
00:51:03,990 --> 00:51:02,480
suspicious

1328
00:51:06,390 --> 00:51:04,000
that it's us

1329
00:51:08,069 --> 00:51:06,400
causing all of this phenomena you know

1330
00:51:09,670 --> 00:51:08,079
maybe some of the you know a lot of the

1331
00:51:12,309 --> 00:51:09,680
poltergeist but as far as the ufo

1332
00:51:18,390 --> 00:51:12,319
phenomenon jeffrey kreipel is suspicious

1333
00:51:21,589 --> 00:51:19,910
and then marshall summers goes i'm not

1334
00:51:23,109 --> 00:51:21,599
getting off on this i thought he was

1335
00:51:24,710 --> 00:51:23,119
going to walk away he goes people are

1336
00:51:28,069 --> 00:51:24,720
having real experiences and suffering

1337
00:51:29,589 --> 00:51:28,079
from ps ptsd i'm a very spiritual person

1338
00:51:31,430 --> 00:51:29,599

this is the only part of what i do he

1339

00:51:32,950 --> 00:51:31,440

goes but i can understand the spiritual

1340

00:51:34,870 --> 00:51:32,960

realm requires a different approach

1341

00:51:36,710 --> 00:51:34,880

don't confuse the two realms spiritual

1342

00:51:38,549 --> 00:51:36,720

and physical we st we get stuck on this

1343

00:51:40,630 --> 00:51:38,559

because of the way we approach this

1344

00:51:42,150 --> 00:51:40,640

government recognizes it as a physical

1345

00:51:43,829 --> 00:51:42,160

event and it's so scary that they won't

1346

00:51:45,910 --> 00:51:43,839

even this isn't i've heard this from

1347

00:51:47,750 --> 00:51:45,920

other people and it's a theory

1348

00:51:49,589 --> 00:51:47,760

the government recognizes it as a

1349

00:51:51,109 --> 00:51:49,599

physical event and it's so scary that

1350

00:51:52,710 --> 00:51:51,119

they're not going to tell the public

1351

00:51:54,630 --> 00:51:52,720

until they can counteract it in a

1352

00:51:56,150 --> 00:51:54,640

meaningful way which is basically what

1353

00:51:57,670 --> 00:51:56,160

the long has said over the past few

1354

00:51:59,910 --> 00:51:57,680

years even though he's backing off on

1355

00:52:02,390 --> 00:51:59,920

that a little a lot you know he still

1356

00:52:04,790 --> 00:52:02,400

talks about some of this being scary but

1357

00:52:05,990 --> 00:52:04,800

back in the old when 2016 those older

1358

00:52:07,990 --> 00:52:06,000

interviews he was kind of he was

1359

00:52:09,190 --> 00:52:08,000

definitely in that direction um they're

1360

00:52:10,390 --> 00:52:09,200

working behind the scenes with other

1361

00:52:11,750 --> 00:52:10,400

countries trying to figure out how to

1362

00:52:13,750 --> 00:52:11,760

combat this

1363

00:52:15,430 --> 00:52:13,760

and uh summers goes we have a burglar

1364

00:52:17,349 --> 00:52:15,440

and an interloper in our house and we

1365

00:52:20,630 --> 00:52:17,359

need to deal with it first and then mark

1366

00:52:22,549 --> 00:52:20,640

sims mr positive i kind of was wondering

1367

00:52:24,790 --> 00:52:22,559

what mark was thinking here

1368

00:52:26,950 --> 00:52:24,800

i think danny was enjoying it

1369

00:52:29,109 --> 00:52:26,960

mark says should we reach out i think he

1370

00:52:34,069 --> 00:52:29,119

was questioning the whole you know ce5

1371

00:52:37,349 --> 00:52:36,309

and mark sims goes

1372

00:52:39,190 --> 00:52:37,359

yes

1373

00:52:41,190 --> 00:52:39,200

but be careful

1374

00:52:42,790 --> 00:52:41,200

and we should not do nothing he goes are

1375

00:52:44,470 --> 00:52:42,800

they malevolent and i've never heard

1376
00:52:47,190 --> 00:52:44,480
mark talk about this i wanted to know

1377
00:52:48,950 --> 00:52:47,200
does he think they're all positive

1378
00:52:50,790 --> 00:52:48,960
you know

1379
00:52:52,870 --> 00:52:50,800
is the invasion of our airspace

1380
00:52:55,190 --> 00:52:52,880
considered a threat he goes i don't see

1381
00:52:57,190 --> 00:52:55,200
them flying around as a threat

1382
00:52:59,270 --> 00:52:57,200
i haven't seen anything that's a threat

1383
00:53:01,430 --> 00:52:59,280
you know pilots see these on a daily

1384
00:53:02,549 --> 00:53:01,440
basis for two years i don't see that as

1385
00:53:11,829 --> 00:53:02,559
aggressive

1386
00:53:13,270 --> 00:53:11,839
think we would have heard that

1387
00:53:14,549 --> 00:53:13,280
from the pilots or the government i

1388
00:53:15,990 --> 00:53:14,559

don't agree with that i don't think if

1389

00:53:17,109 --> 00:53:16,000

there was something aggressive i do not

1390

00:53:18,549 --> 00:53:17,119

think they would tell us i mean the

1391

00:53:19,910 --> 00:53:18,559

pilots would if they could talk but none

1392

00:53:21,910 --> 00:53:19,920

of the pilots can talk because most of

1393

00:53:24,549 --> 00:53:21,920

them are active duty he goes

1394

00:53:26,630 --> 00:53:24,559

marxim says there may be a malevolent

1395

00:53:28,549 --> 00:53:26,640

element naive to think it's all

1396

00:53:30,470 --> 00:53:28,559

malevolent i don't think i i don't think

1397

00:53:31,829 --> 00:53:30,480

i've ever met any man well i shouldn't

1398

00:53:33,910 --> 00:53:31,839

say that i just said eric davis thought

1399

00:53:35,349 --> 00:53:33,920

there was nothing good about ufos but

1400

00:53:36,630 --> 00:53:35,359

he goes it's naive to think it's all

1401

00:53:38,390 --> 00:53:36,640

malevolent

1402

00:53:40,230 --> 00:53:38,400

millions of species in the cosmos and

1403

00:53:43,109 --> 00:53:40,240

many have visited here some are still

1404

00:53:44,309 --> 00:53:43,119

here this is mark sims are they in some

1405

00:53:45,829 --> 00:53:44,319

coalition

1406

00:53:48,309 --> 00:53:45,839

you know combined together as a

1407

00:53:49,670 --> 00:53:48,319

malevolent force i don't think so but i

1408

00:53:52,309 --> 00:53:49,680

don't want to promote that they're all

1409

00:53:53,430 --> 00:53:52,319

benevolent and here to sing kumbaya with

1410

00:53:55,030 --> 00:53:53,440

us

1411

00:53:57,430 --> 00:53:55,040

but at least we need to reach out

1412

00:53:59,589 --> 00:53:57,440

otherwise we're screwed and then danny

1413

00:54:01,030 --> 00:53:59,599

says to cripel he goes

1414

00:54:02,790 --> 00:54:01,040

he mentions and danny has said this

1415

00:54:04,630 --> 00:54:02,800

before and i i've tweeted it and i've

1416

00:54:06,630 --> 00:54:04,640

talked about it and it's in my massive

1417

00:54:08,829 --> 00:54:06,640

jenny sheehan transcript danny has

1418

00:54:13,510 --> 00:54:08,839

photos taken out the cockpit

1419

00:54:15,510 --> 00:54:13,520

of craft 50 feet away from the the f-18

1420

00:54:17,190 --> 00:54:15,520

i assume it's a f-18 you know or clear

1421

00:54:18,549 --> 00:54:17,200

picture of a tic-tac

1422

00:54:21,190 --> 00:54:18,559

and he mentions the speeds and the

1423

00:54:23,589 --> 00:54:21,200

underwater and the sonar

1424

00:54:24,710 --> 00:54:23,599

and then again he says to krypol he goes

1425

00:54:26,549 --> 00:54:24,720

where do you think it's coming from jeff

1426

00:54:28,150 --> 00:54:26,559

the collective unconsciousness

1427

00:54:30,950 --> 00:54:28,160

and i'm saying that wrong i have to i

1428

00:54:34,150 --> 00:54:30,960

forget what young called it and then

1429

00:54:36,950 --> 00:54:34,160

jeff says i'm not a jungian and sheehan

1430

00:54:38,789 --> 00:54:36,960

apologized for getting it wrong heels

1431

00:54:40,950 --> 00:54:38,799

jeff kripal says please do not assume

1432

00:54:43,270 --> 00:54:40,960

the cold war invasion mentality he goes

1433

00:54:45,670 --> 00:54:43,280

that might be true he goes might be true

1434

00:54:47,750 --> 00:54:45,680

but probably not they've probably always

1435

00:54:49,990 --> 00:54:47,760

been here and contacting us

1436

00:54:53,030 --> 00:54:50,000

but the data has has dribbled out he

1437

00:54:54,789 --> 00:54:53,040

goes first rule of research we need data

1438

00:54:56,549 --> 00:54:54,799

he's starting to sound like weinstein

1439

00:54:59,190 --> 00:54:56,559

weinstein

1440

00:55:01,510 --> 00:54:59,200

and we have no data he goes so many

1441

00:55:03,510 --> 00:55:01,520

secrets that any real any real research

1442

00:55:05,510 --> 00:55:03,520

is impossible it's hopeless unless they

1443

00:55:07,270 --> 00:55:05,520

release the data and danny goes i can

1444

00:55:09,589 --> 00:55:07,280

help you you know i go with lou and i

1445

00:55:11,109 --> 00:55:09,599

meet with the inspector general and i've

1446

00:55:12,630 --> 00:55:11,119

never heard him say this so i'm not sure

1447

00:55:14,390 --> 00:55:12,640

if he's interpreting but he goes they're

1448

00:55:16,870 --> 00:55:14,400

pissed off because they've been read out

1449

00:55:18,630 --> 00:55:16,880

of this program danny sheen saying the

1450

00:55:20,630 --> 00:55:18,640

inspector general is pissed off i'm not

1451

00:55:22,309 --> 00:55:20,640

sure if it's one guy or the whole group

1452

00:55:23,510 --> 00:55:22,319

he's met with he goes they're pissed off

1453

00:55:24,789 --> 00:55:23,520

because they've been read out of this

1454

00:55:26,710 --> 00:55:24,799

program

1455

00:55:28,549 --> 00:55:26,720

and i need other people to tell me what

1456

00:55:31,030 --> 00:55:28,559

to ask the inspector general i guess

1457

00:55:32,710 --> 00:55:31,040

when they meet again eric weinstein is

1458

00:55:35,109 --> 00:55:32,720

pulling his hair out he's got a lot of

1459

00:55:37,190 --> 00:55:35,119

hair at the lack of data and top

1460

00:55:41,190 --> 00:55:37,200

scientists aren't being talked to about

1461

00:55:41,200 --> 00:55:45,349

hold on guys

1462

00:55:45,359 --> 00:55:55,510

i gotta open the door sorry

1463

00:55:55,520 --> 00:56:01,030

stay there

1464

00:56:05,349 --> 00:56:02,710

and the dog is going to start crazy

1465

00:56:08,950 --> 00:56:05,359

barking soon

1466

00:56:10,710 --> 00:56:08,960

oh man tired of sitting too much sitting

1467

00:56:11,829 --> 00:56:10,720

what did i leave off

1468

00:56:19,670 --> 00:56:11,839

maybe he's going to bark we're just

1469

00:56:24,150 --> 00:56:22,150

um so eric weinstein is uh pulling his

1470

00:56:26,789 --> 00:56:24,160

hair out at the lack of data

1471

00:56:30,390 --> 00:56:28,470

and the top scientists aren't being

1472

00:56:44,549 --> 00:56:30,400

talked to about this it's a bizarre

1473

00:56:49,109 --> 00:56:46,950

uh cripel the first rules of being an

1474

00:56:51,430 --> 00:56:49,119

intellectual is admitting what you don't

1475

00:56:53,750 --> 00:56:51,440

know i see all the experiences and

1476

00:56:55,430 --> 00:56:53,760

contact and abductions and he throws in

1477

00:56:57,030 --> 00:56:55,440

possessions which i do think there's

1478

00:56:58,710 --> 00:56:57,040

some sort of connection

1479

00:56:59,430 --> 00:56:58,720

he goes i can tell you what it looks

1480

00:57:01,349 --> 00:56:59,440

like

1481

00:57:02,950 --> 00:57:01,359

with my history of studying it studying

1482

00:57:04,950 --> 00:57:02,960

it but military and sightings i don't

1483

00:57:06,630 --> 00:57:04,960

know it's not my wheelhouse you know i

1484

00:57:07,670 --> 00:57:06,640

hope you're successful but there's very

1485

00:57:10,870 --> 00:57:07,680

little

1486

00:57:12,710 --> 00:57:10,880

can say

1487

00:57:14,549 --> 00:57:12,720

and then jim g says everything in my

1488

00:57:17,910 --> 00:57:14,559

world is superseded right now by code

1489

00:57:21,349 --> 00:57:17,920

red and climate change and sheen says

1490

00:57:23,190 --> 00:57:21,359

if et's bring us some tech to help us

1491

00:57:25,270 --> 00:57:23,200

would you be open to accepting it and

1492

00:57:28,150 --> 00:57:25,280

then jim g says absolutely but we need

1493

00:57:30,470 --> 00:57:28,160

data imagine biden tells the pentagon to

1494

00:57:32,630 --> 00:57:30,480

release all and lets intellectuals and

1495

00:57:34,309 --> 00:57:32,640

researchers look at it and analyze it

1496

00:57:36,470 --> 00:57:34,319

right now citizen action has become

1497

00:57:37,589 --> 00:57:36,480

almost impos impossibility at any level

1498

00:57:38,630 --> 00:57:37,599

because of the way the government

1499

00:57:40,870 --> 00:57:38,640

operates

1500

00:57:42,710 --> 00:57:40,880

i think the ufo phenomenon is one part

1501

00:57:48,069 --> 00:57:42,720

of our social system

1502

00:57:50,950 --> 00:57:49,670

it's just one part of our social you

1503

00:57:52,150 --> 00:57:50,960

know the problems we're dealing with you

1504

00:57:54,150 --> 00:57:52,160

know trying to get information out it's

1505

00:57:55,990 --> 00:57:54,160

just one part of the the social system

1506

00:57:57,750 --> 00:57:56,000

that's closing down he says the country

1507

00:57:59,510 --> 00:57:57,760

is so polarized

1508

00:58:01,190 --> 00:57:59,520

we can't even discuss covid without

1509

00:58:02,470 --> 00:58:01,200

getting getting into arguments political

1510

00:58:04,390 --> 00:58:02,480

arguments and

1511

00:58:05,990 --> 00:58:04,400

he says marksman's idea of getting a

1512

00:58:07,190 --> 00:58:06,000

team and meeting with the visitors is

1513

00:58:08,870 --> 00:58:07,200

fine but

1514

00:58:10,150 --> 00:58:08,880

in this world in this climate it's going

1515

00:58:11,670 --> 00:58:10,160

to be tough i don't see it happening

1516

00:58:13,589 --> 00:58:11,680

anytime soon

1517

00:58:17,510 --> 00:58:13,599

marshall summers says how do we address

1518

00:58:18,309 --> 00:58:17,520

the latest push for ufos in the news

1519

00:58:20,390 --> 00:58:18,319

uh

1520

00:58:22,470 --> 00:58:20,400

climate change we're at a critical point

1521

00:58:24,230 --> 00:58:22,480

we need to look at human testimony

1522

00:58:26,150 --> 00:58:24,240

human testimony

1523

00:58:27,829 --> 00:58:26,160

this is interesting this is like i said

1524

00:58:30,549 --> 00:58:27,839

this guy is is negative but it's

1525

00:58:32,390 --> 00:58:30,559

interesting he goes right now

1526

00:58:34,789 --> 00:58:32,400

instability and up we're going through

1527

00:58:37,109 --> 00:58:34,799

instant instability and upheaval

1528

00:58:38,950 --> 00:58:37,119

and it's a perfect environment for

1529

00:58:40,710 --> 00:58:38,960

intervention by the others and he

1530

00:58:42,230 --> 00:58:40,720

doesn't say that in a good way because

1531

00:58:44,150 --> 00:58:42,240

whoever has been here has been here for

1532

00:58:45,510 --> 00:58:44,160

a long time and laying the groundwork

1533

00:58:47,430 --> 00:58:45,520

for themselves

1534

00:58:48,710 --> 00:58:47,440

you're not going to have the data so if

1535

00:58:50,150 --> 00:58:48,720

you're sitting on the sidelines and

1536

00:58:51,670 --> 00:58:50,160

waiting for data you're just not going

1537

00:58:54,309 --> 00:58:51,680

to be part of this he's talking about

1538

00:58:56,309 --> 00:58:54,319

cripel we have innate abilities to know

1539

00:58:58,470 --> 00:58:56,319

things i think the problems we're having

1540

00:59:00,549 --> 00:58:58,480

fits their agenda well meaning the

1541

00:59:04,549 --> 00:59:00,559

others they'll show up and offer to help

1542

00:59:06,789 --> 00:59:04,559

us we just need to trust them

1543

00:59:08,470 --> 00:59:06,799

he says that sarcastically um because

1544

00:59:10,789 --> 00:59:08,480

we're very easy to persuade because

1545

00:59:11,910 --> 00:59:10,799

we're so desperate assuming things keep

1546

00:59:13,430 --> 00:59:11,920

getting worse

1547

00:59:15,670 --> 00:59:13,440

she and should should we try to get

1548

00:59:17,430 --> 00:59:15,680

whatever advantage we can to help with

1549

00:59:21,190 --> 00:59:17,440

you know from them to help with global

1550

00:59:23,750 --> 00:59:21,200

climate global climate change

1551
00:59:24,789 --> 00:59:23,760
and then summers goes i think the deep

1552
00:59:27,430 --> 00:59:24,799
state

1553
00:59:28,710 --> 00:59:27,440
is back engineering e-tech et tech and

1554
00:59:30,470 --> 00:59:28,720
yeah i do think

1555
00:59:32,150 --> 00:59:30,480
there are people back engineering et

1556
00:59:36,870 --> 00:59:32,160
tech i don't know if it's deep state i

1557
00:59:41,190 --> 00:59:39,589
he says other forces can always bring

1558
00:59:42,950 --> 00:59:41,200
better tech here so he says the others

1559
00:59:44,630 --> 00:59:42,960
can always bring better tech than what

1560
00:59:46,789 --> 00:59:44,640
they're showing they only brought what

1561
00:59:47,510 --> 00:59:46,799
they need we'll never catch up to them

1562
00:59:49,109 --> 00:59:47,520
so

1563
00:59:50,710 --> 00:59:49,119

the government will not come clean until

1564

00:59:52,950 --> 00:59:50,720

they can combat this

1565

00:59:54,630 --> 00:59:52,960

my view that it's a threat might not be

1566

00:59:56,630 --> 00:59:54,640

true but i'm putting all of my effort

1567

00:59:58,630 --> 00:59:56,640

into this cripel's like i don't believe

1568

01:00:00,390 --> 00:59:58,640

in your mythology i'm sorry it's i think

1569

01:00:02,549 --> 01:00:00,400

it's just dangerous i don't i don't know

1570

01:00:04,150 --> 01:00:02,559

of any culture who thinks we're alone

1571

01:00:05,829 --> 01:00:04,160

there's nothing new here we have data

1572

01:00:07,990 --> 01:00:05,839

from history to look at and draw

1573

01:00:11,349 --> 01:00:08,000

reasonable and then

1574

01:00:13,349 --> 01:00:11,359

uh summers butts in says

1575

01:00:15,109 --> 01:00:13,359

previous cultures show us what's what we

1576

01:00:17,109 --> 01:00:15,119

should be worried about and then jeff

1577

01:00:20,069 --> 01:00:17,119

kreipel says this isn't the same as the

1578

01:00:23,109 --> 01:00:20,079

spaniards and the aztecs my folk folks

1579

01:00:25,190 --> 01:00:23,119

at my university think this is all bunk

1580

01:00:27,589 --> 01:00:25,200

and then summers goes well these ufos

1581

01:00:29,750 --> 01:00:27,599

are the tall ships of our time cripel

1582

01:00:32,150 --> 01:00:29,760

says some folks can be standing next to

1583

01:00:33,589 --> 01:00:32,160

each other and only see a ufo the person

1584

01:00:36,549 --> 01:00:33,599

will not see it he goes it's not like

1585

01:00:38,230 --> 01:00:36,559

the spanish conquistadors and danny says

1586

01:00:40,549 --> 01:00:38,240

why is the talk the pentagon talking

1587

01:00:43,589 --> 01:00:40,559

about this now why now i'm surprised

1588

01:00:44,870 --> 01:00:43,599

danny said that well because to the

1589

01:00:47,030 --> 01:00:44,880

store has happened if you believe the

1590

01:00:48,309 --> 01:00:47,040

story and semi van asked you know told

1591

01:00:49,510 --> 01:00:48,319

them the government higher ups we're

1592

01:00:50,470 --> 01:00:49,520

going to talk about this and they said

1593

01:00:52,630 --> 01:00:50,480

okay

1594

01:00:53,910 --> 01:00:52,640

that's why now unless there's some other

1595

01:00:55,190 --> 01:00:53,920

big comp

1596

01:00:57,270 --> 01:00:55,200

you know story that we don't know about

1597

01:00:59,430 --> 01:00:57,280

which is possible um

1598

01:01:01,109 --> 01:00:59,440

and jeff as far as why now goes

1599

01:01:03,750 --> 01:01:01,119

i have no idea he goes the last report

1600

01:01:05,349 --> 01:01:03,760

the government report had minimal data

1601
01:01:07,190 --> 01:01:05,359
and danny says well we're working on

1602
01:01:09,829 --> 01:01:07,200
getting the 400 pages of class the

1603
01:01:11,430 --> 01:01:09,839
classified annex that has up close

1604
01:01:12,870 --> 01:01:11,440
photos photos

1605
01:01:14,230 --> 01:01:12,880
we're treating it like the pentagon

1606
01:01:16,309 --> 01:01:14,240
papers

1607
01:01:20,309 --> 01:01:16,319
i think the chances of us seeing that

1608
01:01:24,630 --> 01:01:20,319
400 page classified annex are

1609
01:01:30,549 --> 01:01:28,470
i have 23 percent on a battery um

1610
01:01:32,549 --> 01:01:30,559
kripal says history of contact is

1611
01:01:35,109 --> 01:01:32,559
mediated by the intel by the human

1612
01:01:36,710 --> 01:01:35,119
imagination and sensorium i have to look

1613
01:01:39,430 --> 01:01:36,720

that word up big word by cripel

1614

01:01:41,670 --> 01:01:39,440

mythologies turn up on radar you don't

1615

01:01:43,270 --> 01:01:41,680

turn up on radar this one does he goes

1616

01:01:44,710 --> 01:01:43,280

we have people levitating he's talking

1617

01:01:47,510 --> 01:01:44,720

about historical paranormal stuff we

1618

01:01:50,630 --> 01:01:47,520

have people levitating if you look up

1619

01:01:52,069 --> 01:01:50,640

dd hume h-u-m-e um other people have

1620

01:01:53,670 --> 01:01:52,079

supposedly levitated you know we have

1621

01:01:54,950 --> 01:01:53,680

things flying around the room poultry

1622

01:01:57,270 --> 01:01:54,960

guys we have

1623

01:01:59,270 --> 01:01:57,280

miraculous healings we have contact

1624

01:02:00,950 --> 01:01:59,280

contact with entities this goes way way

1625

01:02:02,549 --> 01:02:00,960

back there's nothing new here and

1626

01:02:05,430 --> 01:02:02,559

danny's like i've seen a photo of a

1627

01:02:07,510 --> 01:02:05,440

craft uh ufo 50 feet away from the plane

1628

01:02:09,109 --> 01:02:07,520

and those those are not imaginable and

1629

01:02:10,710 --> 01:02:09,119

and jeff jeffrey kripal says can you

1630

01:02:13,029 --> 01:02:10,720

show me the photos and danny's like i

1631

01:02:14,309 --> 01:02:13,039

will and we'll be getting more well if

1632

01:02:16,470 --> 01:02:14,319

you can show him the photos why can't he

1633

01:02:18,150 --> 01:02:16,480

show us the photos you know uh and

1634

01:02:19,910 --> 01:02:18,160

kripal says by imaginal i don't mean

1635

01:02:21,670 --> 01:02:19,920

imaginary because when one of these

1636

01:02:23,589 --> 01:02:21,680

things interacts with a human being it

1637

01:02:26,630 --> 01:02:23,599

activates the human imagination in

1638

01:02:28,150 --> 01:02:26,640

culturally specific ways

1639

01:02:30,230 --> 01:02:28,160

when i hear marshall i feel like you're

1640

01:02:32,230 --> 01:02:30,240

saying we're being set up

1641

01:02:34,710 --> 01:02:32,240

i'm not questioning the physical reality

1642

01:02:36,309 --> 01:02:34,720

of these things and jim g says jeff is

1643

01:02:39,109 --> 01:02:36,319

right all knowledge comes through the

1644

01:02:40,870 --> 01:02:39,119

priory filters of cognition everybody

1645

01:02:42,549 --> 01:02:40,880

sees the same event with different but

1646

01:02:44,789 --> 01:02:42,559

interprets it differently quantum

1647

01:02:46,390 --> 01:02:44,799

mechanics is about the observer effect

1648

01:02:47,510 --> 01:02:46,400

observer effect

1649

01:02:49,190 --> 01:02:47,520

you know

1650

01:02:51,029 --> 01:02:49,200

jim thinks it's subjective but he also

1651

01:02:52,230 --> 01:02:51,039

thinks objective events

1652

01:02:54,069 --> 01:02:52,240

still happen

1653

01:02:55,190 --> 01:02:54,079

in that sense he agrees with marshall it

1654

01:02:59,910 --> 01:02:55,200

appears

1655

01:03:02,390 --> 01:02:59,920

reconnaissance mission not a takeover

1656

01:03:03,990 --> 01:03:02,400

but they're observing poking at us you

1657

01:03:06,309 --> 01:03:04,000

know bezos and musk want to go to the

1658

01:03:07,990 --> 01:03:06,319

moon and mars to mine it he goes i think

1659

01:03:09,910 --> 01:03:08,000

these aliens may be doing that and i

1660

01:03:11,670 --> 01:03:09,920

think they're curious about us

1661

01:03:13,589 --> 01:03:11,680

and then the whole engaging and breeding

1662

01:03:17,510 --> 01:03:13,599

program which is

1663

01:03:20,390 --> 01:03:17,520

the focus of carla turner and

1664

01:03:23,109 --> 01:03:20,400

jacobs and jim g says

1665

01:03:25,029 --> 01:03:23,119

jim sees g says i don't see an invasion

1666

01:03:26,309 --> 01:03:25,039

in an incontrovertible way

1667

01:03:28,230 --> 01:03:26,319

could be you know that they're

1668

01:03:29,990 --> 01:03:28,240

experimenting meaning he doesn't think

1669

01:03:32,309 --> 01:03:30,000

they're planning on an invasion by some

1670

01:03:33,510 --> 01:03:32,319

sort of breeding program with hybrids

1671

01:03:35,430 --> 01:03:33,520

because it could be some sort of

1672

01:03:36,950 --> 01:03:35,440

experiments they're carrying out

1673

01:03:40,630 --> 01:03:36,960

you know to see how breeding works with

1674

01:03:43,349 --> 01:03:42,309

and then marshall says i've been with

1675

01:03:46,789 --> 01:03:43,359

abductee

1676

01:03:47,990 --> 01:03:46,799

authentic experiences it's serious you

1677

01:03:49,430 --> 01:03:48,000

know and then he brings up cattle

1678

01:03:50,950 --> 01:03:49,440

mutilations which i wish he would not

1679

01:03:52,390 --> 01:03:50,960

have done he goes he knew the

1680

01:03:55,510 --> 01:03:52,400

hematologists who did the sampling of

1681

01:03:57,510 --> 01:03:55,520

tissue of mutilations uh cattle and

1682

01:03:59,510 --> 01:03:57,520

horses and you know there's a there's a

1683

01:04:02,390 --> 01:03:59,520

dark aspects of the alien presence

1684

01:04:04,069 --> 01:04:02,400

horses and cows dr al schuler

1685

01:04:05,910 --> 01:04:04,079

and i don't think most of cattle

1686

01:04:07,750 --> 01:04:05,920

mutilations are non-human

1687

01:04:09,670 --> 01:04:07,760

i think some may be

1688

01:04:11,589 --> 01:04:09,680

some are inexplicable but the i think

1689

01:04:13,430 --> 01:04:11,599

the majority if you read christopher

1690

01:04:15,029 --> 01:04:13,440

o'brien's work or he watches interviews

1691

01:04:16,549 --> 01:04:15,039

on youtube i think you'll come to the

1692

01:04:18,710 --> 01:04:16,559

same conclusion

1693

01:04:20,470 --> 01:04:18,720

i don't see any bias from o'brien

1694

01:04:22,150 --> 01:04:20,480

abductees are telling the same story

1695

01:04:23,109 --> 01:04:22,160

just going on where the evidence points

1696

01:04:25,510 --> 01:04:23,119

me

1697

01:04:27,109 --> 01:04:25,520

you know

1698

01:04:28,630 --> 01:04:27,119

he thinks in some way the taking of

1699

01:04:30,549 --> 01:04:28,640

cattle is playing into a hybrid

1700

01:04:32,230 --> 01:04:30,559

hybridization program thinks they're

1701
01:04:35,109 --> 01:04:32,240
here for resources and we're one of the

1702
01:04:36,710 --> 01:04:35,119
resources imagination does play a role

1703
01:04:38,549 --> 01:04:36,720
but he's been looking at this for 35

1704
01:04:41,270 --> 01:04:38,559
years and this is summers again

1705
01:04:43,190 --> 01:04:41,280
35 years and interacting with people

1706
01:04:45,270 --> 01:04:43,200
i'm interested in how this is impacting

1707
01:04:46,549 --> 01:04:45,280
people um

1708
01:04:48,470 --> 01:04:46,559
he goes to me

1709
01:04:50,390 --> 01:04:48,480
if you're interested in in how this is

1710
01:04:51,990 --> 01:04:50,400
impacting people he goes for me just

1711
01:04:53,750 --> 01:04:52,000
sending people to make contact is

1712
01:04:56,230 --> 01:04:53,760
dangerous i'm trying to be objective and

1713
01:04:57,750 --> 01:04:56,240

this is this whole negative

1714

01:04:59,589 --> 01:04:57,760

thing that he's talking about summers he

1715

01:05:01,430 --> 01:04:59,599

goes i'm trying to be objective but this

1716

01:05:02,789 --> 01:05:01,440

whole negative view is not what i want i

1717

01:05:04,150 --> 01:05:02,799

want to make he wanted to make that to

1718

01:05:05,589 --> 01:05:04,160

be clear it's like he's wishing for it

1719

01:05:06,870 --> 01:05:05,599

to be negative

1720

01:05:08,390 --> 01:05:06,880

and then sims goes do you think there's

1721

01:05:09,910 --> 01:05:08,400

more than one race of vts here and

1722

01:05:14,069 --> 01:05:09,920

summers goes yes

1723

01:05:15,349 --> 01:05:14,079

and mark's like all working together um

1724

01:05:16,950 --> 01:05:15,359

he thinks summers thinks they're all

1725

01:05:19,430 --> 01:05:16,960

doing the same things but they're in

1726

01:05:21,589 --> 01:05:19,440

competition with each other

1727

01:05:23,910 --> 01:05:21,599

and sims goes any benevolent and then

1728

01:05:25,270 --> 01:05:23,920

summers goes yes the allies of humanity

1729

01:05:28,309 --> 01:05:25,280

somebody sent me something about the

1730

01:05:30,710 --> 01:05:28,319

allies of humanity

1731

01:05:32,230 --> 01:05:30,720

hey guy how's it going shea cereal oh my

1732

01:05:35,510 --> 01:05:32,240

god these are people

1733

01:05:38,150 --> 01:05:35,520

you know shay i met in college in the

1734

01:05:40,549 --> 01:05:38,160

late 80s so these people go way back

1735

01:05:41,829 --> 01:05:40,559

great to see them in here

1736

01:05:43,510 --> 01:05:41,839

mark asked do you think there are any

1737

01:05:44,309 --> 01:05:43,520

benevolent beings here

1738

01:05:47,510 --> 01:05:44,319

uh

1739

01:05:49,670 --> 01:05:47,520

summers goes yes the allies of humanity

1740

01:05:51,270 --> 01:05:49,680

but they have withdrawn because we can't

1741

01:05:53,349 --> 01:05:51,280

discern the difference between friend

1742

01:05:54,710 --> 01:05:53,359

and foe

1743

01:06:02,549 --> 01:05:54,720

and

1744

01:06:04,549 --> 01:06:02,559

make contact with the benevolent beings

1745

01:06:05,589 --> 01:06:04,559

and summers goes they're not here they

1746

01:06:07,829 --> 01:06:05,599

left

1747

01:06:09,910 --> 01:06:07,839

mark says i have met individuals and i'm

1748

01:06:11,670 --> 01:06:09,920

one and have been given history of these

1749

01:06:12,950 --> 01:06:11,680

racess and a background in what's

1750

01:06:14,950 --> 01:06:12,960

happening on this earth i think

1751

01:06:16,470 --> 01:06:14,960

benevolent forces are available if we

1752

01:06:18,710 --> 01:06:16,480

reach out

1753

01:06:20,069 --> 01:06:18,720

and that's the problem with channeling

1754

01:06:22,230 --> 01:06:20,079

or this information it's so

1755

01:06:24,390 --> 01:06:22,240

contradictory even right here you know

1756

01:06:26,549 --> 01:06:24,400

it's so contradictory you cannot rely on

1757

01:06:28,230 --> 01:06:26,559

any of this information oh they're here

1758

01:06:29,589 --> 01:06:28,240

they're not here they left they're good

1759

01:06:33,990 --> 01:06:29,599

they're negative

1760

01:06:35,589 --> 01:06:34,000

any any possibility and and

1761

01:06:37,029 --> 01:06:35,599

combinations of what's going on and you

1762

01:06:38,230 --> 01:06:37,039

can find it if you read all these

1763

01:06:40,150 --> 01:06:38,240

different books

1764

01:06:41,829 --> 01:06:40,160

uh experience and i'm you know i'm sorry

1765

01:06:43,190 --> 01:06:41,839

it's just the case what it is so we

1766

01:06:46,150 --> 01:06:43,200

don't know what the hell is going on and

1767

01:06:48,390 --> 01:06:46,160

i don't know what's going on um

1768

01:06:50,069 --> 01:06:48,400

summer says i respect mark's experience

1769

01:06:51,990 --> 01:06:50,079

you know but look into the allies of

1770

01:06:53,349 --> 01:06:52,000

humanity i think is i don't know if all

1771

01:06:55,910 --> 01:06:53,359

of his books are available online for

1772

01:06:58,069 --> 01:06:55,920

free i know his first one is for free

1773

01:07:00,150 --> 01:06:58,079

um he goes

1774

01:07:01,270 --> 01:07:00,160

who is here why are they here what's

1775

01:07:02,870 --> 01:07:01,280

driving them

1776

01:07:04,710 --> 01:07:02,880

you know it's very far out i understand

1777

01:07:07,349 --> 01:07:04,720

that and it's not scientific but it's

1778

01:07:08,950 --> 01:07:07,359

easy to read and danny says is it viable

1779

01:07:10,789 --> 01:07:08,960

to expand out to other people to

1780

01:07:12,630 --> 01:07:10,799

participate in an end goal of reaching

1781

01:07:13,910 --> 01:07:12,640

out to communicate with these allies of

1782

01:07:16,230 --> 01:07:13,920

yours that you're talking about they're

1783

01:07:18,069 --> 01:07:16,240

not allies of his but i guess they're

1784

01:07:20,230 --> 01:07:18,079

extraterrestrials who could have been

1785

01:07:21,990 --> 01:07:20,240

allies if they hadn't left

1786

01:07:24,309 --> 01:07:22,000

he goes can you be the ambassador and

1787

01:07:26,309 --> 01:07:24,319

mark says summers goes i don't know

1788

01:07:28,230 --> 01:07:26,319

i'm i'm still in touch with uh you know

1789

01:07:30,230 --> 01:07:28,240

there's four sets of briefings over a

1790

01:07:32,309 --> 01:07:30,240

22-year period we need to try to

1791

01:07:33,270 --> 01:07:32,319

understand what's going on in our local

1792

01:07:35,349 --> 01:07:33,280

world

1793

01:07:37,750 --> 01:07:35,359

you know it's physical

1794

01:07:40,630 --> 01:07:37,760

me as an ambassador i mean i can query

1795

01:07:42,549 --> 01:07:40,640

the source whoever this leader of the

1796

01:07:43,829 --> 01:07:42,559

allies of humanity is you know but

1797

01:07:46,150 --> 01:07:43,839

they're far away right now they were

1798

01:07:47,990 --> 01:07:46,160

driven away from our solar system trying

1799

01:07:50,390 --> 01:07:48,000

to comprehend the non-human universe

1800

01:07:52,390 --> 01:07:50,400

from a human perspective you know

1801

01:07:54,549 --> 01:07:52,400

communications with them comes in seven

1802

01:07:56,710 --> 01:07:54,559

year intervals i don't know why he said

1803

01:07:59,510 --> 01:07:56,720

we need to use our native

1804

01:08:02,309 --> 01:07:59,520

inner psychic wisdom to get some sort of

1805

01:08:03,670 --> 01:08:02,319

idea of what we're dealing with

1806

01:08:06,789 --> 01:08:03,680

problem is everybody's going to see it

1807

01:08:08,230 --> 01:08:06,799

from a different view so

1808

01:08:09,910 --> 01:08:08,240

too objective

1809

01:08:11,910 --> 01:08:09,920

danny says all of us are aware of the

1810

01:08:14,309 --> 01:08:11,920

sixth sense of knowledge we're we're

1811

01:08:16,870 --> 01:08:14,319

we're requesting additional counsel

1812

01:08:19,430 --> 01:08:16,880

we may be offered beads on our island of

1813

01:08:20,789 --> 01:08:19,440

earth he goes

1814

01:08:22,390 --> 01:08:20,799

talking about the spaniards making an

1815

01:08:24,709 --> 01:08:22,400

analogy he goes but we can all become

1816

01:08:27,030 --> 01:08:24,719

creators with our new reality we have

1817

01:08:29,669 --> 01:08:27,040

big problems on this planet uh climate

1818

01:08:31,749 --> 01:08:29,679

change and related issues so what can we

1819

01:08:34,149 --> 01:08:31,759

do to overcome our human failings and

1820

01:08:36,149 --> 01:08:34,159

avoid this catastrophe earth is on fire

1821

01:08:38,550 --> 01:08:36,159

and our days are dwindling

1822

01:08:40,470 --> 01:08:38,560

at least it's a positive message no it's

1823

01:08:42,070 --> 01:08:40,480

reality you know i know michael if he

1824

01:08:43,189 --> 01:08:42,080

sees this he's been thinking about that

1825

01:08:44,630 --> 01:08:43,199

and

1826

01:08:46,070 --> 01:08:44,640

i don't know where we're heading not

1827

01:08:48,309 --> 01:08:46,080

looking good right now i'm not sure how

1828

01:08:50,470 --> 01:08:48,319

close we are to getting you know beyond

1829

01:08:53,189 --> 01:08:50,480

repair we may have gone over that

1830

01:08:55,749 --> 01:08:53,199

precipice as

1831

01:08:57,110 --> 01:08:55,759

somebody said earlier um danny says

1832

01:08:58,309 --> 01:08:57,120

thank you all for the conversation we'll

1833

01:09:01,110 --> 01:08:58,319

convene again

1834

01:09:02,709 --> 01:09:01,120

now let's go suck our heads and cool off

1835

01:09:05,189 --> 01:09:02,719

and remember jeff it's only in your

1836

01:09:07,430 --> 01:09:05,199

imagination and tribal goals i never

1837

01:09:10,630 --> 01:09:07,440

said that and they all laugh

1838

01:09:23,669 --> 01:09:10,640

all right let me pull this one

1839

01:09:30,309 --> 01:09:25,829

power i have power and it's 6 19 i got

1840

01:09:30,319 --> 01:09:39,669

all right questions i got 10 minutes

1841

01:09:44,870 --> 01:09:41,430

any questions

1842

01:09:49,910 --> 01:09:46,309

nothing about cookie where he's met his

1843

01:09:54,149 --> 01:09:51,349

all right then i have 10 minutes for the

1844

01:09:56,390 --> 01:09:54,159

next lecture

1845

01:09:58,149 --> 01:09:56,400

i appreciate the donations i appreciate

1846

01:09:58,950 --> 01:09:58,159

you guys listening

1847

01:10:00,709 --> 01:09:58,960

um

1848

01:10:02,550 --> 01:10:00,719

i don't know if lou was still speaking

1849

01:10:03,910 --> 01:10:02,560

on the celebrity review

1850

01:10:07,750 --> 01:10:03,920

if he is

1851

01:10:13,590 --> 01:10:11,830

last last chance last call questions

1852

01:10:14,790 --> 01:10:13,600

did anyone talk about the 23 minute

1853

01:10:16,550 --> 01:10:14,800

video nope

1854

01:10:20,709 --> 01:10:16,560

nobody has spoken about the 23-minute

1855

01:10:24,149 --> 01:10:20,719

video uh i think lou is speaking soon

1856

01:10:26,229 --> 01:10:24,159

ufos and nukes were a very brief part of

1857

01:10:27,669 --> 01:10:26,239

a couple of conversations

1858

01:10:30,709 --> 01:10:27,679

um

1859

01:10:32,550 --> 01:10:30,719

they didn't get into uh

1860

01:10:34,070 --> 01:10:32,560

they didn't get into what it could mean

1861

01:10:35,590 --> 01:10:34,080

but i'm sure if you ask the panel they

1862

01:10:37,669 --> 01:10:35,600

would see it differently you know one

1863

01:10:39,030 --> 01:10:37,679

group one i would see one you know mark

1864

01:10:41,110 --> 01:10:39,040

would see it as

1865

01:10:42,550 --> 01:10:41,120

them trying to tell us to stop our nukes

1866

01:10:43,910 --> 01:10:42,560

because we're gonna blow ourselves up

1867

01:10:45,350 --> 01:10:43,920

and then i would think marshall summers

1868

01:10:46,790 --> 01:10:45,360

would say yeah

1869

01:10:48,229 --> 01:10:46,800

they're trying to get us from stop

1870

01:10:49,990 --> 01:10:48,239

blowing up the planet because they need

1871

01:10:52,229 --> 01:10:50,000

to plant it after we're gone and they

1872

01:10:54,149 --> 01:10:52,239

wipe us out so

1873

01:10:56,149 --> 01:10:54,159

um

1874

01:10:58,229 --> 01:10:56,159

and i think

1875

01:10:59,830 --> 01:10:58,239

robert salas is supposed to have a press

1876

01:11:01,830 --> 01:10:59,840

conference he's raising money for that

1877

01:11:03,430 --> 01:11:01,840

or of an event or documentary i'm not

1878

01:11:04,310 --> 01:11:03,440

sure which one it was

1879

01:11:07,270 --> 01:11:04,320

um

1880

01:11:07,280 --> 01:11:10,709

6 21

1881

01:11:16,149 --> 01:11:11,510

and

1882

01:11:22,709 --> 01:11:19,590

you're welcome you're welcome

1883

01:11:25,430 --> 01:11:24,149

ray hernandez

1884

01:11:27,910 --> 01:11:25,440

is coming up

1885

01:11:29,430 --> 01:11:27,920

at the conference and the free study and

1886

01:11:30,709 --> 01:11:29,440

i know people have problems with that

1887

01:11:32,390 --> 01:11:30,719

study

1888

01:11:34,790 --> 01:11:32,400

i don't know what to think

1889

01:11:36,229 --> 01:11:34,800

i hear so many it's it's

1890

01:11:38,390 --> 01:11:36,239

somebody said what am i getting out of

1891

01:11:40,070 --> 01:11:38,400

this conference um that we don't know

1892

01:11:41,910 --> 01:11:40,080

what the hell is going on that's what

1893

01:11:43,110 --> 01:11:41,920

i'm getting and if we don't get more

1894

01:11:44,550 --> 01:11:43,120

data i don't know how we're going to

1895

01:11:45,830 --> 01:11:44,560

figure out what's going on that's the

1896

01:11:47,430 --> 01:11:45,840

problem

1897

01:11:51,510 --> 01:11:47,440

people who tell you they know what's

1898

01:11:55,270 --> 01:11:53,430

avoid folks like that i mean for the

1899

01:11:56,470 --> 01:11:55,280

most part i don't see that but i do get

1900

01:11:58,070 --> 01:11:56,480

people on twitter saying well this is

1901

01:11:59,750 --> 01:11:58,080

what's going on and this is what's going

1902

01:12:01,350 --> 01:11:59,760

on i'm like all right i mean i don't

1903

01:12:02,790 --> 01:12:01,360

know so

1904

01:12:05,830 --> 01:12:02,800

i'm gonna take a five minute break and

1905

01:12:07,430 --> 01:12:05,840

then go do uh i probably won't do this

1906

01:12:08,709 --> 01:12:07,440

do this again tomorrow because i thought

1907

01:12:10,550 --> 01:12:08,719

it was okay tonight better than

1908

01:12:11,350 --> 01:12:10,560

yesterday

1909

01:12:13,750 --> 01:12:11,360

so

1910

01:12:15,990 --> 01:12:13,760

gonna go watch

1911

01:12:17,990 --> 01:12:16,000

ray hernandez i'm not sure if i'll take

1912

01:12:19,910 --> 01:12:18,000

notes or wait i'm not even sure if i'm

1913

01:12:21,350 --> 01:12:19,920

gonna transcribe that i really need to

1914

01:12:22,630 --> 01:12:21,360

transcribe this

1915

01:12:25,030 --> 01:12:22,640

panel because i thought it was really

1916

01:12:26,390 --> 01:12:25,040

good to show all sides of people and

1917

01:12:27,990 --> 01:12:26,400

there's no consensus on what we're

1918

01:12:29,990 --> 01:12:28,000

dealing with i really

1919

01:12:31,510 --> 01:12:30,000

think it was great of danny to ask

1920

01:12:33,590 --> 01:12:31,520

people who had different views on what

1921

01:12:35,189 --> 01:12:33,600

we're dealing with especially since

1922

01:12:37,189 --> 01:12:35,199

he talks about trying to communicate

1923

01:12:40,070 --> 01:12:37,199

with these beings all the time and mark

1924

01:12:42,070 --> 01:12:40,080

doing ce5 type stuff so you know i don't

1925

01:12:43,830 --> 01:12:42,080

know what mark's thinking but danny

1926

01:12:46,310 --> 01:12:43,840

seemed to enjoy the debate i mean he's a

1927

01:12:48,390 --> 01:12:46,320

lawyer so he's used to it um but anyway

1928

01:12:49,990 --> 01:12:48,400

all right thanks guys i will see you
