

Ralph  
Blumenthal

43

1  
00:00:08,870 --> 00:00:05,510  
all right this should be

2  
00:00:11,390 --> 00:00:08,880  
the third and final part

3  
00:00:14,070 --> 00:00:11,400  
of the brady bunch

4  
00:00:18,790 --> 00:00:14,080  
disclosure edition

5  
00:00:21,830 --> 00:00:20,150  
if you

6  
00:00:24,150 --> 00:00:21,840  
want to communicate usually twitter is

7  
00:00:25,189 --> 00:00:24,160  
best and my blog is there

8  
00:00:27,189 --> 00:00:25,199  
which

9  
00:00:28,830 --> 00:00:27,199  
the transcript the transcript of this

10  
00:00:31,830 --> 00:00:28,840  
will be on my

11  
00:00:36,790 --> 00:00:31,840  
blog and

12  
00:00:41,430 --> 00:00:39,030  
patreon

13  
00:00:46,549 --> 00:00:41,440

very simple

14

00:00:49,670 --> 00:00:48,869

vimeo

15

00:00:52,310 --> 00:00:49,680

and

16

00:00:55,750 --> 00:00:52,320

we'll get back to where we left off

17

00:01:00,869 --> 00:00:58,630

we left off lou had just

18

00:01:03,270 --> 00:01:00,879

finished

19

00:01:04,630 --> 00:01:03,280

talking about

20

00:01:06,789 --> 00:01:04,640

how

21

00:01:09,270 --> 00:01:06,799

yeah this field

22

00:01:10,710 --> 00:01:09,280

is a mess

23

00:01:18,390 --> 00:01:10,720

and

24

00:01:21,109 --> 00:01:18,400

off he goes i gotta say one of the

25

00:01:23,429 --> 00:01:21,119

fascinating things about this is and

26

00:01:24,789 --> 00:01:23,439

john mack wrestled with this as danny

27

00:01:26,710 --> 00:01:24,799

knows

28

00:01:29,350 --> 00:01:26,720

some people have had these insights or

29

00:01:32,069 --> 00:01:29,360

contacts like you marshall

30

00:01:32,789 --> 00:01:32,079

and others have not like john mack and

31

00:01:34,789 --> 00:01:32,799

me

32

00:01:36,870 --> 00:01:34,799

and the people who have not had these

33

00:01:39,830 --> 00:01:36,880

contacts find them very difficult to

34

00:01:42,230 --> 00:01:39,840

believe and the people who have had them

35

00:01:43,510 --> 00:01:42,240

find them impossible to disbelieve so

36

00:01:45,030 --> 00:01:43,520

the question is

37

00:01:48,230 --> 00:01:45,040

and this is something that might be

38

00:01:49,990 --> 00:01:48,240

amenable to scientific investigation

39

00:01:52,310 --> 00:01:50,000

what marks the difference between the

40

00:01:54,950 --> 00:01:52,320

different people why do some people have

41

00:01:57,270 --> 00:01:54,960

this ability or have

42

00:01:59,910 --> 00:01:57,280

these experiences and other people do

43

00:02:01,830 --> 00:01:59,920

not and what strikes me as

44

00:02:03,670 --> 00:02:01,840

something that is

45

00:02:05,429 --> 00:02:03,680

worthy of scientific investigation

46

00:02:06,950 --> 00:02:05,439

because in the end the only way we're

47

00:02:08,150 --> 00:02:06,960

ever going to find out about we're ever

48

00:02:09,270 --> 00:02:08,160

going to get these stories into the

49

00:02:11,910 --> 00:02:09,280

paper

50

00:02:15,910 --> 00:02:11,920

or this phenomenon examined

51  
00:02:17,830 --> 00:02:15,920  
is by some means of authentication

52  
00:02:20,150 --> 00:02:17,840  
either it's the government saying

53  
00:02:22,869 --> 00:02:20,160  
something so we're more inclined to

54  
00:02:24,869 --> 00:02:22,879  
believe it or it's lou putting his name

55  
00:02:25,990 --> 00:02:24,879  
on something that gets it into the new

56  
00:02:28,550 --> 00:02:26,000  
york times

57  
00:02:31,110 --> 00:02:28,560  
but just an anecdotal account with all

58  
00:02:33,190 --> 00:02:31,120  
due respect marshall

59  
00:02:35,430 --> 00:02:33,200  
is not going to get it get it into the

60  
00:02:37,430 --> 00:02:35,440  
new york times because no one knows what

61  
00:02:40,550 --> 00:02:37,440  
to make of it

62  
00:02:42,790 --> 00:02:40,560  
and danny jumps in and says

63  
00:02:44,470 --> 00:02:42,800

let's go to let's go to adam you were

64

00:02:46,229 --> 00:02:44,480

you were right ralph in referring this

65

00:02:48,150 --> 00:02:46,239

to adam adam what's your sense about

66

00:02:50,309 --> 00:02:48,160

this and can you share

67

00:02:52,150 --> 00:02:50,319

surprisingly enough a lot of people are

68

00:02:53,589 --> 00:02:52,160

not aware of the remote viewing stuff

69

00:02:55,830 --> 00:02:53,599

that was done by

70

00:02:58,710 --> 00:02:55,840

the stanford research institute and hal

71

00:03:01,910 --> 00:02:58,720

put off and the office office of naval

72

00:03:04,149 --> 00:03:01,920

intelligence in the military

73

00:03:06,470 --> 00:03:04,159

i may totally be off on this and this is

74

00:03:08,550 --> 00:03:06,480

me speaking but i've never heard the

75

00:03:10,550 --> 00:03:08,560

office of naval intelligence

76

00:03:13,190 --> 00:03:10,560

be connected to the remote viewing

77

00:03:15,750 --> 00:03:13,200

program and i may just not know that but

78

00:03:17,990 --> 00:03:15,760

i think danny may be mistaking

79

00:03:20,309 --> 00:03:18,000

their connection to the uap task force

80

00:03:22,790 --> 00:03:20,319

and you know blending it in with the

81

00:03:24,869 --> 00:03:22,800

remote viewing not a 100 sure but i've

82

00:03:26,710 --> 00:03:24,879

never heard it come up

83

00:03:28,710 --> 00:03:26,720

so

84

00:03:30,070 --> 00:03:28,720

danny asks adam you know share a little

85

00:03:32,309 --> 00:03:30,080

bit about what you know about remote

86

00:03:34,070 --> 00:03:32,319

viewing and your view of the credibility

87

00:03:36,070 --> 00:03:34,080

of that and how it relates to you know

88

00:03:39,509 --> 00:03:36,080

if at all to the kind of research you

89

00:03:41,830 --> 00:03:40,309

and

90

00:03:43,670 --> 00:03:41,840

adam says

91

00:03:46,949 --> 00:03:43,680

and adam talks very

92

00:03:48,550 --> 00:03:46,959

carefully he's like dean rayden

93

00:03:50,869 --> 00:03:48,560

adam says

94

00:03:53,750 --> 00:03:50,879

there's the question of the authenticity

95

00:03:56,149 --> 00:03:53,760

of the piece of the psy research

96

00:03:58,869 --> 00:03:56,159

which is pretty well documented as i

97

00:04:00,630 --> 00:03:58,879

discussed there's also the question of

98

00:04:02,869 --> 00:04:00,640

is there something unique about

99

00:04:05,429 --> 00:04:02,879

individuals who have these capab

100

00:04:08,149 --> 00:04:05,439

capacities that might open a door for

101  
00:04:09,429 --> 00:04:08,159  
more empirical evidence for these things

102  
00:04:11,509 --> 00:04:09,439  
and there is some

103  
00:04:14,550 --> 00:04:11,519  
one of the things that the pear lab and

104  
00:04:16,949 --> 00:04:14,560  
psy research in general however have

105  
00:04:18,390 --> 00:04:16,959  
discovered is that while there are some

106  
00:04:23,749 --> 00:04:18,400  
superstars

107  
00:04:28,390 --> 00:04:23,759  
joe mcmonacle ingo swann

108  
00:04:33,670 --> 00:04:30,790  
and that one intuitive the medical

109  
00:04:36,870 --> 00:04:33,680  
intuitive who was in my kit green

110  
00:04:38,230 --> 00:04:36,880  
transcript and kit green also names uri

111  
00:04:40,710 --> 00:04:38,240  
geller and

112  
00:04:43,030 --> 00:04:40,720  
people may say oh early uri geller is a

113  
00:04:45,110 --> 00:04:43,040

fraud but

114

00:04:47,909 --> 00:04:45,120

kit green has been doing this for a long

115

00:04:50,310 --> 00:04:47,919

time so when he says uri geller is one

116

00:04:52,390 --> 00:04:50,320

of the people that is accurate most of

117

00:04:54,070 --> 00:04:52,400

the time when it comes to

118

00:04:56,150 --> 00:04:54,080

data that you can

119

00:04:59,590 --> 00:04:56,160

check up on you know you can verify like

120

00:05:01,990 --> 00:04:59,600

medical data i listen to kid green

121

00:05:03,749 --> 00:05:02,000

he goes adam says while there are some

122

00:05:05,270 --> 00:05:03,759

people who are superstars everybody

123

00:05:06,950 --> 00:05:05,280

seems to have these abilities it seems

124

00:05:08,629 --> 00:05:06,960

to be more related to the nature of

125

00:05:10,950 --> 00:05:08,639

consciousness itself

126  
00:05:12,150 --> 00:05:10,960  
than the skills with which an individual

127  
00:05:14,230 --> 00:05:12,160  
wields it

128  
00:05:15,670 --> 00:05:14,240  
now there are superstars

129  
00:05:17,430 --> 00:05:15,680  
there's some evidence that people who

130  
00:05:19,430 --> 00:05:17,440  
have high levels of gamma brain

131  
00:05:21,510 --> 00:05:19,440  
functioning

132  
00:05:24,550 --> 00:05:21,520  
in the brain that creates uh it creates

133  
00:05:25,350 --> 00:05:24,560  
creates a coherence in the brain

134  
00:05:27,670 --> 00:05:25,360  
and

135  
00:05:29,430 --> 00:05:27,680  
in these moments are more given to let's

136  
00:05:30,629 --> 00:05:29,440  
call it weird ability so people who have

137  
00:05:33,670 --> 00:05:30,639  
high gamma

138  
00:05:35,270 --> 00:05:33,680

brain function and functioning

139

00:05:37,110 --> 00:05:35,280

are more likely to have these weird

140

00:05:39,029 --> 00:05:37,120

abilities but then he says

141

00:05:41,029 --> 00:05:39,039

the problem is though because there are

142

00:05:42,790 --> 00:05:41,039

people who are schizophrenic who also

143

00:05:45,029 --> 00:05:42,800

have high levels of gamma so maybe

144

00:05:47,510 --> 00:05:45,039

that's not really a good example

145

00:05:49,909 --> 00:05:47,520

um he did he says they did a study

146

00:05:51,510 --> 00:05:49,919

at pear and here's the study i'm just

147

00:05:53,189 --> 00:05:51,520

going to tell you how i know the study

148

00:05:54,790 --> 00:05:53,199

because i read his

149

00:05:55,990 --> 00:05:54,800

explanation

150

00:05:58,550 --> 00:05:56,000

you get a room

151  
00:06:01,510 --> 00:05:58,560  
and four corners and you put a plant

152  
00:06:03,350 --> 00:06:01,520  
that needs light like all plants and you

153  
00:06:05,350 --> 00:06:03,360  
put it in one of the corners

154  
00:06:07,510 --> 00:06:05,360  
and you have a growing bulb

155  
00:06:09,670 --> 00:06:07,520  
at the top of the room

156  
00:06:11,430 --> 00:06:09,680  
and it goes in one of four directions

157  
00:06:14,230 --> 00:06:11,440  
the four corners

158  
00:06:16,950 --> 00:06:14,240  
and you use a random number generator

159  
00:06:18,550 --> 00:06:16,960  
that spits out one two three or four and

160  
00:06:20,710 --> 00:06:18,560  
one is one corner two is the other

161  
00:06:22,309 --> 00:06:20,720  
corner corner three is the other corner

162  
00:06:25,110 --> 00:06:22,319  
and four is the other corner

163  
00:06:27,670 --> 00:06:25,120

one of those corners is the plant

164

00:06:30,390 --> 00:06:27,680

so randomly you would expect the random

165

00:06:33,670 --> 00:06:30,400

number generator to point in each corner

166

00:06:35,430 --> 00:06:33,680

of the room four corners you know 25

167

00:06:38,550 --> 00:06:35,440

percent of the time

168

00:06:40,790 --> 00:06:38,560

but what they find is

169

00:06:43,270 --> 00:06:40,800

it's shining in the corner where the

170

00:06:44,390 --> 00:06:43,280

plant is more than 25

171

00:06:47,189 --> 00:06:44,400

so this was

172

00:06:50,550 --> 00:06:47,199

not a peer-reviewed study

173

00:06:53,189 --> 00:06:50,560

it was published as a technical report

174

00:06:55,189 --> 00:06:53,199

it has not been replicated but

175

00:06:57,350 --> 00:06:55,199

you know it's really interesting if

176

00:07:00,230 --> 00:06:57,360

that's what's going on

177

00:07:01,909 --> 00:07:00,240

because as adam says he says

178

00:07:05,350 --> 00:07:01,919

i think it's important because it tells

179

00:07:08,150 --> 00:07:05,360

us that this is what consciousness does

180

00:07:10,150 --> 00:07:08,160

you know basically the plant is willing

181

00:07:13,510 --> 00:07:10,160

the random number generator

182

00:07:14,390 --> 00:07:13,520

to shine the light on the plant more

183

00:07:16,710 --> 00:07:14,400

often

184

00:07:20,150 --> 00:07:16,720

than it does in the other three corners

185

00:07:21,749 --> 00:07:20,160

um and but then adam says you know

186

00:07:24,070 --> 00:07:21,759

he says consciousness consciousness

187

00:07:26,309 --> 00:07:24,080

itself bends the fabric of space-time in

188

00:07:28,390 --> 00:07:26,319

the direction of what supports it

189

00:07:30,710 --> 00:07:28,400

in the direction of its growth and its

190

00:07:32,629 --> 00:07:30,720

evolution but then he says maybe it's an

191

00:07:34,469 --> 00:07:32,639

experimenter effect

192

00:07:36,230 --> 00:07:34,479

you know you can get into this whole

193

00:07:38,629 --> 00:07:36,240

other side of things of of course an

194

00:07:40,790 --> 00:07:38,639

experimenter effect somehow maybe

195

00:07:42,950 --> 00:07:40,800

the consciousness of the experimenters

196

00:07:45,350 --> 00:07:42,960

is having effect an effect and it's not

197

00:07:48,070 --> 00:07:45,360

the plant that's doing it

198

00:07:49,749 --> 00:07:48,080

either way that would be impressive

199

00:07:51,430 --> 00:07:49,759

so he goes you know it's just something

200

00:07:53,749 --> 00:07:51,440

to keep in mind this is just sort of

201

00:07:55,189 --> 00:07:53,759

what consciousness does now

202

00:07:57,350 --> 00:07:55,199

is that going to get it into the new

203

00:07:59,029 --> 00:07:57,360

york times

204

00:08:03,189 --> 00:07:59,039

probably not

205

00:08:06,790 --> 00:08:05,270

that might get into science times by the

206

00:08:09,110 --> 00:08:06,800

way that's that's an interesting

207

00:08:10,469 --> 00:08:09,120

experiment and adam says yeah that's an

208

00:08:12,309 --> 00:08:10,479

interesting one

209

00:08:14,869 --> 00:08:12,319

last thing on this and i'll say that

210

00:08:16,629 --> 00:08:14,879

let's just separate the woo

211

00:08:19,189 --> 00:08:16,639

right but yeah a lot of people have a

212

00:08:21,270 --> 00:08:19,199

problem with the word woo meanwhile adam

213

00:08:22,550 --> 00:08:21,280

lives in the world of woo and he's he

214

00:08:24,950 --> 00:08:22,560

knows you know

215

00:08:26,309 --> 00:08:24,960

he he knows that's that's that's how

216

00:08:28,390 --> 00:08:26,319

some people think of it especially

217

00:08:31,749 --> 00:08:28,400

mainstream scientists he goes so let's

218

00:08:33,829 --> 00:08:31,759

separate the woo separate the atom world

219

00:08:35,750 --> 00:08:33,839

the weird psychic research stuff you

220

00:08:37,990 --> 00:08:35,760

know there's plenty of re there's plenty

221

00:08:40,389 --> 00:08:38,000

of mainstream work on the question of

222

00:08:41,589 --> 00:08:40,399

consciousness right now that's kind of

223

00:08:43,750 --> 00:08:41,599

pointing in the direction that we're

224

00:08:45,190 --> 00:08:43,760

talking about there's a mini revolution

225

00:08:47,670 --> 00:08:45,200

taking place in the philosophy

226

00:08:49,430 --> 00:08:47,680

classrooms at universities surrounding

227

00:08:50,389 --> 00:08:49,440

philosophy of mind

228

00:08:53,030 --> 00:08:50,399

and that

229

00:08:55,590 --> 00:08:53,040

that is this question that if

230

00:08:57,829 --> 00:08:55,600

consciousness is an illusion meaning if

231

00:09:00,070 --> 00:08:57,839

meaning if it's an epiphenomenon

232

00:09:01,670 --> 00:09:00,080

produced by the brain

233

00:09:04,470 --> 00:09:01,680

the question becomes

234

00:09:05,910 --> 00:09:04,480

an allusion to whom right i mean

235

00:09:08,630 --> 00:09:05,920

you have to have consciousness to

236

00:09:11,190 --> 00:09:08,640

experience anything including illusions

237

00:09:12,949 --> 00:09:11,200

so it's very difficult to get behind

238

00:09:14,870 --> 00:09:12,959

consciousness

239

00:09:17,990 --> 00:09:14,880

and from that simple philosophical

240

00:09:19,910 --> 00:09:18,000

argument that is pretty robust it tells

241

00:09:22,389 --> 00:09:19,920

us that there might be something more

242

00:09:24,470 --> 00:09:22,399

which is consciousness deeper than all

243

00:09:28,310 --> 00:09:24,480

of the physical investigations

244

00:09:31,110 --> 00:09:28,320

that we make about the material world

245

00:09:35,430 --> 00:09:33,269

is happening in neuroscience so we

246

00:09:37,190 --> 00:09:35,440

thought for the last 30 years that

247

00:09:40,310 --> 00:09:37,200

neuroimaging

248

00:09:42,550 --> 00:09:40,320

improves as neural imaging improves and

249

00:09:43,590 --> 00:09:42,560

we get finer and finer images of the

250

00:09:45,590 --> 00:09:43,600

brain

251  
00:09:47,509 --> 00:09:45,600  
you know better technology than we're

252  
00:09:49,590 --> 00:09:47,519  
going to find out the place where

253  
00:09:53,590 --> 00:09:49,600  
consciousness comes from right

254  
00:09:55,430 --> 00:09:53,600  
well as neural imaging and fm fmri and

255  
00:09:57,350 --> 00:09:55,440  
all these really wonderful technologies

256  
00:09:58,870 --> 00:09:57,360  
have developed really good science

257  
00:10:00,230 --> 00:09:58,880  
behind it

258  
00:10:02,389 --> 00:10:00,240  
we're no closer to finding where

259  
00:10:04,230 --> 00:10:02,399  
consciousness is in the brain we're

260  
00:10:06,389 --> 00:10:04,240  
further away in fact than we ever

261  
00:10:08,630 --> 00:10:06,399  
thought and in fact it brings up an even

262  
00:10:11,030 --> 00:10:08,640  
deeper point which is

263  
00:10:13,990 --> 00:10:11,040

why is it that subjectivity should be

264

00:10:15,829 --> 00:10:14,000

attendant to brain functioning at all

265

00:10:17,590 --> 00:10:15,839

the brain is just four pounds of cells

266

00:10:18,389 --> 00:10:17,600

in water why do you have to have

267

00:10:20,630 --> 00:10:18,399

something

268

00:10:22,630 --> 00:10:20,640

happening inside of that with the

269

00:10:24,550 --> 00:10:22,640

appreciation of music and the experience

270

00:10:27,350 --> 00:10:24,560

of color and love and resonance and the

271

00:10:29,590 --> 00:10:27,360

whole panoply of subject subjective

272

00:10:31,190 --> 00:10:29,600

phenomena couldn't you just have cells

273

00:10:32,470 --> 00:10:31,200

firing back and forth without the need

274

00:10:35,110 --> 00:10:32,480

for any of that

275

00:10:38,630 --> 00:10:35,120

it seems like very inefficient for

276

00:10:40,470 --> 00:10:38,640

nature to create and yet we have it so

277

00:10:42,069 --> 00:10:40,480

these are mainstream issues with which

278

00:10:43,190 --> 00:10:42,079

we're grappling along the lines of

279

00:10:49,670 --> 00:10:43,200

consciousness

280

00:10:52,870 --> 00:10:49,680

and then ralph jumps in and says

281

00:10:54,550 --> 00:10:52,880

in other words adam it'd be a different

282

00:10:58,310 --> 00:10:54,560

difference between

283

00:10:59,829 --> 00:10:58,320

a.i artificial intelligence

284

00:11:01,430 --> 00:10:59,839

let me start that again he goes in other

285

00:11:02,949 --> 00:11:01,440

words and this is blumenthal in other

286

00:11:06,150 --> 00:11:02,959

words adam it'd be a difference

287

00:11:08,069 --> 00:11:06,160

difference between an ai brain and a

288

00:11:10,790 --> 00:11:08,079

human brain right

289

00:11:11,829 --> 00:11:10,800

and adam jumps right in he says no

290

00:11:13,110 --> 00:11:11,839

no

291

00:11:14,949 --> 00:11:13,120

in fact

292

00:11:16,870 --> 00:11:14,959

i think that we're going to be dealing

293

00:11:19,110 --> 00:11:16,880

with these very questions when we

294

00:11:21,430 --> 00:11:19,120

actually get serious about ai

295

00:11:22,310 --> 00:11:21,440

and we stop just using the term as a way

296

00:11:25,190 --> 00:11:22,320

to get

297

00:11:27,030 --> 00:11:25,200

venture capital funding but if we are if

298

00:11:29,269 --> 00:11:27,040

we are to progress down this road of the

299

00:11:31,509 --> 00:11:29,279

question of what is consciousness and

300

00:11:33,110 --> 00:11:31,519

how we can create it and we're going to

301  
00:11:34,710 --> 00:11:33,120  
have to and we're going we're going to

302  
00:11:37,269 --> 00:11:34,720  
have to look at the fundamental nature

303  
00:11:39,269 --> 00:11:37,279  
of consciousness and probably also the

304  
00:11:40,790 --> 00:11:39,279  
psy research as well

305  
00:11:42,790 --> 00:11:40,800  
and it's going to be a lot more

306  
00:11:45,030 --> 00:11:42,800  
difficult than having a really advanced

307  
00:11:47,990 --> 00:11:45,040  
computer with special machine learning

308  
00:11:53,430 --> 00:11:50,629  
so danny jumps back in

309  
00:11:57,910 --> 00:11:56,069  
so the point is that you know a lot of

310  
00:12:01,350 --> 00:11:57,920  
people don't know this but i was

311  
00:12:03,350 --> 00:12:01,360  
actually shown copies of ostensibly

312  
00:12:05,829 --> 00:12:03,360  
classified information about the studies

313  
00:12:08,069 --> 00:12:05,839

that were being done with remote viewing

314

00:12:08,829 --> 00:12:08,079

at the stanford research institute with

315

00:12:13,030 --> 00:12:08,839

pat

316

00:12:15,030 --> 00:12:13,040

price as it turns out ingo swann who was

317

00:12:17,190 --> 00:12:15,040

one of the major adepts that was working

318

00:12:18,790 --> 00:12:17,200

with them there and by the way ingleswan

319

00:12:20,470 --> 00:12:18,800

was an amazing

320

00:12:23,910 --> 00:12:20,480

new york-based

321

00:12:25,190 --> 00:12:23,920

was there in the very beginning with hal

322

00:12:27,030 --> 00:12:25,200

put off

323

00:12:29,430 --> 00:12:27,040

um

324

00:12:31,110 --> 00:12:29,440

ingo was one of the uh

325

00:12:33,110 --> 00:12:31,120

he wasn't a volunteer he got paid you

326

00:12:34,790 --> 00:12:33,120

know he did experiments with hal and

327

00:12:37,110 --> 00:12:34,800

that's how they came up with the remote

328

00:12:38,870 --> 00:12:37,120

viewing protocol with russell targe and

329

00:12:41,110 --> 00:12:38,880

some other folks

330

00:12:42,629 --> 00:12:41,120

but danny says that ingo swan was also a

331

00:12:44,150 --> 00:12:42,639

high level clear in the church of

332

00:12:46,470 --> 00:12:44,160

scientology

333

00:12:49,030 --> 00:12:46,480

that is not true that was that was pat

334

00:12:50,870 --> 00:12:49,040

price um and he says you know ingo was

335

00:12:52,150 --> 00:12:50,880

providing deep inside classified

336

00:12:53,590 --> 00:12:52,160

documentation to the church of

337

00:12:55,350 --> 00:12:53,600

scientology

338

00:12:57,350 --> 00:12:55,360

that was not that was not ingo that was

339

00:12:59,829 --> 00:12:57,360

pat price richard dolan jumps in and

340

00:13:01,990 --> 00:12:59,839

says i think that was pat price

341

00:13:03,670 --> 00:13:02,000

and and sheen was like nope nope it was

342

00:13:07,990 --> 00:13:03,680

ingleswan

343

00:13:09,750 --> 00:13:08,000

uh but it was pat price and

344

00:13:11,990 --> 00:13:09,760

danny says he saw the documents about

345

00:13:13,910 --> 00:13:12,000

this and the capabilities that pat price

346

00:13:16,470 --> 00:13:13,920

displayed or something that almost no

347

00:13:17,750 --> 00:13:16,480

one could conceive of his capabilities

348

00:13:20,230 --> 00:13:17,760

of learning how to do this and then

349

00:13:21,509 --> 00:13:20,240

being able to do this

350

00:13:23,829 --> 00:13:21,519

you know he could and i'm gonna i'm

351  
00:13:25,829 --> 00:13:23,839  
gonna explain in my own words because

352  
00:13:29,430 --> 00:13:25,839  
basically what was amazing about pat

353  
00:13:33,030 --> 00:13:29,440  
price his accuracy and details but

354  
00:13:36,389 --> 00:13:33,040  
one of the things he was able to do is

355  
00:13:38,870 --> 00:13:36,399  
actually read if there was a document

356  
00:13:40,550 --> 00:13:38,880  
in the area where he was remote viewing

357  
00:13:42,470 --> 00:13:40,560  
he could read

358  
00:13:44,150 --> 00:13:42,480  
the title of the document and that is

359  
00:13:45,750 --> 00:13:44,160  
something i don't know anybody else that

360  
00:13:47,189 --> 00:13:45,760  
can do that if there are people i have

361  
00:13:49,350 --> 00:13:47,199  
not heard of it

362  
00:13:50,949 --> 00:13:49,360  
and that's important because

363  
00:13:51,990 --> 00:13:50,959

one of the targets early on they were

364

00:13:54,629 --> 00:13:52,000

giving

365

00:13:55,670 --> 00:13:54,639

kit green got a target for them to work

366

00:13:57,670 --> 00:13:55,680

and

367

00:13:59,110 --> 00:13:57,680

some guy gave him kick green the target

368

00:14:01,670 --> 00:13:59,120

kit green did not know what the target

369

00:14:04,310 --> 00:14:01,680

was it turned out it was a cabin

370

00:14:06,870 --> 00:14:04,320

really boring target but ingoswan and

371

00:14:08,790 --> 00:14:06,880

pat price started describing like this

372

00:14:11,110 --> 00:14:08,800

facility behind

373

00:14:12,790 --> 00:14:11,120

razor wire fences

374

00:14:18,550 --> 00:14:12,800

and

375

00:14:20,710 --> 00:14:18,560

pat price quote unquote entered

376

00:14:23,269 --> 00:14:20,720

psychically into this one building and

377

00:14:25,590 --> 00:14:23,279

he began to read

378

00:14:28,069 --> 00:14:25,600

the names on these folders and it turned

379

00:14:30,550 --> 00:14:28,079

out the names were

380

00:14:31,829 --> 00:14:30,560

the names of secret uh special access

381

00:14:33,430 --> 00:14:31,839

programs

382

00:14:34,949 --> 00:14:33,440

allegedly that's what pat price was

383

00:14:36,870 --> 00:14:34,959

doing he was reading the names of

384

00:14:39,110 --> 00:14:36,880

special access programs

385

00:14:40,710 --> 00:14:39,120

which would be if that's true

386

00:14:41,910 --> 00:14:40,720

what an amazing thing and what an

387

00:14:43,430 --> 00:14:41,920

amazing

388

00:14:44,949 --> 00:14:43,440

horrible thing for a government if you

389

00:14:46,629 --> 00:14:44,959

have a special access program and you

390

00:14:48,949 --> 00:14:46,639

have a code word meanwhile here's this

391

00:14:50,870 --> 00:14:48,959

guy who can read it using his psychic

392

00:14:53,430 --> 00:14:50,880

abilities so that caused a lot of

393

00:14:55,350 --> 00:14:53,440

problems and lou jumped in and he said

394

00:14:57,590 --> 00:14:55,360

you know pat price got in trouble for

395

00:14:59,590 --> 00:14:57,600

that danny you know that and dolan's

396

00:15:01,750 --> 00:14:59,600

like that's right that's right and and

397

00:15:03,990 --> 00:15:01,760

danny's like yeah i know

398

00:15:05,990 --> 00:15:04,000

and uh

399

00:15:07,670 --> 00:15:06,000

basically

400

00:15:09,430 --> 00:15:07,680

they investigated they tried to figure

401

00:15:11,750 --> 00:15:09,440

out how are you guys finding out

402

00:15:13,670 --> 00:15:11,760

information about special access program

403

00:15:16,150 --> 00:15:13,680

code words and you know and there was an

404

00:15:18,069 --> 00:15:16,160

investigation but you know it was

405

00:15:18,870 --> 00:15:18,079

nobody had leaked classified information

406

00:15:21,829 --> 00:15:18,880

it was

407

00:15:23,590 --> 00:15:21,839

with that information

408

00:15:25,269 --> 00:15:23,600

using his abilities

409

00:15:28,150 --> 00:15:25,279

his sixth sense

410

00:15:30,230 --> 00:15:28,160

so then danny jumps and he says

411

00:15:33,110 --> 00:15:30,240

you know i'm talking about capacities of

412

00:15:35,350 --> 00:15:33,120

our human species

413

00:15:37,829 --> 00:15:35,360

to be to be able to do these kinds of

414

00:15:39,350 --> 00:15:37,839

things and and this was danny danny was

415

00:15:40,949 --> 00:15:39,360

talking before so he didn't just jump in

416

00:15:42,389 --> 00:15:40,959

sorry about that because i'm talking

417

00:15:44,310 --> 00:15:42,399

about the capacities of our human

418

00:15:46,230 --> 00:15:44,320

species to be able to do these kinds of

419

00:15:47,749 --> 00:15:46,240

things because

420

00:15:49,749 --> 00:15:47,759

what it is that marshall is talking

421

00:15:52,389 --> 00:15:49,759

about here is met with the same kind of

422

00:15:54,710 --> 00:15:52,399

derision that the ufo phenomenon was met

423

00:15:56,790 --> 00:15:54,720

with 50 years ago and so

424

00:15:58,629 --> 00:15:56,800

if in fact it's true that certain human

425

00:16:00,949 --> 00:15:58,639

beings are capable of discerning

426

00:16:02,870 --> 00:16:00,959

accurate information which

427

00:16:04,949 --> 00:16:02,880

and the unique thing about remote

428

00:16:06,949 --> 00:16:04,959

viewing was that it was able to be

429

00:16:08,710 --> 00:16:06,959

confirmed and basically yeah they were

430

00:16:10,790 --> 00:16:08,720

able to get feedback on that particular

431

00:16:13,189 --> 00:16:10,800

session it was an

432

00:16:15,269 --> 00:16:13,199

nsa facility and there are other targets

433

00:16:16,949 --> 00:16:15,279

you can get feedback on say you know you

434

00:16:19,350 --> 00:16:16,959

do a remote viewing

435

00:16:22,310 --> 00:16:19,360

of a really famous place like the eiffel

436

00:16:24,470 --> 00:16:22,320

tower and if they draw a large structure

437

00:16:27,990 --> 00:16:24,480

thin structure and sometimes they'll say

438

00:16:31,030 --> 00:16:28,000

paris you know you can get feedback

439

00:16:32,949 --> 00:16:31,040

targets like like marshall summers

440

00:16:35,749 --> 00:16:32,959

is doing right now we do not have

441

00:16:37,430 --> 00:16:35,759

feedback we don't know if it's true what

442

00:16:42,150 --> 00:16:37,440

he says about who's visiting us and

443

00:16:42,160 --> 00:16:46,389

so

444

00:16:49,269 --> 00:16:47,990

danny continues he goes yeah they knew

445

00:16:51,350 --> 00:16:49,279

where the sites were they knew what the

446

00:16:52,870 --> 00:16:51,360

data was they were you know

447

00:16:54,710 --> 00:16:52,880

they knew what was in the building that

448

00:16:56,230 --> 00:16:54,720

pat price was able to get into and so

449

00:16:58,710 --> 00:16:56,240

what i'm saying is

450

00:17:00,790 --> 00:16:58,720

if we as a human family are going to try

451  
00:17:03,590 --> 00:17:00,800  
to come to grips with this extraordinary

452  
00:17:05,510 --> 00:17:03,600  
phenomenon that's happening here

453  
00:17:07,429 --> 00:17:05,520  
i think that we need to get access and

454  
00:17:09,429 --> 00:17:07,439  
he's talking about ufo phenomenon i

455  
00:17:11,510 --> 00:17:09,439  
think we need to get access to all of

456  
00:17:13,909 --> 00:17:11,520  
the resources that we have and that we

457  
00:17:15,590 --> 00:17:13,919  
cannot be confined by the limitations of

458  
00:17:17,429 --> 00:17:15,600  
what's going you know what's getting

459  
00:17:19,029 --> 00:17:17,439  
ready to go into the new york times or

460  
00:17:21,590 --> 00:17:19,039  
what the defense department is willing

461  
00:17:23,350 --> 00:17:21,600  
to acknowledge and yeah i agree totally

462  
00:17:25,510 --> 00:17:23,360  
with danny you can't rely on that stuff

463  
00:17:28,230 --> 00:17:25,520

that would limit limit us too much

464

00:17:29,830 --> 00:17:28,240

and danny says and now what with lou

465

00:17:32,230 --> 00:17:29,840

lou and that you've come outside of that

466

00:17:33,510 --> 00:17:32,240

particular community that has all of

467

00:17:35,029 --> 00:17:33,520

those constraints

468

00:17:36,390 --> 00:17:35,039

you know now we're able to assemble a

469

00:17:37,270 --> 00:17:36,400

team of people

470

00:17:38,950 --> 00:17:37,280

uh

471

00:17:40,150 --> 00:17:38,960

with the type of skills that we have

472

00:17:41,590 --> 00:17:40,160

here and he's talking about the people

473

00:17:42,870 --> 00:17:41,600

on the panel

474

00:17:44,630 --> 00:17:42,880

to try to figure out what the hell is

475

00:17:49,350 --> 00:17:44,640

going on

476

00:17:49,360 --> 00:17:59,029

and i will take a drink break

477

00:18:03,990 --> 00:18:01,750

richard dolan pops in says

478

00:18:05,990 --> 00:18:04,000

so

479

00:18:08,470 --> 00:18:06,000

fascinating conversation

480

00:18:10,789 --> 00:18:08,480

i loved hearing adam

481

00:18:12,470 --> 00:18:10,799

i really enjoyed hearing marshall as

482

00:18:14,070 --> 00:18:12,480

well and marshall

483

00:18:16,070 --> 00:18:14,080

i just want you to know for many years

484

00:18:18,230 --> 00:18:16,080

i've had i have your first two books and

485

00:18:20,310 --> 00:18:18,240

i stayed away from them i shied away

486

00:18:22,310 --> 00:18:20,320

because i did not know how to make sense

487

00:18:24,230 --> 00:18:22,320

of the source of your information it was

488

00:18:26,070 --> 00:18:24,240

that simple but i decided that i really

489

00:18:27,590 --> 00:18:26,080

liked i really liked what you were

490

00:18:29,350 --> 00:18:27,600

saying and i agreed with your basic

491

00:18:31,510 --> 00:18:29,360

message

492

00:18:33,110 --> 00:18:31,520

i have a fundamental sympathy to that

493

00:18:34,710 --> 00:18:33,120

and so i thought i'm going to just look

494

00:18:37,029 --> 00:18:34,720

at your work on the basis of what you

495

00:18:39,190 --> 00:18:37,039

were saying and on that basis i think i

496

00:18:41,430 --> 00:18:39,200

really like what's in there

497

00:18:43,029 --> 00:18:41,440

and i agree with richard dolan it's it's

498

00:18:45,990 --> 00:18:43,039

different than most

499

00:18:47,909 --> 00:18:46,000

most channel material

500

00:18:49,830 --> 00:18:47,919

marshall summer's material seems

501  
00:18:51,190 --> 00:18:49,840  
different now once i dig deeper maybe

502  
00:18:52,070 --> 00:18:51,200  
i'll have a different opinion but right

503  
00:18:53,909 --> 00:18:52,080  
now

504  
00:18:55,510 --> 00:18:53,919  
i like it

505  
00:18:58,070 --> 00:18:55,520  
and once again whether or not it's

506  
00:19:00,070 --> 00:18:58,080  
accurate i don't know

507  
00:19:02,549 --> 00:19:00,080  
and then dolan says now the other thing

508  
00:19:04,950 --> 00:19:02,559  
is like adam i also studied remote

509  
00:19:06,870 --> 00:19:04,960  
viewing i'm very engaged in that

510  
00:19:08,549 --> 00:19:06,880  
uh and there is no question in my mind

511  
00:19:11,110 --> 00:19:08,559  
that there's a reality to that so the

512  
00:19:13,750 --> 00:19:11,120  
problem that i've had is as a historian

513  
00:19:16,630 --> 00:19:13,760

is it's similar to what ralph has and

514

00:19:18,789 --> 00:19:16,640

what lou has as well like when you have

515

00:19:21,110 --> 00:19:18,799

to evaluate information how do you

516

00:19:23,350 --> 00:19:21,120

decide what to include and that's the

517

00:19:25,270 --> 00:19:23,360

problem we don't all have to work at the

518

00:19:26,549 --> 00:19:25,280

same level of what constitutes valid

519

00:19:28,150 --> 00:19:26,559

evidence and that's the beauty of it

520

00:19:30,630 --> 00:19:28,160

because when we're dealing with this

521

00:19:31,990 --> 00:19:30,640

phenomenon it's quite evident to all of

522

00:19:34,150 --> 00:19:32,000

us that we're dealing with something

523

00:19:35,669 --> 00:19:34,160

that is beyond our horizon to some

524

00:19:37,350 --> 00:19:35,679

extent

525

00:19:39,830 --> 00:19:37,360

we have certain tremendous abilities of

526  
00:19:41,590 --> 00:19:39,840  
cognition and thinking things out and we

527  
00:19:42,950 --> 00:19:41,600  
understand reality through space and

528  
00:19:44,789 --> 00:19:42,960  
through time but

529  
00:19:46,630 --> 00:19:44,799  
there's this phenomenon that seems to go

530  
00:19:48,950 --> 00:19:46,640  
beyond what we're able to understand at

531  
00:19:50,470 --> 00:19:48,960  
times and so we struggle with that we

532  
00:19:52,230 --> 00:19:50,480  
may never get to the point where we

533  
00:19:54,310 --> 00:19:52,240  
truly understand this at the level we

534  
00:19:56,310 --> 00:19:54,320  
would want to i think that's probably

535  
00:20:00,470 --> 00:19:56,320  
going to be the case it doesn't mean we

536  
00:20:02,710 --> 00:20:00,480  
can't make progress but it's difficult

537  
00:20:05,270 --> 00:20:02,720  
and just real quick you know i did study

538  
00:20:06,950 --> 00:20:05,280

remote viewing back in 97 and then

539

00:20:09,110 --> 00:20:06,960

that was with lynn buchanan one of the

540

00:20:11,190 --> 00:20:09,120

earlier members of the remote viewing

541

00:20:12,470 --> 00:20:11,200

program that was funded by the army at

542

00:20:14,310 --> 00:20:12,480

that time

543

00:20:15,830 --> 00:20:14,320

i also studied with prudence prudence

544

00:20:17,990 --> 00:20:15,840

calabrese twice

545

00:20:19,750 --> 00:20:18,000

i took her basic class lynn's basic

546

00:20:21,590 --> 00:20:19,760

class and i was able to get information

547

00:20:23,190 --> 00:20:21,600

that in my opinion there was no other

548

00:20:25,190 --> 00:20:23,200

way i could have gotten it except

549

00:20:26,470 --> 00:20:25,200

through you know some sort of sixth

550

00:20:29,190 --> 00:20:26,480

sense

551  
00:20:30,390 --> 00:20:29,200  
i did not have any spectacular sessions

552  
00:20:32,710 --> 00:20:30,400  
um

553  
00:20:35,029 --> 00:20:32,720  
but lynn was a great teacher and i was

554  
00:20:37,909 --> 00:20:35,039  
able to pull up data that was just very

555  
00:20:39,510 --> 00:20:37,919  
unique that you know

556  
00:20:40,710 --> 00:20:39,520  
people will say you're you were deluding

557  
00:20:42,070 --> 00:20:40,720  
yourself you didn't get accurate

558  
00:20:44,149 --> 00:20:42,080  
information i don't think so i was

559  
00:20:46,230 --> 00:20:44,159  
pretty tough on myself i mean i was able

560  
00:20:49,190 --> 00:20:46,240  
to get some information that

561  
00:20:50,230 --> 00:20:49,200  
it just matched the target so specific

562  
00:20:51,190 --> 00:20:50,240  
um

563  
00:20:52,630 --> 00:20:51,200

and

564

00:20:54,549 --> 00:20:52,640

i didn't stay with it i wish i would

565

00:20:56,390 --> 00:20:54,559

have stayed with it but the one great

566

00:20:57,750 --> 00:20:56,400

thing about lin's class which i don't

567

00:20:59,029 --> 00:20:57,760

think he teaches anymore he's dealing

568

00:21:01,029 --> 00:20:59,039

with health health issues but you could

569

00:21:02,549 --> 00:21:01,039

take it as many times as you wanted you

570

00:21:04,549 --> 00:21:02,559

pay for it and the class was pricey it

571

00:21:05,990 --> 00:21:04,559

was three days it was a thousand dollars

572

00:21:07,750 --> 00:21:06,000

but you could take it for a lifetime you

573

00:21:09,990 --> 00:21:07,760

can go back and take that class again as

574

00:21:12,789 --> 00:21:10,000

many times as you wanted to i only took

575

00:21:15,990 --> 00:21:12,799

it once and that was in san francisco uh

576

00:21:17,909 --> 00:21:16,000

but richard goes on he says

577

00:21:19,909 --> 00:21:17,919

uh therefore i think an important part

578

00:21:22,630 --> 00:21:19,919

of evidence at least at least important

579

00:21:24,549 --> 00:21:22,640

to me is context when you have

580

00:21:26,950 --> 00:21:24,559

when you have like i agree anecdotal

581

00:21:29,430 --> 00:21:26,960

testimony i cannot prove if a particular

582

00:21:31,270 --> 00:21:29,440

individual has seen either a ufo that

583

00:21:33,190 --> 00:21:31,280

they claim to have seen or gotten a

584

00:21:35,190 --> 00:21:33,200

message that they claim to have gotten

585

00:21:37,350 --> 00:21:35,200

you know how could we possibly know that

586

00:21:39,110 --> 00:21:37,360

but i do think that there's a level of

587

00:21:41,430 --> 00:21:39,120

proof that is rock solid that would even

588

00:21:43,190 --> 00:21:41,440

hold up in a court of science

589

00:21:45,510 --> 00:21:43,200

then there's a level of proof that's

590

00:21:47,909 --> 00:21:45,520

rock solid that would hold up in most

591

00:21:51,029 --> 00:21:47,919

courts of law and then there's something

592

00:21:52,549 --> 00:21:51,039

that looks like it's probably true to a

593

00:21:54,149 --> 00:21:52,559

reasonable mind

594

00:21:55,750 --> 00:21:54,159

and then danny jumps in and says yeah

595

00:21:58,470 --> 00:21:55,760

that's the sheep example i was giving

596

00:22:01,270 --> 00:21:58,480

you early earlier with ollie oliver

597

00:22:03,350 --> 00:22:01,280

wendell holmes and danny uh richard says

598

00:22:04,710 --> 00:22:03,360

we have an intelligent person with a

599

00:22:06,630 --> 00:22:04,720

reasonable mind

600

00:22:08,789 --> 00:22:06,640

looking at the sum total of types of

601  
00:22:10,070 --> 00:22:08,799  
information that's coming to them i

602  
00:22:12,390 --> 00:22:10,080  
think

603  
00:22:14,549 --> 00:22:12,400  
can also make a conclusion

604  
00:22:15,750 --> 00:22:14,559  
in my view that's also valid so

605  
00:22:17,029 --> 00:22:15,760  
basically he's saying you know you look

606  
00:22:18,789 --> 00:22:17,039  
at the information

607  
00:22:21,190 --> 00:22:18,799  
use your judgment you don't have the

608  
00:22:22,710 --> 00:22:21,200  
proof but you can make a conclusion

609  
00:22:24,870 --> 00:22:22,720  
obviously it's not proof it's your

610  
00:22:26,870 --> 00:22:24,880  
personal conclusion but he says in my

611  
00:22:28,789 --> 00:22:26,880  
view that's also valid and when i do my

612  
00:22:31,510 --> 00:22:28,799  
writing and my discussion of this i will

613  
00:22:33,909 --> 00:22:31,520

often go to that level i i mean i think

614

00:22:37,190 --> 00:22:33,919

you know cheech and chong if it looks

615

00:22:38,950 --> 00:22:37,200

like it tastes like it smells like it it

616

00:22:40,710 --> 00:22:38,960

it's probably it

617

00:22:42,390 --> 00:22:40,720

and i think it's often the same with a

618

00:22:44,789 --> 00:22:42,400

lot of other types of evidence and

619

00:22:46,789 --> 00:22:44,799

things that we encounter in our world

620

00:22:49,029 --> 00:22:46,799

the easy thing to do with ufo evidence

621

00:22:51,029 --> 00:22:49,039

is to ignore it that's what most people

622

00:22:53,270 --> 00:22:51,039

do when you actually engage in it and

623

00:22:55,110 --> 00:22:53,280

you encounter it you find

624

00:22:57,110 --> 00:22:55,120

i can't prove that person i can't prove

625

00:22:59,190 --> 00:22:57,120

that one i can't prove that one i can't

626

00:23:01,190 --> 00:22:59,200

prove that one but they're all saying

627

00:23:03,430 --> 00:23:01,200

almost the exact same thing so i'm gonna

628

00:23:04,950 --> 00:23:03,440

work with that and that's my attitude

629

00:23:07,190 --> 00:23:04,960

and it doesn't mean that everything is a

630

00:23:09,510 --> 00:23:07,200

sure shot but i think that's valid and

631

00:23:11,669 --> 00:23:09,520

for that reason i was very very glad to

632

00:23:13,669 --> 00:23:11,679

hear marshall and very glad to hear adam

633

00:23:15,110 --> 00:23:13,679

talk about how this type of information

634

00:23:16,710 --> 00:23:15,120

can be valid

635

00:23:17,750 --> 00:23:16,720

doesn't prove marshall's communication

636

00:23:19,669 --> 00:23:17,760

is valid

637

00:23:20,789 --> 00:23:19,679

but it's not bad to have that type of

638

00:23:23,270 --> 00:23:20,799

you know at least we can see that

639

00:23:24,870 --> 00:23:23,280

there's a possibility that these things

640

00:23:26,950 --> 00:23:24,880

can be real

641

00:23:28,230 --> 00:23:26,960

i too have talked at length with hal put

642

00:23:29,909 --> 00:23:28,240

off and russell targ about remote

643

00:23:32,230 --> 00:23:29,919

viewing i know both of them quite well

644

00:23:33,830 --> 00:23:32,240

and i know inga i knew ingo and i've met

645

00:23:35,350 --> 00:23:33,840

a lot of those other remote viewers

646

00:23:38,310 --> 00:23:35,360

they're amazing people and their stories

647

00:23:39,990 --> 00:23:38,320

were un undeniable it seems to me so we

648

00:23:41,669 --> 00:23:40,000

have capabilities we don't know how it

649

00:23:43,430 --> 00:23:41,679

works we don't know the physics of

650

00:23:44,789 --> 00:23:43,440

remote viewing we don't know the physics

651  
00:23:46,710 --> 00:23:44,799  
of telepathy

652  
00:23:48,310 --> 00:23:46,720  
but that's the fault of our worldview

653  
00:23:49,510 --> 00:23:48,320  
and our science it doesn't mean it isn't

654  
00:23:51,190 --> 00:23:49,520  
real

655  
00:23:54,789 --> 00:23:51,200  
that's it

656  
00:23:56,710 --> 00:23:54,799  
and then mr blumenthal jumps in and says

657  
00:23:58,710 --> 00:23:56,720  
my wife and i had dinner with russell

658  
00:24:00,630 --> 00:23:58,720  
targ a couple of years ago and we were

659  
00:24:02,870 --> 00:24:00,640  
in his favorite restaurant which has

660  
00:24:04,630 --> 00:24:02,880  
since closed down in penn station and

661  
00:24:06,789 --> 00:24:04,640  
we're sitting across the table and just

662  
00:24:08,630 --> 00:24:06,799  
on a whim i said russell you know remote

663  
00:24:10,630 --> 00:24:08,640

viewing tell me what's in my tell me

664

00:24:12,149 --> 00:24:10,640

what's in my wife's bag and ralph laughs

665

00:24:13,269 --> 00:24:12,159

and he says just like that i put him on

666

00:24:15,110 --> 00:24:13,279

the spot

667

00:24:16,789 --> 00:24:15,120

and russell targ drew on a napkin a

668

00:24:19,350 --> 00:24:16,799

shape of a flip-flop

669

00:24:20,950 --> 00:24:19,360

that was in her bag and it freaked us

670

00:24:23,190 --> 00:24:20,960

both out so

671

00:24:24,470 --> 00:24:23,200

i became a believer and richard says it

672

00:24:25,990 --> 00:24:24,480

doesn't normally work like that you

673

00:24:27,110 --> 00:24:26,000

realize but

674

00:24:29,510 --> 00:24:27,120

actually

675

00:24:31,830 --> 00:24:29,520

there are people who can do that and

676

00:24:33,350 --> 00:24:31,840

that's not the typical remote viewing

677

00:24:35,430 --> 00:24:33,360

but there are people

678

00:24:37,350 --> 00:24:35,440

that are just naturals who can do just

679

00:24:38,710 --> 00:24:37,360

think just like that you know

680

00:24:41,669 --> 00:24:38,720

they don't have to go through the remote

681

00:24:43,350 --> 00:24:41,679

viewing protocol they're just on a whim

682

00:24:45,830 --> 00:24:43,360

tell me what's in my bag and there are

683

00:24:47,750 --> 00:24:45,840

people that would use extended remote

684

00:24:49,430 --> 00:24:47,760

viewing that basically there's no

685

00:24:51,510 --> 00:24:49,440

protocol you would just lay down you did

686

00:24:53,669 --> 00:24:51,520

not know the target beforehand and you

687

00:24:56,470 --> 00:24:53,679

would get into that hypnocod

688

00:24:58,870 --> 00:24:56,480

hypnagogic state of between sleep and

689

00:25:01,909 --> 00:24:58,880

being awake and a perfect example of

690

00:25:04,549 --> 00:25:01,919

that is if you go online and type in

691

00:25:06,070 --> 00:25:04,559

joe mcmonicle mars remote viewing i

692

00:25:07,669 --> 00:25:06,080

believe he was at the monroe institute

693

00:25:09,430 --> 00:25:07,679

when he when he did that listen to him

694

00:25:11,350 --> 00:25:09,440

you can tell he's right on that border

695

00:25:13,830 --> 00:25:11,360

of sleep and that's how he did that

696

00:25:15,029 --> 00:25:13,840

session a really cool session about you

697

00:25:17,590 --> 00:25:15,039

know this

698

00:25:19,510 --> 00:25:17,600

supposed structures on mars

699

00:25:21,029 --> 00:25:19,520

so danny we get back to danny he says

700

00:25:22,789 --> 00:25:21,039

let me try to draw this back to where we

701

00:25:25,510 --> 00:25:22,799

can you know

702

00:25:27,830 --> 00:25:25,520

we can uh help to be practical and he

703

00:25:30,789 --> 00:25:27,840

mentions how mark sims has access to a

704

00:25:32,870 --> 00:25:30,799

lot of money because he made a fortune

705

00:25:34,310 --> 00:25:32,880

um a significant amount of money in his

706

00:25:35,990 --> 00:25:34,320

earlier professional life so they have

707

00:25:38,549 --> 00:25:36,000

access to that they have access to other

708

00:25:41,029 --> 00:25:38,559

people who can provide resources and

709

00:25:43,190 --> 00:25:41,039

he's like danny wants to put it together

710

00:25:44,950 --> 00:25:43,200

a jason like group you know they were

711

00:25:46,630 --> 00:25:44,960

the ones that

712

00:25:49,269 --> 00:25:46,640

they were he says they were under the

713

00:25:50,390 --> 00:25:49,279

auspices auspices of darpa

714

00:25:52,789 --> 00:25:50,400

darpa

715

00:25:55,110 --> 00:25:52,799

um they were scientists brilliant

716

00:25:56,789 --> 00:25:55,120

scientists he says physicist he goes but

717

00:25:58,950 --> 00:25:56,799

i think we need to do that outside of

718

00:26:01,029 --> 00:25:58,960

the military-industrial corporate world

719

00:26:03,430 --> 00:26:01,039

and put together a group of people such

720

00:26:05,669 --> 00:26:03,440

as those of us who are gathered here and

721

00:26:07,110 --> 00:26:05,679

others to try to do everything we can to

722

00:26:09,350 --> 00:26:07,120

come up with a better understanding of

723

00:26:11,269 --> 00:26:09,360

not only what this phenomenon is but

724

00:26:13,669 --> 00:26:11,279

also the beings

725

00:26:15,430 --> 00:26:13,679

who are behind this

726  
00:26:17,350 --> 00:26:15,440  
and taking into account information that

727  
00:26:19,750 --> 00:26:17,360  
marshall has and other people have to

728  
00:26:22,149 --> 00:26:19,760  
try to evaluate that with the assistance

729  
00:26:23,750 --> 00:26:22,159  
of adam and john valentino and other

730  
00:26:25,990 --> 00:26:23,760  
people like this we've got eric

731  
00:26:27,909 --> 00:26:26,000  
weinstein who's involved in this now who

732  
00:26:30,390 --> 00:26:27,919  
knows a lot of people as adam does and

733  
00:26:32,149 --> 00:26:30,400  
john who are extraordinary scientists

734  
00:26:34,470 --> 00:26:32,159  
and physicists

735  
00:26:36,830 --> 00:26:34,480  
who do not appear to have been asked

736  
00:26:40,789 --> 00:26:36,840  
with trying to figure out some of this

737  
00:26:41,750 --> 00:26:40,799  
stuff um and that i will transcribe the

738  
00:26:44,470 --> 00:26:41,760

adam

739

00:26:46,470 --> 00:26:44,480

um eric weinstein lecture and the panel

740

00:26:48,710 --> 00:26:46,480

but he talks a lot about how

741

00:26:51,110 --> 00:26:48,720

you know the best theoretical physicists

742

00:26:52,870 --> 00:26:51,120

that he knows have not been asked about

743

00:26:54,630 --> 00:26:52,880

ufos they don't they don't know about

744

00:26:56,070 --> 00:26:54,640

the new york times article and he's he's

745

00:26:58,789 --> 00:26:56,080

baffled by that

746

00:27:01,029 --> 00:26:58,799

so danny continues uh jeff kreipel said

747

00:27:03,029 --> 00:27:01,039

yesterday the major problem is we need

748

00:27:04,789 --> 00:27:03,039

funding we need resources you know

749

00:27:06,390 --> 00:27:04,799

grants

750

00:27:08,470 --> 00:27:06,400

that's what we need to get other people

751

00:27:10,710 --> 00:27:08,480

involved we have the virtual institute

752

00:27:13,430 --> 00:27:10,720

that helps you know we'll have panels

753

00:27:15,350 --> 00:27:13,440

we'll try to figure this stuff out

754

00:27:18,070 --> 00:27:15,360

and he goes but in case you hadn't been

755

00:27:21,350 --> 00:27:18,080

one noticing i'd like to recruit all you

756

00:27:23,669 --> 00:27:21,360

guys all the guys on the panel uh

757

00:27:25,669 --> 00:27:23,679

and all of us you know we view the

758

00:27:27,669 --> 00:27:25,679

all of us that we view to be sound and

759

00:27:28,549 --> 00:27:27,679

responsible rational people to deal with

760

00:27:32,950 --> 00:27:28,559

this

761

00:27:35,909 --> 00:27:32,960

to be one of if not the most important

762

00:27:37,350 --> 00:27:35,919

single event in our entire lives

763

00:27:39,190 --> 00:27:37,360

and they've been telling people and they

764

00:27:40,950 --> 00:27:39,200

he means the others they've been telling

765

00:27:42,310 --> 00:27:40,960

people about global climate change

766

00:27:43,990 --> 00:27:42,320

they've been warning people about what

767

00:27:46,070 --> 00:27:44,000

we're doing to our planet the

768

00:27:49,029 --> 00:27:46,080

consistency of these kinds of messages

769

00:27:51,350 --> 00:27:49,039

can't be ignored and i'm not suggesting

770

00:27:53,750 --> 00:27:51,360

and by the way yeah there are messages

771

00:27:55,510 --> 00:27:53,760

telling us about global climate change

772

00:27:56,630 --> 00:27:55,520

and we're just you know we're destroying

773

00:27:58,149 --> 00:27:56,640

our planet

774

00:27:59,830 --> 00:27:58,159

that doesn't mean they care about us

775

00:28:01,350 --> 00:27:59,840

they could just care about the planet

776  
00:28:03,510 --> 00:28:01,360  
and that's kind of what marshall summers

777  
00:28:06,149 --> 00:28:03,520  
says that's kind of what got these

778  
00:28:08,549 --> 00:28:06,159  
intervening forces here because

779  
00:28:10,870 --> 00:28:08,559  
they were we're destroying the resources

780  
00:28:12,070 --> 00:28:10,880  
that they rely on what they came here

781  
00:28:13,830 --> 00:28:12,080  
for so

782  
00:28:16,389 --> 00:28:13,840  
yeah if you believe that then they

783  
00:28:19,510 --> 00:28:16,399  
really don't care about us

784  
00:28:21,510 --> 00:28:19,520  
and then we get back to

785  
00:28:23,830 --> 00:28:21,520  
ralph blumenthal

786  
00:28:25,990 --> 00:28:23,840  
and he says danny this is one of the

787  
00:28:27,029 --> 00:28:26,000  
best things ralph said in in the entire

788  
00:28:29,269 --> 00:28:27,039

panel

789

00:28:31,750 --> 00:28:29,279

and i think it's the the furthest

790

00:28:34,470 --> 00:28:31,760

he's gone as far as this specific

791

00:28:37,190 --> 00:28:34,480

subject he goes danny this evidence

792

00:28:39,830 --> 00:28:37,200

exists in the most deeply hidden parts

793

00:28:41,110 --> 00:28:39,840

of not only our government but outside

794

00:28:43,190 --> 00:28:41,120

our government

795

00:28:45,510 --> 00:28:43,200

in the private contractors they have

796

00:28:47,590 --> 00:28:45,520

this information we've heard this we

797

00:28:49,669 --> 00:28:47,600

can't get at it they're not amenable

798

00:28:51,909 --> 00:28:49,679

through foia requests freedom of

799

00:28:54,070 --> 00:28:51,919

information act even the government even

800

00:28:55,990 --> 00:28:54,080

lose group as i'm sure he might or might

801  
00:28:58,070 --> 00:28:56,000  
not even acknowledge

802  
00:29:01,110 --> 00:28:58,080  
was unable to get their hands on it

803  
00:29:03,909 --> 00:29:01,120  
there are secret secret super secret

804  
00:29:06,470 --> 00:29:03,919  
corners of our country our establishment

805  
00:29:09,830 --> 00:29:06,480  
particularly the private component

806  
00:29:12,710 --> 00:29:09,840  
private industry lockheed etc where this

807  
00:29:14,630 --> 00:29:12,720  
stuff is held we're convinced

808  
00:29:15,909 --> 00:29:14,640  
but we can't get at it and that's the

809  
00:29:17,430 --> 00:29:15,919  
object

810  
00:29:20,789 --> 00:29:17,440  
that's the place to go looking and then

811  
00:29:22,950 --> 00:29:20,799  
richard goes yes exactly

812  
00:29:23,830 --> 00:29:22,960  
and back to danny sheehan he's like you

813  
00:29:25,190 --> 00:29:23,840

know

814

00:29:27,510 --> 00:29:25,200

i believe

815

00:29:29,430 --> 00:29:27,520

that we can get it i can tell you i can

816

00:29:30,310 --> 00:29:29,440

tell you i believe that we can get it

817

00:29:32,389 --> 00:29:30,320

but

818

00:29:34,310 --> 00:29:32,399

we have to make a concentrated effort on

819

00:29:36,070 --> 00:29:34,320

getting it we've tried to do it inside

820

00:29:38,070 --> 00:29:36,080

the rules and regulations that have been

821

00:29:40,149 --> 00:29:38,080

drafted by those who are keeping it but

822

00:29:42,149 --> 00:29:40,159

we need to do everything necessary this

823

00:29:43,590 --> 00:29:42,159

is a state of emergency we're in here

824

00:29:46,389 --> 00:29:43,600

not necessarily because of any

825

00:29:48,310 --> 00:29:46,399

particular threat that the others pose

826  
00:29:49,590 --> 00:29:48,320  
but because of our dealing with global

827  
00:29:51,510 --> 00:29:49,600  
climate change

828  
00:29:54,470 --> 00:29:51,520  
there's technology that may be available

829  
00:29:56,789 --> 00:29:54,480  
that our human family can get access to

830  
00:29:59,190 --> 00:29:56,799  
not by compromising ourselves by asking

831  
00:30:00,549 --> 00:29:59,200  
the extraterrestrials to give it to us

832  
00:30:01,830 --> 00:30:00,559  
but we may have possession of

833  
00:30:03,909 --> 00:30:01,840  
information

834  
00:30:06,149 --> 00:30:03,919  
we cannot stand around twiddling our

835  
00:30:08,310 --> 00:30:06,159  
intellectual thumbs saying nothing about

836  
00:30:10,310 --> 00:30:08,320  
sitting on them while the earth burns

837  
00:30:12,710 --> 00:30:10,320  
and while our whole nation goes into

838  
00:30:14,389 --> 00:30:12,720

chaos with fighting with people fighting

839

00:30:16,470 --> 00:30:14,399

with each other we've got to step

840

00:30:18,710 --> 00:30:16,480

forward as men and women who care about

841

00:30:20,389 --> 00:30:18,720

our human family care about our planet

842

00:30:23,190 --> 00:30:20,399

and who have strong suspicions that the

843

00:30:26,070 --> 00:30:23,200

information exists and i can tell you if

844

00:30:28,310 --> 00:30:26,080

information exists we can get it

845

00:30:29,669 --> 00:30:28,320

people people were always astonished

846

00:30:31,909 --> 00:30:29,679

that we were able to get to the bottom

847

00:30:34,070 --> 00:30:31,919

of the iran contra stuff and who's

848

00:30:35,669 --> 00:30:34,080

smuggling the cocaine and just because

849

00:30:38,230 --> 00:30:35,679

you couldn't get congress to admit that

850

00:30:40,950 --> 00:30:38,240

they knew what was going on we disabled

851  
00:30:43,110 --> 00:30:40,960  
that whole operation and we exposed it

852  
00:30:45,430 --> 00:30:43,120  
the same way with the pentagon papers we

853  
00:30:47,110 --> 00:30:45,440  
got at that information as long as they

854  
00:30:48,549 --> 00:30:47,120  
know that there are sound and he's

855  
00:30:50,789 --> 00:30:48,559  
talking about they the people who have

856  
00:30:52,549 --> 00:30:50,799  
this information whistleblowers as long

857  
00:30:54,149 --> 00:30:52,559  
as they know there are sound and

858  
00:30:57,430 --> 00:30:54,159  
responsible people that are trying

859  
00:30:59,509 --> 00:30:57,440  
responsibly to get at the information

860  
00:31:01,909 --> 00:30:59,519  
people will come out of the woodwork

861  
00:31:03,669 --> 00:31:01,919  
people will come to us as long as there

862  
00:31:06,070 --> 00:31:03,679  
is a place for them to come

863  
00:31:07,830 --> 00:31:06,080

build the field and they will come so

864

00:31:09,350 --> 00:31:07,840

that's what i'm about here i'm trying to

865

00:31:11,509 --> 00:31:09,360

have these type of conversations that

866

00:31:13,269 --> 00:31:11,519

some people find disturbing some people

867

00:31:14,549 --> 00:31:13,279

find upsetting but we're the kind of

868

00:31:16,870 --> 00:31:14,559

people who have been working at this

869

00:31:18,789 --> 00:31:16,880

particular subject and we can do it

870

00:31:20,310 --> 00:31:18,799

i believe that we can so that's what

871

00:31:22,149 --> 00:31:20,320

we're dealing with here that's the

872

00:31:24,389 --> 00:31:22,159

reason for this conversation that's the

873

00:31:26,149 --> 00:31:24,399

reason for putting marshall on the spot

874

00:31:28,070 --> 00:31:26,159

where he feels a little uncomfortable

875

00:31:29,830 --> 00:31:28,080

about having to talk about this thing

876

00:31:30,830 --> 00:31:29,840

but it's necessary to get it out in

877

00:31:33,750 --> 00:31:30,840

front of us

878

00:31:35,350 --> 00:31:33,760

here and lou said i think marshall had a

879

00:31:37,750 --> 00:31:35,360

question by the way and then marshall

880

00:31:39,590 --> 00:31:37,760

says no you go ahead luis did you have a

881

00:31:42,230 --> 00:31:39,600

question and lou goes no

882

00:31:43,830 --> 00:31:42,240

after you i saw your hand up you go

883

00:31:45,430 --> 00:31:43,840

first my friend

884

00:31:47,350 --> 00:31:45,440

and that's just showing you know lou

885

00:31:49,350 --> 00:31:47,360

being so polite

886

00:31:53,750 --> 00:31:49,360

and marshall being treated well which i

887

00:31:57,909 --> 00:31:55,430

i just want to say that i really

888

00:31:59,750 --> 00:31:57,919

appreciate your respecting me

889

00:32:01,830 --> 00:31:59,760

and i almost thought he was going to cry

890

00:32:03,590 --> 00:32:01,840

here he says i just want to say that

891

00:32:05,509 --> 00:32:03,600

i really appreciate your respecting me

892

00:32:07,909 --> 00:32:05,519

and i've been i've been at a lot of

893

00:32:09,350 --> 00:32:07,919

denial and criticism and called many

894

00:32:11,269 --> 00:32:09,360

different things

895

00:32:13,430 --> 00:32:11,279

somebody i think on your chat actually

896

00:32:15,830 --> 00:32:13,440

said i was a stooge of the defense

897

00:32:17,509 --> 00:32:15,840

department a stooge of the pentagon and

898

00:32:19,110 --> 00:32:17,519

was like who said that

899

00:32:21,830 --> 00:32:19,120

marshall's like someone someone said it

900

00:32:23,269 --> 00:32:21,840

on your chat and danny's like wait a

901  
00:32:24,950 --> 00:32:23,279  
second

902  
00:32:27,509 --> 00:32:24,960  
that's lou's title

903  
00:32:29,269 --> 00:32:27,519  
and lou says yeah i've already got that

904  
00:32:31,590 --> 00:32:29,279  
one so you're going to have to get

905  
00:32:32,950 --> 00:32:31,600  
another title and they all laugh

906  
00:32:34,789 --> 00:32:32,960  
and marshall says and by the way yeah

907  
00:32:37,509 --> 00:32:34,799  
marshall just comes across as a really

908  
00:32:39,990 --> 00:32:37,519  
really nice guy um i don't know if his

909  
00:32:41,509 --> 00:32:40,000  
information is accurate but i think he's

910  
00:32:43,990 --> 00:32:41,519  
he's the fact that he's giving this

911  
00:32:46,389 --> 00:32:44,000  
information away for free

912  
00:32:47,750 --> 00:32:46,399  
on his website all four of the first

913  
00:32:49,909 --> 00:32:47,760

four books

914

00:32:51,830 --> 00:32:49,919

i don't think he's in this for money or

915

00:32:53,430 --> 00:32:51,840

fame i think he really thinks this is

916

00:32:54,470 --> 00:32:53,440

legitimate information and he wants to

917

00:32:57,350 --> 00:32:54,480

share it

918

00:32:59,830 --> 00:32:57,360

um so he goes marshall says i thought to

919

00:33:01,029 --> 00:32:59,840

myself now i've been called everything i

920

00:33:04,310 --> 00:33:01,039

just want to say

921

00:33:06,230 --> 00:33:04,320

i've received 9 000 pages of information

922

00:33:07,830 --> 00:33:06,240

and i'm in the process of publishing it

923

00:33:09,669 --> 00:33:07,840

all it's going all over the world and

924

00:33:10,389 --> 00:33:09,679

i'm making most of it just available to

925

00:33:13,110 --> 00:33:10,399

people

926

00:33:13,909 --> 00:33:13,120

all i can say is that i have a serious

927

00:33:18,630 --> 00:33:13,919

life

928

00:33:20,630 --> 00:33:18,640

i think that potential is in all of us

929

00:33:23,430 --> 00:33:20,640

and i think we can analyze from an

930

00:33:25,669 --> 00:33:23,440

intellectual or a rational viewpoint but

931

00:33:28,549 --> 00:33:25,679

we're not looking at a human universe

932

00:33:30,149 --> 00:33:28,559

where human reason is practiced or the

933

00:33:33,029 --> 00:33:30,159

limits of technology the limits of

934

00:33:34,549 --> 00:33:33,039

rationality are at all observed

935

00:33:36,470 --> 00:33:34,559

or it may have been transcended

936

00:33:38,389 --> 00:33:36,480

transcended long ago basically he's

937

00:33:40,310 --> 00:33:38,399

saying yeah we need to look at us look

938

00:33:42,789 --> 00:33:40,320

at this from a different viewpoint from

939

00:33:44,070 --> 00:33:42,799

just our limited human viewpoint

940

00:33:45,830 --> 00:33:44,080

viewpoint

941

00:33:48,230 --> 00:33:45,840

so he says i think we have to think

942

00:33:50,070 --> 00:33:48,240

within the box to communicate to people

943

00:33:52,310 --> 00:33:50,080

but we can begin to think outside the

944

00:33:54,549 --> 00:33:52,320

box and i think you are all part of this

945

00:33:56,070 --> 00:33:54,559

because of extraordinary reasons

946

00:33:57,990 --> 00:33:56,080

i don't think it's just circumstance

947

00:33:59,430 --> 00:33:58,000

that you ended up in this very puzzling

948

00:34:01,509 --> 00:33:59,440

and sometimes very uncomfortable

949

00:34:03,590 --> 00:34:01,519

interest or connection

950

00:34:05,110 --> 00:34:03,600

most people would rather not go there so

951  
00:34:07,430 --> 00:34:05,120  
i just want to say that it's important

952  
00:34:09,349 --> 00:34:07,440  
that we honor or explore how we really

953  
00:34:10,790 --> 00:34:09,359  
feel about things because the deeper

954  
00:34:12,869 --> 00:34:10,800  
knowledge within us

955  
00:34:15,589 --> 00:34:12,879  
mostly comes through our feelings

956  
00:34:18,069 --> 00:34:15,599  
sometimes as ideas or images and in many

957  
00:34:19,829 --> 00:34:18,079  
different ways for different people

958  
00:34:21,750 --> 00:34:19,839  
but we can only ascertain so much about

959  
00:34:24,230 --> 00:34:21,760  
a foreign intelligence what we can

960  
00:34:26,470 --> 00:34:24,240  
ascertain from evidence is intent and i

961  
00:34:28,389 --> 00:34:26,480  
think that from my perspective these

962  
00:34:30,310 --> 00:34:28,399  
briefings are like extraterrestrial

963  
00:34:33,750 --> 00:34:30,320

whistleblowers that have revealed a

964

00:34:37,270 --> 00:34:33,760

picture that could not find our own

965

00:34:41,190 --> 00:34:39,430

and i'm gonna i'm gonna go back a little

966

00:34:42,950 --> 00:34:41,200

he goes

967

00:34:44,310 --> 00:34:42,960

deep briefings are like extraterrestrial

968

00:34:46,230 --> 00:34:44,320

whistleblowers that have revealed a

969

00:34:48,310 --> 00:34:46,240

picture that we could not find on our

970

00:34:51,030 --> 00:34:48,320

own they're pieces to the puzzle that we

971

00:34:53,510 --> 00:34:51,040

cannot gain here from standing on earth

972

00:34:55,430 --> 00:34:53,520

we cannot be outside our earth watching

973

00:34:57,030 --> 00:34:55,440

what is occurring there

974

00:34:59,030 --> 00:34:57,040

and they're helping us to assemble this

975

00:35:00,790 --> 00:34:59,040

puzzle for ourselves

976  
00:35:02,550 --> 00:35:00,800  
they don't give us all the answers to

977  
00:35:04,950 --> 00:35:02,560  
everything but we're missing some big

978  
00:35:08,150 --> 00:35:04,960  
things and i'm saying this is for our

979  
00:35:10,150 --> 00:35:08,160  
own purview for our own entire our own

980  
00:35:12,150 --> 00:35:10,160  
investigation not what we're going to

981  
00:35:14,310 --> 00:35:12,160  
publish in the new york times or try to

982  
00:35:15,510 --> 00:35:14,320  
have published in a major newspaper or

983  
00:35:17,910 --> 00:35:15,520  
magazine

984  
00:35:19,910 --> 00:35:17,920  
i think we can all feel things are we

985  
00:35:22,230 --> 00:35:19,920  
can all feel things that are honest and

986  
00:35:24,150 --> 00:35:22,240  
feel things that are dishonest and when

987  
00:35:26,310 --> 00:35:24,160  
i talk about knowledge i'm talking about

988  
00:35:28,230 --> 00:35:26,320

core response to things that we can't in

989

00:35:30,550 --> 00:35:28,240

texture intellectualize

990

00:35:32,710 --> 00:35:30,560

we can't explain why we feel why we feel

991

00:35:34,390 --> 00:35:32,720

bad about the situation or good about

992

00:35:36,790 --> 00:35:34,400

the situation

993

00:35:38,870 --> 00:35:36,800

we may be able to fill that in if we get

994

00:35:40,710 --> 00:35:38,880

to know it and have the information but

995

00:35:43,589 --> 00:35:40,720

we're missing so much information about

996

00:35:45,670 --> 00:35:43,599

this that we as individuals citizens of

997

00:35:47,829 --> 00:35:45,680

this world members of the human family

998

00:35:50,950 --> 00:35:47,839

have an opportunity to begin to explore

999

00:35:52,870 --> 00:35:50,960

this on our own to answer some of our

1000

00:35:55,349 --> 00:35:52,880

own questions and try to get connected

1001  
00:35:57,190 --> 00:35:55,359  
through our own innate experience i

1002  
00:35:58,710 --> 00:35:57,200  
think this is something you can't prove

1003  
00:36:00,470 --> 00:35:58,720  
you can't quantify

1004  
00:36:02,790 --> 00:36:00,480  
how we know things

1005  
00:36:04,710 --> 00:36:02,800  
if it's authentic and it can be verified

1006  
00:36:06,310 --> 00:36:04,720  
of things that actually happened or

1007  
00:36:08,069 --> 00:36:06,320  
proved to be true

1008  
00:36:09,430 --> 00:36:08,079  
represents just a mysterious part of

1009  
00:36:11,270 --> 00:36:09,440  
ourselves

1010  
00:36:13,109 --> 00:36:11,280  
and this is the mind beyond the brain

1011  
00:36:15,190 --> 00:36:13,119  
that watches the brain and i always

1012  
00:36:17,190 --> 00:36:15,200  
wonder if you watch your own thoughts

1013  
00:36:19,990 --> 00:36:17,200

who is you watching your own thoughts

1014

00:36:22,230 --> 00:36:20,000

and who is you watching you watching

1015

00:36:24,470 --> 00:36:22,240

your own thoughts and he laughs he goes

1016

00:36:27,109 --> 00:36:24,480

it's a buddhist kind of practice

1017

00:36:29,589 --> 00:36:27,119

i'm watching myself watch myself so it's

1018

00:36:31,670 --> 00:36:29,599

not just to provide evidence but to give

1019

00:36:33,430 --> 00:36:31,680

a perspective that i think we have to

1020

00:36:34,950 --> 00:36:33,440

explore

1021

00:36:36,710 --> 00:36:34,960

and danny says

1022

00:36:39,670 --> 00:36:36,720

i agree

1023

00:36:41,750 --> 00:36:39,680

he goes one of the other remarkable

1024

00:36:43,030 --> 00:36:41,760

newsworthy events that has taken place

1025

00:36:44,069 --> 00:36:43,040

here besides the new york times

1026  
00:36:46,069 --> 00:36:44,079  
reporting

1027  
00:36:47,670 --> 00:36:46,079  
and the dod you know the director of

1028  
00:36:49,109 --> 00:36:47,680  
national intelligence putting out the

1029  
00:36:50,950 --> 00:36:49,119  
report

1030  
00:36:53,670 --> 00:36:50,960  
he says

1031  
00:36:55,670 --> 00:36:53,680  
on virtually the same day

1032  
00:36:57,349 --> 00:36:55,680  
that lou and i know lou filed his

1033  
00:36:59,349 --> 00:36:57,359  
complaint with the department of defense

1034  
00:37:02,230 --> 00:36:59,359  
inspector general's office in the early

1035  
00:37:03,349 --> 00:37:02,240  
morning of may 3rd of this year and that

1036  
00:37:05,430 --> 00:37:03,359  
afternoon

1037  
00:37:07,109 --> 00:37:05,440  
the inspector general issued a public

1038  
00:37:09,750 --> 00:37:07,119

memorandum stating that they were going

1039

00:37:12,470 --> 00:37:09,760

to engage in a wide ranging

1040

00:37:15,030 --> 00:37:12,480

not investigation but an evaluation of

1041

00:37:17,670 --> 00:37:15,040

all the actions if any that any element

1042

00:37:20,470 --> 00:37:17,680

of the defense department had undertaken

1043

00:37:22,710 --> 00:37:20,480

with respect to the uap phenomenon

1044

00:37:24,390 --> 00:37:22,720

this is an extraordinarily important

1045

00:37:26,390 --> 00:37:24,400

piece of information and i think lou and

1046

00:37:28,550 --> 00:37:26,400

i can honest can be honest and share

1047

00:37:30,150 --> 00:37:28,560

with you that my sense was and i think

1048

00:37:31,910 --> 00:37:30,160

lou shares this

1049

00:37:33,750 --> 00:37:31,920

the people that are involved in the in

1050

00:37:34,790 --> 00:37:33,760

this evaluation inside the department of

1051  
00:37:37,589 --> 00:37:34,800  
defense

1052  
00:37:38,470 --> 00:37:37,599  
are honest good faith men that we have

1053  
00:37:41,510 --> 00:37:38,480  
met

1054  
00:37:43,910 --> 00:37:41,520  
and lou says i agree wholeheartedly

1055  
00:37:45,430 --> 00:37:43,920  
danny says

1056  
00:37:47,109 --> 00:37:45,440  
they've been kept in the dark about this

1057  
00:37:49,109 --> 00:37:47,119  
phenomenon but they have a

1058  
00:37:50,470 --> 00:37:49,119  
responsibility even if it's only at the

1059  
00:37:52,550 --> 00:37:50,480  
evaluation level

1060  
00:37:53,910 --> 00:37:52,560  
and that it hasn't yet gone to a full

1061  
00:37:55,750 --> 00:37:53,920  
investigation

1062  
00:37:58,630 --> 00:37:55,760  
they have the authority to call people

1063  
00:38:02,550 --> 00:37:58,640

before them and ask the right questions

1064

00:38:07,109 --> 00:38:05,190

and if that happens this is me talking

1065

00:38:08,630 --> 00:38:07,119

and they bring in somebody like susan

1066

00:38:12,790 --> 00:38:08,640

goff

1067

00:38:15,430 --> 00:38:12,800

swear to tell the truth the whole truth

1068

00:38:18,150 --> 00:38:15,440

and nothing but the truth about uaps and

1069

00:38:19,349 --> 00:38:18,160

luis elizondo and the a-tip program and

1070

00:38:20,790 --> 00:38:19,359

awesome

1071

00:38:23,109 --> 00:38:20,800

i would that would be an amazing

1072

00:38:25,750 --> 00:38:23,119

pay-per-view event just to see susan

1073

00:38:27,829 --> 00:38:25,760

goff squirming on the stand and i know

1074

00:38:29,910 --> 00:38:27,839

it's not like a trial but i would love

1075

00:38:31,990 --> 00:38:29,920

to see her have to go before

1076

00:38:34,150 --> 00:38:32,000

the inspector general and ask answer

1077

00:38:35,829 --> 00:38:34,160

questions truthfully under oath i'm not

1078

00:38:37,910 --> 00:38:35,839

sure if they do under oath but i would

1079

00:38:39,910 --> 00:38:37,920

love that

1080

00:38:41,510 --> 00:38:39,920

um and if danny continues if the

1081

00:38:43,190 --> 00:38:41,520

inspector general starts to discover

1082

00:38:44,950 --> 00:38:43,200

that they've been stonewalled in the

1083

00:38:46,790 --> 00:38:44,960

same way that you were lou

1084

00:38:48,630 --> 00:38:46,800

then we have an opportunity to be of

1085

00:38:50,710 --> 00:38:48,640

assistance to them in conducting a good

1086

00:38:51,510 --> 00:38:50,720

faith evaluation of what the information

1087

00:38:52,950 --> 00:38:51,520

is

1088

00:38:55,270 --> 00:38:52,960

it doesn't mean that they're going to

1089

00:38:56,630 --> 00:38:55,280

give it all to us they may share with

1090

00:38:58,550 --> 00:38:56,640

you lou because lou has the

1091

00:39:00,790 --> 00:38:58,560

classifications and security clearances

1092

00:39:01,750 --> 00:39:00,800

that i don't have but it seems to me

1093

00:39:08,710 --> 00:39:01,760

that

1094

00:39:10,150 --> 00:39:08,720

even if it's only called an evaluation

1095

00:39:12,069 --> 00:39:10,160

and i think that we're in a unique

1096

00:39:14,470 --> 00:39:12,079

position all of us because we have the

1097

00:39:15,990 --> 00:39:14,480

ability to be communicating with you lou

1098

00:39:17,589 --> 00:39:16,000

all of the kinds of information and

1099

00:39:19,910 --> 00:39:17,599

different sources of information that we

1100

00:39:21,589 --> 00:39:19,920

have and you have the capacity to sit

1101

00:39:24,390 --> 00:39:21,599

with these other men and share this

1102

00:39:26,790 --> 00:39:24,400

information because i think you agree

1103

00:39:29,030 --> 00:39:26,800

i have the distinct sense that in our

1104

00:39:31,589 --> 00:39:29,040

meetings with these guys you know the

1105

00:39:33,510 --> 00:39:31,599

inspector general that they are inviting

1106

00:39:35,829 --> 00:39:33,520

the information they're open to trying

1107

00:39:37,990 --> 00:39:35,839

to get lou to share with them what lou

1108

00:39:39,829 --> 00:39:38,000

was able to determine in his atip

1109

00:39:42,230 --> 00:39:39,839

investigations because they have been

1110

00:39:43,829 --> 00:39:42,240

left in the dark

1111

00:39:50,390 --> 00:39:43,839

and i'm going to take a

1112

00:39:59,910 --> 00:39:51,829

and

1113

00:40:01,510 --> 00:39:59,920

i think that's correct danny

1114

00:40:03,990 --> 00:40:01,520

i think there's an honest attempt to

1115

00:40:06,230 --> 00:40:04,000

reconcile what they have been told

1116

00:40:08,390 --> 00:40:06,240

the inspector general previously about

1117

00:40:10,550 --> 00:40:08,400

this topic

1118

00:40:12,950 --> 00:40:10,560

versus what they're learning now

1119

00:40:14,230 --> 00:40:12,960

my impression was the same mr stone and

1120

00:40:16,150 --> 00:40:14,240

his cadre

1121

00:40:17,990 --> 00:40:16,160

are extremely professional extremely

1122

00:40:19,829 --> 00:40:18,000

competent and adept and they seem like

1123

00:40:21,349 --> 00:40:19,839

very patriotic people that want to do

1124

00:40:22,630 --> 00:40:21,359

the right thing for the american people

1125

00:40:24,710 --> 00:40:22,640

and their boss

1126

00:40:26,550 --> 00:40:24,720

i applaud that

1127

00:40:28,790 --> 00:40:26,560

i also agree with adam that

1128

00:40:30,790 --> 00:40:28,800

consciousness is not just the result of

1129

00:40:31,750 --> 00:40:30,800

electrical symmet synapses in the human

1130

00:40:33,430 --> 00:40:31,760

brain

1131

00:40:35,910 --> 00:40:33,440

i think it's safe to presume at this

1132

00:40:39,270 --> 00:40:35,920

point there's something more to it you

1133

00:40:41,829 --> 00:40:39,280

know philosophically philosophically

1134

00:40:44,309 --> 00:40:41,839

you know philosophically there's always

1135

00:40:47,589 --> 00:40:44,319

been some sort of division between quote

1136

00:40:49,510 --> 00:40:47,599

the mind the body and the spirit unquote

1137

00:40:51,750 --> 00:40:49,520

as being distinctly three different

1138

00:40:53,750 --> 00:40:51,760

things and of course it's easy to look

1139

00:40:56,230 --> 00:40:53,760

at a human body and understand the

1140

00:40:59,109 --> 00:40:56,240

physiology physiology

1141

00:41:01,829 --> 00:40:59,119

physiology to look at a mind and be able

1142

00:41:03,670 --> 00:41:01,839

to understand neural pathways

1143

00:41:04,790 --> 00:41:03,680

but the third component is far more

1144

00:41:05,990 --> 00:41:04,800

difficult

1145

00:41:07,589 --> 00:41:06,000

but i don't think it's any less

1146

00:41:10,150 --> 00:41:07,599

important and again this goes to my

1147

00:41:13,030 --> 00:41:10,160

belief that all data must remain on the

1148

00:41:15,349 --> 00:41:13,040

table until it's no longer on the table

1149

00:41:17,589 --> 00:41:15,359

i know from my own perspective

1150

00:41:19,589 --> 00:41:17,599

and this may surprise some people may be

1151  
00:41:20,950 --> 00:41:19,599  
a surprise to some people i don't ever

1152  
00:41:22,870 --> 00:41:20,960  
talk about it

1153  
00:41:25,030 --> 00:41:22,880  
but i happen to know a thing or two

1154  
00:41:27,750 --> 00:41:25,040  
about the remote viewing program and i'm

1155  
00:41:29,910 --> 00:41:27,760  
not going to go into much detail than

1156  
00:41:32,069 --> 00:41:29,920  
that

1157  
00:41:34,790 --> 00:41:32,079  
john um

1158  
00:41:38,630 --> 00:41:34,800  
from i want to know uk

1159  
00:41:41,190 --> 00:41:38,640  
he said that hal put off told him that

1160  
00:41:47,030 --> 00:41:44,550  
was trained by hal in remote viewing so

1161  
00:41:49,030 --> 00:41:47,040  
and also lou has spoken about how he was

1162  
00:41:50,870 --> 00:41:49,040  
he was actually in the remote viewing

1163  
00:41:53,109 --> 00:41:50,880

program for a few days

1164

00:41:54,470 --> 00:41:53,119

um he said and he kind of blew it off

1165

00:41:56,790 --> 00:41:54,480

back then when he said that he goes it

1166

00:41:58,790 --> 00:41:56,800

was like an accident well not so sure it

1167

00:42:00,710 --> 00:41:58,800

was an accident maybe it was

1168

00:42:02,390 --> 00:42:00,720

maybe that's how he met hal

1169

00:42:04,710 --> 00:42:02,400

but hal trained him in remote viewing

1170

00:42:05,990 --> 00:42:04,720

according to john

1171

00:42:09,349 --> 00:42:06,000

i want to know

1172

00:42:11,030 --> 00:42:09,359

uk that's his twitter handle

1173

00:42:14,069 --> 00:42:11,040

so

1174

00:42:18,470 --> 00:42:16,230

but when we're having a conversation

1175

00:42:21,109 --> 00:42:18,480

with the public we must understand

1176

00:42:24,390 --> 00:42:21,119

that your take you're talking to people

1177

00:42:27,270 --> 00:42:24,400

who have not been indoctrinated

1178

00:42:28,950 --> 00:42:27,280

into this topic at all

1179

00:42:31,030 --> 00:42:28,960

the most they've seen is maybe a couple

1180

00:42:33,109 --> 00:42:31,040

of sci-fi movies on tv

1181

00:42:34,790 --> 00:42:33,119

and they've been told to be dismissive

1182

00:42:36,069 --> 00:42:34,800

that this is something you know a topic

1183

00:42:37,589 --> 00:42:36,079

of fringe

1184

00:42:40,230 --> 00:42:37,599

so when you're asking them to do a

1185

00:42:42,790 --> 00:42:40,240

complete 180 degree turn or so

1186

00:42:46,630 --> 00:42:42,800

there's that all adage

1187

00:42:47,990 --> 00:42:46,640

of crawl walk run right so you've got to

1188

00:42:50,470 --> 00:42:48,000

crawl before you walk you've got to

1189

00:42:51,910 --> 00:42:50,480

learn how to walk before you run well

1190

00:42:53,990 --> 00:42:51,920

i think we're still in the stage of

1191

00:42:56,069 --> 00:42:54,000

slithering and writhing on the floor we

1192

00:42:58,550 --> 00:42:56,079

haven't even begun to crawl yet so it's

1193

00:43:00,069 --> 00:42:58,560

going to take time for us to get there

1194

00:43:01,589 --> 00:43:00,079

this goes into the question of remote

1195

00:43:03,670 --> 00:43:01,599

viewing and even things such as

1196

00:43:06,069 --> 00:43:03,680

channeling i'm not sure there's much of

1197

00:43:08,470 --> 00:43:06,079

a difference between a prophet a

1198

00:43:09,510 --> 00:43:08,480

channeler a remote viewer or anything

1199

00:43:11,430 --> 00:43:09,520

else

1200

00:43:12,550 --> 00:43:11,440

it seems to me that the skill sets seem

1201  
00:43:14,470 --> 00:43:12,560  
to be the same

1202  
00:43:16,230 --> 00:43:14,480  
but perhaps one of the greatest

1203  
00:43:18,390 --> 00:43:16,240  
challenges we have that

1204  
00:43:21,109 --> 00:43:18,400  
with understanding consciousness may be

1205  
00:43:23,109 --> 00:43:21,119  
because consciousness isn't inherently

1206  
00:43:25,270 --> 00:43:23,119  
only a human thing

1207  
00:43:27,430 --> 00:43:25,280  
where the body is

1208  
00:43:29,270 --> 00:43:27,440  
and the human mind is perhaps

1209  
00:43:31,109 --> 00:43:29,280  
consciousness is something a little bit

1210  
00:43:34,630 --> 00:43:31,119  
more indelible or something a little bit

1211  
00:43:37,430 --> 00:43:34,640  
more universal beyond just our species

1212  
00:43:38,950 --> 00:43:37,440  
potentially and as a result of that it

1213  
00:43:41,030 --> 00:43:38,960

tends to be a little bit harder to

1214

00:43:42,950 --> 00:43:41,040

define or a little bit harder to

1215

00:43:45,430 --> 00:43:42,960

understand because it's not it's not a

1216

00:43:47,750 --> 00:43:45,440

completely human thing to begin with

1217

00:43:49,990 --> 00:43:47,760

and that's kind of one of the things

1218

00:43:52,150 --> 00:43:50,000

i've said that if

1219

00:43:53,670 --> 00:43:52,160

we ever can prove to enough people that

1220

00:43:55,030 --> 00:43:53,680

ufos are real

1221

00:43:56,790 --> 00:43:55,040

then they can say you know they're going

1222

00:43:59,030 --> 00:43:56,800

to say what else have we been lied to we

1223

00:43:59,750 --> 00:43:59,040

will lie to for 70 years about ufos and

1224

00:44:01,990 --> 00:43:59,760

then

1225

00:44:04,790 --> 00:44:02,000

i want to immediately transition into

1226  
00:44:07,430 --> 00:44:04,800  
something like remote viewing because

1227  
00:44:08,470 --> 00:44:07,440  
you may not have been lied to about that

1228  
00:44:11,030 --> 00:44:08,480  
although

1229  
00:44:12,550 --> 00:44:11,040  
back in 1995 when the when the remote

1230  
00:44:15,430 --> 00:44:12,560  
viewing program

1231  
00:44:18,150 --> 00:44:15,440  
supposedly ended

1232  
00:44:19,270 --> 00:44:18,160  
and they went live on ted koppel's

1233  
00:44:21,190 --> 00:44:19,280  
nightline

1234  
00:44:23,109 --> 00:44:21,200  
they had some somebody from the cia was

1235  
00:44:24,870 --> 00:44:23,119  
on that panel i think joe mcmonald

1236  
00:44:26,950 --> 00:44:24,880  
mcmonicle one of the best remote viewers

1237  
00:44:28,069 --> 00:44:26,960  
remote viewer zero zero one i think he

1238  
00:44:30,069 --> 00:44:28,079

was there too

1239

00:44:31,430 --> 00:44:30,079

um there were pros you know opponents

1240

00:44:33,589 --> 00:44:31,440

and proponents for the remote viewing

1241

00:44:35,510 --> 00:44:33,599

program but the guy from the cia was

1242

00:44:37,589 --> 00:44:35,520

basically like yeah you know there was

1243

00:44:39,109 --> 00:44:37,599

really nothing to see here so yeah they

1244

00:44:41,190 --> 00:44:39,119

did lie to us about that because there

1245

00:44:42,950 --> 00:44:41,200

was something to see there and remote

1246

00:44:45,430 --> 00:44:42,960

viewing is far from perfect but there

1247

00:44:48,069 --> 00:44:45,440

are times when they have results that

1248

00:44:50,710 --> 00:44:48,079

they called an eight martini result so

1249

00:44:52,390 --> 00:44:50,720

basically the result was that good that

1250

00:44:55,349 --> 00:44:52,400

accurate that it blew them away and they

1251  
00:44:56,950 --> 00:44:55,359  
had to recover their you know their

1252  
00:44:59,670 --> 00:44:56,960  
their minds

1253  
00:45:00,950 --> 00:44:59,680  
their what's the word

1254  
00:45:02,790 --> 00:45:00,960  
can't think of the word but basically

1255  
00:45:04,790 --> 00:45:02,800  
the result was so good that they had to

1256  
00:45:06,870 --> 00:45:04,800  
go out to a bar and have eight martinis

1257  
00:45:09,270 --> 00:45:06,880  
just to recover you know it was just

1258  
00:45:12,150 --> 00:45:09,280  
amazing it just changed their world view

1259  
00:45:13,109 --> 00:45:12,160  
of what is possible with human beings

1260  
00:45:15,109 --> 00:45:13,119  
so

1261  
00:45:17,109 --> 00:45:15,119  
lou jumps in and says

1262  
00:45:18,950 --> 00:45:17,119  
and that just basically one more time

1263  
00:45:20,550 --> 00:45:18,960

yeah so

1264

00:45:21,510 --> 00:45:20,560

people will say what else have they lied

1265

00:45:25,510 --> 00:45:21,520

to

1266

00:45:27,829 --> 00:45:25,520

and then we'll say yeah remote viewing

1267

00:45:29,190 --> 00:45:27,839

and humans have amazing capabilities and

1268

00:45:32,470 --> 00:45:29,200

i also think

1269

00:45:33,670 --> 00:45:32,480

the occupants of these craft either one

1270

00:45:36,230 --> 00:45:33,680

have

1271

00:45:37,750 --> 00:45:36,240

abilities that far surpass human beings

1272

00:45:39,829 --> 00:45:37,760

as far as telepathy and that kind of

1273

00:45:41,589 --> 00:45:39,839

thing or

1274

00:45:44,790 --> 00:45:41,599

they have similar abilities and they use

1275

00:45:46,870 --> 00:45:44,800

technology you know to boost it

1276

00:45:48,790 --> 00:45:46,880

you know

1277

00:45:50,950 --> 00:45:48,800

psychotronic weapons i'm not sure which

1278

00:45:52,790 --> 00:45:50,960

one is the case um

1279

00:45:55,829 --> 00:45:52,800

are they are they naturally more gifted

1280

00:45:57,589 --> 00:45:55,839

than humans or are they using technology

1281

00:45:58,950 --> 00:45:57,599

to make it appear that they're more

1282

00:46:01,349 --> 00:45:58,960

gifted

1283

00:46:03,910 --> 00:46:01,359

and then lou goes back to saying

1284

00:46:07,109 --> 00:46:03,920

what i wanted to say marshall is please

1285

00:46:08,470 --> 00:46:07,119

understand when i'm quote unquote sharp

1286

00:46:11,109 --> 00:46:08,480

shooting you

1287

00:46:13,349 --> 00:46:11,119

i'm not really and i'm not disintegrated

1288

00:46:15,109 --> 00:46:13,359

i'm not disagreeing with you

1289

00:46:17,589 --> 00:46:15,119

what i'm simply doing

1290

00:46:19,349 --> 00:46:17,599

is posing to you the questions of an

1291

00:46:21,190 --> 00:46:19,359

investigator

1292

00:46:23,510 --> 00:46:21,200

the reason why i don't superimpose my

1293

00:46:25,349 --> 00:46:23,520

own thoughts into things and my own

1294

00:46:27,349 --> 00:46:25,359

beliefs is because i'm not sure it's

1295

00:46:29,589 --> 00:46:27,359

fair nor relevant

1296

00:46:31,270 --> 00:46:29,599

it's just like when ralph is writing an

1297

00:46:33,510 --> 00:46:31,280

article for the new york times his

1298

00:46:35,030 --> 00:46:33,520

opinion doesn't matter what matters are

1299

00:46:37,270 --> 00:46:35,040

the facts and you have to really

1300

00:46:38,950 --> 00:46:37,280

separate yourself so when i'm asking you

1301

00:46:40,790 --> 00:46:38,960

these questions marshall it's not

1302

00:46:42,710 --> 00:46:40,800

because i believe or don't believe you

1303

00:46:44,230 --> 00:46:42,720

it has nothing to do with belief at all

1304

00:46:46,390 --> 00:46:44,240

i'm just trying to look at this from an

1305

00:46:48,309 --> 00:46:46,400

outside perspective and ask questions so

1306

00:46:50,390 --> 00:46:48,319

i can try to evaluate the authenticity

1307

00:46:52,390 --> 00:46:50,400

of the information it really is nothing

1308

00:46:54,230 --> 00:46:52,400

to do about you

1309

00:46:57,750 --> 00:46:54,240

so basically he's saying marshall it's

1310

00:46:59,910 --> 00:46:57,760

not you it's me a seinfeld reference uh

1311

00:47:01,510 --> 00:46:59,920

lou says it's you know it's really it's

1312

00:47:02,870 --> 00:47:01,520

nothing to do about you i'm trying to

1313

00:47:04,950 --> 00:47:02,880

understand where the information is

1314

00:47:07,270 --> 00:47:04,960

coming from right that's what i try to

1315

00:47:09,990 --> 00:47:07,280

do but please don't look at this and

1316

00:47:12,069 --> 00:47:10,000

feel that i think it's hogwash because i

1317

00:47:14,390 --> 00:47:12,079

actually have maybe

1318

00:47:16,630 --> 00:47:14,400

a surprising perspective that you're not

1319

00:47:19,990 --> 00:47:16,640

aware of and then loose smiles that's

1320

00:47:22,069 --> 00:47:20,000

the smile on that picture he goes

1321

00:47:23,750 --> 00:47:22,079

but i keep those very private and it's

1322

00:47:25,829 --> 00:47:23,760

important as an investigator that i

1323

00:47:28,150 --> 00:47:25,839

remain as objective and as fair as

1324

00:47:29,670 --> 00:47:28,160

possible and so that's why i ask you the

1325

00:47:32,150 --> 00:47:29,680

questions that i do

1326

00:47:33,190 --> 00:47:32,160

it's not personal

1327

00:47:35,030 --> 00:47:33,200

and then

1328

00:47:36,870 --> 00:47:35,040

talking about the remote viewing program

1329

00:47:38,230 --> 00:47:36,880

and how it shut down and blumenthal says

1330

00:47:40,549 --> 00:47:38,240

the government you know the government

1331

00:47:42,230 --> 00:47:40,559

should the cia shut down or stop

1332

00:47:43,109 --> 00:47:42,240

supporting the remote viewing program

1333

00:47:45,430 --> 00:47:43,119

saying

1334

00:47:48,069 --> 00:47:45,440

it proved a complete dud right

1335

00:47:50,950 --> 00:47:48,079

and danny says total [h\_\_\h] total more

1336

00:47:53,030 --> 00:47:50,960

lying [h\_\_\h] and ralph says

1337

00:47:55,109 --> 00:47:53,040

interesting that they said that number

1338

00:47:58,069 --> 00:47:55,119

one after all those years of supporting

1339

00:48:01,109 --> 00:47:58,079

it and putting all that money towards it

1340

00:48:03,349 --> 00:48:01,119

and then lou jumps in and says

1341

00:48:04,829 --> 00:48:03,359

well ralph are you sure that it's

1342

00:48:07,430 --> 00:48:04,839

actually

1343

00:48:09,750 --> 00:48:07,440

gone and ralph laughs

1344

00:48:11,670 --> 00:48:09,760

and then she and says

1345

00:48:13,430 --> 00:48:11,680

i don't believe it's gone

1346

00:48:15,829 --> 00:48:13,440

and lou says

1347

00:48:17,910 --> 00:48:15,839

i'm not gonna answer that question

1348

00:48:20,390 --> 00:48:17,920

but are you sure

1349

00:48:22,710 --> 00:48:20,400

it's not being used anymore

1350

00:48:25,349 --> 00:48:22,720

in the united states government and he's

1351  
00:48:27,670 --> 00:48:25,359  
talking about the remote viewing program

1352  
00:48:29,670 --> 00:48:27,680  
and danny says

1353  
00:48:31,510 --> 00:48:29,680  
nobody puts aside that capacity that has

1354  
00:48:32,390 --> 00:48:31,520  
been established and i think ralph said

1355  
00:48:37,270 --> 00:48:32,400  
right

1356  
00:48:41,510 --> 00:48:39,990  
and i just want to say that yeah for

1357  
00:48:43,270 --> 00:48:41,520  
if you talked to any of the remote

1358  
00:48:45,030 --> 00:48:43,280  
viewers over the past few decades they

1359  
00:48:46,470 --> 00:48:45,040  
all suspected that the program was still

1360  
00:48:49,750 --> 00:48:46,480  
going on they never said they had

1361  
00:48:51,670 --> 00:48:49,760  
information that it was going on but

1362  
00:48:53,270 --> 00:48:51,680  
to back that up james ian doley said

1363  
00:48:55,430 --> 00:48:53,280

that he had confirmation that the

1364

00:48:58,230 --> 00:48:55,440

program was still going on engaging the

1365

00:49:01,589 --> 00:48:59,510

so

1366

00:49:03,430 --> 00:49:01,599

there's that

1367

00:49:04,950 --> 00:49:03,440

so ralph says i just want to say one

1368

00:49:06,790 --> 00:49:04,960

other thing

1369

00:49:08,870 --> 00:49:06,800

the ufo debate has been around for

1370

00:49:11,670 --> 00:49:08,880

decades as we know since the war the

1371

00:49:13,510 --> 00:49:11,680

post-war period and back and forth all

1372

00:49:15,910 --> 00:49:13,520

these reports that richard is citing

1373

00:49:17,829 --> 00:49:15,920

properly so that would be great to see

1374

00:49:19,510 --> 00:49:17,839

the light of day but what changed

1375

00:49:22,069 --> 00:49:19,520

everything in my view

1376

00:49:23,270 --> 00:49:22,079

is the navy videos that gave us a

1377

00:49:24,549 --> 00:49:23,280

physical

1378

00:49:27,430 --> 00:49:24,559

imprimatur

1379

00:49:31,109 --> 00:49:27,440

a positive proof that these things exist

1380

00:49:33,109 --> 00:49:31,119

so what we're looking at now we me the

1381

00:49:35,430 --> 00:49:33,119

times the media is something that will

1382

00:49:37,109 --> 00:49:35,440

move the story forward that will add to

1383

00:49:39,109 --> 00:49:37,119

the information we already have that

1384

00:49:41,750 --> 00:49:39,119

will take it catapult it to a new

1385

00:49:43,910 --> 00:49:41,760

dimension or a new level that will tell

1386

00:49:45,829 --> 00:49:43,920

us something that we don't already know

1387

00:49:48,470 --> 00:49:45,839

that will prove something that we long

1388

00:49:49,589 --> 00:49:48,480

doubted so that i think is the challenge

1389

00:49:52,150 --> 00:49:49,599

for lou

1390

00:49:55,990 --> 00:49:52,160

and for everybody who is who is in

1391

00:49:58,630 --> 00:49:56,000

possession of this information

1392

00:50:01,670 --> 00:49:58,640

and dolan says how about an analysis of

1393

00:50:03,430 --> 00:50:01,680

the davis wilson notes i'm just saying

1394

00:50:05,910 --> 00:50:03,440

exactly and we do know that they were

1395

00:50:07,910 --> 00:50:05,920

working on the davis wilson davis notes

1396

00:50:10,309 --> 00:50:07,920

or davis wilson notes

1397

00:50:13,589 --> 00:50:11,589

i don't know if they were not able to

1398

00:50:14,470 --> 00:50:13,599

get enough information

1399

00:50:18,790 --> 00:50:14,480

to

1400

00:50:19,910 --> 00:50:18,800

assume that's what happened

1401

00:50:23,270 --> 00:50:19,920

um

1402

00:50:24,790 --> 00:50:23,280

but yeah ralph was live on facebook

1403

00:50:26,470 --> 00:50:24,800

where he didn't realize he was live and

1404

00:50:28,150 --> 00:50:26,480

he was talking to michael hall about

1405

00:50:30,390 --> 00:50:28,160

collecting information about the wilson

1406

00:50:31,910 --> 00:50:30,400

davis notes so that's how we found out

1407

00:50:34,790 --> 00:50:31,920

the new york times was at least

1408

00:50:37,510 --> 00:50:34,800

investigating that

1409

00:50:39,430 --> 00:50:37,520

and danny says

1410

00:50:41,190 --> 00:50:39,440

we have the advantage of having lou

1411

00:50:42,230 --> 00:50:41,200

working at the kind of the tip of the

1412

00:50:44,069 --> 00:50:42,240

spear

1413

00:50:45,510 --> 00:50:44,079

of this continuing investigation i mean

1414

00:50:47,270 --> 00:50:45,520

there's no doubt at all about the

1415

00:50:49,109 --> 00:50:47,280

interaction that we've we're having with

1416

00:50:50,470 --> 00:50:49,119

the inspector general's office we're

1417

00:50:52,950 --> 00:50:50,480

engaged in an

1418

00:50:54,549 --> 00:50:52,960

active still active investigation they

1419

00:50:56,069 --> 00:50:54,559

can't get rid of louis elizondo that

1420

00:50:57,589 --> 00:50:56,079

easily okay

1421

00:50:58,870 --> 00:50:57,599

and lou is the kind of guy that once he

1422

00:51:01,670 --> 00:50:58,880

starts going after a piece of

1423

00:51:03,510 --> 00:51:01,680

information you can't just say forget it

1424

00:51:04,470 --> 00:51:03,520

go away we're not going to hand it to

1425

00:51:06,309 --> 00:51:04,480

you

1426  
00:51:07,750 --> 00:51:06,319  
he's not going to go away he's going to

1427  
00:51:09,349 --> 00:51:07,760  
continue this investigation and we're

1428  
00:51:11,109 --> 00:51:09,359  
going to be working in coordination with

1429  
00:51:12,950 --> 00:51:11,119  
him in the same way ralph a great

1430  
00:51:14,309 --> 00:51:12,960  
reporter doesn't drop a great story and

1431  
00:51:15,829 --> 00:51:14,319  
we know that ralph is going to keep

1432  
00:51:17,670 --> 00:51:15,839  
going after this richard you've been

1433  
00:51:19,109 --> 00:51:17,680  
going at this for decades we know

1434  
00:51:21,109 --> 00:51:19,119  
perfectly well you're not going to go

1435  
00:51:22,950 --> 00:51:21,119  
away no matter what they might try to do

1436  
00:51:24,549 --> 00:51:22,960  
to you no matter what they might try to

1437  
00:51:26,390 --> 00:51:24,559  
do to you or how they might try to

1438  
00:51:27,829 --> 00:51:26,400

discredit you whatever it is that's

1439

00:51:29,670 --> 00:51:27,839

going to happen your friends are all

1440

00:51:30,710 --> 00:51:29,680

around you okay

1441

00:51:32,309 --> 00:51:30,720

you know it's like what the hell does

1442

00:51:33,430 --> 00:51:32,319

ralph know that we don't know

1443

00:51:34,790 --> 00:51:33,440

whatever they're gonna go to do the

1444

00:51:37,270 --> 00:51:34,800

dolan or whatever they're gonna do to

1445

00:51:38,710 --> 00:51:37,280

discredit him it's really

1446

00:51:40,309 --> 00:51:38,720

kind of weird but i know he didn't mean

1447

00:51:42,470 --> 00:51:40,319

anything by that but

1448

00:51:43,670 --> 00:51:42,480

danny says you know

1449

00:51:45,270 --> 00:51:43,680

and we know that

1450

00:51:47,349 --> 00:51:45,280

richard you're going to continue pushing

1451  
00:51:48,950 --> 00:51:47,359  
on this information adam you have access

1452  
00:51:50,950 --> 00:51:48,960  
to some really really important

1453  
00:51:53,109 --> 00:51:50,960  
information about the kind of objective

1454  
00:51:55,349 --> 00:51:53,119  
work that you've done there at princeton

1455  
00:51:57,270 --> 00:51:55,359  
and your other friends and colleagues

1456  
00:51:59,589 --> 00:51:57,280  
marshall you have access to a unique

1457  
00:52:01,430 --> 00:51:59,599  
completely sincerely believed in

1458  
00:52:03,750 --> 00:52:01,440  
source of information and we know that

1459  
00:52:06,069 --> 00:52:03,760  
these things happen police departments

1460  
00:52:08,150 --> 00:52:06,079  
use psychics people to go and find

1461  
00:52:09,430 --> 00:52:08,160  
criminals we know this goes on all the

1462  
00:52:11,430 --> 00:52:09,440  
time and they don't like to talk about

1463  
00:52:13,670 --> 00:52:11,440

it but if we can maintain continued

1464

00:52:16,230 --> 00:52:13,680

communication among ourselves

1465

00:52:17,990 --> 00:52:16,240

taking leadership from people like lou

1466

00:52:20,790 --> 00:52:18,000

and taking leadership from people like

1467

00:52:23,589 --> 00:52:20,800

ralph and richard and even marshall with

1468

00:52:24,470 --> 00:52:23,599

leadership from people like you adam

1469

00:52:27,990 --> 00:52:24,480

that

1470

00:52:29,589 --> 00:52:28,000

we can find this information out

1471

00:52:31,670 --> 00:52:29,599

even if we have to use remote viewers to

1472

00:52:33,349 --> 00:52:31,680

find it he goes because the fact is i

1473

00:52:34,950 --> 00:52:33,359

know and you guys all know why pat price

1474

00:52:36,710 --> 00:52:34,960

got into trump got into trouble with the

1475

00:52:38,470 --> 00:52:36,720

fbi for going into that building and

1476

00:52:40,710 --> 00:52:38,480

what he was capable of doing

1477

00:52:42,630 --> 00:52:40,720

we can get this information they cannot

1478

00:52:44,470 --> 00:52:42,640

hide this information information from

1479

00:52:46,710 --> 00:52:44,480

us okay so all we have to do is be

1480

00:52:49,109 --> 00:52:46,720

willing to participate in all this

1481

00:52:52,390 --> 00:52:49,119

all together and i believe that we are

1482

00:52:55,030 --> 00:52:52,400

we have other allies around what you see

1483

00:52:58,069 --> 00:52:55,040

here marshall is

1484

00:53:00,870 --> 00:52:58,079

allies of humanity

1485

00:53:03,510 --> 00:53:00,880

and ralph says human allies

1486

00:53:06,069 --> 00:53:03,520

human allies and danny's like yes human

1487

00:53:07,910 --> 00:53:06,079

allies of humanity and marshall says

1488

00:53:10,390 --> 00:53:07,920

yeah this this team needs some good

1489

00:53:11,990 --> 00:53:10,400

allies right now

1490

00:53:13,750 --> 00:53:12,000

danny says that's right we need all the

1491

00:53:15,589 --> 00:53:13,760

allies we can get and we will take them

1492

00:53:17,109 --> 00:53:15,599

from extraterrestrial sources we'll take

1493

00:53:19,030 --> 00:53:17,119

them from remote viewing sources we'll

1494

00:53:21,109 --> 00:53:19,040

take them from investigative sources and

1495

00:53:22,230 --> 00:53:21,119

reported sources and we will get this

1496

00:53:24,150 --> 00:53:22,240

information

1497

00:53:25,910 --> 00:53:24,160

and we will handle it responsibly and

1498

00:53:27,670 --> 00:53:25,920

we'll share it with our people and we

1499

00:53:29,990 --> 00:53:27,680

will exercise our constitutional

1500

00:53:32,470 --> 00:53:30,000

fundamental rights to get access to this

1501

00:53:34,470 --> 00:53:32,480

information and use it responsibly to

1502

00:53:36,790 --> 00:53:34,480

not only solve the problems of the ufo

1503

00:53:39,349 --> 00:53:36,800

but our global climate change and our

1504

00:53:41,990 --> 00:53:39,359

other major problems and we need to earn

1505

00:53:44,230 --> 00:53:42,000

the trust of all our people engaged in

1506

00:53:46,470 --> 00:53:44,240

this process okay

1507

00:53:47,990 --> 00:53:46,480

and marshall closes it by saying

1508

00:53:50,150 --> 00:53:48,000

gentlemen

1509

00:53:52,069 --> 00:53:50,160

it was great to meet you all i would

1510

00:53:54,390 --> 00:53:52,079

love to be in contact with any of you

1511

00:53:56,790 --> 00:53:54,400

who would like to be in contact with me

1512

00:53:59,109 --> 00:53:56,800

danny says absolutely

1513

00:54:01,829 --> 00:53:59,119

dolan thank you marshall

1514

00:54:03,910 --> 00:54:01,839

marshall says i'm very respectable i'm

1515

00:54:06,230 --> 00:54:03,920

very respectful

1516

00:54:08,230 --> 00:54:06,240

of everybody's experience here

1517

00:54:10,150 --> 00:54:08,240

and you know we all bring pieces to this

1518

00:54:12,230 --> 00:54:10,160

puzzle and we're all in this situation

1519

00:54:14,549 --> 00:54:12,240

out of destiny or choice

1520

00:54:16,790 --> 00:54:14,559

however you might want to interpret that

1521

00:54:21,349 --> 00:54:16,800

richard says absolutely

1522

00:54:24,630 --> 00:54:22,710

he says

1523

00:54:26,950 --> 00:54:24,640

an important place

1524

00:54:28,790 --> 00:54:26,960

in our human history

1525

00:54:30,870 --> 00:54:28,800

great thank you very much guys i

1526

00:54:33,270 --> 00:54:30,880

appreciate it i will see you all in the

1527

00:54:35,589 --> 00:54:33,280

virtual world

1528

00:54:38,950 --> 00:54:35,599

so that is

1529

00:54:42,950 --> 00:54:38,960

the panel which i really enjoyed

1530

00:54:46,069 --> 00:54:44,549

we need more of this kind of thing we

1531

00:54:47,430 --> 00:54:46,079

need more pushing you know if there are

1532

00:54:49,910 --> 00:54:47,440

more people with information like

1533

00:54:52,789 --> 00:54:49,920

marshall it's good to push to ask

1534

00:54:54,390 --> 00:54:52,799

questions um i think they did it

1535

00:54:56,390 --> 00:54:54,400

respectfully i don't think marshall took

1536

00:54:59,109 --> 00:54:56,400

offense to it and i think we need to do

1537

00:55:00,950 --> 00:54:59,119

it again hopefully this happens again uh

1538

00:55:02,549 --> 00:55:00,960

this was i think it was fantastic and

1539

00:55:03,750 --> 00:55:02,559

hopefully you guys will get to see

1540

00:55:05,510 --> 00:55:03,760

you'll you'll get to see a little

1541

00:55:08,549 --> 00:55:05,520

20-minute segment that somebody posted

1542

00:55:09,910 --> 00:55:08,559

on vimeo i put that in the blog

1543

00:55:11,349 --> 00:55:09,920

and

1544

00:55:13,270 --> 00:55:11,359

also

1545

00:55:15,190 --> 00:55:13,280

hopefully maybe one day

1546

00:55:17,510 --> 00:55:15,200

the conference folks they release that

1547

00:55:19,430 --> 00:55:17,520

video because i think it's worth seeing

1548

00:55:21,190 --> 00:55:19,440

there's only so much i can do as far as

1549

00:55:23,349 --> 00:55:21,200

you know trying to recreate it

1550

00:55:25,829 --> 00:55:23,359

um hopefully you enjoyed this and any

1551  
00:55:27,030 --> 00:55:25,839  
feedback is is appreciated even critical

1552  
00:55:29,589 --> 00:55:27,040  
feedback

1553  
00:55:34,150 --> 00:55:31,349  
constructive criticism is always

1554  
00:55:37,109 --> 00:55:34,160  
appreciated and once again closing it's

1555  
00:55:38,470 --> 00:55:37,119  
my blog i'm mostly on twitter but i'm

1556  
00:55:40,309 --> 00:55:38,480  
trying to focus more on the blog and

1557  
00:55:42,630 --> 00:55:40,319  
doing these type of videos which take a

1558  
00:55:44,549 --> 00:55:42,640  
while uh this one was like three hours

1559  
00:55:46,470 --> 00:55:44,559  
and i i did a couple of versions because

1560  
00:55:49,030 --> 00:55:46,480  
i wasn't happy with the other ones

1561  
00:55:52,630 --> 00:55:49,040  
uh that's patreon

1562  
00:55:57,589 --> 00:55:53,829  
paypal

1563  
00:56:01,030 --> 00:55:59,670

venmo hopefully you guys don't mind me

1564

00:56:03,109 --> 00:56:01,040

doing that i just do it at the beginning

1565

00:56:04,470 --> 00:56:03,119

and at the end and so yeah thanks for

1566

00:56:06,950 --> 00:56:04,480

watching thanks for listening check out
