

**FORMER DEFENSE & INTELLIGENCE CONTRACTOR  
MICHAEL VIA FROM "UNIDENTIFIED"**

1  
00:00:06,070 --> 00:00:04,870  
all right we should be live right now

2  
00:00:09,030 --> 00:00:06,080  
hello

3  
00:00:11,430 --> 00:00:09,040  
everybody welcome back it's been a while

4  
00:00:12,789 --> 00:00:11,440  
and i'm just going to check my youtube

5  
00:00:14,470 --> 00:00:12,799  
channel

6  
00:00:25,910 --> 00:00:14,480  
right now oh

7  
00:00:30,870 --> 00:00:29,370  
all right we're definitely on youtube

8  
00:00:32,389 --> 00:00:30,880  
[Music]

9  
00:00:34,709 --> 00:00:32,399  
that's probably me

10  
00:00:37,590 --> 00:00:34,719  
there we go

11  
00:00:40,470 --> 00:00:37,600  
i had like three youtubes open

12  
00:00:41,830 --> 00:00:40,480  
and uh welcome back michael

13  
00:00:43,590 --> 00:00:41,840

good to be back joe

14

00:00:45,590 --> 00:00:43,600

i'm glad you're here again you are

15

00:00:47,270 --> 00:00:45,600

definitely one of my favorite people in

16

00:00:49,350 --> 00:00:47,280

ufology and we haven't even known each

17

00:00:50,869 --> 00:00:49,360

other that long

18

00:00:53,590 --> 00:00:50,879

where do i swipe the card for that

19

00:00:56,869 --> 00:00:55,029

and we do have somebody and since

20

00:00:59,189 --> 00:00:56,879

somebody it's rare that people

21

00:01:01,830 --> 00:00:59,199

call in i am going to go to somebody

22

00:01:03,349 --> 00:01:01,840

right off the bat and it's henry henry

23

00:01:04,630 --> 00:01:03,359

where are you calling from where are you

24

00:01:07,750 --> 00:01:04,640

where are you

25

00:01:09,350 --> 00:01:07,760

in merrimack new hampshire

26  
00:01:11,270 --> 00:01:09,360  
so i know we were talking earlier before

27  
00:01:14,070 --> 00:01:11,280  
the show you had a video which i cannot

28  
00:01:15,429 --> 00:01:14,080  
find do you have to put it in the chat

29  
00:01:17,590 --> 00:01:15,439  
do you have a question for oh you put it

30  
00:01:20,149 --> 00:01:17,600  
in the chat i did put it in the chat

31  
00:01:21,749 --> 00:01:20,159  
okay while i'm looking

32  
00:01:25,109 --> 00:01:21,759  
if you have any other questions from

33  
00:01:27,429 --> 00:01:25,119  
michael or myself feel free to i do

34  
00:01:29,990 --> 00:01:27,439  
in so the video that really kind of

35  
00:01:33,429 --> 00:01:30,000  
strikes and and it's very similar to the

36  
00:01:35,510 --> 00:01:33,439  
tic tac is the chilean video right

37  
00:01:37,590 --> 00:01:35,520  
have you seen the chilean video from the

38  
00:01:38,789 --> 00:01:37,600

chilean navy that was released several

39

00:01:41,350 --> 00:01:38,799

years ago

40

00:01:42,630 --> 00:01:41,360

and it's a tic tac that's releasing a

41

00:01:44,950 --> 00:01:42,640

gas

42

00:01:47,190 --> 00:01:44,960

as it's flying there are distortions to

43

00:01:49,350 --> 00:01:47,200

the north and south of it in the east

44

00:01:52,069 --> 00:01:49,360

and west of it and i don't know if those

45

00:01:54,069 --> 00:01:52,079

are gravimetric distortions but have you

46

00:01:55,510 --> 00:01:54,079

ever seen it have you analyzed or

47

00:01:56,870 --> 00:01:55,520

anybody analyzed have you heard anything

48

00:01:59,990 --> 00:01:56,880

about it

49

00:02:03,910 --> 00:02:00,000

i've seen it and

50

00:02:11,190 --> 00:02:08,790

it it does not look like a

51  
00:02:12,949 --> 00:02:11,200  
like there's a there's a fairly you see

52  
00:02:16,070 --> 00:02:12,959  
it in the news a lot when they're doing

53  
00:02:17,510 --> 00:02:16,080  
a promo for tucker tucker carlson's some

54  
00:02:21,430 --> 00:02:17,520  
ufo segment

55  
00:02:22,710 --> 00:02:21,440  
they'll show what is very clearly to me

56  
00:02:25,589 --> 00:02:22,720  
uh

57  
00:02:26,630 --> 00:02:25,599  
a video taken of an airliner from an

58  
00:02:30,790 --> 00:02:26,640  
airliner

59  
00:02:33,350 --> 00:02:30,800  
is out pretty distant

60  
00:02:37,750 --> 00:02:33,360  
and it's giving off its condensation

61  
00:02:41,509 --> 00:02:40,229  
in the context of that's a ufo leaving a

62  
00:02:44,070 --> 00:02:41,519  
trail

63  
00:02:46,550 --> 00:02:44,080

so when i first saw the chilean video i

64

00:02:48,550 --> 00:02:46,560

i first thought conversation trail but

65

00:03:03,509 --> 00:02:48,560

the more you look at it

66

00:03:07,670 --> 00:03:05,270

we're being hacked

67

00:03:09,910 --> 00:03:07,680

that's really odd

68

00:03:11,350 --> 00:03:09,920

joe i think it's the mics from everybody

69

00:03:13,430 --> 00:03:11,360

who's on if they're on and they have

70

00:03:14,229 --> 00:03:13,440

their volume pretty high

71

00:03:15,990 --> 00:03:14,239

right

72

00:03:18,630 --> 00:03:16,000

it's going to feed back in the system

73

00:03:22,070 --> 00:03:20,390

i think it's yours joe because mine's

74

00:03:23,270 --> 00:03:22,080

i'm on headset

75

00:03:24,070 --> 00:03:23,280

pretty high

76

00:03:26,309 --> 00:03:24,080

right

77

00:03:27,910 --> 00:03:26,319

it's going to come across on my laptop

78

00:03:39,670 --> 00:03:27,920

i'm going to try putting headphones on

79

00:03:39,680 --> 00:03:42,869

that fixed it

80

00:03:47,110 --> 00:03:43,990

can you hear me

81

00:03:48,550 --> 00:03:47,120

i still hear the delay um yeah but

82

00:03:50,229 --> 00:03:48,560

there's no echo

83

00:03:53,509 --> 00:03:50,239

it is gone

84

00:03:55,750 --> 00:03:53,519

thank god holy mackerel

85

00:03:57,830 --> 00:03:55,760

so so at first i thought that the

86

00:04:02,309 --> 00:03:57,840

chilean video was um

87

00:04:04,309 --> 00:04:02,319

an airliner and a condensation trail

88

00:04:05,910 --> 00:04:04,319

but the closer you look at it i don't

89

00:04:06,869 --> 00:04:05,920

know what it is but it's not i don't

90

00:04:08,789 --> 00:04:06,879

think it's an airliner with a

91

00:04:10,070 --> 00:04:08,799

condensation tray

92

00:04:11,670 --> 00:04:10,080

yeah i mean if you look at really

93

00:04:13,350 --> 00:04:11,680

closely and this is what really drives

94

00:04:15,670 --> 00:04:13,360

me crazy is nobody talks about this

95

00:04:17,189 --> 00:04:15,680

right if you look at the video

96

00:04:19,110 --> 00:04:17,199

fairly closely

97

00:04:23,189 --> 00:04:19,120

there are these

98

00:04:31,590 --> 00:04:23,199

there's a north south i mean if you look

99

00:04:34,950 --> 00:04:32,950

yeah i don't have to look at it again i

100

00:04:37,749 --> 00:04:34,960

don't recall the distortions that's the

101  
00:04:40,390 --> 00:04:37,759  
one that has the crosshairs right

102  
00:04:43,350 --> 00:04:40,400  
doesn't it include the crosshairs

103  
00:04:46,070 --> 00:04:43,360  
no i this one's it off the coast of

104  
00:04:48,550 --> 00:04:46,080  
chile and it's about a three or four

105  
00:04:50,310 --> 00:04:48,560  
minute video the show shows no back

106  
00:04:51,749 --> 00:04:50,320  
shows no ground clutter in the back

107  
00:04:54,150 --> 00:04:51,759  
nothing in the ground it's it's it's

108  
00:04:55,830 --> 00:04:54,160  
looking it's looking up and out yes it's

109  
00:04:57,270 --> 00:04:55,840  
not looking down i know yeah the only

110  
00:04:59,990 --> 00:04:57,280  
thing they do is they go to they

111  
00:05:00,870 --> 00:05:00,000  
actually go from fleur

112  
00:05:03,189 --> 00:05:00,880  
to

113  
00:05:04,950 --> 00:05:03,199

hard visual you can see the clouds right

114

00:05:05,990 --> 00:05:04,960

you don't see the you don't see the

115

00:05:08,950 --> 00:05:06,000

object

116

00:05:11,350 --> 00:05:08,960

uh it's it's it's a strange video but

117

00:05:12,950 --> 00:05:11,360

guys i'm having a horrible horrible echo

118

00:05:15,350 --> 00:05:12,960

it's really like impossible to hear

119

00:05:17,110 --> 00:05:15,360

because everything's doubling up

120

00:05:19,430 --> 00:05:17,120

you guys having any i'm going to try to

121

00:05:24,230 --> 00:05:19,440

remove henry right now

122

00:05:28,550 --> 00:05:26,469

michael i i still hear myself

123

00:05:32,469 --> 00:05:28,560

and everybody else deleting

124

00:05:37,270 --> 00:05:35,110

say something else

125

00:05:38,950 --> 00:05:37,280

joe say something i mean i've already

126

00:05:40,310 --> 00:05:38,960

i'm still hearing myself talking right

127

00:05:42,150 --> 00:05:40,320

now from before

128

00:05:43,909 --> 00:05:42,160

you're not coming across on my speakers

129

00:05:45,749 --> 00:05:43,919

at all you're coming across only my

130

00:05:46,710 --> 00:05:45,759

headphones and that cannot be picked up

131

00:05:59,270 --> 00:05:46,720

as

132

00:06:04,950 --> 00:06:02,309

i mean i can try uh it's not good let me

133

00:06:06,390 --> 00:06:04,960

try muting you but

134

00:06:07,590 --> 00:06:06,400

all right let's see

135

00:06:17,270 --> 00:06:07,600

now

136

00:06:21,350 --> 00:06:19,510

it's not you when i meet you it's still

137

00:06:22,469 --> 00:06:21,360

going on it's it's really difficult and

138

00:06:25,510 --> 00:06:22,479

i don't really know how to get out of

139

00:06:39,749 --> 00:06:25,520

this and get back in

140

00:06:46,230 --> 00:06:41,510

i could ignore the echo but that's

141

00:06:51,589 --> 00:06:48,710

turn on echo cancellation

142

00:06:55,670 --> 00:06:51,599

go into your audio settings

143

00:06:59,990 --> 00:06:58,309

yeah it's already it it's it's already

144

00:07:05,029 --> 00:07:00,000

on

145

00:07:05,039 --> 00:07:09,510

let's see

146

00:07:14,950 --> 00:07:12,150

i'm hearing myself talk in my ear right

147

00:07:17,909 --> 00:07:14,960

now so it's like it repeats multiple

148

00:07:19,430 --> 00:07:17,919

times it's not just a delay

149

00:07:22,230 --> 00:07:19,440

i don't think i have youtube playing in

150

00:07:25,909 --> 00:07:23,670

but that's what it does sound like it

151  
00:07:28,070 --> 00:07:25,919  
does sound like it's it's youtube

152  
00:07:31,029 --> 00:07:28,080  
did you play did you click on henry's

153  
00:07:33,990 --> 00:07:31,039  
link is it playing in the background

154  
00:07:35,110 --> 00:07:34,000  
no i did not play on henry's link and

155  
00:07:48,469 --> 00:07:35,120  
i'm

156  
00:07:51,990 --> 00:07:48,479  
other

157  
00:07:53,589 --> 00:07:52,000  
link i have up just in case but

158  
00:07:58,150 --> 00:07:53,599  
there's nothing else there is no youtube

159  
00:07:58,160 --> 00:08:01,430  
let's see

160  
00:08:01,440 --> 00:08:05,830  
best laid plans

161  
00:08:09,029 --> 00:08:07,510  
i hope that might be it

162  
00:08:11,110 --> 00:08:09,039  
and

163  
00:08:12,710 --> 00:08:11,120

we're good it was my fault it was all my

164

00:08:15,029 --> 00:08:12,720

fault i'm bringing henry back in go

165

00:08:17,350 --> 00:08:15,039

ahead henry i'm sorry that was operator

166

00:08:18,869 --> 00:08:17,360

error

167

00:08:20,869 --> 00:08:18,879

uh no not a problem that was the

168

00:08:23,189 --> 00:08:20,879

question i had it's just that uh on the

169

00:08:25,510 --> 00:08:23,199

chilean video i noticed that there are

170

00:08:26,790 --> 00:08:25,520

these cardinal distortions you know

171

00:08:28,230 --> 00:08:26,800

north south

172

00:08:30,790 --> 00:08:28,240

east west

173

00:08:33,110 --> 00:08:30,800

don't know if they're grabber metric

174

00:08:34,949 --> 00:08:33,120

if they're time distortions it's pretty

175

00:08:36,469 --> 00:08:34,959

interesting i was looking at it very

176

00:08:38,790 --> 00:08:36,479

closely and

177

00:08:41,110 --> 00:08:38,800

time sliced it slowed it down

178

00:08:44,310 --> 00:08:41,120

and looking at it and i thought i saw

179

00:08:47,269 --> 00:08:44,320

the same type of distortion on the video

180

00:08:49,590 --> 00:08:47,279

that was recently put out

181

00:08:51,030 --> 00:08:49,600

by it's redacted

182

00:08:53,990 --> 00:08:51,040

on the

183

00:08:56,790 --> 00:08:54,000

san diego sphere that has three antenna

184

00:08:59,350 --> 00:08:56,800

like protrusions and it was floating out

185

00:09:02,150 --> 00:08:59,360

just 400 feet above this guy's house the

186

00:09:05,030 --> 00:09:02,160

video was really amazing

187

00:09:07,990 --> 00:09:05,040

it looks a little bit like sputnik

188

00:09:09,590 --> 00:09:08,000

doesn't it it does it does and i think

189

00:09:11,990 --> 00:09:09,600

the chilean video isn't that the one

190

00:09:13,750 --> 00:09:12,000

mick west said was a a jet you know

191

00:09:15,269 --> 00:09:13,760

isn't that the one leslie kane was

192

00:09:16,949 --> 00:09:15,279

promoting for a long time i really

193

00:09:19,670 --> 00:09:16,959

haven't spent much time on the chilean

194

00:09:22,790 --> 00:09:19,680

video i thought it had been debunked as

195

00:09:24,470 --> 00:09:22,800

a jet i could be wrong

196

00:09:25,750 --> 00:09:24,480

well there's a i'm just posting it in

197

00:09:27,430 --> 00:09:25,760

the chat now

198

00:09:29,350 --> 00:09:27,440

bruce mcavee

199

00:09:31,509 --> 00:09:29,360

did an analysis of it thanks henry

200

00:09:36,630 --> 00:09:31,519

probably saw it but i don't remember

201  
00:09:39,030 --> 00:09:36,640  
what his conclusions were um

202  
00:09:41,590 --> 00:09:39,040  
i can remember how to spell mcavee

203  
00:09:43,670 --> 00:09:41,600  
so it ought to be pretty you know he's

204  
00:09:44,870 --> 00:09:43,680  
i trust bruce mcafee he's a data driven

205  
00:09:47,509 --> 00:09:44,880  
guy

206  
00:09:53,829 --> 00:09:47,519  
and if uh

207  
00:09:57,750 --> 00:09:56,150  
so the reason

208  
00:10:01,829 --> 00:09:57,760  
yeah i don't i don't think i've seen

209  
00:10:06,470 --> 00:10:04,310  
i wanted to talk to you about the image

210  
00:10:08,550 --> 00:10:06,480  
i can see the distortions that uh henry

211  
00:10:10,310 --> 00:10:08,560  
was talking about

212  
00:10:12,949 --> 00:10:10,320  
earlier in the video i would like to see

213  
00:10:15,829 --> 00:10:12,959

the video that henry's talking about

214

00:10:16,829 --> 00:10:15,839

off of san diego but we were not able to

215

00:10:20,230 --> 00:10:16,839

find

216

00:10:21,910 --> 00:10:20,240

it i'm going to share the

217

00:10:22,949 --> 00:10:21,920

did you not have it you may send it to

218

00:10:24,310 --> 00:10:22,959

you

219

00:10:26,150 --> 00:10:24,320

i don't have it

220

00:10:28,710 --> 00:10:26,160

it's in the chat you put it in the chat

221

00:10:32,550 --> 00:10:28,720

yeah it was in the youtube chat

222

00:10:36,389 --> 00:10:32,560

no the private chat

223

00:10:39,910 --> 00:10:37,750

all right so

224

00:10:41,430 --> 00:10:39,920

it's remarkably

225

00:10:44,310 --> 00:10:41,440

clear

226

00:10:46,069 --> 00:10:44,320

i'm gonna go this is great work by keith

227

00:10:48,550 --> 00:10:46,079

basterfield

228

00:10:50,870 --> 00:10:48,560

hopefully he does not mind

229

00:10:51,670 --> 00:10:50,880

i want to go through the um the bills

230

00:10:54,470 --> 00:10:51,680

that

231

00:10:56,230 --> 00:10:54,480

lou was talking about

232

00:10:58,069 --> 00:10:56,240

related to the senate

233

00:11:00,150 --> 00:10:58,079

and the house have you been able to read

234

00:11:01,990 --> 00:11:00,160

through those at all

235

00:11:03,829 --> 00:11:02,000

i'm right through it yeah

236

00:11:05,509 --> 00:11:03,839

what do you think

237

00:11:07,990 --> 00:11:05,519

i mean the senate for people who don't

238

00:11:09,509 --> 00:11:08,000

know they've come out with the

239

00:11:11,670 --> 00:11:09,519

proposed bills and the senate in the

240

00:11:13,509 --> 00:11:11,680

house the house is out the house is much

241

00:11:14,949 --> 00:11:13,519

more in-depth

242

00:11:16,949 --> 00:11:14,959

these are just proposed languages

243

00:11:22,550 --> 00:11:16,959

nothing finalized yet

244

00:11:26,470 --> 00:11:24,389

the permanent

245

00:11:28,150 --> 00:11:26,480

basically get rid of the uap task force

246

00:11:29,910 --> 00:11:28,160

i won't go through everything basically

247

00:11:31,590 --> 00:11:29,920

they're calling we get rid of the uap

248

00:11:33,269 --> 00:11:31,600

task force and make it a permitted

249

00:11:34,870 --> 00:11:33,279

office in our government

250

00:11:37,910 --> 00:11:34,880

um

251  
00:11:42,310 --> 00:11:37,920  
and the house goes through specifics

252  
00:11:45,910 --> 00:11:43,990  
procedures synchronizing standardized

253  
00:11:48,470 --> 00:11:45,920  
collection uap

254  
00:11:52,949 --> 00:11:50,230  
evaluating links between uap and

255  
00:11:54,790 --> 00:11:52,959  
adversarial governments evaluating the

256  
00:11:56,150 --> 00:11:54,800  
threat which is interesting because you

257  
00:11:58,310 --> 00:11:56,160  
know with condon you know there is no

258  
00:12:00,710 --> 00:11:58,320  
threat blue book is no threat so they're

259  
00:12:02,470 --> 00:12:00,720  
actually at least talking about that

260  
00:12:03,910 --> 00:12:02,480  
and

261  
00:12:07,990 --> 00:12:03,920  
one of the bigger things in there where

262  
00:12:13,350 --> 00:12:09,750  
it wasn't they didn't say crash

263  
00:12:17,430 --> 00:12:15,670

the exact wording here it is any update

264

00:12:18,790 --> 00:12:17,440

they want updates on any efforts

265

00:12:20,870 --> 00:12:18,800

understanding

266

00:12:22,870 --> 00:12:20,880

on the ability to capture or exploit

267

00:12:24,470 --> 00:12:22,880

discovered uap and i remember when lou

268

00:12:25,670 --> 00:12:24,480

read that on the air he was he was like

269

00:12:27,030 --> 00:12:25,680

yeah you know

270

00:12:28,710 --> 00:12:27,040

inferring that's related to crash

271

00:12:29,509 --> 00:12:28,720

retrieval so what's your overall thought

272

00:12:30,790 --> 00:12:29,519

about

273

00:12:32,949 --> 00:12:30,800

where we're heading where we're going

274

00:12:34,629 --> 00:12:32,959

right now as far as did you did you

275

00:12:37,670 --> 00:12:34,639

think we'd even get this far right now

276

00:12:38,790 --> 00:12:37,680

and i know it's not finalized

277

00:12:39,990 --> 00:12:38,800

but

278

00:12:41,829 --> 00:12:40,000

three years ago if you would have told

279

00:12:43,910 --> 00:12:41,839

me we were talking about this and i

280

00:12:45,509 --> 00:12:43,920

would have said yeah i doubt it you know

281

00:12:47,829 --> 00:12:45,519

three and a half years ago what about

282

00:12:50,629 --> 00:12:47,839

what's your take on that yeah it's it's

283

00:12:52,069 --> 00:12:50,639

promising i'm i'm encouraged by it

284

00:12:53,829 --> 00:12:52,079

uh

285

00:12:56,389 --> 00:12:53,839

you know it's

286

00:12:57,590 --> 00:12:56,399

it reminds me of the initial language

287

00:12:59,829 --> 00:12:57,600

that was

288

00:13:02,150 --> 00:12:59,839

drafted

289

00:13:05,430 --> 00:13:02,160

during the trump administration and then

290

00:13:08,150 --> 00:13:05,440

we saw how that got

291

00:13:10,150 --> 00:13:08,160

how that morphed into a product

292

00:13:12,470 --> 00:13:10,160

what a six page report

293

00:13:13,829 --> 00:13:12,480

that was pretty thin uh

294

00:13:14,949 --> 00:13:13,839

last june

295

00:13:17,350 --> 00:13:14,959

so the

296

00:13:19,590 --> 00:13:17,360

the overall language survived but what i

297

00:13:21,670 --> 00:13:19,600

see in this one um i think it's probably

298

00:13:23,990 --> 00:13:21,680

no secret that chris mellon

299

00:13:26,710 --> 00:13:24,000

has been instrumental in

300

00:13:29,030 --> 00:13:26,720

providing language to the senate

301

00:13:30,710 --> 00:13:29,040

and the house staffers

302

00:13:33,509 --> 00:13:30,720

on what to include and what what

303

00:13:34,870 --> 00:13:33,519

directions to take he probably

304

00:13:37,269 --> 00:13:34,880

wouldn't surprise me if he's had

305

00:13:39,030 --> 00:13:37,279

discussions about staffing

306

00:13:40,870 --> 00:13:39,040

and

307

00:13:42,550 --> 00:13:40,880

i think you know right now it's just

308

00:13:45,990 --> 00:13:42,560

language right and it's probably going

309

00:13:48,069 --> 00:13:46,000

to morph into something more finalized

310

00:13:49,430 --> 00:13:48,079

um

311

00:13:52,230 --> 00:13:49,440

we saw how

312

00:13:54,150 --> 00:13:52,240

kathleen hicks

313

00:13:55,110 --> 00:13:54,160

at the pentagon level

314

00:13:57,110 --> 00:13:55,120

turned

315

00:13:59,189 --> 00:13:57,120

the uap report

316

00:14:01,110 --> 00:13:59,199

into actionable

317

00:14:03,509 --> 00:14:01,120

uh directives

318

00:14:05,590 --> 00:14:03,519

okay but i think it's been recognized

319

00:14:07,189 --> 00:14:05,600

and everybody you know melon and lou

320

00:14:09,110 --> 00:14:07,199

elizondo and others have talked about

321

00:14:11,189 --> 00:14:09,120

the lack of

322

00:14:15,030 --> 00:14:11,199

administrative and or leadership

323

00:14:17,030 --> 00:14:15,040

horsepower that the task force had

324

00:14:19,030 --> 00:14:17,040

i think they even went so far as to say

325

00:14:22,949 --> 00:14:19,040

that there was uh

326

00:14:24,470 --> 00:14:22,959

perhaps only as high as a gs15

327

00:14:26,230 --> 00:14:24,480

so if people aren't familiar with the

328

00:14:28,470 --> 00:14:26,240

government

329

00:14:29,189 --> 00:14:28,480

pay or ranking structure you you know

330

00:14:31,509 --> 00:14:29,199

you

331

00:14:33,430 --> 00:14:31,519

typically somebody starting out might be

332

00:14:35,350 --> 00:14:33,440

you know out of college might be uh well

333

00:14:36,470 --> 00:14:35,360

i know this for because my son started

334

00:14:38,629 --> 00:14:36,480

out

335

00:14:41,030 --> 00:14:38,639

as a gs7

336

00:14:44,069 --> 00:14:41,040

and he was in a program to get to gs 12

337

00:14:45,430 --> 00:14:44,079

after four years it was an internship

338

00:14:48,710 --> 00:14:45,440

um

339

00:14:50,310 --> 00:14:48,720

but gs 12 13 you really start getting

340

00:14:53,990 --> 00:14:50,320

into the sort of the upper levels of the

341

00:14:56,069 --> 00:14:54,000

gs layer at gs14 and 15.

342

00:14:57,590 --> 00:14:56,079

and so if elizondo and melon were saying

343

00:15:02,949 --> 00:14:57,600

that

344

00:15:05,269 --> 00:15:02,959

the task force was only at a gs 15 level

345

00:15:07,030 --> 00:15:05,279

and i've been i've gotten confused

346

00:15:09,750 --> 00:15:07,040

reading about it lately because it seems

347

00:15:11,670 --> 00:15:09,760

to be maybe it was a ses

348

00:15:13,430 --> 00:15:11,680

senior executive service which is next

349

00:15:15,750 --> 00:15:13,440

level up

350

00:15:17,990 --> 00:15:15,760

above gs

351

00:15:20,230 --> 00:15:18,000

which is better so ses

352

00:15:22,150 --> 00:15:20,240

would be like equivalent to a flag rank

353

00:15:23,030 --> 00:15:22,160

officer

354

00:15:25,430 --> 00:15:23,040

and

355

00:15:28,230 --> 00:15:25,440

when you're lobbying

356

00:15:30,230 --> 00:15:28,240

when you uh within an agency or or an

357

00:15:31,749 --> 00:15:30,240

organization within the intelligence or

358

00:15:33,829 --> 00:15:31,759

defense community

359

00:15:35,590 --> 00:15:33,839

when you're advocating for a program or

360

00:15:37,829 --> 00:15:35,600

running a program

361

00:15:39,590 --> 00:15:37,839

you really need to fight for budgetary

362

00:15:41,590 --> 00:15:39,600

dollars right

363

00:15:43,590 --> 00:15:41,600

so if you're only a gs 15 you're like a

364

00:15:45,990 --> 00:15:43,600

department head

365

00:15:49,030 --> 00:15:46,000

and i'm talking about

366

00:15:51,189 --> 00:15:49,040

let's say you're a fire department head

367

00:15:52,790 --> 00:15:51,199

right uh you've got the the guy that's

368

00:15:54,069 --> 00:15:52,800

in charge of the hook and ladder and

369

00:15:55,189 --> 00:15:54,079

you've got the guy that's in charge of

370

00:15:57,110 --> 00:15:55,199

personnel

371

00:15:59,509 --> 00:15:57,120

that kind of department head

372

00:16:01,749 --> 00:15:59,519

but if you've got somebody that's

373

00:16:04,230 --> 00:16:01,759

director level

374

00:16:05,749 --> 00:16:04,240

with inside an agency agencies are

375

00:16:08,629 --> 00:16:05,759

usually divided up into chief

376

00:16:12,629 --> 00:16:11,110

you know maybe for second or imagery

377

00:16:14,790 --> 00:16:12,639

intelligence or some other kind of

378

00:16:15,990 --> 00:16:14,800

intelligence the directorate level is

379

00:16:19,590 --> 00:16:16,000

where you start getting into these

380

00:16:21,590 --> 00:16:19,600

senior executive service people ses

381

00:16:23,910 --> 00:16:21,600

and they are at some level they are they

382

00:16:27,189 --> 00:16:23,920

begin to become equivalent with

383

00:16:29,269 --> 00:16:27,199

your elected leaders in congress

384

00:16:31,430 --> 00:16:29,279

so the point is

385

00:16:33,350 --> 00:16:31,440

the language is fine and what it morphs

386

00:16:36,629 --> 00:16:33,360

into it's going to morph into

387

00:16:38,230 --> 00:16:36,639

but what i think is important to watch

388

00:16:46,790 --> 00:16:38,240

is

389

00:16:49,110 --> 00:16:46,800

the organization

390

00:16:51,670 --> 00:16:49,120

and then how much

391

00:16:53,670 --> 00:16:51,680

um

392

00:16:56,470 --> 00:16:53,680

horsepower

393

00:16:58,870 --> 00:16:56,480

and how much coordination

394

00:17:01,110 --> 00:16:58,880

does the does the effort get

395

00:17:03,269 --> 00:17:01,120

from across the dod

396

00:17:05,029 --> 00:17:03,279

and the ic

397

00:17:07,189 --> 00:17:05,039

so for example

398

00:17:09,029 --> 00:17:07,199

if you have like major satellite

399

00:17:10,949 --> 00:17:09,039

programs

400

00:17:12,230 --> 00:17:10,959

the dni

401  
00:17:13,990 --> 00:17:12,240  
has what's called the community

402  
00:17:17,110 --> 00:17:14,000  
management staff

403  
00:17:19,110 --> 00:17:17,120  
and these are staff members that are

404  
00:17:20,470 --> 00:17:19,120  
helping the machine run

405  
00:17:21,429 --> 00:17:20,480  
okay

406  
00:17:23,590 --> 00:17:21,439  
and there

407  
00:17:25,189 --> 00:17:23,600  
then you have your advisory boards on

408  
00:17:27,029 --> 00:17:25,199  
intelligence and

409  
00:17:28,309 --> 00:17:27,039  
you have your collection management

410  
00:17:30,870 --> 00:17:28,319  
authorities that are racking and

411  
00:17:33,830 --> 00:17:30,880  
stacking targets and how they get

412  
00:17:36,549 --> 00:17:33,840  
processed and based on priority

413  
00:17:37,510 --> 00:17:36,559

so if this effort ends up based on the

414

00:17:40,070 --> 00:17:37,520

language

415

00:17:42,710 --> 00:17:40,080

getting enough attention that it gets

416

00:17:44,230 --> 00:17:42,720

really senior leadership appointed as as

417

00:17:45,430 --> 00:17:44,240

its head

418

00:17:47,350 --> 00:17:45,440

and they get

419

00:17:48,950 --> 00:17:47,360

direction from

420

00:17:53,110 --> 00:17:48,960

dod

421

00:17:55,029 --> 00:17:53,120

uh or from dni that there shall be using

422

00:17:57,110 --> 00:17:55,039

shall statements those are those are

423

00:17:58,950 --> 00:17:57,120

actual statements

424

00:18:00,390 --> 00:17:58,960

where they're directing

425

00:18:01,350 --> 00:18:00,400

agencies and organizations

426  
00:18:04,470 --> 00:18:01,360  
to

427  
00:18:06,390 --> 00:18:04,480  
cooperate and collaborate with them and

428  
00:18:07,830 --> 00:18:06,400  
i think the language already includes

429  
00:18:10,549 --> 00:18:07,840  
the the report types and their

430  
00:18:11,510 --> 00:18:10,559  
frequencies that they expect right

431  
00:18:13,350 --> 00:18:11,520  
um

432  
00:18:16,549 --> 00:18:13,360  
it's something greater than 100 than

433  
00:18:19,029 --> 00:18:16,559  
every 180 days if i remember correctly

434  
00:18:20,950 --> 00:18:19,039  
so if this if it gets staffed well if

435  
00:18:23,830 --> 00:18:20,960  
you go back and listen to

436  
00:18:26,230 --> 00:18:23,840  
chris mellon's um

437  
00:18:28,950 --> 00:18:26,240  
appearance on joe rogan

438  
00:18:30,870 --> 00:18:28,960

he sort of was asked you know if this if

439

00:18:33,190 --> 00:18:30,880

you were king for a day

440

00:18:36,310 --> 00:18:33,200

how would you set it up and he laid it

441

00:18:37,669 --> 00:18:36,320

all out uh very logically

442

00:18:39,350 --> 00:18:37,679

and it all made

443

00:18:40,710 --> 00:18:39,360

perfect sense

444

00:18:42,710 --> 00:18:40,720

if that happens

445

00:18:45,029 --> 00:18:42,720

then i think we'll all be

446

00:18:46,789 --> 00:18:45,039

high-fiving about it

447

00:18:48,870 --> 00:18:46,799

but if it ends up getting

448

00:18:52,310 --> 00:18:48,880

you know like a navy commander or an air

449

00:18:56,950 --> 00:18:55,190

colonel or something head of this office

450

00:18:58,549 --> 00:18:56,960

and they don't have broad cooperation

451  
00:18:59,909 --> 00:18:58,559  
and collaboration then

452  
00:19:00,950 --> 00:18:59,919  
i wouldn't say that it would die on the

453  
00:19:03,029 --> 00:19:00,960  
vine but

454  
00:19:04,630 --> 00:19:03,039  
it's also going to take over on the

455  
00:19:07,830 --> 00:19:04,640  
legislative side it's going to take

456  
00:19:10,870 --> 00:19:07,840  
members of the house and senate

457  
00:19:12,789 --> 00:19:10,880  
being involved being interested

458  
00:19:15,510 --> 00:19:12,799  
attending the briefings because these

459  
00:19:17,590 --> 00:19:15,520  
guys from the ic and the dod

460  
00:19:18,549 --> 00:19:17,600  
they're briefing on the hill all the

461  
00:19:20,870 --> 00:19:18,559  
time

462  
00:19:23,350 --> 00:19:20,880  
but if you talk to the people

463  
00:19:24,470 --> 00:19:23,360

that give these briefings

464

00:19:26,070 --> 00:19:24,480

so many times

465

00:19:26,870 --> 00:19:26,080

these jokers aren't even showing up for

466

00:19:28,789 --> 00:19:26,880

them

467

00:19:30,710 --> 00:19:28,799

they might send a staffer

468

00:19:32,470 --> 00:19:30,720

but there's no such thing as like a

469

00:19:34,470 --> 00:19:32,480

hundred percent attendance

470

00:19:35,430 --> 00:19:34,480

and you would think a topic of this

471

00:19:37,350 --> 00:19:35,440

nature

472

00:19:39,029 --> 00:19:37,360

would get a full house

473

00:19:40,710 --> 00:19:39,039

but we'll see

474

00:19:41,750 --> 00:19:40,720

so it's just really

475

00:19:43,909 --> 00:19:41,760

you know they

476  
00:19:47,029 --> 00:19:43,919  
we used to talk about it a lot programs

477  
00:19:49,110 --> 00:19:47,039  
live and die based on their advocacy

478  
00:19:50,950 --> 00:19:49,120  
within the community

479  
00:19:52,549 --> 00:19:50,960  
so if this program

480  
00:19:54,950 --> 00:19:52,559  
once it gets established

481  
00:19:56,870 --> 00:19:54,960  
gets really strong advocacy within the

482  
00:19:58,630 --> 00:19:56,880  
dod within the ic

483  
00:20:00,230 --> 00:19:58,640  
and from the hill

484  
00:20:02,230 --> 00:20:00,240  
then um

485  
00:20:03,669 --> 00:20:02,240  
and and people keep pushing the public

486  
00:20:05,590 --> 00:20:03,679  
keeps pushing

487  
00:20:07,190 --> 00:20:05,600  
and writing their elected leadership and

488  
00:20:08,950 --> 00:20:07,200

asking them questions

489

00:20:10,870 --> 00:20:08,960

keep them interested keep the keep their

490

00:20:12,549 --> 00:20:10,880

feet to the fire and there's a lot of

491

00:20:14,870 --> 00:20:12,559

promise here

492

00:20:16,230 --> 00:20:14,880

i am going to go to a question and and

493

00:20:17,669 --> 00:20:16,240

we'll i want to get back to that i want

494

00:20:21,430 --> 00:20:17,679

to get back to open hearings because

495

00:20:23,350 --> 00:20:21,440

people were predicting open hearings but

496

00:20:25,350 --> 00:20:23,360

chris my friend chris wolford has a

497

00:20:27,669 --> 00:20:25,360

question

498

00:20:29,590 --> 00:20:27,679

what are your thoughts on lou elizondo

499

00:20:31,270 --> 00:20:29,600

what has he done

500

00:20:33,830 --> 00:20:31,280

on what lou has done along with melon

501  
00:20:35,350 --> 00:20:33,840  
which we kind of answered and those guys

502  
00:20:37,669 --> 00:20:35,360  
i don't think we'd be here without both

503  
00:20:40,070 --> 00:20:37,679  
of them and also your overall thoughts

504  
00:20:42,710 --> 00:20:40,080  
on experiences

505  
00:20:44,549 --> 00:20:42,720  
thank you thank you chris

506  
00:20:47,270 --> 00:20:44,559  
yeah thanks chris good question uh i've

507  
00:20:50,070 --> 00:20:47,280  
met lou i didn't meet chris

508  
00:20:51,270 --> 00:20:50,080  
um lou is the same person today when i

509  
00:20:54,549 --> 00:20:51,280  
watch him

510  
00:20:56,789 --> 00:20:54,559  
on television or on youtube or whatever

511  
00:20:59,029 --> 00:20:56,799  
as as he was in real life

512  
00:21:00,630 --> 00:20:59,039  
he's very sincere he comes across that

513  
00:21:03,270 --> 00:21:00,640

way and you know we've all met people

514

00:21:05,029 --> 00:21:03,280

over our lives lifetimes where

515

00:21:07,029 --> 00:21:05,039

you come away from meeting somebody and

516

00:21:08,470 --> 00:21:07,039

you you know it's maybe sketchy you're

517

00:21:10,470 --> 00:21:08,480

not really and then we've all been

518

00:21:11,350 --> 00:21:10,480

fooled

519

00:21:13,590 --> 00:21:11,360

but i

520

00:21:14,549 --> 00:21:13,600

i i came away

521

00:21:17,190 --> 00:21:14,559

um

522

00:21:19,510 --> 00:21:17,200

with a very strong impression of lou

523

00:21:21,110 --> 00:21:19,520

having his heart in the right place he's

524

00:21:23,190 --> 00:21:21,120

very energetic

525

00:21:25,909 --> 00:21:23,200

um with this topic

526

00:21:28,390 --> 00:21:25,919

um very devoted to it

527

00:21:30,950 --> 00:21:28,400

he knows what he has seen

528

00:21:33,909 --> 00:21:30,960

he knows that there's more out there

529

00:21:35,350 --> 00:21:33,919

and he and uh and i think safe to say

530

00:21:37,110 --> 00:21:35,360

now because he's basically said it i

531

00:21:39,990 --> 00:21:37,120

mean he told me

532

00:21:41,590 --> 00:21:40,000

you know that there are um

533

00:21:43,590 --> 00:21:41,600

there's evidence that they have that

534

00:21:46,310 --> 00:21:43,600

would just blow your socks off

535

00:21:50,070 --> 00:21:46,320

very close up very high definition

536

00:21:52,390 --> 00:21:50,080

videos and and photographs

537

00:21:56,230 --> 00:21:52,400

i like what he's done

538

00:21:57,669 --> 00:21:56,240

whether he's with ttsa or out is more

539

00:22:00,149 --> 00:21:57,679

as an independent kind of working with

540

00:22:03,830 --> 00:22:00,159

melon and others in the background

541

00:22:06,310 --> 00:22:03,840

chris mellon i think is uh

542

00:22:10,149 --> 00:22:06,320

so i come from the naval cryptologic

543

00:22:11,110 --> 00:22:10,159

community and what that means is um

544

00:22:13,350 --> 00:22:11,120

mostly

545

00:22:14,630 --> 00:22:13,360

yeah yeah go to your background a little

546

00:22:16,070 --> 00:22:14,640

bit because a lot of people may not know

547

00:22:18,549 --> 00:22:16,080

who the heck you are

548

00:22:21,590 --> 00:22:18,559

so so it's the navy cryptologic

549

00:22:23,990 --> 00:22:21,600

community um

550

00:22:26,870 --> 00:22:24,000

is uh very closely tied to the national

551  
00:22:29,029 --> 00:22:26,880  
security agency and i'm

552  
00:22:30,630 --> 00:22:29,039  
close personal friends with a lot of

553  
00:22:32,950 --> 00:22:30,640  
senior navy

554  
00:22:34,470 --> 00:22:32,960  
retired

555  
00:22:36,549 --> 00:22:34,480  
cryptologic

556  
00:22:37,669 --> 00:22:36,559  
officers

557  
00:22:38,830 --> 00:22:37,679  
and

558  
00:22:41,909 --> 00:22:38,840  
to a

559  
00:22:44,390 --> 00:22:41,919  
person uh almost none of them none of

560  
00:22:46,789 --> 00:22:44,400  
they were piping up about any of this

561  
00:22:48,390 --> 00:22:46,799  
anything related to this topic

562  
00:22:49,990 --> 00:22:48,400  
up till about

563  
00:22:52,630 --> 00:22:50,000

i don't know what just six months ago

564

00:22:56,070 --> 00:22:52,640

and i had commented to you

565

00:22:59,110 --> 00:22:56,080

how i'm on an email distro and that has

566

00:23:00,950 --> 00:22:59,120

i think it's like 162 of these people in

567

00:23:02,230 --> 00:23:00,960

retirement

568

00:23:04,390 --> 00:23:02,240

um

569

00:23:07,270 --> 00:23:04,400

ufos were in the news a lot over the

570

00:23:08,870 --> 00:23:07,280

last year and there wasn't a peep

571

00:23:12,230 --> 00:23:08,880

until

572

00:23:14,630 --> 00:23:12,240

melon became more prominent in the news

573

00:23:16,950 --> 00:23:14,640

and it was amazing

574

00:23:19,350 --> 00:23:16,960

these people coming out of the woodwork

575

00:23:21,110 --> 00:23:19,360

it's not often when these these emails

576

00:23:23,029 --> 00:23:21,120

come out every day it's a broad distro

577

00:23:25,590 --> 00:23:23,039

about 160 something people

578

00:23:28,549 --> 00:23:25,600

covering a range of unclassified

579

00:23:30,230 --> 00:23:28,559

versions of classified news

580

00:23:34,149 --> 00:23:30,240

you

581

00:23:35,350 --> 00:23:34,159

any follow-up emails on any of these

582

00:23:38,310 --> 00:23:35,360

topics

583

00:23:40,549 --> 00:23:38,320

uh maybe one or two a week but

584

00:23:43,510 --> 00:23:40,559

about the time melon

585

00:23:45,990 --> 00:23:43,520

uh and elizondo started hitting fox news

586

00:23:47,669 --> 00:23:46,000

and cnn and the other outlets

587

00:23:50,549 --> 00:23:47,679

especially melon

588

00:23:52,789 --> 00:23:50,559

melon is is remembered

589

00:23:55,350 --> 00:23:52,799

by so many of these guys

590

00:23:57,909 --> 00:23:55,360

he is very highly respected

591

00:24:00,470 --> 00:23:57,919

his reputation is pure gold

592

00:24:01,510 --> 00:24:00,480

in the dod and the ic

593

00:24:03,269 --> 00:24:01,520

uh

594

00:24:04,710 --> 00:24:03,279

i forget which administration i guess it

595

00:24:06,390 --> 00:24:04,720

was the bush administration under which

596

00:24:07,430 --> 00:24:06,400

he was appointed

597

00:24:09,590 --> 00:24:07,440

but

598

00:24:11,190 --> 00:24:09,600

he he did not play either side of the

599

00:24:11,909 --> 00:24:11,200

fence

600

00:24:15,430 --> 00:24:11,919

he

601  
00:24:17,190 --> 00:24:15,440  
very very well

602  
00:24:18,390 --> 00:24:17,200  
i have not heard a single negative thing

603  
00:24:21,190 --> 00:24:18,400  
about him

604  
00:24:22,630 --> 00:24:21,200  
and when you listen to him speak

605  
00:24:24,870 --> 00:24:22,640  
he uh his command of the english

606  
00:24:28,310 --> 00:24:24,880  
language that's one thing

607  
00:24:30,310 --> 00:24:28,320  
but his command of legislative speak of

608  
00:24:33,590 --> 00:24:30,320  
programmatic speak

609  
00:24:34,310 --> 00:24:33,600  
he talks in terms of budgetary dollars

610  
00:24:35,909 --> 00:24:34,320  
and

611  
00:24:37,269 --> 00:24:35,919  
outcome

612  
00:24:39,909 --> 00:24:37,279  
based uh

613  
00:24:42,870 --> 00:24:39,919

results you know and initiatives

614

00:24:45,590 --> 00:24:42,880

that have a firm underpinning

615

00:24:46,710 --> 00:24:45,600

of hard data and science

616

00:24:57,750 --> 00:24:46,720

he

617

00:24:59,590 --> 00:24:57,760

organization or a company or an effort

618

00:25:01,190 --> 00:24:59,600

of any kind

619

00:25:03,510 --> 00:25:01,200

and he

620

00:25:05,269 --> 00:25:03,520

i would love to be a fly on the wall in

621

00:25:07,029 --> 00:25:05,279

his office listening to him because

622

00:25:08,630 --> 00:25:07,039

apparently he he works pretty closely

623

00:25:09,990 --> 00:25:08,640

with these

624

00:25:11,510 --> 00:25:10,000

people that are on what i call the

625

00:25:12,710 --> 00:25:11,520

what's called the community management

626  
00:25:18,630 --> 00:25:12,720  
staff

627  
00:25:20,950 --> 00:25:18,640  
and the in the uh house

628  
00:25:24,710 --> 00:25:20,960  
representative staffers

629  
00:25:26,310 --> 00:25:24,720  
and so it's not like he's got the ear of

630  
00:25:27,590 --> 00:25:26,320  
individual discreet senators and

631  
00:25:28,870 --> 00:25:27,600  
congressmen every day because they don't

632  
00:25:31,110 --> 00:25:28,880  
have time to take phone calls from

633  
00:25:32,870 --> 00:25:31,120  
citizens like chris mellon even

634  
00:25:33,990 --> 00:25:32,880  
but he's got the ears of their people

635  
00:25:35,590 --> 00:25:34,000  
that they listen to which are their

636  
00:25:36,390 --> 00:25:35,600  
staffers

637  
00:25:37,909 --> 00:25:36,400  
so

638  
00:25:40,070 --> 00:25:37,919

i think what he's doing is immensely

639

00:25:41,990 --> 00:25:40,080

important

640

00:25:43,909 --> 00:25:42,000

i think he's played that role

641

00:25:45,909 --> 00:25:43,919

exceedingly well

642

00:25:48,549 --> 00:25:45,919

and i don't think we would be nearly as

643

00:25:51,110 --> 00:25:48,559

far down this path i i would bet you

644

00:25:52,710 --> 00:25:51,120

know my phrase i'd bet my house

645

00:25:54,230 --> 00:25:52,720

that he wrote half of this language we

646

00:25:55,590 --> 00:25:54,240

see in this bill i was just going to say

647

00:25:57,990 --> 00:25:55,600

that looking at it it's just like when

648

00:25:59,269 --> 00:25:58,000

you read his previous works it's in

649

00:26:02,630 --> 00:25:59,279

there i mean

650

00:26:04,149 --> 00:26:02,640

he probably wrote most of it

651  
00:26:06,230 --> 00:26:04,159  
and that's why when people are like why

652  
00:26:08,470 --> 00:26:06,240  
now it's because because of melon and

653  
00:26:10,630 --> 00:26:08,480  
elizondo i mean because tom de long gave

654  
00:26:12,870 --> 00:26:10,640  
and i say it all the time the long gave

655  
00:26:14,710 --> 00:26:12,880  
elizondo place where he can go he was

656  
00:26:16,470 --> 00:26:14,720  
frustrated and just timing worked out i

657  
00:26:18,149 --> 00:26:16,480  
don't you know i've gone back and forth

658  
00:26:20,310 --> 00:26:18,159  
you know maybe it's because the uptick

659  
00:26:21,590 --> 00:26:20,320  
uptick in sightings and you know people

660  
00:26:23,750 --> 00:26:21,600  
are like we need to start getting the

661  
00:26:25,669 --> 00:26:23,760  
truth out i don't think so i think it's

662  
00:26:27,430 --> 00:26:25,679  
elizondo melon and the people behind the

663  
00:26:29,029 --> 00:26:27,440

scenes who lou has not spoken about

664

00:26:29,990 --> 00:26:29,039

because they don't want to come out yet

665

00:26:32,950 --> 00:26:30,000

um

666

00:26:34,950 --> 00:26:32,960

the last part of chris's

667

00:26:36,549 --> 00:26:34,960

question was your overall take on

668

00:26:40,390 --> 00:26:36,559

experiencers

669

00:26:42,549 --> 00:26:40,400

yeah i i have to admit that um

670

00:26:44,789 --> 00:26:42,559

i think i've told you this before joe

671

00:26:46,789 --> 00:26:44,799

so in 92 when i had my siding it was in

672

00:26:50,390 --> 00:26:46,799

the i was in the navy i was on a navy

673

00:26:52,549 --> 00:26:50,400

ship i was in a hot area of the world

674

00:26:54,870 --> 00:26:52,559

and the last thing i

675

00:26:57,110 --> 00:26:54,880

had on my mind or wanted to even clutter

676  
00:26:58,950 --> 00:26:57,120  
my mind with was anything approaching

677  
00:27:01,029 --> 00:26:58,960  
what we sometimes hear referred to as

678  
00:27:02,549 --> 00:27:01,039  
the woo factor right

679  
00:27:04,070 --> 00:27:02,559  
um

680  
00:27:05,830 --> 00:27:04,080  
it was always just a little too much for

681  
00:27:07,430 --> 00:27:05,840  
me now i have to admit

682  
00:27:09,909 --> 00:27:07,440  
sometime around the time the book came

683  
00:27:12,870 --> 00:27:09,919  
out um that was at least my

684  
00:27:14,710 --> 00:27:12,880  
understanding i did read years ago

685  
00:27:16,789 --> 00:27:14,720  
um

686  
00:27:19,430 --> 00:27:16,799  
communion

687  
00:27:20,789 --> 00:27:19,440  
uh i think i read that

688  
00:27:24,230 --> 00:27:20,799

what year was that published that would

689

00:27:26,549 --> 00:27:24,240

help me get a bearing on 85 or 86 i

690

00:27:30,710 --> 00:27:26,559

think i'll make sure though

691

00:27:33,430 --> 00:27:30,720

so it was definitely before the gulf war

692

00:27:36,710 --> 00:27:33,440

in 1991

693

00:27:39,510 --> 00:27:36,720

at some point after i was married

694

00:27:41,430 --> 00:27:39,520

in 89 and

695

00:27:42,870 --> 00:27:41,440

fly i remember reading the book on an

696

00:27:44,389 --> 00:27:42,880

airplane either on the way to the

697

00:27:47,269 --> 00:27:44,399

persian gulf or on the way home it was

698

00:27:50,389 --> 00:27:47,279

probably on one of my trips over

699

00:27:53,750 --> 00:27:50,399

uh and that book stuck with me

700

00:27:55,269 --> 00:27:53,760

so i've always sort of um

701  
00:27:59,110 --> 00:27:55,279  
you know i i did

702  
00:28:03,750 --> 00:28:01,669  
i'm fortunate to have been

703  
00:28:06,950 --> 00:28:03,760  
sort of schooled if you will in the in

704  
00:28:09,029 --> 00:28:06,960  
the in the trade of um

705  
00:28:10,149 --> 00:28:09,039  
measuring information quality evaluating

706  
00:28:13,269 --> 00:28:10,159  
information

707  
00:28:14,470 --> 00:28:13,279  
forth

708  
00:28:15,909 --> 00:28:14,480  
so when i read that book you're right

709  
00:28:18,070 --> 00:28:15,919  
there's a grain of salt in there with

710  
00:28:22,470 --> 00:28:18,080  
every sentence

711  
00:28:25,750 --> 00:28:24,870  
what's the late uh researcher i always

712  
00:28:28,310 --> 00:28:25,760  
forget his name we're going to talk

713  
00:28:30,710 --> 00:28:28,320

about him stan from stanton friedman

714

00:28:32,950 --> 00:28:30,720

yeah you know he he began in the latter

715

00:28:34,870 --> 00:28:32,960

years to lead with or to conclude by

716

00:28:36,630 --> 00:28:34,880

saying that the evidence is overwhelming

717

00:28:37,990 --> 00:28:36,640

that the earth is being visited blah

718

00:28:40,789 --> 00:28:38,000

blah blah

719

00:28:43,110 --> 00:28:40,799

by extraterrestrial intelligence

720

00:28:45,990 --> 00:28:43,120

well to me it's the the experimenter

721

00:28:48,149 --> 00:28:46,000

realm is it's it's it's the weight of

722

00:28:50,549 --> 00:28:48,159

the total body

723

00:28:52,950 --> 00:28:50,559

of the claims

724

00:28:54,789 --> 00:28:52,960

um and from what i understand

725

00:28:56,950 --> 00:28:54,799

a lot of these people have been very

726  
00:28:59,510 --> 00:28:56,960  
seriously researched by some very

727  
00:29:01,029 --> 00:28:59,520  
serious and sober scientists

728  
00:29:01,830 --> 00:29:01,039  
to the extent

729  
00:29:03,990 --> 00:29:01,840  
that

730  
00:29:05,190 --> 00:29:04,000  
apparently many of them

731  
00:29:07,110 --> 00:29:05,200  
are being

732  
00:29:09,110 --> 00:29:07,120  
[Music]

733  
00:29:10,549 --> 00:29:09,120  
are involved in testing

734  
00:29:12,870 --> 00:29:10,559  
of maybe their dna and their

735  
00:29:16,549 --> 00:29:12,880  
immunological systems

736  
00:29:19,269 --> 00:29:16,559  
to try to determine if there are markers

737  
00:29:21,750 --> 00:29:19,279  
either from the experience or markers

738  
00:29:23,830 --> 00:29:21,760

that set them out

739

00:29:26,470 --> 00:29:23,840

and set them as somehow different from

740

00:29:27,990 --> 00:29:26,480

the rest of us that make them

741

00:29:29,830 --> 00:29:28,000

more uh

742

00:29:32,149 --> 00:29:29,840

more of a target if you will

743

00:29:33,830 --> 00:29:32,159

uh more of a recipient of the experience

744

00:29:35,350 --> 00:29:33,840

i don't know how to put it but

745

00:29:36,630 --> 00:29:35,360

yeah

746

00:29:38,710 --> 00:29:36,640

it was the work that gary nolan was

747

00:29:39,909 --> 00:29:38,720

working on related to the antenna and

748

00:29:41,909 --> 00:29:39,919

they weren't sure if it was something

749

00:29:44,630 --> 00:29:41,919

that attracted to them it you know

750

00:29:46,070 --> 00:29:44,640

attracted the phenomenon to them or

751  
00:29:47,830 --> 00:29:46,080  
something that happens in the family it

752  
00:29:49,269 --> 00:29:47,840  
was too early you know

753  
00:29:51,510 --> 00:29:49,279  
nolan was talking about how it's too

754  
00:29:53,990 --> 00:29:51,520  
early to even make any conclusion

755  
00:29:55,990 --> 00:29:54,000  
um but it was 87 of february just so you

756  
00:29:57,909 --> 00:29:56,000  
know communion okay the book that

757  
00:30:00,070 --> 00:29:57,919  
changed my life as far as this because i

758  
00:30:01,830 --> 00:30:00,080  
had no idea there was anything even like

759  
00:30:02,789 --> 00:30:01,840  
that until i saw that book

760  
00:30:04,789 --> 00:30:02,799  
yeah

761  
00:30:05,909 --> 00:30:04,799  
so um

762  
00:30:11,430 --> 00:30:05,919  
i i

763  
00:30:13,029 --> 00:30:11,440

believe that something's going on

764

00:30:14,549 --> 00:30:13,039

um

765

00:30:17,750 --> 00:30:14,559

i'm important you know i always fall

766

00:30:19,750 --> 00:30:17,760

back to our criminal justice system

767

00:30:21,350 --> 00:30:19,760

we we are allowed

768

00:30:24,070 --> 00:30:21,360

to enter

769

00:30:25,669 --> 00:30:24,080

and to rule based on eyewitness

770

00:30:27,750 --> 00:30:25,679

testimony

771

00:30:28,789 --> 00:30:27,760

so why should it be any different when

772

00:30:31,190 --> 00:30:28,799

people are

773

00:30:32,710 --> 00:30:31,200

making claims obviously just like a

774

00:30:34,870 --> 00:30:32,720

criminal case there needs to be an

775

00:30:36,310 --> 00:30:34,880

investigation

776  
00:30:38,549 --> 00:30:36,320  
but you're still dealing with people

777  
00:30:41,029 --> 00:30:38,559  
that are making claims

778  
00:30:43,510 --> 00:30:41,039  
and it's the total

779  
00:30:45,669 --> 00:30:43,520  
volume of those claims

780  
00:30:48,470 --> 00:30:45,679  
that to me makes it where

781  
00:30:49,669 --> 00:30:48,480  
you if all only one of them has to be

782  
00:30:51,190 --> 00:30:49,679  
true

783  
00:30:54,470 --> 00:30:51,200  
right

784  
00:30:55,590 --> 00:30:54,480  
only one of them has to be true

785  
00:30:57,990 --> 00:30:55,600  
that if you

786  
00:30:59,750 --> 00:30:58,000  
for an instant or at some point made a

787  
00:31:01,590 --> 00:30:59,760  
conclusion that you just did not believe

788  
00:31:02,830 --> 00:31:01,600

any of that thought it was complete and

789

00:31:05,269 --> 00:31:02,840

utter

790

00:31:08,470 --> 00:31:05,279

[h\_\_h] and then one of them turns out

791

00:31:10,070 --> 00:31:08,480

to be true however it's proven

792

00:31:12,070 --> 00:31:10,080

then that compels you to go back and

793

00:31:13,350 --> 00:31:12,080

look at all of them again

794

00:31:14,149 --> 00:31:13,360

right

795

00:31:16,310 --> 00:31:14,159

so

796

00:31:18,389 --> 00:31:16,320

and you can apply that to whether it's

797

00:31:20,149 --> 00:31:18,399

experiences or ufo sightings that are

798

00:31:22,149 --> 00:31:20,159

absent of a photograph or a video or

799

00:31:23,750 --> 00:31:22,159

whatever

800

00:31:26,310 --> 00:31:23,760

it forces you

801  
00:31:28,389 --> 00:31:26,320  
to re-look at the information to to

802  
00:31:31,430 --> 00:31:28,399  
reconsider a different set of potential

803  
00:31:35,830 --> 00:31:33,669  
so

804  
00:31:40,950 --> 00:31:35,840  
yeah i think it's really interesting

805  
00:31:40,960 --> 00:31:44,830  
and why are there stories

806  
00:31:44,840 --> 00:31:50,230  
so similar in so many ways

807  
00:31:53,830 --> 00:31:51,430  
to me that's

808  
00:31:55,190 --> 00:31:53,840  
i agree i mean yeah something's going on

809  
00:31:57,509 --> 00:31:55,200  
and

810  
00:31:59,190 --> 00:31:57,519  
specific cases you know i know there are

811  
00:32:01,509 --> 00:31:59,200  
different cases but the

812  
00:32:03,190 --> 00:32:01,519  
the overwhelm the overall

813  
00:32:05,029 --> 00:32:03,200

point that you just mentioned how their

814

00:32:07,269 --> 00:32:05,039

stories are all similar and you know you

815

00:32:09,830 --> 00:32:07,279

speak to these people they don't want

816

00:32:10,950 --> 00:32:09,840

most of them do not want publicity um

817

00:32:13,029 --> 00:32:10,960

that was the thing

818

00:32:14,630 --> 00:32:13,039

that john mack and bud hopkins and david

819

00:32:16,070 --> 00:32:14,640

jacobs found those they don't want to

820

00:32:17,750 --> 00:32:16,080

talk a lot of them are professionals a

821

00:32:20,149 --> 00:32:17,760

lot of people professional

822

00:32:22,950 --> 00:32:20,159

lawyers doctors you name it having

823

00:32:23,830 --> 00:32:22,960

experiences you have jim semivan you

824

00:32:27,430 --> 00:32:23,840

know

825

00:32:29,990 --> 00:32:27,440

had an abduction like experience so

826

00:32:31,909 --> 00:32:30,000

it's really those folks

827

00:32:33,669 --> 00:32:31,919

i think we need to lean on

828

00:32:34,870 --> 00:32:33,679

eventually and people get mad at me

829

00:32:36,549 --> 00:32:34,880

because i do have friends who are

830

00:32:38,070 --> 00:32:36,559

experiencers and they're like

831

00:32:39,750 --> 00:32:38,080

they need to be at the forefront right

832

00:32:42,470 --> 00:32:39,760

now and i'm like

833

00:32:44,950 --> 00:32:42,480

i think we need to stay with the

834

00:32:47,990 --> 00:32:44,960

stay more with you know nuts and bolts

835

00:32:49,430 --> 00:32:48,000

for now for now because i can't even get

836

00:32:51,350 --> 00:32:49,440

i can't get i still can't get family

837

00:32:53,110 --> 00:32:51,360

members and friends who have never had

838

00:32:55,430 --> 00:32:53,120

an interest in this even what's with

839

00:32:56,630 --> 00:32:55,440

what's going on right now maybe a couple

840

00:32:58,870 --> 00:32:56,640

but for the most part they're not

841

00:33:01,590 --> 00:32:58,880

interested still so for me to go into

842

00:33:04,149 --> 00:33:01,600

experiences it's too much for them

843

00:33:06,549 --> 00:33:04,159

but eventually yeah i do that's i think

844

00:33:08,070 --> 00:33:06,559

that's the key um what's going on i

845

00:33:10,070 --> 00:33:08,080

don't know and we've talked about you

846

00:33:12,789 --> 00:33:10,080

and i have talked about threat it's not

847

00:33:14,549 --> 00:33:12,799

a threat and i i had that audio on you

848

00:33:16,310 --> 00:33:14,559

twitter this week where i said

849

00:33:17,750 --> 00:33:16,320

there's no way lou was talking about it

850

00:33:19,029 --> 00:33:17,760

anybody who tells you this is not a

851  
00:33:20,389 --> 00:33:19,039  
threat

852  
00:33:21,669 --> 00:33:20,399  
i don't listen to that i don't know it

853  
00:33:23,990 --> 00:33:21,679  
is a threat i don't know if it is not a

854  
00:33:26,470 --> 00:33:24,000  
threat i have no idea and i know you

855  
00:33:28,950 --> 00:33:26,480  
have thoughts along the same

856  
00:33:30,389 --> 00:33:28,960  
the same uh idea as what are we dealing

857  
00:33:31,509 --> 00:33:30,399  
with

858  
00:33:33,190 --> 00:33:31,519  
well

859  
00:33:35,509 --> 00:33:33,200  
so let's talk about the tr the threat

860  
00:33:37,590 --> 00:33:35,519  
narrative first of all

861  
00:33:39,110 --> 00:33:37,600  
i think i told you this

862  
00:33:40,310 --> 00:33:39,120  
i think we would all

863  
00:33:43,110 --> 00:33:40,320

i would like to think that everybody

864

00:33:45,750 --> 00:33:43,120

would agree but i'm sure they would not

865

00:33:48,230 --> 00:33:45,760

but it really would be a serious

866

00:33:50,470 --> 00:33:48,240

miscarriage of duty

867

00:33:55,590 --> 00:33:50,480

if you were in the military

868

00:34:00,389 --> 00:33:57,669

and you were aware

869

00:34:02,470 --> 00:34:00,399

of the nature of this phenomenon

870

00:34:05,029 --> 00:34:02,480

and you did not

871

00:34:08,310 --> 00:34:05,039

first and foremost

872

00:34:10,149 --> 00:34:08,320

look at the worst case scenario

873

00:34:12,550 --> 00:34:10,159

you have that i mean that's that's what

874

00:34:15,430 --> 00:34:12,560

corporations do i mean i work right now

875

00:34:16,389 --> 00:34:15,440

in cyber security

876

00:34:17,909 --> 00:34:16,399

and

877

00:34:19,669 --> 00:34:17,919

when you're dealing with cyber security

878

00:34:21,510 --> 00:34:19,679

and data privacy the very first thing

879

00:34:22,790 --> 00:34:21,520

you do is you assess the type of data

880

00:34:25,750 --> 00:34:22,800

you're dealing with

881

00:34:28,310 --> 00:34:25,760

and what its gravity is if lost or

882

00:34:29,990 --> 00:34:28,320

exposed or breached

883

00:34:32,310 --> 00:34:30,000

what's the worst case and there are

884

00:34:33,589 --> 00:34:32,320

certain regulations around the world

885

00:34:35,430 --> 00:34:33,599

from europe

886

00:34:36,629 --> 00:34:35,440

and it's even growing in the united

887

00:34:40,710 --> 00:34:36,639

states

888

00:34:42,470 --> 00:34:40,720

where for a single record like say joe's

889

00:34:44,470 --> 00:34:42,480

medical files

890

00:34:47,030 --> 00:34:44,480

or three records joe's and mike's and

891

00:34:49,990 --> 00:34:47,040

henry's medical fly much less

892

00:34:51,030 --> 00:34:50,000

a trove of medical records if you lose

893

00:34:52,550 --> 00:34:51,040

those

894

00:34:54,149 --> 00:34:52,560

if they're if they're put out on

895

00:34:56,069 --> 00:34:54,159

wikileaks or something with all those

896

00:34:58,150 --> 00:34:56,079

social security numbers and

897

00:35:01,109 --> 00:34:58,160

hair color and eye color and all this

898

00:35:03,510 --> 00:35:01,119

thiometric data whatever

899

00:35:07,270 --> 00:35:03,520

the monetary liability

900

00:35:09,430 --> 00:35:07,280

is enormous to the extent that you could

901  
00:35:10,870 --> 00:35:09,440  
hold the corporation at risk from

902  
00:35:13,910 --> 00:35:10,880  
survival

903  
00:35:15,190 --> 00:35:13,920  
so if you if you apply that same so so

904  
00:35:17,750 --> 00:35:15,200  
you have to approach everything from the

905  
00:35:19,190 --> 00:35:17,760  
worst case scenario and start from from

906  
00:35:21,510 --> 00:35:19,200  
that perspective when you're trying to

907  
00:35:23,190 --> 00:35:21,520  
secure the data with your your

908  
00:35:24,390 --> 00:35:23,200  
information system security and things

909  
00:35:25,910 --> 00:35:24,400  
of that nature

910  
00:35:27,510 --> 00:35:25,920  
it's no different

911  
00:35:29,589 --> 00:35:27,520  
with

912  
00:35:32,870 --> 00:35:29,599  
you of ufos uap

913  
00:35:35,349 --> 00:35:32,880

until we know what it is

914

00:35:37,750 --> 00:35:35,359

until we can say with fact certain that

915

00:35:39,910 --> 00:35:37,760

it's not a threat

916

00:35:41,750 --> 00:35:39,920

well it's pretty obvious that what we've

917

00:35:45,829 --> 00:35:41,760

caught on camera and what eyewitnesses

918

00:35:48,470 --> 00:35:45,839

have seen military policemen firemen

919

00:35:50,950 --> 00:35:48,480

lay people around the world

920

00:35:51,910 --> 00:35:50,960

these things have exhibited capabilities

921

00:35:53,510 --> 00:35:51,920

that

922

00:35:55,510 --> 00:35:53,520

far and away

923

00:35:57,510 --> 00:35:55,520

outpace

924

00:35:59,750 --> 00:35:57,520

outstrip the capabilities of our most

925

00:36:01,270 --> 00:35:59,760

advanced

926  
00:36:02,870 --> 00:36:01,280  
aircraft

927  
00:36:04,230 --> 00:36:02,880  
weapon systems whatever you want to call

928  
00:36:05,990 --> 00:36:04,240  
it

929  
00:36:08,230 --> 00:36:06,000  
and if that's the case

930  
00:36:09,589 --> 00:36:08,240  
even though there supposedly hasn't been

931  
00:36:11,109 --> 00:36:09,599  
an instance

932  
00:36:13,030 --> 00:36:11,119  
where they have

933  
00:36:15,990 --> 00:36:13,040  
you know turned on us

934  
00:36:20,470 --> 00:36:18,150  
it seems pretty apparent

935  
00:36:22,069 --> 00:36:20,480  
based on some of the capabilities we

936  
00:36:24,950 --> 00:36:22,079  
have observed

937  
00:36:27,190 --> 00:36:24,960  
that if they were hostile

938  
00:36:29,030 --> 00:36:27,200

we would not be

939

00:36:31,670 --> 00:36:29,040

uh in the advantage

940

00:36:34,390 --> 00:36:31,680

we would be severely disadvantaged

941

00:36:37,109 --> 00:36:34,400

so you have to classify it

942

00:36:38,710 --> 00:36:37,119

in a way that allows you to

943

00:36:41,190 --> 00:36:38,720

turn your energies and your

944

00:36:42,630 --> 00:36:41,200

organizations and your funding and all

945

00:36:45,030 --> 00:36:42,640

of your research and all of your

946

00:36:47,270 --> 00:36:45,040

technologies into

947

00:36:48,710 --> 00:36:47,280

trying to into trying to find a solution

948

00:36:50,470 --> 00:36:48,720

for the problem

949

00:36:51,589 --> 00:36:50,480

so you're both trying to figure out what

950

00:36:53,589 --> 00:36:51,599

it is

951  
00:36:55,349 --> 00:36:53,599  
and you're trying to figure out

952  
00:36:57,109 --> 00:36:55,359  
what can it do

953  
00:36:59,510 --> 00:36:57,119  
to us

954  
00:37:02,230 --> 00:36:59,520  
how can we prevent it from doing that to

955  
00:37:03,750 --> 00:37:02,240  
us if it did that to us if it tried to

956  
00:37:05,589 --> 00:37:03,760  
do something

957  
00:37:07,190 --> 00:37:05,599  
so there's an enormous i would imagine

958  
00:37:08,550 --> 00:37:07,200  
despite the fact that they claim

959  
00:37:10,630 --> 00:37:08,560  
otherwise

960  
00:37:12,710 --> 00:37:10,640  
there's an enormous effort underway

961  
00:37:14,150 --> 00:37:12,720  
probably has been for decades to try to

962  
00:37:16,950 --> 00:37:14,160  
get

963  
00:37:18,790 --> 00:37:16,960

if it's possible an upper hand

964

00:37:20,829 --> 00:37:18,800

or to try to

965

00:37:23,349 --> 00:37:20,839

perhaps mask or

966

00:37:25,109 --> 00:37:23,359

obfuscate shell games with our

967

00:37:27,109 --> 00:37:25,119

technologies to try to keep certain

968

00:37:28,470 --> 00:37:27,119

things from being discovered

969

00:37:30,390 --> 00:37:28,480

because these things do have a

970

00:37:32,790 --> 00:37:30,400

propensity for hanging around some of

971

00:37:34,790 --> 00:37:32,800

our most advanced

972

00:37:37,829 --> 00:37:34,800

facilities

973

00:37:39,430 --> 00:37:37,839

uh and and some of our most sensitive

974

00:37:41,589 --> 00:37:39,440

technologies

975

00:37:43,270 --> 00:37:41,599

so you you know i don't have a problem

976  
00:37:45,270 --> 00:37:43,280  
with somebody claiming it's a threat

977  
00:37:48,790 --> 00:37:45,280  
that you really need to do that

978  
00:37:50,870 --> 00:37:48,800  
to allow the greatest focus of the of um

979  
00:37:53,589 --> 00:37:50,880  
of our you know our resources

980  
00:37:55,589 --> 00:37:53,599  
and where are our greatest resources

981  
00:37:57,349 --> 00:37:55,599  
it's in the intelligence community

982  
00:38:01,670 --> 00:37:57,359  
our scientific community our military

983  
00:38:05,589 --> 00:38:04,150  
if it's if it's known now that it's not

984  
00:38:07,670 --> 00:38:05,599  
a threat and yet they're running around

985  
00:38:09,589 --> 00:38:07,680  
with their hair on fire like it is

986  
00:38:11,510 --> 00:38:09,599  
just to stir up funding

987  
00:38:13,190 --> 00:38:11,520  
well it wouldn't be the first time

988  
00:38:15,190 --> 00:38:13,200

right

989

00:38:18,069 --> 00:38:15,200

weapons of mass destruction and you can

990

00:38:20,310 --> 00:38:18,079

go back throughout history but they they

991

00:38:26,550 --> 00:38:20,320

really do have to treat it as a threat

992

00:38:32,790 --> 00:38:28,630

i i agree obviously and

993

00:38:37,109 --> 00:38:35,109

i get a lot of flack from both sides if

994

00:38:38,790 --> 00:38:37,119

i mention threat and lou has gotten

995

00:38:40,470 --> 00:38:38,800

flack too and it's funny because he

996

00:38:42,630 --> 00:38:40,480

seems a little hesitant right now

997

00:38:43,990 --> 00:38:42,640

because if he mentions

998

00:38:45,430 --> 00:38:44,000

if he doesn't mention the threat people

999

00:38:46,710 --> 00:38:45,440

are like well how what are you talking

1000

00:38:48,310 --> 00:38:46,720

about we don't know what they are and

1001

00:38:50,230 --> 00:38:48,320

he's like well i've already gotten a lot

1002

00:38:51,910 --> 00:38:50,240

of flack when i even mentioned potential

1003

00:38:53,829 --> 00:38:51,920

threat so i know he's in a he's in a

1004

00:38:55,910 --> 00:38:53,839

tough situation there one of the

1005

00:38:58,950 --> 00:38:55,920

questions i'm going to go with i'm not

1006

00:39:00,790 --> 00:38:58,960

really exactly sure

1007

00:39:03,190 --> 00:39:00,800

maybe you can

1008

00:39:05,750 --> 00:39:03,200

make this out what what if legislation

1009

00:39:07,589 --> 00:39:05,760

formalizes the study of experiencers

1010

00:39:09,109 --> 00:39:07,599

which is brought up in some of the

1011

00:39:10,150 --> 00:39:09,119

language talking about

1012

00:39:12,710 --> 00:39:10,160

um

1013

00:39:14,630 --> 00:39:12,720

physical effects from these objects

1014

00:39:16,710 --> 00:39:14,640

what if legislation formalizes the study

1015

00:39:18,710 --> 00:39:16,720

of experiences in relation to the uap

1016

00:39:20,870 --> 00:39:18,720

occupants and

1017

00:39:22,390 --> 00:39:20,880

finds them to be a national security

1018

00:39:23,670 --> 00:39:22,400

concern

1019

00:39:25,829 --> 00:39:23,680

all right i understand that's why i'm

1020

00:39:28,390 --> 00:39:25,839

sorry coin exchange i understand so what

1021

00:39:30,310 --> 00:39:28,400

do you think if if if

1022

00:39:32,710 --> 00:39:30,320

uap are considered a national security

1023

00:39:35,190 --> 00:39:32,720

concern they're damaging people maybe

1024

00:39:37,270 --> 00:39:35,200

not intentional but nonetheless people

1025

00:39:38,870 --> 00:39:37,280

are getting injured by having up close

1026

00:39:40,950 --> 00:39:38,880

encounters what do you how would they

1027

00:39:42,630 --> 00:39:40,960

even handle that our government you have

1028

00:39:45,109 --> 00:39:42,640

any thoughts

1029

00:39:47,990 --> 00:39:45,119

i don't because i find it ludicrous that

1030

00:39:52,069 --> 00:39:48,000

the government would even

1031

00:39:52,079 --> 00:39:55,190

how do i put this

1032

00:39:55,200 --> 00:39:58,790

i find it ludicrous

1033

00:40:02,790 --> 00:40:00,790

to hear these statements that we don't

1034

00:40:04,069 --> 00:40:02,800

know what it is

1035

00:40:06,710 --> 00:40:04,079

when there's

1036

00:40:08,470 --> 00:40:06,720

an overwhelming amount of evidence

1037

00:40:09,430 --> 00:40:08,480

showing that we have been looking into

1038

00:40:10,950 --> 00:40:09,440

this

1039

00:40:12,870 --> 00:40:10,960

problem

1040

00:40:14,069 --> 00:40:12,880

for decades

1041

00:40:16,470 --> 00:40:14,079

okay

1042

00:40:17,510 --> 00:40:16,480

so you can go to that book that was

1043

00:40:19,510 --> 00:40:17,520

written

1044

00:40:22,069 --> 00:40:19,520

by the five or six different authors

1045

00:40:25,589 --> 00:40:22,079

ufos and government

1046

00:40:27,430 --> 00:40:25,599

a historical perspective is called

1047

00:40:30,069 --> 00:40:27,440

and they have nothing in there but

1048

00:40:32,150 --> 00:40:30,079

hundreds and hundreds and hundreds of

1049

00:40:32,950 --> 00:40:32,160

government documents

1050

00:40:37,190 --> 00:40:32,960

and

1051

00:40:39,430 --> 00:40:37,200

it's not it's it's there's no

1052

00:40:41,829 --> 00:40:39,440

speculation in that book

1053

00:40:43,270 --> 00:40:41,839

it is real government documents that

1054

00:40:45,589 --> 00:40:43,280

have been released

1055

00:40:47,109 --> 00:40:45,599

through the government's own

1056

00:40:50,309 --> 00:40:47,119

passage of the freedom of information

1057

00:40:52,550 --> 00:40:50,319

act going back to the 40s 50s 60s 70s

1058

00:40:55,349 --> 00:40:52,560

and up to near current day as far as the

1059

00:40:58,390 --> 00:40:55,359

book when it was published

1060

00:41:01,109 --> 00:40:58,400

showing very clearly that the government

1061

00:41:02,710 --> 00:41:01,119

has been looking at this

1062

00:41:04,230 --> 00:41:02,720

from the beginning

1063

00:41:06,950 --> 00:41:04,240

and then you have

1064

00:41:10,069 --> 00:41:06,960

the project condyn report

1065

00:41:11,750 --> 00:41:10,079

um that came out of the uk

1066

00:41:13,190 --> 00:41:11,760

and if you look at all the massive

1067

00:41:15,030 --> 00:41:13,200

volumes of that

1068

00:41:17,990 --> 00:41:15,040

there's there are sections in there

1069

00:41:21,990 --> 00:41:18,000

about um

1070

00:41:26,390 --> 00:41:22,000

the human effects caused by uh

1071

00:41:29,109 --> 00:41:26,400

is it ionizing or non-ionizing radiation

1072

00:41:32,950 --> 00:41:29,119

so they're well aware of this

1073

00:41:35,750 --> 00:41:32,960

and and so this language might spur some

1074

00:41:37,829 --> 00:41:35,760

more open investigation of uab's in

1075

00:41:39,910 --> 00:41:37,839

general like it's proposing

1076  
00:41:42,309 --> 00:41:39,920  
to be run out of a formal organization

1077  
00:41:44,550 --> 00:41:42,319  
of the pentagon and they might look at

1078  
00:41:46,150 --> 00:41:44,560  
experiencers

1079  
00:41:48,230 --> 00:41:46,160  
but i don't i don't know what the

1080  
00:41:50,710 --> 00:41:48,240  
outcome of that would be if they found

1081  
00:41:53,109 --> 00:41:50,720  
somehow that oh well

1082  
00:41:55,030 --> 00:41:53,119  
they're walking amongst us and this is a

1083  
00:41:56,790 --> 00:41:55,040  
potential threat they could be in they

1084  
00:41:58,870 --> 00:41:56,800  
could be working in norad they could be

1085  
00:42:01,510 --> 00:41:58,880  
working in some of our most sensitive

1086  
00:42:03,109 --> 00:42:01,520  
national security locations

1087  
00:42:05,829 --> 00:42:03,119  
my guess is

1088  
00:42:07,750 --> 00:42:05,839

they've been aware of that potential

1089

00:42:09,109 --> 00:42:07,760

for decades

1090

00:42:14,710 --> 00:42:09,119

that's just

1091

00:42:16,550 --> 00:42:14,720

based on everything i have seen

1092

00:42:19,589 --> 00:42:16,560

this business about we don't know what

1093

00:42:23,430 --> 00:42:21,430

is um

1094

00:42:24,390 --> 00:42:23,440

i'll just say it's a sham

1095

00:42:26,470 --> 00:42:24,400

but

1096

00:42:28,870 --> 00:42:26,480

this is the new era right we're in the

1097

00:42:31,109 --> 00:42:28,880

new era thanks to the 2017 new york

1098

00:42:33,190 --> 00:42:31,119

times article there's new energy and

1099

00:42:34,870 --> 00:42:33,200

momentum behind this

1100

00:42:36,550 --> 00:42:34,880

now everybody the biggest thing the

1101

00:42:38,390 --> 00:42:36,560

biggest difference is people are less

1102

00:42:39,910 --> 00:42:38,400

afraid to talk about it

1103

00:42:41,670 --> 00:42:39,920

people like us

1104

00:42:43,589 --> 00:42:41,680

people like me

1105

00:42:46,390 --> 00:42:43,599

being a clear professional

1106

00:42:48,150 --> 00:42:46,400

people that are elected

1107

00:42:50,550 --> 00:42:48,160

to the house of representatives to the

1108

00:42:53,990 --> 00:42:50,560

senate

1109

00:42:56,710 --> 00:42:54,000

the stigma is being stripped away

1110

00:42:59,270 --> 00:42:56,720

scientists and academicians all over the

1111

00:43:00,390 --> 00:42:59,280

place or jumping on board

1112

00:43:02,150 --> 00:43:00,400

okay

1113

00:43:03,990 --> 00:43:02,160

this that's that's the

1114

00:43:07,030 --> 00:43:04,000

that's the gravity of what's going on

1115

00:43:09,910 --> 00:43:07,040

right now is this openness

1116

00:43:11,270 --> 00:43:09,920

uh this sort of perestroika of ufo-ism

1117

00:43:12,710 --> 00:43:11,280

right i mean it's

1118

00:43:14,230 --> 00:43:12,720

it's really

1119

00:43:16,150 --> 00:43:14,240

having its day

1120

00:43:18,470 --> 00:43:16,160

and it hasn't had its day but it's it's

1121

00:43:20,309 --> 00:43:18,480

approaching having its day where it's

1122

00:43:23,349 --> 00:43:20,319

going to get the attention everybody

1123

00:43:25,109 --> 00:43:23,359

wants it to have it gets funding

1124

00:43:26,390 --> 00:43:25,119

and so forth

1125

00:43:27,910 --> 00:43:26,400

and cooperation

1126  
00:43:29,109 --> 00:43:27,920  
from the government levels around the

1127  
00:43:30,790 --> 00:43:29,119  
world to

1128  
00:43:32,790 --> 00:43:30,800  
different um

1129  
00:43:33,990 --> 00:43:32,800  
academic organizations and scientific

1130  
00:43:35,670 --> 00:43:34,000  
groups

1131  
00:43:37,430 --> 00:43:35,680  
but really

1132  
00:43:39,270 --> 00:43:37,440  
do you really it's like you know i never

1133  
00:43:41,109 --> 00:43:39,280  
did find and i looked and looked and

1134  
00:43:42,790 --> 00:43:41,119  
looked for this

1135  
00:43:48,230 --> 00:43:42,800  
i read it

1136  
00:43:50,309 --> 00:43:48,240  
but there is a claim out there that

1137  
00:43:52,150 --> 00:43:50,319  
someone who was very close to jay allen

1138  
00:43:55,109 --> 00:43:52,160

heineck

1139

00:43:58,470 --> 00:43:55,119

said that he was thunderstruck those are

1140

00:44:01,829 --> 00:43:58,480

my words and i'm going to paraphrase

1141

00:44:03,430 --> 00:44:01,839

but somewhere near the end of blue book

1142

00:44:05,510 --> 00:44:03,440

maybe it was the end of his life i think

1143

00:44:07,190 --> 00:44:05,520

it was near the end of blue book

1144

00:44:09,589 --> 00:44:07,200

he was having a conversation with a

1145

00:44:13,750 --> 00:44:09,599

senior air force general

1146

00:44:19,910 --> 00:44:17,510

but he said something he was frustrated

1147

00:44:21,750 --> 00:44:19,920

and i can't remember what hynek said but

1148

00:44:23,589 --> 00:44:21,760

the general officer turned to him and

1149

00:44:25,990 --> 00:44:23,599

said something like

1150

00:44:27,829 --> 00:44:26,000

alan do you really think we've not been

1151  
00:44:29,349 --> 00:44:27,839  
seriously looking at this this entire

1152  
00:44:31,829 --> 00:44:29,359  
time

1153  
00:44:33,750 --> 00:44:31,839  
and he took that to his grave

1154  
00:44:37,990 --> 00:44:33,760  
that was the that was the gist of

1155  
00:44:42,150 --> 00:44:40,710  
full of [h\_\_\h] or not i can't remember

1156  
00:44:43,910 --> 00:44:42,160  
i've i've looked and looked and looked

1157  
00:44:47,589 --> 00:44:43,920  
for where i read that i did not dream

1158  
00:44:49,349 --> 00:44:47,599  
that i read that somewhere

1159  
00:44:51,430 --> 00:44:49,359  
be that as it may

1160  
00:44:53,270 --> 00:44:51,440  
uh you can't

1161  
00:44:57,430 --> 00:44:53,280  
you just can't have

1162  
00:45:01,670 --> 00:44:59,589  
nation like the united states

1163  
00:45:04,150 --> 00:45:01,680

with all of the military and

1164

00:45:05,670 --> 00:45:04,160

intelligence and scientific capabilities

1165

00:45:08,150 --> 00:45:05,680

that we have

1166

00:45:10,870 --> 00:45:08,160

and have this going on around our most

1167

00:45:12,230 --> 00:45:10,880

sensitive facilities for decades

1168

00:45:14,470 --> 00:45:12,240

and not

1169

00:45:17,190 --> 00:45:14,480

take it seriously

1170

00:45:18,870 --> 00:45:17,200

so i think that what we're seeing now is

1171

00:45:21,030 --> 00:45:18,880

the public facing it's sort of the

1172

00:45:22,950 --> 00:45:21,040

regeneration of a new blue book era kind

1173

00:45:25,349 --> 00:45:22,960

of thing going on this is

1174

00:45:28,309 --> 00:45:25,359

a lot of this is for our consumption but

1175

00:45:29,829 --> 00:45:28,319

on the inside i'm absolutely certain

1176

00:45:32,150 --> 00:45:29,839

can't prove it

1177

00:45:33,750 --> 00:45:32,160

that that senior dod and intelligence

1178

00:45:35,349 --> 00:45:33,760

officials

1179

00:45:38,390 --> 00:45:35,359

are very

1180

00:45:40,950 --> 00:45:38,400

very concerned and involved with this

1181

00:45:42,790 --> 00:45:40,960

and have been for a long time

1182

00:45:47,430 --> 00:45:42,800

and if there were people

1183

00:45:51,589 --> 00:45:49,349

believed to have any influence on

1184

00:45:53,829 --> 00:45:51,599

anything if it was in a negative way

1185

00:45:56,870 --> 00:45:53,839

about our national security

1186

00:45:59,430 --> 00:45:56,880

that that would already be

1187

00:46:03,910 --> 00:46:01,190

characterized

1188

00:46:04,710 --> 00:46:03,920

and dealt with

1189

00:46:07,750 --> 00:46:04,720

so

1190

00:46:09,510 --> 00:46:07,760

that's just that's my opinion

1191

00:46:12,309 --> 00:46:09,520

yeah i just can't

1192

00:46:14,470 --> 00:46:12,319

no i i and i i always wonder in my

1193

00:46:16,390 --> 00:46:14,480

opinion is that somebody somewhere i

1194

00:46:18,230 --> 00:46:16,400

don't know how large of a group

1195

00:46:19,190 --> 00:46:18,240

knows a lot more how much they know i

1196

00:46:20,870 --> 00:46:19,200

don't know

1197

00:46:22,309 --> 00:46:20,880

you know lewis talked about yeah you

1198

00:46:24,870 --> 00:46:22,319

know he's hinted

1199

00:46:27,349 --> 00:46:24,880

we may have craft we may see bodies but

1200

00:46:29,430 --> 00:46:27,359

we don't know intent we don't know the

1201  
00:46:31,510 --> 00:46:29,440  
big questions i don't know if anybody

1202  
00:46:33,270 --> 00:46:31,520  
knows intent that would be the most

1203  
00:46:35,270 --> 00:46:33,280  
important question obviously

1204  
00:46:37,670 --> 00:46:35,280  
um but i've asked people i've said you

1205  
00:46:38,470 --> 00:46:37,680  
know do you know anybody

1206  
00:46:44,470 --> 00:46:38,480  
that

1207  
00:46:46,470 --> 00:46:44,480  
no intent and they're like no i don't so

1208  
00:46:48,630 --> 00:46:46,480  
i want to know how many people and how

1209  
00:46:50,950 --> 00:46:48,640  
much they know but yeah i agree this you

1210  
00:46:52,390 --> 00:46:50,960  
know bob fish which i wrote about my

1211  
00:46:54,790 --> 00:46:52,400  
blog talks about

1212  
00:46:56,550 --> 00:46:54,800  
picking up signals from craft off the

1213  
00:46:58,230 --> 00:46:56,560

east coast of florida and they figured

1214

00:46:59,510 --> 00:46:58,240

out where they're coming from and you

1215

00:47:00,790 --> 00:46:59,520

know when they're going to go in the

1216

00:47:02,309 --> 00:47:00,800

patterns and everything so they know

1217

00:47:04,069 --> 00:47:02,319

that kind of stuff so

1218

00:47:06,150 --> 00:47:04,079

what else do they know um i'm going to

1219

00:47:07,270 --> 00:47:06,160

go to a question

1220

00:47:08,550 --> 00:47:07,280

which

1221

00:47:11,109 --> 00:47:08,560

kind of goes to what we've talked about

1222

00:47:15,030 --> 00:47:11,119

before your opinion on roswell

1223

00:47:21,510 --> 00:47:15,040

crashes and mj-12

1224

00:47:25,829 --> 00:47:23,910

well i i tend to believe that roswell

1225

00:47:28,230 --> 00:47:25,839

happened

1226  
00:47:30,710 --> 00:47:28,240  
there's just too many witnesses many of

1227  
00:47:32,549 --> 00:47:30,720  
them now dead

1228  
00:47:36,069 --> 00:47:32,559  
that have

1229  
00:47:37,589 --> 00:47:36,079  
given testimony to things they saw

1230  
00:47:40,309 --> 00:47:37,599  
and

1231  
00:47:41,990 --> 00:47:40,319  
we we know

1232  
00:47:44,549 --> 00:47:42,000  
in that in that

1233  
00:47:46,470 --> 00:47:44,559  
phase of our nation's evolution and the

1234  
00:47:48,390 --> 00:47:46,480  
in the technological state of the art at

1235  
00:47:51,670 --> 00:47:48,400  
the time

1236  
00:47:56,390 --> 00:47:51,680  
the russians nor anyone else

1237  
00:47:56,400 --> 00:48:00,870  
to overfly

1238  
00:48:07,510 --> 00:48:05,349

roswell in the 509th bomb group

1239

00:48:09,990 --> 00:48:07,520

in some sort of a reconnaissance

1240

00:48:11,910 --> 00:48:10,000

operation and lose

1241

00:48:15,910 --> 00:48:11,920

lose an asset

1242

00:48:18,790 --> 00:48:15,920

due to a crash or being shot down

1243

00:48:20,950 --> 00:48:18,800

nor do i believe that the russians

1244

00:48:23,030 --> 00:48:20,960

floated some balloon with some deformed

1245

00:48:24,630 --> 00:48:23,040

children on board or whatever it was

1246

00:48:26,390 --> 00:48:24,640

that came out of um

1247

00:48:28,950 --> 00:48:26,400

what's that lady's book

1248

00:48:30,950 --> 00:48:28,960

annie jacobson phenomena

1249

00:48:32,630 --> 00:48:30,960

yeah somebody i think took her for a

1250

00:48:34,710 --> 00:48:32,640

ride on that one

1251

00:48:36,390 --> 00:48:34,720

um more of the op

1252

00:48:38,150 --> 00:48:36,400

obfuscation

1253

00:48:40,069 --> 00:48:38,160

yeah i think the same source that she

1254

00:48:40,870 --> 00:48:40,079

spoke to also spoke with knapp and had

1255

00:48:43,750 --> 00:48:40,880

the

1256

00:48:45,750 --> 00:48:43,760

opposite you know it was non-human

1257

00:48:47,829 --> 00:48:45,760

not from here story so i'm not sure what

1258

00:48:49,910 --> 00:48:47,839

happened with andy jacobson there

1259

00:48:50,950 --> 00:48:49,920

yeah um

1260

00:48:53,270 --> 00:48:50,960

you know

1261

00:48:56,309 --> 00:48:53,280

this is just

1262

00:48:58,230 --> 00:48:56,319

now i am not a ufo researcher i am a

1263

00:48:59,510 --> 00:48:58,240

voracious reader

1264

00:49:01,430 --> 00:48:59,520

and um

1265

00:49:03,990 --> 00:49:01,440

and i haven't read everything

1266

00:49:05,589 --> 00:49:04,000

but i've read enough to know and i've

1267

00:49:07,190 --> 00:49:05,599

seen enough

1268

00:49:13,589 --> 00:49:07,200

credible

1269

00:49:16,390 --> 00:49:13,599

uh speaking to other seemingly very

1270

00:49:19,270 --> 00:49:16,400

credible people groups of them

1271

00:49:20,390 --> 00:49:19,280

many many many people who were

1272

00:49:22,230 --> 00:49:20,400

there

1273

00:49:23,670 --> 00:49:22,240

uh at the time and

1274

00:49:25,750 --> 00:49:23,680

and um

1275

00:49:28,390 --> 00:49:25,760

whether they were a child or

1276

00:49:30,549 --> 00:49:28,400

what have you or or older like glenn

1277

00:49:31,910 --> 00:49:30,559

dennis the mortician right you know do

1278

00:49:34,470 --> 00:49:31,920

you come away from listening to his

1279

00:49:37,190 --> 00:49:34,480

story tell telling yourself that he

1280

00:49:38,710 --> 00:49:37,200

sounds like he's full of crap

1281

00:49:42,549 --> 00:49:38,720

uh

1282

00:49:44,309 --> 00:49:42,559

just and he's just one example um

1283

00:49:47,349 --> 00:49:44,319

and then there are the other supposed

1284

00:49:48,150 --> 00:49:47,359

crashes uh at corona

1285

00:49:50,470 --> 00:49:48,160

that

1286

00:49:51,430 --> 00:49:50,480

i believe some information has actually

1287

00:49:53,109 --> 00:49:51,440

come out

1288

00:49:55,670 --> 00:49:53,119

in the last what 10 years there's a

1289

00:49:57,430 --> 00:49:55,680

husband and wife investigative team

1290

00:49:59,430 --> 00:49:57,440

yeah ross coldhardt covered them in his

1291

00:50:01,750 --> 00:49:59,440

uh documentary which i did not know a

1292

00:50:04,069 --> 00:50:01,760

lot of that information it's really

1293

00:50:05,190 --> 00:50:04,079

yeah it's interesting the cosmo i forget

1294

00:50:07,589 --> 00:50:05,200

the names

1295

00:50:11,030 --> 00:50:07,599

and i'm not sure if this was related to

1296

00:50:12,390 --> 00:50:11,040

that particular supposed crash

1297

00:50:14,390 --> 00:50:12,400

but uh

1298

00:50:15,990 --> 00:50:14,400

there was another guy

1299

00:50:18,069 --> 00:50:16,000

i don't remember if i saw this on tv or

1300

00:50:19,430 --> 00:50:18,079

if i saw this on the internet or what

1301  
00:50:20,870 --> 00:50:19,440  
but they were looking at satellite

1302  
00:50:23,589 --> 00:50:20,880  
photographs

1303  
00:50:25,589 --> 00:50:23,599  
of of an area out there that were

1304  
00:50:27,270 --> 00:50:25,599  
that had had a supposed crash back in

1305  
00:50:29,109 --> 00:50:27,280  
the 40s

1306  
00:50:32,950 --> 00:50:29,119  
and

1307  
00:50:34,870 --> 00:50:32,960  
you know we've heard the stories of how

1308  
00:50:36,870 --> 00:50:34,880  
they would go out

1309  
00:50:38,549 --> 00:50:36,880  
and do a uh

1310  
00:50:40,470 --> 00:50:38,559  
what what i would call the equivalent of

1311  
00:50:42,630 --> 00:50:40,480  
a fad walk down

1312  
00:50:44,309 --> 00:50:42,640  
on an aircraft carrier deck do you know

1313  
00:50:46,230 --> 00:50:44,319

what that is

1314

00:50:48,390 --> 00:50:46,240

right not right before right before

1315

00:50:49,510 --> 00:50:48,400

flight operations start every day or

1316

00:50:51,750 --> 00:50:49,520

every night

1317

00:50:52,870 --> 00:50:51,760

periodically they do it throughout the

1318

00:50:55,190 --> 00:50:52,880

day

1319

00:50:57,109 --> 00:50:55,200

and they take volunteers they will say

1320

00:50:59,109 --> 00:50:57,119

on the carrier they'll say

1321

00:51:00,470 --> 00:50:59,119

all hands to the flight deck for a fodd

1322

00:51:02,150 --> 00:51:00,480

walk down

1323

00:51:05,430 --> 00:51:02,160

and everybody that works on the flight

1324

00:51:07,829 --> 00:51:05,440

deck and anybody that is bored

1325

00:51:09,589 --> 00:51:07,839

or has a few spare minutes

1326

00:51:10,630 --> 00:51:09,599

or just wants to do it because it's

1327

00:51:12,630 --> 00:51:10,640

interesting

1328

00:51:15,829 --> 00:51:12,640

you all come up to the front of the

1329

00:51:17,990 --> 00:51:15,839

flight deck and you stand literally

1330

00:51:20,230 --> 00:51:18,000

it's standing room only in a line across

1331

00:51:23,190 --> 00:51:20,240

the entire flight and you walk it slowly

1332

00:51:25,510 --> 00:51:23,200

from front to back looking down

1333

00:51:26,950 --> 00:51:25,520

for any piece

1334

00:51:28,950 --> 00:51:26,960

of metal

1335

00:51:30,870 --> 00:51:28,960

anything that a jet engine could suck up

1336

00:51:33,829 --> 00:51:30,880

off that deck into the engine and cause

1337

00:51:34,790 --> 00:51:33,839

damage or cause an explosion whatever

1338

00:51:36,630 --> 00:51:34,800

and

1339

00:51:38,150 --> 00:51:36,640

that's what they do when they go out

1340

00:51:39,990 --> 00:51:38,160

when they lose

1341

00:51:43,349 --> 00:51:40,000

a high-value aircraft that's being

1342

00:51:46,630 --> 00:51:43,359

tested like an f-117 crashes or

1343

00:51:49,109 --> 00:51:46,640

an f uh an sr 71 years ago in

1344

00:51:50,950 --> 00:51:49,119

development when one of those crashed

1345

00:51:53,190 --> 00:51:50,960

they round up

1346

00:51:55,190 --> 00:51:53,200

personnel from all over

1347

00:51:57,750 --> 00:51:55,200

and they go out there and set up you

1348

00:52:00,069 --> 00:51:57,760

know they set a cordon a perimeter

1349

00:52:01,510 --> 00:52:00,079

and they get on their hands and knees

1350

00:52:04,790 --> 00:52:01,520

with bags

1351  
00:52:05,990 --> 00:52:04,800  
and they pick up everything they find

1352  
00:52:08,470 --> 00:52:06,000  
so

1353  
00:52:09,589 --> 00:52:08,480  
supposedly witnesses knew of that

1354  
00:52:11,829 --> 00:52:09,599  
happening

1355  
00:52:14,470 --> 00:52:11,839  
i think it was roswell

1356  
00:52:15,910 --> 00:52:14,480  
but another more interesting thing to me

1357  
00:52:18,309 --> 00:52:15,920  
was that

1358  
00:52:21,349 --> 00:52:18,319  
i think it was corona

1359  
00:52:23,109 --> 00:52:21,359  
the satellite photographs

1360  
00:52:25,349 --> 00:52:23,119  
um

1361  
00:52:26,390 --> 00:52:25,359  
you don't notice it until someone points

1362  
00:52:28,790 --> 00:52:26,400  
it out

1363  
00:52:30,630 --> 00:52:28,800

there's almost a triangle

1364

00:52:33,670 --> 00:52:30,640

if i recall correctly

1365

00:52:36,950 --> 00:52:33,680

there's an enormous swath of land

1366

00:52:39,349 --> 00:52:36,960

that looks unnaturally altered

1367

00:52:41,109 --> 00:52:39,359

as if you had

1368

00:52:43,030 --> 00:52:41,119

bulldozers

1369

00:52:45,510 --> 00:52:43,040

or large earth-moving equipment out

1370

00:52:48,069 --> 00:52:45,520

there at one point

1371

00:52:49,510 --> 00:52:48,079

uh sort of remaking

1372

00:52:51,990 --> 00:52:49,520

the surface

1373

00:52:53,990 --> 00:52:52,000

you know how they build neighborhoods

1374

00:52:55,670 --> 00:52:54,000

right now in cities they come in and

1375

00:52:56,549 --> 00:52:55,680

they remove

1376

00:52:58,950 --> 00:52:56,559

uh

1377

00:53:00,470 --> 00:52:58,960

all of the top soil the top three or

1378

00:53:01,750 --> 00:53:00,480

four feet down to what they call the

1379

00:53:03,990 --> 00:53:01,760

hard pan

1380

00:53:05,750 --> 00:53:04,000

and that's where they'll trench in their

1381

00:53:07,349 --> 00:53:05,760

infrastructure and their water and sewer

1382

00:53:08,870 --> 00:53:07,359

lines and stuff like that and they pile

1383

00:53:10,790 --> 00:53:08,880

that dirt up

1384

00:53:14,069 --> 00:53:10,800

off to the side and then they sell it to

1385

00:53:16,549 --> 00:53:14,079

people uh or they reuse it somehow

1386

00:53:19,030 --> 00:53:16,559

but you know to come in and take

1387

00:53:21,270 --> 00:53:19,040

the top two or three feet

1388

00:53:22,309 --> 00:53:21,280

of dirt or sand or whatever was out

1389

00:53:23,270 --> 00:53:22,319

there

1390

00:53:27,190 --> 00:53:23,280

and

1391

00:53:29,109 --> 00:53:27,200

whatever they did with it this that

1392

00:53:30,470 --> 00:53:29,119

picture that they showed which it could

1393

00:53:31,910 --> 00:53:30,480

have been that husband and wife couple i

1394

00:53:33,349 --> 00:53:31,920

don't remember but it

1395

00:53:35,190 --> 00:53:33,359

once i saw what they were talking about

1396

00:53:37,109 --> 00:53:35,200

it was kind of evident you know if you

1397

00:53:39,349 --> 00:53:37,119

go if you go two miles over to the to

1398

00:53:42,069 --> 00:53:39,359

the north or two miles to the

1399

00:53:43,670 --> 00:53:42,079

to the south or or in any direction you

1400

00:53:45,510 --> 00:53:43,680

see scrub

1401

00:53:47,190 --> 00:53:45,520

and and the terrain looks

1402

00:53:49,670 --> 00:53:47,200

sort of undulating and it looks sort of

1403

00:53:51,750 --> 00:53:49,680

natural but in that one area it looks

1404

00:53:52,710 --> 00:53:51,760

like it was messed with on a very large

1405

00:53:54,549 --> 00:53:52,720

scale

1406

00:53:55,430 --> 00:53:54,559

why would they have done that

1407

00:53:57,750 --> 00:53:55,440

right

1408

00:53:59,430 --> 00:53:57,760

why would they have done that uh there's

1409

00:54:01,990 --> 00:53:59,440

nothing built there

1410

00:54:03,750 --> 00:54:02,000

uh and then you have um

1411

00:54:06,470 --> 00:54:03,760

you have um

1412

00:54:09,270 --> 00:54:06,480

i'm terrible with these folks names um

1413

00:54:12,069 --> 00:54:09,280

the phd out of uh university of raleigh

1414

00:54:13,190 --> 00:54:12,079

north durham

1415

00:54:14,710 --> 00:54:13,200

america

1416

00:54:17,270 --> 00:54:14,720

diana pasulka

1417

00:54:19,270 --> 00:54:17,280

yeah dr pasalka

1418

00:54:21,430 --> 00:54:19,280

she talks in her book about the uh the

1419

00:54:24,710 --> 00:54:21,440

teleconference with the uh

1420

00:54:26,710 --> 00:54:24,720

the bureau of land management people

1421

00:54:29,190 --> 00:54:26,720

and apparently there is a

1422

00:54:31,030 --> 00:54:29,200

there's a marker

1423

00:54:32,870 --> 00:54:31,040

where she was taken or near where she

1424

00:54:35,109 --> 00:54:32,880

was taken blindfolded out there with

1425

00:54:36,870 --> 00:54:35,119

those special altered

1426

00:54:40,150 --> 00:54:36,880

metal detectors

1427

00:54:42,470 --> 00:54:40,160

um and they apparently found some some

1428

00:54:43,510 --> 00:54:42,480

metallic fragments

1429

00:54:45,109 --> 00:54:43,520

but this

1430

00:54:48,150 --> 00:54:45,119

if i recall correctly and i'll have to

1431

00:54:51,750 --> 00:54:48,160

look at the book again she talks about

1432

00:54:54,470 --> 00:54:51,760

this area i think her question was um

1433

00:54:56,630 --> 00:54:54,480

why is this on any map

1434

00:54:58,549 --> 00:54:56,640

and it was the response was something

1435

00:55:00,950 --> 00:54:58,559

like well

1436

00:55:01,829 --> 00:55:00,960

if we put that on the map it said this

1437

00:55:02,710 --> 00:55:01,839

is the

1438

00:55:04,710 --> 00:55:02,720

you know

1439

00:55:05,430 --> 00:55:04,720

where we believe or where it's reported

1440

00:55:08,950 --> 00:55:05,440

that

1441

00:55:10,630 --> 00:55:08,960

a flying saucer crashed in 1940 whatever

1442

00:55:12,309 --> 00:55:10,640

well look what would happen to it i mean

1443

00:55:15,030 --> 00:55:12,319

look what happened to

1444

00:55:17,109 --> 00:55:15,040

you know roswell and uh right

1445

00:55:18,789 --> 00:55:17,119

in the gate out there by area 51 it

1446

00:55:21,910 --> 00:55:18,799

would just get inundated and trampled

1447

00:55:23,430 --> 00:55:21,920

all over so apparently her book

1448

00:55:25,190 --> 00:55:23,440

indicates that

1449

00:55:27,190 --> 00:55:25,200

the bureau of land management knows

1450

00:55:28,069 --> 00:55:27,200

where this site is

1451

00:55:29,910 --> 00:55:28,079

um

1452

00:55:31,829 --> 00:55:29,920

but they don't publish it it's not

1453

00:55:34,069 --> 00:55:31,839

marked on any of their maps and i've

1454

00:55:36,710 --> 00:55:34,079

spent a fair amount of time out west

1455

00:55:39,270 --> 00:55:36,720

trail riding in my in my jeep and

1456

00:55:41,910 --> 00:55:39,280

you know i'm familiar with how blm marks

1457

00:55:43,349 --> 00:55:41,920

their land and all of that and and

1458

00:55:46,549 --> 00:55:43,359

so

1459

00:55:49,030 --> 00:55:46,559

you know i know how it appears on maps

1460

00:55:51,430 --> 00:55:49,040

but for them to know of some i mean it's

1461

00:55:53,750 --> 00:55:51,440

quite conceivable right it's

1462

00:55:55,190 --> 00:55:53,760

and again her book is what i have to go

1463

00:55:56,309 --> 00:55:55,200

off of but i thought that was pretty

1464

00:55:57,990 --> 00:55:56,319

interesting

1465

00:55:59,510 --> 00:55:58,000

i am gonna

1466

00:56:01,030 --> 00:55:59,520

ask you to

1467

00:56:02,230 --> 00:56:01,040

shorten your question your answers a

1468

00:56:04,069 --> 00:56:02,240

little bit because we have so many

1469

00:56:06,390 --> 00:56:04,079

questions that i have to catch up on the

1470

00:56:08,870 --> 00:56:06,400

last part of that question was mj12

1471

00:56:10,309 --> 00:56:08,880

do you think there's an mj12 like

1472

00:56:12,150 --> 00:56:10,319

group

1473

00:56:13,990 --> 00:56:12,160

wouldn't there have to be

1474

00:56:15,349 --> 00:56:14,000

you would think you would think that

1475

00:56:16,789 --> 00:56:15,359

there were people put together to look

1476

00:56:18,390 --> 00:56:16,799

at this at the highest levels i would

1477

00:56:19,750 --> 00:56:18,400

think you know

1478

00:56:22,150 --> 00:56:19,760

well if you if you look at the stuff

1479

00:56:24,470 --> 00:56:22,160

that we know about like the uh the

1480

00:56:27,270 --> 00:56:24,480

proximity fuse that was so this was like

1481

00:56:28,829 --> 00:56:27,280

uh bush senior right this was uh

1482

00:56:30,390 --> 00:56:28,839

what was the guy's name

1483

00:56:33,030 --> 00:56:30,400

um

1484

00:56:34,549 --> 00:56:33,040

supposedly a member of the mj12

1485

00:56:37,030 --> 00:56:34,559

van of our bush

1486

00:56:39,910 --> 00:56:37,040

yeah right he was part of the research

1487

00:56:42,150 --> 00:56:39,920

and development board of the pentagon

1488

00:56:44,950 --> 00:56:42,160

and this is the group that came up with

1489

00:56:46,950 --> 00:56:44,960

the proximity fuse that anti-aircraft

1490

00:56:49,349 --> 00:56:46,960

artillery used think about what a

1491

00:56:51,510 --> 00:56:49,359

revelation that was

1492

00:56:53,430 --> 00:56:51,520

uh you shoot a cannon shell up in the

1493

00:56:55,510 --> 00:56:53,440

sky and it knows when it gets next to an

1494

00:56:57,589 --> 00:56:55,520

airplane and then it blows up it senses

1495

00:56:58,549 --> 00:56:57,599

the airplane so that was key to winning

1496

00:57:01,030 --> 00:56:58,559

the war

1497

00:57:03,510 --> 00:57:01,040

they also it's the same group that put

1498

00:57:05,510 --> 00:57:03,520

their heads to trying to solve the uh

1499

00:57:07,030 --> 00:57:05,520

the nazi yubo problem

1500

00:57:09,589 --> 00:57:07,040

which they did

1501  
00:57:12,470 --> 00:57:09,599  
uh that was literally strangling the uk

1502  
00:57:16,150 --> 00:57:12,480  
during during world war ii but they are

1503  
00:57:18,470 --> 00:57:16,160  
responsible for some of the most uh

1504  
00:57:20,950 --> 00:57:18,480  
impressive technological developments

1505  
00:57:22,630 --> 00:57:20,960  
this country has ever known the world

1506  
00:57:26,630 --> 00:57:22,640  
has ever known

1507  
00:57:29,270 --> 00:57:26,640  
and to have that same or a similar group

1508  
00:57:31,670 --> 00:57:29,280  
put in put in charge of something

1509  
00:57:34,230 --> 00:57:31,680  
uh like this phenomenon

1510  
00:57:36,710 --> 00:57:34,240  
when they were seeing examples of it

1511  
00:57:38,390 --> 00:57:36,720  
uh having encounters

1512  
00:57:41,750 --> 00:57:38,400  
having observations

1513  
00:57:43,510 --> 00:57:41,760

of these things um back then

1514

00:57:47,829 --> 00:57:43,520

it just makes all the sense in the world

1515

00:57:52,950 --> 00:57:49,109

you couldn't

1516

00:57:57,030 --> 00:57:54,950

yeah until you classified it

1517

00:57:59,030 --> 00:57:57,040

characterized the threat

1518

00:58:00,390 --> 00:57:59,040

you can't ignore something like that

1519

00:58:01,910 --> 00:58:00,400

you've got you kidding me you got

1520

00:58:04,950 --> 00:58:01,920

something flying around our most

1521

00:58:07,190 --> 00:58:04,960

sensitive facilities

1522

00:58:10,789 --> 00:58:07,200

you can't ignore that

1523

00:58:13,270 --> 00:58:10,799

so yeah i think i think it's

1524

00:58:15,829 --> 00:58:13,280

somebody knows somewhere

1525

00:58:20,230 --> 00:58:15,839

bobby ray inman he spelled it wrong he

1526

00:58:28,549 --> 00:58:20,240

corrected afterwards um any ideas

1527

00:58:32,549 --> 00:58:30,150

yeah i mean that's i would just be

1528

00:58:33,910 --> 00:58:32,559

speculating you know did he really fall

1529

00:58:36,870 --> 00:58:33,920

off the window of

1530

00:58:38,069 --> 00:58:36,880

bethesda naval medical center

1531

00:58:40,230 --> 00:58:38,079

no no i think you're talking about

1532

00:58:40,870 --> 00:58:40,240

forest all right oh that's forestall

1533

00:58:42,950 --> 00:58:40,880

yeah

1534

00:58:46,230 --> 00:58:42,960

general bobby ray inman well i mean

1535

00:58:51,430 --> 00:58:48,549

so look at this guy again in the

1536

00:58:53,349 --> 00:58:51,440

cryptologic community inman was a

1537

00:58:54,470 --> 00:58:53,359

director of nsa

1538

00:58:56,789 --> 00:58:54,480

right

1539

00:58:59,109 --> 00:58:56,799

so it it really in the intelligence

1540

00:59:02,829 --> 00:58:59,119

community doesn't get much higher than

1541

00:59:05,030 --> 00:59:02,839

than what we call durnza director of nsa

1542

00:59:06,789 --> 00:59:05,040

d-i-r-n-s-a um

1543

00:59:08,470 --> 00:59:06,799

conceivable that he

1544

00:59:10,549 --> 00:59:08,480

knew quite a lot

1545

00:59:12,069 --> 00:59:10,559

you have to remember that well you don't

1546

00:59:14,470 --> 00:59:12,079

have to do anything i'm just saying that

1547

00:59:15,670 --> 00:59:14,480

the mission of nsa

1548

00:59:21,990 --> 00:59:15,680

is to

1549

00:59:23,829 --> 00:59:22,000

from foreign adversaries

1550

00:59:25,510 --> 00:59:23,839

they also have

1551  
00:59:26,789 --> 00:59:25,520  
legions of people that are out there

1552  
00:59:29,349 --> 00:59:26,799  
collecting

1553  
00:59:30,710 --> 00:59:29,359  
communications

1554  
00:59:35,349 --> 00:59:30,720  
listening

1555  
00:59:38,630 --> 00:59:35,359  
who knows what

1556  
00:59:41,270 --> 00:59:38,640  
the i i find it inconceivable

1557  
00:59:42,870 --> 00:59:41,280  
that with all of nsa's capabilities that

1558  
00:59:46,789 --> 00:59:42,880  
if these

1559  
00:59:51,030 --> 00:59:46,799  
if this phenomenon is emitting anything

1560  
00:59:53,670 --> 00:59:51,040  
in the in the em spectrum or the rf band

1561  
00:59:55,910 --> 00:59:53,680  
that it would not have been detected

1562  
00:59:59,670 --> 00:59:55,920  
decades ago

1563  
01:00:01,910 --> 00:59:59,680

and the minute it was detected then hey

1564

01:00:03,829 --> 01:00:01,920

there's a mission right there go figure

1565

01:00:04,950 --> 01:00:03,839

out what it is

1566

01:00:07,270 --> 01:00:04,960

um

1567

01:00:08,789 --> 01:00:07,280

so inman

1568

01:00:12,150 --> 01:00:08,799

anything to do with nsa their

1569

01:00:14,630 --> 01:00:12,160

capabilities um

1570

01:00:16,630 --> 01:00:14,640

you know the term eye watering

1571

01:00:18,390 --> 01:00:16,640

they really are

1572

01:00:22,309 --> 01:00:18,400

they're pretty impressive

1573

01:00:24,230 --> 01:00:22,319

so i don't know what he knew but

1574

01:00:25,829 --> 01:00:24,240

uh

1575

01:00:27,589 --> 01:00:25,839

i i you know

1576

01:00:29,510 --> 01:00:27,599

i wouldn't be surprised to find out if

1577

01:00:31,829 --> 01:00:29,520

he had sort of the keys to the kingdom

1578

01:00:34,549 --> 01:00:31,839

in that respect there's another one

1579

01:00:37,990 --> 01:00:34,559

along talks about stuff some information

1580

01:00:40,309 --> 01:00:38,000

that's horrifying and lewis mentioned

1581

01:00:42,630 --> 01:00:40,319

if we knew what he knew

1582

01:00:44,470 --> 01:00:42,640

the reaction would be somber what she

1583

01:00:46,710 --> 01:00:44,480

explained later on he didn't really mean

1584

01:00:48,630 --> 01:00:46,720

it to be such a negative thing so what's

1585

01:00:49,910 --> 01:00:48,640

your take on on that you know what my

1586

01:00:51,349 --> 01:00:49,920

dick is

1587

01:00:52,950 --> 01:00:51,359

i think

1588

01:00:55,190 --> 01:00:52,960

we both talked about what we asked for

1589

01:00:56,630 --> 01:00:55,200

really yeah it could be really something

1590

01:00:58,230 --> 01:00:56,640

really negative that a lot of people

1591

01:01:00,789 --> 01:00:58,240

don't even want to consider and i don't

1592

01:01:01,990 --> 01:01:00,799

know that to be the case but

1593

01:01:03,510 --> 01:01:02,000

i think we have to allow for that

1594

01:01:05,670 --> 01:01:03,520

possibility that it's something that's

1595

01:01:07,030 --> 01:01:05,680

really not going to be accepted well by

1596

01:01:09,270 --> 01:01:07,040

the masses

1597

01:01:10,950 --> 01:01:09,280

well i mean i'm not trying to i don't

1598

01:01:13,190 --> 01:01:10,960

last thing i would want to be accused of

1599

01:01:15,190 --> 01:01:13,200

is saying something that upset somebody

1600

01:01:16,950 --> 01:01:15,200

but uh there's a reason why they haven't

1601  
01:01:17,750 --> 01:01:16,960  
told us what they know

1602  
01:01:19,430 --> 01:01:17,760  
so

1603  
01:01:22,789 --> 01:01:19,440  
go further back to that i

1604  
01:01:25,030 --> 01:01:22,799  
i find it implausible

1605  
01:01:27,030 --> 01:01:25,040  
that that they don't know

1606  
01:01:29,349 --> 01:01:27,040  
more than what they're saying

1607  
01:01:31,270 --> 01:01:29,359  
okay

1608  
01:01:32,549 --> 01:01:31,280  
if de long's comments are to be taken on

1609  
01:01:34,069 --> 01:01:32,559  
face value

1610  
01:01:36,069 --> 01:01:34,079  
and i think you know where i stand with

1611  
01:01:38,470 --> 01:01:36,079  
that whole group um

1612  
01:01:40,789 --> 01:01:38,480  
he's just a person like you and me but

1613  
01:01:42,950 --> 01:01:40,799

he had connections and he had money and

1614

01:01:45,190 --> 01:01:42,960

an enormous following and he had an idea

1615

01:01:46,870 --> 01:01:45,200

and he wasn't the first to ever try it

1616

01:01:48,390 --> 01:01:46,880

but he apparently did have these

1617

01:01:51,190 --> 01:01:48,400

conversations with some very

1618

01:01:54,069 --> 01:01:51,200

high-ranking very well-connected people

1619

01:01:55,750 --> 01:01:54,079

and supposedly they told him some things

1620

01:01:57,670 --> 01:01:55,760

that disturbed him

1621

01:01:58,710 --> 01:01:57,680

um

1622

01:02:01,510 --> 01:01:58,720

to me

1623

01:02:04,150 --> 01:02:01,520

is that that's uh

1624

01:02:06,549 --> 01:02:04,160

that comports with

1625

01:02:09,750 --> 01:02:06,559

a lot of you know if you look at the

1626  
01:02:11,750 --> 01:02:09,760  
body of evidence the total weight of

1627  
01:02:13,430 --> 01:02:11,760  
claims

1628  
01:02:16,150 --> 01:02:13,440  
experiences

1629  
01:02:17,510 --> 01:02:16,160  
observed capabilities

1630  
01:02:20,630 --> 01:02:17,520  
this thing is

1631  
01:02:23,349 --> 01:02:20,640  
whatever it is is weird it is all

1632  
01:02:27,270 --> 01:02:25,109  
and i don't see how it could not be

1633  
01:02:28,630 --> 01:02:27,280  
dangerous if it wanted to

1634  
01:02:30,950 --> 01:02:28,640  
and i think that

1635  
01:02:34,470 --> 01:02:30,960  
all of these cries for public hearings

1636  
01:02:35,829 --> 01:02:34,480  
and uh we deserve you know we can handle

1637  
01:02:37,510 --> 01:02:35,839  
the truth

1638  
01:02:39,750 --> 01:02:37,520

i'd say be careful what you ask for

1639

01:02:41,270 --> 01:02:39,760

because there's a reason why and that

1640

01:02:42,950 --> 01:02:41,280

and i think some of it's rooted in

1641

01:02:46,069 --> 01:02:42,960

possibly

1642

01:02:47,829 --> 01:02:46,079

if they've if they've been able to to um

1643

01:02:50,470 --> 01:02:47,839

make any gains by researching the

1644

01:02:52,950 --> 01:02:50,480

technology and develop things from it

1645

01:02:54,549 --> 01:02:52,960

uh that rep that represent sort of

1646

01:02:56,069 --> 01:02:54,559

game-changing

1647

01:02:58,789 --> 01:02:56,079

ace in the whole

1648

01:03:00,950 --> 01:02:58,799

technologies that we would never see

1649

01:03:02,870 --> 01:03:00,960

unless our national backs were up

1650

01:03:04,870 --> 01:03:02,880

against the wall that's something we

1651

01:03:06,390 --> 01:03:04,880

didn't get to last time like if we have

1652

01:03:08,390 --> 01:03:06,400

this technology which fault there's

1653

01:03:10,150 --> 01:03:08,400

another question we can go to it and and

1654

01:03:11,829 --> 01:03:10,160

spin off on that

1655

01:03:14,150 --> 01:03:11,839

question do you know about mark mcclain

1656

01:03:15,670 --> 01:03:14,160

this is uh alien reproduction vehicle

1657

01:03:17,990 --> 01:03:15,680

and the anti-gravity research from the

1658

01:03:19,670 --> 01:03:18,000

50s rumors are that we

1659

01:03:21,029 --> 01:03:19,680

had a closed-door breakthrough and have

1660

01:03:24,870 --> 01:03:21,039

been

1661

01:03:27,270 --> 01:03:24,880

held down which goes along with to what

1662

01:03:29,430 --> 01:03:27,280

you just said we have we have cracked

1663

01:03:30,710 --> 01:03:29,440

gravity if we have

1664

01:03:32,549 --> 01:03:30,720

and we've spoken about this but you

1665

01:03:33,750 --> 01:03:32,559

didn't get to talk about it last time do

1666

01:03:35,589 --> 01:03:33,760

you think they would break out that

1667

01:03:37,589 --> 01:03:35,599

technology do you think they should

1668

01:03:41,109 --> 01:03:37,599

break out that technology to change the

1669

01:03:47,029 --> 01:03:44,630

well you would sort of have um

1670

01:03:49,029 --> 01:03:47,039

competing hypothesis right

1671

01:03:50,549 --> 01:03:49,039

inside the organization trying to just

1672

01:03:53,349 --> 01:03:50,559

discern

1673

01:03:54,870 --> 01:03:53,359

determine decide what to do

1674

01:03:56,870 --> 01:03:54,880

because on the one hand you've got

1675

01:03:59,270 --> 01:03:56,880

something that could up in the world up

1676  
01:04:01,270 --> 01:03:59,280  
in the economy totally you know where's

1677  
01:04:03,349 --> 01:04:01,280  
our economy where are our economies

1678  
01:04:05,510 --> 01:04:03,359  
based we're our strengths

1679  
01:04:07,430 --> 01:04:05,520  
it's in the uh

1680  
01:04:10,470 --> 01:04:07,440  
you know the fossil fuels

1681  
01:04:13,670 --> 01:04:10,480  
and there are clean ways

1682  
01:04:15,990 --> 01:04:13,680  
cleaner ways of using them

1683  
01:04:17,990 --> 01:04:16,000  
but so much of our economy and the

1684  
01:04:20,309 --> 01:04:18,000  
world's economy functions around that

1685  
01:04:22,470 --> 01:04:20,319  
and now you're going to roll out

1686  
01:04:23,990 --> 01:04:22,480  
something as awesome as

1687  
01:04:26,549 --> 01:04:24,000  
the claimed

1688  
01:04:29,109 --> 01:04:26,559

anti-gravity you know flying cars

1689

01:04:30,710 --> 01:04:29,119

tomorrow planes that don't require jet

1690

01:04:33,029 --> 01:04:30,720

engines and so forth

1691

01:04:34,390 --> 01:04:33,039

uh endless you know everybody's got a

1692

01:04:35,589 --> 01:04:34,400

mini power plant buried in their

1693

01:04:38,870 --> 01:04:35,599

backyard

1694

01:04:42,870 --> 01:04:38,880

unlimited power or or every every uh

1695

01:04:46,950 --> 01:04:45,430

and it it's not relying upon burning

1696

01:04:49,029 --> 01:04:46,960

anything

1697

01:04:51,510 --> 01:04:49,039

like fossil fuels you're gonna you're

1698

01:04:53,510 --> 01:04:51,520

gonna totally up end

1699

01:04:55,029 --> 01:04:53,520

the global economy you're gonna

1700

01:04:57,029 --> 01:04:55,039

automatically if you did it overnight

1701

01:04:59,109 --> 01:04:57,039

you would turn millions of people out of

1702

01:05:00,870 --> 01:04:59,119

work who work in those industries

1703

01:05:03,829 --> 01:05:00,880

transportation

1704

01:05:05,750 --> 01:05:03,839

uh drilling mining whatever so that's

1705

01:05:08,630 --> 01:05:05,760

the first problem but if you had a

1706

01:05:10,630 --> 01:05:08,640

technology that was capable of besting

1707

01:05:12,630 --> 01:05:10,640

anyone or anything on the face of the

1708

01:05:14,710 --> 01:05:12,640

planet human-wise

1709

01:05:16,309 --> 01:05:14,720

in in warfare

1710

01:05:18,230 --> 01:05:16,319

would you demonstrate it to get

1711

01:05:19,430 --> 01:05:18,240

everybody to suddenly scrap all of their

1712

01:05:21,430 --> 01:05:19,440

nukes and

1713

01:05:23,510 --> 01:05:21,440

scrap all of their jet fighters and

1714

01:05:25,029 --> 01:05:23,520

submarines

1715

01:05:28,710 --> 01:05:25,039

probably not

1716

01:05:31,990 --> 01:05:28,720

because that's an another enormous part

1717

01:05:33,910 --> 01:05:32,000

like it or leave it of our economy it's

1718

01:05:35,829 --> 01:05:33,920

the defense industry

1719

01:05:36,470 --> 01:05:35,839

there are millions of people employed in

1720

01:05:37,510 --> 01:05:36,480

it

1721

01:05:38,390 --> 01:05:37,520

okay

1722

01:05:39,829 --> 01:05:38,400

so

1723

01:05:41,510 --> 01:05:39,839

what do you do with it

1724

01:05:43,349 --> 01:05:41,520

well number one if it's if there's

1725

01:05:45,910 --> 01:05:43,359

something capable of

1726

01:05:46,950 --> 01:05:45,920

of of anti-gravity

1727

01:05:48,710 --> 01:05:46,960

um

1728

01:05:49,829 --> 01:05:48,720

and we're going to turn that technology

1729

01:05:52,069 --> 01:05:49,839

loose

1730

01:05:54,150 --> 01:05:52,079

anything that's capable you know i think

1731

01:05:55,829 --> 01:05:54,160

lazar said this i don't care where you

1732

01:05:57,990 --> 01:05:55,839

are on bob lazar

1733

01:05:59,349 --> 01:05:58,000

but what he said is true

1734

01:06:01,190 --> 01:05:59,359

if you have

1735

01:06:02,230 --> 01:06:01,200

anti-gravity

1736

01:06:07,750 --> 01:06:02,240

then

1737

01:06:10,309 --> 01:06:07,760

becomes instantly a reality

1738

01:06:11,990 --> 01:06:10,319

and that means also weapons technology

1739

01:06:13,670 --> 01:06:12,000

are you gonna really hand this over to

1740

01:06:15,829 --> 01:06:13,680

every maverick inventor and every

1741

01:06:17,029 --> 01:06:15,839

tinkerer in his garage

1742

01:06:19,190 --> 01:06:17,039

um

1743

01:06:21,670 --> 01:06:19,200

you know and and set this technology

1744

01:06:23,270 --> 01:06:21,680

free how do you do it how do you drip it

1745

01:06:25,750 --> 01:06:23,280

into society

1746

01:06:27,270 --> 01:06:25,760

right has to be governed has to not

1747

01:06:28,870 --> 01:06:27,280

govern like regulated but it probably

1748

01:06:29,910 --> 01:06:28,880

does have to be regulated but that's an

1749

01:06:32,549 --> 01:06:29,920

awesome

1750

01:06:34,870 --> 01:06:32,559

you know we're not talking about

1751

01:06:37,510 --> 01:06:34,880

uh the inventor of uh

1752

01:06:39,109 --> 01:06:37,520

of alka s alpha cells or tablets that

1753

01:06:40,789 --> 01:06:39,119

fizz when you drop them in the water

1754

01:06:42,870 --> 01:06:40,799

right and make your stomach feel better

1755

01:06:45,910 --> 01:06:42,880

we're talking about

1756

01:06:49,670 --> 01:06:45,920

something that turns things on its head

1757

01:06:50,870 --> 01:06:49,680

and and uh i see him keeping that

1758

01:06:52,470 --> 01:06:50,880

buried

1759

01:06:55,109 --> 01:06:52,480

until

1760

01:06:56,470 --> 01:06:55,119

uh literally our backs are against the

1761

01:06:58,789 --> 01:06:56,480

wall

1762

01:07:00,789 --> 01:06:58,799

in a military conflict

1763

01:07:02,710 --> 01:07:00,799

do you do you believe the mccandless

1764

01:07:04,150 --> 01:07:02,720

story he told i mean he just passed on a

1765

01:07:05,670 --> 01:07:04,160

couple of months ago i think it's i

1766

01:07:06,950 --> 01:07:05,680

think it's plausible it sounds a little

1767

01:07:09,430 --> 01:07:06,960

cavalier that they would have a

1768

01:07:11,430 --> 01:07:09,440

demonstration going on in a hangar

1769

01:07:12,549 --> 01:07:11,440

at norton air force base

1770

01:07:14,150 --> 01:07:12,559

uh

1771

01:07:15,910 --> 01:07:14,160

you know you got an air show going on

1772

01:07:17,029 --> 01:07:15,920

out there but back here in the back

1773

01:07:19,109 --> 01:07:17,039

hanger

1774

01:07:21,349 --> 01:07:19,119

we've got bigwigs coming in to look at

1775

01:07:23,349 --> 01:07:21,359

these um

1776

01:07:25,109 --> 01:07:23,359

these arvs apparently three of them

1777

01:07:27,430 --> 01:07:25,119

sitting on the floor there

1778

01:07:28,870 --> 01:07:27,440

turned on yeah brad swords and for

1779

01:07:30,630 --> 01:07:28,880

people who don't know the story brad

1780

01:07:32,390 --> 01:07:30,640

sorensen supposedly saw this and then

1781

01:07:35,510 --> 01:07:32,400

told mark mccandless

1782

01:07:37,829 --> 01:07:35,520

who drew it based on sorensen's

1783

01:07:40,829 --> 01:07:37,839

eyewitness account of the crap

1784

01:07:43,270 --> 01:07:40,839

yeah it's it's

1785

01:07:44,870 --> 01:07:43,280

uh i guess by the way i don't know if

1786

01:07:47,270 --> 01:07:44,880

you saw it but in in

1787

01:07:50,069 --> 01:07:47,280

ross cultart's book he says that

1788

01:07:52,150 --> 01:07:50,079

somebody showed

1789

01:07:54,549 --> 01:07:52,160

the guy who he said was read into the

1790

01:07:56,789 --> 01:07:54,559

program nat kobits he was shown pictures

1791

01:07:58,710 --> 01:07:56,799

of the arv and it was an interesting

1792

01:07:59,990 --> 01:07:58,720

reaction but nothing obviously nothing

1793

01:08:01,670 --> 01:08:00,000

definitive

1794

01:08:03,990 --> 01:08:01,680

um

1795

01:08:05,430 --> 01:08:04,000

but i'm gonna i'm gonna skip on to the

1796

01:08:06,950 --> 01:08:05,440

next question and i know you don't know

1797

01:08:09,349 --> 01:08:06,960

the answers to this but everybody wants

1798

01:08:11,829 --> 01:08:09,359

to know you know any ideas of why carter

1799

01:08:13,670 --> 01:08:11,839

if he was actually briefed on the truth

1800

01:08:15,270 --> 01:08:13,680

why he would be crying at his desk

1801  
01:08:16,390 --> 01:08:15,280  
that's from henry

1802  
01:08:17,189 --> 01:08:16,400  
well i think

1803  
01:08:18,870 --> 01:08:17,199  
you know

1804  
01:08:20,070 --> 01:08:18,880  
conceivable right

1805  
01:08:22,550 --> 01:08:20,080  
look at

1806  
01:08:26,070 --> 01:08:22,560  
so that ties that in that ties into de

1807  
01:08:28,870 --> 01:08:26,080  
long's reaction supposedly

1808  
01:08:31,430 --> 01:08:28,880  
carter was a was apparently a very

1809  
01:08:33,080 --> 01:08:31,440  
deeply religious man

1810  
01:08:34,950 --> 01:08:33,090  
so

1811  
01:08:35,910 --> 01:08:34,960  
[Music]

1812  
01:08:42,390 --> 01:08:35,920  
that

1813  
01:08:44,149 --> 01:08:42,400

think we are

1814

01:08:45,349 --> 01:08:44,159

didn't come from where we think we came

1815

01:08:50,070 --> 01:08:45,359

from

1816

01:08:54,789 --> 01:08:52,229

i'm going to follow up here's a pushback

1817

01:08:57,910 --> 01:08:54,799

on what you said as far as not putting

1818

01:08:59,669 --> 01:08:57,920

out the technology and

1819

01:09:01,590 --> 01:08:59,679

v is like well yeah we don't put out the

1820

01:09:02,550 --> 01:09:01,600

technology but then there's no jobs you

1821

01:09:03,910 --> 01:09:02,560

know

1822

01:09:06,309 --> 01:09:03,920

there's no jobs but then we have no

1823

01:09:07,590 --> 01:09:06,319

water no air and we're all dead meaning

1824

01:09:09,669 --> 01:09:07,600

if we don't make that change the

1825

01:09:11,110 --> 01:09:09,679

planet's going to continue to go to hell

1826

01:09:13,269 --> 01:09:11,120

so where do i mean where's the point

1827

01:09:15,349 --> 01:09:13,279

where you actually step in and say okay

1828

01:09:16,789 --> 01:09:15,359

this is not a great move because this

1829

01:09:18,470 --> 01:09:16,799

technology could be

1830

01:09:21,430 --> 01:09:18,480

used for the wrong purposes but we need

1831

01:09:23,030 --> 01:09:21,440

to change otherwise planet's going to go

1832

01:09:24,470 --> 01:09:23,040

we're all going to disappear that's the

1833

01:09:29,269 --> 01:09:24,480

argument

1834

01:09:32,550 --> 01:09:30,789

i'm not in charge

1835

01:09:34,950 --> 01:09:32,560

right it's uh what if you were though

1836

01:09:36,309 --> 01:09:34,960

what if you were in charge

1837

01:09:37,910 --> 01:09:36,319

how would you handle that like they come

1838

01:09:39,829 --> 01:09:37,920

to you and they like you know what the

1839

01:09:41,749 --> 01:09:39,839

planet the environment you know it's

1840

01:09:43,430 --> 01:09:41,759

we're we're beyond the point where right

1841

01:09:45,590 --> 01:09:43,440

at that point we need to make a change

1842

01:09:47,430 --> 01:09:45,600

over to clean technology what would you

1843

01:09:49,669 --> 01:09:47,440

do i'm not saying it's an easy answer

1844

01:09:52,950 --> 01:09:49,679

obviously that's not an easy answer that

1845

01:09:56,070 --> 01:09:52,960

number one there are still miles to go

1846

01:09:58,229 --> 01:09:56,080

uh in cleaning up our own act

1847

01:10:00,630 --> 01:09:58,239

and using what we have more efficiently

1848

01:10:01,910 --> 01:10:00,640

and more cleanly there's still a long

1849

01:10:03,430 --> 01:10:01,920

way to go

1850

01:10:04,950 --> 01:10:03,440

one of the biggest reasons

1851  
01:10:06,070 --> 01:10:04,960  
my own personal opinion that we are

1852  
01:10:08,149 --> 01:10:06,080  
where we are

1853  
01:10:11,350 --> 01:10:08,159  
it's the lack of follow-through and not

1854  
01:10:13,910 --> 01:10:11,360  
enough advocacy of these initiatives

1855  
01:10:15,830 --> 01:10:13,920  
um you know when when

1856  
01:10:17,110 --> 01:10:15,840  
wasn't it clinton or was it obama when

1857  
01:10:19,830 --> 01:10:17,120  
obama

1858  
01:10:21,510 --> 01:10:19,840  
was president we were all supposed to

1859  
01:10:23,350 --> 01:10:21,520  
just uh pretty soon thereafter we're

1860  
01:10:25,510 --> 01:10:23,360  
going to have solar panels on our on our

1861  
01:10:27,590 --> 01:10:25,520  
on the roofs of our houses

1862  
01:10:30,630 --> 01:10:27,600  
but

1863  
01:10:32,070 --> 01:10:30,640

the power companies don't want that

1864

01:10:35,350 --> 01:10:32,080

they don't want

1865

01:10:37,590 --> 01:10:35,360

paying customers to suddenly be

1866

01:10:40,149 --> 01:10:37,600

selling them energy back

1867

01:10:43,430 --> 01:10:40,159

coming from the their batteries

1868

01:10:46,149 --> 01:10:43,440

and their solar cells on their rooftops

1869

01:10:47,110 --> 01:10:46,159

you know it's it's greed it's corporate

1870

01:10:49,910 --> 01:10:47,120

greed

1871

01:10:51,990 --> 01:10:49,920

never people just the organizations

1872

01:10:53,510 --> 01:10:52,000

corporations the government and the will

1873

01:10:55,750 --> 01:10:53,520

of the people aren't on the same sheet

1874

01:10:57,510 --> 01:10:55,760

of music not enough of them there's not

1875

01:11:00,149 --> 01:10:57,520

a it's not a strong enough movement and

1876

01:11:02,229 --> 01:11:00,159

then you never get follow through

1877

01:11:04,470 --> 01:11:02,239

you get all of these advocates out there

1878

01:11:07,350 --> 01:11:04,480

for whatever the cause might be

1879

01:11:11,110 --> 01:11:07,360

and it maybe doesn't die on the vine

1880

01:11:13,110 --> 01:11:11,120

but it it doesn't go anywhere because of

1881

01:11:14,950 --> 01:11:13,120

competing interest

1882

01:11:16,310 --> 01:11:14,960

and

1883

01:11:18,550 --> 01:11:16,320

lobbyists

1884

01:11:22,550 --> 01:11:18,560

the oil lobby

1885

01:11:24,470 --> 01:11:22,560

right the energy lobby in washington dc

1886

01:11:26,470 --> 01:11:24,480

that's that's the roadblock so these

1887

01:11:27,590 --> 01:11:26,480

presidents that run on these platforms

1888

01:11:29,270 --> 01:11:27,600

of

1889

01:11:30,950 --> 01:11:29,280

doing xyz

1890

01:11:33,830 --> 01:11:30,960

when they get into office i mean that's

1891

01:11:35,990 --> 01:11:33,840

one thing people will say anything

1892

01:11:36,870 --> 01:11:36,000

and everything to get elected

1893

01:11:40,149 --> 01:11:36,880

right

1894

01:11:41,990 --> 01:11:40,159

but once they get into office

1895

01:11:44,149 --> 01:11:42,000

the government

1896

01:11:46,070 --> 01:11:44,159

is one part of it

1897

01:11:48,149 --> 01:11:46,080

but then you've got the economy and

1898

01:11:50,149 --> 01:11:48,159

corporate america and global

1899

01:11:52,830 --> 01:11:50,159

corporations

1900

01:11:55,910 --> 01:11:52,840

trying to convince them to turn down

1901

01:11:59,030 --> 01:11:55,920

profit to go in another direction that

1902

01:11:59,830 --> 01:11:59,040

is more common sense more healthy

1903

01:12:01,830 --> 01:11:59,840

that

1904

01:12:04,390 --> 01:12:01,840

it's you know it

1905

01:12:06,070 --> 01:12:04,400

it usually takes some kind of a major

1906

01:12:09,110 --> 01:12:06,080

disaster

1907

01:12:10,709 --> 01:12:09,120

to get people to start paying

1908

01:12:12,390 --> 01:12:10,719

close enough attention to something that

1909

01:12:13,510 --> 01:12:12,400

it deserves

1910

01:12:14,709 --> 01:12:13,520

right

1911

01:12:17,110 --> 01:12:14,719

so

1912

01:12:20,709 --> 01:12:17,120

uh i sure hope it doesn't get bad enough

1913

01:12:27,110 --> 01:12:24,790

the the ecology of the planet

1914

01:12:28,310 --> 01:12:27,120

and um

1915

01:12:29,750 --> 01:12:28,320

and all of that

1916

01:12:32,229 --> 01:12:29,760

before

1917

01:12:34,070 --> 01:12:32,239

you know we reach some

1918

01:12:35,189 --> 01:12:34,080

turning point that we can't come back

1919

01:12:37,030 --> 01:12:35,199

around

1920

01:12:38,790 --> 01:12:37,040

before people start to kind of get it

1921

01:12:40,390 --> 01:12:38,800

across the board from the highest levels

1922

01:12:41,350 --> 01:12:40,400

of government down to the grassroots

1923

01:12:44,149 --> 01:12:41,360

levels

1924

01:12:45,990 --> 01:12:44,159

but typically it takes something really

1925

01:12:48,709 --> 01:12:46,000

super dramatic

1926

01:12:50,870 --> 01:12:48,719

people have to feel the pain

1927

01:12:53,030 --> 01:12:50,880

okay i don't mean the ordinary people

1928

01:12:56,229 --> 01:12:53,040

either the pain has to be bad enough

1929

01:12:58,390 --> 01:12:56,239

like a katrina scale disaster

1930

01:13:00,470 --> 01:12:58,400

or it has to affect the people that are

1931

01:13:03,189 --> 01:13:00,480

in positions of power that make those

1932

01:13:06,709 --> 01:13:03,199

decisions that affect those things

1933

01:13:11,030 --> 01:13:09,110

until they are personally affected by it

1934

01:13:12,070 --> 01:13:11,040

like i don't know gasoline prices or

1935

01:13:12,950 --> 01:13:12,080

whatever

1936

01:13:14,470 --> 01:13:12,960

these

1937

01:13:16,950 --> 01:13:14,480

you know congressmen they don't make a

1938

01:13:18,550 --> 01:13:16,960

lot of money

1939

01:13:20,470 --> 01:13:18,560

but senators

1940

01:13:22,070 --> 01:13:20,480

senators that have been up there and

1941

01:13:25,510 --> 01:13:22,080

some congress people that have been

1942

01:13:27,030 --> 01:13:25,520

there for years and years and years

1943

01:13:29,430 --> 01:13:27,040

i don't know any of them that are living

1944

01:13:33,350 --> 01:13:29,440

paycheck to paycheck right

1945

01:13:35,990 --> 01:13:33,360

uh they get enriched by being connected

1946

01:13:37,830 --> 01:13:36,000

and they don't feel the prices that we

1947

01:13:39,590 --> 01:13:37,840

have to pay at the pump for things or

1948

01:13:41,510 --> 01:13:39,600

for groceries they

1949

01:13:44,950 --> 01:13:41,520

all they do is hear it

1950

01:13:47,110 --> 01:13:44,960

it's like it's like ambient noise

1951

01:13:49,669 --> 01:13:47,120

right um

1952

01:13:51,110 --> 01:13:49,679

they they listen to and they act on

1953

01:13:53,990 --> 01:13:51,120

things that

1954

01:13:56,790 --> 01:13:54,000

affect them that affect

1955

01:13:58,390 --> 01:13:56,800

their constituents you know like if it's

1956

01:14:00,709 --> 01:13:58,400

shutting down a military base in their

1957

01:14:02,149 --> 01:14:00,719

region or a big defense factory they

1958

01:14:04,229 --> 01:14:02,159

don't want that

1959

01:14:06,550 --> 01:14:04,239

they make all the sense in the world

1960

01:14:08,310 --> 01:14:06,560

to move it somewhere else but

1961

01:14:11,030 --> 01:14:08,320

they don't want that

1962

01:14:11,750 --> 01:14:11,040

because that's going to cause them pain

1963

01:14:15,030 --> 01:14:11,760

so

1964

01:14:16,550 --> 01:14:15,040

until you cause enough of them pain

1965

01:14:18,390 --> 01:14:16,560

and i'm not talking about

1966

01:14:20,630 --> 01:14:18,400

bodily harm pain i'm talking about you

1967

01:14:21,750 --> 01:14:20,640

know i get it

1968

01:14:23,189 --> 01:14:21,760

um

1969

01:14:25,750 --> 01:14:23,199

so

1970

01:14:27,350 --> 01:14:25,760

back to the environment and it's an it's

1971

01:14:29,030 --> 01:14:27,360

one of the arguments people make they're

1972

01:14:31,030 --> 01:14:29,040

interested in our nukes because they're

1973

01:14:32,870 --> 01:14:31,040

worried about us blowing ourselves up

1974

01:14:35,510 --> 01:14:32,880

and i'm like

1975

01:14:37,910 --> 01:14:35,520

there's just an equal as equal amount of

1976

01:14:39,189 --> 01:14:37,920

a chance that they're interested in in

1977

01:14:41,189 --> 01:14:39,199

us blowing up the planet they don't

1978

01:14:42,950 --> 01:14:41,199

really care so much about us

1979

01:14:45,510 --> 01:14:42,960

and i was really interested to see

1980

01:14:46,709 --> 01:14:45,520

robert hastings in ross cultart's book

1981

01:14:49,830 --> 01:14:46,719

he's like

1982

01:14:51,030 --> 01:14:49,840

trying to send us a message and it was

1983

01:14:53,189 --> 01:14:51,040

kind of like a positive thing they're

1984

01:14:54,950 --> 01:14:53,199

trying to save us now he's like i don't

1985

01:14:56,390 --> 01:14:54,960

know what the message is they could be

1986

01:14:58,149 --> 01:14:56,400

wanting to take over the planet they

1987

01:14:59,750 --> 01:14:58,159

could be wanting to save the planet

1988

01:15:01,750 --> 01:14:59,760

because they have plans after we're gone

1989

01:15:03,750 --> 01:15:01,760

to take over the planet so there's so

1990

01:15:05,430 --> 01:15:03,760

many different ways to take that and i

1991

01:15:06,950 --> 01:15:05,440

know i i think you agree with that we

1992

01:15:09,430 --> 01:15:06,960

don't know why they're shutting down

1993

01:15:11,270 --> 01:15:09,440

nukes or why they're turning on nukes

1994

01:15:13,189 --> 01:15:11,280

you know i think it's related i do think

1995

01:15:15,350 --> 01:15:13,199

it's related to them not wanting to see

1996

01:15:18,550 --> 01:15:15,360

the planet become you know a nuclear

1997

01:15:20,470 --> 01:15:18,560

disaster wasteland but i don't think

1998

01:15:21,590 --> 01:15:20,480

i personally just an opinion i don't

1999

01:15:25,669 --> 01:15:21,600

think

2000

01:15:27,990 --> 01:15:25,679

the planet for whoever's here and i

2001

01:15:29,270 --> 01:15:28,000

don't know who's here so

2002

01:15:30,870 --> 01:15:29,280

it's hard to speculate when you don't

2003

01:15:32,550 --> 01:15:30,880

know who's here what they are but that

2004

01:15:36,830 --> 01:15:32,560

would be my speculation that it's really

2005

01:15:40,950 --> 01:15:39,189

yeah who knows

2006

01:15:43,030 --> 01:15:40,960

right we can only we can only go off

2007

01:15:46,470 --> 01:15:43,040

what we've observed right

2008

01:15:49,590 --> 01:15:46,480

right and the observations tell us that

2009

01:15:54,630 --> 01:15:53,030

or at least they're very interested in

2010

01:15:56,229 --> 01:15:54,640

our most advanced

2011

01:15:58,550 --> 01:15:56,239

developments

2012

01:16:00,630 --> 01:15:58,560

technologically speaking

2013

01:16:02,630 --> 01:16:00,640

they're really super interested in it

2014

01:16:05,430 --> 01:16:02,640

and these are the things that we

2015

01:16:07,510 --> 01:16:05,440

know about are only the things that we

2016

01:16:08,470 --> 01:16:07,520

that we know about

2017

01:16:09,669 --> 01:16:08,480

i

2018

01:16:13,189 --> 01:16:09,679

suspect

2019

01:16:13,990 --> 01:16:13,199

that that's just the crust of it

2020

01:16:17,990 --> 01:16:14,000

that

2021

01:16:21,110 --> 01:16:18,000

ever been

2022

01:16:23,990 --> 01:16:21,120

truly truly nightmarish

2023

01:16:25,669 --> 01:16:24,000

to deal with what we're talking about we

2024

01:16:27,910 --> 01:16:25,679

surely surely would not have been

2025

01:16:30,790 --> 01:16:27,920

informed about it right and who knows

2026

01:16:32,070 --> 01:16:30,800

what that is we may have a very very

2027

01:16:34,630 --> 01:16:32,080

good reason

2028

01:16:36,310 --> 01:16:34,640

after decades of

2029

01:16:37,189 --> 01:16:36,320

if you take my position

2030

01:16:39,590 --> 01:16:37,199

after

2031

01:16:41,910 --> 01:16:39,600

decades of not being able to ignore

2032

01:16:43,910 --> 01:16:41,920

something this compelling in our skies

2033

01:16:45,350 --> 01:16:43,920

and wherever else it's been

2034

01:16:47,270 --> 01:16:45,360

spotted

2035

01:16:49,990 --> 01:16:47,280

um

2036

01:16:51,270 --> 01:16:50,000

we may have a very very good reason

2037

01:16:54,229 --> 01:16:51,280

for um

2038

01:16:57,510 --> 01:16:54,239

being concerned about

2039

01:16:58,390 --> 01:16:57,520

our nukes and our defense capabilities

2040

01:17:00,790 --> 01:16:58,400

you know

2041

01:17:03,990 --> 01:17:00,800

they could they could they strip us of

2042

01:17:05,830 --> 01:17:04,000

our defenses and leave another nation

2043

01:17:08,470 --> 01:17:05,840

armed with theirs

2044

01:17:10,790 --> 01:17:08,480

and then could they fly up and down the

2045

01:17:14,550 --> 01:17:10,800

borders of one nation or another and

2046

01:17:18,870 --> 01:17:14,560

spark an incident and cause a launch

2047

01:17:21,189 --> 01:17:18,880

who knows yeah who knows right you

2048

01:17:23,350 --> 01:17:21,199

if it's true that they've been observed

2049

01:17:24,470 --> 01:17:23,360

here for for eons

2050

01:17:26,550 --> 01:17:24,480

um

2051  
01:17:27,430 --> 01:17:26,560  
and really the evidence for that is what

2052  
01:17:30,870 --> 01:17:27,440  
on

2053  
01:17:33,510 --> 01:17:30,880  
in ancient writings

2054  
01:17:36,149 --> 01:17:33,520  
be it biblical or otherwise

2055  
01:17:38,550 --> 01:17:36,159  
paintings on cave walls

2056  
01:17:42,229 --> 01:17:38,560  
and other other

2057  
01:17:45,270 --> 01:17:42,239  
artistic accounts like nuremberg germany

2058  
01:17:46,870 --> 01:17:45,280  
and other places um

2059  
01:17:47,910 --> 01:17:46,880  
they've been around here for a long long

2060  
01:17:50,229 --> 01:17:47,920  
time

2061  
01:17:52,630 --> 01:17:50,239  
were they coming here or were they

2062  
01:17:54,149 --> 01:17:52,640  
coming out from somewhere here you know

2063  
01:17:55,350 --> 01:17:54,159

have they have they shared this place

2064

01:17:56,310 --> 01:17:55,360

with us

2065

01:17:57,830 --> 01:17:56,320

um

2066

01:17:59,350 --> 01:17:57,840

do they have a vested interest in the

2067

01:18:01,990 --> 01:17:59,360

health of the planet

2068

01:18:04,229 --> 01:18:02,000

are they more worried about themselves

2069

01:18:06,149 --> 01:18:04,239

than than us

2070

01:18:09,189 --> 01:18:06,159

are we getting in their way

2071

01:18:11,110 --> 01:18:09,199

uh are we polluting their

2072

01:18:14,709 --> 01:18:11,120

their their way of living or whatever it

2073

01:18:16,229 --> 01:18:14,719

is who if who knows

2074

01:18:18,390 --> 01:18:16,239

but um

2075

01:18:20,950 --> 01:18:18,400

they're not they they're not

2076

01:18:22,870 --> 01:18:20,960

like i say it it's implausible to me

2077

01:18:25,189 --> 01:18:22,880

that they would that they could ignore

2078

01:18:26,390 --> 01:18:25,199

this for all these years

2079

01:18:27,990 --> 01:18:26,400

and

2080

01:18:29,510 --> 01:18:28,000

i firmly believe though i don't have

2081

01:18:31,189 --> 01:18:29,520

proof that they've they've been very

2082

01:18:32,229 --> 01:18:31,199

seriously looking at this for a long

2083

01:18:33,830 --> 01:18:32,239

long time

2084

01:18:35,910 --> 01:18:33,840

and they could have very very good

2085

01:18:39,189 --> 01:18:35,920

reasons for not telling us

2086

01:18:41,510 --> 01:18:39,199

all of the so-called core story

2087

01:18:43,830 --> 01:18:41,520

i am a i don't know the answer to this

2088

01:18:45,189 --> 01:18:43,840

question i do not know the sapphire

2089

01:18:46,630 --> 01:18:45,199

project are you aware of that at all

2090

01:18:48,470 --> 01:18:46,640

eric davis and how put off in the

2091

01:18:50,790 --> 01:18:48,480

sapphire project

2092

01:18:52,070 --> 01:18:50,800

no me either since we're talking about

2093

01:18:53,270 --> 01:18:52,080

eric davis and i'm going to bring it up

2094

01:18:55,030 --> 01:18:53,280

because we didn't talk about it last

2095

01:18:59,669 --> 01:18:55,040

time and you know it's it's a subject

2096

01:19:05,110 --> 01:19:01,750

when you first heard about the wilson

2097

01:19:08,390 --> 01:19:05,120

davis leak so last year

2098

01:19:10,070 --> 01:19:08,400

i think it was 2019 it leaked what were

2099

01:19:12,070 --> 01:19:10,080

you what was your opinion of it when you

2100

01:19:14,630 --> 01:19:12,080

first saw that did you were you aware of

2101

01:19:15,990 --> 01:19:14,640

uh grier's story back in 97

2102

01:19:17,189 --> 01:19:16,000

where he said

2103

01:19:19,910 --> 01:19:17,199

he briefed

2104

01:19:21,990 --> 01:19:19,920

a joint a joint chiefs fella and then

2105

01:19:23,910 --> 01:19:22,000

later on he outed him as admiral wilson

2106

01:19:26,550 --> 01:19:23,920

were you aware of that before the before

2107

01:19:28,550 --> 01:19:26,560

the wilson davis league

2108

01:19:30,790 --> 01:19:28,560

i think vaguely i was aware but i don't

2109

01:19:32,630 --> 01:19:30,800

think i put it together but when i read

2110

01:19:35,110 --> 01:19:32,640

when i read the the

2111

01:19:36,790 --> 01:19:35,120

wilson davis meeting notes or whatever

2112

01:19:38,070 --> 01:19:36,800

you call it the wilson davis league

2113

01:19:39,750 --> 01:19:38,080

notes

2114

01:19:40,630 --> 01:19:39,760

the very first thing that jumped out at

2115

01:19:41,410 --> 01:19:40,640

me

2116

01:19:42,790 --> 01:19:41,420

was um

2117

01:19:44,790 --> 01:19:42,800

[Music]

2118

01:19:46,390 --> 01:19:44,800

the notes read

2119

01:19:49,669 --> 01:19:46,400

exactly like

2120

01:19:51,430 --> 01:19:49,679

dr eris eric davis speaks today

2121

01:19:53,669 --> 01:19:51,440

and any other time

2122

01:19:54,870 --> 01:19:53,679

in history that he has ever been videoed

2123

01:19:56,950 --> 01:19:54,880

speaking

2124

01:19:59,350 --> 01:19:56,960

the notes read

2125

01:20:02,470 --> 01:19:59,360

in the same vernacular

2126

01:20:05,350 --> 01:20:02,480

uh it's the same way

2127

01:20:07,669 --> 01:20:05,360

he talks i mean it's it was just very

2128

01:20:09,750 --> 01:20:07,679

obvious on his face to me no i thought

2129

01:20:11,510 --> 01:20:09,760

the same exact thing and i've read so

2130

01:20:13,590 --> 01:20:11,520

much of his material in messages i'm

2131

01:20:15,030 --> 01:20:13,600

like this is eric you know it's like it

2132

01:20:17,189 --> 01:20:15,040

sounds just like eric even though he

2133

01:20:19,990 --> 01:20:17,199

gave me no comment back then but sorry

2134

01:20:21,830 --> 01:20:20,000

to interrupt well uh and then the other

2135

01:20:23,990 --> 01:20:21,840

thing was that i don't know admiral tom

2136

01:20:25,110 --> 01:20:24,000

wilson but i know a lot of people that

2137

01:20:26,470 --> 01:20:25,120

know him

2138

01:20:28,950 --> 01:20:26,480

i know

2139

01:20:31,270 --> 01:20:28,960

two people one that two both of them

2140

01:20:34,070 --> 01:20:31,280

worked essentially for him one was his

2141

01:20:36,790 --> 01:20:34,080

executive officer

2142

01:20:38,870 --> 01:20:36,800

in back when they were junior moore jr

2143

01:20:42,629 --> 01:20:38,880

and

2144

01:20:44,229 --> 01:20:42,639

having been in the

2145

01:20:47,750 --> 01:20:44,239

community

2146

01:20:49,590 --> 01:20:47,760

for 20 something years and seeing

2147

01:20:52,229 --> 01:20:49,600

how

2148

01:20:53,669 --> 01:20:52,239

general officers work

2149

01:20:56,550 --> 01:20:53,679

and

2150

01:20:57,590 --> 01:20:56,560

organizational leadership how that works

2151

01:20:59,030 --> 01:20:57,600

uh

2152

01:21:01,430 --> 01:20:59,040

and if you look in the notes of what

2153

01:21:03,350 --> 01:21:01,440

he's saying the reasons why he was there

2154

01:21:05,270 --> 01:21:03,360

in the first place

2155

01:21:07,669 --> 01:21:05,280

they all do that and we talked about

2156

01:21:10,070 --> 01:21:07,679

this a couple times these leadership

2157

01:21:11,590 --> 01:21:10,080

positions uh these these generals these

2158

01:21:13,350 --> 01:21:11,600

admirals that are in charge of these

2159

01:21:15,110 --> 01:21:13,360

agencies

2160

01:21:17,350 --> 01:21:15,120

they may not have a lot of time to go do

2161

01:21:20,470 --> 01:21:17,360

this while they're sitting

2162

01:21:22,310 --> 01:21:20,480

as the director of an agency but

2163

01:21:23,590 --> 01:21:22,320

near the end of their term or maybe just

2164

01:21:25,990 --> 01:21:23,600

after it

2165

01:21:26,629 --> 01:21:26,000

they're still treated like royalty they

2166

01:21:31,669 --> 01:21:26,639

are

2167

01:21:34,310 --> 01:21:31,679

not they will not drive themselves they

2168

01:21:36,390 --> 01:21:34,320

can they want to most of them do

2169

01:21:37,830 --> 01:21:36,400

not allowed they're treated with all let

2170

01:21:39,830 --> 01:21:37,840

me just drop one second michael just so

2171

01:21:42,229 --> 01:21:39,840

people know what michael's referring to

2172

01:21:44,629 --> 01:21:42,239

as in the notes it talks about how

2173

01:21:47,350 --> 01:21:44,639

admiral wilson was on a

2174

01:21:49,990 --> 01:21:47,360

farewell tour after he had retired from

2175

01:21:51,830 --> 01:21:50,000

the w he was the director of the dia

2176

01:21:53,990 --> 01:21:51,840

and supposedly in the notes he was in

2177

01:21:55,990 --> 01:21:54,000

vegas on this tour

2178

01:21:57,510 --> 01:21:56,000

so and that's how davis came to

2179

01:21:59,189 --> 01:21:57,520

encounter him so

2180

01:22:00,870 --> 01:21:59,199

sorry to interrupt just so i know not

2181

01:22:03,430 --> 01:22:00,880

ever yeah thank you for that yeah so so

2182

01:22:05,990 --> 01:22:03,440

it's the plausibility of the reasons

2183

01:22:08,310 --> 01:22:06,000

behind him being in nevada in the first

2184

01:22:09,669 --> 01:22:08,320

place being in las vegas he was there to

2185

01:22:12,390 --> 01:22:09,679

meet some people

2186

01:22:14,550 --> 01:22:12,400

shank shake some hands and thank the

2187

01:22:15,910 --> 01:22:14,560

contractors for all the hard work and

2188

01:22:17,750 --> 01:22:15,920

support that they had done at the

2189

01:22:19,110 --> 01:22:17,760

testing range out there at nellis and

2190

01:22:20,709 --> 01:22:19,120

other places

2191

01:22:22,950 --> 01:22:20,719

and he was making the rounds and they

2192

01:22:25,110 --> 01:22:22,960

they all do it i've been at places when

2193

01:22:27,030 --> 01:22:25,120

it's when they've come through they hand

2194

01:22:29,110 --> 01:22:27,040

out these challenge coins

2195

01:22:31,430 --> 01:22:29,120

uh they come around and meet people and

2196

01:22:32,950 --> 01:22:31,440

they they even have a little town hall

2197

01:22:34,709 --> 01:22:32,960

and take questions

2198

01:22:36,149 --> 01:22:34,719

that's the whole reason for being so

2199

01:22:37,510 --> 01:22:36,159

there were a lot of things that lined up

2200

01:22:39,110 --> 01:22:37,520

in there number one i kind of knew the

2201

01:22:41,270 --> 01:22:39,120

guy because i knew so many people that

2202

01:22:43,910 --> 01:22:41,280

knew him admiral wilson

2203

01:22:46,149 --> 01:22:43,920

number two it was exceedingly

2204

01:22:48,070 --> 01:22:46,159

probable that the reasons why he was

2205

01:22:50,310 --> 01:22:48,080

there were exactly right

2206

01:22:53,030 --> 01:22:50,320

uh he was on a farewell tour i've seen

2207

01:22:56,629 --> 01:22:53,040

how those operate numerous times

2208

01:22:59,350 --> 01:22:56,639

and um and the notes read

2209

01:23:01,669 --> 01:22:59,360

just like eric davis speaks

2210

01:23:03,430 --> 01:23:01,679

so go pick your interview of eric davis

2211

01:23:06,950 --> 01:23:03,440

read those notes two or three times kind

2212

01:23:08,950 --> 01:23:06,960

of get it in your mind how it flows and

2213

01:23:11,590 --> 01:23:08,960

and then listen to davis speak

2214

01:23:13,910 --> 01:23:11,600

it's just to me there's just no doubt

2215

01:23:17,270 --> 01:23:13,920

he's the author of the notes

2216

01:23:19,990 --> 01:23:17,280

now would he have conjured all that up

2217

01:23:22,870 --> 01:23:20,000

i don't think so because a he's a clear

2218

01:23:25,430 --> 01:23:22,880

professional and his reliability

2219

01:23:27,750 --> 01:23:25,440

and his trust the trust that's placed in

2220

01:23:29,510 --> 01:23:27,760

him for his top-level security clearance

2221

01:23:31,990 --> 01:23:29,520

and the background investigation that

2222

01:23:35,350 --> 01:23:32,000

goes into that that talks to people that

2223

01:23:37,590 --> 01:23:35,360

he knew and people that knew him knew

2224

01:23:39,750 --> 01:23:37,600

and the branches go out from there when

2225

01:23:41,350 --> 01:23:39,760

they're when they're updating that every

2226

01:23:43,510 --> 01:23:41,360

six years

2227

01:23:45,430 --> 01:23:43,520

he has been under intense vetting by the

2228

01:23:47,110 --> 01:23:45,440

government ever since he first gained

2229

01:23:49,189 --> 01:23:47,120

his security clearance

2230

01:23:50,629 --> 01:23:49,199

he cannot be in the business

2231

01:23:51,830 --> 01:23:50,639

of lying

2232

01:23:53,430 --> 01:23:51,840

deceiving

2233

01:23:55,510 --> 01:23:53,440

or putting out

2234

01:23:57,669 --> 01:23:55,520

publishing anything that's that's

2235

01:23:59,990 --> 01:23:57,679

untoward in any way

2236

01:24:02,550 --> 01:24:00,000

he has got to maintain an impeccable

2237

01:24:05,910 --> 01:24:02,560

lifestyle because he will

2238

01:24:08,070 --> 01:24:05,920

most likely be taking a polygraph test

2239

01:24:09,910 --> 01:24:08,080

every six years as part of his security

2240

01:24:12,149 --> 01:24:09,920

update

2241

01:24:14,790 --> 01:24:12,159

so you have to live

2242

01:24:16,870 --> 01:24:14,800

and work the straight and narrow

2243

01:24:19,030 --> 01:24:16,880

so you have a person here and eric davis

2244

01:24:20,470 --> 01:24:19,040

who's got the very highest credentials

2245

01:24:22,470 --> 01:24:20,480

that are offered

2246

01:24:24,470 --> 01:24:22,480

in this country just about

2247

01:24:25,910 --> 01:24:24,480

with his security clearance and all the

2248

01:24:27,270 --> 01:24:25,920

professional

2249

01:24:30,229 --> 01:24:27,280

top level

2250

01:24:31,990 --> 01:24:30,239

top shelf vetting that goes into him

2251  
01:24:34,149 --> 01:24:32,000  
you've got the notes that read like he

2252  
01:24:36,790 --> 01:24:34,159  
speaks every day

2253  
01:24:39,270 --> 01:24:36,800  
and then you've got admiral wilson who's

2254  
01:24:41,270 --> 01:24:39,280  
apparently in town there in vegas to

2255  
01:24:43,350 --> 01:24:41,280  
meet and greet the troops and thank them

2256  
01:24:45,910 --> 01:24:43,360  
for a job well done

2257  
01:24:47,350 --> 01:24:45,920  
all of that is just so

2258  
01:24:49,030 --> 01:24:47,360  
common sense

2259  
01:24:51,590 --> 01:24:49,040  
that um

2260  
01:24:55,510 --> 01:24:51,600  
it makes the story that the notes tell

2261  
01:24:59,270 --> 01:24:57,510  
makes you kind of you know

2262  
01:25:00,629 --> 01:24:59,280  
it's like if any one part of that whole

2263  
01:25:03,030 --> 01:25:00,639

thing is true then you got to take a

2264

01:25:05,669 --> 01:25:03,040

closer look at the rest of it

2265

01:25:07,110 --> 01:25:05,679

well i see a lot of truth in that in in

2266

01:25:08,870 --> 01:25:07,120

those notes

2267

01:25:11,270 --> 01:25:08,880

so why wouldn't the topic of the

2268

01:25:13,510 --> 01:25:11,280

conversation be real

2269

01:25:15,990 --> 01:25:13,520

and the whole nrl document that

2270

01:25:17,590 --> 01:25:16,000

allegedly greer brought with him or did

2271

01:25:19,350 --> 01:25:17,600

not bring with him or did bring in it

2272

01:25:22,629 --> 01:25:19,360

was a hoax or not a hoax

2273

01:25:25,350 --> 01:25:22,639

does that affect your opinion whatsoever

2274

01:25:26,390 --> 01:25:25,360

i already look at greer

2275

01:25:28,629 --> 01:25:26,400

there's a lot of

2276

01:25:31,510 --> 01:25:28,639

cool stuff he's done like this the

2277

01:25:33,990 --> 01:25:31,520

citizens hearings at the national press

2278

01:25:35,750 --> 01:25:34,000

club and stuff like that that was just

2279

01:25:37,430 --> 01:25:35,760

you know that was the first time i guess

2280

01:25:41,990 --> 01:25:37,440

that so many

2281

01:25:43,669 --> 01:25:42,000

uh so many people of such high character

2282

01:25:44,629 --> 01:25:43,679

project hearings yes

2283

01:25:46,550 --> 01:25:44,639

yeah

2284

01:25:48,390 --> 01:25:46,560

uh and then all of those series of

2285

01:25:50,229 --> 01:25:48,400

youtube interviews where they they put

2286

01:25:51,830 --> 01:25:50,239

those out there for people to watch you

2287

01:25:53,830 --> 01:25:51,840

know you can go see these discrete

2288

01:25:55,189 --> 01:25:53,840

interviews of people right i know that

2289

01:25:57,030 --> 01:25:55,199

was all great but some of the other

2290

01:25:58,629 --> 01:25:57,040

stuff that he has said

2291

01:26:00,070 --> 01:25:58,639

um

2292

01:26:01,590 --> 01:26:00,080

his use of the word i just give him one

2293

01:26:02,950 --> 01:26:01,600

example that just blows me away just

2294

01:26:04,950 --> 01:26:02,960

turns me off every time i hear it his

2295

01:26:07,430 --> 01:26:04,960

use of the word scalar

2296

01:26:08,950 --> 01:26:07,440

scalar technologies scalar this and

2297

01:26:10,470 --> 01:26:08,960

scalar that

2298

01:26:12,550 --> 01:26:10,480

okay i'll give him he could probably

2299

01:26:13,990 --> 01:26:12,560

spell the word scalar but does he really

2300

01:26:15,189 --> 01:26:14,000

have any clue

2301

01:26:17,590 --> 01:26:15,199

um

2302

01:26:19,910 --> 01:26:17,600

it's to me i just there's such a grain

2303

01:26:23,430 --> 01:26:19,920

of salt that i apply to

2304

01:26:24,950 --> 01:26:23,440

every to everything he says i do have a

2305

01:26:26,870 --> 01:26:24,960

good appreciation for some of the

2306

01:26:28,629 --> 01:26:26,880

efforts that he has made

2307

01:26:30,790 --> 01:26:28,639

in getting this topic pushed to the

2308

01:26:32,310 --> 01:26:30,800

front of people's consciousness

2309

01:26:33,270 --> 01:26:32,320

no pun intended

2310

01:26:35,110 --> 01:26:33,280

but

2311

01:26:37,590 --> 01:26:35,120

that document

2312

01:26:41,110 --> 01:26:37,600

number one you have to ask yourself

2313

01:26:43,350 --> 01:26:41,120

a director of an agency is handed a

2314

01:26:47,189 --> 01:26:43,360

highly classified

2315

01:26:49,270 --> 01:26:47,199

very sensitive document by a civilian

2316

01:26:51,510 --> 01:26:49,280

i don't care where he handed it to him i

2317

01:26:53,430 --> 01:26:51,520

don't care if it was inside the pentagon

2318

01:26:56,149 --> 01:26:53,440

or down at starbucks

2319

01:26:58,390 --> 01:26:56,159

you've got a civilian handing you

2320

01:27:00,470 --> 01:26:58,400

a classified document

2321

01:27:02,310 --> 01:27:00,480

the very first thing

2322

01:27:04,229 --> 01:27:02,320

that's going to go through my mind in a

2323

01:27:07,590 --> 01:27:04,239

situation like that is everything i've

2324

01:27:10,550 --> 01:27:07,600

been taught about a situation like that

2325

01:27:13,430 --> 01:27:10,560

if it's if you believe it is legitimate

2326

01:27:15,750 --> 01:27:13,440

you seize the document and you work your

2327

01:27:17,669 --> 01:27:15,760

damnedest right then and there i don't

2328

01:27:19,990 --> 01:27:17,679

care if your wife's having a baby you

2329

01:27:21,910 --> 01:27:20,000

get that document protected and you turn

2330

01:27:23,830 --> 01:27:21,920

it over to security

2331

01:27:25,189 --> 01:27:23,840

right the first question wilson should

2332

01:27:26,629 --> 01:27:25,199

have asked is where did you get this

2333

01:27:28,709 --> 01:27:26,639

document

2334

01:27:30,950 --> 01:27:28,719

we don't hear anything about that we

2335

01:27:32,390 --> 01:27:30,960

just hear that oh that's cool

2336

01:27:34,390 --> 01:27:32,400

i'll go look into that thanks for

2337

01:27:37,350 --> 01:27:34,400

letting me know

2338

01:27:40,790 --> 01:27:37,360

i find that a little bit hard to believe

2339

01:27:42,149 --> 01:27:40,800

the organizations that are listed there

2340

01:27:43,669 --> 01:27:42,159

i can't i'm not going to comment on

2341

01:27:47,750 --> 01:27:43,679

whether they exist or not because i

2342

01:27:48,870 --> 01:27:47,760

spent a lot of time at the nro myself

2343

01:27:50,149 --> 01:27:48,880

but it

2344

01:27:52,629 --> 01:27:50,159

to me

2345

01:27:55,110 --> 01:27:52,639

for that document to have changed hands

2346

01:27:58,149 --> 01:27:55,120

from a civilian uncleared person to a

2347

01:27:59,830 --> 01:27:58,159

very highly cleared government official

2348

01:28:01,590 --> 01:27:59,840

whatever the setting was

2349

01:28:02,470 --> 01:28:01,600

is just implausible

2350

01:28:04,950 --> 01:28:02,480

um

2351

01:28:06,870 --> 01:28:04,960

and that an investigation didn't didn't

2352

01:28:10,470 --> 01:28:06,880

get spurred from that

2353

01:28:13,590 --> 01:28:10,480

is also uh implausible

2354

01:28:16,709 --> 01:28:13,600

the fact that it has that letterhead

2355

01:28:21,110 --> 01:28:16,719

that's u.s air force well

2356

01:28:23,430 --> 01:28:21,120

the nro was born out of air force and

2357

01:28:24,950 --> 01:28:23,440

cia

2358

01:28:26,790 --> 01:28:24,960

sort of parallel efforts that were

2359

01:28:27,669 --> 01:28:26,800

ongoing by those two agencies so i can

2360

01:28:29,270 --> 01:28:27,679

believe

2361

01:28:31,350 --> 01:28:29,280

that a document would have an air force

2362

01:28:33,510 --> 01:28:31,360

letterhead and i can't believe it but it

2363

01:28:35,669 --> 01:28:33,520

would have these organizations

2364

01:28:38,310 --> 01:28:35,679

that are listed as addressees for that

2365

01:28:39,510 --> 01:28:38,320

message down the side

2366

01:28:41,350 --> 01:28:39,520

but

2367

01:28:44,629 --> 01:28:41,360

it seems to me for that for that to

2368

01:28:47,350 --> 01:28:44,639

suddenly appear outside of a skiff

2369

01:28:51,189 --> 01:28:47,360

and appear in a civilian's hands more

2370

01:28:55,590 --> 01:28:52,550

from memory

2371

01:28:57,510 --> 01:28:55,600

from someone on the inside maybe

2372

01:29:00,629 --> 01:28:57,520

because they couldn't just dream these

2373

01:29:02,310 --> 01:29:00,639

organizations up if they were real

2374

01:29:04,149 --> 01:29:02,320

they they're used to seeing official

2375

01:29:05,669 --> 01:29:04,159

record message traffic as it's referred

2376

01:29:07,590 --> 01:29:05,679

to memos

2377

01:29:09,430 --> 01:29:07,600

directives and things like that coming

2378

01:29:11,350 --> 01:29:09,440

out of the agency

2379

01:29:12,950 --> 01:29:11,360

so they would know how they're organized

2380

01:29:16,550 --> 01:29:12,960

when they're sent out

2381

01:29:17,830 --> 01:29:16,560

i i've got several nro memoranda that i

2382

01:29:19,669 --> 01:29:17,840

pulled down from the freedom of

2383

01:29:21,510 --> 01:29:19,679

information act stuff from the cia's

2384

01:29:23,430 --> 01:29:21,520

crest website

2385

01:29:26,950 --> 01:29:23,440

back during the creation of the nro back

2386

01:29:29,189 --> 01:29:26,960

in the early 60s the memos don't look

2387

01:29:31,030 --> 01:29:29,199

like that one

2388

01:29:32,470 --> 01:29:31,040

and some of them are from the nro

2389

01:29:33,669 --> 01:29:32,480

security office

2390

01:29:36,310 --> 01:29:33,679

so

2391

01:29:38,470 --> 01:29:36,320

i don't know um

2392

01:29:39,830 --> 01:29:38,480

i just i wish i would have known you

2393

01:29:42,390 --> 01:29:39,840

last year when i was working on it i

2394

01:29:44,950 --> 01:29:42,400

mean i did not put a lot of i did not

2395

01:29:46,470 --> 01:29:44,960

put a lot of

2396

01:29:48,390 --> 01:29:46,480

i didn't focus on that document it

2397

01:29:50,149 --> 01:29:48,400

didn't affect me but still it would have

2398

01:29:51,990 --> 01:29:50,159

been nice to have you to fall back on

2399

01:29:55,590 --> 01:29:52,000

and ask you about about documents

2400

01:29:58,629 --> 01:29:55,600

because i am not a document guy um

2401

01:30:00,550 --> 01:29:58,639

but so yeah uh um

2402

01:30:02,310 --> 01:30:00,560

greer i have the same opinion of greer

2403

01:30:04,149 --> 01:30:02,320

that you do did some great stuff with

2404

01:30:05,910 --> 01:30:04,159

the disclosure project but it's like do

2405

01:30:08,149 --> 01:30:05,920

i wish he was not a part of this story

2406

01:30:10,229 --> 01:30:08,159

of course i do i wish he would never be

2407

01:30:11,110 --> 01:30:10,239

a part of this story and from what i was

2408

01:30:13,750 --> 01:30:11,120

told

2409

01:30:15,270 --> 01:30:13,760

that whole briefing in april of 97 he

2410

01:30:17,510 --> 01:30:15,280

really did not need to be there which

2411

01:30:19,590 --> 01:30:17,520

tells me yeah most likely looking at it

2412

01:30:20,790 --> 01:30:19,600

now hearing things over the past couple

2413

01:30:23,350 --> 01:30:20,800

of months

2414

01:30:26,310 --> 01:30:23,360

that document probably played zero role

2415

01:30:28,629 --> 01:30:26,320

whatsoever well i i think yeah i think

2416

01:30:30,470 --> 01:30:28,639

you can ignore the document

2417

01:30:32,390 --> 01:30:30,480

because i think the

2418

01:30:36,709 --> 01:30:32,400

the most compelling thing of the two is

2419

01:30:41,110 --> 01:30:39,350

they mention the document

2420

01:30:44,390 --> 01:30:41,120

you get enough context from that you

2421

01:30:45,830 --> 01:30:44,400

don't need the document which to me

2422

01:30:47,189 --> 01:30:45,840

like i say the first question you have

2423

01:30:49,590 --> 01:30:47,199

to ask is

2424

01:30:50,629 --> 01:30:49,600

how did that get outside the facility

2425

01:30:52,070 --> 01:30:50,639

um

2426

01:30:53,830 --> 01:30:52,080

yeah they do not mention that they don't

2427

01:30:54,550 --> 01:30:53,840

mention that document at all at all it's

2428

01:30:56,709 --> 01:30:54,560

like

2429

01:30:58,390 --> 01:30:56,719

i thought he mentioned greer though

2430

01:30:59,750 --> 01:30:58,400

he mentioned career he mentions greer a

2431

01:31:03,430 --> 01:30:59,760

few times but he doesn't mention the

2432

01:31:04,950 --> 01:31:03,440

document so that's why i guess yeah um

2433

01:31:05,830 --> 01:31:04,960

i'm just saying you you kind of have the

2434

01:31:07,990 --> 01:31:05,840

whole

2435

01:31:09,430 --> 01:31:08,000

shooting match in in the wilson davis

2436

01:31:11,510 --> 01:31:09,440

notes you don't really need that

2437

01:31:13,510 --> 01:31:11,520

document the the you don't really need

2438

01:31:15,189 --> 01:31:13,520

the uh the career document

2439

01:31:18,070 --> 01:31:15,199

um

2440

01:31:20,310 --> 01:31:18,080

the infighting that i saw recently

2441

01:31:21,669 --> 01:31:20,320

with another researcher um

2442

01:31:23,350 --> 01:31:21,679

and you know what i'm talking about i

2443

01:31:24,390 --> 01:31:23,360

think it's sort of silly to be arguing

2444

01:31:26,390 --> 01:31:24,400

about

2445

01:31:29,030 --> 01:31:26,400

um

2446

01:31:30,870 --> 01:31:29,040

letterhead and you know learn more you

2447

01:31:33,270 --> 01:31:30,880

need to learn more about the the

2448

01:31:35,270 --> 01:31:33,280

the genesis of the nro and and then you

2449

01:31:38,390 --> 01:31:35,280

can kind of pretty easily understand

2450

01:31:40,870 --> 01:31:38,400

that that letterhead could have had

2451  
01:31:43,910 --> 01:31:40,880  
more apt to have a air force logo on it

2452  
01:31:45,830 --> 01:31:43,920  
than a cia logo because of the

2453  
01:31:48,310 --> 01:31:45,840  
differences in the nature of the two

2454  
01:31:51,350 --> 01:31:48,320  
organizations cia is much more

2455  
01:31:53,990 --> 01:31:51,360  
clandestine much more secretive

2456  
01:31:55,910 --> 01:31:54,000  
in the air force um

2457  
01:31:58,310 --> 01:31:55,920  
you know the nro was put under the

2458  
01:32:00,709 --> 01:31:58,320  
secretary of the air force originally

2459  
01:32:01,990 --> 01:32:00,719  
right um so

2460  
01:32:03,189 --> 01:32:02,000  
yeah

2461  
01:32:04,790 --> 01:32:03,199  
i wouldn't focus too much on that

2462  
01:32:06,629 --> 01:32:04,800  
document i mean

2463  
01:32:09,510 --> 01:32:06,639

there's enough greer there to make me

2464

01:32:13,910 --> 01:32:12,149

bless his heart no yeah yeah i agree um

2465

01:32:15,110 --> 01:32:13,920

here's a question from earlier which you

2466

01:32:16,790 --> 01:32:15,120

kind of hinted on because i know you're

2467

01:32:18,229 --> 01:32:16,800

open-minded since we don't know what the

2468

01:32:21,430 --> 01:32:18,239

heck we're dealing with

2469

01:32:23,030 --> 01:32:21,440

based on your observations is there any

2470

01:32:25,270 --> 01:32:23,040

reasonable evidence

2471

01:32:28,149 --> 01:32:25,280

that non-terrestrial undetectable

2472

01:32:29,430 --> 01:32:28,159

sources have assets on the ground among

2473

01:32:31,189 --> 01:32:29,440

us and

2474

01:32:32,629 --> 01:32:31,199

for me it's just i've heard stories

2475

01:32:34,550 --> 01:32:32,639

that's all i've heard her story so i

2476

01:32:36,070 --> 01:32:34,560

don't really know if that's evidence

2477

01:32:37,110 --> 01:32:36,080

what's your take on that

2478

01:32:40,550 --> 01:32:37,120

i

2479

01:32:42,390 --> 01:32:40,560

about that

2480

01:32:44,470 --> 01:32:42,400

would be from people like dr david

2481

01:32:45,189 --> 01:32:44,480

jacobs

2482

01:32:50,070 --> 01:32:45,199

and

2483

01:32:51,590 --> 01:32:50,080

he's either retired or he certainly has

2484

01:32:54,950 --> 01:32:51,600

stopped doing what he was doing

2485

01:32:56,470 --> 01:32:54,960

research-wise because he came to a

2486

01:32:57,669 --> 01:32:56,480

conclusion

2487

01:33:00,149 --> 01:32:57,679

and i don't think he liked the

2488

01:33:02,790 --> 01:33:00,159

conclusion he came to

2489

01:33:05,350 --> 01:33:02,800

in the conclusion and these are i'm

2490

01:33:07,669 --> 01:33:05,360

paraphrasing but the conclusion was

2491

01:33:09,110 --> 01:33:07,679

that all of his patients all of his

2492

01:33:12,390 --> 01:33:09,120

subjects

2493

01:33:16,950 --> 01:33:14,470

accurate stories

2494

01:33:18,550 --> 01:33:16,960

they truly sort of like john mack they

2495

01:33:22,149 --> 01:33:18,560

really believed

2496

01:33:24,550 --> 01:33:22,159

that what had happened to them happened

2497

01:33:27,110 --> 01:33:24,560

and according to jacobs

2498

01:33:28,950 --> 01:33:27,120

he believes there's you know and i and i

2499

01:33:30,790 --> 01:33:28,960

tend to kind of agree with this he

2500

01:33:32,709 --> 01:33:30,800

believes there's something ulterior

2501

01:33:33,910 --> 01:33:32,719

going on right

2502

01:33:35,669 --> 01:33:33,920

think about it

2503

01:33:37,030 --> 01:33:35,679

and i've heard richard dolan say the

2504

01:33:38,870 --> 01:33:37,040

same thing

2505

01:33:40,790 --> 01:33:38,880

when do these things predominantly show

2506

01:33:43,830 --> 01:33:40,800

up when do people predominantly have

2507

01:33:46,470 --> 01:33:43,840

these experiences

2508

01:33:47,510 --> 01:33:46,480

it's it's usually in the dead of night

2509

01:33:50,629 --> 01:33:47,520

right

2510

01:33:52,950 --> 01:33:50,639

these things they're not landing on

2511

01:33:55,430 --> 01:33:52,960

my front yard out here

2512

01:33:57,669 --> 01:33:55,440

right they are using

2513

01:34:00,550 --> 01:33:57,679

signature management

2514

01:34:03,750 --> 01:34:00,560

they're coming in they're going out

2515

01:34:06,310 --> 01:34:03,760

without being detected for the most part

2516

01:34:09,830 --> 01:34:06,320

they are leaving people

2517

01:34:11,669 --> 01:34:09,840

uh scarred either mentally or physically

2518

01:34:13,189 --> 01:34:11,679

or both

2519

01:34:16,950 --> 01:34:13,199

not everyone

2520

01:34:18,790 --> 01:34:16,960

believes it's all champagne and

2521

01:34:20,310 --> 01:34:18,800

graffiti

2522

01:34:21,590 --> 01:34:20,320

a lot of the people who've had these

2523

01:34:24,550 --> 01:34:21,600

experiences

2524

01:34:25,990 --> 01:34:24,560

wish they had never had the experience

2525

01:34:28,149 --> 01:34:26,000

um it

2526  
01:34:29,910 --> 01:34:28,159  
and i believe jacob may have used words

2527  
01:34:31,750 --> 01:34:29,920  
to this fact that there's

2528  
01:34:33,590 --> 01:34:31,760  
there's a covert nature about what

2529  
01:34:37,270 --> 01:34:33,600  
they're doing

2530  
01:34:39,590 --> 01:34:37,280  
appear to be

2531  
01:34:42,229 --> 01:34:39,600  
appeared to be right allegedly

2532  
01:34:44,470 --> 01:34:42,239  
and that based on his research

2533  
01:34:47,750 --> 01:34:44,480  
it was just case closed that

2534  
01:34:50,390 --> 01:34:47,760  
they're here there's been some tinkering

2535  
01:34:52,870 --> 01:34:50,400  
going on they've been

2536  
01:34:55,990 --> 01:34:52,880  
taking fetuses they've been impregnating

2537  
01:34:58,470 --> 01:34:56,000  
women taking fetuses weeks later

2538  
01:35:01,350 --> 01:34:58,480

women have been going to doctors

2539

01:35:02,629 --> 01:35:01,360

verifiably pregnant with ultrasounds and

2540

01:35:05,510 --> 01:35:02,639

what have you

2541

01:35:08,950 --> 01:35:05,520

and then weeks or months later

2542

01:35:11,270 --> 01:35:08,960

showing back up no signs of pregnancy

2543

01:35:13,910 --> 01:35:11,280

no signs of a fetus

2544

01:35:15,910 --> 01:35:13,920

but then later some of these same women

2545

01:35:18,870 --> 01:35:15,920

are shown

2546

01:35:25,430 --> 01:35:22,709

that they maternally feel is is of their

2547

01:35:27,350 --> 01:35:25,440

own body somehow another

2548

01:35:29,189 --> 01:35:27,360

i mean some of that stuff is disturbing

2549

01:35:30,950 --> 01:35:29,199

if you think about it right so what's

2550

01:35:32,629 --> 01:35:30,960

the purpose who knows

2551

01:35:35,750 --> 01:35:32,639

but i believe that's i believe that

2552

01:35:37,750 --> 01:35:35,760

those were his conclusions that um

2553

01:35:40,550 --> 01:35:37,760

you know he finally he came to the end

2554

01:35:44,070 --> 01:35:40,560

of the road he didn't see any need

2555

01:35:47,189 --> 01:35:44,080

because so many of these accounts

2556

01:35:49,350 --> 01:35:47,199

were just so similar after hundreds and

2557

01:35:51,510 --> 01:35:49,360

hundreds and hundreds or maybe thousands

2558

01:35:53,510 --> 01:35:51,520

of them that he had done over the years

2559

01:35:55,750 --> 01:35:53,520

that the pattern was there

2560

01:35:56,870 --> 01:35:55,760

and he wrote his conclusions and sort of

2561

01:35:58,470 --> 01:35:56,880

like

2562

01:36:00,229 --> 01:35:58,480

michael swords

2563

01:36:01,910 --> 01:36:00,239

right right

2564

01:36:03,189 --> 01:36:01,920

just kind of says hey like stanton

2565

01:36:05,350 --> 01:36:03,199

friedman

2566

01:36:08,310 --> 01:36:05,360

the evidence is overwhelming

2567

01:36:10,470 --> 01:36:08,320

yeah and you know i know jacob's went

2568

01:36:11,430 --> 01:36:10,480

even further thinking that the hybrids

2569

01:36:13,510 --> 01:36:11,440

were

2570

01:36:15,510 --> 01:36:13,520

messaging on

2571

01:36:17,830 --> 01:36:15,520

aol messenger and they were coming after

2572

01:36:19,669 --> 01:36:17,840

him and he's really scared and somebody

2573

01:36:21,350 --> 01:36:19,679

who i made friends with uh charlie paris

2574

01:36:22,629 --> 01:36:21,360

is working on a documentary related to

2575

01:36:25,270 --> 01:36:22,639

jacob's work

2576

01:36:26,870 --> 01:36:25,280

uh hopkins work and max work and it's

2577

01:36:29,510 --> 01:36:26,880

more of a darker

2578

01:36:31,590 --> 01:36:29,520

feeling or darker

2579

01:36:35,030 --> 01:36:31,600

what's the word it's it's got a more

2580

01:36:37,590 --> 01:36:35,040

darker aspect to it compared to

2581

01:36:39,750 --> 01:36:37,600

the free the freestart you know the free

2582

01:36:41,590 --> 01:36:39,760

um survey it's like an 800 page book

2583

01:36:43,270 --> 01:36:41,600

which i have not read yet

2584

01:36:45,109 --> 01:36:43,280

it's that's more of the line along the

2585

01:36:46,790 --> 01:36:45,119

lines as the experience is having a

2586

01:36:48,550 --> 01:36:46,800

positive effect on people it's it's

2587

01:36:50,629 --> 01:36:48,560

helping people

2588

01:36:52,550 --> 01:36:50,639

you know it's like a spiritual evolution

2589

01:36:53,830 --> 01:36:52,560

that happens after these experiences and

2590

01:36:55,350 --> 01:36:53,840

and i don't doubt that with a lot of

2591

01:36:56,709 --> 01:36:55,360

people have that i don't know if that

2592

01:36:58,790 --> 01:36:56,719

was the intended

2593

01:37:01,030 --> 01:36:58,800

the intended you know outcome or it was

2594

01:37:03,669 --> 01:37:01,040

just a side product of what happened and

2595

01:37:05,669 --> 01:37:03,679

it expands their minds um

2596

01:37:07,030 --> 01:37:05,679

but i want to go back to wilson davis

2597

01:37:08,950 --> 01:37:07,040

for a second because

2598

01:37:11,350 --> 01:37:08,960

i really need to go over i i want to

2599

01:37:13,189 --> 01:37:11,360

address this v says i'm not comfortable

2600

01:37:16,149 --> 01:37:13,199

calling admiral wilson a liar on the

2601

01:37:18,550 --> 01:37:16,159

word of greer and davis number one

2602

01:37:20,790 --> 01:37:18,560

take out grier that's fine davis has not

2603

01:37:23,030 --> 01:37:20,800

commented on it so that's not a proper

2604

01:37:24,310 --> 01:37:23,040

argument what just just so you know i

2605

01:37:26,310 --> 01:37:24,320

personally think

2606

01:37:28,390 --> 01:37:26,320

abra wilson is lying but i'm not like

2607

01:37:30,629 --> 01:37:28,400

calling him a liar in a bad way i think

2608

01:37:32,229 --> 01:37:30,639

he has to lie just because he has to lie

2609

01:37:34,229 --> 01:37:32,239

because of the program and security

2610

01:37:36,070 --> 01:37:34,239

stuff it's not like it's like oh my god

2611

01:37:38,310 --> 01:37:36,080

admiral wilson is a liar it's just what

2612

01:37:39,750 --> 01:37:38,320

he has to do do you agree what is he

2613

01:37:42,709 --> 01:37:39,760

gonna do

2614

01:37:44,629 --> 01:37:42,719

gonna come out and say yeah i found the

2615

01:37:48,550 --> 01:37:44,639

program and they have a craft they told

2616

01:37:50,070 --> 01:37:48,560

me that we have a craft and uh

2617

01:37:52,310 --> 01:37:50,080

he's got to do

2618

01:37:54,629 --> 01:37:52,320

anything within his power

2619

01:37:57,510 --> 01:37:54,639

to squelch this

2620

01:38:00,229 --> 01:37:57,520

he's doing exactly what i would do right

2621

01:38:01,510 --> 01:38:00,239

you he cannot i don't care how true it

2622

01:38:02,470 --> 01:38:01,520

is

2623

01:38:05,109 --> 01:38:02,480

uh

2624

01:38:07,510 --> 01:38:05,119

he he can't admit to that

2625

01:38:09,270 --> 01:38:07,520

there's just no way

2626

01:38:11,350 --> 01:38:09,280

has he told his wife

2627

01:38:14,830 --> 01:38:11,360

who knows

2628

01:38:17,590 --> 01:38:14,840

but you know it's just it's

2629

01:38:19,430 --> 01:38:17,600

uh anybody that thinks that you know he

2630

01:38:20,709 --> 01:38:19,440

should take one for the team

2631

01:38:25,830 --> 01:38:20,719

try that

2632

01:38:31,189 --> 01:38:25,840

there's just no way

2633

01:38:33,510 --> 01:38:31,199

chances are all of this will come out

2634

01:38:37,590 --> 01:38:33,520

someday if there's something to come out

2635

01:38:38,790 --> 01:38:37,600

but i don't see anybody giving up their

2636

01:38:40,149 --> 01:38:38,800

livelihood it's not just their

2637

01:38:42,629 --> 01:38:40,159

livelihood

2638

01:38:45,590 --> 01:38:42,639

stripping of his rank

2639

01:38:48,550 --> 01:38:45,600  
and benefits and retirement

2640

01:38:50,149 --> 01:38:48,560  
it's very seriously you know the end of

2641

01:38:52,310 --> 01:38:50,159  
his life as he knows it you're talking

2642

01:38:53,750 --> 01:38:52,320  
about incarceration

2643

01:38:55,510 --> 01:38:53,760  
going to jail

2644

01:38:57,270 --> 01:38:55,520  
for leaking national security

2645

01:38:59,590 --> 01:38:57,280  
information right

2646

01:39:02,550 --> 01:38:59,600  
who's going to do that

2647

01:39:03,669 --> 01:39:02,560  
who wants to go to jail

2648

01:39:05,350 --> 01:39:03,679  
well that's

2649

01:39:07,270 --> 01:39:05,360  
the question would be well why did he

2650

01:39:09,830 --> 01:39:07,280  
risk even telling eric davis you know

2651

01:39:11,430 --> 01:39:09,840

that's what that's a natural

2652

01:39:13,189 --> 01:39:11,440

responsibility why would he even take a

2653

01:39:15,189 --> 01:39:13,199

chance which tells me

2654

01:39:17,910 --> 01:39:15,199

and that's speculation on my part some

2655

01:39:19,350 --> 01:39:17,920

part of him wants this story out there

2656

01:39:22,629 --> 01:39:19,360

because if that's true and that we have

2657

01:39:25,030 --> 01:39:22,639

an intact craft not made by you know not

2658

01:39:26,709 --> 01:39:25,040

made on earth not made by human hands

2659

01:39:28,870 --> 01:39:26,719

it's the biggest story history of the

2660

01:39:30,629 --> 01:39:28,880

human you know the human right right

2661

01:39:32,229 --> 01:39:30,639

it's not like he called him up called up

2662

01:39:33,750 --> 01:39:32,239

eric davis and said hey meet me in las

2663

01:39:34,950 --> 01:39:33,760

vegas i got something i'm just dying to

2664

01:39:36,950 --> 01:39:34,960

tell you

2665

01:39:39,590 --> 01:39:36,960

he he did apparently according to those

2666

01:39:41,510 --> 01:39:39,600

notes some very serious

2667

01:39:43,830 --> 01:39:41,520

these guys are connected people like

2668

01:39:46,870 --> 01:39:43,840

like admirals and head of agencies he

2669

01:39:51,430 --> 01:39:46,880

did some very serious looking into

2670

01:39:57,030 --> 01:39:53,430

and

2671

01:39:59,350 --> 01:39:57,040

confidence

2672

01:40:01,910 --> 01:39:59,360

okay he didn't

2673

01:40:03,109 --> 01:40:01,920

roger up this information

2674

01:40:05,030 --> 01:40:03,119

on a whim

2675

01:40:08,870 --> 01:40:05,040

right he he put some serious thought

2676

01:40:12,149 --> 01:40:08,880

into this and was very careful about it

2677

01:40:15,910 --> 01:40:13,430

you know whether he wanted the

2678

01:40:18,149 --> 01:40:15,920

information ultimately out or not

2679

01:40:19,109 --> 01:40:18,159

who knows but maybe he had enough faith

2680

01:40:32,149 --> 01:40:19,119

in

2681

01:40:34,870 --> 01:40:32,159

what's referred to as a as a trusted

2682

01:40:36,550 --> 01:40:34,880

agent right okay he's dealing with a

2683

01:40:37,510 --> 01:40:36,560

trusted

2684

01:40:39,590 --> 01:40:37,520

fellow

2685

01:40:41,430 --> 01:40:39,600

cleared person who understands the

2686

01:40:42,629 --> 01:40:41,440

gravity of letting go of that

2687

01:40:45,109 --> 01:40:42,639

information

2688

01:40:46,950 --> 01:40:45,119

because if eric davis had had those

2689

01:40:50,070 --> 01:40:46,960

notes only if those notes had only been

2690

01:40:51,669 --> 01:40:50,080

in eric davis's care

2691

01:40:53,109 --> 01:40:51,679

we wouldn't know anything about him

2692

01:40:54,629 --> 01:40:53,119

because there's no way he was going to

2693

01:40:58,390 --> 01:40:54,639

leak those

2694

01:41:02,470 --> 01:41:00,709

and from what i understand it was

2695

01:41:04,870 --> 01:41:02,480

totally by

2696

01:41:06,790 --> 01:41:04,880

i don't know happenstance

2697

01:41:08,790 --> 01:41:06,800

maybe the family of edgar mitchell

2698

01:41:09,910 --> 01:41:08,800

didn't really realize yeah

2699

01:41:11,669 --> 01:41:09,920

they were going to throw out his

2700

01:41:13,270 --> 01:41:11,679

personal ufo stuff and then somebody

2701  
01:41:15,189 --> 01:41:13,280  
came said no we'll take it and they

2702  
01:41:17,510 --> 01:41:15,199  
found that and they saw it and

2703  
01:41:19,910 --> 01:41:17,520  
the rest is history um

2704  
01:41:21,990 --> 01:41:19,920  
sean asks

2705  
01:41:25,430 --> 01:41:22,000  
how to how does michael know so much

2706  
01:41:27,590 --> 01:41:25,440  
about ufos that's my paraphrasing so

2707  
01:41:29,669 --> 01:41:27,600  
did you work on a ufo study or is it

2708  
01:41:32,070 --> 01:41:29,679  
your own personal research

2709  
01:41:34,790 --> 01:41:32,080  
and thank you sean for the super chat

2710  
01:41:38,070 --> 01:41:34,800  
thank you thank you thank you um

2711  
01:41:40,229 --> 01:41:38,080  
i never worked on a ufo study but i did

2712  
01:41:41,910 --> 01:41:40,239  
all i can say is when you see something

2713  
01:41:44,629 --> 01:41:41,920

like i saw

2714

01:41:47,270 --> 01:41:44,639

and you've heard other people say this

2715

01:41:50,149 --> 01:41:47,280

um

2716

01:41:51,510 --> 01:41:50,159

it it's a it burns like a fire inside

2717

01:41:53,350 --> 01:41:51,520

you

2718

01:41:54,390 --> 01:41:53,360

to find out what it was

2719

01:41:55,910 --> 01:41:54,400

so

2720

01:41:58,550 --> 01:41:55,920

um

2721

01:42:00,870 --> 01:41:58,560

the first chances i had

2722

01:42:03,430 --> 01:42:00,880

were about a year and a half later when

2723

01:42:04,870 --> 01:42:03,440

i got transferred to a site over in the

2724

01:42:07,830 --> 01:42:04,880

uk

2725

01:42:09,430 --> 01:42:07,840

that was nro related

2726

01:42:11,590 --> 01:42:09,440

and

2727

01:42:14,470 --> 01:42:11,600

trust me

2728

01:42:16,149 --> 01:42:14,480

i dug and dug and doug and doug

2729

01:42:18,310 --> 01:42:16,159

to try to find out

2730

01:42:19,830 --> 01:42:18,320

if because i have always assumed that

2731

01:42:22,149 --> 01:42:19,840

what i saw

2732

01:42:24,229 --> 01:42:22,159

was which was a black triangle that

2733

01:42:25,910 --> 01:42:24,239

directly overflow an aircraft carrier

2734

01:42:26,830 --> 01:42:25,920

battle group in broad daylight in the

2735

01:42:28,950 --> 01:42:26,840

persian

2736

01:42:31,189 --> 01:42:28,960

gulf um

2737

01:42:33,590 --> 01:42:31,199

i naturally assumed

2738

01:42:35,750 --> 01:42:33,600

because of the lack of reaction

2739

01:42:38,229 --> 01:42:35,760

by the by the ships and all of their

2740

01:42:39,430 --> 01:42:38,239

capabilities and radar and air defense

2741

01:42:42,149 --> 01:42:39,440

and everything else

2742

01:42:44,310 --> 01:42:42,159

the lack of reaction left me to believe

2743

01:42:46,629 --> 01:42:44,320

that that was one of ours and somebody

2744

01:42:48,870 --> 01:42:46,639

knew that it was going to overfly

2745

01:42:50,390 --> 01:42:48,880

and did nothing about it somebody

2746

01:42:52,709 --> 01:42:50,400

criticized your take i'm not saying well

2747

01:42:54,550 --> 01:42:52,719

there was a reaction there was

2748

01:42:56,070 --> 01:42:54,560

exactly i forget exactly what happened

2749

01:42:58,149 --> 01:42:56,080

there was a reaction they sounded the

2750

01:43:00,149 --> 01:42:58,159

horn and that was right

2751  
01:43:02,390 --> 01:43:00,159  
i find that weird that they sounded the

2752  
01:43:04,470 --> 01:43:02,400  
horn and broke broke from the uh

2753  
01:43:05,990 --> 01:43:04,480  
underway replenishment i always found

2754  
01:43:07,669 --> 01:43:06,000  
that weird

2755  
01:43:10,229 --> 01:43:07,679  
because i didn't know it was gonna

2756  
01:43:12,550 --> 01:43:10,239  
happen and i'd been on that ship several

2757  
01:43:14,790 --> 01:43:12,560  
days i was only only ever on these ships

2758  
01:43:16,550 --> 01:43:14,800  
for very brief periods of time

2759  
01:43:17,830 --> 01:43:16,560  
in the job that i had

2760  
01:43:20,390 --> 01:43:17,840  
and then when that ship went out of the

2761  
01:43:22,070 --> 01:43:20,400  
gulf i might go back and fly missions

2762  
01:43:23,990 --> 01:43:22,080  
off the land off of an airstrip

2763  
01:43:25,990 --> 01:43:24,000

somewhere then when another ship came in

2764

01:43:27,830 --> 01:43:26,000

i might go out to it so i wasn't

2765

01:43:30,950 --> 01:43:27,840

permanent party i wasn't a permanent

2766

01:43:32,790 --> 01:43:30,960

member of those crews on those ships

2767

01:43:34,149 --> 01:43:32,800

but i was on the ships and you hear

2768

01:43:36,790 --> 01:43:34,159

everything that's announced over the

2769

01:43:38,950 --> 01:43:36,800

speaker system called the 1mc

2770

01:43:41,350 --> 01:43:38,960

you hear what next evolution they call

2771

01:43:42,950 --> 01:43:41,360

it what next event is going to happen

2772

01:43:44,709 --> 01:43:42,960

and i didn't hear

2773

01:43:46,149 --> 01:43:44,719

in the morning's plan of the day or

2774

01:43:48,629 --> 01:43:46,159

didn't read it anywhere in the plan of

2775

01:43:49,510 --> 01:43:48,639

the day which is which is printed at the

2776

01:43:51,990 --> 01:43:49,520

time

2777

01:43:53,830 --> 01:43:52,000

and it is every in every division office

2778

01:43:55,189 --> 01:43:53,840

you can see the scheduled activities you

2779

01:43:57,830 --> 01:43:55,199

can see we're going to do an underway

2780

01:43:59,109 --> 01:43:57,840

replenishment with the uss independence

2781

01:44:00,870 --> 01:43:59,119

you can see we're going to do an air

2782

01:44:02,790 --> 01:44:00,880

defense exercise you can see whatever's

2783

01:44:04,310 --> 01:44:02,800

going on you can see the helo flight

2784

01:44:06,550 --> 01:44:04,320

schedule that's coming on and off to the

2785

01:44:08,229 --> 01:44:06,560

ship off of the ship every day

2786

01:44:09,750 --> 01:44:08,239

i could have missed it that hey we're

2787

01:44:12,390 --> 01:44:09,760

going to do an emergency breakaway at

2788

01:44:14,310 --> 01:44:12,400

the very end of our underway

2789

01:44:16,229 --> 01:44:14,320

being tied up next to the carrier and

2790

01:44:18,390 --> 01:44:16,239

you know while we're moving and

2791

01:44:20,550 --> 01:44:18,400

i didn't see that i just thought it was

2792

01:44:22,950 --> 01:44:20,560

really odd

2793

01:44:24,950 --> 01:44:22,960

to do it then

2794

01:44:27,350 --> 01:44:24,960

given that it looked like everybody was

2795

01:44:29,109 --> 01:44:27,360

kind of like a surprise to everyone

2796

01:44:30,790 --> 01:44:29,119

but then again they're supposed to be

2797

01:44:32,470 --> 01:44:30,800

able to do that

2798

01:44:35,030 --> 01:44:32,480

at a moment's notice because that's what

2799

01:44:35,990 --> 01:44:35,040

the drill is for the emergency breakaway

2800

01:44:37,270 --> 01:44:36,000

drill

2801

01:44:39,510 --> 01:44:37,280

is to

2802

01:44:40,870 --> 01:44:39,520

rapidly undo all those lines and cables

2803

01:44:43,030 --> 01:44:40,880

and hoses that are connecting the ships

2804

01:44:44,790 --> 01:44:43,040

as they cruise along side by side and

2805

01:44:47,109 --> 01:44:44,800

quickly get the ships as far apart from

2806

01:44:49,430 --> 01:44:47,119

one another as they can so they can

2807

01:44:51,030 --> 01:44:49,440

defend themselves if they need to

2808

01:44:52,310 --> 01:44:51,040

um and if people don't know what

2809

01:44:54,390 --> 01:44:52,320

michael's talking about go back to the

2810

01:44:57,109 --> 01:44:54,400

last interview he goes through very

2811

01:44:58,470 --> 01:44:57,119

in-depth at his citing his experience

2812

01:44:59,910 --> 01:44:58,480

back in the gulf

2813

01:45:01,109 --> 01:44:59,920

and michael i'm going to cut you off

2814

01:45:02,709 --> 01:45:01,119

there i'm going to get to some questions

2815

01:45:05,030 --> 01:45:02,719

sean asked

2816

01:45:06,629 --> 01:45:05,040

i'm not exactly sure should we consider

2817

01:45:08,470 --> 01:45:06,639

no part of this

2818

01:45:10,470 --> 01:45:08,480

in an emergency because no one breaks

2819

01:45:12,229 --> 01:45:10,480

their nda

2820

01:45:14,629 --> 01:45:12,239

i think he's talking about wilson davis

2821

01:45:15,990 --> 01:45:14,639

but even overall lou will not break an

2822

01:45:18,629 --> 01:45:16,000

nda

2823

01:45:20,550 --> 01:45:18,639

i think maybe is there a point where

2824

01:45:21,990 --> 01:45:20,560

these guys would break their nda like

2825

01:45:23,430 --> 01:45:22,000

you know with greer he had a lot of

2826  
01:45:25,990 --> 01:45:23,440  
witnesses who said screw it i'm going to

2827  
01:45:27,750 --> 01:45:26,000  
tell what i had i signed an agreement

2828  
01:45:30,310 --> 01:45:27,760  
but security clearance i'm just going to

2829  
01:45:32,229 --> 01:45:30,320  
talk about this this is too important i

2830  
01:45:33,350 --> 01:45:32,239  
mean obviously it's a personal choice i

2831  
01:45:35,750 --> 01:45:33,360  
don't know if we'll ever get to the

2832  
01:45:37,109 --> 01:45:35,760  
point where either davis or wilson or

2833  
01:45:38,550 --> 01:45:37,119  
elizondo

2834  
01:45:40,390 --> 01:45:38,560  
i don't think lou would lou has been

2835  
01:45:42,149 --> 01:45:40,400  
pretty clear about that

2836  
01:45:43,430 --> 01:45:42,159  
and if i miss him

2837  
01:45:46,149 --> 01:45:43,440  
sean let me know

2838  
01:45:47,990 --> 01:45:46,159

if you i mean grier didn't sign greer

2839

01:45:50,470 --> 01:45:48,000

had nothing at stake

2840

01:45:53,109 --> 01:45:50,480

although we didn't have his forward

2841

01:45:54,229 --> 01:45:53,119

well the witnesses certainly would have

2842

01:45:56,070 --> 01:45:54,239

uh

2843

01:45:59,189 --> 01:45:56,080

their security oaths

2844

01:46:00,390 --> 01:45:59,199

and which are prosecutable

2845

01:46:01,109 --> 01:46:00,400

okay

2846

01:46:05,910 --> 01:46:01,119

so

2847

01:46:07,030 --> 01:46:05,920

the first the first thing you have to

2848

01:46:08,550 --> 01:46:07,040

ask is

2849

01:46:12,390 --> 01:46:08,560

the moment you find one of these

2850

01:46:13,990 --> 01:46:12,400

witnesses who's willing to go go to jail

2851  
01:46:17,189 --> 01:46:14,000  
then you might find a guy that's willing

2852  
01:46:21,189 --> 01:46:18,870  
because that is exactly what's going to

2853  
01:46:22,870 --> 01:46:21,199  
happen to them if it's real or you got

2854  
01:46:24,149 --> 01:46:22,880  
the nat kovitz guy who was close to

2855  
01:46:25,510 --> 01:46:24,159  
dying

2856  
01:46:27,990 --> 01:46:25,520  
telling ross what are you going to do to

2857  
01:46:28,709 --> 01:46:28,000  
me i'm dying that's another situation

2858  
01:46:31,030 --> 01:46:28,719  
well

2859  
01:46:34,149 --> 01:46:31,040  
apparently yeah so

2860  
01:46:38,149 --> 01:46:34,159  
it's i think it's um

2861  
01:46:42,790 --> 01:46:40,629  
this is a good question from v because

2862  
01:46:45,189 --> 01:46:42,800  
people always ask me this why was eric

2863  
01:46:47,189 --> 01:46:45,199

why is eric davis do you have any idea

2864

01:46:49,350 --> 01:46:47,199

why eric davis was able to talk he

2865

01:46:51,750 --> 01:46:49,360

doesn't talk about wilson davis

2866

01:46:53,990 --> 01:46:51,760

he did meet with wilson but he also

2867

01:46:56,870 --> 01:46:54,000

talks about the crash retrieval program

2868

01:46:59,510 --> 01:46:56,880

openly on various interviews and i can't

2869

01:47:02,470 --> 01:46:59,520

figure out why

2870

01:47:04,870 --> 01:47:02,480

why that would be allowed any idea

2871

01:47:06,870 --> 01:47:04,880

no i thought about that myself

2872

01:47:09,910 --> 01:47:06,880

he wouldn't do that without first asking

2873

01:47:13,109 --> 01:47:11,510

so to me

2874

01:47:16,390 --> 01:47:13,119

there to me

2875

01:47:17,990 --> 01:47:16,400

the the answer is there's an element of

2876

01:47:19,430 --> 01:47:18,000

authorization in the running in the

2877

01:47:21,750 --> 01:47:19,440

background here

2878

01:47:25,620 --> 01:47:21,760

for eric davis to talk about that and

2879

01:47:27,430 --> 01:47:25,630

for how put off at the um

2880

01:47:29,669 --> 01:47:27,440

[Music]

2881

01:47:31,510 --> 01:47:29,679

what was the at the the conference for

2882

01:47:34,229 --> 01:47:31,520

the uh scientific

2883

01:47:35,750 --> 01:47:34,239

exploration what's that called the scu

2884

01:47:37,510 --> 01:47:35,760

and and also remind me we gotta talk

2885

01:47:39,669 --> 01:47:37,520

about lew's book before you go

2886

01:47:41,669 --> 01:47:39,679

scu scientific no that's scientific

2887

01:47:42,550 --> 01:47:41,679

coalition for ufology i'm talking about

2888

01:47:44,070 --> 01:47:42,560

uh

2889

01:47:46,790 --> 01:47:44,080

i'm talking about the one that's put

2890

01:47:49,510 --> 01:47:46,800

off's a member of the um

2891

01:47:52,870 --> 01:47:49,520

something this uh society for scientific

2892

01:47:53,669 --> 01:47:52,880

exploration the sse

2893

01:48:00,709 --> 01:47:53,679

yeah

2894

01:48:02,550 --> 01:48:00,719

mean he he went and it was on youtube

2895

01:48:05,030 --> 01:48:02,560

that somebody had recorded that where he

2896

01:48:08,229 --> 01:48:05,040

was in vegas

2897

01:48:10,390 --> 01:48:08,239

talked about the atep findings right

2898

01:48:11,830 --> 01:48:10,400

he before he can do that he had to it

2899

01:48:15,189 --> 01:48:11,840

had to go you know you've heard lou talk

2900

01:48:17,990 --> 01:48:15,199

about the dobser dopsr process the

2901

01:48:20,870 --> 01:48:18,000

review process it's the same thing if i

2902

01:48:21,990 --> 01:48:20,880

wanted or davis wanted to write a book

2903

01:48:24,229 --> 01:48:22,000

um

2904

01:48:26,310 --> 01:48:24,239

if you have a clearance

2905

01:48:28,310 --> 01:48:26,320

and you're going to publish a book then

2906

01:48:30,229 --> 01:48:28,320

you need to especially if it's about

2907

01:48:31,750 --> 01:48:30,239

anything to do with defense or national

2908

01:48:33,590 --> 01:48:31,760

security

2909

01:48:35,109 --> 01:48:33,600

even if it's fiction you still have to

2910

01:48:36,229 --> 01:48:35,119

have it reviewed

2911

01:48:38,470 --> 01:48:36,239

so

2912

01:48:40,390 --> 01:48:38,480

you have to get authorization to say the

2913

01:48:42,550 --> 01:48:40,400

things you want to say and you know tom

2914

01:48:43,350 --> 01:48:42,560

clancy had talked at length about all

2915

01:48:46,390 --> 01:48:43,360

that

2916

01:48:48,870 --> 01:48:46,400

he had to have his stuff reviewed um

2917

01:48:50,709 --> 01:48:48,880

the late tom clancy

2918

01:48:52,870 --> 01:48:50,719

and so they go through it and they'll

2919

01:48:54,629 --> 01:48:52,880

you know they'll change happy to glad or

2920

01:48:55,830 --> 01:48:54,639

whatever they ch you know change some

2921

01:48:58,070 --> 01:48:55,840

words around

2922

01:49:01,189 --> 01:48:58,080

uh to make sure that it's not

2923

01:49:02,229 --> 01:49:01,199

revealing too much and um and you're

2924

01:49:05,350 --> 01:49:02,239

good to go

2925

01:49:06,470 --> 01:49:05,360

it's about it's all about how you say it

2926

01:49:07,430 --> 01:49:06,480

right

2927

01:49:09,109 --> 01:49:07,440

so

2928

01:49:11,590 --> 01:49:09,119

both of them i think would have had to

2929

01:49:15,270 --> 01:49:11,600

have authorization i know that if i was

2930

01:49:19,350 --> 01:49:18,229

there's just no way you speak about it

2931

01:49:22,229 --> 01:49:19,360

without

2932

01:49:25,430 --> 01:49:22,239

getting authorization it's just like

2933

01:49:28,870 --> 01:49:25,440

before i went on the unidentified show

2934

01:49:30,870 --> 01:49:28,880

the very first thing i did was call my

2935

01:49:33,189 --> 01:49:30,880

security officer

2936

01:49:34,870 --> 01:49:33,199

and explain to him exactly give him the

2937

01:49:36,870 --> 01:49:34,880

full context

2938

01:49:39,109 --> 01:49:36,880

and find out

2939

01:49:40,550 --> 01:49:39,119

what it was if anything i would be

2940

01:49:42,390 --> 01:49:40,560

disallowed

2941

01:49:44,790 --> 01:49:42,400

if i didn't already know

2942

01:49:47,589 --> 01:49:44,800

uh from speaking about

2943

01:49:50,229 --> 01:49:47,599

it's just what you it's what you are

2944

01:49:53,830 --> 01:49:50,239

instructed to do when you

2945

01:49:56,629 --> 01:49:55,030

here's a there's a question that

2946

01:49:58,390 --> 01:49:56,639

somebody asked earlier

2947

01:49:59,910 --> 01:49:58,400

so it was a couple of it was yesterday

2948

01:50:01,750 --> 01:49:59,920

there was an announcement that lou is

2949

01:50:03,350 --> 01:50:01,760

writing a book

2950

01:50:05,350 --> 01:50:03,360

signed i think he signed with william

2951  
01:50:06,790 --> 01:50:05,360  
morris agency i could be wrong about

2952  
01:50:08,390 --> 01:50:06,800  
that um

2953  
01:50:11,669 --> 01:50:08,400  
and people are starting to attack him

2954  
01:50:13,430 --> 01:50:11,679  
now um he's in it for the money and i'm

2955  
01:50:15,109 --> 01:50:13,440  
like i hope he makes 10 million dollars

2956  
01:50:17,669 --> 01:50:15,119  
he's been the best thing since i've

2957  
01:50:19,030 --> 01:50:17,679  
gotten into ufology in the early mid 90s

2958  
01:50:20,870 --> 01:50:19,040  
it's like

2959  
01:50:23,589 --> 01:50:20,880  
we have not made anything close to this

2960  
01:50:25,669 --> 01:50:23,599  
kind of progress since then so

2961  
01:50:27,189 --> 01:50:25,679  
i i'm assuming you agree

2962  
01:50:29,589 --> 01:50:27,199  
there's no problem i want to read the

2963  
01:50:31,669 --> 01:50:29,599

book right now and i don't think he's

2964

01:50:33,350 --> 01:50:31,679

been hiding stuff just to saving i don't

2965

01:50:35,830 --> 01:50:33,360

think he's been saving stuff for a book

2966

01:50:37,350 --> 01:50:35,840

let's put it that way no and who could

2967

01:50:39,430 --> 01:50:37,360

who could uh

2968

01:50:41,990 --> 01:50:39,440

give him any ill will i mean let's look

2969

01:50:43,910 --> 01:50:42,000

at this he's a retired government

2970

01:50:47,189 --> 01:50:43,920

service employee

2971

01:50:49,189 --> 01:50:47,199

he's living off of his retirement

2972

01:50:51,510 --> 01:50:49,199

but he's not old enough

2973

01:50:52,870 --> 01:50:51,520

to receive social security which is

2974

01:50:55,189 --> 01:50:52,880

probably going to be you know two or

2975

01:50:57,430 --> 01:50:55,199

three thousand dollars a month

2976

01:50:58,790 --> 01:50:57,440

so he's got his retirement which is a

2977

01:51:00,709 --> 01:50:58,800

finite amount

2978

01:51:04,070 --> 01:51:00,719

he was working though i have no idea

2979

01:51:04,870 --> 01:51:04,080

what his salary was for ttsa

2980

01:51:10,070 --> 01:51:04,880

now

2981

01:51:11,589 --> 01:51:10,080

being employed by anyone so what's the

2982

01:51:13,030 --> 01:51:11,599

man doing

2983

01:51:14,310 --> 01:51:13,040

for income

2984

01:51:16,310 --> 01:51:14,320

okay

2985

01:51:19,510 --> 01:51:16,320

so he wants to write a book

2986

01:51:23,990 --> 01:51:21,189

who cares

2987

01:51:25,830 --> 01:51:24,000

right he's done nothing but good for

2988

01:51:27,589 --> 01:51:25,840

this subject

2989

01:51:29,270 --> 01:51:27,599

and uh

2990

01:51:31,030 --> 01:51:29,280

you know i get pretty fed up with people

2991

01:51:34,189 --> 01:51:31,040

just trying to pick things apart for the

2992

01:51:35,750 --> 01:51:34,199

hell of it when they don't you know

2993

01:51:37,990 --> 01:51:35,760

unsubstantiated

2994

01:51:39,109 --> 01:51:38,000

without nice great you know sean also

2995

01:51:40,629 --> 01:51:39,119

brings up a point he's like he's a

2996

01:51:43,270 --> 01:51:40,639

government contractor too so yeah he

2997

01:51:45,189 --> 01:51:43,280

makes money on that but me personally i

2998

01:51:46,550 --> 01:51:45,199

don't have a problem with it i just

2999

01:51:49,830 --> 01:51:46,560

don't i mean

3000

01:51:51,589 --> 01:51:49,840

i have never sensed anything

3001

01:51:53,189 --> 01:51:51,599

i've never sensed any lying from lou

3002

01:51:54,629 --> 01:51:53,199

i've never sensed i mean i know he can't

3003

01:51:56,149 --> 01:51:54,639

talk about a lot of stuff i know some

3004

01:51:58,149 --> 01:51:56,159

stuff's on the borderline and he's not

3005

01:52:00,149 --> 01:51:58,159

clear what he can talk about that's why

3006

01:52:02,310 --> 01:52:00,159

the whole ig investigation part of it

3007

01:52:03,510 --> 01:52:02,320

may be taking place that's why sheen's

3008

01:52:05,510 --> 01:52:03,520

trying to get him some clearance and

3009

01:52:06,470 --> 01:52:05,520

maybe i hope that comes out in the book

3010

01:52:08,229 --> 01:52:06,480

i mean

3011

01:52:10,950 --> 01:52:08,239

i've never sensed

3012

01:52:12,070 --> 01:52:10,960

like i said nothing lie lie wise so it's

3013

01:52:13,990 --> 01:52:12,080

like

3014

01:52:15,430 --> 01:52:14,000

from the very beginning i got the first

3015

01:52:17,270 --> 01:52:15,440

impression i got from lewis like oh my

3016

01:52:18,149 --> 01:52:17,280

god this guy's the this is the guy you

3017

01:52:19,990 --> 01:52:18,159

want

3018

01:52:21,430 --> 01:52:20,000

as the face of your franchise speaking

3019

01:52:22,870 --> 01:52:21,440

in sports terms

3020

01:52:25,350 --> 01:52:22,880

this is the guy you want representing

3021

01:52:26,629 --> 01:52:25,360

you because i mean he's well spoken he's

3022

01:52:28,550 --> 01:52:26,639

smart

3023

01:52:31,189 --> 01:52:28,560

uh when he was on 60 minutes i'm like

3024

01:52:33,830 --> 01:52:31,199

please let my family be watching this

3025

01:52:35,189 --> 01:52:33,840

they weren't um so real i have nothing

3026  
01:52:36,149 --> 01:52:35,199  
negative to say about louis that doesn't

3027  
01:52:37,510 --> 01:52:36,159  
mean i don't

3028  
01:52:38,950 --> 01:52:37,520  
i don't agree with everything he says

3029  
01:52:40,870 --> 01:52:38,960  
but so what

3030  
01:52:42,790 --> 01:52:40,880  
who do you just who do you agree with on

3031  
01:52:44,629 --> 01:52:42,800  
this planet all the time

3032  
01:52:47,109 --> 01:52:44,639  
so yeah i have nothing but positive to

3033  
01:52:49,109 --> 01:52:47,119  
say about him so what is he hoping

3034  
01:52:51,669 --> 01:52:49,119  
is one angle with the ig that he's

3035  
01:52:54,950 --> 01:52:51,679  
hoping to gain some some sort of uh top

3036  
01:52:59,750 --> 01:52:54,960  
cover to be able to say more publicly

3037  
01:53:01,350 --> 01:52:59,760  
that's what she in has hinted at um

3038  
01:53:03,350 --> 01:53:01,360

because i think there are certain things

3039

01:53:05,270 --> 01:53:03,360

he can talk about but with this we're

3040

01:53:07,589 --> 01:53:05,280

gonna we're gonna revoke your security

3041

01:53:09,830 --> 01:53:07,599

clearance hanging over his head he said

3042

01:53:11,350 --> 01:53:09,840

people were consistently doing that even

3043

01:53:13,109 --> 01:53:11,360

up until recently

3044

01:53:15,030 --> 01:53:13,119

that he's he's worried about what he can

3045

01:53:16,870 --> 01:53:15,040

say there may be something he feels he

3046

01:53:18,390 --> 01:53:16,880

can say but if they're saying well we're

3047

01:53:20,790 --> 01:53:18,400

gonna revoke your security clearance and

3048

01:53:23,350 --> 01:53:20,800

then he can't work as a contractor i

3049

01:53:24,390 --> 01:53:23,360

think he's worried about that um

3050

01:53:26,390 --> 01:53:24,400

but

3051  
01:53:28,470 --> 01:53:26,400  
if he gets and people may not like this

3052  
01:53:29,830 --> 01:53:28,480  
but if he gets a a big

3053  
01:53:31,030 --> 01:53:29,840  
advancement on his book and he's not

3054  
01:53:33,030 --> 01:53:31,040  
worried about that anymore he's not

3055  
01:53:34,629 --> 01:53:33,040  
worried about having to pay bills i

3056  
01:53:35,990 --> 01:53:34,639  
think he may be able to and obviously

3057  
01:53:38,470 --> 01:53:36,000  
he's not going to talk about classified

3058  
01:53:40,709 --> 01:53:38,480  
stuff but stuff that he felt was on the

3059  
01:53:42,229 --> 01:53:40,719  
edge where they would try to revoke his

3060  
01:53:43,830 --> 01:53:42,239  
security clearance i think he's going to

3061  
01:53:45,750 --> 01:53:43,840  
talk about that stuff i don't know that

3062  
01:53:47,430 --> 01:53:45,760  
but if he's writing a book i think it

3063  
01:53:48,950 --> 01:53:47,440

would be a lot more or at least more

3064

01:53:50,629 --> 01:53:48,960

than what we've heard now but i don't

3065

01:53:52,229 --> 01:53:50,639

know i'm speculating i'm speculating

3066

01:53:53,510 --> 01:53:52,239

michael

3067

01:53:55,750 --> 01:53:53,520

yeah i don't

3068

01:53:57,189 --> 01:53:55,760

i don't see it going in much more detail

3069

01:53:58,550 --> 01:53:57,199

than what he's already been able to do

3070

01:54:02,470 --> 01:53:58,560

unless he's given

3071

01:54:05,589 --> 01:54:04,310

i agree i'm trying to think anything

3072

01:54:06,790 --> 01:54:05,599

else you want to cover any what you

3073

01:54:08,709 --> 01:54:06,800

what's your take on what you're dealing

3074

01:54:10,390 --> 01:54:08,719

with i'll give my take but my take on

3075

01:54:11,510 --> 01:54:10,400

what we're dealing with changes all the

3076  
01:54:12,629 --> 01:54:11,520  
time because i don't know what we're

3077  
01:54:14,629 --> 01:54:12,639  
dealing with

3078  
01:54:16,709 --> 01:54:14,639  
i have different people who have told me

3079  
01:54:18,310 --> 01:54:16,719  
their opinions privately

3080  
01:54:19,189 --> 01:54:18,320  
but in the end i don't i still don't

3081  
01:54:20,229 --> 01:54:19,199  
know i don't know if it's one

3082  
01:54:21,669 --> 01:54:20,239  
intelligence i don't know if it's

3083  
01:54:24,229 --> 01:54:21,679  
multiple intelligences i don't know if

3084  
01:54:25,910 --> 01:54:24,239  
it's extraterrestrial ultra-terrestrial

3085  
01:54:27,910 --> 01:54:25,920  
they're here they were here before

3086  
01:54:29,510 --> 01:54:27,920  
humans i don't know any of that what's

3087  
01:54:30,870 --> 01:54:29,520  
your take

3088  
01:54:34,310 --> 01:54:30,880

you're currently i don't i don't know

3089

01:54:35,830 --> 01:54:34,320

what to think of it i just know that

3090

01:54:38,149 --> 01:54:35,840

based on the

3091

01:54:41,109 --> 01:54:38,159

mountains of reports

3092

01:54:42,070 --> 01:54:41,119

and and claims and encounters and what

3093

01:54:44,550 --> 01:54:42,080

have you

3094

01:54:45,830 --> 01:54:44,560

um there's something very clearly going

3095

01:54:51,189 --> 01:54:45,840

on

3096

01:54:53,189 --> 01:54:51,199

not be uh

3097

01:54:54,629 --> 01:54:53,199

it may not be all that pleasant it may

3098

01:54:56,470 --> 01:54:54,639

just be

3099

01:54:57,430 --> 01:54:56,480

the reality

3100

01:54:59,350 --> 01:54:57,440

uh

3101  
01:55:00,229 --> 01:54:59,360  
of which we have not been

3102  
01:55:01,750 --> 01:55:00,239  
maybe

3103  
01:55:05,030 --> 01:55:01,760  
accurately

3104  
01:55:07,510 --> 01:55:05,040  
comprised of

3105  
01:55:09,510 --> 01:55:07,520  
informed educated over the decades who

3106  
01:55:10,950 --> 01:55:09,520  
knows who knows

3107  
01:55:15,030 --> 01:55:10,960  
because uh

3108  
01:55:18,629 --> 01:55:17,350  
but it's is it anywhere in our

3109  
01:55:20,070 --> 01:55:18,639  
history books

3110  
01:55:22,550 --> 01:55:20,080  
i don't think so

3111  
01:55:24,310 --> 01:55:22,560  
uh we're taught we're taught

3112  
01:55:26,709 --> 01:55:24,320  
how we got here

3113  
01:55:27,990 --> 01:55:26,719

yet uh there are people looking at at

3114

01:55:30,229 --> 01:55:28,000

ancient

3115

01:55:33,109 --> 01:55:30,239

disappeared civilizations that have

3116

01:55:35,189 --> 01:55:33,119

competing theories

3117

01:55:36,550 --> 01:55:35,199

and then you have this phenomenon

3118

01:55:38,950 --> 01:55:36,560

that

3119

01:55:41,030 --> 01:55:38,960

is to me very clearly real something's

3120

01:55:43,109 --> 01:55:41,040

going on

3121

01:55:44,310 --> 01:55:43,119

i just don't know what to make of it

3122

01:55:46,870 --> 01:55:44,320

so

3123

01:55:48,790 --> 01:55:46,880

i tend to lean on the side of

3124

01:55:49,589 --> 01:55:48,800

sort of bracing myself

3125

01:55:50,790 --> 01:55:49,599

for

3126  
01:55:52,790 --> 01:55:50,800  
um

3127  
01:55:54,629 --> 01:55:52,800  
the big news

3128  
01:55:58,870 --> 01:55:54,639  
because um

3129  
01:56:02,070 --> 01:56:00,390  
it's probably going to have

3130  
01:56:03,830 --> 01:56:02,080  
different aspects to it

3131  
01:56:06,070 --> 01:56:03,840  
there may be something

3132  
01:56:07,589 --> 01:56:06,080  
really cool about it

3133  
01:56:09,589 --> 01:56:07,599  
but already

3134  
01:56:13,030 --> 01:56:09,599  
already it flies

3135  
01:56:14,709 --> 01:56:13,040  
in the face of what we have been told

3136  
01:56:16,870 --> 01:56:14,719  
if you want to look at say from a

3137  
01:56:19,830 --> 01:56:16,880  
religious perspective that we are god's

3138  
01:56:25,830 --> 01:56:22,790

the concept of original sin

3139

01:56:30,790 --> 01:56:28,790

did jesus die on the cross for these

3140

01:56:34,310 --> 01:56:30,800

others too

3141

01:56:35,910 --> 01:56:34,320

um is that story real

3142

01:56:39,990 --> 01:56:35,920

uh

3143

01:56:45,430 --> 01:56:43,430

yeah it's um i don't honestly i don't

3144

01:56:47,350 --> 01:56:45,440

enjoy thinking about it because it's

3145

01:56:49,990 --> 01:56:47,360

it's um

3146

01:56:51,830 --> 01:56:50,000

to be quite frank about it because i

3147

01:56:53,350 --> 01:56:51,840

think if it was really easy and simple

3148

01:56:55,589 --> 01:56:53,360

they would have told us

3149

01:56:57,910 --> 01:56:55,599

that i think that both aspects of what

3150

01:57:00,709 --> 01:56:57,920

the potential core story is

3151  
01:57:02,070 --> 01:57:00,719  
and any potential technologies to be

3152  
01:57:04,870 --> 01:57:02,080  
gleaned or they have already been

3153  
01:57:07,750 --> 01:57:04,880  
gleaned both of those things are like

3154  
01:57:09,910 --> 01:57:07,760  
giant padlocks on the door

3155  
01:57:11,589 --> 01:57:09,920  
um

3156  
01:57:13,510 --> 01:57:11,599  
in combination with

3157  
01:57:15,189 --> 01:57:13,520  
all of the actions

3158  
01:57:17,350 --> 01:57:15,199  
good bad or indifferent that have been

3159  
01:57:18,390 --> 01:57:17,360  
taken over the years to suppress this

3160  
01:57:21,589 --> 01:57:18,400  
topic

3161  
01:57:22,830 --> 01:57:21,599  
and to suppress people's beliefs

3162  
01:57:24,709 --> 01:57:22,840  
and to

3163  
01:57:26,070 --> 01:57:24,719

ridicule uh

3164

01:57:29,669 --> 01:57:26,080

people

3165

01:57:31,430 --> 01:57:29,679

them

3166

01:57:32,790 --> 01:57:31,440

become hermits and

3167

01:57:35,189 --> 01:57:32,800

or worse

3168

01:57:37,510 --> 01:57:35,199

all because they told a story that to

3169

01:57:39,910 --> 01:57:37,520

them was very you know very real and and

3170

01:57:41,270 --> 01:57:39,920

very real in a real way affected their

3171

01:57:42,310 --> 01:57:41,280

lives

3172

01:57:44,229 --> 01:57:42,320

um

3173

01:57:45,109 --> 01:57:44,239

there is a reason there's a motivation

3174

01:57:46,550 --> 01:57:45,119

for

3175

01:57:48,310 --> 01:57:46,560

why they haven't told us and why they

3176

01:57:49,990 --> 01:57:48,320

did the things they've done

3177

01:57:52,709 --> 01:57:50,000

that we've that we've read about from

3178

01:57:55,109 --> 01:57:52,719

supposedly credible sources

3179

01:57:57,910 --> 01:57:55,119

and maybe that's the three padlocks

3180

01:58:00,229 --> 01:57:59,160

that's a great answer and

3181

01:58:03,669 --> 01:58:00,239

[Music]

3182

01:58:05,109 --> 01:58:03,679

i agree and the last question we'll take

3183

01:58:07,109 --> 01:58:05,119

would you say

3184

01:58:09,589 --> 01:58:07,119

that it's safe to say there's more to

3185

01:58:12,070 --> 01:58:09,599

reality than our institutions condone

3186

01:58:13,350 --> 01:58:12,080

and my answer is yes for me

3187

01:58:15,350 --> 01:58:13,360

i cannot

3188

01:58:17,189 --> 01:58:15,360

come at this topic without addressing

3189

01:58:18,550 --> 01:58:17,199

consciousness and to a lot to everybody

3190

01:58:20,550 --> 01:58:18,560

consciousness is something different but

3191

01:58:22,470 --> 01:58:20,560

i just think we're more than we're more

3192

01:58:23,990 --> 01:58:22,480

than a physical body and i think these

3193

01:58:26,470 --> 01:58:24,000

beings are too and i think they're more

3194

01:58:28,550 --> 01:58:26,480

advanced than us assuming they're even

3195

01:58:30,709 --> 01:58:28,560

if they're physical um

3196

01:58:32,390 --> 01:58:30,719

and i think that's where for me the

3197

01:58:34,310 --> 01:58:32,400

interest lies once we get past the

3198

01:58:35,750 --> 01:58:34,320

masses accepting that something

3199

01:58:37,189 --> 01:58:35,760

something is real

3200

01:58:38,550 --> 01:58:37,199

um i don't know if you i know we've

3201  
01:58:40,390 --> 01:58:38,560  
talked about consciousness too we've

3202  
01:58:43,189 --> 01:58:40,400  
talked about remote viewing

3203  
01:58:44,629 --> 01:58:43,199  
all that stuff for me it's it's woo

3204  
01:58:46,229 --> 01:58:44,639  
for a lot of people but when i first got

3205  
01:58:48,950 --> 01:58:46,239  
into this that's what i first got into

3206  
01:58:51,270 --> 01:58:48,960  
it wasn't nuts and bolts i went from

3207  
01:58:52,550 --> 01:58:51,280  
the real extreme metaphysics

3208  
01:58:54,390 --> 01:58:52,560  
to being

3209  
01:58:56,470 --> 01:58:54,400  
believer in everything i read to

3210  
01:58:57,910 --> 01:58:56,480  
becoming more discerning and now in the

3211  
01:58:59,589 --> 01:58:57,920  
middle and wanting to go back more

3212  
01:59:00,830 --> 01:58:59,599  
towards consciousness

3213  
01:59:03,350 --> 01:59:00,840

what about

3214

01:59:05,510 --> 01:59:03,360

you yeah well the notion of

3215

01:59:07,430 --> 01:59:05,520

consciousness and remote viewing and

3216

01:59:10,070 --> 01:59:07,440

things of that nature i mean i've i've

3217

01:59:12,149 --> 01:59:10,080

tried it and and and i believe it's real

3218

01:59:14,870 --> 01:59:12,159

i believe in the work that uh russell

3219

01:59:16,550 --> 01:59:14,880

targ and how put off did that's all

3220

01:59:20,790 --> 01:59:16,560

documented fact

3221

01:59:22,149 --> 01:59:20,800

and i've i've tried it um but i

3222

01:59:22,950 --> 01:59:22,159

i'm too

3223

01:59:25,270 --> 01:59:22,960

uh

3224

01:59:27,910 --> 01:59:25,280

not only my verbose when i speak but my

3225

01:59:31,030 --> 01:59:27,920

my mind is also

3226

01:59:33,350 --> 01:59:31,040

not i can't i can't easily um quiet my

3227

01:59:35,030 --> 01:59:33,360

mind as russell targ likes to say but

3228

01:59:37,430 --> 01:59:35,040

i've tried it a number of times and i

3229

01:59:39,589 --> 01:59:37,440

find myself more apt to do some lucid

3230

01:59:41,750 --> 01:59:39,599

dreaming and to actually see

3231

01:59:43,189 --> 01:59:41,760

or perceive any target that i'm trying

3232

01:59:45,270 --> 01:59:43,199

to go after

3233

01:59:49,350 --> 01:59:45,280

uh and i've kind of proven that to

3234

01:59:50,709 --> 01:59:49,360

myself uh as a of late actually so it's

3235

01:59:52,709 --> 01:59:50,719

it's harder

3236

01:59:56,149 --> 01:59:52,719

apparently not apparently

3237

01:59:58,149 --> 01:59:56,159

from what we read we all have the uh

3238

02:00:00,390 --> 01:59:58,159

some sort of innate capability within us

3239

02:00:02,229 --> 02:00:00,400

to do that

3240

02:00:03,910 --> 02:00:02,239

some more than others

3241

02:00:05,430 --> 02:00:03,920

but i can just say from my own

3242

02:00:06,709 --> 02:00:05,440

experience that

3243

02:00:09,109 --> 02:00:06,719

uh

3244

02:00:12,310 --> 02:00:09,119

it's not easy it's not easy for me i

3245

02:00:15,589 --> 02:00:12,320

haven't i've had a little success with

3246

02:00:17,750 --> 02:00:15,599

that uh with the iphone app esp trainer

3247

02:00:20,149 --> 02:00:17,760

that targ's group developed

3248

02:00:21,109 --> 02:00:20,159

yes i have used that too

3249

02:00:24,550 --> 02:00:21,119

greater

3250

02:00:26,470 --> 02:00:24,560

been successful

3251

02:00:28,709 --> 02:00:26,480

which gave me some hope but but in

3252

02:00:29,510 --> 02:00:28,719

trying to go to one of these websites

3253

02:00:36,390 --> 02:00:29,520

and

3254

02:00:37,910 --> 02:00:36,400

invariably end up doing another one you

3255

02:00:39,510 --> 02:00:37,920

can't do it at night when you lay down

3256

02:00:41,030 --> 02:00:39,520

in bed that's that's not

3257

02:00:43,030 --> 02:00:41,040

because you go to sleep

3258

02:00:44,550 --> 02:00:43,040

and those images that pop in your mind

3259

02:00:46,149 --> 02:00:44,560

or the beginning of some sort of dream

3260

02:00:48,629 --> 02:00:46,159

state i've kind of confirmed that for

3261

02:00:50,470 --> 02:00:48,639

myself but i've tried it sitting up

3262

02:00:52,149 --> 02:00:50,480

sitting on a sofa

3263

02:00:55,510 --> 02:00:52,159

and um

3264

02:00:58,070 --> 02:00:55,520

the same thing happens uh i the images

3265

02:01:00,870 --> 02:00:58,080

that and i sketched them all out i did

3266

02:01:03,750 --> 02:01:00,880

my due diligence i tried hard

3267

02:01:05,510 --> 02:01:03,760

but everything that i got was some event

3268

02:01:07,030 --> 02:01:05,520

i'd been involved in recently more apt

3269

02:01:09,669 --> 02:01:07,040

to be like college football related

3270

02:01:11,270 --> 02:01:09,679

because i'd gone to a game

3271

02:01:12,149 --> 02:01:11,280

and that's those are the images that i

3272

02:01:13,990 --> 02:01:12,159

got

3273

02:01:15,510 --> 02:01:14,000

and i was i was so comfortable so you

3274

02:01:16,550 --> 02:01:15,520

can't be comfortable you have to be

3275

02:01:18,790 --> 02:01:16,560

alert

3276

02:01:20,629 --> 02:01:18,800

you need to have a partner i think uh at

3277

02:01:23,510 --> 02:01:20,639

least i do

3278

02:01:25,189 --> 02:01:23,520

and i kind of look forward to you know

3279

02:01:27,189 --> 02:01:25,199

exploring it more because i do think

3280

02:01:28,709 --> 02:01:27,199

there's there's just again the body of

3281

02:01:31,030 --> 02:01:28,719

evidence about it

3282

02:01:32,790 --> 02:01:31,040

about remote viewing and consciousness

3283

02:01:34,550 --> 02:01:32,800

is just too great for there not to be

3284

02:01:36,709 --> 02:01:34,560

something to it so

3285

02:01:38,470 --> 02:01:36,719

yeah i agree and i and i i did enough

3286

02:01:40,550 --> 02:01:38,480

when i took a class with lynn buchanan

3287

02:01:42,790 --> 02:01:40,560

back in 97 that i'm like oh my god i'm

3288

02:01:44,790 --> 02:01:42,800

like this is not a blockbuster session

3289

02:01:46,470 --> 02:01:44,800

but there's enough here for me

3290

02:01:49,510 --> 02:01:46,480

to say all right i'm getting aspects of

3291

02:01:51,350 --> 02:01:49,520

the target with the sixth sense that

3292

02:01:52,470 --> 02:01:51,360

there's no way i would be able to get

3293

02:01:57,750 --> 02:01:52,480

and

3294

02:01:59,669 --> 02:01:57,760

buchanan's like the biggest problem is

3295

02:02:01,430 --> 02:01:59,679

people stop they don't find the time to

3296

02:02:02,870 --> 02:02:01,440

do it he goes you want to get good you

3297

02:02:05,430 --> 02:02:02,880

got to practice practice practice

3298

02:02:06,629 --> 02:02:05,440

carnegie hall um

3299

02:02:07,830 --> 02:02:06,639

this will be the last question real

3300

02:02:09,750 --> 02:02:07,840

quick do you think the stigma and

3301

02:02:11,990 --> 02:02:09,760

ridicule is behind us i don't because if

3302

02:02:14,149 --> 02:02:12,000

we start getting into experiencers it's

3303

02:02:16,390 --> 02:02:14,159

gonna hit hard i think it'll hit really

3304

02:02:19,350 --> 02:02:16,400

hard if we make that next step and i

3305

02:02:21,669 --> 02:02:19,360

still think it's nothing bolts yeah i i

3306

02:02:23,669 --> 02:02:21,679

think it's uh in in one sense it is

3307

02:02:25,350 --> 02:02:23,679

because look at this uh

3308

02:02:27,669 --> 02:02:25,360

legislative language we've seen who

3309

02:02:29,270 --> 02:02:27,679

would have thought right amazing so so

3310

02:02:30,709 --> 02:02:29,280

the the walls are coming down and from

3311

02:02:32,870 --> 02:02:30,719

what i understand there are a lot more

3312

02:02:35,350 --> 02:02:32,880

science and academic types that are

3313

02:02:37,910 --> 02:02:35,360

looking at this sort of banding together

3314

02:02:39,990 --> 02:02:37,920

when i see

3315

02:02:42,070 --> 02:02:40,000

the national academy of sciences looking

3316

02:02:43,350 --> 02:02:42,080

at this

3317

02:02:45,430 --> 02:02:43,360

publicly

3318

02:02:48,550 --> 02:02:45,440

in an open sense and sharing their

3319

02:02:50,310 --> 02:02:48,560

results when i see uh public facing

3320

02:02:51,990 --> 02:02:50,320

organizations admitting that they're

3321

02:02:53,350 --> 02:02:52,000

involved in stuff like this that's when

3322

02:02:54,709 --> 02:02:53,360

i think we can all kind of breathe

3323

02:02:57,430 --> 02:02:54,719

easier that

3324

02:03:00,390 --> 02:02:57,440

that the stigma is uh

3325

02:03:01,430 --> 02:03:00,400

is shedded away when neil what's his

3326

02:03:02,790 --> 02:03:01,440

name

3327

02:03:06,550 --> 02:03:02,800

neil uh

3328

02:03:08,310 --> 02:03:06,560

the grass type says ladies and gentlemen

3329

02:03:10,149 --> 02:03:08,320

there's somebody here and they're not

3330

02:03:11,990 --> 02:03:10,159

human when that happens then it's like

3331

02:03:13,990 --> 02:03:12,000

oh my god really i don't know if that'll

3332

02:03:15,510 --> 02:03:14,000

ever happen but michael thank you so

3333

02:03:16,870 --> 02:03:15,520

much it was great and everybody who

3334

02:03:17,990 --> 02:03:16,880

asked questions thank you because we

3335

02:03:19,109 --> 02:03:18,000

can't do it without great great

3336

02:03:20,390 --> 02:03:19,119

questions you guys asked some really

3337

02:03:22,709 --> 02:03:20,400

good questions

3338

02:03:24,790 --> 02:03:22,719

and we will do this again

3339

02:03:25,750 --> 02:03:24,800

thanks sean uh thanks everybody michael

3340

02:03:27,589 --> 02:03:25,760

we'll talk

3341

02:03:29,510 --> 02:03:27,599

yeah thanks everyone thanks joe thank

3342

02:03:31,030 --> 02:03:29,520

you i'm really lucky i met you you're

3343

02:03:32,070 --> 02:03:31,040

one of my favorite people in this field

3344

02:03:34,629 --> 02:03:32,080

and

3345

02:03:35,830 --> 02:03:34,639

no likewise yeah likewise i've enjoyed

3346

02:03:37,750 --> 02:03:35,840

our company

3347

02:03:39,189 --> 02:03:37,760

looking forward to the next time you too

3348

02:03:40,310 --> 02:03:39,199

talk soon see you later see you

3349

02:03:44,709 --> 02:03:40,320

everybody

3350

02:03:47,830 --> 02:03:46,390

and i will start doing more of these

3351

02:03:49,830 --> 02:03:47,840

with just my twitter stuff because i

3352

02:03:51,669 --> 02:03:49,840

know there's people on youtube thanks

3353

02:03:54,069 --> 02:03:51,679

rodrigo uh people on youtube that don't

3354

02:03:55,669 --> 02:03:54,079

go on twitter and they said that i need

3355

02:03:56,790 --> 02:03:55,679

to do something for them so i'll just go

3356

02:03:58,229 --> 02:03:56,800

on my twitter and put it up and we'll

3357

02:04:00,709 --> 02:03:58,239

just go through it

3358

02:04:03,510 --> 02:04:00,719

and i'll add my long comments and

3359

02:04:05,669 --> 02:04:03,520

opinions and as i'm apt to do

3360

02:04:06,870 --> 02:04:05,679

all right guys i gotta go and it was

3361

02:04:08,229 --> 02:04:06,880

good

3362

02:04:10,470 --> 02:04:08,239

it's been a while since i've been on
