

**You Cannot Be Serious!
Is the Pentagon UFO
Office Just Temporary?**

1
00:00:06,070 --> 00:00:04,550
okay i did not expect to make a video

2
00:00:07,829 --> 00:00:06,080
today but

3
00:00:09,190 --> 00:00:07,839
after reading this new york times

4
00:00:13,110 --> 00:00:09,200
article

5
00:00:16,390 --> 00:00:13,120
i felt i needed to speak up and

6
00:00:18,790 --> 00:00:16,400
whenever i'm inspired i usually do audio

7
00:00:20,630 --> 00:00:18,800
and in this case video so

8
00:00:21,990 --> 00:00:20,640
the new york times did another article

9
00:00:25,029 --> 00:00:22,000
on ufos

10
00:00:28,230 --> 00:00:25,039
about the new pentagon effort that

11
00:00:30,470 --> 00:00:28,240
we spoke about on the last live

12
00:00:33,110 --> 00:00:30,480
show and um i'll go over some of that

13
00:00:35,510 --> 00:00:33,120

stuff again for people who missed it

14

00:00:37,910 --> 00:00:35,520

whenever i do live i feel like i'm i'm

15

00:00:39,990 --> 00:00:37,920

rushing because i feel like people have

16

00:00:41,350 --> 00:00:40,000

taken their time to watch live so i need

17

00:00:43,110 --> 00:00:41,360

to get to the point

18

00:00:44,549 --> 00:00:43,120

with this one i'm going to tell you

19

00:00:45,990 --> 00:00:44,559

right now i'm gonna take my time a

20

00:00:48,069 --> 00:00:46,000

little bit so i'm gonna go over some of

21

00:00:51,910 --> 00:00:48,079

the same material but i'll start off

22

00:00:54,709 --> 00:00:51,920

early on i have some new information

23

00:00:56,069 --> 00:00:54,719

which is relevant to this article and

24

00:00:58,470 --> 00:00:56,079

what we've been talking about for the

25

00:01:02,069 --> 00:00:58,480

past few weeks anyway the new york times

26

00:01:04,149 --> 00:01:02,079

has done some great articles since 2017

27

00:01:06,630 --> 00:01:04,159

but only when leslie kane ralph

28

00:01:08,710 --> 00:01:06,640

blumenthal and helene cooper write them

29

00:01:10,870 --> 00:01:08,720

or just ralph and leslie but then you

30

00:01:13,429 --> 00:01:10,880

have julian barnes

31

00:01:14,230 --> 00:01:13,439

and when he does a ufo article recently

32

00:01:16,310 --> 00:01:14,240

it's

33

00:01:18,310 --> 00:01:16,320

usually not good and you'll see

34

00:01:20,310 --> 00:01:18,320

um so i'll read i also have some videos

35

00:01:21,749 --> 00:01:20,320

which will be a little clunky getting in

36

00:01:24,390 --> 00:01:21,759

and out

37

00:01:28,310 --> 00:01:26,230

it's definitely you need to watch them

38

00:01:29,910 --> 00:01:28,320

to see why i feel the way i do and i'm

39

00:01:31,990 --> 00:01:29,920

sure some other folks already know what

40

00:01:33,429 --> 00:01:32,000

i'm going to talk about anyway so here's

41

00:01:36,469 --> 00:01:33,439

the article

42

00:01:37,830 --> 00:01:36,479

the pentagon forms a group to examine

43

00:01:39,429 --> 00:01:37,840

unexplained

44

00:01:41,429 --> 00:01:39,439

aerial sightings

45

00:01:43,749 --> 00:01:41,439

the announcement follows a report that

46

00:01:46,069 --> 00:01:43,759

failed to clarify strange phenomena

47

00:01:49,270 --> 00:01:46,079

observed by military pilots

48

00:01:50,870 --> 00:01:49,280

and others over the past two decades

49

00:01:55,510 --> 00:01:50,880

let's move this around a little bit so

50

00:01:59,030 --> 00:01:57,270

uh here's a picture and it says the new

51
00:02:01,670 --> 00:01:59,040
group overseen by the military and the

52
00:02:04,469 --> 00:02:01,680
intelligence agencies will focus on

53
00:02:07,030 --> 00:02:04,479
special use airspace which includes

54
00:02:08,630 --> 00:02:07,040
military operations areas

55
00:02:11,910 --> 00:02:08,640
and so basically they're focusing

56
00:02:12,949 --> 00:02:11,920
focusing on one specific area

57
00:02:14,869 --> 00:02:12,959
um

58
00:02:17,030 --> 00:02:14,879
i know i've i've complained about that

59
00:02:19,430 --> 00:02:17,040
and other people have too but i mean

60
00:02:21,110 --> 00:02:19,440
that's that's fine if they to start out

61
00:02:22,949 --> 00:02:21,120
that's where they're focusing

62
00:02:25,190 --> 00:02:22,959
obviously there are sightings everywhere

63
00:02:29,830 --> 00:02:27,030

in the 180-day

64

00:02:30,949 --> 00:02:29,840

dni report it said a lot of the reports

65

00:02:32,949 --> 00:02:30,959

are coming from

66

00:02:34,869 --> 00:02:32,959

you know sensitive areas because that's

67

00:02:37,509 --> 00:02:34,879

where we have most of our sensors you

68

00:02:39,110 --> 00:02:37,519

know we have our f-18s you know

69

00:02:41,350 --> 00:02:39,120

maybe we have our satellites pointed

70

00:02:43,350 --> 00:02:41,360

there so that's why you're seeing more

71

00:02:46,309 --> 00:02:43,360

of those sightings encounters picked up

72

00:02:48,229 --> 00:02:46,319

on various sensors of course we all know

73

00:02:50,390 --> 00:02:48,239

these things happen all over the world

74

00:02:52,710 --> 00:02:50,400

and not just in sensitive military

75

00:02:54,869 --> 00:02:52,720

airspace

76

00:02:56,869 --> 00:02:54,879

so this is by julene barnes

77

00:02:58,630 --> 00:02:56,879

published on the 24th updated on the

78

00:03:00,710 --> 00:02:58,640

25th he says

79

00:03:03,110 --> 00:03:00,720

washington the pentagon on tuesday night

80

00:03:05,589 --> 00:03:03,120

announced a new group to investigate

81

00:03:08,070 --> 00:03:05,599

reports of unidentified aerial phenomena

82

00:03:10,229 --> 00:03:08,080

in sensitive areas work that will be

83

00:03:13,110 --> 00:03:10,239

overseen by both the military and the

84

00:03:14,869 --> 00:03:13,120

intelligence agencies and by the way i

85

00:03:17,190 --> 00:03:14,879

know you can't ask me questions here but

86

00:03:19,750 --> 00:03:17,200

i'll make sure i i will try

87

00:03:21,350 --> 00:03:19,760

to do at least an hour a week where i'll

88

00:03:23,110 --> 00:03:21,360

just go live and you guys ask whatever

89

00:03:25,430 --> 00:03:23,120

questions you want anything doesn't have

90

00:03:26,630 --> 00:03:25,440

to be ufos

91

00:03:28,470 --> 00:03:26,640

it could be

92

00:03:33,350 --> 00:03:28,480

about my personal life if you're curious

93

00:03:33,360 --> 00:03:36,390

so he continues

94

00:03:41,509 --> 00:03:38,710

the group will lead an effort to quote

95

00:03:44,309 --> 00:03:41,519

detect identify and attribute

96

00:03:46,869 --> 00:03:44,319

objects unquote in restricted restricted

97

00:03:48,710 --> 00:03:46,879

airspace as well as mitigate any threats

98

00:03:50,710 --> 00:03:48,720

to military flights

99

00:03:52,470 --> 00:03:50,720

fine with that

100

00:03:54,390 --> 00:03:52,480

and it's it's threats because you know

101
00:03:56,229 --> 00:03:54,400
we're talking about the pentagon here if

102
00:03:57,190 --> 00:03:56,239
you want something to examine what this

103
00:03:59,589 --> 00:03:57,200
means

104
00:04:00,949 --> 00:03:59,599
existentially for humanity

105
00:04:04,710 --> 00:04:00,959
we need to go outside of the government

106
00:04:06,789 --> 00:04:04,720
which elizondo has spoken about before

107
00:04:09,350 --> 00:04:06,799
the announcement follows the release of

108
00:04:12,710 --> 00:04:09,360
a report in june that failed to provide

109
00:04:15,350 --> 00:04:12,720
explanations of 143 sightings of strange

110
00:04:17,509 --> 00:04:15,360
phenomena by military pilots and others

111
00:04:20,150 --> 00:04:17,519
over the past two decades

112
00:04:22,230 --> 00:04:20,160
and we know it was 144 sightings they

113
00:04:25,510 --> 00:04:22,240

looked at one of them was a balloon the

114

00:04:28,710 --> 00:04:25,520

other 143 were unexplained

115

00:04:30,950 --> 00:04:28,720

that report frustrated some inside the

116

00:04:32,870 --> 00:04:30,960

intelligence community who believed more

117

00:04:35,270 --> 00:04:32,880

analysis and research should have been

118

00:04:37,110 --> 00:04:35,280

done to try to categorize and

119

00:04:38,629 --> 00:04:37,120

explain the phenomena we know at least

120

00:04:39,350 --> 00:04:38,639

two of those people

121

00:04:43,430 --> 00:04:39,360

are

122

00:04:45,030 --> 00:04:43,440

luis elizondo and christopher mellon

123

00:04:47,350 --> 00:04:45,040

releasing a report that said the

124

00:04:49,830 --> 00:04:47,360

sightings were unexplained further drove

125

00:04:52,710 --> 00:04:49,840

theories that the videos or pictures

126
00:04:55,510 --> 00:04:52,720
could be visitors from space a theory

127
00:04:57,430 --> 00:04:55,520
that few in the u.s government take

128
00:05:00,469 --> 00:04:57,440
seriously

129
00:05:02,150 --> 00:05:00,479
i don't know what he means by few but

130
00:05:03,749 --> 00:05:02,160
i'm pretty confident there are people in

131
00:05:05,189 --> 00:05:03,759
the u.s government that take it very

132
00:05:07,350 --> 00:05:05,199
seriously even though they don't speak

133
00:05:09,350 --> 00:05:07,360
about it publicly

134
00:05:11,590 --> 00:05:09,360
i would think the majority don't or they

135
00:05:12,710 --> 00:05:11,600
either they don't know about the data or

136
00:05:13,909 --> 00:05:12,720
they don't even want they don't even

137
00:05:15,990 --> 00:05:13,919
want to look at the data and yeah they

138
00:05:17,350 --> 00:05:16,000

don't take it seriously but

139

00:05:19,830 --> 00:05:17,360

i think it may be a little more than

140

00:05:23,510 --> 00:05:19,840

what he's he's uh

141

00:05:25,990 --> 00:05:23,520

insinuating in that paragraph

142

00:05:27,670 --> 00:05:26,000

kathleen h hicks the deputy defense

143

00:05:30,469 --> 00:05:27,680

secretary said the new group would be

144

00:05:32,390 --> 00:05:30,479

called the airborne object

145

00:05:34,469 --> 00:05:32,400

identification and management

146

00:05:37,350 --> 00:05:34,479

synchronization group

147

00:05:39,110 --> 00:05:37,360

the worst acronym in government history

148

00:05:41,110 --> 00:05:39,120

it will be overseen by an executive

149

00:05:42,310 --> 00:05:41,120

council made up of the under secretary

150

00:05:44,710 --> 00:05:42,320

of defense

151
00:05:47,270 --> 00:05:44,720
for intelligence the director of the

152
00:05:49,270 --> 00:05:47,280
joint staff and senior officials from

153
00:05:51,350 --> 00:05:49,280
the office of the director of national

154
00:05:53,749 --> 00:05:51,360
intelligence

155
00:05:55,029 --> 00:05:53,759
the group will focus on special use

156
00:05:57,830 --> 00:05:55,039
airspace

157
00:05:59,830 --> 00:05:57,840
which includes military operations areas

158
00:06:02,550 --> 00:05:59,840
and by by the way

159
00:06:04,070 --> 00:06:02,560
that's that's fine you know

160
00:06:05,749 --> 00:06:04,080
the group will be overseen by an

161
00:06:07,510 --> 00:06:05,759
executive council

162
00:06:09,270 --> 00:06:07,520
the under secretary of defense for

163
00:06:11,189 --> 00:06:09,280

intelligence the director of the joint

164

00:06:12,870 --> 00:06:11,199

staff you know these are senior people

165

00:06:14,390 --> 00:06:12,880

and senior officials from the office of

166

00:06:15,670 --> 00:06:14,400

the director of national intelligence

167

00:06:17,270 --> 00:06:15,680

that's great

168

00:06:20,070 --> 00:06:17,280

if we didn't have the gillibrand

169

00:06:22,150 --> 00:06:20,080

amendment which we can go over later the

170

00:06:25,510 --> 00:06:22,160

group will focus on special use airspace

171

00:06:28,230 --> 00:06:25,520

which includes military operations air

172

00:06:30,070 --> 00:06:28,240

military operations areas firing ranges

173

00:06:32,950 --> 00:06:30,080

and places restricted restricted for

174

00:06:35,670 --> 00:06:32,960

national security and other uses in a

175

00:06:36,870 --> 00:06:35,680

memo dr hicks said unidentified aerial

176

00:06:39,029 --> 00:06:36,880

phenomena

177

00:06:41,670 --> 00:06:39,039

in special use areas represented a

178

00:06:43,430 --> 00:06:41,680

potential safety issue for military

179

00:06:46,629 --> 00:06:43,440

pilots and raised

180

00:06:48,790 --> 00:06:46,639

potential national security concerns

181

00:06:52,550 --> 00:06:48,800

i do not disagree with that that's the

182

00:06:54,230 --> 00:06:52,560

basic basic thing that ufos represent at

183

00:06:56,150 --> 00:06:54,240

the very basic level it's a safety

184

00:06:58,390 --> 00:06:56,160

flight issue for our military pilots and

185

00:07:00,950 --> 00:06:58,400

for civilian pilots

186

00:07:02,629 --> 00:07:00,960

and depending on what they are no matter

187

00:07:04,870 --> 00:07:02,639

what they are there's potential national

188

00:07:07,909 --> 00:07:04,880

security concerns even if even if it did

189

00:07:10,230 --> 00:07:07,919

turn out it was russia and china that's

190

00:07:12,469 --> 00:07:10,240

national security that's a national cons

191

00:07:14,150 --> 00:07:12,479

security concern and if it turned out to

192

00:07:16,710 --> 00:07:14,160

be reptilians

193

00:07:18,550 --> 00:07:16,720

or whoever with you know with

194

00:07:20,309 --> 00:07:18,560

an intent that we don't know about

195

00:07:22,070 --> 00:07:20,319

that's a potential national security

196

00:07:24,150 --> 00:07:22,080

concern

197

00:07:25,990 --> 00:07:24,160

uh in june the office of the director of

198

00:07:27,909 --> 00:07:26,000

national intelligence released a report

199

00:07:29,189 --> 00:07:27,919

that reviewed unidentified aerial

200

00:07:32,790 --> 00:07:29,199

phenomena

201
00:07:35,350 --> 00:07:32,800
seen since 2004 noting that 144 remained

202
00:07:37,510 --> 00:07:35,360
unexplained

203
00:07:39,749 --> 00:07:37,520
of those 21 reports

204
00:07:42,629 --> 00:07:39,759
involving 18 episodes

205
00:07:45,670 --> 00:07:42,639
no sorry of those

206
00:07:47,029 --> 00:07:45,680
21 reports involving 18 episodes

207
00:07:49,510 --> 00:07:47,039
possibly

208
00:07:51,830 --> 00:07:49,520
demonstrated technological know-how

209
00:07:54,150 --> 00:07:51,840
unknown to the united states

210
00:07:56,230 --> 00:07:54,160
such as objects moving without

211
00:07:58,230 --> 00:07:56,240
observable propulsion

212
00:08:00,790 --> 00:07:58,240
or with rapid acceleration that is

213
00:08:03,270 --> 00:08:00,800

believed to be beyond the capabilities

214

00:08:09,189 --> 00:08:03,280

of russia china or other terrestrial

215

00:08:16,390 --> 00:08:11,990

he goes on he does a grab from the

216

00:08:22,309 --> 00:08:19,749

and he he left out one thing

217

00:08:24,309 --> 00:08:22,319

if i can pull it up

218

00:08:27,110 --> 00:08:24,319

which i don't want to

219

00:08:28,629 --> 00:08:27,120

yeah he he left out one thing where

220

00:08:29,990 --> 00:08:28,639

he's talking about

221

00:08:32,389 --> 00:08:30,000

how many

222

00:08:33,670 --> 00:08:32,399

exhibited some of those

223

00:08:38,070 --> 00:08:33,680

exotic

224

00:08:43,589 --> 00:08:39,909

he did not say unless he says later on

225

00:08:45,110 --> 00:08:43,599

he says of the 144 reports 143 because

226

00:08:47,350 --> 00:08:45,120

one was explained

227

00:08:49,350 --> 00:08:47,360

80 of those reports involved observation

228

00:08:51,350 --> 00:08:49,360

with multiple sensors so basically it

229

00:08:53,509 --> 00:08:51,360

shows those are physical objects that's

230

00:08:56,870 --> 00:08:53,519

what the report said and then it said

231

00:08:59,910 --> 00:08:56,880

after in 18 incidents described in 21

232

00:09:01,750 --> 00:08:59,920

reports observers reported unusual uap

233

00:09:04,870 --> 00:09:01,760

movement patterns or flight

234

00:09:06,550 --> 00:09:04,880

characteristics i assume one of those is

235

00:09:07,350 --> 00:09:06,560

contained within

236

00:09:09,509 --> 00:09:07,360

the

237

00:09:12,630 --> 00:09:09,519

23 minute video that lou has spoken

238

00:09:15,509 --> 00:09:12,640

about several times which obviously we

239

00:09:15,519 --> 00:09:19,590

so back to the new york times article

240

00:09:24,790 --> 00:09:21,829

government officials said privately that

241

00:09:27,670 --> 00:09:24,800

there was no evidence of russian or

242

00:09:30,949 --> 00:09:27,680

chinese advanced technology and use

243

00:09:33,110 --> 00:09:30,959

much less space traveling aliens

244

00:09:35,829 --> 00:09:33,120

in the information collected so this

245

00:09:37,590 --> 00:09:35,839

that's great you know

246

00:09:39,110 --> 00:09:37,600

part is great

247

00:09:40,150 --> 00:09:39,120

he spoke to sources who told him

248

00:09:41,750 --> 00:09:40,160

privately

249

00:09:44,389 --> 00:09:41,760

there's no evidence any of that was

250

00:09:45,910 --> 00:09:44,399

russian or chinese

251

00:09:47,030 --> 00:09:45,920

um

252

00:09:49,110 --> 00:09:47,040

but then

253

00:09:50,949 --> 00:09:49,120

you know we don't know what it is and he

254

00:09:51,829 --> 00:09:50,959

kind of he throws cold water he goes

255

00:09:55,829 --> 00:09:51,839

much

256

00:09:58,150 --> 00:09:55,839

space traveling aliens of course of

257

00:09:59,990 --> 00:09:58,160

course we don't know and folks who take

258

00:10:02,550 --> 00:10:00,000

to seriously don't automatically say

259

00:10:05,750 --> 00:10:02,560

these are space traveling aliens uh

260

00:10:08,230 --> 00:10:05,760

other is fine non-human obviously has to

261

00:10:09,590 --> 00:10:08,240

be considered uh

262

00:10:11,430 --> 00:10:09,600

so

263

00:10:13,910 --> 00:10:11,440

it's just it's just it's just a little

264

00:10:16,230 --> 00:10:13,920

veiled shot that is not needed

265

00:10:18,389 --> 00:10:16,240

but if you know if officials told him

266

00:10:20,150 --> 00:10:18,399

that those are his sources then he's

267

00:10:22,470 --> 00:10:20,160

reported this reporting his sources but

268

00:10:23,990 --> 00:10:22,480

there are other sources who did not

269

00:10:25,910 --> 00:10:24,000

agree with that because i've spoken with

270

00:10:28,630 --> 00:10:25,920

some of them

271

00:10:29,829 --> 00:10:28,640

uh the officials acknowledged that the

272

00:10:32,310 --> 00:10:29,839

government's

273

00:10:34,230 --> 00:10:32,320

and i should clarify i haven't spoken to

274

00:10:35,670 --> 00:10:34,240

people

275

00:10:37,509 --> 00:10:35,680

no i'll leave it the way it is i'll

276

00:10:39,030 --> 00:10:37,519

leave that the way it is because there's

277

00:10:40,550 --> 00:10:39,040

a different definition of what

278

00:10:42,790 --> 00:10:40,560

constitutes

279

00:10:45,350 --> 00:10:42,800

a government official so i'll just say

280

00:10:48,550 --> 00:10:46,949

but the officials

281

00:10:50,710 --> 00:10:48,560

acknowledged that the government's

282

00:10:54,710 --> 00:10:50,720

failure to provide much explanation will

283

00:10:58,310 --> 00:10:54,720

would fuel a wide range of theories

284

00:11:01,910 --> 00:10:58,320

some more conspiratorial than others

285

00:11:03,910 --> 00:11:01,920

yeah well when you cannot rule out

286

00:11:05,430 --> 00:11:03,920

non-human obviously if you read the

287

00:11:06,870 --> 00:11:05,440

report

288

00:11:09,030 --> 00:11:06,880

there are going to be a lot of theories

289

00:11:10,790 --> 00:11:09,040

not necessarily conspiratorial i would

290

00:11:12,310 --> 00:11:10,800

say common sense

291

00:11:14,230 --> 00:11:12,320

of course

292

00:11:16,630 --> 00:11:14,240

everybody thinks okay they can't explain

293

00:11:19,269 --> 00:11:16,640

it they say it's probably not russia

294

00:11:21,190 --> 00:11:19,279

china or our own black technology what

295

00:11:22,630 --> 00:11:21,200

does that leave i mean

296

00:11:24,949 --> 00:11:22,640

you know

297

00:11:26,470 --> 00:11:24,959

extraterrestrial interdimensional all of

298

00:11:30,069 --> 00:11:26,480

those are on the you know should be on

299

00:11:32,710 --> 00:11:30,079

the table so it's not conspiratorial

300

00:11:34,550 --> 00:11:32,720

i see that as another jab

301
00:11:36,230 --> 00:11:34,560
but nothing close to the worst part of

302
00:11:37,829 --> 00:11:36,240
this article so he goes while the

303
00:11:39,829 --> 00:11:37,839
unexplained sightings were mostly around

304
00:11:41,350 --> 00:11:39,839
military installations or operations the

305
00:11:43,110 --> 00:11:41,360
report said it could be the result of

306
00:11:44,470 --> 00:11:43,120
collection bias which i talked about

307
00:11:46,550 --> 00:11:44,480
earlier that's where we have all of our

308
00:11:48,949 --> 00:11:46,560
sensors our best sensors

309
00:11:52,069 --> 00:11:48,959
or the presence of cutting edge sensors

310
00:11:56,310 --> 00:11:54,470
some people believe any phenomenon

311
00:11:58,550 --> 00:11:56,320
exhibiting technology beyond the

312
00:11:59,910 --> 00:11:58,560
abilities of the united states needs

313
00:12:01,430 --> 00:11:59,920

deep study

314

00:12:04,790 --> 00:12:01,440

let's read that again

315

00:12:06,790 --> 00:12:04,800

some people believe any phenomenon

316

00:12:09,110 --> 00:12:06,800

exhibiting technology beyond the

317

00:12:11,509 --> 00:12:09,120

abilities of the united states needs

318

00:12:13,670 --> 00:12:11,519

deep study shouldn't that be all people

319

00:12:16,710 --> 00:12:13,680

i mean if there's phenomena exiting

320

00:12:18,389 --> 00:12:16,720

exhibiting technology that we don't have

321

00:12:20,790 --> 00:12:18,399

everybody's interested in figuring out

322

00:12:22,710 --> 00:12:20,800

what that is not just uh well maybe

323

00:12:24,790 --> 00:12:22,720

we'll figure it out next year but in the

324

00:12:26,069 --> 00:12:24,800

meantime who cares

325

00:12:27,590 --> 00:12:26,079

i don't i don't understand how you can

326

00:12:28,470 --> 00:12:27,600

write something like that with a serious

327

00:12:29,990 --> 00:12:28,480

face

328

00:12:31,829 --> 00:12:30,000

um

329

00:12:34,710 --> 00:12:31,839

some people believe that though yeah i'm

330

00:12:36,470 --> 00:12:34,720

sure i'm sure some people do but

331

00:12:38,790 --> 00:12:36,480

who are these people

332

00:12:41,030 --> 00:12:38,800

skeptics believe most or all of the

333

00:12:43,430 --> 00:12:41,040

sightings including videos recorded by

334

00:12:45,590 --> 00:12:43,440

cameras on military fighter jets can be

335

00:12:47,829 --> 00:12:45,600

explained by tricks of optics or

336

00:12:49,670 --> 00:12:47,839

naturally occurring phenomena

337

00:12:51,910 --> 00:12:49,680

yeah skeptics must think our government

338

00:12:54,550 --> 00:12:51,920

is a bunch of idiots skeptics seth

339

00:12:56,629 --> 00:12:54,560

showstack it's a it's a computer glitch

340

00:12:57,990 --> 00:12:56,639

uh seth they saw that saw it with their

341

00:12:59,990 --> 00:12:58,000

own eyes

342

00:13:02,150 --> 00:13:00,000

you know just specifically the tic tac

343

00:13:04,790 --> 00:13:02,160

incident so

344

00:13:07,750 --> 00:13:04,800

you know screw the skeptics i'm sorry um

345

00:13:09,350 --> 00:13:07,760

i'm not saying every every case is

346

00:13:11,750 --> 00:13:09,360

unexplainable

347

00:13:13,509 --> 00:13:11,760

but unless a lot of people are lying to

348

00:13:14,949 --> 00:13:13,519

us and i do not think that's the case

349

00:13:16,870 --> 00:13:14,959

whether it's lou

350

00:13:17,670 --> 00:13:16,880

christopher mellon eric davis how put

351

00:13:19,269 --> 00:13:17,680

off

352

00:13:21,269 --> 00:13:19,279

um

353

00:13:22,550 --> 00:13:21,279

all of those folks and especially lou

354

00:13:24,710 --> 00:13:22,560

i've spoken specifically about the

355

00:13:26,629 --> 00:13:24,720

23-minute video where he gave

356

00:13:28,710 --> 00:13:26,639

he said it's uh it's a game changer and

357

00:13:31,030 --> 00:13:28,720

it would be game over if people saw it

358

00:13:33,990 --> 00:13:31,040

so and also there was enough being shown

359

00:13:37,190 --> 00:13:34,000

to rubio and warner and gillibrand that

360

00:13:38,870 --> 00:13:37,200

were getting language about ufos

361

00:13:40,550 --> 00:13:38,880

in the national defense authorization

362

00:13:42,470 --> 00:13:40,560

act so obviously they're being shown

363

00:13:44,550 --> 00:13:42,480

things and heinrich was the most clear

364

00:13:46,150 --> 00:13:44,560

saying i don't think it's ours so unless

365

00:13:49,269 --> 00:13:46,160

you think everybody's part of this

366

00:13:51,110 --> 00:13:49,279

conspiracy it's really china and it's a

367

00:13:53,030 --> 00:13:51,120

conspiracy to trick people and trick

368

00:13:55,189 --> 00:13:53,040

china into russia and russia into

369

00:13:56,550 --> 00:13:55,199

thinking we we're studying ufos if you

370

00:13:58,629 --> 00:13:56,560

think that

371

00:14:00,069 --> 00:13:58,639

yeah i guess everybody's lying then but

372

00:14:01,430 --> 00:14:00,079

i just to me it makes no sense

373

00:14:03,990 --> 00:14:01,440

whatsoever and i'm not even talking

374

00:14:08,150 --> 00:14:04,000

about i'm not even mentioning every name

375

00:14:12,710 --> 00:14:10,389

earlier this month

376

00:14:14,310 --> 00:14:12,720

avril d haynes the director of national

377

00:14:15,990 --> 00:14:14,320

intelligence said the government needed

378

00:14:18,949 --> 00:14:16,000

to get better at collecting information

379

00:14:20,230 --> 00:14:18,959

about the unexplained phenomenon

380

00:14:22,230 --> 00:14:20,240

no problem with that the better

381

00:14:24,310 --> 00:14:22,240

technology we have the better sensors

382

00:14:25,990 --> 00:14:24,320

the better for everybody you know

383

00:14:28,069 --> 00:14:26,000

although i i think

384

00:14:30,069 --> 00:14:28,079

the data they have right now is enough

385

00:14:32,230 --> 00:14:30,079

to convince probably everybody if

386

00:14:33,590 --> 00:14:32,240

they've if they were able to see it or

387

00:14:34,629 --> 00:14:33,600

access it

388

00:14:36,389 --> 00:14:34,639

that

389

00:14:39,030 --> 00:14:36,399

this is not our attack and it's not

390

00:14:41,269 --> 00:14:39,040

russia or china and it's something

391

00:14:43,750 --> 00:14:41,279

intelligent and

392

00:14:45,269 --> 00:14:43,760

not of any government on this planet any

393

00:14:46,710 --> 00:14:45,279

known government i'll just say that i'm

394

00:14:49,350 --> 00:14:46,720

trying to leave open the possibility

395

00:14:52,069 --> 00:14:49,360

that it's human but you know not you

396

00:14:53,189 --> 00:14:52,079

know with no oversight you know the

397

00:14:58,949 --> 00:14:53,199

the

398

00:15:00,949 --> 00:14:58,959

richard dolan talks about

399

00:15:02,310 --> 00:15:00,959

the breakaway civilization i'm leaving

400

00:15:05,189 --> 00:15:02,320

open the possibilities for everything

401
00:15:05,199 --> 00:15:09,189
now the blogger's going crazy

402
00:15:09,199 --> 00:15:46,629
and i'll be back one second

403
00:15:50,710 --> 00:15:48,069
sorry about that

404
00:15:51,910 --> 00:15:50,720
the dog loves the deliveries amazon

405
00:15:58,870 --> 00:15:51,920
especially

406
00:16:02,629 --> 00:16:00,310
you need to get better collecting

407
00:16:04,870 --> 00:16:02,639
information that's fine

408
00:16:06,949 --> 00:16:04,880
ms haynes said the primary focus

409
00:16:09,110 --> 00:16:06,959
remained on whether the phenomenon were

410
00:16:11,590 --> 00:16:09,120
aircraft from rival nations spying on

411
00:16:13,749 --> 00:16:11,600
the united states the united states

412
00:16:17,509 --> 00:16:13,759
but held open the possibility of

413
00:16:19,829 --> 00:16:17,519

otherworldly explanations

414

00:16:21,590 --> 00:16:19,839

that's fine

415

00:16:23,350 --> 00:16:21,600

although if they really don't know if

416

00:16:24,870 --> 00:16:23,360

this is russia or china at this point

417

00:16:27,829 --> 00:16:24,880

that means our

418

00:16:29,189 --> 00:16:27,839

dod is pathetic i just i don't see it

419

00:16:31,110 --> 00:16:29,199

unless

420

00:16:32,470 --> 00:16:31,120

they're intentionally lying to us

421

00:16:34,790 --> 00:16:32,480

because they want to trick china or

422

00:16:36,550 --> 00:16:34,800

russia that's the skeptic argument i

423

00:16:39,030 --> 00:16:36,560

don't believe that and

424

00:16:42,949 --> 00:16:39,040

if i'm wrong

425

00:16:45,189 --> 00:16:42,959

out of the ufo business

426

00:16:46,790 --> 00:16:45,199

i don't think i'm wrong i don't think

427

00:16:48,710 --> 00:16:46,800

everybody i've spoken to and everybody

428

00:16:51,269 --> 00:16:48,720

that we've heard publicly speak is lying

429

00:16:53,350 --> 00:16:51,279

about this

430

00:16:55,110 --> 00:16:53,360

so she's open to other worldly

431

00:16:57,269 --> 00:16:55,120

explanations like that's great you know

432

00:16:58,389 --> 00:16:57,279

he included that

433

00:16:59,910 --> 00:16:58,399

quote

434

00:17:02,870 --> 00:16:59,920

and then he he's quoting from the

435

00:17:06,630 --> 00:17:02,880

national cathedral event

436

00:17:09,750 --> 00:17:08,069

i'm gonna i'm gonna actually go to that

437

00:17:13,110 --> 00:17:09,760

because i have that

438

00:17:15,990 --> 00:17:13,120

let me pull it up so you can listen

439

00:17:18,230 --> 00:17:16,000

i will stop screening there and i will

440

00:17:19,990 --> 00:17:18,240

share

441

00:17:23,429 --> 00:17:20,000

my chrome tab

442

00:17:28,230 --> 00:17:23,439

this is from a few weeks ago

443

00:17:31,669 --> 00:17:29,669

so that was that

444

00:17:35,190 --> 00:17:31,679

and i'll put my earplug in so i can hear

445

00:17:39,669 --> 00:17:37,029

so this is what she said uh here's the

446

00:17:41,270 --> 00:17:39,679

question too i lead in the question

447

00:17:44,870 --> 00:17:41,280

so uh

448

00:17:47,990 --> 00:17:44,880

dna hands on this topic of life out

449

00:17:51,630 --> 00:17:48,000

there you issued an extraordinary

450

00:17:54,710 --> 00:17:51,640

preliminary assessment in june on

451
00:17:57,350 --> 00:17:54,720
unidentified aerial phenomena this is

452
00:18:00,870 --> 00:17:57,360
the new term of art to summarize that

453
00:18:02,390 --> 00:18:00,880
report you studied 144 reports from u.s

454
00:18:05,350 --> 00:18:02,400
government sources

455
00:18:07,590 --> 00:18:05,360
80 had multiple sensors that had made

456
00:18:09,350 --> 00:18:07,600
the identifications in 18 of these

457
00:18:11,990 --> 00:18:09,360
instances

458
00:18:14,710 --> 00:18:12,000
observers i'm quoting reported unusual

459
00:18:16,789 --> 00:18:14,720
uap flight characteristics

460
00:18:17,830 --> 00:18:16,799
you sorted these into five different

461
00:18:20,549 --> 00:18:17,840
bins

462
00:18:22,950 --> 00:18:20,559
the last call just other

463
00:18:25,430 --> 00:18:22,960

i want to ask you to share with the

464

00:18:28,950 --> 00:18:25,440

audience your takeaway after the

465

00:18:31,750 --> 00:18:28,960

completion of that report and what your

466

00:18:33,510 --> 00:18:31,760

own view is as you look at the evidence

467

00:18:35,029 --> 00:18:33,520

yeah i mean i think the bottom line is

468

00:18:36,789 --> 00:18:35,039

that we don't understand everything that

469

00:18:39,270 --> 00:18:36,799

we're seeing and that's probably not

470

00:18:42,310 --> 00:18:39,280

surprising to anybody in many respects

471

00:18:43,990 --> 00:18:42,320

but it is it was a report that really

472

00:18:46,710 --> 00:18:44,000

congress asked us to

473

00:18:48,630 --> 00:18:46,720

produce a report that assessed what we

474

00:18:50,789 --> 00:18:48,640

saw as the threat essentially from an

475

00:18:52,710 --> 00:18:50,799

unidentified aerial phenomenon

476

00:18:54,310 --> 00:18:52,720

and uh what our sort of best

477

00:18:56,470 --> 00:18:54,320

understanding was of the different

478

00:18:59,110 --> 00:18:56,480

reports that we had identified and it

479

00:19:00,789 --> 00:18:59,120

stretched over from i think 2004 through

480

00:19:02,470 --> 00:19:00,799

to 2021

481

00:19:05,029 --> 00:19:02,480

the different reports that you identify

482

00:19:07,669 --> 00:19:05,039

that you indicated 144 of them and we

483

00:19:09,590 --> 00:19:07,679

had different categories as you said so

484

00:19:11,669 --> 00:19:09,600

one of them was airborne clutter another

485

00:19:13,909 --> 00:19:11,679

was natural

486

00:19:15,430 --> 00:19:13,919

you know phenomenon

487

00:19:17,990 --> 00:19:15,440

another was

488

00:19:19,990 --> 00:19:18,000

foreign adversaries a

489

00:19:22,310 --> 00:19:20,000

fourth one was

490

00:19:24,789 --> 00:19:22,320

related to sort of u.s government or

491

00:19:26,870 --> 00:19:24,799

industry developmental programs and then

492

00:19:29,669 --> 00:19:26,880

the fifth one was other

493

00:19:31,270 --> 00:19:29,679

and that basically indicated that we

494

00:19:33,270 --> 00:19:31,280

were pretty sure we weren't going to be

495

00:19:35,909 --> 00:19:33,280

able to characterize every single one of

496

00:19:38,070 --> 00:19:35,919

these reports in the various categories

497

00:19:40,230 --> 00:19:38,080

that we'd identified because frankly we

498

00:19:41,590 --> 00:19:40,240

were not able to understand everything

499

00:19:43,669 --> 00:19:41,600

about it and

500

00:19:45,510 --> 00:19:43,679

a large portion of that is based on the

501
00:19:47,590 --> 00:19:45,520
fact that we don't have a consistent way

502
00:19:49,830 --> 00:19:47,600
of reporting this information we need to

503
00:19:51,590 --> 00:19:49,840
integrate frankly a lot of data that we

504
00:19:53,430 --> 00:19:51,600
get we need to get better at collecting

505
00:19:55,270 --> 00:19:53,440
information that's useful to us from

506
00:19:57,270 --> 00:19:55,280
different sensors

507
00:19:59,270 --> 00:19:57,280
that are available to us and we have to

508
00:20:01,909 --> 00:19:59,280
deepen our analysis in these areas and

509
00:20:03,669 --> 00:20:01,919
that's something that you know frankly

510
00:20:05,270 --> 00:20:03,679
probably also doesn't surprise you in

511
00:20:07,590 --> 00:20:05,280
the sense that that's how we typically

512
00:20:09,990 --> 00:20:07,600
approach our intelligence work

513
00:20:11,430 --> 00:20:10,000

and the main issues that congress and

514

00:20:13,430 --> 00:20:11,440

others have been concerned about are

515

00:20:14,950 --> 00:20:13,440

basically safety of flight concerns and

516

00:20:17,669 --> 00:20:14,960

counter intelligence issues but of

517

00:20:19,270 --> 00:20:17,679

course there's always the question of is

518

00:20:20,870 --> 00:20:19,280

there something else that we simply do

519

00:20:22,190 --> 00:20:20,880

not understand that might come

520

00:20:27,430 --> 00:20:22,200

extraterrestrial

521

00:20:29,669 --> 00:20:27,440

let me just ask a a follow up

522

00:20:32,789 --> 00:20:29,679

question

523

00:20:35,190 --> 00:20:32,799

by the way i mean

524

00:20:37,270 --> 00:20:35,200

she's obvious to me it's obvious she was

525

00:20:39,110 --> 00:20:37,280

uncomfortable saying that word um and

526

00:20:41,669 --> 00:20:39,120

nervous because it's a big step for

527

00:20:44,390 --> 00:20:41,679

somebody like her to say

528

00:20:45,270 --> 00:20:44,400

you never know i mean they could be ets

529

00:20:46,549 --> 00:20:45,280

i mean

530

00:20:48,070 --> 00:20:46,559

i don't recall and i might have

531

00:20:49,990 --> 00:20:48,080

downplayed this when i first heard it

532

00:20:54,549 --> 00:20:50,000

because i have my expectations high it

533

00:20:55,789 --> 00:20:54,559

sometimes but you never know it could be

534

00:20:57,430 --> 00:20:55,799

extra

535

00:20:58,870 --> 00:20:57,440

terrestrially

536

00:21:01,430 --> 00:20:58,880

um

537

00:21:04,230 --> 00:21:01,440

it's a big deal you know

538

00:21:05,990 --> 00:21:04,240

i would love it if she said or who knows

539

00:21:08,710 --> 00:21:06,000

they could be on you know they could be

540

00:21:10,470 --> 00:21:08,720

based on this planet and we just haven't

541

00:21:13,510 --> 00:21:10,480

noticed them until now because our

542

00:21:15,430 --> 00:21:13,520

sensors weren't as you know

543

00:21:17,510 --> 00:21:15,440

weren't as advanced as they were in the

544

00:21:18,789 --> 00:21:17,520

past so we may share the planet with

545

00:21:20,789 --> 00:21:18,799

these folks and

546

00:21:22,789 --> 00:21:20,799

we may be we may be below them on the

547

00:21:25,669 --> 00:21:22,799

food chain but don't tell anybody that

548

00:21:27,510 --> 00:21:25,679

because that's kind of scary um i would

549

00:21:28,950 --> 00:21:27,520

never expect that but it would be nice

550

00:21:30,470 --> 00:21:28,960

to hear something besides just

551
00:21:32,070 --> 00:21:30,480
extraterrestrial

552
00:21:35,909 --> 00:21:32,080
i'll just finish the rest of what she

553
00:21:39,029 --> 00:21:37,270
but some others have been concerned

554
00:21:40,950 --> 00:21:39,039
about are basically safety of flight

555
00:21:42,230 --> 00:21:40,960
concerns and counterintelligence issues

556
00:21:43,669 --> 00:21:42,240
but of course there's always the

557
00:21:45,350 --> 00:21:43,679
question of

558
00:21:47,110 --> 00:21:45,360
is there something else that we simply

559
00:21:50,230 --> 00:21:47,120
do not understand that might come

560
00:21:53,669 --> 00:21:50,240
extraterrestrial extraterrestrially so

561
00:21:57,270 --> 00:21:53,679
let me just ask a a follow up

562
00:22:00,310 --> 00:21:57,280
question cookie stop i'd love to hear

563
00:22:01,270 --> 00:22:00,320

your comments about what the trade craft

564

00:22:04,230 --> 00:22:01,280

of

565

00:22:05,909 --> 00:22:04,240

uap detection is

566

00:22:07,750 --> 00:22:05,919

how we'll know

567

00:22:09,909 --> 00:22:07,760

what we know

568

00:22:12,390 --> 00:22:09,919

how would we know if we were being

569

00:22:13,669 --> 00:22:12,400

observed for example that's i find a

570

00:22:17,430 --> 00:22:13,679

question people

571

00:22:19,669 --> 00:22:17,440

pose to me often uh in the weeks before

572

00:22:21,590 --> 00:22:19,679

this this session

573

00:22:24,310 --> 00:22:21,600

it's a great question that's that's why

574

00:22:26,470 --> 00:22:24,320

crash retrievals are so important

575

00:22:28,710 --> 00:22:26,480

that ends the debate if we have craft

576

00:22:30,470 --> 00:22:28,720

and we have non-humans or what appear to

577

00:22:31,510 --> 00:22:30,480

be non-humans inside and we have those

578

00:22:33,669 --> 00:22:31,520

bodies

579

00:22:35,110 --> 00:22:33,679

the debate is over they're observing us

580

00:22:36,630 --> 00:22:35,120

or they're interacting with us or

581

00:22:37,510 --> 00:22:36,640

they're visiting this planet one or the

582

00:22:39,510 --> 00:22:37,520

other

583

00:22:41,350 --> 00:22:39,520

um but it was a good question what is

584

00:22:44,230 --> 00:22:41,360

the tradecraft

585

00:22:46,070 --> 00:22:44,240

for

586

00:22:47,909 --> 00:22:46,080

unidentified aerial phenomenon than it

587

00:22:49,590 --> 00:22:47,919

is for the rest of our work in the

588

00:22:50,630 --> 00:22:49,600

intelligence community which is to say

589

00:22:52,630 --> 00:22:50,640

that

590

00:22:54,710 --> 00:22:52,640

i think it is a little different um if

591

00:22:57,190 --> 00:22:54,720

you have objects that

592

00:22:58,549 --> 00:22:57,200

you cannot even catch if they take off

593

00:22:59,669 --> 00:22:58,559

at a high rate of speed then there's no

594

00:23:02,710 --> 00:22:59,679

way to know

595

00:23:04,310 --> 00:23:02,720

what's inside unless they crash or you

596

00:23:05,830 --> 00:23:04,320

or you shoot one down i think it's a

597

00:23:09,029 --> 00:23:05,840

little different than if you see a

598

00:23:11,430 --> 00:23:09,039

russian mig you know

599

00:23:13,350 --> 00:23:11,440

and our f-18s are chasing it so i think

600

00:23:14,549 --> 00:23:13,360

it's a little different uh a lot

601
00:23:16,630 --> 00:23:14,559
different

602
00:23:19,510 --> 00:23:16,640
you know we do our work very much as i

603
00:23:21,750 --> 00:23:19,520
was indicating we we sort of you know

604
00:23:23,990 --> 00:23:21,760
collect all of the information we can

605
00:23:25,750 --> 00:23:24,000
through a variety of different sensors

606
00:23:28,070 --> 00:23:25,760
people are reporting things we're

607
00:23:29,750 --> 00:23:28,080
picking up things technically we're

608
00:23:31,830 --> 00:23:29,760
doing a variety of work to try to

609
00:23:34,070 --> 00:23:31,840
understand what it is that we're seeing

610
00:23:36,710 --> 00:23:34,080
we are then taking other information

611
00:23:39,190 --> 00:23:36,720
that we have to determine is it

612
00:23:41,269 --> 00:23:39,200
something that we know about in that

613
00:23:43,269 --> 00:23:41,279

area is there some other reporting that

614

00:23:46,310 --> 00:23:43,279

we might not normally think of as being

615

00:23:48,470 --> 00:23:46,320

connected and then we do our analysis as

616

00:23:50,630 --> 00:23:48,480

we normally would to sort of say okay

617

00:23:53,510 --> 00:23:50,640

put it into context what are the likely

618

00:23:55,750 --> 00:23:53,520

possible options how do we characterize

619

00:23:58,070 --> 00:23:55,760

it bucket it and think about it

620

00:23:59,669 --> 00:23:58,080

all of that is sort of the standard way

621

00:24:01,510 --> 00:23:59,679

in which you work but it doesn't mean

622

00:24:05,909 --> 00:24:01,520

that

623

00:24:07,830 --> 00:24:05,919

to tell if we're being observed under

624

00:24:09,430 --> 00:24:07,840

the circumstance i mean i think there's

625

00:24:10,390 --> 00:24:09,440

a lot of different ways in which that

626
00:24:13,350 --> 00:24:10,400
might

627
00:24:15,190 --> 00:24:13,360
be revealed but certainly we're working

628
00:24:17,750 --> 00:24:15,200
to make sure that we understand what we

629
00:24:19,269 --> 00:24:17,760
do see and what phenomenon is identified

630
00:24:21,190 --> 00:24:19,279
and otherwise

631
00:24:23,830 --> 00:24:21,200
we're going to have to wait for

632
00:24:25,269 --> 00:24:23,840
bill's science work i think to actually

633
00:24:27,110 --> 00:24:25,279
reveal some of these additional

634
00:24:28,630 --> 00:24:27,120
possibilities not to mention some of the

635
00:24:30,630 --> 00:24:28,640
other people that i think you'll talk to

636
00:24:34,390 --> 00:24:30,640
later today

637
00:24:36,149 --> 00:24:34,400
okay so that's all she said on uap

638
00:24:37,510 --> 00:24:36,159

her main comments i don't remember if

639

00:24:39,430 --> 00:24:37,520

she said anything else but that was it

640

00:24:40,710 --> 00:24:39,440

and the big point was there's always the

641

00:24:44,149 --> 00:24:40,720

possibility that we're dealing with

642

00:24:48,470 --> 00:24:45,510

and

643

00:24:50,710 --> 00:24:48,480

so back to the

644

00:24:51,750 --> 00:24:50,720

article in the new york times by julian

645

00:24:55,350 --> 00:24:51,760

barnes

646

00:24:57,110 --> 00:24:55,360

which i will pull up and this is where

647

00:25:00,470 --> 00:24:57,120

i really don't understand

648

00:25:02,630 --> 00:25:00,480

his reporting here

649

00:25:05,190 --> 00:25:02,640

pentagon forms a group okay

650

00:25:09,269 --> 00:25:07,990

he's quoting haynes from that same

651
00:25:11,510 --> 00:25:09,279
from what we just watched he goes the

652
00:25:12,950 --> 00:25:11,520
main issues haynes says the main issues

653
00:25:15,669 --> 00:25:12,960
that congress and others have been

654
00:25:18,950 --> 00:25:15,679
concerned about are basically

655
00:25:21,830 --> 00:25:18,960
safety of flight concerns and counter

656
00:25:23,590 --> 00:25:21,840
intelligence issues she said

657
00:25:24,710 --> 00:25:23,600
but of course there's always the

658
00:25:27,269 --> 00:25:24,720
question of

659
00:25:29,110 --> 00:25:27,279
is there something else that we simply

660
00:25:30,669 --> 00:25:29,120
do not understand

661
00:25:32,549 --> 00:25:30,679
that might come

662
00:25:34,070 --> 00:25:32,559
extraterrestrially and she stumbled on

663
00:25:36,549 --> 00:25:34,080

that word

664

00:25:39,269 --> 00:25:36,559

now here's the here's the classic julian

665

00:25:43,909 --> 00:25:39,279

barnes line after reading several of his

666

00:25:49,110 --> 00:25:47,350

ms haines extraterrestrial remark

667

00:25:51,830 --> 00:25:49,120

was not necessarily

668

00:25:53,350 --> 00:25:51,840

not necessarily referring to space

669

00:25:56,310 --> 00:25:53,360

aliens

670

00:25:58,230 --> 00:25:56,320

first of all

671

00:26:00,070 --> 00:25:58,240

just throw in non-human intelligence

672

00:26:01,029 --> 00:26:00,080

right there and make it serious instead

673

00:26:03,190 --> 00:26:01,039

of

674

00:26:06,549 --> 00:26:03,200

it's obviously a salacious word uh

675

00:26:08,470 --> 00:26:06,559

phrase space aliens come on

676

00:26:09,909 --> 00:26:08,480

miss haines's ms haynes's

677

00:26:12,070 --> 00:26:09,919

extraterrestrial remark was not

678

00:26:13,750 --> 00:26:12,080

necessarily referring to space aliens

679

00:26:17,110 --> 00:26:13,760

but rather

680

00:26:18,390 --> 00:26:17,120

more pedestrian explanations such as

681

00:26:23,510 --> 00:26:18,400

such

682

00:26:27,029 --> 00:26:23,520

solar flares that could impact flight

683

00:26:28,950 --> 00:26:27,830

okay

684

00:26:30,710 --> 00:26:28,960

so

685

00:26:32,710 --> 00:26:30,720

where is he getting that from first of

686

00:26:34,470 --> 00:26:32,720

all this is not an op-ed this is

687

00:26:36,149 --> 00:26:34,480

reporting

688

00:26:39,110 --> 00:26:36,159

where's the quote where's the quote from

689

00:26:40,950 --> 00:26:39,120

her or any source that says by the way

690

00:26:43,350 --> 00:26:40,960

mr barnes

691

00:26:47,669 --> 00:26:45,190

we know what she's talking about and

692

00:26:50,070 --> 00:26:47,679

it's not extraterrestrial space aliens

693

00:26:52,470 --> 00:26:50,080

no no no she's talking about meteors and

694

00:26:53,909 --> 00:26:52,480

solar flares

695

00:26:58,549 --> 00:26:53,919

that's what she's talking about and

696

00:27:02,070 --> 00:26:58,559

those could impact flight safety issues

697

00:27:04,710 --> 00:27:02,080

so she's talking about meteors

698

00:27:05,590 --> 00:27:04,720

or solar flares

699

00:27:08,470 --> 00:27:05,600

and

700

00:27:14,470 --> 00:27:08,480

what i have to say about that

701
00:27:18,389 --> 00:27:17,269
you can't be serious man you cannot be

702
00:27:20,710 --> 00:27:18,399
serious

703
00:27:22,470 --> 00:27:20,720
that ball was on the line

704
00:27:24,710 --> 00:27:22,480
sharks blew up

705
00:27:27,430 --> 00:27:24,720
it was clearly it

706
00:27:29,269 --> 00:27:27,440
how can you possibly call that out

707
00:27:31,269 --> 00:27:29,279
how many you can miss

708
00:27:33,590 --> 00:27:31,279
now he's walking over everyone knows

709
00:27:34,630 --> 00:27:33,600
it's in this whole stadium and you call

710
00:27:37,269 --> 00:27:34,640
it out

711
00:27:39,909 --> 00:27:37,279
explain that to me will you

712
00:27:42,310 --> 00:27:39,919
exactly so that's how i felt when i

713
00:27:44,870 --> 00:27:42,320

watched

714

00:27:47,510 --> 00:27:44,880

when i read that article

715

00:27:50,149 --> 00:27:47,520

you cannot be serious you cannot be

716

00:27:51,830 --> 00:27:50,159

serious please explain that to me

717

00:27:54,549 --> 00:27:51,840

uh i'd love to get julian barnes to

718

00:27:55,909 --> 00:27:54,559

explain that to us because

719

00:27:58,230 --> 00:27:55,919

it's one of the most ridiculous things

720

00:28:01,990 --> 00:27:58,240

i've read unless i'm missing something

721

00:28:05,350 --> 00:28:02,000

maybe i'm missing something uh

722

00:28:07,590 --> 00:28:05,360

that uh that i overlooked but to me

723

00:28:09,590 --> 00:28:07,600

it actually makes no sense whatsoever

724

00:28:11,190 --> 00:28:09,600

him just for him to say that

725

00:28:13,350 --> 00:28:11,200

all right i'll finish it

726

00:28:15,590 --> 00:28:13,360

for years a military

727

00:28:17,190 --> 00:28:15,600

intelligence official luis elizondo ran

728

00:28:18,870 --> 00:28:17,200

a little notice group within the

729

00:28:21,350 --> 00:28:18,880

pentagon nobody noticed them yeah

730

00:28:23,909 --> 00:28:21,360

because it was it was a closed program

731

00:28:25,909 --> 00:28:23,919

starting out and he says you know barnes

732

00:28:27,909 --> 00:28:25,919

says the program within the pentagon

733

00:28:30,310 --> 00:28:27,919

little little noticed there's a little

734

00:28:33,269 --> 00:28:30,320

job called the advanced aerospace threat

735

00:28:35,669 --> 00:28:33,279

identification program

736

00:28:38,230 --> 00:28:35,679

he says nothing about james lutkatsky

737

00:28:39,830 --> 00:28:38,240

who's a rocket scientist running

738

00:28:42,230 --> 00:28:39,840

the

739

00:28:44,389 --> 00:28:42,240

advanced aerospace weapon system

740

00:28:45,909 --> 00:28:44,399

applications program awesome says

741

00:28:48,470 --> 00:28:45,919

nothing about that

742

00:28:50,549 --> 00:28:48,480

you know this is not 2017. we now know

743

00:28:53,430 --> 00:28:50,559

about asap the book has come out

744

00:28:54,710 --> 00:28:53,440

why did you not talk about ossep mr

745

00:28:56,070 --> 00:28:54,720

barnes

746

00:28:59,909 --> 00:28:56,080

the pentagon has said the program was

747

00:29:01,990 --> 00:28:59,919

shut down in 2012 asap started in 2008

748

00:29:03,430 --> 00:29:02,000

september i believe and went to december

749

00:29:04,870 --> 00:29:03,440

of 2010

750

00:29:06,950 --> 00:29:04,880

and somewhere in there

751

00:29:08,149 --> 00:29:06,960

atip started going to

752

00:29:10,470 --> 00:29:08,159

whether or not it was an official

753

00:29:12,630 --> 00:29:10,480

program it was working with military

754

00:29:14,870 --> 00:29:12,640

sightings of ufos

755

00:29:17,430 --> 00:29:14,880

and as far as we know lou has said other

756

00:29:19,350 --> 00:29:17,440

people who have worked in the program

757

00:29:20,870 --> 00:29:19,360

uh eric davis said to

758

00:29:22,870 --> 00:29:20,880

to um

759

00:29:24,389 --> 00:29:22,880

stephen greenstreet on that

760

00:29:27,590 --> 00:29:24,399

the basement office yeah it was

761

00:29:28,870 --> 00:29:27,600

continuing to go and it had a new name

762

00:29:30,870 --> 00:29:28,880

at the time we didn't know the name but

763

00:29:31,909 --> 00:29:30,880

it was the uap task force it morphed

764

00:29:34,149 --> 00:29:31,919

into that

765

00:29:35,909 --> 00:29:34,159

atip morphin morphed into the uap task

766

00:29:37,190 --> 00:29:35,919

force

767

00:29:38,950 --> 00:29:37,200

and he says

768

00:29:40,470 --> 00:29:38,960

backers of the program said its work

769

00:29:42,470 --> 00:29:40,480

continued and i'm gonna have to take a

770

00:29:44,310 --> 00:29:42,480

break here

771

00:29:46,149 --> 00:29:44,320

because the dog is about to go crazy so

772

00:29:47,669 --> 00:29:46,159

just a heads up i'm not even close to

773

00:29:49,909 --> 00:29:47,679

being done pentagon has said the program

774

00:29:52,950 --> 00:29:49,919

was shut down in 2012 but backers of the

775

00:29:54,549 --> 00:29:52,960

program said its work continued in 2020

776

00:29:56,870 --> 00:29:54,559

the pentagon announced it had a new

777

00:30:00,230 --> 00:29:56,880

group the unidentified aerial phenomenon

778

00:30:02,549 --> 00:30:01,510

remember

779

00:30:09,190 --> 00:30:02,559

there we go

780

00:30:19,590 --> 00:30:14,710

in the meantime

781

00:30:19,600 --> 00:30:22,650

photos

782

00:30:27,269 --> 00:30:23,990

[Music]

783

00:30:28,710 --> 00:30:27,279

all right so i'm live okay

784

00:30:31,350 --> 00:30:28,720

not live but i'm recording so just

785

00:30:33,190 --> 00:30:31,360

ignore me for now

786

00:30:35,110 --> 00:30:33,200

oh all right

787

00:30:40,230 --> 00:30:35,120

hopefully all that audio came out let me

788

00:30:40,240 --> 00:30:43,830

the end of the article

789

00:30:47,510 --> 00:30:45,350

hopefully you guys are enjoying this i

790

00:30:50,630 --> 00:30:47,520

forgot to put up my patreon information

791

00:30:52,870 --> 00:30:50,640

as usual what else is new

792

00:30:54,149 --> 00:30:52,880

um the memo released by dr hicks said

793

00:30:55,909 --> 00:30:54,159

the task force would immediately

794

00:30:57,509 --> 00:30:55,919

transition to the new synchronization

795

00:31:00,149 --> 00:30:57,519

group

796

00:31:01,430 --> 00:31:00,159

like if this was 2017

797

00:31:03,509 --> 00:31:01,440

and we had never heard of the new york

798

00:31:05,269 --> 00:31:03,519

times article in the three videos

799

00:31:07,029 --> 00:31:05,279

we'd all be so excited to hear about

800

00:31:08,630 --> 00:31:07,039

this

801
00:31:10,389 --> 00:31:08,640
he writes the oversight council will

802
00:31:13,269 --> 00:31:10,399
choose an acting director for the new

803
00:31:15,350 --> 00:31:13,279
group and issue guidance subject to dr

804
00:31:17,029 --> 00:31:15,360
hicks's approval she said

805
00:31:21,590 --> 00:31:17,039
the new director will have the power to

806
00:31:24,230 --> 00:31:21,600
standardize incident reporting of uap

807
00:31:26,389 --> 00:31:24,240
ask the overs ask to oversee the

808
00:31:29,269 --> 00:31:26,399
analysis of data on the unexplained

809
00:31:31,350 --> 00:31:29,279
sightings and identify shortfalls in

810
00:31:33,350 --> 00:31:31,360
detection capabilities so that's the

811
00:31:35,029 --> 00:31:33,360
article

812
00:31:37,350 --> 00:31:35,039
like i said the one thing that stands

813
00:31:41,990 --> 00:31:39,269

haynes was only talking about meteors

814

00:31:43,269 --> 00:31:42,000

and solar flares folks come on

815

00:31:45,990 --> 00:31:43,279

guys should be i'm sorry you should be

816

00:31:48,230 --> 00:31:46,000

embarrassed for writing that um now i

817

00:31:50,950 --> 00:31:48,240

will get to for some reason we have

818

00:31:53,350 --> 00:31:50,960

public comments via twitter

819

00:31:56,630 --> 00:31:53,360

from luis elizondo and how he felt about

820

00:31:58,389 --> 00:31:56,640

this new office

821

00:32:00,149 --> 00:31:58,399

running out of the office of the

822

00:32:02,389 --> 00:32:00,159

undersecretary of defense for

823

00:32:03,830 --> 00:32:02,399

intelligence and

824

00:32:05,509 --> 00:32:03,840

i think also it's

825

00:32:07,750 --> 00:32:05,519

and security

826

00:32:10,549 --> 00:32:07,760

is the last part of that acronym

827

00:32:12,149 --> 00:32:10,559

o-u-s-d-i-s

828

00:32:14,950 --> 00:32:12,159

i think

829

00:32:17,669 --> 00:32:14,960

so

830

00:32:19,350 --> 00:32:17,679

why couldn't uh barnes have put

831

00:32:21,190 --> 00:32:19,360

luis elizondo's response i mean

832

00:32:22,710 --> 00:32:21,200

alexander ran the program

833

00:32:25,110 --> 00:32:22,720

you quoted you know

834

00:32:26,870 --> 00:32:25,120

you mentioned him in your article

835

00:32:31,590 --> 00:32:26,880

so this is what lou said for those who

836

00:32:36,470 --> 00:32:33,110

if i could find it

837

00:32:40,830 --> 00:32:36,480

and i am struggling to find it darn it

838

00:32:47,269 --> 00:32:44,950

no is not it oh let me please find it if

839

00:32:49,590 --> 00:32:47,279

not i'll just read it

840

00:32:50,710 --> 00:32:49,600

share screen

841

00:32:54,549 --> 00:32:50,720

window

842

00:32:57,190 --> 00:32:54,559

photos and it's not showing up darn it

843

00:32:59,590 --> 00:32:57,200

see how this works there we go

844

00:33:00,389 --> 00:32:59,600

get rid of me

845

00:33:03,190 --> 00:33:00,399

so

846

00:33:05,509 --> 00:33:03,200

lou wrote a couple of tweets

847

00:33:08,230 --> 00:33:05,519

after the report came out about this new

848

00:33:10,470 --> 00:33:08,240

pentagon office he says important update

849

00:33:12,149 --> 00:33:10,480

before anyone gets too excited

850

00:33:14,470 --> 00:33:12,159

about the recent pentagon announcement

851
00:33:16,230 --> 00:33:14,480
of the new uap group please consider the

852
00:33:17,750 --> 00:33:16,240
following

853
00:33:19,669 --> 00:33:17,760
the under secretary of defense for

854
00:33:21,750 --> 00:33:19,679
intelligence is precisely the same

855
00:33:25,190 --> 00:33:21,760
organization that has underplayed and

856
00:33:27,830 --> 00:33:25,200
tried to kill the uap effort for years

857
00:33:29,990 --> 00:33:27,840
usdi has is an oversight organization

858
00:33:31,669 --> 00:33:30,000
and non-operational

859
00:33:33,350 --> 00:33:31,679
nowhere is there a requirement to

860
00:33:35,269 --> 00:33:33,360
provide unclassified findings to

861
00:33:36,870 --> 00:33:35,279
congress or work with our international

862
00:33:39,269 --> 00:33:36,880
partners

863
00:33:41,110 --> 00:33:39,279

given that elements still exist in the

864

00:33:43,350 --> 00:33:41,120

pentagon who are actively underplaying

865

00:33:45,590 --> 00:33:43,360

the significance of this topic

866

00:33:48,149 --> 00:33:45,600

this is akin to giving an alcoholic the

867

00:33:50,070 --> 00:33:48,159

key and control to the liquor cabinet

868

00:33:53,430 --> 00:33:50,080

if you want to maintain the uap ufo

869

00:33:55,990 --> 00:33:53,440

secrecy this is exactly how to do it

870

00:33:58,470 --> 00:33:56,000

this is a direct and blatant attempt to

871

00:34:00,870 --> 00:33:58,480

circumvent and undermine the senate and

872

00:34:03,430 --> 00:34:00,880

then he tags senator gillibrand senator

873

00:34:08,069 --> 00:34:03,440

rubio senator reuben gallego martin

874

00:34:10,389 --> 00:34:08,079

heinrich and senator heinrich and um

875

00:34:12,310 --> 00:34:10,399

representative tim burchette and others

876

00:34:14,470 --> 00:34:12,320

and also there's

877

00:34:15,909 --> 00:34:14,480

there's one more senator senator who's

878

00:34:17,750 --> 00:34:15,919

involved in this and i forget the name

879

00:34:19,750 --> 00:34:17,760

off-hand

880

00:34:21,829 --> 00:34:19,760

lou finishes up by saying please please

881

00:34:23,589 --> 00:34:21,839

please contact your representatives and

882

00:34:25,510 --> 00:34:23,599

let them know this is this is this is

883

00:34:28,230 --> 00:34:25,520

unacceptable and not in the best

884

00:34:29,589 --> 00:34:28,240

interest of the american people the usdi

885

00:34:32,470 --> 00:34:29,599

is the one single office that has

886

00:34:35,909 --> 00:34:32,480

continuously lied about this topic and

887

00:34:36,790 --> 00:34:35,919

persecuted whistleblowers

888

00:34:41,349 --> 00:34:36,800

so

889

00:34:42,790 --> 00:34:41,359

chris mellon's letter to gallego related

890

00:34:45,750 --> 00:34:42,800

to this

891

00:34:49,190 --> 00:34:47,190

i'm gonna

892

00:34:51,909 --> 00:34:49,200

follow up what lou said

893

00:34:53,750 --> 00:34:51,919

from a source of mind who told me

894

00:34:55,750 --> 00:34:53,760

the office of the under secretary of

895

00:34:57,750 --> 00:34:55,760

defense for intelligence is basically

896

00:34:59,829 --> 00:34:57,760

the front for the religious

897

00:35:01,430 --> 00:34:59,839

fundamentalists

898

00:35:03,589 --> 00:35:01,440

really great source and i had that

899

00:35:05,270 --> 00:35:03,599

follow follow followed up today by

900

00:35:06,310 --> 00:35:05,280

another source who said the same exact

901
00:35:08,630 --> 00:35:06,320
thing

902
00:35:09,910 --> 00:35:08,640
so they agree with that first source

903
00:35:11,670 --> 00:35:09,920
and

904
00:35:13,829 --> 00:35:11,680
sorry about the background noise folks

905
00:35:15,190 --> 00:35:13,839
um

906
00:35:16,470 --> 00:35:15,200
the religious fundamentalist so

907
00:35:18,950 --> 00:35:16,480
basically he's talking about he's

908
00:35:21,430 --> 00:35:18,960
talking about what everybody knows as

909
00:35:23,430 --> 00:35:21,440
the collins elite a loosely organized

910
00:35:25,109 --> 00:35:23,440
group organized organized group not

911
00:35:26,630 --> 00:35:25,119
really officially i don't have a name

912
00:35:28,390 --> 00:35:26,640
they don't have jackets saying colin's

913
00:35:30,710 --> 00:35:28,400

elite but you know religious folks who

914

00:35:32,630 --> 00:35:30,720

think this is demonic and should not be

915

00:35:34,069 --> 00:35:32,640

studied

916

00:35:34,950 --> 00:35:34,079

um

917

00:35:37,430 --> 00:35:34,960

so

918

00:35:39,030 --> 00:35:37,440

before i get to chris mellon's letter to

919

00:35:42,230 --> 00:35:39,040

gallego which i do want to read i did

920

00:35:46,550 --> 00:35:42,240

not read last time i want to read

921

00:35:50,950 --> 00:35:48,470

i'm not gonna quote because it's from a

922

00:35:53,190 --> 00:35:50,960

source recently

923

00:35:56,310 --> 00:35:53,200

and i want to tell you what this person

924

00:35:58,470 --> 00:35:56,320

said i'm gonna paraphrase this is what i

925

00:36:00,790 --> 00:35:58,480

was in my headline is this going to be

926

00:36:02,790 --> 00:36:00,800

this office the pentagon is

927

00:36:05,990 --> 00:36:02,800

is putting forth is is this going to be

928

00:36:10,550 --> 00:36:06,950

so

929

00:36:14,790 --> 00:36:13,030

that they

930

00:36:16,390 --> 00:36:14,800

acquired the same independently

931

00:36:18,950 --> 00:36:16,400

independently acquired the same

932

00:36:20,470 --> 00:36:18,960

information that luis elizondo did about

933

00:36:23,510 --> 00:36:20,480

the office of the undersecretary of

934

00:36:25,030 --> 00:36:23,520

defense for intelligence in other words

935

00:36:28,950 --> 00:36:25,040

everything lou said this person agreed

936

00:36:30,310 --> 00:36:28,960

with hicks's order to create the new uap

937

00:36:33,109 --> 00:36:30,320

office within

938

00:36:35,349 --> 00:36:33,119

the ousdi

939

00:36:38,630 --> 00:36:35,359

is an ill-advised premature move before

940

00:36:41,990 --> 00:36:38,640

congress passes the ndaa

941

00:36:42,950 --> 00:36:42,000

this aoi msg that's the most important

942

00:36:45,109 --> 00:36:42,960

part

943

00:36:48,310 --> 00:36:45,119

this new office will most likely be very

944

00:36:51,109 --> 00:36:48,320

temporary because the ndaa language for

945

00:36:54,390 --> 00:36:51,119

creating a new uap program office

946

00:36:57,030 --> 00:36:54,400

somewhere will supersede the new office

947

00:36:59,670 --> 00:36:57,040

at the ousdi

948

00:37:01,670 --> 00:36:59,680

uh ns and security

949

00:37:03,030 --> 00:37:01,680

in other words once again

950

00:37:04,230 --> 00:37:03,040

the gila brand amendment if that

951
00:37:06,310 --> 00:37:04,240
language makes it in it's gonna

952
00:37:07,990 --> 00:37:06,320
supersede anything that the pentagon is

953
00:37:09,990 --> 00:37:08,000
doing that's what this person is saying

954
00:37:13,109 --> 00:37:10,000
most likely it's going to be a temporary

955
00:37:15,430 --> 00:37:13,119
office so if that's true we can all you

956
00:37:16,950 --> 00:37:15,440
know take a deep breath

957
00:37:18,950 --> 00:37:16,960
and as far as

958
00:37:21,190 --> 00:37:18,960
the gila brand

959
00:37:22,870 --> 00:37:21,200
effort her amendment

960
00:37:24,950 --> 00:37:22,880
i'll close i'll close with that let me

961
00:37:26,950 --> 00:37:24,960
just i'll read what christopher mellon

962
00:37:28,710 --> 00:37:26,960
said i think you guys are aware the gila

963
00:37:30,150 --> 00:37:28,720

brand amendment is very strong you know

964

00:37:32,950 --> 00:37:30,160

basically calls for going out in the

965

00:37:35,349 --> 00:37:32,960

field investigating cases look at health

966

00:37:36,870 --> 00:37:35,359

related effects from ufos uh crash

967

00:37:38,870 --> 00:37:36,880

retrievals you know do we have any of

968

00:37:40,870 --> 00:37:38,880

that material are we back engineering it

969

00:37:43,430 --> 00:37:40,880

stuff that we really want to see

970

00:37:45,430 --> 00:37:43,440

um so christopher mellon

971

00:37:48,790 --> 00:37:45,440

that kind of language was first brought

972

00:37:53,990 --> 00:37:48,800

up brought up by representative

973

00:37:57,430 --> 00:37:55,349

christopher mellon took the time to

974

00:38:00,870 --> 00:37:57,440

write him a letter now i want to read

975

00:38:04,630 --> 00:38:03,430

so here we go

976
00:38:05,910 --> 00:38:04,640
so it's from christopher mellon's

977
00:38:07,670 --> 00:38:05,920
website

978
00:38:10,710 --> 00:38:07,680
it says dear representative gallego i'm

979
00:38:13,109 --> 00:38:10,720
writing as an admirer and supporter who

980
00:38:16,150 --> 00:38:13,119
deeply shares your concerns about the

981
00:38:18,069 --> 00:38:16,160
uap issue in 2017 i was shocked to learn

982
00:38:20,950 --> 00:38:18,079
the us navy pilots had been encountering

983
00:38:21,990 --> 00:38:20,960
uap and restricted airspace on a regular

984
00:38:23,829 --> 00:38:22,000
basis

985
00:38:25,670 --> 00:38:23,839
and nobody was reporting it much less

986
00:38:27,829 --> 00:38:25,680
doing anything about it

987
00:38:29,430 --> 00:38:27,839
senior dod and intelligence officials

988
00:38:34,150 --> 00:38:29,440

congress and the american public were

989

00:38:37,109 --> 00:38:35,589

he was one of the people unaware too

990

00:38:38,710 --> 00:38:37,119

until he found i don't know how he found

991

00:38:40,870 --> 00:38:38,720

lou's office but he found it he was able

992

00:38:43,349 --> 00:38:40,880

to get ready after he got all the proper

993

00:38:45,430 --> 00:38:43,359

clearances and all the tickets and lou

994

00:38:47,109 --> 00:38:45,440

said he did not think melon would be

995

00:38:48,630 --> 00:38:47,119

able to get all that stuff but he got it

996

00:38:50,470 --> 00:38:48,640

he got it pretty quickly so that tells

997

00:38:52,310 --> 00:38:50,480

you something about christopher mellon

998

00:38:53,670 --> 00:38:52,320

he has the right contacts to get what is

999

00:38:55,910 --> 00:38:53,680

needed to find out about whatever

1000

00:38:57,510 --> 00:38:55,920

program he wants to find out about

1001
00:38:58,950 --> 00:38:57,520
and he did not know about that program

1002
00:39:01,349 --> 00:38:58,960
and it surprised him he did not know

1003
00:39:03,030 --> 00:39:01,359
about atip

1004
00:39:05,829 --> 00:39:03,040
so mellon says i therefore worked with

1005
00:39:07,109 --> 00:39:05,839
louis elizondo of the usdi staff

1006
00:39:09,030 --> 00:39:07,119
to try to get this extraordinary

1007
00:39:10,550 --> 00:39:09,040
information to secretary mattis we knew

1008
00:39:12,630 --> 00:39:10,560
that almost anyone below that level

1009
00:39:14,310 --> 00:39:12,640
would likely shunt the issue aside in

1010
00:39:18,550 --> 00:39:14,320
quash

1011
00:39:20,069 --> 00:39:18,560
after a number of months we realized we

1012
00:39:21,589 --> 00:39:20,079
were not going to be able to inform

1013
00:39:23,910 --> 00:39:21,599

secretary mattis

1014

00:39:26,150 --> 00:39:23,920

after some deliberation we decided this

1015

00:39:28,390 --> 00:39:26,160

was simply too important to ignore

1016

00:39:30,310 --> 00:39:28,400

lou resigned from osd in protest and

1017

00:39:32,870 --> 00:39:30,320

shortly after thereafter i delivered two

1018

00:39:35,349 --> 00:39:32,880

authentic but unclassified dod

1019

00:39:37,030 --> 00:39:35,359

uap videos to the new york times

1020

00:39:39,589 --> 00:39:37,040

another video i provided later

1021

00:39:41,430 --> 00:39:39,599

accompanied an op-ed and that was the

1022

00:39:43,829 --> 00:39:41,440

other video that came later was the go

1023

00:39:48,230 --> 00:39:43,839

fast the first two were tic tac

1024

00:39:50,550 --> 00:39:48,240

flair one slash flare one and the gimbal

1025

00:39:52,390 --> 00:39:50,560

i later provided that other video and an

1026
00:39:53,829 --> 00:39:52,400
op-ed to the washington post since that

1027
00:39:55,510 --> 00:39:53,839
time lou and i have done a history

1028
00:39:57,349 --> 00:39:55,520
channel doctor series 60 minutes and

1029
00:39:58,390 --> 00:39:57,359
innumerable interviews to help raise

1030
00:40:00,069 --> 00:39:58,400
awareness

1031
00:40:02,470 --> 00:40:00,079
lou is the one who's done numeral

1032
00:40:04,309 --> 00:40:02,480
innumerable interviews just too many to

1033
00:40:06,550 --> 00:40:04,319
count right now

1034
00:40:08,069 --> 00:40:06,560
i was there for and melon has done some

1035
00:40:09,910 --> 00:40:08,079
too and not anywhere close to what lou

1036
00:40:11,430 --> 00:40:09,920
has i was therefore thrilled when i

1037
00:40:13,750 --> 00:40:11,440
heard you had offered an amendment to

1038
00:40:15,990 --> 00:40:13,760

establish a permanent dod focal point

1039

00:40:19,670 --> 00:40:16,000

for the uap issue so gallego came first

1040

00:40:23,589 --> 00:40:21,190

my excitement grew further when i read

1041

00:40:25,510 --> 00:40:23,599

the gillibrand amendment as a former

1042

00:40:27,670 --> 00:40:25,520

senate armed services committee senate

1043

00:40:29,510 --> 00:40:27,680

select committee intelligence and osd

1044

00:40:31,670 --> 00:40:29,520

staffer and one of the two people most

1045

00:40:33,030 --> 00:40:31,680

responsible for alerting congress i hope

1046

00:40:34,710 --> 00:40:33,040

that you will consider the following

1047

00:40:36,230 --> 00:40:34,720

observations

1048

00:40:37,829 --> 00:40:36,240

there's no contradiction between your

1049

00:40:39,430 --> 00:40:37,839

bill's language and senator gillibrand's

1050

00:40:42,790 --> 00:40:39,440

amendment

1051
00:40:44,950 --> 00:40:42,800
the administration to decide where this

1052
00:40:46,630 --> 00:40:44,960
new capability will reside

1053
00:40:48,470 --> 00:40:46,640
regardless of the new location many

1054
00:40:50,150 --> 00:40:48,480
gillibrand amendment provisions are

1055
00:40:52,150 --> 00:40:50,160
critical if we are to make headway

1056
00:40:54,710 --> 00:40:52,160
understanding this phenomenon the

1057
00:40:56,790 --> 00:40:54,720
gillibrand amendment

1058
00:40:58,470 --> 00:40:56,800
authorizes already appropriated space

1059
00:41:01,270 --> 00:40:58,480
defense and intelligence funds to be

1060
00:41:02,950 --> 00:41:01,280
used for uap related activities so the

1061
00:41:06,069 --> 00:41:02,960
funding is there

1062
00:41:07,990 --> 00:41:06,079
hence while osd continues ineffectually

1063
00:41:08,950 --> 00:41:08,000

shuffling paper as they have been for

1064

00:41:11,510 --> 00:41:08,960

years

1065

00:41:12,470 --> 00:41:11,520

action orientated organizations with

1066

00:41:14,550 --> 00:41:12,480

funding

1067

00:41:17,270 --> 00:41:14,560

contracting authority and technical

1068

00:41:19,670 --> 00:41:17,280

expertise can begin working

1069

00:41:22,870 --> 00:41:19,680

is the osd staff going to identify the

1070

00:41:25,589 --> 00:41:22,880

most telling uap signatures for dod

1071

00:41:27,430 --> 00:41:25,599

and the internet in

1072

00:41:28,870 --> 00:41:27,440

the intelligence community systems to

1073

00:41:31,430 --> 00:41:28,880

search for

1074

00:41:35,430 --> 00:41:31,440

clearly not that expertise resides in

1075

00:41:37,030 --> 00:41:35,440

organizations like nro and the ssdp i

1076

00:41:39,670 --> 00:41:37,040

looked that up before

1077

00:41:41,910 --> 00:41:39,680

google it sstp you'll see it's space

1078

00:41:43,670 --> 00:41:41,920

related i think it's satellite space

1079

00:41:45,910 --> 00:41:43,680

related um

1080

00:41:48,150 --> 00:41:45,920

this is the authority gives dod and its

1081

00:41:49,910 --> 00:41:48,160

components much needed flexibility so

1082

00:41:51,510 --> 00:41:49,920

they don't have to wait another year to

1083

00:41:53,030 --> 00:41:51,520

get moving

1084

00:41:54,550 --> 00:41:53,040

so the gila brand amendment also

1085

00:41:56,470 --> 00:41:54,560

requires the development and

1086

00:41:58,630 --> 00:41:56,480

implementation of a plan for collection

1087

00:42:00,630 --> 00:41:58,640

and analysis the current approach is

1088

00:42:02,950 --> 00:42:00,640

equivalent to saying let's monitor

1089

00:42:04,950 --> 00:42:02,960

chinese weapons development by ensuring

1090

00:42:07,829 --> 00:42:04,960

any random detection of chinese missiles

1091

00:42:10,150 --> 00:42:07,839

or aircraft is duly reported

1092

00:42:12,470 --> 00:42:10,160

that's obviously a passive ineffectual

1093

00:42:14,870 --> 00:42:12,480

approach at a minimum congress should

1094

00:42:16,710 --> 00:42:14,880

require any successor to the uap task

1095

00:42:19,349 --> 00:42:16,720

force to develop the science and

1096

00:42:21,430 --> 00:42:19,359

collection and analysis plans called for

1097

00:42:23,190 --> 00:42:21,440

by the gila brand amendment that simply

1098

00:42:24,390 --> 00:42:23,200

needs to be done

1099

00:42:25,670 --> 00:42:24,400

the driller brand amendment would

1100

00:42:28,309 --> 00:42:25,680

maintain the requirement for

1101
00:42:30,390 --> 00:42:28,319
unclassified uap reporting a huge plus

1102
00:42:32,390 --> 00:42:30,400
for transparency and accountability

1103
00:42:34,150 --> 00:42:32,400
it would be shameful it would be

1104
00:42:36,390 --> 00:42:34,160
shameful to retreat from the recent

1105
00:42:38,230 --> 00:42:36,400
progress that has been made in providing

1106
00:42:39,510 --> 00:42:38,240
sunlight and transparency for the

1107
00:42:42,390 --> 00:42:39,520
taxpayer

1108
00:42:44,150 --> 00:42:42,400
visibility ensures accountability

1109
00:42:46,150 --> 00:42:44,160
the gila brand amendment builds bridges

1110
00:42:49,430 --> 00:42:46,160
to the scientific community this is a

1111
00:42:51,670 --> 00:42:49,440
win-win for science and the dod

1112
00:42:54,069 --> 00:42:51,680
it directs the uap task force or its

1113
00:42:56,390 --> 00:42:54,079

successor to examine closely related

1114

00:42:59,270 --> 00:42:56,400

technical issues such as non-combustion

1115

00:43:01,270 --> 00:42:59,280

propulsion and the physical effects that

1116

00:43:03,510 --> 00:43:01,280

can result from close proximity

1117

00:43:05,990 --> 00:43:03,520

proximity exposure to uap

1118

00:43:09,510 --> 00:43:06,000

these efforts can contribute

1119

00:43:11,190 --> 00:43:09,520

substantially to our understanding of

1120

00:43:14,150 --> 00:43:11,200

the phenomenon

1121

00:43:18,150 --> 00:43:14,160

and by the way as i said the other day

1122

00:43:19,910 --> 00:43:18,160

if they look into health-related effects

1123

00:43:21,910 --> 00:43:19,920

they're going to encounter some of the

1124

00:43:23,589 --> 00:43:21,920

other weird parts

1125

00:43:25,510 --> 00:43:23,599

of what it means to come close to the

1126

00:43:28,390 --> 00:43:25,520

phenomenon anybody who comes close to

1127

00:43:30,950 --> 00:43:28,400

the phenomenon not anybody but a lot of

1128

00:43:33,190 --> 00:43:30,960

people have these side effects and

1129

00:43:35,030 --> 00:43:33,200

whether it's the hitchhiker effect

1130

00:43:36,710 --> 00:43:35,040

poltergeist stuff people you know things

1131

00:43:38,870 --> 00:43:36,720

people don't want to talk about

1132

00:43:40,950 --> 00:43:38,880

it happens so not only do some of these

1133

00:43:43,109 --> 00:43:40,960

people get sick but then they have a lot

1134

00:43:45,510 --> 00:43:43,119

of paranormal activity going on around

1135

00:43:47,910 --> 00:43:45,520

them so if they're investigating reports

1136

00:43:49,589 --> 00:43:47,920

that stuff will come up we need to study

1137

00:43:51,190 --> 00:43:49,599

that stuff i have no doubt it's

1138

00:43:52,550 --> 00:43:51,200

connected we need to study it if we want

1139

00:43:54,710 --> 00:43:52,560

to understand what the heck is going on

1140

00:43:57,670 --> 00:43:54,720

with ufos because it's not just simply

1141

00:43:59,190 --> 00:43:57,680

studying propulsion and you know even

1142

00:44:03,109 --> 00:43:59,200

finding out who's inside is not going to

1143

00:44:05,750 --> 00:44:03,119

get us the answers we seek in my opinion

1144

00:44:09,430 --> 00:44:05,760

so in conclusion he writes as a former

1145

00:44:11,190 --> 00:44:09,440

osd staffer myself i'm shocked that the

1146

00:44:14,230 --> 00:44:11,200

deputy secretary of defense would assign

1147

00:44:17,349 --> 00:44:14,240

the uap function to an oversight staff

1148

00:44:19,190 --> 00:44:17,359

with no uap funding or line authority

1149

00:44:21,589 --> 00:44:19,200

contracting command or technical

1150

00:44:23,990 --> 00:44:21,599

capabilities indeed the inability of

1151

00:44:25,270 --> 00:44:24,000

usdi to engage effectively on the

1152

00:44:27,829 --> 00:44:25,280

uip issue

1153

00:44:31,349 --> 00:44:27,839

is why so little has changed or been

1154

00:44:33,190 --> 00:44:31,359

accomplished since 2004. however

1155

00:44:35,589 --> 00:44:33,200

this is a great opportunity for you

1156

00:44:37,829 --> 00:44:35,599

senator gallego to lead to incorporate

1157

00:44:39,349 --> 00:44:37,839

the best of the gillibrand amendment and

1158

00:44:41,510 --> 00:44:39,359

gather the senate behind you with

1159

00:44:43,270 --> 00:44:41,520

legislation that can ensure genuine

1160

00:44:44,790 --> 00:44:43,280

progress and possibly an enormous

1161

00:44:45,750 --> 00:44:44,800

breakthrough in the months and years

1162

00:44:47,190 --> 00:44:45,760

ahead

1163

00:44:49,829 --> 00:44:47,200

many thanks for your leadership and your

1164

00:44:51,510 --> 00:44:49,839

cons consideration of my views please do

1165

00:44:53,589 --> 00:44:51,520

not hesitate to contact me at any time

1166

00:44:54,550 --> 00:44:53,599

sincerely and respectfully christopher

1167

00:44:57,589 --> 00:44:54,560

mellon

1168

00:45:01,829 --> 00:44:59,670

douglas dean john dean johnson said that

1169

00:45:03,349 --> 00:45:01,839

gallego will be involved in negotiating

1170

00:45:06,710 --> 00:45:03,359

the language between the senate and the

1171

00:45:08,630 --> 00:45:06,720

house so he's really important um

1172

00:45:10,470 --> 00:45:08,640

i hope most of that language makes it

1173

00:45:12,550 --> 00:45:10,480

into the final bill

1174

00:45:14,470 --> 00:45:12,560

and the final bill let me just talk

1175

00:45:17,430 --> 00:45:14,480

about the gillibrand amendment just

1176

00:45:19,109 --> 00:45:17,440

touch on it for some folks who don't

1177

00:45:22,150 --> 00:45:19,119

who don't know

1178

00:45:24,550 --> 00:45:22,160

what was in there why we were so excited

1179

00:45:27,430 --> 00:45:24,560

so basically it was co-sponsored by

1180

00:45:29,030 --> 00:45:27,440

senator lindsey graham roy blunt

1181

00:45:31,270 --> 00:45:29,040

marco rubio blunt was the name i

1182

00:45:33,109 --> 00:45:31,280

couldn't remember before

1183

00:45:35,030 --> 00:45:33,119

marco rubio and those are all

1184

00:45:38,150 --> 00:45:35,040

republicans and then democrat martin

1185

00:45:42,710 --> 00:45:39,270

and

1186

00:45:44,790 --> 00:45:42,720

excuse me as i just scroll down

1187

00:45:47,510 --> 00:45:44,800

and just one thing lou has said recently

1188

00:45:49,990 --> 00:45:47,520

that things are imminent and people are

1189

00:45:51,270 --> 00:45:50,000

like oh my god imminent full disclosure

1190

00:45:52,790 --> 00:45:51,280

no i don't think he means that he just

1191

00:45:54,550 --> 00:45:52,800

thinks things are going to ramp up

1192

00:45:56,390 --> 00:45:54,560

conversation is going to take take it to

1193

00:45:57,829 --> 00:45:56,400

the next level

1194

00:45:59,270 --> 00:45:57,839

we're going to get an office hopefully

1195

00:46:01,109 --> 00:45:59,280

in theory if everything goes the way we

1196

00:46:03,589 --> 00:46:01,119

want it to that's going to study these

1197

00:46:05,190 --> 00:46:03,599

these ufos that doesn't mean

1198

00:46:06,710 --> 00:46:05,200

that we don't think that there's data

1199

00:46:07,829 --> 00:46:06,720

that's already been collected of course

1200

00:46:09,510 --> 00:46:07,839

i believe that and i think there are

1201
00:46:10,550 --> 00:46:09,520
certain people that know a hell of a lot

1202
00:46:11,910 --> 00:46:10,560
more than

1203
00:46:13,270 --> 00:46:11,920
what we do and there's people in the

1204
00:46:15,910 --> 00:46:13,280
middle that know more you know i think

1205
00:46:17,589 --> 00:46:15,920
it goes in stages

1206
00:46:19,510 --> 00:46:17,599
folks in the special access programs who

1207
00:46:21,589 --> 00:46:19,520
have been studying this for a very long

1208
00:46:23,510 --> 00:46:21,599
time have a have a

1209
00:46:25,190 --> 00:46:23,520
decent idea of some of what we're

1210
00:46:26,470 --> 00:46:25,200
dealing with i don't know if they know

1211
00:46:28,230 --> 00:46:26,480
intent

1212
00:46:29,510 --> 00:46:28,240
um

1213
00:46:32,309 --> 00:46:29,520

so

1214

00:46:34,230 --> 00:46:32,319

address people say oh you're just

1215

00:46:35,829 --> 00:46:34,240

content with what's going on now no i'm

1216

00:46:38,630 --> 00:46:35,839

not i just know that we're not a large

1217

00:46:39,829 --> 00:46:38,640

enough constituency as far as ufo

1218

00:46:41,589 --> 00:46:39,839

twitter and all the folks who are

1219

00:46:43,190 --> 00:46:41,599

passionate about the subject

1220

00:46:44,710 --> 00:46:43,200

to make a difference with phone calls i

1221

00:46:46,550 --> 00:46:44,720

don't think that's we're at that level

1222

00:46:48,069 --> 00:46:46,560

yet we will be one day

1223

00:46:50,150 --> 00:46:48,079

i fully believe that but we're not i

1224

00:46:52,390 --> 00:46:50,160

don't think we're close to that

1225

00:46:54,870 --> 00:46:52,400

um so gillibrand is one of several

1226

00:46:59,030 --> 00:46:54,880

senators i think

1227

00:47:01,510 --> 00:46:59,040

young uh king angus king and cotton sit

1228

00:47:03,990 --> 00:47:01,520

on the senate armed services

1229

00:47:07,349 --> 00:47:04,000

senate armed services committee and the

1230

00:47:09,510 --> 00:47:07,359

senate select committee for intelligence

1231

00:47:12,870 --> 00:47:09,520

why is that important for gillibrand's

1232

00:47:15,670 --> 00:47:12,880

gillibrand specifically since she made

1233

00:47:19,589 --> 00:47:15,680

she made the um amendment

1234

00:47:21,510 --> 00:47:19,599

well i will show you why if i can

1235

00:47:24,470 --> 00:47:21,520

pull up

1236

00:47:28,630 --> 00:47:24,480

my photos i'm sorry

1237

00:47:33,349 --> 00:47:28,640

let's see it is i'll just read

1238

00:47:38,470 --> 00:47:35,990

here we go i can share this

1239

00:47:41,270 --> 00:47:38,480

so remember gillibrand was part of the

1240

00:47:43,030 --> 00:47:41,280

two senate select two incentives she's

1241

00:47:45,510 --> 00:47:43,040

on two of the senate

1242

00:47:47,510 --> 00:47:45,520

intelligence committees

1243

00:47:49,349 --> 00:47:47,520

and this was from

1244

00:47:53,270 --> 00:47:49,359

frank milburn he pulled this i think

1245

00:47:55,670 --> 00:47:53,280

it's probably from the

1246

00:47:57,270 --> 00:47:55,680

it's an email list jack jack sarfati has

1247

00:47:59,190 --> 00:47:57,280

an email list and i think this is what

1248

00:48:02,150 --> 00:47:59,200

think think this is what that is from so

1249

00:48:04,470 --> 00:48:02,160

eric davis wrote

1250

00:48:07,030 --> 00:48:04,480

those craft are off world as i've told

1251
00:48:09,030 --> 00:48:07,040
two senate committees staff and dod

1252
00:48:10,470 --> 00:48:09,040
agencies

1253
00:48:12,710 --> 00:48:10,480
that's not my opinion but that's where

1254
00:48:13,829 --> 00:48:12,720
the physics and the facts lead so he he

1255
00:48:16,150 --> 00:48:13,839
briefed those

1256
00:48:20,630 --> 00:48:16,160
committees and

1257
00:48:22,630 --> 00:48:20,640
as christopher mellon spoke about on cnn

1258
00:48:24,870 --> 00:48:22,640
the subject of crash retrievals came up

1259
00:48:26,150 --> 00:48:24,880
that's why i believe and maybe other

1260
00:48:27,990 --> 00:48:26,160
people spoke to them about crash

1261
00:48:30,390 --> 00:48:28,000
retrievals but eric is the point man for

1262
00:48:32,069 --> 00:48:30,400
that and that's why that came up i think

1263
00:48:34,950 --> 00:48:32,079

that's why that language is in the gila

1264

00:48:36,870 --> 00:48:34,960

brand amendment

1265

00:48:38,710 --> 00:48:36,880

and i want to get back to just touching

1266

00:48:41,670 --> 00:48:38,720

on some of what the gillibrand amendment

1267

00:48:44,069 --> 00:48:41,680

says why we're so excited about it

1268

00:48:46,710 --> 00:48:44,079

i covered most of it

1269

00:48:49,589 --> 00:48:46,720

just a couple more things

1270

00:48:51,910 --> 00:48:49,599

and it's now called the anomaly

1271

00:48:54,069 --> 00:48:51,920

surveillance tracking and resolution

1272

00:48:56,390 --> 00:48:54,079

office astro they added in the tracking

1273

00:48:58,710 --> 00:48:56,400

part so we have a nice acronym

1274

00:49:01,510 --> 00:48:58,720

um and in in her amendment she goes we

1275

00:49:03,910 --> 00:49:01,520

may be dealing with balloons drones

1276

00:49:05,589 --> 00:49:03,920

and the unknown

1277

00:49:07,430 --> 00:49:05,599

and it includes

1278

00:49:09,829 --> 00:49:07,440

reporting incidents and adverse

1279

00:49:11,910 --> 00:49:09,839

physiological effects also includes you

1280

00:49:14,950 --> 00:49:11,920

know we talk about ufos going on the

1281

00:49:18,150 --> 00:49:14,960

water us usos unidentified submersible

1282

00:49:20,150 --> 00:49:18,160

objects includes

1283

00:49:22,630 --> 00:49:20,160

coordinating with agencies including the

1284

00:49:24,390 --> 00:49:22,640

national ocean oceanic and atmospheric

1285

00:49:25,589 --> 00:49:24,400

administration

1286

00:49:27,910 --> 00:49:25,599

so

1287

00:49:31,430 --> 00:49:27,920

you know noah would be involved and no

1288

00:49:42,069 --> 00:49:31,440

later than october 31st 2022

1289

00:49:45,190 --> 00:49:42,079

annually thereafter until october 31st

1290

00:49:46,470 --> 00:49:45,200

2026 the director in consultation with

1291

00:49:48,230 --> 00:49:46,480

the secretary

1292

00:49:50,710 --> 00:49:48,240

shall submit to the appropriate

1293

00:49:52,150 --> 00:49:50,720

committees of congress a report on uap i

1294

00:49:53,670 --> 00:49:52,160

think she means the director of national

1295

00:49:58,390 --> 00:49:53,680

intelligence

1296

00:50:03,270 --> 00:50:00,710

each report shall be submitted in

1297

00:50:04,950 --> 00:50:03,280

unclassified form but may include a

1298

00:50:06,630 --> 00:50:04,960

classified annex so that's why we get to

1299

00:50:08,790 --> 00:50:06,640

see some of it hopefully it's going to

1300

00:50:10,309 --> 00:50:08,800

be more meaty than the nine pages we had

1301
00:50:12,069 --> 00:50:10,319
in june

1302
00:50:14,069 --> 00:50:12,079
most important part they will conduct

1303
00:50:15,829 --> 00:50:14,079
field investigations of incidents

1304
00:50:18,549 --> 00:50:15,839
involving uap

1305
00:50:19,829 --> 00:50:18,559
go out and talk to the witnesses

1306
00:50:22,390 --> 00:50:19,839
see if they were injured see if they

1307
00:50:24,549 --> 00:50:22,400
have other experiences related to their

1308
00:50:26,390 --> 00:50:24,559
close encounters which they will it's

1309
00:50:27,670 --> 00:50:26,400
going to come up

1310
00:50:29,270 --> 00:50:27,680
they will be

1311
00:50:31,190 --> 00:50:29,280
calling for the testing of materials

1312
00:50:32,870 --> 00:50:31,200
this is all in the gila brand amendment

1313
00:50:34,790 --> 00:50:32,880

testing of materials and development of

1314

00:50:37,750 --> 00:50:34,800

theoretical models to better understand

1315

00:50:40,470 --> 00:50:37,760

and explain uap an update on any efforts

1316

00:50:41,829 --> 00:50:40,480

to capture or exploit discovered ufos

1317

00:50:43,670 --> 00:50:41,839

crash retrievals

1318

00:50:45,589 --> 00:50:43,680

an assessment of any health related

1319

00:50:47,829 --> 00:50:45,599

effects for individuals who encountered

1320

00:50:49,910 --> 00:50:47,839

who have encountered ufos

1321

00:50:51,829 --> 00:50:49,920

ufos associated with military nuclear

1322

00:50:53,510 --> 00:50:51,839

assets including strategic nuclear

1323

00:50:55,349 --> 00:50:53,520

weapons and nuclear powered ships and

1324

00:50:57,270 --> 00:50:55,359

submarines

1325

00:50:59,750 --> 00:50:57,280

she wants to know instances in which

1326

00:51:00,950 --> 00:50:59,760

data was not shared

1327

00:51:03,349 --> 00:51:00,960

if it wasn't shared because of

1328

00:51:05,589 --> 00:51:03,359

classification restrictions or on the

1329

00:51:06,630 --> 00:51:05,599

data or for any other region reason in

1330

00:51:08,630 --> 00:51:06,640

other words

1331

00:51:10,069 --> 00:51:08,640

uh yeah we went uh we went to boeing or

1332

00:51:12,309 --> 00:51:10,079

we went to lockheed today and we were

1333

00:51:14,230 --> 00:51:12,319

told they have uh they have materials

1334

00:51:15,589 --> 00:51:14,240

from a crashed ufo and

1335

00:51:17,510 --> 00:51:15,599

they said we didn't have a proper need

1336

00:51:18,870 --> 00:51:17,520

to know so you need to know that and we

1337

00:51:20,950 --> 00:51:18,880

need to figure out how to get in there

1338

00:51:23,910 --> 00:51:20,960

because it's a government paid for

1339

00:51:26,230 --> 00:51:23,920

program and right now we have no

1340

00:51:27,910 --> 00:51:26,240

oversight and she has mentioned how no

1341

00:51:29,990 --> 00:51:27,920

oversight is not acceptable how can it

1342

00:51:31,589 --> 00:51:30,000

be acceptable to anybody a senator or

1343

00:51:33,430 --> 00:51:31,599

congressman or president to not have

1344

00:51:35,349 --> 00:51:33,440

oversight on something nope sorry it's

1345

00:51:37,109 --> 00:51:35,359

only a small amount of people and you're

1346

00:51:38,309 --> 00:51:37,119

not on that list either is the president

1347

00:51:40,549 --> 00:51:38,319

sorry

1348

00:51:41,829 --> 00:51:40,559

i can't see any politician being okay

1349

00:51:44,230 --> 00:51:41,839

with that especially somebody who's

1350

00:51:46,470 --> 00:51:44,240

sharp senator gillibrand strikes me as

1351
00:51:48,069 --> 00:51:46,480
somebody who's sharp and this language

1352
00:51:50,470 --> 00:51:48,079
and her staffers christopher mellon said

1353
00:51:51,510 --> 00:51:50,480
she has some really good staffers so her

1354
00:51:54,150 --> 00:51:51,520
staffers

1355
00:51:56,710 --> 00:51:54,160
probably probably were the ones who were

1356
00:51:59,910 --> 00:51:56,720
involved when the briefing took place

1357
00:52:01,430 --> 00:51:59,920
i was told they took very copious notes

1358
00:52:02,790 --> 00:52:01,440
uh

1359
00:52:04,309 --> 00:52:02,800
so i'm saying if they go into the field

1360
00:52:06,309 --> 00:52:04,319
and interview witnesses who claim to see

1361
00:52:07,430 --> 00:52:06,319
orbs or beings you know

1362
00:52:09,190 --> 00:52:07,440
how are they going to classify that

1363
00:52:11,190 --> 00:52:09,200

information i'll be very curious to see

1364

00:52:16,150 --> 00:52:11,200

is that going to be classified and we

1365

00:52:20,150 --> 00:52:17,430

and i'm trying to see if there's

1366

00:52:20,580 --> 00:52:20,160

anything else

1367

00:52:21,990 --> 00:52:20,590

um

1368

00:52:24,309 --> 00:52:22,000

[Music]

1369

00:52:27,109 --> 00:52:24,319

oh yeah billy cox wrote

1370

00:52:28,630 --> 00:52:27,119

a great article which i need to link to

1371

00:52:30,630 --> 00:52:28,640

and he said gillibrand's language is

1372

00:52:32,549 --> 00:52:30,640

enjoying critically important

1373

00:52:35,109 --> 00:52:32,559

white man sponsorship and a lot of

1374

00:52:37,270 --> 00:52:35,119

people said why is he saying that well

1375

00:52:38,870 --> 00:52:37,280

you look at the senate and

1376

00:52:40,390 --> 00:52:38,880

the makeup of the senate you know things

1377

00:52:43,510 --> 00:52:40,400

are changing but it's still dominated by

1378

00:52:45,430 --> 00:52:43,520

white old older white men um he's

1379

00:52:47,030 --> 00:52:45,440

enjoying critically she her gillibrand

1380

00:52:48,470 --> 00:52:47,040

amendment is enjoying critically

1381

00:52:52,390 --> 00:52:48,480

important white man sponsorship from

1382

00:52:54,470 --> 00:52:52,400

lindsey graham blunt rubio heinrich

1383

00:52:58,030 --> 00:52:54,480

this should should this overdue

1384

00:53:01,190 --> 00:52:58,040

blueprint for accountability known as

1385

00:53:05,510 --> 00:53:01,200

sa47337 become law

1386

00:53:08,549 --> 00:53:05,520

look for our unelected as yet unnamed

1387

00:53:10,950 --> 00:53:08,559

and likely corporate guardians

1388

00:53:12,710 --> 00:53:10,960

of the status quo to make a run for the

1389

00:53:15,589 --> 00:53:12,720

vomitoria

1390

00:53:18,150 --> 00:53:15,599

their vet noir which is something

1391

00:53:20,870 --> 00:53:18,160

they don't like will be a legislative

1392

00:53:22,950 --> 00:53:20,880

intention known as astro

1393

00:53:24,790 --> 00:53:22,960

the anomaly surveillance tracking and

1394

00:53:26,470 --> 00:53:24,800

resolution office he said azrael but i

1395

00:53:28,470 --> 00:53:26,480

added in the t because it changed since

1396

00:53:31,030 --> 00:53:28,480

he wrote this astro's unprecedented

1397

00:53:33,670 --> 00:53:31,040

authority is guaranteed to piss off more

1398

00:53:35,910 --> 00:53:33,680

than a few turf-obsessed barons of

1399

00:53:38,309 --> 00:53:35,920

existing bureaucracies but military and

1400

00:53:40,549 --> 00:53:38,319

civilian it's even looking like the

1401
00:53:43,030 --> 00:53:40,559
squishy air force will have to strap on

1402
00:53:45,349 --> 00:53:43,040
a happy face

1403
00:53:47,349 --> 00:53:45,359
and uh that's billy you need to read his

1404
00:53:49,109 --> 00:53:47,359
articles he's under-appreciated he

1405
00:53:51,510 --> 00:53:49,119
doesn't promote his own stuff so people

1406
00:53:52,950 --> 00:53:51,520
don't know about it he's worse than i am

1407
00:53:54,069 --> 00:53:52,960
you know when i when it comes to me

1408
00:53:56,230 --> 00:53:54,079
promoting

1409
00:53:58,950 --> 00:53:56,240
my patreon and paypal and that stuff i'm

1410
00:54:01,109 --> 00:53:58,960
really bad at it and it it hurts me but

1411
00:54:02,549 --> 00:54:01,119
you know i'm more i'm focused on this

1412
00:54:04,150 --> 00:54:02,559
stuff

1413
00:54:05,670 --> 00:54:04,160

as much as i need money to pay bills i

1414

00:54:07,910 --> 00:54:05,680

focus on this stuff but i have to push

1415

00:54:09,990 --> 00:54:07,920

the other stuff too unfortunately uh

1416

00:54:11,510 --> 00:54:10,000

billy's favorite part of the gila brand

1417

00:54:13,270 --> 00:54:11,520

amendment and i did not notice this the

1418

00:54:14,710 --> 00:54:13,280

first time he says

1419

00:54:18,150 --> 00:54:14,720

the gillibrand amendment wants them to

1420

00:54:21,190 --> 00:54:18,160

figure out the intentions of uap

1421

00:54:25,430 --> 00:54:23,630

is this where the clergy comes in or

1422

00:54:27,270 --> 00:54:25,440

geneticists you know that's where we're

1423

00:54:30,069 --> 00:54:27,280

gonna i think go outside of the

1424

00:54:34,870 --> 00:54:31,990

another thing the gillibrand proposal

1425

00:54:36,630 --> 00:54:34,880

would oh this is from billy billy cox

1426
00:54:38,549 --> 00:54:36,640
the gila brand of proposal would also

1427
00:54:40,630 --> 00:54:38,559
enlist the expertise of the american

1428
00:54:43,510 --> 00:54:40,640
institute of aeronautics

1429
00:54:46,950 --> 00:54:43,520
aeronautics and aeronautics

1430
00:54:49,349 --> 00:54:46,960
i'm obviously missing something

1431
00:54:51,109 --> 00:54:49,359
the american institute of aeronautics

1432
00:54:52,390 --> 00:54:51,119
and astronautics

1433
00:54:53,750 --> 00:54:52,400
expertise expertise

1434
00:54:55,670 --> 00:54:53,760
will be enlisted

1435
00:54:57,430 --> 00:54:55,680
and billy says that will call [h__h]

1436
00:54:59,990 --> 00:54:57,440
on the united states air force's

1437
00:55:03,109 --> 00:55:00,000
decision to bail on ufo research for

1438
00:55:04,789 --> 00:55:03,119

lack of compelling evidence that's back

1439

00:55:07,190 --> 00:55:04,799

when blue book was killed because of

1440

00:55:08,789 --> 00:55:07,200

condon the condom committee

1441

00:55:11,829 --> 00:55:08,799

so that group

1442

00:55:13,349 --> 00:55:11,839

which called that was the aiaa they

1443

00:55:15,910 --> 00:55:13,359

called [h__h] on the air force back

1444

00:55:17,349 --> 00:55:15,920

then i did not know that and now they're

1445

00:55:19,109 --> 00:55:17,359

going to be working

1446

00:55:20,789 --> 00:55:19,119

with the new office and they're going to

1447

00:55:22,390 --> 00:55:20,799

be relied upon with their expertise

1448

00:55:23,910 --> 00:55:22,400

which is a great shot to the air force

1449

00:55:25,990 --> 00:55:23,920

who was still

1450

00:55:27,589 --> 00:55:26,000

very quiet on this you know they were

1451

00:55:30,150 --> 00:55:27,599

they they updated their efforts of

1452

00:55:33,670 --> 00:55:30,160

reporting i think the navy did it in

1453

00:55:35,670 --> 00:55:33,680

2019 so there so the pilots could report

1454

00:55:37,990 --> 00:55:35,680

ufo activity that they've encountered i

1455

00:55:41,829 --> 00:55:38,000

think the air force did it in

1456

00:55:42,870 --> 00:55:41,839

november i think or september of 20

1457

00:55:47,270 --> 00:55:42,880

20

1458

00:55:50,950 --> 00:55:47,280

report

1459

00:55:55,430 --> 00:55:50,960

the scu is involved as billy noticed us

1460

00:56:00,150 --> 00:55:57,349

robert powell and a lot of other really

1461

00:56:04,230 --> 00:56:02,150

i'm trying to think of the ses that what

1462

00:56:06,150 --> 00:56:04,240

it stands for the coalition to study

1463

00:56:07,829 --> 00:56:06,160

ufology and i'm not getting that right

1464

00:56:10,549 --> 00:56:07,839

so that's great they're involved but

1465

00:56:12,789 --> 00:56:10,559

cycop which is a group of debunkers

1466

00:56:14,789 --> 00:56:12,799

which randy the amazing randy used to be

1467

00:56:17,589 --> 00:56:14,799

a part of they're not anywhere to be

1468

00:56:18,950 --> 00:56:17,599

found so see at the bunkers we have no

1469

00:56:20,230 --> 00:56:18,960

need for that

1470

00:56:21,750 --> 00:56:20,240

we're trying to tell people people like

1471

00:56:24,470 --> 00:56:21,760

well we need skeptics yeah we need

1472

00:56:26,390 --> 00:56:24,480

skeptics we don't need the bunkers

1473

00:56:28,789 --> 00:56:26,400

billy says the pushback will come from

1474

00:56:31,750 --> 00:56:28,799

vested interests to whom exposure could

1475

00:56:35,030 --> 00:56:31,760

spell existential peril and that's when

1476

00:56:37,430 --> 00:56:35,040

we'll find out if astro is real

1477

00:56:38,870 --> 00:56:37,440

that's the summary um

1478

00:56:41,430 --> 00:56:38,880

we've got a long way to go even if we

1479

00:56:43,270 --> 00:56:41,440

get all the language from astro into the

1480

00:56:45,750 --> 00:56:43,280

ndaa and it gets in there and everything

1481

00:56:48,710 --> 00:56:45,760

we want stays still we have a still a

1482

00:56:49,670 --> 00:56:48,720

very long way to go um but it's a start

1483

00:56:51,349 --> 00:56:49,680

and

1484

00:56:53,670 --> 00:56:51,359

unless we have access to all of the

1485

00:56:55,510 --> 00:56:53,680

historical data which eric davis and

1486

00:56:57,109 --> 00:56:55,520

jeremy corbell have spoken about exist

1487

00:56:59,109 --> 00:56:57,119

in the data warehouse we're not talking

1488

00:57:00,789 --> 00:56:59,119

about the awesome data warehouse that

1489

00:57:02,069 --> 00:57:00,799

valet was a part of talking about

1490

00:57:04,870 --> 00:57:02,079

something different

1491

00:57:06,470 --> 00:57:04,880

unless we get access access to that data

1492

00:57:07,990 --> 00:57:06,480

in the meantime we're basically starting

1493

00:57:09,190 --> 00:57:08,000

over that's kind of what we're doing but

1494

00:57:10,870 --> 00:57:09,200

we need to see

1495

00:57:12,390 --> 00:57:10,880

what's been collected and not shown to

1496

00:57:14,950 --> 00:57:12,400

us you know lou said that there are

1497

00:57:16,230 --> 00:57:14,960

people in the pentagon and i think

1498

00:57:17,349 --> 00:57:16,240

other folks have said yeah there are

1499

00:57:19,430 --> 00:57:17,359

there are groups in the pentagon

1500

00:57:21,109 --> 00:57:19,440

agencies that say we have ufo data but

1501
00:57:23,349 --> 00:57:21,119
nobody came and asked us for it so

1502
00:57:25,750 --> 00:57:23,359
that's unacceptable um

1503
00:57:27,829 --> 00:57:25,760
so it's a great time for folks involved

1504
00:57:30,549 --> 00:57:27,839
in ufos i never thought we'd get

1505
00:57:32,230 --> 00:57:30,559
anywhere close to this started in 2017

1506
00:57:34,470 --> 00:57:32,240
thanks to tom delong providing a landing

1507
00:57:35,510 --> 00:57:34,480
spot for lou and chris and other people

1508
00:57:36,789 --> 00:57:35,520
um

1509
00:57:38,150 --> 00:57:36,799
and now they're working behind the

1510
00:57:40,710 --> 00:57:38,160
scenes lou and chris

1511
00:57:42,390 --> 00:57:40,720
working their butts off to try to get

1512
00:57:44,069 --> 00:57:42,400
our representatives educated on the

1513
00:57:45,910 --> 00:57:44,079

subject and i really have nothing

1514

00:57:47,510 --> 00:57:45,920

negative to say right now

1515

00:57:49,910 --> 00:57:47,520

it's we still have a long way to go

1516

00:57:51,589 --> 00:57:49,920

we've made progress long long way to go

1517

00:57:54,309 --> 00:57:51,599

it's a marathon not a sprint as lewis

1518

00:57:57,349 --> 00:57:54,319

said um so hopefully you guys like this

1519

00:57:59,510 --> 00:57:57,359

did an hour um

1520

00:58:00,870 --> 00:57:59,520

like i said my one source thinks that

1521

00:58:05,349 --> 00:58:00,880

new office

1522

00:58:09,109 --> 00:58:07,270

will not exist very long hopefully

1523

00:58:11,910 --> 00:58:09,119

they're right hopefully they just

1524

00:58:14,069 --> 00:58:11,920

disband and the gillibrand effort takes

1525

00:58:16,390 --> 00:58:14,079

center stage and we go from there so

1526

00:58:17,829 --> 00:58:16,400

everybody have a good night and uh

1527

00:58:20,069 --> 00:58:17,839

i don't know when i'll do a video again

1528

00:58:21,430 --> 00:58:20,079

but probably soon thanks for listening

1529

00:58:23,670 --> 00:58:21,440

oh

1530

00:58:26,309 --> 00:58:23,680

before i go see i forgot i forgot to do

1531

00:58:29,030 --> 00:58:26,319

it all the time

1532

00:58:30,870 --> 00:58:29,040

if you want to support this effort first

1533

00:58:32,390 --> 00:58:30,880

of all that's my blog and that's me on

1534

00:58:33,510 --> 00:58:32,400

twitter which i do a lot of work on

1535

00:58:34,870 --> 00:58:33,520

twitter

1536

00:58:36,710 --> 00:58:34,880

um

1537

00:58:39,109 --> 00:58:36,720

if you want to support the effort that's

1538

00:58:41,030 --> 00:58:39,119

my paypal

1539

00:58:43,349 --> 00:58:41,040

venmo which is preferred because venmo

1540

00:58:45,589 --> 00:58:43,359

does not take a percentage and then

1541

00:58:48,390 --> 00:58:45,599

patreon which i have not received many

1542

00:58:49,750 --> 00:58:48,400

patreon new folks in a while um if you

1543

00:58:51,589 --> 00:58:49,760

wanna

1544

00:58:53,190 --> 00:58:51,599

contribute to that if you like this and

1545

00:58:54,950 --> 00:58:53,200

twitter and the blog which i'm working

1546

00:58:56,549 --> 00:58:54,960

to finish the

1547

00:58:57,829 --> 00:58:56,559

the youtube interview i did with colin

1548

00:58:59,349 --> 00:58:57,839

keller her nap and i also have

1549

00:59:02,390 --> 00:58:59,359

transcripts from other shows they did

1550

00:59:05,430 --> 00:59:02,400

and just take me forever
