

Mule Skinner

Joe do you plan on doing any future zoom calls? I suspect any new ones will be without SOR

1  
00:05:02,230 --> 00:04:58,310  
now i am unmuted

2  
00:05:04,629 --> 00:05:02,240  
what a historic day

3  
00:05:06,710 --> 00:05:04,639  
the potential for historic day for its

4  
00:05:09,749 --> 00:05:06,720  
historic day as long as everything goes

5  
00:05:10,790 --> 00:05:09,759  
okay so we're that close to having

6  
00:05:22,310 --> 00:05:10,800  
a

7  
00:05:25,029 --> 00:05:22,320  
looks into

8  
00:05:26,870 --> 00:05:25,039  
health related effects and maybe reverse

9  
00:05:29,590 --> 00:05:26,880  
engineering of craft we may have

10  
00:05:31,350 --> 00:05:29,600  
captured and exploited

11  
00:05:34,550 --> 00:05:31,360  
um so

12  
00:05:35,749 --> 00:05:34,560  
my first i saw it this morning i got up

13  
00:05:37,189 --> 00:05:35,759

the dog

14

00:05:38,390 --> 00:05:37,199

who was here

15

00:05:40,629 --> 00:05:38,400

was howling

16

00:05:41,590 --> 00:05:40,639

um because he missed his mommy

17

00:05:48,150 --> 00:05:41,600

and

18

00:05:51,189 --> 00:05:48,160

a summary of what was going on with the

19

00:05:52,550 --> 00:05:51,199

ndaa and i was like

20

00:05:54,629 --> 00:05:52,560

this is it

21

00:05:55,990 --> 00:05:54,639

really this is the ndaa there's nothing

22

00:05:58,150 --> 00:05:56,000

in it and then somebody's like no that's

23

00:05:59,270 --> 00:05:58,160

the summary i'm like oh okay so i read

24

00:06:01,270 --> 00:05:59,280

it i'm like

25

00:06:03,110 --> 00:06:01,280

it's pretty good i mean it has a lot of

26  
00:06:04,790 --> 00:06:03,120  
things that gillibrand the gillibrand

27  
00:06:06,950 --> 00:06:04,800  
language is a lot of that is in the

28  
00:06:08,550 --> 00:06:06,960  
final version

29  
00:06:10,550 --> 00:06:08,560  
the one thing that's not in there which

30  
00:06:12,710 --> 00:06:10,560  
i was disappointed in in

31  
00:06:14,950 --> 00:06:12,720  
is the

32  
00:06:16,950 --> 00:06:14,960  
civilian side

33  
00:06:20,550 --> 00:06:16,960  
where they would have you know

34  
00:06:22,150 --> 00:06:20,560  
various civilian organizations involved

35  
00:06:25,670 --> 00:06:22,160  
and

36  
00:06:27,749 --> 00:06:25,680  
that sucks but i mean

37  
00:06:29,350 --> 00:06:27,759  
we take as somebody told me recently

38  
00:06:30,629 --> 00:06:29,360

that we take what we can get this is a

39

00:06:32,070 --> 00:06:30,639

pretty big deal

40

00:06:33,909 --> 00:06:32,080

and um

41

00:06:35,590 --> 00:06:33,919

brian i'll bring i'll bring up brian

42

00:06:37,990 --> 00:06:35,600

bender's tweet later he had something

43

00:06:39,670 --> 00:06:38,000

that was really encouraging

44

00:06:41,510 --> 00:06:39,680

um in the meantime if you guys have any

45

00:06:43,590 --> 00:06:41,520

questions

46

00:06:46,550 --> 00:06:43,600

i will take some but

47

00:06:49,670 --> 00:06:46,560

i mean a lot of this is new to me

48

00:06:51,510 --> 00:06:49,680

as far as the specific details um

49

00:06:54,070 --> 00:06:51,520

well actually it's not that new it's

50

00:06:57,110 --> 00:06:54,080

basically the gillibrand language

51  
00:06:59,029 --> 00:06:57,120  
co-sponsored by rubio and gallego

52  
00:07:00,870 --> 00:06:59,039  
that's what douglas dean johnson's been

53  
00:07:03,909 --> 00:07:00,880  
covering this for a while he called it

54  
00:07:06,790 --> 00:07:04,790  
the

55  
00:07:08,070 --> 00:07:06,800  
gillibrand

56  
00:07:11,510 --> 00:07:08,080  
rubio

57  
00:07:13,110 --> 00:07:11,520  
gallego so gag yeah and i'm gonna read

58  
00:07:14,469 --> 00:07:13,120  
his article because it's really good i

59  
00:07:16,390 --> 00:07:14,479  
don't know if i'll read all of it but

60  
00:07:18,230 --> 00:07:16,400  
you guys feel free to jump in

61  
00:07:20,629 --> 00:07:18,240  
and if there's any issues with sound let

62  
00:07:22,950 --> 00:07:20,639  
me know

63  
00:07:26,070 --> 00:07:22,960

i just need to pull up his article on a

64

00:07:30,710 --> 00:07:28,629

and i did get some private

65

00:07:33,110 --> 00:07:30,720

messages

66

00:07:35,990 --> 00:07:33,120

basically saying this is a really good

67

00:07:37,670 --> 00:07:36,000

thing we take what we can get

68

00:07:39,510 --> 00:07:37,680

christopher mellon and louis lozando

69

00:07:41,189 --> 00:07:39,520

have been breaking their ass and other

70

00:07:44,150 --> 00:07:41,199

people behind the scenes so and they

71

00:07:46,869 --> 00:07:44,160

need to get credit for this

72

00:07:48,790 --> 00:07:46,879

and of course people are still

73

00:07:50,629 --> 00:07:48,800

questioning their motives

74

00:07:53,430 --> 00:07:50,639

i'm not one of them

75

00:07:55,990 --> 00:07:53,440

so let me let me share the um

76

00:07:57,430 --> 00:07:56,000

the article by doug

77

00:07:58,950 --> 00:07:57,440

and i'll go through it because it's

78

00:08:00,469 --> 00:07:58,960

really good

79

00:08:02,469 --> 00:08:00,479

and if you're bored with me reading and

80

00:08:03,990 --> 00:08:02,479

you've already already read it and need

81

00:08:07,909 --> 00:08:04,000

to leave

82

00:08:11,350 --> 00:08:09,670

so he starts off

83

00:08:13,430 --> 00:08:11,360

congress tells the pentagon and

84

00:08:17,029 --> 00:08:13,440

intelligence community

85

00:08:18,950 --> 00:08:17,039

ufos are serious business

86

00:08:20,390 --> 00:08:18,960

congress appears poised to enact

87

00:08:22,309 --> 00:08:20,400

legislation that would command the

88

00:08:24,230 --> 00:08:22,319

military and intelligence agencies to

89

00:08:26,469 --> 00:08:24,240

get a grip on quote

90

00:08:29,029 --> 00:08:26,479

unidentified aerial phenomena

91

00:08:31,029 --> 00:08:29,039

end quote and authorizes the resources

92

00:08:33,110 --> 00:08:31,039

required that's so important basically

93

00:08:35,350 --> 00:08:33,120

you'll see it's basically telling them

94

00:08:37,190 --> 00:08:35,360

you need you can get whatever resources

95

00:08:38,149 --> 00:08:37,200

you need to get this done

96

00:08:39,750 --> 00:08:38,159

so

97

00:08:41,750 --> 00:08:39,760

that's really important and as much as

98

00:08:43,909 --> 00:08:41,760

i'd rather this be civilian and somebody

99

00:08:46,389 --> 00:08:43,919

like jeff bezos or somebody

100

00:08:47,990 --> 00:08:46,399

elon musk funding funding it so we don't

101  
00:08:50,230 --> 00:08:48,000  
have the government involved i'd love

102  
00:08:53,590 --> 00:08:50,240  
that but we don't have that right now so

103  
00:08:55,670 --> 00:08:53,600  
yes this is a really good thing

104  
00:08:57,990 --> 00:08:55,680  
and i see comments so if you guys have

105  
00:09:00,389 --> 00:08:58,000  
questions just let me know hello to

106  
00:09:01,910 --> 00:09:00,399  
everybody julian bug my cousin john

107  
00:09:03,590 --> 00:09:01,920  
william

108  
00:09:04,949 --> 00:09:03,600  
james iandoli was here earlier i don't

109  
00:09:07,350 --> 00:09:04,959  
know if he's still here engaging the

110  
00:09:09,030 --> 00:09:07,360  
phenomenon um so i know some people have

111  
00:09:11,590 --> 00:09:09,040  
not read this because not everybody not

112  
00:09:13,430 --> 00:09:11,600  
everybody's on twitter so i'm people who

113  
00:09:15,430 --> 00:09:13,440

are on twitter you have to remember

114

00:09:17,829 --> 00:09:15,440

there are a lot of people on youtube

115

00:09:20,949 --> 00:09:17,839

have no idea this is going on

116

00:09:23,910 --> 00:09:20,959

um oh it starts off that's a

117

00:09:25,590 --> 00:09:23,920

tic tac graphic made by dave beatty that

118

00:09:27,750 --> 00:09:25,600

dean put in his article to start out

119

00:09:29,910 --> 00:09:27,760

which is the tic tac cases which was the

120

00:09:31,269 --> 00:09:29,920

tic tac case which was investigated by

121

00:09:33,750 --> 00:09:31,279

ossap

122

00:09:37,750 --> 00:09:33,760

is a big reason why a lot of us are here

123

00:09:39,430 --> 00:09:37,760

one of the best ufo cases in a long time

124

00:09:42,630 --> 00:09:39,440

with all the witnesses but

125

00:09:46,070 --> 00:09:43,670

and

126

00:09:47,030 --> 00:09:46,080

mr david haith has joined us i don't

127

00:09:49,030 --> 00:09:47,040

know if i pronounced your name right

128

00:09:50,470 --> 00:09:49,040

david but anyway so

129

00:09:52,230 --> 00:09:50,480

dean's article's too good for me not to

130

00:09:53,590 --> 00:09:52,240

read at least some of it

131

00:09:55,590 --> 00:09:53,600

uh because there was stuff i didn't

132

00:09:57,110 --> 00:09:55,600

understand and he clarified a lot with

133

00:09:59,269 --> 00:09:57,120

the unveiling of

134

00:10:01,269 --> 00:09:59,279

today of legislative language already

135

00:10:04,710 --> 00:10:01,279

agreed on in negotiations between key

136

00:10:07,509 --> 00:10:04,720

lawmakers meeting privately it is likely

137

00:10:09,269 --> 00:10:07,519

this has not been approved yet it is

138

00:10:11,030 --> 00:10:09,279

likely that congress will soon send the

139

00:10:13,829 --> 00:10:11,040

department of defense and intelligence

140

00:10:16,870 --> 00:10:13,839

community a set of emphatic statutory

141

00:10:19,750 --> 00:10:16,880

commands regarding uap or ufos in common

142

00:10:21,829 --> 00:10:19,760

parlance the contact content of the

143

00:10:23,030 --> 00:10:21,839

language agreed upon right and i'll skip

144

00:10:24,389 --> 00:10:23,040

over some words to make it a little

145

00:10:26,389 --> 00:10:24,399

quicker

146

00:10:28,630 --> 00:10:26,399

the language agreed upon by

147

00:10:30,870 --> 00:10:28,640

negotiator negotiators from the senate

148

00:10:33,190 --> 00:10:30,880

and house of the house armed services

149

00:10:35,269 --> 00:10:33,200

committees

150

00:10:38,230 --> 00:10:35,279

being reported and analyzed in detail

151  
00:10:40,230 --> 00:10:38,240  
here for the first time anywhere yeah

152  
00:10:41,670 --> 00:10:40,240  
ducks on a donkey has done a really

153  
00:10:43,910 --> 00:10:41,680  
really good job

154  
00:10:45,030 --> 00:10:43,920  
yes happy birthday 80th birthday to

155  
00:10:47,750 --> 00:10:45,040  
david

156  
00:10:49,350 --> 00:10:47,760  
amazing i hope i get to 80 and when i

157  
00:10:51,829 --> 00:10:49,360  
get to 80 i'll be reading another

158  
00:10:53,990 --> 00:10:51,839  
article a new office has been

159  
00:10:56,150 --> 00:10:54,000  
implemented and we're getting close to

160  
00:10:57,590 --> 00:10:56,160  
finding out the truth

161  
00:10:58,949 --> 00:10:57,600  
hopefully not

162  
00:11:03,269 --> 00:10:58,959  
you never know

163  
00:11:05,670 --> 00:11:03,279

um as excited as i am for this i i don't

164

00:11:08,389 --> 00:11:05,680

i don't have any you know

165

00:11:10,150 --> 00:11:08,399

expectations that this is it we are

166

00:11:13,030 --> 00:11:10,160

there we are going going to know the

167

00:11:15,190 --> 00:11:13,040

truth next year we're hybrids and the

168

00:11:17,670 --> 00:11:15,200

world is gonna know yeah i don't think

169

00:11:19,590 --> 00:11:17,680

that is happening it's a slow process as

170

00:11:21,430 --> 00:11:19,600

everybody's starting to see

171

00:11:23,190 --> 00:11:21,440

along the way people are getting excited

172

00:11:24,949 --> 00:11:23,200

and thinking that all of a sudden the

173

00:11:27,269 --> 00:11:24,959

total truth whatever that turns out to

174

00:11:28,790 --> 00:11:27,279

be is gonna be dropped on us

175

00:11:30,790 --> 00:11:28,800

i would love for that i just don't see

176

00:11:33,350 --> 00:11:30,800

it right now

177

00:11:36,150 --> 00:11:33,360

i am the ufo scribe i will i will speak

178

00:11:37,990 --> 00:11:36,160

as as if i'm in the king's court and i

179

00:11:40,870 --> 00:11:38,000

will become the jester

180

00:11:43,509 --> 00:11:40,880

the uap related provisions are included

181

00:11:45,590 --> 00:11:43,519

in the ndaa now being advanced under the

182

00:11:49,509 --> 00:11:45,600

bill designated blah blah blah i will

183

00:11:52,310 --> 00:11:49,519

sometimes refer to the text as the grg

184

00:11:53,190 --> 00:11:52,320

gillibrand rubio gallego

185

00:11:56,150 --> 00:11:53,200

so

186

00:11:58,470 --> 00:11:56,160

skip that

187

00:12:00,310 --> 00:11:58,480

so this is this is doug's take he goes i

188

00:12:01,590 --> 00:12:00,320

read the unwritten message underlying

189

00:12:03,190 --> 00:12:01,600

the bill language and i didn't invite

190

00:12:05,269 --> 00:12:03,200

him here i don't know if he can make it

191

00:12:07,030 --> 00:12:05,279

um

192

00:12:10,230 --> 00:12:07,040

this is how doug sees it

193

00:12:12,550 --> 00:12:10,240

we the congress have concluded that uap

194

00:12:15,110 --> 00:12:12,560

are serious business we want you to

195

00:12:17,269 --> 00:12:15,120

start treating it a serious business get

196

00:12:18,230 --> 00:12:17,279

your act together and get a grip on this

197

00:12:20,389 --> 00:12:18,240

problem

198

00:12:22,310 --> 00:12:20,399

expect to be held accountable

199

00:12:23,509 --> 00:12:22,320

and let's hope that's what happens

200

00:12:25,590 --> 00:12:23,519

because

201  
00:12:26,870 --> 00:12:25,600  
nothing nothing works unless they hold

202  
00:12:28,790 --> 00:12:26,880  
them accountable

203  
00:12:30,389 --> 00:12:28,800  
the dod just does not treat this

204  
00:12:33,269 --> 00:12:30,399  
seriously and nobody holds their feet to

205  
00:12:35,350 --> 00:12:33,279  
the fire this is a waste of time

206  
00:12:37,430 --> 00:12:35,360  
but the fact that

207  
00:12:39,590 --> 00:12:37,440  
senator gillibrand still surprises me i

208  
00:12:41,750 --> 00:12:39,600  
don't know if it was whatever was said

209  
00:12:43,590 --> 00:12:41,760  
in the briefings that she was part of or

210  
00:12:45,509 --> 00:12:43,600  
her staff was part of

211  
00:12:46,389 --> 00:12:45,519  
it was enough to convince her

212  
00:12:47,910 --> 00:12:46,399  
um

213  
00:12:49,990 --> 00:12:47,920

that's one of the things i'll try to

214

00:12:52,629 --> 00:12:50,000

play one of the old older heinrich

215

00:12:55,110 --> 00:12:52,639

comments senator heinrich because he was

216

00:12:56,310 --> 00:12:55,120

the most forthcoming on his opinion on

217

00:12:58,150 --> 00:12:56,320

what we're dealing with with some of

218

00:13:00,230 --> 00:12:58,160

these ufos

219

00:13:02,069 --> 00:13:00,240

the measure incorporates a robust array

220

00:13:04,550 --> 00:13:02,079

of statutory provisions in essence

221

00:13:06,310 --> 00:13:04,560

commanding the dod and

222

00:13:08,389 --> 00:13:06,320

intelligence community to substantially

223

00:13:09,990 --> 00:13:08,399

elevate the priority coordination and

224

00:13:12,389 --> 00:13:10,000

resources that they devote to

225

00:13:13,910 --> 00:13:12,399

investigations of uap

226

00:13:16,230 --> 00:13:13,920

the legislation describes the

227

00:13:17,829 --> 00:13:16,240

overarching mission in unmistakable

228

00:13:20,150 --> 00:13:17,839

terms but also provides detailed

229

00:13:22,629 --> 00:13:20,160

mandates and funding authorities to

230

00:13:25,670 --> 00:13:22,639

advance uap investigations

231

00:13:27,750 --> 00:13:25,680

two key parts funding and investigations

232

00:13:29,750 --> 00:13:27,760

if they do investigations

233

00:13:31,990 --> 00:13:29,760

we're going to learn a lot of new things

234

00:13:34,310 --> 00:13:32,000

if they share that with us hopefully

235

00:13:35,990 --> 00:13:34,320

they will that should not be classified

236

00:13:37,670 --> 00:13:36,000

you know if we're not dealing with

237

00:13:40,230 --> 00:13:37,680

advanced tech that they want to reverse

238

00:13:42,310 --> 00:13:40,240

engineer they should share that

239

00:13:44,550 --> 00:13:42,320

that's why a lot of i think a lot of the

240

00:13:46,550 --> 00:13:44,560

if they can get all the privacy issues

241

00:13:48,069 --> 00:13:46,560

taken care of with awsap

242

00:13:50,550 --> 00:13:48,079

where a lot of the witnesses agreed to

243

00:13:52,470 --> 00:13:50,560

go on a record go speak off the record

244

00:13:54,550 --> 00:13:52,480

if they can get their names taken out

245

00:13:58,870 --> 00:13:54,560

that stuff should be public

246

00:14:03,829 --> 00:14:01,910

the legislation describes the over

247

00:14:06,150 --> 00:14:03,839

arching mission in unmistakable terms

248

00:14:07,990 --> 00:14:06,160

but also provides detailed mandates and

249

00:14:10,069 --> 00:14:08,000

funding authorities to advance uap

250

00:14:12,150 --> 00:14:10,079

investigations and provisions to require

251  
00:14:15,590 --> 00:14:12,160  
a measure of periodic partial public

252  
00:14:17,829 --> 00:14:15,600  
disclosure of future findings

253  
00:14:20,550 --> 00:14:17,839  
how partial is the question

254  
00:14:23,030 --> 00:14:20,560  
the negotiated ndaa has been packed into

255  
00:14:26,230 --> 00:14:23,040  
the shell of a numbered bill that has

256  
00:14:28,389 --> 00:14:26,240  
already passed the senate

257  
00:14:31,269 --> 00:14:28,399  
which may simplify the procedural steps

258  
00:14:34,310 --> 00:14:31,279  
in the senate even so a round of or two

259  
00:14:35,670 --> 00:14:34,320  
of legislative ping pong might occur as

260  
00:14:38,230 --> 00:14:35,680  
the senate and house work out a few

261  
00:14:40,230 --> 00:14:38,240  
remaining issues unrelated to uap

262  
00:14:42,470 --> 00:14:40,240  
this is important it is not likely that

263  
00:14:44,470 --> 00:14:42,480

the uap language would be altered during

264

00:14:46,870 --> 00:14:44,480

such a ping pong

265

00:14:48,790 --> 00:14:46,880

during such during such any ping pong

266

00:14:50,710 --> 00:14:48,800

congress has enacted an ndaa for the

267

00:14:53,750 --> 00:14:50,720

past 60 consecutive years i think it's

268

00:14:56,389 --> 00:14:53,760

likely this ndaa with its historic uap

269

00:14:57,590 --> 00:14:56,399

related provisions will become law

270

00:14:59,829 --> 00:14:57,600

before

271

00:15:01,990 --> 00:14:59,839

christmas so people were asking yeah

272

00:15:03,750 --> 00:15:02,000

when well doug thinks before christmas

273

00:15:05,910 --> 00:15:03,760

which would be a great early christmas

274

00:15:08,629 --> 00:15:05,920

present for us um

275

00:15:11,269 --> 00:15:08,639

i think later on it says enacted

276

00:15:13,030 --> 00:15:11,279

i think halloween of 2022 is the

277

00:15:14,790 --> 00:15:13,040

deadline for it to be in place the

278

00:15:17,990 --> 00:15:14,800

office

279

00:15:21,350 --> 00:15:18,000

the noon the new negotiated nbaa text

280

00:15:23,350 --> 00:15:21,360

contains most but not all of the main

281

00:15:24,710 --> 00:15:23,360

major components of the gila brand rubio

282

00:15:26,629 --> 00:15:24,720

amendment

283

00:15:28,069 --> 00:15:26,639

senator gillibrand who sits on both the

284

00:15:29,990 --> 00:15:28,079

armed services and intelligence

285

00:15:31,430 --> 00:15:30,000

committees introduced and by the way

286

00:15:34,150 --> 00:15:31,440

those are the two committees that eric

287

00:15:35,590 --> 00:15:34,160

davis briefed um i don't know whatever

288

00:15:37,350 --> 00:15:35,600

what other what other briefings they

289

00:15:39,430 --> 00:15:37,360

received i'm sure it wasn't just eric

290

00:15:40,470 --> 00:15:39,440

davis um but it was enough for her to

291

00:15:41,910 --> 00:15:40,480

write language

292

00:15:43,670 --> 00:15:41,920

it was enough for either her or her

293

00:15:46,230 --> 00:15:43,680

staffer whatever they heard to write

294

00:15:49,189 --> 00:15:46,240

this language

295

00:15:51,189 --> 00:15:49,199

so it was it was introduced november 4th

296

00:15:52,949 --> 00:15:51,199

and doug was the first to write about it

297

00:15:55,829 --> 00:15:52,959

and he's written about it over the past

298

00:15:57,670 --> 00:15:55,839

few months it's quickly co-sponsored by

299

00:15:59,829 --> 00:15:57,680

senator marco rubio

300

00:16:01,590 --> 00:15:59,839

who was active last year uh in the

301  
00:16:03,269 --> 00:16:01,600  
senate and select intelligence committee

302  
00:16:05,670 --> 00:16:03,279  
putting the language in place where we

303  
00:16:06,790 --> 00:16:05,680  
finally had the ufo report june 25th of

304  
00:16:09,430 --> 00:16:06,800  
this year

305  
00:16:11,269 --> 00:16:09,440  
rubio was you know commenting to tmz and

306  
00:16:13,110 --> 00:16:11,279  
other other places he did interviews

307  
00:16:14,870 --> 00:16:13,120  
openly talking about this um sometimes

308  
00:16:18,069 --> 00:16:14,880  
he was really conservative sometimes he

309  
00:16:21,990 --> 00:16:19,910  
so gillibrand's

310  
00:16:26,389 --> 00:16:22,000  
proposal

311  
00:16:28,310 --> 00:16:26,399  
built on and greatly upgraded a set of

312  
00:16:29,990 --> 00:16:28,320  
uap related mandates that had earlier

313  
00:16:32,949 --> 00:16:30,000

been incorporated into the house version

314

00:16:34,870 --> 00:16:32,959

of the ndaa by congressman ruben gallego

315

00:16:38,870 --> 00:16:34,880

of arizona so gallego yeah he's another

316

00:16:42,150 --> 00:16:40,629

gallego is chairman of the house armed

317

00:16:43,910 --> 00:16:42,160

services committee in committee's

318

00:16:46,710 --> 00:16:43,920

intelligence and special operations

319

00:16:48,790 --> 00:16:46,720

subcommittee a panel that had received a

320

00:16:52,389 --> 00:16:48,800

classified briefing from the uap task

321

00:16:55,189 --> 00:16:52,399

force on june 17 2021

322

00:16:58,949 --> 00:16:55,199

so i assume whatever he saw there

323

00:17:00,389 --> 00:16:58,959

convinced him to write that language

324

00:17:01,910 --> 00:17:00,399

the bill sailed through the house of

325

00:17:04,470 --> 00:17:01,920

reps without any challenge that

326

00:17:05,750 --> 00:17:04,480

gallego's uap language on september 23rd

327

00:17:08,630 --> 00:17:05,760

those are the three major players

328

00:17:11,829 --> 00:17:08,640

senator gillibrand senator rubio and

329

00:17:14,069 --> 00:17:11,839

congressman ruben gallego

330

00:17:16,069 --> 00:17:14,079

the strongest elements of the gila brand

331

00:17:17,750 --> 00:17:16,079

rubio amendment survived closed-door

332

00:17:20,069 --> 00:17:17,760

house senate negotiation sessions

333

00:17:23,350 --> 00:17:20,079

despite attempts by some elements of the

334

00:17:27,110 --> 00:17:23,360

pentagon bureaucracy to derail them

335

00:17:28,870 --> 00:17:27,120

the evil pentagon bureaucracy

336

00:17:30,390 --> 00:17:28,880

was susan goff involved in that well

337

00:17:32,549 --> 00:17:30,400

she's just a spokesperson but i don't

338

00:17:33,990 --> 00:17:32,559

know how much power she has but

339

00:17:40,230 --> 00:17:34,000

i wouldn't be surprised if she was kept

340

00:17:45,510 --> 00:17:42,549

however a provision that would have

341

00:17:47,510 --> 00:17:45,520

created an uh here it is a uap advisory

342

00:17:49,029 --> 00:17:47,520

committee made up mostly of civilians

343

00:17:51,430 --> 00:17:49,039

was br was dropped during the

344

00:17:53,669 --> 00:17:51,440

negotiations to my eye the victim of

345

00:17:55,750 --> 00:17:53,679

pentagon bureaucrats who privately but

346

00:17:58,150 --> 00:17:55,760

emphatically branded such an entity a

347

00:18:00,150 --> 00:17:58,160

security risk but basically they're like

348

00:18:01,510 --> 00:18:00,160

no you bring the civilian side in there

349

00:18:03,190 --> 00:18:01,520

they don't have the proper clearances

350

00:18:04,710 --> 00:18:03,200

you know stuff's going to leak it's not

351  
00:18:06,070 --> 00:18:04,720  
you know they get to share classified

352  
00:18:08,150 --> 00:18:06,080  
information

353  
00:18:09,669 --> 00:18:08,160  
that was their argument apparently uh

354  
00:18:11,029 --> 00:18:09,679  
and they used that to their advantage

355  
00:18:12,789 --> 00:18:11,039  
maybe they should have not put it in the

356  
00:18:14,070 --> 00:18:12,799  
language and then put it out brought it

357  
00:18:16,310 --> 00:18:14,080  
out later but i don't know if they could

358  
00:18:18,070 --> 00:18:16,320  
have done that legally i'm not sure how

359  
00:18:19,909 --> 00:18:18,080  
that works with language if you can add

360  
00:18:22,630 --> 00:18:19,919  
something later on i guess they'd have

361  
00:18:26,950 --> 00:18:22,640  
to vote on it i'm not sure anyway it was

362  
00:18:29,110 --> 00:18:26,960  
nixed so no civilian no sdu rich hoffman

363  
00:18:30,470 --> 00:18:29,120

which really sucks but

364

00:18:31,669 --> 00:18:30,480

like i said we take what we can get for

365

00:18:33,029 --> 00:18:31,679

now

366

00:18:35,750 --> 00:18:33,039

in addition gillibrand's effort to

367

00:18:37,590 --> 00:18:35,760

determine what the pentagon's uap office

368

00:18:41,190 --> 00:18:37,600

will be called the most recent version

369

00:18:43,029 --> 00:18:41,200

which was called astro was not adopted

370

00:18:44,789 --> 00:18:43,039

leaving the nomenclature in the hands of

371

00:18:46,630 --> 00:18:44,799

the secretary of defense and his

372

00:18:47,350 --> 00:18:46,640

subordinates i don't care what the name

373

00:18:48,789 --> 00:18:47,360

is

374

00:18:50,870 --> 00:18:48,799

i mean it would be nice if something i

375

00:18:53,590 --> 00:18:50,880

don't have to say o i a

376

00:18:56,390 --> 00:18:53,600

o a i a o i

377

00:18:58,310 --> 00:18:56,400

m s g something besides that something

378

00:19:00,230 --> 00:18:58,320

you know it would be nice to have

379

00:19:02,710 --> 00:19:00,240

an acronym that rolls off our tongue but

380

00:19:05,110 --> 00:19:02,720

that's the least of our concerns

381

00:19:06,630 --> 00:19:05,120

while unfortunate the rejection of the

382

00:19:08,470 --> 00:19:06,640

civilian advisory committee and

383

00:19:10,950 --> 00:19:08,480

nomenclature provisions is greatly

384

00:19:12,950 --> 00:19:10,960

overshadowed by this over shadowed by

385

00:19:14,150 --> 00:19:12,960

the sweeping substantive

386

00:19:16,150 --> 00:19:14,160

substance

387

00:19:18,230 --> 00:19:16,160

substantive provisions that the bill

388

00:19:20,549 --> 00:19:18,240

would enact into statutory law binding

389

00:19:22,630 --> 00:19:20,559

on this and every future administration

390

00:19:24,630 --> 00:19:22,640

unless modified by congress so that's

391

00:19:28,310 --> 00:19:24,640

exciting

392

00:19:30,549 --> 00:19:28,320

we get the first report the first

393

00:19:32,390 --> 00:19:30,559

unclassified report if this all takes

394

00:19:34,390 --> 00:19:32,400

place and gets you know passed and then

395

00:19:38,630 --> 00:19:34,400

we could see if we're really getting

396

00:19:42,870 --> 00:19:41,190

all right um

397

00:19:44,390 --> 00:19:42,880

enactment of this language would be

398

00:19:47,669 --> 00:19:44,400

unprecedented

399

00:19:51,669 --> 00:19:49,510

congress has never before enacted any

400

00:19:53,669 --> 00:19:51,679

statutes that deal explicitly with ufos

401  
00:19:55,270 --> 00:19:53,679  
or unidentified aerial phenomena to the

402  
00:19:57,190 --> 00:19:55,280  
extent that various government agencies

403  
00:20:00,230 --> 00:19:57,200  
have dealt with uap incidents or sought

404  
00:20:02,310 --> 00:20:00,240  
to manage public concerns about uaip

405  
00:20:03,909 --> 00:20:02,320  
they have done so under their general

406  
00:20:05,590 --> 00:20:03,919  
operating authority so they interpret

407  
00:20:06,549 --> 00:20:05,600  
them in recent years the senate select

408  
00:20:08,149 --> 00:20:06,559  
until

409  
00:20:10,230 --> 00:20:08,159  
senate select committee intelligence has

410  
00:20:12,230 --> 00:20:10,240  
prodded the pentagon and intelligence

411  
00:20:14,230 --> 00:20:12,240  
community with language in committee

412  
00:20:16,710 --> 00:20:14,240  
reports but enactment enactment of

413  
00:20:18,470 --> 00:20:16,720

sweeping statutory mandates will elevate

414

00:20:20,549 --> 00:20:18,480

the subject matter of uap into an

415

00:20:22,310 --> 00:20:20,559

entirely new realm

416

00:20:23,830 --> 00:20:22,320

and guys i could see that the i could

417

00:20:25,270 --> 00:20:23,840

see the chat so if anybody has any

418

00:20:26,710 --> 00:20:25,280

questions doesn't even have to it could

419

00:20:28,710 --> 00:20:26,720

be about anything i'll interrupt what

420

00:20:30,149 --> 00:20:28,720

i'm reading

421

00:20:31,510 --> 00:20:30,159

because i'm just reading some of it it

422

00:20:34,310 --> 00:20:31,520

really doesn't call for comments it's

423

00:20:36,549 --> 00:20:34,320

pretty self-explanatory

424

00:20:39,029 --> 00:20:36,559

um and then dean goes on to say it's

425

00:20:41,669 --> 00:20:39,039

true senator harry reid

426

00:20:44,870 --> 00:20:41,679

with senator senator in ua and stevens

427

00:20:46,310 --> 00:20:44,880

quietly secured 22 million to fund

428

00:20:48,230 --> 00:20:46,320

ossap

429

00:20:49,830 --> 00:20:48,240

but no public legislative text revealed

430

00:20:51,510 --> 00:20:49,840

a true character of that program only a

431

00:20:54,630 --> 00:20:51,520

handful of members of congress even knew

432

00:20:55,669 --> 00:20:54,640

of his existence during that period

433

00:20:57,110 --> 00:20:55,679

and

434

00:20:58,870 --> 00:20:57,120

it was originally supposed to go for

435

00:21:00,950 --> 00:20:58,880

five years but it went for two because

436

00:21:02,950 --> 00:21:00,960

when they put in the request because and

437

00:21:05,430 --> 00:21:02,960

this is my

438

00:21:07,270 --> 00:21:05,440

my um take on not take just from reading

439

00:21:09,029 --> 00:21:07,280

skin walkers at the pentagon they put in

440

00:21:10,789 --> 00:21:09,039

a request to become a special access

441

00:21:12,310 --> 00:21:10,799

program and that letter got leaked and

442

00:21:14,149 --> 00:21:12,320

people found out about the program and

443

00:21:16,870 --> 00:21:14,159

they said what the hell are you

444

00:21:18,870 --> 00:21:16,880

investigating really and that's where

445

00:21:20,070 --> 00:21:18,880

they ran into trouble and certain people

446

00:21:21,909 --> 00:21:20,080

in the pentagon tried to kill the

447

00:21:24,710 --> 00:21:21,919

program and after two years they

448

00:21:28,789 --> 00:21:27,270

so and they he also talks about atip

449

00:21:30,870 --> 00:21:28,799

uh he says but that was all that was a

450

00:21:32,390 --> 00:21:30,880

modest initiative pursued by a small

451  
00:21:34,070 --> 00:21:32,400  
group under the general authorities of

452  
00:21:35,750 --> 00:21:34,080  
the under secretary of defense for

453  
00:21:39,029 --> 00:21:35,760  
intelligence not dependent on any

454  
00:21:41,590 --> 00:21:39,039  
references in legislation so yeah

455  
00:21:47,350 --> 00:21:41,600  
this one is legislation so was awesome

456  
00:21:51,909 --> 00:21:49,510  
frustrating some big youtube channels

457  
00:21:53,190 --> 00:21:51,919  
say skinwalker rants is a gift i've i've

458  
00:21:55,270 --> 00:21:53,200  
stopped paying attention and i'll tell

459  
00:21:57,350 --> 00:21:55,280  
you exactly

460  
00:21:59,190 --> 00:21:57,360  
i'll tell you why because

461  
00:22:03,510 --> 00:21:59,200  
and

462  
00:22:04,310 --> 00:22:03,520  
captured of ufos let me try to get rid

463  
00:22:06,470 --> 00:22:04,320

of

464

00:22:08,390 --> 00:22:06,480

so i'm struggling

465

00:22:10,149 --> 00:22:08,400

getting rid of my

466

00:22:11,590 --> 00:22:10,159

screen for a second

467

00:22:13,990 --> 00:22:11,600

so i was talking about this the other

468

00:22:16,549 --> 00:22:14,000

day and i was working on a show

469

00:22:19,750 --> 00:22:16,559

i don't know who joe scott is bug but

470

00:22:21,510 --> 00:22:19,760

i was talking at work and

471

00:22:23,830 --> 00:22:21,520

two new people i met brought up a

472

00:22:25,190 --> 00:22:23,840

conversation about ufos i snuck it in

473

00:22:27,510 --> 00:22:25,200

there and then

474

00:22:29,990 --> 00:22:27,520

i think one of them may have brought up

475

00:22:31,909 --> 00:22:30,000

skinwalker ranch and i was like yeah i

476  
00:22:34,070 --> 00:22:31,919  
mean a lot of it is not captured on

477  
00:22:36,310 --> 00:22:34,080  
video a lot of it is

478  
00:22:38,549 --> 00:22:36,320  
it's anecdotal but is there a point

479  
00:22:41,110 --> 00:22:38,559  
where it's so many stories of the same

480  
00:22:42,549 --> 00:22:41,120  
type of activity slightly different

481  
00:22:44,549 --> 00:22:42,559  
where you come to the conclusion at

482  
00:22:46,070 --> 00:22:44,559  
least i have

483  
00:22:47,510 --> 00:22:46,080  
that something is going on there

484  
00:22:49,029 --> 00:22:47,520  
something weird

485  
00:22:51,110 --> 00:22:49,039  
there are still people who think it's

486  
00:22:53,270 --> 00:22:51,120  
black technology whatever you want to

487  
00:22:55,270 --> 00:22:53,280  
make that argument fine something is

488  
00:22:56,789 --> 00:22:55,280

going on there um

489

00:22:58,549 --> 00:22:56,799

so it needs to be investigated same

490

00:23:00,470 --> 00:22:58,559

thing with some of the some of the

491

00:23:02,230 --> 00:23:00,480

investigations that ocep did people will

492

00:23:04,470 --> 00:23:02,240

talk about certain orbs and like well we

493

00:23:06,390 --> 00:23:04,480

have that technology okay well if we

494

00:23:08,630 --> 00:23:06,400

have technology that we're

495

00:23:10,950 --> 00:23:08,640

we're sending out and it's entering

496

00:23:12,710 --> 00:23:10,960

human beings and in injuring and killing

497

00:23:14,630 --> 00:23:12,720

americans i think that needs to be

498

00:23:16,710 --> 00:23:14,640

studied let's just i mean just for

499

00:23:18,789 --> 00:23:16,720

argument's sake it's black technology

500

00:23:21,510 --> 00:23:18,799

how do you not study that i mean kit

501  
00:23:22,950 --> 00:23:21,520  
green 25 of his patients died between

502  
00:23:24,789 --> 00:23:22,960  
five and seven years after they have a

503  
00:23:26,710 --> 00:23:24,799  
close encounter that should be studied

504  
00:23:28,789 --> 00:23:26,720  
no matter what it would be a bigger

505  
00:23:31,590 --> 00:23:28,799  
scandal if that was if that was black

506  
00:23:32,870 --> 00:23:31,600  
human technology by some rogue element

507  
00:23:33,990 --> 00:23:32,880  
of our government i mean that would be a

508  
00:23:36,310 --> 00:23:34,000  
huge deal

509  
00:23:37,669 --> 00:23:36,320  
skinwalker and the surrounding area

510  
00:23:39,190 --> 00:23:37,679  
that's the most important part it's not

511  
00:23:40,710 --> 00:23:39,200  
just skinwalker ranch it's the whole

512  
00:23:41,510 --> 00:23:40,720  
area and it's been going on for a long

513  
00:23:43,990 --> 00:23:41,520

time

514

00:23:45,350 --> 00:23:44,000

other areas other hot spots so

515

00:23:47,110 --> 00:23:45,360

i don't i don't even want to debate it

516

00:23:48,630 --> 00:23:47,120

with people anymore it's a waste of time

517

00:23:51,269 --> 00:23:48,640

i want to try to figure out what's going

518

00:23:55,750 --> 00:23:51,279

on not that if it's going on

519

00:24:00,870 --> 00:23:59,029

so many witnesses you know

520

00:24:01,909 --> 00:24:00,880

dr eric davis

521

00:24:06,070 --> 00:24:01,919

um

522

00:24:10,470 --> 00:24:09,110

brandon fugle there there were five dia

523

00:24:12,070 --> 00:24:10,480

folks we don't know they're we don't

524

00:24:14,310 --> 00:24:12,080

know their names they were 10 security

525

00:24:17,830 --> 00:24:14,320

folks they all had hitchhiker stuff type

526

00:24:19,430 --> 00:24:17,840

of stuff happen is every person lying

527

00:24:20,870 --> 00:24:19,440

and then they're like i said but then

528

00:24:21,669 --> 00:24:20,880

there are a lot of people say nope it's

529

00:24:25,269 --> 00:24:21,679

all

530

00:24:26,870 --> 00:24:25,279

black budget tech

531

00:24:28,630 --> 00:24:26,880

and like i said if we have technology

532

00:24:30,149 --> 00:24:28,640

that can cause hitchhiker effect that's

533

00:24:31,669 --> 00:24:30,159

gone back you know we've had that for a

534

00:24:33,430 --> 00:24:31,679

long time and we can

535

00:24:35,669 --> 00:24:33,440

if that's what if that's what it is

536

00:24:38,149 --> 00:24:35,679

amazing you know amazing to me i don't

537

00:24:42,470 --> 00:24:38,159

think that's what's going on but

538

00:24:45,909 --> 00:24:44,070

yeah and i'm just saying black project

539

00:24:47,510 --> 00:24:45,919

just for the sake of argument i'm not

540

00:24:50,789 --> 00:24:47,520

saying it's impossible that some of it

541

00:24:52,950 --> 00:24:50,799

may be black technology but

542

00:24:55,669 --> 00:24:52,960

injuring people at the very least it has

543

00:24:57,029 --> 00:24:55,679

to be studied whatever it is so

544

00:24:58,549 --> 00:24:57,039

you know

545

00:25:01,269 --> 00:24:58,559

i'm not gonna i'm not gonna get into a

546

00:25:02,950 --> 00:25:01,279

big debate with somebody over what

547

00:25:04,230 --> 00:25:02,960

you know what it is if they're like nope

548

00:25:05,590 --> 00:25:04,240

sorry if they just say there's nothing

549

00:25:06,870 --> 00:25:05,600

going on just don't pay attention it's

550

00:25:08,149 --> 00:25:06,880

just a waste of time there's something

551  
00:25:09,350 --> 00:25:08,159  
going on i just want to figure out what

552  
00:25:11,510 --> 00:25:09,360  
it is

553  
00:25:14,310 --> 00:25:11,520  
so let me continue with

554  
00:25:16,310 --> 00:25:14,320  
doug's

555  
00:25:17,990 --> 00:25:16,320  
article

556  
00:25:19,669 --> 00:25:18,000  
it appears many members of congress who

557  
00:25:21,750 --> 00:25:19,679  
sit on the committees that have had

558  
00:25:23,510 --> 00:25:21,760  
access to classified briefings on uap

559  
00:25:25,430 --> 00:25:23,520  
since 2017

560  
00:25:26,870 --> 00:25:25,440  
have concluded that the dod and

561  
00:25:29,990 --> 00:25:26,880  
intelligence community have dealt with

562  
00:25:32,149 --> 00:25:30,000  
the issue in a haphazard fashion yes

563  
00:25:34,950 --> 00:25:32,159

without institutional continuity or the

564

00:25:39,909 --> 00:25:34,960

marshaling of substantial resources

565

00:25:44,160 --> 00:25:43,830

in september 25th i'll get back to that

566

00:25:47,909 --> 00:25:44,170

um

567

00:25:51,750 --> 00:25:49,590

just one quick i don't know of the place

568

00:25:52,710 --> 00:25:51,760

and i may actually may have heard the

569

00:25:53,990 --> 00:25:52,720

interview with somebody on middle

570

00:25:55,430 --> 00:25:54,000

tennessee there's a place i don't know

571

00:25:57,750 --> 00:25:55,440

the name of it there are other places in

572

00:26:01,669 --> 00:25:57,760

the united states yakima washington

573

00:26:03,590 --> 00:26:01,679

sedona arizona crestone colorado dolce

574

00:26:05,830 --> 00:26:03,600

new mexico so there are a lot of places

575

00:26:07,190 --> 00:26:05,840

why those places i mean is that an area

576

00:26:09,190 --> 00:26:07,200

and i know there are native american

577

00:26:10,789 --> 00:26:09,200

connections too not to everything but a

578

00:26:13,190 --> 00:26:10,799

lot of them

579

00:26:15,110 --> 00:26:13,200

so yeah um

580

00:26:16,789 --> 00:26:15,120

and it's there's also a skinwalker type

581

00:26:21,110 --> 00:26:16,799

place over in europe i'm not sure if

582

00:26:25,190 --> 00:26:21,120

there's just one so it's everywhere

583

00:26:29,830 --> 00:26:27,669

uh in a september 25th 21 interview with

584

00:26:31,830 --> 00:26:29,840

bender from politico gallegos said

585

00:26:33,750 --> 00:26:31,840

there's been a and i and i'm sure i saw

586

00:26:34,789 --> 00:26:33,760

this but i don't remember this but it's

587

00:26:36,830 --> 00:26:34,799

really good

588

00:26:39,430 --> 00:26:36,840

from gallegos saying there's been a

589

00:26:41,190 --> 00:26:39,440

lack total lack of focus across the

590

00:26:43,430 --> 00:26:41,200

national security apparatus to actually

591

00:26:45,990 --> 00:26:43,440

get at what's happening here regarding

592

00:26:48,149 --> 00:26:46,000

uap i think there's been kind of a

593

00:26:49,350 --> 00:26:48,159

partial pastime of curiosity seekers

594

00:26:51,430 --> 00:26:49,360

that are within the department of

595

00:26:53,269 --> 00:26:51,440

defense but there has not been any

596

00:26:55,350 --> 00:26:53,279

professional initiative across the

597

00:26:56,789 --> 00:26:55,360

defense enterprise so so that we can

598

00:26:58,470 --> 00:26:56,799

actually make some deliberate and

599

00:26:59,909 --> 00:26:58,480

knowledgeable decisions i mean that's

600

00:27:00,870 --> 00:26:59,919

yeah exactly

601  
00:27:02,789 --> 00:27:00,880  
um

602  
00:27:06,149 --> 00:27:02,799  
and gallego expanded on those themes in

603  
00:27:07,830 --> 00:27:06,159  
a video interview uh saying

604  
00:27:09,029 --> 00:27:07,840  
speaking of what he sees as a failure of

605  
00:27:10,549 --> 00:27:09,039  
the military and intelligence

606  
00:27:12,310 --> 00:27:10,559  
communities to bring coordinated and

607  
00:27:14,070 --> 00:27:12,320  
sustained scrutiny to bear on the ufo

608  
00:27:16,149 --> 00:27:14,080  
program gallego said

609  
00:27:18,230 --> 00:27:16,159  
i think actually more than anything else

610  
00:27:20,630 --> 00:27:18,240  
it's cultural because we've never

611  
00:27:21,430 --> 00:27:20,640  
treated uaps as serious as a serious

612  
00:27:23,430 --> 00:27:21,440  
issue

613  
00:27:24,789 --> 00:27:23,440

no person wants to be known as the ufo

614

00:27:26,470 --> 00:27:24,799

general right

615

00:27:28,470 --> 00:27:26,480

or maybe the person who is the director

616

00:27:30,149 --> 00:27:28,480

of ufo information because that

617

00:27:31,669 --> 00:27:30,159

basically sets your career path in the

618

00:27:33,990 --> 00:27:31,679

military and so everyone that just

619

00:27:36,070 --> 00:27:34,000

avoids it everyone just avoids the issue

620

00:27:37,669 --> 00:27:36,080

politicians avoid the issues so everyone

621

00:27:40,389 --> 00:27:37,679

just kind of walks around in circles

622

00:27:41,990 --> 00:27:40,399

saying man there's something here but

623

00:27:43,990 --> 00:27:42,000

nobody wants to do anything about it

624

00:27:45,430 --> 00:27:44,000

that last part is exactly the point

625

00:27:47,350 --> 00:27:45,440

something's here but nobody's doing

626

00:27:49,190 --> 00:27:47,360

anything about it of course i do think

627

00:27:50,070 --> 00:27:49,200

somebody has been doing something about

628

00:27:52,710 --> 00:27:50,080

it

629

00:27:54,389 --> 00:27:52,720

except we don't have access to that

630

00:27:55,510 --> 00:27:54,399

um and that's something we can talk

631

00:27:57,830 --> 00:27:55,520

about

632

00:28:00,070 --> 00:27:57,840

as far as what's been going on in

633

00:28:02,149 --> 00:28:00,080

decades past

634

00:28:04,549 --> 00:28:02,159

i'll just see what other um yeah pine

635

00:28:06,789 --> 00:28:04,559

bush in new york whitney street's cabin

636

00:28:08,230 --> 00:28:06,799

i think was that near there hudson

637

00:28:09,669 --> 00:28:08,240

valley i'm not and but there are people

638

00:28:11,750 --> 00:28:09,679

who think hudson valley sightings were

639

00:28:13,750 --> 00:28:11,760

black triangles were ours

640

00:28:16,389 --> 00:28:13,760

um

641

00:28:17,190 --> 00:28:16,399

is there a dollar amount associated

642

00:28:23,430 --> 00:28:17,200

no

643

00:28:25,269 --> 00:28:23,440

it just says basically you get the funds

644

00:28:28,230 --> 00:28:25,279

you need i mean it doesn't doesn't

645

00:28:29,669 --> 00:28:28,240

specify which we'll see if people are

646

00:28:31,590 --> 00:28:29,679

asking for funds and saying we're not

647

00:28:33,510 --> 00:28:31,600

getting enough funds that's going to be

648

00:28:35,029 --> 00:28:33,520

an issue

649

00:28:37,590 --> 00:28:35,039

if the pentagon doesn't think there's

650

00:28:39,190 --> 00:28:37,600

anything to the whole ufo byp phenomena

651  
00:28:43,029 --> 00:28:39,200  
why are they freaking out about civilian

652  
00:28:44,950 --> 00:28:43,039  
oversight hypocritical

653  
00:28:46,789 --> 00:28:44,960  
i guess they can make the argument while

654  
00:28:48,549 --> 00:28:46,799  
it's adversarial tech that we need to

655  
00:28:50,230 --> 00:28:48,559  
figure out we don't want civilians

656  
00:28:51,909 --> 00:28:50,240  
finding out about that that's that's

657  
00:28:53,990 --> 00:28:51,919  
national security i'm sure that's what

658  
00:28:57,269 --> 00:28:54,000  
they could say

659  
00:29:01,430 --> 00:28:59,909  
whether or not that's a valid argument i

660  
00:29:02,950 --> 00:29:01,440  
don't know but hopefully eventually we

661  
00:29:04,470 --> 00:29:02,960  
can get civilians i mean it bugs me it

662  
00:29:06,789 --> 00:29:04,480  
definitely bugs me that civilians aren't

663  
00:29:09,190 --> 00:29:06,799

included but i'm not gonna i can't i'm

664

00:29:12,070 --> 00:29:09,200

not gonna be negative on a day where

665

00:29:14,470 --> 00:29:12,080

this is a this is a big step forward

666

00:29:17,750 --> 00:29:14,480

it's not the final step whatsoever it's

667

00:29:21,909 --> 00:29:17,760

a big step forward though

668

00:29:23,750 --> 00:29:21,919

in november let me get rid of that

669

00:29:25,990 --> 00:29:23,760

in november uh in an interview with

670

00:29:27,669 --> 00:29:26,000

brian benner gillibrand said gillibrand

671

00:29:29,510 --> 00:29:27,679

said you're talking about drone

672

00:29:31,029 --> 00:29:29,520

technology you're talking about balloon

673

00:29:32,950 --> 00:29:31,039

technology you're talking about other

674

00:29:34,389 --> 00:29:32,960

aerial phenomena

675

00:29:36,789 --> 00:29:34,399

and then you're talking about the

676  
00:29:39,350 --> 00:29:36,799  
unknown regardless of where you fall on

677  
00:29:41,029 --> 00:29:39,360  
the question of the unknown you have to

678  
00:29:43,029 --> 00:29:41,039  
answer the rest of the questions that's

679  
00:29:45,430 --> 00:29:43,039  
why this is urgent that's why having no

680  
00:29:48,070 --> 00:29:45,440  
oversight or accountability up until now

681  
00:29:51,350 --> 00:29:48,080  
to me is unacceptable and i'm not sure

682  
00:29:52,950 --> 00:29:51,360  
um if she's referring to especially the

683  
00:29:55,350 --> 00:29:52,960  
the special access programs that don't

684  
00:29:57,750 --> 00:29:55,360  
have any oversight where

685  
00:29:59,590 --> 00:29:57,760  
any nobody in the government unless

686  
00:30:01,269 --> 00:29:59,600  
maybe if you're the secretary of defense

687  
00:30:03,430 --> 00:30:01,279  
you can get access to a certain special

688  
00:30:04,789 --> 00:30:03,440

access program that might have ufo

689

00:30:06,310 --> 00:30:04,799

technology that

690

00:30:07,909 --> 00:30:06,320

how how do you have a government without

691

00:30:09,830 --> 00:30:07,919

over no oversight so i'm not sure if

692

00:30:12,549 --> 00:30:09,840

that's what she's talking about or other

693

00:30:14,549 --> 00:30:12,559

aspects of ufo data that exists that

694

00:30:15,909 --> 00:30:14,559

nobody has access to

695

00:30:17,350 --> 00:30:15,919

um

696

00:30:19,110 --> 00:30:17,360

and that was her tweet that she said

697

00:30:24,230 --> 00:30:19,120

sent out you know we cannot bury our

698

00:30:24,240 --> 00:30:28,389

see you mick i see you

699

00:30:31,990 --> 00:30:30,149

the proposed new law would radically

700

00:30:34,549 --> 00:30:32,000

change the statutory terrain on which

701  
00:30:36,470 --> 00:30:34,559  
the dod and intelligence agencies

702  
00:30:39,269 --> 00:30:36,480  
i see i'll keep saying i see if he goes

703  
00:30:41,269 --> 00:30:39,279  
over that operate with respect to uap by

704  
00:30:43,430 --> 00:30:41,279  
enactment congress would clearly set

705  
00:30:45,110 --> 00:30:43,440  
forth explicit statutory mandates and

706  
00:30:47,029 --> 00:30:45,120  
place accountability for carrying them

707  
00:30:49,269 --> 00:30:47,039  
out squarely on the soldiers shoulders

708  
00:30:51,350 --> 00:30:49,279  
of the secretary of defense known as

709  
00:30:52,950 --> 00:30:51,360  
secretary going forward

710  
00:30:55,669 --> 00:30:52,960  
shared in some measure with another

711  
00:30:58,710 --> 00:30:55,679  
cabinet level officer the director of

712  
00:31:00,310 --> 00:30:58,720  
national intelligence ariel haynes

713  
00:31:02,830 --> 00:31:00,320

who talked about we may be dealing with

714

00:31:05,590 --> 00:31:02,840

something that comes extraterrestrially

715

00:31:07,669 --> 00:31:05,600

which according to julian barnes of the

716

00:31:08,470 --> 00:31:07,679

new york times she was just not talking

717

00:31:10,630 --> 00:31:08,480

about

718

00:31:11,509 --> 00:31:10,640

aliens from outer space she was talking

719

00:31:14,070 --> 00:31:11,519

about

720

00:31:15,590 --> 00:31:14,080

solar flares and meteors and he

721

00:31:16,710 --> 00:31:15,600

dean has an update on that at the end of

722

00:31:18,870 --> 00:31:16,720

this article i don't know if we'll go

723

00:31:20,870 --> 00:31:18,880

that far um

724

00:31:23,110 --> 00:31:20,880

he stands by his reporting but won't say

725

00:31:25,190 --> 00:31:23,120

where that came from which i don't know

726

00:31:26,470 --> 00:31:25,200

just seems like you wouldn't at least as

727

00:31:29,830 --> 00:31:26,480

a reporter tell us where you got that

728

00:31:32,470 --> 00:31:31,430

hi julie

729

00:31:38,230 --> 00:31:32,480

the

730

00:31:40,549 --> 00:31:38,240

to establish an entity devoted to

731

00:31:41,990 --> 00:31:40,559

coordinating department and ic efforts

732

00:31:44,710 --> 00:31:42,000

to gather data on

733

00:31:46,789 --> 00:31:44,720

study the mysteries of uap

734

00:31:48,470 --> 00:31:46,799

the bill does not and this is a little

735

00:31:49,990 --> 00:31:48,480

worrisome the bill does not dictate

736

00:31:52,549 --> 00:31:50,000

exactly where this coordinating

737

00:31:55,669 --> 00:31:52,559

coordinating office

738

00:31:57,430 --> 00:31:55,679

specifics

739

00:31:59,269 --> 00:31:57,440

specifies that it must be within a

740

00:32:00,630 --> 00:31:59,279

component of the office of the secretary

741

00:32:02,070 --> 00:32:00,640

of defense or within a joint

742

00:32:03,830 --> 00:32:02,080

organization of the department of

743

00:32:07,430 --> 00:32:03,840

defense and the office of the director

744

00:32:11,669 --> 00:32:09,750

we now know that for the present at

745

00:32:14,549 --> 00:32:11,679

least the uap headquarters will be

746

00:32:15,310 --> 00:32:14,559

unfortunately named

747

00:32:20,310 --> 00:32:15,320

the

748

00:32:21,909 --> 00:32:20,320

acronym it's airborne object

749

00:32:24,549 --> 00:32:21,919

identification and management

750

00:32:26,230 --> 00:32:24,559

synchronization group aoi msg within the

751  
00:32:28,070 --> 00:32:26,240  
office of the under secretary of defense

752  
00:32:30,230 --> 00:32:28,080  
for intelligence and security that's the

753  
00:32:32,870 --> 00:32:30,240  
office we don't want it to be in because

754  
00:32:34,310 --> 00:32:32,880  
of their history of obfuscating this

755  
00:32:36,230 --> 00:32:34,320  
subject and

756  
00:32:38,070 --> 00:32:36,240  
not taking it seriously at least

757  
00:32:39,590 --> 00:32:38,080  
publicly

758  
00:32:41,190 --> 00:32:39,600  
it'll be in that office because deputy

759  
00:32:42,870 --> 00:32:41,200  
secretary of defense kathleen hicks

760  
00:32:45,029 --> 00:32:42,880  
announced the creation of that entity in

761  
00:32:46,950 --> 00:32:45,039  
a memorandum released november 23rd the

762  
00:32:48,710 --> 00:32:46,960  
hicks memo

763  
00:32:50,710 --> 00:32:48,720

proposed new law would not directly

764

00:32:52,389 --> 00:32:50,720

govern the uap-related activity of

765

00:32:54,470 --> 00:32:52,399

agencies outside the defense

766

00:32:57,110 --> 00:32:54,480

intelligence community realm such as

767

00:32:59,110 --> 00:32:57,120

homeland security nasa or the faa but it

768

00:33:01,029 --> 00:32:59,120

would require active efforts by folks in

769

00:33:02,710 --> 00:33:01,039

the dod and intelligence community to

770

00:33:06,149 --> 00:33:02,720

collaborate with them

771

00:33:08,830 --> 00:33:06,159

such folks as nasa and dhs and faa and

772

00:33:11,990 --> 00:33:08,840

seek uap related data from such

773

00:33:14,549 --> 00:33:12,000

agencies hey nasa we would like your ufo

774

00:33:15,909 --> 00:33:14,559

data please on my desk by tomorrow so

775

00:33:22,149 --> 00:33:15,919

that's what that group that's what they

776

00:33:26,070 --> 00:33:24,230

among the functions of the central uap

777

00:33:27,269 --> 00:33:26,080

office would be the following developing

778

00:33:29,669 --> 00:33:27,279

procedures to synchronize and

779

00:33:32,549 --> 00:33:29,679

standardize the collection reporting and

780

00:33:36,630 --> 00:33:32,559

analysis of incidents including adverse

781

00:33:40,870 --> 00:33:39,269

regarding united regarding ufos across

782

00:33:42,549 --> 00:33:40,880

dod and intelligence community and

783

00:33:43,750 --> 00:33:42,559

that's the most important part that that

784

00:33:46,070 --> 00:33:43,760

made it in

785

00:33:47,750 --> 00:33:46,080

um two parts

786

00:33:49,350 --> 00:33:47,760

they'll meet they'll be they'll be

787

00:33:50,470 --> 00:33:49,360

studying individual cases they'll be

788

00:33:52,710 --> 00:33:50,480

able to go

789

00:33:54,389 --> 00:33:52,720

travel to where there was a sighting or

790

00:33:55,350 --> 00:33:54,399

an encounter and then if somebody had

791

00:33:57,509 --> 00:33:55,360

something

792

00:33:58,870 --> 00:33:57,519

physically wrong with them because they

793

00:34:01,509 --> 00:33:58,880

were so close

794

00:34:03,029 --> 00:34:01,519

to a ufo then they study that the big

795

00:34:04,950 --> 00:34:03,039

question i have which is not discussed

796

00:34:06,549 --> 00:34:04,960

here as what column keller has said the

797

00:34:08,950 --> 00:34:06,559

only way

798

00:34:10,470 --> 00:34:08,960

colin keller and this is james kahn

799

00:34:13,109 --> 00:34:10,480

keller told me something about nasa a

800

00:34:15,510 --> 00:34:13,119

while back very strange

801  
00:34:17,589 --> 00:34:15,520  
when i take when i go back all you can i

802  
00:34:24,230 --> 00:34:17,599  
can i can go back you can you share that

803  
00:34:28,470 --> 00:34:26,389  
so that's james teasing us

804  
00:34:30,230 --> 00:34:28,480  
something very strange from com kelleher

805  
00:34:35,669 --> 00:34:30,240  
about nasa

806  
00:34:40,550 --> 00:34:38,310  
nasa gossip

807  
00:34:43,109 --> 00:34:40,560  
i will i will keep reading as i'm

808  
00:34:45,109 --> 00:34:43,119  
looking at that

809  
00:34:46,869 --> 00:34:45,119  
so colin kelleher said

810  
00:34:48,629 --> 00:34:46,879  
the reason they were able to get folks

811  
00:34:51,349 --> 00:34:48,639  
to

812  
00:34:53,589 --> 00:34:51,359  
open up about their experiences

813  
00:34:59,190 --> 00:34:53,599

first of all they had

814

00:35:03,510 --> 00:35:01,190

if you want to share details please do

815

00:35:05,109 --> 00:35:03,520

if not i will keep reading uh so colin

816

00:35:07,030 --> 00:35:05,119

kelleher said

817

00:35:08,230 --> 00:35:07,040

they had medical doctors physicians who

818

00:35:11,109 --> 00:35:08,240

were looking at some of the folks who

819

00:35:12,950 --> 00:35:11,119

were injured by the uap close encounters

820

00:35:15,670 --> 00:35:12,960

and they stayed with them and they took

821

00:35:18,630 --> 00:35:15,680

blood work and they looked all matter of

822

00:35:21,190 --> 00:35:18,640

phys medical diagnosis

823

00:35:23,589 --> 00:35:21,200

uh mris and they stayed with them he

824

00:35:25,349 --> 00:35:23,599

said sometimes months sometimes years he

825

00:35:27,109 --> 00:35:25,359

goes and once once they became

826

00:35:28,550 --> 00:35:27,119

comfortable with the people who were

827

00:35:30,390 --> 00:35:28,560

investigating their case then they would

828

00:35:32,470 --> 00:35:30,400

start sharing some of the more

829

00:35:34,870 --> 00:35:32,480

controversial things like

830

00:35:36,550 --> 00:35:34,880

hitchhiker effects poltergeist because

831

00:35:38,790 --> 00:35:36,560

if somebody comes to your house and says

832

00:35:40,470 --> 00:35:38,800

you know depending depending on who you

833

00:35:42,069 --> 00:35:40,480

are of course you might be more reticent

834

00:35:43,430 --> 00:35:42,079

if you're a military person especially

835

00:35:44,790 --> 00:35:43,440

if you're a pilot

836

00:35:46,710 --> 00:35:44,800

oh yeah well

837

00:35:48,310 --> 00:35:46,720

got home and then woke up last night

838

00:35:51,109 --> 00:35:48,320

there was this black

839

00:35:51,829 --> 00:35:51,119

shadow figure over my house over my bed

840

00:35:52,790 --> 00:35:51,839

and

841

00:35:56,230 --> 00:35:52,800

you know

842

00:35:57,430 --> 00:35:56,240

flying around downstairs if you're in

843

00:35:58,870 --> 00:35:57,440

the military or if you're a pilot you're

844

00:36:00,630 --> 00:35:58,880

not going to share that he's basically

845

00:36:02,150 --> 00:36:00,640

saying no matter who you are the more

846

00:36:05,270 --> 00:36:02,160

time they spent with the witnesses the

847

00:36:07,829 --> 00:36:05,280

more they were more open about it

848

00:36:09,750 --> 00:36:07,839

so james is saying

849

00:36:11,510 --> 00:36:09,760

dr noland and my associates have made

850

00:36:13,750 --> 00:36:11,520

many new discoveries i am retired from

851

00:36:15,990 --> 00:36:13,760

the media but still search for the truth

852

00:36:19,910 --> 00:36:16,000

one day one day soon teamed up with nasa

853

00:36:22,230 --> 00:36:19,920

much will be revealed

854

00:36:26,069 --> 00:36:22,240

and that was from

855

00:36:29,030 --> 00:36:26,079

i told you that that was from

856

00:36:30,790 --> 00:36:29,040

tom kelleher told him that

857

00:36:32,950 --> 00:36:30,800

colin kelleher told

858

00:36:34,870 --> 00:36:32,960

james that dr nolan and my associates

859

00:36:36,310 --> 00:36:34,880

have made many new discoveries i am

860

00:36:37,910 --> 00:36:36,320

retired from the media but still search

861

00:36:39,589 --> 00:36:37,920

for the truth

862

00:36:41,270 --> 00:36:39,599

one day soon teamed up with nasa much

863

00:36:42,310 --> 00:36:41,280

would be revealed well that's a really

864

00:36:43,670 --> 00:36:42,320

good

865

00:36:45,270 --> 00:36:43,680

tease and i want to know what the hell

866

00:36:47,270 --> 00:36:45,280

that is

867

00:36:50,710 --> 00:36:47,280

yeah thanks for sharing that james

868

00:36:52,710 --> 00:36:50,720

had never heard anything like that

869

00:36:54,950 --> 00:36:52,720

i have an exclusive thanks to james

870

00:36:55,829 --> 00:36:54,960

iandoli thank you very much for sharing

871

00:37:02,390 --> 00:36:55,839

that

872

00:37:04,230 --> 00:37:02,400

i have no idea what does nasa know i

873

00:37:05,670 --> 00:37:04,240

mean you see the the pictures that uri

874

00:37:07,589 --> 00:37:05,680

geller and i know people have problems

875

00:37:09,430 --> 00:37:07,599

with hurry geller but i haven't i have

876

00:37:11,829 --> 00:37:09,440

no doubt that harry geller has real

877

00:37:14,150 --> 00:37:11,839

abilities i also know that

878

00:37:15,510 --> 00:37:14,160

people who have real ability sometimes

879

00:37:17,270 --> 00:37:15,520

don't have those real abilities and

880

00:37:19,670 --> 00:37:17,280

they'll cheat if they get a chance i'm

881

00:37:21,750 --> 00:37:19,680

not you know i've seen video of him

882

00:37:23,990 --> 00:37:21,760

but geller posted pictures of him with

883

00:37:25,750 --> 00:37:24,000

werner von braun at nasa and claiming

884

00:37:27,829 --> 00:37:25,760

that he saw the bodies but he wouldn't

885

00:37:28,950 --> 00:37:27,839

go into details

886

00:37:32,870 --> 00:37:28,960

so

887

00:37:35,030 --> 00:37:32,880

and just sharing that james gets kisses

888

00:37:36,870 --> 00:37:35,040

[back to the article](#)

889

00:37:39,430 --> 00:37:36,880

among the functions of the central uap

890

00:37:42,310 --> 00:37:39,440

office would be

891

00:37:48,790 --> 00:37:44,390

would be following development

892

00:37:52,950 --> 00:37:51,349

evaluating links between

893

00:37:54,390 --> 00:37:52,960

yeah you know they got the adversarial

894

00:37:56,230 --> 00:37:54,400

adversarial foreign governments which we

895

00:37:58,470 --> 00:37:56,240

don't care about and non-state actors

896

00:38:00,310 --> 00:37:58,480

terrorist groups you know maybe some of

897

00:38:02,310 --> 00:38:00,320

some of this is their technology okay

898

00:38:04,390 --> 00:38:02,320

that's not what we care about

899

00:38:05,990 --> 00:38:04,400

drones which look you know super

900

00:38:07,589 --> 00:38:06,000

advanced

901  
00:38:09,270 --> 00:38:07,599  
coordinating with other departments and

902  
00:38:11,109 --> 00:38:09,280  
agencies of the federal government as

903  
00:38:14,230 --> 00:38:11,119  
appropriate they will

904  
00:38:15,910 --> 00:38:14,240  
coordinate with faa nasa

905  
00:38:18,870 --> 00:38:15,920  
did i read this already

906  
00:38:20,630 --> 00:38:18,880  
um i might have read this already so

907  
00:38:22,310 --> 00:38:20,640  
or might just be repetitive

908  
00:38:23,589 --> 00:38:22,320  
while the central office would exercise

909  
00:38:24,870 --> 00:38:23,599  
oversight authority and play a

910  
00:38:26,790 --> 00:38:24,880  
coordination

911  
00:38:28,790 --> 00:38:26,800  
function key provisions require the

912  
00:38:31,990 --> 00:38:28,800  
secretary of defense and dni to

913  
00:38:34,390 --> 00:38:32,000

designate line organizations basically

914

00:38:36,150 --> 00:38:34,400

they'll designate certain military

915

00:38:38,790 --> 00:38:36,160

and or intelligence components to

916

00:38:41,109 --> 00:38:38,800

conduct the operational aspects of uap

917

00:38:42,950 --> 00:38:41,119

investigations that could be get you

918

00:38:44,230 --> 00:38:42,960

know hopefully it's not the air force in

919

00:38:45,829 --> 00:38:44,240

charge of this but

920

00:38:47,109 --> 00:38:45,839

hopefully they pick somebody and they

921

00:38:49,030 --> 00:38:47,119

put somebody in charge who is

922

00:38:50,150 --> 00:38:49,040

open-minded and willing to share as

923

00:38:51,670 --> 00:38:50,160

obviously it's not going to be that

924

00:38:56,310 --> 00:38:51,680

person who's going to be sharing it but

925

00:39:00,790 --> 00:38:59,109

it requires that these organizations

926  
00:39:04,390 --> 00:39:00,800  
these line organizations that'll be

927  
00:39:07,990 --> 00:39:06,150  
to carry out the investigations they

928  
00:39:10,150 --> 00:39:08,000  
will have to

929  
00:39:11,990 --> 00:39:10,160  
have access this is important to

930  
00:39:13,349 --> 00:39:12,000  
adequate personnel with requisite

931  
00:39:16,390 --> 00:39:13,359  
expertise

932  
00:39:18,150 --> 00:39:16,400  
equipment transportation and other

933  
00:39:20,990 --> 00:39:18,160  
you must have a car if you're going to

934  
00:39:23,190 --> 00:39:21,000  
work in the ufo office it is a

935  
00:39:26,950 --> 00:39:23,200  
pre-prerequisite that you have a car if

936  
00:39:29,030 --> 00:39:26,960  
not you can't work for us it's like

937  
00:39:30,870 --> 00:39:29,040  
that's kind of weird it's like

938  
00:39:32,550 --> 00:39:30,880

yes make sure they have and i know it's

939

00:39:34,470 --> 00:39:32,560

not real i'm i'm reading that the wrong

940

00:39:36,710 --> 00:39:34,480

way transportation provided by the

941

00:39:38,710 --> 00:39:36,720

government and other sources necessary

942

00:39:39,910 --> 00:39:38,720

to respond rapidly

943

00:39:42,550 --> 00:39:39,920

to incidents because you don't want to

944

00:39:45,270 --> 00:39:42,560

be taking the bus to a ufo sighting and

945

00:39:47,190 --> 00:39:45,280

if you miss the bus you're in trouble

946

00:39:49,510 --> 00:39:47,200

so this is exciting other resources

947

00:39:51,510 --> 00:39:49,520

necessary to respond rapidly to

948

00:39:53,430 --> 00:39:51,520

incidents or patterns of observations

949

00:39:56,230 --> 00:39:53,440

and that's that's awesome basically that

950

00:39:57,349 --> 00:39:56,240

is awesome um get there as fast as you

951  
00:39:58,470 --> 00:39:57,359  
can especially if they're cattle

952  
00:40:00,710 --> 00:39:58,480  
mutilations i'm not sure if they're

953  
00:40:02,390 --> 00:40:00,720  
going to cover cattle mutilations um i

954  
00:40:04,710 --> 00:40:02,400  
guess if somebody's also involved and

955  
00:40:06,150 --> 00:40:04,720  
they get injured i'm not sure

956  
00:40:07,750 --> 00:40:06,160  
that would be a good question to ask

957  
00:40:09,030 --> 00:40:07,760  
whoever gets put in charge of this

958  
00:40:11,670 --> 00:40:09,040  
program

959  
00:40:14,550 --> 00:40:11,680  
the grg text also requires

960  
00:40:16,710 --> 00:40:14,560  
the director of the pentagon uav office

961  
00:40:19,109 --> 00:40:16,720  
uap office to supervise development of a

962  
00:40:20,550 --> 00:40:19,119  
science plan to develop and test as

963  
00:40:22,069 --> 00:40:20,560

practicable

964

00:40:23,990 --> 00:40:22,079

scientific theories to account for

965

00:40:25,750 --> 00:40:24,000

characteristics and performances

966

00:40:27,430 --> 00:40:25,760

performance of unidentified aerial

967

00:40:29,349 --> 00:40:27,440

phenomena that exceed the known state of

968

00:40:31,030 --> 00:40:29,359

the art in science or technology

969

00:40:32,950 --> 00:40:31,040

including in the areas of propulsion

970

00:40:35,030 --> 00:40:32,960

aerodynamic control signatures

971

00:40:36,950 --> 00:40:35,040

structures materials sensors

972

00:40:40,230 --> 00:40:36,960

countermeasures weapons electronics and

973

00:40:42,309 --> 00:40:40,240

power generations and most importantly

974

00:40:43,910 --> 00:40:42,319

to try to replicate any such advanced

975

00:40:45,990 --> 00:40:43,920

characteristics and performance

976  
00:40:48,230 --> 00:40:46,000  
basically reverse engineer whatever

977  
00:40:49,030 --> 00:40:48,240  
technology work we're seeing which i'm

978  
00:40:51,190 --> 00:40:49,040  
sure

979  
00:40:53,030 --> 00:40:51,200  
no doubt has been going on and we're

980  
00:40:54,630 --> 00:40:53,040  
kind of reinventing the wheel here i

981  
00:40:57,109 --> 00:40:54,640  
realized we're reinventing the wheel

982  
00:41:01,430 --> 00:40:57,119  
with a lot of stuff

983  
00:41:04,950 --> 00:41:03,430  
play the hand we're dealt and they also

984  
00:41:06,550 --> 00:41:04,960  
want to provide the foundation for for

985  
00:41:08,309 --> 00:41:06,560  
potential future investments to

986  
00:41:10,390 --> 00:41:08,319  
replicate any such advanced

987  
00:41:12,870 --> 00:41:10,400  
characteristics and technology

988  
00:41:14,870 --> 00:41:12,880

the ufo that tom delong talked about

989

00:41:16,710 --> 00:41:14,880

they're going to replicate that

990

00:41:18,069 --> 00:41:16,720

and i will not be alive for that unless

991

00:41:20,630 --> 00:41:18,079

they already have it

992

00:41:24,630 --> 00:41:20,640

i think how hal put off said maybe

993

00:41:27,270 --> 00:41:24,640

50 to 100 years we get that technology

994

00:41:31,829 --> 00:41:27,280

rapid mobilization team yes and it's

995

00:41:37,430 --> 00:41:35,750

i'm just gonna stop here and just

996

00:41:41,910 --> 00:41:37,440

the wu train

997

00:41:43,910 --> 00:41:41,920

getting

998

00:41:47,589 --> 00:41:43,920

it'll get more full as time goes on as

999

00:41:51,510 --> 00:41:49,349

the side effects of having a close

1000

00:41:53,670 --> 00:41:51,520

encounter put it that way

1001

00:41:56,630 --> 00:41:53,680

i did not know c said he had an early

1002

00:41:58,309 --> 00:41:56,640

team like that james i did not know that

1003

00:41:59,910 --> 00:41:58,319

but it's a good thing and we need it

1004

00:42:02,550 --> 00:41:59,920

hopefully it actually plays out the way

1005

00:42:04,309 --> 00:42:02,560

it reads

1006

00:42:06,309 --> 00:42:04,319

now let's see

1007

00:42:07,670 --> 00:42:06,319

this is one of my favorite parts is at

1008

00:42:09,670 --> 00:42:07,680

the end of this paragraph the language

1009

00:42:11,829 --> 00:42:09,680

mandates the secretary and the dni shall

1010

00:42:14,710 --> 00:42:11,839

ensure that each element of the the ic

1011

00:42:17,349 --> 00:42:14,720

with data related to unidentified ua

1012

00:42:20,069 --> 00:42:17,359

with data related to uap make such data

1013

00:42:22,230 --> 00:42:20,079

available immediately to the uap office

1014

00:42:23,670 --> 00:42:22,240

in theory that's amazing if it happens

1015

00:42:25,829 --> 00:42:23,680

doesn't mean we're going to see it to

1016

00:42:27,510 --> 00:42:25,839

help enforce that decree

1017

00:42:29,190 --> 00:42:27,520

the bill requires that at least twice a

1018

00:42:30,870 --> 00:42:29,200

year the chairman and vice chairman of

1019

00:42:32,550 --> 00:42:30,880

ranking member of the committee on armed

1020

00:42:34,069 --> 00:42:32,560

services and select committee on

1021

00:42:35,510 --> 00:42:34,079

intelligence of the senate and committee

1022

00:42:36,870 --> 00:42:35,520

on armed services

1023

00:42:38,790 --> 00:42:36,880

and permanent select committee on

1024

00:42:41,910 --> 00:42:38,800

intelligence of the house shall receive

1025

00:42:45,030 --> 00:42:41,920

an enumeration of any instances in which

1026  
00:42:46,950 --> 00:42:45,040  
data related to uap was denied to the

1027  
00:42:49,510 --> 00:42:46,960  
office because of classification

1028  
00:42:51,670 --> 00:42:49,520  
restrictions on that data or for any

1029  
00:42:54,790 --> 00:42:51,680  
other reason so basically

1030  
00:42:55,990 --> 00:42:54,800  
i'm sorry sir you cannot have our ufo

1031  
00:42:58,230 --> 00:42:56,000  
access

1032  
00:43:00,470 --> 00:42:58,240  
our ufo data because you don't have the

1033  
00:43:02,069 --> 00:43:00,480  
proper clearances to see it that's one

1034  
00:43:03,510 --> 00:43:02,079  
way that they would not be able to get

1035  
00:43:05,109 --> 00:43:03,520  
it and if that's the case that they need

1036  
00:43:06,550 --> 00:43:05,119  
to go back to those folks and say hey

1037  
00:43:08,069 --> 00:43:06,560  
they're not giving us the information

1038  
00:43:09,109 --> 00:43:08,079

because they say i don't have the proper

1039

00:43:11,270 --> 00:43:09,119

clearance

1040

00:43:14,390 --> 00:43:11,280

or the second reason or for any other

1041

00:43:15,910 --> 00:43:14,400

reason so it could be i'm sorry but ufos

1042

00:43:17,750 --> 00:43:15,920

are demonic and i'm not going to give

1043

00:43:20,230 --> 00:43:17,760

you access to this data because i don't

1044

00:43:23,190 --> 00:43:20,240

want to give access to the demons i

1045

00:43:24,950 --> 00:43:23,200

don't want to give access to our world

1046

00:43:26,870 --> 00:43:24,960

i don't want to get demons i don't want

1047

00:43:28,150 --> 00:43:26,880

to give demons access to our world i'm

1048

00:43:29,829 --> 00:43:28,160

just using that because we know there

1049

00:43:32,950 --> 00:43:29,839

are people in the pentagon who think

1050

00:43:34,950 --> 00:43:32,960

like that um whatever the case i would

1051  
00:43:36,710 --> 00:43:34,960  
like you know there's so many questions

1052  
00:43:38,470 --> 00:43:36,720  
if certain things were denied will they

1053  
00:43:40,470 --> 00:43:38,480  
tell us why they were denied i mean i

1054  
00:43:42,150 --> 00:43:40,480  
don't is it not class is it classified

1055  
00:43:44,470 --> 00:43:42,160  
to say well

1056  
00:43:45,670 --> 00:43:44,480  
we were turned down because

1057  
00:43:47,910 --> 00:43:45,680  
i don't have

1058  
00:43:49,589 --> 00:43:47,920  
i'm not on some bigot list for a special

1059  
00:43:51,670 --> 00:43:49,599  
access program and that's why we weren't

1060  
00:43:53,510 --> 00:43:51,680  
able to get in and we can't find anybody

1061  
00:43:55,109 --> 00:43:53,520  
who's on the bigot list so we're kind of

1062  
00:43:56,950 --> 00:43:55,119  
at a standstill right now are they going

1063  
00:43:59,430 --> 00:43:56,960

to share that kind of information i

1064

00:44:01,109 --> 00:43:59,440

don't see why not um it's not classified

1065

00:44:03,190 --> 00:44:01,119

to say that you're not telling us what

1066

00:44:05,829 --> 00:44:03,200

program it is or what data you're not

1067

00:44:06,870 --> 00:44:05,839

being shared but still i mean i know

1068

00:44:08,230 --> 00:44:06,880

it's probably not going to happen

1069

00:44:10,710 --> 00:44:08,240

they're probably not going to tell us

1070

00:44:12,790 --> 00:44:10,720

that they were denied access

1071

00:44:14,470 --> 00:44:12,800

but that's potentially

1072

00:44:16,390 --> 00:44:14,480

that can open doors if they could figure

1073

00:44:18,790 --> 00:44:16,400

out a way to get beyond you know private

1074

00:44:20,390 --> 00:44:18,800

contractors if they have a craft or

1075

00:44:22,710 --> 00:44:20,400

pieces of a craft they need to figure

1076

00:44:24,550 --> 00:44:22,720

out a way to get past well i'm sorry

1077

00:44:26,950 --> 00:44:24,560

we're private you have no you have no

1078

00:44:28,550 --> 00:44:26,960

say in our matter and it's plus it's

1079

00:44:30,150 --> 00:44:28,560

but it's a special access program so

1080

00:44:31,910 --> 00:44:30,160

there is there's government involvement

1081

00:44:34,470 --> 00:44:31,920

somebody told me privately they're like

1082

00:44:38,069 --> 00:44:34,480

there is government funding so yes

1083

00:44:42,230 --> 00:44:40,630

importantly let me see any questions

1084

00:44:47,190 --> 00:44:42,240

a lot of denied data i'm sure there's

1085

00:44:51,510 --> 00:44:49,030

and uh i'll definitely pull up that part

1086

00:44:54,710 --> 00:44:51,520

of the video later and put it on twitter

1087

00:44:56,390 --> 00:44:54,720

what james said about kelleher and

1088

00:44:57,829 --> 00:44:56,400

nolan and nasa

1089

00:45:01,349 --> 00:44:57,839

importantly

1090

00:45:03,349 --> 00:45:01,359

the grg text

1091

00:45:05,430 --> 00:45:03,359

i don't need to be on here

1092

00:45:07,030 --> 00:45:05,440

the grg text contains what i call a

1093

00:45:08,230 --> 00:45:07,040

right to report provision which says

1094

00:45:10,069 --> 00:45:08,240

this is important too there's some

1095

00:45:11,670 --> 00:45:10,079

really great stuff in here

1096

00:45:14,470 --> 00:45:11,680

uh it says the mechanisms must be

1097

00:45:16,870 --> 00:45:14,480

provided by which military and civilian

1098

00:45:20,150 --> 00:45:16,880

personnel associated with the military

1099

00:45:22,950 --> 00:45:20,160

or the ic including contractor personnel

1100

00:45:25,190 --> 00:45:22,960

can report uap related events including

1101

00:45:27,270 --> 00:45:25,200

adverse psych physiological effects

1102

00:45:28,710 --> 00:45:27,280

directly to the uap office they have to

1103

00:45:31,349 --> 00:45:28,720

there has to be stuff in place where if

1104

00:45:32,710 --> 00:45:31,359

i'm if i'm hurt by for by ufo and i'm

1105

00:45:34,550 --> 00:45:32,720

working for the government or the intel

1106

00:45:36,150 --> 00:45:34,560

community i'm working for a contractor

1107

00:45:37,670 --> 00:45:36,160

and i get hurt i should be able to go

1108

00:45:39,750 --> 00:45:37,680

right to that office

1109

00:45:42,150 --> 00:45:39,760

and tell them about what happened and

1110

00:45:44,069 --> 00:45:42,160

not worry about stigma or fear of

1111

00:45:45,190 --> 00:45:44,079

ridicule coming back on me or me losing

1112

00:45:47,910 --> 00:45:45,200

my job

1113

00:45:50,069 --> 00:45:47,920

um pilots and the pilots are another

1114

00:45:52,069 --> 00:45:50,079

case i i can't see it i know it's easy

1115

00:45:53,270 --> 00:45:52,079

to say to a pilot you need to just go

1116

00:45:55,270 --> 00:45:53,280

forward you're not going to lose your

1117

00:45:57,349 --> 00:45:55,280

you're not going to lose your flight uh

1118

00:45:58,790 --> 00:45:57,359

status and then the pilot goes forward

1119

00:46:00,710 --> 00:45:58,800

and says well i saw

1120

00:46:02,950 --> 00:46:00,720

i saw a wolf in the backyard last night

1121

00:46:04,630 --> 00:46:02,960

and it was standing on two legs so and

1122

00:46:06,069 --> 00:46:04,640

it was smoking and

1123

00:46:07,990 --> 00:46:06,079

nothing like that was in awesome but if

1124

00:46:10,150 --> 00:46:08,000

you've studied if you read hunt for the

1125

00:46:12,390 --> 00:46:10,160

skinwalker there were smoking dogs and

1126

00:46:14,069 --> 00:46:12,400

trench coats which is so ridiculous if

1127

00:46:16,230 --> 00:46:14,079

you're a pilot you're not going to share

1128

00:46:18,150 --> 00:46:16,240

that story i don't care what office is

1129

00:46:20,309 --> 00:46:18,160

in place but the fact that that office

1130

00:46:22,309 --> 00:46:20,319

is going to be in place is really really

1131

00:46:23,589 --> 00:46:22,319

important and that's one of the that's a

1132

00:46:26,550 --> 00:46:23,599

really important part of this

1133

00:46:29,990 --> 00:46:26,560

legislation this language

1134

00:46:34,550 --> 00:46:32,710

dean writes the provision is clear and

1135

00:46:36,309 --> 00:46:34,560

clearly intended to curb stigma and fear

1136

00:46:38,230 --> 00:46:36,319

of ridicule

1137

00:46:39,910 --> 00:46:38,240

or disapproval that have for so long

1138

00:46:41,910 --> 00:46:39,920

inhabited pilots and other military

1139

00:46:43,190 --> 00:46:41,920

personnel from reporting uap encounters

1140

00:46:45,190 --> 00:46:43,200

and that in some cases may have

1141

00:46:46,550 --> 00:46:45,200

prevented even extraordinary encounters

1142

00:46:49,270 --> 00:46:46,560

from being passed up the chain of

1143

00:46:54,230 --> 00:46:51,910

because we really haven't made a formal

1144

00:46:55,910 --> 00:46:54,240

process to this a lot of military men

1145

00:46:57,910 --> 00:46:55,920

and women just don't want to say

1146

00:47:00,230 --> 00:46:57,920

anything because they're afraid that it

1147

00:47:03,430 --> 00:47:00,240

will affect their career congressman

1148

00:47:05,349 --> 00:47:03,440

gallego observed on the 14th

1149

00:47:07,990 --> 00:47:05,359

so we have information bias happening

1150

00:47:09,750 --> 00:47:08,000

right now the people that probably have

1151  
00:47:11,670 --> 00:47:09,760  
more information are afraid to talk and

1152  
00:47:14,230 --> 00:47:11,680  
then even if they do talk the

1153  
00:47:16,630 --> 00:47:14,240  
information goes nowhere

1154  
00:47:18,069 --> 00:47:16,640  
great great comments from gallego and

1155  
00:47:20,549 --> 00:47:18,079  
i'm sure i've read or heard this before

1156  
00:47:22,870 --> 00:47:20,559  
but it's good to read it again um it

1157  
00:47:24,630 --> 00:47:22,880  
gives me hope that

1158  
00:47:26,710 --> 00:47:24,640  
sometime in the next

1159  
00:47:29,430 --> 00:47:26,720  
few decades that we're going to get some

1160  
00:47:31,190 --> 00:47:29,440  
answers at least data that

1161  
00:47:33,109 --> 00:47:31,200  
provides more questions that we need to

1162  
00:47:34,390 --> 00:47:33,119  
answer

1163  
00:47:37,030 --> 00:47:34,400

um

1164

00:47:41,430 --> 00:47:39,270

no i've heard about it mule

1165

00:47:43,190 --> 00:47:41,440

i haven't had a chance to read it that

1166

00:47:44,870 --> 00:47:43,200

doesn't i mean i don't know why you

1167

00:47:47,750 --> 00:47:44,880

would say that because

1168

00:47:49,030 --> 00:47:47,760

i do i do think we have i don't know but

1169

00:47:50,470 --> 00:47:49,040

i think we have black technology you

1170

00:47:52,309 --> 00:47:50,480

mean

1171

00:47:53,990 --> 00:47:52,319

read my will miller interview will

1172

00:47:56,390 --> 00:47:54,000

millar is

1173

00:47:58,069 --> 00:47:56,400

pretty smart guy he was in contact with

1174

00:48:01,030 --> 00:47:58,079

he worked in several special access

1175

00:48:01,910 --> 00:48:01,040

programs which he told me um

1176

00:48:03,109 --> 00:48:01,920

so

1177

00:48:04,870 --> 00:48:03,119

we may have

1178

00:48:07,510 --> 00:48:04,880

we already may have

1179

00:48:08,870 --> 00:48:07,520

you know craft that can defeat gravity

1180

00:48:10,470 --> 00:48:08,880

but then you have somebody like eric

1181

00:48:12,710 --> 00:48:10,480

davis is like nope

1182

00:48:13,829 --> 00:48:12,720

we have not so

1183

00:48:15,589 --> 00:48:13,839

good luck with your show the steady

1184

00:48:17,109 --> 00:48:15,599

loving trolls were

1185

00:48:18,950 --> 00:48:17,119

said eleven trolls were thick on martin

1186

00:48:21,109 --> 00:48:18,960

will's show denying everything about uap

1187

00:48:23,109 --> 00:48:21,119

phenomena and john ramirez yeah i have

1188

00:48:24,870 --> 00:48:23,119

not commented about john ramirez yet and

1189

00:48:26,630 --> 00:48:24,880

i don't think john is lying about his

1190

00:48:27,670 --> 00:48:26,640

cia background i just don't know about

1191

00:48:29,190 --> 00:48:27,680

his

1192

00:48:31,109 --> 00:48:29,200

i don't know about what he's talking

1193

00:48:32,069 --> 00:48:31,119

about his experiences so

1194

00:48:33,349 --> 00:48:32,079

but

1195

00:48:34,710 --> 00:48:33,359

um

1196

00:48:36,150 --> 00:48:34,720

i was supposed to be on martin's show

1197

00:48:37,349 --> 00:48:36,160

last year i was on once and then i was

1198

00:48:39,430 --> 00:48:37,359

supposed to be on again and we were

1199

00:48:41,030 --> 00:48:39,440

gonna talk wilson davis

1200

00:48:43,109 --> 00:48:41,040

and then he canceled without without

1201  
00:48:45,190 --> 00:48:43,119  
telling me because i was telling him i'm

1202  
00:48:46,950 --> 00:48:45,200  
like martin the new york times is doing

1203  
00:48:48,870 --> 00:48:46,960  
an article on

1204  
00:48:51,829 --> 00:48:48,880  
crash retrievals i think wilson davis

1205  
00:48:54,549 --> 00:48:51,839  
may be part of that and he was like

1206  
00:48:56,950 --> 00:48:54,559  
i talked to leslie there's no article

1207  
00:48:58,630 --> 00:48:56,960  
i'm like there's an article trust me and

1208  
00:49:00,390 --> 00:48:58,640  
then he canceled me and didn't tell me

1209  
00:49:02,630 --> 00:49:00,400  
about it until five minutes before the

1210  
00:49:04,549 --> 00:49:02,640  
show i'm like where's the link i still

1211  
00:49:05,990 --> 00:49:04,559  
like martin i still like a show

1212  
00:49:07,829 --> 00:49:06,000  
um

1213  
00:49:10,069 --> 00:49:07,839

yeah i don't

1214

00:49:12,470 --> 00:49:10,079

know how the votes happen it doesn't

1215

00:49:14,309 --> 00:49:12,480

seem like it's publicly

1216

00:49:16,470 --> 00:49:14,319

um and then biden signs it i don't think

1217

00:49:18,470 --> 00:49:16,480

that's an issue once it goes through but

1218

00:49:21,190 --> 00:49:18,480

dean said around christmas before

1219

00:49:22,950 --> 00:49:21,200

christmas we should get it finalized i'm

1220

00:49:25,829 --> 00:49:22,960

not sure if he covers exactly all those

1221

00:49:27,670 --> 00:49:25,839

details in here

1222

00:49:29,670 --> 00:49:27,680

and

1223

00:49:31,990 --> 00:49:29,680

james says i think we have black tech 2

1224

00:49:33,190 --> 00:49:32,000

even if modest yeah and i really don't

1225

00:49:35,030 --> 00:49:33,200

know it's like

1226

00:49:37,270 --> 00:49:35,040

i won't argue with somebody

1227

00:49:39,670 --> 00:49:37,280

vehemently about it but i mean james

1228

00:49:41,510 --> 00:49:39,680

knows will miller too and

1229

00:49:43,829 --> 00:49:41,520

will's a smart guy and you look at his

1230

00:49:46,630 --> 00:49:43,839

letter to eric davis he was gonna put

1231

00:49:47,990 --> 00:49:46,640

hal put off and eric davis in contact

1232

00:49:51,190 --> 00:49:48,000

with certain people that knew about

1233

00:49:54,150 --> 00:49:51,200

crash retrievals and things like that um

1234

00:49:55,750 --> 00:49:54,160

but i don't know um

1235

00:49:57,349 --> 00:49:55,760

that other article

1236

00:49:58,140 --> 00:49:57,359

yes i have not read it yet i know about

1237

00:49:59,510 --> 00:49:58,150

it um

1238

00:50:01,190 --> 00:49:59,520

[Music]

1239

00:50:02,309 --> 00:50:01,200

i think is that the one in the debrief

1240

00:50:03,910 --> 00:50:02,319

is that the one you're talking about

1241

00:50:06,069 --> 00:50:03,920

that article

1242

00:50:07,430 --> 00:50:06,079

sunny by written by the guy sonny's

1243

00:50:08,790 --> 00:50:07,440

first name

1244

00:50:10,549 --> 00:50:08,800

if it is

1245

00:50:11,670 --> 00:50:10,559

then yes somebody behind the scenes told

1246

00:50:13,670 --> 00:50:11,680

me

1247

00:50:16,390 --> 00:50:13,680

pay attention to that that's an

1248

00:50:18,309 --> 00:50:16,400

interesting article um

1249

00:50:20,150 --> 00:50:18,319

and the claims within it i just need to

1250

00:50:21,349 --> 00:50:20,160

read it first

1251  
00:50:22,470 --> 00:50:21,359  
assuming that's what you're talking

1252  
00:50:24,710 --> 00:50:22,480  
about

1253  
00:50:26,710 --> 00:50:24,720  
yes yes the brief article so yeah i have

1254  
00:50:28,790 --> 00:50:26,720  
not read it yet i will read it i'll try

1255  
00:50:31,030 --> 00:50:28,800  
to read it tonight

1256  
00:50:32,230 --> 00:50:31,040  
yeah it's in exciting times i mean

1257  
00:50:33,829 --> 00:50:32,240  
maybe somewhere in the black world

1258  
00:50:35,990 --> 00:50:33,839  
they've already done that you know i

1259  
00:50:37,270 --> 00:50:36,000  
don't know i don't know i'm open-minded

1260  
00:50:39,589 --> 00:50:37,280  
to it though

1261  
00:50:40,790 --> 00:50:39,599  
julie read it i have not read it julie's

1262  
00:50:42,549 --> 00:50:40,800  
showing off

1263  
00:50:45,030 --> 00:50:42,559

thanks julie

1264

00:50:50,150 --> 00:50:48,390

no but it's on my list um

1265

00:50:52,069 --> 00:50:50,160

yeah erica i disagree with erica on

1266

00:50:53,670 --> 00:50:52,079

skinwalker she thinks that skim walker

1267

00:50:55,750 --> 00:50:53,680

is i think she thinks it's military all

1268

00:50:57,589 --> 00:50:55,760

of it um

1269

00:50:58,390 --> 00:50:57,599

and i heard that diana pushed back on

1270

00:51:02,790 --> 00:50:58,400

that

1271

00:51:05,589 --> 00:51:02,800

of it is is military i mean

1272

00:51:09,430 --> 00:51:07,910

i i it doesn't seem like the the

1273

00:51:11,030 --> 00:51:09,440

technology has progressed people have

1274

00:51:12,710 --> 00:51:11,040

had similar experiences since the mid

1275

00:51:15,190 --> 00:51:12,720

90s up until now so it's like why is the

1276  
00:51:17,589 --> 00:51:15,200  
military still testing the same exact

1277  
00:51:19,589 --> 00:51:17,599  
technology um

1278  
00:51:21,030 --> 00:51:19,599  
i don't think it's military i can't

1279  
00:51:23,270 --> 00:51:21,040  
prove it something's going on at

1280  
00:51:25,510 --> 00:51:23,280  
skinwalker that's anomalous whether or

1281  
00:51:28,309 --> 00:51:25,520  
not it's black technology i mean

1282  
00:51:33,829 --> 00:51:31,270  
hey michael how you doing

1283  
00:51:35,430 --> 00:51:33,839  
michael troubled minds

1284  
00:51:36,980 --> 00:51:35,440  
does a show every night at least five

1285  
00:51:38,870 --> 00:51:36,990  
nights a week michael um

1286  
00:51:41,270 --> 00:51:38,880  
[Music]

1287  
00:51:43,270 --> 00:51:41,280  
yeah i have not read that

1288  
00:51:44,630 --> 00:51:43,280

there's so many i have so many things i

1289

00:51:47,510 --> 00:51:44,640

have not

1290

00:51:50,790 --> 00:51:49,510

and skin walker and the whole basin has

1291

00:51:53,510 --> 00:51:50,800

a history

1292

00:51:55,270 --> 00:51:53,520

um and it's not just skinwalker but

1293

00:51:56,950 --> 00:51:55,280

i mean people can make the argument all

1294

00:51:58,630 --> 00:51:56,960

day long that is black technology and i

1295

00:52:00,309 --> 00:51:58,640

can't prove it um

1296

00:52:02,950 --> 00:52:00,319

you just have to go back to the

1297

00:52:05,190 --> 00:52:02,960

cases that at least ufo wise cases that

1298

00:52:06,630 --> 00:52:05,200

go back to the 30s allegedly and that

1299

00:52:08,870 --> 00:52:06,640

kind of stuff i don't think we had that

1300

00:52:10,630 --> 00:52:08,880

technology but

1301

00:52:12,870 --> 00:52:10,640

i'm open to being proven wrong i just

1302

00:52:14,790 --> 00:52:12,880

don't give it a high probability of the

1303

00:52:16,470 --> 00:52:14,800

us having that kind of technology that

1304

00:52:18,710 --> 00:52:16,480

long ago

1305

00:52:20,390 --> 00:52:18,720

eric it frustrates you

1306

00:52:22,549 --> 00:52:20,400

yeah um

1307

00:52:23,990 --> 00:52:22,559

eric though erica has really done some

1308

00:52:25,829 --> 00:52:24,000

really great shows great interviews i

1309

00:52:27,430 --> 00:52:25,839

just disagree with her a lot and she's

1310

00:52:29,829 --> 00:52:27,440

not the only one that thinks along those

1311

00:52:30,790 --> 00:52:29,839

lines so it's not just her

1312

00:52:33,349 --> 00:52:30,800

um

1313

00:52:35,910 --> 00:52:33,359

let me get back to

1314

00:52:41,990 --> 00:52:35,920

dean unless you i'll keep i'll keep an

1315

00:52:45,670 --> 00:52:43,829

another important provision this is

1316

00:52:47,109 --> 00:52:45,680

important the bill removes any ambiguity

1317

00:52:49,750 --> 00:52:47,119

about

1318

00:52:51,829 --> 00:52:49,760

whether expending substantial funds for

1319

00:52:53,750 --> 00:52:51,839

uap investigations is authorized by

1320

00:52:55,349 --> 00:52:53,760

congress because the bill explicitly

1321

00:52:57,030 --> 00:52:55,359

authorizes and somebody asked about

1322

00:52:59,670 --> 00:52:57,040

money earlier

1323

00:53:01,349 --> 00:52:59,680

quote to be appropriated such sums as

1324

00:53:03,109 --> 00:53:01,359

may be necessary to carry out the work

1325

00:53:05,510 --> 00:53:03,119

of the uap office that seems like it's

1326  
00:53:07,109 --> 00:53:05,520  
an open unlimited checkbook including

1327  
00:53:08,710 --> 00:53:07,119  
with respect to one

1328  
00:53:11,510 --> 00:53:08,720  
general intelligence

1329  
00:53:15,670 --> 00:53:11,520  
gathering and intelligence analysis

1330  
00:53:20,069 --> 00:53:17,990  
strategic defense space defense defense

1331  
00:53:22,549 --> 00:53:20,079  
of control airspace defense of ground

1332  
00:53:23,670 --> 00:53:22,559  
air or naval assets and related purposes

1333  
00:53:24,549 --> 00:53:23,680  
and people are going to read that and

1334  
00:53:26,309 --> 00:53:24,559  
say

1335  
00:53:28,790 --> 00:53:26,319  
defense and money see it was a money

1336  
00:53:30,230 --> 00:53:28,800  
grab the entire time time will tell

1337  
00:53:32,230 --> 00:53:30,240  
let's see what kind of investigations

1338  
00:53:36,470 --> 00:53:32,240

they do

1339

00:53:38,710 --> 00:53:36,480

i'm going to pull up the martin heinrich

1340

00:53:40,230 --> 00:53:38,720

quote that i have

1341

00:53:43,510 --> 00:53:40,240

which it's just a it's just a great

1342

00:53:46,470 --> 00:53:43,520

interview he did before i read and i

1343

00:53:48,150 --> 00:53:46,480

think that's what dean is um

1344

00:53:50,790 --> 00:53:48,160

dean is referring to martin senator

1345

00:53:52,710 --> 00:53:50,800

martin heinrich and by the way

1346

00:53:53,740 --> 00:53:52,720

i did

1347

00:53:55,270 --> 00:53:53,750

i heard from

1348

00:53:58,710 --> 00:53:55,280

[Music]

1349

00:53:59,829 --> 00:53:58,720

my one of my representatives

1350

00:54:01,750 --> 00:53:59,839

that

1351  
00:54:02,870 --> 00:54:01,760  
i called regarding the gillibrand

1352  
00:54:05,190 --> 00:54:02,880  
amendment

1353  
00:54:07,109 --> 00:54:05,200  
i'm gonna pull this up so you guys can

1354  
00:54:10,630 --> 00:54:07,119  
hear this hopefully you should

1355  
00:54:11,910 --> 00:54:10,640  
you should be able to hear this

1356  
00:54:17,510 --> 00:54:11,920  
let me just give one more time so i

1357  
00:54:20,470 --> 00:54:19,030  
both my representatives but let me play

1358  
00:54:22,309 --> 00:54:20,480  
this tell me if if you have any sound

1359  
00:54:24,230 --> 00:54:22,319  
issues let me know this was my favorite

1360  
00:54:26,730 --> 00:54:24,240  
interview this is a senator who sits on

1361  
00:54:28,470 --> 00:54:26,740  
the senate select intelligence committee

1362  
00:54:30,150 --> 00:54:28,480  
[Music]

1363  
00:54:31,910 --> 00:54:30,160

what do you think about all this ufo

1364

00:54:33,750 --> 00:54:31,920

stuff going on right now

1365

00:54:35,589 --> 00:54:33,760

uh i think we need to get to the bottom

1366

00:54:39,270 --> 00:54:35,599

of it it's pretty intriguing i don't

1367

00:54:40,789 --> 00:54:39,280

know what it is but anytime you have uh

1368

00:54:44,230 --> 00:54:40,799

legitimate

1369

00:54:47,910 --> 00:54:44,240

uh pilots describing something that

1370

00:54:49,589 --> 00:54:47,920

doesn't seem to conform to uh

1371

00:54:52,710 --> 00:54:49,599

the

1372

00:54:55,430 --> 00:54:52,720

laws of physics that govern aviation

1373

00:54:56,950 --> 00:54:55,440

and is in

1374

00:54:58,390 --> 00:54:56,960

u.s airspace

1375

00:54:59,990 --> 00:54:58,400

i think it's something we need to get to

1376

00:55:02,069 --> 00:55:00,000

the bottom right but you know like they

1377

00:55:03,750 --> 00:55:02,079

always say conspiracies like roswell

1378

00:55:04,870 --> 00:55:03,760

there's a lot of alien bodies in there

1379

00:55:06,230 --> 00:55:04,880

anything like

1380

00:55:07,910 --> 00:55:06,240

can you tell me the truth you're an end

1381

00:55:10,069 --> 00:55:07,920

you're on the intel committee is there

1382

00:55:12,150 --> 00:55:10,079

anything in there all i can say is i've

1383

00:55:13,990 --> 00:55:12,160

never seen the bodies in roswell bigger

1384

00:55:16,549 --> 00:55:14,000

thing to worry about if it's a foreign

1385

00:55:18,470 --> 00:55:16,559

government or if it's aliens oh

1386

00:55:21,670 --> 00:55:18,480

option b much bigger you think the

1387

00:55:24,150 --> 00:55:21,680

aliens would be worse uh i

1388

00:55:27,030 --> 00:55:24,160

i cannot imagine

1389

00:55:28,630 --> 00:55:27,040

if we have uh

1390

00:55:30,789 --> 00:55:28,640

if there is a foreign government that

1391

00:55:31,910 --> 00:55:30,799

had these kinds of capabilities i think

1392

00:55:34,069 --> 00:55:31,920

we would see

1393

00:55:36,309 --> 00:55:34,079

uh other indications of advanced

1394

00:55:39,670 --> 00:55:36,319

technology

1395

00:55:42,710 --> 00:55:39,680

i can't imagine that

1396

00:55:44,390 --> 00:55:42,720

that what has been described or or shown

1397

00:55:47,109 --> 00:55:44,400

in some of the videos

1398

00:55:49,349 --> 00:55:47,119

is of uh

1399

00:55:51,190 --> 00:55:49,359

belongs to any government that

1400

00:55:52,390 --> 00:55:51,200

i'm aware of i'm not really a betting

1401  
00:55:55,109 --> 00:55:52,400  
man

1402  
00:55:56,470 --> 00:55:55,119  
but the way uh

1403  
00:55:57,430 --> 00:55:56,480  
these things

1404  
00:55:59,349 --> 00:55:57,440  
operate

1405  
00:56:02,549 --> 00:55:59,359  
you know they certainly

1406  
00:56:04,630 --> 00:56:02,559  
you wouldn't want a human being or any

1407  
00:56:07,030 --> 00:56:04,640  
living creature in something that

1408  
00:56:09,589 --> 00:56:07,040  
moves that fast and changes

1409  
00:56:11,270 --> 00:56:09,599  
direction that quickly

1410  
00:56:12,950 --> 00:56:11,280  
so like i said i

1411  
00:56:51,270 --> 00:56:12,960  
have no idea what it is but i think we

1412  
00:56:54,069 --> 00:56:52,710  
were you guys able to hear the sound

1413  
00:56:55,589 --> 00:56:54,079

from the video

1414  
00:56:57,589 --> 00:56:55,599  
um

1415  
00:57:00,069 --> 00:56:57,599  
basically i was saying

1416  
00:57:01,670 --> 00:57:00,079  
yeah i was muted thanks

1417  
00:57:03,349 --> 00:57:01,680  
basically i was saying that's really a

1418  
00:57:04,390 --> 00:57:03,359  
really great interview with heinrich

1419  
00:57:07,589 --> 00:57:04,400  
saying

1420  
00:57:13,910 --> 00:57:10,309  
doesn't think it's belongs to a foreign

1421  
00:57:15,750 --> 00:57:13,920  
adversary and the way it moves and the

1422  
00:57:17,750 --> 00:57:15,760  
speed

1423  
00:57:20,710 --> 00:57:17,760  
i want to know what videos he saw and as

1424  
00:57:24,630 --> 00:57:22,309  
they should be able to share

1425  
00:57:26,950 --> 00:57:24,640  
what they've seen on those videos

1426

00:57:29,750 --> 00:57:26,960

because it's classified but it does not

1427

00:57:31,349 --> 00:57:29,760

give away sources and methods if you say

1428

00:57:33,589 --> 00:57:31,359

you should have seen the video i saw

1429

00:57:36,150 --> 00:57:33,599

today it was this object and it just

1430

00:57:38,069 --> 00:57:36,160

darted all over the place and just made

1431

00:57:40,150 --> 00:57:38,079

these 90-degree turns it was white you

1432

00:57:41,589 --> 00:57:40,160

know there's no no reason why they can't

1433

00:57:44,470 --> 00:57:41,599

say that

1434

00:57:50,789 --> 00:57:47,829

that is my opinion and i would like to

1435

00:57:53,109 --> 00:57:50,799

ask somebody to ask lou if that's

1436

00:57:56,069 --> 00:57:53,119

if that's a valid

1437

00:57:59,030 --> 00:57:56,079

you know opinion now i

1438

00:58:00,950 --> 00:57:59,040

i need to finish up

1439

00:58:03,190 --> 00:58:00,960

reading more of

1440

00:58:06,789 --> 00:58:03,200

doug's article

1441

00:58:08,950 --> 00:58:06,799

and i'll keep an eye on questions

1442

00:58:10,230 --> 00:58:08,960

so that was you see he goes over he goes

1443

00:58:13,030 --> 00:58:10,240

over the um

1444

00:58:15,270 --> 00:58:13,040

heinrich come on comments

1445

00:58:17,190 --> 00:58:15,280

recently he uh heinrich told albuquerque

1446

00:58:18,710 --> 00:58:17,200

albuquerque journal the american people

1447

00:58:20,470 --> 00:58:18,720

deserve transparency when it comes to

1448

00:58:22,390 --> 00:58:20,480

uaps especially given the national

1449

00:58:23,910 --> 00:58:22,400

security implications we need to elevate

1450

00:58:25,589 --> 00:58:23,920

this issue within our defense and

1451

00:58:27,030 --> 00:58:25,599

intelligence agencies

1452

00:58:28,710 --> 00:58:27,040

so they have to mandate the focus not

1453

00:58:30,549 --> 00:58:28,720

only on what is happening in our skies

1454

00:58:32,950 --> 00:58:30,559

but also on relaying these findings to

1455

00:58:34,789 --> 00:58:32,960

the american people ending the previous

1456

00:58:37,589 --> 00:58:34,799

cycle of sweeping these sightings under

1457

00:58:39,910 --> 00:58:37,599

the rug and then it goes over the tmz

1458

00:58:41,670 --> 00:58:39,920

comments saying i can't imagine that

1459

00:58:42,950 --> 00:58:41,680

belongs to any government i'm aware of i

1460

00:58:45,430 --> 00:58:42,960

mean that's the strongest comment you're

1461

00:58:50,230 --> 00:58:46,950

and the gallego

1462

00:58:51,829 --> 00:58:50,240

language passed the house in september

1463

00:58:54,549 --> 00:58:51,839

that would have required the pentagon

1464

00:58:56,710 --> 00:58:54,559

office to provide quarterly reports

1465

00:58:58,470 --> 00:58:56,720

to certain to designated congressional

1466

00:59:00,549 --> 00:58:58,480

committees but nothing to require

1467

00:59:02,789 --> 00:59:00,559

unclassified reports what i would love

1468

00:59:05,190 --> 00:59:02,799

to have had to incorporate the quarterly

1469

00:59:06,309 --> 00:59:05,200

reports that included unclassified

1470

00:59:08,230 --> 00:59:06,319

reports

1471

00:59:10,150 --> 00:59:08,240

four times a year is not asking for too

1472

00:59:12,390 --> 00:59:10,160

much i think right now it's just once or

1473

00:59:14,710 --> 00:59:12,400

twice i mean that's not enough to me

1474

00:59:16,630 --> 00:59:14,720

likewise modest uap relation provisions

1475

00:59:18,549 --> 00:59:16,640

contained in the intelligence

1476

00:59:20,870 --> 00:59:18,559

authorization act bills approved by the

1477

00:59:22,950 --> 00:59:20,880

senate and house earlier this year

1478

00:59:24,390 --> 00:59:22,960

provided only future classified uap

1479

00:59:27,750 --> 00:59:24,400

reports to the senate and house

1480

00:59:32,230 --> 00:59:30,069

relevant at this point

1481

00:59:34,789 --> 00:59:32,240

in contrast the grg text requires the

1482

00:59:37,190 --> 00:59:34,799

uep office to issue annual yeah so it's

1483

00:59:39,270 --> 00:59:37,200

annual unclassified reports on uap which

1484

00:59:40,710 --> 00:59:39,280

is like once a year

1485

00:59:41,910 --> 00:59:40,720

not enough

1486

00:59:43,430 --> 00:59:41,920

we'll take it for now but it's not

1487

00:59:45,270 --> 00:59:43,440

enough

1488

00:59:46,950 --> 00:59:45,280

and eight congressional committees will

1489

00:59:48,150 --> 00:59:46,960

receive longer classified versions of

1490

00:59:49,990 --> 00:59:48,160

these reports

1491

00:59:51,750 --> 00:59:50,000

and six of those panels will receive

1492

00:59:53,430 --> 00:59:51,760

classified briefings at least twice a

1493

00:59:55,750 --> 00:59:53,440

year so

1494

00:59:57,510 --> 00:59:55,760

unless the phenomenon upsets game we may

1495

00:59:59,750 --> 00:59:57,520

be in a holding pattern pattern for a

1496

01:00:05,990 --> 00:59:59,760

while if we're just you know getting a

1497

01:00:09,190 --> 01:00:07,510

congressman gallego's house pass

1498

01:00:12,309 --> 01:00:09,200

provision required the uap reports to

1499

01:00:14,870 --> 01:00:12,319

cover at least seven designated topics

1500

01:00:16,950 --> 01:00:14,880

the grg text contains all seven and also

1501  
01:00:18,789 --> 01:00:16,960  
three additional categories drawn from

1502  
01:00:21,349 --> 01:00:18,799  
grg

1503  
01:00:22,710 --> 01:00:21,359  
this is the big one for me it's not

1504  
01:00:24,549 --> 01:00:22,720  
obviously there are a lot of big ones

1505  
01:00:26,630 --> 01:00:24,559  
with you know your health

1506  
01:00:29,030 --> 01:00:26,640  
um

1507  
01:00:30,390 --> 01:00:29,040  
health related effects are huge

1508  
01:00:31,430 --> 01:00:30,400  
and a place where they can go report

1509  
01:00:32,950 --> 01:00:31,440  
their

1510  
01:00:34,630 --> 01:00:32,960  
sightings and encounters without feeling

1511  
01:00:36,950 --> 01:00:34,640  
stigma but then

1512  
01:00:39,109 --> 01:00:36,960  
it includes any efforts to underweigh on

1513  
01:00:41,349 --> 01:00:39,119

the ability to capture or or exploit

1514

01:00:46,230 --> 01:00:41,359

discovered unidentified aerial phenomena

1515

01:00:49,829 --> 01:00:47,430

like i said i don't know how they're

1516

01:00:51,670 --> 01:00:49,839

going to get into these

1517

01:00:53,430 --> 01:00:51,680

waived unacknowledged special access

1518

01:00:55,270 --> 01:00:53,440

programs but at least the language is in

1519

01:00:56,710 --> 01:00:55,280

there so it's a start

1520

01:00:58,309 --> 01:00:56,720

and also it's going to include as we

1521

01:00:59,430 --> 01:00:58,319

said an assessment of any health-related

1522

01:01:01,430 --> 01:00:59,440

effects for individuals that have

1523

01:01:04,470 --> 01:01:01,440

encountered encountered identified

1524

01:01:06,390 --> 01:01:04,480

aerial phenomena uap and descriptions of

1525

01:01:08,470 --> 01:01:06,400

uap incidents associated with nuclear

1526

01:01:12,069 --> 01:01:08,480

weapons important and nuclear-powered

1527

01:01:15,030 --> 01:01:12,079

craft or domestic nuclear facilities

1528

01:01:17,109 --> 01:01:15,040

and then he just shows the language of

1529

01:01:18,630 --> 01:01:17,119

which which i have in my blog i took i

1530

01:01:20,309 --> 01:01:18,640

copied and pasted and just went through

1531

01:01:21,750 --> 01:01:20,319

all of it and made it look nice which

1532

01:01:23,750 --> 01:01:21,760

was a pain in the neck because it has

1533

01:01:25,589 --> 01:01:23,760

numbers the whole thing is numbered so

1534

01:01:29,910 --> 01:01:25,599

that took a little bit but that's on

1535

01:01:32,069 --> 01:01:29,920

my blog ufojo.net and

1536

01:01:34,630 --> 01:01:32,079

who will be in charge this was new

1537

01:01:37,589 --> 01:01:34,640

information to me because i i know about

1538

01:01:39,270 --> 01:01:37,599

austin and haynes but

1539

01:01:41,030 --> 01:01:39,280

that's secretary of defense lloyd austin

1540

01:01:42,710 --> 01:01:41,040

and secretary deputy secretary of

1541

01:01:45,109 --> 01:01:42,720

defense kathleen hicks that's not that's

1542

01:01:49,990 --> 01:01:45,119

not hanes that's hicks

1543

01:01:55,109 --> 01:01:50,950

um

1544

01:02:01,750 --> 01:01:56,390

yeah and that's

1545

01:02:05,029 --> 01:02:02,050

um

1546

01:02:07,109 --> 01:02:05,039

[Music]

1547

01:02:09,750 --> 01:02:07,119

i asked will miller about access to

1548

01:02:11,510 --> 01:02:09,760

those programs back in 2000 21 years ago

1549

01:02:13,589 --> 01:02:11,520

and he said i would contact my attorney

1550

01:02:15,670 --> 01:02:13,599

general joe and i'm like okay

1551

01:02:17,829 --> 01:02:15,680

it's like 21 years ago it was being

1552

01:02:19,750 --> 01:02:17,839

discussed because

1553

01:02:22,230 --> 01:02:19,760

he brought up he was speaking about

1554

01:02:24,230 --> 01:02:22,240

programs that did not have oversight um

1555

01:02:26,230 --> 01:02:24,240

and there are certain people that

1556

01:02:27,670 --> 01:02:26,240

i think will thinks it's illegal without

1557

01:02:29,349 --> 01:02:27,680

oversight but then you have other people

1558

01:02:31,430 --> 01:02:29,359

saying no it's legal the way they do it

1559

01:02:32,870 --> 01:02:31,440

is legal so i don't know if it's illegal

1560

01:02:35,349 --> 01:02:32,880

that would be another story because we

1561

01:02:37,430 --> 01:02:35,359

can they can create i don't know if they

1562

01:02:40,150 --> 01:02:37,440

even need to create a law to get access

1563

01:02:44,470 --> 01:02:40,160

to an illegal program

1564

01:02:44,480 --> 01:02:49,430

the grg text

1565

01:02:53,589 --> 01:02:52,069

places authority and accountability

1566

01:02:55,190 --> 01:02:53,599

for this whole thing on the secretary of

1567

01:02:57,430 --> 01:02:55,200

defense

1568

01:02:58,950 --> 01:02:57,440

shared to a degree with abra avril

1569

01:03:00,390 --> 01:02:58,960

haynes director of national intelligence

1570

01:03:02,390 --> 01:03:00,400

and the bills mandates will require

1571

01:03:04,390 --> 01:03:02,400

substantial involvement involvement by

1572

01:03:07,109 --> 01:03:04,400

multiple military and ic components and

1573

01:03:08,950 --> 01:03:07,119

substantial resources

1574

01:03:11,029 --> 01:03:08,960

however and this is the problem it

1575

01:03:12,470 --> 01:03:11,039

doesn't doesn't dictate where where the

1576

01:03:16,950 --> 01:03:12,480

where the office will be placed by the

1577

01:03:22,069 --> 01:03:19,109

must place it in an administrator

1578

01:03:23,349 --> 01:03:22,079

oversight function

1579

01:03:24,870 --> 01:03:23,359

it doesn't it doesn't say where it's

1580

01:03:26,789 --> 01:03:24,880

going to be placed where where the

1581

01:03:29,349 --> 01:03:26,799

oversight will come from um but in the

1582

01:03:31,750 --> 01:03:29,359

immediate future dean says

1583

01:03:33,430 --> 01:03:31,760

the central entity will reside within

1584

01:03:35,430 --> 01:03:33,440

the office of the under secretary of

1585

01:03:36,390 --> 01:03:35,440

defense for intelligence and security

1586

01:03:38,309 --> 01:03:36,400

which is

1587

01:03:40,150 --> 01:03:38,319

where lou and chris mellon have said we

1588

01:03:42,230 --> 01:03:40,160

do not want it to be

1589

01:03:44,950 --> 01:03:42,240

and we know this because kathleen hicks

1590

01:03:46,470 --> 01:03:44,960

issued him uh if you issued a memorandum

1591

01:03:48,230 --> 01:03:46,480

directing the under secretary of defense

1592

01:03:52,150 --> 01:03:48,240

for intelligence and security to create

1593

01:03:55,430 --> 01:03:53,349

there's nothing in the bill that would

1594

01:03:57,829 --> 01:03:55,440

force the secretary of defense to change

1595

01:03:59,589 --> 01:03:57,839

that placement although there's also

1596

01:04:01,910 --> 01:03:59,599

nothing to prevent any secretary from

1597

01:04:04,870 --> 01:04:01,920

moving the uap nexus somewhere else if

1598

01:04:06,390 --> 01:04:04,880

he in consultation with the dna dni

1599

01:04:08,069 --> 01:04:06,400

decide that is warranted so that's

1600

01:04:09,829 --> 01:04:08,079

really important that we cannot forget

1601  
01:04:11,990 --> 01:04:09,839  
about i'm not sure how we can have an

1602  
01:04:13,910 --> 01:04:12,000  
effect on that i need we need to hear

1603  
01:04:15,270 --> 01:04:13,920  
from dean and we need to hear from lou

1604  
01:04:16,150 --> 01:04:15,280  
we need to hear from christopher mellon

1605  
01:04:19,670 --> 01:04:16,160  
you know

1606  
01:04:23,430 --> 01:04:21,510  
that's how we find out

1607  
01:04:25,589 --> 01:04:23,440  
because i'm not smart enough how to know

1608  
01:04:28,230 --> 01:04:25,599  
how this works to know how we force

1609  
01:04:29,990 --> 01:04:28,240  
change and force them to not put it in

1610  
01:04:31,670 --> 01:04:30,000  
you know

1611  
01:04:33,430 --> 01:04:31,680  
that office where they're talking about

1612  
01:04:35,190 --> 01:04:33,440  
it right now that lewin mellon said it

1613  
01:04:36,710 --> 01:04:35,200

should not reside

1614

01:04:38,870 --> 01:04:36,720

there's nothing in the bill

1615

01:04:40,470 --> 01:04:38,880

so i said that that's the language hicks

1616

01:04:43,430 --> 01:04:40,480

memo was released to the news media as

1617

01:04:45,510 --> 01:04:43,440

congressional negotiation negotiators

1618

01:04:47,029 --> 01:04:45,520

yeah dean was saying he thought it was

1619

01:04:49,349 --> 01:04:47,039

purposely um

1620

01:04:51,349 --> 01:04:49,359

intended to undercut undercut the um

1621

01:04:54,069 --> 01:04:51,359

gillibrand rubio amendment that was

1622

01:04:56,390 --> 01:04:54,079

going on and negotiations and speaking

1623

01:04:58,470 --> 01:04:56,400

of that let me take a break

1624

01:05:00,069 --> 01:04:58,480

from this i want to look at

1625

01:05:02,470 --> 01:05:00,079

if i can find it i want to look at

1626

01:05:04,069 --> 01:05:02,480

there's a really important

1627

01:05:05,430 --> 01:05:04,079

and i've heard stuff from behind the

1628

01:05:07,430 --> 01:05:05,440

scenes that

1629

01:05:09,589 --> 01:05:07,440

there's stuff going on without getting

1630

01:05:12,630 --> 01:05:09,599

specific related to this

1631

01:05:14,630 --> 01:05:12,640

things are changing uh more people are

1632

01:05:15,510 --> 01:05:14,640

getting access to data i'll put it that

1633

01:05:16,950 --> 01:05:15,520

way

1634

01:05:18,390 --> 01:05:16,960

so

1635

01:05:20,069 --> 01:05:18,400

that's a good thing more people are

1636

01:05:23,510 --> 01:05:20,079

taking this seriously

1637

01:05:28,870 --> 01:05:26,630

dean will not be joining us he is

1638

01:05:30,789 --> 01:05:28,880

too busy and

1639

01:05:32,309 --> 01:05:30,799

the brian bender tweet i don't know if

1640

01:05:34,309 --> 01:05:32,319

you guys saw this brian bender if you're

1641

01:05:35,270 --> 01:05:34,319

on twitter you saw it if you're not on

1642

01:05:37,270 --> 01:05:35,280

twitter

1643

01:05:40,870 --> 01:05:37,280

you did not see it and i know a lot of

1644

01:05:45,589 --> 01:05:43,510

are on youtube so let me

1645

01:05:48,950 --> 01:05:45,599

let me read what brian bender said this

1646

01:05:51,430 --> 01:05:50,549

and i i won't pull it up i'll just say

1647

01:05:53,349 --> 01:05:51,440

he said

1648

01:05:55,750 --> 01:05:53,359

bender tweeted i had a conversation last

1649

01:05:57,270 --> 01:05:55,760

weekend with an officia an official in

1650

01:05:59,990 --> 01:05:57,280

the pentagon

1651  
01:06:02,309 --> 01:06:00,000  
who is about as senior as they come and

1652  
01:06:05,430 --> 01:06:02,319  
he said this is an issue that is higher

1653  
01:06:09,190 --> 01:06:05,440  
than ever on the radar and there will be

1654  
01:06:10,710 --> 01:06:09,200  
little room to obfuscate any more

1655  
01:06:12,309 --> 01:06:10,720  
so that's exciting because bender's

1656  
01:06:14,789 --> 01:06:12,319  
usually conservative

1657  
01:06:17,029 --> 01:06:14,799  
so it's a pentagon official who is as

1658  
01:06:18,710 --> 01:06:17,039  
bad as senior as they come

1659  
01:06:21,270 --> 01:06:18,720  
don't know who that is

1660  
01:06:23,349 --> 01:06:21,280  
um but that's encouraging

1661  
01:06:25,029 --> 01:06:23,359  
let me go back

1662  
01:06:26,630 --> 01:06:25,039  
any questions

1663  
01:06:28,069 --> 01:06:26,640

i'll just go through some of these only

1664

01:06:29,589 --> 01:06:28,079

way some truth will find out and only a

1665

01:06:31,270 --> 01:06:29,599

minuscule amount will be found through

1666

01:06:32,549 --> 01:06:31,280

private funding yeah i agree i don't

1667

01:06:34,470 --> 01:06:32,559

know if private funding is going to get

1668

01:06:35,190 --> 01:06:34,480

us access to the special access programs

1669

01:06:37,589 --> 01:06:35,200

but

1670

01:06:39,750 --> 01:06:37,599

we can get access to the data at least

1671

01:06:41,109 --> 01:06:39,760

it's it could be a really

1672

01:06:43,109 --> 01:06:41,119

long

1673

01:06:44,630 --> 01:06:43,119

wait i know people who think

1674

01:06:46,470 --> 01:06:44,640

they listen to john ramirez and they

1675

01:06:48,309 --> 01:06:46,480

think that

1676

01:06:49,349 --> 01:06:48,319

disclosure is around the corner i mean

1677

01:06:50,870 --> 01:06:49,359

they're going to be talking about

1678

01:06:52,470 --> 01:06:50,880

hybrids and the information is being

1679

01:06:54,069 --> 01:06:52,480

okayed i mean maybe i'm wrong maybe

1680

01:06:55,990 --> 01:06:54,079

that's going on it doesn't appear to be

1681

01:06:57,829 --> 01:06:56,000

the case it appears we're going very

1682

01:06:59,430 --> 01:06:57,839

very slow and i'm not saying we are

1683

01:07:00,470 --> 01:06:59,440

hybrids i'm just saying

1684

01:07:02,230 --> 01:07:00,480

whatever the

1685

01:07:03,990 --> 01:07:02,240

true story is it's going to take a long

1686

01:07:07,670 --> 01:07:04,000

time i think

1687

01:07:11,349 --> 01:07:07,680

but i can i'm i could be 100 wrong um

1688

01:07:13,589 --> 01:07:11,359

yeah getting access to a sap

1689

01:07:16,789 --> 01:07:13,599

is going to be difficult

1690

01:07:18,230 --> 01:07:16,799

so i don't i do not have the answers

1691

01:07:20,309 --> 01:07:18,240

any of that i don't know how i don't

1692

01:07:21,589 --> 01:07:20,319

know how we're gonna get access but at

1693

01:07:24,230 --> 01:07:21,599

least like i said at least the language

1694

01:07:28,710 --> 01:07:25,829

how far back in time are they gonna be

1695

01:07:30,309 --> 01:07:28,720

allowed to report they talk about

1696

01:07:32,549 --> 01:07:30,319

some of that not specifically in the

1697

01:07:33,510 --> 01:07:32,559

language i will get back to

1698

01:07:35,750 --> 01:07:33,520

um

1699

01:07:38,470 --> 01:07:35,760

it does come up

1700

01:07:40,230 --> 01:07:38,480

just talking about stuff that they

1701

01:07:41,349 --> 01:07:40,240

you know they had not been briefed on i

1702

01:07:43,109 --> 01:07:41,359

don't know i don't know if

1703

01:07:46,950 --> 01:07:43,119

this specific stuff is going to go back

1704

01:07:49,109 --> 01:07:46,960

to 47 or 45 whatever with with um

1705

01:07:51,190 --> 01:07:49,119

trinity but

1706

01:07:53,270 --> 01:07:51,200

you know

1707

01:07:54,470 --> 01:07:53,280

if they're talking about

1708

01:07:56,309 --> 01:07:54,480

talking about

1709

01:07:57,829 --> 01:07:56,319

exploitation any programs that are going

1710

01:07:59,990 --> 01:07:57,839

on it's gonna that will come up

1711

01:08:02,069 --> 01:08:00,000

eventually if somebody gets access to it

1712

01:08:03,190 --> 01:08:02,079

i don't think it's

1713

01:08:04,549 --> 01:08:03,200

you know i've heard stuff behind the

1714

01:08:06,549 --> 01:08:04,559

scenes i don't think it's

1715

01:08:07,990 --> 01:08:06,559

as nefarious as people i use that word a

1716

01:08:10,549 --> 01:08:08,000

lot i don't think it's nefarious a lot

1717

01:08:12,390 --> 01:08:10,559

as far as how it's being kept you know i

1718

01:08:13,750 --> 01:08:12,400

just think the way the system was set up

1719

01:08:16,070 --> 01:08:13,760

and the way it was changed and it just

1720

01:08:18,070 --> 01:08:16,080

makes it so difficult to get access but

1721

01:08:20,550 --> 01:08:18,080

information does come out if you listen

1722

01:08:22,309 --> 01:08:20,560

to eric davis's interviews which i

1723

01:08:24,229 --> 01:08:22,319

transcribe some of the relevant parts he

1724

01:08:26,390 --> 01:08:24,239

talks about how he got information from

1725

01:08:28,470 --> 01:08:26,400

those programs by

1726

01:08:30,470 --> 01:08:28,480

being in a special access program that

1727

01:08:32,789 --> 01:08:30,480

dealt with ufos and meeting other people

1728

01:08:34,390 --> 01:08:32,799

who were in other programs

1729

01:08:35,910 --> 01:08:34,400

that dealt with ufos and they shared

1730

01:08:37,430 --> 01:08:35,920

information that's how that's how you

1731

01:08:39,430 --> 01:08:37,440

find out it doesn't mean he had access

1732

01:08:41,749 --> 01:08:39,440

to those programs that's another story

1733

01:08:45,749 --> 01:08:41,759

but the information can be shared

1734

01:08:47,510 --> 01:08:45,759

and has been shared according to eric um

1735

01:08:48,709 --> 01:08:47,520

so there are six undersecretaries of

1736

01:08:50,229 --> 01:08:48,719

defense

1737

01:08:52,149 --> 01:08:50,239

report directly to the secretary of

1738

01:08:53,349 --> 01:08:52,159

defense deputy deputy secretary of

1739

01:08:55,990 --> 01:08:53,359

defense

1740

01:09:02,390 --> 01:08:56,000

um this stuff gets a little boring i'm

1741

01:09:06,390 --> 01:09:04,630

the chart of who's under who uh the

1742

01:09:08,229 --> 01:09:06,400

current under secretary of defense for

1743

01:09:09,829 --> 01:09:08,239

intelligence insecurities ronald

1744

01:09:12,870 --> 01:09:09,839

moultrie

1745

01:09:15,669 --> 01:09:12,880

a long-time public servant

1746

01:09:17,189 --> 01:09:15,679

so public servants are more likely i'm

1747

01:09:18,950 --> 01:09:17,199

not saying he does but public servants

1748

01:09:20,709 --> 01:09:18,960

are more likely to have access to

1749

01:09:22,470 --> 01:09:20,719

certain special access programs because

1750

01:09:24,229 --> 01:09:22,480

they're not politicians they're not

1751

01:09:25,510 --> 01:09:24,239

appointed they don't leave the job every

1752

01:09:27,990 --> 01:09:25,520

two years

1753

01:09:30,070 --> 01:09:28,000

the lifelong public servants are the

1754

01:09:32,709 --> 01:09:30,080

folks i forget the wording that will

1755

01:09:34,789 --> 01:09:32,719

miller use to describe it or stephen

1756

01:09:36,709 --> 01:09:34,799

greer he there's a word

1757

01:09:38,070 --> 01:09:36,719

um but yeah the folks that are in for a

1758

01:09:39,510 --> 01:09:38,080

long period of time those are the folks

1759

01:09:41,269 --> 01:09:39,520

that get access to some of these

1760

01:09:43,110 --> 01:09:41,279

programs

1761

01:09:45,430 --> 01:09:43,120

um i'm not but i'm not saying that he's

1762

01:09:46,789 --> 01:09:45,440

one of them

1763

01:09:49,590 --> 01:09:46,799

so

1764

01:09:54,390 --> 01:09:49,600

i'm gonna let's see any questions

1765

01:09:58,150 --> 01:09:56,229

yeah i

1766

01:10:00,950 --> 01:09:58,160

i did not catch dolan's um

1767

01:10:02,550 --> 01:10:00,960

[Music]

1768

01:10:04,790 --> 01:10:02,560

show

1769

01:10:07,110 --> 01:10:04,800

and

1770

01:10:09,110 --> 01:10:07,120

twitter is a joy but i've told people if

1771

01:10:10,229 --> 01:10:09,120

you want to go on twitter and not deal

1772

01:10:13,350 --> 01:10:10,239

with

1773

01:10:14,870 --> 01:10:13,360

it's been good lately but um

1774

01:10:17,510 --> 01:10:14,880

because some of the people have gone to

1775

01:10:19,030 --> 01:10:17,520

discord which is fine go to discord i

1776

01:10:20,390 --> 01:10:19,040

mean

1777

01:10:21,750 --> 01:10:20,400

we've been accused certain people on

1778

01:10:23,669 --> 01:10:21,760

twitter have been accused of not being

1779

01:10:26,070 --> 01:10:23,679

able to handle an opposing viewpoint

1780

01:10:27,750 --> 01:10:26,080

which is not true it's just

1781

01:10:29,350 --> 01:10:27,760

i just want you to back up some of your

1782

01:10:31,030 --> 01:10:29,360

claims and you know people are still

1783

01:10:32,709 --> 01:10:31,040

claiming that lou i know lou and chris

1784

01:10:33,669 --> 01:10:32,719

are part of a part of a psyop and it's

1785

01:10:34,950 --> 01:10:33,679

like

1786

01:10:36,229 --> 01:10:34,960

people say you want to live in an echo

1787

01:10:38,870 --> 01:10:36,239

chamber and only listen to people who

1788

01:10:41,189 --> 01:10:38,880

you agree with it's not true it's just

1789

01:10:42,790 --> 01:10:41,199

you've been i just i want to focus more

1790

01:10:44,390 --> 01:10:42,800

on what we're dealing with not that i

1791

01:10:46,950 --> 01:10:44,400

can figure it out but i don't want to

1792

01:10:48,630 --> 01:10:46,960

spend all day long trying to debate you

1793

01:10:51,270 --> 01:10:48,640

know

1794

01:10:52,870 --> 01:10:51,280

somebody that was dave felch on twitter

1795

01:10:54,630 --> 01:10:52,880

yesterday saying he doesn't trust

1796

01:10:57,110 --> 01:10:54,640

anything lou says i'm like okay i'm not

1797

01:10:58,630 --> 01:10:57,120

going to spend time on that so

1798

01:11:00,709 --> 01:10:58,640

yeah it's a smell it's a snail paste

1799

01:11:02,310 --> 01:11:00,719

where we're at but there are bursts of

1800

01:11:04,149 --> 01:11:02,320

progress i mean i don't see this as a

1801

01:11:05,830 --> 01:11:04,159

burst this is a big deal but it took a

1802

01:11:08,630 --> 01:11:05,840

while to get to this point for this

1803

01:11:11,189 --> 01:11:08,640

language um

1804

01:11:13,189 --> 01:11:11,199

nasa email i don't yeah i can't look at

1805

01:11:15,270 --> 01:11:13,199

it right to second although

1806

01:11:19,990 --> 01:11:15,280

i could read it on the air but let me

1807

01:11:23,669 --> 01:11:21,270

if you have any questions like i said

1808

01:11:27,750 --> 01:11:23,679

about anything

1809

01:11:31,270 --> 01:11:27,760

let me know i will try to see what

1810

01:11:33,669 --> 01:11:31,280

john has on his side about nasa i mean i

1811

01:11:35,510 --> 01:11:33,679

know we had something recently

1812

01:11:36,790 --> 01:11:35,520

that nasa was the uap and there was

1813

01:11:38,950 --> 01:11:36,800

something about nasa i did not get to

1814

01:11:41,110 --> 01:11:38,960

read it it was on reddit it's probably

1815

01:11:42,709 --> 01:11:41,120

what it was somebody on reddit had this

1816

01:11:44,390 --> 01:11:42,719

the uap email

1817

01:11:45,189 --> 01:11:44,400

related emails

1818

01:11:46,870 --> 01:11:45,199

which

1819

01:11:48,229 --> 01:11:46,880

i can bring up

1820

01:11:50,709 --> 01:11:48,239

let me just bring up the page but i

1821

01:11:58,390 --> 01:11:50,719

don't know what it says

1822

01:12:04,390 --> 01:12:00,790

so that's his article and i saw this on

1823

01:12:09,910 --> 01:12:06,709

but i didn't get a chance to read it

1824

01:12:11,830 --> 01:12:09,920

that's a communications

1825

01:12:14,870 --> 01:12:11,840

see

1826

01:12:16,550 --> 01:12:14,880

so they came to the foia oh it's a video

1827

01:12:17,590 --> 01:12:16,560

darn it all right

1828

01:12:19,030 --> 01:12:17,600

i thought it was i thought it was

1829

01:12:21,030 --> 01:12:19,040

documents

1830

01:12:22,950 --> 01:12:21,040

i'm not gonna play his video

1831

01:12:24,550 --> 01:12:22,960

that's not right by somebody's video i

1832

01:12:26,070 --> 01:12:24,560

mean the videos i usually play are older

1833

01:12:27,669 --> 01:12:26,080

videos i'm not going to play his video

1834

01:12:29,510 --> 01:12:27,679

and take away from views and that stuff

1835

01:12:31,750 --> 01:12:29,520

and somebody's done work on it i'll have

1836

01:12:33,030 --> 01:12:31,760

to check it out later

1837

01:12:39,590 --> 01:12:33,040

and

1838

01:12:42,070 --> 01:12:39,600

dean was take dean took a shot at la

1839

01:12:44,390 --> 01:12:42,080

lazar um

1840

01:12:46,390 --> 01:12:44,400

yeah mule there are ways though you can

1841

01:12:47,669 --> 01:12:46,400

be on twitter well i guess if you want

1842

01:12:48,870 --> 01:12:47,679

to just be open and talk about whatever

1843

01:12:50,790 --> 01:12:48,880

you want then it doesn't matter people

1844

01:12:52,630 --> 01:12:50,800

are going to take shots i mean and i am

1845

01:12:56,310 --> 01:12:52,640

in the middle on on

1846

01:12:56,320 --> 01:12:59,750

on

1847

01:13:02,709 --> 01:13:00,790

lazar

1848

01:13:04,470 --> 01:13:02,719

and

1849

01:13:05,990 --> 01:13:04,480

i think it was last year when the when i

1850

01:13:08,070 --> 01:13:06,000

got too excited and i thought we were

1851

01:13:09,910 --> 01:13:08,080

gonna get access to the

1852

01:13:12,229 --> 01:13:09,920

intact craft and the special access

1853

01:13:15,510 --> 01:13:12,239

program and i wanted to bet on that and

1854

01:13:16,870 --> 01:13:15,520

glad i didn't and i thought that um

1855

01:13:18,630 --> 01:13:16,880

you know lazar we were gonna find the

1856

01:13:20,310 --> 01:13:18,640

truth about lazar and i started leaning

1857

01:13:21,669 --> 01:13:20,320

to more a lot more towards him being

1858

01:13:23,350 --> 01:13:21,679

truthful but i don't know like you know

1859

01:13:26,149 --> 01:13:23,360

people know who read my article i was

1860

01:13:29,110 --> 01:13:26,159

pretty 50 50. eric davis is 100 against

1861

01:13:30,550 --> 01:13:29,120

them john alexander 100 against him

1862

01:13:34,630 --> 01:13:30,560

dean johnson who's written this article

1863

01:13:37,430 --> 01:13:34,640

100 against lazarus um you know you have

1864

01:13:39,189 --> 01:13:37,440

corbell and knapp who support lazarus so i

1865

01:13:40,310 --> 01:13:39,199

don't know and and it's not a question

1866

01:13:42,149 --> 01:13:40,320

of me

1867

01:13:43,750 --> 01:13:42,159

you know if i'm close friends with if

1868

01:13:45,350 --> 01:13:43,760

i'm friends with nap or corbell i'm not

1869

01:13:47,910 --> 01:13:45,360

afraid to say i don't believe lazarus if i

1870

01:13:50,070 --> 01:13:47,920

don't believe him and i'm wondering 100

1871

01:13:52,229 --> 01:13:50,080

convinced i'll say so i don't those guys

1872

01:13:54,149 --> 01:13:52,239

do not take offense to that despite what

1873

01:13:56,390 --> 01:13:54,159

some may think thanks for being here

1874

01:13:58,550 --> 01:13:56,400

james

1875

01:14:01,430 --> 01:13:58,560

um but yeah

1876

01:14:03,750 --> 01:14:01,440

lazarus is a red herring right now

1877

01:14:06,870 --> 01:14:03,760

as far as this i mean obviously if we

1878

01:14:08,790 --> 01:14:06,880

have nine craft you know

1879

01:14:11,990 --> 01:14:08,800

and and doug was

1880

01:14:13,750 --> 01:14:12,000

doug johnson who wrote the article dean

1881

01:14:14,950 --> 01:14:13,760

douglas dean johnson wrote the article

1882

01:14:17,189 --> 01:14:14,960

he brought up lazar which i did not

1883

01:14:19,350 --> 01:14:17,199

think he needed to do um

1884

01:14:21,110 --> 01:14:19,360

and he and i think his response was well

1885

01:14:23,669 --> 01:14:21,120

if lazar is telling the truth and there

1886

01:14:25,510 --> 01:14:23,679

are nine craft and this is all a facade

1887

01:14:27,910 --> 01:14:25,520

this is all you know why we're wasting

1888

01:14:30,229 --> 01:14:27,920

our time well because we can't whatever

1889

01:14:31,830 --> 01:14:30,239

craft we may or may not have we have no

1890

01:14:34,310 --> 01:14:31,840

access to it so it doesn't really matter

1891

01:14:36,070 --> 01:14:34,320

so we have to do this yes

1892

01:14:37,430 --> 01:14:36,080

a lot of people certain people certain

1893

01:14:39,750 --> 01:14:37,440

people in the government

1894

01:14:41,430 --> 01:14:39,760

certain people know a hell of a lot more

1895

01:14:43,030 --> 01:14:41,440

but we don't have access to it so we

1896

01:14:45,430 --> 01:14:43,040

have to do this it seems like we're

1897

01:14:47,189 --> 01:14:45,440

starting from scratch but at least now

1898

01:14:49,430 --> 01:14:47,199

whatever technology whatever data was

1899

01:14:51,590 --> 01:14:49,440

collected over the decades we have more

1900

01:14:53,350 --> 01:14:51,600

we have more we have more advanced

1901

01:14:54,950 --> 01:14:53,360

technology so

1902

01:14:57,110 --> 01:14:54,960

it's going to be different data that we

1903

01:14:58,390 --> 01:14:57,120

do not have but still it is like

1904

01:15:00,550 --> 01:14:58,400

starting from scratch if we're not

1905

01:15:02,390 --> 01:15:00,560

getting access to that data in the data

1906

01:15:04,070 --> 01:15:02,400

warehouse that eric davis talked about

1907

01:15:06,149 --> 01:15:04,080

that jeremy corbell talked about and

1908

01:15:08,390 --> 01:15:06,159

they're not talking about the awesome

1909

01:15:13,110 --> 01:15:08,400

data warehouse that that jacques volley

1910

01:15:17,189 --> 01:15:15,110

so yeah it's it's hard to bring up it's

1911

01:15:19,110 --> 01:15:17,199

really hard to bring up

1912

01:15:21,430 --> 01:15:19,120

lazar and then people bring up he's a

1913

01:15:22,950 --> 01:15:21,440

felon and like you know eric brings it

1914

01:15:25,350 --> 01:15:22,960

up too so

1915

01:15:27,189 --> 01:15:25,360

um so i try not to talk about it too

1916

01:15:28,390 --> 01:15:27,199

much

1917

01:15:37,669 --> 01:15:28,400

i don't

1918

01:15:39,750 --> 01:15:37,679

i think i'm waiting for it to see what

1919

01:15:40,790 --> 01:15:39,760

kind of media coverage comes from this

1920

01:15:41,130 --> 01:15:40,800

story

1921

01:15:43,270 --> 01:15:41,140

um

1922

01:15:44,950 --> 01:15:43,280

[Music]

1923

01:15:46,709 --> 01:15:44,960

but i don't know if it's gonna if we're

1924

01:15:49,350 --> 01:15:46,719

gonna have to wait

1925

01:15:51,830 --> 01:15:49,360

becomes

1926

01:15:54,229 --> 01:15:51,840

law and it's past 100 and it gets signed

1927

01:15:55,510 --> 01:15:54,239

into law then maybe then maybe we'll get

1928

01:15:57,030 --> 01:15:55,520

the massive coverage i don't know i

1929

01:15:59,910 --> 01:15:57,040

would think so

1930

01:16:03,270 --> 01:15:59,920

you know the aoi msg got some decent

1931

01:16:06,550 --> 01:16:03,280

coverage this has not gotten coverage

1932

01:16:08,310 --> 01:16:06,560

let's see so

1933

01:16:09,990 --> 01:16:08,320

given the under secretary multry is the

1934

01:16:12,310 --> 01:16:10,000

senior intelligence advisor to secretary

1935

01:16:13,270 --> 01:16:12,320

of defense austin

1936

01:16:17,270 --> 01:16:13,280

um

1937

01:16:19,750 --> 01:16:17,280

he may pass off this oversight to deputy

1938

01:16:21,430 --> 01:16:19,760

his deputy david m taylor who will play

1939

01:16:24,630 --> 01:16:21,440

it may play a more direct role in

1940

01:16:26,470 --> 01:16:24,640

supervising the aoi msg which i hope

1941

01:16:28,630 --> 01:16:26,480

gets we get rid of that

1942

01:16:30,390 --> 01:16:28,640

um

1943

01:16:31,990 --> 01:16:30,400

but taylor is a member of the senior

1944

01:16:33,510 --> 01:16:32,000

executive services which is civilian

1945

01:16:35,189 --> 01:16:33,520

with the civilian rank equivalent to a

1946

01:16:36,070 --> 01:16:35,199

two-star general

1947

01:16:37,830 --> 01:16:36,080

um

1948

01:16:40,950 --> 01:16:37,840

which is interesting

1949

01:16:42,149 --> 01:16:40,960

he's been at oas os ousd since 2010 he

1950

01:16:43,830 --> 01:16:42,159

actually ran it for the first four

1951

01:16:46,390 --> 01:16:43,840

months of the biden administration

1952

01:16:48,470 --> 01:16:46,400

before moultre was confirmed

1953

01:16:50,390 --> 01:16:48,480

he also served in the navy for 30 years

1954

01:16:53,030 --> 01:16:50,400

as a flight officer his final navy

1955

01:16:54,790 --> 01:16:53,040

assignment was as chief of staff for the

1956

01:16:58,550 --> 01:16:54,800

carrier strike group 11 aboard the

1957

01:17:00,470 --> 01:16:58,560

aircraft carrier uss nimitz

1958

01:17:03,030 --> 01:17:00,480

an assignment that the he received in

1959

01:17:04,950 --> 01:17:03,040

earlier 2008 so i wonder if he was he

1960

01:17:07,030 --> 01:17:04,960

was on there in 2008 if the if the tic

1961

01:17:08,630 --> 01:17:07,040

tac story was still being talked about

1962

01:17:11,030 --> 01:17:08,640

and if he knows about that at all would

1963

01:17:12,790 --> 01:17:11,040

be interesting

1964

01:17:14,310 --> 01:17:12,800

uh he has

1965

01:17:15,350 --> 01:17:14,320

when he left the navy had the rank of

1966

01:17:16,709 --> 01:17:15,360

captain

1967

01:17:18,229 --> 01:17:16,719

um

1968

01:17:22,470 --> 01:17:18,239

and he broke he worked for northrop

1969

01:17:23,669 --> 01:17:22,480

grumman aerospace before joining ousd

1970

01:17:26,149 --> 01:17:23,679

i'm trying to think there's anything

1971

01:17:28,229 --> 01:17:26,159

else this is a really really long

1972

01:17:31,830 --> 01:17:28,239

article

1973

01:17:34,149 --> 01:17:31,840

this is basically now the civilian

1974

01:17:35,990 --> 01:17:34,159

committee he says dean says

1975

01:17:37,430 --> 01:17:36,000

and it was supposed to be the scu this

1976

01:17:39,590 --> 01:17:37,440

you know scientific coalition for

1977

01:17:42,149 --> 01:17:39,600

ufology studying mythology and

1978

01:17:44,630 --> 01:17:42,159

the guy galileo with avi loeb that was

1979

01:17:46,630 --> 01:17:44,640

going to be part of that committee so

1980

01:17:49,189 --> 01:17:46,640

dean talks about how that was not it was

1981

01:17:52,310 --> 01:17:49,199

dropped by the house senate negotiators

1982

01:17:55,030 --> 01:17:52,320

and he thinks it's because

1983

01:17:57,030 --> 01:17:55,040

folks in the intel world were saying

1984

01:17:59,430 --> 01:17:57,040

you know that would be a security risk

1985

01:18:00,390 --> 01:17:59,440

and get rid of it um

1986

01:18:02,950 --> 01:18:00,400

but

1987

01:18:05,110 --> 01:18:02,960

as dean says the gillibrand rubio

1988

01:18:06,870 --> 01:18:05,120

amendment specifically said that every

1989

01:18:09,430 --> 01:18:06,880

member of that committee would have a

1990

01:18:12,149 --> 01:18:09,440

secret clearance they would must qualify

1991

01:18:13,110 --> 01:18:12,159

for secret clearance so that you know

1992

01:18:15,110 --> 01:18:13,120

they would have been bound by

1993

01:18:17,110 --> 01:18:15,120

classification laws

1994

01:18:19,990 --> 01:18:17,120

include that include stringent criminal

1995

01:18:21,750 --> 01:18:20,000

penalty penalties for violations so

1996

01:18:23,590 --> 01:18:21,760

but dean says he doesn't have a smoking

1997

01:18:25,430 --> 01:18:23,600

gun to prove that's why they took that

1998

01:18:27,590 --> 01:18:25,440

out of the bill he goes

1999

01:18:29,910 --> 01:18:27,600

but the gunpowder is strong i'm betting

2000

01:18:33,060 --> 01:18:29,920

there's one laying around somewhere so

2001

01:18:34,950 --> 01:18:33,070

that's and i've i've heard similar too

2002

01:18:36,870 --> 01:18:34,960

[Music]

2003

01:18:37,990 --> 01:18:36,880

also among some of those in government

2004

01:18:39,990 --> 01:18:38,000

media who are sympathetic to

2005

01:18:41,910 --> 01:18:40,000

forward-leaning uap investigations i

2006

01:18:43,590 --> 01:18:41,920

perceive awareness towards this is where

2007

01:18:45,750 --> 01:18:43,600

he gets into lazar

2008

01:18:48,390 --> 01:18:45,760

they're wary to work with civilian ufo

2009

01:18:50,790 --> 01:18:48,400

folks because bob lazar and evil jeremy

2010

01:18:52,390 --> 01:18:50,800

corbell and george knapp it's ridiculous

2011

01:18:55,270 --> 01:18:52,400

to bring that up i'm sorry

2012

01:18:57,189 --> 01:18:55,280

it's just not i don't see that stuff

2013

01:18:59,590 --> 01:18:57,199

talked about that much um

2014

01:19:01,830 --> 01:18:59,600

i understand his point but uf ufology

2015

01:19:02,950 --> 01:19:01,840

has a problem but

2016

01:19:03,910 --> 01:19:02,960

um

2017

01:19:05,430 --> 01:19:03,920

yeah

2018

01:19:06,870 --> 01:19:05,440

i don't even want to talk about lazar i

2019

01:19:07,669 --> 01:19:06,880

just i don't think it has a place in

2020

01:19:09,110 --> 01:19:07,679

this

2021

01:19:10,950 --> 01:19:09,120

what i heard was

2022

01:19:12,630 --> 01:19:10,960

i think dean's first

2023

01:19:14,870 --> 01:19:12,640

comment about it then thinking it's a

2024

01:19:16,870 --> 01:19:14,880

classified issue all these civilians are

2025

01:19:21,990 --> 01:19:16,880

going to share classified information

2026

01:19:25,669 --> 01:19:24,790

we go the scope of the term

2027

01:19:27,189 --> 01:19:25,679

so

2028

01:19:31,910 --> 01:19:27,199

under the house

2029

01:19:33,590 --> 01:19:31,920

only going to be uh objects witnessed by

2030

01:19:35,990 --> 01:19:33,600

a pilot or air crew member that are not

2031

01:19:37,910 --> 01:19:36,000

immediate immediately identifiable under

2032

01:19:39,750 --> 01:19:37,920

that definition a giant glowing disc

2033

01:19:42,229 --> 01:19:39,760

entering a sea next to a surface

2034

01:19:45,270 --> 01:19:42,239

submarine or hovering over a minuteman

2035

01:19:48,229 --> 01:19:45,280

iii silo would not have constituted uap

2036

01:19:53,030 --> 01:19:51,270

under uh gillibrand rubio

2037

01:19:55,430 --> 01:19:53,040

gallego

2038

01:19:57,990 --> 01:19:55,440

ufp would be

2039

01:20:00,070 --> 01:19:58,000

unidentified airborne objects

2040

01:20:02,790 --> 01:20:00,080

trans medium objects

2041

01:20:05,189 --> 01:20:02,800

you know from space to the atmosphere

2042

01:20:07,030 --> 01:20:05,199

atmosphere to water vice versa and

2043

01:20:08,550 --> 01:20:07,040

submerged objects or devices that are

2044

01:20:10,550 --> 01:20:08,560

not immediately identifiable and that

2045

01:20:12,229 --> 01:20:10,560

display behavior performance

2046

01:20:13,990 --> 01:20:12,239

characteristics suggesting that they may

2047

01:20:15,830 --> 01:20:14,000

be related to unidentified aerial or

2048

01:20:17,430 --> 01:20:15,840

trans medium objects so that covers a

2049

01:20:18,390 --> 01:20:17,440

lot of stuff thank god they got rid of

2050

01:20:20,229 --> 01:20:18,400

the original

2051

01:20:21,830 --> 01:20:20,239

house language

2052

01:20:24,950 --> 01:20:21,840

and then he talks about how the

2053

01:20:26,470 --> 01:20:24,960

legislation took place which is you know

2054

01:20:28,070 --> 01:20:26,480

for most people don't want to hear about

2055

01:20:29,189 --> 01:20:28,080

last you know what happened and how it

2056

01:20:31,110 --> 01:20:29,199

became law

2057

01:20:33,750 --> 01:20:31,120

we just want to know how it's

2058

01:20:35,750 --> 01:20:33,760

you know how it's going to be finalized

2059

01:20:38,470 --> 01:20:35,760

because it's not a done deal yet but

2060

01:20:38,480 --> 01:20:43,669

any questions watching early

2061

01:20:47,510 --> 01:20:45,510

so the fact dean says the fact that most

2062

01:20:49,750 --> 01:20:47,520

of the strongest uap related components

2063

01:20:52,229 --> 01:20:49,760

emerged from these negotiations even in

2064

01:20:53,669 --> 01:20:52,239

the face of hostility from some enclaves

2065

01:20:55,669 --> 01:20:53,679

within the dod

2066

01:20:57,910 --> 01:20:55,679

is a testament not only to the prime

2067

01:20:59,750 --> 01:20:57,920

sponsors of gillibrand and gallego but

2068

01:21:01,189 --> 01:20:59,760

also to the quiet but essential support

2069

01:21:02,629 --> 01:21:01,199

of the democratic

2070

01:21:05,270 --> 01:21:02,639

chairman of the senate and house

2071

01:21:07,270 --> 01:21:05,280

committees on armed services senator

2072

01:21:09,189 --> 01:21:07,280

jack reed who's a democrat out of rhode

2073

01:21:10,629 --> 01:21:09,199

island congressman adam smith democrat

2074

01:21:12,229 --> 01:21:10,639

out of washington

2075

01:21:14,870 --> 01:21:12,239

and the republican ranking members of

2076

01:21:17,830 --> 01:21:14,880

those committees senator jim

2077

01:21:20,149 --> 01:21:17,840

inhofe republican out of oklahoma and

2078

01:21:22,310 --> 01:21:20,159

congressman mike rogers a republican out

2079

01:21:24,470 --> 01:21:22,320

of alabama as well as the bipartisan

2080

01:21:26,709 --> 01:21:24,480

leadership of the house and senate

2081

01:21:28,229 --> 01:21:26,719

intelligence committees

2082

01:21:30,470 --> 01:21:28,239

following and this is a quote i had

2083

01:21:31,910 --> 01:21:30,480

never seen before you guys may have seen

2084

01:21:33,830 --> 01:21:31,920

it following the release of a

2085

01:21:36,390 --> 01:21:33,840

congressionally requested unclassified

2086

01:21:38,950 --> 01:21:36,400

report on the uap back in

2087

01:21:40,790 --> 01:21:38,960

june 25th

2088

01:21:43,430 --> 01:21:40,800

chairman reed

2089

01:21:44,229 --> 01:21:43,440

so jack reed democrat from republican

2090

01:21:46,310 --> 01:21:44,239

uh

2091

01:21:48,229 --> 01:21:46,320

democrat from rhode island chairman reid

2092

01:21:50,470 --> 01:21:48,239

issued a statement

2093

01:21:53,110 --> 01:21:50,480

that quote we simply lack the

2094

01:21:55,669 --> 01:21:53,120

information necessary to determine what

2095

01:21:58,070 --> 01:21:55,679

these objects are and what they're doing

2096

01:22:00,229 --> 01:21:58,080

so we need to get that information let's

2097

01:22:02,149 --> 01:22:00,239

keep watching the skies studying and

2098

01:22:04,229 --> 01:22:02,159

learning if the government acquires

2099

01:22:06,390 --> 01:22:04,239

evidence of things it can't explain

2100

01:22:09,669 --> 01:22:06,400

let's examine it from every angle and be

2101

01:22:10,390 --> 01:22:09,679

forthright with the american people

2102

01:22:13,830 --> 01:22:10,400

if

2103

01:22:17,030 --> 01:22:13,840

great i had never seen that quote before

2104

01:22:19,270 --> 01:22:17,040

um we need more people like him

2105

01:22:23,030 --> 01:22:19,280

this is just more people that he had

2106

01:22:26,629 --> 01:22:25,110

and and dean says you know senator

2107

01:22:28,070 --> 01:22:26,639

co-sponsoring the gila brown amendment

2108

01:22:29,270 --> 01:22:28,080

was very important to his republican

2109

01:22:31,590 --> 01:22:29,280

colleagues

2110

01:22:33,430 --> 01:22:31,600

um

2111

01:22:34,390 --> 01:22:33,440

and he was publicly vocal on the uap

2112

01:22:35,830 --> 01:22:34,400

issue

2113

01:22:37,430 --> 01:22:35,840

he's still the vice chairman of the

2114

01:22:39,110 --> 01:22:37,440

senate select intelligence committee so

2115

01:22:41,270 --> 01:22:39,120

rubio was very important him speaking up

2116

01:22:43,270 --> 01:22:41,280

was very important

2117

01:22:44,470 --> 01:22:43,280

and bean says a striking degree of quiet

2118

01:22:46,070 --> 01:22:44,480

consensus

2119

01:22:48,390 --> 01:22:46,080

that has developed on the uip issue

2120

01:22:49,830 --> 01:22:48,400

particularly among particularly among

2121

01:22:51,510 --> 01:22:49,840

members of the congressional committees

2122

01:22:53,350 --> 01:22:51,520

that have the greatest access to

2123

01:22:55,350 --> 01:22:53,360

pertinent classified information which

2124

01:22:58,149 --> 01:22:55,360

makes sense because if they've seen the

2125

01:23:00,790 --> 01:22:58,159

23 minute video or video or whatever

2126  
01:23:03,110 --> 01:23:00,800  
other videos that we have not seen

2127  
01:23:04,629 --> 01:23:03,120  
they would say whatever this is

2128  
01:23:07,189 --> 01:23:04,639  
we need to figure out what the hell this

2129  
01:23:09,030 --> 01:23:07,199  
is because that does not look like human

2130  
01:23:10,870 --> 01:23:09,040  
technology so

2131  
01:23:12,470 --> 01:23:10,880  
but i'm speculating i mean lou has

2132  
01:23:13,910 --> 01:23:12,480  
spoken about how people left the

2133  
01:23:16,950 --> 01:23:13,920  
briefings saying

2134  
01:23:18,950 --> 01:23:16,960  
you know that's not ours um when

2135  
01:23:20,870 --> 01:23:18,960  
lawmakers who do not sit on national

2136  
01:23:22,470 --> 01:23:20,880  
security committees see such bipartisan

2137  
01:23:23,910 --> 01:23:22,480  
consensus on a matter involving

2138  
01:23:26,070 --> 01:23:23,920

classified info

2139

01:23:28,229 --> 01:23:26,080

most usually it will def it will defer

2140

01:23:29,189 --> 01:23:28,239

to it

2141

01:23:30,390 --> 01:23:29,199

he says

2142

01:23:32,390 --> 01:23:30,400

the house services committee armed

2143

01:23:33,910 --> 01:23:32,400

services committee when i incorporated

2144

01:23:37,510 --> 01:23:33,920

gallegos language into the version of

2145

01:23:39,350 --> 01:23:37,520

the ndaa every one of the house 40 435

2146

01:23:40,470 --> 01:23:39,360

members had the opportunity to ask for

2147

01:23:42,950 --> 01:23:40,480

permission

2148

01:23:44,790 --> 01:23:42,960

you know for specific ndaa amendments on

2149

01:23:47,110 --> 01:23:44,800

the floor

2150

01:23:50,310 --> 01:23:47,120

the house rules committee received 860

2151  
01:23:52,790 --> 01:23:50,320  
such amendment requests but not one

2152  
01:23:55,750 --> 01:23:52,800  
touched the uap section not one of them

2153  
01:23:57,750 --> 01:23:55,760  
so it went straight through

2154  
01:23:59,350 --> 01:23:57,760  
likewise on the senate the matter

2155  
01:24:00,950 --> 01:23:59,360  
advanced quietly although senator

2156  
01:24:02,550 --> 01:24:00,960  
gillibrand tweeted and gave several

2157  
01:24:05,189 --> 01:24:02,560  
interviews on the subject there was no

2158  
01:24:07,270 --> 01:24:05,199  
visible opposition from any senator nor

2159  
01:24:08,870 --> 01:24:07,280  
any discussion of uap on the senate

2160  
01:24:10,709 --> 01:24:08,880  
floor i don't know if they don't want to

2161  
01:24:12,709 --> 01:24:10,719  
if they're afraid to talk about it or

2162  
01:24:14,709 --> 01:24:12,719  
they just you know they're like

2163  
01:24:16,070 --> 01:24:14,719

we've heard this is serious this needs

2164

01:24:17,830 --> 01:24:16,080

to go through i don't know which is

2165

01:24:20,470 --> 01:24:17,840

which is which but it's going through

2166

01:24:23,030 --> 01:24:20,480

so a good thing

2167

01:24:27,910 --> 01:24:23,040

um i'll stop there and just take some

2168

01:24:27,920 --> 01:24:33,910

it's hard to navigate some of these

2169

01:24:36,950 --> 01:24:35,350

seem like me there are more republicans

2170

01:24:38,550 --> 01:24:36,960

moving ahead in support nope that's not

2171

01:24:39,990 --> 01:24:38,560

true it's not true that's what i just

2172

01:24:42,149 --> 01:24:40,000

read that's what dean is talking about

2173

01:24:45,030 --> 01:24:42,159

somebody said that mule and dean was

2174

01:24:46,629 --> 01:24:45,040

like nope it's democrat and republican

2175

01:24:50,070 --> 01:24:46,639

especially heinrich democrato i just

2176  
01:24:52,470 --> 01:24:50,080  
played the video it was very vocal um

2177  
01:24:54,790 --> 01:24:52,480  
so i don't know about if the democrats i

2178  
01:24:56,070 --> 01:24:54,800  
mentioned are progressive democrats i

2179  
01:24:57,110 --> 01:24:56,080  
don't know

2180  
01:24:58,550 --> 01:24:57,120  
um

2181  
01:25:00,790 --> 01:24:58,560  
and me personally

2182  
01:25:05,510 --> 01:25:00,800  
i think most people know i'm pretty far

2183  
01:25:09,270 --> 01:25:07,830  
omega is in the house

2184  
01:25:10,950 --> 01:25:09,280  
lazar let's see

2185  
01:25:12,550 --> 01:25:10,960  
lazar must be attacked and dismissed as

2186  
01:25:14,070 --> 01:25:12,560  
part of the managed narrative discussion

2187  
01:25:15,910 --> 01:25:14,080  
reset to acknowledge unidentified

2188  
01:25:17,669 --> 01:25:15,920

marital phenomena whilst deliberately

2189

01:25:19,189 --> 01:25:17,679

ignoring decades of reverse engineering

2190

01:25:20,629 --> 01:25:19,199

activity i don't know i don't know what

2191

01:25:21,010 --> 01:25:20,639

the story is

2192

01:25:22,550 --> 01:25:21,020

um

2193

01:25:24,229 --> 01:25:22,560

[Music]

2194

01:25:26,310 --> 01:25:24,239

you know

2195

01:25:27,510 --> 01:25:26,320

that's why i stayed 50 50 when i wrote

2196

01:25:29,750 --> 01:25:27,520

my

2197

01:25:32,550 --> 01:25:29,760

article about lazar but thanks to lazar

2198

01:25:34,629 --> 01:25:32,560

i made eric i met eric davis thanks to

2199

01:25:36,629 --> 01:25:34,639

lazar because we argued over the jeremy

2200

01:25:38,149 --> 01:25:36,639

corbell documentary and that's how i got

2201

01:25:41,030 --> 01:25:38,159

to know eric and

2202

01:25:43,350 --> 01:25:41,040

so we battled on facebook and then

2203

01:25:44,870 --> 01:25:43,360

became friends

2204

01:25:47,189 --> 01:25:44,880

the worst part about all that stuff in

2205

01:25:49,110 --> 01:25:47,199

dc is do functional with everything and

2206

01:25:51,189 --> 01:25:49,120

yeah i know it's it's not encouraging

2207

01:25:52,870 --> 01:25:51,199

that's why we need we need private

2208

01:25:55,510 --> 01:25:52,880

funding

2209

01:25:58,310 --> 01:25:55,520

damn it i thought joe voted for trump

2210

01:26:00,070 --> 01:25:58,320

common knowledge

2211

01:26:01,750 --> 01:26:00,080

i think most of my family voted for

2212

01:26:03,110 --> 01:26:01,760

trump i live in a part of long island

2213

01:26:04,790 --> 01:26:03,120

that's very

2214

01:26:07,110 --> 01:26:04,800

it's conservative but it's very big

2215

01:26:10,790 --> 01:26:07,120

trump trump country

2216

01:26:12,790 --> 01:26:10,800

so yeah see lazar got me to talk with

2217

01:26:16,310 --> 01:26:12,800

eric davis i became friends with eric

2218

01:26:18,390 --> 01:26:16,320

davis therefore lazar is good

2219

01:26:20,709 --> 01:26:18,400

and um when i was

2220

01:26:22,950 --> 01:26:20,719

leaning more towards lazar being true

2221

01:26:24,629 --> 01:26:22,960

the history being true eric was like i

2222

01:26:26,550 --> 01:26:24,639

just i talked about it with him on

2223

01:26:28,229 --> 01:26:26,560

facebook messenger and he's like

2224

01:26:31,189 --> 01:26:28,239

he didn't understand it but he didn't

2225

01:26:33,510 --> 01:26:31,199

block me or anything you know

2226

01:26:35,990 --> 01:26:33,520

eric has ndas

2227

01:26:37,910 --> 01:26:36,000

lou has ndas and gary nolan was on

2228

01:26:40,629 --> 01:26:37,920

twitter saying eric knows what he can

2229

01:26:44,709 --> 01:26:40,639

and can't talk about it he's very very

2230

01:26:48,950 --> 01:26:47,669

uh yeah if if somehow trump gets in 2024

2231

01:26:51,669 --> 01:26:48,960

and we get to the moon that will be his

2232

01:26:52,870 --> 01:26:51,679

slogan

2233

01:26:58,310 --> 01:26:52,880

all right

2234

01:27:01,270 --> 01:26:59,669

there are many controversies and

2235

01:27:02,950 --> 01:27:01,280

conflicting stories regarding past

2236

01:27:05,030 --> 01:27:02,960

involvement by the military intelligence

2237

01:27:06,790 --> 01:27:05,040

in other government organizations

2238

01:27:09,030 --> 01:27:06,800

related to ufo phenomena and within the

2239

01:27:10,709 --> 01:27:09,040

ufo research community perhaps some of

2240

01:27:13,350 --> 01:27:10,719

those matters will be clarified to some

2241

01:27:15,669 --> 01:27:13,360

degree in the next few years

2242

01:27:17,189 --> 01:27:15,679

it talks about the inspector general

2243

01:27:18,709 --> 01:27:17,199

evaluation

2244

01:27:20,629 --> 01:27:18,719

related to the dod and how they've

2245

01:27:23,110 --> 01:27:20,639

handled uap and

2246

01:27:26,070 --> 01:27:23,120

i will i will get my

2247

01:27:27,669 --> 01:27:26,080

danish ian 70 000 word i'm probably not

2248

01:27:29,590 --> 01:27:27,679

going to worry about adding audio to

2249

01:27:31,270 --> 01:27:29,600

audio to it it's just too much i can do

2250

01:27:32,629 --> 01:27:31,280

a video but i have to pick and choose

2251  
01:27:33,990 --> 01:27:32,639  
because seventy thousand words is so

2252  
01:27:35,510 --> 01:27:34,000  
ridiculous

2253  
01:27:37,510 --> 01:27:35,520  
um and i know we haven't heard from

2254  
01:27:38,390 --> 01:27:37,520  
sheen in a while i don't know what he's

2255  
01:27:40,070 --> 01:27:38,400  
up to

2256  
01:27:42,070 --> 01:27:40,080  
um some of the stuff he says in there i

2257  
01:27:43,510 --> 01:27:42,080  
disagree with but

2258  
01:27:45,270 --> 01:27:43,520  
then he talks about

2259  
01:27:47,510 --> 01:27:45,280  
things have not been little has been

2260  
01:27:49,110 --> 01:27:47,520  
publicly revealed about the evaluation

2261  
01:27:51,030 --> 01:27:49,120  
by the ig

2262  
01:27:52,870 --> 01:27:51,040  
some of it and i read you know some of

2263  
01:27:54,550 --> 01:27:52,880

it was obtained by john greenwald i read

2264

01:27:56,229 --> 01:27:54,560

it there's really not a lot of insight

2265

01:27:57,990 --> 01:27:56,239

there's not a lot of insight there and

2266

01:28:00,229 --> 01:27:58,000

he shows some of the stuff greenwald was

2267

01:28:01,830 --> 01:28:00,239

able to get with foia but there's it's

2268

01:28:03,510 --> 01:28:01,840

there's not much going on there we don't

2269

01:28:05,110 --> 01:28:03,520

know what they could how long it's gonna

2270

01:28:06,470 --> 01:28:05,120

take what they're gonna what they're

2271

01:28:08,950 --> 01:28:06,480

focusing on

2272

01:28:10,709 --> 01:28:08,960

um just best to forget about it for now

2273

01:28:12,950 --> 01:28:10,719

um and then hopefully one day they say

2274

01:28:15,189 --> 01:28:12,960

guess what we have we have a result and

2275

01:28:19,430 --> 01:28:15,199

hopefully we get to see what what their

2276

01:28:24,149 --> 01:28:21,590

and

2277

01:28:25,830 --> 01:28:24,159

what is 70 000 omega point did i just

2278

01:28:27,510 --> 01:28:25,840

say 70 000

2279

01:28:28,950 --> 01:28:27,520

the ambiguous utterances of the director

2280

01:28:31,110 --> 01:28:28,960

of national and let's here we go so he

2281

01:28:33,430 --> 01:28:31,120

talks about our little hanes and part

2282

01:28:36,110 --> 01:28:33,440

talking about extraterrestrial maybe

2283

01:28:39,189 --> 01:28:36,120

maybe it comes extraterrestrial

2284

01:28:41,110 --> 01:28:39,199

extraterrestrially and being um and i

2285

01:28:43,110 --> 01:28:41,120

tweeted about this and how i was like i

2286

01:28:45,590 --> 01:28:43,120

don't know how julian barnes the new

2287

01:28:47,229 --> 01:28:45,600

york times reporter came up with how

2288

01:28:50,870 --> 01:28:47,239

avril what she meant by

2289

01:28:52,229 --> 01:28:50,880

extraterrestrially and so dean

2290

01:28:53,750 --> 01:28:52,239

um

2291

01:28:56,950 --> 01:28:53,760

talked about that and he says on this

2292

01:28:58,950 --> 01:28:56,960

topic of life out there you know he asks

2293

01:29:00,550 --> 01:28:58,960

haynes about the report back in june

2294

01:29:03,030 --> 01:29:00,560

25th

2295

01:29:04,629 --> 01:29:03,040

bni report and she says i mean i think

2296

01:29:06,629 --> 01:29:04,639

the bottom line is we don't understand

2297

01:29:08,310 --> 01:29:06,639

everything we're seeing after outlining

2298

01:29:11,030 --> 01:29:08,320

several categories

2299

01:29:15,350 --> 01:29:11,040

of more or less prosaic possibility

2300

01:29:17,030 --> 01:29:15,360

possible causes for some uap incidents

2301  
01:29:18,790 --> 01:29:17,040  
and then the inputs including natural

2302  
01:29:19,990 --> 01:29:18,800  
phenomena in parentheses anyway sheen

2303  
01:29:21,510 --> 01:29:20,000  
concluded

2304  
01:29:23,350 --> 01:29:21,520  
but of course there's always the

2305  
01:29:25,990 --> 01:29:23,360  
question of is there something else that

2306  
01:29:28,550 --> 01:29:26,000  
we simply do not understand that might

2307  
01:29:30,550 --> 01:29:28,560  
come extraterrestrially

2308  
01:29:32,790 --> 01:29:30,560  
so then on the 24th

2309  
01:29:34,229 --> 01:29:32,800  
of november julian barnes with the new

2310  
01:29:36,830 --> 01:29:34,239  
york times who's wrote some written some

2311  
01:29:40,070 --> 01:29:36,840  
negative articles on

2312  
01:29:42,149 --> 01:29:40,080  
ufos he wrote about that and he says ms

2313  
01:29:44,229 --> 01:29:42,159

hayne's extraterrestrial remark was not

2314

01:29:46,629 --> 01:29:44,239

necessarily referring to space aliens

2315

01:29:48,870 --> 01:29:46,639

but rather more pedestrian explanations

2316

01:29:51,110 --> 01:29:48,880

such as meteors and solar flares that

2317

01:29:54,629 --> 01:29:51,120

could impact flight safety issues which

2318

01:29:56,070 --> 01:29:54,639

i thought was nonsense and omega pointed

2319

01:29:57,510 --> 01:29:56,080

out you know she's basically saying

2320

01:29:59,270 --> 01:29:57,520

there are certain things

2321

01:30:01,669 --> 01:29:59,280

you don't understand like really you

2322

01:30:03,590 --> 01:30:01,679

don't understand meteors or solar flares

2323

01:30:05,350 --> 01:30:03,600

so

2324

01:30:07,110 --> 01:30:05,360

well yeah there's no explanation of

2325

01:30:09,990 --> 01:30:07,120

where he came where julian barnes came

2326

01:30:11,990 --> 01:30:10,000

up with that he's interpreting um

2327

01:30:14,149 --> 01:30:12,000

haynes's remark and saying it's about

2328

01:30:15,510 --> 01:30:14,159

meteors and solar flares did you have a

2329

01:30:18,629 --> 01:30:15,520

source that told you that did you talk

2330

01:30:20,790 --> 01:30:18,639

to haynes nope doesn't explain it so

2331

01:30:23,590 --> 01:30:20,800

green says i have

2332

01:30:25,110 --> 01:30:23,600

twice queried the od and i national

2333

01:30:26,870 --> 01:30:25,120

director of national intelligence as to

2334

01:30:29,030 --> 01:30:26,880

whether the new york times was correct

2335

01:30:31,669 --> 01:30:29,040

to suggest that haines twice used the

2336

01:30:33,430 --> 01:30:31,679

term we don't understand to refer to

2337

01:30:37,189 --> 01:30:33,440

certain phenomena that she suggested

2338

01:30:42,310 --> 01:30:37,199

might have origin extraterrestrial she

2339

01:30:45,350 --> 01:30:43,590

the experts in the intelligence

2340

01:30:47,830 --> 01:30:45,360

community seeking to analyze certain

2341

01:30:49,110 --> 01:30:47,840

sensor data or images do not understand

2342

01:30:50,790 --> 01:30:49,120

basically what she meant is we don't

2343

01:30:52,790 --> 01:30:50,800

understand that there's they're seeing

2344

01:30:54,790 --> 01:30:52,800

meteors and solar flares

2345

01:30:56,870 --> 01:30:54,800

and so dean wrote to the director of

2346

01:30:59,830 --> 01:30:56,880

national intelligence to clarify that

2347

01:31:00,950 --> 01:30:59,840

twice received no reply he wrote to

2348

01:31:03,189 --> 01:31:00,960

barnes

2349

01:31:05,669 --> 01:31:03,199

and he said he says i have also asked mr

2350

01:31:07,910 --> 01:31:05,679

barnes if he had any authority for the

2351  
01:31:09,910 --> 01:31:07,920  
interpretive assertion as to what was in

2352  
01:31:12,550 --> 01:31:09,920  
director haynes's mind when she spoke of

2353  
01:31:14,629 --> 01:31:12,560  
extraterrestrial things not understood

2354  
01:31:16,470 --> 01:31:14,639  
julian barnes replied by email

2355  
01:31:18,629 --> 01:31:16,480  
the sentence explaining what director

2356  
01:31:21,270 --> 01:31:18,639  
haines meant was based on sound

2357  
01:31:22,390 --> 01:31:21,280  
reporting it accurately reflects to her

2358  
01:31:24,070 --> 01:31:22,400  
thinking

2359  
01:31:26,870 --> 01:31:24,080  
but he still doesn't explain how he got

2360  
01:31:29,270 --> 01:31:26,880  
that information no source no quote from

2361  
01:31:30,470 --> 01:31:29,280  
her no conversation with her so i just

2362  
01:31:32,709 --> 01:31:30,480  
don't trust him i'm sorry that's

2363  
01:31:34,550 --> 01:31:32,719

ridiculous how do you what's it sorry

2364

01:31:35,990 --> 01:31:34,560

it's like how dare you question my

2365

01:31:37,669 --> 01:31:36,000

reporting

2366

01:31:39,910 --> 01:31:37,679

and that is it

2367

01:31:41,590 --> 01:31:39,920

and then he puts the official oh so dean

2368

01:31:43,189 --> 01:31:41,600

actually put the official language too

2369

01:31:48,070 --> 01:31:43,199

so

2370

01:31:49,510 --> 01:31:48,080

i took out all the numbers which

2371

01:31:51,590 --> 01:31:49,520

probably didn't need to do because dean

2372

01:31:54,550 --> 01:31:51,600

already did this

2373

01:31:55,830 --> 01:31:54,560

anyway it's also on my blog

2374

01:31:58,790 --> 01:31:55,840

that's it

2375

01:32:00,310 --> 01:31:58,800

not a fan of sheen omega what's 70 000

2376

01:32:02,149 --> 01:32:00,320

did i say something about 70 000 i

2377

01:32:03,189 --> 01:32:02,159

already forgot about

2378

01:32:05,350 --> 01:32:03,199

um

2379

01:32:06,870 --> 01:32:05,360

not a fan of sheen and i am an old time

2380

01:32:08,470 --> 01:32:06,880

liberal um

2381

01:32:11,350 --> 01:32:08,480

yeah there are people are not fans of

2382

01:32:15,030 --> 01:32:13,189

i like

2383

01:32:17,750 --> 01:32:15,040

i don't know if it was worth doing 70

2384

01:32:18,629 --> 01:32:17,760

000 words of a danny sheehan transcript

2385

01:32:21,830 --> 01:32:18,639

but

2386

01:32:23,750 --> 01:32:21,840

um it's there i'll put it up

2387

01:32:26,950 --> 01:32:23,760

um it's a lot of it's repetitive it's

2388

01:32:28,629 --> 01:32:26,960

interviews lectures a lecture i attended

2389

01:32:31,270 --> 01:32:28,639

a little mini interview i did with him

2390

01:32:32,790 --> 01:32:31,280

at um

2391

01:32:35,350 --> 01:32:32,800

ufo

2392

01:32:40,629 --> 01:32:35,360

megacon in laughlin

2393

01:32:44,470 --> 01:32:43,110

folks new to my channel my

2394

01:32:47,350 --> 01:32:44,480

blog is

2395

01:32:49,910 --> 01:32:47,360

ufojoe.net

2396

01:32:52,709 --> 01:32:49,920

my twitter for people who dare to go on

2397

01:32:53,669 --> 01:32:52,719

twitter is at the ufo joe

2398

01:32:55,750 --> 01:32:53,679

um

2399

01:32:57,510 --> 01:32:55,760

paypal check out my twitter i do a lot

2400

01:33:01,189 --> 01:32:57,520

of twitter stuff

2401

01:33:03,270 --> 01:33:01,199

in the blog i put up four transcripts of

2402

01:33:04,870 --> 01:33:03,280

kelleher knapp lakatsky combination of

2403

01:33:05,750 --> 01:33:04,880

those three

2404

01:33:07,030 --> 01:33:05,760

and

2405

01:33:08,390 --> 01:33:07,040

i haven't i think i'm gonna do instead

2406

01:33:11,189 --> 01:33:08,400

of i'm gonna do more

2407

01:33:12,709 --> 01:33:11,199

notes and cliff notes and some quotes

2408

01:33:14,709 --> 01:33:12,719

sometimes somebody does a quote it's too

2409

01:33:16,070 --> 01:33:14,719

good for me to just paraphrase

2410

01:33:20,790 --> 01:33:16,080

paraphrase so

2411

01:33:24,470 --> 01:33:23,030

the power cast which was nothing i'm not

2412

01:33:26,390 --> 01:33:24,480

a lot new but there was something new i

2413

01:33:28,470 --> 01:33:26,400

wanted i want to definitely paraphrase

2414

01:33:31,590 --> 01:33:28,480

paraphrase some of it and then also

2415

01:33:34,470 --> 01:33:31,600

quote um so

2416

01:33:36,790 --> 01:33:34,480

that is my live stream

2417

01:33:38,410 --> 01:33:36,800

you guys stayed here

2418

01:33:40,470 --> 01:33:38,420

i appreciate that um

2419

01:33:42,149 --> 01:33:40,480

[Music]

2420

01:33:43,990 --> 01:33:42,159

and

2421

01:33:45,669 --> 01:33:44,000

let's see

2422

01:33:47,750 --> 01:33:45,679

do you plan on doing any future zoom

2423

01:33:49,110 --> 01:33:47,760

calls i suspect any new ones will be

2424

01:33:51,750 --> 01:33:49,120

without

2425

01:33:54,229 --> 01:33:51,760

sorry i don't know what do you mean

2426

01:33:56,870 --> 01:33:54,239

explain you mean zoom's like being a

2427

01:34:00,950 --> 01:33:56,880

being a guest on a show

2428

01:34:03,510 --> 01:34:00,960

no marco i have not but i actually

2429

01:34:05,350 --> 01:34:03,520

i have but not really officially with a

2430

01:34:08,550 --> 01:34:05,360

date so i need to give him a date and

2431

01:34:10,070 --> 01:34:08,560

see if he says yes um

2432

01:34:11,590 --> 01:34:10,080

so yes

2433

01:34:14,390 --> 01:34:11,600

kind of

2434

01:34:18,790 --> 01:34:16,629

you mean dave scott having me on his

2435

01:34:21,270 --> 01:34:18,800

show he if that's what you're asking

2436

01:34:23,110 --> 01:34:21,280

um he hasn't invited me on his show in a

2437

01:34:24,709 --> 01:34:23,120

really long time so

2438

01:34:27,590 --> 01:34:24,719

if that's what you're asking i probably

2439

01:34:29,189 --> 01:34:27,600

will not be on his show

2440

01:34:30,550 --> 01:34:29,199

i've done some smaller shows which i

2441

01:34:32,709 --> 01:34:30,560

need to link to

2442

01:34:33,990 --> 01:34:32,719

i did a show i forget the name of the

2443

01:34:35,510 --> 01:34:34,000

show i did it last week and then i have

2444

01:34:37,270 --> 01:34:35,520

to do another show yeah

2445

01:34:39,830 --> 01:34:37,280

dave hasn't asked me to be on a show in

2446

01:34:41,510 --> 01:34:39,840

a very long time so i don't know why but

2447

01:34:43,189 --> 01:34:41,520

it's like

2448

01:34:44,950 --> 01:34:43,199

you know i'm trying to keep up with

2449

01:34:46,390 --> 01:34:44,960

everything and i'm not doing a great job

2450

01:34:48,070 --> 01:34:46,400

so it's my own stuff i'm trying to get

2451  
01:34:50,470 --> 01:34:48,080  
through so it's hard to keep up and then

2452  
01:34:51,910 --> 01:34:50,480  
also do interviews and i do get requests

2453  
01:34:54,470 --> 01:34:51,920  
and some people have not responded to i

2454  
01:34:56,629 --> 01:34:54,480  
get a lot of requests and dms are backed

2455  
01:34:59,350 --> 01:34:56,639  
up so

2456  
01:35:01,109 --> 01:34:59,360  
i do owe somebody one of my patrons um

2457  
01:35:04,790 --> 01:35:01,119  
an interview which i need to do

2458  
01:35:06,790 --> 01:35:04,800  
the interview i did recently was

2459  
01:35:09,270 --> 01:35:06,800  
actually i could link to it here it was

2460  
01:35:11,750 --> 01:35:09,280  
some of it was personal stuff

2461  
01:35:13,270 --> 01:35:11,760  
it was my job and that's what we started

2462  
01:35:15,750 --> 01:35:13,280  
off talking about it was a little

2463  
01:35:18,790 --> 01:35:15,760

different than my normal interviews

2464

01:35:21,590 --> 01:35:18,800  
and it's on spotify which i really

2465

01:35:23,030 --> 01:35:21,600  
do not like it's the worst thing

2466

01:35:26,149 --> 01:35:23,040  
um

2467

01:35:28,070 --> 01:35:26,159  
but jeff kingsbury

2468

01:35:30,070 --> 01:35:28,080  
did an interview with me and i'll just

2469

01:35:31,590 --> 01:35:30,080  
link to it in the comments i'll i need

2470

01:35:35,910 --> 01:35:31,600  
to put it on twitter

2471

01:35:40,709 --> 01:35:38,070  
yeah time is limited i mean i can do

2472

01:35:43,270 --> 01:35:40,719  
better with my time management as always

2473

01:35:44,870 --> 01:35:43,280  
but anyway so that's the link

2474

01:35:46,390 --> 01:35:44,880  
i don't know if that'll even work what

2475

01:35:49,030 --> 01:35:46,400  
kind of link is that all right guys i'm

2476

01:35:50,550 --> 01:35:49,040

gonna go uh thanks for being here

2477

01:35:51,850 --> 01:35:50,560

thanks for the questions thanks for

2478

01:35:53,750 --> 01:35:51,860

listening um

2479

01:35:55,990 --> 01:35:53,760

[Music]

2480

01:35:57,910 --> 01:35:56,000

trying to think interviews coming up in

2481

01:35:58,870 --> 01:35:57,920

the next couple of months before that i

2482

01:36:01,189 --> 01:35:58,880

just got to figure out who the heck i

2483

01:36:02,149 --> 01:36:01,199

want to interview um

2484

01:36:04,070 --> 01:36:02,159

and

2485

01:36:06,390 --> 01:36:04,080

as always on twitter

2486

01:36:08,950 --> 01:36:06,400

i will see you guys next time and if

2487

01:36:10,470 --> 01:36:08,960

you're not on twitter i'll see you here

2488

01:36:14,229 --> 01:36:10,480

thanks for listening
