

1
00:01:05,910 --> 00:01:04,549
welcome to christmas eve in may

2
00:01:09,109 --> 00:01:05,920
public

3
00:01:10,870 --> 00:01:09,119
congressional hearings on ufos

4
00:01:15,350 --> 00:01:10,880
tomorrow

5
00:01:18,230 --> 00:01:15,360
6 a.m pacific for me

6
00:01:20,390 --> 00:01:18,240
and uh it's been

7
00:01:22,789 --> 00:01:20,400
the late 60s the end of project blue

8
00:01:23,910 --> 00:01:22,799
book where we had when we had hearings

9
00:01:27,910 --> 00:01:23,920
and

10
00:01:30,230 --> 00:01:27,920
i'm excited although

11
00:01:32,149 --> 00:01:30,240
as i've said to everybody i have

12
00:01:33,990 --> 00:01:32,159
no expectations i have no inside

13
00:01:35,910 --> 00:01:34,000

information as of now

14

00:01:38,550 --> 00:01:35,920

what to expect

15

00:01:40,630 --> 00:01:38,560

i just wanted to do this short video

16

00:01:42,469 --> 00:01:40,640

on an article that brian bender from

17

00:01:46,710 --> 00:01:42,479

politico put out

18

00:01:52,870 --> 00:01:50,710

it's just me in ufo jesus and

19

00:01:54,870 --> 00:01:52,880

there was somebody else here ryan i

20

00:01:57,190 --> 00:01:54,880

don't know where they went but that's

21

00:01:58,389 --> 00:01:57,200

fine i'm in my bedroom not my normal

22

00:02:00,870 --> 00:01:58,399

place

23

00:02:02,550 --> 00:02:00,880

and um let me pull up bender's article

24

00:02:06,389 --> 00:02:02,560

i'm actually going to pull up an article

25

00:02:08,150 --> 00:02:06,399

that bender wrote in early may

26

00:02:11,750 --> 00:02:08,160

which was i'm not going to read all of

27

00:02:15,430 --> 00:02:11,760

it just one part of that article

28

00:02:15,440 --> 00:02:19,990

let's see here we go

29

00:02:26,070 --> 00:02:23,910

so this was may 2nd and

30

00:02:28,150 --> 00:02:26,080

bender wrote that

31

00:02:30,150 --> 00:02:28,160

others said that while officials are

32

00:02:31,750 --> 00:02:30,160

doing a better job of collecting reports

33

00:02:33,750 --> 00:02:31,760

of uaps

34

00:02:35,990 --> 00:02:33,760

they are still reluctant to dedicate

35

00:02:38,710 --> 00:02:36,000

more intelligence assets to determine

36

00:02:41,509 --> 00:02:38,720

whether some of the reported craft

37

00:02:42,589 --> 00:02:41,519

might belong to a foreign nation or if

38

00:02:45,110 --> 00:02:42,599

they are

39

00:02:48,070 --> 00:02:45,120
extraterrestrial in nature

40

00:02:50,949 --> 00:02:48,080
and you know seeing that in politico is

41

00:02:52,869 --> 00:02:50,959
is a big deal to me because they're so

42

00:02:55,670 --> 00:02:52,879
hesitant to use that word so that was

43

00:02:58,070 --> 00:02:55,680
nice to see that was may 2nd

44

00:03:00,070 --> 00:02:58,080
and it continues he has a quote

45

00:03:02,149 --> 00:03:00,080
i have seen everything we have in the

46

00:03:04,390 --> 00:03:02,159
files and i am very confident they are

47

00:03:06,869 --> 00:03:04,400
not ours said a former senior

48

00:03:09,430 --> 00:03:06,879
intelligence official who had who had

49

00:03:12,550 --> 00:03:09,440
authority over the ufo portfolio

50

00:03:15,110 --> 00:03:12,560
referring to classified us aircraft

51
00:03:17,750 --> 00:03:15,120
programs i would is that elizondo i

52
00:03:19,830 --> 00:03:17,760
don't i don't i don't think so i think

53
00:03:21,350 --> 00:03:19,840
this this article lewis

54
00:03:23,430 --> 00:03:21,360
lewis quoted later that was the

55
00:03:26,070 --> 00:03:23,440
controversial that the controversy

56
00:03:28,949 --> 00:03:26,080
somebody was accusing bender of using

57
00:03:32,390 --> 00:03:28,959
lou in that quote and lewis quoted later

58
00:03:33,830 --> 00:03:32,400
on in that article it was not lou

59
00:03:35,670 --> 00:03:33,840
uh i'm not going to read the rest of

60
00:03:37,270 --> 00:03:35,680
that i want to get back i want to start

61
00:03:41,270 --> 00:03:37,280
his article

62
00:03:44,229 --> 00:03:41,280
bender's article from today which is

63
00:03:46,070 --> 00:03:44,239

starts off great and then

64

00:03:47,750 --> 00:03:46,080

and i did this on twitter earlier i read

65

00:03:51,030 --> 00:03:47,760

the whole thing and it got it didn't get

66

00:03:55,830 --> 00:03:53,670

let me upload that article

67

00:03:58,309 --> 00:03:55,840

one second

68

00:03:58,319 --> 00:04:02,789

i will read it and comment

69

00:04:08,229 --> 00:04:05,030

so it starts off

70

00:04:10,550 --> 00:04:08,239

the headline is a skull and bones type

71

00:04:12,789 --> 00:04:10,560

a skull and bones type vibe

72

00:04:16,310 --> 00:04:12,799

spy agencies grapple

73

00:04:19,189 --> 00:04:16,320

with how much to share at ufo hearing

74

00:04:20,949 --> 00:04:19,199

congress may need to create incentives

75

00:04:24,790 --> 00:04:20,959

incentives to get national security

76

00:04:29,189 --> 00:04:27,590

it's brian bender today

77

00:04:33,830 --> 00:04:29,199

may 16th

78

00:04:39,430 --> 00:04:36,629

not my normal spot so

79

00:04:40,790 --> 00:04:39,440

which is taken right now it's a big big

80

00:04:42,550 --> 00:04:40,800

ufo

81

00:04:44,950 --> 00:04:42,560

open congressional hearing party

82

00:04:46,870 --> 00:04:44,960

downstairs that i am not going to

83

00:04:49,270 --> 00:04:46,880

i'm kidding there's no party

84

00:04:51,510 --> 00:04:49,280

so bender

85

00:04:53,990 --> 00:04:51,520

as congress prepares to hold the first

86

00:04:56,390 --> 00:04:54,000

public hearing on ufos

87

00:04:58,950 --> 00:04:56,400

in half a century

88

00:05:01,029 --> 00:04:58,960

it was right after project blue book

89

00:05:02,710 --> 00:05:01,039

ended i don't have the exact date i was

90

00:05:05,110 --> 00:05:02,720

trying to find it but

91

00:05:06,790 --> 00:05:05,120

it's getting late and

92

00:05:08,469 --> 00:05:06,800

i have to be up early for the hearing so

93

00:05:11,189 --> 00:05:08,479

i'm just going to go

94

00:05:13,510 --> 00:05:11,199

late 60s 1970 when project blue book

95

00:05:14,950 --> 00:05:13,520

ended and it ended in 1969 and then

96

00:05:17,510 --> 00:05:14,960

condon

97

00:05:19,909 --> 00:05:17,520

the condor report i believe came out

98

00:05:21,670 --> 00:05:19,919

right around that time or right after

99

00:05:22,870 --> 00:05:21,680

right before because they recommended it

100

00:05:24,469 --> 00:05:22,880

closed down

101
00:05:26,390 --> 00:05:24,479
as congress prepares to hold the first

102
00:05:28,950 --> 00:05:26,400
public hearing on ufos in half a century

103
00:05:31,830 --> 00:05:28,960
the pentagon and intelligence agencies

104
00:05:33,670 --> 00:05:31,840
are feuding internally over how much to

105
00:05:35,990 --> 00:05:33,680
cooperate

106
00:05:38,390 --> 00:05:36,000
with demands to investigate and share

107
00:05:41,110 --> 00:05:38,400
what they know according to current and

108
00:05:43,430 --> 00:05:41,120
former national security officials

109
00:05:45,110 --> 00:05:43,440
lou has been who else louisando has been

110
00:05:47,670 --> 00:05:45,120
telling us for a while now that there

111
00:05:48,629 --> 00:05:47,680
are competing factions and some of the

112
00:05:50,310 --> 00:05:48,639
folks

113
00:05:53,670 --> 00:05:50,320

want this information out and some of

114

00:05:56,230 --> 00:05:53,680

them do not so bender's reporting

115

00:05:58,710 --> 00:05:56,240

goes along those lines and

116

00:06:00,710 --> 00:05:58,720

for me it confirms yes that that that is

117

00:06:02,230 --> 00:06:00,720

the case which is really not

118

00:06:05,270 --> 00:06:02,240

not really surprising that there are

119

00:06:07,590 --> 00:06:05,280

folks in the pentagon that are pushing

120

00:06:13,110 --> 00:06:07,600

to get this information out and

121

00:06:16,150 --> 00:06:14,230

they're become they're they're

122

00:06:17,990 --> 00:06:16,160

outnumbering the folks who do not want

123

00:06:18,870 --> 00:06:18,000

to want this to come out but from what i

124

00:06:20,309 --> 00:06:18,880

know

125

00:06:21,670 --> 00:06:20,319

from what i've read from what i've heard

126

00:06:24,309 --> 00:06:21,680

the folks who do not want this to come

127

00:06:26,309 --> 00:06:24,319

out are very powerful

128

00:06:28,469 --> 00:06:26,319

so even if they're smaller in number

129

00:06:31,590 --> 00:06:28,479

they smaller in number they still may

130

00:06:37,909 --> 00:06:35,430

pentagon officials are under increasing

131

00:06:40,309 --> 00:06:37,919

pressure to carry out

132

00:06:42,309 --> 00:06:40,319

congress's recent mandate to establish a

133

00:06:44,710 --> 00:06:42,319

permanent effort to coordinate research

134

00:06:47,270 --> 00:06:44,720

into reports of highly advanced aircraft

135

00:06:49,830 --> 00:06:47,280

of unknown origin intruding into

136

00:06:52,469 --> 00:06:49,840

protected airspace

137

00:06:53,909 --> 00:06:52,479

the law also requires regular classified

138

00:06:56,629 --> 00:06:53,919

and public reports to oversight

139

00:06:59,029 --> 00:06:56,639

committees on new incidents involving

140

00:07:01,670 --> 00:06:59,039

unidentified aerial aerial phenomena

141

00:07:03,990 --> 00:07:01,680

including previous information

142

00:07:08,309 --> 00:07:04,000

or investigations that are uncovered in

143

00:07:11,029 --> 00:07:08,319

government repositories or testimony

144

00:07:16,150 --> 00:07:11,039

let me just put up my banner that i my

145

00:07:19,510 --> 00:07:17,830

so including previous information or

146

00:07:21,670 --> 00:07:19,520

investigations that are uncovered in

147

00:07:22,790 --> 00:07:21,680

government repositories or testimony so

148

00:07:24,230 --> 00:07:22,800

that's that's

149

00:07:26,390 --> 00:07:24,240

for me that's going back you know we're

150

00:07:28,150 --> 00:07:26,400

going back hopefully to roswell and i

151

00:07:30,870 --> 00:07:28,160

know brian bender thinks roswell is

152

00:07:33,749 --> 00:07:30,880

fantasy and he thinks the wilson davis

153

00:07:36,070 --> 00:07:33,759

documents that you know document

154

00:07:38,870 --> 00:07:36,080

a meeting between davis dr eric davis

155

00:07:40,870 --> 00:07:38,880

and admiral thomas wilson in 2002

156

00:07:43,029 --> 00:07:40,880

where wilson told davis he was shot out

157

00:07:44,390 --> 00:07:43,039

of a special access program that was

158

00:07:46,550 --> 00:07:44,400

dealing with

159

00:07:50,309 --> 00:07:46,560

allegedly reverse engineering

160

00:07:51,270 --> 00:07:50,319

um a craft of unknown origin

161

00:07:52,710 --> 00:07:51,280

uh

162

00:07:54,629 --> 00:07:52,720

bender just

163

00:07:57,270 --> 00:07:54,639

last i've i've read which was a week ago

164

00:07:59,110 --> 00:07:57,280

he still poo poos all of that

165

00:08:01,350 --> 00:07:59,120

so but this is talking about previous

166

00:08:03,589 --> 00:08:01,360

investigations and that would fit right

167

00:08:06,710 --> 00:08:03,599

into that i don't think it's just ufo

168

00:08:08,950 --> 00:08:06,720

videos but that it's all together can i

169

00:08:11,270 --> 00:08:08,960

prove its crash retrievals no

170

00:08:13,270 --> 00:08:11,280

so that's interesting you know

171

00:08:15,510 --> 00:08:13,280

we've known they wanted to go back but

172

00:08:18,309 --> 00:08:15,520

you know they're talking about recent in

173

00:08:20,070 --> 00:08:18,319

the in the preliminary report

174

00:08:21,830 --> 00:08:20,080

preliminary assessment

175

00:08:23,990 --> 00:08:21,840

you know went back to 2004 but this

176

00:08:26,950 --> 00:08:24,000

would go back further

177

00:08:28,390 --> 00:08:26,960

in theory if we can get that

178

00:08:29,830 --> 00:08:28,400

i was pretty excited when i first read

179

00:08:31,670 --> 00:08:29,840

this on on

180

00:08:33,670 --> 00:08:31,680

on twitter earlier and my audio didn't

181

00:08:35,350 --> 00:08:33,680

upload so i'm like okay

182

00:08:36,870 --> 00:08:35,360

you know talking about competing

183

00:08:38,630 --> 00:08:36,880

factions the fact that they're talking

184

00:08:39,990 --> 00:08:38,640

about that tells me yes there are people

185

00:08:41,589 --> 00:08:40,000

who want this information out so

186

00:08:46,630 --> 00:08:41,599

eventually

187

00:08:48,790 --> 00:08:46,640

will win out whether it happens

188

00:08:50,790 --> 00:08:48,800

in my lifetime

189

00:08:53,110 --> 00:08:50,800

i don't know i i do think we're going to

190

00:08:55,350 --> 00:08:53,120

see major progress in the next few years

191

00:08:56,710 --> 00:08:55,360

tomorrow i don't know i'm not predicting

192

00:08:58,150 --> 00:08:56,720

anything for tomorrow because i don't

193

00:09:00,470 --> 00:08:58,160

know

194

00:09:02,150 --> 00:09:00,480

bender continues but there is a tug of

195

00:09:04,389 --> 00:09:02,160

war among

196

00:09:06,870 --> 00:09:04,399

competing factions

197

00:09:08,630 --> 00:09:06,880

inside the national security bureaucracy

198

00:09:11,430 --> 00:09:08,640

that will make it difficult for congress

199

00:09:13,509 --> 00:09:11,440

to compel military branches spy agencies

200

00:09:15,750 --> 00:09:13,519

national laboratories and other

201
00:09:18,389 --> 00:09:15,760
organizations to come clean given the

202
00:09:20,310 --> 00:09:18,399
long-standing secrecy and stigma

203
00:09:22,949 --> 00:09:20,320
surrounding the issue

204
00:09:25,670 --> 00:09:22,959
that's not good

205
00:09:27,990 --> 00:09:25,680
quote without forcing people's hand it

206
00:09:30,389 --> 00:09:28,000
is going to be very difficult to uncover

207
00:09:32,949 --> 00:09:30,399
legacy ventures and programs that we

208
00:09:35,110 --> 00:09:32,959
know about based on oral interviews we

209
00:09:36,710 --> 00:09:35,120
dug up said a defense department

210
00:09:39,110 --> 00:09:36,720
official who was involved in a new

211
00:09:40,310 --> 00:09:39,120
effort but was not authorized to speak

212
00:09:42,310 --> 00:09:40,320
publicly

213
00:09:44,949 --> 00:09:42,320

quote there has to be a forcing

214

00:09:47,670 --> 00:09:44,959

mechanism there has to be a forcing

215

00:09:49,509 --> 00:09:47,680

mechanism so he's talking about you know

216

00:09:52,150 --> 00:09:49,519

people they've interviewed and talking

217

00:09:54,470 --> 00:09:52,160

about legacy programs that legacy

218

00:09:56,550 --> 00:09:54,480

ventures and programs to me that's

219

00:09:57,590 --> 00:09:56,560

that is crash retrieval among those

220

00:09:59,590 --> 00:09:57,600

programs you would have the crash

221

00:10:01,350 --> 00:09:59,600

retrieval program eric davis explained

222

00:10:03,590 --> 00:10:01,360

which i have in my wilson davis mega

223

00:10:05,670 --> 00:10:03,600

blog he explained how those

224

00:10:07,670 --> 00:10:05,680

those folks in those programs will share

225

00:10:09,590 --> 00:10:07,680

information up until a point of what

226
00:10:11,430 --> 00:10:09,600
they're dealing with in their programs

227
00:10:13,190 --> 00:10:11,440
if they meet somebody else

228
00:10:15,030 --> 00:10:13,200
who has a clearance for their own

229
00:10:17,269 --> 00:10:15,040
separate program related to ufos they

230
00:10:19,110 --> 00:10:17,279
won't tell them everything about their

231
00:10:21,269 --> 00:10:19,120
ufo program but they'll tell them some

232
00:10:23,030 --> 00:10:21,279
and that's how the information gets gets

233
00:10:24,710 --> 00:10:23,040
out those folks are not a lot of the

234
00:10:26,230 --> 00:10:24,720
most of those folks are not

235
00:10:27,670 --> 00:10:26,240
evil folks who want to keep this

236
00:10:29,910 --> 00:10:27,680
information from us but you know the

237
00:10:31,509 --> 00:10:29,920
system is set up the way it is so so

238
00:10:32,389 --> 00:10:31,519

they do what they can to share it with

239

00:10:35,269 --> 00:10:32,399

other folks

240

00:10:38,470 --> 00:10:35,279

who have a top secret sei clearance

241

00:10:40,310 --> 00:10:38,480

and they're read into other ufo programs

242

00:10:41,509 --> 00:10:40,320

so yeah it's it's just talk amongst

243

00:10:43,509 --> 00:10:41,519

themselves

244

00:10:45,829 --> 00:10:43,519

and eric davis has shared that

245

00:10:47,269 --> 00:10:45,839

information with us and people call him

246

00:10:48,470 --> 00:10:47,279

a liar and a artist and

247

00:10:51,030 --> 00:10:48,480

meanwhile

248

00:10:56,550 --> 00:10:51,040

yeah i just said bs so i'll probably get

249

00:11:03,430 --> 00:10:59,269

the guy has put out more information and

250

00:11:04,389 --> 00:11:03,440

about those programs and anybody so

251
00:11:07,590 --> 00:11:04,399
you would think people would be

252
00:11:09,670 --> 00:11:07,600
appreciative appreciative but

253
00:11:12,310 --> 00:11:09,680
for some reason a lot of people

254
00:11:13,269 --> 00:11:12,320
do not believe him

255
00:11:15,750 --> 00:11:13,279
so

256
00:11:17,670 --> 00:11:15,760
bender continues

257
00:11:19,190 --> 00:11:17,680
and as i said i had a

258
00:11:21,190 --> 00:11:19,200
i don't have the graphic here but he was

259
00:11:22,790 --> 00:11:21,200
in eric davis somebody told me of source

260
00:11:25,350 --> 00:11:22,800
eric davis was in charge of the crash

261
00:11:27,350 --> 00:11:25,360
retrieval portfolio so

262
00:11:29,750 --> 00:11:27,360
and he was on congress he was on capitol

263
00:11:31,350 --> 00:11:29,760

hill which chris mellon confirmed on cnn

264

00:11:33,670 --> 00:11:31,360

with

265

00:11:36,470 --> 00:11:33,680

i forget the name of the host um

266

00:11:38,790 --> 00:11:36,480

schmerkanis michael schmerkanisch and

267

00:11:39,590 --> 00:11:38,800

confirmed related to ufos and crashes

268

00:11:42,389 --> 00:11:39,600

that

269

00:11:43,829 --> 00:11:42,399

davis briefed congress

270

00:11:45,269 --> 00:11:43,839

and told them where to look this is

271

00:11:46,949 --> 00:11:45,279

where you need to look gave them enough

272

00:11:49,269 --> 00:11:46,959

information so

273

00:11:50,629 --> 00:11:49,279

that in that language related to crash

274

00:11:53,350 --> 00:11:50,639

retrievals made it into the national

275

00:11:56,310 --> 00:11:53,360

defense authorization act the gillibrand

276

00:11:58,389 --> 00:11:56,320

rubio gallego language

277

00:12:00,310 --> 00:11:58,399

so bender continues there has to be

278

00:12:01,670 --> 00:12:00,320

something to quote he's quoting that

279

00:12:04,150 --> 00:12:01,680

same person

280

00:12:06,790 --> 00:12:04,160

there has to be who was a

281

00:12:08,629 --> 00:12:06,800

defense department official

282

00:12:10,550 --> 00:12:08,639

it has to be something to hold people

283

00:12:13,350 --> 00:12:10,560

accountable but also give them a chance

284

00:12:16,230 --> 00:12:13,360

to come out clean for a period of time

285

00:12:17,829 --> 00:12:16,240

sounds like amnesty the official added

286

00:12:19,430 --> 00:12:17,839

noting that in his experience the

287

00:12:21,269 --> 00:12:19,440

pentagon oversight group has been

288

00:12:22,389 --> 00:12:21,279

stonewalled

289

00:12:25,030 --> 00:12:22,399

and when you start talking about

290

00:12:26,710 --> 00:12:25,040

oversight and lack of oversight it'll

291

00:12:28,550 --> 00:12:26,720

immediately ring

292

00:12:30,470 --> 00:12:28,560

an alarm bell for anybody who's read the

293

00:12:31,430 --> 00:12:30,480

wilson documents where admiral wilson

294

00:12:32,310 --> 00:12:31,440

says

295

00:12:35,190 --> 00:12:32,320

this

296

00:12:37,190 --> 00:12:35,200

alleged crash retrieval special access

297

00:12:39,269 --> 00:12:37,200

program was operating without oversight

298

00:12:41,829 --> 00:12:39,279

which is a dangerous place to be

299

00:12:43,910 --> 00:12:41,839

politically politically it's a dangerous

300

00:12:45,590 --> 00:12:43,920

place to be politically and so you know

301
00:12:47,110 --> 00:12:45,600
he said that in

302
00:12:48,470 --> 00:12:47,120
in the notes and

303
00:12:50,069 --> 00:12:48,480
yeah i mean

304
00:12:51,590 --> 00:12:50,079
congress finds out that there are

305
00:12:53,590 --> 00:12:51,600
programs they have no oversight on

306
00:12:55,590 --> 00:12:53,600
they'll get frustrated but the

307
00:12:57,110 --> 00:12:55,600
problem is how do you get access that's

308
00:12:58,069 --> 00:12:57,120
always been the problem

309
00:13:00,629 --> 00:12:58,079
i mean

310
00:13:02,310 --> 00:13:00,639
i called into a show in 2000 talking to

311
00:13:04,829 --> 00:13:02,320
will miller who was part of the wilson

312
00:13:07,750 --> 00:13:04,839
davis documents i was asking that

313
00:13:09,110 --> 00:13:07,760

question 22 years ago will how do we get

314

00:13:11,509 --> 00:13:09,120

access to these programs if they're

315

00:13:13,190 --> 00:13:11,519

operating potentially illegally without

316

00:13:15,509 --> 00:13:13,200

oversight and he's like contact your

317

00:13:17,269 --> 00:13:15,519

attorney general joe which that's

318

00:13:19,030 --> 00:13:17,279

obviously we have to go a lot further

319

00:13:20,870 --> 00:13:19,040

than that

320

00:13:22,470 --> 00:13:20,880

the official said there are people with

321

00:13:28,550 --> 00:13:22,480

knowledge of the phenomena who have yet

322

00:13:32,389 --> 00:13:30,389

who are those people are those of people

323

00:13:35,030 --> 00:13:32,399

in these programs

324

00:13:38,230 --> 00:13:35,040

you know who are they

325

00:13:42,470 --> 00:13:40,870

lots of ads

326

00:13:44,310 --> 00:13:42,480

well these people exist and they are

327

00:13:45,910 --> 00:13:44,320

protecting very

328

00:13:47,590 --> 00:13:45,920

very interesting information the

329

00:13:49,430 --> 00:13:47,600

official said i mean i could speculate

330

00:13:50,629 --> 00:13:49,440

once again it could be crash retrievals

331

00:13:53,269 --> 00:13:50,639

or it could be

332

00:13:54,470 --> 00:13:53,279

amazing videos from the 50s 60s 70s and

333

00:13:56,629 --> 00:13:54,480

on i mean

334

00:13:59,590 --> 00:13:56,639

we don't know what the information is i

335

00:14:01,509 --> 00:13:59,600

mean videos are great

336

00:14:03,350 --> 00:14:01,519

intact craft

337

00:14:05,590 --> 00:14:03,360

from you know

338

00:14:07,430 --> 00:14:05,600

an unknown origin that's that's the

339

00:14:10,150 --> 00:14:07,440

money not the mighty python that's the

340

00:14:12,389 --> 00:14:10,160

holy grail of what we want to see

341

00:14:14,069 --> 00:14:12,399

and bodies would end the it would the

342

00:14:17,670 --> 00:14:14,079

bodies would end the debate that it

343

00:14:20,069 --> 00:14:17,680

wasn't our technology

344

00:14:22,710 --> 00:14:20,079

the public hearing first to be held by a

345

00:14:23,990 --> 00:14:22,720

congressional committee since 1966 okay

346

00:14:26,870 --> 00:14:24,000

there you go

347

00:14:29,430 --> 00:14:26,880

1966 was the last public hearing on ufos

348

00:14:32,550 --> 00:14:29,440

congressional congressional committee

349

00:14:36,069 --> 00:14:33,910

it's scheduled for tuesday tomorrow

350

00:14:37,790 --> 00:14:36,079

morning the house intelligence counter

351

00:14:40,550 --> 00:14:37,800

terrorism counterintelligence and

352

00:14:42,790 --> 00:14:40,560

counterproliferation subcommittee

353

00:14:44,710 --> 00:14:42,800

andre carson says it will give the

354

00:14:46,150 --> 00:14:44,720

american people an opportunity to learn

355

00:14:48,870 --> 00:14:46,160

what there is to know about these

356

00:14:51,990 --> 00:14:48,880

incidents the panel's chair andre carson

357

00:14:54,870 --> 00:14:52,000

said in announcing the hearing last week

358

00:14:57,670 --> 00:14:54,880

set to testify are ronald multry the

359

00:15:00,150 --> 00:14:57,680

pentagon's top intelligence official and

360

00:15:02,550 --> 00:15:00,160

scott bray the deputy director of

361

00:15:04,470 --> 00:15:02,560

naval intelligence which has played a

362

00:15:06,629 --> 00:15:04,480

prominent role in investigating reports

363

00:15:09,269 --> 00:15:06,639

of drone swarms

364

00:15:12,470 --> 00:15:09,279

and that's in quotes dogging navy pilots

365

00:15:15,110 --> 00:15:12,480

flying from aircraft carriers

366

00:15:17,110 --> 00:15:15,120

and moultrie if you read some of the

367

00:15:19,189 --> 00:15:17,120

freedom of information act that john

368

00:15:21,430 --> 00:15:19,199

greenwald pulled up

369

00:15:22,870 --> 00:15:21,440

he was responsible

370

00:15:24,550 --> 00:15:22,880

for

371

00:15:25,590 --> 00:15:24,560

the i'll read greenwall greenwall's

372

00:15:27,110 --> 00:15:25,600

queen

373

00:15:29,030 --> 00:15:27,120

tweet

374

00:15:31,350 --> 00:15:29,040

was next week one of the two individuals

375

00:15:33,590 --> 00:15:31,360

testifying at the house hearing on uap

376

00:15:36,069 --> 00:15:33,600

ufos will be scott bray

377

00:15:37,829 --> 00:15:36,079

so not moultrie it's bray

378

00:15:39,910 --> 00:15:37,839

he's yeah bray is the director of

379

00:15:42,389 --> 00:15:39,920

national intelligence naval intelligence

380

00:15:44,710 --> 00:15:42,399

activity he was the one who approved the

381

00:15:46,550 --> 00:15:44,720

security classification guide on uap

382

00:15:48,870 --> 00:15:46,560

keeping an enormous amount of secrecy

383

00:15:50,790 --> 00:15:48,880

surrounding the issue if you read some

384

00:15:52,150 --> 00:15:50,800

of those documents that's the one where

385

00:15:53,990 --> 00:15:52,160

certain shapes

386

00:15:55,749 --> 00:15:54,000

were blocked out and a friend of mine

387

00:15:57,749 --> 00:15:55,759

today said we were talking about that

388

00:16:00,310 --> 00:15:57,759

one of the questions

389

00:16:01,910 --> 00:16:00,320

that these folks should ask is why are

390

00:16:03,590 --> 00:16:01,920

the shapes

391

00:16:05,269 --> 00:16:03,600

of these objects

392

00:16:07,030 --> 00:16:05,279

classified

393

00:16:08,389 --> 00:16:07,040

because right away you you'll you'll

394

00:16:10,230 --> 00:16:08,399

think well if

395

00:16:12,230 --> 00:16:10,240

if the shapes are classified it must be

396

00:16:14,550 --> 00:16:12,240

our technology and we don't want anybody

397

00:16:15,749 --> 00:16:14,560

to know about it because if we unless

398

00:16:17,350 --> 00:16:15,759

you could also make the argument we

399

00:16:19,749 --> 00:16:17,360

don't know what it is so just to be on

400

00:16:21,269 --> 00:16:19,759

the safe side let's let's black out the

401
00:16:26,389 --> 00:16:21,279
shapes

402
00:16:30,870 --> 00:16:28,949
but it's a fair question i think and

403
00:16:32,629 --> 00:16:30,880
i will i'll look at comments but i don't

404
00:16:33,829 --> 00:16:32,639
want to stay on here too long

405
00:16:37,990 --> 00:16:33,839
yeah thanks for the welcome back it's

406
00:16:40,629 --> 00:16:38,000
been a while sorry i've been so quiet um

407
00:16:42,550 --> 00:16:40,639
i appreciate that guys no way the hair

408
00:16:45,269 --> 00:16:42,560
is not coming out dave

409
00:16:48,310 --> 00:16:45,279
my hair is huge right now to get it

410
00:16:51,280 --> 00:16:48,320
under this hat i need a gel on the sides

411
00:16:52,550 --> 00:16:51,290
and it's approaching it's approaching um

412
00:16:54,710 --> 00:16:52,560
[Music]

413
00:16:57,110 --> 00:16:54,720

covid lockdown

414

00:17:01,749 --> 00:16:59,670

so back to um

415

00:17:03,110 --> 00:17:01,759

the shapes yeah i mean if they're if

416

00:17:05,110 --> 00:17:03,120

they know they're unknowns there's no

417

00:17:07,270 --> 00:17:05,120

reason to block out the shapes but like

418

00:17:08,949 --> 00:17:07,280

i said they can say well we want to be

419

00:17:10,309 --> 00:17:08,959

safe

420

00:17:11,510 --> 00:17:10,319

let's block out the shapes we don't know

421

00:17:13,110 --> 00:17:11,520

what these things are we don't know

422

00:17:14,630 --> 00:17:13,120

where they're from but that question

423

00:17:15,990 --> 00:17:14,640

should be asked you know and i'm

424

00:17:18,949 --> 00:17:16,000

assuming if they do that would be the

425

00:17:21,750 --> 00:17:18,959

answer but let them ask it

426
00:17:25,350 --> 00:17:23,829
is going to testify

427
00:17:27,189 --> 00:17:25,360
he's the pentagon's top intelligence

428
00:17:28,789 --> 00:17:27,199
official and bray as i said director

429
00:17:31,110 --> 00:17:28,799
deputy director of national naval

430
00:17:33,190 --> 00:17:31,120
intelligence

431
00:17:35,430 --> 00:17:33,200
it comes this me this hearing comes five

432
00:17:37,510 --> 00:17:35,440
months after the ndaa required the

433
00:17:39,190 --> 00:17:37,520
military to establish a permanent ufo

434
00:17:41,430 --> 00:17:39,200
research office and take a series of

435
00:17:42,870 --> 00:17:41,440
other steps to collect and investigate

436
00:17:44,710 --> 00:17:42,880
reports

437
00:17:47,350 --> 00:17:44,720
to address the new law the pentagon set

438
00:17:48,510 --> 00:17:47,360

up the airborne object identification

439

00:17:50,549 --> 00:17:48,520

and management

440

00:17:52,950 --> 00:17:50,559

synchronization group to standardize

441

00:17:54,630 --> 00:17:52,960

reporting and analyze data collected by

442

00:17:56,630 --> 00:17:54,640

representatives but from across the

443

00:17:59,190 --> 00:17:56,640

military and intelligence community not

444

00:18:03,590 --> 00:17:59,200

going to comment on the name that's been

445

00:18:09,190 --> 00:18:06,789

here we get back to the dueling factions

446

00:18:11,430 --> 00:18:09,200

but dueling factions in the pentagon and

447

00:18:13,990 --> 00:18:11,440

intelligence agencies are jockeying over

448

00:18:15,350 --> 00:18:14,000

how to carry out congress congress's

449

00:18:17,110 --> 00:18:15,360

direction

450

00:18:19,350 --> 00:18:17,120

and how much to reveal to oversight

451
00:18:21,350 --> 00:18:19,360
committees according to four current and

452
00:18:23,350 --> 00:18:21,360
former officials well at least they're

453
00:18:25,510 --> 00:18:23,360
talking about it

454
00:18:27,270 --> 00:18:25,520
the two current officials said they are

455
00:18:29,990 --> 00:18:27,280
concerned that most

456
00:18:31,669 --> 00:18:30,000
the most unusual incidents now being

457
00:18:32,789 --> 00:18:31,679
reported are getting lumped in with

458
00:18:34,950 --> 00:18:32,799
drones

459
00:18:36,630 --> 00:18:34,960
space debris and other more common

460
00:18:38,470 --> 00:18:36,640
occurrences and therefore aren't being

461
00:18:40,390 --> 00:18:38,480
fully investigated

462
00:18:41,669 --> 00:18:40,400
lozando has talked about that he was

463
00:18:44,150 --> 00:18:41,679

worried that they were going to group

464

00:18:45,909 --> 00:18:44,160
all of that together as air clutter

465

00:18:48,230 --> 00:18:45,919
here's a quote

466

00:18:50,310 --> 00:18:48,240
they're like you know five things out of

467

00:18:51,590 --> 00:18:50,320
five thousand we weren't sure what they

468

00:18:53,350 --> 00:18:51,600
were

469

00:18:55,190 --> 00:18:53,360
said an intelligence official who was

470

00:18:56,870 --> 00:18:55,200
not authorized to discuss internal

471

00:18:58,950 --> 00:18:56,880
deliberations

472

00:19:03,270 --> 00:18:58,960
adding that his superiors want to treat

473

00:19:07,590 --> 00:19:03,280
all uaps as quote all air trash and

474

00:19:09,350 --> 00:19:07,600
quote as lou has talked about which

475

00:19:11,430 --> 00:19:09,360
if that happens tomorrow these guys

476

00:19:13,669 --> 00:19:11,440

really need to press them

477

00:19:15,430 --> 00:19:13,679

and you know what i don't know what the

478

00:19:17,029 --> 00:19:15,440

i don't know what these folks have seen

479

00:19:19,270 --> 00:19:17,039

our members of congress and you know

480

00:19:21,430 --> 00:19:19,280

congressional congress and the senate i

481

00:19:23,510 --> 00:19:21,440

don't know what they've seen i mean

482

00:19:25,029 --> 00:19:23,520

i know what lewis said and you know

483

00:19:26,470 --> 00:19:25,039

these folks are coming out of meetings

484

00:19:28,070 --> 00:19:26,480

saying that's not our technology there's

485

00:19:30,630 --> 00:19:28,080

no way do we have that i mean senator

486

00:19:32,230 --> 00:19:30,640

martin heinrich basically said that in

487

00:19:34,470 --> 00:19:32,240

interviews

488

00:19:35,350 --> 00:19:34,480

when tmz interviewed him on the street

489

00:19:38,549 --> 00:19:35,360

and

490

00:19:41,110 --> 00:19:38,559

transcribe this you know i heard sean

491

00:19:42,950 --> 00:19:41,120

cahill talking on jimmy church it was a

492

00:19:44,630 --> 00:19:42,960

couple of months ago you know saying

493

00:19:46,390 --> 00:19:44,640

what they're seeing isn't clear enough

494

00:19:48,390 --> 00:19:46,400

now i don't know if he meant isn't clear

495

00:19:50,390 --> 00:19:48,400

enough to have a definite

496

00:19:53,029 --> 00:19:50,400

you know confirmation or definite

497

00:19:54,789 --> 00:19:53,039

resolution for what it is or

498

00:19:56,230 --> 00:19:54,799

not clear enough that they can't tell

499

00:19:57,990 --> 00:19:56,240

it's you know it's not foreign

500

00:19:59,270 --> 00:19:58,000

adversarial and it's not ours i don't

501
00:20:01,270 --> 00:19:59,280
know that i need to listen to the

502
00:20:02,870 --> 00:20:01,280
interview it's part of my that little

503
00:20:05,270 --> 00:20:02,880
that segment i need to transcribe which

504
00:20:06,950 --> 00:20:05,280
i'm not gonna do tonight but

505
00:20:09,270 --> 00:20:06,960
because i have to be up so early like

506
00:20:10,950 --> 00:20:09,280
everybody else um

507
00:20:12,390 --> 00:20:10,960
at least i'm not in hawaii time that

508
00:20:13,750 --> 00:20:12,400
would be

509
00:20:15,830 --> 00:20:13,760
5am

510
00:20:17,590 --> 00:20:15,840
the official feels the department is not

511
00:20:19,270 --> 00:20:17,600
addressing addressing and i'm not

512
00:20:20,950 --> 00:20:19,280
complaining it's too exciting tomorrow

513
00:20:22,789 --> 00:20:20,960

just wake up it's going to be fun and

514

00:20:24,549 --> 00:20:22,799

i'm looking forward to it

515

00:20:26,789 --> 00:20:24,559

i can nap afterwards

516

00:20:29,350 --> 00:20:26,799

the official feels the department is not

517

00:20:31,430 --> 00:20:29,360

addressing quote the whole tapestry of

518

00:20:32,390 --> 00:20:31,440

the multi-tech problem that we have end

519

00:20:35,190 --> 00:20:32,400

quote

520

00:20:37,110 --> 00:20:35,200

this

521

00:20:39,110 --> 00:20:37,120

said the dod official

522

00:20:41,830 --> 00:20:39,120

i don't think they have taken it very

523

00:20:43,990 --> 00:20:41,840

seriously so we started off with talking

524

00:20:47,190 --> 00:20:44,000

about different factions i was excited

525

00:20:49,110 --> 00:20:47,200

now we hear this it's like really

526

00:20:51,029 --> 00:20:49,120

they're not taking it seriously and what

527

00:20:53,270 --> 00:20:51,039

congress can do about it

528

00:20:55,350 --> 00:20:53,280

i don't know at this point

529

00:20:56,950 --> 00:20:55,360

uh they could they could be up as upset

530

00:20:58,149 --> 00:20:56,960

as they want but it's not good it's not

531

00:20:59,669 --> 00:20:58,159

gonna get them access to this

532

00:21:00,950 --> 00:20:59,679

information so

533

00:21:03,110 --> 00:21:00,960

they're gonna have to come up come up

534

00:21:05,350 --> 00:21:03,120

with a game plan

535

00:21:08,870 --> 00:21:05,360

so far the official said something has

536

00:21:10,149 --> 00:21:08,880

been identified to lead the new pentagon

537

00:21:11,909 --> 00:21:10,159

so far the

538

00:21:13,990 --> 00:21:11,919

officials said someone has been

539

00:21:16,390 --> 00:21:14,000

identified to the new pentagon oversight

540

00:21:18,390 --> 00:21:16,400

group and has established two full-time

541

00:21:21,990 --> 00:21:18,400

positions for analysts

542

00:21:23,830 --> 00:21:22,000

and douglas dean johnson did a

543

00:21:26,630 --> 00:21:23,840

article on who is supposed to be the new

544

00:21:27,909 --> 00:21:26,640

director of the aoi msg and it's

545

00:21:31,270 --> 00:21:27,919

so apparently

546

00:21:32,950 --> 00:21:31,280

dr sean kirkpatrick who's 53

547

00:21:35,669 --> 00:21:32,960

accomplished he's an accomplished

548

00:21:37,990 --> 00:21:35,679

physicist with 58 published scientific

549

00:21:40,310 --> 00:21:38,000

papers

550

00:21:42,070 --> 00:21:40,320

dealing with many dealing with optical

551
00:21:45,350 --> 00:21:42,080
property and other properties of various

552
00:21:47,909 --> 00:21:45,360
natural and artificial materials

553
00:21:50,070 --> 00:21:47,919
the problem is and i've put feelers out

554
00:21:52,630 --> 00:21:50,080
for this i don't know if

555
00:21:54,710 --> 00:21:52,640
kirkpatrick has the proper clearance the

556
00:21:57,590 --> 00:21:54,720
proper oomph

557
00:21:59,750 --> 00:21:57,600
to get these folks to you know say

558
00:22:01,510 --> 00:21:59,760
listen i'm a

559
00:22:03,270 --> 00:22:01,520
i'm a person you need to listen to i

560
00:22:04,149 --> 00:22:03,280
don't know if he has that gravitas i

561
00:22:06,789 --> 00:22:04,159
mean

562
00:22:09,270 --> 00:22:06,799
if he does great but if he doesn't

563
00:22:11,430 --> 00:22:09,280

it's not going to get us the day

564

00:22:12,870 --> 00:22:11,440

that we need and that we want

565

00:22:15,110 --> 00:22:12,880

so

566

00:22:16,710 --> 00:22:15,120

that remains to be seen

567

00:22:18,390 --> 00:22:16,720

sounds like a great guy but like i said

568

00:22:20,390 --> 00:22:18,400

i haven't heard i've asked people who

569

00:22:24,870 --> 00:22:20,400

would know about more than i would and

570

00:22:30,630 --> 00:22:28,310

i don't drink coffee mike

571

00:22:33,350 --> 00:22:30,640

maybe some pepsi

572

00:22:40,870 --> 00:22:33,360

yeah east coast you got a good time at

573

00:22:45,190 --> 00:22:43,750

i can't i'm sorry i'm like

574

00:22:47,029 --> 00:22:45,200

somebody you know what i didn't even

575

00:22:49,110 --> 00:22:47,039

know who skinny bob was until christian

576
00:22:51,590 --> 00:22:49,120
who i worked with on hockey games told

577
00:22:53,909 --> 00:22:51,600
me you know and i'm somebody that

578
00:22:55,430 --> 00:22:53,919
studies studies this for a long time for

579
00:22:57,990 --> 00:22:55,440
whatever reason i had never heard of

580
00:23:00,870 --> 00:22:58,000
skinny bob but now i do and i think he's

581
00:23:03,430 --> 00:23:00,880
ai just an opinion

582
00:23:06,070 --> 00:23:03,440
um let me get back

583
00:23:08,310 --> 00:23:06,080
so i can get this over with

584
00:23:09,909 --> 00:23:08,320
not that i'm not enjoying this because i

585
00:23:11,350 --> 00:23:09,919
need to do this

586
00:23:13,750 --> 00:23:11,360
i just need to do it i mean i'm in my

587
00:23:15,510 --> 00:23:13,760
bedroom easy setup

588
00:23:18,390 --> 00:23:15,520

so far the official said someone has

589

00:23:20,230 --> 00:23:18,400

been identified so that's kirkbach

590

00:23:22,950 --> 00:23:20,240

quote to meet the will of congress

591

00:23:24,950 --> 00:23:22,960

you're going to need an analyst

592

00:23:27,270 --> 00:23:24,960

an analyst team

593

00:23:29,430 --> 00:23:27,280

an analysis team sorry

594

00:23:31,669 --> 00:23:29,440

you're going to need an analysis team

595

00:23:33,830 --> 00:23:31,679

the dod official said it can't just be a

596

00:23:36,149 --> 00:23:33,840

small operation with a lead and two

597

00:23:38,070 --> 00:23:36,159

officials this is what they're they were

598

00:23:39,669 --> 00:23:38,080

trying to get away with and that really

599

00:23:41,750 --> 00:23:39,679

pisses me off because that's basically

600

00:23:43,750 --> 00:23:41,760

what the uap task force was i mean the

601
00:23:45,269 --> 00:23:43,760
uap task force had

602
00:23:47,110 --> 00:23:45,279
analysts that they could send

603
00:23:48,549 --> 00:23:47,120
information out to and say hey check

604
00:23:50,710 --> 00:23:48,559
take a look at this but it was really

605
00:23:53,990 --> 00:23:50,720
small although the person who was in

606
00:23:55,830 --> 00:23:54,000
charge who was stratton john stratton he

607
00:23:58,070 --> 00:23:55,840
apparently was amazing that guy should

608
00:24:00,549 --> 00:23:58,080
be in charge of the aoi msg but he just

609
00:24:02,630 --> 00:24:00,559
took a job in the private sector sector

610
00:24:04,710 --> 00:24:02,640
which may be connected to ufos i mean

611
00:24:07,430 --> 00:24:04,720
people speculate because dr travis

612
00:24:09,190 --> 00:24:07,440
taylor uh you know skinwalker ranch the

613
00:24:13,110 --> 00:24:09,200

secret of skinwalker rants he supposedly

614

00:24:17,830 --> 00:24:15,430

that could be a possibility but still to

615

00:24:19,590 --> 00:24:17,840

head up the aoi

616

00:24:21,750 --> 00:24:19,600

stratton would have been the guy i would

617

00:24:22,549 --> 00:24:21,760

have chosen if he was if he was up for

618

00:24:28,149 --> 00:24:22,559

it

619

00:24:29,430 --> 00:24:28,159

that's why you know when i say patients

620

00:24:31,350 --> 00:24:29,440

we're going to need patients because

621

00:24:33,669 --> 00:24:31,360

these folks are dragging their feet

622

00:24:35,669 --> 00:24:33,679

doing the least amount

623

00:24:38,230 --> 00:24:35,679

of investigation the least amount of

624

00:24:40,310 --> 00:24:38,240

staffing as possible

625

00:24:41,990 --> 00:24:40,320

bender continues it's also unclear what

626
00:24:43,110 --> 00:24:42,000
the budget is for the new pentagon

627
00:24:45,510 --> 00:24:43,120
effort

628
00:24:49,669 --> 00:24:45,520
how much funding was actually allocated

629
00:24:51,990 --> 00:24:49,679
to the 2022 uap effort asked calm

630
00:24:54,390 --> 00:24:52,000
kelleher a biochemist

631
00:24:57,269 --> 00:24:54,400
oh by the way

632
00:24:59,669 --> 00:24:57,279
i want to go back for a second because

633
00:25:01,830 --> 00:24:59,679
christopher mellon has

634
00:25:04,230 --> 00:25:01,840
downplayed ossap you know i was just a

635
00:25:05,909 --> 00:25:04,240
private contractor and it pissed me off

636
00:25:07,269 --> 00:25:05,919
at the time and it pisses me off still

637
00:25:10,470 --> 00:25:07,279
because

638
00:25:11,750 --> 00:25:10,480

asap had 50 full-time employees

639

00:25:13,269 --> 00:25:11,760

this effort

640

00:25:15,110 --> 00:25:13,279

they're trying to get away with two

641

00:25:16,549 --> 00:25:15,120

full-time positions

642

00:25:19,269 --> 00:25:16,559

and you're not praising come on

643

00:25:21,590 --> 00:25:19,279

christopher mellon praise ossap 50

644

00:25:24,390 --> 00:25:21,600

full-time employees for two years

645

00:25:26,950 --> 00:25:24,400

that's what we need times 10 so i don't

646

00:25:29,110 --> 00:25:26,960

want to hear you ever diminish ossep

647

00:25:31,750 --> 00:25:29,120

again after what we're seeing seeing

648

00:25:33,430 --> 00:25:31,760

here because we need another asap effort

649

00:25:35,269 --> 00:25:33,440

which i when i first read this that's

650

00:25:37,590 --> 00:25:35,279

what i said and then

651
00:25:39,990 --> 00:25:37,600
we get to kelleher who was the deputy

652
00:25:42,230 --> 00:25:40,000
administrator of ossap saying

653
00:25:44,630 --> 00:25:42,240
you know we don't even know how much

654
00:25:46,470 --> 00:25:44,640
funding has been allocated to this

655
00:25:49,190 --> 00:25:46,480
effort you know the new uap office you

656
00:25:50,230 --> 00:25:49,200
know the new ufo office the gila brand

657
00:25:52,070 --> 00:25:50,240
amendment

658
00:25:55,110 --> 00:25:52,080
this new effort still don't know what

659
00:25:58,230 --> 00:25:55,120
money has been allocated there are

660
00:26:01,830 --> 00:25:58,240
like i said on twitter

661
00:26:04,549 --> 00:26:01,840
the um space force connected to ufos

662
00:26:05,750 --> 00:26:04,559
on hold no funding

663
00:26:07,909 --> 00:26:05,760

so

664

00:26:09,830 --> 00:26:07,919

kelleher continues and says has anyone

665

00:26:12,230 --> 00:26:09,840

ever confirmed that actual appropriation

666

00:26:14,390 --> 00:26:12,240

filing ever went along with the recently

667

00:26:15,830 --> 00:26:14,400

passed law no we never heard anything

668

00:26:17,830 --> 00:26:15,840

michael via he was another one he's like

669

00:26:19,190 --> 00:26:17,840

you need to look for that he was excited

670

00:26:20,549 --> 00:26:19,200

at the time that was a couple of months

671

00:26:21,990 --> 00:26:20,559

ago so it's like

672

00:26:23,350 --> 00:26:22,000

and we still don't we still don't know

673

00:26:26,310 --> 00:26:23,360

about the money

674

00:26:27,590 --> 00:26:26,320

oh speaking of melon who trust me i

675

00:26:29,909 --> 00:26:27,600

appreciate what he's done i just

676

00:26:31,669 --> 00:26:29,919

disagree with him on stuff like that

677

00:26:33,590 --> 00:26:31,679

and other things it's just like i

678

00:26:35,430 --> 00:26:33,600

disagree with lou unfortunately people

679

00:26:37,269 --> 00:26:35,440

just think i just parrot what they say

680

00:26:38,789 --> 00:26:37,279

and don't question anything but those

681

00:26:40,230 --> 00:26:38,799

folks have not paid attention to what

682

00:26:43,190 --> 00:26:40,240

i've said over the last four and a half

683

00:26:47,269 --> 00:26:45,750

i've argued with eric davis i've argued

684

00:26:49,190 --> 00:26:47,279

with george knapp i've argued with

685

00:26:53,110 --> 00:26:49,200

jeremy corbell

686

00:26:55,110 --> 00:26:53,120

the list is endless

687

00:26:56,549 --> 00:26:55,120

christopher mellon a former top pentagon

688

00:26:58,070 --> 00:26:56,559

intelligence official who has been

689

00:27:00,310 --> 00:26:58,080

pressing congress to take more

690

00:27:01,990 --> 00:27:00,320

aggressive steps said the biden

691

00:27:03,269 --> 00:27:02,000

administration appears to be treating

692

00:27:05,590 --> 00:27:03,279

the new effort

693

00:27:06,549 --> 00:27:05,600

quote as a small office that compiles

694

00:27:09,350 --> 00:27:06,559

reports

695

00:27:11,750 --> 00:27:09,360

conducts briefings and seemingly little

696

00:27:13,430 --> 00:27:11,760

else end quote isn't that wonderful yeah

697

00:27:14,710 --> 00:27:13,440

and i voted for biden but that really

698

00:27:16,070 --> 00:27:14,720

pisses me off

699

00:27:19,110 --> 00:27:16,080

i don't know how much

700

00:27:21,590 --> 00:27:19,120

you know biden is directly involved but

701
00:27:25,029 --> 00:27:21,600
it's his administration so take

702
00:27:26,789 --> 00:27:25,039
responsibility and get your act together

703
00:27:30,710 --> 00:27:26,799
try not to curse here

704
00:27:36,230 --> 00:27:32,470
i'm just seeing checking some uh

705
00:27:39,990 --> 00:27:37,990
there remains a large gap between the

706
00:27:42,389 --> 00:27:40,000
intent of congress and the actions of

707
00:27:44,870 --> 00:27:42,399
the pentagon he wrote in a public appeal

708
00:27:47,110 --> 00:27:44,880
to the panel on friday

709
00:27:48,630 --> 00:27:47,120
who owns the urgent mission of getting

710
00:27:50,630 --> 00:27:48,640
to the bottom of these

711
00:27:53,190 --> 00:27:50,640
quote-unquote drone

712
00:27:54,950 --> 00:27:53,200
swarms plaguing our ships and bases and

713
00:27:56,710 --> 00:27:54,960

what are they doing about it

714

00:27:58,470 --> 00:27:56,720

and he's i think he's going the angle of

715

00:28:00,310 --> 00:27:58,480

drones because

716

00:28:02,870 --> 00:28:00,320

let's just say they are drones and their

717

00:28:04,389 --> 00:28:02,880

foreign adversarial how do you not

718

00:28:06,070 --> 00:28:04,399

investigate that

719

00:28:07,510 --> 00:28:06,080

do i think they're foreign adversarial

720

00:28:09,110 --> 00:28:07,520

from what i know

721

00:28:11,110 --> 00:28:09,120

from what i've been told from what other

722

00:28:13,269 --> 00:28:11,120

people have said publicly and privately

723

00:28:14,149 --> 00:28:13,279

no i don't think they're drones

724

00:28:16,549 --> 00:28:14,159

um

725

00:28:18,870 --> 00:28:16,559

but if if calling them drones gets

726

00:28:20,870 --> 00:28:18,880

them to act just like when

727

00:28:22,389 --> 00:28:20,880

melon used the national security angle

728

00:28:23,990 --> 00:28:22,399

to get them act and that's why we're

729

00:28:26,149 --> 00:28:24,000

here now because moon is a brilliant

730

00:28:27,110 --> 00:28:26,159

chess player he knows what gets these

731

00:28:28,630 --> 00:28:27,120

folks

732

00:28:29,590 --> 00:28:28,640

moving

733

00:28:31,669 --> 00:28:29,600

bender

734

00:28:33,430 --> 00:28:31,679

continues the biggest question may be

735

00:28:35,350 --> 00:28:33,440

whether the pentagon is being fully

736

00:28:37,029 --> 00:28:35,360

transparent with congress

737

00:28:39,669 --> 00:28:37,039

the intelligence official described

738

00:28:42,630 --> 00:28:39,679

another faction inside military and

739

00:28:45,909 --> 00:28:42,640

intel agencies that takes this subject

740

00:28:48,789 --> 00:28:45,919

very seriously and is protective of uap

741

00:28:54,389 --> 00:28:51,990

they fetishize their secret society the

742

00:28:56,470 --> 00:28:54,399

the official said it's kind of a skull

743

00:28:58,710 --> 00:28:56,480

and bones type vibe

744

00:29:00,149 --> 00:28:58,720

they take it seriously but they have no

745

00:29:04,950 --> 00:29:00,159

accountability

746

00:29:10,470 --> 00:29:07,269

there's a whole group of us that know in

747

00:29:12,389 --> 00:29:10,480

great detail this subject a lot of which

748

00:29:14,870 --> 00:29:12,399

has not been reported to congress

749

00:29:16,070 --> 00:29:14,880

because of security issues

750

00:29:17,590 --> 00:29:16,080

so

751
00:29:19,510 --> 00:29:17,600
i really want to

752
00:29:22,310 --> 00:29:19,520
stop right there and talk about who

753
00:29:23,909 --> 00:29:22,320
these folks might be

754
00:29:26,149 --> 00:29:23,919
and who

755
00:29:27,750 --> 00:29:26,159
what are their thoughts what exactly and

756
00:29:29,830 --> 00:29:27,760
and i can't prove that the folks i'm

757
00:29:31,909 --> 00:29:29,840
about what i'm about to read is is

758
00:29:33,430 --> 00:29:31,919
related to those folks that bender just

759
00:29:35,190 --> 00:29:33,440
talked about with that

760
00:29:37,269 --> 00:29:35,200
you know official talked about the skull

761
00:29:39,190 --> 00:29:37,279
and bones type folks but

762
00:29:42,230 --> 00:29:39,200
let me pull it up and you guys can

763
00:29:45,350 --> 00:29:42,240

decide for yourself because

764

00:29:49,350 --> 00:29:45,360

it's it's kind of interesting to see

765

00:29:50,549 --> 00:29:49,360

this is from the alien autopsy emails

766

00:29:54,470 --> 00:29:50,559

from

767

00:29:55,830 --> 00:29:54,480

march of 2001 so

768

00:29:58,070 --> 00:29:55,840

eric they're talking about you know and

769

00:30:01,190 --> 00:29:58,080

at this point kid green thought the

770

00:30:02,630 --> 00:30:01,200

alien autopsy was real

771

00:30:05,430 --> 00:30:02,640

and the other folks

772

00:30:10,549 --> 00:30:05,440

tom kelleher and eric davis they're

773

00:30:15,110 --> 00:30:13,110

davis says why the excruciating

774

00:30:18,310 --> 00:30:15,120

excruciating level of secrecy on this

775

00:30:19,750 --> 00:30:18,320

stuff this is 2001. what benefited what

776

00:30:24,389 --> 00:30:19,760

benefit does it

777

00:30:27,830 --> 00:30:24,399

the congress the president national

778

00:30:29,669 --> 00:30:27,840

security national security quote science

779

00:30:32,310 --> 00:30:29,679

slash human

780

00:30:34,310 --> 00:30:32,320

knowledge end quote to keep this secret

781

00:30:36,310 --> 00:30:34,320

for so long so basically he's like why

782

00:30:39,029 --> 00:30:36,320

are they keeping who does it benefit to

783

00:30:40,710 --> 00:30:39,039

keep this secret for so long and dr kit

784

00:30:44,070 --> 00:30:40,720

green says

785

00:30:46,230 --> 00:30:44,080

the right to know by a basically

786

00:30:48,950 --> 00:30:46,240

non-meritocracy

787

00:30:51,750 --> 00:30:48,960

population is disputed by most of the

788

00:30:54,870 --> 00:30:51,760

plato like minions in the programs that

789

00:30:57,509 --> 00:30:54,880

are really black i think this may be the

790

00:30:59,750 --> 00:30:57,519

skull and bones type folks that bender

791

00:31:01,830 --> 00:30:59,760

is talking about and it's not just this

792

00:31:05,190 --> 00:31:01,840

program and they're talking about

793

00:31:07,430 --> 00:31:05,200

biology and possibly bodies

794

00:31:08,789 --> 00:31:07,440

kit continues

795

00:31:10,230 --> 00:31:08,799

and i call him kit because when i spoke

796

00:31:11,909 --> 00:31:10,240

to him on the phone he insisted i call

797

00:31:13,110 --> 00:31:11,919

him kit so it's a habit now i don't

798

00:31:14,789 --> 00:31:13,120

speak to him that i spoke to him a

799

00:31:16,549 --> 00:31:14,799

couple years ago and i need to speak to

800

00:31:19,750 --> 00:31:16,559

him again but i haven't in a couple of

801
00:31:22,149 --> 00:31:19,760
years just some messages here and there

802
00:31:25,029 --> 00:31:22,159
he continues kid green there is a belief

803
00:31:27,909 --> 00:31:25,039
by most people in high executive branch

804
00:31:30,630 --> 00:31:27,919
appointed positions those fights

805
00:31:32,389 --> 00:31:30,640
i think those fight those folks can be

806
00:31:34,389 --> 00:31:32,399
there forever

807
00:31:37,509 --> 00:31:34,399
a belief by most people in high

808
00:31:39,990 --> 00:31:37,519
executive branch appointed positions

809
00:31:43,029 --> 00:31:40,000
that the average person isn't able to

810
00:31:45,190 --> 00:31:43,039
understand or handle the complexity

811
00:31:47,110 --> 00:31:45,200
of the ufo phenomenon

812
00:31:48,870 --> 00:31:47,120
and would screw things and he may be

813
00:31:50,870 --> 00:31:48,880

talking about everything he'd not just

814

00:31:53,110 --> 00:31:50,880

be talking about ufos but

815

00:31:55,909 --> 00:31:53,120

he's and they would screw things up

816

00:31:57,029 --> 00:31:55,919

beyond belief they uh as long as they're

817

00:31:58,789 --> 00:31:57,039

in control

818

00:32:02,389 --> 00:31:58,799

believe in a singaporean government

819

00:32:04,470 --> 00:32:02,399

model of a lee kuan yew meritocracy

820

00:32:07,430 --> 00:32:04,480

government are the most educated and

821

00:32:10,789 --> 00:32:07,440

elite and benevolent dictatorship they

822

00:32:13,669 --> 00:32:10,799

believe what they read in plato

823

00:32:15,509 --> 00:32:13,679

thomas payne machiavelli and they do not

824

00:32:19,350 --> 00:32:15,519

believe what they read in aristotle

825

00:32:22,630 --> 00:32:21,029

and then

826

00:32:24,710 --> 00:32:22,640

they go into some stuff about the

827

00:32:28,149 --> 00:32:24,720

cintilli

828

00:32:29,590 --> 00:32:28,159

alien autopsy hoax at the time kid green

829

00:32:31,509 --> 00:32:29,600

did not think it was a hoax and he's got

830

00:32:33,269 --> 00:32:31,519

a lot of flack for that which

831

00:32:35,430 --> 00:32:33,279

i understand um

832

00:32:36,789 --> 00:32:35,440

but allegedly he was shown videos that

833

00:32:39,750 --> 00:32:36,799

matched

834

00:32:41,669 --> 00:32:39,760

the alien autopsy uh video and those

835

00:32:43,509 --> 00:32:41,679

were you know years before the video

836

00:32:46,310 --> 00:32:43,519

actually came out

837

00:32:47,990 --> 00:32:46,320

let me get back to bender's article

838

00:32:50,230 --> 00:32:48,000

so maybe those are the folks he's

839

00:32:51,830 --> 00:32:50,240

talking about maybe not

840

00:32:53,110 --> 00:32:51,840

but i'll just read one more time those

841

00:32:54,389 --> 00:32:53,120

folks who are

842

00:32:56,149 --> 00:32:54,399

you know they really don't want to give

843

00:32:57,509 --> 00:32:56,159

up their ufo they're interested in ufos

844

00:32:58,789 --> 00:32:57,519

but they do not want to give up their

845

00:33:00,630 --> 00:32:58,799

data

846

00:33:02,789 --> 00:33:00,640

they finish up they fetishize their

847

00:33:04,870 --> 00:33:02,799

secret society it's kind of a skull and

848

00:33:07,590 --> 00:33:04,880

bones type vibe they take it seriously

849

00:33:09,029 --> 00:33:07,600

but they have no accountability zero

850

00:33:10,789 --> 00:33:09,039

once again

851
00:33:14,710 --> 00:33:10,799
wilson davis

852
00:33:16,149 --> 00:33:14,720
wilson talks about zero oversight

853
00:33:18,630 --> 00:33:16,159
there is a whole group of us that know

854
00:33:20,389 --> 00:33:18,640
in great detail this subject a lot of

855
00:33:22,389 --> 00:33:20,399
which has not been reported to congress

856
00:33:24,149 --> 00:33:22,399
because of security issues it's really

857
00:33:26,070 --> 00:33:24,159
nice to see bender going here and

858
00:33:27,669 --> 00:33:26,080
although he's talked about he thought a

859
00:33:29,909 --> 00:33:27,679
tip and assap were just like a small

860
00:33:31,430 --> 00:33:29,919
sliver although asap

861
00:33:33,269 --> 00:33:31,440
wasn't small

862
00:33:35,029 --> 00:33:33,279
um compared to what we're seeing now and

863
00:33:37,269 --> 00:33:35,039

asap was unique and you know it was

864

00:33:38,310 --> 00:33:37,279

looking at ufos and related phenomena i

865

00:33:40,230 --> 00:33:38,320

don't know if there are any other

866

00:33:42,870 --> 00:33:40,240

programs from the past or current that

867

00:33:45,269 --> 00:33:42,880

we don't know about that studied ufos

868

00:33:47,430 --> 00:33:45,279

and related phenomena like phenomena

869

00:33:49,269 --> 00:33:47,440

like poltergeist activity and

870

00:33:51,350 --> 00:33:49,279

all the controversial stuff that's in

871

00:33:53,430 --> 00:33:51,360

skin workers at the pentagon

872

00:33:56,470 --> 00:33:53,440

the pentagon through spokesperson susan

873

00:33:57,909 --> 00:33:56,480

goff declined multiple requests

874

00:33:59,750 --> 00:33:57,919

to discuss the progress of the new

875

00:34:01,750 --> 00:33:59,760

pentagon-led effort including how many

876

00:34:03,750 --> 00:34:01,760

personnel are assigned from what

877

00:34:05,750 --> 00:34:03,760

agencies and how it is carrying out the

878

00:34:07,269 --> 00:34:05,760

congressional mandate

879

00:34:08,629 --> 00:34:07,279

i don't know why she won't comment on

880

00:34:09,909 --> 00:34:08,639

that i don't it's not it's not

881

00:34:11,829 --> 00:34:09,919

classified

882

00:34:13,589 --> 00:34:11,839

the upcoming house hearing however is

883

00:34:15,990 --> 00:34:13,599

seen as an opportunity to make historic

884

00:34:18,710 --> 00:34:16,000

headway a coalition of scientists

885

00:34:20,550 --> 00:34:18,720

appealed to the panel over the weekend

886

00:34:22,790 --> 00:34:20,560

to press pentagon witnesses to publicly

887

00:34:24,470 --> 00:34:22,800

share as much possible as much as

888

00:34:25,909 --> 00:34:24,480

possible on what government agencies

889

00:34:28,470 --> 00:34:25,919

have learned about a number of widely

890

00:34:30,389 --> 00:34:28,480

reported cases the scientific coalition

891

00:34:32,149 --> 00:34:30,399

for uap studies which

892

00:34:34,950 --> 00:34:32,159

the guys i know the main guys are rich

893

00:34:36,310 --> 00:34:34,960

hoffman and robert powell

894

00:34:38,389 --> 00:34:36,320

their members work at private

895

00:34:40,310 --> 00:34:38,399

corporations universities i think eric

896

00:34:43,109 --> 00:34:40,320

davis may be a part of it too

897

00:34:45,430 --> 00:34:43,119

um and government agencies

898

00:34:47,829 --> 00:34:45,440

they singled out reports of intrusions

899

00:34:51,270 --> 00:34:47,839

and even interference at nuclear weapons

900

00:34:53,589 --> 00:34:51,280

facilities where we know or allegedly

901
00:34:55,270 --> 00:34:53,599
they turned on our nukes they turned on

902
00:34:56,869 --> 00:34:55,280
nukes here they turned on nukes in

903
00:34:57,750 --> 00:34:56,879
russia they put them into launch mode

904
00:35:01,829 --> 00:34:57,760
and

905
00:35:03,829 --> 00:35:01,839
base where they turned them on but it

906
00:35:06,630 --> 00:35:03,839
happened here and the ukraine

907
00:35:09,349 --> 00:35:06,640
and they also you know turned off our

908
00:35:11,270 --> 00:35:09,359
nukes at maelstrom um it's happened in a

909
00:35:12,870 --> 00:35:11,280
couple of places supposedly it's

910
00:35:14,950 --> 00:35:12,880
happened in more places but that's all

911
00:35:16,470 --> 00:35:14,960
we know about right now publicly from

912
00:35:17,510 --> 00:35:16,480
the folks who were there who have spoken

913
00:35:19,190 --> 00:35:17,520

about

914

00:35:20,630 --> 00:35:19,200

like robert salas

915

00:35:23,430 --> 00:35:20,640

um

916

00:35:25,990 --> 00:35:23,440

so the seu also urged more transparency

917

00:35:26,790 --> 00:35:26,000

on reported health hazards

918

00:35:28,790 --> 00:35:26,800

up

919

00:35:30,069 --> 00:35:28,800

from encounters with the phenomena as

920

00:35:32,069 --> 00:35:30,079

well as whether military and

921

00:35:33,829 --> 00:35:32,079

intelligence agencies have tracked

922

00:35:36,630 --> 00:35:33,839

unknown craft maneuvering through

923

00:35:37,589 --> 00:35:36,640

multiple mediums including the air under

924

00:35:40,310 --> 00:35:37,599

the sea

925

00:35:42,310 --> 00:35:40,320

and in orbit

926
00:35:44,150 --> 00:35:42,320
will the defense will the department of

927
00:35:46,790 --> 00:35:44,160
defense release information on this

928
00:35:50,069 --> 00:35:46,800
trans-medium behavior to the public they

929
00:35:51,750 --> 00:35:50,079
wrote in an open letter

930
00:35:54,550 --> 00:35:51,760
mellon has also said that pentagon

931
00:35:56,710 --> 00:35:54,560
officials need to be asked publicly

932
00:35:59,190 --> 00:35:56,720
publicly if any of the reported aerial

933
00:36:01,670 --> 00:35:59,200
intrusions were also detected

934
00:36:04,390 --> 00:36:01,680
maneuvering through space

935
00:36:06,710 --> 00:36:04,400
i was told and i wasn't told i read it

936
00:36:08,470 --> 00:36:06,720
on a facebook private facebook page and

937
00:36:10,150 --> 00:36:08,480
i'm respecting the wishes of the first

938
00:36:12,870 --> 00:36:10,160

person who runs that and i'm not sharing

939

00:36:14,470 --> 00:36:12,880

it but to paraphrase there's no evidence

940

00:36:16,630 --> 00:36:14,480

showing that these objects are coming

941

00:36:18,390 --> 00:36:16,640

from deep space which you would think if

942

00:36:20,310 --> 00:36:18,400

they were extraterrestrial we would feel

943

00:36:22,550 --> 00:36:20,320

extraterrestrial now i sound like avril

944

00:36:23,750 --> 00:36:22,560

haynes stumbling on the word you would

945

00:36:24,829 --> 00:36:23,760

think we'd be able to track them from

946

00:36:27,510 --> 00:36:24,839

deep space

947

00:36:29,270 --> 00:36:27,520

possibly um

948

00:36:31,670 --> 00:36:29,280

but that evidence doesn't exist the only

949

00:36:33,750 --> 00:36:31,680

evidence we have is it's it's you know

950

00:36:35,589 --> 00:36:33,760

they're coming from

951
00:36:37,430 --> 00:36:35,599
out near the moon and not coming from

952
00:36:38,950 --> 00:36:37,440
beyond the moon's orbit so nothing from

953
00:36:40,550 --> 00:36:38,960
deep space

954
00:36:42,710 --> 00:36:40,560
according to the person who said this

955
00:36:44,310 --> 00:36:42,720
but that person also said there may be

956
00:36:46,150 --> 00:36:44,320
that kind of data

957
00:36:47,829 --> 00:36:46,160
i have not seen it

958
00:36:50,310 --> 00:36:47,839
maybe this person does not have access

959
00:36:52,790 --> 00:36:50,320
to it maybe it's buried somewhere but

960
00:36:54,870 --> 00:36:52,800
but melon is going at a different going

961
00:36:58,550 --> 00:36:54,880
at it at a different angle he says if

962
00:36:59,829 --> 00:36:58,560
members can confirm uap in space

963
00:37:01,670 --> 00:36:59,839

they'll make history and help to

964

00:37:03,910 --> 00:37:01,680

eliminate an entire category of

965

00:37:07,589 --> 00:37:03,920

potential explanations having to do with

966

00:37:09,910 --> 00:37:07,599

atmospheric phenomenon chinese lanterns

967

00:37:11,430 --> 00:37:09,920

chinese lanterns civilian drones he said

968

00:37:13,910 --> 00:37:11,440

so basically yeah he's not making the

969

00:37:15,990 --> 00:37:13,920

argument if they're if they're in space

970

00:37:17,349 --> 00:37:16,000

they're extraterrestrial he's saying if

971

00:37:19,190 --> 00:37:17,359

they're in space

972

00:37:23,510 --> 00:37:19,200

they can't be atmospheric phenomenon

973

00:37:25,109 --> 00:37:23,520

chinese lanterns or civilian drones and

974

00:37:27,109 --> 00:37:25,119

and back to the extraterrestrial thing

975

00:37:29,270 --> 00:37:27,119

it's possible they're extraterrestrial

976
00:37:30,230 --> 00:37:29,280
but using other dimensions to get here

977
00:37:32,470 --> 00:37:30,240
so you're not going to see them

978
00:37:34,950 --> 00:37:32,480
traveling from deep space they may just

979
00:37:37,670 --> 00:37:34,960
pop in using a wormhole

980
00:37:40,069 --> 00:37:37,680
so that's my

981
00:37:42,870 --> 00:37:40,079
layman explanation layman understanding

982
00:37:44,390 --> 00:37:42,880
of a way that a ufo can actually get

983
00:37:45,510 --> 00:37:44,400
here without being tracked from deep

984
00:37:47,190 --> 00:37:45,520
space

985
00:37:51,270 --> 00:37:47,200
but i have no idea because i'm

986
00:37:55,430 --> 00:37:53,510
what may be needed first and this is

987
00:37:57,349 --> 00:37:55,440
melon i mean this is a bender back to

988
00:37:59,990 --> 00:37:57,359

bender what may be needed first is

989

00:38:01,589 --> 00:38:00,000

finding new ways to compel agencies and

990

00:38:03,750 --> 00:38:01,599

government personnel to be more

991

00:38:06,150 --> 00:38:03,760

forthcoming to congress that's always

992

00:38:08,310 --> 00:38:06,160

been the issue whether it's a deep black

993

00:38:11,190 --> 00:38:08,320

program which is the most difficult or

994

00:38:12,790 --> 00:38:11,200

even even there's data out there that

995

00:38:14,470 --> 00:38:12,800

we're not seeing that's not buried in

996

00:38:16,390 --> 00:38:14,480

black programs it's just not being

997

00:38:19,510 --> 00:38:16,400

shared or if it is being shared it's

998

00:38:21,670 --> 00:38:19,520

still considered too sensitive for us to

999

00:38:22,470 --> 00:38:21,680

see because of sources and methods which

1000

00:38:24,230 --> 00:38:22,480

don't

1001

00:38:26,550 --> 00:38:24,240

it's it's the most annoying thing you

1002

00:38:28,390 --> 00:38:26,560

know they can you know they can black

1003

00:38:30,390 --> 00:38:28,400

out information enough information to

1004

00:38:31,750 --> 00:38:30,400

show us what some of these objects are

1005

00:38:33,910 --> 00:38:31,760

doing assuming

1006

00:38:35,190 --> 00:38:33,920

we have videos of objects making 90

1007

00:38:37,670 --> 00:38:35,200

degree turns

1008

00:38:39,910 --> 00:38:37,680

and you know stopping on a dime instant

1009

00:38:41,349 --> 00:38:39,920

almost instantaneous acceleration you

1010

00:38:43,430 --> 00:38:41,359

know we have somebody brought it up the

1011

00:38:45,430 --> 00:38:43,440

other day and said well we do have that

1012

00:38:46,390 --> 00:38:45,440

video from nasa sts

1013

00:38:49,349 --> 00:38:46,400

48

1014

00:38:50,470 --> 00:38:49,359

which shows an object and then all

1015

00:38:52,310 --> 00:38:50,480

sudden it just

1016

00:38:54,230 --> 00:38:52,320

totally turns direction and just shoots

1017

00:38:56,470 --> 00:38:54,240

off and then something comes up from

1018

00:38:58,870 --> 00:38:56,480

below looks like it could be a weapon or

1019

00:39:01,349 --> 00:38:58,880

it could be just it was ice particles

1020

00:39:03,910 --> 00:39:01,359

from the shuttle that were being pushed

1021

00:39:05,270 --> 00:39:03,920

as the engines you know the gas from the

1022

00:39:07,589 --> 00:39:05,280

engines went on that's that was the

1023

00:39:09,510 --> 00:39:07,599

skeptical argument you know jack dr jack

1024

00:39:11,430 --> 00:39:09,520

cashier who was a physicist not sure if

1025

00:39:12,550 --> 00:39:11,440

he's still alive but he did a really

1026
00:39:14,630 --> 00:39:12,560
excellent

1027
00:39:15,589 --> 00:39:14,640
presentation back then this was the 90s

1028
00:39:19,589 --> 00:39:15,599
i think

1029
00:39:20,870 --> 00:39:19,599
conferences i'm not sure

1030
00:39:22,870 --> 00:39:20,880
um

1031
00:39:24,470 --> 00:39:22,880
becca bender

1032
00:39:26,950 --> 00:39:24,480
where was i going with that with oh yeah

1033
00:39:29,030 --> 00:39:26,960
some of you know yes i told somebody yes

1034
00:39:30,710 --> 00:39:29,040
i think we have that evidence but none

1035
00:39:33,430 --> 00:39:30,720
of us have none of us have ever seen

1036
00:39:35,990 --> 00:39:33,440
that evidence so it's been kept

1037
00:39:38,230 --> 00:39:36,000
quiet it hasn't leaked

1038
00:39:39,430 --> 00:39:38,240

you know people the skeptics the bunkers

1039

00:39:42,630 --> 00:39:39,440

skeptics

1040

00:39:44,630 --> 00:39:42,640

said where is it you know they cannot

1041

00:39:47,190 --> 00:39:44,640

keep it secret all this time no it

1042

00:39:49,589 --> 00:39:47,200

doesn't exist we don't think it exists

1043

00:39:51,030 --> 00:39:49,599

i do understand that thinking but

1044

00:39:53,030 --> 00:39:51,040

there's been so many people who have

1045

00:39:54,390 --> 00:39:53,040

reported seeing that just fraver and

1046

00:39:56,069 --> 00:39:54,400

dietrich alone

1047

00:39:57,270 --> 00:39:56,079

seeing something shoot off like a bat

1048

00:39:58,710 --> 00:39:57,280

out of hell

1049

00:40:00,470 --> 00:39:58,720

you can make an argument that the tic

1050

00:40:02,069 --> 00:40:00,480

tac was black technology i will not

1051
00:40:03,990 --> 00:40:02,079
argue that i've made a slight argument

1052
00:40:05,990 --> 00:40:04,000
on that when i first wrote an article

1053
00:40:06,790 --> 00:40:06,000
with dave beatty like we talked about it

1054
00:40:08,950 --> 00:40:06,800
but

1055
00:40:11,430 --> 00:40:08,960
at the very least it's it's

1056
00:40:13,829 --> 00:40:11,440
instantaneous or close to instantaneous

1057
00:40:15,430 --> 00:40:13,839
acceleration like a bat out of hell and

1058
00:40:16,550 --> 00:40:15,440
as far as we know we don't have that

1059
00:40:23,349 --> 00:40:16,560
technology

1060
00:40:26,630 --> 00:40:25,190
for instance lawmakers and staff have

1061
00:40:28,230 --> 00:40:26,640
been discussing the possibility of

1062
00:40:30,390 --> 00:40:28,240
taking new steps to encourage

1063
00:40:31,990 --> 00:40:30,400

individuals with pertinent information

1064

00:40:34,069 --> 00:40:32,000

to come forward according to four

1065

00:40:35,829 --> 00:40:34,079

current and former officials and a pair

1066

00:40:38,550 --> 00:40:35,839

of congressional staffers

1067

00:40:40,309 --> 00:40:38,560

the uap coalition the seu

1068

00:40:41,990 --> 00:40:40,319

raised the prospect that congress may

1069

00:40:44,069 --> 00:40:42,000

need to push legislation to allow

1070

00:40:45,829 --> 00:40:44,079

personnel who signed nondisclosure

1071

00:40:47,990 --> 00:40:45,839

agreements or were directed not to

1072

00:40:49,349 --> 00:40:48,000

discuss their knowledge of incidents to

1073

00:40:50,950 --> 00:40:49,359

share what they know

1074

00:40:53,750 --> 00:40:50,960

getting we're getting closer to the

1075

00:40:55,589 --> 00:40:53,760

amnesty but not exactly

1076
00:40:57,109 --> 00:40:55,599
they should discuss what they know share

1077
00:40:58,630 --> 00:40:57,119
what they know as long as they are not

1078
00:41:01,190 --> 00:40:58,640
publicly revealing classified

1079
00:41:03,670 --> 00:41:01,200
information that kind of like

1080
00:41:04,950 --> 00:41:03,680
that's kind of the information we want

1081
00:41:07,349 --> 00:41:04,960
we want to see the classified

1082
00:41:08,950 --> 00:41:07,359
information with the sources and methods

1083
00:41:10,870 --> 00:41:08,960
you know scrubbed out

1084
00:41:13,109 --> 00:41:10,880
information that you know could danger

1085
00:41:14,470 --> 00:41:13,119
our troops fine

1086
00:41:16,870 --> 00:41:14,480
but we need to see classified

1087
00:41:18,790 --> 00:41:16,880
information so that sentence right there

1088
00:41:20,790 --> 00:41:18,800

well yeah they're they're gonna they're

1089

00:41:22,870 --> 00:41:20,800

gonna discuss their knowledge i mean yes

1090

00:41:25,270 --> 00:41:22,880

don't get me wrong some of the in some

1091

00:41:27,670 --> 00:41:25,280

of these incidents could be amazing if

1092

00:41:29,750 --> 00:41:27,680

you hear you know a high-ranking

1093

00:41:31,670 --> 00:41:29,760

person in our government or the dod talk

1094

00:41:33,750 --> 00:41:31,680

about it and then one after another

1095

00:41:35,349 --> 00:41:33,760

talking about it and pilots you know

1096

00:41:36,790 --> 00:41:35,359

that's not classified information the

1097

00:41:38,790 --> 00:41:36,800

classified information would be the

1098

00:41:41,510 --> 00:41:38,800

actual video which would give away

1099

00:41:43,510 --> 00:41:41,520

possibly source and sources and methods

1100

00:41:45,430 --> 00:41:43,520

we need both we need the video and the

1101
00:41:47,430 --> 00:41:45,440
testimony but for now would i take the

1102
00:41:49,030 --> 00:41:47,440
testimony of course you know

1103
00:41:50,150 --> 00:41:49,040
that you know

1104
00:41:51,829 --> 00:41:50,160
you know the

1105
00:41:53,670 --> 00:41:51,839
i will call these folks the bunkers they

1106
00:41:55,030 --> 00:41:53,680
will continuously say well there we it's

1107
00:41:56,710 --> 00:41:55,040
just an anecdote you know it's just an

1108
00:41:58,470 --> 00:41:56,720
anecdote but not all

1109
00:41:59,750 --> 00:41:58,480
anecdotes are the same when you have

1110
00:42:01,270 --> 00:41:59,760
somebody like that

1111
00:42:03,349 --> 00:42:01,280
speaking about their experience like

1112
00:42:04,710 --> 00:42:03,359
fravor dietrich eric davis talking about

1113
00:42:06,710 --> 00:42:04,720

one of the most controversial

1114

00:42:08,470 --> 00:42:06,720

experiences on skinwalker ranch do

1115

00:42:10,150 --> 00:42:08,480

people think he's gonna lie i mean why

1116

00:42:12,870 --> 00:42:10,160

would he talk talk about something that

1117

00:42:14,710 --> 00:42:12,880

makes him look too many people like he's

1118

00:42:16,870 --> 00:42:14,720

crazy most people who don't even follow

1119

00:42:19,190 --> 00:42:16,880

this subject hear that oh dr eric davis

1120

00:42:21,510 --> 00:42:19,200

was frozen in place on skinwalker ranch

1121

00:42:23,430 --> 00:42:21,520

and had multiple male voices talking to

1122

00:42:25,510 --> 00:42:23,440

him yeah that's something he wants to

1123

00:42:27,349 --> 00:42:25,520

share because it boosts his credibility

1124

00:42:30,470 --> 00:42:27,359

right i mean i've seen brian bender say

1125

00:42:31,910 --> 00:42:30,480

eric davis has very no credibility why

1126

00:42:33,270 --> 00:42:31,920

because he speaks the truth he's an

1127

00:42:34,710 --> 00:42:33,280

experiencer he spoke the truth about

1128

00:42:37,190 --> 00:42:34,720

what happened to him so

1129

00:42:39,910 --> 00:42:37,200

you know like i said you see folks like

1130

00:42:41,030 --> 00:42:39,920

that sharing their experiences it has

1131

00:42:44,710 --> 00:42:41,040

more

1132

00:42:46,309 --> 00:42:44,720

people and i think the american public

1133

00:42:47,990 --> 00:42:46,319

is smart enough to realize that and not

1134

00:42:49,910 --> 00:42:48,000

listening to the debunkers

1135

00:42:51,190 --> 00:42:49,920

who don't even consider who's speaking

1136

00:42:54,150 --> 00:42:51,200

when they when they share their

1137

00:42:56,150 --> 00:42:54,160

experiences their personal experiences

1138

00:42:57,430 --> 00:42:56,160

and if it's multiple people seeing

1139

00:42:59,109 --> 00:42:57,440

the same thing and they're talking about

1140

00:43:01,270 --> 00:42:59,119

it on capitol hill that's also going to

1141

00:43:04,230 --> 00:43:01,280

help

1142

00:43:07,030 --> 00:43:04,240

now i'm getting worked up

1143

00:43:12,069 --> 00:43:09,510

only with credible verified data on uap

1144

00:43:14,069 --> 00:43:12,079

reports then and now can modern

1145

00:43:18,150 --> 00:43:14,079

technology be used to fully analyze the

1146

00:43:21,109 --> 00:43:19,270

so

1147

00:43:23,670 --> 00:43:21,119

yeah

1148

00:43:27,430 --> 00:43:23,680

they're working on better technology to

1149

00:43:28,309 --> 00:43:27,440

capture video of uap you can never have

1150

00:43:29,990 --> 00:43:28,319

enough

1151

00:43:31,829 --> 00:43:30,000

good technology and

1152

00:43:34,309 --> 00:43:31,839

like people have said those those

1153

00:43:37,750 --> 00:43:34,319

instruments i think the preliminary

1154

00:43:39,190 --> 00:43:37,760

analysis prelim preliminary report said

1155

00:43:42,150 --> 00:43:39,200

you know that technology it wasn't

1156

00:43:47,910 --> 00:43:42,160

designed to capture ufos going 20 000

1157

00:43:54,230 --> 00:43:50,950

so yeah we need better data better data

1158

00:43:56,550 --> 00:43:54,240

credible verified data

1159

00:43:58,230 --> 00:43:56,560

and then we can analyze everything but

1160

00:44:00,309 --> 00:43:58,240

getting the data is the tough part like

1161

00:44:01,829 --> 00:44:00,319

pulling teeth from some of these folks i

1162

00:44:03,349 --> 00:44:01,839

remember reading an article it might

1163

00:44:05,829 --> 00:44:03,359

have been political where you know

1164

00:44:08,309 --> 00:44:05,839

they're saying certain people like i the

1165

00:44:10,150 --> 00:44:08,319

people in the dod are saying i have ufo

1166

00:44:12,150 --> 00:44:10,160

data but nobody's come to ask me about

1167

00:44:15,190 --> 00:44:12,160

it which is embarrassing it's like

1168

00:44:17,349 --> 00:44:15,200

really get your act together

1169

00:44:19,750 --> 00:44:17,359

and here's a quote from javi loeb can we

1170

00:44:21,670 --> 00:44:19,760

get the highest quality uap data to

1171

00:44:23,430 --> 00:44:21,680

scientists who will analyze it

1172

00:44:26,069 --> 00:44:23,440

methodically and quanti

1173

00:44:28,230 --> 00:44:26,079

quantitatively said avilo who heads the

1174

00:44:29,990 --> 00:44:28,240

galileo project at harvard university

1175

00:44:31,349 --> 00:44:30,000

and has worked with nasa and the space

1176

00:44:33,349 --> 00:44:31,359

force

1177

00:44:35,430 --> 00:44:33,359

future cooperation between government

1178

00:44:36,790 --> 00:44:35,440

and science will help us understand the

1179

00:44:38,710 --> 00:44:36,800

unknown

1180

00:44:41,190 --> 00:44:38,720

that's avilobe

1181

00:44:43,190 --> 00:44:41,200

robe said he is eager quote to engage my

1182

00:44:45,349 --> 00:44:43,200

research team at harvard in a detailed

1183

00:44:47,349 --> 00:44:45,359

analysis of such data should the

1184

00:44:49,430 --> 00:44:47,359

government be interested in sharing it

1185

00:44:51,829 --> 00:44:49,440

end quote what's becoming clear is that

1186

00:44:52,790 --> 00:44:51,839

the hearing is likely to be a first step

1187

00:44:58,069 --> 00:44:52,800

which

1188

00:45:00,069 --> 00:44:58,079

expectations are zero i'm going to enjoy

1189

00:45:01,910 --> 00:45:00,079

it hopefully there'll be some

1190

00:45:03,510 --> 00:45:01,920

did he just say that

1191

00:45:05,349 --> 00:45:03,520

moments

1192

00:45:06,790 --> 00:45:05,359

in the hearings

1193

00:45:08,470 --> 00:45:06,800

two hours so i think we'll get some

1194

00:45:10,150 --> 00:45:08,480

we'll get some interesting comments i

1195

00:45:11,589 --> 00:45:10,160

think and i'm sure we'll get frustrated

1196

00:45:15,349 --> 00:45:11,599

at parts and we'll start yelling at the

1197

00:45:17,030 --> 00:45:15,359

tv like i do during hockey games

1198

00:45:19,910 --> 00:45:17,040

quote i think there are going to be good

1199

00:45:22,309 --> 00:45:19,920

questions said the dod official who said

1200

00:45:24,710 --> 00:45:22,319

he has viewed some videos of uaps that

1201

00:45:26,230 --> 00:45:24,720

have not been made public

1202

00:45:27,910 --> 00:45:26,240

but i think they're going to lead to

1203

00:45:30,870 --> 00:45:27,920

more questions of course it's the

1204

00:45:35,430 --> 00:45:33,349

but there are back to bender there but

1205

00:45:37,270 --> 00:45:35,440

there are also and i'm trying to be as

1206

00:45:38,790 --> 00:45:37,280

clear as i i can because i do want to

1207

00:45:40,309 --> 00:45:38,800

get these onto and people have asked me

1208

00:45:42,550 --> 00:45:40,319

to put these on audio and i have not

1209

00:45:44,230 --> 00:45:42,560

done it yet i have to pay for

1210

00:45:46,069 --> 00:45:44,240

to have a good service i need to pay for

1211

00:45:47,750 --> 00:45:46,079

it and i need to do it so i can put

1212

00:45:50,470 --> 00:45:47,760

these as audio um

1213

00:45:55,430 --> 00:45:53,030

so bender continues but there are also

1214

00:45:59,109 --> 00:45:55,440

concerns it will be more theater than

1215

00:46:00,950 --> 00:45:59,119

anything else yeah that's possible

1216

00:46:03,510 --> 00:46:00,960

last quote

1217

00:46:05,670 --> 00:46:03,520

by vale jacques valet

1218

00:46:07,670 --> 00:46:05,680

congressional inquiries on this subject

1219

00:46:09,349 --> 00:46:07,680

have often turned out to have

1220

00:46:11,430 --> 00:46:09,359

entertainment value

1221

00:46:14,550 --> 00:46:11,440

and little substance

1222

00:46:16,870 --> 00:46:14,560

but this case may be an exception

1223

00:46:19,510 --> 00:46:16,880

we may be touching a real issue with a

1224

00:46:21,910 --> 00:46:19,520

serious purpose so you know valet has

1225

00:46:23,349 --> 00:46:21,920

opened to the positive angle of tomorrow

1226
00:46:25,670 --> 00:46:23,359
morning

1227
00:46:27,430 --> 00:46:25,680
and

1228
00:46:30,069 --> 00:46:27,440
i am too i don't know what's gonna

1229
00:46:31,670 --> 00:46:30,079
happen i have no idea like i said i put

1230
00:46:35,910 --> 00:46:31,680
feelers out

1231
00:46:39,190 --> 00:46:37,990
and so

1232
00:46:41,589 --> 00:46:39,200
i don't know

1233
00:46:46,309 --> 00:46:41,599
let me see i'll check to see if i have

1234
00:46:46,319 --> 00:46:49,829
um no

1235
00:46:56,870 --> 00:46:51,750
so

1236
00:46:58,309 --> 00:46:56,880
six hours six hours away from the first

1237
00:47:00,230 --> 00:46:58,319
hearing since

1238
00:47:01,589 --> 00:47:00,240

the 60s

1239

00:47:05,589 --> 00:47:01,599

uh if you have any questions i'll just

1240

00:47:05,599 --> 00:47:08,829

yeah i appreciate that

1241

00:47:13,030 --> 00:47:11,430

abccba if any anybody asked questions

1242

00:47:16,470 --> 00:47:13,040

earlier just let me know

1243

00:47:18,550 --> 00:47:16,480

thanks gabby it's been a while

1244

00:47:20,309 --> 00:47:18,560

i'm sorry there's been

1245

00:47:22,710 --> 00:47:20,319

good reasons why i haven't done a live

1246

00:47:25,030 --> 00:47:22,720

stream and there and are bad reasons bad

1247

00:47:28,150 --> 00:47:25,040

reasons are i don't like being on camera

1248

00:47:29,750 --> 00:47:28,160

and i would rather be on twitter

1249

00:47:31,589 --> 00:47:29,760

good reasons ah you don't need to hear

1250

00:47:37,510 --> 00:47:31,599

about that just it's been a struggle

1251
00:47:40,790 --> 00:47:38,950
please look over what i have been

1252
00:47:42,710 --> 00:47:40,800
talking about i

1253
00:47:43,589 --> 00:47:42,720
whatever if you're talking to me you

1254
00:47:47,190 --> 00:47:43,599
need to

1255
00:47:50,309 --> 00:47:48,710
two-face you know

1256
00:47:51,510 --> 00:47:50,319
i am somebody who thinks they're you

1257
00:47:52,950 --> 00:47:51,520
know the face on mars and the

1258
00:47:55,030 --> 00:47:52,960
surrounding

1259
00:47:57,030 --> 00:47:55,040
structures are artificial but the only

1260
00:47:59,109 --> 00:47:57,040
way to know for sure is to send people

1261
00:48:02,390 --> 00:47:59,119
there you can get the best pictures you

1262
00:48:03,990 --> 00:48:02,400
want um an example in japan they dove

1263
00:48:06,150 --> 00:48:04,000

off the coast of japan that something

1264

00:48:07,910 --> 00:48:06,160

looked like a step pyramid you know and

1265

00:48:09,510 --> 00:48:07,920

they had geologists who were diving one

1266

00:48:12,230 --> 00:48:09,520

geologist said this is definitely

1267

00:48:14,710 --> 00:48:12,240

artificial the other archaeologist said

1268

00:48:15,430 --> 00:48:14,720

where geologists said nope it's natural

1269

00:48:16,870 --> 00:48:15,440

so

1270

00:48:18,790 --> 00:48:16,880

even if you have people there on site

1271

00:48:21,750 --> 00:48:18,800

it's going to be tough but mars

1272

00:48:25,829 --> 00:48:21,760

hopefully we get people up there in um

1273

00:48:31,109 --> 00:48:28,150

yeah i'm i'm not really dealing with

1274

00:48:34,069 --> 00:48:31,119

nasa right now um

1275

00:48:35,990 --> 00:48:34,079

or um

1276

00:48:37,349 --> 00:48:36,000

mars although i love mars mars was one

1277

00:48:38,309 --> 00:48:37,359

of the first things i got into in this

1278

00:48:40,150 --> 00:48:38,319

field

1279

00:48:44,150 --> 00:48:40,160

i didn't know about

1280

00:48:49,510 --> 00:48:47,109

heidi i am fine i had a massage today

1281

00:48:51,750 --> 00:48:49,520

because my neck is messed up for some

1282

00:48:53,270 --> 00:48:51,760

unknown reason and it's been a problem

1283

00:48:58,390 --> 00:48:53,280

but

1284

00:49:02,950 --> 00:49:00,950

um so anyway all right no questions and

1285

00:49:06,309 --> 00:49:02,960

i'm going to try to go to bed early and

1286

00:49:07,190 --> 00:49:06,319

i will be on here at 5 30

1287

00:49:09,510 --> 00:49:07,200

so

1288

00:49:11,270 --> 00:49:09,520

maybe 5 45 i need to set up that stream

1289

00:49:12,630 --> 00:49:11,280

too

1290

00:49:14,230 --> 00:49:12,640

and tomorrow

1291

00:49:15,750 --> 00:49:14,240

if you guys

1292

00:49:17,670 --> 00:49:15,760

if there's if there's a break in the

1293

00:49:18,950 --> 00:49:17,680

hearing for two hours i will jump in and

1294

00:49:21,829 --> 00:49:18,960

comment and

1295

00:49:23,990 --> 00:49:21,839

hopefully i can stream it on here

1296

00:49:26,230 --> 00:49:24,000

because i don't think anything congress

1297

00:49:28,870 --> 00:49:26,240

does is copyrighted so it should be no

1298

00:49:34,470 --> 00:49:30,470

and um i'll just go over some other

1299

00:49:38,870 --> 00:49:34,480

comments you guys said earlier let's see

1300

00:49:42,870 --> 00:49:40,870

oh the pentagon

1301

00:49:44,870 --> 00:49:42,880

yeah

1302

00:49:47,190 --> 00:49:44,880

i did a show when i had my ufo joe show

1303

00:49:49,349 --> 00:49:47,200

in tampa it was um

1304

00:49:51,829 --> 00:49:49,359

at stanley mcdaniel who was a professor

1305

00:49:53,349 --> 00:49:51,839

emeritus from sonoma state university

1306

00:49:55,589 --> 00:49:53,359

wrote a book about mars called the

1307

00:49:56,950 --> 00:49:55,599

mcdaniel report and then i had mcdaniel

1308

00:49:59,829 --> 00:49:56,960

report and then i had

1309

00:50:02,150 --> 00:49:59,839

professor professor dr james strange who

1310

00:50:03,910 --> 00:50:02,160

was a professor of archaeology and

1311

00:50:07,670 --> 00:50:03,920

he was also interested in mars it was

1312

00:50:09,349 --> 00:50:07,680

great i had james strange in the studio

1313

00:50:10,950 --> 00:50:09,359

i may disagree with joe a lot but i

1314

00:50:13,190 --> 00:50:10,960

appreciate his dedicated work and

1315

00:50:14,950 --> 00:50:13,200

transcripts often and one day i'll get

1316

00:50:17,270 --> 00:50:14,960

the transcripts that are sitting on my

1317

00:50:18,710 --> 00:50:17,280

blog that just need to be finished out

1318

00:50:20,710 --> 00:50:18,720

because i have a lot of them including

1319

00:50:21,910 --> 00:50:20,720

lou with jimmy church that not a lot of

1320

00:50:22,950 --> 00:50:21,920

people saw

1321

00:50:25,910 --> 00:50:22,960

um

1322

00:50:26,950 --> 00:50:25,920

i have i think i'm close to done with

1323

00:50:27,990 --> 00:50:26,960

lou

1324

00:50:29,510 --> 00:50:28,000

on

1325

00:50:30,870 --> 00:50:29,520

theories of everything the first

1326

00:50:31,910 --> 00:50:30,880

interview which was one of his best

1327

00:50:33,589 --> 00:50:31,920

interviews i'm not going to do the

1328

00:50:36,390 --> 00:50:33,599

second one with sean i'm not going to do

1329

00:50:41,270 --> 00:50:39,670

and then i enjoyed him on howard hughes

1330

00:50:42,790 --> 00:50:41,280

yesterday which i love howard views i

1331

00:50:45,510 --> 00:50:42,800

love his accent

1332

00:50:47,109 --> 00:50:45,520

that guy is one of my favorite hosts

1333

00:50:50,630 --> 00:50:47,119

and um

1334

00:50:53,589 --> 00:50:50,640

there is a channel on youtube

1335

00:50:57,030 --> 00:50:53,599

also cspan3 so

1336

00:50:59,750 --> 00:50:57,040

and also i'll do it here tomorrow

1337

00:51:02,549 --> 00:50:59,760

hopefully you're welcome teresa um

1338

00:51:04,470 --> 00:51:02,559

hopefully i didn't stumble too much

1339

00:51:06,390 --> 00:51:04,480

reading that article which i was excited

1340

00:51:08,230 --> 00:51:06,400

when i first read it and then

1341

00:51:09,510 --> 00:51:08,240

like i said it got worse as i went on

1342

00:51:10,630 --> 00:51:09,520

but that doesn't mean tomorrow is going

1343

00:51:11,990 --> 00:51:10,640

to be bad

1344

00:51:14,230 --> 00:51:12,000

um let's

1345

00:51:16,549 --> 00:51:14,240

but i do want to harp on that

1346

00:51:17,910 --> 00:51:16,559

issue i have with melon

1347

00:51:20,390 --> 00:51:17,920

telling us that

1348

00:51:22,069 --> 00:51:20,400

ossap is a small it's an effort with a

1349

00:51:24,390 --> 00:51:22,079

small not so he may not have used the

1350

00:51:26,230 --> 00:51:24,400

word small but he kind of downplayed it

1351
00:51:28,870 --> 00:51:26,240
saying it was a private contractor but

1352
00:51:30,870 --> 00:51:28,880
like i said 50 full-time employees

1353
00:51:33,510 --> 00:51:30,880
and now we're dealing with two full-time

1354
00:51:35,670 --> 00:51:33,520
positions which is a joke

1355
00:51:38,549 --> 00:51:35,680
what we really need is we need a

1356
00:51:40,710 --> 00:51:38,559
billionaire to just pour his funds or

1357
00:51:43,829 --> 00:51:40,720
her funds into a private

1358
00:51:46,630 --> 00:51:43,839
ostep effort and when i say assap i mean

1359
00:51:48,870 --> 00:51:46,640
follow the evidence wherever it goes

1360
00:51:50,790 --> 00:51:48,880
if somebody reports

1361
00:51:52,950 --> 00:51:50,800
a ufo close encounter and then all of

1362
00:51:54,470 --> 00:51:52,960
this other related phenomena

1363
00:51:55,990 --> 00:51:54,480

do not

1364

00:51:57,030 --> 00:51:56,000

dismiss it just

1365

00:51:59,190 --> 00:51:57,040

take it

1366

00:52:01,030 --> 00:51:59,200

study it bring in scientists bring in

1367

00:52:02,150 --> 00:52:01,040

doctors it's simple it's like don't

1368

00:52:07,589 --> 00:52:02,160

judge it

1369

00:52:10,870 --> 00:52:08,790

all right

1370

00:52:11,589 --> 00:52:10,880

macaren i have barely enough time to

1371

00:52:13,510 --> 00:52:11,599

make

1372

00:52:15,430 --> 00:52:13,520

my live stream for tomorrow i don't know

1373

00:52:17,829 --> 00:52:15,440

what your channel is so

1374

00:52:19,510 --> 00:52:17,839

um go on twitter i mean people refuse to

1375

00:52:21,109 --> 00:52:19,520

go on twitter i'm i'm the most

1376

00:52:23,190 --> 00:52:21,119

accessible on twitter

1377

00:52:25,510 --> 00:52:23,200

sometimes people respond and i can't

1378

00:52:27,349 --> 00:52:25,520

keep up but plenty of times i'm on there

1379

00:52:29,430 --> 00:52:27,359

and if you get my attention and tag me i

1380

00:52:30,950 --> 00:52:29,440

will get to see it linked to me

1381

00:52:32,390 --> 00:52:30,960

i'll check it out all right so i'll see

1382

00:52:33,589 --> 00:52:32,400

you guys tomorrow morning thanks for

1383

00:52:35,030 --> 00:52:33,599

listening

1384

00:52:36,549 --> 00:52:35,040

exciting times

1385

00:52:39,510 --> 00:52:36,559

it's a big first step

1386

00:52:41,990 --> 00:52:40,630

i think they're going to downplay it

1387

00:52:43,349 --> 00:52:42,000

tomorrow but i really hope they shock

1388

00:52:44,950 --> 00:52:43,359

everyone i think they need to shock the

1389

00:52:47,750 --> 00:52:44,960

people to really crack this open to the

1390

00:52:49,510 --> 00:52:47,760

public it all depends on congress it all

1391

00:52:51,670 --> 00:52:49,520

depends on what questions they ask it

1392

00:52:53,589 --> 00:52:51,680

all depends on you know them staying on

1393

00:52:55,030 --> 00:52:53,599

top of this and the senate isn't has not

1394

00:52:57,270 --> 00:52:55,040

even gotten their hands on this yet when

1395

00:52:59,349 --> 00:52:57,280

the senate does hearings you'll see i

1396

00:53:01,750 --> 00:52:59,359

think rubio and gillibrand are not gonna

1397

00:53:03,990 --> 00:53:01,760

are not gonna be easy on these folks you

1398

00:53:05,589 --> 00:53:04,000

saw how gillibrand was with on the

1399

00:53:07,670 --> 00:53:05,599

inspector general in that his

1400

00:53:09,589 --> 00:53:07,680

confirmation hearing she's like you need

1401

00:53:11,829 --> 00:53:09,599

to get back to me and the guy was like

1402

00:53:12,870 --> 00:53:11,839

okay so we haven't heard back from that

1403

00:53:15,349 --> 00:53:12,880

um

1404

00:53:17,589 --> 00:53:15,359

yeah thanks guys i will see you tomorrow

1405

00:53:18,790 --> 00:53:17,599

glad to do it i will do more i get to

1406

00:53:20,870 --> 00:53:18,800

get over my

1407

00:53:23,510 --> 00:53:20,880

lack of interest of video because i know

1408

00:53:24,549 --> 00:53:23,520

so many people want youtube over twitter

1409

00:53:26,069 --> 00:53:24,559

um
