

1
00:00:28,480 --> 00:00:32,440
okay

2
00:00:38,389 --> 00:00:34,470
[Music]

3
00:00:41,830 --> 00:00:38,399
i promised i would do a video on this

4
00:00:46,549 --> 00:00:41,840
article in real clear science on michio

5
00:00:48,630 --> 00:00:47,750
he

6
00:00:51,270 --> 00:00:48,640
is

7
00:00:54,389 --> 00:00:51,280
a very mainstream

8
00:00:56,389 --> 00:00:54,399
physicist and futurist and

9
00:00:58,470 --> 00:00:56,399
i saw the article and i know a lot of

10
00:01:00,310 --> 00:00:58,480
people were upset that they were

11
00:01:03,270 --> 00:01:00,320
attacking

12
00:01:05,189 --> 00:01:03,280
mr kaku um but

13
00:01:07,270 --> 00:01:05,199

i had a different take on the article

14

00:01:09,990 --> 00:01:07,280

and i just wanted to go through it

15

00:01:13,109 --> 00:01:10,000

and just give you my take which

16

00:01:15,109 --> 00:01:13,119

may annoy some people so

17

00:01:16,469 --> 00:01:15,119

i'll read it and it this will be a quick

18

00:01:18,789 --> 00:01:16,479

video

19

00:01:20,870 --> 00:01:18,799

and let me let me do something first so

20

00:01:23,510 --> 00:01:20,880

you guys know

21

00:01:25,109 --> 00:01:23,520

a little more

22

00:01:27,109 --> 00:01:25,119

just a little history of where he is

23

00:01:29,109 --> 00:01:27,119

coming from when he first started take

24

00:01:30,710 --> 00:01:29,119

talking about ufos

25

00:01:32,230 --> 00:01:30,720

and i'm doing this

26

00:01:33,990 --> 00:01:32,240

slightly different in a different

27

00:01:36,310 --> 00:01:34,000

location than normal

28

00:01:38,149 --> 00:01:36,320

so i don't get interrupted as much

29

00:01:40,550 --> 00:01:38,159

sorry if the the computer is moving

30

00:01:43,190 --> 00:01:40,560

around a little bit

31

00:01:45,429 --> 00:01:43,200

i wrote a blog on my on my i wrote a

32

00:01:47,030 --> 00:01:45,439

blog on my blog

33

00:01:48,710 --> 00:01:47,040

um

34

00:01:50,469 --> 00:01:48,720

talking about different ufo

35

00:01:52,950 --> 00:01:50,479

documentaries that have air different

36

00:01:54,389 --> 00:01:52,960

air different tv shows related to ufos

37

00:01:56,230 --> 00:01:54,399

that have aired

38

00:01:58,389 --> 00:01:56,240

and one of them was

39

00:01:59,670 --> 00:01:58,399

one part of the article i wrote talked

40

00:02:03,590 --> 00:01:59,680

about

41

00:02:06,389 --> 00:02:03,600

the fourth installment of abc news.com's

42

00:02:08,550 --> 00:02:06,399

monthly webcast was chris wallace's

43

00:02:11,029 --> 00:02:08,560

internet expose

44

00:02:13,510 --> 00:02:11,039

ufo 2000

45

00:02:15,510 --> 00:02:13,520

so this aired in 2000 on the internet it

46

00:02:18,470 --> 00:02:15,520

was hosted by chris wallace used to be

47

00:02:20,229 --> 00:02:18,480

fox news i think now he's cnn

48

00:02:21,670 --> 00:02:20,239

and i remember watching it i'm like oh

49

00:02:23,270 --> 00:02:21,680

this is a big deal this is going to be a

50

00:02:25,990 --> 00:02:23,280

breakthrough we're getting coverage

51
00:02:27,910 --> 00:02:26,000
coverage online with chris wallace

52
00:02:32,229 --> 00:02:27,920
who's mike wallace's brother who used to

53
00:02:36,390 --> 00:02:34,229
it was an old interview it's on youtube

54
00:02:37,430 --> 00:02:36,400
in black and white i think it's

55
00:02:38,550 --> 00:02:37,440
um

56
00:02:39,910 --> 00:02:38,560
root belt

57
00:02:42,070 --> 00:02:39,920
he interviewed

58
00:02:43,589 --> 00:02:42,080
and i hope i have that right

59
00:02:45,990 --> 00:02:43,599
but anyway

60
00:02:49,270 --> 00:02:46,000
so the special featured nick pope and

61
00:02:51,350 --> 00:02:49,280
this is 2000 so it's 22 years ago

62
00:02:54,309 --> 00:02:51,360
um they had michael shermer and then

63
00:02:56,630 --> 00:02:54,319

63 michio kaku was the last day it was

64

00:02:57,830 --> 00:02:56,640

three days of a webcast

65

00:03:00,550 --> 00:02:57,840

and

66

00:03:02,149 --> 00:03:00,560

kaku's quotes from the webcast back in

67

00:03:04,309 --> 00:03:02,159

2000 were

68

00:03:06,550 --> 00:03:04,319

quote we earthlings are just too

69

00:03:08,710 --> 00:03:06,560

primitive right now to analyze what's on

70

00:03:10,710 --> 00:03:08,720

the other side of a wormhole

71

00:03:13,030 --> 00:03:10,720

but this could be a way by which you

72

00:03:15,990 --> 00:03:13,040

could leap across distant galaxies and

73

00:03:19,509 --> 00:03:16,000

perhaps even distort time itself

74

00:03:22,710 --> 00:03:19,519

that's still still a very prevalent

75

00:03:25,430 --> 00:03:22,720

argument and dr eric davis is one that

76

00:03:28,470 --> 00:03:25,440

specializes in wormholes

77

00:03:29,990 --> 00:03:28,480

another quote from kaku is quote if i

78

00:03:33,110 --> 00:03:30,000

was an alien from an advanced

79

00:03:36,390 --> 00:03:33,120

civilization i would say leave them

80

00:03:39,110 --> 00:03:36,400

the earth alone for a few thousand years

81

00:03:41,670 --> 00:03:39,120

maybe play with them but let's not make

82

00:03:42,630 --> 00:03:41,680

contact with them end quote

83

00:03:45,750 --> 00:03:42,640

and

84

00:03:46,710 --> 00:03:45,760

the webcast was executive produced

85

00:03:48,550 --> 00:03:46,720

by

86

00:03:50,390 --> 00:03:48,560

well we don't really need to know that

87

00:03:52,309 --> 00:03:50,400

i'm not sure if peter jennings had

88

00:03:53,750 --> 00:03:52,319

anything to do with that but abc news

89

00:03:55,509 --> 00:03:53,760

did go on

90

00:03:57,110 --> 00:03:55,519

they had a really good documentary

91

00:03:58,470 --> 00:03:57,120

hosted by peter jennings who is no

92

00:04:01,670 --> 00:03:58,480

longer with us

93

00:04:03,190 --> 00:04:01,680

on abc on abc television called ufos

94

00:04:04,949 --> 00:04:03,200

seeing as believing which i think you

95

00:04:07,750 --> 00:04:04,959

could find on youtube

96

00:04:09,910 --> 00:04:07,760

so kaku has been talking about ufos for

97

00:04:12,710 --> 00:04:09,920

at least 22 years

98

00:04:14,869 --> 00:04:12,720

and let me go back to the article

99

00:04:17,430 --> 00:04:14,879

from real

100

00:04:19,830 --> 00:04:17,440

clear science and i'll just read it and

101
00:04:22,230 --> 00:04:19,840
just give you my take on things

102
00:04:24,070 --> 00:04:22,240
that were said

103
00:04:26,070 --> 00:04:24,080
so it starts out

104
00:04:29,430 --> 00:04:26,080
michiokaku

105
00:04:31,990 --> 00:04:29,440
has always been a bit out there

106
00:04:34,550 --> 00:04:32,000
the 75 year old theoretical physicist

107
00:04:37,030 --> 00:04:34,560
and futurist at the city college of new

108
00:04:39,189 --> 00:04:37,040
york has made numerous contributions to

109
00:04:41,350 --> 00:04:39,199
the field of string theory

110
00:04:44,390 --> 00:04:41,360
and has written several best-selling

111
00:04:47,030 --> 00:04:44,400
books popularizing science

112
00:04:49,110 --> 00:04:47,040
through his musings regularly oh sorry

113
00:04:50,870 --> 00:04:49,120

about that he has written several

114

00:04:53,270 --> 00:04:50,880

best-selling books popularized

115

00:04:55,270 --> 00:04:53,280

popularizing science

116

00:04:57,670 --> 00:04:55,280

through his musings

117

00:05:00,870 --> 00:04:57,680

though his musings r musing

118

00:05:03,590 --> 00:05:00,880

sorry it's late though his musings

119

00:05:06,070 --> 00:05:03,600

regularly wander more into science

120

00:05:08,230 --> 00:05:06,080

fiction than solid fact

121

00:05:09,990 --> 00:05:08,240

kaku has generally been a great

122

00:05:12,150 --> 00:05:10,000

ambassador of science to the general

123

00:05:13,590 --> 00:05:12,160

public via his appearances in popular

124

00:05:15,670 --> 00:05:13,600

media

125

00:05:20,790 --> 00:05:15,680

but now

126
00:05:25,990 --> 00:05:23,830
his reputation and misleading the public

127
00:05:28,469 --> 00:05:26,000
through his unscientific

128
00:05:30,870 --> 00:05:28,479
new stance on ufos

129
00:05:33,749 --> 00:05:30,880
he articulated it when speaking with

130
00:05:35,110 --> 00:05:33,759
podcaster joe rogan early last early

131
00:05:36,950 --> 00:05:35,120
last month

132
00:05:39,510 --> 00:05:36,960
so here's a quote from kaku that's

133
00:05:41,430 --> 00:05:39,520
causing all the problems

134
00:05:42,390 --> 00:05:41,440
all the uproar

135
00:05:45,830 --> 00:05:42,400
quote

136
00:05:48,150 --> 00:05:45,840
the burden of proof has shifted he said

137
00:05:50,950 --> 00:05:48,160
it used to be the burden of proof was on

138
00:05:53,430 --> 00:05:50,960

the people who believe in ufos

139

00:05:55,189 --> 00:05:53,440

now the burden of proof has shifted to

140

00:05:57,029 --> 00:05:55,199

the pentagon

141

00:05:59,790 --> 00:05:57,039

to the military

142

00:06:01,749 --> 00:05:59,800

now they have to prove that these aren't

143

00:06:03,189 --> 00:06:01,759

extraterrestrial and he has said this

144

00:06:05,110 --> 00:06:03,199

before

145

00:06:06,790 --> 00:06:05,120

and i've i disagreed with it from the

146

00:06:08,790 --> 00:06:06,800

beginning no it's not it's not the

147

00:06:11,110 --> 00:06:08,800

pentagon's job or the military's job to

148

00:06:12,950 --> 00:06:11,120

prove these are not extraterrestrial we

149

00:06:16,070 --> 00:06:12,960

don't even know what they are

150

00:06:18,070 --> 00:06:16,080

um cannot prove a negative so it's

151
00:06:20,150 --> 00:06:18,080
when he said it a few years ago i was

152
00:06:22,150 --> 00:06:20,160
like nope i don't agree with that i i

153
00:06:24,150 --> 00:06:22,160
think it's the pentagon's job to explain

154
00:06:25,350 --> 00:06:24,160
to the american people why there are

155
00:06:27,909 --> 00:06:25,360
objects

156
00:06:30,309 --> 00:06:27,919
or craft that are

157
00:06:33,029 --> 00:06:30,319
you know flying with impunity in

158
00:06:35,029 --> 00:06:33,039
restricted airspace and our pilots are

159
00:06:36,550 --> 00:06:35,039
reporting them and getting frustrated

160
00:06:38,469 --> 00:06:36,560
because they're not getting taken

161
00:06:40,309 --> 00:06:38,479
seriously and we don't know what they

162
00:06:42,550 --> 00:06:40,319
are whether they're whether they're

163
00:06:44,230 --> 00:06:42,560

foreign adversarial whether they're

164

00:06:46,950 --> 00:06:44,240

drones whether they're

165

00:06:48,309 --> 00:06:46,960

et or whatever nobody knows what they

166

00:06:50,150 --> 00:06:48,319

are

167

00:06:51,830 --> 00:06:50,160

it needs to be taken seriously but it's

168

00:06:53,430 --> 00:06:51,840

not on the government to prove they're

169

00:06:55,909 --> 00:06:53,440

not extraterrestrial i think it's a

170

00:06:56,870 --> 00:06:55,919

ridiculous thing to say

171

00:06:58,870 --> 00:06:56,880

so

172

00:07:00,550 --> 00:06:58,880

i'm sure a lot of skeptics agree with me

173

00:07:03,110 --> 00:07:00,560

and i'm sorry they're right in this

174

00:07:06,550 --> 00:07:03,120

particular instance they're right

175

00:07:09,029 --> 00:07:06,560

and then there's more quotes from kaku

176

00:07:11,110 --> 00:07:09,039

where he says kaku he goes

177

00:07:12,150 --> 00:07:11,120

we have multiple sightings by multiple

178

00:07:13,909 --> 00:07:12,160

modes

179

00:07:16,309 --> 00:07:13,919

this is the gold standard for looking

180

00:07:18,790 --> 00:07:16,319

for these objects not just one person

181

00:07:21,430 --> 00:07:18,800

but several people who are reputable not

182

00:07:23,990 --> 00:07:21,440

just radar but visual sighting infrared

183

00:07:25,110 --> 00:07:24,000

sensors telescoping evidence i agree

184

00:07:27,189 --> 00:07:25,120

with that you know

185

00:07:29,110 --> 00:07:27,199

allegedly there's radar the only radar

186

00:07:31,110 --> 00:07:29,120

i've seen is the radar jeremy corbell

187

00:07:33,029 --> 00:07:31,120

posted um

188

00:07:34,629 --> 00:07:33,039

from inside the cic one of the navy

189

00:07:36,230 --> 00:07:34,639

ships and then there's also john

190

00:07:39,909 --> 00:07:36,240

callahan back

191

00:07:42,469 --> 00:07:39,919

the alaska airlines you a great ufo case

192

00:07:44,710 --> 00:07:42,479

he had the data from the radar that he

193

00:07:46,790 --> 00:07:44,720

kept which he was told to throw in the

194

00:07:48,869 --> 00:07:46,800

garbage he kept that so we have we have

195

00:07:50,869 --> 00:07:48,879

minimal radar but

196

00:07:53,029 --> 00:07:50,879

nothing else really that shows anything

197

00:07:56,629 --> 00:07:53,039

spectacular and i think we also might

198

00:07:59,830 --> 00:07:56,639

have radar from the belgian case uh the

199

00:08:01,830 --> 00:07:59,840

triangle cases but nothing really show i

200

00:08:03,589 --> 00:08:01,840

think that may show some high speed

201
00:08:05,670 --> 00:08:03,599
activity but nothing really jumps out on

202
00:08:08,230 --> 00:08:05,680
the radar that we've seen so far but i

203
00:08:11,830 --> 00:08:08,240
do agree with you know allegedly we have

204
00:08:15,589 --> 00:08:11,840
multiple sensors as the uap preliminary

205
00:08:18,150 --> 00:08:15,599
report discussed 144 incidences only one

206
00:08:20,550 --> 00:08:18,160
incident only 143

207
00:08:22,710 --> 00:08:20,560
uh 143 of them were not solved and

208
00:08:26,710 --> 00:08:22,720
apparently now it's 142 and then it's up

209
00:08:28,790 --> 00:08:26,720
to 400 or so now they have so

210
00:08:30,469 --> 00:08:28,800
yeah apparently and not all of them are

211
00:08:33,509 --> 00:08:30,479
multiple sensors

212
00:08:35,670 --> 00:08:33,519
i forget the exact number right now but

213
00:08:38,149 --> 00:08:35,680

kaku continues he goes

214

00:08:40,709 --> 00:08:38,159

these objects travel between mach 5 and

215

00:08:42,070 --> 00:08:40,719

mach 20

216

00:08:43,909 --> 00:08:42,080

we don't have evidence we don't have

217

00:08:46,070 --> 00:08:43,919

visual public evidence of that we have

218

00:08:48,790 --> 00:08:46,080

been told that

219

00:08:50,949 --> 00:08:48,800

that's 20 times the speed of sound the g

220

00:08:53,670 --> 00:08:50,959

forces are several hundred times the

221

00:08:56,070 --> 00:08:53,680

force of gravity any living person's

222

00:08:57,829 --> 00:08:56,080

bones would be crushed by these objects

223

00:08:59,670 --> 00:08:57,839

i believe if

224

00:09:01,670 --> 00:08:59,680

if it was a craft that was actually

225

00:09:04,150 --> 00:09:01,680

flying and making those maneuvers at

226

00:09:06,870 --> 00:09:04,160

those high g-forces i think the person

227

00:09:09,110 --> 00:09:06,880

inside or whoever was inside would be

228

00:09:11,350 --> 00:09:09,120

crushed too unless somehow they're you

229

00:09:12,310 --> 00:09:11,360

know manipulating gravity there's a

230

00:09:14,470 --> 00:09:12,320

there's a

231

00:09:16,470 --> 00:09:14,480

some sort of

232

00:09:19,110 --> 00:09:16,480

gravitational

233

00:09:20,710 --> 00:09:19,120

bubble around the craft uh or they're

234

00:09:23,430 --> 00:09:20,720

not actually craft there's something

235

00:09:25,829 --> 00:09:23,440

different we don't know but

236

00:09:28,310 --> 00:09:25,839

miichio kaku believes these are probably

237

00:09:31,110 --> 00:09:28,320

drones and not manned they're unmanned

238

00:09:33,350 --> 00:09:31,120

drones he says the objects can drop

239

00:09:36,230 --> 00:09:33,360

seventy thousand feet in a few seconds i

240

00:09:37,910 --> 00:09:36,240

think it's .78 seconds allegedly related

241

00:09:40,550 --> 00:09:37,920

to the nimitz case

242

00:09:42,630 --> 00:09:40,560

and they can go underwater and they also

243

00:09:45,430 --> 00:09:42,640

move without making exhaust or breaking

244

00:09:47,750 --> 00:09:45,440

the sound area and these are things we

245

00:09:50,310 --> 00:09:47,760

can now document frame by frame by

246

00:09:51,590 --> 00:09:50,320

looking at these videotapes

247

00:09:53,350 --> 00:09:51,600

i don't know what videotapes he's

248

00:09:55,190 --> 00:09:53,360

looking at but so far the videotapes

249

00:09:57,269 --> 00:09:55,200

we've seen are interesting but they are

250

00:09:59,190 --> 00:09:57,279

not the videotapes we need to convince

251
00:10:01,829 --> 00:09:59,200
the masses that we're dealing with an

252
00:10:04,710 --> 00:10:01,839
amazing superior next generation

253
00:10:06,470 --> 00:10:04,720
technology so yeah it's interesting and

254
00:10:07,829 --> 00:10:06,480
some of the analysis especially on the

255
00:10:09,990 --> 00:10:07,839
gimbal it may be doing something

256
00:10:11,350 --> 00:10:10,000
anti-gravity with its turn some people

257
00:10:12,470 --> 00:10:11,360
don't think it's turning they think it's

258
00:10:15,110 --> 00:10:12,480
the the

259
00:10:16,949 --> 00:10:15,120
the uh at flear pod which is showing it

260
00:10:18,310 --> 00:10:16,959
turning and it's not really the object

261
00:10:19,509 --> 00:10:18,320
that is turning you know that's still a

262
00:10:20,790 --> 00:10:19,519
debate

263
00:10:23,910 --> 00:10:20,800

it's it's annoying that we have the

264

00:10:25,350 --> 00:10:23,920

debate since 2017 of december so four

265

00:10:27,190 --> 00:10:25,360

and a half years we'll still we're still

266

00:10:29,190 --> 00:10:27,200

debating the three videos plus the

267

00:10:31,430 --> 00:10:29,200

videos that jeremy corbell put out which

268

00:10:33,829 --> 00:10:31,440

do not show any of the five observables

269

00:10:35,430 --> 00:10:33,839

that lu elizondo has spoken about so we

270

00:10:37,590 --> 00:10:35,440

don't have anything making a 90 degree

271

00:10:39,269 --> 00:10:37,600

turn we do not have anything with

272

00:10:41,110 --> 00:10:39,279

instant excel or instantaneous

273

00:10:43,430 --> 00:10:41,120

acceleration

274

00:10:46,710 --> 00:10:43,440

so we still don't have that

275

00:10:48,790 --> 00:10:46,720

and more from the article so

276

00:10:52,389 --> 00:10:48,800

says kaku was referring to the new

277

00:10:54,310 --> 00:10:52,399

videos and testimony from us navy pilots

278

00:10:55,590 --> 00:10:54,320

released by the pentagon in the past

279

00:10:57,829 --> 00:10:55,600

year

280

00:10:59,030 --> 00:10:57,839

while the videos themselves had never

281

00:11:03,670 --> 00:10:59,040

been

282

00:11:05,590 --> 00:11:03,680

offer is the same that's always

283

00:11:07,829 --> 00:11:05,600

presented in favor of an alien

284

00:11:10,550 --> 00:11:07,839

explanation for ufos

285

00:11:12,550 --> 00:11:10,560

paltry at best

286

00:11:14,389 --> 00:11:12,560

i i can't disagree with that i mean it's

287

00:11:17,110 --> 00:11:14,399

it's great to have the videos we have

288

00:11:17,910 --> 00:11:17,120

but those are not what we need i want to

289

00:11:19,829 --> 00:11:17,920

see

290

00:11:22,230 --> 00:11:19,839

a 90 degree turn

291

00:11:25,350 --> 00:11:22,240

that has to happen i put a

292

00:11:27,269 --> 00:11:25,360

december 2023 christmas deadline not

293

00:11:29,030 --> 00:11:27,279

that i'm gonna get out of ufos but i'm

294

00:11:31,110 --> 00:11:29,040

gonna i'm gonna really lose my patience

295

00:11:33,590 --> 00:11:31,120

at that point i mean we have other stuff

296

00:11:34,949 --> 00:11:33,600

going on that's positive obviously

297

00:11:38,069 --> 00:11:34,959

with immunity

298

00:11:39,190 --> 00:11:38,079

and all that's happening around that

299

00:11:41,670 --> 00:11:39,200

but

300

00:11:42,550 --> 00:11:41,680

the videos in the public realm are just

301
00:11:44,470 --> 00:11:42,560
not

302
00:11:46,310 --> 00:11:44,480
impressive

303
00:11:49,430 --> 00:11:46,320
the videos with the pilots it's

304
00:11:52,310 --> 00:11:49,440
impressive to see how they react and

305
00:11:53,910 --> 00:11:52,320
ryan graves who is a f-18 former f-18

306
00:11:55,509 --> 00:11:53,920
pilot is saying

307
00:11:57,190 --> 00:11:55,519
his former colleagues are very

308
00:11:58,550 --> 00:11:57,200
frustrated because they want to report

309
00:11:59,829 --> 00:11:58,560
what they're seeing because they don't

310
00:12:03,269 --> 00:11:59,839
understand it

311
00:12:05,269 --> 00:12:03,279
um but it seems like it's all falling on

312
00:12:07,670 --> 00:12:05,279
deaf ears and things aren't aren't

313
00:12:09,670 --> 00:12:07,680

getting taken seriously and at the very

314

00:12:11,670 --> 00:12:09,680

least it's a health at the very least

315

00:12:13,030 --> 00:12:11,680

it's a safety hazard for the for the

316

00:12:14,870 --> 00:12:13,040

aviators

317

00:12:16,550 --> 00:12:14,880

so at the very least it should be looked

318

00:12:18,150 --> 00:12:16,560

at and they need to figure out what the

319

00:12:19,750 --> 00:12:18,160

hell is going on

320

00:12:21,590 --> 00:12:19,760

especially on the east coast and if it

321

00:12:23,910 --> 00:12:21,600

turns out to be russians who are spying

322

00:12:26,150 --> 00:12:23,920

on us and trying to soak up data so be

323

00:12:28,790 --> 00:12:26,160

it it needs to stop though i mean it's

324

00:12:30,790 --> 00:12:28,800

interrupting it's interrupting training

325

00:12:33,430 --> 00:12:30,800

missions it's creating a

326

00:12:35,190 --> 00:12:33,440

air safety hazard so

327

00:12:37,110 --> 00:12:35,200

hopefully our government wakes the hell

328

00:12:38,870 --> 00:12:37,120

up and and really takes that seriously

329

00:12:40,470 --> 00:12:38,880

and and

330

00:12:42,069 --> 00:12:40,480

you know and the air force also gets

331

00:12:45,269 --> 00:12:42,079

involved

332

00:12:47,269 --> 00:12:45,279

so continuing

333

00:12:48,949 --> 00:12:47,279

stephen novella who i don't know if he's

334

00:12:52,310 --> 00:12:48,959

a popular

335

00:12:55,030 --> 00:12:52,320

skeptic or debunker i don't know

336

00:12:57,990 --> 00:12:55,040

but he says quote these are all in the

337

00:13:00,230 --> 00:12:58,000

low quality data bucket i agree

338

00:13:01,910 --> 00:13:00,240

steven novella said on a recent episode

339

00:13:03,269 --> 00:13:01,920
of the skeptic's guide to to the

340

00:13:04,949 --> 00:13:03,279
universe

341

00:13:07,590 --> 00:13:04,959
quote it's not like we have a high

342

00:13:09,430 --> 00:13:07,600
resolution in focus relatively close up

343

00:13:14,150 --> 00:13:09,440
video of an object where you can make

344

00:13:15,910 --> 00:13:14,160
out what the object is the phenomenon is

345

00:13:18,230 --> 00:13:15,920
it's a blob and i have no idea what the

346

00:13:20,870 --> 00:13:18,240
blob is the fuzziness fuzziness of the

347

00:13:22,870 --> 00:13:20,880
data is the phenomenon and it may be

348

00:13:24,230 --> 00:13:22,880
because the phenomenon doesn't want to

349

00:13:26,949 --> 00:13:24,240
be

350

00:13:28,550 --> 00:13:26,959
videotaped photographed clearly as one

351
00:13:30,710 --> 00:13:28,560
of the five observables is low

352
00:13:31,590 --> 00:13:30,720
observability

353
00:13:34,790 --> 00:13:31,600
so

354
00:13:36,870 --> 00:13:34,800
but i would love to see what the members

355
00:13:38,790 --> 00:13:36,880
of congress are seeing in these

356
00:13:41,350 --> 00:13:38,800
closed door hearings that has them

357
00:13:42,710 --> 00:13:41,360
pushing for language related to crash

358
00:13:44,870 --> 00:13:42,720
retrievals and

359
00:13:47,590 --> 00:13:44,880
trying to get these various government

360
00:13:49,189 --> 00:13:47,600
agencies to release their ufo data what

361
00:13:50,870 --> 00:13:49,199
are they seeing we still don't know

362
00:13:53,509 --> 00:13:50,880
exactly what they're seeing you know lou

363
00:13:55,189 --> 00:13:53,519

has described the 23 minute video

364

00:13:57,030 --> 00:13:55,199

but

365

00:13:59,110 --> 00:13:57,040

is it making is is the object in that

366

00:14:01,590 --> 00:13:59,120

video making 90 degree turns i mean lou

367

00:14:03,590 --> 00:14:01,600

has said if we see that video the debate

368

00:14:04,710 --> 00:14:03,600

would be over that it was our technology

369

00:14:06,310 --> 00:14:04,720

all right

370

00:14:07,269 --> 00:14:06,320

maybe we get to see it right now we

371

00:14:12,870 --> 00:14:07,279

don't

372

00:14:14,550 --> 00:14:12,880

members of congress are pushing for a

373

00:14:16,949 --> 00:14:14,560

ufo program

374

00:14:19,110 --> 00:14:16,959

aimsog and you know more language in the

375

00:14:21,269 --> 00:14:19,120

ndaa because you know they're being

376

00:14:22,629 --> 00:14:21,279

fooled but

377

00:14:24,069 --> 00:14:22,639

we still don't know what they're seeing

378

00:14:26,069 --> 00:14:24,079

they haven't even spoken about it and

379

00:14:27,350 --> 00:14:26,079

which i think they should be able to do

380

00:14:30,230 --> 00:14:27,360

tell us what you're seeing in these

381

00:14:32,550 --> 00:14:30,240

hearings that doesn't compromise sources

382

00:14:35,670 --> 00:14:32,560

and methods

383

00:14:38,230 --> 00:14:35,680

the article continues ufo enthusiast

384

00:14:40,310 --> 00:14:38,240

mick west it's hilarious they call him a

385

00:14:41,509 --> 00:14:40,320

ufo enthusiast i would call him a ufo

386

00:14:43,590 --> 00:14:41,519

debunker

387

00:14:46,389 --> 00:14:43,600

who analyzes ufo claims with an

388

00:14:50,870 --> 00:14:46,399

evidence-based mindset debunked the

389

00:14:53,750 --> 00:14:50,880

videos fairly easily as radar artifacts

390

00:14:57,269 --> 00:14:53,760

artifacts planes or merely balloons

391

00:14:59,110 --> 00:14:57,279

which is total bs and we all know that

392

00:15:01,350 --> 00:14:59,120

there's no radar artifacts i mean

393

00:15:03,670 --> 00:15:01,360

especially with with the nimitz

394

00:15:05,829 --> 00:15:03,680

you know we had four we had two pilots

395

00:15:08,870 --> 00:15:05,839

two wizzos see the object with their

396

00:15:11,430 --> 00:15:08,880

eyes the gimbal was on fleer

397

00:15:13,110 --> 00:15:11,440

the go fast was on fleer so it's not a

398

00:15:15,590 --> 00:15:13,120

radar artifact

399

00:15:19,030 --> 00:15:15,600

chad underwood described going after the

400

00:15:20,310 --> 00:15:19,040

tic tac and radar and his fleer and

401
00:15:22,710 --> 00:15:20,320
he said it was

402
00:15:24,629 --> 00:15:22,720
it was performing like anti-gravity

403
00:15:25,509 --> 00:15:24,639
maneuvers and i'm that's not an exact

404
00:15:28,629 --> 00:15:25,519
quote

405
00:15:29,670 --> 00:15:28,639
but it wasn't a plane i think chad

406
00:15:31,710 --> 00:15:29,680
underwood

407
00:15:33,749 --> 00:15:31,720
and i know there have been other

408
00:15:35,749 --> 00:15:33,759
misidentifications in the chile case

409
00:15:37,509 --> 00:15:35,759
where it was a plane

410
00:15:38,949 --> 00:15:37,519
chad underwood is specific that this was

411
00:15:41,509 --> 00:15:38,959
making maneuvers he had never seen

412
00:15:43,430 --> 00:15:41,519
before in my opinion there's no way what

413
00:15:46,150 --> 00:15:43,440

he captured on fleer

414

00:15:49,110 --> 00:15:46,160

was a plane and then

415

00:15:50,230 --> 00:15:49,120

mick west says in merely balloons

416

00:15:52,470 --> 00:15:50,240

you know people have talked about the

417

00:15:54,310 --> 00:15:52,480

one sphere that jeremy corbell released

418

00:15:56,790 --> 00:15:54,320

video of and saying that was a balloon i

419

00:15:58,790 --> 00:15:56,800

believe tyler rogoway said that

420

00:16:00,150 --> 00:15:58,800

um we don't know enough about that stuff

421

00:16:02,310 --> 00:16:00,160

we need to hear from we need to hear

422

00:16:03,509 --> 00:16:02,320

from the sailors involved in the 2019

423

00:16:05,189 --> 00:16:03,519

cases

424

00:16:08,389 --> 00:16:05,199

um but

425

00:16:10,790 --> 00:16:08,399

mick west did not fairly easily debunk

426

00:16:12,870 --> 00:16:10,800

any of that as radio artifacts or planes

427

00:16:14,310 --> 00:16:12,880

he has theories or balloons he has

428

00:16:17,430 --> 00:16:14,320

theories and that's all they are and

429

00:16:19,590 --> 00:16:17,440

he's a really smart guy and his math is

430

00:16:20,710 --> 00:16:19,600

a thousand times ahead of what my math

431

00:16:22,790 --> 00:16:20,720

is so

432

00:16:25,670 --> 00:16:22,800

kudos to him for doing the analysis

433

00:16:27,110 --> 00:16:25,680

analysis that i cannot do but yeah he's

434

00:16:29,189 --> 00:16:27,120

he's given a little too much credit in

435

00:16:31,430 --> 00:16:29,199

this article

436

00:16:32,710 --> 00:16:31,440

he's admittedly m this is the article

437

00:16:35,189 --> 00:16:32,720

now no quote

438

00:16:38,150 --> 00:16:35,199

these admittedly mundane explanations

439

00:16:40,790 --> 00:16:38,160

are far more cogent and less fantastical

440

00:16:42,949 --> 00:16:40,800

than quote aliens

441

00:16:45,590 --> 00:16:42,959

so no the burden of proof has not

442

00:16:48,389 --> 00:16:45,600

shifted aliens are not the default

443

00:16:51,189 --> 00:16:48,399

explanation when a simpler explanation

444

00:16:53,269 --> 00:16:51,199

readily does the job i agree there is a

445

00:16:55,509 --> 00:16:53,279

middle ground here saying

446

00:16:58,150 --> 00:16:55,519

whatever specifically like the tic tac i

447

00:17:00,710 --> 00:16:58,160

think that was advanced technology

448

00:17:04,549 --> 00:17:00,720

and it wasn't a radar glitch

449

00:17:06,789 --> 00:17:04,559

the other objects are for me borderline

450

00:17:08,710 --> 00:17:06,799

you know we don't have anything even

451
00:17:09,909 --> 00:17:08,720
with the tic tac we don't have anything

452
00:17:11,829 --> 00:17:09,919
that's clear

453
00:17:14,309 --> 00:17:11,839
clear cut

454
00:17:16,549 --> 00:17:14,319
you know performing next beyond next

455
00:17:18,230 --> 00:17:16,559
generation maneuvers

456
00:17:20,789 --> 00:17:18,240
and there are people out there who

457
00:17:23,110 --> 00:17:20,799
believe none of that exists but you know

458
00:17:25,110 --> 00:17:23,120
we've had so many witnesses you know

459
00:17:27,829 --> 00:17:25,120
tens of thousands of witnesses

460
00:17:31,029 --> 00:17:27,839
since 1940s that have reported seeing

461
00:17:32,630 --> 00:17:31,039
kraft taking off like a bad out of hell

462
00:17:34,390 --> 00:17:32,640
um

463
00:17:35,190 --> 00:17:34,400

i do think that

464

00:17:37,350 --> 00:17:35,200

that

465

00:17:39,110 --> 00:17:37,360

technology exists and then we could

466

00:17:40,710 --> 00:17:39,120

debate whether it's ours or not which i

467

00:17:43,190 --> 00:17:40,720

do not think all of that is our

468

00:17:44,789 --> 00:17:43,200

technology maybe some of it is we can

469

00:17:46,870 --> 00:17:44,799

debate back and forth whether or not

470

00:17:48,950 --> 00:17:46,880

we've cracked gravity some people say

471

00:17:51,510 --> 00:17:48,960

yes some people say hell no

472

00:17:53,990 --> 00:17:51,520

um but continuing in the article

473

00:17:55,990 --> 00:17:54,000

when speaking to rogan kaku offered

474

00:18:01,150 --> 00:17:56,000

skeptical lip service before plowing

475

00:18:06,630 --> 00:18:03,510

hypothesizing sorry

476
00:18:07,669 --> 00:18:06,640
into hyperbolic hypothesizing quote from

477
00:18:09,830 --> 00:18:07,679
kaku

478
00:18:12,710 --> 00:18:09,840
either the aliens are an optical

479
00:18:14,870 --> 00:18:12,720
illusion of some sort or they have a set

480
00:18:17,430 --> 00:18:14,880
of laws

481
00:18:19,270 --> 00:18:17,440
of physics beyond what we can muster

482
00:18:21,430 --> 00:18:19,280
open your mind to the possibility that

483
00:18:22,470 --> 00:18:21,440
they are a thousand years more advanced

484
00:18:24,390 --> 00:18:22,480
than us

485
00:18:27,350 --> 00:18:24,400
a thousand years is nothing compared to

486
00:18:29,830 --> 00:18:27,360
the age of the universe end quote

487
00:18:31,430 --> 00:18:29,840
and just back to him saying you know

488
00:18:33,190 --> 00:18:31,440

they have a set of laws of physics

489

00:18:34,630 --> 00:18:33,200

beyond what we can muster i just think

490

00:18:36,549 --> 00:18:34,640

they understand whatever this is

491

00:18:38,310 --> 00:18:36,559

understands physics way beyond how we

492

00:18:39,909 --> 00:18:38,320

understand it i don't think it's any new

493

00:18:41,750 --> 00:18:39,919

law of physics

494

00:18:43,110 --> 00:18:41,760

uh kaku went on to suggest that these

495

00:18:45,750 --> 00:18:43,120

aliens could harness something called

496

00:18:48,230 --> 00:18:45,760

the plank energy allowing them to become

497

00:18:49,590 --> 00:18:48,240

quote masters of space and time end

498

00:18:52,310 --> 00:18:49,600

quote

499

00:18:54,230 --> 00:18:52,320

back to the article this is pure wild

500

00:18:55,830 --> 00:18:54,240

speculation oh yeah it's speculation of

501
00:18:56,950 --> 00:18:55,840
course it is um

502
00:18:57,909 --> 00:18:56,960
that's fine though i have no problem

503
00:19:00,470 --> 00:18:57,919
with that

504
00:19:03,510 --> 00:19:00,480
sadly with his eminent stature kaku

505
00:19:05,510 --> 00:19:03,520
lends it a veneer of credibility

506
00:19:08,070 --> 00:19:05,520
novella often offered a skeptical

507
00:19:11,110 --> 00:19:08,080
rebuttal on the sgu

508
00:19:13,669 --> 00:19:11,120
quote when tricky biased observations

509
00:19:15,830 --> 00:19:13,679
are put up against the laws of physics i

510
00:19:17,029 --> 00:19:15,840
will bet on the laws of physics every

511
00:19:19,350 --> 00:19:17,039
time

512
00:19:21,270 --> 00:19:19,360
and end quote and as i said it's not

513
00:19:22,310 --> 00:19:21,280

about the laws of physics it's about a

514

00:19:25,190 --> 00:19:22,320

possible

515

00:19:27,750 --> 00:19:25,200

civilization or whatever that's

516

00:19:28,950 --> 00:19:27,760

let's just say they're not from here or

517

00:19:30,710 --> 00:19:28,960

they're from here and they've been

518

00:19:32,630 --> 00:19:30,720

around for a very long time where their

519

00:19:34,310 --> 00:19:32,640

technology is a thousand years or ten

520

00:19:36,870 --> 00:19:34,320

thousand years ahead of us there's no

521

00:19:39,669 --> 00:19:36,880

you don't need a new law of physics odds

522

00:19:41,510 --> 00:19:39,679

are we're going to be learning so much

523

00:19:43,110 --> 00:19:41,520

you know over the next few decades that

524

00:19:45,510 --> 00:19:43,120

we're going to look back and say

525

00:19:48,070 --> 00:19:45,520

we were so naive and so ignorant of what

526

00:19:49,590 --> 00:19:48,080

we were capable of and just think a

527

00:19:51,510 --> 00:19:49,600

civilization

528

00:19:53,029 --> 00:19:51,520

or intelligence a thousand years ahead

529

00:19:54,789 --> 00:19:53,039

ten thousand years imagine what they

530

00:19:58,230 --> 00:19:54,799

could accomplish so

531

00:19:59,990 --> 00:19:58,240

like you don't need some new set of laws

532

00:20:01,510 --> 00:20:00,000

some new laws of physics i hate when

533

00:20:03,669 --> 00:20:01,520

people say that

534

00:20:06,310 --> 00:20:03,679

i think that's it so that's it

535

00:20:07,270 --> 00:20:06,320

that is the article

536

00:20:09,350 --> 00:20:07,280

i know

537

00:20:11,990 --> 00:20:09,360

people were upset saying how could how

538

00:20:13,990 --> 00:20:12,000

dare they go after michi okaku he's in a

539

00:20:15,669 --> 00:20:14,000

respected scientist but

540

00:20:17,590 --> 00:20:15,679

i think he needs to be more careful he

541

00:20:19,590 --> 00:20:17,600

needs to be more careful about how he

542

00:20:21,830 --> 00:20:19,600

says things but it's not going to change

543

00:20:23,590 --> 00:20:21,840

he's been doing this for a long time and

544

00:20:25,830 --> 00:20:23,600

i don't usually pay too much attention

545

00:20:27,510 --> 00:20:25,840

to his interviews and he's been saying

546

00:20:29,430 --> 00:20:27,520

the same thing for a long time and then

547

00:20:31,190 --> 00:20:29,440

a few years ago he added in that he

548

00:20:33,430 --> 00:20:31,200

added in now it's on the government to

549

00:20:35,190 --> 00:20:33,440

prove this is not alien

550

00:20:37,669 --> 00:20:35,200

um the one thing he used to say is

551

00:20:40,310 --> 00:20:37,679

imagine an ant and

552

00:20:42,870 --> 00:20:40,320

you're trying to communicate to the ant

553

00:20:44,549 --> 00:20:42,880

you know you want to build a new

554

00:20:46,710 --> 00:20:44,559

set of houses and

555

00:20:49,190 --> 00:20:46,720

you don't get down you don't get down to

556

00:20:51,029 --> 00:20:49,200

the ants level and say hey ant i'm going

557

00:20:52,789 --> 00:20:51,039

to build a new housing structure here

558

00:20:54,789 --> 00:20:52,799

and your house is going to be destroyed

559

00:20:57,110 --> 00:20:54,799

and he's trying to make the analysis of

560

00:20:58,549 --> 00:20:57,120

if there are aliens or whatever here and

561

00:21:00,070 --> 00:20:58,559

they're advanced they're not going to

562

00:21:01,669 --> 00:21:00,080

try to communicate with us and try to

563

00:21:03,510 --> 00:21:01,679

tell us what they're doing

564

00:21:04,470 --> 00:21:03,520

so they would just do whatever they're

565

00:21:06,149 --> 00:21:04,480

doing

566

00:21:07,590 --> 00:21:06,159

so anyway that's it really quick i just

567

00:21:08,950 --> 00:21:07,600

wanted to talk about this because i

568

00:21:11,190 --> 00:21:08,960

promised i would do something on this

569

00:21:12,710 --> 00:21:11,200

video i will try to do more short videos

570

00:21:15,750 --> 00:21:12,720

from now on i didn't go live i just

571

00:21:18,230 --> 00:21:15,760

wanted to do this and not take questions

572

00:21:19,830 --> 00:21:18,240

early day for me tomorrow

573

00:21:21,909 --> 00:21:19,840

and go on twitter if you have any

574

00:21:23,510 --> 00:21:21,919

questions that i did not cover i'm sure

575

00:21:25,669 --> 00:21:23,520

i missed something i wanted to talk

576
00:21:27,669 --> 00:21:25,679
about anyway

577
00:21:29,029 --> 00:21:27,679
have a good night and

578
00:21:31,750 --> 00:21:29,039
i will

579
00:21:34,149 --> 00:21:31,760
probably not be on for a while because

580
00:21:36,149 --> 00:21:34,159
of my new job i'm working uh the concert

581
00:21:37,669 --> 00:21:36,159
of usher and it's like until the end of

582
00:21:39,909 --> 00:21:37,679
july so

583
00:21:41,830 --> 00:21:39,919
in about six days it eases up to like

584
00:21:43,750 --> 00:21:41,840
four hours a day but right now it's 12

585
00:21:45,830 --> 00:21:43,760
hours a day for the next few days and

586
00:21:47,270 --> 00:21:45,840
then eight hours and

587
00:21:49,190 --> 00:21:47,280
i'll try to do as much as i can i'll

588
00:21:51,669 --> 00:21:49,200

probably be just on twitter and not

589

00:21:53,590 --> 00:21:51,679

doing too many videos for now anyway

590

00:21:54,710 --> 00:21:53,600

thanks for watching guys and thanks for
