

tucker

1
00:01:52,730 --> 00:01:49,850
foreign

2
00:01:55,789 --> 00:01:52,740
hey everybody thank you for being here

3
00:01:57,590 --> 00:01:55,799
40 people pretty good pretty good I know

4
00:01:59,990 --> 00:01:57,600
I delayed but I've been working on the

5
00:02:02,270 --> 00:02:00,000
uh transcript all day enough of that let

6
00:02:04,249 --> 00:02:02,280
me get in uh Michael bye

7
00:02:06,530 --> 00:02:04,259
hey Michael how you doing

8
00:02:07,969 --> 00:02:06,540
Hey Joe I'm good how are you I'm glad

9
00:02:10,190 --> 00:02:07,979
you could join me at the last minute let

10
00:02:14,210 --> 00:02:10,200
me bring in Jess hello Jessica you're

11
00:02:16,790 --> 00:02:14,220
you're muted hey you guys

12
00:02:18,470 --> 00:02:16,800
glad you can make it thank you Michael

13
00:02:21,050 --> 00:02:18,480

has limited time so let me just let him

14

00:02:23,630 --> 00:02:21,060

go Michael what'd you think of uh

15

00:02:25,250 --> 00:02:23,640

Dr Gary Nolan on Tucker Carlson today

16

00:02:27,170 --> 00:02:25,260

which nobody knew was coming until it

17

00:02:28,430 --> 00:02:27,180

was posted and uh just just your

18

00:02:30,470 --> 00:02:28,440

thoughts because I just took notes

19

00:02:32,990 --> 00:02:30,480

finished it and it was really good for a

20

00:02:36,830 --> 00:02:33,000

mainstream audience

21

00:02:38,930 --> 00:02:36,840

yeah I thought uh

22

00:02:41,390 --> 00:02:38,940

well to use a phrase I thought the

23

00:02:43,309 --> 00:02:41,400

mustard came off the hot dog with that

24

00:02:45,290 --> 00:02:43,319

interview

25

00:02:48,589 --> 00:02:45,300

um

26
00:02:50,210 --> 00:02:48,599
you know maybe Gary would laugh at this

27
00:02:52,449 --> 00:02:50,220
but

28
00:02:55,430 --> 00:02:52,459
either somebody

29
00:02:58,610 --> 00:02:55,440
cleared him to

30
00:03:00,110 --> 00:02:58,620
say everything he said he I don't think

31
00:03:01,550 --> 00:03:00,120
he said anything we've never heard

32
00:03:03,589 --> 00:03:01,560
before

33
00:03:06,470 --> 00:03:03,599
but we've never heard it all come from

34
00:03:10,190 --> 00:03:06,480
one of the most um

35
00:03:11,990 --> 00:03:10,200
reliable sources someone who I don't

36
00:03:14,210 --> 00:03:12,000
believe he's he's never given any

37
00:03:17,330 --> 00:03:14,220
indication that I'm aware of that he's

38
00:03:21,229 --> 00:03:17,340

actually read into some program

39

00:03:22,910 --> 00:03:21,239

he and he he spoke about the CIA

40

00:03:25,550 --> 00:03:22,920

approaching him

41

00:03:28,490 --> 00:03:25,560

right at the beginning that in a way

42

00:03:30,890 --> 00:03:28,500

that indicated that I mean if they

43

00:03:33,530 --> 00:03:30,900

approached me there's things that I

44

00:03:36,770 --> 00:03:33,540

wouldn't say about totally unrelated

45

00:03:41,149 --> 00:03:36,780

things in my professional past without

46

00:03:44,690 --> 00:03:41,159

first being cleared to do so so I'm

47

00:03:46,490 --> 00:03:44,700

thinking either he was green lighted or

48

00:03:49,070 --> 00:03:46,500

perhaps and this is obviously

49

00:03:50,509 --> 00:03:49,080

speculation he would have to answer this

50

00:03:53,690 --> 00:03:50,519

but um

51
00:03:56,210 --> 00:03:53,700
you know maybe he sat around maybe he

52
00:03:58,670 --> 00:03:56,220
talked to Hal and Eric Davis and kid

53
00:04:01,729 --> 00:03:58,680
green and others

54
00:04:04,130 --> 00:04:01,739
and had the opinion that you know I'm

55
00:04:07,009 --> 00:04:04,140
not read in they have not made me sign

56
00:04:10,789 --> 00:04:07,019
an NDA around this

57
00:04:13,369 --> 00:04:10,799
what can I say I I why can't I say all

58
00:04:16,310 --> 00:04:13,379
this I'm I'm involved in open University

59
00:04:18,170 --> 00:04:16,320
level research in stuff that's connected

60
00:04:20,689 --> 00:04:18,180
to this phenomenon

61
00:04:22,550 --> 00:04:20,699
because if he if he wasn't clear to say

62
00:04:24,650 --> 00:04:22,560
it he wouldn't have said what he said

63
00:04:26,390 --> 00:04:24,660

right or if he didn't feel he could have

64

00:04:29,990 --> 00:04:26,400

said what he said he wouldn't have said

65

00:04:33,409 --> 00:04:30,000

it he's um I just thought that was

66

00:04:35,810 --> 00:04:33,419

interesting and maybe uh you know this

67

00:04:37,370 --> 00:04:35,820

sort of speculation is is he might view

68

00:04:40,070 --> 00:04:37,380

it as pointless he might say well hey

69

00:04:41,689 --> 00:04:40,080

this I'm an open researcher like he

70

00:04:43,370 --> 00:04:41,699

talked about I traveled to Boston and

71

00:04:46,550 --> 00:04:43,380

have dinner with these other physicists

72

00:04:49,249 --> 00:04:46,560

after after you know the day job is done

73

00:04:51,590 --> 00:04:49,259

and they approached me and asked me

74

00:04:53,629 --> 00:04:51,600

questions about the phenomenon and it's

75

00:04:55,490 --> 00:04:53,639

an openly discussed topic his

76
00:04:58,010 --> 00:04:55,500
involvement he's been pretty open about

77
00:04:59,689 --> 00:04:58,020
I just thought that was fascinating so

78
00:05:08,270 --> 00:04:59,699
if he can

79
00:05:10,189 --> 00:05:08,280
with such veracity because of who he is

80
00:05:11,029 --> 00:05:10,199
and what he does

81
00:05:13,189 --> 00:05:11,039
um

82
00:05:16,189 --> 00:05:13,199
you know that's pretty compelling then I

83
00:05:17,930 --> 00:05:16,199
would say well okay what there's maybe

84
00:05:21,170 --> 00:05:17,940
there maybe the limit is reached when

85
00:05:24,590 --> 00:05:21,180
you talk about Kit Hal and Eric Davis

86
00:05:27,230 --> 00:05:24,600
because maybe they're briefed and read

87
00:05:29,930 --> 00:05:27,240
in and have signed an NDA and clearly

88
00:05:31,189 --> 00:05:29,940

Eric says that he has

89

00:05:32,330 --> 00:05:31,199

um and that's the difference between

90

00:05:34,790 --> 00:05:32,340

them

91

00:05:37,730 --> 00:05:34,800

I'm I don't know it would be interesting

92

00:05:39,230 --> 00:05:37,740

questions to ask Gary Nolan I mean I

93

00:05:41,150 --> 00:05:39,240

thought the same thing when he came out

94

00:05:43,370 --> 00:05:41,160

I'm like it seems like and it may not be

95

00:05:45,110 --> 00:05:43,380

some official or you know some official

96

00:05:47,090 --> 00:05:45,120

somewhere where like okay you guys here

97

00:05:48,830 --> 00:05:47,100

let's go let's push the ball down down

98

00:05:51,050 --> 00:05:48,840

the court it might be just be among

99

00:05:52,730 --> 00:05:51,060

themselves saying listen we've talked

100

00:05:55,189 --> 00:05:52,740

about this and look at the media

101

00:05:57,110 --> 00:05:55,199

interest it's so far pretty minimal we

102

00:05:59,029 --> 00:05:57,120

have one person who's interested in

103

00:06:00,650 --> 00:05:59,039

let's take it a little further so Gary

104

00:06:03,110 --> 00:06:00,660

talk about you know feel free to talk

105

00:06:05,210 --> 00:06:03,120

about this and for me the most

106

00:06:07,430 --> 00:06:05,220

interesting thing he spoke about

107

00:06:09,050 --> 00:06:07,440

as he says the folks in the Intel

108

00:06:11,990 --> 00:06:09,060

Community one of their leading

109

00:06:15,110 --> 00:06:12,000

hypotheses hypothesis is

110

00:06:16,730 --> 00:06:15,120

that whatever this is uses avatars in

111

00:06:18,529 --> 00:06:16,740

place of the real intelligence which

112

00:06:20,270 --> 00:06:18,539

I've which I've called a proxy

113

00:06:22,189 --> 00:06:20,280

intelligence which is really to me is

114

00:06:24,590 --> 00:06:22,199

really interesting

115

00:06:25,850 --> 00:06:24,600

um and also he talked about you know how

116

00:06:27,409 --> 00:06:25,860

he didn't get into some of the real

117

00:06:28,670 --> 00:06:27,419

negative stuff he's gotten into other on

118

00:06:30,770 --> 00:06:28,680

other shows where he said hey it's

119

00:06:32,689 --> 00:06:30,780

possible we could be farm animals to

120

00:06:34,129 --> 00:06:32,699

them I think that's too much for our

121

00:06:36,050 --> 00:06:34,139

Tucker Carlson interview but he has

122

00:06:39,050 --> 00:06:36,060

spoken about that before

123

00:06:42,170 --> 00:06:39,060

um Jess quick what did you think overall

124

00:06:44,390 --> 00:06:42,180

uh well I think that you guys hit the

125

00:06:46,129 --> 00:06:44,400

nail on the head because the immediate

126
00:06:47,689 --> 00:06:46,139
fresh impression that I got after

127
00:06:50,629 --> 00:06:47,699
listening to it was

128
00:06:53,029 --> 00:06:50,639
Gary Nolan is a jack of all trades at

129
00:06:55,249 --> 00:06:53,039
this point uh some of the topics he

130
00:06:56,629 --> 00:06:55,259
covered uh he talked about nuclear

131
00:06:59,330 --> 00:06:56,639
incursions

132
00:07:02,689 --> 00:06:59,340
um biological issues the sonar radar

133
00:07:05,029 --> 00:07:02,699
imagery the Wilson docks uh avatars

134
00:07:07,370 --> 00:07:05,039
robots he covered religion unfair

135
00:07:10,610 --> 00:07:07,380
bidding practices uh stigma

136
00:07:12,950 --> 00:07:10,620
disinformation obfuscation and we know

137
00:07:14,450 --> 00:07:12,960
that he also helped write some of the

138
00:07:17,629 --> 00:07:14,460

immunity

139

00:07:20,510 --> 00:07:17,639

verbiage so he's all over the place this

140

00:07:23,270 --> 00:07:20,520

is an immunologist but he is not really

141

00:07:24,230 --> 00:07:23,280

playing that only that role at the

142

00:07:26,270 --> 00:07:24,240

moment

143

00:07:28,129 --> 00:07:26,280

give me your take with Michael here and

144

00:07:30,230 --> 00:07:28,139

he could debate it or discuss it better

145

00:07:32,150 --> 00:07:30,240

than I can your take on you were talking

146

00:07:34,249 --> 00:07:32,160

about the nuclear information what you

147

00:07:35,570 --> 00:07:34,259

thought might be going on there you know

148

00:07:37,010 --> 00:07:35,580

we were debating it the other night you

149

00:07:38,270 --> 00:07:37,020

and I just just touch on that really

150

00:07:40,150 --> 00:07:38,280

quick I just want to get Michael's take

151
00:07:42,370 --> 00:07:40,160
on it

152
00:07:45,529 --> 00:07:42,380
would you say the nuclear information

153
00:07:46,909 --> 00:07:45,539
Refreshments yes Jess had has a it was

154
00:07:49,309 --> 00:07:46,919
talking about how

155
00:07:50,390 --> 00:07:49,319
she didn't think you know Jess just talk

156
00:07:51,890 --> 00:07:50,400
about what you talked about we were

157
00:07:54,529 --> 00:07:51,900
saying we thought that these UFOs were

158
00:07:56,330 --> 00:07:54,539
shutting off nuclear uh missiles maybe

159
00:07:58,129 --> 00:07:56,340
maybe to send a message and you had a

160
00:08:02,510 --> 00:07:58,139
different idea on that

161
00:08:05,110 --> 00:08:02,520
well earlier uh Gary spoke about

162
00:08:07,909 --> 00:08:05,120
maybe we're a threat to the aliens

163
00:08:09,650 --> 00:08:07,919

because of our nuclear capabilities he

164

00:08:14,210 --> 00:08:09,660

said that you know if we set off a

165

00:08:15,850 --> 00:08:14,220

nuclear bomb uh even aliens wouldn't be

166

00:08:19,309 --> 00:08:15,860

able to hide from that

167

00:08:21,890 --> 00:08:19,319

but what I was saying to you a couple of

168

00:08:24,650 --> 00:08:21,900

nights ago is well if they're shutting

169

00:08:27,529 --> 00:08:24,660

down our nuclear capabilities

170

00:08:29,210 --> 00:08:27,539

you know look at Robert Salas he has

171

00:08:33,050 --> 00:08:29,220

gone and spoke about that time and time

172

00:08:33,889 --> 00:08:33,060

again Robert Hastings uh Luis Elizondo

173

00:08:35,810 --> 00:08:33,899

um

174

00:08:38,630 --> 00:08:35,820

Salas even

175

00:08:41,810 --> 00:08:38,640

was at the Brazil

176

00:08:44,509 --> 00:08:41,820

um hearings and he he gave his testimony

177

00:08:47,389 --> 00:08:44,519

on that so if they're able to shut down

178

00:08:49,070 --> 00:08:47,399

our nuclear facilities why would they be

179

00:08:55,990 --> 00:08:49,080

afraid of us

180

00:09:01,810 --> 00:08:58,490

why would they be worried about other

181

00:09:03,710 --> 00:09:01,820

things that we do in the nuclear Arena

182

00:09:06,530 --> 00:09:03,720

if

183

00:09:07,130 --> 00:09:06,540

wasn't it Nolan that said

184

00:09:10,070 --> 00:09:07,140

um

185

00:09:13,150 --> 00:09:10,080

I mean he he dropped so many he broke so

186

00:09:17,210 --> 00:09:13,160

many eggs in the making of This omelet

187

00:09:20,150 --> 00:09:17,220

uh that I I quit I didn't even start and

188

00:09:23,090 --> 00:09:20,160

hats off to Jess for notating every

189

00:09:25,190 --> 00:09:23,100

great point that he or topic that he

190

00:09:27,710 --> 00:09:25,200

threw out there things that were

191

00:09:30,470 --> 00:09:27,720

seemingly Taboo in in mainstream media

192

00:09:33,650 --> 00:09:30,480

and he was just laying it down one after

193

00:09:36,769 --> 00:09:33,660

the other topicality wise

194

00:09:39,110 --> 00:09:36,779

um but I thought he I thought he said

195

00:09:40,490 --> 00:09:39,120

maybe I'm confusing it with someone else

196

00:09:41,750 --> 00:09:40,500

recently

197

00:09:43,190 --> 00:09:41,760

that

198

00:09:47,150 --> 00:09:43,200

um

199

00:09:49,430 --> 00:09:47,160

it is the nuclear the effects of of

200

00:09:50,870 --> 00:09:49,440

nuclear weapons

201
00:09:54,470 --> 00:09:50,880
um

202
00:09:56,630 --> 00:09:54,480
is the one thing if they are not

203
00:09:58,670 --> 00:09:56,640
from some if they are not

204
00:10:01,190 --> 00:09:58,680
extraterrestrial

205
00:10:04,190 --> 00:10:01,200
maybe it was house paper

206
00:10:06,170 --> 00:10:04,200
maybe I'm confusing it a house paper is

207
00:10:08,329 --> 00:10:06,180
another one that covered all subjects

208
00:10:09,470 --> 00:10:08,339
possible it's kind of weird that both of

209
00:10:11,750 --> 00:10:09,480
these guys come out the same week

210
00:10:13,550 --> 00:10:11,760
covering pretty much everything that's a

211
00:10:16,850 --> 00:10:13,560
good point but I maybe it was house

212
00:10:19,550 --> 00:10:16,860
paper but regardless the the the the

213
00:10:21,970 --> 00:10:19,560

stream of thought was

214

00:10:24,790 --> 00:10:21,980

maybe they're not

215

00:10:27,590 --> 00:10:24,800

extraterrestrial maybe they're actually

216

00:10:30,530 --> 00:10:27,600

cohabitating in some way the planet and

217

00:10:34,190 --> 00:10:30,540

and Gary laid out quite a bit of

218

00:10:36,530 --> 00:10:34,200

information that tends to sort of uh

219

00:10:38,090 --> 00:10:36,540

support that when Tucker said are these

220

00:10:39,710 --> 00:10:38,100

things really being seen in our oceans

221

00:10:42,410 --> 00:10:39,720

he's like oh yeah

222

00:10:44,690 --> 00:10:42,420

you know he was matter of fact about it

223

00:10:47,090 --> 00:10:44,700

and talked about the the sonar data the

224

00:10:50,870 --> 00:10:47,100

sonar pictures they didn't get any

225

00:10:54,530 --> 00:10:50,880

acoustic data but they got a a sonar

226

00:10:58,190 --> 00:10:54,540

picture maybe a screenshot of what was

227

00:10:59,990 --> 00:10:58,200

going on on the waterfall display is it

228

00:11:01,550 --> 00:11:00,000

uh if you've ever seen a waterfall

229

00:11:03,650 --> 00:11:01,560

display if you've ever used a

230

00:11:06,110 --> 00:11:03,660

software-defined radio the frequency

231

00:11:08,509 --> 00:11:06,120

flows down like a waterfall and you see

232

00:11:10,850 --> 00:11:08,519

a spike you click on it and you can

233

00:11:13,970 --> 00:11:10,860

listen to whatever it is whether it's

234

00:11:15,530 --> 00:11:13,980

somebody with a ham radio or police are

235

00:11:17,449 --> 00:11:15,540

typically encrypted now but anyway you

236

00:11:19,670 --> 00:11:17,459

you can visually see what's going on in

237

00:11:21,530 --> 00:11:19,680

this in the electromagnetic spectrum and

238

00:11:24,170 --> 00:11:21,540

what he was alluding to is these sonar

239

00:11:26,150 --> 00:11:24,180

waterfall displays which are acoustic

240

00:11:29,210 --> 00:11:26,160

displaying acoustic

241

00:11:32,030 --> 00:11:29,220

sensor data

242

00:11:34,009 --> 00:11:32,040

apparently picked up at least one

243

00:11:36,470 --> 00:11:34,019

instance of something going what did he

244

00:11:40,730 --> 00:11:36,480

say 12 times the speed of our fastest

245

00:11:42,769 --> 00:11:40,740

nuclear submarine yeah so how would they

246

00:11:48,829 --> 00:11:42,779

uh we've talked before about some of

247

00:11:53,150 --> 00:11:51,470

you got muted somehow

248

00:11:56,150 --> 00:11:53,160

what the heck I Lost You There Michael

249

00:12:00,769 --> 00:11:56,160

how about now yep you're back

250

00:12:02,389 --> 00:12:00,779

okay anyway uh these systems uh our

251
00:12:05,150 --> 00:12:02,399
national systems

252
00:12:08,449 --> 00:12:05,160
without going into great detail they

253
00:12:12,290 --> 00:12:08,459
have to be tasked and tuned

254
00:12:15,230 --> 00:12:12,300
and and and committed to collect on

255
00:12:16,970 --> 00:12:15,240
something uh and they have to reference

256
00:12:19,970 --> 00:12:16,980
what they collect whether it's an

257
00:12:22,550 --> 00:12:19,980
infrared hit or whatever

258
00:12:24,650 --> 00:12:22,560
uh to something in a known database

259
00:12:26,990 --> 00:12:24,660
that's been compiled of known things

260
00:12:29,690 --> 00:12:27,000
recognizable things so that that system

261
00:12:31,850 --> 00:12:29,700
can automatically send out reports to

262
00:12:33,650 --> 00:12:31,860
troops in the field and whatever on what

263
00:12:36,889 --> 00:12:33,660

it's seeing

264

00:12:38,090 --> 00:12:36,899

um so by the same token these sonar

265

00:12:41,269 --> 00:12:38,100

operators

266

00:12:43,730 --> 00:12:41,279

now I was never a Submariner but

267

00:12:45,710 --> 00:12:43,740

from what I understand you know the same

268

00:12:49,449 --> 00:12:45,720

thing goes on there they have a massive

269

00:12:52,310 --> 00:12:49,459

database of cataloged acoustical events

270

00:12:53,449 --> 00:12:52,320

subsurface around the world in the

271

00:12:56,269 --> 00:12:53,459

oceans

272

00:13:00,350 --> 00:12:56,279

and so this thing

273

00:13:01,250 --> 00:13:00,360

was visible on the waterfall display

274

00:13:03,769 --> 00:13:01,260

um

275

00:13:05,150 --> 00:13:03,779

and how did they know what it was you

276

00:13:08,389 --> 00:13:05,160

know they must

277

00:13:10,190 --> 00:13:08,399

it's I would just speculate that as long

278

00:13:12,530 --> 00:13:10,200

as we've been patrolling the oceans with

279

00:13:15,829 --> 00:13:12,540

nuclear submarines and otherwise

280

00:13:17,930 --> 00:13:15,839

uh for decades there's a giant catalog

281

00:13:19,730 --> 00:13:17,940

database you know a database that

282

00:13:21,829 --> 00:13:19,740

catalogs all these different

283

00:13:24,590 --> 00:13:21,839

acoustical hits

284

00:13:27,110 --> 00:13:24,600

um so back to the nuclear question

285

00:13:28,790 --> 00:13:27,120

I think it was put off that that's

286

00:13:30,170 --> 00:13:28,800

let me just interrupt I'm going to go in

287

00:13:33,110 --> 00:13:30,180

that direction you could follow up what

288

00:13:35,930 --> 00:13:33,120

I what I say um somebody I spoke to said

289

00:13:37,430 --> 00:13:35,940

don't assume that they're omniscient

290

00:13:40,189 --> 00:13:37,440

um when they're shutting down the nukes

291

00:13:41,930 --> 00:13:40,199

sure they can shut them down but that in

292

00:13:44,210 --> 00:13:41,940

a way was a directed operation don't

293

00:13:46,490 --> 00:13:44,220

assume they they can know everything at

294

00:13:48,470 --> 00:13:46,500

all times including the unexpected I

295

00:13:50,410 --> 00:13:48,480

doubt that so yeah just because they can

296

00:13:52,430 --> 00:13:50,420

shut up

297

00:13:54,710 --> 00:13:52,440

doesn't mean they can stop us from

298

00:13:56,629 --> 00:13:54,720

setting off a nuke anytime we want I

299

00:13:59,870 --> 00:13:56,639

mean it can't be I'm not gonna go there

300

00:14:02,449 --> 00:13:59,880

yeah well I mean I I would think though

301

00:14:03,410 --> 00:14:02,459

perhaps it's a it's a will it's a

302

00:14:08,030 --> 00:14:03,420

witting

303

00:14:11,210 --> 00:14:08,040

attempt to demonstrate a capability

304

00:14:13,250 --> 00:14:11,220

okay maybe they are maybe we can move

305

00:14:17,629 --> 00:14:13,260

these things around like mobile missiles

306

00:14:19,970 --> 00:14:17,639

and our Command centers and we can be uh

307

00:14:23,210 --> 00:14:19,980

obscure enough about it to be able to

308

00:14:25,850 --> 00:14:23,220

hide from them or anyone else so the

309

00:14:28,810 --> 00:14:25,860

Russians are Chinese or whatever

310

00:14:33,530 --> 00:14:28,820

um and maybe they're not

311

00:14:36,290 --> 00:14:33,540

omnipotent or omnipresent uh but they if

312

00:14:39,170 --> 00:14:36,300

they find something they can enter they

313

00:14:40,670 --> 00:14:39,180

can influence it that maybe that was a

314

00:14:42,410 --> 00:14:40,680

demonstration that they can influence it

315

00:14:45,170 --> 00:14:42,420

they may not have control total control

316

00:14:48,410 --> 00:14:45,180

but maybe they're just influencing to

317

00:14:51,230 --> 00:14:48,420

show that hey but if you go to you know

318

00:14:53,689 --> 00:14:51,240

and and put off paper speculates that

319

00:14:56,629 --> 00:14:53,699

well if they're actually here if they've

320

00:14:59,389 --> 00:14:56,639

actually been here since recorded human

321

00:15:02,509 --> 00:14:59,399

history or before they're cohabitating

322

00:15:04,009 --> 00:15:02,519

in some way on this planet it's what he

323

00:15:05,290 --> 00:15:04,019

speculates as one thread of

324

00:15:08,629 --> 00:15:05,300

Investigation

325

00:15:10,490 --> 00:15:08,639

then it sort of makes sense as he spells

326

00:15:13,910 --> 00:15:10,500

it out that the one thing that could

327

00:15:18,350 --> 00:15:13,920

really screw up their world and Ours is

328

00:15:21,769 --> 00:15:18,360

altering the DNA strains as nuclear

329

00:15:23,930 --> 00:15:21,779

explosions tend to do in humans and in

330

00:15:25,970 --> 00:15:23,940

animals it is the one thing that has

331

00:15:27,350 --> 00:15:25,980

significant deleterious effects on

332

00:15:30,050 --> 00:15:27,360

living species

333

00:15:31,069 --> 00:15:30,060

plants and animals and could be the

334

00:15:33,710 --> 00:15:31,079

ultimate

335

00:15:35,389 --> 00:15:33,720

poisoned in the water literally and

336

00:15:37,730 --> 00:15:35,399

figuratively

337

00:15:39,470 --> 00:15:37,740

um that we that they may view us being

338

00:15:44,030 --> 00:15:39,480

sort of careless about

339

00:15:49,490 --> 00:15:46,610

um I would say at the moment the

340

00:15:52,610 --> 00:15:49,500

narrative is all over the place

341

00:15:54,290 --> 00:15:52,620

we are constantly contradicting

342

00:15:56,329 --> 00:15:54,300

ourselves every single day with uh

343

00:15:59,030 --> 00:15:56,339

different statements uh what I was

344

00:16:01,610 --> 00:15:59,040

referring to is you have Jeremy Corbell

345

00:16:04,550 --> 00:16:01,620

who has recently partnered I've

346

00:16:09,530 --> 00:16:04,560

partnered up with Luis Elizondo uh just

347

00:16:12,170 --> 00:16:09,540

a month ago or so he's saying that

348

00:16:14,990 --> 00:16:12,180

um our military they're shooting at

349

00:16:16,249 --> 00:16:15,000

these things on a daily basis so if

350

00:16:19,069 --> 00:16:16,259

they're shooting at these things on a

351

00:16:21,650 --> 00:16:19,079

daily basis there are enough of them to

352

00:16:23,090 --> 00:16:21,660

patrol all of our nuclear facilities and

353

00:16:24,350 --> 00:16:23,100

if they have the capabilities to shut

354

00:16:29,329 --> 00:16:24,360

them down

355

00:16:32,269 --> 00:16:29,339

or to disable and disarm our nukes

356

00:16:35,569 --> 00:16:32,279

then how are we a threat to them how are

357

00:16:37,370 --> 00:16:35,579

we going to well look at Elizondo he

358

00:16:40,670 --> 00:16:37,380

said that we could possibly bait them

359

00:16:45,350 --> 00:16:40,680

with nuclear material whether that's uh

360

00:16:47,150 --> 00:16:45,360

raw material or you know actual nukes uh

361

00:16:49,910 --> 00:16:47,160

he said that he's seen it done before

362

00:16:52,670 --> 00:16:49,920

how are we doing that

363

00:16:54,889 --> 00:16:52,680

if there are so many of them that we can

364

00:16:56,829 --> 00:16:54,899

shoot at them on a daily basis how are

365

00:16:59,749 --> 00:16:56,839

we possibly

366

00:17:01,790 --> 00:16:59,759

baiting them especially if you know

367

00:17:05,150 --> 00:17:01,800

allegedly they could read our minds

368

00:17:08,630 --> 00:17:05,160

according to uh commander fraber and see

369

00:17:09,409 --> 00:17:08,640

his cat point and be there before he was

370

00:17:17,390 --> 00:17:09,419

there

371

00:17:19,429 --> 00:17:17,400

be a couple of different

372

00:17:21,590 --> 00:17:19,439

things that are going on at the same

373

00:17:24,829 --> 00:17:21,600

time that we're all lumping into one

374

00:17:27,409 --> 00:17:24,839

category that's a possibility

375

00:17:28,610 --> 00:17:27,419

um but any thoughts on that yeah Michael

376

00:17:29,990 --> 00:17:28,620

go ahead because I know you have limited

377

00:17:32,150 --> 00:17:30,000

time I want to get as much out of you as

378

00:17:36,049 --> 00:17:32,160

I can

379

00:17:38,230 --> 00:17:36,059

I think without a single coherent

380

00:17:41,330 --> 00:17:38,240

um mouthpiece

381

00:17:43,190 --> 00:17:41,340

I think Jess is right we're sort of

382

00:17:43,909 --> 00:17:43,200

getting

383

00:17:46,390 --> 00:17:43,919

um

384

00:17:51,350 --> 00:17:46,400

recently sort of fire hosed house paper

385

00:17:54,650 --> 00:17:51,360

Elizondo and now Gary Nolan with

386

00:17:57,350 --> 00:17:54,660

similarly famed things

387

00:17:58,810 --> 00:17:57,360

bits of information but it's not coming

388

00:18:00,950 --> 00:17:58,820

from one

389

00:18:03,230 --> 00:18:00,960

mouthpiece if you will

390

00:18:05,029 --> 00:18:03,240

um and that may be because we may never

391

00:18:11,029 --> 00:18:05,039

get

392

00:18:13,029 --> 00:18:11,039

uh we I don't want to go down the rabbit

393

00:18:18,049 --> 00:18:13,039

hole of my

394

00:18:20,029 --> 00:18:18,059

my uh speculation about the difference

395

00:18:22,669 --> 00:18:20,039

between admitting that you've got some

396

00:18:24,169 --> 00:18:22,679

Hardware admitting that you're baiting

397

00:18:26,529 --> 00:18:24,179

these things or seeing them out over

398

00:18:29,510 --> 00:18:26,539

these restricted ranges

399

00:18:31,250 --> 00:18:29,520

uh as that might relate to the the

400

00:18:34,549 --> 00:18:31,260

so-called core story

401
00:18:37,190 --> 00:18:34,559
you know that has been in literature

402
00:18:39,590 --> 00:18:37,200
and even some prominent people have

403
00:18:43,570 --> 00:18:39,600
talked about it's things being core

404
00:18:48,409 --> 00:18:43,580
Secrets now core secrets are part of

405
00:18:50,990 --> 00:18:48,419
that line of work in the IC and DOD and

406
00:18:53,210 --> 00:18:51,000
things will be classified and you may be

407
00:18:57,890 --> 00:18:53,220
able to be allowed to be read into

408
00:19:03,770 --> 00:19:00,529
as you read into something you will

409
00:19:06,890 --> 00:19:03,780
encounter as you flip through it

410
00:19:09,650 --> 00:19:06,900
a deeper dive into the read end

411
00:19:13,370 --> 00:19:09,660
that will call out hey you're now

412
00:19:16,070 --> 00:19:13,380
delving into core material which is the

413
00:19:17,870 --> 00:19:16,080

real basis for all of the

414

00:19:20,150 --> 00:19:17,880

the secrecy on the program that you're

415

00:19:23,630 --> 00:19:20,160

in so this that's where things get super

416

00:19:25,370 --> 00:19:23,640

serious uh but the core story around

417

00:19:28,010 --> 00:19:25,380

UFOs

418

00:19:30,710 --> 00:19:28,020

you know I don't care what anybody else

419

00:19:32,930 --> 00:19:30,720

thinks about Tom DeLonge

420

00:19:34,789 --> 00:19:32,940

but if you go back and listen to

421

00:19:37,130 --> 00:19:34,799

everything that he has publicly said

422

00:19:38,990 --> 00:19:37,140

since all of this started

423

00:19:40,970 --> 00:19:39,000

he mentioned some things that

424

00:19:43,010 --> 00:19:40,980

corroborated some stories that were

425

00:19:46,130 --> 00:19:43,020

already out there

426
00:19:48,770 --> 00:19:46,140
that you were hard to believe

427
00:19:51,830 --> 00:19:48,780
before he corroborated them

428
00:19:54,650 --> 00:19:51,840
based on things he told us the public

429
00:19:57,350 --> 00:19:54,660
that he was told

430
00:19:59,930 --> 00:19:57,360
um and apparently before he was told to

431
00:20:02,990 --> 00:19:59,940
stop talking so much one of them was

432
00:20:06,350 --> 00:20:03,000
something he referred to as fly swatting

433
00:20:10,070 --> 00:20:06,360
with atmospheric test of nuclear weapons

434
00:20:13,789 --> 00:20:10,080
that it was really an attempt to catch

435
00:20:16,250 --> 00:20:13,799
these these UAP off guard to maybe you

436
00:20:18,529 --> 00:20:16,260
know watch the left hand over here and

437
00:20:20,510 --> 00:20:18,539
then boom they launched an atmospheric

438
00:20:22,909 --> 00:20:20,520

test over here

439

00:20:25,310 --> 00:20:22,919

it somehow disables or temporarily

440

00:20:27,890 --> 00:20:25,320

disables this thing in it in his case in

441

00:20:30,470 --> 00:20:27,900

his story it fell into the ocean and we

442

00:20:32,870 --> 00:20:30,480

recovered it or almost did then there's

443

00:20:34,250 --> 00:20:32,880

the case of these Navy divers that went

444

00:20:36,830 --> 00:20:34,260

down

445

00:20:39,529 --> 00:20:36,840

on top of and stood on top of one of

446

00:20:42,169 --> 00:20:39,539

these that had crashed during such tests

447

00:20:44,330 --> 00:20:42,179

down in the Southern Pacific

448

00:20:46,130 --> 00:20:44,340

you know who knows if that story is

449

00:20:48,470 --> 00:20:46,140

really true but it's been told it's been

450

00:20:50,029 --> 00:20:48,480

written about it's been put in books and

451
00:20:53,090 --> 00:20:50,039
then DeLong comes out and says that

452
00:20:57,590 --> 00:20:53,100
amongst a lot of other things now when I

453
00:20:59,390 --> 00:20:57,600
asked blue in New York in 2019

454
00:21:01,130 --> 00:20:59,400
I don't even think I got the full

455
00:21:02,570 --> 00:21:01,140
sentence out of my mouth about

456
00:21:04,850 --> 00:21:02,580
something

457
00:21:07,010 --> 00:21:04,860
um after I asked him okay now now that

458
00:21:07,850 --> 00:21:07,020
we're alone tell me what I what I really

459
00:21:11,270 --> 00:21:07,860
saw

460
00:21:12,770 --> 00:21:11,280
that day in the Persian Gulf I later I

461
00:21:16,310 --> 00:21:12,780
said um

462
00:21:19,130 --> 00:21:16,320
so what about XYZ that DeLong has

463
00:21:22,789 --> 00:21:19,140

mentioned he very quickly says to me

464

00:21:25,669 --> 00:21:22,799

what he said consistently that he

465

00:21:28,850 --> 00:21:25,679

what Delong says is what the long says

466

00:21:31,789 --> 00:21:28,860

that he Lou is only interested in

467

00:21:33,830 --> 00:21:31,799

following the data he didn't disparaged

468

00:21:36,289 --> 00:21:33,840

along he didn't deny anything he said

469

00:21:37,789 --> 00:21:36,299

but he also didn't take debate if you

470

00:21:40,010 --> 00:21:37,799

will and

471

00:21:41,750 --> 00:21:40,020

um answer my question about some of the

472

00:21:42,950 --> 00:21:41,760

assertions that Delong had made up to

473

00:21:44,450 --> 00:21:42,960

that point

474

00:21:46,070 --> 00:21:44,460

so

475

00:21:48,770 --> 00:21:46,080

I mean

476

00:21:51,169 --> 00:21:48,780

everything taken in the big picture

477

00:21:53,450 --> 00:21:51,179

you have to look at all of the

478

00:21:55,970 --> 00:21:53,460

information that's out there which makes

479

00:22:00,289 --> 00:21:55,980

it so hard especially for anyone new in

480

00:22:03,350 --> 00:22:00,299

this field yeah um but I've said it

481

00:22:06,590 --> 00:22:03,360

before the truth is usually whether it's

482

00:22:09,770 --> 00:22:06,600

an Espionage event taking place

483

00:22:11,810 --> 00:22:09,780

in Ukraine uh did the Russians really

484

00:22:14,990 --> 00:22:11,820

kill all those prisoners of war and that

485

00:22:17,090 --> 00:22:15,000

prison on purpose or did the ukrainians

486

00:22:19,310 --> 00:22:17,100

actually bomb it on purpose to make it

487

00:22:20,390 --> 00:22:19,320

look like the truth is usually somewhere

488

00:22:23,029 --> 00:22:20,400

in the middle

489

00:22:25,130 --> 00:22:23,039

right and so you have to start looking

490

00:22:28,490 --> 00:22:25,140

at your quality of information that you

491

00:22:30,890 --> 00:22:28,500

have and start doing some serious uh

492

00:22:33,529 --> 00:22:30,900

thought exercises on what's real and

493

00:22:37,250 --> 00:22:33,539

what's not uh and if you take everything

494

00:22:39,830 --> 00:22:37,260

that around the nuclear related stories

495

00:22:43,430 --> 00:22:39,840

there's a clear interest by whatever

496

00:22:45,590 --> 00:22:43,440

these things are in nuclear if you take

497

00:22:49,070 --> 00:22:45,600

things that Elizondo says if you take

498

00:22:50,510 --> 00:22:49,080

things that DeLong says

499

00:22:52,850 --> 00:22:50,520

um

500

00:22:54,049 --> 00:22:52,860

you know the truth is is in there

501
00:22:55,669 --> 00:22:54,059
somewhere

502
00:22:57,830 --> 00:22:55,679
and

503
00:22:59,630 --> 00:22:57,840
does that help us or hurt us I think it

504
00:23:03,830 --> 00:22:59,640
makes it more intriguing but it makes it

505
00:23:05,450 --> 00:23:03,840
harder to discern exactly the hot swap

506
00:23:07,490 --> 00:23:05,460
one of the more interesting things I

507
00:23:09,770 --> 00:23:07,500
heard from uh Gary during the interview

508
00:23:12,409 --> 00:23:09,780
is he talked about how maybe they can

509
00:23:13,789 --> 00:23:12,419
influence us and and I forget the

510
00:23:15,409 --> 00:23:13,799
wording he said but make us see things

511
00:23:18,470 --> 00:23:15,419
that aren't there basically using some

512
00:23:20,090 --> 00:23:18,480
sort of altered reality technology or I

513
00:23:22,730 --> 00:23:20,100

don't know mind control whatever and and

514

00:23:23,870 --> 00:23:22,740

Tucker said Carlson said does that scare

515

00:23:25,610 --> 00:23:23,880

you and he may not have been asking

516

00:23:27,110 --> 00:23:25,620

about that specific point because does

517

00:23:28,909 --> 00:23:27,120

this just scare you and he goes no he

518

00:23:31,010 --> 00:23:28,919

goes this is exciting this is fun I mean

519

00:23:33,289 --> 00:23:31,020

I think you're like that too

520

00:23:35,510 --> 00:23:33,299

Jess I have no problem talking about the

521

00:23:38,630 --> 00:23:35,520

most woo stuff and the most scary stuff

522

00:23:40,669 --> 00:23:38,640

I I don't ever sense fear from us but

523

00:23:43,010 --> 00:23:40,679

the general public and certain people in

524

00:23:46,190 --> 00:23:43,020

the community don't think like us so

525

00:23:47,930 --> 00:23:46,200

yeah uh just I was just surprised that

526
00:23:49,430 --> 00:23:47,940
they went there and I wish it would have

527
00:23:50,990 --> 00:23:49,440
been on a network we still don't have

528
00:23:52,970 --> 00:23:51,000
the network coverage that we're hoping

529
00:23:55,130 --> 00:23:52,980
for I mean it's something behind a

530
00:23:56,810 --> 00:23:55,140
paywall so it's important but it's still

531
00:23:59,029 --> 00:23:56,820
not network coverage I mean CNN's

532
00:24:00,710 --> 00:23:59,039
documentary the multiple part series is

533
00:24:03,049 --> 00:24:00,720
pushed back indefinitely because their

534
00:24:05,750 --> 00:24:03,059
CNN plus is now gone so we don't know

535
00:24:08,810 --> 00:24:05,760
what's going to happen with that

536
00:24:11,090 --> 00:24:08,820
well I

537
00:24:14,210 --> 00:24:11,100
I'll just share with you that I shared

538
00:24:17,330 --> 00:24:16,070

I shared that link to this video that

539

00:24:21,049 --> 00:24:17,340

you sent me

540

00:24:23,210 --> 00:24:21,059

to with a few of my with with all of my

541

00:24:26,330 --> 00:24:23,220

family and with a few of my closest

542

00:24:27,470 --> 00:24:26,340

friends I mean Tucker and I basically

543

00:24:28,970 --> 00:24:27,480

yeah

544

00:24:29,810 --> 00:24:28,980

and I said

545

00:24:32,269 --> 00:24:29,820

um

546

00:24:33,710 --> 00:24:32,279

something along the lines of this this

547

00:24:36,289 --> 00:24:33,720

will be

548

00:24:38,570 --> 00:24:36,299

I think the most compelling thing you've

549

00:24:41,630 --> 00:24:38,580

ever watched

550

00:24:43,370 --> 00:24:41,640

just try me you know just just listen to

551
00:24:45,529 --> 00:24:43,380
it watch it

552
00:24:48,350 --> 00:24:45,539
um and let me know what you think and I

553
00:24:50,210 --> 00:24:48,360
said really all of you in my opinion

554
00:24:52,190 --> 00:24:50,220
should send this to everyone you know

555
00:24:54,710 --> 00:24:52,200
but not without really thorough

556
00:24:57,710 --> 00:24:54,720
consideration for who that person

557
00:24:59,330 --> 00:24:57,720
is as far as their makeup

558
00:25:02,269 --> 00:24:59,340
I mean seriously

559
00:25:05,210 --> 00:25:02,279
this is stuff that can

560
00:25:06,610 --> 00:25:05,220
unravel and really stick on people's

561
00:25:09,409 --> 00:25:06,620
minds

562
00:25:11,870 --> 00:25:09,419
and cause them depending on where they

563
00:25:14,090 --> 00:25:11,880

are with respect to their fundamental

564

00:25:18,529 --> 00:25:14,100

believes the some of the things that he

565

00:25:20,630 --> 00:25:18,539

said tonight were were

566

00:25:22,810 --> 00:25:20,640

well I had never heard them all set in

567

00:25:25,310 --> 00:25:22,820

one place before

568

00:25:28,310 --> 00:25:25,320

he said it might be their Planet I'm

569

00:25:29,870 --> 00:25:28,320

like you're saying that on a very

570

00:25:31,490 --> 00:25:29,880

mainstream show which we've all

571

00:25:33,169 --> 00:25:31,500

discussed but when I heard him say that

572

00:25:35,330 --> 00:25:33,179

I'm like yeah they're definitely pushing

573

00:25:36,890 --> 00:25:35,340

an envelope more than usual

574

00:25:39,350 --> 00:25:36,900

um semivan recently came out on James

575

00:25:41,870 --> 00:25:39,360

iandoli show engaging the phenomena and

576

00:25:43,549 --> 00:25:41,880

said you know I don't want to talk to an

577

00:25:45,049 --> 00:25:43,559

eight-year-old girl some my friends like

578

00:25:46,970 --> 00:25:45,059

can you talk to my daughter about UFOs

579

00:25:48,830 --> 00:25:46,980

and he's like no I don't want to talk to

580

00:25:51,049 --> 00:25:48,840

you it's too scary this thing lies to us

581

00:25:52,250 --> 00:25:51,059

we you know it may be manipulating us I

582

00:25:54,230 --> 00:25:52,260

don't want to talk about it and then it

583

00:25:55,789 --> 00:25:54,240

got me thinking we got to get beyond

584

00:25:57,470 --> 00:25:55,799

that though we got to figure the world

585

00:25:59,390 --> 00:25:57,480

needs to know about this I know it's not

586

00:26:00,350 --> 00:25:59,400

easy for kids to take but if we're

587

00:26:02,149 --> 00:26:00,360

dealing with something that's

588

00:26:03,890 --> 00:26:02,159

manipulating us and has controlled or

589

00:26:06,649 --> 00:26:03,900

influenced you know life on this planet

590

00:26:08,390 --> 00:26:06,659

it needs to come out let's not wait much

591

00:26:09,470 --> 00:26:08,400

longer I mean I know you disagree

592

00:26:12,289 --> 00:26:09,480

because you think it's gonna cause

593

00:26:14,390 --> 00:26:12,299

totally just total disable it just you

594

00:26:16,549 --> 00:26:14,400

know totally destabilize the world which

595

00:26:17,570 --> 00:26:16,559

it could but when when when is the right

596

00:26:20,149 --> 00:26:17,580

time

597

00:26:22,310 --> 00:26:20,159

I don't I don't know that I think it

598

00:26:24,230 --> 00:26:22,320

would cause total to stability the

599

00:26:26,930 --> 00:26:24,240

stabilization of the world but I think

600

00:26:29,690 --> 00:26:26,940

that it would cause enough

601
00:26:33,049 --> 00:26:29,700
I mean you just don't I mean I dealt

602
00:26:36,830 --> 00:26:33,059
with someone today over uh no kidding

603
00:26:39,590 --> 00:26:36,840
buying a used awesome condition

604
00:26:41,510 --> 00:26:39,600
badass zero turn lawnmower I was gonna

605
00:26:43,549 --> 00:26:41,520
upgrade my lawnmower

606
00:26:45,350 --> 00:26:43,559
I didn't get the lawnmower at the end of

607
00:26:48,350 --> 00:26:45,360
the day because the guy and I'm gonna

608
00:26:49,669 --> 00:26:48,360
quote him maybe I won't quote him but he

609
00:26:51,049 --> 00:26:49,679
basically said oh I mean I had

610
00:26:53,570 --> 00:26:51,059
everything worked out the trailer I was

611
00:26:56,269 --> 00:26:53,580
going to use uh the two hour drive where

612
00:26:58,730 --> 00:26:56,279
I was gonna pick it up how I was going

613
00:27:00,950 --> 00:26:58,740

to pay him and how I was going to sell

614

00:27:03,890 --> 00:27:00,960

my current lawn tractor

615

00:27:06,350 --> 00:27:03,900

so this was not something on a whim

616

00:27:08,870 --> 00:27:06,360

and and this guy texts and I spoke with

617

00:27:12,529 --> 00:27:08,880

him yesterday and my point is he's he

618

00:27:16,130 --> 00:27:12,539

proved to me that I'm glad I didn't deal

619

00:27:18,529 --> 00:27:16,140

with him he's a little on something he

620

00:27:21,049 --> 00:27:18,539

ain't right okay to put saying it you

621

00:27:23,930 --> 00:27:21,059

know give you an expression

622

00:27:25,549 --> 00:27:23,940

um he said hey some people just drove by

623

00:27:27,289 --> 00:27:25,559

and offered me cash

624

00:27:29,930 --> 00:27:27,299

sorry

625

00:27:33,110 --> 00:27:29,940

and I had an agreement on the phone with

626

00:27:35,149 --> 00:27:33,120

this guy who lives in my hometown in my

627

00:27:37,010 --> 00:27:35,159

old neighborhood who knows which house I

628

00:27:38,870 --> 00:27:37,020

grew up in based on a short conversation

629

00:27:40,149 --> 00:27:38,880

I mean it was a lot of coincidence stuff

630

00:27:43,070 --> 00:27:40,159

there

631

00:27:44,750 --> 00:27:43,080

uh but he

632

00:27:46,490 --> 00:27:44,760

he I even asked him what's your venmo

633

00:27:47,690 --> 00:27:46,500

right I mean I was ready to shoot him

634

00:27:49,970 --> 00:27:47,700

the money

635

00:27:51,409 --> 00:27:49,980

something wasn't right and I say all of

636

00:27:53,210 --> 00:27:51,419

that it's three minutes of your life you

637

00:27:55,010 --> 00:27:53,220

won't get back for me to say that you

638

00:27:59,750 --> 00:27:55,020

don't know people

639

00:28:02,029 --> 00:28:01,130

this thing keeps going on mute but

640

00:28:05,630 --> 00:28:02,039

anyway

641

00:28:08,090 --> 00:28:05,640

um you just can't you just can't roll

642

00:28:10,610 --> 00:28:08,100

all of this out there formally from the

643

00:28:14,210 --> 00:28:10,620

podium at the White House or some

644

00:28:17,169 --> 00:28:14,220

Pentagon briefing you I think that's the

645

00:28:19,549 --> 00:28:17,179

most irresponsible thing

646

00:28:22,370 --> 00:28:19,559

apparently that could ever could ever

647

00:28:24,169 --> 00:28:22,380

happen just about is to roll this out

648

00:28:26,330 --> 00:28:24,179

all at once

649

00:28:28,549 --> 00:28:26,340

I don't care who wants to debate me on

650

00:28:30,950 --> 00:28:28,559

it that's where I stand that I

651
00:28:33,110 --> 00:28:30,960
understand risk management to up to the

652
00:28:35,630 --> 00:28:33,120
nth degree I'm not the world's foremost

653
00:28:37,549 --> 00:28:35,640
expert on it but this would have been

654
00:28:39,769 --> 00:28:37,559
thought about for decades

655
00:28:41,990 --> 00:28:39,779
I don't care if there is documentation

656
00:28:43,549 --> 00:28:42,000
that shows they're hubris and how they

657
00:28:45,649 --> 00:28:43,559
don't think where you know what would we

658
00:28:49,669 --> 00:28:45,659
even do with this information maybe it

659
00:28:52,370 --> 00:28:49,679
is so beyond our comprehension that only

660
00:28:54,049 --> 00:28:52,380
the very best Minds people that can have

661
00:28:56,769 --> 00:28:54,059
access to only

662
00:29:00,409 --> 00:28:56,779
our very best research

663
00:29:03,710 --> 00:29:00,419

researchers our capabilities maybe those

664

00:29:07,610 --> 00:29:03,720

are the only people that can conceivably

665

00:29:11,450 --> 00:29:07,620

even begin to get their arms around this

666

00:29:13,610 --> 00:29:11,460

um maybe right if it was so easy if it

667

00:29:16,490 --> 00:29:13,620

was so inconsequential to let us know

668

00:29:18,470 --> 00:29:16,500

wouldn't they have done so sort of

669

00:29:21,110 --> 00:29:18,480

sharing whatever tech technical games

670

00:29:23,750 --> 00:29:21,120

that they've made

671

00:29:26,810 --> 00:29:23,760

so I don't think it's uh I don't think

672

00:29:29,149 --> 00:29:26,820

it's that easy yes

673

00:29:31,909 --> 00:29:29,159

I'm just going to say zero turns are no

674

00:29:33,950 --> 00:29:31,919

joke Michael so uh yeah people are gonna

675

00:29:36,049 --> 00:29:33,960

fight you tooth and L for those

676
00:29:39,350 --> 00:29:36,059
I bought one a couple years back they're

677
00:29:42,889 --> 00:29:39,360
they're really nice but uh

678
00:29:45,409 --> 00:29:42,899
as far as something that's been living

679
00:29:49,010 --> 00:29:45,419
here for a very long time and

680
00:29:51,889 --> 00:29:49,020
interfering with our minds

681
00:29:53,210 --> 00:29:51,899
um if this is not coming from another

682
00:29:56,810 --> 00:29:53,220
planet

683
00:30:00,710 --> 00:29:56,820
another solar system another galaxy into

684
00:30:02,810 --> 00:30:00,720
ours and it's been here

685
00:30:06,950 --> 00:30:05,810
maybe that's possibly why we have

686
00:30:10,730 --> 00:30:06,960
somebody

687
00:30:15,110 --> 00:30:10,740
that has been trained in parasitology

688
00:30:18,590 --> 00:30:15,120

and another scientist Gary Nolan that

689

00:30:22,850 --> 00:30:18,600

he's an immunologist but he's also very

690

00:30:24,470 --> 00:30:22,860

well versed in religious studies

691

00:30:27,289 --> 00:30:24,480

um maybe

692

00:30:28,850 --> 00:30:27,299

as far as possession maybe it all ties

693

00:30:33,190 --> 00:30:28,860

in together maybe it's something that's

694

00:30:36,049 --> 00:30:33,200

organic that we are

695

00:30:39,769 --> 00:30:36,059

misidentifying as something else maybe

696

00:30:42,710 --> 00:30:39,779

it has the ability to come within us and

697

00:30:45,710 --> 00:30:42,720

possibly make us hallucinate in certain

698

00:30:47,630 --> 00:30:45,720

ways that we are seeing these things I

699

00:30:50,870 --> 00:30:47,640

mean that still does not

700

00:30:53,510 --> 00:30:50,880

account for the biological

701
00:30:55,130 --> 00:30:53,520
issues or maybe it does he spoke today

702
00:30:57,649 --> 00:30:55,140
about orbs

703
00:30:59,570 --> 00:30:57,659
coming through his car and coming

704
00:31:02,389 --> 00:30:59,580
through some guy's car and going through

705
00:31:04,730 --> 00:31:02,399
somebody's chest and they had

706
00:31:05,990 --> 00:31:04,740
um issues with that

707
00:31:10,430 --> 00:31:06,000
yeah

708
00:31:11,029 --> 00:31:10,440
about the orbs so

709
00:31:13,490 --> 00:31:11,039
um

710
00:31:15,710 --> 00:31:13,500
somebody that we both know has been

711
00:31:18,130 --> 00:31:15,720
talking about plasma uh and the

712
00:31:22,310 --> 00:31:18,140
possibility that it's a living

713
00:31:24,110 --> 00:31:22,320

microorganism okay so if that comes into

714

00:31:27,470 --> 00:31:24,120

your body

715

00:31:30,289 --> 00:31:27,480

I mean could that not basically

716

00:31:32,389 --> 00:31:30,299

be a type of possession

717

00:31:34,549 --> 00:31:32,399

could that not affect the way that you

718

00:31:38,570 --> 00:31:34,559

think the way that you

719

00:31:38,580 --> 00:31:41,870

Michael

720

00:31:44,960 --> 00:31:44,330

quite possibly I mean he gave the

721

00:31:45,470 --> 00:31:44,970

example

722

00:31:47,570 --> 00:31:45,480

[Music]

723

00:31:51,409 --> 00:31:50,090

I always forget this guy's name the Air

724

00:31:54,470 --> 00:31:51,419

Force

725

00:31:55,610 --> 00:31:54,480

guy that was at randallson Forest at the

726
00:31:57,230 --> 00:31:55,620
base

727
00:31:59,409 --> 00:31:57,240
John borrows us who he was talking about

728
00:32:02,570 --> 00:31:59,419
who had the uh

729
00:32:03,289 --> 00:32:02,580
for him that's right

730
00:32:06,350 --> 00:32:03,299
um

731
00:32:08,450 --> 00:32:06,360
this now I had never

732
00:32:10,789 --> 00:32:08,460
I'm much more familiar with Jim

733
00:32:13,250 --> 00:32:10,799
peniston's account who was there with

734
00:32:16,370 --> 00:32:13,260
Burroughs or in proximity

735
00:32:17,930 --> 00:32:16,380
I wasn't aware that and Nolan did sort

736
00:32:20,750 --> 00:32:17,940
of gloss over and make some

737
00:32:23,090 --> 00:32:20,760
misstatements uh but I think it's

738
00:32:25,370 --> 00:32:23,100

because you can't be

739

00:32:27,710 --> 00:32:25,380

you can't know all things about all

740

00:32:29,210 --> 00:32:27,720

things so he like he referred to you

741

00:32:30,889 --> 00:32:29,220

know Lockheed and McDonald Douglas

742

00:32:33,350 --> 00:32:30,899

McDonald Douglas doesn't exist anymore

743

00:32:35,049 --> 00:32:33,360

Boeing

744

00:32:38,330 --> 00:32:35,059

basically

745

00:32:40,190 --> 00:32:38,340

subsume them in the late 90s yeah that's

746

00:32:42,350 --> 00:32:40,200

another thing that I noticed like he he

747

00:32:45,409 --> 00:32:42,360

did make a couple of misstatements there

748

00:32:47,570 --> 00:32:45,419

and then that's yeah I mean you know

749

00:32:50,029 --> 00:32:47,580

I I don't

750

00:32:51,350 --> 00:32:50,039

I try to be factually correct but you

751
00:32:52,850 --> 00:32:51,360
know you can't know everything about

752
00:32:55,789 --> 00:32:52,860
everything and so I don't I don't fault

753
00:32:58,490 --> 00:32:55,799
him for that but I don't recall I mean

754
00:33:00,110 --> 00:32:58,500
peniston was the one that I recall who

755
00:33:02,269 --> 00:33:00,120
ran his hand along

756
00:33:05,149 --> 00:33:02,279
the the landed object

757
00:33:06,470 --> 00:33:05,159
and who Who sketched in his pocket

758
00:33:09,350 --> 00:33:06,480
Notepad

759
00:33:12,490 --> 00:33:09,360
the symbols on the side of the craft

760
00:33:17,029 --> 00:33:12,500
and then he tells a wonderful

761
00:33:19,430 --> 00:33:17,039
uh chronological history of years later

762
00:33:21,169 --> 00:33:19,440
finding that notebook

763
00:33:24,710 --> 00:33:21,179

where he had

764

00:33:27,529 --> 00:33:24,720

written essentially binary

765

00:33:29,389 --> 00:33:27,539

from some sort of a dream he had from

766

00:33:31,610 --> 00:33:29,399

that event or whatever but and that that

767

00:33:33,169 --> 00:33:31,620

binary was then decoded

768

00:33:34,669 --> 00:33:33,179

and had some pretty potentially

769

00:33:36,830 --> 00:33:34,679

compelling

770

00:33:38,870 --> 00:33:36,840

information in it about

771

00:33:42,409 --> 00:33:38,880

four or five sites around the world

772

00:33:44,210 --> 00:33:42,419

where this object originated from

773

00:33:46,130 --> 00:33:44,220

in the future

774

00:33:47,870 --> 00:33:46,140

you got to go back and and I've

775

00:33:49,250 --> 00:33:47,880

forgotten a lot more than I ever learned

776

00:33:51,950 --> 00:33:49,260

about it but I

777

00:33:53,870 --> 00:33:51,960

um I wasn't aware that Burroughs was the

778

00:33:56,509 --> 00:33:53,880

one that touched it I thought Burroughs

779

00:33:58,909 --> 00:33:56,519

when this thing flashed

780

00:34:00,110 --> 00:33:58,919

and I forget it the sequence of that

781

00:34:02,090 --> 00:34:00,120

event

782

00:34:05,570 --> 00:34:02,100

or where it fell but you know this thing

783

00:34:06,409 --> 00:34:05,580

landed Burroughs uh and peniston were

784

00:34:08,810 --> 00:34:06,419

there

785

00:34:11,629 --> 00:34:08,820

peniston walks around it but I thought

786

00:34:14,990 --> 00:34:11,639

Burroughs got sort of flash blinded and

787

00:34:17,089 --> 00:34:15,000

knocked unconscious for a Time

788

00:34:19,129 --> 00:34:17,099

um and then years later developed these

789

00:34:21,589 --> 00:34:19,139

I know it was a heart murmur of what

790

00:34:23,869 --> 00:34:21,599

first gave him indications that he had a

791

00:34:26,210 --> 00:34:23,879

valve problem and couldn't get it fixed

792

00:34:27,950 --> 00:34:26,220

by the VA because his records were so I

793

00:34:30,050 --> 00:34:27,960

mean none of that really matters the

794

00:34:34,430 --> 00:34:30,060

what matters is that he

795

00:34:39,530 --> 00:34:37,329

and you know these things do have

796

00:34:41,030 --> 00:34:39,540

deleterious effects on on human

797

00:34:43,669 --> 00:34:41,040

organisms

798

00:34:44,869 --> 00:34:43,679

and it's Hal putoff I love that

799

00:34:46,129 --> 00:34:44,879

expression

800

00:34:48,109 --> 00:34:46,139

um

801
00:34:49,970 --> 00:34:48,119
two three years back where he said so if

802
00:34:51,530 --> 00:34:49,980
you see you landed UFO

803
00:34:53,329 --> 00:34:51,540
don't rush up

804
00:34:54,349 --> 00:34:53,339
they said that tonight he said that in

805
00:34:56,270 --> 00:34:54,359
the interview today and they're like the

806
00:34:57,589 --> 00:34:56,280
advice we would give because some of

807
00:34:59,569 --> 00:34:57,599
these people were just so excited to

808
00:35:00,950 --> 00:34:59,579
like I'm gonna go check it out and then

809
00:35:02,750 --> 00:35:00,960
you know they got sick it's like the

810
00:35:04,670 --> 00:35:02,760
advice do not go near something that's

811
00:35:06,829 --> 00:35:04,680
down on the ground I mean

812
00:35:08,450 --> 00:35:06,839
it's enticing obviously if we see

813
00:35:09,950 --> 00:35:08,460

something we think it's non-human like

814

00:35:11,210 --> 00:35:09,960

this is a light chance of a lifetime

815

00:35:13,370 --> 00:35:11,220

close encounters with the Third Kind

816

00:35:15,290 --> 00:35:13,380

ending of the movie Devil's Tower let's

817

00:35:18,010 --> 00:35:15,300

go but yeah

818

00:35:21,170 --> 00:35:18,020

well I mean you know

819

00:35:23,210 --> 00:35:21,180

go ahead there's no there's no evidence

820

00:35:24,910 --> 00:35:23,220

of that they've intentionally injured

821

00:35:28,130 --> 00:35:24,920

people but then you have Calera so

822

00:35:29,390 --> 00:35:28,140

Claris see if that's non-human and kit

823

00:35:31,310 --> 00:35:29,400

green when they interviewed him he

824

00:35:32,810 --> 00:35:31,320

suggested it was a human

825

00:35:34,790 --> 00:35:32,820

um but whatever that is that looks like

826

00:35:37,490 --> 00:35:34,800

intentional injury to me

827

00:35:41,030 --> 00:35:37,500

well was it was it valet who wrote about

828

00:35:43,790 --> 00:35:41,040

the hunters in the trees at night

829

00:35:46,790 --> 00:35:43,800

in South America uh that's one of the

830

00:35:52,790 --> 00:35:46,800

ways they hunt is they climb up and they

831

00:35:57,170 --> 00:35:55,069

can you hear me I can hear you yeah it

832

00:36:00,710 --> 00:35:57,180

keeps saying mute on

833

00:36:02,750 --> 00:36:00,720

um anyway these uh

834

00:36:04,370 --> 00:36:02,760

is it Brazil right these Brazilian

835

00:36:06,710 --> 00:36:04,380

Hunters

836

00:36:08,630 --> 00:36:06,720

they climb up in the trees at night they

837

00:36:09,829 --> 00:36:08,640

hang up in there in like a hammock or

838

00:36:11,990 --> 00:36:09,839

some sort of a

839

00:36:14,450 --> 00:36:12,000

something to keep them from falling out

840

00:36:15,770 --> 00:36:14,460

and this that's where these Hunters have

841

00:36:18,109 --> 00:36:15,780

been attacked

842

00:36:21,770 --> 00:36:18,119

from above

843

00:36:24,230 --> 00:36:21,780

um you know that and and there are cases

844

00:36:26,870 --> 00:36:24,240

if you read um

845

00:36:29,510 --> 00:36:26,880

Michael swords I mean there's just

846

00:36:31,490 --> 00:36:29,520

thousands thousands of accounts of

847

00:36:34,069 --> 00:36:31,500

people being harmed what about the other

848

00:36:35,930 --> 00:36:34,079

cases that valet wrote about especially

849

00:36:38,089 --> 00:36:35,940

in New Mexico and has

850

00:36:40,010 --> 00:36:38,099

um booked Trinity I don't know if either

851
00:36:42,829 --> 00:36:40,020
of you read that did you I haven't read

852
00:36:44,630 --> 00:36:42,839
it yet I heard so he he wrote about

853
00:36:47,750 --> 00:36:44,640
um a UFO that landed and there were

854
00:36:48,829 --> 00:36:47,760
these two kids who basically went up and

855
00:36:51,349 --> 00:36:48,839
touched that and they're still telling

856
00:36:53,810 --> 00:36:51,359
this story today but I'm not sure if

857
00:36:57,230 --> 00:36:53,820
they have any

858
00:37:00,109 --> 00:36:57,240
um biological side effects like if they

859
00:37:02,329 --> 00:37:00,119
had the same types of deals like did you

860
00:37:05,390 --> 00:37:02,339
do you know what I'm talking about Joe

861
00:37:07,490 --> 00:37:05,400
I do I have not read it but I think

862
00:37:08,390 --> 00:37:07,500
maybe the craft was powered down at that

863
00:37:10,550 --> 00:37:08,400

point

864

00:37:12,770 --> 00:37:10,560

um there you go why would but the

865

00:37:14,750 --> 00:37:12,780

Randall shim craft was also probably

866

00:37:18,490 --> 00:37:14,760

powered down it was like sitting on the

867

00:37:23,510 --> 00:37:22,010

I don't know I don't remember I think

868

00:37:26,750 --> 00:37:23,520

there was it there were imprints that

869

00:37:28,430 --> 00:37:26,760

they made plaster cast from uh of of the

870

00:37:31,250 --> 00:37:28,440

event that apparently there's pictures

871

00:37:33,650 --> 00:37:31,260

of the imprints

872

00:37:34,670 --> 00:37:33,660

which uh you know Lieutenant Colonel

873

00:37:37,730 --> 00:37:34,680

halt

874

00:37:41,630 --> 00:37:37,740

testifies to that when I hear anything

875

00:37:44,349 --> 00:37:41,640

about biological effects or radiation uh

876

00:37:47,270 --> 00:37:44,359

fallout from these crap that we see

877

00:37:51,790 --> 00:37:47,280

immediately I jump to human technology

878

00:37:56,030 --> 00:37:51,800

because we all know that clean energy

879

00:37:58,910 --> 00:37:56,040

with uh zero radiation is possible

880

00:38:01,069 --> 00:37:58,920

us as humans we haven't quite cracked it

881

00:38:03,650 --> 00:38:01,079

or some people have you know made

882

00:38:05,870 --> 00:38:03,660

advancements in it but would we not

883

00:38:08,030 --> 00:38:05,880

consider the fact that you know an

884

00:38:10,550 --> 00:38:08,040

advanced civilization such as aliens

885

00:38:13,069 --> 00:38:10,560

would be able to do that without having

886

00:38:14,870 --> 00:38:13,079

any type of radiation Fallout to the

887

00:38:17,569 --> 00:38:14,880

humans below

888

00:38:19,849 --> 00:38:17,579

well there are so I think we're planning

889

00:38:22,849 --> 00:38:19,859

to do a show on uh

890

00:38:25,849 --> 00:38:22,859

NASA Langley's involvement in UFO

891

00:38:26,569 --> 00:38:25,859

research with with Paul Hill

892

00:38:30,349 --> 00:38:26,579

um

893

00:38:33,470 --> 00:38:30,359

in Hill's book not to get off track here

894

00:38:37,849 --> 00:38:33,480

but in answer to your question

895

00:38:40,870 --> 00:38:37,859

he goes into extreme detail about the

896

00:38:44,870 --> 00:38:40,880

power levels that are observed in UFOs

897

00:38:47,690 --> 00:38:44,880

uh both in flight and on the ground and

898

00:38:49,250 --> 00:38:47,700

he even describes and shows them shows

899

00:38:51,650 --> 00:38:49,260

the mathematical work

900

00:38:54,230 --> 00:38:51,660

of what's going on with the local

901
00:38:56,450 --> 00:38:54,240
atmosphere of these things and how they

902
00:38:58,550 --> 00:38:56,460
are ionizing the local ambient air

903
00:39:01,550 --> 00:38:58,560
surrounding the vehicle

904
00:39:03,890 --> 00:39:01,560
at various power levels at and at

905
00:39:05,690 --> 00:39:03,900
various power levels their

906
00:39:09,770 --> 00:39:05,700
luminosity

907
00:39:13,190 --> 00:39:09,780
changes at a at low power they may not

908
00:39:18,109 --> 00:39:13,200
emit any light at all or may not appear

909
00:39:21,109 --> 00:39:18,119
to admit any light they do have he says

910
00:39:23,870 --> 00:39:21,119
spotlights

911
00:39:26,569 --> 00:39:23,880
um what does he call them they have all

912
00:39:30,290 --> 00:39:26,579
manner of Lights headlights tail lights

913
00:39:33,710 --> 00:39:30,300

spotlights laser beam like lights

914

00:39:37,130 --> 00:39:33,720

but they also emit or seemingly admit

915

00:39:39,170 --> 00:39:37,140

light and it's based on the power right

916

00:39:41,630 --> 00:39:39,180

before they zip off there's just

917

00:39:45,829 --> 00:39:41,640

thousands of accounts that Hill talks

918

00:39:50,990 --> 00:39:45,839

about of these things going from a red

919

00:39:53,410 --> 00:39:51,000

or an orange to a blue to a white

920

00:39:57,609 --> 00:39:53,420

and and the blue and the white

921

00:40:00,970 --> 00:39:57,619

represents uh uh a shift up in power

922

00:40:04,849 --> 00:40:00,980

going to full power just before this

923

00:40:07,849 --> 00:40:04,859

ultraviolet right and he he talks about

924

00:40:10,309 --> 00:40:07,859

people coming into proximity there's a

925

00:40:13,370 --> 00:40:10,319

whole section about that and how they

926
00:40:17,710 --> 00:40:13,380
are seemingly sunburned

927
00:40:21,589 --> 00:40:17,720
uh some people on just the Exposed Skin

928
00:40:24,530 --> 00:40:21,599
others that have effects that go deeper

929
00:40:27,349 --> 00:40:24,540
so this stuff the compelling thing about

930
00:40:29,990 --> 00:40:27,359
hills research is number one he was a

931
00:40:31,790 --> 00:40:30,000
government employee he was a NASA

932
00:40:34,250 --> 00:40:31,800
employee who was disallowed by his

933
00:40:36,230 --> 00:40:34,260
management from publishing the results

934
00:40:38,930 --> 00:40:36,240
of his research and his team's research

935
00:40:42,470 --> 00:40:38,940
at Nasa Langley in Virginia

936
00:40:44,750 --> 00:40:42,480
an organization that still exists

937
00:40:47,710 --> 00:40:44,760
but they had so much of this already

938
00:40:49,670 --> 00:40:47,720

figured out and the fact that it's not

939

00:40:51,950 --> 00:40:49,680

mainstream

940

00:40:54,650 --> 00:40:51,960

public news I would bet that University

941

00:40:57,890 --> 00:40:54,660

that Nolan mentioned that's now offering

942

00:41:00,290 --> 00:40:57,900

was it a PhD or a master's

943

00:41:03,349 --> 00:41:00,300

in the study of UAP I forget which

944

00:41:05,329 --> 00:41:03,359

school it was he was telling how that

945

00:41:07,130 --> 00:41:05,339

it's becoming more prolific more open

946

00:41:09,109 --> 00:41:07,140

about researching this stuff to the

947

00:41:13,250 --> 00:41:09,119

extent you can get a degree in it

948

00:41:15,230 --> 00:41:13,260

I would bet that Paul Hill's book is

949

00:41:17,329 --> 00:41:15,240

part of the curriculum

950

00:41:19,130 --> 00:41:17,339

and you don't see anybody talking about

951
00:41:20,690 --> 00:41:19,140
it at all a lot and this is one of the

952
00:41:23,630 --> 00:41:20,700
problems I have with this current

953
00:41:25,490 --> 00:41:23,640
rollout if you want to call it that

954
00:41:26,870 --> 00:41:25,500
is there sort of except for the latest

955
00:41:29,450 --> 00:41:26,880
legislation where they're saying okay

956
00:41:32,150 --> 00:41:29,460
we're gonna go back to 1947. well

957
00:41:34,250 --> 00:41:32,160
somebody ought to say hey let's go over

958
00:41:35,030 --> 00:41:34,260
here to NASA Langley and knock on their

959
00:41:37,370 --> 00:41:35,040
door

960
00:41:40,609 --> 00:41:37,380
because they have apparently a treasure

961
00:41:44,510 --> 00:41:43,190
on what's you know as as Eric Davis ever

962
00:41:46,309 --> 00:41:44,520
mentioned to you have you ever brought

963
00:41:48,530 --> 00:41:46,319

it up with him what Paul Hill's work

964

00:41:50,450 --> 00:41:48,540

means to him if anything

965

00:41:52,250 --> 00:41:50,460

I will have I would imagine he would

966

00:41:53,690 --> 00:41:52,260

have a critical opinion of it I'll

967

00:41:56,990 --> 00:41:53,700

search our messages

968

00:41:58,970 --> 00:41:57,000

um and if not I'll ask him uh about that

969

00:42:00,230 --> 00:41:58,980

um which I can't say publicly because

970

00:42:02,390 --> 00:42:00,240

then he'll get in trouble because

971

00:42:03,589 --> 00:42:02,400

somebody can consider me media and then

972

00:42:05,150 --> 00:42:03,599

he's not allowed to talk to the media

973

00:42:06,710 --> 00:42:05,160

but I could say it to you privately just

974

00:42:07,550 --> 00:42:06,720

about Paul Hill I can get his opinion on

975

00:42:08,809 --> 00:42:07,560

that

976

00:42:10,069 --> 00:42:08,819

um

977

00:42:11,450 --> 00:42:10,079

I was going to say something about Paul

978

00:42:12,530 --> 00:42:11,460

Hill and powering up and now I can't

979

00:42:14,569 --> 00:42:12,540

remember

980

00:42:16,490 --> 00:42:14,579

um sorry Jess if you want to jump in as

981

00:42:17,809 --> 00:42:16,500

I draw a blank and Michael let me know

982

00:42:20,450 --> 00:42:17,819

when you got to go

983

00:42:23,089 --> 00:42:20,460

I I do need to go I wish you would kind

984

00:42:25,370 --> 00:42:23,099

of redo this after people if that you

985

00:42:27,290 --> 00:42:25,380

know there was so much I really

986

00:42:28,730 --> 00:42:27,300

appreciate what Jess did she sounded

987

00:42:30,230 --> 00:42:28,740

like she took really good notes I just

988

00:42:32,450 --> 00:42:30,240

didn't get it until you sent me the link

989

00:42:35,390 --> 00:42:32,460

I didn't know it was out there but there

990

00:42:38,210 --> 00:42:35,400

were so many dime drops in that

991

00:42:40,790 --> 00:42:38,220

um it'll do it anytime or next week we

992

00:42:44,950 --> 00:42:40,800

can do it before Paul Hill yeah I would

993

00:42:50,690 --> 00:42:47,930

I'd like for you to ask him somebody to

994

00:42:52,370 --> 00:42:50,700

ask him you know why now how did he feel

995

00:42:57,230 --> 00:42:52,380

comfortable

996

00:42:59,690 --> 00:42:57,240

that maybe because hey this is open

997

00:43:01,250 --> 00:42:59,700

University Research they didn't have me

998

00:43:03,609 --> 00:43:01,260

sign anything

999

00:43:06,109 --> 00:43:03,619

all right

1000

00:43:08,390 --> 00:43:06,119

I asked him to come on tonight and he

1001
00:43:10,490 --> 00:43:08,400
said he would but he had stuff going on

1002
00:43:11,930 --> 00:43:10,500
so he couldn't do it so he will come on

1003
00:43:13,430 --> 00:43:11,940
the future and hopefully we could do

1004
00:43:15,290 --> 00:43:13,440
this again with him

1005
00:43:17,030 --> 00:43:15,300
because yeah I mean I don't think he'll

1006
00:43:18,109 --> 00:43:17,040
say yeah I was told to do this I think

1007
00:43:19,370 --> 00:43:18,119
he'll say I've been talking I've been

1008
00:43:21,770 --> 00:43:19,380
doing this for a while now it's just

1009
00:43:24,530 --> 00:43:21,780
this is more high profile show I've had

1010
00:43:26,210 --> 00:43:24,540
on so yeah I think maybe they talk

1011
00:43:27,770 --> 00:43:26,220
amongst themselves and say hey let's do

1012
00:43:29,390 --> 00:43:27,780
this maybe you know just I don't think

1013
00:43:31,010 --> 00:43:29,400

it's an official thing but I have said

1014

00:43:33,530 --> 00:43:31,020

that I do think maybe there's an

1015

00:43:35,510 --> 00:43:33,540

official behind the scenes guiding this

1016

00:43:37,790 --> 00:43:35,520

a little bit just for the reaction of

1017

00:43:39,650 --> 00:43:37,800

the the general public gauging the

1018

00:43:41,890 --> 00:43:39,660

reaction but obviously that speculation

1019

00:43:45,290 --> 00:43:41,900

on my part I can't prove that

1020

00:43:47,690 --> 00:43:45,300

the other part could simply be like he

1021

00:43:50,030 --> 00:43:47,700

sort of alluded to he he

1022

00:43:52,550 --> 00:43:50,040

he talked about you know the veil is

1023

00:43:56,569 --> 00:43:52,560

coming down the stigma is stripping away

1024

00:43:58,309 --> 00:43:56,579

and he talked to some length about the

1025

00:43:59,809 --> 00:43:58,319

the ease with which he can now have

1026

00:44:02,329 --> 00:43:59,819

these discussions with fellow

1027

00:44:06,050 --> 00:44:02,339

researchers compared to the Past

1028

00:44:08,150 --> 00:44:06,060

so um you know the and the other thing

1029

00:44:11,270 --> 00:44:08,160

that you should also have a show about

1030

00:44:15,849 --> 00:44:11,280

is dissecting footoffs paper because as

1031

00:44:18,710 --> 00:44:15,859

I've mentioned to you in a in a DM

1032

00:44:21,170 --> 00:44:18,720

it would be interesting to know and this

1033

00:44:23,809 --> 00:44:21,180

is just me you know

1034

00:44:27,109 --> 00:44:23,819

throwing something on the wall here

1035

00:44:28,309 --> 00:44:27,119

but all of these I'll call them research

1036

00:44:30,349 --> 00:44:28,319

tracks

1037

00:44:32,150 --> 00:44:30,359

that put off lays out

1038

00:44:34,430 --> 00:44:32,160

and he advocates

1039

00:44:38,450 --> 00:44:34,440

you know we won't know until we know

1040

00:44:41,150 --> 00:44:38,460

until we research each of these paths

1041

00:44:42,950 --> 00:44:41,160

uh as ludicrous as some of them may seem

1042

00:44:44,990 --> 00:44:42,960

uh

1043

00:44:47,870 --> 00:44:45,000

we won't begin to to get a better

1044

00:44:49,849 --> 00:44:47,880

picture until we confirm or eliminate

1045

00:44:54,050 --> 00:44:49,859

some of these possibilities

1046

00:44:56,329 --> 00:44:54,060

so he was was he was he writing this as

1047

00:44:58,210 --> 00:44:56,339

a way to help further drop the stigma in

1048

00:45:00,290 --> 00:44:58,220

the research community

1049

00:45:04,130 --> 00:45:00,300

or was he

1050

00:45:06,410 --> 00:45:04,140

putting out there what is known but

1051
00:45:08,930 --> 00:45:06,420
posing it in a way as a possible

1052
00:45:11,690 --> 00:45:08,940
research track

1053
00:45:15,670 --> 00:45:14,390
and then again who authorized him to do

1054
00:45:18,170 --> 00:45:15,680
that

1055
00:45:19,910 --> 00:45:18,180
before you go Michael

1056
00:45:22,430 --> 00:45:19,920
um I just want to thank you for being

1057
00:45:24,530 --> 00:45:22,440
here uh it's great meeting you it's

1058
00:45:26,510 --> 00:45:24,540
great talking to you

1059
00:45:29,930 --> 00:45:26,520
um something that I wanted to say about

1060
00:45:33,050 --> 00:45:29,940
Gary Nolan's interview

1061
00:45:36,950 --> 00:45:33,060
um I had a chance to speak with him in a

1062
00:45:37,970 --> 00:45:36,960
space not long ago and I asked him if he

1063
00:45:41,030 --> 00:45:37,980

had ever

1064

00:45:46,010 --> 00:45:41,040

you know interviewed Chris Bledsoe and

1065

00:45:49,430 --> 00:45:46,020

he told me that he was not privy to

1066

00:45:52,190 --> 00:45:49,440

any of the names of the people that he

1067

00:45:54,890 --> 00:45:52,200

had ever done any research on uh he said

1068

00:45:58,490 --> 00:45:54,900

that kit green basically passed all the

1069

00:46:01,490 --> 00:45:58,500

data to him and he strictly

1070

00:46:04,490 --> 00:46:01,500

only looked at the data well we can see

1071

00:46:06,290 --> 00:46:04,500

in this interview he said that he

1072

00:46:08,270 --> 00:46:06,300

specifically asked to meet the

1073

00:46:09,470 --> 00:46:08,280

individuals

1074

00:46:10,730 --> 00:46:09,480

um he said that he didn't want to say

1075

00:46:12,770 --> 00:46:10,740

their names because it hit the

1076

00:46:16,010 --> 00:46:12,780

requirements or whatever but that is

1077

00:46:18,470 --> 00:46:16,020

something that he has changed and

1078

00:46:21,530 --> 00:46:18,480

I I kind of understand why he changed

1079

00:46:24,109 --> 00:46:21,540

that but it was something that he said

1080

00:46:26,210 --> 00:46:24,119

he didn't do before that now he's saying

1081

00:46:29,870 --> 00:46:26,220

that he has done

1082

00:46:31,130 --> 00:46:29,880

so what do you guys think about that

1083

00:46:33,230 --> 00:46:31,140

Jamie

1084

00:46:34,790 --> 00:46:33,240

Jimmy shift it's a it's sort of a sea

1085

00:46:35,750 --> 00:46:34,800

change I think

1086

00:46:37,490 --> 00:46:35,760

um

1087

00:46:40,250 --> 00:46:37,500

but what I think doesn't really matter

1088

00:46:42,770 --> 00:46:40,260

I'm speculating but

1089

00:46:44,750 --> 00:46:42,780

um there's probably again the truth

1090

00:46:47,150 --> 00:46:44,760

somewhere in the middle either a green

1091

00:46:50,870 --> 00:46:47,160

light to be a little more open about

1092

00:46:53,390 --> 00:46:50,880

this or a realization and after very

1093

00:46:54,890 --> 00:46:53,400

careful consideration of what what

1094

00:46:57,829 --> 00:46:54,900

they're allowed to say and what they're

1095

00:47:00,349 --> 00:46:57,839

not what they've been approached with

1096

00:47:03,109 --> 00:47:00,359

and what's been shared with them that

1097

00:47:05,150 --> 00:47:03,119

wasn't under restriction I mean even if

1098

00:47:09,290 --> 00:47:05,160

it was implied

1099

00:47:11,089 --> 00:47:09,300

you know they could but nothing formal

1100

00:47:13,790 --> 00:47:11,099

um you still have to be careful but

1101
00:47:15,530 --> 00:47:13,800
maybe they're realizing I I say all

1102
00:47:17,210 --> 00:47:15,540
these maybes it's kind of pointless to

1103
00:47:18,530 --> 00:47:17,220
do that when you're dealing with this

1104
00:47:22,010 --> 00:47:18,540
topic but you kind of get where I'm

1105
00:47:24,650 --> 00:47:22,020
coming from they may never let us know

1106
00:47:26,270 --> 00:47:24,660
who's pulling the strings they may only

1107
00:47:28,430 --> 00:47:26,280
ever say what they feel comfortable

1108
00:47:30,049 --> 00:47:28,440
saying and whether it's because they

1109
00:47:34,010 --> 00:47:30,059
feel the stigma has dropped and they're

1110
00:47:35,630 --> 00:47:34,020
less at risk in their own business world

1111
00:47:37,790 --> 00:47:35,640
um as far as I don't know Stanford

1112
00:47:39,589 --> 00:47:37,800
getting grants and getting research

1113
00:47:42,230 --> 00:47:39,599

support from foundations and

1114

00:47:45,890 --> 00:47:42,240

corporations maybe there's been a great

1115

00:47:48,049 --> 00:47:45,900

uh consideration for risk around that in

1116

00:47:50,690 --> 00:47:48,059

the past and now he's because he he

1117

00:47:52,970 --> 00:47:50,700

openly said this there's much more

1118

00:47:55,670 --> 00:47:52,980

involvement much more inquisitiveness

1119

00:47:56,569 --> 00:47:55,680

much more interest in pursuing this

1120

00:47:59,030 --> 00:47:56,579

field

1121

00:48:01,190 --> 00:47:59,040

throughout Academia and and the research

1122

00:48:03,049 --> 00:48:01,200

community in general so

1123

00:48:05,630 --> 00:48:03,059

it does seem like he's letting those

1124

00:48:07,190 --> 00:48:05,640

guards down and he's willing to speak

1125

00:48:09,650 --> 00:48:07,200

more openly

1126

00:48:12,049 --> 00:48:09,660

um whether you said like you said uh he

1127

00:48:14,809 --> 00:48:12,059

has been given permission to do so or

1128

00:48:15,710 --> 00:48:14,819

he's doing so on his own accord I think

1129

00:48:21,890 --> 00:48:15,720

the

1130

00:48:23,690 --> 00:48:21,900

you can go ahead and

1131

00:48:26,630 --> 00:48:23,700

um put this out there put that out there

1132

00:48:28,370 --> 00:48:26,640

so yeah and I and I think to hold the

1133

00:48:30,650 --> 00:48:28,380

question around you know what's for

1134

00:48:32,990 --> 00:48:30,660

profit what's not uh with these

1135

00:48:37,430 --> 00:48:33,000

Aerospace corporations

1136

00:48:40,250 --> 00:48:37,440

that's a bottomless well to be tapped if

1137

00:48:44,290 --> 00:48:40,260

you've got something it's one thing to

1138

00:48:47,990 --> 00:48:44,300

have a uh a rare

1139

00:48:50,870 --> 00:48:48,000

uh one-of-a-kind access to something

1140

00:48:53,510 --> 00:48:50,880

from some foreign adversary maybe they

1141

00:48:56,569 --> 00:48:53,520

had a advanced fighter jet crash in the

1142

00:48:58,549 --> 00:48:56,579

ocean somewhere and we were the first to

1143

00:49:00,829 --> 00:48:58,559

find it and dredge it up and take it

1144

00:49:02,329 --> 00:49:00,839

back and take it apart I'm never going

1145

00:49:03,829 --> 00:49:02,339

to let you go if you keep bringing stuff

1146

00:49:05,710 --> 00:49:03,839

up

1147

00:49:08,630 --> 00:49:05,720

well I mean

1148

00:49:10,010 --> 00:49:08,640

unfair he did speak about unfair bidding

1149

00:49:12,470 --> 00:49:10,020

practices and that's something that's

1150

00:49:14,390 --> 00:49:12,480

been spoken about since the beginning uh

1151
00:49:17,809 --> 00:49:14,400
with Louise Elizondo you see Danny

1152
00:49:21,770 --> 00:49:17,819
Sheehan he spoke about it uh in my

1153
00:49:23,870 --> 00:49:21,780
personal opinion this entire topic is a

1154
00:49:27,170 --> 00:49:23,880
way to get technology that we currently

1155
00:49:29,329 --> 00:49:27,180
have in private contractors hands out

1156
00:49:32,150 --> 00:49:29,339
regardless if that's

1157
00:49:35,630 --> 00:49:32,160
um alien technology or something that we

1158
00:49:37,970 --> 00:49:35,640
have developed independently uh with you

1159
00:49:39,349 --> 00:49:37,980
know just human Ingenuity what do you

1160
00:49:42,410 --> 00:49:39,359
think about that

1161
00:49:45,650 --> 00:49:42,420
and then I promise I'll let you go

1162
00:49:47,809 --> 00:49:45,660
well I I think that uh

1163
00:49:50,510 --> 00:49:47,819

sort of all bets are off because if

1164

00:49:52,849 --> 00:49:50,520

you've got your hands on something that

1165

00:49:54,890 --> 00:49:52,859

can not only

1166

00:49:57,589 --> 00:49:54,900

you know it wouldn't be the first time

1167

00:50:00,650 --> 00:49:57,599

like there are so many commercial and

1168

00:50:03,950 --> 00:50:00,660

civilian applications of what we used to

1169

00:50:07,549 --> 00:50:03,960

refer to as space technology from

1170

00:50:09,950 --> 00:50:07,559

um from sunglasses and polarization you

1171

00:50:12,309 --> 00:50:09,960

know related to the visors that the

1172

00:50:17,210 --> 00:50:12,319

first astronauts used

1173

00:50:19,849 --> 00:50:17,220

other things uh that have been spun off

1174

00:50:22,849 --> 00:50:19,859

into the civilian world

1175

00:50:25,730 --> 00:50:22,859

so that doesn't really rise to the level

1176

00:50:28,130 --> 00:50:25,740

of of some sort of exotic technology but

1177

00:50:29,930 --> 00:50:28,140

I think that there is an enormous

1178

00:50:32,030 --> 00:50:29,940

liability

1179

00:50:35,210 --> 00:50:32,040

on the part of these

1180

00:50:38,210 --> 00:50:35,220

of any corporation that

1181

00:50:40,130 --> 00:50:38,220

supposedly would have possession of some

1182

00:50:44,510 --> 00:50:40,140

of this material and some of this

1183

00:50:46,910 --> 00:50:44,520

technology there's an enormous liability

1184

00:50:51,770 --> 00:50:46,920

um in

1185

00:50:55,309 --> 00:50:51,780

you know unfair bidding practices

1186

00:50:57,589 --> 00:50:55,319

um it's not uncommon to have soul Source

1187

00:50:59,569 --> 00:50:57,599

Awards of contracts

1188

00:51:02,870 --> 00:50:59,579

to a preferred better

1189

00:51:03,890 --> 00:51:02,880

those contracts those solicitations are

1190

00:51:05,569 --> 00:51:03,900

written

1191

00:51:08,770 --> 00:51:05,579

specifically because the government

1192

00:51:12,589 --> 00:51:08,780

wants they know a company's capability

1193

00:51:14,809 --> 00:51:12,599

exceeds by far all other companies or

1194

00:51:18,470 --> 00:51:14,819

maybe some team of companies and so they

1195

00:51:21,349 --> 00:51:18,480

will write a contract uh request for

1196

00:51:24,170 --> 00:51:21,359

proposals so that they only are going to

1197

00:51:26,329 --> 00:51:24,180

give it to one source that is common

1198

00:51:28,030 --> 00:51:26,339

practice and that makes the best sense

1199

00:51:30,410 --> 00:51:28,040

for the government to get the best

1200

00:51:32,750 --> 00:51:30,420

outfit that's out there to do whatever

1201

00:51:36,349 --> 00:51:32,760

it is they need done but if you've got

1202

00:51:37,910 --> 00:51:36,359

an entity that is possessing some sort

1203

00:51:40,910 --> 00:51:37,920

of advanced

1204

00:51:44,210 --> 00:51:40,920

technology that gives them an unfair

1205

00:51:45,650 --> 00:51:44,220

advantage over the rest of the industry

1206

00:51:47,630 --> 00:51:45,660

that they're competing with for

1207

00:51:49,370 --> 00:51:47,640

contracts with the government

1208

00:51:52,130 --> 00:51:49,380

then I could see that as a huge

1209

00:51:55,010 --> 00:51:52,140

liability if it were to come out that

1210

00:51:57,710 --> 00:51:55,020

there had been technical gains made by

1211

00:51:59,569 --> 00:51:57,720

some of these companies that might be

1212

00:52:00,829 --> 00:51:59,579

holding some of this material if they

1213

00:52:01,490 --> 00:52:00,839

are

1214

00:52:04,790 --> 00:52:01,500

um

1215

00:52:10,190 --> 00:52:07,970

I'm sorry do you agree that possibly

1216

00:52:13,750 --> 00:52:10,200

some of the technology that they want

1217

00:52:16,970 --> 00:52:13,760

out from Crash retrievals may not be

1218

00:52:19,849 --> 00:52:16,980

extraterrestrial but terrestrial

1219

00:52:22,370 --> 00:52:19,859

maybe China develops something it

1220

00:52:23,870 --> 00:52:22,380

crashed we developed it we handed it off

1221

00:52:26,510 --> 00:52:23,880

to Lockheed Martin

1222

00:52:27,549 --> 00:52:26,520

only Lockheed Martin had that

1223

00:52:30,349 --> 00:52:27,559

information

1224

00:52:32,270 --> 00:52:30,359

and that's where some of these unfair

1225

00:52:33,829 --> 00:52:32,280

bidding practice practices come into

1226

00:52:36,829 --> 00:52:33,839

play

1227

00:52:38,270 --> 00:52:36,839

I I I don't know I I wouldn't know oh

1228

00:52:40,250 --> 00:52:38,280

come on man

1229

00:52:42,349 --> 00:52:40,260

well I mean I'm not trying to be a stick

1230

00:52:45,950 --> 00:52:42,359

in the mud I I just um

1231

00:52:47,150 --> 00:52:45,960

I I do know that there is a cottage

1232

00:52:52,010 --> 00:52:47,160

industry

1233

00:52:53,930 --> 00:52:52,020

inside and we want it it's invaluable uh

1234

00:52:58,069 --> 00:52:53,940

involving

1235

00:53:00,950 --> 00:52:58,079

the recovery and Research into

1236

00:53:01,609 --> 00:53:00,960

foreign technology they're always asked

1237

00:53:04,730 --> 00:53:01,619

in

1238

00:53:06,230 --> 00:53:04,740

you know whether it was World War One on

1239

00:53:08,450 --> 00:53:06,240

the battlefield finding the German

1240

00:53:09,829 --> 00:53:08,460

potato masher grenade and hey that's

1241

00:53:12,530 --> 00:53:09,839

pretty handy the shape of it lets you

1242

00:53:15,410 --> 00:53:12,540

throw it a long way

1243

00:53:18,770 --> 00:53:15,420

um to you know shooting down the the net

1244

00:53:21,650 --> 00:53:18,780

in World War II the the first me-262 jet

1245

00:53:25,150 --> 00:53:21,660

plane and trying to take it apart and

1246

00:53:28,010 --> 00:53:25,160

figure it out to stuff like this

1247

00:53:30,890 --> 00:53:28,020

satellites that go up launches that

1248

00:53:33,650 --> 00:53:30,900

countries attempt all the time fail

1249

00:53:36,490 --> 00:53:33,660

because space is hard launches are

1250

00:53:39,770 --> 00:53:36,500

difficult and they fail and these things

1251
00:53:43,309 --> 00:53:39,780
typically launch over the water and when

1252
00:53:45,730 --> 00:53:43,319
they fail they land in the water

1253
00:53:49,309 --> 00:53:45,740
um without going into any more detail

1254
00:53:52,370 --> 00:53:49,319
there's there are people in that realm

1255
00:53:55,609 --> 00:53:52,380
that that's their job let's go see what

1256
00:53:57,829 --> 00:53:55,619
that was let's go see where they are

1257
00:54:00,170 --> 00:53:57,839
with this technology as far as their

1258
00:54:01,309 --> 00:54:00,180
technical state of the art

1259
00:54:03,170 --> 00:54:01,319
um

1260
00:54:05,630 --> 00:54:03,180
and you know there's a lot of serious

1261
00:54:07,849 --> 00:54:05,640
focus on it and there needs to be

1262
00:54:09,650 --> 00:54:07,859
and then

1263
00:54:13,609 --> 00:54:09,660

go ahead I was going to say something go

1264

00:54:18,290 --> 00:54:16,309

our adversaries attempt to do it like

1265

00:54:21,049 --> 00:54:18,300

when we lost an F-35

1266

00:54:22,309 --> 00:54:21,059

fighter jet off of an aircraft carrier I

1267

00:54:23,809 --> 00:54:22,319

think it was in the Mediterranean I

1268

00:54:25,849 --> 00:54:23,819

can't remember exactly

1269

00:54:28,250 --> 00:54:25,859

but guess who was floating around there

1270

00:54:29,990 --> 00:54:28,260

while we tried to recover it and we and

1271

00:54:32,150 --> 00:54:30,000

we did and so did the Japanese they lost

1272

00:54:33,950 --> 00:54:32,160

one guess who was floating around there

1273

00:54:35,390 --> 00:54:33,960

the Chinese the Russians were floating

1274

00:54:37,670 --> 00:54:35,400

around ours

1275

00:54:38,990 --> 00:54:37,680

the Chinese were floating around you

1276

00:54:41,030 --> 00:54:39,000

know trying to

1277

00:54:43,549 --> 00:54:41,040

probably trying to find it giving it

1278

00:54:45,530 --> 00:54:43,559

their good old College try but we

1279

00:54:47,750 --> 00:54:45,540

fortunately got to it first and dredged

1280

00:54:51,349 --> 00:54:47,760

them up off the bottom and the rest is

1281

00:54:53,510 --> 00:54:51,359

history but that's like I say there's a

1282

00:54:56,390 --> 00:54:53,520

this this whole foreign technology

1283

00:54:59,089 --> 00:54:56,400

research recovery and research effort

1284

00:55:01,069 --> 00:54:59,099

has been going on for decades and you

1285

00:55:02,870 --> 00:55:01,079

would be applying it in a similar

1286

00:55:04,910 --> 00:55:02,880

fashion to anything that supposedly

1287

00:55:06,650 --> 00:55:04,920

landed or crashed or was captured or

1288

00:55:07,970 --> 00:55:06,660

Unearthed archaeologically or whatever

1289

00:55:10,549 --> 00:55:07,980

the case was

1290

00:55:13,549 --> 00:55:10,559

we're led to believe that no gains have

1291

00:55:15,109 --> 00:55:13,559

been made from it but how are we to know

1292

00:55:16,670 --> 00:55:15,119

but in your opinion I already know the

1293

00:55:19,010 --> 00:55:16,680

answer and in your opinion some of what

1294

00:55:20,630 --> 00:55:19,020

we have is not ours it's not human or

1295

00:55:22,970 --> 00:55:20,640

whatever you want to call it in your

1296

00:55:27,650 --> 00:55:22,980

opinion

1297

00:55:29,990 --> 00:55:27,660

oh I don't no no no I know what I saw

1298

00:55:32,030 --> 00:55:30,000

and then I know you think when Eric

1299

00:55:34,730 --> 00:55:32,040

Davis talks about other countries have

1300

00:55:36,650 --> 00:55:34,740

craft that aren't ours they're non-human

1301

00:55:38,990 --> 00:55:36,660

do you do you think in your opinion we

1302

00:55:41,150 --> 00:55:39,000

have non-human craft in our possession

1303

00:55:44,569 --> 00:55:41,160

that's what I mean

1304

00:55:48,289 --> 00:55:44,579

I think it's probable right

1305

00:55:50,030 --> 00:55:48,299

and if you again if you point back to

1306

00:55:52,430 --> 00:55:50,040

Tom DeLong

1307

00:55:54,589 --> 00:55:52,440

and you read between the lines of his

1308

00:55:57,230 --> 00:55:54,599

book series

1309

00:56:01,030 --> 00:55:57,240

that's one of the central themes in his

1310

00:56:04,730 --> 00:56:01,040

first fiction book it's set at Area 51

1311

00:56:07,430 --> 00:56:04,740

there is a triangle type vehicle that we

1312

00:56:09,410 --> 00:56:07,440

have developed that we're flying but in

1313

00:56:12,710 --> 00:56:09,420

the book

1314

00:56:14,450 --> 00:56:12,720

um it's fiction but there is also some

1315

00:56:17,270 --> 00:56:14,460

sort of recovered

1316

00:56:18,170 --> 00:56:17,280

saucer sport model whatever you want to

1317

00:56:20,990 --> 00:56:18,180

call it

1318

00:56:24,170 --> 00:56:21,000

that the

1319

00:56:27,349 --> 00:56:24,180

the hero ends up

1320

00:56:29,870 --> 00:56:27,359

flying or whatever the case is but

1321

00:56:33,069 --> 00:56:29,880

read between the lines I mean you know

1322

00:56:35,870 --> 00:56:33,079

it I and I say that because

1323

00:56:37,730 --> 00:56:35,880

you know Lou didn't want to go there

1324

00:56:39,710 --> 00:56:37,740

when I brought up Tom DeLong

1325

00:56:41,630 --> 00:56:39,720

I think both out of respect and because

1326

00:56:44,030 --> 00:56:41,640

Lou wants to stay on track with just

1327

00:56:46,370 --> 00:56:44,040

what he can verify with data

1328

00:56:48,230 --> 00:56:46,380

or prove with data

1329

00:56:50,270 --> 00:56:48,240

um and that would have muddied the

1330

00:56:52,670 --> 00:56:50,280

waters for him and for Chris Mellon and

1331

00:56:56,150 --> 00:56:52,680

the rest of them to get into these

1332

00:56:58,130 --> 00:56:56,160

Fantastical claims that DeLong made over

1333

00:57:01,069 --> 00:56:58,140

the years on coast to coast and in other

1334

00:57:04,130 --> 00:57:01,079

outlets about things he had been that

1335

00:57:04,849 --> 00:57:04,140

have been shared with him by his

1336

00:57:08,750 --> 00:57:04,859

um

1337

00:57:12,770 --> 00:57:10,430

yeah

1338

00:57:14,930 --> 00:57:12,780

um but if you look at what he said he

1339

00:57:18,049 --> 00:57:14,940

was going to do

1340

00:57:20,690 --> 00:57:18,059

if you just followed that thread he

1341

00:57:22,609 --> 00:57:20,700

stunned everything he said he intended

1342

00:57:26,030 --> 00:57:22,619

to do and he's not done

1343

00:57:28,490 --> 00:57:26,040

and I think there is an enormous risk

1344

00:57:33,410 --> 00:57:28,500

for Tom DeLong and anything he touches

1345

00:57:35,510 --> 00:57:33,420

for him to be for it to be proven that

1346

00:57:37,910 --> 00:57:35,520

he's full of crap

1347

00:57:39,650 --> 00:57:37,920

so I don't think he's

1348

00:57:42,770 --> 00:57:39,660

stupid

1349

00:57:47,210 --> 00:57:42,780

and I do believe that someone took him

1350

00:57:49,069 --> 00:57:47,220

into their trust in in a common interest

1351

00:57:50,390 --> 00:57:49,079

um and he's spoken at length about it

1352

00:57:53,870 --> 00:57:50,400

and

1353

00:57:56,210 --> 00:57:53,880

take it for what you will do I do I Bank

1354

00:57:59,089 --> 00:57:56,220

on it no but I it's Again part of the

1355

00:58:02,390 --> 00:57:59,099

bigger picture part of the total volume

1356

00:58:03,069 --> 00:58:02,400

of information that we have to look at

1357

00:58:05,270 --> 00:58:03,079

um

1358

00:58:07,670 --> 00:58:05,280

and some of this

1359

00:58:09,650 --> 00:58:07,680

sort of underscore some of what he says

1360

00:58:11,630 --> 00:58:09,660

underscores some things that Nolan is

1361

00:58:13,490 --> 00:58:11,640

saying and vice versa

1362

00:58:15,650 --> 00:58:13,500

and some of the things that Hal putoff

1363

00:58:17,329 --> 00:58:15,660

put in his latest paper some of the

1364

00:58:20,210 --> 00:58:17,339

things that Lou's saying

1365

00:58:22,010 --> 00:58:20,220

you know there's more there's more than

1366

00:58:24,410 --> 00:58:22,020

just smoke now

1367

00:58:26,510 --> 00:58:24,420

right indicating a fire

1368

00:58:28,670 --> 00:58:26,520

we don't have a picture of the landed

1369

00:58:30,170 --> 00:58:28,680

craft we don't have a picture of a

1370

00:58:32,270 --> 00:58:30,180

triangle coming out of the ocean that

1371

00:58:33,950 --> 00:58:32,280

was supposed to be coming to all of us

1372

00:58:35,750 --> 00:58:33,960

two years ago

1373

00:58:37,849 --> 00:58:35,760

but

1374

00:58:41,089 --> 00:58:37,859

we're getting closer to something

1375

00:58:43,490 --> 00:58:41,099

there's whether it's the slow drip or

1376

00:58:45,890 --> 00:58:43,500

because of green lighting or it's just

1377

00:58:47,569 --> 00:58:45,900

people realizing that hey

1378

00:58:49,069 --> 00:58:47,579

the right thing to do is to get this

1379

00:58:50,809 --> 00:58:49,079

information out there unless I'm

1380

00:58:53,630 --> 00:58:50,819

restricted from doing it

1381

00:58:56,329 --> 00:58:53,640

maybe some of each

1382

00:58:59,450 --> 00:58:56,339

I could ask you probably about a

1383

00:59:04,849 --> 00:59:02,150

so I hope we can do this again yeah

1384

00:59:07,309 --> 00:59:04,859

yeah absolutely wonderful and on that

1385

00:59:08,750 --> 00:59:07,319

note I I promise I'll let you go but I'm

1386

00:59:10,910 --> 00:59:08,760

making notes on what I want to ask you

1387

00:59:12,829 --> 00:59:10,920

in the future

1388

00:59:15,530 --> 00:59:12,839

appreciate it and I've really enjoyed it

1389

00:59:16,069 --> 00:59:15,540

and I always do and it's my pleasure so

1390

00:59:17,809 --> 00:59:16,079

um

1391

00:59:20,750 --> 00:59:17,819

I'll talk to you guys later have a good

1392

00:59:22,309 --> 00:59:20,760

evening thank you thank you again

1393

00:59:26,030 --> 00:59:22,319

see you soon

1394

00:59:30,890 --> 00:59:28,910

that was good that was fun Michael's

1395

00:59:32,510 --> 00:59:30,900

always good

1396

00:59:34,190 --> 00:59:32,520

and Jess has muted himself so I'm

1397

00:59:35,990 --> 00:59:34,200

talking to myself

1398

00:59:37,130 --> 00:59:36,000

what do you want me to say yeah he was

1399

00:59:38,809 --> 00:59:37,140

great

1400

00:59:40,789 --> 00:59:38,819

um I could probably talk to him for like

1401
00:59:42,430 --> 00:59:40,799
10 hours straight and then he would be

1402
00:59:44,990 --> 00:59:42,440
like okay I'm tired

1403
00:59:46,910 --> 00:59:45,000
but uh every new person that I come

1404
00:59:49,309 --> 00:59:46,920
across like I have so many questions to

1405
00:59:52,250 --> 00:59:49,319
ask them he seems super knowledgeable so

1406
00:59:54,710 --> 00:59:52,260
yeah I'd probably bombard him at the

1407
00:59:57,650 --> 00:59:54,720
moment you know so much history you know

1408
00:59:59,690 --> 00:59:57,660
so much that I can't cram into my brain

1409
01:00:02,210 --> 00:59:59,700
and Tammy by the way thank you for that

1410
01:00:05,870 --> 01:00:02,220
super sticker uh thank you very very

1411
01:00:08,450 --> 01:00:05,880
much appreciate that hello Mick

1412
01:00:10,849 --> 01:00:08,460
macrame

1413
01:00:14,089 --> 01:00:10,859

I love Mickey like he cracks me up man

1414

01:00:16,789 --> 01:00:14,099

we talk constantly

1415

01:00:18,770 --> 01:00:16,799

so I'll keep my own questions you do too

1416

01:00:21,170 --> 01:00:18,780

just if you see if you can see are you

1417

01:00:23,990 --> 01:00:21,180

able to see the chat at all

1418

01:00:25,609 --> 01:00:24,000

uh I can see the chat I've seen a lot of

1419

01:00:27,109 --> 01:00:25,619

people like talking and chat about

1420

01:00:28,789 --> 01:00:27,119

me but I've seen a lot of other like

1421

01:00:31,030 --> 01:00:28,799

great questions and comments so I'm

1422

01:00:36,109 --> 01:00:31,040

gonna let you take over

1423

01:00:38,210 --> 01:00:36,119

and I will jump in when you need me okay

1424

01:00:40,789 --> 01:00:38,220

okay go down to your notes or a couple

1425

01:00:42,230 --> 01:00:40,799

of points that I have made uh that I'd

1426

01:00:45,650 --> 01:00:42,240

like to get to but we'll get to that

1427

01:00:47,210 --> 01:00:45,660

later you go you go ahead so I I must

1428

01:00:48,770 --> 01:00:47,220

have missed something in the Nolan

1429

01:00:50,630 --> 01:00:48,780

interview I mean I've been trans I woke

1430

01:00:52,670 --> 01:00:50,640

up early to transcribe

1431

01:00:54,410 --> 01:00:52,680

um and take mostly take notes but also

1432

01:00:55,430 --> 01:00:54,420

transcribe because once somebody says

1433

01:00:57,410 --> 01:00:55,440

something really good and I'm gonna get

1434

01:00:59,329 --> 01:00:57,420

DJ Pullman here first

1435

01:01:01,609 --> 01:00:59,339

um I started taking notes on

1436

01:01:03,530 --> 01:01:01,619

Ryan Graves on Lex Friedman and it

1437

01:01:04,670 --> 01:01:03,540

turned into it's a massive thread and

1438

01:01:07,250 --> 01:01:04,680

it's going to take me forever and then

1439

01:01:09,650 --> 01:01:07,260

Nolan came out I'm like oh I need to uh

1440

01:01:11,270 --> 01:01:09,660

I need to um transcribe that so I didn't

1441

01:01:12,650 --> 01:01:11,280

get to see all of the interview because

1442

01:01:14,450 --> 01:01:12,660

you said he mentioned the bio

1443

01:01:15,950 --> 01:01:14,460

technologist and the orb going through

1444

01:01:17,329 --> 01:01:15,960

his arm I didn't see that so I didn't

1445

01:01:19,730 --> 01:01:17,339

know he talked about it let me add GG

1446

01:01:21,289 --> 01:01:19,740

somebody says what about the bill today

1447

01:01:23,870 --> 01:01:21,299

that Gary referenced I mean I did a

1448

01:01:25,730 --> 01:01:23,880

whole show on it um Mike which is on my

1449

01:01:27,589 --> 01:01:25,740

YouTube I did a whole show I think with

1450

01:01:28,910 --> 01:01:27,599

I don't know if Michael was there or it

1451
01:01:30,710 --> 01:01:28,920
was just me but yeah we did the whole

1452
01:01:33,170 --> 01:01:30,720
show on on the new on the new

1453
01:01:36,410 --> 01:01:33,180
legislation you know related to the

1454
01:01:38,569 --> 01:01:36,420
Senate select intelligence committee and

1455
01:01:40,190 --> 01:01:38,579
um the whole language about immunity so

1456
01:01:42,049 --> 01:01:40,200
I did a whole show on that so I'm not

1457
01:01:43,309 --> 01:01:42,059
going to talk about it tonight

1458
01:01:47,690 --> 01:01:43,319
um let me just get let me get in them

1459
01:01:50,750 --> 01:01:47,700
let me get DJ Plum nellian DJ Plum Nelly

1460
01:01:55,010 --> 01:01:50,760
thank you for waiting forever

1461
01:02:00,410 --> 01:01:57,770
and DJ Plum Nelly

1462
01:02:02,870 --> 01:02:00,420
is not spinning his records

1463
01:02:05,390 --> 01:02:02,880

DJ Plum Nelly going once

1464

01:02:07,609 --> 01:02:05,400

twice

1465

01:02:12,109 --> 01:02:07,619

are you there

1466

01:02:15,470 --> 01:02:14,329

all right uh I have notes but obviously

1467

01:02:17,150 --> 01:02:15,480

I missed something so let me know if I

1468

01:02:19,069 --> 01:02:17,160

missed anything so

1469

01:02:20,870 --> 01:02:19,079

so early on they say in the interview um

1470

01:02:22,309 --> 01:02:20,880

I don't know if Tucker asked me goes you

1471

01:02:23,329 --> 01:02:22,319

know why keep it secret and Nolan said

1472

01:02:24,710 --> 01:02:23,339

they didn't want to admit they didn't

1473

01:02:26,510 --> 01:02:24,720

have control of their airspace and plus

1474

01:02:27,950 --> 01:02:26,520

they didn't want people they didn't know

1475

01:02:29,210 --> 01:02:27,960

how people would react but we've heard

1476

01:02:31,609 --> 01:02:29,220

that before

1477

01:02:33,289 --> 01:02:31,619

um I've never that's speculation

1478

01:02:34,730 --> 01:02:33,299

obviously we don't know if that's why

1479

01:02:36,650 --> 01:02:34,740

they kept it secret or why they continue

1480

01:02:38,690 --> 01:02:36,660

to keep it secret and then he talked

1481

01:02:40,250 --> 01:02:38,700

about what you said

1482

01:02:42,950 --> 01:02:40,260

um which we didn't get to ask Michael

1483

01:02:44,150 --> 01:02:42,960

about you know the reason why these

1484

01:02:46,069 --> 01:02:44,160

companies weren't this Tech and you're

1485

01:02:48,170 --> 01:02:46,079

oh no you did ask you did ask you did

1486

01:02:49,910 --> 01:02:48,180

ask him um you see Nolan mentioned the

1487

01:02:50,870 --> 01:02:49,920

Craftsman material went off the Lockheed

1488

01:02:56,270 --> 01:02:50,880

and

1489

01:02:58,549 --> 01:02:56,280

Tucker said he's heard the same from

1490

01:03:00,170 --> 01:02:58,559

unperformed people and then of course

1491

01:03:02,870 --> 01:03:00,180

Wilson Davis which

1492

01:03:04,490 --> 01:03:02,880

Gary talked about you know briefing

1493

01:03:05,930 --> 01:03:04,500

Gallagher about Wilson Davis and people

1494

01:03:07,309 --> 01:03:05,940

on Twitter were saying you know it's not

1495

01:03:08,930 --> 01:03:07,319

really clear that's what he was saying

1496

01:03:11,329 --> 01:03:08,940

it's they like well he might have been

1497

01:03:16,130 --> 01:03:11,339

briefing him about other stuff related

1498

01:03:19,789 --> 01:03:16,140

to UFO now he specifically said I spoke

1499

01:03:21,890 --> 01:03:19,799

to Gallagher about the Wilson notes he

1500

01:03:23,089 --> 01:03:21,900

specifically mentioned the Wilson notes

1501

01:03:24,710 --> 01:03:23,099

so

1502

01:03:26,510 --> 01:03:24,720

um I would like to give you props for

1503

01:03:29,569 --> 01:03:26,520

that because you probably planted that

1504

01:03:33,109 --> 01:03:29,579

in his head so no I did not I did not

1505

01:03:35,510 --> 01:03:33,119

but he um yeah he I confirmed it I mean

1506

01:03:38,809 --> 01:03:35,520

who else did Joe

1507

01:03:40,549 --> 01:03:38,819

well that was all you man he's good

1508

01:03:42,710 --> 01:03:40,559

friends with uh Eric Davis he's good

1509

01:03:45,049 --> 01:03:42,720

friends with all the people involved um

1510

01:03:48,289 --> 01:03:45,059

so it has nothing to do with me anything

1511

01:03:51,289 --> 01:03:48,299

Gary Nolan does has nothing I say is

1512

01:03:52,849 --> 01:03:51,299

influencing him so but it's nice to see

1513

01:03:54,770 --> 01:03:52,859

that and for the people who continually

1514

01:03:56,930 --> 01:03:54,780

just you know doubt that that's a

1515

01:03:58,370 --> 01:03:56,940

legitimate document I'm not saying you

1516

01:04:00,069 --> 01:03:58,380

know what Michael I'm like I don't know

1517

01:04:02,750 --> 01:04:00,079

that we have

1518

01:04:05,029 --> 01:04:02,760

non-human craft in our possession I

1519

01:04:07,309 --> 01:04:05,039

think we do but I don't know that and

1520

01:04:09,109 --> 01:04:07,319

I've you know I'm careful about that but

1521

01:04:10,789 --> 01:04:09,119

the notes no doubt the notes are a real

1522

01:04:13,430 --> 01:04:10,799

representation of what Admiral Wilson

1523

01:04:15,529 --> 01:04:13,440

said to Davis in 2002. we don't know

1524

01:04:16,730 --> 01:04:15,539

Wilson was lied to we don't know if you

1525

01:04:18,529 --> 01:04:16,740

know the people in charge of that

1526

01:04:19,789 --> 01:04:18,539

program they lied I don't think they did

1527

01:04:21,289 --> 01:04:19,799

but there's no way to know right now

1528

01:04:23,150 --> 01:04:21,299

unless we have access to it and if

1529

01:04:24,829 --> 01:04:23,160

Congress can get access to access to it

1530

01:04:26,210 --> 01:04:24,839

great

1531

01:04:28,069 --> 01:04:26,220

um we don't know that just like Gary

1532

01:04:30,289 --> 01:04:28,079

Nolan said he goes I'm a scientist you

1533

01:04:32,150 --> 01:04:30,299

know I think you know I believe he said

1534

01:04:33,349 --> 01:04:32,160

on Lex Friedman he goes you know do you

1535

01:04:35,089 --> 01:04:33,359

think we have something extraterrestrial

1536

01:04:37,190 --> 01:04:35,099

that's just way beyond what we have and

1537

01:04:39,049 --> 01:04:37,200

Nolan said I believe the people who

1538

01:04:42,170 --> 01:04:39,059

cannot lie which is a reference to Eric

1539

01:04:44,329 --> 01:04:42,180

Davis when people say he can't lie that

1540

01:04:45,589 --> 01:04:44,339

is so ridiculous Mike yes Eric Davis can

1541

01:04:47,210 --> 01:04:45,599

lie that's not the point it's his

1542

01:04:49,609 --> 01:04:47,220

personality so he believes Eric Davis

1543

01:04:51,289 --> 01:04:49,619

who have spoken about you know different

1544

01:04:53,630 --> 01:04:51,299

things different countries having you

1545

01:04:55,190 --> 01:04:53,640

know craft or he says vehicles and then

1546

01:04:56,690 --> 01:04:55,200

you talk about Wilson Davis but I still

1547

01:04:58,370 --> 01:04:56,700

need to know you know that I've told you

1548

01:05:00,950 --> 01:04:58,380

I'm not going to go out on the limb and

1549

01:05:03,230 --> 01:05:00,960

say I know anything so

1550

01:05:05,870 --> 01:05:03,240

um yeah thoughts on

1551
01:05:07,250 --> 01:05:05,880
thoughts on Timber chats he says right I

1552
01:05:08,809 --> 01:05:07,260
have to I can do my Timber chat

1553
01:05:10,789 --> 01:05:08,819
impersonation but I need to work on that

1554
01:05:12,289 --> 01:05:10,799
he goes right after the the hearing was

1555
01:05:14,809 --> 01:05:12,299
over he goes I got a text from somebody

1556
01:05:17,270 --> 01:05:14,819
saying that Moultrie and Ray were lying

1557
01:05:19,609 --> 01:05:17,280
about not knowing about Wilson Davis but

1558
01:05:21,890 --> 01:05:19,619
that doesn't prove anything that Tim

1559
01:05:24,589 --> 01:05:21,900
burchett says he got a text from

1560
01:05:26,809 --> 01:05:24,599
somebody saying they were lying so maybe

1561
01:05:28,490 --> 01:05:26,819
they were lying maybe they weren't I

1562
01:05:30,589 --> 01:05:28,500
don't know it would fit if they didn't

1563
01:05:32,510 --> 01:05:30,599

know about Wilson Davis it would fit the

1564

01:05:34,730 --> 01:05:32,520

history which which will Miller talks

1565

01:05:36,890 --> 01:05:34,740

about of plausible deniability you keep

1566

01:05:38,690 --> 01:05:36,900

those folks in a dark on purpose because

1567

01:05:40,069 --> 01:05:38,700

when they are asked about something they

1568

01:05:42,650 --> 01:05:40,079

could say I don't know and they could be

1569

01:05:46,069 --> 01:05:42,660

telling the truth so so is it safe to

1570

01:05:48,970 --> 01:05:46,079

say that Gary Nolan is a little bit more

1571

01:05:52,670 --> 01:05:48,980

than a spokesperson at this point after

1572

01:05:56,390 --> 01:05:52,680

everything that he's brought up he is

1573

01:05:59,690 --> 01:05:56,400

um briefing Gallagher on Wilson Davis

1574

01:06:02,569 --> 01:05:59,700

which that's not in his that's a good

1575

01:06:05,630 --> 01:06:02,579

point you know I mean there's so many

1576

01:06:08,870 --> 01:06:05,640

things that he brought up

1577

01:06:11,029 --> 01:06:08,880

that's not in his field of study why is

1578

01:06:13,670 --> 01:06:11,039

he doing that can you tell me your

1579

01:06:15,770 --> 01:06:13,680

opinion on that I know Gary says he

1580

01:06:17,870 --> 01:06:15,780

stays in his Lane but then he's briefing

1581

01:06:20,510 --> 01:06:17,880

a congressman not according to this

1582

01:06:23,089 --> 01:06:20,520

interview at all he was all over the

1583

01:06:24,710 --> 01:06:23,099

place I know which I love I mean um I

1584

01:06:26,809 --> 01:06:24,720

think he's talking about science wise

1585

01:06:28,730 --> 01:06:26,819

but speculation wise I love that he

1586

01:06:30,770 --> 01:06:28,740

speculates I know people criticize him

1587

01:06:32,450 --> 01:06:30,780

for it but as far as him being a

1588

01:06:33,950 --> 01:06:32,460

spokesperson I don't know he can be he

1589

01:06:35,569 --> 01:06:33,960

can be a private citizen and have

1590

01:06:37,309 --> 01:06:35,579

information since he's very good friends

1591

01:06:38,990 --> 01:06:37,319

with Eric Davis

1592

01:06:40,849 --> 01:06:39,000

um and I'm speculating about what he

1593

01:06:42,349 --> 01:06:40,859

would know but he could be a private

1594

01:06:43,730 --> 01:06:42,359

citizen and say I'd like to speak to you

1595

01:06:46,370 --> 01:06:43,740

about this and I'm going to and brief

1596

01:06:49,370 --> 01:06:46,380

him and he wouldn't be a spokesperson so

1597

01:06:52,089 --> 01:06:49,380

um he's going on Tucker Carlson

1598

01:06:56,930 --> 01:06:52,099

speaking for the entire UFO Community

1599

01:06:58,549 --> 01:06:56,940

about 25 different topics what he's not

1600

01:07:00,650 --> 01:06:58,559

speaking for the interest

1601

01:07:02,329 --> 01:07:00,660

who is he speaking for then

1602

01:07:04,370 --> 01:07:02,339

I just think he's speaking for himself

1603

01:07:05,930 --> 01:07:04,380

offering his opinion and and maybe for

1604

01:07:07,490 --> 01:07:05,940

the group that he's involved with and

1605

01:07:09,710 --> 01:07:07,500

the people in the Intel world who talk

1606

01:07:11,510 --> 01:07:09,720

about avatars which I am so excited to

1607

01:07:14,210 --> 01:07:11,520

hear because it's a new interesting but

1608

01:07:18,410 --> 01:07:14,220

so you would disagree that he is not one

1609

01:07:20,529 --> 01:07:18,420

of you know they're only a handful

1610

01:07:22,970 --> 01:07:20,539

um you've got you got

1611

01:07:26,029 --> 01:07:22,980

Elizondo Mellon

1612

01:07:27,349 --> 01:07:26,039

um people in that area you got Taylor

1613

01:07:31,370 --> 01:07:27,359

you got

1614

01:07:34,730 --> 01:07:31,380

um hell even Knapp at this point put off

1615

01:07:38,630 --> 01:07:34,740

um he's one of those top guys and he is

1616

01:07:41,450 --> 01:07:38,640

speaking about this so he is speaking on

1617

01:07:44,089 --> 01:07:41,460

behalf of the entire UFO Community about

1618

01:07:46,609 --> 01:07:44,099

things that he is why do you not see

1619

01:07:49,190 --> 01:07:46,619

that he's speaking about things that he

1620

01:07:51,230 --> 01:07:49,200

is not trained in I guess he's getting

1621

01:07:54,230 --> 01:07:51,240

all of this information from other

1622

01:07:55,849 --> 01:07:54,240

briefings from these guys you think half

1623

01:07:58,069 --> 01:07:55,859

of the stuff that I heard that him say

1624

01:08:02,109 --> 01:07:58,079

he probably got from Elizondo because I

1625

01:08:07,130 --> 01:08:04,430

information from but I don't consider

1626

01:08:09,829 --> 01:08:07,140

him I don't consider any of those people

1627

01:08:11,390 --> 01:08:09,839

speaking for the UFO Community I think

1628

01:08:13,490 --> 01:08:11,400

they're speaking

1629

01:08:15,230 --> 01:08:13,500

whatever group they are they want to

1630

01:08:16,729 --> 01:08:15,240

just get the information out as best

1631

01:08:18,950 --> 01:08:16,739

they can obviously a lot of it is

1632

01:08:20,450 --> 01:08:18,960

speculation I mean telling us that some

1633

01:08:22,490 --> 01:08:20,460

people in the Intel world I don't know

1634

01:08:23,749 --> 01:08:22,500

if that's the people we know or other

1635

01:08:25,849 --> 01:08:23,759

people because I'm sure there are other

1636

01:08:27,890 --> 01:08:25,859

people involved talking about an avatar

1637

01:08:29,689 --> 01:08:27,900

and that's the leading hypothesis I love

1638

01:08:32,329 --> 01:08:29,699

that he shared that but I don't think

1639

01:08:34,490 --> 01:08:32,339

any of them like you know the UFO

1640

01:08:36,890 --> 01:08:34,500

Community I don't think they're speaking

1641

01:08:38,870 --> 01:08:36,900

for us I mean I think there's I mean

1642

01:08:43,130 --> 01:08:38,880

fine bro I mean Vine brought up the fact

1643

01:08:45,769 --> 01:08:43,140

that Nolan spoke about the sonar imagery

1644

01:08:48,349 --> 01:08:45,779

um not anything else other than

1645

01:08:51,530 --> 01:08:48,359

specifically the sonar imagery that no

1646

01:08:54,229 --> 01:08:51,540

one brought up how would he have access

1647

01:08:56,630 --> 01:08:54,239

to that data if he's just an

1648

01:08:58,610 --> 01:08:56,640

immunologist studying blood and

1649

01:09:02,149 --> 01:08:58,620

biological

1650

01:09:05,570 --> 01:09:02,159

um artifacts of what kit green has given

1651
01:09:07,010 --> 01:09:05,580
to him that he told me specifically and

1652
01:09:09,769 --> 01:09:07,020
I'll try to find that and send it to you

1653
01:09:12,410 --> 01:09:09,779
uh where he said that

1654
01:09:14,630 --> 01:09:12,420
yeah I it was recorded I'll try to find

1655
01:09:16,550 --> 01:09:14,640
it and bring it up and send it to you

1656
01:09:19,189 --> 01:09:16,560
um so why would he why would he bring up

1657
01:09:21,950 --> 01:09:19,199
sonar imagery like how is he privy to

1658
01:09:24,349 --> 01:09:21,960
this information if he is only an

1659
01:09:28,849 --> 01:09:24,359
immunologist studying the biological

1660
01:09:33,829 --> 01:09:31,669
part of the group and people talk to him

1661
01:09:35,390 --> 01:09:33,839
I don't know what he's reading on I know

1662
01:09:37,370 --> 01:09:35,400
in one of his interviews I think it was

1663
01:09:38,990 --> 01:09:37,380

with Jesse when they had Hal and Eric

1664

01:09:40,370 --> 01:09:39,000

Weinstein and they talked about he

1665

01:09:41,510 --> 01:09:40,380

talked about some materials that he

1666

01:09:43,430 --> 01:09:41,520

could talk about and then other

1667

01:09:45,289 --> 01:09:43,440

materials that he could not so that

1668

01:09:48,530 --> 01:09:45,299

takes that tells me he's right in on

1669

01:09:50,510 --> 01:09:48,540

that level for those materials um so

1670

01:09:52,370 --> 01:09:50,520

yeah I don't know I'm just I just have a

1671

01:09:53,990 --> 01:09:52,380

problem with you saying he speaks for

1672

01:09:56,030 --> 01:09:54,000

the UFO Community I don't think any of

1673

01:09:58,490 --> 01:09:56,040

these I mean when he covers 25 damn

1674

01:10:00,530 --> 01:09:58,500

topics at that point he is speaking for

1675

01:10:02,870 --> 01:10:00,540

all of us topics I just don't like the

1676

01:10:05,209 --> 01:10:02,880

wording he's speaking for us he I mean

1677

01:10:07,370 --> 01:10:05,219

he's speaking for the topic what they

1678

01:10:09,110 --> 01:10:07,380

know I mean he's been not you did not

1679

01:10:11,510 --> 01:10:09,120

like the wording but at that point

1680

01:10:12,590 --> 01:10:11,520

that's what he's doing so I don't want

1681

01:10:14,330 --> 01:10:12,600

to I don't want to debate that it

1682

01:10:15,709 --> 01:10:14,340

doesn't it doesn't we can ask him

1683

01:10:18,050 --> 01:10:15,719

hopefully if he comes on he said he was

1684

01:10:20,630 --> 01:10:18,060

willing to come on when he has time and

1685

01:10:22,669 --> 01:10:20,640

I have no problem with Gary Nolan I love

1686

01:10:25,250 --> 01:10:22,679

that he is versed in all of these areas

1687

01:10:26,750 --> 01:10:25,260

I would just like to know how he's

1688

01:10:28,370 --> 01:10:26,760

versed

1689

01:10:31,370 --> 01:10:28,380

um how he was privy to certain

1690

01:10:33,649 --> 01:10:31,380

information how he's not privy to speak

1691

01:10:35,570 --> 01:10:33,659

about other information

1692

01:10:37,250 --> 01:10:35,580

um there's so many things I mean there's

1693

01:10:40,970 --> 01:10:37,260

so many different avenues that we can go

1694

01:10:43,550 --> 01:10:40,980

down in regards to what he said today

1695

01:10:46,610 --> 01:10:43,560

um versus you know his scientific field

1696

01:10:49,189 --> 01:10:46,620

that he's in especially uh I think that

1697

01:10:52,550 --> 01:10:49,199

he even spoke about the legislation the

1698

01:10:55,850 --> 01:10:52,560

verbiage that he was writing on uh the

1699

01:10:57,830 --> 01:10:55,860

um he said he wrote it immunity no no he

1700

01:11:00,050 --> 01:10:57,840

was he brought up and I heard from

1701

01:11:02,570 --> 01:11:00,060

several points I may be wrong but I

1702

01:11:04,130 --> 01:11:02,580

heard he even confirmed that yeah there

1703

01:11:06,470 --> 01:11:04,140

are there's verbiage that's being

1704

01:11:09,169 --> 01:11:06,480

written we're going to see it soon so

1705

01:11:11,510 --> 01:11:09,179

when I hear that I'm thinking maybe he

1706

01:11:13,910 --> 01:11:11,520

has a hand in it so how would this guy

1707

01:11:16,010 --> 01:11:13,920

who is this you know he's a science guy

1708

01:11:18,669 --> 01:11:16,020

he's a immunologist he's studying all

1709

01:11:22,750 --> 01:11:18,679

these different things how would he be

1710

01:11:24,770 --> 01:11:22,760

writing this type of verbiage

1711

01:11:26,570 --> 01:11:24,780

I don't think I don't think he wrote

1712

01:11:28,310 --> 01:11:26,580

that um I don't I could be wrong but I

1713

01:11:30,410 --> 01:11:28,320

think he just hears things and he shared

1714

01:11:31,790 --> 01:11:30,420

it and you know I'm happy he shared it

1715

01:11:33,050 --> 01:11:31,800

but I don't think he he's involved in

1716

01:11:35,630 --> 01:11:33,060

writing language I would think that

1717

01:11:37,370 --> 01:11:35,640

would be melon and maybe Lou

1718

01:11:38,990 --> 01:11:37,380

um but as far as the other information

1719

01:11:40,669 --> 01:11:39,000

he gets I think he's part of that group

1720

01:11:42,770 --> 01:11:40,679

and I don't know how the information is

1721

01:11:44,270 --> 01:11:42,780

shared it's a fair question we can ask

1722

01:11:46,130 --> 01:11:44,280

him about it next time just before we

1723

01:11:48,950 --> 01:11:46,140

get to Ludacris and Paul I can't add you

1724

01:11:51,250 --> 01:11:48,960

for some reason and DJ Plum Nelly I

1725

01:11:53,930 --> 01:11:51,260

tried I'll try again before Ludacris

1726

01:11:56,510 --> 01:11:53,940

Mark what's your question about the

1727

01:11:57,830 --> 01:11:56,520

basement basement office interview

1728

01:11:59,149 --> 01:11:57,840

um I don't know what your question is so

1729

01:12:00,350 --> 01:11:59,159

I'm not going to go back and look so ask

1730

01:12:01,610 --> 01:12:00,360

it again

1731

01:12:04,310 --> 01:12:01,620

um let me just let me bring it let me

1732

01:12:09,530 --> 01:12:04,320

see if I can bring in the BJ guy

1733

01:12:11,630 --> 01:12:09,540

let's see BJ Plum are you there

1734

01:12:14,810 --> 01:12:11,640

DJ plum

1735

01:12:16,310 --> 01:12:14,820

okay moving on and let me bring in Paul

1736

01:12:17,990 --> 01:12:16,320

I can't add you it says device not

1737

01:12:19,910 --> 01:12:18,000

connected I don't know what's up

1738

01:12:21,770 --> 01:12:19,920

Ludacris you can unmute yourself how you

1739

01:12:23,709 --> 01:12:21,780

doing Chris good good how are you guys

1740

01:12:26,030 --> 01:12:23,719

and girls

1741

01:12:27,770 --> 01:12:26,040

I've been told that my mic is too loud

1742

01:12:30,530 --> 01:12:27,780

can you guys do you guys hear me too

1743

01:12:32,209 --> 01:12:30,540

loud I'll turn it down yeah sounds good

1744

01:12:34,370 --> 01:12:32,219

to me

1745

01:12:35,990 --> 01:12:34,380

um I was curious uh I thought one of the

1746

01:12:39,709 --> 01:12:36,000

more interesting things from the Gary

1747

01:12:41,630 --> 01:12:39,719

and Tucker interview uh was where he

1748

01:12:43,790 --> 01:12:41,640

showed the two different brains I like

1749

01:12:45,470 --> 01:12:43,800

the the brain matter the healthy brain

1750

01:12:47,570 --> 01:12:45,480

and then one that was working with like

1751

01:12:49,310 --> 01:12:47,580

a doe agent or something working on a

1752

01:12:50,390 --> 01:12:49,320

classified project or something that had

1753

01:12:52,189 --> 01:12:50,400

all the white

1754

01:12:55,189 --> 01:12:52,199

the white space or whatever they call it

1755

01:12:57,830 --> 01:12:55,199

uh what are your thoughts on that

1756

01:12:59,930 --> 01:12:57,840

he has spoken about that before and he

1757

01:13:02,510 --> 01:12:59,940

said they first got 100 cases and uh

1758

01:13:04,189 --> 01:13:02,520

turns out 80 to 90 of them were Havana

1759

01:13:05,510 --> 01:13:04,199

syndrome and I'm reading notes here so

1760

01:13:08,510 --> 01:13:05,520

it's called white matter disease it's

1761

01:13:10,610 --> 01:13:08,520

like kind of like multiple sclerosis um

1762

01:13:13,130 --> 01:13:10,620

dead areas of the brain where it affects

1763

01:13:15,290 --> 01:13:13,140

memory movement can be affected and then

1764

01:13:17,930 --> 01:13:15,300

totally gone but the brain can rewire

1765

01:13:19,970 --> 01:13:17,940

and maybe get over it in some cases are

1766

01:13:21,830 --> 01:13:19,980

very serious like the one in that image

1767

01:13:23,390 --> 01:13:21,840

so and he met the folks this is what

1768

01:13:25,430 --> 01:13:23,400

Jesse was talking about in the past he

1769

01:13:27,350 --> 01:13:25,440

said that he hadn't met the folks he met

1770

01:13:28,850 --> 01:13:27,360

the folks took their blood

1771

01:13:31,189 --> 01:13:28,860

um some of them saw objects on the

1772

01:13:33,610 --> 01:13:31,199

ground and they had radiation Burns and

1773

01:13:35,630 --> 01:13:33,620

many of them have caudate potamin

1774

01:13:37,970 --> 01:13:35,640

overdeveloped which is the area they

1775

01:13:39,350 --> 01:13:37,980

believe intuition resides and many of

1776

01:13:40,970 --> 01:13:39,360

the folks are high functioning like

1777

01:13:42,709 --> 01:13:40,980

Pilots

1778

01:13:44,330 --> 01:13:42,719

um and he's working on a lot of that

1779

01:13:47,090 --> 01:13:44,340

data I don't know if a paper is coming

1780

01:13:49,790 --> 01:13:47,100

out but it's uh in a neurophysiology

1781

01:13:52,790 --> 01:13:49,800

group at Harvard with uh and he thinks

1782

01:13:55,070 --> 01:13:52,800

you know it's going mainstream and it

1783

01:13:56,390 --> 01:13:55,080

tells us what I think he's talking about

1784

01:13:58,130 --> 01:13:56,400

the Claude a potame I mean because it

1785

01:14:00,470 --> 01:13:58,140

tells us what makes people intuitive and

1786

01:14:01,550 --> 01:14:00,480

smart and the consistent symptoms from

1787

01:14:04,250 --> 01:14:01,560

the people who are injured is

1788

01:14:05,810 --> 01:14:04,260

inflammation and nausea basically you

1789

01:14:07,189 --> 01:14:05,820

know if I irradiate you with you know

1790

01:14:08,990 --> 01:14:07,199

your whole body this is the kind of

1791

01:14:10,729 --> 01:14:09,000

effects you would expect

1792

01:14:12,890 --> 01:14:10,739

um from radiation and you have some skin

1793

01:14:15,290 --> 01:14:12,900

skin issues external issues with brain

1794

01:14:16,610 --> 01:14:15,300

damage and then he said you know did not

1795

01:14:19,130 --> 01:14:16,620

have evidence that this was something

1796

01:14:20,870 --> 01:14:19,140

that was done on purpose which I'm fine

1797

01:14:22,430 --> 01:14:20,880

with that except for Claris and I'm sure

1798

01:14:23,510 --> 01:14:22,440

there are other cases where it does seem

1799

01:14:25,550 --> 01:14:23,520

on purpose

1800

01:14:27,229 --> 01:14:25,560

um just we getting in the wrong place at

1801
01:14:28,729 --> 01:14:27,239
the wrong time and these whatever these

1802
01:14:30,350 --> 01:14:28,739
are they don't give a crap if we get

1803
01:14:31,310 --> 01:14:30,360
injured which I've talked about so many

1804
01:14:33,410 --> 01:14:31,320
times

1805
01:14:35,390 --> 01:14:33,420
so those were my notes

1806
01:14:38,450 --> 01:14:35,400
yeah it sounds like that people are

1807
01:14:40,430 --> 01:14:38,460
being put In Harm's Way with tests or

1808
01:14:43,729 --> 01:14:40,440
are not being informed and are coming

1809
01:14:46,910 --> 01:14:43,739
upon test in or craft whatever it might

1810
01:14:48,950 --> 01:14:46,920
be and are being injured and Danny did a

1811
01:14:51,229 --> 01:14:48,960
spaces earlier and I spoke about I said

1812
01:14:53,330 --> 01:14:51,239
I wonder if they're they're one of their

1813
01:14:55,669 --> 01:14:53,340

goals going forward will be to set up

1814

01:14:57,110 --> 01:14:55,679

some kind of the fund for people that

1815

01:14:58,729 --> 01:14:57,120

are injured this way kind of like what

1816

01:15:01,729 --> 01:14:58,739

they just did with the uh with the burn

1817

01:15:03,890 --> 01:15:01,739

pits that finally got passed so I'm

1818

01:15:06,530 --> 01:15:03,900

curious also on your thoughts on that as

1819

01:15:09,229 --> 01:15:06,540

well it did pass Us in yeah

1820

01:15:11,030 --> 01:15:09,239

uh late this afternoon I believe I did

1821

01:15:12,770 --> 01:15:11,040

not know that I'm happy I know John

1822

01:15:14,870 --> 01:15:12,780

Stewart has really been involved in that

1823

01:15:16,310 --> 01:15:14,880

oh yeah yeah I'm happy for him too and

1824

01:15:18,410 --> 01:15:16,320

all the veterans that they desperately

1825

01:15:20,090 --> 01:15:18,420

needed it it's embarrassing we don't

1826

01:15:21,110 --> 01:15:20,100

take care of so many veterans uh what do

1827

01:15:23,209 --> 01:15:21,120

I think about that that would be great

1828

01:15:25,130 --> 01:15:23,219

that'd be an amazing thing

1829

01:15:26,570 --> 01:15:25,140

um especially since we don't know what

1830

01:15:27,830 --> 01:15:26,580

injured them if you talk to kid green

1831

01:15:29,630 --> 01:15:27,840

he's going to lean towards it being

1832

01:15:31,490 --> 01:15:29,640

black technology but he can't talk about

1833

01:15:33,110 --> 01:15:31,500

it because it's in the black so I don't

1834

01:15:34,490 --> 01:15:33,120

know if he even has access to stuff that

1835

01:15:36,470 --> 01:15:34,500

his colleagues don't that he can't talk

1836

01:15:39,950 --> 01:15:36,480

about so

1837

01:15:42,770 --> 01:15:39,960

um yeah go ahead

1838

01:15:45,110 --> 01:15:42,780

no no I agree it's

1839

01:15:48,050 --> 01:15:45,120

the whole interview is just extremely

1840

01:15:50,330 --> 01:15:48,060

fascinating and and I really

1841

01:15:51,950 --> 01:15:50,340

have been a Critic against Gary Nolan

1842

01:15:53,510 --> 01:15:51,960

but I really believed everything that he

1843

01:15:55,010 --> 01:15:53,520

said in this interview he did a really

1844

01:15:57,649 --> 01:15:55,020

good job especially sitting with

1845

01:15:59,930 --> 01:15:57,659

somebody that he has opposing views with

1846

01:16:02,450 --> 01:15:59,940

right and that made me respect him even

1847

01:16:04,250 --> 01:16:02,460

more I mean it's going to hurt possibly

1848

01:16:06,530 --> 01:16:04,260

could hurt his reputation going on to

1849

01:16:08,149 --> 01:16:06,540

Chris show so that gave you know I

1850

01:16:09,709 --> 01:16:08,159

thought well damn you know if he's

1851

01:16:12,169 --> 01:16:09,719

willing to do all that just to get his

1852

01:16:14,090 --> 01:16:12,179

just to get his message out and what

1853

01:16:16,490 --> 01:16:14,100

he's trying to say is happening maybe

1854

01:16:19,010 --> 01:16:16,500

there's quite a bit more to it and I

1855

01:16:20,689 --> 01:16:19,020

have been completely wrong on Gary Nolan

1856

01:16:23,630 --> 01:16:20,699

which would be awesome I would love it

1857

01:16:25,270 --> 01:16:23,640

did you guys hear his Trump dig no I

1858

01:16:28,010 --> 01:16:25,280

didn't

1859

01:16:29,689 --> 01:16:28,020

he said we can build silos against

1860

01:16:31,149 --> 01:16:29,699

ourselves and we could build walls

1861

01:16:34,610 --> 01:16:31,159

around everybody

1862

01:16:38,090 --> 01:16:34,620

yeah of course we know he knew exactly

1863

01:16:40,250 --> 01:16:38,100

who he was uh interviewing with and he

1864

01:16:42,890 --> 01:16:40,260

knew everything about Trump and you know

1865

01:16:44,870 --> 01:16:42,900

who Tucker Carlson was about so I was a

1866

01:16:47,450 --> 01:16:44,880

little bit proud that he was able to get

1867

01:16:50,810 --> 01:16:47,460

that little dig in there so

1868

01:16:53,270 --> 01:16:50,820

yeah it's it's uh

1869

01:16:54,470 --> 01:16:53,280

go ahead sorry and he now he said some

1870

01:16:57,950 --> 01:16:54,480

really

1871

01:17:00,290 --> 01:16:57,960

some wild stuff man it's like even

1872

01:17:02,209 --> 01:17:00,300

Skeptics and people you know in the

1873

01:17:05,510 --> 01:17:02,219

community of the Skeptics that I dwell

1874

01:17:08,050 --> 01:17:05,520

in it uh it even rattled down that far

1875

01:17:10,610 --> 01:17:08,060

into the skeptic realm I can tell you so

1876

01:17:12,110 --> 01:17:10,620

that people enjoyed it and they're like

1877

01:17:13,669 --> 01:17:12,120

damn yeah so maybe somebody needs to

1878

01:17:15,110 --> 01:17:13,679

listen to this there's still no evidence

1879

01:17:17,870 --> 01:17:15,120

that's been presented but the things

1880

01:17:20,390 --> 01:17:17,880

he's saying and all that stuff it makes

1881

01:17:22,370 --> 01:17:20,400

sense and it adds up so yeah why would

1882

01:17:24,290 --> 01:17:22,380

why would somebody like scaring Dr Gary

1883

01:17:25,790 --> 01:17:24,300

Nolan in his position just make up stuff

1884

01:17:27,470 --> 01:17:25,800

I mean you could make the argument oh

1885

01:17:29,930 --> 01:17:27,480

he's been fed all this misinformation

1886

01:17:32,270 --> 01:17:29,940

but I I don't see that but time will

1887

01:17:34,130 --> 01:17:32,280

tell what I'm we're making we're making

1888

01:17:35,630 --> 01:17:34,140

Headway it's slow but it's really not

1889

01:17:37,669 --> 01:17:35,640

slow for me it's not slow because

1890

01:17:39,590 --> 01:17:37,679

they've been at it since the mid 90s I

1891

01:17:42,110 --> 01:17:39,600

don't I don't think he's making up stuff

1892

01:17:46,189 --> 01:17:42,120

Joe I think that at this point Gary

1893

01:17:48,970 --> 01:17:46,199

Nolan is as unbiased as they come

1894

01:17:54,169 --> 01:17:48,980

because he is so pardon my language

1895

01:17:56,390 --> 01:17:54,179

balls deep into the UFO phenomenon that

1896

01:17:58,669 --> 01:17:56,400

he's gonna be a little bit biased in

1897

01:18:03,890 --> 01:17:58,679

certain areas it's kind of hard to have

1898

01:18:07,070 --> 01:18:03,900

a uh an unbiased scientific view when

1899

01:18:09,590 --> 01:18:07,080

you have the the same type of mindset

1900

01:18:12,350 --> 01:18:09,600

that Gary Nolan has at this point I

1901

01:18:13,810 --> 01:18:12,360

think at this point no it does matter I

1902

01:18:15,770 --> 01:18:13,820

think that means

1903

01:18:17,930 --> 01:18:15,780

if he writes papers with other

1904

01:18:19,610 --> 01:18:17,940

scientists it doesn't matter how biased

1905

01:18:20,450 --> 01:18:19,620

he is or what his opinions are he's

1906

01:18:22,669 --> 01:18:20,460

always

1907

01:18:24,649 --> 01:18:22,679

well you didn't let me finish I said

1908

01:18:26,810 --> 01:18:24,659

that if he had somebody else who was

1909

01:18:29,450 --> 01:18:26,820

reviewing this stuff and who was going

1910

01:18:31,430 --> 01:18:29,460

over the data and coming through it uh

1911

01:18:35,030 --> 01:18:31,440

with an unbiased opinion I think that's

1912

01:18:39,169 --> 01:18:35,040

okay but Gary Nolan is as biased as they

1913

01:18:44,990 --> 01:18:40,550

why

1914

01:18:49,729 --> 01:18:47,270

a group said the leading I know he's not

1915

01:18:51,290 --> 01:18:49,739

coming up with ideas I'm not saying that

1916

01:18:55,550 --> 01:18:51,300

he's coming up with ideas I'm saying

1917

01:18:58,370 --> 01:18:55,560

people he is absolutely friends with

1918

01:19:00,890 --> 01:18:58,380

um are very intertwined in this subject

1919

01:19:02,470 --> 01:19:00,900

so he's not an unbiased opinion at this

1920

01:19:04,850 --> 01:19:02,480

point

1921

01:19:06,470 --> 01:19:04,860

it's gonna come down to the data and

1922

01:19:08,390 --> 01:19:06,480

they'll continue to work on papers just

1923

01:19:10,490 --> 01:19:08,400

like the paper he got published in a

1924

01:19:13,490 --> 01:19:10,500

peer review Janet review journal with

1925

01:19:15,050 --> 01:19:13,500

with Jacques ballet so by we're all

1926

01:19:16,550 --> 01:19:15,060

biased especially when you're involved

1927

01:19:18,530 --> 01:19:16,560

if you're an experimenter if you had a

1928

01:19:21,050 --> 01:19:18,540

sighting of course that's biased a

1929

01:19:25,669 --> 01:19:21,060

career review journal with Jacques valet

1930

01:19:28,610 --> 01:19:25,679

is unbiased how dare you you know it's

1931

01:19:30,590 --> 01:19:28,620

as much as I do both of those names are

1932

01:19:31,790 --> 01:19:30,600

biased I'm not I'm not going to spend

1933

01:19:33,050 --> 01:19:31,800

arguing I'm not going to argue about

1934

01:19:34,970 --> 01:19:33,060

this you can argue it on your own time

1935

01:19:37,610 --> 01:19:34,980

I'm sorry this is a waste of time for me

1936

01:19:40,669 --> 01:19:37,620

it's a waste you told me earlier you

1937

01:19:41,810 --> 01:19:40,679

tweeted it out I don't want to argue I

1938

01:19:43,189 --> 01:19:41,820

don't want to argue if you're in a

1939

01:19:45,470 --> 01:19:43,199

question who his co-author is it's

1940

01:19:47,570 --> 01:19:45,480

totally irrelevant it's the peer people

1941

01:19:49,729 --> 01:19:47,580

who review the paper it's a respected

1942

01:19:52,189 --> 01:19:49,739

paper it wasn't even a country we have

1943

01:19:55,490 --> 01:19:52,199

papers out am I missing these papers

1944

01:19:57,470 --> 01:19:55,500

that he has peer-reviewed papers out

1945

01:19:59,209 --> 01:19:57,480

can you send me those

1946

01:20:00,890 --> 01:19:59,219

I didn't hear okay

1947

01:20:02,570 --> 01:20:00,900

you're talking about peer-reviewed

1948

01:20:04,189 --> 01:20:02,580

papers that Gary Nolan has put out on

1949

01:20:06,649 --> 01:20:04,199

the UFO subject does he have those out

1950

01:20:09,830 --> 01:20:06,659

can I review those can you send those to

1951

01:20:12,830 --> 01:20:09,840

them it's about the it's about the

1952

01:20:14,209 --> 01:20:12,840

Council Bluff material that they got and

1953

01:20:15,770 --> 01:20:14,219

him and Jacques Valley had it published

1954

01:20:17,810 --> 01:20:15,780

I don't know what the journal is but

1955

01:20:19,910 --> 01:20:17,820

it's a mainstream Journal it was a big

1956

01:20:21,590 --> 01:20:19,920

deal you should have read it by now

1957

01:20:24,350 --> 01:20:21,600

um does it say it's extraterrestrial

1958

01:20:26,270 --> 01:20:24,360

material no it's the first part showing

1959

01:20:28,490 --> 01:20:26,280

how you study this material it's a new

1960

01:20:30,050 --> 01:20:28,500

technique he came up with a new

1961

01:20:32,330 --> 01:20:30,060

technique and move to left

1962

01:20:34,430 --> 01:20:32,340

um his new piece of material they used I

1963

01:20:37,430 --> 01:20:34,440

forget what they call the cytop

1964

01:20:39,470 --> 01:20:37,440

um so yeah his co-authors who are his

1965

01:20:41,990 --> 01:20:39,480

co-authors so I can look them up and I'm

1966

01:20:44,689 --> 01:20:42,000

sorry I may be new to this part of it go

1967

01:20:46,850 --> 01:20:44,699

ahead you can send it to me

1968

01:20:48,770 --> 01:20:46,860

there might have been another paper

1969

01:20:50,689 --> 01:20:48,780

there might have been another co-author

1970

01:20:52,669 --> 01:20:50,699

but valet was one of his authors which

1971

01:20:54,590 --> 01:20:52,679

is irrelevant it's the journal that it

1972

01:20:55,970 --> 01:20:54,600

got published in but it wasn't a

1973

01:20:57,470 --> 01:20:55,980

controversial paper it wasn't like

1974

01:21:00,229 --> 01:20:57,480

saying these are extraterrestrial

1975

01:21:02,390 --> 01:21:00,239

materials it was this is how we're

1976

01:21:04,250 --> 01:21:02,400

studying this this is how we how we do

1977

01:21:06,350 --> 01:21:04,260

the technique this is not really

1978

01:21:08,390 --> 01:21:06,360

anything out of the ordinary but going

1979

01:21:09,770 --> 01:21:08,400

forward they'll use that technique to

1980

01:21:12,050 --> 01:21:09,780

study more materials that are more

1981

01:21:15,110 --> 01:21:12,060

exotic that's the plan that's a really

1982

01:21:16,729 --> 01:21:15,120

big deal to have to have that published

1983

01:21:19,310 --> 01:21:16,739

um I know a lot of people are expecting

1984

01:21:20,689 --> 01:21:19,320

you know the alien result but I did warn

1985

01:21:24,169 --> 01:21:20,699

people I'm like this is a very very

1986

01:21:26,570 --> 01:21:24,179

beginning so don't get too excited

1987

01:21:28,370 --> 01:21:26,580

do you know what year that was

1988

01:21:31,070 --> 01:21:28,380

I think it was this year

1989

01:21:33,770 --> 01:21:31,080

this year this year yeah

1990

01:21:35,810 --> 01:21:33,780

I'll find it I mean okay so I absolutely

1991

01:21:38,390 --> 01:21:35,820

missed that my fault I'm not gonna speak

1992

01:21:40,550 --> 01:21:38,400

on it I know Gary tried to make it

1993

01:21:42,110 --> 01:21:40,560

available for free because it was ex it

1994

01:21:44,390 --> 01:21:42,120

wasn't cheap just to get it you had to

1995

01:21:46,370 --> 01:21:44,400

buy it but I will send it to you I have

1996

01:21:47,330 --> 01:21:46,380

it somewhere on my computer

1997

01:21:49,250 --> 01:21:47,340

um

1998

01:21:51,830 --> 01:21:49,260

it's a little technical but not too bad

1999

01:21:53,810 --> 01:21:51,840

let me let me I'm gonna try one more

2000

01:21:57,169 --> 01:21:53,820

time for this person and then I will not

2001

01:21:58,910 --> 01:21:57,179

try again DJ Plum Nelly might just be

2002

01:22:02,810 --> 01:21:58,920

playing games DJ Plum Nelly are you

2003

01:22:07,729 --> 01:22:05,330

there he is unmute yourself can't hear

2004

01:22:10,729 --> 01:22:07,739

you unmute yourself

2005

01:22:12,770 --> 01:22:10,739

unmute yourself there you go

2006

01:22:15,709 --> 01:22:12,780

I can't hear you

2007

01:22:17,629 --> 01:22:15,719

we can't hear you

2008

01:22:21,770 --> 01:22:17,639

I'll leave you there I'll add Craig

2009

01:22:26,629 --> 01:22:25,189

Craig can you hear me I can hear you

2010

01:22:32,030 --> 01:22:26,639

oh what's up

2011

01:22:36,770 --> 01:22:34,370

oh I just want to make a point that uh

2012

01:22:39,169 --> 01:22:36,780

Nolan having said he's having said he

2013

01:22:42,290 --> 01:22:39,179

met people in the experience cohort and

2014

01:22:43,910 --> 01:22:42,300

having said he met Chris Bledsoe points

2015

01:22:46,610 --> 01:22:43,920

out that blessed was not in the green

2016

01:22:46,620 --> 01:22:51,830

is that what you were saying Jess

2017

01:22:55,189 --> 01:22:54,229

is that what she said earlier shoot we

2018

01:22:57,350 --> 01:22:55,199

lost her

2019

01:22:58,850 --> 01:22:57,360

um she was she making that one point

2020

01:23:00,890 --> 01:22:58,860

that it was just because he spoke to

2021

01:23:02,090 --> 01:23:00,900

Chris Bledsoe that meant he spoke to

2022

01:23:05,209 --> 01:23:02,100

people in the cohort is that what she

2023

01:23:07,189 --> 01:23:05,219

was saying uh that was my understanding

2024

01:23:07,970 --> 01:23:07,199

but I'm not gonna say what you were

2025

01:23:09,890 --> 01:23:07,980

saying

2026

01:23:12,110 --> 01:23:09,900

yeah I was hoping that she would clarify

2027

01:23:13,669 --> 01:23:12,120

that um there she is

2028

01:23:16,430 --> 01:23:13,679

Jess can you clarify that is that what

2029

01:23:22,669 --> 01:23:18,530

you're muted

2030

01:23:26,209 --> 01:23:24,649

okay any other thoughts Craig

2031

01:23:27,530 --> 01:23:26,219

that's a good point not that we're going

2032

01:23:29,810 --> 01:23:27,540

to talk about tonight

2033

01:23:32,149 --> 01:23:29,820

all right thanks thanks for thanks for

2034

01:23:34,490 --> 01:23:32,159

the thanks for chiming in

2035

01:23:39,649 --> 01:23:34,500

Jess were you able to hear that

2036

01:23:43,310 --> 01:23:39,659

all right Ludacris you're there at all

2037

01:23:49,070 --> 01:23:45,530

I think so

2038

01:23:51,350 --> 01:23:49,080

hello go ahead yeah I can hear you yes

2039

01:23:54,169 --> 01:23:51,360

all right

2040

01:23:55,790 --> 01:23:54,179

thanks for being patient

2041

01:23:59,629 --> 01:23:55,800

so

2042

01:24:02,750 --> 01:23:59,639

this is that

2043

01:24:04,189 --> 01:24:02,760

um you don't often hear a lot of talk

2044

01:24:07,370 --> 01:24:04,199

about

2045

01:24:10,070 --> 01:24:07,380

um sound like super high pitch and super

2046

01:24:13,970 --> 01:24:10,080

low pitched frequencies other than

2047

01:24:19,729 --> 01:24:17,510

and I wonder if Dr Nolan or anyone else

2048

01:24:22,790 --> 01:24:19,739

you know of is maybe perhaps

2049

01:24:25,850 --> 01:24:22,800

spoken of how perhaps

2050

01:24:27,950 --> 01:24:25,860

whatever their anti-gravity Tech is or

2051
01:24:30,350 --> 01:24:27,960
anything else could be affected by a say

2052
01:24:32,750 --> 01:24:30,360
like super high pitched or low pitch

2053
01:24:35,570 --> 01:24:32,760
frequencies in the same vein the way

2054
01:24:38,930 --> 01:24:35,580
Nikola Tesla had like you know created

2055
01:24:41,629 --> 01:24:38,940
Bridges out of uh you know basically

2056
01:24:44,330 --> 01:24:41,639
like magnetics

2057
01:24:45,470 --> 01:24:44,340
in regards to what no one said today and

2058
01:24:47,209 --> 01:24:45,480
I'm sorry I didn't mean to cut you off

2059
01:24:50,750 --> 01:24:47,219
but he specifically said that there was

2060
01:24:52,610 --> 01:24:50,760
no sound can you guys hear me yes sorry

2061
01:24:54,169 --> 01:24:52,620
I didn't bring you in okay yeah he

2062
01:24:55,490 --> 01:24:54,179
specifically said that there was no

2063
01:24:59,570 --> 01:24:55,500

sound

2064

01:25:02,450 --> 01:24:59,580

sonar imagery and that was what Michael

2065

01:25:06,050 --> 01:25:02,460

was talking about earlier where they got

2066

01:25:08,990 --> 01:25:06,060

a an image of what was there but there

2067

01:25:11,750 --> 01:25:09,000

was no audible sound so other than that

2068

01:25:14,629 --> 01:25:11,760

I have no clue I would love to know

2069

01:25:16,189 --> 01:25:14,639

that's a great question so and I will

2070

01:25:19,810 --> 01:25:16,199

write that down and make sure that I ask

2071

01:25:23,510 --> 01:25:21,350

Audible

2072

01:25:26,450 --> 01:25:23,520

in terms of audible sound I'm wondering

2073

01:25:28,910 --> 01:25:26,460

if it's like just some that's beyond our

2074

01:25:30,709 --> 01:25:28,920

that we can't hear but is there

2075

01:25:32,930 --> 01:25:30,719

something perhaps beyond our hearing

2076
01:25:34,070 --> 01:25:32,940
range let's say like bats and dogs and

2077
01:25:37,490 --> 01:25:34,080
other

2078
01:25:40,310 --> 01:25:37,500
species like like a lot of times when

2079
01:25:42,169 --> 01:25:40,320
their sightings for example you often

2080
01:25:44,990 --> 01:25:42,179
hear that like suddenly like

2081
01:25:47,030 --> 01:25:45,000
you know incidental animals and say

2082
01:25:49,070 --> 01:25:47,040
liquid Woods or bugs or whatever like

2083
01:25:50,689 --> 01:25:49,080
everything gets like suddenly quiet

2084
01:25:53,209 --> 01:25:50,699
because like they know something's up

2085
01:25:55,430 --> 01:25:53,219
because they can maybe hear something

2086
01:25:56,990 --> 01:25:55,440
that we can't and I've just always been

2087
01:25:58,729 --> 01:25:57,000
interested in that aspect of the

2088
01:26:01,070 --> 01:25:58,739

phenomenon

2089

01:26:04,850 --> 01:26:01,080

um but I don't hear people often

2090

01:26:06,290 --> 01:26:04,860

bringing it up so much but maybe a

2091

01:26:10,610 --> 01:26:06,300

little bit off topic than what happened

2092

01:26:12,050 --> 01:26:10,620

today but I thought Dr Nolan was amazing

2093

01:26:18,430 --> 01:26:12,060

um yeah it was great I can't believe

2094

01:26:23,149 --> 01:26:21,110

but it's on YouTube it is on YouTube so

2095

01:26:24,950 --> 01:26:23,159

it'll get a lot of views um I hope I

2096

01:26:27,229 --> 01:26:24,960

hope it's a couple of million views it

2097

01:26:28,669 --> 01:26:27,239

was impressive to hear Lord Ludacris say

2098

01:26:30,890 --> 01:26:28,679

even his skeptical folks were like

2099

01:26:34,790 --> 01:26:30,900

really impressed by Nolan unfortunately

2100

01:26:36,649 --> 01:26:34,800

Justice questioning his unbiased nature

2101

01:26:38,689 --> 01:26:36,659

but I think we're all biased I just

2102

01:26:40,310 --> 01:26:38,699

think I'm not I'm not questioning him

2103

01:26:42,950 --> 01:26:40,320

I'm just saying he's all over the place

2104

01:26:45,890 --> 01:26:42,960

and he's been fed this information which

2105

01:26:48,709 --> 01:26:45,900

is out of the purview of his scientific

2106

01:26:50,810 --> 01:26:48,719

study like he's a jack of all trades

2107

01:26:52,729 --> 01:26:50,820

even Vine even you brought that up in

2108

01:26:53,470 --> 01:26:52,739

the beginning but now you're questioning

2109

01:26:55,790 --> 01:26:53,480

me

2110

01:26:58,070 --> 01:26:55,800

Nolan was all over the place man he's

2111

01:27:00,649 --> 01:26:58,080

talking about things that are completely

2112

01:27:02,570 --> 01:27:00,659

out of his line of study I think he's

2113

01:27:05,030 --> 01:27:02,580

passionate about it I think he likes to

2114

01:27:06,830 --> 01:27:05,040

speculate like I love to speculate he's

2115

01:27:08,330 --> 01:27:06,840

gotten hammered for speculating from

2116

01:27:10,070 --> 01:27:08,340

some hardcore skeptic so I'm like too

2117

01:27:12,290 --> 01:27:10,080

bad he always says you know I know when

2118

01:27:14,570 --> 01:27:12,300

he's speculating it's 99 of this is

2119

01:27:16,370 --> 01:27:14,580

speculation so what was you know what

2120

01:27:18,470 --> 01:27:16,380

about your your question about him on

2121

01:27:20,030 --> 01:27:18,480

the space is somebody said the guy who

2122

01:27:22,129 --> 01:27:20,040

just called and said you know you said

2123

01:27:23,270 --> 01:27:22,139

that he did not talk to any experiences

2124

01:27:25,310 --> 01:27:23,280

but then you said he met with Chris

2125

01:27:27,110 --> 01:27:25,320

Christopher Bledsoe this person said

2126
01:27:28,610 --> 01:27:27,120
well maybe Bledsoe wasn't in the cohort

2127
01:27:30,110 --> 01:27:28,620
that he was studying as far as the

2128
01:27:31,790 --> 01:27:30,120
experiences would that answer your

2129
01:27:34,669 --> 01:27:31,800
question

2130
01:27:40,910 --> 01:27:37,430
DJ Plum any other thoughts

2131
01:27:43,189 --> 01:27:40,920
um more of um I it's maybe a little off

2132
01:27:46,189 --> 01:27:43,199
topic but it has to do with the

2133
01:27:48,950 --> 01:27:46,199
phenomenon I'm wondering if Edney you or

2134
01:27:52,430 --> 01:27:48,960
any of your listeners are are familiar

2135
01:27:54,770 --> 01:27:52,440
with a uh a jazz artist but also kind of

2136
01:27:57,050 --> 01:27:54,780
a Prophet by the name of sun Raw

2137
01:27:58,370 --> 01:27:57,060
and his music and his lectures and his

2138
01:27:59,870 --> 01:27:58,380

theories

2139

01:28:02,870 --> 01:27:59,880

um he's been talking about the

2140

01:28:04,550 --> 01:28:02,880

phenomenon since the 50s and a lot of

2141

01:28:07,430 --> 01:28:04,560

things that he's said in his lectures

2142

01:28:08,990 --> 01:28:07,440

that are were recorded in the 70s and

2143

01:28:11,450 --> 01:28:09,000

80s

2144

01:28:14,629 --> 01:28:11,460

a lot I mean who's dismissed as a as a

2145

01:28:17,810 --> 01:28:14,639

kook so by a lot of people but a lot of

2146

01:28:20,209 --> 01:28:17,820

his like theories about the phenomenon

2147

01:28:22,490 --> 01:28:20,219

and who we are and what happens like

2148

01:28:25,070 --> 01:28:22,500

like life after death but especially as

2149

01:28:27,050 --> 01:28:25,080

related to the phenomenon a lot of if

2150

01:28:29,450 --> 01:28:27,060

there's things like people like Lou and

2151

01:28:31,250 --> 01:28:29,460

Tom DeLong and Jacques ballet have been

2152

01:28:35,149 --> 01:28:31,260

confirming in recent years which I find

2153

01:28:36,530 --> 01:28:35,159

just like utterly amazing and his music

2154

01:28:38,510 --> 01:28:36,540

and his

2155

01:28:40,790 --> 01:28:38,520

his lectures are all online and worth

2156

01:28:41,930 --> 01:28:40,800

listening to they might be a little out

2157

01:28:44,030 --> 01:28:41,940

there

2158

01:28:45,590 --> 01:28:44,040

um but

2159

01:28:47,270 --> 01:28:45,600

um I'd just be curious if like maybe

2160

01:28:49,610 --> 01:28:47,280

like anyone else who studies with

2161

01:28:50,990 --> 01:28:49,620

phenomenon has researched any of the

2162

01:28:52,610 --> 01:28:51,000

things that he's talked about or the

2163

01:28:55,790 --> 01:28:52,620

books that he's recommended people read

2164

01:28:58,189 --> 01:28:55,800

but I also see a lot of you guys saying

2165

01:29:00,290 --> 01:28:58,199

you know check out these books and these

2166

01:29:04,189 --> 01:29:00,300

are in his library from like

2167

01:29:07,669 --> 01:29:04,199

40 50 years ago but the sun Raw Sunrise

2168

01:29:09,050 --> 01:29:07,679

Sunrise as s-u-n-r-a

2169

01:29:10,970 --> 01:29:09,060

um all right he was an interesting

2170

01:29:13,669 --> 01:29:10,980

character I don't want to go off about

2171

01:29:16,310 --> 01:29:13,679

him too much and get off topic but he he

2172

01:29:19,129 --> 01:29:16,320

claimed to be from Saturn

2173

01:29:21,290 --> 01:29:19,139

so my cause my fifth cousin was from

2174

01:29:22,729 --> 01:29:21,300

Saturn so

2175

01:29:23,990 --> 01:29:22,739

I'm gonna let you go because I want to

2176
01:29:26,570 --> 01:29:24,000
get through I want to get through them

2177
01:29:28,070 --> 01:29:26,580
yes of course thank you thank you for

2178
01:29:30,530 --> 01:29:28,080
waiting and being patient

2179
01:29:32,629 --> 01:29:30,540
no thank you guys

2180
01:29:38,229 --> 01:29:32,639
all right have a good night

2181
01:29:40,790 --> 01:29:38,239
all I see is Jess is a skeptical

2182
01:29:42,470 --> 01:29:40,800
I told that person to don't say anything

2183
01:29:46,129 --> 01:29:42,480
bad about anybody if they say it again I

2184
01:29:47,870 --> 01:29:46,139
will block them so I mean I think all of

2185
01:29:50,209 --> 01:29:47,880
the question the questions that I've

2186
01:29:52,810 --> 01:29:50,219
asked I think have been fair I'm not

2187
01:29:56,629 --> 01:29:52,820
being skeptical I listen to everyone

2188
01:29:58,910 --> 01:29:56,639

else has I just think when you question

2189

01:30:01,189 --> 01:29:58,920

a co-writer who has a peer-reviewed

2190

01:30:03,830 --> 01:30:01,199

paper and say it's Jacques valet and and

2191

01:30:05,810 --> 01:30:03,840

that's nothing it doesn't matter if you

2192

01:30:08,209 --> 01:30:05,820

have a it's a really respected Journal

2193

01:30:10,010 --> 01:30:08,219

mainstream Journal I could be the writer

2194

01:30:11,750 --> 01:30:10,020

my dog could be the writer it doesn't

2195

01:30:13,729 --> 01:30:11,760

matter as long as the material got peer

2196

01:30:16,010 --> 01:30:13,739

reviewed and it's a very respect very

2197

01:30:17,750 --> 01:30:16,020

respected Journal but it's only the

2198

01:30:19,729 --> 01:30:17,760

beginning it's not like like I said it's

2199

01:30:22,129 --> 01:30:19,739

not what we want it's not what we need

2200

01:30:24,110 --> 01:30:22,139

but it's the first step and it's a big

2201

01:30:25,910 --> 01:30:24,120

deal because UFO stuff isn't peer

2202

01:30:28,310 --> 01:30:25,920

reviewed so for him to get that in there

2203

01:30:30,830 --> 01:30:28,320

and it's basically talks about UFOs and

2204

01:30:32,689 --> 01:30:30,840

stuff coming off of a UFO and being on

2205

01:30:35,629 --> 01:30:32,699

the ground molten metal is a really big

2206

01:30:38,990 --> 01:30:35,639

deal so no I understand that it's a big

2207

01:30:41,510 --> 01:30:39,000

deal but you told me like look at their

2208

01:30:43,610 --> 01:30:41,520

co-writers and then you say I say who's

2209

01:30:45,110 --> 01:30:43,620

their co-writer and you say John ballet

2210

01:30:48,530 --> 01:30:45,120

and I'm like oh he's not going to be

2211

01:30:50,689 --> 01:30:48,540

biased at all so then just is a

2212

01:30:53,629 --> 01:30:50,699

skeptical because you got Gary

2213

01:30:55,550 --> 01:30:53,639

Nolan's dog palette it doesn't matter if

2214

01:30:57,050 --> 01:30:55,560

shop valet is the biggest believer in

2215

01:30:59,629 --> 01:30:57,060

the world if it makes it through peer

2216

01:31:01,310 --> 01:30:59,639

review that's all that matters if it's

2217

01:31:03,410 --> 01:31:01,320

in a respected Journal like I said it

2218

01:31:04,910 --> 01:31:03,420

doesn't matter who's writing it if it's

2219

01:31:06,410 --> 01:31:04,920

making it through peer review and it's

2220

01:31:09,649 --> 01:31:06,420

published that's all that matters but

2221

01:31:12,830 --> 01:31:09,659

anyway okay so Jean valet no no no no no

2222

01:31:15,050 --> 01:31:12,840

you can't move on Joe you you said so

2223

01:31:17,930 --> 01:31:15,060

Jacques Finlay and Gary Nolan neither of

2224

01:31:19,310 --> 01:31:17,940

them are a little bit biased and any

2225

01:31:20,930 --> 01:31:19,320

part of what they're doing right now

2226

01:31:22,729 --> 01:31:20,940

whatever they're writing what are they

2227

01:31:25,790 --> 01:31:22,739

producing

2228

01:31:28,010 --> 01:31:25,800

all biased but that was my only point

2229

01:31:30,229 --> 01:31:28,020

I know but that doesn't matter as far as

2230

01:31:32,330 --> 01:31:30,239

all right I'll just I'll just I'll just

2231

01:31:35,570 --> 01:31:32,340

bow I don't want to argue about that one

2232

01:31:39,290 --> 01:31:37,490

I have so many notes no it wasn't it

2233

01:31:40,610 --> 01:31:39,300

wasn't I wasn't arguing about bias I was

2234

01:31:43,070 --> 01:31:40,620

arguing about

2235

01:31:45,590 --> 01:31:43,080

the relevancy as far as a paper being

2236

01:31:46,970 --> 01:31:45,600

published in a mainstream Journal it

2237

01:31:50,090 --> 01:31:46,980

doesn't matter if they're biased it

2238

01:31:51,470 --> 01:31:50,100

matters if their paper was well written

2239

01:31:54,290 --> 01:31:51,480

well enough and their data was strong

2240

01:31:55,310 --> 01:31:54,300

enough to get by peer review and it did

2241

01:31:56,990 --> 01:31:55,320

so

2242

01:31:58,850 --> 01:31:57,000

that's that's the only thing I care

2243

01:32:00,229 --> 01:31:58,860

about as far as the paper

2244

01:32:02,090 --> 01:32:00,239

um as far as him being all over the

2245

01:32:04,370 --> 01:32:02,100

place yeah so was Hal put off it's it's

2246

01:32:06,709 --> 01:32:04,380

a it's a huge subject I'm glad he went

2247

01:32:09,709 --> 01:32:06,719

all those places it's speculation

2248

01:32:11,990 --> 01:32:09,719

obviously I like the speculation we

2249

01:32:14,510 --> 01:32:12,000

don't really know and nobody knows as

2250

01:32:16,370 --> 01:32:14,520

far as I know but I don't mind him you

2251
01:32:17,689 --> 01:32:16,380
know getting out of his Lane for That

2252
01:32:19,550 --> 01:32:17,699
interview and other interviews but I

2253
01:32:21,350 --> 01:32:19,560
think in His science the paper that he

2254
01:32:24,290 --> 01:32:21,360
did that's his Lane whether it's

2255
01:32:26,209 --> 01:32:24,300
materials or blood and studying with his

2256
01:32:28,790 --> 01:32:26,219
device that he helped invent you know

2257
01:32:30,830 --> 01:32:28,800
that I think that's his scientific Focus

2258
01:32:32,450 --> 01:32:30,840
but I think he's willing I mean he's

2259
01:32:34,790 --> 01:32:32,460
he's had his experience so he wants to

2260
01:32:36,649 --> 01:32:34,800
talk about it I mean understandable of

2261
01:32:39,350 --> 01:32:36,659
course I mean I haven't seen it unless

2262
01:32:42,169 --> 01:32:39,360
until I re read the review like I can't

2263
01:32:43,490 --> 01:32:42,179

really speak on it anymore so go ahead

2264

01:32:47,750 --> 01:32:43,500

all right

2265

01:32:50,990 --> 01:32:49,310

he said his colleagues you know they're

2266

01:32:52,070 --> 01:32:51,000

coming up to him they were coming up to

2267

01:32:54,590 --> 01:32:52,080

him saying you gotta ruin your

2268

01:32:56,390 --> 01:32:54,600

reputation Gary but he's somebody has

2269

01:32:58,610 --> 01:32:56,400

always gone Against the Grain and he's

2270

01:32:59,990 --> 01:32:58,620

doing fine with his career uh which I

2271

01:33:01,550 --> 01:33:00,000

would think you would respect because I

2272

01:33:03,169 --> 01:33:01,560

think we've got we go against the grain

2273

01:33:05,330 --> 01:33:03,179

a lot of us a lot of us go against the

2274

01:33:07,430 --> 01:33:05,340

grain um and he said it's unscientific

2275

01:33:10,010 --> 01:33:07,440

to not study this otherwise you're like

2276

01:33:12,890 --> 01:33:10,020

a priest and then Carlson said Thank you

2277

01:33:14,689 --> 01:33:12,900

thank you for saying that oh I'm like

2278

01:33:17,229 --> 01:33:14,699

what is Tucker Carlson like our now he's

2279

01:33:19,550 --> 01:33:17,239

the face of ufology

2280

01:33:20,870 --> 01:33:19,560

I know I don't believe that but it's

2281

01:33:21,950 --> 01:33:20,880

good that he's doing his interviews I

2282

01:33:24,950 --> 01:33:21,960

can't I'm not I can't say anything

2283

01:33:26,990 --> 01:33:24,960

negative negative about that you know

2284

01:33:28,250 --> 01:33:27,000

um development of tech

2285

01:33:29,570 --> 01:33:28,260

so basically he was involved in

2286

01:33:32,030 --> 01:33:29,580

development of tech to look at cancer

2287

01:33:34,490 --> 01:33:32,040

and blood uh started and sold companies

2288

01:33:36,649 --> 01:33:34,500

this is Nolan's short bio uh two of them

2289

01:33:38,330 --> 01:33:36,659

are on the NASDAQ he developed a cytop

2290

01:33:40,310 --> 01:33:38,340

which is an instrument to study blood

2291

01:33:44,090 --> 01:33:40,320

cells at a deeper level that than ever

2292

01:33:46,129 --> 01:33:44,100

before ever before 2011 he says the CIA

2293

01:33:47,990 --> 01:33:46,139

and an aerospace company came to him and

2294

01:33:49,310 --> 01:33:48,000

I know at least two of the people who

2295

01:33:51,110 --> 01:33:49,320

came to him

2296

01:33:52,970 --> 01:33:51,120

um because somebody can you tell us who

2297

01:33:54,290 --> 01:33:52,980

do we know I know I shouldn't have said

2298

01:33:55,790 --> 01:33:54,300

that or at least I can at least I said

2299

01:33:58,610 --> 01:33:55,800

that

2300

01:34:01,010 --> 01:33:58,620

um I can't tell you so we have CIA we

2301

01:34:02,930 --> 01:34:01,020

know kit green all right and we know

2302

01:34:06,530 --> 01:34:02,940

that kit green and Carrie Gary Nolan

2303

01:34:08,870 --> 01:34:06,540

have had an relationship for a very very

2304

01:34:10,510 --> 01:34:08,880

long time and we know that the Aerospace

2305

01:34:14,510 --> 01:34:10,520

company was probably

2306

01:34:17,950 --> 01:34:14,520

Bigelow or Bass during uh you know at

2307

01:34:24,550 --> 01:34:17,960

that point in time uh and

2308

01:34:28,970 --> 01:34:26,629

I just can't even talk about it without

2309

01:34:31,550 --> 01:34:28,980

laughing because it's so absolutely

2310

01:34:33,590 --> 01:34:31,560

ridiculous we know who everybody that

2311

01:34:35,510 --> 01:34:33,600

he's talking about is like why would he

2312

01:34:37,729 --> 01:34:35,520

even hide it at this point probably

2313

01:34:38,750 --> 01:34:37,739

whoever it is probably made an agreement

2314

01:34:40,129 --> 01:34:38,760

and he's sticking to his agreement

2315

01:34:41,930 --> 01:34:40,139

that's usually a lot of what this stuff

2316

01:34:44,689 --> 01:34:41,940

is just like Wilson

2317

01:34:47,090 --> 01:34:44,699

I mean I'm not sure about the legalities

2318

01:34:48,830 --> 01:34:47,100

of that with Eric Davis but and will

2319

01:34:50,810 --> 01:34:48,840

Miller I know will Miller got so much

2320

01:34:52,609 --> 01:34:50,820

Flack from Wilson in that if you saw you

2321

01:34:54,109 --> 01:34:52,619

know when you read the documents that he

2322

01:34:55,850 --> 01:34:54,119

just stabbed him in the back basically

2323

01:34:57,470 --> 01:34:55,860

by talking to the Boston Globe and

2324

01:35:00,050 --> 01:34:57,480

Leslie Kane

2325

01:35:02,209 --> 01:35:00,060

um so yeah they came to him and they

2326

01:35:04,669 --> 01:35:02,219

they asked Nolan for help with the

2327

01:35:06,470 --> 01:35:04,679

experiences with injuries and you know

2328

01:35:07,970 --> 01:35:06,480

they were told that cytoph and Nolan

2329

01:35:09,530 --> 01:35:07,980

could help them study it because it's an

2330

01:35:12,070 --> 01:35:09,540

advanced machine

2331

01:35:14,990 --> 01:35:12,080

um he first thoughts

2332

01:35:16,430 --> 01:35:15,000

on Candid Camera and then they told him

2333

01:35:19,189 --> 01:35:16,440

people had died and he realized it was

2334

01:35:21,350 --> 01:35:19,199

serious go ahead so Chris bledso said

2335

01:35:23,450 --> 01:35:21,360

that he was the first

2336

01:35:24,890 --> 01:35:23,460

I mean I'm not sure if this is true or

2337

01:35:27,770 --> 01:35:24,900

not but this is coming out of his mouth

2338

01:35:30,649 --> 01:35:27,780

he said that he was the very first case

2339

01:35:33,470 --> 01:35:30,659

that they reviewed do you have any uh

2340

01:35:34,850 --> 01:35:33,480

idea if that's true I don't know and you

2341

01:35:36,830 --> 01:35:34,860

know I've heard him I think he talked

2342

01:35:38,270 --> 01:35:36,840

about that I remember when that came out

2343

01:35:39,530 --> 01:35:38,280

um I was thinking maybe it was awesome

2344

01:35:42,169 --> 01:35:39,540

but

2345

01:35:45,109 --> 01:35:42,179

I remember Lou was asked about blood so

2346

01:35:47,030 --> 01:35:45,119

I think it was Project Unity and his

2347

01:35:50,090 --> 01:35:47,040

he was very

2348

01:35:52,010 --> 01:35:50,100

he wasn't negative but he was not he was

2349

01:35:53,689 --> 01:35:52,020

I need to get that interview that little

2350

01:35:55,550 --> 01:35:53,699

part transcribed and I remember planning

2351
01:35:57,410 --> 01:35:55,560
on doing it he wasn't too high on blood

2352
01:36:02,629 --> 01:35:57,420
cell from what I got from that interview

2353
01:36:05,810 --> 01:36:02,639
so blesso said on episode one of the

2354
01:36:10,250 --> 01:36:05,820
four-part review that he did with

2355
01:36:13,729 --> 01:36:10,260
um what's his name Dolan yeah he said

2356
01:36:16,430 --> 01:36:13,739
that he was the very first case the atip

2357
01:36:19,010 --> 01:36:16,440
which we know was like a bleed over to

2358
01:36:21,590 --> 01:36:19,020
you know atip what all set blood over

2359
01:36:23,750 --> 01:36:21,600
into ajith so he said that he was the

2360
01:36:26,390 --> 01:36:23,760
very first case that they reviewed so

2361
01:36:28,729 --> 01:36:26,400
when Nolan comes out and he says Hey I

2362
01:36:30,830 --> 01:36:28,739
was asked in 2011. I'm immediately

2363
01:36:33,109 --> 01:36:30,840

thinking okay that's scary that's uh

2364

01:36:34,430 --> 01:36:33,119

Chris Bledsoe who he's talking about he

2365

01:36:36,350 --> 01:36:34,440

would never say that but yeah I don't

2366

01:36:38,090 --> 01:36:36,360

know I don't know um I'll have to pull

2367

01:36:39,470 --> 01:36:38,100

up the little interview was interesting

2368

01:36:42,350 --> 01:36:39,480

because I was like man lose a little

2369

01:36:44,390 --> 01:36:42,360

little semi-negative against Bledsoe

2370

01:36:46,129 --> 01:36:44,400

here and I but that's my memory I need

2371

01:36:49,550 --> 01:36:46,139

to pull it up I don't want to say that

2372

01:36:52,490 --> 01:36:49,560

for sure until I see that so the injured

2373

01:36:54,590 --> 01:36:52,500

folks were military personnel Intel

2374

01:36:56,030 --> 01:36:54,600

folks on the ground a few Pilots they

2375

01:36:57,950 --> 01:36:56,040

got too close to whatever this object

2376

01:36:59,810 --> 01:36:57,960

was they got injured and then he brought

2377

01:37:02,330 --> 01:36:59,820

up rendelstrom from 1980 December of

2378

01:37:04,310 --> 01:37:02,340

1980 I think it was December 26th 27th

2379

01:37:06,770 --> 01:37:04,320

and 28th I might be wrong on the two

2380

01:37:08,510 --> 01:37:06,780

dates uh it was Burrows

2381

01:37:10,070 --> 01:37:08,520

um got injured and McCain had to get

2382

01:37:10,970 --> 01:37:10,080

involved to get his medical records

2383

01:37:12,950 --> 01:37:10,980

because they wouldn't give him his

2384

01:37:15,169 --> 01:37:12,960

medical records for some unknown reason

2385

01:37:16,669 --> 01:37:15,179

and then unless you know you could say

2386

01:37:18,109 --> 01:37:16,679

well because it was a secret U.S

2387

01:37:19,550 --> 01:37:18,119

military test and they didn't want to

2388

01:37:21,709 --> 01:37:19,560

give him I'm sure people have said that

2389

01:37:23,330 --> 01:37:21,719

burrows touched the crap I thought it

2390

01:37:25,070 --> 01:37:23,340

was peniston other people said that and

2391

01:37:27,350 --> 01:37:25,080

it was four to five feet across with

2392

01:37:29,390 --> 01:37:27,360

strange writing and weren't John

2393

01:37:30,950 --> 01:37:29,400

bellro's injuries because of him getting

2394

01:37:32,330 --> 01:37:30,960

close to contact to that craft there's

2395

01:37:34,250 --> 01:37:32,340

no way to prove that you know he might

2396

01:37:35,090 --> 01:37:34,260

have had it beforehand

2397

01:37:36,709 --> 01:37:35,100

um

2398

01:37:40,189 --> 01:37:36,719

so do you think the case that he was

2399

01:37:42,109 --> 01:37:40,199

speaking about was Bledsoe or rendlesham

2400

01:37:43,669 --> 01:37:42,119

no he's talking about Randall shim there

2401

01:37:44,930 --> 01:37:43,679

I mean he's mentioned in Burrows just I

2402

01:37:46,550 --> 01:37:44,940

just think peniston was the one that

2403

01:37:48,649 --> 01:37:46,560

touched the craft

2404

01:37:50,750 --> 01:37:48,659

I'm talking about the first case that he

2405

01:37:53,149 --> 01:37:50,760

brought up like in 2011 when he was

2406

01:37:56,149 --> 01:37:53,159

approached with an unnamed Aerospace

2407

01:37:59,030 --> 01:37:56,159

contractor and a CIA agent like I mean

2408

01:38:01,370 --> 01:37:59,040

our officer I guess uh who do you think

2409

01:38:03,530 --> 01:38:01,380

that he was speaking about in that

2410

01:38:04,790 --> 01:38:03,540

interview I don't know I don't know I

2411

01:38:06,229 --> 01:38:04,800

would never ask him that because if

2412

01:38:07,490 --> 01:38:06,239

that's privacy I know that's he's not

2413

01:38:09,229 --> 01:38:07,500

going to answer that

2414

01:38:11,390 --> 01:38:09,239

um could have been a personal opinion

2415

01:38:12,649 --> 01:38:11,400

man come on I don't know I don't know

2416

01:38:15,530 --> 01:38:12,659

who he's talking about I really don't

2417

01:38:16,910 --> 01:38:15,540

know um somebody said how does Joe know

2418

01:38:18,470 --> 01:38:16,920

the notes are real because they have

2419

01:38:19,669 --> 01:38:18,480

sources I trust on that one in a

2420

01:38:22,189 --> 01:38:19,679

position to know that's all I'm going to

2421

01:38:23,689 --> 01:38:22,199

say multiple sources so

2422

01:38:25,129 --> 01:38:23,699

um I have zero doubt but I came to that

2423

01:38:26,629 --> 01:38:25,139

conclusion even before I spoke to those

2424

01:38:28,550 --> 01:38:26,639

sources I came to my conclusion after

2425

01:38:30,890 --> 01:38:28,560

working on that Mega blog and just going

2426

01:38:32,930 --> 01:38:30,900

over it and questioning myself over and

2427

01:38:34,430 --> 01:38:32,940

over and over again and a couple of

2428

01:38:35,629 --> 01:38:34,440

little things here and there which I

2429

01:38:37,669 --> 01:38:35,639

can't share but just little things

2430

01:38:38,330 --> 01:38:37,679

people would share with me

2431

01:38:39,830 --> 01:38:38,340

um

2432

01:38:42,950 --> 01:38:39,840

all right if people are going to take

2433

01:38:44,930 --> 01:38:42,960

insult I'm blocking you sorry no I'm

2434

01:38:47,950 --> 01:38:44,940

gonna get rid of people

2435

01:38:50,930 --> 01:38:47,960

let me just block somebody taking shots

2436

01:38:53,030 --> 01:38:50,940

people can insult me all day long I

2437

01:38:54,109 --> 01:38:53,040

don't really care uh what I'm asking is

2438

01:38:56,450 --> 01:38:54,119

relevant

2439

01:38:58,370 --> 01:38:56,460

you are you are opinionated and you

2440

01:39:00,530 --> 01:38:58,380

speaking your mind and we go at it and

2441

01:39:02,450 --> 01:39:00,540

that's just how it is and that's fine so

2442

01:39:03,649 --> 01:39:02,460

too bad I'm not gonna let people insult

2443

01:39:06,050 --> 01:39:03,659

you I'm not gonna let people insult

2444

01:39:07,310 --> 01:39:06,060

anybody except me you can insult me but

2445

01:39:08,870 --> 01:39:07,320

I'm not letting anybody insult anybody

2446

01:39:10,310 --> 01:39:08,880

else um

2447

01:39:16,129 --> 01:39:10,320

now how do I get rid of this stupid

2448

01:39:19,129 --> 01:39:18,050

she only claims so-and-so all right I'm

2449

01:39:20,750 --> 01:39:19,139

getting rid of that person another

2450

01:39:23,689 --> 01:39:20,760

insult sorry

2451

01:39:28,490 --> 01:39:26,510

I told you I told you it was going to be

2452

01:39:29,629 --> 01:39:28,500

hell like you asked me on some people

2453

01:39:30,950 --> 01:39:29,639

are out

2454

01:39:33,530 --> 01:39:30,960

got me

2455

01:39:35,450 --> 01:39:33,540

I'm trying to be fair and unbiased and

2456

01:39:36,530 --> 01:39:35,460

I'm trying to like a lot but I loved

2457

01:39:37,370 --> 01:39:36,540

having you on and you have a lot of

2458

01:39:38,810 --> 01:39:37,380

knowledge and I know you're a

2459

01:39:40,250 --> 01:39:38,820

firecracker and you're a lightning rod

2460

01:39:41,930 --> 01:39:40,260

for controversy and you say things that

2461

01:39:46,189 --> 01:39:41,940

piss people off like I do but you're

2462

01:39:48,830 --> 01:39:47,090

um

2463

01:39:51,890 --> 01:39:48,840

let's see

2464

01:39:54,290 --> 01:39:51,900

where did I leave off so come here

2465

01:39:55,970 --> 01:39:54,300

come here hold on

2466

01:39:58,430 --> 01:39:55,980

hold on

2467

01:40:02,870 --> 01:39:58,440

come here oh

2468

01:40:05,450 --> 01:40:02,880

he's digging and I'm gonna read oh

2469

01:40:08,750 --> 01:40:05,460

here he is

2470

01:40:10,430 --> 01:40:08,760

so say hello to Jess

2471

01:40:15,770 --> 01:40:10,440

that's cookie

2472

01:40:19,910 --> 01:40:18,109

um so the MRI show internal scarring and

2473

01:40:20,810 --> 01:40:19,920

that made it serious for him he was like

2474

01:40:23,450 --> 01:40:20,820

you know I don't care if it's the

2475

01:40:25,609 --> 01:40:23,460

Russians or UFOs we need to study that

2476
01:40:26,750 --> 01:40:25,619
because that's what scientists do which

2477
01:40:28,250 --> 01:40:26,760
of course

2478
01:40:31,070 --> 01:40:28,260
um injured folks with military personnel

2479
01:40:32,870 --> 01:40:31,080
Intel folks on the ground a few Pilots

2480
01:40:34,910 --> 01:40:32,880
and I said this already

2481
01:40:36,770 --> 01:40:34,920
um so that that is real conclusions not

2482
01:40:38,270 --> 01:40:36,780
so much he doesn't he didn't have any

2483
01:40:41,090 --> 01:40:38,280
deep knowledge of the subject when those

2484
01:40:42,649 --> 01:40:41,100
guys visited him in 2000 level 11 he

2485
01:40:44,209 --> 01:40:42,659
says the best minds think this is not

2486
01:40:46,729 --> 01:40:44,219
from Earth and I think he would adjust

2487
01:40:48,649 --> 01:40:46,739
that saying it's not human or it's not

2488
01:40:50,209 --> 01:40:48,659

from any government we know I mean could

2489

01:40:52,310 --> 01:40:50,219

could still be from Earth I think he's

2490

01:40:53,209 --> 01:40:52,320

spoken about that before

2491

01:40:55,970 --> 01:40:53,219

um

2492

01:40:57,350 --> 01:40:55,980

and for him to be sure about you know as

2493

01:40:59,990 --> 01:40:57,360

far as crash retrievals and stuff like

2494

01:41:01,729 --> 01:41:00,000

that he needs to see it for himself

2495

01:41:03,290 --> 01:41:01,739

um you need to see an alien body

2496

01:41:05,390 --> 01:41:03,300

otherwise he'll remain skeptical I'm

2497

01:41:07,669 --> 01:41:05,400

like that too I love that stuff I think

2498

01:41:08,870 --> 01:41:07,679

we have it but I need to see it um and I

2499

01:41:10,129 --> 01:41:08,880

want to see people who say they've

2500

01:41:11,870 --> 01:41:10,139

studied that

2501

01:41:13,370 --> 01:41:11,880

um and one of my favorite things is he's

2502

01:41:14,870 --> 01:41:13,380

like why study this he's like because

2503

01:41:16,669 --> 01:41:14,880

it's the most important thing and this

2504

01:41:18,169 --> 01:41:16,679

might have been Tucker most important

2505

01:41:19,910 --> 01:41:18,179

thing that could have ever happened to

2506

01:41:21,830 --> 01:41:19,920

human beings of course how would people

2507

01:41:26,030 --> 01:41:21,840

how are people not interested in this

2508

01:41:28,729 --> 01:41:26,040

how is how is 99.9 of the people I know

2509

01:41:30,169 --> 01:41:28,739

family and friends just don't care I

2510

01:41:32,149 --> 01:41:30,179

don't get it just I don't care I don't

2511

01:41:34,850 --> 01:41:32,159

get it I mean I don't get it either

2512

01:41:37,970 --> 01:41:34,860

that's exactly what I've been asking for

2513

01:41:40,609 --> 01:41:37,980

years upon years now uh can I bring

2514

01:41:41,930 --> 01:41:40,619

something up yes and also why is the

2515

01:41:43,430 --> 01:41:41,940

media just ignoring this still we're

2516

01:41:45,109 --> 01:41:43,440

getting more progress with Congress how

2517

01:41:47,510 --> 01:41:45,119

is the media not covering this it's a

2518

01:41:49,550 --> 01:41:47,520

baffling to me Tucker Carlson's the only

2519

01:41:52,189 --> 01:41:49,560

one that's interested I mean I mean CNN

2520

01:41:54,410 --> 01:41:52,199

has the six-part series but where's

2521

01:41:56,030 --> 01:41:54,420

MSNBC where are the networks it's a this

2522

01:41:59,810 --> 01:41:56,040

is a ratings Bonanza you think they

2523

01:42:02,750 --> 01:41:59,820

would be all over that go ahead sorry

2524

01:42:05,450 --> 01:42:02,760

he brought up a civilization in the

2525

01:42:08,270 --> 01:42:05,460

jungle and I even said that I even

2526
01:42:09,370 --> 01:42:08,280
thought that he said that he was uh he

2527
01:42:11,810 --> 01:42:09,380
studied

2528
01:42:13,750 --> 01:42:11,820
evolutionary biology

2529
01:42:17,990 --> 01:42:13,760
and this is where he brought up the

2530
01:42:19,370 --> 01:42:18,000
avatars and biological robots

2531
01:42:20,990 --> 01:42:19,380
um

2532
01:42:24,109 --> 01:42:21,000
and he said

2533
01:42:25,910 --> 01:42:24,119
if you're going to send something to

2534
01:42:27,950 --> 01:42:25,920
another planet you would want it to look

2535
01:42:30,229 --> 01:42:27,960
like you and he was speaking about the

2536
01:42:33,470 --> 01:42:30,239
Grays and all of the sightings

2537
01:42:37,609 --> 01:42:33,480
but if you really want to get technical

2538
01:42:39,470 --> 01:42:37,619

look at our Mars rovers look at our

2539

01:42:41,270 --> 01:42:39,480

lunar Rovers look at everything that

2540

01:42:43,310 --> 01:42:41,280

we've sent everywhere else nothing looks

2541

01:42:44,930 --> 01:42:43,320

like humans yeah but we're not I don't

2542

01:42:46,850 --> 01:42:44,940

know if you see anybody there we're just

2543

01:42:48,530 --> 01:42:46,860

trying to We're just trying to well you

2544

01:42:51,109 --> 01:42:48,540

know they're not they're not necessarily

2545

01:42:52,870 --> 01:42:51,119

communicating with us we've

2546

01:42:55,850 --> 01:42:52,880

um

2547

01:42:56,870 --> 01:42:55,860

how is it different because when we go

2548

01:42:58,970 --> 01:42:56,880

to Mars

2549

01:43:00,410 --> 01:42:58,980

we're not we're assuming there's not

2550

01:43:02,570 --> 01:43:00,420

life there we're just trying to pick up

2551

01:43:03,649 --> 01:43:02,580

pictures and data if they're here and

2552

01:43:05,689 --> 01:43:03,659

they're trying if they're trying to

2553

01:43:07,310 --> 01:43:05,699

communicate with then they would pick

2554

01:43:08,930 --> 01:43:07,320

something and this is all speculation

2555

01:43:10,189 --> 01:43:08,940

he's speculating too they would try to

2556

01:43:11,990 --> 01:43:10,199

pick something that would look like us

2557

01:43:13,370 --> 01:43:12,000

that doesn't freak us out more than we

2558

01:43:14,930 --> 01:43:13,380

would be freaked out that's the

2559

01:43:16,729 --> 01:43:14,940

speculation of why they look like that

2560

01:43:18,890 --> 01:43:16,739

and why they use avatars maybe they're

2561

01:43:20,209 --> 01:43:18,900

not even physical I mean they need

2562

01:43:23,510 --> 01:43:20,219

something that we're going to understand

2563

01:43:25,850 --> 01:43:23,520

but at least see as alien but that's the

2564

01:43:27,649 --> 01:43:25,860

speculation you know but Mars we're not

2565

01:43:29,390 --> 01:43:27,659

sending anything that looks like there's

2566

01:43:31,129 --> 01:43:29,400

nothing on Mars as far as we know do I

2567

01:43:34,070 --> 01:43:31,139

think there's stuff on Mars yes I don't

2568

01:43:35,930 --> 01:43:34,080

know about beings but so that's not I

2569

01:43:38,810 --> 01:43:35,940

don't think that's a fair comparison

2570

01:43:42,530 --> 01:43:38,820

all I'm saying is it reminded me of

2571

01:43:44,570 --> 01:43:42,540

Linda Moulton Howe and her biological

2572

01:43:45,590 --> 01:43:44,580

Androids and their meat suits that they

2573

01:43:48,890 --> 01:43:45,600

were wearing

2574

01:43:50,390 --> 01:43:48,900

and it was kind of like oh he's not

2575

01:43:54,709 --> 01:43:50,400

going down the road of Linda Moulton how

2576

01:43:56,450 --> 01:43:54,719

is he so if he does ever Venture down

2577

01:43:59,030 --> 01:43:56,460

that Avenue without something to bring

2578

01:44:01,669 --> 01:43:59,040

to back it up that's where I'm tapping

2579

01:44:04,370 --> 01:44:01,679

out on Gary Nolan but from what he said

2580

01:44:05,330 --> 01:44:04,380

I don't think so I think that he was I'm

2581

01:44:06,649 --> 01:44:05,340

not going to argue about it I'm not

2582

01:44:10,250 --> 01:44:06,659

gonna you're gonna say things like that

2583

01:44:12,350 --> 01:44:10,260

against Nolan just okay no no I said if

2584

01:44:14,209 --> 01:44:12,360

he ever goes down the Linda Moulton Howe

2585

01:44:17,030 --> 01:44:14,219

route then that's when I would tell at

2586

01:44:19,189 --> 01:44:17,040

the moment he didn't say that he said

2587

01:44:22,430 --> 01:44:19,199

that we are possibly sending out you

2588

01:44:25,609 --> 01:44:22,440

know robots or biological uh avatars

2589

01:44:28,729 --> 01:44:25,619

which I could see as long as he didn't

2590

01:44:31,310 --> 01:44:28,739

go into that whole reptilian meat suit

2591

01:44:33,649 --> 01:44:31,320

type thing then I'm good

2592

01:44:35,270 --> 01:44:33,659

yeah I I need to you know when I'm

2593

01:44:36,229 --> 01:44:35,280

transcribing an interview it's hard for

2594

01:44:38,030 --> 01:44:36,239

me to even

2595

01:44:39,290 --> 01:44:38,040

remember the first time I'm going

2596

01:44:41,570 --> 01:44:39,300

through so I need to go through it again

2597

01:44:42,649 --> 01:44:41,580

and I'll have Michael on and go piece by

2598

01:44:43,850 --> 01:44:42,659

piece because I know he wants to go

2599

01:44:44,629 --> 01:44:43,860

through it again

2600

01:44:46,970 --> 01:44:44,639

um

2601

01:44:49,790 --> 01:44:46,980

where did I leave off

2602

01:44:51,290 --> 01:44:49,800

um so like I said I was surprised he

2603

01:44:53,450 --> 01:44:51,300

said you know he thinks it's been here a

2604

01:44:54,890 --> 01:44:53,460

long time and if that's the case whose

2605

01:44:56,450 --> 01:44:54,900

plan it is it which I thought was a big

2606

01:44:58,430 --> 01:44:56,460

deal to mention on a show that's going

2607

01:45:00,890 --> 01:44:58,440

to get a lot of views just to put that

2608

01:45:02,930 --> 01:45:00,900

idea out there as a possibility

2609

01:45:05,450 --> 01:45:02,940

they may not care necessarily much about

2610

01:45:07,430 --> 01:45:05,460

us uh if it wanted to wipe us out it

2611

01:45:08,870 --> 01:45:07,440

could it hasn't so far so why be

2612

01:45:10,310 --> 01:45:08,880

concerned of course I don't necessarily

2613

01:45:12,590 --> 01:45:10,320

agree with that maybe they're on a

2614

01:45:14,750 --> 01:45:12,600

thousand year plan who knows I I don't

2615

01:45:15,890 --> 01:45:14,760

really worry about that either if it's

2616

01:45:17,750 --> 01:45:15,900

going to happen he said there's nothing

2617

01:45:19,669 --> 01:45:17,760

really we could do about it

2618

01:45:21,229 --> 01:45:19,679

um our abductions real or is it

2619

01:45:23,330 --> 01:45:21,239

something that's imposed on the folks as

2620

01:45:25,669 --> 01:45:23,340

an altered reality memory he doesn't

2621

01:45:26,870 --> 01:45:25,679

know and yeah that's the problem and Lou

2622

01:45:29,030 --> 01:45:26,880

talks about it we don't know if it's

2623

01:45:30,709 --> 01:45:29,040

physical but the experiences have the

2624

01:45:32,629 --> 01:45:30,719

memory as if it's a real memory just

2625

01:45:34,669 --> 01:45:32,639

like my labs when semivan talked about

2626

01:45:36,709 --> 01:45:34,679

my labs in his interview with iandoli

2627

01:45:38,209 --> 01:45:36,719

he's like I have a hard time believing

2628

01:45:39,830 --> 01:45:38,219

that's really going on it may be

2629

01:45:41,209 --> 01:45:39,840

something they're imposing over on the

2630

01:45:42,590 --> 01:45:41,219

experience to make them think it's

2631

01:45:44,450 --> 01:45:42,600

aliens and humans working together

2632

01:45:46,070 --> 01:45:44,460

because it would take such a large

2633

01:45:47,390 --> 01:45:46,080

infrastructure that I can't see that

2634

01:45:49,970 --> 01:45:47,400

happening and he goes I'm not totally

2635

01:45:52,430 --> 01:45:49,980

closing my mind to it but it may just be

2636

01:45:55,070 --> 01:45:52,440

some sort of reality and our our friend

2637

01:45:56,689 --> 01:45:55,080

Charlie Charlie Paris he talks about

2638

01:45:58,370 --> 01:45:56,699

that he doesn't believe this is my labs

2639

01:46:00,709 --> 01:45:58,380

and it may just be yeah I mean they're

2640

01:46:03,290 --> 01:46:00,719

telling the truth he did say he semifant

2641

01:46:04,550 --> 01:46:03,300

said he believed Melinda Leslie 100 but

2642

01:46:06,649 --> 01:46:04,560

he doesn't know if it's a real physical

2643

01:46:09,050 --> 01:46:06,659

thing that's happening with aliens and

2644

01:46:10,669 --> 01:46:09,060

Military combined in their experiences

2645

01:46:12,950 --> 01:46:10,679

you know I know Whitley spieber also

2646

01:46:15,229 --> 01:46:12,960

reported military not military but

2647

01:46:18,350 --> 01:46:15,239

humans and Aliens go ahead

2648

01:46:20,149 --> 01:46:18,360

I can't wait to see uh what Charlie

2649

01:46:23,330 --> 01:46:20,159

comes up with because I've been waiting

2650

01:46:25,490 --> 01:46:23,340

for it for a while he's a good buddy

2651

01:46:29,750 --> 01:46:25,500

um I think that he's

2652

01:46:33,410 --> 01:46:29,760

I think that he has a good uh mindset

2653

01:46:35,810 --> 01:46:33,420

where he's not too far on either side I

2654

01:46:38,629 --> 01:46:35,820

know that he has done a lot of research

2655

01:46:41,390 --> 01:46:38,639

into the abduction phenomenon so I'm

2656

01:46:43,910 --> 01:46:41,400

just I'm waiting like everybody else

2657

01:46:44,930 --> 01:46:43,920

yeah he's put nine years of work into it

2658

01:46:46,370 --> 01:46:44,940

for people who don't know we're talking

2659

01:46:47,209 --> 01:46:46,380

about Charlie Parrish he's been working

2660

01:46:53,629 --> 01:46:47,219

on

2661

01:46:55,550 --> 01:46:53,639

materials from David Jacobs Bud Hopkins

2662

01:46:57,109 --> 01:46:55,560

and John Mack he has everything and he's

2663

01:46:58,430 --> 01:46:57,119

been working on it for a very long time

2664

01:47:00,709 --> 01:46:58,440

and he's

2665

01:47:02,510 --> 01:47:00,719

not finished yet it may be maybe a

2666

01:47:04,669 --> 01:47:02,520

little bit but um from what he was

2667

01:47:06,649 --> 01:47:04,679

telling me just privately it's just it's

2668

01:47:08,270 --> 01:47:06,659

gonna be amazing um some of the stories

2669

01:47:10,129 --> 01:47:08,280

and it could be something that really

2670

01:47:12,050 --> 01:47:10,139

turns out to be really big but I don't

2671

01:47:12,950 --> 01:47:12,060

want to jinx them at all um it's not out

2672

01:47:14,510 --> 01:47:12,960

yet

2673

01:47:16,729 --> 01:47:14,520

um he's very skeptical about the last

2674

01:47:18,169 --> 01:47:16,739

four and a half years but he's like

2675

01:47:20,030 --> 01:47:18,179

abductions are the most important thing

2676

01:47:22,010 --> 01:47:20,040

and I agree if abductions are going on

2677

01:47:24,169 --> 01:47:22,020

which I do think they're going on I just

2678

01:47:26,629 --> 01:47:24,179

don't know if they're physical

2679

01:47:28,310 --> 01:47:26,639

um it's it's a it's the most one of the

2680

01:47:30,290 --> 01:47:28,320

most important aspects the other aspect

2681

01:47:31,850 --> 01:47:30,300

I would as I talked about today if

2682

01:47:34,430 --> 01:47:31,860

there's something here that's affecting

2683

01:47:36,290 --> 01:47:34,440

us and able to implant memories or

2684

01:47:38,270 --> 01:47:36,300

thoughts in our mind and can influence

2685

01:47:41,689 --> 01:47:38,280

us that would be just as important as

2686

01:47:43,129 --> 01:47:41,699

abductions uh the old slide 9 stuff I

2687

01:47:44,689 --> 01:47:43,139

don't know if that's going on but we've

2688

01:47:46,609 --> 01:47:44,699

heard about it so there's no evidence

2689

01:47:48,649 --> 01:47:46,619

that I've seen of that but it's

2690

01:47:52,550 --> 01:47:48,659

definitely one of my more interesting

2691

01:47:54,229 --> 01:47:52,560

speculation roads I like to go down

2692

01:47:57,050 --> 01:47:54,239

um

2693

01:47:59,270 --> 01:47:57,060

seems like government yeah I do

2694

01:48:00,890 --> 01:47:59,280

slide nine seems like government

2695

01:48:01,930 --> 01:48:00,900

and I think that

2696

01:48:06,470 --> 01:48:01,940

um

2697

01:48:07,490 --> 01:48:06,480

I think sorry I just got Mark Joe I

2698

01:48:10,070 --> 01:48:07,500

think then

2699

01:48:12,109 --> 01:48:10,080

um the abduction phenomenon is possibly

2700

01:48:15,109 --> 01:48:12,119

something if we're going to talk about

2701

01:48:17,930 --> 01:48:15,119

it uh paranormal and something that

2702

01:48:19,729 --> 01:48:17,940

maybe Ultra terrestrial or that's been

2703

01:48:22,729 --> 01:48:19,739

here for a very long time that's messing

2704

01:48:26,330 --> 01:48:22,739

with us and messing with

2705

01:48:29,450 --> 01:48:26,340

um how we perceive reality it goes into

2706

01:48:34,129 --> 01:48:30,050

um

2707

01:48:36,770 --> 01:48:34,139

possession phenomenon and just different

2708

01:48:40,370 --> 01:48:36,780

other areas that kind of bleed into one

2709

01:48:42,229 --> 01:48:40,380

another but I think it's all related

2710

01:48:44,450 --> 01:48:42,239

I agree and I don't agree that David

2711

01:48:45,649 --> 01:48:44,460

Jacobs went crazy but

2712

01:48:52,729 --> 01:48:45,659

um

2713

01:48:54,350 --> 01:48:52,739

that against our will have you heard

2714

01:48:57,830 --> 01:48:54,360

that before

2715

01:48:58,790 --> 01:48:57,840

I haven't seen the title yet okay

2716

01:49:01,609 --> 01:48:58,800

um

2717

01:49:04,370 --> 01:49:01,619

yeah he's an older guy so I'm not going

2718

01:49:07,010 --> 01:49:04,380

to say anything negative about Jacob so

2719

01:49:09,890 --> 01:49:07,020

Gary talked no one talked about a a

2720

01:49:12,410 --> 01:49:09,900

French case uh a valet case where

2721

01:49:15,410 --> 01:49:12,420

this daughter young daughter and her mom

2722

01:49:17,149 --> 01:49:15,420

are driving and nobody saw this UFO that

2723

01:49:18,890 --> 01:49:17,159

was hovering over their car supposedly

2724

01:49:20,570 --> 01:49:18,900

they were seeing it and nobody else on

2725

01:49:22,070 --> 01:49:20,580

the highway seemed to notice it

2726

01:49:23,209 --> 01:49:22,080

I don't know if there was nobody on the

2727

01:49:24,410 --> 01:49:23,219

highway because I've seen cases where

2728

01:49:26,270 --> 01:49:24,420

there like there should be people on the

2729

01:49:27,709 --> 01:49:26,280

highway but there's nobody here they saw

2730

01:49:30,830 --> 01:49:27,719

a craft above their car they took

2731

01:49:32,149 --> 01:49:30,840

pictures and in the picture you know in

2732

01:49:34,510 --> 01:49:32,159

the car they looked up and it was a

2733

01:49:37,370 --> 01:49:34,520

craft in the picture it was a star

2734

01:49:39,950 --> 01:49:37,380

star-shaped object 30 to 30 to 40 feet

2735

01:49:42,649 --> 01:49:39,960

over the car and not a craft

2736

01:49:43,970 --> 01:49:42,659

um so the question is if that's free if

2737

01:49:45,050 --> 01:49:43,980

that's true they saw Kraft but the

2738

01:49:47,689 --> 01:49:45,060

picture showed something totally

2739

01:49:49,189 --> 01:49:47,699

different did they project an image into

2740

01:49:51,229 --> 01:49:49,199

their into their minds and make them see

2741

01:49:53,510 --> 01:49:51,239

a craft when it was actually just a

2742

01:49:55,189 --> 01:49:53,520

star-like object if that's true you know

2743

01:49:56,629 --> 01:49:55,199

you ask the question can they interject

2744

01:49:58,669 --> 01:49:56,639

thoughts into our minds and that's when

2745

01:50:00,709 --> 01:49:58,679

he's like I know it sounds crazy

2746

01:50:03,830 --> 01:50:00,719

um can they project altered reality into

2747

01:50:05,450 --> 01:50:03,840

people's minds and yeah and I'm sure but

2748

01:50:07,850 --> 01:50:05,460

Tucker was like no no no no it's not

2749

01:50:10,129 --> 01:50:07,860

crazy like he was I'm sure like a

2750

01:50:11,689 --> 01:50:10,139

mainstream just news anchor would say

2751
01:50:14,270 --> 01:50:11,699
what are you talking about but you know

2752
01:50:16,490 --> 01:50:14,280
people report that kind of stuff but

2753
01:50:17,990 --> 01:50:16,500
will we see the data to bake back it up

2754
01:50:19,609 --> 01:50:18,000
you know I want to see the picture you

2755
01:50:21,410 --> 01:50:19,619
know I would love to see the picture of

2756
01:50:23,270 --> 01:50:21,420
what they saw of what you know the

2757
01:50:24,290 --> 01:50:23,280
little star-like object and listen to

2758
01:50:25,669 --> 01:50:24,300
the interview you want to hear the

2759
01:50:27,950 --> 01:50:25,679
people who saw this you want to hear

2760
01:50:29,450 --> 01:50:27,960
them you want to hear judge their you

2761
01:50:30,169 --> 01:50:29,460
know their credibility

2762
01:50:32,330 --> 01:50:30,179
um

2763
01:50:34,490 --> 01:50:32,340

then he talked about Usos on the wall on

2764

01:50:37,790 --> 01:50:34,500

on the water submers submersible objects

2765

01:50:39,470 --> 01:50:37,800

and how the sonar shows UFOs goes going

2766

01:50:41,149 --> 01:50:39,480

dozens of times faster than our

2767

01:50:44,030 --> 01:50:41,159

submarines and talked about maybe

2768

01:50:45,410 --> 01:50:44,040

they're using an alcubi air drive to do

2769

01:50:46,790 --> 01:50:45,420

that and that's a question you would

2770

01:50:48,050 --> 01:50:46,800

bring up how does he know that where is

2771

01:50:50,030 --> 01:50:48,060

he gaining that information because I've

2772

01:50:51,589 --> 01:50:50,040

never heard that

2773

01:50:54,410 --> 01:50:51,599

um and then the white matter disease

2774

01:50:56,209 --> 01:50:54,420

which I talked about with Luda

2775

01:50:58,430 --> 01:50:56,219

and yeah he met the people took their

2776
01:51:01,129 --> 01:50:58,440
blood some of them saw objects on the

2777
01:51:03,169 --> 01:51:01,139
ground they had radiation Burns I went

2778
01:51:05,990 --> 01:51:03,179
through all that with Luda

2779
01:51:07,669 --> 01:51:06,000
um and some people not in not in this in

2780
01:51:09,229 --> 01:51:07,679
not in the cases that Nolan studied with

2781
01:51:11,570 --> 01:51:09,239
kid green but in other cases they report

2782
01:51:12,410 --> 01:51:11,580
seeing little Grays

2783
01:51:14,229 --> 01:51:12,420
um

2784
01:51:16,430 --> 01:51:14,239
and then he mentions how we're angry

2785
01:51:18,050 --> 01:51:16,440
monkeys and they would

2786
01:51:20,330 --> 01:51:18,060
he's thinking of speculation maybe

2787
01:51:21,890 --> 01:51:20,340
they're sending an intermediary it

2788
01:51:24,470 --> 01:51:21,900

almost looks like them but isn't them

2789

01:51:26,689 --> 01:51:24,480
and inside the inside community

2790

01:51:29,030 --> 01:51:26,699
they believe the leading hypothesis is

2791

01:51:31,609 --> 01:51:29,040
most of what we're seeing are avatars

2792

01:51:33,050 --> 01:51:31,619
biological robots put there to be

2793

01:51:34,790 --> 01:51:33,060
minions

2794

01:51:36,830 --> 01:51:34,800
um which is interesting and I would love

2795

01:51:38,270 --> 01:51:36,840
to hear from those people on camera all

2796

01:51:40,669 --> 01:51:38,280
of those let's why did you come to that

2797

01:51:41,870 --> 01:51:40,679
conclusion I mean it's you read John

2798

01:51:43,490 --> 01:51:41,880
keel

2799

01:51:45,770 --> 01:51:43,500
he starts talking about that that was

2800

01:51:46,729 --> 01:51:45,780
1970.

2801

01:51:48,169 --> 01:51:46,739

um

2802

01:51:49,609 --> 01:51:48,179

they don't want to show up and become

2803

01:51:51,050 --> 01:51:49,619

our dinner because you know they want to

2804

01:51:53,629 --> 01:51:51,060

stay out of Harm's Way because we're

2805

01:51:55,129 --> 01:51:53,639

angry dangerous monkeys so

2806

01:51:56,330 --> 01:51:55,139

um we do it we would send drones

2807

01:51:56,930 --> 01:51:56,340

somewhere

2808

01:51:59,149 --> 01:51:56,940

um

2809

01:52:00,950 --> 01:51:59,159

they're sending an avatar and they're

2810

01:52:01,970 --> 01:52:00,960

flying saucers

2811

01:52:03,950 --> 01:52:01,980

um

2812

01:52:06,109 --> 01:52:03,960

I don't and no one says right now he

2813

01:52:07,910 --> 01:52:06,119

goes I look at everything now and I

2814

01:52:09,709 --> 01:52:07,920

wonder what's going on about everything

2815

01:52:11,930 --> 01:52:09,719

on the world because Jess if any of this

2816

01:52:15,169 --> 01:52:11,940

is true you start wondering how much of

2817

01:52:17,209 --> 01:52:15,179

our history was influenced by them if

2818

01:52:20,209 --> 01:52:17,219

they were here in the beginning before

2819

01:52:21,950 --> 01:52:20,219

Humanity you know what role did they

2820

01:52:24,649 --> 01:52:21,960

play how much have they influenced how

2821

01:52:26,270 --> 01:52:24,659

much free will do we really have I mean

2822

01:52:27,410 --> 01:52:26,280

you ever see the movie

2823

01:52:29,450 --> 01:52:27,420

um

2824

01:52:31,550 --> 01:52:29,460

where they influence our lives what was

2825

01:52:33,709 --> 01:52:31,560

it called The Adjustment Bureau which I

2826
01:52:35,570 --> 01:52:33,719
loved is something like that going on on

2827
01:52:37,189 --> 01:52:35,580
some non-physical level and that's talk

2828
01:52:38,870 --> 01:52:37,199
about woo

2829
01:52:40,970 --> 01:52:38,880
um I've heard somebody talk about some

2830
01:52:44,149 --> 01:52:40,980
of these guys believing that I don't

2831
01:52:47,990 --> 01:52:45,410
um let me see if there's any questions

2832
01:52:49,850 --> 01:52:48,000
see I don't have the pick

2833
01:52:52,790 --> 01:52:49,860
but

2834
01:52:54,109 --> 01:52:52,800
all right anything you might be taking a

2835
01:52:55,149 --> 01:52:54,119
break I'll keep going unless you want to

2836
01:52:57,770 --> 01:52:55,159
chime in

2837
01:53:00,950 --> 01:52:57,780
no you're good I want to hear you talk

2838
01:53:02,750 --> 01:53:00,960

go ahead all right I ran out of iced tea

2839

01:53:04,850 --> 01:53:02,760

Mick from Australia I drink it's

2840

01:53:07,550 --> 01:53:04,860

lemonade and iced tea if you want to

2841

01:53:09,709 --> 01:53:07,560

know um I'm out of it

2842

01:53:11,870 --> 01:53:09,719

Nick needs to jump in like I've been

2843

01:53:14,149 --> 01:53:11,880

waiting for him what's the deal Nick

2844

01:53:16,310 --> 01:53:14,159

I'll put out I'll put out the um the

2845

01:53:19,250 --> 01:53:16,320

invite again for anybody who wants to

2846

01:53:22,370 --> 01:53:19,260

jump in and I do need to get moderators

2847

01:53:24,290 --> 01:53:22,380

to you know I I blocked two people but I

2848

01:53:26,330 --> 01:53:24,300

don't have to worry about seeing all of

2849

01:53:28,129 --> 01:53:26,340

that so I will get moderators I mean you

2850

01:53:31,370 --> 01:53:28,139

don't have to block anybody let people

2851

01:53:32,990 --> 01:53:31,380

like freely Express their opinions they

2852

01:53:34,910 --> 01:53:33,000

want to call people whatever they want

2853

01:53:37,310 --> 01:53:34,920

just let them do it

2854

01:53:41,209 --> 01:53:37,320

people are we know that you're

2855

01:53:45,050 --> 01:53:41,219

an Joel you said Joel I think I

2856

01:53:46,669 --> 01:53:45,060

mean Joe that's not that is I have

2857

01:53:51,649 --> 01:53:46,679

something in my mouth I'm like I'm

2858

01:53:57,890 --> 01:53:54,649

it's okay Jesse

2859

01:53:59,570 --> 01:53:57,900

see Jesse like I'm not Jesse how dare

2860

01:54:00,709 --> 01:53:59,580

you yeah

2861

01:54:02,510 --> 01:54:00,719

um

2862

01:54:03,950 --> 01:54:02,520

somebody says who will be the first ones

2863

01:54:05,689 --> 01:54:03,960

to testify next year I don't know when

2864

01:54:07,310 --> 01:54:05,699

they're gonna testify I know people

2865

01:54:09,290 --> 01:54:07,320

various people have said

2866

01:54:10,729 --> 01:54:09,300

hearings were coming up real soon which

2867

01:54:13,310 --> 01:54:10,739

I was like I didn't hear anything about

2868

01:54:15,709 --> 01:54:13,320

that and nothing happened so

2869

01:54:18,290 --> 01:54:15,719

um people get excited I think Lou will

2870

01:54:20,030 --> 01:54:18,300

be one of the first people to testify

2871

01:54:21,229 --> 01:54:20,040

um I would love to see Jay Stratton

2872

01:54:22,669 --> 01:54:21,239

testify I don't know if that's going to

2873

01:54:25,070 --> 01:54:22,679

happen

2874

01:54:26,990 --> 01:54:25,080

I don't believe politics left people Lex

2875

01:54:28,490 --> 01:54:27,000

Freeman internet nothing jumps out

2876

01:54:29,990 --> 01:54:28,500

question wise let me know if you see any

2877

01:54:32,209 --> 01:54:30,000

interesting questions

2878

01:54:33,950 --> 01:54:32,219

so

2879

01:54:35,390 --> 01:54:33,960

this could bring all of us together he

2880

01:54:38,290 --> 01:54:35,400

mentions Reagan's speech where he says

2881

01:54:40,790 --> 01:54:38,300

well what would happen if we had some

2882

01:54:42,950 --> 01:54:40,800

presents from outside this planet that

2883

01:54:44,810 --> 01:54:42,960

threatened all of us we would come

2884

01:54:46,790 --> 01:54:44,820

together

2885

01:54:49,550 --> 01:54:46,800

well

2886

01:54:51,589 --> 01:54:49,560

I've done Reagan for a while Nancy and I

2887

01:54:55,189 --> 01:54:51,599

we had an extraterrestrial over at the

2888

01:54:57,229 --> 01:54:55,199

house we're bipartisan game over this is

2889

01:54:58,790 --> 01:54:57,239

true Bernie Bernie Bernie proves Bernie

2890

01:55:02,030 --> 01:54:58,800

does a proof

2891

01:55:03,589 --> 01:55:02,040

um sorry yeah I hope you do that at the

2892

01:55:07,490 --> 01:55:03,599

end hoping that nobody's gonna listen to

2893

01:55:08,990 --> 01:55:07,500

it good morning it cracks me up man if

2894

01:55:11,030 --> 01:55:09,000

people only knew the amount of

2895

01:55:14,510 --> 01:55:11,040

Impressions that you could actually do

2896

01:55:16,129 --> 01:55:14,520

this is my Bernie nope nope apparently

2897

01:55:17,450 --> 01:55:16,139

they are I have to do a lot I'll do it

2898

01:55:20,270 --> 01:55:17,460

later at the end

2899

01:55:21,770 --> 01:55:20,280

um and he talks about how the Vatican

2900

01:55:23,689 --> 01:55:21,780

talks about how they can be children of

2901
01:55:26,149 --> 01:55:23,699
God and we would treat them as equals

2902
01:55:27,950 --> 01:55:26,159
and you know as humans as we would treat

2903
01:55:29,330 --> 01:55:27,960
humans and and I think the Vatican has

2904
01:55:32,689 --> 01:55:29,340
talked about

2905
01:55:34,370 --> 01:55:32,699
baptizing them and you know how will

2906
01:55:36,229 --> 01:55:34,380
humans this is still part of it how will

2907
01:55:37,970 --> 01:55:36,239
humans react if we're not at the top of

2908
01:55:40,490 --> 01:55:37,980
food chain how will that affect religion

2909
01:55:41,810 --> 01:55:40,500
you know who is their God if they come

2910
01:55:43,609 --> 01:55:41,820
down there and they're like you guys

2911
01:55:46,430 --> 01:55:43,619
have no idea what you're talking about

2912
01:55:48,890 --> 01:55:46,440
when it comes to religion and Jesus and

2913
01:55:50,330 --> 01:55:48,900

Buddha not Buddha but you know it's

2914

01:55:51,589 --> 01:55:50,340

totally different and this is how it is

2915

01:55:53,510 --> 01:55:51,599

of course who knows if they're telling

2916

01:55:54,770 --> 01:55:53,520

the truth but it would be an interesting

2917

01:55:57,050 --> 01:55:54,780

conversation you know what kind of

2918

01:55:59,030 --> 01:55:57,060

insight do you guys have that we don't

2919

01:56:01,129 --> 01:55:59,040

all right Gary no one touched on

2920

01:56:04,089 --> 01:56:01,139

religion you really want to go there

2921

01:56:06,470 --> 01:56:04,099

right now I know that he is

2922

01:56:08,510 --> 01:56:06,480

religion how do you I've never heard him

2923

01:56:10,129 --> 01:56:08,520

talk about religion did you say that Joe

2924

01:56:13,250 --> 01:56:10,139

what the hell you talked about the

2925

01:56:15,070 --> 01:56:13,260

Vatican he talked about Diana baselka I

2926

01:56:19,550 --> 01:56:15,080

mean

2927

01:56:22,070 --> 01:56:19,560

towards the end of his conversation he

2928

01:56:23,930 --> 01:56:22,080

said we do not know like you know these

2929

01:56:26,050 --> 01:56:23,940

things could have been here since the

2930

01:56:30,109 --> 01:56:26,060

beginning all of

2931

01:56:33,470 --> 01:56:30,119

across the globe even before abrahamic

2932

01:56:35,229 --> 01:56:33,480

religions there were religions that

2933

01:56:38,330 --> 01:56:35,239

I don't even know if they were called

2934

01:56:43,370 --> 01:56:38,340

religions back then uh that spoke about

2935

01:56:47,089 --> 01:56:45,770

yeah like it is I mean it could be all

2936

01:56:48,709 --> 01:56:47,099

made up like it could be something

2937

01:56:51,290 --> 01:56:48,719

that's just been passed on from

2938

01:56:53,510 --> 01:56:51,300

generation to generation who knows

2939

01:56:55,430 --> 01:56:53,520

but he did speak about it I don't agree

2940

01:56:56,810 --> 01:56:55,440

and that's why I really can't uh we

2941

01:56:57,950 --> 01:56:56,820

gotta find somebody who's an expert in

2942

01:56:59,510 --> 01:56:57,960

that type of stuff and I know there are

2943

01:57:01,370 --> 01:56:59,520

people out there um

2944

01:57:04,010 --> 01:57:01,380

I mentioned Paul Eno but I don't think

2945

01:57:06,050 --> 01:57:04,020

he focuses on you know religions or

2946

01:57:08,030 --> 01:57:06,060

information before the abrahamic

2947

01:57:09,830 --> 01:57:08,040

religions we'll find somebody like that

2948

01:57:11,870 --> 01:57:09,840

um somebody Ken said Travis Taylor

2949

01:57:13,970 --> 01:57:11,880

impression

2950

01:57:15,229 --> 01:57:13,980

I'll do that at the end with Bernie I'll

2951

01:57:16,490 --> 01:57:15,239

do it at the end

2952

01:57:17,689 --> 01:57:16,500

um hopefully Travis Taylor didn't

2953

01:57:19,550 --> 01:57:17,699

stumble upon this because then I'll

2954

01:57:20,930 --> 01:57:19,560

never be able to interview him question

2955

01:57:22,609 --> 01:57:20,940

for Eric who made the basement office

2956

01:57:24,169 --> 01:57:22,619

take down the Eric Davis interview well

2957

01:57:25,189 --> 01:57:24,179

at the time Stephen Green Street told me

2958

01:57:26,629 --> 01:57:25,199

that there was something in the

2959

01:57:28,070 --> 01:57:26,639

background that gave away personal

2960

01:57:29,689 --> 01:57:28,080

information and that's why they had to

2961

01:57:31,729 --> 01:57:29,699

take it down which was not true because

2962

01:57:34,250 --> 01:57:31,739

when it went back up we compared the two

2963

01:57:36,290 --> 01:57:34,260

and there was nothing different so I

2964

01:57:38,149 --> 01:57:36,300

don't know and I'm and even if I did ask

2965

01:57:40,550 --> 01:57:38,159

Eric he probably would not know I don't

2966

01:57:43,129 --> 01:57:40,560

think he's speaking with Green Street I

2967

01:57:44,510 --> 01:57:43,139

don't think he knows and and even if he

2968

01:57:45,890 --> 01:57:44,520

did tell me I can't say it I can't talk

2969

01:57:47,510 --> 01:57:45,900

I can't repeat stuff that he said

2970

01:57:49,250 --> 01:57:47,520

because it would be considered talking

2971

01:57:50,450 --> 01:57:49,260

to the media and Aerospace is not

2972

01:57:52,850 --> 01:57:50,460

letting him do that unfortunately

2973

01:57:54,470 --> 01:57:52,860

because he would be on with Gary Nolan

2974

01:57:57,470 --> 01:57:54,480

on Tucker doing whatever shows although

2975

01:57:58,850 --> 01:57:57,480

I'm not sure if I mean I think Gary had

2976

01:58:01,550 --> 01:57:58,860

to think long and hard about doing

2977

01:58:02,750 --> 01:58:01,560

Tucker Carlson because Gary you know

2978

01:58:04,189 --> 01:58:02,760

I think he's totally opposite

2979

01:58:06,770 --> 01:58:04,199

politically but this is more important

2980

01:58:07,910 --> 01:58:06,780

in politics as somebody said in here

2981

01:58:11,450 --> 01:58:07,920

um

2982

01:58:13,850 --> 01:58:11,460

I would like to say to Gary Nolan that

2983

01:58:16,250 --> 01:58:13,860

regardless of the questions that I have

2984

01:58:20,089 --> 01:58:16,260

asked about him and his opinion his

2985

01:58:25,250 --> 01:58:20,099

views I respect what he is trying to do

2986

01:58:29,089 --> 01:58:25,260

and I really do respect how devoted and

2987

01:58:32,089 --> 01:58:29,099

dedicated he is to the subject so I stay

2988

01:58:36,290 --> 01:58:32,099

there across the board believer skeptic

2989

01:58:39,109 --> 01:58:36,300

whatever you are you are contributing to

2990

01:58:40,970 --> 01:58:39,119

a whatever we're trying to find out

2991

01:58:42,470 --> 01:58:40,980

so good for you Gary

2992

01:58:43,250 --> 01:58:42,480

he's one of my favorite people in the

2993

01:58:44,870 --> 01:58:43,260

field

2994

01:58:47,510 --> 01:58:44,880

um so with some events some event

2995

01:58:49,910 --> 01:58:47,520

although I I disagreed with I was

2996

01:58:51,050 --> 01:58:49,920

getting a little annoyed and I messaged

2997

01:58:52,970 --> 01:58:51,060

you today when I was listening to

2998

01:58:55,850 --> 01:58:52,980

semivan's interview um I would like to

2999

01:58:57,470 --> 01:58:55,860

interview and push back a little bit

3000

01:58:58,970 --> 01:58:57,480

um I don't really see anybody pushing

3001

01:59:01,550 --> 01:58:58,980

back on him very much

3002

01:59:03,050 --> 01:59:01,560

um wasn't major disagreements but I

3003

01:59:04,850 --> 01:59:03,060

don't really want to talk about it and

3004

01:59:07,189 --> 01:59:04,860

show my hand I would like to interview

3005

01:59:09,410 --> 01:59:07,199

him if he'll let me and just push back a

3006

01:59:11,030 --> 01:59:09,420

little bit on some stuff not a lot I

3007

01:59:13,790 --> 01:59:11,040

mean

3008

01:59:16,430 --> 01:59:13,800

um so

3009

01:59:18,109 --> 01:59:16,440

how will all right so government might

3010

01:59:20,030 --> 01:59:18,119

feel hesitant to left this information

3011

01:59:21,709 --> 01:59:20,040

out if it's something like us not being

3012

01:59:23,450 --> 01:59:21,719

the top of the food chain and Tucker

3013

01:59:25,310 --> 01:59:23,460

mentioned how it might be destabilizing

3014

01:59:27,649 --> 01:59:25,320

and Nolan talked about his colleagues

3015

01:59:29,990 --> 01:59:27,659

and you know

3016

01:59:31,729 --> 01:59:30,000

they say well if Gary Nolan thinks it's

3017

01:59:33,589 --> 01:59:31,739

real maybe I should be paying attention

3018

01:59:35,209 --> 01:59:33,599

to it which is pretty cool

3019

01:59:37,129 --> 01:59:35,219

um you know they'll go out to dinner and

3020

01:59:38,330 --> 01:59:37,139

after a drink once they feel comfortable

3021

01:59:40,370 --> 01:59:38,340

and they're not going to be judged

3022

01:59:42,890 --> 01:59:40,380

they'll share their stories and

3023

01:59:44,570 --> 01:59:42,900

he he went on to talk about he didn't in

3024

01:59:46,310 --> 01:59:44,580

the beginning he talked about how he saw

3025

01:59:48,470 --> 01:59:46,320

something in Connecticut as a paper boy

3026
01:59:50,450 --> 01:59:48,480
delivering the Hartford current how they

3027
01:59:51,770 --> 01:59:50,460
had a bonding moment over that he was

3028
01:59:53,330 --> 01:59:51,780
walking in the woods and it was above

3029
01:59:55,250 --> 01:59:53,340
the top of the trees right over his head

3030
01:59:57,589 --> 01:59:55,260
it had lights it was 30 to 40 feet

3031
01:59:59,330 --> 01:59:57,599
across the time he didn't call it a UFO

3032
02:00:00,530 --> 01:59:59,340
he didn't know what it was and he goes

3033
02:00:02,330 --> 02:00:00,540
something like that changes your life

3034
02:00:04,790 --> 02:00:02,340
puts things in perspective it's kind of

3035
02:00:06,890 --> 02:00:04,800
like a spiritual experience

3036
02:00:08,930 --> 02:00:06,900
um his goal is to help other experiences

3037
02:00:10,790 --> 02:00:08,940
you know protect them who have you know

3038
02:00:12,770 --> 02:00:10,800

people who have seen something and

3039

02:00:14,510 --> 02:00:12,780

don't attack those folks for sharing

3040

02:00:16,189 --> 02:00:14,520

their stories I see that a lot on social

3041

02:00:17,570 --> 02:00:16,199

media even you know some of them are

3042

02:00:19,850 --> 02:00:17,580

delusional of course just like with

3043

02:00:21,290 --> 02:00:19,860

anything but most are not he praised Lou

3044

02:00:22,790 --> 02:00:21,300

and melon in the work they've done a lot

3045

02:00:24,470 --> 02:00:22,800

of people will never know what they did

3046

02:00:26,089 --> 02:00:24,480

behind the scenes he mentioned the

3047

02:00:28,129 --> 02:00:26,099

Trinity case with Jacques ballet and

3048

02:00:29,810 --> 02:00:28,139

Paula Harris which I have the book and I

3049

02:00:32,089 --> 02:00:29,820

have the original book

3050

02:00:33,530 --> 02:00:32,099

from the library which I'm charged 100

3051

02:00:34,970 --> 02:00:33,540

bucks because I never gave it back

3052

02:00:36,709 --> 02:00:34,980

because I want to read it it's from one

3053

02:00:38,870 --> 02:00:36,719

of the kids he wrote it

3054

02:00:40,189 --> 02:00:38,880

um and I want to interview valet I need

3055

02:00:43,010 --> 02:00:40,199

to read it first I don't want to go in

3056

02:00:44,510 --> 02:00:43,020

blind uh and then one of my most

3057

02:00:46,070 --> 02:00:44,520

interesting comments it might have been

3058

02:00:48,709 --> 02:00:46,080

from Tucker he's like you know if this

3059

02:00:50,030 --> 02:00:48,719

is true what else don't we know and no

3060

02:00:51,169 --> 02:00:50,040

one's like yeah it's a great point and

3061

02:00:52,669 --> 02:00:51,179

he didn't want to go into it but you

3062

02:00:54,950 --> 02:00:52,679

know you start getting into PSI and

3063

02:00:56,990 --> 02:00:54,960

remote viewing and mediums and all that

3064

02:00:58,790 --> 02:00:57,000

stuff and Gary Nolan said

3065

02:01:00,530 --> 02:00:58,800

you know reality is much different and

3066

02:01:02,089 --> 02:01:00,540

I'm not quoting him here but reality is

3067

02:01:03,290 --> 02:01:02,099

much different than we understand and I

3068

02:01:05,629 --> 02:01:03,300

think that's going to be the most

3069

02:01:08,330 --> 02:01:05,639

difficult thing for most mainstream

3070

02:01:10,550 --> 02:01:08,340

scientists to understand or grasp if

3071

02:01:11,930 --> 02:01:10,560

it's something so far out there if it's

3072

02:01:14,209 --> 02:01:11,940

and I don't like using the quantum

3073

02:01:16,129 --> 02:01:14,219

physics catch-all word but something

3074

02:01:18,229 --> 02:01:16,139

that just blows our mind away like Lou

3075

02:01:20,270 --> 02:01:18,239

says you know one object you know a cat

3076

02:01:22,070 --> 02:01:20,280

goes in comes out two dogs stuff like

3077

02:01:23,390 --> 02:01:22,080

that where we're just you know if

3078

02:01:25,729 --> 02:01:23,400

there's evidence we can prove that you

3079

02:01:27,109 --> 02:01:25,739

know we talk about Aguadilla which I

3080

02:01:28,910 --> 02:01:27,119

still don't know about Aguadilla I mean

3081

02:01:30,890 --> 02:01:28,920

there's different opinions all over the

3082

02:01:33,109 --> 02:01:30,900

board but it shows one object and then

3083

02:01:34,790 --> 02:01:33,119

it devises it appears to divide into two

3084

02:01:36,290 --> 02:01:34,800

is that what we're seeing you know is

3085

02:01:37,490 --> 02:01:36,300

that some sort of quantum physics thing

3086

02:01:39,589 --> 02:01:37,500

I don't know maybe it's just a maybe

3087

02:01:41,450 --> 02:01:39,599

it's just some sort of illusion let me

3088

02:01:43,189 --> 02:01:41,460

just check this let me know if you see

3089

02:01:46,010 --> 02:01:43,199

any questions just because I'm not able

3090

02:01:48,950 --> 02:01:46,020

to look at both I have to pull it across

3091

02:01:50,990 --> 02:01:48,960

um Aguadilla case is one of those cases

3092

02:01:53,330 --> 02:01:51,000

that's on my top

3093

02:01:56,870 --> 02:01:53,340

5 radar

3094

02:02:03,830 --> 02:02:01,250

I've only recently heard people try to

3095

02:02:05,629 --> 02:02:03,840

debunk it so

3096

02:02:08,089 --> 02:02:05,639

yeah I mean I mean it's still out there

3097

02:02:09,649 --> 02:02:08,099

until it's like concrete for me they may

3098

02:02:11,390 --> 02:02:09,659

not be dividing I've never made a big

3099

02:02:13,370 --> 02:02:11,400

deal but I would I really don't talk

3100

02:02:15,709 --> 02:02:13,380

about it too much I mean

3101

02:02:17,750 --> 02:02:15,719

I don't really talk about too many

3102

02:02:19,370 --> 02:02:17,760

videos I'm not really good with videos

3103

02:02:25,390 --> 02:02:19,380

and none of them have been that

3104

02:02:30,890 --> 02:02:28,490

a good buddy of mine was part of Mensa

3105

02:02:34,970 --> 02:02:30,900

part of um

3106

02:02:38,990 --> 02:02:34,980

the guys that were viewing it uh he sent

3107

02:02:41,450 --> 02:02:39,000

it to me I mean I was baffled I said I'm

3108

02:02:44,510 --> 02:02:41,460

not I'm gonna withhold judgment until

3109

02:02:46,729 --> 02:02:44,520

other people review it I've I've seen

3110

02:02:48,589 --> 02:02:46,739

sense people saying that it's seagulls

3111

02:02:50,390 --> 02:02:48,599

people say this this or that but

3112

02:02:52,370 --> 02:02:50,400

nothing's concrete you know it could be

3113

02:02:56,390 --> 02:02:52,380

anomalous who knows

3114

02:02:59,390 --> 02:02:58,070

yeah I would love for it to be anomalous

3115

02:03:01,070 --> 02:02:59,400

I don't know

3116

02:03:03,649 --> 02:03:01,080

um

3117

02:03:05,810 --> 02:03:03,659

let's see the biggest problem is we need

3118

02:03:07,370 --> 02:03:05,820

funding obviously it's been a problem

3119

02:03:08,810 --> 02:03:07,380

you know people aren't going to get

3120

02:03:10,729 --> 02:03:08,820

interested in this I think it was um I

3121

02:03:13,729 --> 02:03:10,739

forget who said that it was

3122

02:03:15,109 --> 02:03:13,739

during that event in Texas who was it it

3123

02:03:18,109 --> 02:03:15,119

was the guy who writes with Whitley

3124

02:03:19,310 --> 02:03:18,119

strieber the supernatural I forget his

3125

02:03:20,510 --> 02:03:19,320

name anyway he's like yeah funding

3126
02:03:21,770 --> 02:03:20,520
scientists don't want to get involved

3127
02:03:23,030 --> 02:03:21,780
unless there's funding and he mentioned

3128
02:03:24,890 --> 02:03:23,040
Nolan mentioned the Congressional

3129
02:03:26,810 --> 02:03:24,900
language talking about how we need to

3130
02:03:29,030 --> 02:03:26,820
have scientists and academics to involve

3131
02:03:30,770 --> 02:03:29,040
to advise Intel agencies on these things

3132
02:03:32,330 --> 02:03:30,780
yeah we need I wish it would be a

3133
02:03:34,250 --> 02:03:32,340
worldwide effort not just a United

3134
02:03:36,950 --> 02:03:34,260
States American scientists and academic

3135
02:03:38,390 --> 02:03:36,960
gimmicks but that's a good start

3136
02:03:41,149 --> 02:03:38,400
um because right now it's such a small

3137
02:03:43,370 --> 02:03:41,159
amount of people you know Nolan semivan

3138
02:03:46,010 --> 02:03:43,380

and semian's not a scientist

3139

02:03:47,810 --> 02:03:46,020

talks about silos and stovepipes so you

3140

02:03:49,250 --> 02:03:47,820

know that needs to be addressed and we

3141

02:03:51,050 --> 02:03:49,260

need to declassify this is kind of

3142

02:03:52,790 --> 02:03:51,060

depressing they classify enough so we

3143

02:03:55,129 --> 02:03:52,800

can study it in other words

3144

02:03:57,109 --> 02:03:55,139

full declassification is not coming in

3145

02:03:58,729 --> 02:03:57,119

my lifetime most likely

3146

02:04:01,189 --> 02:03:58,739

um and you know studied enough first

3147

02:04:03,589 --> 02:04:01,199

studied it enough study it enough first

3148

02:04:05,209 --> 02:04:03,599

for country and then for the planet

3149

02:04:07,370 --> 02:04:05,219

uh he thinks there's more than one thing

3150

02:04:08,990 --> 02:04:07,380

here

3151

02:04:10,310 --> 02:04:09,000

lost Jeff's again

3152

02:04:12,649 --> 02:04:10,320

um he thinks

3153

02:04:13,970 --> 02:04:12,659

he thinks there's maybe one then more

3154

02:04:16,609 --> 02:04:13,980

than one thing here maybe different

3155

02:04:18,410 --> 02:04:16,619

groups are this is interesting maybe

3156

02:04:20,450 --> 02:04:18,420

different groups are here in some kind

3157

02:04:21,890 --> 02:04:20,460

of tension which DeLong has spoken about

3158

02:04:24,709 --> 02:04:21,900

different groups battling with each

3159

02:04:28,310 --> 02:04:24,719

other and we're kind of in the middle

3160

02:04:31,490 --> 02:04:28,320

are you there Jess no there you are yeah

3161

02:04:33,169 --> 02:04:31,500

I'm sorry you talked about how there's

3162

02:04:34,490 --> 02:04:33,179

more than one thing here and possibly

3163

02:04:36,830 --> 02:04:34,500

different groups are in some sort of

3164

02:04:38,750 --> 02:04:36,840

tension with each other and but there's

3165

02:04:40,910 --> 02:04:38,760

no unifying motivation for why they're

3166

02:04:42,709 --> 02:04:40,920

as far as related to us and DeLong has

3167

02:04:44,810 --> 02:04:42,719

spoken about that how there's warring

3168

02:04:46,550 --> 02:04:44,820

factions and Linda Moulton Howe has

3169

02:04:48,169 --> 02:04:46,560

spoken about that and

3170

02:04:49,790 --> 02:04:48,179

maybe there's some sort of battle going

3171

02:04:52,310 --> 02:04:49,800

on the battle in heaven and we're just

3172

02:04:54,709 --> 02:04:52,320

the pawns or we're irrelevant who knows

3173

02:04:56,330 --> 02:04:54,719

I mean but I've heard that before with

3174

02:04:58,069 --> 02:04:56,340

Congress they're telling the dod enough

3175

02:05:00,350 --> 02:04:58,079

is enough

3176

02:05:01,669 --> 02:05:00,360

now they've seen some of them have come

3177

02:05:03,169 --> 02:05:01,679

out of the classified briefings our

3178

02:05:03,950 --> 02:05:03,179

members of Congress and their eyes are

3179

02:05:05,510 --> 02:05:03,960

wide

3180

02:05:07,069 --> 02:05:05,520

you know

3181

02:05:08,689 --> 02:05:07,079

and those members of Congress have seen

3182

02:05:11,030 --> 02:05:08,699

things that no one hasn't seen so he

3183

02:05:13,189 --> 02:05:11,040

doesn't have that clearance DOD I think

3184

02:05:15,050 --> 02:05:13,199

a lot of what Nolan hears and talks

3185

02:05:16,910 --> 02:05:15,060

about is related to people sharing

3186

02:05:18,589 --> 02:05:16,920

information I mean you know so that's

3187

02:05:19,850 --> 02:05:18,599

why he says I need to see it though just

3188

02:05:21,169 --> 02:05:19,860

because I have an opinion doesn't mean

3189

02:05:23,510 --> 02:05:21,179

it's true

3190

02:05:25,010 --> 02:05:23,520

uh DOD needs to document this is what

3191

02:05:28,850 --> 02:05:25,020

Congress is telling them to do what to

3192

02:05:30,229 --> 02:05:28,860

do obfuscation disinformation and

3193

02:05:32,689 --> 02:05:30,239

um you know people's lives and careers

3194

02:05:34,370 --> 02:05:32,699

were ruined or derailed over the years I

3195

02:05:35,870 --> 02:05:34,380

haven't seen evidence of that but I'm

3196

02:05:37,370 --> 02:05:35,880

willing to look

3197

02:05:39,410 --> 02:05:37,380

um we've heard about that for a long

3198

02:05:40,910 --> 02:05:39,420

time any steady briefed gallery on the

3199

02:05:42,890 --> 02:05:40,920

subject which included the Wilson Davis

3200

02:05:45,050 --> 02:05:42,900

memo and I did confirm

3201

02:05:48,229 --> 02:05:45,060

for the show that he was talking 100

3202

02:05:51,470 --> 02:05:48,239

about Wilson Davis memo

3203

02:05:53,689 --> 02:05:51,480

um and something you know it was open to

3204

02:05:54,950 --> 02:05:53,699

to other stuff uh when he when he said

3205

02:05:56,569 --> 02:05:54,960

it on Tucker

3206

02:05:58,669 --> 02:05:56,579

and they're taking this seriously you

3207

02:06:01,370 --> 02:05:58,679

know members of Congress and then

3208

02:06:05,330 --> 02:06:01,380

I talked about Bert chat in his text

3209

02:06:08,830 --> 02:06:05,340

and that is it so

3210

02:06:11,270 --> 02:06:08,840

any thoughts just that I have missed

3211

02:06:14,089 --> 02:06:11,280

nope I think that we have covered

3212

02:06:15,490 --> 02:06:14,099

everything tonight so let's go ahead and

3213

02:06:19,030 --> 02:06:15,500

Buzz it out

3214

02:06:23,270 --> 02:06:19,040

I will just give people my information

3215

02:06:24,129 --> 02:06:23,280

just as information is go kick rocks

3216

02:06:28,550 --> 02:06:24,139

um

3217

02:06:31,609 --> 02:06:28,560

my PayPal is that

3218

02:06:34,189 --> 02:06:31,619

my venmo is that let me see if I can get

3219

02:06:41,270 --> 02:06:37,850

patreon is that and somebody asked me

3220

02:06:45,229 --> 02:06:41,280

for my email oh no no my screen name

3221

02:06:51,530 --> 02:06:49,010

at so that's my blog which has a ton of

3222

02:06:53,330 --> 02:06:51,540

stuff on there and I'm just put a long

3223

02:06:55,069 --> 02:06:53,340

Lou Elizondo transcript on there which

3224

02:06:57,290 --> 02:06:55,079

is one of my better ones I added a lot

3225

02:06:59,689 --> 02:06:57,300

of stuff to the transcript and then

3226

02:07:02,149 --> 02:06:59,699

I'm working on Ryan Graves notes

3227

02:07:04,910 --> 02:07:02,159

transcript for Twitter and then

3228

02:07:08,089 --> 02:07:04,920

Gary Nolan on Tucker that transcript for

3229

02:07:10,669 --> 02:07:08,099

my blog and I think that's it I'll let

3230

02:07:13,669 --> 02:07:10,679

you go Jess have a good night

3231

02:07:16,129 --> 02:07:13,679

thank you for being here uh good night

3232

02:07:19,069 --> 02:07:16,139

Joe good night everybody who showed up

3233

02:07:21,649 --> 02:07:19,079

uh thanks you guys for being here it was

3234

02:07:23,270 --> 02:07:21,659

fun we'll be yeah we'll do it next time

3235

02:07:24,770 --> 02:07:23,280

with Michael Vai you can ask him a

3236

02:07:29,089 --> 02:07:24,780

thousand questions we'll do a 12-hour

3237

02:07:33,109 --> 02:07:31,250

I guess so it would be like so guys so

3238

02:07:34,609 --> 02:07:33,119

God damn Jazz I gotta come down to

3239

02:07:36,290 --> 02:07:34,619

Alabama and see you I'm gonna bring

3240

02:07:37,669 --> 02:07:36,300

Bernie with me Bernie and I are going to

3241

02:07:40,430 --> 02:07:37,679

talk about how UFOs come from another

3242

02:07:42,169 --> 02:07:40,440

galaxy it is true that God of your

3243

02:07:44,270 --> 02:07:42,179

faults are coming from another galaxy

3244

02:07:46,669 --> 02:07:44,280

they don't get here using propulsion

3245

02:07:49,010 --> 02:07:46,679

that I understand but my wife and

3246

02:07:50,569 --> 02:07:49,020

barack's kids Malaya I don't know his

3247

02:07:52,250 --> 02:07:50,579

other kid's name I never do I don't

3248

02:07:54,890 --> 02:07:52,260

think he does and that's how we're gonna

3249

02:07:57,310 --> 02:07:54,900

do it we're gonna go to Hillary and UFOs

3250

02:07:59,750 --> 02:07:57,320

over you that's it

3251

02:08:02,930 --> 02:07:59,760

all right I love your impressions if

3252

02:08:06,470 --> 02:08:02,940

they're lost on anybody them well

3253

02:08:10,729 --> 02:08:06,480

my favorite meme is uh Dave Chappelle's

3254

02:08:12,950 --> 02:08:10,739

when he was doing the uh Pop Copy have

3255

02:08:16,609 --> 02:08:12,960

you ever seen that he goes you know what

3256

02:08:18,890 --> 02:08:16,619

him that's why so I mean it's great

3257

02:08:21,050 --> 02:08:18,900

Joe I just lost my YouTube channel to

3258

02:08:23,990 --> 02:08:21,060

cursing thank you have a good night no

3259

02:08:27,550 --> 02:08:24,000

it'll be fine it'll be fine thanks for

3260

02:08:31,550 --> 02:08:30,589

all right a little over two hours thanks

3261

02:08:32,870 --> 02:08:31,560

everybody

3262

02:08:35,629 --> 02:08:32,880

um

3263

02:08:37,250 --> 02:08:35,639

that was good A little heated

3264

02:08:39,530 --> 02:08:37,260

um I gotta remember not even to get

3265

02:08:42,169 --> 02:08:39,540

worked up about anything but just as

3266

02:08:44,990 --> 02:08:42,179

good at getting me worked up

3267

02:08:48,649 --> 02:08:45,000

um at least Twitter I can think before I

3268

02:08:54,950 --> 02:08:51,550

am I the only on this channel for

3269

02:08:57,050 --> 02:08:54,960

uh cookie was digging Cookie's gone I

3270

02:08:59,510 --> 02:08:57,060

gotta find him

3271

02:09:01,970 --> 02:08:59,520

all right I think I'm gonna schedule

3272

02:09:03,830 --> 02:09:01,980

something with Michael he wants to

3273

02:09:05,330 --> 02:09:03,840

follow up on this which if he does it's

3274

02:09:07,729 --> 02:09:05,340

gonna have to be him I've kind of talked

3275

02:09:11,450 --> 02:09:07,739

myself out but I can always add more and

3276

02:09:13,850 --> 02:09:11,460

then we're going to do the show on on

3277

02:09:15,410 --> 02:09:13,860

Paul Hill unconventional flying objects

3278

02:09:17,089 --> 02:09:15,420

who worked at Langley NASA and wasn't

3279

02:09:19,189 --> 02:09:17,099

able to publish his book until he died

3280

02:09:21,050 --> 02:09:19,199

and then his daughter published it and

3281

02:09:23,569 --> 02:09:21,060

Michael has a whole blog which I'm going

3282

02:09:26,209 --> 02:09:23,579

to put up before we go live so cookie is

3283

02:09:28,310 --> 02:09:26,219

a maltipoo he's 11 years old he has not

3284

02:09:29,569 --> 02:09:28,320

slowed down at all he barks he jumps all

3285

02:09:31,129 --> 02:09:29,579

over the place

3286

02:09:33,229 --> 02:09:31,139

he hasn't hit a wall yet you know

3287

02:09:34,910 --> 02:09:33,239

usually they slow down he has it yet he

3288

02:09:36,490 --> 02:09:34,920

tore both of his ligaments in his back

3289

02:09:38,510 --> 02:09:36,500

knees we used

3290

02:09:40,310 --> 02:09:38,520

homeopathic medicine instead of surgery

3291

02:09:43,250 --> 02:09:40,320

to fix it and they both healed on their

3292

02:09:44,750 --> 02:09:43,260

own which was amazing we saw we saved

3293

02:09:46,250 --> 02:09:44,760

like eight thousand dollars which I

3294

02:09:46,970 --> 02:09:46,260

didn't have

3295

02:09:49,850 --> 02:09:46,980

um

3296

02:09:51,050 --> 02:09:49,860

yeah I'd like to see your dog

3297

02:09:52,550 --> 02:09:51,060

um I don't know how you do that you have

3298

02:09:54,589 --> 02:09:52,560

to join you have to join in the show one

3299

02:09:56,030 --> 02:09:54,599

day Vancouver guy which is one of my

3300

02:09:57,109 --> 02:09:56,040

favorite Canadian cities I've been there

3301

02:09:59,030 --> 02:09:57,119

for

3302

02:10:00,530 --> 02:09:59,040

I was like a meditation I shot a whole

3303

02:10:03,470 --> 02:10:00,540

week-long meditation conference I used

3304

02:10:04,850 --> 02:10:03,480

to shoot anyway I got a drink DJ Plum

3305

02:10:06,470 --> 02:10:04,860

thanks for jumping in

3306

02:10:08,750 --> 02:10:06,480

and Ludacris I don't know if he's still

3307

02:10:11,270 --> 02:10:08,760

here thank you for being here and once

3308

02:10:13,430 --> 02:10:11,280

again yeah vet bills can be expensive I

3309

02:10:15,109 --> 02:10:13,440

got a lot of them

3310

02:10:18,050 --> 02:10:15,119

post a

3311

02:10:19,910 --> 02:10:18,060

so what is that post oh I posted an app

3312

02:10:21,770 --> 02:10:19,920

I see to your Twitter

3313

02:10:23,510 --> 02:10:21,780

I don't know what that is

3314

02:10:24,350 --> 02:10:23,520

but I will look for it

3315

02:10:27,890 --> 02:10:24,360

um

3316

02:10:31,430 --> 02:10:27,900

what else was I going to say about

3317

02:10:34,669 --> 02:10:31,440

I was going to say something and now

3318

02:10:36,470 --> 02:10:34,679

I can't remember what I was going to say

3319

02:10:37,609 --> 02:10:36,480

um people jumping in on here oh yeah

3320

02:10:38,209 --> 02:10:37,619

yeah yeah

3321

02:10:39,890 --> 02:10:38,219

um

3322

02:10:41,930 --> 02:10:39,900

the super sticker I got one super

3323

02:10:43,129 --> 02:10:41,940

sticker I am not somebody that gets a

3324

02:10:45,229 --> 02:10:43,139

lot of

3325

02:10:47,629 --> 02:10:45,239

I don't ever want to do the super chat

3326

02:10:49,069 --> 02:10:47,639

you ask a question you can pay me for

3327

02:10:51,050 --> 02:10:49,079

I'll never do that

3328

02:10:53,990 --> 02:10:51,060

it would be nice if people supported

3329

02:10:55,430 --> 02:10:54,000

with whatever they can but I'm still

3330

02:10:57,709 --> 02:10:55,440

gonna keep doing it

3331

02:10:59,870 --> 02:10:57,719

um no matter what Tammy was the Super

3332

02:11:01,370 --> 02:10:59,880

sticker obviously don't do this for

3333

02:11:02,930 --> 02:11:01,380

money but I need money to keep doing it

3334

02:11:07,250 --> 02:11:02,940

full time which I'm not doing right now

3335

02:11:10,850 --> 02:11:07,260

I am working part-time I I finished um

3336

02:11:12,910 --> 02:11:10,860

I finished oh a picture I got it got it

3337

02:11:15,350 --> 02:11:12,920

picture your dog

3338

02:11:16,850 --> 02:11:15,360

what milk this will save my Yorkie from

3339

02:11:18,530 --> 02:11:16,860

a rat poison liver failure if it ever

3340

02:11:20,149 --> 02:11:18,540

happens to anyone I did use milk thistle

3341

02:11:22,490 --> 02:11:20,159

for cookie for I forget what he was

3342

02:11:24,649 --> 02:11:22,500

having rash and then he started smelling

3343

02:11:26,390 --> 02:11:24,659

like pee so I looked it up and it was a

3344

02:11:27,950 --> 02:11:26,400

side effect of milk thistle that'll

3345

02:11:29,089 --> 02:11:27,960

smell like urine so I stopped it and it

3346

02:11:31,490 --> 02:11:29,099

worked

3347

02:11:32,930 --> 02:11:31,500

um so anyway yeah that was good I was

3348

02:11:35,149 --> 02:11:32,940

gonna say um

3349

02:11:37,490 --> 02:11:35,159

I am doing silk Sonic which is Bruno

3350

02:11:38,930 --> 02:11:37,500

Mars side project I think I'm doing that

3351

02:11:40,250 --> 02:11:38,940

Wednesday Friday Saturday and then after

3352

02:11:41,390 --> 02:11:40,260

that I have a break so I could focus

3353

02:11:43,490 --> 02:11:41,400

more on that

3354

02:11:44,930 --> 02:11:43,500

and then Aerosmith hopefully coming up I

3355

02:11:47,750 --> 02:11:44,940

have not been booked for that and then

3356

02:11:50,450 --> 02:11:47,760

maybe Usher again which his songs are

3357

02:11:53,689 --> 02:11:50,460

finally leaving my head thank God I mean

3358

02:11:55,970 --> 02:11:53,699

I like the songs but not 24 7. all right
