

1  
00:00:26,990 --> 00:00:25,009  
foreign how is everybody doing thanks

2  
00:00:30,529 --> 00:00:27,000  
for being patient I was gonna go early

3  
00:00:32,870 --> 00:00:30,539  
and I was gonna explain some of

4  
00:00:35,990 --> 00:00:32,880  
bill bankston's story on my own and I

5  
00:00:37,790 --> 00:00:36,000  
decided you know what let's have Bill do

6  
00:00:41,209 --> 00:00:37,800  
that so that's why I didn't go earlier I

7  
00:00:42,610 --> 00:00:41,219  
mean bill was scheduled for now so you

8  
00:00:45,470 --> 00:00:42,620  
didn't miss anything

9  
00:00:46,430 --> 00:00:45,480  
and I am going to bring him in in a few

10  
00:00:49,430 --> 00:00:46,440  
minutes

11  
00:00:51,709 --> 00:00:49,440  
I met so I found out about his work a

12  
00:00:53,330 --> 00:00:51,719  
few years ago four or five years ago I

13  
00:00:55,369 --> 00:00:53,340

was working in Houston and somebody I

14

00:00:56,930 --> 00:00:55,379

worked with came up to me and said hey

15

00:00:59,630 --> 00:00:56,940

you know about Bill Bengston uh he does

16

00:01:02,750 --> 00:00:59,640

healing of mice and manifesting I'm like

17

00:01:04,189 --> 00:01:02,760

no I if this guy's I was arrogant I'm

18

00:01:05,630 --> 00:01:04,199

like if this guy is somebody I need to

19

00:01:07,130 --> 00:01:05,640

know I would have known about it she's

20

00:01:09,350 --> 00:01:07,140

like check this out so I check it out

21

00:01:11,450 --> 00:01:09,360

this was Grace in Houston hopefully

22

00:01:13,490 --> 00:01:11,460

she's watching and I checked it out I'm

23

00:01:15,649 --> 00:01:13,500

like oh my God this guy's exactly what

24

00:01:17,929 --> 00:01:15,659

I've been looking for this is the

25

00:01:19,310 --> 00:01:17,939

skeptic I have always wanted and that's

26

00:01:21,590 --> 00:01:19,320

Bill Bankston

27

00:01:23,990 --> 00:01:21,600

and I'm going to bring bill in

28

00:01:25,789 --> 00:01:24,000

let me give it one more minute

29

00:01:28,249 --> 00:01:25,799

and

30

00:01:30,530 --> 00:01:28,259

I read both of his books or on audio

31

00:01:31,850 --> 00:01:30,540

which I have in the links you guys need

32

00:01:32,510 --> 00:01:31,860

to read

33

00:01:34,190 --> 00:01:32,520

um

34

00:01:35,810 --> 00:01:34,200

excellent excellent it's some of the

35

00:01:36,770 --> 00:01:35,820

most important research and I've said it

36

00:01:38,870 --> 00:01:36,780

before

37

00:01:41,210 --> 00:01:38,880

more important than UFOs because there's

38

00:01:43,789 --> 00:01:41,220

data and there's data for UFOs obviously

39

00:01:46,010 --> 00:01:43,799

but most of the data alleged data is

40

00:01:48,350 --> 00:01:46,020

hidden you know in government classified

41

00:01:50,510 --> 00:01:48,360

programs and most of the data is

42

00:01:52,609 --> 00:01:50,520

anecdotal with Bill Bankston it's not

43

00:01:54,350 --> 00:01:52,619

anecdotal there is actual laboratory

44

00:01:56,510 --> 00:01:54,360

data experiments

45

00:01:58,609 --> 00:01:56,520

and I'm going to bring bill in right now

46

00:02:01,370 --> 00:01:58,619

and hopefully you guys will share this

47

00:02:03,950 --> 00:02:01,380

interview as far and wide as possible

48

00:02:06,590 --> 00:02:03,960

and I'm gonna bring bill in

49

00:02:08,990 --> 00:02:06,600

we just get rid of one thing bill

50

00:02:11,990 --> 00:02:09,000

thank you so much for being here I've

51  
00:02:13,309 --> 00:02:12,000  
been waiting with you for a long time

52  
00:02:15,650 --> 00:02:13,319  
pleasure

53  
00:02:19,970 --> 00:02:15,660  
I'm gonna start out and just tell me

54  
00:02:26,750 --> 00:02:23,690  
um I have a PhD with an emphasis on

55  
00:02:28,670 --> 00:02:26,760  
research methods and statistics

56  
00:02:30,949 --> 00:02:28,680  
um fundamentally a researcher though I

57  
00:02:32,750 --> 00:02:30,959  
spent quite a number of years being a

58  
00:02:33,890 --> 00:02:32,760  
professor

59  
00:02:35,930 --> 00:02:33,900  
um

60  
00:02:38,930 --> 00:02:35,940  
that's the short version

61  
00:02:40,190 --> 00:02:38,940  
and did you have any interest in any of

62  
00:02:42,170 --> 00:02:40,200  
this growing up like what kind of child

63  
00:02:47,150 --> 00:02:42,180

were you growing up and where did you

64

00:02:51,650 --> 00:02:49,369

um which is on the border of Nassau and

65

00:02:54,410 --> 00:02:51,660

queens it's really really close I could

66

00:02:57,290 --> 00:02:54,420

throw a rock and hit Nassau

67

00:02:59,509 --> 00:02:57,300

um did I have an interest I mean casual

68

00:03:00,650 --> 00:02:59,519

but nothing nothing crazy I I was

69

00:03:02,809 --> 00:03:00,660

familiar with some of the popular

70

00:03:05,030 --> 00:03:02,819

literature

71

00:03:07,070 --> 00:03:05,040

um uh you know I've read anecdote

72

00:03:09,050 --> 00:03:07,080

primarily as you mentioned anecdotes you

73

00:03:12,410 --> 00:03:09,060

hear people telling stories and here's

74

00:03:14,030 --> 00:03:12,420

their story and all that but I don't um

75

00:03:18,290 --> 00:03:14,040

but I didn't have any professional

76

00:03:20,089 --> 00:03:18,300

background uh towards in the early 1970s

77

00:03:22,790 --> 00:03:20,099

I actually took a course in

78

00:03:24,229 --> 00:03:22,800

parapsychology uh just out of curiosity

79

00:03:25,729 --> 00:03:24,239

to see what was going on and I was

80

00:03:28,130 --> 00:03:25,739

introduced to some of the professional

81

00:03:30,530 --> 00:03:28,140

literature and it was an eye-opener you

82

00:03:32,509 --> 00:03:30,540

know because people talk about stuff

83

00:03:35,210 --> 00:03:32,519

back and forth

84

00:03:38,210 --> 00:03:35,220

and I was one of those who but I I

85

00:03:39,649 --> 00:03:38,220

didn't know really the kind of uh

86

00:03:42,050 --> 00:03:39,659

empirical work that had been done

87

00:03:44,509 --> 00:03:42,060

already and so I was introduced for

88

00:03:47,630 --> 00:03:44,519

example uh in that course it was it was

89

00:03:49,850 --> 00:03:47,640

offered by a governor Douglas Dean

90

00:03:52,490 --> 00:03:49,860

um and I was introduced to the

91

00:03:54,530 --> 00:03:52,500

incredible healing work of Bernard grad

92

00:03:56,030 --> 00:03:54,540

who I think is the granddaddy of all

93

00:03:58,369 --> 00:03:56,040

Haley research

94

00:04:01,570 --> 00:03:58,379

um and when I when I came across grad

95

00:04:04,610 --> 00:04:01,580

stuff it just it really opened my eyes

96

00:04:06,949 --> 00:04:04,620

because here was a guy at McGill

97

00:04:09,110 --> 00:04:06,959

University in the medical school and

98

00:04:11,809 --> 00:04:09,120

Department of oncology who did

99

00:04:13,670 --> 00:04:11,819

conventional kinds of biological studies

100

00:04:20,689 --> 00:04:13,680

on

101  
00:04:24,290 --> 00:04:20,699  
and make it methodologically pure so

102  
00:04:25,730 --> 00:04:24,300  
growing up you know a curiosity about

103  
00:04:29,570 --> 00:04:25,740  
this and that because I'm a curious

104  
00:04:33,050 --> 00:04:29,580  
person uh but but nothing serious until

105  
00:04:35,210 --> 00:04:33,060  
probably the early 1970s yeah and I had

106  
00:04:36,830 --> 00:04:35,220  
never heard of Brad until I saw you

107  
00:04:39,590 --> 00:04:36,840  
speak about him and for folks who don't

108  
00:04:41,689 --> 00:04:39,600  
know there is a an article on Bill's

109  
00:04:43,670 --> 00:04:41,699  
website about the great grad

110  
00:04:47,450 --> 00:04:43,680  
and

111  
00:04:49,730 --> 00:04:47,460  
metaphysical churches where we did

112  
00:04:50,870 --> 00:04:49,740  
healing and things like that and and to

113  
00:04:53,510 --> 00:04:50,880

be honest with you I thought it was

114

00:04:55,189 --> 00:04:53,520

nonsense I never saw any experiments I

115

00:04:57,050 --> 00:04:55,199

dabbled in reading about it I'm like you

116

00:04:58,610 --> 00:04:57,060

know what there's no evidence for this

117

00:05:00,650 --> 00:04:58,620

and then I stumbled upon your work I'm

118

00:05:01,870 --> 00:05:00,660

like there is evidence for this so tell

119

00:05:04,850 --> 00:05:01,880

me about

120

00:05:07,730 --> 00:05:04,860

1970s I don't remember the year when you

121

00:05:11,030 --> 00:05:07,740

finally when you first met

122

00:05:14,030 --> 00:05:11,040

Ben marich and what were you doing at

123

00:05:16,810 --> 00:05:14,040

that time I was doing what what normally

124

00:05:19,909 --> 00:05:16,820

you do I was a lifeguard

125

00:05:21,650 --> 00:05:19,919

you know it's as I went from lifeguard

126

00:05:24,409 --> 00:05:21,660

to being a professor so I could avoid

127

00:05:25,730 --> 00:05:24,419

working so I've never actually had a job

128

00:05:28,610 --> 00:05:25,740

you know I just kind of flipped from

129

00:05:30,110 --> 00:05:28,620

this to that and and I had met him while

130

00:05:30,890 --> 00:05:30,120

I was lifeguarding at a pool in Great

131

00:05:33,730 --> 00:05:30,900

Neck

132

00:05:35,170 --> 00:05:33,740

uh and this was probably

133

00:05:38,090 --> 00:05:35,180

[Music]

134

00:05:40,969 --> 00:05:38,100

1971. I'm gonna make that up it was

135

00:05:43,189 --> 00:05:40,979

either 71-72 probably 71.

136

00:05:46,370 --> 00:05:43,199

um and he was he was a

137

00:05:47,930 --> 00:05:46,380

remember the pool and and I had heard

138

00:05:51,350 --> 00:05:47,940

that there was this

139

00:05:53,270 --> 00:05:51,360

psychic I had never met a psychic there

140

00:05:55,189 --> 00:05:53,280

was a psychic uh who was a member of the

141

00:05:57,890 --> 00:05:55,199

pool and I said I'd like to meet this

142

00:06:00,680 --> 00:05:57,900

psychic guy and so that's how I was

143

00:06:01,790 --> 00:06:00,690

introduced to him I I I I

144

00:06:04,610 --> 00:06:01,800

[Music]

145

00:06:07,310 --> 00:06:04,620

asked him about his psychic stuff he was

146

00:06:09,770 --> 00:06:07,320

probably in his late 40s at the time and

147

00:06:11,990 --> 00:06:09,780

he had told me that he had just

148

00:06:13,689 --> 00:06:12,000

discovered eight months previously that

149

00:06:16,610 --> 00:06:13,699

he was psychic

150

00:06:19,310 --> 00:06:16,620

and I said okay what does that mean and

151  
00:06:21,890 --> 00:06:19,320  
he said uh I can do reading I can't what

152  
00:06:24,710 --> 00:06:21,900  
we would call psychometry uh and I said

153  
00:06:27,350 --> 00:06:24,720  
okay let me let me let me give you a a

154  
00:06:29,090 --> 00:06:27,360  
take out for a ride see what happens so

155  
00:06:30,710 --> 00:06:29,100  
I handed him my wallet and I said hold

156  
00:06:33,050 --> 00:06:30,720  
the wallet and see what you get and he

157  
00:06:36,170 --> 00:06:33,060  
started to tell some stuff and I just

158  
00:06:37,850 --> 00:06:36,180  
said uh this is crazy stuff this is

159  
00:06:42,350 --> 00:06:37,860  
crazy stuff the stuff he was talking

160  
00:06:45,050 --> 00:06:42,360  
about was real uh and and and so it

161  
00:06:47,749 --> 00:06:45,060  
became it kind of instigated my rabbit

162  
00:06:49,510 --> 00:06:47,759  
curiosity to see if I could skeptically

163  
00:06:53,330 --> 00:06:49,520

make this guy go away

164

00:06:55,309 --> 00:06:53,340

so he here's a guy who can do readings

165

00:06:56,990 --> 00:06:55,319

and you give him psychometric things and

166

00:06:58,610 --> 00:06:57,000

he holds him and he gets Impressions

167

00:07:01,309 --> 00:06:58,620

let's see if we can do it under

168

00:07:04,610 --> 00:07:01,319

systematic conditions and and the the

169

00:07:06,370 --> 00:07:04,620

simple reality is I couldn't be

170

00:07:08,689 --> 00:07:06,380

anyway

171

00:07:10,670 --> 00:07:08,699

have you ever experienced anything like

172

00:07:13,249 --> 00:07:10,680

that before that

173

00:07:15,110 --> 00:07:13,259

I mean I had had hunches you know in

174

00:07:16,370 --> 00:07:15,120

this and intuition but I don't think out

175

00:07:17,930 --> 00:07:16,380

of the ordinary

176

00:07:19,730 --> 00:07:17,940

I don't think I'd be ordinary and this

177

00:07:21,830 --> 00:07:19,740

guy couldn't heal at the time or didn't

178

00:07:24,830 --> 00:07:21,840

know he could heal so he had just

179

00:07:26,089 --> 00:07:24,840

discovered uh that he was psychic you

180

00:07:27,830 --> 00:07:26,099

know and he was wandering around

181

00:07:29,809 --> 00:07:27,840

scratching his head going could this be

182

00:07:32,089 --> 00:07:29,819

real you know so the stuff was happening

183

00:07:34,490 --> 00:07:32,099

to him and I said well let me let me see

184

00:07:36,110 --> 00:07:34,500

if I can uh get take you out for a spin

185

00:07:38,930 --> 00:07:36,120

and see if we can make this thing go

186

00:07:41,629 --> 00:07:38,940

away and I started to design it at a

187

00:07:44,330 --> 00:07:41,639

very early age of double-blind studies

188

00:07:46,249 --> 00:07:44,340

uh whereas uh he was doing medical

189

00:07:48,350 --> 00:07:46,259

diagnoses of people in the hospital that

190

00:07:50,029 --> 00:07:48,360

he had never met and I could compare to

191

00:07:52,490 --> 00:07:50,039

the actual medical records probably

192

00:07:55,909 --> 00:07:52,500

against the law now but at the time this

193

00:07:57,770 --> 00:07:55,919

probably against the law then too but at

194

00:07:59,930 --> 00:07:57,780

the time we weren't caught and I'm sure

195

00:08:02,990 --> 00:07:59,940

the statute of limitations is over uh

196

00:08:05,570 --> 00:08:03,000

the short version is

197

00:08:07,490 --> 00:08:05,580

in opaque envelopes in opaque envelopes

198

00:08:10,070 --> 00:08:07,500

and opaque envelopes was somebody's

199

00:08:12,290 --> 00:08:10,080

patient signature we didn't know who it

200

00:08:13,430 --> 00:08:12,300

was and I would hand the big opaque

201  
00:08:15,290 --> 00:08:13,440  
envelopes I wouldn't know what it was

202  
00:08:16,550 --> 00:08:15,300  
I'd give it to him and I say why are

203  
00:08:18,409 --> 00:08:16,560  
they in the hospital

204  
00:08:19,850 --> 00:08:18,419  
and the question was could he get the

205  
00:08:22,309 --> 00:08:19,860  
diagnosis right

206  
00:08:25,369 --> 00:08:22,319  
and we did eight of these he got eight

207  
00:08:26,510 --> 00:08:25,379  
out of eight uh I I was all excited at

208  
00:08:28,010 --> 00:08:26,520  
one point because I thought he had

209  
00:08:30,290 --> 00:08:28,020  
missed one so I could go out and call

210  
00:08:32,690 --> 00:08:30,300  
him a loser but it turns out it was a

211  
00:08:34,430 --> 00:08:32,700  
misdiagnosis on the part of the hospital

212  
00:08:36,649 --> 00:08:34,440  
he was right the person was in the

213  
00:08:39,230 --> 00:08:36,659

hospital got discharged came back with

214

00:08:40,969 --> 00:08:39,240

his diagnosis

215

00:08:43,250 --> 00:08:40,979

and I said something interesting is

216

00:08:44,930 --> 00:08:43,260

going on here

217

00:08:46,610 --> 00:08:44,940

um and I couldn't couldn't make the

218

00:08:48,470 --> 00:08:46,620

effect go away in all the work you've

219

00:08:50,690 --> 00:08:48,480

done over the years is he probably is he

220

00:08:53,449 --> 00:08:50,700

the most impressive intuitive psychic

221

00:08:55,730 --> 00:08:53,459

you've ever worked with or come across I

222

00:08:58,310 --> 00:08:55,740

I would say I mean since he he was in

223

00:09:01,070 --> 00:08:58,320

his late 40s at the time and he had only

224

00:09:03,470 --> 00:09:01,080

done it eight you know eight months

225

00:09:05,329 --> 00:09:03,480

earlier you know I I don't know what the

226

00:09:06,769 --> 00:09:05,339

rest of his life was really like you

227

00:09:09,050 --> 00:09:06,779

know again you start collecting

228

00:09:10,730 --> 00:09:09,060

anecdotes and sometimes you're not sure

229

00:09:12,949 --> 00:09:10,740

what to do with it or sometimes it

230

00:09:15,350 --> 00:09:12,959

reinforces your belief and all that I'm

231

00:09:16,970 --> 00:09:15,360

not a major follower of anecdote I like

232

00:09:18,769 --> 00:09:16,980

to do things that are you know like

233

00:09:21,350 --> 00:09:18,779

here's a protocol here's the study

234

00:09:24,350 --> 00:09:21,360

here's how we do it you know and and so

235

00:09:29,329 --> 00:09:24,360

I'm kind of rigid and lab focused and

236

00:09:31,370 --> 00:09:29,339

was even back then uh he's probably

237

00:09:33,470 --> 00:09:31,380

he's got to be up there you know I I

238

00:09:35,570 --> 00:09:33,480

don't have a psychic meter all right

239

00:09:37,910 --> 00:09:35,580

this guy was seriously impressive and

240

00:09:40,070 --> 00:09:37,920

I'm a car character

241

00:09:42,410 --> 00:09:40,080

um but I I couldn't beat this guy

242

00:09:44,269 --> 00:09:42,420

and so your back is hurting you're

243

00:09:46,009 --> 00:09:44,279

swimming talk about your swimming and

244

00:09:48,470 --> 00:09:46,019

how it affected your back affected your

245

00:09:50,449 --> 00:09:48,480

swimming and how Ben Benjamin Benjamin

246

00:09:54,949 --> 00:09:50,459

mayrick right that's his name Bennett

247

00:09:57,110 --> 00:09:54,959

Ben Bennett yep Bennett sorry

248

00:09:59,090 --> 00:09:57,120

um yeah I I had had a bad back for years

249

00:10:02,389 --> 00:09:59,100

I was a competitive swimmer I had a

250

00:10:04,130 --> 00:10:02,399

college scholarship and and all of this

251  
00:10:05,750 --> 00:10:04,140  
um and I was in pain most of the time I

252  
00:10:08,030 --> 00:10:05,760  
had a bad back you know a lot of people

253  
00:10:10,310 --> 00:10:08,040  
have lower back pain but I was a

254  
00:10:12,530 --> 00:10:10,320  
butterflyer and it's not good for a

255  
00:10:15,110 --> 00:10:12,540  
butterfly to have a bad pack or a week

256  
00:10:17,389 --> 00:10:15,120  
back after about 100 meters it just

257  
00:10:19,490 --> 00:10:17,399  
wasn't working anymore

258  
00:10:22,070 --> 00:10:19,500  
um and so I I spent a good chunk of my

259  
00:10:23,570 --> 00:10:22,080  
time trying to be in a position that I

260  
00:10:25,430 --> 00:10:23,580  
wasn't in pain you know I mean you've

261  
00:10:28,310 --> 00:10:25,440  
seen people in pain and they're trying

262  
00:10:33,350 --> 00:10:30,710  
um I I was the first healing this guy

263  
00:10:36,009 --> 00:10:33,360

ever did we were sitting in someone's

264

00:10:39,110 --> 00:10:36,019

kitchen uh and I was telling him about

265

00:10:42,170 --> 00:10:39,120

uh he was telling me about readings that

266

00:10:45,889 --> 00:10:42,180

he had recently done as an anecdote and

267

00:10:47,870 --> 00:10:45,899

he he was describing uh what some what

268

00:10:49,490 --> 00:10:47,880

happened in some of his readings if he

269

00:10:51,590 --> 00:10:49,500

did a reading on someone and they were

270

00:10:53,530 --> 00:10:51,600

in physical pain or they had some

271

00:10:56,449 --> 00:10:53,540

sickness

272

00:10:58,970 --> 00:10:56,459

reported to him and then eventually

273

00:11:00,530 --> 00:10:58,980

reported to us when he was doing the

274

00:11:02,509 --> 00:11:00,540

reading they didn't have to be present

275

00:11:05,810 --> 00:11:02,519

but they would have some health benefit

276

00:11:08,030 --> 00:11:05,820

from it and so people who were in pain

277

00:11:09,829 --> 00:11:08,040

started to have pain reduced and all of

278

00:11:11,150 --> 00:11:09,839

that he wasn't trying to do that he was

279

00:11:13,610 --> 00:11:11,160

just doing readings

280

00:11:16,370 --> 00:11:13,620

uh but in the readings there were

281

00:11:18,590 --> 00:11:16,380

physical effects and and so I who was in

282

00:11:21,050 --> 00:11:18,600

pain at the time and spent most of the

283

00:11:24,170 --> 00:11:21,060

day in pain said you know what an idiot

284

00:11:27,110 --> 00:11:24,180

asked this guy for a healing so I said

285

00:11:29,810 --> 00:11:27,120

you know schmuck do this fix my back and

286

00:11:31,130 --> 00:11:29,820

he said how and I said I don't know put

287

00:11:33,110 --> 00:11:31,140

your hands on my back so I went and I

288

00:11:34,910 --> 00:11:33,120

leaned over a kitchen table and I put it

289

00:11:36,470 --> 00:11:34,920

on and he said what do I do now I said

290

00:11:39,230 --> 00:11:36,480

put your hands on my back

291

00:11:43,610 --> 00:11:39,240

put his hands on my back and it felt

292

00:11:45,350 --> 00:11:43,620

like first heat then Novocaine and then

293

00:11:48,410 --> 00:11:45,360

like novocaine wearing off from the

294

00:11:51,650 --> 00:11:48,420

perimeter it it eventually wore off over

295

00:11:54,290 --> 00:11:51,660

a course of making this up 15 minutes

296

00:11:55,790 --> 00:11:54,300

uh and the novocaine feeling for this my

297

00:11:58,610 --> 00:11:55,800

last back pain

298

00:12:01,310 --> 00:11:58,620

and so I'm left with

299

00:12:03,769 --> 00:12:01,320

this is interesting

300

00:12:05,690 --> 00:12:03,779

so the I mean you got you got two ways

301  
00:12:06,710 --> 00:12:05,700  
to go if something like this happens to

302  
00:12:09,530 --> 00:12:06,720  
you

303  
00:12:10,850 --> 00:12:09,540  
the most common I I think and maybe the

304  
00:12:13,250 --> 00:12:10,860  
most appropriate I'm not sure but the

305  
00:12:15,350 --> 00:12:13,260  
most common response will be walk away

306  
00:12:17,750 --> 00:12:15,360  
you know you know keep it to yourself

307  
00:12:20,269 --> 00:12:17,760  
zip it move away and it was probably

308  
00:12:22,970 --> 00:12:20,279  
just you know suggestion anyway you know

309  
00:12:25,730 --> 00:12:22,980  
the pain will eventually come back uh or

310  
00:12:27,290 --> 00:12:25,740  
two you you dive in you try to figure

311  
00:12:29,030 --> 00:12:27,300  
out what heaven's name just happened to

312  
00:12:30,410 --> 00:12:29,040  
you and for better for worse I went down

313  
00:12:32,690 --> 00:12:30,420

the second Road

314

00:12:35,090 --> 00:12:32,700

you know what in Heaven's name happened

315

00:12:36,650 --> 00:12:35,100

did did you did you go to people and you

316

00:12:38,870 --> 00:12:36,660

know friends and family and say you're

317

00:12:41,750 --> 00:12:38,880

not going to bully what happened to us

318

00:12:42,769 --> 00:12:41,760

yeah and they didn't uh and I didn't

319

00:12:44,629 --> 00:12:42,779

blame them

320

00:12:47,870 --> 00:12:44,639

um and and then I started to drag people

321

00:12:51,350 --> 00:12:47,880

in there who had physical problems

322

00:12:53,750 --> 00:12:51,360

um and we found out very early and and

323

00:12:56,329 --> 00:12:53,760

it basically me obsessing about how do I

324

00:12:58,750 --> 00:12:56,339

study this how do I do this you know

325

00:13:01,850 --> 00:12:58,760

um and and so we started out on people

326

00:13:03,350 --> 00:13:01,860

uh and we found you know there were

327

00:13:04,550 --> 00:13:03,360

patterns there were some things he was

328

00:13:06,530 --> 00:13:04,560

particularly good at there were some

329

00:13:08,930 --> 00:13:06,540

things he wasn't so good at he was good

330

00:13:11,810 --> 00:13:08,940

at malignancies he wasn't good at benign

331

00:13:14,269 --> 00:13:11,820

growth uh just as an example and that

332

00:13:17,150 --> 00:13:14,279

incidentally continues to this day

333

00:13:19,670 --> 00:13:17,160

uh so it's not it's not magic it's not

334

00:13:22,670 --> 00:13:19,680

miraculous it's nothing like that it is

335

00:13:25,370 --> 00:13:22,680

amenable to scientific inquiry uh it's

336

00:13:28,790 --> 00:13:25,380

just that it's kind of a new field in

337

00:13:31,490 --> 00:13:28,800

terms of systematic data and you know

338

00:13:33,110 --> 00:13:31,500

people still make up a lot of stuff

339

00:13:34,490 --> 00:13:33,120

how did you figure out how did you

340

00:13:36,069 --> 00:13:34,500

figure out what he was doing I don't

341

00:13:38,329 --> 00:13:36,079

know if I've ever heard you speak about

342

00:13:40,490 --> 00:13:38,339

specifically you sit down with Ben and

343

00:13:42,829 --> 00:13:40,500

you say Okay Ben let's figure out

344

00:13:44,389 --> 00:13:42,839

exactly what you're doing so maybe we

345

00:13:45,970 --> 00:13:44,399

can teach it to me and we can teach it

346

00:13:49,490 --> 00:13:45,980

to other people so how did that work

347

00:13:52,550 --> 00:13:49,500

well this is going to truncate I hung

348

00:13:55,610 --> 00:13:52,560

out with them for a couple of years uh

349

00:13:57,550 --> 00:13:55,620

and uh we we did a lot of stuff together

350

00:14:01,250 --> 00:13:57,560

and uh

351

00:14:03,710 --> 00:14:01,260

uh I I my my main job was to ask a lot

352

00:14:06,889 --> 00:14:03,720

of questions I'm I'm an annoying

353

00:14:09,230 --> 00:14:06,899

question questioner

354

00:14:12,530 --> 00:14:09,240

um and his job was to go with his

355

00:14:14,750 --> 00:14:12,540

intuitive gut and figure out

356

00:14:17,870 --> 00:14:14,760

um not figure out but just kind of blurt

357

00:14:20,750 --> 00:14:17,880

out the answer and so my task was to ask

358

00:14:22,430 --> 00:14:20,760

the right series of questions to get the

359

00:14:24,949 --> 00:14:22,440

right answers you had to be really

360

00:14:27,290 --> 00:14:24,959

specific and really Concrete in terms of

361

00:14:29,569 --> 00:14:27,300

the kinds of things you asked uh and

362

00:14:32,690 --> 00:14:29,579

then you get a very explicit answer but

363

00:14:35,329 --> 00:14:32,700

he didn't know and he was kind of like a

364

00:14:37,970 --> 00:14:35,339

intuitive who responded to the questions

365

00:14:40,790 --> 00:14:37,980

and I was basically the main questioner

366

00:14:44,090 --> 00:14:40,800

and and the thrust of it was

367

00:14:45,829 --> 00:14:44,100

how how unique is he and could anybody

368

00:14:49,550 --> 00:14:45,839

do what he's doing you know I mean that

369

00:14:52,009 --> 00:14:49,560

that that's from whence it it stems and

370

00:14:54,650 --> 00:14:52,019

his answer uh sometimes he didn't like

371

00:14:57,230 --> 00:14:54,660

his own answers but his answer uh was

372

00:14:58,550 --> 00:14:57,240

yeah yeah anybody could do this

373

00:15:00,350 --> 00:14:58,560

um and then you know the follow-up

374

00:15:02,870 --> 00:15:00,360

question is well what do you have to do

375

00:15:05,329 --> 00:15:02,880

and what's involved and what would like

376

00:15:07,250 --> 00:15:05,339

a novice come in from the outside what

377

00:15:09,530 --> 00:15:07,260

would they have to do and so the

378

00:15:13,069 --> 00:15:09,540

dialogue that I had with him over the

379

00:15:14,990 --> 00:15:13,079

course of many many months is yeah man I

380

00:15:16,850 --> 00:15:15,000

can't give you all the details but it

381

00:15:20,030 --> 00:15:16,860

came up with the the system that we have

382

00:15:22,870 --> 00:15:20,040

now that that I teach in workshops and I

383

00:15:25,310 --> 00:15:22,880

use in experiments uh so it it it

384

00:15:28,430 --> 00:15:25,320

becomes this this cycling technique

385

00:15:33,110 --> 00:15:28,440

which is very rapid Imaging uh

386

00:15:35,269 --> 00:15:33,120

um and and so this has this has uh the

387

00:15:36,650 --> 00:15:35,279

plot came out of the dialogue I had with

388

00:15:39,050 --> 00:15:36,660

Ben

389

00:15:41,629 --> 00:15:39,060

I mean we were co-creators of it

390

00:15:43,850 --> 00:15:41,639

co-creators and then

391

00:15:45,470 --> 00:15:43,860

I'm just gonna I'm sorry I was gonna ask

392

00:15:47,629 --> 00:15:45,480

you something and I forgot

393

00:15:50,210 --> 00:15:47,639

um about Ben teaching you

394

00:15:52,750 --> 00:15:50,220

um when did you

395

00:15:56,750 --> 00:15:52,760

you decide to take this into the lab

396

00:15:58,910 --> 00:15:56,760

and he's going to be your healer

397

00:16:01,430 --> 00:15:58,920

and just talk about what happened and

398

00:16:03,590 --> 00:16:01,440

how he came through it flying colors and

399

00:16:05,870 --> 00:16:03,600

you just watched him heal all these mice

400

00:16:07,850 --> 00:16:05,880

and how that didn't really happen it

401  
00:16:09,769 --> 00:16:07,860  
really happened didn't really happen

402  
00:16:11,990 --> 00:16:09,779  
um the the

403  
00:16:14,150 --> 00:16:12,000  
um I watched I watched a few hundred

404  
00:16:16,490 --> 00:16:14,160  
healings of humans

405  
00:16:18,530 --> 00:16:16,500  
uh and that's what that's what I was

406  
00:16:20,090 --> 00:16:18,540  
gonna say sorry oh bankston's talking

407  
00:16:22,189 --> 00:16:20,100  
about healing humans there's no evidence

408  
00:16:23,750 --> 00:16:22,199  
for this these are anecdotal stories so

409  
00:16:25,550 --> 00:16:23,760  
that's the skeptical side so how do you

410  
00:16:27,350 --> 00:16:25,560  
respond to that oh I would say be

411  
00:16:29,210 --> 00:16:27,360  
skeptical you should always be skeptical

412  
00:16:31,790 --> 00:16:29,220  
I mean this the stuff I'm talking about

413  
00:16:33,110 --> 00:16:31,800

is crazy uh you know this doesn't make

414

00:16:35,509 --> 00:16:33,120

any sense and I don't pretend to

415

00:16:38,210 --> 00:16:35,519

understand it I can use it I can't make

416

00:16:40,610 --> 00:16:38,220

it stop you know so I'm I'm in a weird

417

00:16:43,069 --> 00:16:40,620

spot where I am a car carrying skeptic I

418

00:16:46,970 --> 00:16:43,079

remain a skeptic to this day

419

00:16:49,790 --> 00:16:46,980

um but I the stuff just continues so

420

00:16:52,550 --> 00:16:49,800

whatever it is a skeptic isn't someone

421

00:16:54,889 --> 00:16:52,560

who's a disbeliever that's a believer

422

00:16:57,110 --> 00:16:54,899

a skeptic if someone is open

423

00:16:59,629 --> 00:16:57,120

uh who doesn't pretend to know all the

424

00:17:00,829 --> 00:16:59,639

answers uh Believers pretend to know all

425

00:17:02,030 --> 00:17:00,839

the answers and there are people who

426

00:17:03,410 --> 00:17:02,040

believe everything is true and there's

427

00:17:06,289 --> 00:17:03,420

people who believe everything is false

428

00:17:07,970 --> 00:17:06,299

they're both Believers I'm really in the

429

00:17:11,210 --> 00:17:07,980

middle and I I am a skeptic and I'd

430

00:17:13,610 --> 00:17:11,220

recommend that as a as a good

431

00:17:15,770 --> 00:17:13,620

approach to to things which are

432

00:17:17,390 --> 00:17:15,780

outlandish and what I'm saying is

433

00:17:19,549 --> 00:17:17,400

outlandish you know I mean it really is

434

00:17:20,990 --> 00:17:19,559

if you were saying it I'd sit there go

435

00:17:24,350 --> 00:17:21,000

come on I mean I wouldn't I wouldn't

436

00:17:27,289 --> 00:17:24,360

default to believe in you but I watched

437

00:17:29,090 --> 00:17:27,299

for my own edification a few hundred

438

00:17:31,850 --> 00:17:29,100

healings

439

00:17:33,350 --> 00:17:31,860

and I watched and then I took part in a

440

00:17:37,130 --> 00:17:33,360

few hundred healings

441

00:17:39,110 --> 00:17:37,140

and then I realized that no matter how

442

00:17:41,150 --> 00:17:39,120

many hundreds of healings you have

443

00:17:44,450 --> 00:17:41,160

it's not the same as having something

444

00:17:47,870 --> 00:17:44,460

that is systematic and controlled

445

00:17:49,310 --> 00:17:47,880

and so I got frustrated I got frustrated

446

00:17:51,049 --> 00:17:49,320

by a lot of things but among the things

447

00:17:52,909 --> 00:17:51,059

I got frustrated by was people's

448

00:17:56,870 --> 00:17:52,919

reaction to this stuff

449

00:17:59,930 --> 00:17:56,880

uh so even the people who were healed

450

00:18:02,450 --> 00:17:59,940

the the most bizarre responses I mean

451  
00:18:04,070 --> 00:18:02,460  
they they were they were started to deny

452  
00:18:06,049 --> 00:18:04,080  
that they were healed they would they

453  
00:18:08,510 --> 00:18:06,059  
would forget that they were ever sick I

454  
00:18:12,650 --> 00:18:08,520  
mean people are screwing and the the

455  
00:18:15,350 --> 00:18:12,660  
biggest problem I had in my simple brain

456  
00:18:17,450 --> 00:18:15,360  
he said I can't

457  
00:18:18,890 --> 00:18:17,460  
I can't unravel what happens in a

458  
00:18:21,289 --> 00:18:18,900  
clinical test

459  
00:18:23,330 --> 00:18:21,299  
meaning a person comes in and I'm

460  
00:18:25,070 --> 00:18:23,340  
oversimplifying person comes in you do

461  
00:18:27,049 --> 00:18:25,080  
you know whatever your healing stick is

462  
00:18:29,330 --> 00:18:27,059  
and the person leaves and they're better

463  
00:18:32,150 --> 00:18:29,340

or the the healing starts or you know

464

00:18:35,330 --> 00:18:32,160

something along those lines uh but it it

465

00:18:37,310 --> 00:18:35,340

it healing happens

466

00:18:39,049 --> 00:18:37,320

what did it

467

00:18:42,049 --> 00:18:39,059

you know what I mean healing happens

468

00:18:43,850 --> 00:18:42,059

without healers so what what might be

469

00:18:48,230 --> 00:18:43,860

the conditions that bring about healing

470

00:18:51,830 --> 00:18:49,970

um it it could be

471

00:18:53,570 --> 00:18:51,840

something they ate it could be something

472

00:18:55,310 --> 00:18:53,580

they didn't eat you know it could be I

473

00:18:56,990 --> 00:18:55,320

mean you can think of it so you you come

474

00:18:59,870 --> 00:18:57,000

in I mean you know in some of it's

475

00:19:02,450 --> 00:18:59,880

stupid I I understand that in my case I

476

00:19:03,830 --> 00:19:02,460

was in pain for years and this this guy

477

00:19:05,750 --> 00:19:03,840

comes along puts his hands on my back

478

00:19:07,250 --> 00:19:05,760

and I'm not in pain anymore that's a

479

00:19:08,330 --> 00:19:07,260

little too coincidental you know I'm not

480

00:19:10,190 --> 00:19:08,340

gonna say that's because of the English

481

00:19:11,810 --> 00:19:10,200

muffin I had in the morning right you

482

00:19:13,730 --> 00:19:11,820

can always I mean you can always say

483

00:19:15,770 --> 00:19:13,740

it's like well that's just a coincidence

484

00:19:18,110 --> 00:19:15,780

I think you've spoken about you you've

485

00:19:20,630 --> 00:19:18,120

even had cases of gangrene which do not

486

00:19:22,490 --> 00:19:20,640

yeah we had we had a gangrene case of a

487

00:19:24,950 --> 00:19:22,500

woman gonna have her foot taken off and

488

00:19:28,789 --> 00:19:24,960

and the gangrene went away that that's

489

00:19:31,730 --> 00:19:28,799

that's hard to but even even then

490

00:19:35,210 --> 00:19:31,740

um uh we couldn't get people in

491

00:19:37,430 --> 00:19:35,220

Authority Physicians and such to be

492

00:19:40,549 --> 00:19:37,440

interested in following that up

493

00:19:42,169 --> 00:19:40,559

so the gangrene doc said

494

00:19:44,270 --> 00:19:42,179

flop on the floor you know what in

495

00:19:46,190 --> 00:19:44,280

Heaven's name is going on here I you

496

00:19:48,890 --> 00:19:46,200

don't have gangrene anymore

497

00:19:51,289 --> 00:19:48,900

when asked would you like to understand

498

00:19:53,690 --> 00:19:51,299

or see what happened to this

499

00:19:55,490 --> 00:19:53,700

the answer was at least honest the

500

00:19:58,130 --> 00:19:55,500

answer was no

501  
00:19:59,570 --> 00:19:58,140  
and why not because it doesn't you know

502  
00:20:01,130 --> 00:19:59,580  
I mean what do you do with that you know

503  
00:20:03,350 --> 00:20:01,140  
what what's the upside if you're a

504  
00:20:05,750 --> 00:20:03,360  
physician to saying gangrene

505  
00:20:07,190 --> 00:20:05,760  
spontaneously remitted you know that

506  
00:20:08,750 --> 00:20:07,200  
that's not going to sell

507  
00:20:10,010 --> 00:20:08,760  
uh you're not going to do anything for

508  
00:20:11,450 --> 00:20:10,020  
your professional standing you're not

509  
00:20:13,850 --> 00:20:11,460  
going to do anything for any standing

510  
00:20:15,289 --> 00:20:13,860  
and and what was the mechanism of action

511  
00:20:16,730 --> 00:20:15,299  
so to speak and the answer is I don't

512  
00:20:19,250 --> 00:20:16,740  
know

513  
00:20:20,990 --> 00:20:19,260

and so until you dive deeper into that

514

00:20:23,810 --> 00:20:21,000

kind of stuff

515

00:20:27,350 --> 00:20:23,820

the the person on the outside usually

516

00:20:30,770 --> 00:20:27,360

doesn't have a professional upside to

517

00:20:34,570 --> 00:20:32,930

and

518

00:20:37,490 --> 00:20:34,580

you know it's

519

00:20:39,529 --> 00:20:37,500

I'm sorry I lost my train of thought I

520

00:20:42,110 --> 00:20:39,539

wanna talk about

521

00:20:43,490 --> 00:20:42,120

and I know I know a lot of doctors who

522

00:20:44,870 --> 00:20:43,500

don't want anything to do with this

523

00:20:46,190 --> 00:20:44,880

because like you said it's a career

524

00:20:47,990 --> 00:20:46,200

Buster

525

00:20:51,110 --> 00:20:48,000

um there are people there are people who

526  
00:20:53,810 --> 00:20:51,120  
all who are involved in alternative

527  
00:20:55,549 --> 00:20:53,820  
healing and I've I've run this by some

528  
00:20:58,070 --> 00:20:55,559  
of them and even that even they are

529  
00:21:00,590 --> 00:20:58,080  
skeptical about this I I can't get

530  
00:21:02,270 --> 00:21:00,600  
interest from folks in the UFO World

531  
00:21:04,970 --> 00:21:02,280  
folks even folks in the alternative

532  
00:21:07,430 --> 00:21:04,980  
healing World they struggle to hear this

533  
00:21:09,049 --> 00:21:07,440  
to accept it because as you said it's

534  
00:21:10,669 --> 00:21:09,059  
crazy it's ridiculous and we haven't

535  
00:21:13,310 --> 00:21:10,679  
even gotten to the best stuff which will

536  
00:21:14,750 --> 00:21:13,320  
come later when Dean joins us but so

537  
00:21:18,470 --> 00:21:14,760  
fast forward

538  
00:21:20,450 --> 00:21:18,480

you and Ben here's an answer to your you

539

00:21:22,490 --> 00:21:20,460

know how why'd you get it why'd you go

540

00:21:25,070 --> 00:21:22,500

into the lab it's it's I've watched a

541

00:21:26,029 --> 00:21:25,080

couple hundred get healed I watched and

542

00:21:28,010 --> 00:21:26,039

then what you know I'm I'm

543

00:21:30,110 --> 00:21:28,020

oversimplifying it it's not it's not

544

00:21:32,570 --> 00:21:30,120

miraculous it's not magical it's not

545

00:21:35,390 --> 00:21:32,580

instantaneous sometimes it was but

546

00:21:38,510 --> 00:21:35,400

what happened to me in my back was rare

547

00:21:41,690 --> 00:21:38,520

in the sense that it fixed right away uh

548

00:21:43,370 --> 00:21:41,700

most Healing Begins a process it's not

549

00:21:45,370 --> 00:21:43,380

you know wave your you know the sky

550

00:21:48,590 --> 00:21:45,380

opens and a lightning bolt hits you

551  
00:21:51,230 --> 00:21:48,600  
healing accelerates or Healing Begins

552  
00:21:53,090 --> 00:21:51,240  
where otherwise would not have begun you

553  
00:21:55,370 --> 00:21:53,100  
know something long there's patterns

554  
00:21:57,590 --> 00:21:55,380  
that go on but I couldn't unravel them

555  
00:22:00,350 --> 00:21:57,600  
clinically because I I can't control the

556  
00:22:02,630 --> 00:22:00,360  
environment so you come in and you have

557  
00:22:05,450 --> 00:22:02,640  
the growth you have a pain you have a

558  
00:22:08,210 --> 00:22:05,460  
whatever you got and and someone

559  
00:22:11,570 --> 00:22:08,220  
um someone comes along and and does

560  
00:22:13,789 --> 00:22:11,580  
Hocus Pocus and and then you get fixed

561  
00:22:15,169 --> 00:22:13,799  
over some length of time usually you get

562  
00:22:18,049 --> 00:22:15,179  
fixed

563  
00:22:20,330 --> 00:22:18,059

what did it you know again was it time

564

00:22:23,090 --> 00:22:20,340

was it diet was it change diet was it

565

00:22:26,090 --> 00:22:23,100

was it was it was it was it you know and

566

00:22:28,549 --> 00:22:26,100

and all of that and the answer is you

567

00:22:31,190 --> 00:22:28,559

can't you you don't know and and that's

568

00:22:34,310 --> 00:22:31,200

why you know frankly medicine is an art

569

00:22:36,049 --> 00:22:34,320

it's it's not a science it's an art

570

00:22:38,630 --> 00:22:36,059

um there's a whole lot of guesswork and

571

00:22:40,730 --> 00:22:38,640

and clinical stuff is really

572

00:22:43,610 --> 00:22:40,740

I call it soft

573

00:22:46,130 --> 00:22:43,620

and I was growing tired of the softness

574

00:22:49,730 --> 00:22:46,140

of it all because I am a skeptic

575

00:22:53,690 --> 00:22:49,740

um and and so I I met a guy became a

576

00:22:57,950 --> 00:22:53,700

good friend uh at Ben's named Dave's

577

00:22:59,690 --> 00:22:57,960

creamsley uh pretty well-known geologist

578

00:23:01,130 --> 00:22:59,700

um and we were both sitting there going

579

00:23:02,930 --> 00:23:01,140

what do we do with these stories you

580

00:23:05,930 --> 00:23:02,940

know what you know they're cute they're

581

00:23:08,390 --> 00:23:05,940

fun uh but that that's not gonna lend

582

00:23:10,610 --> 00:23:08,400

itself to anything and we both decided

583

00:23:11,690 --> 00:23:10,620

basically on the spot we need to go to

584

00:23:13,370 --> 00:23:11,700

the lab

585

00:23:15,710 --> 00:23:13,380

and we need to do this stuff under

586

00:23:17,930 --> 00:23:15,720

seriously controlled conditions and see

587

00:23:19,370 --> 00:23:17,940

what happens because we're missing

588

00:23:20,630 --> 00:23:19,380

something and we're not going to unravel

589

00:23:21,649 --> 00:23:20,640

it no matter how many hundreds of people

590

00:23:23,390 --> 00:23:21,659

get better

591

00:23:24,830 --> 00:23:23,400

if you're looking to understand the

592

00:23:26,029 --> 00:23:24,840

stuff you're not going to get there

593

00:23:27,710 --> 00:23:26,039

clinically

594

00:23:29,330 --> 00:23:27,720

you're going to have clinical experience

595

00:23:31,010 --> 00:23:29,340

you'll have clinical anecdote but you're

596

00:23:33,470 --> 00:23:31,020

not going to have anything that would

597

00:23:35,930 --> 00:23:33,480

stand up to experimental scrutiny

598

00:23:38,149 --> 00:23:35,940

and I wanted something that was

599

00:23:40,430 --> 00:23:38,159

without account without a viable counter

600

00:23:45,110 --> 00:23:40,440

hypothesis I believe I looked up Dave

601  
00:23:47,270 --> 00:23:45,120  
crinsley past in 2018 at 90. yeah

602  
00:23:49,490 --> 00:23:47,280  
so I know he was instrumental in your

603  
00:23:53,230 --> 00:23:49,500  
early Dave Dave was one of the biggest

604  
00:23:58,010 --> 00:23:55,669  
in a whole lot of different ways he was

605  
00:24:00,049 --> 00:23:58,020  
just uh he was the guy you know that

606  
00:24:02,330 --> 00:24:00,059  
really changed the trajectory of where I

607  
00:24:03,950 --> 00:24:02,340  
was going and what I was doing and and

608  
00:24:05,750 --> 00:24:03,960  
all of that so we went from you know

609  
00:24:07,970 --> 00:24:05,760  
soft kind of stuff to harder kind of

610  
00:24:11,450 --> 00:24:07,980  
stuff he's the one who made me go out

611  
00:24:13,370 --> 00:24:11,460  
not made me but encouraged me to go out

612  
00:24:15,470 --> 00:24:13,380  
and get a PhD so people would take take

613  
00:24:17,570 --> 00:24:15,480

me a little more seriously than if I'm

614

00:24:19,010 --> 00:24:17,580

just coming off the street he's the one

615

00:24:21,409 --> 00:24:19,020

he's the one he's the one who paid for

616

00:24:24,169 --> 00:24:21,419

the initial lab he's the one you know he

617

00:24:27,350 --> 00:24:24,179

without him this wouldn't happen

618

00:24:28,970 --> 00:24:27,360

so take me to the experiment setup

619

00:24:31,789 --> 00:24:28,980

Queen's college or was it City

620

00:24:34,430 --> 00:24:31,799

University of New York I know

621

00:24:37,070 --> 00:24:34,440

Queens is a campus of City University

622

00:24:39,350 --> 00:24:37,080

okay so Ben is the Healer everything's

623

00:24:43,190 --> 00:24:39,360

ready to go everything's set well I I

624

00:24:47,330 --> 00:24:45,350

I think that's I'd be happy to show you

625

00:24:51,230 --> 00:24:47,340

know exception but the short version was

626

00:24:53,210 --> 00:24:51,240

we here we've got this soft anecdote of

627

00:24:55,250 --> 00:24:53,220

person after person after person coming

628

00:24:57,049 --> 00:24:55,260

in to be you know get get treated and

629

00:24:59,029 --> 00:24:57,059

healed and all that stuff and it's cute

630

00:25:01,130 --> 00:24:59,039

and we got a good long list of you know

631

00:25:03,529 --> 00:25:01,140

stories we could tell a bunch of stories

632

00:25:04,909 --> 00:25:03,539

for a lot of time uh but the question

633

00:25:07,190 --> 00:25:04,919

was how do you come up with something

634

00:25:09,350 --> 00:25:07,200

that doesn't have really a viable

635

00:25:12,770 --> 00:25:09,360

counter hypothesis that no matter how

636

00:25:17,330 --> 00:25:15,289

the data will rule you know I mean

637

00:25:20,090 --> 00:25:17,340

that's really the question

638

00:25:23,450 --> 00:25:20,100

so once again it was Dave Chrisley who

639

00:25:26,570 --> 00:25:23,460

was uh pretty well-known guy you know in

640

00:25:28,789 --> 00:25:26,580

in scientific circles he got uh somebody

641

00:25:31,970 --> 00:25:28,799

the the head of the biology department

642

00:25:34,310 --> 00:25:31,980

at City University uh and said I want

643

00:25:36,950 --> 00:25:34,320

you to I want to do a test that has no

644

00:25:38,750 --> 00:25:36,960

counter hypothesis you know that that we

645

00:25:41,990 --> 00:25:38,760

you can't say oh well it's you know it's

646

00:25:43,730 --> 00:25:42,000

cute but what do you got and he said uh

647

00:25:45,590 --> 00:25:43,740

first of all this is crazy anybody who

648

00:25:47,390 --> 00:25:45,600

thinks that you can heal you know his

649

00:25:49,789 --> 00:25:47,400

nuts you know so we had a non-believing

650

00:25:52,610 --> 00:25:49,799

head of the biology Department we had

651  
00:25:54,890 --> 00:25:52,620  
Skeptics all over the place and and the

652  
00:25:57,350 --> 00:25:54,900  
biology Department uh said yeah we'll do

653  
00:25:59,750 --> 00:25:57,360  
it because you're Dave princely

654  
00:26:02,570 --> 00:25:59,760  
um and you know pretty pretty well-known

655  
00:26:04,789 --> 00:26:02,580  
guy and what he did

656  
00:26:06,950 --> 00:26:04,799  
the the head of the bio Department said

657  
00:26:09,409 --> 00:26:06,960  
I've got someone in my department who's

658  
00:26:11,930 --> 00:26:09,419  
been working on a mammary cancer for 20

659  
00:26:19,130 --> 00:26:15,649  
the mammary cancer will kill the mouse

660  
00:26:21,950 --> 00:26:19,140  
if you can fix a mouse I'm any Mouse if

661  
00:26:24,169 --> 00:26:21,960  
you can fix a mouse or make it live to a

662  
00:26:25,909 --> 00:26:24,179  
certain length of time there's no viable

663  
00:26:28,070 --> 00:26:25,919

counter hypothesis we have literally

664

00:26:29,990 --> 00:26:28,080

thousands of experiments on this mouse

665

00:26:31,669 --> 00:26:30,000

what have they did they do any

666

00:26:34,070 --> 00:26:31,679

experiments even up till now where they

667

00:26:36,529 --> 00:26:34,080

use chemo or drugs or radiation with

668

00:26:38,390 --> 00:26:36,539

which allow those mice to live beyond 27

669

00:26:40,370 --> 00:26:38,400

days I know that's the maximum lifespan

670

00:26:41,990 --> 00:26:40,380

when they happen what you're dealing

671

00:26:44,390 --> 00:26:42,000

with here it depends on the model of

672

00:26:46,010 --> 00:26:44,400

mouse that you're willing so I mean if

673

00:26:48,350 --> 00:26:46,020

you're doing cancer research in a lab

674

00:26:50,390 --> 00:26:48,360

you're basically you got a catalog of

675

00:26:52,730 --> 00:26:50,400

mouse and type of mouse and type of

676  
00:26:55,669 --> 00:26:52,740  
cancer and all this stuff so all my

677  
00:26:57,769 --> 00:26:55,679  
stone have the same length of time they

678  
00:26:59,330 --> 00:26:57,779  
can live it depends on who you're you

679  
00:27:01,370 --> 00:26:59,340  
know which kind of mouse you're dealing

680  
00:27:03,710 --> 00:27:01,380  
with somewhere faster some are slower

681  
00:27:07,789 --> 00:27:03,720  
and all of that

682  
00:27:10,010 --> 00:27:07,799  
uh so in terms of have have anyone been

683  
00:27:11,450 --> 00:27:10,020  
able to extend the the not that I'm

684  
00:27:14,090 --> 00:27:11,460  
aware

685  
00:27:15,049 --> 00:27:14,100  
so this particular my mouse my type of

686  
00:27:16,669 --> 00:27:15,059  
mice

687  
00:27:18,409 --> 00:27:16,679  
type of mouse in this particular

688  
00:27:20,390 --> 00:27:18,419

experiment with mammary cancer the

689

00:27:23,450 --> 00:27:20,400

maximum amount of time they would live

690

00:27:24,890 --> 00:27:23,460

would be 27 days after yeah they're not

691

00:27:27,049 --> 00:27:24,900

going to live a month you know so

692

00:27:29,330 --> 00:27:27,059

they're all dead in a month and if we

693

00:27:31,549 --> 00:27:29,340

could make them Live a month we'd have

694

00:27:33,470 --> 00:27:31,559

the longevity record and then you'd say

695

00:27:35,870 --> 00:27:33,480

you can't have a viable counter

696

00:27:38,930 --> 00:27:35,880

hypothesis to that and if you haven't if

697

00:27:40,010 --> 00:27:38,940

you haven't if you have so I I mean I

698

00:27:42,890 --> 00:27:40,020

didn't know anything about this stuff

699

00:27:45,590 --> 00:27:42,900

it's okay if we here's we have something

700

00:27:48,830 --> 00:27:45,600

that's known and let's interject a

701  
00:27:50,210 --> 00:27:48,840  
single variable which is this unorthodox

702  
00:27:52,490 --> 00:27:50,220  
healing

703  
00:27:54,409 --> 00:27:52,500  
so we interject the single variable see

704  
00:27:56,029 --> 00:27:54,419  
what happens will they live longer will

705  
00:27:57,710 --> 00:27:56,039  
they live better will they live you know

706  
00:28:00,230 --> 00:27:57,720  
will anything happen I mean we didn't

707  
00:28:02,990 --> 00:28:00,240  
know but the point of this is it's very

708  
00:28:04,430 --> 00:28:03,000  
different from me telling a story you

709  
00:28:06,769 --> 00:28:04,440  
know once upon a time I had a bad back

710  
00:28:09,289 --> 00:28:06,779  
and now I don't versus here we are under

711  
00:28:10,850 --> 00:28:09,299  
control conditions in a lab there's no

712  
00:28:12,890 --> 00:28:10,860  
question what's going to happen we've

713  
00:28:15,470 --> 00:28:12,900

got 20 years of experience we have

714

00:28:17,930 --> 00:28:15,480

literally thousands of Publications and

715

00:28:19,730 --> 00:28:17,940

I come in like a lunatic and introduce a

716

00:28:22,070 --> 00:28:19,740

single variant

717

00:28:23,750 --> 00:28:22,080

that's controlled conditions and if you

718

00:28:25,549 --> 00:28:23,760

want to get to your slides now we can I

719

00:28:27,830 --> 00:28:25,559

know so Ben was supposed to be your

720

00:28:31,010 --> 00:28:27,840

healer and then Ben was supposed to be

721

00:28:33,169 --> 00:28:31,020

the healer but he we we had to lay after

722

00:28:34,669 --> 00:28:33,179

delay after delay the mice were coming

723

00:28:36,470 --> 00:28:34,679

the mice weren't coming the mice were

724

00:28:39,169 --> 00:28:36,480

delayed but this happened you know blah

725

00:28:40,850 --> 00:28:39,179

blah blah and uh when the mice finally

726  
00:28:42,529 --> 00:28:40,860  
arrived

727  
00:28:45,169 --> 00:28:42,539  
overtime

728  
00:28:47,390 --> 00:28:45,179  
um Ben who was supposed to be the healer

729  
00:28:50,269 --> 00:28:47,400  
uh said I'm not doing it

730  
00:28:53,090 --> 00:28:50,279  
and it would be a gross understatement

731  
00:28:55,370 --> 00:28:53,100  
to say that I had a fit

732  
00:28:57,590 --> 00:28:55,380  
I had I had a fifth greatest hit you

733  
00:29:00,470 --> 00:28:57,600  
know because this was not simple to set

734  
00:29:03,289 --> 00:29:00,480  
up this was this took a little bit of

735  
00:29:05,750 --> 00:29:03,299  
time effort money resources and a whole

736  
00:29:07,070 --> 00:29:05,760  
lot of other things and when when Ben

737  
00:29:09,350 --> 00:29:07,080  
backed out

738  
00:29:12,049 --> 00:29:09,360

um I wasn't amused and it was once again

739

00:29:13,250 --> 00:29:12,059

it was Chrisley who said okay so we

740

00:29:15,470 --> 00:29:13,260

don't have Ben

741

00:29:16,909 --> 00:29:15,480

we have you and I said I'm not a Healer

742

00:29:18,710 --> 00:29:16,919

and he said yeah I know but you've been

743

00:29:19,909 --> 00:29:18,720

hanging around him a long time just go

744

00:29:22,669 --> 00:29:19,919

do your stick

745

00:29:25,010 --> 00:29:22,679

and so I did the stick and we found

746

00:29:25,909 --> 00:29:25,020

interesting things and then that I can

747

00:29:27,769 --> 00:29:25,919

show you

748

00:29:30,110 --> 00:29:27,779

yes if you want to get to the slides

749

00:29:32,690 --> 00:29:30,120

that would be great you know we'll see

750

00:29:33,889 --> 00:29:32,700

if I can do this and

751

00:29:37,010 --> 00:29:33,899

I will

752

00:29:37,789 --> 00:29:37,020

continue to talk about Ben I know if you

753

00:29:39,529 --> 00:29:37,799

can

754

00:29:43,669 --> 00:29:39,539

pull up your slides and talk when did

755

00:29:47,810 --> 00:29:45,110

now you're asking me trick questions

756

00:29:50,870 --> 00:29:47,820

it's all right I'm just trying to

757

00:29:53,210 --> 00:29:50,880

and like I said earlier I I had not

758

00:29:55,010 --> 00:29:53,220

heard of your research and I still I'm

759

00:29:56,870 --> 00:29:55,020

struggling to get people interested and

760

00:29:58,250 --> 00:29:56,880

just so people realize and keep you can

761

00:30:00,470 --> 00:29:58,260

keep working on your slides there you go

762

00:30:02,570 --> 00:30:00,480

have it you do and I'm gonna pull it up

763

00:30:06,049 --> 00:30:02,580

and you can continue Ben backed out and

764

00:30:08,870 --> 00:30:06,059

here we go Bend back down

765

00:30:12,289 --> 00:30:08,880

um and and so creamfully said you know

766

00:30:13,149 --> 00:30:12,299

you do it you you be the the Healer I

767

00:30:16,010 --> 00:30:13,159

said

768

00:30:18,490 --> 00:30:16,020

it's not supposed to be about me uh but

769

00:30:21,830 --> 00:30:18,500

I tried it anyway I tried it skeptically

770

00:30:24,049 --> 00:30:21,840

and uh I'll I'll show you what what

771

00:30:28,130 --> 00:30:24,059

happened

772

00:30:30,470 --> 00:30:28,140

and this was to our utter amazement

773

00:30:35,090 --> 00:30:30,480

so let me I gotta skip around here a

774

00:30:39,409 --> 00:30:37,070

Okay so

775

00:30:43,070 --> 00:30:39,419

here's an example of a mouse

776

00:30:46,070 --> 00:30:43,080

and you got that and it's ugly looking

777

00:30:48,169 --> 00:30:46,080

I got it perfect okay so you can see my

778

00:30:56,029 --> 00:30:48,179

pointer

779

00:30:59,149 --> 00:30:56,039

me let me just describe you got a big

780

00:31:01,370 --> 00:30:59,159

walking lump on the back left something

781

00:31:03,590 --> 00:31:01,380

just switched

782

00:31:05,029 --> 00:31:03,600

great

783

00:31:07,269 --> 00:31:05,039

try again

784

00:31:09,590 --> 00:31:07,279

there you go we got a big walking lump

785

00:31:11,149 --> 00:31:09,600

uh this mouse you don't have to be a

786

00:31:12,710 --> 00:31:11,159

biologist nor do you need to see my

787

00:31:16,010 --> 00:31:12,720

pointer

788

00:31:19,310 --> 00:31:16,020

um this mouse is about to die it's got a

789

00:31:21,889 --> 00:31:19,320

big uh in the hindquarters uh tumor

790

00:31:23,450 --> 00:31:21,899

which has actually swallow the leg uh

791

00:31:25,430 --> 00:31:23,460

the fur is falling out if you could see

792

00:31:27,529 --> 00:31:25,440

the eyes there's nobody home this is

793

00:31:29,570 --> 00:31:27,539

essentially a dead mouse and this is

794

00:31:31,490 --> 00:31:29,580

what's supposed to happen in this

795

00:31:34,070 --> 00:31:31,500

particular form of cancer it's a

796

00:31:35,149 --> 00:31:34,080

non-metastatic cancer I think I can get

797

00:31:37,370 --> 00:31:35,159

through a different slide it's a

798

00:31:38,990 --> 00:31:37,380

non-metastatic Cancer and the mouse is

799

00:31:42,590 --> 00:31:39,000

going to be well let's call it a month

800

00:31:45,470 --> 00:31:42,600

the mouse is not going to last a month

801  
00:31:48,350 --> 00:31:45,480  
having said that this says day 28. um

802  
00:31:51,710 --> 00:31:48,360  
and that's 28 days after injection and

803  
00:31:54,289 --> 00:31:51,720  
so what happens is these mice die in

804  
00:31:57,710 --> 00:31:54,299  
ugly death it's it's not pretty and we

805  
00:31:59,570 --> 00:31:57,720  
come along and we try this this is now a

806  
00:32:04,549 --> 00:31:59,580  
picture of me doing this at Brown

807  
00:32:06,470 --> 00:32:04,559  
University in Providence uh so this is

808  
00:32:08,389 --> 00:32:06,480  
before covet too I'm not dressed up for

809  
00:32:11,269 --> 00:32:08,399  
coven I'm dressed up because we have a

810  
00:32:14,149 --> 00:32:11,279  
clean lab so we we are under seriously

811  
00:32:16,669 --> 00:32:14,159  
tight conditions here uh this is what's

812  
00:32:19,490 --> 00:32:16,679  
supposed to happen we introduce a single

813  
00:32:21,649 --> 00:32:19,500

variable of healing and then we watch to

814

00:32:23,269 --> 00:32:21,659

see what's going to happen now this goes

815

00:32:25,310 --> 00:32:23,279

back to

816

00:32:27,590 --> 00:32:25,320

interesting things happen when we do

817

00:32:29,810 --> 00:32:27,600

this I have pictures of students and

818

00:32:31,430 --> 00:32:29,820

faculty and all that acting as healers

819

00:32:32,570 --> 00:32:31,440

at this point but I don't like to out

820

00:32:35,210 --> 00:32:32,580

other people

821

00:32:36,769 --> 00:32:35,220

so we take mice which are about to die

822

00:32:39,470 --> 00:32:36,779

or mice which have been ejected with

823

00:32:41,149 --> 00:32:39,480

illegal cancer we do we pass our hands

824

00:32:42,830 --> 00:32:41,159

around or we do it from a distance or we

825

00:32:46,370 --> 00:32:42,840

do whatever we we're supposed to be

826  
00:32:48,769 --> 00:32:46,380  
doing and interesting things happen this

827  
00:32:50,930 --> 00:32:48,779  
is a different Mouse

828  
00:32:53,810 --> 00:32:50,940  
you can't see my pointer but a little

829  
00:32:56,090 --> 00:32:53,820  
slit is starting to appear

830  
00:32:59,090 --> 00:32:56,100  
and this little slit which is starting

831  
00:33:01,669 --> 00:32:59,100  
to appear opens up into a kind of an

832  
00:33:04,070 --> 00:33:01,679  
ugly looking ulceration but if you look

833  
00:33:07,070 --> 00:33:04,080  
at this this mouse

834  
00:33:10,250 --> 00:33:07,080  
as opposed to this mouse

835  
00:33:14,090 --> 00:33:10,260  
you can see this mouse is going to die

836  
00:33:17,870 --> 00:33:14,100  
this mouse has good looking fur

837  
00:33:20,090 --> 00:33:17,880  
and it's got a big walk-in ulceration

838  
00:33:22,190 --> 00:33:20,100

but the eyes are clear the coat is clean

839

00:33:24,649 --> 00:33:22,200

everything about him is okay except it's

840

00:33:27,529 --> 00:33:24,659

seriously ugly and deformed now when

841

00:33:32,810 --> 00:33:29,990

and this happened for the first time I

842

00:33:35,210 --> 00:33:32,820

thought it was failing

843

00:33:37,789 --> 00:33:35,220

because I was thinking

844

00:33:40,009 --> 00:33:37,799

if we do this

845

00:33:42,049 --> 00:33:40,019

and it's going to work and we get to the

846

00:33:43,789 --> 00:33:42,059

mice early enough and we put our hands

847

00:33:46,610 --> 00:33:43,799

around the cage or we do something along

848

00:33:48,590 --> 00:33:46,620

those lines and we we zap them somehow

849

00:33:51,350 --> 00:33:48,600

that this would

850

00:33:53,870 --> 00:33:51,360

prevent the cancer from ever growing but

851  
00:33:56,269 --> 00:33:53,880  
in all cases and I mean all cases the

852  
00:33:58,669 --> 00:33:56,279  
cancer grows anyway

853  
00:34:01,909 --> 00:33:58,679  
and what happens is it's not mind over

854  
00:34:04,009 --> 00:34:01,919  
matter what happens is the tumor grows

855  
00:34:06,409 --> 00:34:04,019  
the tumor gets bigger and bigger it

856  
00:34:08,690 --> 00:34:06,419  
ulcerates and that it implodes and then

857  
00:34:10,669 --> 00:34:08,700  
the mouse is cured

858  
00:34:12,889 --> 00:34:10,679  
and it's not remitted it's not better

859  
00:34:15,349 --> 00:34:12,899  
it's cured and it's cured for the rest

860  
00:34:18,530 --> 00:34:15,359  
of its life and it's beyond cured for

861  
00:34:20,750 --> 00:34:18,540  
the rest of its life if we inject this

862  
00:34:24,109 --> 00:34:20,760  
mouse with cancer after it's been cured

863  
00:34:27,470 --> 00:34:24,119

it can't get cancer again

864

00:34:29,629 --> 00:34:27,480

so it's it's reasonably interesting

865

00:34:31,250 --> 00:34:29,639

that's extremely interesting and I know

866

00:34:32,690 --> 00:34:31,260

you've talked before you wanted to end

867

00:34:34,970 --> 00:34:32,700

the experiment because you thought the

868

00:34:36,950 --> 00:34:34,980

might the mice it wasn't working you

869

00:34:39,050 --> 00:34:36,960

know I mean give me a break if you see

870

00:34:41,750 --> 00:34:39,060

if you something like this

871

00:34:44,450 --> 00:34:41,760

and you're you're a normal person you're

872

00:34:46,909 --> 00:34:44,460

going to say well that's not good and it

873

00:34:49,669 --> 00:34:46,919

was crinsley who said keep going

874

00:34:51,050 --> 00:34:49,679

it was crazy who said one more day it

875

00:34:53,030 --> 00:34:51,060

was crisley and then suddenly it

876

00:34:55,250 --> 00:34:53,040

imploded and we had a cure

877

00:34:56,750 --> 00:34:55,260

and I know I know people are asking this

878

00:34:58,430 --> 00:34:56,760

and I I don't know if you've ever asked

879

00:35:00,230 --> 00:34:58,440

how do you feel about mice being

880

00:35:01,609 --> 00:35:00,240

involved mice are dying so how do you

881

00:35:03,710 --> 00:35:01,619

feel about that because I don't think

882

00:35:05,450 --> 00:35:03,720

I've ever heard you asked about that

883

00:35:07,670 --> 00:35:05,460

well it's ugly work

884

00:35:11,030 --> 00:35:07,680

I don't like it I just finished two

885

00:35:12,950 --> 00:35:11,040

experiments on mice in Tokyo uh which we

886

00:35:15,829 --> 00:35:12,960

may or may not get to but uh so I've

887

00:35:17,150 --> 00:35:15,839

I've done this stuff all over the place

888

00:35:19,329 --> 00:35:17,160

um and it's it's

889

00:35:22,010 --> 00:35:19,339

ugly I'm I'm still in the market for

890

00:35:23,750 --> 00:35:22,020

looking for a different biological model

891

00:35:26,089 --> 00:35:23,760

that we can play with so we've played

892

00:35:28,550 --> 00:35:26,099

with zebrafish we've played with worms

893

00:35:30,109 --> 00:35:28,560

we played with we played with we played

894

00:35:32,390 --> 00:35:30,119

you know so we played trying to do other

895

00:35:34,430 --> 00:35:32,400

stuff but this is this is ugly work and

896

00:35:36,050 --> 00:35:34,440

it's actually hard to do and it's also

897

00:35:37,910 --> 00:35:36,060

expensive to do

898

00:35:39,349 --> 00:35:37,920

that's something I've never heard you

899

00:35:40,670 --> 00:35:39,359

speaking about the other day we mentioned

900

00:35:42,589 --> 00:35:40,680

that people are like why aren't more

901  
00:35:44,510 --> 00:35:42,599  
people doing this why why is it always

902  
00:35:46,490 --> 00:35:44,520  
Bill Banks's name on The Experiment why

903  
00:35:48,170 --> 00:35:46,500  
aren't other people replicating it and

904  
00:35:50,630 --> 00:35:48,180  
you told me how much these experiments

905  
00:35:54,770 --> 00:35:50,640  
cost well the the experiment I just did

906  
00:35:57,890 --> 00:35:54,780  
in Tokyo was about 150 000 dollars

907  
00:35:59,589 --> 00:35:57,900  
I've done 20 of these

908  
00:36:01,970 --> 00:35:59,599  
you know do the math

909  
00:36:06,170 --> 00:36:01,980  
and the preparation for some of the

910  
00:36:08,470 --> 00:36:06,180  
stuff has driven a single experiment up

911  
00:36:11,329 --> 00:36:08,480  
to a half million dollars

912  
00:36:13,450 --> 00:36:11,339  
into the healing stuff into this and so

913  
00:36:16,670 --> 00:36:13,460

I'm fortunate enough to have been

914

00:36:17,569 --> 00:36:16,680

reasonably well funded

915

00:36:20,930 --> 00:36:17,579

um

916

00:36:23,329 --> 00:36:20,940

bunch of mice you know at the pet store

917

00:36:24,890 --> 00:36:23,339

and do this why is it so expensive like

918

00:36:27,410 --> 00:36:24,900

where does that money go for

919

00:36:29,630 --> 00:36:27,420

it goes to Labs it goes to Personnel it

920

00:36:32,329 --> 00:36:29,640

goes to housing it goes to you know

921

00:36:33,410 --> 00:36:32,339

clean Labs it goes to a lot of play so

922

00:36:36,589 --> 00:36:33,420

up here

923

00:36:38,329 --> 00:36:36,599

and and you're looking at just give you

924

00:36:39,710 --> 00:36:38,339

an idea of the cancer experiments that

925

00:36:42,050 --> 00:36:39,720

I've done and I've done a lot of stuff

926  
00:36:43,849 --> 00:36:42,060  
that have nothing to do with cancer but

927  
00:36:45,290 --> 00:36:43,859  
we started out with cancer and we

928  
00:36:47,089 --> 00:36:45,300  
started out with cancer because we had

929  
00:36:49,490 --> 00:36:47,099  
such good effects with it clinically

930  
00:36:52,250 --> 00:36:49,500  
took it into the lab had such good

931  
00:36:54,230 --> 00:36:52,260  
effects experimentally and so what I've

932  
00:36:56,510 --> 00:36:54,240  
done is I've done a lot of cancer

933  
00:36:58,490 --> 00:36:56,520  
experiments with mice I've done a lot of

934  
00:37:00,470 --> 00:36:58,500  
experiments not with mice but I've done

935  
00:37:01,849 --> 00:37:00,480  
a lot of experiments not

936  
00:37:04,250 --> 00:37:01,859  
with cancer

937  
00:37:05,329 --> 00:37:04,260  
so if you look at this to give you some

938  
00:37:07,670 --> 00:37:05,339

idea

939

00:37:09,530 --> 00:37:07,680

what it again you can't see my pointer

940

00:37:12,410 --> 00:37:09,540

but it says City University of New York

941

00:37:14,930 --> 00:37:12,420

two experiments

942

00:37:16,849 --> 00:37:14,940

I just lost where I was okay you can go

943

00:37:19,310 --> 00:37:16,859

back

944

00:37:22,370 --> 00:37:19,320

okay two two experiments at City

945

00:37:24,470 --> 00:37:22,380

University of New York two two uh

946

00:37:26,870 --> 00:37:24,480

experiments at St Joseph's College one

947

00:37:29,089 --> 00:37:26,880

at Arizona State three at Indiana

948

00:37:31,730 --> 00:37:29,099

University five at Brown University

949

00:37:32,990 --> 00:37:31,740

Medical School and these are just on the

950

00:37:34,970 --> 00:37:33,000

mammary cancer

951  
00:37:38,210 --> 00:37:34,980  
and then we've got

952  
00:37:40,010 --> 00:37:38,220  
um uh sarcomas which repeated University

953  
00:37:42,829 --> 00:37:40,020  
of Connecticut

954  
00:37:45,589 --> 00:37:42,839  
I got oncogenic mice the University of

955  
00:37:48,290 --> 00:37:45,599  
California in San Diego oncogenic sorry

956  
00:37:50,089 --> 00:37:48,300  
oncogenic mice or myself you don't need

957  
00:37:51,950 --> 00:37:50,099  
to inject they spontaneously develop

958  
00:37:54,050 --> 00:37:51,960  
cancer

959  
00:37:55,849 --> 00:37:54,060  
uh nude mice don't worry I won't show

960  
00:37:57,650 --> 00:37:55,859  
any nude mice pictures nude mice at

961  
00:38:00,950 --> 00:37:57,660  
Brown University these are mice without

962  
00:38:02,990 --> 00:38:00,960  
immune systems uh we've done extremely

963  
00:38:05,329 --> 00:38:03,000

aggressive cancers at Wake Forest med

964

00:38:08,390 --> 00:38:05,339

school and we've just finished the

965

00:38:10,910 --> 00:38:08,400

effects of I'm now doing research on

966

00:38:12,890 --> 00:38:10,920

healing without the Healer can we

967

00:38:15,410 --> 00:38:12,900

reproduce this and make this a scalable

968

00:38:17,450 --> 00:38:15,420

proposition so I just got finished doing

969

00:38:22,250 --> 00:38:17,460

experiments with breast cancer bladder

970

00:38:26,870 --> 00:38:25,190

um and the the research is ongoing you

971

00:38:28,970 --> 00:38:26,880

know this isn't I found this out you

972

00:38:30,349 --> 00:38:28,980

know a long time ago this is I'm still

973

00:38:31,609 --> 00:38:30,359

trying to figure out what heaven's name

974

00:38:32,990 --> 00:38:31,619

is going on

975

00:38:34,970 --> 00:38:33,000

well if you don't know what's going on

976

00:38:37,730 --> 00:38:34,980

Bill how could you actually heal you

977

00:38:39,650 --> 00:38:37,740

need to have figured out what's going on

978

00:38:41,930 --> 00:38:39,660

first otherwise healing's not going to

979

00:38:44,630 --> 00:38:41,940

take place you're wasting your time yeah

980

00:38:46,130 --> 00:38:44,640

if only that we're so yeah that's what

981

00:38:47,450 --> 00:38:46,140

you talk about people are telling you

982

00:38:49,790 --> 00:38:47,460

you have people telling you unless you

983

00:38:51,770 --> 00:38:49,800

find what's the word if you figure out

984

00:38:53,750 --> 00:38:51,780

the um not the method there's another

985

00:38:55,190 --> 00:38:53,760

word what's the mechanism of action a

986

00:38:56,630 --> 00:38:55,200

mechanism of action if you don't know

987

00:38:57,770 --> 00:38:56,640

that then it's kind of a waste of time

988

00:38:59,150 --> 00:38:57,780

and I know you're getting frustrated

989

00:38:59,930 --> 00:38:59,160

because you're still hearing that from

990

00:39:02,170 --> 00:38:59,940

people

991

00:39:05,990 --> 00:39:02,180

well I I got to tell you I I just

992

00:39:08,270 --> 00:39:06,000

recently did an experiment on uh using a

993

00:39:10,370 --> 00:39:08,280

recording uh which you may talk about

994

00:39:12,650 --> 00:39:10,380

when Dean gets here but because I did

995

00:39:16,970 --> 00:39:12,660

this with the

996

00:39:20,030 --> 00:39:16,980

um the effect of a recording of healing

997

00:39:21,650 --> 00:39:20,040

uh and we do the the recording on

998

00:39:23,990 --> 00:39:21,660

healing and then we play back the

999

00:39:27,170 --> 00:39:24,000

recording without the Healer uh and we

1000

00:39:29,390 --> 00:39:27,180

have reliable effects on cancer cells we

1001

00:39:31,490 --> 00:39:29,400

have reliable effects in mice

1002

00:39:33,829 --> 00:39:31,500

we're trying to capture healing and make

1003

00:39:34,370 --> 00:39:33,839

it scalable

1004

00:39:38,030 --> 00:39:34,380

um

1005

00:39:39,890 --> 00:39:38,040

so so in any event you you see you see

1006

00:39:42,109 --> 00:39:39,900

the plot of what I'm trying to do with

1007

00:39:44,990 --> 00:39:42,119

with some of the some of the slides so

1008

00:39:47,030 --> 00:39:45,000

you you if I have the slide up now that

1009

00:39:49,310 --> 00:39:47,040

says healing research major goals you

1010

00:39:51,770 --> 00:39:49,320

know now we're decades and decades and

1011

00:39:54,109 --> 00:39:51,780

decades later so the fact of mice

1012

00:39:56,089 --> 00:39:54,119

getting cured of cancer or the fact of

1013

00:39:58,910 --> 00:39:56,099

people getting cured of cancer

1014

00:40:01,250 --> 00:39:58,920

isn't new you know it's not particularly

1015

00:40:02,930 --> 00:40:01,260

interesting and I don't try to do the

1016

00:40:05,690 --> 00:40:02,940

same thing over and over and over again

1017

00:40:07,849 --> 00:40:05,700

I do it for a while to see if we have a

1018

00:40:09,410 --> 00:40:07,859

reliable effect but we're trying to find

1019

00:40:12,170 --> 00:40:09,420

other stuff so

1020

00:40:13,609 --> 00:40:12,180

the first bullet that's up there you

1021

00:40:17,210 --> 00:40:13,619

know what what are the parameters of

1022

00:40:19,069 --> 00:40:17,220

healing well by parameters of healing

1023

00:40:20,750 --> 00:40:19,079

what are the things that matter so Joe

1024

00:40:22,130 --> 00:40:20,760

you're mentioning things like you got to

1025

00:40:24,890 --> 00:40:22,140

believe or you got to be able to heal

1026

00:40:26,990 --> 00:40:24,900

well it turns out you don't

1027

00:40:29,329 --> 00:40:27,000

so does belief matter that's a parameter

1028

00:40:30,770 --> 00:40:29,339

of healing does distance matter you know

1029

00:40:32,810 --> 00:40:30,780

what what are the things that enhance

1030

00:40:35,270 --> 00:40:32,820

healing and what are the things that

1031

00:40:38,390 --> 00:40:35,280

detract from healing I've been studying

1032

00:40:40,010 --> 00:40:38,400

this now for you know 120 years I've

1033

00:40:41,990 --> 00:40:40,020

looked into

1034

00:40:43,430 --> 00:40:42,000

so the physiological correlates of

1035

00:40:46,490 --> 00:40:43,440

healing so I have a whole bunch of

1036

00:40:49,190 --> 00:40:46,500

research using eegs and I have a bunch

1037

00:40:51,230 --> 00:40:49,200

of research using functional MRIs I've

1038

00:40:54,050 --> 00:40:51,240

done deep dives into people's brains

1039

00:40:56,089 --> 00:40:54,060

I've done you know see what happens when

1040

00:40:58,370 --> 00:40:56,099

when healing happens

1041

00:41:00,470 --> 00:40:58,380

uh the third bullet the development of a

1042

00:41:03,589 --> 00:41:00,480

theoretical model I don't have a good

1043

00:41:07,010 --> 00:41:03,599

one I I so I'm I'm telling you now

1044

00:41:08,930 --> 00:41:07,020

without shame it's just it's just life

1045

00:41:10,910 --> 00:41:08,940

um without shame I I don't understand

1046

00:41:14,150 --> 00:41:10,920

how this stuff really works

1047

00:41:15,710 --> 00:41:14,160

and so the the fourth bullet uh I'm

1048

00:41:17,510 --> 00:41:15,720

trying to develop practical applications

1049

00:41:19,670 --> 00:41:17,520

can we capture and reproduce healing

1050

00:41:21,650 --> 00:41:19,680

without the Healer which case who cares

1051

00:41:24,109 --> 00:41:21,660

what you believe in

1052

00:41:25,370 --> 00:41:24,119

doesn't make anything exactly because

1053

00:41:28,550 --> 00:41:25,380

people are like

1054

00:41:31,609 --> 00:41:28,560

if you're somebody who's sick and you

1055

00:41:32,990 --> 00:41:31,619

have cancer and I go to Bill Bankston or

1056

00:41:36,349 --> 00:41:33,000

one of your healers who trained

1057

00:41:39,290 --> 00:41:36,359

underneath you and I get healed

1058

00:41:42,349 --> 00:41:39,300

I don't care how it works I really don't

1059

00:41:44,270 --> 00:41:42,359

care what's going on all I care about is

1060

00:41:46,250 --> 00:41:44,280

if I've gotten healed and if I've gotten

1061

00:41:48,829 --> 00:41:46,260

healed that's all I care about people

1062

00:41:50,870 --> 00:41:48,839

will say well you changed your diet your

1063

00:41:53,450 --> 00:41:50,880

attitude changed fine I don't care I got

1064

00:41:56,810 --> 00:41:53,460

healed that's right so so again yeah

1065

00:41:59,150 --> 00:41:56,820

that's exactly right the clinician is is

1066

00:42:00,530 --> 00:41:59,160

interested in the outcome the

1067

00:42:03,890 --> 00:42:00,540

experimentalist wants to know the

1068

00:42:05,750 --> 00:42:03,900

mechanism the client couldn't care you

1069

00:42:08,089 --> 00:42:05,760

know just picks me

1070

00:42:10,310 --> 00:42:08,099

you know that and that's real so it you

1071

00:42:12,230 --> 00:42:10,320

know it depends who the audience is

1072

00:42:13,730 --> 00:42:12,240

um it just let me go through a couple

1073

00:42:16,069 --> 00:42:13,740

slides then we can kill the slide thing

1074

00:42:19,609 --> 00:42:16,079

so we can look at each other

1075

00:42:21,290 --> 00:42:19,619

um these are all Joe you you read this

1076

00:42:25,130 --> 00:42:21,300

and it's all you know I got a lot of

1077

00:42:27,710 --> 00:42:25,140

experiments since 2010. uh so I'm about

1078

00:42:29,810 --> 00:42:27,720

to start a sequel I hope uh and try to

1079

00:42:31,310 --> 00:42:29,820

bring this up to date because again a

1080

00:42:33,829 --> 00:42:31,320

lot a lot of stuff has happened in the

1081

00:42:35,569 --> 00:42:33,839

Dozen Years or so since and for those

1082

00:42:37,849 --> 00:42:35,579

people who are skeptical and I hope it's

1083

00:42:38,810 --> 00:42:37,859

everybody uh if you want to go to my

1084

00:42:41,450 --> 00:42:38,820

website

1085

00:42:44,510 --> 00:42:41,460

uh this is I'm just putting up five

1086

00:42:46,609 --> 00:42:44,520

Publications I think I have about 35 of

1087

00:42:47,390 --> 00:42:46,619

them and and these are geeky things to

1088

00:42:48,950 --> 00:42:47,400

read

1089

00:42:50,450 --> 00:42:48,960

you know you don't want to take some of

1090

00:42:53,210 --> 00:42:50,460

this stuff to the beach

1091

00:42:54,950 --> 00:42:53,220

uh this you can take to the beach uh

1092

00:42:57,050 --> 00:42:54,960

because it's it's written in English for

1093

00:42:59,089 --> 00:42:57,060

a lay audience some of this stuff is a

1094

00:43:01,250 --> 00:42:59,099

little bit uh nutty you know and it's

1095

00:43:02,450 --> 00:43:01,260

it's Technical and it's geeky and it's

1096

00:43:04,790 --> 00:43:02,460

ugly and it's you know it sounds like

1097

00:43:06,849 --> 00:43:04,800

you're writing up lab reports because

1098

00:43:09,530 --> 00:43:06,859

we're writing up lab reports

1099

00:43:11,630 --> 00:43:09,540

uh but again the research goes on I've

1100

00:43:12,770 --> 00:43:11,640

got two papers out for peer review right

1101

00:43:16,130 --> 00:43:12,780

now

1102

00:43:17,990 --> 00:43:16,140

um and and it goes on so we we found we

1103

00:43:19,849 --> 00:43:18,000

found a lot of stuff and then then we

1104

00:43:23,030 --> 00:43:19,859

can kill the slides

1105

00:43:25,490 --> 00:43:23,040

um this is reliable uh when we talk

1106

00:43:26,690 --> 00:43:25,500

about data over the course of the last

1107

00:43:30,230 --> 00:43:26,700

hundred and something years I've been

1108

00:43:34,190 --> 00:43:30,240

doing this this any of these dots I can

1109

00:43:36,170 --> 00:43:34,200

back up with multiple experiments in

1110

00:43:38,990 --> 00:43:36,180

multiple labs

1111

00:43:40,849 --> 00:43:39,000

so I'm a skeptic so if I produce

1112

00:43:42,589 --> 00:43:40,859

something in one lab I gotta reproduce

1113

00:43:44,690 --> 00:43:42,599

it in another lab to make sure that it

1114

00:43:47,150 --> 00:43:44,700

you know it's not an artifact it's

1115

00:43:49,069 --> 00:43:47,160

nothing not not you know it's not it's

1116

00:43:52,490 --> 00:43:49,079

not an odd Quirk it's something that

1117

00:43:54,230 --> 00:43:52,500

really happens and we can say without I

1118

00:43:55,069 --> 00:43:54,240

mean even to my skeptical head I have to

1119

00:43:58,490 --> 00:43:55,079

say

1120

00:43:59,930 --> 00:43:58,500

first cure is abound you know and we're

1121

00:44:03,050 --> 00:43:59,940

not talking just cancer we're talking

1122

00:44:06,050 --> 00:44:03,060

cures are all over the freaking place

1123

00:44:09,530 --> 00:44:06,060

um it's it's it's pretty interesting

1124

00:44:11,809 --> 00:44:09,540

and I can say distance is irrelevant

1125

00:44:14,150 --> 00:44:11,819

so I do mice experiments where the mice

1126  
00:44:16,609 --> 00:44:14,160  
are two inches from me and I replicate

1127  
00:44:18,109 --> 00:44:16,619  
those experiments the mice are at 2 000

1128  
00:44:20,329 --> 00:44:18,119  
miles

1129  
00:44:22,309 --> 00:44:20,339  
same result

1130  
00:44:23,809 --> 00:44:22,319  
that's that's when my when I talked to

1131  
00:44:25,730 --> 00:44:23,819  
you about the other day

1132  
00:44:27,170 --> 00:44:25,740  
um holographic Universe this is all an

1133  
00:44:29,450 --> 00:44:27,180  
illusion there really is no distance

1134  
00:44:31,190 --> 00:44:29,460  
that's the theory I think that's

1135  
00:44:33,230 --> 00:44:31,200  
accurate there is no distance that's why

1136  
00:44:35,630 --> 00:44:33,240  
particles separated by a million miles

1137  
00:44:37,370 --> 00:44:35,640  
instantaneous communication faster than

1138  
00:44:39,410 --> 00:44:37,380

the speed of light well there is no

1139

00:44:40,670 --> 00:44:39,420

distance that's I think that's where

1140

00:44:42,829 --> 00:44:40,680

we're going

1141

00:44:43,910 --> 00:44:42,839

um obviously we can't prove that do you

1142

00:44:45,470 --> 00:44:43,920

have any thoughts on that that would be

1143

00:44:49,490 --> 00:44:45,480

that would be the holographic Universe

1144

00:44:53,450 --> 00:44:49,500

model well it it the distance thing is

1145

00:44:55,550 --> 00:44:53,460

is really taxing for someone like myself

1146

00:44:57,950 --> 00:44:55,560

because I you know when you talk about

1147

00:45:00,349 --> 00:44:57,960

the holographic universe and all of that

1148

00:45:03,290 --> 00:45:00,359

I've started to look into it a little

1149

00:45:05,690 --> 00:45:03,300

bit and and at least metaphorically you

1150

00:45:08,210 --> 00:45:05,700

know there are patterns you know that I

1151  
00:45:10,550 --> 00:45:08,220  
can't disagree with you but whether the

1152  
00:45:11,450 --> 00:45:10,560  
universe is holographic is past my pay

1153  
00:45:13,069 --> 00:45:11,460  
grade

1154  
00:45:15,770 --> 00:45:13,079  
I mean you know so I'm going to be

1155  
00:45:17,569 --> 00:45:15,780  
really cautious but I would say that at

1156  
00:45:20,630 --> 00:45:17,579  
least metaphorically

1157  
00:45:23,870 --> 00:45:20,640  
it's consistent it's consistent

1158  
00:45:26,329 --> 00:45:23,880  
distance is irrelevant and I can say

1159  
00:45:27,829 --> 00:45:26,339  
with with certainty you know as much as

1160  
00:45:29,329 --> 00:45:27,839  
you can say with anything with certainty

1161  
00:45:31,670 --> 00:45:29,339  
I can say with certainty that distance

1162  
00:45:34,790 --> 00:45:31,680  
is irrelevant

1163  
00:45:37,550 --> 00:45:34,800

um and and what that that brings up an

1164

00:45:38,990 --> 00:45:37,560

interesting problem if distance is

1165

00:45:43,069 --> 00:45:39,000

irrelevant

1166

00:45:48,109 --> 00:45:45,349

now I understand I have a book called

1167

00:45:50,510 --> 00:45:48,119

the energy cure

1168

00:45:53,089 --> 00:45:50,520

and you know there's a certain hypocrisy

1169

00:45:55,609 --> 00:45:53,099

here but I went to you know when I saw

1170

00:45:57,589 --> 00:45:55,619

this cover for the first time and I said

1171

00:45:59,450 --> 00:45:57,599

and I saw the title the energy cure I

1172

00:46:02,390 --> 00:45:59,460

said to sounds true

1173

00:46:03,589 --> 00:46:02,400

I don't like the title uh because I

1174

00:46:05,510 --> 00:46:03,599

don't think there's any energy in

1175

00:46:08,690 --> 00:46:05,520

healing and they said you know thanks

1176  
00:46:10,790 --> 00:46:08,700  
for your input yeah we don't care so we

1177  
00:46:13,010 --> 00:46:10,800  
don't care you know but but you know

1178  
00:46:16,250 --> 00:46:13,020  
thanks for thanks for weighing in uh but

1179  
00:46:18,290 --> 00:46:16,260  
we don't really care uh so there's a

1180  
00:46:19,550 --> 00:46:18,300  
problem if there if distance is

1181  
00:46:22,609 --> 00:46:19,560  
irrelevant

1182  
00:46:25,010 --> 00:46:22,619  
it can't be energy

1183  
00:46:27,890 --> 00:46:25,020  
whether it can be a holographic

1184  
00:46:31,550 --> 00:46:27,900  
something I don't know past my pay grade

1185  
00:46:33,650 --> 00:46:31,560  
but it can't be energy energy diminishes

1186  
00:46:36,829 --> 00:46:33,660  
with distance right

1187  
00:46:38,690 --> 00:46:36,839  
so you know if I'm if I'm you got a

1188  
00:46:40,250 --> 00:46:38,700

sound and you move away it gets dimmer

1189

00:46:42,109 --> 00:46:40,260

you got a light you move away it gets

1190

00:46:44,990 --> 00:46:42,119

dimmer you know it's a pretty simple

1191

00:46:46,309 --> 00:46:45,000

formula too the energy diminishes with

1192

00:46:48,410 --> 00:46:46,319

distance

1193

00:46:50,930 --> 00:46:48,420

another really interesting part is the

1194

00:46:53,210 --> 00:46:50,940

more mice the stronger the effect is

1195

00:46:54,890 --> 00:46:53,220

that accurate and yeah I've never looked

1196

00:46:56,510 --> 00:46:54,900

at I don't think you have the more

1197

00:46:58,670 --> 00:46:56,520

healers because I've been part of

1198

00:47:01,069 --> 00:46:58,680

healing groups where yeah it's more

1199

00:47:02,809 --> 00:47:01,079

healers with one person being healed and

1200

00:47:05,510 --> 00:47:02,819

I tried to get the person who's a pretty

1201  
00:47:08,270 --> 00:47:05,520  
well-known name information passed on to

1202  
00:47:09,770 --> 00:47:08,280  
say no don't use more healers use more

1203  
00:47:11,390 --> 00:47:09,780  
people who need healing to see what

1204  
00:47:14,089 --> 00:47:11,400  
happens yeah

1205  
00:47:17,089 --> 00:47:14,099  
yeah I think that would matter I I and I

1206  
00:47:19,250 --> 00:47:17,099  
I suspect more Healers

1207  
00:47:21,109 --> 00:47:19,260  
doesn't have an additive effect but it

1208  
00:47:23,870 --> 00:47:21,119  
has an increasing effect

1209  
00:47:26,270 --> 00:47:23,880  
to a certain length of time or a certain

1210  
00:47:28,370 --> 00:47:26,280  
number of healers but I think that

1211  
00:47:31,130 --> 00:47:28,380  
healing primarily comes from the Healy

1212  
00:47:33,829 --> 00:47:31,140  
and so I think there's probably a

1213  
00:47:36,890 --> 00:47:33,839

process appealing that it's up to the

1214

00:47:38,450 --> 00:47:36,900

healy's body to figure out uh and

1215

00:47:40,490 --> 00:47:38,460

they're taking information they're not

1216

00:47:42,650 --> 00:47:40,500

taking energy I mean you know it's

1217

00:47:44,750 --> 00:47:42,660

speculative on my part I can't put it up

1218

00:47:48,050 --> 00:47:44,760

here and say it is information rather

1219

00:47:50,150 --> 00:47:48,060

than energy because I can't I can't

1220

00:47:51,650 --> 00:47:50,160

prove that I can prove to you distance

1221

00:47:53,870 --> 00:47:51,660

is irrelevant

1222

00:47:56,690 --> 00:47:53,880

I can prove to you cures are all over

1223

00:47:58,430 --> 00:47:56,700

the place I can I can prove to you dose

1224

00:47:59,630 --> 00:47:58,440

response there is a dose response

1225

00:48:02,450 --> 00:47:59,640

meaning

1226

00:48:04,130 --> 00:48:02,460

healing isn't a miracle you know it

1227

00:48:06,109 --> 00:48:04,140

doesn't you wave your magic wand and

1228

00:48:09,050 --> 00:48:06,119

everything is is fine it doesn't work

1229

00:48:10,910 --> 00:48:09,060

that way uh there is a minimum amount of

1230

00:48:13,190 --> 00:48:10,920

treatment we've we've cut way back way

1231

00:48:14,809 --> 00:48:13,200

back way back trying to see and and

1232

00:48:20,829 --> 00:48:14,819

start some of the mice start to get

1233

00:48:27,410 --> 00:48:23,890

it doesn't conform to distance

1234

00:48:30,170 --> 00:48:27,420

parameters is not a Field Effect

1235

00:48:33,890 --> 00:48:30,180

meaning I don't put out healing Vibes

1236

00:48:35,870 --> 00:48:33,900

and they cover a geographical area

1237

00:48:37,309 --> 00:48:35,880

um and anything within that Vibe is

1238

00:48:40,190 --> 00:48:37,319

going to be affected

1239

00:48:42,530 --> 00:48:40,200

it's it's it's it's it's much more

1240

00:48:43,849 --> 00:48:42,540

complex than that it is not a generic

1241

00:48:46,550 --> 00:48:43,859

field effect that I could show you

1242

00:48:48,710 --> 00:48:46,560

interesting experiments but it's not a

1243

00:48:50,690 --> 00:48:48,720

generic Field Effect it seems to

1244

00:48:53,990 --> 00:48:50,700

actually Target

1245

00:48:57,170 --> 00:48:54,000

so Consciousness is in there somehow a

1246

00:48:59,690 --> 00:48:57,180

specific Target is in there somehow and

1247

00:49:01,790 --> 00:48:59,700

it can skip anything in the middle and

1248

00:49:05,089 --> 00:49:01,800

then hit a Target on the other side

1249

00:49:06,950 --> 00:49:05,099

so if we put a bunch of mice here and a

1250

00:49:08,750 --> 00:49:06,960

bunch of mice here who are the actual

1251  
00:49:10,550 --> 00:49:08,760  
Target it'll hit the target without

1252  
00:49:12,170 --> 00:49:10,560  
affecting the other mice and it's

1253  
00:49:14,630 --> 00:49:12,180  
similar and and when I see when I hear

1254  
00:49:17,329 --> 00:49:14,640  
that it's it's similar to remote viewing

1255  
00:49:18,109 --> 00:49:17,339  
you know you give remote viewers a

1256  
00:49:20,030 --> 00:49:18,119  
number

1257  
00:49:22,370 --> 00:49:20,040  
somehow whatever part of the person

1258  
00:49:24,290 --> 00:49:22,380  
whether it's the quantum part of the

1259  
00:49:26,450 --> 00:49:24,300  
person the holographic person the

1260  
00:49:28,670 --> 00:49:26,460  
subconscious part of the person it knows

1261  
00:49:30,410 --> 00:49:28,680  
what you want it knows what you're going

1262  
00:49:31,849 --> 00:49:30,420  
for and that's not you don't always get

1263  
00:49:34,730 --> 00:49:31,859

accurate information but when you are

1264

00:49:36,109 --> 00:49:34,740

it's like dead on somehow some part of

1265

00:49:37,490 --> 00:49:36,119

you knows and just like you said some

1266

00:49:39,349 --> 00:49:37,500

part of you knows which mice you want

1267

00:49:41,329 --> 00:49:39,359

healed something happens yeah something

1268

00:49:44,089 --> 00:49:41,339

happens and it's targeted and remote

1269

00:49:46,089 --> 00:49:44,099

viewing can get crazier too because it

1270

00:49:49,190 --> 00:49:46,099

remote viewing two distances irrelevant

1271

00:49:50,510 --> 00:49:49,200

and if distance is irrelevant and you're

1272

00:51:58,069 --> 00:49:50,520

a

1273

00:52:00,230 --> 00:51:58,079

you know you've seen

1274

00:52:01,790 --> 00:52:00,240

genetic charts and all that stuff it

1275

00:52:03,170 --> 00:52:01,800

followed a pattern like this is

1276

00:52:05,390 --> 00:52:03,180

inheritable

1277

00:52:08,630 --> 00:52:05,400

and some of the mice The Offspring of

1278

00:52:11,210 --> 00:52:08,640

these spontaneously immune mice

1279

00:52:13,130 --> 00:52:11,220

couldn't get cancer and their kids

1280

00:52:16,430 --> 00:52:13,140

couldn't get cancer some got it some

1281

00:52:20,089 --> 00:52:16,440

didn't get it but it followed a a a kind

1282

00:52:21,410 --> 00:52:20,099

of a a normal genetic kind of markers uh

1283

00:52:23,510 --> 00:52:21,420

and so he spent quite a bit of time

1284

00:52:25,970 --> 00:52:23,520

trying to figure out how to unravel that

1285

00:52:28,549 --> 00:52:25,980

and as far as I'm aware he has not been

1286

00:52:31,670 --> 00:52:28,559

able to unravel it yet interesting a

1287

00:52:33,770 --> 00:52:31,680

long-winded way of saying no I haven't

1288

00:52:35,390 --> 00:52:33,780

tried this yet

1289

00:52:40,670 --> 00:52:35,400

um

1290

00:52:44,270 --> 00:52:40,680

Mouse in bread mice I can tell you that

1291

00:52:45,349 --> 00:52:44,280

mice which are cured are immune to the

1292

00:52:47,510 --> 00:52:45,359

cancer

1293

00:52:50,210 --> 00:52:47,520

for the rest of their life

1294

00:52:52,069 --> 00:52:50,220

and so something real is going on and I

1295

00:52:54,589 --> 00:52:52,079

have some mechanism of action stuff here

1296

00:52:56,270 --> 00:52:54,599

on the immune system I'm not gonna not

1297

00:52:59,089 --> 00:52:56,280

gonna go into it's it's a little on the

1298

00:53:00,950 --> 00:52:59,099

geeky side uh but we've done genomic

1299

00:53:02,990 --> 00:53:00,960

kinds of studies on what the mechanism

1300

00:53:05,870 --> 00:53:03,000

of action might be and does it follow

1301  
00:53:07,490 --> 00:53:05,880  
this line in that line and mice which

1302  
00:53:10,609 --> 00:53:07,500  
are cured

1303  
00:53:13,130 --> 00:53:10,619  
can't be given cancer again and it's

1304  
00:53:15,829 --> 00:53:13,140  
more than that we can take mice from

1305  
00:53:16,970 --> 00:53:15,839  
those cured mice put it into a sick

1306  
00:53:20,270 --> 00:53:16,980  
Mouse

1307  
00:53:24,349 --> 00:53:20,280  
healing intervention

1308  
00:53:26,089 --> 00:53:24,359  
and so what is likely is that we have

1309  
00:53:27,109 --> 00:53:26,099  
some sort of a stimulated immune

1310  
00:53:30,049 --> 00:53:27,119  
response

1311  
00:53:32,809 --> 00:53:30,059  
that may be in fact able to be turned

1312  
00:53:35,210 --> 00:53:32,819  
into something akin to a vaccine

1313  
00:53:37,309 --> 00:53:35,220

yeah that's the exciting part uh which

1314

00:53:39,829 --> 00:53:37,319

will get to more when Dean comes here I

1315

00:53:41,390 --> 00:53:39,839

had a question from Jessica asking about

1316

00:53:42,650 --> 00:53:41,400

some of your methods do you think they

1317

00:53:45,170 --> 00:53:42,660

could also be used the other way

1318

00:53:47,329 --> 00:53:45,180

negatively kind of like people who are

1319

00:53:49,069 --> 00:53:47,339

involved in Wicca or putting spells on

1320

00:53:52,190 --> 00:53:49,079

people using it for negative I mean have

1321

00:53:54,230 --> 00:53:52,200

you ever thought about that

1322

00:53:57,230 --> 00:53:54,240

I've thought about it

1323

00:53:59,270 --> 00:53:57,240

um I wouldn't want to take part in an

1324

00:54:01,609 --> 00:53:59,280

experiment where we were trying to do

1325

00:54:02,750 --> 00:54:01,619

something negative you could always make

1326

00:54:04,010 --> 00:54:02,760

a case that you're doing something

1327

00:54:05,630 --> 00:54:04,020

negative when you're doing healing

1328

00:54:08,089 --> 00:54:05,640

research you know I mean I'm injecting

1329

00:54:10,130 --> 00:54:08,099

mice with cancer for crying out loud uh

1330

00:54:12,710 --> 00:54:10,140

that's not that's not a good thing you

1331

00:54:14,329 --> 00:54:12,720

know and then we rationalize it after uh

1332

00:54:14,930 --> 00:54:14,339

but it's it's

1333

00:54:16,970 --> 00:54:14,940

um

1334

00:54:19,730 --> 00:54:16,980

I don't think I don't think it would be

1335

00:54:22,010 --> 00:54:19,740

a smart thing to do to do uh to bring

1336

00:54:23,809 --> 00:54:22,020

about a negative effect

1337

00:54:26,150 --> 00:54:23,819

but I've never tried it I've never tried

1338

00:54:27,109 --> 00:54:26,160

it formally when did you realize that

1339

00:54:30,950 --> 00:54:27,119

your

1340

00:54:32,750 --> 00:54:30,960

healing method allegedly also is a

1341

00:54:34,790 --> 00:54:32,760

manifesting method which I know it's

1342

00:54:36,349 --> 00:54:34,800

really impossible it's really as far as

1343

00:54:38,809 --> 00:54:36,359

I know it's really impossible to prove

1344

00:54:40,849 --> 00:54:38,819

that manifesting is real you could say

1345

00:54:42,530 --> 00:54:40,859

oh he got the car he wanted but that can

1346

00:54:45,049 --> 00:54:42,540

come from so many places but went along

1347

00:54:46,730 --> 00:54:45,059

along the lines when did you realize you

1348

00:54:48,950 --> 00:54:46,740

know it seems like the healing method is

1349

00:54:50,750 --> 00:54:48,960

also getting me things that I have on my

1350

00:54:53,150 --> 00:54:50,760

list and for people who don't know it's

1351

00:54:54,530 --> 00:54:53,160

in the cup in the notes I have a link to

1352

00:54:57,589 --> 00:54:54,540

the method which is available online

1353

00:55:01,309 --> 00:54:57,599

there's a link in there so Bill any idea

1354

00:55:04,609 --> 00:55:01,319

when you figured it out or very early on

1355

00:55:07,069 --> 00:55:04,619

early on very early on so the cycling

1356

00:55:10,549 --> 00:55:07,079

technique which turns out to be a

1357

00:55:13,549 --> 00:55:10,559

manifesting technique uh I I never had

1358

00:55:16,190 --> 00:55:13,559

heard the of the word manifest but

1359

00:55:19,250 --> 00:55:16,200

um it is a manifesting technique was was

1360

00:55:20,870 --> 00:55:19,260

recognized pretty early on and and the

1361

00:55:25,390 --> 00:55:20,880

healing could be one of the things

1362

00:55:32,930 --> 00:55:29,109

and I think that the when you're healing

1363

00:55:35,809 --> 00:55:32,940

or you're cycling and you're doing I

1364

00:55:39,890 --> 00:55:35,819

think you're you may be healing trying

1365

00:55:41,750 --> 00:55:39,900

to fix somebody else but I think healing

1366

00:55:44,390 --> 00:55:41,760

you're also you're also giving yourself

1367

00:55:45,890 --> 00:55:44,400

a treatment and that's among the reasons

1368

00:55:48,530 --> 00:55:45,900

I wouldn't be a big fan of doing

1369

00:55:50,390 --> 00:55:48,540

something negative

1370

00:55:52,250 --> 00:55:50,400

which answers this question or somebody

1371

00:55:54,290 --> 00:55:52,260

said you know what's the effect on the

1372

00:55:56,630 --> 00:55:54,300

Healer can we use this to hear I'll heal

1373

00:55:58,490 --> 00:55:56,640

ourselves yes yes

1374

00:56:00,530 --> 00:55:58,500

um it's harder though it's hard to heal

1375

00:56:03,530 --> 00:56:00,540

yourself because there's a certain

1376

00:56:07,190 --> 00:56:03,540

amount of Detachment in involved

1377

00:56:10,190 --> 00:56:07,200

um if I go to and actually let me let me

1378

00:56:13,309 --> 00:56:10,200

go to the my middle my middle bullet

1379

00:56:14,690 --> 00:56:13,319

here belief is irrelevant

1380

00:56:17,569 --> 00:56:14,700

um

1381

00:56:20,210 --> 00:56:17,579

I I think belief is all all things being

1382

00:56:22,430 --> 00:56:20,220

equal famous statistical cop-out but all

1383

00:56:24,589 --> 00:56:22,440

things being equal I think belief is is

1384

00:56:27,170 --> 00:56:24,599

is a little bit negative

1385

00:56:30,349 --> 00:56:27,180

uh people who believe stuff I'm not a

1386

00:56:32,270 --> 00:56:30,359

Believer people who believe stuff spend

1387

00:56:34,970 --> 00:56:32,280

a lot of time reinforcing their own

1388

00:56:39,950 --> 00:56:37,910

and the the Believers don't want to be

1389

00:56:42,290 --> 00:56:39,960

talked out of their position

1390

00:56:45,530 --> 00:56:42,300

Skeptics are open

1391

00:56:48,230 --> 00:56:45,540

a Believer up near and so if you're a

1392

00:56:50,930 --> 00:56:48,240

Believer and you're trying to heal it's

1393

00:56:53,930 --> 00:56:50,940

almost like you take this personally and

1394

00:56:56,930 --> 00:56:53,940

there's a tendency to try

1395

00:57:00,170 --> 00:56:56,940

and a tendency to try or to focus or to

1396

00:57:01,549 --> 00:57:00,180

bring about your conscious mind involved

1397

00:57:04,849 --> 00:57:01,559

in healing

1398

00:57:08,210 --> 00:57:04,859

doesn't help the process at all healing

1399

00:57:11,569 --> 00:57:08,220

is more and more an autonomic response

1400

00:57:13,549 --> 00:57:11,579

to the need of the heli rather than the

1401  
00:57:16,190 --> 00:57:13,559  
belief reinforcement of either the

1402  
00:57:18,290 --> 00:57:16,200  
Healer or the healing

1403  
00:57:20,150 --> 00:57:18,300  
that that made me think again about

1404  
00:57:21,710 --> 00:57:20,160  
remote viewing some of the some of the

1405  
00:57:23,930 --> 00:57:21,720  
targets Maybe

1406  
00:57:26,030 --> 00:57:23,940  
if the person the target is something

1407  
00:57:28,190 --> 00:57:26,040  
that's really important like we need to

1408  
00:57:30,049 --> 00:57:28,200  
find out where this hostage is located

1409  
00:57:32,270 --> 00:57:30,059  
otherwise they're going to be killed in

1410  
00:57:34,370 --> 00:57:32,280  
the next week that's a really important

1411  
00:57:36,530 --> 00:57:34,380  
need I'm not sure if there's any data

1412  
00:57:38,630 --> 00:57:36,540  
that shows the remote viewing is more

1413  
00:57:40,790 --> 00:57:38,640

accurate when the need is that extreme

1414

00:57:43,370 --> 00:57:40,800

or when it's just a Target oh a

1415

00:57:45,829 --> 00:57:43,380

waterfall Target yeah I don't know the

1416

00:57:47,510 --> 00:57:45,839

answer yeah I I don't know but in the

1417

00:57:48,950 --> 00:57:47,520

case of healing you know and going back

1418

00:57:52,069 --> 00:57:48,960

to the question can you heal yourself

1419

00:57:54,650 --> 00:57:52,079

it's hard because healing involves a

1420

00:57:56,809 --> 00:57:54,660

certain amount of Detachment rather than

1421

00:57:59,510 --> 00:57:56,819

Focus rather than trying rather than

1422

00:58:03,190 --> 00:57:59,520

concentration rather than being present

1423

00:58:07,370 --> 00:58:05,510

your most important instruction when I

1424

00:58:10,309 --> 00:58:07,380

took your class your manifesting healing

1425

00:58:11,990 --> 00:58:10,319

classes have fun try all different

1426

00:58:14,150 --> 00:58:12,000

things if you if there's no wrong

1427

00:58:16,309 --> 00:58:14,160

answers somebody asked me is there can

1428

00:58:18,170 --> 00:58:16,319

does he recommend playing videos of your

1429

00:58:19,790 --> 00:58:18,180

images to help you with the manifesting

1430

00:58:22,130 --> 00:58:19,800

and like yeah whatever works for you

1431

00:58:22,970 --> 00:58:22,140

works yeah and then don't fall into a

1432

00:58:25,670 --> 00:58:22,980

rut

1433

00:58:28,730 --> 00:58:25,680

so the trick is how to be playful and

1434

00:58:30,170 --> 00:58:28,740

how to how to avoid ritual

1435

00:58:31,730 --> 00:58:30,180

and for people who don't know what we're

1436

00:58:34,730 --> 00:58:31,740

talking about basically they'll ask you

1437

00:58:36,890 --> 00:58:34,740

to come up with 20 items on a list as an

1438

00:58:39,170 --> 00:58:36,900

example I have a broken leg I want my

1439

00:58:41,510 --> 00:58:39,180

leg to heal so I imagine myself running

1440

00:58:43,670 --> 00:58:41,520

around on a track that means my leg is

1441

00:58:45,650 --> 00:58:43,680

healed you come up with 20 items like

1442

00:58:48,289 --> 00:58:45,660

that and you cycle through them really

1443

00:58:49,970 --> 00:58:48,299

fast until it becomes a blur that's

1444

00:58:51,530 --> 00:58:49,980

basically the system just so people know

1445

00:58:53,089 --> 00:58:51,540

what we're talking about yeah that's the

1446

00:58:55,309 --> 00:58:53,099

plot

1447

00:58:57,049 --> 00:58:55,319

um so what a doctor is oncologist what

1448

00:58:59,329 --> 00:58:57,059

do they say to you when you lecture to

1449

00:59:02,030 --> 00:58:59,339

them when when you get them private

1450

00:59:04,609 --> 00:59:02,040

in a conversation well it I mean it it

1451

00:59:07,250 --> 00:59:04,619

depends who you you're talking to uh

1452

00:59:10,250 --> 00:59:07,260

I've spoken to skeptic societies

1453

00:59:11,690 --> 00:59:10,260

where I I generally insult them I start

1454

00:59:13,730 --> 00:59:11,700

out by insulting them and say I'm the

1455

00:59:15,890 --> 00:59:13,740

only skeptic in the room

1456

00:59:18,410 --> 00:59:15,900

and then they get all twisted and make

1457

00:59:20,329 --> 00:59:18,420

contorted faces and such and I said I'm

1458

00:59:22,069 --> 00:59:20,339

the only skeptic in the room because I I

1459

00:59:23,450 --> 00:59:22,079

don't know the truth you people already

1460

00:59:26,150 --> 00:59:23,460

know the truth you already know that

1461

00:59:28,069 --> 00:59:26,160

what I haven't yet said is wrong

1462

00:59:29,150 --> 00:59:28,079

uh and you already believe that I'm

1463

00:59:31,730 --> 00:59:29,160

wrong and you don't even know what I'm

1464

00:59:32,930 --> 00:59:31,740

going to say and then at the end of a

1465

00:59:35,150 --> 00:59:32,940

talk

1466

00:59:37,190 --> 00:59:35,160

you have a social constraint you don't

1467

00:59:40,010 --> 00:59:37,200

want to be seen with the crazy person

1468

00:59:42,230 --> 00:59:40,020

so people will go out of their way to

1469

00:59:44,089 --> 00:59:42,240

come by and and whisper in my ear that

1470

00:59:45,470 --> 00:59:44,099

was great uh but they don't want to say

1471

00:59:48,530 --> 00:59:45,480

it out loud because there's too much

1472

00:59:52,130 --> 00:59:50,089

you know you're trying to be part of

1473

00:59:53,510 --> 00:59:52,140

this tribe the tribe that alleges to be

1474

00:59:55,130 --> 00:59:53,520

skeptical they're not skeptical they're

1475

00:59:56,930 --> 00:59:55,140

Believers

1476

00:59:59,690 --> 00:59:56,940

um and then some crazy person comes in

1477

01:00:02,990 --> 00:59:59,700

I've had I've given talks in Departments

1478

01:00:06,069 --> 01:00:03,000

of oncology in medical schools and had

1479

01:00:09,470 --> 01:00:06,079

people 75 oncologists

1480

01:00:11,270 --> 01:00:09,480

down the hall in in extra meeting rooms

1481

01:00:13,069 --> 01:00:11,280

they had to set up you know and beam in

1482

01:00:15,289 --> 01:00:13,079

the The Talk

1483

01:00:17,450 --> 01:00:15,299

try to cut and I've had these people try

1484

01:00:18,770 --> 01:00:17,460

to cut my knees out for hours you know

1485

01:00:21,349 --> 01:00:18,780

and at the end I generally get a

1486

01:00:22,970 --> 01:00:21,359

standing ovation because they go

1487

01:00:24,109 --> 01:00:22,980

we can't find a flow on what you're

1488

01:00:25,490 --> 01:00:24,119

doing

1489

01:00:27,170 --> 01:00:25,500

now that doesn't mean they're going to

1490

01:00:30,349 --> 01:00:27,180

follow up with it

1491

01:00:33,170 --> 01:00:30,359

it just means I get I'm I'm very well

1492

01:00:37,010 --> 01:00:35,390

I want to talk about something that's

1493

01:00:38,990 --> 01:00:37,020

one of the most fascinating things to me

1494

01:00:40,730 --> 01:00:39,000

placebo effect because I'm pretty sure

1495

01:00:42,049 --> 01:00:40,740

you do not believe it's mind over matter

1496

01:00:45,730 --> 01:00:42,059

no

1497

01:00:48,349 --> 01:00:45,740

I think placebo effect is an actual

1498

01:00:51,349 --> 01:00:48,359

resonant connection of spatially

1499

01:00:55,250 --> 01:00:53,569

and when I when I'm that was Godly good

1500

01:00:57,589 --> 01:00:55,260

but

1501  
01:01:05,329 --> 01:01:02,510  
in placebos if you do an experiment

1502  
01:01:06,650 --> 01:01:05,339  
there's a certain series of assumptions

1503  
01:01:09,589 --> 01:01:06,660  
that you're making when you do an

1504  
01:01:11,390 --> 01:01:09,599  
experiment so we may go into the lab and

1505  
01:01:13,309 --> 01:01:11,400  
say well this is tightly controlled and

1506  
01:01:16,190 --> 01:01:13,319  
all that stuff but the reality is

1507  
01:01:18,049 --> 01:01:16,200  
there's a series of assumptions if

1508  
01:01:20,150 --> 01:01:18,059  
you're doing an experiment one of the

1509  
01:01:23,390 --> 01:01:20,160  
assumptions is if you're physically

1510  
01:01:23,400 --> 01:01:27,530  
if there's resonant bonding

1511  
01:01:31,609 --> 01:01:29,930  
and I can connect with you

1512  
01:01:33,230 --> 01:01:31,619  
and I can demonstrate that we can

1513  
01:01:35,210 --> 01:01:33,240

physiologically connect from a distance

1514

01:01:37,730 --> 01:01:35,220

I can show our brains going into

1515

01:01:40,010 --> 01:01:37,740

resonance for example

1516

01:01:46,849 --> 01:01:40,020

if I can show that I'm connected to you

1517

01:01:50,690 --> 01:01:48,770

I don't think that's necessarily a

1518

01:01:53,510 --> 01:01:50,700

suggestion I think it's an actual

1519

01:01:56,390 --> 01:01:53,520

physical resonant bonding in bonding

1520

01:01:58,309 --> 01:01:56,400

everybody here has experience bonding

1521

01:02:00,950 --> 01:01:58,319

you felt a connection you felt a

1522

01:02:04,549 --> 01:02:02,510

and it could be the same thing it could

1523

01:02:06,289 --> 01:02:04,559

be your dog you love your dog on Monday

1524

01:02:09,109 --> 01:02:06,299

you hate your dog on Tuesday what change

1525

01:02:11,450 --> 01:02:09,119

it's not the dog it's the connection you

1526

01:02:13,789 --> 01:02:11,460

have I always love my dog Bill there are

1527

01:02:15,910 --> 01:02:13,799

no days I don't love my dog you could

1528

01:02:19,130 --> 01:02:15,920

say my Ex-Wives

1529

01:02:21,349 --> 01:02:19,140

we could say a girlfriend or a friend

1530

01:02:24,650 --> 01:02:21,359

I'll let you make the list of what

1531

01:02:26,329 --> 01:02:24,660

you're supposed to do or not uh but you

1532

01:02:28,190 --> 01:02:26,339

you know what I'm talking about whether

1533

01:02:31,250 --> 01:02:28,200

it's yeah if it's not your dog it's your

1534

01:02:32,510 --> 01:02:31,260

ex-wife uh you'll you you you have a

1535

01:02:34,370 --> 01:02:32,520

connection one day you have a

1536

01:02:35,930 --> 01:02:34,380

disconnection and you can have a

1537

01:02:39,589 --> 01:02:35,940

connection or a disconnection to people

1538

01:02:43,190 --> 01:02:39,599

the places the things to ideas

1539

01:02:45,890 --> 01:02:43,200

and I think healing is a connection

1540

01:02:49,010 --> 01:02:45,900

but I think Placebo effects

1541

01:02:52,549 --> 01:02:49,020

are really an example of connections

1542

01:02:52,559 --> 01:02:57,170

so let's say we're doing a drug trial

1543

01:03:00,289 --> 01:02:58,890

sorry but

1544

01:03:07,069 --> 01:03:00,299

[Music]

1545

01:03:11,690 --> 01:03:08,750

I think I got it

1546

01:03:13,970 --> 01:03:11,700

uh if if you're doing a drug trial and

1547

01:03:16,010 --> 01:03:13,980

you have a group of people a group of

1548

01:03:18,829 --> 01:03:16,020

volunteers and half of them get a drug

1549

01:03:20,809 --> 01:03:18,839

and half Kettle Placebo the placebo may

1550

01:03:22,190 --> 01:03:20,819

not be completely independent of the

1551  
01:03:25,130 --> 01:03:22,200  
drug people

1552  
01:03:26,390 --> 01:03:25,140  
if they're bonded and one group takes a

1553  
01:03:27,890 --> 01:03:26,400  
drug I think there's going to be an

1554  
01:03:29,569 --> 01:03:27,900  
effect on the other I don't think I'm

1555  
01:03:32,150 --> 01:03:29,579  
reasonably confident

1556  
01:03:34,309 --> 01:03:32,160  
I get Placebo effects that exactly

1557  
01:03:36,589 --> 01:03:34,319  
mirror what happens in people but I get

1558  
01:03:39,710 --> 01:03:36,599  
them in mice I get them in cell cultures

1559  
01:03:42,109 --> 01:03:39,720  
I get them all over the place

1560  
01:03:43,849 --> 01:03:42,119  
I don't think cell cultures are

1561  
01:03:45,950 --> 01:03:43,859  
particularly suggestible

1562  
01:03:48,470 --> 01:03:45,960  
I'm reasonably confident that mice are

1563  
01:03:51,289 --> 01:03:48,480

not particularly suggestible

1564

01:03:53,630 --> 01:03:51,299

but if I have bonded mice and I treat

1565

01:03:55,490 --> 01:03:53,640

one I'm going to also be treating the

1566

01:03:57,650 --> 01:03:55,500

controls

1567

01:03:59,150 --> 01:03:57,660

what's the 30 secret a dirty little

1568

01:04:00,589 --> 01:03:59,160

secret that you've spoken about which I

1569

01:04:03,049 --> 01:04:00,599

did not know about

1570

01:04:04,609 --> 01:04:03,059

um with Placebo effects oh there's a

1571

01:04:09,530 --> 01:04:04,619

bunch of dirty little secrets among them

1572

01:04:16,789 --> 01:04:11,870

as the number of people in a study get

1573

01:04:19,910 --> 01:04:18,710

that shouldn't happen that shouldn't

1574

01:04:22,130 --> 01:04:19,920

happen there's no way to make that right

1575

01:04:24,049 --> 01:04:22,140

so if you let's say we're doing a drug

1576

01:04:26,630 --> 01:04:24,059

trial and we go to

1577

01:04:28,130 --> 01:04:26,640

the different stages and phases and all

1578

01:04:28,910 --> 01:04:28,140

that stuff of drug trial you have a

1579

01:04:34,730 --> 01:04:28,920

small

1580

01:04:36,770 --> 01:04:34,740

test for safety and we call it phase two

1581

01:04:38,630 --> 01:04:36,780

and then we have a larger clinical trial

1582

01:04:40,569 --> 01:04:38,640

phase three well what happens is the

1583

01:04:43,309 --> 01:04:40,579

placebo effect gets stronger on on

1584

01:04:46,190 --> 01:04:43,319

replication and the placebo effect gets

1585

01:04:49,910 --> 01:04:46,200

stronger as the sample size gets larger

1586

01:04:54,530 --> 01:04:52,250

in the case of mice

1587

01:04:59,150 --> 01:04:54,540

the more mice we have in an experiment

1588

01:05:02,569 --> 01:05:01,010

it's all consistent

1589

01:05:03,770 --> 01:05:02,579

and I don't know if you just said I

1590

01:05:07,370 --> 01:05:03,780

might have just missed it if I was

1591

01:05:08,930 --> 01:05:07,380

distracted on questions but what I know

1592

01:05:10,910 --> 01:05:08,940

did you talk about how sometimes the

1593

01:05:13,609 --> 01:05:10,920

drug if you increase the drug the

1594

01:05:15,589 --> 01:05:13,619

placebo effect goes up x amount exactly

1595

01:05:17,990 --> 01:05:15,599

it was a proportion that shouldn't

1596

01:05:19,490 --> 01:05:18,000

happening it's another dirty there's a

1597

01:05:21,650 --> 01:05:19,500

bunch of dirty little secrets but here's

1598

01:05:24,589 --> 01:05:21,660

another dirty little secret you have X

1599

01:05:27,049 --> 01:05:24,599

drug which produces X effect

1600

01:05:29,569 --> 01:05:27,059

and then you up at the 2x drug

1601  
01:05:31,609 --> 01:05:29,579  
you're going to get 2x placebo effect it

1602  
01:05:33,890 --> 01:05:31,619  
goes proportionate to the strength of

1603  
01:05:35,089 --> 01:05:33,900  
the drug used in the other group and

1604  
01:05:37,069 --> 01:05:35,099  
that shouldn't happen because the people

1605  
01:05:39,530 --> 01:05:37,079  
getting the placebo do not know that the

1606  
01:05:40,970 --> 01:05:39,540  
people don't know what they're getting

1607  
01:05:42,950 --> 01:05:40,980  
yeah that's what they're getting and

1608  
01:05:44,390 --> 01:05:42,960  
they don't know the dose so they to

1609  
01:05:46,010 --> 01:05:44,400  
people who work in those studies just

1610  
01:05:47,270 --> 01:05:46,020  
ignore it yes

1611  
01:05:50,569 --> 01:05:47,280  
yeah

1612  
01:05:51,770 --> 01:05:50,579  
think that physical separation means

1613  
01:05:57,170 --> 01:05:51,780

## Independence

1614

01:05:58,730 --> 01:05:57,180

you're over here I'm over there

1615

01:06:02,510 --> 01:05:58,740

you stick a pin in me it's not going to

1616

01:06:05,150 --> 01:06:02,520

affect you well what if it does right

1617

01:06:08,089 --> 01:06:05,160

so if you get Placebo effects that are

1618

01:06:09,770 --> 01:06:08,099

look like human effects in mice you got

1619

01:06:11,930 --> 01:06:09,780

to scratch your head and say maybe it's

1620

01:06:13,730 --> 01:06:11,940

not suggestion you get Placebo effects

1621

01:06:15,589 --> 01:06:13,740

and cell cultures maybe it's not

1622

01:06:17,210 --> 01:06:15,599

suggestion

1623

01:06:19,250 --> 01:06:17,220

it's not suggesting there's no way

1624

01:06:21,410 --> 01:06:19,260

unless the mice are reading your mind

1625

01:06:24,049 --> 01:06:21,420

and realizing you know what I think Bill

1626

01:06:25,849 --> 01:06:24,059

just gave me some healing yeah it's

1627

01:06:27,650 --> 01:06:25,859

ridiculous um what's the percentage

1628

01:06:30,770 --> 01:06:27,660

healing success rate how many mics were

1629

01:06:33,710 --> 01:06:30,780

people do not get healed

1630

01:06:36,230 --> 01:06:33,720

uh the the people that talk to it's hard

1631

01:06:37,490 --> 01:06:36,240

to I I just put up a new slide that says

1632

01:06:39,230 --> 01:06:37,500

what we don't know

1633

01:06:42,349 --> 01:06:39,240

you know this is going to be much longer

1634

01:06:43,609 --> 01:06:42,359

than what we know uh the percentage of

1635

01:06:46,309 --> 01:06:43,619

mice

1636

01:06:47,990 --> 01:06:46,319

I'm probably we've had a couple of

1637

01:06:50,450 --> 01:06:48,000

failures of mice

1638

01:06:54,829 --> 01:06:50,460

I don't have a figure off the top I

1639

01:06:58,849 --> 01:06:54,839

would say for total lifespan cure

1640

01:07:03,410 --> 01:07:01,490

a little higher but you know in that in

1641

01:07:05,329 --> 01:07:03,420

that range

1642

01:07:07,910 --> 01:07:05,339

in the case of people I don't know

1643

01:07:09,589 --> 01:07:07,920

because I I don't have is it one of the

1644

01:07:11,990 --> 01:07:09,599

reasons you're going to the lab you

1645

01:07:13,549 --> 01:07:12,000

don't have a steady denominator you

1646

01:07:15,650 --> 01:07:13,559

don't have you can't follow a certain

1647

01:07:18,710 --> 01:07:15,660

number of people and then say what what

1648

01:07:20,450 --> 01:07:18,720

percentage got cured because in the case

1649

01:07:23,029 --> 01:07:20,460

of clinical stuff

1650

01:07:25,789 --> 01:07:23,039

people say

1651

01:07:27,410 --> 01:07:25,799

they leave you know they get a treatment

1652

01:07:29,930 --> 01:07:27,420

and what happens if they don't come back

1653

01:07:32,390 --> 01:07:29,940

I don't know and that's called a file

1654

01:07:33,829 --> 01:07:32,400

drawer problem uh people disappear and

1655

01:07:35,569 --> 01:07:33,839

what happens to them what happens to

1656

01:07:37,430 --> 01:07:35,579

them 10 years after they were allegedly

1657

01:07:40,670 --> 01:07:37,440

cured I don't know

1658

01:07:42,950 --> 01:07:40,680

so I can't give you a success rate on

1659

01:07:45,410 --> 01:07:42,960

clinical stuff I would just say for

1660

01:07:47,690 --> 01:07:45,420

those people

1661

01:07:50,390 --> 01:07:47,700

who take treatment and will come back

1662

01:07:53,750 --> 01:07:50,400

and keep taking treatment it's got to be

1663

01:07:55,789 --> 01:07:53,760

very high that they're they're fixed but

1664

01:07:57,770 --> 01:07:55,799

I I can't give you a figure it'd be

1665

01:07:59,450 --> 01:07:57,780

crazy something we could talk about when

1666

01:08:01,789 --> 01:07:59,460

Dean gets here quantum entanglement

1667

01:08:05,750 --> 01:08:01,799

double slit experiment connected to all

1668

01:08:08,390 --> 01:08:05,760

this yeah that's the uh I'll let Dean

1669

01:08:11,210 --> 01:08:08,400

predile on about that okay I would say at

1670

01:08:13,789 --> 01:08:11,220

least metaphorically there is uh because

1671

01:08:17,030 --> 01:08:13,799

there's metaphorically something similar

1672

01:08:20,870 --> 01:08:17,040

to Quantum things people use the word

1673

01:08:25,329 --> 01:08:20,880

Quantum excessively uh Dean uses it

1674

01:08:27,650 --> 01:08:25,339

appropriately he is a seriously

1675

01:08:29,390 --> 01:08:27,660

knowledgeable guy in terms of quantum

1676

01:08:31,189 --> 01:08:29,400

effects and things along those lines so

1677

01:08:33,890 --> 01:08:31,199

I I wouldn't if he's coming I wouldn't

1678

01:08:36,349 --> 01:08:33,900

presume to speculate all right

1679

01:08:38,150 --> 01:08:36,359

bill I do a lot of UFO work that's my

1680

01:08:40,550 --> 01:08:38,160

main work although that's gonna change

1681

01:08:43,070 --> 01:08:40,560

because I love this stuff and I love

1682

01:08:45,110 --> 01:08:43,080

holographic universe that's semi in the

1683

01:08:46,189 --> 01:08:45,120

simulation Theory let me just I don't

1684

01:08:49,130 --> 01:08:46,199

know you don't want to talk about this

1685

01:08:51,229 --> 01:08:49,140

but feel free but so Jim semivan has a

1686

01:08:53,689 --> 01:08:51,239

big name in this field he is a former

1687

01:08:55,550 --> 01:08:53,699

CIA spy he was pretty pretty high up on

1688

01:08:56,809 --> 01:08:55,560

the CIA respected

1689

01:08:58,370 --> 01:08:56,819

um he's spoken about his abduction

1690

01:09:01,550 --> 01:08:58,380

experience he's taught he's spoken about

1691

01:09:04,070 --> 01:09:01,560

seeing a hooded Bean come through a wall

1692

01:09:05,749 --> 01:09:04,080

at the same time his friend died down in

1693

01:09:08,090 --> 01:09:05,759

Florida maybe a connection then we have

1694

01:09:09,829 --> 01:09:08,100

a Stanford University immunologist Gary

1695

01:09:12,289 --> 01:09:09,839

Nolan who has spoken about having little

1696

01:09:14,570 --> 01:09:12,299

men in his uh bedroom when he was

1697

01:09:16,490 --> 01:09:14,580

younger seeing a UFO so more people are

1698

01:09:19,010 --> 01:09:16,500

starting to talk about anomalous

1699

01:09:20,870 --> 01:09:19,020

experiences are you able to share your

1700

01:09:22,370 --> 01:09:20,880

experiences with the fellas which you

1701

01:09:24,829 --> 01:09:22,380

write about and I know in the past you

1702

01:09:27,590 --> 01:09:24,839

haven't wanted to go there but maybe now

1703

01:09:30,530 --> 01:09:27,600

well I I mean I I don't I don't hide it

1704

01:09:32,390 --> 01:09:30,540

I don't I don't uh dwell on it because I

1705

01:09:34,849 --> 01:09:32,400

don't spend a lot of time thinking about

1706

01:09:36,709 --> 01:09:34,859

I don't know what to do uh but there

1707

01:09:37,729 --> 01:09:36,719

there are I don't know what you want to

1708

01:09:41,269 --> 01:09:37,739

call it

1709

01:09:47,329 --> 01:09:44,390

spooky things that go on

1710

01:09:49,970 --> 01:09:47,339

um I I you know I can see figures of

1711

01:09:51,530 --> 01:09:49,980

people uh from time to time you

1712

01:09:54,169 --> 01:09:51,540

certainly can have a sense that they're

1713

01:09:55,669 --> 01:09:54,179

there and we just started to call them

1714

01:09:59,270 --> 01:09:55,679

the fellas you know hi fellas you know

1715

01:10:00,590 --> 01:09:59,280

how's it going when we had a dog uh the

1716

01:10:01,750 --> 01:10:00,600

dog used to sit and watch where the

1717

01:10:05,330 --> 01:10:01,760

fellas are

1718

01:10:09,410 --> 01:10:05,340

it's it it it uh I mean we didn't make

1719

01:10:11,630 --> 01:10:09,420

it a major it's not a big intense thing

1720

01:10:14,390 --> 01:10:11,640

going on here it's like oh yeah they're

1721

01:10:16,189 --> 01:10:14,400

the fellas you know kind of a thing I

1722

01:10:19,970 --> 01:10:16,199

had I can tell you this I was giving a

1723

01:10:22,070 --> 01:10:19,980

talk in Germany once and I had this

1724

01:10:24,050 --> 01:10:22,080

literally a little old lady I mean

1725

01:10:26,689 --> 01:10:24,060

coming up in a in a walker kind of a

1726

01:10:28,970 --> 01:10:26,699

thing and she said I'm a psychic And I

1727

01:10:31,010 --> 01:10:28,980

said Okay and she goes no no I'm really

1728

01:10:34,070 --> 01:10:31,020

a psychic and I said I believe you I

1729

01:10:35,930 --> 01:10:34,080

believe you and and she said well I I

1730

01:10:39,350 --> 01:10:35,940

she started to stammer a little bit and

1731

01:10:41,510 --> 01:10:39,360

she said I just want to tell you that

1732

01:10:44,090 --> 01:10:41,520

there's a bunch of

1733

01:10:46,310 --> 01:10:44,100

people who were following you around I

1734

01:10:49,070 --> 01:10:46,320

said yeah those are the fellas and she

1735

01:10:52,010 --> 01:10:49,080

said but there's a lot of them I've

1736

01:10:54,530 --> 01:10:52,020

never seen so many I said okay tell them

1737

01:10:57,649 --> 01:10:54,540

I said hello you know but and she went

1738

01:11:00,709 --> 01:10:57,659

back to her chair uh for the next part

1739

01:11:02,630 --> 01:11:00,719

of the whatever the talk was so other

1740

01:11:05,390 --> 01:11:02,640

people have seen these these whatever

1741

01:11:07,430 --> 01:11:05,400

they are soon so if that's if that's

1742

01:11:09,410 --> 01:11:07,440

real and these people and I know you've

1743

01:11:11,209 --> 01:11:09,420

said you've seen the fellows with other

1744

01:11:13,729 --> 01:11:11,219

people other Witnesses at the same time

1745

01:11:15,830 --> 01:11:13,739

if that's real it really says something

1746

01:11:18,350 --> 01:11:15,840

if they're real non-human intelligence

1747

01:11:20,450 --> 01:11:18,360

is from maybe another dimension just

1748

01:11:21,770 --> 01:11:20,460

something non-physical maybe human but

1749

01:11:23,870 --> 01:11:21,780

just non-physical

1750

01:11:25,669 --> 01:11:23,880

we may be having some help from the

1751

01:11:28,490 --> 01:11:25,679

other side is basically what it suggests

1752

01:11:30,350 --> 01:11:28,500

yeah again past my pay grade I'm just a

1753

01:11:32,750 --> 01:11:30,360

dork in the lab you know doing trying to

1754

01:11:35,030 --> 01:11:32,760

figure stuff out and making lists like I

1755

01:11:37,610 --> 01:11:35,040

have up here stuff we don't know and how

1756

01:11:39,290 --> 01:11:37,620

do we get the answer to that uh you know

1757

01:11:42,890 --> 01:11:39,300

some questions are interesting some

1758

01:11:45,290 --> 01:11:42,900

questions are curious some questions I

1759

01:11:47,990 --> 01:11:45,300

got nothing I don't know what to do

1760

01:11:52,250 --> 01:11:49,669

the list of stuff we don't know is

1761

01:11:54,169 --> 01:11:52,260

pretty long including the fellas

1762

01:11:55,970 --> 01:11:54,179

one thing you spoke about when you do

1763

01:11:57,590 --> 01:11:55,980

get volunteers to heal you look for

1764

01:11:59,510 --> 01:11:57,600

Skeptics you don't look for believers if

1765

01:12:01,970 --> 01:11:59,520

they're Believers you don't want them I

1766

01:12:04,550 --> 01:12:01,980

don't want them the Believers are a

1767

01:12:06,890 --> 01:12:04,560

little scary to me because again they

1768

01:12:08,990 --> 01:12:06,900

believe stuff and they they believe that

1769

01:12:11,570 --> 01:12:09,000

they

1770

01:12:13,430 --> 01:12:11,580

people with with strong beliefs

1771

01:12:15,169 --> 01:12:13,440

have a tendency to want to reinforce

1772

01:12:17,870 --> 01:12:15,179

their beliefs

1773

01:12:19,370 --> 01:12:17,880

somebody somebody has no I I don't I I

1774

01:12:22,610 --> 01:12:19,380

don't I don't pretend to know what I'm

1775

01:12:25,310 --> 01:12:22,620

talking about I I pretend uh I don't

1776

01:12:27,530 --> 01:12:25,320

pretend I have lots of data and lots of

1777

01:12:30,050 --> 01:12:27,540

experiments under lots of tightly

1778

01:12:32,149 --> 01:12:30,060

controlled conditions and so I can say

1779

01:12:34,910 --> 01:12:32,159

something some things aren't interesting

1780

01:12:37,669 --> 01:12:34,920

like is healing real I mean I don't it's

1781

01:12:39,590 --> 01:12:37,679

a stupid question uh the question is is

1782

01:12:41,630 --> 01:12:39,600

there a dose response to distance matter

1783

01:12:43,189 --> 01:12:41,640

what happens physiology those are

1784

01:12:45,290 --> 01:12:43,199

interesting questions not whether

1785

01:12:48,169 --> 01:12:45,300

healing happens but the list of things

1786

01:12:50,149 --> 01:12:48,179

we don't know is staggering you know and

1787

01:12:51,310 --> 01:12:50,159

this could go on page after page after

1788

01:12:54,830 --> 01:12:51,320

page

1789

01:12:56,149 --> 01:12:54,840

and and Believers don't have a tendency

1790

01:12:58,250 --> 01:12:56,159

to want to look at all this stuff

1791

01:13:00,290 --> 01:12:58,260

because they already believe stuff right

1792

01:13:02,030 --> 01:13:00,300

I I'm fortunate enough that I don't have

1793

01:13:04,610 --> 01:13:02,040

a believing bone in my body

1794

01:13:07,850 --> 01:13:04,620

so I can relax and just let the data go

1795

01:13:09,470 --> 01:13:07,860

where the data goes and I can be an

1796

01:13:11,209 --> 01:13:09,480

interested Observer

1797

01:13:12,649 --> 01:13:11,219

that's the way I think everybody should

1798

01:13:15,950 --> 01:13:12,659

be like that has a question about the

1799

01:13:20,270 --> 01:13:17,870

um let me I'm going to stop sharing this

1800

01:13:22,250 --> 01:13:20,280

and just uh

1801

01:13:24,229 --> 01:13:22,260

okay am I back

1802

01:13:27,290 --> 01:13:24,239

you're back okay

1803

01:13:30,229 --> 01:13:27,300

um do they look they look humanoid

1804

01:13:36,229 --> 01:13:30,239

you know they almost uh almost like a

1805

01:13:40,490 --> 01:13:38,870

I can't see I can't see details of faces

1806

01:13:41,570 --> 01:13:40,500

or things like that I just they kind of

1807

01:13:44,770 --> 01:13:41,580

loot me

1808

01:13:47,930 --> 01:13:44,780

I can't get them to pay rent you know

1809

01:13:49,430 --> 01:13:47,940

I just I thought I'd set up reasonable

1810

01:13:52,970 --> 01:13:49,440

amounts of rent because they just hang

1811

01:13:55,490 --> 01:13:52,980

out here you know Reloaders

1812

01:13:57,110 --> 01:13:55,500

yeah go go rake some leaves do something

1813

01:13:58,490 --> 01:13:57,120

for crying out loud sounds just looming

1814

01:13:59,990 --> 01:13:58,500

around you're

1815

01:14:01,430 --> 01:14:00,000

you're a question on Twitter any chance

1816

01:14:03,410 --> 01:14:01,440

you could ask Bella's methods

1817

01:14:05,209 --> 01:14:03,420

Effectiveness on neurodegenerative

1818

01:14:08,270 --> 01:14:05,219

illnesses

1819

01:14:10,130 --> 01:14:08,280

uh I wonder I have wondered if it's

1820

01:14:13,370 --> 01:14:10,140

effect your method has

1821

01:14:15,890 --> 01:14:13,380

if your method is effect

1822

01:14:19,250 --> 01:14:15,900

if it's effect especially on fast moving

1823

01:14:22,850 --> 01:14:19,260

illnesses that mutated Cells versus an

1824

01:14:25,490 --> 01:14:22,860

illness that takes away degenerative

1825

01:14:28,370 --> 01:14:25,500

I can talk the answer is it's always

1826

01:14:30,530 --> 01:14:28,380

going to be I don't know and and you

1827

01:14:32,750 --> 01:14:30,540

know then we say let's let's try and

1828

01:14:35,270 --> 01:14:32,760

find out you know let's see what we get

1829

01:14:36,410 --> 01:14:35,280

uh so I'm open to let's let's see what

1830

01:14:37,010 --> 01:14:36,420

we get

1831

01:14:39,350 --> 01:14:37,020

um

1832

01:14:41,270 --> 01:14:39,360

in clinical because you're asking me a

1833

01:14:44,450 --> 01:14:41,280

clinical question in clinical questions

1834

01:14:46,010 --> 01:14:44,460

in clinical cases there's no way to

1835

01:14:47,450 --> 01:14:46,020

predict an individual outcome

1836

01:14:49,790 --> 01:14:47,460

outcome any more than I could predict

1837

01:14:51,950 --> 01:14:49,800

the individual outcome of a mouse

1838

01:14:54,110 --> 01:14:51,960

so for example

1839

01:14:56,630 --> 01:14:54,120

and this may not be satisfying but it's

1840

01:14:59,149 --> 01:14:56,640

through its reality

1841

01:15:01,010 --> 01:14:59,159

and this is a real case and I bring Dean

1842

01:15:03,770 --> 01:15:01,020

in in one minute so if we wrap it up and

1843

01:15:06,470 --> 01:15:03,780

I'll bring them in okay and and you can

1844

01:15:08,990 --> 01:15:06,480

pop in anytime you want uh but we we

1845

01:15:12,169 --> 01:15:10,610

we're in the middle of Bill answering a

1846

01:15:15,530 --> 01:15:12,179

question go ahead Bill he's he's

1847

01:15:17,209 --> 01:15:15,540

answering it poorly incidentally but I'm

1848

01:15:19,790 --> 01:15:17,219

the answer is to figure out what the

1849

01:15:22,669 --> 01:15:19,800

question was yeah uh so we we can have

1850

01:15:26,030 --> 01:15:22,679

we can have a volunteer healer put their

1851  
01:15:29,870 --> 01:15:26,040  
hands around a cage with two mice in it

1852  
01:15:31,910 --> 01:15:29,880  
and so the the mice are essentially

1853  
01:15:33,530 --> 01:15:31,920  
clones not literally but they're clones

1854  
01:15:36,050 --> 01:15:33,540  
of one another they're they're for all

1855  
01:15:38,750 --> 01:15:36,060  
practical purposes they're identical you

1856  
01:15:41,570 --> 01:15:38,760  
have the same healer you have mice that

1857  
01:15:44,090 --> 01:15:41,580  
are been born and raised together

1858  
01:15:46,310 --> 01:15:44,100  
they're from the same litter and they're

1859  
01:15:48,649 --> 01:15:46,320  
given the same amount of cancer

1860  
01:15:50,870 --> 01:15:48,659  
at a given time so they're ejected with

1861  
01:15:53,510 --> 01:15:50,880  
a certain number of cancer cells one

1862  
01:15:55,729 --> 01:15:53,520  
Mouse will take X number of days to be

1863  
01:15:58,550 --> 01:15:55,739

cured the other Mouse will take two and

1864

01:16:03,830 --> 01:16:01,790

now the geeky term for that is

1865

01:16:06,830 --> 01:16:03,840

unexplained variance

1866

01:16:09,290 --> 01:16:06,840

but the reality is we can speak in terms

1867

01:16:11,450 --> 01:16:09,300

of aggregate data

1868

01:16:13,729 --> 01:16:11,460

Central Tendencies things like that but

1869

01:16:15,890 --> 01:16:13,739

there's no way for me to predict the

1870

01:16:19,010 --> 01:16:15,900

outcome of an individual Mouse will this

1871

01:16:21,169 --> 01:16:19,020

be a mouse that gets fixed in in a dozen

1872

01:16:23,689 --> 01:16:21,179

days will it be a mouse that takes 30

1873

01:16:25,610 --> 01:16:23,699

days will it be I I don't know and you

1874

01:16:28,850 --> 01:16:25,620

asked me a clinical case

1875

01:16:31,010 --> 01:16:28,860

does your does your does it work on this

1876

01:16:34,250 --> 01:16:31,020

it's not a question of does it work on

1877

01:16:35,990 --> 01:16:34,260

this it's a question of I I even if it

1878

01:16:37,610 --> 01:16:36,000

if I got 10 people with the same

1879

01:16:39,709 --> 01:16:37,620

condition at least as far as we could

1880

01:16:43,010 --> 01:16:39,719

tell there would probably be variation

1881

01:16:44,750 --> 01:16:43,020

in the outcome of the healing

1882

01:16:46,729 --> 01:16:44,760

and we just you know

1883

01:16:49,490 --> 01:16:46,739

Geeks call that unexplained variance

1884

01:16:52,610 --> 01:16:49,500

it's what it really means is there there

1885

01:16:55,430 --> 01:16:52,620

really is no way we we think and we hear

1886

01:16:57,169 --> 01:16:55,440

in terms of central Tendencies so this

1887

01:16:58,970 --> 01:16:57,179

will get fixed in about a month or this

1888

01:17:00,770 --> 01:16:58,980

will take her this will take but there's

1889

01:17:03,590 --> 01:17:00,780

there's an enormous amount of of

1890

01:17:05,330 --> 01:17:03,600

individual variation

1891

01:17:08,630 --> 01:17:05,340

thank you for that and Dean thank you

1892

01:17:11,330 --> 01:17:08,640

for being here I will I will refer

1893

01:17:12,950 --> 01:17:11,340

people to the notes for Dean's bio he's

1894

01:17:15,470 --> 01:17:12,960

the chief scientist at The Institute of

1895

01:17:17,510 --> 01:17:15,480

noetic scientists at science noetic

1896

01:17:19,370 --> 01:17:17,520

science and Dean can you tell me thank

1897

01:17:22,850 --> 01:17:19,380

you for being here first of all tell me

1898

01:17:27,649 --> 01:17:25,250

I think we probably met at an SSC

1899

01:17:29,830 --> 01:17:27,659

conference I think so I was trying to

1900

01:17:33,649 --> 01:17:29,840

remember how do we meet

1901

01:17:37,490 --> 01:17:33,659

probably years ago yeah a bunch of years

1902

01:17:38,870 --> 01:17:37,500

20 years maybe more yeah yeah so at a

1903

01:17:40,270 --> 01:17:38,880

conference what was your first

1904

01:17:44,149 --> 01:17:40,280

impression

1905

01:17:46,850 --> 01:17:44,810

um

1906

01:17:50,209 --> 01:17:46,860

Hold Your Ears Bill

1907

01:17:53,090 --> 01:17:50,219

yeah I would say uh what bill has been

1908

01:17:56,450 --> 01:17:53,100

doing and presenting is crazy but it's

1909

01:17:58,550 --> 01:17:56,460

good crazy you know just like uh

1910

01:18:01,850 --> 01:17:58,560

was it is it John Lewis was talking

1911

01:18:04,550 --> 01:18:01,860

about uh good trouble well in a sense

1912

01:18:07,130 --> 01:18:04,560

that's that's what we do we're involved

1913

01:18:10,370 --> 01:18:07,140

in good trouble in a scientific sense

1914

01:18:13,970 --> 01:18:10,380

studying things that would cause many

1915

01:18:17,270 --> 01:18:13,980

scientists to uh run away and scream

1916

01:18:20,570 --> 01:18:17,280

and so instead we we dive in and find

1917

01:18:22,790 --> 01:18:20,580

out is there something here or not

1918

01:18:25,070 --> 01:18:22,800

so one of my one of my intellectual

1919

01:18:27,770 --> 01:18:25,080

Heroes is William James

1920

01:18:30,590 --> 01:18:27,780

William James really had it right when

1921

01:18:32,930 --> 01:18:30,600

he said way back when that uh it's the

1922

01:18:34,910 --> 01:18:32,940

things that don't fit into our current

1923

01:18:37,850 --> 01:18:34,920

understanding which are somewhere

1924

01:18:41,810 --> 01:18:37,860

between the next great breakthrough

1925

01:18:43,850 --> 01:18:41,820

and something which is a mistake yep so

1926

01:18:45,590 --> 01:18:43,860

you're not going to find out what it is

1927

01:18:48,410 --> 01:18:45,600

unless you actually start studying it

1928

01:18:49,550 --> 01:18:48,420

and it often turns out that these the

1929

01:18:51,950 --> 01:18:49,560

strange things that people don't

1930

01:18:54,890 --> 01:18:51,960

understand hold something which is

1931

01:18:56,870 --> 01:18:54,900

extremely important to to know so that's

1932

01:18:59,390 --> 01:18:56,880

I mean that's what attracted me to

1933

01:19:01,490 --> 01:18:59,400

studying anomalies and that's why I

1934

01:19:04,010 --> 01:19:01,500

value what Bill does as well because he

1935

01:19:06,649 --> 01:19:04,020

dived head first into it and now and now

1936

01:19:08,689 --> 01:19:06,659

he's in it and I I don't have you know

1937

01:19:10,610 --> 01:19:08,699

this goes to my thing about belief I

1938

01:19:13,430 --> 01:19:10,620

don't have beliefs that I need to defend

1939

01:19:15,050 --> 01:19:13,440

what I've learned in doing you know

1940

01:19:17,870 --> 01:19:15,060

research in this crazy stuff for 100

1941

01:19:20,149 --> 01:19:17,880

something years is uh I don't know too

1942

01:19:22,790 --> 01:19:20,159

much you know it's it's the list of

1943

01:19:24,530 --> 01:19:22,800

things I don't know and and so I can't I

1944

01:19:26,270 --> 01:19:24,540

can't believe

1945

01:19:27,410 --> 01:19:26,280

because I don't come from a believing

1946

01:19:30,110 --> 01:19:27,420

background

1947

01:19:31,910 --> 01:19:30,120

I just test and I'm okay if it if if it

1948

01:19:33,830 --> 01:19:31,920

works if it doesn't work you know I'm

1949

01:19:36,290 --> 01:19:33,840

sure I don't have the answer and I don't

1950

01:19:38,750 --> 01:19:36,300

have truth I have experience and I have

1951

01:19:41,390 --> 01:19:38,760

experiments and it will continue to be

1952

01:19:43,790 --> 01:19:41,400

modified and and the good news is in the

1953

01:19:46,070 --> 01:19:43,800

dialogue you know someone like Dean can

1954

01:19:47,689 --> 01:19:46,080

come along and say time out to have you

1955

01:19:50,510 --> 01:19:47,699

tried this if you control for that have

1956

01:19:52,430 --> 01:19:50,520

you and if it's deep it's going to be

1957

01:19:55,070 --> 01:19:52,440

useful if it's other people they are

1958

01:19:57,590 --> 01:19:55,080

stupid that's not useful

1959

01:19:59,870 --> 01:19:57,600

that's not useful at all which is one of

1960

01:20:01,070 --> 01:19:59,880

the reasons you I I try to stay clear of

1961

01:20:03,890 --> 01:20:01,080

believers

1962

01:20:07,450 --> 01:20:03,900

yeah constructive criticism is

1963

01:20:10,189 --> 01:20:07,460

is essential and valuable yeah

1964

01:20:12,770 --> 01:20:10,199

destructive criticism is a waste of time

1965

01:20:14,689 --> 01:20:12,780

yep yep

1966

01:20:16,970 --> 01:20:14,699

Dean can you talk about how you got

1967

01:20:19,550 --> 01:20:16,980

involved with bills

1968

01:20:22,370 --> 01:20:19,560

research and talk about both of you can

1969

01:20:25,250 --> 01:20:22,380

talk about how you started trying to

1970

01:20:27,050 --> 01:20:25,260

record healing who who was the first one

1971

01:20:28,669 --> 01:20:27,060

to even think about the idea of maybe we

1972

01:20:30,910 --> 01:20:28,679

can record this

1973

01:20:32,870 --> 01:20:30,920

who's the first yeah

1974

01:20:34,550 --> 01:20:32,880

who came up with the idea let's say

1975

01:20:35,870 --> 01:20:34,560

let's try to record put as many

1976

01:20:38,270 --> 01:20:35,880

instruments since we don't really know

1977

01:20:40,370 --> 01:20:38,280

what we're recording and go on a faraday

1978

01:20:43,130 --> 01:20:40,380

cage and try to record healing

1979

01:20:44,870 --> 01:20:43,140

well I know that the the way I I first

1980

01:20:46,490 --> 01:20:44,880

heard about this was we wanted to put

1981

01:20:49,490 --> 01:20:46,500

bill in a bottle

1982

01:20:51,110 --> 01:20:49,500

because you know we're finite whereas if

1983

01:20:52,610 --> 01:20:51,120

you put bill in a bottle it might stay

1984

01:20:54,050 --> 01:20:52,620

on the shelf for a long time we don't

1985

01:20:56,270 --> 01:20:54,060

need Bill anymore

1986

01:20:58,550 --> 01:20:56,280

that's that's one of my major goals in

1987

01:21:01,370 --> 01:20:58,560

life is to be irrelevant and be put in a

1988

01:21:04,370 --> 01:21:01,380

bottle yeah so in the the question then

1989

01:21:05,810 --> 01:21:04,380

goes well what do you record well I

1990

01:21:08,390 --> 01:21:05,820

thought of everything I could think of

1991

01:21:10,010 --> 01:21:08,400

to record electromagnetic and magnetic

1992

01:21:11,689 --> 01:21:10,020

and scalar waves even though I don't

1993

01:21:14,930 --> 01:21:11,699

know exactly what that means

1994

01:21:16,729 --> 01:21:14,940

uh and lots of things and so we we

1995

01:21:18,470 --> 01:21:16,739

created a system that would record at

1996

01:21:21,590 --> 01:21:18,480

high resolution all of these signals

1997

01:21:24,070 --> 01:21:21,600

something like 38 39 different signals

1998

01:21:29,149 --> 01:21:24,080

and then created a single composite

1999

01:21:30,110 --> 01:21:29,159

stereo audio signal out of it and it

2000

01:21:36,350 --> 01:21:30,120

works

2001  
01:21:39,229 --> 01:21:36,360  
400 years and 3 000 people to figure out

2002  
01:21:40,070 --> 01:21:39,239  
but something about it we captured

2003  
01:21:43,310 --> 01:21:40,080  
something

2004  
01:21:45,050 --> 01:21:43,320  
but but but Joe I mean if you put Dean's

2005  
01:21:47,810 --> 01:21:45,060  
answer in the context why are we doing

2006  
01:21:49,850 --> 01:21:47,820  
this if if

2007  
01:21:52,550 --> 01:21:49,860  
someone comes along we'll just call it

2008  
01:21:54,709 --> 01:21:52,560  
healer A Healer a comes along does their

2009  
01:21:57,169 --> 01:21:54,719  
Hocus Pocus stick and and I'm not

2010  
01:21:58,610 --> 01:21:57,179  
putting it down uh does their Hocus

2011  
01:22:00,649 --> 01:21:58,620  
Pocus stick and the person gets better

2012  
01:22:02,689 --> 01:22:00,659  
the mouse gets better the cell gets

2013  
01:22:04,189 --> 01:22:02,699

better whatever it gets better you know

2014

01:22:06,590 --> 01:22:04,199

it's a beautiful thing and you can study

2015

01:22:08,990 --> 01:22:06,600

that as as kind of like a the way to

2016

01:22:11,630 --> 01:22:09,000

proceed but in the grand scheme if

2017

01:22:15,169 --> 01:22:11,640

you're gonna make this stuff

2018

01:22:17,510 --> 01:22:15,179

adoptable to to

2019

01:22:19,250 --> 01:22:17,520

there's an inexhaustible supply of

2020

01:22:21,169 --> 01:22:19,260

people in pain out there

2021

01:22:23,090 --> 01:22:21,179

so no matter how many people there are

2022

01:22:24,950 --> 01:22:23,100

putting their hands on or doing their

2023

01:22:27,649 --> 01:22:24,960

healing stick there's going to be a need

2024

01:22:29,510 --> 01:22:27,659

that's greater and the question is do we

2025

01:22:32,090 --> 01:22:29,520

have something that's curious because

2026

01:22:33,169 --> 01:22:32,100

it's a phenomenon that shouldn't be but

2027

01:22:35,689 --> 01:22:33,179

it'd be

2028

01:22:37,310 --> 01:22:35,699

uh but how do we make it practical well

2029

01:22:39,229 --> 01:22:37,320

we have to be able to store it and we

2030

01:22:41,990 --> 01:22:39,239

have to be able to scale it

2031

01:22:43,850 --> 01:22:42,000

and so I mean we're used to storing and

2032

01:22:46,669 --> 01:22:43,860

scaling all sorts of stuff from the

2033

01:22:49,070 --> 01:22:46,679

physical world from the medical world I

2034

01:22:50,570 --> 01:22:49,080

mean if you just take vitamins for

2035

01:22:52,790 --> 01:22:50,580

crying out loud we can Mass produce

2036

01:22:54,830 --> 01:22:52,800

vitamins and they sit and they store for

2037

01:22:56,510 --> 01:22:54,840

some length of time well I can pop in

2038

01:22:58,550 --> 01:22:56,520

some vitamins if I need some vitamins

2039

01:23:01,250 --> 01:22:58,560

can we do the same thing

2040

01:23:02,209 --> 01:23:01,260

we take we take uh electricity you know

2041

01:23:04,189 --> 01:23:02,219

and

2042

01:23:04,910 --> 01:23:04,199

we we put it in the Box we call it a

2043

01:23:08,450 --> 01:23:04,920

battery

2044

01:23:10,790 --> 01:23:08,460

that's a whole lot better than going I

2045

01:23:12,229 --> 01:23:10,800

wonder what that Sparky thing is you

2046

01:23:14,990 --> 01:23:12,239

know so the Sparky thing is worth

2047

01:23:17,209 --> 01:23:15,000

looking into for its own sake but if we

2048

01:23:19,010 --> 01:23:17,219

can capture it and scale it

2049

01:23:20,450 --> 01:23:19,020

you don't you don't see people walking

2050

01:23:22,970 --> 01:23:20,460

around going

2051

01:23:24,770 --> 01:23:22,980

I don't believe in electricity

2052

01:23:28,070 --> 01:23:24,780

I don't think you could have a

2053

01:23:29,149 --> 01:23:28,080

electrical powered car I don't think we

2054

01:23:31,669 --> 01:23:29,159

have

2055

01:23:32,630 --> 01:23:31,679

well why something it's been stored and

2056

01:23:35,030 --> 01:23:32,640

scaled

2057

01:23:37,850 --> 01:23:35,040

can we store and scare heal this store

2058

01:23:40,010 --> 01:23:37,860

and scale healing and the answer is yes

2059

01:23:42,290 --> 01:23:40,020

that that's not the same as saying we've

2060

01:23:44,470 --> 01:23:42,300

duplicated it but there is a technology

2061

01:23:47,149 --> 01:23:44,480

possible

2062

01:23:49,430 --> 01:23:47,159

for people no you're putting

2063

01:23:51,169 --> 01:23:49,440

you're putting one Healer in a faraday

2064

01:23:52,970 --> 01:23:51,179

cage multiple healers they're doing your

2065

01:23:56,030 --> 01:23:52,980

Technique and then you're recording what

2066

01:23:58,250 --> 01:23:56,040

goes on in the room we have three people

2067

01:24:00,890 --> 01:23:58,260

three healers three well three people

2068

01:24:02,689 --> 01:24:00,900

doing my technique okay I was one of

2069

01:24:06,709 --> 01:24:02,699

them

2070

01:24:09,050 --> 01:24:06,719

I went out the other two okay and it's

2071

01:24:11,390 --> 01:24:09,060

not so the results so far it's not as

2072

01:24:13,130 --> 01:24:11,400

good as the Hands-On technique but I

2073

01:24:15,830 --> 01:24:13,140

don't think so there is an effect though

2074

01:24:18,169 --> 01:24:15,840

there is an effect and and and so you

2075

01:24:19,790 --> 01:24:18,179

know to your first question Dean went

2076

01:24:21,530 --> 01:24:19,800

geeking around trying to figure out what

2077

01:24:23,750 --> 01:24:21,540

can let's throw the kitchen sink at this

2078

01:24:26,090 --> 01:24:23,760

and get 38 detectors and even if we go

2079

01:24:28,729 --> 01:24:26,100

we got scalar feels whatever in Heaven's

2080

01:24:30,470 --> 01:24:28,739

name that means and we so it's a kitchen

2081

01:24:32,630 --> 01:24:30,480

sink approach because we don't know what

2082

01:24:34,850 --> 01:24:32,640

we're doing and and will the kitchen

2083

01:24:38,149 --> 01:24:34,860

sink played back reproduce the effect

2084

01:24:41,510 --> 01:24:38,159

and I think the answer is no

2085

01:24:44,209 --> 01:24:41,520

uh it'll it'll reproduce some effect but

2086

01:24:48,050 --> 01:24:44,219

I don't think it's equal to

2087

01:24:51,169 --> 01:24:48,060

yeah the fact that it works at all

2088

01:24:53,090 --> 01:24:51,179

is already astonishing because there is

2089

01:24:56,270 --> 01:24:53,100

when you look at the signals

2090

01:24:59,930 --> 01:24:56,280

there's very minor changes that go on at

2091

01:25:02,209 --> 01:24:59,940

a low frequency uh but otherwise we we

2092

01:25:03,709 --> 01:25:02,219

have no idea what it's captured I mean

2093

01:25:05,689 --> 01:25:03,719

we

2094

01:25:08,390 --> 01:25:05,699

it could be it could be anything at this

2095

01:25:10,189 --> 01:25:08,400

point what makes it worse is that we

2096

01:25:12,169 --> 01:25:10,199

used a pretty sophisticated system to do

2097

01:25:15,950 --> 01:25:12,179

all this recording and at least

2098

01:25:19,790 --> 01:25:15,960

anecdotally we know that even a a little

2099

01:25:22,250 --> 01:25:19,800

simple cheap digital recorder that only

2100

01:25:24,290 --> 01:25:22,260

does audio also seems to record

2101

01:25:26,590 --> 01:25:24,300

something yeah

2102

01:25:29,030 --> 01:25:26,600

you know so we we

2103

01:25:30,530 --> 01:25:29,040

the way that where we are at this point

2104

01:25:33,350 --> 01:25:30,540

is somewhere between Benjamin Franklin

2105

01:25:36,470 --> 01:25:33,360

fooling around with Sparks during an

2106

01:25:39,290 --> 01:25:36,480

electrical storm or uh Alexander Fleming

2107

01:25:42,470 --> 01:25:39,300

noticing that this pot of penicillin

2108

01:25:44,750 --> 01:25:42,480

which we had no name yet but some mold

2109

01:25:47,270 --> 01:25:44,760

was doing something interesting so we

2110

01:25:49,910 --> 01:25:47,280

see that there are effects we don't know

2111

01:25:52,250 --> 01:25:49,920

nearly enough yet to know really even

2112

01:25:54,830 --> 01:25:52,260

how to think about it yeah I I wouldn't

2113

01:25:57,050 --> 01:25:54,840

bet the ranch on the recording uh but

2114

01:25:59,450 --> 01:25:57,060

this clearly something goes on and and

2115

01:26:00,950 --> 01:25:59,460

you know we we have this under some

2116

01:26:04,030 --> 01:26:00,960

pretty good replications you know

2117

01:26:06,649 --> 01:26:04,040

multiple multiple replications and and

2118

01:26:09,050 --> 01:26:06,659

in indirect we don't have a

2119

01:26:11,030 --> 01:26:09,060

charge-o-meter a helometer and all these

2120

01:26:13,729 --> 01:26:11,040

other kinds of good things that haven't

2121

01:26:16,490 --> 01:26:13,739

been able to figure out how to how to

2122

01:26:17,209 --> 01:26:16,500

map this thing out yet

2123

01:26:19,910 --> 01:26:17,219

um

2124

01:26:21,590 --> 01:26:19,920

so we've done it indirectly

2125

01:26:25,850 --> 01:26:21,600

Hands-On

2126  
01:26:28,850 --> 01:26:25,860  
cultures when did the genomic changes

2127  
01:26:31,970 --> 01:26:28,860  
start to kick in if they're cancer cells

2128  
01:26:35,030 --> 01:26:31,980  
the recording on the same cells when

2129  
01:26:37,729 --> 01:26:35,040  
does it kick in and the recording kicks

2130  
01:26:39,649 --> 01:26:37,739  
in but it kicks in slower

2131  
01:26:42,050 --> 01:26:39,659  
and I don't know if we can make really

2132  
01:26:43,910 --> 01:26:42,060  
make a ratio but it kicks in we'll just

2133  
01:26:46,610 --> 01:26:43,920  
call it it kicks in slower than does the

2134  
01:26:49,129 --> 01:26:46,620  
Hands-On and and Dean says you know we

2135  
01:26:51,169 --> 01:26:49,139  
can try with other stuff uh and we have

2136  
01:26:53,390 --> 01:26:51,179  
and and we've done it with Studio

2137  
01:26:56,390 --> 01:26:53,400  
recordings we've tried it I haven't done

2138  
01:26:58,850 --> 01:26:56,400

the genomics yet on just ordinary cell

2139

01:27:00,770 --> 01:26:58,860

phone recordings but it'd be nice to

2140

01:27:03,290 --> 01:27:00,780

have a little hierarchy of you know what

2141

01:27:05,689 --> 01:27:03,300

can this give us a hint what are the

2142

01:27:08,149 --> 01:27:05,699

things that matter just like it'd be

2143

01:27:09,890 --> 01:27:08,159

nice to say you know Dean stop looking

2144

01:27:12,050 --> 01:27:09,900

at all the stuff you're looking at let's

2145

01:27:13,729 --> 01:27:12,060

let's change the recorder let's change

2146

01:27:16,070 --> 01:27:13,739

to this let's change it and see what

2147

01:27:18,350 --> 01:27:16,080

happens you know if that takes time

2148

01:27:20,870 --> 01:27:18,360

effort money and putting everything else

2149

01:27:22,370 --> 01:27:20,880

on hold you know is it worth doing

2150

01:27:25,550 --> 01:27:22,380

absolutely will we come up with

2151

01:27:28,310 --> 01:27:25,560

Penicillin don't know could be it could

2152

01:27:29,570 --> 01:27:28,320

be a false flag and we may be we may not

2153

01:27:32,990 --> 01:27:29,580

be thinking of this the right way to

2154

01:27:35,390 --> 01:27:33,000

begin with yeah so normally uh what

2155

01:27:38,510 --> 01:27:35,400

you'd find if something is found it has

2156

01:27:40,250 --> 01:27:38,520

uh it's efficacious you throw a lot of

2157

01:27:41,629 --> 01:27:40,260

people in a lot of money at it and

2158

01:27:43,970 --> 01:27:41,639

that's how you that's how you learn

2159

01:27:47,990 --> 01:27:43,980

things yeah we have very little money

2160

01:27:50,330 --> 01:27:48,000

very few people and so uh the long list

2161

01:27:52,610 --> 01:27:50,340

of things that we want to look at yeah

2162

01:27:54,830 --> 01:27:52,620

like an entire career could be spent

2163

01:27:58,189 --> 01:27:54,840

easily on this stuff it probably should

2164

01:27:59,870 --> 01:27:58,199

be because I think many of us are coming

2165

01:28:02,629 --> 01:27:59,880

to the idea that we're dealing with is

2166

01:28:05,270 --> 01:28:02,639

some aspect of information rather than

2167

01:28:07,910 --> 01:28:05,280

energetics and and that's why you can

2168

01:28:10,790 --> 01:28:07,920

capture whatever this thing is in

2169

01:28:12,410 --> 01:28:10,800

different people and maybe machines and

2170

01:28:15,169 --> 01:28:12,420

so on you can do that

2171

01:28:17,570 --> 01:28:15,179

uh which doesn't make any sense from a

2172

01:28:18,709 --> 01:28:17,580

force-like perspective but it makes a

2173

01:28:21,709 --> 01:28:18,719

lot of sense from an informational

2174

01:28:23,870 --> 01:28:21,719

perspective and then once you once you

2175

01:28:26,450 --> 01:28:23,880

adopt that idea it becomes very strange

2176  
01:28:28,729 --> 01:28:26,460  
very quick because now suddenly things

2177  
01:28:31,010 --> 01:28:28,739  
like symbols which carry a certain

2178  
01:28:32,930 --> 01:28:31,020  
degree of meaning to them and meaning

2179  
01:28:34,129 --> 01:28:32,940  
and information are closely related to

2180  
01:28:36,110 --> 01:28:34,139  
each other

2181  
01:28:37,970 --> 01:28:36,120  
well give somebody a symbol of something

2182  
01:28:39,770 --> 01:28:37,980  
and maybe they'll get better you know

2183  
01:28:42,290 --> 01:28:39,780  
that's that's like completely crazy

2184  
01:28:44,149 --> 01:28:42,300  
that's not science anymore but I think

2185  
01:28:46,250 --> 01:28:44,159  
that there is a science there we just we

2186  
01:28:47,689 --> 01:28:46,260  
don't have enough resources to dive into

2187  
01:28:50,030 --> 01:28:47,699  
it and really figure out what's going on

2188  
01:28:52,790 --> 01:28:50,040

and when we really don't have a handle

2189

01:28:54,050 --> 01:28:52,800

on how widespread whatever X is is

2190

01:28:57,410 --> 01:28:54,060

distributed

2191

01:28:59,689 --> 01:28:57,420

you know I I mean maybe I get my my

2192

01:29:02,390 --> 01:28:59,699

findings you know what you're you're

2193

01:29:05,149 --> 01:29:02,400

reasonably interesting uh because I'm

2194

01:29:07,430 --> 01:29:05,159

the only one stupid enough to do it I

2195

01:29:09,890 --> 01:29:07,440

haven't learned enough to know that you

2196

01:29:12,229 --> 01:29:09,900

know what I'm doing is crazy talk

2197

01:29:15,229 --> 01:29:12,239

um and and there may be all sorts of

2198

01:29:17,930 --> 01:29:15,239

different ways to to skin a cat so Dean

2199

01:29:19,430 --> 01:29:17,940

puts in 38 these 38 detectors if we if

2200

01:29:21,890 --> 01:29:19,440

we try with a different maybe we'll get

2201

01:29:24,590 --> 01:29:21,900

the same thing maybe I mean

2202

01:29:26,689 --> 01:29:24,600

a lot of work to be done yeah so we also

2203

01:29:28,669 --> 01:29:26,699

know some things don't work so one of

2204

01:29:30,350 --> 01:29:28,679

the things that we tried and when we did

2205

01:29:32,510 --> 01:29:30,360

that original recording was using a

2206

01:29:35,570 --> 01:29:32,520

spectrometer to see if we could see

2207

01:29:37,850 --> 01:29:35,580

changes in in uh you know quartz

2208

01:29:39,470 --> 01:29:37,860

crystals and in cotton and a bunch of

2209

01:29:42,790 --> 01:29:39,480

other things and didn't see any change

2210

01:29:46,610 --> 01:29:42,800

at all yeah and I'm I'm still thinking

2211

01:29:48,770 --> 01:29:46,620

uh that that healing is still stimulated

2212

01:29:50,870 --> 01:29:48,780

by the healing

2213

01:29:53,810 --> 01:29:50,880

yeah there's an underlying need that

2214

01:29:56,270 --> 01:29:53,820

needs to take place underlying need uh

2215

01:29:58,250 --> 01:29:56,280

and and so the underlining need is the

2216

01:30:01,370 --> 01:29:58,260

is the driver so

2217

01:30:03,290 --> 01:30:01,380

if you if you just had a gizmo technical

2218

01:30:06,530 --> 01:30:03,300

term if you just had a gizmo that's

2219

01:30:07,250 --> 01:30:06,540

measuring this or that Gizzy

2220

01:30:09,890 --> 01:30:07,260

um

2221

01:30:13,610 --> 01:30:09,900

it may it may not be the the the route

2222

01:30:16,370 --> 01:30:13,620

to take so far seems to be life in need

2223

01:30:19,129 --> 01:30:16,380

yeah this is why I'm becoming a fan of

2224

01:30:22,490 --> 01:30:19,139

dual aspect monism as a as a worldview

2225

01:30:25,729 --> 01:30:22,500

because the idea of it is that my it

2226

01:30:27,530 --> 01:30:25,739

says mind is a real thing matter is a

2227

01:30:29,390 --> 01:30:27,540

real thing they're emerging out of

2228

01:30:32,090 --> 01:30:29,400

something else but the connection then

2229

01:30:33,110 --> 01:30:32,100

between mind and mind and matter is

2230

01:30:34,790 --> 01:30:33,120

meaning

2231

01:30:37,430 --> 01:30:34,800

that's what that's what makes the

2232

01:30:39,709 --> 01:30:37,440

connection powerful because the

2233

01:30:41,750 --> 01:30:39,719

correlation is always there but to make

2234

01:30:44,330 --> 01:30:41,760

it do something there's some meaning

2235

01:30:45,709 --> 01:30:44,340

that needs to be underneath it what do

2236

01:30:47,810 --> 01:30:45,719

you think about something for me it's

2237

01:30:49,310 --> 01:30:47,820

it's not new but it's new to me so the

2238

01:30:50,750 --> 01:30:49,320

idea that we live in a holographic

2239

01:30:52,370 --> 01:30:50,760

universe and the and the possibility

2240

01:30:54,830 --> 01:30:52,380

that we're living in a simulation have

2241

01:30:57,229 --> 01:30:54,840

you thought about those two ideas

2242

01:30:59,629 --> 01:30:57,239

yeah I don't know what to do with those

2243

01:31:01,669 --> 01:30:59,639

I mean that if there was a way to

2244

01:31:03,590 --> 01:31:01,679

specifically test it and I know that Tom

2245

01:31:05,090 --> 01:31:03,600

Campbell and others are trying to figure

2246

01:31:07,129 --> 01:31:05,100

out a way of doing that

2247

01:31:10,250 --> 01:31:07,139

uh then it becomes more interesting but

2248

01:31:13,910 --> 01:31:10,260

otherwise it becomes a an interesting

2249

01:31:15,590 --> 01:31:13,920

Theory it's a nice story but I don't I

2250

01:31:17,689 --> 01:31:15,600

don't know what to do with it yeah my

2251  
01:31:18,770 --> 01:31:17,699  
way of saying that is it's past my pay

2252  
01:31:21,050 --> 01:31:18,780  
rate

2253  
01:31:24,709 --> 01:31:21,060  
you know it's got a good beat it's fun

2254  
01:31:28,970 --> 01:31:24,719  
to dance Too it could have uh you know

2255  
01:31:31,430 --> 01:31:28,980  
give me some metaphorical thing to grab

2256  
01:31:33,590 --> 01:31:31,440  
onto but I I don't I don't know what to

2257  
01:31:37,850 --> 01:31:33,600  
move it past that and so I actually I do

2258  
01:31:40,010 --> 01:31:37,860  
view this as a metaphor right the idea

2259  
01:31:42,709 --> 01:31:40,020  
of a simulation is a metaphor I like

2260  
01:31:44,810 --> 01:31:42,719  
that is literally true I'm not sure I

2261  
01:31:46,729 --> 01:31:44,820  
know what to do with that yeah do you

2262  
01:31:49,370 --> 01:31:46,739  
have any doubt that bill has proven with

2263  
01:31:52,070 --> 01:31:49,380

his multiple experiments that his method

2264

01:31:55,189 --> 01:31:52,080

can cure cancer and mice I doubt about

2265

01:31:57,050 --> 01:31:55,199

everything good do I think that uh what

2266

01:31:59,750 --> 01:31:57,060

Bill do I think Bill is on deceiving

2267

01:32:01,189 --> 01:31:59,760

real and valuable yes

2268

01:32:03,050 --> 01:32:01,199

uh

2269

01:32:04,550 --> 01:32:03,060

do I have doubts of course I have doubts

2270

01:32:05,810 --> 01:32:04,560

I would hope you had doubts because

2271

01:32:08,570 --> 01:32:05,820

otherwise we couldn't talk anymore

2272

01:32:09,830 --> 01:32:08,580

because you'd become a Believer what

2273

01:32:11,510 --> 01:32:09,840

would your doubts be though like you

2274

01:32:15,709 --> 01:32:11,520

have doubts about this his methodology

2275

01:32:17,270 --> 01:32:15,719

or nobody else replicating it it's

2276

01:32:18,770 --> 01:32:17,280

the same doubts that people would have

2277

01:32:21,410 --> 01:32:18,780

with the kind of research that I do

2278

01:32:22,850 --> 01:32:21,420

right we we begin to gain confidence

2279

01:32:24,950 --> 01:32:22,860

when we see lots of independent

2280

01:32:27,950 --> 01:32:24,960

replications that's why we can say

2281

01:32:30,290 --> 01:32:27,960

within cyber search that we were very

2282

01:32:32,750 --> 01:32:30,300

high confidence that telepathy is real

2283

01:32:35,510 --> 01:32:32,760

why because there's like over a hundred

2284

01:32:37,070 --> 01:32:35,520

Publications 20 Laboratories been done

2285

01:32:39,410 --> 01:32:37,080

for 50 years

2286

01:32:41,750 --> 01:32:39,420

but Bill is unique

2287

01:32:44,149 --> 01:32:41,760

what I'm doing is some of some of the

2288

01:32:45,350 --> 01:32:44,159

research like with double slit Optical

2289

01:32:46,970 --> 01:32:45,360

systems

2290

01:32:49,970 --> 01:32:46,980

so far there's only one person who's

2291

01:32:51,590 --> 01:32:49,980

replicated it and is got some of the

2292

01:32:55,310 --> 01:32:51,600

results similar to what I've seen but

2293

01:32:56,750 --> 01:32:55,320

other results too so maybe after 20

2294

01:32:58,669 --> 01:32:56,760

different Laboratories start showing

2295

01:33:01,370 --> 01:32:58,679

replications then we get our confidence

2296

01:33:02,629 --> 01:33:01,380

continues to grow can you talk about the

2297

01:33:04,790 --> 01:33:02,639

double slit experiment that you've been

2298

01:33:06,229 --> 01:33:04,800

working on because I just discovered it

2299

01:33:07,610 --> 01:33:06,239

I didn't realize you had been doing that

2300

01:33:09,590 --> 01:33:07,620

for the past few years just basically

2301

01:33:11,990 --> 01:33:09,600

what are you trying to do

2302

01:33:14,450 --> 01:33:12,000

well so one of one of the main mysteries

2303

01:33:16,729 --> 01:33:14,460

in quantum mechanics is why does

2304

01:33:19,250 --> 01:33:16,739

observing a Quantum system cause that

2305

01:33:20,629 --> 01:33:19,260

system to change its Behavior and the

2306

01:33:24,110 --> 01:33:20,639

easiest way of demonstrating that is

2307

01:33:26,330 --> 01:33:24,120

with a double set Optical system because

2308

01:33:28,610 --> 01:33:26,340

the design of it is you send photons

2309

01:33:30,550 --> 01:33:28,620

through two little slits these are

2310

01:33:33,709 --> 01:33:30,560

microns across

2311

01:33:36,590 --> 01:33:33,719

and if you don't know which of the two

2312

01:33:37,970 --> 01:33:36,600

slits that the photon goes through then

2313

01:33:40,430 --> 01:33:37,980

you will end up with an interference

2314

01:33:42,590 --> 01:33:40,440

pattern which suggests that the photon

2315

01:33:45,110 --> 01:33:42,600

is behaving like a wave it's easy to

2316

01:33:47,270 --> 01:33:45,120

show that if you do know which of the

2317

01:33:49,550 --> 01:33:47,280

two slits that the photon goes through

2318

01:33:52,070 --> 01:33:49,560

it no longer acts like a wave it acts

2319

01:33:54,410 --> 01:33:52,080

like a particle this is like physics 101

2320

01:33:57,649 --> 01:33:54,420

you can show this in any physics lab

2321

01:33:59,750 --> 01:33:57,659

so in in the founders of quantum

2322

01:34:03,470 --> 01:33:59,760

mechanics were worried about this and

2323

01:34:05,930 --> 01:34:03,480

came up the the what the general phrase

2324

01:34:07,790 --> 01:34:05,940

is the Quantum measurement problem how

2325

01:34:09,410 --> 01:34:07,800

why is it that measuring a Quantum

2326

01:34:11,870 --> 01:34:09,420

system changes it because that is not

2327

01:34:14,270 --> 01:34:11,880

the case with classical physics

2328

01:34:17,090 --> 01:34:14,280

so people like John Von Neumann and many

2329

01:34:19,790 --> 01:34:17,100

other physicists said that you need

2330

01:34:22,610 --> 01:34:19,800

something that is non-physical in order

2331

01:34:24,050 --> 01:34:22,620

to change the system because every time

2332

01:34:25,970 --> 01:34:24,060

you do something physical any physical

2333

01:34:28,250 --> 01:34:25,980

measurement is simply a more complicated

2334

01:34:30,830 --> 01:34:28,260

Quantum system it doesn't collapse

2335

01:34:33,189 --> 01:34:30,840

so-called from its potential State into

2336

01:34:36,169 --> 01:34:33,199

an actual state so all we did was

2337

01:34:38,990 --> 01:34:36,179

actually I did a replication of a study

2338

01:34:41,450 --> 01:34:39,000

that was done originally at Princeton

2339

01:34:44,990 --> 01:34:41,460

University and at York University in

2340

01:34:46,790 --> 01:34:45,000

1998 and so I replicated it using new

2341

01:34:49,490 --> 01:34:46,800

equipment that we built a double slit

2342

01:34:51,530 --> 01:34:49,500

Optical system we simply asked people to

2343

01:34:53,510 --> 01:34:51,540

imagine with their mind that they could

2344

01:34:56,450 --> 01:34:53,520

see what was going on with the photons

2345

01:34:58,070 --> 01:34:56,460

and if they could get the information it

2346

01:35:00,050 --> 01:34:58,080

would change the interference pattern in

2347

01:35:02,209 --> 01:35:00,060

a in a predictable way

2348

01:35:05,689 --> 01:35:02,219

so we did that we ended up doing 19

2349

01:35:08,209 --> 01:35:05,699

experiments over 10 years or so

2350

01:35:10,970 --> 01:35:08,219

and you add on the other studies I

2351

01:35:12,590 --> 01:35:10,980

figured there's a roughly 28 29 studies

2352

01:35:15,709 --> 01:35:12,600

that have been done including the

2353

01:35:18,229 --> 01:35:15,719

original ones and then the ones that are

2354

01:35:20,689 --> 01:35:18,239

colleague in Brazil had done

2355

01:35:23,149 --> 01:35:20,699

and the overall results show a

2356

01:35:25,729 --> 01:35:23,159

probability of 10 to the minus 11

2357

01:35:28,669 --> 01:35:25,739

that something interesting is happening

2358

01:35:30,770 --> 01:35:28,679

so only for Laboratories so far have

2359

01:35:33,229 --> 01:35:30,780

tried to do this for something this

2360

01:35:35,390 --> 01:35:33,239

radically important for understanding

2361

01:35:37,550 --> 01:35:35,400

the fundamentals of physics

2362

01:35:38,750 --> 01:35:37,560

you would need many many more Labs many

2363

01:35:41,870 --> 01:35:38,760

more people doing this kind of

2364

01:35:44,390 --> 01:35:41,880

experiment for us because if it's true

2365

01:35:46,430 --> 01:35:44,400

that is showing directly your mind is

2366

01:35:49,250 --> 01:35:46,440

getting Clairvoyant information about

2367

01:35:51,050 --> 01:35:49,260

photons at a distance

2368

01:35:52,729 --> 01:35:51,060

now

2369

01:35:55,790 --> 01:35:52,739

that troubles people

2370

01:35:58,250 --> 01:35:55,800

yeah me I love it

2371

01:36:01,129 --> 01:35:58,260

um just because we're limited on time I

2372

01:36:02,870 --> 01:36:01,139

am going to move on to the water because

2373

01:36:05,689 --> 01:36:02,880

the water experiments and the

2374

01:36:06,709 --> 01:36:05,699

homeopathic style treatment that Bill's

2375

01:36:08,390 --> 01:36:06,719

involved in I'm not sure if you're

2376

01:36:10,310 --> 01:36:08,400

involved in that two theme we'll start

2377

01:36:12,229 --> 01:36:10,320

out with a question I know Dean you are

2378

01:36:13,310 --> 01:36:12,239

and I'm sure Billy probably are you

2379

01:36:15,050 --> 01:36:13,320

familiar with the experiments of

2380

01:36:18,050 --> 01:36:15,060

Consciousness on water

2381

01:36:20,450 --> 01:36:18,060

by Dr mazuro emelto and then we'll go

2382

01:36:22,790 --> 01:36:20,460

into the homeopathic Style

2383

01:36:24,709 --> 01:36:22,800

experiments that are going on now start

2384

01:36:26,629 --> 01:36:24,719

out with you Dean Dean did some

2385

01:36:29,990 --> 01:36:26,639

replications of a moto

2386

01:36:32,209 --> 01:36:30,000

yeah we worked with himoto yeah he came

2387

01:36:34,850 --> 01:36:32,219

to ions one time I gave a talk about his

2388

01:36:36,470 --> 01:36:34,860

usual Spiel and I went up afterwards and

2389

01:36:37,790 --> 01:36:36,480

said this is really interesting but have

2390

01:36:40,129 --> 01:36:37,800

you ever done it under double-blind

2391

01:36:41,750 --> 01:36:40,139

conditions that the person who was

2392

01:36:44,450 --> 01:36:41,760

taking pictures of the crystal did not

2393

01:36:46,790 --> 01:36:44,460

know whether it had been quote treated

2394

01:36:48,890 --> 01:36:46,800

or not treated he said no he didn't do

2395

01:36:52,790 --> 01:36:48,900

that he said well did you want to I said

2396

01:36:55,790 --> 01:36:52,800

sure so we did two experiments uh where

2397

01:36:58,370 --> 01:36:55,800

we had the water people in Japan were

2398

01:37:01,790 --> 01:36:58,380

trying to influence it at a distance we

2399

01:37:04,790 --> 01:37:01,800

sent that water back to Emoto in Tokyo

2400

01:37:06,890 --> 01:37:04,800

along with control water which had not

2401

01:37:08,330 --> 01:37:06,900

been part of the experiment but came

2402

01:37:10,550 --> 01:37:08,340

from the same source

2403

01:37:12,970 --> 01:37:10,560

and then the technician took a bunch of

2404

01:37:16,250 --> 01:37:12,980

pictures we posted the pictures online

2405

01:37:18,649 --> 01:37:16,260

uh and had people judge the aesthetic

2406

01:37:20,750 --> 01:37:18,659

beauty of the crystals because that was

2407

01:37:22,729 --> 01:37:20,760

his claim that they were even more

2408

01:37:24,649 --> 01:37:22,739

beautiful and we found significant

2409

01:37:28,729 --> 01:37:24,659

differences along the lines of what he

2410

01:37:31,010 --> 01:37:28,739

has had reported nowhere near as good as

2411

01:37:33,050 --> 01:37:31,020

the pictures that he showed but that's

2412

01:37:35,149 --> 01:37:33,060

as bill was saying before it's because

2413

01:37:37,850 --> 01:37:35,159

there's very high variance whenever you

2414

01:37:39,770 --> 01:37:37,860

do any experiment and if that's true in

2415

01:37:41,030 --> 01:37:39,780

this case as well but from a statistical

2416

01:37:42,830 --> 01:37:41,040

point of view

2417

01:37:45,410 --> 01:37:42,840

the crystals that have been in the

2418

01:37:48,350 --> 01:37:45,420

subject of intention were more beautiful

2419

01:37:50,330 --> 01:37:48,360

as judged by lots of people than the

2420

01:37:53,169 --> 01:37:50,340

control water

2421

01:37:56,870 --> 01:37:53,179

so that's that's one line of studies

2422

01:37:58,610 --> 01:37:56,880

meanwhile over the last maybe six or

2423

01:38:00,169 --> 01:37:58,620

eight years already with a colleague in

2424

01:38:02,030 --> 01:38:00,179

Taiwan

2425

01:38:05,629 --> 01:38:02,040

we've been doing experiments with water

2426

01:38:08,390 --> 01:38:05,639

where we asked three senior Buddhist

2427

01:38:13,390 --> 01:38:08,400

monks at a temple Buddhist temple in

2428

01:38:19,250 --> 01:38:13,400

Taiwan to imprint into the water

2429

01:38:20,810 --> 01:38:19,260

a a certain positive intention so it

2430

01:38:22,790 --> 01:38:20,820

depends on the the nature of the

2431

01:38:24,950 --> 01:38:22,800

experiment we've done in print the water

2432

01:38:27,830 --> 01:38:24,960

so that these seeds grow better

2433

01:38:29,810 --> 01:38:27,840

and they did very significantly and now

2434

01:38:32,810 --> 01:38:29,820

do the same thing only we're going to

2435

01:38:36,890 --> 01:38:32,820

look at uh stem cells to see if stem

2436

01:38:40,250 --> 01:38:36,900

cells grow better they do and even

2437

01:38:42,290 --> 01:38:40,260

something simpler like for this tea made

2438

01:38:44,870 --> 01:38:42,300

out of the water would it change

2439

01:38:46,850 --> 01:38:44,880

people's mood would they be happier if

2440

01:38:49,910 --> 01:38:46,860

they had this tea versus identical tea

2441

01:38:51,709 --> 01:38:49,920

which was not blessed by them and the

2442

01:38:55,610 --> 01:38:51,719

answer is yeah that worked too

2443

01:38:59,870 --> 01:38:55,620

so uh so water

2444

01:39:02,570 --> 01:38:59,880

seems to to capture something change

2445

01:39:05,209 --> 01:39:02,580

and then the mud in a larger scale study

2446

01:39:08,209 --> 01:39:05,219

with 100 with 17

2447

01:39:09,649 --> 01:39:08,219

healers it's kind of like Bill but a

2448

01:39:12,830 --> 01:39:09,659

wide variety of different kinds of

2449

01:39:16,189 --> 01:39:12,840

healers and 190 sessions with different

2450

01:39:18,830 --> 01:39:16,199

clients we looked at uh the changes in

2451

01:39:21,590 --> 01:39:18,840

water structure with a spectroscopy

2452

01:39:23,950 --> 01:39:21,600

system and found significant differences

2453

01:39:26,930 --> 01:39:23,960

in the primary

2454

01:39:29,209 --> 01:39:26,940

absorption rate that or the infrared

2455

01:39:31,070 --> 01:39:29,219

portion of the spectrum for water which

2456

01:39:33,129 --> 01:39:31,080

is the one that absorbs most of the

2457

01:39:35,629 --> 01:39:33,139

light showed a significant difference

2458

01:39:38,090 --> 01:39:35,639

when they were doing the healing versus

2459

01:39:40,310 --> 01:39:38,100

not doing the healing so something funny

2460

01:39:42,110 --> 01:39:40,320

goes on with water the interest very

2461

01:39:43,729 --> 01:39:42,120

interesting with water and Bill please

2462

01:39:45,350 --> 01:39:43,739

tell me what you're doing now with your

2463

01:39:47,330 --> 01:39:45,360

experiments with water related to

2464

01:39:50,149 --> 01:39:47,340

homeopathic Style

2465

01:39:52,550 --> 01:39:50,159

it's not related to Homeopathy I'm not a

2466

01:39:56,689 --> 01:39:52,560

homeopath I can barely spell Homeopathy

2467

01:39:59,629 --> 01:39:56,699

uh and I'm I'm ripping off methods that

2468

01:40:01,970 --> 01:39:59,639

people use who are trying to do things

2469

01:40:06,410 --> 01:40:01,980

that are similar to what I'm trying to

2470

01:40:10,430 --> 01:40:06,420

do so in Homeopathy you have serious

2471

01:40:15,350 --> 01:40:10,440

dilution of an original substance

2472

01:40:17,629 --> 01:40:15,360

and the the homeopathic model basically

2473

01:40:19,030 --> 01:40:17,639

says the more dilutions you have the

2474

01:40:23,030 --> 01:40:19,040

stronger it gets which is

2475

01:40:25,729 --> 01:40:23,040

counter-intuitive to a western Canon

2476  
01:40:27,169 --> 01:40:25,739  
um as you dilute something you dilute

2477  
01:40:29,810 --> 01:40:27,179  
something you dilute something with

2478  
01:40:31,129 --> 01:40:29,820  
succession in between it's it's alleged

2479  
01:40:34,129 --> 01:40:31,139  
to get stronger

2480  
01:40:37,490 --> 01:40:34,139  
and this this goes to

2481  
01:40:39,530 --> 01:40:37,500  
my larger question of what method what

2482  
01:40:42,830 --> 01:40:39,540  
system can we come up with that will

2483  
01:40:43,850 --> 01:40:42,840  
both allow us to store and allow us to

2484  
01:40:46,610 --> 01:40:43,860  
scale

2485  
01:40:47,810 --> 01:40:46,620  
something can be storable but not

2486  
01:40:54,169 --> 01:40:47,820  
scalable

2487  
01:40:56,570 --> 01:40:54,179  
not storable so just before we go down

2488  
01:40:58,189 --> 01:40:56,580

gobble the Cook Road

2489

01:41:00,590 --> 01:40:58,199

um what we just asked the question

2490

01:41:03,590 --> 01:41:00,600

before is the recording that Dean and I

2491

01:41:07,430 --> 01:41:03,600

made is it as good as live I don't think

2492

01:41:09,890 --> 01:41:07,440

so but it's wildly uh scalable

2493

01:41:12,350 --> 01:41:09,900

so the recording could be globally

2494

01:41:14,330 --> 01:41:12,360

scaled immediately if we if we upload

2495

01:41:16,610 --> 01:41:14,340

this thing into the cloud and we send it

2496

01:41:18,649 --> 01:41:16,620

out and if it would do the the you know

2497

01:41:21,350 --> 01:41:18,659

whatever and replicate the healing we

2498

01:41:24,649 --> 01:41:21,360

would have Global healing

2499

01:41:26,030 --> 01:41:24,659

so a recording is a nice way to go and

2500

01:41:27,649 --> 01:41:26,040

this goes back to an earlier question

2501

01:41:29,810 --> 01:41:27,659

why why are you going down this road

2502

01:41:32,090 --> 01:41:29,820

let's see if we can get a if we can

2503

01:41:33,830 --> 01:41:32,100

store as well as globally scale you know

2504

01:41:35,689 --> 01:41:33,840

thank you and good night

2505

01:41:38,090 --> 01:41:35,699

and then we can just play with it as a

2506

01:41:40,310 --> 01:41:38,100

technical problem

2507

01:41:43,250 --> 01:41:40,320

something can be storable but not

2508

01:41:46,070 --> 01:41:43,260

necessarily scalable so for example the

2509

01:41:48,609 --> 01:41:46,080

great Bernard grad as far as I know it

2510

01:41:52,129 --> 01:41:48,619

started the experiments on on Cotton

2511

01:41:55,370 --> 01:41:52,139

with the Hungarian healer osteresto body

2512

01:41:56,689 --> 01:41:55,380

Oscar estebani and so I actually have a

2513

01:41:59,229 --> 01:41:56,699

piece of cotton right here if we're

2514

01:42:02,149 --> 01:41:59,239

doing shelter

2515

01:42:05,330 --> 01:42:02,159

this is grad now discovering that

2516

01:42:07,850 --> 01:42:05,340

estebani could hold a piece of cotton

2517

01:42:10,129 --> 01:42:07,860

and the piece of cotton applied to a

2518

01:42:13,550 --> 01:42:10,139

plant and animal a wounded this a stick

2519

01:42:15,709 --> 01:42:13,560

nut would replicate what happens when

2520

01:42:17,990 --> 01:42:15,719

you do something live

2521

01:42:20,570 --> 01:42:18,000

well I've done those experiments with

2522

01:42:22,850 --> 01:42:20,580

George cotton uh done this in vitro with

2523

01:42:26,149 --> 01:42:22,860

cancer cells and we compare what happens

2524

01:42:29,689 --> 01:42:26,159

when you do a live treatment of cancer

2525

01:42:33,470 --> 01:42:29,699

cells uh in vitro versus you put the

2526

01:42:35,870 --> 01:42:33,480

cancer cells near or on charged cotton

2527

01:42:38,149 --> 01:42:35,880

so we have blinded

2528

01:42:41,270 --> 01:42:38,159

some continents charge some cotton it's

2529

01:42:43,250 --> 01:42:41,280

not charged and we bring cancer cells

2530

01:42:44,810 --> 01:42:43,260

near to this piece of cotton if the

2531

01:42:46,430 --> 01:42:44,820

cotton is uncharged

2532

01:42:48,530 --> 01:42:46,440

it's not a surprise nothing happens to

2533

01:42:50,450 --> 01:42:48,540

the cancer cells if the cotton has been

2534

01:42:54,410 --> 01:42:50,460

charged I'm using charge Loosely like

2535

01:42:56,090 --> 01:42:54,420

Dean is using less Loosely if if if the

2536

01:42:59,090 --> 01:42:56,100

cotton has been charged blessed whatever

2537

01:43:01,669 --> 01:42:59,100

term you want as the cancer cells get

2538

01:43:05,510 --> 01:43:01,679

near the charge cotton their genomic

2539

01:43:10,609 --> 01:43:07,910

that's a chargeometer but it's not

2540

01:43:11,870 --> 01:43:10,619

something you're going to take home it's

2541

01:43:13,729 --> 01:43:11,880

not something that's going to be simple

2542

01:43:15,530 --> 01:43:13,739

so we did this kind of stuff at Brown

2543

01:43:18,950 --> 01:43:15,540

University and did it over and over and

2544

01:43:21,109 --> 01:43:18,960

over again and we get genomic changes

2545

01:43:23,090 --> 01:43:21,119

in the cancer cells as they get near

2546

01:43:24,530 --> 01:43:23,100

charged cotton

2547

01:43:27,530 --> 01:43:24,540

storable

2548

01:43:29,510 --> 01:43:27,540

but that doesn't mean it's scalable

2549

01:43:31,550 --> 01:43:29,520

so we would have the phenomenon of yep

2550

01:43:33,590 --> 01:43:31,560

something's going on with the cotton or

2551  
01:43:35,629 --> 01:43:33,600  
yep something's going on with water and

2552  
01:43:37,790 --> 01:43:35,639  
so let's say we treat water and we do an

2553  
01:43:39,169 --> 01:43:37,800  
experiment on water well I'll give you

2554  
01:43:40,850 --> 01:43:39,179  
an experiment I did at the University of

2555  
01:43:43,430 --> 01:43:40,860  
Connecticut medical school

2556  
01:43:46,310 --> 01:43:43,440  
treated a bunch of water that was fed to

2557  
01:43:49,510 --> 01:43:46,320  
mice I never met those mice just getting

2558  
01:43:51,229 --> 01:43:49,520  
the water were cured

2559  
01:43:54,709 --> 01:43:51,239  
interesting

2560  
01:43:56,330 --> 01:43:54,719  
storable so I got storable system one I

2561  
01:43:59,209 --> 01:43:56,340  
got storable system two that doesn't

2562  
01:44:01,729 --> 01:43:59,219  
mean it's scalable a recording would be

2563  
01:44:03,590 --> 01:44:01,739

scalable but so far

2564

01:44:06,290 --> 01:44:03,600

we haven't done the right recording in

2565

01:44:08,689 --> 01:44:06,300

the right way if it's at all possible

2566

01:44:10,430 --> 01:44:08,699

so it seems to have lost something in

2567

01:44:13,070 --> 01:44:10,440

the recording process

2568

01:44:15,169 --> 01:44:13,080

worth looking into look worth expanding

2569

01:44:16,910 --> 01:44:15,179

but right now it's not so you can have

2570

01:44:18,950 --> 01:44:16,920

storable but not scalable you can have

2571

01:44:22,010 --> 01:44:18,960

scalable but not storable the question

2572

01:44:23,750 --> 01:44:22,020

is how do you put the two together

2573

01:44:26,270 --> 01:44:23,760

and you apparently have done that with

2574

01:44:27,950 --> 01:44:26,280

water and you're not doing water and I

2575

01:44:29,689 --> 01:44:27,960

did that with water it was the same

2576

01:44:31,010 --> 01:44:29,699

question well now what do I do now that

2577

01:44:33,290 --> 01:44:31,020

I have charged water

2578

01:44:35,390 --> 01:44:33,300

well looking around and poking around

2579

01:44:37,129 --> 01:44:35,400

and just kind of what what's going on

2580

01:44:39,350 --> 01:44:37,139

out there that I don't know about and I

2581

01:44:42,350 --> 01:44:39,360

knew almost nothing about Homeopathy but

2582

01:44:44,510 --> 01:44:42,360

I got turned onto it by doesn't matter

2583

01:44:46,310 --> 01:44:44,520

the sequence a curious sequence of

2584

01:44:49,250 --> 01:44:46,320

events and and started talking to some

2585

01:44:51,770 --> 01:44:49,260

homeopaths in the states as well as over

2586

01:44:53,570 --> 01:44:51,780

the pond and they start telling me about

2587

01:44:55,250 --> 01:44:53,580

this that and the other characteristics

2588

01:44:57,410 --> 01:44:55,260

of Homeopathy and I'm scratching my head

2589

01:44:59,689 --> 01:44:57,420

going what what are they talking about

2590

01:45:01,430 --> 01:44:59,699

and and so delusion and succession I

2591

01:45:03,290 --> 01:45:01,440

said well what what what kind of

2592

01:45:06,350 --> 01:45:03,300

delusion into country could you have if

2593

01:45:08,209 --> 01:45:06,360

you dilute it in success water

2594

01:45:10,129 --> 01:45:08,219

and how would you dilute and success

2595

01:45:12,350 --> 01:45:10,139

cotton

2596

01:45:16,030 --> 01:45:12,360

so in the case of water they go oh you

2597

01:45:20,689 --> 01:45:19,250

I mean your head is going to explode

2598

01:45:22,609 --> 01:45:20,699

because I'm taking water and I'm

2599

01:45:25,189 --> 01:45:22,619

diluting it with water

2600

01:45:26,810 --> 01:45:25,199

and then pounding pounding it the

2601  
01:45:28,250 --> 01:45:26,820  
succussion process and then doing it

2602  
01:45:30,590 --> 01:45:28,260  
again and doing it again and doing it

2603  
01:45:33,470 --> 01:45:30,600  
again so we started doing some some of

2604  
01:45:36,350 --> 01:45:33,480  
this stuff and just first we started as

2605  
01:45:39,530 --> 01:45:36,360  
pilot studies and essentially we talked

2606  
01:45:41,149 --> 01:45:39,540  
about actually about this much water and

2607  
01:45:43,790 --> 01:45:41,159  
I gave it to someone who knows cycling

2608  
01:45:45,890 --> 01:45:43,800  
that'd be me and and so I walked around

2609  
01:45:48,050 --> 01:45:45,900  
on my deck which is you can't see I

2610  
01:45:50,209 --> 01:45:48,060  
walked around on my deck cycling and

2611  
01:45:52,310 --> 01:45:50,219  
holding a glass of water going how am I

2612  
01:45:55,129 --> 01:45:52,320  
doing this there why am I you know this

2613  
01:45:56,629 --> 01:45:55,139

is how did my life end up like this you

2614

01:45:58,970 --> 01:45:56,639

know I mean what's wrong with this

2615

01:46:02,570 --> 01:45:58,980

picture and now we had it so we had a

2616

01:46:04,729 --> 01:46:02,580

traded water which we already know from

2617

01:46:08,689 --> 01:46:04,739

past experience multiple experiments

2618

01:46:11,030 --> 01:46:08,699

we'll fix mice

2619

01:46:14,270 --> 01:46:11,040

but the homeopath suggests we can

2620

01:46:17,270 --> 01:46:14,280

increase its strength

2621

01:46:20,030 --> 01:46:17,280

and we can scale it through this

2622

01:46:22,430 --> 01:46:20,040

dilution and succussion method

2623

01:46:25,729 --> 01:46:22,440

so they actually have some places have

2624

01:46:27,290 --> 01:46:25,739

Labs mechanical arms which will you know

2625

01:46:29,030 --> 01:46:27,300

they're putting this into it and then it

2626  
01:46:31,250 --> 01:46:29,040  
comes out and then you put another thing

2627  
01:46:33,109 --> 01:46:31,260  
in the it's again I'm not a homeopath

2628  
01:46:35,450 --> 01:46:33,119  
but that that's the plot dilution and

2629  
01:46:38,570 --> 01:46:35,460  
succession yeah and just just a note I

2630  
01:46:40,189 --> 01:46:38,580  
mean I have a homeopathic vet Dr Carol

2631  
01:46:42,770 --> 01:46:40,199  
Tillerman in Vegas and she she would

2632  
01:46:44,629 --> 01:46:42,780  
give our pet medicine she's like you

2633  
01:46:47,510 --> 01:46:44,639  
need to shake it 20 times I'm like okay

2634  
01:46:50,510 --> 01:46:47,520  
I'll do it but I think it's ridiculous

2635  
01:46:52,430 --> 01:46:50,520  
well I'm working with some pets too and

2636  
01:46:54,350 --> 01:46:52,440  
instead we're giving blinded you know we

2637  
01:46:56,810 --> 01:46:54,360  
got treated and untreated and they're

2638  
01:46:58,250 --> 01:46:56,820

giving to their animals they're putting

2639

01:47:00,590 --> 01:46:58,260

a couple of drops of this stuff into

2640

01:47:03,290 --> 01:47:00,600

their water bowls so you got now two

2641

01:47:05,990 --> 01:47:03,300

water bowls you got a coin flip and and

2642

01:47:07,970 --> 01:47:06,000

and and then the cats go and they go no

2643

01:47:10,129 --> 01:47:07,980

I want this water

2644

01:47:11,930 --> 01:47:10,139

if you take away this water they won't

2645

01:47:14,810 --> 01:47:11,940

go to the other water they look at you

2646

01:47:17,750 --> 01:47:14,820

like excuse me did you get the wrong

2647

01:47:19,250 --> 01:47:17,760

water you know uh I'm not taking the

2648

01:47:22,129 --> 01:47:19,260

cheesy stuff anymore

2649

01:47:24,530 --> 01:47:22,139

uh so we're doing that just anecdotal

2650

01:47:27,050 --> 01:47:24,540

wise and I did this instead of cats

2651  
01:47:28,370 --> 01:47:27,060  
because I'm not a big cat fan instead of

2652  
01:47:30,770 --> 01:47:28,380  
cats

2653  
01:47:33,410 --> 01:47:30,780  
we did it on people next time not a big

2654  
01:47:35,990 --> 01:47:33,420  
people fan either but uh we did this uh

2655  
01:47:38,330 --> 01:47:36,000  
we did three clinical

2656  
01:47:40,490 --> 01:47:38,340  
they're not experiments we did three

2657  
01:47:43,070 --> 01:47:40,500  
clinical efforts

2658  
01:47:45,229 --> 01:47:43,080  
took about a hundred people

2659  
01:47:47,990 --> 01:47:45,239  
in the states

2660  
01:47:50,030 --> 01:47:48,000  
took 100 people in Europe came back to

2661  
01:47:52,729 --> 01:47:50,040  
the States tried another 100 people so

2662  
01:47:56,510 --> 01:47:52,739  
we got three roughly 100 people and what

2663  
01:47:59,570 --> 01:47:56,520

they got was water that we had diluted

2664

01:48:03,649 --> 01:48:01,250

and we didn't come up with the magic

2665

01:48:05,570 --> 01:48:03,659

number of dilution or succussion I went

2666

01:48:08,689 --> 01:48:05,580

to a a sensitive

2667

01:48:11,330 --> 01:48:08,699

because the permutations are endless

2668

01:48:13,189 --> 01:48:11,340

and he said do it a bunch of times and

2669

01:48:14,810 --> 01:48:13,199

so we pounded this and we poured that

2670

01:48:16,729 --> 01:48:14,820

and we diluted this we poured that we

2671

01:48:18,530 --> 01:48:16,739

did this and that and then we recruited

2672

01:48:19,750 --> 01:48:18,540

the 300 people in three different

2673

01:48:22,790 --> 01:48:19,760

clinical

2674

01:48:25,189 --> 01:48:22,800

tests using tests Loosely did anything

2675

01:48:26,629 --> 01:48:25,199

happen and all I had to do was come in

2676

01:48:28,189 --> 01:48:26,639

with you know conditions they had

2677

01:48:30,830 --> 01:48:28,199

psychological problems they had physical

2678

01:48:32,570 --> 01:48:30,840

problems they had mental problems some

2679

01:48:35,030 --> 01:48:32,580

said they had spiritual Pro I don't know

2680

01:48:36,709 --> 01:48:35,040

they had problems so we didn't have a

2681

01:48:39,530 --> 01:48:36,719

sample of anything that we could

2682

01:48:42,169 --> 01:48:39,540

generalize we just had a bunch of people

2683

01:48:43,310 --> 01:48:42,179

with problems now one of the problems

2684

01:48:44,990 --> 01:48:43,320

with getting a bunch of people with

2685

01:48:47,450 --> 01:48:45,000

problems is you also have a phenomenon

2686

01:48:49,609 --> 01:48:47,460

known as regression to the mean

2687

01:48:52,390 --> 01:48:49,619

so if you take an extreme you can you're

2688

01:48:55,790 --> 01:48:52,400

gonna you're gonna get changes

2689

01:48:58,729 --> 01:48:55,800

nonetheless short version in our three

2690

01:49:01,609 --> 01:48:58,739

clinical trials using trial Loosely in

2691

01:49:04,550 --> 01:49:01,619

our three clinical trials 98 of the

2692

01:49:07,790 --> 01:49:04,560

people reported significant changes

2693

01:49:10,729 --> 01:49:07,800

and they took this water sublingual

2694

01:49:13,010 --> 01:49:10,739

drops two drops under the tongue four

2695

01:49:14,870 --> 01:49:13,020

times a day and they guarantee that they

2696

01:49:17,990 --> 01:49:14,880

would do it for eight weeks and we would

2697

01:49:20,270 --> 01:49:18,000

get evaluations every two weeks the data

2698

01:49:22,850 --> 01:49:20,280

are unbelievable I mean you know I mean

2699

01:49:25,070 --> 01:49:22,860

they're literally unbelievable

2700

01:49:26,570 --> 01:49:25,080

um and so it did you know numerical

2701

01:49:29,689 --> 01:49:26,580

stuff with it here there and the other

2702

01:49:31,250 --> 01:49:29,699

and they're extremely strong stuffs that

2703

01:49:33,290 --> 01:49:31,260

that occurred

2704

01:49:35,689 --> 01:49:33,300

but the interesting part the one the

2705

01:49:37,310 --> 01:49:35,699

part that got my attention is that some

2706

01:49:38,810 --> 01:49:37,320

of the stuff that happened at least by

2707

01:49:41,390 --> 01:49:38,820

self-report

2708

01:49:44,209 --> 01:49:41,400

seemed to be stronger than the stuff

2709

01:49:46,370 --> 01:49:44,219

we've heard from live

2710

01:49:48,350 --> 01:49:46,380

so I'll give you an anecdote and this is

2711

01:49:50,930 --> 01:49:48,360

nothing more than an anecdote

2712

01:49:53,810 --> 01:49:50,940

one guy who was in a wheelchair from

2713

01:49:55,310 --> 01:49:53,820

Parkinson's for five years

2714

01:49:57,709 --> 01:49:55,320

hadn't been out of the wheelchair

2715

01:50:00,109 --> 01:49:57,719

essentially in five years sublingual

2716

01:50:02,810 --> 01:50:00,119

drops I think it was by the sixth week

2717

01:50:04,609 --> 01:50:02,820

he had thrown out his wheelchair threw

2718

01:50:06,530 --> 01:50:04,619

out the Walkers and he was walking a

2719

01:50:09,229 --> 01:50:06,540

mile at a time

2720

01:50:10,970 --> 01:50:09,239

now that's interesting

2721

01:50:12,530 --> 01:50:10,980

and the reason it's interesting to

2722

01:50:14,930 --> 01:50:12,540

someone like me is that we've tried

2723

01:50:17,270 --> 01:50:14,940

trading Parkinson's patients you know

2724

01:50:18,350 --> 01:50:17,280

live with the hands on and we don't make

2725

01:50:20,750 --> 01:50:18,360

a dent

2726

01:50:22,790 --> 01:50:20,760

I mean maybe it danced but the Dent's

2727

01:50:24,410 --> 01:50:22,800

not a particularly big dance it's not

2728

01:50:25,669 --> 01:50:24,420

it's nothing that you'd start flopping

2729

01:50:27,830 --> 01:50:25,679

on the floor and getting impressed with

2730

01:50:29,629 --> 01:50:27,840

it said a little bit of improvement

2731

01:50:33,109 --> 01:50:29,639

symptomatic for a short period of time

2732

01:50:36,350 --> 01:50:33,119

this guy threw out his wheelchairs

2733

01:50:38,390 --> 01:50:36,360

now we talk about Divergent responses

2734

01:50:40,070 --> 01:50:38,400

we've also had Parkinson's people not

2735

01:50:42,109 --> 01:50:40,080

throw out their wheelchairs

2736

01:50:44,390 --> 01:50:42,119

so there's variation in response it's

2737

01:50:46,550 --> 01:50:44,400

not a miracle but some of the Miracles

2738

01:50:49,330 --> 01:50:46,560

we're looking at seem to be stronger

2739

01:50:53,750 --> 01:50:49,340

than what the original was

2740

01:50:56,149 --> 01:50:53,760

so we I just finished

2741

01:50:57,890 --> 01:50:56,159

a number of studies that really were

2742

01:50:59,390 --> 01:50:57,900

experiments and I'm not going to go into

2743

01:51:02,330 --> 01:50:59,400

a lot of the details because they're not

2744

01:51:04,850 --> 01:51:02,340

published yet but but under control

2745

01:51:06,770 --> 01:51:04,860

conditions double-blind conditions can

2746

01:51:10,669 --> 01:51:06,780

we take some of this water

2747

01:51:12,590 --> 01:51:10,679

give it to people who are seriously ill

2748

01:51:14,870 --> 01:51:12,600

some will get the water some will just

2749

01:51:17,270 --> 01:51:14,880

get control water will we see a

2750

01:51:19,850 --> 01:51:17,280

difference and the answer like Dean and

2751  
01:51:21,950 --> 01:51:19,860  
the blessings of the whatever yes

2752  
01:51:24,709 --> 01:51:21,960  
something real is going on

2753  
01:51:28,790 --> 01:51:24,719  
and it seems to be in a using a system

2754  
01:51:32,570 --> 01:51:28,800  
that we can scale the water

2755  
01:51:35,149 --> 01:51:32,580  
so maybe perhaps fingers crossed

2756  
01:51:37,189 --> 01:51:35,159  
water will be better than a recording

2757  
01:51:38,390 --> 01:51:37,199  
frankly fingers crossed would say the

2758  
01:51:39,950 --> 01:51:38,400  
recording should be better than the

2759  
01:51:42,590 --> 01:51:39,960  
water because we can immediately scale

2760  
01:51:45,950 --> 01:51:42,600  
that but we figured out a system to

2761  
01:51:49,189 --> 01:51:45,960  
scale this stuff water anyway uh and and

2762  
01:51:50,570 --> 01:51:49,199  
do the experiment with the scaled water

2763  
01:51:52,490 --> 01:51:50,580

to

2764

01:51:55,070 --> 01:51:52,500

a couple hundred people

2765

01:51:57,050 --> 01:51:55,080

and the number we've had is we're close

2766

01:51:58,430 --> 01:51:57,060

to 500 people under control conditions

2767

01:52:01,310 --> 01:51:58,440

now

2768

01:52:04,250 --> 01:52:01,320

um there's no even a skeptic like me

2769

01:52:08,030 --> 01:52:04,260

says Whoa something's going on here this

2770

01:52:10,490 --> 01:52:08,040

is worth going down a rabbit hole for it

2771

01:52:13,910 --> 01:52:10,500

any thoughts on that thing Dean

2772

01:52:16,669 --> 01:52:13,920

yeah I have some of that magic water

2773

01:52:20,149 --> 01:52:16,679

um I don't fortunately haven't had a

2774

01:52:23,390 --> 01:52:20,159

need to use it but I have it

2775

01:52:25,729 --> 01:52:23,400

um is it well given that I've done

2776

01:52:28,189 --> 01:52:25,739

experiments involving water and we see

2777

01:52:30,649 --> 01:52:28,199

changes in in plant growth and cell

2778

01:52:31,550 --> 01:52:30,659

growth and human mood and things of that

2779

01:52:35,810 --> 01:52:31,560

sort

2780

01:52:38,629 --> 01:52:35,820

uh yeah I I can accept what what bill is

2781

01:52:41,870 --> 01:52:38,639

saying I I do think that underneath it

2782

01:52:44,270 --> 01:52:41,880

there's uh something about the with the

2783

01:52:47,810 --> 01:52:44,280

water in particular the ritual of the

2784

01:52:50,810 --> 01:52:47,820

succussion the dilution all of that

2785

01:52:53,450 --> 01:52:50,820

that is injecting meaning into the into

2786

01:52:55,850 --> 01:52:53,460

the process itself which might be

2787

01:52:58,189 --> 01:52:55,860

important for this kind of phenomenal

2788

01:52:59,930 --> 01:52:58,199

and and I don't know so again I'm

2789

01:53:02,990 --> 01:52:59,940

walking around you know charging a glass

2790

01:53:05,570 --> 01:53:03,000

of water on the deck and after that I'm

2791

01:53:07,609 --> 01:53:05,580

um I'm out in the backyard pounding you

2792

01:53:09,410 --> 01:53:07,619

know on a wooden table this thing that

2793

01:53:11,030 --> 01:53:09,420

trying to success it and then I gave it

2794

01:53:12,649 --> 01:53:11,040

to Margaret who tries to then dilute it

2795

01:53:15,050 --> 01:53:12,659

and then I go out there and pound it and

2796

01:53:16,550 --> 01:53:15,060

yeah I I I don't know what I'm doing and

2797

01:53:18,709 --> 01:53:16,560

I don't know why I'm doing it I'm

2798

01:53:20,930 --> 01:53:18,719

following a method and I'm making it my

2799

01:53:23,330 --> 01:53:20,940

own but I'm I'm following a method that

2800

01:53:26,330 --> 01:53:23,340

I do not comprehend and I have to go out

2801  
01:53:28,250 --> 01:53:26,340  
and test it you know and I I've done a

2802  
01:53:30,950 --> 01:53:28,260  
something's going on there

2803  
01:53:32,990 --> 01:53:30,960  
if that's really happening go ahead the

2804  
01:53:35,090 --> 01:53:33,000  
ritual the ritual part of it I think is

2805  
01:53:36,770 --> 01:53:35,100  
important as well even even without

2806  
01:53:39,410 --> 01:53:36,780  
understanding the ritual too much you're

2807  
01:53:41,270 --> 01:53:39,420  
doing an action the action is a way of

2808  
01:53:44,390 --> 01:53:41,280  
focusing attention on what you're doing

2809  
01:53:46,729 --> 01:53:44,400  
yeah I I I got nothing here's a good

2810  
01:53:48,410 --> 01:53:46,739  
question kind of related to that

2811  
01:53:50,030 --> 01:53:48,420  
do either one of you think blessed Water

2812  
01:53:52,129 --> 01:53:50,040  
by spiritual leaders like in the

2813  
01:53:54,530 --> 01:53:52,139

Catholic religion holy water works the

2814

01:54:00,070 --> 01:53:57,350

well the same way we we it's hard to

2815

01:54:03,290 --> 01:54:00,080

take part as attention and tension yeah

2816

01:54:04,550 --> 01:54:03,300

I guess right I mean it's hard to answer

2817

01:54:05,629 --> 01:54:04,560

those kinds of questions because we

2818

01:54:07,729 --> 01:54:05,639

don't know what we're doing in the first

2819

01:54:09,950 --> 01:54:07,739

place so we say is this strange thing

2820

01:54:12,530 --> 01:54:09,960

similar to that strange thing well

2821

01:54:13,430 --> 01:54:12,540

there's some resemblance but we we don't

2822

01:54:15,350 --> 01:54:13,440

know

2823

01:54:17,270 --> 01:54:15,360

somebody at some point must have thought

2824

01:54:20,090 --> 01:54:17,280

water was meaningful

2825

01:54:23,229 --> 01:54:20,100

yeah well we we are not only about 70

2826

01:54:26,870 --> 01:54:23,239

actual water as adults but like 98

2827

01:54:29,810 --> 01:54:26,880

hydrogen oxygen bonds within the body so

2828

01:54:31,790 --> 01:54:29,820

we're water beings essentially are we're

2829

01:54:34,850 --> 01:54:31,800

fish who've somehow figured out a way of

2830

01:54:36,770 --> 01:54:34,860

carrying our water around with us so

2831

01:54:40,790 --> 01:54:36,780

maintain hydration

2832

01:54:44,209 --> 01:54:42,530

Bill how excited are you about the

2833

01:54:45,290 --> 01:54:44,219

possibilities of this water this latest

2834

01:54:47,090 --> 01:54:45,300

research

2835

01:54:51,770 --> 01:54:47,100

I'm stunned

2836

01:54:53,570 --> 01:54:51,780

obviously more replications I want other

2837

01:54:55,129 --> 01:54:53,580

people independently replicating What

2838

01:54:56,990 --> 01:54:55,139

I've Done

2839

01:55:01,090 --> 01:54:57,000

um and I want to try it on different

2840

01:55:04,970 --> 01:55:01,100

conditions so the the initial 300 person

2841

01:55:07,790 --> 01:55:04,980

series of clinical trials was not

2842

01:55:10,310 --> 01:55:07,800

targeted towards a particular condition

2843

01:55:12,709 --> 01:55:10,320

it was just some of the people had

2844

01:55:14,270 --> 01:55:12,719

depression some were bipolar some were

2845

01:55:16,910 --> 01:55:14,280

had cancer some had you know whatever

2846

01:55:20,209 --> 01:55:16,920

and we were just taking anybody who who

2847

01:55:22,149 --> 01:55:20,219

needed help what I'm looking for now is

2848

01:55:25,310 --> 01:55:22,159

a series of targeted

2849

01:55:28,550 --> 01:55:25,320

conditions so for example if we

2850

01:55:30,169 --> 01:55:28,560

if we have depression does is it better

2851

01:55:33,169 --> 01:55:30,179

on depression versus

2852

01:55:34,790 --> 01:55:33,179

you know we got the anecdote now that it

2853

01:55:36,350 --> 01:55:34,800

seems to be very good on depression it

2854

01:55:38,390 --> 01:55:36,360

seems to be very good on bipolar it

2855

01:55:40,970 --> 01:55:38,400

seems to be very good on cancerous

2856

01:55:42,830 --> 01:55:40,980

tumors it seems to be very good on can

2857

01:55:44,750 --> 01:55:42,840

we take this out and do like an entire

2858

01:55:47,330 --> 01:55:44,760

trial on cancer

2859

01:55:50,689 --> 01:55:47,340

I'd like I'd like to get some targeted

2860

01:55:52,910 --> 01:55:50,699

targeted stuff yeah but but frankly you

2861

01:55:55,550 --> 01:55:52,920

know you you're thinking like I I found

2862

01:55:57,770 --> 01:55:55,560

this the only thing that happens to me

2863

01:56:01,310 --> 01:55:57,780

when I finish the study is oh my God I

2864

01:56:02,689 --> 01:56:01,320

just have to do at least 20 more yes the

2865

01:56:05,209 --> 01:56:02,699

implications of this are pretty

2866

01:56:07,669 --> 01:56:05,219

astounding and the earlier stuff you

2867

01:56:09,950 --> 01:56:07,679

know that you could ask Dean do you

2868

01:56:11,149 --> 01:56:09,960

believe in the double slit oh you don't

2869

01:56:13,910 --> 01:56:11,159

believe in the double slit it double

2870

01:56:15,169 --> 01:56:13,920

slits uh do you believe in healing no I

2871

01:56:16,910 --> 01:56:15,179

don't believe in healing you'd have to

2872

01:56:18,470 --> 01:56:16,920

be crazy to believe in healing I just

2873

01:56:21,470 --> 01:56:18,480

don't stop

2874

01:56:24,169 --> 01:56:21,480

yeah the other thing that the bill has

2875

01:56:27,590 --> 01:56:24,179

encountered this and I as well you do

2876  
01:56:29,750 --> 01:56:27,600  
a study he comes out fabulously well and

2877  
01:56:31,430 --> 01:56:29,760  
then they immediately start thinking uh

2878  
01:56:33,050 --> 01:56:31,440  
well first of all even my colleagues are

2879  
01:56:36,530 --> 01:56:33,060  
not going to believe this

2880  
01:56:39,709 --> 01:56:36,540  
so maybe maybe I won't publish it or if

2881  
01:56:42,229 --> 01:56:39,719  
I do you know I have to how do I vet it

2882  
01:56:44,209 --> 01:56:42,239  
in such a way to convince myself as

2883  
01:56:46,430 --> 01:56:44,219  
close to Absolute as I can that it

2884  
01:56:48,649 --> 01:56:46,440  
wasn't a mistake and then how do I

2885  
01:56:50,689 --> 01:56:48,659  
describe it to colleagues and then how

2886  
01:56:53,510 --> 01:56:50,699  
do I get them to try to replicate it yep

2887  
01:56:56,209 --> 01:56:53,520  
well all of those I mean if you do a

2888  
01:56:58,310 --> 01:56:56,219

study and nothing comes out at all not

2889

01:56:59,689 --> 01:56:58,320

only is that kind of a relief but you

2890

01:57:01,609 --> 01:56:59,699

can then publish that in a very high

2891

01:57:03,229 --> 01:57:01,619

tier Journal because it will confirm

2892

01:57:05,149 --> 01:57:03,239

what people already believe because

2893

01:57:06,950 --> 01:57:05,159

that's a little crazy yeah if you get

2894

01:57:10,010 --> 01:57:06,960

the other result in saying holy smoke

2895

01:57:11,810 --> 01:57:10,020

what is what is this very difficult to

2896

01:57:14,990 --> 01:57:11,820

get anybody to pay attention or even to

2897

01:57:16,490 --> 01:57:15,000

publish it it's exciting because

2898

01:57:17,930 --> 01:57:16,500

um we're heading in a direction which I

2899

01:57:20,089 --> 01:57:17,940

didn't really think I'd see in my

2900

01:57:21,709 --> 01:57:20,099

lifetime which I really am amazed about

2901  
01:57:22,550 --> 01:57:21,719  
and I want to ask both of you if you've

2902  
01:57:24,229 --> 01:57:22,560  
had

2903  
01:57:26,149 --> 01:57:24,239  
behind the scenes how are your

2904  
01:57:28,370 --> 01:57:26,159  
colleagues and how are people in the

2905  
01:57:30,109 --> 01:57:28,380  
scientific world changing opening Minds

2906  
01:57:33,109 --> 01:57:30,119  
first thing because I know you have your

2907  
01:57:34,189 --> 01:57:33,119  
heart out well I yeah I have a two

2908  
01:57:36,050 --> 01:57:34,199  
o'clock

2909  
01:57:40,070 --> 01:57:36,060  
part out here

2910  
01:57:42,050 --> 01:57:40,080  
um I would say that uh we we if you step

2911  
01:57:45,350 --> 01:57:42,060  
back and look historically at where we

2912  
01:57:48,109 --> 01:57:45,360  
are there's a massive change going on

2913  
01:57:50,209 --> 01:57:48,119

within the scientific World in that uh

2914

01:57:51,649 --> 01:57:50,219

30 years ago if you told somebody that

2915

01:57:53,930 --> 01:57:51,659

you're a scientist and you're studying

2916

01:57:55,910 --> 01:57:53,940

Consciousness they would look at you

2917

01:57:58,370 --> 01:57:55,920

strangely and walk away

2918

01:58:00,470 --> 01:57:58,380

uh today you can say that and people say

2919

01:58:02,030 --> 01:58:00,480

oh how were you studying it what are you

2920

01:58:04,129 --> 01:58:02,040

doing and you go to this conference or

2921

01:58:05,930 --> 01:58:04,139

that conference so that's that's really

2922

01:58:08,570 --> 01:58:05,940

a massive change that has happened in

2923

01:58:11,570 --> 01:58:08,580

about about three decades so roughly

2924

01:58:14,510 --> 01:58:11,580

like one one and a half generations of

2925

01:58:16,370 --> 01:58:14,520

students that's a very fast change that

2926

01:58:19,510 --> 01:58:16,380

is not showing any sign of slowing down

2927

01:58:23,570 --> 01:58:19,520

that means that uh if we will project

2928

01:58:26,270 --> 01:58:23,580

forward another couple of decades uh

2929

01:58:28,609 --> 01:58:26,280

we're likely to find out much more about

2930

01:58:31,609 --> 01:58:28,619

Consciousness in general whether we find

2931

01:58:32,810 --> 01:58:31,619

out about the kinds of aspects of

2932

01:58:33,950 --> 01:58:32,820

Consciousness that we're talking about

2933

01:58:37,430 --> 01:58:33,960

here

2934

01:58:39,589 --> 01:58:37,440

that's a little less certain but I I

2935

01:58:42,229 --> 01:58:39,599

know because I'm contacted all the time

2936

01:58:44,030 --> 01:58:42,239

by uh students and and younger

2937

01:58:46,310 --> 01:58:44,040

scientists who would just desperately

2938

01:58:48,350 --> 01:58:46,320

want to study this stuff that when

2939

01:58:51,050 --> 01:58:48,360

opportunities begin to arise meaning

2940

01:58:54,050 --> 01:58:51,060

funding primarily uh that there'll be

2941

01:58:55,550 --> 01:58:54,060

plenty of people to step in and do that

2942

01:58:57,589 --> 01:58:55,560

because it's I mean what could be more

2943

01:58:59,270 --> 01:58:57,599

fascinating

2944

01:59:01,310 --> 01:58:59,280

and I'm going to let you go Dean because

2945

01:59:03,050 --> 01:59:01,320

I know if Bill starts answering I don't

2946

01:59:04,490 --> 01:59:03,060

want to let you go in the middle of the

2947

01:59:05,689 --> 01:59:04,500

question I thank you so much for being

2948

01:59:07,550 --> 01:59:05,699

here and I'll definitely want to have

2949

01:59:08,689 --> 01:59:07,560

you back sometime in the future I

2950

01:59:10,310 --> 01:59:08,699

appreciate all the work you've done

2951  
01:59:11,870 --> 01:59:10,320  
conscious Universe was the first book I

2952  
01:59:15,050 --> 01:59:11,880  
read by you and it's just opened my eyes

2953  
01:59:18,530 --> 01:59:15,060  
so thank you for being here thank you I

2954  
01:59:21,950 --> 01:59:20,570  
I just want to go over real quick just a

2955  
01:59:23,510 --> 01:59:21,960  
couple of things so talk about the

2956  
01:59:25,070 --> 01:59:23,520  
doctors who stole the bottles of water

2957  
01:59:27,649 --> 01:59:25,080  
treated water

2958  
01:59:30,770 --> 01:59:27,659  
oh well I yeah I was doing an experiment

2959  
01:59:33,229 --> 01:59:30,780  
uh recently and uh

2960  
01:59:35,689 --> 01:59:33,239  
we were in a Covenant Hospital I wasn't

2961  
01:59:38,330 --> 01:59:35,699  
there because I'm blinded to this and

2962  
01:59:40,850 --> 01:59:38,340  
that and uh but it was double blind

2963  
01:59:43,609 --> 01:59:40,860

study and so the people administering

2964

01:59:45,290 --> 01:59:43,619

water whether it was the treated water

2965

01:59:47,209 --> 01:59:45,300

the untreated water they didn't know

2966

01:59:49,669 --> 01:59:47,219

patients didn't know nobody knew

2967

01:59:53,089 --> 01:59:49,679

everything was seriously blinded but the

2968

01:59:55,370 --> 01:59:53,099

doctors started in the hospital said you

2969

01:59:57,290 --> 01:59:55,380

know it doesn't seem it seems like the

2970

01:59:58,850 --> 01:59:57,300

people who take this water

2971

02:00:01,370 --> 01:59:58,860

are getting better

2972

02:00:03,470 --> 02:00:01,380

and they they they scooped up some water

2973

02:00:05,930 --> 02:00:03,480

and took it for their private patients

2974

02:00:08,030 --> 02:00:05,940

at home which is an interesting anecdote

2975

02:00:10,250 --> 02:00:08,040

still only an anecdote but it's it's

2976

02:00:11,930 --> 02:00:10,260

interesting

2977

02:00:13,669 --> 02:00:11,940

what do you think and I I know you spoke

2978

02:00:14,930 --> 02:00:13,679

about this with Jeffrey mishlav what do

2979

02:00:17,570 --> 02:00:14,940

you think will happen if you get your

2980

02:00:20,030 --> 02:00:17,580

paper published and you start giving

2981

02:00:23,750 --> 02:00:20,040

this water away where's Bill gonna be

2982

02:00:28,370 --> 02:00:26,510

well what I want to do frankly is is

2983

02:00:30,169 --> 02:00:28,380

start looking at at you know different

2984

02:00:32,689 --> 02:00:30,179

conditions and what what we can affect

2985

02:00:35,270 --> 02:00:32,699

because I'm still thinking lab stuff uh

2986

02:00:37,609 --> 02:00:35,280

it'd be nice to get get the water out

2987

02:00:40,430 --> 02:00:37,619

there uh and the water is going out

2988

02:00:42,290 --> 02:00:40,440

there now uh so we're figuring out a way

2989

02:00:45,050 --> 02:00:42,300

to mass produce the stuff and there's a

2990

02:00:46,910 --> 02:00:45,060

group in the Netherlands uh trying to

2991

02:00:49,910 --> 02:00:46,920

figure out how to bring this stuff to

2992

02:00:51,830 --> 02:00:49,920

Market my big thing about it is it needs

2993

02:00:54,350 --> 02:00:51,840

to be cheap so that it's widely

2994

02:00:56,510 --> 02:00:54,360

available and nobody gets excluded you

2995

02:00:58,910 --> 02:00:56,520

know who needs help

2996

02:01:00,470 --> 02:00:58,920

um my my draw will always be going back

2997

02:01:03,709 --> 02:01:00,480

to the lab other people are going to

2998

02:01:06,169 --> 02:01:03,719

take it and turn it into a

2999

02:01:08,050 --> 02:01:06,179

business you know and I'm not putting

3000

02:01:11,570 --> 02:01:08,060

that down it's just not my thing

3001

02:01:14,270 --> 02:01:11,580

are you worried about the CDC or the FDA

3002

02:01:16,850 --> 02:01:14,280

reaction if you start selling or just it

3003

02:01:18,950 --> 02:01:16,860

becomes popular that Dr Bill Benson is

3004

02:01:22,790 --> 02:01:18,960

giving away or selling water treated

3005

02:01:25,669 --> 02:01:22,800

water that can heal covid or cancer

3006

02:01:29,149 --> 02:01:25,679

well I mean the thing is that that you

3007

02:01:31,609 --> 02:01:29,159

know I I I can show data you know I I'm

3008

02:01:34,910 --> 02:01:31,619

not asking anyone to believe

3009

02:01:36,950 --> 02:01:34,920

um uh but I I can show data and this

3010

02:01:39,410 --> 02:01:36,960

goes to the question of who wants what

3011

02:01:42,169 --> 02:01:39,420

this will be driven by

3012

02:01:44,089 --> 02:01:42,179

I mean an FDA you just got to be careful

3013

02:01:46,430 --> 02:01:44,099

what you say or you don't say

3014

02:01:49,490 --> 02:01:46,440

you know I I know a little about the FDA

3015

02:01:50,810 --> 02:01:49,500

but I do know that it's um it can be

3016

02:01:52,729 --> 02:01:50,820

somewhat restrictive and you have to be

3017

02:01:55,250 --> 02:01:52,739

careful and if I say I'm just giving

3018

02:01:56,990 --> 02:01:55,260

away water what why can you get upset

3019

02:01:58,669 --> 02:01:57,000

well it turns out the FDA regulates

3020

02:02:01,129 --> 02:01:58,679

water so

3021

02:02:04,669 --> 02:02:01,139

I don't know I don't think in those in

3022

02:02:08,109 --> 02:02:04,679

those terms you know it's it's one of my

3023

02:02:15,470 --> 02:02:11,530

what's the next study we need to do

3024

02:02:25,669 --> 02:02:15,480

I'm sorry my dog is going crazy um same

3025

02:02:29,629 --> 02:02:27,830

I think you need some treated water so

3026

02:02:32,030 --> 02:02:29,639

are you seeing the same thing with Dean

3027

02:02:35,030 --> 02:02:32,040

other colleagues that are that are more

3028

02:02:39,890 --> 02:02:35,040

open to this last question well there's

3029

02:02:42,050 --> 02:02:39,900

there's people who are fascinated by it

3030

02:02:43,490 --> 02:02:42,060

um you know it's hard not to get drawn

3031

02:02:46,070 --> 02:02:43,500

into it it's it's it's pretty

3032

02:02:47,689 --> 02:02:46,080

interesting but it's very difficult to

3033

02:02:49,970 --> 02:02:47,699

try to replicate you know as I said this

3034

02:02:52,790 --> 02:02:49,980

stuff is not easy to do it's not cheap

3035

02:02:55,070 --> 02:02:52,800

to do it's it's annoying to do you need

3036

02:02:57,109 --> 02:02:55,080

a lot of stuff going on to get it done

3037

02:02:58,550 --> 02:02:57,119

and I'm trying to make it so it that

3038

02:03:00,709 --> 02:02:58,560

it's simpler

3039

02:03:02,209 --> 02:03:00,719

uh so the methods are out there if

3040

02:03:04,129 --> 02:03:02,219

anybody listening to this wants to try

3041

02:03:06,350 --> 02:03:04,139

to replicate this I don't keep a secret

3042

02:03:08,750 --> 02:03:06,360

of what I'm doing you know I mean I

3043

02:03:12,109 --> 02:03:08,760

teach in workshops I got a CD set that

3044

02:03:14,030 --> 02:03:12,119

people can allegedly listen to it and

3045

02:03:16,189 --> 02:03:14,040

then just do it for themselves you know

3046

02:03:17,930 --> 02:03:16,199

it's it's not a it's not a hidden secret

3047

02:03:20,390 --> 02:03:17,940

that I have

3048

02:03:22,370 --> 02:03:20,400

um it's the experimental stuff that's

3049

02:03:24,649 --> 02:03:22,380

hard to do because you know it's hard to

3050

02:03:26,209 --> 02:03:24,659

get the resources to be able to do what

3051

02:03:27,950 --> 02:03:26,219

I've been able to do you know so I've

3052

02:03:30,830 --> 02:03:27,960

been fortunate in getting the backing

3053

02:03:33,350 --> 02:03:30,840

the funding the labs and you know like I

3054

02:03:34,609 --> 02:03:33,360

showed before I've been around a lot of

3055

02:03:36,410 --> 02:03:34,619

places

3056

02:03:39,050 --> 02:03:36,420

and I'm getting you know pretty

3057

02:03:42,169 --> 02:03:39,060

networked in and and people are

3058

02:03:43,370 --> 02:03:42,179

fascinated by it uh but you also have

3059

02:03:46,070 --> 02:03:43,380

the social thing you're not allowed to

3060

02:03:51,109 --> 02:03:47,750

one question about your water healing

3061

02:03:52,609 --> 02:03:51,119

does it matter if the healers are

3062

02:03:54,709 --> 02:03:52,619

have if they have intention to heal

3063

02:03:57,290 --> 02:03:54,719

cancer to heal no it doesn't matter

3064

02:03:58,669 --> 02:03:57,300

right it's just healing take this

3065

02:04:00,950 --> 02:03:58,679

there's a good chance you might get

3066

02:04:02,930 --> 02:04:00,960

better from this water it's not even an

3067

02:04:05,510 --> 02:04:02,940

intention of healing I don't I don't I

3068

02:04:07,430 --> 02:04:05,520

just I hold the water and I cycle

3069

02:04:09,169 --> 02:04:07,440

that's all I do I don't have an

3070

02:04:14,089 --> 02:04:09,179

intention of this or that I'm not

3071

02:04:16,370 --> 02:04:14,099

forcing my um my my psyche on on the

3072

02:04:18,530 --> 02:04:16,380

world of nothing like that's going on

3073

02:04:22,030 --> 02:04:18,540

it's much much much simpler than that

3074

02:04:24,470 --> 02:04:22,040

and much more Elemental

3075

02:04:25,310 --> 02:04:24,480

actually one of the things I'd like to

3076

02:04:29,270 --> 02:04:25,320

do

3077

02:04:31,790 --> 02:04:29,280

soon is an experiment on whether or not

3078

02:04:33,770 --> 02:04:31,800

directed intention will produce

3079

02:04:36,530 --> 02:04:33,780

something different than non-directed

3080

02:04:40,729 --> 02:04:36,540

intention so for example

3081

02:04:42,830 --> 02:04:40,739

if I if I do uh if I treat a piece of

3082

02:04:44,750 --> 02:04:42,840

cotton and I treat a piece of cotton

3083

02:04:47,330 --> 02:04:44,760

just to treat a piece of cotton and it

3084

02:04:48,770 --> 02:04:47,340

acts as a healing surrogate will that be

3085

02:04:50,689 --> 02:04:48,780

different than if I treat a piece of

3086

02:04:53,209 --> 02:04:50,699

cotton for a particular condition and I

3087

02:04:59,390 --> 02:04:55,669

um my suspicion and it's not to be

3088

02:05:00,229 --> 02:04:59,400

trusted but my suspicion is that

3089

02:05:02,209 --> 02:05:00,239

um

3090

02:05:03,470 --> 02:05:02,219

direct intention won't won't add

3091

02:05:05,810 --> 02:05:03,480

anything to it because I don't think

3092

02:05:10,370 --> 02:05:05,820

healing has much to do with your

3093

02:05:16,310 --> 02:05:13,250

well if if I

3094

02:05:18,890 --> 02:05:16,320

believe if this is really as successful

3095

02:05:21,109 --> 02:05:18,900

as you're talking about it's it should

3096

02:05:23,270 --> 02:05:21,119

though it should change the world it

3097

02:05:24,229 --> 02:05:23,280

should open people's minds

3098

02:05:26,450 --> 02:05:24,239

um I don't know if you agree with this

3099

02:05:28,129 --> 02:05:26,460

but basically I say a lot the world is

3100

02:05:32,030 --> 02:05:28,139

so much different than what we've been

3101

02:05:36,350 --> 02:05:33,890

let's take it into the next step by

3102

02:05:37,850 --> 02:05:36,360

world is so much different than I see it

3103

02:05:41,689 --> 02:05:37,860

too

3104

02:05:45,109 --> 02:05:41,699

to make sense of my own data the good

3105

02:05:47,209 --> 02:05:45,119

news is when people like Dean and me do

3106

02:05:49,430 --> 02:05:47,219

experiments

3107

02:05:52,070 --> 02:05:49,440

we don't have to understand it to do the

3108

02:05:55,550 --> 02:05:54,169

and if I look at all the stuff like I

3109

02:05:57,229 --> 02:05:55,560

gave you the list of you know things we

3110

02:05:58,490 --> 02:05:57,239

think we know and things we think we

3111

02:06:01,669 --> 02:05:58,500

don't know

3112

02:06:05,109 --> 02:06:01,679

um

3113

02:06:07,669 --> 02:06:05,119

the things we don't know far out out

3114

02:06:09,050 --> 02:06:07,679

steps the things that we know and the

3115

02:06:10,850 --> 02:06:09,060

things that we know are probably going

3116

02:06:12,350 --> 02:06:10,860

to need to be modified in the course of

3117

02:06:14,629 --> 02:06:12,360

time anyway

3118

02:06:16,850 --> 02:06:14,639

final question you still excited but do

3119

02:06:19,070 --> 02:06:16,860

you still get excited doing this for me

3120

02:06:20,450 --> 02:06:19,080

the more I learn the more I don't want

3121

02:06:22,430 --> 02:06:20,460

to sleep because there's just so much

3122

02:06:24,169 --> 02:06:22,440

new information especially your new

3123

02:06:26,030 --> 02:06:24,179

water experiment I cannot wait to share

3124

02:06:28,010 --> 02:06:26,040

that with people yeah it's it's it's

3125

02:06:31,010 --> 02:06:28,020

it's reasonably interesting it just went

3126

02:06:33,470 --> 02:06:31,020

out to a journal a couple days ago

3127

02:06:36,709 --> 02:06:33,480

um and a couple of days before that I

3128

02:06:38,209 --> 02:06:36,719

had another recording piece go out to a

3129

02:06:40,669 --> 02:06:38,219

journal that's already accepted by a

3130

02:06:42,950 --> 02:06:40,679

biology Journal uh that's that's the

3131

02:06:45,229 --> 02:06:42,960

work I did in Tokyo

3132

02:06:48,109 --> 02:06:45,239

um the water stuff is I'm pretty excited

3133

02:06:50,089 --> 02:06:48,119

about it's it's it's confounding because

3134

02:06:53,689 --> 02:06:50,099

it doesn't make any sense I don't have

3135

02:06:56,810 --> 02:06:53,699

the conceptual tools to to wrap my head

3136

02:06:59,510 --> 02:06:56,820

around why it works but at this point no

3137

02:07:02,810 --> 02:06:59,520

matter how skeptical I may be

3138

02:07:04,910 --> 02:07:02,820

some Works some works

3139

02:07:07,609 --> 02:07:04,920

yeah it seems to have captured something

3140

02:07:10,370 --> 02:07:07,619

more than the recording it's just

3141

02:07:12,530 --> 02:07:10,380

slightly more difficult to scale

3142

02:07:14,030 --> 02:07:12,540

it's exciting and um I appreciate you

3143

02:07:15,830 --> 02:07:14,040

doing this I'm so happy I got to do it

3144

02:07:17,990 --> 02:07:15,840

I'm so happy I was introduced to your

3145

02:07:20,330 --> 02:07:18,000

work and I I'll hopefully we'll do this

3146

02:07:22,310 --> 02:07:20,340

again and next time I'm in New York I

3147

02:07:24,470 --> 02:07:22,320

will stop by and we will hang out

3148

02:07:26,810 --> 02:07:24,480

together that'd be fun all right Bill

3149

02:07:29,750 --> 02:07:26,820

thanks thank you tell Margaret thank you

3150

02:07:31,310 --> 02:07:29,760

will do see ya

3151

02:07:32,990 --> 02:07:31,320

oh that went well

3152

02:07:35,689 --> 02:07:33,000

um I was worried I wouldn't get all my

3153

02:07:36,950 --> 02:07:35,699

questions in but I think I did I mean I

3154

02:07:40,189 --> 02:07:36,960

have a lot of stuff I didn't get to but

3155

02:07:41,810 --> 02:07:40,199

that's fine I wrote too much stuff down

3156

02:07:43,430 --> 02:07:41,820

um you guys

3157

02:07:46,010 --> 02:07:43,440

hopefully you will spread it around

3158

02:07:47,570 --> 02:07:46,020

because the water experiments are

3159

02:07:49,870 --> 02:07:47,580

amazing and like I said I did not

3160

02:07:52,490 --> 02:07:49,880

believe homie I didn't believe in homie

3161

02:07:55,669 --> 02:07:52,500

Homeopathy but I took my dog to the vet

3162

02:07:58,490 --> 02:07:55,679

and he had two

3163

02:08:00,589 --> 02:07:58,500

ligaments that were torn separately and

3164

02:08:03,169 --> 02:08:00,599

the surgery was three thousand dollars

3165

02:08:05,270 --> 02:08:03,179

per leg that was the mainstream

3166

02:08:08,330 --> 02:08:05,280

diagnosis and we went

3167

02:08:10,490 --> 02:08:08,340

to a homeopathic vet she said try this

3168

02:08:13,370 --> 02:08:10,500

it wasn't working and then I waited and

3169

02:08:14,930 --> 02:08:13,380

waited and finally he healed both of

3170

02:08:17,510 --> 02:08:14,940

them separately he both both of his

3171

02:08:19,070 --> 02:08:17,520

tendons or ligaments in his knee healed

3172

02:08:22,790 --> 02:08:19,080

and I can't prove it was the homia

3173

02:08:25,070 --> 02:08:22,800

Homeopathy and medicine and supplements

3174

02:08:26,990 --> 02:08:25,080

she gave us but both of his knees healed

3175

02:08:28,250 --> 02:08:27,000

six thousand dollars not spent on

3176

02:08:31,129 --> 02:08:28,260

surgery he didn't have to go through

3177

02:08:32,450 --> 02:08:31,139

that hell and there were signs that the

3178

02:08:33,410 --> 02:08:32,460

medicine and I'll just show you the

3179

02:08:36,830 --> 02:08:33,420

medicine

3180

02:08:38,990 --> 02:08:36,840

work because

3181

02:08:41,390 --> 02:08:39,000

she gave us I think it was sulfur I'm

3182

02:08:43,729 --> 02:08:41,400

not sure what it was but she gave it to

3183

02:08:45,830 --> 02:08:43,739

us and his knee was bad but it wasn't

3184

02:08:47,510 --> 02:08:45,840

that bad and then we gave it to him we

3185

02:08:48,589 --> 02:08:47,520

gave the medicine the cookie and this is

3186

02:08:53,810 --> 02:08:48,599

it

3187

02:08:55,550 --> 02:08:53,820

was nonsense but now we have to hear and

3188

02:08:56,750 --> 02:08:55,560

Bill talking about the talking about him

3189

02:08:58,910 --> 02:08:56,760

doing it too

3190

02:09:00,770 --> 02:08:58,920

something there's something there and so

3191

02:09:03,530 --> 02:09:00,780

we gave him this medicine the next day

3192

02:09:06,169 --> 02:09:03,540

his knee got so much worse for just no

3193

02:09:08,270 --> 02:09:06,179

reason so you read up and sometimes the

3194

02:09:10,669 --> 02:09:08,280

knee or the ailment will get worse right

3195

02:09:11,870 --> 02:09:10,679

off the bat there's no way and if that's

3196

02:09:13,250 --> 02:09:11,880

really what happened that it wasn't

3197

02:09:14,810 --> 02:09:13,260

something else because I didn't see him

3198

02:09:17,209 --> 02:09:14,820

hurt his knee so only thing that was

3199

02:09:19,850 --> 02:09:17,219

different gave him the medicine his knee

3200

02:09:21,050 --> 02:09:19,860

got worse you could say well cookie

3201

02:09:23,030 --> 02:09:21,060

obviously didn't know he was getting

3202

02:09:25,310 --> 02:09:23,040

medicine so what happened and then he

3203

02:09:27,709 --> 02:09:25,320

progressed progressed progressively got

3204

02:09:29,870 --> 02:09:27,719

better and then he hasn't had any

3205

02:09:32,030 --> 02:09:29,880

problems with his knees since so

3206

02:09:34,430 --> 02:09:32,040

I would recommend a homeopathic doctor

3207

02:09:36,050 --> 02:09:34,440

any day of the week and one thing I'll

3208

02:09:40,310 --> 02:09:36,060

ask Bill

3209

02:09:41,990 --> 02:09:40,320

she wanted to know what what the um

3210

02:09:44,930 --> 02:09:42,000

not the dose but I forget what

3211

02:09:47,149 --> 02:09:44,940

Homeopathy they use them something

3212

02:09:49,669 --> 02:09:47,159

I'll send it to you Bill on her email

3213

02:09:54,470 --> 02:09:49,679

she had a question so

3214

02:09:55,910 --> 02:09:54,480

any more questions let's see

3215

02:09:57,770 --> 02:09:55,920

yeah

3216

02:09:59,570 --> 02:09:57,780

that was a really good interview I wish

3217

02:10:01,430 --> 02:09:59,580

we had a better live audience but it's

3218

02:10:05,270 --> 02:10:01,440

early in the day and and I'll make sure

3219

02:10:10,189 --> 02:10:08,270

and people will watch because it's so

3220

02:10:11,570 --> 02:10:10,199

important and I have a cousin who has a

3221

02:10:13,850 --> 02:10:11,580

dog who's sick

3222

02:10:19,070 --> 02:10:13,860

with cancer and I told her to watch

3223

02:10:22,970 --> 02:10:21,229

Dean and Edgar Mitchell were the reason

3224

02:10:24,709 --> 02:10:22,980

I participated with free as an

3225

02:10:26,870 --> 02:10:24,719

experencer back in the day yeah that

3226

02:10:29,870 --> 02:10:26,880

that that that

3227

02:10:31,490 --> 02:10:29,880

survey is important although I still

3228

02:10:33,410 --> 02:10:31,500

think

3229

02:10:36,890 --> 02:10:33,420

well you guys know how I I need to do a

3230

02:10:39,410 --> 02:10:36,900

show about my more up-to-date

3231

02:10:40,970 --> 02:10:39,420

thoughts on UFOs which have changed

3232

02:10:43,430 --> 02:10:40,980

dramatic not dramatically certain things

3233

02:10:44,930 --> 02:10:43,440

have changed

3234

02:10:46,550 --> 02:10:44,940

I'd love to hear more about the UFO

3235

02:10:48,589 --> 02:10:46,560

aspects from Dean sometime I don't know

3236

02:10:50,270 --> 02:10:48,599

if Dean talks about UFOs too much I

3237

02:10:51,950 --> 02:10:50,280

don't think he does

3238

02:10:53,330 --> 02:10:51,960

that was superb you did so well Joe

3239

02:10:55,250 --> 02:10:53,340

thank you for this live a brand new

3240

02:10:56,750 --> 02:10:55,260

subject to me and thanks to you yeah

3241

02:10:58,910 --> 02:10:56,760

it's it was new to me a couple of years

3242

02:11:00,830 --> 02:10:58,920

ago thank thanks to Grace who introduced

3243

02:11:03,709 --> 02:11:00,840

me to this work all right guys I'm gonna

3244

02:11:05,270 --> 02:11:03,719

go get a lot of stuff to do thanks for

3245

02:11:06,589 --> 02:11:05,280

watching thanks for the question sorry I

3246

02:11:08,689 --> 02:11:06,599

didn't get to all of them oh there's one

3247

02:11:10,430 --> 02:11:08,699

question somebody asked to replicate

3248

02:11:13,070 --> 02:11:10,440

this in another lab yeah that's that's

3249

02:11:15,290 --> 02:11:13,080

great but the problem is

3250

02:11:17,149 --> 02:11:15,300

somebody said you have two independent

3251

02:11:19,310 --> 02:11:17,159

Labs do the same experiment yeah that'd

3252

02:11:21,950 --> 02:11:19,320

be great but the problem is as Bill said

3253

02:11:24,890 --> 02:11:21,960

some of these experiments they cost 150

3254

02:11:26,510 --> 02:11:24,900

000 to 200 000. so even more so you have

3255

02:11:28,189 --> 02:11:26,520

to find Labs that are interested and

3256

02:11:31,550 --> 02:11:28,199

somebody who's willing to get that money

3257

02:11:33,589 --> 02:11:31,560

or raise that money not so easy

3258

02:11:35,629 --> 02:11:33,599

um so yeah that's the goal hopefully

3259

02:11:37,850 --> 02:11:35,639

there will be other people interested in
