

A man with short, graying hair and glasses is speaking into a professional microphone. He is wearing a dark suit jacket over a gray polo shirt. The background is slightly blurred, showing green foliage. The image is framed by dark, semi-transparent vertical bars on the left and right sides.

**for thousands of years,  
they haven't done anything**

1  
00:00:03,710 --> 00:00:01,550  
what do you think is going to happen to

2  
00:00:05,630 --> 00:00:03,720  
humanity hopefully we get the

3  
00:00:07,789 --> 00:00:05,640  
information to use that to our benefit

4  
00:00:10,129 --> 00:00:07,799  
and maybe we can even learn from them

5  
00:00:11,930 --> 00:00:10,139  
how not to have conflicts with each

6  
00:00:14,089 --> 00:00:11,940  
other Ronald Reagan had said you know

7  
00:00:16,550 --> 00:00:14,099  
what would happen if basically there was

8  
00:00:18,769 --> 00:00:16,560  
another entity out there that we all

9  
00:00:21,170 --> 00:00:18,779  
band together as a people come together

10  
00:00:23,510 --> 00:00:21,180  
and see that we are really one people

11  
00:00:25,070 --> 00:00:23,520  
against something else and this is the

12  
00:00:27,290 --> 00:00:25,080  
other thing that that people have been

13  
00:00:29,689 --> 00:00:27,300

saying well maybe this is some U.S

14

00:00:31,550 --> 00:00:29,699

government ploy to make everybody think

15

00:00:32,870 --> 00:00:31,560

that there is some type of force out

16

00:00:34,430 --> 00:00:32,880

there that we all have to be worried

17

00:00:36,049 --> 00:00:34,440

about well believe me these things have

18

00:00:37,310 --> 00:00:36,059

been coming for thousands of years they

19

00:00:39,049 --> 00:00:37,320

haven't done anything yet so why would

20

00:00:41,090 --> 00:00:39,059

they do something now if you want to

21

00:00:43,190 --> 00:00:41,100

stop a Dam from breaking you take care

22

00:00:45,470 --> 00:00:43,200

of it real early on you don't wait until

23

00:00:47,030 --> 00:00:45,480

there's a huge crack down the center and

24

00:00:48,770 --> 00:00:47,040

right now we have a huge crack down the

25

00:00:50,510 --> 00:00:48,780

center of this thing I think now the

26

00:00:52,130 --> 00:00:50,520

crack has opened up enough that people

27

00:00:53,930 --> 00:00:52,140

might start understanding it and
