4:43 39° TH & RING MONDAY NIGHT. POLICE BELIEVE THE SHO

1
00:00:04,340 --> 00:00:02,480
this video of some UFOs was actually

2
00:00:07,490 --> 00:00:04,350
very quickly identified as being a flock

3
00:00:09,320 --> 00:00:07,500
of seagulls but what about these strange

4
00:00:12,680 --> 00:00:09,330
trails well I've actually added the

5
00:00:14,839 --> 00:00:12,690
trails in the video as inset here let's

6
00:00:17,269 --> 00:00:14,849
have a closer look you can see that the

7
00:00:19,490 --> 00:00:17,279
two videos are almost identical once you

8
00:00:22,429 --> 00:00:19,500
add the trails the motion is very very

9
00:00:25,910 --> 00:00:22,439
similar is the original video of the

10
00:00:27,830 --> 00:00:25,920
seagulls circling over the courthouse

11
00:00:30,169 --> 00:00:27,840
you can see there are illuminated from

12
00:00:32,420 --> 00:00:30,179
the lights from below and if we zoom in

13
00:00:35,720 --> 00:00:32,430

we can see they actually are just just

14

00:00:37,520 --> 00:00:35,730

seagulls so why are the trails at all in

15

00:00:39,440 --> 00:00:37,530

this video well it's just a function of

16

00:00:42,650 --> 00:00:39,450

the traffic camera which is kind of

17

00:00:45,529 --> 00:00:42,660

overexposing for the city lights if we

18

00:00:47,959 --> 00:00:45,539

look at the traffic just above the Fox 6

19

00:00:49,279 --> 00:00:47,969

logo you'll see that the cars are
