1
00:00:04,770 --> 00:00:02,850
I was out in my backyard when I saw a

2
00:00:06,540 --> 00:00:04,780
mysterious flashing light hovering

3
00:00:09,509 --> 00:00:06,550
between two trees what could it possibly

4
00:00:11,129 --> 00:00:09,519
be if I only had a cell phone camera the

5
00:00:13,069 --> 00:00:11,139
mystery might never have been solved I

6
00:00:15,839 --> 00:00:13,079
might have summed in digitally perhaps

7
00:00:18,270 --> 00:00:15,849
enhanced the footage may be theorized

8
00:00:19,350 --> 00:00:18,280
about a few possible explanations and

9
00:00:22,770 --> 00:00:19,360
then decided it was an unidentified

10
00:00:24,660 --> 00:00:22,780
flying object luckily I had a bigger

11
00:00:27,240 --> 00:00:24,670
camera with a good zoom so I got closer

12
00:00:29,370 --> 00:00:27,250
I assumed all the way in but still a

13
00:00:32,850 --> 00:00:29,380

mystery was unresolved a flashing light

14

00:00:34,050 --> 00:00:32,860

hovering between the trees now you might

15

00:00:36,780 --> 00:00:34,060

have guess what this is because of the

16

00:00:38,370 --> 00:00:36,790

context but suppose the same thing that

17

00:00:40,140 --> 00:00:38,380

appeared while you were looking upwards

18

00:00:41,640 --> 00:00:40,150

against the backdrop of the sky

19

00:00:43,890 --> 00:00:41,650

you might have imagined it was something

20

00:00:47,220 --> 00:00:43,900

very different a mysterious flashing

21

00:00:48,930 --> 00:00:47,230

light high up in the sky but I finally

22

00:00:51,750 --> 00:00:48,940

got the focus right and the mystery was

23

00:00:53,639 --> 00:00:51,760

revealed it's a leaf dangling on some

24

00:00:56,700 --> 00:00:53,649

spider silk illuminated by the Setting

25

00:00:58,700 --> 00:00:56,710

Sun like all UFOs if you can zoom in

26

00:01:01,560 --> 00:00:58,710

close enough you can tell what it is but

27

00:01:03,120 --> 00:01:01,570

if I didn't have my big camera or if I

28

00:01:04,289 --> 00:01:03,130

didn't figure out the focus or if the

29

00:01:06,660 --> 00:01:04,299

spider weight snapped and the leaf

30

00:01:08,430 --> 00:01:06,670

vanished then it might forever have

31

00:01:11,789 --> 00:01:08,440

remained a mystery another piece of

32

00:01:14,760 --> 00:01:11,799

evidence in the UFO database but it was

33

00:01:17,190 --> 00:01:14,770

just a leaf unidentified does not mean

34

00:01:18,660 --> 00:01:17,200

aliens or advanced technology or even an

35

00:01:21,810 --> 00:01:18,670

aircraft it just means you can't
