

1
00:00:07,220 --> 00:00:03,919
this is a crappy video of a UFO that I

2
00:00:08,810 --> 00:00:07,230
saw the other night I was in the yard

3
00:00:11,720 --> 00:00:08,820
behind my house and I was looking

4
00:00:14,450 --> 00:00:11,730
towards the west and I saw this very

5
00:00:17,210 --> 00:00:14,460
bright light in the sky I thought at

6
00:00:19,880 --> 00:00:17,220
first it might be Venus but then I

7
00:00:22,849 --> 00:00:19,890
realized it was rising up in the air and

8
00:00:25,040 --> 00:00:22,859
so I got my when it went back inside got

9
00:00:28,220 --> 00:00:25,050
my phone my iPhone town and came back

10
00:00:31,040 --> 00:00:28,230
out and zoomed in as much as I could and

11
00:00:33,049 --> 00:00:31,050
this is what I saw this bright light off

12
00:00:36,049 --> 00:00:33,059
in the distance but way up above the

13
00:00:37,970 --> 00:00:36,059

horizon now I was kind kidding about it

14

00:00:42,200 --> 00:00:37,980

being a UFO what it actually is as a

15

00:00:44,660 --> 00:00:42,210

plane it is coming from San Francisco

16

00:00:46,639 --> 00:00:44,670

and it's flying towards me

17

00:00:47,959 --> 00:00:46,649

and the landing lights are on even

18

00:00:49,760 --> 00:00:47,969

though it's taking off the landing

19

00:00:51,350 --> 00:00:49,770

lights are on you can kind of see it

20

00:00:55,130 --> 00:00:51,360

when it gets in focus though you can see

21

00:00:56,420 --> 00:00:55,140

like a shape of some lights and most of

22

00:00:58,939 --> 00:00:56,430

the time though the phone can't manage

23

00:01:01,150 --> 00:00:58,949

to get it in focus and so it's it's out

24

00:01:04,340 --> 00:01:01,160

of focus and you just get this weird

25

00:01:06,920 --> 00:01:04,350

shimmering orb and from my perspective

26

00:01:10,760 --> 00:01:06,930

down on the ground it looked like a

27

00:01:12,800 --> 00:01:10,770

weird kind of UFO and and it's writing

28

00:01:15,410 --> 00:01:12,810

slowly in the air because it's flying

29

00:01:17,330 --> 00:01:15,420

more or less straight towards me now the

30

00:01:20,899 --> 00:01:17,340

reason I'm showing you this crappy video

31

00:01:22,399 --> 00:01:20,909

of a plane is that this is the type of

32

00:01:33,260 --> 00:01:22,409

thing that comes up quite often is

33

00:01:37,360 --> 00:01:33,270

here's an example I've moved and it's

34

00:01:47,210 --> 00:01:43,010

got a little birds coming um here's

35

00:01:58,149 --> 00:01:47,220

another example and see it's all the way

36

00:02:03,929 --> 00:02:00,490

maybe they have balloons attached to the

37

00:02:07,990 --> 00:02:03,939

flesh maybe that's what's going on and

38

00:02:09,490 --> 00:02:08,000

that's my plane here's the you listen to

39

00:02:11,650 --> 00:02:09,500

you guys you hear the sound of the plane

40

00:02:13,540 --> 00:02:11,660

I turn up the gain on the video that and

41

00:02:16,180 --> 00:02:13,550

here's the shape of the three lights of

42

00:02:19,990 --> 00:02:16,190

the landing lights so next time you see

43

00:02:23,500 --> 00:02:20,000

a bright light that looks like it's

44

00:02:25,120 --> 00:02:23,510

slowly rising up in the air and it

45

00:02:27,280 --> 00:02:25,130

initially it looks like it's not moving

46

00:02:31,630 --> 00:02:27,290

towards you but then it kind of seems to

47

00:02:33,490 --> 00:02:31,640

move towards you probably one of the

48

00:02:35,140 --> 00:02:33,500

more likely things that this very bright
