

**EXPLAINED!**

1  
00:00:04,220 --> 00:00:02,540  
scientists are baffled again when

2  
00:00:05,450 --> 00:00:04,230  
unexplained green light in the sky

3  
00:00:07,280 --> 00:00:05,460  
during a thunderstorm

4  
00:00:11,209 --> 00:00:07,290  
here it is magically appearing out of

5  
00:00:14,749 --> 00:00:11,219  
nowhere BAM now I was notified of this

6  
00:00:16,670 --> 00:00:14,759  
by UFO of interest who identified it as

7  
00:00:18,200 --> 00:00:16,680  
a water droplet on the camera lens and

8  
00:00:19,700 --> 00:00:18,210  
linked to some video and tagged me

9  
00:00:20,330 --> 00:00:19,710  
because I've done things like this

10  
00:00:22,910 --> 00:00:20,340  
before

11  
00:00:26,150 --> 00:00:22,920  
but is it actually a water drop on the

12  
00:00:27,710 --> 00:00:26,160  
camera lens up close you can I see yes

13  
00:00:29,419 --> 00:00:27,720

when the camera moves around you can see

14

00:00:32,479 --> 00:00:29,429

the light moving around and it kind of

15

00:00:34,729 --> 00:00:32,489

has that shape of a caustic so what I

16

00:00:36,830 --> 00:00:34,739

did was I got an iPhone I dropped a bit

17

00:00:38,780 --> 00:00:36,840

of water on the lens and shook it off so

18

00:00:42,470 --> 00:00:38,790

just had a small drop on and then I

19

00:00:45,319 --> 00:00:42,480

pointed it at a light in my garage and I

20

00:00:48,260 --> 00:00:45,329

got the same effect a weird looking

21

00:00:50,299 --> 00:00:48,270

light hovering over another light just

22

00:00:52,760 --> 00:00:50,309

like we see in the video so scientists

23

00:00:57,279 --> 00:00:52,770

need no longer be baffled because all it

24

00:01:01,939 --> 00:01:00,380

hi I'm Mick West and if you like that
