HIDDEN

1
00:00:05,059 --> 00:00:03,290
in this video a flat earther called dr.

2
00:00:06,889 --> 00:00:05,069
John shares his observations of the

3
00:00:09,530 --> 00:00:06,899
coastline from the southern English town

4
00:00:11,209 --> 00:00:09,540
of Worthing he correctly identifies some

5
00:00:12,709 --> 00:00:11,219
London acts along the way but then it

6
00:00:14,240 --> 00:00:12,719
all goes wrong when it claims to be able

7
00:00:17,410 --> 00:00:14,250
to see the cliffs of beachy head and

8
00:00:20,000 --> 00:00:17,420
then claims this disproves the globe a

9
00:00:22,189 --> 00:00:20,010
clue as to what he's doing wrong here is

10
00:00:24,560 --> 00:00:22,199
that beachy head looks like a little

11
00:00:27,740 --> 00:00:24,570
white dot where a Seaford head looks

12
00:00:29,390 --> 00:00:27,750
like giant White Cliffs this is odd

13
00:00:31,220 --> 00:00:29,400

because if the earth was flat then

14
00:00:33,950 --> 00:00:31,230
beachy head would also look like giant

15
00:00:36,590 --> 00:00:33,960
White Cliffs he also did some

16
00:00:38,090 --> 00:00:36,600
calculations showing that 92 meters of

17
00:00:40,100 --> 00:00:38,100
the cliff should be hidden behind the

18
00:00:45,580 --> 00:00:40,110
curve and hence he concludes he has

19
00:00:48,440 --> 00:00:45,590
disproven the globe all claim and wrong

20
00:00:50,090 --> 00:00:48,450
luckily he zoomed in enough on one shot

21
00:00:51,709 --> 00:00:50,100
that we can use this to fit the skyline

22
00:00:54,119 --> 00:00:51,719
to the actual view and see what's going

23
00:00:58,860 --> 00:00:56,639
he's actually seeing the cliff that's

24
00:01:00,930 --> 00:00:58,870
behind the lighthouse this cliff is a

25
00:01:03,029 --> 00:01:00,940
hundred and six meters high and a little

26
00:01:05,100 --> 00:01:03,039
further away but the top 10 meters will

27
00:01:08,249 --> 00:01:05,110
be visible as the white dot just like we

28
00:01:09,359 --> 00:01:08,259
see in dr. John's video so instead of

29
00:01:11,700 --> 00:01:09,369
disproving the globe
