

1
00:00:08,690 --> 00:00:05,059
welcome to tales from the rabbit hole

2
00:00:12,020 --> 00:00:08,700
I'm your host Mick West today's guest is

3
00:00:14,900 --> 00:00:12,030
Jim Lee Jim Lee is someone I've known of

4
00:00:16,070 --> 00:00:14,910
and talks to a few times online for

5
00:00:20,570 --> 00:00:16,080
several years

6
00:00:22,460 --> 00:00:20,580
Jim is or at least he used to be a very

7
00:00:26,029 --> 00:00:22,470
deep conspiracy theorist and that he

8
00:00:28,099 --> 00:00:26,039
believed in things like chemtrails and a

9
00:00:31,730 --> 00:00:28,109
bunch of the conspiracy theories now

10
00:00:33,770 --> 00:00:31,740
he's less so however he still subscribes

11
00:00:36,200 --> 00:00:33,780
to a version of the chemtrails

12
00:00:39,020 --> 00:00:36,210
conspiracy theory which is that there's

13
00:00:40,090 --> 00:00:39,030

some kind of secret geoengineering plot

14

00:00:43,340 --> 00:00:40,100

going on

15

00:00:45,500 --> 00:00:43,350

maybe not involving all the planes that

16

00:00:48,549 --> 00:00:45,510

we see overhead leaving trails but he

17

00:00:50,959 --> 00:00:48,559

thinks there's something going on he

18

00:00:52,910 --> 00:00:50,969

really doesn't believe the classical

19

00:00:56,750 --> 00:00:52,920

Kendra a conspiracy theory though when

20

00:00:58,369 --> 00:00:56,760

he kind of steers away from that and he

21

00:01:01,700 --> 00:00:58,379

actually he does a bit of debunking of

22

00:01:03,650 --> 00:01:01,710

things like that on his website and he

23

00:01:05,660 --> 00:01:03,660

does have a strong following though and

24

00:01:07,460 --> 00:01:05,670

his followers generally tend to be the

25

00:01:09,649 --> 00:01:07,470

people who believe in the classical

26

00:01:12,469 --> 00:01:09,659

chemtrails conspiracy theory so I kind

27

00:01:16,039 --> 00:01:12,479

of feel like perhaps mmm what he's doing

28

00:01:17,870 --> 00:01:16,049

might not be always working this is

29

00:01:20,980 --> 00:01:17,880

something that we talked about in the

30

00:01:24,469 --> 00:01:20,990

podcast so here he is Jim Lee

31

00:01:26,120 --> 00:01:24,479

I'm Jim Lee welcome to tales from the

32

00:01:29,240 --> 00:01:26,130

thank you for being here

33

00:01:30,980 --> 00:01:29,250

I appreciated me it's been a long time

34

00:01:33,219 --> 00:01:30,990

we've talked a couple times on the phone

35

00:01:37,069 --> 00:01:33,229

I've heckled you quite a bit on your

36

00:01:38,990 --> 00:01:37,079

forum and it's I'm really looking

37

00:01:41,569 --> 00:01:39,000

forward to this conversation yeah me too

38

00:01:43,550 --> 00:01:41,579

yeah I've actually known you well online

39

00:01:46,910 --> 00:01:43,560

for quite a long time because you've

40

00:01:50,690 --> 00:01:46,920

been active in the I guess the

41

00:01:52,160 --> 00:01:50,700

chemtrails sphere online is that kind of

42

00:01:54,260 --> 00:01:52,170

an accurate description of how you kind

43

00:01:55,789 --> 00:01:54,270

of yeah Howie

44

00:01:59,929 --> 00:01:55,799

how you got started in this type of

45

00:02:04,459 --> 00:01:59,939

thing I would agree with that so yeah I

46

00:02:07,370 --> 00:02:04,469

would say probably back in 2008 was

47

00:02:10,070 --> 00:02:07,380

about the time that I you know became

48

00:02:13,339 --> 00:02:10,080

interested in geoengineering and the

49

00:02:18,020 --> 00:02:13,349

topic and around 2010

50

00:02:21,289 --> 00:02:18,030

through 2014 I became a member of King

51
00:02:23,209 --> 00:02:21,299
calderas geo engineering group and did a

52
00:02:25,819 --> 00:02:23,219
little bit of debating in there with Ken

53
00:02:28,789 --> 00:02:25,829
caldera and Steven Salter and John

54
00:02:31,099 --> 00:02:28,799
Latham the guys from the Silver Lining

55
00:02:34,610 --> 00:02:31,109
project marine cloud brightening project

56
00:02:37,910 --> 00:02:34,620
and it's kind of funny how it evolved

57
00:02:39,979 --> 00:02:37,920
from yeah me having a serious discussion

58
00:02:43,819 --> 00:02:39,989
about the difference between weather

59
00:02:48,819 --> 00:02:43,829
modification of geoengineering to more

60
00:02:51,289 --> 00:02:48,829
of a focus on you know the the entire

61
00:02:55,039 --> 00:02:51,299
chemtrail debate because I see this

62
00:02:58,640 --> 00:02:55,049
major overlap where there's more of a

63
00:03:00,649 --> 00:02:58,650

focus on chemtrails and less of a focus

64

00:03:03,530 --> 00:03:00,659
on actual weather modification and

65

00:03:06,020 --> 00:03:03,540
geoengineering so that's how I initially

66

00:03:10,659 --> 00:03:06,030
got into the debate about you know

67

00:03:13,099 --> 00:03:10,669
chemtrails and you know the the at first

68

00:03:16,069 --> 00:03:13,109
you know I was inclined to believe

69

00:03:17,869 --> 00:03:16,079
everything you know I had a blog

70

00:03:22,189 --> 00:03:17,879
resonated calm

71

00:03:25,189 --> 00:03:22,199
I was anonymous and you know you rightly

72

00:03:30,740 --> 00:03:25,199
so pointed out a lot of the holes in my

73

00:03:33,319 --> 00:03:30,750
theories and you know basically my

74

00:03:37,240 --> 00:03:33,329
opinion on the entire chemtrail debate

75

00:03:41,089 --> 00:03:37,250
has evolved quite a bit over time and

76

00:03:44,180 --> 00:03:41,099

what I really see now as the problem is

77

00:03:47,089 --> 00:03:44,190

that it comes down to a lot of semantics

78

00:03:50,180 --> 00:03:47,099

that you know chemtrails being a

79

00:03:52,069 --> 00:03:50,190

high-level descriptor you did too a lot

80

00:03:54,020 --> 00:03:52,079

of people contrails or a high-level

81

00:03:55,280 --> 00:03:54,030

descriptor you know meaning that they

82

00:03:59,569 --> 00:03:55,290

have different meanings for different

83

00:04:01,490 --> 00:03:59,579

people you know you can't yeah it's not

84

00:04:03,979 --> 00:04:01,500

an apple or orange you know I mean if

85

00:04:05,149 --> 00:04:03,989

you say chemtrail it could mean many

86

00:04:07,879 --> 00:04:05,159

different things to many different

87

00:04:09,349 --> 00:04:07,889

people let's just real quick so just

88

00:04:11,270 --> 00:04:09,359

make sure everyone understands what

89

00:04:12,469 --> 00:04:11,280

you're talking about that because I'm

90

00:04:14,809 --> 00:04:12,479

not not everybody is going to be

91

00:04:18,560 --> 00:04:14,819

entirely familiar with even terms

92

00:04:20,360 --> 00:04:18,570

chemtrails and contrails so chemtrails

93

00:04:22,640 --> 00:04:20,370

are basically just the theory that the

94

00:04:24,730 --> 00:04:22,650

clouds that are left behind plane that

95

00:04:26,330 --> 00:04:24,740

the white trails left behind planes

96

00:04:28,700 --> 00:04:26,340

sometimes kind of

97

00:04:30,710 --> 00:04:28,710

deliberate spraying and as this whole

98

00:04:32,330 --> 00:04:30,720

conspiracy theory built up around this

99

00:04:34,850 --> 00:04:32,340

that suggests all kinds of different

100

00:04:37,310 --> 00:04:34,860

reasons why people you know the

101
00:04:38,780 --> 00:04:37,320
government might be spraying and one of

102
00:04:41,570 --> 00:04:38,790
those theories is what you mentioned

103
00:04:43,730 --> 00:04:41,580
which is geoengineering which is the

104
00:04:45,500 --> 00:04:43,740
idea that we can actually do things like

105
00:04:48,800 --> 00:04:45,510
spraying things into the atmosphere to

106
00:04:52,250 --> 00:04:48,810
modify the climate and so there's become

107
00:04:54,409 --> 00:04:52,260
this this major variant at the chemtrail

108
00:04:57,140 --> 00:04:54,419
theory is that there's a secret project

109
00:04:59,300 --> 00:04:57,150
going on to modify the climate via this

110
00:05:02,060 --> 00:04:59,310
covert geoengineering which they're

111
00:05:03,320 --> 00:05:02,070
performing secretly and that's you know

112
00:05:05,240 --> 00:05:03,330
something that you've obviously talked

113
00:05:08,379 --> 00:05:05,250

about in the past so I try to make sure

114

00:05:10,730 --> 00:05:08,389

like when we discuss things we we

115

00:05:12,490 --> 00:05:10,740

explain what we're talking about cuz you

116

00:05:15,740 --> 00:05:12,500

know you and I know all these things

117

00:05:18,500 --> 00:05:15,750

that sir not everybody is familiar with

118

00:05:23,050 --> 00:05:18,510

you know every little nuance anyway so

119

00:05:25,490 --> 00:05:23,060

you were saying so yeah like I said my

120

00:05:28,550 --> 00:05:25,500

views on the topic you've evolved

121

00:05:30,770 --> 00:05:28,560

obviously over time but what I see is

122

00:05:33,080 --> 00:05:30,780

the biggest problem is that you know

123

00:05:34,840 --> 00:05:33,090

while a lot of people attribute you know

124

00:05:36,140 --> 00:05:34,850

I don't follow the whole it's

125

00:05:39,409 --> 00:05:36,150

depopulation

126

00:05:42,650 --> 00:05:39,419

I don't follow the whole you know I do

127

00:05:45,110 --> 00:05:42,660

believe that it is geoengineering and I

128

00:05:48,800 --> 00:05:45,120

believe that because scientists have

129

00:05:51,230 --> 00:05:48,810

said so the difference being that you

130

00:05:55,210 --> 00:05:51,240

know chuck long from Noah's Sierra's

131

00:05:58,300 --> 00:05:55,220

Earth System research lab when he called

132

00:06:01,790 --> 00:05:58,310

aircraft contrails accidental

133

00:06:06,320 --> 00:06:01,800

geoengineering he was referring to

134

00:06:08,089 --> 00:06:06,330

planes whitening the sky and what he was

135

00:06:10,570 --> 00:06:08,099

actually referring to wasn't even the

136

00:06:14,060 --> 00:06:10,580

clouds you know which is kind of ironic

137

00:06:16,159 --> 00:06:14,070

you know most of the prominent chemtrail

138

00:06:17,560 --> 00:06:16,169

websites specifically called the clouds

139

00:06:20,650 --> 00:06:17,570

that are coming out of planes

140

00:06:24,610 --> 00:06:20,660

geoengineering whereas chuck long said

141

00:06:27,640 --> 00:06:24,620

you know ice haze is brightening the sky

142

00:06:30,230 --> 00:06:27,650

so he referred to this as accidental

143

00:06:32,990 --> 00:06:30,240

geoengineering and I seem to recall in

144

00:06:36,709 --> 00:06:33,000

the same after mentioned geoengineering

145

00:06:39,740 --> 00:06:36,719

group with King caldera you and Ken

146

00:06:41,360 --> 00:06:39,750

caldera debating what geoengineering

147

00:06:44,150 --> 00:06:41,370

would look like the average people do

148

00:06:45,560 --> 00:06:44,160

you remember that comment yeah cuz you

149

00:06:48,170 --> 00:06:45,570

know what we're talking about here is

150

00:06:50,270 --> 00:06:48,180

with the the whitening is that if you

151
00:06:53,090 --> 00:06:50,280
have more particulates in the air you

152
00:06:54,590 --> 00:06:53,100
get more more of the haze and this is

153
00:06:57,110 --> 00:06:54,600
this is the haze you can see very easily

154
00:06:59,450 --> 00:06:57,120
if you look straight up the sky looks a

155
00:07:01,520 --> 00:06:59,460
deep blue and if you look towards the

156
00:07:03,050 --> 00:07:01,530
horizon it looks white because you're

157
00:07:05,450 --> 00:07:03,060
looking through more particulates and

158
00:07:06,800 --> 00:07:05,460
the idea is that if there was some kind

159
00:07:09,950 --> 00:07:06,810
of geoengineering that was spraying

160
00:07:11,510 --> 00:07:09,960
stuff then it would look more whiter you

161
00:07:13,310 --> 00:07:11,520
would look when you look straight up it

162
00:07:16,280 --> 00:07:13,320
would look more like what you'd look

163
00:07:17,659 --> 00:07:16,290

like to Horizon and yet they did they

164

00:07:20,570 --> 00:07:17,669

done various studies I think like

165

00:07:23,770 --> 00:07:20,580

computer models on you know what it

166

00:07:26,090 --> 00:07:23,780

would look like and there would be a

167

00:07:28,430 --> 00:07:26,100

detectable difference I think but not

168

00:07:31,010 --> 00:07:28,440

one that's particularly noticeable given

169

00:07:33,500 --> 00:07:31,020

all the variations that we see in the

170

00:07:35,720 --> 00:07:33,510

sky from day to day a lot of people now

171

00:07:37,460 --> 00:07:35,730

they point at the actual sky now and

172

00:07:39,170 --> 00:07:37,470

they say that it looks whiter than it

173

00:07:40,840 --> 00:07:39,180

did before which you know may may well

174

00:07:42,830 --> 00:07:40,850

be possible because there's a lot more

175

00:07:46,310 --> 00:07:42,840

aviation and pollution than there was

176
00:07:50,090 --> 00:07:46,320
before that and that's exactly what I

177
00:07:53,690 --> 00:07:50,100
say you know and it's no secret that

178
00:07:57,140 --> 00:07:53,700
what I try to do is take people who

179
00:07:59,930 --> 00:07:57,150
believe in the conspiracy theory like I

180
00:08:02,030 --> 00:07:59,940
did that it was every single plane in

181
00:08:03,290 --> 00:08:02,040
the sky is part of some nefarious new

182
00:08:05,900 --> 00:08:03,300
engineering program

183
00:08:09,770 --> 00:08:05,910
and I don't believe that's possible you

184
00:08:12,800 --> 00:08:09,780
know I've focused on jet fuel what's in

185
00:08:15,770 --> 00:08:12,810
the jet fuel the you know soot and

186
00:08:18,500 --> 00:08:15,780
metals that are coming out how they form

187
00:08:21,909 --> 00:08:18,510
clouds what those clouds how they affect

188
00:08:25,130 --> 00:08:21,919

climate how they affect you know help

189

00:08:27,950 --> 00:08:25,140

you know I've really shifted my focus to

190

00:08:29,420 --> 00:08:27,960

that but I still hold out the contention

191

00:08:32,959 --> 00:08:29,430

that you know there is a possibility

192

00:08:38,180 --> 00:08:32,969

that secret geoengineering could occur

193

00:08:40,219 --> 00:08:38,190

and I base this on two main premises one

194

00:08:42,500 --> 00:08:40,229

that there have been two prominent

195

00:08:46,940 --> 00:08:42,510

geoengineering studies about you know

196

00:08:49,780 --> 00:08:46,950

that direct application via Airlines one

197

00:08:53,100 --> 00:08:49,790

by David Keith you know with the Aurora

198

00:08:56,310 --> 00:08:53,110

from Aerospace

199

00:08:58,590 --> 00:08:56,320

sciences and then one more recently and

200

00:09:01,350 --> 00:08:58,600

in both of those papers they said they

201
00:09:04,440 --> 00:09:01,360
only needed anywhere from four to it max

202
00:09:08,490 --> 00:09:04,450
a hundred planes the Geo engineer the

203
00:09:10,079 --> 00:09:08,500
planet so if that's true then when we

204
00:09:12,720 --> 00:09:10,089
have a hundred fifty thousand flights

205
00:09:14,040 --> 00:09:12,730
per day when we have at any given time

206
00:09:17,280 --> 00:09:14,050
over America

207
00:09:19,230 --> 00:09:17,290
five thousand flights it doesn't mean

208
00:09:21,000 --> 00:09:19,240
that every single flight would have to

209
00:09:24,389 --> 00:09:21,010
be part of some of the Feria scheme to

210
00:09:26,040 --> 00:09:24,399
geo engineer the planet and then the

211
00:09:29,220 --> 00:09:26,050
second point I would make is that

212
00:09:30,990 --> 00:09:29,230
history tends to repeat itself and what

213
00:09:34,560 --> 00:09:31,000

we what we've seen in the past is that

214

00:09:37,650 --> 00:09:34,570

the CIA henry kissinger the air force at

215

00:09:40,290 --> 00:09:37,660

wright-patterson and the US Navy at

216

00:09:42,509 --> 00:09:40,300

China Lake were involved in operation

217

00:09:45,350 --> 00:09:42,519

Popeye operation motor pool where they

218

00:09:48,300 --> 00:09:45,360

did weather warfare over Vietnam

219

00:09:50,490 --> 00:09:48,310

simultaneously the CIA was involved in

220

00:09:53,100 --> 00:09:50,500

project now blue where they were doing

221

00:09:56,190 --> 00:09:53,110

cloud seeding over the Gulf of Mexico to

222

00:09:59,550 --> 00:09:56,200

deny rainfall to Cuba to kill on

223

00:10:01,170 --> 00:09:59,560

Castro's sugar crops so then of course

224

00:10:07,620 --> 00:10:01,180

following that there was a weather

225

00:10:10,139 --> 00:10:07,630

warfare ban of 1978 in mod and you know

226

00:10:11,639 --> 00:10:10,149

since then there really hasn't been a

227

00:10:13,650 --> 00:10:11,649

lot of discussion in the public sphere

228

00:10:15,449 --> 00:10:13,660

at all about weather modification let

229

00:10:19,949 --> 00:10:15,459

alone the fact that weather warfare is

230

00:10:22,350 --> 00:10:19,959

possible there is no way to verify this

231

00:10:24,120 --> 00:10:22,360

was just as recent as the last weather

232

00:10:27,870 --> 00:10:24,130

modification conference I went to the

233

00:10:30,240 --> 00:10:27,880

one in 2018 and interviewed Raytheon US

234

00:10:32,400 --> 00:10:30,250

Naval Research Lab dr. Daniel Rosenfeld

235

00:10:34,949 --> 00:10:32,410

dr. William cotton he was part of

236

00:10:36,750 --> 00:10:34,959

project Stormfury I interviewed a lot of

237

00:10:40,800 --> 00:10:36,760

these climate scientist James Roger

238

00:10:43,639 --> 00:10:40,810

Fleming my hero and what you know

239

00:10:46,889 --> 00:10:43,649

basically what I got from that is that

240

00:10:50,850 --> 00:10:46,899

while all these technologies are you

241

00:10:54,720 --> 00:10:50,860

know in use while the CIA has a history

242

00:10:56,939 --> 00:10:54,730

of weather warfare the CIA also funded

243

00:11:00,740 --> 00:10:56,949

the National Academy of Sciences reports

244

00:11:05,910 --> 00:11:00,750

on climate intervention the one on CDR

245

00:11:07,079 --> 00:11:05,920

carbon capture and stratospheric aerosol

246

00:11:09,389 --> 00:11:07,089

injection

247

00:11:11,609 --> 00:11:09,399

that was funded by the CIA dr. Alan

248

00:11:14,399 --> 00:11:11,619

robock a Geo engineer said I got a call

249

00:11:16,919 --> 00:11:14,409

from the CIA asking if another country

250

00:11:19,439 --> 00:11:16,929

was controlling the weather over our

251
00:11:22,369 --> 00:11:19,449
country would we know it and he also

252
00:11:25,379 --> 00:11:22,379
stated at the same time I was wondering

253
00:11:26,879 --> 00:11:25,389
were they asking me if we were

254
00:11:28,979 --> 00:11:26,889
controlling the weather over another

255
00:11:31,139 --> 00:11:28,989
country would they know it well Diane

256
00:11:35,009 --> 00:11:31,149
Seidel at the weather modification

257
00:11:38,759 --> 00:11:35,019
conference said very clearly we cannot

258
00:11:43,529 --> 00:11:38,769
detect rogue geoengineering and for me

259
00:11:45,029 --> 00:11:43,539
that's a problem so let me just go into

260
00:11:47,759 --> 00:11:45,039
let me just stop you real there because

261
00:11:49,139 --> 00:11:47,769
I think you know you this is an issue

262
00:11:51,239 --> 00:11:49,149
that's come up before is that you're

263
00:11:53,849 --> 00:11:51,249

very fluidly shifted between two

264

00:11:56,579 --> 00:11:53,859

concepts the the idea of geoengineering

265

00:11:59,939 --> 00:11:56,589

which is climate modification and the

266

00:12:00,989 --> 00:11:59,949

idea of weather modification and I think

267

00:12:02,759 --> 00:12:00,999

a lot of people are familiar with

268

00:12:04,379 --> 00:12:02,769

weather modification in terms of cloud

269

00:12:06,019 --> 00:12:04,389

seeding a lot of things you mentioned

270

00:12:08,579 --> 00:12:06,029

there were just cloud seeding where

271

00:12:11,339 --> 00:12:08,589

things are sprayed into clouds to

272

00:12:14,219 --> 00:12:11,349

increase precipitation which is a very

273

00:12:15,599 --> 00:12:14,229

different thing from the stratospheric

274

00:12:17,189 --> 00:12:15,609

climate engineering that we're talking

275

00:12:20,129 --> 00:12:17,199

about which is about spraying things

276

00:12:21,749 --> 00:12:20,139

from planes are very high altitudes so

277

00:12:23,849 --> 00:12:21,759

see you're kind of jumping back and

278

00:12:26,849 --> 00:12:23,859

forth there are a lot between mentioning

279

00:12:29,129 --> 00:12:26,859

geoengineering and mentioning weather

280

00:12:31,109 --> 00:12:29,139

modification now I know some people

281

00:12:33,359 --> 00:12:31,119

would consider weather modification to

282

00:12:35,789 --> 00:12:33,369

be geoengineering but really it's a very

283

00:12:38,249 --> 00:12:35,799

very localized thing that's done on

284

00:12:40,679 --> 00:12:38,259

clouds like they do it here where we are

285

00:12:43,889 --> 00:12:40,689

in the mountains in the Sierras to

286

00:12:45,389 --> 00:12:43,899

increase the the snowpack but it's not

287

00:12:48,209 --> 00:12:45,399

climate energy it's not it's not

288

00:12:50,129 --> 00:12:48,219

Geoengineer I agree with you but here's

289

00:12:52,799 --> 00:12:50,139

here's the earth the rub and this is

290

00:12:56,399 --> 00:12:52,809

this is one of the if you go to Ken

291

00:12:59,999 --> 00:12:56,409

calderas forum to this day the second

292

00:13:01,679 --> 00:13:00,009

most viewed post on his entire forum is

293

00:13:03,019 --> 00:13:01,689

where I laid out the argument that we're

294

00:13:06,139 --> 00:13:03,029

talking about right now

295

00:13:10,109 --> 00:13:06,149

whereas weather modification is not

296

00:13:13,229 --> 00:13:10,119

geoengineering geoengineering is weather

297

00:13:17,599 --> 00:13:13,239

modification and this is confirmed by

298

00:13:20,280 --> 00:13:17,609

dr. Ben Kravitz by the several different

299

00:13:21,780 --> 00:13:20,290

geoengineering geomap

300

00:13:25,889 --> 00:13:21,790

many of the different of the

301
00:13:29,069 --> 00:13:25,899
international geoengineering what's

302
00:13:31,710 --> 00:13:29,079
called IgE a basically what they say is

303
00:13:34,290 --> 00:13:31,720
that if we were to do geoengineering

304
00:13:36,720 --> 00:13:34,300
that mimicking volcanoes will have the

305
00:13:39,930 --> 00:13:36,730
same effect that natural volcanoes have

306
00:13:42,509 --> 00:13:39,940
it will modify weather on a global scale

307
00:13:45,509 --> 00:13:42,519
then it will change rainfall patterns

308
00:13:46,680 --> 00:13:45,519
worldwide so they're 170 night that I

309
00:13:47,699 --> 00:13:46,690
mean that's an obvious thing if you

310
00:13:49,379 --> 00:13:47,709
change the climate

311
00:13:51,870 --> 00:13:49,389
it changes the weather because the

312
00:13:54,059 --> 00:13:51,880
weather is localized expressions of the

313
00:13:57,240 --> 00:13:54,069

climate but if you change that weather

314

00:13:59,519 --> 00:13:57,250

it doesn't change the climate so just

315

00:14:03,840 --> 00:13:59,529

you know saying that climate engineering

316

00:14:05,400 --> 00:14:03,850

is weather modification is kind of you

317

00:14:07,370 --> 00:14:05,410

know it's kind of a pointless statement

318

00:14:09,720 --> 00:14:07,380

I would argue and that's it's it's

319

00:14:10,829 --> 00:14:09,730

you're making a connection between these

320

00:14:12,210 --> 00:14:10,839

things where there really isn't a

321

00:14:14,249 --> 00:14:12,220

connection you're not doing weather

322

00:14:15,900 --> 00:14:14,259

modification when you're doing climate

323

00:14:18,480 --> 00:14:15,910

engineering you doing climate

324

00:14:19,920 --> 00:14:18,490

engineering which yes it will have

325

00:14:23,519 --> 00:14:19,930

effects because it's raising or lowering

326

00:14:25,889 --> 00:14:23,529

the temperature of the of the of the

327

00:14:27,540 --> 00:14:25,899

earth but it's not the same as weather

328

00:14:30,480 --> 00:14:27,550

modification and you I really would say

329

00:14:33,809 --> 00:14:30,490

you shouldn't be confusing people by

330

00:14:35,460 --> 00:14:33,819

equating the two things I thought I

331

00:14:39,090 --> 00:14:35,470

don't believe that I'm confusing people

332

00:14:41,400 --> 00:14:39,100

at all in fact dr. Alan robock said

333

00:14:44,240 --> 00:14:41,410

exactly the same thing so this isn't

334

00:14:47,699 --> 00:14:44,250

just coming from me dr. Alan robock

335

00:14:50,670 --> 00:14:47,709

geoengineering has 27 reasons not to Geo

336

00:14:53,280 --> 00:14:50,680

engineer said very clearly it will

337

00:14:56,850 --> 00:14:53,290

affect weather low will global rainfall

338

00:14:58,139 --> 00:14:56,860

patterns so yeah but nothing a way that

339

00:14:59,850 --> 00:14:58,149

they will actually understand I mean

340

00:15:03,509 --> 00:14:59,860

that's part of the problem that's that's

341

00:15:06,480 --> 00:15:03,519

the that's even worse yes it's identical

342

00:15:08,100 --> 00:15:06,490

to cloud seeding because according to

343

00:15:11,939 --> 00:15:08,110

the National Academy of Sciences report

344

00:15:15,150 --> 00:15:11,949

in 2004 I believe was or 2003 they said

345

00:15:17,639 --> 00:15:15,160

our view is the same as it was 60 years

346

00:15:19,319 --> 00:15:17,649

ago that with cloud seeding we don't

347

00:15:20,970 --> 00:15:19,329

know what the results are they are a

348

00:15:23,040 --> 00:15:20,980

completely unprovable there's no

349

00:15:25,350 --> 00:15:23,050

efficacy to the science of cloud seeding

350

00:15:26,819 --> 00:15:25,360

so the same is true of geoengineering

351

00:15:28,620 --> 00:15:26,829

and climate engineers well they said

352

00:15:30,179 --> 00:15:28,630

that cloud seeding item makes it rain a

353

00:15:31,470 --> 00:15:30,189

bit more or it doesn't make it rain a

354

00:15:33,179 --> 00:15:31,480

bit more it doesn't have that lots of

355

00:15:33,780 --> 00:15:33,189

side effects put them with climate

356

00:15:35,940 --> 00:15:33,790

engineering

357

00:15:37,680 --> 00:15:35,950

that you're modifying the temperature of

358

00:15:39,840 --> 00:15:37,690

the entire planet which has massive

359

00:15:41,820 --> 00:15:39,850

effects over the entire planet weather

360

00:15:44,100 --> 00:15:41,830

modification they just don't know if it

361

00:15:45,660 --> 00:15:44,110

works climate engineering we don't know

362

00:15:46,740 --> 00:15:45,670

if we're destroying the planet so I

363

00:15:50,520 --> 00:15:46,750

think it's quite a big difference sir

364

00:15:53,310 --> 00:15:50,530

yeah but and I agree with that and but

365

00:15:54,690 --> 00:15:53,320

at the same time you know like I said

366

00:15:57,360 --> 00:15:54,700

you can call there the difference

367

00:16:01,290 --> 00:15:57,370

between global warming or climate change

368

00:16:04,320 --> 00:16:01,300

and geoengineering is God killed people

369

00:16:08,000 --> 00:16:04,330

or you killed people and you know

370

00:16:11,250 --> 00:16:08,010

there's another argument on Ken's Forum

371

00:16:14,280 --> 00:16:11,260

SRM how to deal with the losers and they

372

00:16:16,530 --> 00:16:14,290

just clearly lay it out that you know as

373

00:16:17,100 --> 00:16:16,540

a result of geoengineering people will

374

00:16:19,440 --> 00:16:17,110

die

375

00:16:20,970 --> 00:16:19,450

how are we gonna pay for the losers and

376

00:16:23,280 --> 00:16:20,980

the reason they're gonna die is because

377

00:16:25,290 --> 00:16:23,290

the southern hemisphere will likely get

378

00:16:28,530 --> 00:16:25,300

drier and the northern hemisphere will

379

00:16:30,210 --> 00:16:28,540

get wetter so you know and they said

380

00:16:33,300 --> 00:16:30,220

weather you know people are gonna

381

00:16:36,330 --> 00:16:33,310

attribute these massive weather changes

382

00:16:38,940 --> 00:16:36,340

to climate engineering whether real or

383

00:16:40,770 --> 00:16:38,950

not and how are we gonna deal with that

384

00:16:43,950 --> 00:16:40,780

you know obviously the public relations

385

00:16:46,050 --> 00:16:43,960

side of that and you know how are we

386

00:16:48,030 --> 00:16:46,060

gonna pay for the dead people so that's

387

00:16:49,920 --> 00:16:48,040

what geoengineering governance is all

388

00:16:52,350 --> 00:16:49,930

about and that's why I've been you know

389

00:16:54,240 --> 00:16:52,360

very fervent about being in this debate

390

00:16:57,270 --> 00:16:54,250

about geoengineering and weather

391

00:16:59,280 --> 00:16:57,280

modification because the - I believe

392

00:17:02,280 --> 00:16:59,290

coming you know good Cowan there they

393

00:17:03,660 --> 00:17:02,290

coincide they go hand-in-hand and I'll

394

00:17:05,910 --> 00:17:03,670

throw this other one at you you know

395

00:17:07,920 --> 00:17:05,920

that the Indian Space organization just

396

00:17:10,920 --> 00:17:07,930

recently said they found black carbon

397

00:17:14,520 --> 00:17:10,930

from aircraft emissions it's the only

398

00:17:17,360 --> 00:17:14,530

possible source of it at 18 kilometres

399

00:17:21,270 --> 00:17:17,370

in the sky which is in the stratosphere

400

00:17:23,250 --> 00:17:21,280

so what they're basically saying is the

401
00:17:26,430 --> 00:17:23,260
indian space organization said that

402
00:17:29,160 --> 00:17:26,440
airline traffic the exhaust coming out

403
00:17:32,220 --> 00:17:29,170
airlines are affecting their monsoons

404
00:17:34,740 --> 00:17:32,230
destroying the ozone layer and you know

405
00:17:37,590 --> 00:17:34,750
causing other problems and this is

406
00:17:40,530 --> 00:17:37,600
directly attributable to the black

407
00:17:42,570 --> 00:17:40,540
carbon so part of it is you know because

408
00:17:46,380 --> 00:17:42,580
of the Himalayas you know the mountains

409
00:17:48,030 --> 00:17:46,390
and the updraft that basically updraft

410
00:17:51,120 --> 00:17:48,040
is carrying

411
00:17:54,680 --> 00:17:51,130
this material into the stratosphere so

412
00:17:57,330 --> 00:17:54,690
aircraft aircraft pollution is being

413
00:17:59,910 --> 00:17:57,340

raised into the stratosphere well what's

414

00:18:02,880 --> 00:17:59,920

in that aircraft pollution it is carbon

415

00:18:07,800 --> 00:18:02,890

black dust it's suit the suit is filled

416

00:18:11,120 --> 00:18:07,810

with metals and wrapped in sulfur so is

417

00:18:14,070 --> 00:18:11,130

that stratospheric sulfur injection

418

00:18:16,470 --> 00:18:14,080

intentional or unintentional it is it's

419

00:18:18,930 --> 00:18:16,480

it's sulfur being injected into the

420

00:18:21,060 --> 00:18:18,940

stratosphere Chuck long says the sky's

421

00:18:24,780 --> 00:18:21,070

getting whiter we're doing accidental

422

00:18:27,240 --> 00:18:24,790

geoengineering MIT just recently had an

423

00:18:30,030 --> 00:18:27,250

article we're about to stop and a

424

00:18:31,710 --> 00:18:30,040

massive accidental experiment in cooling

425

00:18:36,780 --> 00:18:31,720

the planet and they were referring to

426

00:18:40,290 --> 00:18:36,790

ship tracks same idea its chemtrails but

427

00:18:43,710 --> 00:18:40,300

you know 50 miles wide and thousands of

428

00:18:46,550 --> 00:18:43,720

miles long marine stratocumulus so the

429

00:18:49,170 --> 00:18:46,560

idea that you know this isn't

430

00:18:51,510 --> 00:18:49,180

geoengineering is no longer an issue

431

00:18:55,680 --> 00:18:51,520

they they call it accidental

432

00:18:57,330 --> 00:18:55,690

geoengineering well they call a carbon

433

00:18:59,100 --> 00:18:57,340

dioxide emissions accidental

434

00:19:01,260 --> 00:18:59,110

geoengineering as well anything that

435

00:19:03,540 --> 00:19:01,270

humans do that affects the planet can be

436

00:19:05,160 --> 00:19:03,550

called accidental geoengineering you

437

00:19:06,780 --> 00:19:05,170

could say the heat island effect of

438

00:19:09,540 --> 00:19:06,790

cities because you've got all this black

439

00:19:11,370 --> 00:19:09,550

asphalt absorbing the Sun is essentially

440

00:19:12,420 --> 00:19:11,380

a form of geoengineering I just want to

441

00:19:14,670 --> 00:19:12,430

go back to one thing you mentioned

442

00:19:16,200 --> 00:19:14,680

earlier about saying that geoengineering

443

00:19:18,060 --> 00:19:16,210

will kill people and yeah this is

444

00:19:20,550 --> 00:19:18,070

something yet people have I've talked

445

00:19:23,100 --> 00:19:20,560

about if we do geoengineering there will

446

00:19:25,100 --> 00:19:23,110

be winners and losers but the idea of

447

00:19:28,770 --> 00:19:25,110

geoengineering is that there would be

448

00:19:32,580 --> 00:19:28,780

less enosis and there if we didn't do it

449

00:19:35,130 --> 00:19:32,590

and that we're trying to the idea is to

450

00:19:37,770 --> 00:19:35,140

avert some kind of catastrophic change

451
00:19:40,050 --> 00:19:37,780
in the environment that would require a

452
00:19:42,270 --> 00:19:40,060
massive readjustment of society which

453
00:19:44,220 --> 00:19:42,280
would require not require but it would

454
00:19:46,080 --> 00:19:44,230
result in more deaths

455
00:19:48,570 --> 00:19:46,090
you know if suddenly all the crops

456
00:19:50,010 --> 00:19:48,580
failed by the natural means then yeah so

457
00:19:51,780 --> 00:19:50,020
it's not like we're trying to decide

458
00:19:54,330 --> 00:19:51,790
whether or not to kill all these people

459
00:19:56,130 --> 00:19:54,340
it's kind of like you probably familiar

460
00:19:58,590 --> 00:19:56,140
with the trolley problem which is a

461
00:20:01,170 --> 00:19:58,600
philosophy problem yeah that's a runaway

462
00:20:01,769 --> 00:20:01,180
trolley and yeah there's there's five

463
00:20:04,049 --> 00:20:01,779

people on

464

00:20:05,519 --> 00:20:04,059

ahead of you but you could go it off to

465

00:20:07,169 --> 00:20:05,529

another branch of the line you can

466

00:20:09,629 --> 00:20:07,179

redirect it where there's only like two

467

00:20:11,430 --> 00:20:09,639

people like do you pull the laser that's

468

00:20:13,349 --> 00:20:11,440

your mom but that's your mom and dad so

469

00:20:16,560 --> 00:20:13,359

make a choice yeah but even if it's not

470

00:20:18,989 --> 00:20:16,570

that if it's strangest people have a lot

471

00:20:21,089 --> 00:20:18,999

of difficulty with making a decision to

472

00:20:22,830 --> 00:20:21,099

kill people the people would rather let

473

00:20:24,899 --> 00:20:22,840

you know nature thing this case of

474

00:20:26,519 --> 00:20:24,909

runaway trolley take its course and

475

00:20:28,499 --> 00:20:26,529

there's you know people don't experience

476

00:20:30,479 --> 00:20:28,509

where this is kind of fun not fun that's

477

00:20:32,969 --> 00:20:30,489

it's a very interesting thing to study

478

00:20:34,619 --> 00:20:32,979

what people's reactions are to this so I

479

00:20:36,749 --> 00:20:34,629

can see you know with the gon

480

00:20:38,579 --> 00:20:36,759

geoengineering thing I David Keith said

481

00:20:42,149 --> 00:20:38,589

yes ten doubt tens of thousand of people

482

00:20:44,099 --> 00:20:42,159

will die because of this but you know he

483

00:20:45,779 --> 00:20:44,109

also doesn't really mention that the

484

00:20:47,329 --> 00:20:45,789

idea is that hundreds of thousands or

485

00:20:49,799 --> 00:20:47,339

even millions of people will not die

486

00:20:51,749 --> 00:20:49,809

because of it but you have to pull the

487

00:20:54,869 --> 00:20:51,759

trigger and you to you know choosing

488

00:20:56,339 --> 00:20:54,879

some people rather than other so I just

489

00:20:58,889 --> 00:20:56,349

want to clear up that it's not that with

490

00:21:02,609 --> 00:20:58,899

we're going to kill lots of people just

491

00:21:03,899 --> 00:21:02,619

for some technological reason yes to

492

00:21:06,180 --> 00:21:03,909

stop other people don't

493

00:21:08,369 --> 00:21:06,190

well let's define what you're talking

494

00:21:11,039 --> 00:21:08,379

about so that this is what's called the

495

00:21:14,609 --> 00:21:11,049

clathrate gun hypothesis you're familiar

496

00:21:18,259 --> 00:21:14,619

with that correct well you remind me

497

00:21:22,109 --> 00:21:18,269

because I'm sure okay so so basically

498

00:21:25,589 --> 00:21:22,119

they dug into the ice cores and then at

499

00:21:27,719 --> 00:21:25,599

the poles and they basically dug down to

500

00:21:29,909 --> 00:21:27,729

where they say the dinosaurs are and

501
00:21:32,579 --> 00:21:29,919
they look at and they say right here we

502
00:21:36,419 --> 00:21:32,589
have dinosaur farts and that's a lot of

503
00:21:39,450 --> 00:21:36,429
co2 followed by a massive increase in

504
00:21:42,149 --> 00:21:39,460
methane so the theory behind the

505
00:21:45,440 --> 00:21:42,159
clathrate gun hypothesis or runaway

506
00:21:48,389 --> 00:21:45,450
global warming is that dinosaur farts

507
00:21:51,719 --> 00:21:48,399
melted methane clathrates

508
00:21:53,879 --> 00:21:51,729
or frozen methane which then vented into

509
00:21:57,149 --> 00:21:53,889
the atmosphere and caused runaway global

510
00:22:00,389 --> 00:21:57,159
warming which killed the dinosaurs this

511
00:22:03,919 --> 00:22:00,399
is what the modern new science behind

512
00:22:08,129 --> 00:22:03,929
the runaway global warming effect is

513
00:22:10,619 --> 00:22:08,139

based on is that right now they say we

514

00:22:13,829 --> 00:22:10,629

have methane clathrates that are venting

515

00:22:14,760 --> 00:22:13,839

that the Arctic methane emergency group

516

00:22:18,680 --> 00:22:14,770

says

517

00:22:21,450 --> 00:22:18,690

that because of co2 you know that it's

518

00:22:23,460 --> 00:22:21,460

melting these methane deposits and at

519

00:22:26,120 --> 00:22:23,470

any moment we could have run away global

520

00:22:28,290 --> 00:22:26,130

warming therefore we should geo engineer

521

00:22:30,480 --> 00:22:28,300

there for it you know

522

00:22:32,549 --> 00:22:30,490

Deo sees of the world and you know

523

00:22:34,470 --> 00:22:32,559

individuals like that that are saying we

524

00:22:37,380 --> 00:22:34,480

only have 12 years to live I mean they

525

00:22:38,910 --> 00:22:37,390

it's it's so outrageous that's not

526

00:22:41,130 --> 00:22:38,920

really a mainstream not really a

527

00:22:43,799 --> 00:22:41,140

mainstream view the the the Arctic

528

00:22:45,960 --> 00:22:43,809

methane emergency group I'm sure you see

529

00:22:48,290 --> 00:22:45,970

it whenever it comes up on the the

530

00:22:49,980 --> 00:22:48,300

geoengineering group on on Google Groups

531

00:22:53,760 --> 00:22:49,990

people don't really take them that

532

00:22:56,130 --> 00:22:53,770

seriously people look at things like the

533

00:22:58,169 --> 00:22:56,140

methane melting and yeah but they

534

00:23:00,000 --> 00:22:58,179

usually talk about in terms of for like

535

00:23:01,230 --> 00:23:00,010

a hundred years but some people are

536

00:23:02,700 --> 00:23:01,240

saying like he's gonna happen in the

537

00:23:05,880 --> 00:23:02,710

next decade and that we're all going to

538

00:23:07,890 --> 00:23:05,890

die and you know I don't really think

539

00:23:10,020 --> 00:23:07,900

it's the mainstream you amongst the

540

00:23:15,900 --> 00:23:10,030

climate scientists that we're all gonna

541

00:23:17,700 --> 00:23:15,910

die yeah yes so well I mean I I agree

542

00:23:21,240 --> 00:23:17,710

with you on that

543

00:23:24,120 --> 00:23:21,250

in fact when I brought up the the

544

00:23:27,630 --> 00:23:24,130

clathrate gun hypothesis and a an Arctic

545

00:23:29,640 --> 00:23:27,640

methane emergency group I brought up the

546

00:23:32,940 --> 00:23:29,650

fact that they were talking about Ken

547

00:23:35,280 --> 00:23:32,950

caldera on their website and can't

548

00:23:37,710 --> 00:23:35,290

immediately ran to the forum and said I

549

00:23:39,690 --> 00:23:37,720

disavowed John Neeson and I have nothing

550

00:23:41,340 --> 00:23:39,700

to do with ARC to commit hemorrhoids

551
00:23:43,560 --> 00:23:41,350
group and I want to be they should

552
00:23:45,419 --> 00:23:43,570
remove me immediately from it so I

553
00:23:47,400 --> 00:23:45,429
understand there's infighting there I

554
00:23:49,860 --> 00:23:47,410
understand there's not full agreement on

555
00:23:52,530 --> 00:23:49,870
that topic and I understand that this

556
00:23:54,780 --> 00:23:52,540
originally you know the whole co2 idea

557
00:24:00,049 --> 00:23:54,790
came from what was called the calendar

558
00:24:04,790 --> 00:24:00,059
effect you know back in the early 1930s

559
00:24:09,450 --> 00:24:04,800
and yeah that but but but I maintain

560
00:24:10,110 --> 00:24:09,460
that you know even though guys Stewart

561
00:24:14,820 --> 00:24:10,120
Callendar

562
00:24:17,430 --> 00:24:14,830
you basically formed this idea behind

563
00:24:20,700 --> 00:24:17,440

co2 and global warming anthropogenic

564

00:24:23,310 --> 00:24:20,710

global warming that the climate models

565

00:24:24,930 --> 00:24:23,320

that they're using they they don't have

566

00:24:26,850 --> 00:24:24,940

enough information to make the kind of

567

00:24:28,950 --> 00:24:26,860

determinations they're making but even

568

00:24:32,100 --> 00:24:28,960

the geoengineering

569

00:24:35,220 --> 00:24:32,110

model and container comparison program

570

00:24:36,690 --> 00:24:35,230

GM if that they don't have enough

571

00:24:38,760 --> 00:24:36,700

information to make the kind of

572

00:24:40,890 --> 00:24:38,770

predictions that they're making that you

573

00:24:44,130 --> 00:24:40,900

that basically they're playing with fire

574

00:24:46,920 --> 00:24:44,140

they're using insufficient statistics to

575

00:24:49,680 --> 00:24:46,930

base all this on and they're not taking

576
00:24:53,510 --> 00:24:49,690
into account you know so many factors

577
00:24:57,000 --> 00:24:53,520
like solar cycles galactic cosmic rays

578
00:24:59,640 --> 00:24:57,010
aerosols aerosol cloud interactions the

579
00:25:01,770 --> 00:24:59,650
greatest unknown in climate science so

580
00:25:03,090 --> 00:25:01,780
why we write what they do it then why

581
00:25:04,740 --> 00:25:03,100
would they be having a secret

582
00:25:07,620 --> 00:25:04,750
geoengineering program if they don't

583
00:25:10,650 --> 00:25:07,630
know if it works or not well because the

584
00:25:13,050 --> 00:25:10,660
CIA has stated in the in the Defense

585
00:25:15,300 --> 00:25:13,060
Department has stated in at least 20

586
00:25:19,170 --> 00:25:15,310
documents that I've been able to accrue

587
00:25:22,770 --> 00:25:19,180
that climate change is a national you

588
00:25:24,900 --> 00:25:22,780

know Strategic Defense problem yeah why

589

00:25:26,360 --> 00:25:24,910

then would they take the risk of making

590

00:25:30,270 --> 00:25:26,370

it worse

591

00:25:32,340 --> 00:25:30,280

well it they look at the history of the

592

00:25:35,640 --> 00:25:32,350

military I mean we got the Westford

593

00:25:36,960 --> 00:25:35,650

needles do I really need to say more you

594

00:25:40,080 --> 00:25:36,970

told me take up no one's have a hood at

595

00:25:41,730 --> 00:25:40,090

the West but needle is very much spray

596

00:25:42,710 --> 00:25:41,740

needles into space to change the

597

00:25:45,960 --> 00:25:42,720

ionosphere

598

00:25:49,860 --> 00:25:45,970

yeah they basically wanted to create a

599

00:25:51,870 --> 00:25:49,870

artificial ionosphere and the

600

00:25:55,620 --> 00:25:51,880

interesting point about this is just

601
00:25:59,040 --> 00:25:55,630
before that 1958 am garage key and

602
00:26:01,920 --> 00:25:59,050
another Russian individual said we could

603
00:26:07,980 --> 00:26:01,930
put metallic particles into space and

604
00:26:11,490 --> 00:26:07,990
melt the poles Carol Livingston Riker

605
00:26:13,920 --> 00:26:11,500
in 1921 said we could reroute the Gulf

606
00:26:15,300 --> 00:26:13,930
Stream to make it flow into the Arctic

607
00:26:17,790 --> 00:26:15,310
and melt with noodles they would

608
00:26:22,710 --> 00:26:17,800
actually try suffre yeah the nice thing

609
00:26:24,510 --> 00:26:22,720
was for radio radio communications

610
00:26:27,840 --> 00:26:24,520
basically they were trying to make a

611
00:26:29,430 --> 00:26:27,850
reflective thing was that yes the idea

612
00:26:31,530 --> 00:26:29,440
behind the westward needle and trying to

613
00:26:35,160 --> 00:26:31,540

affect the weather it's coincidental

614

00:26:38,580 --> 00:26:35,170

that for at least 50 years up to that

615

00:26:41,370 --> 00:26:38,590

point in major publications atomized the

616

00:26:42,659 --> 00:26:41,380

Arctic there are many many different

617

00:26:45,989 --> 00:26:42,669

people you know

618

00:26:48,899 --> 00:26:45,999

UNESCO that was booked Huxley said that

619

00:26:51,989 --> 00:26:48,909

let's atomized the Arctic you know for

620

00:26:54,869 --> 00:26:51,999

50 years there the entire rave was the

621

00:26:56,639 --> 00:26:54,879

discussion of melting the poles I don't

622

00:26:59,310 --> 00:26:56,649

think anybody thinks that's a good idea

623

00:27:01,320 --> 00:26:59,320

now I mean can you've talked to all

624

00:27:03,629 --> 00:27:01,330

these scientists welcome but actually

625

00:27:06,299 --> 00:27:03,639

and I get melting the outside up with

626

00:27:09,149 --> 00:27:06,309

the answer yes it's it's still a very

627

00:27:11,220 --> 00:27:09,159

real thing but then that bracelet levels

628

00:27:14,249 --> 00:27:11,230

rather roll up they don't they don't

629

00:27:16,799 --> 00:27:14,259

care I think yeah I think they care well

630

00:27:19,320 --> 00:27:16,809

I think I think it's more about I think

631

00:27:21,539 --> 00:27:19,330

it's more of a tug of war you have the

632

00:27:23,460 --> 00:27:21,549

oil industry on the one hand which is

633

00:27:26,970 --> 00:27:23,470

damn been determined to get to the

634

00:27:30,239 --> 00:27:26,980

resources under that ice if you think

635

00:27:32,909 --> 00:27:30,249

the new you can do this available want

636

00:27:34,919 --> 00:27:32,919

to melt Antarctica so if they can get

637

00:27:39,389 --> 00:27:34,929

more oil at the same time they're going

638

00:27:42,029 --> 00:27:39,399

to destroy New York well I mean if you

639

00:27:43,680 --> 00:27:42,039

look at disaster capitalism that's the

640

00:27:45,869 --> 00:27:43,690

way things always work do you think that

641

00:27:48,029 --> 00:27:45,879

the fracking industry cares about you

642

00:27:49,710 --> 00:27:48,039

know putting poison into aquifers I

643

00:27:52,379 --> 00:27:49,720

think that's not just care about New

644

00:27:54,979 --> 00:27:52,389

York and Florida and that's where I live

645

00:27:57,840 --> 00:27:54,989

Sacramento they don't get underwater to

646

00:27:58,470 --> 00:27:57,850

really do that and that's why I say it's

647

00:28:00,450 --> 00:27:58,480

a tug of war

648

00:28:02,099 --> 00:28:00,460

I mean it's the one yeah it's pretty

649

00:28:03,899 --> 00:28:02,109

extreme what you're suggesting here this

650

00:28:06,659 --> 00:28:03,909

is suggesting my brother

651

00:28:09,299 --> 00:28:06,669

think I don't think it's extreme at all

652

00:28:10,979 --> 00:28:09,309

in in fact when when you look at what's

653

00:28:13,680 --> 00:28:10,989

going on I mean would just take the

654

00:28:16,499 --> 00:28:13,690

airline industry for example on the one

655

00:28:19,289 --> 00:28:16,509

hand I've got 35 documents talking about

656

00:28:23,930 --> 00:28:19,299

adding fuels on fuel so sulfur content

657

00:28:26,849 --> 00:28:23,940

to airline jet fuel to cool the planet

658

00:28:29,519 --> 00:28:26,859

biofuels for contrail control they're

659

00:28:32,430 --> 00:28:29,529

doing that access flights 1 & 2 the nd

660

00:28:36,269 --> 00:28:32,440

max flights now with Germany's DLR NASA

661

00:28:38,190 --> 00:28:36,279

and in the rest and they're talking

662

00:28:40,320 --> 00:28:38,200

about you know taking accidental

663

00:28:43,139 --> 00:28:40,330

geoengineering from aircraft and turning

664

00:28:47,399 --> 00:28:43,149

it into cooling clouds Ulrich Schumann

665

00:28:50,759 --> 00:28:47,409

at the ICAO colloquium on contrail

666

00:28:54,529 --> 00:28:50,769

mitigation he said we want less warming

667

00:28:56,610 --> 00:28:54,539

more cooling contrails predictable for

668

00:29:00,630 --> 00:28:56,620

operational control

669

00:29:03,630 --> 00:29:00,640

when I look a good idea yeah okay to you

670

00:29:05,220 --> 00:29:03,640

it does and when i spoke to dr. ranga

671

00:29:07,230 --> 00:29:05,230

say how authority from the aviation

672

00:29:07,860 --> 00:29:07,240

climate change research initiative at

673

00:29:12,899 --> 00:29:07,870

the faa

674

00:29:15,990 --> 00:29:12,909

i interviewed him you remember he said

675

00:29:20,820 --> 00:29:16,000

we want more contrail induce cirrus

676

00:29:23,820 --> 00:29:20,830

clouds by day and nun by night and to

677

00:29:27,120 --> 00:29:23,830

just put a you know a coating on the

678

00:29:30,570 --> 00:29:27,130

whole thing you know then there was the

679

00:29:32,940 --> 00:29:30,580

idea of cocktail geoengineering cut out

680

00:29:35,940 --> 00:29:32,950

by ken caldera and company and what they

681

00:29:39,750 --> 00:29:35,950

said was if we could use cirrus cloud

682

00:29:42,930 --> 00:29:39,760

thinning in the arctic and still create

683

00:29:45,690 --> 00:29:42,940

clouds by day and do them in certain

684

00:29:49,560 --> 00:29:45,700

targeted locations then we could cool

685

00:29:54,289 --> 00:29:49,570

the planet by a cocktail geoengineering

686

00:29:57,750 --> 00:29:54,299

so what was accidental geoengineering is

687

00:30:00,659 --> 00:29:57,760

now becoming an active experiment with

688

00:30:02,430 --> 00:30:00,669

just the contrails and this is a fact

689

00:30:04,110 --> 00:30:02,440

well i think you say it's an an active

690

00:30:06,659 --> 00:30:04,120

experiment which kind of implies that

691

00:30:08,450 --> 00:30:06,669

they're actually doing something rather

692

00:30:11,639 --> 00:30:08,460

than just simply studying the effects of

693

00:30:14,940 --> 00:30:11,649

of contrails no and i don't think is

694

00:30:16,560 --> 00:30:14,950

actually trying to shift contrails more

695

00:30:20,340 --> 00:30:16,570

toward tonight i mean the idea here is

696

00:30:22,470 --> 00:30:20,350

that at night and so away from Nyjah at

697

00:30:24,299 --> 00:30:22,480

night time clouds act as an insulating

698

00:30:26,159 --> 00:30:24,309

blanket and keep warm then and in the

699

00:30:28,950 --> 00:30:26,169

daytime they reflect the sun's rays and

700

00:30:30,450 --> 00:30:28,960

they essentially make things cooler so

701
00:30:33,000 --> 00:30:30,460
the idea is you would have more

702
00:30:34,950 --> 00:30:33,010
contrails at night necessary in the day

703
00:30:36,950 --> 00:30:34,960
and that would cool the planet but

704
00:30:39,659 --> 00:30:36,960
you're you're saying that's an active

705
00:30:41,460 --> 00:30:39,669
experiment but no one's actually doing

706
00:30:43,529 --> 00:30:41,470
anything with that other one studying

707
00:30:47,549 --> 00:30:43,539
the effects of things to see what

708
00:30:49,230 --> 00:30:47,559
happened um well I mean let's just look

709
00:30:51,330 --> 00:30:49,240
at the way things are going what the

710
00:30:53,940 --> 00:30:51,340
what the stated purposes of these

711
00:30:56,789 --> 00:30:53,950
experiments are I mean the article

712
00:30:59,610 --> 00:30:56,799
originally was 2013 biofuels for

713
00:31:02,340 --> 00:30:59,620

contrail control they've done access one

714

00:31:06,990 --> 00:31:02,350

and two aviation cruise control and

715

00:31:09,180 --> 00:31:07,000

cruise effects of alternative aviation

716

00:31:13,080 --> 00:31:09,190

fuel I mean the idea is

717

00:31:15,960 --> 00:31:13,090

they are you when I've got 20 papers

718

00:31:18,540 --> 00:31:15,970

that say let's add fuel sulfur to the

719

00:31:21,240 --> 00:31:18,550

you know add sulfur to the jet fuel to

720

00:31:25,050 --> 00:31:21,250

cool the plane and then in the access

721

00:31:27,210 --> 00:31:25,060

flights they tested a biofuel a 50-50

722

00:31:29,940 --> 00:31:27,220

mix of biofuel which is called a drop in

723

00:31:34,410 --> 00:31:29,950

fuel so it's biofuel and jp-8 and then

724

00:31:36,450 --> 00:31:34,420

they tested jp-8 doped with sulfur and i

725

00:31:39,030 --> 00:31:36,460

asked dr. rang say health or yesterday

726

00:31:40,650 --> 00:31:39,040

why were you guys testing the jp-8 doped

727

00:31:42,870 --> 00:31:40,660

with sulfur you would not give me a

728

00:31:46,140 --> 00:31:42,880

straight answer and the answer is very

729

00:31:48,120 --> 00:31:46,150

simple that they know that sulfur has a

730

00:31:50,640 --> 00:31:48,130

cooling effect and then if they could

731

00:31:52,800 --> 00:31:50,650

increase the fuel sulfur content of jet

732

00:31:55,620 --> 00:31:52,810

fuel that it would cool the planet

733

00:31:57,480 --> 00:31:55,630

that's their theory which is no

734

00:31:59,610 --> 00:31:57,490

different than David Keyes theory or

735

00:32:02,580 --> 00:31:59,620

King called their theory about you know

736

00:32:04,200 --> 00:32:02,590

stratospheric sulfur injections that if

737

00:32:07,020 --> 00:32:04,210

they could put enough sulfur up there

738

00:32:11,310 --> 00:32:07,030

they would cool the planet so is it an

739

00:32:13,470 --> 00:32:11,320

active experiment no it is actively

740

00:32:15,930 --> 00:32:13,480

being experimented on that's being

741

00:32:18,630 --> 00:32:15,940

studied it's being studied at the end

742

00:32:23,370 --> 00:32:18,640

Emax eat cliff - right now this is the

743

00:32:26,160 --> 00:32:23,380

third series a biofuel tests there are

744

00:32:30,030 --> 00:32:26,170

already many major airlines flying

745

00:32:32,580 --> 00:32:30,040

biofuels and the flip side of this is

746

00:32:34,500 --> 00:32:32,590

there are other proponents out there

747

00:32:36,540 --> 00:32:34,510

saying it's gonna cause more climate

748

00:32:41,100 --> 00:32:36,550

change because now you're growing

749

00:32:44,760 --> 00:32:41,110

gasoline and monoculture crops lead to

750

00:32:48,870 --> 00:32:44,770

soil erosion and so it's like the only

751

00:32:51,360 --> 00:32:48,880

solution they have to this contrail

752

00:32:54,210 --> 00:32:51,370

conundrum it you know which was

753

00:32:57,680 --> 00:32:54,220

highlighted by Jasper Kirkby at CERN you

754

00:33:00,660 --> 00:32:57,690

know in his cloud project that basically

755

00:33:02,850 --> 00:33:00,670

they're their only solution is biofuels

756

00:33:05,790 --> 00:33:02,860

right now I went and I spoke at the EPA

757

00:33:07,440 --> 00:33:05,800

hearing on fly pollution and you know of

758

00:33:10,740 --> 00:33:07,450

course I told everybody in public this

759

00:33:12,600 --> 00:33:10,750

is about chemtrails because I said this

760

00:33:14,160 --> 00:33:12,610

is dr. rangatahi how Authority I said

761

00:33:18,720 --> 00:33:14,170

this and I want to ask you what you

762

00:33:22,840 --> 00:33:18,730

think about this thought if if one were

763

00:33:25,600 --> 00:33:22,850

to you know if

764

00:33:29,290 --> 00:33:25,610

where to point it like say I point at a

765

00:33:31,750 --> 00:33:29,300

cloud and I say chemtrail and then you

766

00:33:36,880 --> 00:33:31,760

point at the same cloud and you say

767

00:33:39,730 --> 00:33:36,890

contrail that we're both right the at

768

00:33:43,090 --> 00:33:39,740

the end of the day these are just words

769

00:33:45,460 --> 00:33:43,100

being used describe what we see and

770

00:33:46,990 --> 00:33:45,470

perception is reality

771

00:33:49,210 --> 00:33:47,000

I wouldn't say then just words though

772

00:33:50,650 --> 00:33:49,220

people have a very different reaction if

773

00:33:53,080 --> 00:33:50,660

you say that's the chemtrail versus

774

00:33:55,240 --> 00:33:53,090

that's a contrail because people the

775

00:33:57,970 --> 00:33:55,250

people the the connotation of a chem

776

00:34:00,910 --> 00:33:57,980

trail is some kind of either toxic

777

00:34:03,370 --> 00:34:00,920

spraying or some kind of deliberate

778

00:34:05,770 --> 00:34:03,380

spraying whereas a contrail is just an

779

00:34:08,410 --> 00:34:05,780

ordinary contrails so I think there is a

780

00:34:11,650 --> 00:34:08,420

very big difference in the way you label

781

00:34:13,570 --> 00:34:11,660

things and you know if you're gonna call

782

00:34:14,770 --> 00:34:13,580

something a chem trail I think you

783

00:34:16,090 --> 00:34:14,780

really need to have more than just

784

00:34:18,130 --> 00:34:16,100

saying oh that's just what I'm calling

785

00:34:21,970 --> 00:34:18,140

contrails now because they have this

786

00:34:24,220 --> 00:34:21,980

effect well I mean at the same time I

787

00:34:27,310 --> 00:34:24,230

have a completely different definition

788

00:34:28,690 --> 00:34:27,320

they can drill in you so and you know I

789

00:34:32,110 --> 00:34:28,700

was speaking when you can't just use

790

00:34:33,940 --> 00:34:32,120

your own definition of what other people

791

00:34:36,670 --> 00:34:33,950

write by this way

792

00:34:40,360 --> 00:34:36,680

Chris falling was the director of heart

793

00:34:42,300 --> 00:34:40,370

okay I was just an affiliate today yeah

794

00:34:46,420 --> 00:34:42,310

I talked to him on the phone regularly

795

00:34:50,610 --> 00:34:46,430

and I'm gonna be doing an interview with

796

00:34:53,350 --> 00:34:50,620

him soon I was debating with Fox

797

00:34:57,010 --> 00:34:53,360

meteorologist Paul Delgado about this

798

00:34:58,420 --> 00:34:57,020

topic and what I said to him was look

799

00:35:01,480 --> 00:34:58,430

chemtrails can mean many different

800

00:35:06,430 --> 00:35:01,490

things sounding Rockets are chemtrails

801
00:35:11,530 --> 00:35:06,440
and he said oh that's just BS and of

802
00:35:13,840 --> 00:35:11,540
course Chris fallin tweeted actually Jim

803
00:35:15,790 --> 00:35:13,850
is right you know we release a little

804
00:35:18,700 --> 00:35:15,800
tri methyl aluminum will you've released

805
00:35:21,370 --> 00:35:18,710
lithium we release barium we lease

806
00:35:24,700 --> 00:35:21,380
really strontium in the past we've

807
00:35:28,270 --> 00:35:24,710
released cesium 137 these are immense

808
00:35:31,350 --> 00:35:28,280
documents in other words dating will

809
00:35:35,080 --> 00:35:31,360
chemtrail legitimate chemtrail science

810
00:35:36,520 --> 00:35:35,090
evidence yeah you're again you're

811
00:35:38,140 --> 00:35:36,530
confusing people you

812
00:35:40,500 --> 00:35:38,150
why don't you just say what these things

813
00:35:42,820 --> 00:35:40,510

actually are like sounding Rockets

814

00:35:44,830 --> 00:35:42,830

rocailles they're basically up into

815

00:35:47,530 --> 00:35:44,840

space I say that in my videos and then

816

00:35:49,570 --> 00:35:47,540

you say yeah you said then you say that

817

00:35:50,830 --> 00:35:49,580

these are actually chemtrails though

818

00:35:53,290 --> 00:35:50,840

that's just doing a pretty loose

819

00:35:55,030 --> 00:35:53,300

definition of a term like saying a trail

820

00:35:57,580 --> 00:35:55,040

what comes out of the back of something

821

00:35:59,530 --> 00:35:57,590

that contains chemicals or is being

822

00:36:01,330 --> 00:35:59,540

sprayed out of the bug music intro so

823

00:36:03,540 --> 00:36:01,340

why don't you well crop dust what is the

824

00:36:06,490 --> 00:36:03,550

kind of real what does that equals a

825

00:36:10,030 --> 00:36:06,500

condensation trail right what is a

826

00:36:12,400 --> 00:36:10,040

chemical trail it's that's my point

827

00:36:16,980 --> 00:36:12,410

about all of this is that people are so

828

00:36:19,810 --> 00:36:16,990

focused on semantics your reaction is

829

00:36:21,850 --> 00:36:19,820

very much focused on semantics because

830

00:36:23,590 --> 00:36:21,860

I've read the anatomy of slaves speak

831

00:36:25,690 --> 00:36:23,600

and I understand how you can control

832

00:36:27,730 --> 00:36:25,700

people through words and that's what a

833

00:36:29,830 --> 00:36:27,740

lot of this debate is about the control

834

00:36:31,570 --> 00:36:29,840

of individuals through the use of words

835

00:36:34,000 --> 00:36:31,580

but you're just making your own

836

00:36:35,980 --> 00:36:34,010

definitions of the things I'm not

837

00:36:38,680 --> 00:36:35,990

actually making in my definition of the

838

00:36:41,050 --> 00:36:38,690

the basis of the word chemtrail is

839

00:36:44,380 --> 00:36:41,060

chemical trail the basis thorn contrail

840

00:36:47,410 --> 00:36:44,390

condensation trail if trails

841

00:36:49,990 --> 00:36:47,420

do you know of well sounding Rockets

842

00:36:52,660 --> 00:36:50,000

happens to be one biological weapons

843

00:36:56,320 --> 00:36:52,670

happens to be one but oil dispersion

844

00:36:57,250 --> 00:36:56,330

sprays happens to be one agent orange is

845

00:37:01,630 --> 00:36:57,260

a chem trail

846

00:37:03,940 --> 00:37:01,640

car exhaust ouch car exhaust is a chem

847

00:37:06,100 --> 00:37:03,950

trail breathing breathing it's a chem

848

00:37:07,330 --> 00:37:06,110

trail because the carbon dioxide and

849

00:37:09,910 --> 00:37:07,340

other chemicals that come out to be

850

00:37:11,680 --> 00:37:09,920

American you breathe at the same time it

851
00:37:13,120 --> 00:37:11,690
becomes meaningless it becomes

852
00:37:14,470 --> 00:37:13,130
meaningless et just saying is something

853
00:37:17,200 --> 00:37:14,480
that's coming out to something that

854
00:37:18,100 --> 00:37:17,210
contains chemicals it's a chem trail it

855
00:37:20,500 --> 00:37:18,110
doesn't mean anything

856
00:37:22,030 --> 00:37:20,510
you company clear using people you're

857
00:37:25,320 --> 00:37:22,040
confusing I'm naughty with these things

858
00:37:28,710 --> 00:37:25,330
but that's the thing I started off with

859
00:37:31,390 --> 00:37:28,720
chemtrails from space and then I say

860
00:37:32,950 --> 00:37:31,400
what is this chem trail from space I'm

861
00:37:35,770 --> 00:37:32,960
talking about they are called black

862
00:37:38,710 --> 00:37:35,780
grant sounding Rockets they are used to

863
00:37:41,530 --> 00:37:38,720

study upper atmospheric winds they are

864

00:37:43,480 --> 00:37:41,540

used as tracers to see the Van Allen

865

00:37:46,300 --> 00:37:43,490

belts and the magnetic field lines which

866

00:37:48,040 --> 00:37:46,310

are invisible these metals stick to them

867

00:37:49,680 --> 00:37:48,050

that's what the same thing they do when

868

00:37:52,350 --> 00:37:49,690

you get a cat scanner and

869

00:37:54,270 --> 00:37:52,360

right so where I'm not trying to confuse

870

00:37:57,270 --> 00:37:54,280

people what I'm actually doing is saying

871

00:37:59,670 --> 00:37:57,280

look you've heard the word chemtrail I

872

00:38:01,740 --> 00:37:59,680

don't think you really understand what

873

00:38:04,020 --> 00:38:01,750

all of these different things mean I'm

874

00:38:07,070 --> 00:38:04,030

going to explain to you and give you the

875

00:38:08,970 --> 00:38:07,080

references so you tell me any other

876

00:38:13,440 --> 00:38:08,980

conspiracy guy because I'm not a

877

00:38:16,500 --> 00:38:13,450

conspiracy I focus on facts that will go

878

00:38:18,180 --> 00:38:16,510

and say look I'm Thai I'm a have called

879

00:38:20,060 --> 00:38:18,190

it chemtrails from space but I'm going

880

00:38:22,200 --> 00:38:20,070

to talk to you about the combined

881

00:38:24,870 --> 00:38:22,210

radiation released experimental

882

00:38:26,880 --> 00:38:24,880

satellite and the Arecibo ionosphere

883

00:38:28,770 --> 00:38:26,890

heater that he you know heated those

884

00:38:30,300 --> 00:38:28,780

chemicals I'm gonna give you the

885

00:38:32,880 --> 00:38:30,310

experiments I'm going to show you the

886

00:38:35,670 --> 00:38:32,890

payloads I'm gonna tell you why they did

887

00:38:39,090 --> 00:38:35,680

it how they did it when they did it map

888

00:38:41,030 --> 00:38:39,100

it put it in a time line on I'm trying

889

00:38:43,710 --> 00:38:41,040

to educate people on the facts behind

890

00:38:45,720 --> 00:38:43,720

weather modification geoengineering and

891

00:38:47,280 --> 00:38:45,730

space weather modification depressing

892

00:38:48,810 --> 00:38:47,290

though is that you start out calling

893

00:38:50,700 --> 00:38:48,820

things chemtrails and then you say look

894

00:38:53,280 --> 00:38:50,710

his evidence of chemtrails like NASA's

895

00:38:55,440 --> 00:38:53,290

doing this sounding rockets and most

896

00:38:57,090 --> 00:38:55,450

people are not going to go beyond that

897

00:38:59,100 --> 00:38:57,100

they're going to hear you say like this

898

00:39:01,230 --> 00:38:59,110

this is his chemtrails his evidence of

899

00:39:03,210 --> 00:39:01,240

chemtrails and you see it all the time

900

00:39:04,800 --> 00:39:03,220

I'm sure you've seen people who I post

901
00:39:06,060 --> 00:39:04,810
like pictures of the sounding rockets

902
00:39:07,320 --> 00:39:06,070
there were those recent ones that were

903
00:39:10,500 --> 00:39:07,330
done where they did for like five at

904
00:39:12,930 --> 00:39:10,510
once gave this really everybody yeah and

905
00:39:15,000 --> 00:39:12,940
they say look these are chemtrails and

906
00:39:16,740 --> 00:39:15,010
they don't go beyond that so by calling

907
00:39:18,330 --> 00:39:16,750
them chemtrails you're actually really

908
00:39:19,950 --> 00:39:18,340
distracting from what they really are

909
00:39:22,080 --> 00:39:19,960
you should start out just saying these

910
00:39:24,540 --> 00:39:22,090
are sounding rockets if you say that

911
00:39:27,090 --> 00:39:24,550
they are chemtrails as less essentially

912
00:39:28,710 --> 00:39:27,100
giving validity to the whole ridiculous

913
00:39:30,180 --> 00:39:28,720

chemtrails theory that there's all this

914

00:39:35,510 --> 00:39:30,190

deliberate spraying going on constantly

915

00:39:37,800 --> 00:39:35,520

and you're I mean I would love to

916

00:39:39,810 --> 00:39:37,810

disagree with you but I mean you can go

917

00:39:42,020 --> 00:39:39,820

to climate eurocom right now and on the

918

00:39:45,540 --> 00:39:42,030

front page it says project Azure

919

00:39:48,900 --> 00:39:45,550

sounding rocket chemtrails from space I

920

00:39:51,450 --> 00:39:48,910

mean I've straight-up saying the name of

921

00:39:54,390 --> 00:39:51,460

the project they are sounding rockets

922

00:39:56,880 --> 00:39:54,400

then I say chemtrails from space but

923

00:39:58,230 --> 00:39:56,890

even in my little subtitle I say barium

924

00:40:01,290 --> 00:39:58,240

strontium and tri methyl aluminum

925

00:40:03,650 --> 00:40:01,300

chemical releases from NASA funded

926

00:40:05,900 --> 00:40:03,660

auroral zone upwelling rocket

927

00:40:08,930 --> 00:40:05,910

experiment Azur and then i give you

928

00:40:11,270 --> 00:40:08,940

links to the website from the grande an

929

00:40:12,980 --> 00:40:11,280

ich the the grand challenge the

930

00:40:14,210 --> 00:40:12,990

initiative they have going on where

931

00:40:17,390 --> 00:40:14,220

they're gonna try to launch all these

932

00:40:20,510 --> 00:40:17,400

rockets over the next couple years what

933

00:40:22,700 --> 00:40:20,520

they're studying the ground-based radars

934

00:40:25,039 --> 00:40:22,710

that are you know being shot into these

935

00:40:26,809 --> 00:40:25,049

I'm trying to fill people with facts so

936

00:40:30,049 --> 00:40:26,819

that's great no that's great but I just

937

00:40:31,700 --> 00:40:30,059

I I really feel that using the word

938

00:40:33,529 --> 00:40:31,710

chemtrails I mean do you do it

939

00:40:35,390 --> 00:40:33,539

deliberately to kind of draw people in

940

00:40:36,529 --> 00:40:35,400

like you know chemtrails and then you

941

00:40:39,470 --> 00:40:36,539

tell them yes I do

942

00:40:41,779 --> 00:40:39,480

true are very clear very clearly said

943

00:40:44,120 --> 00:40:41,789

for years you know originally all I

944

00:40:47,480 --> 00:40:44,130

talked about was you know jet exhaust

945

00:40:49,520 --> 00:40:47,490

and what I would do is say hey man you

946

00:40:51,500 --> 00:40:49,530

want to know about chemtrails everybody

947

00:40:53,450 --> 00:40:51,510

talks about aluminum barium well let's

948

00:40:56,870 --> 00:40:53,460

get to the bottom of this is there

949

00:40:59,599 --> 00:40:56,880

aluminum barium in chemtrails and you

950

00:41:01,670 --> 00:40:59,609

know I've got a one of my most popular

951
00:41:04,099 --> 00:41:01,680
articles on climate viewer calm is

952
00:41:07,760 --> 00:41:04,109
aluminum barium and chemtrails explain

953
00:41:10,670 --> 00:41:07,770
just the facts and I mean I point to the

954
00:41:12,470 --> 00:41:10,680
IPCC report not three point two point

955
00:41:14,839 --> 00:41:12,480
three point two metal particles and they

956
00:41:17,269 --> 00:41:14,849
say metal particles comprising elements

957
00:41:21,140 --> 00:41:17,279
such as aluminum titanium chromium from

958
00:41:23,450 --> 00:41:21,150
iron nickel and barium meatballs a lot

959
00:41:25,549 --> 00:41:23,460
of people take that now you have you say

960
00:41:27,769 --> 00:41:25,559
you found aluminum and barium in in

961
00:41:31,069 --> 00:41:27,779
contrails or jet exhaust and they say oh

962
00:41:33,099 --> 00:41:31,079
look proof of chemtrails and they say oh

963
00:41:35,210 --> 00:41:33,109

this is proof of a covert geo and edging

964

00:41:37,519 --> 00:41:35,220
program so you're giving them a

965

00:41:39,260 --> 00:41:37,529
disinformation I think by kind of

966

00:41:40,010 --> 00:41:39,270
leading with the idea that it's

967

00:41:41,660 --> 00:41:40,020
chemtrails

968

00:41:43,099 --> 00:41:41,670
is that all they're going to do is

969

00:41:44,930 --> 00:41:43,109
they're going to take these these the

970

00:41:46,940 --> 00:41:44,940
bits that they like like and your title

971

00:41:49,130 --> 00:41:46,950
like protectors or sounding rockets

972

00:41:50,660 --> 00:41:49,140
chemtrails from space people are going

973

00:41:52,220 --> 00:41:50,670
to take those being actually chemtrails

974

00:41:55,329 --> 00:41:52,230
from space most people don't read the

975

00:41:57,740 --> 00:41:55,339
articles most people a lot of thing

976
00:41:59,870 --> 00:41:57,750
those people don't read the articles I

977
00:42:02,660 --> 00:41:59,880
look at my statistics I realize that

978
00:42:05,359 --> 00:42:02,670
people watch you if I do a hour-long

979
00:42:08,630 --> 00:42:05,369
video they watch 15 minutes of it if I

980
00:42:12,079 --> 00:42:08,640
do write an article you look at the time

981
00:42:13,400 --> 00:42:12,089
on pages 2 minutes 30 seconds nobody

982
00:42:15,620 --> 00:42:13,410
could have read that article in that

983
00:42:17,450 --> 00:42:15,630
amount of time so I understand the

984
00:42:20,599 --> 00:42:17,460
problem of attention deficit

985
00:42:23,180 --> 00:42:20,609
sorter I understand that it's TLDR you

986
00:42:25,700 --> 00:42:23,190
know most people are like that but I

987
00:42:28,010 --> 00:42:25,710
don't cater to that that audience you

988
00:42:30,890 --> 00:42:28,020

have to understand that the most emails

989

00:42:33,200 --> 00:42:30,900

I get from or other climate scientists I

990

00:42:36,200 --> 00:42:33,210

mean that's the that's the bulk of my

991

00:42:38,329 --> 00:42:36,210

you know audience are of course on

992

00:42:40,370 --> 00:42:38,339

YouTube it's different YouTube you have

993

00:42:42,940 --> 00:42:40,380

every single you know different kind of

994

00:42:45,290 --> 00:42:42,950

person it's you know a schoolyard

995

00:42:47,450 --> 00:42:45,300

basically you never know who's going to

996

00:42:49,579 --> 00:42:47,460

show up or how they're gonna interpret

997

00:42:52,010 --> 00:42:49,589

what you're saying but I don't really

998

00:42:55,640 --> 00:42:52,020

cater to those people because you know

999

00:42:57,890 --> 00:42:55,650

obviously if I if I did if I filled my

1000

00:42:59,120 --> 00:42:57,900

stuff full of fear for I'd have three

1001
00:43:00,470 --> 00:42:59,130
hundred five hundred thousand

1002
00:43:03,050 --> 00:43:00,480
subscribers I'm not trying to make a

1003
00:43:05,300 --> 00:43:03,060
living doing this I'm doing this because

1004
00:43:07,099 --> 00:43:05,310
I'm interested in the topic now I want

1005
00:43:09,370 --> 00:43:07,109
to know the facts behind it and I think

1006
00:43:12,410 --> 00:43:09,380
that you there are a small majority

1007
00:43:14,589 --> 00:43:12,420
majority of people who are interested in

1008
00:43:16,940 --> 00:43:14,599
the science behind this so well I

1009
00:43:18,980 --> 00:43:16,950
appreciate that and I you know I think

1010
00:43:20,930 --> 00:43:18,990
it's great that you're trying to educate

1011
00:43:22,930 --> 00:43:20,940
people you know you've got a quite a

1012
00:43:26,480 --> 00:43:22,940
following in the chemtrail community

1013
00:43:28,190 --> 00:43:26,490

people people saw you you went so to the

1014

00:43:30,380 --> 00:43:28,200

EPA they had an open hearing where

1015

00:43:32,440 --> 00:43:30,390

people could speak about I think it was

1016

00:43:35,480 --> 00:43:32,450

like the Kevin dioxide regulations and

1017

00:43:38,120 --> 00:43:35,490

you were there and Patrick radhiya was

1018

00:43:40,070 --> 00:43:38,130

there and Patrick ruddy is kind of like

1019

00:43:42,910 --> 00:43:40,080

a hardcore Kentrell guy who thinks that

1020

00:43:46,190 --> 00:43:42,920

everything he sees in the sky is a

1021

00:43:49,310 --> 00:43:46,200

evidence of of geoengineering and you

1022

00:43:50,079 --> 00:43:49,320

agree but they leave yes so here's

1023

00:43:53,020 --> 00:43:50,089

something other

1024

00:43:57,410 --> 00:43:53,030

so let me here's the thing with that

1025

00:43:59,480 --> 00:43:57,420

what happened was an individual who is a

1026
00:44:02,690 --> 00:43:59,490
hacker friend of mine said hey look I

1027
00:44:04,790 --> 00:44:02,700
found this text file on a epa ftp server

1028
00:44:08,530 --> 00:44:04,800
so it's a file transfer protocol server

1029
00:44:11,720 --> 00:44:08,540
that was announcing hey we're gonna do a

1030
00:44:14,420 --> 00:44:11,730
public you know we have public input on

1031
00:44:17,030 --> 00:44:14,430
this and if necessary we will have a

1032
00:44:19,520 --> 00:44:17,040
hearing so i submitted and right you

1033
00:44:22,130 --> 00:44:19,530
know in writing that i would like to be

1034
00:44:24,890 --> 00:44:22,140
a part of a hearing loop senior policy

1035
00:44:26,450 --> 00:44:24,900
analyst loose from the epa lucio that

1036
00:44:28,670 --> 00:44:26,460
called me and try to talk me out of

1037
00:44:29,960 --> 00:44:28,680
coming this video is on my youtube you

1038
00:44:33,440 --> 00:44:29,970

can listen to her

1039

00:44:35,720 --> 00:44:33,450

beg me not to come and I said no I think

1040

00:44:37,849 --> 00:44:35,730

we should do this anyway and we ended up

1041

00:44:40,310 --> 00:44:37,859

so because I was the only person who

1042

00:44:44,480 --> 00:44:40,320

actually said so they then had to post

1043

00:44:46,940 --> 00:44:44,490

it on the EPA website so then I see you

1044

00:44:49,099 --> 00:44:46,950

the itinerary of all the the airline

1045

00:44:51,530 --> 00:44:49,109

industry representative pilots

1046

00:44:53,630 --> 00:44:51,540

associations going to be there Sierra

1047

00:44:56,660 --> 00:44:53,640

Club all these people are gonna be there

1048

00:44:59,120 --> 00:44:56,670

I said well it'd be a shame for me to be

1049

00:45:02,900 --> 00:44:59,130

the only person to go you know that is

1050

00:45:05,180 --> 00:45:02,910

the dissenter so why don't I take some

1051
00:45:07,700 --> 00:45:05,190
people that have different opinions than

1052
00:45:10,250 --> 00:45:07,710
me and invite them to come as well

1053
00:45:15,020 --> 00:45:10,260
so of course Madison star moon Amanda

1054
00:45:17,630 --> 00:45:15,030
Bay's I invited her because to me you

1055
00:45:19,700 --> 00:45:17,640
know even though and I've told this to

1056
00:45:24,109 --> 00:45:19,710
her on the phone that I think she's

1057
00:45:26,480 --> 00:45:24,119
crazy and she you know we she knows how

1058
00:45:28,790 --> 00:45:26,490
I feel about her and she doesn't know

1059
00:45:30,440 --> 00:45:28,800
how she feels about me but regardless I

1060
00:45:32,930 --> 00:45:30,450
told her I said even though I don't

1061
00:45:35,480 --> 00:45:32,940
agree with you on everything what you

1062
00:45:37,280 --> 00:45:35,490
have done is you've been one of the most

1063
00:45:39,920 --> 00:45:37,290

vocal you know people I know

1064

00:45:42,560 --> 00:45:39,930

calling government institutions I mean

1065

00:45:43,880 --> 00:45:42,570

that's what you do all day long and the

1066

00:45:46,400 --> 00:45:43,890

thing that they never give you is a

1067

00:45:51,020 --> 00:45:46,410

straight answer um so I'd like you to

1068

00:45:53,750 --> 00:45:51,030

come and Max bliss he got word of what

1069

00:45:55,760 --> 00:45:53,760

was going on and he called me he's like

1070

00:45:59,480 --> 00:45:55,770

how do I get in on this thing max us

1071

00:46:01,700 --> 00:45:59,490

from France so I explained to him the

1072

00:46:03,770 --> 00:46:01,710

process I said you know you'd seen your

1073

00:46:05,210 --> 00:46:03,780

email here if you want to be a speaker

1074

00:46:07,990 --> 00:46:05,220

and I don't know that they'd let a

1075

00:46:11,720 --> 00:46:08,000

foreigner in but give it a shot and

1076
00:46:13,730 --> 00:46:11,730
interestingly enough Patrick grotty was

1077
00:46:16,790 --> 00:46:13,740
sitting in the room with max bliss at

1078
00:46:19,400 --> 00:46:16,800
the time I don't I mean that guy I don't

1079
00:46:22,130 --> 00:46:19,410
know how we're how he gets to fly around

1080
00:46:23,750 --> 00:46:22,140
the globe like he does but regardless he

1081
00:46:27,170 --> 00:46:23,760
was sitting next to my explicit he's

1082
00:46:30,800 --> 00:46:27,180
like hey Jim never met you before what

1083
00:46:33,020 --> 00:46:30,810
if I come to and I'm like okay I mean I

1084
00:46:34,900 --> 00:46:33,030
didn't know anything about Patrick Roddy

1085
00:46:36,440 --> 00:46:34,910
at the time to be quite honest with I

1086
00:46:39,260 --> 00:46:36,450
didn't know who he was

1087
00:46:41,660 --> 00:46:39,270
and Michael Saracino was a follower of

1088
00:46:43,519 --> 00:46:41,670

mine on Twitter he actually gave one of

1089

00:46:45,599 --> 00:46:43,529

the most sobering

1090

00:46:48,689 --> 00:46:45,609

discussions there where he talked about

1091

00:46:51,659 --> 00:46:48,699

the rates of autism around airports you

1092

00:46:55,349 --> 00:46:51,669

know and the link to breathing in metal

1093

00:46:57,719 --> 00:46:55,359

aerosols in black carbon and he saw he

1094

00:47:00,749 --> 00:46:57,729

cited more scientific papers than any

1095

00:47:04,649 --> 00:47:00,759

than anybody else and in fact then

1096

00:47:07,019 --> 00:47:04,659

everybody else combined his published

1097

00:47:08,489 --> 00:47:07,029

his paper on climate viewer daikon for

1098

00:47:12,439 --> 00:47:08,499

everybody to read because I thought it

1099

00:47:15,539 --> 00:47:12,449

was that good so at the end of the day

1100

00:47:18,599 --> 00:47:15,549

it's the same idea that I said to dr.

1101
00:47:21,269 --> 00:47:18,609
ranga say how authority i you may not

1102
00:47:24,239 --> 00:47:21,279
know this but amanda had me on her radio

1103
00:47:26,219 --> 00:47:24,249
show we actually called dr. angus Ayala

1104
00:47:28,979 --> 00:47:26,229
thorry three separate times we had three

1105
00:47:32,849 --> 00:47:28,989
separate discussions and what I said to

1106
00:47:34,499 --> 00:47:32,859
him was why would Amanda calls you you

1107
00:47:37,649 --> 00:47:34,509
know when he cut when she calls the FAA

1108
00:47:40,139 --> 00:47:37,659
and she says I see all these chemtrails

1109
00:47:43,169 --> 00:47:40,149
over my house they're blocking out the

1110
00:47:45,899 --> 00:47:43,179
Sun I don't like it why is the FAA come

1111
00:47:48,179 --> 00:47:45,909
back and say Kim trails are not a thing

1112
00:47:51,289 --> 00:47:48,189
those are condensation trails and they

1113
00:47:54,299 --> 00:47:51,299

are perfectly normal instead of saying

1114

00:47:56,789 --> 00:47:54,309

we here at the FAA take chemtrails

1115

00:47:59,489 --> 00:47:56,799

seriously in fact we understand that the

1116

00:48:01,799 --> 00:47:59,499

climate implications of these cirrus

1117

00:48:05,149 --> 00:48:01,809

clouds that are being created by planes

1118

00:48:09,229 --> 00:48:05,159

is so grave that we are trying to use

1119

00:48:12,599 --> 00:48:09,239

biofuels and innovate next-generation

1120

00:48:14,969 --> 00:48:12,609

transportation systems to avoid the

1121

00:48:17,519 --> 00:48:14,979

climate effects of aviation and the

1122

00:48:20,279 --> 00:48:17,529

pollution that's created by it that

1123

00:48:23,729 --> 00:48:20,289

would get much more honest answer well I

1124

00:48:25,259 --> 00:48:23,739

think you you just the white trails in

1125

00:48:27,629 --> 00:48:25,269

that mouth like you know I think

1126

00:48:28,979 --> 00:48:27,639

wouldn't start use the word chemtrails

1127

00:48:30,509 --> 00:48:28,989

because the in taste it would say

1128

00:48:32,459 --> 00:48:30,519

chemtrails aren't a thing because really

1129

00:48:34,469 --> 00:48:32,469

chemtrails aren't a thing and they the

1130

00:48:35,939 --> 00:48:34,479

common understanding of the term which

1131

00:48:38,399 --> 00:48:35,949

is this this large-scale spraying

1132

00:48:40,259 --> 00:48:38,409

program now you you have a different

1133

00:48:43,109 --> 00:48:40,269

definition of chemtrails

1134

00:48:44,879 --> 00:48:43,119

so yeah I don't think they every the

1135

00:48:46,889 --> 00:48:44,889

difference is he actually agreed with me

1136

00:48:48,899 --> 00:48:46,899

he says you know actually I think we

1137

00:48:50,759 --> 00:48:48,909

could do a better job on that if it

1138

00:48:54,149 --> 00:48:50,769

didn't don't worry with you chemtrails

1139

00:48:56,790 --> 00:48:54,159

are a thing except in your semantic

1140

00:49:00,750 --> 00:48:56,800

version of it the problem is if it

1141

00:49:03,540 --> 00:49:00,760

the EPA or the FAA says that chemtrails

1142

00:49:05,130 --> 00:49:03,550

are if you use the word chemtrails then

1143

00:49:06,450 --> 00:49:05,140

all of a sudden everybody's going to say

1144

00:49:08,550 --> 00:49:06,460

oh that's an admission that they've been

1145

00:49:12,030 --> 00:49:08,560

spraying us for years when obviously

1146

00:49:13,140 --> 00:49:12,040

that's that's not true except as again

1147

00:49:15,660 --> 00:49:13,150

in a semantic way and that there's

1148

00:49:17,880 --> 00:49:15,670

pollution from planes so has looks I

1149

00:49:20,490 --> 00:49:17,890

mean let's be realistic about this both

1150

00:49:22,320 --> 00:49:20,500

you and I know the contrails have

1151

00:49:24,690 --> 00:49:22,330

persisted and created cirrus clouds

1152

00:49:27,540 --> 00:49:24,700

since the early 50s right since those

1153

00:49:30,150 --> 00:49:27,550

twenty mostly yeah I mean as far back as

1154

00:49:33,110 --> 00:49:30,160

we've been flying even when propeller

1155

00:49:38,460 --> 00:49:33,120

planes yes they've been creating clouds

1156

00:49:41,930 --> 00:49:38,470

my favorite article was 1958 palms Jets

1157

00:49:45,630 --> 00:49:41,940

jet trails dim Sun Palm Springs gripes

1158

00:49:48,240 --> 00:49:45,640

followed up by the next year Air Force

1159

00:49:51,750 --> 00:49:48,250

tells city of Palm Springs live with the

1160

00:49:54,810 --> 00:49:51,760

trails or move the city I mean and then

1161

00:49:57,390 --> 00:49:54,820

in 1972 the state of Illinois in New

1162

00:50:00,540 --> 00:49:57,400

Jersey sued the airline industry over

1163

00:50:03,780 --> 00:50:00,550

making clouds I mean right but these are

1164

00:50:06,150 --> 00:50:03,790

contrails know as the FAA would say just

1165

00:50:07,830 --> 00:50:06,160

ordinary contrails and basically live

1166

00:50:09,900 --> 00:50:07,840

with it like everybody else is doing

1167

00:50:11,400 --> 00:50:09,910

most people they see this like they see

1168

00:50:13,200 --> 00:50:11,410

controls all the time and they couldn't

1169

00:50:14,730 --> 00:50:13,210

care one word the other because they

1170

00:50:17,880 --> 00:50:14,740

grew up with them they used to the fact

1171

00:50:19,640 --> 00:50:17,890

that we have contrails in the sky but if

1172

00:50:22,950 --> 00:50:19,650

people become convinced that they are

1173

00:50:24,540 --> 00:50:22,960

chemtrails then it takes on a whole

1174

00:50:27,390 --> 00:50:24,550

different meaning so I really wouldn't

1175

00:50:31,230 --> 00:50:27,400

and you know expect the FAA to start

1176

00:50:33,000 --> 00:50:31,240

using the term chemtrails well I don't

1177

00:50:34,440 --> 00:50:33,010

expect them to use the word chemtrails

1178

00:50:36,600 --> 00:50:34,450

but you know the true sign of

1179

00:50:39,780 --> 00:50:36,610

intelligence is to speak to a person on

1180

00:50:42,150 --> 00:50:39,790

their level and be understood and like I

1181

00:50:44,160 --> 00:50:42,160

said to him if I go outside and I point

1182

00:50:46,860 --> 00:50:44,170

at the sky and I pointed the cloud and I

1183

00:50:48,810 --> 00:50:46,870

say chemtrail and a scientist goes out

1184

00:50:51,870 --> 00:50:48,820

of the sky I pointed the exact same

1185

00:50:54,900 --> 00:50:51,880

cloud and says contrail both people are

1186

00:50:57,930 --> 00:50:54,910

right because at the end of the day and

1187

00:50:59,310 --> 00:50:57,940

I respectfully you understand that you

1188

00:51:02,550 --> 00:50:59,320

will disagree with that and I'm okay

1189

00:51:04,740 --> 00:51:02,560

with that but the problem is that it's

1190

00:51:07,520 --> 00:51:04,750

just a word being used to describe a

1191

00:51:09,170 --> 00:51:07,530

cloud whether the individual doesn't

1192

00:51:12,620 --> 00:51:09,180

understand

1193

00:51:15,380 --> 00:51:12,630

that this is not a chemical poison that

1194

00:51:17,390 --> 00:51:15,390

is sprayed to eradicate the planet or

1195

00:51:20,630 --> 00:51:17,400

it's an intentional geoengineering

1196

00:51:23,870 --> 00:51:20,640

program that when they call it a

1197

00:51:26,960 --> 00:51:23,880

Kentrell that's slang and it can be an

1198

00:51:29,839 --> 00:51:26,970

overarching term it is used by many

1199

00:51:33,650 --> 00:51:29,849

different people it is you know infected

1200

00:51:35,630 --> 00:51:33,660

many parts of our society so when they

1201
00:51:38,359 --> 00:51:35,640
deal with somebody who may not be as

1202
00:51:41,059 --> 00:51:38,369
smart as you and I that they should be

1203
00:51:42,950 --> 00:51:41,069
more receptive to their public input

1204
00:51:45,620 --> 00:51:42,960
when they call the FA and say I'm

1205
00:51:47,150 --> 00:51:45,630
concerned about this and say look you

1206
00:51:50,390 --> 00:51:47,160
know I understand that you believe these

1207
00:51:52,789 --> 00:51:50,400
are chemtrails even though we think

1208
00:51:56,059 --> 00:51:52,799
they're we know that they are contrails

1209
00:51:59,180 --> 00:51:56,069
I understand your concern with them

1210
00:52:01,579 --> 00:51:59,190
blocking out the Sun and I mean God the

1211
00:52:06,319 --> 00:52:01,589
EC article telescopes will be useless by

1212
00:52:08,900 --> 00:52:06,329
2050 because of air traffic that's a

1213
00:52:11,180 --> 00:52:08,910

real-world concern solar energy there

1214

00:52:12,769 --> 00:52:11,190

are real concerns regarding contrails

1215

00:52:14,569 --> 00:52:12,779

but you know like I said I don't think

1216

00:52:15,620 --> 00:52:14,579

that kind of chemtrails is the answer

1217

00:52:17,299 --> 00:52:15,630

but you know I think we could probably

1218

00:52:19,339 --> 00:52:17,309

go back and forth on this it's gonna

1219

00:52:21,500 --> 00:52:19,349

have an old argument that we've had over

1220

00:52:23,260 --> 00:52:21,510

the years also clearly we have had this

1221

00:52:26,150 --> 00:52:23,270

argument for a very long time I would

1222

00:52:29,210 --> 00:52:26,160

talk to you like real briefly about we

1223

00:52:32,240 --> 00:52:29,220

do have much time left about you don't

1224

00:52:33,559 --> 00:52:32,250

you mentioned fear porn earlier and you

1225

00:52:36,470 --> 00:52:33,569

have an article on your site about

1226

00:52:38,150 --> 00:52:36,480

Nibiru and I guess this is something

1227

00:52:39,829 --> 00:52:38,160

that you you know obviously don't

1228

00:52:43,880 --> 00:52:39,839

believe that the Nibiru is the idea that

1229

00:52:46,160 --> 00:52:43,890

this this this planet in the solar

1230

00:52:47,960 --> 00:52:46,170

system which is doing something you know

1231

00:52:49,670 --> 00:52:47,970

coming towards Earth orbiting the Sun

1232

00:52:51,680 --> 00:52:49,680

and people have make all these

1233

00:52:53,120 --> 00:52:51,690

prophecies about it and stuff and you've

1234

00:52:54,650 --> 00:52:53,130

you've written about this

1235

00:52:59,930 --> 00:52:54,660

I guess it's actually from a debunking

1236

00:53:02,960 --> 00:52:59,940

perspective it is actually um so that

1237

00:53:05,750 --> 00:53:02,970

this is why you know and I thank you in

1238

00:53:09,950 --> 00:53:05,760

part for you my position on chemtrails

1239

00:53:13,130 --> 00:53:09,960

to be quite honest with you early on I

1240

00:53:15,589 --> 00:53:13,140

was I would say I was more inclined to

1241

00:53:18,980 --> 00:53:15,599

believe a little bit everything you know

1242

00:53:21,499 --> 00:53:18,990

like I was less critical of what I was

1243

00:53:25,639 --> 00:53:21,509

reading and

1244

00:53:31,219 --> 00:53:25,649

the comet Elenin phenomena that happened

1245

00:53:33,609 --> 00:53:31,229

you know as 2012 is C 2010 ex the comet

1246

00:53:37,189 --> 00:53:33,619

that was supposed to end the planet and

1247

00:53:38,929 --> 00:53:37,199

yeah of course I was going through

1248

00:53:41,809 --> 00:53:38,939

personal issues at the time I was being

1249

00:53:43,729 --> 00:53:41,819

trolled by a group of YouTube channels

1250

00:53:45,829 --> 00:53:43,739

that had hundreds of thousands of

1251

00:53:48,889 --> 00:53:45,839

subscribers they were making hundreds of

1252

00:53:51,949 --> 00:53:48,899

videos about me so I wasn't really

1253

00:53:54,259 --> 00:53:51,959

paranoid place to begin with and then

1254

00:53:56,209 --> 00:53:54,269

this comes along and you know I believed

1255

00:53:58,279 --> 00:53:56,219

it hook line and sinker you know they

1256

00:54:01,609 --> 00:53:58,289

say that every good conspiracy is a

1257

00:54:03,499 --> 00:54:01,619

grain of truth so you know they mix a

1258

00:54:06,409 --> 00:54:03,509

little bit of science in there and then

1259

00:54:08,599 --> 00:54:06,419

yeah there was this doctor münster

1260

00:54:09,109 --> 00:54:08,609

O'Meara Bush each you're familiar with

1261

00:54:12,439 --> 00:54:09,119

him

1262

00:54:15,589 --> 00:54:12,449

Crown Prince of HuR Croatia he claims to

1263

00:54:19,999 --> 00:54:15,599

be anyway he has this website called

1264

00:54:26,239 --> 00:54:20,009

sizemode info when he wrote this paper

1265

00:54:28,309 --> 00:54:26,249

about the increase in magnitude 6 plus

1266

00:54:32,839 --> 00:54:28,319

earthquakes whenever there were galactic

1267

00:54:38,059 --> 00:54:32,849

alignments between Elenin Earth and the

1268

00:54:42,919 --> 00:54:38,069

Sun or Venus Elenin earth basically what

1269

00:54:46,339 --> 00:54:42,929

he was doing was remix of the spheres or

1270

00:54:48,439 --> 00:54:46,349

music's universalis you know from the

1271

00:54:51,219 --> 00:54:48,449

olden days the idea that there's

1272

00:54:54,709 --> 00:54:51,229

resonant you know vibrations between

1273

00:54:57,379 --> 00:54:54,719

celestial bodies that could react in

1274

00:54:59,599 --> 00:54:57,389

earthquakes he was mixing this and

1275

00:55:02,149 --> 00:54:59,609

conflating it with Elenin so he had

1276

00:55:05,479 --> 00:55:02,159

written up all of these you know charts

1277

00:55:09,049 --> 00:55:05,489

on how an earthquake happened when you

1278

00:55:12,709 --> 00:55:09,059

know Mars the comet Elenin and earth

1279

00:55:14,899 --> 00:55:12,719

lined up so you know I was like I

1280

00:55:17,149 --> 00:55:14,909

believed it and then when it didn't

1281

00:55:19,519 --> 00:55:17,159

happen it hit me in the face and I'm

1282

00:55:20,679 --> 00:55:19,529

going how the hell could I be that

1283

00:55:23,959 --> 00:55:20,689

stupid

1284

00:55:26,839 --> 00:55:23,969

and that's when I read the article the

1285

00:55:30,319 --> 00:55:26,849

anatomy of slaves feet and and the idea

1286

00:55:32,870 --> 00:55:30,329

is simple it's language that maintains a

1287

00:55:34,700 --> 00:55:32,880

master/slave relationship that people

1288

00:55:38,390 --> 00:55:34,710

can use words to

1289

00:55:40,760 --> 00:55:38,400

litchi and when i and there's a copy of

1290

00:55:43,400 --> 00:55:40,770

the article on climate viewer calm it's

1291

00:55:46,190 --> 00:55:43,410

linked on the sidebar of every single

1292

00:55:50,780 --> 00:55:46,200

page on the website in the quote that i

1293

00:55:52,490 --> 00:55:50,790

use to link to it is one of the saddest

1294

00:55:54,890 --> 00:55:52,500

lessons of history is this if we're

1295

00:55:57,200 --> 00:55:54,900

we've been bamboozled long enough we

1296

00:55:59,870 --> 00:55:57,210

tend to reject any evidence of the

1297

00:56:02,359 --> 00:55:59,880

bamboozle we're no longer interested in

1298

00:56:04,760 --> 00:56:02,369

finding out the truth the bamboozle has

1299

00:56:06,560 --> 00:56:04,770

captured us it's simply too painful to

1300

00:56:08,960 --> 00:56:06,570

acknowledge even to ourselves that we've

1301

00:56:11,510 --> 00:56:08,970

been taken once you give a charlatan

1302

00:56:14,960 --> 00:56:11,520

power over you you almost never get it

1303

00:56:17,480 --> 00:56:14,970

back and Carl Sagan said that and I

1304

00:56:19,910 --> 00:56:17,490

linked that to the article the anatomy

1305

00:56:23,030 --> 00:56:19,920

of slaves speak and the idea behind

1306

00:56:25,550 --> 00:56:23,040

slaves speak is is real simple language

1307

00:56:29,270 --> 00:56:25,560

creates spooks that get into our head

1308

00:56:31,520 --> 00:56:29,280

and hypnotize us that was Robert Anton

1309

00:56:33,170 --> 00:56:31,530

Wilson ideas are more powerful than guns

1310

00:56:36,650 --> 00:56:33,180

we would not let our enemies have guns

1311

00:56:38,900 --> 00:56:36,660

why should we let them have ideas Joseph

1312

00:56:40,910 --> 00:56:38,910

Stalin it is hard to fight an enemy who

1313

00:56:43,760 --> 00:56:40,920

has outposts in your head Sally Kempton

1314

00:56:45,440 --> 00:56:43,770

and the most potent weapon in the hands

1315

00:56:48,620 --> 00:56:45,450

of the oppressor is the mind of the

1316

00:56:52,099 --> 00:56:48,630

oppressed Steven Biko so this is where I

1317

00:56:54,050 --> 00:56:52,109

come from this perspective of you know

1318

00:56:57,440 --> 00:56:54,060

high-level descriptor low level

1319

00:57:01,790 --> 00:56:57,450

descriptor chemtrail contrail same-same

1320

00:57:04,490 --> 00:57:01,800

it's it's a it's a it's a semantic you

1321

00:57:07,670 --> 00:57:04,500

ninjitsu it's it's verbal you know kung

1322

00:57:10,070 --> 00:57:07,680

fu that people are so busy arguing over

1323

00:57:12,620 --> 00:57:10,080

the words that they they missed the

1324

00:57:14,839 --> 00:57:12,630

point you know it's like you know keep

1325

00:57:16,520 --> 00:57:14,849

put look keep focusing on the finger and

1326

00:57:21,440 --> 00:57:16,530

you will miss all that having heavenly

1327

00:57:24,109 --> 00:57:21,450

Beauty Bruce Lee that people missed the

1328

00:57:26,990 --> 00:57:24,119

whole point of the chemtrail debate that

1329

00:57:29,180 --> 00:57:27,000

people are upset because they see clouds

1330

00:57:31,609 --> 00:57:29,190

over their house and they're blocking

1331

00:57:33,890 --> 00:57:31,619

out the Sun and then some people go a

1332

00:57:37,579 --> 00:57:33,900

step further and they put all of these

1333

00:57:39,680 --> 00:57:37,589

attributes on it and they say well they

1334

00:57:43,339 --> 00:57:39,690

must be doing this and it's oh it's

1335

00:57:45,560 --> 00:57:43,349

definitely geoengineering even the guy

1336

00:57:46,849 --> 00:57:45,570

who said it was geoengineering he wasn't

1337

00:57:48,260 --> 00:57:46,859

even talking about the clouds he was

1338

00:57:49,910 --> 00:57:48,270

talking with the i6i

1339

00:57:51,350 --> 00:57:49,920

that in my videos all the time you see

1340

00:57:53,300 --> 00:57:51,360

blue overhead you see white on the

1341

00:57:55,220 --> 00:57:53,310

horizon those are air assaults that's

1342

00:57:57,260 --> 00:57:55,230

what the guys talking about the buildup

1343

00:57:59,150 --> 00:57:57,270

of aerosols whitening the sky

1344

00:58:02,870 --> 00:57:59,160

that's what geoengineering would look

1345

00:58:04,970 --> 00:58:02,880

like not clouds but more and more we're

1346

00:58:08,450 --> 00:58:04,980

hearing about earth radiation management

1347

00:58:11,180 --> 00:58:08,460

and cirrus cloud thinning and the focus

1348

00:58:15,830 --> 00:58:11,190

of geoengineering using cirrus clouds

1349

00:58:20,540 --> 00:58:15,840

which are created by planes so is it you

1350

00:58:23,750 --> 00:58:20,550

I have intentionally used the word

1351
00:58:25,700 --> 00:58:23,760
chemtrail to draw people in to get them

1352
00:58:27,680 --> 00:58:25,710
to understand that this is a serious

1353
00:58:29,780 --> 00:58:27,690
problem that there are people actively

1354
00:58:33,230 --> 00:58:29,790
experimenting on this that there are

1355
00:58:36,700 --> 00:58:33,240
plans to make clouds by day men by night

1356
00:58:40,490 --> 00:58:36,710
stated by the ICAO stated by the FAA

1357
00:58:44,120 --> 00:58:40,500
after our hearing at the EPA during the

1358
00:58:46,490 --> 00:58:44,130
trunk Hillary election you know

1359
00:58:49,040 --> 00:58:46,500
basically if you don't mind giving once

1360
00:58:51,920 --> 00:58:49,050
I gonna pull us up so I don't you get

1361
00:58:57,230 --> 00:58:51,930
this wrong but this is the timeline of

1362
00:59:00,950 --> 00:58:57,240
what happened it's right here so we had

1363
00:59:03,830 --> 00:59:00,960

the hearing in 2015 August 11th July

1364

00:59:06,020 --> 00:59:03,840

25th 2016 breaking EPA to limit

1365

00:59:07,700 --> 00:59:06,030

greenhouse gases from airplanes so they

1366

00:59:12,680 --> 00:59:07,710

decided they were going to limit

1367

00:59:17,410 --> 00:59:12,690

greenhouse gases July 25th 2016 or July

1368

00:59:20,810 --> 00:59:17,420

30 31st 2016 less than six days later

1369

00:59:23,860 --> 00:59:20,820

White House releases federal alternative

1370

00:59:28,160 --> 00:59:23,870

jet fuel research development strategy

1371

00:59:29,960 --> 00:59:28,170

September 3rd 2016 China US and Europe

1372

00:59:35,240 --> 00:59:29,970

pledged support for global aviation

1373

00:59:37,910 --> 00:59:35,250

emissions pact September 12 2016 Greens

1374

00:59:42,320 --> 00:59:37,920

moved to dismiss EPA lawsuit over

1375

00:59:46,610 --> 00:59:42,330

airplane emissions so China Europe and

1376

00:59:49,760 --> 00:59:46,620

the icao in the u.s. agreed to use

1377

00:59:55,820 --> 00:59:49,770

biofuels to fix the contrary Allah

1378

01:00:00,140 --> 00:59:55,830

manned then October 10 2017 NGOs slammed

1379

01:00:01,580 --> 01:00:00,150

UN Aviation agency plan for biofuels so

1380

01:00:04,520 --> 01:00:01,590

it's it's kind of

1381

01:00:06,830 --> 01:00:04,530

ironic yeah we went there with the

1382

01:00:08,960 --> 01:00:06,840

purpose of talking about clouds and how

1383

01:00:11,630 --> 01:00:08,970

people are upset about metal

1384

01:00:15,260 --> 01:00:11,640

particulates coming out of planes their

1385

01:00:18,980 --> 01:00:15,270

possible effects on human health there

1386

01:00:21,740 --> 01:00:18,990

are many you many psychological papers

1387

01:00:23,870 --> 01:00:21,750

on you spending habits of people mental

1388

01:00:28,070 --> 01:00:23,880

health conditions of people just on

1389

01:00:32,870 --> 01:00:28,080

rainy or cloudy days versus sunny things

1390

01:00:34,820 --> 01:00:32,880

so the point being that this is a much

1391

01:00:37,160 --> 01:00:34,830

more complex topic than people are

1392

01:00:39,290 --> 01:00:37,170

talking about people when you simplify

1393

01:00:41,660 --> 01:00:39,300

it down to oh it's a depopulation

1394

01:00:43,970 --> 01:00:41,670

program or it's a geoengineering program

1395

01:00:46,790 --> 01:00:43,980

every single planes in on it that's just

1396

01:00:49,700 --> 01:00:46,800

pure stupidity it's a it's yeah there's

1397

01:00:52,040 --> 01:00:49,710

never one single cause for anything

1398

01:00:54,950 --> 01:00:52,050

everything is more nuanced than that so

1399

01:00:58,010 --> 01:00:54,960

what I saw happen with the EPA hearing

1400

01:01:00,140 --> 01:00:58,020

was that the whole world agreed we're

1401

01:01:03,770 --> 01:01:00,150

gonna use biofuels to fix this problem

1402

01:01:05,840 --> 01:01:03,780

with the clouds and by the way we're not

1403

01:01:08,930 --> 01:01:05,850

gonna regulate the airline industry at

1404

01:01:11,180 --> 01:01:08,940

all same thing happened in 1972 when

1405

01:01:13,310 --> 01:01:11,190

they were sued over making clouds so

1406

01:01:16,490 --> 01:01:13,320

once again the airline industry skirted

1407

01:01:19,370 --> 01:01:16,500

any kind of real regulation all of the

1408

01:01:22,160 --> 01:01:19,380

bodies themselves the ICAO wrote its own

1409

01:01:24,380 --> 01:01:22,170

regulations and agreed hey this is what

1410

01:01:27,410 --> 01:01:24,390

we're gonna do we're gonna use biofuels

1411

01:01:29,060 --> 01:01:27,420

for contrail control then now you keep

1412

01:01:31,250 --> 01:01:29,070

saying that they all agreed to use

1413

01:01:32,240 --> 01:01:31,260

biofuels for control control wait where

1414

01:01:34,070 --> 01:01:32,250

are you getting this from and they

1415

01:01:35,420 --> 01:01:34,080

haven't all agreed that this is what

1416

01:01:38,450 --> 01:01:35,430

they're doing and that is where they are

1417

01:01:40,520 --> 01:01:38,460

doing it I mean it's right there in the

1418

01:01:42,440 --> 01:01:40,530

article China US and Europe pledged

1419

01:01:45,860 --> 01:01:42,450

support for global aviation emissions

1420

01:01:48,560 --> 01:01:45,870

pact which was part of the supporting a

1421

01:01:52,760 --> 01:01:48,570

pact to reduce emissions it's not that

1422

01:01:54,890 --> 01:01:52,770

they're going to use a canoe control

1423

01:01:56,060 --> 01:01:54,900

control you buy biofuels the the

1424

01:02:02,570 --> 01:01:56,070

emission of the refrigerant air is

1425

01:02:04,430 --> 01:02:02,580

coming dioxide but and I would and I

1426

01:02:06,380 --> 01:02:04,440

would respectfully disagree that you

1427

01:02:10,040 --> 01:02:06,390

know that whenever you when I talk to

1428

01:02:11,750 --> 01:02:10,050

the head of the Federal Aviation ABS and

1429

01:02:14,070 --> 01:02:11,760

climate change research initiative and

1430

01:02:17,760 --> 01:02:14,080

he says we want to make clout more

1431

01:02:20,820 --> 01:02:17,770

Wow yeah now that's intent dude that's

1432

01:02:23,130 --> 01:02:20,830

not hey this is an accident hey this is

1433

01:02:25,380 --> 01:02:23,140

just a natural you know occurrence that

1434

01:02:27,660 --> 01:02:25,390

happens right results of you can't say

1435

01:02:29,460 --> 01:02:27,670

the entire world are suddenly agreed to

1436

01:02:31,440 --> 01:02:29,470

use biofuels that's not what they're

1437

01:02:33,990 --> 01:02:31,450

talking about that no but the leaders of

1438

01:02:37,560 --> 01:02:34,000

the organizations that are in control of

1439

01:02:39,960 --> 01:02:37,570

aviation have agreed that contrail

1440

01:02:44,700 --> 01:02:39,970

mitigation through the use of biofuels

1441

01:02:45,210 --> 01:02:44,710

and or sulfur fuel doping is the way to

1442

01:02:47,700 --> 01:02:45,220

go

1443

01:02:50,400 --> 01:02:47,710

that is their plan that is what the

1444

01:02:52,920 --> 01:02:50,410

current plan is so I've done to disagree

1445

01:02:55,380 --> 01:02:52,930

with you that maybe we can you can look

1446

01:02:57,870 --> 01:02:55,390

at this a pipeline and all right well

1447

01:02:59,580 --> 01:02:57,880

then I was saying when we get on this

1448

01:03:01,770 --> 01:02:59,590

I'll send you an interview I did with

1449

01:03:04,290 --> 01:03:01,780

dr. Daniel Rosenfeld from the Hebrew

1450

01:03:06,900 --> 01:03:04,300

University of Jerusalem and he fully

1451
01:03:08,820 --> 01:03:06,910
agreed with what I was saying and he is

1452
01:03:12,000 --> 01:03:08,830
one of the top cloud seeding scientists

1453
01:03:16,250 --> 01:03:12,010
on the planet that basically the what

1454
01:03:19,950 --> 01:03:16,260
may be considered just mitigation is

1455
01:03:22,170 --> 01:03:19,960
active geoengineering the the idea that

1456
01:03:25,470 --> 01:03:22,180
we would create clouds by day nine by

1457
01:03:27,390 --> 01:03:25,480
night that that is a stated goal just by

1458
01:03:32,280 --> 01:03:27,400
stating that goal it goes from being

1459
01:03:34,710 --> 01:03:32,290
accidental to intent let's just look at

1460
01:03:37,230 --> 01:03:34,720
that real quick like creating clouds by

1461
01:03:40,680 --> 01:03:37,240
day and done by night you can't do that

1462
01:03:42,960 --> 01:03:40,690
just by modifying the fuel of course

1463
01:03:45,240 --> 01:03:42,970

you'd also have to fly modify flight

1464

01:03:47,070 --> 01:03:45,250

patterns in fact most of what you would

1465

01:03:49,380 --> 01:03:47,080

have to do is modify the flight patterns

1466

01:03:52,410 --> 01:03:49,390

is in fact it's entirely the in advance

1467

01:03:54,780 --> 01:03:52,420

the entirety of that scheme is modifying

1468

01:03:57,210 --> 01:03:54,790

flight patterns so that you've you route

1469

01:04:00,000 --> 01:03:57,220

the planes either around or through ice

1470

01:04:01,580 --> 01:04:00,010

supersaturated regions the modifications

1471

01:04:05,190 --> 01:04:01,590

of the fuel really doesn't do that much

1472

01:04:09,530 --> 01:04:05,200

well that I would argue with yet by

1473

01:04:13,980 --> 01:04:09,540

stating that I have about 10 separate

1474

01:04:16,170 --> 01:04:13,990

patents from rolls-royce to Airbus where

1475

01:04:19,470 --> 01:04:16,180

they state that they could use two by

1476

01:04:22,320 --> 01:04:19,480

two fuels in one tank in one aircraft

1477

01:04:25,650 --> 01:04:22,330

one part biofuel one part you know

1478

01:04:27,510 --> 01:04:25,660

old-style jp-8 or jet a and that a

1479

01:04:30,330 --> 01:04:27,520

mixture of the two using

1480

01:04:32,040 --> 01:04:30,340

the engines electronic control unit that

1481

01:04:35,430 --> 01:04:32,050

they could regulate the production of

1482

01:04:39,540 --> 01:04:35,440

clouds also that na recently paid

1483

01:04:44,550 --> 01:04:39,550

release paper so it was a party at Sol

1484

01:04:47,400 --> 01:04:44,560

2015 they said we would use ultra low

1485

01:04:50,160 --> 01:04:47,410

sulfur jet fuel on takeoff and fuel

1486

01:04:52,920 --> 01:04:50,170

doped with sulfur at altitude which

1487

01:04:55,710 --> 01:04:52,930

would release reduce mortality around

1488

01:04:59,100 --> 01:04:55,720

airports and that would cool the planet

1489

01:05:01,140 --> 01:04:59,110

by injecting sulfur at altitude so

1490

01:05:02,970 --> 01:05:01,150

reducing mortality is probably the prime

1491

01:05:04,620 --> 01:05:02,980

driver they're reducing my illusion

1492

01:05:07,230 --> 01:05:04,630

around that boss is a much bigger

1493

01:05:09,890 --> 01:05:07,240

problem in most people's minds than the

1494

01:05:14,280 --> 01:05:09,900

actual difference you can make by

1495

01:05:16,260 --> 01:05:14,290

changing the fuel at altitude but what I

1496

01:05:18,810 --> 01:05:16,270

would say is that if you look at this in

1497

01:05:20,670 --> 01:05:18,820

totality I mean and that's what I try to

1498

01:05:22,830 --> 01:05:20,680

do I try to look at the macro of things

1499

01:05:25,790 --> 01:05:22,840

what's the overarching theme here and

1500

01:05:29,910 --> 01:05:25,800

the overarching theme seems to me that

1501

01:05:32,220 --> 01:05:29,920

there is much more to do about this

1502

01:05:34,920 --> 01:05:32,230

cloud problem than just simply

1503

01:05:38,190 --> 01:05:34,930

dismissing it as its natural

1504

01:05:40,200 --> 01:05:38,200

condensation nothing to see here

1505

01:05:42,750 --> 01:05:40,210

which is the natural response you're

1506

01:05:48,020 --> 01:05:42,760

gonna get if you call the FAA or the

1507

01:05:55,200 --> 01:05:50,609

organizations to here completely natural

1508

01:05:57,270 --> 01:05:55,210

but at the same time with the projected

1509

01:05:59,580 --> 01:05:57,280

increase in flights with the amount of

1510

01:06:03,270 --> 01:05:59,590

fuel you burned each year with the

1511

01:06:05,810 --> 01:06:03,280

effects that you know switching to algae

1512

01:06:08,700 --> 01:06:05,820

based chicken fat and a more complicated

1513

01:06:11,550 --> 01:06:08,710

yeah it's a very nuanced you know

1514

01:06:14,880 --> 01:06:11,560

problem and that's I try to focus on all

1515

01:06:16,890 --> 01:06:14,890

of it simultaneously no I think I agree

1516

01:06:19,800 --> 01:06:16,900

with well we could have gone over an

1517

01:06:21,960 --> 01:06:19,810

hour here what are you going to be doing

1518

01:06:27,330 --> 01:06:21,970

in the future with us this type of thing

1519

01:06:30,060 --> 01:06:27,340

I mean honestly you like I kind of feel

1520

01:06:32,430 --> 01:06:30,070

like I'm more than set out to do what I

1521

01:06:35,040 --> 01:06:32,440

intended to do I mean I created weather

1522

01:06:37,320 --> 01:06:35,050

modification history.com to document it

1523

01:06:40,620 --> 01:06:37,330

all in a timeline format

1524

01:06:44,490 --> 01:06:40,630

I've been cited by Harvard MIT

1525

01:06:47,550 --> 01:06:44,500

Nations environmental program export.gov

1526

01:06:51,780 --> 01:06:47,560

like this this is just a hobby that you

1527

01:06:53,910 --> 01:06:51,790

know I do for fun because I'm interested

1528

01:06:56,670 --> 01:06:53,920

in the topic and I want more people to

1529

01:06:58,880 --> 01:06:56,680

know about weather modification space

1530

01:07:01,800 --> 01:06:58,890

weather modification ionosphere heaters

1531

01:07:04,020 --> 01:07:01,810

all of these technologies because I

1532

01:07:06,720 --> 01:07:04,030

don't think the layperson the general

1533

01:07:09,780 --> 01:07:06,730

public know that it's even a thing Wow

1534

01:07:11,940 --> 01:07:09,790

yeah we listen to the news and we hear

1535

01:07:15,420 --> 01:07:11,950

that every single severe weather event

1536

01:07:17,790 --> 01:07:15,430

is based on climate change and they

1537

01:07:20,130 --> 01:07:17,800

never mentioned the climate change errs

1538

01:07:22,890 --> 01:07:20,140

the people who are intentionally

1539

01:07:26,730 --> 01:07:22,900

changing the weather I think that that's

1540

01:07:29,220 --> 01:07:26,740

absolutely freaking ridiculous and again

1541

01:07:31,440 --> 01:07:29,230

I would restate that all of the people

1542

01:07:35,520 --> 01:07:31,450

talking about climate change know that

1543

01:07:36,990 --> 01:07:35,530

their models are flawed and I'll leave

1544

01:07:40,350 --> 01:07:37,000

you with this Lawrence Livermore

1545

01:07:43,400 --> 01:07:40,360

National Lab Teller wouldn't hide you

1546

01:07:46,950 --> 01:07:43,410

know I'm talking about Edward Teller

1547

01:07:49,560 --> 01:07:46,960

Lowood and Rodrick Hyde published a

1548

01:07:51,630 --> 01:07:49,570

paper in 1994 about the Pinatubo effect

1549

01:07:54,000 --> 01:07:51,640

from Lawrence Livermore National Lab and

1550

01:07:55,680 --> 01:07:54,010

they said you know this is how we long

1551

01:07:57,510 --> 01:07:55,690

term stabilization of the climate

1552

01:08:01,410 --> 01:07:57,520

through spray and crap in the sky and

1553

01:08:02,220 --> 01:08:01,420

then the next 1997 their second paper

1554

01:08:04,380 --> 01:08:02,230

came out

1555

01:08:06,330 --> 01:08:04,390

that's when ken caldera comes into the

1556

01:08:08,460 --> 01:08:06,340

mix and Ken caldera was working at

1557

01:08:11,310 --> 01:08:08,470

Lawrence Livermore and he made a

1558

01:08:12,840 --> 01:08:11,320

computer model and he plugged in all the

1559

01:08:16,050 --> 01:08:12,850

numbers and he said you know this

1560

01:08:18,000 --> 01:08:16,060

geoengineering idea it would be great it

1561

01:08:19,980 --> 01:08:18,010

would actually you know increase you

1562

01:08:21,960 --> 01:08:19,990

know plants would grow better and

1563

01:08:24,570 --> 01:08:21,970

everything would be just hunky-dory and

1564

01:08:25,380 --> 01:08:24,580

then they wrote their third paper and

1565

01:08:27,420 --> 01:08:25,390

everything was fine

1566

01:08:30,420 --> 01:08:27,430

well then I've come to find out that

1567

01:08:33,150 --> 01:08:30,430

Bill Gates Ken caldera John Latham

1568

01:08:35,970 --> 01:08:33,160

Steven Salter are all on the same patent

1569

01:08:38,490 --> 01:08:35,980

for steering hurricanes and then I find

1570

01:08:40,800 --> 01:08:38,500

out that King caldera Bill Gates

1571

01:08:43,770 --> 01:08:40,810

Nathan merb hold the patent troll are

1572

01:08:46,320 --> 01:08:43,780

all on a patent for cloud ionisers they

1573

01:08:49,020 --> 01:08:46,330

can rent to farmers to put out in their

1574

01:08:52,350 --> 01:08:49,030

field to make the clouds either go away

1575

01:08:54,059 --> 01:08:52,360

make them rain all this stuff so you've

1576

01:08:56,099 --> 01:08:54,069

got these guys who are claiming

1577

01:08:58,530 --> 01:08:56,109

they want to save the planet for good

1578

01:09:00,329 --> 01:08:58,540

reasons because of global warming but

1579

01:09:02,339 --> 01:09:00,339

they're also out there making patents

1580

01:09:05,189 --> 01:09:02,349

for weather modification steering

1581

01:09:06,780 --> 01:09:05,199

hurricanes and the Department of

1582

01:09:10,229 --> 01:09:06,790

Homeland Security had the hurricane

1583

01:09:15,660 --> 01:09:10,239

modification workshop in 2008 who shows

1584

01:09:18,209 --> 01:09:15,670

up John Latham Geoengineer is a big big

1585

01:09:21,720 --> 01:09:18,219

it I think because firstly but you think

1586

01:09:24,030 --> 01:09:21,730

is ulterior motives I think it's my

1587

01:09:26,789 --> 01:09:24,040

monetary issue you know I mean I mean

1588

01:09:29,879 --> 01:09:26,799

when David Keith owns carbon engineering

1589

01:09:33,569 --> 01:09:29,889

and he knows that he's got money to be

1590

01:09:36,059 --> 01:09:33,579

made if CDR you know direct carbon

1591

01:09:38,220 --> 01:09:36,069

capture ever gets government funding

1592

01:09:39,930 --> 01:09:38,230

he's gonna be filthy rich when king

1593

01:09:42,629 --> 01:09:39,940

caldera has all his patents and of

1594

01:09:45,269 --> 01:09:42,639

course in private emails Ken's told me

1595

01:09:48,419 --> 01:09:45,279

multiple times I would donate all my

1596

01:09:52,459 --> 01:09:48,429

money if these patents were ever used

1597

01:09:54,569 --> 01:09:52,469

you know I'm not in this for the money I

1598

01:09:56,939 --> 01:09:54,579

see ulterior motives

1599

01:09:58,770 --> 01:09:56,949

to all of these individuals and at the

1600

01:10:00,810 --> 01:09:58,780

end of the day at all it all usually

1601

01:10:04,350 --> 01:10:00,820

goes back to money with Chris fallen

1602

01:10:06,390 --> 01:10:04,360

from HAARP I see a nerd who's interested

1603

01:10:08,939 --> 01:10:06,400

in electric science and radio science I

1604

01:10:10,319 --> 01:10:08,949

mean he's a cool cat I like talking to

1605

01:10:13,919 --> 01:10:10,329

him I'm looking forward to interviewing

1606

01:10:16,319 --> 01:10:13,929

him but at the same time we're finding

1607

01:10:18,720 --> 01:10:16,329

out more and more everyday about the you

1608

01:10:21,030 --> 01:10:18,730

know the connections between the

1609

01:10:22,530 --> 01:10:21,040

electrical environment surrounding our

1610

01:10:25,290 --> 01:10:22,540

you know planet the ionosphere

1611

01:10:29,069 --> 01:10:25,300

atmosphere and terrestrial weather I

1612

01:10:33,149 --> 01:10:29,079

mean this is not known science and every

1613

01:10:34,740 --> 01:10:33,159

day we learn more about it so and well

1614

01:10:37,169 --> 01:10:34,750

maybe we should have another another

1615

01:10:41,780 --> 01:10:37,179

discussion about so that's a big Harpe

1616

01:10:47,280 --> 01:10:45,270

I'll just so merrily state that well I

1617

01:10:50,100 --> 01:10:47,290

believe everybody blames heart for

1618

01:10:53,669 --> 01:10:50,110

controlling the weather and steering the

1619

01:10:57,800 --> 01:10:53,679

jet stream but that is complete BS I've

1620

01:11:02,129 --> 01:10:57,810

said so to Chris I know this to be true

1621

01:11:05,250 --> 01:11:02,139

and but at the same time I'm you've got

1622

01:11:07,180 --> 01:11:05,260

two companies climate control global

1623

01:11:10,360 --> 01:11:07,190

trading LLC out of Dubai

1624

01:11:13,570 --> 01:11:10,370

on the United Arab Emirates they claim

1625

01:11:16,200 --> 01:11:13,580

to steer atmospheric rivers my doctor

1626

01:11:18,879 --> 01:11:16,210

I'm dr. David miles from Miles research

1627

01:11:21,459 --> 01:11:18,889

formerly of aqueous I interviewed him

1628

01:11:24,399 --> 01:11:21,469

says he steers atmospheric rivers

1629

01:11:26,910 --> 01:11:24,409

weather generator dotnet there another

1630

01:11:29,879 --> 01:11:26,920

company out of the United Arab Emirates

1631

01:11:32,470 --> 01:11:29,889

using cloud ionisers to steer

1632

01:11:35,080 --> 01:11:32,480

atmospheric rivers so that ice is

1633

01:11:37,149 --> 01:11:35,090

everybody blame it hard and then you've

1634

01:11:40,689 --> 01:11:37,159

got these companies literally online

1635

01:11:43,570 --> 01:11:40,699

with website saying we do that and you

1636

01:11:47,250 --> 01:11:43,580

can pay us to do that so yeah probably

1637

01:11:50,590 --> 01:11:47,260

concise I think they seem to be Monday

1638

01:11:53,830 --> 01:11:50,600

rain dance type of people with what

1639

01:11:55,810 --> 01:11:53,840

countries around Jane's Roger Fleming

1640

01:11:59,439 --> 01:11:55,820

would agree with you when he talks about

1641

01:12:01,959 --> 01:11:59,449

the the three cycles of the pathological

1642

01:12:05,290 --> 01:12:01,969

weather modifiers you know hope hype and

1643

01:12:07,930 --> 01:12:05,300

you know all of that that you in the in

1644

01:12:13,330 --> 01:12:07,940

the age of pliva culture which was you

1645

01:12:16,300 --> 01:12:13,340

know from 1918 to 1946 there were rain

1646

01:12:19,300 --> 01:12:16,310

makers they made promises they never

1647

01:12:22,300 --> 01:12:19,310

delivered 1946 for president we've had

1648

01:12:23,800 --> 01:12:22,310

cloud seeding they make promises they

1649

01:12:26,649 --> 01:12:23,810

can't prove anything that they're doing

1650

01:12:28,959 --> 01:12:26,659

is actually having an effect and now

1651
01:12:31,419 --> 01:12:28,969
we've got the third phase geoengineering

1652
01:12:34,000 --> 01:12:31,429
they're making promises they don't know

1653
01:12:36,070 --> 01:12:34,010
what the outcomes will be and they're

1654
01:12:39,160 --> 01:12:36,080
basically writing a check they're asking

1655
01:12:41,140 --> 01:12:39,170
it cash and making promises that do you

1656
01:12:43,390 --> 01:12:41,150
engineering people because they haven't

1657
01:12:45,040 --> 01:12:43,400
touched the promised that are going to

1658
01:12:46,450 --> 01:12:45,050
do things they said there's potential of

1659
01:12:51,100 --> 01:12:46,460
the technology but I'm not saying they

1660
01:12:55,090 --> 01:12:51,110
can do this and that they will work well

1661
01:12:56,770 --> 01:12:55,100
I would say that that if you look a

1662
01:12:59,260 --> 01:12:56,780
little deeper into it and you look at

1663
01:13:02,169 --> 01:12:59,270

things like John Podesta and Hillary

1664

01:13:05,320 --> 01:13:02,179

Clinton's super PAC that were meeting

1665

01:13:08,140 --> 01:13:05,330

right before cop cop21 to Paris Accord

1666

01:13:10,990 --> 01:13:08,150

they were specifically saying hey you

1667

01:13:13,030 --> 01:13:11,000

know we're gonna we're actually gonna

1668

01:13:14,709 --> 01:13:13,040

try to make get funding for

1669

01:13:17,399 --> 01:13:14,719

geoengineering we think it's a great

1670

01:13:20,500 --> 01:13:17,409

idea but God's sakes don't mention

1671

01:13:23,680 --> 01:13:20,510

geoengineering until cop21 is

1672

01:13:26,410 --> 01:13:23,690

and would sing and the day it was over

1673

01:13:29,860 --> 01:13:26,420

with academics call for geoengineering

1674

01:13:32,680 --> 01:13:29,870

in wake of Paris Accords deadly flaws

1675

01:13:34,720 --> 01:13:32,690

yeah well so there's a lot of things

1676

01:13:36,430 --> 01:13:34,730

that we could talk about and which we

1677

01:13:40,300 --> 01:13:36,440

had a bit more time but I do have

1678

01:13:43,420 --> 01:13:40,310

various now so thank you very much Jim

1679

01:13:46,810 --> 01:13:43,430

very interesting conversation well I

1680

01:13:50,680 --> 01:13:46,820

appreciate you having me on make it's

1681

01:13:53,800 --> 01:13:50,690

been a long interesting ride discussing

1682

01:13:57,310 --> 01:13:53,810

cakes with you and yeah I look forward

1683

01:13:59,950 --> 01:13:57,320

to doing this again sometime yeah you're

1684

01:14:05,080 --> 01:13:59,960

you're know pleasantly known as the

1685

01:14:08,260 --> 01:14:05,090

Darth Vader of chemtrails reason yeah

1686

01:14:11,050 --> 01:14:08,270

well I mean you you serve a purpose and

1687

01:14:13,720 --> 01:14:11,060

I mean honestly you you you've educated

1688

01:14:18,340 --> 01:14:13,730

me on certain things I I like to look at

1689

01:14:20,500 --> 01:14:18,350

your website and then go yeah I see

1690

01:14:22,750 --> 01:14:20,510

where he's telling the truth here I

1691

01:14:26,490 --> 01:14:22,760

don't agree with him on this fully

1692

01:14:29,320 --> 01:14:26,500

because I know this but I think that you

1693

01:14:32,620 --> 01:14:29,330

overall you your hearts in the right

1694

01:14:36,160 --> 01:14:32,630

place I agree with you that a lot of

1695

01:14:38,980 --> 01:14:36,170

people believe way too many crazy ideas

1696

01:14:41,230 --> 01:14:38,990

about chemtrails in fact it to be quite

1697

01:14:43,960 --> 01:14:41,240

honest with you for me personally it is

1698

01:14:48,010 --> 01:14:43,970

my least pleasurable thing to talk about

1699

01:14:50,650 --> 01:14:48,020

because every time I speak my mind and

1700

01:14:56,050 --> 01:14:50,660

say exactly what I feel you know they

1701

01:14:59,050 --> 01:14:56,060

come out of the Woodworks to it but just
