INFOWA.

JASON BERMAS

PRODUCER of

LOOSE CHANGE,

INVISIBLE EMPIRE

on Bermas

1
00:00:07,070 --> 00:00:04,670
welcome details from the rabbit-hole I'm

2
00:00:09,640 --> 00:00:07,080
your host Nick West my guest today is

3
00:00:11,540 --> 00:00:09,650
Jason burma's Jason Burma's is a

4
00:00:13,580 --> 00:00:11,550
documentary film producer

5
00:00:16,550 --> 00:00:13,590
perhaps most well known for his

6
00:00:17,990 --> 00:00:16,560
involvement with loose change but he

7
00:00:23,240 --> 00:00:18,000
also has several other documentaries

8
00:00:24,830 --> 00:00:23,250
such as shade and invisible Empire Jason

9
00:00:26,990 --> 00:00:24,840
welcome to tales from the rabbit hole

10
00:00:28,960 --> 00:00:27,000
well thank you so much for having me I

11
00:00:32,120 --> 00:00:28,970
know we've been back and forth for years

12
00:00:33,799 --> 00:00:32,130
via Twitter and other methods but we've

13
00:00:34,819 --> 00:00:33,809

never really talked in person so I

14

00:00:36,709 --> 00:00:34,829

thought this was a nice little

15

00:00:39,260 --> 00:00:36,719

opportunity I've seen your stuff on

16

00:00:40,729 --> 00:00:39,270

Rogen I've been to metabolic you know

17

00:00:43,190 --> 00:00:40,739

there are certain things I absolutely

18

00:00:45,110 --> 00:00:43,200

agree with you on and I think it's gonna

19

00:00:46,970 --> 00:00:45,120

be an interesting conversation yeah yeah

20

00:00:49,220 --> 00:00:46,980

I've been interested I've been following

21

00:00:51,290 --> 00:00:49,230

you for a long time and we we've kind of

22

00:00:54,139 --> 00:00:51,300

crossed paths on a variety of things

23

00:00:56,569 --> 00:00:54,149

like everything from 9/11 to to

24

00:00:59,479 --> 00:00:56,579

chemtrails sure over the years and you

25

00:01:00,860 --> 00:00:59,489

know other other various you know things

26

00:01:01,910 --> 00:01:00,870

that I'm interested in and your interest

27

00:01:04,729 --> 00:01:01,920

is in but we're kind of coming at it

28

00:01:07,370 --> 00:01:04,739

from different sides of the topic you're

29

00:01:10,010 --> 00:01:07,380

more of a I guess a conspiracy theorist

30

00:01:12,020 --> 00:01:10,020

and I'm more of a debunk yeah which both

31

00:01:15,530 --> 00:01:12,030

but just have kind of negative

32

00:01:16,760 --> 00:01:15,540

connotations on both sides but do you

33

00:01:18,740 --> 00:01:16,770

describe yourself as a conspiracy

34

00:01:21,230 --> 00:01:18,750

theorist or do you have opinion that's

35

00:01:23,660 --> 00:01:21,240

uh I know that's the big thing but for

36

00:01:26,420 --> 00:01:23,670

me and as like conspiracy theorist I

37

00:01:29,510 --> 00:01:26,430

guess I feel like I'd have to be putting

38

00:01:31,249 --> 00:01:29,520

more out there or you know you know

39

00:01:32,960 --> 00:01:31,259

there's plenty I mean we could talk I'm

40

00:01:35,480 --> 00:01:32,970

sure we will we'll talk about to the

41

00:01:38,210 --> 00:01:35,490

stars Academy UFO is for instance that

42

00:01:40,640 --> 00:01:38,220

was something that was you know when I

43

00:01:42,080 --> 00:01:40,650

was a kid I got interested in and you

44

00:01:44,749 --> 00:01:42,090

know with everything that was out there

45

00:01:45,980 --> 00:01:44,759

you know the alien autopsy Fox was

46

00:01:47,749 --> 00:01:45,990

pushing it you know there's like 12

47

00:01:50,300 --> 00:01:47,759

channels at the time I remember I had

48

00:01:51,980 --> 00:01:50,310

the time-life series and one of the

49

00:01:53,480 --> 00:01:51,990

things that put me off on that time-life

50

00:01:55,219 --> 00:01:53,490

series was that a lot of it had to do

51
00:01:58,520 --> 00:01:55,229
with paranormal right so I get like

52
00:02:00,590 --> 00:01:58,530
ghost ones and the psychic ones etc etc

53
00:02:02,510 --> 00:02:00,600
and I was more interested in you know

54
00:02:03,380 --> 00:02:02,520
seeing pictures of maybe craft that I

55
00:02:05,569 --> 00:02:03,390
hadn't seen before

56
00:02:07,520 --> 00:02:05,579
and the big push then were aliens but

57
00:02:10,490 --> 00:02:07,530
you know through my research over the

58
00:02:13,670 --> 00:02:10,500
last 20 plus years there's very little

59
00:02:16,490 --> 00:02:13,680
if any evidence of extraterrestrial life

60
00:02:19,880 --> 00:02:16,500
there's plenty of evidence for you know

61
00:02:21,470 --> 00:02:19,890
black craft in other words black budget

62
00:02:23,990 --> 00:02:21,480
vehicles that aren't shared with the

63
00:02:25,220 --> 00:02:24,000

public for some time and trying to get

64

00:02:26,569 --> 00:02:25,230

there and I thought that Auntie

65

00:02:29,869 --> 00:02:26,579

Jacobson's book I don't know if you read

66

00:02:31,610 --> 00:02:29,879

area 51 yet but it's it's a must read

67

00:02:34,250 --> 00:02:31,620

she did Rogen's podcast as well but she

68

00:02:37,009 --> 00:02:34,260

has two other books and they're DARPA

69

00:02:38,530 --> 00:02:37,019

and they're the other what DARPA is the

70

00:02:41,390 --> 00:02:38,540

Pentagon's brain and she did one on

71

00:02:44,149 --> 00:02:41,400

paperclip - I'm interested in all things

72

00:02:47,059 --> 00:02:44,159

and she sat it on a take for instance

73

00:02:48,470 --> 00:02:47,069

that Roswell and not that I agree with

74

00:02:50,360 --> 00:02:48,480

her or know that it's true but I thought

75

00:02:53,119 --> 00:02:50,370

it was interesting that Roswell was

76

00:02:55,129 --> 00:02:53,129

actually Stalin who had got in the craft

77

00:02:58,250 --> 00:02:55,139

technology that Nazis had work on

78

00:03:00,530 --> 00:02:58,260

specifically the Horten brothers and he

79

00:03:02,300 --> 00:03:00,540

had crashed that craft there with

80

00:03:04,819 --> 00:03:02,310

genetically modified humans and

81

00:03:07,190 --> 00:03:04,829

throughout the book other than just area

82

00:03:09,649 --> 00:03:07,200

51 how it was created by the CIA etc it

83

00:03:11,929 --> 00:03:09,659

talks about you know the experimentation

84

00:03:14,330 --> 00:03:11,939

the Department of Energy and others were

85

00:03:16,399 --> 00:03:14,340

doing on human beings that Clinton would

86

00:03:18,379 --> 00:03:16,409

later you know go public about and at

87

00:03:19,640 --> 00:03:18,389

least talk about some of it so you know

88

00:03:21,530 --> 00:03:19,650

those are the type of things that are

89

00:03:22,640 --> 00:03:21,540

really interesting you know you before

90

00:03:24,349 --> 00:03:22,650

we went alive you said you'd watched

91

00:03:26,030 --> 00:03:24,359

invisible Empire I'm sure you think some

92

00:03:29,719 --> 00:03:26,040

of that it's slated and we can get into

93

00:03:31,879 --> 00:03:29,729

it but to me there is you know no matter

94

00:03:33,710 --> 00:03:31,889

I don't think a bunch of people sit at a

95

00:03:35,659 --> 00:03:33,720

table and they're like New World Order

96

00:03:37,729 --> 00:03:35,669

time that's not how the world works but

97

00:03:41,059 --> 00:03:37,739

I do think there are driving forces out

98

00:03:42,920 --> 00:03:41,069

there that meet that collude that are

99

00:03:45,920 --> 00:03:42,930

Pro globalism and they often use that

100

00:03:47,960 --> 00:03:45,930

term and when you get to that term what

101
00:03:49,670 --> 00:03:47,970
is it you know even Franklin Delano

102
00:03:51,710 --> 00:03:49,680
Roosevelt I put it in you know the intro

103
00:03:54,399 --> 00:03:51,720
of my film talks about Hitler's version

104
00:03:56,899 --> 00:03:54,409
of it and it's the regimentation of all

105
00:03:59,719 --> 00:03:56,909
human beings and I do see a push for

106
00:04:02,149 --> 00:03:59,729
that Nick it was interesting like an

107
00:04:04,610 --> 00:04:02,159
invisible Empire you talk about New

108
00:04:05,449 --> 00:04:04,620
World Order you talk about you have this

109
00:04:07,219 --> 00:04:05,459
kind of collage

110
00:04:10,129 --> 00:04:07,229
at the start there's about 20 minutes

111
00:04:11,599 --> 00:04:10,139
long of every single instance of New

112
00:04:14,539 --> 00:04:11,609
World Order that you could possibly find

113
00:04:16,339 --> 00:04:14,549

well I was because if you go to the

114

00:04:19,460 --> 00:04:16,349

credits on that you know that there's an

115

00:04:21,080 --> 00:04:19,470

even longer collage and idea even then I

116

00:04:23,480 --> 00:04:21,090

didn't put and this is you know when I

117

00:04:25,310 --> 00:04:23,490

made that film in 2010 it was actually a

118

00:04:27,530 --> 00:04:25,320

lot harder to get those video clips you

119

00:04:30,020 --> 00:04:27,540

know for instance span is

120

00:04:31,640 --> 00:04:30,030

one of my my biggest sources Vanderbilt

121

00:04:33,560 --> 00:04:31,650

archive was another place I was going

122

00:04:36,140 --> 00:04:33,570

for news archives you need transcripts

123

00:04:38,450 --> 00:04:36,150

yeah exactly I would have to go through

124

00:04:39,950 --> 00:04:38,460

transcripts and kinda hope I'd get a

125

00:04:41,780 --> 00:04:39,960

video clip or something

126

00:04:43,190 --> 00:04:41,790

especially with Vanderbilt you know they

127

00:04:44,960 --> 00:04:43,200

would only give you a synopsis they

128

00:04:46,880 --> 00:04:44,970

would not give you the full transcript

129

00:04:49,310 --> 00:04:46,890

of the thing so you know I was rolling

130

00:04:51,230 --> 00:04:49,320

dice and with that you know before I get

131

00:04:53,690 --> 00:04:51,240

into the quilt montage which i think is

132

00:04:55,700 --> 00:04:53,700

about five five plus minutes I talked

133

00:04:58,550 --> 00:04:55,710

about a guy named Samuel Zane bad right

134

00:05:00,890 --> 00:04:58,560

and his book from the early 1900's

135

00:05:02,330 --> 00:05:00,900

called New World Order and he comes at

136

00:05:04,520 --> 00:05:02,340

it as more of this Christian perspective

137

00:05:06,440 --> 00:05:04,530

but when it gets down to it you know in

138

00:05:08,570 --> 00:05:06,450

that book and anyone get the PDF it

139

00:05:10,520 --> 00:05:08,580

really is about collectivism now again

140

00:05:12,860 --> 00:05:10,530

it takes that spiritual context it's Pro

141

00:05:16,370 --> 00:05:12,870

Christian etc but it talks about again

142

00:05:18,680 --> 00:05:16,380

this one world order so on my point

143

00:05:21,770 --> 00:05:18,690

being that you know the more and more

144

00:05:24,560 --> 00:05:21,780

say we talk about China being bad right

145

00:05:26,540 --> 00:05:24,570

they have a driving technological force

146

00:05:28,310 --> 00:05:26,550

where they are trying to control their

147

00:05:30,320 --> 00:05:28,320

people through a social credit score and

148

00:05:32,210 --> 00:05:30,330

surveillance right we should be against

149

00:05:34,640 --> 00:05:32,220

that but at the same time they've been

150

00:05:37,130 --> 00:05:34,650

westernized they're wearing you know our

151

00:05:39,200 --> 00:05:37,140

style of clothing they have kpop all

152

00:05:40,580 --> 00:05:39,210

around you know the they've they've kind

153

00:05:42,950 --> 00:05:40,590

of integrated and at the same time on

154

00:05:45,110 --> 00:05:42,960

our end although we've been westernized

155

00:05:47,900 --> 00:05:45,120

we take more and more of this track

156

00:05:49,070 --> 00:05:47,910

trace database technology I mean that's

157

00:05:49,970 --> 00:05:49,080

one of the reasons I wanted to talk to

158

00:05:52,310 --> 00:05:49,980

you know I thought one of the more

159

00:05:54,560 --> 00:05:52,320

interesting things rogon about was deep

160

00:05:56,660 --> 00:05:54,570

fakes and I think that's a subject that

161

00:05:59,030 --> 00:05:56,670

is super interesting because like you

162

00:06:01,910 --> 00:05:59,040

said definitely up-and-coming yeah well

163

00:06:04,070 --> 00:06:01,920

your issue I never thought it would get

164

00:06:07,520 --> 00:06:04,080

to the level it is now another word mean

165

00:06:08,930 --> 00:06:07,530

is snaps yeah and I always thought it

166

00:06:10,580 --> 00:06:08,940

would I mean I you know I know that

167

00:06:13,040 --> 00:06:10,590

you're a programmer I find that super

168

00:06:15,140 --> 00:06:13,050

interesting by the way Tony Hawk did you

169

00:06:16,820 --> 00:06:15,150

work for Neversoft is that Julio

170

00:06:19,400 --> 00:06:16,830

I was one of the co-founders and

171

00:06:20,990 --> 00:06:19,410

Neversoft that's see that's a pretty

172

00:06:22,730 --> 00:06:21,000

cool thing you know and that's the other

173

00:06:24,410 --> 00:06:22,740

thing Nick I feel for you because

174

00:06:26,930 --> 00:06:24,420

everybody wants to throw up he's an

175

00:06:29,360 --> 00:06:26,940

agent you know he's a he's this he's

176

00:06:30,800 --> 00:06:29,370

that and I'm like look I you know I've

177

00:06:32,300 --> 00:06:30,810

talked with the guy enough I've seen

178

00:06:33,800 --> 00:06:32,310

enough I I don't know what your private

179

00:06:38,300 --> 00:06:33,810

life is like but I know that we all have

180

00:06:39,980 --> 00:06:38,310

them it's Lance exactly and you know I

181

00:06:41,150 --> 00:06:39,990

know it's been thrown at me that I'm a

182

00:06:44,030 --> 00:06:41,160

disinformation agent

183

00:06:46,250 --> 00:06:44,040

I worked for this or I'm a skill and I'm

184

00:06:48,470 --> 00:06:46,260

just a regular guy trying to make it and

185

00:06:51,740 --> 00:06:48,480

point out things that I think are

186

00:06:53,330 --> 00:06:51,750

interesting and important and you I mean

187

00:06:54,920 --> 00:06:53,340

you made a cultural phenomenon at one

188

00:06:57,590 --> 00:06:54,930

point being never soft I mean that was a

189

00:06:59,660 --> 00:06:57,600

Tony Hawk's one through four and even

190

00:07:01,850 --> 00:06:59,670

into underground were huge games they

191

00:07:05,810 --> 00:07:01,860

were huge cuz of the Zelda I worked on I

192

00:07:07,310 --> 00:07:05,820

he left after after underground and you

193

00:07:09,590 --> 00:07:07,320

know three was the tell you what man

194

00:07:11,180 --> 00:07:09,600

three was the one that uh it got me into

195

00:07:13,130 --> 00:07:11,190

it was great soundtrack got me into

196

00:07:14,140 --> 00:07:13,140

ac/dc when you know that kind of the

197

00:07:18,650 --> 00:07:14,150

background and the Dropkick Murphys

198

00:07:21,200 --> 00:07:18,660

especially so kudos to you and you know

199

00:07:22,820 --> 00:07:21,210

at that time what was that late I think

200

00:07:24,920 --> 00:07:22,830

that the first one I picked up Tony Hawk

201
00:07:26,510 --> 00:07:24,930
three was like gotta be 98 or 99 got it

202
00:07:29,720 --> 00:07:26,520
with a GameCube moment bundle or

203
00:07:31,160 --> 00:07:29,730
whatever yeah time seemed a little more

204
00:07:32,990 --> 00:07:31,170
simple you know we had the birth of the

205
00:07:35,870 --> 00:07:33,000
Internet for instance you know we were

206
00:07:38,600 --> 00:07:35,880
just talking about UFOs and stuff right

207
00:07:41,240 --> 00:07:38,610
in that it was 90s it was the first time

208
00:07:44,270 --> 00:07:41,250
I had access say to PDF files of the

209
00:07:45,740 --> 00:07:44,280
majestic 12 documents that obviously you

210
00:07:47,300 --> 00:07:45,750
know I don't believe are real but I

211
00:07:49,130 --> 00:07:47,310
could read them you know I could read

212
00:07:51,590 --> 00:07:49,140
the MKULTRA documents for the first oh

213
00:07:53,300 --> 00:07:51,600

we were interested in that type of thing

214

00:07:55,430 --> 00:07:53,310

I went before 9/11 because you took oh

215

00:07:58,850 --> 00:07:55,440

yes well Empire how 9/11 was kind of

216

00:08:01,430 --> 00:07:58,860

like a wake up well for me I mean I

217

00:08:03,890 --> 00:08:01,440

bought into the official version through

218

00:08:06,170 --> 00:08:03,900

you know probably the first six months

219

00:08:07,550 --> 00:08:06,180

to a year I had questions on that day I

220

00:08:09,140 --> 00:08:07,560

mean just looking at the things going

221

00:08:10,760 --> 00:08:09,150

down and I you know guess we'll talk

222

00:08:13,520 --> 00:08:10,770

about that run and sauna clip in a

223

00:08:16,100 --> 00:08:13,530

minute but overall you know my biggest

224

00:08:18,530 --> 00:08:16,110

concerns were when I woke up I worked

225

00:08:20,240 --> 00:08:18,540

late night in in that time I was working

226

00:08:21,860 --> 00:08:20,250

at this pizza shop I think till 4:00 or

227

00:08:24,230 --> 00:08:21,870

5:00 in the morning so by the time I

228

00:08:26,300 --> 00:08:24,240

woke up my roommates there all along

229

00:08:28,250 --> 00:08:26,310

island kids you know what I mean they

230

00:08:29,390 --> 00:08:28,260

had to drive through the city I'd been

231

00:08:31,280 --> 00:08:29,400

you know I'd been in the World Trade

232

00:08:32,420 --> 00:08:31,290

Center I'm a New York guy I used to go

233

00:08:34,820 --> 00:08:32,430

to Brooklyn all the time as a kid

234

00:08:36,200 --> 00:08:34,830

they're epic even anywhere you were in

235

00:08:37,580 --> 00:08:36,210

the borough's man you could see them and

236

00:08:40,430 --> 00:08:37,590

you just kind of stare them no matter

237

00:08:42,709 --> 00:08:40,440

what I remember so oh I get the impact

238

00:08:44,209 --> 00:08:42,719

my roommate comes in he tells me the

239

00:08:47,690 --> 00:08:44,219

towers are gone doesn't really register

240

00:08:49,700 --> 00:08:47,700

and I go down i watch about ten minutes

241

00:08:51,860 --> 00:08:49,710

of footage and I'm just like okay well

242

00:08:54,290 --> 00:08:51,870

this is you know I don't know if I can

243

00:08:55,110 --> 00:08:54,300

curse but uh you know is just I was just

244

00:08:57,239 --> 00:08:55,120

like blown away

245

00:08:59,639 --> 00:08:57,249

right let's let's say it that way and I

246

00:09:00,900 --> 00:08:59,649

walked out my back door and another one

247

00:09:02,340 --> 00:09:00,910

of my neighbors who was a Long Island

248

00:09:02,819 --> 00:09:02,350

kid you know this is a little college

249

00:09:04,710 --> 00:09:02,829

town

250

00:09:09,119 --> 00:09:04,720

he's already cursing out bin Laden in

251

00:09:11,129 --> 00:09:09,129

the street and I'm like okay well it's

252

00:09:13,049 --> 00:09:11,139

I'm getting up now and how would they

253

00:09:15,299 --> 00:09:13,059

know and you know just that that kind of

254

00:09:18,030 --> 00:09:15,309

turned me off but it was the birth of

255

00:09:19,889 --> 00:09:18,040

the 24-hour news network you know CNBC I

256

00:09:21,600 --> 00:09:19,899

don't know that was around MSNBC was

257

00:09:23,519 --> 00:09:21,610

around Fox News was around but it wasn't

258

00:09:26,280 --> 00:09:23,529

big you know there was maybe 60 70

259

00:09:27,720 --> 00:09:26,290

channels you not what you yes it was 24

260

00:09:29,280 --> 00:09:27,730

hours coverage after that that was

261

00:09:32,629 --> 00:09:29,290

something I remember about it yeah

262

00:09:36,119 --> 00:09:32,639

everyone ever on the TV yeah I couldn't

263

00:09:37,920 --> 00:09:36,129

everything wants to return a gloat

264

00:09:39,540 --> 00:09:37,930

well at least the first we I remember it

265

00:09:40,980 --> 00:09:39,550

was a big deal when they went live with

266

00:09:43,259 --> 00:09:40,990

Letterman I remember that was the big

267

00:09:44,999 --> 00:09:43,269

deal i I mean IRA lot of this stuff

268

00:09:47,400 --> 00:09:45,009

because it was just such a change in a

269

00:09:50,040 --> 00:09:47,410

flip and honestly that that was kind of

270

00:09:52,290 --> 00:09:50,050

my birth into being a news junkie right

271

00:09:54,900 --> 00:09:52,300

to start following all of these

272

00:09:57,360 --> 00:09:54,910

different things and I specifically

273

00:09:59,489 --> 00:09:57,370

remember man it's it's so hard to find

274

00:10:01,530 --> 00:09:59,499

now I want to say it was Chris Hansen

275

00:10:04,259 --> 00:10:01,540

but it was basically one of these

276

00:10:05,759 --> 00:10:04,269

backdoor arms deals that was going on

277

00:10:08,100 --> 00:10:05,769

with a Pakistani that was an

278

00:10:10,499 --> 00:10:08,110

investigation table and I found that

279

00:10:11,699 --> 00:10:10,509

peculiar but you know again that didn't

280

00:10:13,650 --> 00:10:11,709

register with me that there might be

281

00:10:16,110 --> 00:10:13,660

something more than what what the TV was

282

00:10:17,669 --> 00:10:16,120

telling me about 9/11 and I'm really the

283

00:10:20,519 --> 00:10:17,679

first time I was interested introduced

284

00:10:23,220 --> 00:10:20,529

to the conspiracy was when Fox & Friends

285

00:10:25,650 --> 00:10:23,230

was trashing Theory massan's book

286

00:10:28,079 --> 00:10:25,660

LaPenta gate and even I was just

287

00:10:30,360 --> 00:10:28,089

extremely upset you know it's like yeah

288

00:10:32,610 --> 00:10:30,370

you know eff that guy I can't all the

289

00:10:34,590 --> 00:10:32,620

French will say anything and so it

290

00:10:36,540 --> 00:10:34,600

wasn't until even after that that I

291

00:10:39,989 --> 00:10:36,550

really started questioning everything

292

00:10:41,939 --> 00:10:39,999

and started I guess downloading a bunch

293

00:10:43,559 --> 00:10:41,949

of just archive footage that's what

294

00:10:46,079 --> 00:10:43,569

really set me off when I started

295

00:10:47,639 --> 00:10:46,089

downloading the archive footage you know

296

00:10:51,509 --> 00:10:47,649

there was a specific event that did that

297

00:10:52,980 --> 00:10:51,519

but I read to to I'm not gonna give this

298

00:10:55,350 --> 00:10:52,990

story on you know what triggered me to

299

00:10:57,660 --> 00:10:55,360

do it but I read two different big

300

00:11:01,290 --> 00:10:57,670

websites at the time it was stay at 911

301
00:11:03,509 --> 00:11:01,300
stand down down there and there was 9/11

302
00:11:05,579 --> 00:11:03,519
timeline net not the big timeline that's

303
00:11:08,730 --> 00:11:05,589
out now but it was just a 24 hour

304
00:11:11,100 --> 00:11:08,740
synopsis of of the day

305
00:11:12,630 --> 00:11:11,110
you know from 12 a.m. to 12 a.m. and

306
00:11:14,790 --> 00:11:12,640
there was a short little paragraph about

307
00:11:16,470 --> 00:11:14,800
our military budget how many people were

308
00:11:19,020 --> 00:11:16,480
on the plane some things to get me start

309
00:11:21,020 --> 00:11:19,030
questioning and that that's what set me

310
00:11:23,400 --> 00:11:21,030
off on that pick and I got to tell oh

311
00:11:27,570 --> 00:11:23,410
you know I know it's highly contested

312
00:11:29,040 --> 00:11:27,580
today but even now 18 years later we're

313
00:11:31,320 --> 00:11:29,050

starting to see that at least the Saudi

314

00:11:33,660 --> 00:11:31,330

financing come out right and lawsuits

315

00:11:36,600 --> 00:11:33,670

there I don't know how familiar you are

316

00:11:39,150 --> 00:11:36,610

with the dark overlord data dumps I've

317

00:11:41,690 --> 00:11:39,160

heard of them Biden is that where he it

318

00:11:46,230 --> 00:11:41,700

was less some litigation to look like

319

00:11:48,000 --> 00:11:46,240

but basically engines liability

320

00:11:50,210 --> 00:11:48,010

Christine but you know Silverstein's

321

00:11:52,650 --> 00:11:50,220

properties that's a big part of it right

322

00:11:54,000 --> 00:11:52,660

but one of the bigger parts of it for me

323

00:11:57,000 --> 00:11:54,010

is the family members and their

324

00:11:58,290 --> 00:11:57,010

depositions and the one of the bigger

325

00:12:00,150 --> 00:11:58,300

depositions I mean there's there's

326

00:12:02,280 --> 00:12:00,160

actually talk of the Pakistani ISI

327

00:12:03,510 --> 00:12:02,290

funding and in a couple of the documents

328

00:12:06,120 --> 00:12:03,520

I've gone over that you know the maja

329

00:12:07,290 --> 00:12:06,130

the general mamuno med transfer and

330

00:12:08,730 --> 00:12:07,300

whether they're gonna sue there remember

331

00:12:10,200 --> 00:12:08,740

there's still two parts that haven't

332

00:12:12,090 --> 00:12:10,210

been released you know which are

333

00:12:14,010 --> 00:12:12,100

supposedly have the more damning

334

00:12:15,000 --> 00:12:14,020

information whether it does or not I

335

00:12:16,890 --> 00:12:15,010

don't know

336

00:12:20,040 --> 00:12:16,900

but my most interesting was was the

337

00:12:22,770 --> 00:12:20,050

James Woods testimony you know if you

338

00:12:24,900 --> 00:12:22,780

watch fabled enemies yeah about how he

339

00:12:26,490 --> 00:12:24,910

had been on a flight prior and said that

340

00:12:27,420 --> 00:12:26,500

he had identified the hijackers and

341

00:12:31,110 --> 00:12:27,430

filed a report

342

00:12:34,200 --> 00:12:31,120

so to me I mean the biggest one in this

343

00:12:36,090 --> 00:12:34,210

is that it gave a date it was I believe

344

00:12:39,300 --> 00:12:36,100

it was mid August that this has occurred

345

00:12:43,230 --> 00:12:39,310

it was flight 11 you know and Khalid Al

346

00:12:44,580 --> 00:12:43,240

Modar who especially now is is kind of

347

00:12:46,650 --> 00:12:44,590

in the spotlight because he's the one

348

00:12:48,570 --> 00:12:46,660

that was funded by this Saudi one of the

349

00:12:51,720 --> 00:12:48,580

two right was on that plane

350

00:12:55,260 --> 00:12:51,730

now Modar doesn't hijack 11 he ends up I

351

00:12:57,300 --> 00:12:55,270

believe on 77 right but he's also one of

352

00:13:01,020 --> 00:12:57,310

the ones that's alleged to live with and

353

00:13:02,340 --> 00:13:01,030

rent from an FBI informant so for I mean

354

00:13:05,730 --> 00:13:02,350

you should read the transcript yourself

355

00:13:09,270 --> 00:13:05,740

it's out there for anybody for me when

356

00:13:11,940 --> 00:13:09,280

you have a Hollywood star in first class

357

00:13:14,580 --> 00:13:11,950

taking a stewardess over having the

358

00:13:17,370 --> 00:13:14,590

pilot come out having them all file

359

00:13:19,500 --> 00:13:17,380

reports having if you listen to his

360

00:13:21,780 --> 00:13:19,510

testimony he claims I forget what the

361

00:13:22,530 --> 00:13:21,790

FBI agents name is but he names an FBI

362

00:13:25,470 --> 00:13:22,540

agent that said

363

00:13:28,530 --> 00:13:25,480

yes all those things were filed and then

364

00:13:30,290 --> 00:13:28,540

he also claims that seymour hersh also

365

00:13:32,580 --> 00:13:30,300

verified that all three of those

366

00:13:34,740 --> 00:13:32,590

complaints were filed and they were

367

00:13:38,100 --> 00:13:34,750

talking about these guys hijacking a

368

00:13:39,780 --> 00:13:38,110

plane three weeks before yeah it's an

369

00:13:41,970 --> 00:13:39,790

interesting story I don't know the exact

370

00:13:43,380 --> 00:13:41,980

details but I remember you know talking

371

00:13:45,030 --> 00:13:43,390

about that and people saying it

372

00:13:48,480 --> 00:13:45,040

generally is generally accepted that

373

00:13:51,990 --> 00:13:48,490

that was kind of a dry run for the 9/11

374

00:13:54,060 --> 00:13:52,000

attacks what what's your your your

375

00:13:56,130 --> 00:13:54,070

personal view on where do you draw the

376

00:13:58,230 --> 00:13:56,140

line on conspiracy theories in terms of

377

00:13:59,760 --> 00:13:58,240

you know some people they don't think a

378

00:14:00,870 --> 00:13:59,770

plane hit the Pentagon and things like

379

00:14:02,040 --> 00:14:00,880

that I mean I wouldn't think you'd

380

00:14:04,200 --> 00:14:02,050

obviously that thought but like things

381

00:14:05,940 --> 00:14:04,210

like controlled demolition of the towers

382

00:14:08,040 --> 00:14:05,950

where do you stand on things like that

383

00:14:11,070 --> 00:14:08,050

I I mean you know how I feel about one

384

00:14:12,300 --> 00:14:11,080

two and seven I specially and you know I

385

00:14:15,360 --> 00:14:12,310

don't want to go at meal I'm not a

386

00:14:16,590 --> 00:14:15,370

physicist I think eyes at architects and

387

00:14:20,190 --> 00:14:16,600

engineers have done a great job

388

00:14:22,560 --> 00:14:20,200

I watched not the latest presentation

389

00:14:24,210 --> 00:14:22,570

right I read through that but some it's

390

00:14:26,460 --> 00:14:24,220

gotta be like 18 months ago a former

391

00:14:29,310 --> 00:14:26,470

NIST employee did like a 35 minute

392

00:14:31,800 --> 00:14:29,320

breakdown after leaving NIST and talking

393

00:14:33,360 --> 00:14:31,810

she loved that organization and how he

394

00:14:36,090 --> 00:14:33,370

was kind of taken aback when he started

395

00:14:37,050 --> 00:14:36,100

asking questions about 9/11 I'm not sure

396

00:14:39,270 --> 00:14:37,060

if you've seen that but I'd like to

397

00:14:40,560 --> 00:14:39,280

share that yeah that was work I remember

398

00:14:42,060 --> 00:14:40,570

his name now but he was he wasn't

399

00:14:45,540 --> 00:14:42,070

actually like a mechanical engineer he

400

00:14:47,190 --> 00:14:45,550

was like water water testing and I am it

401
00:14:49,050 --> 00:14:47,200
wasn't I'm not I'm not talking because

402
00:14:52,110 --> 00:14:49,060
obviously Evan Ryan story's different

403
00:14:54,060 --> 00:14:52,120
this is much much new so I'm not I'm not

404
00:14:55,800 --> 00:14:54,070
sure it wasn't in the division where

405
00:14:58,500 --> 00:14:55,810
they were investigating that but he was

406
00:15:02,790 --> 00:14:58,510
some kind of an engineer oh he was uh it

407
00:15:04,740 --> 00:15:02,800
was a mathematician he he he was doing

408
00:15:06,450 --> 00:15:04,750
mathematical visualizations of other

409
00:15:08,670 --> 00:15:06,460
stuff I remember him now I can't

410
00:15:10,860 --> 00:15:08,680
remember his name he's like he's a

411
00:15:14,280 --> 00:15:10,870
programmer basically now and does a

412
00:15:15,810 --> 00:15:14,290
phone apps it was dense but anyway you

413
00:15:17,250 --> 00:15:15,820

know just recently before the

414

00:15:19,770 --> 00:15:17,260

anniversary other than the Willy

415

00:15:21,390 --> 00:15:19,780

Rodriguez story you know I believe that

416

00:15:24,420 --> 00:15:21,400

there were secondary explosives that

417

00:15:25,710 --> 00:15:24,430

were set off that were other that did

418

00:15:29,370 --> 00:15:25,720

had nothing to do with the plane you

419

00:15:31,170 --> 00:15:29,380

know anthem Asya all those guys the

420

00:15:32,820 --> 00:15:31,180

manner in which they come down the blast

421

00:15:34,380 --> 00:15:32,830

points you know we could talk about

422

00:15:36,030 --> 00:15:34,390

pressure the fact that in the beginning

423

00:15:39,000 --> 00:15:36,040

they said you know

424

00:15:42,030 --> 00:15:39,010

yeah you know we had this uh what was it

425

00:15:45,060 --> 00:15:42,040

a pancaking collapsed right that was the

426

00:15:47,400 --> 00:15:45,070

first theory yeah and and again that

427

00:15:49,890 --> 00:15:47,410

changed over time Building seven

428

00:15:51,780 --> 00:15:49,900

especially I mean just look at it you

429

00:15:53,940 --> 00:15:51,790

know the Barry Jennings interview done

430

00:15:55,740 --> 00:15:53,950

we did and then he kind of recanted and

431

00:15:58,260 --> 00:15:55,750

then you know we put the whole thing out

432

00:15:59,970 --> 00:15:58,270

there you know I'm not gonna say that I

433

00:16:01,800 --> 00:15:59,980

don't know what happened to Barry but

434

00:16:03,240 --> 00:16:01,810

shortly after doing that BBC thing you

435

00:16:05,520 --> 00:16:03,250

know he was no longer with us so there's

436

00:16:07,590 --> 00:16:05,530

no really way to clarify that Michael

437

00:16:09,450 --> 00:16:07,600

Hess has never given a public statement

438

00:16:12,390 --> 00:16:09,460

about being in building seven aside from

439

00:16:14,880 --> 00:16:12,400

the news that day right there was a lot

440

00:16:16,320 --> 00:16:14,890

of problems with with Jennings story

441

00:16:18,450 --> 00:16:16,330

they're like you know his timeline

442

00:16:21,030 --> 00:16:18,460

didn't really make sense and you know he

443

00:16:23,100 --> 00:16:21,040

talks about being laid out in the lobby

444

00:16:24,360 --> 00:16:23,110

and stepping over bodies in the lobby of

445

00:16:25,920 --> 00:16:24,370

the World Trade Center said I know it's

446

00:16:29,370 --> 00:16:25,930

you know there was actually footage of

447

00:16:30,600 --> 00:16:29,380

the lobby sir there was how late is that

448

00:16:31,830 --> 00:16:30,610

footage you know that footage in the

449

00:16:34,940 --> 00:16:31,840

lobby

450

00:16:37,830 --> 00:16:34,950

you know I now that what is it there's

451

00:16:39,240 --> 00:16:37,840

first of all it was a lot of people went

452

00:16:40,740 --> 00:16:39,250

in World Trade Center seven like you

453

00:16:41,640 --> 00:16:40,750

know right at the start so there would

454

00:16:42,950 --> 00:16:41,650

have been all the people working in

455

00:16:44,850 --> 00:16:42,960

there and all the people who left

456

00:16:46,260 --> 00:16:44,860

talking about that I'm talking about the

457

00:16:48,120 --> 00:16:46,270

footage that's out there in the public

458

00:16:50,880 --> 00:16:48,130

if you if you go to uh you know I'll

459

00:16:51,900 --> 00:16:50,890

bring this up for the for the public for

460

00:16:53,970 --> 00:16:51,910

anyone that wants to check this out

461

00:16:56,400 --> 00:16:53,980

enhance WTC videos this guy's done a

462

00:16:58,470 --> 00:16:56,410

really great job of getting all the

463

00:17:00,390 --> 00:16:58,480

public missed footage right and that

464

00:17:01,920 --> 00:17:00,400

includes the back of World Trade Center

465

00:17:05,189 --> 00:17:01,930

seven I know they recently put that out

466

00:17:07,290 --> 00:17:05,199

there in the what was it the hundred and

467

00:17:08,910 --> 00:17:07,300

two minutes History Channel on but they

468

00:17:10,800 --> 00:17:08,920

go but in there you see them go up the

469

00:17:12,480 --> 00:17:10,810

escalators etc etc that's after the

470

00:17:14,250 --> 00:17:12,490

first collapse not the second collapse

471

00:17:16,260 --> 00:17:14,260

you know I'm I know I had pieces out

472

00:17:17,939 --> 00:17:16,270

there this is a great resource for

473

00:17:20,100 --> 00:17:17,949

people I mean this is just the raw

474

00:17:22,079 --> 00:17:20,110

footage that that basically miss Scott

475

00:17:24,600 --> 00:17:22,089

this guy doubled over the frames and

476

00:17:27,689 --> 00:17:24,610

he's resat rated him a little he's a

477

00:17:30,600 --> 00:17:27,699

good job I'd say this you know we can

478

00:17:36,270 --> 00:17:30,610

question that but you know buildings

479

00:17:39,360 --> 00:17:36,280

don't fall that way Mick and we're gonna

480

00:17:42,270 --> 00:17:39,370

get it to it and I'd like to get your

481

00:17:44,760 --> 00:17:42,280

opinion on now this run and sauna thing

482

00:17:47,490 --> 00:17:44,770

is yes I have a very very detailed

483

00:17:49,120 --> 00:17:47,500

opinion on this that's here have you

484

00:17:52,090 --> 00:17:49,130

read his entire statement

485

00:17:54,700 --> 00:17:52,100

I just listen up I only listen to ya

486

00:17:56,770 --> 00:17:54,710

it's easy to easy to take it out of

487

00:17:58,419 --> 00:17:56,780

context let me just there's a post on

488

00:18:00,190 --> 00:17:58,429

Medibank if you go to the homepage at

489

00:18:06,010 --> 00:18:00,200

Meadowbank but the first look page now

490

00:18:08,169 --> 00:18:06,020

is is is that Annie says let's see

491

00:18:10,270 --> 00:18:08,179

remember a 7 world trade had not come

492

00:18:13,289 --> 00:18:10,280

down yet so I went down to the New York

493

00:18:15,460 --> 00:18:13,299

Stock Exchange that Wednesday morning

494

00:18:20,080 --> 00:18:15,470

now Wednesday of course is the day after

495

00:18:22,409 --> 00:18:20,090

Tuesday and no 911 was on a Tuesday so

496

00:18:25,870 --> 00:18:22,419

this is him visiting the site on

497

00:18:28,270 --> 00:18:25,880

September the 12th which was on and

498

00:18:31,090 --> 00:18:28,280

World Trade Center 7 had come down on

499

00:18:32,230 --> 00:18:31,100

September 11th so it seems pretty

500

00:18:34,270 --> 00:18:32,240

obvious from the get-go he's talking

501
00:18:37,480 --> 00:18:34,280
about something else there in these days

502
00:18:40,630 --> 00:18:37,490
you know we were looking over in that

503
00:18:42,159 --> 00:18:40,640
direction and if it had come down in the

504
00:18:43,750 --> 00:18:42,169
way it was tilting it would have wiped

505
00:18:46,299 --> 00:18:43,760
out everything from where it stood to

506
00:18:49,690 --> 00:18:46,309
Trinity Church to the exchange the stock

507
00:18:52,529 --> 00:18:49,700
exchange to effectively the mouth of the

508
00:18:55,000 --> 00:18:52,539
Hudson but if you look at actual map of

509
00:18:56,350 --> 00:18:55,010
that that's that doesn't actually make

510
00:18:58,000 --> 00:18:56,360
any sense whatsoever for World Trade

511
00:18:59,890 --> 00:18:58,010
Center 7 which of course is to the north

512
00:19:00,549 --> 00:18:59,900
of us of the actual site and would have

513
00:19:03,640 --> 00:19:00,559

just fallen

514

00:19:06,159 --> 00:19:03,650

you know most it would have fallen into

515

00:19:09,220 --> 00:19:06,169

the the 1 & 2 area here the main World

516

00:19:10,600 --> 00:19:09,230

Trade Center area so he's actually

517

00:19:12,640 --> 00:19:10,610

talking about a different building and

518

00:19:14,799 --> 00:19:12,650

if you look at his description what he's

519

00:19:20,980 --> 00:19:14,809

actually talking about is a building

520

00:19:22,419 --> 00:19:20,990

called c1 Liberty Plaza which is a navy

521

00:19:24,520 --> 00:19:22,429

if you scroll down to the my next post

522

00:19:26,919 --> 00:19:24,530

after that you'll see I get through that

523

00:19:28,720 --> 00:19:26,929

map there ok so so that's one Liberty

524

00:19:30,190 --> 00:19:28,730

Park Plaza in the middle and you can see

525

00:19:32,200 --> 00:19:30,200

just to the right of that is Trinity

526

00:19:34,330 --> 00:19:32,210

Church and the stock exchange so yeah if

527

00:19:36,669 --> 00:19:34,340

one Liberty Plaza had fallen over it

528

00:19:38,110 --> 00:19:36,679

would have taken out Trinity Church and

529

00:19:40,960 --> 00:19:38,120

it would have taken out stock exchange

530

00:19:43,570 --> 00:19:40,970

but World Trade Center 7 which had

531

00:19:45,130 --> 00:19:43,580

collapsed the previous day was in no

532

00:19:47,409 --> 00:19:45,140

danger so he's obviously talking about a

533

00:19:49,600 --> 00:19:47,419

different building so you think the

534

00:19:50,799 --> 00:19:49,610

mistake is made that he's talking not

535

00:19:53,560 --> 00:19:50,809

only about another building but another

536

00:19:55,390 --> 00:19:53,570

day instead of the mistake being made

537

00:19:57,340 --> 00:19:55,400

that he's that it's Tuesday and not

538

00:19:58,899 --> 00:19:57,350

Wednesday no but I'm thinking about both

539

00:20:01,210 --> 00:19:58,909

I mean they're both issues obviously

540

00:20:02,920 --> 00:20:01,220

because he he he's you know he he

541

00:20:06,100 --> 00:20:02,930

visited the site on September

542

00:20:07,480 --> 00:20:06,110

12 and he's saying like Quinta talking

543

00:20:10,330 --> 00:20:07,490

about this building that he thought was

544

00:20:14,140 --> 00:20:10,340

going to collapse and then he said I'm

545

00:20:15,310 --> 00:20:14,150

just wondering if and this is obviously

546

00:20:18,430 --> 00:20:15,320

and if that you don't think it's

547

00:20:21,010 --> 00:20:18,440

possible but if just World Trade Center

548

00:20:22,270 --> 00:20:21,020

7 was proven to you as a controlled

549

00:20:24,820 --> 00:20:22,280

demolition just something was so

550

00:20:27,220 --> 00:20:24,830

irrefutable would that your opinion of

551
00:20:30,550 --> 00:20:27,230
9/11 at all oh yeah definitely because

552
00:20:32,440 --> 00:20:30,560
it would be a yeah kind of an incredible

553
00:20:35,230 --> 00:20:32,450
thing I mean I I don't think it's a

554
00:20:37,450 --> 00:20:35,240
viable thing for them to have decided on

555
00:20:39,130 --> 00:20:37,460
that day to go in and rig the building

556
00:20:41,260 --> 00:20:39,140
with explosives then bring it down and

557
00:20:43,030 --> 00:20:41,270
do that secretly without anybody finding

558
00:20:44,890 --> 00:20:43,040
out and cover it all up and you know

559
00:20:46,600 --> 00:20:44,900
tell all the firemen's it required about

560
00:20:48,270 --> 00:20:46,610
it and stuff like that it's just it's

561
00:20:50,710 --> 00:20:48,280
just such a highly implausible thing

562
00:20:54,100 --> 00:20:50,720
even if it wasn't part of some broader

563
00:20:55,840 --> 00:20:54,110

conspiracy you know it's actually makes

564

00:20:58,050 --> 00:20:55,850

more sense in a way that it would be pre

565

00:21:00,550 --> 00:20:58,060

rigged with with explosives but you know

566

00:21:01,720 --> 00:21:00,560

that's how I feel about it you know and

567

00:21:03,910 --> 00:21:01,730

I would that maybe that would be a

568

00:21:06,340 --> 00:21:03,920

contingent contingency plan because of

569

00:21:09,460 --> 00:21:06,350

you know the largest CIA base being in

570

00:21:11,200 --> 00:21:09,470

there outside of Langley the SEC the

571

00:21:13,570 --> 00:21:11,210

Office of Emergency Management I mean

572

00:21:15,370 --> 00:21:13,580

these were hubs I mean one and two also

573

00:21:17,800 --> 00:21:15,380

there's no way I mean yeah you

574

00:21:19,420 --> 00:21:17,810

understand how intelligence works and

575

00:21:21,790 --> 00:21:19,430

that they're subdivisions and even like

576

00:21:23,170 --> 00:21:21,800

a Kroll or whatever or a strap fur

577

00:21:24,940 --> 00:21:23,180

they're gonna have connections to

578

00:21:26,920 --> 00:21:24,950

intelligence agencies somewhere that's

579

00:21:30,280 --> 00:21:26,930

where most of these people come from now

580

00:21:32,740 --> 00:21:30,290

to me anyway you know just the the

581

00:21:34,570 --> 00:21:32,750

funding alone the funding mechanism for

582

00:21:36,430 --> 00:21:34,580

these guys raises huge questions and I

583

00:21:38,110 --> 00:21:36,440

wonder how you feel about that for for

584

00:21:41,380 --> 00:21:38,120

instance I think it's pretty irrefutable

585

00:21:43,240 --> 00:21:41,390

that Pakistan on a base level has

586

00:21:45,280 --> 00:21:43,250

something to do with this right general

587

00:21:48,580 --> 00:21:45,290

mamuno mad at fact I'm not sure you're

588

00:21:51,400 --> 00:21:48,590

aware but dan Rather and CBS aired that

589

00:21:53,080 --> 00:21:51,410

piece in 2002 where they said then Laden

590

00:21:55,060 --> 00:21:53,090

was being protected by the Pakistani

591

00:21:57,610 --> 00:21:55,070

military in a hospital the night before

592

00:21:59,190 --> 00:21:57,620

9/11 and of course leave the regular

593

00:22:02,500 --> 00:21:59,200

raid they find him in a bottle bot

594

00:22:04,720 --> 00:22:02,510

Pakistan so I mean I think that I think

595

00:22:06,490 --> 00:22:04,730

the things like issues of the funding

596

00:22:09,040 --> 00:22:06,500

are the issues that people should be

597

00:22:10,450 --> 00:22:09,050

looking at because yeah from promoters

598

00:22:11,710 --> 00:22:10,460

perspective what I see is that the

599

00:22:13,900 --> 00:22:11,720

planes hit the building is they caught

600

00:22:15,580 --> 00:22:13,910

fire and then they collapsed building

601
00:22:16,170 --> 00:22:15,590
seven also caught fire and was hit by

602
00:22:20,250 --> 00:22:16,180
the

603
00:22:22,140 --> 00:22:20,260
that to me seems like a fairly

604
00:22:24,690 --> 00:22:22,150
straightforward my physics basis and

605
00:22:26,160 --> 00:22:24,700
I've got you know I I'm not like a

606
00:22:28,080 --> 00:22:26,170
physicist either but I have a lot of

607
00:22:30,780 --> 00:22:28,090
experience programming physics and doing

608
00:22:33,510 --> 00:22:30,790
physics simulations for video games

609
00:22:35,550 --> 00:22:33,520
obviously and so from my perspective it

610
00:22:37,620 --> 00:22:35,560
all it all seems to make sense and the

611
00:22:39,930 --> 00:22:37,630
objections that a e-911 raise don't make

612
00:22:41,220 --> 00:22:39,940
sense so I think this thing about

613
00:22:45,030 --> 00:22:41,230

controlled demolition is a big

614

00:22:46,440 --> 00:22:45,040

distraction from any real corruption

615

00:22:49,050 --> 00:22:46,450

that's going on and you know obviously

616

00:22:50,670 --> 00:22:49,060

you know there is definitely geo

617

00:22:52,110 --> 00:22:50,680

political corruption and there's this

618

00:22:53,670 --> 00:22:52,120

industrial corruption and there's

619

00:22:55,470 --> 00:22:53,680

individual corruption there's all kinds

620

00:22:56,820 --> 00:22:55,480

of corruption in the world and I

621

00:22:59,340 --> 00:22:56,830

certainly don't agree with everything

622

00:23:01,890 --> 00:22:59,350

that you say an invisible Empire but

623

00:23:03,540 --> 00:23:01,900

there's certainly this elements of truth

624

00:23:05,850 --> 00:23:03,550

to it and that there are powerful people

625

00:23:09,810 --> 00:23:05,860

who are looking out for their own best

626
00:23:12,360 --> 00:23:09,820
interests and there are people who have

627
00:23:14,430 --> 00:23:12,370
broader agendas who were trying to do

628
00:23:16,680 --> 00:23:14,440
things in a geopolitical stage and you

629
00:23:18,570 --> 00:23:16,690
just got to look at you know what's

630
00:23:24,030 --> 00:23:18,580
coming out today the the stuff with

631
00:23:26,190 --> 00:23:24,040
Trump by playing little games with I was

632
00:23:28,110 --> 00:23:26,200
in the Ukraine maybe well the Ukraine

633
00:23:29,700 --> 00:23:28,120
but the whole alright so and we're kind

634
00:23:31,170 --> 00:23:29,710
of getting a little off 9/11 but it's

635
00:23:33,930 --> 00:23:31,180
interesting because this is the big hot

636
00:23:37,350 --> 00:23:33,940
take of the day right to me I've seen a

637
00:23:40,170 --> 00:23:37,360
shift that somehow this scandal about

638
00:23:42,300 --> 00:23:40,180

this the actual scandal becomes the

639

00:23:45,120 --> 00:23:42,310

scandal for instance I did a piece all

640

00:23:47,070 --> 00:23:45,130

the way back in April on this Biden

641

00:23:48,180 --> 00:23:47,080

Ukraine scandal before Trump was asking

642

00:23:50,700 --> 00:23:48,190

for an investigation I don't know how

643

00:23:52,830 --> 00:23:50,710

familiar you are with it but essentially

644

00:23:54,840 --> 00:23:52,840

it goes like this his son has no

645

00:23:57,180 --> 00:23:54,850

experience with energy he's getting a

646

00:23:59,310 --> 00:23:57,190

50k a month job and he I believe it was

647

00:24:03,210 --> 00:23:59,320

a 1.5 million dollar initial payout

648

00:24:05,040 --> 00:24:03,220

right so I have Biden at the CFR next to

649

00:24:06,840 --> 00:24:05,050

Richard Haass I believe it was in

650

00:24:08,880 --> 00:24:06,850

January of 2018

651
00:24:12,870 --> 00:24:08,890
not talking about that but talking about

652
00:24:15,090 --> 00:24:12,880
coming in on a plane on behalf of that

653
00:24:17,820 --> 00:24:15,100
one billion dollar loan for arms right

654
00:24:20,460 --> 00:24:17,830
so basically they had already negotiated

655
00:24:21,990 --> 00:24:20,470
a 1 billion dollar deal that they were

656
00:24:25,140 --> 00:24:22,000
gonna loan to the Ukraine for their

657
00:24:26,790 --> 00:24:25,150
military now he gets in there and Biden

658
00:24:29,250 --> 00:24:26,800
says that he had already been assured by

659
00:24:29,970 --> 00:24:29,260
uh it starts with a P but the believer

660
00:24:30,930 --> 00:24:29,980
there the

661
00:24:33,690 --> 00:24:30,940
they're talking about I don't want to

662
00:24:35,669 --> 00:24:33,700
miss Parnassus name poroshenko and

663
00:24:38,370 --> 00:24:35,679

another person that they were gonna fire

664

00:24:42,210 --> 00:24:38,380

the prosecutor who was investigating his

665

00:24:44,400 --> 00:24:42,220

son okay so this prosecutor was already

666

00:24:46,140 --> 00:24:44,410

in the mix of investigating his kid for

667

00:24:49,530 --> 00:24:46,150

this crooked energy deal right

668

00:24:51,750 --> 00:24:49,540

so Biden says it like this the leader

669

00:24:52,890 --> 00:24:51,760

says well you're not the president and

670

00:24:54,150 --> 00:24:52,900

he says well why don't you call him

671

00:24:55,320 --> 00:24:54,160

you're not gonna get the money and then

672

00:24:58,710 --> 00:24:55,330

he tells him that he's gonna be out of

673

00:25:01,140 --> 00:24:58,720

plane in six albert's and so the guy

674

00:25:03,120 --> 00:25:01,150

fires him they fire this prosecutor I

675

00:25:04,890 --> 00:25:03,130

think these are kind of like you know

676

00:25:06,180 --> 00:25:04,900

separate issues in a way like even if

677

00:25:08,520 --> 00:25:06,190

Biden was involved in some kind of

678

00:25:10,080 --> 00:25:08,530

corruption to me you know this is

679

00:25:11,610 --> 00:25:10,090

something listen I'm not a fan of either

680

00:25:14,669 --> 00:25:11,620

side right and the question is really if

681

00:25:16,350 --> 00:25:14,679

Trump actually broke the law but what

682

00:25:18,720 --> 00:25:16,360

solicit the help from a foreign

683

00:25:22,919 --> 00:25:18,730

government to like think about okay what

684

00:25:24,780 --> 00:25:22,929

water guest that's mota gay yeah well

685

00:25:26,340 --> 00:25:24,790

that's what he what if Nixon was

686

00:25:27,930 --> 00:25:26,350

actually investigating something that

687

00:25:29,340 --> 00:25:27,940

the DNC did that he personally thought

688

00:25:33,000 --> 00:25:29,350

was illegal like you thought it was

689

00:25:35,820 --> 00:25:33,010

going on wasn't the crime physically

690

00:25:37,710 --> 00:25:35,830

breaking in and trying to steal [h__h] I

691

00:25:41,190 --> 00:25:37,720

didn't want a curse but I'm looking at

692

00:25:42,810 --> 00:25:41,200

this right and to me it's a real scandal

693

00:25:44,159 --> 00:25:42,820

I'm not a Joe Biden fan in fact Joe

694

00:25:46,440 --> 00:25:44,169

Biden is one of these guys that's well

695

00:25:48,720 --> 00:25:46,450

aware of the Pakistani ISI funding he

696

00:25:50,970 --> 00:25:48,730

went on TV in September 13th and bragged

697

00:25:53,340 --> 00:25:50,980

that he had a talk with general mahmood

698

00:25:55,049 --> 00:25:53,350

ahmad who he called the first or the

699

00:25:57,750 --> 00:25:55,059

second most powerful person in that

700

00:25:59,610 --> 00:25:57,760

nation he threatened Pakistan on the

701
00:26:01,470 --> 00:25:59,620
floor of the Senate and said you know

702
00:26:03,240 --> 00:26:01,480
they're gonna have to make a hard

703
00:26:04,860 --> 00:26:03,250
decision very soon and of course they

704
00:26:07,560 --> 00:26:04,870
made the decision to ally with the US

705
00:26:09,480 --> 00:26:07,570
and you know he was caught twice talking

706
00:26:11,520 --> 00:26:09,490
about this funding and saying you know

707
00:26:12,659 --> 00:26:11,530
it was classified right and that they

708
00:26:14,280 --> 00:26:12,669
were working with the Taliban for

709
00:26:16,140 --> 00:26:14,290
instance Bob Graham's very open about

710
00:26:18,150 --> 00:26:16,150
the fact that general Mahmood a med was

711
00:26:20,610 --> 00:26:18,160
working with the Taliban as well Taliban

712
00:26:22,830 --> 00:26:20,620
and by the way Al Queda very different

713
00:26:24,510 --> 00:26:22,840

things to me but it showed a funding

714

00:26:26,549 --> 00:26:24,520

mechanism it shows that Biden's well

715

00:26:28,620 --> 00:26:26,559

aware of this no one challenges him on

716

00:26:29,789 --> 00:26:28,630

that up on the stage right no one's no

717

00:26:32,310 --> 00:26:29,799

one's even talking about foreign policy

718

00:26:34,860 --> 00:26:32,320

for the most part at these horrible DNC

719

00:26:37,289 --> 00:26:34,870

debates now I'm talking about this in

720

00:26:39,480 --> 00:26:37,299

April hoping that they can investigate

721

00:26:41,549 --> 00:26:39,490

this right now they've already replaced

722

00:26:43,529 --> 00:26:41,559

the prosecutor but my point would be

723

00:26:46,710 --> 00:26:43,539

this they're no longer under

724

00:26:49,440 --> 00:26:46,720

administration that already corrupted

725

00:26:51,239 --> 00:26:49,450

the investigation so Trump saying hey

726

00:26:53,549 --> 00:26:51,249

you can reopen that or you should reopen

727

00:26:54,659 --> 00:26:53,559

that isn't a problem to me that's my

728

00:26:58,769 --> 00:26:54,669

that's my point

729

00:27:00,239 --> 00:26:58,779

it's a he's not all he's doing is saying

730

00:27:02,279 --> 00:27:00,249

you know he's putting all this effort

731

00:27:03,840 --> 00:27:02,289

into trying to get bite and investigated

732

00:27:05,940 --> 00:27:03,850

is he putting effort into getting

733

00:27:07,409 --> 00:27:05,950

everybody else investigated who as has

734

00:27:09,210 --> 00:27:07,419

allegations of corruption there's all

735

00:27:10,979 --> 00:27:09,220

kinds of allegations that corrupt a

736

00:27:12,899 --> 00:27:10,989

Pharaoh's made people throughout the

737

00:27:14,879 --> 00:27:12,909

world but he picks out Biden he picks

738

00:27:16,499 --> 00:27:14,889

out Biden because he thinks deciding is

739

00:27:20,639 --> 00:27:16,509

going to be is his opponent in the

740

00:27:22,799 --> 00:27:20,649

election but again it's so so by your

741

00:27:23,369 --> 00:27:22,809

logic you should just get away with it

742

00:27:25,710 --> 00:27:23,379

cuz of who he is

743

00:27:27,210 --> 00:27:25,720

Oh Biden oh right it's just some

744

00:27:29,249 --> 00:27:27,220

corruption there obviously it should be

745

00:27:34,830 --> 00:27:29,259

prosecuted but saying with everybody

746

00:27:36,389 --> 00:27:34,840

else I agree like what about Trump I

747

00:27:39,359 --> 00:27:36,399

think that you know is really an

748

00:27:41,009 --> 00:27:39,369

impeachable offense on Trump I don't

749

00:27:43,289 --> 00:27:41,019

know that there's a lot especially when

750

00:27:44,549 --> 00:27:43,299

you look at past presidents now that's

751

00:27:47,159 --> 00:27:44,559

not to say I love him

752

00:27:50,190 --> 00:27:47,169

I don't I'm very upset with what's going

753

00:27:51,180 --> 00:27:50,200

on in Afghanistan Iraq for instance when

754

00:27:52,859 --> 00:27:51,190

he talked about the military-industrial

755

00:27:55,589 --> 00:27:52,869

complex I don't know if you call it that

756

00:27:58,589 --> 00:27:55,599

clip on Fox you did you sure from Trump

757

00:28:02,039 --> 00:27:58,599

talking about it yes we essentially it

758

00:28:04,139 --> 00:28:02,049

was after the drone incident right they

759

00:28:06,749 --> 00:28:04,149

shot down our robot you know nobody

760

00:28:14,700 --> 00:28:06,759

seemed brand Ronan's incident yeah and

761

00:28:16,769 --> 00:28:14,710

nobody so this droning sedan no one

762

00:28:18,690 --> 00:28:16,779

talks about the fact that first of all

763

00:28:20,729 --> 00:28:18,700

it's very unlikely this was not in their

764

00:28:22,409 --> 00:28:20,739

airspace this is a drone that flies at

765

00:28:24,499 --> 00:28:22,419

60,000 feet we don't have him shot out

766

00:28:26,909 --> 00:28:24,509

of the air every day Mick this is the

767

00:28:29,039 --> 00:28:26,919

Iran's airspace shooting down take back

768

00:28:32,549 --> 00:28:29,049

control just for that to happen it

769

00:28:34,830 --> 00:28:32,559

appears we baited them you know - there

770

00:28:36,479 --> 00:28:34,840

was a naval plane in the vicinity of

771

00:28:39,019 --> 00:28:36,489

that drone at the same time with a

772

00:28:42,509 --> 00:28:39,029

hundred and thirty one real people on it

773

00:28:43,589 --> 00:28:42,519

Iran did not shoot that down they put it

774

00:28:45,029 --> 00:28:43,599

out there they said they could prove

775

00:28:47,310 --> 00:28:45,039

that both of those things were in their

776

00:28:49,619 --> 00:28:47,320

airspace US media hasn't covered it much

777

00:28:51,299 --> 00:28:49,629

both pence and Trump have talked about

778

00:28:53,549 --> 00:28:51,309

the fact that they used restraint and

779

00:28:56,700 --> 00:28:53,559

that Iran did not shoot down that naval

780

00:28:57,240 --> 00:28:56,710

plane with people in right that's a big

781

00:28:59,520 --> 00:28:57,250

G

782

00:29:01,410 --> 00:28:59,530

political scandal to me and then for

783

00:29:03,450 --> 00:29:01,420

that why would they shoot down a plane

784

00:29:05,850 --> 00:29:03,460

with 130 people and it's one thing that

785

00:29:10,110 --> 00:29:05,860

you down a drone but you know Lane would

786

00:29:12,030 --> 00:29:10,120

being it although exactly but why are

787

00:29:13,920 --> 00:29:12,040

you putting that stuff in their area

788

00:29:16,410 --> 00:29:13,930

listen we already surround their nation

789

00:29:18,390 --> 00:29:16,420

in that Gulf region right now we I'm not

790

00:29:21,390 --> 00:29:18,400

telling you I love the Iranian regime or

791

00:29:23,310 --> 00:29:21,400

any of that I'm saying that Iran's not

792

00:29:25,110 --> 00:29:23,320

surrounding our coast they're not on the

793

00:29:26,520 --> 00:29:25,120

Pacific you know Russia isn't there

794

00:29:29,760 --> 00:29:26,530

either you know their biggest ally

795

00:29:32,520 --> 00:29:29,770

nobody say our military is there they're

796

00:29:34,290 --> 00:29:32,530

not running planes around there I like

797

00:29:35,250 --> 00:29:34,300

the restraint but then when Trump talks

798

00:29:38,250 --> 00:29:35,260

about the military-industrial complex

799

00:29:40,680 --> 00:29:38,260

and then says that Afghanistan is the

800

00:29:41,640 --> 00:29:40,690

Harvard University of terrorism that's

801
00:29:46,770 --> 00:29:41,650
nonsense

802
00:29:50,430 --> 00:29:46,780
you gotta love the WikiLeaks and now

803
00:29:52,770 --> 00:29:50,440
Assange is in this crazy 1414 part

804
00:29:54,420 --> 00:29:52,780
indictment which would eviscerate free

805
00:29:55,920 --> 00:29:54,430
speech as we know it and publishing

806
00:29:58,740 --> 00:29:55,930
rights you know literally going after

807
00:30:01,830 --> 00:29:58,750
him for things like saying if you have

808
00:30:04,080 --> 00:30:01,840
information we'll pay you \$25,000 for it

809
00:30:06,360 --> 00:30:04,090
not you know just encouraging hacking

810
00:30:09,150 --> 00:30:06,370
he's a cyber terrorist for encouraging

811
00:30:11,070 --> 00:30:09,160
hacking or encouraging people to get

812
00:30:13,080 --> 00:30:11,080
real information I think that mechanism

813
00:30:15,090 --> 00:30:13,090

is extremely important I hope you would

814

00:30:17,760 --> 00:30:15,100

agree that to me again

815

00:30:19,410 --> 00:30:17,770

this whole Russia gate thing is not as

816

00:30:21,750 --> 00:30:19,420

important as the emails themselves that

817

00:30:23,490 --> 00:30:21,760

came out you know that like that was the

818

00:30:25,140 --> 00:30:23,500

scandal to me let's read those emails

819

00:30:27,240 --> 00:30:25,150

let's look at the corruption there I

820

00:30:29,520 --> 00:30:27,250

think again you can do both you know you

821

00:30:31,500 --> 00:30:29,530

could still if Clinton did do something

822

00:30:34,200 --> 00:30:31,510

wrong then yeah let's look at that but

823

00:30:35,580 --> 00:30:34,210

if if you know yeah other people did

824

00:30:37,830 --> 00:30:35,590

things wrong too it doesn't mean that

825

00:30:40,920 --> 00:30:37,840

just because they were trying to throw

826

00:30:41,850 --> 00:30:40,930

something else that idea that hold on

827

00:30:44,940 --> 00:30:41,860

this whole idea that now

828

00:30:47,580 --> 00:30:44,950

administration's don't work with foreign

829

00:30:50,190 --> 00:30:47,590

powers or other intelligence agencies to

830

00:30:52,560 --> 00:30:50,200

get dirt on people is nonsense it's been

831

00:30:54,930 --> 00:30:52,570

going on forever it's not new right it's

832

00:30:56,820 --> 00:30:54,940

that's all this isn't new and you know

833

00:30:58,020 --> 00:30:56,830

they're conflated you know I don't know

834

00:31:01,410 --> 00:30:58,030

how much of the Muller report you've

835

00:31:03,960 --> 00:31:01,420

read or the pre remember when they put

836

00:31:06,000 --> 00:31:03,970

out that first FBI document kind of

837

00:31:07,770 --> 00:31:06,010

linking Russia to interfering with the

838

00:31:10,470 --> 00:31:07,780

elections where they had Artie and Abby

839

00:31:12,630 --> 00:31:10,480

Martin in there it wasn't a lot of proof

840

00:31:15,840 --> 00:31:12,640

they had run the the basic idea that

841

00:31:18,570 --> 00:31:15,850

this goose' 42.0 was a conglomerate of

842

00:31:20,549 --> 00:31:18,580

bad russian actors right and then they

843

00:31:22,049 --> 00:31:20,559

were showing like base Russia propaganda

844

00:31:23,700 --> 00:31:22,059

didn't have any evidence on it so what

845

00:31:25,470 --> 00:31:23,710

do you think there of the the internet

846

00:31:27,360 --> 00:31:25,480

research agency like Russia is kind of

847

00:31:30,720 --> 00:31:27,370

supposed a hothouse of people like

848

00:31:32,760 --> 00:31:30,730

trolling the internet for Russian

849

00:31:34,860 --> 00:31:32,770

propaganda purposes you think exists

850

00:31:37,200 --> 00:31:34,870

saying it doesn't exist how effective it

851
00:31:40,080 --> 00:31:37,210
is I think is overblown to the max I

852
00:31:42,060 --> 00:31:40,090
think that Zuckerberg for instance when

853
00:31:43,919 --> 00:31:42,070
he was initially talked to about this he

854
00:31:45,659 --> 00:31:43,929
laughed about it he scoffed at it it's

855
00:31:47,190 --> 00:31:45,669
like a good I you know I think that the

856
00:31:49,020 --> 00:31:47,200
people can you know and then he flipped

857
00:31:50,730 --> 00:31:49,030
a hundred percent and it wasn't just

858
00:31:52,140 --> 00:31:50,740
because he had looked into it and did

859
00:31:54,180 --> 00:31:52,150
the actual research because they did

860
00:31:54,950 --> 00:31:54,190
actually look at like I believe these

861
00:31:57,419 --> 00:31:54,960
commercials

862
00:31:58,980 --> 00:31:57,429
that's listen there's a lot of people

863
00:32:00,000 --> 00:31:58,990

that don't want him in there I mean I

864

00:32:02,520 --> 00:32:00,010

don't know if you how much you for the

865

00:32:04,020 --> 00:32:02,530

last 18 months there are plenty of

866

00:32:05,640 --> 00:32:04,030

shareholders that want to flip him out

867

00:32:08,280 --> 00:32:05,650

you know and I think that's the case

868

00:32:10,230 --> 00:32:08,290

before it's listen Facebook's powerful

869

00:32:12,840 --> 00:32:10,240

man I mean I would say you know it has

870

00:32:14,280 --> 00:32:12,850

it has a huge base I get the the fact

871

00:32:16,200 --> 00:32:14,290

that you know we could talk about

872

00:32:18,150 --> 00:32:16,210

interfering with elections but at the

873

00:32:20,880 --> 00:32:18,160

end of the day I I don't think that

874

00:32:22,590 --> 00:32:20,890

Russia is you know brainwashing the

875

00:32:25,500 --> 00:32:22,600

masses I think they certainly have their

876

00:32:26,789 --> 00:32:25,510

interests I think they are trying to I I

877

00:32:28,620 --> 00:32:26,799

think they certainly would rather had

878

00:32:31,440 --> 00:32:28,630

Trump in there than Clinton you know I'm

879

00:32:34,289 --> 00:32:31,450

I won't say that but I do not think that

880

00:32:35,760 --> 00:32:34,299

they especially even before the

881

00:32:37,530 --> 00:32:35,770

indictment I remember when they put out

882

00:32:39,030 --> 00:32:37,540

that first GRU report and they were

883

00:32:40,890 --> 00:32:39,040

naming these people you know the people

884

00:32:42,870 --> 00:32:40,900

they were gonna indict it was very thin

885

00:32:45,090 --> 00:32:42,880

you know it's very thin to me I was like

886

00:32:47,070 --> 00:32:45,100

well do you think they did this you know

887

00:32:48,960 --> 00:32:47,080

can you provide me with more or how they

888

00:32:51,000 --> 00:32:48,970

did it you know even the Alice Donald

889

00:32:52,590 --> 00:32:51,010

Alice Donovan character I don't know if

890

00:32:56,970 --> 00:32:52,600

you're familiar with that but this was

891

00:32:59,669 --> 00:32:56,980

someone who was posing as a journalist

892

00:33:02,070 --> 00:32:59,679

right so she was contacting different

893

00:33:04,169 --> 00:33:02,080

little media outlets counterpunch being

894

00:33:05,730 --> 00:33:04,179

one of them that published her and she

895

00:33:08,190 --> 00:33:05,740

ended up being a conglomerate of these

896

00:33:10,560 --> 00:33:08,200

people so yeah that stuff exists you

897

00:33:12,840 --> 00:33:10,570

know I'm not saying it does it did Alice

898

00:33:16,260 --> 00:33:12,850

Donovan do this on behalf of the Trump

899

00:33:18,990 --> 00:33:16,270

administration or or I mean the group or

900

00:33:20,340 --> 00:33:19,000

even Russian agents working with Trump

901
00:33:21,720 --> 00:33:20,350
no I don't believe that yeah well I

902
00:33:23,820 --> 00:33:21,730
think Russia gate itself like there

903
00:33:26,430 --> 00:33:23,830
isn't enough evidence to prosecute but

904
00:33:28,770 --> 00:33:26,440
obviously Russia is trying to influence

905
00:33:31,620 --> 00:33:28,780
the elections to a degree but I'm sure

906
00:33:34,440 --> 00:33:31,630
the CIA tries to influence elections in

907
00:33:36,630 --> 00:33:34,450
other countries too it doesn't mean it's

908
00:33:38,640 --> 00:33:36,640
a good thing just because you know one

909
00:33:39,870 --> 00:33:38,650
side is doing it I prefer like people in

910
00:33:45,180 --> 00:33:39,880
a country to make their own decisions

911
00:33:47,250 --> 00:33:45,190
but I think about this all right you

912
00:33:49,200 --> 00:33:47,260
know you're talking about interference

913
00:33:51,330 --> 00:33:49,210

in elections and you know whether or not

914

00:33:52,980 --> 00:33:51,340

I don't believe that they thought they

915

00:33:54,360 --> 00:33:52,990

were going to find Russian collusion I

916

00:33:56,280 --> 00:33:54,370

don't think that was the purpose of this

917

00:33:58,170 --> 00:33:56,290

at all I thought I think they were gonna

918

00:34:00,000 --> 00:33:58,180

do to Trump what they did to Manafort

919

00:34:02,130 --> 00:34:00,010

and others they were hoping to get him

920

00:34:03,540 --> 00:34:02,140

in the seat and get a perjury trap

921

00:34:05,180 --> 00:34:03,550

that's what they did to Clinton right

922

00:34:08,130 --> 00:34:05,190

Clinton it's not like Clinton got

923

00:34:10,620 --> 00:34:08,140

impeached for an affair he got impeached

924

00:34:12,570 --> 00:34:10,630

for lying about that and fair affair so

925

00:34:14,070 --> 00:34:12,580

I really feel like you know that was

926

00:34:16,290 --> 00:34:14,080

this whole thing if we can get him to

927

00:34:17,909 --> 00:34:16,300

sit down and just start talking that's

928

00:34:19,740 --> 00:34:17,919

it and they weren't able to do that and

929

00:34:21,899 --> 00:34:19,750

that's when they said you know what now

930

00:34:23,100 --> 00:34:21,909

we have to take this report about

931

00:34:24,840 --> 00:34:23,110

Russian collusion we have to break it

932

00:34:27,149 --> 00:34:24,850

into two parts and we have to make it

933

00:34:28,830 --> 00:34:27,159

totally about obstruction of justice and

934

00:34:31,290 --> 00:34:28,840

the other thing is that you saw those

935

00:34:33,090 --> 00:34:31,300

obstruction of justice talking points 12

936

00:34:35,010 --> 00:34:33,100

months before people like a vanetti were

937

00:34:37,860 --> 00:34:35,020

throwing them out all over the place so

938

00:34:39,389 --> 00:34:37,870

I I knew from the get-go they weren't

939

00:34:41,040 --> 00:34:39,399

gonna find Russian collusion it was a

940

00:34:43,740 --> 00:34:41,050

perjury trap just like they did with

941

00:34:44,820 --> 00:34:43,750

manafort Trump didn't fall for it so

942

00:34:47,159 --> 00:34:44,830

then they tried to make it about

943

00:34:49,620 --> 00:34:47,169

something else Mueller looked horrible

944

00:34:51,950 --> 00:34:49,630

up there you can't say they wasn't so

945

00:34:54,930 --> 00:34:51,960

good sharing it's a bit disappointing oh

946

00:34:56,430 --> 00:34:54,940

so you know listen front men exist

947

00:34:58,560 --> 00:34:56,440

you know Mueller was just the face of

948

00:35:00,480 --> 00:34:58,570

that he wasn't running that operation I

949

00:35:01,260 --> 00:35:00,490

mean I don't believe he was if he was I

950

00:35:02,640 --> 00:35:01,270

think he would have had a lot more

951
00:35:04,530 --> 00:35:02,650
information while he was sitting up

952
00:35:06,840 --> 00:35:04,540
there you know he was a figurehead they

953
00:35:09,360 --> 00:35:06,850
could put out there as a guy who was in

954
00:35:11,700 --> 00:35:09,370
the Bush administration you know worked

955
00:35:13,920 --> 00:35:11,710
work on 9/11 you know how I feel about

956
00:35:15,390 --> 00:35:13,930
Muller I'm not fan yeah I think I think

957
00:35:17,250 --> 00:35:15,400
that you know like he said that the

958
00:35:20,490 --> 00:35:17,260
report is what is actually the product

959
00:35:23,910 --> 00:35:20,500
of the investigation not his personal

960
00:35:25,350 --> 00:35:23,920
accounts of it but let's so let's kind

961
00:35:26,730 --> 00:35:25,360
of switch gears a little bit here like

962
00:35:29,670 --> 00:35:26,740
yeah I want to talk about some of your

963
00:35:33,030 --> 00:35:29,680

like yeah I'm really interested in how

964

00:35:34,640 --> 00:35:33,040

your beliefs have changed over time you

965

00:35:36,070 --> 00:35:34,650

used to be

966

00:35:39,140 --> 00:35:36,080

[Music]

967

00:35:40,310 --> 00:35:39,150

perhaps a bit more conspiratorial than

968

00:35:41,960 --> 00:35:40,320

you are now and I'm just wondering if

969

00:35:44,900 --> 00:35:41,970

there are things that you thought in the

970

00:35:47,630 --> 00:35:44,910

past to be true that you no longer think

971

00:35:50,120 --> 00:35:47,640

to be true like as you get older and

972

00:35:53,390 --> 00:35:50,130

wiser well I would say that alien thing

973

00:35:55,850 --> 00:35:53,400

is for sure you know I I like your take

974

00:35:57,830 --> 00:35:55,860

on a lot of the to the stars Academy

975

00:35:59,570 --> 00:35:57,840

stuff you know I know I know you don't

976

00:36:01,190 --> 00:35:59,580

believe that those gimbal footage or

977

00:36:02,570 --> 00:36:01,200

anything nefarious you think ones like a

978

00:36:05,780 --> 00:36:02,580

seagull right

979

00:36:07,370 --> 00:36:05,790

well that is the possibility of the

980

00:36:08,870 --> 00:36:07,380

go-fast thing I think is more likely a

981

00:36:13,010 --> 00:36:08,880

balloon pretty it's actually a small

982

00:36:15,320 --> 00:36:13,020

slow-moving object so but I would say

983

00:36:16,910 --> 00:36:15,330

the you believe that we have other type

984

00:36:18,410 --> 00:36:16,920

of aerial vehicles than what we're

985

00:36:19,940 --> 00:36:18,420

putting out there right and possibly

986

00:36:21,380 --> 00:36:19,950

other types of propulsion systems oh

987

00:36:23,030 --> 00:36:21,390

yeah but I wouldn't I wouldn't think

988

00:36:24,140 --> 00:36:23,040

they're gonna be quite as advanced as

989

00:36:25,670 --> 00:36:24,150

people are making out like they're

990

00:36:28,400 --> 00:36:25,680

talking about things that can move like

991

00:36:29,750 --> 00:36:28,410

you know five miles in tenth of a second

992

00:36:31,900 --> 00:36:29,760

or something like that from from a dead

993

00:36:34,040 --> 00:36:31,910

stop which would be literally impossible

994

00:36:36,110 --> 00:36:34,050

with physics as we know it

995

00:36:37,700 --> 00:36:36,120

so yeah I'm sure there's like stealth

996

00:36:38,960 --> 00:36:37,710

fighters and there's things that move a

997

00:36:42,290 --> 00:36:38,970

bit faster and there's probably some

998

00:36:44,630 --> 00:36:42,300

interesting-looking drones but you do

999

00:36:47,780 --> 00:36:44,640

that a V patent that's out there of

1000

00:36:49,280 --> 00:36:47,790

these three UFO like vehicles that say

1001

00:36:52,220 --> 00:36:49,290

that they're anti-gravity and there's

1002

00:36:54,560 --> 00:36:52,230

another couple out there that also have

1003

00:36:56,000 --> 00:36:54,570

like weird gravitational fields etc and

1004

00:36:57,590 --> 00:36:56,010

you can you can look these patents up I

1005

00:36:59,030 --> 00:36:57,600

mean they're reporting them on Metro but

1006

00:37:00,290 --> 00:36:59,040

you know I actually have been to the

1007

00:37:03,020 --> 00:37:00,300

patent site well what are your opinions

1008

00:37:04,820 --> 00:37:03,030

on even that stuff that's public yeah my

1009

00:37:06,800 --> 00:37:04,830

opinions are the pasinetta complete

1010

00:37:08,120 --> 00:37:06,810

[h__\h] just because something is

1011

00:37:11,420 --> 00:37:08,130

patented it doesn't mean it actually

1012

00:37:14,960 --> 00:37:11,430

exists there's a patent for a birthing

1013

00:37:16,880 --> 00:37:14,970

aid that was actual real patent and what

1014

00:37:19,700 --> 00:37:16,890

it involves was strapping a woman to a

1015

00:37:22,130 --> 00:37:19,710

rotating table and spinning her around

1016

00:37:25,700 --> 00:37:22,140

until the baby pops out by centrifugal

1017

00:37:28,100 --> 00:37:25,710

force evil and MEC it's no no but

1018

00:37:29,780 --> 00:37:28,110

there's also there's also patents for

1019

00:37:32,390 --> 00:37:29,790

things like teleportation devices

1020

00:37:34,670 --> 00:37:32,400

patents get issued and yeah maybe that

1021

00:37:36,200 --> 00:37:34,680

the Navy like here has some idea about

1022

00:37:37,730 --> 00:37:36,210

some advanced technology or something

1023

00:37:38,720 --> 00:37:37,740

that you might work in the future so

1024

00:37:40,850 --> 00:37:38,730

they've happened it they just buttoned

1025

00:37:42,920 --> 00:37:40,860

everything people patent everything that

1026
00:37:47,840 --> 00:37:42,930
comes into their heads doesn't mean it

1027
00:37:49,319 --> 00:37:47,850
exists again I say that the majority of

1028
00:37:51,599 --> 00:37:49,329
what we're seeing

1029
00:37:55,049 --> 00:37:51,609
in the vast majority of what we're

1030
00:37:56,400 --> 00:37:55,059
seeing in video or pictures I mean the

1031
00:37:57,809 --> 00:37:56,410
older pictures you can't trust any of

1032
00:38:00,859 --> 00:37:57,819
those now an even video is very tough

1033
00:38:03,779 --> 00:38:00,869
these days obviously we get in there and

1034
00:38:05,400 --> 00:38:03,789
and that but I think one or two things

1035
00:38:08,099 --> 00:38:05,410
number one you're looking at propulsion

1036
00:38:10,049 --> 00:38:08,109
systems probably you know black you know

1037
00:38:12,630 --> 00:38:10,059
we something other than rocket

1038
00:38:14,370 --> 00:38:12,640

technology and two there's very good

1039

00:38:16,079 --> 00:38:14,380

possibility that maybe you're looking at

1040

00:38:18,299 --> 00:38:16,089

traditional drones that are using

1041

00:38:22,140 --> 00:38:18,309

holographic technology you know we have

1042

00:38:23,430 --> 00:38:22,150

I don't know that well uh I'm just

1043

00:38:25,380 --> 00:38:23,440

saying it's a lot it would be a lot

1044

00:38:28,289 --> 00:38:25,390

easier to have an aerial hologram of a

1045

00:38:29,910 --> 00:38:28,299

pulsing dot or something like that you

1046

00:38:31,680 --> 00:38:29,920

know don't it wouldn't cause like

1047

00:38:32,819 --> 00:38:31,690

there's the serious problems with

1048

00:38:34,949 --> 00:38:32,829

Holograms you can't really have a

1049

00:38:37,859 --> 00:38:34,959

clearer hologram that appears darker

1050

00:38:40,529 --> 00:38:37,869

than the sky around it because ooh all

1051

00:38:43,739 --> 00:38:40,539

you can do is like emit light the only

1052

00:38:45,120 --> 00:38:43,749

clear Holograms are on video though I'm

1053

00:38:46,319 --> 00:38:45,130

not talking about the ones we're talking

1054

00:38:47,969 --> 00:38:46,329

about they're chasing and getting them

1055

00:38:50,249 --> 00:38:47,979

on radar I'm talking about somebody

1056

00:38:51,539 --> 00:38:50,259

throws up their their camera and you

1057

00:38:53,999 --> 00:38:51,549

know it's it's basically a light

1058

00:38:55,559 --> 00:38:54,009

emission you know oh it's a light in the

1059

00:38:57,089 --> 00:38:55,569

sky that's one thing oh that's just a

1060

00:38:58,949 --> 00:38:57,099

light in the sky but if you can actually

1061

00:39:00,390 --> 00:38:58,959

see a shape or something especially if

1062

00:39:01,769 --> 00:39:00,400

it appears dark that's impossible for it

1063

00:39:04,949 --> 00:39:01,779

to be a hologram because you can't

1064

00:39:07,709 --> 00:39:04,959

actually project darkness into things

1065

00:39:09,479 --> 00:39:07,719

you can't project something into a spot

1066

00:39:10,979 --> 00:39:09,489

in the sky it's not enough projecting

1067

00:39:12,749 --> 00:39:10,989

light into into the sky you have to

1068

00:39:14,279 --> 00:39:12,759

either projected onto something or they

1069

00:39:17,549 --> 00:39:14,289

had this one technique whether they use

1070

00:39:19,410 --> 00:39:17,559

these kind of plasma lasers to make

1071

00:39:20,609 --> 00:39:19,420

little dots like a spark in the sky but

1072

00:39:23,329 --> 00:39:20,619

that doesn't doesn't work on a large

1073

00:39:25,650 --> 00:39:23,339

scale because it would be incredibly hot

1074

00:39:27,180 --> 00:39:25,660

but I don't think Holograms are a

1075

00:39:28,199 --> 00:39:27,190

palette thing and Holograms I think I

1076

00:39:30,719 --> 00:39:28,209

think one of those things that people

1077

00:39:33,890 --> 00:39:30,729

bring up without really understanding

1078

00:39:36,390 --> 00:39:33,900

how the optics and physics actually work

1079

00:39:37,979 --> 00:39:36,400

people think because he say it on TV you

1080

00:39:40,499 --> 00:39:37,989

know Holograms will just project a giant

1081

00:39:42,599 --> 00:39:40,509

hologram onto the sky or whatever I'm

1082

00:39:44,549 --> 00:39:42,609

talking about an aerial vehicle a small

1083

00:39:45,390 --> 00:39:44,559

one that's projecting a hologram around

1084

00:39:46,559 --> 00:39:45,400

it you don't think that would be

1085

00:39:51,809 --> 00:39:46,569

physically possible huh

1086

00:39:53,640 --> 00:39:51,819

no absolutely not it's it all it could

1087

00:39:55,170 --> 00:39:53,650

do is perhaps like shine some bright

1088

00:39:56,969 --> 00:39:55,180

lights around it but you can't project

1089

00:39:58,559 --> 00:39:56,979

something around you because there's

1090

00:39:59,819 --> 00:39:58,569

nothing to project it onto you've just

1091

00:40:01,079 --> 00:39:59,829

got the air around you especially when

1092

00:40:01,590 --> 00:40:01,089

it's high yet when the air is very very

1093

00:40:03,540 --> 00:40:01,600

thin

1094

00:40:05,700 --> 00:40:03,550

if it's flying through a cloud then yeah

1095

00:40:07,020 --> 00:40:05,710

you could you could do something but you

1096

00:40:09,210 --> 00:40:07,030

know you couldn't actually there's no

1097

00:40:11,400 --> 00:40:09,220

such thing as like close you don't think

1098

00:40:13,200 --> 00:40:11,410

a technology and and you know this is a

1099

00:40:15,810 --> 00:40:13,210

big conspiracy theory out there and I'll

1100

00:40:18,630 --> 00:40:15,820

tell you what I've tried to find this

1101
00:40:20,970 --> 00:40:18,640
lecture by this journalist I think it's

1102
00:40:22,830 --> 00:40:20,980
at a Canadian university about project

1103
00:40:25,500 --> 00:40:22,840
blue blue beam right everybody drives up

1104
00:40:28,050 --> 00:40:25,510
beam and you know voice of God

1105
00:40:29,880 --> 00:40:28,060
technology this type of thing and I you

1106
00:40:31,830 --> 00:40:29,890
know I've always somebody I don't really

1107
00:40:34,350 --> 00:40:31,840
talk about much because I haven't been

1108
00:40:36,600 --> 00:40:34,360
able to validate it whatsoever I'd love

1109
00:40:38,490 --> 00:40:36,610
to get this lecture or any kind of

1110
00:40:39,900 --> 00:40:38,500
government document that mentions

1111
00:40:41,670 --> 00:40:39,910
anything like this but I haven't felt

1112
00:40:43,260 --> 00:40:41,680
what I'm sure you haven't know Project

1113
00:40:46,710 --> 00:40:43,270

Blue Beam is the idea that there's going

1114

00:40:49,950 --> 00:40:46,720

to be like a fake either alien invasion

1115

00:40:53,580 --> 00:40:49,960

or yeah visit any God or something and

1116

00:40:57,600 --> 00:40:53,590

as a trick to bring about the New World

1117

00:40:59,700 --> 00:40:57,610

Order sure but it's its technological

1118

00:41:01,560 --> 00:40:59,710

[h__\h] basically like for the reasons

1119

00:41:03,030 --> 00:41:01,570

I mentioned before that you can't

1120

00:41:05,430 --> 00:41:03,040

actually project anything other than

1121

00:41:11,520 --> 00:41:05,440

light so you can't project a hologram

1122

00:41:13,410 --> 00:41:11,530

onto the sky when you see Holograms you

1123

00:41:14,820 --> 00:41:13,420

know in holographic displays they're in

1124

00:41:16,470 --> 00:41:14,830

a mall or something they're always like

1125

00:41:18,600 --> 00:41:16,480

projected onto something often is

1126
00:41:21,630 --> 00:41:18,610
something like it's just a simple angled

1127
00:41:24,780 --> 00:41:21,640
screen and the the actual hologram is

1128
00:41:26,610 --> 00:41:24,790
projected from below or it's projected

1129
00:41:29,970 --> 00:41:26,620
into something like misty air or

1130
00:41:31,950 --> 00:41:29,980
something like that there's a or it's a

1131
00:41:32,880 --> 00:41:31,960
spinning spinning thing and it's timed

1132
00:41:34,680 --> 00:41:32,890
with the spinning thing but there's

1133
00:41:36,780 --> 00:41:34,690
actually has to be something there you

1134
00:41:37,200 --> 00:41:36,790
can't protect something onto the onto

1135
00:41:39,770 --> 00:41:37,210
the air

1136
00:41:41,760 --> 00:41:39,780
now you could maybe do like you know

1137
00:41:43,590 --> 00:41:41,770
loudspeakers everywhere and have the

1138
00:41:48,780 --> 00:41:43,600

voice of God come down and say everyone

1139

00:41:50,610 --> 00:41:48,790

get into the FEMA camps but I'm

1140

00:41:52,500 --> 00:41:50,620

interested on your take I know that the

1141

00:41:55,890 --> 00:41:52,510

Star Wars program is said to have failed

1142

00:41:57,420 --> 00:41:55,900

well let's say let's say it didn't let's

1143

00:42:00,480 --> 00:41:57,430

say that you had something that could

1144

00:42:02,280 --> 00:42:00,490

project from space and now whether that

1145

00:42:04,680 --> 00:42:02,290

would be inside of our atmosphere or not

1146

00:42:07,350 --> 00:42:04,690

and downward obviously we have satellite

1147

00:42:08,760 --> 00:42:07,360

technology and those type of waves you

1148

00:42:11,340 --> 00:42:08,770

think that sound waves just wouldn't be

1149

00:42:12,900 --> 00:42:11,350

plausible sound waves you couldn't

1150

00:42:14,309 --> 00:42:12,910

project from space because they need

1151

00:42:15,929 --> 00:42:14,319

they need air

1152

00:42:18,689 --> 00:42:15,939

to get through you would have to do

1153

00:42:21,120 --> 00:42:18,699

something kind of microwave modulation

1154

00:42:22,679 --> 00:42:21,130

of the atmosphere which would be take an

1155

00:42:24,209 --> 00:42:22,689

incredible amount of energy and would be

1156

00:42:26,909 --> 00:42:24,219

completely infeasible to do from space

1157

00:42:28,799 --> 00:42:26,919

you had to basically set up a sequence

1158

00:42:30,689 --> 00:42:28,809

of atomic explosions timed with the

1159

00:42:33,150 --> 00:42:30,699

sound waves or something like that

1160

00:42:35,519 --> 00:42:33,160

people talk about like HAARP I don't if

1161

00:42:37,199 --> 00:42:35,529

you're familiar with HAARP or another

1162

00:42:40,229 --> 00:42:37,209

kind of conspiracy theory type thing and

1163

00:42:42,299 --> 00:42:40,239

that that can actually modify a very

1164

00:42:44,579 --> 00:42:42,309

small region a relatively small region

1165

00:42:46,289 --> 00:42:44,589

of the atmosphere but it's actually the

1166

00:42:48,120 --> 00:42:46,299

atmosphere you talk about the atmosphere

1167

00:42:50,759 --> 00:42:48,130

and you think about the air you know in

1168

00:42:52,890 --> 00:42:50,769

front of you but what HAARP does is it

1169

00:42:54,900 --> 00:42:52,900

modifies a region of space essentially

1170

00:42:56,429 --> 00:42:54,910

like a hundred miles up where there's

1171

00:42:59,069 --> 00:42:56,439

almost no air is like you know one

1172

00:43:01,049 --> 00:42:59,079

molecule per square foot or something

1173

00:43:02,400 --> 00:43:01,059

like that and it's mostly free electrons

1174

00:43:04,229 --> 00:43:02,410

because of the bombardment of the Sun

1175

00:43:05,909 --> 00:43:04,239

it's just completely different to what

1176
00:43:07,890 --> 00:43:05,919
people's idea is people think you know

1177
00:43:10,409 --> 00:43:07,900
you're modulating the atmosphere but

1178
00:43:12,630 --> 00:43:10,419
it's really not doing anything that can

1179
00:43:13,650 --> 00:43:12,640
affect things at ground level and it's

1180
00:43:14,789 --> 00:43:13,660
the same thing with like space

1181
00:43:17,429 --> 00:43:14,799
projectors they couldn't do anything

1182
00:43:19,679 --> 00:43:17,439
that would affect things ground level

1183
00:43:22,739 --> 00:43:19,689
like this the blue sky isn't like this

1184
00:43:24,539 --> 00:43:22,749
blue screen above us it's miles and

1185
00:43:26,219 --> 00:43:24,549
miles and miles of increasingly thinner

1186
00:43:27,749 --> 00:43:26,229
air so if you shine a beam into it

1187
00:43:29,489 --> 00:43:27,759
you're just gonna get a beam you're not

1188
00:43:31,979 --> 00:43:29,499

gonna get an actual projection unless

1189

00:43:35,519 --> 00:43:31,989

you do it on my cloud so yeah I think

1190

00:43:37,199 --> 00:43:35,529

the Project Blue Beam is there's

1191

00:43:39,599 --> 00:43:37,209

complete nonsense basically and it's an

1192

00:43:41,489 --> 00:43:39,609

interesting kind of almost like a

1193

00:43:44,099 --> 00:43:41,499

science fiction fantasy like it's

1194

00:43:45,899 --> 00:43:44,109

entertaining to to think about it but is

1195

00:43:49,409 --> 00:43:45,909

there's no way it's physically possible

1196

00:43:51,870 --> 00:43:49,419

at all but I would say this you know

1197

00:43:53,249 --> 00:43:51,880

science fiction I mean there's a lot of

1198

00:43:54,749 --> 00:43:53,259

things for instance that you would have

1199

00:43:56,009 --> 00:43:54,759

said as science fiction never come to

1200

00:43:57,689 --> 00:43:56,019

reality unless I think there's a good

1201

00:44:00,149 --> 00:43:57,699

segue into the deep fake thing right

1202

00:44:02,839 --> 00:44:00,159

i I've looked at this forever you know

1203

00:44:06,179 --> 00:44:02,849

just because I went to school for

1204

00:44:07,469 --> 00:44:06,189

graphics editing 3d modeling and even

1205

00:44:08,909 --> 00:44:07,479

you know back then what they could do

1206

00:44:10,019 --> 00:44:08,919

with Forrest Gump when I was a kid I was

1207

00:44:12,390 --> 00:44:10,029

like wow this is pretty cool you know

1208

00:44:15,870 --> 00:44:12,400

and and obviously it was very intensive

1209

00:44:17,699 --> 00:44:15,880

now I mean I just posted something that

1210

00:44:20,849 --> 00:44:17,709

somebody did from 2001 a Space Odyssey

1211

00:44:23,279 --> 00:44:20,859

with great shading and shadows and Elon

1212

00:44:25,219 --> 00:44:23,289

Musk is the main character and it looks

1213

00:44:27,830 --> 00:44:25,229

like husking it's done

1214

00:44:30,530 --> 00:44:27,840

and the first

1215

00:44:32,060 --> 00:44:30,540

thing that clicks in my brain is the

1216

00:44:34,520 --> 00:44:32,070

running man I don't know how I don't

1217

00:44:36,230 --> 00:44:34,530

know if you remember that film by yeah

1218

00:44:38,120 --> 00:44:36,240

yeah the very beginning is Swartz and

1219

00:44:39,770 --> 00:44:38,130

Eggers character not wanting to kill a

1220

00:44:42,740 --> 00:44:39,780

bunch of people on the streets I think

1221

00:44:44,210 --> 00:44:42,750

of Los Angeles who want food and his

1222

00:44:46,400 --> 00:44:44,220

superiors telling him to do it and he

1223

00:44:47,690 --> 00:44:46,410

fighters it off they stop it they kill

1224

00:44:49,610 --> 00:44:47,700

those people and then they blame it on

1225

00:44:52,040 --> 00:44:49,620

him and then they put video of him doing

1226

00:44:53,930 --> 00:44:52,050

it out which is faked and then later

1227

00:44:56,060 --> 00:44:53,940

they show the same real-time technology

1228

00:44:57,860 --> 00:44:56,070

when Jesse Ventura is character is

1229

00:44:59,570 --> 00:44:57,870

supposedly in a cage with him and he

1230

00:45:02,060 --> 00:44:59,580

kills him and it's really another person

1231

00:45:04,430 --> 00:45:02,070

I think at this point that real-time

1232

00:45:08,960 --> 00:45:04,440

technology is is somewhere pretty much

1233

00:45:12,890 --> 00:45:08,970

in the near future so you know and we

1234

00:45:15,350 --> 00:45:12,900

have the audio stuff when when do we

1235

00:45:16,250 --> 00:45:15,360

stop trusting what's out there like for

1236

00:45:19,130 --> 00:45:16,260

instance do you think there's a

1237

00:45:21,200 --> 00:45:19,140

possibility that any of those bin Laden

1238

00:45:24,830 --> 00:45:21,210

videos might have you been using you

1239

00:45:26,720 --> 00:45:24,840

know a very I would say primitive type

1240

00:45:28,580 --> 00:45:26,730

of this technology just the editing base

1241

00:45:30,410 --> 00:45:28,590

is that even a possibility it seems

1242

00:45:32,060 --> 00:45:30,420

unlikely to me just based on the level

1243

00:45:34,430 --> 00:45:32,070

of technology back then like the way

1244

00:45:38,540 --> 00:45:34,440

it's done now is it's essentially like

1245

00:45:42,470 --> 00:45:38,550

these large AI is running on like quite

1246

00:45:44,210 --> 00:45:42,480

often on multi-core servers people need

1247

00:45:45,560 --> 00:45:44,220

it at home now there but yeah they have

1248

00:45:47,120 --> 00:45:45,570

to like you know train it overnight and

1249

00:45:48,620 --> 00:45:47,130

stuff and you can still kind of still

1250

00:45:50,150 --> 00:45:48,630

kind of looks kind of iffy but if you

1251
00:45:52,220 --> 00:45:50,160
use more computers it gets better but

1252
00:45:53,990 --> 00:45:52,230
back then I don't really think that they

1253
00:45:55,880 --> 00:45:54,000
had the technology certainly nothing

1254
00:45:57,260 --> 00:45:55,890
that I was aware of you can you can

1255
00:45:58,190 --> 00:45:57,270
always speculate and say oh you had the

1256
00:46:00,500 --> 00:45:58,200
government to these almost ten years

1257
00:46:02,840 --> 00:46:00,510
ahead but you didn't generally they're

1258
00:46:04,220 --> 00:46:02,850
not ten years ahead in things like this

1259
00:46:06,680 --> 00:46:04,230
when it comes to things like you know

1260
00:46:09,140 --> 00:46:06,690
faking graphics and whatnot all that

1261
00:46:11,270 --> 00:46:09,150
research is done in in universities you

1262
00:46:12,950 --> 00:46:11,280
know the stuff comes out of people's PhD

1263
00:46:15,260 --> 00:46:12,960

theses and things like that which is all

1264

00:46:17,780 --> 00:46:15,270

kind of public stuff and it's all work

1265

00:46:19,520 --> 00:46:17,790

that's done in the public and it's it's

1266

00:46:21,980 --> 00:46:19,530

impossible to say that it it wouldn't

1267

00:46:24,350 --> 00:46:21,990

have happened but I see no indication

1268

00:46:26,660 --> 00:46:24,360

that it happened but I think you say

1269

00:46:27,980 --> 00:46:26,670

when when should we stop trusting what

1270

00:46:30,680 --> 00:46:27,990

we see I think you know we should stop

1271

00:46:33,050 --> 00:46:30,690

trusting it now you see some picture

1272

00:46:35,660 --> 00:46:33,060

somebody talking about something on TV

1273

00:46:37,700 --> 00:46:35,670

it could be fake people are gonna start

1274

00:46:40,580 --> 00:46:37,710

you know he's gonna be very common soon

1275

00:46:41,800 --> 00:46:40,590

for people to be making revenge porn

1276

00:46:43,870 --> 00:46:41,810

type thing

1277

00:46:45,400 --> 00:46:43,880

with deep faking people space yeah yeah

1278

00:46:47,170 --> 00:46:45,410

so it's already happening so it's just

1279

00:46:48,550 --> 00:46:47,180

gonna be more and more common people are

1280

00:46:52,560 --> 00:46:48,560

probably going to do it with me and you

1281

00:46:55,330 --> 00:46:52,570

at some point not together hopefully

1282

00:46:59,260 --> 00:46:55,340

another conversation this is what

1283

00:47:00,970 --> 00:46:59,270

happened the cameras turned off I find

1284

00:47:02,830 --> 00:47:00,980

that interesting and one of the things

1285

00:47:05,770 --> 00:47:02,840

that this kind of shoots off too to me

1286

00:47:07,510 --> 00:47:05,780

is quantum computing right I'd love to

1287

00:47:10,030 --> 00:47:07,520

get your take on that because now we're

1288

00:47:12,430 --> 00:47:10,040

being told I mean and I'd like to get

1289

00:47:14,680 --> 00:47:12,440

your take on what's being pushed I would

1290

00:47:16,900 --> 00:47:14,690

say by the mainstream you know all this

1291

00:47:19,720 --> 00:47:16,910

time we've been living in base reality

1292

00:47:20,890 --> 00:47:19,730

and now people like Elon Musk are

1293

00:47:24,340 --> 00:47:20,900

promoting that we're in a simulation

1294

00:47:26,380 --> 00:47:24,350

right um that Rogen had somebody else on

1295

00:47:28,030 --> 00:47:26,390

that I don't believe that and the other

1296

00:47:30,400 --> 00:47:28,040

thing that's being promoted not only by

1297

00:47:33,130 --> 00:47:30,410

Google and Microsoft and IBM and I

1298

00:47:34,750 --> 00:47:33,140

assume NASA who's working with Google in

1299

00:47:37,690 --> 00:47:34,760

a lot of these quantum realms is that

1300

00:47:39,790 --> 00:47:37,700

the multiverse is real and somehow you

1301
00:47:42,070 --> 00:47:39,800
and I are doing these things an infinite

1302
00:47:44,680 --> 00:47:42,080
amount of times infinite ways and

1303
00:47:47,560 --> 00:47:44,690
sometimes even transcending our physical

1304
00:47:49,900 --> 00:47:47,570
appearance and to me number one that's

1305
00:47:52,510 --> 00:47:49,910
not a reality but I don't know hey I'm

1306
00:47:53,950 --> 00:47:52,520
not God they say they're tapping into

1307
00:47:55,660 --> 00:47:53,960
this you know somehow for the

1308
00:47:58,270 --> 00:47:55,670
superpositions and I forget what the

1309
00:48:00,280 --> 00:47:58,280
other quantum thing that they're talking

1310
00:48:01,540 --> 00:48:00,290
about is but what is your view on all

1311
00:48:02,920 --> 00:48:01,550
this you know before we get to the

1312
00:48:05,410 --> 00:48:02,930
singularity because I don't think we can

1313
00:48:06,880 --> 00:48:05,420

upload consciousness even that is a lot

1314

00:48:08,760 --> 00:48:06,890

of topics this is you know something

1315

00:48:11,109 --> 00:48:08,770

that Joe Rogan likes to talk about a lot

1316

00:48:13,450 --> 00:48:11,119

because they're the side of you people

1317

00:48:19,750 --> 00:48:13,460

don't get to see you know they they see

1318

00:48:23,980 --> 00:48:19,760

the snarky debunker and 144 character ya

1319

00:48:25,690 --> 00:48:23,990

know it's a fascinating topic why are we

1320

00:48:27,400 --> 00:48:25,700

living in a simulation I think you know

1321

00:48:28,750 --> 00:48:27,410

I always kind of considered kind of

1322

00:48:30,490 --> 00:48:28,760

irrelevant if you can't do anything

1323

00:48:31,810 --> 00:48:30,500

about it then it doesn't really matter

1324

00:48:33,700 --> 00:48:31,820

if you're living in a simulation or not

1325

00:48:36,099 --> 00:48:33,710

all you can do is you can look at what

1326

00:48:37,450 --> 00:48:36,109

the laws of physics are and dive deeper

1327

00:48:38,980 --> 00:48:37,460

you know say what's going on with these

1328

00:48:40,420 --> 00:48:38,990

subatomic particles what's going on with

1329

00:48:42,220 --> 00:48:40,430

quark so what's going on with like

1330

00:48:43,840 --> 00:48:42,230

photon entanglement and stuff like that

1331

00:48:45,910 --> 00:48:43,850

why does that work it looks really weird

1332

00:48:47,230 --> 00:48:45,920

and you look at the universe and you

1333

00:48:48,700 --> 00:48:47,240

think it's just like you know solid

1334

00:48:50,260 --> 00:48:48,710

objects moving around bumping into each

1335

00:48:52,060 --> 00:48:50,270

other and but then you look really deep

1336

00:48:53,650 --> 00:48:52,070

it's completely different to that it's

1337

00:48:55,180 --> 00:48:53,660

cysts and then you look really very

1338

00:48:58,180 --> 00:48:55,190

deeper the quantum level and

1339

00:49:01,780 --> 00:48:58,190

it's bizarre inexplicable and I think

1340

00:49:03,310 --> 00:49:01,790

quantum computers are very interesting

1341

00:49:05,530 --> 00:49:03,320

because the certain things that

1342

00:49:08,380 --> 00:49:05,540

consequent quantum computers can

1343

00:49:10,330 --> 00:49:08,390

theoretically do like make them break

1344

00:49:12,310 --> 00:49:10,340

encryption they can pretty much break

1345

00:49:14,860 --> 00:49:12,320

any encryption out there like there's

1346

00:49:18,520 --> 00:49:14,870

there's if the theoretical thing pans

1347

00:49:21,520 --> 00:49:18,530

out then the public key cryptography

1348

00:49:23,220 --> 00:49:21,530

system that's based on factoring the

1349

00:49:25,810 --> 00:49:23,230

products of very large prime numbers

1350

00:49:28,990 --> 00:49:25,820

could be cracked you know in an instant

1351
00:49:31,090 --> 00:49:29,000
by an appropriate quantum computer but

1352
00:49:33,310 --> 00:49:31,100
no one's really got quantum computers to

1353
00:49:35,890 --> 00:49:33,320
do very much recently they're not

1354
00:49:37,420 --> 00:49:35,900
exactly powerful because you can

1355
00:49:39,730 --> 00:49:37,430
actually simulate a contra quantum

1356
00:49:41,320 --> 00:49:39,740
computer way way easier than actually

1357
00:49:42,520 --> 00:49:41,330
building a quantum computer thing and

1358
00:49:44,740 --> 00:49:42,530
they have these things called qubits

1359
00:49:46,900 --> 00:49:44,750
which is the basic units of quantum

1360
00:49:49,810 --> 00:49:46,910
computers and I can't remember how much

1361
00:49:52,000 --> 00:49:49,820
the the number of bits is in a quantum

1362
00:49:53,950 --> 00:49:52,010
computer now but it's you know it's not

1363
00:49:55,180 --> 00:49:53,960

very many he's like a handful well

1364

00:49:57,190 --> 00:49:55,190

there's two different types there's the

1365

00:50:00,310 --> 00:49:57,200

ones that are using quantum annealing

1366

00:50:02,140 --> 00:50:00,320

and that's the d-wave machines and

1367

00:50:04,630 --> 00:50:02,150

that's the nasa project but then you

1368

00:50:07,240 --> 00:50:04,640

have these new ones and i think there's

1369

00:50:09,550 --> 00:50:07,250

somewhere in the 72 qubit range was the

1370

00:50:11,050 --> 00:50:09,560

last thing I was reading and you know

1371

00:50:12,970 --> 00:50:11,060

Hartman I can't remember what his last

1372

00:50:14,500 --> 00:50:12,980

name is but I find this stuff super

1373

00:50:16,240 --> 00:50:14,510

interesting because like you you know I

1374

00:50:18,190 --> 00:50:16,250

think that a I think a lot of people are

1375

00:50:20,530 --> 00:50:18,200

banking on crypto currencies to some

1376

00:50:22,870 --> 00:50:20,540

kind of pan out and there could be

1377

00:50:25,870 --> 00:50:22,880

problems telling them man it's a

1378

00:50:28,690 --> 00:50:25,880

computer it's it's ones and zeros people

1379

00:50:30,970 --> 00:50:28,700

figure things out you know the X Box

1380

00:50:34,000 --> 00:50:30,980

gets hacked the ps3 gets hacked you know

1381

00:50:35,500 --> 00:50:34,010

the ps4 has been hacked so the idea that

1382

00:50:38,230 --> 00:50:35,510

they're gonna be able to create a

1383

00:50:40,030 --> 00:50:38,240

unhackable algorithm we don't know where

1384

00:50:43,900 --> 00:50:40,040

where these things are going in the next

1385

00:50:46,660 --> 00:50:43,910

20 or 30 years and personally you know I

1386

00:50:49,000 --> 00:50:46,670

feel like first of all I'm not in love

1387

00:50:50,950 --> 00:50:49,010

with a cashless society you know I think

1388

00:50:53,050 --> 00:50:50,960

that's very very dangerous you know that

1389

00:50:55,630 --> 00:50:53,060

UPS the track trace database society

1390

00:50:57,880 --> 00:50:55,640

that to me I mean we're already there

1391

00:51:00,670 --> 00:50:57,890

right people are just buying smart

1392

00:51:02,620 --> 00:51:00,680

devices like hey I like an Xbox it's the

1393

00:51:04,420 --> 00:51:02,630

one thing on that I'm not willing to

1394

00:51:07,589 --> 00:51:04,430

give up that has a microphone that's

1395

00:51:10,269 --> 00:51:07,599

ready because you at the end of

1396

00:51:15,640 --> 00:51:10,279

was it now invisible animus you say

1397

00:51:17,440 --> 00:51:15,650

throw away our X books I think I think

1398

00:51:19,720 --> 00:51:17,450

there's a time for everything right like

1399

00:51:22,059 --> 00:51:19,730

I I bought Borderlands 3 it's the first

1400

00:51:24,880 --> 00:51:22,069

video I'm I skip MK 11 and I got

1401

00:51:26,380 --> 00:51:24,890

Borderlands 3 and I think I got it on

1402

00:51:28,240 --> 00:51:26,390

opening day I forget what day it came

1403

00:51:30,160 --> 00:51:28,250

out it's gotta be like ten ten days ago

1404

00:51:33,430 --> 00:51:30,170

most of the people I know that are

1405

00:51:36,220 --> 00:51:33,440

serious about they put 40 80 120 hours

1406

00:51:38,470 --> 00:51:36,230

into this thing I got like seven you

1407

00:51:41,559 --> 00:51:38,480

know I got like seven hours to do it

1408

00:51:42,970 --> 00:51:41,569

I you know I like my downtime I like

1409

00:51:44,559 --> 00:51:42,980

sitting there playing a video game for

1410

00:51:46,359 --> 00:51:44,569

an hour maybe and getting I tried to

1411

00:51:48,190 --> 00:51:46,369

stream it on my channel couldn't do it

1412

00:51:50,170 --> 00:51:48,200

you know I just it doesn't interest me

1413

00:51:51,609 --> 00:51:50,180

to interact that way this is my time

1414

00:51:54,190 --> 00:51:51,619

either that or sit down and watch some

1415

00:51:56,230 --> 00:51:54,200

American Pickers maybe some UFC I think

1416

00:51:57,789 --> 00:51:56,240

you have to have that Mick and I think

1417

00:52:01,000 --> 00:51:57,799

that you know one of the things I like

1418

00:52:02,799 --> 00:52:01,010

about you is that you do seem to pull

1419

00:52:05,440 --> 00:52:02,809

some people back from the edge of

1420

00:52:07,359 --> 00:52:05,450

ridiculous like the queue thing I mean

1421

00:52:09,700 --> 00:52:07,369

that was just insanity and that it's

1422

00:52:11,410 --> 00:52:09,710

still thriving is insane to me and the

1423

00:52:13,870 --> 00:52:11,420

amount of money grifters on that is very

1424

00:52:15,130 --> 00:52:13,880

upsetting to me I didn't even understand

1425

00:52:18,759 --> 00:52:15,140

how people could believe that

1426
00:52:22,329 --> 00:52:18,769
you know like mad boards and superheroes

1427
00:52:24,339 --> 00:52:22,339
behind the scenes it's listen people

1428
00:52:26,529 --> 00:52:24,349
want to believe that things are gonna

1429
00:52:28,779 --> 00:52:26,539
get better and that they don't have to

1430
00:52:31,269 --> 00:52:28,789
do anything for it and I think that's a

1431
00:52:33,220 --> 00:52:31,279
big problem with today at least to me

1432
00:52:35,440 --> 00:52:33,230
you know when I was stomping my feet

1433
00:52:37,420 --> 00:52:35,450
about 9/11 there was still an anti-war

1434
00:52:39,309 --> 00:52:37,430
movement you know code pink was still

1435
00:52:41,890 --> 00:52:39,319
getting coverage cindy sheehan was out

1436
00:52:43,269 --> 00:52:41,900
there you know the Ray McGovern was just

1437
00:52:45,759 --> 00:52:43,279
getting going we had people in the

1438
00:52:48,460 --> 00:52:45,769

streets right now we're in more nations

1439

00:52:49,799 --> 00:52:48,470

than any other time in the world you

1440

00:52:55,150 --> 00:52:49,809

know we could talk about Afghanistan

1441

00:52:56,440 --> 00:52:55,160

Iraq Syria Somalia Sudan Libya people

1442

00:52:57,549 --> 00:52:56,450

don't even know we're involved in those

1443

00:53:00,519 --> 00:52:57,559

nations you know whether they're just

1444

00:53:03,279 --> 00:53:00,529

you know drone targets like in Yemen and

1445

00:53:04,870 --> 00:53:03,289

our and our weapons or ground troops no

1446

00:53:07,779 --> 00:53:04,880

one seems to be upset we're on the cusp

1447

00:53:10,059 --> 00:53:07,789

of a real conflict with the nation with

1448

00:53:12,730 --> 00:53:10,069

eighty million people and a real

1449

00:53:15,099 --> 00:53:12,740

military that Russia is not just gonna

1450

00:53:16,930 --> 00:53:15,109

let us go into right who knows where

1451

00:53:20,680 --> 00:53:16,940

that leads it's an interesting situation

1452

00:53:22,990 --> 00:53:20,690

and seems dangerous to me no one cares

1453

00:53:25,839 --> 00:53:23,000

man I mean that none of these are hot

1454

00:53:28,690 --> 00:53:25,849

topics in the mainstream media on any of

1455

00:53:31,510 --> 00:53:28,700

the talk shows or in the street it's all

1456

00:53:33,940 --> 00:53:31,520

identity politics and how to separate us

1457

00:53:37,900 --> 00:53:33,950

it's you know even the alternative

1458

00:53:40,450 --> 00:53:37,910

it's an Tifa this or you know proud

1459

00:53:43,720 --> 00:53:40,460

proud boys that and there's just such a

1460

00:53:45,280 --> 00:53:43,730

marginal group and I think they show

1461

00:53:47,079 --> 00:53:45,290

kind of the worst of everything they

1462

00:53:48,250 --> 00:53:47,089

want battle they want conflict they

1463

00:53:51,010 --> 00:53:48,260

don't want people to come together and

1464

00:53:54,430 --> 00:53:51,020

be anti-war and ask questions and to me

1465

00:53:56,349 --> 00:53:54,440

that's troubling man let me ask you a

1466

00:53:58,839 --> 00:53:56,359

question like you talk a lot about like

1467

00:54:00,430 --> 00:53:58,849

the problems with the world as you see

1468

00:54:03,700 --> 00:54:00,440

them you did a lot of research into what

1469

00:54:06,930 --> 00:54:03,710

what these problems are how would you

1470

00:54:09,520 --> 00:54:06,940

picture a better world an ideal world

1471

00:54:11,680 --> 00:54:09,530

sure I mean all right so first you start

1472

00:54:14,290 --> 00:54:11,690

at home right I always tell people start

1473

00:54:16,450 --> 00:54:14,300

locally you know you can go and you can

1474

00:54:18,250 --> 00:54:16,460

run for local mayor you know state

1475

00:54:20,290 --> 00:54:18,260

senator is not out of some people's

1476
00:54:21,849 --> 00:54:20,300
reach you know you have to start locally

1477
00:54:23,950 --> 00:54:21,859
but if we were gonna talk about a

1478
00:54:25,059 --> 00:54:23,960
national level especially since we I

1479
00:54:26,650 --> 00:54:25,069
think we can agree that the United

1480
00:54:29,770 --> 00:54:26,660
States is the world's superpower right

1481
00:54:33,309 --> 00:54:29,780
sure I think we I think we took a very

1482
00:54:35,800 --> 00:54:33,319
very big turn for the worst on two

1483
00:54:38,920 --> 00:54:35,810
occasions one when we create a national

1484
00:54:40,930 --> 00:54:38,930
security state where now the people

1485
00:54:42,370 --> 00:54:40,940
don't really get to find things out

1486
00:54:44,859 --> 00:54:42,380
anymore and it's up to the Fourth Estate

1487
00:54:46,750 --> 00:54:44,869
to dig-dig-dig and we no longer really

1488
00:54:48,970 --> 00:54:46,760

have a judicial executive and

1489

00:54:51,700 --> 00:54:48,980

legislative branch that are checks and

1490

00:54:54,700 --> 00:54:51,710

balances right at some level the checks

1491

00:54:56,380 --> 00:54:54,710

stopped right whether that's a you know

1492

00:54:58,240 --> 00:54:56,390

well beyond a presidential level that's

1493

00:55:00,790 --> 00:54:58,250

a huge issue and that's post-world War

1494

00:55:04,059 --> 00:55:00,800

two that's the atomic era in fact Annie

1495

00:55:06,490 --> 00:55:04,069

Jacobsen talks about how area 51 was a

1496

00:55:09,130 --> 00:55:06,500

big pissing contest between the military

1497

00:55:10,690 --> 00:55:09,140

and the CIA as to who was really gonna

1498

00:55:12,490 --> 00:55:10,700

run this thing you know what I mean and

1499

00:55:13,990 --> 00:55:12,500

kind of born out of the CIA was interest

1500

00:55:16,300 --> 00:55:14,000

it's a really interesting read very

1501
00:55:19,420 --> 00:55:16,310
dense and the second thing that really

1502
00:55:22,569 --> 00:55:19,430
screwed us was allowing lobbying in

1503
00:55:25,450 --> 00:55:22,579
politics the idea that we can put so

1504
00:55:28,089 --> 00:55:25,460
much money into politics and you can

1505
00:55:30,609 --> 00:55:28,099
have a super PAC or a group on behalf of

1506
00:55:32,680 --> 00:55:30,619
this and that not only pay into

1507
00:55:34,690 --> 00:55:32,690
candidates but then after the fact

1508
00:55:38,140 --> 00:55:34,700
promised them a job

1509
00:55:40,330 --> 00:55:38,150
yeah I totally agree with you yes

1510
00:55:42,070 --> 00:55:40,340
biggest things we could do let's roll

1511
00:55:43,810 --> 00:55:42,080
back like for instance it was very

1512
00:55:45,160 --> 00:55:43,820
troubling to me there you know one of

1513
00:55:46,630 --> 00:55:45,170

the things again Trump said he was gonna

1514

00:55:49,840 --> 00:55:46,640

do you know he's fighting the deep state

1515

00:55:52,030 --> 00:55:49,850

fight that he was that yeah these all

1516

00:55:55,990 --> 00:55:52,040

the JFK documents at this point right

1517

00:55:57,820 --> 00:55:56,000

and on two occasions he failed now in my

1518

00:56:00,400 --> 00:55:57,830

opinion if you can't release those

1519

00:56:02,350 --> 00:56:00,410

documents and obviously I feel those

1520

00:56:05,590 --> 00:56:02,360

have shades of deep state all over them

1521

00:56:08,530 --> 00:56:05,600

if you can't expect from 50-plus years

1522

00:56:11,620 --> 00:56:08,540

ago how in the world are you going to do

1523

00:56:14,530 --> 00:56:11,630

it now and appointments like Bolton and

1524

00:56:16,540 --> 00:56:14,540

Pompeyo and Haspel you know it's great

1525

00:56:19,540 --> 00:56:16,550

Bolton's gone but who's gonna take his

1526

00:56:22,090 --> 00:56:19,550

place just show that that Batman in a

1527

00:56:24,250 --> 00:56:22,100

guy that said he was coming in isn't a

1528

00:56:26,710 --> 00:56:24,260

real one you know you talk about it like

1529

00:56:29,050 --> 00:56:26,720

when you started out it's uh you know

1530

00:56:31,870 --> 00:56:29,060

checks and balances you think like we've

1531

00:56:35,320 --> 00:56:31,880

got executive overreach right now sure

1532

00:56:37,150 --> 00:56:35,330

yes but but I would say that House exit

1533

00:56:39,640 --> 00:56:37,160

which goes beyond the president the

1534

00:56:41,320 --> 00:56:39,650

United States right it's not just the

1535

00:56:44,620 --> 00:56:41,330

President of the United States it cat

1536

00:56:47,800 --> 00:56:44,630

his cabinet it's his you know just about

1537

00:56:50,650 --> 00:56:47,810

everything right now for instance we're

1538

00:56:51,760 --> 00:56:50,660

arguing about the Ukraine phone calls

1539

00:56:53,650 --> 00:56:51,770

and whether we're gonna get to be here

1540

00:56:55,150 --> 00:56:53,660

these phone calls and what server the

1541

00:56:58,150 --> 00:56:55,160

transcripts were put on and blah blah

1542

00:57:00,760 --> 00:56:58,160

blah blah blah to me that's all red tape

1543

00:57:03,160 --> 00:57:00,770

and and budgets I'm more concerned that

1544

00:57:05,830 --> 00:57:03,170

the President of the United States after

1545

00:57:10,210 --> 00:57:05,840

Congress and Senate says we're leaving

1546

00:57:11,380 --> 00:57:10,220

Yemen right he can just say no veto you

1547

00:57:13,930 --> 00:57:11,390

know what I'm saying we're gonna we're

1548

00:57:14,860 --> 00:57:13,940

not gonna talk about it and in common

1549

00:57:17,710 --> 00:57:14,870

run on

1550

00:57:20,020 --> 00:57:17,720

well who did 9/11 starts hinting towards

1551
00:57:22,840 --> 00:57:20,030
the Saudis and one of the first deals he

1552
00:57:25,570 --> 00:57:22,850
cuts is a four hundred plus billion

1553
00:57:28,750 --> 00:57:25,580
dollar arms deal with Saudi Arabia and

1554
00:57:30,220 --> 00:57:28,760
that's an issue with me so that there is

1555
00:57:32,230 --> 00:57:30,230
no oversight on that and don't get me

1556
00:57:33,400 --> 00:57:32,240
wrong we used that we used to be able to

1557
00:57:35,590 --> 00:57:33,410
veto those things but then there'd be

1558
00:57:37,270 --> 00:57:35,600
challenges where was the challenge from

1559
00:57:38,530 --> 00:57:37,280
Congress on that or the challenge from

1560
00:57:40,990 --> 00:57:38,540
the Senate no it was into the next

1561
00:57:44,800 --> 00:57:41,000
election cycle the next party line

1562
00:57:46,900 --> 00:57:44,810
nonsense and I he's racist he's a Nazi

1563
00:57:48,490 --> 00:57:46,910

like things that I don't believe he is

1564

00:57:51,070 --> 00:57:48,500

doesn't mean I think he's a good

1565

00:57:52,900 --> 00:57:51,080

and Mick you know Mick I think it's very

1566

00:57:54,970 --> 00:57:52,910

obvious you know the guy was three

1567

00:57:56,530 --> 00:57:54,980

things out of the gates before I voted

1568

00:57:58,870 --> 00:57:56,540

for him and I let everybody know because

1569

00:58:00,430 --> 00:57:58,880

you know I'm not Alex Jones I wasn't

1570

00:58:03,310 --> 00:58:00,440

wearing up you know what I'm on the

1571

00:58:04,030 --> 00:58:03,320

Trump change you chewing the guy one is

1572

00:58:06,880 --> 00:58:04,040

a gangster

1573

00:58:09,250 --> 00:58:06,890

he created Atlantic City if you believe

1574

00:58:12,339 --> 00:58:09,260

in your heart of hearts that a city

1575

00:58:14,260 --> 00:58:12,349

built around gambling in New Jersey had

1576

00:58:15,880 --> 00:58:14,270

nothing to do with organized crime or

1577

00:58:18,820 --> 00:58:15,890

has nothing to do with nice time today

1578

00:58:20,440 --> 00:58:18,830

generally a little bit slow okay so

1579

00:58:22,960 --> 00:58:20,450

we'll start there number one he's a

1580

00:58:25,450 --> 00:58:22,970

gangster too an obvious womanizer he was

1581

00:58:28,780 --> 00:58:25,460

never shy about it I remember I was

1582

00:58:31,630 --> 00:58:28,790

crazy when I was a kid he owned beauty

1583

00:58:33,400 --> 00:58:31,640

pageants like literal beauty pageants he

1584

00:58:37,089 --> 00:58:33,410

was very open about these things so you

1585

00:58:39,609 --> 00:58:37,099

got misogynist you got gangster 3 what

1586

00:58:41,050 --> 00:58:39,619

was his big comeback he's an actor you

1587

00:58:43,450 --> 00:58:41,060

know throughout light and I'm you know

1588

00:58:46,390 --> 00:58:43,460

we're colleges TV at less than 5 years

1589

00:58:48,070 --> 00:58:46,400

even before he got his reality show he

1590

00:58:50,470 --> 00:58:48,080

was all over television I was on the

1591

00:58:52,450 --> 00:58:50,480

talk show circuit he was on you know

1592

00:58:54,520 --> 00:58:52,460

things like Inside Edition Entertainment

1593

00:58:55,839 --> 00:58:54,530

Tonight was very act with the camera and

1594

00:58:58,450 --> 00:58:55,849

then when they gave him a reality show

1595

00:59:01,120 --> 00:58:58,460

which we know is far from reality

1596

00:59:05,440 --> 00:59:01,130

he got even better at it so you're

1597

00:59:07,960 --> 00:59:05,450

already electing a gangster misogynist

1598

00:59:10,210 --> 00:59:07,970

actor who you could not trust that

1599

00:59:12,310 --> 00:59:10,220

should be enough yeah I don't believe

1600

00:59:14,470 --> 00:59:12,320

that he's a racist I don't believe that

1601
00:59:15,880 --> 00:59:14,480
he's a Nazi I don't believe all these

1602
00:59:18,040 --> 00:59:15,890
things they're throwing at the wall why

1603
00:59:19,180 --> 00:59:18,050
not be honest with people well I think

1604
00:59:20,650 --> 00:59:19,190
that the reason they don't want to be

1605
00:59:22,540 --> 00:59:20,660
honest with people is because the

1606
00:59:23,980 --> 00:59:22,550
majority of politicians that get in it

1607
00:59:24,520 --> 00:59:23,990
you could say almost the same thing

1608
00:59:27,940 --> 00:59:24,530
right

1609
00:59:29,170 --> 00:59:27,950
maybe so yeah yeah we can I coming up in

1610
00:59:30,940 --> 00:59:29,180
an hour it's gonna I want to touch on

1611
00:59:33,190 --> 00:59:30,950
one thing that is just a kind of a

1612
00:59:37,150 --> 00:59:33,200
personal saying like I remember you

1613
00:59:38,470 --> 00:59:37,160

doing this documentary called shade like

1614

00:59:39,300 --> 00:59:38,480

I think about 2010 or something like

1615

00:59:41,829 --> 00:59:39,310

that

1616

00:59:45,339 --> 00:59:41,839

2013 I was doing in 2012 it's like yeah

1617

00:59:48,640 --> 00:59:45,349

okay so I remember shade as being a

1618

00:59:51,010 --> 00:59:48,650

chemtrail documentary sure I looked at

1619

00:59:54,640 --> 00:59:51,020

the description on it and it's all about

1620

00:59:57,310 --> 00:59:54,650

builders well I would say this I'm not

1621

00:59:58,599 --> 00:59:57,320

sure which which one it's not on my

1622

01:00:00,940 --> 00:59:58,609

channel whoever wrote the description

1623

01:00:02,070 --> 01:00:00,950

that's not [h__h] but the first 30 minutes

1624

01:00:03,930 --> 01:00:02,080

is Bilderberg

1625

01:00:05,520 --> 01:00:03,940

it's like if it starts at Bilderberg

1626

01:00:08,340 --> 01:00:05,530

2012 on the scene

1627

01:00:11,070 --> 01:00:08,350

it explains Bilderberg I'd say the

1628

01:00:13,110 --> 01:00:11,080

second part is which is the the meet you

1629

01:00:15,330 --> 01:00:13,120

know there's about three three sections

1630

01:00:16,830 --> 01:00:15,340

in it that are large is more I wouldn't

1631

01:00:20,220 --> 01:00:16,840

call them chemtrails because I try not

1632

01:00:22,860 --> 01:00:20,230

to like solar radiation management for

1633

01:00:25,650 --> 01:00:22,870

long jet contrails Rosalind Peterson's

1634

01:00:28,200 --> 01:00:25,660

heavy in there and then the last part is

1635

01:00:30,270 --> 01:00:28,210

more eugenics and biotechnology based

1636

01:00:32,670 --> 01:00:30,280

where we kind of run off into gates and

1637

01:00:34,140 --> 01:00:32,680

you know his talks I don't know if they

1638

01:00:35,580 --> 01:00:34,150

were Ted I think one of them was a TED

1639

01:00:38,130 --> 01:00:35,590

talk where he talks about carbon but

1640

01:00:39,840 --> 01:00:38,140

even you know headlines again maybe like

1641

01:00:42,960 --> 01:00:39,850

three weeks ago I did a story on it now

1642

01:00:45,260 --> 01:00:42,970

it's not solar radiation management he's

1643

01:00:46,920 --> 01:00:45,270

got a new thing called solar radiation

1644

01:00:49,610 --> 01:00:46,930

perturbation I don't know if you've seen

1645

01:00:52,800 --> 01:00:49,620

this yet and the models on these are

1646

01:00:55,320 --> 01:00:52,810

balloons that are then shooting out

1647

01:00:57,030 --> 01:00:55,330

these these jet trails instead of actual

1648

01:00:59,010 --> 01:00:57,040

bits well yeah some stuff that's

1649

01:01:02,870 --> 01:00:59,020

theoretical of course but well what do

1650

01:01:04,950 --> 01:01:02,880

you know I would say

1651
01:01:06,420 --> 01:01:04,960
well I guess my point though was like

1652
01:01:08,820 --> 01:01:06,430
how's your thinking changed on this like

1653
01:01:10,680 --> 01:01:08,830
yet that was like what six years ago

1654
01:01:12,870 --> 01:01:10,690
I've never been one of those guys that

1655
01:01:16,440 --> 01:01:12,880
that tells you like their mind-control

1656
01:01:17,940 --> 01:01:16,450
drugs or you know that you know they're

1657
01:01:19,920 --> 01:01:17,950
they're controlling us through that or

1658
01:01:21,990 --> 01:01:19,930
there's some other thing I think they've

1659
01:01:23,940 --> 01:01:22,000
been pretty straightforward that they

1660
01:01:26,010 --> 01:01:23,950
think that this is going to help with

1661
01:01:29,040 --> 01:01:26,020
global warming that this is going to

1662
01:01:31,230 --> 01:01:29,050
cool the planet and I think it's in test

1663
01:01:32,760 --> 01:01:31,240

phases I think that we will find

1664

01:01:34,260 --> 01:01:32,770

documents in the next twenty to thirty

1665

01:01:35,760 --> 01:01:34,270

years were they kind first of all I

1666

01:01:37,230 --> 01:01:35,770

think it'll be commonplace in twenty to

1667

01:01:39,300 --> 01:01:37,240

thirty years unfortunately and I don't

1668

01:01:40,890 --> 01:01:39,310

agree with it you know I I do think that

1669

01:01:42,660 --> 01:01:40,900

they're putting the things they say

1670

01:01:44,310 --> 01:01:42,670

they're going to put in there to reflect

1671

01:01:47,370 --> 01:01:44,320

the sunlight period

1672

01:01:50,130 --> 01:01:47,380

I think these programs exist I don't

1673

01:01:52,320 --> 01:01:50,140

know how extensive they are I do believe

1674

01:01:55,350 --> 01:01:52,330

them to be on the east and west coasts

1675

01:01:56,550 --> 01:01:55,360

and you know I think the evidence is out

1676

01:01:58,230 --> 01:01:56,560

there I don't think they've been a

1677

01:01:59,850 --> 01:01:58,240

hundred percent honest with us Mick I

1678

01:02:03,270 --> 01:01:59,860

know that sounds crazy but I might see

1679

01:02:07,410 --> 01:02:03,280

yeah but I interviewed David Keith like

1680

01:02:09,510 --> 01:02:07,420

about a month ago and yeah I've talked

1681

01:02:11,250 --> 01:02:09,520

to him before I get that's and he's like

1682

01:02:13,920 --> 01:02:11,260

the most famous like geoengineering

1683

01:02:15,040 --> 01:02:13,930

proponent out there Shanna he says point

1684

01:02:16,630 --> 01:02:15,050

blank the

1685

01:02:18,790 --> 01:02:16,640

nothing is being done there's not even

1686

01:02:20,500 --> 01:02:18,800

any tests being done as far as and you

1687

01:02:22,420 --> 01:02:20,510

trust the guy though yeah but you say

1688

01:02:25,000 --> 01:02:22,430

you think he's lying to me you think I

1689

01:02:27,460 --> 01:02:25,010

don't know that first of all let's say

1690

01:02:29,830 --> 01:02:27,470

let's say he's not lying would he be in

1691

01:02:31,180 --> 01:02:29,840

the position to know if it had a certain

1692

01:02:32,710 --> 01:02:31,190

clearance level let me give you an

1693

01:02:37,270 --> 01:02:32,720

example right so we talked about Annie

1694

01:02:39,550 --> 01:02:37,280

Jacobson and her books in in the area 51

1695

01:02:41,710 --> 01:02:39,560

book right she talks about magic

1696

01:02:43,750 --> 01:02:41,720

clearance actually being real and that's

1697

01:02:45,840 --> 01:02:43,760

kind of like a mystified clearance I've

1698

01:02:47,980 --> 01:02:45,850

never seen any documents that have been

1699

01:02:50,140 --> 01:02:47,990

Declassified that have magic on them you

1700

01:02:51,940 --> 01:02:50,150

know magic eyes only other than the ones

1701

01:02:54,280 --> 01:02:51,950

that I don't believe to be real we've

1702

01:02:56,710 --> 01:02:54,290

seen plenty of top-secret etc you know

1703

01:02:58,480 --> 01:02:56,720

is there a possibility that the military

1704

01:02:59,830 --> 01:02:58,490

has a type of clearance like this or

1705

01:03:02,230 --> 01:02:59,840

programs that are so deeply

1706

01:03:04,120 --> 01:03:02,240

compartmentalized where a guy like David

1707

01:03:05,590 --> 01:03:04,130

Keith who's a proponent of it wouldn't

1708

01:03:07,330 --> 01:03:05,600

know he's not just a proponent though

1709

01:03:09,640 --> 01:03:07,340

he's the guy who's actually doing the

1710

01:03:12,190 --> 01:03:09,650

experiments he's actually he's running

1711

01:03:13,870 --> 01:03:12,200

the MIT program that's actually put in

1712

01:03:15,940 --> 01:03:13,880

these balloons up in the sky and doing

1713

01:03:18,370 --> 01:03:15,950

it and it would kind of posit you're

1714

01:03:20,920 --> 01:03:18,380

suggesting is that all of science is

1715

01:03:22,210 --> 01:03:20,930

running kind of into parallels that's

1716

01:03:23,680 --> 01:03:22,220

like science desperately trying to

1717

01:03:25,570 --> 01:03:23,690

figure out geoengineering and they've

1718

01:03:27,190 --> 01:03:25,580

been doing it for decades but then NASA

1719

01:03:29,350 --> 01:03:27,200

go what the government has already

1720

01:03:31,960 --> 01:03:29,360

figured it out and I'm saying they may

1721

01:03:33,280 --> 01:03:31,970

not let him know what they're doing to

1722

01:03:34,660 --> 01:03:33,290

the extent they're doing it in other

1723

01:03:36,640 --> 01:03:34,670

words he might be working with balloons

1724

01:03:38,980 --> 01:03:36,650

and they're working with jets it's just

1725

01:03:41,410 --> 01:03:38,990

like I I still believe Nick hold on I

1726

01:03:43,390 --> 01:03:41,420

still believe that some of these you

1727

01:03:45,940 --> 01:03:43,400

know a craft that we're seeing are other

1728

01:03:47,530 --> 01:03:45,950

propulsion systems they could be running

1729

01:03:49,810 --> 01:03:47,540

them against their own military on

1730

01:03:51,700 --> 01:03:49,820

purpose let's see how this does against

1731

01:03:54,040 --> 01:03:51,710

a couple f-15s let's see if they can

1732

01:03:55,900 --> 01:03:54,050

catch up let's see the reports I'm sure

1733

01:04:00,010 --> 01:03:55,910

you're familiar with Mirage Minh right

1734

01:04:04,270 --> 01:04:00,020

the film what is that so Mirage Minh is

1735

01:04:06,850 --> 01:04:04,280

a documentary mostly on Richard Doty who

1736

01:04:08,950 --> 01:04:06,860

is you know supposedly this UFO whistle

1737

01:04:11,590 --> 01:04:08,960

alien whistleblower guy Steven Greer

1738

01:04:13,930 --> 01:04:11,600

uses them all the time in him I turn off

1739

01:04:15,220 --> 01:04:13,940

the last documentary I forget if it was

1740

01:04:17,470 --> 01:04:15,230

disclosed i watch the one with the

1741

01:04:20,020 --> 01:04:17,480

little alien body supposedly that was

1742

01:04:22,000 --> 01:04:20,030

tough enough serious but the follow the

1743

01:04:23,680 --> 01:04:22,010

follow-up was just as soon as I saw him

1744

01:04:25,180 --> 01:04:23,690

using Richard Doty as a source I had to

1745

01:04:28,180 --> 01:04:25,190

turn it off I couldn't do it and I think

1746

01:04:30,460 --> 01:04:28,190

rear is heavily compromised we get in

1747

01:04:32,950 --> 01:04:30,470

another time he's wrong I wouldn't say

1748

01:04:35,740 --> 01:04:32,960

compromise that sure but don't seem self

1749

01:04:37,599 --> 01:04:35,750

it basically bragged about how there was

1750

01:04:39,490 --> 01:04:37,609

a guy who had a business across the

1751

01:04:41,260 --> 01:04:39,500

street very rich man right and he was

1752

01:04:43,390 --> 01:04:41,270

seeing some of their experimental craft

1753

01:04:46,599 --> 01:04:43,400

and he was reporting it to the military

1754

01:04:49,960 --> 01:04:46,609

and he thought it was aliens so they

1755

01:04:51,370 --> 01:04:49,970

sent Doty to kinda bring him along you

1756

01:04:53,829 --> 01:04:51,380

know oh yeah it's aliens we're gonna

1757

01:04:55,210 --> 01:04:53,839

work with you these are he's having

1758

01:04:56,410 --> 01:04:55,220

meetings with other people in the

1759

01:04:59,620 --> 01:04:56,420

military you know he thinks he's playing

1760

01:05:01,870 --> 01:04:59,630

secret agent man with with the military

1761

01:05:04,990 --> 01:05:01,880

and he thinks these things are aliens

1762

01:05:07,359 --> 01:05:05,000

and in reality their government craft

1763

01:05:09,490 --> 01:05:07,369

they bankrupted the guy he went

1764

01:05:10,270 --> 01:05:09,500

completely insane ended up in a mental

1765

01:05:12,339 --> 01:05:10,280

institution

1766

01:05:15,280 --> 01:05:12,349

if you haven't seen that documentary I

1767

01:05:17,500 --> 01:05:15,290

would really I feel like in essence

1768

01:05:19,359 --> 01:05:17,510

that's what's happening to Tom DeLonge

1769

01:05:21,940 --> 01:05:19,369

right now I don't trust that Lois

1770

01:05:25,210 --> 01:05:21,950

Elizondo guy I watched 15 minutes of

1771

01:05:27,520 --> 01:05:25,220

that the History Channel show and I mean

1772

01:05:30,190 --> 01:05:27,530

I got an Intel dump for you like no you

1773

01:05:31,750 --> 01:05:30,200

have an article that's right here that

1774

01:05:33,190 --> 01:05:31,760

you could send via your phone and say

1775

01:05:35,140 --> 01:05:33,200

hey look what they publish but you wanna

1776

01:05:36,970 --> 01:05:35,150

you want to use language and make him

1777

01:05:38,620 --> 01:05:36,980

feel like he's a secret agent man and

1778

01:05:40,690 --> 01:05:38,630

you guys are gonna reveal aliens to the

1779

01:05:42,400 --> 01:05:40,700

world I think that's a very real program

1780

01:05:43,089 --> 01:05:42,410

man I think disinformation goes further

1781

01:05:45,819 --> 01:05:43,099

than you think

1782

01:05:48,220 --> 01:05:45,829

I think that's entertainment though it's

1783

01:05:49,960 --> 01:05:48,230

not disinformation Elizondo is yeah

1784

01:05:51,190 --> 01:05:49,970

maybe he believes what he's doing but

1785

01:05:52,780 --> 01:05:51,200

what he's doing on the Discovery Channel

1786

01:05:57,130 --> 01:05:52,790

The History Channel wherever it was

1787

01:05:59,020 --> 01:05:57,140

it's just believes it bro you watch he's

1788

01:06:04,359 --> 01:05:59,030

a little uh I don't know a little

1789

01:06:08,559 --> 01:06:04,369

eccentric eccentric yeah they they

1790

01:06:09,609 --> 01:06:08,569

believe it well lots of people believe

1791

01:06:13,089 --> 01:06:09,619

strange things

1792

01:06:15,069 --> 01:06:13,099

I just just because I want a TAS no it

1793

01:06:16,660 --> 01:06:15,079

hasn't it believes that 9/11 was a

1794

01:06:18,940 --> 01:06:16,670

controlled demolition doesn't mean that

1795

01:06:22,750 --> 01:06:18,950

I think it is what's his name Chuck

1796

01:06:24,400 --> 01:06:22,760

Norris believes in chemtrails yeah lots

1797

01:06:25,870 --> 01:06:24,410

of people believe in things it doesn't

1798

01:06:27,609 --> 01:06:25,880

mean doesn't make them true you go to

1799

01:06:29,500 --> 01:06:27,619

actually say what is the actual evidence

1800

01:06:31,030 --> 01:06:29,510

for this I agree but you don't think

1801
01:06:33,400 --> 01:06:31,040
that you know like for instance with

1802
01:06:35,079 --> 01:06:33,410
this to the Stars Academy you don't

1803
01:06:38,500 --> 01:06:35,089
think the long is really being played

1804
01:06:40,839 --> 01:06:38,510
out for his money and his fame oh no I

1805
01:06:41,860 --> 01:06:40,849
think if anything he's playing other

1806
01:06:44,520 --> 01:06:41,870
people he

1807
01:06:47,680 --> 01:06:44,530
he's got wants the profiteer from this

1808
01:06:50,680 --> 01:06:47,690
sweet deal on that where they actually

1809
01:06:52,450 --> 01:06:50,690
have to pay him like a hundred thousand

1810
01:06:56,050 --> 01:06:52,460
dollars a year or something just you

1811
01:06:58,510 --> 01:06:56,060
know be associated with it and he you

1812
01:07:00,370 --> 01:06:58,520
know every time you look at one of their

1813
01:07:02,200 --> 01:07:00,380

pages in the top corner or underneath

1814

01:07:04,480 --> 01:07:02,210

there are their emails it says invest

1815

01:07:06,370 --> 01:07:04,490

now that they're trying to get investors

1816

01:07:07,930 --> 01:07:06,380

and you know he's he's a piece of you

1817

01:07:10,660 --> 01:07:07,940

out of it he's you know he's the name

1818

01:07:13,540 --> 01:07:10,670

and he's his names on the financial

1819

01:07:16,240 --> 01:07:13,550

documents too so I think yeah he

1820

01:07:18,010 --> 01:07:16,250

probably does believe but he he probably

1821

01:07:19,870 --> 01:07:18,020

also wants to make it a financial

1822

01:07:22,900 --> 01:07:19,880

success as well because it's is this

1823

01:07:24,970 --> 01:07:22,910

company but I don't think I don't think

1824

01:07:27,940 --> 01:07:24,980

there's some kind of secret CIA plot to

1825

01:07:30,490 --> 01:07:27,950

trick people into looking at UFOs using

1826

01:07:32,950 --> 01:07:30,500

Tom DeLonge I think that's just him

1827

01:07:35,620 --> 01:07:32,960

eyeing a bit of a UFO Fanning do you

1828

01:07:37,360 --> 01:07:35,630

like an actual mission but I think that

1829

01:07:38,920 --> 01:07:37,370

you get I mean obviously you saw he was

1830

01:07:41,920 --> 01:07:38,930

talking to Podesta in those emails right

1831

01:07:44,320 --> 01:07:41,930

yeah yeah sure you know Podesta's a UFO

1832

01:07:46,060 --> 01:07:44,330

fan what's been Harry Reid is the UFO

1833

01:07:48,310 --> 01:07:46,070

fan there's lots of UFO fans like

1834

01:07:50,860 --> 01:07:48,320

there's probably like a good chunk of

1835

01:07:52,210 --> 01:07:50,870

people in Congress were people who loved

1836

01:07:53,980 --> 01:07:52,220

reading science fiction when they were

1837

01:07:56,500 --> 01:07:53,990

young and think that UFOs would be a

1838

01:07:57,910 --> 01:07:56,510

great thing and you know like people you

1839

01:07:59,620 --> 01:07:57,920

and I we grew up and we were really

1840

01:08:02,140 --> 01:07:59,630

interested in like the UFOs and the

1841

01:08:03,100 --> 01:08:02,150

paranormal and stuff like that and lots

1842

01:08:05,470 --> 01:08:03,110

and lots of people were really

1843

01:08:08,230 --> 01:08:05,480

interested in UFOs and the paranormal

1844

01:08:10,000 --> 01:08:08,240

and so you get congressmen who were

1845

01:08:14,440 --> 01:08:10,010

interested in UFOs and even the

1846

01:08:16,030 --> 01:08:14,450

paranormal well I would say this man at

1847

01:08:17,950 --> 01:08:16,040

least with UFOs there's enough

1848

01:08:20,350 --> 01:08:17,960

documentation and there's enough I mean

1849

01:08:21,790 --> 01:08:20,360

we talked about Blue Book etc all these

1850

01:08:23,290 --> 01:08:21,800

other things where you can get into

1851
01:08:26,800 --> 01:08:23,300
government documents when we talk about

1852
01:08:29,350 --> 01:08:26,810
you know Bigfoot believers or Loch Ness

1853
01:08:31,000 --> 01:08:29,360
monster or ghosts you don't see that in

1854
01:08:33,790 --> 01:08:31,010
government document you do see some

1855
01:08:36,790 --> 01:08:33,800
stuff on mind-control obviously and the

1856
01:08:40,570 --> 01:08:36,800
ideas of telepathy on certain levels I I

1857
01:08:42,400 --> 01:08:40,580
did a video and I wish I could remember

1858
01:08:45,580 --> 01:08:42,410
exactly what the document was but it's a

1859
01:08:47,020 --> 01:08:45,590
really interesting document that was one

1860
01:08:49,210 --> 01:08:47,030
of these experimentations that was

1861
01:08:51,460 --> 01:08:49,220
basically saying that your your mind was

1862
01:08:53,650 --> 01:08:51,470
creating the reality around you mm-hmm

1863
01:08:55,270 --> 01:08:53,660

I'm not sure I forget which one was but

1864

01:08:57,880 --> 01:08:55,280

I find that I found that

1865

01:08:59,740 --> 01:08:57,890

fascinating at the same time it wasn't a

1866

01:09:01,570 --> 01:08:59,750

camera crew running around an old

1867

01:09:04,330 --> 01:09:01,580

abandoned house with people with you

1868

01:09:06,310 --> 01:09:04,340

know GoPros making stuff up you know

1869

01:09:08,440 --> 01:09:06,320

it's a controlled environment they're

1870

01:09:09,880 --> 01:09:08,450

actually looking at this phenomena it's

1871

01:09:12,010 --> 01:09:09,890

interesting to me that they would even

1872

01:09:14,050 --> 01:09:12,020

look at the phenomena let alone the

1873

01:09:16,510 --> 01:09:14,060

results right yeah but you know again

1874

01:09:18,460 --> 01:09:16,520

it's interesting stuff it's interesting

1875

01:09:20,140 --> 01:09:18,470

stuff so people look at it because it's

1876
01:09:22,750 --> 01:09:20,150
entertaining and yeah that's why you got

1877
01:09:25,240 --> 01:09:22,760
so many shows on TV about this stuff

1878
01:09:27,460 --> 01:09:25,250
well I'm yeah I try and believe me I

1879
01:09:31,000 --> 01:09:27,470
can't even watch most of TV I barely get

1880
01:09:33,400 --> 01:09:31,010
through anything but Ill would say that

1881
01:09:35,200 --> 01:09:33,410
the UFO phenomenon is much different

1882
01:09:37,360 --> 01:09:35,210
than those other paranormal things I

1883
01:09:38,830 --> 01:09:37,370
think there's a very legit reality

1884
01:09:41,290 --> 01:09:38,840
behind it I don't think it's

1885
01:09:43,060 --> 01:09:41,300
extraterrestrial in nature I'm not

1886
01:09:45,910 --> 01:09:43,070
discounting the possibility that

1887
01:09:49,270 --> 01:09:45,920
extraterrestrials exist somewhere but

1888
01:09:51,370 --> 01:09:49,280

you know the more I don't know I guess

1889

01:09:53,560 --> 01:09:51,380

fantastic stuff that you know we're

1890

01:09:54,850 --> 01:09:53,570

working with the grays and the Pelagians

1891

01:09:57,700 --> 01:09:54,860

and they're in the center of the earth

1892

01:10:00,040 --> 01:09:57,710

and you know all that other stuff that

1893

01:10:01,840 --> 01:10:00,050

is science fiction to me that's a read

1894

01:10:04,060 --> 01:10:01,850

you know like I forget who was the one

1895

01:10:05,590 --> 01:10:04,070

who there was the guy Phil Schneider who

1896

01:10:07,180 --> 01:10:05,600

told the story that he was in an

1897

01:10:10,450 --> 01:10:07,190

underground base and a shootout with

1898

01:10:12,190 --> 01:10:10,460

aliens and had this huge scar and to me

1899

01:10:13,960 --> 01:10:12,200

one of the most off-putting things about

1900

01:10:16,390 --> 01:10:13,970

what David Icke has done in the past is

1901

01:10:17,950 --> 01:10:16,400

the Annunaki stuff you know obviously

1902

01:10:20,260 --> 01:10:17,960

the shape-shifting lizard thing that

1903

01:10:23,320 --> 01:10:20,270

took I mean I couldn't go anywhere ten

1904

01:10:25,330 --> 01:10:23,330

years ago you know without being asked

1905

01:10:27,280 --> 01:10:25,340

my opinion on lizard people and this

1906

01:10:29,350 --> 01:10:27,290

stuff and I got a I roll my eyes but at

1907

01:10:32,230 --> 01:10:29,360

the same time ike is one of the few

1908

01:10:35,170 --> 01:10:32,240

people that stayed consistently had time

1909

01:10:38,920 --> 01:10:35,180

for this movement so I've got to at

1910

01:10:40,840 --> 01:10:38,930

least give them that you know and it's a

1911

01:10:43,570 --> 01:10:40,850

distraction there isn't it like it maybe

1912

01:10:46,360 --> 01:10:43,580

I cast some good points on some things

1913

01:10:49,210 --> 01:10:46,370

but it's got so much crazy going on that

1914

01:10:51,970 --> 01:10:49,220

that yeah it's not take him seriously

1915

01:10:54,250 --> 01:10:51,980

and that's what I try to do is like get

1916

01:10:55,750 --> 01:10:54,260

rid of the crazy stuff and some people

1917

01:10:56,890 --> 01:10:55,760

can't focus on the good points I mean I

1918

01:10:59,500 --> 01:10:56,900

certainly don't agree with everything

1919

01:11:02,530 --> 01:10:59,510

that you say but I do agree with some

1920

01:11:04,210 --> 01:11:02,540

things that you say yeah and you know I

1921

01:11:06,340 --> 01:11:04,220

know that we've already gone over an

1922

01:11:07,960 --> 01:11:06,350

hour but and we should do this on my

1923

01:11:09,280 --> 01:11:07,970

platform too and that we should actually

1924

01:11:11,620 --> 01:11:09,290

do a

1925

01:11:13,390 --> 01:11:11,630

a debate on 911 where it's control we

1926

01:11:15,700 --> 01:11:13,400

both get you know the certain amount of

1927

01:11:17,680 --> 01:11:15,710

time I'm looking forward to that but I'd

1928

01:11:18,760 --> 01:11:17,690

love to get your take especially since

1929

01:11:20,500 --> 01:11:18,770

you know I've been covering this for

1930

01:11:23,080 --> 01:11:20,510

like ten years now and all the

1931

01:11:25,990 --> 01:11:23,090

revelations on the Epstein thing you

1932

01:11:27,850 --> 01:11:26,000

know just overall you know one of the

1933

01:11:29,890 --> 01:11:27,860

possibilities he killed himself were the

1934

01:11:31,870 --> 01:11:29,900

possibilities he didn't would you ever

1935

01:11:33,280 --> 01:11:31,880

even entertain with somebody who was a

1936

01:11:35,500 --> 01:11:33,290

billionaire but he could have been

1937

01:11:38,680 --> 01:11:35,510

extracted intelligence ties

1938

01:11:41,470 --> 01:11:38,690

give me your synopsis I think he

1939

01:11:42,880 --> 01:11:41,480

probably killed himself I think there's

1940

01:11:44,800 --> 01:11:42,890

a possibility that he was kind of

1941

01:11:46,270 --> 01:11:44,810

allowed to kill himself like he wasn't

1942

01:11:47,380 --> 01:11:46,280

given the suicide watch that he was

1943

01:11:48,760 --> 01:11:47,390

needed and that might have been

1944

01:11:51,400 --> 01:11:48,770

something that might have come down from

1945

01:11:53,860 --> 01:11:51,410

above but I think it's also possible

1946

01:11:55,510 --> 01:11:53,870

that that didn't happen it was just

1947

01:11:57,430 --> 01:11:55,520

essentially incompetence on the prison

1948

01:12:00,240 --> 01:11:57,440

system and especially that one prison he

1949

01:12:03,820 --> 01:12:00,250

was in that was very very understaffed

1950

01:12:05,200 --> 01:12:03,830

you know he had janitors doing like

1951

01:12:07,420 --> 01:12:05,210

checking on the prisoners prisoners and

1952

01:12:09,250 --> 01:12:07,430

things like that and you know people

1953

01:12:12,490 --> 01:12:09,260

people like point out evidence like the

1954

01:12:14,560 --> 01:12:12,500

hyoid bone broken his neck that if you

1955

01:12:16,450 --> 01:12:14,570

do the real research on that then you

1956

01:12:20,200 --> 01:12:16,460

find that it does actually break a lot

1957

01:12:21,580 --> 01:12:20,210

of the time in hangings especially in

1958

01:12:23,440 --> 01:12:21,590

older people because it gets more

1959

01:12:25,300 --> 01:12:23,450

brittle with age if it's much less

1960

01:12:27,850 --> 01:12:25,310

common with younger people so the

1961

01:12:28,450 --> 01:12:27,860

evidence of murder I think is very very

1962

01:12:31,660 --> 01:12:28,460

flimsy

1963

01:12:34,750 --> 01:12:31,670

yeah the perhaps the evidence this he

1964

01:12:37,090 --> 01:12:34,760

was allowed to kill himself is a little

1965

01:12:40,090 --> 01:12:37,100

bit stronger but I wouldn't call it

1966

01:12:42,940 --> 01:12:40,100

conclusive but I think obviously he has

1967

01:12:45,040 --> 01:12:42,950

a lot of a lot of ties to very powerful

1968

01:12:47,740 --> 01:12:45,050

people you know going all the way up to

1969

01:12:50,260 --> 01:12:47,750

the Clintons and Prince Andrew he's got

1970

01:12:53,110 --> 01:12:50,270

at least you know them being on his

1971

01:12:55,780 --> 01:12:53,120

plane and things like that but so

1972

01:12:58,630 --> 01:12:55,790

there's obviously a lot of possibilities

1973

01:13:00,070 --> 01:12:58,640

out there well I'm glad you at least

1974

01:13:01,930 --> 01:13:00,080

think there's some possibilities there

1975

01:13:04,510 --> 01:13:01,940

because to me you know this is one of

1976

01:13:06,250 --> 01:13:04,520

those really important stories where you

1977

01:13:08,710 --> 01:13:06,260

know I want to find out if Acosta was

1978

01:13:10,630 --> 01:13:08,720

told that he was intelligence and that

1979

01:13:13,630 --> 01:13:10,640

he had to leave it alone you know I want

1980

01:13:16,210 --> 01:13:13,640

to know why went ported to the FBI back

1981

01:13:18,070 --> 01:13:16,220

in 2002 nothing was done you know Maria

1982

01:13:20,590 --> 01:13:18,080

farmer you know her allegations are true

1983

01:13:22,600 --> 01:13:20,600

they found those documents you know I

1984

01:13:22,900 --> 01:13:22,610

just had Whitney Webb on my show and we

1985

01:13:24,220 --> 01:13:22,910

were

1986

01:13:26,200 --> 01:13:24,230

talking about yet another instant

1987

01:13:28,780 --> 01:13:26,210

instance where he and Wexner were

1988

01:13:31,720 --> 01:13:28,790

involved in the offshoot of Air America

1989

01:13:34,960 --> 01:13:31,730

the CIA plane a southern I think

1990

01:13:36,970 --> 01:13:34,970

southern air trap not trap transport

1991

01:13:38,530 --> 01:13:36,980

Southern Air Transport and a scandal

1992

01:13:41,050 --> 01:13:38,540

there you know there was a lot of hands

1993

01:13:43,450 --> 01:13:41,060

off on this guy what we publicly know he

1994

01:13:45,460 --> 01:13:43,460

did is absolutely a poor abhorrent and

1995

01:13:48,160 --> 01:13:45,470

you know Ill was one of those guys that

1996

01:13:50,740 --> 01:13:48,170

laid off the intelligence until Vicky

1997

01:13:52,180 --> 01:13:50,750

ward you know brought it brought it up

1998

01:13:54,520 --> 01:13:52,190

just because there wasn't anything

1999

01:13:55,870 --> 01:13:54,530

really conclusive but Vicky Ward being a

2000

01:13:57,490 --> 01:13:55,880

journalist that was trying to break this

2001

01:13:59,590 --> 01:13:57,500

before anybody else did have some

2002

01:14:01,240 --> 01:13:59,600

credence right and what I also found was

2003

01:14:02,980 --> 01:14:01,250

really interesting is before Adnan

2004

01:14:05,550 --> 01:14:02,990

Khashoggi 's name came up

2005

01:14:08,500 --> 01:14:05,560

I had actually done a separate video on

2006

01:14:10,990 --> 01:14:08,510

Khashoggi specifically to kind of show

2007

01:14:12,580 --> 01:14:11,000

his role in the international

2008

01:14:14,260 --> 01:14:12,590

intelligence network that pulled off

2009

01:14:17,590 --> 01:14:14,270

iran-contra because I thought that was

2010

01:14:21,280 --> 01:14:17,600

really important and for her to say that

2011

01:14:23,440 --> 01:14:21,290

he was one of Khashoggi clients working

2012

01:14:25,570 --> 01:14:23,450

for Khashoggi in that period of the

2013

01:14:28,210 --> 01:14:25,580

early 80s you know when he was brokering

2014

01:14:30,640 --> 01:14:28,220

at least five of these arms deals during

2015

01:14:32,170 --> 01:14:30,650

iran-contra is extremely suspect a lot

2016

01:14:34,000 --> 01:14:32,180

of people don't talk about how Prince

2017

01:14:36,310 --> 01:14:34,010

Andrew is the UK's arm dealer you know

2018

01:14:37,840 --> 01:14:36,320

he's the one I think bills was Saudi

2019

01:14:39,970 --> 01:14:37,850

Arabia I was gonna bring out of edge

2020

01:14:41,950 --> 01:14:39,980

because you know reading about Prince

2021

01:14:44,650 --> 01:14:41,960

Andrew I think it was in the the cable

2022

01:14:46,860 --> 01:14:44,660

leaks a while back

2023

01:14:49,030 --> 01:14:46,870

there was a bunch of diplomatic cables

2024

01:14:51,190 --> 01:14:49,040

kind of relating stuff that Prince

2025

01:14:52,840 --> 01:14:51,200

Andrew had said and Prince Andrew just

2026

01:14:54,850 --> 01:14:52,850

comes across as this this kind of

2027

01:14:56,590 --> 01:14:54,860

arrogant [\h__\h] power broker type of

2028

01:15:00,040 --> 01:14:56,600

person who's using his position to

2029

01:15:02,800 --> 01:15:00,050

further his own his own agenda or

2030

01:15:04,090 --> 01:15:02,810

whatever he's doing so yeah based on

2031

01:15:05,230 --> 01:15:04,100

that there was no fan of Prince Andrew

2032

01:15:06,910 --> 01:15:05,240

and he's kind of interesting like

2033

01:15:08,500 --> 01:15:06,920

hearing about other connections you know

2034

01:15:11,800 --> 01:15:08,510

like I say there's definitely corruption

2035

01:15:13,750 --> 01:15:11,810

in the world and powerful people tend to

2036

01:15:15,100 --> 01:15:13,760

be more powerfully corrupted not saying

2037

01:15:17,080 --> 01:15:15,110

they're all corrupted and I wouldn't you

2038

01:15:19,270 --> 01:15:17,090

know go as far as saying like everybody

2039

01:15:22,390 --> 01:15:19,280

who is a billionaire has to be corrupt

2040

01:15:25,900 --> 01:15:22,400

but there's there's a lot of stuff out

2041

01:15:28,240 --> 01:15:25,910

there I don't know man it's tough for me

2042

01:15:32,440 --> 01:15:28,250

because you see people that are you know

2043

01:15:34,540 --> 01:15:32,450

I very very rarely see people that are

2044

01:15:36,430 --> 01:15:34,550

super successful that don't at least

2045

01:15:39,729 --> 01:15:36,440

have some sociopathic tender

2046

01:15:41,200 --> 01:15:39,739

and and with that you know they overlook

2047

01:15:42,610 --> 01:15:41,210

people I mean even Trump that's another

2048

01:15:44,350 --> 01:15:42,620

thing no one ever talks about think

2049

01:15:46,720 --> 01:15:44,360

about how many people he screwed over in

2050

01:15:49,300 --> 01:15:46,730

those business deals and construction

2051

01:15:51,310 --> 01:15:49,310

companies during the 80s and 90s with

2052

01:15:52,780 --> 01:15:51,320

those bankruptcies so you know it's

2053

01:15:54,760 --> 01:15:52,790

something that's not talked about much

2054

01:15:56,620 --> 01:15:54,770

it needs to be talked about more but

2055

01:15:58,300 --> 01:15:56,630

again I don't think that the left has

2056

01:15:59,740 --> 01:15:58,310

come at him legitimately you know we

2057

01:16:01,870 --> 01:15:59,750

talked probably about a half a dozen

2058

01:16:03,370 --> 01:16:01,880

things that I thought were legitimate

2059

01:16:06,160 --> 01:16:03,380

problems with that presidency and

2060

01:16:09,720 --> 01:16:06,170

they're not even whispered about mm-hmm

2061

01:16:14,830 --> 01:16:12,970

huge huge topics that we could talk

2062

01:16:16,060 --> 01:16:14,840

about for hours on any light little

2063

01:16:17,979 --> 01:16:16,070

small detail of these things and it's

2064

01:16:20,110 --> 01:16:17,989

been good to get your perspective on it

2065

01:16:22,330 --> 01:16:20,120

and I want to thank you very much for

2066

01:16:24,430 --> 01:16:22,340

being here and you know let's talk again

2067

01:16:27,370 --> 01:16:24,440

and maybe do a deeper dive into some

2068

01:16:29,979 --> 01:16:27,380

stuff like 9/11 so I can't you can

2069

01:16:32,050 --> 01:16:29,989

forward to it Mick and I'm gonna get to

2070

01:16:33,910 --> 01:16:32,060

my three to seven videos a day over at

2071

01:16:35,439 --> 01:16:33,920

youtube.com slash info warrior if you

2072

01:16:38,350 --> 01:16:35,449

guys want to subscribe and it's on a

2073

01:16:40,060 --> 01:16:38,360

various amount of subjects and I'm doing

2074

01:16:42,100 --> 01:16:40,070

it my own way and you're welcome to

2075

01:16:43,750 --> 01:16:42,110

disagree with me and as long as you're

2076

01:16:45,220 --> 01:16:43,760

respectfully disagreeing with those in

2077

01:16:47,979 --> 01:16:45,230

the in the comments section myself I'm

2078

01:16:51,620 --> 01:16:47,989

always open to other opinions all right

2079

01:16:53,020 --> 01:16:51,630

yeah sounds good and me too

2080

01:16:55,910 --> 01:16:53,030

[Music]

2081

01:16:57,720 --> 01:16:55,920

alright see ya all right Thank You Mick
