**UFO JESUS**

**UFO DISCLOSURE**

**NIMITZ TIC-TAC**

**UFO EVIDENCE**

1  
00:00:05,240 --> 00:00:03,439  
welcome to tales from the rabbit hole

2  
00:00:07,909 --> 00:00:05,250  
I'm your host Nick West

3  
00:00:12,980 --> 00:00:07,919  
my guest today goes by the name UFO

4  
00:00:17,029 --> 00:00:12,990  
Jesus and the UFO Jesus is very

5  
00:00:18,830 --> 00:00:17,039  
interested in UFO disclosure and we're

6  
00:00:21,109 --> 00:00:18,840  
going to start off talking about what

7  
00:00:22,400 --> 00:00:21,119  
UFO disclosure actually is but first of

8  
00:00:25,250 --> 00:00:22,410  
all welcome to the podcast

9  
00:00:28,490 --> 00:00:25,260  
UFO Jesus thank you make it so it's an

10  
00:00:29,570 --> 00:00:28,500  
honor to be on your show I saw your one

11  
00:00:32,299 --> 00:00:29,580  
your show with Ian

12  
00:00:33,620 --> 00:00:32,309  
I saw your soul show with Nick Pope and

13  
00:00:35,389 --> 00:00:33,630

I think you asked good questions and

14

00:00:36,709 --> 00:00:35,399

keep the show engaging and I think you

15

00:00:39,410 --> 00:00:36,719

have a knack for interviewing people

16

00:00:43,209 --> 00:00:39,420

that said when you refer to me

17

00:00:46,040 --> 00:00:43,219

I asked very kindly that you say UFO

18

00:00:49,639 --> 00:00:46,050

Jesus because that's the proper way to

19

00:00:50,810 --> 00:00:49,649

reference my name going huh interesting

20

00:00:53,840 --> 00:00:50,820

well that's not the way I was brought up

21

00:00:57,020 --> 00:00:53,850

but I don't know give it a go if I just

22

00:00:59,990 --> 00:00:57,030

won't refer to you at all that's fine

23

00:01:02,420 --> 00:01:00,000

that's fine no it's cool all right so

24

00:01:05,420 --> 00:01:02,430

yeah I mentioned UFOs for UFO disclosure

25

00:01:07,039 --> 00:01:05,430

now obviously like you know your your

26

00:01:08,780 --> 00:01:07,049

big topic that you're always talking

27

00:01:11,060 --> 00:01:08,790

about is UFO disclosure

28

00:01:14,030 --> 00:01:11,070

can you explain to people what UFO

29

00:01:15,620 --> 00:01:14,040

disclosure means to you okay so

30

00:01:18,770 --> 00:01:15,630

different people have different

31

00:01:21,289 --> 00:01:18,780

definitions for UFO disclosure I have my

32

00:01:23,840 --> 00:01:21,299

own definition for me UFO disclosure is

33

00:01:25,090 --> 00:01:23,850

when whether the United States

34

00:01:28,810 --> 00:01:25,100

government or another government

35

00:01:32,300 --> 00:01:28,820

releases an ample enough amount of data

36

00:01:35,300 --> 00:01:32,310

to which even the scientific community

37

00:01:38,539 --> 00:01:35,310

and and the skeptical community has no

38

00:01:40,910 --> 00:01:38,549

choice but to acknowledge that UFOs are

39

00:01:43,810 --> 00:01:40,920  
are real they're under intelligent

40

00:01:46,310 --> 00:01:43,820  
control and they're almost certainly not

41

00:01:48,800 --> 00:01:46,320  
stemming from any military inventory in

42

00:01:51,710 --> 00:01:48,810  
the world so so why don't they accept

43

00:01:54,830 --> 00:01:51,720  
that now well I think they're I think

44

00:01:57,020 --> 00:01:54,840  
they're analyzing the data in a way that

45

00:01:58,609 --> 00:01:57,030  
is not the most objective way and that's

46

00:02:01,670 --> 00:01:58,619  
why I think they don't accept it now but

47

00:02:03,260 --> 00:02:01,680  
I think that eventually the the data

48

00:02:05,330 --> 00:02:03,270  
will be so compelling that they'll have

49

00:02:07,100 --> 00:02:05,340  
no choice but to accept it and that's

50

00:02:10,940 --> 00:02:07,110  
when we will reach a post disclosure

51

00:02:12,650 --> 00:02:10,950

world it's a very succinct

52

00:02:13,910 --> 00:02:12,660

so you the first thing you mentioned was

53

00:02:15,740 --> 00:02:13,920

that UFOs are

54

00:02:18,770 --> 00:02:15,750

now this is kind of I think kind of a

55

00:02:21,440 --> 00:02:18,780

little phrasing issue as recently like

56

00:02:24,649 --> 00:02:21,450

the US Navy came out and he said that

57

00:02:27,259 --> 00:02:24,659

these three UFO videos that have been

58

00:02:30,319 --> 00:02:27,269

out there are real actual videos of an

59

00:02:32,259 --> 00:02:30,329

identified aerial phenomena and people

60

00:02:35,440 --> 00:02:32,269

took this is saying that UFOs are real

61

00:02:38,180 --> 00:02:35,450

is that what you mean by UFOs are real

62

00:02:41,119 --> 00:02:38,190

know what I mean if for example well I

63

00:02:43,160 --> 00:02:41,129

mean let's just let's go by the the UFO

64

00:02:46,220 --> 00:02:43,170

gun camera videos that they that were

65

00:02:49,849 --> 00:02:46,230

released by the US government you know

66

00:02:52,009 --> 00:02:49,859

what what if what if David flavor the

67

00:02:53,660 --> 00:02:52,019

original video he saw now I know there

68

00:02:55,099 --> 00:02:53,670

there's people who don't believe David

69

00:02:56,809 --> 00:02:55,109

flavor and that's fine maybe you're

70

00:02:58,910 --> 00:02:56,819

right but you know what it's like when

71

00:03:02,839 --> 00:02:58,920

the dealer has a five and I have an

72

00:03:04,130 --> 00:03:02,849

eleven I'm gonna double down I I think

73

00:03:06,770 --> 00:03:04,140

that David flavor was telling the truth

74

00:03:09,530 --> 00:03:06,780

when he said that he saw a higher

75

00:03:11,360 --> 00:03:09,540

resolution video that showed appendages

76

00:03:13,190 --> 00:03:11,370

coming out of the object but he also

77

00:03:15,110 --> 00:03:13,200

stated and a lot of people have lost

78

00:03:16,759 --> 00:03:15,120

sight of this in another interview he

79

00:03:18,500 --> 00:03:16,769

saw he said that when he saw the higher

80

00:03:20,360 --> 00:03:18,510

resolution video that there was an

81

00:03:22,159 --> 00:03:20,370

instance when when there was a close up

82

00:03:25,670 --> 00:03:22,169

to the tic-tac that objects were

83

00:03:30,589 --> 00:03:25,680

actually coming out of the tic-tac so

84

00:03:32,449 --> 00:03:30,599

there's two anomalous things that he

85

00:03:36,190 --> 00:03:32,459

recalls regarding the higher resolution

86

00:03:38,479 --> 00:03:36,200

video that we can't see because either

87

00:03:40,640 --> 00:03:38,489

either they they made the resolution

88

00:03:42,379 --> 00:03:40,650

lower or or it's just been recorded over

89

00:03:44,990 --> 00:03:42,389

so many times that the the resolution is

90

00:03:47,539 --> 00:03:45,000

lower so if for example the US

91

00:03:50,210 --> 00:03:47,549

government would have released the the

92

00:03:53,390 --> 00:03:50,220

version of the gun camera video that

93

00:03:56,270 --> 00:03:53,400

flavor saw or at least allegedly saw

94

00:03:58,069 --> 00:03:56,280

then it would force people to not be

95

00:04:00,289 --> 00:03:58,079

able to say well you know it's just as

96

00:04:02,000 --> 00:04:00,299

blob on the screen and it could be this

97

00:04:04,250 --> 00:04:02,010

it could be that it would force people

98

00:04:06,530 --> 00:04:04,260

to acknowledge that hey that's not a

99

00:04:10,430 --> 00:04:06,540

blob I can tell because the resolution

100

00:04:12,500 --> 00:04:10,440

is higher and now I'm forced to to look

101  
00:04:17,150 --> 00:04:12,510  
into this subject in a much more serious

102  
00:04:20,240 --> 00:04:17,160  
way so that would be real and there

103  
00:04:22,310 --> 00:04:20,250  
would be every indication that it is it

104  
00:04:25,040 --> 00:04:22,320  
is something that is not like an

105  
00:04:27,510 --> 00:04:25,050  
airplane or a hypersonic weapon or a

106  
00:04:30,360 --> 00:04:27,520  
missile it's an unknown at Rouen

107  
00:04:32,580 --> 00:04:30,370  
own and you have the resolution to to

108  
00:04:34,439 --> 00:04:32,590  
make that clear yeah that would be great

109  
00:04:36,480 --> 00:04:34,449  
if we could see that video but of course

110  
00:04:39,059 --> 00:04:36,490  
unfortunately we we we don't

111  
00:04:40,589 --> 00:04:39,069  
so yeah just fill everybody in who who

112  
00:04:43,710 --> 00:04:40,599  
isn't familiar with these cases they

113  
00:04:46,170 --> 00:04:43,720

were talking about the we see from 2004

114

00:04:49,980 --> 00:04:46,180

the Nimitz so yes November I think it

115

00:04:52,200 --> 00:04:49,990

was November 14th 2004 big can encounter

116

00:04:53,909 --> 00:04:52,210

that were went on over a number of days

117

00:04:55,710 --> 00:04:53,919

they kept getting all these like radar

118

00:04:57,980 --> 00:04:55,720

returns and my people were I think

119

00:05:00,719 --> 00:04:57,990

people were reporting seeing these

120

00:05:02,809 --> 00:05:00,729

things off in the distance and then

121

00:05:05,390 --> 00:05:02,819

eventually they sent out a jet to see

122

00:05:08,129 --> 00:05:05,400

what they were seeing on the radar and

123

00:05:10,260 --> 00:05:08,139

when commander flavor got there he was

124

00:05:13,379 --> 00:05:10,270

one of the pilots of one of the Jets he

125

00:05:16,800 --> 00:05:13,389

saw this this tic-tac shaped things

126

00:05:19,920 --> 00:05:16,810

ipping around and then it shot off yes

127

00:05:23,040 --> 00:05:19,930

and then another jet went out and took

128

00:05:24,809 --> 00:05:23,050

video of this and yeah that video is

129

00:05:26,999 --> 00:05:24,819

what you're referring to and what we see

130

00:05:28,290 --> 00:05:27,009

it kind of forgot leaked out to the

131

00:05:29,670 --> 00:05:28,300

internet somehow I mean it wasn't

132

00:05:33,120 --> 00:05:29,680

actually released by the US government

133

00:05:35,990 --> 00:05:33,130

it was actually originally leaked

134

00:05:38,129 --> 00:05:36,000

somehow yeah I think a lot of people

135

00:05:40,409 --> 00:05:38,139

might have seen it on the ship and

136

00:05:42,990 --> 00:05:40,419

copied it on the ship so it's it's not

137

00:05:45,330 --> 00:05:43,000

clear how it got out but yeah that just

138

00:05:47,550 --> 00:05:45,340

shows a blob which you can trace all

139

00:05:49,620 --> 00:05:47,560

what it is but yeah it would be great if

140

00:05:52,379 --> 00:05:49,630

we could get could get that video so do

141

00:05:55,110 --> 00:05:52,389

you think that you know obviously you

142

00:05:57,540 --> 00:05:55,120

think that the the US government has

143

00:06:01,050 --> 00:05:57,550

this video yes I do

144

00:06:04,170 --> 00:06:01,060

I would bet money on it yeah so why do

145

00:06:07,649 --> 00:06:04,180

you think they what's the rationale for

146

00:06:10,980 --> 00:06:07,659

not releasing the videos you know I

147

00:06:12,779 --> 00:06:10,990

there have been some think tanks I don't

148

00:06:14,010 --> 00:06:12,789

remember the date I think the brookings

149

00:06:17,219 --> 00:06:14,020

think tank and there might been another

150

00:06:20,189 --> 00:06:17,229

one that that were done by the US

151  
00:06:22,019 --> 00:06:20,199  
government I believe asking them would

152  
00:06:23,670 --> 00:06:22,029  
there be an advantage at all for the for

153  
00:06:25,529 --> 00:06:23,680  
any government in the world to to

154  
00:06:27,930 --> 00:06:25,539  
release data that we are being visited

155  
00:06:30,779 --> 00:06:27,940  
by potentially extraterrestrials and

156  
00:06:32,490 --> 00:06:30,789  
these think take tanks who are not

157  
00:06:34,499 --> 00:06:32,500  
interested in UFOs have no connection to

158  
00:06:35,579 --> 00:06:34,509  
like the disclosure industry if you want

159  
00:06:38,399 --> 00:06:35,589  
to call it that or anything like that

160  
00:06:40,730 --> 00:06:38,409  
they basically said look there is zero

161  
00:06:43,430 --> 00:06:40,740  
advantage for any government

162  
00:06:45,380 --> 00:06:43,440  
relay that we are being visited by

163  
00:06:47,150 --> 00:06:45,390

extraterrestrials we don't know what

164

00:06:49,820 --> 00:06:47,160

their intention is we don't know whether

165

00:06:52,280 --> 00:06:49,830

they're hostile or not by the way they

166

00:06:53,630 --> 00:06:52,290

have a propensity to visit our nuclear

167

00:06:58,580 --> 00:06:53,640

installations whether that's nuclear

168

00:07:01,160 --> 00:06:58,590

Laboratories or IC CBM silos or even

169

00:07:05,480 --> 00:07:01,170

test sites where where they blow these

170

00:07:07,040 --> 00:07:05,490

bombs up and including battleship groups

171

00:07:10,970 --> 00:07:07,050

because these aircraft carriers are

172

00:07:14,480 --> 00:07:10,980

nuclear-powered and so they do interact

173

00:07:15,860 --> 00:07:14,490

with with our civilization but we don't

174

00:07:17,570 --> 00:07:15,870

know where they're here for and we don't

175

00:07:19,340 --> 00:07:17,580

know what their intention is so I think

176  
00:07:20,540 --> 00:07:19,350  
governments including the United States

177  
00:07:22,670 --> 00:07:20,550  
governments but governments around the

178  
00:07:25,430 --> 00:07:22,680  
world they don't want to open that can

179  
00:07:27,860 --> 00:07:25,440  
of worms up if they don't have to and

180  
00:07:31,460 --> 00:07:27,870  
and there might even be aspects of

181  
00:07:33,710 --> 00:07:31,470  
malleability of the populace what is

182  
00:07:36,590 --> 00:07:33,720  
going to happen psychologically when

183  
00:07:38,620 --> 00:07:36,600  
when when civilization learns that not

184  
00:07:40,790 --> 00:07:38,630  
only are we being visited by something

185  
00:07:42,290 --> 00:07:40,800  
maybe it's extraterrestrial maybe it's

186  
00:07:43,910 --> 00:07:42,300  
something weirder but you know I'll just

187  
00:07:46,910 --> 00:07:43,920  
call it I'll say extraterrestrials

188  
00:07:48,470 --> 00:07:46,920

anything that's not human they don't

189

00:07:50,660 --> 00:07:48,480

know the impact that that's going to

190

00:07:52,220 --> 00:07:50,670

have upon civilization and they just

191

00:07:53,420 --> 00:07:52,230

don't want to open up that can of worms

192

00:07:55,880 --> 00:07:53,430

and then there's also of course there's

193

00:07:59,480 --> 00:07:55,890

there's national security issues because

194

00:08:01,820 --> 00:07:59,490

if any government learns how to do to

195

00:08:07,940 --> 00:08:01,830

duplicate the technology that is being

196

00:08:10,540 --> 00:08:07,950

seen whether from witnesses or from gun

197

00:08:13,370 --> 00:08:10,550

camera videos or from radar returns

198

00:08:16,880 --> 00:08:13,380

there there is in my opinion a silent

199

00:08:20,180 --> 00:08:16,890

race to back engineer this technology

200

00:08:22,910 --> 00:08:20,190

that enters eras airspace all over the

201  
00:08:25,820 --> 00:08:22,920  
world and and to bring this out into the

202  
00:08:27,500 --> 00:08:25,830  
open now now you're bringing inquiry and

203  
00:08:28,730 --> 00:08:27,510  
you're bringing journalism into it and

204  
00:08:31,370 --> 00:08:28,740  
you're bringing you're bringing world

205  
00:08:33,260 --> 00:08:31,380  
Society into it and if and if this

206  
00:08:36,290 --> 00:08:33,270  
really is something that if you crack

207  
00:08:38,180 --> 00:08:36,300  
you have a military advantage over every

208  
00:08:39,440 --> 00:08:38,190  
other nation in the world you know that

209  
00:08:41,200 --> 00:08:39,450  
that would be another reason that the

210  
00:08:43,280 --> 00:08:41,210  
United States government is is is

211  
00:08:46,070 --> 00:08:43,290  
trepidatious in sharing this information

212  
00:08:48,440 --> 00:08:46,080  
not only that I think they've known

213  
00:08:51,080 --> 00:08:48,450

since the early 40s and I think with the

214

00:08:53,210 --> 00:08:51,090

Cold War yes I believe that they've

215

00:08:54,540 --> 00:08:53,220

known about these visitations do you

216

00:08:55,889 --> 00:08:54,550

think all of the governments are

217

00:08:58,650 --> 00:08:55,899

around the world have known since the

218

00:09:02,820 --> 00:08:58,660

early forties no I would say that I

219

00:09:05,160 --> 00:09:02,830

would say that any government that has a

220

00:09:08,250 --> 00:09:05,170

very good Air Force has probably knows

221

00:09:10,019 --> 00:09:08,260

because within the span of time maybe

222

00:09:13,170 --> 00:09:10,029

not the 40s all of them I don't know

223

00:09:14,880 --> 00:09:13,180

but 40s 50s 60s because I would say that

224

00:09:16,230 --> 00:09:14,890

there had probably be even instances

225

00:09:17,699 --> 00:09:16,240

with any government that has a good Air

226

00:09:19,710 --> 00:09:17,709

Force where they have intercepted these

227

00:09:22,410 --> 00:09:19,720

objects just as dataframe intercepted

228

00:09:24,600 --> 00:09:22,420

them during the USS nimitz UFO event

229

00:09:26,430 --> 00:09:24,610

series yeah so I guess that would be

230

00:09:28,769 --> 00:09:26,440

like in the forties you feel like there

231

00:09:31,530 --> 00:09:28,779

was a whole bunch of governments who

232

00:09:36,300 --> 00:09:31,540

knew that the there were these UFOs like

233

00:09:40,079 --> 00:09:36,310

the UK the u.s. maybe Russia maybe 40s

234

00:09:41,639 --> 00:09:40,089

maybe maybe exact date but yeah I would

235

00:09:44,040 --> 00:09:41,649

I would go so far to say that it's an

236

00:09:46,170 --> 00:09:44,050

international conspiracy and I also go

237

00:09:47,850 --> 00:09:46,180

so far to say that that sounds

238

00:09:49,980 --> 00:09:47,860

preposterous and I totally understand

239

00:09:52,350 --> 00:09:49,990

skeptics who say oh come on there's no

240

00:09:55,889 --> 00:09:52,360

way there's no way that this could be

241

00:09:58,310 --> 00:09:55,899

covered up by many many modern nations

242

00:10:00,930 --> 00:09:58,320

but those are the facts I mean look yeah

243

00:10:02,370 --> 00:10:00,940

it's just I'm just trying to figure out

244

00:10:04,800 --> 00:10:02,380

what the timeline would be on this like

245

00:10:08,639 --> 00:10:04,810

you know if he starts out the only say

246

00:10:11,160 --> 00:10:08,649

the America and the UK and and Russia

247

00:10:13,920 --> 00:10:11,170

and may China knew about it then how did

248

00:10:15,660 --> 00:10:13,930

the other countries like what how how do

249

00:10:18,120 --> 00:10:15,670

they get into the club like say India

250

00:10:19,650 --> 00:10:18,130

now as a fairly good Air Force so surely

251

00:10:21,660 --> 00:10:19,660

India knows about it

252

00:10:23,460 --> 00:10:21,670

data data they picked him up on radar

253

00:10:27,449 --> 00:10:23,470

they may have gotten him on gun camera

254

00:10:30,180 --> 00:10:27,459

videos gun cameras and just data

255

00:10:33,060 --> 00:10:30,190

basically then all these countries as

256

00:10:34,500 --> 00:10:33,070

they discover UFOs they all decide that

257

00:10:36,930 --> 00:10:34,510

they're not going to tell anybody about

258

00:10:38,699 --> 00:10:36,940

them correct but you have to realize

259

00:10:40,079 --> 00:10:38,709

it's built into human psychology that

260

00:10:42,900 --> 00:10:40,089

they don't want to share it because I

261

00:10:45,120 --> 00:10:42,910

like I said yeah because there's okay

262

00:10:47,430 --> 00:10:45,130

Nick you know let's let me ask you what

263

00:10:48,960 --> 00:10:47,440

advantage do government's have now let

264

00:10:51,000 --> 00:10:48,970

me finish my question what advantage do

265

00:10:53,509 --> 00:10:51,010

governments have if they know we're

266

00:10:59,069 --> 00:10:53,519

being visited by an extraterrestrial

267

00:11:00,540 --> 00:10:59,079

race or races who have vehicles that may

268

00:11:02,160 --> 00:11:00,550

not be a threat but if they wanted to

269

00:11:04,170 --> 00:11:02,170

they could easily be a threat they could

270

00:11:06,090 --> 00:11:04,180

take out every military in the world we

271

00:11:07,500 --> 00:11:06,100

don't we don't collectively know what

272

00:11:08,249 --> 00:11:07,510

their intention is we don't know whether

273

00:11:09,569 --> 00:11:08,259

they're hostile

274

00:11:11,280 --> 00:11:09,579

just because you know just because I

275

00:11:12,749 --> 00:11:11,290

haven't blown up a aircraft carrier

276  
00:11:14,309 --> 00:11:12,759  
doesn't mean that something may not

277  
00:11:16,469 --> 00:11:14,319  
happen in the future and you really do

278  
00:11:19,799 --> 00:11:16,479  
you really want civilization to have

279  
00:11:23,869 --> 00:11:19,809  
mass hysteria about it what if these the

280  
00:11:26,489 --> 00:11:23,879  
many many instances where we're

281  
00:11:30,869 --> 00:11:26,499  
witnesses that worked at nuclear

282  
00:11:33,389 --> 00:11:30,879  
installations security guards of nuclear

283  
00:11:34,799 --> 00:11:33,399  
installations launched officers at

284  
00:11:36,900 --> 00:11:34,809  
nuclear installations I mean there is a

285  
00:11:40,229 --> 00:11:36,910  
hugely disproportional amount of

286  
00:11:43,879 --> 00:11:40,239  
sightings that have happened at nuclear

287  
00:11:47,189 --> 00:11:43,889  
laboratories nuclear silo installations

288  
00:11:49,829 --> 00:11:47,199

plate places where they detonate these

289

00:11:51,029 --> 00:11:49,839

missiles that that has no parallel

290

00:11:52,499 --> 00:11:51,039

that's a fact

291

00:11:55,499 --> 00:11:52,509

now you we can debate all day long

292

00:11:58,199 --> 00:11:55,509

whether it's hallucinations or or

293

00:12:00,389 --> 00:11:58,209

they're there they're lying or whatever

294

00:12:02,279 --> 00:12:00,399

but there isn't good luck making an

295

00:12:04,499 --> 00:12:02,289

argument that there's just as many UFO

296

00:12:10,229 --> 00:12:04,509

sightings that car factories and candy

297

00:12:12,809 --> 00:12:10,239

factories and and this play that there's

298

00:12:13,859 --> 00:12:12,819

no correlation and so putting that all

299

00:12:15,929 --> 00:12:13,869

into one place

300

00:12:18,359 --> 00:12:15,939

what is the advantage for any government

301  
00:12:19,710 --> 00:12:18,369  
in the world to tell civilization that

302  
00:12:21,119 --> 00:12:19,720  
we're being visited but we don't know

303  
00:12:22,859 --> 00:12:21,129  
what they're what they're here for to

304  
00:12:24,599 --> 00:12:22,869  
think of one advantage was that

305  
00:12:26,039 --> 00:12:24,609  
government would get to be first they

306  
00:12:27,239 --> 00:12:26,049  
get to the people who reveal to the

307  
00:12:29,279 --> 00:12:27,249  
world they get to be the birth the

308  
00:12:31,919 --> 00:12:29,289  
government they tells anybody like if

309  
00:12:35,759 --> 00:12:31,929  
it's country like I don't know Japan say

310  
00:12:37,859 --> 00:12:35,769  
or or even China they get to tell

311  
00:12:39,479 --> 00:12:37,869  
everybody and you know they would

312  
00:12:40,739 --> 00:12:39,489  
actually get to tell them that everybody

313  
00:12:42,449 --> 00:12:40,749

else has been covering it up because

314

00:12:43,949 --> 00:12:42,459

you've kind of got all these things all

315

00:12:45,449 --> 00:12:43,959

these separate governments now and

316

00:12:47,340 --> 00:12:45,459

they're all covering up aliens in their

317

00:12:48,629 --> 00:12:47,350

own way and I guess they're not really

318

00:12:50,970 --> 00:12:48,639

cooperating you don't think there's any

319

00:12:54,269 --> 00:12:50,980

there's a worldwide conspiracy to do

320

00:12:55,739 --> 00:12:54,279

this I wouldn't really I don't know I

321

00:12:57,749 --> 00:12:55,749

don't know if they're cooperating but I

322

00:13:00,840 --> 00:12:57,759

just don't think they want to bring that

323

00:13:01,919 --> 00:13:00,850

information into the public discourse so

324

00:13:04,049 --> 00:13:01,929

what would be the disadvantage can you

325

00:13:05,549 --> 00:13:04,059

think of any disadvantages so obviously

326

00:13:07,019 --> 00:13:05,559

you're right so like if China was the

327

00:13:08,519 --> 00:13:07,029

first nation to do it they would have a

328

00:13:10,349 --> 00:13:08,529

legacy like no other legacy and they

329

00:13:11,519 --> 00:13:10,359

could that would really that probably

330

00:13:13,979 --> 00:13:11,529

harm the interests of the United States

331

00:13:18,179 --> 00:13:13,989

but can you think of any downside for

332

00:13:20,039 --> 00:13:18,189

say China or Russia disclosing he died I

333

00:13:21,449 --> 00:13:20,049

I don't I mean people talk about like

334

00:13:21,750 --> 00:13:21,459

that being mass panic and things like

335

00:13:23,970 --> 00:13:21,760

that

336

00:13:25,500 --> 00:13:23,980

but I mean what they're really because

337

00:13:27,930 --> 00:13:25,510

must be little things that UFOs are real

338

00:13:30,389 --> 00:13:27,940

I don't think so but I think governments

339

00:13:32,040 --> 00:13:30,399

tend to be paranoid too and they come up

340

00:13:34,319 --> 00:13:32,050

with all these possibilities that might

341

00:13:35,819 --> 00:13:34,329

happen are they likely to happen who

342

00:13:38,400 --> 00:13:35,829

knows but I think they tend to be

343

00:13:40,560 --> 00:13:38,410

paranoid and look look I mean I

344

00:13:42,840 --> 00:13:40,570

understand I look I would not believe in

345

00:13:44,069 --> 00:13:42,850

UFOs if the evidence wasn't there and I

346

00:13:46,319 --> 00:13:44,079

believe the evidence is there let's look

347

00:13:49,889 --> 00:13:46,329

at David flavor when the intercept

348

00:13:51,990 --> 00:13:49,899

happened in 2004 David forever had 16

349

00:13:53,819 --> 00:13:52,000

years of experience as a pilot he's a

350

00:13:57,930 --> 00:13:53,829

Top Gun graduate at the time of the

351

00:14:00,000 --> 00:13:57,940

intercept yet 3600 flight hours he he at

352

00:14:01,560 --> 00:14:00,010

the before the intercept he went to the

353

00:14:08,280 --> 00:14:01,570

Persian Gulf five times he's flown over

354

00:14:10,740 --> 00:14:08,290

Africa he's flown over Iraq and and so

355

00:14:12,540 --> 00:14:10,750

he's seen foreign planes he's seen

356

00:14:14,160 --> 00:14:12,550

domestic planes because when when you're

357

00:14:16,230 --> 00:14:14,170

not in a shooting war one of the things

358

00:14:18,540 --> 00:14:16,240

you do as a pilot for the Navy is you

359

00:14:20,250 --> 00:14:18,550

you intercept planes coming towards the

360

00:14:23,639 --> 00:14:20,260

battle area and tell them to go the

361

00:14:25,500 --> 00:14:23,649

other way at the time and intercept

362

00:14:27,420 --> 00:14:25,510

there were it wasn't just him that saw

363

00:14:28,920 --> 00:14:27,430

it it was for aviators that saw it

364

00:14:30,780 --> 00:14:28,930

according to freighter was over five

365

00:14:34,559 --> 00:14:30,790

minutes that he saw it it was caught on

366

00:14:36,240 --> 00:14:34,569

radar on the USS Nimitz on the USS

367

00:14:39,059 --> 00:14:36,250

Princeton which is an Aegis class

368

00:14:43,110 --> 00:14:39,069

cruiser and on the e-2 Hawkeye so we

369

00:14:46,350 --> 00:14:43,120

have three separate radars and and all

370

00:14:48,509 --> 00:14:46,360

the radar operators say that that all

371

00:14:50,309 --> 00:14:48,519

these these tracks came up on their

372

00:14:52,860 --> 00:14:50,319

systems and some people say well how do

373

00:14:54,360 --> 00:14:52,870

you know how do you know that the wood

374

00:14:56,730 --> 00:14:54,370

it wasn't a glitch well let me ask you

375

00:15:00,319 --> 00:14:56,740

this if it was a glitch how did they

376

00:15:03,269 --> 00:15:00,329

tell favor to go to a precise place a

377

00:15:05,720 --> 00:15:03,279

vector right and it was only when merged

378

00:15:09,420 --> 00:15:05,730

plot which is when which was when

379

00:15:11,639 --> 00:15:09,430

flavors plane and and the contact are so

380

00:15:13,199 --> 00:15:11,649

close together that the radar operators

381

00:15:15,449 --> 00:15:13,209

cannot distinguish between the two it

382

00:15:17,970 --> 00:15:15,459

was only at that point in time that

383

00:15:20,220 --> 00:15:17,980

flavor and the three other aviators saw

384

00:15:23,519 --> 00:15:20,230

the object so if it was a glitch in the

385

00:15:25,110 --> 00:15:23,529

radar how how did that coincidence it's

386

00:15:26,850 --> 00:15:25,120

a good question but I think the answer

387

00:15:28,259 --> 00:15:26,860

probably is that that's the point at

388

00:15:29,730 --> 00:15:28,269

which he started looking for the object

389

00:15:33,880 --> 00:15:29,740

because he would have been looking like

390

00:15:36,290 --> 00:15:33,890

down to the ocean like if it was

391

00:15:38,180 --> 00:15:36,300

he was start looking for something and

392

00:15:39,950 --> 00:15:38,190

because he had this this heightened

393

00:15:41,660 --> 00:15:39,960

sense of like actually expecting

394

00:15:43,700 --> 00:15:41,670

something to be there we did see

395

00:15:45,620 --> 00:15:43,710

something where no matter what it was

396

00:15:46,040 --> 00:15:45,630

it's hard to tell if it was the same

397

00:15:51,740 --> 00:15:46,050

thing

398

00:15:53,210 --> 00:15:51,750

problem is it's very difficult to tell

399

00:15:55,040 --> 00:15:53,220

like with these things because we're

400

00:15:56,690 --> 00:15:55,050

really relying very very much so on

401  
00:15:59,930 --> 00:15:56,700  
these these eyewitness accounts and

402  
00:16:01,430 --> 00:15:59,940  
there are it was a long time ago 2004 so

403  
00:16:03,320 --> 00:16:01,440  
memories have changed and there's

404  
00:16:05,840 --> 00:16:03,330  
already is there's discrepancies in the

405  
00:16:08,630 --> 00:16:05,850  
accounts like that of the female pilot

406  
00:16:11,840 --> 00:16:08,640  
in the idea upper plane she remembers

407  
00:16:14,660 --> 00:16:11,850  
like for example the dispatcher being

408  
00:16:17,960 --> 00:16:14,670  
female when the other people say that

409  
00:16:19,340 --> 00:16:17,970  
the dispatcher was male so there's a

410  
00:16:21,650 --> 00:16:19,350  
small difference well as the people

411  
00:16:22,880 --> 00:16:21,660  
don't know I'm saying memories I'll take

412  
00:16:25,190 --> 00:16:22,890  
your word for that but I will say this

413  
00:16:27,290 --> 00:16:25,200

there's always discrepancies right it's

414

00:16:30,140 --> 00:16:27,300

fine any historical event that's true

415

00:16:32,090 --> 00:16:30,150

and that's corroborated and that the

416

00:16:34,490 --> 00:16:32,100

consensus agrees occurred you're always

417

00:16:38,270 --> 00:16:34,500

going to find discrepancies so I

418

00:16:39,980 --> 00:16:38,280

wouldn't use discrepancies as as a way

419

00:16:42,170 --> 00:16:39,990

of discrediting the story because

420

00:16:44,540 --> 00:16:42,180

discrepancies are always present in no

421

00:16:47,120 --> 00:16:44,550

matter what what and you're dealing with

422

00:16:49,310 --> 00:16:47,130

a story that includes tens of people

423

00:16:50,900 --> 00:16:49,320

maybe hundreds of people of course

424

00:16:52,790 --> 00:16:50,910

there's gonna be discrepancies but

425

00:16:54,920 --> 00:16:52,800

there's not enough discrepancies or

426  
00:16:57,050 --> 00:16:54,930  
severe enough discrepancies to discredit

427  
00:16:58,190 --> 00:16:57,060  
the story so I went I I don't think that

428  
00:17:00,740 --> 00:16:58,200  
would be a really prudent way to

429  
00:17:02,810 --> 00:17:00,750  
interpret the limits case oh there's a

430  
00:17:04,670 --> 00:17:02,820  
discrepancy therefore I can just doubt

431  
00:17:06,559 --> 00:17:04,680  
the entire thing well how do you know

432  
00:17:08,120 --> 00:17:06,569  
which which it was a discrepancy and

433  
00:17:09,980 --> 00:17:08,130  
what's actually at the reality have you

434  
00:17:12,380 --> 00:17:09,990  
afraid of saying you saw this this thing

435  
00:17:13,970 --> 00:17:12,390  
like zips up being around the radar says

436  
00:17:17,780 --> 00:17:13,980  
that this thing like you know went up

437  
00:17:20,059 --> 00:17:17,790  
and down that's a discrepancy well well

438  
00:17:23,360 --> 00:17:20,069

do we know when the radar operator saw

439

00:17:24,920 --> 00:17:23,370

go up and down because we only have

440

00:17:28,970 --> 00:17:24,930

reports that I'm talking about it going

441

00:17:30,110 --> 00:17:28,980

up and down we don't have reported but

442

00:17:32,600 --> 00:17:30,120

they've been tracking these for days

443

00:17:34,280 --> 00:17:32,610

prior to framers intercept so when when

444

00:17:36,560 --> 00:17:34,290

you see a little soundbite of a radar

445

00:17:38,230 --> 00:17:36,570

operator operator saying it went from

446

00:17:41,090 --> 00:17:38,240

eighty thousand feet to send it down to

447

00:17:43,280 --> 00:17:41,100

28,000 feet sent down to fifty feet or

448

00:17:45,290 --> 00:17:43,290

whatever they whatever the exact quote

449

00:17:47,270 --> 00:17:45,300

would be when they when you hear that

450

00:17:47,720 --> 00:17:47,280

sound bite that doesn't necessarily mean

451  
00:17:58,910 --> 00:17:47,730  
the

452  
00:18:01,790 --> 00:17:58,920  
general that encompasses days and days

453  
00:18:04,100 --> 00:18:01,800  
like I said the intercept happened days

454  
00:18:05,960 --> 00:18:04,110  
and days after the radar operators or

455  
00:18:07,910 --> 00:18:05,970  
saw the tic-tac and the flight

456  
00:18:09,230 --> 00:18:07,920  
characteristics of the tic-tac they are

457  
00:18:10,820 --> 00:18:09,240  
very different things though I mean

458  
00:18:12,410 --> 00:18:10,830  
Framus talking about it doing these

459  
00:18:14,290 --> 00:18:12,420  
rapid movements and then he's talking

460  
00:18:16,460 --> 00:18:14,300  
about it doing this very very fast

461  
00:18:17,810 --> 00:18:16,470  
horizontal movement where's the radar

462  
00:18:19,400 --> 00:18:17,820  
operators the only talk about it like

463  
00:18:20,690 --> 00:18:19,410

appearing at one point and then well

464

00:18:23,390 --> 00:18:20,700

they did looking good they did say that

465

00:18:26,750 --> 00:18:23,400

they showed up on it on the at his cap

466

00:18:29,090 --> 00:18:26,760

point very quickly so that wouldn't show

467

00:18:30,920 --> 00:18:29,100

it going there they never should talk

468

00:18:32,210 --> 00:18:30,930

about it actually moving horizontally it

469

00:18:38,570 --> 00:18:32,220

just kind of seems to appear a little

470

00:18:40,040 --> 00:18:38,580

point here and there but you didn't see

471

00:18:41,600 --> 00:18:40,050

the radar returns I mean if you were if

472

00:18:44,990 --> 00:18:41,610

you were to qualify that and talk to

473

00:18:47,780 --> 00:18:45,000

like Kevin Kevin day did you did you

474

00:18:48,080 --> 00:18:47,790

actually see the object move at a fast

475

00:18:50,330 --> 00:18:48,090

pace

476

00:18:52,460 --> 00:18:50,340

when they rigid or or were you just

477

00:18:55,100 --> 00:18:52,470

talking in generalities did actually ask

478

00:18:58,160 --> 00:18:55,110

Kevin day about that and he said he

479

00:19:00,520 --> 00:18:58,170

couldn't remember it moving well they

480

00:19:02,750 --> 00:19:00,530

really well there you go

481

00:19:04,340 --> 00:19:02,760

so that means we've got all these these

482

00:19:06,560 --> 00:19:04,350

things this we've got three things here

483

00:19:08,840 --> 00:19:06,570

we've got like the video we've got the

484

00:19:11,780 --> 00:19:08,850

testimony of flavor and the female pilot

485

00:19:13,970 --> 00:19:11,790

and then we've got the testimony of the

486

00:19:15,080 --> 00:19:13,980

people who remember seeing radar and I

487

00:19:16,580 --> 00:19:15,090

guess we've got testimony of people who

488

00:19:18,620 --> 00:19:16,590

remember seeing the video as well which

489

00:19:20,320 --> 00:19:18,630

is kind of a different thing but you

490

00:19:22,580 --> 00:19:20,330

know basically three things video

491

00:19:23,600 --> 00:19:22,590

eyewitness and radar are things and

492

00:19:25,370 --> 00:19:23,610

they're all showing different things

493

00:19:28,910 --> 00:19:25,380

though the radar showing up and down and

494

00:19:30,290 --> 00:19:28,920

near teleporting essentially the video

495

00:19:32,030 --> 00:19:30,300

is showing something that doesn't really

496

00:19:34,390 --> 00:19:32,040

move and just seems to recede into the

497

00:19:36,440 --> 00:19:34,400

distance and freitas showing these

498

00:19:38,360 --> 00:19:36,450

talking about things that first of all

499

00:19:39,860 --> 00:19:38,370

like your zip around and then then

500

00:19:42,890 --> 00:19:39,870

vanish off to the side or from the

501  
00:19:45,050 --> 00:19:42,900  
punish off it to the right well well

502  
00:19:46,880 --> 00:19:45,060  
framers said there and so did his sort

503  
00:19:48,770 --> 00:19:46,890  
of the other other aviators with him say

504  
00:19:51,170 --> 00:19:48,780  
that the encounter lasted for over five

505  
00:19:54,230 --> 00:19:51,180  
minutes the video is actually only what

506  
00:19:56,120 --> 00:19:54,240  
30 seconds so obviously the video isn't

507  
00:19:58,700 --> 00:19:56,130  
off the encounter that's true that's

508  
00:20:00,440 --> 00:19:58,710  
true but but what okay you're right so

509  
00:20:01,430 --> 00:20:00,450  
let me rephrase what I'm trying to say

510  
00:20:04,820 --> 00:20:01,440  
is

511  
00:20:07,460 --> 00:20:04,830  
object can move differently according to

512  
00:20:09,680 --> 00:20:07,470  
what it's doing at at the current time

513  
00:20:12,350 --> 00:20:09,690

so maybe when framers thought it was it

514

00:20:13,940 --> 00:20:12,360

was actually way and then when when Chad

515

00:20:16,610 --> 00:20:13,950

Underwood intercepted it it was acting

516

00:20:18,350 --> 00:20:16,620

another way I mean that's not that's not

517

00:20:20,090 --> 00:20:18,360

even implausible if the object is

518

00:20:23,330 --> 00:20:20,100

capable of doing all kinds of maneuvers

519

00:20:26,899 --> 00:20:23,340

why would we assume that the behavior is

520

00:20:29,840 --> 00:20:26,909

it it demonstrated during the intercept

521

00:20:31,909 --> 00:20:29,850

with flavor would be completely in

522

00:20:38,269 --> 00:20:31,919

equivalence with when Chad Underwood

523

00:20:39,740 --> 00:20:38,279

interest but you'd kind of just to give

524

00:20:41,389 --> 00:20:39,750

more weight to the evidence it would be

525

00:20:43,190 --> 00:20:41,399

a lot more convincing if it was doing

526

00:20:44,450 --> 00:20:43,200

the same thing in all three things like

527

00:20:46,730 --> 00:20:44,460

if we actually store it to do something

528

00:20:49,369 --> 00:20:46,740

wrap it in the video and if it was

529

00:20:51,440 --> 00:20:49,379

actually we if we had radar tracks of in

530

00:20:53,450 --> 00:20:51,450

moving rapidly horizontally but you know

531

00:20:55,129 --> 00:20:53,460

we don't so we have to assume that

532

00:20:56,480 --> 00:20:55,139

instead of it being the same thing doing

533

00:20:58,249 --> 00:20:56,490

the same thing it's the same object

534

00:21:00,830 --> 00:20:58,259

doing three different things which is a

535

00:21:03,259 --> 00:21:00,840

less convincing but even with the

536

00:21:05,570 --> 00:21:03,269

intercept of flavor the object did not

537

00:21:09,080 --> 00:21:05,580

always go at hypersonic speed if you

538

00:21:11,509 --> 00:21:09,090

hear a story uh basically flavor and in

539

00:21:14,299 --> 00:21:11,519

the wingman see it the wingman stays

540

00:21:15,919 --> 00:21:14,309

high flavor descends and does like I

541

00:21:16,519 --> 00:21:15,929

believe maybe I get some of this awful

542

00:21:18,200 --> 00:21:16,529

to do the best I can

543

00:21:20,210 --> 00:21:18,210

he basically circles down very

544

00:21:22,279 --> 00:21:20,220

cautiously towards the object to get

545

00:21:24,440 --> 00:21:22,289

closer to it so the wingman is not only

546

00:21:26,029 --> 00:21:24,450

eight thousand feet above flavor but is

547

00:21:27,710 --> 00:21:26,039

that a different angle which only lis

548

00:21:29,269 --> 00:21:27,720

lends credibility to the fact that they

549

00:21:32,450 --> 00:21:29,279

actually saw what they said they saw and

550

00:21:33,919 --> 00:21:32,460

say since the testimony is equivalent

551  
00:21:36,049 --> 00:21:33,929  
and unanimous amongst all four of them

552  
00:21:37,879 --> 00:21:36,059  
and two pilots all from one angle two

553  
00:21:40,159 --> 00:21:37,889  
pilots all from another angle and then

554  
00:21:41,529 --> 00:21:40,169  
the tic-tac started mirroring

555  
00:21:44,779 --> 00:21:41,539  
if I could say that word correctly

556  
00:21:46,909 --> 00:21:44,789  
affray ver hmm and so while the tic-tac

557  
00:21:49,669 --> 00:21:46,919  
was mirroring fray ver it wasn't going

558  
00:21:52,119 --> 00:21:49,679  
fast it was just going at the same speed

559  
00:21:54,799 --> 00:21:52,129  
as a tic-tac so here is an incident

560  
00:21:57,259 --> 00:21:54,809  
according to his witness testimony in

561  
00:21:59,240 --> 00:21:57,269  
which the object is not moving at

562  
00:22:01,369 --> 00:21:59,250  
hypersonic speeds and it's just doing

563  
00:22:04,279 --> 00:22:01,379

exactly what an f-18 could do so I don't

564

00:22:06,169 --> 00:22:04,289

see any discrepancy here when when when

565

00:22:09,019 --> 00:22:06,179

the the video that Chad Underwood got

566

00:22:10,789 --> 00:22:09,029

the plane was just moving at a regular

567

00:22:12,980 --> 00:22:10,799

or not the plane the odd the tic-tac was

568

00:22:15,110 --> 00:22:12,990

just moving at a regular speed a rate of

569

00:22:18,020 --> 00:22:15,120

speed comparable to plane

570

00:22:20,029 --> 00:22:18,030

as flavors testimony is in which when

571

00:22:23,299 --> 00:22:20,039

when Eve when the tic-tac was mirroring

572

00:22:25,970 --> 00:22:23,309

flavor it was going at flavor speed so

573

00:22:27,590 --> 00:22:25,980

that that that emphasizes that the

574

00:22:29,360 --> 00:22:27,600

tic-tac according to the witness

575

00:22:31,610 --> 00:22:29,370

testimony is capable of moving

576  
00:22:33,409 --> 00:22:31,620  
erratically moving at hypersonic speeds

577  
00:22:35,360 --> 00:22:33,419  
or beyond hypersonic speeds and just

578  
00:22:36,860 --> 00:22:35,370  
doing what f-18s do so I don't see any

579  
00:22:38,870 --> 00:22:36,870  
discrepancy there whatsoever

580  
00:22:39,980 --> 00:22:38,880  
I'm sure but it's just a shame that we

581  
00:22:43,610 --> 00:22:39,990  
don't actually have a correlation

582  
00:22:45,740 --> 00:22:43,620  
between multiple data sources I think

583  
00:22:48,440 --> 00:22:45,750  
you could argue against the the top

584  
00:22:52,730 --> 00:22:48,450  
cover pilot is another data source and

585  
00:22:54,110 --> 00:22:52,740  
that she gave an account of it but you

586  
00:22:57,500 --> 00:22:54,120  
know I have to say I bus I must kind of

587  
00:23:00,140 --> 00:22:57,510  
question her her state of mind which

588  
00:23:02,330 --> 00:23:00,150

sounds a bit you know like I'm attacking

589

00:23:05,630 --> 00:23:02,340

the person but yeah if you read her

590

00:23:07,399 --> 00:23:05,640

account it's very dramatic and that she

591

00:23:09,110 --> 00:23:07,409

talks about how first of all she thought

592

00:23:13,700 --> 00:23:09,120

it was drug runners and then she thought

593

00:23:15,590 --> 00:23:13,710

it was some kind of like 911 situation

594

00:23:17,450 --> 00:23:15,600

where she was going to have to use her

595

00:23:18,830 --> 00:23:17,460

plane as a weapon so she's essentially

596

00:23:22,190 --> 00:23:18,840

thinking that she's going on some kind

597

00:23:24,350 --> 00:23:22,200

of suicide mission to RAM some play out

598

00:23:26,149 --> 00:23:24,360

of the air and then like literally three

599

00:23:27,770 --> 00:23:26,159

seconds later she thinks that it's some

600

00:23:29,899 --> 00:23:27,780

kind of search-and-rescue thing because

601  
00:23:33,470 --> 00:23:29,909  
there's a crashed plane in the ground

602  
00:23:37,220 --> 00:23:33,480  
and then she starts seeing this this

603  
00:23:39,110 --> 00:23:37,230  
this is object so it seems like you know

604  
00:23:42,320 --> 00:23:39,120  
it could be that the sub loss of

605  
00:23:44,240 --> 00:23:42,330  
situational awareness there on her parts

606  
00:23:47,600 --> 00:23:44,250  
and you possibly on Freight as part as

607  
00:23:49,070 --> 00:23:47,610  
well that is possible I'd not I'm not

608  
00:23:51,549 --> 00:23:49,080  
persuaded by it but I want to ask you a

609  
00:23:54,409 --> 00:23:51,559  
question make two questions to be exact

610  
00:23:56,810 --> 00:23:54,419  
number one what is your best hypothesis

611  
00:24:00,470 --> 00:23:56,820  
on what the tic-tac or what the object

612  
00:24:02,390 --> 00:24:00,480  
was that flavor is his wso and the and

613  
00:24:05,480 --> 00:24:02,400

the two other aviators that saw the

614

00:24:07,880 --> 00:24:05,490

object was and number two what are the

615

00:24:10,730 --> 00:24:07,890

odds you know you could say what are the

616

00:24:13,909 --> 00:24:10,740

odds that that this is coming from an

617

00:24:16,039 --> 00:24:13,919

extraterrestrial source would you say is

618

00:24:18,950 --> 00:24:16,049

there a one would you say there's at

619

00:24:19,669 --> 00:24:18,960

least a 1% chance or or is it less that

620

00:24:21,289 --> 00:24:19,679

this is coming from the

621

00:24:23,000 --> 00:24:21,299

extra-terrestrial source those two

622

00:24:24,350 --> 00:24:23,010

versus year now Esther I think it's

623

00:24:26,840 --> 00:24:24,360

pretty hard to give odds so I'm just

624

00:24:27,590 --> 00:24:26,850

gonna start out with that one and say

625

00:24:29,390 --> 00:24:27,600

you know I couldn't

626  
00:24:31,400 --> 00:24:29,400  
really say like one-in-a-million maybe

627  
00:24:35,299 --> 00:24:31,410  
because it seems such like an unlikely

628  
00:24:39,260 --> 00:24:35,309  
thing to happen but like my best guess

629  
00:24:41,390 --> 00:24:39,270  
as to what he saw it's it's is very hard

630  
00:24:43,430 --> 00:24:41,400  
to say like I I think he might have saw

631  
00:24:45,350 --> 00:24:43,440  
seen multiple things like he might have

632  
00:24:47,510 --> 00:24:45,360  
seen like you know he's thinks he's

633  
00:24:49,370 --> 00:24:47,520  
seeing a white object so you know white

634  
00:24:51,020 --> 00:24:49,380  
objects pretty feet pitiless so like you

635  
00:24:52,700 --> 00:24:51,030  
know any any white object in the

636  
00:24:53,990 --> 00:24:52,710  
distance looks you know the same as as

637  
00:24:55,460 --> 00:24:54,000  
another white object of his moving

638  
00:24:58,419 --> 00:24:55,470

slowly especially if it's like really

639

00:25:01,640 --> 00:24:58,429

far away and it's difficult to make out

640

00:25:04,010 --> 00:25:01,650

so he might have been confusing multiple

641

00:25:06,200 --> 00:25:04,020

objects like he starts out seeing this

642

00:25:08,510 --> 00:25:06,210

disturbing disturbance in the ocean like

643

00:25:10,070 --> 00:25:08,520

this like a like you know what fish

644

00:25:12,710 --> 00:25:10,080

feeding or something like that like a

645

00:25:14,870 --> 00:25:12,720

big kind of bubbling so he could have

646

00:25:16,490 --> 00:25:14,880

been looking down and perhaps I don't

647

00:25:18,010 --> 00:25:16,500

know like he just saw something that was

648

00:25:20,149 --> 00:25:18,020

floating in the water

649

00:25:22,789 --> 00:25:20,159

perhaps that later on that he saw

650

00:25:25,279 --> 00:25:22,799

something like a reflection in the

651  
00:25:26,990 --> 00:25:25,289  
canopy you see actually you actually see

652  
00:25:28,100 --> 00:25:27,000  
tic-tacs shaped to reflections in the

653  
00:25:30,649 --> 00:25:28,110  
canopies the you know the chemically

654  
00:25:32,360 --> 00:25:30,659  
that goes over the pilots head because

655  
00:25:34,100 --> 00:25:32,370  
of this there's some circular things

656  
00:25:35,210 --> 00:25:34,110  
within the cockpit and when the Sun hits

657  
00:25:36,890 --> 00:25:35,220  
them just right you get these

658  
00:25:40,490 --> 00:25:36,900  
reflections which occurred kind of

659  
00:25:42,500 --> 00:25:40,500  
shapes you know like this and you know

660  
00:25:44,659 --> 00:25:42,510  
and I hate to bring it up but there

661  
00:25:46,940 --> 00:25:44,669  
would have been seagulls there if you're

662  
00:25:49,450 --> 00:25:46,950  
looking down and if this is very very

663  
00:25:52,940 --> 00:25:49,460

large bird or something circling around

664

00:25:55,310 --> 00:25:52,950

yes you can actually see a seagull and

665

00:25:56,899 --> 00:25:55,320

it's a possibility I know people mock me

666

00:25:58,190 --> 00:25:56,909

might be possibility but we're talking

667

00:25:59,779 --> 00:25:58,200

about what freighter saw we're not

668

00:26:02,270 --> 00:25:59,789

talking about things on the video and

669

00:26:04,820 --> 00:26:02,280

I'm talking it I don't think he would

670

00:26:06,440 --> 00:26:04,830

have just seen one seagull and then

671

00:26:08,510 --> 00:26:06,450

mistaken that for this whole thing I

672

00:26:11,120 --> 00:26:08,520

think they you know some point you think

673

00:26:15,890 --> 00:26:11,130

pilots they can't they wouldn't have

674

00:26:18,020 --> 00:26:15,900

eyes on something for five minutes like

675

00:26:19,789 --> 00:26:18,030

you know pilots pilots have to actually

676  
00:26:20,899 --> 00:26:19,799  
do like instruments cams all the time so

677  
00:26:22,640 --> 00:26:20,909  
they can't actually keep looking at

678  
00:26:24,980 --> 00:26:22,650  
something for solidly for five minutes

679  
00:26:26,120 --> 00:26:24,990  
so there'd be like some points where

680  
00:26:28,190 --> 00:26:26,130  
he's doing this thing where he's coming

681  
00:26:30,010 --> 00:26:28,200  
down so we first Cesar it's like and

682  
00:26:32,180 --> 00:26:30,020  
then when he thinks that it's use away

683  
00:26:35,480 --> 00:26:32,190  
and you know I think it could have been

684  
00:26:40,070 --> 00:26:35,490  
a combination of things or it could be

685  
00:26:40,640 --> 00:26:40,080  
some kind of craft yeah well I mean and

686  
00:26:43,160 --> 00:26:40,650  
you know

687  
00:26:44,780 --> 00:26:43,170  
i-i-i think what you think is extremely

688  
00:26:46,880 --> 00:26:44,790

unlikely but you know what I mean I

689

00:26:49,400 --> 00:26:46,890

think you're to being totally honest and

690

00:26:51,320 --> 00:26:49,410

you're giving your best objective

691

00:26:53,870 --> 00:26:51,330

assessment so I don't fault you for it

692

00:26:57,410 --> 00:26:53,880

but you know it being a reflection or

693

00:26:59,570 --> 00:26:57,420

something far away just I mean he's in

694

00:27:02,330 --> 00:26:59,580

an f-18 Hornet they can go like 1,100

695

00:27:03,799 --> 00:27:02,340

miles an hour yeah you can put on his

696

00:27:06,049 --> 00:27:03,809

afterburners and be from point A to

697

00:27:08,120 --> 00:27:06,059

point B rather quickly

698

00:27:10,310 --> 00:27:08,130

he saw it wasn't like something fleeting

699

00:27:13,000 --> 00:27:10,320

he saw it for over five minutes so he

700

00:27:15,260 --> 00:27:13,010

has this whole story wrapped around it

701  
00:27:19,040 --> 00:27:15,270  
you know if you were if you were to look

702  
00:27:20,720 --> 00:27:19,050  
for a premium observer like if you were

703  
00:27:23,270 --> 00:27:20,730  
to scour the earth looking for the best

704  
00:27:25,030 --> 00:27:23,280  
possible observer you could find flavor

705  
00:27:28,010 --> 00:27:25,040  
would probably be at the top of the list

706  
00:27:29,810 --> 00:27:28,020  
man we have to test him I mean has

707  
00:27:31,850 --> 00:27:29,820  
anybody actually tested the quality of

708  
00:27:34,280 --> 00:27:31,860  
observation of course you'd expect him

709  
00:27:35,630 --> 00:27:34,290  
to be a very good observer but now you

710  
00:27:38,860 --> 00:27:35,640  
know he's retired from the Air Force

711  
00:27:41,600 --> 00:27:38,870  
years ago but our private sector Lee

712  
00:27:44,480 --> 00:27:41,610  
okay but all four aviators are unanimous

713  
00:27:47,510 --> 00:27:44,490

at what they saw so your explanation

714

00:27:50,180 --> 00:27:47,520

your explanation has to fit the the

715

00:27:51,770 --> 00:27:50,190

witness testimony of not just favor but

716

00:27:54,440 --> 00:27:51,780

NASA also fit the witness testimony of

717

00:27:56,270 --> 00:27:54,450

favours wso has to fit the witness

718

00:27:57,770 --> 00:27:56,280

testimony of the two other aviators as

719

00:27:59,600 --> 00:27:57,780

well and I'm just gonna say right now

720

00:28:01,100 --> 00:27:59,610

like you know to the audience like if

721

00:28:04,280 --> 00:28:01,110

you really think it's plot you really

722

00:28:07,070 --> 00:28:04,290

think flavor and is all for aviators for

723

00:28:09,950 --> 00:28:07,080

over five minutes flavor said he merited

724

00:28:12,560 --> 00:28:09,960

flavor said that it noticed him and the

725

00:28:13,970 --> 00:28:12,570

nose turned up and started going in

726

00:28:17,510 --> 00:28:13,980

flavors direction there's all these

727

00:28:21,020 --> 00:28:17,520

little details but yet this can all be

728

00:28:23,090 --> 00:28:21,030

boiled down to some some tiny object far

729

00:28:25,100 --> 00:28:23,100

in the distance I mean I just don't see

730

00:28:28,010 --> 00:28:25,110

I just can maybe pilot

731

00:28:31,220 --> 00:28:28,020

having this long very detailed very

732

00:28:33,710 --> 00:28:31,230

unambiguous story and actually engaging

733

00:28:36,350 --> 00:28:33,720

the object with one of the most premium

734

00:28:39,320 --> 00:28:36,360

fighter jets in the world that can

735

00:28:40,850 --> 00:28:39,330

travel very very quickly and yet this is

736

00:28:42,860 --> 00:28:40,860

it's just it's just some it's a

737

00:28:44,930 --> 00:28:42,870

reflection it's a glare it's a little

738

00:28:46,820 --> 00:28:44,940

object he was just disoriented what am i

739

00:28:48,980 --> 00:28:46,830

seeing there's there's there's a little

740

00:28:51,260 --> 00:28:48,990

there's a little tiny drone three miles

741

00:28:53,480 --> 00:28:51,270

away but I'm pretending or I'm imagining

742

00:28:54,200 --> 00:28:53,490

that I'm engaging it and it's this

743

00:28:56,240 --> 00:28:54,210

little drone is

744

00:28:58,490 --> 00:28:56,250

marrying me but it's really just a drone

745

00:29:00,530 --> 00:28:58,500

but I think it's marrying me marry me

746

00:29:02,600 --> 00:29:00,540

but then the other two aviators are

747

00:29:04,190 --> 00:29:02,610

seeing the same thing but it's a little

748

00:29:05,960 --> 00:29:04,200

Sasson off in the distance and then he

749

00:29:10,400 --> 00:29:05,970

sees a reflection and I mean I just it's

750

00:29:12,320 --> 00:29:10,410

it's like let's just just no yeah go

751  
00:29:13,790 --> 00:29:12,330  
ahead if I can see a point I can see a

752  
00:29:15,740 --> 00:29:13,800  
point in it it is it is quite a

753  
00:29:18,890 --> 00:29:15,750  
compelling story now I would really love

754  
00:29:19,880 --> 00:29:18,900  
to figure out what it was but I think I

755  
00:29:21,650 --> 00:29:19,890  
don't think we can eliminate

756  
00:29:23,870 --> 00:29:21,660  
possibilities like you you say

757  
00:29:25,730 --> 00:29:23,880  
absolutely no way that touch means I

758  
00:29:27,890 --> 00:29:25,740  
think that you put it on you put it in a

759  
00:29:29,390 --> 00:29:27,900  
low on your list of possibilities I'll

760  
00:29:31,610 --> 00:29:29,400  
tell you I'll tell you I'll tell you my

761  
00:29:34,370 --> 00:29:31,620  
position I don't have a problem with

762  
00:29:35,750 --> 00:29:34,380  
skeptics not believing the tic-tac is if

763  
00:29:38,240 --> 00:29:35,760

they believe the tic-tac this is a 747

764

00:29:38,480 --> 00:29:38,250

or a 737 or a drone I have no problem

765

00:29:40,780 --> 00:29:38,490

with that

766

00:29:43,790 --> 00:29:40,790

that's not my problem my problem is

767

00:29:46,450 --> 00:29:43,800

skeptical orthodoxy which I think you

768

00:29:49,280 --> 00:29:46,460

fall under the umbrella of which is

769

00:29:52,250 --> 00:29:49,290

which is being have being so certain

770

00:29:54,680 --> 00:29:52,260

that it must not be something anomalous

771

00:29:55,460 --> 00:29:54,690

it has to be something prosaic so if you

772

00:29:58,580 --> 00:29:55,470

were to tell me

773

00:29:59,870 --> 00:29:58,590

UFO Jesus I think there's a 1% chance it

774

00:30:02,300 --> 00:29:59,880

was extraterrestrial I'll be like I'm

775

00:30:04,910 --> 00:30:02,310

good with that but you go well beyond

776

00:30:07,760 --> 00:30:04,920

that even in the midst of all the

777

00:30:09,650 --> 00:30:07,770

witness testimony of four aviators even

778

00:30:11,510 --> 00:30:09,660

in the midst of david framer saying he

779

00:30:14,330 --> 00:30:11,520

saw a more higher resolution video where

780

00:30:16,670 --> 00:30:14,340

appendages were coming out I mean it's

781

00:30:18,890 --> 00:30:16,680

just it's just basically I think what's

782

00:30:21,250 --> 00:30:18,900

happening here is you you are you you

783

00:30:23,870 --> 00:30:21,260

are convinced that the odds are just

784

00:30:25,430 --> 00:30:23,880

exponentially low that it's

785

00:30:27,020 --> 00:30:25,440

extraterrestrial and therefore you

786

00:30:28,910 --> 00:30:27,030

interpret everything through that lens

787

00:30:31,580 --> 00:30:28,920

but I this is my question for you Mick

788

00:30:33,770 --> 00:30:31,590

do you know enough about the universe to

789

00:30:35,840 --> 00:30:33,780

actually be able to ascertain what the

790

00:30:38,000 --> 00:30:35,850

odds are of whether it was of

791

00:30:39,530 --> 00:30:38,010

extraterrestrial origin or not you

792

00:30:42,110 --> 00:30:39,540

already can't like put odds on things

793

00:30:43,310 --> 00:30:42,120

like that because you know there's so

794

00:30:44,930 --> 00:30:43,320

many variables that we don't actually

795

00:30:46,880 --> 00:30:44,940

know I can assure you you're familiar

796

00:30:48,590 --> 00:30:46,890

with stuff like the Drake Equation and

797

00:30:50,510 --> 00:30:48,600

the Fermi paradox and things like that

798

00:30:52,070 --> 00:30:50,520

things that you talk about what are the

799

00:30:53,930 --> 00:30:52,080

probabilities or there being intelligent

800

00:30:55,340 --> 00:30:53,940

life in the universe but it tells you

801  
00:30:58,220 --> 00:30:55,350  
nothing about what the probability of

802  
00:31:00,590 --> 00:30:58,230  
intelligent life actually visiting right

803  
00:31:02,660 --> 00:31:00,600  
exactly so we don't yeah so no no you

804  
00:31:04,940 --> 00:31:02,670  
don't know so you're not justified to be

805  
00:31:07,520 --> 00:31:04,950  
so certain that it's not

806  
00:31:09,800 --> 00:31:07,530  
extraterrestrial but we do

807  
00:31:11,930 --> 00:31:09,810  
data in the witness testimony and I'll

808  
00:31:14,840 --> 00:31:11,940  
say this to the scientists out there and

809  
00:31:16,670 --> 00:31:14,850  
to the skeptics out there this is what I

810  
00:31:18,680 --> 00:31:16,680  
would ask of you to do him and myself by

811  
00:31:20,840 --> 00:31:18,690  
the way is to petition the United States

812  
00:31:22,430 --> 00:31:20,850  
government to give over the data to give

813  
00:31:24,830 --> 00:31:22,440

over that because look if the data is

814

00:31:26,630 --> 00:31:24,840

not there fine but but I think there's

815

00:31:28,460 --> 00:31:26,640

been enough corroboration and enough

816

00:31:32,110 --> 00:31:28,470

people have come forward

817

00:31:35,780 --> 00:31:32,120

top gun pilots top gun radar operators

818

00:31:38,120 --> 00:31:35,790

that that I think it justifies not just

819

00:31:39,710 --> 00:31:38,130

taking not just taking what the

820

00:31:43,880 --> 00:31:39,720

government gives us and leaving it there

821

00:31:45,980 --> 00:31:43,890

I think what is taking place currently

822

00:31:48,050 --> 00:31:45,990

and the escalation in this subject has

823

00:31:49,670 --> 00:31:48,060

justified that maybe all of us should

824

00:31:52,160 --> 00:31:49,680

just demand the US government to give us

825

00:31:53,480 --> 00:31:52,170

more data and they could say no but at

826

00:31:55,910 --> 00:31:53,490

least ask for it I think that would be a

827

00:31:57,920 --> 00:31:55,920

very a very constructive thing for

828

00:31:59,690 --> 00:31:57,930

everyone to do I would be happy I'm a

829

00:32:03,050 --> 00:31:59,700

big fan of open government so I'd like

830

00:32:05,120 --> 00:32:03,060

to do that there we go you know

831

00:32:07,520 --> 00:32:05,130

obviously like you know you laugh at me

832

00:32:09,800 --> 00:32:07,530

suggesting the flavor could be mistaken

833

00:32:13,340 --> 00:32:09,810

and his thing but I think not last I'm

834

00:32:14,420 --> 00:32:13,350

not laughing you like I think you're in

835

00:32:16,070 --> 00:32:14,430

your own like that's what you believe

836

00:32:17,840 --> 00:32:16,080

and now I'm saying what I believe so

837

00:32:19,460 --> 00:32:17,850

maybe maybe I'm wrong I'm not saying I'm

838

00:32:20,600 --> 00:32:19,470

it's possible I'm not wrong I'm just

839

00:32:22,820 --> 00:32:20,610

calling it the way I see it and I think

840

00:32:24,830 --> 00:32:22,830

your interpretation of the data is

841

00:32:27,080 --> 00:32:24,840

hilarious but who knows maybe you're

842

00:32:29,870 --> 00:32:27,090

right a few of the reasons why it's

843

00:32:30,290 --> 00:32:29,880

Piercy terrorists everyone oh Jesus what

844

00:32:32,840 --> 00:32:30,300

do I know

845

00:32:34,970 --> 00:32:32,850

no no nothing I saw but it was a couple

846

00:32:37,610 --> 00:32:34,980

of points I want to bring up about that

847

00:32:41,600 --> 00:32:37,620

like why I think that well one of which

848

00:32:44,480 --> 00:32:41,610

is that you know it happened in 2004 why

849

00:32:48,800 --> 00:32:44,490

didn't Frei bruh ever draw a diagram of

850

00:32:50,810 --> 00:32:48,810

what he saw I don't know why does why

851  
00:32:52,100 --> 00:32:50,820  
does why is that so like an OGG diagram

852  
00:32:55,430 --> 00:32:52,110  
like right after it took place you mean

853  
00:32:57,290 --> 00:32:55,440  
know at any time he's never to my

854  
00:32:58,820 --> 00:32:57,300  
knowledge drawn a diagram of what he saw

855  
00:33:00,440 --> 00:32:58,830  
like he can say like you know I was here

856  
00:33:02,360 --> 00:33:00,450  
and it did this it does it gives a

857  
00:33:04,070 --> 00:33:02,370  
verbal description now if we have little

858  
00:33:05,780 --> 00:33:04,080  
diagrams we could actually start to try

859  
00:33:09,590 --> 00:33:05,790  
to correlate all the different

860  
00:33:12,590 --> 00:33:09,600  
recollections like we've got the female

861  
00:33:16,070 --> 00:33:12,600  
pilot at the top and we've got flavor

862  
00:33:17,960 --> 00:33:16,080  
down below she says some things now in

863  
00:33:20,470 --> 00:33:17,970

her report that she went with her

864

00:33:23,990 --> 00:33:20,480

interview with Elizondo

865

00:33:27,740 --> 00:33:24,000

she actually says in the report that she

866

00:33:29,420 --> 00:33:27,750

drew a diagram about encounter where is

867

00:33:32,060 --> 00:33:29,430

that diagram why didn't they show that

868

00:33:34,220 --> 00:33:32,070

diagram if we want to try to correlate

869

00:33:36,050 --> 00:33:34,230

eyewitness recollections half of all

870

00:33:38,900 --> 00:33:36,060

draw diagrams of what they saw and see

871

00:33:41,600 --> 00:33:38,910

if what they recall happening actually

872

00:33:43,180 --> 00:33:41,610

matches Frey has just told this story

873

00:33:46,580 --> 00:33:43,190

over and over again

874

00:33:48,080 --> 00:33:46,590

why can't he actually describe what he

875

00:33:50,780 --> 00:33:48,090

saw from his point of view where was it

876  
00:33:51,620 --> 00:33:50,790  
exactly in the cockpit yeah what are you

877  
00:33:53,150 --> 00:33:51,630  
looking down

878  
00:33:55,190 --> 00:33:53,160  
we don't know like you know how do you

879  
00:33:58,550 --> 00:33:55,200  
actually see something if it's just this

880  
00:34:01,130 --> 00:33:58,560  
30 foot wide thing and you're above this

881  
00:34:03,530 --> 00:34:01,140  
this you know boiling water or whatever

882  
00:34:06,830 --> 00:34:03,540  
it doesn't really seem to make sense as

883  
00:34:09,410 --> 00:34:06,840  
to how he could actually see it he and

884  
00:34:12,050 --> 00:34:09,420  
that the female power describes it

885  
00:34:13,610 --> 00:34:12,060  
zipping across the the area of

886  
00:34:14,900 --> 00:34:13,620  
disturbance but that doesn't really make

887  
00:34:16,490 --> 00:34:14,910  
sense either when you actually kind of

888  
00:34:18,260 --> 00:34:16,500

figure out where she is she's about like

889

00:34:20,540 --> 00:34:18,270

you know 20,000 feet or something and

890

00:34:22,430 --> 00:34:20,550

then this is supposedly at 5,000 feet

891

00:34:24,320 --> 00:34:22,440

and it's moving over an area that she

892

00:34:26,390 --> 00:34:24,330

described as being about I think near

893

00:34:28,940 --> 00:34:26,400

100 feet and it was only 30 feet wide so

894

00:34:30,440 --> 00:34:28,950

it would yeah its zipping over this area

895

00:34:31,790 --> 00:34:30,450

wouldn't really make sense but if you

896

00:34:34,220 --> 00:34:31,800

could actually have these people draw

897

00:34:39,340 --> 00:34:34,230

diagrams of these things we could try to

898

00:34:41,900 --> 00:34:39,350

see you know what what's the actual 3d

899

00:34:43,130 --> 00:34:41,910

reconstruction of this now you know that

900

00:34:44,870 --> 00:34:43,140

people are trying to do this we have

901  
00:34:48,980 --> 00:34:44,880  
three new constructions I think is Dave

902  
00:34:50,810 --> 00:34:48,990  
Dave Beatty yeah did one and the nimitz

903  
00:34:52,280 --> 00:34:50,820  
encounters on youtube check it out yeah

904  
00:34:53,750 --> 00:34:52,290  
but didn't like flavor call it like a

905  
00:34:57,980 --> 00:34:53,760  
cartoon and say it should have been

906  
00:35:01,220 --> 00:34:57,990  
taken down he did so I mean like what

907  
00:35:03,830 --> 00:35:01,230  
what was wrong with it what actually was

908  
00:35:05,900 --> 00:35:03,840  
the 3d position of everything in his

909  
00:35:09,260 --> 00:35:05,910  
thing and why can't it be reconstructed

910  
00:35:11,240 --> 00:35:09,270  
from what he said his his description

911  
00:35:12,740 --> 00:35:11,250  
actually a good description of what

912  
00:35:13,310 --> 00:35:12,750  
happened and you know what's the

913  
00:35:16,370 --> 00:35:13,320

difference

914

00:35:18,500 --> 00:35:16,380

so observers well I mean I don't think

915

00:35:19,790 --> 00:35:18,510

that compromises the likelihood is

916

00:35:21,290 --> 00:35:19,800

telling the truth but on the other hand

917

00:35:24,500 --> 00:35:21,300

yes it would be like it would be helpful

918

00:35:26,350 --> 00:35:24,510

if he drew dhak dhak diagram of it I

919

00:35:29,510 --> 00:35:26,360

agree with that yeah but if everybody

920

00:35:31,090 --> 00:35:29,520

everybody gives different diagrams with

921

00:35:35,880 --> 00:35:31,100

that change your opinion

922

00:35:38,380 --> 00:35:35,890

you mean like all the Aviators yeah uh

923

00:35:40,180 --> 00:35:38,390

if there if there was a consistency

924

00:35:42,280 --> 00:35:40,190

between them no if they're a completely

925

00:35:45,160 --> 00:35:42,290

different yes I mean because I would

926  
00:35:47,470 --> 00:35:45,170  
imagine that the diagrams would would

927  
00:35:50,740 --> 00:35:47,480  
just be a representation of what they

928  
00:35:54,100 --> 00:35:50,750  
said took place I don't see why they

929  
00:35:55,450 --> 00:35:54,110  
would be so so different from what

930  
00:35:57,370 --> 00:35:55,460  
they've already stated on the record

931  
00:35:58,930 --> 00:35:57,380  
yeah so my hypothesis would obviously

932  
00:36:00,430 --> 00:35:58,940  
would be that they did it will kind of

933  
00:36:01,870 --> 00:36:00,440  
see different things cuz they were all

934  
00:36:04,240 --> 00:36:01,880  
looking out and there's lots of white

935  
00:36:05,920 --> 00:36:04,250  
things in the air like obviously like we

936  
00:36:07,440 --> 00:36:05,930  
laugh about seagulls because like

937  
00:36:10,840 --> 00:36:07,450  
there's these memes of our seagulls

938  
00:36:14,380 --> 00:36:10,850

being UFOs and hit weather balloons

939

00:36:16,570 --> 00:36:14,390

obviously but you know there are white

940

00:36:18,790 --> 00:36:16,580

things and so it's you describing

941

00:36:20,740 --> 00:36:18,800

something as like a white tic-tac shaped

942

00:36:24,610 --> 00:36:20,750

thing kind of kind of encompass a whole

943

00:36:26,440 --> 00:36:24,620

bunch of possibilities so yeah I really

944

00:36:28,630 --> 00:36:26,450

would like to actually talk to the

945

00:36:31,510 --> 00:36:28,640

various people I actually emailed the

946

00:36:34,360 --> 00:36:31,520

the female pilot asking her to to talk

947

00:36:35,950 --> 00:36:34,370

to me but she never responded and I

948

00:36:37,360 --> 00:36:35,960

haven't email forever but I don't have

949

00:36:39,730 --> 00:36:37,370

his email yes but I'm it's an open

950

00:36:41,380 --> 00:36:39,740

invitation to anybody any of the four

951  
00:36:45,160 --> 00:36:41,390  
people who actually saw this this

952  
00:36:48,100 --> 00:36:45,170  
encounter or close to like when we work

953  
00:36:49,840 --> 00:36:48,110  
and try to figure out if everybody saw

954  
00:36:51,850 --> 00:36:49,850  
the same thing and what was the actual

955  
00:36:53,740 --> 00:36:51,860  
3d path of this object based on your

956  
00:36:56,320 --> 00:36:53,750  
recollection what was wrong with with

957  
00:36:57,520 --> 00:36:56,330  
Dave's Dave's reconstruction so that

958  
00:36:58,180 --> 00:36:57,530  
wouldn't it would be a good good thing

959  
00:37:01,780 --> 00:36:58,190  
to do

960  
00:37:05,020 --> 00:37:01,790  
yeah and I'm not I I did put the UFO

961  
00:37:09,190 --> 00:37:05,030  
hypothesis very low yeah partly because

962  
00:37:10,390 --> 00:37:09,200  
I think the description of it that we're

963  
00:37:13,660 --> 00:37:10,400

talking about here is that it has this

964

00:37:17,170 --> 00:37:13,670

hypersonic velocity component like it

965

00:37:19,990 --> 00:37:17,180

it's it moves from whatever 28,000 feet

966

00:37:22,240 --> 00:37:20,000

to 50 feet in 500 feet in like you know

967

00:37:24,910 --> 00:37:22,250

at 0.15 seconds or something like it's

968

00:37:28,240 --> 00:37:24,920

something ridiculous is a second yeah do

969

00:37:29,890 --> 00:37:28,250

a hundred G's basically and I think like

970

00:37:32,830 --> 00:37:29,900

if if that type of type of thing

971

00:37:33,970 --> 00:37:32,840

actually existed it would be well for a

972

00:37:35,470 --> 00:37:33,980

start it would have given a much bigger

973

00:37:37,450 --> 00:37:35,480

bang when it actually happened it would

974

00:37:38,620 --> 00:37:37,460

have been incredibly loud things are

975

00:37:42,760 --> 00:37:38,630

happen unless you have some kind of

976

00:37:43,990 --> 00:37:42,770

magic way of dealing with that which of

977

00:37:44,960 --> 00:37:44,000

course you know who knows but

978

00:37:46,820 --> 00:37:44,970

essentially these are appeal

979

00:37:50,150 --> 00:37:46,830

mr. magic which is kind of like a a

980

00:37:52,490 --> 00:37:50,160

thing goes skeptics don't like in the

981

00:37:54,710 --> 00:37:52,500

but I would decide no I think it's I

982

00:37:59,450 --> 00:37:54,720

think I think that the well first of all

983

00:38:02,300 --> 00:37:59,460

so so the universe is colors universe I

984

00:38:04,520 --> 00:38:02,310

just got I'm drawing its 16 billion I

985

00:38:08,150 --> 00:38:04,530

think okay 16 billion years old earth is

986

00:38:10,670 --> 00:38:08,160

four-and-a-half billion years old so so

987

00:38:12,740 --> 00:38:10,680

if they're in there's let's say there's

988

00:38:15,290 --> 00:38:12,750

I think two to four hundred million

989

00:38:16,849 --> 00:38:15,300

stars in the Milky Way there's an

990

00:38:19,040 --> 00:38:16,859

estimated 100 billion planets in the

991

00:38:23,300 --> 00:38:19,050

Milky Way and there's an estimated 50

992

00:38:25,160 --> 00:38:23,310

million planets that can sustain life so

993

00:38:28,010 --> 00:38:25,170

what are those 50 million planets if

994

00:38:29,750 --> 00:38:28,020

just one of those planets had the

995

00:38:31,760 --> 00:38:29,760

building blocks of life and started in

996

00:38:33,800 --> 00:38:31,770

evolution started developing let's say a

997

00:38:36,470 --> 00:38:33,810

half a million years prior to when

998

00:38:38,630 --> 00:38:36,480

evolution started on earth that would

999

00:38:40,609 --> 00:38:38,640

mean there would be a civilization that

1000

00:38:43,190 --> 00:38:40,619

has been doing science and has been

1001

00:38:48,230 --> 00:38:43,200

technological for 1/2 a million years

1002

00:38:50,870 --> 00:38:48,240

more than planet Earth so zombie I so I

1003

00:38:55,720 --> 00:38:50,880

don't see ok potentially so I don't see

1004

00:38:57,410 --> 00:38:55,730

why we should doubt the potentiality for

1005

00:38:58,700 --> 00:38:57,420

civilizations that's been around for

1006

00:39:00,950 --> 00:38:58,710

hundreds of thousands of years longer

1007

00:39:02,990 --> 00:39:00,960

than us to do things that don't make

1008

00:39:04,609 --> 00:39:03,000

sense to our current understanding of

1009

00:39:08,060 --> 00:39:04,619

physics so I don't really see that as a

1010

00:39:09,560 --> 00:39:08,070

big obstacle the way that you do well

1011

00:39:10,940 --> 00:39:09,570

have you done the math though like when

1012

00:39:13,190 --> 00:39:10,950

you say like you think it's probable

1013

00:39:15,290 --> 00:39:13,200

have you actually a worked out of

1014

00:39:18,910 --> 00:39:15,300

probability would you say oh how often

1015

00:39:23,750 --> 00:39:18,920

would you expect aliens to visit earth

1016

00:39:26,270 --> 00:39:23,760

well that's what I mean I did I go off

1017

00:39:28,040 --> 00:39:26,280

the data I mean there's there's a UFO

1018

00:39:31,070 --> 00:39:28,050

historical record that goes back 72

1019

00:39:32,150 --> 00:39:31,080

years and and I and and I do believe the

1020

00:39:33,740 --> 00:39:32,160

radar data is out there they don't

1021

00:39:35,079 --> 00:39:33,750

release the radar data obviously but I

1022

00:39:38,450 --> 00:39:35,089

believe it's out there you know flavor

1023

00:39:41,300 --> 00:39:38,460

interestingly when he was at a some

1024

00:39:43,400 --> 00:39:41,310

event with Korbelt Jeremy Korbelt and

1025

00:39:45,140 --> 00:39:43,410

George Knapp he said that when he saw

1026

00:39:47,750 --> 00:39:45,150

the radar tape that was on a Chad

1027

00:39:49,790 --> 00:39:47,760

Underwood's plane that he remembers it

1028

00:39:52,070 --> 00:39:49,800

the way that people remember where they

1029

00:39:54,740 --> 00:39:52,080

were on on 9/11 because it was

1030

00:39:56,450 --> 00:39:54,750

interesting that there's a lot of people

1031

00:39:58,970 --> 00:39:56,460

a lot of people remember that

1032

00:40:00,560 --> 00:39:58,980

incorrectly we need ways

1033

00:40:02,960 --> 00:40:00,570

is a classic case in false memory

1034

00:40:05,750 --> 00:40:02,970

syndrome and if you ask people where

1035

00:40:07,430 --> 00:40:05,760

they were on 9/11 a good percentage of

1036

00:40:10,490 --> 00:40:07,440

them I think at least 10% of them will

1037

00:40:11,990 --> 00:40:10,500

actually miss remember it and that they

1038

00:40:13,430 --> 00:40:12,000

actually have done studies in this and

1039

00:40:15,440 --> 00:40:13,440

you can actually go back and I say where

1040

00:40:17,270 --> 00:40:15,450

were you on 9/11 I remember it as clear

1041

00:40:18,680 --> 00:40:17,280

as day I was watching it on TV or you

1042

00:40:20,900 --> 00:40:18,690

know that people will say things like

1043

00:40:22,430 --> 00:40:20,910

you know if people say things like even

1044

00:40:24,710 --> 00:40:22,440

like I saw the first plane here the

1045

00:40:27,710 --> 00:40:24,720

tower on TV when it was never on TV

1046

00:40:29,900 --> 00:40:27,720

because they think they remember it but

1047

00:40:31,430 --> 00:40:29,910

you people's people same thing that I

1048

00:40:32,990 --> 00:40:31,440

remember things like 9/11 there actually

1049

00:40:35,180 --> 00:40:33,000

I've kind of a red flag

1050

00:40:37,400 --> 00:40:35,190

yes something is burned in your memory

1051  
00:40:38,720 --> 00:40:37,410  
and doesn't mean that you remember it

1052  
00:40:41,240 --> 00:40:38,730  
really well it means that you've you've

1053  
00:40:42,890 --> 00:40:41,250  
kind of gone over it and you've we we

1054  
00:40:44,930 --> 00:40:42,900  
remembered it and cemented it and

1055  
00:40:47,660 --> 00:40:44,940  
perhaps added new memories to it it's a

1056  
00:40:48,950 --> 00:40:47,670  
real thing okay well anything's possible

1057  
00:40:50,900 --> 00:40:48,960  
I'm not saying it's not possibly

1058  
00:40:54,560 --> 00:40:50,910  
misremembered it but I wouldn't place my

1059  
00:40:56,840 --> 00:40:54,570  
bet there if it was me but I want to you

1060  
00:40:58,490 --> 00:40:56,850  
asked Ian in an interview before Nick

1061  
00:41:00,260 --> 00:40:58,500  
Pope an interesting question you said

1062  
00:41:02,599 --> 00:41:00,270  
have you ever seen a UFO so I'd like to

1063  
00:41:06,050 --> 00:41:02,609

answer that question I have never seen a

1064

00:41:08,180 --> 00:41:06,060

UFO but I will say this I've seen I've

1065

00:41:09,890 --> 00:41:08,190

had two instances where I saw an objects

1066

00:41:12,170 --> 00:41:09,900

that I thought might have been a UFO one

1067

00:41:13,820 --> 00:41:12,180

was it was very bright but then I

1068

00:41:14,810 --> 00:41:13,830

thought about it for a little bit I did

1069

00:41:16,160 --> 00:41:14,820

a little research and I'm like nope

1070

00:41:18,260 --> 00:41:16,170

that's Venus it's just I was surprised

1071

00:41:20,750 --> 00:41:18,270

how bright it was but a Venus another

1072

00:41:23,180 --> 00:41:20,760

one was out on the beach walking at

1073

00:41:25,700 --> 00:41:23,190

night and I saw what looked like three

1074

00:41:27,230 --> 00:41:25,710

red lights forming a triangle so a red

1075

00:41:29,840 --> 00:41:27,240

light at each apex of the of the

1076  
00:41:31,490 --> 00:41:29,850  
triangle and I thought about and I said

1077  
00:41:34,190 --> 00:41:31,500  
wait a minute now I don't think it's a

1078  
00:41:36,980 --> 00:41:34,200  
triangle because it could just be lights

1079  
00:41:38,750 --> 00:41:36,990  
position on an airplane where it appears

1080  
00:41:40,070 --> 00:41:38,760  
triangular but there's nothing really

1081  
00:41:43,520 --> 00:41:40,080  
beyond that and the reason I bring this

1082  
00:41:47,270 --> 00:41:43,530  
up is because I think skeptics overplay

1083  
00:41:49,700 --> 00:41:47,280  
their hand when it comes to their

1084  
00:41:52,640 --> 00:41:49,710  
estimation of how fallible human beings

1085  
00:41:54,710 --> 00:41:52,650  
can be in relay asau because I don't

1086  
00:41:56,810 --> 00:41:54,720  
think the fal ability of human beings is

1087  
00:41:59,570 --> 00:41:56,820  
infinite I actually think there is a

1088  
00:42:00,830 --> 00:41:59,580

fight there's it's finite so yeah if you

1089

00:42:02,300 --> 00:42:00,840

get a hundred people who say they saw a

1090

00:42:03,650 --> 00:42:02,310

UFO certain percentage of them are gonna

1091

00:42:05,180 --> 00:42:03,660

be lying a certain percentage of them

1092

00:42:06,260 --> 00:42:05,190

are going to be making things up certain

1093

00:42:09,140 --> 00:42:06,270

percentage of them are going to have a

1094

00:42:10,490 --> 00:42:09,150

predilection to fantasy but I think even

1095

00:42:12,349 --> 00:42:10,500

just scientifically if they were to

1096

00:42:12,770 --> 00:42:12,359

somehow I'm not a scientist but if you

1097

00:42:15,500 --> 00:42:12,780

were to set

1098

00:42:17,270 --> 00:42:15,510

experiment to determine how good people

1099

00:42:19,310 --> 00:42:17,280

are at remembering how good people are

1100

00:42:20,810 --> 00:42:19,320

at deciphering what they see

1101

00:42:22,490 --> 00:42:20,820

I actually think science would be in my

1102

00:42:24,490 --> 00:42:22,500

favours the reason I bring this up is

1103

00:42:27,320 --> 00:42:24,500

because I don't feel like on this

1104

00:42:29,810 --> 00:42:27,330

amazingly astute person because I look

1105

00:42:32,660 --> 00:42:29,820

up in the sky all the time and I've

1106

00:42:34,970 --> 00:42:32,670

never been tricked I've never been

1107

00:42:37,100 --> 00:42:34,980

deceived I've never had a fantasy or any

1108

00:42:38,750 --> 00:42:37,110

of that so I'm thinking myself why am I

1109

00:42:43,100 --> 00:42:38,760

so much better than all these people

1110

00:42:44,750 --> 00:42:43,110

that goes back over the 72 years and I

1111

00:42:47,270 --> 00:42:44,760

don't have all these stories and even if

1112

00:42:50,090 --> 00:42:47,280

I were to think I saw a UFO it would so

1113

00:42:51,890 --> 00:42:50,100

be so mundane because the really

1114

00:42:53,360 --> 00:42:51,900

interesting UFO stories like like the

1115

00:42:56,690 --> 00:42:53,370

Belgium wave and I think happened in the

1116

00:42:58,610 --> 00:42:56,700

late 80s which which is one of the

1117

00:43:02,090 --> 00:42:58,620

things that they say they saw it it's

1118

00:43:03,560 --> 00:43:02,100

it's like a pattern they all multiple it

1119

00:43:06,020 --> 00:43:03,570

was like 2,000 witnesses that came

1120

00:43:07,160 --> 00:43:06,030

forward and they all most of them say

1121

00:43:09,140 --> 00:43:07,170

they saw the same thing which is a

1122

00:43:11,810 --> 00:43:09,150

triangle with three spotlights at the

1123

00:43:13,610 --> 00:43:11,820

apex of the triangle and a bright red

1124

00:43:15,440 --> 00:43:13,620

light in the center and even sometimes

1125

00:43:17,360 --> 00:43:15,450

the bright LED red light would descend

1126  
00:43:19,160 --> 00:43:17,370  
from the triangle do some things come

1127  
00:43:21,140 --> 00:43:19,170  
back and return to the triangle there's

1128  
00:43:23,240 --> 00:43:21,150  
one incident where there were two police

1129  
00:43:24,620 --> 00:43:23,250  
officers they saw a triangle and the

1130  
00:43:25,970 --> 00:43:24,630  
spotlights on the triangle were so

1131  
00:43:27,290 --> 00:43:25,980  
bright in the min the middle of the

1132  
00:43:29,390 --> 00:43:27,300  
night that they could read a newspaper

1133  
00:43:31,610 --> 00:43:29,400  
and I'm just thinking to myself how are

1134  
00:43:35,330 --> 00:43:31,620  
how are so many people getting these

1135  
00:43:37,280 --> 00:43:35,340  
having these unambiguous relays of

1136  
00:43:39,290 --> 00:43:37,290  
information about what they saw sure I

1137  
00:43:40,820 --> 00:43:39,300  
woke up with this style the time and

1138  
00:43:44,360 --> 00:43:40,830

I've never even seen anything even

1139

00:43:46,220 --> 00:43:44,370

remotely capturing anything even 1/10 is

1140

00:43:47,840 --> 00:43:46,230

interesting is that right well I mean

1141

00:43:49,780 --> 00:43:47,850

you probably haven't seen a ghost either

1142

00:43:52,640 --> 00:43:49,790

[Music]

1143

00:43:55,490 --> 00:43:52,650

no no I never but there's lots of people

1144

00:43:56,780 --> 00:43:55,500

who have and they give very good

1145

00:43:58,580 --> 00:43:56,790

accounts of them and they're often very

1146

00:44:00,170 --> 00:43:58,590

very similar like people will describe

1147

00:44:01,520 --> 00:44:00,180

things that are very very similar like

1148

00:44:03,830 --> 00:44:01,530

thing is a ghost appearing in the

1149

00:44:05,030 --> 00:44:03,840

bedroom as the falling asleep or you

1150

00:44:07,700 --> 00:44:05,040

know the ghost being of a dead person

1151  
00:44:09,230 --> 00:44:07,710  
that they knew once and so if you think

1152  
00:44:11,480 --> 00:44:09,240  
that all these people are seeing ghosts

1153  
00:44:13,670 --> 00:44:11,490  
you know is that the same type of thing

1154  
00:44:16,100 --> 00:44:13,680  
as the the UFO thing because we've got

1155  
00:44:18,050 --> 00:44:16,110  
all these eyewitnesses like oh it's all

1156  
00:44:19,430 --> 00:44:18,060  
say angels we have lots of people saying

1157  
00:44:22,070 --> 00:44:19,440  
that they had an encounter with an angel

1158  
00:44:24,080 --> 00:44:22,080  
is that at the same standard of evidence

1159  
00:44:28,010 --> 00:44:24,090  
because lots and lots of people give the

1160  
00:44:29,630 --> 00:44:28,020  
same story does that mean it's the same

1161  
00:44:30,980 --> 00:44:29,640  
Illi would make a distinction between

1162  
00:44:33,410 --> 00:44:30,990  
the two just because you know they don't

1163  
00:44:35,360 --> 00:44:33,420

have ghosts aren't picked up on radar I

1164

00:44:38,150 --> 00:44:35,370

don't hear radar operators talking about

1165

00:44:40,430 --> 00:44:38,160

ghosts I don't hear I don't hear Top Gun

1166

00:44:42,470 --> 00:44:40,440

highlights or intercepts ghosts well

1167

00:44:48,320 --> 00:44:42,480

maybe some of the UFOs are actually

1168

00:44:49,670 --> 00:44:48,330

ghosts but I don't rule out ghosts I

1169

00:44:50,990 --> 00:44:49,680

mean we don't know that much about our

1170

00:44:52,400 --> 00:44:51,000

universe right I mean you said it

1171

00:44:53,720 --> 00:44:52,410

yourself I think in a past interview

1172

00:44:56,300 --> 00:44:53,730

said that our civilization

1173

00:45:00,170 --> 00:44:56,310

technologically is only only a hundred

1174

00:45:02,900 --> 00:45:00,180

years what if what if we we develop

1175

00:45:04,370 --> 00:45:02,910

better better technology where we can

1176

00:45:06,890 --> 00:45:04,380

pick up things that we thought at one

1177

00:45:08,420 --> 00:45:06,900

point never existed I mean who knows but

1178

00:45:10,640 --> 00:45:08,430

my point is like we don't have any

1179

00:45:12,740 --> 00:45:10,650

evidence whatsoever the ghost exists but

1180

00:45:16,070 --> 00:45:12,750

we do have all these like ghost photos

1181

00:45:19,460 --> 00:45:16,080

and we have we have all these eyewitness

1182

00:45:21,410 --> 00:45:19,470

accounts and beyond but a lot of people

1183

00:45:23,660 --> 00:45:21,420

will say that you know UFOs are real but

1184

00:45:25,010 --> 00:45:23,670

ghosts such as silly nonsense are you

1185

00:45:27,050 --> 00:45:25,020

putting them on the same level here you

1186

00:45:29,060 --> 00:45:27,060

think that the likelihood of ghosts is

1187

00:45:32,780 --> 00:45:29,070

the same as that likelihood of alien

1188

00:45:35,390 --> 00:45:32,790

visitors objectively no I can't do that

1189

00:45:38,570 --> 00:45:35,400

because with with ghosts as far as I

1190

00:45:41,540 --> 00:45:38,580

know the primary medium of evidence is

1191

00:45:43,550 --> 00:45:41,550

witness testimony where where with with

1192

00:45:45,290 --> 00:45:43,560

UFOs there's plenty of stories where

1193

00:45:46,970 --> 00:45:45,300

radar picked these objects up there's

1194

00:45:49,070 --> 00:45:46,980

even there stories of ground tracing

1195

00:45:52,430 --> 00:45:49,080

ground traces like in the Rendlesham

1196

00:45:54,050 --> 00:45:52,440

forest incident that's highly

1197

00:45:55,220 --> 00:45:54,060

corroborated there's a lot of documents

1198

00:45:58,520 --> 00:45:55,230

covering it I think there were ground

1199

00:46:00,200 --> 00:45:58,530

traces where the the vehicle landed so

1200

00:46:01,790 --> 00:46:00,210

no I don't think I think there's a I

1201  
00:46:05,720 --> 00:46:01,800  
think there's a big distinction between

1202  
00:46:08,660 --> 00:46:05,730  
ghosts and and UFOs and also not only

1203  
00:46:11,510 --> 00:46:08,670  
that but I mean ghost suggests that that

1204  
00:46:13,130 --> 00:46:11,520  
consciousness survives death now my

1205  
00:46:14,990 --> 00:46:13,140  
personal beliefs are relevance one asks

1206  
00:46:17,270 --> 00:46:15,000  
asks the question what evidence do we

1207  
00:46:19,760 --> 00:46:17,280  
have that that consciousness survives

1208  
00:46:21,290 --> 00:46:19,770  
death probably not that overly

1209  
00:46:22,910 --> 00:46:21,300  
compelling there might be some but

1210  
00:46:24,740 --> 00:46:22,920  
probably not that overly compelling but

1211  
00:46:26,660 --> 00:46:24,750  
we know that human beings exist on this

1212  
00:46:28,670 --> 00:46:26,670  
planet and we know that evolution is

1213  
00:46:30,680 --> 00:46:28,680

real so it's really not a fair

1214

00:46:33,020 --> 00:46:30,690

comparison because we can extrapolate

1215

00:46:34,340 --> 00:46:33,030

from our existence here from everything

1216

00:46:36,260 --> 00:46:34,350

we see and say well maybe it exists on

1217

00:46:37,520 --> 00:46:36,270

other planets and therefore there are

1218

00:46:39,259 --> 00:46:37,530

other entities from other planets

1219

00:46:40,909 --> 00:46:39,269

visiting us so it's it's I would

1220

00:46:43,009 --> 00:46:40,919

it's not even on the same in the same

1221

00:46:44,659 --> 00:46:43,019

ballpark my dear we have an abstract

1222

00:46:46,279 --> 00:46:44,669

discussion but I mean I think when you

1223

00:46:47,539 --> 00:46:46,289

bring up evidence like you got to say

1224

00:46:50,059 --> 00:46:47,549

like other other things that have

1225

00:46:52,069 --> 00:46:50,069

similar similar levels of evidence but

1226

00:46:53,989 --> 00:46:52,079

but yeah now you could you could

1227

00:46:57,199 --> 00:46:53,999

definitely argue that there's

1228

00:46:58,939 --> 00:46:57,209

possibility of life out there whereas if

1229

00:47:00,409 --> 00:46:58,949

you look at science I suppose there

1230

00:47:01,759 --> 00:47:00,419

isn't a possibility of life after death

1231

00:47:03,679 --> 00:47:01,769

but then some people would argue that

1232

00:47:05,989 --> 00:47:03,689

there is a possibility scientific so

1233

00:47:07,609 --> 00:47:05,999

yeah who knows our science isn't very

1234

00:47:09,679 --> 00:47:07,619

young pants so maybe the house you said

1235

00:47:11,809 --> 00:47:09,689

that maybe will discover a future these

1236

00:47:13,579 --> 00:47:11,819

ghosts yeah that's a compelling argument

1237

00:47:15,109 --> 00:47:13,589

I want to get I want to get I want to

1238

00:47:16,159 --> 00:47:15,119

get your point on that so you don't

1239

00:47:19,249 --> 00:47:16,169

think it's a compelling argument for

1240

00:47:21,169 --> 00:47:19,259

like a vehicle that has no sound of

1241

00:47:22,309 --> 00:47:21,179

sonic boom you travels at obscene speeds

1242

00:47:24,949 --> 00:47:22,319

you don't think it's a compelling

1243

00:47:26,659 --> 00:47:24,959

argument that that there is a very

1244

00:47:28,819 --> 00:47:26,669

plausible possibility that a

1245

00:47:30,380 --> 00:47:28,829

civilization that's tens of thousands of

1246

00:47:31,849 --> 00:47:30,390

years ahead of us figured out a way to

1247

00:47:33,409 --> 00:47:31,859

travel at high rates of speed without a

1248

00:47:35,239 --> 00:47:33,419

sound the sonic boom you don't think

1249

00:47:36,979 --> 00:47:35,249

that's a very important because far more

1250

00:47:40,399 --> 00:47:36,989

likely but humans actually I figured it

1251  
00:47:41,389 --> 00:47:40,409  
out because we know humans exist and

1252  
00:47:43,429 --> 00:47:41,399  
that they they didn't they have

1253  
00:47:44,839 --> 00:47:43,439  
technology and they're always trying to

1254  
00:47:46,279 --> 00:47:44,849  
advance technology and you know going

1255  
00:47:48,639 --> 00:47:46,289  
very very fast is something they want to

1256  
00:47:51,799 --> 00:47:48,649  
do so maybe they discover some kind of

1257  
00:47:53,209 --> 00:47:51,809  
you know atmosphere warping device then

1258  
00:47:56,899 --> 00:47:53,219  
that would be something that people

1259  
00:47:58,579 --> 00:47:56,909  
would do but alien visitors you made

1260  
00:48:00,620 --> 00:47:58,589  
sure if alien visitors were here then

1261  
00:48:02,089 --> 00:48:00,630  
yeah that would be something that they

1262  
00:48:04,519 --> 00:48:02,099  
they would have for perhaps a

1263  
00:48:06,049 --> 00:48:04,529

fast-moving craft but the yeah the the

1264

00:48:08,269 --> 00:48:06,059

idea that alien visitors are here

1265

00:48:11,289 --> 00:48:08,279

doesn't doesn't mean doesn't doesn't

1266

00:48:14,029 --> 00:48:11,299

really seem to have any evidence to me

1267

00:48:16,459 --> 00:48:14,039

okay well sure put it let's put it all

1268

00:48:18,409 --> 00:48:16,469

put all on the table and see what

1269

00:48:20,239 --> 00:48:18,419

happens I mean if you're wrong I'll be

1270

00:48:22,579 --> 00:48:20,249

the first one to say you know what my

1271

00:48:23,809 --> 00:48:22,589

analysis stunk in Mick was right and I'm

1272

00:48:26,329 --> 00:48:23,819

totally fine with that

1273

00:48:28,789 --> 00:48:26,339

well I'm sure should we both have valid

1274

00:48:30,949 --> 00:48:28,799

points and me obviously like my my

1275

00:48:32,839 --> 00:48:30,959

explanations of what freitas or a very

1276

00:48:37,489 --> 00:48:32,849

piecemeal and somewhat ridiculous

1277

00:48:39,559 --> 00:48:37,499

perhaps I also think that his his story

1278

00:48:41,899 --> 00:48:39,569

isn't quite as solid as as you may care

1279

00:48:44,419 --> 00:48:41,909

well let me put this way I asked myself

1280

00:48:46,099 --> 00:48:44,429

in like neither of us have a

1281

00:48:47,359 --> 00:48:46,109

mathematical equation to prove our point

1282

00:48:48,499 --> 00:48:47,369

so we're really just making judgment

1283

00:48:49,789 --> 00:48:48,509

calls if we're being honest and if you

1284

00:48:51,259 --> 00:48:49,799

disagree with that tell me tell me how

1285

00:48:52,730 --> 00:48:51,269

you how you come to your conclusion I'd

1286

00:48:54,710 --> 00:48:52,740

be very interested in hearing it

1287

00:48:56,359 --> 00:48:54,720

but ultimately we are literally just

1288

00:48:58,339 --> 00:48:56,369

making judgment calls so you look at the

1289

00:49:00,500 --> 00:48:58,349

what happened in favor and you say yeah

1290

00:49:02,599 --> 00:49:00,510

it's very unlikely that he actually saw

1291

00:49:03,950 --> 00:49:02,609

something that wasn't prosaic I look at

1292

00:49:06,109 --> 00:49:03,960

it and say no I think it's likely they

1293

00:49:08,180 --> 00:49:06,119

saw something wasn't prosaic there's no

1294

00:49:10,339 --> 00:49:08,190

mathematical equations being thrown into

1295

00:49:13,339 --> 00:49:10,349

into this conversation you are literally

1296

00:49:15,470 --> 00:49:13,349

just asserting your opinion and there's

1297

00:49:17,420 --> 00:49:15,480

no equations there's no science there's

1298

00:49:19,579 --> 00:49:17,430

no nothing it's just you're here and up

1299

00:49:20,810 --> 00:49:19,589

and I'm doing the same so it's like you

1300

00:49:22,310 --> 00:49:20,820

know that's the best we can do right now

1301

00:49:24,230 --> 00:49:22,320

I guess I mean I don't think your

1302

00:49:25,640 --> 00:49:24,240

analysis is good but maybe you're right

1303

00:49:25,910 --> 00:49:25,650

maybe I'm wrong and I'm totally ok with

1304

00:49:27,800 --> 00:49:25,920

that

1305

00:49:29,540 --> 00:49:27,810

especially could like throw some numbers

1306

00:49:31,220 --> 00:49:29,550

out there like we do actually know that

1307

00:49:32,870 --> 00:49:31,230

people make mistakes all the time and

1308

00:49:34,130 --> 00:49:32,880

people make up stories all the time and

1309

00:49:35,800 --> 00:49:34,140

people have false memories all the time

1310

00:49:37,970 --> 00:49:35,810

and so we know that that happens

1311

00:49:39,800 --> 00:49:37,980

literally millions of times if not

1312

00:49:41,990 --> 00:49:39,810

billions of times a year to some degree

1313

00:49:44,089 --> 00:49:42,000

and we know that combinations of things

1314

00:49:45,859 --> 00:49:44,099

happen and I'm located in these

1315

00:49:47,390 --> 00:49:45,869

combinations of things line up so we

1316

00:49:49,490 --> 00:49:47,400

know occasionally there's going to be

1317

00:49:51,050 --> 00:49:49,500

this situation where two people think

1318

00:49:53,750 --> 00:49:51,060

they saw the same thing even though they

1319

00:49:55,400 --> 00:49:53,760

didn't that will inevitably happen at

1320

00:49:55,790 --> 00:49:55,410

some point and perhaps it happens all

1321

00:49:58,190 --> 00:49:55,800

the time

1322

00:50:00,470 --> 00:49:58,200

I think that's something we could say

1323

00:50:02,329 --> 00:50:00,480

they the law of large numbers means that

1324

00:50:05,300 --> 00:50:02,339

extraordinary things eventually happened

1325

00:50:07,370 --> 00:50:05,310

maybe this was just an extraordinary set

1326  
00:50:10,910 --> 00:50:07,380  
of coincidences because this is just the

1327  
00:50:15,079 --> 00:50:10,920  
one really good example that we have it

1328  
00:50:17,900 --> 00:50:15,089  
seems very unlikely because it was very

1329  
00:50:20,420 --> 00:50:17,910  
unlikely that you know he would happen

1330  
00:50:22,099 --> 00:50:20,430  
to his line of sight would fall on this

1331  
00:50:24,859 --> 00:50:22,109  
particularly large seagull and then a

1332  
00:50:26,900 --> 00:50:24,869  
reflection in his canopy sure seen it

1333  
00:50:28,849 --> 00:50:26,910  
sounds ridiculous but ridiculous things

1334  
00:50:30,170 --> 00:50:28,859  
happen somebody wins the lottery every

1335  
00:50:31,880 --> 00:50:30,180  
year there's lots of lotteries every

1336  
00:50:33,950 --> 00:50:31,890  
year and someone you know gets these

1337  
00:50:36,589 --> 00:50:33,960  
hundred million to one odds and they

1338  
00:50:39,320 --> 00:50:36,599

actually win it so extraordinary things

1339

00:50:40,579 --> 00:50:39,330

are bound to happen all the time this

1340

00:50:42,800 --> 00:50:40,589

might have been just one of the more

1341

00:50:45,020 --> 00:50:42,810

extraordinary went well I'll just say

1342

00:50:46,070 --> 00:50:45,030

this if ridiculous and extraordinary

1343

00:50:48,980 --> 00:50:46,080

things happen all the time it's

1344

00:50:51,260 --> 00:50:48,990

interesting how they have the this

1345

00:50:53,720 --> 00:50:51,270

manifestation happens to love UFOs

1346

00:50:56,630 --> 00:50:53,730

because it seems to happen all the time

1347

00:50:57,890 --> 00:50:56,640

with witness testimony UFOs on I'm kind

1348

00:51:00,859 --> 00:50:57,900

of surprised that people aren't seeing

1349

00:51:03,890 --> 00:51:00,869

you know monsters and and all kinds

1350

00:51:06,589 --> 00:51:03,900

their foot weird creatures sure Bigfoot

1351  
00:51:08,660 --> 00:51:06,599  
but Bigfoot's like okay you know not

1352  
00:51:11,029 --> 00:51:08,670  
UFOs are seen I would say much more

1353  
00:51:12,109 --> 00:51:11,039  
often than just how you have you check

1354  
00:51:13,849 --> 00:51:12,119  
that because I mean there's quite a few

1355  
00:51:16,190 --> 00:51:13,859  
reports of Bigfoot this Bigfoot there's

1356  
00:51:18,799 --> 00:51:16,200  
Bigfoot sightings in every state in the

1357  
00:51:20,479 --> 00:51:18,809  
country including Florida every single

1358  
00:51:21,920 --> 00:51:20,489  
state has a Bigfoot sighting so it's not

1359  
00:51:24,079 --> 00:51:21,930  
it's not like just like there's a couple

1360  
00:51:26,839 --> 00:51:24,089  
of a couple of guys it's actually a lot

1361  
00:51:28,460 --> 00:51:26,849  
of lots of Bigfoot sightings and I'm

1362  
00:51:30,950 --> 00:51:28,470  
sure I don't know I don't what the

1363  
00:51:32,210 --> 00:51:30,960

actual numbers are but a lot of people

1364

00:51:34,670 --> 00:51:32,220

will laugh a Bigfoot and say there's no

1365

00:51:36,229 --> 00:51:34,680

evidence but desorb there's also tens of

1366

00:51:38,839 --> 00:51:36,239

thousands of sightings a Bigfoot so I

1367

00:51:41,029 --> 00:51:38,849

want to ask you this mix so if if it

1368

00:51:42,829 --> 00:51:41,039

comes a point where where the US

1369

00:51:44,719 --> 00:51:42,839

government and other governments start

1370

00:51:46,339 --> 00:51:44,729

releasing so much data that we know

1371

00:51:48,289 --> 00:51:46,349

there's no longer a debate about UFOs

1372

00:51:50,989 --> 00:51:48,299

that they they're under intelligent

1373

00:51:53,509 --> 00:51:50,999

control they're not from any military

1374

00:51:55,489 --> 00:51:53,519

inventory in the world and and that's

1375

00:51:58,430 --> 00:51:55,499

proven and to your to your satisfaction

1376  
00:52:01,069 --> 00:51:58,440  
will you re-evaluate witness testimony

1377  
00:52:02,450 --> 00:52:01,079  
when it comes to UFOs and in the past in

1378  
00:52:04,969 --> 00:52:02,460  
other words will you look at the

1379  
00:52:08,529 --> 00:52:04,979  
historical record about seventy years

1380  
00:52:11,479 --> 00:52:08,539  
and start to see and start to maybe

1381  
00:52:13,670 --> 00:52:11,489  
assess witnessed corroborated not just

1382  
00:52:16,759 --> 00:52:13,680  
one guy who has a divorce and drink too

1383  
00:52:18,380 --> 00:52:16,769  
many beers but corroborate witness

1384  
00:52:20,870 --> 00:52:18,390  
testimony will you assess it differently

1385  
00:52:22,190 --> 00:52:20,880  
in light of government's giving you

1386  
00:52:24,529 --> 00:52:22,200  
enough evidence so that now you know

1387  
00:52:26,120 --> 00:52:24,539  
whoa UFOs are real yeah I think what you

1388  
00:52:30,049 --> 00:52:26,130

do then is you would look to see those

1389

00:52:31,729 --> 00:52:30,059

individual cases of regulations and see

1390

00:52:32,749 --> 00:52:31,739

does that match what the information

1391

00:52:34,519 --> 00:52:32,759

that we have now

1392

00:52:36,890 --> 00:52:34,529

like if the government says that yeah oh

1393

00:52:39,109 --> 00:52:36,900

yes we admit that there are you know

1394

00:52:42,459 --> 00:52:39,119

whatever later craft that can move at

1395

00:52:46,789 --> 00:52:42,469

Mach 10 or 200 GS or something like that

1396

00:52:49,549 --> 00:52:46,799

does that information corroborates you

1397

00:52:51,049 --> 00:52:49,559

know whatever these people are talking

1398

00:52:53,599 --> 00:52:51,059

about like if people I witnesses are

1399

00:52:55,999 --> 00:52:53,609

saying yet I saw this thing move it yeah

1400

00:52:58,160 --> 00:52:56,009

a thousand miles an hour or whatever and

1401  
00:53:02,719 --> 00:52:58,170  
then oh yeah these things were batch so

1402  
00:53:04,190 --> 00:53:02,729  
perhaps so if the US government showed

1403  
00:53:05,930 --> 00:53:04,200  
like like one of the crafts these

1404  
00:53:08,329 --> 00:53:05,940  
extraterrestrial uses it used were like

1405  
00:53:09,739 --> 00:53:08,339  
triangles with three spotlights in a red

1406  
00:53:11,479 --> 00:53:09,749  
light in the center that would be great

1407  
00:53:13,849 --> 00:53:11,489  
then what you heard when you heard other

1408  
00:53:16,519 --> 00:53:13,859  
witnesses going back 72 years relaying

1409  
00:53:18,049 --> 00:53:16,529  
that same architecture then you would

1410  
00:53:19,840 --> 00:53:18,059  
give more credibility to that if you

1411  
00:53:20,560 --> 00:53:19,850  
knew if you knew that that

1412  
00:53:22,030 --> 00:53:20,570  
was one of the vehicles

1413  
00:53:24,160 --> 00:53:22,040

extraterrestrials work do you agree with

1414

00:53:25,660 --> 00:53:24,170

that yeah sure I think that particular

1415

00:53:27,400 --> 00:53:25,670

thing they are the triangles with the

1416

00:53:30,300 --> 00:53:27,410

red light in the middle that's it's very

1417

00:53:34,000 --> 00:53:30,310

like a plane I mean you must admit that

1418

00:53:36,250 --> 00:53:34,010

it's a common configuration that planes

1419

00:53:37,690 --> 00:53:36,260

will have some kind of triangle of

1420

00:53:39,070 --> 00:53:37,700

lights and they have a red one in the

1421

00:53:40,810 --> 00:53:39,080

middle and you see you see it all the

1422

00:53:44,290 --> 00:53:40,820

time I'm sure you've seen it generally

1423

00:53:45,640 --> 00:53:44,300

they look small in this guy but I would

1424

00:53:47,020 --> 00:53:45,650

be on board with you if there wasn't so

1425

00:53:48,490 --> 00:53:47,030

many incidents where it was highly

1426

00:53:50,860 --> 00:53:48,500

corroborated and everyone police

1427

00:53:52,720 --> 00:53:50,870

officers and people that are credible

1428

00:53:54,430 --> 00:53:52,730

are all seeing the same thing if that

1429

00:53:55,480 --> 00:53:54,440

wasn't part of the equation I'd be on

1430

00:53:56,950 --> 00:53:55,490

board with you and you like you know

1431

00:53:59,320 --> 00:53:56,960

these are one-offs I would be on board

1432

00:54:00,910 --> 00:53:59,330

with you if there were some say what

1433

00:54:02,800 --> 00:54:00,920

time lapse photographs why don't people

1434

00:54:04,510 --> 00:54:02,810

take you know it's difficult to take a

1435

00:54:07,030 --> 00:54:04,520

photograph of the sky but if there's

1436

00:54:08,740 --> 00:54:07,040

something moving there's got like three

1437

00:54:09,970 --> 00:54:08,750

white lights and one red light and you

1438

00:54:12,700 --> 00:54:09,980

know you could do is take a long

1439

00:54:16,390 --> 00:54:12,710

exposure and you would get three three

1440

00:54:18,310 --> 00:54:16,400

red three whites and one red streaks

1441

00:54:19,870 --> 00:54:18,320

across the sky it seems like if there's

1442

00:54:22,210 --> 00:54:19,880

all these thousands of sightings are the

1443

00:54:25,090 --> 00:54:22,220

same thing by now someone would have

1444

00:54:28,270 --> 00:54:25,100

taken at least a shaky photograph I

1445

00:54:30,460 --> 00:54:28,280

suppose there are maybe they had looked

1446

00:54:32,380 --> 00:54:30,470

at it and said no this is not just in

1447

00:54:34,060 --> 00:54:32,390

the same way that they look at the the

1448

00:54:36,310 --> 00:54:34,070

floor one video maybe they they just

1449

00:54:38,080 --> 00:54:36,320

have the same sort of assessment oh no

1450

00:54:39,760 --> 00:54:38,090

this is this is not a real photo it I'll

1451

00:54:42,430 --> 00:54:39,770

tell you why why see now I would say

1452

00:54:45,520 --> 00:54:42,440

this if it gets here's another question

1453

00:54:47,350 --> 00:54:45,530

after you make if it gets proven to your

1454

00:54:49,210 --> 00:54:47,360

satisfaction and it just becomes the

1455

00:54:53,740 --> 00:54:49,220

consensus of rational people everywhere

1456

00:54:56,380 --> 00:54:53,750

that that the object that was videotaped

1457

00:54:57,760 --> 00:54:56,390

with the floor one video and the object

1458

00:55:02,020 --> 00:54:57,770

that was videotaped with the gimbal

1459

00:55:03,910 --> 00:55:02,030

video those are unidentified and and not

1460

00:55:05,980 --> 00:55:03,920

from any military inventory venturi in

1461

00:55:09,970 --> 00:55:05,990

the world that becomes a consensus will

1462

00:55:12,640 --> 00:55:09,980

you will you reassess maybe that you you

1463

00:55:14,800 --> 00:55:12,650

you in this and let me put this way will

1464

00:55:16,600 --> 00:55:14,810

you conclude that in the same way you

1465

00:55:19,680 --> 00:55:16,610

say that all these witnesses you know

1466

00:55:21,400 --> 00:55:19,690

like people win the lottery and in in in

1467

00:55:23,440 --> 00:55:21,410

ridiculous things happen all the time

1468

00:55:25,360 --> 00:55:23,450

maybe could it be that another

1469

00:55:27,760 --> 00:55:25,370

ridiculous thing that happened was that

1470

00:55:29,620 --> 00:55:27,770

you are convinced by looking at the

1471

00:55:33,070 --> 00:55:29,630

three videos I was released by the Navy

1472

00:55:33,400 --> 00:55:33,080

and yet even with all of your arguments

1473

00:55:35,710 --> 00:55:33,410

that

1474

00:55:37,980 --> 00:55:35,720

from your standpoint or compelling they

1475

00:55:40,480 --> 00:55:37,990

actually ended up not really being

1476  
00:55:43,720 --> 00:55:40,490  
relevant to the truth will you make that

1477  
00:55:47,200 --> 00:55:43,730  
realization if that happens I'm not sure

1478  
00:55:49,510 --> 00:55:47,210  
I fully your logics so in other words in

1479  
00:55:51,010 --> 00:55:49,520  
other words if if the gimbal video in

1480  
00:55:55,090 --> 00:55:51,020  
the floor one video end up getting

1481  
00:55:56,470 --> 00:55:55,100  
proven to display something that's not

1482  
00:55:58,840 --> 00:55:56,480  
coming from any military mandatory in

1483  
00:56:00,850 --> 00:55:58,850  
the world it may be extraterrestrial if

1484  
00:56:03,870 --> 00:56:00,860  
that gets proven will you reassess your

1485  
00:56:06,730 --> 00:56:03,880  
capabilities at analyzing video data uh

1486  
00:56:08,230 --> 00:56:06,740  
sure I'm always doing that and yeah I

1487  
00:56:10,210 --> 00:56:08,240  
think it would actually depend on how it

1488  
00:56:14,830 --> 00:56:10,220

was proven because if it's proven in a

1489

00:56:16,540 --> 00:56:14,840

way that shows that I was wrong

1490

00:56:18,670 --> 00:56:16,550

yeah I would be very very interested in

1491

00:56:20,050 --> 00:56:18,680

that and so I would obviously have to

1492

00:56:21,700 --> 00:56:20,060

figure out what I did wrong you know my

1493

00:56:24,190 --> 00:56:21,710

background is I'm a game programmer and

1494

00:56:25,480 --> 00:56:24,200

game programmers spend a lot of time if

1495

00:56:27,880 --> 00:56:25,490

not like more than half the time

1496

00:56:29,530 --> 00:56:27,890

debugging their games so yelling the

1497

00:56:30,850 --> 00:56:29,540

game like he and the guy like walk

1498

00:56:33,880 --> 00:56:30,860

through a wall or something and you have

1499

00:56:36,250 --> 00:56:33,890

to figure out why that happened so my

1500

00:56:39,790 --> 00:56:36,260

brain has been hardwired over the last

1501  
00:56:41,740 --> 00:56:39,800  
thirty years to figure out why something

1502  
00:56:42,850 --> 00:56:41,750  
happened and so that's you know why I'm

1503  
00:56:44,770 --> 00:56:42,860  
really interested in looking at these

1504  
00:56:47,140 --> 00:56:44,780  
UFO videos and figuring out what's going

1505  
00:56:49,570 --> 00:56:47,150  
on and if someone was to say you know

1506  
00:56:51,490 --> 00:56:49,580  
now we have proof but generally accepted

1507  
00:56:55,180 --> 00:56:51,500  
that you know this gimbal video actually

1508  
00:56:56,470 --> 00:56:55,190  
shows a flying saucer on its side then I

1509  
00:56:58,270 --> 00:56:56,480  
would be like well show me their self

1510  
00:56:59,560 --> 00:56:58,280  
when I want to see what this is and yeah

1511  
00:57:02,320 --> 00:56:59,570  
and yeah I would be really really

1512  
00:57:03,490 --> 00:57:02,330  
interested in figuring out you know what

1513  
00:57:05,740 --> 00:57:03,500

it actually was and hearing more

1514

00:57:07,540 --> 00:57:05,750

evidence and I but and I believe that

1515

00:57:10,420 --> 00:57:07,550

cuz I do think you're pursuing the truth

1516

00:57:12,160 --> 00:57:10,430

I think you're pursuing the truth the

1517

00:57:13,000 --> 00:57:12,170

best you can like I said if you end up

1518

00:57:15,940 --> 00:57:13,010

being right and I'm wrong

1519

00:57:17,650 --> 00:57:15,950

great I'll I'll love I'll buy you dinner

1520

00:57:20,950 --> 00:57:17,660

we shall see which is he don't we do we

1521

00:57:25,690 --> 00:57:20,960

have a bet on yes we do you have a bet

1522

00:57:26,980 --> 00:57:25,700

the bet is that I bet at you was that it

1523

00:57:29,200 --> 00:57:26,990

was a while ago so I think it's like

1524

00:57:33,190 --> 00:57:29,210

three three-month three years and maybe

1525

00:57:35,350 --> 00:57:33,200

one month remaining I bet at you that

1526

00:57:39,610 --> 00:57:35,360

there would be a head of state either

1527

00:57:43,480 --> 00:57:39,620

from from I don't know what we g8 and

1528

00:57:45,960 --> 00:57:43,490

China Russia and Russia yes yeah that

1529

00:57:47,050 --> 00:57:45,970

that a head of state would state that

1530

00:57:49,870 --> 00:57:47,060

some

1531

00:57:52,660 --> 00:57:49,880

the effect of UFOs are real I will it's

1532

00:57:54,730 --> 00:57:52,670

on Twitter I don't remember the exact to

1533

00:57:56,320 --> 00:57:54,740

it I put it on my calendar my Google

1534

00:57:59,680 --> 00:57:56,330

Calendar for five years in the future

1535

00:58:02,620 --> 00:57:59,690

and so I think it's gross we'll see

1536

00:58:04,930 --> 00:58:02,630

we'll see what happens okay oh yeah but

1537

00:58:06,480 --> 00:58:04,940

you know I think you know it's got to be

1538

00:58:09,850 --> 00:58:06,490

something more than just simply saying

1539

00:58:10,930 --> 00:58:09,860

this video is real type type real it's

1540

00:58:12,340 --> 00:58:10,940

going to be actually you know like you

1541

00:58:16,000 --> 00:58:12,350

were saying earlier there's real

1542

00:58:17,650 --> 00:58:16,010

evidence that it's that it's a it's not

1543

00:58:21,460 --> 00:58:17,660

human or whatever I'm not not normal

1544

00:58:24,880 --> 00:58:21,470

technology right all right all right

1545

00:58:27,070 --> 00:58:24,890

well this has been interesting sure yeah

1546

00:58:28,660 --> 00:58:27,080

yeah I want to make a prophecy if you

1547

00:58:34,750 --> 00:58:28,670

don't mind no that's definitely that's

1548

00:58:36,760 --> 00:58:34,760

why my sakes powers my name is UFO Jesus

1549

00:58:38,860 --> 00:58:36,770

and I have a six-part prophecy Oh

1550

00:58:40,030 --> 00:58:38,870

number one we will have disclosure

1551

00:58:44,170 --> 00:58:40,040

within six years

1552

00:58:47,230 --> 00:58:44,180

number two within the with the next

1553

00:58:49,150 --> 00:58:47,240

couple years new UFO programs will come

1554

00:58:52,000 --> 00:58:49,160

to light and it will be established that

1555

00:58:53,350 --> 00:58:52,010

a tip was not the first UFO program or

1556

00:58:55,570 --> 00:58:53,360

it was not the only UFO program within

1557

00:58:57,880 --> 00:58:55,580

United States government and that these

1558

00:59:00,520 --> 00:58:57,890

new UFO program our programs were much

1559

00:59:03,520 --> 00:59:00,530

more well-funded than a tip number three

1560

00:59:05,800 --> 00:59:03,530

more evidence will be released that

1561

00:59:08,860 --> 00:59:05,810

increases the odds that some UFOs are

1562

00:59:10,420 --> 00:59:08,870

not from here and number four there will

1563

00:59:13,360 --> 00:59:10,430

be an escalation in the media that's

1564

00:59:14,890 --> 00:59:13,370

going to continue with UFOs meandering

1565

00:59:16,960 --> 00:59:14,900

into the mainstream so this is not going

1566

00:59:18,700 --> 00:59:16,970

to fizzle out UFOs are going to be going

1567

00:59:20,170 --> 00:59:18,710

to be so the president has been briefed

1568

00:59:22,120 --> 00:59:20,180

the Navy has admitted UFOs are real

1569

00:59:23,410 --> 00:59:22,130

Congress has been briefed that's only

1570

00:59:25,110 --> 00:59:23,420

the beginning it's going to continue to

1571

00:59:27,310 --> 00:59:25,120

escalate into the coming years

1572

00:59:29,650 --> 00:59:27,320

number five many books will be written

1573

00:59:32,140 --> 00:59:29,660

about how skeptics and scientists

1574

00:59:33,880 --> 00:59:32,150

approached the UFO issue had a lot to be

1575

00:59:37,150 --> 00:59:33,890

desired and I'm putting that nicely and

1576  
00:59:38,410 --> 00:59:37,160  
number five and number six disclosure

1577  
00:59:39,490 --> 00:59:38,420  
will lead to many scientific

1578  
00:59:42,670 --> 00:59:39,500  
breakthroughs that will significantly

1579  
00:59:44,800 --> 00:59:42,680  
help humankind that's those are my six

1580  
00:59:46,870 --> 00:59:44,810  
prophecies on Mick West's amazing

1581  
00:59:48,490 --> 00:59:46,880  
podcast and I just wanted to put that

1582  
00:59:48,910 --> 00:59:48,500  
out there thank you very much no that's

1583  
00:59:50,980 --> 00:59:48,920  
great

1584  
00:59:55,690 --> 00:59:50,990  
I'm scratch finish that exactly on one

1585  
00:59:57,700 --> 00:59:55,700  
hour I must admit to being a bit of a

1586  
00:59:59,770 --> 00:59:57,710  
doubting Thomas when it comes to your

1587  
01:00:01,180 --> 00:59:59,780  
your professors but of course what is

1588  
01:00:02,620 --> 01:00:01,190

okay I want to get this what's the like

1589

01:00:06,579 --> 01:00:02,630

hood that any of my prophecies will come

1590

01:00:11,349 --> 01:00:06,589

to pass I would I would put a lot of

1591

01:00:13,420 --> 01:00:11,359

money against it I think perhaps one of

1592

01:00:16,359 --> 01:00:13,430

the one with the more UFO programs

1593

01:00:18,790 --> 01:00:16,369

that's entirely plausible because

1594

01:00:20,859 --> 01:00:18,800

obviously the Navy wants to figure out

1595

01:00:22,030 --> 01:00:20,869

what these UFOs are if there are you

1596

01:00:25,150 --> 01:00:22,040

know things are going into their

1597

01:00:26,920 --> 01:00:25,160

airspace and there's a problem so you

1598

01:00:28,630 --> 01:00:26,930

know at least one of your prophecies

1599

01:00:32,680 --> 01:00:28,640

will come true I think okay

1600

01:00:35,040 --> 01:00:32,690

all right not all of them I would I

1601

01:00:39,430 --> 01:00:35,050

would bet gonna know 100 to 1 against

1602

01:00:41,710 --> 01:00:39,440

okay okay all right well thank you very

1603

01:00:45,550 --> 01:00:41,720

much is that like people can see you on

1604

01:00:47,920 --> 01:00:45,560

YouTube yes yeah just look for a UFO

1605

01:00:49,180 --> 01:00:47,930

Jesus or post disclosure world even do a

1606

01:00:50,650 --> 01:00:49,190

search on YouTube for either of them and

1607

01:00:52,780 --> 01:00:50,660

I'll pop up and I thank you for

1608

01:00:54,520 --> 01:00:52,790

subscribing to my channel alright great

1609

01:00:57,130 --> 01:00:54,530

well thank you very much it's been very

1610

01:00:58,130 --> 01:00:57,140

interesting discussion thanks a lot Nick
