

#035

Mike Santangelo

9/11 Truth

vs.

B.S.

1  
00:00:07,220 --> 00:00:04,999  
welcome to tales from the rabbit hole

2  
00:00:10,520 --> 00:00:07,230  
I'm your host Mick West my guest today

3  
00:00:12,589 --> 00:00:10,530  
is Mike Mike is a member of the 9/11

4  
00:00:14,570 --> 00:00:12,599  
truth community from New York and we're

5  
00:00:17,960 --> 00:00:14,580  
going to talk about his involvement in

6  
00:00:20,630 --> 00:00:17,970  
that community and so welcome to tell

7  
00:00:21,650 --> 00:00:20,640  
from the rabbit hole Mike thanks Mick

8  
00:00:25,040 --> 00:00:21,660  
thanks for having me on the show

9  
00:00:26,779 --> 00:00:25,050  
you did it okay now is there something

10  
00:00:29,269 --> 00:00:26,789  
you want you wanted to do before we got

11  
00:00:31,250 --> 00:00:29,279  
started sure yeah I just wanted to have

12  
00:00:32,870 --> 00:00:31,260  
a very quick moment of silence for the

13  
00:00:35,060 --> 00:00:32,880

victims of 9/11 because I think it's

14

00:00:37,220 --> 00:00:35,070

really important to keep that in mind as

15

00:00:38,869 --> 00:00:37,230

we have these discussions and that

16

00:00:41,569 --> 00:00:38,879

includes all the people killed that day

17

00:00:42,979 --> 00:00:41,579

and includes you do more people that

18

00:00:45,170 --> 00:00:42,989

have died from breathing in the dust at

19

00:00:47,959 --> 00:00:45,180

Ground Zero and includes all the people

20

00:00:59,000 --> 00:00:47,969

killed in the 911 wars both Americans

21

00:01:02,959 --> 00:01:01,490

all right thank you me alright well

22

00:01:04,609 --> 00:01:02,969

thank you for that and thank you for

23

00:01:07,999 --> 00:01:04,619

being here now

24

00:01:09,200 --> 00:01:08,009

you emailed me a few days ago and yeah

25

00:01:10,730 --> 00:01:09,210

you've basically told me that you just

26

00:01:13,039 --> 00:01:10,740

kind of seen some of my stuff on the

27

00:01:14,359 --> 00:01:13,049

internet and you you kind of found some

28

00:01:16,730 --> 00:01:14,369

of it interesting and obviously you

29

00:01:18,529 --> 00:01:16,740

disagree with some of it but then again

30

00:01:19,070 --> 00:01:18,539

you probably agree with some bits here

31

00:01:22,430 --> 00:01:19,080

and there

32

00:01:25,460 --> 00:01:22,440

can you say like how you got into the

33

00:01:28,160 --> 00:01:25,470

9/11 truth movement sure I believe the

34

00:01:30,980 --> 00:01:28,170

official story for about 10 years and a

35

00:01:33,320 --> 00:01:30,990

friend of mine nagged and nagged and

36

00:01:37,010 --> 00:01:33,330

nagged and nagged me for three years to

37

00:01:39,169 --> 00:01:37,020

watch the film zeitgeist the movie and I

38

00:01:43,309 --> 00:01:39,179

was actually more interested in Italy in

39

00:01:46,219 --> 00:01:43,319

part about Jesus not existing then I was

40

00:01:47,539 --> 00:01:46,229

in 9/11 piece and I'm an atheist and

41

00:01:49,639 --> 00:01:47,549

that was the topic that I was already

42

00:01:52,070 --> 00:01:49,649

interested in I actually read a book

43

00:01:53,990 --> 00:01:52,080

called Jesus mysteries which is very

44

00:01:57,590 --> 00:01:54,000

very similar to what was expressed in

45

00:01:59,270 --> 00:01:57,600

the film I still know what's really the

46

00:02:01,070 --> 00:01:59,280

most historically accurate thing about

47

00:02:05,869 --> 00:02:01,080

that but it was interesting to me anyway

48

00:02:07,309 --> 00:02:05,879

and the 9/11 piece of that film it

49

00:02:08,839 --> 00:02:07,319

didn't convince me of anything right

50

00:02:11,059 --> 00:02:08,849

away but it just kind of got me thinking

51  
00:02:12,890 --> 00:02:11,069  
wow this is pretty interesting I never

52  
00:02:15,440 --> 00:02:12,900  
never heard of most of the things they

53  
00:02:18,229 --> 00:02:15,450  
talk about in that film I just started

54  
00:02:20,390 --> 00:02:18,239  
doing research so who did you did you

55  
00:02:22,220 --> 00:02:20,400  
immediately start like reading or

56  
00:02:23,809 --> 00:02:22,230  
looking at other things after that or

57  
00:02:25,850 --> 00:02:23,819  
was it just kind of just zeitgeist for a

58  
00:02:27,080 --> 00:02:25,860  
while and you were focused on that or

59  
00:02:28,970 --> 00:02:27,090  
did you it was he like an immediate

60  
00:02:31,910 --> 00:02:28,980  
springboard to do other things

61  
00:02:34,369 --> 00:02:31,920  
I was immediate but it was pretty quick

62  
00:02:37,670 --> 00:02:34,379  
to say within a few months I was already

63  
00:02:40,100 --> 00:02:37,680

trying to find the reports and read up

64

00:02:41,990 --> 00:02:40,110

on some of that stuff whose change was

65

00:02:44,300 --> 00:02:42,000

another big one and it's funny because

66

00:02:46,460 --> 00:02:44,310

you know you've talked with some other

67

00:02:48,350 --> 00:02:46,470

people in the movement before who whose

68

00:02:50,270 --> 00:02:48,360

views have evolved and changed over time

69

00:02:52,280 --> 00:02:50,280

and I'm no different and you know at

70

00:02:54,800 --> 00:02:52,290

first honestly I have to admit at first

71

00:02:56,600 --> 00:02:54,810

I was kind of getting sucked into some

72

00:02:59,390 --> 00:02:56,610

of this nonsense that's in loose change

73

00:03:00,740 --> 00:02:59,400

and after doing some research and

74

00:03:02,119 --> 00:03:00,750

listening to most other people are like

75

00:03:04,250 --> 00:03:02,129

you know these change films they have a

76  
00:03:06,410 --> 00:03:04,260  
lot of mistakes and especially the early

77  
00:03:08,179 --> 00:03:06,420  
ones you got to really be careful I say

78  
00:03:09,890 --> 00:03:08,189  
this all the time to people when you're

79  
00:03:12,449 --> 00:03:09,900  
in the 9/11 truth movement you're

80  
00:03:15,750 --> 00:03:12,459  
surrounded by BS from all sides as you

81  
00:03:18,869 --> 00:03:15,760  
the official VF and so-called man living

82  
00:03:22,259 --> 00:03:18,879  
truth be s so how do you how do you go

83  
00:03:23,850 --> 00:03:22,269  
about deciding what's the or it's BS and

84  
00:03:26,130 --> 00:03:23,860  
what isn't be asked then if you got BS

85  
00:03:28,470 --> 00:03:26,140  
on all sides you can't say because it's

86  
00:03:31,470 --> 00:03:28,480  
on one side or the other it's BS you

87  
00:03:34,199 --> 00:03:31,480  
have to look at the thing itself and and

88  
00:03:35,309 --> 00:03:34,209

dasai so what what do you actually do

89

00:03:38,009 --> 00:03:35,319

when you're trying to decide whether

90

00:03:39,149 --> 00:03:38,019

something is BS or not part of the

91

00:03:42,479 --> 00:03:39,159

answer to that is I'm not always

92

00:03:44,309 --> 00:03:42,489

completely sure but what I try to do is

93

00:03:48,270 --> 00:03:44,319

I try to listen to experts on both sides

94

00:03:49,589 --> 00:03:48,280

and then use my own intelligence to see

95

00:03:51,990 --> 00:03:49,599

which one of those things seems more

96

00:03:54,539 --> 00:03:52,000

plausible based on either common sense

97

00:03:58,800 --> 00:03:54,549

or what I know about science which isn't

98

00:04:01,140 --> 00:03:58,810

a tremendous amount and I try to keep my

99

00:04:04,379 --> 00:04:01,150

mind open they're always accepting new

100

00:04:06,089 --> 00:04:04,389

information because I might you know

101  
00:04:08,129 --> 00:04:06,099  
that I'm sure you know that the human

102  
00:04:10,440 --> 00:04:08,139  
mind is notoriously terrible at physics

103  
00:04:12,089 --> 00:04:10,450  
things seem intuitive to you and they

104  
00:04:13,740 --> 00:04:12,099  
make sense but if you do the

105  
00:04:16,770 --> 00:04:13,750  
calculations you're completely wrong so

106  
00:04:18,750 --> 00:04:16,780  
I try to to always keep an open mind and

107  
00:04:20,460 --> 00:04:18,760  
not try not to use intuition too much

108  
00:04:23,670 --> 00:04:20,470  
because it's intuitive thinking is not

109  
00:04:25,469 --> 00:04:23,680  
scientific thinking yeah you know that

110  
00:04:28,610 --> 00:04:25,479  
the mind can play tricks on you and that

111  
00:04:32,820 --> 00:04:28,620  
physics is not something that you can

112  
00:04:34,920 --> 00:04:32,830  
Intuit all the time and yet you also say

113  
00:04:36,649 --> 00:04:34,930

you use common sense and this is

114

00:04:39,659 --> 00:04:36,659

something I hear a lot of people say

115

00:04:41,279 --> 00:04:39,669

they say it's just common sense that the

116

00:04:43,439 --> 00:04:41,289

towers couldn't have collapsed in that

117

00:04:44,790 --> 00:04:43,449

way do you think there's like a bit of a

118

00:04:47,310 --> 00:04:44,800

like a conflict there and what you're

119

00:04:51,450 --> 00:04:47,320

saying in the like common sense in a way

120

00:04:53,250 --> 00:04:51,460

is intuition yes it could be mixed yeah

121

00:04:54,960 --> 00:04:53,260

I didn't realize that but that is kind

122

00:04:56,189 --> 00:04:54,970

of a contradiction yeah you're you're

123

00:04:57,899 --> 00:04:56,199

like a member of the 9/11 truth

124

00:04:59,279 --> 00:04:57,909

community and I guess you have been for

125

00:05:01,469 --> 00:04:59,289

quite a while you said you like you

126

00:05:03,420 --> 00:05:01,479

started doing this like about 10 years

127

00:05:05,370 --> 00:05:03,430

ago what was like the first experience

128

00:05:07,640 --> 00:05:05,380

you had with kind of like organized in

129

00:05:13,110 --> 00:05:07,650

the community in the 9/11 community

130

00:05:16,230 --> 00:05:13,120

probably the event justice and focus in

131

00:05:18,570 --> 00:05:16,240

New York City in 2016 which is the event

132

00:05:19,980 --> 00:05:18,580

that produces the 9/11 truth action

133

00:05:22,250 --> 00:05:19,990

project and the lawyers Committee for

134

00:05:24,480 --> 00:05:22,260

9/11 inquiry and I had already been

135

00:05:25,890 --> 00:05:24,490

researching this stuff for a while by

136

00:05:29,249 --> 00:05:25,900

then but I think that was my first

137

00:05:31,290 --> 00:05:29,259

you formal you know Gathering was that

138

00:05:34,830 --> 00:05:31,300

the architects and engineers organized

139

00:05:37,620 --> 00:05:34,840

that one yeah would be committee also

140

00:05:39,390 --> 00:05:37,630

mmm-hmm and they they basically got a

141

00:05:41,730 --> 00:05:39,400

bunch of people up on stage and people

142

00:05:43,409 --> 00:05:41,740

gave like various presentations officer

143

00:05:45,390 --> 00:05:43,419

it was almost like kind of like a mock

144

00:05:47,580 --> 00:05:45,400

trial in a way it wasn't this as I

145

00:05:50,550 --> 00:05:47,590

remember mhm yeah like they were calling

146

00:05:53,310 --> 00:05:50,560

all these witnesses for the for the

147

00:05:55,140 --> 00:05:53,320

prosecution a bit one-sided he could say

148

00:05:56,610 --> 00:05:55,150

if it was an actual trial in that they

149

00:05:58,740 --> 00:05:56,620

were just they were calling people up

150

00:06:01,700 --> 00:05:58,750

who all believe that 9/11 was an inside

151  
00:06:04,460 --> 00:06:01,710  
job yeah yeah that was my first

152  
00:06:06,570 --> 00:06:04,470  
organized event I also wanted to mention

153  
00:06:08,790 --> 00:06:06,580  
you know I mentioned to you before that

154  
00:06:12,029 --> 00:06:08,800  
I worked for a crisis hotline and

155  
00:06:14,430 --> 00:06:12,039  
actually 9/11 is part of what made our

156  
00:06:18,390 --> 00:06:14,440  
place of work what it is today because

157  
00:06:21,750 --> 00:06:18,400  
the hotline started in 1995 and it was

158  
00:06:24,330 --> 00:06:21,760  
six counselors at one table with six

159  
00:06:26,010 --> 00:06:24,340  
phones and every call that came in all

160  
00:06:28,050 --> 00:06:26,020  
six phones would ring and people would

161  
00:06:30,240 --> 00:06:28,060  
just have an honor system as who would

162  
00:06:31,950 --> 00:06:30,250  
take the next call and the resource

163  
00:06:34,650 --> 00:06:31,960

directory that they referred people to

164

00:06:39,200 --> 00:06:34,660

services was a paper listing of clinics

165

00:06:41,070 --> 00:06:39,210

alphabetically fast-forward to 9/11

166

00:06:43,290 --> 00:06:41,080

obviously there's a great need in the

167

00:06:47,370 --> 00:06:43,300

city for mental health and substance use

168

00:06:50,129 --> 00:06:47,380

help following the attacks and we got a

169

00:06:52,350 --> 00:06:50,139

huge grant and expanded greatly today we

170

00:06:54,330 --> 00:06:52,360

have over a hundred counselors there's a

171

00:06:56,279 --> 00:06:54,340

very elaborate sophisticated queue

172

00:06:57,770 --> 00:06:56,289

system that distributes the calls I

173

00:07:01,529 --> 00:06:57,780

manage the directory it's no longer

174

00:07:04,350 --> 00:07:01,539

paper directory it's a you know online

175

00:07:07,290 --> 00:07:04,360

directory th and so that that news

176

00:07:09,870 --> 00:07:07,300

fluently as well were you working there

177

00:07:12,899 --> 00:07:09,880

the whole time no I started there in

178

00:07:14,820 --> 00:07:12,909

2010 which is you know around the same

179

00:07:17,129 --> 00:07:14,830

time that you got interested in 9/11

180

00:07:18,839 --> 00:07:17,139

truth is that kind of a yeah a

181

00:07:19,890 --> 00:07:18,849

coincidence or was that just type of

182

00:07:21,450 --> 00:07:19,900

thing that was have like change

183

00:07:23,850 --> 00:07:21,460

happening in your life at the time

184

00:07:25,200 --> 00:07:23,860

no just coincidence yeah because my

185

00:07:27,480 --> 00:07:25,210

friend had been bugging me to watch that

186

00:07:29,879 --> 00:07:27,490

film already for like three years say

187

00:07:31,500 --> 00:07:29,889

your friend out of interest like is he

188

00:07:33,839 --> 00:07:31,510

still your friend is he still have the

189

00:07:36,180 --> 00:07:33,849

same belief yeah is he a member of the

190

00:07:37,230 --> 00:07:36,190

community no he doesn't really get

191

00:07:39,120 --> 00:07:37,240

active in it

192

00:07:41,820 --> 00:07:39,130

he says his own views on the fire but

193

00:07:43,290 --> 00:07:41,830

he's not really he's not an organizer he

194

00:07:45,510 --> 00:07:43,300

doesn't join groups or anything like

195

00:07:48,150 --> 00:07:45,520

that have his opinions about 9/11

196

00:07:48,600 --> 00:07:48,160

changed over the years I don't think so

197

00:07:50,070 --> 00:07:48,610

actually

198

00:07:53,670 --> 00:07:50,080

I think mine have more than who

199

00:07:56,040 --> 00:07:53,680

interesting interesting yeah

200

00:07:58,290 --> 00:07:56,050

and actually what's interesting too is

201  
00:08:01,110 --> 00:07:58,300  
I'm not sure how familiar you are with

202  
00:08:02,700 --> 00:08:01,120  
the zeitgeist film series but there are

203  
00:08:05,400 --> 00:08:02,710  
two other films that came after that

204  
00:08:06,650 --> 00:08:05,410  
that have nothing to do with 9/11 that

205  
00:08:09,089 --> 00:08:06,660  
have to do with the zeitgeist movement

206  
00:08:12,089 --> 00:08:09,099  
and I actually got pretty heavily

207  
00:08:13,650 --> 00:08:12,099  
involved in that for a while and I still

208  
00:08:15,390 --> 00:08:13,660  
believe in the ideology but I kind of

209  
00:08:18,029 --> 00:08:15,400  
gave up on trying to convince people of

210  
00:08:21,839 --> 00:08:18,039  
it so what is the zeitgeist ideology

211  
00:08:24,570 --> 00:08:21,849  
it's like this ideology is a political

212  
00:08:26,490 --> 00:08:24,580  
it is the view that instead of making

213  
00:08:28,920 --> 00:08:26,500

decisions about society based on

214

00:08:30,510 --> 00:08:28,930

politics which is someone's opinion it

215

00:08:33,630 --> 00:08:30,520

should be based on science and research

216

00:08:35,850 --> 00:08:33,640

and facts the current paradigm is kind

217

00:08:38,130 --> 00:08:35,860

of well uses money the zeitgeist

218

00:08:41,459 --> 00:08:38,140

ideology it proposes the end of money

219

00:08:43,170 --> 00:08:41,469

which is a lofty goal I know hmm but

220

00:08:46,050 --> 00:08:43,180

it's achieved through technology through

221

00:08:49,800 --> 00:08:46,060

the using technology produce goods to

222

00:08:51,690 --> 00:08:49,810

relieve people of labor basically it's

223

00:08:53,840 --> 00:08:51,700

been summarized as the application of

224

00:08:56,010 --> 00:08:53,850

the scientific method for social concern

225

00:08:59,880 --> 00:08:56,020

that's sort of the gist of it

226

00:09:01,889 --> 00:08:59,890

so who would get to decide it so what do

227

00:09:04,019 --> 00:09:01,899

you mean like you say you would use

228

00:09:05,579 --> 00:09:04,029

science to decide like you know where

229

00:09:07,680 --> 00:09:05,589

things go and who gets worse and things

230

00:09:09,210 --> 00:09:07,690

like that but how would that actually

231

00:09:12,750 --> 00:09:09,220

work in practice though would there be

232

00:09:15,210 --> 00:09:12,760

somebody like a bunch of scientists like

233

00:09:17,850 --> 00:09:15,220

making decisions it's supposed to be a

234

00:09:19,949 --> 00:09:17,860

horizontal movement in which you don't

235

00:09:21,090 --> 00:09:19,959

really have a hierarchy and I don't know

236

00:09:23,670 --> 00:09:21,100

the extent that that's really possible

237

00:09:25,440 --> 00:09:23,680

but I found that there are a lot of

238

00:09:27,060 --> 00:09:25,450

questions like that about the movement

239

00:09:29,420 --> 00:09:27,070

and problems and things that need to be

240

00:09:31,920 --> 00:09:29,430

worked out but it's more the overall

241

00:09:35,449 --> 00:09:31,930

approach and overall philosophy and view

242

00:09:38,040 --> 00:09:35,459

that I subscribe to the philosophy of

243

00:09:40,769 --> 00:09:38,050

providing for human needs over over

244

00:09:42,150 --> 00:09:40,779

money it's very appealing to me yeah and

245

00:09:44,430 --> 00:09:42,160

it sounds great so I thinking it's one

246

00:09:46,410 --> 00:09:44,440

of those things this yeah people will

247

00:09:48,150 --> 00:09:46,420

say well communism sounded great too

248

00:09:49,890 --> 00:09:48,160

because communism is about you have to

249

00:09:50,490 --> 00:09:49,900

each according to his needs and stuff

250

00:09:53,340 --> 00:09:50,500

like

251

00:09:55,500 --> 00:09:53,350

but in practice it didn't work out very

252

00:09:57,389 --> 00:09:55,510

well in in the various implementations

253

00:09:59,730 --> 00:09:57,399

but I think yeah the big problem with

254

00:10:01,920 --> 00:09:59,740

all these political systems is how do

255

00:10:03,810 --> 00:10:01,930

they work in practice they're good with

256

00:10:06,900 --> 00:10:03,820

the theory and the practice rent in days

257

00:10:09,720 --> 00:10:06,910

yeah getting right to 911 they're like

258

00:10:12,720 --> 00:10:09,730

you're a member of the the 9/11 truth

259

00:10:15,300 --> 00:10:12,730

action projects is that correct yes okay

260

00:10:17,699 --> 00:10:15,310

what would you do you have do you do

261

00:10:19,290 --> 00:10:17,709

something there in particular yeah I'm a

262

00:10:21,569 --> 00:10:19,300

coordinator of the New York City chapter

263

00:10:23,150 --> 00:10:21,579

actually and there's that like I have

264

00:10:25,740 --> 00:10:23,160

organizing meetings and things like that

265

00:10:26,400 --> 00:10:25,750

yeah how many people do you have at

266

00:10:30,870 --> 00:10:26,410

those meetings

267

00:10:33,150 --> 00:10:30,880

oh it's been dismal recently two three

268

00:10:35,850 --> 00:10:33,160

four but the last meeting we had last

269

00:10:38,550 --> 00:10:35,860

meeting we had about 15 because we what

270

00:10:41,420 --> 00:10:38,560

happened was we we did an event in All

271

00:10:44,370 --> 00:10:41,430

Souls Church in New York City which

272

00:10:45,660 --> 00:10:44,380

featured a bunch of speakers from

273

00:10:48,180 --> 00:10:45,670

lawyers Committee for a night of an

274

00:10:51,150 --> 00:10:48,190

inquiry there was also that asgaard

275

00:10:53,189 --> 00:10:51,160

Snyder he he was invited to present his

276

00:10:55,980 --> 00:10:53,199

paper a very prestigious engineering

277

00:10:58,740 --> 00:10:55,990

conference in New York but the US

278

00:11:01,680 --> 00:10:58,750

government actually denied his visa Wow

279

00:11:03,509 --> 00:11:01,690

so he Skyped into our event gave a

280

00:11:06,840 --> 00:11:03,519

little talk we had some first responders

281

00:11:08,430 --> 00:11:06,850

as well we had Christopher Joya the I'm

282

00:11:10,350 --> 00:11:08,440

sure you heard of Chris joy of the fire

283

00:11:12,389 --> 00:11:10,360

commissioner yeah sure like a local fire

284

00:11:15,870 --> 00:11:12,399

commissioner at one of the New York five

285

00:11:17,610 --> 00:11:15,880

counties yeah one Island okay so we had

286

00:11:19,860 --> 00:11:17,620

so what happens we had this event there

287

00:11:22,139 --> 00:11:19,870

and it was very well attended we had

288

00:11:23,069 --> 00:11:22,149

approximately 300 people there was kind

289

00:11:25,949 --> 00:11:23,079

of standing room only

290

00:11:28,920 --> 00:11:25,959

okay and I hope to organize that event

291

00:11:31,560 --> 00:11:28,930

actually and we had over a hundred

292

00:11:35,160 --> 00:11:31,570

people sign up to want to be part of the

293

00:11:36,720 --> 00:11:35,170

truth action project so we contacted a

294

00:11:38,189 --> 00:11:36,730

bunch of those people and our last

295

00:11:39,329 --> 00:11:38,199

meeting some of them showed up one guy

296

00:11:42,300 --> 00:11:39,339

came from Rhode Island

297

00:11:43,980 --> 00:11:42,310

mmm just to come to the meeting it was

298

00:11:46,379 --> 00:11:43,990

probably the best meeting we've had in a

299

00:11:48,900 --> 00:11:46,389

long time you know they're only 10 to 15

300

00:11:52,290 --> 00:11:48,910

people that's it's a big turnout for us

301  
00:11:54,960 --> 00:11:52,300  
actually right yeah kind of surprised it

302  
00:12:00,630 --> 00:11:54,970  
was so small okay especially in in New

303  
00:12:02,189 --> 00:12:00,640  
York well you know in New York it's a as

304  
00:12:03,449 --> 00:12:02,199  
you could imagine it's an extremely

305  
00:12:05,009 --> 00:12:03,459  
touchy subject

306  
00:12:07,499 --> 00:12:05,019  
and people have very very strong

307  
00:12:09,989 --> 00:12:07,509  
feelings about it on both sides

308  
00:12:12,059 --> 00:12:09,999  
I find it hard I find it hard to talk to

309  
00:12:13,799 --> 00:12:12,069  
people about 9/11 in New York because of

310  
00:12:15,569 --> 00:12:13,809  
that emotional connection I'm a little

311  
00:12:17,400 --> 00:12:15,579  
bit more removed from it because I've

312  
00:12:19,290 --> 00:12:17,410  
although I'm from New York born and

313  
00:12:20,999 --> 00:12:19,300

raised actually wasn't living here at

314

00:12:24,569 --> 00:12:21,009

the time of 9/11 and I didn't lose

315

00:12:27,179 --> 00:12:24,579

anybody in 9/11 that was close to me the

316

00:12:29,999 --> 00:12:27,189

only person I lost was a casual

317

00:12:32,579 --> 00:12:30,009

acquaintance who's on one of the planes

318

00:12:34,169 --> 00:12:32,589

actually yeah yeah yeah I didn't do

319

00:12:37,470 --> 00:12:34,179

anybody I was I was in LA at the time

320

00:12:40,559 --> 00:12:37,480

and I remember there was people from the

321

00:12:42,119 --> 00:12:40,569

office at work who were supposed to be

322

00:12:44,220 --> 00:12:42,129

in the World Trade Center that day but

323

00:12:45,809 --> 00:12:44,230

they it was like that meeting was later

324

00:12:47,669 --> 00:12:45,819

in the day so they didn't show up so

325

00:12:49,679 --> 00:12:47,679

that was going to the closest that I

326

00:12:52,739 --> 00:12:49,689

came to any kind of personal connection

327

00:12:54,239 --> 00:12:52,749

it's like just knowing people who kind

328

00:12:58,499 --> 00:12:54,249

of had a near miss and then just talking

329

00:12:59,850 --> 00:12:58,509

to people who were there I yeah when

330

00:13:01,439 --> 00:12:59,860

they came back you know I said they were

331

00:13:03,449 --> 00:13:01,449

stuck in New York for a few days because

332

00:13:05,579 --> 00:13:03,459

of the air traffic shut down and then

333

00:13:07,230 --> 00:13:05,589

they came back few minutes later and

334

00:13:09,449 --> 00:13:07,240

tell people about yeah what had

335

00:13:10,769 --> 00:13:09,459

transpired how they got stuck and you

336

00:13:13,109 --> 00:13:10,779

know how they were gonna be there and

337

00:13:14,069 --> 00:13:13,119

their little personal stories of the

338

00:13:16,679 --> 00:13:14,079

chaos and everything

339

00:13:18,119 --> 00:13:16,689

yeah he's interesting like yeah the size

340

00:13:20,220 --> 00:13:18,129

of the community I wouldn't like try to

341

00:13:21,239 --> 00:13:20,230

be a I don't want to come across as

342

00:13:23,460 --> 00:13:21,249

something like trying to like the

343

00:13:26,489 --> 00:13:23,470

littlest but it is interesting that

344

00:13:29,910 --> 00:13:26,499

there isn't that much public involvement

345

00:13:32,009 --> 00:13:29,920

when you look at like the the surveys of

346

00:13:34,530 --> 00:13:32,019

people if you if you do surveys of

347

00:13:36,059 --> 00:13:34,540

American people and ask like you know do

348

00:13:37,410 --> 00:13:36,069

you think there should be another 9/11

349

00:13:39,809 --> 00:13:37,420

investigation there are some things like

350

00:13:41,340 --> 00:13:39,819

that you usually get quite a chunk of

351  
00:13:42,569 --> 00:13:41,350  
people on you do you think the American

352  
00:13:45,329 --> 00:13:42,579  
government is telling us everything

353  
00:13:47,129 --> 00:13:45,339  
about 9/11 yeah you'll get you'll get

354  
00:13:48,960 --> 00:13:47,139  
like a very large percentage of people

355  
00:13:50,850 --> 00:13:48,970  
no not a majority but still quite a

356  
00:13:53,369 --> 00:13:50,860  
quite a lot but then you you get these

357  
00:13:56,489 --> 00:13:53,379  
meetings where you only get handfuls of

358  
00:13:58,499 --> 00:13:56,499  
people showing up and it seems like you

359  
00:14:01,289 --> 00:13:58,509  
know people have these ideas but it

360  
00:14:02,759 --> 00:14:01,299  
doesn't translate into action yeah kind

361  
00:14:03,960 --> 00:14:02,769  
of like my friend who got me to watch

362  
00:14:06,480 --> 00:14:03,970  
the zeitgeist he's never done anything

363  
00:14:07,769 --> 00:14:06,490

Korean movement to my knowledge he just

364

00:14:09,210 --> 00:14:07,779

that's kind of what you and I were

365

00:14:11,090 --> 00:14:09,220

talking about the other day where the

366

00:14:13,409 --> 00:14:11,100

difference between a cause and a hobby

367

00:14:16,019 --> 00:14:13,419

you know some people treat 9/11 as a

368

00:14:17,090 --> 00:14:16,029

hobby kind of like people who read civil

369

00:14:19,950 --> 00:14:17,100

war books

370

00:14:21,720 --> 00:14:19,960

go to Civil War reenactments and stuff

371

00:14:24,570 --> 00:14:21,730

it's a hobby for them they think it's

372

00:14:26,250 --> 00:14:24,580

really cool for some reason and people

373

00:14:28,290 --> 00:14:26,260

are like that with 9/11 I don't I don't

374

00:14:31,380 --> 00:14:28,300

approach it that way to me it's too

375

00:14:33,780 --> 00:14:31,390

important to just say like oh you know

376

00:14:35,730 --> 00:14:33,790

my hobby is reading about 9/11 I've been

377

00:14:37,410 --> 00:14:35,740

translated into some kind of action yeah

378

00:14:39,150 --> 00:14:37,420

I could tell this very important to you

379

00:14:42,290 --> 00:14:39,160

like having the moments of silence there

380

00:14:44,910 --> 00:14:42,300

and I would imagine like because you get

381

00:14:48,150 --> 00:14:44,920

in this the crisis hotline though and

382

00:14:49,500 --> 00:14:48,160

would you touch people who you know 9/11

383

00:14:51,330 --> 00:14:49,510

is a big part of life you know why

384

00:14:52,920 --> 00:14:51,340

they're calling or why they are where

385

00:14:55,710 --> 00:14:52,930

they are yeah in their life

386

00:14:57,800 --> 00:14:55,720

yeah actually there was own remember

387

00:15:00,180 --> 00:14:57,810

taking a call from a woman once who was

388

00:15:02,760 --> 00:15:00,190

for lack of a better word freaking out

389

00:15:04,560 --> 00:15:02,770

about 9/11 and saying like I can't walk

390

00:15:07,080 --> 00:15:04,570

down the street and see Muslim people

391

00:15:10,860 --> 00:15:07,090

with their garb it makes me get PTSD and

392

00:15:12,990 --> 00:15:10,870

afraid and it's unfortunate this is

393

00:15:14,700 --> 00:15:13,000

really interesting too obviously I'm not

394

00:15:17,430 --> 00:15:14,710

going to name any names a hotline is

395

00:15:20,280 --> 00:15:17,440

confidential but we had um a gentleman

396

00:15:21,510 --> 00:15:20,290

who used to call every day as soon as

397

00:15:23,280 --> 00:15:21,520

you pick up the phone he would just say

398

00:15:25,410 --> 00:15:23,290

9/11 was an inside job and he started

399

00:15:27,870 --> 00:15:25,420

ranting and raving about it I spoke to

400

00:15:30,600 --> 00:15:27,880

him a number of times and this was not

401  
00:15:32,190 --> 00:15:30,610  
planned or arranged but I went to that

402  
00:15:33,120 --> 00:15:32,200  
event at Cooper Union that we talked

403  
00:15:36,330 --> 00:15:33,130  
about a few minutes ago

404  
00:15:39,360 --> 00:15:36,340  
and after the fact he called the hotline

405  
00:15:41,400 --> 00:15:39,370  
again and told me that he was there and

406  
00:15:43,680 --> 00:15:41,410  
told me yeah I was the guy with the

407  
00:15:45,690 --> 00:15:43,690  
black plastic bag putting all the DVDs

408  
00:15:48,990 --> 00:15:45,700  
in it I'm like who actually saw the guys

409  
00:15:51,360 --> 00:15:49,000  
buying DVD books and actually kind of

410  
00:15:53,160 --> 00:15:51,370  
being annoying making kind of a ruckus

411  
00:15:57,480 --> 00:15:53,170  
with the bag and they had to ask them to

412  
00:15:59,270 --> 00:15:57,490  
be quiet and well I imagine you get you

413  
00:16:01,950 --> 00:15:59,280

get all different types of people there

414

00:16:04,920 --> 00:16:01,960

we get all kinds of people Nick I'll be

415

00:16:08,190 --> 00:16:04,930

honest with you I don't say this to be a

416

00:16:09,870 --> 00:16:08,200

jerk but I actually dislike a large

417

00:16:13,020 --> 00:16:09,880

percentage of the people that I meet in

418

00:16:14,490 --> 00:16:13,030

the 9/11 truth movement to be honest not

419

00:16:17,250 --> 00:16:14,500

although I mean I've met some really

420

00:16:18,510 --> 00:16:17,260

great level-headed intelligent people

421

00:16:21,150 --> 00:16:18,520

but I've also have met a lot of people

422

00:16:23,430 --> 00:16:21,160

who just latch on to anything they hear

423

00:16:25,620 --> 00:16:23,440

in any of these films or whatever and

424

00:16:27,300 --> 00:16:25,630

just take it as Dogma and get

425

00:16:29,280 --> 00:16:27,310

belligerent when you try to argue with

426

00:16:30,620 --> 00:16:29,290

them about it we have one guy who comes

427

00:16:34,579 --> 00:16:30,630

to our meetings

428

00:16:38,900 --> 00:16:34,589

sometimes and he's a no planer which I'm

429

00:16:41,300 --> 00:16:38,910

not and one day he was telling me it's

430

00:16:42,949 --> 00:16:41,310

physically impossible for a plane to

431

00:16:45,530 --> 00:16:42,959

penetrate the World Trade Center and all

432

00:16:47,420 --> 00:16:45,540

I said to him was okay well can you show

433

00:16:49,490 --> 00:16:47,430

me some calculations to substantiate

434

00:16:51,199 --> 00:16:49,500

that claim and he just got really

435

00:16:54,170 --> 00:16:51,209

belligerent and started yelling at me

436

00:16:56,990 --> 00:16:54,180

and you know and yeah what does that

437

00:16:57,980 --> 00:16:57,000

come on yeah I think that's slow yeah

438

00:16:59,930 --> 00:16:57,990

okay what we're saying earlier with

439

00:17:03,800 --> 00:16:59,940

common sense like some people think that

440

00:17:05,179 --> 00:17:03,810

it's it's obvious the plane couldn't you

441

00:17:07,309 --> 00:17:05,189

know penetrate the World Trade Center

442

00:17:09,079 --> 00:17:07,319

because they think you know outside was

443

00:17:10,880 --> 00:17:09,089

made of steel and the plane was made of

444

00:17:13,699 --> 00:17:10,890

aluminum and aluminum is softer than

445

00:17:15,559 --> 00:17:13,709

steel therefore it couldn't go through

446

00:17:18,380 --> 00:17:15,569

the steel well there's this little thing

447

00:17:20,270 --> 00:17:18,390

called velocity Nick a paint chip can

448

00:17:23,120 --> 00:17:20,280

crack a windshield if it's moving fast

449

00:17:25,939 --> 00:17:23,130

enough maybe the example I often give is

450

00:17:28,130 --> 00:17:25,949

a ping-pong ball if you shoot a

451  
00:17:30,500 --> 00:17:28,140  
ping-pong ball fast enough it will go

452  
00:17:32,149 --> 00:17:30,510  
through a ping-pong paddle when

453  
00:17:34,190 --> 00:17:32,159  
obviously a ping-pong paddle is designed

454  
00:17:35,840 --> 00:17:34,200  
very much to not have ping-pong balls go

455  
00:17:37,279 --> 00:17:35,850  
through it and it's it's obviously a

456  
00:17:37,880 --> 00:17:37,289  
thousand times stronger than a ping-pong

457  
00:17:42,169 --> 00:17:37,890  
ball

458  
00:17:45,350 --> 00:17:42,179  
at supersonic speed

459  
00:17:48,620 --> 00:17:45,360  
okay you blow a neat little hole into

460  
00:17:50,390 --> 00:17:48,630  
the ping-pong paddle what's the formula

461  
00:17:51,440 --> 00:17:50,400  
for the force equals mass times

462  
00:17:54,789 --> 00:17:51,450  
acceleration

463  
00:17:58,570 --> 00:17:54,799

yeah  $F$  equals  $MA$  that it's more about

464

00:18:00,980 --> 00:17:58,580

kinetic energy the energy is

465

00:18:03,470 --> 00:18:00,990

proportional to the mass times the

466

00:18:05,000 --> 00:18:03,480

square of the velocity so if you go

467

00:18:07,520 --> 00:18:05,010

twice as fast you've got four times as

468

00:18:08,840 --> 00:18:07,530

much energy and when something hits

469

00:18:11,750 --> 00:18:08,850

something that energy has to go

470

00:18:14,990 --> 00:18:11,760

somewhere so a plane that weighs over

471

00:18:17,270 --> 00:18:15,000

400 turns going up like 400 to 500 miles

472

00:18:20,060 --> 00:18:17,280

an hour has a vast amount of energy and

473

00:18:21,799 --> 00:18:20,070

when it hits the side of the building

474

00:18:24,950 --> 00:18:21,809

the energy has to go somewhere yeah I

475

00:18:27,320 --> 00:18:24,960

think if people they do the common sense

476

00:18:29,060 --> 00:18:27,330

thing and the end they say it's obvious

477

00:18:30,950 --> 00:18:29,070

that this couldn't happen it looks like

478

00:18:33,320 --> 00:18:30,960

it just looks ridiculous it doesn't make

479

00:18:36,440 --> 00:18:33,330

any sense to physics but they don't go

480

00:18:39,020 --> 00:18:36,450

beyond the the base level they they just

481

00:18:42,080 --> 00:18:39,030

take that first thing and then they stop

482

00:18:44,180 --> 00:18:42,090

at that point and then if you try to

483

00:18:46,009 --> 00:18:44,190

raise more objections to there

484

00:18:47,389 --> 00:18:46,019

argument or show them something else

485

00:18:49,490 --> 00:18:47,399

they just rejected because they've

486

00:18:50,960 --> 00:18:49,500

already arrived at the conclusion and

487

00:18:53,330 --> 00:18:50,970

they don't feel any needs to go any

488

00:18:56,240 --> 00:18:53,340

further so he makes it very very typical

489

00:18:57,710 --> 00:18:56,250

Munich 8 it's frustrating it's

490

00:19:00,289 --> 00:18:57,720

frustrating even for me and I'm part of

491

00:19:02,180 --> 00:19:00,299

the movement okay I can't stand dealing

492

00:19:05,649 --> 00:19:02,190

with people like that it's in serious

493

00:19:08,720 --> 00:19:05,659

you know it is to me it's kind of like

494

00:19:10,700 --> 00:19:08,730

winning a game because you cheated right

495

00:19:13,070 --> 00:19:10,710

you didn't really win the game so if we

496

00:19:14,629 --> 00:19:13,080

convince people or something and shut

497

00:19:16,519 --> 00:19:14,639

ourselves off to their questions and

498

00:19:18,200 --> 00:19:16,529

problems with it it's kind of like

499

00:19:20,960 --> 00:19:18,210

winning the debate by cheating and you

500

00:19:22,879 --> 00:19:20,970

didn't really win yeah I've actually had

501  
00:19:24,980 --> 00:19:22,889  
people like you know they make

502  
00:19:27,889 --> 00:19:24,990  
essentially semantic arguments I they

503  
00:19:29,659 --> 00:19:27,899  
will say chemtrails are real because jet

504  
00:19:31,639 --> 00:19:29,669  
engine exhaust has chemicals in it and

505  
00:19:32,840 --> 00:19:31,649  
they leave trails sometimes and that

506  
00:19:33,590 --> 00:19:32,850  
must be a chem trail because it's a

507  
00:19:36,830 --> 00:19:33,600  
chemical trail

508  
00:19:38,930 --> 00:19:36,840  
therefore chemtrails are real it's

509  
00:19:40,669 --> 00:19:38,940  
almost like the muroids in winning the

510  
00:19:42,889 --> 00:19:40,679  
argument by some kind of semantic thing

511  
00:19:45,379 --> 00:19:42,899  
that they are in actually discovering

512  
00:19:48,710 --> 00:19:45,389  
what's actually going on it's almost

513  
00:19:52,249 --> 00:19:48,720

like a kind of a contest or a game to

514

00:19:54,259 --> 00:19:52,259

try to decide who who wins yeah there's

515

00:19:57,200 --> 00:19:54,269

a lot of X going on with with these 9/11

516

00:20:00,799 --> 00:19:57,210

debates and not to not to pick on you

517

00:20:03,080 --> 00:20:00,809

but you're kind of unique to me and as a

518

00:20:04,129 --> 00:20:03,090

debunker because a lot of the bunkers if

519

00:20:06,590 --> 00:20:04,139

they were going to have me on a show

520

00:20:08,539 --> 00:20:06,600

like this or saw a podcast like this the

521

00:20:10,970 --> 00:20:08,549

goal isn't really to have an intelligent

522

00:20:12,980 --> 00:20:10,980

discussion and come to truth and

523

00:20:15,169 --> 00:20:12,990

understanding the goal is just to make

524

00:20:17,180 --> 00:20:15,179

the 9/11 truther look like an idiot yeah

525

00:20:20,210 --> 00:20:17,190

well I certainly I would agree with that

526

00:20:20,720 --> 00:20:20,220

with a lot of the Flat Earth debunking

527

00:20:21,889 --> 00:20:20,730

stuff

528

00:20:23,960 --> 00:20:21,899

yeah I'm not comparing the two I'm

529

00:20:25,850 --> 00:20:23,970

comparing the debunkers here like I you

530

00:20:26,869 --> 00:20:25,860

see these these flutter of things and

531

00:20:28,610 --> 00:20:26,879

they just make you find out the flutter

532

00:20:30,320 --> 00:20:28,620

'this all the time and you yes you do

533

00:20:32,960 --> 00:20:30,330

very well on on youtube they have

534

00:20:34,129 --> 00:20:32,970

channels with quite a lot of views but I

535

00:20:38,450 --> 00:20:34,139

don't know if there actually are that

536

00:20:41,210 --> 00:20:38,460

many 9/11 debunkers nowadays I mean do

537

00:20:44,810 --> 00:20:41,220

you do you know of anybody who does like

538

00:20:46,100 --> 00:20:44,820

9/11 debunking talk shows or podcasts or

539

00:20:50,659 --> 00:20:46,110

anything like that because I'm not

540

00:20:52,820 --> 00:20:50,669

really familiar with well yeah I guess

541

00:20:54,529 --> 00:20:52,830

yeah I think that a few years ago I'd

542

00:20:56,680 --> 00:20:54,539

probably say yeah the whole bunch of

543

00:20:58,770 --> 00:20:56,690

them who kind of died down a little bit

544

00:21:09,150 --> 00:20:58,780

I mean we had Popular Mechanics we had

545

00:21:14,110 --> 00:21:11,560

there's a thing there's a thing in the

546

00:21:17,410 --> 00:21:14,120

movement ability line is to let go of

547

00:21:20,170 --> 00:21:17,420

something when it's been demonstrated to

548

00:21:23,110 --> 00:21:20,180

be false an example would be the

549

00:21:24,850 --> 00:21:23,120

Pentagon right you have the sense that a

550

00:21:27,790 --> 00:21:24,860

plane didn't hit the Pentagon because

551

00:21:28,900 --> 00:21:27,800

the hole is too small and I mean just

552

00:21:30,580 --> 00:21:28,910

look at the picture that doesn't

553

00:21:33,280 --> 00:21:30,590

misleading picture if you really look at

554

00:21:35,530 --> 00:21:33,290

the broad spectrum of the photos that

555

00:21:36,700 --> 00:21:35,540

I've taken there that gash is like a

556

00:21:38,230 --> 00:21:36,710

hundred feet wide

557

00:21:39,910 --> 00:21:38,240

that's very interesting as actually I

558

00:21:41,350 --> 00:21:39,920

was gonna ask you specifically about

559

00:21:43,540 --> 00:21:41,360

that that thing because it's something

560

00:21:45,940 --> 00:21:43,550

that comes up a lot like people say the

561

00:21:47,770 --> 00:21:45,950

hole in the Pentagon was too small he

562

00:21:49,750 --> 00:21:47,780

hear this a lot over and over from

563

00:21:52,330 --> 00:21:49,760

people who don't think that a plane hit

564

00:21:54,670 --> 00:21:52,340

the Pentagon and then you share them the

565

00:21:56,890 --> 00:21:54,680

pictures of it and you share them like

566

00:21:59,620 --> 00:21:56,900

the bits on either side where the wing

567

00:22:01,780 --> 00:21:59,630

was hit the column and they'll reject it

568

00:22:03,640 --> 00:22:01,790

and it's kind of hard to know what to do

569

00:22:05,380 --> 00:22:03,650

with someone who even when you're

570

00:22:08,740 --> 00:22:05,390

showing them something like that you

571

00:22:09,940 --> 00:22:08,750

show them the actual plane overlaid with

572

00:22:12,220 --> 00:22:09,950

the hole and you show that it could

573

00:22:13,780 --> 00:22:12,230

quite easily of fit through the hole

574

00:22:17,860 --> 00:22:13,790

with the ends of the wings obviously

575

00:22:20,020 --> 00:22:17,870

snaps off yeah do you talk to people who

576

00:22:22,260 --> 00:22:20,030

are like no plane hit the Pentagon type

577

00:22:25,030 --> 00:22:22,270

people within the community

578

00:22:26,860 --> 00:22:25,040

it's frustrating because they just don't

579

00:22:30,040 --> 00:22:26,870

listen the reason they just cling to

580

00:22:31,750 --> 00:22:30,050

that belief like it's it's crazy and you

581

00:22:34,630 --> 00:22:31,760

know here's another observation I have

582

00:22:36,630 --> 00:22:34,640

the truth is one at both ways they saved

583

00:22:39,250 --> 00:22:36,640

the testimony of Norman Mineta as

584

00:22:40,690 --> 00:22:39,260

evidence of a stand-down of a plane

585

00:22:44,490 --> 00:22:40,700

approaching the Pentagon but then they

586

00:22:46,960 --> 00:22:44,500

said there was no plane right I mean

587

00:22:49,150 --> 00:22:46,970

this conspiracy theory study I think

588

00:22:51,070 --> 00:22:49,160

that where people were asked about

589

00:22:53,440 --> 00:22:51,080

various conspiracy theories and asked

590

00:22:54,850 --> 00:22:53,450

which ones they believed I can't

591

00:22:57,280 --> 00:22:54,860

remember who it was exactly but say it

592

00:22:59,770 --> 00:22:57,290

was JFK they said like one theory is

593

00:23:04,050 --> 00:22:59,780

that JFK faked his own death and he's

594

00:23:07,420 --> 00:23:04,060

still alive and the other theory is that

595

00:23:08,500 --> 00:23:07,430

JFK was assassinated by the CIA I think

596

00:23:10,230 --> 00:23:08,510

was actually about somebody else but

597

00:23:11,910 --> 00:23:10,240

it's the same same basic thing like

598

00:23:13,470 --> 00:23:11,920

this person was you know there's two

599

00:23:16,049 --> 00:23:13,480

theories about this person one in which

600

00:23:17,850 --> 00:23:16,059

you he was dead and when she was still

601  
00:23:20,010 --> 00:23:17,860  
alive and they were asked how much they

602  
00:23:22,799 --> 00:23:20,020  
believed either of these theories and

603  
00:23:25,710 --> 00:23:22,809  
they were about 90 percent for both

604  
00:23:27,750 --> 00:23:25,720  
theories which means that they

605  
00:23:29,640 --> 00:23:27,760  
simultaneously believed it was highly

606  
00:23:32,240 --> 00:23:29,650  
plausible that he faked his death and

607  
00:23:36,540 --> 00:23:32,250  
highly plausible by almost certain that

608  
00:23:38,040 --> 00:23:36,550  
he he he was dead they they kind of

609  
00:23:40,919 --> 00:23:38,050  
simultaneously believe someone he was

610  
00:23:43,440 --> 00:23:40,929  
like Schrodinger's conspiracy theory but

611  
00:23:47,340 --> 00:23:43,450  
yeah you you get people wanting to

612  
00:23:49,020 --> 00:23:47,350  
believe things because they are they fit

613  
00:23:51,510 --> 00:23:49,030

the worldview even if they don't fit

614

00:23:53,940 --> 00:23:51,520

each other either if they could believe

615

00:23:56,190 --> 00:23:53,950

ten different things they don't have to

616

00:23:59,430 --> 00:23:56,200

fit together but if each individually

617

00:24:03,150 --> 00:23:59,440

fits the worldview then that one thing

618

00:24:05,060 --> 00:24:03,160

by itself becomes yeah attractive to

619

00:24:08,730 --> 00:24:05,070

them and it doesn't matter that it

620

00:24:11,220 --> 00:24:08,740

contradicts with with other things in in

621

00:24:12,630 --> 00:24:11,230

their belief system you know there are

622

00:24:15,720 --> 00:24:12,640

people I'm not gonna mention any names

623

00:24:19,740 --> 00:24:15,730

here but there are people very high up

624

00:24:21,299 --> 00:24:19,750

in the 9/11 truth movement who still I'm

625

00:24:23,190 --> 00:24:21,309

not talking about just your average Joe

626  
00:24:24,510 --> 00:24:23,200  
truth or from down the block I'm talking

627  
00:24:26,340 --> 00:24:24,520  
about some of the big names and the

628  
00:24:29,280 --> 00:24:26,350  
movement that you've heard of yeah it

629  
00:24:32,030 --> 00:24:29,290  
has still push this missile hit the

630  
00:24:34,860 --> 00:24:32,040  
Pentagon theory and have ostracized

631  
00:24:37,440 --> 00:24:34,870  
other people in the movement for not

632  
00:24:39,450 --> 00:24:37,450  
agreeing with that and that's really

633  
00:24:41,100 --> 00:24:39,460  
reprehensible to me especially since

634  
00:24:43,620 --> 00:24:41,110  
some of those people who have been

635  
00:24:45,540 --> 00:24:43,630  
ostracized for not believing that have

636  
00:24:47,010 --> 00:24:45,550  
more technical credentials and knowledge

637  
00:24:50,340 --> 00:24:47,020  
than the people who are ostracized in

638  
00:24:52,890 --> 00:24:50,350

them yeah I know David Chandler is

639

00:24:55,770 --> 00:24:52,900

someone who I just think a plane hit the

640

00:24:58,110 --> 00:24:55,780

Pentagon he's the guy who's a former

641

00:25:00,360 --> 00:24:58,120

high school physics teacher who he's

642

00:25:03,030 --> 00:25:00,370

famous in the 911 community because he

643

00:25:05,340 --> 00:25:03,040

brought in this attention that there was

644

00:25:06,960 --> 00:25:05,350

a segment of free fall in the collapse

645

00:25:11,160 --> 00:25:06,970

of World Trade Center building 7 and

646

00:25:13,740 --> 00:25:11,170

then NIST changed their reports to

647

00:25:15,150 --> 00:25:13,750

include that more detailed breakdown of

648

00:25:18,720 --> 00:25:15,160

the collapse to include the freefall

649

00:25:20,510 --> 00:25:18,730

segments he's a famous of that but

650

00:25:23,370 --> 00:25:20,520

recently he spent a lot of time

651  
00:25:24,000 --> 00:25:23,380  
debunking the idea that no plane hit the

652  
00:25:26,170 --> 00:25:24,010  
Pentagon

653  
00:25:28,840 --> 00:25:26,180  
which is really interesting yeah honey

654  
00:25:31,630 --> 00:25:28,850  
and he has been ostracized for that yeah

655  
00:25:33,400 --> 00:25:31,640  
by the movement and that to me is is sad

656  
00:25:36,160 --> 00:25:33,410  
it's really sad I mean you got a guy

657  
00:25:38,200 --> 00:25:36,170  
here who's basically a rock star in the

658  
00:25:42,250 --> 00:25:38,210  
9/11 truth movement and then there

659  
00:25:44,799 --> 00:25:42,260  
ostracizing him for being truthful but

660  
00:25:46,960 --> 00:25:44,809  
the Pentagon and some of the people that

661  
00:25:48,670 --> 00:25:46,970  
are responsible for that ostracizing of

662  
00:25:51,250 --> 00:25:48,680  
him like I said not going to name their

663  
00:25:53,049 --> 00:25:51,260

names but they're but pretty high up in

664

00:25:54,490 --> 00:25:53,059

the movement and that's yeah that's

665

00:25:56,650 --> 00:25:54,500

disturbing to me that's really

666

00:25:58,810 --> 00:25:56,660

disturbing yeah yeah yeah I don't know

667

00:26:01,000 --> 00:25:58,820

like you know dig into that in terms of

668

00:26:02,890 --> 00:26:01,010

life you know naming names but like that

669

00:26:05,230 --> 00:26:02,900

the lawyers Committee they they recently

670

00:26:08,260 --> 00:26:05,240

published like a youtube video about

671

00:26:09,190 --> 00:26:08,270

flight 93 and how they thought it was a

672

00:26:11,530 --> 00:26:09,200

shot to down

673

00:26:13,930 --> 00:26:11,540

flight 93 is the plane that crashed into

674

00:26:16,660 --> 00:26:13,940

the field in Shanksville buried itself

675

00:26:19,360 --> 00:26:16,670

in the ground and a lot of people think

676

00:26:20,680 --> 00:26:19,370

that's it also is very suspicious yeah

677

00:26:22,660 --> 00:26:20,690

it took to my mind it's like you know

678

00:26:25,090 --> 00:26:22,670

similar thing to the Pentagon he just it

679

00:26:26,470 --> 00:26:25,100

looks on because he was going so yeah it

680

00:26:28,780 --> 00:26:26,480

looks like a small hole when it was just

681

00:26:30,070 --> 00:26:28,790

buried itself underground but there's

682

00:26:31,570 --> 00:26:30,080

like a few things that people bring up

683

00:26:33,610 --> 00:26:31,580

like to say oh there was debris found

684

00:26:35,770 --> 00:26:33,620

around miles away and things like that

685

00:26:37,900 --> 00:26:35,780

and they say that means yeah probably

686

00:26:40,450 --> 00:26:37,910

probably shut that shot down I haven't

687

00:26:42,040 --> 00:26:40,460

researched 593 so I don't I don't really

688

00:26:45,460 --> 00:26:42,050

make assertions about it and my

689

00:26:47,680 --> 00:26:45,470

suspicion is that it was shot down but I

690

00:26:49,030 --> 00:26:47,690

don't say that with any conviction Ares

691

00:26:51,040 --> 00:26:49,040

because I haven't researched it yeah

692

00:26:53,290 --> 00:26:51,050

yeah well I think I always say to people

693

00:26:55,169 --> 00:26:53,300

if if you think it was shot down look at

694

00:26:58,200 --> 00:26:55,179

other planes that have been shot down

695

00:27:01,330 --> 00:26:58,210

when a plane gets shot down it actually

696

00:27:04,660 --> 00:27:01,340

disintegrates in the air and the debris

697

00:27:06,640 --> 00:27:04,670

is spread over many many square miles if

698

00:27:09,850 --> 00:27:06,650

you remember a plane was shot down over

699

00:27:12,850 --> 00:27:09,860

the Ukraine probably by the Russians a

700

00:27:14,650 --> 00:27:12,860

few years ago and there's lots of

701  
00:27:16,060 --> 00:27:14,660  
pictures of that and you can see what

702  
00:27:18,820 --> 00:27:16,070  
having a plane actually gets shot down

703  
00:27:22,330 --> 00:27:18,830  
and it didn't look like a hole at the

704  
00:27:24,310 --> 00:27:22,340  
ground you know yeah let me ask you

705  
00:27:26,380 --> 00:27:24,320  
something about Shanksville and I'm just

706  
00:27:27,460 --> 00:27:26,390  
I'm just asking I'm not I don't know the

707  
00:27:28,600 --> 00:27:27,470  
answer and I'm planning I know the

708  
00:27:30,970 --> 00:27:28,610  
answer it's not a rhetorical question

709  
00:27:32,810 --> 00:27:30,980  
I'm looking for the answer what do you

710  
00:27:34,999 --> 00:27:32,820  
make of this um

711  
00:27:36,529 --> 00:27:35,009  
quote from Wiley Miller that's often

712  
00:27:37,909 --> 00:27:36,539  
thrown around the corner

713  
00:27:39,259 --> 00:27:37,919

yeah where he says he didn't see a

714

00:27:41,210 --> 00:27:39,269

single drop of blood there were no

715

00:27:44,299 --> 00:27:41,220

bodies I heard that he came out later

716

00:27:47,810 --> 00:27:44,309

and said that he was not misquoted but

717

00:27:49,490 --> 00:27:47,820

he was misrepresented he's curious what

718

00:27:51,200 --> 00:27:49,500

do you know anything about that yeah no

719

00:27:52,789 --> 00:27:51,210

I I don't know the specifics of it but

720

00:27:54,259 --> 00:27:52,799

you know taken by it even by it just

721

00:27:56,240 --> 00:27:54,269

second by itself it doesn't sound that

722

00:27:58,180 --> 00:27:56,250

at a place to me because you could

723

00:28:01,399 --> 00:27:58,190

remember what happened to the plane is

724

00:28:03,560 --> 00:28:01,409

it wasn't a typical plane crash you know

725

00:28:05,749 --> 00:28:03,570

normal plane crash the flame breaks up

726

00:28:07,879 --> 00:28:05,759

as it's hitting the ground at fairly low

727

00:28:10,279 --> 00:28:07,889

speed and it's going like parallel to

728

00:28:12,680 --> 00:28:10,289

the ground and so you get bodies and

729

00:28:16,310 --> 00:28:12,690

body parts scattered everywhere

730

00:28:17,960 --> 00:28:16,320

one moment here is the plane went almost

731

00:28:19,490 --> 00:28:17,970

straight down and like thinking like a

732

00:28:22,279 --> 00:28:19,500

50 degree angle or something like that

733

00:28:25,369 --> 00:28:22,289

and it buried itself in the ground and

734

00:28:27,080 --> 00:28:25,379

the the fuselage was all compressed like

735

00:28:30,019 --> 00:28:27,090

you know like stomping on a Koki cam

736

00:28:33,320 --> 00:28:30,029

type thing except it horrible to think

737

00:28:35,480 --> 00:28:33,330

like people inside and so everything

738

00:28:38,299 --> 00:28:35,490

pretty much ended up underground the

739

00:28:40,820 --> 00:28:38,309

words your body is being thrown free

740

00:28:44,139 --> 00:28:40,830

like you would think of in in a small

741

00:28:48,619 --> 00:28:44,149

plane crash or a plane being shot down

742

00:28:52,909 --> 00:28:48,629

there's metal in crash in Iran yesterday

743

00:28:55,820 --> 00:28:52,919

and the surface of that and you see you

744

00:28:59,299 --> 00:28:55,830

know intact bodies because essentially

745

00:29:01,519 --> 00:28:59,309

it's it wasn't flown to into the ground

746

00:29:03,289 --> 00:29:01,529

at high speed it just just crashed and

747

00:29:04,999 --> 00:29:03,299

when planes crash it usually means that

748

00:29:07,759 --> 00:29:05,009

they're going below that aerodynamic

749

00:29:09,259 --> 00:29:07,769

speed which for a plane is like about a

750

00:29:10,820 --> 00:29:09,269

hundred and fifty miles an hour

751

00:29:12,320 --> 00:29:10,830

something like that

752

00:29:14,690 --> 00:29:12,330

below that they're going to stall and

753

00:29:16,519 --> 00:29:14,700

fall out of the sky so either it's you

754

00:29:18,080 --> 00:29:16,529

know they have some kind of equipment

755

00:29:21,200 --> 00:29:18,090

failure which makes them stall and fall

756

00:29:23,269 --> 00:29:21,210

out of the sky or they're they're hit by

757

00:29:25,310 --> 00:29:23,279

something and they break up in the sky

758

00:29:26,840 --> 00:29:25,320

either way like it's a difference

759

00:29:29,629 --> 00:29:26,850

between a 500 mile per hour crash

760

00:29:32,539 --> 00:29:29,639

straight down and a 100 mile per hour

761

00:29:34,580 --> 00:29:32,549

crash is it's quite substantial like in

762

00:29:37,820 --> 00:29:34,590

the in the one you get her this thing

763

00:29:41,000 --> 00:29:37,830

with a plane just like penetrates into

764

00:29:43,610 --> 00:29:41,010

pretty much whatever it hits and in the

765

00:29:46,580 --> 00:29:43,620

other you get it just breaking up and

766

00:29:49,130 --> 00:29:46,590

you get you will get intact bodies

767

00:29:52,310 --> 00:29:49,140

you know just basically laying around so

768

00:29:54,560 --> 00:29:52,320

this there's a huge difference so you

769

00:29:56,240 --> 00:29:54,570

know his his statements this coroner's

770

00:29:58,640 --> 00:29:56,250

statement is just what he said about

771

00:30:01,190 --> 00:29:58,650

what he saw when he first arrived at the

772

00:30:02,420 --> 00:30:01,200

scene he essentially saw what other

773

00:30:03,770 --> 00:30:02,430

people saw and what you see in the

774

00:30:07,520 --> 00:30:03,780

pictures which is a big hole in the

775

00:30:11,120 --> 00:30:07,530

ground and the plain hands the bodies

776

00:30:12,620 --> 00:30:11,130

were in that hole so he would see all my

777

00:30:14,690 --> 00:30:12,630

body parts later obviously when they

778

00:30:15,950 --> 00:30:14,700

were dug out and you probably wouldn't

779

00:30:18,380 --> 00:30:15,960

take that much digging to get to the

780

00:30:22,030 --> 00:30:18,390

first one but yeah the first day when he

781

00:30:25,730 --> 00:30:22,040

arrived there that's what he saw yeah

782

00:30:27,500 --> 00:30:25,740

the World Trade Center make sure I don't

783

00:30:30,230 --> 00:30:27,510

know much about 593 I wanna spend too

784

00:30:31,490 --> 00:30:30,240

much time on that but um here's

785

00:30:33,440 --> 00:30:31,500

something that's kind of interesting to

786

00:30:35,030 --> 00:30:33,450

me and maybe you can you can give me

787

00:30:37,040 --> 00:30:35,040

your your thoughts on this your your

788

00:30:38,750 --> 00:30:37,050

response I'm sure everybody's heard

789

00:30:40,010 --> 00:30:38,760

about interview with John skilling in

790

00:30:43,220 --> 00:30:40,020

the Seattle Times right

791

00:30:45,440 --> 00:30:43,230

from 1993 where he said that he the

792

00:30:50,080 --> 00:30:45,450

buildings were designed to withstand the

793

00:30:54,760 --> 00:30:50,090

plane yes okay so in addition to that

794

00:30:59,240 --> 00:30:54,770

I've seen multiple clips video clips

795

00:31:01,190 --> 00:30:59,250

from way before 9/11 mm-hmm there's a

796

00:31:03,350 --> 00:31:01,200

video from the late 70s or early 80s

797

00:31:05,210 --> 00:31:03,360

where a guy explained what would happen

798

00:31:07,850 --> 00:31:05,220

if a plane hit the Twin Towers and how

799

00:31:10,220 --> 00:31:07,860

an intense grid kind of like a mosquito

800

00:31:12,890 --> 00:31:10,230

net yeah in the plane they're just a

801  
00:31:14,240 --> 00:31:12,900  
pencil puncturing that net it really

802  
00:31:16,640 --> 00:31:14,250  
does nothing to the integrity of the

803  
00:31:17,930 --> 00:31:16,650  
structure it's interesting to me that

804  
00:31:21,860 --> 00:31:17,940  
you're hearing this from multiple

805  
00:31:24,110 --> 00:31:21,870  
sources like so long before 9/11 kind of

806  
00:31:26,450 --> 00:31:24,120  
lend some credibility to it to me it's

807  
00:31:27,410 --> 00:31:26,460  
true I mean it's very very true and

808  
00:31:31,010 --> 00:31:27,420  
that's what happened

809  
00:31:32,960 --> 00:31:31,020  
if you think think to the videos of the

810  
00:31:35,210 --> 00:31:32,970  
planes hitting the World Trade Center

811  
00:31:36,410 --> 00:31:35,220  
they just you know from a distance it

812  
00:31:38,630 --> 00:31:36,420  
almost looks like they're melted into

813  
00:31:40,460 --> 00:31:38,640

them when you see it closer up you see

814

00:31:41,900 --> 00:31:40,470

that the hole that they formed but

815

00:31:44,120 --> 00:31:41,910

that's really what happened the

816

00:31:45,650 --> 00:31:44,130

structure of the building did what it

817

00:31:48,050 --> 00:31:45,660

was supposed to do when it was designed

818

00:31:50,870 --> 00:31:48,060

to do which is withstand an impact like

819

00:31:52,520 --> 00:31:50,880

that and and it did it sounds killing

820

00:31:54,440 --> 00:31:52,530

took the fire into account as well the

821

00:31:56,450 --> 00:31:54,450

exact quote I believe is the biggest

822

00:31:57,890 --> 00:31:56,460

problem would be that all the fuel from

823

00:31:59,660 --> 00:31:57,900

the plane would dump into the building

824

00:32:01,820 --> 00:31:59,670

if I happened there would be a her end

825

00:32:03,380 --> 00:32:01,830

fire a lot of people would be killed but

826

00:32:05,990 --> 00:32:03,390

the building structure would still be

827

00:32:09,080 --> 00:32:06,000

there yeah so he was right about the

828

00:32:10,880 --> 00:32:09,090

first thing and that the building was it

829

00:32:12,010 --> 00:32:10,890

would withstand the impact and that's a

830

00:32:14,420 --> 00:32:12,020

fairly straightforward thing to

831

00:32:16,970 --> 00:32:14,430

calculate because he is talking about an

832

00:32:18,710 --> 00:32:16,980

instantaneous redistribution of loads so

833

00:32:20,750 --> 00:32:18,720

that when the planes hit the buildings

834

00:32:22,790 --> 00:32:20,760

they swayed a bit from one side to the

835

00:32:24,470 --> 00:32:22,800

other I think the top of the building

836

00:32:27,230 --> 00:32:24,480

now the calculated it probably moved

837

00:32:28,940 --> 00:32:27,240

like like nine inches or so and yeah

838

00:32:30,530 --> 00:32:28,950

continue to sway a little bit I believe

839

00:32:33,260 --> 00:32:30,540

that there are reports of people saying

840

00:32:36,320 --> 00:32:33,270

the building will swing but that that

841

00:32:40,280 --> 00:32:36,330

was fine here that that all work what

842

00:32:42,500 --> 00:32:40,290

didn't work was the fire ended up doing

843

00:32:45,760 --> 00:32:42,510

more damage then I guess they thought

844

00:32:48,260 --> 00:32:45,770

now I've seen a clip of Shyamsundar

845

00:32:50,690 --> 00:32:48,270

saying the building's wouldn't have

846

00:32:53,150 --> 00:32:50,700

collapsed from the plains and the fires

847

00:32:54,980 --> 00:32:53,160

and the reason that they did was because

848

00:32:56,840 --> 00:32:54,990

the fire proofing was dislodged

849

00:32:58,610 --> 00:32:56,850

yes I've never really come across any

850

00:33:00,020 --> 00:32:58,620

proof of that claim that the fire

851

00:33:02,090 --> 00:33:00,030

proofing was dislodged and I heard a

852

00:33:03,560 --> 00:33:02,100

pretty interesting argument against it

853

00:33:04,790 --> 00:33:03,570

which was related to what you were

854

00:33:06,980 --> 00:33:04,800

talking about with the building swing

855

00:33:08,690 --> 00:33:06,990

mm-hmm and so the eye the eye witness

856

00:33:12,230 --> 00:33:08,700

testimony is that the building didn't

857

00:33:14,510 --> 00:33:12,240

kind of vibrate so much as it swayed all

858

00:33:18,290 --> 00:33:14,520

the way to one side and then swayed back

859

00:33:23,150 --> 00:33:18,300

the other way rather slowly well that's

860

00:33:26,330 --> 00:33:23,160

what you expect right if you please laws

861

00:33:28,160 --> 00:33:26,340

away in US you know you're not gonna get

862

00:33:29,030 --> 00:33:28,170

some kind of sudden movements of the

863

00:33:32,540 --> 00:33:29,040

entire tower

864

00:33:34,010 --> 00:33:32,550

I wouldn't expect the whole building to

865

00:33:35,360 --> 00:33:34,020

suddenly shift to one side that doesn't

866

00:33:38,900 --> 00:33:35,370

make any sense at all because nothing's

867

00:33:41,300 --> 00:33:38,910

so heavy and the plane come here is is a

868

00:33:43,100 --> 00:33:41,310

tiny fraction of that that amount do you

869

00:33:46,220 --> 00:33:43,110

think if you you'd have to imagine like

870

00:33:49,340 --> 00:33:46,230

a I don't know a 200 pound window screen

871

00:33:51,230 --> 00:33:49,350

and then you poke a pen through it but I

872

00:33:53,690 --> 00:33:51,240

say throwing the pen at this 200 pound

873

00:33:56,950 --> 00:33:53,700

window screen yeah you can penetrate it

874

00:34:00,200 --> 00:33:56,960

but it's not going to make you move

875

00:34:03,680 --> 00:34:00,210

right so but you ask you about the

876

00:34:06,170 --> 00:34:03,690

dislodging of the the fireproofing now

877

00:34:08,450 --> 00:34:06,180

all all steel frame buildings have to

878

00:34:09,650 --> 00:34:08,460

have fire proofing around the steel

879

00:34:13,040 --> 00:34:09,660

otherwise they're extraordinarily

880

00:34:13,639 --> 00:34:13,050

vulnerable to fire because steel beam

881

00:34:16,249 --> 00:34:13,649

can heat

882

00:34:18,769 --> 00:34:16,259

up in a matter of minutes with a strong

883

00:34:20,059 --> 00:34:18,779

enough fire and once it was heated up it

884

00:34:23,960 --> 00:34:20,069

loses all the strength of bail so they

885

00:34:25,849 --> 00:34:23,970

all had this fire proofing on so I've

886

00:34:28,509 --> 00:34:25,859

heard richard gage asked this question

887

00:34:32,239 --> 00:34:28,519

and his response was unimpressive but

888

00:34:35,119 --> 00:34:32,249

see the question was you know if if

889

00:34:37,159 --> 00:34:35,129

steel can can handle fire why do we

890

00:34:38,869 --> 00:34:37,169

bother using fire proofing Richards and

891

00:34:41,960 --> 00:34:38,879

he didn't really have an answer for that

892

00:34:43,460 --> 00:34:41,970

but my question then becomes you know

893

00:34:45,559 --> 00:34:43,470

this means the fire provision that's

894

00:34:47,899 --> 00:34:45,569

used on these buildings typically gives

895

00:34:48,980 --> 00:34:47,909

you about two to three hours right so

896

00:34:52,099 --> 00:34:48,990

what about these buildings that have

897

00:34:53,139 --> 00:34:52,109

burned for like 17 18 20 hours surely

898

00:34:55,999 --> 00:34:53,149

the fire proofing

899

00:34:57,710 --> 00:34:56,009

is not a factor after the first few

900

00:35:00,140 --> 00:34:57,720

hours and yet the building continues to

901  
00:35:02,599 --> 00:35:00,150  
burn like a torch for several more hours

902  
00:35:04,730 --> 00:35:02,609  
and didn't client usually what happened

903  
00:35:06,650 --> 00:35:04,740  
is that the fire is moving from one part

904  
00:35:10,370 --> 00:35:06,660  
of the building to another you can't

905  
00:35:14,690 --> 00:35:10,380  
really have a building any fire burning

906  
00:35:16,309 --> 00:35:14,700  
in one spot for five hours right say in

907  
00:35:17,420 --> 00:35:16,319  
like 20 minutes plating you have us

908  
00:35:19,460 --> 00:35:17,430  
young-min or die

909  
00:35:21,140 --> 00:35:19,470  
yeah now you know obviously that will

910  
00:35:24,170 --> 00:35:21,150  
raise questions when we get to World

911  
00:35:26,960 --> 00:35:24,180  
Trade Center building 7 but yeah when

912  
00:35:29,420 --> 00:35:26,970  
you see these building fires they

913  
00:35:33,319 --> 00:35:29,430

typically don't like burn for that long

914

00:35:34,849 --> 00:35:33,329

in underneath one particular beam move

915

00:35:37,759 --> 00:35:34,859

from one spot to another

916

00:35:39,289 --> 00:35:37,769

now World Trade Center 7 which is the

917

00:35:42,589 --> 00:35:39,299

one people like to focus on you're

918

00:35:45,589 --> 00:35:42,599

definitely you can ya ask why you'd that

919

00:35:47,690 --> 00:35:45,599

one collapse when no other building in

920

00:35:49,160 --> 00:35:47,700

history has collapse well it's really

921

00:35:51,769 --> 00:35:49,170

kind of a set of extraordinary

922

00:35:55,099 --> 00:35:51,779

circumstances that caused it to collapse

923

00:36:00,440 --> 00:35:55,109

like first of all World Trade Center one

924

00:36:02,210 --> 00:36:00,450

the North Tower basically collapsed two

925

00:36:04,279 --> 00:36:02,220

blocks away from it

926

00:36:06,859 --> 00:36:04,289

took out most of the windows on the

927

00:36:08,900 --> 00:36:06,869

south side and did quite a chunk of

928

00:36:11,539 --> 00:36:08,910

damage to it and set a whole bunch of

929

00:36:13,249 --> 00:36:11,549

fires throughout the building the NIST

930

00:36:17,089 --> 00:36:13,259

report on building seven the final

931

00:36:18,890 --> 00:36:17,099

report states that neither the damage

932

00:36:21,200 --> 00:36:18,900

from World Trade Center one nor the fuel

933

00:36:22,729 --> 00:36:21,210

tanks in the bottom cleared any kind of

934

00:36:24,440 --> 00:36:22,739

significant role in the class

935

00:36:26,650 --> 00:36:24,450

yeah but the damage from World Trade

936

00:36:29,770 --> 00:36:26,660

Center one is what caused the fires and

937

00:36:31,260 --> 00:36:29,780

it wasn't it wasn't as if that was the

938

00:36:33,580 --> 00:36:31,270

only thing that was going on that day

939

00:36:36,160 --> 00:36:33,590

there were significant challenges in

940

00:36:38,920 --> 00:36:36,170

fighting the fire by the firefighters

941

00:36:42,550 --> 00:36:38,930

and of course they eventually they they

942

00:36:43,870 --> 00:36:42,560

pulled out of the other thing [h\_\_\h] all

943

00:36:46,090 --> 00:36:43,880

right I got to ask you about this Nick

944

00:36:48,690 --> 00:36:46,100

and before I do I'm gonna preface it by

945

00:36:51,940 --> 00:36:48,700

saying that I'm well aware that

946

00:36:55,600 --> 00:36:51,950

eyewitness testimony is probably the

947

00:36:58,810 --> 00:36:55,610

weakest form of evidence there is but it

948

00:37:00,190 --> 00:36:58,820

is admissible in a court of law what do

949

00:37:02,920 --> 00:37:00,200

you make of this claim from Willie

950

00:37:05,380 --> 00:37:02,930

Rodriguez and about 20 other

951  
00:37:07,060 --> 00:37:05,390  
eyewitnesses to an explosion in the

952  
00:37:09,510 --> 00:37:07,070  
basement in the North Tower before the

953  
00:37:12,670 --> 00:37:09,520  
plane hit it gives a quite a detailed

954  
00:37:14,260 --> 00:37:12,680  
account of that and if you watch the

955  
00:37:16,080 --> 00:37:14,270  
footage from the node a brothers

956  
00:37:18,600 --> 00:37:16,090  
documentary or any of the documentaries

957  
00:37:21,760 --> 00:37:18,610  
look at the lobby in the North Tower the

958  
00:37:24,430 --> 00:37:21,770  
marble walls have blown off the windows

959  
00:37:27,610 --> 00:37:24,440  
3-inch glass green stick glass is blown

960  
00:37:29,350 --> 00:37:27,620  
out and I think the I think the official

961  
00:37:31,960 --> 00:37:29,360  
explanation is that it's the jet fuel

962  
00:37:35,410 --> 00:37:31,970  
pouring down the elevator shafts but I

963  
00:37:36,700 --> 00:37:35,420

have a problem with that theory and I

964

00:37:38,140 --> 00:37:36,710

didn't come over this on my own it's

965

00:37:40,900 --> 00:37:38,150

actually in that film the new Pearl

966

00:37:42,130 --> 00:37:40,910

Harbor but it makes sense to me is that

967

00:37:45,580 --> 00:37:42,140

they're not taking into account the

968

00:37:48,280 --> 00:37:45,590

volumes involved there the Twin Tower is

969

00:37:50,080 --> 00:37:48,290

like something like a million cubic

970

00:37:53,770 --> 00:37:50,090

yards or cubic feet or something like

971

00:37:55,570 --> 00:37:53,780

that and the jet fuel first of all

972

00:37:58,750 --> 00:37:55,580

there's 10,000 gallons in each plane

973

00:38:00,580 --> 00:37:58,760

right kind of impact much of that is

974

00:38:03,880 --> 00:38:00,590

burned off initially in the in the

975

00:38:06,280 --> 00:38:03,890

fireball and it hits the tower some of

976  
00:38:08,920 --> 00:38:06,290  
it has to be sprayed around and sparked

977  
00:38:10,810 --> 00:38:08,930  
fires yeah it's not really a whole lot

978  
00:38:13,750 --> 00:38:10,820  
of jet fuel left over to be pouring down

979  
00:38:16,360 --> 00:38:13,760  
a thousand feet well I wish you add a

980  
00:38:19,840 --> 00:38:16,370  
triangular mmm how much you think you

981  
00:38:24,460 --> 00:38:22,390  
the film shows an in scale graphic of

982  
00:38:26,170 --> 00:38:24,470  
what the volume of the jet shoe looks

983  
00:38:27,700 --> 00:38:26,180  
like next to the volume of the tower and

984  
00:38:30,340 --> 00:38:27,710  
they're kind of learning but we're

985  
00:38:33,810 --> 00:38:30,350  
talking here about the explosion in the

986  
00:38:36,310 --> 00:38:33,820  
lobby this is another bit of 9/11 truth

987  
00:38:38,320 --> 00:38:36,320  
you know something that's commonly

988  
00:38:40,300 --> 00:38:38,330

commonly repeated so there's this

989

00:38:42,310 --> 00:38:40,310

problem with why was there an explosion

990

00:38:44,320 --> 00:38:42,320

in the lobby and the idea I guess is

991

00:38:45,880 --> 00:38:44,330

that there was perhaps an hurdle I'm not

992

00:38:49,630 --> 00:38:45,890

sure what people are suggesting what

993

00:38:51,340 --> 00:38:49,640

happened like there was a one of the pre

994

00:38:53,500 --> 00:38:51,350

planted explosives went off too early or

995

00:38:56,620 --> 00:38:53,510

something like that or was it you know

996

00:38:59,470 --> 00:38:56,630

the allegation is that okay when you do

997

00:39:00,790 --> 00:38:59,480

a controlled demolition right uh-huh not

998

00:39:02,860 --> 00:39:00,800

just the World Trade Center but any

999

00:39:06,490 --> 00:39:02,870

building has a large redundancy factor

1000

00:39:07,690 --> 00:39:06,500

so you can't just do the final sequence

1001  
00:39:09,100 --> 00:39:07,700  
right away and bring the building down

1002  
00:39:11,230 --> 00:39:09,110  
there's usually a series of preliminary

1003  
00:39:13,350 --> 00:39:11,240  
explosions that's necessary to weaken

1004  
00:39:15,040 --> 00:39:13,360  
the building in the series that

1005  
00:39:18,400 --> 00:39:15,050  
obviously they weren't going to detonate

1006  
00:39:21,250 --> 00:39:18,410  
those all next to each other so they

1007  
00:39:22,750 --> 00:39:21,260  
spaced them out I guess I don't think

1008  
00:39:24,910 --> 00:39:22,760  
miscalculated at the time and that one

1009  
00:39:27,660 --> 00:39:24,920  
went off too early but that that's

1010  
00:39:29,950 --> 00:39:27,670  
that's the allegation about the

1011  
00:39:31,840 --> 00:39:29,960  
explosions that happened before the nest

1012  
00:39:34,800 --> 00:39:31,850  
that makes any year do you think that's

1013  
00:39:37,030 --> 00:39:34,810

a good theory that's worth consideration

1014

00:39:39,400 --> 00:39:37,040

there are some videos of controlled

1015

00:39:41,350 --> 00:39:39,410

demolitions where they show that process

1016

00:39:42,550 --> 00:39:41,360

but that was a battery like about an

1017

00:39:45,970 --> 00:39:42,560

hour before the building actually

1018

00:39:48,370 --> 00:39:45,980

collapsed you don't see controlled

1019

00:39:50,380 --> 00:39:48,380

demolitions where they do one explosion

1020

00:39:53,440 --> 00:39:50,390

and then wait an hour and then bring the

1021

00:39:54,730 --> 00:39:53,450

building down no I mean everybody knows

1022

00:39:56,410 --> 00:39:54,740

that if these were controlled

1023

00:39:59,380 --> 00:39:56,420

demolitions they were obviously unique

1024

00:40:01,990 --> 00:39:59,390

and I mean I don't think I don't think

1025

00:40:04,150 --> 00:40:02,000

if World Trade Center 7 was a demolition

1026

00:40:06,730 --> 00:40:04,160

I think it would have been the biggest

1027

00:40:08,680 --> 00:40:06,740

building ever demolished let's see maybe

1028

00:40:12,370 --> 00:40:08,690

we could do some like real time

1029

00:40:13,060 --> 00:40:12,380

debunking here like you know you hear

1030

00:40:14,950 --> 00:40:13,070

about this

1031

00:40:16,870 --> 00:40:14,960

this thing like the jet fueled down the

1032

00:40:18,640 --> 00:40:16,880

elevator shaft and there wouldn't be

1033

00:40:24,570 --> 00:40:18,650

enough jet fuel to cause an explosion to

1034

00:40:28,630 --> 00:40:24,580

cause the damage in in in the lobby so

1035

00:40:32,380 --> 00:40:28,640

let's say let's try to figure out how

1036

00:40:33,849 --> 00:40:32,390

much jet fuel will be needed I

1037

00:40:36,370 --> 00:40:33,859

it wouldn't be that difficult like let's

1038

00:40:39,160 --> 00:40:36,380

say stay we replace the jet fuel with

1039

00:40:42,099 --> 00:40:39,170

dynamite how many sticks of Dynamite's

1040

00:40:45,130 --> 00:40:42,109

would it take to I think he's different

1041

00:40:47,019 --> 00:40:45,140

do that damn you know is that dynamite

1042

00:40:49,029 --> 00:40:47,029

just explodes as the Jets who was

1043

00:40:50,920 --> 00:40:49,039

pouring down it's probably already on

1044

00:40:53,170 --> 00:40:50,930

fire and already burning as it's coming

1045

00:40:56,349 --> 00:40:53,180

down the elevators so it would be like a

1046

00:40:58,390 --> 00:40:56,359

essentially a fuel-air explosion where

1047

00:41:01,990 --> 00:40:58,400

the it would be atomized as it came down

1048

00:41:03,880 --> 00:41:02,000

the shaft and then ignited when it you

1049

00:41:07,059 --> 00:41:03,890

know got to the bottom and it would I

1050

00:41:08,829 --> 00:41:07,069

guess like there the flame front would

1051  
00:41:11,289 --> 00:41:08,839  
come down the shaft all the way down to

1052  
00:41:13,900 --> 00:41:11,299  
be a big explosion of the fuel at the

1053  
00:41:16,630 --> 00:41:13,910  
bottom of the shaft well you know say

1054  
00:41:18,160 --> 00:41:16,640  
like some fuel got to the bottom and it

1055  
00:41:20,500 --> 00:41:18,170  
was splashing around so it's were kind

1056  
00:41:21,730 --> 00:41:20,510  
of all up in the air you know he fell

1057  
00:41:23,049 --> 00:41:21,740  
from the top so it's almost gonna be all

1058  
00:41:24,609 --> 00:41:23,059  
these tiny drops boat owner gets to the

1059  
00:41:26,410 --> 00:41:24,619  
bottom but it's just like let's just do

1060  
00:41:30,670 --> 00:41:26,420  
a real simple energy calculation I'm

1061  
00:41:36,849 --> 00:41:30,680  
gonna look up energy now fuel air

1062  
00:41:38,079 --> 00:41:36,859  
explosions you know how cars work they

1063  
00:41:41,650 --> 00:41:38,089

you know I don't know anything about

1064

00:41:43,299 --> 00:41:41,660

cars we you seem I'm not joking I really

1065

00:41:45,069 --> 00:41:43,309

don't ya know if you you will have seen

1066

00:41:48,279 --> 00:41:45,079

at least like the basic you know you

1067

00:41:50,859 --> 00:41:48,289

know a car runs on gasoline right yeah

1068

00:41:52,390 --> 00:41:50,869

and the gasoline is burnt in the engine

1069

00:41:56,079 --> 00:41:52,400

and it pushes the cylinders around

1070

00:41:57,940 --> 00:41:56,089

mm-hmm now the way it it pushes the

1071

00:41:59,710 --> 00:41:57,950

cylinders no which rotates the the

1072

00:42:01,210 --> 00:41:59,720

crankshaft which rotates the the real

1073

00:42:04,089 --> 00:42:01,220

the wheel which rotates the in the main

1074

00:42:06,880 --> 00:42:04,099

axle is the basically used tiny little

1075

00:42:11,650 --> 00:42:06,890

explosions and they only use a really

1076  
00:42:16,210 --> 00:42:11,660  
really small amount of gasoline at once

1077  
00:42:19,980 --> 00:42:16,220  
like each time the engine good each one

1078  
00:42:23,740 --> 00:42:19,990  
of those little pops in a car engine is

1079  
00:42:25,900 --> 00:42:23,750  
essentially an explosion and you know a

1080  
00:42:30,249 --> 00:42:25,910  
car engine can last a really really long

1081  
00:42:32,289 --> 00:42:30,259  
time on just one one gallon of gasoline

1082  
00:42:35,099 --> 00:42:32,299  
yeah you could actually sit an idle your

1083  
00:42:38,920 --> 00:42:35,109  
engine for like you know probably like

1084  
00:42:41,400 --> 00:42:38,930  
several hours on on one gallon how

1085  
00:42:45,190 --> 00:42:41,410  
efficient you are and it's actually

1086  
00:42:46,240 --> 00:42:45,200  
explosions going off constantly now if

1087  
00:42:48,610 --> 00:42:46,250  
you were to make essentially

1088  
00:42:51,370 --> 00:42:48,620

like a really really big car cylinder

1089

00:42:53,610 --> 00:42:51,380

and get the gasoline into this this car

1090

00:42:56,320 --> 00:42:53,620

cylinder in a way that it was kind of

1091

00:42:59,680 --> 00:42:56,330

kept atomized in the same way it is like

1092

00:43:04,030 --> 00:42:59,690

when he sprayed in into a car cylinder

1093

00:43:06,070 --> 00:43:04,040

engine you could think of the the lift

1094

00:43:11,050 --> 00:43:06,080

shaft of the World Trade Center as being

1095

00:43:14,200 --> 00:43:11,060

like that that car cylinder and when

1096

00:43:17,080 --> 00:43:14,210

this jet fuel which is essentially very

1097

00:43:20,110 --> 00:43:17,090

similar to gasoline gets at the bottom

1098

00:43:24,100 --> 00:43:20,120

of this this cylinder the the lift shaft

1099

00:43:26,080 --> 00:43:24,110

and then gets ignited you've got an

1100

00:43:28,030 --> 00:43:26,090

explosion like a car cylinder except a

1101  
00:43:29,830 --> 00:43:28,040  
much bigger one instead of it being like

1102  
00:43:34,510 --> 00:43:29,840  
you know two five cubic inches or

1103  
00:43:36,370 --> 00:43:34,520  
something it's just a is this this huge

1104  
00:43:38,740 --> 00:43:36,380  
you know several cubic feet you know

1105  
00:43:40,900 --> 00:43:38,750  
hundreds of cubic feet so you get this

1106  
00:43:42,880 --> 00:43:40,910  
there's this very very large explosion

1107  
00:43:45,760 --> 00:43:42,890  
from a relatively small amount of

1108  
00:43:47,470 --> 00:43:45,770  
gasoline and I don't know if that sounds

1109  
00:43:50,410 --> 00:43:47,480  
does that sound like a bit of hand

1110  
00:43:52,660 --> 00:43:50,420  
waving to you or does it make any sense

1111  
00:43:54,010 --> 00:43:52,670  
there's mother that's hand waving it's a

1112  
00:43:59,320 --> 00:43:54,020  
little bit over my head

1113  
00:44:03,070 --> 00:43:59,330

all right the other hood of a flower

1114

00:44:05,370 --> 00:44:03,080

explosion or what a flower explosion

1115

00:44:08,020 --> 00:44:05,380

like the flower that you make bread with

1116

00:44:11,920 --> 00:44:08,030

no no this is something relevant

1117

00:44:14,830 --> 00:44:11,930

sometimes in in Mills if the flower gets

1118

00:44:16,420 --> 00:44:14,840

in the air and it's just kind of

1119

00:44:18,310 --> 00:44:16,430

suspended in the air like all this dust

1120

00:44:21,280 --> 00:44:18,320

if there's a spark it can actually

1121

00:44:25,690 --> 00:44:21,290

explode and sometimes you you get these

1122

00:44:29,350 --> 00:44:25,700

flour mills exploding just from flour in

1123

00:44:32,710 --> 00:44:29,360

the air it's if you get a substance that

1124

00:44:34,030 --> 00:44:32,720

burns and you you have an atomized yes

1125

00:44:36,520 --> 00:44:34,040

so it's kind of like a spray like an

1126  
00:44:38,890 --> 00:44:36,530  
aerosol spray in the air and then you

1127  
00:44:41,380 --> 00:44:38,900  
ignite it it burns very very rapidly

1128  
00:44:44,710 --> 00:44:41,390  
essentially it explodes explosion is

1129  
00:44:47,380 --> 00:44:44,720  
just rapid confused combustion so it

1130  
00:44:51,970 --> 00:44:47,390  
doesn't actually take very much jet fuel

1131  
00:44:53,740 --> 00:44:51,980  
to create a large explosion especially

1132  
00:44:58,000 --> 00:44:53,750  
if it's been atomized by say falling

1133  
00:44:59,530 --> 00:44:58,010  
down a lift shaft and the explosion

1134  
00:45:01,120 --> 00:44:59,540  
itself actually further atomizers

1135  
00:45:03,880 --> 00:45:01,130  
or stuff around it and that's why you

1136  
00:45:06,130 --> 00:45:03,890  
get this big fireball explosions and you

1137  
00:45:08,530 --> 00:45:06,140  
don't actually need that much I think a

1138  
00:45:10,690 --> 00:45:08,540

gallon of jet fuel

1139

00:45:13,300 --> 00:45:10,700

I looked it up for a while ago but I

1140

00:45:14,740 --> 00:45:13,310

can't fight it right now is the

1141

00:45:18,400 --> 00:45:14,750

equivalent to something like five sticks

1142

00:45:19,990 --> 00:45:18,410

of dynamite and you know how much damage

1143

00:45:22,930 --> 00:45:20,000

you can do with like a few sticks of

1144

00:45:26,290 --> 00:45:22,940

dynamite so even if something as small

1145

00:45:29,890 --> 00:45:26,300

say 10 gallons of jet fuel made it to

1146

00:45:34,000 --> 00:45:29,900

the bottom of that that shaft it could

1147

00:45:37,480 --> 00:45:34,010

do an explosion equivalent to say fifty

1148

00:45:40,320 --> 00:45:37,490

sticks of dynamite like a big crate of

1149

00:45:43,480 --> 00:45:40,330

dynamite essentially which I think

1150

00:45:45,490 --> 00:45:43,490

you've seen enough movies to know that a

1151  
00:45:48,070 --> 00:45:45,500  
crater dynamite is enough to do quite a

1152  
00:45:51,700 --> 00:45:48,080  
lot of damage hey Mick if you have any

1153  
00:45:53,260 --> 00:45:51,710  
um sources or calculations on there send

1154  
00:45:55,450 --> 00:45:53,270  
them to me please I'd like to review it

1155  
00:45:57,910 --> 00:45:55,460  
yes I just looked up and the source is

1156  
00:45:59,530 --> 00:45:57,920  
actually a single it says here a single

1157  
00:46:04,060 --> 00:45:59,540  
gallon of gasoline has the explosive

1158  
00:46:07,480 --> 00:46:04,070  
energy of 83 sticks of dynamite Wow

1159  
00:46:10,840 --> 00:46:07,490  
this is uh this is actually from an

1160  
00:46:12,670 --> 00:46:10,850  
article for farmers like saying they

1161  
00:46:15,760 --> 00:46:12,680  
have to be careful about empty

1162  
00:46:18,330 --> 00:46:15,770  
containers it's actually got gasoline in

1163  
00:46:21,850 --> 00:46:18,340

it still here like in the vapor form a

1164

00:46:24,660 --> 00:46:21,860

250 gallon fuel tank there has one

1165

00:46:28,060 --> 00:46:24,670

gallon of residual gasoline in it

1166

00:46:29,950 --> 00:46:28,070

can come if it vaporizes and then

1167

00:46:31,810 --> 00:46:29,960

ignites in that situation it's the

1168

00:46:33,760 --> 00:46:31,820

explosive energy of 83 sticks of

1169

00:46:35,440 --> 00:46:33,770

dynamite I will send you the link to

1170

00:46:37,780 --> 00:46:35,450

that spread it's the Purdue News and the

1171

00:46:39,910 --> 00:46:37,790

article is titled farmers should use

1172

00:46:42,580 --> 00:46:39,920

extra caution with gasoline so that's

1173

00:46:43,570 --> 00:46:42,590

just one one gallon I thought it was far

1174

00:46:46,270 --> 00:46:43,580

less than that I'm quite surprised

1175

00:46:48,190 --> 00:46:46,280

socially eighty-three sticks of dynamite

1176

00:46:52,300 --> 00:46:48,200

thank you for your information

1177

00:46:55,840 --> 00:46:52,310

um this is what Rodriguez said this is

1178

00:46:57,940 --> 00:46:55,850

curious to me he said I remember the

1179

00:47:00,310 --> 00:46:57,950

exact words at the beginning of the

1180

00:47:02,650 --> 00:47:00,320

quote but he said it was you know going

1181

00:47:05,140 --> 00:47:02,660

about his business that day when he

1182

00:47:07,930 --> 00:47:05,150

heard it was an explosion so hard that

1183

00:47:10,780 --> 00:47:07,940

it pushed him upwards it came from the

1184

00:47:13,029 --> 00:47:10,790

b2 level or the b3 level and he thought

1185

00:47:14,769 --> 00:47:13,039

that a generator had exploded

1186

00:47:17,199 --> 00:47:14,779

mm-hmm and when he went to verbalize

1187

00:47:19,599 --> 00:47:17,209

that thought he heard boom the impact of

1188

00:47:21,309 --> 00:47:19,609

a plane on the top and he said now 20

1189

00:47:23,079 --> 00:47:21,319

years working in the building you know

1190

00:47:24,969 --> 00:47:23,089

the difference between these two

1191

00:47:27,219 --> 00:47:24,979

different events one explosions on the

1192

00:47:30,969 --> 00:47:27,229

bottom first that pushed me upwards and

1193

00:47:33,489 --> 00:47:30,979

then playing on the top yeah yeah I

1194

00:47:36,130 --> 00:47:33,499

think there's a number of things you can

1195

00:47:38,589 --> 00:47:36,140

talk about there like when did he first

1196

00:47:40,479 --> 00:47:38,599

tell that story I don't know yeah I mean

1197

00:47:42,640 --> 00:47:40,489

if he told it even like six months

1198

00:47:45,640 --> 00:47:42,650

afterwards is he remembering it

1199

00:47:48,159 --> 00:47:45,650

correctly like you know like when things

1200

00:47:51,009 --> 00:47:48,169

happen you can very easily confuse the

1201  
00:47:54,159 --> 00:47:51,019  
order in which things happened as you

1202  
00:47:57,519 --> 00:47:54,169  
get old if you I'm talking about myself

1203  
00:47:59,409 --> 00:47:57,529  
here and not him you recognize that your

1204  
00:48:03,669 --> 00:47:59,419  
memory isn't perfect so it could be that

1205  
00:48:05,759 --> 00:48:03,679  
on the day he experienced explosions and

1206  
00:48:07,809 --> 00:48:05,769  
noises and things like that and

1207  
00:48:09,759 --> 00:48:07,819  
obviously he was an extraordinary

1208  
00:48:11,499 --> 00:48:09,769  
stressful situation and he didn't stop

1209  
00:48:14,079 --> 00:48:11,509  
to think why wonder why it happened in

1210  
00:48:16,359 --> 00:48:14,089  
that auto cuz he he had no idea what was

1211  
00:48:17,709 --> 00:48:16,369  
actually happening he didn't he didn't

1212  
00:48:19,539 --> 00:48:17,719  
like think oh that's the plane hitting

1213  
00:48:22,089 --> 00:48:19,549

the building because he didn't know a

1214

00:48:24,159 --> 00:48:22,099

plane was hitting the building so how is

1215

00:48:26,380 --> 00:48:24,169

he knowing what order things actually

1216

00:48:28,749 --> 00:48:26,390

happened and if he doesn't know what's

1217

00:48:30,659 --> 00:48:28,759

actually going on I think basically what

1218

00:48:33,009 --> 00:48:30,669

you got there is someone who just

1219

00:48:35,859 --> 00:48:33,019

doesn't remember the exact order of

1220

00:48:37,419 --> 00:48:35,869

things happening and then later thinks

1221

00:48:39,189 --> 00:48:37,429

he remembered that and he became

1222

00:48:41,890 --> 00:48:39,199

convinced that that's what happened I

1223

00:48:44,529 --> 00:48:41,900

actually interviewed a couple of weeks

1224

00:48:47,529 --> 00:48:44,539

ago one of the world's leading experts

1225

00:48:50,529 --> 00:48:47,539

on false memories and a Miss Elizabeth

1226

00:48:53,079 --> 00:48:50,539

Loftus you know that name have two

1227

00:48:54,969 --> 00:48:53,089

degrees in psychology so I think came up

1228

00:48:56,049 --> 00:48:54,979

at some point of my study yeah and as

1229

00:48:57,519 --> 00:48:56,059

she probably would because she's been

1230

00:48:59,289 --> 00:48:57,529

there she's been studying this type of

1231

00:49:02,079 --> 00:48:59,299

thing for a long time and she's

1232

00:49:05,349 --> 00:49:02,089

basically demonstrates just how easy it

1233

00:49:06,279 --> 00:49:05,359

is for people to form false memories you

1234

00:49:08,169 --> 00:49:06,289

know people can have false memories

1235

00:49:12,009 --> 00:49:08,179

implanted deliberately but they can also

1236

00:49:14,649 --> 00:49:12,019

just form on their own and and it's not

1237

00:49:16,359 --> 00:49:14,659

just almost like not a false memory like

1238

00:49:18,189 --> 00:49:16,369

not remembering what order something

1239

00:49:21,399 --> 00:49:18,199

happened in like did I do this before I

1240

00:49:23,979 --> 00:49:21,409

did this you know you go on a vacation

1241

00:49:26,289 --> 00:49:23,989

you can't remember like did I go to this

1242

00:49:26,920 --> 00:49:26,299

this spot before I went to that spot you

1243

00:49:28,510 --> 00:49:26,930

know

1244

00:49:30,339 --> 00:49:28,520

remember which order you did things and

1245

00:49:32,920 --> 00:49:30,349

yeah you know even even personally I

1246

00:49:35,589 --> 00:49:32,930

have memories of my that I from my own

1247

00:49:37,990 --> 00:49:35,599

past that I know are wrong right yeah

1248

00:49:39,910 --> 00:49:38,000

because I like I remember doing this and

1249

00:49:42,670 --> 00:49:39,920

then doing this and then when I look at

1250

00:49:44,079 --> 00:49:42,680

the actual facts for the circumstances

1251

00:49:45,280 --> 00:49:44,089

well I didn't even know that person at

1252

00:49:47,319 --> 00:49:45,290

that time so it couldn't have been you

1253

00:49:49,870 --> 00:49:47,329

know I mean yeah yeah I sometimes catch

1254

00:49:51,670 --> 00:49:49,880

myself almost like falling into these

1255

00:49:53,260 --> 00:49:51,680

false memories like I think oh yeah I

1256

00:49:56,710 --> 00:49:53,270

can I know I know that didn't actually

1257

00:49:58,809 --> 00:49:56,720

happen so yeah things you could would

1258

00:50:01,059 --> 00:49:58,819

but once she starts if you don't catch

1259

00:50:02,349 --> 00:50:01,069

yourself or if you don't have some way

1260

00:50:04,599 --> 00:50:02,359

of verifying you know what actually

1261

00:50:07,240 --> 00:50:04,609

happened then yeah you get stuck with

1262

00:50:09,250 --> 00:50:07,250

this false memory and I think you know

1263

00:50:12,280 --> 00:50:09,260

that's probably what happened to this

1264

00:50:15,970 --> 00:50:12,290

guy maybe it could be it could be like

1265

00:50:17,349 --> 00:50:15,980

another alternative is that he didn't

1266

00:50:23,109 --> 00:50:17,359

actually hear the plane hit the building

1267

00:50:24,849 --> 00:50:23,119

and that what he heard first was the

1268

00:50:25,870 --> 00:50:24,859

explosion you know the fuel went down

1269

00:50:28,270 --> 00:50:25,880

and the second thing he heard was

1270

00:50:29,620 --> 00:50:28,280

something like an elevated car falling

1271

00:50:31,420 --> 00:50:29,630

from the top of the building and

1272

00:50:33,630 --> 00:50:31,430

impacting the bottom of the building I

1273

00:50:36,099 --> 00:50:33,640

was talking about Larry Silverstein

1274

00:50:38,440 --> 00:50:36,109

Larry Silverstein acquired the World

1275

00:50:40,270 --> 00:50:38,450

Trade Center he already owned building

1276

00:50:42,930 --> 00:50:40,280

seven but he acquired the towers I think

1277

00:50:45,220 --> 00:50:42,940

something like six weeks before 9/11 and

1278

00:50:47,680 --> 00:50:45,230

you know a lot is made about this

1279

00:50:52,240 --> 00:50:47,690

insurance policy that he took out to my

1280

00:50:54,630 --> 00:50:52,250

mind you know the World Trade Center was

1281

00:50:56,799 --> 00:50:54,640

attacked in 1993 so it's not completely

1282

00:50:59,620 --> 00:50:56,809

implausible that somebody would take out

1283

00:51:02,349 --> 00:50:59,630

an insurance policy regarding terrorism

1284

00:51:04,750 --> 00:51:02,359

being that the building was already

1285

00:51:06,609 --> 00:51:04,760

attacked once before what puzzles me

1286

00:51:07,839 --> 00:51:06,619

about that is not so much the insurance

1287

00:51:10,359 --> 00:51:07,849

policy by itself

1288

00:51:11,799 --> 00:51:10,369

why did you even acquired the towers to

1289

00:51:14,020 --> 00:51:11,809

begin with for any reason I mean they

1290

00:51:16,180 --> 00:51:14,030

were they were a disaster there were

1291

00:51:18,039 --> 00:51:16,190

more of a liability than they were a

1292

00:51:21,280 --> 00:51:18,049

commodity at that point with all the

1293

00:51:25,289 --> 00:51:21,290

asbestos and in there like I'm not a

1294

00:51:27,970 --> 00:51:25,299

real estate expert that's Donald Trump

1295

00:51:29,799 --> 00:51:27,980

he was a New York billionaire to talk to

1296

00:51:33,370 --> 00:51:29,809

Donald Trump no thank you

1297

00:51:36,400 --> 00:51:33,380

I think he acquired them because he

1298

00:51:40,359 --> 00:51:36,410

thought he could make money so obviously

1299

00:51:43,930 --> 00:51:40,369

he there was some path to making my

1300

00:51:46,839 --> 00:51:43,940

he he had seen he had this his

1301  
00:51:48,099 --> 00:51:46,849  
accountants had calculated would happen

1302  
00:51:51,609 --> 00:51:48,109  
like he probably got them for a

1303  
00:51:54,009 --> 00:51:51,619  
reasonably cheap price they they were

1304  
00:51:56,890 --> 00:51:54,019  
being rented out so there was like you

1305  
00:51:59,289 --> 00:51:56,900  
know just this lot miss income from them

1306  
00:52:01,120 --> 00:51:59,299  
and they did have retaining wall value

1307  
00:52:03,970 --> 00:52:01,130  
so they could be resold in the future

1308  
00:52:05,769 --> 00:52:03,980  
and they did have like obviously they

1309  
00:52:08,170 --> 00:52:05,779  
had problems with asbestos and stuff

1310  
00:52:11,319 --> 00:52:08,180  
like that but that was being remediated

1311  
00:52:14,140 --> 00:52:11,329  
I mean I don't know exactly what the the

1312  
00:52:16,950 --> 00:52:14,150  
numbers are they put the cost but the of

1313  
00:52:21,640 --> 00:52:16,960

the removal of doing the house who did I

1314

00:52:23,829 --> 00:52:21,650

picked the Port Authority yeah so I mean

1315

00:52:25,809 --> 00:52:23,839

how will how much would the World Trade

1316

00:52:29,079 --> 00:52:25,819

Center be worth now if it was still

1317

00:52:33,759 --> 00:52:29,089

standing and had all the healthiest

1318

00:52:35,589 --> 00:52:33,769

asbestos removed hmm I don't know I mean

1319

00:52:39,299 --> 00:52:35,599

it probably is quite a valuable building

1320

00:52:42,160 --> 00:52:39,309

really they will trace into one now is

1321

00:52:45,370 --> 00:52:42,170

probably costs worth well over a billion

1322

00:52:49,239 --> 00:52:45,380

dollars so I think yeah when when you

1323

00:52:51,640 --> 00:52:49,249

buy a building you're looking at the 30

1324

00:52:54,460 --> 00:52:51,650

to 50 year timeline of making money from

1325

00:52:55,390 --> 00:52:54,470

it you know buying a building just

1326

00:52:57,999 --> 00:52:55,400

thinking that you know it's going to

1327

00:53:00,549 --> 00:52:58,009

increase in value either it's part of

1328

00:53:01,839 --> 00:53:00,559

some great satanic plot or his

1329

00:53:03,029 --> 00:53:01,849

accountants figure out some way of

1330

00:53:09,190 --> 00:53:03,039

making money from it

1331

00:53:10,539 --> 00:53:09,200

ASA's England I guess yeah as I didn't

1332

00:53:13,930 --> 00:53:10,549

mean to say satanic they're just you

1333

00:53:18,640 --> 00:53:13,940

just blocked out it was just some I know

1334

00:53:21,099 --> 00:53:18,650

no evil plot let's say that but yes sir

1335

00:53:22,779 --> 00:53:21,109

I think I don't think okay I had a guy I

1336

00:53:25,210 --> 00:53:22,789

had a guy in the 9/11 truth movement

1337

00:53:29,039 --> 00:53:25,220

recently trying to convince me that 9/11

1338

00:53:33,700 --> 00:53:29,049

was a satanic cult operation and that

1339

00:53:38,950 --> 00:53:33,710

the numbers of all the flight numbers

1340

00:53:41,140 --> 00:53:38,960

and everything or a satanic code like I

1341

00:53:44,109 --> 00:53:41,150

mean that's not typical obviously most

1342

00:53:47,499 --> 00:53:44,119

people are not like that but he get a

1343

00:53:49,960 --> 00:53:47,509

few people because you know he say the

1344

00:53:53,890 --> 00:53:49,970

the movements kind of being I don't know

1345

00:53:55,420 --> 00:53:53,900

kind of dying off to a degree and so

1346

00:53:56,920 --> 00:53:55,430

I wonder if that kind of like makes it

1347

00:54:00,310 --> 00:53:56,930

filter down a little bit more to the

1348

00:54:03,010 --> 00:54:00,320

more hardline people that the no more

1349

00:54:05,380 --> 00:54:03,020

eccentric people are yeah one of my

1350

00:54:07,360 --> 00:54:05,390

theories is that certain people are just

1351

00:54:08,710 --> 00:54:07,370

so desperate to have people in the

1352

00:54:10,360 --> 00:54:08,720

movement that agree with them that they

1353

00:54:13,680 --> 00:54:10,370

open their arms to anybody no matter how

1354

00:54:16,540 --> 00:54:13,690

wacky their theories are and my theory

1355

00:54:20,100 --> 00:54:16,550

hey I wanted to ask you something

1356

00:54:22,780 --> 00:54:20,110

I saw in the 9/11 truth action projects

1357

00:54:28,240 --> 00:54:22,790

websites they have this section called

1358

00:54:30,400 --> 00:54:28,250

dr. T Ruth's mental health and 9/11 and

1359

00:54:33,940 --> 00:54:30,410

it's got a bunch of kind of interesting

1360

00:54:35,410 --> 00:54:33,950

articles there's an article I think dr.

1361

00:54:37,720 --> 00:54:35,420

T Ruth or misinformation and

1362

00:54:39,250 --> 00:54:37,730

disinformation and it's it's actually

1363

00:54:41,650 --> 00:54:39,260

kind of an interesting article because

1364

00:54:43,630 --> 00:54:41,660

it's it's talking about how you need to

1365

00:54:45,340 --> 00:54:43,640

have respect for other people and you

1366

00:54:48,610 --> 00:54:45,350

need to be polite

1367

00:54:50,050 --> 00:54:48,620

when discussing topics with them and you

1368

00:54:51,670 --> 00:54:50,060

know you don't want to get angry and

1369

00:54:55,180 --> 00:54:51,680

start shouting at them and accusing them

1370

00:54:58,090 --> 00:54:55,190

of being being skills actually thought

1371

00:55:01,630 --> 00:54:58,100

it was like a pretty good article in the

1372

00:55:03,520 --> 00:55:01,640

general the general gist of it because

1373

00:55:06,180 --> 00:55:03,530

it's kind of like what I say I tell

1374

00:55:08,200 --> 00:55:06,190

people that you need to be respectful of

1375

00:55:10,030 --> 00:55:08,210

people when you're talking to them and

1376

00:55:11,970 --> 00:55:10,040

you don't want to get angry and that you

1377

00:55:15,250 --> 00:55:11,980

you could it be you know open-minded you

1378

00:55:16,600 --> 00:55:15,260

know one of you can wonder yeah yeah

1379

00:55:19,660 --> 00:55:16,610

like you want to have a genuine

1380

00:55:21,580 --> 00:55:19,670

discussion with them it's interesting it

1381

00:55:24,970 --> 00:55:21,590

is this guy who wrote it was his name

1382

00:55:27,040 --> 00:55:24,980

doctor I see a doctor Christopher Gruner

1383

00:55:29,430 --> 00:55:27,050

do you know do you know this person no I

1384

00:55:32,560 --> 00:55:29,440

don't this is a mental health counselor

1385

00:55:34,390 --> 00:55:32,570

what if I've not I've not explored that

1386

00:55:37,450 --> 00:55:34,400

section of the website to be honest

1387

00:55:39,240 --> 00:55:37,460

yeah probably well yeah it was

1388

00:55:43,660 --> 00:55:39,250

interesting because it was a fairly

1389

00:55:48,580 --> 00:55:43,670

prominent part of the website like if he

1390

00:55:50,260 --> 00:55:48,590

goes in 911 tap org on the the top

1391

00:55:54,220 --> 00:55:50,270

there's like a little menu and it says

1392

00:55:56,830 --> 00:55:54,230

like about as media contact us and then

1393

00:55:58,240 --> 00:55:56,840

dr. T Ruth so there's like he has six

1394

00:56:01,270 --> 00:55:58,250

things on the top and that's like right

1395

00:56:03,190 --> 00:56:01,280

there in the middle of it and the first

1396

00:56:04,720 --> 00:56:03,200

thing I see actually I'm not even

1397

00:56:07,630 --> 00:56:04,730

looking at that page but the first thing

1398

00:56:10,150 --> 00:56:07,640

I don't know Ivan truth homepages

1399

00:56:14,470 --> 00:56:10,160

ecological warfare it seems like there's

1400

00:56:16,960 --> 00:56:14,480

a lot of focus on psychology do you get

1401  
00:56:19,330 --> 00:56:16,970  
that that sense that people talk about

1402  
00:56:22,120 --> 00:56:19,340  
that RDA do you think it's still more

1403  
00:56:23,860 --> 00:56:22,130  
about the physics than than that I think

1404  
00:56:26,070 --> 00:56:23,870  
it's still more about the physical I

1405  
00:56:28,630 --> 00:56:26,080  
don't come across too much talk about

1406  
00:56:31,330 --> 00:56:28,640  
mental health and psychology and in my

1407  
00:56:34,390 --> 00:56:31,340  
travels anyway yeah

1408  
00:56:37,080 --> 00:56:34,400  
Essaouira I guess a YouTube video a

1409  
00:56:40,930 --> 00:56:37,090  
while back and it was basically

1410  
00:56:43,960 --> 00:56:40,940  
diagnosing debunkers like myself as

1411  
00:56:48,250 --> 00:56:43,970  
being mentally ill because we're unable

1412  
00:56:50,830 --> 00:56:48,260  
to open our eyes to the reality of 911

1413  
00:56:54,880 --> 00:56:50,840

to be fair we've been painted by with

1414

00:56:56,020 --> 00:56:54,890

that brush for years yeah but do you

1415

00:57:00,490 --> 00:56:56,030

actually think it's true in the other

1416

00:57:02,050 --> 00:57:00,500

direction well as a mental health

1417

00:57:04,980 --> 00:57:02,060

professional or a former mental health

1418

00:57:08,550 --> 00:57:04,990

professional and as a person who has

1419

00:57:11,110 --> 00:57:08,560

myselfi schizophrenia spectrum disorder

1420

00:57:13,360 --> 00:57:11,120

there's definitely mental illness from

1421

00:57:16,060 --> 00:57:13,370

both sides and you know if you look for

1422

00:57:18,430 --> 00:57:16,070

it you'll find it I mean I I try not to

1423

00:57:20,710 --> 00:57:18,440

diagnose people in my head but yeah yeah

1424

00:57:21,850 --> 00:57:20,720

I've certainly come across plenty of

1425

00:57:25,600 --> 00:57:21,860

people in the movement that I'm like

1426

00:57:29,710 --> 00:57:25,610

good boy yeah we come across people in

1427

00:57:31,840 --> 00:57:29,720

normal life who do you think that but I

1428

00:57:33,820 --> 00:57:31,850

guess they stand out more like I

1429

00:57:35,710 --> 00:57:33,830

remember going to a chemtrails

1430

00:57:37,600 --> 00:57:35,720

conference a few years ago and you most

1431

00:57:40,120 --> 00:57:37,610

people they're just like you know nice

1432

00:57:42,070 --> 00:57:40,130

normal people who happen to believe in

1433

00:57:44,830 --> 00:57:42,080

chemtrails but there's also a few kind

1434

00:57:47,470 --> 00:57:44,840

of kooky people there as well so I think

1435

00:57:49,300 --> 00:57:47,480

you know in any if you go to a football

1436

00:57:52,600 --> 00:57:49,310

game you're gonna see some crazy people

1437

00:57:54,190 --> 00:57:52,610

yeah yeah yeah I don't like the idea

1438

00:57:56,290 --> 00:57:54,200

that some people have like of saying

1439

00:57:58,090 --> 00:57:56,300

that just cause someone's a 9/11 truther

1440

00:58:00,370 --> 00:57:58,100

that means they're a crazy person or

1441

00:58:01,210 --> 00:58:00,380

other insane demented mentally ill or

1442

00:58:03,670 --> 00:58:01,220

something I think

1443

00:58:06,130 --> 00:58:03,680

yeah the verity of people are just

1444

00:58:08,890 --> 00:58:06,140

regular people who in my mind are just

1445

00:58:10,660 --> 00:58:08,900

mistaken in their beliefs I would agree

1446

00:58:13,810 --> 00:58:10,670

with that I would agree with that in

1447

00:58:15,700 --> 00:58:13,820

both directions I don't I don't think

1448

00:58:17,500 --> 00:58:15,710

I'm crazy I know I have a diagnosis but

1449

00:58:18,910 --> 00:58:17,510

I take my medication I do very well and

1450

00:58:20,020 --> 00:58:18,920

don't have any symptoms really at this

1451

00:58:22,660 --> 00:58:20,030

point and

1452

00:58:26,620 --> 00:58:22,670

seemed crazy the Popular Mechanics might

1453

00:58:29,740 --> 00:58:26,630

have a different take on it well what do

1454

00:58:33,520 --> 00:58:29,750

you actually believe about 9/11 that you

1455

00:58:34,710 --> 00:58:33,530

think other people might think is that a

1456

00:58:37,360 --> 00:58:34,720

delusional huh

1457

00:58:38,500 --> 00:58:37,370

do you have any experience what's the

1458

00:58:41,140 --> 00:58:38,510

most extreme thing you actually

1459

00:58:43,930 --> 00:58:41,150

personally believe rather than just

1460

00:58:46,090 --> 00:58:43,940

simply having questions about it hmm

1461

00:58:48,490 --> 00:58:46,100

I mean controlled demolition is as far

1462

00:58:49,720 --> 00:58:48,500

down the rabbit hole as I go do you

1463

00:58:52,630 --> 00:58:49,730

think there was a controlled demolition

1464

00:58:54,100 --> 00:58:52,640

I think there's a chance whether it was

1465

00:58:57,640 --> 00:58:54,110

a controlled demolition a good chance

1466

00:58:59,910 --> 00:58:57,650

like if you were to put your probability

1467

00:59:02,290 --> 00:58:59,920

on a scale of say zero to a hundred

1468

00:59:03,910 --> 00:59:02,300

where a hundred is you're completely

1469

00:59:06,370 --> 00:59:03,920

sure there was controlled demolition

1470

00:59:08,140 --> 00:59:06,380

where would you say you are at it could

1471

00:59:11,020 --> 00:59:08,150

be honest with you Mick it changes all

1472

00:59:14,050 --> 00:59:11,030

the time hmm and what happens with me is

1473

00:59:15,970 --> 00:59:14,060

I I try to expose myself to as much

1474

00:59:17,410 --> 00:59:15,980

information as I can on both sides of

1475

00:59:19,060 --> 00:59:17,420

the debate and I end up kind of

1476

00:59:20,560 --> 00:59:19,070

flip-flopping I see something or hear

1477

00:59:22,390 --> 00:59:20,570

something or read something and go

1478

00:59:24,070 --> 00:59:22,400

that's it it was a controlled demolition

1479

00:59:25,780 --> 00:59:24,080

for sure and then I see something else

1480

00:59:28,360 --> 00:59:25,790

on the other side and go wait no it

1481

00:59:32,890 --> 00:59:28,370

wasn't you know you can drive yourself a

1482

00:59:36,370 --> 00:59:32,900

little nuts so do you feel like you're

1483

00:59:39,160 --> 00:59:36,380

you're less believing like and they're

1484

00:59:42,640 --> 00:59:39,170

like 2% less or something after talking

1485

00:59:44,860 --> 00:59:42,650

to me or is it not change you at all um

1486

00:59:46,720 --> 00:59:44,870

yeah I mean some of the responses you

1487

00:59:50,680 --> 00:59:46,730

had to some of the questions I raised

1488

00:59:52,300 --> 00:59:50,690

were pretty found and reasonable I don't

1489

00:59:54,580 --> 00:59:52,310

know if I agree with everything you said

1490

00:59:56,290 --> 00:59:54,590

but no I wouldn't expect you to like

1491

00:59:58,090 --> 00:59:56,300

yeah you can't you can't just have like

1492

00:59:59,920 --> 00:59:58,100

oh you know one our discussion and then

1493

01:00:03,310 --> 00:59:59,930

have someone changed their minds that's

1494

01:00:06,520 --> 01:00:03,320

not gonna gonna work but yeah if you can

1495

01:00:09,130 --> 01:00:06,530

even talk about these things and yes a

1496

01:00:11,890 --> 01:00:09,140

lot of these is kind of interpretation

1497

01:00:15,490 --> 01:00:11,900

of things though like yeah that that guy

1498

01:00:17,760 --> 01:00:15,500

who yeah remembered an explosion before

1499

01:00:20,080 --> 01:00:17,770

he thinks the plane hit the building

1500

01:00:21,910 --> 01:00:20,090

yeah that's that's not something it's

1501

01:00:24,820 --> 01:00:21,920

not something it's be intangible in a

1502

01:00:27,580 --> 01:00:24,830

way you can't really get yeah yeah yeah

1503

01:00:30,160 --> 01:00:27,590

it sees it what if eyewitness testimony

1504

01:00:31,990 --> 01:00:30,170

in level it's not the best evidence you

1505

01:00:33,310 --> 01:00:32,000

know that yeah but I don't want to

1506

01:00:33,580 --> 01:00:33,320

discount the completely like I said I

1507

01:00:35,710 --> 01:00:33,590

would

1508

01:00:38,470 --> 01:00:35,720

Simoni it isn't admissible in a court of

1509

01:00:39,940 --> 01:00:38,480

law so this some kind of credibility

1510

01:00:43,390 --> 01:00:39,950

that eyewitness testimony

1511

01:00:45,010 --> 01:00:43,400

yeah actually elizabeth loftis one of

1512

01:00:48,340 --> 01:00:45,020

the things she talks about a lot is she

1513

01:00:51,100 --> 01:00:48,350

she actually goes to trials as usually a

1514

01:00:54,250 --> 01:00:51,110

an expert witness for the defense to

1515

01:00:57,510 --> 01:00:54,260

explain how I win this testimony isn't

1516

01:01:01,090 --> 01:00:57,520

as reliable as people think it is and

1517

01:01:05,110 --> 01:01:01,100

often people actually gets get released

1518

01:01:07,660 --> 01:01:05,120

and get found not guilty because of

1519

01:01:09,970 --> 01:01:07,670

their testimony because the the trial is

1520

01:01:13,540 --> 01:01:09,980

based that the accusation is based upon

1521

01:01:16,180 --> 01:01:13,550

eyewitness testimony only and it's

1522

01:01:18,160 --> 01:01:16,190

something like you know this one person

1523

01:01:21,400 --> 01:01:18,170

picks somebody out of a lineup and says

1524

01:01:23,110 --> 01:01:21,410

that's the guy and that's all the

1525

01:01:24,640 --> 01:01:23,120

evidence they have and so she goes into

1526

01:01:27,520 --> 01:01:24,650

the course and it says it's very easy to

1527

01:01:29,080 --> 01:01:27,530

for these memories to be false or also

1528

01:01:31,210 --> 01:01:29,090

one will say I remember this happening

1529

01:01:33,280 --> 01:01:31,220

and someone else says they remember

1530

01:01:34,600 --> 01:01:33,290

something else happening and then you

1531

01:01:36,520 --> 01:01:34,610

know she has to explain to the judge

1532

01:01:39,490 --> 01:01:36,530

there's no way of knowing which one of

1533

01:01:42,970 --> 01:01:39,500

these things is correct and both these

1534

01:01:45,790 --> 01:01:42,980

people could genuinely be remembering it

1535

01:01:47,080 --> 01:01:45,800

honestly but incorrectly because the

1536

01:01:49,150 --> 01:01:47,090

judge is thinking one of these people is

1537

01:01:51,970 --> 01:01:49,160

lying but actually it should both of

1538

01:01:54,820 --> 01:01:51,980

them have bad memories right and yes

1539

01:01:57,550 --> 01:01:54,830

some eyewitness testimony is memory is

1540

01:01:59,440 --> 01:01:57,560

people like bringing their memory to a

1541

01:02:01,630 --> 01:01:59,450

court and saying this is what I remember

1542

01:02:04,180 --> 01:02:01,640

and they're just just because he's had

1543

01:02:06,700 --> 01:02:04,190

missable doesn't mean it's actually any

1544

01:02:08,980 --> 01:02:06,710

good that's true that's true

1545

01:02:11,290 --> 01:02:08,990

I have something to say I have something

1546

01:02:13,900 --> 01:02:11,300

to say about NIST too sure go ahead

1547

01:02:17,530 --> 01:02:13,910

a lot of people think that the NIST

1548

01:02:20,500 --> 01:02:17,540

report is is bogus I have certainly felt

1549

01:02:24,460 --> 01:02:20,510

that way at times myself but I do not

1550

01:02:26,830 --> 01:02:24,470

think I do not think that somebody from

1551  
01:02:28,990 --> 01:02:26,840  
the government came and took Shyam

1552  
01:02:30,580 --> 01:02:29,000  
sunder and John gross

1553  
01:02:31,930 --> 01:02:30,590  
pull them aside said listen we blew up

1554  
01:02:33,760 --> 01:02:31,940  
the World Trade Center we need you to

1555  
01:02:36,190 --> 01:02:33,770  
cover it up I don't think that's what

1556  
01:02:37,960 --> 01:02:36,200  
happened I think when you work for any

1557  
01:02:40,060 --> 01:02:37,970  
kind of agency and you do any of this

1558  
01:02:42,610 --> 01:02:40,070  
kind of work it goes without saying that

1559  
01:02:44,650 --> 01:02:42,620  
you're not going to implicate your your

1560  
01:02:46,400 --> 01:02:44,660  
government or your agency or your people

1561  
01:02:48,829 --> 01:02:46,410  
that you work for and anything wrong and

1562  
01:02:50,569 --> 01:02:48,839  
kind of wrongdoing ever you know I'm

1563  
01:02:52,970 --> 01:02:50,579

saying and I'm not saying necessarily

1564

01:02:54,230 --> 01:02:52,980

that these guys said oh it's a

1565

01:02:55,940 --> 01:02:54,240

controlled demolition but we better hush

1566

01:02:56,210 --> 01:02:55,950

it up I just think you don't even go

1567

01:02:58,130 --> 01:02:56,220

there

1568

01:03:00,620 --> 01:02:58,140

if you work for you know I work for an

1569

01:03:02,630 --> 01:03:00,630

agency that's been investigated for

1570

01:03:04,190 --> 01:03:02,640

certain business practices and stuff

1571

01:03:06,500 --> 01:03:04,200

like that I'm not stupid I know I'm not

1572

01:03:08,779 --> 01:03:06,510

gonna implicate them and some kind of

1573

01:03:11,240 --> 01:03:08,789

wrongdoing if I want to keep my job so I

1574

01:03:13,609 --> 01:03:11,250

and in Jeff in general I don't think

1575

01:03:15,980 --> 01:03:13,619

ever there's this idea with conspiracy

1576

01:03:17,510 --> 01:03:15,990

theories this is just vast conspiracy

1577

01:03:19,940 --> 01:03:17,520

that everybody's in on it and

1578

01:03:21,589 --> 01:03:19,950

everybody's deceiving everybody else and

1579

01:03:22,640 --> 01:03:21,599

I don't think it necessarily has to be

1580

01:03:25,160 --> 01:03:22,650

that way I don't think you have to

1581

01:03:27,230 --> 01:03:25,170

really be in on it to be kind of

1582

01:03:30,109 --> 01:03:27,240

complicit in it you're just just doing

1583

01:03:33,289 --> 01:03:30,119

your job you just kind of keep your job

1584

01:03:36,319 --> 01:03:33,299

and not rock the boat but do you think

1585

01:03:37,730 --> 01:03:36,329

like by the end of the investigation do

1586

01:03:39,410 --> 01:03:37,740

you think that everybody who was

1587

01:03:43,940 --> 01:03:39,420

investigating it knew that it was a

1588

01:03:50,750 --> 01:03:43,950

controlled demolition know do you think

1589

01:03:52,480 --> 01:03:50,760

anybody figured it out maybe maybe I'm

1590

01:03:55,730 --> 01:03:52,490

sure you've seen those video clips of

1591

01:03:58,490 --> 01:03:55,740

David Chandler challenging the freefall

1592

01:04:01,519 --> 01:03:58,500

I was kind of find it amusing that part

1593

01:04:04,760 --> 01:04:01,529

was when mr. sundar is axis about

1594

01:04:06,710 --> 01:04:04,770

freefall and he kind of trips over his

1595

01:04:08,960 --> 01:04:06,720

own words for about 30 seconds before he

1596

01:04:10,370 --> 01:04:08,970

says anything that makes any sense and

1597

01:04:12,859 --> 01:04:10,380

David Chandler says something like that

1598

01:04:14,690 --> 01:04:12,869

something like whoa that's the kind of

1599

01:04:16,539 --> 01:04:14,700

response I get from a physics student

1600

01:04:19,339 --> 01:04:16,549

when they haven't bothered open the book

1601

01:04:20,930 --> 01:04:19,349

which is kind of funny do you mean Shyam

1602

01:04:23,720 --> 01:04:20,940

sunder the guy who led the NIST

1603

01:04:27,430 --> 01:04:23,730

investigation do you think he didn't he

1604

01:04:31,130 --> 01:04:27,440

knew that it was controlled demolition

1605

01:04:35,750 --> 01:04:31,140

intuitively maybe so you think he felt

1606

01:04:38,180 --> 01:04:35,760

that it was but he didn't know it I'm

1607

01:04:40,250 --> 01:04:38,190

not sure Mick to be honest with you it's

1608

01:04:42,289 --> 01:04:40,260

it's hard to speculate about what's

1609

01:04:44,569 --> 01:04:42,299

going on and you think he would have

1610

01:04:46,730 --> 01:04:44,579

more evidence available than anybody so

1611

01:04:48,990 --> 01:04:46,740

what do architects and engineers know

1612

01:04:51,960 --> 01:04:49,000

that he doesn't know

1613

01:04:53,760 --> 01:04:51,970

right right well it's really difficult

1614

01:04:55,710 --> 01:04:53,770

to speculate about what's going on in

1615

01:04:57,870 --> 01:04:55,720

somebody else's head you know yeah you

1616

01:04:59,940 --> 01:04:57,880

can you can be suspicious I'm suspicious

1617

01:05:02,190 --> 01:04:59,950

of him but I don't have proof that you

1618

01:05:03,810 --> 01:05:02,200

lied or the proof that he fabricated

1619

01:05:08,010 --> 01:05:03,820

anything is suspicions

1620

01:05:10,950 --> 01:05:08,020

so do you think they say the FBI agents

1621

01:05:13,980 --> 01:05:10,960

who investigators 911 half of the FBI

1622

01:05:16,790 --> 01:05:13,990

the cost of billions of dollars was

1623

01:05:18,720 --> 01:05:16,800

tasked with investigating 911 and

1624

01:05:20,190 --> 01:05:18,730

tracking down the hijackers and

1625

01:05:23,370 --> 01:05:20,200

everything and the sources of money and

1626

01:05:26,460 --> 01:05:23,380

things like that do you think all those

1627

01:05:30,150 --> 01:05:26,470

agents were fooled or just a percentage

1628

01:05:31,349 --> 01:05:30,160

of them were fooled I don't know

1629

01:05:33,089 --> 01:05:31,359

anything about that part of the

1630

01:05:35,270 --> 01:05:33,099

investigation I haven't researched it I

1631

01:05:37,470 --> 01:05:35,280

don't know exactly what the FBI did or

1632

01:05:38,790 --> 01:05:37,480

well I don't really want to comment

1633

01:05:40,650 --> 01:05:38,800

speculate on that

1634

01:05:43,859 --> 01:05:40,660

well if you just assume like for a

1635

01:05:47,430 --> 01:05:43,869

second that half the FBI was working for

1636

01:05:49,260 --> 01:05:47,440

two years investigating 9/11 and would

1637

01:05:52,260 --> 01:05:49,270

you be comfortable saying that that was

1638

01:05:54,300 --> 01:05:52,270

true I don't know I don't even I'm the

1639

01:05:54,690 --> 01:05:54,310

first time I heard that is from you all

1640

01:05:57,720 --> 01:05:54,700

right

1641

01:05:59,329 --> 01:05:57,730

yeah well he's in the I guess all the

1642

01:06:02,070 --> 01:05:59,339

all the accounts something you're wrong

1643

01:06:04,980 --> 01:06:02,080

yeah I guess how would you know that

1644

01:06:07,380 --> 01:06:04,990

it's true it's a good have a good a good

1645

01:06:09,270 --> 01:06:07,390

point but obviously lots of people work

1646

01:06:13,230 --> 01:06:09,280

at the FBI all the people who work at

1647

01:06:14,400 --> 01:06:13,240

the FBI would know roughly what people

1648

01:06:15,720 --> 01:06:14,410

were working on like they would say

1649

01:06:17,570 --> 01:06:15,730

these teams were assigned to this and

1650

01:06:20,579 --> 01:06:17,580

yeah we there must have been people who

1651  
01:06:24,240 --> 01:06:20,589  
thought they were investigating 9/11 who

1652  
01:06:27,300 --> 01:06:24,250  
worked at the FBI so I guess by the

1653  
01:06:30,630 --> 01:06:27,310  
point I'm trying to get at is was the

1654  
01:06:32,670 --> 01:06:30,640  
entire FBI complicit or was there some

1655  
01:06:34,410 --> 01:06:32,680  
kind of strange compartmentalization

1656  
01:06:36,480 --> 01:06:34,420  
going on where there was this strange

1657  
01:06:39,599 --> 01:06:36,490  
theater where they pretended to

1658  
01:06:41,400 --> 01:06:39,609  
investigate don't know how many people

1659  
01:06:43,620 --> 01:06:41,410  
were working at the FBI but per se it's

1660  
01:06:45,870 --> 01:06:43,630  
like 10,000 or something and 5,000 of

1661  
01:06:48,300 --> 01:06:45,880  
them were working let's just look this

1662  
01:06:49,260 --> 01:06:48,310  
up real quick let's not speculate when

1663  
01:06:56,540 --> 01:06:49,270

we can look things up

1664

01:07:02,370 --> 01:07:00,359

that's 35,000 people working at the FBI

1665

01:07:03,870 --> 01:07:02,380

and they said about about

1666

01:07:06,270 --> 01:07:03,880

half the people who work to the FBI

1667

01:07:08,670 --> 01:07:06,280

we're working on 911 it was probably

1668

01:07:11,250 --> 01:07:08,680

actually more than that because people

1669

01:07:12,150 --> 01:07:11,260

would be rather yeah reluctant to work

1670

01:07:15,770 --> 01:07:12,160

on anything else

1671

01:07:18,750 --> 01:07:15,780

so where's half at 35,000 17,000 people

1672

01:07:23,370 --> 01:07:18,760

were working on the investigation of

1673

01:07:25,530 --> 01:07:23,380

9/11 how how would that work if if it

1674

01:07:28,950 --> 01:07:25,540

was a big government conspiracy and

1675

01:07:31,020 --> 01:07:28,960

there were pre planted explosives in the

1676

01:07:34,350 --> 01:07:31,030

building and that all had to be covered

1677

01:07:38,250 --> 01:07:34,360

up if you got 17,000 people looking into

1678

01:07:41,340 --> 01:07:38,260

this isn't it kind of risky it is and

1679

01:07:44,550 --> 01:07:41,350

it's it's a valid question I would I

1680

01:07:47,610 --> 01:07:44,560

can't prove any of that to you but what

1681

01:07:49,080 --> 01:07:47,620

I can say is provide you an example the

1682

01:07:50,640 --> 01:07:49,090

Manhattan Project involves over a

1683

01:07:52,920 --> 01:07:50,650

hundred thousand people and it was kept

1684

01:07:55,200 --> 01:07:52,930

very secret for quite a while wasn't

1685

01:07:56,250 --> 01:07:55,210

kept secret from the FBI investigation

1686

01:07:58,050 --> 01:07:56,260

that there wasn't like a big

1687

01:08:00,570 --> 01:07:58,060

investigation saying why did this bomb

1688

01:08:02,610 --> 01:08:00,580

go off so let's say like you know the

1689

01:08:05,580 --> 01:08:02,620

Hiroshima happened and no one knew why

1690

01:08:07,530 --> 01:08:05,590

it happened and the FBI CS we gonna find

1691

01:08:10,410 --> 01:08:07,540

out who dropped this atomic bomb and

1692

01:08:14,190 --> 01:08:10,420

it's not looking into it that's the kind

1693

01:08:17,480 --> 01:08:14,200

of situation you're in after 9/11

1694

01:08:19,410 --> 01:08:17,490

something big has happened the FBI

1695

01:08:20,010 --> 01:08:19,420

thinks they've got to try to figure out

1696

01:08:22,410 --> 01:08:20,020

what it is

1697

01:08:26,340 --> 01:08:22,420

now the Manhattan Project with the

1698

01:08:28,770 --> 01:08:26,350

atomic bomb development the FBI's job is

1699

01:08:30,630 --> 01:08:28,780

to protect the secrecy of that it's not

1700

01:08:33,330 --> 01:08:30,640

their job to investigated it's their job

1701

01:08:36,750 --> 01:08:33,340

to protect the secrecy and its wartime

1702

01:08:39,710 --> 01:08:36,760

and everybody knows that it's this top

1703

01:08:42,210 --> 01:08:39,720

secret it's not the same situation you

1704

01:08:45,000 --> 01:08:42,220

know here we've got a disappointment

1705

01:08:48,090 --> 01:08:45,010

we've got an actual investigation of

1706

01:08:51,420 --> 01:08:48,100

something or we've got some kind of

1707

01:08:54,210 --> 01:08:51,430

strange theater where 17,000 FBI agents

1708

01:08:55,880 --> 01:08:54,220

are pretending to investigate I just

1709

01:08:58,500 --> 01:08:55,890

don't see how it could possibly work I

1710

01:09:00,330 --> 01:08:58,510

see what you're saying it's a good point

1711

01:09:02,910 --> 01:09:00,340

I would I would need to know more about

1712

01:09:04,740 --> 01:09:02,920

the FBI investigation and who did what

1713

01:09:08,590 --> 01:09:04,750

and who's exactly looking into word and

1714

01:09:10,030 --> 01:09:08,600

what they found is you know because

1715

01:09:12,400 --> 01:09:10,040

it's really complicated through the

1716

01:09:15,220 --> 01:09:12,410

company yeah I think there's a article

1717

01:09:16,530 --> 01:09:15,230

on the FBI page on that I mean I look at

1718

01:09:20,920 --> 01:09:16,540

it real quick

1719

01:09:22,690 --> 01:09:20,930

so what FBI say about it they say our

1720

01:09:24,730 --> 01:09:22,700

ensuing investigations of the attacks of

1721

01:09:27,160 --> 01:09:24,740

9/11 codenamed pent bond was our largest

1722

01:09:29,530 --> 01:09:27,170

investigation ever at the peak of the

1723

01:09:30,910 --> 01:09:29,540

case more than half our agents work to

1724

01:09:33,760 --> 01:09:30,920

identify the hijackers and their

1725

01:09:35,559 --> 01:09:33,770

sponsors and with other agencies to head

1726

01:09:37,420 --> 01:09:35,569

off any possible future attacks

1727

01:09:39,550 --> 01:09:37,430

we followed more than half a million

1728

01:09:40,980 --> 01:09:39,560

investigative leads including several

1729

01:09:43,420 --> 01:09:40,990

hundred thousand tips from the public

1730

01:09:45,430 --> 01:09:43,430

the attack and the crash sites also

1731

01:09:48,940 --> 01:09:45,440

represented the largest crime scene in

1732

01:09:52,240 --> 01:09:48,950

FBI history so yes a half of all their

1733

01:09:55,870 --> 01:09:52,250

agents were working on on that speaking

1734

01:09:57,610 --> 01:09:55,880

of crime scenes Nick it's it's a federal

1735

01:10:01,360 --> 01:09:57,620

offense to remove anything from a crime

1736

01:10:04,210 --> 01:10:01,370

scene even a matchbook and yet a lot of

1737

01:10:08,200 --> 01:10:04,220

evidence and ground zero was destroyed

1738

01:10:10,150 --> 01:10:08,210

and shipped overseas and there was there

1739

01:10:11,770 --> 01:10:10,160

was some something of an outcry from the

1740

01:10:13,960 --> 01:10:11,780

engineering community about that yeah

1741

01:10:15,550 --> 01:10:13,970

there wasn't even there was but not

1742

01:10:20,230 --> 01:10:15,560

because it was a crime scene they wanted

1743

01:10:21,730 --> 01:10:20,240

to investigate to see exactly why the

1744

01:10:23,980 --> 01:10:21,740

buildings collapsed the way that they

1745

01:10:26,290 --> 01:10:23,990

collapse I don't think there was I mean

1746

01:10:27,670 --> 01:10:26,300

any outcry from anybody other than

1747

01:10:31,510 --> 01:10:27,680

people who thought there was a

1748

01:10:33,450 --> 01:10:31,520

controlled demolition about crime scene

1749

01:10:36,640 --> 01:10:33,460

contamination because what was happening

1750

01:10:38,170 --> 01:10:36,650

everybody assumed that the buildings

1751

01:10:39,550 --> 01:10:38,180

have collapsed because of the planes

1752

01:10:43,210 --> 01:10:39,560

hitting them and there being a big fire

1753

01:10:46,540 --> 01:10:43,220

and the priority initially was try to

1754

01:10:48,430 --> 01:10:46,550

find survivors in the wreckage and to do

1755

01:10:50,290 --> 01:10:48,440

that they had to move a whole bunch of

1756

01:10:52,480 --> 01:10:50,300

steel out of the way so they could get

1757

01:10:54,190 --> 01:10:52,490

in there and but if they would they were

1758

01:10:57,970 --> 01:10:54,200

hopeful that they were find survivors

1759

01:10:59,260 --> 01:10:57,980

for a few days afterwards it quickly

1760

01:11:01,930 --> 01:10:59,270

became apparent that they weren't going

1761

01:11:04,750 --> 01:11:01,940

to they did dig a few people out the

1762

01:11:07,060 --> 01:11:04,760

people stuck in a well but they didn't

1763

01:11:08,800 --> 01:11:07,070

consider it to be a crime scene in the

1764

01:11:10,510 --> 01:11:08,810

traditional sense of like somebody was

1765

01:11:11,980 --> 01:11:10,520

murdered in their living room and

1766

01:11:15,160 --> 01:11:11,990

there's blood splattered on the wall and

1767

01:11:18,060 --> 01:11:15,170

those footprints on the ground the crime

1768

01:11:20,830 --> 01:11:18,070

scene was in the cockpits of the planes

1769

01:11:22,390 --> 01:11:20,840

the crime was that these hijackers

1770

01:11:24,250 --> 01:11:22,400

hijacked these planes of

1771

01:11:25,930 --> 01:11:24,260

and flew them into the buildings that's

1772

01:11:29,140 --> 01:11:25,940

what they considered the crime scene to

1773

01:11:32,410 --> 01:11:29,150

actually be you know FBI says the idea

1774

01:11:35,950 --> 01:11:32,420

the the site is the crime scene but

1775

01:11:37,390 --> 01:11:35,960

that's like saying that an entire town

1776

01:11:41,890 --> 01:11:37,400

is a crime scene because a murder

1777

01:11:45,189 --> 01:11:41,900

occurred in the in the town yeah pretty

1778

01:11:46,860 --> 01:11:45,199

pretty wouldn't say it's nothing now I

1779

01:11:50,140 --> 01:11:46,870

do yeah okay

1780

01:11:51,580 --> 01:11:50,150

issued read read of the accounts of

1781

01:11:53,649 --> 01:11:51,590

people who worked on the World Trade

1782

01:11:55,750 --> 01:11:53,659

Center site there was there's a good one

1783

01:11:57,550 --> 01:11:55,760

by a guy called Douglas Freedman who I

1784

01:12:00,520 --> 01:11:57,560

interviewed on the podcast a while back

1785

01:12:02,740 --> 01:12:00,530

and he talked about what the priorities

1786

01:12:06,220 --> 01:12:02,750

were when they were cleaning up the site

1787

01:12:09,729 --> 01:12:06,230

and the number one priority after they

1788

01:12:12,700 --> 01:12:09,739

got done with rescue the number one

1789

01:12:15,520 --> 01:12:12,710

priority was recovery which was recovery

1790

01:12:17,410 --> 01:12:15,530

of human remains and that's pretty much

1791

01:12:20,500 --> 01:12:17,420

when everybody who was working on the

1792

01:12:23,169 --> 01:12:20,510

site was really focusing on was trying

1793

01:12:25,740 --> 01:12:23,179

to remember all the human remains as

1794

01:12:28,000 --> 01:12:25,750

quickly as possible so they could be

1795

01:12:31,209 --> 01:12:28,010

given back to the family subvert the

1796

01:12:32,830 --> 01:12:31,219

people and they the end people who work

1797

01:12:34,660 --> 01:12:32,840

there got extremely emotional about it

1798

01:12:36,160 --> 01:12:34,670

and every time they discovered a new

1799

01:12:38,169 --> 01:12:36,170

body after a while they would start

1800

01:12:41,020 --> 01:12:38,179

having these processions where they

1801  
01:12:42,520 --> 01:12:41,030  
would put the remains in a wooden coffin

1802  
01:12:45,430 --> 01:12:42,530  
and they would carry them out and salute

1803  
01:12:48,010 --> 01:12:45,440  
them but yeah that's what was going on

1804  
01:12:51,189 --> 01:12:48,020  
they weren't trying to clean up the site

1805  
01:12:53,649 --> 01:12:51,199  
to hide the steal or anything like that

1806  
01:12:56,310 --> 01:12:53,659  
they were removing the steal so they

1807  
01:13:01,060 --> 01:12:56,320  
could remove the bodies the steal why

1808  
01:13:03,399 --> 01:13:01,070  
didn't they did preserve it they they

1809  
01:13:05,680 --> 01:13:03,409  
took it most of it was taken to Fresh

1810  
01:13:07,720 --> 01:13:05,690  
Kills I'm Phil and it's sat there for

1811  
01:13:09,280 --> 01:13:07,730  
quite a while now most of it flung a

1812  
01:13:12,850 --> 01:13:09,290  
little bit of it not know a little bit

1813  
01:13:15,100 --> 01:13:12,860

was a little bit was restored it was for

1814

01:13:16,930 --> 01:13:15,110

long term but initially like they it was

1815

01:13:19,120 --> 01:13:16,940

several weeks or months that it was

1816

01:13:21,130 --> 01:13:19,130

there before it was moved away they

1817

01:13:23,919 --> 01:13:21,140

insist I guess details that we could

1818

01:13:27,250 --> 01:13:23,929

actually look up but this whole thing

1819

01:13:29,110 --> 01:13:27,260

about the crime scene thing doesn't

1820

01:13:31,660 --> 01:13:29,120

really make any sense to me it may make

1821

01:13:34,090 --> 01:13:31,670

sense to you because you think there

1822

01:13:35,290 --> 01:13:34,100

might have been a crime of a controlled

1823

01:13:37,080 --> 01:13:35,300

demolition

1824

01:13:39,370 --> 01:13:37,090

but everybody who was there on the day

1825

01:13:41,770 --> 01:13:39,380

all the people who were working there

1826

01:13:43,360 --> 01:13:41,780

thought that terrorists at hijacked

1827

01:13:45,280 --> 01:13:43,370

planes and flown them into the buildings

1828

01:13:46,150 --> 01:13:45,290

which they had and then they thought

1829

01:13:48,580 --> 01:13:46,160

that the buildings that collapsed

1830

01:13:51,400 --> 01:13:48,590

because of that he had the no one even

1831

01:13:53,110 --> 01:13:51,410

thought that the buildings are collapse

1832

01:13:56,710 --> 01:13:53,120

from explosives so no one thought there

1833

01:13:58,180 --> 01:13:56,720

was any reason to look for explosive

1834

01:14:00,250 --> 01:13:58,190

residue or whatever they what they would

1835

01:14:02,410 --> 01:14:00,260

do or examine the steel for for cutting

1836

01:14:06,910 --> 01:14:02,420

and things like that mm-hmm

1837

01:14:09,160 --> 01:14:06,920

you know you with Eric lawyer right he's

1838

01:14:12,190 --> 01:14:09,170

the founder of firefighters for 9/11

1839

01:14:14,620 --> 01:14:12,200

truth he talks about the NFPA standards

1840

01:14:18,310 --> 01:14:14,630

for the investigations of building

1841

01:14:21,940 --> 01:14:18,320

failures and the NFPA the National Fire

1842

01:14:23,230 --> 01:14:21,950

Protection Association and seems pretty

1843

01:14:25,090 --> 01:14:23,240

clear from what he's talking about that

1844

01:14:27,820 --> 01:14:25,100

the standard procedure wasn't followed

1845

01:14:29,200 --> 01:14:27,830

and even it's you know even if there's

1846

01:14:31,570 --> 01:14:29,210

no reason to think there's a controlled

1847

01:14:33,790 --> 01:14:31,580

demolition don't we typically follow our

1848

01:14:35,620 --> 01:14:33,800

procedures anyway then we do due process

1849

01:14:39,850 --> 01:14:35,630

like everybody knows that Oh Jay Simpson

1850

01:14:41,230 --> 01:14:39,860

killed those people we still went that's

1851

01:14:43,540 --> 01:14:41,240

a little bit different terrace icing is

1852

01:14:44,110 --> 01:14:43,550

there weren't any eyewitnesses to what

1853

01:14:45,700 --> 01:14:44,120

happened

1854

01:14:47,260 --> 01:14:45,710

whereas what everyone saw the planes

1855

01:14:48,870 --> 01:14:47,270

fall into fly into the buildings and

1856

01:14:50,560 --> 01:14:48,880

then the fires and then the collapses

1857

01:14:53,320 --> 01:14:50,570

yeah

1858

01:14:56,590 --> 01:14:53,330

the this the standard procedure for

1859

01:14:58,120 --> 01:14:56,600

investigating fires has a consideration

1860

01:15:02,890 --> 01:14:58,130

for investigating whether it was arson

1861

01:15:05,080 --> 01:15:02,900

or what but I think again in this case

1862

01:15:09,400 --> 01:15:05,090

for everyone's point of view the the

1863

01:15:11,320 --> 01:15:09,410

causes of the fire were obvious planes

1864

01:15:12,730 --> 01:15:11,330

flow into the building planes full of

1865

01:15:15,840 --> 01:15:12,740

fuel and there was a big fuel air

1866

01:15:19,180 --> 01:15:15,850

explosion and fires started because

1867

01:15:23,170 --> 01:15:19,190

planes live into the building so why

1868

01:15:25,270 --> 01:15:23,180

would you but that they they did

1869

01:15:28,900 --> 01:15:25,280

actually because the the guidelines

1870

01:15:31,150 --> 01:15:28,910

I give essentially leeway to people to

1871

01:15:33,340 --> 01:15:31,160

decide when to follow the guidelines say

1872

01:15:36,460 --> 01:15:33,350

if it's not necessary like if it's so

1873

01:15:38,980 --> 01:15:36,470

obvious that it's it's not actually

1874

01:15:41,110 --> 01:15:38,990

needed like if someone actually saw

1875

01:15:42,730 --> 01:15:41,120

somebody like the Christmas tree on fire

1876

01:15:45,040 --> 01:15:42,740

and so they have video of that's

1877

01:15:45,790 --> 01:15:45,050

actually burning the house down then

1878

01:15:47,260 --> 01:15:45,800

they don't need to have any

1879

01:15:49,299 --> 01:15:47,270

investigation to see if someone like

1880

01:15:51,189 --> 01:15:49,309

that lit the Christmas tree on fire

1881

01:15:52,959 --> 01:15:51,199

and same thing here we saw what happened

1882

01:15:54,870 --> 01:15:52,969

somebody flew planes into the building's

1883

01:15:59,020 --> 01:15:54,880

and that's why they caught on fire and

1884

01:16:01,299 --> 01:15:59,030

the fires burnt very intensely for an

1885

01:16:03,669 --> 01:16:01,309

hour and the buildings collapsed that's

1886

01:16:06,250 --> 01:16:03,679

what happened maybe in addition to that

1887

01:16:08,290 --> 01:16:06,260

there was some explosives but no one

1888

01:16:10,899 --> 01:16:08,300

thought that at the time I wouldn't say

1889

01:16:12,520 --> 01:16:10,909

no one thought a lot of people didn't

1890

01:16:17,859 --> 01:16:12,530

think that but you didn't think that I

1891

01:16:19,540 --> 01:16:17,869

mean I did well I know that's not

1892

01:16:22,720 --> 01:16:19,550

another further explosive I thought it

1893

01:16:24,700 --> 01:16:22,730

was really peculiar in a day and I kind

1894

01:16:28,000 --> 01:16:24,710

of just dismissed my concerns for a

1895

01:16:29,979 --> 01:16:28,010

while but I mean there are there's

1896

01:16:31,540 --> 01:16:29,989

plenty of accounts of people on that day

1897

01:16:33,370 --> 01:16:31,550

saying it looks like a controlled

1898

01:16:35,620 --> 01:16:33,380

demolition of looks like the enclosure

1899

01:16:37,569 --> 01:16:35,630

now it looks like demolition crew came

1900

01:16:39,310 --> 01:16:37,579

here and if you look at the news clips

1901

01:16:42,310 --> 01:16:39,320

20 people said that even some of the

1902

01:16:45,370 --> 01:16:42,320

experts van Romero said that originally

1903

01:16:47,339 --> 01:16:45,380

he retracted his statement but he said

1904

01:16:50,620 --> 01:16:47,349

that there's footage of Ground Zero of

1905

01:16:52,149 --> 01:16:50,630

firefighters and well the people first

1906

01:16:54,580 --> 01:16:52,159

responders saying I think there was a

1907

01:16:57,160 --> 01:16:54,590

bomb there so I wouldn't think nobody

1908

01:16:59,890 --> 01:16:57,170

thought that ya know somebody somebody

1909

01:17:01,149 --> 01:16:59,900

probably just Lee did I'm sure the what

1910

01:17:04,510 --> 01:17:01,159

I'm talking about is the people who made

1911

01:17:07,510 --> 01:17:04,520

the decision or didn't make a decision

1912

01:17:09,220 --> 01:17:07,520

to treat the scene as a crime scene like

1913

01:17:11,589 --> 01:17:09,230

who is gonna make that decision I guess

1914

01:17:13,720 --> 01:17:11,599

it would be the right owner the chief

1915

01:17:16,299 --> 01:17:13,730

fire the head of the fire department at

1916

01:17:17,979 --> 01:17:16,309

the time whoever it was that their

1917

01:17:20,140 --> 01:17:17,989

priorities right then were rescuing

1918

01:17:22,600 --> 01:17:20,150

people they probably didn't even stop to

1919

01:17:24,390 --> 01:17:22,610

think I is there the possibility of its

1920

01:17:26,589 --> 01:17:24,400

building collapse because there were

1921

01:17:28,330 --> 01:17:26,599

explosives planted on the same floors

1922

01:17:31,060 --> 01:17:28,340

that the plane hit and where the fires

1923

01:17:32,919 --> 01:17:31,070

were yeah even just saying it it seems a

1924

01:17:34,870 --> 01:17:32,929

little bit ridiculous like there was

1925

01:17:36,760 --> 01:17:34,880

there were bombs planted on the same

1926

01:17:38,709 --> 01:17:36,770

flaws that the planes hit I don't think

1927

01:17:40,689 --> 01:17:38,719

that's the allegation well that's where

1928

01:17:44,350 --> 01:17:40,699

the collapse started

1929

01:17:46,239 --> 01:17:44,360

yes yes I think the allegation if you

1930

01:17:48,669 --> 01:17:46,249

watch some not that you're gonna watch

1931

01:17:50,949 --> 01:17:48,679

it but if you like that new Pro Pearl

1932

01:17:53,049 --> 01:17:50,959

Harbor film that I've mentioned the

1933

01:17:56,049 --> 01:17:53,059

allegation is that the core was taken

1934

01:17:57,100 --> 01:17:56,059

out first which means these closest

1935

01:17:58,629 --> 01:17:57,110

didn't necessarily have to be on the

1936

01:18:00,969 --> 01:17:58,639

same floor as a plane they were probably

1937

01:18:03,219 --> 01:18:00,979

lower than that took the core out first

1938

01:18:05,979 --> 01:18:03,229

and I saw a video the other day of

1939

01:18:07,959 --> 01:18:05,989

somebody from FEMA was a gene Corley

1940

01:18:10,810 --> 01:18:07,969

maybe somebody from FEMA I think it was

1941

01:18:13,000 --> 01:18:10,820

gene Corley but maybe not showing that

1942

01:18:14,529 --> 01:18:13,010

the antenna began to fall first before

1943

01:18:17,589 --> 01:18:14,539

the rest of the building and he said

1944

01:18:20,020 --> 01:18:17,599

FEMA guy said this is an indication that

1945

01:18:20,979 --> 01:18:20,030

the core collapse first yeah I think

1946

01:18:22,479 --> 01:18:20,989

I've seen that I mean that's been

1947

01:18:25,149 --> 01:18:22,489

knocking around for a long time the idea

1948

01:18:28,959 --> 01:18:25,159

that says the core class first but yeah

1949

01:18:30,459 --> 01:18:28,969

again there's lots of people have looked

1950

01:18:32,169 --> 01:18:30,469

into the collapse of the World Trade

1951

01:18:33,790 --> 01:18:32,179

Center there's been like a number of

1952

01:18:38,020 --> 01:18:33,800

studies Dianna stir you know why it

1953

01:18:40,149 --> 01:18:38,030

collapsed and it's it's not it's not

1954

01:18:42,100 --> 01:18:40,159

hugely complicated in terms of like the

1955

01:18:43,600 --> 01:18:42,110

the basic physics what's complicated is

1956

01:18:45,339 --> 01:18:43,610

knowing exactly what order things

1957

01:18:47,830 --> 01:18:45,349

happened because we can't we don't know

1958

01:18:50,949 --> 01:18:47,840

he's other what calms failed first so

1959

01:18:53,409 --> 01:18:50,959

we're never going to know but the

1960

01:18:56,500 --> 01:18:53,419

physics behind the collapse aren't

1961

01:18:58,509 --> 01:18:56,510

hugely difficult in my mind I once once

1962

01:19:01,239 --> 01:18:58,519

it started to collapse there was no way

1963

01:19:03,100 --> 01:19:01,249

of stopping it and the combination of

1964

01:19:06,699 --> 01:19:03,110

the damage in the fire seems sufficient

1965

01:19:08,739 --> 01:19:06,709

to cause the the original collapse again

1966

01:19:10,689 --> 01:19:08,749

I'm gonna make reference for the new

1967

01:19:13,149 --> 01:19:10,699

Pearl Harbor film again there's an

1968

01:19:14,889 --> 01:19:13,159

interesting argument about that in there

1969

01:19:17,199 --> 01:19:14,899

and I've maybe you can tell me how

1970

01:19:19,239 --> 01:19:17,209

accurate their depiction of the official

1971

01:19:22,810 --> 01:19:19,249

explanation is because maybe they have

1972

01:19:24,819 --> 01:19:22,820

it wrong but what they're saying is that

1973

01:19:28,870 --> 01:19:24,829

the explanation is that the trusses

1974

01:19:30,549 --> 01:19:28,880

sagged mmm and pulled the exterior

1975

01:19:33,069 --> 01:19:30,559

columns inwards and you do see that

1976

01:19:35,620 --> 01:19:33,079

inward growing of the columns before the

1977

01:19:38,560 --> 01:19:35,630

class and the theory there that the film

1978

01:19:40,870 --> 01:19:38,570

is espousing is that the trusses if

1979

01:19:42,370 --> 01:19:40,880

they're so weak by fire that they're

1980

01:19:43,719 --> 01:19:42,380

collapsing under their own weight how do

1981

01:19:45,879 --> 01:19:43,729

they have the strength to break the

1982

01:19:47,739 --> 01:19:45,889

exterior column no the pulling the

1983

01:19:50,139 --> 01:19:47,749

column is B and huh

1984

01:19:54,189 --> 01:19:50,149

that they pull the columns I actually do

1985

01:19:59,650 --> 01:19:54,199

an experiment so my youtube channel

1986

01:20:02,500 --> 01:19:59,660

where I take a chain and I string in

1987

01:20:04,419 --> 01:20:02,510

between two two columns so it acts like

1988

01:20:06,010 --> 01:20:04,429

like a floor truss like that the trusses

1989

01:20:08,350 --> 01:20:06,020

are the metal structure underneath the

1990

01:20:10,450 --> 01:20:08,360

concrete floors it's kind of a zigzag

1991

01:20:11,650 --> 01:20:10,460

yep you can look up trusses online

1992

01:20:15,760 --> 01:20:11,660

people want to know what a trust looks

1993

01:20:17,950 --> 01:20:15,770

like now a truss is a rigid structure so

1994

01:20:20,169 --> 01:20:17,960

when it's when it's there in place it

1995

01:20:22,390 --> 01:20:20,179

sits between the columns in the middle

1996

01:20:25,120 --> 01:20:22,400

and the columns on the outside so it's

1997

01:20:28,870 --> 01:20:25,130

providing rigidity between between the

1998

01:20:32,010 --> 01:20:28,880

inside and the outside so it's it gives

1999

01:20:36,520 --> 01:20:32,020

the whole structure some some strength

2000

01:20:39,520 --> 01:20:36,530

now if you heat up a copper heat of a

2001  
01:20:43,570 --> 01:20:39,530  
truss so it becomes softer and starts to

2002  
01:20:45,520 --> 01:20:43,580  
sag instead of providing that that's

2003  
01:20:48,490 --> 01:20:45,530  
strength and that resistance it actually

2004  
01:20:51,130 --> 01:20:48,500  
starts to pull inwards by its own weight

2005  
01:20:52,330 --> 01:20:51,140  
now you ask how strong it is it's going

2006  
01:20:56,500 --> 01:20:52,340  
to be relevant if it hasn't

2007  
01:20:58,930 --> 01:20:56,510  
if it hasn't broken it's as strong as a

2008  
01:21:00,669 --> 01:20:58,940  
rope is strong you know a rope doesn't

2009  
01:21:03,490 --> 01:21:00,679  
provide any strength in terms of

2010  
01:21:06,550 --> 01:21:03,500  
resisting pushing forces but if you take

2011  
01:21:09,820 --> 01:21:06,560  
a say a hundred foot long rope or even

2012  
01:21:14,800 --> 01:21:09,830  
better a 50 foot long chain with very

2013  
01:21:18,459 --> 01:21:14,810

thick links and you hook one end to one

2014

01:21:21,040 --> 01:21:18,469

wall and hold one an end and then try to

2015

01:21:24,430 --> 01:21:21,050

pull that chain straight you won't be

2016

01:21:27,310 --> 01:21:24,440

able to do it because chains sag and

2017

01:21:28,750 --> 01:21:27,320

they pull inwards because the sagging so

2018

01:21:31,180 --> 01:21:28,760

what's happened is you've kind of taken

2019

01:21:33,130 --> 01:21:31,190

this truss which is a rigid structure

2020

01:21:35,229 --> 01:21:33,140

and by heating it up you make it into a

2021

01:21:37,930 --> 01:21:35,239

slot a soft structure kind of like a

2022

01:21:40,330 --> 01:21:37,940

rope or a chain and so it starts to sag

2023

01:21:42,550 --> 01:21:40,340

and it starts to pull in from size just

2024

01:21:45,100 --> 01:21:42,560

like a loose chain would if you put it

2025

01:21:46,740 --> 01:21:45,110

between two hooks and because it starts

2026

01:21:50,800 --> 01:21:46,750

out perfectly horizontal

2027

01:21:52,810 --> 01:21:50,810

if creates a huge amount of pulling

2028

01:21:54,340 --> 01:21:52,820

force because you know how much force it

2029

01:21:55,720 --> 01:21:54,350

would take to pull a chain perfectly

2030

01:21:58,479 --> 01:21:55,730

straight like a really heavy chain

2031

01:22:01,300 --> 01:21:58,489

that's first quite long so it pulls in

2032

01:22:02,320 --> 01:22:01,310

the walls from the outside and that's

2033

01:22:03,790 --> 01:22:02,330

what you see hmm

2034

01:22:05,890 --> 01:22:03,800

that's what you see in the video you see

2035

01:22:07,080 --> 01:22:05,900

the walls being gradually pulled in and

2036

01:22:08,730 --> 01:22:07,090

then eventually they

2037

01:22:11,340 --> 01:22:08,740

kind of a sudden in what Paul as they

2038

01:22:13,560 --> 01:22:11,350

they give way and then once the outside

2039

01:22:15,450 --> 01:22:13,570

walls are no longer supporting anything

2040

01:22:17,220 --> 01:22:15,460

the load gets transferred inside the

2041

01:22:18,900 --> 01:22:17,230

building and there isn't enough

2042

01:22:21,480 --> 01:22:18,910

remaining capacity amongst the remaining

2043

01:22:25,770 --> 01:22:21,490

columns and so some of the core columns

2044

01:22:26,760 --> 01:22:25,780

fail and the building collapses I think

2045

01:22:29,190 --> 01:22:26,770

I know what you're going to say to this

2046

01:22:31,860 --> 01:22:29,200

but I'm gonna ask you anyway what do you

2047

01:22:33,870 --> 01:22:31,870

make of the pulverization of all the

2048

01:22:36,750 --> 01:22:33,880

contents of the buildings and to my mind

2049

01:22:38,730 --> 01:22:36,760

you got to a hundred and ten story

2050

01:22:41,460 --> 01:22:38,740

alternate buildings there should have

2051

01:22:46,020 --> 01:22:41,470

been thousands and thousands of filing

2052

01:22:47,880 --> 01:22:46,030

cabinets computers desk chairs and I've

2053

01:22:49,320 --> 01:22:47,890

heard a lot of different testimony of

2054

01:22:50,580 --> 01:22:49,330

people at Ground Zero that said man

2055

01:22:52,800 --> 01:22:50,590

who's just dust and metal

2056

01:22:54,870 --> 01:22:52,810

you know you don't find a desk you don't

2057

01:22:56,940 --> 01:22:54,880

find a chair you don't find a telephone

2058

01:22:58,830 --> 01:22:56,950

a computer the biggest piece of a

2059

01:23:01,920 --> 01:22:58,840

telephone I found was half the keypad

2060

01:23:03,510 --> 01:23:01,930

big ya heard this from a lot of

2061

01:23:06,360 --> 01:23:03,520

different people what do you make of

2062

01:23:08,820 --> 01:23:06,370

that look have you ever seen those those

2063

01:23:10,980 --> 01:23:08,830

videos on YouTube where they take an

2064

01:23:14,220 --> 01:23:10,990

industrial grinder and they toss things

2065

01:23:15,510 --> 01:23:14,230

into it no no check them out kind of a

2066

01:23:16,950 --> 01:23:15,520

kind of interesting but they will take

2067

01:23:18,390 --> 01:23:16,960

things like this there's grinders that

2068

01:23:21,090 --> 01:23:18,400

you can toss things into and it'll grind

2069

01:23:23,040 --> 01:23:21,100

up a car mmm the smaller grain is like

2070

01:23:25,440 --> 01:23:23,050

you're a paper shredder you probably

2071

01:23:27,420 --> 01:23:25,450

have papers for it is at the office

2072

01:23:29,070 --> 01:23:27,430

that you still go to taking some sheets

2073

01:23:30,300 --> 01:23:29,080

of paper and these teeth gonna go crunch

2074

01:23:33,330 --> 01:23:30,310

crunch crunch and they they grind

2075

01:23:35,790 --> 01:23:33,340

through it what happened with the World

2076

01:23:37,380 --> 01:23:35,800

Trade Centers collapsing was that as

2077

01:23:39,240 --> 01:23:37,390

things fell you know obviously they get

2078

01:23:40,590 --> 01:23:39,250

faster by the time most of the steel

2079

01:23:43,260 --> 01:23:40,600

reached the ground he was going between

2080

01:23:45,120 --> 01:23:43,270

50 and 100 miles an hour and there was a

2081

01:23:47,130 --> 01:23:45,130

lot of it all packed into this one place

2082

01:23:48,930 --> 01:23:47,140

and it wasn't just like big beams of

2083

01:23:51,180 --> 01:23:48,940

small bits of steel from the trusses

2084

01:23:54,960 --> 01:23:51,190

being mangled together and there was all

2085

01:23:57,000 --> 01:23:54,970

kinds of other heavy bits of steel and

2086

01:23:59,060 --> 01:23:57,010

machinery and stuff very very rapidly

2087

01:24:01,770 --> 01:23:59,070

coming down in this very small area and

2088

01:24:04,050 --> 01:24:01,780

essentially it acted like a giant

2089

01:24:05,730 --> 01:24:04,060

grinder it's at a very very rapid water

2090

01:24:07,950 --> 01:24:05,740

it was just like there was an instant

2091

01:24:09,600 --> 01:24:07,960

that pulverization of everything as an

2092

01:24:11,640 --> 01:24:09,610

engineer Richard's human you might have

2093

01:24:13,110 --> 01:24:11,650

heard of him he was the chief electrical

2094

01:24:16,290 --> 01:24:13,120

engineer for the Twin Towers

2095

01:24:19,670 --> 01:24:16,300

Angele and he he talked about these

2096

01:24:22,640 --> 01:24:19,680

enormous enormous transformers that

2097

01:24:25,790 --> 01:24:22,650

on multiple floors that weighed tens of

2098

01:24:28,490 --> 01:24:25,800

tons and they were never found that when

2099

01:24:30,230 --> 01:24:28,500

it's completely eradicated do you think

2100

01:24:32,300 --> 01:24:30,240

that do you think they could have been

2101  
01:24:34,640 --> 01:24:32,310  
grinded the way you're describing yeah

2102  
01:24:39,410 --> 01:24:34,650  
I'm a transformer is just a bunch of

2103  
01:24:44,180 --> 01:24:39,420  
bunch of wire wrapped around the core so

2104  
01:24:46,850 --> 01:24:44,190  
it's it's unless it had a solid steel

2105  
01:24:49,190 --> 01:24:46,860  
core of a specific shape we should

2106  
01:24:50,660 --> 01:24:49,200  
probably get stripped away that if

2107  
01:24:53,480 --> 01:24:50,670  
you've ever been to the I'm sure you

2108  
01:24:56,000 --> 01:24:53,490  
have you been to the Memorial Museum no

2109  
01:24:57,920 --> 01:24:56,010  
I won't go there I don't like I don't

2110  
01:25:00,230 --> 01:24:57,930  
like the 9/11 Museum and it's not

2111  
01:25:02,780 --> 01:25:00,240  
because of conspiracy theories no stay

2112  
01:25:05,030 --> 01:25:02,790  
in the center i I I'm a New Yorker and

2113  
01:25:06,590 --> 01:25:05,040

they basically treat Ground Zero like

2114

01:25:08,720 --> 01:25:06,600

it's Disneyland like it's an attraction

2115

01:25:11,540 --> 01:25:08,730

and I take exception to that I wouldn't

2116

01:25:12,910 --> 01:25:11,550

say it's it's pretty respectful and

2117

01:25:15,140 --> 01:25:12,920

there's there's one section especially

2118

01:25:18,170 --> 01:25:15,150

from others it was a number of sections

2119

01:25:19,340 --> 01:25:18,180

that have increased seriousness like

2120

01:25:20,690 --> 01:25:19,350

there's this one section where they

2121

01:25:23,990 --> 01:25:20,700

weren't let you take any cameras and

2122

01:25:25,580 --> 01:25:24,000

there's another one which is whether

2123

01:25:28,130 --> 01:25:25,590

they they share the names of all the

2124

01:25:30,830 --> 01:25:28,140

people who who lost their lives there

2125

01:25:32,990 --> 01:25:30,840

and yeah that Hill I mean there's a

2126  
01:25:36,050 --> 01:25:33,000  
there's a gift shop where they sell Tori

2127  
01:25:38,450 --> 01:25:36,060  
fire trucks yeah there is yeah that's it

2128  
01:25:40,490 --> 01:25:38,460  
it's they didn't they didn't originally

2129  
01:25:41,600 --> 01:25:40,500  
want to have a gift shop when they did

2130  
01:25:44,300 --> 01:25:41,610  
the museum because they thought it would

2131  
01:25:45,680 --> 01:25:44,310  
be disrespectful but people asked for a

2132  
01:25:48,320 --> 01:25:45,690  
gift shop because they wanted to have

2133  
01:25:50,270 --> 01:25:48,330  
something to remember it by and you

2134  
01:25:52,790 --> 01:25:50,280  
could argue this a bit tacky but if

2135  
01:25:55,220 --> 01:25:52,800  
people wanted a memorial though they

2136  
01:25:56,450 --> 01:25:55,230  
could take away and you know I bought

2137  
01:25:59,540 --> 01:25:56,460  
things in the gift shop I bought some

2138  
01:26:01,820 --> 01:25:59,550

books we have a really tiny tiny 9/11

2139

01:26:05,570 --> 01:26:01,830

museum here on Staten Island actually is

2140

01:26:07,910 --> 01:26:05,580

it does have a gift shop now this is one

2141

01:26:10,160 --> 01:26:07,920

it's like basically one room okay in a

2142

01:26:12,410 --> 01:26:10,170

place called it's in a place called Snug

2143

01:26:15,170 --> 01:26:12,420

Harbor which is a cultural center that

2144

01:26:16,610 --> 01:26:15,180

used to be a lodging for sailors and

2145

01:26:19,220 --> 01:26:16,620

they have all kinds of different

2146

01:26:20,870 --> 01:26:19,230

buildings there 9/11 memorial we have a

2147

01:26:22,910 --> 01:26:20,880

memorial near the Staten Island Ferry as

2148

01:26:25,640 --> 01:26:22,920

well it's very interesting actually it

2149

01:26:27,890 --> 01:26:25,650

shows all the faces of the people of

2150

01:26:30,440 --> 01:26:27,900

ever killed from Staten Island and then

2151  
01:26:33,439 --> 01:26:30,450  
they're done like in stone animal world

2152  
01:26:35,510 --> 01:26:33,449  
and pretty intense yeah that's why they

2153  
01:26:36,620 --> 01:26:35,520  
the the Memorial Museum is pretty

2154  
01:26:38,840 --> 01:26:36,630  
intense especially at the actual

2155  
01:26:41,060 --> 01:26:38,850  
memorial part of it which is where the

2156  
01:26:42,740 --> 01:26:41,070  
men will realize the people it's very

2157  
01:26:46,130 --> 01:26:42,750  
emotional people very emotional I mean

2158  
01:26:50,209 --> 01:26:46,140  
like first time I went there I I had a

2159  
01:26:52,490 --> 01:26:50,219  
few tears but and you see they have they

2160  
01:26:54,169 --> 01:26:52,500  
have boxes of tissues around it because

2161  
01:26:58,070 --> 01:26:54,179  
everyone who goes in there starts

2162  
01:26:59,840 --> 01:26:58,080  
growing up so it's yeah yeah it's it's

2163  
01:27:01,520 --> 01:26:59,850

not it's not making light of the

2164

01:27:03,200 --> 01:27:01,530

situation I don't know I could I

2165

01:27:05,959 --> 01:27:03,210

understand you not liking the gift shop

2166

01:27:08,090 --> 01:27:05,969

but it's yeah I wouldn't yes hey go

2167

01:27:10,340 --> 01:27:08,100

there because it's up to you but it's

2168

01:27:11,870 --> 01:27:10,350

but my point really was that they they

2169

01:27:13,729 --> 01:27:11,880

have some stuff from the World Trade

2170

01:27:15,919 --> 01:27:13,739

Center that survived the collapse like

2171

01:27:18,620 --> 01:27:15,929

they have one of the engines for the

2172

01:27:20,870 --> 01:27:18,630

elevators things I know we should you

2173

01:27:22,459 --> 01:27:20,880

reminded me of you said the transformer

2174

01:27:24,050 --> 01:27:22,469

and I think an engine elevator would be

2175

01:27:26,540 --> 01:27:24,060

a simple type of thing that I did

2176  
01:27:29,150 --> 01:27:26,550  
survive and the empty of lots of things

2177  
01:27:30,950 --> 01:27:29,160  
like effects of people and yes some

2178  
01:27:33,229 --> 01:27:30,960  
office contents but obviously not very

2179  
01:27:35,560 --> 01:27:33,239  
much the you get back to the original

2180  
01:27:38,720 --> 01:27:35,570  
point I think there wasn't a

2181  
01:27:40,880 --> 01:27:38,730  
disintegration of things by explosives

2182  
01:27:42,950 --> 01:27:40,890  
that doesn't even make any sense but why

2183  
01:27:45,229 --> 01:27:42,960  
would the office contents be

2184  
01:27:46,640 --> 01:27:45,239  
disintegrated by explosives because the

2185  
01:27:49,070 --> 01:27:46,650  
office contents aren't holding of the

2186  
01:27:51,950 --> 01:27:49,080  
walls or with the point of blowing up

2187  
01:27:54,350 --> 01:27:51,960  
the desks with the points of blowing on

2188  
01:27:55,640 --> 01:27:54,360

the telephones and if something is far

2189

01:27:57,770 --> 01:27:55,650

enough away from any explosion it's

2190

01:27:59,600 --> 01:27:57,780

gonna maintain its shape these things

2191

01:28:01,220 --> 01:27:59,610

were all just crushed by the falling

2192

01:28:03,470 --> 01:28:01,230

building they were they weren't blown up

2193

01:28:05,510 --> 01:28:03,480

by by explosives doesn't mean the words

2194

01:28:08,479 --> 01:28:05,520

explosives it's not evidence for

2195

01:28:09,740 --> 01:28:08,489

explosives mm-hmm it occurs to me that

2196

01:28:13,130 --> 01:28:09,750

we've been talking for about two hours

2197

01:28:15,979 --> 01:28:13,140

now we haven't even the hopefully report

2198

01:28:18,320 --> 01:28:15,989

yeah what do you think about the whole

2199

01:28:20,270 --> 01:28:18,330

see report I mean you just like briefly

2200

01:28:21,860 --> 01:28:20,280

like one of the things you can't you

2201

01:28:24,410 --> 01:28:21,870

mentioned when you emailed me was that

2202

01:28:25,820 --> 01:28:24,420

you you thought I had some good

2203

01:28:27,800 --> 01:28:25,830

questions about the whole secret force

2204

01:28:30,050 --> 01:28:27,810

and you were hoping that you'd get some

2205

01:28:32,840 --> 01:28:30,060

answers yeah yeah I'm particularly

2206

01:28:34,130 --> 01:28:32,850

disturbed by the point you made about

2207

01:28:36,320 --> 01:28:34,140

the penthouse

2208

01:28:38,750 --> 01:28:36,330

I would just kind of drops and it

2209

01:28:40,729 --> 01:28:38,760

doesn't doesn't show us any of the

2210

01:28:42,770 --> 01:28:40,739

girder sequences or what's happening

2211

01:28:44,540 --> 01:28:42,780

with that it's kind of its peers yes

2212

01:28:46,359 --> 01:28:44,550

because it's not actually a simulation

2213

01:28:51,040 --> 01:28:46,369

that

2214

01:28:52,720 --> 01:28:51,050  
by people within architects and

2215

01:28:54,609 --> 01:28:52,730  
engineers for 9/11 truth like somebody

2216

01:28:56,950 --> 01:28:54,619  
asked somebody and they go back to me

2217

01:28:58,589 --> 01:28:56,960  
and I said yeah it's just what are the

2218

01:29:01,629 --> 01:28:58,599  
describe it as a simple gravity

2219

01:29:03,669 --> 01:29:01,639  
rotational visualization model to look

2220

01:29:05,379 --> 01:29:03,679  
at the result it wasn't the actual

2221

01:29:08,560 --> 01:29:05,389  
simulation it isn't they didn't actually

2222

01:29:10,209 --> 01:29:08,570  
do a simulation of the penthouse

2223

01:29:12,280 --> 01:29:10,219  
collapsing they just did these

2224

01:29:15,070 --> 01:29:12,290  
simulations where they remove columns

2225

01:29:17,800 --> 01:29:15,080  
and found out what the stress would be

2226

01:29:20,410 --> 01:29:17,810

on other columns do you think the Holte

2227

01:29:22,330 --> 01:29:20,420

report is simply mistaken and incorrect

2228

01:29:28,359 --> 01:29:22,340

or do you think it's a fraud I think it

2229

01:29:29,080 --> 01:29:28,369

is a half good-faith effort into looking

2230

01:29:32,290 --> 01:29:29,090

into it

2231

01:29:35,080 --> 01:29:32,300

I feel like hosi was predisposed to

2232

01:29:36,550 --> 01:29:35,090

think that it was controlled demolition

2233

01:29:38,500 --> 01:29:36,560

he seemed very suspicious from the start

2234

01:29:39,910 --> 01:29:38,510

and it was right here back when he

2235

01:29:41,470 --> 01:29:39,920

started it like you know wherever it

2236

01:29:43,899 --> 01:29:41,480

four years ago or something he was

2237

01:29:46,419 --> 01:29:43,909

talking about things that seemed

2238

01:29:48,459 --> 01:29:46,429

suspicious like the FBI having an office

2239

01:29:50,530 --> 01:29:48,469

there and and then yeah silly things

2240

01:29:52,270 --> 01:29:50,540

like you know they were accounting

2241

01:29:55,359 --> 01:29:52,280

offices so there wouldn't be enough

2242

01:29:57,760 --> 01:29:55,369

paper to burn yeah stuff like that that

2243

01:29:59,439 --> 01:29:57,770

if he's already thinking along those

2244

01:30:01,870 --> 01:29:59,449

lines it seems like he already had his

2245

01:30:06,100 --> 01:30:01,880

notes mind made up but he has suspicions

2246

01:30:07,930 --> 01:30:06,110

and the report itself and the study I

2247

01:30:10,780 --> 01:30:07,940

think were mostly done by one of the

2248

01:30:12,700 --> 01:30:10,790

graduate students if you look at the the

2249

01:30:14,740 --> 01:30:12,710

task breakdown so who did what there's

2250

01:30:17,229 --> 01:30:14,750

there's two graduate students I think

2251  
01:30:19,359 --> 01:30:17,239  
they were both from China one of them

2252  
01:30:20,709 --> 01:30:19,369  
now works in a local government as a

2253  
01:30:21,669 --> 01:30:20,719  
civil engineer and the other one has

2254  
01:30:23,080 --> 01:30:21,679  
gone back to China

2255  
01:30:26,229 --> 01:30:23,090  
okay well which one is which but one of

2256  
01:30:29,290 --> 01:30:26,239  
them did the simulations and I think

2257  
01:30:30,609 --> 01:30:29,300  
possibly did the some of the slides as

2258  
01:30:33,399 --> 01:30:30,619  
well on the visualization and some

2259  
01:30:36,939 --> 01:30:33,409  
things like that such as this one

2260  
01:30:38,740 --> 01:30:36,949  
graduate student who had no experience

2261  
01:30:40,000 --> 01:30:38,750  
whatsoever doing this type of thing

2262  
01:30:42,790 --> 01:30:40,010  
before and had to figure all this stuff

2263  
01:30:44,620 --> 01:30:42,800

out doing this thing at the direction of

2264

01:30:47,050 --> 01:30:44,630

Professor Halsey of course but you can

2265

01:30:49,149 --> 01:30:47,060

tell from the results that it's it's

2266

01:30:51,010 --> 01:30:49,159

nowhere near as comprehensive a

2267

01:30:52,660 --> 01:30:51,020

simulation as the NIST simulation now

2268

01:30:54,010 --> 01:30:52,670

you can say all you like about the NIST

2269

01:30:56,560 --> 01:30:54,020

simulation but at least they actually

2270

01:30:59,700 --> 01:30:56,570

simulated good as moving sure like you

2271

01:31:01,220 --> 01:30:59,710

know their problems were there the

2272

01:31:03,959 --> 01:31:01,230

it's a lot better than what ho stated

2273

01:31:05,940 --> 01:31:03,969

pulses graduate she didn't did my mom

2274

01:31:08,070 --> 01:31:05,950

I'm looking at I'm looking at two models

2275

01:31:10,200 --> 01:31:08,080

now and I'm looking at two models and

2276

01:31:13,830 --> 01:31:10,210

neither one of them to me

2277

01:31:15,390 --> 01:31:13,840

is mirroring that claps yeah else's

2278

01:31:18,390 --> 01:31:15,400

house is only mirrors the collapse

2279

01:31:20,910 --> 01:31:18,400

because he set it up to mirror the

2280

01:31:24,680 --> 01:31:20,920

collapse he said like what would happen

2281

01:31:27,810 --> 01:31:24,690

if if we did something that would

2282

01:31:30,540 --> 01:31:27,820

essentially give the results that we see

2283

01:31:33,270 --> 01:31:30,550

like and what he did was ridiculous

2284

01:31:35,790 --> 01:31:33,280

he cut columns underneath the penthouse

2285

01:31:38,250 --> 01:31:35,800

and had it settled into the building and

2286

01:31:40,860 --> 01:31:38,260

then he cut all the columns over the

2287

01:31:42,060 --> 01:31:40,870

multiple floors simultaneously which is

2288

01:31:45,330 --> 01:31:42,070

something there was no evidence for

2289

01:31:47,310 --> 01:31:45,340

whatsoever and yeah like I say you can

2290

01:31:49,320 --> 01:31:47,320

you can criticize this for you can

2291

01:31:51,540 --> 01:31:49,330

criticize in this simulation but in this

2292

01:31:53,400 --> 01:31:51,550

simulations actually is a lot better

2293

01:31:56,280 --> 01:31:53,410

than the healthiest thing and just

2294

01:31:58,650 --> 01:31:56,290

because horses crappy simulation looks

2295

01:32:01,110 --> 01:31:58,660

better it doesn't mean it actually is

2296

01:32:02,430 --> 01:32:01,120

better right anyway this is probably

2297

01:32:04,709 --> 01:32:02,440

something we'd probably need a lot more

2298

01:32:06,540 --> 01:32:04,719

time to get into and we don't really we

2299

01:32:09,750 --> 01:32:06,550

have that say now but yeah I would like

2300

01:32:11,430 --> 01:32:09,760

to talk about it if you if you sure I

2301  
01:32:14,370 --> 01:32:11,440  
want to respect your I want inspect your

2302  
01:32:16,229 --> 01:32:14,380  
time and but uh thank you thank you for

2303  
01:32:18,780 --> 01:32:16,239  
talking with me today me you know thank

2304  
01:32:21,720 --> 01:32:18,790  
you thank you for for for for contacting

2305  
01:32:23,610 --> 01:32:21,730  
me and and secondly for talking to me

2306  
01:32:25,800 --> 01:32:23,620  
and I appreciate your position I know

2307  
01:32:28,470 --> 01:32:25,810  
you have a lot of respect for the the

2308  
01:32:30,750 --> 01:32:28,480  
victims of 911 and you have concerns and

2309  
01:32:33,150 --> 01:32:30,760  
I would hope that those concerns can be

2310  
01:32:35,130 --> 01:32:33,160  
resolved one way the other you know I be

2311  
01:32:36,270 --> 01:32:35,140  
fine with another investigation but I

2312  
01:32:38,220 --> 01:32:36,280  
know it's not going to happen just

2313  
01:32:41,310 --> 01:32:38,230

because there isn't there isn't the

2314

01:32:44,040 --> 01:32:41,320

justification for it so I guess we'll

2315

01:32:45,450 --> 01:32:44,050

see where the 9/11 truth movement truth

2316

01:32:48,080 --> 01:32:45,460

movement goes over the next few years

2317

01:32:50,550 --> 01:32:48,090

yeah I'm gonna pay a lot of attention to

2318

01:32:52,979 --> 01:32:50,560

the whole see in his response to his

2319

01:32:55,620 --> 01:32:52,989

critics and see what happens everybody

2320

01:32:57,479 --> 01:32:55,630

else you gotta be you gotta admit to be

2321

01:32:57,990 --> 01:32:57,489

fair we do have to hear his response oh

2322

01:33:01,020 --> 01:32:58,000

yeah

2323

01:33:03,900 --> 01:33:01,030

know what to hereas response that's uh

2324

01:33:05,729 --> 01:33:03,910

yeah will be very very interested to see

2325

01:33:07,709 --> 01:33:05,739

what he has to say if asset you can

2326

01:33:09,459 --> 01:33:07,719

understand if it seems a little peculiar

2327

01:33:11,830 --> 01:33:09,469

to me that

2328

01:33:13,649 --> 01:33:11,840

a forensic structural engineer didn't

2329

01:33:16,720 --> 01:33:13,659

understand in this model but you do

2330

01:33:20,160 --> 01:33:16,730

seems kind of crazy but I think there

2331

01:33:22,990 --> 01:33:20,170

was aspects of it he didn't understand

2332

01:33:24,550 --> 01:33:23,000

like he got a bit confused about the

2333

01:33:25,990 --> 01:33:24,560

thing with the more modelling half the

2334

01:33:28,060 --> 01:33:26,000

building and things like that

2335

01:33:30,430 --> 01:33:28,070

so it will be very interesting to see

2336

01:33:32,439 --> 01:33:30,440

how he does actually respond to the

2337

01:33:34,810 --> 01:33:32,449

criticism he's got from on this report

2338

01:33:37,240 --> 01:33:34,820

yeah let's see and maybe we can talk

2339

01:33:39,669 --> 01:33:37,250

again after we get here something from

2340

01:33:40,600 --> 01:33:39,679

hopefully indeed yeah all right well I'm

2341

01:33:43,689 --> 01:33:40,610

definitely gonna go now

2342

01:33:46,150 --> 01:33:43,699

so thank you very much all right Nick
